10. The Sponsor hereby covenants that it is its intention and it will make every reasonable effort consistent with statutory and constitutional limitations imposed upon it and subject to its ability to secure funds therefor to acquire on or before March 29, 1961 the title or an easement satisfactory to the Administrator in land lying within zones, trapezoid in shape, extending outwardly 2000 feet from a point located 200 feet outward from each end of the N/S runway measured along the centerline thereof as projected outward, the said zones being 400 feet wide at the said beginning point, measured equidistant on each side of the projected centerline, and increasing to a width of 800 feet at its outer extremity, measured equidistant on each side of the projected centerline.
11. The Sponsor hereby covenants and agrees that, to the extent that the Sponsor holds or may hereafter acquire ownership or such other rights as may legally allow it to carry out its obligations under this covenant, it will not permit or suffer any growth, structure, or object, except farm crops or such structures as are necessary as aids to air navigation, on any land lying within zones, trapezoid in shape, extending outwardly 2000 feet from a point located 200 feet outward from each end of the N/S runway along the centerline thereof as projected outward, the said zones being 400 feet wide at the said beginning point, measured equidistant on each side of the projected centerline, and increasing to a width of 800 feet at its outer extremity, measured equidistant on each side of the projected centerline.

The Co-Sponsors' acceptance of this Offer and ratification and adoption of the Project application incorporated herein by the Board of Trustees of the University of Illinois shall be evidenced by execution of this instrument by the Co-Sponsors, as hereinafter provided, and said Offer and acceptance shall comprise a Grant Agreement, as provided by the Federal Airport Act, constituting the obligations and rights of the United States and the Co-Sponsors, respectively, with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Such Grant Agreement shall become effective upon the Co-Sponsors'

acceptance of this Offer and remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

On motion of Mr. Swain, the foregoing recommendations, including the assignments of funds, award of the contract, and adoption of the resolution, were approved by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

#### ADDITION TO CONTRACT FOR REMODELING IN THE RESEARCH AND EDUCATIONAL HOSPITALS

(16) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend an increase of \$42,164 in the contract with Russell Mansfield, 1229 West Glenlake Avenue, Chicago, Illinois, for the remodeling of the third and fourth floors of the Research and Educational Hospitals.

When the original contract for \$295,078 for this remodeling was awarded by the Board of Trustees on February 18, 1958, certain alternates were not included but were deferred until it was clear that sufficient funds would be available. The contractor agreed to extend the time for acceptance of these alternates to July 4, 1958. It has now been determined that funds will be available and this increase is recommended for inclusion of the omitted alternates to provide:

- Alternate 2. Remodeling of four rooms on the fourth floor for Anesthesiology workrooms and offices.
- Alternate 3. Remodeling of five rooms on the third floor for the Hospital Laboratories.
- Alternate 4. Remodeling of three rooms and provision of washroom facilities for a locker room and for living quarters for residents who are on call.

Funds are available in the state capital appropriations to the University for 1957-59 subject to release by the Governor.

1 concur.

On motion of Mrs. Watkins, this change in the contract was authorized by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

### ADDITION TO CONTRACT FOR CONSTRUCTION OF MEN'S RESIDENCE HALLS

(17) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend an increase of \$3,572 in the contract with Felmley-Dickerson Co., Urbana, for the general work on the construction of the Men's Residence Halls in the Parade Grounds area. This addition provides for the construction of sidewalks in the enclosed courtyards of the three dormitory buildings. The sidewalks were not included in the original contract because specifications could not be written until the landscaping plans for the area were developed.

Funds are available in the proceeds of the issue of Men's Residence Halls Revenue Bonds of 1957.

I concur.

On motion of Mrs. Holt, this change in the contract was authorized by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

### HOSPITAL AND MEDICAL INSURANCE FOR 1958-59

(18) The University has a contract with the Bankers Life and Casualty Company of Chicago for the hospital-medical-surgical insurance for students and staff for 1957-58 with the right of renewal annually upon mutual agreement with the Company.

Relationships with the Company have been excellent. Claims have been paid promptly and without exception. The Company has incurred losses, due in part to an abnormal number of claims resulting from the incidence of Asian influenza last fall.

Bankers Life and Casualty Company proposes adjustments in premiums and benefits for 1958-59 as follows:

	<i>Premiums</i>		<i>Second Low Bid 1957-58</i>	<i>Amount Charged Students and Staff by the University</i>
	<i>Bankers Life and Casualty Company 1957-58</i>	<i>1958-59</i>		
Students (per semester).....	\$ 6 40	\$ 6 80	\$ 6 90	\$ 7 00
Staff (per year)				
Employee (single).....	26 25	29 25	35 00	30 25
Couple.....	52 50	56 25	70 00	57 25
Family.....	63 00	65 25	90 00	66 25

In addition, the benefits for the Urbana Campus student plan would be modified to the extent that the maternity benefit would be reduced to a flat allowance of \$85 from the present benefit paying approximately \$225. This benefit will then be equivalent to that of the Urbana staff plan.

The Navy Pier student program would continue on the premium schedule currently in effect and would have the hospital miscellaneous expense provision increased from \$100 to \$200.

The Finance Committee has considered and recommends this acceptance of the Bankers Life and Casualty Company's proposal.

On motion of Mr. Johnston, this recommendation was approved by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

### CONTRACT WITH OZARK AIR LINES FOR THE USE OF THE UNIVERSITY OF ILLINOIS AIRPORT

(19) On July 16, 1957, the Board of Trustees approved continuation of a contract with Ozark Air Lines for the use of facilities at the University of Illinois Airport on a month-to-month basis until June 30, 1958. A new contract can not be negotiated until assignments of space in the new Administration Building are determined.

In the meantime, the Director of the Institute of Aviation and the Vice-President and Comptroller recommend that the present contract be continued on the month-to-month basis until the new building is occupied. Ozark Air Lines will continue paying the following charges now in effect:

1. Landing fees \$360 per month or two per cent of the "on line" revenue, whichever is greater, for up to fifteen flights daily.

2. Rental of office space at \$75 per month.
  3. Gasoline sales at cost plus a handling charge of four cents per gallon.
- Ozark has discontinued the services of a lineman, so that this item is no longer applicable.

I concur.

On motion of Mr. Hughes, the extension of this contract, as recommended, was authorized.

#### CONTRACT FOR FURNACE MAINTENANCE AND REPAIRS IN HOUSING UNITS

(20) The Director of Housing, the Director of the Physical Plant Department, and the Vice-President and Comptroller recommend award of a contract to J. R. Boers Heating Company, Champaign, the lowest bidder, for furnace maintenance and repair work in the individual housing units operated by the University at Urbana-Champaign. This contract is for the fiscal year beginning July 1, 1958, to provide for services as required, payments to be made at the following rates which are those in effect during the current fiscal year ending June 30, 1958:

	<i>Straight Time</i>	<i>Overtime</i>
Labor Rates		
Furnace Mechanic.....	\$2 00	\$3 00
Mechanic's Helper.....	1 40	2 20
Contractor's Fee		
For Labor.....	30 per cent	
For Materials.....	30 per cent	

Labor rates are subject to adjustment for changes in rates paid generally by the contractor to his workmen for similar work with right of cancellation of the contract reserved by the University if such changes do not meet with its approval.

Funds are available in the income of the Housing Division.

I concur.

On motion of Mr. Johnston, this contract was authorized.

#### CONTRACT FOR PLASTERING AND ACOUSTICAL WORK

(21) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract to Edmond T. Drewitch, Urbana, the lowest bidder, for plastering, patching repairs, and acoustical installations, work to be done as needed, for the fiscal year beginning July 1, 1958, on the basis of the following terms: \$2.25 an hour for trucking of equipment and materials for actual time used solely for transportation, provided that not over 10 per cent of one job will be charged to trucking costs, unless the total costs are \$25.00 or less; contractor's fee of 18 per cent of all job costs when project costs exceed \$25.00.

I concur.

On motion of Mr. Swain, this contract was authorized.

#### LEASE OF PEORIA OFFICE OF DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(22) The Business Manager of the Chicago Colleges and the Vice-President and Comptroller recommend renewal of a lease for office quarters occupied by the Division of Services for Crippled Children in the Central National Bank Building in Peoria, owned by the Central National Bank and Trust Company, for one year from July 1, 1958, at a rental of \$270.00 a month, which is the current rental.

I concur.

On motion of Mr. Nickell, this lease was authorized.

**APPOINTMENT OF HEAD OF DEPARTMENT OF  
PHYSICAL EDUCATION FOR MEN**

(25) Dean S. C. Staley of the College of Physical Education has also been serving as Head of the Department of Physical Education for Men since the change in status of the School of Physical Education to College and its reorganization into departments. He has asked to be relieved of the headship and has recommended the appointment of Dr. C. O. Jackson, Professor of Physical Education for Men, as Professor of Physical Education for Men on indefinite tenure and Head of the Department beginning September 1, 1958, at an annual salary of \$11,000 on "A" basis.

This appointment has been recommended after consultation with all members of the Department of professorial rank and is concurred in by the Vice-President and Provost and the Dean of the Graduate College.

I recommend approval.

On motion of Mr. Nickell, this appointment was approved.

**CONVEYANCE OF LAND TO GRADE SCHOOL DISTRICT 532  
PUTNAM, MARSHALL, AND LASALLE COUNTIES  
AND TO MCKENDREE COLLEGE**

(26) The Head of the Department of Agronomy and the Director of the Agricultural Experiment Station recommend that the experimental fields at Lebanon and McNabb, Illinois, be discontinued. It is the judgment of the staff of the Department that all of the experimental data and other scientific information it is possible to get under present conditions on these two fields have been obtained. The fields have not been used since April 1, 1958. Accordingly, the Department was authorized to abandon them and confirmation of this action is requested.

The field at Lebanon was granted to the University in 1910 for experimental use. The field at McNabb was originally leased from John Swaney for the period from 1907 to 1909 at a nominal rental of \$36 a year. By his will this property became part of a trust created by him for the benefit of the school district in Magnolia Township, Putnam County, Illinois, in 1918. To settle the estate, the land was sold in 1950 subject to the University's lease. It was purchased by the Marshall-Putnam Counties Farm Bureau which in turn deeded it to the University with the provision that the land revert to School District 532, Putnam, Marshall, and LaSalle Counties, after it ceased to be used as an experimental field for two consecutive years. Since both of these fields were acquired by gift without cost to the University (except for the nominal rental paid for the McNabb Field) with the provision that they would automatically pass to the grantees if not used for experimental purposes for a period of two years, I recommend that the title of the field at Lebanon revert to McKendree College and that the title to the field at McNabb be passed to the John Swaney Consolidated Grade School District 532 of Putnam, Marshall, and LaSalle Counties in Illinois, as provided in the deeds transferring the fields to the University. I further recommend that the Secretary and the Comptroller of the Board be authorized to execute the necessary quitclaim deeds on the tracts described as follows:

Six (6) acres of land being part of the East half (E½) of the Southwest quarter (SW¼) of Section Fifteen (15), Township Thirty-one (31) North, Range One (1) West of the Third Principal Meridian, commencing at a point Twenty (20) Rods South and Eighty (80) Rods East of the Northwest corner of said Quarter Section, thence South Twenty (20) Rods, thence East Forty-eight (48) Rods, thence North Twenty (20) Rods, thence West Forty-eight (48) Rods, to the Place of Beginning, Situated in the County of Putnam, State of Illinois

to be conveyed to the John Swaney Consolidated Grade School District 532, Putnam, Marshall, and LaSalle Counties; and

Parts of lots #43 and #44 in the Southwest ¼ Section #19, Township 2 North, Range 6 West of the 3rd Principal Meridian, described as follows, to-wit: Beginning the survey thereof at a point three hundred and twenty-five (325) feet south of the intersection of the south line of Second South Street, and the east line of the right of way of the East St. Louis & Suburban Railway Co. Thence running south along the east line of said Railway seven hundred forty three and three one-hundredths (743.03) feet: Thence east

parallel with the south line of Second South Street eleven hundred seventy-two and five tenths (1172.5) feet: Thence north parallel with the east line of said Railway seven hundred forty three and three one hundredths (743.03) feet: Thence west eleven hundred seventy two and five tenths (1172.5) feet: to the place of beginning, situated in the Township of Lebanon in the County of St. Clair, Illinois, containing Twenty (20) acres

to McKendree College, a corporation organized and existing under and by virtue of the laws of the state of Illinois.

On motion of Mrs. Holt, these quitclaim deeds were authorized by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

#### CONTRACT FOR REPLACEMENT OF ARMORY ROOF

(27) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract for \$213,890 to the Limbach Company, Pittsburgh, Pennsylvania, the lowest bidder, for replacement of the roof on the University Armory. The base bid is \$204,770; it is recommended that the University accept an additive alternate of \$12,320 for replacement of the skylight and a deductive alternate of \$3,200 for covering false bands on the trusses with aluminum.

Funds are available in the state capital appropriations to the University for 1957-59, subject to release by the Governor.

I concur.

On motion of Mr. Swain, this contract was authorized by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

#### ADDITION TO CONTRACT FOR HEATING IN ADDITION TO LINCOLN AVENUE RESIDENCE

(28) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend an increase of \$68,888 in the contract with the Ideal Heating Company, Chicago, for the installation of the heating system in Allen Hall (the addition to the Lincoln Avenue Residence) to correct a deficiency. Naess and Murphy, architects for the building, did not include sufficient radiation in the plans and specifications for the heating system.

It is obvious that if the heating installation had been designed to provide adequate radiation this would have required additional material and labor which would have been reflected in the original contract price. The determination of how much this would have affected the original contract price and the extent of the architects' responsibility for the additional cost required to correct the deficiency has not been completed, but a report will be made to the Board later.

I concur in the recommendation for the increase in the contract.

Funds are available in the proceeds of the bond issue to finance the construction of this building and a part of the cost will be paid by Naess and Murphy.

On motion of Mrs. Holt, this increase in the contract was authorized by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

#### ADDITION TO CONTRACTS FOR CONSTRUCTION OF BIOLOGY BUILDING

(29) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend the following increases in contracts for the construction of the Biology Building:

Heating, process piping, and refrigeration—George S. Walker Plumbing and Heating, Inc., Decatur.....	\$12 551 80

officers. Among the alternatives before us, the plan presents the only possibility for improvement in the immediate future.

All points of view on the plan have been reviewed and taken into account in the recommendations which follow. The Traffic and Parking Board has worked arduously and conscientiously. Extended consultations have been held with students and staff, individually and in groups. From these discussions, modifications and reconciliations have been made wherever possible without impairing the over-all principles of operation and the objectives. As is inevitable in dealing with such a subject, critics still remain. The plan does promise to effect a substantial improvement in existing arrangements, however, and deserves a trial.

The plan is based upon giving full-time members of the staff priority in the use of University lots, with some additional spaces being made available through fees voluntarily paid. Further, parking on University streets is reserved for full-time and junior staff. Undergraduates are restricted from day-time parking in an area enlarged over the one previously defined to allow staff members and graduate students not accommodated in University lots and streets to park nearer to their work location.

To pay for the storage areas to be made available for student cars and a portion of the costs of supervision and enforcement of the plan insofar as it affects students, a fee of \$15 a year will be charged student car owners.

I must emphasize that the efficiency of the University staff, and the attractiveness of University employment, is affected by availability of parking space. It is a factor in staff morale and recruitment. The problem can be solved long range only by the provision of land and car storage facilities for which financing is not now available. Meanwhile, we hope the steps here proposed will help to resolve some of the present difficulties.

The tentative recommendations of the Traffic and Parking Board have been submitted to the undergraduate Committee on Student Affairs and made available to the corresponding committees of the Graduate College, the College of Law, and the College of Veterinary Medicine. Open forums have been held for information and suggestions for the faculty and staff as well as for the students. Consideration has been given to the suggestions from these sources.

On the basis of the report of the University Traffic and Parking Board, modified in consultation with a number of University officers, I recommend:

- A. That approximately 400 permanent parking spaces be constructed on University-owned land on sites approved by the Building Program Committee and recommended by the Physical Plant Department, at a cost approximating \$180,000, subject to the following:
  1. The above costs to be financed from borrowed funds and liquidated through charges to staff members.
  2. Approximately 350 spaces in University designated parking lots, including those to be constructed, to be assignable and reserved for the exclusive use of faculty-staff members or car pools of such members upon payment of a fee of \$60 a year. Assignment of space would be on a first-come-first-served basis.
  3. Income from fees to be pledged to liquidate the loan for construction of parking lots.
  4. All present assignments of reserved parking space to be discontinued, except as follows:
    - a. Areas posted for "Clinic" use (such as those provided for Physical Therapy, Speech, and Small Animal Clinic) which are to be used for outpatients only.
    - b. Spaces reserved for University-owned departmental cars and/or visitor use only (such as at the Physics Building, Mumford Hall, Civil Engineering Hall, Illini Hall, Control Systems Laboratory, and Engineering Research Laboratory).
    - c. General service areas (such as Administration Building, Illini Hall, Davenport Hall, and Engineering Research Laboratory) which are to be used in accordance with the posting.
    - d. Spaces needed for the transaction of University business or to honor existing valid commitments, including cases of physical disability. The University may pay to this project rentals for such space.

5. To provide a firm basis for financing this program, all full-time staff members to be advised of the program and given an opportunity to apply for reserved space, based on a payment of the \$60 fee. The number of additional parking spaces (within the quota) to be constructed will be limited to the number of written applications for such space.
- B. That the following be substituted for items 1a, 1b, 2a, and 2b in the regulations adopted by the Board of Trustees at its meeting on January 28, 1956:
  1. The area of restricted parking for student-operated cars, including the streets named, shall be as follows:
    - Southern Boundary—Florida Avenue from Orchard Street to Lincoln Avenue; Lincoln Avenue from Florida Avenue to Pennsylvania Avenue; Pennsylvania Avenue from Lincoln Avenue to the Illinois Central tracks.
    - Western Boundary—Illinois Central tracks from Pennsylvania Avenue extended north to Green Street; Green Street from the Illinois Central tracks to First Street; and First Street from Green Street north to University Avenue.
    - Northern Boundary—University Avenue from First Street to Lincoln Avenue.
    - Eastern Boundary—Lincoln Avenue from University Avenue south to Green Street; Green Street east from Lincoln Avenue to Orchard Street; and Orchard Street from Green Street south to Florida Avenue.
  2. All students shall be prohibited from parking
    - a. Within the restricted parking area as described above during the hours of 1:00 a.m. to 5:00 p.m., Monday through Friday, while the University is in session.
    - b. On any University street, drive, or designated parking lot, except when posted to the contrary.
    - c. Exceptions:
      - (1) All students may park on University streets and city streets in the restricted area from 5:00 p.m. to 1:00 a.m.
      - (2) All students living outside the restricted parking area may park on city streets west of Fourth Street in Champaign and east of Lincoln Avenue in Urbana between 6:00 a.m. and 1:00 a.m.
      - (3) Graduate and professional students with baccalaureate degrees who hold at least a half-time academic teaching or research appointment and graduate and professional fellows will be given permits which will permit them to park in the faculty-staff lots from 5:00 p.m. to 1:00 a.m. and on University and city streets in the restricted area at any time, subject to city regulations. Other graduate and professional students with baccalaureate degrees may park at any time on city streets within the restricted area, subject to city regulations.
      - (4) All students may park in metered spaces on city streets from 6:00 a.m. to 1:00 a.m.
  3. Within the restricted area, all students requiring overnight storage may either
    - a. Use an off-street garage or storage space for their vehicles or
    - b. Garage their vehicles in a designated University storage area provided at University expense.
  4. Any undergraduate student and any graduate or professional student not holding at least a half-time appointment or a fellowship enrolled at the Champaign-Urbana Campus and owning and/or operating a car will be assessed a fee of \$15 a year (\$7.50 a semester).
- C. That the Physical Plant Department be instructed to proceed to the implementation of the plan subject to review and approval by the Vice-President and Provost's Office, so that it may become operative by September 1, 1958.

I recommend that the Board of Trustees adopt the plan presented in general, and that the President of the University be authorized to amend it from time to time in the light of experience and upon appropriate recommendations. This is consistent with the "General Rules Concerning University Organization

and Procedure" adopted by the Board of Trustees which gives the President authority to make traffic and parking regulations and such changes therein as conditions may warrant.

Director L. A. Bryan of the Institute of Aviation, who has been serving as the Chairman of the Traffic and Parking Board, made a statement in support of these recommendations.

On motion of Mr. Williamson, the recommendations of the President were approved.

#### EXECUTIVE SESSION

Before the Board convened for its regular meeting, an executive session was requested and ordered for consideration of the following items of business.

#### AIR RIGHTS OVER PROPERTIES ADJOINING UNIVERSITY OF ILLINOIS AIRPORT

(33) In the negotiations with the Civil Aeronautics Administration for federal funds for the construction of the first unit of an Administration Building and Control Tower at the University of Illinois Airport, the University has been asked to declare that it will acquire, either through purchase or by easement by 1961, control of the air rights over certain areas at each end of the north-south runway. The Civil Aeronautics Administration requires assurance that the approach flight path will not be obstructed on any airport which it operates or assists in improving. Aside from the federal requirements, it is important to the University to have control of the air rights over these areas, but it had not been anticipated that any steps would be taken immediately. In view of the request from the Civil Aeronautics Administration, the University should begin negotiations for easements.

The owner of the property at the north end of the runway is interested in selling his land to the University but in earlier negotiations indicated an unwillingness to sell or grant an easement without a commitment on the part of the University to purchase the land. Since funds are not currently available, it is impossible to make a commitment for such a purchase and negotiations for the acquisition of an easement will take some time. In view of this situation the Civil Aeronautics Administration is willing to accept, in lieu of a commitment, a declaration by the Board of Trustees of the University of Illinois that it agrees that acquisition of air rights over the area is desirable, that the Board will seek funds necessary to acquire the property by purchase or air rights over the property on or before March 29, 1961, and that if any building construction on this area is started in the meantime the Board will take whatever steps it can within its statutory powers to prevent or abate the construction.

The Director of the Institute of Aviation and the Vice-President and Comptroller recommend that the Board of Trustees adopt the following resolution.

#### Resolution

WHEREAS the Board of Trustees of the University of Illinois, a public corporation, proposes to improve its airport facilities by the construction of an administration building; and

WHEREAS the Federal Government proposes to participate in this improvement by making a substantial grant to the cost of this project, and

WHEREAS the Federal Government, in making such grant requires assurances that the Board of Trustees of the University of Illinois will within its statutory and constitutional authority take any action available to it which may be required to keep the area trapezoid in shape, extending outwardly 2000 feet from a point located 200 feet outward from each end of the N/S runway measured along the centerline thereof as projected outward, the said zones being 400 feet wide at the said beginning point, measured equidistant on each side of the projected centerline, and increasing to a width of 800 feet at its outer extremity, measured equidistant on each side of the projected centerline free of obstacles that will interfere with the flight path.

*Now therefore it is hereby resolved* by the Board of Trustees of the University of Illinois:

a. That it record its agreement as to the desirability of acquiring control of the zone above described and its intention to seek funds necessary to acquire title to this property or air rights over this property on or before March 29, 1961 and

b. That in the event any construction or building endangering the landing, taking off or maneuvering of aircraft is started prior to the time the Board of Trustees of the University of Illinois, a public corporation, shall acquire such rights the Board of Trustees of the University of Illinois shall take those steps possible within its statutory and constitutional authority and available to it to attempt to prevent or abate the obstruction.

On motion of Mr. Williamson, the foregoing resolution was adopted.

## APPENDIX

## THE UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1958-59

(Approved by the Board of Trustees June 19, 1958, page 1275)

## EXPLANATORY NOTES

This budget consists of three volumes:

- I. Summaries of all divisions; Urbana-Champaign divisions and general University administration — academic and administrative salaries, wages, expense, and equipment.
- II. Chicago Professional Colleges (including Division of Services for Crippled Children) and Chicago Undergraduate Division — academic and administrative salaries, wages, expense, and equipment.
- III. Nonacademic salaries, all divisions.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1958.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries" and "Wages, Expense, and Equipment." Transfers may be made between "Salaries" and "Wages, Expense, and Equipment" upon approval of the Vice-President and Provost, except that transfers between salaries and wages may be made by the Vice-President and Comptroller to the extent of the full-time equivalence of the salary positions. All requests for transfers should be submitted through the Vice-President and Comptroller, with the reason for the transfer. Non-recurring unassigned items may be assigned to departments for equipment or minor remodeling projects, merely upon notice to the Accounting Division, except that any assignment of more than \$1,000 must first be approved by the Vice-President and Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1958. All balances and overdrafts in regular appropriations will be carried forward to 1959-60 unless otherwise notified by the Business Office.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds, and restricted budgets are on an estimated basis. Appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

## Explanatory Notes on the Salary Budget

1. The services required for members of the academic and administrative staff are in accordance with Section 37 of the University of Illinois Statutes and Section 26 of the General Rules Concerning University Organization and Procedure.

a. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

b. For positions or portion of positions not indicated as "Y," services are required only during the academic year of two semesters (three terms in Chicago Professional Colleges). Summer session teaching, if required, will be covered by an additional appointment with salary.

2. Services of the nonacademic staff are in accordance with Civil Service regulations.
