(12) The Board of Trustees authorized the employment of architects for the preparation of plans and specifications for the expansion of residence halls on the Urbana campus. The program has been developed in two phases:

Phase I (Based on bids received)

Construction of a dormitory type permanent residence hall for 288 men.....	\$615 000
Modernization in Busey Hall (for women).....	15 000
<i>Sub-total, Phase I</i>	\$ 630 000

Phase II (Estimated)

Construction of new unit providing food service for 1,000 men and housing for 96 men.....	767 500
Converting food service area in present men's halls to housing for 76 men.....	35 200
Modernization of Evans Hall (for women).....	10 000
Refinancing present Men's Residence Halls bonds.....	260 100
<i>Sub-total, Phase II</i>	1 072 800
<i>Total</i>	\$1 702 800

To proceed with the first phase will require an appropriation from the General Reserve of \$223,000. Combined with a previous appropriation of \$27,000 for architectural work, this sum will provide an equity of \$250,000. Funds are available for this appropriation. The remaining \$380,000 is to be borrowed by a revenue bond issue. The Comptroller has investigated the market and believes there will be no difficulty in selling such bonds when the money is needed.

Plans for the second phase are nearing completion and bids will be received on September 1, 1951. The entire program will require a bond issue of \$1,500,000, including refunding of the present indebtedness on the Men's Residence Halls of \$260,100. This will be presented to the Board when bids have been received.

In the meantime, it is desirable to proceed with the first phase.

A request has been filed with the National Production Agency for "Authority to Begin Construction" on the first phase. The architects believe that such authority can be obtained and the necessary materials procured.

The Director of the Physical Plant and the Comptroller recommend award of contracts to the lowest bidders as follows, subject to receipt of authority to begin construction:

General work—John Felmley Company, Urbana.....	\$331 900
Heating, ventilating, and plumbing work—W. T. Mahoney and Sons, Chicago.....	94 837
Electrical work—Leverenz Electric Company, Danville.....	49 877

It is also recommended that Sargent and Lundy, Engineers, Chicago, be engaged, as an addition to their present contract for engineering services on the utilities distribution system, to design the necessary steam service connections at an estimated cost of \$1,100.

I concur and recommend that: (1) the Comptroller and Secretary of the Board of Trustees be authorized to execute the contracts as recommended; (2) an appropriation of \$223,000 be made from the General Reserve; (3) the Comptroller be authorized to secure bids on the revenue bonds and report the same to the Board; (4) Chapman and Cutler be employed as attorneys for the bond issue.

On motion of Mrs. Watkins, these contracts were awarded and authority was given as recommended, and an appropriation of \$223,000 was made from the General Reserve for 1950-1951 to the extent that funds are available therein and the remainder from the General Reserve for 1951-1952, this appropriation to be available until June 30, 1952. The vote on this motion was: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Stevenson.

**CONTRACT WITH MEDICAL CENTER STEAM COMPANY FOR
OPERATION OF STEAM HEATING PLANT FOR
CHICAGO PROFESSIONAL COLLEGES**

(13) The University has a contract with the Medical Center Steam Company for the construction and operation of a central steam heating plant and distribution system to serve University buildings and those of other institutions in the Medical Center District.

In setting up the operation of the plant, the Medical Center Steam Company has encountered difficulties due to differences in the terms and conditions of employment of University personnel and employees in other power plants. In addition, wage rates proposed for the Medical Center Steam Company plant are higher than rates paid by the Commonwealth Edison Company and this would ultimately affect the latter's wage negotiations.

The Medical Center Steam Company has suggested that the University operate the plant. The Company will assume the responsibility for completion of the construction and for operation of the plant until all operating problems resulting from construction are solved. This arrangement would have the further advantage of simplifying the University's supervision of the operation and may strengthen the University's position in claiming tax exemption of the plant from property taxes.

The Director of the Physical Plant and the Comptroller recommend that a contract be entered into with the Medical Center Steam Company whereby the University will take over the operation and maintenance of the plant.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Grange, this contract was authorized.

CONTRACT FOR ERECTION OF STORAGE BUILDING

(14) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$1,379 to Aluminum Sales Products, Champaign, the lowest bidder, for the erection of an aluminum storage building approximately 400 square feet in area including construction of a concrete floor. This building will be erected north of the Sanitary Engineering Laboratory and will be used by the Department of Civil Engineering for storage of equipment and supplies.

Funds are available in the current budget of the Physical Plant Department.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Hickman, this contract was authorized.

**CONTRACT FOR ENGINEERING SERVICES ON REMODELING
OF QUARTERS FOR PHYSICAL MEDICINE**

(15) The Director of the Physical Plant and the Comptroller recommend that the engineering firm of Samuel R. Lewis and Associates, Chicago, be employed to prepare plans and specifications for remodeling and air conditioning in the hydrotherapy pool quarters of the Department of Physical Medicine, College of Medicine, and for supervision of the remodeling work.

This firm has offered to provide the necessary engineering and supervisory services for a fee of 10 per cent of the contract price of the remodeling, but not to exceed \$2,000, 60 per cent of the fee to be paid when plans are accepted and the balance in installments proportional to payments to contractors during the course of the remodeling work. It is estimated that the preparation of plans and specifications will cost approximately \$1,500 and there will be no further payment under this contract unless remodeling is undertaken.

Funds are available in the Physical Plant Department budget.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract with Samuel R. Lewis and Associates in accordance with the terms stated above.

On motion of Mr. Megran, this contract was authorized.

LEASE OF QUARTERS IN LASALLE HOTEL FOR ILLINI CENTER

(16) The University leases quarters in the LaSalle Hotel for the Illini Center. The first lease was for two years ending June 30, 1949, with the right of the University

to renew for three successive two-year periods and with the right reserved by the lessor to require an adjustment in rental on the occasion of each renewal.

The rent paid during 1949-1950 was \$5,400 and during 1950-1951, \$6,000. The hotel requests a rental of \$6,900 per year for the period of 1951-1953. The present rental is \$2.00 per square foot and the proposed rental, \$2.30 per square foot. The rent is reasonable in comparison with other leases of space of that kind in Chicago.

I recommend that the Comptroller be authorized to extend this lease for two years ending June 30, 1953, at a rental of \$6,900 per year.

On motion of Mrs. Holt, extension of this lease on the terms recommended was authorized.

ADDITION TO CONTRACT FOR CONSTRUCTION OF PARKING LOT

(17) On November 24, 1950, the Board of Trustees approved an addition to the contract with the Champaign Asphalt Company for an entrance way from Goodwin Avenue to the Green Street parking lot. This entrance was through the property of 202 South Goodwin Avenue. Later it was determined that the house at this location should be removed and this has made it possible to construct parking spaces for thirty-eight cars. On January 23, 1951, the Board of Trustees made an appropriation for these additional parking facilities.

The Director of the Physical Plant and the Comptroller recommend an increase in the contract with the Champaign Asphalt Company in the amount of \$1,855.75 to provide for the additional work.

I concur.

On motion of Mr. Fornof, this increase in the contract was authorized.

GRANT FROM W. K. KELLOGG FOUNDATION

(18) The W. K. Kellogg Foundation of Battle Creek, Michigan, has approved a grant of \$245,350, payable to the University of Illinois in installments over a five-year period, in support of a project to strengthen educational broadcasting at the University of Illinois and at other universities which have educational radio stations. The proposal for this grant was submitted by Dean Wilbur Schramm on behalf of the National Association of Educational Broadcasters. Headquarters of the project will be at the University of Illinois which is the center of the NAEB tape network. This network serves as a clearing house for exchanges of recorded programs among educational broadcasting stations. It also will produce original programs for distribution.

The grant will make it possible for the University to buy much-needed equipment and will contribute substantially to the operating costs of the network. Funds will be available for employment of a project director and other personnel, for annual educational seminars (to be held at Robert Allerton Park), for fellowships and conferences, and for research on educational broadcasting.

Having accepted the grant, I request confirmation of this action.

On motion of Mr. Johnston, the action of the President was confirmed.

RELEASE OF POTENTIALLY PATENTABLE DISCOVERY

(19) Director Mark H. Hindsley of the University Bands has invented a device which can be incorporated into wind instruments for correcting intonation difficulties while the instruments are being played. He did this at his own expense and on his own time. In view of this, it is recommended that the discovery be released to him for patenting in his own right if he so desires.

On motion of Mr. Herrick, this recommendation was approved.

OFFER OF GIFT OF TELEVISION TRANSMITTER FROM GENERAL ELECTRIC

(20) The General Electric Company has formally offered to donate to the University a high-channel television transmitter valued at \$90,000. This will require an expenditure of \$9,500 by the University for repairs, costs of packing and shipping. A special appropriation is being recommended separately for this.

Negotiations for this acquisition have been carried on by Dean William L.

Everitt of the College of Engineering and Dean Wilbur Schramm of the Division of Communications.

I recommend that this offer be accepted, with appropriate acknowledgment to the General Electric Company.

On motion of Mrs. Watkins, this offer was accepted.

ESTATE OF ALBERT BELLAMY

(21) On September 29, 1950, a report was rendered to the Board on the bequest of Mr. Albert Bellamy, a graduate of the University in 1881, who died January 13, 1948.

There has now been received from the Executor of the Estate an additional sum of \$5,099.21 as the final distribution, with the result that the total amount received by the University under such bequest is \$60,961.30.

The section of the will relating to the use of the bequest is not specific, merely providing that it is to be used "in assisting needy students to acquire an education."

The use of these funds has been considered by the Chairman of the Committee on Special Undergraduate Scholarships, the Comptroller, and the Assistant to the Legal Counsel, and it is the opinion of these officers that it is entirely proper and desirable that the principal of this bequest be held intact, to function as an endowment fund, and that the income be used for undergraduate scholarships, to be administered by the University committee established for this purpose. Such proposed use of the bequest has been presented to the Administrator *de bonis non* with the will annexed who is the son of the Executor appointed in the will and he states that from conversations with his father he knows the purposes of Mr. Bellamy in respect to this bequest and he believes the proposed use of the fund meets those purposes. Therefore, the Chairman of the Committee on Special Undergraduate Scholarships and the Comptroller recommend that the principal and income of this fund be held and used in this manner.

I concur.

On motion of Mr. Grange, the plan recommended for the use of these funds was approved.

On motion of Mrs. Holt, these certificates were awarded.

**CONTRACT FOR INSTALLATION OF AIR CONDITIONING IN
EXPERIMENTAL QUARTERS IN DENTISTRY, MEDICINE,
AND PHARMACY BUILDING**

(26) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$2,973 to the Narowetz Heating and Ventilating Company, Chicago, the lowest bidder, for installation of air-conditioning equipment in one of the rooms in the Dentistry, Medicine, and Pharmacy Building which is being remodeled for housing an experimental colony of mice being brought to the University by Dr. Arthur Kirschbaum who has recently been appointed Head of the Department of Anatomy. He is using this colony for important research work on cancer for which he has received outside grants of funds.

Funds are available in an appropriation made by the Board of Trustees for this remodeling.

I concur and recommend that the Comptroller and Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was authorized.

LEAVE OF ABSENCE FOR DIRECTOR W. ELLISON CHALMERS

(27) Professor W. Ellison Chalmers, Director of the Institute of Labor and Industrial Relations, has been asked to serve on the staff of the Wage Stabilization Board in Washington and has requested leave of absence without pay. I have approved this leave for the period beginning June 20, 1951, through August 31, 1952, and request confirmation of my action.

I shall nominate an Acting Director later. In the meantime, Professor Milton Derber will act.

On motion of Mrs. Watkins, this leave was confirmed.

COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION

(28) President Stoddard reported on the status of faculty consideration of proposals for changes in the organization of the College of Commerce and Business Administration now before the Board of Trustees on which action by the Board was deferred when these proposals were presented on May 18, 1951. He stated that Acting Dean R. R. Hudelson of the College has requested more time for the study now under way and has suggested further postponement of a decision until the July meeting of the Board.

President Livingston presented a letter from Mr. Henry C. Hawes, Chairman of the College of Commerce and Business Administration Advisory Committee, stating that his Committee has been studying the reorganization recommended to the Board and has obtained information from the Acting Dean and members of the

Executive Committee of the College, but that it is unable to submit a report at this time. The Advisory Committee expects to have its report completed by the end of June.

Further consideration of this matter was postponed.

LETTERS FROM JOHN H. LYLE AND DONALD L. KEMMERER

President Livingston reported that he had received letters from Mr. John H. Lyle, Attorney, Chicago, Illinois, and one from Professor Donald L. Kemmerer of the Department of Economics relating to certain matters of Board of Trustees policy, and that he was referring these letters to the Committee on General Policy for appropriate consideration.

COMMITTEE ON NONACADEMIC PERSONNEL

Mr. Grange, for the Committee on Civil Service and Employees, offered the following amendment of the By-Laws of the Board:

As Chairman of the Committee on Civil Service and Employees, I propose that Article IV, Section 6, of the By-Laws be amended by striking from the list of regular or standing committees the words "Civil Service and Employees" and inserting in lieu thereof the words "Nonacademic Personnel."

On motion of Mr. Grange, this amendment was adopted by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Stevenson.

UNIVERSITY OF ILLINOIS LEGISLATION

The Secretary of the Board reported, as a matter of official information and record, that he has received certified copies of the following acts of the Sixty-seventh General Assembly of Illinois, making appropriations to the University:

SENATE BILL 399. "An Act to provide for the ordinary and contingent expenses of the University of Illinois." (Approved by the Governor.)

This is the appropriation for the operation of the University for the two years beginning July 1, 1951.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

July 25, 1951

The July meeting of the Board of Trustees of the University of Illinois was held in the Illini Union Building, Urbana, Illinois, on Wednesday, July 25, 1951, beginning at 11:00 a.m. (C.D.S.T.).

The following members were present: President Livingston, Mr. Fornof, Mr. Grange, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, and Mrs. Watkins.

Also present were President George D. Stoddard, Provost Coleman R. Griffith, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Information, Mr. Lloyd Morey, Comptroller, and Mr. A. J. Janata, Secretary of the Board.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of May 18, 1951, press proof copies of which had been sent to all members of the Board in advance of this meeting.

On motion of Mr. Fornof, these minutes were approved as printed on pages 687 to 734, inclusive.

REPORT OF THE EXECUTIVE COMMITTEE

The Secretary presented the following report of the Executive Committee.

MEETING OF THE EXECUTIVE COMMITTEE

JULY 5, 1951

On call of the Chairman, the Executive Committee of the Board of Trustees of the University of Illinois met in the University Club, 76 East Monroe Street, Chicago, Illinois, at 12:30 p.m. (C.D.S.T.) on Thursday, July 5, 1951.

The following, constituting all members of the Executive Committee, were present: Chairman Park Livingston, Mr. Herbert B. Megran, and Mrs. Frances B. Watkins. Also present were Messrs. Lloyd Morey, Comptroller, and A. J. Janata, Secretary of the Board. Messrs. John R. Fornof and Wayne A. Johnston of the Finance Committee (Mrs. Watkins being the third member) were present during the first part of the meeting.

REPORTS OF THE FINANCE COMMITTEE**Depository for George A. Miller Fund**

The Finance Committee has considered the matter of safekeeping of securities and advice as to investments of the proceeds of the bequest of the late Professor George A. Miller and recommends that the Trust Department of the Continental Illinois National Bank and Trust Company of Chicago be selected for these services. The bank offers to handle this account during the first year for a fee of \$2,000 on the understanding that the total assets of the fund are estimated at \$750,000 and that the services will consist of investment of cash (rather than servicing of securities presently held by the estate) and safekeeping and continuous supervision of the account.

The Finance Committee recommends that this arrangement be approved and that the Comptroller be authorized to execute an appropriate memorandum of understanding with the Continental Illinois National Bank and Trust Company. This recommendation is being made to the Executive Committee since it was empowered by the Board of Trustees to represent the interests of the University and to take any actions necessary in connection with this bequest.

On motion of Mrs. Watkins, this recommendation was approved and the Comptroller was authorized to execute the necessary documents to implement this arrangement.

Sale and Purchases of Securities Representing Investments of Endowment Funds

The Finance Committee reported that it has reviewed the investments of permanent endowment funds with representatives of the Trust Department of the First National Bank of Chicago, the University's investment counsel, and recommends the following changes in such investments:

On motion of Mrs. Watkins, these recommendations were approved, and the following resolution was adopted:

Resolution of Executive Committee Pertaining to Sales of Securities

WHEREAS, the Board of Trustees of the University of Illinois, a public corporation, incorporated under the laws of the state of Illinois, owns the following securities, which are investments of permanent endowment funds:

Preferred Stocks: 150 shares Heyden Chemical Corporation 3½%; 200 shares Jewel Tea 3¾%; 45 shares Southern California Edison 4.48%.

Common Stocks: 170 shares General Electric; 200 shares Underwood Corporation; 264 shares Abbott Laboratories; 45 shares American Tobacco; 200 shares General Foods; 150 shares J. C. Penney; 200 shares F. W. Woolworth Company; 425 shares Commonwealth Edison; 220 shares Pacific Gas and Electric; 120 shares Illinois Power Company.

Bonds: \$2,000 U. S. Treasury 2%, 9/15/53-51; \$100 U. S. Treasury 2½%, 3/15/54-52; \$1,000 U. S. Treasury 2½%, 3/15/71-66; \$32,000 U. S. Savings Series G, 2½% (\$22,000 due 1/1/62, \$2,000 due 3/1/62, \$8,000 due 6/1/62); \$2,000 U. S. Treasury, various issues.

AND WHEREAS Article IV (Committees of the Board) of the By-Laws of the Board of Trustees of the University of Illinois (1941) reads as follows:

"At the annual meeting in March of each year, the Board shall elect two members of an 'Executive Committee,' consisting of three members, the President of the Board to be Chairman ex-officio, which members shall hold office for one year, or until their successors have been elected.

"Said Committee shall possess all the powers of the Board when in session, provided that it shall not overrule, revise, or change the previous acts of the Board, or take from regular or special committees any business referred to them by the Board.

"It shall not have power to lease, sell, or purchase real estate unless previously authorized by the Board in session or a majority of the members individually in writing."

AND WHEREAS the Finance Committee of the Board of Trustees has recommended to the Executive Committee that it is to the best interest of the University to dispose of the above listed securities at this time, and the Executive Committee of the Board of Trustees has approved such sale,

Now therefore be it resolved by the Executive Committee of the Board of Trustees of the University of Illinois in a duly constituted meeting on July 5, 1951, at Chicago, Illinois, that the securities listed above be sold at this time at the best price obtainable, and that Lloyd Morey, Comptroller, and A. J. Janata, Secretary, be authorized to execute any and all documents necessary to complete such sale.

At this point, Messrs. Fornof and Johnston withdrew.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Executive Committee considered the following recommendations and reports from the President of the University submitted for him by the Secretary of the Board,

PURCHASE OF RESIDENCE PROPERTY FOR FACULTY HOUSING

(1) The Board of Trustees has authorized the Executive Committee to purchase an additional residence property as part of the special program of residence property acquisitions for faculty housing.

The purchase of the property at 706 West Indiana Avenue, Urbana, at a price of \$25,000 is recommended. There is submitted with this recommendation a description of the property and a real estate appraisal. The property was on the market at \$26,000, but the owner has agreed to sell it at the appraisal figure of \$25,000.

A special appropriation of \$25,000 from the General Reserve for the purchase of this property is also recommended.

On motion of Mrs. Watkins, the purchase of this property was authorized and an appropriation of \$25,000 was made for this purpose from the General Reserve by the following vote: Aye, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, none.

CONTRACT FOR ENGINEERING SERVICES

(2) The Director of the Physical Plant and the Comptroller recommend a contract with E. C. Manthei, Champaign, to provide for the necessary mechanical drawings, specifications, and contractual documents for the electrical, plumbing, heating, ventilating, and refrigeration work required for the following projects:

1. West addition to the Stock Pavilion.
2. Modernization of the present transformer vault facilities at the Stock Pavilion.
3. Agricultural Engineering Addition.

The contract will provide for payment of five per cent of the low bids for the mechanical work.

Funds are available in the state appropriation for capital improvements for this contract.

The President concurs and recommends that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Megran, this contract was authorized.

PURCHASE OF FEEDER CATTLE

(3) It is difficult to predict in advance and secure approval for the purchase of cattle in the feeding programs at the University. The availability of cattle and feed and the relative prices for the different grades of feeder cattle make any program subject to many changes. Advanced approval is necessary since the

purchase of such cattle must be completed at market prices immediately. Next year there will be greater than the usual variations because of the rulings of the Office of Price Stabilization.

It is recommended that the Comptroller be authorized to complete the purchase of cattle at market prices upon recommendation of the Dean of the College of Agriculture and when funds are available for such purchases.

On motion of Mrs. Watkins, authority was granted as recommended.

PURCHASES

On motion of Mr. Megran, these purchases were authorized.

UNIVERSITY OF ILLINOIS AIRPORT IMPROVEMENTS

(5) On March 13, 1951, the Board of Trustees approved a program of improvements at the Airport in cooperation with the Civil Aeronautics Administration and the State Department of Aeronautics on a fund-matching basis. The improvements include the resurfacing of the entrance road, drainage improvements, parking areas, resurfacing roads to airplane hangars, sewage disposal plant, and utility extensions and connections. Original allocations of funds for these improvements were: \$60,000 from the Civil Aeronautics Administration, \$45,000 from the State Department of Aeronautics, and \$45,000 from the University. The Board authorized the State Department of Aeronautics to act as its agent in preparing plans, advertising for bids, receiving bids, and supervising and conducting the letting and awarding of contracts upon the approval of the University Board of Trustees.

The State Department of Aeronautics sent invitations to bid to more than three hundred contractors in Illinois and advertised twice in Champaign-Urbana newspapers. The only bids received are from the General Paving Company, Champaign, on the resurfacing of the access road connecting the Airport with U. S. Highway 45, including certain drainage improvements, resurfacing part of the parking areas, and resurfacing drives leading to hangars. The bids are \$130,527.12 if the access road is resurfaced with concrete and \$107,242.69 if with

asphalt. The sewage disposal plant is not included in these bids. The engineers of all participating agencies recommend the acceptance of the bid on the concrete road.

By changes in the improvements of certain parking areas and drainage, the total bid for a concrete entrance road and other improvements excluding the sewer disposal unit has been reduced to \$105,000. The project has been revised whereby the Civil Aeronautics Administration will contribute \$52,000 and the State Department of Aeronautics will contribute \$62,500. This is adequate to pay for the reduced contract with the General Paving Company. The University will complete the sewage disposal improvements within the funds appropriated by the Board of Trustees for the University's share of the project.

Since the University is the sponsor of the project, it was required by the Civil Aeronautics Administration to authorize the State Department of Aeronautics to execute the contract with the General Paving Company even though no University funds are involved in this phase of the work. This authorization has been given.

The Sixty-seventh General Assembly has enacted a law authorizing publicly supported institutions of higher education to acquire by agreement with highway officials jurisdiction over public streets and roads which adjoin or which may be used as access roads to the Airport owned by such institutions. Local highway authorities will enter into an agreement with the University giving such jurisdiction and control of the access road to the Airport.

The Director of the Institute of Aviation and the Comptroller recommend (a) Authorization of the grant agreement and all representations and covenants contained therein as outlined above and authorization of the State Department of Aeronautics, as Agent of the University, to execute a contract for \$105,000 with the General Paving Company, Champaign, for the Airport improvements.

(b) Authorization of an agreement between the University and local highway officials under which the University of Illinois will assume jurisdiction, control, and responsibility for maintenance of the access road to the Airport.

It is recommended that the Comptroller and the Secretary of the Board be authorized to execute all necessary implementing documents.

On motion of Mrs. Watkins, authority was granted as recommended.

CONTRACT FOR INSTALLATION OF GAS REGULATORS IN HOUSING UNITS

(6) Most of the temporary family housing units serviced by gas for heating and cooking were provided with constant pressure gas regulators at the time the buildings were moved to the campus, but ninety-two of these buildings in the Stadium Terrace area were not so equipped. At present gas pressure varies so much that a flame in a burner not equipped with a regulator is sometimes extinguished, thus creating a hazard.

The Director of the Physical Plant and the Comptroller recommend award of a contract for \$2,473 to the Champaign Plumbing and Heating Company, Champaign, the lowest bidder, for the installation of gas pressure regulators in these ninety-two buildings. Funds are available in the income from operations of these buildings.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Megran, this contract was authorized.

REMODELING OF ENGINEERING RESEARCH LABORATORY

(7) The Board of Trustees has authorized the interior remodeling of the Engineering Research Laboratory (the former Physical Plant Service Building) to provide suitable quarters for research. Contracts were awarded and an assignment of \$320,000 was made for this remodeling at the meeting of the Board on May 20, 1950.

The original contracts did not include completion of the third and fourth floors which had been eliminated in order to reduce the remodeling cost. On

February 15, 1951, the Board authorized further work on the third and fourth floors and made a supplementary assignment of \$40,000 for this construction, including extensions of the necessary utilities.

The Control Systems Laboratory, a classified research project of great importance to national security, has now been assigned all four floors of the building. The Electronic Digital Computer will be an integral part of the Control Systems Laboratory, occupying the second floor. Research in physics of the solid state will also be carried on in this building. A liquid nitrogen plant serving the entire University will be housed in the basement.

These activities require a return to the original plans for the remodeling of the building which had been altered to reduce the cost. The nature of some of these experimental programs requires air conditioning of the second, third, and one-half of the fourth floor, and the installation of a freight elevator. Alteration of the basement area is also necessary to provide space for equipment. Additional work on the third and fourth floors is needed to provide suitable laboratories and offices. It is estimated that approximately \$200,000 of additional funds will be required to complete the remodeling according to original plans and to provide adequate facilities for research projects to which the University is committed. As a result, the University will have an excellent research building which will be available for research in several areas of physics and engineering.

The Provost, acting in the absence of the President, recommends that this additional construction be authorized.

The Physical Plant Department estimates that the program of remodeling heretofore authorized can be completed, with the exception of changes from incandescent to fluorescent lighting to conserve power, by September 1, 1951. The additional construction now recommended can be substantially completed by January 1, 1952, with the exceptions that the basement area and the first and second floors will be without ventilation and that the air conditioning will not be in operation because of the lack of power and fan coils. To meet these deadlines, immediate authorization of the additional construction work and installations is indicated. Utilization of approximately \$100,000 of government funds for the purchase of equipment and, in fact, retention of the Control Systems Laboratory at the University of Illinois are major considerations. Accordingly, the Provost, with the advice of the Physical Plant Department, recommends that

(a) Authority be given to negotiate with the present contractors for change orders for the removal of existing ventilating ducts on the second floor and the installation of other ducts in order to provide for the air conditioning of this floor.

(b) Authority be given to negotiate with the present contractors for the completion of all additional construction except for the installation of an elevator on which competitive bids will be taken.

(c) Authority be given to purchase critical materials and to execute construction change orders on an emergency basis.

On motion of Mrs. Watkins, the Executive Committee

(a) Authorized the additional construction and remodeling.

(b) Authorized the Comptroller and the Director of the Physical Plant to negotiate with the present contractors for the additional construction and remodeling work.

(c) Authorized the President of the University to approve purchases of critical materials and equipment and the execution of construction change orders.

(d) Authorized the securing of competitive bids on the installation of a freight elevator.

(e) Made an appropriation of \$200,000 of which \$100,000 is to be assigned from the state appropriation for 1951-1953 "For remodeling, modernization, and improvement of existing buildings at Urbana-

Champaign," and \$100,000 is to be assigned from United States government contract funds.

These actions were taken by the following vote: Aye, Mr. Livingston, Mr. Megrn, and Mrs. Watkins; no, none; absent, none.

**SERVICES OF DR. CARROLL L. BIRCH TO THE
DEPARTMENT OF STATE**

(8) The United States Department of State has requested the services of Dr. Carroll L. Birch, Professor of Medicine, whereby she will be loaned to the Technical Cooperation Administration of the Department to serve as Principal of the Lady Hardinge Medical School in New Delhi, India, for one year. The Department has proposed a formal agreement between the University of Illinois and the United States of America under which the government will give the University sufficient funds to pay Dr. Birch's salary, transportation to and from India, and other expenses incidental to this service.

The Dean of the College of Medicine and the Vice-President in charge of the Chicago Professional Colleges recommend release of Dr. Birch for this assignment and approval of the proposed arrangements.

The Provost, acting for the President, concurs.

On motion of Mrs. Watkins, this recommendation was approved.

The Committee adjourned.

APPOINTMENTS TO THE FACULTY

(2) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. PAUL ADAMS BECK, Research Professor of Physical Metallurgy, in the Department of Mining and Metallurgical Engineering, beginning September 1, 1951, at an annual salary of \$10,000 (AY).

2. DAVID Y. CURTIN, Assistant Professor of Chemistry, beginning September 1, 1951, at an annual salary of \$5,500 (B).

3. EUNICE DOWSE, Assistant Dean of Women, beginning September 1, 1951, at an annual salary of \$4,800 (DY).

4. MARGARET H. KEENEY, Clinical Director and Assistant Professor of Occupational Therapy, College of Medicine, beginning September 1, 1951, at an annual salary of \$5,000 (DY).

5. FREDERIC MEYERS, Associate Professor of Labor and Industrial Relations, beginning September 1, 1951, at an annual salary of \$6,300 (DY).

6. GENEVA E. MILLER, Assistant to Coordinator of Nursing Education, with rank of Assistant Professor, beginning June 1, 1951, at an annual salary of \$5,100 (DY).

7. JAMES THOMAS MOORE, JR., Assistant Professor of Education, beginning September 1, 1951, at an annual salary of \$4,500 (B).

8. JOHN HOWARD PAZUR, Assistant Professor of Biological Chemistry, College of Medicine, beginning September 1, 1951, at an annual salary of \$4,500 (B).

9. MAX STONE PETERS, Assistant Professor of Chemistry, beginning September 1, 1951, at an annual salary of \$4,800 (B).

10. HJALMAR ROSEN, Assistant Professor of Psychology, Institute of Labor and Industrial Relations, beginning September 1, 1951, at an annual salary of \$4,900 (BY).

11. CHARLES KENNETH WHITEHAIR, Associate Professor of Veterinary Physiology and Pharmacology, College of Veterinary Medicine and Agricultural Experiment Station, beginning February 1, 1952, at an annual salary of \$6,700 (AY).

On motion of Mr. Johnston, these appointments were confirmed.

DIRECTORSHIP OF THE SMALL HOMES COUNCIL

(3) Professor William H. Scheick of the Department of Architecture and Director of the Small Homes Council has submitted his resignation effective September 1, 1951. He has been on leave of absence without pay since September 1, 1949, serving as Director of the Building Research Advisory Board of the National Research Council. He was released by the University for this service for the year 1949-1950 during which he organized the Building Research Advisory Board and initiated research projects. At the urgent request of the National Research Council, he was given leave of absence for another year. Now the officers of the Council and of the National Academy of Sciences have asked him to continue in this assignment indefinitely, and he has decided to stay with the Board.

I have accepted his resignation and request confirmation of my action.

I recommend also that Professor James T. Lendrum of the Department of Architecture and Associate Director of the Small Homes Council, who has been serving as Acting Director during Professor Scheick's absence, be appointed Director effective September 1, 1951, at a salary of \$9,000 a year (Y basis).

On motion of Mr. Nickell, the action of the President was confirmed and the appointment of Professor Lendrum was approved.

SCHOLARSHIPS IN LAW

(4) The Dean of the College of Law recommends that there be established ten scholarships at \$250 each plus exemption from tuition, to be made available each year to beginning law students selected on the basis of scholarship and promise of achievement and renewable as the holders progress through the years of their attendance. The renewal in each case would be conditioned upon the student having made (1) at least a B average in his first year to be eligible for a scholarship in his second year and (2) at least a B average in his law work for two years to be eligible for a scholarship in his third year.

These scholarships will be awarded by a committee of the faculty of the College of Law. Provision for the scholarships has been made in the budget for 1951-1952.

I concur.

This proposal was referred to the Committee on General Policy for consideration and advice.

UNIVERSITY CIVIL SERVICE SYSTEM OF ILLINOIS

(5) The Sixty-seventh General Assembly has passed and the Governor has approved a bill for an Act which creates a classified civil service system to be known as the "University Civil Service System of Illinois," the purpose of which is to

establish a sound program of personnel administration for the six state-supported institutions of higher education and the University Retirement System of Illinois. All certifications, appointments, and promotions to positions in these agencies and institutions shall be made solely on merit and fitness to be ascertained on examination except those specifically exempted. All University of Illinois employees heretofore under the University's Civil Service System will come under the new state-wide system. This Act becomes effective January 1, 1952.

The Act creating the University Civil Service System is to be administered by a Merit Board consisting of three members of the Board of Trustees of the University of Illinois, one member of the Teachers College Board, and one member of the Board of Trustees of Southern Illinois University.

The Director of Nonacademic Personnel recommends that the three members from the University of Illinois Board of Trustees be elected now so that the Merit Board can get organized and much of the preliminary work can be done prior to the date when the new system will begin to function.

I concur.

On nomination of Mr. Johnston, Messrs. Grange and Hickman and Mrs. Holt were elected representatives of the Board of Trustees of the University of Illinois on the Merit Board of the University Civil Service System of Illinois.

SCHOOL OF SOCIAL WORK

(6) The Division of Social Welfare Administration is an independent educational and administrative unit not attached to any college or school within the University's organization. The Director of the Division reports directly to the President of the University. The faculty of the Division recommends that its name be changed to the School of Social Work. This is in conformity with the practice in most other institutions.

I concur in this recommendation, this change to become effective as of July 1, 1951.

On motion of Mrs. Watkins, this recommendation was approved.

UNIVERSITY OF ILLINOIS LEGISLATION

(7) The Secretary of the Board reports, as a matter of official information and record, that he has received a certified copy of House Bill 613, Sixty-seventh General Assembly of Illinois, for "An Act making certain appropriations to the University of Illinois":

For remodeling, modernization, and improvement of existing buildings at Urbana-Champaign, including water reclamation installations, plans and specifications and fixed equipment installed relating thereto.....	\$1 047 000
For improvements to University grounds at Urbana-Champaign and of adjacent city streets.....	180 000
For architectural studies of proposed new Home Economics building.....	43 000
For contingencies to cover expenditures for purposes for which the amount appropriated in the above items enumerated is, or becomes, insufficient.....	65 000

These funds are subject to release by the Governor.

The President of the University recommends that the funds be appropriated for the purposes indicated.

On motion of Mr. Nickell, these funds were appropriated, as recommended, by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Stevenson.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(8) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

Chicago Professional Colleges

1. Remodeling of quarters and installation of air conditioning for the Department of Physical Education.....\$32 500
2. Equipment for the College of Pharmacy..... 1 000
3. Construction of parking area at the Chicago Professional Colleges..... 7 500

Urbana-Champaign Campus

4. Equipment for the Department of Entomology..... 4 500
5. Equipment (ten practice pianos) for the School of Music..... 6 000
6. Rehabilitation of refrigerating equipment in Ice Skating Rink..... 10 000
- Total*.....\$61 500

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Johnston, these funds were appropriated, as recommended, by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Stevenson.

AGREEMENT WITH THE CITY OF URBANA FOR MAINTENANCE OF LINCOLN AVENUE STORM SEWER

(9) On April 19, 1951, the Board of Trustees authorized the employment of engineers for the services and designing of a storm sewer along the road north and immediately in front of the Floriculture and Vegetable Greenhouses to connect with the Lincoln Avenue storm sewer in Urbana. These plans will provide for the ultimate draining of the area in the immediate vicinity of the greenhouses and a larger area extending west as far as the site of the proposed new residence hall for men on Fourth Street.

While the actual construction of this drainage system is scheduled for the future, it is desirable that the University come to an understanding with the city of Urbana as to the cost to be assumed by the University when the improvement is made and the connection completed with the Lincoln Avenue storm sewer. With this improvement, the University will be using approximately 71 per cent of the sewer capacity of the Lincoln Avenue storm sewer. It is proposed that the University pay 71 per cent of the cost of the maintenance of this storm drain beginning when the University starts to use the outlet and continuing as long as the sewer shall be used by the University. The area to be drained is described as follows:

Commencing at the center line of Fourth Street at a point West of the North line of Roselawn Cemetery, thence North to the South line of Gregory Drive, thence East to Wright Street extended, thence North to the North line of Gregory Drive, thence East to a point two hundred fifty feet (250') West of the center line of Mathews Avenue, thence North to the East-West center line of Sec. 18, T. 19N., R. 9E. of the 3rd P.M., thence East to the West line of Goodwin Avenue, thence North along the West line of Goodwin Avenue to the center line of Nevada Street, thence East along the center line of Nevada Street to Lincoln Avenue, thence South along the center line of Lincoln Avenue to the center line of Florida Avenue, thence West along the center line of Florida Avenue to the East line of Mount Hope Cemetery, thence North along the East line of Mount Hope Cemetery to the North boundary of said cemetery, thence West along the North boundaries of Mount Hope Cemetery and Roselawn Cemetery to the point of beginning.

The Director of the Physical Plant and the Comptroller recommend that this agreement with the city of Urbana be executed.

I concur.

On motion of Mrs. Holt, this agreement was authorized.

CONTRACT WITH OZARK AIR LINES FOR USE OF UNIVERSITY OF ILLINOIS AIRPORT

(10) The University has had a contract with Ozark Air Lines for the period January 1 to June 30, 1951, for use of the Airport. The schedule of charges is \$600 a month for general services furnished by the University and landing fees of \$100 for each of the first two schedules, \$50 each for the next four, and \$25 each for remaining schedules. The present schedule of six flights per day has produced an income from landing fees of \$400 per month.

The Director of the Institute of Aviation and the Comptroller have negotiated a contract with Ozark Air Lines for a two-year period from July 1, 1951, which does not require as much general service by the University as heretofore (Ozark will perform this with its own personnel). It provides for the following charges:

- (a) Landing fees of \$50 per schedule (a monthly income of \$300 based on present schedules).
- (b) \$75 per month for the rental of space occupied at the Airport.
- (c) Payment of \$220 per month for line service by University personnel as requested by Ozark but not to exceed ten schedules a day.
- (d) The University will sell gasoline to Ozark at cost plus a handling charge of five cents per gallon.

The contract may be terminated by either party upon thirty days' notice.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Grange, this contract was authorized.

CONTRACTS FOR CONSTRUCTION OF AN ADDITION TO THE STOCK PAVILION

(11) The Director of the Physical Plant and the Comptroller recommend award of contracts as follows for the construction of an addition to the Stock Pavilion to house an abattoir and a chilling room and construction of holding pens, subject to the receipt of authority to begin construction from the National Production Authority:

General work — C. A. Petry and Sons, Champaign.....	\$57 100
Plumbing, heating, and ventilating work — F. R. Inskip and Company, Champaign.....	38 700
Electrical work — Brunkow Electric Company, Champaign.....	5 050
Refrigerating installation — Punzak Air Conditioning and Sales Company, Springfield.....	2 857

These are the lowest bidders.

The total budget for this project is \$131,000. Funds are available for this project in (a) an appropriation of \$10,000 from the General Reserve Fund made by the Board of Trustees on April 10, 1951, for the construction of a chilling room; (b) \$61,000 from the state appropriations for 1951-1953 for remodeling and modernization of existing buildings which funds are subject to release by the Governor; (c) \$44,000 from the state appropriations for the construction of agricultural buildings made for 1949-1951, the unexpended balances in which were reappropriated for 1951-1953; (d) a proposed appropriation of \$16,000 from receipts from sales of agricultural products (this being excess of receipts over estimated income budgeted from this source).

Subsequent to receipt of bids, C. A. Petry and Sons submitted a proposal to change the construction of the cinder drives adjacent to this Stock Pavilion addition to stabilized 6 in. crushed stone with concrete curbs at a cost of \$4,944. This addition is recommended because of the lower maintenance cost of such a drive as compared with a cinder drive which was originally specified.

I concur and recommend that (a) an appropriation of \$16,000 be made for accumulated agricultural receipts for this project; (b) the Comptroller and the Secretary of the Board be authorized to execute contracts as recommended; (c) an addition of \$4,944 for the construction of crushed stone drives with concrete curbs be authorized in the general contract.

On motion of Mr. Nickell, this appropriation was made and the contracts authorized, as recommended, by the following vote: Aye, Mr.

Fornof, Mr. Grange, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Stevenson.

CONTRACTS FOR CONSTRUCTION OF AGRICULTURAL ENGINEERING ANNEX

(12) The Director of the Physical Plant and the Comptroller recommend award of contracts as follows for the construction of an annex to the Agricultural Engineering Building, subject to the receipt of authority to begin construction from the National Production Authority:

General work—C. A. Petry and Sons, Champaign.....	\$132 400
Electrical work—Brunkow Electric Company, Champaign.....	18 566
Plumbing, heating, ventilating, and temperature control work—Reliable Plumbing and Heating Company, Champaign.....	42 500

These are the lowest bidders.

The total budget for this project is \$225,000. Funds are available in the state appropriations for 1949-1951 for the construction of agricultural buildings, the unexpended balances in which have been reappropriated for 1951-1953.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mrs. Watkins, these contracts were authorized by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Stevenson.

CONTRACT FOR ARCHITECTURAL SERVICES FOR HOME ECONOMICS BUILDING

(13) The appropriations made to the University for 1951-1953 for capital improvements include \$43,000 (plus an allowance of \$2,000 for contingencies) for architectural studies of a proposed new home economics building.

The Dean of the College of Fine and Applied Arts, the Head of the Department of Architecture, the University Architect, and the Chairman of the Building Program Committee recommend employment of Naess and Murphy, Chicago, as architects for this building on the basis of a fee of 6 per cent of the construction cost for complete architectural services. For the present this firm would be employed to prepare complete preliminary studies only. It proposes to furnish such services at not to exceed 1.2 per cent of the estimated construction cost. No extra charge will be made for any time of the principals.

I recommend that a contract for the professional services of Naess and Murphy on this basis be authorized.

On motion of Mrs. Watkins, this contract was authorized.

CONTRACT FOR CONSTRUCTION OF PARKING LOT

(14) The Director of the Physical Plant and the Comptroller recommend award of contract for \$18,260 to the Champaign Asphalt Company, Champaign, the lowest bidder, for the construction of a parking area with concrete curbs and asphalt surfacing at 1108 West Green Street, Urbana, to be used by the occupants of the Student and Staff Apartment Buildings at Green Street and Goodwin Avenue.

Funds are available in the budget for the construction of the Student and Staff Apartment Buildings.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Grange, this contract was authorized.

CONTRACTS FOR MINOR ALTERATIONS

(15) In the past, the Board of Trustees has awarded contracts on a cost-plus basis for minor alterations and remodeling at Urbana-Champaign. These contracts have been awarded on a year-to-year basis. Work under these contracts is initiated

on individual order by the Physical Plant Department and is subject to approval by the Comptroller and to the availability of funds appropriated by the Board. The contractors are employed on jobs which are so small or of such a character as to make competitive bidding impractical, and not exceeding \$5,000 for any one authorization. This procedure has the advantage of permitting immediate starting of work after the Board has approved an appropriation and it eliminates the expense of preparing drawings and specifications required in securing competitive bids.

The Director of the Physical Plant and the Comptroller recommend award of the following cost-plus contracts based on competitive bids for the fiscal year beginning July 1, 1951, with the understanding that no orders will be placed under such contracts after June 30, 1952, and that all work will be handled in accordance with the procedure established.

General work—Clyde E. Gates, Champaign	Percentages of Charges for			
	Material	Labor	Subcontracts	Merchandising
On jobs				
Up to \$500.....	10	25	8	..
From \$500 to \$1,000.....	8	22½	8	..
From \$1,000 to \$3,000.....	8	20	8	..
Over \$3,000.....	8	19	8	..
Plumbing and heating—Reliable Plumbing & Heating Com- pany, Champaign				
On jobs				
Up to \$250.....	33⅓	33⅓	15	10
From \$250 to \$1,000.....	30	30	15	10
From \$1,000 to \$3,000.....	27	27	15	10
Over \$3,000.....	25	25	15	10
Electrical work—Anderson Elec- tric Company, Danville				
On jobs				
Up to \$200.....	10	24	8	10
From \$200 to \$1,000.....	10	24	8	10
Over \$1,000.....	8	21	7	10
Ventilating and sheet metal— Schroeder's Ventilating Company, Champaign				
On jobs				
Up to \$250.....	28	30	10	15
From \$250 to \$1,000.....	24	28	10	15
From \$1,000 to \$3,000.....	20	22	10	15
Over \$3,000.....	20	22	10	15

To determine the lowest bidders, all bids were weighed by applying the percentages in accordance with the probable type of work to be done under these contracts. The recommendations for awards are based upon those bids which in the judgment of Physical Plant Department officials will result in the lowest cost to the University. In plumbing and heating, electrical work, and sheet metal work, the materials required are usually in such small quantities that they are taken from contractors' stocks and, hence, a merchandising overhead percentage is added to the material costs percentage. If material is purchased by a contractor for delivery directly to the job, the merchandising overhead is not added.

I recommend that these contracts be awarded in accordance with the terms and conditions stated, the Comptroller to report to the Board periodically on all contracts initiated.

On motion of Mr. Fornof, these contracts were authorized, as recommended.

CONTRACT FOR ADDITION TO ELECTRICAL DISTRIBUTION SYSTEM AT CHICAGO PROFESSIONAL COLLEGES

(16) The University has an agreement with the Commonwealth Edison Company of Chicago which provides for a "multiple service and combined billing" plan for

the extension of the electrical distribution system at the Chicago Professional Colleges. Under this plan the University secured a reduction in the rates based on consumption of power delivered to all points on the Chicago campus. However, with the addition of each new station in the system, the University is required to enter into an "excess facilities agreement" with the Commonwealth Edison Company for the installation of the necessary distribution lines to deliver power to the new point.

The Director of the Physical Plant and the Comptroller recommend an additional payment of \$8,450 under this plan to the Commonwealth Edison Company for extension of distribution lines to provide electrical service for the student residence hall.

Funds are available for this contract in the budget for the construction of this building.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mrs. Watkins, this contract was authorized.

CONTRACT FOR ALTERATIONS IN VENTILATING SYSTEM IN THE DEPARTMENT OF PHYSICAL MEDICINE QUARTERS

(17) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$24,847 to the Narowetz Heating and Ventilating Company, Chicago, the lowest bidder, for changes in the ventilating system in the quarters of the Department of Physical Medicine. The work will consist of air conditioning the Hydrotherapy Pool Area, the Electromyographic Room, and additional ventilation for the receptionist's office, departmental waiting room, student demonstration and classroom, examining room, and staff conference rooms. An appropriation for this and other remodeling work for the Department of Physical Medicine is being recommended separately.

I recommend that this contract be authorized, subject to the appropriation of funds.

On motion of Mr. Nickell, this contract was authorized.

IMPROVEMENTS IN PRESIDENT'S HOUSE KITCHEN

(18) Bids have been received for the furnishing and installation of improvements in the kitchen at the President's House to provide additional facilities as follows:

Darrell E. Waechter, Pekin.....	\$3 736 00
Swain and Myers, Inc., Decatur.....	2 788 50
Harry F. Munds, Urbana.....	2 360 00

The bid of Mr. Waechter is based on steel construction, the other two on wood, all custom built.

Other general, electrical, and mechanical work incidental to these improvements is estimated at \$2,400, or a total estimated cost of the project of \$5,000.

The Director of the Physical Plant and the Comptroller recommend the award of a contract for \$2,360 to Harry F. Munds.

I recommend an appropriation of \$5,000 be made from the General Reserve Fund, and request that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Holt, this contract was authorized and an appropriation of \$5,000 was made from the General Reserve Fund by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Stevenson.

ENGINEERING SERVICES IN DESIGNING ADDITION TO TALBOT LABORATORY

(19) The University has a contract with E. C. Manthei, Champaign, for engineering services in designing and preparing specifications for electrical, plumbing, heating, and ventilating installations on minor projects. The fee is 6 per cent of the bids on the mechanical work for these trades on any project.

The Director of the Physical Plant and the Comptroller recommend that Mr. Manthei be employed at the same fee to develop the mechanical drawings, specifications, and contractual documents for the electrical, plumbing, heating, and ventilating installations required for an addition to the Talbot Laboratory.

I recommend that the Comptroller be authorized to execute an addition to the contract with E. C. Manthei covering this project.

On motion of Mr. Johnston, authority was given, as recommended.

ADDITION TO VENTILATING CONTRACT FOR CONSTRUCTION OF ANIMAL SCIENCES LABORATORY

(20) The Director of the Physical Plant and the Comptroller recommend an increase of \$5,741 in the contract with the Bloomer Heating and Ventilating Company, Chicago, for ventilating and air-conditioning installations in the construction of the Animal Sciences Laboratory for

Special ventilation of twenty air changes per hour in three rooms.....	\$3 754
Changes in ventilation required by rearrangement of rooms and equipment	
on the fourth floor.....	<u>1 987</u>
	\$5 741

These room changes were made to increase utilization of space to be assigned to the Department of Dairy Science.

The cost of this additional work has been checked by the architects, Naess and Murphy, and by the Physical Plant Department, who consider the charges reasonable.

Funds are available in the state appropriation for the construction of this building.

I concur and recommend that the Comptroller be authorized to execute this contract change.

On motion of Mr. Megran, authority was given, as recommended.

CONTRACTS FOR COMPRESSED AIR EQUIPMENT

(21) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$8,203 to the Pennsylvania Pump and Compressor Company, Easton, Pennsylvania, the lowest bidder, for an air compressor with accessories, \$6,077, and electric motor and controls, \$2,126, subject to an escalation of not to exceed 10 per cent of the price quoted on the motor. This compressor is needed for general services at the Abbott Power Plant.

Funds are available in the state appropriation to the University for "Construction of Extensions to Utility Distribution Systems."

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was authorized.

CONTRACT FOR PURCHASE OF COAL FOR URBANA-CHAMPAIGN DEPARTMENTS

(22) Bids have been received on uniform specifications for the purchase of 41,000 tons of coal screenings to be delivered to the Abbott Power Plant as required during the period from September 1, 1951, to May 31, 1952.

The Director of Purchases and the Comptroller recommend award of a contract to the Republic Coal and Coke Company, Chicago, the lowest bidder, for 1½ in. screenings coal to be furnished from their mine at a cost of \$3.85 f.o.b. mine, freight \$.99, total \$4.84; total estimated cost, \$198,440. This price is based on the present wage scale and is subject to increase or decrease in the event that wage contracts now in effect are changed. Any such change will affect the price to the extent that production costs are increased or decreased by the new contracts. The University has the right of approval of any such increase in price.

The lowest bid is determined by the number of British Thermal Units for one cent based on guaranteed analyses. A continuous check at the power plant is provided to insure compliance with specifications.

The contract is subject to approval by the Governor.

The Director of Purchases and the Comptroller also recommend purchase of approximately 2,600 tons of 1½ in. screenings coal, to be delivered to the Abbott Power Plant during August, 1951, from the Republic Coal and Coke Company, Chicago, the lowest bidder, at the same price of \$3.85 per ton, f.o.b. mine, plus freight at \$.99, total, \$4.84; total estimated cost, \$12,584. This is a firm price.

I concur in these recommendations.

On motion of Mrs. Holt, this contract and purchase were authorized.

AUTHORIZATION OF PURCHASES

(23) The University of Illinois Statutes include the following provision governing purchases which has been in effect for approximately seventeen years:

"Purchases shall be made on the basis of competitive prices wherever practicable, quality, suitability, and service considered. Purchases amounting to \$1,000 or more made from general funds or non-itemized appropriations shall be submitted to the Board of Trustees or to the Executive Committee, unless, in the opinion of the President of the University, urgent necessity exists that requires immediate action, in which case the President shall act and report promptly to the Board."

Materials and equipment needed for research are in short supply. In the case of research work for the Armed Forces, it is not always feasible to defer action on recommendations for purchases until a Board meeting.

Accordingly, to expedite purchasing procedure, I request a ruling by the Board of Trustees that the provision in the Statutes shall not apply to purchases under \$3,000 on government research contracts.

On motion of Mr. Johnston, the provision in the University of Illinois Statutes relating to purchases was amended to provide that all purchases amounting to \$2,500 or more shall be submitted to the Board of Trustees or to the Executive Committee for approval unless an emergency exists in which case the President of the University is authorized to act and to report his action to the Board.

PURCHASES

Purchases Authorized

(24) The following purchases were authorized by the President's Office on the recommendations of the Director of Purchases and the Comptroller.

RELEASE OF DISCOVERY OF CERAMIC COATING MATERIALS

(25) Professor Dwight G. Bennett of the Department of Ceramic Engineering reports the development by him and Associate Professor William J. Plankenhorn of new ceramic coating materials while working on research under a contract with the United States Air Force. These coatings have been found to protect alloy metal from high temperatures for long periods of time. The United States Air Force requests that appropriate patent coverage be obtained to protect the public interest. The Air Force will assume the full expense of securing a patent.

Since this discovery is a result of research work done under a contract with the United States Air Force and since the Air Force will use the results for the public good, the University Research Board recommends that the rights to this discovery be released to the Air Force. Two previous discoveries in the same field have been released by the University to the United States Government.

I concur in the recommendation that this discovery be released to the United States Air Force.

On motion of Mr. Grange, this discovery was released to the United States Air Force.

INTERNAL OPERATING BUDGET FOR 1951-1952

(26) I present the University's internal operating budget for all divisions and funds for the fiscal year beginning July 1, 1951, and for the academic and administrative appointments beginning September 1, 1951. This budget has been prepared by the Provost and the Comptroller in accordance with policies approved by the President and in conference with deans, directors, and other administrative officers.

I recommend that:

1. This budget, covering the allocation of the University's operating income from all sources for the year beginning July 1, 1951, be approved.

2. The President of the University be authorized, in accordance with the needs of the University and the equitable interests involved and within total income, to (a) make such changes and adjustments as are needed, (b) make such additional appointments as are necessary, subject to the provisions of the University Statutes, and (c) accept resignations. All such changes will be covered in the Comptroller's quarterly financial reports, or in reports to the Board by its Secretary.

On motion of Mr. Johnston this budget was approved as amended by increasing the salary of the President of the University to \$23,500 a year, effective July 1, 1951, the appropriations of funds as recommended were made, and authority was given as requested. These actions were taken by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Stevenson.

The complete budget as approved is printed in full in the appendix, page 880.

**INTERNAL BUDGET OF THE ATHLETIC ASSOCIATION
FOR 1951-1952**

(27) The Director of Intercollegiate Athletics submits, on behalf of the Board of Directors of the Athletic Association, the budget of the Association for 1951-1952 which is summarized as follows with comparative figures for the preceding year:

	1950-1951 Budget	1950-1951 Actual Income and Expense	1951-1952 Proposed
Income.....	\$807 607	\$821 759	\$764 075
Expenditures:			
Budget Appropriations.....	772 225	809 339	746 850
Special Appropriations.....	18 900	14 422	10 000
Total Expenditures.....	(791 125)	(823 761)	(756 850)
Excess of Income Over Expenditures.....	\$ 16 482	\$ 2 002 ¹	\$ 7 225

On July 1, 1950, the Athletic Association had a net operating surplus of \$47,360. The excess of expenditures over income of \$2,002 in 1950-1951 will decrease this surplus to \$45,358 on June 30, 1951.

The budget has been examined and approved by the Provost and the Comptroller. Salaries paid jointly by the Athletic Association and the School of Physical Education have been approved by the Director of the School.

The budget includes \$10,000 to be allocated by the Board of Directors for contingency expenditures, not to exceed \$1,000 for any one item. Estimated income exceeds the appropriations by \$7,225.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments, including approval of new appointments and acceptances of resignations, as are necessary and recommended by the Board of Directors of the Athletic Association within the total income realized.

¹ Excess of expenditures over income.

Copies of this budget have been filed with the Secretary and the Comptroller of the Board.

On motion of Mr. Hickman, this budget was approved.

APPROPRIATIONS FOR THE COLLEGE OF AGRICULTURE

(28) The Dean of the College of Agriculture and the Comptroller recommend additional appropriations of \$43,964 from agricultural income of the College of Agriculture. For the year ended June 30, 1951, both receipts and expenditures have exceeded estimates because of the rising prices. It is recommended that the excess receipts be appropriated to the departments realizing the income as follows:

Agricultural Engineering.....	\$ 1 014
Agronomy.....	1 431
Animal Science.....	30 148
Dairy Science.....	3 500
Dixon Springs.....	1 500
Horticulture.....	6 147
Veterinary Research.....	<u>224</u>
<i>Total</i>	\$43 964

I concur.

On motion of Mr. Nickell, these appropriations were made by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Stevenson.

ACTING DIRECTOR OF INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS

(29) I recommend that Professor Milton Derber be appointed Acting Director of the Institute of Labor and Industrial Relations for one year from September 1, 1951, replacing Director W. Ellison Chalmers who is on leave of absence without pay for government service, Professor Derber's status to be Professor of Economics in the Institute of Labor and Industrial Relations on indefinite tenure at a salary of \$8,850 a year (AY) and Acting Director (DY) at a salary of \$650, total for the year, \$9,500.

On motion of Mrs. Watkins, this appointment was approved.

CHANGE IN HOSPITAL AND MEDICAL SERVICE FEE

(30) Since September 1, 1943, all students at Urbana-Champaign, with certain exceptions as explained below, have been assessed a hospital and medical service fee of \$5 per semester or a prorated amount for shorter terms (e.g., \$2.50 for an eight-week summer session) which assures them of payments for specified hospital and medical expenses in cases of illness. This plan was adopted by the Board of Trustees on April 29, 1943. Shortly after it went into operation, exemptions from payment of the fee were approved by the Board (October 29, 1943), in cases of (a) extramural students; (b) correspondence students; (c) persons on appointment on the University staff or on the staffs of the allied surveys or laboratories on the Urbana campus; (d) those registered as visitors in classes; (e) students taking not more than one unit of graduate work or more than five hours of undergraduate work in a semester, or students taking not more than one-half unit of graduate work or more than three hours of undergraduate work in the eight-week summer session.

There is a loophole in these arrangements. It lies at the point of definition of a member of the staff. A person who has an appointment of any kind can claim to be a member of the staff and thus secure exemption from the hospital and medical insurance plan. It is precisely this group of persons, however, who fail to take advantage of the voluntary insurance plan for staff members. During recent years an increasing number of these persons have had illnesses or accidents, the bills for which they could not pay. The Office of the Dean of Students has had repeated requests for *ex post facto* admission to the insurance plan or for substantial aid from the student loan funds.

The Committee on Fees and Scholarships has reviewed the whole situation and now recommends that all resident students, including persons with part-time appointments to the staff, who are registered for more than one unit of graduate work or for more than five hours of undergraduate work be required to become members of the hospital and medical service plan for students.

I concur.

On motion of Mrs. Holt, this recommendation was approved.

DEPOSITARY FOR GEORGE A. MILLER FUND

(31) The Executive Committee on July 5, 1951, selected the Continental Illinois National Bank and Trust Company of Chicago, through its Trust Department, for safekeeping of securities and advice as to investments of the George A. Miller Fund. In connection therewith, the following resolution is required. It has been approved by the Legal Counsel and its adoption is recommended by the Comptroller.

Resolution

WHEREAS, under the will of the late Professor George A. Miller the Board of Trustees of the University of Illinois (hereinafter designated as The University) is to receive a certain bequest of cash and securities, and

WHEREAS, it is the present intention of The University that said bequest be held intact as an endowment fund, to be invested in stocks, bonds, or other income producing securities and the income accruing thereon disbursed for certain educational purposes as provided in said will, and

WHEREAS, it is deemed desirable that said securities be kept in a safe place, with the income collected by the safekeeping agency,

Now Therefore Be It Resolved, that the Continental Illinois National Bank and Trust Company of Chicago be and it hereby is designated as the depository and safekeeping agency, in which bonds, stocks, securities, and other properties acquired from the estate of the said George A. Miller, or purchased or otherwise acquired from funds received from said estate which are the property of The University, may be deposited by its officers, agents, and employees, and

Be It Further Resolved, that Lloyd Morey, Comptroller, and A. J. Janata, Secretary of the Board of Trustees, acting jointly, be authorized, as approved by this Board or its committees acting under due authority, and upon such terms and conditions as to them shall seem proper:

1. To deliver to and deposit with the Continental Illinois National Bank and Trust Company of Chicago for safekeeping, custody, or other purposes any funds, bonds, stocks, securities, or other property owned or otherwise held by The University received from said estate of George A. Miller, and in connection therewith to open and maintain with said Continental Illinois National Bank and Trust Company of Chicago a safekeeping or custody account or accounts and to make the initial deposit therein and from time to time to make other and additional deposits and to sign orders and issue instructions to said Continental Illinois National Bank and Trust Company of Chicago for the conduct of said account or accounts, and

2. To cause to be withdrawn on the responsibility of, and at the risk of The University, and to sign orders and issue instructions for the handling, transfer, registration, sale, substitution, exchange and delivery of, any such funds, bonds, stocks, securities, and other property and the proceeds thereof, delivered to, deposited with, or otherwise held by said Continental Illinois National Bank and Trust Company of Chicago for the account of The University. Such withdrawals, substitutions, exchanges, and deliveries, whether subject to payment or not and whether pursuant to sale, exchange, or other transaction, may also be made by the bearer of any order, receipt, or request so signed, and

3. To purchase with such funds bonds, stocks, securities, and other property and to sign orders and issue instructions in connection with the purchase, payment, and registration thereof, and

4. To sell, pledge, transfer, assign, exchange, deposit with any reorganization committee, bondholders protective, or other committee or otherwise dispose of any such bonds, stocks, securities, and other property belonging to or standing in the name of The University or its nominee or held by The University for the account of others, and to sign orders and issue instructions regarding the handling of any matters connected with such transactions, and

5. To identify and guarantee assignments, transfers, and endorsements for transfer on such bonds, stock certificates, interim, participation, and other certificates and to identify and guarantee signatures on bond and stock powers of attorney pertaining thereto, and

6. To waive presentment, demand, protest, and notice of dishonor or protest and to give instructions in regard to the handling or delivery of any negotiable or non-negotiable documents received from said estate or deposited in said account, and

7. To sign reconcilements and certify to the correctness of statements pertaining to said account and approve and authorize adjustments therein, and

8. To act for The University in the transaction of business pertaining to said account and to sign orders and issue instructions to the Continental Illinois National Bank and Trust Company of Chicago in connection with funds received from the estate of said George A. Miller, and

Be It Further Resolved, that the Continental Illinois National Bank and Trust Company of Chicago shall receive customary and reasonable compensation for the services specified herein, and

Be It Further Resolved, that A. J. Janata, Secretary of the Board of Trustees, be authorized to delegate to Everett G. Smith, Executive Clerk in the President's Office, and Maude Archdeacon, Chief Clerk in the Board of Trustees' Office, authority to sign his name to orders for the purchase, sale, or transfer of securities held in the herein provided depository and safekeeping agency, as approved by this Board or its committees acting under due authority; and that Lloyd Morey, Comptroller, be authorized to delegate to C. C. DeLong, Bursar, and H. O. Farber, Assistant Comptroller, authority to sign his name to such orders under the same circumstances, and

Be It Further Resolved, that the officers named pursuant to this resolution are authorized to take all such actions as may be necessary to carry out the intent hereof, and

Be It Further Resolved, that the Secretary of the Board of Trustees of the University of Illinois be and he hereby is authorized to certify to said Bank a copy of these resolutions and the names and signatures of the Board's said officers and their said deputies hereby authorized to act in the premises, and said Bank is hereby authorized to rely upon said certificate until formally advised by a subsequent and like certificate of any changes therein, and is also authorized to rely on any such additional or subsequent certificates.

On motion of Mr. Megran, this resolution was adopted by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Stevenson.

ACCEPTANCE OF GRANT OFFER OF THE ADMINISTRATOR OF CIVIL AERONAUTICS

(32) The University has undertaken to make certain improvements at its airport under a plan of cooperation with the Civil Aeronautics Administration and the State Department of Aeronautics whereby those two agencies and the University will provide funds for the improvements. Although the Board of Trustees has already authorized this program, and the Executive Committee of the Board has taken supplementary action approving certain modifications in this plan, the federal authorities now require adoption of the following formal resolution:

Resolution Accepting, Adopting, and Authorizing Execution of Acceptance of Grant Offer of the Administrator of Civil Aeronautics, Constituting Grant Agreement Between the Board of Trustees, University of Illinois, and the State of Illinois, Department of Aeronautics, Co-Sponsors, and the United States

WHEREAS, the Administrator of Civil Aeronautics, for and in behalf of the United States, has extended to the Board of Trustees, University of Illinois and the State of Illinois, Department of Aeronautics, Co-Sponsors, a formal Grant Offer, dated March 17, 1951, pursuant to the Project Application of the Board of Trustees, University of Illinois and the State of Illinois, Department of Aero-

nautics, Co-Sponsors, submitted to the Civil Aeronautics Administration, dated March 19, 1951, all as hereinbelow set forth, and all relating to the development of the University of Illinois Airport, the same bearing F. A. A. Project No. 9-11-026-101; and

WHEREAS, pursuant to and for the purposes of carrying out the provisions of the Federal Airport Act (60 Stat. 170; Public Law 377, 79th Congress) it is necessary that said Grant Offer be duly and formally accepted by the Board of Trustees, University of Illinois and the State of Illinois, Department of Aeronautics, Co-Sponsors; and WHEREAS, such Grant Offer and such Acceptance thereof, duly executed, together shall constitute the Grant Agreement between the Board of Trustees, University of Illinois and the State of Illinois, Department of Aeronautics, Co-Sponsors, and the United States relating to said airport development project; and

WHEREAS, the said Grant Offer is in the words, figures and form following:

[At this point there are inserted as integral parts of the Resolution copies of the Grant Agreement with the Civil Aeronautics Administration, the Project Application made by the University of Illinois, a property line map of the University of Illinois Airport labeled "Exhibit A" and an "Agency and Participation Agreement" with the State Department of Aeronautics. A certified copy of the Resolution in the records of the Secretary of the Board contains all of these documents.]

and

WHEREAS, pursuant to authority conferred by motion passed and adopted at a regular meeting of the Board of Trustees of the University of Illinois held on March 13, 1951, as set forth in the following true and correct copy of an extract from the minutes of said meeting, to wit:

[At this point in the Resolution there is inserted the above described extract from the Minutes of the Board of Trustees meeting of March 13, 1951, as printed on pages 640-641.]

the Comptroller and the Secretary of the Board did on the 28th day of June, A.D., 1951, execute for and in behalf of the Board of Trustees, University of Illinois the Acceptance of said Grant Offer.

Now, Therefore, upon consideration of said Grant Offer and all the terms, provisions, conditions and exhibits therein and thereto, Be It, and It Is Hereby Resolved by the Board of Trustees, University of Illinois, Acting by and Through Its Executive Committee in Regular Meeting Assembled, as follows:

1. That the Board of Trustees, University of Illinois accept, and it does by these presents accept the Grant Offer extended to it by the Administrator of Civil Aeronautics, for and in behalf of the United States, in the words, figures and form as hereinabove set forth; and that it ratify and confirm, and it does by these presents, ratify and confirm the action of the Comptroller and the Secretary of the Board in causing the Acceptance of such Grant Offer, in the words, figures and form as hereinabove set forth, to be duly executed by them in the name of, and for and in behalf of the Board of Trustees, University of Illinois, on to-wit, the 28th day of June, A.D., 1951, be and the same is hereby ratified, confirmed and adopted, such Grant Offer and such Acceptance thereof, duly executed as above set forth, to constitute a binding Grant Agreement with the United States.

2. That the Project Application, dated March 17, A.D., 1951, executed and submitted to the Civil Aeronautics Administration relating to Federal Aid Airport Project No. 9-11-026-101, including all the statements, representations, warranties, covenants, assurances, and agreements contained therein, be and the same is hereby ratified, confirmed and adopted.

3. That the Agency and Participation Agreement attached thereto and by reference made a part thereof, entered into on the 17th day of March, A.D., 1951, by the Board of Trustees, University of Illinois, and on the 8th day of May, A.D., 1951, by the State of Illinois, Department of Aeronautics be, and the same is hereby confirmed and ratified, reserving, however, the right, conditional upon approval by the Civil Aeronautics Administration, to enter into a Supplemental Agency and Participation Agreement with the State of Illinois, Department of

Aeronautics, as will accurately speak the fact of certain changes and modifications in the scope of work involved in said project and the respective responsibilities of the parties hereto as respects the accomplishment and payment of the costs and expenses of such work.

On motion of Mr. Hickman, this resolution was adopted by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Stevenson; not voting, Mr. Johnston.

AGREEMENT WITH STATE DEPARTMENT OF PUBLIC WELFARE

(33) The University has an agreement with the State Department of Public Welfare covering the joint operations of certain medical institutions and services in connection with the Chicago Professional Colleges and the Research and Educational Hospitals.

This plan of operation includes the Illinois Neuropsychiatric Institute. The Department provides a hospital building, laboratory and scientific equipment and supplies; the University furnishes the professional staff. The University also provides the physical plant service, food service, laundry, drugs, and medicines, for which it is reimbursed by the Department. This requires dual appropriations in the state budget, one from state revenues to the Department from which it reimburses the University and a corresponding estimate must be included in the appropriation from the University Income Fund in which payments made to the University by the Department are deposited.

The Commission to Study State Government recommended that the Institute be transferred to the University, and a bill authorizing this was introduced in the Sixty-seventh General Assembly. The Department of Public Welfare and the University supported this bill. It included an appropriation to the University of \$1,405,700, the amount agreed upon by the two agencies. This bill passed and has been approved by the Governor.

There is also the Illinois State Psychopathic Institute in the Department of Public Welfare, housed in the Illinois Neuropsychiatric Institute building. With the consent of the University, Dr. Percival Bailey, Professor of Neurology, has been appointed Director of the Institute on part time. Representatives of the Department and the University have agreed upon the following statement to govern relations between the Illinois Psychopathic Institute and the University and the obligations to be assumed by each party:

The purpose of the Institute shall be to act as liaison between the State Mental Health Service and the University of Illinois in a cooperative effort to improve the quality of the medical personnel dealing with patients committed to their care and to seek new and improved methods of treatment and/or cure for the afflictions from which they suffer. In the promotion of these purposes the Institute shall furnish consultative services to the Mental Health Services of the Department of Public Welfare of the State of Illinois and to its institutions and divisions, shall carry on and promote research into the causes and possible means of treatment and/or cure of mental disorders and shall initiate and/or cooperate in programs for the training and improvement of the residents and medical personnel of the institutions and divisions of the Mental Health Service.

In support of this purpose, it is recommended that the following statement of understanding be acknowledged by the Department of Public Welfare and the University of Illinois:

1. The Department and the University mutually agree to promote in every way possible the purposes for which the Illinois State Psychopathic Institute was founded.

2. The Department obligates itself to pay the salaries of the personnel of the Institute and furnish funds for its work, both investigative and educational.

3. The Department will free the Institute of all obligations for routine service to the state hospitals and other state institutions except for consultative, research, and educational services.

4. The University agrees to furnish, free of rental, to the Illinois State Psychopathic Institute, space in the building previously known as the Illinois Neuropsychiatric Institute, at 912 South Wood Street, Chicago, Illinois, together with

janitor service and other maintenance. This space shall be adequate for the purposes of the Institute as agreed upon from time to time by its Director and the University authorities. At the present time, it consists of the following rooms: second floor south—rooms 207, 208, 209, 210, 211, 225; third floor south—rooms 307, 308; fifth floor north—rooms 555, 560, 562, 563, 564, 565, 566, 567; basement—rooms 27A, 28, 29, 30, 67.

5. The Director of the Illinois State Psychopathic Institute shall be appointed by the Department on nomination by the University and shall be removed on written request of either party. He must have qualifications which will entitle him to appointment on indefinite tenure in the Department of Psychiatry or the Department of Neurology and Neurological Surgery of the University.

6. The personnel of the Institute, apart from the Director, shall be chosen by its Director after consultation with the Department of Public Welfare.

7. The University agrees to cooperate with the Director of the Illinois State Psychopathic Institute in making the resources of the University available to the educational, consultative, and investigative program of the Institute. As a corollary to this, the Department and the University agree to continue their friendly relationships of many years' standing, in that requests for reference and transfer back and forth between the University Hospital and Institutes and the Welfare institutions, shall be freely made and carefully considered in a spirit of mutual helpfulness and cooperation.

8. Amendment or extension of this understanding can be effected by discussion and agreement between the proper authorities representing the Department of Public Welfare and the University together with the Director of the Illinois State Psychopathic Institute.

The Vice-President in charge of the Chicago Professional Colleges and the Comptroller recommend that this statement of policy and procedure be approved, with the understanding that it will be incorporated in a formal contract to be executed by both parties.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute such a contract upon approval of the same by the Vice-President in charge of the Chicago Professional Colleges and the Legal Counsel.

On motion of Mr. Hickman, this statement of policy and procedure was approved and the execution of a contract based on the same was authorized by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Stevenson.

CONTRACT BETWEEN THE UNIVERSITY OF ILLINOIS AND PRESBYTERIAN HOSPITAL OF CHICAGO

(34) On July 1, 1941, the Board of Trustees entered into an agreement of affiliation with the Presbyterian Hospital of the city of Chicago under which certain facilities in Presbyterian Hospital were made available to the University for teaching purposes. The University, in return, appoints to its faculty, certain members of the Presbyterian Hospital staff, designated as Rush Presbyterian Hospital Staff, and pays them salaries for part-time services. This plan has created a problem, for the staff participates in the University Retirement System of Illinois and the University deducts from their salaries five per cent for contributions to the System. Presbyterian Hospital has no retirement system.

A contract has been negotiated with the Presbyterian Hospital making available to the University nine beds for teaching purposes and the services of the necessary teaching and clerical personnel, laboratory facilities, and such other facilities as are required to maintain the beds for the University's use.

The contract provides that the University shall pay Presbyterian Hospital \$60,775 a year, which is the approximate amount that would be paid by the University in salaries under the present arrangement. The University will discontinue payment of salaries to Rush Presbyterian staff and the Hospital will assume this obligation. Funds are available in the proposed 1951-1952 budget of the College of Medicine to meet these contract payments for hospital facilities.

The contract with the Presbyterian Hospital provides that:

(a) The University will pay \$60,775 annually for which the Hospital will furnish nine beds, teaching staff, and other services necessary to maintain such beds.

(b) Renewal is automatic from year to year unless terminated by either party by written notice prior to June 30 of any year.

(c) The amount to be paid is subject to revision upon a written request of either party to the other prior to the first day of any year.

(d) Any adjustment in payments will be based upon the actual cost to the Hospital of maintaining the beds.

The Vice-President in charge of the Chicago Professional Colleges, the Dean of the College of Medicine, and the Comptroller recommend approval.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute such a contract with the Presbyterian Hospital of the city of Chicago.

On motion of Mr. Nickell, this contract was authorized.

LICENSE OF ALLIS-CHALMERS MANUFACTURING COMPANY UNDER KERST PATENT

(35) The Allis-Chalmers Manufacturing Company, West Allis, Wisconsin, has been negotiating with the University for a license to manufacture betatrons embodying the improvement covered by U. S. Patent 2,545,958 which is held by the University. This is a patent covering a new and useful improvement in "induction accelerators" granted on application of Professor Donald W. Kerst, who assigned it to the University. Professor Kerst and the Department of Physics recommend that the Allis-Chalmers Manufacturing Company be granted a royalty-free nonexclusive license because (a) the apparatus will be used for research purposes for the benefit of mankind and no large-scale production is anticipated; and (b) Allis-Chalmers has been very cooperative with the University in the design and manufacture of equipment for research work. The University Research Board agrees with the royalty-free provision but is of the opinion that such a license should be granted for a period of five years, subject to renewal depending upon the extent to which the patent is used and the number of requests which might be received from other companies. The Research Board, therefore, recommends that Allis-Chalmers Manufacturing Company be granted a royalty-free nonexclusive license "to make, have others make for it, use and sell apparatus for which orders were accepted by Allis-Chalmers Manufacturing Company prior to March 21, 1956, embodying the invention claimed in U. S. Patent 2,545,958, Kerst, March 20, 1951."

I concur.

On motion of Mrs. Holt, a license on the terms recommended was authorized.

PROFESSIONAL SERVICES IN WATER RATES LITIGATION

(36) The Northern Illinois Water Corporation which operates the Champaign-Urbana water supply system, and with which the University has a contract for its water supply, has requested the Illinois Commerce Commission to approve an increase in rates. Officers of the University and of the local city governments are seeking information on the Corporation's financial operations to aid them in deciding whether or not higher rates are justified.

It is necessary to employ special auditors and legal counsel in securing such information and in representing the interests of Champaign and Urbana and the University before the Illinois Commerce Commission. The accounting firm of George Rossetter and Company, Chicago, which is currently employed by the Board of Trustees to audit University of Illinois accounts, is especially experienced in investigations of this kind. With the concurrence of local city officials, the Comptroller of the University invited representatives of this company to discuss the matter and they are now engaged in a preliminary study representing the three parties. The Comptroller recommends that the University join with the cities of Champaign and Urbana in employing this firm.

The University Legal Counsel recommends that the University join with Champaign and Urbana in employing special counsel to represent the interests

of these parties before the Illinois Commerce Commission. It would not be feasible for the Legal Counsel to undertake this assignment because the amount of time required would make it impossible for him to look after other University legal business. Also, for work of this kind it is advantageous to have counsel with special experience in rate litigation.

It is estimated that the total costs of these professional services, accounting and legal, will be approximately \$5,000. It is recommended that the University assume 30 per cent of the cost. The city of Champaign will assume 40 per cent and Urbana will assume 30 per cent.

I recommend that the Board of Trustees authorize the employment of George Rossetter and Company and an attorney to be selected by the cities of Champaign and Urbana and the University under this joint arrangement.

On motion of Mr. Johnston, authority was given as recommended, the selection of special counsel to be subject to approval by the President of the University.

ENGINEERING SERVICES FOR ABBOTT POWER PLANT

(37) There have been three additions to the Abbott Power Plant since it was first constructed in 1940. There are now four sets of drawings which must be analyzed to trace each individual circuit in order to diagnose and correct the cause of any operational troubles. This is not only time-consuming but increases likelihood of costly errors.

The capacity of the present generating equipment is barely sufficient to meet demands. In view of a potential deficiency in power production, it is important to have consolidated wiring diagrams of each control circuit in order to locate and correct promptly the cause of any trouble.

The Director of the Physical Plant and the Comptroller recommend employment of Sargent and Lundy, Chicago, consulting engineers on the design of the Abbott Power Plant and additions thereto, to prepare consolidated drawings. The firm offers to accept the assignment on the basis of the following charges: (a) engineering and drafting services, the actual salaries and wages of personnel employed, plus 100 per cent; (b) stenographic and clerical services, travel, and miscellaneous expense, at cost.

The estimated cost is \$2,000. Funds are available in the Physical Plant Operating Budget for this contract.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute such an agreement.

On motion of Mrs. Watkins, this recommendation was approved.

CONTRACT FOR SMALL HOMES COUNCIL CONSTRUCTION PROJECT

(38) The Acting Director of the Small Homes Council, the Dean of the College of Fine and Applied Arts, and the Comptroller recommend award of a contract for \$15,241.52 to Oran L. Shoemaker and Company, Champaign, the lowest bidder, for the construction of a flexible laboratory dwelling to be used in a study of "Design Criteria for Space in Dwellings" by the Small Homes Council.

Funds are available under a contract for a cooperative investigation between the Housing and Home Finance Agency and the University.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Fornof, this contract was authorized.

CONTRACT FOR PUMP VAULT

(39) The Director of the Physical Plant and the Comptroller recommend the award of a contract for \$6,995 to Clyde E. Gates, Champaign, the lowest bidder, for construction of a pump vault at the northwest corner of the Administration Building for the vacuum return heating system on the campus.

Funds are available in the Physical Plant Renewal and Replacement budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Grange, this contract was authorized.

CONTRACT FOR ROAD AND WALK IMPROVEMENTS IN HOUSING AREAS

(40) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$20,908 to the Champaign Asphalt Company, Champaign, the lowest bidder, for asphalt surfacing of roads and walks in the Stadium Terrace and Illini Village housing areas.

Funds are available in the income from the operations of Stadium Terrace and Illini Village for this maintenance work.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Megran, this contract was authorized.

ADDITIONS TO CONTRACTS FOR VETERINARY MEDICINE BUILDING

(41) The specifications for construction of the Veterinary Medicine Building did not include general site development. Estimates of cost of this phase of the work have been secured from the contractors who now have contracts for the construction of this building as follows:

Rough and finishing grading—John Felmley, Bloomington, General Contractor	\$9 567 00
Draining trench and grading at parking court—General Paving Company, Champaign, Parking Area Contractor	2 450 00
Yard and driveway drains and sewer lines connecting them—W. T. Mahoney and Sons, Chicago, Plumbing Contractor	4 536 74

All estimates have been checked by the architects and the Physical Plant Department and found to be reasonable. The Director of the Physical Plant and the Comptroller recommend the award of the contract additions.

Funds are available in the state appropriation for the construction of this building.

I concur and request that the Comptroller be authorized to execute these contract additions.

On motion of Mrs. Watkins, these changes in contracts were authorized.

ADDITION TO CONTRACT FOR REMODELING OF QUARTERS FOR DEPARTMENT OF BACTERIOLOGY

(42) The Director of the Physical Plant and the Comptroller recommend an increase in the contract with Reliable Plumbing and Heating Company, Champaign, for remodeling in Noyes Laboratory for the Department of Bacteriology. This change will cover miscellaneous work in various rooms used by the Department, including additional radiators, water and air outlets. The estimated cost is \$1,310.

Funds are available in the appropriation for remodeling Noyes Laboratory.

I concur and request that the Comptroller be authorized to execute this contract addition.

On motion of Mr. Johnston, this contract change was authorized.

LEASE FOR THE CHICAGO OFFICES OF THE DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(44) The Chicago offices of the Division of Services for Crippled Children are in the Franklin-Adams Building at 222 West Adams Street, Chicago. An annual rental of approximately \$3.00 per square foot for 4,000 square feet of space occupied is paid from state appropriations made to the Division.

More space is needed. A proposal has been made by the State Department of Finance that the Division move into the State of Illinois Building (formerly the Burnham Building), 160 North LaSalle Street, recently purchased by the state of Illinois to provide offices for various state agencies. The Department of Finance operates the building on a revolving account basis, all state agencies housed in the building paying rent which is used to operate and maintain the building.

It is proposed that the University lease 4,600 square feet of space in this building at a rental of \$12,800 per year or approximately \$2.70 per square foot.

The space in the State of Illinois Building is much more adaptable to the needs of the Division of Services for Crippled Children and there is also the advantage of being closer to other state agencies with which the Division deals.

The Comptroller recommends that such a lease be approved. I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this lease for the period from August 1, 1951, through June 30, 1953.

On motion of Mr. Nickell, this lease was authorized.

COMMITTEE ON GENERAL POLICY

Mr. Johnston, for the Committee on General Policy, presented the following report:

MR. PARK LIVINGSTON
President, Board of Trustees
University of Illinois
Urbana, Illinois

CHICAGO, JULY 16, 1951

DEAR MR. PRESIDENT:

At the June meeting of the Board of Trustees you referred to and directed that the Policy Committee consider the following subjects:

- 1. Letter from Mr. J. H. Lyle, dated June 11, with an inclosure, relating to radio broadcasts made by Quincy Howe;
- 2. Letter from Mr. Lyle, dated June 6, having to do with President Stoddard's activities in connection with the UNESCO;
- 3. Letter dated June 8 from Professor Kemmerer, with which he inclosed copy of letter same date which he addressed to President Stoddard regarding the College of Commerce controversy.

Your committee obtained through the Secretary of the Board copy of the manuscript used by Quincy Howe in his broadcasts beginning April 2 and continuing through June 9. This period was selected for the reason that it was that specifically referred to in the letter from Mr. J. H. Lyle, although the entire

period of the broadcasts was from September 17, 1950, to June 9, 1951. During this period of time Quincy Howe, visiting professor of Journalism and Communications, broadcast on 44 days. On 10 of the days Donald Brown, assistant professor of Journalism and Communications and news director of Station WILL, broadcast. On 2 days Gilbert Steiner, research associate of the Institute of Government and Public Affairs, broadcast. On one day Arthur Bestor, associate professor of History, broadcast, and on one day Harold Salzman, radio programmer assistant of Station WILL, broadcast. On two dates during this period there were no broadcasts. These broadcasts were of 5 minutes duration and were news analyses given each morning at 7:40 AM and repeated at 11:55 AM from Monday through Friday.

Mr. Howe was brought to the University of Illinois as visiting professor of Journalism and Communications for the academic year beginning September 1950 and ending June 1951. He has been recommended for a permanent appointment beginning next September. He is a distinguished journalist, one time member of the editorial staff of *The Atlantic Monthly*, is a former editor of *Living Age* and, in more recent years, was a news analyst for the Columbia Broadcasting System. Minute analysis made of the manuscript by your committee indicates that while Professor Howe dealt with very controversial subjects, we do not consider that the analyses of the subjects discussed by Professor Howe are detrimental to the best interest of the University; further, that inasmuch as Station WILL is endeavoring to provide the kind and type of program that will manifest interest of their listeners and equal to the programs provided by other radio stations, it is the view of your committee that as long as the position taken by this or any other commentator is not prejudicial to free enterprise or the American way of life, there is not any justification for the Board of Trustees to censor, condemn or criticize the commentator, station or the administrative officers of the University of Illinois for broadcasts of this type and character.

The letter of June 6 from Mr. Lyle deals with the activities of President Stoddard in connection with the UNESCO. Your committee has also considered the content of the criticism in this communication. There are many important factors, as we view it, that have prompted President Stoddard to take an active part in this work. What can or will be accomplished by this program perhaps can be indicated as problematical so far as the rank and file of American people are concerned, but like all other programs that are launched it is necessary for the leaders in their fields to not only initiate the ideas but to foster and nurture them. In view of this premise the committee can see no reason that it can advance for criticizing the activity in this program on the part of President Stoddard, particularly appreciating as we do his qualifications. We do not believe there has been an adverse effect upon the activities of the University because of the interest which he has taken in the UNESCO. Obviously, it is necessary for President Stoddard to be absent from the campus and in fact the country in order to be effective in this work. This viewpoint of your committee has been considered in light of the need for Doctor Stoddard's attention to the administration of the affairs of the University. It is our understanding that the President's term on this committee will soon expire and that he can not succeed himself to another term.

The third subject, that having to do with a letter of June 8 from Professor Kenmerer regarding the controversy in the College of Commerce, has also been reviewed by your committee, including the recent report of the Advisory Committee. It is our view that considerable damage has been done to the University thru this controversy and the delay in its disposition. Your committee has a very strong view that it is highly desirable in disposing of this controversy to first dispose of the selection of the Dean for the College of Commerce, and that with promptness. It is your committee's belief that this selection can be made without delay and that the proper selection would go a long way in overcoming the present unsatisfactory condition. This we feel is the first step, following which the new Dean should be afforded an opportunity to review all reports and recommendations, thereafter submitting his recommendations to the President of the University as to what further steps should be taken. In the meantime, the committee suggests that the Board receive any reports of progress in the College as submitted by the President of the University.

The communications which you handed to us were returned to you June 14.

For the information and perusal of the Board, we are attaching transcript of the manuscript used by Professor Howe in his broadcasts April 2 to June 9.

Sincerely yours,

HERBERT B. MEGRAN

ROBERT Z. HICKMAN

WAYNE A. JOHNSTON, *Chairman*

On motion of Mr. Nickell, this report was adopted.

BOND OF UNIVERSITY TREASURER

Mr. Fornof, for the Finance Committee, presented the following report:

In electing Mr. C. W. Weldon on March 13, 1951, for a term of two years, the Board fixed the bond at \$5,000,000 and instructed the Finance Committee to examine the bond and report on the same to the Board.

Mr. Weldon has offered a bond signed by himself as principal, with Edward E. Brown, James B. Forgan, and Homer J. Livingston as sureties for the required amount, providing for a full accounting for bonds and securities coming into the Treasurer's hands during his term of office and until his successor is elected and qualified. The Committee has examined this bond and recommends its approval.

On motion of Mr. Fornof, the recommendation of the Finance Committee was approved.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board resumed consideration of the following recommendations and reports presented by President Stoddard.

CHAIRMANSHIP OF DEPARTMENT OF ECONOMICS

(45) President Stoddard reported that Professor Everett E. Hagen, Chairman of the Department of Economics, has announced his resignation effective August 31, 1951, and has asked to be relieved of his administrative duties as Chairman for the rest of the academic year. The President stated that he had accepted Professor Hagen's proposal to be relieved as Chairman effective July 25, 1951, and had asked Acting Dean Robert R. Hudelson of the College of Commerce and Business Administration to serve also as Acting Chairman of the Department of Economics.

On motion of Mrs. Watkins, the action of the President in relieving Professor Hagen of the chairmanship of the Department was confirmed and the appointment of Dean Hudelson as Acting Chairman was approved.

LEGISLATION BEFORE THE SIXTY-SEVENTH GENERAL ASSEMBLY OF ILLINOIS AFFECTING THE UNIVERSITY

(46) The President of the University presented, for the information of the Board, a digest of the bills introduced in the Sixty-seventh General Assembly of Illinois affecting the University. A copy of this report is filed with the Secretary of the Board as a matter of record.

SEPTEMBER MEETING OF THE BOARD

On motion of Mr. Johnston, the Board voted to dispense with a regular meeting in August and to hold its next meeting in Chicago, Illinois, on September 19, 1951, the hour and place to be determined by the President of the Board.

SECRETARY'S REPORTS

The Secretary presented for record the following lists: (1) appointments made by the President; (2) fellows; (3) graduate fellows; (4) resignations, declinations, and cancellations; (5) leaves of absence.

APPENDIX

THE UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1951-1952

(Approved by the Board of Trustees July 25, 1951, page 855)

EXPLANATORY NOTES

This budget consists of three divisions:

- I. Summaries of all divisions; Urbana-Champaign divisions and General University Administration—Academic and Administrative Salaries, Wages, Expense, and Equipment.
- II. Chicago Professional Colleges, Division of Services for Crippled Children, and Chicago Undergraduate Division—Academic and Administrative Salaries, Wages, Expense, and Equipment.
- III. Nonacademic Salaries, all divisions.

Appropriations for Salaries are available for the term indicated in each case but not for more than one year from September 1, 1951.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may, pending the appointment of someone to the position, be drawn against by time cards submitted to the Business Office for services of employees temporarily engaged to do the work contemplated by the position. Such temporary charges *may not exceed the amount of time provided* by the position unless indicated herein or otherwise approved by the President.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries," "Wages," and "Expense and Equipment." No transfers may be made between "Salaries" and "Expense and Equipment" except with the approval of the President of the University. Requests for such changes should be submitted through the Comptroller. Adjustments may be requested between "Salaries" and "Wages" or between "Wages" and "Expense and Equipment" upon notice to the Comptroller, stating the reason for such transfer.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1951, and ending June 30, 1952. All unexpended balances lapse June 30, 1952. The reappropriation of funds will be considered only in special situations.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds and budgets indicated as "from receipts" are on an estimated basis. Unless otherwise indicated, appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity.

The services required for members of the academic and administrative staff are in accordance with "Terms of Employment" adopted by the Board of Trustees on January 8, 1948.

a. For those positions or portion of positions indicated as "Y", services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y".

b. For those positions or portion of positions not indicated as "Y", services are required only during the regular academic year of two semesters (three terms in Chicago Professional Colleges). If teaching is required during the Summer Session, it will be covered by an additional appointment with salary.

The services required for members of the nonacademic staff are for a full year of twelve months, with allowance for vacation, in accordance with civil service regulations.

Tenure Symbols (a number following a tenure symbol indicates percentage of time)

- A — Indefinite tenure, payable in twelve monthly installments.
- B — Two years from September 1, 1951, payable in twelve installments.
- D — One year from September 1, 1951, payable in twelve installments.

E — The academic year 1951-1952, payable in ten installments of which the first and last shall be half installments and the other eight full installments equal to one-ninth of the annual salary.

G — Special tenure as described.

N — In accordance with civil service regulations, effective July 1, 1951, at the annual salary indicated.

P — In accordance with civil service regulations on an hourly basis in accordance with prevailing rate contracts. Amount indicated is estimated annual salary based on normal number of hours.

H — In accordance with civil service regulations on an hourly basis.

Y — When following A, B, D, and G, indicates that services are required throughout the year, except for allowable vacation, without additional compensation.

Perquisite Symbols (for the convenience of the employee unless otherwise indicated)

M — Furnished one meal a day valued at \$8 a month in Chicago and \$7 a month in Urbana.

MM — Furnished two meals a day valued at \$16 a month in Chicago and \$14 a month in Urbana.

R — Furnished room valued at \$16 a month in Chicago; \$10 a month in Urbana Residence Halls; \$7 a month in McKinley Hospital.

RB — Furnished room and board valued at \$40 a month in Chicago and \$31 a month in Urbana Residence Halls; \$28 a month in McKinley Hospital.

U — For the convenience of the University rather than the employee.

¹ Expenditures may not exceed actual receipts if less than estimate.

² Agricultural Income realized over estimate and reserved for the use of the College of Agriculture may be assigned, upon recommendation of the Dean of the College of Agriculture, to the department earning such income in a total amount not exceeding \$10,000 in any one fiscal year or \$1,000 for any one item. If income of \$220,000 is not realized, appropriations to departments will be reduced accordingly.

Note: The distribution between college (C) and station (S) from state funds in the following budgets is based upon the estimated amount of time to be devoted to each activity during the full twelve-month period and does not restrict the amount of teaching in any semester or for the year as a whole to the percentage of time shown for college.

Explanations of Symbols in Titles:

DEANSHIP OF THE GRADUATE COLLEGE

(4) Dean Louis N. Ridenour, who has been serving as Dean of the Graduate College and Professor of Physics since 1947, has submitted his resignation from the staff of the University of Illinois stating, "As you know, only the necessity of finding a more favorable climate for my younger daughter, who is ill, has persuaded me I must leave the University. I sincerely regret this necessity, but I feel I cannot evade it."

I have reluctantly accepted his resignation, effective September 1, 1951, and have appointed Professor F. T. Wall of the Department of Chemistry as Acting Dean of the Graduate College for the academic year beginning September 1, 1951, at a salary of \$11,800.

Confirmation of these actions is requested.

Professor Wall will also continue to serve as Chairman of the University Research Board. He served as Acting Chairman during the 1950-1951 academic year while Dean Ridenour was on leave of absence.

On motion of Mr. Nickell, the actions of the President were approved.

EXTENSION OF LEAVE OF ABSENCE FOR PROFESSOR F. W. LOOMIS

(5) Professor F. Wheeler Loomis, Head of the Department of Physics, who has been on leave of absence without pay since March 1, 1951, for services at the Massachusetts Institute of Technology as director of an important national defense project, has requested an extension of his leave of absence.

I recommend that he be continued on leave of absence without pay during the academic year 1951-1952. I recommend also that Professor G. M. Almy of the Department, who has been serving as Acting Head during the absence of Professor

Loomis, be reappointed as Acting Head for the academic year 1951-1952 and that he be paid additional compensation of \$1,000 for such services.

On motion of Mr. Grange, these recommendations were approved.

REINSTATEMENT OF SABBATICAL LEAVE OF ABSENCE FOR PROFESSOR THOMAS E. BENNER

(6) Professor Thomas E. Benner of the College of Education was granted sabbatical leave of absence on one-half salary for the second semester of 1950-1951 so that he could undertake an assignment for the United States and the United Nations on an educational mission to Korea. Plans for utilization of his services did not materialize and he subsequently withdrew his request. His leave was canceled without prejudice to any future application.

Professor Benner has now requested sabbatical leave of absence on one-half pay for the first semester of 1951-1952 so that he may serve as an educational consultant in Korea. He has been on the faculty for twenty years and has never had a sabbatical leave of absence. He is eligible for leave either with full or one-half pay. In view of the previous authorization by the Board, I have approved this sabbatical leave of absence for the first semester of 1951-1952 on one-half pay.

On motion of Mr. Herrick, the action of the President was approved.

COLLEGE ADVISORY COMMITTEE IN VETERINARY MEDICINE

(8) The Dean of the College of Veterinary Medicine recommends the following appointments to the advisory committee for the College of Veterinary Medicine effective September 1, 1951, for the terms indicated. New members are indicated by an asterisk.

I concur and recommend appointment of these men to the Citizens Committee according to the practice of including all college advisory committees in the membership of the general committee.

- Dr. C. E. DILLE, Cairo (1 year)
- Mr. WAYNE DINSMORE, Chicago (1 year)
- Dr. J. B. JAFFRAY, Chicago (1 year)

On motion of Mrs. Watkins, these appointments were approved as recommended.

ADVISORY COMMITTEE FOR INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS

(9) The Acting Director of the Institute of Labor and Industrial Relations recommends the reappointment for terms of three years of the following as members of the Institute's advisory committee: John E. Cassidy, representing the pub-

lic; Clinton Bush, representing labor; and G. W. Hoelscher, representing management.

These three members were appointed to the committee for two-year terms in July, 1949, when the present rotation plan was adopted. They were originally appointed to the committee in 1947.

To fill the vacancy on the advisory committee of the Institute of Labor and Industrial Relations created by the resignation of Mr. Wayne A. Johnston when he became a member of the Board of Trustees of the University, the Acting Director recommends the appointment of Mr. John McCaffrey, 180 North Michigan Avenue, Chicago. This will be for the period of Mr. Johnston's term, 1950-1953.

I concur.

On motion of Mr. Johnston, these appointments were approved as recommended.

RELEASE OF PATENTABLE DISCOVERY

(10) Professor I. C. Gunsalus of the Department of Bacteriology reports that in the course of his researches during the past several years, both at the University of Illinois and elsewhere, he has isolated a new B vitamin, the value of which has not been established. He has asked whether or not the University desires to seek patent protection.

This discovery, like numerous others which result from research in the biological and chemical sciences, is the sort that requires additional research in related fields to make the results useful. The University is not set up to carry on such additional researches unless additional funds are forthcoming from some other source. Accordingly, the Head of the Department of Bacteriology and the University Research Board recommend that the discovery be released to Professor Gunsalus to deal with as he chooses. In the opinion of the Board the cost of securing a patent would exceed any probable income.

I concur.

On motion of Mrs. Holt, this recommendation was approved.

REAPPROPRIATION OF UNEXPENDED BALANCES AT JUNE 30, 1951

(11) The Comptroller recommends that balances in appropriations made by the Board of Trustees for the fiscal year 1950-1951 which were encumbered by purchase or contractual agreements on June 30, 1951, be reappropriated for the fiscal year 1951-1952 to meet these obligations.

In addition, the Comptroller recommends that the following unencumbered balances in appropriations for services and projects not completed on June 30, 1951, be reappropriated for the fiscal year beginning July 1, 1951.

I concur.

On motion of Mr. Johnston, these funds were reappropriated by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Megrn, Mr. Stevenson.

APPROPRIATION FOR DEPARTMENT OF CIVIL ENGINEERING

(12) The Dean of the College of Engineering has requested that the house at 501 South Wright Street, Champaign, be converted into office space for use by the structural research laboratory of the Department of Civil Engineering. This will require some remodeling and the purchase of equipment. The Provost recommends that an assignment of \$10,000 for this project be made to the Physical Plant Department from funds budgeted for Nonrecurring Equipment and Remodeling Unassigned.

I concur and recommend that the appropriation be made.

On motion of Mr. Fornof, this appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Megrn, Mr. Stevenson.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(13) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

1. Remodeling in Noyes Laboratory of Chemistry	\$14 700
2. Additional facilities for Army R.O.T.C. at the Chicago Undergraduate Division	10 700
3. Remodeling east wing of the Illini Union Coffee House	9 800
4. Construction in architectural drafting rooms for the College of Fine and Applied Arts	5 500
<i>Total</i>	<i>\$40 700</i>

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Fornof, these funds were appropriated, as recommended, by the following vote: Aye, Mr. Fornof, Mr. Grange,

Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Megran, Mr. Stevenson.

APPROPRIATIONS BY THE ATHLETIC ASSOCIATION

(14) The Board of Directors of the Athletic Association have approved the following appropriations:

1. An appropriation of \$2,000 or so much thereof as may be necessary to cover the cost of a Football Band trip to Indiana on October 27, 1951.
2. An appropriation of \$3,000 to the Alumni Association to provide for a portion of the salary of W. H. Rice for services rendered during the year 1950-1951.

These appropriations are submitted to the Board of Trustees for approval.

On motion of Mr. Grange, these appropriations were approved.

PETTY CASH FUND FOR THE DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(15) The Division of Services for Crippled Children must make minor cash expenditures at various locations throughout the state but principally at the Springfield office. To control such expenditures it is desirable to establish a petty cash fund in Springfield to be handled on an imprest cash basis.

Section 50E (1) of the University Statutes provides that such funds in excess of \$1,000 may be established with the approval of the Board of Trustees.

The Director of the Division of Services for Crippled Children and the Comptroller recommend that a petty cash fund in the amount of \$1,200 be established for the Division and that the Springfield Marine Bank be approved as a depository for it. The University Treasurer concurs in the selection of this bank. I concur.

On motion of Mr. Johnston, this recommendation was approved.

SALE OF RESIDENCE PROPERTY

(16) The Director of the Physical Plant and the Comptroller recommend the sale of the residence property at 508 South Ridgeway Avenue, Champaign, to Professor Quincy Howe, the present lessee, at a price of \$23,000. This is in accordance with the policy approved by the Board of Trustees on December 28, 1950, governing the sale of University-owned residence property to staff members.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents to complete this transaction.

On motion of Mrs. Holt, the sale of this property, as recommended, was authorized by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Megran, Mr. Stevenson.

CONTRACT FOR CONSTRUCTION OF SEWAGE TREATMENT AND DISPOSAL SYSTEM AT ROBERT ALLERTON PARK

(17) The necessity for a new sewage disposal system at Robert Allerton Park has been recognized for some time. The buildings of the Park are now serviced only by separate septic tanks. The 4-H Memorial Camp, which is a part of the Agricultural Extension Service and therefore a regular University off-campus program, has only out-of-door facilities.

On the basis of preliminary engineering studies and conferences of University officials with representatives of the 4-H Camp Committee, it was concluded that a project should be developed to cover (a) a treatment and disposal plant adequate to serve both the Park and the Camp and (b) all distribution facilities necessary for the Park, but with the main lines adequate to serve the Camp also. Facilities for the Camp grounds are deferred until such time as funds are available from contributions, since the development of the 4-H Camp has been supported by private contributions.

The Director of Robert Allerton Park, the Provost, and the Comptroller recommend awarding of contracts and assignments of funds as follows for these improvements:

General construction—Oran L. Shoemaker & Company, Champaign.....	\$49 362
Sewers and force main—Ed Harris & Paul Keller, Champaign.....	17 889
This is the second lowest bidder. Herr Brothers, Piper City, Illinois, submitted a low bid of \$17,726 but this firm can not start the work until May, 1952, whereas Harris & Keller are prepared to start within thirty days after awarding of a contract.	
Machinery to be bought on purchase orders on bids already received.....	2 543
Engineering design and supervision.....	4 850
Contingencies.....	356
<i>Total Budget</i>	<i>\$75 000</i>

I recommend that an appropriation of \$75,000 be made from the General Reserve Fund for this work, funds to be assigned as indicated above, and that contracts be awarded as recommended.

At this point the Secretary of the Board presented the following letter received from the Secretary of the Twin City Federation of Labor, Champaign-Urbana, Illinois:

TWIN CITY FEDERATION OF LABOR
CHAMPAIGN-URBANA, ILLINOIS

August 9, 1951

Mr. A. J. Janata, Secretary,
University of Illinois, Board of Trustees,
Administration Building, West,
University of Illinois,
Urbana, Illinois.

DEAR SIR:

The Twin City Federation of Labor protests the action of the University of Illinois Board of Trustees in declaring in an advertisement for bids on construction of a sewage disposal plant at Allerton Park, Monticello, Ill., that "no prevailing wage rates exist" for the territory involved. The advertisement appeared in the August 3, 1951 issue of the *Champaign-Urbana Courier*.

It is the claim of organized labor in Champaign-Urbana, Ill., that this statement is not true. It is contended that the Allerton Park area is in the jurisdiction of Champaign-Urbana, and as such, the prevailing rates of wages paid in Champaign-Urbana also apply to Allerton Park.

Further, the 1951 amendment to the Prevailing Wage Act, State of Illinois, provides for the State Department of Labor to designate the rates to be used as prevailing where no established rate exists.

It is hoped the Board of Trustees will take such action as may be necessary to correct this flagrant disregard of Labor's rights in this instance, and to prevent its recurrence in the future.

Respectfully yours,
TWIN CITY FEDERATION OF LABOR
Orville E. Moore, *Secretary*
1406 North Neil Street,
Champaign, Illinois

The protest in this letter refers to the following statement included in the notice to contractors calling for proposals for the construction of a sewage treatment and disposal plant at Robert Allerton Park, as published in the *Champaign-Urbana Courier* on August 3, 1951:

The Contractor will be required to comply with the provisions of an act entitled, "An Act regulating wages of laborers, mechanics and other workmen employed under contracts for public works," (approved June 26, 1941) Illinois Revised Statutes 1941, Chapter 48, Sections 39L to 39S-12 inclusive and shall pay not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the work is performed and not less than the

general prevailing rate of per diem wages for legal holiday and overtime work to all laborers, workmen and mechanics engaged in construction work on this project. The owner has made an investigation and has been unable to ascertain the existence at the present time of any prevailing rate of wage for any class of work required to be performed under this proposed contract.

The letter had been referred by the Secretary of the Board to the Director of Nonacademic Personnel and the Legal Counsel for advice. The latter stated that after studying the Act regulating wages of laborers, mechanics, and other workmen employed under contracts for public works, including amendments thereof enacted by the Sixty-seventh General Assembly in 1951, he was unable to find any legal basis for the protest. An exhaustive study was made approximately a year ago by a fact-finding committee on which there were representatives of labor and the University. This Committee reported, under date of July 31, 1950, that rates paid for work in the building trades and crafts in Piatt County, Illinois, are subject to so much variation that it is not possible to establish single rates as prevailing. The Director of Nonacademic Personnel and the Director of Robert Allerton Park have advised the Legal Counsel that, to the best of their knowledge, the situation with respect to rates of wages now prevailing in Piatt County is the same as it was when they conducted their investigation a little over a year ago and that there exists in that county no collective bargaining agreement between an employer and employees covering rates of wages for work of the character of that contemplated by the contract for the construction of sewage facilities at Robert Allerton Park. The amendment referred to in the above letter does not authorize the State Department of Labor "to designate the rates to be used as prevailing where no established rate exists"; the amendment merely authorizes the Department to investigate violations of and to enforce the law. The law defines the geographical areas affected by it but does not recognize such jurisdictional claims as are set forth in the above letter. It was, therefore, mandatory upon the University in complying with the Act to include in the published notice calling for proposals the statement to which the letter from the Twin City Federation of Labor objects.

At the conclusion of this discussion, the Legal Counsel was directed to reply to this letter, explaining the legal position of the University and correcting the misconceptions by calling attention to the differences between the claims in the letter on the one hand and the provisions of the law on the other.

On motion of Mr. Herrick, the contracts were authorized and the appropriation was made, as recommended, by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Megrn, Mr. Stevenson.

CONTRACTS FOR REMODELING IN NOYES LABORATORY

(18) For the past several years the University has been carrying on a program of remodeling in the Noyes Laboratory of Chemistry to reduce fire hazards. This has included the construction of fireproof stairwells at the north and south corner of the west wing to replace the center stairs which constituted a major hazard. The closing of the center stairs has made available additional floor space. The Com-

mittee on Nonrecurring Appropriations has recommended an assignment of funds for remodeling to utilize this space by the construction of a classroom seating thirty-five students on the third floor, a new storeroom on the second floor, and office, storage, and a toilet room on the first floor.

Bids have been taken on this remodeling and the Director of the Physical Plant and the Comptroller recommend award of contracts to the lowest bidders as follows:

General — Clyde E. Gates, Champaign.....	\$14 730
Ventilating — F. R. Inskip and Company, Champaign.....	3 966
Electrical — J. M. Bean Electric and Hardware, Urbana.....	880
Plumbing — Reliable Plumbing and Heating Company, Champaign.....	3 020
Heating — Reliable Plumbing and Heating Company, Champaign.....	2 575

I concur.

On motion of Mr. Nickell, these contracts were authorized.

ELEVATOR FOR ENGINEERING RESEARCH LABORATORY

(19) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$17,957 to the Otis Elevator Company, Chicago, the lowest bidder, for the installation of an elevator in the Engineering Research Laboratory which is being remodeled to house the Control Systems Laboratory.

Funds are available in the appropriations made by the Board for this remodeling.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was authorized.

CONTRACT FOR PLASTERING

(20) The Director of the Physical Plant and the Comptroller recommend award of a contract to E. G. Lindsey, Champaign, the lowest bidder, for plastering maintenance work as required on the Champaign-Urbana campus during 1951-1952 as follows:

Percentage added to total cost of labor for Workmen's Compensation, Social Security, and other costs.....	7.0%
Percentage added to total costs for contractor's profit and overhead.....	15.0%

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract.

On motion of Mrs. Holt, this contract was authorized.

CONTRACT FOR EXTENSION OF CAMPUS LIGHTING FACILITIES

(21) Completion of the Animal Sciences Laboratory, the Veterinary Medicine Building, and the Goodwin Avenue extension will necessitate additions to campus lighting facilities in these areas.

Approximately 30 per cent of the new lighting needed is in areas west of the Genetics Building, north of the Agricultural Engineering Building, and near the rock gardens north of the Floriculture Building. The cost of the improvements in these areas can be met from funds budgeted for minor improvements for 1951-1952. The cost for the remaining areas can be charged against the state appropriation for the construction of the buildings.

The Director of the Physical Plant and the Comptroller recommend the award of a contract for \$8,775 to the Brunkow Electric Company, Champaign, the lowest bidder, for the installation of additional lighting.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was authorized.

CONTRACT FOR LANDSCAPING AREAS OF NEW CONSTRUCTION

(22) The construction of the Animal Sciences Laboratory, the Veterinary Medicine Building, and the extension of Goodwin Avenue will require grading and seeding of the campus areas in the vicinity of those buildings. The Physical Plant

Department had planned to defer all landscaping work until the spring of 1952, but construction progress has been better than anticipated so that it is possible to grade and seed a large part of these areas this fall.

Accordingly, on recommendation of the Physical Plant Department and the Comptroller, I authorized the award of a contract for \$4,340 to Irving L. Peterson, landscape architect, for this grading and seeding. It was necessary to award a contract immediately in order to take advantage of the weather and the fall growing season, and I, therefore, authorized this as an emergency.

Eight contractors were invited to bid on drawings and specifications but due to the fact that this is the height of the fall planting season and all landscaping contractors are very busy, Mr. Peterson's was the only bid received. Comparison of his bid with other similar work indicates that it is a reasonable figure and is well within the estimates of cost.

Funds are available for this contract in the appropriation for construction of an extension of Goodwin Avenue.

I request confirmation of this action.

On motion of Mr. Grange, the action of the President was confirmed and the contract was authorized.

PREVAILING RATE OF PER DIEM WAGES APPLICABLE TO CONTRACTS

On motion of Mr. Nickell, wages to be paid all laborers, workmen, and mechanics employed by contractors and subcontractors in the execution of contracts for remodeling in the Noyes Laboratory, the installation of an elevator in the Engineering Research Laboratory, plastering, extension of campus lighting facilities, and landscaping areas of new construction, as awarded above, shall be not less than the rates specified in the following schedules:

<i>Craft</i>	<i>Wage per hour</i>	<i>Craft</i>	<i>Wage per hour</i>

CONTRACTS FOR DEMOLITION OF BUILDINGS IN MEDICAL CENTER DISTRICT, CHICAGO

(23) The Director of the Physical Plant and the Comptroller recommend award of contracts to:

Loeb Wrecking and Lumber Company, Chicago — For demolition of buildings at 1748-50-52-54-56-58 West Taylor Street and 929-937 South Wood Street.....\$3 900

Speedway Wrecking Company, Chicago — For demolition of buildings at 824, 914, 920, and 924 South Hermitage Avenue..... 3 360

Both are the lowest bidders.

These are old vacant buildings and must be razed to clear the site of the new East Dentistry-Medicine-Pharmacy Building.

Funds are available in the state appropriation for the construction of this building.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Johnston, this contract was authorized. The wages

to be paid all laborers, workmen, and mechanics employed by the contractors and subcontractors in the execution of these two contracts shall be not less than the prevailing rate of wages specified in the following schedule:

**LOEB WRECKING AND LUMBER

**CONTRACT FOR PURCHASE OF COAL FOR
CHICAGO HEATING PLANT**

(24) Bids have been taken for the purchase of 18,000 tons of coal screenings to be delivered to the new University of Illinois operated heating plant, 1717 West Taylor Street, Chicago, as required during the period from September 1, 1951, to June 30, 1952.

The Business Manager of the Chicago Departments, the Director of the Physical Plant, and the Comptroller recommend award of a contract to the Silver Creek Coal Company, Chicago, the lowest bidder, for 1¼" coal screenings to be furnished from their mine at a cost of \$4.25 f.o.b. mine, freight \$.72 (net of federal tax), plus \$1.01 handling and delivery; total estimated cost, \$107,640. This price is based on the present wage scale and is subject to increase or decrease in the event that wage contracts now in effect are changed. Any such change will affect the price to the extent that production costs are increased or decreased by the new contracts. The University retains the right of approval of any increase in price.

The lowest bid is determined by the number of British Thermal Units for one cent based on guaranteed analyses. A continuous check is provided to insure compliance with specifications.

The contract is subject to approval by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Grange, this contract was authorized.

QUARTERLY REPORT OF THE COMPTROLLER

(27) The Comptroller presents his quarterly report to the Board as of June 30, 1951.

This report was received for record and a copy has been filed with the Secretary of the Board.

GIFT OF GEORGE R. CARR

(28) Mr. George R. Carr of the Class of 1901 has offered the University of Illinois a collection of about 2,000 items on the history of Chicago and early railroad history, including also material and numerous autographed letters of famous personalities relating to Abraham Lincoln and the Civil War. The Acquisition Department of the University Library estimates this collection has a value of \$10,000. Mr. Carr has indicated his intention of supplementing this gift with similar items later.

I have accepted this offer on behalf of the University and I am pleased to report it to the Board for official record.

This report was received for record.

**GIFT OF MERCK AND COMPANY, INC. TO ESTABLISH
KARL FOLKERS LECTURE SERIES IN CHEMISTRY**

(29) Merck and Company, Inc., Rahway, New Jersey, has given the University \$12,500 to establish for a period of years the "Karl Folkers Lecture Series in Chemistry." The principal and income of this grant is to be expended over a period of not less than fifteen years for annual lectures if feasible (although they may be omitted for a year or two to accumulate funds for special lectures) primarily in the fields of organic chemistry and biochemistry but without excluding other fields. A similar grant has been offered to the University of Wisconsin.

On the recommendation of the Head of the Department of Chemistry, I have accepted this grant and have expressed to the Chairman of the Board of Merck and Company the appreciation of the University.

This report was received for record.

REPORT OF GIFTS AND GRANTS RECEIVED BY THE UNIVERSITY

67. Commercial Solvents Corporation, Terre Haute, Indiana, \$5,000 for research on the colloidal characteristics of polymeric materials, in the Department of Chemistry, under the direction of Dr. B. R. Ray, for fifteen months beginning November 1, 1950.

68. E. I. Du Pont de Nemours and Company, Wilmington, Delaware, \$10,000 in support of fundamental research in chemistry during 1951-1952.

69. Forest Preserve District of Cook County, \$10,000 for research on oak wilt disease by the State Natural History Survey.

70. B. F. Goodrich Chemical Company, \$400 to support the experimental program of plant disease control being carried out by the Department of Horticulture.

71. Illinois Farm Supply Company, \$2,000 to supplement research budgets in the Dairy Science Department and the Swine, Poultry, and Nutrition Divisions of the Animal Science Department (\$500 for each).

72. District No. 9 of the International Association of Machinists Union, \$4,800 for a survey conducted by the Institute of Labor and Industrial Relations.

73. International Nickel Co., Inc., \$1,000 for research in chemistry on the separation of small amounts of cobalt from large amounts of nickel.

74. Midwest Barley Improvement Association, \$200 to the Department of Agronomy for research on barley variety-fertilizer tests at Woodstock, Illinois.

75. Mrs. C. Phillip Miller, Chicago, \$967.04 to be added to the Sinissippi Forest Trust Fund in support of forestry research.

76. Music Research Foundation, Inc., Washington, D.C., \$1,840 in support of a research fellowship in psychology known as the Bonfils Fellowship for Music Research.

77. National Oak Wilt Research Committee, \$8,000 for research on oak wilt disease by the State Natural History Survey.

78. The Nutrition Foundation, Inc., New York City, \$2,500 for research in chemistry on the role of related nutrients in the metabolism of tryptophan and niacin.

79. Ortho Research Foundation, Raritan, N.J., \$450 in support of a study on calcium-iron metabolism in the adult man by the Department of Physiology.

80. Research Corporation, New York City, \$3,200 in continued support of research on nuclear magnetic phenomena in chemical systems by the Department of Chemistry.

81. Ruder's Valley View Farm, \$500 for research on bovine brucellosis immunization.

82. Tennessee Corporation Research Laboratories, College Park, Georgia, \$400 in continued support of spray research on copper fungicides by the Department of Horticulture.

83. University of Illinois Foundation, \$400 for research on the cytogenetics of corn.

84. United States Public Health Service:

a. \$14,850 to determine the synthesis and maintenance of intracellular enzymes, in the Department of Bacteriology, for one year beginning July 1, 1951.

b. \$1,458 to determine the mechanism of action of gonadotrophic hormones on the ovary, in the Department of Animal Science, for one year beginning March 1, 1951.

c. \$3,155 for an icological, morphological, physiological comparative study of diphyllbothrim in North America for differentiating species infecting man from these infecting fish-eating birds, in the Department of Zoology, for the period June 1, 1951, through June 30, 1952.

85. Wilson and Company, Chicago, \$575 to support a study of per cent utilization of calcium and phosphorus by man from bone phosphate, under the direction of Professor F. R. Steggerda, Department of Physiology.

Total, Funds for Graduate Fellowships, Scholarships,

and Research\$156,887.47

C. Gifts of Equipment, Works of Art, and Library Materials

86. Mr. Robert Allerton, Hawaii, portraits for Allerton House.

87. Art Institute of Chicago, sculpture for Robert Allerton Park.

88. Caterpillar Tractor Company, Peoria, Illinois, equipment for the Department of Electrical Engineering (\$600).

89. Melvin L. Enger Portrait Fund, \$1,421.72 for books for the Engineering Library.

90. Illinois Seed Dealers Association, Inc., \$2,500 for a trailer to be used by the Department of Agronomy.

91. O. A. Leutwiler Award Committee, murals in fresco to decorate the walls of the south entrance of the Mechanical Engineering Building in honor of O. A. Leutwiler, Professor of Mechanical Engineering Design, *Emeritus*, and former head of the Department of Mechanical Engineering.

92. Estate of Cassandra A. Miller, silver three-piece tea service bequeathed by the late Mrs. George A. Miller.

93. North Electric Manufacturing Company, Galion, Ohio, six individual strips containing ten push buttons numbered 0-9 (\$300).

94. Sangamo Electric Company, Springfield, 5,700 condensers to the Department of Electrical Engineering (\$2,800).

95. University of Illinois Foundation, \$8,500 for the purchase of band instruments and \$5,500 for the purchase of an electron microscope for the Department of Chemistry, and especially for Professor George L. Clark's researches.

96. Western Electric Company, New York, New York, miscellaneous electrical parts to the Department of Electrical Engineering (\$100).

97. Warren L. Wood, Plainfield, Illinois, an oil painting "There Goes Grange."

For the Chicago Professional Colleges

A. Funds Received from Private Industry, Foundations, Other Organizations and Government Agencies for Research and Graduate Study

98. Abbott Laboratories, North Chicago, Illinois:

a. \$1,000 for research on effect of amines in experimental renal and other experimental hypertension, in the Department of Physiology, College of Medicine, under the supervision of Dr. George E. Wakerlin, for the period April 1, 1951, to October 1, 1951.

b. \$3,000 for a study on the clinical evaluation of anticonvulsant substances, in the Department of Psychiatry, under the supervision of Dr. F. A. Gibbs, for one year beginning January 1, 1951.

c. \$2,000 for a study of antimalarial drugs in rheumatoid arthritis, in the Department of Medicine, under the supervision of Dr. I. E. Steck, for the period January 1, 1951, through June 30, 1951.

d. \$500 for a study of plasma substitutes, in the Department of Surgery, under the supervision of Dr. Warren H. Cole, for one year beginning April 1, 1951.

99. Amurol Products Company, Chicago, \$3,500 to continue the physical, chemical, and bacterial study of the dental plaque, in the Department of Applied Materia Medica and Therapeutics, under the direction of Dr. Robert G. Kesel.

100. Bauer and Black, \$1,000 for the study of the action and utility of phenoxymethanoic acid as a keratolytic agent, in the Department of Dermatology, under the supervision of Dr. Adolph Rostenberg.

101. Bowman Dairy Company, Chicago, \$2,000 for research on mold allergy, in the Department of Bacteriology, College of Medicine, under the supervision of Dr. Ben Z. Rappaport and Dr. Milan V. Novak.

102. Bristol Laboratories, Syracuse, New York, \$2,500 for a fellowship in the Department of Biological Chemistry, under the supervision of Dr. S. B. Binkley, for one year beginning April 1, 1951.

103. E. & J. Manufacturing Company, Glendale, California, \$2,000 to supplement research on resuscitation, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. A. C. Ivy.

104. Lederle Laboratories, American Cyanamid Company, Pearl River, New York:

a. \$1,800 for research on the effect of aureomycin on experimental cholesterolemia in rabbits, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. A. C. Ivy, for one year beginning February 1, 1951.

b. \$10,000 for work of investigative nature in infectious diseases, preventive medicine, and related fields, in the Department of Preventive Medicine, under the supervision of Dr. Harry F. Dowling, for one year beginning January 1, 1951.

105. Eli Lilly and Company, Indianapolis, Indiana:

a. \$6,330 for research on histamine analogues and antihistamine and atropine-like synthetics on gastric secretion, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. A. C. Ivy, for one year beginning December 11, 1950.

b. \$5,600 for renewal of research on mumps vaccination, in the Department of Bacteriology, College of Medicine, under the supervision of Dr. J. E. Kempf.

106. G. D. Searle and Company, Chicago:

a. \$1,200 for studies of the incidence of colonic dyskinesia and its management with the hydrophilic colloid in patients with peptic ulcer, in the Department of Clinical Medicine.

b. \$3,300 for preliminary study of the antacid compounds, in the Department of Clinical Science, College of Medicine.

c. \$2,900 for continuation of research on evaluation of anti-asthmatic drugs, in the Department of Medicine, under the supervision of Dr. Max Samter.

d. \$7,430 for research on the physiology of bile secretion, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. A. C. Ivy.

107. E. R. Squibb and Sons, New York, New York, \$2,400 for an investigation of pronestyl, in the Division of Anesthesia, Department of Surgery, College of Medicine, under the supervision of Dr. Max S. Sadove, for one year beginning February 1, 1951.

108. Swift and Company, Chicago, \$8,250 for research on the relation of bile and the intestine to cholesterol metabolism, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. A. C. Ivy.

109. Teagle Foundation, Inc., New York, New York, \$24,000 for research on paralysis agitans, in the Department of Psychiatry, under the direction of Dr. Francis J. Gerty.

110. Toni Company, Chicago:

a. \$3,000 for research on bacteriology of seborrheic dermatitis and related dermatoses, in the Departments of Bacteriology and Dermatology, College of Medicine, under the supervision of Dr. M. J. Brunner and Dr. E. E. Vicher.

b. \$1,650 to be added to research on sulfhydryl compounds in cellular respiration, in the Department of Clinical Science, College of Medicine, under the direction of Dr. Leon L. Gershbein.

111. Upjohn Company, Kalamazoo, Michigan, \$1,000 for research on intravenous gelatin, in the Department of Surgery, College of Medicine, under the supervision of Dr. C. W. Vermeulen.

112. VioBin Corporation, Monticello, Illinois, \$1,600 to be added to research on liver fraction and raw liver powder, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. A. C. Ivy.

113. Winthrop-Stearns, Inc., \$2,400 for screening and investigation of new anesthetic drugs, in the Division of Anesthesia, Department of Surgery, College of Medicine, under the supervision of Dr. Max S. Sadove, for one year beginning March 1, 1951.

114. Arthritis and Rheumatism Foundation, \$3,000 for a fellowship in the Department of Medicine, under the supervision of Dr. R. W. Keeton and Dr. Irving E. Steck.

115. Borden Company Foundation, New York, New York, \$1,500 for undergraduate scholarship awards in the College of Pharmacy.

116. Lakeland Foundation, Chicago, \$7,000 for cancer diagnostic test, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. A. C. Ivy, for the period from April 1, 1951, to July 1, 1952.

117. John and Mary R. Markle Foundation, New York, New York, \$18,000 for stipends for scholars in medical sciences.

118. Rockefeller Foundation, New York, New York, \$24,000 for fundamental investigations in brain biochemistry, in the Department of Pharmacology, College of Medicine, under the supervision of Dr. J. A. Bain.

119. University of Illinois Foundation, \$13,000 for various projects in the College of Medicine, and \$2,800 to continue research in the College of Dentistry, under the direction of Dr. Robert G. Kesel.

120. American Cancer Society, Inc., New York, New York, \$6,048 for continuation of research on changes in the connective tissue stroma of the cyclic organs of reproduction as influenced by hormones: integration of parenchymatous and stroma changes in end organs, in the Department of Pathology, College of Medicine, under the direction of Dr. H. R. Catchpole, for one year beginning July 1, 1950.

121. American Heart Association, Inc., New York, New York, \$5,250 for a study of the relation of pituitary and adrenal cortex to experimental renal hypertension, in the Department of Physiology, College of Medicine, under the supervision of Dr. G. E. Wakerlin.

122. American Red Cross:

a. \$4,500 for a study of relationship of vitamins and hormones to white blood cell formation, in the Department of Pediatrics, College of Medicine, under the supervision of Dr. H. G. Poncher.

b. \$750 for continuation of research on resuscitation, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. A. C. Ivy.

123. American Society of Heating and Ventilating Engineers, \$1,618 for investigation of the physiological adjustments of human beings to sudden changes in atmospheric environment, in the Department of Medicine, under the supervision of Dr. R. W. Keeton and Dr. Nathaniel Glickman.

124. Asthmatic Children's Aid, \$10,000 for studies in histochemistry and immunology, in the Department of Medicine (Allergy Unit), under the supervision of Dr. Ben Z. Rappaport, for one year beginning July 1, 1951.

125. Cerebral Palsy Association of Illinois, Inc., Chicago, \$50,000 for research on cerebral palsy, in the Department of Psychiatry, under the supervision of Dr. F. J. Gerty, for five years.

126. Chatham United Presbyterian Church, in memory of Mrs. Dora Hanson, \$25 to be used in the Tumor Clinic.

127. Illinois Federation of Women's Clubs, \$1,700 for the continuation of a fellowship in the Department of Surgery, College of Medicine, for the Tumor Clinic in the Research and Educational Hospitals, under the direction of Dr. D. P. Slaughter, for one year beginning July 1, 1949.

128. Illinois Veterinary Practitioners Association, \$25 for the purchase of journals of veterinary medicine for the Library.

129. Phi Gamma Psi Sorority, in memory of Thomas Meehan, a television set to the Research and Educational Hospitals.

130. The Women's Auxiliary of the Chicago Colleges, \$16,000 (proceeds of a fashion show) to be used for research and scholarships, and \$160 to be deposited in the Occupational Therapy Gift Fund.

131. Women of Rotary, \$600 in support of the Orthopaedic Surgery Gift Fund for Children.

132. United States Public Health Service:

a. \$4,882 for the investigation of the physiological adjustments of human beings to sudden changes in atmospheric environment, in the Department of Medicine, under the supervision of Dr. R. W. Keeton and Dr. Nathaniel Glickman.

b. \$9,815.92 for a study of odontome (tumor) formation in a known strain of rats (1a), in the Department of Histology, College of Dentistry, under the supervision of Dr. Isaac Schour (C-464—C3).

c. \$11,458.47 for a study of effects of betatron X-ray beam on central nervous system, in the Department of Radiology, College of Medicine, under the supervision of Dr. Roger A. Harvey (C-853).

d. \$14,604.15 for a study of effects of betatron electron beam on bone and cartilage, under the supervision of Dr. R. A. Harvey and Dr. G. A. Bennett, for one year beginning July 1, 1950 (C-854—C).

e. \$5,616 for a study of amino acid and protein metabolism in leukemia; individual amino acids in leukemia, in the Department of Pediatrics, College of Medicine, under the supervision of Dr. H. G. Poncher and Dr. H. A. Waisman, for a period of one year beginning January 1, 1951 (C-875—C2).

f. \$3,800 for a study of the chemical and mechanical factors which may alter the normal growth pattern of the gastric mucosa, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. A. C. Ivy and Dr. Rhoda Grant, for a period of one year beginning November 1, 1950 (C-1110—C).

g. \$9,718.60 for establishment of a quantitative method of indexing gingival disease and an index of gingival disease in representative groups in the United States, in the Department of Histology, College of Dentistry, under the supervision of Dr. Isaac Schour (D-11—C4).

h. \$8,809.18 for a study of histopathology of gingiva in systemic disease, in the Department of Histology, College of Medicine, under the supervision of Dr. Isaac Schour (D-15—C3).

i. \$3,392.92 for research on facial growth, in the Department of Oral and Maxillofacial Surgery, College of Dentistry, under the supervision of Dr. B. G. Sarnat, for one year beginning October 31, 1950 (D-26—C).

j. \$540 for research on electromyographic analysis of certain facial muscles, including the muscles of mastication in normal and abnormal conditions in man, in the Department of Physiology, College of Medicine, under the supervision of Dr. Carlos I. Reed, for one year beginning October 1, 1950 (D-111).

k. \$5,728.25 for determination of cardiac output in the human by a capacitance method, in the Department of Physiology, College of Medicine, under the supervision of Dr. William V. Whitehorn, for one year beginning November 1, 1950 (H-205—C).

l. \$8,640 for a study of the role of steroids in edema, in the Department of Medicine, under the supervision of Dr. N. O. Calloway and Dr. R. W. Keeton (H-400—C).

m. \$11,514.82 for a study of relations of cardiac work, efficiency, and coronary flow; relation of cardiac output and serum osmotic pressure to sodium and water excretion, in the Rush-Presbyterian Department of Medicine (H-404—C).

n. \$9,936 for research on chemotherapy of rheumatic fever, in the Department of Pharmacology, College of Medicine, under the direction of Dr. C. Ç. Pfeiffer (H-409—C).

o. \$10,000 research on arteriosclerosis and hypertension, in the Department of Physiology, College of Medicine, under the supervision of Dr. G. E. Wakerlin (H-423—C).

p. \$8,586 for research on vascular permeability as affected by changes in blood oxygen and carbon dioxide tensions, in the Department of Physiology, College of Medicine, under the supervision of Dr. A. A. Schiller (H-425—C).

q. \$20,000 for a study of pathogenesis and treatment of experimental renal hypertension, neurogenic hypertension, and experimental malignant hypertension, in the Department of Physiology, College of Medicine, under the supervision of Dr. G. E. Wakerlin, for one year beginning September 16, 1950 (H-428—C).

r. \$7,819.93 for research on isolation and characterization of cardiac myofibrils, under the supervision of Dr. George M. Hass (H-429—C).

s. \$4,433.67 for research on the anatomy and pathology of the auriculoventricular musculature of the human heart, in the Department of Pathology, College of Medicine, under the direction of Mr. Maurice Lev (H-430—C).

t. \$4,410.29 for the continuation of a study on attempts to produce right and left ventricular failure in dogs, in the Rush Department of Pathology, under the supervision of Dr. George M. Hass, for one year beginning September 16, 1950 (H-432—C).

u. \$7,155 for a study of experimental arteriosclerosis and atherosclerosis in young and old animals, in the Rush Department of Pathology, under the supervision of Dr. George M. Hass (H-452—C).

v. \$1,620 for the influence of environmental factors on capillary circulation in normal and diseased subjects (animals and man), in the Department of Pathology, College of Medicine, under the supervision of Dr. A. J. Nedzel, for one year beginning January 1, 1951 (H-453—C).

w. \$9,450 for a study of dialyzability of substances involved in syndromes of hepatic coma, postoperative hepatorenal syndrome, eclampsia, and other intoxications by modified kolff technique; biological and chemical characterization of dialysate, in the Rush Department of Medicine, under the supervision of Dr. S. H. Armstrong (H-844—R).

x. \$540 for research on changes in cardiac output and circulation following partial occlusion of the inferior vena cava, in the Department of Physiology, College of Medicine, under the supervision of Dr. R. C. Ingraham, for one year beginning July 15, 1950 (H-941).

y. \$10,903.93 for a study of the neurophysiological basis of epilepsy, in the Department of Psychiatry, College of Medicine, under the supervision of Dr. F. A. Gibbs (MH-56—C2).

z. \$6,592.10 for analysis of psychological data on schizophrenia, in the Department of Psychiatry, College of Medicine, under the supervision of Dr. David Shakow, for one year beginning April 1, 1950 (MH-148—C1).

aa. \$540 for the purchase of supplies and equipment for Robert Doty, a post-doctorate research fellow, for one year beginning September 2, 1950 (MH-413).

bb. \$540 for postdoctorate research, in the Department of Psychiatry, College of Medicine, under the supervision of Dr. W. S. McCulloch, for one year beginning December 20, 1950 (MH-431).

cc. \$10,000 for research on the construction of enterogastrone, in the Department of Clinical Science, College of Medicine, for one year beginning September 1, 1949 (RG-1614).

dd. \$10,000 for the concentration of enterogastrone, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. A. C. Ivy, for one year beginning September 1, 1950 (RG-1614—C2).

ee. \$1,912.95 for continuation of a study on the effect of vagotomy and isolation of the pyloric antrum on the Mann-Williamson ulcer, in the Department of Surgery, College of Medicine, under the supervision of Dr. Warren H. Cole (RG-1639—C).

ff. \$14,206 for research on renal glomeruli—their antigenic and chemical qualities, in the Department of Pathology, College of Medicine, under the supervision of Dr. C. A. Krakower, for one year beginning September 1, 1951.

gg. \$16,293.35 for continuation of a training grant in clinical psychology, in the Department of Psychiatry, College of Medicine, under the supervision of Dr. David Shakow, for one year beginning July 1, 1950 (2M-5083—C3s).

CONTRACT FOR FILM RENTALS

(31) The Dean of the Division of University Extension recommends the award of lease-purchase contracts with three producers of educational films for periods of three or four consecutive years, at the end of which time the University will acquire full ownership of the prints. Contracts are recommended as follows:

Coronet Films: 118½ reels, rental of \$2,453.25 for each of three years

Encyclopaedia Britannica: 114 reels, rental of \$2,238.74 for each of four years

Young America Films: 56½ reels, rental of \$884.50 for each of three years

Funds for the payment of the rental will come from income derived from the rental of the films to Illinois schools.

The Comptroller recommends that the contracts be approved.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Nickell, these contracts were authorized.

FEES FOR SHORT COURSES IN AGRICULTURE

(32) The College of Agriculture will offer twelve eight-week short courses to qualified students who are eighteen years of age or over and are high school graduates with farm experience. This program will be separate from the regular curricular offerings of the College. Each course will be taught for five hours per week. No credit will be given, but students completing the schedule will receive certificates from the College.

It is proposed that fees comparable with those assessed for the summer session (which is an eight-week program) be charged as follows:

Tuition

Residents of Illinois.....	\$20 00
Nonresidents of Illinois.....	75 00
Laboratory, library, and supply fee.....	4 00
Illini Union service charge.....	3 50
Hospital and medical service fee.....	2 50

The Committee on Fees and Scholarships recommends approval and I concur.

On motion of Mrs. Holt, these fees were authorized as recommended.

At this point, Mr. Megran took his place with the Board.

SCHOLARSHIPS IN LAW

Mr. Johnston, for the Committee on General Policy, submitted the following report:

Mr. Park Livingston, President
University of Illinois Board of Trustees
Urbana, Illinois.

DEAR MR. PRESIDENT:

At the last meeting of the Board of Trustees in Urbana on July 25 there was referred to the Committee on General Policy for its consideration the proposal submitted by the dean of the College of Law that there be established annually ten scholarships at \$250 each plus exemption from tuition.

There are two significant phases of this proposal prevailing which have been considered by the policy committee:

- (1) Has the Board of Trustees the legal power to establish the requested scholarships and the legal right to pay cash stipends with University funds.
- (2) Considering the relationship of other departments of the University, can the Board of Trustees justify an affirmative decision of the Law College's proposal.

Quite an extensive opinion has been rendered by the legal counsel of the University on the power of the Board of Trustees to establish such scholarships using state funds for this purpose, the conclusions of which are concurred in by the policy committee. They are:

- (A) There appears to be sufficient statutory recognition of the right and power of the Board of Trustees to establish the proposed scholarships.
- (B) The proposed scholarships, if established and awarded, will not contravene constitutional prohibitions against using public money for private purposes and granting special and exclusive privileges and immunities by special law.
- (C) Funds are available under the present appropriation act out of which the payments contemplated by these scholarships can be made.

In fairness the committee wants to state, however, that none of these conclusions are entirely free from doubt, as it is always possible that a different view could be taken with respect to any one or more of them. However, it is obvious that the similar scholarships which are being maintained and have been granted for decades by the Graduate College stand upon virtually the same basis with respect to those questions, and some of the considerations which render their

validity doubtful are also possibly applicable to many of the other scholarships which are being maintained in various departments and colleges of the University and which have been awarded for many years. The legal counsel therefore concludes, and rightfully so in the opinion of the committee, that the fact that no challenge has been made of the legality of any of these scholarships affords considerable assurance that those proposed in the College of Law will not be subjected to challenge in the courts as well as some evidence tending to establish their legality. Summarizing briefly, it is the conclusion of your committee that if we approve the proposal of the dean of the College of Law and concurred in by the President, there is a reasonable assurance of the legality on the part of the Board to award such scholarships.

Dealing now with the principle and policy in the establishment of these ten annual scholarships in the College of Law, your committee points out 1) that there are already numerous scholarships in the various colleges, excluding the College of Law, and therefore the Board should approve the recommendation of the dean of the College of Law and the President. It is the view of the committee that this would not create a discrimination and neither would it set a precedent. 2) There seems to be, as developed by the review of this subject by your committee, a condition now prevailing in our College of Law that justifies more than a passing consideration of this proposal. The dean of the College of Law has well pointed out that there is a definite competition between our College of Law and those of Harvard, Yale, Columbia and Michigan, and those schools are draining the Mid-West area served by our college because of inducements offered to students in the nature of substantial scholarships. There can be no denying the fact that the principal mark of a good professional school is a good student body, and if our College of Law continues to be handicapped by its disability to meet the competition of colleges of law such as those mentioned, we think it can be recognized that instead of growing in stature the University of Illinois College of Law will remain at a standstill or deteriorate. The Board of Trustees, in the opinion of your committee, cannot afford to permit the area which we serve to become depleted of outstanding material for our College of Law because of the programs pursued by other schools.

The establishment of these ten annual scholarships in the College of Law might well lead to similar proposals on the part of deans of other colleges, and your committee has considered this possibility and its result on the finances of the University. The answer appears obvious. The College of Law is now confronted with a problem which is affecting the future. This, so far as your committee can determine, does not exist in other colleges at the present time. When and as such condition does arise in other colleges, it is our view that we will then have to approach it from the standpoint of what is good for that particular college and in no-wise relate the present situation to what may later prevail in other colleges. We very definitely feel there is a need for these ten scholarships in the College of Law at this time if this college is to be placed in a proper position to meet competition from other law colleges; further that due to the fact there are many presently available scholarships to practically all students in other colleges, we do not feel there is any discrimination by the establishment of these scholarships.

In conclusion, it is the recommendation of the policy committee, in view of the opinion rendered by legal counsel and for the reasons stated from a general policy position, that the Board approve the recommendation of the dean of the College of Law and President that these ten annual scholarships be established.

ROBERT Z. HICKMAN
HERBERT B. MEGHAN
WAYNE A. JOHNSTON, *Chairman*

On motion of Mrs. Watkins, the recommendations of the Committee were adopted and the Board authorized the establishment of ten scholarships to be awarded annually in the College of Law according to the plan and under the conditions recommended to the Board on July 25, 1951 (Minutes, page 843); Mrs. Holt and Mr. Nickell voted "no."

TELEVISION POLICY

Mr. Fornof asked that consideration be given by the Board to establishing a long range, comprehensive policy for the development of television facilities by the University and the telecasting of educational programs. President Stoddard reported informally on what the University's Division of Communications has done in a preliminary way. President Livingston and other members of the Board commented on this matter.

President Livingston also presented a letter, dated September 18, 1951, from Mr. J. A. McDermott, Executive Vice-President of The Champaign News-Gazette, Inc., stating that his corporation has presented briefs and data to the Federal Communications Commission seeking permission to construct and to operate a commercial television station in the Champaign-Urbana area, and offering its facilities to the University of Illinois for the telecasting of worth-while educational programs without charge. Copies of this letter were distributed to the members of the Board.

Following extended discussion, President Livingston, with the concurrence of the Board, appointed Messrs. Fornof, Herrick, and Johnston to serve with him as chairman as a special Committee on Television to study all phases of this matter and to make recommendations to the Board. Mr. Nickell suggested that when this Committee submits a report, action on it be deferred for one month to give the other members of the Board sufficient time for study of the report.

GEORGE A. MILLER BEQUEST

Mr. Herrick reported that Mr. Marshall E. Miller, Attorney, Champaign, representing Mrs. Sarah Grimm, sister of the late Professor George A. Miller, had called on him to ask that the Board of Trustees make some financial provision for Mrs. Grimm from the proceeds of Professor Miller's estate bequeathed to the University of Illinois.

This request was referred to the Finance Committee for consideration.

PURCHASE OF PROPERTY AT 1114 WEST ILLINOIS STREET, URBANA

Mrs. Holt and Comptroller Morey presented an inquiry received from Mr. Chancy L. Finfrock, Attorney, Urbana, as to the interest of the Board of Trustees in the purchase of the property at 1114 West Illinois Street, Urbana.

The Comptroller reported that this was considered a few weeks ago and no recommendation was made because of (a) excessive asking price, (b) lack of funds, and (c) no immediate need for the property. He agreed to see that the proposal is again reviewed.

SECRETARY'S REPORTS

The Secretary presented for record the following lists: (1) appointments made by the President; (2) fellows; (3) resignations, declinations, and cancellations; (4) leaves of absence; (5) degrees conferred August 20, 1951.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

October 23, 1951

The October meeting of the Board of Trustees of the University of Illinois was held in the LaSalle Hotel, Chicago, Illinois, on Tuesday, October 23, 1951, beginning at 10:00 a.m.

The following members of the Board were present: President Livingston, Mr. Fornof, Mr. Grange, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Megran, and Mrs. Watkins; Mr. Nickell took his place with the Board later.

Also present were President George D. Stoddard, Provost Coleman R. Griffith, Vice-President A. C. Ivy, Mr. C. Lincoln Williston, Manager of Public Information in the Chicago Professional Colleges, Mr. Lloyd Morey, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary of the Board.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following recommendations and reports presented by President Stoddard.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
SOLOMON SAUL BROWN	Brentwood, Missouri	New York
WILLIAM MARSHALL CONDON	Belleville, Illinois	Missouri
JOHN RODERICK COWAN	Chicago, Illinois	Missouri
JOHN EMMETT GIBBONS	Chicago, Illinois	District of Columbia
PHILIP SAMUEL GREENSPAN	Chicago, Illinois	North Carolina
HARRY HODGE	Downers Grove, Illinois	New Jersey
EUGENE H. LOTT	Chicago, Illinois	Texas
WALTER AUGUST PLUMHOFF	Houston, Texas	Texas
CHARLES ALLEN WATSON	Houston, Texas	Texas

I concur.

On motion of Mr. Grange, these certificates were awarded.

APPOINTMENTS TO THE FACULTY

(2) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. FRED EDWARD FIEDLER, Research Assistant Professor of Education, Graduate College, beginning October 1, 1951, at an annual salary of \$5,800 (DY).

2. MURRAY FRANKLIN, Assistant Professor of Medicine, beginning September 1, 1951, at an annual salary of \$7,500 (BY).

3. WILLIAM P. McLURE, Associate Professor of Education (AY), to be Acting Director of the Bureau of Research and Service for one year from September 1, 1951, at a salary of \$9,000, an increase of \$945 over his salary as Associate Professor as additional compensation for administrative duties.

The Director of Nonacademic Personnel reports the following appointments to supervisory positions of upper level responsibility:

1. WILMER DAVID BINKLEY, Placement Officer in the Office of Nonacademic Personnel, Chicago, beginning September 25, 1951, at an annual salary of \$3,300.

2. JOHN C. COATES, Greenhouse Supervisor, Department of Botany, beginning September 1, 1951, at an annual salary of \$3,600.

3. HARRY G. HIGGINS, JR., Assistant Administrator, Research and Educational Hospitals, Chicago, beginning September 24, 1951, at an annual salary of \$7,200.

4. MIRIAM R. ROTHSTEIN, Food Production Manager, Residence Halls, beginning September 11, 1951, at an annual salary of \$3,500, plus meals.

On motion of Mr. Johnston, these appointments were confirmed.

APPOINTMENT TO BOARD OF EXAMINERS IN ACCOUNTANCY

(3) The faculty Committee on Accountancy recommends the appointment of Mr. James A. Velde of the firm of Gardner, Carton, and Douglas, Chicago, as the law member of the Board of Examiners in Accountancy for a term of three years beginning July 1, 1951, replacing Mr. Albert E. Jenner, Jr., whose term has expired.

I concur.

On motion of Mr. Herrick, this appointment was approved.

**APPOINTMENT TO ADVISORY COMMITTEE OF THE
COLLEGE OF PHARMACY**

(4) The Dean of the College of Pharmacy recommends the following appointments to the Advisory Committee of that College:

PAUL S. SANG, Vice-President of Humiston-Keeling and Company, wholesale druggists, Chicago, for five years (July 1, 1951, through June 30, 1956) as replacement for Mr. Thomas G. Crawford whose term has expired.

HARRY E. LEVIN, President of the Illinois Pharmaceutical Association, to serve during his term as President of that organization; this is an *ex officio* appointment.

I concur.

On motion of Mrs. Watkins, these appointments were approved.

ADMISSION TO THE COLLEGE OF MEDICINE

(5) The Committee on Admissions to the College of Medicine has recommended adoption of the following statement of policy governing admission of students to that College.

In determining the priority of admission of an applicant to the Chicago Professional Colleges the Committees on Admission shall take into account the nature and apparent permanency of his residence in this state, the residence of his parents, and all other factors which are relevant in making the facilities of the Chicago Professional Colleges available first to the young men and women of Illinois.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

DEGREES IN VOCATIONAL AGRICULTURE

(6) On June 30, 1945, the Board of Trustees authorized the degrees of Bachelor of Science in Vocational Agriculture and of Master of Science in Vocational Agriculture. The Council on Teacher Education, the College of Agriculture, and the Provost recommend that the names of these degrees be changed to Bachelor of Science in Agriculture and Master of Science in Agricultural Education.

I concur.

On motion of Mrs. Holt, this recommendation was approved.

**DISCONTINUANCE OF CURRICULUM LEADING TO DEGREE OF
BACHELOR OF SCIENCE IN LIBRARY SCIENCE**

(7) The faculty of the Library School and the University Senate recommend discontinuance of the curriculum leading to the degree of Bachelor of Science in Library Science.

The curriculum in library science is now at the graduate level leading to the degree of Master of Science and Doctor of Philosophy. The majority of students intending to do graduate work in library science prefer completing their undergraduate work in the College of Liberal Arts and Sciences or the College of Education, taking the necessary undergraduate courses in library science as electives. Students already enrolled in the curriculum leading to the degree of Bachelor of Science in Library Science will be permitted to finish, but when this curriculum is discontinued, no new students will be admitted to it.

This proposal will not discontinue any courses of instruction in library science.

I concur.

On motion of Mr. Fornof, this recommendation was approved.

**AMENDMENT OF UNIVERSITY STATUTES
APPROVAL OF UNIVERSITY CONTRACTS**

(8) Article 52, Paragraph (b) of the University Statutes reads as follows: "All contracts prior to the execution thereof shall be approved as to legal form and validity by the University Counsel; such approval to be endorsed in writing on the contract."

There are many types of contracts in which a standard form is used, in which is inserted (a) a description of the project, (b) the amount involved, and (c) the term. Examples of such contracts are (a) research contracts with both public agencies and private parties, (b) training contracts for government trainees, veterans, and others. In many instances, also, there are renewals or extensions of these contracts which provide only for an added period of time and an added payment of money, the other conditions remaining the same.

Under the present rules the Legal Counsel is charged with the necessity of examining and endorsing each of these individual contracts, as well as each extension or renewal thereof, even though the form used is a standard one previously approved by him and the contract contains no other different provisions.

To reduce the detail involved in, and obviate the delay necessarily caused by, this operation, the Legal Counsel recommends that Article 52, Paragraph (b) be revised to read as follows (new language is shown in italics): "All contracts prior to the execution thereof shall be approved as to legal form and validity by the *Legal Counsel*, such approval to be endorsed in writing on the contract, *provided that such approval and endorsement will not be required with respect to individual contracts or extensions or renewals thereof the form of which has been previously approved by the Legal Counsel and which contain no substantive changes or additions, other than those pertaining solely to the description of the project, the amount involved, and the term of the contract or extension.*"

The University Statutes refer to this office as "University Counsel," but the Board in appointing the present Counsel designated his title as Legal Counsel. This minor correction also is needed and is incorporated in the foregoing revision.

The Comptroller concurs in this recommendation.

I concur and request approval.

On motion of Mr. Johnston, these amendments were adopted by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Nickell, Mr. Stevenson.

REVISION OF RULES RELATING TO INDIRECT COSTS ON RESEARCH CONTRACTS

(9) On September 26, 1947, the Board adopted a policy relating to research contracts, with particular reference to indirect costs and patents (Minutes, pages 512 and 833). The increase in number and scope of such projects requires revision of this policy. The Provost and the Comptroller recommend the following statement to replace the present policy.

I recommend approval.

Budget Procedure Relating to Sponsored Research (Being a revision of Part VI of Policy Relating to Research Contracts, Edition of August 5, 1947)

When any research proposal to be sponsored by an agency outside of the University has reached the stage of formal negotiation, the University staff member involved shall prepare a budget for all estimated costs of such investigation including the following:

(a) *Direct costs*, which normally include compensation for personal services, materials, supplies, equipment, communication, travel, and other expenses directly made as a result of the operation of the contract. These should include employer contributions to the University Retirement System of Illinois for retirement, disability, and death benefits, for all salaries of participants in the System paid from contract funds. To provide for losses under the Workmen's Compensation Act, 1½ per cent of all payments for personal services from contract funds should be entered as direct costs. This percentage may be increased upon agreement with the sponsor, if unusual hazards are involved, or it may be waived if the sponsor agrees to indemnify the University for any such losses incurred

as a result of the operation of the investigation, or if such liability is otherwise covered. The rate may also be reduced if justified by experience. The sums thus accumulated will be carried in a reserve account from which such claims will be paid.

(b) *Indirect costs*, which consist of general college and departmental administrative costs, physical plant operating costs, and use of departmental, college, and general University facilities.

This budget shall be approved by appropriate administrative personnel, including the Business Office.

To protect the general interests of the University as well as the interests of the department concerned, the amount budgeted for indirect costs in any such proposed project shall be reviewed and approved by a committee consisting of (a) the Chairman of the Research Board, or his delegate, who in Chicago shall be the Vice-President in charge of the Professional Colleges, (b) a representative of the appropriate research agency or the department carrying on the project, and (c) a representative of the Business Office. When the aggregate sum received from a private individual, corporate body, foundation, or the Federal Government for sponsored research during any fiscal year shall be less than \$5,000, such review shall not be required.

In determining the amount to be budgeted for indirect costs, the Committee shall give consideration to the respective benefits which will be received from the investigation by the sponsor, by the University, and by the Public. The projects will vary from those which are mainly for the benefit of the sponsor to those which are directly supplemental to University research programs and interests, and which provide funds for desirable expenditures which the University otherwise might not be able to make.

When the budget provides for full recovery of all indirect costs, the following distribution of such funds is to be made:

a. 40 per cent to a reserve which will periodically lapse to general University income. Special administrative or physical plant costs which result from such research activities may be charged directly to this reserve.

b. 30 per cent to a reserve fund to be allocated by the University Research Board for research purposes.

c. 30 per cent to the University department conducting the investigation.

In those cases where less than total reimbursement of indirect costs is authorized by the Committee, then all sums received for this purpose shall first be applied to the general University allocation under "a" above. After the full 40 per cent provided has been realized, any balance shall then be applied to "b" above, and after such 30 per cent has been realized, any remaining balance will be applied to "c".

In certain cases, on projects where unusual demands are made upon University facilities, or substantial capital installations are required to service the project, or in other instances where full use of University facilities is not required, the Committee is authorized to revise the percentage allocation provided above.

On motion of Mrs. Holt, these changes were approved.

REPORT ON LITIGATION IN THE CASE OF VIRGINIA A. KENNY VS. THE BOARD OF TRUSTEES

(10) In June, 1948, Miss Virginia A. Kenny, a nonacademic employee in medical social service work in the Research and Educational Hospitals, instituted legal proceedings in the Superior Court of Cook County to obtain a writ of mandamus to compel the Board of Trustees to place her in the position of Head of the Social Service Department of the Research and Educational Hospitals. Miss Kenny had then been on the staff, in a civil service position, since September 1, 1941, and up to 1945 was the only medical social worker employed in the Hospitals. Subsequently other medical social workers were employed in the same civil service classification as Miss Kenny.

The Board of Trustees had created the position "Director of Social Service" pursuant to a plan for the reorganization and expansion of social service functions, including provisions for the professional training of medical social service

workers, at the Research and Educational Hospitals. The duties and responsibilities of this position are primarily academic in nature. In December, 1947, Miss Marian Russell was appointed Director of Social Service. Miss Kenny claimed that under the civil service law of Illinois, she was entitled to the position and that for her the appointment of Miss Russell was a demotion.

The Judge of the Superior Court held that she was entitled to the position under the civil service law of Illinois and ordered the writ to issue. Upon appeal from that decision to the Appellate Court, the latter held that the position is different from the one which Miss Kenny had held, that she was not entitled to it under the civil service law, and that the Superior Court had erred. Accordingly, the Appellate Court reversed the decision of the Superior Court. This constituted a final decision by the Appellate Court.

Miss Kenny then sought a review by the Supreme Court. The proceeding is not one which would entitle her to appeal to the Supreme Court as a matter of right, and it was necessary for her to file a petition asking leave of the Supreme Court to appeal from the Appellate Court's decision. The Supreme Court of Illinois has denied this petition. No notice of intention to petition for a rehearing has been filed within the time limit allowed. Hence, the case may be regarded as closed.

By authority of the Board of Trustees the University has been represented in the proceedings from the beginning by Richard M. Keck of the firm of Snyder, Chadwell, and Fagerburg, 135 South LaSalle Street, Chicago, as special counsel. This firm has submitted an itemized statement of \$5,910 for legal services from November 1, 1949, to date and of \$296.20 for expenses incurred in work on the case during this two-year period, the total due being \$6,206.20. The fees charged are on a per hour basis for the services of Mr. Keck and on a per diem basis for the services of an associate according to rates agreed upon by former Legal Counsel Professor W. E. Britton and Mr. Keck when the latter was engaged. Professor Britton regards the charge made for services as proper and reasonable. Professor Ralph Lesemann, the Legal Counsel, has reviewed the work done in the preparation of this case for appeal by the University and in answering the petition of the plaintiff to the Supreme Court, and concurs in recommending payment of the charges.

I recommend that the Board authorize a payment of \$6,206.20 to Snyder, Chadwell, and Fagerburg for services and reimbursement for expenses in this case since November 1, 1949, and that the appropriation be made from the General Reserve Fund.

On motion of Mr. Herrick, this payment was authorized and an appropriation of \$6,206.20 was made from the General Reserve Fund for this purpose by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Nickell, Mr. Stevenson.

PATENTABLE DISCOVERIES

(11) The University Patent Committee submits the following reports and recommendations relating to potentially patentable discoveries:

1. A new method for packaging ice cream, developed by Professor Paul H. Tracy of the Department of Dairy Technology and Dr. John J. Sheuring during the course of the latter's thesis study under Dr. Tracy's direction. This method may have commercial possibilities in preventing shrinkage in ice cream and the discoverers wish to apply for a patent proceeding under their own responsibility. A memorandum explaining this invention in detail is filed with the Secretary of the Board for record.

The University Patent Committee has examined this proposal and recommends that the discovery be released to the inventors to develop as they choose. Their idea calls for metal ice cream containers; it may or may not be patentable. In the opinion of the University Patent Committee, even if a patent could be obtained, the commercial possibilities are not particularly attractive since the recent trend in the dairy industry has been to get away from returnable containers that require deposits, sterilization, and extra handling.

2. A physicochemical method of bonding a metal to a ceramic. Professor J. D. Ryder, Head of the Department of Electrical Engineering, reports the discovery of a physicochemical method of bonding invented by Floyd Dunn, Research Assistant, and Roger P. Wellinger, Research Assistant Professor, with the assistance of William J. Fry and Erwin K. Weise, Research Assistant Professors. A description of this method is filed with the Secretary of the Board for record.

The University Patent Committee is of the opinion that any claims which might be made for this discovery would be narrow in scope and the chances of remunerative benefits small. The Committee, therefore, recommends that parties to the invention as claimed by Floyd Dunn *et al.* be released to them to develop by their own resources if they so desire.

3. A nuclear resonance detector, an instrument for the precise measurement and control of magnetic fields, developed by Dr. E. L. Hahn, who was Research Associate in the Department of Physics from 1946 to July, 1950, was reported to the Board of Trustees on September 29, 1950, with the recommendation that if this device were found to be patentable and of sufficient commercial value to justify the expense of securing a patent, an application for the same be authorized. Accordingly, the matter was referred to the University of Illinois Foundation for prosecution of a search. Investigation disclosed that a patent might be obtained and an application was filed.

It has now been found that a fundamental patent on this device had previously been established by Messrs. F. Bloch and the late W. Hansen, both of Stanford University. It appears that the best that could be hoped for from this discovery would be an improvement patent. This would have little commercial value unless a license were first negotiated with the holder of the basic patent. Dr. Hahn, who is now at Stanford University, asks that rights to the discovery be released to him. The University Patent Committee is of the opinion that the Foundation should not be asked to spend additional money in this matter. It recommends that the invention be released to Dr. Hahn, subject to his reimbursement of the Foundation for the costs of patent application incurred to date. If Dr. Hahn chooses not to reimburse the Foundation, the University will then reserve all rights to any patent which may be issued.

I concur in the recommendations above.

On motion of Mr. Johnston, these discoveries were released, as recommended.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(12) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

1. Construction of building to house small animals, Animal Genetics, College of Agriculture.....	\$ 8 500
2. Air conditioning two rooms in the Natural History Building, Department of Botany.....	15 700
3. String and wind instruments for the School of Music.....	10 000
4. Microscopes for the Biological Sciences Division at the Chicago Undergraduate Division.....	4 673
<i>Total</i>	<u>\$38 873</u>

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Grange, these appropriations were made by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Nickell, Mr. Stevenson.

CONTRACT FOR AIR CONDITIONING INSTALLATIONS IN NATURAL HISTORY BUILDING

(13) The Committee on Nonrecurring Appropriations is recommending an appropriation for air conditioning of two rooms in the Natural History Building

to provide the necessary temperature and humidity control for research on fungi and other microorganisms.

The Director of the Physical Plant and the Comptroller recommend the award of a contract for \$6,890 to F. R. Inskip and Company, Champaign, the lowest bidder, for the ventilation and refrigeration installations, subject to the approval of the appropriation separately recommended.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was authorized.

CONTRACT FOR CONSTRUCTION OF SMALL ANIMAL BUILDING FOR WORK IN GENETICS

(14) The Committee on Nonrecurring Appropriations is recommending an appropriation for the construction of a small animal house to replace the one which must be removed to provide space for the construction of an Agricultural Engineering Building.

The Director of the Physical Plant and the Comptroller recommend that the general work on the construction of this building be done under the terms of the cost-plus remodeling contracts authorized by the Board of Trustees on July 25, 1951, with Clyde E. Gates, Champaign. By authorizing this work under the cost-plus arrangement, the cost of and time required for preparing complete plans and specifications will be eliminated. Estimated cost of the general work is \$6,400.

I concur and recommend that the Comptroller be authorized to execute a change order in the contract with Clyde E. Gates to cover this additional work.

On motion of Mrs. Holt, this contract change was authorized.

CONTRACT FOR REMODELING AT THE CHICAGO UNDERGRADUATE DIVISION TO PROVIDE QUARTERS FOR THE RESERVE OFFICERS TRAINING CORPS PROGRAM

(15) The Director of the Physical Plant Department and the Comptroller recommend award of a contract for \$9,983 to the Forester Construction Company (Division of B & F Engineering Company), Chicago, the lowest bidder, for remodeling needed to provide additional facilities for the expanding R.O.T.C. program at the Chicago Undergraduate Division.

Funds are available in an appropriation made for this purpose by the Board of Trustees on September 19, 1951.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Holt, this contract was authorized.

RENTAL OF ROOMS FOR UNIVERSITY NURSES IN PRESBYTERIAN HOSPITAL NURSES HOME

(16) The University does not have enough housing for nurses and student nurses at the Chicago Professional Colleges. It has been impossible to secure the number of nurses needed due to the lack of housing. Presbyterian Hospital will rent rooms to the University at a rate of \$30 per month each.

Presbyterian Hospital can make available now fifteen rooms and may be able to increase this to as many as twenty-five rooms later. It is proposed to house student nurses at the Illinois Neuropsychiatric Institute School of Nursing in such rented rooms. Funds are available in the budget of the Illinois Neuropsychiatric Institute for payment of rent.

This plan is approved by the Vice-President in charge of the Chicago Professional Colleges.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute an agreement with Presbyterian Hospital for the rental of fifteen rooms to be made available from November 1, 1951, to June 30, 1952, with authority to increase the commitment to twenty-five rooms if Presbyterian Hospital can make them available.

On motion of Mr. Megran, authority was granted, as recommended.

**CONTRACT FOR EYE GLASSES PRESCRIBED AT THE
ILLINOIS EYE AND EAR INFIRMARY**

(17) The Vice-President in charge of the Chicago Professional Colleges and the Comptroller recommend award of a contract to the American Optical Company, Chicago, for the supplying of optical goods, services, and repairs on optical goods for resale to outpatients of the Illinois Eye and Ear Infirmary.

The Illinois Eye and Ear Infirmary is operated jointly by the University of Illinois and the Department of Public Welfare under an agreement previously approved by the Board of Trustees. Until this year, collections from patients for eye glasses were handled by the Department of Public Welfare. The Department of Public Welfare had a contract with the American Optical Company to furnish the necessary optical goods.

The Head of the Department of Ophthalmology, with the approval of the Dean of the College of Medicine, has worked out a plan whereby the fitting and dispensing of eye glasses to patients, including collections from patients, can be taken over by the University to integrate such dispensing and fitting into the teaching function in the Infirmary which is the responsibility of the University.

Negotiations have been carried on with the two principal manufacturers; the American Optical Company, Chicago, and Bausch and Lomb Optical Company, Chicago. Negotiations were also undertaken with a group of retail optical houses but were terminated when these retail houses indicated that they could not compete with the manufacturers who supply them with the products.

Both the American Optical Company and the Bausch and Lomb Company have offered to supply optical goods to the University at the same discounts, 25 per cent off list price except for certain types of bifocal prescriptions on which the discount would be 15 per cent. Since the prices quoted are identical, and the American Optical Company is familiar with the procedures at the Illinois Eye and Ear Infirmary, it is recommended that a contract be entered into with this Company for the balance of the fiscal year 1951-1952 under which the University will purchase the materials to be supplied to patients. Payments to the American Optical Company will come from charges made to patients for the optical goods which will include a sufficient markup to cover the cost of fitting, dispensing, billing, and collecting. It is estimated that purchases will amount to \$30,000 to \$40,000 per year.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract with the American Optical Company for the period from November 1, 1951, to June 30, 1952, for the purchase of eye glasses and optical appliances.

On motion of Mr. Megran, this contract was authorized.

**ADDITION TO CONTRACT FOR ELECTRICAL WORK ON RESEARCH
AND EDUCATIONAL HOSPITALS ADDITION**

(18) The Director of the Physical Plant Department and the Comptroller recommend an increase of \$3,219.27 in the contract with the Wadeford Electric Company, Chicago, for electrical work on the addition to the Research and Educational Hospitals. This change is necessary because:

1. Electrical cooking equipment has been redesigned by manufacturers in the interval between the time the building equipment was designed and the contract was awarded. Equipment now requires heavier feeders, branch circuits, and circuit breakers.

2. Provision should be made for future three-phase, 208-volt power outlets on laboratory furniture.

3. Final review by the Hospital administration suggests minor relocations of kitchen equipment and operating economies by having electric warming kitchens heated in the main kitchens and thus be prepared to serve patients without proceeding from the main kitchen to serving kitchens on each floor for warming.

Funds are available in the state appropriation for the construction of the addition to the Research and Educational Hospitals and have been released by the Governor.

This change has been approved by the Vice-President in charge of the Chicago Professional Colleges.

I concur and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Johnston, this contract change was authorized.

**ADDITION TO CONTRACT FOR HEATING AND REFRIGERATION
INSTALLATIONS IN RESEARCH AND EDUCATIONAL
HOSPITALS ADDITION**

(19) The Director of the Physical Plant Department and the Comptroller recommend an increase of \$5,866.93 in the contract with M. J. Corboy Company for heating and refrigeration installations in the addition to the Research and Educational Hospitals. This is to provide for additional operating room equipment which the Head of the Department of Surgery considers necessary for the safety of patients. The Vice-President in charge of the Chicago Professional Colleges has approved this addition.

Funds are available in the state appropriation for the construction of an addition to the Research and Educational Hospitals.

I concur and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Fornof, this contract change was authorized.

**GIFT OF MRS. ANTOINETTE F. BROWN FOR FELLOWSHIP
IN CHEMICAL RESEARCH**

(20) Mrs. Antoinette F. Brown of Chicago desires to establish an endowment fund, the income of which would provide for a fellowship in chemical research. She has made a contract with the Equitable Life Assurance Society, naming the University as beneficiary after her death for the proceeds of that contract. In case the proceeds do not amount to \$30,000, she proposes to provide for the balance needed to endow the fellowship by direct bequest in her will.

She also desires a portion of the proceeds of the contract to be used for cancer research under Dr. A. C. Ivy.

The insurance contract can not include any stipulation as to the use of the proceeds. Mrs. Brown asks for assurance that the University will accept the insurance and any additional funds that she may provide, under certain conditions which she desires to apply.

The proposal has been reviewed by the Comptroller and the Head of the Department of Chemistry who recommend that the Board indicate its willingness to accept the fund under these conditions, and submit the following resolution which has been approved by the Legal Counsel and is acceptable to Mrs. Brown.

I concur and recommend approval.

Resolution

WHEREAS, Mrs. Antoinette F. Brown has informed the Board of Trustees that she has made a contract with the Equitable Life Assurance Society of the United States, in which she has named the Board of Trustees of the University of Illinois as a beneficiary after her death, and further, that it is her intention that the amount to be derived by the University from this contract shall be not less than \$30,000, and that, it is her intention, if the amount is less than that sum to provide for a bequest to the University in her Will to make up any deficiency and assure a fund of \$30,000; and

WHEREAS, it is the desire of Mrs. Brown that this fund be received for the purpose of establishing a permanent endowment fund, the income of which will be used in perpetuity for a Fellowship in Chemical Research and that said fund and fellowship be known as the Walter Burrows Brown Fellowship in Chemical Research; and

WHEREAS, it is the further desire of Mrs. Brown that a certain proportion of the residual value of the aforesaid insurance contract after her death be used by the Board of Trustees to aid in carrying on cancer research under the direction of Dr. A. C. Ivy in an amount not exceeding \$1,500; and

WHEREAS, Mrs. Brown requests the Board of Trustees to indicate its assent

to these provisions and its willingness to accept this benefit and bequest if made available to it;

Now, Therefore, Be It Resolved By The Board of Trustees of the University of Illinois that it hereby records its willingness to accept and administer a principal fund estimated at \$30,000, if made available to it either through an annuity contract or by provisions in the Will of Mrs. Antoinette Farren Brown, or through both; that, if received by it, such fund will be held by it in trust as a permanent endowment, the income only from the investment thereof to be used in perpetuity for a fellowship at the University of Illinois to be known as the Walter Burrows Brown Fellowship in Chemical Research; that said fund, if received, will be administered and invested by this Board, and in particular by Lloyd Morey as its Comptroller and his successors in that office; and that appointments to said fellowship, when so established, shall be made in conformity with the usual procedures established by this Board for such appointments; and

Be It Further Resolved that the said Board hereby records its willingness to receive and administer a fund in the estimated amount of \$1,500, if made available to it, through an annuity contract, and cause the same to be expended for cancer research under the direction of Dr. Andrew C. Ivy, Vice-President of the Chicago Professional Colleges of the University of Illinois and distinguished Professor of Physiology, or his successor in office.

On motion of Mr. Herrick, this resolution was adopted.

CONVEYANCE OF LAND BY MEDICAL CENTER COMMISSION

(23) The Medical Center Commission of Illinois has acquired land needed by the University of Illinois for the expansion of the Chicago Professional Colleges Campus. The Commission is prepared to convey this land to the University at a price of \$100. Before approving the sale and the execution of the Deed of Conveyance, the Governor referred the matter to the Attorney General of Illinois and the latter requires adoption by the Board of Trustees of a resolution authorizing the purchase. Accordingly, the following resolution is offered.

Resolution

WHEREAS, the Medical Center Commission of the State of Illinois is the owner of the following described real property and is willing and has offered to sell the same to The Board of Trustees of the University of Illinois, a public corporation, hereinafter termed "University," for the sum of One Hundred Dollars (\$100.00); and

WHEREAS the University needs and requires said property for various purposes in connection with the use and expansion of, and for parking facilities for, the Men's Residence Hall and the proposed Nursing School buildings situated, and to be situated, upon the campus of its Professional Colleges at Chicago; and

WHEREAS said price of One Hundred Dollars (\$100.00) is a fair and reasonable price for, and does not exceed the fair cash market value of, said property; and

WHEREAS, University has funds available for the purchase of said property at said price from Medical Center Commission from funds originally appropriated by the Sixty-fifth General Assembly in Senate Bill 596 for the acquisition of land by University for its purposes during the biennium beginning July 1, 1949, which were not expended during that biennium and which were re-appropriated to University for said purpose by the Sixty-seventh General Assembly in House Bill 1095 for the biennium beginning July 1, 1951:

Now, Therefore, It Is Hereby Resolved, by The Board of Trustees of the University of Illinois that the following described real property be purchased by it at said price from Medical Center Commission and that said sum be paid from said funds to Medical Center Commission therefor upon the execution and delivery of a good and sufficient deed conveying said property from Medical Center Commission to The Board of Trustees of the University of Illinois.

Said real property to be so purchased and paid for is described as follows:

On motion of Mr. Herrick, this resolution was adopted by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Nickell, Mr. Stevenson.

At this point, Mr. Nickell took his place with the Board.

**EXPANSION OF STUDENT RESIDENCE HALLS FACILITIES
AT URBANA-CHAMPAIGN**

(24) The Board of Trustees has authorized the expansion of student residence halls facilities at Urbana-Champaign including:

- I. Construction of a dormitory type of permanent residence hall for 288 men and modernization of Busey Hall.
- II. (a) Construction of a new unit to provide food service for 1000 men and housing for 96 men;
- (b) Conversion of food service areas in the present men's halls into living quarters for 76 additional men;
- (c) Modernization of Evans Hall;
- (d) Refinancing of present bond issue on the Men's Residence Halls.

Contracts for Phase I were awarded and this work is under way. The estimated cost of the entire project (I and II) was \$1,702,800. The Board has allocated \$250,000 for construction plus \$42,000 for preparation of plans for Phase II. The balance of the funds needed would be secured by a revenue bond issue.

Bids received on Phase II indicate a total cost of \$2,312,600. The increase over the estimate is due (a) in part to an architectural error in the original estimate of floor area and cubage on which financial estimates were based; (b) in part to a major increase in the size of the project after estimates had been prepared, a decision made by the architects without consulting the University; and (c) in part to an increase in construction costs.

Various alternatives have been studied by the Physical Plant Department and the Housing Division and their conclusion is that the most desirable procedure is to go on with the project with these modifications:

- (a) Reduction of construction costs by acceptance of alternates provided for in the plans and specifications to bring the total cost down to \$2,237,000. The architects are negotiating with the contractors who are the lowest bidders to determine what can be done.
- (b) Provision of food service for 1100 men instead of 1000, and increasing housing capacity by 97 instead of by 76 in the present halls and by 106 instead of by 96 in the new unit.
- (c) Extension of the financing period to run approximately forty years. The initial bond issue would be for a shorter period so that this would require refinancing of a substantial amount upon final maturity of the original issue.

Subject to a favorable report on the financial program herein proposed and to securing federal government approval to proceed with construction and issuance of bonds, the Director of the Physical Plant and the Comptroller recommend:

- (a) Approval of the project at a revised estimated total cost of \$2,237,000.
- (b) Authorization of the Executive Committee to act for the Board on the award of contracts to lowest bidders at figures negotiated through acceptances of alternates to reduce construction costs.
- (c) Authorization of the Comptroller to secure bids on revenue bonds and to report the same to the Board.
- (d) Employment of Chapman and Cutler, Chicago, as attorneys for the bond issue.

I concur in these recommendations, and I recommend further that the Comptroller be requested to negotiate with the architects to eliminate extra costs and charges for additional architectural services required as a result of the changes made by them in departing from the original basic plan without the approval of University officials.

On motion of Mr. Fornof, these recommendations were approved by the following vote: Aye, Mr. Fornof, Mr. Grange, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, Mr. Herrick; absent, Mr. Hickman, Mr. Stevenson.

BIDS ON EAST DENTISTRY-MEDICINE-PHARMACY BUILDING

(25) The Sixty-seventh General Assembly of Illinois appropriated \$5,540,000 to the University for the construction of the East Dentistry-Medicine-Pharmacy Building and for equipment for the same. This is \$800,000 less than the \$6,340,000 requested by the University in its original askings.

Bids have been received on the principal items of construction. Based on these bids and allowing for other necessary costs the total cost is estimated at \$8,723,929. This includes \$1,246,765 for areas and facilities which are related to the reduction of \$800,000.

Various alternatives have been studied to keep the total cost within the amount appropriated. It is essential under the terms of the appropriation act that use of the funds produces a finished, usable building. It is obviously impossible to build a structure of the capacity originally contemplated with the money available.

One of the major objectives of the building is to accommodate an increase in the enrollment of the Chicago Professional Colleges. Discussion with the Illinois Budgetary Commission and with Committees of the General Assembly pointed to increasing the first-year classes in the College of Medicine by 34 students, in the College of Dentistry by 20, and in the College of Pharmacy by 75, plus students in nursing and additional graduate students in all colleges.

An adjustment in these enrollment estimates is unavoidable in view of the increased cost of construction. The Vice-President in charge of the Chicago Professional Colleges, with the concurrence of the Deans of these Colleges,

proposes revising the increases in enrollment in the first-year classes as follows: Medicine, 24; Dentistry, 20; Pharmacy, 50.

These increases will ultimately result in total enrollments approximately as follows:

<i>College</i>	<i>Number per class</i>	<i>Total enrollment</i>
Medicine	190	760
Dentistry	90	360
Pharmacy	175	700
<i>Totals</i>	455	1,820

This would mean a total increase of 376 in all colleges, instead of 516 as originally contemplated, plus any nursing and graduate students that can be accommodated.

The architects, Pace Associates, the Vice-President in charge of the Chicago Professional Colleges with the concurrence of the Deans of the Colleges, the Director of the Physical Plant, and the Comptroller recommend that:

1. All present bids be rejected.
2. New bids be requested on a reduced program of construction with the object of completion within the present appropriation.
3. Bids be taken on both (a) fixed price basis, and (b) cost plus a fixed fee with a guaranteed maximum, any savings below this maximum to be divided equally between the contractors and the University.

I recommend approval.

On motion of Mr. Grange, these recommendations were approved.

ADDITIONAL FUNDS FOR EAST DENTISTRY-MEDICINE- PHARMACY BUILDING

(26) President Stoddard stated that since the appropriation requested for this building was reduced by \$800,000, this amount may well be considered an item of very high priority in requests for capital improvements for 1953-1955. Also, in order to provide for the minimum increases in enrollment contemplated, an appropriation, originally estimated at \$500,000, will be necessary to remodel present quarters to be vacated by the College of Pharmacy for use by the Colleges of Medicine and Dentistry.

It should be recognized that in addition to the \$800,000, funds presently estimated at \$2,383,929 will at some time be needed to complete the building in accordance with the original plans. This item will receive future consideration along with other capital needs of the entire University.

On motion of Mrs. Watkins, this statement was received for record.

APPOINTMENT OF DEAN OF THE COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION

(27) On the unanimous advice of the Executive Committee of the College of Commerce and Business Administration, with the President's special committee concurring, I recommend the appointment of Dr. Paul M. Green, a former member of the faculty, as Dean of the College of Commerce and Business Administration and as Professor of Management, at a salary of \$16,000 per year, effective on a date mutually agreeable to Dr. Green and the President of the University, but not later than February 1, 1952. Dr. Green is recommended unreservedly by all University officials concerned in this appointment and by the leaders in industry and government with whom he has been associated.

The appointment as Dean is recommended for two years, in conformity with the University of Illinois Statutes, and as Professor is to be on indefinite tenure, both appointments to be on a "Y" basis.

In the opinion of all parties to this recommendation, Dr. Green will maintain and develop the highest standards in all departments of the College and he may count on full support.

A detailed outline of Dr. Green's career was presented by President Stoddard.

On motion of Mr. Johnston, this appointment was approved.

**APPOINTMENT OF HEAD OF THE DEPARTMENT OF PHYSICAL
MEDICINE AND REHABILITATION**

(28) The Dean of the College of Medicine and the Vice-President in charge of the Chicago Professional Colleges recommend the appointment of Dr. Frances A. Hellebrandt of the Medical College of Virginia as Professor of Physical Medicine and Head of the Department of Physical Medicine and Rehabilitation in the College of Medicine and Chief of Physical Medicine and Rehabilitation for the Research and Educational Hospitals on indefinite tenure beginning December 1, 1951, and at an annual salary of \$10,000 per year (AY basis).

This appointment is to replace Dr. H. W. Kendell who has resigned to become Head of the Rehabilitation Service in Peoria.

I concur.

On motion of Mr. Grange, this appointment was approved.

GIFT OF MR. AND MRS. MERLE J. TREES

(29) Mr. and Mrs. Merle J. Trees have requested that the gift of the painting by Ruisdael accepted by the Board of Trustees on January 23, 1951, be cancelled. It is their intention to include this painting among other gifts to be offered at a future time.

On motion of Mr. Fornof, the action of the Board of Trustees at its meeting on January 23, 1951, minutes page 529, was reconsidered and the acceptance of a painting "Wooded Landscape With Water" by Ruisdael, appraised value \$11,000, was cancelled.

This concluded the consideration of business presented by the President of the University.

COOPERATION WITH UNIVERSITY CIVIL SERVICE SYSTEM

Mr. Grange, Chairman of the Committee on Nonacademic Personnel, presented the following:

The Sixty-seventh General Assembly of Illinois enacted (House Bill 831, approved July 11, 1951) "The University Civil Service System of Illinois," to replace the existing University of Illinois Civil Service and to include also the other state-supported institutions of higher education, the University Retirement System of Illinois, the Teachers College Board and the new System itself. It will cover all nonacademic employees in these several institutions and agencies. The Act takes effect January 1, 1952.

The System is to be administered by the "University Civil Service Merit Board," made up of three members of the Board of Trustees, one of the Teachers College Board, and one of the Southern Illinois University Board, all elected by their respective Boards.

The Merit Board does not have a specific appropriation for the current biennium. This was not feasible because the Board was not established until the new Act was approved, which was after the General Assembly had adjourned. The several institutions concerned have agreed that they will all contribute to a budget for the Merit Board for the current biennium in approximate proportion to services provided them. The University has about 90 per cent of the employees involved. Hence, its contribution will be the largest (approximately 60 per cent) and is provided for in the current year's budget of the Office of Nonacademic Personnel. The members of the Merit Board have now all been appointed, and the Board plans to organize in the near future.

All matters concerning the operation of the new System are in the hands of the Merit Board. It would be entirely logical and practical, and of material advantage to the University of Illinois, to have the office of the System located at Urbana-Champaign. It would also be feasible, if the Merit Board so desires, that the University's Director of Nonacademic Personnel serve as Director of the System. In view of the advantages to the University of such arrangements, the University might well provide space for the offices of the System rent free and pay the salary of the Director, if the Director of Nonacademic Personnel of

the University is appointed to that position. A similar plan was set up for the University Retirement System of Illinois and has proved very satisfactory.

On motion of Mr. Grange, the Board of Trustees authorized the offer of these facilities to the Merit Board and approved the plan as recommended.

BUSINESS REFERRED TO COMMITTEE ON GENERAL POLICY

President Livingston stated that he was referring to the Committee on General Policy for its consideration and advice to the Board two letters he had received; one from Mrs. Eunice Cunningham Creamer, Champaign, Illinois, concerning the operation of the Illini Union Bookstore, and the other from Mr. Harley H. Harmon, Urbana, Illinois, concerning the exemption of certain University properties in Urbana from local real estate taxes. These letters were turned over to Mr. Johnston, Chairman of the Committee.

PATENT OF IMPROVEMENT IN COAL COKE AND BURNING MAGAZINE STOVES

The Secretary reported that he has received the original U. S. Letters Patent No. 2564713, issued August 21, 1951, to the Board of Trustees of the University of Illinois by assignment from Associate Professor John C. Miles of the Department of Mechanical Engineering.

SECRETARY'S REPORTS

UNIVERSITY OF ILLINOIS

November 23, 1951

The November meeting of the Board of Trustees of the University of Illinois was held in the LaSalle Hotel, Chicago, Illinois, on Friday, November 23, 1951, beginning at 3:00 p.m.

The following members of the Board were present: President Livingston, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, and Mrs. Watkins.

Also present were President George D. Stoddard, Provost Coleman R. Griffith, Vice-President A. C. Ivy, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Information, Mr. R. B. Hudson, Director of University Broadcasting, Mr. Lloyd Morey, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary of the Board.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of July 25 and September 19, 1951, press proof copies of which had been sent to all members of the Board in advance of this meeting.

On motion of Mr. Johnston, these minutes were approved as printed on pages 833 to 1252, inclusive.

REPORT OF THE EXECUTIVE COMMITTEE

The Executive Committee of the Board of Trustees submits a report of its transactions at a meeting on November 2, 1951.

On call of the Chairman, a meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at 12:00 noon, on Friday, November 2, 1951, at the Electric Club of Chicago, 20 North Wacker Drive, Chicago.

Mr. Park Livingston, Chairman, and Mr. H. B. Megran, member of the Executive Committee, were present; also Messrs. C. S. Havens, Director of the Physical Plant, and Mr. Lloyd Morey, Comptroller, who acted as Clerk.

The Comptroller presented the following recommendations for President Stoddard:

Expansion of Men's Residence Halls Facilities

On October 23, 1951, the Board of Trustees approved a program for the expansion of residence halls facilities on the Urbana campus, and authorized the Executive Committee to award contracts for Phase II of the project to lowest bidders at figures negotiated through acceptance of alternates to reduce construction costs, subject to a favorable report on financing.

The total cost of the project has been reduced from \$2,312,600 to \$2,042,000. The reduction has been accomplished by the acceptance of alternates in construction, charging of interest on the loan during construction to the earnings of Busey and Evans and Men's residence halls in operation during this period, and charging some equipment needed in the program to accumulated earnings of the residence halls.

The Board of Trustees has previously appropriated \$292,000 for this project. The remaining amount necessary, \$1,750,000, must be borrowed by the issuance of bonds. Such bonds can not be sold, however, until late in January for delivery on March 1, 1952, since the date of delivery must coincide with the date on which the present bonds outstanding on the Men's Residence Hall can be refunded. The Comptroller has explored the bond market and reports that the bonds are marketable now on a satisfactory basis and that there is every reason to believe that they will be marketable in January, 1952, unless there is a major change in the market.

The Director of the Physical Plant and the Comptroller recommend that contracts be awarded to the following contractors in the various divisions for Phase II. Each contractor recommended is the lowest bidder in his division and the contract is for the negotiated amount after allowances for acceptance of alternates. It is recommended that the contracts be awarded subject to (a) receipt of authority to proceed with construction, (b) receipt of authority from the Voluntary Credit Restraint Committee to issue bonds, and (c) provision in every instance possible in the contracts that, in the event the sale of bonds is not feasible, the construction may be stopped and the University's liability will be restricted to reimbursement of contractor's expenditures and commitments.

General work—John Felmley Company, Champaign.....	\$575 875
Heating, ventilating, plumbing, drainage, and fire protection—E. M. Hays Plumbing and Heating Company, Champaign.....	177 108
Electrical work—Brunkow Electric Company, Champaign (including \$2,150 for electrical work in present building not covered by original bid).....	53 015
Elevator work—Gallaher & Speck, Chicago.....	6 300
Dumbwaiter installation—Elevator Manufacturing Company, Chicago..	7 252
Refrigeration work—R. H. Bishop & Company, Champaign.....	7 996
Food service equipment—Stearnes Company, Chicago.....	115 999

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contracts as recommended.

On motion of Mr. Megran, this program was approved and the contracts awarded as recommended.

The question of architectural services on this project, which the Board on October 23 referred to the Comptroller for further investigation and report, was left open for later consideration.

Purchases

The Director of Purchases has proposed and the Comptroller recommends the following purchases on the basis of the lowest bids.

I concur.

<i>Item</i>	<i>Department</i>	<i>Vendor</i>	<i>Cost</i>
Seven four-door sedans, seven two-door sedans, one business coupe; to replace fifteen vehicles which have been used at least three years or have been driven at least 45,000 miles, in accordance with the standard policy of replacement	College of Agriculture	Tom Purvis, Inc., Mattoon (Ford) (five four-door sedans, three two-door sedans, one business coupe)	\$3 656 90

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following recommendations and reports from the President of the University.

APPOINTMENTS TO THE FACULTY

(1) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. VEN-TE CHOW, Research Assistant Professor of Civil Engineering, Engineering Experiment Station, beginning November 1, 1951, without salary (BY).

2. LADISLAS GOLDSTEIN, Research Professor of Electrical Engineering, Engineering Experiment Station, beginning October 15, 1951, at an annual salary of \$9,000 (A).

3. MRS. MARION W. McLAUGHLIN, Assistant Professor of Home Economics, beginning September 1, 1951, at an annual salary of \$4,400 (D).

4. DON ELMER MURRAY, Clinical Assistant Professor of Surgery, beginning November 1, 1951, without salary (DY).

5. SYLVAN ROBERTSON, Clinical Assistant Professor of Medicine, beginning November 1, 1951, without salary (GY).

6. EDWARD E. SMISSMAN, Assistant Professor of Chemistry, College of Pharmacy, beginning January 1, 1952, at an annual salary of \$5,000 (B).

On motion of Mr. Nickell, these appointments were confirmed.

APPOINTMENT OF HEAD OF THE DEPARTMENT OF ASTRONOMY

(2) The Dean of the College of Liberal Arts and Sciences recommends the appointment of Dr. George C. McVittie of the University of London as Professor of Astronomy and Head of the Department of Astronomy in the College of Liberal Arts and Sciences, on indefinite tenure beginning September 1, 1952, at an annual salary of \$10,000 a year (AY basis).

This appointment is to replace Dr. Robert H. Baker who has retired from the University faculty.

I concur.

On motion of Mrs. Watkins, this appointment was approved.

AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(3) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
PAUL GERALD DIAMOND	Chicago, Illinois	District of Columbia
LAURENCE ROBERT DUBOIS	Chicago, Illinois	District of Columbia
NORMAN CHARLES ECKSTEIN	Los Angeles, California	California
DONALD MAX GAMET	Mission, Kansas	Missouri
HARRY KAHAN	Los Angeles, California	California
CARY BLACKBURN LEWIS, JR.	Chicago, Illinois	Kentucky
STANLEY WALTER MIZE	Chicago, Illinois	District of Columbia
LAWRENCE BERNARD MULLINX	St. Louis, Missouri	Missouri
DAVID CLIFFORD UNDERWOOD	Mt. Vernon, Illinois	California

I concur.

On motion of Mr. Herrick, these certificates were awarded.

HEARING COMMITTEE ON DISCHARGE OF ROBERT TAYLOR

(4) The Director of Nonacademic Personnel has submitted written charges for the discharge, effective November 1, 1951, of Robert Taylor, kitchen laborer in the Housing Division in Urbana-Champaign. Mr. Taylor was served with notice mailed on October 26, 1951. He has requested a formal hearing of these charges and is entitled to the same under the Civil Service Law and regulations. It is recommended that the Board of Trustees appoint a committee of the faculty to hear the charges and to make a recommendation to the Board.

On motion of Mrs. Holt, Messrs. John E. Cribbet, Associate Professor of Law, Horace M. Gray, Professor of Economics, and George W. Harper, Associate Professor of Mechanical Engineering and of Safety Education, were appointed as a hearing committee with Professor Cribbet as Chairman. This action was taken by the following vote: Aye, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Fornof, Mr. Stevenson.

REGULATIONS FOR THE ADMINISTRATION OF AN ACT TO REGULATE THE PRACTICE OF PUBLIC ACCOUNTING

(5) Since 1903, the University has been entrusted by state law with the responsibility of examining qualified applicants for certification as Certified Public Accountant and of issuing certificates to the successful candidates. In 1943, the General Assembly of Illinois enacted a law superseding the original Accountancy Act of 1903 and the Public Accounting Act of 1927 and providing for the issuance of certificates to three categories of candidates:

1. Applicants who meet certain educational requirements specified by law, and who have passed the standard examination in accounting theory and practice, auditing, commercial law, and in such other related subjects, if any, as the University may deem advisable. The examination shall take place as often as the University deems necessary but at least once a year.

The law specifies that for this examination the University shall appoint a Board of three examiners, two of them certified public accountants and the third an attorney skilled in commercial law. These examiners are appointed for three years, the terms being so staggered that one examiner is appointed annually.

2. Applicants who have held for at least five years certificates of registration as public accountants in Illinois issued by the Department of Registration and Education under the Public Accounting Act of 1927, who have been engaged in public accounting for at least five years, and who successfully pass a written or oral examination given by a special board of five examiners appointed by the University with the approval of the Department of Registration and Education. As specified in the law, this Board was appointed by the University with the approval of the Department of Registration and Education and includes two who were registered public accountants in Illinois when the Act of 1943 was passed, two who were registered public accountants and also certified public accountants at the date of passage of the Act, and one who received, or was entitled to receive, a certificate as certified public accountant without a second examination under a provision of the law permitting such certification of applicants who hold certificates of registration as public accountants earned by previously passing a written examination given by the Department of Registration and Education provided they exercised this option by qualifying within one year following the approval of the Act of 1943. This is Section 4 (b).

3. Applicants who hold certificates as certified public accountant issued under the laws of any other state or territory of the United States or District of Columbia provided that: (a) such certificate was issued on the basis of written examination; (b) the educational qualifications of the applicant are equivalent to the educational requirements of applicants for the Illinois certified public accountant examination; and (c) the applicant is a citizen of the United States or has declared his intention of becoming one and is of good moral character. Certificates may be issued to such applicants without examination.

On January 10, 1948, proceedings were instituted in the Circuit Court of Cook County challenging the constitutionality of Section 4 (b) of the Act of 1943 under which certificates were being issued to applicants in the second category described above. The gist of the complaint was the charge that the special board of five examiners was not directed by the statute to conduct examinations in accounting theory and practice, auditing, and commercial law with sufficient definiteness as to satisfy constitutional requirements of specific standards for examination. On March 21, 1951, the Circuit Court declared Section 4 (b) unconstitutional but sustained as constitutional all other sections of the law which had been attacked by the complainants. The plaintiffs appealed and this appeal is now pending in the Supreme Court of Illinois.

In the meantime, at the request of the Illinois Society of Certified Public Accountants and of the Public Accountants Association of Illinois, the Sixty-seventh General Assembly of Illinois enacted corrective legislation amending Section 4 (b) of the Act of 1943. The law now authorizes the University to issue new Certified Public Accountant certificates to all qualified applicants, including holders of certificates obtained under the unconstitutional section, upon proof satisfactory to the University that such applicants have passed an examination in accounting theory and practice, auditing, and commercial law given by a special Board of Examiners under the supervision of the University of Illinois. It is the opinion of counsel for the two professional organizations, the Attorney General of Illinois, and Professor William E. Britton, former Legal Counsel of the University of Illinois (who has been representing the University in this matter), that the amendment corrects the constitutional defects in Section 4 (b). Motion to dismiss the appeal from the Circuit Court of Cook County is now pending in the Supreme Court of Illinois.

The amendment of the Accountancy Act makes it necessary to revise the rules and regulations adopted by the Board of Trustees for admission of candidates to Certified Public Accountant examinations. Several new rules are required to carry out the statutory direction as well as changes in existing rules. Accordingly, the University Committee on Accountancy recommends adoption of the following set of rules and regulations and repeal of all existing rules and regulations heretofore adopted by the Board of Trustees. The content and form of the revised and new rules have been the subject of careful study by all parties. Representatives of both professional organizations, the Attorney General of Illinois, the Director of Registration and Education, and the Committee on Accountancy have all agreed on the rules as here proposed for the consideration of the Board of Trustees. The proposed rules recite "a determination" by the Board of Trustees and by the Director of Registration and Education that the special board of five examiners which heretofore has conducted examinations under Section 4 (b) is the special board of five examiners referred to in the 1951 amendment to the Accountancy Act of 1943. This recital has been approved by the Director of Registration and Education in a conference with the Committee on Accountancy of the University.

The 1951 amendment also made necessary changes in the language of C.P.A. certificates to be issued to the 133 holders of certificates heretofore issued under Section 4 (b) and to those candidates who subsequently pass examinations under the amended Section 4 (b). Copies of these revised forms are appended to the proposed rules and regulations. The language of the certificates has been approved by all parties concerned.

I recommend adoption of the revised rules, approval of the new certificates, and the repeal of all existing rules relating to these matters.

REGULATIONS ADOPTED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY FOR ADMINISTERING THE ACCOUNTANCY ACT

The University Committee on Accountancy

1. The administrative functions of the University of Illinois under the Accountancy Act of 1943 as amended shall be performed by a Committee on Accountancy responsible to the President of the University. The Committee shall consist of the Director of Admissions and Records and two other members of the University staff, to be appointed by the President.

2. This Committee shall receive all applications for examinations under the Act, shall examine all evidence submitted by such applicants in support of their applications, and shall issue to approved applicants cards of admission to the examinations; and no candidate shall be examined who does not present to the appropriate Board of Examiners, at the time and place of examination as advertised, such card of admission, signed by the Director of Admissions and Records.
3. This Committee shall designate the times and places of all examinations under the Act, shall advertise the same according to the provisions of the law, and shall supervise the conduct of such examinations.
4. This Committee shall receive from the respective Boards of Examiners, hereinafter referred to, the questions to be used at all examinations and shall arrange for an adequate supply of these examination questions to be delivered to the examining Boards in time for use at the examinations as advertised.
5. The Committee shall receive the reports of the grades of all candidates who have taken the examinations under this Act from the respective Boards of Examiners and shall certify to the President the names of the candidates who attain passing grades and who satisfy the other qualifications prescribed by the Act.
6. This Committee shall receive all applications for the C.P.A. certificate filed under Sections 4a-1, 4a-2, or 5 of the Act, shall examine all evidence submitted by such applicants in support of their applications, and shall certify to the President those applicants who comply with the provisions of those Sections.
7. This Committee shall receive all applications under Section 4 (b) of the Act based on examinations given prior to July 1, 1951, shall examine all evidence submitted by such applicants in support of their applications, shall require the Special Board of Five Examiners (hereinafter referred to) to submit to this Committee such documents and other evidence with respect to such applicants, and with respect to the scope, content, conduct, and results of such examinations, as may be in the possession or control of the Special Board of Examiners. The Committee shall examine all such evidence and shall certify to the President the names of all applicants who are found by the Committee to have fulfilled the qualifications required of such applicants by Section 4 (b) of the Act.
8. This Committee shall receive and certify all statements of expenses and fees of the Boards of Examiners.

The Board of Examiners

Established under Section 2 of the Act

9. The Board of Examiners for the examination of candidates for the certificate of Certified Public Accountant under Section 2 of the Act shall consist of three members.
10. The members of this Board of Examiners, having the qualifications as specified in Section 2 of the Act, shall be nominated by the President of the University and approved by the Board of Trustees and vacancies shall be filled in like manner.
11. The term of office of examiners under Section 2 of the Act shall be three years.
12. Each member of the Board of Examiners appointed under Section 2 of the Act, who conducts examinations, shall send to the University Committee a statement of the time so spent, with a statement of his necessary traveling expenses. Each member of the Board shall be entitled to compensation at the rate of \$25.00 per day for such services.

Special Board of Five Examiners

For Examinations under Section 4, paragraph (b) of the Act

13. The Special Board of Five Examiners heretofore appointed by the University of Illinois with the approval of the Department of Registration and Education of the state of Illinois is hereby determined to be a special board whose

examinations given prior to July 31, 1951, in accounting theory and practice, auditing, and commercial law may be considered and examined by the University Committee in determining the qualifications of applicants who apply for certificates under Section 4 (b) on the basis of examinations given prior to said date.

14. The said Special Board as now constituted is hereby recognized as and determined to be the Special Board for examination of candidates who apply after July 31, 1951, for the certificate of Certified Public Accountant under Section 4 (b) of the Act. Vacancies on the Board shall be filled by the Board of Trustees on recommendation of the President with the approval of the Department of Registration and Education from persons having the qualifications stated in Section 4 (b) of the Act.

15. The term of office of the members of the Special Board shall continue so long as Section 4, paragraph b, of the Act is operative.

16. Each member of the Special Board appointed under Section 4 (b) of the Act who conducts examinations shall send to the University Committee a statement of the time so spent, with a statement of his necessary traveling expenses. Each member of said Special Board shall be entitled to compensation at the rate of \$25.00 per day for such services.

Applications and Fees

17. Applicants for the C.P.A. certificate under the Act shall file their applications with the Committee on Accountancy at Urbana, Illinois, together with the necessary proofs to establish their eligibility. The proper fee must accompany the application. A fee of \$25.00 is prescribed for each examination or re-examination except as indicated under Rule 31.

(A table indicating the form of application to be used, the fee, and the proofs that are required for applicants who apply under various sections of the Act will be included in a circular to be published for the information of applicants.)

18. All applications under Section 4 (b) shall remain valid and in force for one year after the filing thereof within which period of time a candidate may present himself for examination or re-examination at any examination given by the Special Board within such period of time.

19. Twenty dollars of the prescribed fee may be returned to applicants who have been admitted to the examination either under Section 2 or Section 4 (b) of the Act, and who notify the University Committee before the examinations that they will not be present thereat, and are not present.

20. The fee shall not be returned to an applicant who has been admitted to and presents himself at the examinations either under Section 2 or Section 4 (b) of the Act, and withdraws after the opening of the examination.

21. Twenty dollars of the prescribed fee may be returned to applicants whose credentials have been presented and examined but who are found not qualified under the Act to take the examination.

(The following instructions will be included in a circular to be published for the information of applicants: Applications for the certificate of Certified Public Accountant and the necessary forms on which to submit proof of qualifications will be sent on request. The applicant is asked to identify by paragraph number the section of the law under which he wishes to apply for the certificate. The summary given will assist the applicant to identify the section under which he should apply.)

Preliminary Education Requirement

22. Section 3 of the Act specifies the preliminary education required of candidates seeking the certificate under Section 2. The Committee will accept as evidence of such education:

The High School Requirement

(a) A certificate of graduation from a four-year accredited high school in Illinois, or a certificate of graduation from a four-year high school in another state whose graduates are admitted to the University of Illinois by certificate.

- (b) Credentials from principals or superintendents of four-year accredited high schools or accredited secondary schools showing the completion of fifteen units of high school work.
- (c) A certificate of admission without condition to any college that is accredited by the University or by one of the regional accrediting agencies.
- (d) A certificate of graduation from any state normal school in the United States.
- (e) A certificate showing that the applicant has passed examinations on the subject matter of a four-year high-school course under the supervision and direction of educational bodies whose certificate would be accepted for admission to the University of Illinois.
- (f) The passing of examinations set for admission to the accountancy examination by the University.

The Study of Accounting and Related Subjects

- (a) Official credentials indicating the successful completion of the required number of semester hours of residence or correspondence study in the specified subjects in institutions acceptable to the University. Credentials of schools which specialize in business training are acceptable provided satisfactory proof is presented that at least fifty per cent of their courses in accounting are taught by certified public accountants.
 - (b) Passing examinations in college subjects offered by the University.
23. The Director of Admissions and Records of the University is authorized to conduct four sets of examinations in high-school and college subjects per year in Chicago (in March, June, August, and December) to which applicants for the C.P.A. examination may be admitted upon the payment of a fee of \$4.00 for each examination giving one unit¹ of high school credit and \$4.00 for each college subject.
24. A candidate seeking to meet the preliminary education requirement in part or in whole by these examinations should first submit to the Secretary of the University Committee official credentials covering his formal education above the eighth grade. These will be evaluated and a program of examinations necessary to complete the preliminary education requirements will be outlined for him. The Committee can not accept as satisfactory evidence of educational attainments statements from private tutors or certificates of examinations conducted by private individuals or by school officials acting in a private capacity. Neither is the Committee authorized to accept business experience or life experience of any kind in lieu of the educational requirements specified in the Act.

Examinations

25. Examinations as prescribed in the Act shall be held by the respective Boards of Examiners at the times and places determined by the University Committee.
- The time and place of holding examinations shall be advertised, for not less than three consecutive days in one daily paper published in each of the places where the examinations are to be held, not less than thirty days prior to the date of each examination.
26. Examinations shall take place as often as may be deemed necessary by the University Committee, but not less frequently than once each year.
27. The examination shall be in the subjects prescribed in the Act.
28. The time allotted to the examination in each subject shall be determined by the University Committee, on the advice of the appropriate Board of Examiners, and shall be printed on the examination questions.
29. The University Committee will supply paper for the examinations.
30. The examination papers shall be graded on the scale of 100. The passing grade in each subject is 75. Grades shall be certified by the respective Boards of Examiners to the University Committee. The list of successful candidates shall be certified to the President of the University by the University Committee.

¹ By the word "unit" is meant the amount of ground ordinarily covered in any single subject in one year of work in a standard high school.

31. A candidate under Section 2 of the Act who passes in Theory of Accounts and Practical Accounting¹ and fails in one or both of the other examination subjects (Auditing and Law), with a grade not lower than 60 in the subject or subjects failed, or a candidate who passes in Auditing and Law and fails in Theory of Accounts and Practical Accounting,¹ with a grade not lower than 60, shall be credited with the subject or subjects in which he has received passing grades and may upon application and payment of the required examination fees (see note below) present himself for re-examination in the subject or subjects in which he failed at any three of the six semi-annual examinations next succeeding the examination at which he qualified for such partial re-examination. Whenever a candidate presents himself for re-examination he must write on all subjects in which he then has failing grades.

If on re-examinations, the candidate passes in the subjects in which he has failed, he shall be eligible for the C.P.A. certificate; if he fails to do so, he shall revert to the status of a new applicant who is required to write the entire examination.

The time limitation within which a candidate is required to pass subjects under this rule shall not include any period during which the applicant serves in the armed forces of the United States.

Fee for each examination written under Rule 31 are as follows:

For candidates writing Theory of Accounts and Practical Accounting.....	\$20 00
For candidates writing Auditing or Commercial Law or a combination of Auditing and Commercial Law.....	\$15 00

32. A candidate under Section 2 of the Act whose grades are such that he is required to write in all subjects may not present himself for re-examination until at least one examination shall have intervened following his last examination or re-examination, and then only upon presentation of satisfactory evidence that he has made further preparation in the interim. A fee of \$25.00 shall be paid for such re-examination.

Awarding of C.P.A. Certificates

33. Each candidate who satisfies all the requirements and is duly certified as above required, shall receive a certificate designating him as a Certified Public Accountant (C.P.A.). This certificate shall be issued in the name of the University, and shall be signed by the President of the University, the Secretary of the Board of Trustees, and members of the appropriate Board of Examiners when required.

Records

34. The Director of Admissions and Records shall keep the records of all successful candidates for the certificate. These records shall set forth the time and place of the examination at which each candidate met the requirements for the certificate, the grades obtained on the examination, the number of the certificate issued, and the date of its issue.

35. The fees from applicants shall be deposited with the Comptroller of the University, who shall keep a separate account of all receipts and expenditures under the law.

36. The University Committee shall keep examination papers of candidates on file for a period of three years.

Revocation and Restoration of the Certificate of Certified Public Accountant

37. The University, on receipt of notice from the Department of Registration and Education of the cancellation of the Public Accountant registration of a person, shall revoke, without further proceedings, the C.P.A. certificate of said person as prescribed in Section 22 of the Act.

38. On receipt of notice from the Department of Registration and Education that the registration of a Public Accountant has been restored the University may,

¹ The examination in Theory of Accounts and the two sessions of the examination in Practical Accounting are considered as one subject in administering this rule.

without examination, restore the certificate of Certified Public Accountant of any person whose certificate had been revoked.

SPECIAL BOARD OF EXAMINERS

Secretary of the Board of Trustees

On motion of Mr. Nickell, these new regulations for the administration of an Act to regulate the practice of public accounting were adopted, the forms of the new certificates were authorized, and all previous regulations were repealed. This action was taken by the following vote: Aye, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Fornof, Mr. Stevenson.

PATENTABLE DISCOVERIES

(6) Before he came to the University of Illinois, and while he was employed at the Bell Telephone Laboratories, Professor Arnold Nordsieck of the Department of Physics invented a new type of integrating mechanism which can be used in constructing mechanical analog computers. He had constructed such a computer incorporating in it this integrating mechanism and other improvements over earlier machines, including portability, operation by synchro motors, freedom from torque simplification, and simplicity of electrical connections at a plug board. The principal novelty in the calculator built by Professor Nordsieck is the integrating mechanism which he designed and which has already been released to him by the Bell Laboratories. It is doubtful that the University would have any significant claims with respect to developments in this mechanism at the University of Illinois. However, Professor Nordsieck wants to be fully cleared and, therefore, has requested release by the University of any rights which it might conceivably claim, regardless of how insignificant they may be. It should be noted that developments now being made in connection with computing machines involve electronic mechanisms instead of mechanical analog devices, so that it is unlikely that Professor Nordsieck's invention will be highly remunerative.

The University Patent Committee and the Chairman of the University Research Board recommend the release to Professor Nordsieck of any implied rights which the University might claim.

I concur.

On motion of Mr. Grange, this recommendation was approved.

AFFILIATION WITH MORRISON HOME FOR THE AGED AND THE CHRONIC ILLNESS HOSPITAL

(7) The Board of Trustees has approved, in principle, a proposal for an affiliation with the Morrison Home for the Aged and the Home for the Incurables whereby the University would have facilities for education and research in medicine in a new Home for the Aged in the Medical Center District in return for certain professional services to be rendered by the University. The formal agreement is subject to approval by the Board of Trustees.

Representatives of the Home for the Incurables have informed the Vice-President in charge of the Chicago Professional Colleges that this institution can not participate in the program now because Congress did not appropriate funds to aid in the construction of hospital facilities for the chronically ill, but that they would like to affiliate later. The Trustees of the Morrison Home for the Aged desire to go forward without delay with the plan of affiliation.

Accordingly, the Vice-President recommends that the plan heretofore authorized by the Board of Trustees be modified to provide for an affiliation with the Morrison Home for the Aged only but leaving a way open for participation of the Home for Incurables later. A tentative draft of this plan of affiliation, as revised, is submitted herewith. The formal agreement will also be submitted to the Board for final approval.

I concur.

On motion of Mr. Grange, this change was authorized.

APPROPRIATIONS FROM AGRICULTURAL INCOME FOR THE COLLEGE OF AGRICULTURE

(8) The Dean of the College of Agriculture and the Comptroller recommend appropriations from accumulated agricultural income as follows:

Dairy Science

1. Remodeling bull barn at South Lincoln Avenue barns,
estimated cost \$ 3 900
2. Repair of shed on McCullough farm for storage of farm machinery, estimated cost..... 2 050
3. Construction of a garage for the farm foreman at the Round Barn area, estimated cost..... 1 150
4. Concrete walks from experimental silos to barn, estimated cost..... 400
5. Contingency appropriation for this program..... 2 500
- Subtotal, Department of Dairy Science..... (10 000)*

Horticulture

1. Purchase of truck..... 1 300
- Total.....\$11 300*

I concur

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Fornof, Mr. Stevenson.

ARCHITECTURAL SERVICES ON STUDENT RESIDENCE HALLS

(9) In authorizing changes in the program for the expansion of residence hall facilities at Urbana-Champaign (Phase II), necessitated by an increase in the size of the project made by the architects and by an increase in construction costs, the Board of Trustees requested the Comptroller "to negotiate with the architects to eliminate extra costs and charges for additional architectural services required as a result of the changes made by them in departing from the original basic plan without the approval of University officials."

The Comptroller and the Director of the Physical Plant have gone into this matter in detail with Mr. N. A. Owings of the firm of Skidmore, Owings, and Merrill, architects for this project. The Comptroller reports that while the preliminary estimate on which the financing program was based should not have been considered complete or final, it is evident that the architects were unduly optimistic on some phases of the estimate. In the development of detailed plans and specifications there was a major change in the over-all size of the project which was necessary to comply with standards established by the University. There was lack of complete co-ordination between the architects and the University's Physical Plant Department with respect to the effect of these changes on the final cost.

It should be noted that the changes made by the architects will increase the housing capacity to accommodate twenty additional men in the present halls and ten additional men in the new unit. After allowing for this advantage to the University and allowing for the increase in construction costs and finally allowing for items eliminated in the final awards of contracts, it appears that the increase in the cost of the project directly attributable to changes in over-all plans is approximately \$100,000. The standard fee of the architects on this amount would be \$6,000. In the opinion of the Director of the Physical Plant and the Comptroller, the University shares some of the responsibility for this change, and a fair share of the responsibility on the part of the architects would be 60 per cent, or \$3,600. Skidmore, Owings, and Merrill are willing to accept such an adjustment. The Director of the Physical Plant and the Comptroller recommend payments to the architects for additional services on this basis.

I concur.

On motion of Mr. Megran, this recommendation was approved.

IMPROVEMENT OF SOUTH RACE STREET, URBANA

(10) On petition of property owners on South Race Street south of Florida Avenue, Urbana, the Board of Local Improvements of Urbana has approved a project of paving, lighting, and sidewalks from the corner of Race and Florida 1,301.5 feet south. The University owns the entire property on the west side of the street and ninety feet on the east side, a total of 1,391.5 feet. Since the University

already has a sidewalk to the extent needed for its property and is not interested in lighting on its side of the street, the project has been adjusted to eliminate these items. On this basis the University is asked to assume and pay a maximum sum of \$22,336.32 toward a total estimated cost of \$54,063 for the project.

The proposed project has been studied by the Director of the Physical Plant and the Comptroller, who have reached the conclusion that the improvement would benefit the University and that the proportion of cost which the University is requested to pay is fair and reasonable for the benefits derived.

The improvement fronts on one side of the Small Homes Council Housing Research Area.

Funds are available in the state capital appropriation for minor improvements for 1951-1953, subject to release by the Governor.

I recommend that the Board express its concurrence in the project and approve an allotment of the amount required from the state appropriation.

On motion of Mrs. Watkins, the Board concurred in this project and authorized an allotment of \$22,336.32 to pay the University's share of the costs, as recommended, by the following vote: Aye, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Fornof, Mr. Stevenson.

SITE FOR PROPOSED LIFE SCIENCES BUILDING AND IMPROVEMENT OF GOODWIN AVENUE AND CLOSING OF PART OF ILLINOIS STREET

(11) One of the buildings of highest priority in the building program of the University is a new Life Sciences Building in Urbana. An appropriation for it was strongly urged at the last session of the General Assembly, but was not granted. An advance of federal funds has been secured for studies of the building, and the site must be assured before major expenditures are made on such studies.

The Faculty Building Program Committee has studied in detail the problem of a site. The Committee has assembled extensive information on this subject and has discussed the problem with representatives of all interests concerned. The Committee has reached the unanimous conclusion, concurred in by these representatives, that the building should be located immediately east of the Natural History Building and Noyes Laboratory. This site requires the south portion of the block bounded by Mathews, Green, Goodwin, and Illinois Streets, the north portion of the block bounded by Mathews, Illinois, Goodwin, and California Streets, and the use of Illinois Street between these two blocks. It has recommended that, in addition to acquiring land in this area not now owned by the University, the city of Urbana be requested to vacate the one block of Illinois Street between Mathews Avenue and Goodwin Avenue as an essential part of this development.

A closely related item is the improvement of Goodwin Avenue between Springfield and Nevada to relieve traffic congestion on Mathews Avenue and to coordinate with the long-range plan for general development of the east side of the campus. An extension and improvement of Goodwin Avenue from Gregory Drive to Pennsylvania Avenue recently has been completed.

Extended discussions have been carried on by University officials with the City Council and other officials of Urbana. The Council is ready to proceed with the improvement of South Goodwin Avenue at a total estimated cost of \$226,000. The University is asked to contribute approximately \$129,000 toward this improvement. It would also be asked to pay for (a) the land vacated in the closing of Illinois Street, which has been appraised at \$51,613, and (b) such additional costs to the city of Urbana resulting from the University's deferral of payments on the Goodwin Avenue improvement. The University has acquired title to most of the property on both sides of Illinois Street in the block immediately east of the campus, and the closing would be effective only after payments totaling \$51,613 have been made by the University or by other owners of property fronting on this block.

The widening of Goodwin Avenue will make it necessary for the city of

Urbana to acquire additional right of way on the east side between Green Street and Springfield Avenue, in which area the University owns a large part of the street frontage. The land has been appraised at \$1.25 per square foot between Springfield Avenue and the Boneyard and at \$1.50 per square foot south of the Boneyard.

The Director of the Physical Plant and the Comptroller recommend that:

1. The Comptroller and the Secretary of the Board of Trustees be authorized to execute an agreement with the city of Urbana providing for the payment of the University's proportionate share of the cost of the Goodwin Avenue improvement, or approximately 57 per cent of the actual construction cost, including engineering, legal service, financing costs and miscellaneous expenses. One-half of the University's share shall be paid when construction begins and the other half on completion. Based on present estimates of cost, the University's share will be approximately \$121,543, after allowing credit for the University's Goodwin Avenue frontage to be transferred to the city of Urbana. The proposed agreement with the city of Urbana will not be executed until (a) bids on this project have been received and it is clear that funds are available to pay the University's share; (b) passage of the necessary ordinances by the city of Urbana; and (c) approval of the improvement by the Court.

2. The Comptroller be authorized to make payments not to exceed \$51,613 to the city of Urbana for the acquisition of one block of Illinois Street and right of way based on the appraised value; plus reimbursement for any additional costs incurred by the city of Urbana in financing the Goodwin Avenue project as the result of deferment of payments by the University for the acquisition of Illinois Street. Such payments will be made as the University acquires property fronting on Illinois Street between Goodwin Avenue and Mathews Avenue and as funds are available.

3. An allotment of \$167,663 be made from the state appropriation of \$180,000 for 1951-1953 "For improvements to University grounds at Urbana-Champaign and of adjacent city streets" for the improvement of Goodwin Avenue and, to the extent possible, for the acquisition of Illinois Street between Goodwin Avenue and Mathews Avenue.

4. In order to provide the additional right of way needed by the city of Urbana, the sale of University-owned land on the east side of Goodwin Avenue between Springfield Avenue and Green Street be authorized on the basis of appraised values.

5. The Director of the Physical Plant be authorized and directed, with the assistance of the Legal Counsel and the Comptroller, to negotiate with the owners of land not now owned by the University for the purchase of the additional areas needed for campus expansion and to submit recommendations on the purchase of such properties.

I recommend approval of these steps.

On motion of Mrs. Holt, authority was given and funds were assigned, as recommended, by the following vote: Aye, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Fornof, Mr. Stevenson.

CONTRACT FOR DEMOLITION OF STEAM PLANT CHIMNEY IN CHICAGO

(12) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$9,890 to the Bosley Wrecking Company, Chicago, for demolition of the chimney at the old heating plant at the Chicago Professional Colleges. The chimney, which has not been in use since the new Medical Center steam plant went into operation, has deteriorated to such an extent that it is hazardous.

The total estimated cost of this demolition and work incidental thereto, including the contract and work to be done by the Physical Plant Department, is \$15,000. Funds are available as follows: (a) from the Physical Plant Department budget, item for renewals and replacements, \$5,000; (b) from the appropriation to the Physical Plant Department for debt service on building bond issues but not needed this year, \$10,000.

I recommend that the project be approved, to be paid for from the sources of funds indicated, and that the Comptroller and the Secretary of the Board be authorized to execute a contract with the Bosley Wrecking Company.

On motion of Mr. Grange, this contract was authorized.

CHANGE IN CONTRACT WITH PACE ASSOCIATES

(13) The reduction and change in the program of construction of the East Dentistry-Medicine-Pharmacy Building authorized by the Board of Trustees on October 23 to bring the total cost of the building within the funds available will require additional architectural services. Pace Associates, architects for this building, have offered to do the additional work on the basis of actual costs for services of designers, draftsmen, and other items, plus an overhead charge of 20 per cent, an estimated total cost of \$11,000.

The Director of the Physical Plant and the Comptroller recommend a change in the contract with Pace Associates authorizing this additional work.

I concur and recommend that the Comptroller be authorized to execute this contract change.

On motion of Mrs. Watkins, this contract change was authorized.

CONTRACT FOR DEMOLITION OF BUILDINGS ON THE SITE OF THE EAST DENTISTRY-MEDICINE-PHARMACY BUILDING

(14) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$14,715 to the Bosley Wrecking Company, Chicago, the lowest bidder, for the demolition of seventeen buildings on the site of the East Dentistry-Medicine-Pharmacy Building. The properties are at 1735, 1737, 1739, and 1745 West Polk Street; 806, 808, 810, 814, 820, 826, 838, 900, 902, 904, 916, 922, and 928 South Hermitage Avenue.

There are twenty buildings on this construction site, but three are still occupied. Hence, bids were taken on the demolition of the seventeen buildings so that the work can be started at once. When the three buildings now occupied are vacated, separate bids will be taken for the demolition of those three.

Funds are available in the state appropriation for the construction of the East Dentistry-Medicine-Pharmacy Building and have been released by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Nickell, this contract was authorized.

PURCHASES

On motion of Mr. Grange, these appointments were approved.

RESIGNATION OF DIRECTOR PAR DANFORTH

(19) Professor Par Danforth has informed me that he wishes to terminate his work as Director of Robert Allerton Park at the end of the current calendar year. Accordingly, I am recommending acceptance of his resignation as of Janu-

ary 31, 1952, with the understanding that he will be relieved of his duties as of January 1, 1952, and granted his month's vacation with pay.

It is appropriate to note that since Professor Danforth became Director in January, 1949, much has been accomplished in making Robert Allerton Park and Allerton House the successful, living program which was envisaged when this splendid facility became the property of the University.

On motion of Mr. Herrick, this resignation was accepted.

CLAIM OF ALONZO FITZGERALD

(20) While employed as a janitor by the Physical Plant Department, Alonzo Fitzgerald, on September 16, 1943, was assisting in carrying a heavy box of pamphlets down the stairs in the Administration Building (E). He claims that he suddenly experienced a very severe pain in his back which caused him to drop his end of the box and to fall. Since then he has from time to time experienced episodes of severe pains in his back frequently extending to one or both legs. He has frequently received medical care and treatment both in Urbana-Champaign and in the Research and Educational Hospitals in Chicago, including one operation at the latter in 1949. The University paid medical and hospital bills of \$435.66 and compensation of \$308.40.

Recently Fitzgerald left the University's employ, claiming that his physical condition is such that he is unable to do physical labor of the type assigned to him at the University. He asserts that his back trouble was caused by the fall in 1943. His attorney has placed claims for further medical treatment, hospitalization, and compensation and has made it plain that unless a settlement is received, he will institute proceedings under the Workmen's Compensation Act.

The Committee on Accident Compensation has reached the conclusion that the sum of \$2,500 should be offered in full settlement of all claims against the University, coupled with a full and complete release therefor. Fitzgerald has indicated that he will accept such a settlement if it is made in the near future.

The Committee recommends, therefore, that a settlement be authorized on this basis and an appropriation be made for the amount required.

I concur and recommend approval.

On motion of Mr. Johnston, the settlement recommended was authorized, and an appropriation of \$2,500 was made from the General Reserve Fund for this purpose by the following vote: Aye, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Fornof, Mr. Stevenson.

REPORT OF COMMITTEE ON TELEVISION

Mr. Livingston, Chairman of the special Committee on Television appointed by the Board on September 19, 1951, reported that the Committee had held meetings on October 18 and November 23, 1951.

At its initial meeting, the Committee agreed that the University should take all appropriate measures to secure a channel for the operation of a television station in the Urbana-Champaign area and should proceed with plans for the construction of such a station. It was also the judgment of the Committee that consideration should be given to the question of standing on the present application for the channel already tentatively allocated by the Federal Communications Commission for a non-commercial, educational station in the Urbana-Champaign area as against revising the application to request assignment of the channel without restriction regarding its commercial use. The Committee also requested its faculty advisers to study and report on these points:

Sources of funds to support telecasting of educational programs.

Should the University attempt to fill time or otherwise secure funds by scheduling commercial programs along with educational programs?

Data on the cost per year on the operating of a television station.

Sample educational programs showing how a full day's time could be utilized by the University in the operation of a television station.

At its meeting on November 23, the Committee considered a memorandum prepared by Professor Robert B. Hudson, Director of University Broadcasting, who had been directed by the President of the University to head up the studies being made for the Committee. At the request of Chairman Livingston, Director Hudson presented his report, a complete copy of which was filed with the Secretary of the Board for record.

Director Hudson's report, as summarized, is as follows:

At its meeting on November 23, the Board of Trustees Committee on Television gave special consideration to the question of the present application for the channel tentatively allocated by the FCC for a non-commercial, educational station versus changing the application by asking that the channel be opened for commercial use. An important time element is involved in the consideration of this question because the FCC will close formal hearings on applications on November 26. If the University decides to let its present application stand, no further action needs to be taken at present, but if the University elects to apply for a commercial channel, an amended application must be filed not later than November 26. As matters stand on November 23, 1951, the University may,

1. Resolve to construct and to operate a television station on a non-commercial basis.

If this action is taken (or, indeed, if no action is taken) no additional filings are required of the University in the FCC allocations hearings which close on November 26, 1951. (In its filing of September 17, 1951, the University asked the FCC to make final its proposed assignment of Channel 12 to Urbana for non-commercial, educational use.)

Consequences: Under this action, the FCC may reasonably be expected to make final its proposed allocation of VHF Channel 12 to Urbana, reserved for non-commercial, educational use. Furthermore, under such a reservation, it would not be incumbent upon the University to apply immediately for a television license and to place a station in operation. On the basis of the filings previously made by the University, the reservation of the channel may be expected to hold for approximately two years (perhaps, through two sessions of the state legislature), and will be subject to extension if the University shows a bona fide interest in using the channel.

2. Resolve to apply for a license to operate a television station on Channel 12, reserved for non-commercial use, in Urbana, but to petition the FCC to permit the commercial use of the reserved Channel 12 until such time as the area may be adequately served by commercial television stations.

Consequences: Under this plan the University's television station would be able to broadcast *both* amusement-centered and education-centered programs until such time when privately-owned television stations were available in sufficient numbers to provide amusement-centered programs in the Urbana area. At that point the University would look forward to channeling its resources and energies into more socially significant programs, on a non-commercial basis.

(The action suggested under No. 2 is consistent with the proposal advanced to the FCC by the Joint Committee on Educational Television with reference to so-called "single station" areas, "... that the restrictions which will govern non-commercial, educational television stations should be temporarily relaxed where the educational station is the only television station serving all or a substantial part of its service area. This temporary relaxation of the rules should be self-terminating. The general principles of the proposal we are making are as follows:

i. A non-commercial, educational television station should be permitted, subject to suitable restrictions to insure that a bona fide educational service is rendered, to carry network commercial programs;

ii. The permission of such a non-commercial, educational television station to carry network commercial programs should be limited as soon as there is a single commercial television service available to all or a substantial part of the service area of the non-commercial, educational television station;

iii. The permission should be entirely withdrawn as soon as two such commercial station services are available to the service area of the non-commercial, educational television station.")

3. Resolve to construct and to operate a television station on a commercial basis. If this action is taken, it will be necessary for the University to petition the FCC, prior to November 26, 1951,¹ to assign Channel 12 to Urbana without restriction, i.e., without reserving it for non-commercial, educational use. It should further certify to the FCC that it proposes to apply for a license to operate a television station on "unrestricted" Channel 12, how it proposes to operate it (on a profit or a non-profit basis), and the nature of the program service that it proposes to offer.

Consequences: Under this action, assuming a "late" petition to be acceptable, there is no assurance that the FCC will assign unrestricted Channel 12 to Urbana (commercial organizations looking to their separate interests have petitions on file with the FCC asking that Channel 12 be deleted from Urbana and assigned to a) Peoria, b) Springfield, c) Rockford, d) Indianapolis, or e) Paducah). If the FCC should assign unrestricted Channel 12 to Urbana, the University in filing an application for a license to operate a commercial station on this channel would find itself in competition with private interests applying for licenses to broadcast on the same channel at the same place. (Following the announcement by the FCC of permanent television channel assignments, interested parties will have a 60-day period in which to file applications for licenses.)

At the conclusion of Director Hudson's presentation, Chairman Livingston reported that the Committee recommends the adoption of Option 1, viz., that the University resolve to construct and to operate a television station on a non-commercial basis, and to petition the FCC to permit some commercial use of the reserved channel until such time as the area is adequately served by commercial television stations.

On motion of Mr. Johnston, the recommendations of the Committee were adopted; Messrs. Herrick and Nickell voted "no."

REPORT OF COMMITTEE ON NONACADEMIC PERSONNEL

Mr. Grange, Chairman of the Committee on Nonacademic Personnel, reported that the University Civil Service Merit Board, made up of three members of the Board of Trustees of the University of Illinois, one member of the Teachers College Board, and one member of the Southern Illinois University Board, had met, organized, and had appointed its administrative staff, including the appointment of Mr. Donald E. Dickason, Director of Nonacademic Personnel at the University of Illinois, to serve as Director of the University Civil Service System of Illinois.

DISCUSSION OF KREBIOZEN

At the request of President Livingston, President Stoddard discussed the present controversy involving Dr. A. C. Ivy, Distinguished Professor of Physiology and Head of the Department of Clinical Science, and Vice-President of the University in Charge of the Chicago Professional Colleges, and his direction of research and clinical studies of the drug "Krebiozen." President Stoddard then summarized his discussion in a formal statement as follows:

As I see it, the main question now is to determine definitely the value of the drug under research and clinical conditions.

Dr. Ivy has a large number of new cases that need study and evaluation; he needs a few months' time for this and I feel he should be asked to work intensively on this report,

¹ The Commission's television hearings end on November 26. The final filing date for Illinois, Indiana, Michigan, and parts of Ohio and Kentucky was September 17, thus any filing by the University of Illinois after September 17 is subject to the Commission's acceptance of a "late" petition.

If the problem is regarded as basically an administrative matter, I shall proceed to get the answers that are needed:

1. To validate to the satisfaction of all concerned the effects of Krebiozen on cancer patients.
2. To consider questions raised by members of the medical profession as to procedure and future developments.
3. As soon as may be feasible, to give the public full information on the outcome of the work.

President Livingston asked all members of the Board to comment on this matter.

At the conclusion of these discussions, Mr. Nickell moved that it is the sense of the Board of Trustees that this is an administrative matter. The motion was adopted.

- PETERSEN, ELIZABETH M., Infrared Spectroscopist in the Department of Chemistry—resignation effective 11-1-51.
- PRADEL-VALLEJO, ELSA V., Fellow in Bacteriology, in the Graduate College—resignation effective 9-1-51.
- RICHARDS, EMILY M., Catalog Assistant in the Library—resignation effective 1-1-52.
- SASSOON, SALMAN H., Fellow in Civil Engineering, in the Graduate College—resignation effective 9-16-51.
- SCHOEN, MRS. ELIZABETH, Research Assistant in Bacteriology—resignation effective 11-1-51.
- SILBERG, SIDNEY S., Instructor in General Engineering Drawing, in the Undergraduate Division in Chicago—resignation effective 10-31-51.
- STALLINGS, ROBERT L., JR., Instructor in Accountancy, in the Department of Business Organization and Operation—declination effective 9-1-51.
- STROUP, HERMAN L., Fellow in Music—resignation effective 10-20-51.
- VASSALOTTI, ALFRED, Fellow in Mathematics, in the Graduate College—resignation effective 9-16-51.

LEAVES OF ABSENCE

- BAUER, FREDERICK C., Professor of Soil Fertility (Agronomy), in the College of Agriculture and in the Agricultural Experiment Station—leave of absence, with salary, August 22-October 22, 1951, because of disability.
- BOOTH, ALFRED W., Associate Professor of Geography—leave of absence, with full pay, November 17-December 2, 1951, for military service.
- CHANDLER, MRS. MARGARET K., Assistant Professor of Sociology, and Research Assistant Professor in the Institute of Labor and Industrial Relations—leave of absence, July 30-October 18, 1951, because of disability.
- COTTRELL, FRANCES E., Assistant in Botany—leave of absence, with pay, April 27-June 15, 1951, and without pay, June 15, 1951, until further notice, because of illness.
- DUFFIELD, ROBERT B., Associate Professor of Chemistry, in the College of Liberal Arts and Sciences, and Associate Professor of Physics, in the College of Engineering—leave of absence, without salary, four months beginning October 1, 1951, so that he may serve at the Brookhaven National Laboratory in a classified AEC project.

SCHRAMM, WILBUR, Research Professor of Journalism and Communications, Director of the University Press, and Dean of the Division of Communications — leave of absence, November 16-December 5, 1951, for services on a research project for the Department of the Army.

ZOLT, NATHAN, Clinical Instructor in Neurology, in the Department of Neurology and Neurological Surgery, in the College of Medicine — leave of absence, October 1, 1951-August 31, 1952, without salary.

DECEMBER MEETING

An invitation from Mr. Weldon, Treasurer, to hold the next meeting of the Board of Trustees at the First National Bank of Chicago and to be guests of the Bank at luncheon was accepted.

On motion of Mr. Johnston, the Board of Trustees voted to hold its next meeting at the First National Bank of Chicago on Monday, December 17, 1951, beginning at 12:30 p.m.

On motion of Mr. Grange, the Board adjourned.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

December 17, 1951

The December meeting of the Board of Trustees of the University of Illinois was held in the First National Bank of Chicago, on Monday, December 17, 1951, beginning at 11:30 a.m.

The following members of the Board were present: President Livingston, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, and Mrs. Watkins.

Also present were President George D. Stoddard, Provost Coleman R. Griffith, Vice-President A. C. Ivy, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Information, Mr. Lloyd Morey, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary of the Board.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of October 23, 1951, press proof copies of which had been sent to all members of the Board in advance.

On motion of Mr. Johnston, the minutes were approved as printed on pages 1253 to 1287, inclusive.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

APPOINTMENTS TO THE FACULTY

(1) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. GILBERTO BERNARDINI, Research Professor of Physics, beginning November 1, 1951, at an annual salary of \$9,000 (D).

2. FRANCIS WILLIAM LOGAN, Assistant Professor of Hygiene and Medical Adviser for Men, beginning February 1, 1952, at an annual salary of \$8,000 (DY).

3. MARIE WAITE, Assistant Professor, School of Social Work, Chicago Professional Colleges, beginning January 1, 1952, at an annual salary of \$4,904 (DY).

The Director of Nonacademic Personnel reports the following appointment to a supervisory position of upper level responsibility:

1. LYNN A. COLLINS, Supervising Accountant in the Chicago Business Office, beginning October 29, 1951, at an annual salary of \$4,920.

On motion of Mrs. Watkins, these appointments were confirmed.

LEAVE OF ABSENCE FOR DR. DAVID E. LINDSTROM

(2) Dr. David E. Lindstrom, Professor of Rural Sociology, has been invited to accept a temporary appointment on the staff of the International Christian University in Japan.

I recommend that he be given a leave of absence without pay for a period of three years from January 1, 1953, so that he may accept this assignment. This will be an important service to a new University now being developed in Japan under the presidency of Dr. Hachiro Yuasa, a graduate of the University of Illinois.

On motion of Mr. Nickell, this leave was granted.

LEAVE OF ABSENCE FOR DR. A. C. IVY

(3) On his request, I have granted Dr. A. C. Ivy a leave of absence from his administrative position as Vice-President in Charge of the Chicago Professional Colleges for two months beginning January 1, 1952, with the understanding that he will continue his work as Distinguished Professor of Physiology and as Head of the Department of Clinical Science in which capacities he will be free to work intensively on his research programs. No change of salary is proposed.

I recommend that Dean E. R. Serles, as the senior dean of the Chicago Professional Colleges, be designated as the over-all administrative officer for these Colleges during the two-month period, without change in salary or title.

On motion of Mrs. Holt, the President's action was confirmed and his recommendation for the designation of Dean Serles as the administrative officer for the Chicago Professional Colleges for two months beginning January 1, 1952, was approved.

HEARING COMMITTEE ON DISCHARGE OF ROBERT TAYLOR

(4) It is recommended that the Committee appointed by the Board of Trustees on November 23, 1951, to hear the charge against Robert Taylor, kitchen laborer in the Housing Division, be discharged. Mr. Taylor has reconsidered his request for this hearing and has resigned effective at the close of business October 31, 1951, his last day of service. This action eliminates the necessity for a hearing.

On motion of Mr. Megran, the Committee was discharged from its assignment.

**CHANGE IN GENERAL EDUCATION REQUIREMENTS
FOR BACHELOR OF ARTS DEGREE**

(5) In partial fulfillment of the requirements for the Bachelor of Arts degree students in the general curriculum in Liberal Arts and Sciences are now required to complete at least an eight-semester-hour sequence of courses in each of these areas: (a) humanities, (b) biological science, (c) physical science, and (d) social science.

The Faculty of the College and the University Senate recommend a modification of these general education requirements so that instead of any one of the eight-semester-hour sequences required in the areas specified, one approved six- or seven-hour sequence will be accepted, but not earlier than the sophomore year. This slight relaxation will offer students a wider selection of suitable sequences of two three-hour upper-class courses in fulfillment of the general education requirements. It will not affect the requirements relating to major and minor fields of study nor will it reduce the total number of hours required for graduation.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

CHANGE IN REQUIREMENTS FOR ADMISSION TO COLLEGE OF DENTISTRY

(6) The present requirements for admission to the College of Dentistry include twelve semester hours of chemistry of which four shall be organic chemistry. The Faculty of the College and the University Senate recommend that effective in September, 1953, the preprofessional chemistry requirements for admission to the first-year class in dentistry shall include a course in quantitative analysis carrying at least three semester hours of credit, in addition to the four semester hours of organic chemistry. The intent of this change is not to increase the minimum of twelve semester hours of chemistry required but only to specify that quantitative analysis shall be included in the preprofessional preparation in chemistry.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

SCHOLASTIC REQUIREMENTS FOR THE DEGREE OF BACHELOR OF SCIENCE IN DENTISTRY

(7) The requirements for the degree of Bachelor of Science in Dentistry include a provision that a candidate must "have grades of C or better in at least three-fourths of the total hours taken in the College and counted toward the degree."

The Faculty of the College and the University Senate recommend that this requirement be changed to provide that "the candidate must have an average of C or better in the total number of hours completed in the College of Dentistry," effective in September, 1953. This requirement is already in effect for candidates for the degree of Doctor of Dental Surgery.

I concur.

On motion of Mr. Fornof, this recommendation was approved.

POSTGRADUATE CURRICULA IN DENTISTRY

(8) The faculty of the College of Dentistry and the University Senate recommend authorization of three postgraduate curricula as follows:

Postgraduate Curriculum in Orthodontia

Selected students desiring to pursue an organized curriculum in orthodontia will be accepted on a postgraduate status for a period of three quarters beginning with the fall quarter. These three quarters embrace all technical instruction and a significant amount of clinical work. In addition, the student is required to register in Advanced Oral Histology and Advanced Anatomy as well as in certain minor courses which must be placed early in his professional training.

At the end of the third quarter of residence each student desiring to work toward a graduate degree will apply for admission to the Graduate College according to established procedure, and if accepted will follow the approved curriculum leading to a Master of Science degree in orthodontia. The usual requirements for the Master of Science degree prevail. Three units of credit toward the master's degree will be allowed for the work described above.

Those students who do not elect or who are not found qualified by the staff to pursue graduate work may continue to register for an additional three quarters as postgraduate students, the first quarter of which must be on a full-time basis. Such students are required to prepare and submit an essay on some aspect of orthodontia or an associated field in order to qualify for the certificate of the department. Both graduate and postgraduate students continue clinical work during the last three quarters.

Course and Program Requirements:

Orthodontic technics, two quarters; orthodontic seminar, three quarters; diagnosis and analysis of malocclusion, six quarters; advanced oral histology, three quarters; orthodontic clinic, five quarters; gross anatomy, one quarter; individual library research, two quarters; thesis, one quarter.

Essay Requirement: A critical paper on some phase of orthodontia or related subject.

Time Requirements: Six quarters of the organized postgraduate program.

Recognition: A certificate will be awarded upon completion of all requirements.

Postgraduate Curriculum in Pedodontics

Selected students desiring to pursue an organized curriculum in pedodontics will be accepted on a postgraduate status for a period of three quarters. These three quarters embrace all technical instruction, a significant amount of clinical work, and certain major and minor courses, which must be placed early in the professional training.

At the end of the third quarter of residence each student desiring to work toward a graduate degree will apply for admission to the Graduate College according to established procedure, and if accepted will follow the approved curriculum leading to a Master of Science degree in pedodontia. Three units of credit toward the master's degree will be granted for the work described above. Those students who do not elect or who are not found qualified to pursue graduate work may continue to register for an additional quarter as postgraduate students. Such registration must be on a full-time basis. The program in such a case consists of additional clinical work and the pursuit of certain minor courses at the postgraduate level. Students in this category will be eligible for the certificate of the department upon completion of the four quarters of work.

Course and Program Requirements:

Pedodontics technics, three quarters; pedodontics seminar, three quarters; pedodontics clinic, three quarters; applied anatomy and growth of head, three quarters; dental pediatrics, three quarters; oral histology, one quarter; oral pathology, two quarters; pedodontics research, one quarter; pedodontics seminar, one quarter.

Time Requirements: Four quarters of the organized postgraduate program.

Recognition: A certificate of the department will be awarded.

Postgraduate Curriculum in Oral Surgery

Selected students desiring to pursue an organized curriculum in oral surgery will be accepted on a postgraduate status for a period of three quarters beginning with the fall quarter.

At the end of the third quarter of residence each student will be granted a certificate and those desiring to work toward a graduate degree will apply for admission to the Graduate College according to established procedure and if accepted will follow the curriculum leading to a Master of Science degree in oral surgery. Three units of credit toward the master's degree will be granted for the work described above. Students not accepted will not be allowed to register for further postgraduate work.

Course and Program Requirements:

Oral surgery clinic, three quarters; oral surgery seminar, three quarters; applied pathology, two quarters; general histology, two quarters; osteology, one quarter; oral histology seminar, two quarters; tumor clinic, one quarter; oral pathology, one quarter; advanced oral histology, one quarter; gross anatomy (head and neck), one quarter.

Time Requirements: Three quarters of the organized postgraduate curriculum.

Recognition: A certificate of the department will be awarded for three quarters of work.

The complete details of this program are being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

ADMISSION OF NONRESIDENTS OF ILLINOIS

(g) On April 24, 1947 (Minutes, page 349), the Board of Trustees authorized a "Progressive Admissions Plan" to utilize the University's capacities effectively during the postwar influx of students. The plan restricted the admission of non-residents of Illinois to new freshmen who ranked in the upper 25 per cent of their high school graduating class and of transfer students to those with not less than a 4.0 (B) average in previous college work in terms of the grading system of the University of Illinois.

On February 17, 1949 (Minutes, page 244), the Board of Trustees substantially rescinded the "Progressive Admissions Plan" because it was possible to admit all residents of Illinois who qualified under the former system.

With respect to nonresidents of Illinois the admission of new freshmen is now restricted to students who rank in the upper 50 per cent of their high school graduating class and to transfer students who have a scholastic average of at least 3.5 (halfway between B and C) in previous college work. These actions were administrative measures related to emergency conditions.

The University Senate Committees on Admissions from Secondary Schools and Admissions from Higher Institutions have recently studied the requirements governing the admission of nonresidents of Illinois. On the joint recommendation of these Committees the University Senate recommends to the Board of Trustees that effective with the first semester after official action is taken:

(1) A nonresident of Illinois seeking admission as a freshman must rank in the upper 75 per cent of his high school graduating class.

(2) A nonresident of Illinois seeking transfer to any undergraduate curriculum must present a scholarship average of at least 3.0 in terms of the grading system of the University of Illinois.

I concur and recommend that these changes become effective beginning the second semester of 1951-1952.

On motion of Mr. Johnston, this recommendation was approved.

CHANGE IN REQUIREMENTS IN PHYSICAL EDUCATION FOR MEN

(10) The Department of Physical Education for Men has been experimenting with the use of the Illinois Motor Fitness Test as a motivating device instead of using it to classify students in the general service program of physical education (as distinguished from the professional curriculum in physical education), which was the original purpose of the requirement. Now all men students registered in freshman and sophomore physical education service classes take the Motor Fitness Test as part of the exercise program of each course. Those failing to achieve satisfactory scores are assigned to a course in developmental activities, unless they have already received credit for such training. This method of using the Motor Fitness Test has proved to be better than the former method used because the test serves as a constant motivation for maintenance of physical fitness.

The Physical Education for Men staff meets all freshmen students in small groups (twenty-five to thirty) during Freshman Week preceding registration for an orientation and guidance session which helps students in understanding the physical education requirements. It also helps them to appreciate the opportunities available in the physical education program and guides them in selection of activities.

The Director of the School of Physical Education recommends that the present requirement that all undergraduate men students, with certain exceptions, be required to take a motor fitness test before registering in the University, which requirement was adopted by the Board of Trustees on April 18, 1946, at the request of the School of Physical Education and the Department of Physical Education for Men, be rescinded.

I concur.

On motion of Mr. Hickman, this recommendation was approved.

PETTY CASH FUND FOR CIVIL ENGINEERING SURVEYING CAMP

(11) The University of Illinois maintains a Civil Engineering Surveying Camp near Blackduck, Minnesota. The camp is operated during the summer to provide field experience for civil engineering students.

Financial operations of the camp can be expedited if a petty cash account is established in a bank at Blackduck, Minnesota. The Comptroller recommends an appropriation of \$400 as the working capital for such an account and the approval of the Blackduck State Bank as the depository. The Treasurer of the Board of Trustees concurs in the recommendation of this bank as the depository. I concur.

On motion of Mr. Hickman, the Blackduck, Minnesota State Bank was approved as the depository for the Civil Engineering Surveying Camp petty cash fund, and an appropriation of \$400 was made from the General Reserve Fund to provide the working capital for this account. This action was taken by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stevenson.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(12) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

Chicago Professional Colleges and Chicago Undergraduate Division

1. Equipment for the Department of Neurology and Neurological Surgery.....\$ 2 500
2. Remodeling in the Department of Anatomy..... 3 300
3. Cages for the Animal Hospital..... 1 800
4. Crating and shipping of research equipment for the Department of Physical Medicine..... 2 000
5. Remodeling at the Chicago Undergraduate Division to provide quarters for Air Force R.O.T.C..... 6 425
6. Equipment for the Chicago Professional Colleges..... 22 700
 - College of Dentistry.....\$ 4 500
 - College of Medicine..... 7 000
 - College of Pharmacy..... 11 200

Urbana-Champaign Campus

7. Remodeling in Horticulture Field Laboratory for the Department of Food Technology 6 200
8. Equipment (rolling mill) for the Department of Mining and Metallurgical Engineering 9 000
- Total*\$53 925

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stevenson.

CONTRACT FOR DEMOLITION OF BUILDINGS TO CLEAR SITE OF EAST DENTISTRY-MEDICINE-PHARMACY BUILDING, CHICAGO

(13) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$2,567 to the McKay Contractors, Chicago, the lowest bidder, for demolition of buildings at 818, 830, and 910 South Hermitage Avenue to complete clearance of the site for the East Dentistry-Medicine-Pharmacy Building. The Board of Trustees on November 23, 1951, approved a contract for the demolition of seventeen other buildings in this area.

Funds are available in the state appropriation for the construction of the East Dentistry-Medicine-Pharmacy Building and have been released by the Governor.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Nickell, this contract was authorized.

**CONTRACT FOR REPLACEMENT OF EXTERIOR DOORS IN BUILDINGS
ON CHICAGO PROFESSIONAL COLLEGES CAMPUS**

(14) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$6,978 to the Mueller Construction Company, Chicago, the lowest bidder, for replacement of metal doors in buildings on the Chicago Professional Colleges campus. A number of the exterior metal doors have deteriorated to such an extent that it is more economical to replace them than to remove, repair, and refinish them.

Funds are available in the Physical Plant Department budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was authorized.

**PURCHASE OF 1103 WEST GREEN AND
1108 WEST ILLINOIS, URBANA**

(15) The University has an opportunity to purchase the property at 1103 West Green Street, Urbana, immediately east of the Student and Staff Apartments, and at 1108 West Illinois Street (contiguous properties), the latter adjoining University property at 1110 West Illinois. The price is \$72,875, payable \$20,000 on conclusion of a contract, and the balance on or before June 30, 1953, with interest at 4 per cent on the unpaid balance.

This property is in the probable zone of University expansion on the east side of the campus. It has 74.75 feet frontage on each street and is 461.6 feet deep. It is improved with two frame houses in reasonably good condition. The property has been appraised at \$66,000 but the owners will not accept less than \$72,875. This price is reasonable in comparison with other property purchases made by the University. The land will ultimately be needed for additional parking space for the Student and Staff Apartments, particularly when the parking area on the north side of Green Street is required for building construction. The two houses can be used as cooperative houses.

Funds for the initial payment required for this purchase are available in funds received by the University of Illinois Foundation from the sale of prefabricated houses and held by the Foundation for the University. The balance would have to be met from nonrecurring funds later in the current biennium, 1951-1953. This purchase is recommended by the Chairman of the University Building Program Committee (faculty committee), the Provost, the Director of the Physical Plant, and the Comptroller.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to conclude the necessary contract and that funds required for the initial payment be assigned from moneys held by the University of Illinois Foundation for the University.

On motion of Mr. Johnston, the purchase of these properties was authorized by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stevenson.

RELEASE OF PATENTABLE DISCOVERY

(16) Associate Professor George B. Clark of the Department of Mining and Metallurgical Engineering reports the invention of a new type of manometer designed to measure average velocities of air in closed ducts.

In the judgment of other experts, although this design is most ingenious, the potential market for such a device is very limited. In a period of two or three years, probably not more than fifty units would be purchased.

Under the circumstances, the University Patent Committee and the Chairman of the University Research Board do not believe that the University would be justified in expending the money to secure the patent and they, therefore, recommend release of the patent rights to Professor Clark.

I concur.

On motion of Mr. Hickman, this recommendation was approved.

USE OF UNIVERSITY PREMISES FOR ADDRESSES BY CANDIDATES FOR PUBLIC OFFICE

(17) On December 3, 1951, the University Senate approved for transmission to the Board of Trustees the following resolution concerning political speakers:

"Resolved: That the Senate of the University of Illinois favors the use of university buildings, grounds, and facilities by or on behalf of candidates for nomination or election to state or national offices, subject to the following regulations:

"1. The speaker shall be a member of a political party having legal status in the State of Illinois.

"2. The speaker shall be sponsored by a recognized student organization, a faculty group, or a University Department."

This resolution was discussed fully at the meeting of the University Senate and was passed by an overwhelming majority. This matter has come before the Board previously, at the request of the Student Senate, representative of all undergraduate students at Urbana-Champaign, in essentially the same form.¹

It is clear from these actions of the student and faculty bodies that it is not the intention to use University buildings for political purposes, but for the enlightenment of students and staff members with respect to state and national issues. I know the attitude of the faculty well enough to state that it is solidly opposed to any form of political interference with policy-making or administration in the University of Illinois.

I concur in the recommendation of the University Senate.

If the Board approves, I shall seek the advice of the Institute of Government and Public Affairs on the occasion of each such address, but final approval would rest in the office of the President of the University.

On motion of Mr. Hickman, this recommendation was disapproved. Mrs. Watkins voted "no" on this motion. Messrs. Livingston and Megran asked to be recorded as not voting.

PURCHASES

Purchase Authorized

(18) The following purchase was authorized by the President's Office on the recommendations of the Director of Purchases and the Comptroller.

I concur.

On motion of Mrs. Holt, these certificates were awarded.

**GIFT FROM CHEVROLET DIVISION OF THE
GENERAL MOTORS CORPORATION**

(21) The University has received a contribution of \$45,000 from the Chevrolet Division of the General Motors Corporation to pay the expenses of sending the University of Illinois Band to Pasadena, California, for participation in the ceremonies at the Stanford-Illinois game on January 1, 1952, and in other public functions on the West Coast. I have accepted this contribution and now report it for official public record. An official expression of appreciation on behalf of the Board of Trustees is being sent to the executives of the General Motors Corporation.

On motion of Mr. Fornof, the President's action was confirmed and the contribution was accepted.

**REPORT OF GENERAL POLICY COMMITTEE ON TAX STATUS OF
STUDENT AND STAFF APARTMENTS IN URBANA**

Mr. Johnston, for the Committee on General Policy, presented the following report.

On October 23, 1951, the President of the Board referred to the General Policy Committee a letter from Harley H. Harmon, a member of the Urbana Board of Education, dated October 15, 1951, requesting that the Board of Trustees make "payments in lieu of taxes" on the Student and Staff Apartments at Green and Goodwin, Urbana. The Committee referred this matter to the Comptroller for discussion with the Legal Counsel and the Director of the Physical Plant.

The first requisite to consideration of payment for services is that the property be exempt from taxation. The Student and Staff Apartments have been now assessed for taxes for 1951 and the Board of Review has confirmed this assessment over the University's objection, reversing its action on the same question a year ago on the first unit, title to which is held in trust by the University of Illinois Foundation. The second unit, title to which is held by the University, is assessed for the first time this year. If this ruling stands, the University will have to pay taxes on the property and can not make other payments for services. It is the opinion of the Legal Counsel that the property is tax exempt and it is highly important that this status be firmly established.

In consideration of the foregoing, the General Policy Committee recommends:

1. That the Board of Trustees direct the University Legal Counsel to take any and all steps that he considers necessary or desirable to establish and maintain the tax exempt status of the Student and Staff Apartments.

2. That University officers then continue their study to ascertain what services are rendered to the University by local taxing bodies and what would constitute proper compensation for such services, and make recommendations thereon to the President of the University.

On motion of Mr. Johnston, the report of the Committee was adopted and the recommendations were approved.

DEATH OF MR. ORVILLE M. KARRAKER

The Secretary reported that word had been received of the death on December 16, 1951, at Dixon, of Mr. Orville M. Karraker, a former member of the Board.

On motion of Mr. Nickell, the Secretary was directed to prepare a memorial resolution for adoption by the Board at its next meeting.

**MEMBERS OF GENERAL ASSEMBLY TO BE GUESTS
OF THE BOARD OF TRUSTEES**

On motion of Mrs. Watkins, the Secretary was instructed to invite State Senator Everett R. Peters, Representatives Charles W. Clabaugh, Ora D. Dillavou, and Paul Stone of the Twenty-fourth Senatorial District of Illinois to be the guests of the Board of Trustees at luncheon at its next meeting.

JANUARY MEETING

On motion of Mr. Herrick, the Board voted to hold the January meeting on Monday, January 21, 1952, at the Chicago Undergraduate Division, Chicago, Illinois, the hour to be determined by the President and Secretary of the Board.

**APPRECIATION TO THE OFFICERS OF THE
FIRST NATIONAL BANK OF CHICAGO**

On motion of Mr. Johnston, the Secretary was instructed to write to the President of the First National Bank of Chicago expressing the appreciation of the Board for the hospitality of the officers of the Bank.

LETTERS FROM LABOR ORGANIZATIONS

President Livingston announced that he had received letters from the Second Vice-President of the International Union of Operating Engineers concerning the status of a former employee at the Chicago Undergraduate Division, and from the Representative of the University of Illinois Employees Union 698, American Federation of State, County, and Municipal Employees on the subject of merit increases for the nonacademic staff. Mr. Livingston stated that these letters were being referred to the Committee on Nonacademic Personnel.

EXECUTIVE SESSION

At the request of Mr. Fornof, the Board considered the following matters of business in Executive Session.

**REPORT OF THE FINANCE COMMITTEE ON
REQUEST OF MRS. SARAH GRIMM**

Mr. Fornof, for the Finance Committee, presented the following report.

At the meeting of the Board of Trustees on September 19, 1951, Mr. Herrick reported that Mr. Marshall Miller, Attorney, Champaign, representing Mrs. Sarah Grimm, sister of the late Professor George A. Miller, had called on him to ask that the Board of Trustees make some financial provision for Mrs. Grimm from the funds it will receive under his will. This request was referred to the Finance Committee for consideration.

The Committee has had two meetings. On October 18, 1951, the Committee heard Mr. Miller who appeared with an associate to present the request personally. On December 17, 1951, the Committee met again to discuss this matter.

The Committee recommends to the Board that the request be denied.

On motion of Mr. Fornof, this report was adopted and the recommendation of the Committee was approved.

GIFT OF MR. AND MRS. HARLAN H. HORNER

The President presented the following recommendation.

Harlan H. Horner and Henrietta Calhoun Horner of Albany, New York, both alumni of the University, Class of 1901, offer the Board of Trustees of the University of Illinois and the University of Illinois Foundation a valuable and important collection of books, manuscripts, portraits, photographs, busts, and other materials pertaining to Abraham Lincoln and his times for the purpose of establishing a "Lincoln Collection" at the University of Illinois. In return they ask the University to arrange for the transfer of the collection from Albany to the University and to provide adequate quarters for the housing of this collection in the University Library in a room to be known as the "Lincoln Room." The donors plan to encourage their classmates of the University of Illinois Class of 1901 to contribute materials to this collection through the University of Illinois Foundation, and also to a permanent fund to be raised and established by the Foundation for maintaining and expanding the collection. In this way, the collection will also be a Class of 1901 memorial.

Mr. and Mrs. Horner request the Board of Trustees of the University of

Illinois and the Board of Directors of the University of Illinois Foundation to enter into an agreement with them relative to the acceptance of their offer which is presented in a formal deed of gift.

I recommend that this offer be accepted and that the Comptroller and the Secretary of the Board be authorized to execute the agreement on behalf of the University. It has already been executed by Mr. and Mrs. Horner and by officers of the Foundation.

On motion of Mr. Johnston, this offer was accepted, and authority was granted as recommended.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

January 21, 1952

The January meeting of the Board of Trustees of the University of Illinois was held at the Chicago Undergraduate Division at Navy Pier, Chicago, Illinois, on Monday, January 21, 1952, beginning at 12:30 p.m.

The following members of the Board were present: President Livingston, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, and Mrs. Watkins.

Also present were: President George D. Stoddard, Provost Coleman R. Griffith, Dean E. R. Serles of the Chicago Professional Colleges, Dean C. C. Caveny of the Chicago Undergraduate Division, Mr. Howard A. Hazleton, Business Manager of the Chicago Departments, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Information, Mr. Lloyd Morey, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary of the Board.

INSPECTION OF FACILITIES AT NAVY PIER

Prior to the meeting, several members of the Board and other University officials inspected the quarters and facilities of the Chicago Undergraduate Division at Navy Pier. At the conclusion of this inspection the Board recessed for luncheon in the Faculty Dining Room of the Chicago Undergraduate Division.

OFFICIAL GUESTS OF THE BOARD

Guests of honor at the luncheon and at the Board meeting were Senator Everett R. Peters and Representatives Charles W. Clabaugh and Ora D. Dillavou of the Twenty-fourth Senatorial District, General Assembly of Illinois. Representative Paul Stone had also been invited but was unable to attend.

President Livingston and President Stoddard expressed the appreciation of the Board of Trustees and of the University administration to these gentlemen for their distinguished services in sponsoring and securing passage of appropriation bills and other legislation essential to the development of the University of Illinois. Messrs. Peters, Clabaugh, and Dillavou responded.

At the request of President Livingston, Dean Caveny spoke about the operations and programs of the Chicago Undergraduate Division.

Following the luncheon recess the Board convened in the Office of the Dean of the Chicago Undergraduate Division.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of November 23 and December 17, 1951, press proof copies of which had been sent to all members of the Board in advance.

On motion of Mr. Johnston, the minutes were approved as printed on pages 1289 to 1334, inclusive.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

**CLAIM OF MRS. SARAH GRIMM AGAINST THE ESTATE
OF GEORGE A. MILLER**

(1) Mrs. Sarah Grimm, sister of the late Professor George A. Miller, has instituted legal proceedings seeking to have set aside his will bequeathing his estate to the University of Illinois. She had previously requested the University to make a financial settlement on her from the proceeds of the estate. The Board denied this request on December 17, 1951. At that time Mrs. Grimm had not filed suit.

Her attorney has indicated that he will consider a modest settlement out of court. Such a settlement would be defensible provided it does not exceed the probable cost of defending the suit and can be effected without affording Professor Miller's other heirs any opportunity to contest further the will in the suit.

Accordingly, I recommend that the Legal Counsel and the Comptroller be authorized, in cooperation with the Executor of Professor Miller's estate and his Counsel, to negotiate a settlement which in their judgment is feasible and defensible, all equitable interests being considered, and which will be within the indicated limit as to amount if they find it can be effected in such manner as will preclude any attempt being made by Professor Miller's other heirs to contest his will in the courts.

On motion of Mr. Fornof, the Board voted to reconsider its action

on December 17, 1951 (Minutes, page 1332), denying the previous request presented by Mrs. Grimm's attorney, and authorized the Legal Counsel and the Comptroller to negotiate a settlement as recommended.

At this point, Mr. Hickman withdrew.

APPOINTMENTS TO THE FACULTY

(2) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. LINDSAY M. BLACK, Professor of Botany, beginning September 1, 1952, at an annual salary of \$9,000 (A).

2. NATHANIEL H. EISEN, Assistant Professor of Psychology, beginning January 1, 1952, at an annual salary of \$4,800 (DY).

3. ROMEO RALPH LEGAULT, Professor of Food Technology, beginning February 15, 1952, at an annual salary of \$9,500 (AY).

4. JAMES KENNETH MCDERMOTT, Assistant Extension Editor, with rank of Assistant Professor of Agricultural Extension, beginning February 1, 1952, at an annual salary of \$6,000 (DY).

5. JULIAN H. STEWARD, Professor of Anthropology, beginning September 1, 1952, at an annual salary of \$11,000 (A).

On motion of Mrs. Watkins, these appointments were confirmed.

ACADEMIC RANKS OF ARMY, NAVY, AND AIR FORCE PERSONNEL STATIONED AT THE UNIVERSITY OF ILLINOIS

(3) All Army, Navy, and Air Force officers assigned to Reserve Officers' Training Corps duty at the University of Illinois are members of the University faculty and should have appropriate academic rank. A policy relating to this matter established by the Board of Trustees in 1919 is no longer adequate because of changing conditions.

I therefore recommend that the following academic ranks be authorized:

1. Commandants of the three services to be Professors;
2. The officers in charge of a satellite or branch R.O.T.C. unit at the Chicago Professional Colleges and the Chicago Undergraduate Division to be Associate Professors;
3. The executive officers of the three services to be Associate Professors;
4. All other officers to have academic rank related to military rank:
Lieutenant Colonel and Colonel in the Army, Air Force, and Marine Corps,
and Captain and Commander in the Navy to be Associate Professors,
First Lieutenant to Major, and Lieutenant (j.g.) to Lieutenant Commander in
the Navy to be Assistant Professors,
Warrant Officers and Second Lieutenants and Warrant Officers, Commissioned
Warrant Officers, and Ensigns in the Navy to be Instructors.
Enlisted personnel in all services to be Assistants.

On motion of Mr. Megran, these academic ranks were authorized.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(4) The Committee on Accountancy recommends that the following persons be awarded the certificate of Certified Public Accountant on the basis of having satisfactorily passed a written examination under Section 4b of the Accountancy Act of 1943, as amended in 1951, given by the Special Board of Examiners:

JOHN BEVERIDGE ROBINSON, JR.	Chicago, Illinois	Tennessee
THORNTON BEEBE THRIEGE	Chicago, Illinois	Ohio
DANIEL ZALE TROPP	Chicago, Illinois	District of Columbia

I concur.

On motion of Mr. Nickell, these certificates were awarded.

CHANGES IN ADMINISTRATION OF COLLEGE OF COMMERCE AND DEPARTMENT OF ECONOMICS

(5) Dr. Paul M. Green who was appointed Dean of the College of Commerce and Business Administration and Professor of Management by the Board of Trustees on October 23, 1951, will begin his services in these positions as of February 1, 1952.

Dr. Robert R. Hudelson, Professor of Agricultural Economics and Associate Dean of the College of Agriculture, has been serving as Acting Dean of the College of Commerce and Business Administration since January 1, 1951, his assignment to be terminated on a mutually agreeable date. He has also been serving as Acting Chairman of the Department of Economics since July 25, 1951.

He is understandably desirous of returning to his duties in the College of Agriculture on a full time basis.

Accordingly, I have (a) relieved Dean Hudelson of his assignments as Acting Dean of the College of Commerce and Business Administration and as Acting Chairman of the Department of Economics; and (b) appointed Dean Green as Acting Chairman of the Department of Economics to serve until further notice; these changes to be effective as of February 1, 1952.

Confirmation of these actions is requested.

As Dean Hudelson returns to his work in the College of Agriculture which he consented to relinquish a year ago, I wish to record my appreciation of his splendid service in these multiple capacities. He has carried on admirably the administrative duties of the College of Commerce and Business Administration. He has been eminently fair-minded in all his contacts, endowing them with the benefit of a wise and rich experience.

On motion of Mr. Johnston, these actions were confirmed, and the Secretary was requested to express to Dean Hudelson the appreciation of the Board of his fine services and devotion to the University in the administrative posts he has held during the past year.

DEPARTMENT OF PREVENTIVE MEDICINE

(6) The Dean of the College of Medicine and the Vice-President in Charge of the Chicago Professional Colleges recommend that the Department of Preventive Medicine be merged with the Department of Medicine. At present the headship of the Department of Preventive Medicine is vacant, Dr. Harry F. Dowling having been appointed Head of the Department of Medicine.

The evolution of the program in preventive medicine leads to its organization as a department in a school of public health. Should a school of public health be established, the return to a departmental status could be accomplished without difficulty.

I concur.

On motion of Mr. Fornof, this recommendation was approved.

SCHOOL OF NURSING

(7) The Board of Trustees has not formally established a school of nursing. However, its authorization is implicit in the existing agreement with the State Department of Public Welfare, recognizing the need for a school of nursing, and in financial provisions subsequently made for nursing education.

To give official status to the School of Nursing, I therefore recommend that the Board of Trustees hereby formally establish a School of Nursing as a division of the Professional Colleges of the University of Illinois in Chicago.

On motion of Mrs. Holt, this recommendation was approved.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(8) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

1. Remodeling in Vivarium for the Department of Zoology.....	\$10 000
2. Alterations necessary to convert the house at 1204 West Oregon, Urbana, into an office and classroom building for the School of Social Work..	10 000
3. Remodeling in the Natural History Building for the Department of Botany	20 000
4. Remodeling and equipment in the Natural History Building for the Department of Physiology.....	10 380
5. Remodeling in Sanitary Engineering Laboratory.....	4 100
Total	\$54 480

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Nickell, these appropriations were made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Mr. John-

ston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Hickman, Mr. Stevenson.

APPROPRIATION FOR THE PURCHASE OF LAND

(9) On April 21, 1949 (Minutes, page 310), the Board of Trustees authorized the purchase of the 320-acre McCullough Farm, adjoining University farm lands south of the campus at Urbana-Champaign. The purchase was on a contract providing for annual payments. The last installment, amounting to \$15,000, is due on March 1, 1952. Interest on the unpaid balance is charged to the income from the farm.

The Dean of the College of Agriculture and the Comptroller recommend an appropriation of \$15,000 from the General Reserve Fund for this payment.

I concur.

On motion of Mr. Johnston, this appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Hickman, Mr. Stevenson.

APPROPRIATION OF AGRICULTURAL INCOME

(10) The Dean of the College of Agriculture and the Comptroller recommend an appropriation of \$4,500 from excess receipts over estimated budgeted income of the Department of Dairy Science for the purchase of a replacement for a 1937 one and one-half ton truck, the purchase of a replacement for a three-quarter ton jeep, and for overhauling a one and one-half ton 1946 truck.

I concur.

On motion of Mr. Megran, this appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Hickman, Mr. Stevenson.

RELEASES OF PATENTABLE DISCOVERIES

(11) The University Patent Committee submits the following reports and recommendations relating to potentially patentable discoveries:

1. Assistant Professor Lloyd L. Kempe of the Department of Food Technology, who joined the University faculty in 1950, brought with him an idea for a continuous hydrostatic pressure cooker for canned foods which would permit an increase in the temperature at which liquid water can be used for heat treatment of canned foods. The hydrostatic pressure would also be used to neutralize externally the steam pressure developed inside tin cans during pressure cooking and permit a gradual reduction of the external pressure while the cans are cooled. Professor Kempe has since developed a small model which he believes demonstrates the validity of his idea.

The Department of Food Technology is not at present equipped or prepared to undertake large-scale development work such as would be required for an invention of this kind. Hence, the University Patent Committee recommends that all rights be released to Professor Kempe with the understanding that no University facilities or time will be spent on its further development.

2. Messrs. Edward F. Moore and Theodore Shapin, Jr., working in the electronic digital computer laboratory, have prepared a report concerning a magnetic drum-controlled computer which they believe might be subject to patent coverage. This computer would be faster than a relay computer but slower than an electronic computer. The advantages in this type of computer are low cost and few components, and the ability to change the list of machine orders without changing any electrical circuitry by recording new control signals on the drum.

The University Patent Committee is of the opinion that the University should not spend money for seeking patent protection on the possible invention claimed. Since this work was supported by the Office of Naval Research, the Committee recommends that the University declare its intention not to seek patent protection on the drum-controlled computer and to release all rights to the

inventors, subject first to full and complete clearance by the Office of Naval Research.

3. Mr. Peter Baram, a graduate student in bacteriology in the College of Medicine, recently isolated a soil actinomycetes capable of inhibiting, in vitro, several fungi pathogenic for man as well as certain pathogenic bacteria. He has inquired whether or not patent rights should be established by the University for this organism.

Dr. Milan Novak, Head of the Department of Bacteriology, has pointed out that the antibiotic has very little chance of becoming useful in therapy because it is such a toxic material. Hundreds of antibiotics have been discovered but most of them must be discarded because of their toxicity, and Mr. Baram's discovery appears to be in this class. Accordingly, the University Patent Committee recommends that all rights be released to Mr. Baram to develop as he may see fit.

I concur.

On motion of Mrs. Holt, these recommendations were approved.

REFINANCING MEN'S RESIDENCE HALLS BONDS

(12) The Board of Trustees has authorized the expansion of Residence Halls facilities at Urbana-Champaign and refinancing of the present bond issue on the Men's Residence Halls. A resolution, prepared by Chapman and Cutler, attorneys, Chicago, exercising the option of redeeming these bonds is presented for adoption.

Resolution Exercising Option to Redeem \$233,000 University of Illinois Men's Residence Halls Revenue Bonds of 1948.

WHEREAS this Board of Trustees of the University of Illinois has heretofore determined to borrow money and issue Revenue Bonds for the purpose of building an additional unit to the Men's Residence Halls to be located at 1233 and 1247 South Fourth Street, Champaign, Illinois, and to remodel Busey and Evans Halls, residences for women located at 1111-1115 West Nevada Street, Urbana, Illinois, and preparations are being made to borrow money and in evidence thereof to issue revenue bonds for that purpose; and

WHEREAS there are presently outstanding University of Illinois Men's Residence Halls Revenue Bonds of 1948 in the principal amount of \$233,000, dated March 1, 1948, numbered from 168 to 400, inclusive, due serially on September 1, 1952, and March 1 and September 1 of each of the years 1953 to 1959, inclusive, and on March 1, 1960, for the payment of which the revenues of the Men's Residence Halls located at 1215 South Fourth Street, Champaign, Illinois, have been pledged, and this Board of Trustees deems it necessary, advisable, and in the interests of the University that all of the outstanding University of Illinois Men's Residence Halls Revenue Bonds of 1948, maturing after March 1, 1952, be called for redemption, in accordance with their terms, and that sufficient revenue bonds be issued to refund said outstanding bonds; and

WHEREAS pursuant to the resolution adopted on the 21st day of February, 1948, by this Board of Trustees authorizing the issuance of said bonds, it is provided that said bonds may be redeemed on any interest payment date on or after March 1, 1951, up to and including September 1, 1953, at par and accrued interest and a premium of two per cent (2%) of the principal amount thereof; and

WHEREAS it is deemed advisable and in the interests of the University of Illinois that this Board of Trustees exercise its option to redeem said bonds on March 1, 1952, and to issue revenue bonds to refund the same;

Now, Therefore, Be It Resolved by the Board of Trustees of the University of Illinois, as follows:

SECTION 1. That this Board of Trustees of the University of Illinois exercise its option to redeem all of its outstanding University of Illinois Men's Residence Halls Revenue Bonds of 1948, maturing as set forth in the preambles of this resolution.

SECTION 2. That the Comptroller of the University and the Secretary of this Board be and are hereby directed to give notice of the redemption of said bonds on March 1, 1952, by publication of notice at least once not less than thirty days

prior to March 1, 1952, in the Chicago Journal of Commerce Edition of the Wall Street Journal, published and of general circulation in the city of Chicago, Illinois, and that such notice of redemption shall be substantially in the following form:

**NOTICE OF INTENTION TO REDEEM \$233,000
UNIVERSITY OF ILLINOIS MEN'S RESIDENCE
HALLS REVENUE BONDS OF 1948.**

TO THE HOLDERS OF THE OUTSTANDING
UNIVERSITY OF ILLINOIS MEN'S RESIDENCE
HALLS REVENUE BONDS OF 1948, NUMBERED
168 to 400, INCLUSIVE:

You and each of you are hereby notified that the Board of Trustees of the University of Illinois has determined to exercise its right of redemption of its outstanding University of Illinois Men's Residence Halls Revenue Bonds of 1948 in the principal amount of \$233,000, numbered and maturing as follows:

<i>Principal Amount</i>	<i>Bond Numbers</i>	<i>Maturity Dates</i>
\$22,000	168 to 189, inc.	September 1, 1952
22,000	190 to 211, "	March 1, 1953
13,000	212 to 224, "	September 1, 1953
13,000	225 to 237, "	March 1, 1954
13,000	238 to 250, "	September 1, 1954
13,000	251 to 263, "	March 1, 1955
13,000	264 to 276, "	September 1, 1955
13,000	277 to 289, "	March 1, 1956
13,000	290 to 302, "	September 1, 1956
14,000	303 to 316, "	March 1, 1957
14,000	317 to 330, "	September 1, 1957

14,000	373 to 386, "	September 1, 1959
14,000	387 to 400, "	March 1, 1960

The undersigned will deposit on or prior to March 1, 1952, the amount necessary to make payment of the redemption price provided in respect of said above described bonds called for redemption which in each case consists of the principal amount thereof, plus accrued interest and a premium of two per cent (2%) of said principal amount.

There will on or prior to March 1, 1952, be deposited with the First National Bank of Chicago, in the city of Chicago, and state of Illinois, the paying agent and Depositary for said bonds, for payment to the holders of said bonds the amount necessary to pay and redeem the same, together with all proper charges and expenses of the paying agent.

Payment will be made to the respective holders of the bonds on presentation at the First National Bank of Chicago of said bonds accompanied with interest coupons maturing on the date of redemption and all subsequent coupons.

The resolution authorizing the issuance of said outstanding bonds of said University of Illinois provides that from and after the designated redemption date interest in respect of all bonds so called for redemption shall cease.

By order of the Board of Trustees of the University of Illinois.

Dated this 21st day of January, 1952.

LLOYD MOREY
Comptroller
A. J. JANATA
Secretary

SECTION 3. That the Secretary be and is hereby authorized and directed to file a certified copy of this resolution with the First National Bank of Chicago, in the city of Chicago, Illinois, as paying agent and Depositary of the outstanding University of Illinois Men's Residence Halls Revenue Bonds of 1948, notifying

said bank of the fact that the University has exercised its option to call and redeem bonds numbered 168 to 400, inclusive, of said issue, and that funds will be deposited with said bank on or before March 1, 1952, as paying agent, for the payment and redemption of said bonds, and will also deposit with said bank as Depositary of said issue funds sufficient to pay bonds numbered 146 to 167, inclusive, of said issue which mature on March 1, 1952.

On motion of Mr. Nickell, this resolution was adopted by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Hickman, Mr. Stevenson.

SIGNING OF REVENUE BONDS

The Comptroller stated that the new University of Illinois Men's Residence Halls revenue bonds to be issued to provide funds for the construction of additional residence halls facilities and to redeem the outstanding bonds issued in 1948 will require the signatures of the President and Secretary of the Board, and of two other Trustees designated by the Board.

On motion of Mr. Nickell, Mr. Wirt Herrick and Mrs. Frances B. Watkins were designated to sign the bonds with the President and Secretary of the Board.

ACTION BY THE EXECUTIVE COMMITTEE ON BIDS FOR FINANCING OF THE MEN'S RESIDENCE HALLS ADDITIONS

(13) Bids will be received on February 14, 1952, for the issue of \$1,750,000 revenue bonds to finance in part the expansion of the Men's Residence Halls facilities on the Urbana campus. It is desirable that the successful bidder be notified on the date on which bids are received.

The Comptroller recommends that the Executive Committee of the Board of Trustees be authorized to award the issue to the qualified bidder submitting the offer which represents the lowest interest cost to the University.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

**CONTRACT FOR CONSTRUCTION AND INSTALLATION
OF AN EXHIBIT ON THE HUMAN HEART**

(16) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$62,962 to Olson Designers, Chicago, the lowest bidder, for the construction and installation of a medical exhibit on the human heart in the Museum of Science and Industry, Chicago.

The work will consist of the construction of seventeen displays in accordance with specifications prepared by the Illustration Studios of the College of Medicine.

The Chicago Heart Association has made a grant of \$75,000 to the University for this purpose.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Nickell, this contract was authorized.

**ADDITIONS TO CONTRACT FOR EQUIPMENT FOR
ANIMAL SCIENCES LABORATORY**

(17) The Director of the Physical Plant and the Comptroller recommend increases in the contract with the Metalab Equipment Corporation, Brooklyn, New York, for laboratory equipment for the Animal Sciences Laboratory as follows:

Additional laboratory equipment, redesigning of equipment, and additional installation work on fourth floor of west wing required by rearrangement of laboratory space.....	\$6 178 65
Furnishing and installation of locks on doors and drawers of laboratory equipment	3 998 05

The architects for the building and Physical Plant Department officials have checked these costs of the additional work and report they are reasonable.

Funds are available in the state appropriation for the construction of this building.

I concur and recommend that the Comptroller be authorized to execute these changes in the contract.

On motion of Mr. Fornof, these contract changes were authorized.

PURCHASE OF AUTOMOBILE

President Livingston presented the following recommendation from the Physical Plant Department:

The DeSoto Sedan, Vehicle No. 202 in the University's fleet of trucks and cars, assigned for the use of the President of the University, will be due for replacement shortly in accordance with the University's practice of replacing passenger cars. It would be advantageous to replace this vehicle somewhat ahead of schedule because major repairs and replacements of parts will be necessary in the near future.

On the basis of quotations secured on cars in the medium price field, the Physical Plant recommends the purchase of an eight-passenger Chrysler Saratoga Sedan at a net price of \$2,381.51, plus turning in the present DeSoto Sedan. This is the best deal considering the specifications of the car. The present DeSoto is a six cylinder, 116 horsepower vehicle and while it has given satisfactory service it has required a considerable amount of maintenance work and replacement of parts because an engine of this power is evidently not adequate for the load the vehicle is frequently required to carry. A Chrysler Saratoga has an eight cylinder, 180 horsepower engine. It would cost approximately \$720 more than the net price of another DeSoto of the same type as the vehicle to be replaced, but it buys an engine of 55 per cent more horsepower in addition to other improvements. The Physical Plant Department believes that the Chrysler Saratoga will provide greater safety, driving comfort, reliability, and service than any of the other cars on which bids were taken.

Funds have been budgeted in the Physical Plant Department's Truck and Car Renewal and Replacement Schedule for this purchase.

On motion of Mr. Johnston, this purchase was authorized.

REPORT OF THE COMMITTEE ON TELEVISION

Mr. Livingston, Chairman of the special Committee on Television, presented the following report:

On request of the President of the Illinois Broadcasters Association, the Board of Trustees Committee on Television met with a Committee of the IBA at 2:00 p.m., January 16, 1952, in the Electric Club of Chicago, 20 North Wacker Drive, Chicago, Illinois. The following were present:

University of Illinois representatives:

President Park Livingston and Mr. Wirt Herrick of the Trustees Committee

President George D. Stoddard

Dean Wilbur Schramm

Director R. B. Hudson

Director J. F. Wright

Mr. A. J. Janata, Secretary of the Board.

Illinois Broadcasters Association representatives:

Mr. Merrill Lindsay, Chairman, Station WSOY, Decatur

Past President, IBA

Director, National Association of Radio & Television Broadcasters

Mr. J. Ray Livesay, Station WLBH, Mattoon

President, IBA

Mr. Oliver J. Keller, Station WTAX, Springfield

Vice-President, IBA

Mr. Leslie C. Johnson, Station WHBF, Rock Island

Past Vice-President, IBA

Past Director, NARTB

Mr. Charles C. Caley, Station WMBD, Peoria

Director, IBA

Past Director, NARTB

The meeting was opened by Mr. Park Livingston, Chairman of the Board of Trustees Committee, who asked the Illinois Broadcasters Association Committee to present their views. At the request of Mr. Lindsay, Chairman of the IBA Committee, Mr. Livesay, President of the IBA, presented a prepared statement:

Statement of the ILLINOIS BROADCASTERS ASSOCIATION in regard to the reservation of channels for educational institutions and the operation of television transmitters by tax-supported or non-profit organizations.

1. The ILLINOIS BROADCASTERS ASSOCIATION is unalterably opposed to the University of Illinois, or any other tax-supported institution or non-profit organization, engaging in competitive commercial enterprises, be they television or otherwise.
2. Further, the ILLINOIS BROADCASTERS ASSOCIATION is opposed to the University of Illinois, or any other tax-supported institution, committing enormous construction and operating funds for television transmitting stations without prior hearing and approval by the State Legislature; these costs would amount to hundreds of thousands of dollars for initial construction plus hundreds of thousands of dollars annually in perpetuity, for operation.
3. The ILLINOIS BROADCASTERS ASSOCIATION believes that educational programming has an important place in television; the broadcasters of the state have declared they would welcome meritorious TV programs produced by our state educational institutions. At the same time, the IBA is opposed to the control of adult education by any organized group.
4. The ILLINOIS BROADCASTERS ASSOCIATION opposes the operation of tax-supported radio and television stations except on a basis complementary to existing commercial station programming.
5. It appears obvious from the last minute efforts of the University of Illinois and the Joint Committee for Educational Television that their efforts of the past

few years to secure reservations of channels from the Federal Communications Commission for the use of educational institutions were based on fictitious economic assumptions; it follows that the question may well be raised as to whether the television program planning has been equally unrealistic.

Recommendations of the ILLINOIS BROADCASTERS
ASSOCIATION to the University of Illinois Board of
Trustees.

1. The University of Illinois abandon all consideration of commercial television station operation.
2. The University of Illinois abandon its plans for a non-commercial television station at this time.
3. The University of Illinois establish a television training course as part of the University curriculum.
4. If a conclusion is ultimately reached that a need exists for a complementary educational television transmitting station in a geographical area contiguous to University of Illinois educational operations, that the Board of Trustees submit a complete analysis and proposal to the State Legislature, requesting construction and operating funds, so that the people of Illinois may be fully informed.
5. Finally, the ILLINOIS BROADCASTERS ASSOCIATION re-states the position taken by its membership opposing the reservation of channels for educational TV broadcasting, and suggests that the University of Illinois withdraw its support of the proposals of the Joint Committee for Educational Television to the Federal Communications Commission.

At the request of the IBA representatives, Mr. Livingston discussed the report made by the Board of Trustees Committee on Television to the Board at its meeting on November 23, 1951, and stated that the Board voted approval of the Committee's recommendation "that the University resolve to construct and to operate a television station on a non-commercial basis, and to petition the FCC to permit some commercial use of the reserved channel until such time as the area is adequately served by commercial television stations."

All members of the IBA Committee participated in a discussion of the several points in the formal statement which had been presented by Mr. Livesay.

Messrs. Livingston, Herrick, Stoddard, Schramm, and Hudson spoke for the University.

At the conclusion of the meeting, Mr. Livingston stated that the formal statement of the Illinois Broadcasters Association and a report of the discussion which took place at this meeting would be presented to the Board of Trustees of the University, and that there would undoubtedly be further conferences.

The report was discussed by Messrs. Livingston, Herrick, and Stoddard. At the conclusion of this discussion, Mr. Livingston stated that a further conference will be held with representatives of the Illinois Broadcasters Association on a mutually agreeable date, and that all members of the Board were invited to participate.

MEMORIAL TO ORVILLE M. KARRAKER

Mr. Nickell offered the following resolution:

The Board of Trustees of the University of Illinois records with profound sorrow the death on December 16, 1951, of Orville M. Karraker, a former member and one time President of this Board.

Mr. Karraker devoted much of a long and useful life to public service. He graduated from the Southern Illinois Normal University, now the Southern Illinois University, in 1899 and later served his Alma Mater for one year as a trustee. In Harrisburg, Illinois, where he spent much of his life, he served in such public offices as high school principal for two years, as a member and President of the Board of Education for fifteen years, and as Mayor of that city for one term. He was a successful banker and was President of the First National Bank of Harrisburg for many years.

Mr. Karraker served as a member of the Board of Trustees of the University of Illinois for two full terms, from 1933 to 1945, and was President of the Board from 1936 to 1938. He represented this Board on the Board of Trustees of the University Retirement System of Illinois from 1941 to 1945. For several years he also served as Secretary of the Teachers' Retirement System of Illinois.

In reciting these more conspicuous and distinguished areas of public service it should not be overlooked that during his life Mr. Karraker also gave generously of time and energy to civic and philanthropic activities too numerous to detail here.

The Board of Trustees desires to pay tribute to a former colleague who served his community and the state of Illinois faithfully and with distinction by recording this memorial in its official minutes and by sending copies to the surviving members of Mr. Karraker's family as an expression of respect and sympathy.

SECRETARY'S REPORTS

The Secretary presented for record the following lists: (1) appointments made by the President; (2) appointments made by the Director of Nonacademic Personnel; (3) graduate fellows; (4) resignations, declinations, and cancellations; (5) leaves of absence.

APPOINTMENTS MADE BY THE PRESIDENT

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

February 22, 1952

The February meeting of the Board of Trustees of the University of Illinois was held in the LaSalle Hotel, Chicago, Illinois, on Friday, February 22, 1952, beginning at 10:30 a.m.

The following members of the Board were present: President Livingston, Mr. Forno, Mr. Herrick, Mr. Hickman, Mr. Johnston, Mr. Nickell, and Mrs. Watkins.

Also present were Provost Coleman R. Griffith, Dean E. R. Serles, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Information, Mr. C. Lincoln Williston, Manager of Public Information for the Chicago Professional Colleges, Mr. Lloyd Morey, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary of the Board.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of January 21, 1952, press proof copies of which have been sent to all members of the Board in advance of this meeting.

On motion of Mr. Johnston, these minutes were approved as printed on pages 1335 to 1354, inclusive.

REPORT OF THE EXECUTIVE COMMITTEE

The Secretary presented the following report.

**Meeting of the Executive Committee of the Board of Trustees
of the University of Illinois
February 14, 1952**

On call of the Chairman, a meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the Illini Center in the LaSalle Hotel, Chicago, Illinois, on Thursday, February 14, 1952, beginning at 11:00 a.m., for the purpose of awarding the issue of the new University of Illinois \$1,750,000 Urbana-Champaign Residence Halls Bonds, Series of 1952.

Mr. Park Livingston, Chairman, and Mrs. Frances B. Watkins of the Executive Committee were present; also present were President George D. Stoddard, Mr. Lloyd Morey, Comptroller, Mr. C. W. Weldon, Treasurer, Mr. H. O. Farber, Assistant Comptroller, Mr. P. Alden Bergquist, Assistant Cashier of the Bond Department of the First National Bank of Chicago, Mr. A. J. Janata, Secretary of the Board, and several representatives of investment bankers bidding on the bond issue.

The following bids, received pursuant to public notice, were opened:

<i>Bidder</i>	<i>Interest Rates</i>	<i>Net Interest Cost</i>	<i>Effective Interest Rate</i>
John Nuveen & Co. Stranahan, Harris & Co. Dempsey & Company Merrill, Lynch, Pierce, Fenner & Beane A. C. Allyn & Company, Inc. Hornblower & Weeks Stifel, Nicolaus & Co., Inc. R. J. Edwards, Inc.	3% and 3¼%	\$979 177 50	3.08305%
Blyth & Co., Inc. The Milwaukee Co. Harris, Hall & Co., Inc. F. S. Yantis & Co., Inc. First of Michigan Corp. F. S. Moseley & Co. Farwell, Chapman & Co. Paul H. Davis & Co. Burns, Corbett & Pickard, Inc. McDonald-Moore & Co.	3%, 3¼%, and 4%	\$1 019 823 75	3.211%
White, Weld & Co. B. J. VanIngen & Co. Paine, Webber, Jackson & Curtis Central Republic Company, Inc. The Illinois Company Blunt, Ellis & Simmons Bacon, Whipple & Co. Mullaney Wells & Co.	3%, 3¼%, and 3½%	\$1 039 850 00	3.33%

Comptroller Morey stated that the bid of John Nuveen and Company, representing a syndicate of bidders, meets all of the conditions of the bidding and represents the lowest interest cost to the University.

On motion of Mrs. Watkins, the Executive Committee voted to award the bond issue to John Nuveen and Company and Associates, including also: Stranahan, Harris, and Company; Dempsey and Company; Merrill, Lynch, Pierce, Fenner, and Beane; A. C. Allyn and Company, Inc.; Hornblower and Weeks; Stifel, Nicolaus, and Co., Inc.; and R. J. Edwards, Inc.

John Nuveen and Company later designated the American National Bank

and Trust Company of Chicago, 33 North LaSalle Street, Chicago, Illinois, as its paying agent.

The Executive Committee adjourned.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University presented in his absence by the Provost.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded to the following candidates who have qualified under Section 4b of the Accountancy Act of 1943, as amended, by passing a written examination given on December 6, 1951, by the Special Board of Examiners provided for in this Act.

HYMAN COHEN (Chicago)

MARVIN EDWARD KOHLHASE
(Rock Island)

The following candidates have also qualified under this Section by passing examinations given by the Special Board of Examiners at various times prior to December 6, 1951. The certificates of these candidates were invalidated by the Circuit Court of Cook County in 1951 holding Section 4b of the Accountancy Act as originally passed unconstitutional. Subsequently, the Section was amended and is now free from constitutional objection. These candidates have again qualified but new certificates will have to be issued.

ALBERT EDWARD BLUMBERG (Chicago)

JOHN NEPOM HORWATH (Chicago)

ASA BOOKER BUTLER (Chicago)

LOYD C. LARSON (Chicago)

BURTON THOMAS COOKE (LaSalle)

MONROE L. MENDELSON (Chicago)

FRED ELLIOTT (Chicago)

WARREN S. PALMER (Chicago)

LYNN WILLIAM FRAYN (Chicago)

JOSEPH ELMORE PEHLMAN

WILLIAM WHITING GRIDLEY

(Springfield)

(Wilmette)

MAURICE CHARLES RIFKIN (Chicago)

HARRY HIESER (Colorado Springs,
Colorado)

The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
HUGH MORGAN CAMPBELL	Kenilworth	New York
JOHN B. ENGELBREIT	Kalamazoo, Michigan	Michigan
LYNN GEORGE SAHLIN	Milwaukee, Wisconsin	Wisconsin
JOSEPH ERNEST VINCK	Palos Heights	New York
GORDON LYNN WRIGHT, JR.	Mattoon	Oklahoma

I concur.

On motion of Mr. Nickell, these certificates were awarded.

MEDICAL SOCIAL WORK IN THE COLLEGE OF MEDICINE

The President of the University presented recommendations for the establishment of a Department of Medical Social Work in the College of Medicine and the appointment of Mary Louise Hemmy as Associate Professor of Medical Social Work and Head of the Department.

On motion of Mr. Johnston, action on these two recommendations was deferred.

**TRAINING OF MEDICAL SOCIAL WORKERS FOR DIVISION
OF SERVICES FOR CRIPPLED CHILDREN**

(2) The Division of Services for Crippled Children is in need of medical social workers specially trained for working with crippled children. To provide for the training of such personnel, the Division in 1947 entered into an agreement with the School of Social Service Administration of the University of Chicago for a medical social training program whereby planned experience and classroom instruction could be secured by both medical social and other social work students and practicing medical social workers. Federal funds from the Children's Bureau are available to pay for this training.

Heretofore, this plan has covered only the basic training program at the undergraduate level. The Director of the Division has requested extension of this plan to provide for training at the graduate level. Accordingly, I have approved a supplemental agreement with the University of Chicago School of Social Service Administration whereby scholarships will be provided for one or more students in the amount of \$800 per quarter for a three-quarter academic year for graduate training in this specialty of medical social service. The cost will be paid from federal funds provided by the Children's Bureau and available for this purpose.

I request confirmation of this action.

On motion of Mr. Johnston, the President's action was confirmed.

HEADSHIP OF DEPARTMENT OF FRENCH

(3) Professor Joseph F. Jackson has asked to be relieved of his administrative duties as Head of the Department of French in order to devote all of his time to teaching and scholarship. Accordingly I recommend that Professor Jackson be relieved of the headship of the Department effective March 1, 1952, without change in salary, and that Professor Joseph R. Smiley be appointed Head of the Department of French on indefinite tenure, effective March 1, 1952, at a salary of \$8,740 a year (on "A" basis).

On motion of Mrs. Watkins, these recommendations were approved.

**APPOINTMENT OF LEE PAUL EILBRACHT AS ACTING
BASEBALL COACH**

(4) On recommendation of the Director of Athletics and the Board of Directors of the Athletic Association, I have approved the appointment of Mr. Lee P. Eilbracht as Acting Baseball Coach for the 1952 baseball season, February 1 to June 1, 1952, at a salary of \$3,000. This temporary appointment does not include any teaching duties.

On motion of Mr. Hickman, the action of the President of the University and of the Board of Directors of the Athletic Association in approving this appointment was confirmed.

APPROPRIATION FOR GRADUATE FELLOWSHIPS FOR 1952-1953

(5) It is necessary that the funds the University has available for graduate fellowships for 1952-1953 be committed at this time so that fellowship awards can be made and announced by April 1, 1952. Accordingly, on request of the Dean of the Graduate College, I recommend that:

(a) An appropriation of \$150,000 be made for the academic year 1952-1953.

(b) The stipend for first-year fellows be increased from \$700 to \$800 and for second-year fellows from \$850 to \$900. Third-year fellows receive \$1,000 and no change in this stipend is proposed.

(c) Appointment to a fellowship includes exemption from the payment of tuition fees for the academic year of the fellowship and the summer session immediately following.

On motion of Mr. Johnston, these recommendations were approved and the appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mrs. Holt, Mr. Megran, Mr. Stevenson.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(6) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

1. Remodeling in Mechanical Engineering Laboratory.....	\$12 000
2. Fire protection for Betatron and Cyclotron.....	2 300
3. Remodeling in Huff Gymnasium.....	5 100
4. Equipment for Department of Anatomy and remodeling in Research and Educational Hospitals, Chicago Professional Colleges.....	12 021
5. Bookkeeping machine for Business Office, Chicago Professional Colleges.....	3 717
<i>Total</i>	<u>\$35 138</u>

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Nickell, these appropriations were made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mrs. Holt, Mr. Megran, Mr. Stevenson.

CONTRACT FOR ADDITION TO MACHINE SHED ON WRIGHT FARM

(7) The Dean of the College of Agriculture and the Comptroller recommend the award of a contract for \$2,897.08 to the Alexander Lumber Company, Shabbona, Illinois, the lowest bidder, for an addition to the machine shed on Wright Farm No. 4 in DeKalb County to provide needed space for storage of machinery and a garage for the tenant.

Funds are available for this contract in accumulated income from the farm operation.

I concur.

On motion of Mr. Herrick, this contract was authorized.

CERAMIC ENGINEERING SCHOLARSHIP TRUST FUND

(8) On October 29, 1943, the Board of Trustees authorized the establishment of a Ceramic Scholarship Trust Fund to encourage worthy high school graduates to major in ceramic engineering, thus helping to meet the great demand of industry for personnel trained in this field. Sources of funds are grants from industry, from industrial and professional organizations, and from funds given to the University for cooperative research projects.

To date approximately forty donors have contributed \$15,330.05 to this fund. Investment of it has yielded \$833.17 in interest. Scholarships, awards, and other expenses total \$881.86. As of November 30, 1951, there was a balance of \$15,281.36. The Head of the Department of Ceramic Engineering and the Dean of the College of Engineering recommend that the regulations adopted by the Board on October 29, 1943, be revised as follows:

(a) Increase the period of the scholarship from two to four years, but not beyond receipt of the bachelor's degree.

(b) Extend eligibility to any candidates, including students already enrolled in the University, who have not previously been enrolled in the curriculum in ceramic engineering. Scholarships are now limited to candidates who have not previously been enrolled in the University.

I concur in these changes.

On motion of Mr. Hickman, these changes were approved.

PURCHASES

(9) The Director of Purchases has proposed and the Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

I concur.

QUARTERLY REPORT OF THE COMPTROLLER

(11) The Comptroller presents his quarterly report to the Board as of December 31, 1951.

This report was received for record and a copy has been filed with the Secretary.

**REPORT ON PROFESSIONAL SERVICES FOR
WATER RATES LITIGATION**

(12) On July 25, 1951, the Board of Trustees authorized the employment, jointly with the cities of Urbana and Champaign, of an accounting firm and legal counsel to represent the three interests in hearings before the Illinois Commerce Commission on a request for increased water rates by the Northern Illinois Water Corporation. The accounting firm of George Rossetter and Company, Chicago,

¹ Deduct.

and the law firm of Milliken, Vollers, and Parsons, Chicago, were employed. It was estimated that the total accounting and legal fees would be approximately \$5,000. The University agreed to pay 30 per cent; the city of Champaign, 40 per cent; and the city of Urbana, 30 per cent of the total cost.

The amount of work required in these hearings has exceeded expectations and the revised estimate of cost is \$10,000. The cities of Champaign and Urbana will pay their proportionate shares of additional cost. The University's share is now estimated at \$3,000.

I recommend authorization of payment of the additional costs incurred. Funds are available in the Physical Plant operating budget.

On motion of Mrs. Watkins, this payment was authorized.

PAYMENTS TO MEDICAL CENTER STEAM COMPANY

(13) In the organization of the Medical Center Steam Company, expenses of \$21,742.53 were incurred in the issuance and delivery of the bonds to finance construction of the plant, \$6,850 for legal services (financing, group organization matters, and land acquisition), and \$519.40 in the issuance of class A stock. These costs, totaling \$29,111.93, have been checked by the Business Office and found reasonable. They can be capitalized and amortized through annual charges to the University. This would require additional record keeping and approval by the Illinois Commerce Commission.

Funds totaling \$69,724.48 have accumulated from the sale of land by the University to the Medical Center Steam Company, and may be applied to pay directly the charges described above. The balance may be paid as an "aid to construction," thus reducing the amount the Medical Center Steam Company must borrow for the construction of the steam plant and hence reducing the interest cost to the University.

The Comptroller recommends the latter procedure and the appropriation of \$69,724.48 from the proceeds of the sale of land to the Medical Center Steam Company to be applied: (a) for costs of organizing the Medical Center Steam Company, issuance of bonds and legal services, \$29,111.93; (b) as an aid to construction to reduce the amount the Company must borrow to pay for the steam plant, \$40,612.55.

I concur.

On motion of Mr. Herrick, this recommendation was approved and the appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mrs. Holt, Mr. Megran, Mr. Stevenson.

BUSINESS RELATING TO RESIDENCE HALLS BOND ISSUE

The Board considered the following matters of business presented by the Executive Committee and by the Chairman of the Finance Committee relating to the new issue of Urbana-Champaign Residence Halls Bonds.

SALE OF RESIDENCE HALLS BOND ISSUE

Bids were received, pursuant to public notice, for the issue of \$1,750,000 University of Illinois Urbana-Champaign Residence Halls Revenue Bonds, Series of 1952, and were opened at a meeting of the Executive Committee of the Board of Trustees held in the Illini Center of the LaSalle Hotel, Chicago, Illinois, on February 14, 1952.

The Executive Committee awarded the bond issue to John Nuveen and Company and Associates, including also: Stranahan, Harris, and Co.; Dempsey and Company; Merrill, Lynch, Pierce, Fenner, and Beane; A. C. Allyn and Company, Inc.; Hornblower and Weeks; Stifel, Nicolaus, and Co., Inc.; and R. J. Edwards, Inc., whose bid meets all conditions of the bidding and represents the lowest interest cost to the University.

The Executive Committee, therefore, recommends that the bonds be sold to John Nuveen and Company and Associates at par plus a premium of \$35 and interest rates of 3 per cent and $3\frac{1}{4}$ per cent, a net interest cost of \$979,177.50, representing an effective interest rate of 3.08305 per cent.

On motion of Mr. Fornof, the sale of these bonds, as recommended, was approved by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mrs. Holt, Mr. Megran, Mr. Stevenson.

RESOLUTION AUTHORIZING BOND ISSUE

Mr. Fornof presented a resolution authorizing the issue of revenue bonds of the University of Illinois in the principal amount of \$1,750,000 for the purpose of providing funds necessary to construct, complete, and equip certain revenue producing buildings for said University in the cities of Urbana and Champaign, Illinois, and to refund the outstanding "Men's Residence Halls Revenue Bonds of 1948" of said University in the principal amount of \$233,000 fixing the date, maturities, form, and other details of said bonds, and making covenants and provisions for the payment of said bonds and the interest thereon.

On motion of Mr. Fornof, this resolution was adopted by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mrs. Holt, Mr. Megran, Mr. Stevenson.

Resolution Authorizing the Issuance of \$1,750,000 Urbana-Champaign Residence Halls Revenue Bonds of 1952

RESOLUTION authorizing the issue of revenue bonds of the University of Illinois in the principal amount of \$1,750,000 for the purpose of providing funds necessary to construct, complete and equip certain revenue producing buildings for said University in the Cities of Urbana and Champaign, Illinois, and to refund the outstanding "Men's Residence Halls Revenue Bonds of 1948" of said University in the principal amount of \$233,000, fixing the date, maturities, form and other details of said bonds, and making covenants and provisions for the payment of said bonds and the interest thereon.

* * * *

WHEREAS the Board of Trustees of the University of Illinois on due consideration and investigation does now find and determine that it is advisable, necessary and in the interests of the University of Illinois that certain revenue producing facilities be provided for said University located in the Cities of Urbana and Champaign, Illinois, as follows:

1. The construction of additional Unit No. 1 to the Men's Residence Halls of said University located at Fourth and Gregory Drive, Champaign, Illinois, to consist of a dormitory type housing for 288 students, including lounge and recreational facilities for the residents of said Unit.
2. The construction of additional Unit No. 2 to the Men's Residence Halls located at Fourth and Gregory Drive, Champaign, Illinois, to accommodate 106 students, lounge facilities, recreational space, and food service units for 1100 students.
3. The remodeling and rehabilitation, including equipment of the existing unit of the Men's Residence Halls located at Fourth and Gregory Drive, Champaign, Illinois, to provide housing for 97 students.
4. The rehabilitation and modernization, including equipment, of the women's residences known as Busey Hall and Evans Hall located at 1111-1115 West Nevada Street, Urbana, Illinois.

and

WHEREAS this Board of Trustees of the University of Illinois has here-

tofore caused to be prepared plans and specifications for the construction, completion and equipping of said above described buildings, and plans have been approved by this Board of Trustees and are now on file in the office of the Physical Plant Department of said University at the Administration Building in the City of Urbana, Illinois; and

WHEREAS the Board of Trustees of the University of Illinois does further find and estimate that the cost of the construction, completion, equipping, rehabilitation and modernization of said buildings, hereinabove described, in accordance with bids heretofore received for that purpose, will be as follows:

1. Construction of additional Unit No. 1 to Men's Residence Halls.....	\$ 609,900
2. Construction of additional Unit No. 2 to Men's Residence Halls.....	1,144,100
3. Modernization of Busey and Evans Women's Residence Halls	25,000
4. Remodeling of existing Men's Residence Halls.....	30,000
Total	\$1,809,000
Less available University appropriations.....	292,000
Amount necessary to be borrowed for construction purposes.....	\$1,517,000

and

WHEREAS in addition to the foregoing it has heretofore been determined by this Board of Trustees of the University of Illinois that the outstanding "Men's Residence Halls Revenue Bonds of 1948" of the University of Illinois, dated March 1, 1948, numbered from 168 to 400, inclusive, due serially in each of the years 1952 to 1960, inclusive, now outstanding, and maturing after March 1, 1952, for which the revenues of the existing Men's Residence Halls located at Fourth and Gregory, in the City of Champaign, Illinois, have been pledged for their payment be refunded in order that the income from all of the said revenue producing facilities hereinabove referred to, including existing Men's Residence Halls, may be pledged for the payment of the bonds authorized by this resolution, and to that end this Board of Trustees has heretofore exercised its option in accordance with the terms of the resolution adopted on the 21st day of February, 1948, under which the outstanding Men's Residence Halls Revenue Bonds of 1948 were issued to call and redeem said outstanding bonds in the principal amount of \$233,000, and it will be necessary that this Board of Trustees borrow sufficient funds in addition to the funds necessary to pay the cost of the projects hereinabove described to pay said bonds on the redemption date of March 1, 1952; and

WHEREAS in order to produce the funds necessary to construct, complete and equip the revenue producing buildings of said University, hereinabove referred to, and refund the said outstanding Men's Residence Halls Revenue Bonds of 1948, it will be necessary that there be borrowed the sum of \$1,750,000 and in evidence thereof the revenue bonds of said University be issued; and

WHEREAS pursuant to "An Act to authorize the Board of Trustees of the University of Illinois to acquire by purchase or otherwise, construct, equip, complete, operate, control and manage student residence halls, staff housing facilities, dormitories, health and physical education buildings, or other revenue producing building or buildings, defining the duties of such Board with respect to operation and maintenance thereof, charge fees or rates for the use thereof, and providing for and authorizing the issue of bonds for the purpose of defraying the cost of construction, acquisition or equipment of any such building or buildings, payable solely from the revenues derived from the operation thereof, and for the refunding of any such bonds," approved June 30, 1945, L. 1945, p. 1753; title as amended by Act approved July 21, 1947, this Board of Trustees is authorized to issue revenue bonds for the purposes aforesaid, payable solely from the revenues to be derived from the operation of said buildings;

NOW, THEREFORE, Be It and It Is Hereby Resolved by the Board of Trustees of the University of Illinois, as follows:

SECTION 1. That it be and it is hereby determined by The Board of Trustees of the University of Illinois that it is necessary and for the best interests of the

University of Illinois that it borrow the sum of \$1,750,000 to construct, rehabilitate, complete and fully equip the revenue producing buildings, and to refund the outstanding "Men's Residence Halls Revenue Bonds of 1948" of said University in the principal amount of \$233,000, all as described in the preambles hereof, located in the Cities of Urbana and Champaign, Illinois, and in evidence thereof issue its revenue bonds in the principal amount of \$1,750,000.

provided, however, that said bonds shall be redeemable as a whole or in part, prior to their maturity, in the inverse order in which they mature, on any interest payment date at the option of The University of Illinois on or after March 1, 1957, and up to and including September 1, 1960, at par and accrued interest, and a premium of four per cent (4%) of the principal amount thereof; at par and accrued interest, and a premium of three per cent (3%) of the principal amount thereof if redeemed on March 1, 1961, or on any interest payment date thereafter up to and including September 1, 1964; at par and accrued interest, and a premium of two per cent (2%) of the principal amount thereof if redeemed on March 1, 1965, or on any interest payment date thereafter up to and including September 1, 1968; at par and accrued interest, and a premium of one per cent (1%) of the principal amount thereof if redeemed on March 1, 1969, or any interest payment date thereafter up to and including September 1, 1972; at par and accrued interest if redeemed on March 1, 1973, or on any interest payment date thereafter prior to maturity. If funds are available to call and redeem some but

not all of the said bonds of any maturity, the bonds to be called for redemption shall be selected by lot in any commonly followed manner.

Notice of redemption of any or all of said bonds shall be given by publication at least once not less than thirty days prior to the date of redemption, such publication to be made once in one newspaper published and of general circulation in the City of Chicago, and such notice of redemption shall with substantial accuracy (a) designate the date and place of redemption, such place to be at the American National Bank and Trust Company of Chicago, in the City of Chicago, Illinois, and (b) designate the numbers and the aggregate principal amount of said bonds, and (c) state that on the designated date of redemption said bonds will be redeemed by payment of principal thereof and accrued interest thereon to date of redemption, plus the applicable redemption premium, and that from and after the designated redemption date interest in respect of all bonds so called for redemption shall cease.

That such bonds and coupons shall be payable to bearer; provided, however, that such bonds may be subject to registration as to principal at any time prior to maturity in the name of the holder thereof on the books of registration of said University to be kept in the office of the Comptroller of said University, such registration to be noted on the reverse side of the bonds by the said Comptroller and thereafter the principal of such bonds shall be payable only to the registered holder, his legal representative or assign. Such registered bonds shall be transferred to another registered holder or back to bearer only upon presentation to the Comptroller with a legal assignment duly acknowledged or approved. Registration of any such bonds shall not affect the negotiability of the coupons thereto attached, but such coupons shall be transferable by delivery merely.

SECTION 3. Both principal of and interest on such revenue bonds shall be payable in lawful money of the United States of America at the American National Bank and Trust Company of Chicago, in the City of Chicago, Illinois.

SECTION 4. That said bonds shall be executed for and on behalf of said University by the President of said Board of Trustees and Frances B. Watkins and Wirt Herrick, who are members of the Board of Trustees, and attested by the Secretary thereof, under the seal of said University, and the interest coupons attached to said bonds shall be executed by the facsimile signatures of said President and Secretary, who by the execution of said bonds shall adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons, and said bonds and coupons shall be in substantially the following form:

(Form of Bond)

UNITED STATES OF AMERICA
STATE OF ILLINOIS

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN
RESIDENCE HALLS REVENUE BOND, SERIES OF 1952

NUMBER

\$1,000.

THE UNIVERSITY OF ILLINOIS, a body corporate, created and established under the laws of the State of Illinois, for value received promises to pay to bearer, but only out of the Residence Halls Revenue Bond Fund of 1952, as hereinafter provided for, and not otherwise, the sum of ONE THOUSAND DOLLARS (\$1,000) on March 1, 19....., and to pay interest on said sum from the date hereof at the rate of per cent (.....%) per annum, payable September 1, 1952, and semi-annually thereafter on the first days of March and September in each year until the principal hereof shall be paid. Interest accruing on this bond on and prior to the maturity date hereof shall be payable upon presentation and surrender of the interest coupons hereto attached as they subsequently become due, but no interest shall accrue on this bond after the maturity hereof unless this bond be presented for payment at maturity and be not then paid.

Both principal hereof and interest hereon are hereby made payable in lawful money of the United States of America at the American National Bank and Trust Company of Chicago, in the City of Chicago, Illinois.

This bond is one of an authorized issue of One Million Seven Hundred Fifty Thousand Dollars (\$1,750,000), all of like date and of the denomination of \$1,000 each, numbered from 1 through 1750, and all of said bonds are subject to redemption, prior to maturity, as a whole or in part in the inverse order in which they mature on any interest payment date on or after March 1, 1957, and up to and including September 1, 1960, at par and accrued interest, and a premium of four per cent (4%) of the principal amount thereof; at par and accrued interest, and a premium of three per cent (3%) of the principal amount thereof if redeemed on March 1, 1961, or on any interest payment date thereafter up to and including September 1, 1964; at par and accrued interest, and a premium of two per cent (2%) of the principal amount thereof if redeemed on March 1, 1965, or on any interest payment date thereafter up to and including September 1, 1968; at par and accrued interest, and a premium of one per cent (1%) of the principal amount thereof if redeemed on March 1, 1969, or any interest payment date thereafter up to and including September 1, 1972; at par and accrued interest if redeemed on March 1, 1973, or on any interest payment date thereafter prior to maturity. If funds are available to call and redeem some but not all of the said bonds of any maturity, the bonds to be called for redemption shall be selected by lot in any commonly followed manner.

Notice of redemption of any or all of said bonds shall be published once not less than thirty days prior to the date of redemption, such publication to be made in one newspaper published and of general circulation in the City of Chicago, and when this bond or any of the bonds of such authorized issue shall have been called for redemption interest thereon shall cease from and after the specified redemption date.

This bond and the series of which it forms a part is issued under authority of an Act of the General Assembly of the State of Illinois, entitled "An Act to authorize the Board of Trustees of the University of Illinois to acquire by purchase or otherwise, construct, equip, complete, operate, control and manage student residence halls, staff housing facilities, dormitories, health and physical education buildings, or other revenue producing building or buildings, defining the duties of such Board with respect to operation and maintenance thereof, charge fees or rates for the use thereof, and providing for and authorizing the issue of bonds for the purpose of defraying the cost of construction, acquisition or equipment of any such building or buildings payable solely from the revenues derived from the operation thereof, and for the refunding of any such bonds," Approved June 30, 1945, L. 1945, p. 1753; title as amended by Act approved July 21, 1947, and all other laws supplementary thereto, and a resolution duly adopted by the Board of Trustees of the University of Illinois for the purpose of defraying the cost of constructing, completing and equipping certain revenue producing buildings of said University in the Cities of Urbana and Champaign, Illinois, consisting of the completion of the now existing Men's Residence Halls and the construction of two additional units to the Men's Residence Halls, all located at Fourth and Gregory Drive in the City of Champaign, Illinois, the remodeling and equipping of the women's residences known as Busey Hall and Evans Hall, located at 1111-1115 West Nevada Street, Urbana, Illinois, and the refunding of the outstanding "Men's Residence Halls Revenue Bonds, Series of 1948," in the principal amount of \$233,000.

This bond is payable solely, both as to principal and interest from the revenues derived from the operation of said revenue producing buildings constructed, completed and equipped with the proceeds of this bond issue, and this bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, the Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power or the general credit of said University, of said Board of Trustees, or of the State of Illinois is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Comptroller of said University, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be trans-

ferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer hereof.

This bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, howsoever such possession may have been acquired, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons, as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and the said University and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered and the bearer of any interest coupons appertaining hereto as the absolute owner thereof for all purposes.

Said University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the resolution adopted by the Board of Trustees of said University of Illinois, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said buildings, as provided for in and by said resolution, and to establish from time to time rents, charges and fees for the use of said buildings and to maintain and collect rents, charges and fees sufficient to pay the reasonable cost of operating, maintaining, insuring and repairing of said buildings, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions and things required to exist, to happen and to be performed, precedent to and in the issuance of this bond, have existed, have happened and have been performed in due form, time and manner, as required by law, and the applicable resolutions of the Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said buildings to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois, has caused this bond to be signed by the President of The Board of Trustees and two members thereof, its corporate seal to be hereto affixed, and attested by the Secretary of said Board, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, which said officials by the execution of this bond do adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons, and this bond to be dated as of the first day of March, 1952.

SECTION 5. That upon the issuance of the said revenue bonds herein provided for, there be and there is hereby established a fiscal year for the operation of said buildings, and such fiscal year shall commence the first day of July of each year and end the last day of the next succeeding June, and all of the revenues derived from the operation of said buildings shall be set aside as collected in a separate account and fund, apart from all other funds of said University, which is hereby created and designated as "Residence Halls Revenue Bond Fund of 1952," and the University covenants that all revenues, income, receipts, profits, rates, rents, charges, fees and returns derived from the operation of said buildings shall be deposited in such fund and shall be used only in paying the reasonable cost of operating and maintaining said buildings, including, without thereby limiting the generality of the foregoing, salaries, wages, costs of materials, supplies, insurance and the reasonable repair necessary to properly maintain said buildings, for the creation and maintenance of a reserve fund, as hereinafter provided, and paying the principal and interest of the revenue bonds herein provided for, which by their terms are payable solely from the revenues derived from the operation of said buildings. The word "repair" as used in this section shall be construed to refer only to such repairs as are necessary to keep the buildings in proper condition for use and occupancy, or are so certified to be necessary to remedy some physical condition which would otherwise impair or endanger the use and occupancy thereof and the security of the bonds hereby authorized, and all other bonds that may hereafter be authorized, which by their terms are payable from the revenues derived from the operation of said buildings.

SECTION 6. That there be and that there are hereby created and established separate special accounts to be designated severally "Operation and Maintenance Account," "Bond and Interest Sinking Fund Account," and "Reserve Account," into which there shall be credited on the first business day of each month all moneys held in the said Residence Halls Revenue Bond Fund of 1952, in accordance with the following provisions:

(a) There shall be credited to the Operation and Maintenance Account on the first day of each month an amount sufficient to pay the reasonable expense

of operation and maintenance and repair of said buildings for the next succeeding month, including, without limiting the generality of the foregoing, salaries, wages, cost of materials, supplies, insurance, light, heat and power.

(b) There shall be credited to the Bond and Interest Sinking Fund Account on the first day of each month an amount equal to one-sixth of the interest becoming due on all outstanding bonds payable from the revenue of said buildings on the next succeeding interest payment date, and, beginning September 1, 1953, an amount equal to one-sixth of the principal of all of said bonds becoming due on the next succeeding principal maturity date.

(c) There shall be credited to the Reserve Account on June 30, 1954, and annually thereafter the sum of \$10,000, until said account aggregates the sum of \$100,000, and thereafter no sums need be credited to said Reserve Account except that whenever any funds in said account are expended, funds shall be again credited to said account at the rate of \$10,000 annually and continued until such time as the account has been restored to the aggregate amount of \$100,000. Funds credited to said account shall be used solely for the purpose of paying principal and interest on the revenue bonds of said University issued pursuant to the provisions of this resolution falling due at any time for the payment of which there is insufficient money available in the Bond and Interest Sinking Fund Account. Funds of this account may be invested from time to time in United States Government securities. All accumulations in the Reserve Account in excess of the sum of \$100,000 shall be transferred to the Residence Halls Revenue Bond Fund of 1952.

(d) All funds remaining in the Residence Halls Revenue Bond Fund of 1952, after all amounts required to be credited to the accounts provided for in subsections (a) to (c) inclusive, of this section, and all deficiencies have been made up, shall be used for the purpose of calling and redeeming the revenue bonds of this issue, which by their terms are redeemable prior to maturity. Funds of this Account may be temporarily invested from time to time in United States Government securities.

SECTION 7. That it is hereby covenanted and agreed that the revenues to be derived from the operation of said buildings are to be paid into the various special accounts hereinabove established and created in the order in which said accounts have been listed. If at any time the revenues are insufficient to place the required amounts in any of said accounts, the deficiency shall be made up in the following period or periods, after credits to all the accounts enjoying a prior claim of revenues have been made in full.

SECTION 8. That the Board of Trustees of the University of Illinois hereby covenants as follows:

1. That as long as the bonds herein authorized to be issued shall remain outstanding it will continuously operate and maintain said buildings constructed, equipped, completed and rehabilitated with the proceeds derived from the issue of said bonds; that it will adopt such regulations and fix and maintain such rates, rents, fees and charges for the use of said buildings as will provide revenue sufficient to pay the reasonable cost of operating and maintaining said buildings, to provide and maintain the aforesaid bond and interest sinking fund account in an amount adequate to promptly pay the principal of and interest on said bonds as the same matures, and to provide for the aforesaid Reserve Account, and that it will collect and account for and apply the aforesaid income and revenues in accordance with and as provided by this resolution.

2. That it will not voluntarily create or cause to be created any debt or lien, charge or encumbrance on any of the revenues to be derived from the operation of such buildings having a priority to or parity with the pledge of the bonds issued under this resolution, and that it will not sell, mortgage, lease, or otherwise dispose of or encumber said buildings or any part thereof during the time when the bonds issued hereunder shall remain outstanding and unpaid.

3. That as long as any of the bonds issued hereunder remain outstanding and unpaid, either as to principal or interest or both, it will at all times exercise all of its lawful powers to preserve and protect the security of the bonds and the rights of the bondholders under this resolution.

4. That it shall cause to be kept proper books of records and accounts separate and apart from all other records and accounts in which complete and

correct entries shall be made of all transactions relating to the cost of constructing and equipping the aforesaid buildings, the expenditures for maintaining, operating and repairing the said buildings, and all revenues collected therefrom, which said record shall be kept and shall be available for the information of all bondholders; and that there shall be furnished to the original purchaser of said bonds and to any holder of any of said bonds, on the written request therefor, not more than sixty days after the close of each fiscal year, complete operating and income statements of said buildings, in reasonable detail, for said preceding fiscal year.

5. That it will faithfully and punctually perform or cause to be performed all of the duties and obligations with reference to the said buildings as are required by the provisions of this resolution and the statutes under which the said bonds are issued, including the completion of the aforesaid buildings and the operation and maintenance of said buildings, as herein provided, the making and collecting of sufficient rates, fees and charges for the use thereof, the segregation of the income and revenues therefrom to the respective accounts created under the provisions of this resolution, and the proper application of said funds.

6. That as long as any of said bonds authorized to be issued hereunder shall remain outstanding and unpaid, either as to principal or interest, or both, it will maintain insurance on said buildings, including all equipment thereof, against loss or damage by fire and windstorm and all other insurable risks in an amount not less than the full insurable value of said properties or the principal amount of outstanding bonds, plus accrued interest and applicable premium to the next succeeding redemption date, whichever is less. Such insurance policy or policies shall be payable to the Board of Trustees of the University of Illinois, and all moneys collected on account of loss or damage covered by any such policy or policies of insurance shall be held in trust and shall be used only for restoration of the property so damaged. In the event said funds are insufficient to restore said properties to their former condition, then said funds shall be paid into the Bond and Interest Sinking Fund Account and held for the benefit of the bondholders as their interest may appear.

SECTION 9. That the bonds authorized to be issued hereunder and from time to time outstanding shall not be entitled to priority one over the other in the application of the income and revenues derived from the collection of rents, rates, fees and charges for the use of the aforesaid buildings, or with respect to the pledge of the revenue to be derived from the operation of said buildings.

SECTION 10. That it is hereby further covenanted and agreed that after the issue and delivery of the bonds herein authorized and provided for to the purchaser thereof, additional bonds to share ratably and equally with the bonds hereby authorized shall only be issued in the event that funds are necessary to pay the cost of completing the project herein provided for in accordance with the plans and specifications now on file in the office of the Physical Plant Department, Administration Building, Urbana, Illinois; and in the event additional funds are necessary to pay the cost of completing the project herein provided for, said bonds shall not be issued until such time as the architects employed by the University for the construction of said buildings have submitted a certificate to the Board of Trustees of the University setting forth an itemized statement of the work completed to date, the cost thereof, and an itemized statement of the work yet to be completed, and the estimated cost of the work to be completed, and such certificate and estimate shall be presented to and approved by the Board of Trustees preceding the adoption of any resolution authorizing the issuance of additional bonds to share ratably and equally in the revenues of said buildings. Any additional bonds issued for the purpose of completing the project herein provided for, in accordance with this section, shall be payable serially with principal and interest amortized over a period not shorter than the remaining life of any of the then outstanding bonds, with principal payments beginning not more than three years from date of the additional bonds, in such manner as to make the total amount of principal of and interest on the additional bonds due in each year approximately the same in each year in which there is a maturity of principal.

In addition to the foregoing, if prior to the payment of the bonds hereby authorized it shall be found desirable to refund all or a part of the bonds hereby authorized, said bonds may be refunded notwithstanding the restrictions as to the issuance of additional bonds set forth in this section (with the consent of the

holders thereof if any bonds are to be refunded prior to maturity or prior to date of call and redemption) and any refunding bonds so issued shall share ratably and equally with the portion of the bonds hereby authorized which are not refunded in the revenues of said buildings and the pledge thereof under this resolution; provided, however, that if only a portion of said outstanding bonds are to be refunded at any time, such refunding obligations shall not mature at a date earlier than the final maturity of such bonds not refunded.

SECTION 11. That from the proceeds derived from the sale of said bonds the sum of \$233,000 shall be deposited with the First National Bank of Chicago, as Paying Agent for payment and redemption on March 1, 1952 of the outstanding Men's Residence Halls Revenue Bonds of 1948, numbered from 168 to 400, inclusive, dated March 1, 1948. All accrued interest and premium, if any, derived from the sale of the bonds shall be credited to the Bond and Interest Sinking Fund Account created by Section 6 of this resolution, and the balance of the proceeds derived from the sale of said bonds in the aggregate amount of \$1,517,000 shall be set aside in a separate account which is hereby created and designated as the "Construction Fund Account" and all of the funds of such Construction Fund Account shall be deposited in the First National Bank of Chicago, which bank be and is hereby designated as the Depository therefor. The proceeds of said Construction Fund Account shall be withdrawn from such account by the Comptroller of such University from time to time as funds are needed for the construction of the projects herein provided for.

For the purpose of this resolution the cost of the construction of said project to be paid from said Construction Fund Account shall be deemed to include the following:

1. The purchase price and cost of acquisition of real estate, easements, rights of way and other property necessary for the construction of such buildings, including the cost of abstracts of title, title examination and title insurance.

2. Fees and expenses of architects and engineers for services, preliminary investigation, preparation of plans and specifications, supervision of construction and performance of all duties of architects and engineers with respect to said buildings.

3. Payment for labor, material, equipment, services of contractors, builders and materialmen.

4. Premiums payable by the University to the date of completion of said buildings on policies of insurance against fires, floods, storms, lightning and other casualties and for so-called all risk coverage.

5. All taxes, assessments and other incidental charges levied against, or payment prior to the completion of said buildings, and taxes, if any, for recording and filing fees payable in connection with deeds of conveyance.

6. Condemnation awards in connection with the acquisition of property and easements necessary for said buildings, including court costs and legal fees therefor.

7. All expenses of preparing, issuing and delivering bonds issued hereunder.

8. Fees and expenses of legal counsel.

9. Fees and expenses of fiscal agents, depositaries or trustees of the Construction Fund Account.

10. Actual incidental expense, including telephone, telegraph, office expense and traveling expense.

11. Any and all other expenses necessary or incidental in the construction of said buildings, certified to in writing by the architects employed by the University for the construction of said buildings.

All orders executed by the Comptroller for the withdrawal of funds from said account shall state the purpose for which the orders have been issued. Funds for the payment of items covered in subdivisions 2 and 3 of this section shall be withdrawn only upon submission to the Comptroller of a certificate executed by the Architect employed by the University for the construction of said projects, stating the nature of the work completed and the amount due and payable thereon. All orders withdrawing funds and the certificates when required shall be held by said Comptroller and made available for inspection by any bondholder or any duly authorized agent of such bondholder.

Funds of this account may be invested by the Comptroller from time to time in United States Treasury Bills.

After completion of the project the Comptroller of the University shall execute a certificate to the effect that said project has been fully completed according to plans and specifications and the same filed in the office of the Secretary of the Board of Trustees of the University of Illinois. If there be any funds remaining in said Construction Fund Account at the time of filing of such certificate with the Secretary, said funds shall be withdrawn by the Comptroller and credited to the Bond and Interest Sinking Fund Account hereinbefore provided for.

SECTION 12. The provisions of this resolution shall constitute a contract between The Board of Trustees of The University of Illinois and the holders of the bonds herein authorized to be issued, and after the issuance of the bonds no changes, additions, alterations or amendments of any kind shall be made to this resolution in any manner, until such time as all of said bonds issued hereunder, and interest thereon, shall be paid in full, or unless and until provision shall have been made for the payment of all bonds hereby authorized and interest thereon in full.

SECTION 13. Any holder of a bond or bonds, or any of the coupons of any bond or bonds, issued under the provisions of this resolution, may either in law or in equity, by suit, action, mandamus or other proceeding, enforce or compel the performance of all duties required by this resolution or the acts under which the bonds hereby authorized are issued, including the fixing, maintaining and collecting of such rents, charges and fees for the use of such properties and all facilities thereof as will be sufficient for all the purposes provided by this resolution, and the application of income and revenue therefrom.

SECTION 14. If any section, paragraph, clause or provision of this resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this resolution.

SECTION 15. That the President, Secretary, Comptroller and Treasurer of The Board of Trustees of the University of Illinois, be and they are each of them hereby authorized and directed to execute all instruments, papers, documents and agreements necessary or convenient to accomplish the issue and delivery of the said Revenue Bonds to the purchaser thereof.

SECTION 16. That said revenue bonds shall be executed as provided herein as soon after this resolution becomes effective as may be, be deposited with the Treasurer of said University, and be by him delivered to John Nuveen & Co. and Associates, the purchasers thereof, upon receipt of the purchase price, and the contract for the sale thereof heretofore entered into be and the same is hereby in all respects ratified and approved.

SECTION 17. That this resolution shall be in full force and effect from and after its passage.

Passed, 1952.

I,, do hereby certify that I am the duly qualified and acting Secretary of the Board of Trustees of the University of Illinois, and as such official have charge and custody of the minutes of the meetings and records of the Board of Trustees of said University of Illinois, and as such official I further certify that the foregoing resolution attached hereto, entitled "RESOLUTION authorizing the issue of revenue bonds of the University of Illinois in the principal amount of \$1,750,000 for the purpose of providing funds necessary to construct, complete and equip certain revenue producing buildings for said University in the Cities of Urbana and Champaign, Illinois,

and to refund the outstanding 'Men's Residence Halls Revenue Bonds of 1948' of said University in the principal amount of \$233,000, fixing the date, maturities, form and other details of said bonds, and making covenants and provisions for the payment of said bonds and the interest thereon," is a true, correct and exact copy of the original resolution adopted by the Board of Trustees of the University of Illinois at its regular meeting held on the _____ day of _____, 1952.

IN WITNESS WHEREOF I hereunto set my hand and the seal of said University of Illinois, this _____ day of _____, 1952.

Secretary, Board of Trustees,
University of Illinois

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board resumed consideration of the following reports and recommendations from the President of the University.

IMPROVEMENTS IN BUSEY AND EVANS HALLS

(14) As a part of the expansion of residence halls facilities at Urbana-Champaign, \$25,000 has been allocated to improvements in Busey and Evans Halls. The Director of the Physical Plant and the Comptroller recommend that this fund be used for fire protection improvements. The improvements would include the enclosing by use of fire doors and fire partitions the east and west center stairs in Busey Hall and the east and west main stairs in Evans Hall.

I concur.

On motion of Mrs. Watkins, these funds were allocated, as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mrs. Holt, Mr. Megran, Mr. Stevenson.

SETTLEMENT OF WARNER CONSTRUCTION COMPANY CONTRACTS

(15) From time to time the Board of Trustees has received reports on the claims of the University against the Warner Construction Company and counter-claims by the Company with respect to its contracts for the construction of the Lincoln Avenue Residence and a part of the Utilities Distribution System at Urbana. On July 22, 1948, the Board adopted a resolution declaring the Company in default under the terms of its contract for the construction of the Lincoln Avenue Residence. Subsequently, administrative machinery was set up to expedite settlement of certain claims so that the contractor could complete the construction of the Halls. On December 28, 1948, the Executive Committee of the Board authorized the appointment of a special committee to make recommendations to the Board of Trustees regarding claims. (The President of the Board appointed Mr. Kenney E. Williamson, then a member of the Board of Trustees, and the President of the University to serve on this committee.)

Several months ago the Warner Construction Company gave the First National Bank of Chicago an unequivocal assignment of its contracts and the power of attorney to settle them on behalf of the Company. Mr. Lloyd Morey, Comptroller, Mr. R. F. Lesemann, Legal Counsel, and Mr. J. H. Armstrong, Special Counsel employed by the Board of Trustees in this matter, representing the President of the University, have been working intensively with officials of the First National Bank of Chicago. The Bank has indicated its willingness, concurred in by the Warner Construction Company, to effect a settlement on a basis which the President's representatives, with the concurrence of Mr. C. S. Havens, Director of the Physical Plant, are recommending. This settlement provides:

1. That the University allow the Warner Construction Company the amount for additional work done on the two contracts on the basis of the latter's state-

ment of the value of this work. This means an allowance of \$44,214.22 on the two contracts, which is \$30,836.06 more than the original estimates by the University's architects of the cost of these services.

2. That the University omit the charges against the Warner Construction Company for services rendered by it to the Company for all items not specifically ordered in writing by the Contractor or his representatives. This represents a reduction of \$3,145.74 in the total of original charges of \$13,415.09, some of which were in the nature of damages. The net payment over the balances previously reported as due and payable on the basis of the original contracts, therefore, is \$33,944.87 (sum of 1 and 2). (\$44,214.22 as per 1, less \$10,269.35 net deduction in 2.)

3. That both parties waive completely their claims for damages. In the case of the Warner Construction Company, this means a waiver of claims totaling \$473,440.30, and in the case of the University a waiver of \$145,293.73.

4. That the University withhold from the amount to be paid the Warner Construction Company under the settlement sufficient sums to cover the claims of its unpaid subcontractors until it has settled with, and furnished the University with proper releases or waivers from, them.

The breakdown of this proposed settlement is as follows:

	<i>Lincoln Avenue Residence Hall</i>	<i>Utilities Distribution System</i>	<i>Total</i>
Balances due on original contracts, President's report to Board (March 13, 1951).....	\$254 633 42	\$121 029 46	\$375 662 88
Allowances recommended for additional work.....	14 592 60	29 621 62	44 214 22
Total.....	\$269 226 02	\$150 651 08	\$419 877 10
Charges for services rendered Contractor by University.....	7 001 63	3 267 72	10 269 35
Net balance payable.....	\$262 224 39	\$147 383 36	\$409 607 75
Net increase over original contract balances.....	\$ 7 590 97	\$ 26 353 90	\$ 33 944 87
Claims for damages waived by Contractor.....	\$247 404 07	\$226 036 23	\$473 440 30
Claims for damages waived by University.....	\$ 85 269 00	\$ 60 024 73	\$145 293 73

The committee considers this a satisfactory settlement and justified in view of the difficult factors involved and the expense of extended litigation. Funds for all payments are available in unexpended appropriations made for these projects and in other appropriations in the Physical Plant Department's budget.

I recommend approval of this settlement as set forth above and that the Comptroller and the Secretary of the Board be authorized to execute a covering agreement and to give and accept releases under conditions approved by the University Legal Counsel and the Special Counsel.

On motion of Mr. Johnston, this settlement was approved and authority was given, as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mrs. Holt, Mr. Megran, Mr. Stevenson.

On motion of Mr. Johnston, the Board recorded its appreciation of the work done by University officials in negotiating this settlement.

HEADSHIP OF DEPARTMENT OF BIOLOGICAL CHEMISTRY IN THE COLLEGE OF MEDICINE

(16) Dr. Otto A. Bessey has resigned as Professor of Biological Chemistry and Head of the Department in the College of Medicine effective March 14, 1952, and has accepted a position on the faculty of the University of Texas School of Medicine.

On recommendation of the Dean of the College of Medicine, I recommend the appointment of Dr. S. B. Binkley, now Associate Professor of Biological Chemistry, as Acting Head of the Department beginning February 1, 1952, and continuing until August 31, 1952, at an annual salary rate of \$8,750.

On motion of Mrs. Watkins, this appointment was approved.

SECRETARY'S REPORTS

The Secretary presented for record the following lists: (1) appointments made by the President; (2) graduate fellows; (3) resignations; (4) leaves of absence; (5) degrees conferred February 10, 1952.

APPOINTMENTS MADE BY THE PRESIDENT

(The date in parenthesis is the date on which the appointment was made by the President of the University. C = College; S = Station; E = Extension.)

ANDERSON, JOHN M., Research Associate in Electrical Engineering (S), on three-fourths time, seven months beginning February 1, 1952, \$3960 a year, supersedes (2-15-52).

ARCHER, EDWARD J., Instructor in Social Sciences, in the Chicago Undergraduate Division, on one-half time, five months beginning February 1, 1952, \$900 (2-7-52).

BABCOCK, MURRAY L., Research Assistant in Electrical Engineering (S), seven months beginning February 1, 1952, \$4300 a year, supersedes (2-6-52).

BALTZELL, JAMES H., Instructor in French, six months beginning February 1, 1952, to render service during the second semester of the academic year, \$3300 a year, supersedes (2-13-52).

BARNARD, PHYLLIS I., Assistant in Economics, February 1-June 15, 1952, \$1200 (2-14-52).

BAUMGARDNER, MRS. MARY S., Instructor in Education, in the University High School, on three-fourths time, six months beginning February 1, 1952, to render service during the second semester of the academic year, \$1312.50 (2-14-52).

BAYNE, JAMES W., Instructor in Mechanical Engineering (C), six months beginning March 1, 1952, to render service during the second semester of the academic year, \$4100 a year, supersedes (1-15-52).

BELTING, CHARLES M., Instructor in Oral Pathology, in the College of Dentistry, eight months beginning January 1, 1952, without salary (1-17-52).

BERG, IRVING D., Clinical Instructor in Psychiatry, in the College of Medicine, October 15, 1951-August 31, 1952, without salary (2-13-52).

BERTIN, EUGENE P., Instructor in Chemistry, seven months beginning February 1, 1952, to render service during the second semester of the academic year, \$285.71 a month, supersedes (2-11-52).

BLISS, RACHEL, Clinical Instructor in Psychiatric Nursing, in the School of Nursing, seven months beginning February 1, 1952, \$3744 a year; for her convenience she will also be furnished one meal a day valued at \$96 a year (1-23-52).

BOATRIGHT, ALICE ADELLE, Assistant in Art, February 1-June 15, 1952, \$266.67 a month, supersedes (2-18-52).

BORESI, ARTHUR P., Instructor in Theoretical and Applied Mechanics (C), on one-half time, for the second semester of the academic year beginning February 1, 1952, \$216.66 a month, supersedes (2-7-52).

BRAZELL, NANCY JAYNE, Research Assistant in Civil Engineering (S), February 1-June 15, 1952, \$275 a month, supersedes (2-6-52).

BROWN, LLOYD O., Instructor in Electrical Engineering (C), six months beginning March 1, 1952, to render service during the second semester of the academic year, \$318.33 a month, supersedes (1-15-52).

CAMERON, DUNCAN J., Flight Instructor, in the Institute of Aviation, seven months beginning February 1, 1952, \$5150 a year, supersedes (1-22-52).

CHALMERS, MRS. RUTH V., Assistant in Botany, in the Graduate College, February 15-August 31, 1952, \$244.50 a month, supersedes (2-18-52).

- CHODAKOWSKI, ALEXANDER S., Instructor in Electrical Engineering (C), six months beginning March 1, 1952, to render service during the second semester of the academic year, \$391.67 a month, supersedes (1-15-52).
- CHRISTOFFERS, WILLIAM H., Research Associate in Electrical Engineering (S), on one-half time, seven months beginning February 1, 1952, \$2500 a year, supersedes (2-6-52).
- CLARK, MARLYN E., Assistant Professor of Theoretical and Applied Mechanics (C), March 1, 1952-August 31, 1953, to render service during each academic year, \$4500 a year, supersedes (1-15-52).
- COATES, CLARENCE L., Instructor in Electrical Engineering (C), six months beginning March 1, 1952, to render service during the second semester of the academic year, \$4500 a year, supersedes (1-15-52).
- COHEN, MILTON J., Assistant in Art, February 1-June 15, 1952, \$266.67 a month, supersedes (1-28-52).
- COMPALL, THEODORE C., Assistant in Anatomy, in the College of Medicine, January 15-August 31, 1952, without salary (1-29-52).
- DEMBSKI, MARION V. J., Instructor in General Engineering Drawing, in the Chicago Undergraduate Division, six months beginning February 1, 1952, to render service during the second semester of the academic year, \$4500 a year (2-15-22).
- DILLAWAY, ROBERT B., Instructor in Mechanical Engineering (C), six months beginning March 1, 1952, to render service during the second semester of the academic year, \$3900 a year, supersedes (1-15-52).
- DIMOFF, TODOR, Research Assistant in Theoretical and Applied Mechanics (S), seven months beginning February 1, 1952, \$3900 a year (1-22-52).
- DUDLEY, RICHARD J., Assistant in Art, February 1-June 15, 1952, \$293.33 a month, supersedes (1-28-52).
- ELLISON, FRED P., Instructor in Spanish, for the academic year beginning September 1, 1952, \$4000 (1-9-52).
- ELSESSER, THADEUS M., Instructor in Theoretical and Applied Mechanics (C), six months beginning March 1, 1952, to render service during the second semester of the academic year, \$4350 a year, supersedes (1-17-52).
- ELSTNER, RICHARD C., Research Associate in Theoretical and Applied Mechanics (S), seven months beginning February 1, 1952, \$4500 a year, supersedes (1-29-52).
- ERNST, EDWARD W., Research Associate in Electrical Engineering (S), seven months beginning February 1, 1952, \$541.67 a month, supersedes (1-17-52).
- ESHELBY, JOHN D., Research Associate in Physics (C), February 1-June 30, 1952, \$400 a month, supersedes (6-18-51).
- FAUST, ELAINE J., Research Assistant in Education, four months beginning February 1, 1952, \$1000 (2-14-52).
- FOX, KIRK, Research Associate in Food Industry (Food Technology) (S), February 15-August 31, 1952, \$5500 a year (1-23-52).
- FRANCKE, PAUL, Instructor in Radiology (Rush), in the College of Medicine, one year beginning January 1, 1952, without salary (1-17-52).
- FRAUENFELDER, HANS EMIL, Research Associate in Physics (C), May 19-August 31, 1952, \$5700 a year (2-13-52).
- GARDNER, LEON P., Assistant in Pediatrics, in the College of Medicine, eight months beginning January 1, 1952, without salary (1-22-52).
- GARDNER, MALCOLM L., Research Assistant in Psychology, in the Graduate College, seven months beginning February 1, 1952, \$4200 a year, supersedes (2-6-52).
- GILDEN, MEYER, Instructor in Electrical Engineering (C), six months beginning March 1, 1952, to render service during the second semester of the academic year, \$4160 a year, supersedes (1-15-52).
- GILKEY, HERBERT T., Research Associate in Mechanical Engineering (S), eight months beginning January 1, 1952, \$4000 a year, supersedes (1-29-52).
- GYARFAS, KALMAN, Clinical Assistant Professor of Psychiatry, in the College of Medicine, on 45/100 time, seven months beginning February 1, 1952, \$3000 a year (2-8-52).

- HAASE, ERNST, Clinical Assistant Professor of Neurology, in the Department of Neurology and Neurological Surgery, on one-fifth time, one year beginning September 1, 1951, \$1625; in addition to \$1500 from Trust: Children's Bureau, supersedes (1-30-52).
- HANS, CLARENCE L., JR., Instructor in Ophthalmology, in the College of Medicine, on three-fourths time, eight months beginning January 1, 1952, \$250 a month, supersedes (1-18-52).
- HARTLEY, THOMAS C., Instructor in General Engineering Drawing (C), six months beginning March 1, 1952, to render service during the second semester of the academic year, \$3800 a year, supersedes (1-15-52).
- HARTOCH, ARNOLD J., Assistant to the Dean of Liberal Arts and Sciences, on one-half time, and Instructor in Humanities, on one-fourth time, in the Chicago Undergraduate Division, six months beginning March 1, 1952, to render service during the second semester of the academic year, \$1762.50, supersedes (2-7-52).
- HATHAWAY, SAMUEL D., Research Assistant in Electrical Engineering (S), seven months beginning February 1, 1952, \$3720 a year, supersedes (2-15-52).
- HAUSRATH, ALFRED H., Instructor in Theoretical and Applied Mechanics (C), on one-half time, for the second semester of the academic year beginning February 1, 1952, \$200 a month, supersedes (2-7-52).
- HENSON, RAY D., Instructor in General Engineering Drawing (C), six months beginning March 1, 1952, to render service during the second semester of the academic year, \$4000 a year, supersedes (1-15-52).
- HODGSON, THOMAS F., Research Assistant in Psychology, in the Graduate College, January 7-August 31, 1952, \$350 a month (1-15-52).

- WRIGHT, DONOVAN G., Clinical Assistant Professor of Psychiatry, in the College of Medicine, seven months beginning February 1, 1952, without salary (2-6-52).

- YARU, NICHOLAS, Research Associate in Electrical Engineering (S), on three-fourths time, seven months beginning February 1, 1952, \$3960 a year, supersedes (2-15-52).
- ZANOTTI, GEORGE J., Instructor in General Engineering Drawing, in the Chicago Undergraduate Division, six months beginning March 1, 1952, to render service during the second semester of the academic year, \$5100 a year, supersedes (1-31-52).
- ZIVIN, SIMON, Research Associate in Medicine, in the College of Medicine, on one-half time, one year beginning January 20, 1952, \$2805 (2-13-52).

GRADUATE FELLOWS

(The following appointments were made by the Dean of the Graduate College on the dates indicated in parenthesis.)

- COX, JOHN E., Lakefield Nepheline Syenite Fellow in Ceramic Engineering, February 1-June 15, 1952, \$700 (1-23-52).
- KJELLBERG, RAYMOND N., Research Fellow in Pharmacology, in the College of Medicine, January 1-March 31, 1952, \$150 a month (1-15-52).
- SANFTNER, ROGER W., Western Cartridge Fellow in Chemistry, February 1-June 15, 1952, \$900 (2-4-52).
- SCHOLZ, JOHN J., Commercial Solvents Corporation Fellow in Chemistry, one year beginning February 1, 1952, \$1980 (2-4-52).
- ZIMMERMAN, WILLIAM F., Orton Foundation Fellow in Ceramic Engineering, February 1-June 15, 1952, \$500 (1-24-52).

RESIGNATIONS

- ARTHUR, ALICE E., Medical Illustrator in the Cleft Palate Training Program, in the Division of Services for Crippled Children—resignation effective 1-31-52.
- BATCHELOR, MRS. ELIZABETH, Research Assistant in Bacteriology, in the Graduate College—resignation effective 1-1-52.
- BECKER, ELMER L., Assistant Professor of Bacteriology, in the College of Medicine—resignation effective 1-14-52.
- BESSEY, OTTO A., Professor of Biological Chemistry, and Head of the Department, in the College of Medicine—resignation effective 3-15-52.
- BEVERIDGE, HELEN, Instructor in English—resignation effective 3-1-52.
- BOARDMAN, RICHARD S., Fellow in Geology—resignation effective 2-1-52.
- BRANSBY, ERIC J., Instructor in Art—resignation effective 3-1-52.
- BRUYN, SEVERYN T., Assistant Psychometrist in the Student Counseling Bureau—resignation effective 3-15-52.
- BUFFA, ELWOOD S., Assistant Professor of Mechanical Engineering (C)—resignation effective 3-1-52.
- CHENG, KUANG LU, Postdoctoral Fellow in Agronomy—resignation effective 2-1-52.
- CIHA, MRS. CLAIRE O., Assistant in Agricultural Extension and Assistant Extension Editor (E)—resignation effective 3-8-52.
- COFFIN, GEORGIA, Cataloger, with the rank of Instructor, in the Library—resignation effective 2-14-52.
- CRAIG, WILLIAM J., Research Assistant Professor of Theoretical and Applied Mechanics (S)—resignation effective 3-3-52.
- DUNLOP, KATHLEEN E., Research Assistant in the Bureau of Economic and Business Research—resignation effective 2-14-52.
- EALLES, EDWARD P., Assistant Professor of Aeronautical Engineering (C)—resignation effective 2-1-52.
- ELLIOTT, ROBERT S., Assistant Professor of Electrical Engineering (C)—resignation effective 3-1-52.
- FUCHS, JACOB, Research Assistant in Chemistry, in the Graduate College—resignation effective 2-1-52.
- HENSON, RAY D., Instructor in General Engineering Drawing (C)—resignation effective 3-1-52.
- JOHNSON, CARL E., Instructor in Chemistry—resignation effective 3-1-52.
- JOHNSON, ROBERT W., Instructor in the Institute of Aviation—resignation effective 3-1-52.

- JUDY, WILLIAM S., Instructor in Radiology, in the College of Medicine—resignation effective 1-11-52.
- LOVE, RUTH H., Research Assistant in Biological Chemistry, in the College of Medicine—resignation effective 2-26-52.
- MARTIN, GEORGE E., Instructor in Marketing, in the Department of Business Organization and Operation—resignation effective 3-1-52.
- MCCASKILL, DANIEL, Clinical Assistant in Neurology and Neurological Surgery (Rush), in the College of Medicine—resignation effective 11-1-51.
- NORDSTROM, JAMES E., Research Assistant in Medicine, in the College of Medicine—resignation effective 1-10-52.
- PESAVENTO, MRS. WILMA, Assistant in Physical Education for Women, in the Chicago Undergraduate Division—resignation effective 2-1-52.
- PRINTY, GLENN E., Swift and Company Fellow in Entomology—resignation effective 2-1-52.
- RIDDELL, J. MURRAY, JR., Clinical Assistant in Dermatology, in the College of Medicine—resignation effective 1-2-52.
- RIEDINGER, ALICE L., Research Associate in Biological Chemistry, in the College of Medicine—resignation effective 2-26-52.
- ROGAHN, WILLIAM C., Assistant in English—resignation effective 2-1-52.
- SHAHANI, KHEMCHAND MOTUMAL, Assistant in Food Technology (S)—resignation effective 12-1-51.
- STEELE, MONTGOMERIE C., Research Assistant Professor of Theoretical and Applied Mechanics (S)—resignation effective 4-1-52.
- STENDERUP, MARGIT R., Acquisition Assistant in the Library—resignation effective 2-1-52.
- STEWART, FORREST A., Assistant Professor of Farm Management (Agricultural Economics) (S)—resignation effective 3-1-52.
- STRONG, DOROTHY, Assistant Editor in the University Press—resignation effective 3-1-52.
- TAYLOR, CHARLES E., Assistant Professor of Theoretical and Applied Mechanics (C)—resignation effective 3-1-52.
- TEPLITZ, ZELDA, Clinical Instructor in Psychiatry, in the College of Medicine—resignation effective 1-15-52.
- WILSON, CHARLES C., Instructor in Mathematics, in the Chicago Undergraduate Division—resignation effective 3-1-52.
- WOZNIAK, RICHARD J., Registered Pharmacist in Hospital Pharmacy, in the College of Pharmacy—resignation effective 2-1-52.
- WRIGHT, G. DOUGLAS T., Research Assistant in Civil Engineering (S)—resignation effective 2-23-52.
- ZIMMERMAN, WILLIAM F., Research Assistant in Ceramic Engineering (S)—resignation effective 2-1-52.

LEAVES OF ABSENCE

- CHANGNON, PAULINE E., Instructor in Education, in the University High School—leave of absence, with pay, for six weeks beginning February 11, 1952, on account of illness.
- CONDON, ARNOLD C., Associate Professor of Secretarial Training, in the Department of Business Organization and Operation—extension of leave of absence, without pay, for the second semester of 1951-1952.
- EDMAN, MARJORIE, Instructor in Animal Nutrition (Animal Science) (S)—extension of leave of absence, with pay, for six months beginning December 18, 1951.
- GUM, MRS. WANDA N., Assistant Professor of Social Sciences, in the Chicago Undergraduate Division—leave of absence, without pay, January 27-August 31, 1952, on account of illness.

ANNUAL MEETING

On motion of Mr. Johnston, the Board voted to hold the annual meeting in the LaSalle Hotel, in Chicago, Illinois, on Wednesday, March 12, 1952, beginning at 5:00 p.m.

DRILL HALL AT NAVY PIER

President Livingston reported that the Corporation Counsel of Chicago has requested that representatives of the city be permitted to appear before the Board of Trustees to discuss the possibility of the University relinquishing the Drill Hall at Navy Pier on or before June, 1952, for use by the Municipal Court of the city of Chicago. The request was for appearance at today's meeting but the Secretary advised the Corporation Counsel's Office that the question to be discussed is of such importance that it should be considered when more of the Trustees are present than could be present today.

The Secretary was instructed to invite the city to send its representatives to the meeting on March 12.

MEETING OF COMMITTEE ON TELEVISION

Mr. Livingston stated that he would call a meeting of the Committee on Television at 4:00 p.m., Wednesday, March 12, 1952, preceding the annual meeting of the Board, and that the Committee will hold another conference with representatives of the Illinois Broadcasters Association following the Board meeting so that all of the Trustees can participate in this conference.

**AUTHORIZATION OF LEGAL COUNSEL TO ENTER APPEARANCE
OF THE BOARD IN LEGAL PROCEEDINGS**

The Legal Counsel requested authority to waive service of process upon, and to enter the appearance of, the Board of Trustees of the University of Illinois in any suit in any court of competent jurisdiction in which the University or the Board of Trustees is made a party when, in his opinion, it will serve, and will not prejudice, the interests of the Board or of the University to do this.

On motion of Mr. Johnston, authority was granted as requested.

On motion of Mrs. Watkins, the Board adjourned.

A. J. JANATA

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

March 12, 1952

The annual meeting of the Board of Trustees of the University of Illinois was held in the LaSalle Hotel, Chicago, Illinois, on Wednesday, March 12, 1952, beginning at 5:00 p.m. (On February 22, 1952, the Board voted to hold the annual meeting on Wednesday, March 12, 1952, instead of on the second Tuesday of March.)

The following members were present: Mr. John R. Fornof, Mr. Wirt Herrick, Mr. R. Z. Hickman, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Vernon L. Nickell, Mrs. Frances B. Watkins. Mr. Harold E. Grange and Governor Adlai E. Stevenson were absent.

Also present were: President George D. Stoddard, Provost C. R. Griffith, Vice-President A. C. Ivy, Mr. Ralph F. Lesemann, Legal Counsel, Dean Wilbur Schramm, Mr. R. B. Hudson, Director of University Broadcasting, Mr. Frank E. Schooley, Manager of Station W I L L, Mr. J. F. Wright, Director of Public Information; Mr. C. Lincoln Williston, Manager of Public Information, and Mr. H. W. Pearce, Superintendent of Buildings and Grounds, at the Chicago Professional Colleges; Mr. Lloyd Morey, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary of the Board.

MR. JOHN R. FORNOF ELECTED PRESIDENT PRO TEMPORE

By acclamation, Mr. Fornof was elected President Pro Tempore and took the chair.

MR. PARK LIVINGSTON ELECTED PRESIDENT OF THE BOARD

Mr. Hickman nominated Mr. Park Livingston for the Office of the President of the Board for 1952-1953.

On motion of Mr. Nickell, the nominations were closed and the Secretary was instructed to cast the unanimous vote of the meeting for Mr. Livingston as President. The ballot was cast, and Mr. Livingston was declared elected President of the Board for the year 1952-1953. He took the chair and expressed appreciation of the confidence of the Board in re-electing him to this office.

MR. A. J. JANATA ELECTED SECRETARY

Mr. Johnston nominated Mr. A. J. Janata for the Office of Secretary of the Board.

On motion of Mr. Herrick, seconded by Mr. Nickell, the nominations were closed and Mr. Janata was unanimously elected Secretary of the Board for the year 1952-1953.

MR. LLOYD MOREY ELECTED COMPTROLLER

Mr. Herrick nominated Mr. Morey for the Office of Comptroller.

On motion of Mr. Johnston, seconded by Mr. Nickell, the nominations were closed and the Secretary was instructed to cast the unanimous vote of the meeting for Mr. Morey as Comptroller. The ballot was cast and Mr. Morey was declared elected Comptroller for the year 1952-1953.

EXECUTIVE COMMITTEE ELECTED

Mrs. Holt nominated Mr. Herbert B. Megran and Mrs. Frances B. Watkins to serve with the President of the Board as members of the Executive Committee for 1952-1953.

On motion of Mr. Nickell, the nominations were closed and the Secretary was instructed to cast a unanimous vote of the meeting for Mr. Megran and Mrs. Watkins as members of the Executive Committee. The ballot was cast and Mr. Megran and Mrs. Watkins were declared elected as members of the Executive Committee for the year 1952-1953.

DELEGATION OF SIGNATURES

On motion of Mr. Megran, seconded by Mr. Johnston, the following resolution was adopted.

Resolved, that the President and the Secretary of the Board of Trustees of the University of Illinois are authorized to delegate the signing of their names as President and Secretary, respectively, to vouchers to be presented to the State Auditor, and to warrants drawn on the Treasurer of the University, under the following conditions.

The President of the Board of Trustees is authorized to delegate to C. H. Pratt, to L. M. Dahlenburg, and to W. D. Green in Urbana, and to H. A. Hazleton, to G. H. Pontious, and to H. O. Albers in Chicago, to H. R. Kobes and to Mabel F. Meek in Springfield, authority to sign his name as President of the Board of Trustees to vouchers against the State Auditor; and to C. C. DeLong, to R. W. Zimmer, and to R. F. Wood in Urbana, and to H. A. Hazleton, to G. H. Pontious, and to H. O. Albers in Chicago, authority to sign his name to warrants on the

University Treasurer covering vouchers approved in accordance with regulations approved by the Board.

The Secretary of the Board of Trustees is authorized to delegate to Maude Archdeacon, to Everett G. Smith, and to Helen S. Sutherland in Urbana, and to G. R. Moon, to Ethel Engeljohn, to Helen Wyle, and to Velma M. Davis in Chicago, authority to sign his name as Secretary of the Board of Trustees to vouchers against the State Auditor and to warrants on the University Treasurer, covering vouchers approved in accordance with regulations of the Board. The Secretary of the Board of Trustees is authorized to delegate to Mrs. Freda M. Hicks and to Lean C. Ryan in Springfield, authority to sign his name as Secretary of the Board of Trustees on vouchers against the State Auditor approved in accordance with the regulations of the Board. And be it further

Resolved, that the First National Bank of Chicago as a designated depository of C. W. Weldon, Treasurer of this corporation, be and it (including its correspondent banks) is hereby requested, authorized, and directed to honor checks, drafts, or other orders for the payment of money drawn in this corporation's name, including those drawn to the individual order of any person or persons whose name or names appear thereon as signer or signers thereof, when bearing or purporting to bear the facsimile signatures of the two following: Park Livingston, President, and A. J. Janata, Secretary; and the First National Bank of Chicago (including its correspondent banks) shall be entitled to honor and to charge this corporation for all such checks, drafts, or other orders, regardless of by whom or by what means the facsimile signature or signatures thereon may have been affixed thereto, if such facsimile signature or signatures resemble the facsimile specimens duly certified to or filed with the First National Bank of Chicago by the Secretary or other officer of this corporation. And be it further

Resolved, that the Auditor of Public Accounts is hereby authorized and directed to honor vouchers bearing facsimile signatures of the President and Secretary of the Board of Trustees of the University of Illinois if such facsimile signatures resemble the facsimile specimens duly certified to or filed with the Auditor of Public Accounts by the Secretary.

STANDING COMMITTEES FOR 1952-1953

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

DEPARTMENT OF MEDICAL SOCIAL WORK IN COLLEGE OF MEDICINE

(1) The Dean of the College of Medicine recommends the establishment of a Department of Medical Social Work for the training of students in the special field of medical social work to be organized and administered according to the following plan:

1. All medical social work in the College of Medicine and in the Research and Educational Hospitals shall be under the direction of this Department so that its activities may be coordinated with the over-all educational program of the College.
2. The personnel of the Department shall consist of
 - a. The Head of the Department who shall have professorial rank and whose duties shall be those specified for department heads in the University of Illinois Statutes.
 - b. An academic staff whose members shall have appropriate rank and academic status in the College of Medicine.
 - c. A nonacademic staff of medical social workers.
 Present members of the University staff now engaged in teaching and medical social service will be given appropriate academic and nonacademic positions in the new Department.
3. In order to maintain close working relationships with the School of Social Work at Urbana, and to assure that the Department will function effectively in the training of students from the School of Social Work in the specialty of medical social work,
 - a. The Head of the Department of Medical Social Work in the College of Medicine shall also hold an academic appointment in the School of Social Work.
 - b. All appointments to the academic staff of the Department of Medical Social Work shall be subject to the approval of the Director of the School of Social Work.
 - c. The Department of Medical Social Work shall carry such responsibilities for teaching as may be assigned by the School of Social Work.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

APPOINTMENT OF MARY LOUISE HEMMY AS ASSOCIATE PROFESSOR AND HEAD OF DEPARTMENT OF MEDICAL SOCIAL WORK

(2) The Dean of the College of Medicine and the Director of the School of Social Work recommend the appointment of Miss Mary Louise Hemmy, now Director of the Social Service Department of Washington University Clinics and Allied Hospitals in St. Louis, as Associate Professor and Head of the Department of Medical Social Work in the College of Medicine and Associate Professor in the School of Social Work, on indefinite tenure beginning July 1, 1952, at an annual salary of \$7,500 (AY basis).

This appointment has been recommended by a committee of the faculty of medicine consisting of Dr. Ford K. Hick, Professor of Medicine, Chairman; Dr. Francis J. Gerty, Professor and Head of the Department of Psychiatry; Dr. Harry F. Dowling, Professor and Head of the Department of Medicine; Dr. Julius B. Richmond, Professor of Pediatrics; and Professor Marietta Stevenson, Director of the School of Social Work.

I concur.

On motion of Mr. Johnston, this appointment was approved.

APPOINTMENTS TO THE FACULTY

(3) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. HIRAM T. LANGSTON, Clinical Associate Professor of Surgery, College of Medicine, beginning March 1, 1952, without salary (BY).

2. LEONARD E. MILLER, Associate Professor and Director of Laboratories, in the Department of Chemistry, beginning September 1, 1952, at an annual salary of \$9,000 (AY).

3. CHARLES EDMUND SWANSON, Research Professor in the Institute of Communications Research, Division of Communications, and Assistant Dean of Division of Communications, beginning June 16, 1952, at an annual salary of \$10,000 (DY).

On motion of Mr. Hickman, these appointments were confirmed.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(4) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded to the following candidates who have qualified under Section 4b of the Accountancy Act of 1943, as amended, by passing examinations given by the Special Board of Examiners at various times prior to December 6, 1951. The certificates of these candidates were invalidated by the Circuit Court of Cook County in 1951 holding Section 4b of the Accountancy Act as originally passed unconstitutional. Subsequently, the Section was amended and is now free from constitutional objection. These candidates have again qualified but new certificates will have to be issued.

JOSEPH ALPERT (Chicago)

LEO MEADE (Chicago)

The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
SAMUEL AFTERGUT	St. Louis, Missouri	Missouri
GEORGE JOHN HRODEY	Park Ridge	Missouri
JAMES MYLES	St. Louis, Missouri	Missouri
ABE LOUIS SHUGERMAN	Cleveland Heights, Ohio	Wisconsin

I concur.

On motion of Mr. Nickell, these certificates were awarded.

SABBATICAL LEAVES OF ABSENCE, 1952-1953

(5) I recommend that the following members of the staff be given sabbatical leaves of absence during the academic year 1952-1953 in accordance with the provisions of the University of Illinois Statutes and on the terms and for the periods indicated.

The programs of research, study, and travel for which these leaves are requested have been examined by the University Research Board which advises the President in such matters. The Research Board's report to the President includes an evaluation of the program in terms of benefits to the University and to the individual and constitutes a part of the record of each case.

There is submitted herewith a copy of the report of the Committee on Educational Policy giving the details of the changes in the curricula in aeronautical engineering, agricultural engineering, ceramic engineering, civil engineering, electrical engineering, engineering physics, general engineering, mechanical engineering, metallurgical engineering, mining engineering, and sanitary engineering.

A copy of this report is hereby given to the Secretary of the Board for record. I concur.

On motion of Mrs. Watkins, these changes were approved.

CURRICULUM IN INDUSTRIAL ENGINEERING

(8) The University Senate recommends approval of a new curriculum leading to the degree of Bachelor of Science in Industrial Engineering as recommended by the faculty of that College effective September, 1953. This curriculum and degree are well established in other colleges of engineering in the United States and are proposed to replace the Production Option in the present curriculum in mechanical engineering. The new program will be administered by the Department of Mechanical Engineering.

First Year

The freshman program common to all other curricula in engineering will be used.

APPROPRIATION FOR ARCHITECTURAL SERVICES ON CONSTRUCTION AND REMODELING AT URBANA-CHAMPAIGN

(11) The University has been studying the possibility of securing additional space and improving existing space by (a) the construction of an addition to Talbot Laboratory and (b) remodeling of the engine room in the former power plant building on Mathews Avenue for the Physical Environment Laboratory.

The Committee on Nonrecurring Appropriations approved the programs in principle and requested the Physical Plant to prepare detailed plans and specifications. The cost of these plans, approximately \$6,000 for the Physical Environment Laboratory and \$5,600 for the addition to Talbot Laboratory, was charged to the architectural revolving fund in the customary procedure with the expectation that the expenditures would be recovered when the appropriation was approved.

Upon the completion of the plans, bids were secured for the addition to Talbot Laboratory and revised estimates of cost prepared for the Physical Environment Laboratory. The funds available in this biennium are not adequate to carry out either project this biennium and further work on both projects must be deferred.

The Comptroller and the Provost recommend an appropriation of \$11,600 from the General Reserve Fund to reimburse the revolving fund for expenditures incurred.

I concur.

On motion of Mr. Fornof, this appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stevenson.

APPROPRIATION FOR FIRE PROTECTION AND SAFETY IMPROVEMENTS IN AGRICULTURAL ENGINEERING BUILDINGS

(12) On April 19, 1951, the Board of Trustees appropriated \$38,500 from the General Reserve Fund for the installation of a sprinkler system and the construction of a new enclosed stair in the southeast corner of the Agricultural Engineering Building. Bids now received indicate a total cost of \$44,500. The additional \$6,000 necessary to complete the project can be taken from the state appropriation "For remodeling, modernization, and improvement of existing buildings at Urbana-Champaign."

The Director of the Physical Plant and the Comptroller recommend that this assignment be made, and that contracts be awarded to the lowest bidders, subject to the release of funds by the Governor and to receipt of authority to begin construction with the necessary priorities from the National Production Authority, as follows:

Installation of sprinkler system—Automatic Sprinkler Corporation of America, St. Louis, Missouri.....	\$16 010
Fireproof stairway construction and incidental general construction work — E. N. DeAtley, Champaign.....	19 800
I concur.	

On motion of Mrs. Holt, these contracts were authorized and the appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stevenson.

CONTRACTS FOR CONSTRUCTION OF EAST DENTISTRY-MEDICINE-PHARMACY BUILDING

(13) The original bids taken on the construction and fixed equipment of the East Dentistry-Medicine-Pharmacy Building for which the General Assembly appropriated \$5,540,000 for the biennium of 1951-1953, were in excess of the appropriation and were rejected by the Board of Trustees on October 23, 1951. The building plans were revised, and new bids were taken on both a fixed price basis and a cost plus a fixed fee with a guaranteed maximum basis. The new bids, received on February 19, 1952, indicate that this building can be constructed in accordance with the modified plans within the available appropriation.

The Director of the Physical Plant and the Comptroller recommend award of contracts to the lowest bidders, on a fixed price basis, as follows:

General work — Sumner S. Sollitt Construction Co., Chicago.....	\$2 234 000
Moving stairways, elevators, lifts, etc. — Westinghouse Electric Corp., Chicago.....	300 368
Plumbing and drainage — Economy Plumbing and Heating Co., Chicago	389 910
Heating, process piping, and refrigeration — Gallaher and Speck, Inc., Chicago.....	434 815
Ventilation — H. G. Prizant & Company, Chicago.....	316 070
Pipe covering and insulation — The Asbestos and Magnesia Materials Co., Chicago.....	79 185
Electric wiring — Divane Brothers Electric Company, Chicago.....	572 460
Total Construction.....	\$4 326 808
Laboratory furniture — E. H. Sheldon and Company, Chicago.....	\$ 507 560
Dispensing counter units — Reliance Cabinet Company, Chicago.....	18 301
Total Equipment.....	\$ 525 861

Submitted herewith are copies of lists of the contractors recommended, lists of all bids received, the construction budget, and letters from the Physical Plant Department and the architects in support of these recommendations. Copies of these documents are being filed with the Secretary of the Board for record.

The bids received on a cost plus a fixed fee basis are in excess of the bids on a fixed price basis in every case.

The lowest bidder has indicated that the project can be completed in 570 days which will run beyond the current biennium and will require a reappropriation by the Sixty-eighth General Assembly of the unexpended balance of funds earmarked for this project.

I recommend that these contracts be awarded subject to the release of funds by the Governor and that the Comptroller and the Secretary of the Board be authorized to execute the contracts. Authority to proceed with construction, including allocation of critical materials, has already been received from the National Production Authority.

On motion of Mrs. Watkins, these contracts were authorized as recommended, with the exception of the contract for moving stairways, elevators, and lifts,¹ on which action was deferred, by the following

¹ A request was presented at the Board meeting from the Director of the Physical Plant that award of this contract be postponed pending further study.

vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stevenson.

On motion of Mr. Fornof, the Executive Committee was authorized to act for the Board on the award for the contract for moving stairways, elevators, and lifts.

On motion of Mr. Nickell, it was resolved that in awarding these contracts the Board of Trustees specifies that wages paid all laborers, workmen, and mechanics employed by contractors and subcontractors in the construction of the East Dentistry-Medicine-Pharmacy Building shall be not less than the prevailing rates established in the Chicago area, a schedule of which is hereby filed with the Secretary of the Board for record.

CONTRACT FOR REMODELING IN OLD POWER PLANT BUILDING

(14) On February 22, 1952, the Board of Trustees appropriated \$12,000 for remodeling the engine room of the old power plant building to provide space for a Heater Research Laboratory for the Department of Mechanical Engineering. By utilizing the University's standing cost-plus contract for general work, valuable time can be saved in the preparation of detailed plans and specifications necessary for lump sum bids. The cost of the general work is estimated at \$8,300.

The Director of the Physical Plant and the Comptroller recommend that the general work on this project be done under the University's cost-plus contract with Clyde E. Gates, Champaign.

I concur.

On motion of Mr. Nickell, this recommendation was approved.

CONTRACT FOR REMOVAL AND SALE OF EQUIPMENT IN THE OLD HEATING PLANT IN CHICAGO

(15) The Director of the Physical Plant and the Comptroller recommend award of a contract to the Ashland Iron and Steel Company, Chicago, for removal and sale of four boilers and auxiliary equipment in the old heating plant at the Chicago Professional Colleges.

The Ashland Iron and Steel Company will remove the equipment under stipulated conditions and pay the University \$7,500. The equipment has a scrap value and the Business Office secured bids from wrecking and scrap iron companies on its removal.

The equipment must be removed promptly as space in the building, which is adjacent to the Research and Educational Hospitals, is needed for temporary storage of equipment to be purchased for the new hospital addition. The building can also be used for other storage purposes.

The Physical Plant Department will incur expense of supervision of disconnecting and removal of the equipment and of repairs to the floor to cover the boiler pits. This expense will probably be offset by sale of the old equipment, but the expense can not be determined until the equipment is removed and estimates have been made of the subsequent repairs needed in the building. The Comptroller recommends that the \$7,500 from the sale of the equipment, or so much thereof as is necessary, be appropriated to the Physical Plant Department for said repairs.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract with the Ashland Iron and Steel Company, and that the funds realized be appropriated as recommended herein.

On motion of Mr. Megran, this contract was authorized and the appropriation recommended was made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stevenson.

POLICY AND RULES RELATING TO COMPENSATION AND WORKING CONDITIONS OF NONACADEMIC EMPLOYEES

(18) The Director of Nonacademic Personnel recommends certain revisions in the Policy and Rules Relating to Compensation and Working Conditions of Non-academic Employees adopted by the Board of Trustees effective July 1, 1945, and as subsequently amended from time to time. The revisions now recommended are necessary because of (a) changes in internal organization; (b) changes in disability and death benefits for employees not participants in the University Retirement System as approved by the Board of Trustees in November, 1950; (c) the establishment of the University Civil Service System of Illinois. These revisions involve no change in the Policy not already approved but are recommended to bring the statements in the Policy and Rules in line with determinations already made.

The complete text of the Policy and Rules, as revised, is submitted herewith (see pages 1426 to 1441).

I concur in the recommendations of the Director of Nonacademic Personnel.

On motion of Mr. Johnston, the revisions were approved by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stevenson.

RELEASES OF PATENTABLE DISCOVERIES

(19) The University Patent Committee submits the following reports and recommendations relating to potentially patentable discoveries:

1. Thomas R. O'Meara, Research Associate in Electrical Engineering, has invented a three element vector-phase radio direction finder which may be of value to the armed forces.

2. Harold D. Webb, Assistant Professor of Electrical Engineering, has invented a matched channel RDF (radio direction finder) receiver with fixed tuned RF (radio frequency) amplifier. The purpose of the invention is to provide a matched-channel receiver for radio direction finding purposes that will maintain the required phase and gain match over a wide frequency range within closer tolerances than is possible with previous systems.

3. Chalmers W. Sherwin, Research Professor of Physics, has invented a "majority vote" circuit, a device whose most practical application would be in military communications.

These discoveries are the result of research work under contracts with the Office of Naval Research. The inventors do not want the discoveries released to them. In the opinion of the University Patent Committee, the commercial possibilities of these inventions are not sufficient to warrant the expense of patent prosecution by the University. Since funds for the research work were supplied by the Office of Naval Research, the Committee recommends that the University declare its intention not to seek patent protection and release all rights to the United States Navy. This will protect the public interest.

4. Dr. S. W. Pelletier, a former postdoctoral assistant and instructor in the Department of Chemistry, synthesized six new organic compounds while he was at the University which he believes may have some use as local anesthetics. Dr. Pelletier has requested the release of rights on these discoveries for possible development.

Professor C. S. Marvel of the Department of Chemistry, reports that a broad patent coverage on a new class of local anesthetics could not be obtained, and he considers it highly improbable that any of the six new compounds will prove sufficiently valuable to justify the cost of patenting them individually. Accordingly the University Patent Committee recommends that all rights to these six new compounds be released to Dr. Pelletier to develop as he may see fit.

I concur.

On motion of Mrs. Watkins, these recommendations were approved.

EXTENSION OF URBANA PARK DISTRICT

(20) On April 21, 1949, the Board of Trustees authorized the University to petition the city of Urbana to extend the city limits to include the staff housing area at Race Street and Florida Avenue.

Petitions are being circulated in this area for expansion of the Urbana Park District to coincide with the city limits. The tax rate of the Park District is \$.084 on each \$100 of equalized property based on the last equalized value of the staff housing project of \$300,000. University payments in lieu of taxes would be increased by approximately \$252 per year which could be met out of rentals.

The benefits of the Park District are available to all occupants of the staff housing project, and the payment by the University for such facilities is reasonable.

It is not necessary that the University be a party to the petition. If the majority of the voters within the area approve, the limits of the Urbana Park District will be expanded, but the city of Urbana has requested the University to express its willingness to accept the expansion of the Park District.

The Director of the Physical Plant and the Comptroller recommend that the University assent to the proposed expansion of the Urbana Park District to include University property now within the city limits of Urbana.

I concur.

On motion of Mrs. Holt, the Board assented to the expansion of the Urbana Park District to include that part of the University campus between the extension southward of the east line of Mount Hope Cemetery and Race Street, and extending approximately 620 feet south from Florida Avenue. This action was taken by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stevenson.

GRANT FROM ROCKEFELLER FOUNDATION FOR AMERICAN STUDIES SEMINAR IN KYOTO, JAPAN

(21) The Rockefeller Foundation has made a grant of \$19,500 to the University of Illinois and a grant of \$3,000 to Doshisha and Kyoto Universities in Japan for the purpose of conducting an American Studies Seminar in Kyoto during the summer of 1952. The Seminar will be administered by the University of Illinois.

The Kyoto Seminar is the second such project to be undertaken on Rockefeller Foundation funds in Japan with a view to promoting American studies. In 1950 and 1951 Stanford University, in conjunction with Tokyo University, conducted such seminars in Tokyo and will do so again in 1952. The students of the two seminars are drawn from the faculties of Japanese universities, the Tokyo Seminar drawing from eastern Japan and the Kyoto drawing from western Japan. The faculties of both seminars will come from American universities.

The subject matter to be covered at the Kyoto Seminar will include five fields from the humanities and the social sciences. The development of the program and supervision of the project is in the hands of a committee headed by Director Royden Dangerfield of the Institute of Government and Public Affairs and including: Professors K. D. Benne, Education; Howard R. Bowen, Economics; Robert B. Downs, Library Science and Director of the Library; C. E. Osgood, Psychology; and R. W. Rogers, English. Director Dangerfield will go to Japan to administer the program.

I request confirmation of my action accepting this grant and recommend that Director Dangerfield be released from his University of Illinois duties during the summer for the purpose of taking this special assignment. In other words, his services would be loaned by the University of Illinois to the project.

On motion of Mr. Herrick, the President's action was confirmed.

GRANT FROM ROCKEFELLER FOUNDATION FOR CONFERENCE ON THE AMERICAN TRADITION

(22) The Rockefeller Foundation made a grant of \$3,000 to the University of Illinois for a conference on the American Tradition which was held at the Princeton Inn, Princeton, New Jersey, on December 14-16, 1951. The conference was attended by twenty representatives of colleges and universities. The University

of Illinois was represented by President George D. Stoddard, Dean Wilbur Schramm of the Division of Communications, and Director Royden Dangerfield of the Institute of Government and Public Affairs.

I accepted this grant on behalf of the University and report it for record.

On motion of Mr. Herrick, the President's action was confirmed.

EMPLOYMENT OF UNIVERSITY AUDITORS

The Finance Committee recommends that the firm of George Rossetter and Company, Certified Public Accountants, Chicago, be retained as auditors for the year ending June 30, 1952, their services to be charged on the basis of a per diem rate and expenses, with the understanding that the aggregate charges will not exceed the following:

University of Illinois (including all divisions).....	\$12 000
University of Illinois Foundation (including its retirement system).....	600
University of Illinois Athletic Association (including its retirement system)	750

These maximum costs are based on the assumption that if the auditors go beyond the scope of usual examination on request of the Finance Committee or the Board, further compensation for such additional work will be allowed after review and approval by the Finance Committee.

On motion of Mr. Fornof, this recommendation was approved.

ENDOWMENT INVESTMENTS

The Finance Committee has approved the following changes in endowment securities at the approximate prices indicated:

	<i>Approximate Market</i>
Sell:	
275 shares National Distillers Corporation, common stock.....	33
256 shares Swift and Company, common stock.....	35
Reinvestment of the Proceeds:	
300 shares Mississippi River Fuel Company, common stock.....	36
200 shares Illinois Power Company, common stock.....	38

In connection with the sales indicated, the following resolution is required:

WHEREAS, the Board of Trustees of the University of Illinois is the owner of the following described securities: 275 shares National Distillers Corporation, common stock, and 256 shares Swift and Company, common stock; and

WHEREAS, said Board of Trustees in its meeting of March 12, 1952, has approved the sale of such securities,

Now, Therefore, Be It Resolved that Lloyd Morey, Comptroller, and A. J. Janata, Secretary, be hereby authorized to execute any and all documents necessary to complete such sale.

On motion of Mr. Fornof, this resolution was adopted.

INVESTMENTS

The Finance Committee reports the following transactions involving securities:

<i>Current Restricted Funds Investments</i>

\$40,000 U.S.A. 1 $\frac{3}{8}$ % certificates of indebtedness due February 15, 1953.

This report was received for record.

MESSAGE TO MR. GRANGE

Mr. Megran offered a resolution expressing to Mr. Grange appreciation of his services as a Trustee of the University during the past year and the sympathy of the Board with him in his illness. President Stoddard, other University officials present at the meeting, and the officers of the Board asked that they be permitted to join the Trustees in this resolution.

The resolution was adopted and the Secretary of the Board was instructed to send an appropriate message to Mr. Grange.

**CONFERENCE WITH REPRESENTATIVES OF THE
ILLINOIS ASSOCIATION OF BROADCASTERS**

Mr. Livingston stated that at the conclusion of the Board meeting the Committee on Television will have another conference with representatives of the Illinois Broadcasters Association to continue the discussion,¹ requested by the latter, of the University's plans for the development of educational television facilities. He asked that all of the other Trustees who can do so stay and take part in this conference.

CONFERENCE WITH REPRESENTATIVES OF THE CITY OF CHICAGO

The Secretary announced that representatives of the city of Chicago who desire to discuss with the Board a request that the University vacate the Drill Hall at Navy Pier so that it may be used by the Municipal Court of Chicago for a traffic court have now asked that this conference be postponed until the next meeting of the Board.

By unanimous consent this request was granted.

EXECUTIVE SESSION

At this point the Board went into executive session to consider reports from the President of the University and the Legal Counsel relating to bequests made to the University.

**SETTLEMENT OF CLAIMS OF MRS. SARAH A. GRIMM AGAINST
ESTATE OF PROFESSOR GEORGE A. MILLER, DECEASED**

In accordance with the authority granted them by the Board at its meeting held on January 21, 1952 (Minutes, page 1337), the Comptroller and the Legal Counsel, with the assistance of counsel for the Executor of the Last Will and the Estate of the late Professor George A. Miller, negotiated a settlement with Mrs. Sarah A. Grimm, his surviving sister, under which she agreed to accept the sum of \$5,000 in full settlement and satisfaction of her claims against his estate and

¹ The first conference with the Illinois Broadcasters Association was held on January 16, and was reported to the Board on January 21, 1952, minutes page 1347.

also for the dismissal of the suit theretofore instituted by her in the Circuit Court of Champaign County, Illinois, to contest his will. A stipulation for the dismissal of that suit with prejudice to Mrs. Grimm and at her costs was filed in that court on January 24, 1952, and an order so dismissing it in accordance with the stipulation was entered by Circuit Judge Charles E. Keller therein the following day.

Counsel for other heirs of Professor Miller from whom an answer was received by the Clerk the day the order was entered was promptly notified of the dismissal of the suit, but they have taken no action to date to secure the vacation of the order. The Executor's attorneys and the Legal Counsel are of the opinion that the order is now final unless an appeal is taken therefrom within ninety days from the date of its entry. They do not anticipate an appeal and are of the opinion that the order should and will be affirmed if one is prosecuted. It appears, therefore, that payment of the agreed sum to Mrs. Grimm now would be both justified and desirable.

The Executor is willing to pay the agreed sum direct to Mrs. Grimm and her attorneys by way of partial distribution to the University under the will if the University so desires and will furnish him with a receipt evidencing partial distribution to it in that sum upon presentation by him of a receipt from her therefor and a full release of all of her claims against Professor Miller's estate and the University. The Comptroller and the Legal Counsel recommend that the settlement be ratified by the Board, that it be completed through following this procedure, and that the Comptroller and the Secretary of the Board be authorized to execute and deliver such a receipt to the Executor upon delivery by him to them of the suggested receipt and release executed by Mrs. Grimm and approved by the Legal Counsel.

The President of the University concurs.

On motion of Mr. Johnston, this settlement was ratified as recommended.

SPECIAL COMMITTEE ON THE GEORGE A. MILLER ESTATE

The Legal Counsel reported that the Executor of the estate of George A. Miller, deceased, and his attorney have been informed that certain heirs of the late Mrs. George A. Miller assert a claim against that estate arising out of an alleged agreement between Professor and Mrs. Miller relative to the disposition of a portion of their property upon the death of the survivor. The Legal Counsel recommended that a special committee of the Board be appointed before whom these claimants may appear to present their claims and any definite proposals they wish to submit.

On motion of Mr. Nickell, the following committee was appointed for this purpose: Mr. Wayne A. Johnston, Chairman, Mr. John R. Fornof, Mr. Wirt Herrick, Mr. R. Z. Hickman, and Mr. Park Livingston.

SECRETARY'S REPORT OF CONTRACT

The Secretary presented for record the following document signed by the President and the Secretary of the Board and deposited with the Secretary since the last report.

APPENDIX

**POLICY AND RULES RELATING TO COMPENSATION AND WORKING
CONDITIONS OF NONACADEMIC EMPLOYEES**
(Effective July 1, 1945 — With Revisions to April 1, 1952)

I. GENERAL POLICY

1. Every University of Illinois employee has a part in the educational and scientific effort of the University which can be best carried out only under a program of harmonious employee-employer relationships. The University strives to have happy, industrious employees who will give courteous, efficient service to all who have contact with it through them. To this end the University endeavors to provide working conditions and compensation comparable to those furnished by other employers in the community, keeping in mind that the University is a State institution receiving a major part of its financial support from taxes.

2. The University recognizes the principle of collective bargaining with respect to all nonacademic employees not in administrative positions as designated in section XV. The University will negotiate with any individual, group of individuals, or organization acting on behalf of any group of employees when such person or agency presents evidence that he or it represents more than 50 per cent of the employees of the group or classification employed by the University and that he or it is authorized to represent them. The determination of the appropriate unit for collective bargaining and of the majority representation in that unit shall be made by the Department of Labor of the State of Illinois in case of lack of agreement on these points.

3. Any employee will have the right to discuss with the Director of Nonacademic Personnel the terms of his employment or his working conditions, including his classification under the University Civil Service System of Illinois, but no individual agreement may be made which will violate the terms of an agreement reached by negotiation with the group of which he is a part.

4. No person or organization will be permitted to solicit membership in any organization with a University employee during the employee's working hours.

5. All nonacademic employees of the University are under the University Civil Service System of Illinois as governed by State law, and

are entitled to all the rights and subject to all the requirements of that law.

6. A permanent and continuous employee is an employee who has completed six months service in any classification or classifications in nonacademic employment. For this purpose a month of service shall be no less than twenty work days, excluding approved absences. A person employed regularly but on a part-time basis and fulfilling the above conditions will be considered a permanent and continuous employee.

7. The words "prevailing rate" when used herein shall be the cash wages paid generally in the locality in which the work is being performed to employees engaged in work of a similar character.

II. NEGOTIATION PROCEDURE

1. All proposals for establishment of, or changes in, rates of compensation, hours, or other subjects dealt with in sections III to V inclusive herein shall be submitted to the Office of Nonacademic Personnel. This office will secure all of the relevant facts, and will negotiate the proposals with employees concerned, or, in case of a collective bargaining unit, their duly constituted representatives, and with the University departments involved.

2. Employees appointed or elected to represent any employee groups in negotiations will be allowed full pay, at straight time rates only, for time required to be so spent during their regular working day or shifts. In no case will payment be made in accordance with the above provisions for any time beyond the close of the regular work day or shift. Other than as set forth in this section and in section XIII-6, payment will not be allowed for time spent in meetings or conferences except as these may be called or requested by recognized departmental authorities or as they may be approved by the Director of Nonacademic Personnel. Lists of all employees whose presence is desired at such meetings or conferences shall be submitted in advance to the Director of Nonacademic Personnel who shall be responsible for determining their representative status as above noted and for arrangements with their supervisors for them to be excused from work in their respective departments.

3. The Director of Nonacademic Personnel will have the responsi-

bility and authority to reach an understanding on behalf of the University in accordance with the terms of this Policy.

III. METHODS OF DETERMINING RATES OF COMPENSATION

1. The University will pay prevailing rates to all employees in any group when such a rate has been determined or can be determined by the University for that group under the following conditions: Such rates are to be paid only after they have been put into effect locally; they are effective from the date they have been made effective locally, provided that notice has been given the Director of Nonacademic Personnel before the expiration of a local agreement upon which the local prevailing rate is based; if notice is not given in accordance with the preceding condition, rates will become effective only from the date that notice has been given to the Director of Nonacademic Personnel that the rates are in effect locally; no retroactive pay shall be effective prior to the beginning of a biennium in which the rates are made effective by the University; if the local prevailing rate declines during a biennium, the University will follow such declines. Vacations, disability leave, retirement and death benefits are granted to prevailing rate employees only in accordance with sections VI to XI inclusive irrespective of local prevailing practice in these matters. In some classifications the University will pay rates below the prevailing rates during the probationary period of not to exceed six months. (Schedules are available showing the classifications subject to the prevailing rate rule. Changes in these schedules will be made only with the approval of the Director of Nonacademic Personnel. Employees concerned will be advised whenever such changes are made.)

A. Permanent and continuous employees and those employed in positions or in work which the University contemplates continuing for at least six months, but who have not yet completed six months service in any classification or classifications of nonacademic employment, in prevailing rate groups paid at hourly rates will be paid a monthly rate determined by multiplying the number of hours of the work year, which shall be uniform in all years, by the hourly rate and dividing by 12, as follows:

1. In those positions in which the work week is 40 hours, the monthly rate will be based upon a net of 255 work days (365 days per year less 52 Saturdays, 52 Sundays, and 6 holidays), or 2,040 hours per work year.
2. In those positions in which the regular work week is 44 hours, the monthly rate will be based upon a net of 281 work days (365 days

less 52 Sundays, one-half of 52 Saturdays or 26 days, and 6 holidays), or 2,248 hours per work year.

3. In those positions in which the regular work week is 48 hours, the monthly rate will be based upon a net of 307 days (365 days less 52 Sundays and 6 holidays), or 2,456 hours per work year.

B. Permanent and continuous employees in prevailing rate groups whose compensation is based on a monthly rate will be paid that monthly rate adjusted to provide for any difference in weekly working schedule which may exist between the University and local prevailing practice.

2. The University, through the Director of Nonacademic Personnel, will negotiate with any other group of employees, or their authorized representatives as defined in section I-2 hereof (in case of a collective bargaining unit), for the purpose of establishing rates that are mutually acceptable.

3. The University, through the Director of Nonacademic Personnel, will recommend to the Merit Board of the University Civil Service System of Illinois wage ranges and will be responsible for the determination of compensation within approved ranges of all nonacademic groups whose wages are not determined in accordance with 1 and 2 preceding. For employees in such groups the University will establish a compensation plan based on a job evaluation program in which rates shall be related to rates otherwise established for comparable services and paid for similar services by other employers.

4. —

A. The starting salary in every classification where the compensation lies between stated minimum and maximum rates instead of being a single fixed rate shall be determined by the Director of Nonacademic Personnel. In all those classifications where the maximum rate is \$250 per month or less, there shall be automatic increases at least once a year until the midpoint of the range of the classification is reached.

B. Each employee in the classification where the compensation lies between a stated minimum and maximum rate shall be fairly and impartially rated at least once each budgetary year. The plan of rating shall be available to all concerned, and the ratings of each employee shall be available to him.

C. Nonautomatic merit adjustments shall be determined by the Director of Nonacademic Personnel after full consideration of the employee's ratings, recommendations of supervisors, and the over-all University personnel policy.

IV. HOURS

1. The University recognizes work schedules as set forth in this section. Each employee classification is allocated to an appropriate work

schedule as to the work day and the work week, showing which work schedule applies to any specific classification. Changes in these schedules will be made as to prevailing rate groups when prevailing local practices change and the University is notified accordingly. Changes affecting other groups may be made by the Board on the recommendation of the Director of Nonacademic Personnel and the President. Employees in groups concerned will be notified of all such changes.

2. The work day of all groups unless herein specified shall be broken only by a lunch period of not more than one hour.

3. In those positions in which continuous seven-day service is required, Saturdays and Sundays (see section V) shall not be recognized as such, but as though they were regular work days. No employee will be required to work regularly seven consecutive days. Except as otherwise indicated in this section, the work week of all employees shall start on Monday.

4. The work schedules recognized are:

A. Eight-hour day, 40-hour week, five days, Monday through Friday.

B. Eight-hour day or four-hour half-day shift, 40-hour week:

1. Within the period Monday morning through Saturday noon.
2. Within the period Monday morning through Saturday inclusive.
3. Beginning time rotated to provide for seven-day service.

C. Eight-hour day and/or four-hour half-day shift, 44-hour week:

1. Within the period Monday morning through Saturday noon.
2. Within the period Monday morning through Saturday inclusive.
3. Beginning time rotated to provide for seven-day service.

NOTE: Employees now working on a basic 44-hour week and wishing to be permanently transferred to Plan B will be so transferred upon request to the Department Head who shall notify the Office of Non-academic Personnel of all such transfers. Employees now working under a basic 44-hour week and eligible for a month's vacation, who are thus transferred, will suffer no reduction in total weekly or monthly compensation as a result of such transfer.

D. Seven-and-one-half-hour day and three-and-one-half- to four-hour half-day shift, 37½-hour week, within the period Monday morning through Saturday inclusive.

NOTE: If three-and-one-half-hour Saturday morning shift is worked, it may be offset with either a three-and-one-half-hour morning or four-hour afternoon shift elsewhere in the work week.

E. Seven-and-one-half-hour day, Monday through Friday, three-and-one-half hours Saturday morning, 41-hour week, Monday through Saturday morning inclusive.

NOTE: Department heads may, with the concurrence of the Director of Non-academic Personnel, and to the extent departmental budgets permit, grant

requests of employees falling under Plan E to be permanently transferred to Plan D. Employees now working under a basic 41-hour week and eligible for a month's vacation who are thus transferred will suffer no reduction in total weekly or monthly compensation as a result of such transfer.

F. Eight-hour day, 48-hour week:

1. Beginning time rotated to provide seven-day service.
2. Mealtime allowed as part of eight-hour shift, beginning time rotated to provide seven-day service.

G. Twenty-four-hour shift, alternating days.

5. All time in excess of the units of hours constituting the work day and the work week is overtime, and will be compensated at time and one-half in cash unless under local prevailing practice a higher rate is paid, in which case the local prevailing practice will be followed. By mutual agreement between a department and an employee, an employee may work overtime with equivalent time off at straight time providing that this does not conflict with local prevailing practice. Any time thus allowed must be used in the vacation year as defined in section VII-1-B. In accordance with the provisions of the Illinois Women's Eight Hour law, no woman employee shall work more than nine hours in more than one day of a calendar week, provided that such excess over eight hours in that day shall be deducted from the subsequent regularly scheduled employment time of that calendar week or the next calendar week if such excess occurs on Saturday, and provided further that the total time of employment in no event shall exceed 48 hours in any one calendar week.

Exceptions: Graduate nurses, telephone operators, and employees engaged as a result of public emergencies, seasonal canning operations, etc., as defined in the Law.

6. Women employees shall be allowed rest periods of 15 minutes each half day at times to be arranged by supervisors within the work day.
7. Full-time employees may be permitted to enroll in academic classes in the University provided, if such enrollment is within regularly scheduled working hours, it is taken from regularly scheduled working hours and deduction is made from required schedule and from regular pay or time allowed for classes is made up in full or deducted from vacations. All such enrollments and the arrangements relating thereto are to be reported to the Director of Nonacademic Personnel, who shall submit a report of them to the Provost at least annually. Time in attendance on training programs or University classes, when requested by the department, shall not be deducted from the employee's

required schedules. (Conditions relating to registration and fees are covered in regulations of the Board of Trustees on those matters.)

V. SUNDAYS

As a general rule, University buildings will be closed and no work will be required on Sundays except as follows:

1. In those positions in which seven-day service is required, except as otherwise provided (see section IV-3), Sunday is not recognized as such but as a regular work day, and is offset by a seventh day off. (Schedules are available showing classifications in which such service is required.)
2. In all other cases, work on Sundays is overtime and will be compensated as provided in section IV-5.

VI. HOLIDAYS

1. Offices, laboratories, and shops will be closed and employees excused except in emergency and for necessary operations on the following legal holidays: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, and Christmas Day.

Permanent and continuous employees and those employed in positions or in work which the University contemplates continuing for at least six months, but who have not yet completed six months service in any classification or classifications of nonacademic employment, not in a prevailing rate group will be excused with full pay.

Employees in prevailing rate groups will be excused from work and will be compensated in accordance with the local prevailing practice, except those whose normal work schedules are such as to require regular holiday work in accordance with local prevailing practice. (See section III-1-A.)

2. In the event that work on any of the above holidays is required:
 - A. Prevailing rate groups will be compensated in accordance with prevailing practice.
 - B. Other employees, except administrative employees employed in classifications so listed under appropriate schedules, will be compensated at time and a half payable in cash in addition to regular compensation.
3. Suspension of work at other times will be only with the approval of the President of the University.

VII. VACATIONS

1. Vacations are granted only to permanent and continuous employees who complete not less than eleven consecutive months of service. In

the case of seasonal employees whose services are not required for eleven consecutive months, service shall be regarded as consecutive if (1) period of seasonal operations in which he is employed is at least six consecutive months; (2) the individual is employed for six consecutive months during the entire period of seasonal operations; and (3) the only breaks in employment are due to seasonal layoffs.

A. During the first year of service a proportionate part of the annual vacation will be granted based on the months of service of the employee completed to the date of vacation, subject to completion of not less than eleven consecutive months of service. In each succeeding year the employee will receive the annual vacation as set forth below. In the year in which the employee leaves the service of the University for any reason, including death, a proportionate part of annual vacation will again be granted.

B. Annual vacations may be taken during a one-year period extending from three months prior to the end of a full year of service to nine months after the end of a full year of service. Vacations shall not be cumulative but may be deferred at the request of the department or the employee with the concurrence of the department. Such deferred vacations shall be taken within the next succeeding twelve-month period. Extra pay in lieu of vacation will not be allowed. An employee's preference as to time of vacation will be considered but the University reserves the right to assign vacation periods. Holidays recognized by the University are not counted as part of a vacation.

C. A part-time continuous employee will receive the annual vacation provided for his classification at his usual pay. (For example, a person employed half-time in a position in which two weeks is the annual vacation allowance will be granted two weeks vacation at a salary based upon half-time.)

2. The University recognizes three vacation plans, as follows:

A. One calendar month vacation in each year of service. Department heads, with the concurrence of the Director of Nonacademic Personnel, and to the extent departmental budgets permit, may grant requests of employees falling under Plan A (excepting administrative employees) to be permanently transferred to Plan C.

B. Progressive vacation schedule: two work weeks in each of the first two years of service, three work weeks in each of the next two years of service, one calendar month in the fifth and each succeeding year of service.

C. Two work weeks vacation in each year of service.

Each employee classification is allocated to an appropriate vacation schedule, showing which vacation plan applies to any specific classification. Changes in these schedules will be made when approved by the Director of Nonacademic Personnel. Employees in groups concerned will be notified of all such changes.

VIII. DISABILITY BENEFITS**1. Disability arising out of and in the course of employment:**

A. Employees who suffer disability arising out of and in the course of their employment will receive compensation as determined by the University Committee on Accident Compensation for Employees in accordance with the provisions of the Workmen's Compensation Act.

B. Such employees may elect to use portions of allowances for disability provided under sub-section 2 hereof to supplement payments made under the Workmen's Compensation Act, provided that in no case during a period of disability shall total payments exceed the full compensation paid the individual at the time the disability occurred.

C. An employee entitled to disability benefits under the University Retirement System of Illinois may receive from that System only the difference between the benefits available from the Retirement System and the amount paid in accordance with the Workmen's Compensation Act.

2. Disability from any cause not arising out of and in the course of employment:

A. Each full-time permanent and continuous employee is entitled to a disability leave of two work weeks with pay in each year of service, no part of which shall be cumulative. Each permanent and continuous employee employed regularly but on a part-time basis is entitled to such fraction of two work weeks with pay as is represented by the relationship between this part-time employment and the full-time schedules in his classification. Any permanent and continuous employee or any person who is employed in a position or in work which the University contemplates continuing for at least six months, but who has not yet completed six months service in any classification or classifications of non-academic employment, who is disabled before completing his first year of service will be allowed the same proportionate amount of the two work weeks disability leave as the portion of the year completed.

B. In addition to the leave provided in the preceding paragraph, each full-time, permanent and continuous employee who has served for one full year is entitled to an extended disability leave of one work week for each year of service, cumulative to a total of ten work weeks, which shall be allowed to reaccumulate to this maximum through additional service after being used in part or in full. No reduction shall be made in accumulations for prior service earned before March 1, 1944. Each permanent and continuous employee employed regularly on a part-time basis is entitled to such fraction of one work week with pay as is represented by the relationship between this part-time employment and the full-time schedules in his classification.

C. Disability benefits available to employees shall be used in the following order: (a) the two work weeks disability leave, (b) vacation to which entitled *when requested by the employee*, (c) extended disability leave, as provided in the preceding paragraph.

D. An employee when disabled may continue to receive full pay until

the two work weeks disability leave and his accumulated extended disability leave are exhausted. If an employee elects to receive disability benefits under the University Retirement System of Illinois before he has exhausted his extended disability leave, he will receive no payments from the University of Illinois during the period that disability benefits are received from said Retirement System.

3. Other disability benefits:

A. Persons under University Retirement System:

1. All persons permanently and continuously employed by the University must become participants in the University Retirement System of Illinois established by a special act of the General Assembly approved July 21, 1941. A deduction of 5 per cent is made from each payment of salary or wage to every participant in the system. This contribution is placed to the credit of the individual and draws interest (at 3 per cent at this date) which is added to his contribution. The total accumulations with interest may be withdrawn by the individual on his separation from University employment.

2. Disability benefits from the System are payable to any participant for mental or physical disability arising from any cause as a result of which the individual is unable to perform the duties of his position. Benefits begin 60 days after the beginning of the disability, provided an application has been filed and salary is suspended. Benefits amount to 50 per cent of the earnings at the time disability occurred and continue during disability until the total paid is 50 per cent of the total earnings during service credited in the Retirement System.

4. The University reserves the right to require acceptable evidence of disability before allowing any disability benefits whatsoever.

IX. LEAVES OF ABSENCE

1. Leaves of absence without pay for reasons other than disability, as covered in section VIII, may be granted by the University through the Director of Nonacademic Personnel when in his judgment the recommendations are reasonable and have the approval of the supervisor of the employee.

2. Leaves of absence with pay on account of death or illness of relatives may be granted by the Director of Nonacademic Personnel to the extent considered reasonable and necessary in each case, taking into consideration length of service, condition of work in the department, previous leave granted the employee, and recommendation of department head. Such leaves when granted shall be charged against the employee's annual disability leave in accordance with section

VIII-2-A, unless otherwise approved by the Director of Nonacademic Personnel.

3. Leaves of absence for jury or witness service and to serve in the State Militia shall be granted when employees are called for such service. Pay for such leaves will be computed as the difference between the amount paid for the service and the regular full-time salary or wage of the person on such leave.

4. Leaves of absence without pay for service in the armed forces of the United States shall be granted when an employee enlists in or is inducted into such service. Such an employee will be restored to his former position, or, at the discretion of the University, to one of similar requirements and compensation, if: his discharge is under conditions other than dishonorable; he requests re-employment within 90 days after his discharge; he is qualified to perform the duties of his position. If, as a result of service in the armed forces, he is not physically or mentally qualified to perform the duties of any such position, the University will offer him employment in a position which his physical and mental condition permits him to perform, at the rate of compensation provided for that position.

5. Leaves of absence for other approved work may be granted on request by the President of the University and extended at his discretion. A person receiving such a leave will have the right to return to his former position at the termination of his leave provided he is in a satisfactory physical and mental condition to resume the duties of the position, and provided the position has been continued during his absence. If the position has been discontinued the person on leave will be eligible to appointment to any position in his classification which becomes vacant at or subsequent to his return.

X. RETIREMENT BENEFITS*

1. Participants in the University Retirement System are retired on September 1 following their 68th birthday unless deferment is approved by the University. Under certain conditions, persons employed prior to September 1, 1941, may request retirement after age 65 and

* These provisions are summaries of the benefits payable under the University Retirement System Act.

if retired with 25 or more years of service receive the same annuity which would be paid at 68. Participants may elect to retire at any time after age 60 or with the approval of the University and of the Retirement Board between the ages 55 and 60. Retirement in such instances is at a reduced annuity.

Interrupted employment. Employees who are participants in the Retirement System and whose employment is irregular maintain their participation in the Retirement System during the period of employment. At any time that employment is terminated, the employee may withdraw his contributions to the System plus interest; or he may leave his contributions on deposit, in which case, if he is again employed, contributions and benefits will be resumed and accumulated benefits of all kinds restored as of the date employment ceased.

XI. DEATH BENEFITS*

1. For employees participating in the Retirement System a death benefit approximately equal to one year's salary, not less than \$2,000 or more than \$5,000, is payable by the Retirement System, if the beneficiary is dependent upon the participant. Otherwise the death benefit will be the employee's accumulated contributions. After retirement a death benefit is payable equal to whichever of the following is the greatest:

A. The accumulated employee contributions, including interest, at the time of retirement less the sum of all annuity payments prior to the date of death;

B. Six times the monthly Supplemental Annuity paid for service prior to September 1, 1941;

C. \$500.

2. For persons not in the Retirement System, a death benefit of \$500 is payable by the University after six months service. Such benefit may be reduced by payments made on account of the State Workmen's Compensation Act or a death benefit in excess of contributions paid by any tax supported retirement system of the State of Illinois or by the Federal Civil Service Retirement System.

3. In accordance with section VII-1-A, payment will be made for any accumulated unpaid vacation allowances.

* These provisions are summaries of the benefits payable under the University Retirement System Act.

XII. REPORTS OF ABSENCES AND OVERTIME

1. Every absence of one hour or more of any nonacademic employee is to be reported by the department to the Office of Nonacademic Personnel on forms provided by it.
2. All overtime to be compensated by time off shall be reported by the department to the Office of Nonacademic Personnel on forms provided by it.

XIII. GRIEVANCES

Grievances shall consist of all matters of dispute affecting the employer-employee relationships excepting those set out in sections III to IX inclusive, other than questions of interpretation of those sections or their applications to individual cases and except as stated in paragraph 5 of this section. If any employee has a grievance which he desires to have considered, he shall present it in the following manner:

1. The employee, or, if he is a member of a collective bargaining unit, his authorized representative, shall submit the matter in writing to his immediate supervisor or to his next higher ranking supervisor within two work days. The supervisor shall answer the grievance in writing not later than two work days after it is presented to him. If the grievance is not presented within two work days as provided herein, the right to have it considered is thereby waived. If the supervisor fails to answer the grievance within two work days, it shall be considered settled in favor of the employee.
2. If the employee, or in case of a collective bargaining unit his authorized representative, is not satisfied with the decision of his immediate supervisor, the grievance shall then be presented in writing by the employee or his authorized representative to the next ranking supervisor. Such grievances must be presented by the employee or his representative within five work days after the date of the immediate supervisor's answer in the previous step of the grievance procedure unless the next ranking supervisor agrees that more time is needed to obtain necessary information. That supervisor shall answer any grievance in writing within five work days from the date the grievance was presented to him unless the employee agrees that more time is needed to obtain necessary information.

Any decision which is not appealed by the employee or his authorized representative within five work days shall be considered settled and binding on the employee and the University. Failure of the supervisor to answer the grievance within five work days after that appeal is presented to him shall be considered a decision in favor of the employee.

3. If the decision of the supervisor under paragraph 2 is not satisfactory to the employee, the grievance, together with the written record of the case, shall be referred by the employee or his authorized representative to the Director of Nonacademic Personnel for decision. Before reaching a decision, the Director of Nonacademic Personnel shall discuss the grievance with the employee or his authorized representative and the administrative head involved.

4. If the decision of the Director of Nonacademic Personnel is not accepted by the employee, the case, on request of the employee, shall be referred to a board of arbitration. The board of arbitration shall be composed of two representatives appointed by the University, two appointed by the employee or his authorized representative, and a fifth chosen by those four. A decision approved by any three of the board of arbitration shall be accepted by the employee and the University Board of Trustees as a final settlement of the grievance.

5. Cases of suspension or cases arising under section III-4-C may be appealed by or on behalf of an employee in accordance with paragraphs 1 to 3 of the foregoing procedure. The Director of Nonacademic Personnel is authorized to make final decision in such cases.

6. Time spent by an employee or his representative, if the representative is a University employee, or both, in settling grievances shall be paid for in accordance with the provisions of section II-2. If an organized group is involved, it is understood that the term "representative" may include a steward or grievance committee or both from the employee group concerned, but from that group only, in so far as payment for time is concerned. In no case, however, shall any employee leave his post or duty without the knowledge of and permission from his foreman or immediate supervisor, which permission shall normally be given, subject to necessary emergency exceptions.

7. The procedure relating to discharge shall be handled in accordance with the civil service law which entitles the employee on his

request to a hearing by or before the Merit Board or by or before some officer or body appointed by the Merit Board.

8. The term "work day" as used in this section shall not include days on which the employee or supervisor is absent because of disability, vacation, or other authorized leave.

XIV. SENIORITY

Employees shall acquire seniority rights retroactive to date of employment after the completion of the probationary period of six months as provided in the University Civil Service Rules. Seniority shall be by length of service in the promotional line; and seniority rights shall be limited to the locality in which the work is performed, that is Urbana, the Chicago Professional Colleges, the Chicago Undergraduate Division, the Agricultural Experiment Station at Dixon Springs, Robert Allerton Park, Division of Services for Crippled Children, and any other locations which now are, or may be, established by the University. If an employee is on disability leave, or is on leave for service in the armed forces of the United States, the tenure for seniority will continue as though he were continuously employed. If the employee is laid off for lack of work, or if a leave, other than a disability leave or for service in the armed forces of the United States, is granted at the request of the employee, seniority will be based on the actual months of service in the promotional line.

If an employee accepts a position in a classification outside the promotional line, he may be given a leave for one year from his old classification in order that he may preserve seniority for the months of service in the promotional line of which that classification is a part. After one year's service in the classification outside the promotional line, the employee's continuation in that classification will be deemed a waiver of seniority rights in the old promotional line.

XV. ADMINISTRATIVE EMPLOYEES

The Director of Nonacademic Personnel, on the advice of department heads, may designate certain nonacademic classifications as administrative. Classifications covered by the provisions of collective bargaining agreements shall not be considered for such designation. Compensation for employees in administrative classifications shall be determined within approved salary ranges entirely by the University. They shall

not receive additional cash compensation for services in excess of the work week normally required in the position. They shall receive vacations of one month for each year of service. Advancement shall be based solely on merit as recommended by department heads except as general increases are granted to all employees subject to the provisions of section III-3 and 4.

XVI. NOTICES OF EMPLOYMENT

Notices of employment in all nonacademic classifications shall be issued by the Director of Nonacademic Personnel at the beginning of employment. These notices shall continue in effect until employment is terminated, or conditions of employment are changed, in which case a superseding notice will be issued. Such notices shall state the classification, compensation, effective date, and other conditions affecting the employment.

XVII. ADMINISTRATION OF POLICIES AND RULES

Responsibility for the administration of the policies and rules as set forth herein is vested in the Director of Nonacademic Personnel under the executive authority of the President of the University.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

April 24, 1952

The April meeting of the Board of Trustees of the University of Illinois was held in the LaSalle Hotel, Chicago, Illinois, on Thursday, April 24, 1952, beginning at 4:00 p.m.

The following members were present: Mr. John R. Fornof, Mr. Harold E. Grange, Mr. Wirt Herrick, Mr. R. Z. Hickman, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Vernon L. Nickell, Mrs. Frances B. Watkins. Mr. Herbert B. Megran and Governor Adlai E. Stevenson were absent.

Also present were: President George D. Stoddard, Provost C. R. Griffith, Vice-President A. C. Ivy, Mr. J. F. Wright, Director of Public Information, Mr. E. L. Stouffer, University Architect, Mr. W. H. Binford of Pace Associates, Architects for the East Dentistry-Medicine-Pharmacy Building, Mr. Lloyd Morey, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary of the Board.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of February 22, 1952, press proof copies of which were sent to all members of the Board in advance of this meeting.

On motion of Mr. Johnston, these minutes were approved as printed on pages 1335 to 1402, inclusive.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following recommendations and reports from the President of the University.

APPOINTMENTS TO THE 1952 SUMMER SESSION STAFF

(1) I submit recommendations for appointments to the faculty for the 1952 summer session. The appointments and the budget provide for an eight-week session at Urbana-Champaign and at the Chicago Undergraduate Division, and for a small amount of instruction at the Chicago Professional Colleges.

Salaries of members of the faculty recommended for appointments to the summer session staff are computed on the basis of two-ninths of the salary of the academic year for two months of summer service in accordance with the terms of employment of the academic staff as authorized by the Board of Trustees.

The budget totals \$515,000 for Urbana-Champaign, including a reserve of \$3,644 to be assigned on recommendation of the Dean of the Summer Session in terms of enrollment demands, and \$88,500 for Chicago, including \$1,067 for the Chicago Professional Colleges, and a reserve of \$3,859 to be assigned on recommendation of the Dean of the Undergraduate Division.

The proposed 1952 summer session budget is \$16,393 more than the 1951 budget. This is accounted for by carrying over to the summer session the general salary increases granted for the current biennium.

I recommend that the appointments to the summer session staff and the reserve for unassigned salaries be approved as submitted and that the President of the University be authorized to accept resignations and to make such changes, adjustments, and additional appointments as are necessary, in accordance with the needs of the University and within estimated income.

On motion of Mr. Nickell, these recommendations were approved.

LEAVE OF ABSENCE FOR PROFESSOR GORDON N. RAY

(2) Professor Gordon N. Ray, Head of the Department of English, has requested a leave of absence without pay for the academic year 1952-1953 so that he may accept an appointment as a Visiting Professor at New York University. He has been invited to be the first occupant of the newly created "Henry W. and Albert A. Berg Chair of English and American Literature" at New York University.

I have approved this leave and request confirmation of my action. I also recommend that

Dean Henning Larsen of the College of Liberal Arts and Sciences be appointed Acting Head of the Department of English for the academic year 1952-1953. He was head of that department before he became dean.

Professor A. Lionel Stevenson, Head of the Department of English at the University of Southern California, be appointed Visiting Professor of English for the academic year 1952-1953 at a salary of \$9,500. He is a distinguished authority on the English novel and the Victorian period in English literature, which is in Professor Ray's field of teaching and scholarship. He will take over the latter's courses, and will also do other teaching during the year.

On motion of Mr. Herrick, this leave was confirmed and the appointments recommended were approved.

APPOINTMENTS TO THE FACULTY AND TO NONACADEMIC STAFF

(3) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. KENNETH ARTHUR BUSH, Assistant Professor of Mathematical Statistics, Department of Mathematics, beginning September 1, 1952, at an annual salary of \$5,700 (D).

2. MARVIN FRANKEL, Research Assistant Professor, in the Bureau of Economic and Business Research, beginning April 16, 1952, at an annual salary of \$6,000 (DY).

3. SHERMAN PAUL, Assistant Professor of English, beginning September 1, 1952, at an annual salary of \$5,300 (D).

The Director of Nonacademic Personnel reports the following appointments to supervisory positions of upper level responsibility:

1. JOHN L. ALLEN, Chief X-Ray Technician, Research and Educational Hospitals, Chicago, beginning February 7, 1952, at a salary of \$4,140 per year.

2. JAMES EDWARD HARMON, Junior Assistant to Legal Counsel, beginning February 20, 1952, at a salary of \$4,200 per year.

3. MARY ELIZABETH JONES, Secretary to the Dean, College of Commerce and Business Administration, beginning February 1, 1952, at a salary of \$4,600 per year.

4. ELSA B. MATHIS, Assistant Food Production Manager, Illini Union, beginning March 17, 1952, at the rate of \$2,025 per year ($\frac{3}{4}$ time).

5. RAY E. MURRAY, Architectural Superintendent, Chicago Physical Plant, beginning March 3, 1952, at the rate of \$7,200 per year.

6. HAROL H. NEES, Assistant to the Superintendent of Buildings and Grounds, beginning February 1, 1952, at the rate of \$5,500 per year.

7. ANNA MARIE SCHICHT, Dietitian, Research and Educational Hospitals Dietary Department, beginning February 18, 1952, at a salary of \$3,216 per year.

On motion of Mr. Nickell, these appointments were confirmed.

CHANGE IN REQUIREMENTS FOR ADMISSION TO CURRICULUM IN INDUSTRIAL DESIGN

(4) The requirements for admission to the curriculum in Industrial Design in the College of Fine and Applied Arts include one and one-half units of algebra and one unit of plane geometry. The University Senate recommends that this requirement be discontinued effective September 1, 1952.

I concur.

On motion of Mr. Hickman, this recommendation was approved.

ASSIGNMENT OF UNIVERSITY HOUSING TO STUDENTS

(5) Assignments of quarters in the temporary housing for men and for married students are made in accordance with a policy adopted by the Board of Trustees on January 31, 1946. Since these buildings were secured from the United States Government for the housing of returning war veterans, we complied with the federal regulations then in effect. At that time there were more applicants for housing, especially for family quarters, than could be accommodated.

The buildings have now been given to the University and the federal regulations no longer govern their use. The policy, however, does not permit the Housing Division to assign family quarters to nonveterans even though units may be vacant and nonveterans may be in need of such facilities.

The Director of Housing, the Dean of Students, the Director of the Physical Plant, and the Comptroller recommend that the regulations governing temporary housing be revised as indicated below.

I concur.

Revised Regulations for Assignment of Temporary Family Housing Units

1. Veterans of the armed forces of the United States on terminal leave or final furlough or those holding an honorable discharge from some branch of the armed forces will be given preference in the assignment of housing units in this project.

2. Only those applicants will be considered who have previously been enrolled as students in the University of Illinois, or who have qualified for admission.

3. Residents of the state of Illinois or applicants registered in the University at the time they were called into the armed forces will be given preference in the assignment of housing units.

4. Married applicants will be given preference over those who are unmarried.

5. Families with children will be given preference over those without children.

6. Applicants who have established a satisfactory record in the University of Illinois will be given preference in the assignment of units.

7. Other factors being equal, married veterans with physical disabilities will be preferred over those who are not disabled.

8. Other factors being equal, older applicants will be given preference over those who are younger.

9. Length of military service will be considered in the assignment of houses.

10. Applications will be accepted beginning April 1 for housing during the summer session, July 1 for housing during the fall semester, and December 1 for housing during the spring semester.

11. In the final selection, the total qualifications of the applicant will be considered. Eligibility on the basis of any one criterion will not assure the assignment of a housing unit.

On motion of Mr. Nickell, these revised regulations were approved.

ACQUISITION OF LAND FOR CHICAGO PROFESSIONAL COLLEGES CAMPUS

(6) On June 25, 1949, the Board of Trustees authorized the acquisition of certain properties in Chicago needed for the expansion of the Chicago Professional Colleges campus. It was also recommended at that meeting that the Vice-President in charge of the Chicago Professional Colleges be authorized to negotiate with the Medical Center Commission to acquire land for subsequent transfer to the University.

The Commission has purchased for the University three properties not included in the acquisitions previously authorized by the Board. They are properties which the University needs:

<i>Location</i>	<i>Cost to Commission</i>
1825 West Taylor Street	\$ 780 49
1720 West Taylor Street	757 03
1722-24 West Taylor Street	1 513 76

The properties at 1720-24 West Taylor Street were needed as a construction yard by the contractor for the Medical Center Steam Plant. Since the completion of the Plant the construction building has been used for storage by the University.

These properties have been transferred to the University, and the Medical Center Commission has been reimbursed from the state appropriation made for land for the biennium of 1949-1951. At the time of this transaction the Board had not explicitly authorized by record vote, as required by the By-Laws, the acquisition of these properties. The Comptroller, therefore, requests confirmation of this transaction.

I concur.

On motion of Mr. Fornof, this transaction was confirmed by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Megran, Mr. Stevenson.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(7) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

From the General Reserve fund:

Department of Electrical Engineering, construction of equipment for research	\$15 000
Physical Plant Department, remodeling in Noyes Laboratory of Chemistry	20 000

From nonrecurring funds, Chicago Professional Colleges:

College of Dentistry, repair and rehabilitation of dental units	3 600
Department of Otolaryngology, equipment (electroencephalograph)	4 000
	<u>\$42 600</u>

I concur.

On motion of Mr. Nickell, these appropriations were made by the following vote: Aye, Mr. Fornof, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Megran, Mr. Stevenson.

CONTRACT FOR GRAIN STORAGE BUILDING AT WRIGHT FARM

(8) The Dean of the College of Agriculture and the Comptroller recommend award of a contract for \$3,735.88 to the Alexander Lumber Company, Shabbona, Illinois, the lowest bidder, for the construction of additional storage space for corn and small grain on Wright Farm No. 6 in DeKalb County.

Funds are available for the contract from farm income.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Grange, this contract was authorized.

REMODELING IN ADMINISTRATION BUILDING

(9) The Board of Trustees has made an appropriation for remodeling and relocation of offices in Illini Hall and in the Administration Building. Part of this is for remodeling on the second floor of the Administration Building (East) to provide more space for the Purchasing Division of the Business Office. The Comptroller and the Director of the Physical Plant recommend that the general work be done under the University's standing cost-plus contract with Clyde E. Gates, Champaign, for minor alterations and repairs for 1951-1952. The estimated cost is \$5,366.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

**CHANGE IN CONTRACT FOR ARCHITECTURAL SERVICES ON
EAST DENTISTRY-MEDICINE-PHARMACY BUILDING**

(10) The change in plans for the construction of the East Dentistry-Medicine-Pharmacy Building, authorized by the Board of Trustees to keep the total cost of the Building within the state appropriation, required additional architectural services. On November 23 the Board authorized an increase of \$11,000 in the contract with Pace Associates for the additional work to cover actual costs, including services of designers and draftsmen, plus an overhead charge of 20 per cent. This was based on the best estimate that could be made of the cost of the additional work. Pace Associates now report that the actual cost of the additional work was \$16,582.27.

In the judgment of Physical Plant Department officers, all the additional work done by Pace Associates was necessary to complete the changes in plans and specifications. Accordingly, the Director of the Physical Plant and the Comptroller recommend an additional increase of \$5,582.27 in the contract with Pace Associates for architectural services. Funds are available in the state appropriation for this Building and have been released by the Governor.

I concur and recommend that the Comptroller be authorized to execute a change in this contract.

On motion of Mr. Johnston, this contract change was authorized.

**ASSIGNMENT OF CONTRACT WITH PERRY CONSTRUCTION
COMPANY, INC., FOR REMODELING WORK**

(11) The Perry Construction Company, Inc., Chicago, has a contract for \$77,950 for remodeling quarters in the Dentistry-Medicine-Pharmacy Building for the Department of Otolaryngology.

Mr. Russell Mansfield of this contracting firm is severing his association with it and as part of the severance agreement the Perry Construction Company, Inc., is assigning this contract, along with others, to him, including the one with the University.

The Director of the Physical Plant and the Comptroller recommend ac-

ceptance of the assignment. The form of the assignment has been checked and approved by the Legal Counsel's office. The Perry Construction Company, Inc., will remain as a contracting party and assumes jointly with Mr. Mansfield responsibility for the execution of the work. The bonding company has accepted both as co-principals under the bond.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

PATENTABLE DISCOVERIES

(12) The University Patent Committee submits the following reports and recommendations relating to potentially patentable discoveries:

1. Messrs. E. C. Jordan, H. D. Webb, and T. R. O'Meara of the Department of Electrical Engineering, in connection with their research on radio direction finding for the Office of Naval Research, have invented radio direction finding equipment which may be of interest to the armed services.

The personnel engaged in this research believe the invention would have little commercial value. Since this work was supported by the Office of Naval Research, the University Patent Committee recommends that the University declare its intention not to seek patent protection on the invention and to release all rights to the Office of Naval Research.

2. Professor H. F. Johnstone of the Division of Chemical Engineering has worked on some interesting modifications of a development designed for the recovery of sulphur dioxide from dilute gases.

Professors Adams and Marvel of the Department of Chemistry are both of the opinion that these inventions, which are improvements and not original developments, should not be patented by the University since no remuneration could be expected commensurate with the expense involved in securing patent coverage. At an earlier date the University secured twelve patents on processes for the recovery of sulphur dioxide, but these patents later proved of no value to the University. The University Patent Committee recommends that the University release the rights to the sulphur dioxide discoveries to the inventor.

3. Messrs. Grant Fairbanks and R. P. Jaeger of the Department of Speech and Dean W. L. Everitt of the College of Engineering have invented a device for time compression of acoustical signals which will make it possible to reproduce connected speech in less time than the original speaking time and still retain intelligibility and fidelity. This device appears to have sufficient utility to warrant patent coverage by the University.

The University Patent Committee has investigated the matter and recommends that the Board of Trustees authorize patent applications for the device and for general types of use in connection with radio broadcasting and civilian and military communication systems.

I concur.

On motion of Mrs. Holt, these recommendations were approved.

ILLINI FOREST PLANTATION

(13) The Department of Forestry is developing a tree plantation on forty acres of the McCullough Farm recently purchased by the University. The Department wishes to have this area designated as the "Illini Forest Plantation," and I so recommend.

On motion of Mr. Fornof, this recommendation was approved.

ANNUAL REPORT OF THE TREASURER

(14) In accordance with Article VI, Section 4, of the By-Laws of the Board of Trustees, the Treasurer of the University has submitted a report of receipts and disbursements of University funds for the period March 1, 1951, through February 29, 1952, certified by the Comptroller.

This report was received for record and a copy has been filed with the Secretary of the Board.

INCREASE IN THE WORKING CASH FUNDS

(16) On July 1, 1948, the Board of Trustees authorized a Working Cash Fund of \$20,000 for the Chicago Professional Colleges and a similar fund of \$10,000 for the Chicago Undergraduate Division.

The volume of transactions at the Chicago Undergraduate Division and the increase of activities at the Chicago Professional Colleges makes it difficult to operate within these limits. The Comptroller recommends that the Working Cash Fund at the Chicago Undergraduate Division be increased to \$12,000 and the Fund at the Chicago Professional Colleges be increased to \$30,000.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

PURCHASES

Purchases Authorized

(17) The following purchases were authorized by the President's Office on the recommendations of the Director of Purchases and the Comptroller.

On motion of Mr. Grange, these purchases were authorized.

BEQUEST OF NEAL D. REARDON

(18) The University has now received from Mr. C. C. Reardon, Executor, payment in full of the following bequest made by the late Neal D. Reardon of Delavan, Illinois:

"I direct that Five Thousand (\$5,000.00) Dollars be given in trust to the college of agriculture, University of Illinois, to found a scholarship, the income to be used annually or otherwise to assist some worthy student who may specialize in soil building, this fund to be known as the Bryan Reardon and Bryan Reardon, Jr. Scholarship in memory of my father and brother who lived as cultivators of Tazewell County, Illinois prairie land."

The Business Office was authorized to accept this bequest and I am now reporting it for record.

On motion of Mr. Johnston, acceptance of this bequest was confirmed.

GIFTS AND GRANTS RECEIVED BY THE UNIVERSITY

(19) The following gifts and grants of funds received by the University have been accepted by the President in accordance with the statutory procedure and are now being reported for official record.

*For the Colleges and Schools at Urbana-Champaign**A. Undergraduate Scholarships, Prizes, and Other Financial Aids*

1. Advertising Executives Club, Chicago, \$150 for a scholarship in journalism.
2. Air Foundation, Inc., Cleveland, Ohio, \$1,000 for four scholarships in aeronautical engineering.

3. Mr. Robert Allerton, Hawaii, \$800 for the continuation of the Robert Allerton Traveling Scholarships in Architecture for 1952.

4. The American Legion Auxiliary, Department of Illinois, \$1,000 for an Illinois American Legion Pan-American Scholarship for a one-year period of study at a Latin-American university to be awarded to a veteran who served in World Wars I or II or in Korea, or to a child of such a veteran, academic year 1952-1953. The purpose of the scholarship is to promote good will between Latin-American countries and the United States, to develop interest in educational exchanges, and to afford a veteran or the child of a veteran an opportunity to broaden his education. The recipient will be selected by the University Committee on Special Undergraduate Scholarships.

12. Illinois Federation of Women's Clubs, Third District, \$60 to be added to the Third District Fund for scholarships in occupational therapy.

13. Illinois Mining Institute, \$200 for scholarships in mining engineering for the academic year 1951-1952.

14. John Morse Memorial Foundation, Chicago, \$3,000 for six scholarships in mechanical and electrical engineering (\$500 each) for the academic year 1951-1952.

15. Junior Women's Advertising Club of Chicago, \$60 for a scholarship in journalism for the academic year 1951-1952.

16. Old Ben Coal Company, \$200 for scholarships in mining engineering for the academic year 1951-1952.

17. Peabody Coal Company, \$1,600 for eight scholarships (\$200 each) in mining engineering for the academic year 1951-1952.

18. Sigma Delta Chi Honorary Journalism Fraternity, \$400 for undergraduate scholarships.

19. Sinai Temple Congregation of Champaign-Urbana, \$50 for a scholarship in music.

20. University of Illinois Foundation, Urbana:

a. \$7,500 for Illini War Memorial Scholarships.

b. \$388.48 from the Class of 1951 for undergraduate scholarships.

21. Mr. William R. Mathews, Class of 1917, \$207 for student aid.

22. Mother's Association of the University, \$100 to needy students.

23. The Payne Fund, New York, New York, \$1,750 for continuation of communications awards.

24. Pi Beta Phi Local Alumni, \$100 to needy students.

25. Residents of Lincoln Avenue Residence Hall, \$200 to needy students.

26. Mr. and Mrs. Ansley W. Sawyer, Buffalo, New York, \$250 to the College of Fine and Applied Arts for making color plates of a painting by Vasileff.

27. Woman's Group System, \$500 to needy students.

Total, Undergraduate Scholarships, Prizes, and Other Financial Aid. \$31,100.48

B. Funds for Graduate Fellowships and Research

28. Allied Chemical and Dye Corporation, New York, New York, \$2,400 for renewal of two fellowships in chemistry (\$1,200 each) for the academic year 1951-1952.

29. Anonymous, \$2,500 for a fellowship to a foreign student, in the Department of Architecture, for the academic year 1952-1953.

30. Armour and Company, Chicago, \$3,000 for two fellowships in food technology (\$1,500 each) for the academic year 1952-1953.

31. Baroid Sales Division, National Lead Company, Houston, Texas, \$1,500 for renewal of a fellowship in geology for the academic year 1951-1952.

32. The California Company, New Orleans, Louisiana, \$1,250 for a fellowship in geology for the academic year 1952-1953.

33. Commercial Solvents Corporation, Terre Haute, Indiana, \$3,600 for a fellowship in chemistry for the academic year 1952-1953.

34. General Aniline & Film Corporation, New York, New York, \$1,395.63 for renewal of a fellowship in chemistry for the academic year 1951-1952.

35. Illinois Clay Products Company, Joliet, \$2,000 for renewal of a fellowship in geology for the academic year 1951-1952.

36. Lakefield Nepheline Syenite, Columbus, Ohio, \$1,600 for renewal of a fellowship in ceramic engineering for one year beginning the second semester of the academic year 1950-1951.

37. Lindsay Light & Chemical Company, West Chicago, \$1,200 for renewal of a fellowship in chemistry, 1952-1953.

38. Monsanto Chemical Company, St. Louis, Missouri, \$2,000 for renewal of a fellowship in chemistry for the academic year 1951-1952.

39. Motorola Incorporated, Chicago, \$750 for renewal of the Galvin Fellowship in Electrical Engineering for the academic year 1952-1953.

40. Olin Industries, Inc., East Alton, \$2,000 for renewal of a fellowship in chemistry for the academic year 1952-1953.

41. The Edward Orton Jr. Ceramic Foundation, Columbus, Ohio, \$1,200 for renewal of a fellowship in ceramic engineering for the academic year 1951-1952, and \$600 for a fellowship for the second semester of 1951-1952.

42. Pan American Refining Corporation, Texas City, Texas, \$1,600 for renewal of a fellowship in chemical engineering for the academic year 1952-1953.

43. Pittsburgh Consolidation Coal Co., Library, Pennsylvania, \$1,800 for renewal of a fellowship in chemical engineering for the academic year 1951-1952.

44. Radio Corporation of America, New York, New York, \$2,700 for a fellowship in electrical engineering for the academic year 1951-1952.

45. Rohm and Haas Company, Philadelphia, Pennsylvania, \$1,200 for renewal of a fellowship in chemistry for the academic year 1951-1952.
46. St. Louis Regional Planning and Construction Foundation, \$500 for a fellowship in city planning, Department of Architecture, for the academic year 1952-1953.
47. Sinclair Refining Co., New York, New York, \$2,500 (\$900 plus \$1,600 unexpended balance) for renewal of a fellowship in chemistry, 1951-1952, and \$2,500 for renewal of a fellowship in chemistry, 1952-1953.
48. Socony-Vacuum Laboratories, Paulsboro, New Jersey, \$2,000 for renewal of a fellowship in chemistry for the academic year 1952-1953.
49. Standard Oil Company of Indiana, Chicago:
 - a. \$1,500 for renewal of a fellowship in chemical engineering, 1951-1952.
 - b. \$3,000 for renewal of a fellowship in chemistry, 1951-1953.
 - c. \$1,500 for renewal of a fellowship in mechanical engineering, 1951-1952.
50. Henry Strong Educational Foundation, Chicago, \$600 for renewal of a fellowship in physics, chemistry, or engineering for the academic year 1951-1952.
51. Titanium Alloy Manufacturing Division, National Lead Company, Niagara Falls, New York, \$2,000 for renewal of a fellowship in ceramic engineering for the academic year 1951-1952.
52. University of Illinois Library School Association, \$600 for the Katharine L. Sharp fellowship for the academic year 1951-1952.
53. The Visking Corporation, Chicago, \$2,750 for the continuation of a fellowship in chemistry for the second semester of 1951-1952 and the academic year 1952-1953, and \$2,000 for a fellowship in chemical engineering for the academic year 1952-1953.
54. Western Cartridge Company, Division of Olin Industries, East Alton, \$2,500 for a fellowship in chemistry for the academic year 1952-1953.
55. Westinghouse Educational Foundation, Pittsburgh, Pennsylvania, \$2,000 for renewal of a fellowship in electrical engineering for the academic year 1952-1953.
56. American Cyanamid Company, New York, New York, \$600 to the Department of Agronomy to continue study of the effect of chemicals on the defoliation of plants.
57. Chapman Chemical Company, Memphis, Tennessee, \$300 to the Department of Agronomy for research on defoliation of plants.
58. Columbia-Southern Chemical Corporation, Pittsburgh, Pennsylvania, \$500 to the Department of Agronomy for a study of weed control.
59. Dow Chemical Company, Midland, Michigan, \$1,500 to the Department of Agronomy for a study of herbicides.
60. The Engineering Foundation, New York, New York, \$8,600 for research on riveted and bolted structural joints by the Engineering Experiment Station in cooperation with the Research Council on Riveted and Bolted Structural Joints.
61. B. F. Goodrich Chemical Company, Cleveland, Ohio, \$400 to the Department of Horticulture for research on the control of diseases of certain crops.
62. John Simon Guggenheim Memorial Foundation, New York, New York, \$4,800 for research by Professors W. C. Rose, C. S. Vestling, H. G. Drickamer, and H. R. Snyder of the Department of Chemistry, to be paid in installments over a period of years. To date \$15,000 has been received. These are grants to the scientists named to assist them in their research.
63. Illinois Seed Producers Association, \$4,800 to the Department of Agronomy for corn research.
64. Inter-University Labor Education Committee, \$5,000 (funds supplied by the Ford Foundation) for participation of the Institute of Labor and Industrial Relations with other universities in labor education programs.
65. Merrill Foundation for Advancement of Financial Knowledge, Inc., New York, New York, \$20,000 to continue research on expectations and business fluctuations under the supervision of Professor H. R. Bowen.
66. Mrs. C. Phillip Miller, Chicago, \$979.20 to be added to the Sinissippi Forest Trust Fund in support of forestry research.
67. National Livestock and Meat Board, \$3,000 to the Department of Physiology for a study of calcium phosphorus requirements.
68. Ortho Research Foundation, Raritan, New Jersey, \$1,000 to the Department of Physiology to continue a study of calcium utilization by human subjects.

69. Public Service Company of Northern Illinois, \$2,250 for research by the Agricultural Experiment Station on the application of electricity to field operations.

70. The Rockefeller Foundation, New York, New York:

a. \$9,150 for a study of the problems of training personnel for popular writing on the humanities in the media of mass communication to be conducted by Dean Wilbur Schramm of the Division of Communications.

b. \$40,000 to the Department of Entomology for research.

71. Tennessee Corporation Research Laboratories, \$400 to the Department of Horticulture for the development of fungicides.

72. United Engineering Trustees, Inc.:

a. \$6,384.25 for research on riveted and bolted structural joints, conducted in the Engineering Experiment Station in cooperation with the Research Council on Riveted and Bolted Structural Joints.

b. \$600 contribution to the cost of publishing Bulletin No. 399, presenting the results of an investigation on reinforced concrete columns.

73. United States Public Health Service:
