MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

October 21, 1941

The October meeting of the Board of Trustees of the University of Illinois was held at the Medical Building, in Chicago, at 10:30 a.m. (Chicago Daylight Saving Time) on Tuesday, October 21, 1941. The following members were present: President Cleary, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Meyer.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Judge Sveinbjorn Johnson, Counsel, Mr. J. F. Wright, Director of Public Information, and Mr. C. S. Havens, Director of the Physical Plant Department.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of September 26, 1941.

On motion of Mr. Jensen, the minutes were approved as printed on pages 603 to 657 above.

AMENDMENT TO BY-LAWS

President Cleary called up for consideration a recommendation from the Committee on General Policy that Article IV, Section 7, of the By-Laws of the Board of Trustees be amended to read as follows (proposed changes shown in italics):

Sec. 7. Any matter proposed for consideration by the Board may, at the discretion of the President of the Board, be referred to a committee for study and report before being brought before the Board in open meeting. Committees shall consider all matters referred to them as soon as may be and carry out the orders of the Board in so far as they are empowered by the Board specifically to do so, and shall report their recommendations or action in writing as soon thereafter as may be.

Mr. Livingston presented a memorandum of the reasons for his opposition to this amendment.

Mr. Davis suggested and Dr. Meyer moved that this matter be referred to Judge Johnson for advice.¹ This motion was adopted.

MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

RETIREMENT OF CHARLES D. FLOYD

(2) Charles D. Floyd, Tool Room Attendant in the Department of Mechanical Engineering, has requested that he be retired from active service on account of his health, on the advice of his personal physician. The Head of the Department, the Dean of the College, and the University Health Officer recommend approval.

Mr. Floyd is 67 years old. He has been in service 15 years and one month, as of October 1, 1941. The old system of retiring allowances and death benefits provided that "in exceptional cases and for substantial cause, retirement hereunder may be permitted by the Board at any time after a member reaches 65 years of age." In consideration of the fact that active members of the University staff now come under the new retirement law, the Board of Trustees on August 5 repealed the old system, but with the provision that retirement thereunder may be permitted any time up to January 1, 1942, when it is to the best interests of the University.

Since Mr. Floyd may be retired under the old system, that would be the best solution of his case. Accordingly, I recommend that he be retired, effective October 1, 1941, with a retiring allowance of \$502 a year, this being the amount to which he is entitled under the old system. An addition of this amount to the 1941-1942 budget would be necessary for the allowance.

On motion of Mr. Jensen, this retirement was authorized, and the appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Karraker, Mr. Wieland.

RETIRING ALLOWANCE FOR DR. GEORGE B. HASSIN

(3) Dr. George B. Hassin, Professor of Neurology, retired from active service, September 1, 1941, after serving on the clinical faculty without salary from October 25, 1920, to September 1, 1931, and on the salaried staff since then. In other words, he served for eleven years without salary and for ten years with salary. Dr. Hassin had served on the staff of the State Psychiatric Institute for eleven years, with salary.

In 1925 when Dr. Hassin was made a full professor he asked to be transferred from the State Psychiatric Institute to the salaried staff of the College of Medicine, but the Head of the Department of Psychiatry deferred doing this because of the financial saving to the University which would result if the State Psychiatric Institute continued paying his salary.

Doctor Hassin says that he was assured by Doctor Singer, then Head of the

Department of Psychiatry, that the fact of his remaining as a salaried member of the staff of the Institute would be immaterial. Seemingly Doctor Hassin believes not all the pertinent facts and consequences were considered by Doctor Singer or brought to Doctor Hassin's attention at the time he asked that he be put on our staff as a salaried member, and accepted Doctor Singer's advice to the effect that whether he was on our staff or not did not matter.

Technically, Doctor Hassin may not be entitled to a retiring allowance, but there appear to be certain equitable considerations involved, and I am, therefore, bringing it to the attention of the Board as a special case, with a recommendation that Dr. Hassin be granted a retiring allowance of \$1,435 a year, effective September 1, 1941.

On motion of Dr. Meyer, this allowance was granted as recommended; the appropriation was made by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Karraker, Mr. Wieland.

LEAVES OF ABSENCE

(4) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case:

L. J. Haworth, Assistant Professor of Physics, leave of absence without salary from October 1, 1941, to September 1, 1942, so that he may engage in research and development work in the Radiations Laboratory at the Massachusetts Institute of Technology.

Paul M. Green, Assistant Professor of Economics, leave of absence without pay for the academic year 1941-1942, so that he might accept the position of Policy Assistant in the Office of Price Administration and Civilian Supply, Washington, D.C.

E. E. King, Professor of Railway Civil Engineering, extension of his leave, on account of disability, for the first semester of 1941-1942, on one-half pay. Professor King was previously granted leave on full pay for six months from March 1, 1941.

Paul G. Jones, Associate in Theoretical and Applied Mechanics, leave of absence with full pay for the first semester of 1941-1942, on account of illness, with the understanding that his work will be distributed among the other members of the staff and carried on without additional expense to the University.

A. A. Low, Associate Professor of Psychiatry, leave without pay, from October 1 to December 31, 1941, inclusive. During this period he will be engaged in reorganizing the Recovery Association, an agency which renders a follow-up service to former patients of the Psychiatric Institute. Since this activity will not be directly related to Doctor Low's professional pursuits, he is being recommended for leave without pay.

Leaves of Absence for Military Service

(The leave in each case is without salary.)

H. W. Hannah, Assistant Professor in the Department of Agricultural Economics, from November 21, 1941, to October 28, 1942.

L. J. Armalavage, Assistant and Second-Year Resident in Orthopaedics, from September 19, 1941, through June 30, 1942.

John C. Mergener, Assistant in the Department of Psychiatry, from October 1, 1941, through August 31, 1942.

On motion of Mr. Davis, these leaves were granted as recommended.

CHANGE IN PERSONNEL OF ILLINI UNION BOARD

(5) Woman's League has recommended that Miss Charlotte Davis be appointed as one of the student representatives on the Illini Union Board, replacing Miss Helen E. Frese, because the latter's academic schedule makes it impossible for her to attend meetings of the Board regularly.

Miss Davis is Financial Secretary of Woman's League, has an excellent scholastic record, and has been prominent in the work of the League in previous years. She is a young woman of excellent character, fine ideals, and is a hard worker.

Men's League has recommended the appointment of Mr. Robert J. Bartelt, a senior independent student and a resident of the new Men's Residence Hall, as a

member of the Illini Union Board vice Mr. Nevin E. Kendell, who has resigned to accept the presidency of the Men's Independent Ward Association, a major extra-curricular activity. Mr. Bartelt is a member of Men's League Executive Board, has a good scholastic record, and has sufficient time to devote to the work of the Illini Union Board.

I am glad to recommend these appointments.

On motion of Mrs. Grigsby, these appointments were made as recommended.

LIFE PRIVILEGES IN ILLINI UNION BUILDING

(6) Under the present regulations governing the use of the Illini Union Building all students automatically pay the building service charge when they register and are entitled to the use of the building and its facilities. Members of the faculty and other employees of the University, as well as those on the staffs of agencies affiliated with the University, are not required to pay the service charge but are invited to do so on a voluntary basis if they desire to use the building. The members of the University Club and the University of Illinois Women's Club who are on the University staff or on the staffs of affiliated agencies are entitled to the use of the Illini Union Building by virtue of their memberships in these organizations, the University having assumed the cost thereof in return for services rendered to it by these organizations in past years. All alumni are entitled to the use of the building and its facilities without charge.

The Illini Union Board has been studying the question of establishing "life memberships" in the Illini Union, that is, an arrangement whereby members of the faculty and other University employees and staff members of agencies affiliated with the University will not be expected to continue paying the annual service charge indefinitely if they desire to use the building. Some such plan would be equitable in consideration of the fact that when students become alumni they secure the privileges of the Illini Union Building for life, although the total in service charges paid by them while undergraduates would run from \$5 for those who attend only one semester to \$40 for those who complete four years. A small number, such as those who take four years of undergraduate and three years of graduate work, and Law students who take all their work at the University, will pay more. On the other hand, a staff member desiring to use the Illini Union Building regularly is expected to pay \$10 a year continuously, under the present arrangement.

In view of this, the Illini Union Board recommends:

1. That all members of the faculty and other University employees and staff members of agencies affiliated with the University who contributed \$50 or more to the University of Illinois Foundation in its campaign for funds for furnishing the Illini Union Building shall be entitled to the privileges of the building during the academic year 1941-1942 without the payment of the service charge.

2. That those who did not contribute a sum equal to \$50 shall continue to pay the building service charge if they desire to use the facilities of the Illini Union Building.

If these recommendations are approved by the Board of Trustees, all members of the faculty and other University employees and staff members of agencies affiliated with the University will be advised of this policy.

The Illini Union Board through a committee appointed for that purpose is continuing its study of the plan of life memberships for the faculty and other staff members.

I concur in these recommendations.

Action on this matter was deferred.

BUSINESS OFFICE BUDGET

(7) The Comptroller requests an addition of \$5,000 a year to the Business Office budget for the following purposes:

| | <i>Personnel</i> | <i>Expense and Equipment</i> | <i>Total</i> |
|--|------------------|----------------------------------|----------------|
| Additional work in connection with new Civil Service Law..... | \$1 200 | \$1 400 | \$2 600 |
| Addition for regular work of the Business Office due to increased demands..... | 1 200 | 1 200 | 2 400 |
| <i>Totals.....</i> | <i>\$2 400</i> | <i>\$2 600</i> | <i>\$5 000</i> |

When the biennial budget for 1941-1943 was in preparation, there was included an item of \$2,500 for a personnel assistant in the Business Office. This position was for the improvement of clerical and stenographic service through training (in service) of personnel. The item is included in the current Business Office budget (1941-1942), and the position will be used in the administration of the University Civil Service System. However, it may not be possible to secure for this salary an individual of the training and qualifications required, and the salary may have to be increased. Such an increase would be in addition to Item 1 of the increases listed above, which are to provide for the salary of a stenographer and for recurring expense and equipment items in connection with the administration of the University Civil Service System.

On motion of Dr. Meyer, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Karraker, Mr. Wieland.

ADJUSTMENTS IN BUDGET FOR 1941-1942

(8) In approving the budget for 1941-1942 the Board of Trustees authorized the President of the University to make such changes and adjustments as are necessary. Pursuant to this authorization the following adjustments were made in the operating budget during the first fiscal quarter ending September 30, 1941:

Permanent additions to current budget:

Executive Dean of Chicago Colleges, salary, to provide for appointment of Margaret C. Clancy (see page 642)..... \$ 60

Temporary additions to current budget:

Department of Radiology in the College of Medicine, wages, to provide for payment to Dr. Nell T. Pattengale during July and August, 1941.... 250

Total..... \$310

On motion of Mr. Fornof, these appropriations were made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Karraker, Mr. Wieland.

APPROPRIATION FOR ALTERATIONS IN THE WOMAN'S BUILDING

(9) The Committee on Special Appropriations and Non-Recurring Expenditures recommends an assignment of \$400 from the General Reserve Fund for minor alterations in the Woman's Building to provide suitable office quarters for Dr. Julia P. Outhouse, Professor of Nutrition. At the present time she and Miss Grace Armstrong, Assistant Professor of Foods and Nutrition Extension, are sharing a small office on the third floor which originally was a storeroom. It is too hot to use in the summer and she must then move some of her materials to a basement room. Her work has recently increased because she is Chairman of the State Nutrition Committee in the national defense program. It is proposed to remodel the first floor east parlor in the Woman's Building (which has been rarely used for social functions since the completion of the Illini Union Building) and convert the south end of this room into an office.

On motion of Mrs. Grigsby, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Karraker, Mr. Wieland.

APPROPRIATION TO THE DEPARTMENT OF ENGLISH

(10) The Department of English requests a subsidy of \$600 a year for the publication of the Bulletin of the Illinois Association of Teachers of English. The University formerly published this bulletin for a number of years, but this was discontinued in 1933 as part of a general program of retrenchment.

This request is related to the program of the advancement of good English usage on the part of students in the University by improving the teaching of English in the high schools. The appropriation will cover the cost of eight numbers of the

bulletin a year and will reach approximately 3,000 high-school teachers of English. It will thus provide an avenue of communication between them and the Department of English at the University. On the one hand, it will give the high-school teachers a means of expressing themselves, so that members of the University's rhetoric staff can profit from their knowledge and experience, and on the other hand, will enable the University to distribute economically teaching materials and information to the high schools. Thus the appropriation of \$600 a year will represent an investment which will not only serve the University but secondary schools as well.

I recommend this as a permanent increase in the budget of the Department of English.

On motion of Mrs. Grigsby, this appropriation was made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Karraker, Mr. Wieland.

APPROPRIATION TO THE SCHOOL OF MUSIC

(11) A recommendation that an appropriation of \$300 be made from the General Reserve Fund to the School of Music for the repair of the University chimes and the clock mechanism which operates the chimes.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Karraker, Mr. Wieland.

MEDICAL CENTER DISTRICT COMMISSION

(12) An Act of the 62nd General Assembly establishes a Medical Center District in Chicago, bounded by Ashland Boulevard on the east, Congress Street on the north, Oakley Boulevard on the west, and Roosevelt Road on the south, and creates a Medical Center Commission for the control and management thereof.

The purpose of the Act is to provide for the improvement and development of the territory surrounding the medical institutions of Chicago's west side. The Commission is authorized to acquire property within the district, construct buildings and other permanent improvements, to obtain funds for the acquisition of land and construction of improvements, and to dispose of property within the District. The complete text of the Act of the General Assembly is submitted herewith.

The Commission consists of five members, one to be appointed by each of the following: the Governor of Illinois, the Mayor of Chicago, the President of the Board of Commissioners of Cook County, the President of the Chicago Park District, and the Trustees of the University of Illinois. The terms of office are as follows: the first member appointed by the Mayor of Chicago shall hold office for one year; the first member appointed by the President of the Chicago Park District shall hold office for two years; the first member appointed by the President of the County Board of Cook County shall hold office for three years; the first member appointed by the Trustees of the University of Illinois shall hold office for four years; and the first member appointed by the Governor shall hold office for five years. Members appointed thereafter shall hold office for five-year terms or until their successors are appointed.

It is now in order for the Board of Trustees to select a representative on the Medical Center Commission.

This matter was referred to the Committee on Chicago Departments for study and recommendation.

UNIVERSITY CIVIL SERVICE SYSTEM

(13) An Act of the Sixty-Second General Assembly directs the Board of Trustees to establish "as soon as possible, and within six months after the effective date of this act" a University Civil Service System applicable to those classes of employees heretofore subject to the general Civil Service law and the regulations of the State Civil Service law and the regulations of the State Civil Service Commission. Pending establishment of the University system, which must be done by January 1, 1942,

the University has been selecting personnel to fill vacancies under authority of the Board granted on August 5. In doing this, standards at least comparable to those followed under the State Civil Service System have been observed.

It will be necessary for the Board to adopt rules and establish administrative procedures to carry out the provisions of the new law. In the meantime, to facilitate the work of the Board, I recommend the appointment of a five-member committee from the University faculty to draft, for the consideration of the Board, rules covering selection, classification, transfer, appointment, promotion, demotion, discharge, resignation, etc., applicable to the University's Civil Service personnel. There is a great deal of work to be done in a short time, and it is important that those appointed to this committee be individuals who have a real interest in this work and who can devote a part of their time to the problems, both practical and theoretical.

I recommend the appointment of the following as members of this "University Civil Service Committee."

W. C. ROBB, *Chairman*, Assistant Professor of Economics and Assistant to the Dean of the College of Commerce.

H. P. RUSK, Dean of the College of Agriculture, Director of the Agricultural Experiment Station and Extension Service, and Professor of Animal Husbandry.

C. S. HAVENS, Director of the Physical Plant Department.

H. W. BAILEY, Director of the Personnel Bureau and Assistant Professor of Mathematics.

R. N. SULLIVAN, Assistant Professor of Law.

It will be necessary to provide the committee with the services of an Executive Secretary who will supervise the detail work and prepare the business agenda for meetings of the committee. The best qualified man for this is Mr. C. A. Webber, Bursar, who has served as University appointing officer for Civil Service positions for several years and can give the committee the information it will need on past problems and experiences. I recommend his appointment for at least the first year, or until August 31, 1942.

Finally, I request that the President of the University be authorized to fill vacancies on this Committee between Board meetings, such appointments to be subject to Board approval.

On motion of Mr. Livingston, these appointments were made, and the President of the University was authorized to proceed as recommended.

RESIDENCE QUALIFICATIONS OF SONS AND DAUGHTERS OF ARMY AND NAVY OFFICERS

(14) The Board of Trustees has authorized the Registrar to classify as residents of Illinois, for purposes of registration in the University, men in the military and naval service of the United States while stationed at posts in Illinois, who wish to register in the University for part-time programs of work. The question has been raised whether this regulation should not be extended to apply to the sons and daughters of officers in the military and naval service while within the State of Illinois.

At the present time the Registrar has been operating on the theory that an officer of the army or navy does not acquire a legal residence at any post while serving in the army or navy because he has no freedom of choice as to place of residence, or duration of such residence, and that his residence at the time of entering into the service should be deemed the legal residence. Under this ruling, all students at the University who are sons or daughters of army or navy officers are classified as non-residents of the State, regardless of where their fathers are at present stationed, unless the latter were residents of Illinois before entering the army or navy. An exception is made in the case of sons and daughters of Officers on R.O.T.C. duty at the University of Illinois, who are classified as residents of the State.

I recommend that the Registrar be authorized to classify as residents of Illinois all students whose fathers are in the Army or Navy, during the time they are stationed at posts in the State of Illinois, regardless of the fact that the original residence may have been outside the State.

On motion of Mr. Jensen, this authority was granted.

TABLET OF TRIBUTE TO PROFESSOR ARTHUR NEWELL TALBOT

(15) The American Railway Engineering Association will present to the University a tablet in recognition of the services in engineering education and research of Arthur Newell Talbot, Professor of Municipal and Sanitary Engineering, *Emeritus*, and particularly his research in the field of railway engineering. This tablet will be placed on the wall just outside of Professor Talbot's present office in 122 Talbot Laboratory, formerly known as the Materials Testing Laboratory.

The presentation will take place at a Convocation on October 21.

This report was received for record.

AGREEMENT FOR COOPERATIVE INVESTIGATION

(16) A recommendation that the following agreement be authorized with the Clay Products Industry Committee, for a cooperative investigation of reinforced brick masonry by the Engineering Experiment Station, the agreement to cover a period of one year beginning October 1, 1941, with provision for extension upon mutual agreement. The Committee will pay the University \$1,000 to cover the expenses of the investigation.

This matter was referred to the Committee on Patents for study and recommendation.¹

PURCHASE RECOMMENDED

(17) A recommendation that the purchase be authorized of 250 to 300 feeder lambs for the Department of Animal Husbandry at a cost of approximately \$2,500; Professor W. G. Kammlade of the Department of Animal Husbandry to inspect and select suitable animals and arrange for their purchase.

On motion of Mr. Jensen, this purchase was authorized as recommended.

PURCHASES AUTHORIZED

(18) A report of the following purchases authorized by the President of the University as emergencies in accordance with the University Statutes:

1. 120 reams, 23 x 36, 174 pound cream post card paper, for the Agricultural Experiment Station, from the J. W. Butler Paper Company, Chicago, the lowest bidder, at a price of \$7.70 a hundredweight, or a total cost of \$1,607.76 f.o.b. Urbana.

2. 27,000 feet of fir lumber for the Physical Plant Department stock, from the Thompson Lumber Company, Champaign, the lowest bidder, at a price of \$1,647 delivered to University storage shed.

This report was received for record.

QUARTERLY REPORT OF THE COMPTROLLER

(19) The quarterly report of the Comptroller to the Board of Trustees as at June 30, 1941, a copy of which has previously been sent to each member of the Board.

This report was received for record.

**CONTRACTS EXECUTED BY THE COMPTROLLER

GIFTS TO THE UNIVERSITY AND GRANTS OF FUNDS FOR VARIOUS PURPOSES

(21) A report of the following gifts and grants of funds for various purposes received by the University since the last report:

Gifts

1. The Students' Mutual Benefit Hospital Fund, \$900 for the purchase of an electrocardiograph, a stethograph, and a table for these instruments.
2. University Concert and Entertainment Board, \$500 to apply on the purchase of a new piano in the Auditorium.
3. Chicago Bridge and Iron Company, specimens having an estimated value of \$465, for use in the investigation of "Fatigue Tests of Welded Joints" being carried on in the Department of Civil Engineering.
4. Class of 1942, \$664.82, to be set up as a scholarship fund to be administered by the Committee on Special Undergraduate Scholarships.
5. Family of the late Professor W. A. Foster, books and pamphlets for the University Library.
6. John Crerar Library of Chicago, to the Department of Botany, three valuable card indices: The Gray Herbarium Index, The Torrey Botanical Club Index, and The Index Algarum Universalis.
7. College of Dentistry, \$189.84 resulting from the G. Walter Dittmar testimonial banquet, to the Gallie Emergency Fund, this fund now to be known as the Gallie-Dittmar Student Loan Fund.

Grants for Research

1. E. I. DuPont de Nemours & Company, Wilmington, Delaware, \$2,000 for the employment of a research assistant in Chemistry for Dr. H. R. Snyder (continuation of grant formerly given for research program of Dr. F. C. Fuson).
2. Cerophyl Laboratories, Inc., Kansas City, Mo., \$1,200 for research in the Department of Botany dealing with the correlations between the various vitamins and other components in certain grasses; and \$100 for research on proteins in grasses, this being a continuation of a research grant originally made by the American Dairies, Inc.

3. Eli Lilly and Company, \$1,200 for the support of cancer research under the direction of Dr. W. H. Welker of the College of Medicine.
4. Independent Hybrid Producers, Inc., \$1,100 for the continuation of a co-operative investigation to study the production and characteristics of hybrid corn and parent seed stocks, by the Agricultural Experiment Station.
5. Eastman Kodak Company, Rochester, New York, \$1,000 for the renewal of a fellowship in Organic Chemistry, for the year 1941-1942.
6. Illinois State Horticultural Society, \$1,000 for research in fruit juices by the Agricultural Experiment Station.
7. LaChoy Food Products, Inc., Detroit, Michigan, \$840 for the support of certain research in the growing of vegetables for the Chinese food trade, by the Agricultural Experiment Station, beginning July 1, 1941, and to continue from year to year.
8. Eli Lilly and Company, \$750 for the renewal of a fellowship in Chemistry under Dr. R. L. Shriner, for the year 1941-1942.
9. Monsanto Chemical Company, \$750 for the renewal of a fellowship in Chemistry under Professor C. S. Marvel, for the year 1941-1942.
10. The G. Frederick Smith Chemical Company, Columbus, Ohio, \$750 for the renewal of a fellowship in Chemistry, for the year 1941-1942.
11. Aeration Processes, Incorporated, Columbus, Ohio, \$750 for the renewal of an assistantship in Dairy Husbandry, for the year 1941-1942.
12. E. I. DuPont de Nemours & Company, \$750 for a postgraduate fellowship in Chemistry for the year 1941-1942.
13. Hiram Walker and Sons, Incorporated, \$720 for the continuation of a study of the nutritive properties of dried distillers' solubles in swine nutrition, by the Agricultural Experiment Station.
14. Röhm & Haas Company, Inc., Philadelphia, \$650 for the renewal of a graduate assistantship in Chemistry under Dr. R. C. Fuson.
15. Upjohn Company, Kalamazoo, Michigan, \$600 for the establishment of a fellowship in Chemistry under the direction of Dr. H. E. Carter, for the year 1941-1942.
16. Northern Trust Company, Chicago, \$600 for the renewal of the Henry Strong Fellowship for the year 1941-1942.
17. American Medical Association, \$500 for research in the Department of Psychology by Dr. P. T. Young on appetite and food preferences in the rat.
18. Society of American Florists and Ornamental Horticulturists, \$500 for the support of a graduate student in floriculture who will choose a problem which will be of value to floriculture, either from a commercial or amateur gardener standpoint.
19. Universal Oil Products Company, \$250 for research work carried on during the summer of 1941 by the Department of Chemistry on the partial pressures of third and fourth component mixtures at their boiling points.
20. Sigma Xi, a grant-in-aid of \$250 for the purpose of studying the problem of liquid-liquid extraction as a method of separating the rare earths, under the direction of Professor L. F. Audrieth.

*Comptroller's Report of Funds Received for the Continuation and Renewal
of Research Grants Previously Accepted by the Board*

1. Aeration Processes, Inc., \$102 for research assistantship in Dairy Husbandry.
2. American Society of Heating and Ventilating Engineers, \$1,050 for air conditioning research at the College of Medicine.
3. Continental Oil Company, \$750 for lubrication research in chemistry.
4. The Middle West Soil Improvement Committee of the National Fertilizer Association, \$500 for research on the fertilization of soybeans.
5. The Musher Foundation, Inc., \$75 for research in oat flour products.

This report was received for record.

FEE FOR GRADUATE COURSE IN DENTISTRY

(22) The Faculty Committee on Fees and Scholarships recommends authorization of a special fee of \$25 for a new course for graduate dentists. "The Newer Uses of Acrylic Resins in Restorative Dentistry."

I recommend approval.

On motion of Mrs. Grigsby, this fee was authorized.

ADJUSTMENTS IN BUDGET OF ATHLETIC ASSOCIATION

(23) The Board of Directors of the Athletic Association has authorized the following assignments from unappropriated funds of the Association and other adjustments in its budget:

Reappropriation of Unexpended Balances

| <i>Sub-total</i> | (12 700 00) |
| <i>Total</i> | \$19 835 00 |

I recommend approval of these adjustments.

On motion of Mr. Davis, these adjustments were approved.

MEDICAL ADVISORY COMMITTEE OF THE DIVISION OF PHYSICALLY HANDICAPPED CHILDREN

(24) Pursuant to the revised agreement between the State Department of Public Welfare and the University which became effective July 1, 1941, the Division of Physically Handicapped Children was transferred from that Department to the University. The Division of Physically Handicapped Children was created as a division in the Department of Public Welfare on April 1, 1937, pursuant to an agreement between that Department and the Children's Bureau of the United States Department of Labor. It is supported entirely by Federal funds allocated to the State of Illinois by the Children's Bureau under the Federal Social Security Act.

Such Federal grants are contingent upon State appropriations for the same purposes on a dollar-for-dollar matching basis. In this case the Federal grant is received in consideration of funds expended by the State of Illinois in the maintenance of the Illinois Surgical Institute for Children, a unit of the Research and Educational Hospitals. The Division's budget for the year ending June 30, 1941, was \$181,125.23, of which \$133,768.83 was made available in consideration of like expenditures by the State for the maintenance of the Illinois Surgical Institute for Children, and \$47,356.40 was made available on the basis of need without regard for matching expenditures by the State.

The agreement with the Department of Public Welfare provides that during the current fiscal year the University shall make a thorough study to determine whether the Division shall be administered by it for an indefinite period. In the meantime, the University has the responsibility for its administration.

The Children's Bureau desires that the state agencies responsible for the state programs to which it contributes funds appoint a medical advisory committee to the Division, a committee that will work with the Superintendent and the state agency (in this case the University) in providing the necessary contacts between it and all professional interests of the Division concerned with the problem of the physically handicapped child. The Department of Public Welfare had such a committee, but it is necessary to make certain changes due to the fact that some of the members are no longer available for service. Accordingly I submit the following nominations for reappointment and new appointments:

Reappointed Members

BLACK, ROBERT A., M.D., Pediatrician, Del Prado Hotel, Chicago.
 CAMP, HAROLD, M.D., Secretary of the State Medical Society, Monmouth.
 CLINE, G. M., M.D., Pediatrician, Bloomington.

COMPERE, EDWARD L., M.D., Orthopaedic Surgeon, 116 South Michigan, Chicago.
 DUNLAP, MABEL M., Director of Public Health Nursing Service, Moline.
 HESS, JULIUS H., M.D., Pediatrician, 104 S. Michigan, Chicago.
 JIRKA, FRANK J., M.D., Physician, 3202 W. Cermak Road, Chicago.
 LEWIN, PHILIP, M.D., Orthopedist, 55 E. Washington St., Chicago.
 RYERSON, EDWIN W., M.D., Orthopedist, 122 S. Michigan Ave., Chicago.
 THOMAS, H. B., M.D., Orthopedist; Director of the Illinois Surgical Institute for Children, Chicago.

New Appointments

COOLEY, WILLIAM M., M.D., Practitioner, Peoria.
 CRAWFORD, WOODRUFF L., M.D., Pediatrician, Rockford.
 CROSS, ROLAND, M.D., Director of State Department of Public Health, Springfield.
 JACK, CECIL, M.D., Internist, Decatur.
 KIRBY, DARWIN, M.D., Practitioner, Champaign.
 LOGAN, H. G., D.D.S., Oral Surgery; Dean of the College of Dentistry, Loyola University, Chicago.
 NELSON, SEVERINA E., Ph.D., Assistant Professor of Speech, Urbana.
 OLDBERG, ERIC, M.D., Neurologist and Neurosurgeon, Chicago.
 PETTIT, ROSWELL T., M.D., Practitioner, Ottawa.

I also submit a memorandum giving further information concerning the budget and work of this Division.

On motion of Dr. Meyer, these appointments were made.

APPROPRIATION FOR SUBCOMMITTEE ON STUDENT DISCIPLINE

(25) Professor A. W. Secord has been asked to serve as Chairman of the Subcommittee on Student Discipline. This will require a good deal of his time, and it is not fair to ask him to assume such a responsibility without relieving him of some of his work as Professor of English. The Department of English has advised that \$575 will provide Professor Secord with the necessary assistance he will need in his teaching to release time for his work as Chairman of the Subcommittee on Student Discipline. This is approximately one-third of the time of an assistant who will be employed as a reader for some of the written work in two of the courses taught by Professor Secord.

I recommend that an appropriation of \$575 be made from the General Reserve Fund to the Department of English for this service.

On motion of Mr. Davis, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Karraker, Mr. Wieland.

ORCHARD STREET DRAIN IMPROVEMENT

(26) The Board has authorized the acceptance by the University of its share of the cost of the proposed Orchard Street storm drain improvement No. 200 which will drain University property south of Florida Avenue (Board Minutes of August 5, 1941, page 425). The University's share was originally estimated at \$3,154. The Board of Local Improvements has advised that an error was made in calculating the amount of gasoline tax funds applicable to this project and that the total amount to be paid from local funds (\$27,192) is greater than the amount previously reported (\$26,787), increasing the University's share by \$568.

The Director of the Physical Plant Department recommends that the University accept an assessment of \$3,722 for its share of the cost of this improvement instead of \$3,154.

On motion of Mr. Livingston, this revised assessment was accepted.

RETIREMENT FOR PERMANENT DISABILITY

(27) The Board of Trustees has repealed the former system of retiring allowances and death benefits (but with the provision that retirement thereunder may be permitted in certain special cases when it is to the best interests of the University) in view of the enactment of the University Retirement System of Illinois.

The former system provided for disability benefits to employees who become

permanently disabled or otherwise physically unfit for further service, and these benefits are still available to all individuals¹ not subject to the provisions of the new law. Disability benefits are provided in the new law but only for disability occurring on or after March 1, 1942. Consequently, there is a period of six months (September 1, 1941, to March 1, 1942) during which employees who come under the new law are not covered.

The University Retirement Committee recommends that the Board of Trustees extend the disability coverage under the former system of retiring allowances and death benefits to March 1, 1942, for all members of the staff and other employees who come under the Retirement System of Illinois.

I concur and recommend that the resolution of the Board of August 5 be amended by the addition of the following: "provided, however, that the disability benefits thereof shall continue in force for all members of the staff who come under any subsequent system of retiring allowances and death benefits until March 1, 1942."

AMENDMENT OF RESOLUTION OF BOARD OF AUGUST 5, 1941

BE IT RESOLVED, by the Board of Trustees of the University of Illinois, that the Statute of the Board of Trustees providing for Retiring Allowances and Death Benefits enacted December 13, 1924, as amended to July 1, 1941, be repealed as of September 1, 1941, except as to persons who have retired, and who will retire, under its provisions, on that date, and as to such other persons now on the staff of the University whose situation for any reason may turn out to be such that it would be in their best interest, as well as in the interest of the University, to let them remain until and after retirement subject to the provisions of the Resolution of December 13, 1924, as amended, *provided, however, that the disability benefits thereof shall continue in force for all members of the staff who come under any subsequent system of retiring allowances and death benefits until March 1, 1942.*

On motion of Mr. Davis, this resolution was adopted.

WRIGHT ESTATE

(28) On November 10, 1941, there will be a hearing on certain claims in this estate. Among these are two of very substantial size: one filed by Paul T. Wright for \$11,958.38, and one by him as conservator of Harriette A. Wright in the sum of \$88,586.04.

Similarly, a suit was begun about nine months ago to establish the validity of the so-called mutual will of the Wrights, pursuant to which substantial gifts were made to the University for the benefit of certain groups of prospective students at the University and for scientific agricultural purposes.

I am reporting this to the Board because of its importance. If these claims are allowed, they will cut materially into the value of the gift to the University; and if the suit fails, the gift will be wholly lost. Senator Wright was very anxious that the University undertake the administration of these benefactions.

The matter is in the hands of the Attorney General. I have no information on the status of the suit, except that it does not seem to have been brought to trial.

On motion of Mr. Jensen, this matter was referred to a special committee to be appointed by the President of the Board. President Cleary appointed the following committee: Mr. Livingston, Mr. Davis, Mr. Adams.

CHICAGO ILLINI UNION BUILDING BUDGET FOR 1941-1942

(29) A recommendation that the following detailed budget for the operation of the Chicago Illini Union Building during the academic and fiscal years of 1941-1942 be approved.

This is a budget of estimated income and expenditures with no previous experience as a basis for a number of these items of expense. To finance this project, the Board of Trustees agreed (May 28, 1940, Minutes, page 949), to appropriate funds "to meet the difference between income and expense for operation and maintenance . . . the maximum amount of which is estimated at \$9,816 a year." It is now estimated that an excess of expense over income will amount to \$10,725.

¹These are employees and staff members under age 30 who do not automatically come under the new system, but may elect to do so, and temporary employees.

The increase over the previous estimate is due to the change in policy for supervising the recreational program in the Chicago departments. This will be under the Chicago Illini Union in the future and, therefore, the appropriation will be included in this budget instead of that of the School of Physical Education where it has been carried in the past. This amount, \$1,750, was not included in the previous estimate. It is really a transfer of funds from one department to another.

The amount of \$6,263 has already been appropriated to the Physical Plant Department in the current budget for this purpose and, therefore, an additional appropriation of \$4,462 may be needed.

A reserve will, therefore, be set aside out of the General Reserve and ear-marked for the appropriation later if it is needed. I recommend the approval of the budget with this understanding.

Director Havens presented this matter.

On motion of Dr. Meyer, this budget was approved as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Karraker, Mr. Wieland.

ELECTRON ACCELERATOR

At this point, President Cleary requested President Willard to introduce Dr. D. W. Kerst, who addressed the Board on the subject of a new electron accelerator of his invention.

COLLEGE OF DENTISTRY

President Cleary stated that he had requested the President of the University to introduce Dean H. M. Marjerison of the College of Dentistry. Dean Marjerison, being introduced, spoke on the advances in dental education and research.

AGREEMENT FOR COOPERATIVE INVESTIGATION

At this point, the Committee on Patents reported that it had considered the proposed agreement with the Clay Products Industry Committee¹ and recommended its approval.

On motion of Mr. Davis, this recommendation was adopted.

FIRE EQUIPMENT

Mr. Adams, for the Committee on Buildings and Grounds, reported progress in the consideration of the matter of fire protection.

EXECUTIVE SESSION

At this point, on request of Mr. Fornof, the Board went into executive session to consider matters pertaining to the Alumni Association, with Mr. Deneen Watson present.

EXPANSION OF WORK OF ALUMNI ASSOCIATION

Mr. Watson presented a request for additional appropriations for the work of the Alumni Association, replied to questions of members, and then left the room.

Mr. Fornof, for the Committee on Alumni, presented the following report, and moved its adoption.

Your Alumni Committee to whom was referred the proposal of the Alumni Association calling for readjustments and additional financial support from the University concurs in the recommendations. There can be no question as to the worthwhileness of a virile and aggressive Alumni program, and action at this time should be dependent only upon the question of readjustment of the budget and the possibility of reallocation of funds. The President and Comptroller have reported that \$9,000 is needed for this year, and \$15,000 in 1942, and it is our belief that such allotment should be authorized. The report of the President is incorporated as part of this report.

The policy of the Trustees in minimizing its financial support of the Alumni Association in the past few years has been justified on the basis of activity. With evidence today of renewed vigor and activity on the part of the Association, there is good reason why this policy should be reversed, and the greatest possible encouragement given.

It is within the bound of good business to believe an active Alumni Association can stand alone on its own financial resources within a few years. Certainly such a goal cannot be reached unless and until sufficient financial assistance is proffered to make the start toward reorganization.

Appointments to the Alumni Association staff under the new program shall be subject to the approval of the President of the University and the Board of Trustees.

JOHN R. FORNOF
CHESTER R. DAVIS

Mr. Adams moved, as a substitute motion, that Mr. Fornof's motion lie on the table. On roll call, the substitute motion was lost, by the following vote: Aye, Mr. Adams, Mr. Livingston; no, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen; absent, Mr. Green, Mr. Karraker, Dr. Meyer, Mr. Wieland.

Mr. Fornof's motion was adopted, and the appropriation made,

by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston; no, none; absent, Mr. Green, Mr. Karraker, Dr. Meyer, Mr. Wieland.

The Board resumed open meeting.

ROBBINS, EDWIN WINSLOW, Assistant in English, for ten months beginning September 1, 1941, at a salary of one thousand five hundred dollars (\$1,500) (this supersedes his previous appointment). (September 27, 1941)

ROSALDO, RENATO, Assistant in Spanish, on full time, at a salary of one thousand four hundred dollars (\$1,400), and to give instruction in Spanish at Chanute Field, at an additional salary of six hundred dollars (\$600), for ten months beginning September 1, 1941 (this supersedes his previous appointment). (October 11, 1941)

RUESTMANN, IDA DEBORAH, Research Assistant in Zoology, beginning October 1, 1941, and continuing through July 31, 1942, at a salary of one thousand two hundred dollars (\$1,200). (October 2, 1941)

RYNIKER, HARRIET ELLA, Assistant in English, on full time, for five months beginning September 1, 1941, at a salary at the rate of one hundred fifty dollars (\$150) a month, and on two-thirds time, for five months beginning February 1, 1942, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes her previous appointment). (October 9, 1941)

SANDERS, HENRY A., Visiting Professor of the Classics, beginning February 1, 1942, and continuing through May 31, 1942, at a salary of two thousand five hundred dollars (\$2,500). (October 9, 1941)

SANFORD, MARTHA LOU, Senior Library Assistant in the Catalog Department of the Library, beginning November 10, 1941, and continuing through August 31, 1942, subject to the rules of the Civil Service Commission, at a salary at the rate of one hundred fifty dollars (\$150) a month. (October 16, 1941)

SCHILDEIN, CLARA W., Assistant Clerk in the Chicago General Stores, for eleven months beginning October 1, 1941, subject to the rules of the Civil Service Commission, at a salary at the rate of one thousand one hundred seventy dollars (\$1,170) a year. (October 10, 1941)

SCHULZ, LEROY GREGOR, Assistant in Physics, in the College of Engineering, on one-half time, for ten months beginning September 1, 1941, at a salary of seven hundred dollars (\$700). (September 30, 1941)

SCHWARTZ, HERMAN MEYER, Instructor in Mathematics, for ten months beginning September 1, 1941, at a salary of one thousand eight hundred dollars (\$1,800). (October 2, 1941)

SISS, CHESTER PAUL, Special Research Associate in Theoretical and Applied Mechanics, in the Engineering Experiment Station, beginning September 1, 1941, and continuing until further notice, at a salary at the rate of two hundred thirty-three dollars thirty-three cents (\$233.33) a month (this supersedes his previous appointment). (September 29, 1941)

SILBERGELD, SAM, Special Research Assistant in Chemistry, on one-half time, for ten months beginning October 1, 1941, at a salary of six hundred dollars (\$600). (October 7, 1941)

SPERRY, DAVID ALLEN, Assistant in English, on two-thirds time, for five months beginning September 1, 1941, at a salary at the rate of one hundred dollars (\$100) a month. (October 9, 1941)

STEINDORF, ELEANOR L., Instructor in Hygiene, and Medical Advisor for Women, beginning October 15, 1941, and continuing through August 31, 1942, at a salary at the rate of two hundred dollars (\$200) a month. (October 10, 1941)

STEWART, JAMES COLLIER, Assistant in Mathematics, on 8/15 time, for five months beginning September 1, 1941, at a salary at the rate of eighty dollars (\$80) a month, and on 2/5 time, for five months beginning February 1, 1942, at a salary at the rate of sixty dollars (\$60) a month (this supersedes his previous appointment). (October 14, 1941)

STRUCK, HAROLD CARL, Assistant Professor of Pharmacology, Materia Medica, and Therapeutics, in the College of Medicine, beginning October 1, 1941, and continuing through August 31, 1942, at a salary at the rate of two thousand eight hundred dollars (\$2,800) a year (this supersedes his previous appointment). (September 30, 1941)

SUMMERS, Mrs. ARWILDA WILSON, Junior Library Assistant in the Loan Department of the Library, for eleven months beginning October 1, 1941, subject to the rules of the Civil Service Commission, at a salary at the rate of one thousand seven hundred dollars (\$1,700) a year. (October 4, 1941)

SUMMERSON, CHARLES HENRY, Assistant in Geology, on three-fourths time, for four months beginning October 1, 1941, at a salary at the rate of ninety dollars (\$90) a month (this supersedes his previous appointment). (October 10, 1941)

SWED, JOSEPHINE MARY, Bookkeeping Machine Operator in the Accounting Division of the Business Office, on three-fourths time, beginning November 1, 1941, and continuing through May 31, 1942, at a salary at the rate of seventy-five dollars (\$75) a month, and on full time, beginning June 1, 1942, and continuing through August 31, 1942, at a salary at the rate of one hundred dollars (\$100) a month. (October 7, 1941)

TAYLOR, LESLIE, Assistant Cashier in the Chicago Business Office, for eleven months beginning October 1, 1941, subject to the rules of the Civil Service Commission, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes his previous appointment). (October 10, 1941)

TELSER, STANLEY E., Assistant in Medicine, in the College of Medicine, on one-half time, for one year beginning September 1, 1941, at a salary of eight hundred forty dollars (\$840). (September 10, 1941)

TEPE, WILLIAM CLARENCE, Technician in the General Division of the College of Liberal Arts and Sciences, on one-half time, for ten months beginning September 1, 1941, at a salary at the rate of sixty dollars (\$60) a month. (October 4, 1941)

THOMPSON, JOHN ROBERT, Research Assistant in Orthodontia, in the College of Dentistry, on one-half time, for eleven months beginning October 1, 1941, at a salary at the rate of seven hundred fifty dollars (\$750) a year. (September 29, 1941)

TORDELLA, JOHN PETER, Special Research Assistant in Chemistry, on one-half

time, for nine months beginning October 1, 1941, at a salary at the rate of sixty dollars (\$60) a month (this supersedes his previous appointment). (September 30, 1941)

TURNER, GENEVIEVE FAY, Junior Library Assistant in the Order Department of the Library, on three-fourths time, for eleven months beginning October 1, 1941, at a salary at the rate of eighty-seven dollars fifty cents (\$87.50) a month. (October 4, 1941)

VOGEL, BERTRAM, Assistant in English, for five months beginning September 1, 1941, at a salary at the rate of one hundred fifty dollars (\$150) a month. (October 9, 1941)

WHITE, ALVIN CHARLES, Assistant in Economics, on one-half time, for nine months beginning October 1, 1941, at a salary of seven hundred dollars (\$700). (September 29, 1941)

WILKINS, CHARLES THOMAS, Assistant in English, on full time, for five months beginning September 1, 1941, at a salary at the rate of one hundred fifty dollars (\$150) a month, and on two-thirds time, for five months beginning February 1, 1942, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes his previous appointment). (October 9, 1941)

WILLIAMS, WILLIAM ROSWELL, Storekeeper in the Chicago General Stores, for eleven months beginning October 1, 1941, subject to the rules of the Civil Service Commission, at a salary at the rate of one hundred sixty-five dollars (\$165) a month (this supersedes his previous appointment). (October 10, 1941)

WILSON, JOHN ERIC, Assistant in Chemistry, on one-half time, for ten months beginning September 1, 1941, at a salary of six hundred dollars (\$600). (October 7, 1941)

YOUNG, ALLEN, Assistant in General Engineering Drawing, in the College of Engineering, on one-third time, beginning September 1, 1941, and continuing through January 31, 1942, at a salary at the rate of forty dollars (\$40) a month. (September 29, 1941)

ZIMMER, ROLAND WALTER, Cashier in the Bursar's Division of the Business Office, beginning September 12, 1941, and continuing through August 31, 1942, subject to the rules of the Civil Service Commission, at a salary at the rate of one hundred fifteen dollars (\$115) a month. (September 29, 1941)

DECLINATIONS AND RESIGNATIONS

The Secretary presented also for record the following list of declinations and resignations.

BAILEY, D. M., Assistant in Vegetable Crops, in the Department of Horticulture, in the Agricultural Experiment Station—declination effective September 1, 1941.

BALATY, Mrs. ETHEL POCRAS, Junior Typist in the Dispensary, in the College of Medicine—resignation effective September 24, 1941.

EWING, PAUL LEON, Assistant Professor of Pharmacology, Materia Medica, and Therapeutics, in the College of Medicine—resignation effective October 1, 1941.

GUSZTAV, ALBERT, First Year Resident in Anaesthesia, in the Department of Surgery, in the College of Medicine—resignation effective October 1, 1941.

HOOKE, JULIUS NICHOLAS, Instructor in English—resignation effective October 1, 1941.

JANSEN, WILBUR RABER, Assistant in Mathematics—declination effective September 1, 1941.

JOHNSON, PAUL BEN, Assistant in Mathematics—declination effective September 1, 1941.

KISTLER, MARK O., Fellow in German—declination effective September 1, 1941.

KISTLER, MARK O., Assistant in German—resignation effective September 1, 1941.

LYON, VERNE WESLEY, Instructor in Criminology, in the Department of Criminology, Social Hygiene, and Medical Jurisprudence, in the College of Medicine—declination effective September 1, 1941.

MORGAN, ROBERT A., Junior Accountant in the Accounting Division of the Business Office—declination effective November 1, 1941.

PONTIUS, GUY V., Associate in Surgery, in the College of Medicine—declination effective September 1, 1941.

ROBE, STANLEY LINN, Assistant in Spanish—resignation effective October 1, 1941.
SCIARRETTA, SYLVIO AMEDEO, Instructor in Laryngology, Rhinology, and
Otology, in the College of Medicine—declination effective September 1, 1941.
THOMAS, FREDERICK HAYWARD, Assistant Professor of Mechanical Engineering,
in the College of Engineering—resignation effective October 20, 1941.
WOHLERS, HERBERT C., Research Assistant in Physics—resignation effective
September 1, 1941.

The Board adjourned, to meet on call of the President.

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

November 18, 1941

The November meeting of the Board of Trustees of the University of Illinois was held at the Chicago Illini Union Building, in Chicago, at 10:30 a.m. on Tuesday, November 18, 1941. The following members were present: President Cleary, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. C. S. Havens, Director of the Physical Plant Department, and Mr. J. F. Wright, Director of Public Information.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of October 21, 1941.

On motion of Mr. Jensen, the minutes were approved as printed on pages 659 to 690 above.

APPOINTMENT OF DIRECTOR OF ATHLETICS

Mr. Davis, for the Committee on Athletics, presented the following report:

At the first meeting of the present Board of Directors of the Athletic Association, held on July 25, 1941, the President of the Board appointed a committee to prepare a list of candidates who should be considered for the position of Director of Athletics at the University of Illinois.

The Secretary of the Board of Directors has informed me that "This committee made a thorough canvass of qualified persons from coast to coast, and brought its report to the Board on November 8, 1941. After extended discussion, the following resolution was offered by Professor Browne, seconded by Mr. McKelvey, and passed unanimously.

"In the opinion of the Board of Directors of the Athletic Association, it is important to the operation of a sustained program for the improvement of intercollegiate athletics at the University of Illinois that a Director of Intercollegiate Athletics be appointed at this time. Therefore, be it resolved that this Board recommend to the President of the University, for transmission to the Board of Trustees, the appointment of Douglas R. Mills as Director of Intercollegiate Athletics, beginning September 1, 1942, at an annual salary of \$7,500. Of this amount, \$6,000 is to come from the funds of the Athletic Association, and \$1,500 from the University.

"The Board further expressed its opinion that Mr. Mills should be asked to continue for the present as head basketball coach, but that he should give up football coaching."

President Willard concurred in this recommendation; and recommended further that Mr. Mills be appointed Assistant Professor of Physical Education for one year beginning September 1, 1942.

Mr. Davis moved the adoption of this report.

Mr. Livingston moved to amend by making the increased salary effective December 1, 1941. The amendment did not prevail.

On vote, Mr. Davis's motion was unanimously adopted.

MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

IMPROVEMENTS IN ARCADE BUILDING

(1) The State appropriation for 1941-1943 includes an item of \$125,000 for remodeling certain buildings,¹ and \$90,000 for rewiring old buildings. The Board, on July 15, assigned all capital funds appropriated by the General Assembly for the purpose indicated in each case.

On the recommendation of the Director of the Physical Plant Department, I have authorized the following assignments from these funds:

For remodeling and improving the Arcade Building to provide quarters on the second floor for the Visual Aids Service (formerly temporarily housed in a residence building owned by the University at 1206 West Springfield Avenue, Urbana) of the Division of University Extension, \$5,500. The additional space required by the Visual Aids Service was not available in its former location, nor was there any other space on the campus suitable for it. The office of the Division of University Extension has been moved from the Administration Building to Illini Hall and it was, therefore, highly desirable to have its Visual Aids Service in the adjoining building. The property at 1206 West Springfield Avenue is in need of major repairs which are not justified since it is not intended to make permanent use of this building.

¹"For reconditioning and remodeling of Student Center, Arcade Building, Improvements in Dairy Plant, Mining Laboratory, Sewage Research Laboratory, College of Education small buildings."

Rewiring of Arcade Building, \$7,100. The electrical service in this building is so hazardous that it will have to be improved to meet underwriter's standards. I request confirmation of my action.

On motion of Mr. Jensen, this action was confirmed.

APPROPRIATION FOR GRADUATE SCHOLARSHIPS AND FELLOWSHIPS

(2) A recommendation that an appropriation of \$47,500 be made for graduate scholarships and fellowships for the academic year of 1942-1943. It is customary to make provision for these several months in advance of the approval of the budget for the succeeding year. Appointments to graduate scholarships and fellowships in colleges and universities of the United States are made in the spring, and it is necessary for the Graduate School to know shortly after January 1 of each year what funds will be available, so that plans can be made accordingly.

This is the same amount as was appropriated for the current year of 1941-1942.

On motion of Mr. Fornof, the President of the University was authorized to approve appointments to graduate scholarships and fellowships to a total of \$47,500, and to insert in the budget for 1942-1943 an item of that amount for the purpose.

APPROPRIATION FOR MUSEUM EXTENSION PROJECT

(3) The Board of Trustees authorized the University to sponsor the State Work Projects Administration Museum Extension Project (Minutes, February 21, 1941, page 198). The headquarters for this project are at the University, and it is under the supervision of Dr. L. A. Adams, Curator of the Museum of Natural History.

He has requested an appropriation of \$300 for the following expenditures in connection with his work:

1. Necessary travel to meetings of the Museum Extension officials and to inspect proposed projects which the University is asked to approve.

2. Installation of telephones in the office used as headquarters for this project.

3. Supplies and materials for use on certain projects. Limitations on the use of Federal funds make it impossible to charge certain expenses to such funds. In the opinion of Doctor Adams the University as sponsor is already getting a great deal out of this project, and this in turn fully justifies the small expense which will be involved in its administration.

On motion of Mr. Livingston, this appropriation was made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston; no, none; absent, Mr. Green, Mr. Karraker, Dr. Meyer, Mr. Wieland.

APPROPRIATION OF FUNDS FOR ELECTRON INDUCTION ACCELERATOR RESEARCH

(4) At its meeting on October 21, 1941 (Minutes, page 680), the Board was informed of the research work on the development of an electron induction accelerator during the past three years by Dr. D. W. Kerst, Assistant Professor of Physics. Doctor Kerst appeared before the Board to discuss his work and the future possibilities of the electron accelerator.

During the past year and a half he has been on leave of absence without pay working in the laboratories of the General Electric Company, designing and supervising the construction of the equipment to carry forward his research. The electron accelerator is being constructed by the General Electric Company at its expense, and when completed, sometime within the next month or two, it will be lent to the University for the continuation of Doctor Kerst's researches. He will return to active service on or about February 1, 1942.

It is proposed to install the equipment in the Abbott Power Plant. When this plant was constructed provision was made for three turbo-generators, two of which are installed and space provided for a third for future expansion. Until funds are available for this third unit and it can be secured—and this will not be for another two years at least—the space may be used for other purposes.

It is estimated that \$18,000 will be needed to carry on Doctor Kerst's researches during the balance of the current biennium, or until August 31, 1943. This amount will be needed for the installation of the equipment being constructed by the General Electric Company, for supplies, and for salaries and wages of the staff.

The budget of expenditures for this project is classified as follows:

For 1941-1942:

| | |
|---|-----------------|
| I. Capital investment (includes transformers, power lines, radiation shielding, M-G set, switch gear, temporary dark room, gas, air, water, etc.) for installation of electron accelerator in the Abbott Power Plant..... | \$ 4 400 |
| II. Operation: | |
| Auxiliary experimental equipment..... | 1 000 |
| Contingent fund..... | 1 000 |
| III. Wages: | |
| One half-time assistant, 12 months } | 4 350 |
| One full-time assistant, 8 months } | |
| One mechanican } | |
| IV. Traveling expense..... | 300 |
| V. Freight on lent equipment..... | 200 |
| <i>Total for 1941-1942.....</i> | <u>\$11 250</u> |

For 1942-1943:

| | |
|---|-----------------|
| I. Operation: Experimental equipment..... | \$ 1 000 |
| II. Wages: Same as above, except all for 12 months..... | 5 250 |
| III. Work on building plans and specifications for future quarters..... | 500 |
| <i>Total for 1942-1943.....</i> | <u>\$ 6 750</u> |
| <i>Total for Biennium.....</i> | <u>\$18 000</u> |

Eventually it will be necessary to move the electron accelerator from the Abbott Power Plant to other quarters. Whether this will be necessary during the present biennium will depend on developments during the next six or eight months. On the basis of present estimates of the cost of equipment, materials, etc., the total cost of this project will amount to at least \$45,000, of which \$30,000 is now available.¹

I recommend (1) the appropriation of \$18,000 from the General Reserve Fund, to be recouped from lapsed funds (including \$6,000 from Graduate School Research Fund), for the electron accelerator project for the current biennium, and (2) that the balance of \$12,000 now available be earmarked for this purpose until March 1, 1942, pending further developments.

On motion of Mr. Davis, these recommendations were adopted, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston; no, none; absent, Mr. Green, Mr. Karraker, Dr. Meyer, Mr. Wieland.

¹Other available funds, in addition to those recommended for reassignment at this time, are:

| | |
|--|-----------------|
| College of Liberal Arts and Sciences, Personnel Bureau (a total of \$6,000 has been released)..... | \$ 4 000 |
| College of Liberal Arts and Sciences, General Curriculum..... | 3 000 |
| College of Law..... | 1 000 |
| General Reserve Fund..... | 4 000 |
| <i>Total.....</i> | <u>\$12 000</u> |

ADJUSTMENT IN BUDGET OF ATHLETIC ASSOCIATION

(5) The Board of Directors of the Athletic Association has authorized the expenditure of \$1,800 from the surplus funds of the Association for the installation of lighting equipment on the football practice field at the Stadium. It is not certain that the materials will be available to complete the work this fall, and the appropriation will not be expended unless the work can be done immediately and benefits derived this season.

I recommend approval.

On motion of Mr. Jensen, these adjustments were authorized.

COMPENSATION TO HIRAM LAUDERDALE FOR PERMANENT INJURY

(6) Hiram Lauderdale, employed as a laborer at the Dixon Springs Experiment Station, suffered an injury to one eye on December 17, 1940, while engaged in University work. He was salvaging galvanized roofing from a wrecked shack. A chip from the head of a steel hammer struck him in the left eye, damaging the eyeball. The extent of disability has been estimated by an eye specialist at 70 per cent. He states that a secondary cataract is developing which will need to be removed in two or three months and that from an industrial standpoint this is equivalent to the loss of an eye. The Committee on Accident Compensation for Employees has made a careful examination of the case and has reached the conclusion that the accident is one which is compensable by the University under the provisions of the Workmen's Compensation Act. The Committee has proposed, and Mr. Lauderdale has indicated his willingness to accept a settlement on the following basis:

| | |
|---|------------|
| Payment by the University of all hospital and medical services incurred, the total of which amounts to..... | \$ 453 80 |
| Payment to Mr. Lauderdale of the sum of \$9.24 a week for 120 weeks, a total of..... | \$1 108 80 |

The allowance for disability is based on provisions of the Workmen's Compensation Act for loss of or permanent injury to an eye.

On motion of Mr. Livingston, this settlement was approved.

LEAVES OF ABSENCE

(7) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case:

W. A. Hulvey, laborer in the Physical Plant Department, two weeks' disability leave with full pay from September 18 to October 1, inclusive. This completes the disability leave on full pay to which he is entitled, since he has had five weeks prior to this time.

William F. Petersen, Professor of Pathology, College of Medicine, leave of absence on account of illness from September 26 through October 28, 1941, with full pay.

Frank W. Schaede, Laboratory Helper in the Department of Botany, disability leave from October 25, 1941, to January 1, 1942, with pay.

J. L. G. Weysser, Assistant Professor of Mining Engineering, leave without pay from November 15, 1941, to August 31, 1942, inclusive, for the purpose of serving in the Office of Production Management in Washington, D.C., in connection with priorities in the mining industry.

Mrs. Marie M. Bierfeldt, Stenographer in the President's Office, sick leave with full pay from November 3 through December 31, 1941. This includes 10 days' vacation allowance, 12½ days regular sick leave, and the balance is disability leave in accordance with the rules of the Board governing such leaves.

C. P. Kittredge, Assistant Professor of Theoretical and Applied Mechanics, leave without pay from November 1, 1941, through August 31, 1942, to engage in National Defense research work for the Government.

Leaves of Absence for Military Service
(The leave in each case is without salary.)

Pete Moreci, an employee in the Chicago Physical Plant Department, one year from October 11, 1941.

J. A. Henderson, Associate in Animal Pathology and Hygiene, one year from October 28, 1941.

C. R. Frederick, Director of Student Housing, extension of leave for military service for the period November 16, 1941, to November 16, 1942.

Louis G. Coonrod, Machinist in the Physical Plant Department, one year from September 25, 1941, for service with the National Defense Council as a machinist on defense work.

Kenneth E. Block, a bookkeeping machine operator in the Bursar's Division of the Business Office, one year from October 26, 1941.

Kenneth Andrews, Assistant in English, one year from September 1, 1941.

James L. Jackson, Assistant in English, one year from September 1, 1941.

On motion of Mrs. Grigsby, these leaves were granted as recommended.

AUTHORIZATION OF DIRECTOR C. M. WHITE TO RENDER CONSULTING SERVICES

(8) A recommendation that Director C. M. White of the University Library be authorized to render certain consulting services for the Tennessee Valley Authority library program, for the period beginning October 1, 1941, and expiring June 30, 1942. Director White will not be required to make more than three visits in connection with this work, each visit requiring three or four days' time. This arrangement will be advantageous not only to Director White professionally, but to the University Library and to the University.

On motion of Mr. Jensen, this authority was granted as recommended.

PATENTABLE DISCOVERIES

(9) The Faculty Committee on Patents submits the following report and recommendations on discoveries by members of the University staff:

1. Process for the preparation of specific precipitin antisera for tissue proteins, by Dr. W. H. Welker, Professor and Head of the Department of Physiological Chemistry at the College of Medicine. The Committee recommends that Doctor Welker be authorized to apply for a patent with the understanding that the same will be assigned to the University.

2. Method for producing sodium cyanate, which appears to give a better yield than that heretofore used by industry, by Dr. L. F. Audrieth. The Head of the Department of Chemistry reports that he is unaware of any commercial use for sodium cyanate and that he foresees no immediate return from the discovery. The Committee recommends that the discovery be released to Professor Audrieth and that he be authorized to secure a patent in his own right if he so desires.

3. A new method for preparing *dl*-methionine, one of the essential amino acids, involving a complicated series of reactions, by Dr. H. R. Snyder. The Head of the Department of Chemistry advises that there are at least two other satisfactory methods for preparing this compound which have been followed for years at the University. Doctor Snyder considers his a better one and would like to have it protected by a patent. The market for methionine is so small that it is questionable whether the University would be justified in incurring the expense of securing a patent even if the use of methionine increases substantially in the future. The new method would have to compete with satisfactory ones already known. In view of these considerations, the Committee recommends that the discovery be released to Doctor Snyder and that he be authorized to secure a patent if he so desires.

On motion of Mr. Adams, these recommendations were adopted.

**GRANT FROM ROCKEFELLER FOUNDATION FOR DEVELOPMENT
OF NEUROLOGY AND NEUROSURGERY**

(10) The Rockefeller Foundation has offered the University a grant of \$15,000 for the development of the educational and research program in the Department of Neurology and Neurosurgery. This grant is to be available from October 1, 1941, to September 30, 1943, and may be expended for salaries, wages, equipment, and supplies. Any funds remaining unexpended at the end of the period will revert to the Foundation.

Under the authority granted by the University of Illinois Statutes, I have accepted this grant and request confirmation of my action.

On motion of Mr. Davis, this action was confirmed.

AGREEMENT FOR COOPERATIVE INVESTIGATION

(11) A report of the approval of the following agreement for a cooperative investigation:

The Edward Orton, Jr., Ceramic Foundation, Columbus, Ohio, extension of agreement for investigation of "Some Factors Controlling the Uses of Clays," for one year from September 1, 1941, under the same terms as the original contract (\$750 a year).

On motion of Mrs. Grigsby, this action was confirmed.

**TRANSFER OF ILLINOIS UNION PROPERTIES TO THE
UNIVERSITY OF ILLINOIS FOUNDATION**

(12) A report from the Secretary of the University of Illinois Foundation is presented covering the transfer of the Student Center and Arcade Buildings now owned by the University of Illinois Union, subject to a lease and purchase agreement with the University of Illinois, to the University of Illinois Foundation subject to existing indebtedness; also the transfer of current assets of the Union to the University for use of improvements to the new Illini Union Building.

The Foundation requests advice as to additional funds for remodeling and improvements on the properties over and above those necessary for refinancing the indebtedness. With respect to this point, the Director of the Physical Plant Department and the Comptroller now recommend, and I concur:

1. That any remodeling or improvements required on these properties be taken care of from operating funds of the properties, from the special State appropriation for remodeling, or from the general reserve, as may be approved from time to time by the Board of Trustees.

2. That the amount of the new loan on the properties be limited to \$130,000, which is the approximate amount needed to pay off existing indebtedness and other expenses connected with the refinancing.

The Foundation further requests approval of a new loan to be placed with Farwell, Chapman & Co. of Chicago at 3¼% interest with a premium of \$27, legal expenses (estimated not to exceed \$1,000), and a premium of \$1,000 on the present first mortgage loan to be paid by the Foundation out of the proceeds of the new loan. Interest on present loans also must be paid to the earliest dates at which present creditors will accept payment and terminate interest. I recommend approval of this proposal.

The new loan is to be amortized from present rentals paid by the University under its contract for these buildings and is to be amortized fully in not more than 12 years.

In connection with the transfer of the properties from the Union to the Foundation it may be desirable to execute a new agreement with the Foundation to replace the present agreement with the Union. The rental paid under the present agreement is \$17,500 a year, but the new loan will require a smaller sum for debt service than present loans and it may be possible to reduce the amount of required rental.

I recommend that the President and Secretary of the Board be authorized,

if it is found desirable and advantageous to the University, to execute a new contract with the University of Illinois Foundation, for the lease and purchase of the Student Center and Arcade Buildings to replace the present agreement with the University of Illinois Union, the terms to be substantially the same as those of the present contract, and the annual rental not to exceed the present rental.

Mr. Morey presented this matter.

On motion of Mr. Davis, these arrangements were approved and authorized as recommended.

CONTRACT FOR BUILDING ALTERATIONS IN INSTITUTE FOR JUVENILE RESEARCH

(13) The Physical Plant Department has taken bids on repairs and alterations in the "State Mental Health Clinic" of the Institute for Juvenile Research. The lowest bid was \$2,970, submitted by the L. J. Graf Construction Company, which has the contract for remodeling in the Neuropsychiatric Institute. Under the circumstances, the simplest and most expeditious procedure was to authorize a change order in the original contract with the L. J. Graf Construction Company covering the Neuropsychiatric Institute to include the alterations in the Institute for Juvenile Research in the amount of \$2,970. I approved such a change order and request confirmation.

The cost of this remodeling is to be paid from funds appropriated to the Department of Public Welfare.

On motion of Mrs. Grigsby, this action was confirmed.

PURCHASES AUTHORIZED

(14) A report of the following purchases authorized by the President of the University as emergencies in accordance with the University Statutes:

1. 106 short overcoats (Army), from Browning King Uniform Corporation, New York City, the lowest bidder, at a total cost of \$1,192.50 f.o.b. New York City.

2. One dump truck for the Physical Plant Department, from Dillavou Bros., Champaign, the lowest bidder, at a total cost of \$1,498.90.

3. 455 cases of Ft. Howard bleached 11" x 13" paper towels, from the Decatur Paper House, Decatur, Illinois, the lowest bidder, at a total cost of \$1,705.25 f.o.b. delivered.

4. 800 cases "A.P.W. Victor" 11" x 13" unbleached paper towels, from W. B. Read and Company, Bloomington, Illinois, the lowest bidder, at a total cost of \$2,304 f.o.b. Urbana.

This report was received for record.

QUARTERLY REPORT OF THE COMPTROLLER

(15) The Quarterly Report of the Comptroller to the Board of Trustees as at September 30, 1941. A copy of this report has been sent to each member of the Board.

This report was received for record.

STAFF PRIVILEGES IN THE ILLINI UNION BUILDING

(16) At the meeting of the Board on October 21, I presented the following recommendations from the Illini Union Board:

1. All members of the faculty and other University employees and staff members of agencies affiliated with the University who contributed \$50 or more to the University of Illinois Foundation in its campaign for funds for furnishing the Illini Union Building shall be entitled to the privileges of the building during the academic year 1941-1942 without the payment of the service charge.

2. Those who did not contribute a sum equal to \$50 shall continue to pay the building service charge if they desire to use the facilities of the Illini Union Building.

If these recommendations are approved by the Board of Trustees, all members of the faculty and other University employees and staff members of agencies affiliated with the University will be advised of this policy.

Action on this was deferred.

Approximately 300 members of the University Club (Men's) and 180 members of the University of Illinois Women's Club who are on the faculty of the University or on the staff of affiliated agencies are by virtue of their memberships in these two clubs entitled to the privileges of the Illini Union Building without the payment of the service charge. All other members of the staff who use the building are expected to pay the same service charge as the students, or \$5 a semester. Twenty-eight have paid this service charge for the first semester of 1941-1942. The second semester of 1940-1941 (the building opened in February), two hundred and seventeen paid the service charge.

This matter was referred to the Committee on General Policy for consideration and report.

RESIGNATION OF COACH ZUPPKE

(17) A telegram from Mr. Harold Pogue:

"President A. C. Willard, University of Illinois, Urbana, Illinois: Zuppke has authorized and requested me to advise you that he is resigning immediately following the Northwestern game Saturday afternoon. [Signed] HAROLD POGUE."

President Cleary reported that Mr. Pogue had telephoned him on Monday, November 17, 1941, and had stated that Mr. Zuppke had decided that he would resign as football coach after the Northwestern game, and had authorized Mr. Pogue to give official notice of that decision to Mr. Cleary as President of the Board of Trustees.

This matter was referred to the Board of Directors of the Athletic Association.

APPROPRIATION FOR LOAD CENTER IN ELECTRICAL DISTRIBUTION SYSTEM

(18) In the preparation of plans and specifications for the heating and power plant and distribution system, Sargent and Lundy, consulting engineers on this project, recommended the construction of seven load centers. The State appropriation permitted the construction of only five, making it necessary to carry the Illini Union Building, the Noyes Laboratory, the Chemistry Annex, and the Old Agriculture Building on a temporary service. This has resulted in the present demand approaching the maximum capacity of two existing load centers, and the feeder cable to the Woman's Building is now carrying close to capacity during peak demands.

The Director of the Physical Plant Department requests an appropriation of \$20,000 for the completion of another load center. Provision for this was included in the biennial budget for 1941-1943 on the basis of an estimate of \$25,000 for the cost of this installation. This appropriation is to be made from the reserve for non-recurring allotment of funds for equipment for the biennium of 1941-1943 (Minutes, August 5, 1941, page 412).

Mr. Havens presented this matter.

On motion of Mr. Adams, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston; no, none; absent, Mr. Green, Mr. Karraker, Dr. Meyer, Mr. Wieland.

LIBRARY BINDING

(19) On July 15, 1941 (Minutes, page 386), there was submitted a proposal for the award of a contract for binding for the University Library covering the biennium of 1941-1943. The recommendation was based on prices received from

three binderies which have done work for the University in the past. Action on the proposed award was deferred because quotations instead of sealed bids had been secured. Subsequently the Director of the Library was instructed to prepare proper specifications and definite options, and the Purchasing Agent was instructed to call for bids on the basis of such specifications and options. Two sets of specifications (1) Standard Library Binding, and (2) Superior Library Binding, were submitted to five binderies equipped and qualified to do any part of such work. Bids have been secured from the following, and a schedule of the bids is hereby given to the Secretary of the Board for record:

Ernst Hertzberg & Sons, Chicago
 New Method Book Bindery, Inc., Jacksonville, Illinois
 Edwin Allen Company, Chicago

The following did not bid but submitted letters protesting that they were unable to bid on the specifications as written:

The Book Shop Bindery, Chicago
 Burgmeier Book Bindery, Inc., Chicago

The lowest bidder on the entire quantity of work is Ernst Hertzberg & Sons. The Director of the Library, the Purchasing Agent, and the Comptroller recommend the award of the contract to that firm for a period beginning December 1, 1941, and ending June 30, 1943, in accordance with the schedule of prices quoted and filed with the Secretary of the Board. The total amount of binding involved is approximately \$25,000 a year, and there is provision for this in the Library budget for the current year.

On motion of Mr. Adams, this recommendation was referred to a special committee, to be appointed by the President of the Board, to investigate and report to the Board.

President Cleary appointed the following committee: Mr. Adams, Mr. Fornof, Mr. Jensen.

LEAVES OF ABSENCE—SUPPLEMENTARY

(20) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case:

A. H. Koller, Assistant Professor of German, leave of absence on account of illness, with full pay, from October 6, 1941, until the end of the semester or such prior time as he is able to return to his duties.

Pauline E. Changnon, Teacher in the University High School, leave of absence on account of illness, with full pay, from October 10 to November 22, 1941, inclusive.

Leaves of Absence for Military Service

(The leave in each case is without salary.)

Leonard Cole, Mimeograph Operator in the Mailing Room of the College of Agriculture, from October 24, 1941, to October 20, 1942, which includes two days' vacation due him.

On motion of Mr. Jensen, these leaves were granted.

CONTRACTS FOR PURCHASE OF COAL

(21) At its meeting on July 15, 1941 (Minutes, page 388), the Board approved the award of contracts for the purchase of coal to the Globe Coal Company, the Skelton Coal Company, and the Tilton Mining Company, the lowest bidders. At the September meeting the Board considered the purchase of coal for the Research and Educational Hospitals and approved the increase of the contract with the Globe Coal Company to cover the additional requirements.

The original contracts were executed by the companies and were forwarded to the Governor for his approval in accordance with provisions of Article IV,

Section 25 of the Constitution.¹ The Governor's Secretary returned the contracts with the Skelton Coal Company and the Tilton Mining Company which have been approved by the Governor, but the contract with the Globe Coal Company was returned without his approval. His Secretary asks that this contract be transferred to the Republic Coal and Coke Company, Chicago, which has indicated that it will be willing to fill the contract at the same price as quoted by the Globe Coal Company, in accordance with the spirit of an act of the General Assembly providing that purchases of coal for State institutions shall be pro-rated among various mines of the State to provide for an equitable distribution, taking into consideration the number of miners employed. It is recognized by the Governor's Office that the University is not bound by the statute but suggests that it recognize its spirit.

No bid was received from the Republic Coal and Coke Company at the time bids were considered in July. Its mine is located in Vermilion County. According to our information, this company is owned by the United States Steel Corporation, and coal from it has not been sold commercially heretofore.

It is clear that any action by the Board of Trustees in awarding a contract for the purchase of coal is subject to the approval of the Governor. On the other hand, it would be contrary to the established practice of the Board of Trustees and of the University if a contract were transferred from the lowest responsible bidder to another party which did not submit a bid when the original contracts were let and subsequently was given an opportunity to meet the lowest bid submitted at that time. Under the circumstances it would seem that the Purchasing Agent should be authorized to readvertise for bids and to make another award to the lowest bidder subject to the Governor's approval.

On motion of Mr. Davis, this authority was granted; the officers of the University were directed to confer further with the Governor before re-advertising for bids.²

ADVANCE OF FUNDS FOR CONTRACT PAYMENTS ON ILLINI UNION BUILDING

The Secretary presented the following report:

To secure payment from the United States Government of the final installment of the grant, and from the Connecticut Mutual Life Insurance Company of the final installment of the proceeds of the loan it made for the Union Building, it will be necessary for the University to advance the sum of \$16,820. This amount is needed to help make final payments due on contracts for the construction of the building. The advance would be repaid in the near future, as soon as final settlement has been made.

Since prompt action was necessary to close this matter, the Executive Committee authorized an appropriation of \$16,820 from the General Reserve Fund for these contract payments.

This report was received for record.

COMMITTEE ON CHICAGO DEPARTMENTS

Mr. Jensen presented the following report:

The Committee on Chicago Departments met at Urbana on Saturday, November 1, 1941. Dr. Karl A. Meyer, Chairman, and Mr. Frank A. Jensen were

¹The Constitution provides that "The general assembly shall provide, by law, that the fuel, stationery and printing paper furnished for the use of the state; the copying, printing, binding, and distributing the laws and journals, and all other printing ordered by the general assembly, shall be let by contract to the lowest responsible bidder; but the general assembly shall fix a maximum price; and no member thereof, or other officer of the State, shall be interested, directly or indirectly, in such contract. But all such contracts shall be subject to the approval of the governor, and if he disapproves the same there shall be a re-letting of the contract, in such manner as shall be prescribed by law."

²The Comptroller reported on December 3 that he had received the three original contracts, approved by the Governor, making further action unnecessary.

present. The Committee voted to recommend the nomination of Mrs. Glenn E. Plumb, of Chicago, as the representative of the University of Illinois on the Medical Center Commission.

On motion of Mr. Jensen, this appointment was made as recommended.

REPORT OF COMMITTEE ON PATENTS

Mr. Davis, for the Committee on Patents, presented the following report:

Mr. Chester Davis, Chairman
Mr. Homer Mat Adams, Member
Mr. Park Livingston, Member } *Committee on Patents*

November 5, 1941

GENTLEMEN:

I am transmitting a tentative draft of a cooperative research agreement with the Porete Manufacturing Co., of North Arlington, New Jersey, covering a cooperative investigation of composite steel and concrete construction. There is also enclosed a copy of a letter from Thomas H. McDonald, Commissioner of Public Roads, Public Roads Administration, Washington, D.C., which is self-explanatory and shows the continuing interest of the Federal Public Roads Administration in the type of research contemplated.

Dean Enger and I have undertaken to write this contract in the light of the discussion which took place between you and me just before the latest meeting of the Board of Trustees in Chicago. Specifically, this agreement differs from previous contracts in the following important respects:

1. We are suggesting in paragraph (3) a charge of 20% to be deducted and to be used to take care of any obligations which may arise against the University on account of accidents, sick leave, death benefits, and retirement compensation;

2. We suggest in paragraph (6) a departure from prior contract procedure and stipulate that if the contributor pays the cost of procuring a patent it will receive a non-exclusive free license; but if within 20 days after notice of the discovery the contributor elects not to pay the cost of procuring patent protection, the University may do so, whereupon the contributor will receive a non-exclusive license only, on terms substantially similar to those accorded other licensees;

3. We suggest in paragraph (5) a new provision to the effect that the publication of discoveries which are or seem likely to involve patents be delayed until a reasonable opportunity has been accorded the University and the contributor to obtain patent protection. This, we are told, will be very acceptable to contributors without involving any material sacrifice on our part.

I suggested the inclusion of a provision that special equipment purchased for the investigation out of funds contributed by the sponsor shall become the property of the University after the completion of the investigation. Dean Enger thought that at least in this particular contract we should not insert this provision. He said that in many cases the contributor was not interested in the equipment, but sometimes the contributor might purchase, for example, an adding machine, which it would want after the investigation was complete and which we probably would not particularly need anyhow. In this connection it should be stated that we contemplate, when we make our report, which will be soon, recommending the classification of research projects on a basis discussed at the meeting in Chicago, and that in certain types, a stipulation of the kind mentioned be included.

In general, this contract represents our ideas at the present time as to the type of contract which should be used when a research is sponsored by a commercial concern of the type of the Porete Manufacturing Co. We are asking that your committee give consideration to this contract and let me know whether we may offer it to the prospective sponsor as it is, and if not, with what alterations or additions.

Both the College of Engineering and the prospective sponsor are anxious to begin the work at the earliest possible date.

It is my personal view that this contract, or one similar to it, if used in substance, would establish a relationship sound from the business and educational standpoint as far as the University is concerned.

The terms of licensing agreements are another matter, and of course they have no place in this contract. The kind or type of licensing agreement which the University may be willing to execute in the event of its becoming the owner of a commercially profitable patent is a matter for consideration when the question arises and of course can not and should not be anticipated at this time.

I have the permission of the President of the University to communicate with you directly on this subject.

Sincerely yours,

SVEINBJORN JOHNSON
University Counsel

ARTICLES OF AGREEMENT

ARTICLES OF AGREEMENT between the Board of Trustees of the University of Illinois, Party of the First Part, hereinafter called the University, and the Porete Manufacturing Company, Porete Avenue, North Arlington, New Jersey, Party of the Second Part, hereinafter called the Company, for a cooperative investigation of Composite Steel and Concrete Construction by the University, through its Engineering Experiment Station, a division of the University, under the following terms and conditions.

(1) This agreement is executed for the period of one year, beginning December 1, 1941, with the understanding that it may be extended for additional periods under the same terms or such other terms as may be mutually agreed upon.

(2) The University, through the Engineering Experiment Station, will supervise and direct all experimental work and the computation and reduction of all results obtained, together with the placing of these data into form for presentation.

(3) The University shall furnish the necessary room for this investigation, together with heat, light, power, and water; permit the use of such laboratory apparatus as it may possess which is not in use for other purposes; and shall assume the cost of compensation for accidents, and make provision for sick leave, death benefits, retirement compensation when staff members who are employed in a permanent and continuous capacity are assigned to the investigation, and publication of results of the investigation. As partial reimbursement to the University, a general charge of twenty (20) per cent will be deducted from the payments made by the Company. All special apparatus for this investigation and not available in the engineering laboratories shall be purchased from, and charged against, the funds provided by the Company for this purpose.

(4) An advisory Research Committee shall be appointed to advise with the officers of the Engineering Experiment Station concerning the research program and the conduct of the investigation, and to cooperate in the preparation of all reports. One or more members of this committee shall be appointed by the Company, and other members shall be appointed by the University. The conduct of the tests shall be under the full control of the University through the Engineering Experiment Station, which is necessarily responsible for the results secured.

(5) All records of the investigation are to be the property of the University and the Company. The original records are to be kept on file by the University, but copies of all such records shall be furnished the second party or his duly authorized representative on request. The University shall have the exclusive right to publish the results of the investigation when completed, in the form of a bulletin or bulletins, or otherwise. Prior to such publication, no publicity shall be given to any of the results of the investigation except on the recommendation or with the approval of the University and the Company, unless the scientific value of a discovery made during the course of the investigation be such that, in the judgment of the University, the public interest requires prompt release or publication thereof. If patentable discoveries are or seem likely to be involved, such publication shall be delayed in so far as practicable until reasonable

opportunity has been accorded the parties to obtain patent protection for such discoveries. The publication, if any, shall contain a description of the investigation and a report of the results and conclusions, and full credit shall be given to the second party and every person who made a significant contribution to the results obtained.

(6) All research assistants, mechanics, clerks, and other help necessary for the effective prosecution of this investigation shall be employed by the University, and paid from the funds provided by the Company. Members of the special staff for this investigation are to be regarded as members of the research corps of the University during their participation therein, and in all respects subject to the rules and regulations of the University and the obligations of members of its staff.

It is agreed that all results of experimental work, including patentable discoveries, carried on under the direction of the scientific staff of the University, belong to the University and to the public and shall be used and controlled so as to produce the greatest benefit to the public. It is agreed that if patentable discoveries grow out of the investigation and such discoveries have commercial value, the Company, on payment of the entire cost of securing a patent, shall be given free use of the patent as a non-exclusive licensee, it being agreed that other licensees shall pay the University a royalty which in the opinion of the University is fair to the Company and to the public. The Company shall notify the University in writing whether it will pay the costs of filing an application and procuring a patent on any discoveries which may be patentable, within twenty days from the date when the University gives the Company notice of any such discovery. In case the Company does not wish to assume the expense of securing a patent, the University may, in its discretion, do so, and the Company shall be given a non-exclusive license on substantially similar terms as other licensees.

(7) The Company agrees to pay the University the sum of Six Thousand Dollars (\$6,000) in the following manner: the sum of \$1,500 on execution of this contract and the remainder in installments of \$1,500 on March 1, June 1, and September 1, 1942.

Eighty per cent of the money contributed to this investigation shall be held as a special fund and shall be so carried on the books of the Comptroller of the University. Payments from this fund shall be made only on vouchers approved by the Director of the Engineering Experiment Station for this work. At the close of the period covered by this agreement, the Comptroller shall render an accounting to the Company.

It is agreed by the Company that they will not under any circumstances use the name of the University of Illinois in any advertisement, whether with reference to the cooperative agreement or any other matter.

In witness whereof the undersigned authorized officers of the parties hereto attach their signatures as official representatives and the corporate seals of the respective parties, this day of 1941.
[Lines for signatures omitted]

On motion of Mr. Davis, this form of agreement was authorized for use until further notice.

UNIVERSITY OF ILLINOIS PRESS

Mr. Fornof presented the following report:

As a committee of one assigned to make an inspection of the University of Illinois Press, permit me to report:

Soon after starting study of the functions of the University Press, it became apparent it was necessary to approach the subject from two widely divergent viewpoints: (1) from the mechanical and operating angle and (2) from the standpoint of its function in encouraging and preserving scholarly publications written by faculty members.

I was impressed by the scope and volume of work handled by the University Press and I believe it worth while to acquaint the Board members with the report recently submitted by Director Cunningham to President Willard covering production from June 1, 1940, to May 31, 1941. It reported 2540

printing job orders, including the Local Directory, 368 pages, 4370 copies; Announcement of Courses, 80 pages, 4140 copies; Board Minutes, 540 pages, 2270 copies; Trustees Biennial Report, 1168 pages, 860 copies; Weekly Calendar, 47 issues, 240 copies; 7 Studies in the Social Sciences, 1050 pages, 5770 copies; 86 Agricultural Bulletins and Circulars, 2639 pages, 833,150 copies; 6 Business Research Bulletins, 244 pages, 16,480 copies; 25 Engineering Bulletins and Circulars, 1248 pages, 68,639 copies; 3 High School Visitor Bulletins, 144 pages, 7014 copies; High School Conference Programs, 40 pages, 7106 copies; College of Medicine Catalog, 102 pages, 4100 copies; College of Dentistry Catalog, 68 pages, 5430 copies; College of Pharmacy Catalog, 36 pages, 2080 copies; Comptroller's Report, 60 pages, 1720 copies; Green Caldron, 4 issues, 144 pages, 6890 copies; Student Organization Report, 40 pages, 650 copies; Annual Register, 452 pages, 31,620 copies; Graduate School Bulletins, 3 issues, 152 pages, 8440 copies; 6 Summer Session Bulletins, 128 pages, 27,680 copies; Commencement Programs, 3 issues, 28 pages, 11,980 copies; Freshman Booklet, 44 pages, 10,260 copies; 12 University Extension Bulletins, 200 pages, 56,260 copies; 3 Time Tables, 284 pages, 33,660 copies; Fine Arts Bulletins, 92 pages, 16,480 copies; 2 University High School Bulletins, 64 pages, 3200 copies; 25 Agricultural Economics Circulars, 270 pages, 110,310 copies; College of Law Catalog, 36 pages, 6960 copies; Farm and Home Week Programs, 48 pages, 14,450 copies; 5 Radio Programs, 40 pages, 70,000 copies; 2 Journalism Bulletins, 44 pages, 3319 copies; 8 President's Circulars, 116 pages, 42,520 copies; Honors Day Program, 32 pages, 3080 copies; 10 Registrar's Circulars, 122 pages, 28,900 copies; 10 Student Housing Circulars, 138 pages, 21,140 copies; 4 Physical Education Bulletins, 164 pages, 8630 copies; 4 High School Testing Circulars, 38 pages, 9170 copies; 5 Athletic Association Bulletins, 86 pages, 19,330 copies; and 6 Chicago Department Bulletins, 202 pages, 29,300 copies.

The total receipts of the Print Shop were \$128,133.62 which was distributed as follows: charges for paper stock, engravings, and other materials, \$51,346.41, and for operating expenses, \$76,787.21.

The equipment in the Print Shop is carried on the books at a present worth of \$127,027.69.

Managed and operated strictly on a business basis, the Print Plant has cost records on every job, and it is apparent that an actual saving of from 25 to 40 per cent over commercial shop prices is effected. An excellent system of filing and records is maintained, facilitating reruns at real savings.

Equipment, though inadequate to meet all the demands, is generally modern and efficient, the notable exception being a power paper cutter of many years in service. The bindery is severely handicapped by lack of needed equipment.

Additional machinery, however, is out of the question until adequate quarters can be found. How the Print Shop operates efficiently in such cramped space is difficult to understand.

The basement of the Administration Building, used to house the shop, is totally unsuited. Not only is there a decided shortage of necessary working space, but the rooms are dark, poorly ventilated, and ill-suited for efficient production. The glare from the lights in the shop office creates a situation harmful to the eyes as one may attest after only a short experience.

Some new arrangement should be made immediately for a room for the proofreaders who at present are cooped up in an air-tight glass cage in the middle of the work room. Ventilation is possible only through the opening of an outside window, and in the summer time the heat is so terrific that ice and fans are used to lower the temperature.

Air conditioning throughout the plant would be welcome, but not to be recommended if it is the intention to remove the plant to other quarters, more adapted to the needs.

Quality of work produced is splendid and comparable to that of the artistry of the highest grade commercial plants.

Employees of the University Press are under civil service and enjoy the same status as other University employees.

I am happy to report that production, from the standpoint of quality, volume, and cost, rates high and reflects creditably on the director, Mr. Cunningham, and the superintendent, Mr. Herman.

Lack of funds and lack of equipment have minimized the usefulness of the University of Illinois Press in the printing of scholarly and learned publications, a function which is generally recognized as a basic responsibility of an university press. Only in a small measure has the University of Illinois Press been able to extend its services to such publications. It had been hoped that sufficient appropriations would be granted by the state legislature this last session to permit an extension of this program, but funds were not forthcoming.

A commercial publisher is distinctly not interested in a book that will not have general appeal, sufficient to meet his expenses and provide a profit. Thus the only possible publishers of scholarly works are the university presses, and some universities have made notable contributions along this line.

Illustrative of the point I make is the recent publication by the University of Illinois Press, "Generic Relationships of the Dolichopodidae (Diptera) Based on a Study of the Mouthparts," by Sister Mary Bertha Cregan, R.S.M. This is a highly technical monograph, but of sufficient value to attract a very favorable review in the "Annals of the Entomological Society of America," September, 1941, issue. The last paragraph of this review is of particular interest:

"Besides the excellence of the work itself we are pleased that a mere state university, state controlled, can find funds for publications of this size. All honor to the University of Illinois."

I would recommend that the Director of the University of Illinois Press be authorized to make an extensive program for future development of the Press, both from the standpoint of production and publication of learned works. I would suggest also that he explore the possibilities of a building suitable for the offices and shop, that he study the question of combining the shop of the Illini Publishing Co. with the Press. Also out of the work of the University Press might evolve a course of printing engineering in connection with the School of Journalism, for many of the journalism students plan to enter the small newspaper field where job printing is an important factor in the business; also that the Director of the Press be authorized to study the possibilities of enlarging the bindery to take care of the binding for the library.

I hope all the Trustees will avail themselves of the opportunity to inspect the print shop of the University Press and will give heed to the value of the Press as an agency for preserving valuable works in print which otherwise might be lost.

On motion of Mr. Jensen, this report was adopted, and the Director of the University Press was instructed to formulate and present a long-term program for the development of the Press; and the special committee was continued for further study and subsequent report on the progress of the Press.

HOMECOMING ACTIVITIES

Mr. Fornof, for the Committee on Alumni, presented an expression of appreciation of the work of Director Wright and other agencies cooperating to make the recent Homecoming a success.

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

December 16, 1941

**With Adjourned Session of
December 30, 1941**

The December meeting of the Board of Trustees of the University of Illinois was held at the Chicago Illini Union Building, in Chicago, at 10:30 a.m. on Tuesday, December 16, 1941. The following members were present: President Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Judge Sveinbjorn Johnson, Counsel, Mr. C. S. Havens, Director of the Physical Plant Department, and Mr. J. F. Wright, Director of Public Information.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of November 18, 1941.

On motion of Mr. Jensen, the minutes were approved as printed on pages 691 to 712 above.

MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

APPOINTMENT OF PROFESSOR THEODORE C. PEASE AS HEAD OF THE DEPARTMENT OF HISTORY

(1) Since the retirement from active service on September 1, 1941, of Professor W. S. Robertson as Head of the Department of History, the Department has been administered by an Executive Committee with Professor Theodore C. Pease as Chairman. The Dean of the College of Liberal Arts and Sciences recommends that Professor Pease be appointed Professor and Head of the Department of History on indefinite tenure beginning September 1, 1942, at an annual salary of \$6,500.

In accordance with the provision in the University of Illinois Statutes relating to such appointments I have consulted the Dean of the College and all members of the Department of professorial rank concerning both the appointment of Professor Pease and the proposed change in the departmental organization. The majority definitely favor the change to the headship organization and the appointment of Professor Pease.

I concur in this recommendation.

On motion of Dr. Meyer, this appointment was made as recommended.

APPOINTMENT OF MEDICAL DIRECTOR AND MEDICAL EXAMINERS OF UNIVERSITY RETIREMENT SYSTEM

(2) The Board of Trustees of the University Retirement System of Illinois has appointed Dr. J. Howard Beard, University Health Officer, as Medical Director of the Retirement System and as Medical Examiner for the Urbana Departments, and Dr. W. W. Dalitsch as Medical Examiner for the Chicago Colleges. These appointments carry no salaries for the present, as it is impossible to tell at this time how much time will be required for this service. In the case of the Examiner the work can doubtless be done as a part of the institutional duties without much, if any, additional burden. In the case of the Medical Director it may be necessary for the Retirement Board to provide additional help to relieve him and his staff of any undue burden which might result from such an arrangement or, with the approval of the University, additional compensation may be paid to cover the added responsibilities.

I recommend that the Board of Trustees authorize Doctor Beard to serve as Medical Director of the Retirement System and Medical Examiner for the Urbana Departments (with the understanding that he may call on members of his staff for such assistance in examinations as may be necessary), and that Doctor Dalitsch be authorized to serve as Medical Examiner for the Chicago Departments, both cases being until further notice.

On motion of Mrs. Grigsby, this authority was granted as recommended.

SABBATICAL LEAVE OF ABSENCE FOR JUDGE SVEINBJORN JOHNSON

(3) On February 27, 1937 (Minutes, page 173), the Board granted Judge Sveinbjorn Johnson, University Counsel and Professor of Law, a sabbatical leave of absence with full pay for the second semester of 1937-1938 for the purpose of study and travel abroad. He did not take advantage of this grant because of illness in his family and other circumstances, but requested that he be permitted to forego his leave of absence until a future time. This request for deferment of leave was approved by the Board on September 27, 1937 (Minutes, page 483). Judge Johnson now requests that he be granted sabbatical leave of absence for the second semester of 1941-1942 or for six months from February 1, 1942, with full pay, so that he may devote the time to finishing a work begun several years ago on the translation of the Old Icelandic Lawbook, *Gragas*, into English. It will be a work in two volumes, including the original text and the translation facing each other on opposite pages, with full notes

relating the legal doctrines to other Scandinavian laws, to Anglo-American law, and to Roman law. His work on this will include studies in the libraries of Chicago and at Northwestern and Cornell Universities. Arrangements have been made by the College of Law to provide for his teaching without additional expense to the University and he will be available for other services when necessary.

I recommend approval of this request.

On motion of Mr. Davis, this leave was granted as recommended.

LEAVES OF ABSENCE

(4) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case:

D. G. Bourgin, Assistant Professor of Mathematics, sick leave with full pay from November 5 to December 20, 1941.

Vera H. Leaf, Assistant in Dermatology, leave from December 1, 1941, through August 31, 1942, without pay, to do advanced work in Dermatology at the Vanderbilt Clinic in New York City.

J. D. Jefferson, Janitor in the Physical Plant Department, sick leave with full pay for August 23, 1941, and the period, September 2 to November 1, and November 12 and 13, 1941.

Pauline E. Changnon, Teacher in the University High School, extension of leave of absence with full pay, on account of illness, November 22 to December 14, inclusive.

William Wlodarski, Laborer in the Physical Plant Department in Chicago, sick leave without pay from noon September 23 to December 21, 1941.

Leave of Absence for Military Service

James Moran, Laborer in the Chicago Physical Plant Department, one year from December 4, 1941, without pay.

Extension of Leave of Absence for Military Service

J. B. Corns, Assistant Professor of Vegetable Crops Extension, Department of Horticulture, one year from January 20, 1942, without pay.

On motion of Mr. Karraker, these leaves were granted as recommended.

UNIVERSITY HEALTH OFFICER

(5) There is no provision in the University of Illinois Statutes defining the functions and responsibilities of the University Health Officer. When the present incumbent was appointed on July 21, 1916, the Board action directed that he be given such duties as may be assigned to him by the President of the University. It seems to me, however, that there should be a formal provision, and I therefore recommend that the University of Illinois Statutes, as adopted by the Board of Trustees on March 10, 1936, be amended by the addition of the following section:

Section 20½. (a) The University Health Officer shall be appointed by the Board of Trustees, on the recommendation of the President.

(b) It is his duty to use to the extent practicable the established methods of preventive medicine and sanitation in order to promote the general health and the mental and physical welfare of students, faculty, and staff. He shall have power to go anywhere on University property that may be necessary in the performance of his duties, and to seek any information from students, University officers, or employees which he may require in order to reduce accidents, prevent the spread of communicable disease, or cooperate with local or state officials in controlling epidemics.

(c) He shall report to the President any conditions which constitute a menace to the health and well-being of students, faculty members, and employees, and, with his approval, take whatever steps may be necessary to remove such menace.

On motion of Mr. Livingston, this recommendation was adopted.

USE OF FUNDS RECEIVED FROM ILLINOIS UNION, INCORPORATED

(6) As previously reported to the Board of Trustees, the Illinois Union Corporation has transferred its assets and liabilities to the University of Illinois Foundation with the understanding that the cash assets will be used for further improvements in the Illini Union Building.

The Illini Union Board recommends that the funds received from the Illinois Union amounting to \$20,000 be used:

1. To complete the construction in the fourteen rooms in the center section, and, until funds can be provided for the purchase of the furnishings, that these rooms be available for small meetings; this will mean that, until a specific gift is received for furnishings in this area, the guest facilities will not be available to the alumni;

2. To finish and equip the third floor (west wing) for the development of a student work shop.

The Illini Union Board further recommends that the original plan of providing guest rooms on the fourth floor be continued and that when funds are available this entire floor be finished and made available in addition to the rooms in the center section.

I concur in these recommendations subject to the condition that the cost of the proposed changes will not exceed the amount of funds received by the University of Illinois Foundation from the University of Illinois Union, Incorporated, for these purposes.

On motion of Mr. Jensen, these recommendations were adopted.

UNIVERSITY CIVIL SERVICE RULES

(7) It will be necessary for the Board of Trustees to adopt rules for the administration of the University's Civil Service System prior to January 22, 1942, which is the deadline specified in the act of the General Assembly authorizing the Board to establish a classified service in the University. The Board has appointed a University Civil Service Committee and has authorized it to draft such rules for consideration by the Board (Minutes, October 21, 1941, pages 672-673).

These rules have been sent to members of the Board and are presented herewith. The Committee is also working on classifications and rates of compensation for submission to the Board, but these will not be ready until the January meeting.

If these rules are adopted it is further recommended that the following committee be appointed to conduct the hearings on discharge and demotion and to report the evidence to the Board of Trustees for a decision:

Standing Committee: Professor W. C. Robb, *Chairman*, Professor R. N. Sullivan, Professor H. W. Bailey, Director H. E. Cunningham, *Secretary*.

Alternates (to serve as substitutes when the hearing does not involve an employee under their supervision): Dean H. P. Rusk, Director C. S. Havens.

Professor W. C. Robb and Mr. C. A. Webber, Bursar, commented on the proposed rules.

On request of Mr. Davis, provision for preference for veterans was incorporated in the rules.

On motion of Dr. Meyer, the following resolution was adopted.

Whereas, the Sixty-Second General Assembly of the State of Illinois empowered the Board of Trustees of the University to classify by rules for that purpose all non-academic positions and employments in the University of Illinois with certain exceptions therein stated, for the purpose of establishing grades, salary scales, and standards of examination therefor,

Now, therefore be it resolved that the Board of Trustees of the University of Illinois hereby adopts and puts into effect from this date the attached rules of the classified civil service of the University of Illinois (see page 736);

Be it further resolved that the Secretary of the Board of Trustees of the University, or an agent duly deputized by him, be and he is hereby authorized and directed to sign on behalf of the Board of Trustees of the University any

and all forms or documents relating to the classified civil service of the University which require execution by the Board of Trustees of the University or which may be necessary in order to effectuate the objects and purposes of the rules of the classified civil service of the University, and

Be it further resolved that Lloyd Morey, Comptroller, or an agent duly deputized by him, be and he is hereby designated as Appointing Officer with full power to act as such, in the administration of Amendment 36a to the State Civil Service Law in its relation to the University, including the power to sign any and all civil service forms or documents which require execution by the Appointing Officer, and

Be it further resolved that the authorization of the Board of Trustees of the University approved March 29, 1937 (Minutes, pages 216 and 217), designating Lloyd Morey, Comptroller, and C. A. Webber, Bursar, to serve jointly and severally as Appointing Officers with full power to act, is hereby rescinded.

On motion of Mr. Fornof, the standing committee to conduct hearings in cases involving discharge and demotion and to report the evidence to the Board was appointed as recommended.

ADMINISTRATION OF SCHOOL OF PHYSICAL EDUCATION AND INTERCOLLEGIATE ATHLETICS

(8) At its meeting on July 22 the Board of Trustees referred to the University Senate the following recommendation from the Committee on Athletic Activities of the Board:

"That consideration be given to again placing the School of Physical Education under the Athletic Director to the end that there should be a close and understanding cooperation, that the Athletic Director and major coaches shall actively teach in the School of Physical Education, including summer school sessions, and that coaches as well as the Athletic Director shall spend the major portion of each year, among other duties at the University, in closer contact with alumni, high school and public bodies."

On July 23 I referred the request of the Board to the University Senate Committee on Educational Policy for study and report to the Senate. At the meeting of the Senate on December 1 the Committee presented the following statement, summarizing the facts and opinions obtained by the Committee:

"Agencies *administering*—executing—athletic policies at the University as distinguished from the policy-making bodies:

"The administration of athletics at the University is primarily in the Board of Directors of the Athletic Association which administers intercollegiate athletics and intramural sports. The executive agent of the Board of Directors of the Athletic Association is the Director of Intercollegiate Athletics, appointed by the Board of Trustees of the University on recommendation of the Board of Directors of the Athletic Association and the President of the University. The Board of Directors has a Director of Intramural Sports as its executive agent in the execution of its powers in that particular field. In addition, and properly listed as a part of the administrative machinery, is the University representative on the Intercollegiate Conference of Faculty Representatives, who is appointed by the President of the University.

"The School of Physical Education at the University of Illinois is organized with a Director and an Executive Committee. It appears that the University of Illinois is the only member of the Intercollegiate Conference which has a School of Physical Education. The other institutions have departments or divisions. Many members of the coaching staff of the University of Illinois are members of and teach in the School of Physical Education.

"In evaluating this dual arrangement, your committee obtained information from the Director of the School of Physical Education and from the files in the offices of the Registrar and the Comptroller relative to the financial and administrative organization of athletics and physical education in all the universities which are members of the Intercollegiate Conference.

"In addition to obtaining these factual and statistical data, the committee as a whole has interviewed at different times the Director of the School of

Physical Education, members of the athletic coaching staff of the University, members of the teaching staff of the School of Physical Education, the Director of Intramural Sports, and members and former members of the Board of Directors of the Athletic Association. Individual members of your committee have had personal conferences with the Acting Director of Intercollegiate Athletics, the Director of the School of Physical Education, the Chairman of the Senate Committee on Athletics, the Business Manager of the Athletic Association, and other members of the teaching and coaching staffs. Besides the evidence obtained from personal interviews, a number of letters are in the files of the committee in which the views of members of the teaching and coaching staffs are expressed.

"The Director of the School of Physical Education is concerned with the health education and recreation of students. This is accomplished through (a) giving medical examinations, teaching hygiene, teaching physical education, and (b) training professional workers, including athletic coaches, in the general field of physical education.

"The Director of Athletics is concerned primarily with organizing and developing a program of intercollegiate athletics and with the administration of the activities of the Athletic Association.

"The persons interviewed by the committee, both from the School of Physical Education and from the department of Intercollegiate Athletics, all favored the continuation of the two separate organizations and were opposed to their union under one head. The successful administration of both these units by the person at the head of one of them is impracticable, if not impossible, because of the volume of work and the difference in objective and in the point of view of each organization. Even under Mr. Huff a much larger division of function obtained than is commonly supposed.

"Some criticism has been voiced over the apparent failure of the School of Physical Education to place football coaches in the high schools of the state. This situation has been attributed to a lack of emphasis on courses in coaching. However, there are more coaching courses offered at the University of Illinois at the present time than at most universities which are held up as examples of successful coaching schools. Furthermore, the placing of a smaller number of football coaches than of basketball coaches in Illinois is due partly to the fact that football is played in a smaller number of schools than is basketball. Compared with the approximately 910 high schools in Illinois which play interscholastic basketball, there are only 346 which play regular football and 43 which play six-man football. Less than one-third of the high schools in the United States play regular interscholastic football. Your committee heard only complimentary statements from members of both staffs about the present administration of the School of Physical Education and the department of Intercollegiate Athletics, with high praise for the administrators.

"The University Senate has concurred in the judgment of its Committee on Educational Policy that placing the School of Physical Education under the administration of the Director of Athletics is unwise and would not be in the best interests of the University."

I concur in the judgment of the Senate.

This report was referred to the Committee on Athletic Activities for consideration and report.

APPROPRIATION TO UNIVERSITY RETIREMENT BOARD

(9) The General Assembly of Illinois made an appropriation of \$200,000 to the University for its share of the costs of the new University Retirement System of Illinois during the current biennium. These funds are to be paid to the Board of Trustees of the University Retirement System of Illinois on the basis of an apportionment among the various institutions and funds (Federal, State, and Trust Funds), in accordance with actuarial procedures.

The actuarial studies to determine the total charges against this fund for the current year have not been completed. The Board has authorized an advance of \$5,000 to meet death claims from which \$4,085 has been paid.

The Retirement Board now requests an additional assignment of \$10,000 for the payment of death benefits and other proper charges against this fund.

On motion of Mr. Jensen, this appropriation was made, by the following vote: Aye, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Adams, Mr. Green, Mr. Wieland.

SPECIAL APPROPRIATIONS AND NON-RECURRING EXPENDITURES

(10) A recommendation that an assignment of \$300 be made from the General Reserve Fund for the construction of an exhaust and muffling system for motors in the Military Department.

On motion of Mr. Livingston, this appropriation was made, by the following vote: Aye, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Adams, Mr. Green, Mr. Wieland.

PURCHASES RECOMMENDED

(11) A recommendation that the following purchases be authorized:

Instruments for the Student Supply Store of the College of Dentistry for resale to students, as follows:

| | |
|----------------------------|---------------------------|
| 51 Sets Black's Scalers | 8 Only Bates Scaler No. 1 |
| 50 Sets Towner Files | 200 Cone Socket Handles |
| 1 Only Black's Scaler | 66 Long Handle Explorer |
| 54 Sets Bates Scalers | 60 Long Handle Explorer |
| 20 Only Bates Scaler No. 1 | 108 Long Handle Explorer |

from the Fara Manufacturing Company at their quoted price of \$1,227.20. This is a non-competitive item as the Fara Manufacturing Company is the only one equipped to execute the order.

On motion of Mr. Jensen, these purchases were authorized.

PURCHASES AUTHORIZED

(12) A report of the following purchases authorized by the President of the University as emergencies in accordance with the University Statutes:

1. Air conditioning equipment for the atmospheric environment research (Cold Laboratory) in the College of Medicine, from the Vilter Sales Construction Company, the lowest bidder, at its price of \$4,994.

2. Insect screens for Men's Residence Hall, from the Burrowes Corporation, Portland, Maine, at its bid price of \$3,486. A bid lower by \$15.62 was received from the Kane Manufacturing Company, Kane, Pennsylvania, but that company requires a priority, which would be very difficult to obtain, whereas the Burrowes Corporation can guarantee delivery.

On motion of Mrs. Grigsby, the action of the President of the University in authorizing these purchases was approved and confirmed.

CONTRACTS EXECUTED BY THE COMPTROLLER NOVEMBER 11 TO DECEMBER 6, 1941

(13) The Comptroller's report of contracts executed.

Lease executed under general regulations of the Board of Trustees:

| <i>With Whom</i> | <i>Property</i> | <i>Amount to be received by the University</i> | <i>Date</i> |
|-------------------------------|---|--|-------------------|
| Mr. and Mrs. Wm. R. Castor | Premises at 1204 West Springfield Avenue, Urbana, Illinois, for 10 months from November 1, 1941 | \$400 00 | November 10, 1941 |

Minor contract executed under general regulations of the Board of Trustees:

| | | |
|--|-----------------------------------|-------------------|
| R.E.A. Cooperatives and Illinois State Board for Vocational Education | Safety education and job training | November 11, 1941 |
|--|-----------------------------------|-------------------|

This report was received for record.

LOIS SHEPHERD GREEN SCHOLARSHIP FUND

(14) Mr. Frederick Green, Professor of Law, *Emeritus*, has given the University \$1,500, to establish a scholarship fund in memory of his late wife, a former member of the faculty of the Department of Philosophy at the University, under the following conditions:

1. The trust fund shall be known as "The Lois Shepherd Green Scholarship Fund."

2. The income, but no part of the principal, may be used for scholarships to be awarded from time to time but not necessarily annually to promising undergraduate students at the University who are studying or intend to study philosophy.

3. The awards shall be made on recommendation of the faculty of the Department of Philosophy.

4. In making awards the need of a student for financial aid shall be taken into consideration and regarded as an important factor in his or her favor.

Pursuant to the authority granted the President of the University in the University of Illinois Statutes, I have accepted this gift under the conditions above stated with a formal expression of appreciation on behalf of the Board of Trustees and the University. Professor Green states that the gift is in lieu of a contingent bequest to the Board of Trustees in a will he made several years ago. If the gift is accepted it is his intention to supplement it next year.

I request confirmation of my action in accepting this.

On motion of Mr. Davis, the action of the President of the University in accepting this gift was approved and confirmed.

GIFT OF MR. AND MRS. MERLE J. TREES

(15) Pursuant to the terms of the resolution of the Executive Committee adopted December 18, 1937 (Minutes, page 587), Mr. and Mrs. Merle J. Trees offer as their gift for 1941, to be added to the "Emily Nichols Trees (Class of 1905) and Merle Jay Trees (Class of 1907) Collection," which was started by them in 1937, the following paintings:

| | <i>Artist and Painting</i> | <i>Value</i> |
|--------------------------------------|--|--------------|
| Given by Mrs. Trees: | | |
| | George Innes, "Landscape"..... | \$6 500 |
| | C. F. Daubigny, "Landscape"..... | 2 200 |
| Given by Mr. Trees: | | |
| | James Francis Murphy, "Landscape"..... | 500 |
| | Pieter de Hooch, "Interior"..... | 6 500 |
| Given jointly by Mr. and Mrs. Trees: | | |
| | Théodule Ribot, "Still Life"..... | 2 400 |

Certificates of appraisal from the Art Institute of Chicago showing the value of these paintings are deposited with the Secretary of the Board.

On motion of Mrs. Grigsby, this gift was received, and the President of the University was requested to express to Mr. and Mrs. Trees the great appreciation of the Board.

GIFTS TO THE UNIVERSITY AND GRANTS OF FUNDS FOR VARIOUS PURPOSES

(16) A report of the following gifts and grants of funds for various purposes received by the University since the last report:

Gifts

1. Dr. and Mrs. H. B. Thomas (Doctor Thomas is Professor of Orthopaedics and Head of the Department), \$1,000 to be added to the emergency loan fund of the College of Medicine to assist needy and deserving medical students who require such financial aid.

2. Class of 1941, \$928.92 to be used as a scholarship fund for needy students, to be administered by the Committee on Special Undergraduate Scholarships.

3. Dr. Francis L. Lederer, Professor and Head of the Department of

Laryngology, Rhinology, and Otolaryngology, \$40 to supplement a previous contribution of \$500 as a special fund for departmental purposes.

4. Mr. Frederic Taubes, Carnegie Visiting Professor of Art for 1941-1942, a painting, "The Violin Player," to the Department of Art.

5. Illinois State Board for Vocational Education, \$29.68 for the National Defense Training Program used by the Agricultural Engineering Department.

6. Friends and members of the faculty of Dr. Frederick B. Noyes (former Dean of the College of Dentistry and now retired), \$589.86 to perpetuate the \$50 annual seminar prizes which Doctor Noyes awarded during the time he was Dean of the College of Dentistry, to be set up as an expendable trust fund.

7. Westinghouse Electric and Manufacturing Company, six 460 volt AC capacitors, or condensers, to the Department of Electrical Engineering. The value of these condensers is approximately \$120.

8. International Harvester Company, a Model 300 power unit to the Department of Agricultural Engineering where it is being used as a part of their electric dynamometer. It is valued at approximately \$500.

9. Hillel Foundation, a leaf from a sixteenth century Spanish Manuscript Antiphonarium inscribed on vellum and used in the Cathedral of Jaen, to the School of Music as a gift of appreciation for the use of Recital Hall for the Yom Kippur services.

10. Mrs. Archer Huntington (Anna Hyatt), a study of an elephant in bronze, fifteen inches long and eleven inches high, to the College of Fine and Applied Arts. Mrs. Huntington has made a specialty of animal studies and is represented in most of the museums of this country and also abroad.

Grants for Research

1. Mr. M. B. Vick, \$500, Mr. W. A. Singer, \$1,500, Dr. B. Z. Rappaport, \$300, and Mr. Clinton O. Dicken, \$500 (total of \$2,800) for research work on the chemistry and immunology of allergins, to be set up under the name of Allergy Antigens Research (College of Medicine).

2. General Foods Corporation, \$700 for the purpose of conducting a study under the direction of Professor W. C. Rose of the Department of Chemistry of the tolerance and metabolic fate of hydroxyacetic acid.

This report was received for record.

REGULATIONS FOR THE ADMINISTRATION OF COUNTY SCHOLARSHIPS

(17) Under State law a scholarship is available in each county of Illinois to the candidate who passes with the highest grade a competitive examination conducted by the County Superintendent of Schools on the first Saturday in June of each year. The competition is open only to high-school graduates. The University prepares the examination questions and is authorized to prescribe such rules as may be necessary for the administration of these scholarships.

Heretofore the law has provided that the examinations shall be graded by the County Superintendents of Schools and the results reported to the University. The 62nd General Assembly amended the law to provide that the University shall grade the papers. The Registrar, who represents the President of the University in the administration of the County Scholarship law, recommends that to facilitate this grading and to provide a more satisfactory type of examination the following objective type examinations which can be secured from the American Council on Education be authorized.

Morning Examination (9:00-11:00)

Cooperative English usage, spelling, and vocabulary test.

Afternoon Examination (1:30-4:30)

Choice of two of the following three cooperative general achievement tests:

(1) general proficiency in the field of social studies; (2) general proficiency in the field of natural sciences; (3) general proficiency in the field of mathematics.

These tests are for students of twelfth-grade level.

He further recommends that the County Scholarship regulations be amended

to read as follows, all proposed changes being in italics; paragraphs 3, 6, 7, and 8 of these regulations remain unchanged:

1. *The examination will be upon English and one or more of the other fields of high school study. All examinations will be of the objective type.*

2. The examination shall be held at the courthouse in each county, from 9:00 to 11:00 a.m., and from 1:30 to 4:30 p.m., on the first Saturday in June. The question papers, with all necessary directions and blanks, will be prepared at the University, and sent in advance to the County Superintendents. *Candidates should provide themselves with lead pencils.*

3. A candidate must, in all cases, attend the examination in the county in which he actually resides, and shall let his County Superintendent know beforehand that he will take the examination. In no case can any change of place or date be permitted.

4. The County Superintendent shall, *immediately on the close of the examination, forward to the Registrar of the University, all application blanks and examination papers handed in by each candidate, and any remaining examination questions and supplies.*

5. *In accordance with the statute the examination papers will be graded by the University. The University will announce the scholarship awards and will notify each candidate of his standing in the examination.* No person can receive a county scholarship in the University who does not pass the examination as outlined in this circular *with an average of at least 70%.* Even if there be but one candidate, so that there is no competition, he must comply with all requirements.

6. Passing the scholarship examination does not, however, insure admission to the University. The candidate must also satisfy in full the entrance requirements as stated in the University catalog; that is, he must present a certificate of graduation from an accredited high school, covering the completion of fifteen acceptable units of entrance credit, including prescribed subjects, so as to be able to enter without "conditions;" or, in lieu of such certificate of graduation, must pass entrance examinations as required by the University regulations. Passing a subject in the scholarship examination does not give University entrance credit in that subject.

7. In case a candidate who stands highest in the examination in his county shall fail to satisfy the requirements of the University for admission to the freshman class, or shall fail to enter the University regularly in September thereafter, he shall forfeit his claim to a scholarship, and the vacancy may be filled as provided in Section 172 of the statute.

8. In making appointments to vacancies under Section 172 of the statute, the President will appoint no one who did not attain in the examination an average standing of 70%.

I concur in these recommendations.

On motion of Mr. Livingston, these regulations were adopted.

UNIVERSITY LIBRARY BINDING CONTRACT

(18) The matter of the contract for binding for the Library was referred to a special committee of the Board on November 18, 1941 (Minutes, page 699). The officers of the University renew their recommendation made at that time.

Action on this matter was deferred (see page 727).

LEAVES OF ABSENCE FOR MEMBERS OF HOME ECONOMICS EXTENSION STAFF

(19) A recommendation that the following members of the Home Economics Extension Staff be given leaves of absence during the academic year 1942-1943 on the terms and for the period indicated in each case:

Erma Cottingham, Associate in Home Economics Extension, and 4-H Club Adviser, one year from September 1, 1942, on one-half pay, for advanced study of general home economics with emphasis on foods and nutrition, at the University of Chicago.

Mrs. Mary Stansifer Ligon, Home Adviser at Large and Instructor in Home Economics Extension, one year from September 1, 1942, on one-half pay,

for advanced study of economics, agricultural economics, and home management, at the University of Illinois.

The salaries of these members of the staff are paid in full from funds received by the University from the Federal government for the extension program in agriculture and home economics. The total amount of salaries to be paid while on leave is \$2,380.

Their applications for leaves have been approved by the Federal government in accordance with its program of granting members of extension staffs leaves on one-half pay for purposes of advanced study to improve themselves professionally.

On motion of Mrs. Grigsby, these leaves were granted as recommended.

CONTRACT FOR PURCHASE OF COAL

(20) At its meeting on November 18 the Board was informed that the Governor had returned, without his approval, a contract for the purchase of coal from the Globe Coal Company, the lowest bidder, for the current year. The Comptroller was instructed to confer with the Governor concerning this matter and in the event the contract was not approved to have the Purchasing Agent advertise for new bids. This contract has now been approved by the Governor, and it is therefore not necessary to readvertise for bids and to make a new award.

This report was received for record.

NATIONAL DEFENSE RESEARCH PROJECTS

(21) Pursuant to the authorization of the Board of Trustees, I have authorized the execution by the Secretary and Comptroller of the Board of Trustees of contracts with the National Defense Research Committee covering three research projects to be carried on in the Department of Chemistry. The total amount of money which the Government has agreed to pay covering the cost of these investigations is \$25,900 and the contracts are designated as follows:

| <i>With Whom</i> | <i>For</i> | <i>Amount to be received by the University</i> | <i>Date</i> |
|--|----------------------------------|--|------------------|
| United States Office of Emergency Management | Confidential Contract O.E.M. 102 | \$5 000 | November 4, 1941 |
| United States Office of Emergency Management | Confidential Contract O.E.M. 108 | 13 150 | November 4, 1941 |
| United States Office of Emergency Management | Confidential Contract O.E.M. 109 | 7 750 | November 4, 1941 |

This report was received for record.

SEVENTY-FIFTH ANNIVERSARY CELEBRATION

(22) A Committee of the faculty, appointed several weeks ago, has been working on the general plans for the observance of the 75th anniversary of the University on March 2, 1943. The Committee has just submitted a report with estimates of the cost of various types of programs ranging from \$30,000 to \$50,000. The programs in each case would include convocations at Urbana and Chicago on March 2, 1943, educational conferences, open houses, or exhibits showing achievements of various divisions, motion pictures illustrating University activities, publications including a history of the University, radio broadcasts, and addresses by University representatives in various parts of the State.

Under normal conditions it would be appropriate, in my judgment, to observe the 75th anniversary of the University with a program, or series of programs, of the type indicated by the Committee. To carry out any program it will be necessary to begin making definite plans now. In view of the economic readjustments necessitated by the war and those which will follow its close, it is my judgment that the University should abandon any plans previously conceived for such a celebration because of the expense involved, and I so recommend. The observance of the 75th anniversary may well be confined to a very modest program, purely local in character, simply noting the event without the academic ostentation which occasionally characterizes such affairs.

Action on this matter was deferred.

REPORT OF EXECUTIVE COMMITTEE OF THE BOARD OF TRUSTEES

Mr. Cleary, Chairman of the Executive Committee, made and filed the following report in behalf of the Committee:

MEETING OF THE EXECUTIVE COMMITTEE

December 12, 1941

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, on Friday, December 12, 1941, at 4:00 p.m.

Present: Mr. Cleary, Chairman, Mr. Davis, Mr. Jensen.

Mr. Davis moved the adoption of the following resolution:

1. *Whereas*, the Board of Trustees of the University of Illinois was a lessee under a lease dated July 1, 1938, in which the University of Illinois Union, Inc., was the lessor of the premises hereinafter described, of which on the said date the University of Illinois Union, Inc., hereinafter called the Union, was the owner in fee:

Parcel A

The South Third of the Northeast Quarter (NE $\frac{1}{4}$) of Block Twelve (12) of J. S. Wright's Addition to the City of Champaign, being a part of the Northeast Quarter (NE $\frac{1}{4}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Eighteen (18) in Township Nine (9) East of the Third Principal Meridian in Champaign County;

Parcel B

The East sixty-four and twenty-five hundredths (64.25) feet of the South forty-five (45) feet of the Northwest Quarter (NW $\frac{1}{4}$) of Block Twelve (12) of J. S. Wright's Addition to Champaign, being a part of the Northeast Quarter (NE $\frac{1}{4}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Eighteen (18) in Township Nine (9) East of the Third Principal Meridian in Champaign County, Illinois, together with and including all right, title and interest of the mortgagors in and to an easement of right-of-way over the North ten (10) feet of the South fifty-five (55) feet of the Northwest Quarter (NW $\frac{1}{4}$) of said Block Twelve (12), as shown by warranty deed dated June 26, 1908, and recorded in Book 140 of Warranty Deeds at page 314 thereof in the Recorder's Office in Champaign County, Illinois, situated in Champaign County, Illinois;

Parcel C

The Southeast Quarter (SE $\frac{1}{4}$) of Block Twelve (12) of J. S. Wright's Addition to the City of Champaign, being a part of the Northeast Quarter (NE $\frac{1}{4}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Eighteen (18) in Township Nine (9) East of the Third Principal Meridian in Champaign County, Illinois; and

2. *Whereas*, the Union did on November 28, 1941, convey the premises above described to the University of Illinois Foundation, a non-profit corporation of the State of Illinois, hereinafter called the Foundation, in fee simple, with the consent and approval of the Board of Trustees of the University of Illinois; and

3. *Whereas*, there were on November 28, 1941, outstanding certain obligations secured by mortgages of the premises hereinbefore in this resolution described which it was and still is the desire of the Foundation and the Board of Trustees of the University of Illinois, hereinafter called the Board, to refinance through bonds issued by the Foundation at a lower rate of interest; and

4. *Whereas*, in order to facilitate and complete the refinancing operations above described the Board stated its willingness to cancel the lease above mentioned and to release the Union from any and all obligations thereunder; and

5. *Whereas*, in order to complete the refinancing operations aforesaid, to issue the bonds and to secure them adequately so as to make the same readily

marketable it is necessary for the Foundation to execute an indenture of mortgage to the Continental Illinois National Bank and Trust Company to secure the bond issue aforesaid in the amount of \$130,000, which indenture of mortgage is and will be upon its face as of December 15, 1941, a first lien upon the premises hereinbefore described, commonly known as the Student Center and Arcade Buildings in Champaign, Illinois; and

6. *Whereas*, in order to complete the refinancing operations aforesaid and to insure to the Foundation income adequate to pay the interest on and principal of the bond issue aforesaid it is necessary for the Board of Trustees to enter into a lease agreement with the Foundation whereby and whereunder the Foundation as lessor leases to the Board as lessee the Student Center and Arcade Buildings above mentioned and the premises hereinbefore described and on which the indenture of mortgage aforesaid as of December 15, 1941, is a lien; and

7. *Whereas*, the Board has heretofore indicated its approval of the refinancing operations aforesaid and expressed its willingness and desire to cooperate fully in all steps necessary thereunto;

Now, therefore, be it resolved by the Executive Committee of the Board of Trustees of the University of Illinois that the officers of the Board, to wit, the President and the Secretary, be authorized, empowered, and directed to execute a lease of the Student Center and Arcade Buildings and of the premises described in paragraph 1 of this resolution and whereunder the Board becomes a lessee and the Foundation the lessor of said premises, such lease to be executed as of December 15, 1941, which lease is now before this committee and the contents of which are familiar to it.

Be it further resolved that paragraphs numbered 1 to 7 hereof shall be regarded as a part of this resolution.

On vote this resolution was adopted.

Mr. Jensen moved that the action of the Executive Committee as evidenced by the foregoing Minutes and Resolution be in all things ratified, approved, and adopted; that the action of the Committee in authorizing the execution of the lease therein described, from the University of Illinois Foundation to the Board of Trustees of the University of Illinois, be ratified and approved; and that the cancellation of the lease from the Illinois Union, Inc. to the Board of Trustees, described in said Resolution, be and the same is hereby approved and affirmed.

On this motion the following members voted "Aye": Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer.

A quorum being present and the vote being unanimous, the motion was declared adopted.

OATH OF ALLEGIANCE REQUIRED

Mr. Jensen, for the Committee on General Policy, presented the following report:

The Committee on General Policy recommends that the oath of allegiance required of members of the staff who are paid from Federal Funds be required of all members of the staff.

FRANK A. JENSEN
Dr. KARL A. MEYER
CHESTER R. DAVIS

On motion of Mr. Jensen, this recommendation was adopted.

ILLINI UNION SERVICE CHARGE

Mr. Jensen, also for the Committee on General Policy, presented the following report.

The Committee on General Policy recommends that members of the University Staff who have contributed \$50 or more to the fund for furnishing the Illini Union Building be given the privileges of the building for the year 1941-1942.

FRANK A. JENSEN
Dr. KARL A. MEYER
CHESTER R. DAVIS

On motion of Mr. Jensen, this recommendation was adopted.

INVESTMENT OF STUDENT LOAN FUNDS

Mr. Karraker, for the Finance Committee, presented the following report.

The Comptroller reported to the Finance Committee that a substantial surplus exists in Student Loan Funds in excess of demands for loans. Total loan funds now amount to \$369,795. Outstanding notes total \$262,826, leaving an unloaned balance of \$106,969. Of the latter amount the sum of \$40,147 is invested, mostly in U. S. Treasury bonds, leaving a present cash balance of over \$65,000. It is desirable that this investment be kept in a reasonably liquid form.

The Comptroller secured recommendations from our Investment Counsel, the First National Bank of Chicago, and after consideration of those recommendations, the Finance Committee authorized as an emergency action the purchase of the following items:

\$20,000 U. S. Savings bonds (bringing the total of this fund invested in these bonds to \$50,000; the other holdings are in different U. S. bonds). If these bonds can be held to maturity (12 years), they will yield 2½%, but if they had to be disposed of during that time, the yield would be at various amounts ranging from zero up. The yield on a two-year basis would be 0.61%.

\$25,000 Reconstruction Finance Corporation 1¼% due July 15, 1943, @ about 100.21, to yield 0.73%.

O. M. KARRAKER
Chairman

On motion of Mr. Karraker, this report was received for record and the action of the Finance Committee was approved and confirmed.

BUDGETARY SITUATION AS AFFECTED BY THE WAR

On request of the President of the University, the Board gave some time to a discussion of the effects of the entry of the United States into the World Wide War on the budgetary and educational program of the University. Mr. Morey, Director Havens, and Dean Allen made statements on the situation.

EXECUTIVE SESSION

At this point, President Cleary stated that on request of a member, the Board would go into executive session in committee of the whole.

When the committee rose, the following actions were reported to the Secretary.

REPORT OF FINANCE COMMITTEE

Mr. Karraker, for the Finance Committee, presented the following report.

Some months ago the Board of Trustees referred to the Finance Committee the question as to whether there should be a survey made of the business operations of the University with a view of determining the efficiency and economy of administration and procedure of administration. This is in keeping with the

practice of many industrial concerns, schools, institutions, and agencies of the Federal Government.

The Committee has given much attention to this question and held a meeting on December 4th for final consideration of the subject, at which meeting was present Mr. Booz, of Booz, Fry, Allen, and Hamilton, to explain the methods of such work, and also there were present all members of the Finance Committee, President of the Board of Trustees, President of the University, the Comptroller, and the head of the Physical Plant Department.

There was a full discussion of all the matters pertaining to this question and the Committee, therefore, now desires to make the following report.

It is recommended that the President of the University be instructed to employ a competent firm to make such survey of the business operations of the University at a cost not to exceed \$20,000, such firm to be Booz, Fry, Allen, and Hamilton.

Respectfully submitted:

KARL A. MEYER
CHESTER R. DAVIS
O. M. KARRAKER

On motion of Mr. Karraker, this recommendation was adopted, by the following vote: Aye, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, Mr. Jensen; absent, Mr. Adams, Mr. Green, Mr. Wieland.

REPORT OF SPECIAL COMMITTEE ON LIBRARY BINDING

Mr. Jensen, for the Special Committee on Library Binding, appointed by the Board of Trustees on November 18, 1941, presented the following report.

This committee, consisting of Mr. Homer Mat Adams (Chairman), Mr. John R. Fornof, and Mr. Frank A. Jensen, met at the University Club in Chicago on November 20, 1941, with all members present. Director White, Comptroller Morey, and Purchasing Agent Edwards presented to the committee information concerning the specifications for binding and the procedure followed in securing bids under date of November 7, 1941. Representatives of all five binding concerns who had been invited to bid on that occasion were present. The committee listened to a lengthy discussion of protests on behalf of two of these concerns to the form of the specifications.

It is the opinion of the undersigned that, although in certain minor details the specifications might have been slightly more clear, in general, they are satisfactory and were suitable as a basis for bidding. If in any respect there was lack of clearness, the way was open for bidders to secure further information from University officials. These opinions were confirmed by the statements from three out of the five parties invited to submit bids and who were present at the committee meeting.

The undersigned members of the committee recommend that the recommendation of the President submitted to the Board of Trustees on November 18, 1941, be approved. This recommendation is that the contract for library binding for the remainder of the biennium ending June 30, 1943, be awarded to Ernst Hertzberg and Sons on the basis of unit prices submitted by them under date of November 7, 1941, which prices were lowest on the basis of the entire quantity of work to be done.

It is our understanding that Mr. Adams does not concur in this recommendation and that he will submit a separate report expressing his opinion.

FRANK A. JENSEN
JOHN R. FORNOF

On motion of Mr. Jensen, this contract was awarded as recommended, by unanimous vote of the members present.

President

ADJOURNED SESSION, DECEMBER 30, 1941

When the Board of Trustees of the University of Illinois met, pursuant to adjournment, at the Chicago Illini Union Building, in Chicago, at 9:30 a.m. on Tuesday, December 30, 1941, the following members were present: President Cleary, Mr. Adams, Mr. Davis, Mr. Fornof, Mr. Jensen, Dr. Meyer.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Judge Sveinbjorn Johnson, Counsel, Mr. E. L. Stouffer, Architect, and Mr. J. F. Wright, Director of Public Information.

MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

CANCELLATION OF LEAVE OF ABSENCE GRANTED MISS ERMA COTTINGHAM

(1) On December 16 the Board granted Miss Erma Cottingham, Associate in Home Economics Extension and 4-H Club Adviser, a leave of absence on one-half pay for one year from September 1, 1942, for the purpose of advanced study, in accordance with the policy of the United States Department of Agriculture in granting extension workers leaves for such purposes.

Miss Cottingham has requested that her leave be cancelled because of the war, and I so recommend.

On motion of Dr. Meyer, this leave was cancelled as recommended.

EMERITUS RANK FOR PROFESSOR GUY A. TAWNEY

(2) Professor Guy A. Tawney was appointed to serve as Professor of Philosophy on one-half time from September 1, 1930, until he retired on September 1, 1939. Due to his age at the time he joined the University faculty he waived any right to receive a retiring allowance under the system then in effect.

At the time he retired from active service Professor Tawney was not given the rank of Professor *Emeritus*, this oversight being due to the fact that he was not placed on a retiring allowance. I recommend that he be given the rank of Professor of Philosophy, *Emeritus*.

On motion of Mr. Fornof, this recommendation was adopted.

SHORT COURSE FOR WATER TREATMENT PLANT OPERATORS

(3) The University has been requested to offer a short course for Water Treatment Plant Operators during the second semester of the current year. It is proposed to charge a registration fee of \$7.50 to cover the expenses. I recommend authorization of the course and of the fee, the income to be placed in a special account against which the expenses of the course shall be charged, and any surplus remaining to lapse into general University funds.

On motion of Mr. Jensen, these recommendations were adopted.

DEGREES AND CREDIT IN COURSES FOR STUDENTS WITHDRAWING TO ENTER MILITARY, NAVAL, OR OTHER NATIONAL DEFENSE SERVICE

(4) Last year the University Senate adopted regulations providing that students withdrawing from the University for military or naval service may receive partial credit for the work completed up to the time of withdrawal. That action was for the year 1940-1941. Following the declaration of war the University Senate Committee on Educational Policy was asked to study this matter anew, particularly the question of granting degrees to seniors who withdraw for military or naval service before completing the requirements for graduation.

The report of the Committee was submitted to the University Senate at a special meeting held for this purpose on December 18, and the following regulations were adopted, applicable to the undergraduate, graduate, and professional divisions at Urbana:

REGULATIONS GOVERNING WITHDRAWAL OF STUDENTS
AT URBANA FOR SERVICES PERTAINING TO
THE NATIONAL DEFENSE

I. UNDERGRADUATE AND PROFESSIONAL STUDENTS

A. Credit in Courses

1. An undergraduate or professional student at Urbana who, after completing the seventh week and before completing the twelfth week of the semester, withdraws from the University and enters the military or naval service, or other service pertaining to the National defense which is approved by a committee to be appointed by the President of the University, shall be entitled to receive, without examination, credit for one-half of each course in which he has attained a standing of C or better at the time of his withdrawal. The grade reported shall be that attained in the course up to the time of withdrawal.

2. Where such withdrawal occurs upon completion of the twelfth week of the semester, or later, such student shall be entitled to receive full credit upon like conditions.

3. A student, irrespective of his grade in any course in which he is then registered, who withdraws from the University at any time for any of the above-mentioned reasons shall be entitled at his discretion to take an examination for credit in the course or for credit for only the first half thereof. The grade shall be reported as A, B, C, D, or E.

B. Graduation

A student who has been in residence at the University for not less than two full semesters, who has met all requirements for graduation (including minimum scholarship requirements) except those which he would fulfill by completing the courses for which he is registered at the time he withdraws for military or naval service may be recommended for his degree provided he has completed the seventh week of that semester, and provided he has a standing in the courses for which he is registered which if maintained to the end of the semester would satisfy the requirements for his graduation. If the withdrawal occurs before the completion of the seventh week of such semester the student may be recommended for his degree upon passing examinations covering the first half of the subject matter of the courses in which he is then registered.

II. GRADUATE STUDENTS

A graduate student who withdraws from the University at any time and enters the military or naval service, or other service pertaining to the National defense as determined by a committee to be appointed by the President of the University, shall be entitled to receive such credit for work theretofore done by him as the Professor in charge of his major work and the Dean of the Graduate School deem proper, these officers being guided by policies comparable to those which apply to undergraduate students who withdraw from the University to enter the military, naval, or other service pertaining to the National defense.

I recommend approval by the Board of Trustees of the regulation relating to graduation. The other actions of the Senate do not require approval by the Board but are reported as a matter of information and interest.

On motion of Dr. Meyer, this recommendation was adopted and the report was received for record.

SEVENTY-FIFTH ANNIVERSARY CELEBRATION

(5) At the meeting of the Board on December 16, 1941 (Minutes, page 723), the advisability of abandoning plans for the observance of the 75th anniversary of the University on March 2, 1943, was discussed briefly, but action was deferred.

Because of the economic readjustments necessitated by the war and those which will follow its close, I strongly recommend that the University abandon any plans previously conceived (with the exception of the history of the University) for such a celebration because of the expense involved. I make an exception in the case of the history because that is something which we shall

want eventually, and its preparation can go on even though actual publication may have to be delayed because of lack of funds.

This matter was referred to the Committee on Alumni.

PURCHASES RECOMMENDED AND AUTHORIZED

(6) A recommendation that the following purchase be authorized:

One GMC 131 $\frac{1}{8}$ " wheelbase cab-over-engine truck with dump body, to replace International truck purchased in 1936, from Dillavou Bros., the lowest bidder, at a net cost (after trade-in allowance on old truck) of \$1,228.44. The old truck would require extensive repairs to keep it in serviceable condition, and it is more economical to trade it in for a new one.

A report of the following purchase authorized by the President of the University as an emergency in accordance with the University Statutes:

6,365 feet 4/c #00 A.W.G. Lead Covered Cable

1,000 feet 4/c #4 A.W.G. Lead Covered Cable

for use in construction of electric load center (No. 6), from the General Cable Company, Chicago, Illinois, one of the three lowest bidders, at their price of \$8,307.60. Eight bids were received, two others being the same as the General Cable Company, but the latter promises delivery in 35 days whereas the other two will require much longer periods.

On motion of Mr. Fornof, the purchase of a truck was authorized as recommended and the action of the President of the University in authorizing the purchase of cable was approved and confirmed.

PURCHASE OF PROPERTY IN CHICAGO

(7) The Board at its meeting on September 26, 1941 (Minutes, page 631), authorized the Physical Plant Department to purchase property in Chicago on the basis of appraisals by the Chicago Real Estate Board. The Director is under the impression that the Board intended to approve the employment of an agent in securing this property but the minutes of the meeting do not so indicate. Therefore, the matter is being presented to the Board for further instructions.

On motion of Mr. Davis, the Physical Plant Department was authorized to employ Mr. Farr, or such other agent as may seem desirable, to purchase such of these properties as may be available within the appraisal of the Chicago Real Estate Board.

CHANGES IN EDUCATIONAL, PHYSICAL PLANT OPERATION AND MAINTENANCE, AND OTHER PROGRAMS NECESSITATED BY THE WAR, AND ADJUSTMENTS IN FINANCIAL OPERATIONS

(8) A meeting of the University Council was held on December 19 on call of the President to consider the effects of the war on the University's educational, research, and other programs, and the adjustments which would need to be made in the budget due to reduced enrollments, with consequent decrease in income from student fees, and increasing operating costs. The Council was informed that the Board of Trustees expects the President of the University to submit specific recommendations of steps to be taken dealing with these war problems.

Following the presentation of estimates of future enrollments and other pertinent data by the Comptroller, the Director of the Bureau of Institutional Research, and the Director of the Physical Plant Department, there was a general discussion of these problems. At the conclusion of the discussion the President stated that he would call on the Bureau of Institutional Research and its Advisory Committee to prepare recommendations for submission to him and to the Board of Trustees. This Committee has functioned as an agency of the Council in the preparation of annual and biennial budgets.

The report of the Advisory Committee is submitted herewith. It should be noted that there has not been sufficient time to present this report to the University Council for its consideration, but I accept the report and concur in its findings.

There are also submitted letters from the Executive Dean of the Chicago Colleges (with supporting letters from the Deans of the Colleges of Medicine, Dentistry, and Pharmacy) confirming and amplifying his recommendations, presented orally at the meeting of the Board on December 16. These relate to changes in the educational program of the Colleges to accelerate the training of their students and to the need for additional hospital facilities.

I recommend that the Board of Trustees formally request the Governor and the General Assembly of Illinois for a special appropriation of not less than \$100,000 to supplement the funds appropriated for the current biennium to meet the increased operating costs and to offset the decrease in income from student fees.

I further recommend that consideration be given to requesting the following special appropriations:

1. Additional funds for alteration and rehabilitation of Research and Educational Hospitals, and equipment..... \$216 000
2. Construction of a new addition, accommodating 100 patients, for the Research and Educational Hospitals to provide facilities for emergency hospital service..... 782 000

On motion of Mr. Adams, the President of the University was authorized to request the introduction of legislation to secure the transfer of funds already appropriated from capital items to operation.

On motion of Mr. Adams, the President of the University was authorized to request a special appropriation or assignment of \$100,000 as recommended.

On motion of Dr. Meyer, the President of the University was authorized to request additional funds to the amount of \$216,000 for alteration and rehabilitation of the Research and Educational Hospitals, and equipment.

ADDITIONAL HOUSING FACILITIES FOR STATE WATER SURVEY

(9) The State Water Survey has been asked by the Governor to submit an estimate of the cost of making an intensive investigation of the State water resources, especially in connection with munition industries, and a bill has been introduced in the General Assembly making an appropriation of \$100,000 for this work.

The Chief of the State Water Survey Department has informed me that if this investigation is undertaken additional office and garage space will be needed. Space is available in the Old Agriculture Building for offices but it will have to be remodeled. There is no garage space available, so that this will require either a new garage or an addition to one of the present garages.

This report was received for record.

PURCHASES RECOMMENDED—SUPPLEMENTARY

(10) A recommendation that the following purchases be authorized:

1. Rag bond paper (25%)

from the Dwight Brothers Paper Company, the lowest bidder, at a price of \$15.25 cwt., or a total cost of approximately \$2,127.40.

2. Switchgear unit for use in connection with the construction of electric load center (Chemistry Load Center), from the Allis-Chalmers Manufacturing Company, at a price of \$5,134 f.o.b. Urbana. This is a duplicate of a switchgear unit purchased in 1930 for the Power Plant. The Company has all engineering data and drawings to furnish this equipment.

On motion of Mr. Fornof, these purchases were authorized.

**REPORT FROM THE COMPTROLLER ON THE SETTLEMENT OF THE
ESTATE OF MARY S. PARSONS**

(11) The will of the late Mary S. Parsons (Minutes, July 14, 1939, page 376, and November 24, 1939, page 662) bequeathed to the University an undivided one-half interest in 80 acres of land in Clay County, Illinois, for the purpose of creating a scholarship.

The land has now been disposed of by the executor, and the Comptroller has received in settlement four notes in the amount of \$250 each bearing interest at the rate of 5% per annum, each signed by Roger F. and Julia B. Little, to whom the land was sold by the executor. There has also been received in cash \$25 covering interest on these notes to September 27, 1941. The notes mature in March of 1942, 1943, 1944, and 1945. The notes have been transmitted to the First National Bank of Chicago as investments of the scholarship fund.

REPORT ON SALE OF PROPERTY IN URBANA

(12) A report from the Physical Plant Department.

President A. C. Willard
355 Administration Building (W)

December 26, 1941

DEAR PRESIDENT WILLARD:

As suggested by you, we had a representative present last Saturday at the public sale of the property at 208 South Mathews.

The property was sold to Edward Chapin at a price of \$7,100 (\$5,000 for the residence, and \$2,100 for the barber shop).

We feel it is unfortunate that the University was not in a position to acquire this property as we have had few pieces of property offered to us that were more attractive. The buildings are in a fine state of maintenance. The house qualifies for Class A student housing. The property is now rented for a gross income of \$90.00 per month and, most important, is located in an area at the head of the list of property considered desirable for the University to acquire.

You would, perhaps, be interested in knowing that a real estate agent offered this property to us several months ago for \$9,000; although he suggested at that time that we probably could acquire it for \$8,500.

Yours very truly,

Physical Plant Department

RESIGNATION OF COACH ZUPPKE

At this point, Mr. Davis, for the Committee on Athletic Activities, presented a recommendation that the resignation of Mr. Robert C. Zuppke as football coach be accepted as of November 22, 1941, that Mr. Zuppke be continued on the staff for the current academic year at a salary of \$6,500 for the period from September 1, 1941, to August 31, 1942, and that he be retired on September 1, 1942, with the title of Professor of Physical Education and Head Football Coach, *Emeritus*, with a retiring allowance of \$4,000 a year (\$3,000 from the Athletic Association; \$1,000 from the University), to continue until further notice.

On motion of Mr. Davis, these recommendations were adopted.

The Board adjourned, to meet on call of the President.

RULES OF THE CLASSIFIED CIVIL SERVICE OF THE UNIVERSITY OF ILLINOIS

(Adopted by the Board of Trustees December 16, 1941, Minutes, page 716)

I. Rules and Definitions

*"The Board shall make and publish rules, which it may change from time to time, to carry out the purpose of this section, and for examination, appointments, transfers, and removals and for maintaining adequate records as herein required. Such rules shall be distributed by the Board and it shall give notice of the places where such rules may be obtained by publication in one or more daily newspapers published in each of the seven largest cities in the state according to the last general census published by the United States. Copies of all said rules and of all changes therein certified by the Board shall be sent to the County Clerk of each county in the state where they shall be open to inspection by the public at all reasonable hours."*¹

The following are the rules which the Board is required to make and publish.

Definitions

1. The term "Board" means the Board of Trustees of the University of Illinois.
2. The term "University" means the University of Illinois.
3. The term "State" means the State of Illinois.
4. The term "Position" means any specific office or employment, either vacant or occupied, calling for the performance of certain duties by an individual employee.
5. The term "Class" means a recognized kind of employment represented by a group of positions sufficiently alike in duties and requirements to justify a common title and common treatment in selection, employment processes, and for all personnel purposes.
6. The term "Grade" means one or more classes of positions, similar in relative importance, education and experience requirements, difficulty of performance of duties, and responsibility.
7. The term "Register" means a list of eligibles established under these rules, listing persons for employment, re-employment, or promotion.
8. The term "Eligible" means a person whose name appears on an Eligible Register for a given class or grade.
9. The term "Probationary Period" means a trial period not exceeding six months constituting a part of the examination of a new employee, who by actual performance of duties is given an opportunity to demonstrate his ability to fill the position to which he was appointed.
10. The term "Appointing Officer" means the person or persons authorized by the Board to appoint non-academic employees of the University in the classified civil service of the University.

II. Classification Plan

"The Board of Trustees of the University of Illinois shall, as soon as possible, and within six months after the effective date of this amendatory act, and as often thereafter as may be necessary because of new positions, classify by rules adopted for that purpose all non-academic positions and employments in the University of Illinois, except the President of the University, the officers of the Board, administrative officers and professional and scientific positions, with reference to the duties thereof for the purpose of establishing grades, salary scales, and standards of examinations therefor. Such positions and employments shall constitute the classified civil service of the state in relation to the University of Illinois and no appointments shall be made except in accordance with the provisions of such rules.

"All persons who are employees of the University of Illinois and subject to civil service regulations in force when this amendment goes into effect shall

¹All sections in quotation marks are from "An Act to Amend Section 11 of 'An Act to Regulate the Civil Service of the State of Illinois' Approved May 11, 1905, as amended, and to add Section 36A thereto." Approved July 22, 1941.

be classified by the Board of Trustees of the University of Illinois without additional examinations, and shall continue to be civil service employees of the University subject to rules and regulations lawfully adopted by said Board.

"The Board shall prescribe the duties of each employment or office and place it in the classified service under the provisions of this section, and designate by rule the grade of each position."

The Board shall prepare classifications and written specifications for each, which may include a description of the general nature of the work required in the classification; and a statement of qualifications on such matters as training, experience, knowledge, skills, physical characteristics, and personal attributes which a person should possess to enable him to perform the duties of a position of the class.

The Board may abolish or change classifications or establish new classifications when for the good of the classified service, provided that no such change is for the purpose of separating an employee from the service.

(Written specifications for any classification may be obtained by written request to the Executive Secretary of the University Civil Service Committee, Administration Building, Urbana, Illinois.)

III. Compensation Plan

"For the purpose of establishing uniformity in the same grades, the Board shall prescribe the maximum and minimum pay for each grade and the title thereof."

The maximum and minimum pay for any employment under this service may be modified when employment conditions warrant and when in the opinion of the Board such change is for the good of the service. No employment under this classified service will be approved by the Board unless such employment is within the salary or wage range approved for the particular classification or grade into which the employment properly falls. All rates approved by the Board are the standard rates of compensation for full-time employment as defined in the University statutes.

When perquisites (such as full or part maintenance, including house or room, laundry, light, power, provisions for a garden plot or the keeping of a certain number of domestic animals) are provided in lieu of money, and not merely for the convenience of the University, such compensation in kind shall be considered part payment, to be deducted from the approved cash compensation to the extent of the value of the perquisites as determined by the Board.

IV. Application and Examination

"The Board shall prescribe standards of efficiency for each grade and for examination of candidates for appointment thereto."

"All applicants for the classified service under the provisions of this section shall be subjected to examination which shall be fair and competitive, open to all citizens resident in the State of Illinois who can qualify for this classified service, under the rules of the Board concerning residence, age, sex, health, personal habits and appearance, moral character, training, education, and qualifications to perform the duties of the positions to be filled. In examinations for technical positions, residence may be waived. Such examination shall be practical, relate to the classification for which the examination is given, and shall fairly test the relative capacities of the persons examined to discharge the duties of the positions to which they seek appointment. No question in any examination shall relate to political or religious affiliations or racial origins of the examinee."

"The Board shall conduct such examinations and control the same, and may delegate the duty of preparing questions and grading answers to duly qualified and disinterested members of its faculty or staff for which work no additional compensation shall be paid. Notice of the time and place of such examinations, with a statement of the scope thereof, shall be published at least two weeks before such examination in one or more daily newspapers of general circulation published in each one of the seven largest cities of the state according to the last general census published by the United States. Written or printed notice

of every examination shall also be sent to the County Clerk of every county in the state, who shall post the same promptly in a conspicuous place in the courthouse of each county."

Applications will be received only within the period prescribed in the announcement of examination and upon forms furnished by the Board. The Board may refuse to accept an application, to examine an applicant, or after examination to certify an eligible, who is found to lack any of the requirements for the classification applied for; who after examination by the University Health Officer is found unfit to perform the duties of the position to which he seeks appointment; who is addicted to the use of habit-forming drugs or intoxicating beverages; who has committed an offense which in the judgment of the Board disqualifies the applicant for employment by the University; who has made a false statement of any material fact in his application, examination, or any other record submitted to the Board; or who directly or indirectly shall give, render, or pay, or promise to give, render, or pay, any money, service or other valuable thing to any person for or on account of, or in connection with, his examination, appointment, or proposed appointment; or who practiced, or attempted to practice any deception or fraud in his application, his examination, or in securing his eligibility or appointment; or who refuses to furnish any information, bearing on his fitness or qualifications, requested by or on authority from the Board.

Examinations may be written, oral, by statement of education and experience, in the form of tests of knowledge, skill, capacity, intelligence, or aptitude; or by any other method which in the judgment of the Board is reasonable and practical for any particular classification. Only persons whose applications have been accepted by the Board will be examined. Each examinee completing an examination for position on a register will be given written notice of his rating and of his relative standing on the register or of his failure to attain a place on the register.

V. Registers

"From the results of such examinations, the Board shall prepare and keep a register for each class or grade of positions in the classified civil service under the provisions of this section, of those persons who have become eligible through such examinations for such positions, and such persons shall take rank upon said register in the order of their relative excellence as determined by said examinations."

Registers shall be of three kinds: (1) original entrance registers from which original appointments shall be made; (2) promotion registers from which promotions shall be made; (3) reemployment registers from which laid off employees, and employees and former employees whose names have been restored to the register by action of the Board, may be appointed.

Original entrance registers shall be lists of persons who have successfully completed examinations for original appointments to positions in specific classifications. All persons who have served in the armed forces of the United States during any war in which the United States was involved and who were honorably discharged therefrom, on passing the examination, shall be placed at the head of the original entrance register in that classification in the order of their relative excellence.

Promotion registers shall be lists of persons who have successfully completed examinations under this classified service for promotions to positions in specific classifications.

Reemployment registers shall be lists of persons who have been laid off and placed on this list in accordance with Section XV of these rules and employees and former employees who have been restored to eligibility for employment by action of the Board.

Certification shall be made from registers in the following order: (1) reemployment registers; (2) promotion registers; (3) original entrance registers. Eligibility shall be effective from the date of approval of the register by the

Board, and shall continue for a period of one year from said date. This period may be extended by the Board for not more than one year for all eligibles on the register when the conditions of good administration render it inexpedient to hold a new examination.

When the name of any eligible has been submitted for at least three different positions and he has waived three such offers the name will not be submitted again until all other eligibles ranking below him in order of relative excellence have been submitted for at least three different positions and have waived three such offers in connection with that particular register.

VI. Appointment and Certification

"Whenever a position in the classified civil service under the provisions of this section is to be filled the Board shall certify to the appointing officer the names and addresses of the three persons standing highest upon the register for the class or grade to which said position belongs. Sex shall be disregarded except when the nature of the position requires otherwise."

The appointing officer shall appoint on probation one of the three persons certified to him to fill such position.

VII. Provisional Appointment

"When there is no eligible list the Board may make temporary appointments to remain in force only until regular appointments under the provisions of this section can be made. Examination for such appointments must be given within six months from the date of such temporary appointments and an eligible list established within a reasonable time thereafter."

If an employee under provisional appointment passes the examination to which he is subjected, and if he is one of the three highest in relative excellence on the register established from this examination, he may be retained in the position to which he has been assigned. The period of service under provisional appointment may be included in the probationary period.

VIII. Temporary Appointment

"For positions which are temporary or of an emergency nature the Board may make temporary appointments for a period not exceeding thirty days."

Such employees may be reappointed by the Board.

IX. Probationary Period

"Appointments shall be on probation for a period of not more than six months, to be fixed by said rules, and persons so appointed may be discharged at any time during the period of probation, if, in the opinion of the Board, they have not shown sufficient aptitude to continue."

The probationary period under this classified service shall be six months. If by the end of the probationary period, the appointing officer fails to notify the Board in writing that the employee has not shown sufficient aptitude to continue, he will be deemed to have successfully completed his period of probation and will become a permanent employee under this classified service subject to continued satisfactory work and conduct.

X. Promotion

"The Board shall, by its rules, provide for promotions, whether to fill vacancies or otherwise, solely on the basis of ascertained merit. To that end, it shall fix lines of promotion wherever practicable."

Any change of a classified employee from a position of one class to a position of another class requiring an increase in compensation, an increase in duties or responsibility, or a combination of both, shall be deemed a promotion. Promotions shall be made from promotional registers and determined on merit and ability, to be ascertained by examinations in which the employee's service rating, education, personal qualifications, seniority, and personnel history are all considered.

XI. Suspension

The appointing officer may suspend for cause an employee in the classified service for any reasonable period not to exceed thirty days. If the suspension is made pending an investigation of written charges seeking the removal or discharge of the employee, the Board may extend such suspension until the investigation has been completed. All suspensions shall be without pay and the employee shall be furnished with a statement in writing setting forth the reasons for such suspension.

XII. Discharge and Demotion

"No officer or employee in the classified civil service under the provisions of this section shall be removed or discharged, except for just cause, upon written charges, and after an opportunity to be heard in his own defense. Such charges shall be investigated and heard by or before said Board. The finding and decision of such Board shall be certified to the appointing officer and shall be forthwith enforced by such officer. In the course of an investigation of charges, each member of the Board and the Secretary shall have the power to administer oaths and shall have power to secure by subpoena both the attendance and testimony of witnesses and the production of books and papers relevant to such investigation.

"In all removal proceedings any member of the Board and its Secretary may administer oaths."

Written charges made against any officer or employee in this classified service seeking his removal or discharge shall be signed by the appointing officer, shall state specifically the facts alleged to constitute just cause for removal or discharge, and shall be filed with the Board by the appointing officer. A true copy of the charges filed shall be served personally or by registered mail on the officer or employee so charged. The written charges shall contain a statement advising the employee that he may, within seven days after receipt of notice, request a hearing, by filing such request with the Secretary of the hearing committee.

A hearing committee appointed by the Board and composed of three members of the University civil service committee with the Secretary of the Board serving as Secretary of this committee, shall arrange the time and place of the hearing, conduct it, and record the evidence. The appointing officer shall make such investigation as is necessary to determine the facts. In presenting these facts before the hearing committee, the appointing officer may be represented by the Attorney General or his duly appointed representative. A written record of the facts, together with a recommendation, shall be transmitted by the hearing committee to the Board for a decision. If a hearing is not requested by the employee against whom charges have been filed, the hearing committee shall nevertheless take testimony and make a report and recommendation to the Board for a decision. The production of testimony or proof before the hearing committee shall, in so far as practicable, be governed by the rules of evidence as applied by the courts of record in this State.

The finding and decision of the Board shall be certified in writing to the employee and to the appointing officer and shall be forthwith enforced by such officer. In case the Board finds the accused employee not guilty of the charges made against him, it shall reinstate him under such conditions as it deems fair and proper.

Any change of a classified employee requiring a decrease in compensation and classification shall be deemed a demotion except when reductions are general in this classified service. The appointing officer may give notice of request for demotion to a classified employee for any one of the following reasons: (a) that the employee is not rendering satisfactory service in the position he holds but is considered worthy of an opportunity to render satisfactory service in a position of a lower classification; (b) that the position occupied by the employee has been, or is soon to be discontinued, by reason of reallocation of the position to a different classification, or by reason of lack of work or funds,

whether resulting from reorganization or otherwise, and it is desired to retain the employee by offering him employment in a lower position or classification; (c) that the employee voluntarily requests demotion.

When demotion is requested the appointing officer shall notify the employee by registered mail and the Board in writing thirty days prior to the effective date of the demotion setting forth the reasons. Such employee may make written request, within seven days after receipt of notice, to the Secretary of the hearing committee appointed by the Board and composed of three members of the University civil service committee with the Secretary of the Board serving as Secretary of the committee, for a hearing which the committee shall arrange as to time and place, conduct it and record the evidence. The appointing officer shall make such investigation as is necessary to determine the facts. In presenting these facts before the hearing committee the appointing officer may be represented by the Attorney General or his duly appointed representative. A written record of the facts together with a recommendation shall be transmitted by the hearing committee to the Board for a decision. The decision of the Board shall be certified in writing to the employee and to the appointing officer for enforcement.

XIII. Resignation

An employee in good standing in the classified service may resign by presenting his resignation, upon a form approved by the Board, to the appointing officer except that it shall be deemed good business practice to give two weeks notice in the presentation of all resignations under the classified service. The absence without leave of an employee for a period of three successive days or longer, and without actual notice to his superior officer of the reason for such absence or of his intention to return to duty, shall be considered resignation except when failure to give notice was caused by circumstances beyond the control of the employee.

Any certified officer or employee in the classified service who resigns in good standing, may, on written request of the appointing officer and approval of the Board, be restored to the register at any time within one year from the date of his resignation.

XIV. Transfer

Transfers may be made without reduction in salary from one position to another position in the same class within the classified service when approved by the heads of departments, Deans, or Directors of the departments, schools, or colleges concerned and when approved by the appointing officer. No such transfer shall be made unless the examination on which the appointment of the employee was based, was of a character and standard to test the general fitness of the employee for the position to which it is proposed to transfer him.

XV. Layoff and Reinstatement

"When it is necessary to reduce the number of employees, persons last appointed shall be first laid off, and their names shall be placed on a reinstatement list for reemployment in the order in which they were laid off, such reemployment to take precedence over any register of eligibles in existence at the time of the layoff. All temporary employees shall be laid off first."

If there is difficulty in determining seniority because employees are laid off at the same time and are considered for reemployment, that employee shall be first reemployed who had the highest grade on the original examination, and so in this order if more than one person be concerned. In every case of layoff of a certified officer or employee, the appointing officer shall give written notice to the employee and to the Board setting forth the reasons therefor.

When an officer or employee is laid off, his name shall be placed on a reemployment register in the classification in which he was certified in the order necessary to retain seniority, such reemployment to take precedence over any other register in that classification in existence at the time of the layoff.

XVI. Leave of Absence

All leaves of absence, including vacations, granted to employees in the classified service are to be in accordance with the statutes of the University approved by the Board. All such leaves are to be granted with the right to return to the position held at the time the leave was granted. The unexcused failure of an employee to return to his duties at the expiration of his leave of absence shall be deemed a resignation.

XVII. Service Ratings

"The Board shall standardize employment in each grade and make and keep a record of the relative efficiency of employees in the classified civil service."

A service rating shall be a part of the personnel record of each employee in this classified service. A report of such service ratings shall be available to the chief administrative officers, deans, and directors of the University for budget and administrative purposes.

XVIII. Employee Training

The Board acting through the appointing officer and administrative officers of the University may institute and conduct employee training programs to the end that the quality and quantity of non-academic services rendered to the University may be constantly improved and that employees may be aided to obtain advancement by merit.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

January 24, 1942

The January meeting of the Board of Trustees of the University of Illinois was held at the Chicago Illini Union Building, in Chicago, at 10 a.m. on Saturday, January 24, 1942. When the Board convened, the following members were present: President Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; Mr. Adams took his seat later in the morning.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. C. S. Havens, Director of the Physical Plant Department, and Mr. J. F. Wright, Director of Public Information.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of December 16, 1941, with the adjourned session of December 30, 1941.

On motion of Mr. Jensen, the minutes were approved as printed on pages 713 to 742 above.

TRIBUTE TO DR. CHARLES DAVISON

Dr. Meyer presented the following resolution:

The Board of Trustees of the University of Illinois has learned with deep sorrow of the death of Dr. Charles Davison, a former member of this Board, who passed away on January 19, 1942, aged 84 years and one week.

Dr. Davison was a member of this Board from March, 1905, to the summer of 1910. The records show that he was a regular attendant at meetings and active on the committees of the Board. He was particularly interested in the development of the College of Medicine, and when he had arranged the terms of a new lease of the property of the College of Physicians and Surgeons of Chicago by the University, and had secured the inclusion in the University budget of a substantial item for the operation of the College of Medicine, he resigned from the Board.

Dr. Davison served on the committee which secured the stock of the College of Physicians and Surgeons of Chicago and presented it to the University in 1913.

Dr. Davison was a member of the faculty of the College of Medicine from 1899 to his retirement in 1925. From 1917 to 1925 he was Head of the Department of Surgery, and after 1925 he was Professor of Surgery, *Emeritus*. He maintained his interest in medical education to the end, as is shown by his appearing on the program at the commencement of the Chicago colleges for many years to present the candidates for diplomas in the University Hospital School of Nursing.

Dr. Davison was a pioneer in surgical practice. He introduced in 1914 bone grafting for intractable recent fractures. His work "Autoplastic Bone Surgery" was published in 1916. He was the author of many articles on medical and surgical subjects. He was an honored member of many societies, and in his profession served mankind long and well.

In recording this tribute to the memory of a former colleague, the Board directs its Secretary to send a copy of this resolution of appreciation to the family of Dr. Davison as a token of the Board's deepest sympathy with them in their great loss.

On motion of Dr. Meyer, this resolution was unanimously adopted.

MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

APPOINTMENT OF GENERAL ADVISORY COMMITTEE

(1) A recommendation that the following be appointed members of the University of Illinois General Advisory Committee to serve for four years from January 1, 1942, and that the President of the University be authorized to fill vacancies from time to time, such appointments to be for four years from the date thereof, and to be reported to the Board.

It was the decision of the General Policy Committee of the Board (with whom the President of the University conferred in selecting candidates) that, as a general rule, alumni of the University should not be appointed on the General Advisory Committee, except that the officers of the Alumni Association and the University of Illinois Dads' Association should be included in its membership (to serve in an ex-officio capacity) in order to provide the necessary co-ordination in the activities of these three groups. Accordingly, the officers and directors of the University of Illinois Alumni and Dads' Associations are also recommended for appointment to the General Advisory Committee, to serve during their terms of office in their respective Association.

The members of the Board should meet with this Advisory Committee at an early date.

I recommend an appropriation from the General Reserve Fund of \$1,200 for traveling expenses of members of this committee.

On motion of Mr. Davis, this committee was constituted as recommended, and the appropriation was made, by the following vote: Aye, President Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Adams, Mr. Green, Mr. Wieland.

APPOINTMENT TO MEDICAL ADVISORY COMMITTEE OF THE DIVISION FOR PHYSICALLY HANDICAPPED CHILDREN

(2) On October 21, 1941 (Minutes, page 677), the Board approved appointments to the Medical Advisory Committee of the Division for Physically Handicapped Children. The Executive Dean of the Chicago Colleges has recommended the appointment of Dr. Paul Greeley, Assistant Professor of Surgery, on this Committee, to serve until November 1, 1942, and I concur.

On motion of Dr. Meyer, this appointment was made as recommended.

NEW APPOINTMENTS OF PROFESSORIAL RANK

(3) A report of the following new appointments of professorial rank:

1. Dr. Manson Bruce Linn, now Assistant Professor at Cornell University, to be Assistant Professor of Vegetable Crops Extension for eight months from March 1, 1942, at a salary of \$2,400 a year. This appointment is to fill the position made vacant by Dr. J. B. Corns, who is on leave for military service. The position was formerly filled by Dr. R. W. Wager who has resigned to accept a permanent position.

2. Dr. Charles E. Nowell, now Associate Professor at Fresno State College, Fresno, California, to be Visiting Assistant Professor of History for five months from February 1, 1942, at a salary of \$410 a month. This appointment is to fill the position made vacant by Professor J. G. Randall, who is on sabbatical leave during the second semester of 1941-1942.

This report was received for record.

LEAVES OF ABSENCE

(4) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case:

William F. Petersen, Professor of Pathology, additional sick leave from December 3 to February 1, 1942, with pay. He was previously granted leave from September 26 through October 28, 1941.

C. A. Chapman, Associate in Geology, leave of absence without pay from September 24 through October 26, 1941. Doctor Chapman is a reserve officer in the United States Army and was called into military service in September, but was subsequently transferred to the War Department Reserve Officers' Pool and released.

Mrs. Eula Veale, Domestic and Laboratory Caretaker in the Home Economics Department, disability leave with pay for the period December 26, 1941, through January 23, 1942.

A. E. Hershey, Research Assistant Professor of Mechanical Engineering, leave without pay from January 15 through August 31, 1942, so that he may assist the Westinghouse Electric and Manufacturing Company in an investigation of a combustion problem related to national defense.

William A. Neiswanger, Jr., Associate Professor of Economics, leave of absence without pay beginning March 1, 1942, and continuing for the balance of the current fiscal biennium, or until September 1, 1943, in order that he may accept a call from the government.

E. M. Hughes, Assistant Professor of Agricultural Economics Extension, leave without pay for one year from January 16, 1942, so that he may accept the position of fieldman for a newly organized unit of the Farm Bureau Farm Management Service.

D. Philip Locklin, Professor of Economics, leave without pay from March 1 through August 31, 1942, so that he may direct a study of the interterritorial freight rate problem for the Board of Investigation and Research which was set up under the provisions of the Transportation Act of 1940.

Leaves of Absence for Military Service
(The leave in each case is without salary.)

Roscoe R. Snapp, Professor of Beef Cattle Husbandry, from January 22, 1942, through January 4, 1943.

J. P. Carroll, Assistant Extension Forester, from December 29, 1941, to December 19, 1942.

Walter G. Haynes, Assistant and Second-Year Resident in Neurology and Neurological Surgery, from July 7 through August 31, 1941.¹

Thomas G. Walsh, Associate Professor of Medicine (Rush), from November 6, 1941, through August 31, 1942.

Chester G. Starr, Jr., Instructor in History, from February 1 through June 30, 1942.

Solomon M. Goldberger, Associate in Pediatrics, from January 1 through August 31, 1942.

Extensions of Leaves of Absence

The following extensions of leaves of absence formerly granted members of the staff for military service, without pay, for the period indicated in each case:

James E. Branch, Associate in Architecture, from March 1 through August 31, 1942.

Manning D. Seil, Associate in Journalism, from March 13 through August 31, 1942.

Louis L. McQuitty, Associate in Psychology, from February 1 through August 31, 1942.

¹This leave was granted last June but was not previously reported to the Board for record.

Adel B. Carson, Typist in the Business Office, from January 13 through August 31, 1942.

On motion of Mr. Davis, these leaves were granted as recommended.

LEAVES OF ABSENCE FOR WAR SERVICES

(5) A special committee representing the University Council and the University Senate, or general faculty, was appointed by the President of the University to study the policy governing leaves of absence for members of the staff going into military, naval, or other defense services. The committee recommends the adoption of the following policy or regulations, and I concur therein:

1. Members of the instructional, research, and administrative staff on annual appointment (ten or twelve months) may, on request, be granted leave of absence by the President of the University until the close of the academic year, June 30, or August 31, 1942, as the case may be, *provided* that:

(a) They enter immediately the military or naval service of the United States, or on definite preparation for the same, or on other approved important service for the national defense.

(b) The University salary shall cease as soon as the persons concerned go on the Federal, State, or other pay roll for such service, provided that in each case the earned proportion of salary, including vacation allowance, shall be paid.

(c) Such leaves may be extended beyond September 1, 1942, in the discretion of the President.

(d) The President may appoint a committee to advise him on the recommendations to be made in individual cases.

Persons leaving the University under these conditions, whose services at the University have been entirely satisfactory, will be given preference in considering new appointments when they again become available for university service and the University is seeking men for positions.

2. Persons on definite appointment for two years may be granted the same privileges as those on annual appointment.

3. They may also be granted for the same purpose leave of absence, without pay, from September 1, 1942, until the close of their terms of appointment, with the same consideration for reappointment.

4. Persons on indefinite tenure may enjoy the same privileges as those on annual appointment, and may be given leave of absence without pay until the close of the war or until they are honorably discharged from the approved service in the national defense in which they have been engaged. Their positions will be held open for them and they may resume such positions on satisfying the President of the University of their physical and other ability to discharge the duties of the positions. (This provision relates to the positions held by individuals who are on leave either for limited periods or for the duration of the war.)

On motion of Mr. Davis, these regulations were adopted.

UNIVERSITY CIVIL SERVICE CLASSIFICATIONS

(6) At its meeting on December 16, 1941 (Minutes, page 736), the Board adopted rules of the Classified Civil Service of the University of Illinois. The University Civil Service Committee now submits classifications, as required by law, and recommends their approval by the Board of Trustees. I concur in this recommendation, with the understanding that these classifications may be modified and supplemented by others from time to time as the result of further study.

On motion of Mr. Fornof, these classifications were approved and adopted as recommended.

Mr. Davis requested that the rules for preference for veterans be incorporated, and that this matter be called to the attention of the Civil Service Committee.

SUSPENSION OF SOCIAL ADMINISTRATION CURRICULUM

(7) On May 26, 1939 (Minutes, page 321), the Board approved a new curriculum in Social Administration providing for a four-year program of undergraduate study leading to the A.B. degree and two years of professional or graduate study leading to the degrees of Bachelor of Science in Social Administration on completion of the fifth year, and of Master of Social Administration on completion of the sixth year, to help meet the demands of local, State, and national social welfare agencies for professionally trained workers in this field.

The Dean of the College of Liberal Arts and Sciences recommends the suspension of the professional or fifth year of this curriculum, but the retaining of an advisory service. If in the judgment of the University authorities a more elaborate and extensive program of Social Administration training should be undertaken this can be considered in the preparation of future biennial budgets.

The small number¹ of students who have availed themselves of the training offered does not justify the expense of this curriculum, although the staff has been giving useful extramural courses to social workers in various communities.²

The budget for the Social Administration curriculum for the current year is \$9,770. If the professional year of this curriculum is suspended during 1942-1943 the resultant saving will amount to \$5,270. The entire budget can not be eliminated at once because one member of the staff has a two-year contract covering the biennium of 1941-1943 (he will be assigned other teaching duties in the Department of Sociology until his contract expires), and the present salary of the professor in charge of the curriculum will be continued, although he too will be transferred to the Department of Sociology and assigned other duties.

It is doubtful that the present professional curriculum can be continued on a basis which will justify the expense, since it is not accredited by recognized agencies as a School of Social Administration, and consequently students hesitate to enter such professional training because they are not sure of receiving professional recognition or of having their credits recognized elsewhere in the event of transferring to other institutions. It is the judgment of the Dean of the College of Liberal Arts and Sciences and the Executive Committee of that College that the University should either abandon its present inadequate program or undertake a new program of Social Service Training as part of the major program of "Public Administration Training." There will be a growing demand for extensive training for public service positions.

One of the agencies greatly interested in the establishment of the Social Service curriculum is the Department of Public Welfare, since it is greatly in need of professionally trained workers. The Director of Public Welfare was advised of the present status of the curriculum and that consideration was being given to discontinuing it. He has expressed the view that it may be necessary to adopt a more conservative attitude for the present in the hope that ultimately when practicable the University will re-establish this curriculum on a more satisfactory and permanent basis.

¹In 1939-1940 when the professional curriculum was first offered, there were three full-time and two part-time students enrolled. The following year five full-time, 25 part-time, and three listeners were enrolled. This year there are one full-time student, 13 part-time students, and three listeners enrolled. Five persons have received the degree of Bachelor of Social Administration; only one is in social work, two are married, and two are doing other work.

²In 1939-1940 the staff gave instruction through extension courses in Springfield to 18 students, 1 visitor; in Peoria, 18 students, 7 visitors; and in Centralia, 35 students, 1 visitor. In 1940-1941 two courses were given in Springfield, one enrolling 14 students and 1 visitor, and the other 21 students. This year courses are being given in Mattoon to 13 students, 2 visitors; in Peoria, 11 students, 9 visitors; and in Galesburg, 13 students, 1 visitor.

I concur in the Dean's recommendations.

This matter was referred to the President of the University for further study and report on the program necessary to make this curriculum comprehensive and outstanding.

EXTENSION OF UNDERGRADUATE SCHOLARSHIPS

(8) At the last session of the General Assembly, the Act relating to General Assembly Scholarships was amended to provide, "That when any person appointed to a scholarship pursuant to this section, fails to begin or discontinues his course of instruction because of his entry into service in the military or naval forces of the United States, leaving all or a portion of such scholarship unused, such person so appointed may upon completion of such services, use such scholarship for the unused portion thereof. . . ."

No action was taken by the General Assembly with reference to the holders of other types of scholarships who may enter the military or naval services of the United States during the war. The question is being raised by holders of such scholarships as to what becomes of the unused time of their scholarships during the period they are in active military or naval service.

Although the law does not specifically authorize or direct the extension of County Scholarships, Scholarships in Agriculture and Home Economics, and the various other undergraduate scholarships available at the University of Illinois, I believe the University would be entirely justified in doing the same for the holders of such scholarships as it is directed by the law to do for the holders of General Assembly Scholarships. Therefore, I recommend that the Registrar of the University be authorized to grant holders of all scholarships extensions under the same circumstances as they are granted to holders of General Assembly Scholarships.

On motion of Mr. Livingston, this recommendation was adopted.

CHANGES IN ACADEMIC CALENDAR

(9) To accelerate the educational program of students and the training of men and women for civilian defense activities, as well as for military and naval service, the following changes in the calendar for the second semester of the academic year 1941-1942 have been authorized:

Final examinations at the end of the first semester began Friday, January 23, and will end on Saturday, January 31.

Undergraduate registration for the second semester will take place on Friday and Saturday, February 6 and 7; graduate registration will be February 5, 6, and 7; classes will begin at 8:00 a.m., February 9.

The Easter recess (April 3, 8:00 a.m. to April 7, 8:00 a.m.) will be cancelled.

The second semester, including final examinations, will end on Saturday, May 23, instead of June 8.

This will open the way to further changes in the academic calendar and to operating the University on a twelve months' basis, either under the quarter system or some other plan which will provide for the maximum utilization of the University's plant and resources for the training of young men and women.

On motion of Dr. Meyer, the action of the President of the University in authorizing these changes was approved and confirmed.

APPROPRIATION TO THE PHYSICAL PLANT DEPARTMENT FOR PROTECTION AGAINST SABOTAGE

(10) I recommend that an appropriation of \$8,867.56 be made to the Physical Plant Department for the balance of the current year (until June 30, 1942) for the employment of guards and other expenses in the following areas where it is deemed such protection is necessary:

Radio Transmitter

| | |
|--|-----------------------|
| Armed guard 5:00 p.m. to 7:00 a.m. (14 hours a day @ 72¢ an hour)..... | \$1 681 68 |

| <i>Noyes Chemistry Laboratory</i> (Armed guard 24 hours a day, 7 days a week @ 72¢)..... | 2 882 80 ¹ |
| <i>Total authorized expenditure</i> | \$11 750 36 |

On motion of Mr. Fornof, this appropriation was made as recommended, by the following vote: Aye, President Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Adams, Mr. Green, Mr. Wieland.

**GARAGE AND SERVICE BUILDINGS FOR NATURAL
RESOURCES BUILDING**

(11) On May 14, 1938 (Minutes, page 806), the Board of Trustees entered into an agreement with the Department of Registration and Education relating to the construction of a Natural Resources Building for the State Scientific Surveys on the University campus. The agreement provides that the University shall furnish a site for the Natural Resources Building and that plans and specifications for the building shall be submitted to the Board for approval before the Department advertises for bids and that contemplated contracts shall likewise be submitted to the Board for approval before they are awarded.

Plans are being developed for the construction of a garage and service building for the Natural Resources Building. Representatives of the Natural History and Geological Surveys have been conferring with representatives of the Physical Plant Department concerning construction details and it is anticipated they will soon reach an agreement. In the interests of saving time, I request that the Board of Trustees authorize the President of the University: (1) to approve the plans and specifications for these two service buildings provided they conform to University standards of construction; and (2) to approve the award of contracts in accordance with the agreement with the Department of Registration and Education.

On motion of Mr. Jensen, the President of the University was authorized to proceed as requested.

**AGREEMENT WITH THE ASSOCIATION OF AMERICAN RAILROADS
FOR A COOPERATIVE INVESTIGATION BY ENGI-
NEERING EXPERIMENT STATION**

(12) The Dean of the College of Engineering recommends approval of an agreement with the Association of American Railroads for a cooperative investigation of (1) fatigue failures of rail joint bars for the Committee on Rail, and (2) studies of the relation of wheel load to wheel diameters for the Joint Committee on Relation Between Track and Equipment, by the Engineering Experiment Station.

¹This will be charged against funds received from the Federal Government for research projects carried on by the University for the National Defense Research Committee. These allocations of funds include an allowance for overhead expense in the case of each project.

The agreement is drawn for a period of one year, beginning January 1, 1942, with provision for its extension, and the Railroads agree to pay the University \$10,000 to cover the expenses of the investigation. They also agree to (1) a charge by the University of ten per cent of the salaries and wages paid to carry on the investigation to provide for retirement payments and compensation for accidents; and (2) that all patentable discoveries resulting from this investigation shall become the property of the University. The University agrees that the Railroads will receive preferential consideration as a prospective licensee if any patents result. The agreement conforms in all other respects to the Statutes and policies of the University governing such investigations.

I recommend approval.

On motion of Mr. Livingston, this agreement was approved as recommended.

At this point, Mr. Adams took his place with the Board.

PURCHASES RECOMMENDED

(13) A recommendation that the following purchases be authorized:

1. One indoor type reactor, 3 phase, 60 cycle, 18.8 Kva., cast in concrete, asbestos insulated, to be used in construction of electric load center (No. 6, Chem. Load Center), from the General Electric Company, the lowest bidder, at a total cost of \$1,160 f.o.b. Urbana.

2. Canned goods and assorted dry groceries for the Research and Educational Hospital, from the lowest bidders, as follows:

| | | | |
|-----------------------------|------------|------------------------|----------|
| Saunemin Produce Co., | | Wilson & Rogers, Inc., | |
| 19 items..... | \$3 866 78 | 3 items..... | \$241 65 |
| Sprague Warner & Co., | | Reid Murdock & Co., | |
| 3 items..... | 112 33 | 1 item..... | 13 00 |
| B. A. Railton Co., 10 items | 486 24 | Steele Wedeles Co., | |
| | | 5 items..... | 121 04 |

On motion of Dr. Meyer, these purchases were approved and authorized as recommended.

**CONTRACTS EXECUTED BY THE COMPTROLLER
DECEMBER 7, 1941, TO JANUARY 13, 1942**

(14) The Comptroller's report of minor contracts executed under general regulations of the Board of Trustees:

| <i>With Whom</i> | <i>For</i> | <i>Amount to be paid by the University</i> | <i>Date</i> |
|----------------------|-----------------------------------|--|------------------|
| Burrowes Corporation | Screens for Men's Residence Halls | \$3 486 00 | January 13, 1942 |

This report was received for record.

ADJUSTMENTS IN BUDGET FOR 1941-1942

(15) In approving the budget for 1941-1942 the Board of Trustees authorized the President of the University to make such changes and adjustments as are necessary. Pursuant to this authorization the following adjustments were made in the operating budget during the fiscal quarter ending December 31, 1941:

Permanent additions to current budget:

| | |
|---|--------------------|
| Appointments Committee expense..... | \$ 285 |
| Medicine physiology salaries to provide for the appointment of J. R. Weir..... | 1 200 ¹ |
| Physical education salaries, to provide for the appointments of D. G. Busey and W. J. Goldie..... | 350 ¹ |
| German salaries, to provide for the appointment of C. F. Hennecke | 100 ² |
| Physiology salaries, to provide for the appointment of D. F. Moorehead..... | 200 ² |
| Public information expense, to provide for public relations work in the Chicago departments..... | 500 |
| <i>Total</i> | \$2 635 |

¹Reported to the Board November 18, 1941, but no appropriation made.

²Reported to the Board October 21, 1941, but no appropriation made.

On motion of Mr. Livingston, these adjustments were approved and the appropriation made as recommended, by the following vote: Aye, President Cleary, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

FEE IN HOME ECONOMICS 56

(16) The Department of Home Economics has been authorized to add laboratory instruction to the course "Home Economics 56, The Child and His Development." This will be an experimental project, providing for training in a nursery school for up to 15 children which the Department of Home Economics hopes to carry on from year to year until the University establishes a Nursery School.

The Department proposes a tuition fee of \$12.50 per child and a laboratory fee of \$2.00 for students registering in this course, to cover such expenses as laundry, fruit juice and crackers, repair and upkeep of playground equipment, and wages—an estimated total of \$300 for the second semester of 1941-1942.

I recommend the authorization of these fees and the addition of \$300 to the budget of the Department of Home Economics for the additional operating expenses of offering this laboratory instruction.

On motion of Mrs. Grigsby, this fee was authorized and the appropriation made as recommended, by the following vote: Aye, President Cleary, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

FUNDS FOR REHABILITATION OF RESEARCH AND EDUCATIONAL HOSPITALS

(17) Pursuant to the action of the Board of Trustees on December 30 the President of the Board and the President of the University conferred with the Governor, requesting him to include in any proclamation he may issue calling another session of the General Assembly the following items:

1. Legislation amending the acts making appropriations to the University of Illinois for the current biennium to authorize the expenditure of unused or unexpended balances in capital or permanent improvement items for general operating expenses.

2. Additional appropriation of not less than \$100,000 for operating expenses for the biennium of 1941-1943.

3. An additional appropriation of \$216,000 for alterations and rehabilitation of the Research and Educational Hospitals.

The Governor stated that he would give this request careful consideration in the event he calls another special session.

At the request of the President of the Board, the Director of the Physical Plant Department has submitted the following statement outlining the reasons why the additional sum of \$216,000 is needed to complete the rehabilitation of the Research and Educational Hospitals, and giving an analysis of the estimated cost of this remodeling. This analysis shows the allocations of funds from the original appropriation of \$254,000 (made by the General Assembly last spring for the biennium of 1941-1943 for this remodeling), and the proposed allocation of the additional \$216,000. The appropriation of \$254,000 has been completely allocated, and expenditures to date are approximately \$10,000.

NEED FOR ADDITIONAL FUNDS FOR REHABILITATION OF RESEARCH AND EDUCATIONAL HOSPITALS

Following are the reasons why \$216,000 are needed above the original appropriation of \$254,000 to complete the necessary rehabilitation of the Research and Educational Hospitals:

1. Time available for original survey by Dr. William H. Walsh, Hospital Consultant, retained by the University to make a report on the needs of the

Research and Educational Hospitals, was insufficient to probe needs thoroughly, as he did not have previously any first-hand knowledge of plant problems. Many weeks' work of the faculty committee since then has shown needs much greater. For example: Doctor Walsh's report did not contemplate remodeling of Dispensary, which the faculty committee has since found most urgent.

2. Major increase in prices since the original budget was prepared (approximately 15 per cent to date). Further increases are anticipated.

3. New wing originally contemplated along with remodeling program was omitted. Accordingly, necessary and expensive construction, such as new operating rooms, had to be included in the remodeling program, which was originally contemplated as part of the new wing.

4. Increased emergency demands for medically trained personnel and the additional teaching load resulting from added summer term, not contemplated at time of original appropriation, results in proportionately increased demands for physical facilities that renders extremely difficult, if not impossible, any curtailing of needs as now outlined.

Maximum production in any institution can only be attained when physical facilities are properly balanced and coordinated. Past capital improvements have largely been in the direction of the medical specialties to the detriment of the basic divisions of general medicine and surgery. The primary purpose of this program is to correct this fundamental lack of balance. An all-out effort to meet above demands is not possible with an unbalanced physical plant that would result if only half the appropriation now needed is provided.

5. University has been responsible for operation and maintenance of this hospital unit since last July 1. That experience, however, has shown needs for general maintenance rehabilitation were greatly underestimated in original survey. This is one of the most critical needs in the Chicago Departments.

RECOMMENDATIONS CONCERNING INCREASE IN WAGES OF CERTAIN CLASSES OF EMPLOYEES

(18) The Faculty Committee on Wages submits the following report and recommendations on requests for wage increases for various groups of employees in the Physical Plant Department. It should be noted that funds to meet these increases are not now available in the University's operating budget. I recommend that this report be referred to the Committee on Buildings and Grounds for its consideration and recommendations to the Board.

This matter was referred to the Committee on Buildings and Grounds as recommended.

QUARTERLY REPORT OF THE COMPTROLLER

(19) The quarterly report of the Comptroller to the Board of Trustees as at December 31, 1941.

This report was received for record.

BY-LAWS OF THE ATHLETIC ASSOCIATION

(20) The Board of Directors of the Athletic Association has amended Section 5, Article VI, of the By-Laws of the Association to read as follows:

"All financial obligations shall be evidenced by vouchers prepared by the

Association and shall be approved by the Director of Intercollegiate Athletics or by such other person or persons as the Board of Directors may indicate. All obligations shall be paid by check, signed by the Business Manager or by such person designated to sign for him, and countersigned by an officer or representative of the Board of Trustees of the University to be designated by the latter board."

Under the By-Laws of the Athletic Association, all amendments thereto shall be submitted to the Board of Trustees of the University for their consideration before taking effect.

On motion of Mr. Davis, this change was approved.

At this point, the Board went into Executive session.

SALARIES OF DIRECTOR OF LIBRARY AND LIBRARY SCHOOL AND OF ASSISTANT DIRECTOR OF THE LIBRARY SCHOOL

(21) Dr. Carl M. White, Director of the University Library and Library School and Professor of Library Science, has been offered the position of Director of the Library at Columbia University at a salary of \$12,000. I recommend that to meet this offer he be given an increase in his salary to \$9,000 per year effective September 1, 1942. I recommend further that \$5,000 be provided in the budget for the position of Assistant Director of the Library School effective September 1, 1942.

On motion of Dr. Meyer, these recommendations were adopted.

FIRE INSURANCE ON THE MEDICAL AND DENTAL BUILDING

(22) The Comptroller submits a recommendation for the purchase of fire and extended 80 per cent co-insurance on the Medical and Dental Building in the amount of \$234,400, effective February 12, 1942, from James S. Kemper and Company, the lowest bidder, representing the Builders Owners Federation of Mutual Fire Insurance Companies, at a premium of \$1,368.89 for five years, less anticipated dividends of 40 per cent and 10 per cent, totaling \$684.44, or a net premium of \$684.45. All other proposals were for a flat premium of the same amount but without dividends.

This is to replace insurance expiring February 12 and now carried by The American Insurance Company, \$58,600 (Burton & Trelease, Agents), and The Springfield Fire & Marine, \$175,800 (Howard B. Hare, Agent). There is other insurance in the amount of \$880,600, making the total coverage \$1,115,000.

The Comptroller presented this matter.

Mr. Davis advanced the objection to the placing of this insurance in mutual companies, that policies in such companies were subject to assessment, despite a clause on the face of the policies stipulating that they are not subject to assessment or contingent liability.

On motion of Mr. Karraker, and after discussion, the Comptroller was authorized to renew this insurance in the same companies and through the same agents as at present, at a premium of \$1,368.89 for five years.

The President of the Board was requested to ask the Attorney General for an opinion on the liability of the University to assessment on a mutual policy.

At this point, the Board resumed open session.

LAND FOR AIRPORT

(23) A committee of citizens has requested an opportunity to be heard in favor of the construction of an airport at the University. I recommend that this request be granted.

This request was granted, and the following were introduced: Mr. R. A. Stipes, Jr., Senator Everett R. Peters, Mr. August C. Meyer, Mr. Ben Regan, Mr. Willard S. Hansen. Mr. Stipes made an introductory statement, and presented the following petition:

As citizens of the State of Illinois, we respectfully request the Board of

Trustees of the University of Illinois to ask Governor Dwight H. Green to include in a second legislative call, an appropriation to provide a sufficient amount of money for the purpose of purchasing necessary land at or near the University of Illinois for the purpose of building an airport to be owned by said University.

There shall be an implied understanding that if, after a complete investigation, Federal or private funds are not available for the building and operation of such an airport, that the State money so appropriated will revert to the State Treasury.

Respectfully submitted,

January 24, 1942

R. A. STIPES, JR.
 SEN. EVERETT R. PETERS
 AUGUST C. MEYER
 BEN REGAN
 WILLARD S. HANSEN

Mr. Stipes introduced the members of his committee, who spoke on the several phases of their request.

The President of the University recommended that (1) the Governor be requested to include in a call for a special session of the General Assembly the request of the Board that \$200,000 be appropriated for the purchase of one section of land to be used as an airport; and (2) that the President of the University be authorized to make a survey, in consultation with the College of Engineering and with appropriate State and Federal agencies, and to report a proposal for the operation of such airport.

On motion of Mr. Davis, these recommendations were approved and adopted.

WAR WORK IN CHEMISTRY

On request of the President of the Board, the President of the University introduced Professor Roger Adams, Head of the Department of Chemistry and Chairman of Division B, National Defense Research Committee. Professor Adams addressed the Board on the organization and work of the scientific research agencies of the country in the war.

EMPLOYMENT OF AUDITORS

Mr. Karraker, for the Finance Committee, presented a recommendation that Arthur Andersen and Company be employed to examine the accounts of the University and of the Athletic Association and the University of Illinois Foundation, for the same fee as at present (\$3,300 for the University audit, \$275 for the Athletic Association, to be paid by it, and \$500 for the Foundation, to be paid by the University), and that the Comptroller be authorized to get additional suggestions from this firm at a cost of not to exceed \$700.

On motion of Mr. Karraker, this recommendation was adopted.

DEATH BENEFITS PAID

Mr. Karraker, for the Retirement System, reported that death benefits had been paid as follows:

H. S. V. Jones, Professor of English, deceased January 10, 1942—\$4,933.59
 O. M. Duncan, Certified tinner, deceased December 28, 1941—\$2,377.15

These amounts are in addition to the return of contributions plus interest. Professor Jones was a member of the staff of the University continuously from 1906 to 1942; Mr. Duncan was employed by the Physical Plant Department intermittently from 1929 to 1936 and continuously since 1936.

This report was received for record.

SEVENTY-FIFTH ANNIVERSARY AND HISTORY

Mr. Fornof, for the Committee on Alumni, presented the following report:

The Alumni Committee to whom was referred the subject of the 75th Anniversary Celebration recommends approval of the suggestion of President Willard that the observance of the anniversary be limited to a strictly local program with a minimum of expense, such to be charged against the President's Office funds.

The committee further recommends to the Board that it authorize a history of the University as an anniversary feature, and that Mr. Carl Stephens be appointed University Historian, effective February 1, 1942, to prepare such a history in collaboration with others, the cost not to exceed \$9,000, not including actual publication costs.

On motion of Mr. Fornof, this report was adopted, and the appropriation of \$9,000 was made by the following vote: Aye, President Cleary, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

PURCHASE OF RECREATIONAL AREA

Mr. Adams, for the Committee on Buildings and Grounds, presented the following report:

This Committee has carefully considered the recommendation from the Senate Committee on Athletics to acquire a tract of land for use as an outdoor recreational area and has reached the following conclusions:

1. The Committee agrees that such a program is highly desirable and should be started as soon as conditions permit and it is practical to do so. We were all tremendously impressed with the possibilities of developing this tract as a recreational park for student activity and as a field for scientific research.

2. Due to the financial limitations on the University during this biennium, the Committee does not recommend the acquisition of the property unless, at a later date, we are able to obtain funds for its acquisition and development.

3. The land, however, is so desirable for such a program that the University should not let it be sold to any other buyer for other uses if it can be avoided. The Committee suggests, therefore, that no action be taken at this time, and that the Committee be advised of any proposal to acquire the property for other uses in order that the future program may be protected.

On motion of Mr. Adams, this report was adopted.

REPORT OF THE COMMITTEE ON PATENTS

Mr. Davis, for the Committee on Patents, presented the following report:

Your committee some time ago was asked to examine the patent policies of the Board of Trustees and make recommendations. The present policies have been in force, without substantial alteration, for about twenty years. Your committee has had two meetings at which the various problems were discussed. We have had conferences with members of the University administration, including the Faculty Committee on Patents. We recommend:

I

That sponsors of special or specific researches to be carried on under the direction and supervision of the University, in general, be grouped as follows for the purpose of determining rights in patentable discoveries and the extent of contributions to be required for workmen's compensation, retirement benefits, overhead, and the like:

(1) Individuals, natural persons and corporations interested in patentable discoveries which may grow out of the sponsored research;

(2) Associations of individuals, manufacturers, utilities and similar groups, interested in any patentable discoveries which may result from the prosecution of the sponsored research;

(3) Public governmental agencies, including the United States Government and its agencies, and any of the states of the Union and their agencies, not interested in or concerned about patentable discoveries;

(4) Technical societies, committees, Foundations, and the like which sponsor special or specific researches, but are not interested in or concerned about patentable discoveries which may grow out of the research.

II

That sponsors falling within groups (1) and (2) will be expected to enter into contracts containing, among other things, the following clauses and paragraphs:

"It is agreed that all results of experimental work, including patentable discoveries, carried on under the direction of the scientific staff of the University, belong to the University and to the public and shall be used and controlled so as to produce the greatest benefit to the public. It is agreed that if patentable discoveries grow out of the investigation and such discoveries have commercial value, the sponsor, upon payment of the entire cost of securing a patent, shall be given free use of the patent as a non-exclusive license, it being agreed that other licensees shall pay the University a royalty which in the opinion of the University is fair to the sponsor and to the public. The sponsor shall notify the University in writing whether it will pay the costs of filing an application and procuring a patent on any discoveries which may be patentable, within sixty days from the date when the University gives the sponsor notice of any such discovery. In case the sponsor does not wish to assume the expense of securing a patent, the University may, in its discretion, do so, and the sponsor shall be given a non-exclusive license upon substantially similar terms as other licensees.

"Ninety per cent of the money contributed to this investigation shall be held as a special fund and shall be so carried on the books of the Comptroller of the University. Payments from this fund shall be made only on vouchers approved by the—(insert here name of department head supervising work)—for this work. At the close of the period covered by this agreement, the Comptroller shall render an accounting to the sponsor. As partial reimbursement to the University for compensation and for retirement insurance, a general charge of not less than ten per cent will be deducted from the payments made by the sponsor. All special apparatus for this investigation and not available in the laboratories of the University shall be purchased from, and charged against the funds provided by the sponsor for this purpose. All equipment and materials shall be the exclusive property of the University and no exception to this rule shall be made without the approval of the Board.

"It is agreed by the sponsor that it will not under any circumstances use the name of the University in any advertisement, whether with reference to the cooperative agreement or any other matter."

III

Sponsors falling within groups (3) and (4) will be expected to sign a contract in the form the University has been using heretofore, except that it should contain the following, or its substantial equivalent:

"It is agreed by the parties to this contract that all results of experimental work, including patentable discoveries, carried on under the direction of the scientific staff of the University belong to the University and will be used and controlled so as to produce the greatest benefit to the public."

IV

In all cases of existing special research agreements, executed prior to January 1, 1942, where the sponsor requests an extension, the extension may be agreed to by the University for not to exceed one year, with notice to the sponsor that if further extensions be desired they must be made on terms conforming with the general principles stated in I, II, and III of these proposals, and they shall be informed of the exact terms on which such extensions will be made.

¹As amended by the Board, February 14, 1942 (Minutes, page 772).

One effect of these recommendations, if approved, will be to reduce the amount expended for patent applications. Over the years, the University has paid out more than it has received on account of patents. While a patent under our control sometimes is helpful in the prosecution of a research, we hope to achieve the necessary protection while at the same time avoiding unfruitful outlays, if these recommendations be put into effect.

We further recommend that the committee retain jurisdiction of the subject-matter until a further report can be made to the Board, with drafts of proposed amendments to the University Statutes which will incorporate the actual changes approved by the Board. We think the University should have an opportunity to function under these new suggestions for some months before they are crystallized in the form of amendments to the statutes. The reactions of prospective sponsors of research may be of such a nature as to indicate a need for further changes in present practice, or alterations in the proposals contained in this report.

Respectfully submitted,

CHESTER R. DAVIS, *Chairman*
 HOMER MAT ADAMS
 PARK LIVINGSTON

On motion of Mr. Davis, this report was adopted.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

February 14, 1942

The February meeting of the Board of Trustees of the University of Illinois was held at the Illini Union Building, in Urbana, at 12:30 p.m. on Saturday, February 14, 1942. The following members were present: President Cleary, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Judge Sveinbjorn Johnson, Counsel, Mr. C. S. Havens, Director of the Physical Plant Department, and Mr. J. F. Wright, Director of Public Information.

MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

**CANCELLATION OF SABBATICAL LEAVE GRANTED
PROFESSOR M. H. HUNTER**

(1) Professor M. H. Hunter, Head of the Department of Economics, was granted a sabbatical leave of absence for the second semester of the current academic year. In view of present conditions and the uncertainties of the future, he has requested that this leave be cancelled. I recommend that this leave be cancelled without prejudice as to a future request for a sabbatical leave.

On motion of Dr. Meyer, this leave was cancelled.

LEAVES OF ABSENCE

(2) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case:

John F. Bell, Professor of Economics, leave without pay from March 1 through August 31, 1942, so that he may return to the position in the Office of Price Administration, Washington, D.C., which he held before coming to the University.

A. H. Sutton, Associate Professor of Geology, leave without pay for the academic year 1942-1943 so that he may accept a position in a defense industry.

Mrs. Katherine H. Peer, Stenographer in the Department of English, leave with pay from January 31 to March 13, 1942, inclusive, and leave without pay from March 14 through August 31, 1942, on account of illness.

Leslie D. Nelson, Groundsman in the Physical Plant Department, sick leave with pay for a period of eleven weeks and three days from January 17, 1942, or as much thereof as may be necessary.

A. E. Votaw, Laborer in the Animal Husbandry Department, leave without pay for a period of four months from December 11, 1941, on account of health.

Leaves of Absence for Military Service

(The leave in each case is without salary.)

John T. Dixon, Laborer in the Department of Horticulture, from January 22, 1942, through August 31, 1942.

George Milles, Assistant Professor of Pathology, from February 1 through August 31, 1942.

Thomas E. Ratcliffe, Assistant in the Agriculture Library, from February 6, 1942, through August 31, 1942.

O. Frazelle Edwards, Instructor in Bacteriology, from February 1 through June 30, 1942.

Thomas H. Malloy, an employee in the Illini Union Bookstore, from January 17 through August 31, 1942.

Extension of Leave of Absence for Military Service

K. C. Shrader, Research Assistant in the Bureau of Institutional Research, from February 21, 1942, through August 31, 1942.

On motion of Mr. Jensen, these leaves were granted.

STATUS OF PERQUISITES OF CERTAIN MEMBERS OF THE STAFF

(3) The federal income tax law requires that the total compensation of each employee be reported by every employer, this compensation to include items furnished in lieu of money and which are a part of an employee's compensation. Facilities and other items furnished for the convenience of the employer need not be reported as part of the compensation.

The new retirement law also makes similar provisions. The Board of Trustees of the University Retirement System of Illinois has ruled that it will follow the federal income tax law and regulations of the Bureau of Internal Revenue in determining the status of an employee's compensation with respect to contributions to the retirement fund.

The last report on perquisites of members of the staff was made to the Board in April, 1940. Since then the University has placed in operation the Illini Union Buildings at Urbana and in Chicago and has taken over the Research and Educational Hospitals, which has added a number of members to the staff who are affected by the requirements of the federal law.

Accordingly I submit a new list¹ of employees receiving perquisites of one kind or another, the status of which should be officially determined. This list has been compiled by the Comptroller on the basis of certifications from the heads of the divisions concerned. It includes only those individuals whose names appear in the itemized operating budget. There are numerous other positions for which provision is made in the budget, but the names of the incumbents do not appear therein because they are employed on an hourly, weekly, or monthly basis and not under annual contracts. Authorization for determining the status of the compensation received by all individuals in such positions is also requested. The following resolution is submitted:

Be it resolved, by the Board of Trustees of the University of Illinois, that the accommodations, services, or perquisites received by persons holding during the academic year 1941-1942 positions listed in the exhibit hereto attached¹ under the heading of "For Convenience of Employer" shall be regarded as for the convenience of the University and not as a part of the compensation received by the employee for the services rendered to the extent indicated in that schedule.

The persons holding the positions referred to in the first paragraph of this motion and performing substantially the services connected with such position shall, until further action by the Board, be regarded as receiving the accommodations, services, or perquisites referred to for the convenience of the University and not as a part of the compensation received by them for the services they render. In all other cases where perquisites are furnished, such perquisites shall be considered a part of compensation.

The President of the University is authorized to approve for the Board the allocation of similar perquisites which may be involved in the employment of persons in wage positions not itemized in the internal budget.

Mr. Morey presented this matter.

On motion of Mr. Davis, the resolution was adopted.

APPOINTMENT OF RAYMOND ELIOT AS ASSISTANT PROFESSOR OF PHYSICAL EDUCATION FOR MEN AND HEAD FOOTBALL COACH

(4) The Board of Directors of the Athletic Association recommends that Mr. Raymond Eliot, Assistant Professor of Physical Education for Men, Assistant Football Coach, and Freshman Baseball Coach, be appointed Head Football Coach effective February 1, 1942, at an annual salary of \$4,500 to be paid by the Athletic Association.

The Director of the School of Physical Education recommends that Mr. Eliot be appointed Assistant Professor of Physical Education for Men effective February 1, 1942, at an annual salary of \$1,500 to be paid by the University.

Both appointments are effective February 1, 1942, and are to continue until the end of the current biennium (August 31, 1943). The total salary will be \$6,000.

I concur in these recommendations. They were previously transmitted to the President of the Board of Trustees, who referred them to the Committee on Athletic Activities. This Committee likewise has concurred in the recommendation for this appointment in accordance with the terms indicated.

On motion of Dr. Meyer, this appointment was made as recommended.

ENGINEERING, SCIENCE, AND MANAGEMENT DEFENSE TRAINING

(5) At the request of the United States Office of Education the University, through its Division of Extension, offers courses in engineering and other applied sciences and in industrial management in various areas of Illinois. These

¹This list is filed with the Secretary of the Board for record.

courses are designed for national defense training and are particularly for individuals now employed who desire part-time study to fit themselves for more responsible work, or to help unemployed individuals to qualify for jobs. At present there are 24 different courses offered to 148 separate classes in 18 Illinois communities,¹ and the total number of individuals enrolled is 3,598. This number will increase as new courses and new communities are added, and it is estimated that by July 1 the enrollment may reach 5,000.

These courses are available wherever there is a demand for them and facilities (such as school buildings or industrial plants) are available for the instruction. Some of these courses are taught, or the instruction is supervised, by members of the University staff in addition to their regular teaching work, and a large part of the instructional program is carried on by industrial and business executives who are employed on a part-time basis by the Division of Extension. All expenses are paid by the Federal Government through the United States Office of Education.

I recommend that the President of the University be authorized to approve allocations of Federal funds received for this program for the purposes recommended by the Director of University Extension, including (1) the necessary changes in status of members of the University staff whose services are required to carry on this program, and (2) payment to members of the staff of additional compensation (from Federal funds) for services performed outside of the time required of them under their University appointments.

On motion of Mr. Livingston, this recommendation was adopted.

AGREEMENTS FOR COOPERATIVE RESEARCH INVESTIGATIONS

(6) The Board of Trustees at its meeting on January 24 (Minutes, page 759) approved a recommendation from the Committee on Patents changing in certain respects the policies of the University of Illinois governing agreements for cooperative research investigations including provisions relating to patentable discoveries and use of the University's name in advertisements.

With respect to the latter the recommendation of the Committee reads as follows: "It is agreed by the sponsor that it will not under any circumstances use the name of the University in any advertisement, whether with reference to the cooperative agreement or any other matter, without the prior approval of the University."

I should like to ask the Board to reconsider this change, and I recommend that the clause "without the prior approval of the University" be eliminated. In my judgment, it opens the way to innumerable requests from all sponsors of cooperative investigations and donors of funds for permission to use the University's name in advertisements, and this I think is contrary to sound institutional and public policy.

On motion of Mr. Jensen, this revision was approved as recommended by the President.

APPOINTMENT OF ANTHONY BLAZINE AS ASSISTANT VARSITY FOOTBALL COACH

(7) The Director of Athletics and the Board of Directors of the Athletic Association recommend the appointment of Anthony Blazine as Assistant Varsity Football Coach effective March 1, 1942, at an annual salary rate of \$2,300 until September 1, 1942, and thereafter at an annual salary of \$3,000, to be paid partly by the Athletic Association and partly by the School of Physical Education. It is proposed with the concurrence of the Director of the School of Physical Education that beginning with the next academic year Mr. Blazine will also be appointed to the staff of the Department of Physical Education for Men.

I recommend approval.

¹The Illinois communities in which classes are now being conducted are as follows: Alton, Granite City, Decatur, Springfield, Champaign-Urbana, Kankakee, LaSalle, Elgin, Aurora, Rockford, Dixon, Beardstown, Danville, Chicago Heights, Chicago, Evanston, East St. Louis, and Moline.

At this point, Mr. Eliot was introduced. He supported this recommendation and addressed the Board on the general outlook in football. On motion of Mr. Davis, this recommendation was adopted.

WAR WORK IN PHYSICS

On request of the President of the Board, the President of the University introduced Dr. P. Gerald Kruger, Professor of Physics. Professor Kruger addressed the Board on research in physics as related to the war effort.

CONTRACT FOR STEEL LIBRARY STACKS IN NATURAL HISTORY LIBRARY

(8) The Physical Plant Department submitted drawings and specifications for furnishing and installing steel library stacks in the Natural History Library for which improvement funds have been provided in the current budget. In general, prospective bidders stated that they would not be in a position to furnish quotations because materials are almost wholly on a priority list. However, the following bid was received from the Art Metal Construction Company:

| | |
|---|---------|
| Base Bid, covering complete stacks..... | \$5 080 |
| Alternate Bid No. 1, based on shelving being adapted from present existing shelving, now stored in the main library—Deduct..... | 340 |
| Alternate Bid No. 2, based on use of glass floor instead of steel and concrete—Add..... | 1 900 |
| Separate Bid No. 1, covering furnishing of steel portable shelving for Delivery Room..... | 720 |
| Cash or check..... | 400 |

This is within the amount budgeted for the work. Inasmuch as conditions affecting the use of priority materials are changing rapidly the bid was subject to immediate acceptance. Accordingly I authorized the execution of the contract with the Art Metal Construction Company on its base bid of \$5,080 for this work and request confirmation of this action. (Both alternates were rejected, but Separate Bid No. 1 will be considered later.)

On motion of Mrs. Grigsby, the action of the President of the University in authorizing this contract was approved and confirmed.

PURCHASES RECOMMENDED

(9) A recommendation that the following purchases be authorized:

1. One circuit breaker switchboard for rewiring of the Union Arcade Building, from William Wurdack Electric Manufacturing Company, St. Louis, Missouri, the lowest bidder, at a price of \$1,180 f.o.b. St. Louis, freight allowed.

2. 100 per cent rag bond, white, watermarked with the University Seal, for the Office Supply Store as follows:

100 reams 22 x 34—40 pound

32 reams 22 x 34—32 pound

30 reams 22 x 34—26 pound

from the Graham Paper Company, the lowest bidder, at a cost of approximately \$1,615.

On motion of Mr. Adams, these purchases were authorized.

PURCHASES AUTHORIZED

(10) A report of the following purchases authorized by the President of the University in accordance with the University Statutes:

1. Cottage cheese, milk, cream, skim milk, and buttermilk as required by the Dietary Department of the Research and Educational Hospitals for the month of February, from the Scholl Dairy, the lowest bidder, at a total cost of \$1,607.46.

2. 30 items of fresh smoked meat and poultry to be used during the month of February by the Dietary Department of the Research and Educational Hospitals, from the lowest bidders on the respective items as follows:

| | | | |
|--|----|-----|--------|
| Armour & Company, 2 items..... | \$ | 14 | 77 |
| Swift & Company, 15 items..... | 1 | 398 | 04 |
| New City Packing & Provision Company, 6 items..... | | 627 | 55 |
| Reliable Packing Company, 3 items..... | | 528 | 00 |
| Cudney & Company, 4 items..... | | 516 | 70 |
| <i>Total</i> | | \$3 | 085 06 |

3. Ten tons of all purpose white lead and oil, from the National Lead Company, Chicago, the lowest bidder, at a total cost of \$1,862 f.o.b. Urbana.

4. Approximately 66 tons of No. 4 sulphite bond and mimeograph bond in various sizes and colors, from the Dwight Bros. Paper Company, the lowest bidder, at an approximate cost of \$11,050 delivered.

This report was received for record.

REHOUSING THE RADIO STATION

(11) The Board of Trustees has authorized the rehousing of the studios and offices of Station WILL in the Lower Gymnasium of the Woman's Building. Because of the war it will be impossible to secure the required materials to proceed with the extensive remodeling necessary to carry out this rehousing program. Consequently the Director of the Radio Station and the Director of the Physical Plant Department have proposed housing the studios and offices of Station WILL in Gregory Hall until permanent quarters can be provided. Due to the decrease in enrollment it is possible to take over certain areas in this building for the use of the Radio Station. The estimated cost of the remodeling necessary to convert them to such use is not more than \$10,000. It is less extensive than the program for housing the Station in the Woman's Building and does not involve the use of restricted materials.

I recommend that this program be authorized and that the expense be charged against the State appropriation for building remodeling.

On motion of Mrs. Grigsby, these recommendations were adopted.

CONTRACTS EXECUTED BY THE COMPTROLLER JANUARY 14 TO FEBRUARY 4, 1942

(12) The Comptroller's report of a lease executed under general regulations of the Board of Trustees:

| <i>With Whom</i> | <i>Property</i> | <i>Amount to be paid by the University</i> | <i>Date</i> |
|------------------|--|--|------------------|
| Fred Percival | Lease of one acre of land on Percival farm for Agricultural Engineering Department | \$20 for year 1941-1942 | January 17, 1942 |

This report was received for record.

GIFTS TO THE UNIVERSITY AND GRANTS OF FUNDS FOR VARIOUS PURPOSES

(13) A report of the following gifts and grants of funds for various purposes received by the University since the last report:

Gifts

1. Mr. Frederick Green, Professor of Law, *Emeritus*, \$1,500 additional to be added to the Lois Shepherd Green Scholarship Fund.

2. Pyle-National Company of Chicago, 14 Type M.V.A.-24 Multivalent panels, valued at \$441, to be used in introducing air into the cold laboratory at the College of Medicine. It is understood by the donor that there will be no advertisement use made of the gift or of the results obtained from the tests made with this equipment.

15. United States Spanish War Veterans, Department of Illinois, \$50 for a military prize.

16. Mothers' Association, \$119.58 additional for a silver service for the Illini Union Building.

On motion of Mr. Fornof, this report was received for record.

SUMMER QUARTER

(14) The University Senate recommends that, as a part of the general plan of providing for present and prospective students opportunities for accelerating their educational programs, the University establish in place of the eight-week summer session offered heretofore a summer quarter of twelve weeks con-

sisting of two six-week terms running consecutively, the dates to be determined by the University Calendar Committee and the Director of the Summer Session. The Committee and the Director have approved the dates of June 8 to August 29, 1942.

Professor A. B. Coble was introduced. He discussed this and the three following related items.

On motion of Mr. Jensen, the recommendation for the introduction of a summer quarter of twelve weeks was approved as a step towards the adoption of a four-quarter system, and the President of the University and the University Senate were requested to study this matter and report their recommendations to the Board.

STATEMENT CONCERNING ACCELERATED PROGRAMS ENABLING STUDENTS TO GRADUATE IN LESS THAN FOUR YEARS

Types of Programs

Institutions, such as the University of Illinois, now operating on a two-semester basis of sixteen weeks each, have a choice of three programs:

1. A quarter system of four twelve-week quarters under which the faculty teach three quarters and have one quarter off. This involves a complete revision of all instruction materials in present laboratory and in many lecture courses.
2. Three-term system of sixteen weeks each in which the faculty receive additional compensation if they teach three terms in one year. This involves no change in instruction materials as used in the present two-semester system.
3. A longer, intensive summer quarter of twelve weeks divided into two periods of six weeks, instead of a summer session of eight weeks as now given at the University of Illinois. The faculty receive additional compensation if they teach in the summer quarter as well as in the two regular semesters in the same year. This does not require as much revision of semester-course material as the quarter system since the summer courses are condensed and given more intensively.

General Comments on All Accelerated Systems

1. Since such systems are never made compulsory, it is impossible to predict how many students *will actually continue to attend* any all-year program for three successive years and get their degrees in less time than four years.
2. At the University of Illinois we can only guess at how many students, especially juniors, will attend *even the first* full year of such a program.
3. Since a great many students must depend on earning funds in the summer time in order to go to college the rest of the year, they can not enroll in any kind of an all-year program no matter how good it is. This condition is a serious factor at the University of Illinois.
4. A slightly different condition may exist in the field of the medical sciences, but we have no assurance that all our students in medicine will attend all four quarters for three consecutive years.

Special Comments on Summer Quarter of Twelve Weeks

The action of the University Senate recommending a summer quarter of twelve weeks consisting of two six-week periods running consecutively is based on the following considerations:

1. The Senate believes an accelerated program is desirable.
2. For reasons given above and others, the Senate does not believe it is desirable to change *at this time* to a four-quarter or to a three-term system.
3. Advantages of the summer quarter plan are:
 - (a) It permits an undergraduate to complete his course in three years. More rapid acceleration would probably result in a lowering of standards.
 - (b) No practicable plan can meet the specific needs of all students, but adjustments to a twelve-week summer term are relatively easy. Graduate students might take a six-week course for three-quarters' credit or offer supplementary work to secure the usual unit credit for eight weeks of work. In the case of

undergraduate students who are sufficiently close to graduation to utilize only one summer quarter, this quarter might be regarded as equivalent to a semester.

(c) It would also be relatively easy for the faculty to carry the teaching involved particularly if all the courses which run for only six weeks were confined to the first term. Then the registration for the entire quarter would be determined on the opening day and arrangements could be made to handle it. There might be a fair amount of service volunteered for the heavier first term by members of the staff who are not accustomed to depending on summer earnings.

(d) There would be time for three-week vacations before and after such a summer quarter—an important point in view of the rigors of our summer climate.

(e) The summer quarters could be utilized by students to take their cultural electives. These are ordinarily taken at early academic levels and the necessary courses are normally offered in the summer.

(f) The plan would provide an experimental approach to the four-quarter problem. The great majority of our faculty has never had experience with a quarter system.

(g) Other institutions, as diverse as Harvard and Iowa, have adopted this plan. Harvard freshmen are being urged by their advisers to stay for the summer term.

VALUE OF CREDIT FOR WORK IN SUMMER QUARTERS

(15) The University Senate recommends that "an hour of course work, as ordinarily estimated, which is pursued weekly through the twelve weeks of the summer quarters of 1942 or 1943 may be counted by an undergraduate toward graduation as a semester hour."

I concur.

On motion of Mrs. Grigsby, this recommendation was adopted.

ADMISSION OF NON-HIGH SCHOOL GRADUATES

(16) The University Senate recommends that the Registrar be authorized to admit to the University of Illinois any high-school senior enrolled in his last semester and within a month of his graduation from an accredited school which closes its semester or term after the opening date of a University term even though he has not received a diploma of graduation, provided that evidence is submitted by the high school showing that the senior would have been graduated if he had remained in school until the end of the semester.

I recommend approval.

On motion of Dr. Meyer, this authority was granted as recommended. Mr. Jensen asked to be recorded as voting in the negative on this motion.

TUITION FEES FOR SUMMER QUARTER

(17) The Faculty Committee on Fees and Scholarships recommends the following schedule of fees for the summer quarter:

I. For undergraduate and professional work in the colleges and schools in Urbana:

(a) Tuition fee for six weeks of instruction:

| | |
|---------------------|---------|
| Residents | \$20 00 |
| Non-residents | 40 00 |

(b) Tuition fee for twelve weeks of instruction:

| | |
|---------------------|---------|
| Residents | \$40 00 |
| Non-residents | 80 00 |

II. For graduate work at Urbana, whether partial or full schedule:

| | |
|------------------------------|---------|
| Residents, per unit..... | \$12 00 |
| Non-residents, per unit..... | 24 00 |

III. Special fees for music:

| | |
|----------------------------------|---------|
| Twelve weeks of instruction..... | \$25 00 |
| Six weeks of instruction..... | 12 50 |

Instrument rental fees:

| | |
|---|---------|
| Upright piano (1 hour a day for 12 weeks)..... | \$ 2 00 |
| Grand piano (1 hour a day for 12 weeks)..... | 3 00 |
| Small practice organ (1 hour a day for 12 weeks)..... | 7 00 |
| Large practice organ (1 hour a day for 12 weeks)..... | 10 00 |
| Organ in recital hall for 1 hour a week..... | 3 50 |

For partial schedules in undergraduate and professional work see below, item (a).

FEES FOR PARTIAL SCHEDULES AND FOR GRADUATE FIELD WORK

After reconsidering its action of October 14 on fees for partial schedules and for graduate field work, the Committee recommends that the following schedule of fees be adopted:

- (a) For undergraduate and professional work in the colleges and schools at Urbana, provided registration is for not more than eight credit hours in one semester or a summer quarter, or for not more than four hours in half of a summer quarter:
- | | |
|-------------------------------------|---------|
| Residents, per credit hour..... | \$ 3 00 |
| Non-residents, per credit hour..... | 6 00 |
- (b) For graduate work at Urbana, provided registration is for not more than two units in one semester:
- | | |
|------------------------------|---------|
| Residents, per unit..... | \$12 00 |
| Non-residents, per unit..... | 24 00 |
- (c) For graduate field research work off the campus, by students registered exclusively for such work, other than that done in regular extramural courses:
- | | |
|------------------------------|---------|
| Residents, per unit..... | \$12 00 |
| Non-residents, per unit..... | 24 00 |

I recommend approval.

On motion of Dr. Meyer, this schedule of fees was approved as recommended.

CHANGE IN ACADEMIC CALENDAR IN COLLEGES OF MEDICINE, DENTISTRY, AND PHARMACY

(18) On recommendation of the faculties of the Colleges of Medicine, Dentistry, and Pharmacy the University Senate recommends that the academic calendar of these divisions be placed on a four-quarter basis to go into full effect in September, 1942, and that a Summer Session (1942) be offered for the two upper classes in the College of Medicine. Beginning with the fall term all remaining classes in the three colleges will enter on an uninterrupted schedule of studies until graduation.

I concur in these recommendations.

On motion of Mr. Adams, these recommendations were adopted.

REQUIREMENTS FOR ADMISSION TO THE COLLEGE OF PHARMACY

(19) On recommendation of the faculty of the College of Pharmacy the University Senate recommends the following changes in the requirements for admission to that division, effective September 1, 1942:

1. That the general requirements for admission to the University in effect for the undergraduate colleges at Urbana shall apply to applicants for admission to the College of Pharmacy.
2. That one unit of algebra, one unit of plane geometry, and three units of English be required of all applicants.
3. That an Admissions Committee of the College of Pharmacy be created similar to the Committees on Admissions now functioning for the Colleges of Medicine and Dentistry.
4. That because the number of applicants for admission to the College of Pharmacy is greater than the facilities will accommodate, only those students who rank in the upper 50 per cent of their high-school classes may be admitted.

I concur in these recommendations.

On motion of Mr. Karraker, these recommendations were adopted.

FEE FOR CORRESPONDENCE COURSES IN EDUCATION

(20) On recommendation of the officers concerned I have authorized a fee of \$5 each for two new correspondence courses:

1. Educational Planning—Local, State, and National—for the War and Postwar Period
2. The School Board Member: His Responsibilities and Opportunities.

While the Division of University Extension has authority to assess fees for correspondence courses on the basis of the semester hours of credit, these two courses do not carry credit and therefore a departure from our usual procedure is required.

On motion of Mr. Adams, the action of the President of the University in authorizing these fees was approved and confirmed.

DEGREES CONFERRED IN FEBRUARY, 1942

(21) The University Senate recommends the conferring of degrees on the following candidates who have completed the requirements therefor.

On motion of Mr. Jensen, these degrees were authorized.

LEAVES OF ABSENCE—SUPPLEMENTARY

(22) A recommendation that the following leaves of absence for military service be granted members of the staff. The leave in each case is without salary.

Upson S. Garrigus, Assistant in Animal Husbandry, from March 4 through August 31, 1942.

Bernt O. Larson, Instructor in General Engineering Drawing, from February 1 through August 31, 1942.

On motion of Mrs. Grigsby, these leaves were granted as recommended.

PURCHASES RECOMMENDED—SUPPLEMENTARY

(23) A recommendation that the following purchases be authorized:

1. One portable air compressor, gasoline engine driven, to replace a Schramm compressor purchased in 1935 and now beyond economical repair, from the Ingersoll-Rand Company, the lowest bidder, at a price of \$1,732.12 before allowing for salvage value of the old compressor. This equipment is for the Physical Plant Department and funds are available for the purchase.

2. 3,000 feet 12.75" diameter double thick insulation with 8 oz. canvas jacket, 32 oz. asbestos paper, and 16 gauge galvanized tie wires, from Paul J. Krez Company the lowest bidder, for Owens-Corning "Fiberglas" at their price of \$6,060.

On motion of Mr. Adams, these purchases were authorized.

CHANGE IN HEADSHIP OF DEPARTMENT OF BOTANY

(24) Professor John T. Buchholz, Head of the Department of Botany, has submitted his resignation as Head of the Department to take effect immediately. He has asked to be relieved of this administrative responsibility so that he may devote all of his time to teaching and research.

The Dean of the College of Liberal Arts and Sciences recommends:

1. That the resignation of Professor Buchholz as Head of the Department of Botany be accepted and that he be continued as Professor of Botany on indefinite tenure effective March 1, 1942, at an annual salary of \$6,000.

2. That Professor Neil E. Stevens be appointed Head of the Department of Botany on indefinite tenure effective March 1, 1942, at an annual salary of \$6,500.

After consulting with members of the department of professorial rank and with the Dean of the College, I concur in the above recommendations.

On motion of Mr. Jensen, these changes were approved as recommended.

SABOTAGE PROTECTION

(25) The Board, at its last meeting, made an appropriation to the Physical Plant Department for additional watchmen and other safeguards against sabotage to University plant facilities. The Director of the Physical Plant Department advises that this additional protection was placed in effect on February 2, 1942.

This report was received for record.

TRIBUTE TO FRANCIS GRANT BLAIR

Mr. Karraker presented the following:

The Board of Trustees of the University of Illinois has learned with deep regret of the death of Francis Grant Blair, a former member of this Board, who passed away on January 26, 1942, aged 78 years.

Mr. Blair was Superintendent of Public Instruction of the State of Illinois from 1907 to 1935, and during that time was by virtue of his office a member of this Board, a length of service surpassed by only two Trustees in the history of the University. He frequently attended the meetings of the Board and took part in its deliberations.

Superintendent Blair served on many state and national boards and commissions. He was President of the National Education Association in 1926, and of the National Council of State Superintendents and Commissioners of Education in 1925. Indeed few men had greater opportunities for broad service in the field of public education.

In recording this tribute to the memory of a former colleague, the Board directs its Secretary to send a copy of this resolution of appreciation to the family of Superintendent Blair as a token of the Board's deep sympathy with them in their bereavement.

On motion of Mr. Karraker, this resolution was adopted, by unanimous rising vote.

WAGES OF EMPLOYEES IN PHYSICAL PLANT DEPARTMENT

Mr. Adams reported that the Committee on Buildings and Grounds had met at the University on February 14 and had heard delegations from certain classes of employees in the Physical Plant Department, with representatives of their labor organizations, and that the Committee recommended that hourly rates be established in certain crafts as follows, subject to the usual adjustments in the case of persons employed on full-time basis:

| | <i>Hourly Rate</i> |
|---------------------------------------|--------------------|
| Heat, light, and power employees..... | \$.85 to .99 |
| Machinists..... | .97 |
| Painters..... | 1.25 |
| Brickmasons and Plasterers..... | 1.62½ |

On motion of Mr. Adams, these rates were established, effective February 1, 1942, and \$6,000 was appropriated to take care of the additional expense until the end of the present fiscal year, by the following vote: Aye, President Cleary, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston; no, none; absent, Mr. Green, Dr. Meyer, Mr. Wieland.

LAND FOR AIRPORT

President Willard made a statement concerning the proposal to secure an appropriation of \$200,000 for the purchase of land, and other funds for the construction of an airport for educational training and research, and recommended that every effort be made to accomplish this result.

This matter was referred to the President of the University with power to act.

COMMITTEE ON PATENTS—LESPEDEZA HULLER

Mr. Davis, for the Committee on Patents, reported a recommendation of the faculty committee on patents that a preliminary search be made in the Patent Office, with a view to a patent application, if the prior act justifies that course, on a discovery of Mr. C. W. Veach of a machine called the lespedeza huller.

Professor E. W. Lehmann, Head of the Department of Agricultural Engineering, explained the uses of this machine.

On motion of Mr. Davis, this recommendation was adopted.

DISCHARGE OF MISS AGNES McEACHERON

Mr. H. E. Cunningham, Secretary of the University Civil Service Hearing Committee, presented the following report and recommendation of the Committee, with the statement that copies of the charges, transcript of hearing, and motion of the attorney for the defendant to quash the indictment, had been filed with him as Secretary of the Board of Trustees, and the matter was now before the Board for its consideration.

January 12, 1942

The undersigned Hearing Committee, appointed by the Board of Trustees at the December meeting, heard the evidence in the case of Agnes McEacheron at the Illini Union Building in Chicago on January 2, 1942, at 10 a.m. A copy of the transcript is appended hereto. The Committee finds that the evidence amply supports the charge with respect to the date of September 21, 1941, and therefore recommends that the employee be discharged.

Respectfully submitted,

RUSSELL N. SULLIVAN

W. C. ROBB

H. W. BAILEY

University Hearing Committee

On motion of Mr. Jensen, after consideration of the testimony and proceedings had before the committee, the findings and recommendation of the Committee were approved and adopted, and Mr. Lloyd Morey, Appointing Officer for the University Civil Service, was authorized and instructed to make the discharge of this employee effective as of September 22, 1941, the date of suspension from work.

CONTRACT SIGNED BY PRESIDENT AND SECRETARY

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

March 10, 1942

The annual meeting of the Board of Trustees of the University of Illinois was held at the Chicago Illini Union Building, in Chicago, at 10:30 a.m. on Tuesday, March 10, 1942.

The following members were present: President Cleary, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer, Mr. Wieland.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Judge Sveinbjorn Johnson, Counsel, Mr. C. S. Havens, Director of the Physical Plant Department, and Mr. J. F. Wright, Director of Public Information.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of January 24 and February 14, 1942.

On motion of Mr. Jensen, the minutes were approved as printed on pages 743 to 798 above.

SUMMARY OF IMPORTANT MATTERS

President Cleary presented a summary of important matters handled during the period from March, 1941, to March, 1942, and a summary of matters now pending.

This report was received for record.

Summary of Matters Handled, March, 1941, to March, 1942

1. The legislature passed, and Governor Green signed, bills appropriating from tax funds \$14,215,591 for the current biennium. Of this total \$1,539,938 is for the Research and Educational Hospitals.

2. The Research and Educational Hospitals were transferred from the Department of Public Welfare to the University, thereby consummating a project long agreed on by all concerned as highly desirable.

3. Long negotiation by the Chicago Departments Committee finally culminated in the affiliation of the Presbyterian Hospital with the University of Illinois College of Medicine—an advantageous arrangement for both institutions.

4. As a result of the above affiliation, the College of Medicine was enabled to strengthen its faculty by the addition of 238 men and women from the Rush College of Medicine and from the staff of the Presbyterian Hospital.

5. Our College of Medicine on June 24, 1941, arranged to operate on an all-year basis, with four quarters of twelve weeks each.

6. Mrs. Glenn E. Plumb, former trustee, was chosen to represent the University on the Medical District Commission recently created by the legislature.

7. A Union Building for the students, faculty, and alumni of the Chicago Departments was opened as a result of financing worked out through the University of Illinois Foundation, and without use of tax money.

8. The \$921,000 bond issue on the Chicago buildings was re-financed at a saving of \$167,000 in interest—a real achievement of the Finance Committee of the Board, and of Judge Johnson and Comptroller Morey.

9. The University has set up its own civil service system, as authorized by recent legislation.

10. Also, as a result of recent legislation, a Retirement System for employees of the University, the state normal schools, and the three state scientific surveys has become operative.

11. The Patents Committee of the Board has worked out new and better rules to control cooperative research and the issuance of patents.

12. The Building and Grounds Committee of the Board has increased various wage scales of labor employed by the University and has made them more equitable.

13. Fees for out-of-state students, and for the summer session, have been substantially increased.

14. Applicants for admission to the University who were in the lowest quarter of their high-school classes, are admitted now only on probation and are carefully supervised to reduce freshman mortality.

15. Better command of English by all graduates of the University is being sought by a broad, well-organized campaign extending through all colleges and into high schools.

16. Binding of books for the University libraries is now being awarded on a competitive basis.

17. An oath of allegiance is being required from all employees of the University.

18. A new athletic director and new football coach have been chosen as a result of constructive cooperation between the Athletic Committee of the Board and the Directors of the Athletic Association.

19. Seventeen county scholarships are now available to high-school graduates in Cook County instead of one—a more equitable arrangement as compared with other counties in the state.

20. Experimental work in nuclear physics, a development of recent years, resulted in the completion of two important pieces of equipment for further researches in this field—a large cyclotron designed by Professor P. Gerald Kruger, and a large electron induction accelerator invented and designed by Professor D. W. Kerst.

21. The University of Illinois Union Corporation was dissolved and its assets and liabilities transferred to the University of Illinois Foundation.
22. The new Illini Union Building was dedicated at Urbana.
23. The first residence halls for men built by the University were opened last September. Financing was arranged through the University of Illinois Foundation and no tax money was used. The five halls were named for Willard C. Flagg, William L. Noble, Thomas Arkle Clark, Herbert J. Barton, and Carl L. Lundgren.
24. The Entomology Building, formerly the Law Building, was named for Oliver A. Harker; and our magnificent new power plant was named for William L. Abbott.
25. The studios and offices of the Roger C. Sullivan Memorial Radio Station, WILL, have been moved into better quarters in Gregory Hall, and operation of the station is being increased from six days to seven days a week.
26. A University Advisory Committee of leading citizens of Illinois, including officers of the Alumni Association and of the Dads' Association, has been formed and is being given important basic problems to consider.
27. Trustee Fornof, as a special committee of one, made a helpful investigation and recommendation concerning the manifold activities of the University of Illinois Press.
28. Meetings of the Board since May, 1941, have been open to press and public. In recommending this action, the Committee on General Policy also recommended that the matter be reviewed at a future date.
29. Committees of the Board have worked harder during the past year than ever before in order to study proposals fully in advance of Board meetings. Meetings of the Board have been shortened by this committee activity, and also by mailing to each member agenda of the matters to be presented by the President, together with a ballot to be returned to the Secretary of the Board, with an indication of the action desired by the member on each proposal. Time made available by this shortening of Board meetings has enabled President Willard to present to the Board various members of his staff for informative and constructive talks.
30. War found the University prepared for service to the nation in many fields. The largest Reserve Officers' Training Corps has thousands of graduates on duty as officers in the army. Scientists such as Dr. Roger Adams and Dr. F. W. Loomis are directing vital researches in behalf of the army, navy, and air force. Graduation of students going into military service has been facilitated. Extension courses have been developed for war workers through Illinois. A longer summer term places the University on approximately a continuous twelve-month basis of operations. President Willard has offered the facilities of the University to the highest officers of Army, Navy, and Air Corps.

Summary of Matters Pending, March, 1942

1. Three surveys of the University are being made:
 - (a) Booz, Fry, Allen, & Hamilton have been employed by President Willard to investigate all business operations of the University.
 - (b) Governor Green has employed Dean Works, of the University of Chicago, to make a survey of higher education in Illinois, as represented by the University and the State Normal Schools.
 - (c) Governor Green is having an investigation made of the rates of pay of all state employees doing comparable work and correlating these rates of pay with the cost of living in the various communities where the workers reside.
2. Governor Green has been asked to include these four items in any call he may issue for a special session of the legislature:
 - (a) Authority to utilize for general university purposes any money appropriated for capital expenditures during the current biennium and not usable for such capital expenditures.
 - (b) An additional appropriation of \$100,000 for general university purposes to supplement the above in partial compensation for reduction in tuition fees and increase in expense caused by the war.
 - (c) Appropriation of an additional \$216,000 to complete the remodeling and modernization of the Research and Educational Hospitals.

(d) Appropriation of \$200,000 for purchase of land for an airport at Urbana-Champaign provided Federal appropriations for developing the land into an airport can be obtained.

3. The Attorney-General has been asked for opinions on the following three subjects:

(a) An amendment to the by-laws submitted by the General Policy Committee at the meeting of October 21, 1941, was objected to as contrary to a previous opinion of the Attorney-General, and as a result he was asked to rule on this point.

(b) Following the meeting of October 21 the Attorney-General was asked to rule on the legality of appropriations by the Board of Trustees for financing activities of the Alumni Association.

(c) Following the meeting of January 24, 1942, the Attorney-General was asked to rule on the assessability of policies issued by mutual insurance companies and held by the University.

4. A special committee was appointed October 21 to confer with the Attorney-General on conservation of the interests of the University in the estate of the late Senator Wright.

5. Purchase of certain property in Chicago for which appropriation was made at the 1941 session of the legislature remains to be consummated.

6. Plans for the celebration in 1943 of the 75th Anniversary of the founding of the University are being worked out.

7. Participation and privileges of the University staff in the Illini Union buildings are not yet on a satisfactory basis.

8. The Curriculum in Social Administration is to be either improved or discontinued.

9. How to secure adequate fire protection on the Urbana campus is still being studied by the Buildings and Grounds Committee.

10. Various problems of student morale, discipline, and welfare are receiving consideration from the Student Welfare Committee and the Committee on Affiliated Student Activities.

11. The matter of compensation from the contractors or bonding company for losses caused by delay in completing the Illini Union Building is still pending.

12. Above all, the University's part in winning the war remains to be clarified and expanded.

DR. KARL A. MEYER ELECTED PRESIDENT OF THE BOARD

President Cleary called for nominations for the office of President of the Board.

Mr. Davis nominated Dr. Karl A. Meyer.

On motion of Mr. Livingston, the nominations were closed and the Secretary was instructed to cast the unanimous vote of the meeting for Dr. Meyer as President. The ballot was cast, and Dr. Meyer was declared elected President of the Board for the ensuing year.

Dr. Meyer took the chair and expressed his appreciation of the honor.

MR. HARRISON E. CUNNINGHAM ELECTED SECRETARY

On motion of Mr. Cleary, Mr. Harrison E. Cunningham, of Urbana, was elected Secretary of the Board for one year.

PROFESSOR LLOYD MOREY ELECTED COMPTROLLER

On motion of Mr. Fornof, Professor Lloyd Morey, of Urbana, was elected Comptroller for one year.

EXECUTIVE COMMITTEE ELECTED

Mr. Cleary nominated Mr. John R. Fornof and Mr. Homer Mat Adams to serve, with the President of the Board as Chairman, as members of the Executive Committee for the ensuing year.

On motion of Mr. Davis, the nominations were closed and the Secretary was instructed to cast the unanimous vote of the meeting for Mr. Fornof and Mr. Adams as members of the Executive Committee. The ballot was cast, and Mr. Fornof and Mr. Adams were declared elected.

AUTHORITY TO RECEIVE MONEY

On motion of Mr. Wieland, the following resolution was adopted.

Resolved, that the Treasurer of the Board of Trustees of the University of Illinois be, and he hereby is, authorized to receive and receipt for all moneys, and to endorse all orders, drafts, and checks due and payable to the Board of Trustees or to the University of Illinois, and especially all drafts drawn by the Treasurer of the United States payable to the Board of Trustees or the University of Illinois.

DELEGATION OF SIGNATURES

On motion of Mr. Adams, the following resolutions were adopted.

Resolved, that the President and Secretary of the Board of Trustees of the University of Illinois are authorized to delegate the signing of their names as President and Secretary, respectively, to vouchers to be presented to the State Auditor, and to warrants drawn on the Treasurer of the University, under the following conditions.

The President of the Board of Trustees is authorized to delegate to C. H. Pratt, to L. M. Dahlenburg, and to C. C. DeLong in Urbana, and to J. E. Millizen, to J. F. Knight, and to F. W. Janke in Chicago, authority to sign his name as President of the Board of Trustees to vouchers against the State Auditor; and to C. A. Webber and to H. F. Thornes, authority to sign his name to warrants on the University Treasurer covering vouchers approved in accordance with regulations approved by the Board.

The Secretary of the Board of Trustees is authorized to delegate to H. C. Oesterling, to Anna L. Neuber, and to Maude Archdeacon, all in Urbana, authority to sign his name as Secretary of the Board of Trustees to vouchers against the State Auditor and to warrants on the University Treasurer, covering vouchers approved in accordance with regulations of the Board; and he is further authorized to delegate to G. R. Moon and Velma M. Davis, in Chicago, authority to sign his name as Secretary of the Board of Trustees to vouchers against the State Auditor. And be it further

Resolved, that the First National Bank of Chicago as a designated depository of Frank M. Gordon, Treasurer of this Corporation, be and it (including its correspondent banks) is hereby requested, authorized, and directed to honor checks, drafts, or other orders for the payment of money drawn in this corporation's name, including those drawn to the individual order of any person or persons whose name or names appear thereon as signer or signers thereof, when bearing or purporting to bear the facsimile signatures of any two of the following: Karl A. Meyer, President, and H. E. Cunningham, Secretary; and the First National Bank of Chicago (including its correspondent banks) shall be entitled to honor and to charge this corporation for all such checks, drafts, or other orders, regardless of by whom or by what means the facsimile signature or signatures thereon may have been affixed thereto, if such facsimile signature or signatures resemble the facsimile specimens duly certified to or filed with the First National Bank of Chicago by the Secretary or other officer of this corporation. And be it further

Resolved, that the Auditor of Public Accounts is hereby authorized and directed to honor vouchers bearing facsimile signatures of the President and Secretary of the Board of Trustees of the University of Illinois if such facsimile signatures resemble the facsimile specimens duly certified to or filed with the Auditor of Public Accounts by the Secretary.

Be it resolved, that the President of the Board of Trustees of the University, or an agent duly deputized by him, be and he is hereby authorized to sign on behalf of the University, jointly with the designee of the University of Illinois Foundation, any and all checks or drafts, including drafts in informal or letter form, against any funds at any time standing to the credit of said

Foundation in an account maintained by said Foundation, as Trustee, with the First National Bank of Chicago entitled "University of Illinois Foundation Construction Fund Account Student-Faculty Union Building"; the said bank account and the said joint signatures on withdrawals therefrom being covered by a certain Trust Indenture dated September 1, 1940, entitled "University of Illinois Foundation, not personally, but as Trustee under the University of Illinois Student-Faculty Union Building Trust" involving the remodeling, construction, and equipment of the University of Illinois Student-Faculty Union Building in Chicago, Illinois, and the equipping of the Illini Union Building at Urbana, Illinois.

Be it resolved, that the Comptroller of the University, or an agent duly deputized by him, be and he is hereby authorized to sign on behalf of the University, jointly with the designee of the University of Illinois Foundation any and all checks or drafts, including drafts in informal or letter form, against any funds at any time standing to the credit of said Foundation in an account with the First National Bank of Chicago entitled "University of Illinois Foundation Men's Residence Hall Construction Account"; the said bank account and the said joint signatures on withdrawals being covered by a certain Trust Agreement creating the University of Illinois Residence Hall Building Trust involving the construction and equipment of a residence hall at the University of Illinois in Champaign, Illinois.

MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

APPOINTMENT OF PROFESSOR ANDREW I. ANDREWS AS HEAD OF THE DEPARTMENT OF CERAMIC ENGINEERING

(1) Professor C. W. Parmelee, Head of the Department of Ceramic Engineering, will retire from active service under the University Statutes effective September 1, 1942. To fill the vacancy, I recommend Dr. Andrew I. Andrews, Professor of Ceramic Engineering, as head of the Department on indefinite tenure effective September 1, 1942, at a salary of \$5,800 a year.

This recommendation is submitted after consultation with the Dean of the College and members of the Department of professorial rank as required by the University Statutes in considering the appointment of a department head.

On motion of Mrs. Grigsby, this appointment was made.

APPOINTMENT TO THE ILLINI UNION BOARD

(2) The Woman's League recommends the appointment of Miss Eleanor V. Kovec to fill the vacancy on the Illini Union Board created by the withdrawal from the University of Miss Charlotte Davis. Miss Kovec is a senior Independent student. She has an all-University scholastic average of 3.48. She has received the highest grade in all her Woman's League committee work and is also highly recommended by the President of the Resident Government System (the University Residence Halls plus the Y.W.C.A. and Presbyterian Hall), under whom she has been working this year in her extracurricular activities.

I recommend approval.

On motion of Mr. Fornof, this appointment was made.

On motion of Mr. Davis, items 3, 4, 5, 6, and 7 below were referred to the Committee on General Policy, with power to act on 4 and 6, and for recommendation on the others. (See page 855.)

SABBATICAL LEAVES OF ABSENCE DURING 1942-1943

(3) At the meeting of the Board on December 16, I submitted a recommendation that six members of the staff be given sabbatical leaves of absence during the year 1942-1943 in accordance with the provisions of the University Statutes and on the terms and for the period indicated in each case.

All of these applications were received before the war began and were submitted to the University Research Board for its consideration and advice to

the President on the program of study, research, or travel contemplated in each case, in accordance with the administrative procedure set up to study such requests. The Research Board was able to recommend approval of all applications, and I submitted these with my recommendation to the Board of Trustees. The Board deferred action on them and subsequently the University Research Board was requested to review all cases in the light of present war-time conditions. The Research Board has done so and reaffirms its previous recommendation. The applications submitted include two for the full year on half pay, and four for one-half year on full pay. The total amount of the salaries during the period of leave of absence involved is \$13,550.

I therefore resubmit these cases and again recommend that sabbatical leaves of absence be granted as follows.

I. *Leaves of absence on one-half pay:*

H. H. Anderson, Associate Professor of Psychology, one year from September 1, 1942.

Marie M. Hostetter, Assistant Professor of Library Science, one year from September 1, 1942.

II. *Leaves of absence on full pay:*

R. W. Bartlett, Associate Professor and Associate Chief of Agricultural Economics, first semester, 1942-1943.

P. E. Johnston, Professor and Chief of Agricultural Economics, first semester, 1942-1943.

J. M. Mathews, Professor of Political Science, second semester, 1942-1943.

Neil E. Stevens, Professor of Botany, second semester, 1942-1943.

LEAVE OF ABSENCE FOR DEAN C. M. THOMPSON

(4) The following request from the Governor of Illinois has been received:

Dr. A. C. Willard
President, University of Illinois
Urbana, Illinois

MY DEAR DR. WILLARD:

I am writing to request that the University grant Dean C. M. Thompson a leave of absence with pay from now until September 1, 1942, in order that he may devote his time to the work of the State Council of Defense. The state needs him in its efforts to aid the small business men of the state to adjust themselves to war conditions. The Council joins me in making this request.

Sincerely yours,

DWIGHT H. GREEN
Governor

I recommend that Dean Thompson be granted a leave of absence from now until September 1, 1942, with the understanding that the University will pay his salary and that the State Council of Defense will pay all other expenses which such service will involve.

I further recommend that Professor H. T. Scovill, Head of the Department of Business Organization and Operation, be appointed Acting Dean of the College of Commerce and Business Administration from now through August 31, 1942.

[Recommendation No. 4 was approved by the Committee on General Policy on March 20, 1942.]

LEAVES OF ABSENCE

(5) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case:

Fred A. Russell, Professor of Business Organization and Operation, disability leave with full pay for six months from February 1, less any expense incurred by the Department in carrying on his work during this period, in accordance with the rules of the Board covering such cases.

Paul G. Jones, Associate in Theoretical and Applied Mechanics, additional disability leave on half pay for the second half of the current academic year, or from March 1 through August 31, 1942.

Christopher Faye, Cataloger in the Library, leave without pay during the months of February and March, 1942, so that he might spend some time at the Library of Congress with catalogers of cooperating libraries and work under common direction.

R. G. Morris, Superintendent of Agricultural Exhibits, disability leave with pay from January 12 through June 11, 1942, in accordance with the rules of the Board governing such leaves.

Mrs. Helen S. McFarland, Stenographer in the Order Department of the Library, additional disability leave with pay for four weeks from January 24, 1942, and from February 22 through April 24, 1942, without pay.

August Warmbier, employee in the Heat, Light, and Power Division of the Physical Plant Department, disability leave with pay for eleven weeks from February 2, 1942, or as much thereof as may be necessary.

Mrs. Joan O. Dunn, Technician in the Department of Ophthalmology, disability leave without pay from March 8 through August 31, 1942.

Leaves of Absence for Military Service

(The leave in each case is without salary.)

Samuel Burack, Assistant in Psychiatry, from January 1 through August 31, 1942.

L. E. Boley, Assistant Professor of Animal Pathology and Hygiene, from March 16 through August 31, 1942.

Ben G. Fishkin, Assistant in Pathology, from February 1 through August 31, 1942.

O. A. Dieter, Instructor in Speech, from February 25 through August 31, 1942.

Ford K. Hick, Assistant Professor of Medicine, from February 1 through August 31, 1942.

Harold C. Lueth, Assistant Professor of Medicine, from February 1 through August 31, 1942.

C. M. Wilson, Assistant in Animal Pathology and Hygiene, from March 7 through August 31, 1942.

Paul R. Griffith, Instructor in Dermatology, from February 1 through August 31, 1942.

William H. Orcutt, Instructor in Medicine, from March 19 through August 31, 1942.

Waldo Shumway, Professor of Zoology, from April 15 through August 31, 1942.

Elizabeth Boyd, Assistant Superintendent of Dispensary Nurses, from April 8 through August 31, 1942.

Budd C. Corbus, Jr., Instructor in Pathology, from February 1 through August 31, 1942.

Leaves of Absence for Other Defense Services

R. J. Duffin, Associate in Mathematics, from April 1 through August 31, 1942, without pay, to accept a position as Instructor in Electronics of Radio to a class of Army and Navy Officers to be given at Harvard University.

S. C. Staley, Director of the School of Physical Education, leave with pay from February 24 to April 2, inclusive, in order that he might serve as an instructor at the branch school at Fort George Meade during the month of March at the request of the Joint Army and Navy Committee on Welfare and Recreation.

Robert V. Mitchell, Instructor in Business Organization and Operation, and Research Assistant in the Bureau of Economics and Business Research, leave without pay from February 1 through June 30, 1942, so that he may accept a position as Business Analyst in the Office of Price Administration, Washington, D.C.

Extensions of Leaves of Absence

The following extensions of leaves of absence formerly granted members of the staff for military service, without pay, for the period indicated in each case:

John D. Amerman, Accountant in the Physical Plant Department, from February 17 through August 31, 1942.

C. W. Veach, Assistant in Agricultural Engineering, from June 27 through August 31, 1942.

RETIREMENT OF R. F. DOWNS

(6) The Dean of the College of Agriculture recommends that R. F. Downs, an employee in the Department of Horticulture, be retired for physical disability as of February 28, 1942, with a retiring allowance of \$503 a year, under the old retirement system and pursuant to the rules of the Board of Trustees providing for such retirements.

Mr. Downs has been employed by the Department of Horticulture since February 1, 1927, and has worked continuously for fifteen years. He will be 61 years of age on May 12 next. He has been advised by his physician, and the University Health Officer agrees, that because of a heart condition he give up his work.

I concur in this recommendation.

WAR SERVICE POLICY AND PROGRAMS

(7) The United States is again fighting a world war, this time for its existence as an independent democratic nation. Every resource in the country will be needed to win in this struggle for survival. The University of Illinois has developed, in the 74 years it has existed, many of the needed resources in the fields of science and technology and other areas for rendering assistance to the federal government in this war. It has already offered the use of its physical plant, laboratories, dormitories, and gymnasias, as well as its staff, for any service desired by the government. Certainly no other educational institution in the State of Illinois is faced with a greater responsibility to serve in every possible way to help the United States win a complete victory.

It should be obvious that our most effective resources are to be found in the fields of teaching and research. In those areas we have had experience and success. We have a large and competent staff, an extensive and well equipped plant; all of which are now at the disposal of the government for whatever wartime service is most appropriate. "*Education as usual*" is, in many situations, no longer possible, and a State university should be one of the first institutions to accept this fact, and adjust its program accordingly. It is the first concern of the University of Illinois to help win the war. Everything else is secondary, even the much talked of long-time educational program so essential for making a durable peace to which every university is dedicated. Both a successful war and a lasting peace will be won only through knowledge and wisdom based on sound basic education in all fields of learning. The United States Office of Education Wartime Commission has also expressed the same idea as follows: "To lose sight of basic educational values and to train only, or even largely, in terms of specialization would be unwise and, in the long run, detrimental to the most effective utilization of the potential resources of students in our colleges and universities." If the allies fail to win the war, they will have very little to say about making the peace.

Military Training Program

As a direct contribution to the training of officers and men for the Army, the University has maintained one of the largest Reserve Officers' Training Corps units in the country, and has never questioned its obligation to both the federal and the state governments to maintain this Corps on a strictly compulsory basis. At present there are over 4,200 students enrolled, 600 of whom are in the Advanced Course and in line for commissions as United States Army officers.

The University of Illinois has already offered any and all of its housing and feeding facilities to the United States Navy, Army, and Air Corps for reception and training centers for such units as can be accommodated on the campus.

Educational Program

Our programs of teaching and research have already been readjusted to produce qualified graduates in all fields in as short a time as possible. The

Colleges of Medicine, Dentistry, and Pharmacy in Chicago have adopted a four-quarter system, and the colleges and schools in Urbana-Champaign have provided for an intensive summer term of twelve weeks in which a student can acquire full semester credit. Thus, present juniors can graduate in February instead of June, or by continuous attendance for three years, any student may save a year in getting a bachelor's degree. Nor is this the only departure from normal, as students called under the Selective Training and Service Act may, if in good standing, receive course credit for the balance of any semester, or even get their degrees if called for war service during their final semester.

Many new courses have already been established or existing courses have been specially adapted to meet the professional demands for various war services. In all divisions of the University, and especially in mathematics, physics, chemistry, engineering and medicine, the University was ready to move without delay. With a change of emphasis here and a slight alteration there, the research and scholarship of the whole institution were promptly placed on a war footing.

For particular groups of students, a limited number of special courses were devised and offered in the semester immediately following the call to arms. The list is as follows: Pathogenic Bacteriology, Quartermaster Corps Organization and Operation, Economic Problems of the Defense Program, Training Home Economists for Work in Community Programs for the Present Emergency, Red Cross Home Nursing, Red Cross First Aid, Nurses' Aide Training, Wartime Communications and Censorship, Military Law and Defense Legislation, Military Psychology, Latin American Civilization, Background and Problems of the War, Introduction to Chinese Culture, and Ultra-High-Frequency Techniques. The University will also provide and teach complete curricula in several of its colleges to permit young men 17 to 19 years of age to enlist in the United States Navy under its new V-1 program. This allows such enlisted men to remain in college for both their freshman and sophomore years. If such students can then qualify for either the Navy's V-5 (aviation), or the V-7 (reserve midshipman) programs, they can continue with their regular engineering or other college programs to the baccalaureate degree as prescribed by the University. The Navy needs 20,000 men a year under the V-5 and 15,000 men a year under the V-7 programs.

Research Program

Reference has already been made to the competence of the faculty and staff as an important resource for wartime service, both on and away from the campus. To make such service most effective and readily available the Board of Trustees has made it possible for faculty and staff members to retain their positions through leaves of absence without pay when called into the military and naval service of the United States or into service essential to the prosecution of the war. The number of persons now on leave in these services includes 82 for military service and 17 for defense projects, in addition to 42 who have resigned. These numbers are increasing every week as more staff members leave the University for military or other war services.

The University of Illinois has already made a special contribution to the war program of this country through the many notable research activities of its scientific staff both past and present. The Experiment Stations in Agriculture and Engineering at Urbana are the oldest in the United States, and also the most active. Both independently of, and in cooperation with, various departments of the federal government these Stations are making important researches in many fields closely related to the war activity. Examples are in engineering alone: investigations of special light alloys, of strength of plastics, of welded structural joints, of special problems in atomic physics, and of certain structural problems involving concrete, all in cooperation with the United States; tests of the strength of beryllium-copper alloys under a combination of high temperature and repeated stress, and tests under vibration of certain forms of stiffeners for airplane wings; also development work in enamel ware for military use, and in heat treatment in plants making munitions. These latter tests have been made for manufacturing firms engaged in war work. In agri-

culture and in bio-chemistry, researches are going forward in food and nutrition in furtherance of a comprehensive federal program in these areas.

But of even greater significance in directly aiding the Army and Navy are the research activities of the Departments of Physics and Chemistry. The Department of Physics has granted leaves of absence to Professor F. W. Loomis, the head of the department, and six or more of its principal men to carry on a highly technical program of research in the East, all of which has been in progress for over a year. Professor Loomis is Associate Director of the new Radiation Laboratory engaged on this work.

The Department of Chemistry has a number of men similarly engaged on very important research projects related to the war for various departments of the government. The head of this department, Dr. Roger Adams, is now serving as Chairman of Division B (Chemistry and Chemical Engineering) of the National Defense Research Committee.

These typical examples from the Urbana campus have made no specific mention of the research and war service of the professional faculty in Medicine, Dentistry, and Pharmacy in Chicago, of whom 42 are now on leave or have resigned for military or naval service.

The University has two important extension organizations for rendering an off-campus wartime service to the people of the State. One of these, under Director H. P. Rusk, also Dean of the College of Agriculture, has been in existence for many years and is known as the Extension Service in Agriculture and Home Economics with a staff of trained specialists who can present and interpret to the people the results of scientific research carried on by the Agricultural Experiment Station, often in cooperation with the United States Department of Agriculture. The other extension activity is more recent and is known as The Division of University Extension under Director Robert B. Browne. This agency has been most active in making many of the resources of the University available to the entire State of Illinois. The work of this division in the field of help to industry and other activities related to the war has been in progress for many months and is very comprehensive in its scope.

(a) Most impressive is the Engineering, Science, and Management Defense Training Program. Under this program, training at the college level in engineering, chemistry, physics, and production management is provided in those industrial areas of the State that are in the battle of production. At this time there are in operation 28 different courses in 23 Illinois communities, for a total of 176 classes and an enrollment of 4,545 students.

(b) The Division has provided courses in conversational Spanish for the officers of the Air Corps stationed at Chanute Field. There have been almost two hundred of these officers receiving this instruction, which came as a result of a directive from the War Department to all such officers to learn the language.

Student Activities

Like the rest of the nation, the students and the staff of the University of Illinois were shocked by the events of December 7, 1941. But also, like the rest of the nation, each person connected with the University moved at once to positive action.

An immense convocation of students, faculty, and townspeople was one of the first steps. As a second step, the President of the University appointed a special University Committee to consider and correlate the problems created by the emergency. Meanwhile, other committees had arranged extracurricular programs for the students.

A notable program was a series of seven convocations for students and staff, during the month of January. The program was as follows:

The Chief Causes of the War in Europe—Dr. A. L. Sachar.

The Chief Causes of the War in the Far East—Professor A. H. Lybyer.

What is Totalitarianism?—Professor A. E. Murphy.

What is Democracy?—Professor Ernest Bernbaum.

Types of Military Service—Colonel L. C. Sparks.

Defense Resources of the University—President A. C. Willard.

Students Civilian Defense Convocation, with student speakers.

The addresses presented at these convocations are being published in a University of Illinois bulletin, and the bulletin will be available to all who may be interested. Other programs of a similar nature are being studied; for example, a series of local forums for students, which are now under way.

As an extracurricular program, provision has been made for training in special services such as watchmen and guards, fire fighters, radio operations, first aid training, Red Cross work, panic and riot duty, observation of air and highway traffics, physical fitness, and the like. A total of 526 students are now enrolled in these activities under the supervision of the faculty and of the officers of various student organizations.

Miscellaneous Activities

It would be impossible to list in a short space the full scope of the other activities in which students and faculty are engaged. There is, for example, the Information Center. All documents from the Army and Navy Departments and from the Director of the Selective Service are sent to this center so that prompt and authoritative advice may be available to students regarding their future plans. Lists of special occupations in relation to the programs of the University have been prepared for all faculty advisers. The Information Center is closely related to the University Committee on Selective Service Deferment and this committee, in turn, is constantly in communication with Selective Service Boards throughout the State.

A branch of the Information Center has been established in the University Library where books, pamphlets, placards and other war materials are open to inspection. Officers of the library are preparing selected reading lists bearing on war problems and duties for the use of students, faculty, and citizens of the State.

In order to maintain coordination of the many new war activities with the normal activities of the University, a Central War Emergency Committee with Provost Albert J. Harno as Chairman and composed of chairmen of important standing committees was set up as soon as war was declared. This committee is both a clearing center and a policy recommending body of the greatest value to the administration of the University.

Morale

Even at this early date, the gallant struggle of our armed forces against bitter odds shows that, in the long view, the machines coming from our factories will do what our men are able to make them do. This is the problem of morale. All of the teaching, all of the research, and all of the special projects mentioned above stretch their roots to what we, as the citizens of the State, believe in and are prepared furiously to act upon.

Morale, however, cannot be taught in courses. It is not measured with a ruler or weighed in a balance. The confidence, the faith, and the endurance which it engenders, however, can be diffused from person to person in the daily life of each community. The University of Illinois, therefore, pledges not only its resources in knowledge, equipment, and research, but the integrity of its spirit to the responsibilities which it shares with the citizens of the State and of the nation in a time of great peril.

AWARD OF C. P. A. CERTIFICATES

(8) A recommendation that the following candidates, who have been certified by the Board of Examiners in Accountancy as having passed the C. P. A. examination in November, 1941, be awarded the Certificate of Certified Public Accountant:

LESLIE ALFORT
HAROLD ARONSON
PETER FRANZ BANK
GEORGE EDWARD BONNET
PHILIP DENNIS CALOGER
HOWARD MATTHEW CARLSON
SEYMOUR NORMAN CHAZIN
ALFRED MANNINO CLAVELLI

On motion of Mr. Karraker, these certificates were awarded as recommended.

CHANGE IN REGULATIONS FOR ADMINISTRATION OF LAW RELATING TO CERTIFIED PUBLIC ACCOUNTANTS

(9) Under State law, the University of Illinois is charged with the responsibility of examining applicants for the certificate of Certified Public Accountant in Illinois. The Board of Trustees has adopted regulations for administering the law; it has also appointed a board of three examiners to prepare, conduct, and grade examinations and a University Committee to conduct the routine work.

Rule 34 of the regulations reads: "A candidate who fails in the examination so that he is not eligible for re-examination under Rule 33, may not present himself for re-examination until at least one examination shall have intervened, and then only upon his presentation of satisfactory evidence that he has made further preparation in the subjects in which he failed."

Since the majority of candidates for the C.P.A. are liable for military service under the Selective Training and Service Act, and there is a real shortage of trained accountants, the Committee on Accountancy recommends that the provision in this rule, that a candidate failing the examination is not eligible for re-examination until at least one examination shall have intervened, be suspended for the duration of the war.

I concur.

On motion of Mr. Jensen, this rule was amended as recommended.

FEES FOR EXAMINATION IN HIGH SCHOOL AND COLLEGE SUBJECTS

(10) The University through the Registrar's Office offers examinations in high-school and college subjects for the benefit of candidates seeking to qualify for admission to the C.P.A. and the State Bar examinations. Fees are charged candidates to cover the expenses of giving these examinations, the receipts going into the Entrance Examination Fund.

During the 15-year period, 1929-1934, the receipts of the Entrance Examination Fund exceeded the expenses of giving the examinations by \$7,826.49.

which amount went into general University funds. More recently, because of a reduction in the number of examinations given, the Fund has not produced sufficient income to pay the expenses of this service, the cash deficit as of February 28 being \$1,160, although there is still a favorable balance of over \$6,500 resulting from excess income over expenditures in past years.

The Registrar recommends the following revisions in the schedule of fees charged and remuneration for the preparation of questions so that the income year by year will cover expenses:

Examination Fees

Increase in the fee for high-school examinations from \$.50 for each half unit of credit to \$.75 for each half unit of credit.

Increase in the fee for college subject examinations from \$1.50 a subject to \$2.00 a subject.

Remuneration for Preparing Questions

In place of the present rate of compensation of \$2.00 an hour, substitute the following schedule of remuneration for preparing questions:

For high school subjects: \$2.00 a set for all subjects, except English composition and literature; \$4.50 a set for English composition and literature.

For college subjects: \$2.25 a set for all subjects except accounting; \$3.25 for each examination in accounting.

No change is recommended in the present rate of remuneration of \$1.00 an hour for grading papers nor in the present fee of \$.25 charged candidates for each photostatic copy of grades requested.

The approval of these schedules will increase the income and will decrease the cost of preparing questions. The new rate proposed for preparing questions has been determined by averaging the amounts paid per subject at the present rate of compensation over a period of twelve years, with adjustments whenever these seemed advisable.

I recommend approval.

On motion of Mr. Cleary, these fees were authorized as recommended.

SHORT COURSE FOR SEWAGE WORKS OPERATORS

(11) A recommendation that the Department of Civil Engineering be authorized to offer a Short Course for Sewage Works Operators during the present second semester and to charge a registration fee of \$7.50, the income to be placed in a special fund against which the expenses of the course shall be charged, and any surplus remaining to lapse into general University funds.

On motion of Mr. Jensen, this recommendation was adopted.

FINANCING OF NATIONAL DEFENSE RESEARCH

(12) By authority of the Board of Trustees, contracts are being entered into by the University and the Office of Scientific Research and Development, a division of the United States Office of Emergency Management for scientific investigations for the National Defense Research Committee.

The University submits vouchers to the government on the basis of which reimbursement is made for actual expenditures plus an allowance for indirect costs and contingencies. The net amount of funds advanced (i.e., expenditures incurred) by the University, in excess of receipts to date, is approximately \$8,000. Such advances have been made from general University working capital. Realization of allowances for indirect costs and contingencies result in an accumulation in the working funds which will cover in part at least the advances required.

While the number and amount of these contracts are increasing, it is believed that the foregoing plan of financial operations can be continued unless the volume becomes so great that special financial provision becomes necessary. I am, however, reporting this to the Board for confirmation of existing commitments, and for instructions as to future financing of these important and highly confidential researches. In most cases it is necessary to act immediately on proposals received from the government so that some general authorization

should be given the President and the Comptroller. The President is now authorized to approve, for the Board of Trustees, contracts and proposals for research work of this character.

Mr. Morey discussed this matter.

On motion of Mr. Davis, the Comptroller was directed to request the Federal authorities to advance funds for these projects as the work progresses, and to revise its procedure as may be necessary, without stopping any work while in progress.

APPROPRIATION TO PHYSICAL PLANT DEPARTMENT FOR WAGE INCREASES

(13) On February 14 (Minutes, page 788), the Board of Trustees authorized increases in the wages of certain groups of employees in the Physical Plant Department, effective February 1, 1942, and an appropriation of \$6,000 was made to provide for these increases for the balance of the present fiscal year. The present detailed estimates indicate that this additional expense will be approximately \$7,600 for the period February 1 to June 30, 1942. This difference is due to the following facts: (1) complete estimates of the additional expense had not been calculated in detail in advance of the meeting; (2) the increase granted machinists was in excess of that previously anticipated; (3) the original estimates were based on the period beginning February 15 instead of February 1, 1942. Consequently the Director requests a supplementary appropriation of \$1,600 to meet these increases.

On motion of Mr. Adams, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer, Mr. Wieland; no, none; absent, Mr. Green.

SPECIAL APPROPRIATIONS AND NON-RECURRING EXPENDITURES

(14) The Committee on Special Appropriations and Non-Recurring Expenditures recommends assignments of funds for the following purposes from the allotment for purchase of equipment and other non-recurring expenditures in the budget for the biennium of 1941-1943:

| | |
|--|-----------------|
| Remodeling and equipment in Mining and Metallurgical Engineering | \$ 5 000 |
| Repair and replacement of instruments in the School of Music..... | 5 000 |
| Equipment for Alumni Office..... | 1 000 |
| Special equipment in the College of Agriculture..... | 5 500 |
| <i>Total</i> | <u>\$16 500</u> |

On motion of Mrs. Grigsby, these appropriations were made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer, Mr. Wieland; no, none; absent, Mr. Green.

AWARD OF CONTRACT FOR COMPLETION OF FOURTH FLOOR IN ILLINI UNION BUILDING

(15) The Director of the Physical Plant Department submits the following schedule of bids received for the completion of the fourth floor center section of the Illini Union Building:

| | |
|-------------------------------|----------|
| T. J. Corkery, Urbana..... | \$16 868 |
| E. N. DeAtley, Champaign..... | 12 600 |
| King & Petry, Champaign..... | 14 100 |

He recommends award of the contract to E. N. DeAtley, Champaign, the lowest bidder, at \$12,600. Funds have been received from the Illinois Union Corporation for this improvement.

On motion of Mr. Jensen, this award was made as recommended.

**CONTRACT FOR REPLACEMENT OF SASH UNITS IN
UNIVERSITY HIGH SCHOOL**

(16) The Director of the Physical Plant Department submits the following schedule of bids received for the replacement of the leaded sash units in the University High School building:

| <i>Bidders</i> | <i>Steel sash units unglazed, f.o.b. Urbana</i> | <i>Balance of material and work at building</i> | <i>Combined bid</i> |
|--|---|---|-------------------------|
| Crittall-Federal, Inc., Waukesha, Wisc. | \$4 075 | | |
| George W. Hays, Indianapolis. | | \$8 690 | |
| Steel Sash Service, Inc., Chicago. | | 9 111 | |
| Hugh J. Baker Co., Indianapolis. | 5 690 | | \$14 980 |

He recommends award of the work under two contracts: Crittall-Federal, Inc., Waukesha, Wisconsin, for sash units with steel divisions for all windows throughout the building, in the amount of \$4,075; George W. Hays, Indianapolis, Indiana, for installation work including glass, glazing, and bedding of sash in present metal frames, \$8,690—total, \$12,765. The only complete bid on all work was from the Hugh J. Baker Company in the amount of \$14,980, so that the above recommendation is based on the acceptance of the lowest bids received for the work specified.

This is a maintenance expenditure and will be charged against the funds of the Physical Plant Department (building maintenance account) for the current fiscal year.

I recommend approval.

On motion of Mr. Cleary, these awards were made as recommended.

**AWARD OF GENERAL CONTRACT FOR REMODELING ROOMS
IN OLD AGRICULTURE BUILDING**

(17) The Sixty-second General Assembly, First Special Session, made an appropriation to the State Water Survey for an intensive investigation of the water resources of the State with special reference to the needs of war industries. The State Water Survey will need additional office quarters for carrying on this work. Under the law the University is required to house the State Scientific Surveys.

Space is available in the Old Agriculture Building which, if remodeled, will be suitable for this purpose. Accordingly the Physical Plant Department was authorized to secure bids for the remodeling of this room and other areas involved. The following bids for the general work were received:

| | |
|--------------------------------|---------|
| T. J. Corkery, Urbana. | \$2 870 |
| E. N. DeAtley, Champaign. | 1 825 |
| King & Petry, Champaign. | 2 387 |
| Alex Sowers, Urbana. | 2 292 |

Since this space is urgently needed by the State Water Survey, and to save time, I authorized the award of the contract to E. N. DeAtley, Champaign, the lowest bidder, at a cost of \$1,825, and request confirmation of my action. Funds are available in the State appropriation for building remodeling to cover the cost.

I also request authority to award contracts for the work of the mechanical trades involved in this remodeling.

On motion of Mr. Adams, the action of the President in awarding these contracts was approved and confirmed, and authority to make other awards was given as requested.

PURCHASES RECOMMENDED

(18) A recommendation that the following purchases be authorized:

1. 65,000 gallons of gasoline to be delivered in 8,000 gallon tank cars as required, from the Ohio Oil Company, the lowest bidder, at a price of 10.49¢

per gallon, or an approximate total of \$6,800, for the Physical Plant Department stock. This is approximately a six-month supply.

2. Rental of caps and gowns for 1942 Commencement exercises, Urbana Departments, from the Collegiate Cap and Gown Company, Champaign, Illinois, the lowest bidder, at a total cost of approximately \$2,444.50.

3. One vacuum return line heating pump, capacity 150 G.P.M., from the Dunham Heating Service, Champaign, the lowest bidder, at a price of \$1,314.72, freight allowed. Funds are available in the budget for the purchase of this equipment.

On motion of Mr. Fornof, these purchases were authorized.

FINANCIAL REPORT OF ATHLETIC ASSOCIATION

(19) At a meeting of the Board of Directors of the Athletic Association on January 27, 1942, the Business Manager presented a report on the Association's financial position with the recommendation that reductions be made in the budget for the current fiscal year totaling \$6,250. He also recommended that in view of present conditions estimates of income could safely be revised as follows:

| | <i>Original</i> | <i>Revised</i> | <i>Increase</i> |
|---------------------------------|-----------------|----------------|-----------------|
| Basketball..... | \$ 6 800 | \$ 9 000 | \$2 200 |
| Ice Rink: General Receipts..... | 15 000 | 16 000 | 1 000 |
| <i>Total Increase</i> | | | <u>\$3 200</u> |

Assuming that the remaining income of the Association would be realized in accordance with original estimates, and that the budget as revised would be expended in full, the readjustment would leave a budget deficit of about \$1,991.92, and an estimated operating surplus as of June 30, 1942, of \$6,386.83. The revised budget is summarized as follows:

| | | | |
|--|------------------|-------------------|-------------------|
| Income to December 31, 1941..... | | \$184 782 30 | |
| Estimated Income December 31, 1941, to June 30, 1942..... | | | <u>65 745 59</u> |
| <i>Total Estimated Income 1941-1942</i> | | | \$250 527 89 |
| Expenditures from Budget Appropriations to December 31, 1941..... | | 114 263 41 | |
| Estimated Expenditures from Budget Appropriations December 31, 1941, to June 30, 1942: | | | |
| Salaries..... | \$43 356 66 | | |
| Other Expense..... | 94 899 74 | <u>138 256 40</u> | |
| <i>Total Estimated Expenditures 1941-1942</i> (assuming expenditures in full of all appropriations)..... | | | <u>252 519 81</u> |
| <i>Estimated Budget Deficit</i> | | | 1 991 92 |
| Operating Surplus July 1, 1941..... | | 28 313 75 | |
| Less: Expenditures from Special Appropriations..... | \$ 185 86 | | |
| Unexpended balance of Special Appropriations..... | <u>19 749 14</u> | <u>19 935 00</u> | <u>8 378 75</u> |
| <i>Estimated Operating Surplus June 30, 1942</i> | | | <u>\$6 386 83</u> |

The Business Manager stated that everything was being done that could be done to economize in so far as this did not materially handicap the normal operation of the sports and that this policy would be continued.

The Comptroller has commented on this financial situation as follows:

"If the proposed program of reduction of expenditures is carried out the Association will have on June 30, 1942, an operating surplus of about \$6,400 as compared with a surplus of \$28,000 as at June 30, 1941. If, as Mr. Bowen says in his letter of February 13, the total expenditures do not exceed the total income for the year, this surplus would be increased to about \$8,400. The heavy reduction in surplus is due to special appropriations for the heat tunnel, the trophy room, improvements at Illinois Field, and lighting of the football field.

On either basis this leaves the Association with a very small reserve, especially in view of the uncertainty of financial results for next year. It raises the question as to whether the Board of Directors should not be asked to review its situation again and make a further effort to reduce expenditures for the remainder of the year.

"The Association has, it is true, certain other assets. It has an accumulated reserve of \$13,500 for plant maintenance and replacement. It owns stock in the First National Bank of Champaign at a par value of \$8,600 which could probably be disposed of at not less than par if that became necessary. Neither one of these items is included in the estimated surplus stated above.

"The Association also owns annuity policies providing for retirement annuities for members of its staff, having a cash surrender value of \$94,272. Loans could be made against these policies and they could be surrendered for cash but obviously this should not be contemplated or done except in the most extreme emergency."

I am bringing this to the attention of the Board for its information.

On motion of Mr. Davis, this matter was referred to the Committee on Athletics for study and recommendation.

APPORTIONMENT OF EMPLOYER CONTRIBUTIONS TO THE UNIVERSITY RETIREMENT SYSTEM OF ILLINOIS

(20) The act covering the University Retirement System of Illinois provides (Sec. 7.8) that "The contributions of the State of Illinois provided for herein shall be payable from appropriations made to the Employers subject to this Act which may be lawfully expended for such purposes." Consequently it is necessary for each institution or agency subject to the act to pay to the Retirement System the amount representing the cost of the benefits provided for its staff for each fiscal year.

For the current fiscal year there will be no charge for annuities against state funds, since no one may retire under the System before September 1, 1942, and annuities paid from state funds are provided only on a pay-as-you-go basis. However, since some institutions have funds other than state funds, it will be necessary to compute the total charge so that such institutions may make a proper allocation against non-state funds.

The total expense of administration for the current biennium is included in an appropriation to the University of Illinois and this item would not be included in the total charges for the present biennium. Due to the fact that no benefits of the System accrue to members of the staff of the state scientific surveys during the current biennium, no charges will be made against these agencies during that period.

The Retirement Board has considered with the consulting actuary and the Comptroller of the System the methods of apportioning these costs, and submits the following procedure which has been adopted by the Retirement Board and in which the concurrence of the Board of Trustees of the University of Illinois is requested. In substance, this procedure provides that each institution or agency be billed for the estimated costs of the following items:

(a) Death benefits in excess of amounts provided by employee contributions and earnings.

(b) Disability benefits.

(c) Annuities for service prior to September 1, 1941.

(d) Annuities for service since September 1, 1941, representing an amount equal to twice the annuity provided by employee contributions.

The amounts to be billed against each institution and agency will be determined from an actuarial study of total present participants in the System. This study is being made by the actuary, and bills will be rendered as soon as it is completed and as soon as all boards which are concerned have accepted the plan.

On motion of Mr. Jensen, the Board concurred in this apportionment plan.

**PRESENT STATUS OF ESTABLISHMENT OF AN AIRPORT
NEAR THE UNIVERSITY**

(21) On January 24, 1942 (Minutes, page 757), the Board of Trustees approved recommendations of the President of the University that (1) the Governor be asked to include in a call for a special session of the General Assembly the request of the Board that \$200,000 be appropriated for the purchase of one section of land near the campus of the University for use as an airport; and (2) that the President of the University be authorized to make a survey, in consultation with the College of Engineering and with appropriate State and Federal agencies, and to report a proposal for the operation of such airport.

The first proposal has already been presented to the Governor, who replied as follows:

"I wish to acknowledge your letter of January 31 enclosing a petition requesting the Board of Trustees to ask that in the event of a second special session of the Legislature, the call include a request for an appropriation to purchase land for the building of an airport near the University of Illinois.

"I note that the Board of Trustees voted to make this request and have also instructed you, as President of the University, to have a survey made in this connection. I have had several requests along this line, as you know, and the matter is receiving my careful consideration."

In order to carry out the second proposal effectively, it was necessary to secure first-hand information in Washington from appropriate government agencies as to any existing policies or programs affecting a University-owned airport. It would be a waste of time and effort first to formulate our own plan of development and operation of such an airport through either State or Federal support unless our plan could be correlated with the policies of the government agencies which might be concerned with or interested in such an airport.

The airport program is, of course, a first obligation of the College of Engineering. Since certain aspects of this program would probably include housing and feeding of Army and Navy personnel if it became a war activity, the Physical Plant Department was also involved in making any adequate presentation of our proposal in Washington. For these reasons Dean M. L. Enger and Director C. S. Havens were authorized, after consultation with Mr. Ben Regan, Chairman of the Illinois Aeronautics Commission, and others, to proceed to Washington and thoroughly discuss with the appropriate officials both the location and development of an airport at Champaign-Urbana and also the possible assignment to the University of Illinois of units for training in the Army, Navy, or Air Corps. The detailed reports of the University's officers are submitted; they supplement the informal report made to the Board by Director Havens on February 14. These two men were selected to represent the University for the following reasons:

1. Dean Enger has been constantly in charge of the Civilian Aeronautics Authority program here at the University, and has been in all conferences with local citizens sponsoring the proposed airport. He is fully aware of the need for a military and civilian flight training program involved in developing and operating such a field as one of the services of the College of Engineering. No one else has had his continuous contacts and experience with the growth of this project. The College of Engineering will be entirely responsible for whatever scientific and technical use is made of such a field. It will also be in charge of the flight training of students as it has in the past under the C.A.A. program.

2. Director Havens has been constantly in the discussions of the various proposals for housing and feeding contingents of the Army and Navy. These have included the V-5 (Naval Aviation) and V-7 (Engineering and Deck Officer Training) programs of the Navy and flight training programs of the Army Air Corps. He has furnished officers of the Army and Navy with plans, specifications, cost estimates, and other data needed in considering the facilities of the University of Illinois for housing and training from 1,000 to 10,000 men in these various programs. He is thoroughly familiar with our entire physical plant and is competent to advise on any housing and feeding questions likely to arise.

I know this because several of these conferences have been held in my office with Director Havens participating, and I know how Army and Navy officers have tried to fit their programs into what facilities we have available, and, of course, this means anything and everything the University owns.

3. There are no other men on our staff as well qualified as Dean Enger and Director Havens to handle in a series of conferences these technical problems about the proposed airport and the housing and feeding of large groups of men who might be sent to the University for training.

4. We could get no satisfaction by mail, wire, or telephone as to the policies and programs of the several federal departments involved in these matters.

5. We had in advance the effective assistance and cooperation of Mr. Deneen Watson, the Governor's representative in Washington for the State of Illinois. Mr. Watson was able to make any and all contacts and there were many which were desired.

6. It was most important to clear with Washington at once on the proposed airport project before Dean Enger went further with making plans as to how the field could be developed and operated in relation to the University. The President of the University had been instructed by the Board of Trustees to study this matter as rapidly as possible.

7. In my opinion, we were not justified in sending more than two men, and certainly the men who went were most familiar with the problems involved.

The College of Engineering, having cleared with government agencies in Washington as to their policies and programs relative to such an airport, is now actively at work on a comprehensive program for the location, development, and operation of an airport under University control. A report and recommendation will be presented to the Board in the future.

This report was received for record.

PURCHASE OF LUMBER

(22) A recommendation that the following purchase be authorized:

Lumber for the Physical Plant Department stock: 5,000 bd. ft. 2" clear heart, kiln dried, rough tidewater red cypress; 3,000 bd. ft. 1" first grade red oak, rough kiln dried—from the T. A. Foley Lumber Company, the lowest bidder, at a price of \$1,200, f.o.b. Urbana.

On motion of Mr. Wieland, this purchase was authorized.

PURCHASE OF AUTOMOBILE INSURANCE

(23) The Comptroller and the Purchasing Agent submit the following schedule of bids (See Schedule A) received on insurance covering the University's fleet of passenger cars and trucks, for one year beginning April 5, 1942 (the expiration date of the present policy). Such insurance can be secured only on an annual basis.

They recommend that the insurance include, and the premiums quoted are on that basis, \$5,000 property damage, and \$25,000 to \$50,000 public liability, and comprehensive damage coverage to University-owned cars in lieu of fire, wind storm, and theft insurance carried at the present time. The increased cost of the comprehensive coverage over that now being carried is less than \$50 a year. They also recommend that the proposed coverage include non-ownership insurance on cars of members of the staff when used in University business.

I submit with this memorandum, for record, copies of the following: (1) letters from the Comptroller and Purchasing Agent comparing the various quotations received, (2) a list of the bids received, (3) a statement of the kinds of insurance recommended, (4) a request for bids, including three specifications prepared for agents.

As the Comptroller reports, the lowest quotation from a stock company is that of the Indemnity Insurance Company of North America at a total of \$2,081.47, the lowest quotation from mutual companies is for casualty insurance in the Lumbermen's Mutual Insurance Company, and comprehensive insurance

for damage to University cars in the Miller's Mutual Fire Association at a gross premium of \$2,162.99, with an estimated net cost (based on past experience) of \$1,709.69. These companies are authorized to write non-assessable policies in Illinois.

On motion of Mr. Cleary, this insurance was awarded to the Lumermen's Mutual Insurance Company and the Miller's Mutual Fire Association on the basis of the lowest net cost to the University.

**CONTRACTS EXECUTED BY THE COMPTROLLER
FEBRUARY 5, 1942, TO MARCH 2, 1942**

(24) A report of contracts executed by the Comptroller.

Lease executed under general regulations of the Board of Trustees:

| <i>With Whom</i> | <i>Property</i> | <i>Amount to be paid by the University</i> | <i>Date</i> |
|----------------------|---------------------|--|-------------------|
| American Can Company | Can closing machine | \$1 for year 1942 | February 28, 1942 |

Minor contracts executed under general regulations of the Board of Trustees:

| <i>With Whom</i> | <i>Purpose</i> | <i>Amount to be paid by the University</i> | <i>Date</i> |
|-------------------|---|--|-------------------|
| George L. Bennett | Interior tile partitions for Geological Survey Laboratory | \$1,677 | February 28, 1942 |

This report was received for record.

PURCHASE OF DAIRY PRODUCTS

(25) A recommendation that the following purchase be authorized:

Dairy products for the Research and Educational Hospitals:

| | |
|---------------------------|-----------------------|
| 3,627 gallons milk | 360 gallons skim milk |
| 2,480 pints cream | 210 quarts buttermilk |
| 200 pounds cottage cheese | |

for the month of March, from Scholl Dairy Products, the lowest bidder, at a price of \$1,605.74.

It is further recommended that in the future the Purchasing Agent be authorized to place orders for all foods and dairy products for the Research and Educational Hospitals on the basis of the lowest bids.

On motion of Mr. Wieland, this purchase was authorized and authority given as requested.

CURRICULUM FOR UNITED STATES NAVY V-1 PROGRAM

(26) The United States Navy has requested colleges and universities to organize and to offer a two-year curriculum preparatory to active service in the Navy.

Students who enroll in this curriculum will be listed in the Naval Reserve and are subject to call to active duty at any time. On completion of the course, and after passing qualifying examinations, they will be eligible for the V-5 (Naval Aviation) or V-7 (Midshipman) classifications and may continue in college during their junior and senior years. On graduation and unless ordered into active service prior thereto, these students will be given short intensive training courses by the Navy and will receive commissions as ensigns.

The suggested curriculum for the V-1 Naval Reserve classifications is heavily loaded with Mathematics, Physics, Chemistry, Engineering, and English. Additional funds will be required to augment the staffs of certain departments; for example, the Department of Physics estimates it may need as much as \$20,000 additional to offer instruction to students in colleges other than Engineering in the V-1 classification, since two years of Physics is required in this curriculum. This is submitted only as a preliminary report as an exact estimate of the cost cannot be made at this time.

This report was received for record.

ACCELERATED WAR PROGRAM AND CALENDAR FOR 1942-1943

(27) The University Senate Committee on Educational Policy makes a report of progress on the consideration of the accelerated program, including the quarter system, and states that a final report will not be ready before the first of May. The Committee recommends that the calendar for next year as approved by the Senate be approved by the Board at this time so that the Registrar may make his announcements for the departments at Urbana.

FIRST SEMESTER, 1942-1943

1942
 Sept. 10, Thurs.—Sept. 12, Sat..... Freshman week and freshman registration.
 Sept. 11, Fri.—Sept. 12, Sat..... Registration of graduate students.
 Sept. 14, Mon.—Sept. 15, Tues..... Registration of upperclassmen.
 Sept. 16, Wed..... Instruction begins.

On motion of Mr. Davis, this calendar was approved as recommended by the University Senate.

PURCHASE OF FIRE EQUIPMENT

Mr. Adams, for the Committee on Buildings and Grounds, to whom was referred the matter of the purchase of additional equipment for fire protection, reported that the purchase of such equipment was impossible at present, and requested to be discharged from further consideration of this matter at present.

On motion of Mr. Adams, the committee was relieved as requested, and the President of the University was requested to study the matter and report at some future meeting.

WAGE SCALES OF CERTAIN EMPLOYEES

Mr. Adams, also for the Committee on Buildings and Grounds, recommended that the wages of certain groups of employees, including janitors, groundsmen, police, watchmen, employees in the water station, fire station, operation, maintenance, and repair of trucks and cars, in the Physical Plant Department, and in the unskilled and non-clerical staff in the College of Agriculture, be increased by 7.7% (or to the nearest half-cent) effective April 1, 1942, that the matter be studied on a long-range basis with reference to living costs in the community and the price index, and that \$10,000 be appropriated to provide for this increase for the present fiscal year.

On motion of Mr. Adams, these recommendations were adopted and the appropriation made, by the following vote: Aye, Mr. Adams, Mr.

Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer, Mr. Wieland; no, none; absent, Mr. Green.

RECEIPT OF SECURITIES—ESTATE OF LYDIA E. BATES

Mr. Karraker, for the Finance Committee, reported that the Citizens Bank of Decatur, Trustee of the Estate of Lydia E. Bates, deceased, had reported that the real estate and some of the securities in the estate had not been disposed of, but that there is in the hands of the Trustee \$7,600 U. S. Treasury bonds and \$925 H.O.L.C. bonds which it is prepared to turn over to the University. The Committee recommends that the Comptroller be authorized to accept these securities and to credit them to the Lydia E. Parker Bates Fund for the Advancement of Fine Arts, and to execute a proper receipt to the Trustee.

On motion of Mr. Karraker, the acceptance of these securities was authorized as recommended.

STANDING COMMITTEES

Mr. Livingston suggested that consideration be given to the appropriateness of the standing committees of the Board under present conditions. The President of the Board was authorized to appoint a special committee on matters relating to the status of the employees of the University, including Civil Service relations, wages, etc.

President Meyer appointed the following special committee on these matters: Mr. Livingston, Chairman, Mr. Adams, Mr. Karraker.

The list of standing committees for 1942-1943, as appointed by President Meyer on March 10, 1942, is printed here in accordance with the By-Laws.

Finance: ORVILLE M. KARRAKER, Chairman, JAMES M. CLEARY, CHESTER R. DAVIS.

Buildings and Grounds: HOMER MAT ADAMS, Chairman, ORVILLE M. KARRAKER, Mrs. HELEN M. GRIGSBY, JOHN R. FORNOF, PARK LIVINGSTON.

Subcommittee on Landscaping: Mrs. HELEN M. GRIGSBY, Chairman, ORVILLE M. KARRAKER, PARK LIVINGSTON.

Subcommittee on Civil Service, etc.: PARK LIVINGSTON, Chairman, HOMER MAT ADAMS, ORVILLE M. KARRAKER.

General Policy: CHESTER R. DAVIS, Chairman, PARK LIVINGSTON, FRANK A. JENSEN.

Patents: HOMER MAT ADAMS, Chairman, JOHN R. FORNOF, PARK LIVINGSTON.

Chicago Departments: JAMES M. CLEARY, Chairman, HOMER MAT ADAMS, FRANK A. JENSEN.

Affiliated Student Activities: PARK LIVINGSTON, Chairman, FRANK A. JENSEN, Mrs. HELEN M. GRIGSBY.

Student Welfare: Mrs. HELEN M. GRIGSBY, Chairman, FRANK A. JENSEN, PARK LIVINGSTON.

Alumni: JOHN R. FORNOF, Chairman, HOMER MAT ADAMS, JAMES M. CLEARY.

Agriculture: FRANK A. JENSEN, Chairman, PARK LIVINGSTON, ORVILLE M. KARRAKER.

Athletic Activities: CHESTER R. DAVIS, Chairman, FRANK A. JENSEN, JOHN R. FORNOF.

LOCKHART, BROOKS JAVINS, Assistant in Mathematics, on 8/15 time, for five months beginning February 1, 1942, at a salary at the rate of eighty dollars (\$80) a month (this supersedes his previous appointment). (February 19, 1942)

LUKE, YUDELL L., Assistant in Mathematics, on 2/15 time, for five months beginning February 1, 1942, at a salary at the rate of twenty dollars (\$20) a month. (February 19, 1942)

MARBERRY, HARRY CLIFFORD, Counselor in Illini Hall, beginning February 7, 1942, and continuing through May 31, 1942, without salary; for the convenience of the University he will be provided with lodging while on duty. (February 23, 1942)

MAXFIELD, BETTY JANE, Assistant File Clerk in the Department of Agricultural Economics, in the Extension Service in Agriculture and Home Economics, for six months beginning March 1, 1942, subject to the rules of the Civil Service Commission, at a salary at the rate of eighty-five dollars (\$85) a month. (February 27, 1942)

MILLER, WILLIAM HOWARD, Junior Accountant in the Auditing Division of the Business Office, beginning March 9, 1942, and continuing through August 31, 1942, subject to the rules of the Civil Service Commission, at a salary at the rate of one hundred fifty dollars (\$150) a month. (February 26, 1942)

PAAPE, CHARLES WILLIAM, Research Assistant in History, beginning February 3, 1942, and continuing through August 31, 1942, at a salary at the rate of one thousand nine hundred dollars (\$1,900) a year. (February 23, 1942)

PATTON, FRANCES, Assistant in Speech, on one-fourth time, for five months beginning February 1, 1942, at a salary at the rate of forty dollars (\$40) a month. (February 17, 1942)

PHELPS, ROSE BERNICE, Assistant Professor of Library Science, on three-fourths time, for one month beginning February 1, 1942, at a salary at the rate of one hundred seventy-five dollars (\$175) a month, and for six months beginning March 1, 1942, at a salary at the rate of one hundred eighty-seven dollars fifty cents (\$187.50) a month (this supersedes her previous appointment). (February 17, 1942)

PHILLIPS, LYLE WINSTON, Instructor in Physics, in the College of Engineering, on full time, for five months beginning February 1, 1942, at a salary at the rate of two hundred forty dollars (\$240) a month (this supersedes his previous appointment). (February 19, 1942)

PRICE, JAMES FERRIS, Assistant in Mathematics, on two-thirds time, for five months beginning February 1, 1942, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes his previous appointment). (February 19, 1942)

RAMSDELL, MRS. MARY FRANCES, Assistant Clerk-Typist in the Department of Agronomy, in the Extension Service in Agriculture and Home Economics, for six months beginning March 1, 1942, subject to the rules of the Civil Service Commission, at a salary at the rate of ninety-five dollars (\$95) a month. (March 5, 1942)

ROBERTS, HOWARD CREIGHTON, Special Research Associate in Theoretical and Applied Mechanics, in the Engineering Experiment Station, beginning March 1, 1942, and continuing until further notice, at a salary at the rate of two hundred seventy-five dollars (\$275) a month. (February 25, 1942)

ROSEMAN, EPHRAIM, Research Assistant in Psychiatry, in the College of

Medicine, for seven months beginning February 1, 1942, without salary. (February 27, 1942)

SCHELL, RUTH IRENE, Assistant Typist in the Office of the University Press, for six months beginning March 1, 1942, subject to the rules of the Civil Service Commission, at a salary at the rate of ninety dollars (\$90) a month. (March 5, 1942)

SCHINDLER, RUTH PAULINE, Stenographer in the Department of Home Economics, in the Extension Service in Agriculture and Home Economics, for six months beginning March 1, 1942, subject to the rules of the Civil Service Commission, at a salary at the rate of eighty dollars (\$80) a month. (March 4, 1942)

SCHWARZLOSE, PAUL FOWLER, Instructor in Electrical Engineering, in the College of Engineering, for four months beginning March 1, 1942, at a salary at the rate of two hundred ten dollars (\$210) a month. (February 17, 1942)

STINE, ALPHA, Assistant Chief Dietitian in the Research and Educational Hospital, for one year beginning September 1, 1941, subject to the rules of the Civil Service Commission, at a salary of one thousand five hundred dollars (\$1,500); for her convenience she will also be provided with two meals daily and service laundry while on duty, valued at one hundred forty-four dollars (\$144) a year (this supersedes her previous appointment). (February 19, 1942)

SUNDHOLM, NORMAN KARL, Allied Chemical and Dye Corporation Fellow in Chemistry, for five months beginning February 1, 1942, at a stipendium at the rate of seventy-five dollars (\$75) a month. (February 23, 1942)

TEMPLETON, JUSTUS STEVENS, Instructor in Geology, beginning February 7, 1942, and continuing through June 30, 1942, at a salary at the rate of two hundred dollars (\$200) a month. (February 17, 1942)

THORMAN, JULIUS GEORGE, Assistant in Philosophy, on one-fourth time, for four months beginning March 1, 1942, at a salary at the rate of thirty dollars (\$30) a month. (March 7, 1942)

WATSON, EOLENE, Junior Clerk-Typist in the Department of Agricultural Economics, in the Agricultural Experiment Station, for six months beginning March 1, 1942, subject to the rules of the Civil Service Commission, at a salary at the rate of ninety dollars (\$90) a month. (February 27, 1942)

WEISBURG, SEYMOUR WILLIAM, Instructor in Medicine, in the College of Medicine, on one-half time, beginning February 15, 1942, and continuing through August 31, 1942, at a salary at the rate of one thousand dollars (\$1,000) a year (this supersedes his previous appointment). (March 4, 1942)

WISNASKI, JUDITH, Departmental Stenographer in the Department of Chemistry, for six months beginning March 1, 1942, subject to the rules of the Civil Service Commission, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes her previous appointment). (February 19, 1942)

WORLEY, OSBORN CARROLL, Special Research Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station, beginning February 1, 1942, and continuing until further notice, at a salary at the rate of one hundred fifty dollars (\$150) a month (this supersedes his previous appointment). (February 19, 1942)

DECLINATIONS AND RESIGNATIONS

The Secretary presented also for record the following list of declinations and resignations.

BAIR, ROBERTA M., Key Punch Operator in the Tabulating Division of the Business Office—resignation effective March 1, 1942.

BROWN, EDNA MAE, Cataloger in the Library—resignation effective March 16, 1942.

BUMGARNER, JAMES McNABB, Counselor in Illini Hall—resignation effective February 1, 1942.

BURKDOLL, VIRGINIA ANNE, Stenographer in the Office of the Dean of Women—resignation effective March 8, 1942.

DOBSON, BETTIE JANE, Stenographer in the Department of Agricultural Economics, in the Extension Service in Agriculture and Home Economics—resignation effective March 1, 1942.

FLYNN, ALVA OWEN, Associate in Child Development and Parent Education Extension, in the Department of Home Economics, in the Extension Service in Agriculture and Home Economics—resignation effective April 1, 1942.

FURUTA, WILLIAM J., Research Assistant in Histology, in the College of Dentistry—resignation effective February 19, 1942.

HARTWIG, EDGAR EMERSON, Associate in Horticulture, in the Agricultural Experiment Station—declination effective February 16, 1942.

HORBERG, C. LELAND, Associate in Geology—resignation effective at the close of business February 7, 1942.

MILLER, STUART WILLIAM, Assistant in Vegetable Crops, in the Department of Horticulture, in the Agricultural Experiment Station—resignation effective at the close of business March 16, 1942.

MOSS, RUTH, Junior Stenographer in the Department of Surgery, in the College of Medicine—resignation effective February 25, 1942.

MOUNDRES, THOMAS P., Henry Strong Fellow in Chemistry—resignation effective March 1, 1942.

NELSON, CHESTER ARNOLD, Assistant in Physical Education for Men—resignation effective February 21, 1942.

OGDEN, RUDOLPH, Tabulating Equipment Operator in the Accounting Division of the Business Office—resignation effective February 22, 1942.

PICKENS, GLEN ANDERSON, Clerk in the Department of Dairy Husbandry, in the Agricultural Experiment Station—resignation effective February 6, 1942.

POWLESSON, Mrs. RUTH WOOD, Departmental Stenographer in the Department of Chemistry—resignation effective February 21, 1942.

PRAHL, EVELYN LUCILE, Assistant Stenographer in the Bursar's Division of the Business Office—resignation effective March 2, 1942.

RASMUSSEN, DONALD EDWIN, Assistant in Sociology—resignation effective February 3, 1942.

RAWCLIFFE, ROBERT DOUGLAS, Instructor in Physics, in the College of Engineering—resignation effective February 1, 1942.

SCHMIDT, WILLIAM HOWARD, Assistant in Bacteriology—resignation effective February 10, 1942.

STEWART, Mrs. M. DOLORES, Clerk and Stenographer in the Office of the Dean of the College of Engineering, and in the Department of General Engineering Drawing—resignation effective January 28, 1942.

STOLL, NORMA HILMA, Clerk in the Catalog Department of the Library—resignation effective March 16, 1942.

SUNDHOLM, NORMAN KARL, Assistant in Chemistry—resignation effective February 1, 1942.

WEAVER, LEON H., Fellow in Political Science—resignation effective February 14, 1942.

The Board adjourned.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

April 22, 1942

The April meeting of the Board of Trustees of the University of Illinois was held at the Chicago Illini Union Building, in Chicago, at 10:30 a.m. on Wednesday, April 22, 1942.

When the Board convened, the following members were present: President Meyer, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston. Mr. Cleary took his place with the Board during the forenoon.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. C. S. Havens, Director of the Physical Plant Department, and Mr. J. F. Wright, Director of Public Information.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of March 10, 1942.

On motion of Mr. Jensen, the minutes were approved as printed on pages 799 to 826 above.

AMENDMENT OF BY-LAWS ON COMMITTEES

Mr. Livingston presented the following resolution:

Be it resolved that Sec. 6 of the By-Laws of the Board of Trustees be amended to read as follows:

"Sec. 6. The following shall constitute the regular or standing committees of the Board, and the members thereof shall hold office for one year or until their successors are appointed:

"Five Board members—Buildings and Grounds.

"Three Board members each—Agriculture; Alumni; Athletic Activities; Chicago Departments; Civil Service and Employees; Finance; General Policy; Patents; Student Welfare and Activities."

Inasmuch as the Special Committee on Landscaping, created in 1930, now designated as the Sub-committee on Landscaping of the Committee on Buildings and Grounds, has fulfilled the purpose for which it was created, it is recommended that its members be discharged from further duties and that the sub-committee cease to exist and that its functions be assumed by the Committee on Buildings and Grounds.

On motion of Mr. Livingston, this resolution was adopted.

President Meyer reported that, in accordance with the action above, he had appointed the following committees:

Civil Service and Employees: PARK LIVINGSTON, Chairman, HOMER MAT ADAMS, ORVILLE M. KARRAKER.

Student Welfare and Activities: Mrs. HELEN M. GRIGSBY, Chairman, FRANK A. JENSEN, PARK LIVINGSTON.

MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

AUTHORITY TO CONFER DEGREES

(1) A recommendation that the President of the University be authorized to confer degrees at the Commencement Exercises in the Urbana Departments on June 1, 1942, and in the Chicago Departments on June 12, and also in August, on candidates who will be recommended for such degrees by the University Senate.

On motion of Mrs. Grigsby, this authority was granted.

CHANGE IN REQUIREMENTS FOR M.D. DEGREE

(2) Last year, on recommendation of the University Senate, the Board of Trustees authorized waiving the fifth, or interne, year requirement for the degree of Doctor of Medicine in the case of seniors in the College of Medicine who completed the academic requirements in June, 1941.

The University Senate recommends that this requirement be waived for the duration of the war. I concur.

On motion of Mr. Jensen, this recommendation was adopted.

ACADEMIC CREDIT FOR STUDENTS IN THE COLLEGES OF MEDICINE, DENTISTRY, AND PHARMACY WITHDRAWING TO ENTER MILITARY SERVICE

(3) The University Senate recommends the following regulations providing for adjusted academic credit for students in the Colleges of Medicine, Dentistry, and Pharmacy who withdraw to enter military service. These regulations follow in principle those already approved by the Board of Trustees for the Urbana Colleges.

A. CREDIT IN COURSES

1. An undergraduate or professional student at Chicago who, after completing the *fifth week* and before completing the ninth week of the *quarter*, withdraws from the University and enters the military or naval service, or other service pertaining to the national defense which is approved by a committee to be appointed by the President of the University, shall be entitled to

receive, without examination, credit for one-half of each course in which he has attained a standing of C or better at the time of his withdrawal. The grade reported shall be that attained in the course up to the time of withdrawal.

2. Where such withdrawal occurs upon completion of the *ninth* week of the *quarter*, or later, such student shall be entitled to receive full credit upon like conditions.

3. A student, irrespective of his grade in any course in which he is then registered, who withdraws from the University at any time for any of the above-mentioned reasons shall be entitled *at the discretion of the committee* to take an examination for credit in the course or for credit for only the first half thereof. The grade shall be reported as A, B, C, D, or E.

B. GRADUATION

A student who has been in residence at the University for not less than *three* full quarters, who has met all requirements for graduation (including minimum scholarship requirements) except those which he would fulfill by completing the courses for which he is registered at the time he withdraws for military or naval service may be recommended for his degree, provided he has completed the *fifth* week of the *third quarter* and provided he has a standing in the courses for which he is then registered which if maintained to the end of the *quarter* would satisfy the requirements for his graduation. If withdrawal occurs before the completion of the *fifth* week of such *quarter*, the student may be recommended for his degree upon passing examinations covering the first half of the subject matter of the courses in which he is then registered.

I recommend approval.

On motion of Mr. Adams, these regulations were adopted.

GRADUATION REQUIREMENTS IN THE SCHOOL OF JOURNALISM

(4) The University Senate recommends the following changes in the requirements for graduation of the School of Journalism:

1. Dropping the Special and Critical Curriculum.
2. Changing the requirements for graduation to "64 semester hours of work in a curriculum of the School of Journalism, including not less than 30 nor more than 40 hours of credit in professional courses of junior-senior level, and the balance in social studies, arts, sciences, and other subjects approved by the School, at least 20 hours of which must be in courses for advanced undergraduates."
3. Modification of the Editorial Curriculum by omitting the present requirement of two hours in Advertising and Business Problems, but retaining the following required courses:

| <i>Required Courses</i> | <i>Hours</i> |
|-------------------------------|--------------|
| Typography..... | 2 |
| Reporting..... | 6 |
| Advanced Reporting..... | 3 |
| Copyreading..... | 6 |

On motion of Mr. Fornof, these requirements were adopted.

PHYSICAL EDUCATION FOR MEN

(5) It is obvious that one of the contributions which colleges and universities can make to the successful prosecution of the war is to bring their students to the highest possible level of physical fitness. In fact, consideration of this problem was started in January, 1941, at a meeting called for that purpose of presidents, faculty representatives, athletic directors, and directors of physical education of the universities in the Western Intercollegiate Conference. It was also a subject of discussion at the Baltimore Conference of College and University Presidents, held January 3-4, 1942.

The University Senate submits the following recommendations for stepping up and otherwise improving the program of physical education for men:

1. That beginning June 1, 1942, all new undergraduate male students entering the University in their freshman and sophomore years be required to take a motor fitness test, to be given, if possible, before registration. Also that all male students enrolled in physical education classes be required to take the test each semester.

2. That all male students found to be deficient in this test be required to meet three times per week in a prescribed program, unless excused from this extra requirement by the Deans of their Colleges or Directors of their Schools. Men so excused will be treated as in paragraph 5 below.

3. That all male students who, after fulfilling the required credits in physical education, are still rated deficient in motor fitness, be required to continue such work for a maximum of two additional semesters without further credit.

4. That beginning June 1, 1943, all new male students entering the University with junior credit be required to take the motor fitness test, and that those who fail it be required to take a maximum of two semesters of prescribed physical education.

5. That for freshman and sophomore male students who pass the motor fitness test, the Department of Physical Education for Men be authorized to assign students to such classes as in the opinion of the Department will be most valuable to them in the present emergency.

The Senate further recommends that this program be limited to the present emergency, subject to review after the war.

I concur in these recommendations.

The Director of the School of Physical Education estimates that this increased program will require an addition of \$3,500 a year to his budget.

On motion of Mr. Davis, this program was authorized as recommended.

APPROPRIATION FOR ADMINISTRATIVE EXPENSES DURING SUMMER QUARTER

(6) Because of the change in the instructional program calling for a twelve-week summer quarter instead of the eight-week summer session, additional expenses will be incurred by certain divisions of the University. While most of this added expense will be incurred in the year 1942-1943 and provision for it will be made in next year's budget, in certain instances expenses will be incurred during the current fiscal year and the departments concerned need additional appropriations to cover this. I, therefore, recommend that assignments be made from the General Reserve Fund as follows:

| | |
|-------------------------|------------|
| University Library..... | \$1 000 |
| Registrar's Office..... | 400 |
| Business Office..... | <u>450</u> |
| Total..... | \$1 850 |

From the increased fees received for the summer quarter because of the larger enrollment anticipated, the General Reserve Fund will recover these appropriations.

On motion of Mr. Adams, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Cleary, Mr. Green, Mr. Wieland.

APPROPRIATION FOR THE DEPARTMENT OF HORTICULTURE

(7) A recommendation that a special appropriation of \$950 be made from the General Reserve Fund to the Department of Horticulture to cover the expense of certain improvements in campus areas carried on under the supervision of that Department, which were not contemplated when the budget for the current year was set up and for which no provision was made in the Departmental budget.

On motion of Mr. Livingston, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Cleary, Mr. Green, Mr. Wieland.

APPROPRIATIONS FOR NON-RECURRING EXPENDITURES

(8) A recommendation that assignments be made from the General Reserve Fund for the following non-recurring expenditures:

| | |
|--|--------|
| 1. Flagpole for Illini Union Building..... | \$ 250 |
| 2. Protection against sabotage: | |
| Urbana Departments..... | 3 680 |
| Chicago Departments..... | 3 550 |

On motion of Mr. Jensen, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Cleary, Mr. Green, Mr. Wieland.

Mr. Livingston suggested that the President of the University propose to the class of 1942 that it assume the expense of the flagpole as a senior memorial.

ASSIGNMENTS OF FUNDS FROM STATE APPROPRIATION FOR CAPITAL ITEMS

(9) The 62nd General Assembly appropriated \$640,000 for the biennium of 1941-1943 for capital purposes (new buildings, building remodeling, and other permanent improvements). While the Board of Trustees on July 15, 1941, assigned the full amount of the funds appropriated by the General Assembly for the purpose indicated in each case, the appropriations are general in character, and I therefore submit for approval by the Board the following analysis showing the assignments already made for various projects and the assignments now recommended, the latter being marked with asterisks.

On motion of Mr. Jensen, these assignments were approved, by the following vote: Aye, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Cleary, Mr. Green, Mr. Wieland.

APPROPRIATION OF RECEIPTS OF DIXON SPRINGS
EXPERIMENT STATION

(10) The University, through the Agricultural Experiment Station, operates an experiment station at Dixon Springs in Pope and Johnson counties, Illinois. This area consists of approximately 5,000 acres belonging to the Federal Government and is made available to the University for experimental stock farming.

There are 27 major buildings of a value of more than \$1,000 each and approximately 40 minor structures on this land. In addition to a superintendent, there are 10 employees constituting the regular labor staff, and at various times a total of approximately 30 men and women have been employed on a temporary basis.

The 1941-1942 budget of the Dixon Springs Station for expense, equipment, and wages totals \$29,340, of which \$7,160 represents the appropriation from State funds, \$14,780 from estimated receipts, and \$7,400 from Federal funds. There is also \$5,870 of salaries budgeted to the Dixon Springs Station, \$750 of which is from State funds, the balance being budgeted from Federal funds. A statement of the budget for expense, equipment, and wages with expenditures to March 1, 1942, is attached.

The operations of this station are not yet stabilized to a point comparable with other activities of the Agricultural Experiment Station, so that accurate estimation of budget needs is difficult. Costs of operation and of feed for stock have increased over the amount estimated when the budget was made up. On the other hand, receipts to March 1, 1942, total \$18,749, an excess of \$3,969

*The asterisk indicates assignments now recommended for approval by the Board.

¹Assignment approved by the Board July 15, 1941 (Minutes, page 387).

over the estimated income. It is estimated that the total excess income at the end of the fiscal year (June 30, 1942) will be between \$8,000 and \$9,000.

The Director of the Station recommends that receipts of the Dixon Springs Experiment Station in the amount of \$9,000 in excess of the budget estimate of \$14,780 be appropriated to the extent realized for the operating expenses of the Station. I concur in this, with the understanding that major expenditures for improvements or equipment if desired will be submitted for special action, and that any unexpended balance at June 30 will lapse into the unappropriated agricultural income reserve.

On motion of Mr. Fornof, this appropriation was made as recommended, by the following vote: Aye, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Cleary, Mr. Green, Mr. Wieland.

APPROPRIATION TO UNIVERSITY RETIREMENT SYSTEM OF ILLINOIS

(11) At its meeting on March 10 (Minutes, page 816), the Board of Trustees approved a plan recommended by the Board of Trustees of the University Retirement System of Illinois establishing charges against institutions participating in the Retirement System to cover the estimated cost of benefits for their respective staff members and employees in each year. The actuary for the Retirement System has completed studies and tabulation of these charges for 1941-1942 and estimates them as follows:

| | |
|--|-----------------|
| For death benefits..... | \$54 013 |
| For disability benefits (one-half year)..... | 12 952 |
| For operating expenses (Payable from the special state appropriation of \$200,000 made to the University of Illinois)..... | <u>14 000</u> |
| <i>Total</i> | <u>\$80 965</u> |

A small portion of the total charge for death benefits will be applied to certain trust funds and self-supporting activities. No charge can be made against federal funds for any of these items, since such funds may be charged only with the provisions for retiring allowances. These funds as well as trust and self-supporting funds are charged for the current year with the carrying charge for retiring allowances of persons whose salaries are paid from these funds, but such charges are not made against the University in general, since under the law these amounts are to be provided on a pay-as-you-go basis and no retiring allowances are payable by the System during the first year. Such a charge will be necessary, however, for next year, the estimated amount being \$20,000.

Appropriations have already been made by the Board of Trustees out of the State appropriation of \$200,000 as follows:

| | |
|--|-----------------|
| For expenses (August 5, 1941)..... | \$12 450 |
| For death benefits (September 26, 1941)..... | 5 000 |
| For death benefits (December 16, 1941)..... | <u>10 000</u> |
| <i>Total</i> | <u>\$27 450</u> |

These appropriations were made with the understanding that they would apply against the final charge made by the Retirement System which, as above stated, will amount to \$80,965 or somewhat less than one-half the biennial appropriation. However, it appears likely that the full amount of the biennial appropriation will be required, taking into consideration increased disability charges for 1942-1943 and retiring allowances to be provided in that year. Furthermore, the retirement law authorizes institutions to pay additional amounts into the fund not exceeding the total estimated expenditures of one year in advance. Consequently, payment of the full \$100,000 at this time, representing one-half of the biennial appropriation, would be entirely appropriate. The payment of this full sum would be advantageous to the Retirement System, since

it could invest the unused amount and thereby increase its earnings for the benefit of participants.

The Comptroller of the Retirement System recommends that an additional appropriation of \$72,550 (\$27,450 has already been appropriated) be made from the State appropriation for this purpose to the University Retirement System of Illinois. I concur in this recommendation.

On motion of Mr. Davis, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Davis, Mr. Forno, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Cleary, Mr. Green, Mr. Wieland.

ADJUSTMENTS IN BUDGET OF THE ATHLETIC ASSOCIATION

(12) The Board of Directors of the Athletic Association, on March 28, 1942, authorized the following assignment of funds and adjustments in the budget of the Association, subject to approval by the Board of Trustees.

| | |
|--|---------------------|
| Increase in salary of Victor Heyliger of \$25 a month from April 15 to June 30, 1942, for additional services..... | \$ 37 50 |
| Contribution to the University of Illinois band for services at football games and other athletic events..... | 500 00 |
| Purchase of championship medals for members of the basketball, ice hockey, fencing, and gymnastic teams..... | 500 00 |
| Expenses of track team to Pacific Coast Track Meet in the summer of 1941..... | 441 80 ¹ |

I recommend approval of these adjustments.

Mr. Davis reported that after conference with the President of the Board of Directors of the Athletic Association, on behalf of the Committee on Athletic Activities, he recommended the appointment of L. T. Johnson as Head Freshman Football Coach, at an additional compensation of \$300 a year, to be paid by the Athletic Association, effective July 1, 1942; also that no appointment was contemplated to replace Mr. H. D. Price, Gymnastic Coach, who resigned, and that other changes were expected.

On motion of Mr. Davis, these adjustments were approved.

AWARD OF CLAIM IN THE CASE OF DOUGLAS PHILLIPS

(13) On May 20, 1939, Mr. Douglas Phillips, then a student at the University of Illinois, was injured when he dived from the balcony in the George Huff Gymnasium into the swimming pool. He was performing in an aquatic show which was being given in connection with a student circus and carnival. Mr. Phillips was a member of the Dolphins, a student organization consisting of members of the swimming squad which put on the performance. Mr. Phillips volunteered to make a high dive through fire on the water.

The Industrial Commission of Illinois has approved his claim for compensation on the ground that he was an employee of the Athletic Association at the time he was injured. An admission fee was charged to the performance at which he was injured. The Athletic Association is required to pay Mr. Phillips's medical and hospital bills (totaling \$2,141.90) and compensation of \$7.50 a week for 333 weeks plus one week at \$2.50, a total of \$2,500, and thereafter an annual pension of \$200, payable at the rate of \$16.66 a month. In an opinion dated February 19, 1942, the Industrial Commission dismissed the University as a party in this action on the theory that the Association is not a part of the University but a separate entity. The insurer of the Association has taken steps to appeal the decision of the Industrial Commission. In the opinion of the University Counsel, serious consideration should be given by the Board of Trustees to the question whether the Board should not join in the appeal to the Circuit Court for a review on the following points: (1) whether the Ath-

¹The track team was authorized to participate in the Pacific Coast Track Meet last summer with the understanding that the expenses would be paid in part from the proceeds of the meet and in part by the University. The total expenses of the trip were \$1,020, of which \$578.20 was paid by the Western Conference and the Pacific Coast Conference, leaving \$441.80 to be paid by the University of Illinois Athletic Association.

letic Association is separate and distinct from the University; and (2) whether Mr. Phillips was actually an employee of the Association.

This report was received for record.

FEES IN THE CHICAGO DEPARTMENTS

(14) The change in the academic calendar of the Colleges of Medicine, Dentistry, and Pharmacy from a two-semester to a four-quarter basis necessitates a change in the schedule of fees. The faculty committee on fees and scholarships, after a careful study of the situation, recommends the following fee schedule to become effective June 15, 1942.

I recommend approval.

FEES FOR FULL-TIME STUDENTS

(See table on page 836)

FEES FOR PART-TIME STUDENTS

Part-time students in the Colleges of Dentistry, Medicine, and Pharmacy will pay the regular laboratory and building service fees as shown in the table for full-time students. Instead of the regular laboratory materials fees, a part-time student will be charged only for such materials as apply to the courses in which he is registered.

Residents of Illinois registered for partial programs of two hundred clock hours or less in a quarter in the Colleges of Dentistry and Medicine will pay a tuition fee at the rate of \$2.50 for twenty-five clock hours or fraction thereof. Non-Illinois students will pay double this rate. Students taking more than two hundred clock hours in a quarter will pay the full tuition fees.

In the College of Pharmacy students registered for twelve credit hours or less will pay tuition fees at the rate of \$2 a credit hour if residents of Illinois and \$4 a credit hour if non-residents. For thirteen credit hours or more the full tuition fees will be charged.

FEES IN THE GRADUATE SCHOOL (CHICAGO DEPARTMENTS)

The tuition fee in the Graduate School will be \$12 a unit of credit for residents of Illinois and \$24 a unit for non-residents.

In laboratory and dispensary courses for which the University furnishes materials used by the students, a laboratory fee of \$5 a unit of credit will be charged.

For the graduate course in orthodontia in preparation for the practice of orthodontia as a specialty, the yearly tuition will be \$400, one-fourth payable at the beginning of each quarter. (No additional fee will be assessed candidates for the master's degree for an extra quarter in Orthodontia 101.)

Persons on University appointment at a salary of \$1,600 or less, eligible for admission to graduate work, or on scholarship or fellowship appointment in the Graduate School, are exempt from the payment of tuition and laboratory fees in courses counting for graduate credit.

Students in the Graduate School are subject to the regulations governing fees for matriculation, late registration, and change of study-list, the Union Building service charge, the graduation fee, the transcript fee, the service charge for deferred fees, and refunds of fees, as stated under the heading of "Fees Applicable to All Students in the Chicago Departments," on page 33 of the 1940-1941 Catalog for the Chicago Colleges.

FEES FOR SPECIAL COURSES

No changes in fees are suggested for the Special Courses for Dentists (\$50 a course), Short Refresher Courses for Physicians (\$10 a course), and Conference on Modern Pharmacy (registration fee of \$5).

Special Courses for Physicians.—The College of Medicine offers a number of special courses for physicians, which are open to graduates of approved medical schools. Each course lasts one quarter, or sometimes a full year, and is designed to aid in meeting the requirements for specialization. The fee for each course will be \$50 a quarter, plus laboratory and clinic fees as determined by the department head, the Recorder, and the Business Manager. Where registrations

are accepted for one-half of a course or less, the tuition fee will be \$35 a quarter. Members of the staff of the University and of Cook County Hospital and Morgue are permitted to attend the lectures in these courses without paying the tuition fee.

GENERAL BREAKAGE DEPOSIT

It is recommended that a general breakage deposit of \$5, similar to the one now assessed on the Urbana campus, be required of all students in the Colleges of Dentistry, Medicine, and Pharmacy.

ADMISSION DEPOSIT IN THE COLLEGE OF PHARMACY

It is recommended that a \$15 admission deposit be assessed in the College of Pharmacy for all entering students, payable at the time of issuance of permit to enter.

CHICAGO ILLINI UNION BUILDING SERVICE CHARGE

It is recommended that the Chicago Illini Union Building service charge be \$3.50 a quarter for all students in the Chicago departments.

On motion of Mr. Jensen, these fees were approved.

RESOLUTION

On motion of Mr. Fornof, the following resolution was adopted.

Whereas, pursuant to the resolution authorizing the issuance of the bonds adopted by this Board of Trustees on May 27, 1941, and printed at pages 297-298 of the minutes of that date, said Board has covenanted and agreed to establish charges and fees for the use of a certain structure located at 808 South Wood Street, Chicago, sufficient at all times to maintain and operate said building, and pay the principal of and interest upon all bonds issued by said University, which by their terms are payable solely from the revenues derived from the operation of the building;

Now, therefore, be it and it is hereby resolved, by the Board of Trustees of the University of Illinois, as follows:

Section 1. That pursuant to the covenants hereinbefore made by this Board of Trustees pursuant to the resolution authorizing the issuance of \$921,000 Medical, Dental, and Pharmacy Building Revenue Bonds, adopted by this Board of Trustees on May 27, 1941 (Minutes of the Board for that date at pages 297-298) there be and there is hereby established a charge or fee for the use of said building by the students registered in the medical, dental, and pharmacy departments of the said University, to-wit:

Each resident student registered in the Medical or Dental College as a first or second year student shall pay a minimum charge or fee of \$108 a scholastic year for the use of the Medical, Dental, and Pharmacy Building, including laboratories.

Each resident student registered in the Medical College as a third or fourth year student shall pay a minimum charge or fee of \$135 a scholastic year for the use of the Medical, Dental, and Pharmacy Building, including laboratories.

Each resident student registered in the Dental College as a third or fourth year student shall pay a minimum charge or fee of \$108 a scholastic year for the use of the Medical, Dental, and Pharmacy Building, including laboratories.

Each resident student registered in the Pharmacy College as a first year student shall pay a minimum charge or fee of \$24 a scholastic year for the use of the Medical, Dental, and Pharmacy Building, including laboratories.

Each resident student registered in the Pharmacy College as a second year student shall pay a minimum charge or fee of \$48 a scholastic year for the use of the Medical, Dental, and Pharmacy Building, including laboratories.

Each resident student registered in the Pharmacy College as a third or fourth year student shall pay a minimum charge or fee of \$54 a scholastic year for the use of the Medical, Dental, and Pharmacy Building, including laboratories.

Each non-resident student registered in the Medical or Dental College as a first or second year student shall pay a minimum charge or fee of \$135 a scho-

lastic year for the use of the Medical, Dental, and Pharmacy Building, including laboratories.

Each non-resident student registered in the Medical College as a third or fourth year student shall pay a minimum charge or fee of \$174 a scholastic year for the use of the Medical, Dental, and Pharmacy Building, including laboratories.

Each non-resident student registered in the Dental College as a third or fourth year student shall pay a minimum charge or fee of \$135 a scholastic year for the use of the Medical, Dental, and Pharmacy Building, including laboratories.

Each non-resident student registered in the Pharmacy College as a first year student shall pay a minimum charge or fee of \$36 a scholastic year for the use of the Medical, Dental, and Pharmacy Building, including laboratories.

Each non-resident student registered in the Pharmacy College as a second year student shall pay a minimum charge or fee of \$60 a scholastic year for the use of the Medical, Dental, and Pharmacy Building, including laboratories.

Each non-resident student registered in the Pharmacy College as a third or fourth year student shall pay a minimum charge or fee of \$66 a scholastic year for the use of the Medical, Dental, and Pharmacy Building, including laboratories.

Section 2. Said charges or fees shall be paid in quarterly installments to be collected at the same time and in the same manner as all other fees of the University are collected.

Section 3. All such charges and fees shall be set aside as collected and be kept separate and apart from any and all other funds of said University, and shall be designated "Medical, Dental, and Pharmacy Building Fund," and shall be used only to pay the reasonable cost of maintenance and operation of said building, and to the payment of the principal of and interest on the Medical, Dental, and Pharmacy Building Revenue Bonds of said University, authorized pursuant to the resolution adopted by this Board of Trustees on May 27, 1941, and to be administered in accordance with the covenants and provisions of said resolution and the Deposit Agreement entered into by and between this Board of Trustees and The First National Bank of Chicago as authorized and directed pursuant to said resolution above mentioned.

Section 4. This resolution shall be in full force and effect on and after June 15, 1942, and shall supersede a resolution of like import adopted and effective on May 27, 1941.

LEAVES OF ABSENCE

(15) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case:

H. C. Oesterling, Editor, University Press, disability leave from November 11, 1941, through January 3, 1942, with full pay, and from January 4 through February 28, 1942, without pay.

Miss Josephine Schmalhausen, Executive Clerk and Secretary to the Dean of the College of Agriculture and to the Director of the Extension Service in Agriculture and Home Economics, disability leave with full pay from noon of February 4 through March 8, 1942.

W. M. Tullock, Traffic Assistant in the Business Office, disability leave with full pay from March 17 through April 27, 1942.

Mrs. Thelma C. Brumwell, Registered Nurse in the Dispensary, disability leave, without pay, from April 6 through August 31, 1942, at which time consideration will be given to extending her leave. Mrs. Brumwell has requested this leave without pay.

Miss Helen Small, Stenographer in the Library School, disability leave with full pay from noon of March 26 to April 16, 1942.

Lowell Van Dyke, laborer in the Physical Plant Department, disability leave with full pay from February 26 through March 28, 1942.

E. E. DeTurk, Professor of Soil Fertility in the Department of Agronomy, disability leave with full pay from February 24 to April 15, 1942.

Charles Phillip Slater, Assistant in Accountancy, disability leave with full pay for the months of April, May, and June, 1942.

Mrs. Dorothy H. Wyninger, Stenographer and Clerk in the Extension Service of the College of Agriculture, disability leave with pay from February 26 through March 7, 1942.

Leaves of Absence for Military Service

(The leave in each case is without salary.)

Lynn H. Pace, employee in the Physical Plant Department in Chicago, from March 2 through August 31, 1942.

Claude W. Faulkner, Assistant in English, from February 27 through August 31, 1942.

Clarence S. Angell, Assistant in Speech, from March 9 through June 30, 1942.

Carl Empson, Mimeograph Operator in the Mailing Room of the College of Agriculture, from March 25 through August 31, 1942.

H. H. Thornberry, Assistant Professor and Assistant Chief in Plant Pathology in the Department of Horticulture, from April 4 through August 31, 1942.

Lewis V. Peterson, Supervisor of Visual Aids Service and Executive Clerk, Division of University Extension, from May 1 through August 31, 1942.

Kenneth Gleichman, janitor in the Physical Plant Department, from March 23 through June 30, 1942.

Thomas J. Conley, Instructor in Medicine, from March 16 through August 31, 1942.

John B. Roth, Assistant in Medicine, from March 1 through August 31, 1942.

Frank W. Blatchford, Instructor in Medicine (Rush), from April 1 through August 31, 1942.

Everett T. Moore, Assistant in the Reference Department of the Library, from March 24 through August 31, 1942.

Maurice Lev, Instructor in Pathology, from April 15 through August 31, 1942.

J. B. Campbell, Assistant and Third-Year Resident in Neurology and Neurological Surgery, from April 13 through August 31, 1942.

Charles E. Odegaard, Associate in History, from May 26 through August 31, 1942.

Valentine Jobst, III, Assistant Professor of Political Science, from May 28 through August 31, 1942.

Extension of Leaves of Absence for Military Service

R. R. Parks, Assistant Professor of Agricultural Engineering Extension, from February 27 through August 31, 1942.

R. H. Reed, Associate in Agricultural Engineering, from February 24 through August 31, 1942.

Robert C. Chancellor, laborer in the Department of Horticulture, from March 16 through August 31, 1942.

Dr. P. J. Sarma, Associate Professor of Surgery, from March 11 through August 31, 1942.

I. R. Hoener, Assistant in Soil Fertility, Agronomy Department, from April 1 through August 31, 1942.

W. N. Brown, Associate in Vegetable Crops in the Department of Horticulture, from June 12 through August 31, 1942.

Stanfield S. Taylor, Assistant to the Dean of Men, from April 23 through August 31, 1942.

K. E. Harshbarger, Assistant in Dairy Production, from July 1 through August 31, 1942.

T. W. Harrell, Assistant Professor of Psychology, for one year from September 1, 1942.

Leave of Absence for Other Defense Services

S. C. Staley, Director of the School of Physical Education, from April 8 to 18, with full pay, for professional services at the urgent request of the Chief of the Army Air Forces. Director Staley was asked to serve with other

physical education experts in formulating a physical fitness program for the air forces of the Army.

On motion of Mrs. Grigsby, these leaves were granted.

SERVICES OF PROFESSOR JOHN A. FAIRLIE

(16) Professor John A. Fairlie of the Department of Political Science was retired from active service effective September 1, 1941, under the University of Illinois Statutes and the system of retiring allowances and death benefits adopted by the Board December 13, 1924.

On July 15, 1941 (Minutes, page 390), the Board approved his request for permission to accept a part-time professorship at the Ohio State University during the winter and spring quarters of 1941-1942 at a compensation of \$2,500 for this period. He has requested permission to renew the arrangement with Ohio State University on the same basis for the academic year of 1942-1943. He will give a course in Political Science during the winter quarter and two courses during the spring quarter, for which he will receive a compensation of \$2,500.

This case is not subject to the provisions of the Statute creating the University Retirement System of Illinois, nor to the regulations of the Board of Trustees of that System.

I recommend approval.

On motion of Mr. Jensen, this recommendation was adopted.

CONTINUATION IN ACTIVE SERVICE OF PROFESSOR B. SMITH HOPKINS

(17) Professor B. Smith Hopkins of the Department of Chemistry was retired from active service effective September 1, 1941, under the University of Illinois Statutes and the system of retiring allowances and death benefits adopted by the Board December 13, 1924. However, on January 22, 1941, prior to his retirement, the Board of Trustees recalled Professor Hopkins into part-time active service for one year to administer the course in Physical Science in the General Division of the College of Liberal Arts and Sciences. The Dean of the College recommends that Professor Hopkins be retained for one more year from September 1, 1942, on the same basis as his appointment for the current year, i.e., one-fourth time at a salary of \$1,375 (based upon his former full-time active service salary) in addition to his retiring allowance of \$2,714 so that he may continue in charge of the course in Physical Science in the General Division. The funds for this reappointment are available in the budget of the General Division. This case is not subject to the provisions of the Statute creating the University Retirement System of Illinois, nor to the regulations of the Board of Trustees of that System.

I recommend approval.

On motion of Mr. Jensen, this recommendation was adopted.

PEABODY COAL SCHOLARSHIPS IN MINING ENGINEERING

(18) On August 5, 1941 (Minutes, page 418), the Board of Trustees accepted an offer from the Illinois Mining Institute to establish an undergraduate scholarship in mining engineering at the University of Illinois.

The Peabody Coal Company, desiring to promote the training of men in this field of engineering, has offered to establish undergraduate scholarships in mining engineering at the University to be administered jointly by the Illinois Mining Institute and the University's Committee on Special Undergraduate Scholarships. The plan will make available two scholarships each year to entering freshmen, with provisions for annual extensions so that the maximum number of scholarships in effect during one year will not be more than eight. The value of each scholarship will be \$100 a year.

The conditions governing the award of the scholarships and the plan in general follows that of the Illinois Mining Institute approved by the Board last year, and are acceptable to the University. I have, therefore, accepted this offer on behalf of the University.

The complete proposal, including a statement of the conditions governing

the award of these scholarships, has been given to the Committee on Special Undergraduate Scholarships and to other University officers for their information, and a copy is hereby given to the Secretary of the Board for official record.

On motion of Mr. Livingston, the action of the President of the University in accepting these scholarships was approved and confirmed.

SCHOLARSHIPS FOR FOREIGN STUDENTS

(19) On February 21, 1941 (Minutes, page 195), the Board established ten four-year scholarships to be awarded annually for a two-year trial period to students from Central and South American countries who wish to attend the University of Illinois, such scholarships to exempt holders from the payment of matriculation, incidental, and tuition fees (but not laboratory fees or service charges) in any division of the University. These scholarships were established to assist the Department of State, Division of Cultural Relations, in its program of developing and improving relations between the United States and Latin-American countries. The Department endeavors to provide funds for the traveling expenses of a limited number of students who wish to attend colleges and universities in the United States.

Thus far only one such scholarship has been awarded at the University of Illinois. In the meantime, a request has been received from the Institute of International Education inquiring if the University of Illinois can make scholarships available to foreign students from other countries (particularly Europe and Asia) as well as to those Latin-American countries.

I recommend that the Board authorize awarding of the scholarships which were established last year (not to exceed ten in number for a two-year period) to students from any country friendly to the United States.

On motion of Mr. Adams, these scholarships were authorized.

QUARTERS FOR NAVAL TRAINING SCHOOL

(20) The United States Navy has established a Naval Training School for Signalmen at the University of Illinois. This school will have a capacity of 800 to 1,000 men who will receive 16 weeks of special training. They will arrive at the rate of 200 a month, and it is desired to begin instruction on May 1, 1942.

The University has agreed to furnish housing and messing facilities for these students and the necessary Ship's Company. The University has turned over to the Navy the Men's Old Gymnasium, the Gymnasium Annex, and the addition thereto sometimes known as the Engine Annex, and such part of Illinois Field as may be necessary for the training program. These buildings will be used for housing and training. The men will be messed in the ballroom of the Illini Union Building. The following extracts from a letter from the Commandant of the Ninth Naval District, Great Lakes, Illinois, sets forth the terms of the agreement reached by the representatives of the University and the Navy covering the use of the University facilities for this purpose:

"It is my understanding that the University will furnish dormitory facilities for these students, plus the necessary Ship's Company. The University will furnish heat, light, water, power, gas, all maintenance materiel and personnel, and care of grounds. Such recreational facilities will be furnished as are agreed upon between the Commanding Officer of the school and you.

"The Navy will furnish all beds, mattresses, lockers, bed linens, blankets, towels, laundry, and like items for its personnel. The Navy will furnish its own telephone facilities.

"The Navy will furnish all necessary instructors in connection with the program.

"The University will provide for the installation of any additional toilet facilities as may be necessary and will provide necessary alterations. It is understood that the University will furnish necessary blinker and study tables as desired by the Navy and that the University will be reimbursed for its out of pocket expenses in connection with the launching of this program.

"The Navy will pay the University the sum of Twelve Thousand (\$12,000) Dollars per month, effective May 1, 1942, it being understood that this is based upon an estimated cost of \$15 per month per man for housing.

"The District Medical Officer, Captain A. B. Davidson (MC) USN, will make arrangements for necessary hospitalization, it being understood, however, that the University will furnish necessary space for a Sick-Bay, and that infirmary facilities for use in connection with minor illnesses will be provided.

"The University will furnish all personnel, equipment, and supplies necessary to feed the Navy personnel, which will be on a cost basis. This cost will be covered by ninety day contracts, the price being adjusted at the end of each ninety day period, to cover increases or decreases in cost. The cost of additional equipment necessary to accommodate the Naval personnel will be reflected and absorbed in the cost of meals. The contract for messing will be on a per capita basis. (See rate below of \$1.20 per day.)

"It is my understanding that the foregoing amounts are based upon careful estimates and that at the end of the fiscal year of 1943 the University will furnish the Navy a statement of the actual cost of providing these facilities, plus wear and tear, and that the amounts will be revised up or down to cover the actual cost of operation. The District Supply Officer is preparing the necessary contracts covering the housing and messing facilities. These will be forwarded for approval and execution within the next few days.

"Due to the limitations prescribed by Federal statutes, it is impossible for the Navy to enter into contracts for periods beyond current fiscal years. It is, however, my understanding that the agreement for the fiscal year of 1943 will be continued during succeeding years, subject to the revisions set forth in the above paragraph."

The Commandant has been advised that these conditions are acceptable to the University. The above terms do not mention current billing for messing. The first contract for this will provide for \$1.20 a day per man, subject to adjustment on the basis of actual cost.

The Physical Plant Department has been authorized to proceed with the necessary remodeling and installations of equipment necessary to make these quarters available to the Navy and ready to function on or before May 1, 1942. Most of this work is being done through contractors on the basis of the lowest bids or quotations received. The Business Office has been authorized to place orders for this work and equipment on that basis.

Before going ahead I conferred with the President of the Board, who authorized me to go ahead with whatever was necessary to make these facilities available to the Navy. I request confirmation of my actions as reported herein and approval of the contracts for the Navy in accordance with the above terms and conditions.

On motion of Mr. Livingston, the action of the President of the University in authorizing this program was approved and confirmed.

FUNDS FOR HOUSING AND MESSING OF SIGNALMEN IN NAVAL TRAINING SCHOOL

(21) The Physical Plant Department is proceeding as rapidly as possible with remodeling and other construction work in the Men's Old Gymnasium, the Gymnasium Annex, and the installation of additional equipment in the Illini Union Building, to provide housing and messing facilities for the Naval Training School for Signalmen. It is impossible at this time to determine the exact cost of this work, but the best estimate that can be made now is that the remodeling may run as high as \$60,000 and that the cost of equipment will be approximately \$30,000. The University will secure reimbursement for these expenses from the Government through charges for service on the basis of \$12,000 a month for housing and \$1.20 a day per man for food service. (This is subject to adjustment every three months in accordance with changing prices and labor costs.) In the meantime, it will be necessary for the University to finance these expenditures.

The Director of the Physical Plant Department suggests that the cost of remodeling the Old Gymnasium and Gymnasium Annex is a proper charge against the State appropriation for building remodeling and improvements and

he recommends the release of \$60,000 from this appropriation for this purpose. It will be necessary to make a special appropriation of \$30,000 from the General Reserve Fund to finance temporarily the purchase of equipment.

On motion of Mr. Davis, these arrangements were approved and the appropriation made, by the following vote: Aye, Mr. Adams, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Cleary, Mr. Green, Mr. Wieland.

CONTRACTS WITH FEDERAL GOVERNMENT FOR RESEARCH SERVICES

(22) Pursuant to the instructions of the Board of Trustees at its meeting on March 10, the Comptroller has made a request of the appropriate officials of the United States that future contracts with Federal agencies for services to be rendered by the University of Illinois provide for advances to relieve the University of the necessity of advancing funds for performing services under such contracts. He reports that the Office of Scientific Research and Development, with which contracts are entered into by the University covering research projects undertaken for the National Defense Research Committee, is ready to include such a provision in future contracts with the University, but that it is not possible to incorporate those provisions in the present contracts.

The maximum net advance outstanding at any one time on all of these contracts prior to the current month was \$9,270. Vouchers for the month of February which were submitted by the University were returned, after being held in Washington for three weeks for a revision due to a change in regulations regarding certifications concerning which the University had received no previous notice. Consequently, the present total of funds advanced is \$15,705, which will undoubtedly be materially reduced in the near future. On the other hand, the University has secured an advance of \$100,000 on contracts from the United States Office of Education to cover expenses of the Engineering, Science, and Management Defense Training program and there is at present a net balance of \$56,905 in this fund which is materially in excess of the advance on other contracts.

Billings on contracts are made as rapidly as practicable to keep the net advance required as low as possible.

This report was received for record.

At this point, Mr. Cleary took his place with the Board.

REPORT FROM FACULTY COMMITTEE ON PATENTS

(23) Professor R. C. Fuson and Dr. Billie Shive, of the Department of Chemistry, while engaged in research work for the National Defense Research Committee, developed a method for producing cacodyl which appears to be a patentable discovery. While because of the war there is some demand for the product and the method involved, in normal peace times the demand is so small that the royalty returns would be inadequate to justify expenditure of University funds in procuring a patent. In any case the University would be duty bound by its contract with the United States Government to give the latter a royalty-free license. Since the Government desired to proceed immediately with the production of this chemical for war purposes, the University has released the discovery to the Government, and I request confirmation of my action.

Professor A. G. Deem, of the Department of Chemistry, has developed the following discoveries: Case 8, Alkylation of Ketones; Case 9, Polymerization of Unsaturated Glycerides; Case 10, Partial Oxidation-Dehydrogenation of Methyl Esters; Case 11, Alcoholysis of Glycerides.

Professor Deem is of the opinion that 145 patents would be required to protect these discoveries, his estimate being based on an analogy of the respective cases with recent engineering developments in the chemical industry. Based on an average cost of \$250 each, the cost of patent protection appears

to be prohibitive. A minimum of 15 key patents would have to be filed immediately. During the period of the war there will be no commercial demand for these developments, as the Government is not authorizing the construction of new plants to manufacture new products or to carry on new processes of a non-military nature.

In view of these circumstances, the Faculty Committee on Patents recommends that these discoveries be released to Professor Deem. I concur in this recommendation.

This matter was referred to the Committee on Patents (see page 856).

**PATENT OF APPARATUS FOR TESTING EMBRITTELEMENT
CHARACTERISTICS OF BOILER WATERS**

(24) The Secretary of the Board reports the receipt of original U. S. Letters Patent No. 2,270,389, dated January 20, 1942, issued to the Board of Trustees of the University of Illinois, on a discovery of Frederick G. Straub and Theodore A. Bradbury, entitled "Apparatus for Testing Embrittlement Characteristics of Boiler Waters."

This report was received for record.

PATENT ON IMPROVEMENTS IN COAL FURNACE

(25) The Secretary of the Board reports that he has received the assignment of the application of Julian Robert Fellows and John Clem Miles for a patent covering improvements in a down-draft type of coal furnace, Ser. No. 322,562, recorded in the United States Patent Office March 19, 1942, in Liber Z190, page 287.

This report was received for record.

PURCHASES RECOMMENDED

(26) A recommendation that the following purchases be authorized:

1. 150 feeder lambs (yearling ewes or yearling wethers), for the Agricultural Experiment Station, Department of Animal Husbandry. The purchase requires inspection of more than one lot of animals before a selection can be made, and the price will depend on the market at the time of purchase. The approximate cost will be \$1,500.

2. 35 feeder steers, for the Agricultural Experiment Station, Department of Animal Husbandry. This purchase requires inspection of more than one lot of animals before a selection can be made, and the price will depend on the market at the time of purchase. The approximate cost will be \$3,500.

3. One stainless steel swivel type Junior Milk Cooler, for the Department of Dairy Husbandry, from Mojonnier Bros. Company, Chicago, at a price of \$1,708.70 f.o.b. Chicago. This equipment is to replace a cooler which has been in service for over ten years and is needed to insure ample capacity to supply ice cream for the United States Naval Training School for signalmen. This equipment is made only by Mojonnier Bros. Company.

4. One size "W" Lectromelt furnace, for the Department of Mining and Metallurgical Engineering, from the Pittsburgh Lectromelt Furnace Corporation, Pittsburgh, Pennsylvania, at a net price of \$1,241 f.o.b. point of shipment. This is a non-competitive item as it is made only by this company.

On motion of Mr. Livingston, these purchases were authorized.

PURCHASES AUTHORIZED

(27) A report of the following purchases authorized by the President of the University in accordance with the University Statutes:

1. One No. 90 Size 3 International Centrifuge, platform mounted with No. 258 head and complete accessories, from the Central Scientific Company, at a total cost of \$1,482.20 f.o.b. Urbana.

2. 38,000 feet Douglas Fir lumber for Physical Plant stock, from the Thompson Lumber Company, Champaign, Illinois, at a total cost of \$2,027 f.o.b. Urbana.

3. Pipe, valves, and fittings for replacing 8-inch low pressure steam main between Gregory Hall tunnel and north basement wall of Lincoln Hall, from the Crane Company, Terre Haute, Indiana, the lowest bidder, at a total cost of \$2,830.33 f.o.b. Urbana.

4. Wood pipe casing for use in replacing 8-inch low pressure steam main between Gregory Hall tunnel and north basement wall of Lincoln Hall as follows: 135 feet 15-inch I.D. tin lined; 270 feet 6-inch I.D. tin lined;—from the American District Steam Company, Chicago, the lowest bidder, at a total cost of \$1,036.78 f.o.b. Urbana.

5. Forty-eight Spencer medical microscopes, for the Student Supply Store in Chicago, to be resold to freshman students in the fall of 1942, from the A. S. Aloe Company, St. Louis, Missouri, at a total cost of \$8,049.60.

On motion of Mr. Livingston, the action of the President of the University in authorizing these purchases was approved and confirmed.

**CONTRACTS EXECUTED BY THE COMPTROLLER
MARCH 3 TO APRIL 13, 1942**

(28) The Comptroller's report of a minor contract executed under general regulations of the Board of Trustees:

| <i>With Whom</i> | <i>Property</i> | <i>Amount to be paid by the University</i> | <i>Date</i> |
|-----------------------------------|-----------------------|--|----------------|
| General Paving Company, Champaign | East Auditorium Drive | \$4,300 | March 19, 1942 |

This report was received for record.

LAND FOR NEW PRESBYTERIAN HOSPITAL BUILDING

(29) The Board of Managers of the Presbyterian Hospital is considering plans for a post-war building program, and one of the possibilities is that this Hospital will be relocated adjacent to the buildings of the University of Illinois Colleges of Medicine, Dentistry, and Pharmacy. The area at the northeast corner of Polk and Wolcott Streets (now used as a recreational field) is considered a desirable site. The question is raised whether the Board of Trustees of the University of Illinois would consider transferring this or other area by sale or gift to the Presbyterian Hospital for the purpose indicated.

This matter was referred to the Committee on Chicago Departments for study and recommendation.

**PLAQUE IN RECOGNITION OF SERVICES OF
PROFESSOR C. W. PARMELEE**

(30) Representatives of alumni of the Department of Ceramic Engineering have requested permission to place a plaque in the lower corridor of the Ceramics Building in recognition of the valuable contributions to that field of engineering by Dr. Cullen Warner Parmelee, who retires from active service at the end of the current academic year. The plaque will be of terra cotta and will bear the following inscription:

CULLEN WARNER PARMELEE
In appreciation of his contribution to
ceramic engineering education and the
technology of the ceramic industry.
Erected by the alumni of the department.
1942

The alumni will pay the expense of producing and installing the plaque.
I recommend approval of the request.

On motion of Mrs. Grigsby, this request was granted.

BEQUEST OF LYDIA E. PARKER BATES

(31) The Comptroller reports the receipt of the following additional payments on the bequest of Lydia E. Parker Bates, deceased:

| | | |
|---|------------|-------------|
| U. S. Treasury bonds, 2¾% of 1947, with all unmatured interest coupons attached, par value..... | \$5 100 00 | |
| U. S. Treasury bonds, 2¾% of 1956, with all unmatured interest coupons attached, par value..... | 2 500 00 | |
| Home Owners Loan Corporation bonds, 1½%, 1947, all unmatured interest coupons attached, par value.... | 925 00 | |
| | | \$ 8 525 00 |
| Cash representing the partial settlement of the sale of a farm of 320 acres in Austin Township, being one of the two farms held by the estate as reported to the Board of Trustees on September 26, 1941..... | | \$60 000 00 |
| As reported to the Board on June 24, 1941, we had previously received cash in the amount of..... | | I 351 20 |
| <i>Total receipts to date, including par value of bonds accepted</i> | | \$69 876 20 |

This report was received for record.

CONFERENCE WITH GOVERNOR ON AIRPORT AT UNIVERSITY OF ILLINOIS

(32) The President of the University conferred with Governor Dwight H. Green on April 11 concerning the proposal for the development of an airport at the University of Illinois. A copy of the "Program of Education and Research Related to Air Transportation at the University of Illinois Including a University Airport," prepared for the Board of Trustees of the University by Dean M. L. Enger and President A. C. Willard, dated April 10, 1942, was presented to the Governor at this conference. Others present were Dean Enger, Mr. John J. Hogan, Regional Airport Engineer of the Civil Aeronautics Administration in this area, Messrs. R. A. Stipes, Jr., President of the Champaign Chamber of Commerce, August Meyer, and Frank K. Robeson, Jr., of Champaign.

The Governor was previously requested that if he calls a special session of the General Assembly he include in his proclamation a provision for an appropriation to the University of Illinois of \$200,000 for the purchase of one section of land to be used as an airport. For the reasons stated in the report already presented to the Board, the Governor was asked at the conference on April 11 not to limit this appropriation to \$200,000 for land alone but to leave this provision general in the event the Board of Trustees decides to request an appropriation sufficient to insure completion of the project as outlined in the report. This the Governor agreed to do if he calls a special session, the actual amount to be determined by conference with him.

He expressed a strong interest in the entire program of the University for education and research related to air transportation as well as for military and civilian training, and discussed at length sources of funds for this project.

In this connection the Board will be interested in the following report on Airport Development published in the November 20, 1941, issue of the *Engineering News-Record*:

AIRPORT DEVELOPMENT

"A survey of commercial airport facilities by the Civil Aeronautics Authority prior to the start of the defense airport construction program indicated there were some 4,000 airports in this country. But more than 2,000 would not meet even minimum specifications for commercial airports; only a handful of the remaining were usable from a commercial viewpoint; only five fully met Class IV specifications established by the CAA and only 31 met Class III specifications.

"The army recognized the cost involved in developing and maintaining a system of airports for strictly military purposes, and was desirous of having the CAA develop commercial airports, which would be available in time of emergency for military use.

"The initial construction program contemplated the development of 250 airports for which \$40,000,000 was made available by the Congress. Congress subsequently provided an additional \$33,000,000 to complete this program. Also made available was \$62,000,000 to be applied to the construction of 149 additional airports and \$5,000,000 for overseas facilities. Thus, to date the defense airport program provides for 399 airports with appropriations aggregating \$140,000,000.

"In the present construction program no airport has runways that will not meet at least Class III standards and many meet Class IV standards. Class IV specifications require runways with a minimum length of 4,500 feet to permit landing under 90 percent of anticipated wind conditions. Class III specifications require similar runways with a minimum length of 3,500 feet. Actually the Class III runways are averaging 4,000 feet and Class IV about 5,000 feet in length. Widths have also been increased from 100 to 150 feet."

On motion of Mr. Davis, this report was received for record, and the President of the University was authorized to transmit the full report and program to the Federal authorities and to take all necessary steps to promote the program.

INSURANCE ON DENTAL, MEDICAL, AND PHARMACY BUILDING

(33) The following request has been received by the Secretary of the Board of Trustees and the President from the National Retailers Mutual Insurance Company and is hereby presented to the Board:

April 6, 1942

*Board of Trustees
University of Illinois
Urbana, Illinois*

GENTLEMEN:

At the request of your purchasing office the writer submitted a bid for Fire and Extended Coverage on the Chicago Dental School property. This bid proposed to place the insurance under the policy of the Building Owners Federation of Mutual Fire Insurance Companies. The premium quoted was \$1,368.89, which is subject to the participating dividends declared by the companies in the group. These dividends have for some years been 50% of the premiums and thus offer the prospect of a saving of \$684.44.

The Secretary of the Board and Comptroller have informed me that the Board decided to place insurance with companies at a premium of \$1,368.89 without participating provisions. From other information I believe that the action of the Board was influenced at the time it was taken by the introduction of information that was incorrect and was based upon a misunderstanding, which has been cleared up.

In view of the fact that you can still take advantage of the saving, and of the fact that the insurance was placed with the present carriers under a misapprehension for which no doubt they were in part responsible, I would appreciate your reconsideration of the bid presented January 20th. Information concerning the group of mutual companies comprising the Building Federation is attached for your convenience.

Thanking you for your consideration, I am

Yours very truly,

C. F. VAUGHAN

The Comptroller reported that five-year policies had been taken in the companies according to the action of January 24, 1942 (Minutes, page 757), but that these policies could be cancelled and the insurance placed with mutual companies to effect a saving.

No action was taken on this matter.

SOCIAL ADMINISTRATION CURRICULUM

(34) On January 24, 1942 (Minutes, page 750) I presented to the Board a recommendation from the Dean of the College of Liberal Arts and Sciences that

the professional or fifth year of the Social Administration Curriculum be suspended, because the small number of students who have taken this training does not justify the expense, unless sufficient funds are available to develop this curriculum as a part of a major program of "Public Administration Training" so that it will be attractive to more students. The Board referred this recommendation to the President of the University for further study and report on the program necessary to make this curriculum comprehensive and outstanding. I submit the following chronological progress report:

On January 26 I advised the Dean of the College of Liberal Arts and Sciences that in the judgment of the Board every effort should be made to retain the Social Administration Curriculum and to improve it so that it will be professionally recognized and accredited.

On March 3 the Dean reported on a conference which he had had with Mr. Chester R. Davis of the Board of Trustees, Dean Edith Abbott of the School of Social Administration of the University of Chicago, Dr. R. B. Allen, Executive Dean of the Chicago Colleges, Dr. Paul L. Schroeder, Director of the Institute for Juvenile Research, and Dr. Harry S. Hoffman, State Alienist.

On March 4 the Dean recommended that he be authorized to engage one of the individuals suggested by Dean Abbott to make a survey of the situation with a view to determining whether there is need for a School of Social Service Administration at the University of Illinois. I authorized him to do so, and on the same day he wrote Miss Agnes Van Driel of the Bureau of Public Assistance, Social Security Board, asking her to undertake the study. On April 11 she replied that she was unable to accept the assignment. On March 14 a similar invitation was extended to Miss Elizabeth Wisner, Dean of the School of Social Work at Tulane University. She replied on March 20 that she could not leave her work to do this. On March 24 the Dean wrote Miss Marion Hathway, President of the American Association of Social Work, to inquire if she could make the study; she replied on April 6, regretting that she could not do this, but suggested either Mrs. Alice Shea of the faculty of the School of Social Work of the University of Minnesota, or Miss Leona Massoth, Executive Secretary of the American Association of Schools of Social Work.

On April 7 the Dean wrote Dr. Arlien Johnson, Dean of the School of Social Work of the University of Southern California, to inquire if she would be available. If she is not, he proposes to turn to either Mrs. Shea or Miss Massoth.

In the meantime the budget for the Social Administration Curriculum for 1942-1943 is being prepared on the same basis as for the current year, so that funds will be earmarked for this program pending the outcome of the proposed survey.

This report was received for record.

CONTRACTS FOR ADDITIONS TO SHEEP FEEDING AND SWINE FEEDING SHEDS

(35) The Director of the Physical Plant Department submits the following schedule of bids received for additions to the Sheep Feeding and Swine Feeding Sheds of the Agricultural Experiment Station:

| <i>Bidders</i> | <i>Sheep Feeding Shed</i> | <i>Swine Feeding Shed</i> | <i>Combined Bid</i> |
|-------------------------------|-----------------------------------|-----------------------------------|-------------------------|
| King & Petry, Champaign..... | \$3 971 | \$2 573 | \$5 500 |
| Corkery, T. J., Urbana..... | 4 643 | 2 976 | 7 619 |
| DeAtley, E. N., Champaign.... | 4 730 | 3 035 | 7 665 |

The lowest bidders are King and Petry on all three proposals. They made an error of \$1,000 in listing their combined bid (it should have been listed at \$6,500 instead of \$5,500), which the Director recommends be disregarded in view of their explanation as follows:

"With reference to our bids on the addition to the Sheep Feeding Shed and the addition to the Experimental Swine Feeding Shed, we wish to call your attention to a clerical error in combining the two bids, the total should be \$6,500 instead of \$5,500. I called attention to this at the time the bids were opened. We made a small deduction for the combined bid, but I'm sure you will appre-

ciate it was not our intention to deduct \$1,000 for the combined bid in these small jobs."

Under War Production Board rules the University would probably be prohibited from entering into any single contract for construction of as much as \$6,500. The Director therefore recommends that contracts be awarded separately on the two jobs to King and Petry at \$3,971 for the Sheep Feeding Shed and \$2,573 for the Swine Feeding Shed.

I concur in this recommendation, and I recommend further that assignments of \$3,971 for the Sheep Feeding Shed and \$2,573 for the Swine Feeding Shed be made from the State appropriation for building remodeling for the current biennium.

On motion of Mr. Jensen, these contracts were authorized, and the appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

ADJUSTMENTS IN BUDGET FOR 1941-1942

(36) In approving the budget for 1941-1942 the Board of Trustees authorized the President of the University to make such changes and adjustments as are necessary. Pursuant to this authorization the following adjustments were made in the operating budget during the fiscal quarter ending March 31, 1942:

Temporary addition to current budget: Spanish and Italian salaries to provide for the following appointments:

| | |
|--------------------------|--------------|
| Martha G. Montooth..... | \$150 |
| James F. Marshall..... | 150 |
| Eugene F. Bradley..... | 150 |
| Constance N. Garber..... | 150 |
| <i>Total</i> | <u>\$600</u> |

On motion of Mr. Jensen, these adjustments were approved and confirmed, and the appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

LEAVES OF ABSENCE—SUPPLEMENTARY

(37) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case:

Jesse Myers, an employee in the Physical Plant Department, disability leave with full pay for a period of twenty weeks from March 3, 1942, or as much thereof as may be necessary.

Leaves of Absence for Military Service

(The leave in each case is without salary.)

Fred Shapiro, Instructor in Orthopaedics (Rush), from April 1 through August 31, 1942.

George B. Brown, Assistant Order Librarian, from May 16 through August 31, 1942.

Extensions of Leaves of Absence

The following extensions of leaves of absence formerly granted members of the staff for military service, without pay, for the period indicated in each case: Fred Herzberg, Instructor in Dental Anatomy and Research Assistant in Histology, from August 1 through August 31, 1942.

F. F. Kanthak, Head of the Medico-Dental Diagnostic Clinic and Assistant Professor of Oral Surgery and Oral Pathology, from June 19 through August 31, 1942.

On motion of Mrs. Grigsby, these leaves were granted as recommended.

**CONTRACT FOR ELEVATOR IMPROVEMENTS IN
RESEARCH AND EDUCATIONAL HOSPITALS**

(38) The Director of the Physical Plant Department submits the following bids received for repairing, remodeling, and adding to the five electric passenger elevators in the Research and Educational Hospitals:

| | <i>Bid 1</i> | <i>Bid 2</i> |
|---|--------------|--------------|
| Houghton Elevator Co., Chicago..... | \$10 737 | \$3 883 |
| Otis Elevator Co., Chicago..... | 10 660 | 2 740 |
| Westinghouse Electric Elevator Co., Chicago | 11 080 | 3 450 |

Bid 2 consists of essential maintenance work. Bid 1 includes all work covered by Bid 2 and, in addition, other maintenance work not so essential as well as certain modernization improvements. In view of the large percentage of critical materials used in connection with any elevator work, and in view of the more serious situation in the national emergency since the drawings and specifications for this work were completed, the Director does not at this time recommend the award of a contract based on Bid 1. He recommends the award of the contract to the Otis Elevator Company, the lowest bidder, on the basis of its Bid 2 in the amount of \$2,740, the expense to be charged against the State appropriation for the biennium of 1941-1943 for improvements in the Research and Educational Hospitals.

I concur.

On motion of Mr. Cleary, this contract was authorized as recommended.

PURCHASES RECOMMENDED—SUPPLEMENTARY

(39) A recommendation that the following purchases be authorized:

Laboratory apparatus and supplies (115 items) as per list which is hereby given to the Secretary of the Board for record, from the following dealers, these being the lowest bidders, in the amounts indicated:

| | |
|--|-------------------|
| Schaar and Company, Chicago..... | \$3 787 26 |
| Wilkins-Anderson Company, Chicago..... | 2 580 32 |
| E. H. Sargent and Company, Chicago..... | 917 89 |
| A. Daigger and Company, Chicago..... | 541 87 |
| Chicago Apparatus Company, Chicago..... | 325 55 |
| Central Scientific Company, Chicago..... | 192 24 |
| W. M. Welch Manufacturing Company, Chicago.... | 108 08 |
| <i>Total</i> | <u>\$8 453 21</u> |

This equipment and supplies are for the General Chemical Stores, and the cost is chargeable to the revolving fund for that purpose.

Twelve pianos for the School of Music from:

| | |
|---|-------------------|
| Lyon & Healy, Chicago, 5 pianos..... | \$2 384 78 |
| R. J. Cook, Evanston, 3 pianos..... | 835 00 |
| Cable Piano Company, Chicago, 4 pianos..... | 1 280 00 |
| <i>Total</i> | <u>\$4 499 78</u> |

It is not feasible to obtain competitive quotations on pianos, as it is necessary to select specific instruments. Selections were made by the Director of the School of Music, and quotations were submitted on the instruments selected.

On motion of Mr. Davis, these purchases were authorized.

FELLOWS COAL BURNER AND FURNACE PATENTS

(40) Assistant Professor J. R. Fellows, of the Department of Mechanical Engineering, has developed, on his own time and at his own expense, a conversion burner for furnaces, a device for burning coal smokelessly. He applied for and secured a patent on this device, which he assigned to the University of Illinois Foundation as a contribution to that organization. He has also developed a general design principle applicable to all hand-fired, coal-burning devices (such

as stoves, water heaters, and other burners). By authority of the Board of Trustees he applied for and has been allowed a patent on this device, which he has assigned to the University.

The University of Illinois Foundation has been negotiating with the Majestic Stove Company, Huntington, Indiana, for the commercial development and marketing of both devices in Illinois, Indiana, Ohio, and parts of Michigan. Since one of the patents is owned by the University and the other by the Foundation, consideration should be given by the Board of Trustees to either assigning the patent it holds to the Foundation or negotiating directly with the Majestic Stove Company.

On motion of Mr. Davis, this patent was assigned to the University of Illinois Foundation.

At this point, on motion of Mr. Jensen, the Board went into executive session.

ADVANCE OF FUNDS FOR ENGINEERING TESTS FOR U. S. GOVERNMENT

(41) Professor W. M. Wilson, of the Department of Civil Engineering, has been requested by Federal authorities to do certain testing work in the laboratories of the College of Engineering relating to defense. The test is an important one. Few laboratories in the country have the required facilities, and perhaps no other laboratory has a man of Professor Wilson's experience and ability to do this work.

Since it is the usual Government procedure not to pay for tests for such services until they have been rendered, it will be necessary for the University to advance an amount of funds from \$10,000 to \$20,000 for materials, equipment, salaries, and labor. After consulting the President of the Board of Trustees, I authorized the Dean of the College of Engineering to proceed immediately with this work, the University to advance the necessary funds with the understanding that it will be reimbursed by the Government under a formal contract.

On motion of Mr. Davis, the action of the President of the University in authorizing these tests was approved and confirmed, and the advance of funds was authorized, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

USE OF AUTOMOBILES

(42) A letter has been drawn up by Director Havens covering the use of University automobiles. Unless the Board sees reason to do otherwise, this letter will be sent to the members of the staff.

This report was received for record.

COMMERCIAL BROADCASTS

(43) A commercial sponsor asks permission to broadcast a number of programs featuring the University band.

Mr. Wright presented this matter in detail.

The Board was not willing to approve such broadcasts.

USE OF WOMAN'S BUILDING FOR PHYSICAL EDUCATION FOR MEN

(44) Because of the loss of space for Physical Education for Men caused by the assignment of the Old Gymnasium and the Gymnasium Annex to the Navy program, Director Staley requests permission to use space in the Woman's Building (including the swimming pool) for the program of Physical Education for Men.

On motion of Mrs. Grigsby, this request was not granted.

AVIATION MEDICINE

(45) A statement on the progress of research and the probable cost of remodeling in the Research and Educational Hospitals to provide facilities for two units for research in aviation medicine.

Dean Allen presented this matter.

On motion of Mr. Davis, the President of the University was authorized to develop plans for this project, with the idea of using the appropriation for remodeling the Research and Educational Hospitals for this and similar projects that will have priorities.

SALE OF WAR BONDS TO MEMBERS OF THE STAFF

(46) A request for authority to arrange for the sale of war bonds to members of the staff. This will involve an appropriation of \$1,500 to the Comptroller's office for clerical help, printing, etc., and an advance of funds for the purchase of bonds if a stock is to be kept on hand.

Mr. Morey presented this matter.

On motion of Mr. Davis, the Comptroller was authorized to arrange to take orders and payment for war bonds from members of the staff and to secure the bonds from a local agency. The advance of funds for keeping bonds in stock did not seem necessary. The appropriation of \$1,500 was made by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

COMMON STOCK OF FISHER CLINIC

At this point, Mr. Davis made a statement on the possibility and the desirability of purchasing the common stock of the Fisher Clinic.

This matter was referred to the Committee on Chicago Departments.

REPORTS OF FINANCE COMMITTEE

Mr. Karraker, for the Finance Committee, reported as follows:

The Comptroller reports surplus cash of \$25,000 in student loan funds because of the decrease in demand for student loans and improvement in collections. The Finance Committee, on advice of investment counsel, recommends the purchase of \$25,000 Reconstruction Finance Corporation 1½% notes, due July 15, 1943, at the current market of approximately 100 to yield 0.68% to maturity.

On motion of Mr. Karraker, this investment was authorized.

Mr. Karraker, also for the Finance Committee, reported a recommendation that funds received from the estate of Lydia E. Bates be invested in the following securities (purchases of which have already been authorized) in sufficient amount to bring the holding in each security to a maximum of \$25,000.

| Approved for \$20,000 each: | Price | Yield |
|---|-------|-------|
| Niagara Lockport & Ontario, 5%, 1955..... | 110¾ | 3.94 |
| Safe Harbor Water Power, 4½%, 1979..... | 109½ | 4.02 |
| Idaho Power, 3¾%, 1967..... | 109¾ | 3.18 |
| Approved for \$10,000 each: | | |
| Commonwealth Edison, 3½%, 1968..... | 110¾ | 2.95 |
| Oklahoma Gas and Electric, 3¾%, 1966..... | 107¾ | 3.27 |
| Wilson & Company, 4%, 1955..... | 105½ | 3.47 |

On motion of Mr. Karraker, these investments were authorized.

LETTER FROM THE ATTORNEY GENERAL

Mr. Davis presented the following letter which he had received from the Attorney General relating to the powers of the Board.

March 25, 1942

*Hon. Chester R. Davis, Trustee,
University of Illinois,
69 West Washington Street,
Chicago, Illinois.*

DEAR SIR:

I have your recent communication, in which you inquire whether or not the Board of Trustees of the University of Illinois may conduct its business through committees, and if said board may expend funds for the purpose of paying the salaries of officers and employees of an Alumni association or foundation, and other expenses incidental to such an organization.

In connection with your first question your attention is directed to that portion of Paragraph 42, Chapter 144, Illinois Revised Statutes 1941, which reads as follows:

" . . . Said board of trustees may appoint an executive committee of three chosen out of their own number, which committee, when said board is not in session, shall have the management and control of the University, and of its affairs, and for that purpose shall have and exercise all the powers which are necessary and proper for such object, except in so far as the board may reserve such powers to itself and any power granted at any time by said board to such executive committee, the board may at any time revoke . . . "

Under the foregoing provision of the statute it appears that the powers of the Board of Trustees of the University of Illinois are to be exercised by that corporate body except as expressly provided therein. The statute authorizes the appointment of an executive committee, which may exercise the powers of the Board of Trustees when the latter is not in session. The board, however, may limit the scope of the activities or powers of such executive committee as it sees fit.

It is my opinion that the Board of Trustees may not legally delegate any of its power or authority to any other committee. Of course, the board may appoint committees from its membership to consider any matter requiring the attention of the board, but a committee so appointed would be limited in its authority merely to reporting its recommendations to the board or the executive committee, and to performing strictly ministerial acts. Such committee could not legally be delegated the power of exercising any discretionary authority vested in the board.

In reply to your second question you are advised that I have examined the current appropriation to the University of Illinois (Senate Bill No. 491, Sixty-second General Assembly, Approved July 1, 1941, Session Laws 1941, P. 239). and I find no item therein which could be legally expended for the purpose of paying the expenses of an Alumni association or foundation, or the salaries of officers or employees of such an organization. It is, therefore, my opinion that the Board of Trustees of the University may not use funds appropriated to the University by the General Assembly for such purposes.

Very truly yours,

GEORGE F. BARRETT
Attorney General

The Secretary read the following memoranda prepared by the Comptroller and the Secretary of the Board with reference to the method of preparing the budget and the powers of the Board under the laws.

MEMORANDUM ON BUDGET PROCEDURE

Budget making at the University of Illinois divides itself broadly into two phases:

(a) Biennial budget prepared for presentation to state officials and to the General Assembly as a basis for appropriations by the General Assembly.

(b) Internal budget compiled annually for approval by the Board of Trustees to cover allocations to the various departments and operations of the University.

The biennial budget deals only with those funds which are handled through the State Treasurer. Among these funds are included all appropriations from the general revenue of the state, appropriation of federal funds received by the state for the use of the University, and appropriation of general income of the University from student fees, sales of products, and miscellaneous sources. It does not include trust funds received directly by the Board, and federal funds paid directly to the Board to be used for specific purposes. Under the Finance Act such funds are kept in and disbursed from the treasury of the University. The internal budget covers all of these funds, but is prepared only for one year at a time.

The biennial budget of the University is analyzed in accordance with the provisions of the State Finance Act. This Act requires that appropriations be made under the following standard headings: salaries and wages; office expense; travel; operation; repairs and equipment; permanent improvements; contingencies.

Appropriations to the University are made only under these headings, appropriations for permanent improvements being made for specific improvement items. The University Appropriation Bill does not provide specific appropriations to any individual department or activity of the University but makes appropriations to the University as a whole under the headings required in the State Finance Act.

The appropriations made by the state are allocated in the internal annual budget to the various departments, offices, and activities. The allocations to each department or office are made under the various classifications appearing in the Appropriation Bill.

For many years the University has had a Division of Alumni Relations and Records. A detailed budget for this Division is included in the annual budget approved by the Board of Trustees. The amounts allocated to this budget are distributed among the items of the State Appropriation Bill of the University, namely: salaries and wages; office expense (including printing and publications); travel; repairs and equipment. In the internal budget the salaries of individuals included under salaries and wages are stated individually. In making disbursements of expenditures on account of the Division of Alumni Relations and Records, itemized vouchers are prepared from time to time and certified on behalf of the Board of Trustees against the various state appropriations made to the University. All such vouchers have been regularly paid by the Auditor of Public Accounts year after year. In several cases portions of the salaries of individuals included in this budget are paid by the Alumni Association which these individuals also serve on part time. Such payments are made directly by the Alumni Association. The amounts of such payments are agreed upon between the Association and the University.

The Board of Trustees also makes an appropriation to the University of Illinois Foundation for services rendered by the Foundation to the University. This appropriation is made under the head of operation. Vouchers are drawn monthly for payment to the Foundation for its services, and these vouchers are certified by the University against state appropriations for operation. Such vouchers have been regularly paid for several years by the Auditor of Public Accounts. These payments are received by the Foundation, and from them disbursements are made for personal services, office expense, travel, and other expenses incurred by it in rendering service to the University of Illinois.

LLOYD MOREY
Comptroller

MEMORANDUM ON LETTER OF THE ATTORNEY GENERAL
TO MR. CHESTER R. DAVIS

The Attorney General states: "Of course the Board may appoint committees from its membership to consider any matter requiring the attention of the Board, but a committee so appointed would be limited in its authority merely

to reporting its recommendations to the Board or the Executive Committee, and to performing strictly ministerial acts." This seems to me to answer in the affirmative the question whether the Board has the legal power to adopt a by-law to provide that matters may be referred to committees of the Board for study and report before being brought before the Board in a meeting. Moreover, this is in line with the provision in the Act of February 28, 1867, Section 1, which says in part that the Board shall have power "to make and establish by-laws, and to alter or repeal the same as they shall deem necessary, for the management or government, in all its various departments and relations," of the University.

The Board, in various acts of the General Assembly, is authorized and empowered to organize, implement, and operate a university with whatever funds it can secure from various sources, including taxation, federal grants, endowments, fees, and gifts. What a university is or does, is not defined. It would therefore seem reasonable to assume that our Board is authorized and empowered to do in its discretion all those things, and to engage in all those activities, that are done and engaged in by reputable universities. The Board is not a ministerial agency, but is made "a body corporate and politic . . . shall have perpetual succession, have power to contract and be contracted with, to sue and be sued, to plead and be impleaded, to acquire, hold, and convey real and personal property . . . to make and establish by-laws, and to alter or repeal the same as they shall deem necessary, for the management or government, in all its various departments and relations," of the University.

Although many activities and offices are not mentioned by name, the phrase "in all its various departments and relations" would be held to include such things as deans, registrars, comptrollers, editors, directors, secretaries, alumni recorders, personnel bureaus, presses, and other functions deemed by the Board as necessary for the prosecution of its object, the operation of a university. The language is specific and specifically grants broad and full powers to the Board. That the General Assembly has been satisfied is evidenced by its acts appropriating greater funds and giving greater powers and responsibilities to the Board from time to time.

H. E. CUNNINGHAM
Secretary

This matter was referred to the Committee on General Policy for study and report.

REPORT OF COMMITTEE ON GENERAL POLICY

Mr. Davis, for the Committee on General Policy, reported on recommendations for leaves of absence (Items 3, 4, 5, 6, and 7, Minutes of March 10, 1942, pages 804-810) referred to that committee.

The Committee approved the leave of absence for Dean C. M. Thompson on March 20, and the retirement of R. F. Downs on April 3.

The Committee recommends that the leaves recommended in Item 5 and the sabbatical leaves be granted as requested for next year (subject to requests for withdrawal without prejudice from R. W. Bartlett, P. E. Johnston, and J. M. Mathews, already received).

The Committee further recommends that for the duration of the emergency the granting of sabbatical leaves be suspended, except in cases where the leave is (a) directly related to the war effort or (b) demonstrably to the benefit of the University. These criteria should be applied also to requests for leave for civilian war work.

With respect to Item 7, war service policy and programs, the Committee recommends that definite principles should be adopted to govern our course, that the University should do everything possible to further the war effort, but that the principle must be recognized that the primary duty of the Board is to maintain the educational program of the University to the fullest and most effective extent possible. The Committee recommends that the President and the faculty should immediately give further study to an accelerated program, either in three semesters or four quarters, and report to the Board.

The Committee also recommends that the President be directed to require

a physical examination for all new employees added to the staff, and that annual physical examinations of all faculty members and employees be required thereafter.

On motion of Mr. Davis, these recommendations were adopted.

REPORT OF COMMITTEE ON PATENTS

Mr. Adams, for the Committee on Patents, presented a recommendation that the action of the President in releasing the discoveries of Professor Fuson and Mr. Shive (see page 843) be confirmed, and that the Board concur in the release of the discoveries of Professor Deem.

On motion of Mr. Adams, these recommendations were adopted.

PURCHASE OF LAND IN CHICAGO

Mr. Adams, for the Committee on Buildings and Grounds, reported that nine parcels of land near the Chicago campus had been purchased at tax sale for \$18,440, and introduced Mr. R. H. Sampson who reported further that two other parcels are under contract, one is offered subject to taxes, four are subject to suit to purchase under tax delinquency, and one can be purchased at an advance of perhaps twenty per cent over the valuation of the Real Estate Board.

This report was received for record.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

May 16, 1942

The May meeting of the Board of Trustees of the University of Illinois was held at the Chicago Illini Union Building, in Chicago, at 10:30 a.m. on Saturday, May 16, 1942.

The following members were present: President Meyer, Mr. Adams, Mr. Cleary, Mr. Davis, Mrs. Grigsby, Mr. Livingston, Mr. Wieland.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and Mr. J. F. Wright, Director of Public Information

MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

APPOINTMENT OF JERRY FARNSWORTH AS CARNEGIE VISITING PROFESSOR OF ART

(1) The Dean of the College of Fine and Applied Arts recommends the appointment of Mr. Jerry Farnsworth, professional painter, Sarasota, Florida, as Carnegie Visiting Professor of Art for one year from September 1, 1942, at a salary of \$4,000. Funds for this position are provided from a grant of \$20,000 made by the Carnegie Corporation for a five-year period to enable the College of Fine and Applied Arts to secure professional artists as visiting professors.

I concur in this recommendation.

On motion of Mrs. Grigsby, this appointment was made as recommended.

APPOINTMENT OF ERRETT W. McDIARMID AS ASSISTANT DIRECTOR OF THE LIBRARY SCHOOL

(2) The Director of the Library School recommends the appointment of Dr. Errett W. McDiarmid, now Assistant Professor of Library Science, as Assistant Director of the Library School for one year effective September 1, 1942, and Associate Professor of Library Science on indefinite tenure, at an annual salary of \$4,200 for the two positions.

I concur in this recommendation.

On motion of Mr. Livingston, this appointment was made as recommended.

AWARD OF C. P. A. CERTIFICATES

(3) A recommendation that Harold Spong and Russell T. Johnson be awarded the Certificate of Certified Public Accountant as a result of their standing in the November, 1941, C. P. A. examination.

These candidates were reported in the original report as failing in the Commercial Law section of the examination and passing in other parts of the examination. They requested a review of their papers, and the Board has now certified that the grades in the Law section have been raised to the passing mark. They have satisfied in full all the requirements specified in the law and regulations for the C. P. A. certificate.

These certificates should be issued as of March 10, 1942, the date when the other successful candidates in the November, 1941, C. P. A. examination were awarded certificates by the Board.

On motion of Mr. Davis, these certificates were awarded as recommended.

ADVISORY COMMITTEE FOR THE DEPARTMENT OF CERAMIC ENGINEERING

(4) The Head of the Department of Ceramic Engineering and the Dean of the College of Engineering recommend the following appointments to the Advisory Committee for the Department of Ceramic Engineering to serve for one year from January 1, 1942:

FRANK HODEK, JR., General Porcelain Enameling and Manufacturing Company, 2700 North Karlov Avenue, Chicago.

WILLIAM F. SCHLAKE, Illinois Brick Company, 228 North LaSalle Street, Chicago.

FRED L. STEINHOFF, Brick and Clay Record, 59 East Van Buren Street, Chicago.

E. H. VAN SCHOICK, Chicago Retort and Fire Brick Company, Ottawa.

FRITZ WAGNER, JR., American Terra Cotta Corporation, Builders Building, Chicago.

J. W. WRIGHT, Owens-Illinois Glass Company, Alton.

I concur in these appointments.

On motion of Mr. Davis, these appointments were made.

**ADVISORY COMMITTEE OF THE DEPARTMENT OF ANIMAL
PATHOLOGY AND HYGIENE**

(5) At the meeting of the Board on September 26, 1941 (Minutes, page 622), Dr. J. G. Blum, Veterinarian, of Normal, Illinois, was appointed as a member of the Advisory Committee of the Department of Animal Pathology and Hygiene. Doctor Blum has submitted his resignation as a member of this committee because of the fact that he is retiring from the veterinary profession. The Head of the Department of Animal Pathology and Hygiene and the Dean of the College of Agriculture recommend that his resignation be accepted and that Dr. J. G. Jenkins, of Shelbyville, be asked to serve in this capacity. I concur in these recommendations.

On motion of Mr. Davis, these recommendations were adopted.

LEAVES OF ABSENCE

(6) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case:

W. O. Brown, Associate in Pathology, disability leave with full pay from April 1 through June 30, 1942. Other members of the department are carrying on his work without additional expense to the University.

Joseph H. Kiefer, Associate in Surgery, disability leave with full pay from March 5 through September 4, 1942.

Walter H. Roettger, Associate in Physical Education for Men, Head Baseball Coach, and Assistant Basketball Coach, leave during the summer of 1942 with pay to conduct a coaching school for boys of high school age, under the sponsorship of the Chicago National League Baseball Team. Mr. Roettger will be at the University every week-end to take care of his office work and to keep appointments for conferences.

Leaves of Absence for Military Service

(The leave in each case is without salary.)

Richard E. Roberts, Instructor in Theory and Piano in the School of Music, from April 16 through August 31, 1942.

Hartley D. Price, Assistant Professor of Physical Education for Men, from June 6 through August 31, 1942.

H. I. Schmitt, Assistant Superintendent of Buildings in the Chicago Departments, from June 13 through August 31, 1942.

Leaves of Absence for Other Defense Services

H. W. Huegy, Assistant Professor of Business Organization and Operation and Research Assistant Professor in the Bureau of Economic and Business Research, from September 1, 1942, through January 30, 1943, without pay, to accept a position as Senior Business Economist in the Office of Price Administration, Washington, D. C.

On motion of Mr. Davis, these leaves were granted.

**FUTURE STATUS OF MEMBERS OF THE STAFF ON
LEAVE FOR WAR SERVICES**

(7) The policy adopted by the Board of Trustees governing leaves of absence for war services (January 24, 1942, Minutes, page 749) provides that members of the instructional, research, and administrative staff on limited tenure (that is, on annual or two-year appointments) may be granted leave of absence until the close of the current academic year, and that such leaves may be extended beyond September 1, 1942, in the discretion of the President. The policy also provides that members of the staff leaving the University under these conditions whose services have been satisfactory will be given preference in considering new appointments.

In the meantime, the question arises what shall be done with discontinued positions in the budget formerly held by members of the staff now on leave for military or other war services? Most of these persons are in the armed serv-

ices. Because of decreases in registrations in certain courses and other changing conditions, some of these positions are no longer needed in the judgment of the department concerned and are therefore being eliminated. This means that should former incumbents whose services have been entirely satisfactory return to the University there will be no positions available for them in their departments nor in other departments. Under the regulations passed by the Board of Trustees, is the University bound to carry these positions in its budget from year to year until the end of the war or is it justified in discontinuing them at the end of the current appointment year, or in the cases of those whose leaves are extended, at the end of a future year when such positions are no longer needed?

The Board was of the opinion that it was the duty of the President to curtail and eliminate positions that were not needed; that every effort should be made to employ or to place men when they return, but that it is no responsibility of the University to employ anyone for whom work does not exist. The President was requested to send a memorandum on this matter to the members of the Board.

REGULATIONS GOVERNING MARY C. McLELLAN SCHOLARSHIP IN ART

(8) A bequest of the late Mary C. McLellan, of the Class of 1888, established an endowment of the Mary C. McLellan Scholarship, a traveling scholarship in art. The Board of Trustees on May 28, 1940 (Minutes, page 946), approved a recommendation from the Department of Art that the scholarship be awarded biennially, providing a stipend of \$1,200 on the estimated income. Because of diminishing returns from the invested funds, the Head of the Department of Art and Chairman of the Mary C. McLellan Scholarship Committee recommends that the stipend of this scholarship be changed to \$1,000. He further recommends the adoption of the following regulations governing the award:

Purpose—The Mary C. McLellan Scholarship in Art, consisting of a biennial award of one thousand dollars, shall be used to further professional development of art students of high promise, through beneficial travel and/or study at an approved institution, or with a private master of recognized standing that will further the professional accomplishment already attained.

Eligibility—The Scholarship will be open to students of American citizenship who have been in residence for two (not necessarily consecutive) years in the Department of Art of the University of Illinois and meet the following requirements: (a) Recognized standing as graduating senior in the year the award is made, or graduating senior in the year preceding the date of award. (b) Applicant shall not be over twenty-five years of age, as of June first of the year application is made. Exception shall be made in the case of students who have performed military service for our country—in which case the age limit shall be extended by the period of the candidate's actual performance of military service.

Basis of Award—This Scholarship will be awarded on the basis of unusual promise of professional success in the field of any option administered by the Department of Art as evidenced by: (a) High attainment in the applicant's major field of study as attested by his academic standing; (b) High attainment in related professional and cultural fields as attested by academic standing; (c) Excellence of personality, seriousness of purpose, high moral character, and good citizenship.

Conditions—(a) Applicants must file a written statement of purpose with the Committee on the prescribed date, outlining objectives and proposed use of funds. (b) Application must be accompanied by evidence of professional skill in the form of work executed here or elsewhere. (c) The right is reserved to withhold the granting of this Scholarship for any year in which no student of sufficiently high professional promise and sound academic standing competes.

(d) Any student winning this Scholarship who is inducted into the armed forces of our country may elect to have the award deferred until his honorable discharge from such forces.

Award—Award will be made to that candidate who, in the opinion of the Committee, appears to possess the greatest promise and stands in position to benefit most significantly from the advantages offered by this Scholarship. The Committee shall name two honorable mentions. The recipients of such mentions shall serve respectively as first and second alternates to the winner.

Period of Travel and/or Study—The period of work must extend over the equivalent of a full academic year of nine months. The complete program must be approved by the Committee.

Fulfillment—(a) The winner must keep the Committee informed of progress throughout the period of the Scholarship. (b) In case of lack of seriousness of purpose or conduct unbecoming a holder of this Scholarship, the incumbent may be ordered home and funds discontinued. (c) At completion, the winner must present evidence of accomplishment by means of an exhibition, a public lecture, a written report, or other means acceptable to the Committee.

Payment—Payment to the winner will be made in four installments that will take into account such factors as term tuition, transportation costs, and expense entailed in setting up a special project.

On motion of Mrs. Grigsby, these recommendations were adopted.

SUSPENSION OF FRANCIS J. PLYM FELLOWSHIP IN ARCHITECTURE

(9) The Francis J. Plym Fellowship in Architecture is an annual award of \$1,200 to provide for a year's study and travel abroad for the winning contestant in a design competition. The fellowship was endowed by the late Francis J. Plym of the Class of 1897. (He also endowed a Traveling Scholarship in Architectural Engineering which provides a stipend of \$1,200 for a year's study and travel in the United States, which is also awarded on a competitive basis.)

During the First World War the University discontinued offering the fellowship, and the committee which administers the competition has recommended that the fellowship be discontinued after 1942-1943 for the duration of the war, due to the increased cost of living, the necessity of travel by train, the necessity of confining the travel to this country, and the fact that most of the competitors may be liable for military service.

I concur in this recommendation.

On motion of Mr. Davis, this recommendation was adopted.

BEQUEST OF MARY TROWBRIDGE HONEY

(10) The late Mrs. Mary Trowbridge Honey, of Wayne, Nebraska, an alumna of the University of Illinois, A.B. 1915, A.M. 1916, and Ph.D. (Classics) 1922, has bequeathed to the University the sum of \$1,000 for a loan fund to students in the Department of the Classics. Counsel in the administration of her estate was informed of the regulations of the Board of Trustees governing the administration of student loan funds and has advised that he sees nothing in them contrary to the provisions of the will and the wishes of the testatrix. The University has received a check in payment of the bequest, and I have authorized the Comptroller to accept payment and administer the fund accordingly.

On motion of Mrs. Grigsby, this action was approved and confirmed.

ILLINI UNION SERVICE CHARGES

(11) The changes in the academic calendar providing for a twelve-week summer quarter in the Urbana Colleges and Schools and the adoption of a quarter system for the Chicago Colleges necessitate a revision in the Illini Union service charges.

The Illini Union Board (Urbana) recommends a service charge of \$3.50 for the full summer term, or \$1.75 for each six-week term, effective June 8 (the service charge for the former eight-week summer session was \$2.50).

The Chicago Illini Union Advisory Board recommends the following charges, to become effective June 15, 1942: "A charge of \$3.50 per quarter (12 weeks) shall be made for students enrolled in the Chicago Colleges, to be applied as they register under the new quarter system. Any make-up work done during the 1942 summer session shall be charged under the previously approved summer session rate of \$2.50 for the eight-week term."

I concur in these recommendations.

On motion of Mr. Adams, these recommendations were adopted.

REFUNDS OF FEES IN CHICAGO COLLEGES

(12) Because of the change in the academic calendar of the Chicago Colleges from a semester to a quarter system, the Registrar and the Committee on Fees and Scholarships recommend the following regulation governing refunds of fees to students who withdraw from the Chicago Colleges:

"If a student withdraws within ten days after the beginning of instruction, his total fees (except the \$10 matriculation fee and the \$15 deposit) will be refunded. After ten days and before the expiration of one month, a refund of two-thirds of his total fees (except the matriculation fee) will be made. After one month and before the expiration of two months, a refund of one-third of these fees will be made. After the expiration of two months, no part of the fees will be refunded."

On motion of Mr. Adams, these regulations were adopted.

APPROPRIATION TO THE MEDICAL CENTER COMMISSION

(13) The Medical Center Commission, created by an act of the 62nd General Assembly and given certain specific powers and privileges, has no funds for operating expenses. The President of the Commission, Mr. Ray McCarthy, has requested each of the five governmental agencies¹ represented on this Commission to make an appropriation of \$1,000 to provide an operating fund for the balance of the calendar year.

I recommend that the Board of Trustees make an assignment of \$1,000 for this purpose, funds to be payable to the Commission only if similar grants are made by the other governmental agencies represented on it.

On motion of Mr. Livingston, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mrs. Grigsby, Mr. Livingston, Dr. Meyer, Mr. Wieland; no, none; absent, Mr. Fornof, Mr. Green, Mr. Jensen, Mr. Karraker.

ASSESSMENT OF UNIVERSITY BUILDINGS FOR GENERAL PROPERTY TAXES

(14) The tax assessor of Champaign Township has assessed the Men's Residence Halls for general property taxes. Unless steps are taken to have the property removed from the assessment rolls the tax will have to be paid. There is a possibility that the assessor of Cunningham Township will assess the Illini Union Building.

While the title to each of these buildings is in the University of Illinois Foundation, if the property be taxable the burden will eventually fall on the students and parents of students who live in the Residence Halls. The same is true in the case of the Illini Union Building if it is assessed. The University has a certain responsibility in doing what it can to assist the Foundation in resisting this attempt to tax properties which are used entirely for educational purposes.

Accordingly I have instructed the University Counsel to take any and all steps necessary to assist the Foundation in having the property removed from the assessment rolls.

On motion of Mr. Wieland, the action of the President in this matter was approved and confirmed.

¹The State of Illinois, Cook County, City of Chicago, Chicago Park Board, and the Board of Trustees of the University of Illinois.

PURCHASE OF COAL FOR URBANA DEPARTMENTS

(15) The Executive Committee of the Board of Trustees has authorized the purchase of 4,000 tons of raw screenings coal from the Globe Coal Company, Chicago (coal to be shipped from the mines in the Danville district), at a price of \$1.25 a ton f.o.b. mine. Quotations were secured from operators in the Danville district (operators in other areas of Illinois can not compete because of the differential in freight rates), and the award was to the lowest bidder. This is the same type of coal the University burns in its power plant (and for which the University is paying \$1.49 a ton under its existing contract), and the low price was quoted because the mine will have a surplus next month as a result of large orders for prepared sizes. A recommendation for this purchase has been submitted to the Governor in accordance with the requirements of the State Constitution.

Government spokesmen and representatives of the industry have been urging coal consumers to purchase and store coal against the possibility of shortages and transportation difficulties. Since prompt action was necessary to take advantage of this price and the availability of the coal, the matter was put up to the Executive Committee.

On motion of Mr. Davis, this report was received for record; and the action of the President was approved and confirmed.

PURCHASES AUTHORIZED

(16) A report of the following purchase authorized by the President of the University in accordance with the University Statutes:

Ten tons of all-purpose white lead in oil, from the Eagle Picher Lead Company, Chicago, the lowest bidder, at a price of \$1,910 f.o.b. Urbana.

On motion of Mrs. Grigsby, the action of the President was approved and confirmed.

PURCHASES RECOMMENDED

(17) A recommendation that the following purchases be authorized:

1. One 200-gallon CP Multi-Flo homogenizer, for the Department of Dairy Husbandry (Dairy Manufactures), from the Creamery Package Manufacturing Company, at a price of \$1,265. This equipment is needed because the Creamery is being called on to increase its supplies for the Naval Training Corps mess.

2. Fifty $\frac{1}{8}$ h.p. type O2S Baldor dental lathes, each with two chucks, for resale to students in the College of Dentistry through the Student Supply Store, from the Central Dental Manufacturing Company, Louisville, Kentucky, at a total cost of \$1,480. The Central Dental Manufacturing Company is the dealer for Baldor electric lathes, and Baldor has provided this dealer with price protection on these lathes.

3. The following instruments for resale through the Student Supply Store to students in the College of Dentistry: 502 miscellaneous dental pieces; 57 sets Krause files; 54 Mason enamel cleavers; 53 operative instrument sets, consisting of 54 pieces each;—from the Fara Manufacturing Company, Chicago, at a total cost of \$4,321.45.

4. The following items of equipment for resale to students in the College of Dentistry through the Student Supply Store: 54 Aluminal dentoforms; 54 No. L460 Ed. dentoforms; 54 No. 1000 Mink correlators; 1000 metal bushings for formers; 150 ivory teeth;—from the Columbia Dentoform Corporation, at a cost of \$1,867. These items are non-competitive and are sold at established prices.

On motion of Mr. Livingston, these purchases were authorized.

PATENT FOR PHOTOTUBES

(18) The Secretary of the Board reports the receipt of Canadian Patent No. 404,313 issued April 21, 1942, to the Board of Trustees of the University of Illinois on application Ser. No. 459,221 of Joseph Tykocinski Tykociner and Lloyd Preston Garner, and Jakob Kunz, deceased, by Anna Kunz, Executrix, for phototubes.

This report was received for record.

QUARTERLY REPORT OF THE COMPTROLLER

(19) The quarterly report of the Comptroller to the Board of Trustees as at March 31, 1942.

On motion of Mr. Livingston, this report was referred to the Finance Committee.

APPOINTMENTS TO SUMMER QUARTER TEACHING STAFF

(20) A recommendation that the following appointments be made to the teaching staff for the Summer Quarter of 1942 for the periods and at the salaries indicated.

The salaries of the positions recommended herein total \$178,595.84. The amount available for the Summer Quarter is \$222,920. Following is a summary of the allocations:

Academic salaries:

| | | | |
|---|--------------|--------------|---------------------|
| (Allocation, \$215,800) | | | |
| Appointments recommended..... | \$178 595 84 | | |
| Assignment to College of Agriculture | 4 000 00 | \$182 595 84 | |
| Administrative salaries and office expense..... | 7 120 00 | | \$189 715 84 |
| Unassigned reserve..... | | | 33 204 16 |
| <i>Total</i> | | | <u>\$222 920 00</u> |

The Director of the Summer Quarter recommends that the balance of \$33,204.16 be unencumbered to provide a margin against possible failure to realize the anticipated income from fees as well as a reserve for such adjustments as may be necessary and for additional administrative expenses not budgeted.

The appointments recommended provide for the offering of 923 courses in 59 departments, thus affording to almost all students opportunities of accelerating their progress toward graduation. There are, however, certain areas, e.g., Mining and Metallurgical and Chemical Engineering, where it is not practicable to make such provision, because the departments concerned report that almost no students anticipate attending during the Summer Quarter. Since the advanced courses in these departments are largely sequential in nature, it will be necessary to offer the full program during the first and second semesters next year, and it is practically impossible to staff the departments for such duplication.

In determining the salaries the Director of the Summer Quarter used the following formula:

1. In previous years the summer term was of eight weeks duration, whereas the present Summer Quarter is of twelve weeks. Members of the regular University staff who taught during the summer received compensation for such additional service at the rate of one-sixth of the salary for the regular academic year, with a maximum of \$900. This maximum has been retained in all salaries for the 1942 Summer Quarter.

2. For all staff members of the rank of Associate and above, the additional compensation recommended is on the basis of one-fifth of the annual salary for twelve weeks of teaching and one-tenth of the annual salary for six weeks of teaching. In the cases of staff members who are required to teach eight weeks instead of six, due to the necessity of extending certain graduate courses to eight weeks, the proposed compensation is at the rate of one-seventh of the annual salary.

3. The compensation of staff members who are on appointment for ten months is calculated on the basis of one-fourth of the annual salary for twelve weeks of teaching and one-eighth for six weeks of teaching.

The Director of the Summer Quarter also requests that \$4,000 be allotted to the Agricultural Experiment Station and Extension Service for the release of staff members in certain departments whose services may be required for instruction during the Summer Quarter. Members of the faculty who are also on the Experiment Station and Extension staffs are required to render twelve months of service in those capacities and therefore are not available for sum-

mer teaching unless released for a part of the time from their regular duties. Consequently, it is necessary to employ substitutes for that part of their time which they may be called upon for summer teaching. I recommend approval of this assignment on the condition that any unused balance will revert to the summer budget.

I further recommend that the President of the University be authorized to make such changes and adjustments, including additional appointments and the acceptance of resignations, as are necessary in accordance with the needs of the University.

On motion of Mrs. Grigsby, these appointments and allotments were made, and authority was granted to the President of the University as recommended.

FUNDS FOR BUILDING REMODELING FOR NAVAL TRAINING SCHOOL FOR SIGNALMEN

(21) The Board of Trustees on April 22 (Minutes, page 842) approved the release of \$60,000 from the State appropriation for building remodeling as an advance to cover the cost of remodeling and improvements in the Men's Old Gymnasium and Gymnasium Annex to provide quarters for the Naval Training School for Signalmen.

The cost of the work originally contemplated was accurately estimated, but subsequently the Navy officials have requested additional changes, and it is impossible to estimate the ultimate cost of this work. As of May 8 the expenditures totaled approximately \$92,000, and further changes are under consideration.

The Director of the Physical Plant Department therefore requests the re-

lease of an additional \$40,000 from the State appropriation for building remodeling as an advance for this construction work. Under its contract with the Navy the University will secure reimbursement, and it is estimated that this advance will be liquidated in approximately a year.

On motion of Mr. Wieland, this release of funds was authorized as recommended.

EMPLOYMENT OF STUDENTS WHO ARE NOT CITIZENS OF THE UNITED STATES

(22) The Board of Trustees on June 28, 1940 (Minutes, page 978), adopted a policy as follows: "No individual will be appointed to the faculty of the University of Illinois (with the exception of temporary appointments of distinguished scholars, scientists, and lecturers, or to visiting professors who are on the campus for definitely limited periods), or employed in other capacity who is not a citizen of the United States, unless he has declared his intention to become naturalized and formally takes the necessary steps to acquire citizenship. Any such appointment shall be on an annual basis and will be renewed only if the individual is making satisfactory progress toward becoming naturalized."

Under this policy no foreign student who is not becoming naturalized may be employed by the University. The Department of State has announced that as a result of abnormal war conditions and the fact that approximately 950 Chinese students now in the United States are unable to continue their studies (because of lack of funds) or to return to China, arrangements have been made with the Department of Justice to permit such students in need to accept employment. The announcement includes the statement: "A few Chinese scientific and technical students have already been employed by American industrial, transportation, and scientific organizations. It is hoped that additional students may be placed in American industry, and that other Chinese students may find employment in educational institutions, libraries, foundations, hospitals, publishing houses, et cetera."

I am bringing this to the attention of the Board for its consideration.

On motion of Mr. Cleary, the policy adopted in 1940 was amended to permit, for the duration of the war, the employment of students who are citizens of countries with which the United States is allied.

PATENT FOR MANUFACTURE OF LEVULOSE FROM JERUSALEM ARTICHOKE

(23) Dr. Ulrich Heubaum, Research Assistant in Chemistry, 1929-1932, developed a process for the manufacture of levulose (fruit sugar) from the Jerusalem artichoke. He secured a patent on this process on September 4, 1934, which he assigned to the University.

The Bowen Research Corporation of Garwood, New Jersey, has been experimenting with the production of levulose syrup and has inquired on what basis it could secure a license under the Heubaum patent. Within the last few weeks Dr. Duane T. Englis of the Department of Chemistry has prepared for publication an article describing the process on which he will apply for a patent, which he believes superior to that formerly used and patented by Heubaum. Consequently, the Bowen Research Corporation may be more interested in that process than in the Heubaum patent. I recommend that this be referred to the Committee on Patents with power to act after consultation with members of the Department of Chemistry and University officials concerned.

On motion of Mr. Adams, this recommendation was adopted.

INTERIOR PAINTING AND DECORATING IN NEUROPSYCHIATRIC INSTITUTE

(24) Under the agreement with the Department of Public Welfare, the University provides the building operation and maintenance for the Neuropsychiatric Institute, the Department reimbursing the University for the actual cost of such service. The Department has requested that the interior of the Neuropsychiatric Institute be painted and decorated, the work to be completed by May 31. The

Physical Plant Department secured bids for this work which were opened on May 13. In view of the completion date specified by the Department of Public Welfare, I authorized the award of the contract to the Franz Decorators, the lowest bidder, in the amount of \$5,590. A schedule of the bids is hereby given to the Secretary of the Board for record.

On motion of Mr. Livingston, the action of the President was approved and confirmed.

APPOINTMENT OF H. L. WALKER AS HEAD OF THE DEPARTMENT OF MINING AND METALLURGICAL ENGINEERING

(25) The Dean of the College of Engineering recommends the appointment of Associate Professor H. L. Walker, Acting Head of the Department of Mining and Metallurgical Engineering, as Professor of Metallurgical Engineering, and Head of the Department, on indefinite tenure, effective September 1, 1942, at an annual salary of \$5,000. After conferring with the members of the Department of professorial rank, I concur in this recommendation.

On motion of Mr. Wieland, this appointment was made as recommended.

APPROPRIATION FOR TOOL SHED

(26) A recommendation that an assignment of \$210 be made from the General Reserve Fund to the Physical Plant Department for the construction of a tool shed on the grounds of the President's House.

On motion of Mr. Davis, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mrs. Grigsby, Mr. Livingston, Dr. Meyer, Mr. Wieland; no, none; absent, Mr. Fornof, Mr. Green, Mr. Jensen, Mr. Karraker.

FUNDS FOR RESEARCH AND EDUCATIONAL PROGRAM ON THE INFLUENCE OF ATMOSPHERIC ENVIRONMENT ON THE HUMAN BODY

(27) On April 22 (Minutes, page 852) the Board approved in principle the use of the State appropriation of \$254,000 for the general remodeling of the Research and Educational Hospitals, for building changes, equipment, and installations to develop the research and educational program on the influence of atmospheric environment on humans, including problems relating to aviation, submarine, and military medicine.

The total estimated capital cost of this project in its various phases is \$190,200. This would include a low range air and pressure conditioned room, a high range air and pressure conditioned chamber, four and seven bed air conditioned spaces, and the necessary equipment and installations.

The total annual operating cost of this program after it is set up is estimated at \$26,700, but such funds would have to be provided from sources other than the capital appropriation. It may be possible to secure funds from the Federal Government or other agencies for a part of the capital or some of the operating costs.

I now recommend that the Board of Trustees earmark the sum of \$190,200 in the \$254,000 for remodeling the Research and Educational Hospitals for the capital cost of this project and that the sum of \$15,000 be immediately released for the architectural and engineering studies.

On motion of Mr. Livingston, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mrs. Grigsby, Mr. Livingston, Dr. Meyer, Mr. Wieland; no, none; absent, Mr. Fornof, Mr. Green, Mr. Jensen, Mr. Karraker.

APPOINTMENTS TO BOARD OF DIRECTORS OF THE ATHLETIC ASSOCIATION

(28) The By-Laws of the Athletic Association provide for the appointment of its Board of Directors by the Board of Trustees of the University on nomination of the President of the University at the annual meeting of the Board in

March. The Directors are appointed to serve until the next annual meeting or until their successors shall have been appointed. Since the present members of this Board have served only since July, 1941 (all of the members of the previous Board having resigned on July 9), it seemed to me that changes in this Board might well be deferred until a month beyond the annual meeting of the Board of Trustees.

About three years ago, and as a part of the reorganization of the Board of Directors when its number was increased from five to seven members, the Board of Trustees decided to follow a policy of periodical changes in the personnel of the Board of Directors in the interest of the diversified faculty and alumni representation. Normally this was understood to mean appointing one new faculty and one new alumni member each year who would replace the two members who had served the longest. At this time, however, a normal situation does not exist since all of the present members of the Board of Directors were appointed at the same time. Nevertheless, it is my judgment that the policy adopted by the Board of Trustees should be followed, and I am therefore recommending two changes.

I nominate the following for the Board of Directors of the Athletic Association to serve until the annual meeting of the Board of Trustees in March, 1943, or until such subsequent time as their successors have been appointed:

Faculty

M. T. McCCLURE, Dean of the College of Liberal Arts and Sciences.
 R. B. BROWNE, Director of University Extension and Director of the Summer Quarter.
 L. E. CARD, Professor of Poultry Husbandry.
 G. B. WEISIGER, Professor of Law.

Alumni

W. B. AMES, Class of 1917, Insurance Broker, 175 West Jackson Boulevard, Chicago.
 C. W. VAIL, JR., Class of 1922, Attorney, 1 North LaSalle Street, Chicago.
 CHARLES WHAM, Class of 1912, Attorney at Law, Centralia.

On motion of Mr. Livingston, these appointments were made as recommended, and the matter of the enlargement of the Board of Directors to provide for the appointment of a younger alumnus was referred to the Committee on Athletic Activities for study and report.

ILLINOIS EYE AND EAR INFIRMARY

(29) An Act of the Sixty-second General Assembly amending previous legislation in relation to the Research and Educational Hospitals makes possible the inclusion of the Illinois Eye and Ear Infirmary as one of the constituent units of the latter, under a plan of joint operation and management by the Department of Public Welfare and the University. The Board has on previous occasions expressed itself in favor of such an affiliation.

I recommend that the President of the University be authorized to conduct negotiations with the Department of Public Welfare and to report his recommendations to the Board.

On motion of Mr. Cleary, the President was authorized to conduct negotiations as recommended and to report to the Board in conference with the Committee on Chicago Departments.

MEDICAL EXAMINATIONS OF UNIVERSITY STAFF MEMBERS

(30) Estimates of staff, space, and budgetary requirements to carry out the program of physical examinations for all University staff members approved by the Board of Trustees on April 22.

Action on this was deferred.

STATUS OF THE UNIVERSITY COUNSEL

(31) The following letter from the Attorney General.

May 7, 1942

*Hon. Arthur Cutts Willard,
President, University of Illinois,
Urbana, Illinois.*

DEAR SIR:

You are hereby advised that I did, on April 22, 1942, accept the resignation of Sveinbjorn Johnson as an Assistant Attorney General and as so-called University Counsel for the University of Illinois.

You are further advised that, on May 7, 1942, I did accept the resignation of N. D. Hodges as Assistant to the University Counsel.

You are hereby further advised that no payments for compensation to the said Sveinbjorn Johnson as Assistant Attorney General and so-called University Counsel, and N. D. Hodges as Assistant to the University Counsel, shall be made subsequent to the dates aforementioned.

Yours very truly,

GEORGE F. BARRETT
Attorney General

In this connection, the Secretary read the following letter from the President of the University to the President of the Board.

May 9, 1942

*Dr. Karl A. Meyer, President
Board of Trustees, University of Illinois
Cook County Hospital
Chicago, Illinois*

DEAR PRESIDENT MEYER:

The enclosed letter from the Attorney General of Illinois under date of May 7, 1942, is self-explanatory. I am bringing it to your attention as President of the Board of Trustees first, because the question of Judge Johnson's status as a University officer is naturally of concern to the Board of Trustees; second (and this is of even greater importance), because the communication raises a fundamental issue of public policy, namely, the jurisdiction of one elected State official over another official body, the Board of Trustees of the University of Illinois, who are elected directly by the people of Illinois for the government and management in all its departments and relations of the University under the laws of the State. Under the constitution, statutes, and theory of government of Illinois, its elected State officials are independent of one another and their authority is derived directly from the electorate.

In a letter to Judge Johnson, the Attorney General states, "I do hereby accept your resignation as Assistant Attorney General and as so-called University Counsel, effective this date." (April 22, 1942). Judge Johnson has not submitted a resignation to the Attorney General or to anyone else. He does not now hold, nor in the 16 years he has been on the staff of the University of Illinois has he ever held, a position as Assistant Attorney General of Illinois. Several years ago Attorney General Oscar Carlstrom offered him an appointment as Assistant Attorney General, purely as a matter of courtesy, leaving it to the University to determine whether it desired such a formal appointment, but it was decided by the University administration that this would be an unwise move. The position of University Counsel which Judge Johnson holds was created by the Board of Trustees and he was appointed to it, following the retirement of the late Judge Oliver A. Harker after many years of service as Counsel for the University, by the Board in 1926, on recommendation of the President of the University. In other words, Judge Johnson holds his position as University Counsel and Professor of Law by virtue of his appointment by the Board of Trustees.

That the University must provide its own legislative counsel is made clear not only by the practice of previous Attorneys General, but in a direct statement on the point by the present Attorney General who on April 1, 1941, wrote as follows: "In view of the fact that bills enacted by the General Assembly are transmitted to me by the Governor for an opinion as to form and constitutionality, it is my policy not to express an opinion concerning the validity of proposed or pending litigation" (legislation seems intended).

In his 16 years on the University staff Judge Johnson has performed many notable services in addition to the more or less routine but nevertheless important work he does regularly as Counsel for the University. It would take more time than is perhaps necessary to describe in detail all of these notable services, but a separate memorandum which is enclosed will suffice to illustrate the character, importance, and value of his work to the University.

The Attorney General undoubtedly has his own reasons for writing as he did to Judge Johnson, but since there is no indication of such reasons in his letter I cannot discuss them. I should, however, comment upon certain factors which undoubtedly are an element in this situation. Unfortunately, but inevitably, in serving the public interests as Judge Johnson has been doing for many years, there are occasions when in the performance of his duties he must oppose private interests and thus he incurs the displeasure of such interests. As you have doubtless observed in your own experiences, this happens in many public services, and human nature being what it is I suppose it can't be avoided. In the 29 years I have been at the University I have known a number of such situations wherein University officials were unjustly censured and sometimes abused by private interests whom they were forced to disappoint in the line of public duty.

It has been said of Judge Johnson that he has engaged in local politics. In so far as he has participated in such activities locally, he has done so as a citizen of Champaign and of the County. Is an individual expected to give up his rights, and even to neglect his duties as a citizen when he joins the faculty or staff of the University? Members of the faculty of the University have always participated in local politics. A number have served as aldermen of Urbana and at least one as Mayor of that city. They have served on local boards and commissions, frequently being pressed into such services because of their professional knowledge and skill. I do not believe the people of Illinois would approve the abdication of citizenship by members of the staff of the University of Illinois. As you will recall, Judge Johnson also has been serving as Director for the State of Illinois of the National Emergency Council (the name of this agency has been changed to Office of Government Reports). He took this position at the request of Federal authorities and with the knowledge and approval of the Board of Trustees. This Federal service is non-political in character.

It is no secret that Judge Johnson has been criticized, wholly unjustly in my opinion, by some local interests because of his participation in the investigation of certain unwholesome conditions in this community which jeopardized student morals and welfare three years ago. I refer to the vice investigation by the Attorney General of Illinois in 1939 and activities preliminary thereto. You will recall that by direction of the President of the University, and under the authority of the Board of Trustees, Judge Johnson, representing the University, called upon former Attorney General Otto Kerner for aid in remedying local conditions. This was done only after repeated attempts to secure action by the local municipal and county authorities had failed. Attorney General Kerner assigned an Assistant Attorney General to conduct an investigation. In the fall of 1938 Mr. Kerner, having been appointed Federal Judge, resigned as Attorney General and was succeeded in that position by Mr. John E. Cassidy. In the meantime, the investigation which was started under Mr. Kerner's administration was still going on. In February, 1939, there occurred the fatal shooting of a University student near a local vice resort.

During all this time Judge Johnson as University Counsel was cooperating with the Attorney General's office in securing and preparing evidence for presentation to the grand jury. He also appeared as witness before that jury. In all that he did he was officially representing the University by direction of its Presi-

dent and with the knowledge and authorization of the Board of Trustees. It was inevitable that these activities incurred the displeasure of local individuals and groups. Such resentment eventually falls upon individuals, and in the situation I have been discussing a great deal of the resentment for activities engaged in at the request of the Board of Trustees and the Governor was centered upon Judge Johnson and one or two other University officials who were representing the Board.

At the time of Judge Johnson's appointment as University Counsel in 1926, the following were members of the Board: Messrs. Merle J. Trees of Chicago, and J. W. Armstrong of Rock Island, Mrs. Helen M. Grigsby of Pittsfield, and Messrs. George A. Barr of Joliet and Fred Wham of Centralia.

The Board, I think, is faced with a critical situation. In my judgment it may be boiled down to the question: Is the Board of Trustees to determine who shall be appointed to the staff of the University of Illinois and when such person shall be retired, as it alone is empowered to do by law, or will some other State official exercise such functions?

Aside from the issue of public policy and the element of justice to one individual, the situation is fraught with dangerous implications which may affect the morale of the entire faculty, the student body, and the effectiveness of the University as a teaching and research institution.

Sincerely yours,

A. C. WILLARD
President

Mr. Cleary presented the following exhibits:

1. Letter from Judge Johnson to Attorney General Barrett, dated May 6, 1941.
2. Memorandum, dated May 9, 1942.
3. Summary of activities of the University Counsel.

May 6, 1941

Hon. George F. Barrett
Attorney General
Springfield, Illinois

MY DEAR MR. ATTORNEY GENERAL:

In conformity with your suggestion when we conferred on Wednesday last that I write you concerning the cooperation between the Attorney General and the University, I submit the following outline.

1. *Suits or Proceedings Involving the University*
- (a) *Workmen's Compensation—Large Claims*

When the Attorney General forwards copy of complaint in the Court of Claims, we take the testimony, obtain the doctor's certificates, make such stipulations as serve to expedite the hearing, but always expressly subject to the approval of the Attorney General on seeing and reading the record.

- (b) *Other Suits*

Such as the Wright will contest, etc., such cooperation as the Attorney General may require.

Illustrations: When the Hammer case was tried (suit for \$50,000 damages against the University), the University Counsel sat with the Assistant Attorney General during the trial in Chicago. He assisted the Attorney General in investigating the facts, and in locating and interviewing witnesses.

In the tax exemption cases in Cook County we worked with the Assistant and under his direction.

All legal proceedings to which the University is a party are, of course, entirely under the control of the Attorney General, but we give such assistance as he may require.

2. *Workmen's Compensation—Small Claims*

Here is a troublesome class of claims, due to the fact that most of them are in nominal amounts—from \$2.00 up—and, as a practical matter, preclude the employment of counsel. A plan of cooperation has been worked out and followed for many years, the nature and character of which are well known to

Mr. Trevor. From the standpoint of the University and its several hundred employees who are concerned, the present arrangement is fairly satisfactory. The plan was worked out after conferences with former Attorneys General and Governors and has had their approval. The legislature has at least impliedly given its approval by making appropriations directly to the University for the payment of these claims.

We are willing to continue the cooperation on the present basis, or on any other basis the Attorney General may wish to suggest.

3. *Student Debtors to Loan Funds*

The University as trustee administers nearly \$400,000 of student loan and scholarship funds, with about 3,000 individual debtors at the present time. Substantial numbers are delinquent from time to time and require constant nursing and sometimes prompt and decisive invoking of legal remedies. This somewhat large loan business the University has not found practical to service at long range and has, therefore, handled it throughout the years without any assistance from the Attorney General.

4. *Legal Opinions and Advice*

(a) *Administrative and within the University*

Ever since the position of Counsel was established in the administration of Governor Deneen in 1907, or earlier, the Board and the holder of this formal title have fully recognized the fact that the Attorney General is under the Constitution the legal adviser of the Board of Trustees. The mixed problems of law and fact which began to arise in constantly increasing numbers as the institution expanded and became more complex, soon emphasized the practical difficulties which confronted the University in this behalf, due to the fact that the office of Attorney General was nearly a hundred miles away.

The common sense solution seemed to be to give the title of Professor of Law and University Counsel to a member of the law school faculty. This position the late Judge Harker held for twenty years, through the administrations of many governors, of many Attorneys General, and of swings of the pendulum of politics from one party to the other.

"Counsel" here covers many activities *within* the University, from public relations, legislative matters, discipline of faculty and students, relations with the Federal Government and sundry questions of law and fact so interwoven as to be always difficult and sometimes practically impossible of segregation. In all these matters, new legal problems arising in connection with proposed University action are submitted to the Attorney General for advice, under direction of the President of the University and the Board.

(b) *Legal Advice to the Board of Trustees*

Here the function of the University Counsel is to formulate the legal question which the Board wishes answered and to submit it to the Attorney General for an opinion. There are many questions in part legal which the Board does not submit to the Attorney General. There are always members of the bar on the board—at this time five men admitted to the bar or trained in the law are members—and such questions, being ordinarily free from difficulty, are resolved by the Board by such aids as free discussion affords, without the necessity of formal legal advice. In this respect this body differs not at all from other public agencies which are constantly called upon to make decisions and take action from time to time without being led by the legal hand of official counsel.

On the analogy of the practice of the departments of the Federal Government, it has been customary for the Board, with the approval and sometimes at the specific request of the Attorney General, to submit a memorandum with the request for the opinion, setting forth enough of the University procedure to make the problem clear to the Attorney General, together with any discussion of the law which the University Counsel may wish to offer. This procedure has received the express approval of other Attorneys General and will be continued unless a different course be directed by you.

As I said to you when we conferred on April 30, my purpose is to put at your disposal such cooperation as is possible and which, in your view, we may

and should be called upon to render. This letter has been shown to the President of the University and he has authorized me to send it.

Yours very truly,

SVEINBJORN JOHNSON
University Counsel

MEMORANDUM IN RE UNIVERSITY COUNSEL

(May 9, 1942)

I. "*University Counsel*"

What the Attorney General refuses to recognize is that the functions of the University Counsel, as a member of our staff, are not those of an assistant to the Attorney General. He seems to look at the word "Counsel" and to accept it in only one of its numerous definitions. The functions of the Counsel were fully explained to Mr. Barrett on April 30, 1941, in a conference between him and the Attorney General, and were, on May 6, 1941, put in the form of a letter. A copy of this letter is attached. On this letter Mr. Barrett never offered any comment, adverse or otherwise. A reading of the document shows that the Board has always regarded and does regard the Attorney General as its legal adviser; but upon literally countless matters of internal policy and administration, the advice of a person trained in the law, as well as in other directions, is often extremely valuable because it enables the University to steer a course which will avoid trouble, whereas otherwise it might find itself in embarrassing and troublesome situations. To make use of a man legally trained and on its teaching staff for this purpose has always been deemed good sense, and never before has it been regarded as trespassing upon the preserves of the Attorney General. On the contrary, it seems that previous Attorneys General welcomed the arrangement as a help to them. The University makes use of its specially trained persons in very many situations. Even without such a title or any title, the University would often need the services of a staff member of the exact nature of those performed by the University Counsel.

The present incumbent has sometimes carried a full teaching schedule in the College of Law and served as Counsel in addition, depending upon conditions from time to time.

II. *Student Loan Funds: Mr. N. D. Hodges, and the University Counsel*

As of June 30, 1941, the University administered \$359,805.68 of loan funds of various kinds. On the same date the sum of \$267,104.86 was outstanding in loans to students. During the fiscal year ending June 30, 1941, the sum of \$103,319.56 was collected on outstanding student loans.

It will be observed that this is a sizeable loan business, but much out of the usual routine because of the large numbers of small loans to persons of an economic status either insecure or not well established. To keep these small loans at all adequately serviced requires constant attention and many hundreds of personal contacts each year.

Some years ago the Business Office employed Mr. Hodges to service these loans. He was then a recent graduate of the College of Law of the University. He had no office but was assigned a desk in the Bursar's quarters. The inconvenience of this arrangement, as the business grew, and especially the lack of status imparting some dignity, was soon felt by Mr. Hodges, especially in dealing with recalcitrant, dishonest, or evasive debtors. Various plans were considered, including a letterhead for him with an address that would impress obstreperous debtors that legal proceedings were in the offing if some adjustment were not made. It was finally decided to give him his present title and, as soon as convenient, to give him space in the quarters of the University Counsel. This arrangement seemed the most logical, in view of the fact that the Board of Trustees had, many years before, made it the duty of the University Counsel to take suitable steps to collect "delinquent notes" evidencing loans from these student loan funds. Mr. Hodges has been very successful in this work, without being harsh or unfair to honest student borrowers who have been unable to meet their payments on time.

Scholarship Endowments, Loan Funds, and Other Forms of Student Aid

These funds represent the generosity of many donors. Many of these gifts contain restrictions on the use and administration of the funds and in some cases only the interest is available for student aid.

The legal aspects of the situation seem to be as follows:

1. The University is bound by the State statute for the investment of trust funds, unless the donor stipulates otherwise. In this opinion Chapman & Cutler have concurred.

2. The Board of Trustees, in accepting these gifts, acts as a conventional trustee in a proprietary capacity as distinguished from its strictly public or governmental character.

3. Having the power to receive gifts and endowments (Statutes, Ch. 144, Sec. 28, and also implied from its corporate character) and hold the same in its own corporate treasury, it has the implied power to expend reasonable sums from its own funds in the execution and administration of these gifts for educational purposes. Such expenditures are regarded as being made for "educational purposes." The appropriation of State funds in small annual amounts for such administrative expense has always been regarded as legitimate and in the interest of the University and the State. Any other rule would discourage gifts to the University and greatly hamper the University and limit its power to serve needy students. To this end the University pays Mr. Hodges \$900 per year out of general funds (the balance is charged to the aggregate of loan funds) and whatever should be allocated to the University Counsel for his time. No such allocation is made.

4. In the great majority of cases (of gifts of loan funds), there can be no doubt about the legal power of the Board to charge the major portion of the cost of administration and conservation against the funds, nor can there be any doubt—where there are no applicable restrictions in the gifts—about the power of the Board to employ such competent persons as may be needful for this purpose and pay them from the income of the funds. That the Board does this rather than burden the State with the cost can hardly be made an occasion for criticism.

III. *The Attorney General: His Functions*

Under the constitution the Attorney General is "the law officer of the people, as represented in the state government, and its only legal representative in the courts, unless by the constitution itself or by some constitutional statute he has been divested of some of these powers and duties." (Ill. Supreme Court). The Board has always regarded this officer in this light, but that does not deprive the Board of the power to make use of legally trained persons in various capacities, among others to point out and prepare for submission legal questions which require legal advice from this official.

The Secretary of State is one of the State officers whom the Attorney General advises. The Secretary, however, employs a staff of lawyers to operate the division of Corporations in his office. This has never been regarded as supplanting the Attorney General and the Secretary asks him for legal opinions when he deems it necessary. Neither has the Attorney General heretofore claimed the right to name these legally trained employees in the office of the Secretary of State. Nearly every State department has this problem and deals with it in the same way—employs legally trained persons for the daily routine, and for detecting and avoiding as much as possible legal problems, but relies on the Attorney General when needed in solving them.

The University Counsel is primarily employed as a professor of law and consultant upon an almost innumerable variety of internal administrative matters, but not to handle the legal business of the Board except to the extent to which the Attorney General may wish his cooperation. In the past this has been freely sought and freely given, as becomes servants of the same master, namely, the people of this State. There is nothing whatsoever illegal or even questionable about the practice.

A SUMMARY OF EXAMPLES OF THE MORE IMPORTANT ACTIVITIES OF THE UNIVERSITY COUNSEL

N.B. This is not a complete list of such activities, but is illustrative of the character and importance of his duties. It should be noted that the following examples are in addition to the regular and routine work of the University Counsel and Professor of Law as counsellor to officers of the University upon various problems concerning its internal operations and its relations to other agencies. This is especially true with respect to the President, the Comptroller, and the Director of the Physical Plant, by whom contracts and other documents are referred for examination almost daily. Prompt action upon these documents is required.

I

UNIVERSITY OF ILLINOIS FOUNDATION

This organization, which has played a part of incalculable importance in making it possible to carry out the recent building program at the University of Illinois, was in large measure planned and wholly organized by the present University Counsel. In October, 1930, former President Harry Woodburn Chase asked the University Counsel to study the reorganization of the then existing Alumni Fund. Out of this grew eventually the University of Illinois Foundation, a non-profit corporation, the charter for which was prepared by the University Counsel, and the plan for the functions of which, as drafted by the University Counsel, was in substance approved by the Alumni Association. In order to qualify the Foundation to serve the University in connection with its building program, started in 1935, the University Counsel amended its charter. Since that date the Foundation has acted as trustee and in other capacities in connection with the construction of various University buildings, which has made it possible for the University to acquire and to have in use now at least four important buildings: the Dental-Medical-Pharmacy Building (or the second unit of the Medical and Dental College Laboratories Building), the Illini Union Building in Urbana, the Chicago Illini Union Building, and the Men's Residence Halls at Champaign-Urbana. All these buildings have been erected without the use of tax revenues appropriated by the State of Illinois.

As a result of the creation of the Foundation, gifts have come to the University, and it has been named as a beneficiary in wills, the makers of which are still living.

II

THE UNIVERSITY'S BUILDING PROGRAM, 1935-1941

1. *The Dental-Medical-Pharmacy Building.* The most recent phase of the building program at the University of Illinois began in 1935, the last major construction at the University having taken place in 1929-1931. The University was seriously in need of an addition to the College of Medicine Building in Chicago, and for this the General Assembly in 1931 appropriated \$1,400,000. This appropriation was permitted by the Board of Trustees to lapse because of the financial condition of the State Treasury, and no appropriation for any new building construction at the University's Colleges of Medicine, Dentistry, and Pharmacy in Chicago has since been obtained, with the exception of an appropriation of \$254,000 for remodeling the Research and Educational Hospitals in 1941.

The only hope the University had in 1935 for the construction of the Dental-Medical-Pharmacy Building in Chicago was through the Federal Works Program, of which hundreds of educational institutions throughout the country took advantage. The University Counsel drew and explained to committees of the General Assembly in Springfield the first enabling act empowering the Board of Trustees to take advantage of Federal funds—the details and procedures of which were then largely undetermined—which was approved in 1935. The charter of the University, drawn in 1867 and somewhat redrawn in 1877, was not adapted to the entirely new situation created by this Federal Works

Program. The University Counsel prepared a plan which was presented to the Federal Government, but in view of the limited powers of the Board it was first disapproved; this plan was reworked, rewritten and eventually approved by the Federal Government subject to certain conditions with which the University had to comply. Further legislation prepared by the University Counsel made this possible. The plan contemplated a grant of \$366,000 and a loan of \$1,091,000 from the Federal Government. Some of the conditions with which the University was required to comply were of such a nature that several well-known and able lawyers in Chicago and elsewhere indicated that the University could not meet them. The University Counsel worked on these conditions and on the set-up, refusing to acknowledge that the situation was hopeless, with the result that in the end the conditions were met to the satisfaction of the Federal Government, the grant was made, the University of Illinois Foundation issued bonds which the Government purchased in the sum stated, and the building was completed and ready for use in 1937.

This general plan became the basis of the legal procedure used later in the financing of other University building construction. It was in most cases necessary to amend existing statutes and to enact additional legislation in order to make these subsequent plans possible. This legislation was in the main drafted and explained by the University Counsel to committees of the General Assembly and to other State Officials concerned.

2. *Gregory Hall, Additions to Library and Hospital.* When old University Hall was condemned and ordered razed early in 1938 the Governor of Illinois included in his proclamation calling a special session of the General Assembly a provision for an appropriation of \$700,000 for a new classroom building at the University. While this was not enough, and in fact was less than the Board of Trustees had requested as the absolute minimum, the University Counsel proposed and obtained the approval of a plan whereby the Federal Government permitted the University to use this State appropriation as the sponsor's share or a basis for an application for a grant of Federal funds which were used (1) to complete Gregory Hall, (2) to construct a much needed addition to the University Library, and (3) to add a new wing to McKinley Hospital. Thus this plan enabled the University to secure outright more than \$500,000 of Federal funds for this additional construction.

3. *Illini Union Building, Urbana.* Largely through the personal efforts of the University Counsel and his negotiations in person with officials of the Public Works Administration in Washington, the University secured a grant of \$524,820 for the construction of the Illini Union Building. This grant was made subject to the University's ability to raise the balance of the funds needed to complete the building. By this time the legal status of the University of Illinois Foundation having been established, the Foundation was able to borrow \$714,040 from an insurance company which, supplemented by a grant from the Federal Government and funds contributed by alumni, made possible the completion and furnishing of the Illini Union Building without any appropriation of tax revenues by the State of Illinois. The loan is amortized through a service charge paid by students for the use of the building and from the income of the building. The Illini Union Building is the fulfillment of a plan conceived more than thirty years ago for the construction of a student-faculty-alumni social center. The legal phases of the plan for financing the building were prepared by the University Counsel and incorporated in a joint report of himself and the Comptroller, submitted to the Board of Directors of the University of Illinois Foundation on May 1, 1936. The legal plan thus presented was followed in the construction and financing of the building.

The University Counsel represented the University in almost countless negotiations with the insurance company and other agencies in developing the plan and securing the necessary loan.

4. *Men's Residence Halls.* This is the first men's residence hall on the campus of the University of Illinois, constructed during 1940-1941. No appropriation could be secured from the State for this purpose. A plan of procedure similar to those mentioned was used in conjunction with a financial plan of amortization developed by the Comptroller and the Director of the Physical

Plant through which a loan was obtained from an insurance company. Had such a plan been proposed in 1936 it would not have received a hearing anywhere. The legal status of the Foundation having become established and the soundness of the plan of operation having been so generally accepted, the Foundation itself built up a reputable credit standing.

5. *Chicago Illini Union Building.* In September, 1940, the Board of Trustees approved a plan for the remodeling of the University's Pharmacy Building in Chicago, originally constructed in 1926, into a student-faculty-alumni social center or union building. A loan for a considerable part of the cost of this project was necessary. The legal procedure relating to the loan was submitted to and accepted by counsel for an investment house as a result of which the entire issue was sold at good rates to a private insurance company.

6. *Refinancing of Medical and Dental Building Bonds.* In May, 1941, there were outstanding \$921,000 of the Medical and Dental College Building bonds issued in 1936 bearing an interest rate of four per cent. This rate was considered high in view of interest rates in 1941. Through legislation largely drafted and explained by the University Counsel to committees of the General Assembly and other State officers, the Board of Trustees was given the power to issue income bonds to refinance the outstanding issue mentioned. The finance committee of the Board of Trustees was able to effect a sale of these bonds which resulted in a net saving of approximately \$167,000 to the University and the State during the life of the bonds. The University Counsel worked closely with the Comptroller in all details relating to this bond issue which had to be carried out in an extraordinarily short space of time. The ready market established for debt obligations previously issued through the University of Illinois Foundation as already described undoubtedly had much to do in securing such a ready market for the University's own bonds.

III

LEGAL PROBLEMS PECULIAR TO LAND-GRANT COLLEGES

1. *Military Training.* Under the Land-Grant College Act of 1862, the beneficiary institutions—Illinois being one of them—are required to teach military tactics. In 1928 certain organizations started a movement to eliminate military training from these institutions. At the request of former President David Kinley, the University Counsel went thoroughly into the matter of military training in the Land-Grant colleges and prepared a memorandum which was published in the Illinois Law Review. The Civilian Military Education Fund of Washington, D. C., reprinted that article and distributed 10,000 copies throughout the United States. The same organization printed addresses made by the University Counsel on the subject and distributed thousands of copies throughout the country. It also reprinted a brief on the legal aspects of the question prepared by the University Counsel and distributed thousands of copies. This organization has for years considered the present University Counsel as the best informed source on this problem in the United States.

A lawsuit was instituted in the State of Maryland for the purpose of eliminating the military training from the University. At the request of the Attorney General of the State of Maryland and the Civilian Military Education Fund, the University Counsel prepared a brief in the Supreme Court of Maryland appearing as *amicus curiae*.

A suit was started in the State of California against the University of California with the same object in view but upon somewhat different theories. Again the University Counsel was asked to assist, when this case reached the Supreme Court of the United States. His brief was used as the basis of the oral argument in that court and the position taken was sustained by the court.

No attacks have been made in the courts since these cases were decided upon military training in the Land-Grant institutions.

On November 30, 1934, Newton D. Baker, former Secretary of War, wrote the University Counsel as follows: "I am grateful for the copy of your brief in the California case in the Supreme Court of the United States. I have read it with great interest. It is the most complete exposition of the historical background I have seen anywhere."

2. *Attempts to Tax Educational Agencies and Instrumentalities.* At the request of the President of the University, the University Counsel concerned himself with the legal and historical aspects of attempts to tax various educational agencies and instrumentalities.

(a) *The Sappington Case.* In 1932 the Bureau of Internal Revenue sought to levy a tax upon the salary paid by the University of Maryland to Professor Sappington, a member of the law faculty. This attempt was regarded as of the greatest importance by educational institutions which are publicly supported. The case went to the Board of Tax Appeals in Washington. At the request of officials of the State of Maryland, including the Attorney General, the University Counsel filed a brief on the whole subject of the taxability of state agencies and instrumentalities by the Federal Government in the Board of Tax Appeals. The Board reversed the ruling of the Bureau of Internal Revenue and sustained the position taken by the University Counsel. On May 9, 1932, the author of the opinion of the Board of Tax Appeals, Hon. Edgar J. Goodrich, wrote the University Counsel as follows, among other things: "I gratefully acknowledge the assistance given me by your excellent brief upon which I drew generously. I was very glad to have you in the case."

(b) *Oklahoma.* About the time of the Sappington case a question arose in the State of Oklahoma involving the power of the Federal Government to tax funds belonging to the schools in the form of income from oil leases. In response to a request from Senator Gore of that State, one of the counsel in the case, the University Counsel filed a brief on the points at issue in the Supreme Court of the United States. The court sustained the position taken and held the income not subject to federal tax.

These principles and rulings remained in effect until Congress changed the statutes and the Supreme Court in a recent case departed from previous rulings.

(c) *Tax on Incomes of Staff Members Paid Out of Federal Funds.* At the request of the Association of Land-Grant Colleges the University Counsel appeared in two cases, one in Minnesota and one in Illinois, where the power to tax the income mentioned was at issue. The legal points involved in these cases were settled by the United States Supreme Court in a case decided about the same time. In the latter the University Counsel did not appear. The importance of these cases lay in the fact that doubts and uncertainties were cleared up and claims for taxes against staff members of colleges throughout the country going back many years were taken off the books.

(d) *Taxes on Admissions.* (1) The University Counsel advised a special committee of the National Collegiate Athletic Association on various problems of admissions taxes confronting the members. (2) On this point the University Counsel conferred with the Bureau of Internal Revenue in behalf of the University of Illinois Athletic Association, procured an advantageous settlement of large claims for penalties and past taxes (the penalties were abandoned by the Government), and obtained an approval of the coupon books of the Association from the Bureau. This cleared up controversies which had been in existence for many years and rendered the procedure for the future clear and unequivocal.

(e) *Tax Anticipation Warrants.* On the subject of revenue and taxation and from the standpoint of the State as a whole, as well as of the University, the connection the University Counsel had with tax anticipation warrants and legislation relating thereto in 1931 was probably the most important activity of the office. In 1931 tax collections in the State were in many sections almost at a standstill, and it seemed inevitable that the State of Illinois, like many other states, would be unable to meet obligations to its employees and under outstanding bonds on time. This would affect the University, and for this reason the University Counsel was drawn into the picture. He drafted, sponsored, and explained to committees of the General Assembly and other State officers a bill authorizing the issue of tax anticipation warrants. He drew the papers, briefed and argued a test case entirely in the Supreme Court, in which the court sustained the constitutionality of this act. This test case was necessary to create a market for the bonds. As a result the State never defaulted on any of its obligations and the University never failed to meet its obligations to its staff members and others on time. Its credit standing for this reason was superior to that of some other comparable institutions which were not able to meet their

salary payments on time. The effect on the morale of the staff and on the University's ability to obtain desirable additions to the staff can not be discounted.

(f) *Status of Federal Funds Available to Land-Grant Colleges Under Various Federal Acts.* The University Counsel advised with and assisted the Comptroller who worked with other institutions situated like the University on this subject. As a result, and after many discussions and conferences with Federal officials, the Department of Agriculture receded from its position that the University must maintain separate banking accounts for each fund, of which there are several. This matter has been finally settled to the satisfaction of the University and other Land-Grant colleges.

IV

REDUCED FREIGHT RATES ON COAL

In 1930 the University Purchasing Agent placed before the University Counsel data indicating that excessive and indiscriminate freight rates were being charged by certain carriers for transporting coal to the University. The University Counsel prepared and conducted proceedings before the Illinois Commerce Commission without any assistance from the Attorney General. As a result of long, drawn-out and strongly contested proceedings there was paid the University in the form of reparations for excessive and discriminatory rates the sum of \$21,598.94. The freight rate on coal was reduced to 80 cents, which resulted in a saving to the University of \$8,000 per year. In 1935 the rate was reduced to 60 cents, resulting in annual savings to the University of approximately \$16,000. This represents a permanent and continuous saving.

In none of the above activities was any additional compensation received by the present University Counsel aside from his regular salary from the University, except in the cases relating to income tax liability of employees of Land-Grant colleges who receive part of their salaries from Federal funds (III, 2, c, above). In those cases compensation was nominal and was used largely to pay other counsel who participated as attorneys of record in two cases in Minnesota and two in Illinois. The University Counsel participated in these cases because the questions involved were vital to the University of Illinois as well as to all other Land-Grant institutions.

Mr. Adams presented the following letters written by Attorneys General Carlstrom (1932), Kerner (1935), and Cassidy (1939).

January 5, 1932

*Hon. Sveinbjorn Johnson,
Box 365,
Champaign, Illinois.*

MY DEAR FRIEND:

It is gratifying to have you say what you did in your letter regarding the contacts you have had with this office. It has been a pleasure to work with you and, through you, with the University.

With highest personal respects, I am

Sincerely yours,

OSCAR E. CARLSTROM

December 5, 1935

*Hon. Sveinbjorn Johnson,
University Counsel,
University of Illinois,
Urbana, Illinois.*

DEAR SIR:

Matters have arisen which I think should be called to your attention.

Something like a couple of weeks ago I received a letter from a gentleman by the name of Allen who stated that he was doing some research work in connection with the University and sent me a long list of questions on which he desired my opinion.

[May 16]

Today, under date of December 3rd, I received another letter on a University of Illinois letterhead signed by one Arthur H. Winakor, Statistician, in which the same questions are repeated that I was requested to answer by Mr. Allen.

As you very well understand, I want to render every service to the University of Illinois of which I am capable, but I want to know who I am writing to and what authority they have before I render opinions, as it may cause untold annoyance to you and other University of Illinois authorities.

I believe that as you are the legal adviser of the University that you should call this matter to the attention of Dr. Willard or the Board of Trustees, as you may think best, and have some rule entered or understanding had that all inquiries concerning University affairs should be made through you.

I have no hesitancy in answering the questions submitted by Mr. Winakor, as most of them I have already passed on, but I want to know by what authority he acts, and I would much prefer that he first consult the counsel of the University and if the matter is considered of sufficient importance then let yourself as such counsel request the opinion and it will be at once cheerfully given.

Very truly yours,

OTTO KERNER
Attorney General

March 28, 1939

*Hon. Sveinbjorn Johnson,
Counsel, University of Illinois,
Urbana, Illinois.*

DEAR SIR:

I am enclosing, for such action as your wisdom and judgment may indicate, copy of a letter the original of which was received in this office from Mr. Blair, Dean of the College of Agriculture.

I also enclose a copy of my reply to Mr. Blair. If administrative conditions will permit, I would appreciate it very much if matters could be so arranged that all legal matters concerning the University would be submitted through the President's office through your hands and after you have first had a chance to advise concerning the matters inquired about.

Very truly yours,

JOHN E. CASSIDY
Attorney General

Mr. Adams presented also the following letter written by him to President Meyer, asking to be relieved as a member of the special committee to confer with the Attorney General.

May 11, 1942

*Dr. Karl Meyer, President
Board of Trustees, University of Illinois
Cook County Hospital
Chicago, Illinois*

MY DEAR DR. MEYER:

On October 21, 1941, Mr. James M. Cleary, the then President of the Board of Trustees, appointed a committee comprised of Mr. Livingston as Chairman, Mr. Davis and myself to call on the Attorney General of the State of Illinois in regard to the Wright estate litigation in which the University of Illinois is a beneficiary of the wills of Harry G. Wright and Harriette A. Wright is keenly interested. Since October 21, 1941, this committee of the Board of Trustees has been unable to obtain an appointment for a conference with the Attorney General. As such, I request that I be relieved of the duties of service on this committee.

As you are no doubt familiar, Sen. Harry G. Wright, after a conference with the President of the University and other administrative officials in which he advised them of his desires, executed his will on February 1, 1939.

Mrs. Wright's will, which was a part of their mutual desires for a program which would create the Harry G. Wright and Harriette A. Wright Endowment Fund for the University of Illinois, was executed on April 13, 1939.

On April 17, 1940, Sen. Wright died and his will was presented for probate on April 27 of that year.

On May 2, 1940, Mrs. Wright made a new will and on May 28, 1940, the court named Mr. Paul T. Wright conservator for the person and property of Mrs. Wright on the ground of her incompetency. Subsequent to Sen. Wright's death and prior to the appointment of this conservator, Mrs. Wright executed three powers of attorney and each time revoked the one previously given.

On May 21, 1940, Sen. Wright's will was admitted to probate and on May 28, 1940, Mrs. Wright filed her renunciation under the will of Sen. Wright.

On October 30, 1940, suit was filed by the then Attorney General in behalf of the University of Illinois to establish the fact of mutual wills and to set aside the renunciation of Mrs. Wright.

In this litigation, I was asked by the then Attorney General to represent the Board of Trustees of the University of Illinois in signing all necessary papers to bring about this legal action.

On February 27, 1941, Mrs. Wright died.

On May 3 of that year, her new will was offered for probate and six months later the Board of Trustees of the University of Illinois, being completely in the dark as to what was taking place in this litigation, appointed the above sub-committee of the Board of Trustees to confer with the Attorney General.

We have been advised, not from official sources however, that there are two claims that have been filed in the probate court by Paul T. Wright—one as administrator de bonis non with will annexed of the estate of Rachel Q. Wright in the amount of \$11,958.38 and the second by Paul T. Wright as conservator of estate of Harry G. Wright in the amount of \$88,586.04, making Mr. Paul T. Wright's claims in the amount of \$100,544.42.

Since the will of Harry G. Wright and the will of Harriette A. Wright of April 13, 1939, set forth the purpose of bequeathing the rest, residuc, and remainder of the estate of whatsoever kind or character and wheresoever situated to the Board of Trustees of the University of Illinois at Urbana, Illinois, the same to become the absolute property of the said University of Illinois, to be known as the Harry G. Wright and Harriette A. Wright Endowment Fund to be administered by the College of Agriculture of said University in so far as practicable in the judgment of the Board of Trustees of the University, the entire matter is one of great importance to our Board of Trustees.

I understand that there are approximately 1800 acres of good farm land in northern Illinois involved in this litigation and that there is also a sizeable personal estate which would become a part of this Endowment Fund.

I have been advised that students who would be eligible to be beneficiaries under this Endowment Fund have made inquiry as to why the University had not carried out the intentions of Senator Wright.

Since this matter has been pending in the circuit court since October 30, 1940, the University is not informed as to the status of the matter, and since the sub-committee of the Board has been unable to obtain an audience with the Attorney General, I am definite in this opinion that, as a member of this Board, I wish to be relieved of any responsibility or duties as a member of this sub-committee.

I in no way wish to eliminate myself from my responsibilities as a member of the Board of Trustees in this or in other matters; but since this sub-committee has been unable to accomplish its objectives, I see no alternative but to ask to be excused from continued membership thereon.

I would appreciate your presenting this letter for the minutes of our next meeting of the Board of Trustees.

Very truly yours,
H. M. ADAMS
Trustee

After full discussion, Mr. Cleary offered a motion that vouchers continue to be drawn and certified for the payment of the salaries of

Judge Johnson and Mr. Hodges as members of the University staff as in the past.

Mr. Livingston offered a substitute motion that the matter be laid on the table. On roll call, the vote on the substitute motion was as follows: Aye, Mr. Davis, Mr. Livingston; no, Mr. Adams, Mr. Cleary, Mrs. Grigsby, Dr. Meyer, Mr. Wieland; absent, Mr. Fornof, Mr. Green, Mr. Jensen, Mr. Karraker.

The motion was declared lost, and the original motion was adopted by the following vote: Aye, Mr. Adams, Mr. Cleary, Mrs. Grigsby, Dr. Meyer, Mr. Wieland; no, Mr. Davis, Mr. Livingston; absent, Mr. Fornof, Mr. Green, Mr. Jensen, Mr. Karraker.

LITIGATION OF WRIGHT ESTATE

On motion of Mr. Davis, the special committee appointed October 21, 1941, to confer with the Attorney General concerning the litigation over the bequest of Dr. Harry G. Wright, was discharged from further consideration of the matter, and the Committee on General Policy was requested to confer with all parties interested to see whether any settlement can be made, and to report their recommendations to the Board.

REPORT OF FINANCE COMMITTEE

Mr. Davis, for the Finance Committee, presented the following report:

In 1936 the University received, in partial settlement of a real estate mortgage on land in Franklin County, Illinois, on which foreclosure was necessary, warrants of that county of a face value of \$4,500. Some warrants were used in payment of taxes on the property in question.

Warrants of a face value of \$2,708.74 remain on hand.

On July 14, 1939, the Board of Trustees authorized the sale of these warrants at not less than 75¢ on the dollar. No buyer has been found at this price, and the best offer that we have been able to secure is 50% of face value. The Statute of Limitations will be effective on a portion of these warrants in December, 1942.

The committee recommends that the previous authorization be modified to provide for the sale of these warrants at not less than 50% of their face value.

On motion of Mr. Davis, this sale was authorized as recommended.

PLYM FELLOW IN ARCHITECTURE

The Secretary presented for record a report of the award of the Plym Fellowship in Architecture to Mr. Ralph E. Myers, with a stipend of \$1,200, on May 11, 1942.

GRADUATE SCHOLARSHIPS AND FELLOWSHIPS

The Secretary presented also for record the following supplementary list of graduate scholars and fellows appointed by the President of the University on May 12, 1942.

APPOINTMENTS MADE BY THE PRESIDENT

The Secretary presented also for record a list of appointments made by the President of the University.

ADAMS, GAIL DAYTON, JR., Research Assistant in Physics, in the College of Engineering, on three-fourths time, for two months beginning July 1, 1942, at a salary at the rate of one hundred twenty dollars (\$120) a month. (April 29, 1942)¹

BALDWIN, GEORGE CURRIDEN, Research Assistant in Physics, in the College of Engineering, on three-fourths time, for two months beginning July 1, 1942, at a salary at the rate of one hundred forty dollars (\$140) a month. (April 29, 1942)

KOCH, H. WILLIAM, Research Assistant in Physics, in the College of Engineering, on three-fourths time, for two months beginning July 1, 1942, at a salary at the rate of one hundred twenty dollars (\$120) a month. (April 29, 1942)

McDIARMID, ERRETT WEIR, JR., Associate Professor of Library Science, on indefinite tenure, and Assistant Director of the Library School, for one year, beginning September 1, 1942, at a salary of four thousand two hundred dollars (\$4,200) a year. (May 8, 1942)

MEECE, Mrs. JUNE G., Assistant Clerk-Stenographer in the Department of Home Economics, in the College of Agriculture, beginning April 20, 1942, and continuing through August 31, 1942, at a salary at the rate of ninety dollars (\$90) a month (this supersedes her previous appointment). (April 29, 1942)

METZGER, WILLIAM I., Assistant in Bacteriology and Public Health, in the Department of Pathology, Bacteriology, and Public Health, in the College of Medicine, for one year beginning September 1, 1942, at a salary of one thousand two hundred dollars (\$1,200). (May 6, 1942)

NELSON, JESSEMAE, Junior Stenographer in the Provost's Office, beginning April 20, 1942, and continuing through August 31, 1942, subject to the rules of the Civil Service Commission, at a salary at the rate of one hundred dollars (\$100) a month. (April 29, 1942)

SOUTHWICK, PHILIP LEE, Henry Strong Fellow in Chemistry, for three months beginning June 1, 1942, at a stipendium of two hundred forty dollars (\$240). (May 12, 1942)

THOMAS, RILEY FISHER, Fellow in Medicine, beginning April 1, 1942, and continuing through June 30, 1942, at a stipendium at the rate of one hundred twenty dollars (\$120) a month. (May 8, 1942)

WESTERBEEK, LOUISE ALBERTA, Senior Account Clerk in the Extension Service in Agriculture and Home Economics, for four months beginning May 1, 1942, subject to the rules of the Civil Service Commission, at a salary at the rate of one hundred thirty-five dollars (\$135) a month (this supersedes her previous appointment). (May 6, 1942)

RESIGNATIONS AND CANCELLATIONS

The Secretary presented also for record the following list of resignations and cancellations.

ALEXANDER, MARTHA S., Graduate Stenographer in the School of Journalism—resignation effective April 30, 1942.

BARKETT, PHILLIP JOHN, Junior Accountant in the Accounting Division of the Business Office—resignation effective May 1, 1942.

BAYLOR, EDWARD RANDALL, Assistant in Zoology—resignation effective April 15, 1942.

BONADURER, MARGARET ANN, Stenographer in the Graduate School—resignation effective June 1, 1942.

COCKRUM, ELIN EDWIN, Assistant in Crop Production, in the Department of Agronomy, in the Agricultural Experiment Station—resignation effective at the close of business April 28, 1942.

CONFERE, EDWARD LYON, Associate Professor of Orthopaedics (Rush), in the College of Medicine—resignation effective March 5, 1942.

¹The date in parenthesis is the date on which the appointment was made by the President of the University.

DEUTSCHMAN, VERNON THOMAS, Assistant in Oral and Plastic Surgery in the College of Dentistry—resignation effective April 18, 1942.

JANDASEK, MILENA, Departmental Stenographer in the Department of Chemistry—resignation effective April 11, 1942.

KLEIN, EARL EDWIN, Associate Professor of Social Administration—resignation effective September 1, 1942.

LENG, EARL REECE, Special Research Assistant in Plant Genetics, in the Department of Agronomy, in the Agricultural Experiment Station—resignation effective at the close of business April 30, 1942.

LIFOVSKY, IRVING, Assistant in Animal Pathology and Hygiene, in the Agricultural Experiment Station—resignation effective April 2, 1942.

POTTER, RUTH EVELYN, Assistant Clerk in the Registrar's Office—resignation effective April 30, 1942.

PRINGLE, WANDA CLAIRE, Cataloger in the Library—resignation effective May 5, 1942.

RAMSDELL, Mrs. MARY FRANCES, Assistant Clerk-Typist in the Department of Agronomy, in the Extension Service in Agriculture and Home Economics—resignation effective at the close of business April 30, 1942.

ROBERTSON, Mrs. ROBERTA BEAN, Stenographer in the Office of the Director of the Engineering Experiment Station—resignation effective May 24, 1942.

ST. CLAIR, JAMES SHELDON, Assistant in Agricultural Economics, in the Agricultural Experiment Station—resignation effective May 18, 1942.

WHITE, J. J., Cooperating Teacher in the College of Education—cancellation effective February 1, 1942.

WORLEY, OSBORNE CARROLL, Special Research Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station—termination effective June 5, 1942.

The Board adjourned.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

June 20, 1942

The June meeting of the Board of Trustees of the University of Illinois was held at the Chicago Illini Union Building, 715 South Wood Street, Chicago, at 10 a.m. on Saturday, June 20, 1942.

The following members were present: President Meyer, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. C. S. Havens, Director of the Physical Plant Department, and Mr. J. F. Wright, Director of Public Information.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of April 22 and May 16, 1942.

On motion of Mr. Cleary, the minutes were approved as printed on pages 827 to 906 above.

MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

INVESTIGATION BY GENERAL ADVISORY COMMITTEE

(1) During the past several days there have appeared in the press certain statements and charges against the Board of Trustees and the University of Illinois, attributed to the Attorney General of the State.

Because of the widespread publicity given these statements and the probable harmful and erroneous impression such statements will create in the minds of the citizens of the State, I recommend that the President of the University be authorized to request the General Advisory Committee of the University of Illinois to make an investigation and public report on the validity or falsity of these charges for the information of all citizens. The general direction of such an investigation could properly be handled by the Executive Committee of the General Committee, with each subcommittee studying its appropriate phase of the University's program. There are ten subcommittees, the chairmen of which could meet at the University with the Executive Committee or as a Special Committee to secure pertinent data as the basis for final judgment and report.

No more representative or competent group of Illinois citizens could be found than the men and women now serving on the General Advisory Committee, all of whom except certain ex-officio members are non-alumni of this University. They are well known in their respective communities and after suitable study of the situation can bring their unbiased and intelligent judgments to bear on this matter which is of vital importance to the University of Illinois and its future.

*Dr. Karl A. Meyer, President
Board of Trustees, University of Illinois
Cook County Hospital
Chicago, Illinois*

DEAR PRESIDENT MEYER:

In view of the published statements appearing in the press of the State and attributed to the Attorney General of Illinois that

"I intend to prove that since 1934 a group of hand-picked political puppets have virtually built a political empire in Champaign and Urbana and have cloaked their operations and defended their illegal activities behind the shield of education.

"The University has been on the downgrade since 1934 when control was taken over by a board of trustees who were not the choice of the people but were hand-picked by the downstate democratic machine and the Kelly-Nash machine in Cook County.

"Myself and other alumni of the University have watched our school's decline since the political termites crept into the administration.

"The Johnson exposure in itself is enough to warrant an investigation of the entire administrative branch of the University. If such irregularities have been committed in one department, they may have been committed in others."

I wish to recommend the following procedure for the consideration of the Board of Trustees:

That, because of the widespread publicity given these statements and the probable harmful and erroneous impression such statements will create in the minds of the citizens of the State, the President of the University be authorized to request the General Advisory Committee of the University of Illinois to make an investigation and public report on the validity or falsity of these charges for the information of all citizens. The general direction of such an investigation could properly be handled by the Executive Committee of the General Committee, with each subcommittee studying its appropriate phase of the University's program. There are ten subcommittees, the chairmen of which could meet at the University with the Executive Committee or as a Special Committee to secure pertinent data as the basis for final judgment and report.

No more representative or competent group of Illinois citizens could be found than the men and women now serving on the General Advisory Committee, all of whom except certain ex-officio members are non-alumni of this University. They are well known in their respective communities and after suitable study of the situation can bring their unbiased and intelligent judgments to bear on this matter which is of vital importance to the University of Illinois and its future.

Cordially yours,

A. C. WILLARD

*Dr. Karl A. Meyer, President
Board of Trustees, University of Illinois
Cook County Hospital
Chicago, Illinois*

DEAR PRESIDENT MEYER:

From the statements issued by the Attorney General, as reported in the press recently, it appears that he has raised another issue in the case of Judge Sveinbjorn Johnson, University Counsel and Professor of Law on indefinite tenure. The original issue was the right of the Board of Trustees to employ a counsel to the Board and other University officials. The Attorney General now has attacked the Board of Trustees for employing a University Counsel on the ground that the present incumbent holds what the Attorney General has described as "two jobs," one that of State Director of the Office of Government Reports, the other that of Professor of Law and University Counsel. Inasmuch as the facts have not been given to the public and only distortions have reached the newspapers, I am sending you the following statement. Copies of this letter are being sent to the other members of the Board of Trustees.

In May, 1935, Mr. Frank Walker, now the Postmaster General, then Executive Director of the National Emergency Council, asked Mr. Johnson to take the position of State Director. The initiative was taken in Washington; Mr. Johnson did not seek the position, nor did he procure the support of any person or group, in the State or elsewhere, in this connection. The request was referred to the President of the University and the Board of Trustees, and by unanimous action the request was granted, upon certain conditions for the benefit of the University, with which full compliance has been made.

The position was described by Mr. Walker as entirely non-political; and explicit instructions came from the Washington office to the State Directors that the office must be conducted on an entirely non-partisan and non-political basis. The National Emergency Council started as an emergency agency to coordinate the public works and relief programs. In his instructions to the State Directors, the President of the United States said, among other things: "We do want you to be absolutely hard-boiled if you find any local person within your own states who is trying to get political advantage out of the relief of human needs and you will have the backing of this Administration 1000%, even if you hit the biggest political boss in the United States on the head, in carrying out this general program."

The functions of this office were and now are as follows: (1) to provide general information to the public concerning all federal agencies and to assist the public in obtaining information needful for their own purposes in relation thereto; (2) to act as a liaison agency between state and federal agencies; (3) to coordinate the activities of emergency agencies in the early history of this office (1934-1936), and to assist in eliminating duplication of effort; (4) to furnish the Executive Office reports upon the way the nation's business is being carried on in the State and to point out where improvement in the public service may be made; (5) to prepare reports on all State and local legislation which may affect the operations of federal agencies in the State.

It is obvious, upon reading this description of functions, that the agency was intended and has in the State of Illinois been administered as a public service agency entirely. Mr. Johnson's work as State Director is well known to

the University administration; the President and staff members have been given opportunity, confidentially, to become familiar with some of this work; as a result of his reports and criticisms of Federal Agency practices many of these have been materially altered, with resulting improvement in the public service. The Office of Government Reports has been and is a service agency, and his connection with it has been solely in the interest of better public service.

In December, 1937, Mr. Johnson wished to retire as State Director, so informed the Washington office, and wrote letters to heads of federal agencies thanking them for their cooperation and announcing his retirement. Thereupon the Acting Executive Director wrote the President of the University, urgently requesting that Mr. Johnson be permitted to continue. The request was considered by the President of the University and by the Board of Trustees and was granted upon the understanding that Mr. Johnson would perform his services as Professor of Law and University Counsel, giving such time to the position of State Director as he could give, after performing his duties in the capacity stated. Of this Mr. Leggett, Acting Executive Director, was informed, with it he was satisfied, and on that basis Mr. Johnson has served since.

In the summer of 1941 Mr. Johnson stated, while on a visit in Washington, to the Executive Officer of the Office of Government Reports that he wanted to be released from his duties. He was informed that consideration would be given to the matter as soon as convenient. The matter received no further attention until April 7, 1942, when the Executive Officer wrote Mr. Johnson, referring to his expressed desire "to be released from your position as State Director of the Office of Government Reports in Illinois, and each time you have brought up the subject we have asked that it be postponed." The Executive Officer stated that the "difficulty of obtaining a qualified successor compels us to request that you continue in your position with this office for another six months. At that time we can reexamine the situation and determine the practicability of releasing you. Knowing as you do of the relationship of our activities to the prosecution of the war, it is my belief that you should consider yourself as drafted for at least another period of six months' service."

Thereafter, Mr. Johnson wrote the President of the University, transmitting this letter from the office in Washington. In this letter Mr. Johnson said among other things, "While I would like to conform with the wishes of the office in accordance with the letter, yet I do not want to leave the impression that my services can be expected to extend beyond this year." Mr. Johnson further stated that if the request be granted, "it must be with the understanding that I will be released permanently from the position of State Director some time during this year." To this letter the President of the University responded in part as follows: "In my judgment, from the point of view of the University, the time has come for you to discontinue your connection with that office as soon as appropriate arrangements can be made for your release and replacement."

The routine of the State Office of Government Reports is, of course, handled by the office staff. The entire staff of that office is subject to federal civil service. Mr. Johnson's work has consisted chiefly in assuming responsibility for the reporting function and to the extent practicable, in view of his duties to the University, in relation to cooperation between state and federal agencies and in commenting upon important legislative bills which would affect the operations of federal agencies within the State. The Springfield office, set up this year, is conducted by an appointee from Washington, and Mr. Johnson has not even been in Springfield in 1942. This work he has attended to in such spare periods as holidays, after hours, evenings, Saturdays, and even Sundays. It is his judgment upon the matters mentioned which the federal office has wanted and has had. Piecemeal, in the manner described, the office has had the approximate sum total of time to which it was entitled.

There has been no complaint and no reason for complaint from any source that Mr. Johnson has not performed his University duties effectively and promptly. Indeed, the original complaint, now seemingly in the background, was that he was doing some of the work which the Attorney General should do.

Within the last few weeks a survey has been completed of the outside employment of staff members of the larger universities in this general area of the West and Midwest. Without going into the details, the survey shows that staff

members are permitted by the governing boards to engage in remunerative outside activities so long as the activity does not materially interfere with the duties of the staff member to the institution. In this way the income of members is augmented to a very substantial extent in large numbers of cases. It is clear that in almost countless cases staff members could not be kept in their positions but for the fact that this is permitted. Members of medical faculties, faculties in chemistry, in engineering, law, and elsewhere would be drawn into private industry and the professions but for this latitude which governing boards allow. This is not an uncommon situation, and in view of limited financial resources of institutions, the policy of governing boards above described is reasonable and necessary. In the case of Mr. Johnson, for example, he was offered a retainer nearly double what the University was paying him a few years ago, with the privilege to practice law in addition.

It is, of course, well known that every institution of major importance in the country has contributed staff members and their services in whole or in part to the Federal Government in recent years, as well as now and since the war began. It has never been supposed that such service was either tainted or criminal.

The Attorney General misrepresents the relation of Mr. Hodges, who is listed in the University budget as "Assistant University Counsel." Mr. Hodges handles student loan fund collections. These are University trust funds given to it by private donors. Their administration is a sizable business, since the University now has loan funds exceeding \$350,000. The bulk of Mr. Hodges' salary is paid out of the income from these loan funds. The University Counsel is ultimately responsible for servicing student loan accounts which cannot be adjusted without going into the courts. Mr. Hodges spends approximately two months in Chicago, devoting all his time to the servicing of these loan fund accounts. In addition, he is gone for several days each week, attending to these accounts, often outside the State. After doing this work for several years as a member of the University Bursar's organization, it was found that in critical cases Mr. Hodges needed a more professional status in order to render effective service, and after due consideration it was concluded to give him the position of Assistant University Counsel since he has had legal training, is a member of the Bar, and is qualified to handle the legal phases of this trust fund business. He receives \$2,100 a year for this collection service and \$900 a year from general University funds for other University services.

Respectfully yours,

A. C. WILLARD
President

Mr. Cleary presented the following statement.

Six issues affecting the University of Illinois have been raised in recent weeks by Attorney General Barrett.

1. The Attorney General of Illinois has challenged the right of the University of Illinois to employ legal counsel. This issue must be decided by the courts. Although this right is of utmost importance to the efficient, independent functioning of the University, until a court decision is reached further consideration by this Board seems to me superfluous.

2. The Attorney General has challenged the right of the University to permit its employees to accept additional compensation from outside sources. Until some member of this Board joins the Attorney General in attacking a policy long established at this and other universities, there seems to be nothing for us to discuss along this line.

3. The Attorney General has implied that Judge Johnson's service to the Federal government has been secret and unauthorized. The fact that such employment was formally authorized by this Board, and such action distributed in printed form to all members of the Legislature and State officials, should be publicized together with whatever statement in this regard President Willard cares to make as the executive officer of the University responsible for adjusting terms of employment of all members of faculty and staff.

4. The Attorney General has stated that Judge Johnson, in addition to his \$9,000 salary from the University, drew "an additional income of \$3,800 annually

from the State treasury." This statement is not only misleading, it is false. The \$3,800 referred to is obviously the total of the following four items set up in the budget of the University for the year 1941-1942 (see Minutes of August 5, 1941, page 456):

| | |
|---|----------------|
| Annual salary of N. D. Hodges, as Assistant University Counsel. | \$ 900 |
| (This is the same salary which the State Auditor of Illinois has withheld from Mr. Hodges on orders from the Attorney General.) | |
| Annual salary of civil service secretary for the department. | 2 000 |
| Appropriation for office expense of the department. | 400 |
| Appropriation for travel expense of the department. | 500 |
| | <u>\$3 800</u> |

This does not represent in any way income to Judge Johnson. Yet the Attorney General not only publicized it as such but multiplied it by seven in calculating Judge Johnson's income since 1935.

5. The Attorney General charges Judge Johnson, in his capacity as Federal employee, with violation of the Hatch Act. This is obviously a matter over which the Federal Department of Justice has jurisdiction, not this Board. It calls for no discussion here.

6. The Attorney General charges that during the past eight years the Board of Trustees, the staff, and faculty have injured the University of Illinois by injecting politics and political propaganda into administration and teaching. These charges have been given wide publicity in practically every newspaper in the State. Typical quotations follow:

"The administrative branch of the University is shot through with politics." (Chicago Times, June 15, 1942)

"The University has been on the downgrade since 1934, when control was taken over by a board of trustees who were not the choice of the people but were hand-picked by the downstate Democratic machine and the Kelly-Nash machine in Cook County. Myself and many other alumni of the university have watched our school's decline since the political termites crept into the administration." (Chicago Daily News, June 15, 1942)

"The thing I object to and which every alumnus objects to is injecting politics into the classrooms. Dr. Arthur Cutts Willard, president of the University, Dr. Meyer and members of the board for seven years have condoned sending Johnson, a political propagandist, into the classrooms. They called him a professor of law." (Chicago Sun, June 15, 1942)

These are the most serious charges made against the University of Illinois by any responsible source within my recollection. Coming from the Attorney General of Illinois they are undoubtedly given great weight by many people. We who are accused cannot dispose of the matter by denials, no matter how false or foolish the charges may seem to us. Nor can these charges be disposed of by court action.

If the Legislature were in session, I would be glad to have the matter referred to a committee composed exclusively of Republican legislators. Since the Legislature is not in session, I suggest that we ask the University of Illinois Advisory Committee to investigate all charges made by the Attorney General of Illinois, and issue a report to the public.

The University of Illinois Advisory Committee is an exceptionally representative cross section of the finest Illinois citizenship. It will be remembered that only one of its invited members is an alumnus. To these invited members were added as ex-officio members, the officers of the Dads' Association, and the officers of the Alumni Association.

I can imagine no more constructive service this group could render to the University at the present time than to give full, fair, impartial study to the serious charges which the Attorney General of Illinois has made against the Board of Trustees and the administration of the University.

MOTION

I, therefore, move that the Advisory Committee of the University of Illinois be asked to investigate the foregoing charges of the Attorney General of Illinois

and any other charges which he may make and report to the public on their truth or falsity. I move that all members of the faculty and staff of the University be instructed to disclose freely to the Advisory Committee any facts of which they may have knowledge concerning the injection of politics or propaganda into University affairs by the administration or by the trustees, or by officials of any political party.

I also move that the following organizations be invited to investigate the charges of the Attorney General and report to the public on their truth or falsity: the American Council on Education, the Association of American Universities, the American Association of University Professors, and the Council on Medical Education of the American Medical Association.

I also move that the President of the University and the staff and faculty be instructed to aid these investigations in every way.

After full discussion by the members of the Board, Mr. Cleary's motion was adopted, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Kar-raker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

CURRICULUM IN PUBLIC HEALTH ENGINEERING

(2) The field of Public Health Engineering has greatly expanded in recent years, especially since the passage of the Social Security Act, and there is at present a demand for trained men which is considerably larger than the supply. The State Department of Health reports that its work is hampered by the lack of a curriculum in Public Health Engineering at the University of Illinois.

The University Senate recommends the establishment of the following five-year curriculum leading to the degree of Bachelor of Science in Public Health Engineering to be offered in the Colleges of Engineering and Medicine.

First Three Years

The first three years are the same as the first three years of the curriculum in Civil Engineering, except that the elective in the second semester of the third year should be either Engineering 92 or Electrical Engineering 4 and 64.

Fourth Year

| FIRST SEMESTER | HOURS | SECOND SEMESTER | HOURS |
|--|-----------|--|-----------|
| Bact. 5a—Intro. Bacteriology | 3 | Chem. 33—Organic Chemistry | 5 |
| Chem. 22—Quantitative Analysis | 5 | C.E. 41—Sewerage | 3 |
| C.E. 40—Water Supply | 4 | C.E. 42a—Water and Sewage Treatment | 3 |
| C.E. 64—Structural Design | 5 | C.E. 65—Structural Design | 4 |
| C.E. 99—Inspection Trip | 0 | C.E. 66—Masonry Structures | 3 |
| <i>Total</i> | <u>17</u> | <i>Total</i> | <u>18</u> |

Fifth Year

| | | | |
|--|-----------|---|-----------|
| Chem. 47—Physical Chemistry | 4 | C.E. 140—Public Health Eng. | 3 |
| Chem. 86—Sanitary Chemistry | 3 | P.H. 1—Bact. and Protozoology | 6 |
| C.E. 42b—Public Health Eng. | 3 | P.H. 4—Preventive Medicine | 2 |
| Zool. 51—Essentials of Zoology | 4 | P.H. 12—Industrial Hygiene | 1 |
| Approved electives (D.H. 10; Entom. 1; Math. 22; M.E. 25) | 5 | P.H. 50—Public Health | 1 |
| | | P.H. 73—Advanced Public Health Pharm. 32—Pharmacology; or ap- proved elective | 2 |
| <i>Total</i> | <u>19</u> | <i>Total</i> | <u>18</u> |

The work for the first semester of the fifth year will be offered in the College of Engineering at Urbana and the second half of the year will be offered at the College of Medicine in Chicago. Students who have received the bachelor's degree in Sanitary Engineering or its equivalent at a recognized col-

lege of engineering shall be admitted to the fifth year in the Public Health Engineering curriculum providing they have had the necessary prerequisites for the particular courses required at the University of Illinois.

I recommend approval.

On motion of Mr. Jensen, this curriculum was approved.

REVISED CURRICULUM IN HOME ECONOMICS

(3) The Department of Home Economics for many years has offered a general curriculum in Home Economics and a special curriculum in Nutrition and Dietetics. These two curricula have become inadequate to provide for recent developments in the field and for new vocations which have opened. Among the considerations which have led to the present revision are (1) the increasing importance of psychology, (2) the vocational Smith-Hughes requirements in teacher training, (3) the requirements of the American Dietetic Association for qualified dietitians, and (4) the discovery that the Nutrition and Dietetics major provided too narrow a course of study.

The University Senate has recommended certain revisions to provide, in the general curriculum in Home Economics, six areas of concentration which correspond to the professional or vocational areas: (1) Foods and Nutrition, (2) Hospital Dietetics and Institution Management, (3) Household Management, (4) The Child and the Family, (5) Textiles and Clothing, (6) Teacher Training.

The courses in Home Economics will be arranged in three groups:

Group I, comprising four courses totaling 9 hours, required of all students in the curriculum: H.E. 1, Introduction to Home Economics; H.E. 4, Foods and Nutrition; H.E. 7, Textiles and Clothing; and H.E. 56, Child Development.

Group II, comprising nine varied and basic courses totaling 23 hours, from which students are required to elect 8 hours (except that majors in Household Management and the Child and the Family must elect 12 hours, and majors in Teacher Training must take all).

Group III, comprising courses in the six areas of concentration, as follows:

(1) Foods and Nutrition. A total of 22-26 hours. Students must elect a minimum of 12 hours.

(2) Hospital Dietetics and Institution Management. A total of 10 hours. Students must take all ten and in addition 13-15 hours from Foods and Nutrition.

(3) Household Management. A total of 12-17 hours. Students must elect 6 hours plus 6 in a related field—economics or home economics.

(4) The Child and the Family. A total of 7-9 hours. Students must elect 6 hours plus 6 hours in a related field—sociology, psychology, or home economics.

(5) Textiles and Clothing. A total of 20-25 hours. Students must elect a minimum of 12 hours.

(6) Teacher Training. A total of 10 hours, all of which must be taken.

Reduction of credits is planned for the following courses: H.E. 58, from 5 to 3 hours; H.E. 5, from 4 to 3 hours; and H.E. 19, from 3 to 2 hours.

H.E. 59 will be enlarged, and the credit increased from 2 to 3 hours.

Two new courses will be added: H.E. 4, Introduction to Nutrition and Foods, 2 hours; and H.E. 63, Experimental Foods, 3 hours.

Because of the reduction of hours in the courses listed above, no additional staff or space is needed at this time.

Changes in prerequisites are concerned mostly with home economics courses. However, Chemistry 32 will replace Chemistry 33 for all students except those in Foods and Nutrition and Hospital Dietetics.

The above proposals are the result of ten years of study by the Home Economics Department and have the support of the College of Agriculture. The Senate Committee on Educational Policy, in recommending approval, stated that in its judgment these proposals are the result of wise and careful study.

I recommend approval.

On motion of Mrs. Grigsby, these curricular arrangements were approved.

FOUR-YEAR CURRICULUM IN LAW

(4) The University Senate recommends that a new four-year curriculum in Law be established as an option in addition to the present three-year curriculum. The entrance requirements, residence requirements, and the grade and degree requirements in the three-year curriculum shall remain unchanged, except that the thesis requirement for the J.D. degree shall be eliminated. The specific requirements of the new four-year curriculum are:

Admission Requirements—The candidate at the time of his admission shall have completed in residence in a college approved by the University of Illinois one-half the number of hours required for the bachelor's degree by the college from which he transfers to the College of Law. The candidate shall present a grade average of 3.5 in all college work presented for admission.

Graduation Requirements—(1) Satisfactory completion of two years of law work (58 hours) with a grade average of 3.0 in law classes shall be required for the degree of B.S. in law. (2) Completion of two years of additional work in the Law School (112 hours of law work for the four years) with a grade average of 3.0 shall be required for the LL.B. degree. (3) Completion of 112 hours of law work with a grade average of 4.0 shall be required for the J.D. (Doctor of Law) degree.

The prime motive for the four-year curriculum is the indisputable fact that the problems and areas in law have increased to such a degree that it is difficult to treat them adequately in the traditional three years. Realization of this condition has led to various proposals, at different times, for extension of the law course, beginning in 1918 with the recommendation of the Executive Committee of the Association of American Law Schools to increase the course to four years. A similar recommendation was made by the Carnegie Foundation for the Advancement of Teaching in 1921. The Universities of Minnesota and Chicago adopted four-year programs in 1931 and 1935, respectively. This program was the subject of extended discussion at the annual meeting of the Association of American Law Schools in 1939. At that time a poll of law teachers showed 52 per cent to be in favor of the four-year program. In the same year a poll of our own graduates showed 66 per cent to be in favor of it.

At present the law schools which have adopted the four-year program are: the Universities of Chicago, Minnesota, Louisiana State, and Washington, and Washington University at St. Louis. In all these schools, with the exception of the University of Washington, the three-year course has been retained as an alternative curriculum. Recently Northwestern University Law School has reduced the requirement of pre-law study from three to two years.

Not only will the addition of a year of study permit the student to take more law courses than before, but it will permit the Law School to offer some integrating courses, which deal with the legal system as a whole. Accordingly it is intended to offer courses in the Development of Legal Institutions, in Legislation, and in Jurisprudence. And in order that students may have more practice in individual work on specific legal problems, there will be offered a course in the Drafting of Legal Documents and a Seminar.

The Dean states that this program can be initiated without any additional expense for the present and during the war period because of decreased enrollment. However, when the enrollment comes back to the pre-war peak it will be necessary to add to the staff the equivalent of one full-time and one half-time instructor. He points out that studies of the College of Law enrollments indicate that it has been understaffed in normal times.

I recommend approval.

On motion of Mr. Davis, this curriculum was approved.

DEGREE OF DOCTOR OF PHILOSOPHY IN ANIMAL PATHOLOGY AND HYGIENE

(5) The Executive Faculty of the Graduate School has recommended, and I have approved, authorization of the award of the degree of Doctor of Philosophy for graduate work in Animal Pathology and Hygiene. The program which

has been worked out for this degree is a modification of one formerly offered in the Department of Animal Husbandry for students whose major interest was in Animal Pathology and Hygiene. The modification consists essentially in some extension of the work in the major field, with corresponding decrease in supporting preparation from other divisions.

On motion of Mr. Fornof, the action of the President of the University in authorizing the award of this degree was approved and confirmed.

GRADUATE WORK IN PHARMACY

(6) On recommendation of the Executive Faculty of the Graduate School, the University Senate has recommended the establishment of graduate curricula in Pharmacy leading to the degrees of Master of Science in Pharmacy and Doctor of Philosophy in Pharmacy. The latter will be restricted for the present to work in Pharmacognosy and Pharmaceutical Chemistry.

I concur.

On motion of Mr. Jensen, these degrees were authorized as recommended.

FEES FOR SUMMER COURSES IN COLLEGE OF PHARMACY

(7) The College of Pharmacy has been authorized to offer a special eight-week teaching program during the summer of 1942 for approximately thirty students. (The College of Pharmacy will not begin operating on a four-quarter basis until September, 1942.)

I have authorized the following schedule of fees for this work and request confirmation of my action:

Tuition for undergraduate residents of Illinois, \$5 a credit hour, with a maximum of \$20; tuition for undergraduate non-residents of Illinois, \$10 a credit hour, with a maximum of \$40. In addition, a student will pay one-fourth of the annual laboratory and building service fees (according to class level) and such laboratory and dispensary fees as apply to the courses in which he is registered.

On motion of Mr. Karraker, this action was approved and confirmed.

APPOINTMENT TO KATE NEAL KINLEY MEMORIAL FELLOWSHIP

(8) A report of the Committee on the Kate Neal Kinley Memorial Fellowship recommends the appointment of Miss Justine Emerson Fuller, of Urbana, as the eleventh Kate Neal Kinley Memorial Fellow, and Miss Adele Paulina Guntor, of Westville, as alternate.

On motion of Mrs. Grigsby, these awards were made as recommended.

LEAVES OF ABSENCE

(9) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case:

W. E. Britton, Professor of Law, one year from September 1, 1942, without pay, to enable him to accept a position with the law firm of Wilson and McIlvaine of Chicago.

C. W. Clarke, Associate in Chemistry, one year from September 1, 1942, without pay, for the purpose of graduate study and completion of work for a doctor's degree.

E. E. DeTurk, Professor of Soil Fertility, extension of his sick leave from April 15 to June 1, 1942, with pay.

Grover C. Edwards, a laborer in the Department of Animal Husbandry, disability leave from February 9 (at noon) through March 31, 1942, with pay.

Miss Edith Ramsey, Nurse in the Dispensary of the Research and Educational Hospitals, sick leave, without pay, for one year from April 13, 1942.

Miss Catherine Lynch, Attendant in the Research and Educational Hospitals, sick leave, without pay, from April 17 through October 16, 1942.

Miss Margaret O'Leary, Nurse in the Research and Educational Hospitals, sick leave, without pay, from April 20 through October 19, 1942.

D. P. O'Donnell, Janitor in the Physical Plant Department at Urbana, sick leave with pay, for a total of 192 hours (or approximately four and one-half weeks).

Leaves of Absence for Military Service
(The leave in each case is without salary
except where otherwise indicated.)

William K. Ford, Associate in Dermatology, from June 19 through August 31, 1942.

Marcus S. Goldman, Assistant Professor of English, from May 23 through August 31, 1942.

Robert P. Larsen, Psychometrist in the Personnel Bureau, from May 20 through August 31, 1942.

J. C. McMillan, Instructor in Medicine, from June 19 through August 31, 1942.

George Michael, Head Cashier in the Business Office at Chicago, from May 12 through August 31, 1942.

Major Adam Pinsenshaum, Property Clerk in the Military Department, from June 3 through August 31, 1942.

Edward P. Shaw, Instructor in French, from May 16 through June 30, 1942, with pay.

E. J. Smith, Assistant Examiner in the Registrar's Office, from June 12 through August 31, 1942.

Stanley E. Telsler, Assistant in Medicine, from July 25 through August 31, 1942.

A. E. Florio, Instructor in Physical Education for Men, from May 24 through June 30, 1942, with pay.

W. J. Treece, Instructor in Physical Education for Men, from May 24 through June 30, 1942, with pay.

Jack C. Finkelstein, Assistant in Ophthalmology (Rush), from May 13 through August 31, 1942.

T. F. Reuther, Instructor in Surgery (assigned to Anatomy part time), from May 18 through May 31, 1942.

Joe W. Kraus, Assistant in the Library, from June 6 through August 31, 1942.

E. Lee Strohl, Instructor in Surgery, from May 20 through August 31, 1942.

Matthew J. Brunner, Assistant in Medicine, from June 1 through August 31, 1942.

James E. O'Malley, Instructor in Medicine, from June 15 through August 31, 1942.

E. Frank Goodman, Instructor in Surgery, from June 3 through August 31, 1942.

DeLafayette Reid, Jr., Assistant in the Acquisition Department of the Library, from June 24 through August 31, 1942.

Leaves of Absence for Other Defense Services

J. H. Manley, Assistant Professor of Physics, from February 1 through August 31, 1942, without pay, for research work at the University of Chicago on an important national defense project for the Government.

J. B. Andrews, Associate Professor of Agricultural Extension, from June 6 through August 5, 1942, without pay, to accept a temporary appointment with the U.S.D.A. to assist in developing the 1943 Agricultural Conservation Program, particularly with reference to the determination of goals for the more important crops and livestock enterprises.

O. H. Lowery, Assistant in Agricultural Engineering, from June 8 through August 31, 1942, without pay, to serve as civilian engineer in the War Department on construction of buildings for training camps and ammunition plants.

Extensions of Leaves of Absence

The following extensions of leaves of absence formerly granted members of the staff for military service, without pay, for the period indicated in each case:

Ross H. Hurt, Associate in Animal Pathology and Hygiene, from June 20 through August 31, 1942.

Fred H. Stenstrom, Assistant in Floriculture, from June 19 through August 31, 1942.

Harold E. Bell, Supervisor of Official Testing in the Department of Dairy Husbandry, from April 23 through August 31, 1942.

On motion of Mr. Davis, these leaves were granted as recommended.

LEAVES OF ABSENCE FOR WAR SERVICE

(10) The Board of Trustees on January 24, 1942 (Minutes, page 749), adopted a policy governing leaves of absence for members of the staff and other employees who have been given leaves for military, naval, or other war service. At the meeting of the Board on May 16 consideration was given to the interpretation of this policy with respect to discontinued positions formerly held by members of the staff now on leave for war service. The President of the University was instructed to prepare a statement that in the judgment of the Board the University's policy should follow, so far as possible, the spirit of the Service Men's Employment Tenure Act. Accordingly the following is submitted:

POLICY GOVERNING LEAVES OF ABSENCE FOR WAR SERVICE

The Board of Trustees has adopted a policy which provides that all permanent employees of the University on limited tenure may be granted leaves of absence for war service until the close of the current academic year and that such leaves may be extended beyond September 1, 1942, in the discretion of the President. Staff members who are on indefinite tenure will be granted leaves for the duration of the war or until they are honorably discharged from service. Their positions will be held open for them and they may resume such positions on satisfying the President of the University of their physical ability to discharge the duties of the position.

The following policy will apply to those on limited tenure who are granted leaves:

1. Where the position is one that is considered essential and is continued during the period of absence of the individual, the position will be kept open for the individual. Appointments to such positions will not be made for periods longer than the period of leave and the individual on leave will have the right to return to the position at the termination of his leave, provided he is in satisfactory physical condition to resume the duties of the position.

2. If the position is no longer needed because of decreased enrollment or other causes it may be discontinued. In this event, the former incumbent shall be given first consideration for any other position on the staff for which he is qualified, unless the position is classified under University Civil Service.

3. If the discontinued position is under University Civil Service the individual formerly filling the position will be placed on the reemployment register in the classification formerly held, and his name will take precedence over names added to the register subsequent to the suspension of his employment. He will thus be eligible to appointment to any position in his classification which becomes vacant at or subsequent to his return.

The general reserve of the University will be used to restore discontinued positions to the extent that such restoration is found to be feasible or desirable.

On motion of Mr. Jensen, this statement of policy was approved.

**CANCELLATION OF LEAVE OF ABSENCE OF
MARY STANSIFER LIGON**

(11) On December 16, 1941 (Minutes, page 722), the Board granted Mrs. Mary Stansifer Ligon, Home Adviser at Large and Instructor in Home Economics Extension, a leave of absence on one-half pay, for one year from September 1, 1942, for the purpose of advanced study of economics, agricultural economics, and home management at the University of Illinois. This leave was subject to the approval of the United States Department of Agriculture, since her salary is paid in full from funds received from the Federal government. The United States Department of Agriculture has suspended all leaves of absence for the duration of the war, and therefore Mrs. Ligon has requested cancellation of her leave.

I concur.

On motion of Mr. Jensen, this leave was cancelled.

RETIREMENT OF RUSSELL G. MORRIS

(12) A recommendation that Russell G. Morris, Superintendent of Agricultural Exhibits in the Agricultural Experiment Station, be retired for physical disability (under the University Statutes) effective June 12, 1942, with an annual disability retiring allowance of \$797.

Mr. Morris is suffering from a heart condition and was given sick leave from January 12 through June 11, 1942, in accordance with the University Statutes governing such leaves. He is unable to return to service, and therefore he is recommended for retirement.

Since he became disabled and unable to perform his duties before March 1, 1942, he cannot be retired under the University Retirement System of Illinois but is eligible for retirement for disability under the old retirement system.

I recommend approval.

On motion of Mr. Davis, this retirement was authorized as recommended.

**UNIVERSITY RETIREMENT SYSTEM AND COMPENSATION
FOR EXTRA SERVICES**

(13) The act creating the new retirement system for the University, the State Teachers Colleges, and the State Surveys provides that contributions shall be made by employees and benefits shall be paid on total earnings, "provided that if any Employer adopts a rule specifying that any extra compensation for summer teaching or other extra service not included in the regular annual salary shall not be considered as earnings, all amounts so specified shall be excluded."

The question is now being faced in the University for the first time on salaries for services during the Summer Quarter of 1942. Unless the Board of Trustees adopts a rule providing that such extra compensation is not included as a part of earnings for retirement contributions and benefits, the regular deductions would be made from summer salaries.

After thorough consideration and discussion of the matter with the University Retirement Committee, the Director of the Summer Quarter and the Comptroller recommend adoption by the Board of Trustees of the following rule defining earnings for the purpose of contributions to and benefits of the University Retirement System of Illinois, this to be applicable only to University staff members and employees:

"Extra compensation for summer teaching or other extra service not included in the regular annual salary shall not be considered as earnings under the provisions of the Act establishing the University Retirement System of Illinois approved July 21, 1941."

If at any time conditions, either in general or in individual cases, so change that this regulation is not satisfactory it may be modified by the Board of Trustees under the law.

I recommend approval.

On motion of Mr. Davis, action on this matter was deferred pending discussion by the Trustees of the University Retirement System.

APPROPRIATION TO DEPARTMENT OF ANIMAL HUSBANDRY

(14) The estimate of income for the 1941-1942 budget included an estimated item of \$49,780 of income from the operations of the Department of Animal Husbandry in the Agricultural Experiment Station.

Due to increase in prices, an excess of income will be realized. At its meeting on April 22 the Board approved an appropriation of \$9,000, representing excess receipts over budget estimates from operating the Dixon Springs Experiment Station. It is now estimated that the Department will realize an additional \$6,000 in excess of budget estimates from other operations.

Conditions unforeseen at the time the budget for the current year was made up have increased the operating costs of the Department. These same conditions have increased departmental receipts. The Head of the Department and the Dean of the College, therefore, request that an appropriation of \$4,000 be made from excess receipts of the Department to cover additional operating expenses for the balance of the year.

The Department also requests an appropriation of \$2,250 for rebuilding the concrete floors of the poultry houses. Since this is a non-recurring item, it should not be charged against the current operating budget. The Department has a balance of approximately \$4,000 in accumulated excess receipts of previous years, and the appropriation for rebuilding these floors should be made from this fund.

I recommend that these appropriations be made, the first from excess receipts of the Department resulting from operations during the current fiscal year ending June 30, 1942, with the provision that any unexpended balance at the end of the year will lapse into the unappropriated agricultural income reserve; and the second from the unappropriated agricultural income. Sufficient funds are available to cover these appropriations in both cases.

On motion of Mr. Davis, these appropriations were made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

APPROPRIATION TO UNIVERSITY COUNCIL OF DEFENSE

(15) The University War Committee has appointed a number of subcommittees for various objectives and responsibilities of University war service. One of these, originally the Committee on Protection of Life and Property, but now designated as the University Council of Defense, has prepared a definite plan to protect both life and property about the University in case of danger or disaster. This plan includes training courses for staff members in first aid and in other fields related to civilian defense.

The council needs funds to carry out some of its plans, and no existing budget can absorb such expense.

The Chairman of the War Committee recommends:

(1) That the University and its employees share equally in the time required to train workers. For example, if a class organized in this program meets for a two-hour period, one hour of this time will be given by the University, and the employee will be asked to contribute an hour from his own time.

(2) That an appropriation of \$1,600 be made to the University Council of Defense for one year from July 1, 1942.

I concur in these recommendations.

On motion of Mr. Davis, these recommendations were adopted and the appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

SPECIAL GUARD SERVICE IN URBANA DEPARTMENTS

(16) The Director of the Physical Plant Department submits the following estimates of the annual cost of maintaining special guard service in various areas of the Champaign-Urbana campus:

| | |
|--|-----------------|
| Radio Transmitter Station | \$ 4 510 |
| Armory | 4 560 |
| Military Stables | 4 560 |
| Noyes Chemistry Laboratory (Not included in the total as the cost of this is paid from Federal funds) | (6 290) |
| Abbott Power Plant | 6 660 |
| Physical Plant Service Building | 3 340 |
| <i>Total</i> | <u>\$23 630</u> |

This is not a normal charge against the Operation and Maintenance budget of the Physical Plant Department but is a direct result of the war emergency and should be covered by a special appropriation as the Department cannot absorb this expense in its current budget. The officers concerned recommend as follows:

Radio Transmitter Station—The Director of Radio Station WILL states that the Federal Bureau of Investigation and the Federal Communications Commission both have asked all radio stations to maintain regular watchman service as protection against first, sabotage, and second, against loss of equipment, since such equipment is difficult to replace.

Armory and Military Stables—The Professor of Military Science and Tactics has recommended the maintenance of watchman service in these areas because of the University's responsibility to the War Department for the protection of Government property which includes artillery and signal corps fire control equipment, machine guns, rifles and pistols, motor vehicles, animals and stable equipment, and clothing, having an appraised value of approximately \$750,000. Loss of any considerable portion of this property would result in handicapping the program of military training due to the difficulty in replacing such equipment.

Abbott Power Plant and Physical Plant Service Building—The Director of the Physical Plant Department states that in view of reductions in the budget he would not favor continuation of this service at the Physical Plant Service Building, but in his judgment guard service should be maintained at the Abbott Power Plant.

The net result of these recommendations is that an appropriation of \$20,290 will be necessary to continue watchman service at the Radio Station, Armory, Military Stables, and the Abbott Power Plant.

On motion of Mr. Fornof, this appropriation was made, subject to the realization of unexpended balances, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

WATCHMAN SERVICE IN THE CHICAGO DEPARTMENTS

(17) The Director of the Physical Plant Department recommends expansion of the watchman service in the Chicago Departments to provide for the services of four additional men. There are at present three watchmen transferred from the Department of Public Welfare when the Research and Educational Hospitals were taken over by the University. The difficulty of replacing equipment lost through theft makes the need for increased protection all the greater. The cost of this additional service will be \$8,500 a year.

On motion of Mr. Jensen, this appropriation was made, subject to the realization of unexpended balances, by the following vote: Aye,

Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

REAPPROPRIATION OF UNEXPENDED BALANCES

(18) A recommendation that the following estimated balances in certain funds as of June 30, 1942, be reappropriated for the purposes indicated for the fiscal year beginning July 1, 1942:

| | |
|--|-----------|
| Alumni program..... | \$ 9 000 |

On motion of Mr. Fornof, these balances were reappropriated as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

ANNUAL REPORT ON CARTER-PENNELL FARMS

(19) The Dean of the College of Agriculture submits the annual report of the Carter-Pennell Farms covering the farm year, March 1, 1941, to February 28, 1942. This report covers the operations of two farms in Vermilion County held in trust by the Board of Trustees of the University, and the net proceeds are used as a loan fund to aid students. The net income of the two farms for the year was \$3,016.67, which is the largest annual net income that the University has received during the nineteen years it has owned and operated the farms.

The operating account now has a cash balance of \$4,665.63. The committee in charge of the operation of the Carter-Pennell Farms recommends that \$2,000 of the cash balance be transferred to the Student Loan Fund. The remaining balance of \$2,665.63 will provide ample reserve for operating expenses and improvements needed at this time.

On motion of Mr. Jensen, these assignments of funds were made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

PURCHASES AUTHORIZED

(20) A report of the following purchases authorized by the President of the University in accordance with the University Statutes:

1. Approximately 250 crossbred or fine-wool yearling ewes, for the Department of Animal Husbandry for experimental purposes. The purchase requires inspection of several lots of animals, and the price will depend on the market at the time of purchase. The approximate cost is \$3,500.

2. Forty-eight dental instrument cases, from H. Gerstner & Sons, Dayton, Ohio, at a price of \$25.50 (f.o.b. Dayton) per case, or a total of \$1,224. This is a non-competitive item as the cases are made according to a special University design, and to secure uniformity should be purchased from the manufacturer who has supplied them before. The cases are for resale to students.

3. Fresh and smoked meats and poultry, 29 items, for the Research and Educational Hospitals during the month of June, from the following lowest bidders, as per quotations received May 26, 1942, a schedule of which is hereby given to the Secretary of the Board for record:

| | |
|---------------------------------------|------------|
| Swift & Company, 10 items..... | \$1 518 60 |
| New City Packing Company, 1 item..... | 105 75 |
| Irwin Brothers, 5 items..... | 701 25 |
| Jourdan Packing Company, 3 items..... | 585 00 |
| Cudney & Company, 2 items..... | 413 00 |
| Davidson Meat Company, 1 item..... | 100 80 |
| Armour and Company, 7 items..... | 416 70 |

On motion of Mr. Davis, the action of the President of the University in authorizing these purchases was approved and confirmed.

GIFTS TO THE UNIVERSITY AND GRANTS OF FUNDS FOR VARIOUS PURPOSES

(21) A report of the following gifts and grants of funds for various purposes received by the University since the last report:

Gifts

1. Dr. Francis L. Lederer, Professor and Head of the Department of Laryngology, Rhinology, and Otology, \$134.50 to supplement the Francis L. Lederer Otolaryngology Trust Fund.

2. Society of American Florists and Ornamental Horticulturists, \$100 to the Department of Horticulture, to be handled as an expendable trust grant.

3. Dr. Jordan P. Sandman, South Weymouth, Massachusetts, \$25 to be added to the Gallie-Dittmar Student Loan Fund.

4. Anonymous donor, \$100 to be used as a partial scholarship for a selected deserving freshman student in the Chicago Colleges during the academic year 1942-1943.

5. Mrs. T. A. Clark, to the Museum of European Culture, a vase which was given to the late Dean Clark by a Chinese student.

6. Estate of Mr. Albert Hale, Chicago, a Louis Lot flute and a collection of colored slides, to the University High School.

Grants for Continuation of Agreements for Cooperative Investigations

1. Monsanto Chemical Company, St. Louis, Missouri, \$4,500 for the renewal of a fellowship to carry on further research on insecticides in the Agricultural Experiment Station and the State Natural History Survey during the period July 15, 1941, to July 14, 1942.

2. Liberty Chemical Laboratories, Franklin Park, Illinois, an additional \$300 for the investigation of greenhouse insecticides by the Agricultural Experiment Station and the State Natural History Survey during the year beginning March 1, 1941.

3. Griffin Wheel Company, \$750 for the continuation of an investigation by the College of Engineering to determine the endurance of chilled iron car wheels under long continued brake application, for one year from July 1, 1941.

Grants for Research

1. Anonymous, \$1,200 for the salary of a Research Graduate Assistant during the years 1942-1943 and 1943-1944 to carry on the investigation on pressures due to granular materials, in the College of Engineering, the assistantship to be known as "The Milo Smith Ketchum Research Graduate Assistantship."

2. National Lime Association, \$600 for the renewal of a grant to provide an assistant to carry on X-ray studies of lime in the laboratory of Professor G. L. Clark, of the Department of Chemistry, during the year 1941-1942.

3. Standard Brands, Incorporated, of New York, an additional grant of \$3,300 for studies of the effects of yeast on the digestive tract, which are being carried on by Dr. Olaf Bergeim, of the Department of Physiological Chemistry, in the College of Medicine during the academic year 1941-1942.

4. Abbott Laboratories, North Chicago, Illinois, \$650 for the continuation of the Abbott Fellowship in Organic Chemistry during the year 1941-1942.

5. New York Community Trust, on behalf of an anonymous client, \$960 in support of a fellowship in Chemistry, \$750 to be used as the stipendium and \$210 to cover tuition and laboratory fees. This is a continuation of a fellowship awarded during the current academic year.

6. Educational and Research Bureau for By-Product Ammonia, Columbus, Ohio, \$300 for exploratory studies on the inter-relationships between sulfate of ammonia and rock phosphate, covering a period of one year from April 15, 1942, by the Department of Agronomy of the College of Agriculture.

7. The Nutrition Foundation, Inc., New York City, \$2,000 for research work by Professor F. R. Steggerda, of the Department of Physiology, on factors which may alter the calcium utilization by the adult man, and \$3,600 for

research by Professor W. C. Rose, of the Department of Chemistry, on the amino acid requirements of man.

8. Mead, Johnson and Company, Evansville, Indiana, \$2,400 for the support of research work on amino acids in the Department of Pediatrics under the direction of Dr. J. H. Hess.

9. Middle West Soil Improvement Committee of the National Fertilizer Association, \$500 for the continuation of research on the response of soybeans to soil treatment and fertilizer practices, for one year from May 1, 1942, by the Agricultural Experiment Station.

MEDICAL EXAMINATIONS OF UNIVERSITY STAFF MEMBERS

(22) At the meeting of the Board on May 16, I presented estimates of staff, space, and budgetary requirements for carrying out the program of medical examinations for staff members which was adopted by the Board at its meeting on April 22. Action on this was deferred.

Following are estimates prepared by the University Health Officer.

Number of University Employees

| | |
|---|--------------|
| Urbana Departments | 2,783 |
| Chicago Departments, salaried staff and employees. | 1,025 |
| (This does not include 527 clinical staff members.) | |
| Employees outside of Urbana and Chicago | 621 |
| (These are persons employed in various communities of the State where the University has experiment fields, such as Dixon Springs, and where other enterprises are being carried on.) | |
| <i>Total, Employees</i> | <u>4,429</u> |

Staff Requirements—It will require the full-time services of four physicians working eight hours a day, to examine the employees of the University once a year. This is based on an estimate of five complete medical examinations a day by each physician (including medical histories, discussion of results of findings with individuals, and unavoidable delays).

Space Requirements—The Health Service offices in both Champaign-Urbana and Chicago are in constant use from 8:00 a.m. to 5:00 p.m. It will be necessary to provide four additional offices. The cost of the alterations is estimated at \$3,000.

Summary of Estimated Cost of Medical Examinations

| | |
|--|--------------------|
| <i>Urbana:</i> | |
| Salaries of 3 physicians | \$10 500 00 |
| Furniture and equipment for 3 offices | 3 600 00 |
| Laboratory technician (Salary and supplies) | 1 200 00 |
| Roentgenograms, at \$1.50 each | 5 106 00 |
| Alterations to provide offices at the Health Service | 3 000 00 |
| Additional stenographic and clerical assistance | 1 500 00 |
| <i>Total, Urbana Departments</i> | (24 906 00) |
| <i>Chicago:</i> | |
| Salary of one physician | 3 500 00 |
| Office furniture and equipment | 1 200 00 |
| Laboratory technician and supplies | 1 000 00 |
| Roentgenograms | 1 537 50 |
| Stenographic and clerical assistance | 600 00 |
| <i>Total, Chicago Departments</i> | (7 837 50) |
| <i>Outside Urbana and Chicago:</i> | |
| Physicians' fees for examination of 621 employees, at \$5 each | 3 105 00 |
| (Cost of roentgenograms included in item for Urbana Departments) | |
| <i>Grand Total</i> | <u>\$35 848 50</u> |

NEW APPOINTMENTS OF PROFESSORIAL RANK

(23) A recommendation that the following appointments to the staff, effective September 1, 1942, be approved:

1. Roland M. Smith, Associate Professor of English, on indefinite tenure from September 1, 1942, at an annual salary of \$4,000.
2. Gladys M. Kinsman, Professor and Chief in Nutrition, in the Department of Home Economics, for one year from September 1, 1942, at an annual salary of \$4,000.

On motion of Mr. Jensen, these appointments were made as recommended.

THE UNIVERSITY BUDGET FOR 1942-1943

(24) The University budget for the fiscal year beginning July 1, 1942, and the academic year beginning September 1, 1942, is submitted herewith. (See page 979.)

I recommend that this budget, covering the allocation of the University's income from all State appropriations (including the appropriation of the University Income Fund representing all general income) as well as Federal funds and trust funds, for wages, operation, equipment, plant repairs and replacements, and all other operating expense for the fiscal year beginning July 1, 1942, and salaries for the academic year beginning September 1, 1942, be approved; that the President of the University be authorized to make such changes and adjustments as are needed, to make such additional appointments as are necessary, and to accept resignations offered, in accordance with the needs of the University and the equitable interests involved, and within the total amount appropriated; and that the Executive Committee of the Board be hereby authorized to make appropriations from the General Reserve Fund and such other adjustments in the budget as may be needed from time to time whenever it is necessary to take such action in the absence of a quorum of the Board.

On motion of Mr. Fornof, the budget was approved, the appropriations and expenditures involved were made and authorized, and authority was granted as requested, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

SCHEDULE OF LABORATORY FEES IN URBANA DEPARTMENTS

(25) The following schedule of laboratory fees for the Urbana Departments for the academic year beginning September 1, 1942, is submitted to the Board of Trustees for approval.

The schedule has been compiled from reports of the departments and has been recommended by the Comptroller and the Provost, in accordance with the procedure specified in the University Statutes. The list provides for special fees in 417 courses, as compared with 415 in last year's list. Of this total, fees are indicated in three courses where none have been charged during the current year, while in six other cases fees have been omitted because of change in the content of courses. In seven cases fees have been increased, and in two cases reductions have been made as a result of the past year's experience, and in 390 cases the fee is the same as for the previous year.

I recommend approval.

On motion of Mr. Cleary, this schedule of fees was approved as recommended.

BUDGET OF THE ATHLETIC ASSOCIATION

(26) I present herewith the budget of the Athletic Association for 1942-1943 as approved by its Board of Directors and transmitted by the Director of the Athletic Association. This budget has been examined in detail by the Comptroller and reviewed by the President of the University.

The budget shows an estimate of income of \$232,955, as compared with an original estimate of \$267,905 for the current year and a probable realization of \$257,682. Of this income a total of \$152,750 is expected from football, which is

approximately the same as actually realized for the current year. The Board of Directors feels that this estimate is conservative, based on next year's schedule, but it must be realized that the whole problem of attendance at games is quite uncertain at the present time. Income from the sale of coupon books is estimated at \$35,000 as against \$43,748 actual for the current year.

Expenses are estimated at \$230,480, as compared with an original appropriation of \$258,770 for the current year and a present estimate of \$251,530 of actual expenditures. Of the total budget the sum of \$72,872 is for salaries and retiring allowances and \$157,608 is for expenses. Since the bulk of the income is realized in the early weeks of the year, it is believed that expenditures can be adjusted to meet decreased income if the budget estimate of income is not realized.

The budget thus shows an excess of \$2,475 of estimated income over receipts and expenses.

All salaries have been checked by the President of the University, and those which are paid jointly by the Association and the University conform to the University budget presented at this meeting.

A preliminary financial statement of the Athletic Association at June 30, 1942, is presented at the close of its budget. It shows an estimated operating balance of \$17,370 at the close of the year as compared with \$28,614 at the beginning of the year. This reduction is due to large expenditures for the connection of the Stadium to the University heating plant and other capital items. Operating income for the year will slightly exceed operating expenses. The Association also will have at the end of the year a reserve of \$13,500 for plant maintenance and replacements and an annuity fund of \$98,448, also bank stock of a par value of \$8,600 not included in the operating balance but understood to have a value of not less than par.

I recommend approval of the budget of the Athletic Association for the year 1942-1943 as presented.

On motion of Mr. Davis, this budget was approved as recommended.

RESEARCH SERVICES OF MEMBERS OF THE UNIVERSITY STAFF TO THE UNITED STATES GOVERNMENT

(27) Pursuant to authorization of the Board of Trustees, the University has entered into various contracts with the National Defense Research Committee of the Office of Scientific Research and Development of the United States for research work on war problems. The Government provides the funds for the actual expenses of these research programs, including salaries of scientific personnel and others employed on these projects, supplies, equipment, and overhead charges for the use of the University facilities. Members of the regular University staff in charge of this work have donated their services and supervise the work, this being in addition to their regular duties.

Beginning July 1, 1942, new contracts with the Office of Scientific Research and Development will include a provision for charging to the contract the salaries of members of the University staff who are supervising National Defense Research Committee contracts, to the extent of the time devoted to such projects. Funds thus released in the regular budget will be available for the employment of additional staff to assist and otherwise relieve the individuals concerned of a part of their University work.

An exception to this arrangement is requested in the case of Professor Roger Adams, Head of the Department of Chemistry, who is a member of the National Defense Research Committee and is Chairman of Division B (Chemistry and Chemical Engineering). In that capacity he is in charge of all research work in Chemistry and Chemical Engineering for the National Defense Research Committee. The O.S.R.D. was created by an executive order of the President of the United States. This order specifies that none of the executive officers of the O.S.R.D. or of its two committees (the National Defense Research Committee and the Committee on Medical Research) shall receive compensation. Consequently none of these individuals receives compensation from the Government, with the exception of traveling expenses. Professor Adams is devoting approximately seventy-five per cent of the normal working hours to

this program, but on the other hand he spends a great deal of his own time in addition to the other twenty-five per cent of the normal working hours to carry on his University work.

Under the circumstances it seems to be justifiable that the University donate his services to the Government as a part of the University's war effort, and I recommend that this be authorized.

On motion of Mr. Jensen, this arrangement was authorized as recommended.

DIESEL ENGINE OPERATORS' SCHOOL FOR THE UNITED STATES NAVY

(28) The United States Navy has inquired if the University can provide the facilities for housing, feeding, and training of approximately 600 Diesel engine operators. We have advised the Navy that facilities for housing and feeding are available, and have suggested that Naval officers be sent here to inspect such facilities as are available for the instructional program to determine if they are adequate for the purpose. These facilities are:

1. The Men's Residence Halls for the housing and feeding of trainees. No rooms in the Residence Halls have been assigned for next year. This program will mean taking over the Residence Halls for use as barracks.

2. The Ice Skating Rink. In this connection consideration should be given to the effect which taking over the Skating Rink for this purpose will have upon the programs of physical education, intramural sports, and intercollegiate athletics. With the use of the Men's Old Gymnasium and the Gymnasium Annex for the Naval Training School for Signalmen, facilities for these programs of physical education and sports have been greatly reduced. On the other hand, at the request of the Army and Navy the University has increased the amount of physical education required of all male students as a means for conditioning them for military service.

Until more information is available as to the specific requirements of the Navy, sources of funds, and the effect of this on the programs of physical education and sports, I am unable to make a definite recommendation but am bringing the matter to the Board for instruction.

On motion of Mr. Davis, the President of the University was authorized to continue negotiations and to offer all possible facilities consistent with the maintenance of our program in physical education.

FUNDS FOR BUILDING REMODELING FOR NAVAL TRAINING SCHOOL FOR SIGNALMEN

(29) The Board of Trustees has authorized the release of \$100,000 from the State appropriation for building remodeling as an advance to cover the cost of building changes to provide quarters for the Naval Training School for Signalmen. (See Minutes of May 16, 1942, page 887.) The Director of the Physical Plant Department recommends, and I concur, that an additional \$25,000 be released from the same appropriation for this program. Under its contract with the Navy, the University will secure reimbursement for this outlay.

On motion of Mr. Davis, this transfer was authorized, by the following vote: Aye, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Adams, Mr. Green, Mr. Wieland.

PURCHASE OF PROPERTY IN CHICAGO

(30) The Director of the Physical Plant Department has received recommendations from Farr and Company, the firm retained by authority of the Board of Trustees to assist in the purchase of properties in Chicago, concerning the acquisition of the following parcels fronting on Taylor Street between Wood Street and Wolcott Avenue: (1) the purchase of property at 1834 Taylor Street, at \$5,000; (2) the purchase of property at 920 South Wood Street, at \$6,500; and (3) the filing of tax foreclosure suits against the property at 1824, 1832, and 1840 Taylor Street.

Since these prices are in excess of the limit authorized by the Board of Trustees (25 per cent above the appraisal by the Chicago Real Estate Board), the recommendations are hereby submitted to the Board for further instructions. I also submit a schedule outlining the present status of this property acquisition program as a whole, showing anticipated prices. As this schedule shows, it will be possible to acquire this property within the State appropriation for this purpose even if it is necessary to pay the maximum prices.

The Director of the Physical Plant Department concurs in the recommendations of Farr and Company, and I approve.

Certain representatives of property owners spoke on this matter.

On motion of Mr. Davis, the purchase of the properties at 920 South Wood Street and 1834 Taylor Street was approved, and the schedule of acquisition was referred to the Committee on Buildings and Grounds for consideration.

APPROPRIATION FOR ORCHARD STREET STORM DRAIN IMPROVEMENT

(31) At its meeting on October 21, 1941 (Minutes, page 678), the Board of Trustees accepted the University's share of the cost of the Orchard Street storm drain improvement, which was estimated at \$3,722.

I recommend that an appropriation of \$3,722 be made from the General Reserve Fund and that the Board of Trustees authorize payment of this amount to the City of Urbana for the University's share of the cost of this improvement.

On motion of Mr. Jensen, this payment was authorized and the appropriation was made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

RETIREMENT OF H. L. WINGFIELD

(32) A recommendation that H. L. Wingfield, Laborer in the Department of Horticulture, be retired for physical disability, effective April 25, 1942, with an annual disability retiring allowance of \$623, in accordance with the University Statutes.

Mr. Wingfield has been in the service of the University since April 2, 1928, and he is suffering from organic heart disease. The University Health Officer has certified that he will not be able to resume his work even if he makes a partial recovery from his present condition. Since he became disabled and unable to perform his duties prior to March 1, 1942, he can not be retired under the University Retirement System of Illinois, but is eligible for retirement for disability under the old retirement system.

I recommend approval.

On motion of Mr. Davis, this retirement was authorized as recommended.

APPROPRIATION TO CHICAGO ILLINI UNION BUILDING

(33) At its meeting on October 21, 1941 (Minutes, page 680), the Board earmarked \$4,462 in the General Reserve Fund for the operation of the Chicago Illini Union Building, but the amount was not appropriated. The Director of the Physical Plant Department now requests that the appropriation be made, and I concur.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

MINIMUM AND MAXIMUM SALARIES OF CIVIL SERVICE STAFF

(34) The University Civil Service Committee recommends a schedule of minimum and maximum salaries for the various classifications in the University Civil Service.

In determining these salary ranges, consideration was given to (1) present salaries and wages paid by the University, (2) comparable salaries paid for similar work in other public institutions in the middle west and particularly in the State of Illinois, (3) the prevailing rate most frequently paid in the community, (4) the current trend of supply and demand in the labor market, (5) comparative difficulty and responsibility of the various positions and their comparative value to the University, and (6) to some extent the cost and standard of living.

A minimum salary rate and a maximum rate have been placed on each classification. The minimum rate is considered the lowest rate that any employee should receive for performing the work of that classification and is generally considered the starting rate for that classification. These rates are for full-time service, and part-time rates should be computed as a proportionate amount of these rates. Salary increases should be approved in orderly steps of \$5, \$10, \$15, or \$25 a month, except where the University is obliged to meet the prevailing rate in the community.

Under present economic conditions it seems apparent that adjustments in the compensation plan may be necessary from time to time. The salary range for each classification should be under more or less constant study to determine any necessary changes.

This matter was referred to the Committee on Civil Service and Employees for study and recommendation.

CIVIL-SERVICE CLASSIFICATIONS

(35) On January 24, 1942 (Minutes, page 749), the Board of Trustees approved 121 classifications in the University Civil Service. This was a partial list and it was understood that additions and changes would be made at a later meeting, since a complete list of classifications could not be submitted at that time due to the necessity of further study, and new classifications have subsequently been found necessary.

The University Civil Service Committee has now completed its initial classification work and recommends that additional classifications (167 in number) be established. This group includes executive and semi-executive positions, foremen, tradesmen, mechanics, clerks, attendants, storeroom employees, and a few miscellaneous classifications.

I recommend that this be referred to the Committee on Civil Service and Employees.

This matter was referred as recommended.

CONTRACTS EXECUTED BY THE COMPTROLLER MAY 6 TO JUNE 11, 1942

(36) A report of contracts executed by the Comptroller.

This report was received for record.

LEAVES OF ABSENCE FOR WAR SERVICE, 1942-1943

(37) The regulations of the Board of Trustees governing leaves of absence for military, naval, or other war service, provide that leaves granted for limited periods, such as until the close of the academic year 1941-1942, may be extended beyond September 1, 1942, at the discretion of the President. Accordingly, leaves of absence for one year beginning September 1, 1942, without pay (except as indicated in one case), have been granted to the following members of the staff. I request confirmation of this action.

On motion of Mr. Davis, the action of the President of the University in granting these leaves of absence was approved and confirmed.

PURCHASE OF COAL FOR URBANA DEPARTMENTS

(38) The Purchasing Agent and the Director of the Physical Plant Department submit the following schedule of bids, received and opened on June 15, 1942, on coal for the Abbott Power Plant for 1942-1943:

| <i>Firm</i> | <i>Tons</i> | <i>Price f.o.b. mine</i> | <i>Freight rate per ton</i> | <i>Delivered price</i> |
|----------------------------|---------------------|--------------------------|-----------------------------|------------------------|
| Globe Coal Company..... | 22 500 | \$1 65 | \$0 63 | \$2 28 |
| Tilton Mining Company..... | 7 500 | 1 65 | 0 63 | 2 28 |
| Peabody Coal Company..... | 10 000 ¹ | 2 00 | 0 63 | 2 63 |

Specifications and invitations to bid were sent to twenty operators in the Danville district. In addition advertisements were published in the Danville Commercial News, the Chicago Tribune, and the Chicago Journal of Commerce, inviting bids. Operators in other areas can not compete because of the differential in freight rates. The University's requirements are approximately 30,000 tons a year. Bids on 30,000 tons of screenings were invited, but the lowest bidder—the Globe Coal Company—can supply only 22,500 tons. The Tilton Mining Company quoted the same price, but the Globe Coal Company's coal is considered best due to the low percentage of fines. Approximately 17,000 tons are now in storage. The Purchasing Agent and the Director of the Physical Plant Department recommend the award of the contract for delivery of screenings, as required during the year, to the Globe Coal Company, Chicago, for 22,500 tons at \$1.65 a ton, f.o.b. mine. The freight rate is 63 cents a ton, making the delivered price \$2.28 a ton.

I recommend approval.

On motion of Mr. Fornof, this contract was awarded as recommended.

¹Washed screenings for delivery during July, August, September, and October at the rate of 2,500 tons per month.

APPROPRIATION TO DEPARTMENT OF DAIRY HUSBANDRY

(39) The Head of the Department of Dairy Husbandry recommends that the excess receipts over estimated income from departmental sales be appropriated and made available for operating expenses for the balance of the current fiscal year.

The Department supplies all the milk and other dairy products for the Illini Union Building, the Residence Halls, the Home Economics Cafeteria, and for class laboratories. The Department found it necessary to purchase during the year additional cattle to meet the demand. The establishment of the Naval Training School for Signalmen has increased the demand, and it may be necessary again to increase the dairy herd.

Increasing the herd has meant more feed to purchase, and feed prices have been about fifty per cent higher than they were when the budget for 1941-1942 was prepared. The Department has also expended about \$3,000 in repairs, installing new plumbing, and making other improvements to comply with milk inspection recommendations. These expenditures likewise were not contemplated when the budget was prepared. On the other hand, milk prices have advanced and sales have increased which accounts for the increased income of the Department.

Operating expenses for the year will be approximately \$5,756 in excess of budget appropriations; receipts will be about \$6,800 in excess of the original estimate.

I concur in the recommendation of the Department that the excess receipts be appropriated to the Department for the current year, with the provision that any unused or unexpended balance at the end of the fiscal year will lapse into unappropriated agricultural income reserve.

On motion of Mr. Fornof, this appropriation was made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

REAPPROPRIATION OF PHYSICAL PLANT EXPENSE AND MAINTENANCE FUNDS

(40) The Director of the Physical Plant Department requests that the unexpended balances in the total Physical Plant Department operation and maintenance budget (both for Urbana and Chicago) at the end of the current fiscal year be carried forward and made available for the fiscal year beginning July 1, 1942. The unexpended balance in this appropriation as of May 31, 1942, was \$164,695. The amount of the reappropriation will be the unencumbered portion of that balance. The average monthly expenditure for the past eleven months of the fiscal year was about \$95,000.

I recommend approval.

On motion of Mr. Cleary, this appropriation was made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Green, Mr. Wieland.

CHANGE IN CONTRACT FOR ELEVATOR REPAIRS IN RESEARCH AND EDUCATIONAL HOSPITALS

(41) The Director of the Physical Plant Department requests approval of a change in the contract with the Otis Elevator Company for repairing elevators in the Research and Educational Hospitals by omitting the new DC brake frames and coils with necessary rectifiers, as originally specified for elevators 1, 2, 4, and 5, reducing the total amount of the contract by \$1,044.

Priorities make it impossible to get this equipment now, but it can be installed later. Since there is a mechanical brake now on the elevator, omission of this installation will not constitute a safety hazard. The electrical equipment would have reduced maintenance costs and provided more comfort for passengers.

I recommend approval of this change order.

On motion of Mr. Davis, these changes were authorized.

STATUS OF UNIVERSITY COUNSEL

(42) I recommend that the Board of Trustees take the necessary steps to establish its legal right to employ counsel, specifically the right to employ Judge Sveinbjorn Johnson as University Counsel and Professor of Law and Norval D. Hodges as Assistant University Counsel.

At its meeting on May 16, 1942 (Minutes, pages 903-904), the Board voted that vouchers continue to be drawn and certified for the payment of the salaries of Judge Sveinbjorn Johnson as University Counsel and Professor of Law, and Norval D. Hodges as Assistant University Counsel, who have been appointed to these positions by the Board of Trustees. The State Auditor of Public Accounts has informed the University that on the advice of the Attorney General his office will withhold payment of salaries to Messrs. Sveinbjorn Johnson and Norval D. Hodges until instructed otherwise by the Attorney General.

In view of this situation it will be necessary to institute legal proceedings to recover their salaries. The action would be mandamus against the Auditor and possibly against the Attorney General. The Board should also retain counsel to advise as to its participation in the above proceedings and in any other proceedings that may be necessary to establish its right to employ Messrs. Johnson and Hodges in their present positions.

It was the sense of the Board that no action on this recommendation is now necessary because Judge Sveinbjorn Johnson is still University Counsel in view of previous actions:

1. The action taken by the Board on May 16, 1942 (Minutes, pages 903-904), "that vouchers continue to be drawn and certified for the payment of the salaries of Judge Johnson and Mr. Hodges as members of the University staff as in the past."

2. The action taken by the Board at the present meeting, approving the University budget and appointments to the staff for 1942-1943, including the reappointments of Judge Johnson and Mr. Hodges (Minutes, page 986).

3. The action taken by the Board at the present meeting with specific reference to the charges made by the Attorney General (Minutes, page 908).

STUDENT HOUSING STANDARDS

(43) In 1939 the Board of Trustees established a Division of Student Housing to maintain an inspection and supervisory service. Its responsibilities are (1) to maintain a continuing study of actual housing conditions in the community, (2) to determine what standards are necessary for healthful and safe housing, and (3) to secure adjustments of facilities and accommodations in present housing units to conform to minimum requirements for healthful and safe housing as determined by the best authorities on this subject.

Housing standards were compiled by a committee consisting of the University Health Officer, the Dean of Men, the Dean of Women, the Director of the Physical Plant Department, and the Comptroller. After this group had made a thorough study of all the information which could be secured on standards and practices elsewhere, these standards (based on *minimum* requirements of the American Public Health Association) were then sent to the operators of all housing units on the campus, including the fraternities and sororities, with a recommendation that every effort be made to incorporate in the long-term plan of each house the proper measures for compliance with such standards.

These standards are not applicable to fraternities and sororities exclusively. Student rooming houses, University operated residence halls, privately operated dormitories, and cooperative houses have all met or are making adjustments to meet the same standards. If it is found impossible to make certain recommended improvements due to war priorities on materials, such improvements may be postponed for the duration of the war. In fact, it is the policy of the

Housing Division to give operators of student houses, including fraternities and sororities, as much leeway as is possible consistent with minimum health and safety standards to make the necessary adjustments and changes.

The University has received communications from representatives of fraternities and sororities and from operators of independent student homes, requesting modifications of these standards and exceptions in certain situations. Doubtless members of the Board have also received some of these communications. Inasmuch as the University is operating a Housing Division under regulations and procedures authorized by the Board of Trustees, I recommend that the questions which have been raised be referred to the Board Committee on Student Welfare and Activities.

On motion of Mr. Davis, this matter was referred to the Committee on Student Welfare and Activities for study and recommendation.

SUMMER SESSION ENROLLMENT, 1942

(44) A report on student registration in the Summer Session, as of June 18, 1942, in comparison with the final enrollment in the summer of 1941. (It should be noted that the figures for the summer of 1942 are not final, since further enrollments are being received and since there will be a second session beginning on July 20.)

WAGE RATES FOR AGRICULTURAL RESEARCH WORKERS

At this point, Mr. Adams presented a petition from the Agricultural Research Workers Union 23166, affiliated with the American Federation of Labor, concerning the rates of wages for that group.

On motion of Mr. Adams, this matter was referred to the Committee on Civil Service and Employees for study in conference with the faculty committees in the same fields and for recommendation to the Board.

CANCELLATION OF UNCOLLECTIBLE STUDENT LOANS

Mr. Karraker, for the Finance Committee, presented a list of uncollectible student loans (total principal, \$583.93) with a recommendation that they be written off.

On motion of Mr. Karraker, these loans were cancelled.

INCREASE IN SIZE OF ATHLETIC BOARD

Mr. Davis, for the Committee on Athletic Activities, reported that in the opinion of the Committee an increase in the number of members of the Board of Directors of the Athletic Association would be unwise at this time, but that the President should keep in mind the matter of the appointment of a younger man next year.

SECRETARY'S REPORT OF CONTRACTS

The Secretary presented for record the following documents signed by the President and the Secretary of the Board and deposited with the Secretary since the last report.

THE UNIVERSITY BUDGET FOR 1942-1943

(Adopted by the Board of Trustees June 20, 1942, Minutes, page 926)

EXPLANATORY NOTES

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1942.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance lapses at that time.

Funds appropriated for salary positions which are not yet filled may, pending regular appointments, be drawn against by voucher to the Business Office for services of employees temporarily engaged to do the work contemplated by the positions. Such temporary charges *may not exceed the amount of time provided by the position unless otherwise approved by the President.*

All balances remaining in the appropriations for salaries at the end of the term indicated or at August 31, 1942, lapse on those dates.

Departmental appropriations are made under the captions "Salaries and Wages," and "Expense and Equipment." No transfers may be made between "Salaries" and other captions except with the approval of the President of the University. *Requests for such changes should be submitted to the Comptroller.* Adjustments may be made between "Wages" and "Expense and Equipment" on written request to the Comptroller.

Appropriations for expense and equipment and for wages are available for one year beginning July 1, 1942, and ending June 30, 1943. All unencumbered balances in these appropriations lapse June 30, 1942.

Unless otherwise indicated in the Budget:

1. All appointments begin September 1, 1942.
2. Civil Service (C.S.) appointments are for one year. Appointees to stenographic and clerical positions are assigned to departments at the convenience of the University. The University reserves the right to change such assignments during the year if the needs of the University and of the departments require such action.
3. The service required under appointments to positions on the teaching faculty covers the academic year of the University, not including the Summer Quarter. Salaries of such positions of the rank of Associate and above are paid in twelve equal monthly installments; salaries of other ranks, in ten equal monthly installments.
4. The service required in all positions in experiment stations and bureaus of research, and in research positions in other departments, is for a full year of twelve months, with allowance of one month for vacations, and salaries are paid in twelve equal monthly installments.
5. The service required in all other positions—administrative, clerical, and service positions—is for a full year of twelve months, with allowance for vacations, and salaries are paid in twelve equal monthly installments.

Symbols are used to indicate tenure as follows:

- | | |
|-------------------------------------|--------------------------------------|
| A—Indefinite tenure. | E—Ten months from September 1, 1942. |
| B—Two years from September 1, 1941. | F—Special tenure. |
| D—One year from September 1, 1942. | H—July 1, 1942, to June 30, 1943. |

Each salary position is for full time unless the tenure symbol is followed by a number indicating the percentage of time required by the position.

¹To be increased during the last few months of the fiscal year ending June 30, 1943, if any balances are available due to unused salaries accruing from vacancies in the Extension Service. (This does not mean any increase in the salaries of the farm advisers, but an increase in the amount of the advisers' salaries paid from Smith-Lever funds, including Bankhead-Jones.)

²The State appropriation for the fiscal year July 1, 1942, to June 30, 1943, will be paid by the State Department of Agriculture to apply on the salary of the county farm advisers following monthly certification for salary signed by the Director of Extension.

³The county farm advisers receive additional salary from the local Farm Bureaus.
