APPROPRIATION FOR DIXON SPRINGS EXPERIMENT STATION

(20) The operation of the Dixon Springs branch of the Agricultural Experiment Station is financed in part by income from sales of livestock and other products of the experimental program being carried on there. The income has exceeded the budget estimates for the current fiscal year, but expenditures have also been somewhat higher than anticipated. The Director of the Agricultural Experiment Station recommends that \$25,000 of excess receipts be appropriated to the Dixon Springs Experiment Station for operating expenses during the current fiscal year.

I concur.

On motion of Mrs. Holt, this appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herriek, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Megran, Mr. Stevenson.

CONTRACT FOR REPLACEMENT OF SIDEWALKS AT THE CHICAGO PROFESSIONAL COLLEGES

(21) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$2,990 to the Banner Construction Company, Chicago, the lowest bidder, for the construction of new sidewalks from the Medical Center Steam Company plant to the Staff Apartment Building for the Chicago Professional Colleges, now under construction. The old sidewalks were destroyed in the construction of a distribution line from the steam plant to the Apartment Building. Payment will be from funds available to the Physical Plant Department for the operation and maintenance of the steam plant.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Nickell, this contract was authorized.

LEASE OF NAVY PIER AND DRILL HALL

The leases between the Board of Trustees of the University of Illinois and the city of Chicago for the occupancy by the University of certain areas at Navy Pier and the Drill Hall adjacent to the Pier as quarters for the University of Illinois Undergraduate Division in Chicago expired on June 30, 1947. The leases include options giving the University the privilege of renewing for successive biennial periods up to June 30, 1951, and annually thereafter until June 30, 1954, provided that notice is given the city of Chicago sixty days prior to each expiration date or any renewal expiration date that the University wishes to renew the leases.

Under the renewal options specified in each case, the University has been renewing the leases. Under date of April 18, 1952, the Business Manager of the Chicago Undergraduate Division sent formal notices to the city of Chicago that the University of Illinois is exercising the option to renew each lease for the annual period of July 1, 1952, to June 30, 1953.

On motion of Mr. Johnston, renewal of these leases was authorized.

**AWARD OF CONTRACT FOR INSTALLATION OF MOVING STAIRWAYS,
ELEVATORS, AND LIFTS IN EAST DENTISTRY-
MEDICINE-PHARMACY BUILDING**

In awarding contracts for the construction of the East Dentistry-Medicine-Pharmacy Building on March 12, the Board deferred action on the contract for moving stairways, elevators, and lifts. The Physical Plant Department requested more time for study of the bids, and the Executive Committee was authorized to act for the Board.

After reviewing all proposals submitted, the Physical Plant Department reaffirmed its previous recommendation, the President of the University concurring therein, that the contract for the installation of moving stairways, elevators, and lifts be awarded to the Westinghouse Electric Corporation at a total cost of \$300,368, subject to the release by the Governor of funds from the state appropriation made for this Building.

The Executive Committee reports that it has authorized the award of this contract in accordance with these recommendations.

FESTIVAL OF CONTEMPORARY ARTS

On motion of Mrs. Watkins, the Secretary of the Board was instructed to send an appropriate message of appreciation on behalf of the Board of Trustees to Dean Rexford Newcomb and commending the Faculty of the College of Fine and Applied Arts on the excellence in the planning and direction of the 1952 Festival of Contemporary Arts.

EXECUTIVE SESSION

At this point, the Board went into Executive Session to consider the following items of business presented by the President of the University.

PURCHASE OF EQUIPMENT FOR DEPARTMENT OF PHYSICS

(22) The purchase of a radome at a cost of \$2,970 from the Goodyear Aircraft Corporation, Akron, Ohio, has been authorized as an emergency to secure prompt delivery. This equipment is needed for research work being done by the University for the Department of the Army.

On motion of Mr. Johnston, this purchase was approved.

HONORARY DEGREE FOR DR. THÉOPHILE ANTONIN ALAJOUANINE

(23) The University Senate recommends that the honorary degree of Doctor of Science (D.Sc.) be conferred on Dr. Théophile Antonin Alajouanine of the University of Paris at the Commencement Exercises of the Chicago Professional Colleges on June 19, 1952. He is currently serving as Visiting Professor of Neurology and Neurological Surgery at the College of Medicine and will deliver the Commencement address on June 19.

I concur.

On motion of Mrs. Watkins, this degree was authorized.

SECRETARY'S REPORTS

The Secretary presented for record the following lists: (1) appointments made by the President; (2) graduate fellows; (3) resignations and declinations; (4) leaves of absence.

APPOINTMENTS MADE BY THE PRESIDENT

(The date in parentheses is the date on which the appointment was made by the President of the University. C = College; S = Station; E = Extension.)

MAY MEETING

By unanimous consent it was decided to hold the May meeting of the Board in Chicago, Illinois, on Monday, May 26, 1952, beginning at 10:30 a.m. (C.D.S.T.).

On motion of Mr. Johnston, the Board adjourned.

A. J. JANATA
Secretary

PARK LIVINGSTON
President

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

May 26, 1952

The May meeting of the Board of Trustees of the University of Illinois was held in the Chicago Illini Union Building, 715 South Wood Street, Chicago, Illinois, on Monday, May 26, 1952, beginning at 10:30 a.m. Central Daylight Saving Time.

The following members were present: Mr. John R. Fornof, Mr. Harold E. Grange, Mr. Wirt Herrick, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Vernon L. Nickell, Mrs. Frances B. Watkins; Mr. Robert Z. Hickman and Governor Adlai E. Stevenson were absent.

Also present were President George D. Stoddard, Provost C. R. Griffith, Vice-President A. C. Ivy, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Information; Mr. H. A. Hazleton, Business Manager, and Mr. C. Lincoln Williston, Manager of Public Information, of the Chicago Professional Colleges; Mr. Joseph Pois, Director of Finance of Illinois; Mr. H. O. Farber, Assistant Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary of the Board.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of the Board of March 12, 1952, press proof copies of which were sent to all members of the Board in advance of this meeting.

On motion of Mr. Johnston, these minutes were approved as printed on pages 1403 to 1441, inclusive.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(1) The Committee on Accountancy recommends that the following persons be awarded the certificate of Certified Public Accountant on the basis of having satisfactorily passed a written examination under Section 4b of the Accountancy Act of 1943, as amended in 1951, given by the Special Board of Examiners:

GORDON ROY ESHLEMAN (Decatur)	MANUEL M. LEVIN (Chicago)
HAROLD FINNEGAN (Chicago)	ROBERT C. O'HAIR (Glen Ellyn)
S. YALE FISCHMAN (Hollywood, California)	PHILIP H. WAIN (Chicago)
CHARLES H. KEUPER (Phoenix, Arizona)	

The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State Where Original Certificate Was Obtained</i>
CLARENCE BENJAMIN ALLGOR	Kalamazoo, Michigan	District of Columbia
LOUIS PAUL BANACH	Battle Creek, Michigan	Wisconsin
VICTOR CLARENCE BOHNE	Lincoln, Nebraska	Nebraska
DAVID LILLARD BOOTS	Lincoln, Nebraska	Nebraska
MAURICE FRANCIS GILMAN	Alton, Illinois	Ohio
ALBERT MORRIS MELMAN	St. Louis, Missouri	Missouri
RICHARD HORTON REED	Muskegon, Michigan	Michigan
MARTIN J. RUBINROTH	Chicago, Illinois	New York
CHARLES THOMAS WHEELER	Muskegon, Michigan	Michigan

I concur.

On motion of Mr. Nickell, these certificates were awarded.

APPOINTMENTS TO BOARD OF EXAMINERS IN ACCOUNTANCY

(2) The Committee on Accountancy recommends the appointment of Mr. Louis M. Kessler, C.P.A., a partner in the firm of Alexander Grant and Company, 1 North LaSalle Street, Chicago, to the Board of Examiners in Accountancy for a period of three years beginning July 1, 1952, replacing William C. Waggoner whose three-year term will expire June 30, 1952.

Mr. Richard H. Grosse, presently a member of the Board whose term will expire in June, 1953, has resigned from the Board because he is being transferred by his firm, Haskins & Sells, 111 West Monroe Street, from Chicago to Pittsburgh. He has agreed to serve as a member of the Board until its duties with respect to the May, 1952, C.P.A. examinations have been completed. These examinations are given in November and May.

To fill this vacancy the Committee on Accountancy recommends the reappointment of Mr. William C. Waggoner, a partner in the firm of Touche, Niven, Bailey, and Smart, 208 South LaSalle Street, Chicago, to serve for the November, 1952, examination, and the appointment of Mr. Charles Robert Miller, a partner in the firm of Arthur Young and Company, 1 North LaSalle Street, Chicago, to serve for the May, 1953, examination. There are two accountants and one lawyer on the Board of Examiners. The expiration of Mr. Waggoner's term and the

resignation of Mr. Grosse would leave the Board without any accountants who had previous experience with the C.P.A. examinations. Hence the reappointment of Mr. Waggoner, who is willing to continue for the limited period indicated, is desirable.

These nominees are willing to serve for the periods indicated if appointed. I concur in these recommendations.

On motion of Mr. Grange, these appointments were approved.

LEAVE OF ABSENCE FOR PROFESSOR JOHN T. FLANAGAN

(3) Professor John T. Flanagan of the Department of English has been granted a sabbatical leave of absence on one-half pay for the academic year 1952-1953. He has requested that this be changed to leave of absence without pay for the same period so that he may accept a lectureship under a Fulbright grant, one semester to be spent at the University of Bordeaux and one semester at the University of Montpellier in France.

I recommend that Professor Flanagan's leave be cancelled, without prejudice, and that he be granted leave without pay for one year from September 1, 1952.

On motion of Mr. Fornof, this recommendation was approved.

APPOINTMENTS TO THE FACULTY

(4) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. WILLIAM H. MOSBERG, Research Assistant Professor of Neurology, in the Department of Electrical Engineering, Engineering Experiment Station, beginning March 1, 1952, without salary (G).

2. ELMER M. PLEIN, Associate Professor of Pharmacy, beginning September 1, 1952, at an annual salary of \$7,500 (A).

3. WILLIAM E. RANDALL, JR., Assistant Professor of Recreation, in the Department of Physical Education for Men, beginning September 1, 1952, at an annual salary of \$5,200 (D).

4. HIDEO SASAKI, Assistant Professor of Landscape Architecture, beginning September 1, 1952, at an annual salary of \$4,500 (B).

5. SHELDON W. WILLIAMS, Associate Professor of Agricultural Economics, Agricultural Experiment Station, beginning June 1, 1952, at an annual salary of \$1,650 (AY25); also paid \$4,950 from the United States Department of Agriculture.

On motion of Mrs. Holt, these appointments were confirmed.

ACTING DEAN OF THE GRADUATE COLLEGE

(5) I recommend the appointment of Professor Robert E. Johnson, Head of the Department of Physiology, to serve also as Acting Dean of the Graduate College for one year from September 1, 1952, at a total salary of \$14,500 for the period on a "Y" basis.

Professor Johnson will continue as Head of the Department of Physiology, but will be relieved of some of his teaching. He will succeed Professor Frederick T. Wall of the Department of Chemistry who is serving as Acting Dean during the current year.

On motion of Mr. Nickell, this appointment was approved.

CHAIRMAN OF DEPARTMENT OF ECONOMICS

(6) I recommend the appointment of Professor H. K. Allen of the Department of Economics as Chairman of the Department for a period of two years beginning July 1, 1952, at an annual salary of \$11,000 on a Y basis.

The Dean of the College of Commerce and Business Administration and the Executive Committee of the Department unanimously recommend this appointment. Dean Paul Green has been serving as Acting Chairman of the Department since February 1 and prior thereto Acting Dean R. R. Hudelson served as Acting Chairman.

On motion of Mr. Johnston, this appointment was approved.

CONTINUATION OF DIVISION OF SPECIAL SERVICES FOR WAR VETERANS

(7) On January 26, 1944, the Board of Trustees authorized the establishment of a Division of Special Services for War Veterans, its purpose and function being to study the needs of the returning veteran; to inform him of all the various services of the University, and to advise him in matters of educational aim and adjustment; to help him to find among existing curricula the one which will best satisfy his purpose, and to assist in making such adjustments therein as may be desired by the student and accepted by the college or department in question; and to administer the educational programs of those veterans whose special needs are not satisfied by existing curricula. The action of the Board followed a recommendation of the University Senate which included a plan for the organization and administration of the Division.

The plan specifies that the services of the Division shall be restricted to men and women who come from the armed services and that it shall endure only until the needs of veterans have been satisfied. At the time the Division was established, this obviously referred to veterans of World War II. There are now coming to the University veterans who have served in Korea and whose needs for services offered by the Division are no less than have been the needs of veterans of World War II. Hence I recommend that the Board authorize the continuation of the Division of Special Services for War Veterans until further notice.

On motion of Mr. Grange, authority was given as recommended.

LISTENER'S AND VISITOR'S FEE

(8) Persons not connected with the University may attend classes as listeners or visitors with the approval of the instructor and the dean of the college concerned in each case and upon payment of a fee of \$7.50 for each course. If the visitor withdraws within ten days after the beginning of instruction, the fee is refunded, and one-half of the fee is refunded after ten days but before the middle of the semester.

The Committee on Fees and Scholarships recommends the following addition to regulations governing refunds of fees:

The Listener's or Visitor's Fee will be refunded in full provided the student makes personal request for a refund at the Office of Admissions and Records within the first ten days of the instruction in any semester, or the first five days of instruction in any eight-week summer session. Thereafter no rebate will be made.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

CHANGES IN ATHLETIC ASSOCIATION BUDGET

(9) The Board of Directors of the Athletic Association has made assignments of funds from the unappropriated surplus of the Association as follows:

To supplement existing budgetary provisions which are inadequate for the current fiscal year:

Administration	\$1 500
Football	
Operation	1 000
Equipment	2 000
Basketball	2 500
Training	5 000
Publicity	2 500
Personnel	2 000

New appropriations:

Travel expenses of baseball team on spring tour	1 550
Spring High School Football Coaches' Clinic	1 250
Equipment (eight-passenger automobile to replace station wagon)	2 194

These appropriations are submitted to the Board of Trustees for confirmation.

On motion of Mr. Nickell, the action of the Board of Directors of the Athletic Association was confirmed.

VETERINARY CLINIC BUILDING

(10) The Dean of the College of Veterinary Medicine requests that the name of the Veterinary Pathology Laboratory (the old Animal Pathology Building) be changed to Veterinary Clinic since this building will now be used exclusively as a veterinary clinic.

I concur.

On motion of Mrs. Watkins, this change was approved.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(11) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

Chicago Professional Colleges

1. Library of Medical Sciences, improved lighting in reading room.....	\$ 1 500
2. College of Pharmacy, equipment.....	1 700
3. Research and Educational Hospitals, remodeling to provide quarters for housing two additional interns.....	1 100
4. Research and Educational Hospitals, remodeling to provide two additional needed offices.....	3 400

Urbana-Champaign Campus

5. Department of Theoretical and Applied Mechanics, equipment for Talbot Laboratory	1 059
6. College of Law, central dictating system.....	2 000
7. Graduate College, equipment for electronic digital computer.....	5 600
8. School of Music, improvements in Stiven House.....	2 100

Total\$18 459

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Stevenson.

STANDING CONTRACT FOR PLASTERING WORK

(12) The Director of the Physical Plant and the Comptroller recommend the award of a contract for plastering maintenance and minor improvement work as needed at Urbana-Champaign for 1952-1953 to E. G. Lindsey, Champaign. Payments are to be made on the basis of costs, plus the following percentages, except that charges for less than \$25 will be billed on a lump sum basis:

Percentage added to labor costs for Workmen's Compensation Insurance, Social Security, and other costs..... 7%
 Percentage added to total cost for contractor's profit and overhead..15%

I concur.

On motion of Mr. Nickell, this contract was authorized.

PAYMENTS FOR PROFESSIONAL SERVICES IN WATER RATES LITIGATION

(13) The Board of Trustees has authorized the employment by the University, jointly with the cities of Urbana and Champaign, of the firm of George Rossetter and Company, Chicago, certified public accountants, and the law firm of Milliken, Vollers, and Parsons, Chicago, to represent the interests of the cities and of the University in hearings before the Illinois Commerce Commission on an application by the Northern Illinois Water Corporation for an increase in water rates. The University is to pay 30 per cent of the cost of these professional services.

The costs have exceeded the previous estimate of \$10,000, of which the University's share would be \$3,000, because the litigation has required more work by the accountants and the lawyers than was anticipated. The total fees to date are \$14,585, of which the University's share is \$4,375. The bills have been checked by the Comptroller and the Legal Counsel and are reasonable.

The Illinois Commerce Commission has entered an order granting the Northern Illinois Water Corporation approximately one-fourth of the rate increases requested. The Corporation has filed a petition for a rehearing with the Commission. The University has joined with the cities in also asking for a rehearing. This may require additional legal services.

I recommend authorization of (a) payment of the University's share of the professional fees to date, \$4,375, and (b) payments, on the basis of 30 per cent of the total, of additional costs resulting from future hearings. Funds are available in the Physical Plant Department budget for this purpose.

On motion of Mrs. Watkins, these payments were authorized.

REQUEST FOR AUTHORITY TO EXECUTE CONTRACTS FOR DIVISION OF SERVICES FOR CRIPPLED CHILDREN SPEECH CLINICS

(14) The Division of Services for Crippled Children proposes to conduct summer speech clinics at the University of Illinois, Augustana College at Rock Island, the State Teachers Colleges at Normal and DeKalb, and Rockford College at Rockford, Illinois. Contracts will be negotiated with the institutions for speech therapy and housing and feeding the children attending the clinics. In each case, rates are based upon the usual charges of the College for similar services to students but will include additional expenses incurred for special services required by the children. All payments under these contracts are from funds appropriated by the General Assembly to the Division of Services for Crippled Children.

I recommend that on recommendation of the Director of the Division of Services for Crippled Children, the Comptroller be authorized to execute agreements with the various institutions, all such agreements to be reported by the Comptroller to the Board of Trustees.

On motion of Mr. Nickell, these contracts were authorized.

PURCHASES

(15) The Director of Purchases has proposed and the Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

(18) The Director of the Physical Plant and the Comptroller recommend award of a contract to Gallaher and Speck, Inc., Chicago, the lowest bidder, for the installation of steam service piping from the steam tunnel to the first addition to the Men's Residence Halls and to the Agricultural Engineering Research Laboratory, now under construction, as follows:

Men's Residence Halls Addition.....\$17 950
Agricultural Engineering Research Laboratory..... 11 840

This contract will include construction of an underground concrete loop vault at each connection with the tunnel and the installation of insulated conduits carrying the steam line from the vault to the building in each case.

Funds are available for this work in the budgets for these two construction projects.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was authorized.

CONTRACT FOR GRAIN STORAGE BUILDING AT WRIGHT FARM

(19) On April 24, 1952, the Board of Trustees awarded a contract for \$3,735.88 for the construction of a twenty-six foot addition to the corn crib at Wright Farm No. 6 in DeKalb County to the Alexander Lumber Company, Shabbona, the lowest bidder. Prior to signing a contract, the Alexander Lumber Company notified the University that it had made an error in the bid which should be \$4,735.88.

The Dean of the College of Agriculture and the Comptroller recommend that the contract be awarded to L. B. Hanna, Princeton, Illinois, whose bid of \$4,065.87 is now lowest.

I concur.

On motion of Mrs. Holt, this contract was authorized.

THESIS DEPOSIT REQUIREMENT

(20) In partial fulfillment of the requirements for the degree of Doctor of Philosophy, a candidate must write an acceptable thesis, submitting two copies thereof together with an abstract of the thesis to the Graduate College, and satisfy publication requirements through one of these options: (a) depositing with the Graduate College one hundred printed copies of an abstract of the thesis, printed at his own expense; (b) depositing with the University \$75 for the printing of one hundred copies of the thesis abstract by the University Press; (c) paying a \$35 fee to have his entire thesis microfilmed and an abstract of it printed in *Dissertation Abstracts*; (d) presenting evidence of the publication of his thesis in its entirety or in abridged form by a standard journal or publisher.

The \$75 fee, established many years ago when printing costs were low, is no longer sufficient to cover the actual costs to the University Press of printing the abstracts it receives. Students who can have their abstracts printed elsewhere for less than \$75 naturally do not elect the deposit option, but those whose abstracts would cost more take advantage of the least expensive method. In any case, the student always may satisfy the publication requirement through the microfilming method.

The Executive Faculty of the Graduate College recommends that the option of depositing \$75 for publication of the thesis abstract be discontinued.

I concur.

On motion of Mr. Nickell, this recommendation was approved.

**APPLICATION TO FEDERAL COMMUNICATIONS COMMISSION
FOR TELEVISION LICENSE**

(21) The Federal Communications Commission has now made definite allocations of television channels. Five channels have been allocated to the Urbana-

Champaign area, three of them being ultra high frequency and two very high frequency, including Channel 12 which is reserved for educational television.

I recommend that the Board of Trustees authorize the filing of a formal application by the University with the Federal Communications Commission for a license to construct a television station and to operate the same on Channel 12.

On motion of Mr. Johnston, the following resolution was adopted:

The Board of Trustees of the University of Illinois hereby directs its corporate officers to file an application with the Federal Communications Commission for authority to construct a television station and for a license to operate the same on Channel 12.

Mr. Nickell voted "no."

APPOINTMENTS TO THE STAFF OF THE ATHLETIC ASSOCIATION

(22) The Director of Athletics and the Board of Directors of the Athletic Association recommend the following appointments:

LEE P. EILBRACHT, Head Coach of Baseball beginning July 1, 1952, at a salary of \$1,033.32 for the months of July and August and a salary of \$6,200 for one year from September 1, 1952.

ALLEN B. KLINGEL, Acting Head Coach of Swimming beginning September 1, 1952, and continuing until further notice, at a salary of \$6,100 a year.

The Director of the School of Physical Education also recommends the appointment of Mr. Eilbracht as Instructor in Physical Education for Men on 12 per cent time for one year from September 1, 1952, at a salary of \$800. Mr. Klingel is already an Instructor in Physical Education for Men on 28 per cent time at a salary of \$1,425 and will continue in that position.

I have approved these appointments.

On motion of Mr. Grange, these appointments were confirmed.

FILING OF REGULATIONS FOR ADMINISTERING THE ACCOUNTANCY ACT

The Secretary reports that, in compliance with the provisions of an act entitled "An Act concerning administrative rules" (House Bill 141,

Sixty-seventh General Assembly of Illinois), he has filed with the Secretary of State a certified copy of the regulations for administering the Accountancy Act, adopted by the Board of Trustees on November 23, 1951, as printed on pages 1294-1299 of the minutes.

These regulations were recommended by the Committee on Accountancy and in the draft of its report there was an error in the section on examinations. This section specifies the fee for each examination written under "Rule 30." The reference here should be to "Rule 31." The Secretary requests that the record of the meeting be amended accordingly.

On motion of Mr. Nickell, the record of the meeting of November 23, 1951, was amended as requested.

SECRETARY'S REPORTS

The Secretary presented for record the following lists: (1) appointments made by the President; (2) graduate fellows; (3) resignations and declinations; (4) leaves of absence.

APPOINTMENTS MADE BY THE PRESIDENT

(The date in parenthesis is the date on which the appointment was made by the President of the University. C = College; S = Station; E = Extension.)

ANG, CHOH-YI, Research Assistant in Mining and Metallurgical Engineering (C), three months beginning June 16, 1952, \$250 a month (5-14-52).

ARKY, LOUIS H., Research Associate in the Institute of Labor and Industrial Relations, June 1, 1952-August 31, 1953, \$4400 a year (5-10-52).

- STOECKER, WILBERT F., Research Associate in Mechanical Engineering (C), three months beginning June 16, 1952, \$400 a month. This is in addition to his present appointment. (5-5-52).
- STRAUB, HAROLD E., Research Associate in Mechanical Engineering (C), May 16-August 31, 1952, \$308.33 a month (4-29-52).
- SWAN, JOHN B., Research Associate in Physics (C), six months beginning June 16, 1952, \$425 a month (5-6-52).
- TIETZE, ANDREAS, Visiting Research Assistant Professor of Linguistics, in the Graduate College, for the academic year beginning September 1, 1952, \$4600 (5-17-52).
- WIEGAND, ALBERT J., Research Assistant in Mechanical Engineering (S), June 16-August 31, 1952, \$300 a month, supersedes (5-9-52).
- WOOSTER, JOHN J., Clinical Instructor in Psychiatry, in the College of Medicine, four months beginning May 1, 1952, without salary (5-2-52).
- YANG, CHUNG-TAO, Research Associate in Mathematics, in the Graduate College, for the academic year beginning September 1, 1952, \$3800 (5-6-52).
- YANKWICH, PETER E., Research Assistant Professor of Chemistry, in the Graduate College, three months beginning June 16, 1952, \$611.11 a month. This is in addition to his present appointment. (5-10-52).

GRADUATE FELLOWS

(The following appointments were made by the Dean of the Graduate College on the dates indicated in parenthesis.)

- BEILFUSS, HARRY R., Fellow in Chemistry, two months beginning June 16, 1952, \$250 (4-29-52).
- BERESNIEWICZ, ALEXANDER, Fellow in Chemistry, two months beginning June 16, 1952, \$250 (4-23-52).
- BLOMSTROM, DALE C., Fellow in Chemistry, June 16, 1952-January 31, 1953, \$750 (4-29-52).
- CARPINO, LOUIS A., Minnesota Mining and Manufacturing Company Fellow in Chemistry, nine months beginning September 16, 1952, \$1400, supersedes (4-22-52).
- COLGROVE, RICHARD S., Minnesota Mining and Manufacturing Company Fellow in Chemistry, nine months beginning September 16, 1952, \$1400, supersedes (4-22-52).
- HILL, ROBERT W., Monsanto Chemical Company Fellow in Chemistry, nine months beginning September 16, 1952, \$1500 (5-8-52).
- HOLMES, WALLACE E., Wright Fellow in Agronomy, nine months beginning September 16, 1952, \$800 (4-23-52).
- HUBER, JOHN R., Wright Fellow in Agricultural Engineering, nine months beginning September 16, 1952, \$800 (4-23-52).
- KELLY, THOMAS L., Parke, Davis and Company Fellow in Chemistry, one year beginning September 1, 1952, \$1440 (5-1-52).
- KIPPUR, PERRY R., Western Cartridge Company Fellow in Chemistry, two months beginning June 16, 1952, \$400 (5-8-52).
- KIPPUR, PERRY R., Olin Industries Fellow in Chemistry, September 16, 1952-January 31, 1953, \$900 (4-23-52).
- KRAIMAN, EUGENE A., Visking Corporation Fellow in Chemistry, nine months beginning September 16, 1952, \$1500 (4-22-52).
- LANE, ARDELLE, National Cancer Institute Research Fellow in Clinical Science, in the College of Medicine, one month beginning April 1, 1952, \$100 (5-5-52).
- MANFREDI, ROLAND A., Fellow in Physiology, one year beginning July 1, 1952, \$1800 (4-17-52).
- MATHEWS, BERNETHEA A., Wright Fellow in Home Economics, nine months beginning September 16, 1952, \$800 (4-23-52).
- MCALEXANDER, ROBERT H., Wright Fellow in Agricultural Economics, nine months beginning September 16, 1952, \$800 (4-23-52).
- METTA, VENKATA C., Booth Fellow in Animal Nutrition, September 16, 1952-January 31, 1953, \$500 (4-23-52).
- MOHAMMED, CLIVE IMRAN, Fellow in Histology, one year beginning July 1, 1952, \$1800 (4-17-52).

- MOSS, FRANK A. J., Fellow in Chemistry, two months beginning June 16, 1952, \$250 (4-23-52).
- NIEMEYER, SUE, Wright Fellow in Home Economics, nine months beginning September 16, 1952, \$800 (4-23-52).
- NOVOTNY, ALBERT J., Fellow in Surgery, one year beginning July 1, 1952, \$1800 (4-17-52).
- PIROUZBAKHT, JAVAD, Booth Fellow in Agricultural Economics, nine months beginning September 16, 1952, \$800 (4-23-52).
- RETALLICK, WILLIAM B., Pittsburgh Consolidation Coal Company Fellow in Chemical Engineering, nine months beginning September 16, 1952, \$1500 (4-24-52).
- SANFTNER, ROGER W., Western Cartridge Company Fellow in Chemistry, two months beginning June 16, 1952, \$400 (5-8-52).
- SANFTNER, ROGER W., Olin Industries Fellow in Chemistry, nine months beginning September 16, 1952, \$1800 (4-24-52).
- SAXTON, MRS. PATRICIA, Fellow in Chemistry, two months beginning June 16, 1952, \$250 (4-23-52).
- SAXTON, MRS. PATRICIA, Fellow in Chemistry, nine months beginning September 16, 1952, \$1400, supersedes (4-23-52).
- SCHULTZ, JOHN, JR., Chicago Vitreous Enamel Product Fellow in Ceramic Engineering, ten months beginning September 1, 1952, \$1000 (5-9-52).
- SMITH, MARK E., Fellow in Surgery, one year beginning July 1, 1952, \$1800 (4-17-52).

UNIVERSITY CIVIL SERVICE SYSTEM OF ILLINOIS

Mr. Grange, Chairman of the Committee on Nonacademic Personnel and Chairman of the Merit Board of the University Civil Service System of Illinois, reported informally on the activities of the Merit Board. The Merit Board has had three meetings since it was established and began functioning in January, 1952.

LEASE OF SPACE IN ILLINI ARCADE BUILDING

President Livingston presented a letter he had received from Mr. Norval D. Hodges, attorney for the heirs of the late John Katsinas, requesting that the Board of Trustees reconsider its action of March 13, 1951, regarding the lease of space in the Arcade Building in which the Katsinas interests have been operating a restaurant. The Katsinas interests are again seeking a renewal of the lease which expires on August 31, 1952. A copy of the letter was given to the Secretary of the Board for record.

Mr. Livingston referred the letter to the Committees on Buildings and Grounds and on General Policy, with Mr. Megran as Chairman of the joint committee, for consideration and recommendation to the Board at its next meeting.

RECOGNITION OF RETIRING MEMBERS OF ACADEMIC STAFF

Mrs. Watkins proposed that when members of the academic staff retire they be given some form of recognition by the Board of Trustees for their services to the University.

On motion of Mr. Nickell, this proposal was referred to the President of the University for study and report to the Board at its next meeting.

JUNE AND JULY, 1952, MEETINGS

By unanimous consent it was agreed that the next two meetings will be held on Thursday, June 19, beginning at 12:30 p.m. C.D.S.T. at the Chicago Undergraduate Division (Navy Pier), and on Wednesday, July 16, beginning at 12:30 p.m. C.D.S.T. at Robert Allerton Park.

INSPECTION TOUR OF THE CHICAGO PROFESSIONAL COLLEGES

Mr. C. Lincoln Williston, Manager of Public Information at the Chicago Professional Colleges, outlined the plans for the tour of the Medical Center District and inspection of laboratories and clinics at the Chicago Professional Colleges which would take place following luncheon.

On motion of Mr. Grange, the Board adjourned.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

June 19, 1952

The June meeting of the Board of Trustees of the University of Illinois was held in the Office of the Dean of the Chicago Undergraduate Division, at Navy Pier, Chicago, Illinois, on Thursday, June 19, 1952, beginning at 12:30 p.m., Central Daylight Saving Time.

The following members were present: Mr. John R. Fornof, Mr. Harold E. Grange, Mr. Wirt Herrick, Mr. Robert Z. Hickman, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megrn, Mr. Vernon L. Nickell, Mrs. Frances B. Watkins. Governor Adlai E. Stevenson was absent.

Also present were President George D. Stoddard, Provost C. R. Griffith, Vice-President A. C. Ivy, Dean C. C. Caveny, Mr. J. F. Wright, Director of Public Information, Mr. C. Lincoln Williston, Manager of Public Information for the Chicago Professional Colleges, Mr. H. A. Hazleton, Business Manager for the Chicago Professional Colleges, Mr. Lloyd Morey, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary of the Board.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

**APPOINTMENT OF RICHARD J. WINZLER AS HEAD OF
THE DEPARTMENT OF BIOLOGICAL CHEMISTRY**

(1) The Dean of the College of Medicine and the Vice-President in charge of the Chicago Professional Colleges recommend the appointment of Dr. Richard J. Winzler, Professor of Biochemistry at the University of Southern California School of Medicine, as Professor and Head of the Department of Biological Chemistry in the College of Medicine on indefinite tenure beginning July 1, 1952, at an annual salary of \$11,500 (AY).

This is to fill the vacancy created by the resignation of Dr. Otto A. Bessey. Associate Professor S. B. Binkley has been serving as Acting Head of the Department.

I concur.

On motion of Mr. Johnston, this appointment was approved.

**APPOINTMENT OF MIODRAG MUNTYAN AS DIRECTOR
OF THE UNIVERSITY PRESS**

(2) The directorship of the University Press has been a part-time position since it was established in 1918. Mr. H. E. Cunningham, the first Director, served also as Secretary of the Board of Trustees. The present Director, Dr. Wilbur Schramm, is also Dean of the Division of Communications and Research Professor of Journalism and Communications. Dean Schramm advises me that it has become increasingly clear that for the best interests of the University and of the Press, it should have a full-time head with full responsibility and authority. His judgment has been confirmed by other members of the faculty whose administrative and research responsibilities have close relationships with the functions of the Press. Dean Schramm has asked to be relieved of his duties as Director of the University Press, effective on the appointment of a successor.

Accordingly, I recommend the appointment of Mr. Miodrag Muntyan, now Executive Editor (with the rank of Assistant Professor) of the University Press, as Director (with the rank of Assistant Professor), effective July 1, 1952, at an annual salary of \$8,000 on a Y basis. He has been a member of the University Press staff since 1933, starting as a part-time editorial assistant, and has grown with it. He is highly regarded in the university publishing field not only by members of the University of Illinois faculty but by executives of other university presses.

On motion of Mr. Nickell, this appointment was approved.

APPOINTMENTS TO THE FACULTY

(3) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. GEORGE E. ANNER, Associate Professor of Electrical Engineering, beginning September 1, 1952, at an annual salary of \$5,750 (A).

2. SAMUEL M. FUTRAL, JR., Assistant Professor of General Engineering Drawing, Chicago Undergraduate Division, beginning September 1, 1952, at an annual salary of \$5,200 (D).

3. FRANCIS E. LOW, Assistant Professor of Physics, beginning September 1, 1952, at an annual salary of \$5,700 (D).

4. GEORGE F. SCHRADER, Assistant Professor of Mechanical Engineering, beginning September 1, 1952, at an annual salary of \$5,300 (D).

5. NELLIE K. SEHL, Assistant Professor of Nursing, School of Nursing, Chicago Professional Colleges, beginning September 1, 1952, at an annual salary of \$6,000 (DY).

On motion of Mrs. Watkins, these appointments were confirmed.

CHANGES IN SABBATICAL LEAVES OF ABSENCE FOR 1952-1953

(4) I recommend the following changes in sabbatical leaves of absence approved by the Board of Trustees for 1952-1953:

- ARCHIBALD W. ANDERSON, Professor of Education, leave to be for the second semester on full pay instead of the first semester.
 M. ZBIGNIEW KRZYWOBLOCKI, Professor of Aeronautical Engineering, cancellation without prejudice of leave of absence for the second semester on full pay.
 R. W. JUGENHEIMER, Professor of Plant Genetics, from leave of absence for the first semester on full pay to leave of absence for one year beginning July 1, 1952, on one-half pay.

On motion of Mr. Grange, these changes were approved.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(5) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded to the following candidates who have qualified under Section 4b of the Accountancy Act of 1943, as amended, by passing examinations given by the Special Board of Examiners at various times prior to December 6, 1951. The certificates of these candidates were invalidated by the Circuit Court of Cook County in 1951 holding Section 4b of the Accountancy Act as originally passed unconstitutional. Subsequently, the Section was amended. These candidates have again qualified but new certificates will have to be issued.

EMANUEL I. GOLDFINE (Chicago)

MILTON TAUBER (Chicago)

The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>City</i>	<i>State from Which They Obtained Certificates</i>
JACK AIGH HORWITZ	Chicago	North Carolina
ROBERT JOHN KOLF	Dubuque, Iowa	Iowa
BERNARD LISS	Chicago	District of Columbia
JAMES JOSEPH MCCARTHY	Westchester	District of Columbia
CARLIN PAUL OLIPHANT	Collinsville	Missouri
DONALD JOSEPH RICE	Belleville	Missouri
WILLIAM JOSEPH TINEN	Northbrook	District of Columbia
HOWARD RICHARD WALSH	Chicago	District of Columbia

I concur.

On motion of Mr. Megran, these certificates were awarded.

DEGREE OF DOCTOR OF PHILOSOPHY IN MUSICOLOGY

(6) The Faculty of the School of Music and the University Senate recommend the establishment of a curriculum leading to the degree of Doctor of Philosophy in Musicology to be set up as follows:

This degree will be offered in such fields of music as merit and demand research methods. It is intended for those applicants whose interest lies in research in the history of music, the theory of music, the psychology of music, comparative musicology, aesthetics, and generally the relation of music to social life and thought. The proposed Ph.D. program in Musicology is based on the requirement of a minimum of twenty-four units of graduate credit, eight of which will be in Music 493 (Research) and will be devoted to the completion of an original doctoral thesis.

Requirements for Admission

In addition to meeting the general requirements for admission to the Graduate College, an applicant will be admitted to the program only upon recommendation of the Graduate Committee of the School of Music, which will consider each application to ensure that:

(a) The student is prepared to undertake the advanced program by having successfully completed work equivalent to that expected by the School of Music from students holding the Bachelor of Music degree with major field in the History and Theory of Music.

(b) The student is prepared to undertake the advanced program by an adequate background in the liberal arts and sciences. To this end, students will be expected to demonstrate a competence equivalent to that of the successful completion of elementary courses in each of the following: two semesters of college mathematics, two semesters of a physical or biological science, two semesters of psychology or a social science, two semesters of European history or American history or history of civilization, two semesters of English or other literature, two semesters of philosophy.

The Graduate Committee of the School of Music reserves the right to require a student to reinforce his preparation in the following areas, when these are relevant to his program of study, by the successful completion of at least two semesters of study beyond an elementary level: European history (ancient, medieval, modern) or American history; English or other literature; aesthetics, art history, or history of ideas.

(c) The student has promise of superior ability and outstanding achievement, qualities commonly expressed by an average of higher than 4.25 in the student's previous graduate work though other indications will also be evaluated; but in no case will admission to the doctoral program be granted to a student who has maintained a graduate average of less than 4.0, or who has had the equivalent of two units of work below B in his previous graduate study.

(d) The student is adequately prepared to pursue the doctoral program as determined by examinations administered by the Graduate Committee of the School of Music, including examinations in applied music, theory of music, and history of music. An unsatisfactory showing in any of these examinations by an applicant who meets other prerequisites may lead to provisional acceptance, but such students will be expected to pass all examinations during their first year of work.

Degree Program

After admission to the Ph.D. program in Musicology, the student must fulfill all requirements of the Graduate College pertaining to residence, number of units of graduate work, thesis, examinations, calendar, grades, major and minor fields, and foreign languages.

Admission to candidacy will be recommended only after successful completion of the following:

(a) Sixteen units of graduate credit, at least twelve of which must be in the field of music and include Music 322, 338, 346, 347, 438, 439, 444, and 445, plus a minimum of two units each in one or two of the following minor fields: history, philosophy, psychology, related arts, English or other literature, sociology, classics, anthropology, acoustics, electrical engineering, journalism, or education. Other minor fields may be accepted upon recommendation of the major adviser. No more than two of the sixteen units may be in applied music.

(b) In addition to the general requirements of the Graduate College pertaining to foreign languages, an examination in one or more additional foreign languages where, in the opinion of the Graduate Committee, such ability is necessary for proper research in the student's field of concentration.

(c) A preliminary examination administered by a committee appointed by the Dean of the Graduate College. This examination will consist of a written examination on the history of music; a written examination in the area of the student's field of concentration; the submission at least a month prior to the written examinations of a score of a free composition, a fugue or an instrumentation project, of a nature approved by the Graduate Committee of the School of Music; and an oral examination on the general field of musicology and on the results of the written examinations.

I concur.

On motion of Mrs. Holt, this curriculum was authorized.

CHANGES IN MASTER'S DEGREES IN ART

(7) The Faculty of the College of Fine and Applied Arts and the University Senate recommend the following changes in the titles, admission requirements, and programs leading to the several master's degrees offered in the Department of Art.

For students whose major field is art education or art history, the name of the degree to be conferred shall be Master of Arts, rather than Master of Fine Arts, as heretofore. It is further proposed that candidates for admission to the master's degree program in art education must have a teaching certificate in their field, or be eligible for one.

For students whose major field is design or painting and graphics, the name of the degree shall continue to be Master of Fine Arts, the requirement of eight units of study shall be increased to twelve and the areas of study shall be extended as indicated in the following revised requirements.

Design Major

To qualify for the degree, with a major in design, each student is required to complete successfully all of the following courses to the minimum of twelve units. A thesis is required.

Art 491, Special Problems, 1 to 3 units

Art 493, Seminar, 1 unit

Art 477, Design Laboratory, 4 to 6 units

Art History (two courses elected from the group Art 311 through Art 318), 1½ units

Art Electives (Art 333, 341, 351, 355, 371, 372, 494, and Art History), 2 to 3 units

Painting and Graphics Major

To qualify for the degree, with a major in painting and graphics, each student is required to complete successfully all of the following courses to the minimum of twelve units. A thesis is required.

Art 341, Painting Materials and Techniques, ½ unit (substitution of credit in other courses may be made for this subject by permission of Departmental Graduate Committee)

Art 491, Special Problems, 1 to 3 units

Art 493, Seminar, 1 unit

Art 495, Painting Laboratory, 2 to 6 units

Art 497, Graphics Workshop, ½ to 6 units

Art History (two courses elected from the group Art 311 through Art 318), 1½ units

Art Electives (Art 351, 371, 372, 494, and Art History), 1 to 2 units

I concur.

On motion of Mr. Nickell, these changes were approved.

DEGREE OF MASTER OF SCIENCE IN RECREATION

(8) The Faculty of the School of Physical Education and the University Senate recommend establishment of a graduate program leading to the degree of Master of Science in Recreation to be set up as follows:

Requirements for Admission

(a) A minimum grade-point average of 3.5 for all courses taken during the last two years in earning the bachelor's degree; (b) thirty semester hours of approved undergraduate credit in recreation or closely allied courses; (c) fifteen semester hours in the social and psychological sciences; (d) eight semester hours of undergraduate credit in the natural sciences; and (e) a course in tests and measurements or statistics. Applicants lacking a portion of the prerequisites under item (b) may substitute certified professional field experience, not to exceed eight semester hours. Students will not be admitted on limited status.

Requirements for Graduation

(a) Four units of credit in approved courses in recreation, education, political science, psychology, social work, and sociology; (b) two units of approved electives to be chosen in art, botany, geology, health education, landscape architecture, literature, music, physical education, speech, and zoology; (c) registration in and satisfactory completion of Recreation 490 (Seminar) for one semester, without credit; (d) presentation of an acceptable thesis in recreation (two units).

Candidates may petition for a waiver of the thesis requirement. Those who are excused are required to secure two units of credit in lieu of thesis credit and in addition are required to take and pass a final comprehensive written examination in recreation.

I concur.

On motion of Mr. Fornof, this curriculum was authorized.

CHANGES IN REQUIREMENTS FOR THE DEGREE OF BACHELOR OF LAWS

(9) The Faculty of the College of Law and the University Senate recommend that the requirements for graduation with the degree of Bachelor of Laws be amended to read as follows:

All students who enter the College of Law as candidates for the degree of Bachelor of Laws are required, as conditions for graduation with that degree (a) to enroll in and complete the work in all courses listed in the law curriculum for first-year students, and (b) to enroll in and complete the work in at least one seminar course listed in the law curriculum for advanced students.

Students entering after September 1, 1952, will be subject to the requirements as amended.

I concur.

On motion of Mr. Herrick, these changes in graduation requirements were authorized as recommended.

DEGREE OF BACHELOR OF SCIENCE IN NURSING

(10) The faculty of the School of Nursing and the University Senate recommend establishment of the following program leading to the degree of Bachelor of Science in Nursing open to all holders of the Diploma in Nursing conferred by any of the hospital schools of nursing affiliated with the University of Illinois. At present these are Michael Reese Hospital, Presbyterian Hospital, St. Luke's Hospital, and Cook County Hospital, all in Chicago.

The program consists of four semesters, plus one summer session or half-semester of eight weeks. The first two semesters are in the College of Liberal Arts and Sciences, either in Urbana or at the Chicago Undergraduate Division, the third semester in the College of Liberal Arts and Sciences in Urbana, and the remainder in the University of Illinois School of Nursing, with residence as indicated.

Requirements for Admission

Admission shall be to the College of Liberal Arts and Sciences and will be granted upon fulfillment of the following conditions.

(a) Certification by the University of Illinois School of Nursing that the candidate holds the Diploma in Nursing from one of the affiliated schools, there received grades averaging 3.5 in theory and practice and is recommended by the affiliated school.

(b) Satisfaction of the requirements for admission to the general curriculum in the College of Liberal Arts and Sciences.

(c) Certification by the University of Illinois School of Nursing that the candidate has achieved on the Graduate Nurse Test Battery of the National League of Nursing Education a score not lower than $1\frac{1}{2}$ s.d. below the mean of collegiate norms for each of the clinical fields. This certification shall entitle the candidate to a block credit of forty semester hours in Clinical Nursing.

(d) Certification by the University of Illinois School of Nursing that the candidate has passed examinations (as set by the National League of Nursing Education) for advanced standing in Microbiology (four semester hours) and Anatomy and Physiology (five semester hours).

(e) Passing of examinations for advanced standing in Rhetoric and Composition (six semester hours) and General Chemistry (five semester hours), administered by the appropriate departments of the College of Liberal Arts and Sciences.

(f) Failure to demonstrate proficiency in any or all of the fields listed under paragraphs (d) and (e) shall not preclude admission to the Continuation Program,

but shall require adding to the candidate's program appropriate courses in the subjects indicated. Courses taken for making up such deficiencies shall not in any case count as electives within the sixty semester hours of the Continuation Program.

Requirements for Graduation

Each candidate for the degree must earn 120 semester hours, including thirty hours of advanced work done in residence. Sixty of these hours shall be those specified in paragraphs (c), (d), and (e) under Admission, above. The remaining sixty hours, constituting the Continuation Program proper, must be passed with an over-all average of 3.0 and shall be made up as follows, subject to such rearrangement of courses or lengthening of the period of study as may be required because of entrance deficiencies, which should be removed within the first year.

Candidates will be admitted to the revised program beginning in September, 1952.

I concur.

On motion of Mr. Grange, this program was authorized.

ADVANCED CERTIFICATE IN MUSIC EDUCATION

(11) The Faculty of the School of Music and the University Senate recommend establishment of a program leading to the Advanced Certificate in Music Education set up as follows:

The program leading to the Advanced Certificate in Music Education shall consist of a minimum of one year of work beyond the master's degree and is designed to provide advanced professional preparation for music educators. It is a terminal program and students who become candidates for the Certificate will not be considered as beginning work leading to the degree of Doctor of Education with a major in Music Education.

Admission

A candidate for admission must hold a master's degree in music or music education from an accredited institution and must have maintained a B average in all previous graduate work. He must have completed satisfactorily at least two years of professional employment in music education.

At the first registration, placement examinations will be administered in music theory and applied music to determine the candidate's level of proficiency in those areas. A candidate whose level of proficiency is below that required by the University of Illinois for the Bachelor of Science degree in Music Education will be required to take work in addition to the course work prescribed in the section on Program.

Residence

The minimum residence requirement is one semester during which a minimum of three units is successfully completed, or two summer sessions during each of which a minimum of two units is successfully completed. All work for the Certificate may be completed in summer sessions.

Program

A minimum of eight units of course work beyond the master's degree is required. All of the course work must be taken on the Urbana campus of the University. Music 420 and 421 and either Education 411 or 412 are required. The remainder of the program will be based upon the student's needs and interests and upon the deficiencies revealed in the placement tests. No more than one unit of applied music may be counted toward the Certificate.

Students who at the time of first registration do not hold from the state in which they are employed a valid teaching certificate in music will be required to take courses sufficient to meet the certification requirements with the prior approval of the adviser. Courses in music which carry two-hundred numbers may be approved for graduate credit, not to exceed two units in all. Such credit will be computed at the rate of one-quarter unit for each semester hour, and will not be accepted in any degree program except the Advanced Certificate.

I concur.

On motion of Mrs. Holt, this program was authorized.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(12) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

1. College of Agriculture, equipment for south farm.....	\$ 6 000
2. Armed Forces, storage facilities in Armory.....	4 000
3. College of Education Clinic, remodeling.....	15 000
4. Department of Medical Social Work, equipment.....	4 500
<i>Total.....</i>	<i>\$29 500</i>

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Stevenson.

WATER RATES LITIGATION

(13) The Northern Illinois Water Corporation has appealed to the Circuit Court of Champaign County from the decisions of the Illinois Commerce Commission granting the Corporation approximately one-fourth of the rate increases it had requested.

In accordance with the previous authorization by the Board of Trustees, the University will join with the cities of Urbana-Champaign in contesting this appeal with the understanding that the University will pay thirty per cent of the costs incurred, as heretofore.

On motion of Mr. Herrick, these payments were authorized.

PATENTABLE DISCOVERIES

(14) The University Patent Committee submits the following reports and recommendations relating to potentially patentable discoveries.

1. William J. Fry, Research Assistant Professor of Electrical Engineering, and his wife, Mrs. Ruth B. Fry, have recently developed an acoustic probe which has possibilities of usefulness as a general laboratory instrument for measuring sound intensities in an acoustic field and thus may have commercial value. The University Patent Committee recommends that the University of Illinois Foundation be requested to negotiate with appropriate instrument manufacturers for the patenting, development, and manufacture of this instrument. In the event the Foundation finds it would not be feasible to seek patent protection, the Committee recommends that all rights be released to the United States Air Force, since the acoustic probe is a direct result of research conducted under a contract with the Air Force.

2. William J. Fry, Assistant Professor of Electrical Engineering, and Francis J. Fry, Research Associate in Electrical Engineering, have developed a variable resonant frequency transducer as a result of research work under a contract with the Department of the Navy. This transducer is intended primarily for use in underwater sound equipment. Since their disclosure is essentially an extension of an existing patent application by others, it could be considered only in terms of design patent possibilities. In view of this, the University Patent Committee questions the wisdom of spending funds on a patent application and recommends that all rights to this device which have been disclosed be released to the Navy.

3. Francis J. Fry has recently disclosed three inventions: an ultrasonic transducer, pressurized ultrasonic apparatus, and a three-coordinate positioning device developed as a result of research work under a contract with the Office of Naval Research. These devices, or modifications thereof, are of use primarily in highly specialized fields of biological and medical research and therefore are not likely to have any commercial value. Hence, the University Patent Committee recommends all rights to these inventions be released to the Navy.

4. G. E. Pickard, Professor in the Department of Agricultural Engineering, reports that John Orcutt, working under his supervision, has developed an improved fertilizer conditioner which may be patentable. It is effective in reducing caking which is a hindrance to satisfactory application of commercial fertilizers. In the opinion of the Head of the Department of Agronomy, a patent covering this conditioner would not provide sufficient protection for commercial development since other substances would give the same general effects as those ascribed to the conditioner reported by Professor Pickard. In view of this, the University Patent Committee believes that the University would not be justified in expending funds on securing a patent and recommends that all rights to this discovery be released to the discoverer.

5. Vernon J. Fowler, Research Assistant in Electrical Engineering, has reported an invention, transmission-line tubes, a new class of amplifying tubes for obtaining large amplifications of voltage and/or power over wide frequency bands

at frequencies from zero to one thousand or more megacycles per second, as the result of research work under a contract with the Office of Naval Research. As required by the contract, this device was disclosed to the Office of Naval Research which has expressed an interest in it. The Head of the Department of Electrical Engineering considers the device of fundamental importance and hence suitable for patent application by the University. The University Patent Committee recommends that the University of Illinois Foundation be requested to undertake a patent search and to secure protection for the device. In the event the University secures a patent, it must grant the Navy a royalty-free license under the terms of the contract. Should initial investigation disclose it would not be feasible to pursue the patent application, the Committee recommends that all rights to the invention be released to the Navy.

6. Ludwig F. Audrieth, Professor of Chemistry, and Ralph Gher, Jr., graduate student in chemistry, have developed a preparation of hydrazine derivatives of the phosphoric and phosphonic acids and their thio compounds and their aldehyde and ketone derivatives for use as agricultural chemicals. This substance appears to have an activity on plants equal to or greater than that of 2,4-D. If the initial evaluation is verified, it would appear that their discovery should be protected by patents. The University Patent Committee recommends that the University of Illinois Foundation be requested to negotiate with industrial organizations with respect to the development of, and secure patents for, this substance. Much development work by some industry remains to be done, and no organization can be expected to incur the expense involved without some assurance of profit. Hence the Committee recommends that the Foundation be authorized to negotiate an agreement on an exclusive basis.

7. Ludwig F. Audrieth, Professor of Chemistry, and Earle S. Scott, graduate student in chemistry, have developed compounds which are carbonic and thiocarbonic derivatives of hydrazine and which appear to have some use as fungicides. Since the substances are not new, no product patents could be obtained. Limited use patents are of dubious value and the University Patent Committee therefore recommends that all rights to this discovery be released to Messrs. Audrieth and Scott to be developed as they see fit.

8. William J. Fry and Francis J. Fry, of the Department of Electrical Engineering, have developed a multiple beam focused ultrasonic irradiator. The device is unique in that it provides a desired sound intensity in a particular region by using an array of transducers, each producing a low intensity focused beam, in such a manner that the beams are crossed in the selected region. The University Patent Committee is of the opinion that even though patent coverage can be secured, the utility of the device would be so limited that the expense of securing a patent would not be warranted. Accordingly, the Committee recommends that all rights for this invention be released to the Messrs. Fry to develop as they see fit.

I concur.

On motion of Mr. Megran, these recommendations were approved.

AMENDMENT OF POLICY AND RULES RELATING TO COMPENSATION AND WORKING CONDITIONS OF NONACADEMIC EMPLOYEES

(15) The Merit Board of the University Civil Service System of Illinois recommends to the member institutions adoption of uniform regulations relating to legal holidays, work week, overtime pay, disability leaves, and vacation allowances. The proposed rules are submitted herewith and in each case the change, if any, from the present policy of the University of Illinois is indicated.

I. Legal Holidays

A. Offices, laboratories, and shops will be closed and all employees in the System excused, except in emergency and for necessary operation, on the following holidays: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, and Christmas Day.

1. Employees in prevailing rate groups will be compensated in accordance with local prevailing practice.

a. If in any prevailing rate classification holidays in addition to those listed above are recognized in local prevailing practice, these holidays shall be recognized in relation to employees in these classifications in accordance with the condition herein provided.

2. Permanent and continuous employees not in prevailing rate groups will be excused with full pay.
- B. In the event that work is required
 1. Employees in prevailing rate groups will be compensated in accordance with prevailing practice.
 2. Other employees, except those in administrative classifications as approved by the Merit Board, will be compensated by time and one-half payable in cash, in addition to regular compensation.
 3. Administrative employees in classifications approved by the Merit Board shall receive no additional compensation.

II. *Work Week*

- A. Employees other than administrative
 1. All employees other than those in administrative classifications as approved by the Merit Board shall have a basic work week of forty hours, except as stipulated in agreements, or in local prevailing practice, or general community patterns.
 - a. Determination of the daily and weekly schedule within which these hours are to be worked is to be considered as subject to agreement between the individual institutions and their employees.
- B. In administrative classifications, it is understood that work will be performed as required by the position, but that insofar as possible the basic work week shall be forty hours.
 1. Individual institutions may determine with the approval of the Merit Board the level at which the employee becomes an effective part of management and therefore at what level his classification becomes administrative for the purpose of this paragraph.
- C. Except in operations where services are regularly required seven days a week, work performed on Sunday is overtime, to be compensated in cash at the overtime rate of time and one-half, or as stipulated in agreements.

III. *Overtime Pay*

- A. All time in excess of the units of hours constituting the work day or the work week is overtime and will be compensated as follows:
 1. For employees in prevailing rate groups, overtime will be compensated at time and one-half, unless under local prevailing practice a higher rate is paid in which case the local prevailing practice will be followed.
 2. For employees other than administrative not in prevailing rate groups, overtime will be compensated at time and one-half in cash.
 3. For employees in administrative groups for whom no fixed and rigid daily or weekly schedule is provided and the discharge of whose duties normally requires a certain amount of flexibility in such schedule, additional cash payment may be authorized at straight time for overtime required and worked in amounts excessive beyond normal expectation of the work schedule of the position.
- B. Paid time in which work is not performed shall count as working time toward the accumulation of overtime in any work week.
- C. By mutual agreement between a department and an employee, with the approval of the Director, the employee may work overtime with equivalent time off at straight time (in lieu of cash payment), such time off to be taken at some mutually agreeable time;
 1. Provided that this does not conflict with local prevailing practice.

IV. *Disability Leave with Full Pay*

- A. Each employee shall accumulate disability leave with full pay at the rate of one working day for each month of service until total accumulation is forty-five working days. Amount of leave accumulated at the time when any disability begins shall be available in full and additional leave shall continue to be earned while an employee is using that already accumulated. After an employee has accumulated a total of forty-five working days his rate of accumulation shall be reduced to one work day for each two months of service. There shall be no limit in the amount which may be accumulated at this rate thereafter. If use of available leave thereafter reduces the total to less than forty-five days, the accumulation will again be at the rate of one day per month until a new total of forty-five days is reached.

B. Disability leave may be used when it is necessary for an employee to be absent from work because of illness in his immediate household or family.

C. 1. Employees of the University of Illinois shall have transferred to their credit such cumulative disability leave as may have been credited to them as of the effective date of the policy here set forth.

2. Other employees of the System shall be credited as of the effective date of this policy, with the number of work days which equals the number of days in the employee's present work week times the number of years of his service to a maximum of ten times the number of work days in his present work week.

V. *Vacations with Full Pay*

A. For all employees in their first year of service

1. No vacation shall be available for employees with less than six months of service, but at the end of six months of employment, one-half of the first year's vacation as listed in B-1 and 2 shall be considered as earned and available, and the fractional amount of the first year's vacation shall be available thereafter in proportion to the fraction of the year worked.

B. For all employees in their second and succeeding years of service

1. For all employees having an established basic work week with additional compensation for overtime beyond that work week:

a. For those employees with less than ten years of service, vacation shall be two work weeks in each year of service.

b. For those employees with ten or more years of service, vacation shall be three work weeks in each year of service.

2. For all employees in administrative and professional classifications of upper level responsibility as approved by the Merit Board, for whom no fixed or rigid daily and weekly schedule is provided, and the discharge of whose duties usually requires a certain amount of flexibility in such schedule, and for whom no provision is made for the payment of overtime worked except when such overtime is in an excessive amount, one month in each year of service.

In most respects I endorse the recommendations of the Merit Board of the University Civil Service System of Illinois, but I should like to call attention to two items which, I believe, require further study and possible revision. The first is Item V, B, 1, b, which reads: "*V. Vacations with Full Pay. B. For all employees in their second and succeeding years of service . . . b. For those employees with ten or more years of service, vacation shall be three work weeks in each year of service.*"

Now this may appear to be a good resolution in principle, but there are certain factors to be considered, as follows:

1. This plan would exaggerate certain existing inequities between the prevailing and nonprevailing groups.

2. It would place an extra burden of expense on students with respect to cost of food and housing.

3. There are no funds budgeted for such an adjustment and about \$50,000 would be needed to implement it the first year, with some increases thereafter.

4. It affects the University more unfavorably with respect to cost than it does the other institutions because in the case of the other colleges and universities the increased cost is offset by the elimination of five extra holidays which were being paid for previously.

Also I have a question with respect to Item III, A, 3, which reads as follows: "*III. Overtime Pay. A. All time in excess of the units of hours constituting the work day or the work week is overtime and will be compensated as follows: . . . 3. For employees in administrative groups for whom no fixed and rigid daily or weekly schedule is provided and the discharge of whose duties normally requires a certain amount of flexibility in such schedule, additional cash payment may be authorized at straight time for overtime required and worked in amounts excessive beyond normal expectation of the work schedule of the position.*"

It occurs to me that we need a careful definition of the employees to be affected. Mr. Morey and Mr. Dickason believe that this statement could be revised so as to be explicit with respect to this question.

Accordingly, I recommend that the proposed amendments be deferred for further study and for a report by November 1, 1952. If it is then decided to put into effect the extra vacation allowances, we can place the expense item properly in the next biennial budget.

Mr. Grange, Chairman of the Merit Board, discussed the recommendations made by that Board.

On motion of Mr. Grange, the statements of policy recommended by the Merit Board with respect to Work Week, Overtime Pay, and Disability Leave with Full Pay were approved, and action on Legal Holidays and Vacations with Full Pay was deferred pending further consideration by an appropriate committee of the Board of Trustees. President Livingston referred these two recommendations to the Committee on Nonacademic Personnel and the Committee on General Policy for consideration jointly and report to the Board.

**CONTRACT FOR STONEMWORK REPAIRS ON DENTISTRY-
MEDICINE-PHARMACY BUILDING**

(16) The Director of the Physical Plant and the Comptroller recommend the award of a contract for \$7,760 to Knut Upstrom, Chicago, the lowest bidder, for stonework repairs on the second unit of the Dentistry-Medicine-Pharmacy Building. This unit was constructed in 1937. Some of the stonework at the top of the fifteen-story tower has loosened and shifted in several places which creates a hazardous situation.

Funds are available in the Physical Plant Department budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was authorized.

**CONTRACT FOR REROOFING DRILL HALL AT
CHICAGO UNDERGRADUATE DIVISION**

(17) The Director of the Physical Plant and the Comptroller recommend the award of a contract for \$3,180 to the Esko Roofing Company, Chicago, the lowest bidder, for reroofing the Drill Hall at Navy Pier. Under the terms of the lease with the city of Chicago such repairs are the obligation of the University.

Funds are available in the Physical Plant Department budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Nickell, this contract was authorized.

**CONTRACT FOR REMODELING QUARTERS AT
CHICAGO UNDERGRADUATE DIVISION**

(18) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$5,873 to the Mueller Construction Company, Chicago, the lowest bidder, for remodeling of quarters at Navy Pier to provide offices and storeroom space needed for the Air Force Reserve Officers' Training Corps program.

The Board of Trustees has already appropriated funds for this work.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Grange, this contract was authorized.

**CONTRACT FOR LANDSCAPING ON ANIMAL SCIENCES
AND VETERINARY MEDICINE BUILDINGS AREAS**

(19) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$21,000 to Ralph Synnestvedt and Associates, Glenview, Illinois, the lowest bidder, for landscaping the sites of the Animal Sciences Laboratory and the Veterinary Medicine Building.

Funds are available in the state appropriations for the construction of these buildings: \$11,200 to be charged to the appropriation for the Animal Sciences Laboratory and \$9,800 to be charged to the appropriation for the Veterinary Medicine Building.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was authorized; Mrs. Holt voted "No."

CONTRACT FOR CONSTRUCTION OF SMALL HOMES COUNCIL FIELD TRIAL LABORATORY

(20) Housing research at the University indicates the value of certain new techniques and design details. To obtain a final evaluation of these research results, the Small Homes Council proposes a field trial by building a structure the size and shape of a family dwelling but erected as a shell. In this building the following trials and tests will be made: floating slab foundation, closet wall and storage assemblies, low-cost storm windows, long-span roof construction, modular wall construction, and observation of condensation on concrete floors during summer months.

The Director of the Small Homes Council and the Comptroller recommend award of a contract for \$11,600 to Leroy V. James, Urbana, the lowest bidder, for the construction of this building.

Funds accumulated from the sale of Small Homes Council bulletins are available for this contract.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was authorized.

CONTRACTS FOR MINOR ALTERATIONS

(21) The Board of Trustees has been awarding contracts from year to year for minor alterations and remodeling at Urbana-Champaign on a cost-plus basis. The present contracts will expire June 30, 1952.

Work under such contracts is initiated upon orders of the Physical Plant Department which are subject to approval by the Comptroller and to availability of funds. Contractors are employed on jobs which are so small, not exceeding \$5,000 for any one authorization, or are of such character that it is not feasible to take competitive bids. This procedure has the advantage of permitting immediate starting of work after the Board of Trustees has approved the expenditure of funds, and it eliminates the expense of preparing drawings and specifications which would be required in securing bids.

The Director of the Physical Plant and the Comptroller recommend the award of cost-plus contracts, as follows, based on competitive bids, for the fiscal year beginning July 1, 1952, with the understanding that no orders will be placed after June 30, 1953, and that all work will be handled in accordance with established procedure:

General Work—Contracting Construction Company, Danville	Material	Percentage of Charges for		
		Labor	Subcontracts	Merchandising
On jobs				
Up to \$500.....	10	30	10	20
From \$500 to \$1,000.....	10	30	8	20
From \$1,000 to \$3,000.....	10	25	8	20
Over \$3,000.....	8	22½	7	20
Plumbing and Heating Work— Reliable Plumbing and Heating Company, Champaign				
On jobs				
Up to \$250.....	33⅓	33⅓	15	10
From \$250 to \$1,000.....	30	30	15	10
From \$1,000 to \$3,000.....	27	27	15	10
Over \$3,000.....	25	25	15	10
Electrical Work—Potter Electric Service, Urbana				
On jobs				
Up to \$200.....	20	30	12	15
From \$200 to \$1,000.....	20	25	12	15
Over \$1,000.....	20	20	12	15

	<i>Material</i>	<i>Percentage of Charges for</i>		
		<i>Labor</i>	<i>Subcontracts</i>	<i>Merchandising</i>
Ventilating and Sheet Metal				
Work—Schroeder's Ventilating,				
Champaign				
On jobs				
Up to \$250.....	30	35	10	10
From \$250 to \$1,000.....	24	30	10	10
From \$1,000 to \$3,000.....	22	28	10	10
Over \$3,000.....	22	26	10	10

The awards recommended for the general, heating and plumbing, and ventilating and sheet metal contracts are to the lowest bidders. In the case of the electrical work, it will be seen from the schedule of bids that the bidding was so close, with variations up and down between the contractors, that to determine the effective lowest bid all bids were evaluated in terms of past experience by applying them to the same proportions of material, labor, subcontracting, and merchandising overhead charges previously paid under this type of contract. This analysis shows that the following summation of the percentages is to be expected:

Potter Electric Service.....	26.35 per cent
Bland-Midwest Electric.....	26.51 per cent
Square Deal Electric.....	28.30 per cent

I recommend that these contracts be awarded in accordance with the terms and conditions stated, the Comptroller to report to the Board periodically on all contracts initiated.

On motion of Mr. Fornof, these contracts were authorized.

CHANGE IN CONTRACT WITH WADEFORD ELECTRIC COMPANY FOR ELECTRICAL WORK ON ADDITION TO RESEARCH AND EDUCATIONAL HOSPITALS

(22) The Director of the Physical Plant and the Comptroller recommend the following changes in the contract with the Wadeford Electric Company, Chicago, for electrical work in the construction of the addition to the Research and Educational Hospitals:

Changes in electrical control equipment, an increase of.....\$3 322 30

This change is necessary because the contractor was unable to submit for approval at the time the contract was executed the details of the mechanical equipment to be used in this installation due to the shortage of critical materials. When equipment became available and was submitted for approval, it was found necessary to revise the electrical interlocking of the control centers.

Alterations in electrical installations for X-ray equipment, an increase of. 3 263 70

At the time base bid drawings were prepared, it was not known which make of X-ray equipment would be used as bids had not yet been taken on such equipment. It was anticipated that some alterations in the base bid drawings and specifications would be necessary to provide for the X-ray equipment finally purchased.

Total\$6 586 00

Funds are available in the state appropriation for the construction of this building and have been released by the Governor.

I concur and recommend that the Comptroller be authorized to execute these changes in the contract.

On motion of Mr. Johnston, this increase in the contract was authorized.

PURCHASES

(23) The Director of Purchases has proposed and the Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

I concur.

APPROPRIATION TO ATHLETIC ASSOCIATION

(25) An appropriation of \$10,000 was made by the Board of Trustees on July 25, 1951, for rehabilitation of the refrigerating equipment in the Ice Skating Rink. The actual cost of this work has been less than \$5,000. The Athletic Association requests authority to use the balance for repairing the roof of the Rink. Since the Skating Rink has been operated on a deficit, it has not been possible to accumulate a reserve for repairs. Delay in repairing the roof may cause serious damage to the building.

The Provost and the Comptroller recommend, and I concur, that the balance in this appropriation be made available for repairing the Rink roof.

On motion of Mrs. Watkins, this recommendation was approved.

CONTRACT FOR REPAIRS IN DAVID KINLEY HALL

(26) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$5,250 to E. N. DeAtley, Champaign, for repairing the terrazzo treads, landings, and entry floor of the north stairway in David Kinley Hall. The work will include replacement of five treads on the first floor landing, all treads from the first floor to and including the landing tread on the third floor, the bottom tread of the first flight of stairs from the third to the fourth floor, and installation of new nonslip tile floors in the entry, first floor stair hall, and on all intermediate landings from the first floor to the third floor.

Funds are available in the Physical Plant Department budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Fornof, this contract was authorized.

RESIGNATION OF DEAN WILLARD B. SPALDING

President Stoddard presented the following letter:

College of Education
105 Gregory Hall
June 18, 1952

PRESIDENT GEORGE D. STODDARD
355 Administration West

DEAR PRESIDENT STODDARD:

Please accept my resignation from the positions of Dean of the College of Education and Professor of Education, effective December 31, 1952. I have accepted a position as Professor of Education in the State System of Higher Education, Extension Division, Portland, Oregon, to begin on January 1, 1953.

The five years which I have spent at the University of Illinois have been stimulating ones. The program of the College of Education is now firmly based upon a distinguished faculty. They will continue to improve this program under the leadership of my successor.

I thank you for the opportunity of working for a period of time under your leadership.

Respectfully yours,

WILLARD B. SPALDING, *Dean*

INSTITUTE FOR RESEARCH ON EXCEPTIONAL CHILDREN

President Stoddard and Mr. Nickell presented a proposal that there be established at the University an Institute for Research on Exceptional Children. Its function would be to carry on and direct research on physically and mentally handicapped children; to study ways and means of coordinating the state's services in this area of public welfare; to study gifted children; and to offer advanced programs of study. They pointed out that the state of Illinois is currently expending upwards of \$39,000,000 per year on such programs.

On motion of Mr. Nickell, the Board approved the proposal to establish the Institute with the understanding that a plan for its organization and a budget will be submitted for approval later.

**REPORT OF THE COMMITTEE ON GENERAL POLICY
ON ILLINI UNION BOOKSTORE**

Mr. Johnston, for the Committee on General Policy, presented the following report:

Chicago, June 19, 1952

MR. PARK LIVINGSTON
President, Board of Trustees
University of Illinois
20 North Wacker Drive
Chicago 6, Illinois

DEAR MR. LIVINGSTON:

At the meeting of the Board of Trustees of the University of Illinois, held last October, you turned over to the Policy Committee a letter received from Mrs. Eunice C. Creamer having to do with the competitive situation, as she put it, involved between the Union Bookstore and the University of Illinois Supply Store (a co-op) and directed that the Policy Committee give full weight to all of the facts presented and those we could collect together and report back to the Board our findings and recommendations as to the disposition that should be made of this situation. The letter addressed to you by Mrs. Creamer is returned. In addition thereto, Mr. R. D. Follett, vice-president of Wilcox & Follett Company, 1255 South Wabash Avenue, Chicago, publisher of books and who operates a bookstore at Champaign, likewise has filed objections to the University of Illinois operating a bookstore in competition with what he terms is a tax paying, privately owned bookstore.

The Illini Union Bookstore is the continuation of a book exchange organized by the Illini Union in the early 1920's. It became a full-fledged bookstore in its present location in 1932. When the Illini Union was built it took over the operation of the book exchange. The University feels it has an obligation to operate the Illini Union Bookstore in order to assure the students an opportunity to purchase their books and supplies at a reasonable cost. The operation of the bookstore has benefited the students without the expenditure of University funds.

Information which we have developed indicates that the protestants have presented their objections to the operation of the Illini Union Bookstore on numerous occasions and a full explanation has been given as to the reasons for the operation of the store on each occasion. The supreme court of Illinois recognizes that the University has a right to operate a bookstore and that in so doing the property was used for a public educational purpose. While procedure differs, bookstores of a similar nature are operated at many of the colleges and universities throughout the country.

The Illini Union Bookstore pays rent for the facilities used on a per square foot area basis, the same as all other occupants of the building. It has not been assessed for local taxes on personal property. The State Department of Revenue has ruled that the Bookstore is not liable for sales tax, hence it can not collect or pay such a tax.

The textbooks that are sold at the Illini Union Bookstore are sold at prices that are set and prevail at other stores where the students can purchase them. Since 1940 up to and including the close of 1951 the total sales at the Illini Union Bookstore were \$3,248,734.94. During this same period the net income before dividends was \$321,799.49. Dividends paid during the period amounted to \$50,101.06, and the dividend rate ranged from 5 to 10 per cent. Surplus after dividends during this period was \$255,358.04, of which amount \$49,964.88 was transferred to the Illini Union for equipment purchases and building improvements, \$100,000 financed the Illini Union coffee house and \$100,000 remains in reserve as working capital for the bookstore.

Over the period of time the store has operated there have been some articles sold that perhaps are not classified entirely as student necessities or materials for the pursuit of education, but by and large the objectives of the store are to assure students and faculty they can purchase books, materials and supplies needed in university course study at fair prices, having in mind the necessity for providing the student with the lowest possible cost for education but at the same time recognizing the free enterprise system by giving fair competition to privately owned businesses in the same area of merchandising.

Having in mind the results the committee feels it is desirable to sustain, they being: (1) fair prices to all purchasers, (2) protection against any possible, although improbable "high prices" that might be charged by independently owned stores if the Illini Bookstore were closed, (3) establish a policy of free enterprise and fair competition, and (4) accruing profits after expenses to be used in lowering cost of activities carried on for student benefit in Illini Union, we recommend the continuation of the bookstore and its apparently fair pricing policy on over-the-counter sales, discontinuing all dividend disbursement, specifically recommending the following:

(1) That the University Bookstore continue to be operated and thus give students and faculty assurance of continuing opportunity to buy their bookstore needs at prices fairly determined and established. (Some might claim that fair prices could not be maintained if the University-operated Bookstore competition was removed.)

(2) That the University Bookstore shall limit its activities to offering for sale nothing but books, materials or supplies needed in University course study.

(3) Discontinue all dividends. Reduce the cost of books and supplies, at the time of purchase, by an amount equal to the ratio of the dividends paid in the past four years to cash sales during the period. If profits accrue, transfer them to the general fund of the Illini Union.

Discontinuing the policy of dividend distribution appears entirely justified because the total dividends distributed the last four years amount to only 1.9 per cent of yearly average total sales.

Average Yearly Total Sales (last 4 years).....\$482,622

Average Yearly Dividends (last 4 years)..... 9,302

\$9,302 is only 1.9 per cent of \$482,622

In the last year of 1950-51, only 4,798 students qualified for a dividend rebate of less than \$3 per qualified student. Divide the dividend distribution by the entire enrollment and the theoretical quotient is so small (less than \$1) that it indicates that the dividend disbursement is not too essential and perhaps not justified.

It is true that the dividend rebates the last several years have amounted to 10 per cent on the purchases of those who participated in such distribution. However, the justification for a bookstore operation is for the benefit of the entire student body and if the rebate had been made at time of sale on the full volume, it would have amounted to less than 2 cents on each dollar of sales.

Respectfully submitted.

WAYNE A. JOHNSTON, *Chairman*
ROBERT Z. HICKMAN
HERBERT B. MEGHAN

On motion of Mr. Johnston, the recommendations of the Committee were approved.

A TRIBUTE TO JOHN H. ARMSTRONG

Mr. Johnston offered the following memorial which was adopted:

The Board of Trustees of the University of Illinois records with deep sorrow the untimely death on June 6, 1952, of Judge John H. Armstrong, President of the University of Illinois Foundation.

The state of Illinois, the University, and the community of Champaign-Urbana have lost a loyal, devoted citizen and a good friend. He had an abiding interest in the University since his early youth when he lived almost within the shadows of the University. He graduated from the University of Illinois with the degree of Bachelor of Arts in 1917 and with the degree of Doctor of Law in 1920. Following his graduation from the College of Law he was immediately admitted to the Illinois Bar and began the practice of law. From 1930-1933 he served as County Judge of Champaign County, Illinois, and from 1933-1939 as Judge of the Sixth Circuit of Illinois.

During the years he was in private practice of law he also found time and devoted much of his energy to civic affairs. He served as a member of the University of Illinois Foundation since 1946, on its Board of Directors since 1948, and as President of the Foundation from 1950 until his passing. In recent years he also was a special legal counsel for the University in important negotiations in which his expert talent and diligent work were invaluable.

The Board of Trustees directs that this memorial be spread upon the minutes of today's meeting and that copies be sent to the members of Judge Armstrong's family.

EXECUTIVE SESSION

At this point the Board went into Executive Session to consider the following matter presented by the President of the University.

APPOINTMENT OF DIRECTOR OF INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS

(27) For several months an *ad hoc* search committee has been interviewing and studying the qualifications of candidates for the position of Director of the Institute of Labor and Industrial Relations to fill the vacancy created by the resignation of Professor W. Ellison Chalmers as Director. The President reported on conferences which have recently taken place with Mr. Robben W. Fleming, Director of the Industrial Relations Center at the University of Wisconsin, whom the committee has recommended for this position. It was not feasible to include a formal recommendation for his appointment in the agenda sent to the Trustees in advance of today's meeting.

On motion of Mr. Fornof, the Executive Committee was authorized to act for the Board on this appointment.

LEASE OF SPACE IN ARCADE BUILDING

Mr. Megran, for the Committees on Buildings and Grounds and General Policy, reported that the joint committee has been giving careful consideration to the request of the Katsinas interests for the renewal of the lease of space in the Arcade Building in which they have been operating a restaurant, but that the committee is not prepared to make a recommendation at this time.

SECRETARY'S REPORTS

The Secretary presented for record the following lists: (1) appointments made by the President; (2) graduate fellows; (3) resignations, declinations, and cancellations; (4) leaves of absence.

GRADUATE FELLOWS

(The following appointments were made by the Dean of the Graduate College on the dates indicated in parenthesis.)

- AMMERMAN, C. B., Wright Fellow in Animal Science, nine months beginning September 16, 1952, \$850 (5-28-52).
- BENJAMIN, ROLAND J., Fellow in Theoretical and Applied Mechanics, nine months beginning September 16, 1952, \$1000, supersedes (5-22-52).
- BERNSTEIN, LIONEL M., R. J. Strassenburgh Research Fellow in Clinical Science, in the College of Medicine, four months beginning May 1, 1952, \$200 a month (6-6-52).
- COCHRAN, JOHN F., Celanese Corporation of America Fellow in Physics, one year beginning September 1, 1952, \$1800 (5-20-52).
- DOUGHERTY, ELMER L., Pan American Fellow in Chemical Engineering, nine months beginning September 16, 1952, \$1400 (5-26-52).
- GELFAND, SAMUEL, United States Rubber Company Fellow in Chemistry, nine months beginning September 16, 1952, \$1400, supersedes (4-22-52).
- JAUCH, KARL E., National Fund Research Fellow in Pathology, in the College of Medicine, July 1-September 20, 1952, \$500 (5-29-52).
- KOUCKY, CHARLES J., National Fund Research Fellow in Pathology, in the College of Medicine, July 1-September 20, 1952, \$500 (6-5-52).
- MCKEAND, IRVIN J., Titanium Alloy Fellow in Ceramic Engineering, nine months beginning September 1, 1952, \$1800 (6-3-52).
- MILLER, RICHARD C., General Electric Fellow in Physics, nine months beginning September 16, 1952, \$2100 (5-20-52).
- MISTRY, SORAB P., Merck and Company Postdoctoral Fellow in Animal Science (C), February 8-August 31, 1952, \$250 a month, supersedes (6-6-52).
- MYERS, JAMES D., National Fund Research Fellow in Bacteriology, in the College of Medicine, July 1-September 20, 1952, \$500 (5-29-52).
- MYRNA, THEODORE D., National Fund Research Fellow in Bacteriology, in the College of Medicine, July 1-September 20, 1952, \$500 (5-29-52).
- NEVITT, MICHAEL V., Union Carbide and Carbon Chemical Corporation Fellow in Mining and Metallurgical Engineering, one year beginning June 1, 1952, \$840 (6-3-52).
- TU, PIN CHOW, Fellow in English, nine months beginning September 16, 1952, \$800, supersedes (5-20-52).
- VANCE, PAUL A., JR., Henry J. Strong Fellow in Electrical Engineering, nine months beginning September 16, 1952, \$900, supersedes (5-22-52).

RESIGNATIONS, DECLINATIONS, AND CANCELLATIONS

- ADAMS, MRS. MARIE R., Instructor in Occupational Therapy, in the College of Medicine—resignation effective 6-1-52.
- ADAMSON, LUCILE F., Assistant in Home Economics (S)—resignation effective 9-1-52.
- BEYM, MRS. SHIRLEY, Assistant in Botany—resignation effective 9-16-52.
- CAMPBELL, ROBERT, Assistant Professor of Economics—resignation effective 9-1-52.
- CEDARLUND, EVELYNNE, Instructor in Home Economics (C)—resignation effective 9-1-52.
- COLE, DOROTHY E. L., Assistant Teacher in the Nursery School, in the Division of Special Services for War Veterans—resignation effective 8-31-52.
- COLE, DOROTHY E. L., to give instruction in the Nursery School, in the Division of Special Services for War Veterans, in the Summer Session of 1952—declination effective 6-13-52.
- DAILY, EUGENE J., to give instruction in Civil Engineering in the Summer Session of 1952—declination effective 6-13-52.
- DETHLEFS, MRS. BETTY A., Instructor in the Nursery School, in the Division of Special Services for War Veterans—resignation effective 8-31-52.
- DETHLEFS, MRS. BETTY A., to give instruction in the Nursery School, in the Division of Special Services for War Veterans, in the Summer Session of 1952—declination effective 6-13-52.
- DUFNER, MAX, Instructor in German—resignation effective 9-1-52.
- FOSTER, GEORGE R., Assistant Editor in the Engineering Experiment Station—resignation effective 9-1-52.
- GIBSON, WILFRED A., Assistant Professor of Psychology—resignation effective 9-1-52.
- HANS, CLARENCE L., JR., Instructor in Ophthalmology, in the College of Medicine—resignation effective 7-1-52.
- HULL, WILLIAM R., Fellow in Geography—resignation effective 9-16-52.
- HUNTINGTON, DOROTHY A., Postdoctoral Fellow in Speech, in the Graduate College—declination effective 9-16-52.
- KUMMEL, BERNHARD, Associate Professor of Geology—resignation effective 9-1-52.
- LEMMON, MARY L., Instructor in Home Economics Education—declination effective 9-1-52.
- MEID, WILLIAM J., Assistant Professor of Ceramic Engineering (C)—resignation effective 9-1-52.
- MOJE, WILLIAM, Research Assistant in Chemistry—resignation effective 7-1-52.
- NOVOTNY, ALBERT J., Fellow in Surgery—declination effective 7-1-52.
- ONGMAN, HARRY D., Research Assistant in Chemical Engineering (S)—resignation effective 6-30-52.
- RHINES, RUTH, Instructor in Medicine, in the College of Medicine—resignation effective 7-1-52.
- SHORE, FERDINAND J., Research Assistant in Physics (S)—resignation effective 5-16-52.
- SIMON, WILLIAM P., to give instruction in Social Work in the Summer Session of 1952—cancellation effective 6-13-52.
- SOHL, NORMAN F., to give instruction in Geology in the Summer Session of 1952—declination effective 8-15-52.
- STEIN, SEYMOUR, Assistant Professor of Psychiatry and Research Physiologist, in the Department of Psychiatry, in the College of Medicine—resignation effective 6-30-52.
- VAWTER, GORDON F., Experimental Pathologist in the Aeromedical and Physical Environment Laboratory, in the Chicago Professional Colleges—resignation effective 7-1-52.
- ZWEMER, JACK, Research Assistant in Bacteriology, in the College of Medicine—resignation effective 6-1-52.

LEAVES OF ABSENCE

- CLARK, JOHN W., Clinical Assistant Professor of Radiology (Rush), in the College of Medicine—leave of absence, without salary, for one year beginning January 1, 1952, so that he may devote full time to graduate research at Argonne National Laboratory.

CRONBACH, LEE J., Professor of Education, in the Bureau of Research and Service—leave of absence, without salary, July 16-August 30, 1952, so that he may accept a teaching assignment at Teachers College, Columbia University.

HAGAN, CHARLES B., Associate Professor of Political Science—leave of absence, without salary, for the academic year beginning September 1, 1952, so that he may work for the Department of State during that period.

HARRIS, WARREN S., Research Professor of Mechanical Engineering (S)—leave of absence, without salary, for two months beginning July 1, 1952, so that he may engage in consulting work during that period.

HOGAN, JAMES D., Professor of Art—leave of absence, April 7-June 15, 1952, on account of disability.

MEGINNIS, PAUL J., Instructor in Veterinary Clinical Medicine, in the College of Veterinary Medicine—leave of absence, with pay, July 15-September 15, 1952, so that he may carry on X-ray therapy studies at Cook County Hospital.

SCOVILL, HIRAM T., Professor of Accountancy, and Head of the Department of Business Organization and Operation—leave of absence, with pay, June 9-August 5, 1952, so that he may attend the International Congress on Accounting in London and to consult with accounting authorities in various countries.

DEGREES CONFERRED IN JUNE, 1952

The Secretary presented for record the following list of degrees conferred at the Commencement Exercises at Urbana on June 15 and at the Chicago Professional Colleges on June 19.

Summary

Degrees in the Graduate College, conferred at Urbana:

Doctor of Philosophy.....	110
Doctor of Education.....	2
Chemical Engineer.....	1
Mechanical Engineer.....	1
Master of Arts.....	100
Master of Science.....	352
Master of Music.....	12
Master of Education.....	58
Master of Social Work.....	15
Master of Fine Arts.....	7
Advanced Certificate in Education.....	4
<i>Total, Graduate College.....</i>	<i>662</i>

Degrees in Law, conferred at Urbana:

Bachelor of Science.....	4
Bachelor of Laws.....	51
Doctor of Law.....	4
<i>Total, Law.....</i>	<i>59</i>

Baccalaureate Degrees, conferred at Urbana:

Bachelor of Science, College of Agriculture.....	230
Bachelor of Science, College of Engineering.....	265
Bachelor of Arts, College of Liberal Arts and Sciences.....	295
Bachelor of Science, College of Liberal Arts and Sciences.....	258
Bachelor of Science, Library School.....	8

GRADUATE COLLEGE

Degree of Doctor of Philosophy

In Accountancy

WALTER GERRY KELL, B.B.A., M.B.A., University of Michigan, 1946, 1947
 CHARLES LAWRENCE, B.S., University of Denver, 1943; M.S., University of Colorado, 1948
 KWANG-CHI SIH, B.S., Chiao Tung University, 1946; M.S., 1950
 WILLIAM ADOLPH TERRILL, B.B.A., B.S., University of Cincinnati, 1938, 1940
 GLEN GIVENS YANKEE, A.B., Washburn College, 1939; A.M., 1941

In Agricultural Economics

WILBUR DAHL BUDDEMEIER, B.S., M.S., 1933, 1941
 REX FELTON DALY, B.S., Utah State Agricultural College, 1938; M.S., University of Maryland, 1939
 CARLOS CLIFTON ERWIN, A.B., Murray State College, 1939; M.S., University of Kentucky, 1948
 RICHARD CHIEN-WEN KAO, B.S., M.S., 1949, 1950
 THADDEUS JOSEPH OBAL, B.S., M.S., 1948, 1949
 FRANKLIN JACOB REISS, B.S., M.S., 1940, 1942
 WILLIAM NEIL THOMPSON, B.S., M.S., 1941, 1942
 WALTER JOE WILLS, B.S., M.S., 1936, 1937

In Agronomy

- DILIP KUMAR BANERJEE, B.Sc., Calcutta University, 1943; B.S., M.S., Cornell University, 1947, 1948
 HAROLD WESLEY GAUSMAN, B.S., University of Maine, 1949; M.S., 1950
 JEROME CLEMENT LYONS, B.S., M.S., 1947, 1948
 JAMES CLEMENS NEILL, B.S., Monmouth College, 1940; M.S., Iowa State College, 1948
 WILLIAM MAX ROSS, B.S., M.S., 1948, 1949
 FRED WARREN SLIFE, B.S., M.S., 1947, 1949

In Animal Nutrition

- PEI-HSING LIN, B.S., Ginling College, 1946; M.S., University of Massachusetts, 1949

In Animal Science

- JAMES DILLON KEMP, B.S., M.S., University of Kentucky, 1948, 1949
 MYRON WILLIAM PASVOGEL, B.S., M.S., 1936, 1949
 CLARENCE VERL ROSS, B.S., A.M., University of Missouri, 1938, 1948

In Bacteriology

- HARLYN ODELL HALVORSON, B.S., M.S., University of Minnesota, 1948, 1949
 MARCOS BORIS ROTMAN, Ch.E., Frederick Santa Maria Technical University, 1948
 RAQUEL BERTA SUSSMAN, Chemistry and Pharmacy, University of Chile, 1944

In Botany

- ROBERT AUGUST EVERS, B.S., Kansas State College, 1933; M.S., 1941

In Ceramic Engineering

- ARTHUR LEROY FRIEDBERG, B.S., M.S., 1941, 1947

In Chemical Engineering

- WILLIAM ARTHUR JUNK, JR., B.S., M.S., Pennsylvania State College, 1948, 1950
 RICHARD WARRING KUNSTMAN, B.Ch.E., University of Delaware, 1948

In Chemistry

- DONALD STANLEY ACKER, B.S., Allegheny College, 1949
 EUGENE P. BERTIN, JR., B.S., M.S., 1948, 1949
 HOMER JAMES BIRCH, B.S., Youngstown College, 1941; M.S., 1949
 DAVID BRUCE BRIGHT, B.Ch., University of Minnesota, 1949; M.S., 1950
 DAVID WILCOX CARLEY, A.B., Knox College, 1943; M.S., 1947
