 Alfred Knight Chittenden, M.F., Lecturer on Timber and Timber Resources and Assistant to the Director of the Engineering Experiment Station.  
 George Benjamin Rice, Lecturer on the Installation and Operation of Mechanical Equipment for Buildings and Assistant Mechanical Engineer in the Office of the Supervising Architect.  
 William Arthur Chase, LL.B., C.P.A., Lecturer on Accountancy and Commercial Law.  
 Roger Frank Little, A.B., LL.B., Lecturer on Business Law.

#### INSTRUCTORS.

David Leonard Scroggin, Instructor in Machine Shop.  
 Henri Jacobus van den Berg, Instructor in Piano.  
 Edgar Thomas Lanham, Instructor in Forge Shop.  
 Albert Austin Harding, Instructor in Wind Instruments and Director of the University Military Band.  
 Mary Minerva Wetmore, Instructor in Art and Design.  
 Harry Lovering Gill, Instructor in Track Athletics.  
 Harry Frederick Godeke, B.S., Instructor in Mechanical Engineering.  
 George Wellington Pickels, Jr., B.C.E., C.E., Instructor in Civil Engineering.  
 Charles Marshall Poor, Ph.D., Instructor in German.  
 John Giffin Thompson, Ph.D., Instructor in Economics.  
 Frank Walker Reed, Ph.D., Instructor in Astronomy.  
 George Paul Boomsliiter, B.S., Instructor in Theoretical and Applied Mechanics.  
 Florence M. Kirkup, Instructor in Voice.  
 Clarence Eugene Noerenberg, B.S., A.E., Instructor in Theoretical and Applied Mechanics.  
 Fred B. Seely, B.S., Instructor in Theoretical and Applied Mechanics.

\* Resigned, January 31, 1914.

- Charles Allyn Williams, Ph.D., Instructor in German.  
 Herbert Le Sourd Creek, Ph.D., Instructor in English.  
 Newton Edward Ensign, A.B., B.S., Instructor in Theoretical and Applied Mechanics.  
 Harrison Frederick Gonnerman, B.S., Instructor in Theoretical and Applied Mechanics.  
 Robert Edwin Kennedy, Instructor in Foundry.  
 William Horace Rayner, B.S., Instructor in Civil Engineering.  
 George Denton Beal, Ph.D., Instructor in Chemistry.  
 Clarence Valentine Boyer, Ph.D., Instructor in English.  
 Harvey Herbert Jordan, B.S., Instructor in General Engineering Drawing.  
 Aubrey John Kempner, Ph.D., Instructor in Mathematics.  
 Duncan Arthur MacInnes, Ph.D., Instructor in Chemistry.  
 John Lyon Rich, Ph.D., Instructor in Geology.  
 Harold Ordway Rugg, C.E., Instructor in General Engineering Drawing.  
 Glen Alfred Shook, A.B., Instructor in Physics.  
 William Herschel Smith, M.S., Instructor in Animal Husbandry.  
 Ellis Bayley Stouffer, Ph.D., Instructor in Mathematics.  
 Raymond Earl Davis, B.S., Instructor in Civil Engineering.  
 Armin Hajman Koller, Ph.D., Instructor in German.  
 Joseph Howard Beard, A.M., M.D., Instructor in Physiology.  
 Edward Wilson Chittenden, Ph.D., Instructor in Mathematics.  
 Arthur Charles Cole, Ph.D., Instructor in History.  
 William Wells Denton, Ph.D., Instructor in Mathematics.  
 Herbert Seton Eames, B.S., Instructor in Mechanical Engineering.  
 John Joseph Gardner, B.S., Instructor in Pomology.  
 B. Smith Hopkins, Ph.D., Instructor in Chemistry.  
 Marvin Edward Jahr, A.B., Instructor in Farm Mechanics.  
 Robert Taylor Jones, B.S., Instructor in Architecture.  
 Joseph Mitchell Kellogg, M.Arch., Instructor in Architectural Design.  
 Allen Holmes Kimball, M.S., Instructor in Architectural Design.  
 \*Frank Carlton Loring, B.S., A.M., Instructor in Electrical Engineering.  
 Edson Wilfred Morphy, Instructor in Violin.  
 Horatio Newton Parker, Instructor in Milk Distribution.  
 Chester Otis Reed, B.S., Instructor in Farm Mechanics.  
 Lambert Thorp, Ph.D., Instructor in Chemistry.  
 Arthur Jerrold Tiede, Ph.D., Instructor in English.  
 Lowell Leslie Townsend, A.M., Instructor in Piano.  
 Edna Almeda Treat, B.Mus., Instructor in Piano.  
 Charles George MacArthur, A.M., Instructor in Physiological Chemistry.  
 Olin Harris Moore, Ph.D., Instructor in Romance Languages.  
 Ernest James Reece, Ph.B., Instructor in Library Economy.  
 Ethel Bond, A.B., B.L.S., Instructor in Library Economy and Assistant in charge of the Collections in Library Economy.  
 Edwin John Manley, Instructor in Swimming.  
 Frederick Kitson Cowley, Instructor in Architecture.  
 Samuel Chatwood Burton, A.M., Instructor in Architecture.  
 Horace Whittier Peaslee, B.Arch., Instructor in Landscape Design.  
 Heber Dignam Nasmyth, Instructor in Voice.  
 Clarissa Rinaker, Ph.D., Instructor in English.  
 Harley Jones VanCleave, Ph.D., Instructor in Zoölogy.  
 Stuart Jeffrey Bates, Ph.D., Instructor in Chemistry.  
 Henry John Broderson, Ph.D., Instructor in Chemistry.  
 Josephine Elizabeth Burns, Ph.D., Instructor in Mathematics.  
 Mervin James Curl, A.M., Instructor in English.  
 Easley Stephen Jones, A.M., Instructor in English.  
 Walter Byron McDougall, Ph.D., Instructor in Botany.  
 Gertrude Schoepperle, Ph.D., Instructor in English.  
 Queen Lois Shepherd, Ph.D., Instructor in Philosophy.  
 Leslie Denis Smith, Ph.D., Instructor in Chemistry.  
 Angelo Bendetto Marino Corrubia, B.S., M.S., Instructor in Architecture.

## ASSISTANTS.

- James Merion Duncan, Assistant in Pattern Making.  
 Sada Annis Harbarger, A.M., Assistant in English.  
 Ruth Kelso, A.M., Assistant in English.  
 Marion Charlotte Landee, Assistant in English and Assistant in Physical Training for Women.  
 Elizabeth Parnham Brush, A.M., Assistant in History.  
 Bessie Rose Green, A.M., Assistant in Zoölogy.  
 Alta Gwinn, A.M., Assistant in English.  
 Orin Harold Smith, A.M., Assistant in Physics.  
 John Hamilton Whitten, A.M., Assistant in Botany.  
 Rosalie Mary Parr, A.M., Assistant in Botany.  
 Peter Joseph Rebman, Assistant in Forge Shop.  
 Lloyd Theodore Jones, A.M., Assistant in Physics.  
 Walter Albert Buchen, A.M., Assistant in English.  
 Oliver Arnold Keller, B.S., Assistant in Dairy Manufactures.  
 Wilford Stanton Miller, A.M., Assistant in Education and Secretary of the School of Education.  
 Oscar Alan Randolph, M.S., Assistant in Physics.  
 Sidney Archie Rowland, Jr., A.B., Assistant in Mathematics.  
 George Rutledge, A.M., Research Assistant in Mathematics.  
 George Wallace Sears, M.S., Assistant in Chemistry.  
 Felix Emil Held, A.M., Assistant in German.  
 Augusta Dillman Evans, A.B., Assistant in Agricultural Extension.  
 Orr Milton Allyn, B.S., Assistant in Crop Production.  
 William Harry Bair, B.S., Assistant in Physics.  
 Reed O'Shea Brigham, B.S., Assistant in Botany.  
 Wilbur Jerome Carmichael, B.S., Assistant in Animal Husbandry.  
 Frank Leslie Fleener, A.B., Assistant in Geology.  
 John Alexander Frisk, Assistant in Mechanical Engineering and Mechanician in the Mechanical Engineering Laboratory.  
 Rosa Lee Gaut, B.Mus., Assistant in Physical Training for Women.  
 Clarence Mark Hebbert, B.S., Assistant in Mathematics.  
 George William Heitkamp, A.B., Assistant in Geology.  
 Charles Kay Hewes, B.S., Assistant in Chemistry.  
 Ralph R. Jones, Assistant in Physical Training for Men.  
 Oliver Kamm, M.S., Assistant in Chemistry.  
 Walter Stephen Nelson, Assistant in General Engineering Drawing.  
 Clyde Ross Newell, Ph.B., M.S., Assistant in Bacteriology.  
 Frank Ashmore Pearson, B.S.A., Assistant in Dairy Husbandry.  
 Alvah Peterson, A.M., Assistant in Entomology.  
 John William Read, M.S., Assistant in Chemistry.  
 David Grosh Thompson, A.M., Assistant in Geology.  
 Earle Horace Warner, A.B., Assistant in Physics.  
 John Jonathan Yoke, Assistant in Animal Husbandry.  
 Bert Stover Davisson, A.B., Assistant in Chemistry.  
 Ernest Carroll Faust, A.B., Research Assistant in Zoölogy.  
 Emerson Grant Stutcliffe, A.B., Assistant in English.  
 \*Bronson Barlow, M.S., Research Assistant in Bacteriology.  
 Ernst Kessler, Assistant in Glass Blowing.  
 Thomas Gregory Goodwin, A.B., Assistant in English.  
 John Richard Wells, B.S., Assistant in Animal Husbandry.  
 Lew R. Sarett, A.B., Assistant in Public Speaking.  
 Bronislav Roman Honovski, Ph.D., Research Assistant in Chemistry.  
 Catherine Oaks, A.B., B.L.S., Reviser in the Library School.  
 †Harry Young Carson, B.S., Assistant in Architectural Engineering and Superintendent of Construction.  
 Conrad Joseph Eppels, Assistant in Romance Languages.

\* Resigned November 1, 1913.

† Appointment to December 1, 1913.

- John Raymond Shulters, A.M., Assistant in Romance Languages.  
 Denton Loring Geyer, A.M., Assistant in Philosophy.  
 Sebastian Karrar, A.M., Assistant in Physics.  
 Jonas Bernard Nathanson, A.M., Assistant in Physics.  
 Chester Harmon Allen, A.B., Assistant in Chemistry.  
 Jesse Melancthon Barnhart, M.S., Assistant in Chemistry in the Department of Dairy Husbandry.
- John David Bond, A.B., Research Assistant in Astronomy.  
 Benjamin Lester Bowling, Assistant in the Cement Laboratory.  
 Lawrence Vreeland Burton, B.S., Assistant in Bacteriology.  
 Charles Serophin Carry, B.S., Assistant in Romance Languages.  
 Joseph Harvey Checkley, B.S., Assistant in Agricultural Extension.

 Charles Christian Rees, A.B., Assistant in Pathology in Horticulture.  
 Harry Montgomery Weeter, A.B., Assistant in Dairy Husbandry.  
 Paul Anders, Assistant in Glass Blowing.  
 Russell McCulloch Storey, A.M., Assistant in Political Science.

#### GRADUATE ASSISTANTS.

Robert Earl Baker, A.B., Graduate Assistant in Chemistry.  
 Theodore Rally Ball, B.S., Graduate Assistant in Chemistry.  
 Herbert Melville Carter, B.S., Graduate Assistant in Chemistry.  
 Ernest Charlton, A.B., Graduate Assistant in Chemistry.  
 Homer Eldon Chenoweth, A.B., Graduate Assistant in Zoölogy.  
 Karl Adolph Clark, A.M., Graduate Assistant in Chemistry.  
 Margaret Vara Cobb, A.M., Graduate Assistant in Zoölogy.  
 Juanita Elizabeth Darrah, A.B., Graduate Assistant in Chemistry.  
 Duane Taylor Englis, A.B., Graduate Assistant in Chemistry.  
 Ross Earlby Gilmore, A.B., Graduate Assistant in Chemistry.  
 Gertrude Amella Johnson, M.S., Graduate Assistant in Zoölogy.  
 Harry Cleveland Kremmers, A.B., Assistant in Chemistry.  
 William Asbury Manuel, A.B., Graduate Assistant in Chemistry.  
 Stewart Dent Marquis, A.B., Graduate Assistant in Chemistry.  
 Henry Gustav May, B.S., Graduate Assistant in Zoölogy.  
 Samuel Hawthorne Scherfee, A.B., Graduate Assistant in Botany.  
 Clarence Scholl, B.S., Graduate Assistant in Chemistry.  
 Horace Wesley Stunkard, B.S., Graduate Assistant in Zoölogy.  
 Everett Harvey Taylor, A.B., Graduate Assistant in Chemistry.  
 Ralph Waldo Tippet, A.B., Graduate Assistant in Chemistry.  
 Howard DeWitt Valentine, B.S., Graduate Assistant in Chemistry.  
 Henry Joseph Weiland, B.S., Graduate Assistant in Chemistry.  
 Grace Adaline Wells, B. S., Graduate Assistant in Zoölogy.  
 Edward Wichers, A.B., Graduate Assistant in Chemistry.

#### STUDENT ASSISTANTS.

William Calvin Adams, Student Assistant in Chemistry.  
 Silas Alonzo Braley, Student Assistant in Chemistry.  
 Joseph Cohen, Student Assistant in Chemistry.  
 Alexander Cohn, Student Assistant in Chemistry.  
 Henry Charles Eckstein, Student Assistant in Chemistry.  
 Agnes Hitt, Student Assistant in Physical Training for Women.  
 John Moller Janson, Student Assistant in Chemistry.  
 Ralph Augustus Nelson, Student Assistant in Chemistry.  
 Anton Prasil, Student Assistant in Chemistry.  
 Paul Cobb Rich, Student Assistant in Chemistry.  
 George Benjamin Ruby, Student Assistant in Chemistry.  
 Carl William John Sievert, Student Assistant in Chemistry.  
 Glen Seymour Skinner, Student Assistant in Chemistry.  
 John Donald Snook, Student Assistant in Chemistry.  
 Walter Addison Straw, Student Assistant in Chemistry.

#### ASSISTANTS IN MILITARY SCIENCE.

Edwards Hall Berry, Assistant in Military Science.  
 Herbert Edward Howes, Assistant in Military Science.  
 Harold Paul Ousley, Assistant in Military Science.  
 Edwin Chester Prouty, Assistant in Military Science.  
 Clifford Harper Westcott, Assistant in Military Science.  
 Frederick John Giehler, Assistant in Military Science.  
 Paul Cobb Rich, Assistant in Military Science.  
 Charles R. Velzy, Assistant in Military Science.

# PROCEEDINGS OF THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS FOR THE YEAR ENDING JUNE 30, 1913.

## Meeting of July 5, 1912.

A special meeting of the Board of Trustees of the University of Illinois was held at the La Salle Hotel, in the city of Chicago, at 12:30 P.M., on Friday, July 5, 1912, pursuant to the following notice which was sent out by the secretary on June 29, 1912:

Upon the call of the president, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the LaSalle Hotel, in Chicago, on Friday, July 5, 1912, at 12:30 P.M., to consider such matters as the committees of the board and the President of the University may submit and such other matters as may be duly presented.

When the board convened, the following members were present: Mr. Abbott, Mr. Grout, Mr. Hatch, Mr. Hoit. President James was also present.

There being no quorum, the board adjourned, to meet at the La Salle Hotel, in the city of Chicago, on Saturday, July 13, 1912, at 12:30 P.M.

W. L. ABBOTT, *President.*

C. M. McCONN, *Secretary.*

## MEETING OF THE EXECUTIVE COMMITTEE, JULY 5, 1912.

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the La Salle Hotel, Chicago, immediately following the adjournment of the special meeting of the board on July 5, 1912.

All the members of the Executive Committee were present, namely, Messrs. Abbott, Grout, and Hatch; also Mr. Hoit, a member of the board, and President James.

## REPORTS OF COMMITTEE ON BUILDINGS AND GROUNDS.

The secretary presented the following reports from the Committee on Buildings and Grounds:

URBANA, April 20, 1912.

*To the Board of Trustees of the University of Illinois:*

Your Committee on Buildings and Grounds held a meeting at the University on this date. There were present: Mr. Abbott, Mrs. Busey, and Mr. Hatch, members of the committee, Messrs. Grout and Hoit, members of the board, and Professor White, Supervising Architect.

## CAMPUS LIGHTING.

The committee considered the communication from the Welsbach Street Lighting Company of America, containing proposals for the furnishing and maintenance of lights for the University campus, which was referred to the committee on September 12, 1911, for consideration and report (Twenty-sixth Report, 1912, p. 477), and voted to recommend that no action be taken in the matter.

## IMPROVED LIGHTING IN THE LIBRARY.

The committee considered again the Supervising Architect's recommendation that \$400 be appropriated for improved lighting in the library. This recom-

mendation was referred to the committee on November 10, with power to act (Report, 1912, p. 530); on December 12 the committee authorized the expenditure of \$125 out of the \$400 for improved lighting in the room of the Library School (Report, 1912, p. 534). It was voted to authorize the Supervising Architect to expend the remaining \$275 in accordance with plans submitted by him.

#### TEMPERATURE REGULATION, NATURAL HISTORY BUILDING.

It was voted to recommend that the request that \$1,600 be appropriated for the installation of temperature regulation in the old part of the Natural History Building, referred to the committee on December 12 for consideration and report (Report, 1912, p. 538), be not approved at the present time on account of lack of funds.

#### COMPLETION OF THIRD STORY OF WOMAN'S BUILDING.

It was voted to authorize the completion of the top story of the Woman's Building, in accordance with plans to be agreed upon by the President of the University and the Supervising Architect, and to be submitted to the Committee on Buildings and Grounds for approval. This matter was referred to this committee on April 10, with power to act (Report, 1912, p. 581).

#### PAVING DRIVEWAY BETWEEN ENGINEERING AND PHYSICS BUILDINGS.

The committee considered Professor White's proposal for the paving of the driveway between Engineering Hall and the Physics Building, from Green Street to Springfield Avenue, at an estimated cost of \$3,500 (referred to this committee on April 10 for consideration and report, Report, 1912, p. 581); but no action was taken.

#### PAINTING.

The committee approved Professor White's request for an assignment from the State appropriation for buildings and grounds for the exterior painting of the following buildings at estimated costs as given below (this matter having been referred to this committee at the meeting of April 10, with power to act, Report, 1912, p. 582):

Agronomy Building .....	\$ 80 00
Horticultural Building .....	130 00
State Entomologist's Building .....	125 00
Woman's Building .....	200 00
University Hall .....	800 00
President's House .....	250 00
North Greenhouses .....	300 00
South Farm Buildings .....	1,000 00

Total ..... \$2,885 00

#### PAVING MICHIGAN AND LINCOLN AVENUES.

The committee considered the communication from the Mayor of Urbana with respect to the paving of Lincoln Avenue from the north end of the Forestry running south to the city limits, and of Michigan Avenue from Lincoln Avenue to Orchard Street (referred to this committee on April 10 for consideration and report, Report, 1912, p. 585), and requested the Supervising Architect to furnish further information, particularly with reference to the questions of drainage involved, and to make a recommendation with estimates.

#### 1912 MEMORIAL.

A request from the Senior Memorial Committee of the Class of 1912 for the approval of a site for their proposed memorial (consisting of a light on a Doric column with a semi-circular seat 14 feet in diameter), a little to the south of Lincoln Hall, was referred to the Supervising Architect for recommendation.

#### FIRE INSPECTION.

The following report was received from the Supervising Architect on the recent inspection of the University buildings by the State Fire Inspector:

URBANA, April 20, 1912.

To the Committee on Buildings and Grounds:

I enclose herewith correspondence relating to fire inspection of the University premises by the State Fire Marshal on January 18 and 19, 1912. Three inspectors visited us and looked through the buildings, spending about ten hours. No report has been made of their findings. They did not inspect either fire hose,

and in other ways the inspection was not the kind of one that we need. I recommend that our former plan of inspection be continued.

Yours very truly,  
JAMES M. WHITE.

The committee adjourned.

Respectfully submitted,  
W. L. ABBOTT, *Chairman.*

May 3, 1912.

*Mr. C. M. McConn, Secretary, University of Illinois, Urbana, Ill.*

DEAR SIR: The Buildings and Grounds Committee held a meeting at the Blackstone Hotel, Chicago, May 2, 1912.

Present: Mrs. Mary E. Busey, Mrs. Laura B. Evans, Mr. Fred L. Hatch, Mr. W. L. Abbott.

State Architect W. C. Zimmerman was also present.

#### TRANSPORTATION BUILDING: BIDS AND CONTRACT.

A statement from the supervising architect was presented, giving a tabulation of bids received for the erection of the Transportation Building, as follows:

##### SCHEDULE OF BIDS ON THE TRANSPORTATION BUILDING—UNIVERSITY OF ILLINOIS.

Contractors.	"A" Building complete, four months.	"B" Building omitting north wing, four months.	"C" Building complete, ten months.	"D" Building omitting north wing, ten months.	"E" Price per cu. yd. add. excava- tion.	"F" Price per cu. ft. add. concrete in founda- tion.
V. Jobst & Sons.....	\$106,150 00	\$83,250 00	\$101,650 00	\$80,250 00	\$0 60	\$0 27
English Bros.....	107,878 00	85,500 00	104,378 00	82,000 00	50	25
W. M. Allen, Son & Co.....	109,521 00	87,721 00	101,790 00	80,401 00	75	30
Fitzsimmons-Wheeler Con. Co.....	No bid.....	No bid.....	97,755 00	78,800 00	50	25

After full consideration, it was voted to direct the State Architect to award the contract to V. Jobst & Sons for the erection, within four months of date of contract, of the entire building, omitting the north wing, at a price of \$83,250.

The architect was directed to draft a contract which would provide for the erection of the remaining portion of the building by the same contractor within four months of date of notice to proceed with the work, providing such notice is given within two months of the date of the original contract; the cost of the entire building in that case to be \$106,150. The architect was also directed to provide in the contract for a sufficient penalty to insure the completion of the building within the time limit specified.

#### 1912 MEMORIAL.

A communication from the supervising architect was read, recommending that the Class of 1912 be permitted to locate a Senior Memorial just west of Burrill Avenue and between the Woman's Building and Lincoln Hall; the memorial to consist of a Doric column 12 feet high, with a half-circle seat 14 feet in diameter, all of stone. The recommendation was approved.

Committee adjourned.

Respectfully submitted,  
W. L. ABBOTT, *Chairman.*

The foregoing reports of the Committee on Buildings and Grounds, of the dates of April 20, 1912, and May 3, 1912, were approved in full.

#### REPORT OF COMMITTEE ON AGRICULTURE.

##### ROOFING OF COURT OF AGRICULTURAL BUILDING.

The secretary presented the following report from the Committee on Agriculture:

URBANA, April 20, 1912.

*To the Board of Trustees of the University of Illinois:*

Your Committee on Agriculture, at a meeting held at the University on this date, with all the members present, authorized the roofing of the court of the Agricultural Building, at a cost of \$6,000, as recommended by the Dean of the

College, and voted that the Supervising Architect be instructed to proceed at once with this construction; this matter having been referred to the committee, with power to act, at the meeting of March 19, 1912 (Report, 1912, p. 570).

Respectfully submitted,

FRED L. HATCH,  
A. P. GROUT,  
O. W. HOIT,

*Committee on Agriculture.*

The foregoing report of the Committee on Agriculture, of the date of April 20, 1912, was received for record.

## REPORT OF JOINT COMMITTEE ON BUILDINGS AND GROUNDS AND AGRICULTURE.

The secretary presented also the following report of a joint meeting of the Committee on Buildings and Grounds and the Committee on Agriculture:

URBANA, ILL., April 20, 1912.

*To the Board of Trustees of the University of Illinois:*

Your Committees on Buildings and Grounds and Agriculture held a joint meeting at the University on this date. There were present: Mr. Abbott and Mrs. Busey, of the Committee on Buildings and Grounds; Messrs. Grout and Hoyt, of the Committee on Agriculture; Mr. Hatch, member of both committees, and Professor White, Supervising Architect.

### HORTICULTURAL GREENHOUSES: LOCATION AND APPROPRIATION.

The joint committee considered the request for authority for the removal of the horticultural greenhouses with the necessary extensions and grading, which was referred to these committees on April 10 for consideration and report (Report, 1912, p. 582), and voted to recommend to the board:

- (1) That the present horticultural greenhouses be not removed at this time.
- (2) That the new greenhouses be constructed on the locations already approved by the board (Report, 1912, pp. 461, 505, 557).
- (3) That an appropriation of \$50,000 be made for this purpose (Report, 1912, p. 489).

Respectfully submitted,

W. L. ABBOTT,  
MARY E. BUSEY,  
A. P. GROUT,  
FRED L. HATCH,  
O. W. HOIT,

*Joint Committee.*

The foregoing report from the Committees on Buildings and Grounds and Agriculture, of the date of April 20, 1912, was approved in full.

### AUDITOR'S REPORT.

Mr. Grout, as Chairman of the Finance Committee, presented the following report from the Audit Company of Illinois of their audit of the books of the University for the quarter ending March 31, 1912, with the recommendation that it be received for record, and that the opening summary thereof be printed in the minutes of the board. This recommendation of the Finance Committee was accepted.

CHICAGO, June 10, 1912.

Mr. A. P. Grout, Chairman Finance Committee, University of Illinois, Winchester, Ill.

DEAR SIR: We have made our regular quarterly audit of the books and records of account of the University of Illinois for the third quarter, ended March 31, 1912, of the fiscal year, and submit herewith our report thereon, together with the appended exhibits and schedules, showing the receipts and disbursements in detail.

We reconciled the chief clerk's cash account on the morning of May 6, 1912, proved the cash book footings from January 22, 1912, to May 6, 1912, verified the cash in the office by count, and examined and proved the footings of the approved and receipted vouchers in process of entry.

We obtained a certificate from the First National Bank, of Champaign, Ill., certifying to the cash on deposit May 6, 1912, as—

#### REPORT ON CASE OF MR. GORDON H. SOMERS.

The secretary presented a second report of the Special Committee on the case of Mr. Gordon H. Somers, a certified public accountant of Chicago, against whom the Board of Examiners in accounting had brought charges of unprofessional conduct (see Report, 1912, pp. 468, 505 and 536). The report of this committee was received to be filed.

At this point Mr. Anthony took his seat with the board.

#### MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

President James presented the following matters for consideration:

##### PLANS FOR THIRD FLOOR OF WOMAN'S BUILDING.

(1) A communication from Professor James M. White, Supervising Architect, outlining the proposed arrangement for the third floor of the addition to the Woman's Building, including the following important points: (1) Two rooms for additional literary societies for the women of the University; (2) space for a practice apartment, with living-room, dining-room, kitchen, bath, and two bedrooms, for the use of the Department of Household Science; (3) several rooms which may be used as practice-rooms for the School of Music or for other purposes as needed.

It is proposed that if this arrangement be made two new literary societies shall be organized, to which every woman will be assigned by lot upon matricula-

tion in the University; the Council of Administration has granted permission for the organization of these literary societies, in answer to a request signed by the presidents of all the present women's literary societies in the institution, and the presidents of other organizations of the women students, such as the Women's League.

Attention being called to the fact that the final approval of the plans for the third floor of the addition to the Women's Building had been referred by the board to the Committee on Buildings and Grounds (Report, 1912, pp. 419 and 581), the matter was left to this committee, with the suggestion from the chairman of the Executive Committee that the matter be taken up immediately and disposed of.

#### HENRY BIROTH.

(2) The following letter from Mr. W. B. Day, Acting Dean and Secretary of the School of Pharmacy:

CHICAGO, June 18, 1912.

*President Edmund J. James, University of Illinois, Urbana, Ill.*

DEAR MR. PRESIDENT: On May 29, 1912, there died in Baden Baden, Germany, a distinguished friend of the School of Pharmacy, Mr. Henry Biroth. Mr. Biroth was one of the pioneer druggists of Chicago. He came here from Germany when about eighteen years of age and was apprenticed to Dr. J. Mahla, one of the leading apothecaries and chemists of early Chicago. In 1861 Mr. Biroth enlisted in the Union Army. At the close of the war he returned to Chicago, and at the time of the fire was in business on the North Side. He lost everything in the fire, but afterward opened a drug store on Archer Avenue near Twenty-second Street, and then engaged in the manufacture of pharmaceutical products, especially pepsin. Mr. Biroth sold his drug store many years ago, but continued in the manufacture of pepsin until a few years ago, when after the death of his wife he retired from business and spent his remaining years in travel. A lover of art and literature, he traveled extensively in Europe, visiting art galleries, museums, libraries, and places of historic interest. It was during these travels that he was stricken with an illness which resulted fatally.

At the time of his death Mr. Biroth was Honorary President of the American Pharmaceutical Association. He was president of the Illinois Pharmaceutical Association in 1882-83, was twice president of the old Chicago College of Pharmacy, and was a charter member of the Chicago Veteran Druggists' Association, and its president in 1903. Memorial resolutions have been passed by the Illinois Pharmaceutical Association and the faculty of the School of Pharmacy, as well as by the Chicago Veteran Druggists' Association.

The School of Pharmacy was especially indebted to Mr. Biroth; for, beginning with 1885, he awarded each year a fine compound microscope to the senior student who was recommended by the faculty as having done the best work in materia medica and microscopy.

Mr. Biroth leaves but one child, Mrs. H. Massey, now residing in Blue Island, Ill. Mr. Biroth's funeral occurred Sunday, June 23, at Mt. Greenwood Cemetery. The services at the grave were conducted by the Chicago Veteran Druggists' Association. I represented the school and sent flowers for the Alumni Association.

While not an alumnus of the school, Mr. Biroth was always deeply interested in it. He was a member of the old college organization almost from its foundation. When the school was turned over to the University in 1896 and the Illinois Pharmaceutical Association recommended the appointment of the Advisory Board of Pharmacists, Mr. Biroth was one of those selected to serve on this first Advisory Board. The University conferred upon Mr. Biroth in 1897 the honorary degree of Master in Pharmacy.

I thought that you might be pleased to have these facts, and possibly to have memorial resolutions adopted by the Board of Trustees and a copy forwarded to Mrs. Massey.

Respectfully yours,

W. B. DAY, *Actuary.*

This communication was received for record, and the board unanimously passed the following resolution, directing that it be printed in the minutes, and that a copy thereof be sent to Mr. Biroth's surviving daughter, Mrs. Massey.

WHEREAS, Henry Biroth, who died on May 29, 1912, was for more than forty years eminent in the profession of pharmacy in this country, and was ever among the foremost in the long struggle for the raising of the standard of this profession; and

WHEREAS, He was for many years a faithful and helpful friend of the School of Pharmacy of the University of Illinois; therefore be it

Resolved, That the Board of Trustees of the University of Illinois desires thus publicly to express its appreciation of the distinguished services of Henry Biroth to his profession and to the School of Pharmacy, and its sympathy with his surviving daughter.

#### APPOINTMENT TO THE ADVISORY BOARD OF THE SCHOOL OF PHARMACY.

(3) A communication from Mr. W. B. Day, as secretary of the Illinois Pharmaceutical Association, stating that at the annual meeting of the association

held at Springfield, Ill., on June 11 and 12, 1912, the following persons were recommended to the Board of Trustees of the University of Illinois for the appointment of one on the Advisory Board of the School of Pharmacy, to succeed Mr. Walter H. Gale, of Chicago, whose term has expired:

- A. G. C. Ackerman, Chicago (153).\*
- B. S. Coobay, Chicago (149).
- Joseph Hottinger, Chicago (147).
- W. B. Duncan, Ottawa (146).
- George W. Sohrbeck, Moline (124).

This communication was accompanied by the recommendation that Mr. A. G. C. Ackerman, of Chicago, who received the highest number of votes from the Illinois Pharmaceutical Association, be appointed a member of the Advisory Board of the School of Pharmacy to succeed Mr. Walter H. Gale, of Chicago, the appointment to date from July 1, 1912.

This recommendation was approved.

#### REGULATION IN REGARD TO REFUND OF FEES.

(4) A communication from Mr. C. M. McConn, Registrar, asking that the rule in regard to the refund of fees be made to read as follows:

"In case a student withdraws from a course or from college during the first ten days of instruction as scheduled, the total amount of his fees for the work dropped, except the matriculation fee, will be refunded. After ten days and before the middle of the semester, a rebate of one-half of the fees, except the matriculation fee, will be made. After the middle of the semester, no rebate will be made. In no case will any part of the matriculation fee be refunded."

It was voted to approve this request and to adopt the rule as printed above.

#### PAVING OF LINCOLN AVENUE.

(5) A communication from Professor J. M. White, Supervising Architect, with respect to the proposed paving of Lincoln Avenue (p. 585, Report, 1912), as follows:

I have conferred with Mayor Boggs about the paving of South Lincoln Avenue. It seems that the University paid five hundred dollars toward the present storm water drain, which now terminates on the west side of Lincoln Avenue where we can connect with it at any time. The sanitary sewer plan does not contemplate any line on that street, as it is the expectation to connect the houses on Lincoln Avenue eastward to Busey. If a sanitary sewer should be required on the street, it will go in the parking.

The additional storm water drains to be laid now will be cross lines, to carry the storm water from catch basins on the west side to a storm water sewer which will be run south on the east side of the street. This settles satisfactorily all questions of drainage.

The present Lincoln Avenue pavement is 28 feet wide, and I should prefer to see it continued that width for the part it is now proposed to pave. Twenty-six feet, however, is the standard width, and I recommend that the University sign the petition on that basis, but that we express our preference for a 28-foot pavement, providing the property owners will agree. Professor Talbot expresses a preference for the 28-foot pavement, while Professor Blair thinks the 26-foot would be adequate.

It was voted that the University shall sign the petition in question when the President of the University is satisfied that all questions of drainage have been properly provided for and that there is a substantial agreement as to the proper width of the street.

#### WIDENING AND PAVING OF ORCHARD LANE

(6) A communication from Professor J. M. White, Supervising Architect, with respect to the proposed widening and paving of Orchard Lane, stating that the property owners on Davidson Street are willing to agree to a 26-foot pavement, and adding, "I have attached to the petition the city engineer's estimate on the pavement, which is twenty-two thousand dollars (\$22,000) for a 26-foot width all the way from First Street to Wright Street. Our frontage is a little less than half of this distance, and the cost would therefore be a little less than one-fourth of the amount named. The necessary provision for drainage has been included, and I hope this petition may receive favorable consideration at the next meeting of the Board."

Attention was called to the fact that this matter had been referred to the Committee on Buildings and Grounds for consideration and report (Report, 1912, p. 590).

\* The figure in parenthesis following the name indicates the number of votes received by the candidates in the vote taken by the pharmacists of the State.

### LAND FOR EXPERIMENTAL FIELDS.

(7) A communication from Professor C. G. Hopkins, enclosing three deeds of land for experimental fields:

(a) A deed from Asa Hixley and wife, conveying to the University twenty-four acres in Edwards County, on the west end of the south half of the northeast quarter of section eighteen (18), township one (1) north, range eleven (11), east.

(b) A deed from Emma Sconce, Harvey J. Sconce, and Fannie F. Sconce, conveying to the University twenty acres in Vermilion County, which include a part of the east half of the southeast quarter of section twenty-two (22), township seventeen (17) north, range thirteen (13) west.

(c) A deed from Gertrude C. Nation, conveying to the trustees of the Enfield Experiment Station fund twenty acres of land in White County, situated on the east half of the northeast quarter of the southeast quarter of section nine (9), township five (5) south, range eight (8) east; accompanied by a deed from the trustees of the Enfield Experiment Station fund, conveying the said land to the University.

It was voted that this communication should be referred to the Committee on Agriculture for consideration and report.

### THE BUDGET FOR 1913-1915: BUILDINGS.

(8) A statement from the president of the University in regard to the needs of the institution in the matter of new buildings, for consideration in connection with the plans for the next biennial budget.

This communication was received for record.

Following the presentation at the last meeting of the board concerning the imperative need of an adequate library at the University, I desire to call attention here to some further subjects which must be considered carefully by the board in making up their next biennial budget.

Our present Chemical Laboratory is crowded practically to the limit, and it will be necessary, if the University is to meet the conditions at all, to make a large addition to the present building. The members of the staff in the Chemical Department have been working for some two years on the elaboration of a satisfactory addition to be built on the east of the present building. This addition will cost, with its equipment, \$375,000. With this sum a fireproof building, corresponding in general style and appearance to the present, though not containing so many cubic feet of space, can be built east of the present building, leaving a court in the center partially occupied by the present lecture-room.

The number of students taking chemistry at the University of Illinois has increased very largely within the past few years. This has come about for several reasons. First of all, it is owing to the rapid increase in general attendance at the University; the demand for chemistry is of course a steadily increasing one, keeping at least equal pace with the growth in the number of students. But the demand for chemical instruction has outrun the increase in the number of students. The Engineering College at one time did not require chemistry from all the students in that college. It has now practically made this subject a required one, and, consequently, every additional engineering student means an additional student of chemistry. It means that more laboratory space must be provided, more equipment, and more instruction.

In the same way the Agricultural College has practically made chemistry a required study, and by removing it from the upper years to the lower has increased very much the number of students in chemistry, owing to the fact that the lower classes are uniformly so much larger than the upper classes. Every additional agricultural student means practically an additional student in chemistry.

Again, the establishment of the Department of Ceramics, in the curriculum of which chemistry plays a fundamental part, has made largely increased demands upon the Department of Chemistry for additional laboratory space, additional equipment, and additional instruction.

I do not know that any department furnishes a better illustration of the unsatisfactory basis on which our present budget is made out. We have gone to the Legislature for large special appropriations for the Agricultural College. We have gone to the Legislature for large additional appropriations for the Engineering College. We have gone to the Legislature for an appropriation to establish and support the School of Ceramics, etc. Each one of these departments in its growth makes, as has been seen, heavy demands upon the Department of Chemistry. But we have not succeeded in obtaining corresponding appropriations for the Department of Chemistry. In fact the special appropriation of ten thousand dollars per annum is ridiculously inadequate to meet the expense of a department which has more than 1,200 students enrolled.

I think there is no doubt that one of the buildings which the University ought to ask from the next Legislature—and ought to put if not first in the list, at least so high up in the list as surely to secure the necessary grant—is the addition to the Chemical Laboratory, with the equipment and furnishings which must necessarily go with it. Four hundred thousand dollars would be, in my opinion, a reasonable sum to ask for this purpose. The University of Minnesota has just accepted plans for a Chemical Laboratory, which will cost when completed more than \$600,000.

What I have said of the Department of Chemistry is equally true of two other important departments, though the pressure has not shown itself in such a decided way, namely zoology and botany. These are fundamental subjects in the College

of Agriculture, though they are not fundamentally of such importance in the College of Engineering. They must provide a large part of the scientific instruction upon the basis of which a curriculum of a scientific agricultural college should be established.

Neither of these departments is adequately housed, adequately equipped, or adequately manned. The Department of Botany, including in an administrative way the Department of Bacteriology, is especially crowded for space, especially in need of adequate equipment and adequate instructional force. In order to provide for the necessary additional space for these two departments, the present Natural History Building should be completed by adding the omitted section at the central portion of the east side of the building, at a cost probably of between seventy-five and one hundred thousand dollars. Provision should be made elsewhere for the administrative offices, which are now upon the second floor of the new portion of the building, and provision should be made for the removal of the Geological Survey and perhaps of the Natural History Survey from this building and the housing of them in new quarters.

If the Commerce Building could be completed, at least on the south and western sides, space might be found for the administrative offices for a few years to come, and this would perhaps be the best practical solution. This would leave a large space which, with the addition to the building and the additional space obtained by the removal of the Geological Survey quarters, would give to botany and zoölogy adequate space, particularly if physiology could be provided for elsewhere.

We have at the University a number of departments which are in essence rather administrative departments of the State Government than scientific departments of the University. Thus the Geological Survey, while made by law a bureau of the University, is under the control of a board consisting of the Governor of the State, the President of the State University, and one other person appointed by the Governor. The State Entomologist's Office is distinctly an administrative department of the State Government. The State Entomologist is appointed by the Governor, and while the funds for this department pass through the hands of the Trustees of the University of Illinois, the trustees have practically no control over their disposition.

The State Laboratory of Natural History, although an integral part of the University and subject to the control of the trustees as absolutely as any other department, is also, owing to the history of the survey and its connection with the present director, the distinguished zoölogist, Professor S. A. Forbes, and the added fact that it has a special appropriation from the State Government, to some extent an independent department.

I should like to raise the question whether it would not be a wise thing to ask the next Legislature for money to erect a State Laboratory Building in which should be housed those departments of public administration such as I have mentioned, with any others which the State may see fit to impose upon the University, and adding those departments of instruction which for one reason or another may be best associated with these departments. It might, for example, be well to put the Department of Zoölogy in such a State Laboratory Building, along with the State Geological Survey, and other similar adjustments might be made. If this could be done, we should have in the present Natural History Building adequate space for the Departments of Zoölogy and Botany for years to come, especially if, as suggested above, physiology could be taken care of in a special laboratory building for the medical sciences.

The attention of the members of the board is respectfully called to these possibilities, and they are requested to give consideration to these matters against the time when the decision must be made.

#### BUILDINGS AND GROUNDS UNDER DIRECTION OF SUPERVISING ARCHITECT.

(9) A recommendation that, pending the further action of the board upon the reorganization of the business departments of the University, the Department of Buildings, now under the charge of Mr. Joseph A. Morrow, as superintendent of buildings, and the Department of Grounds, now under the charge of Mr. Evelyn Atkinson, as superintendent of grounds, be placed under the direction of the supervising architect, and that the superintendents of buildings and grounds be made directly responsible to the supervising architect in the administration of their respective departments; and, further, that in all matters concerning the planting or removal of trees and shrubs the approval of Professor J. C. Blair, head of the Department of Horticulture, shall be obtained.

This recommendation was approved.

#### CLEAN TOWEL SYSTEM IN MEN'S GYMNASIUM.

(10) A request from Mr. George Huff, Director of Physical Training for Men, approved by the Council of Administration, that he be authorized to increase the locker fee in the Men's Gymnasium from 50 cents to \$1 a semester, in order to provide funds for the support of a clean towel system, the plan of which will be as follows: A deposit of 25 cents will be required for each student for his first towel; every time thereafter that he returns a soiled towel to the attendant, he will be given a clean one. Director Huff thinks this plan would undoubtedly tend to a more cleanly condition in the department and lessen the probability of the spread of contagious disease. The additional sum received would just about pay for the actual cost of laundry and depreciation.

It was voted to approve this plan; to authorize the increase of the locker fee in the Men's Gymnasium from 50 cents to \$1 a semester, and the charging of a deposit of 25 cents for the first towel issued to each student; and to appropriate the proceeds of this fee and deposit to the Department of Physical Training for Men for the support of the proposed clean towel system.

#### COST OF LAND BETWEEN GOODWIN AND MATHEWS AVENUES.

(11) A report from Dr. W. F. M. Goss, Dean of the College of Engineering, concerning the cost of the land between Goodwin and Mathews avenues in Urbana purchased during the past year for the College of Engineering.

This report was received to be printed in the minutes.

URBANA, ILL., July 2, 1912.

*Dr. Edmund J. James, President of the University of Illinois.*

DEAR SIR: Supplementing my report upon this subject submitted under date of October 31, 1911, I transmit herewith a statement of the cost of all land purchased by the University between Goodwin and Mathews avenues and between the "Bone-yard" and the railway track as a site for the new engineering buildings.

The greater part of the land in question faces improved streets. It was occupied by six houses, five of which have been sold and removed. To determine what part of the price paid could be regarded as necessary to cover the improvements upon the several pieces of land, a committee of local experts was organized to view the property and to report to me their findings. Those who served upon this committee were Mr. S. K. Hughes, real estate agent, Champaign, Mr. George W. Harwood, President of the Champaign Building and Loan Association, Champaign, and Mr. D. Osborn, a leading building contractor of the city of Urbana. These gentlemen inspected the property in company and severally agreed to the values reported. A copy of their report is herewith attached as Exhibit A. The original is held in my office for permanent record.

The location and size of the several lots are set forth by the accompanying blue-print. The tabulated statement which follows shows in the fifth column the gross sum paid for each lot with its improvements. The sixth column shows the value of improvements as fixed by the expert committee, and the seventh column the net cost of the land. The eighth and ninth columns show respectively the cost per front foot and the cost per square foot after deducting the cost of improvements.

The total amount paid by the University for the whole area which it has secured is \$37,700. You will recall that before entering upon this purchase I estimated our possible expense as \$40,000.

Against the total expenditure there has been a credit arising from the sale of the houses, which credit, after deducting therefrom all incidental costs of advertising, back taxes, expert advice, commissions, etc., amounts to \$1,432. The net expenditure is, therefore as follows:

Total sum paid by the University.....	\$37,700 00
Credit from sales.....	1,432 00

Net total cost .....	\$36,268 00
----------------------	-------------

The area of the land purchased amounts to 114,120 square feet. The University has paid for this land, with its improvements, \$36,268, or 32 cents per square foot. If the estimated value of the improvements is deducted from the purchase price, the cost per square foot for the land is reduced to 18 cents.

In order to ascertain the average cost per front foot, it will be necessary to take out a piece 8 rods wide and 18 rods long containing 39,204 square feet, which has no frontage. This includes the Ferguson property (Lot 5) and the back half of the Conkle property. Assuming that this ground having no frontage is worth 8 cents per square foot, its value would, in round numbers, be \$3,200. The cost for the land having frontage would then stand as follows:

Total amount paid .....	\$37,700 00
-------------------------	-------------

Credits:

Estimated value of buildings .....	\$14,900 00
Estimated value of portions having no frontage....	3,200 00
	<hr/> 18,100 00

Amount paid for property fronting on improved streets.....	\$19,600 00
--	-------------

The total frontage on both Goodwin and Mathews avenues amounts to 571 feet, making the average cost per front foot	<hr/> \$34.00.
--	----------------

571

Respectfully submitted,

W. F. M. Goss.

[EXHIBIT A.]

*Dean W. F. M. Goss, Urbana, Ill.*

DEAR SIR: This is to certify that we, the undersigned, on July 21, 1911, went to the property known as lots one (1) and two (2) in Wm. M. Goodwin's Second Addition to Urbana, Champaign County, State of Illinois, and there examined the properties listed below and estimated the present values of the buildings thereon,

taking into consideration the purpose for which they were erected, and, after allowing proper depreciation on account of age and conditions, we agreed upon the values set opposite each property below, to wit:

No. 504 South Mathews Avenue, being south 66 feet of north 192 feet of lot 1 in said addition.....	\$2,800 00
No. 501 South Goodwin Avenue, being the north 132 feet of east 132 feet of lot 2 in said addition.....	1,200 00
No. 505 South Goodwin Avenue, being south 100 feet of the north 232 feet of the east two chains of lot 1 in said addition.....	700 00
No. 507 South Goodwin Avenue, being the south 65 feet of east two chains of lot 1 in said addition.....	3,800 00

Total ..... \$8,500 00

We also examined from the outside the two residences located on the same tract of ground first above described and which are named below, and we placed on the buildings the values set opposite each below, to wit:

No. 502 South Mathews Avenue, being on the north 126 feet of lot 2 in said addition.....	\$2,800 00
No. 506 South Mathews Avenue, being on the south 82 feet of lot 2 in said addition.....	3,600 00

Respectfully submitted,

S. K. HUGHES,  
GEO. W. HARWOOD,  
D. OSBORN.

**RESIGNATION OF ASSOCIATE PROFESSOR RICKARDS.**

(12) The resignation of Mr. Burt R. Rickards, Associate Professor of Municipal and Sanitary Dairying in the College of Agriculture and Assistant Chief in Municipal and Sanitary Dairying in the Agricultural Experiment Station, to become effective August 1, 1912.

It was voted to accept the resignation of Professor Rickards.

**NEW PROFESSORSHIPS IN THE COLLEGE OF AGRICULTURE.**

(13) A recommendation from Dr. Eugene Davenport, Dean of the College of Agriculture, that the following new professorships be created in the College of Agriculture: (1) A professorship in landscape gardening or landscape art; (2) A professorship in animal pathology; (3) A professorship in dairy husbandry; also an associateship and an instructorship in the Department of Landscape Art.

This recommendation was approved.

**SETTLEMENT WITH COLLEGE OF PHYSICIANS AND SURGEONS.**

(14) A recommendation that the Finance Committee be authorized to settle up the outstanding accounts between the University of Illinois and the College of Physicians and Surgeons of Chicago, and turn over to the College any balance which may be due under the contract between the University and the College of Physicians and Surgeons upon the certificate of the University Counsel and the Comptroller that all accounts are in order and that adequate bonds have been given to protect the University against any possible claims growing out of its relations with the College of Physicians and Surgeons.

This recommendation was approved.

**REAPPROPRIATION OF BALANCES.**

(15) A recommendation that the balances to the credit of the different departments of the University on June 30, 1912, be reapportioned for the academic year 1912-13 to the purposes of the respective departments, subject to the approval of the President of the University.

This recommendation was approved.

**COMMISSIONS ON JEWISH-AMERICAN AND GERMAN-AMERICAN HISTORY AND CULTURE.**

(16) A recommendation that the President of the University be authorized to appoint a commission upon Jewish-American History and Culture; the object of this commission, which may consist of people not otherwise connected with the University as well as members of the staff of the University, to be to devise ways and means of increasing the collections of the University bearing upon the subject of Jewish-American History and Culture, and to promote in general the University and public interest in this subject.

(17) A recommendation that the President of the University be authorized to appoint a commission upon German-American History and Culture; the character and purpose of this commission to be similar to that of the commission on Jewish-American History and Culture.

The foregoing recommendations were approved.

**CONSOLIDATION OF THE COLLEGES OF LITERATURE AND ARTS AND SCIENCE.**

(18) A recommendation from the University Senate, under date of June 8, 1912, that the College of Literature and Arts and the College of Science be consolidated into one college of liberal arts and sciences; accompanied by the following historical statement:

The present organization of the College of Literature and Arts and Science in the University of Illinois is unusual. There are some advantages in the present form of organization. There are also some distinct disadvantages. The most serious disadvantages perhaps are those affecting the welfare of students. The two colleges have gradually expanded by increasing their so-called privileges of election, the College of Literature and Arts in the direction of science, and the College of Science in the direction of literature and arts, until they duplicate to a considerable extent each other's fields, without really giving the flexibility in the choice of subjects which would be the result of the union of the two colleges.

The College of Literature and Arts voted unanimously some years ago for such a consolidation. At that time the College of Science was evenly divided in its opinion. The question has come up again and again, now from the student side, now from the side of departmental efficiency, and during the last year, after a full discussion extending over several months, from before Christmas until near commencement, the various academic bodies took action as follows: The Council of Administration, on April 2, 1912, recommended the consolidation of the two faculties by a unanimous vote, except that one member requested permission not to vote; the College of Literature and Arts voted unanimously in favor of the union; the College of Science was again almost evenly divided in its opinion, sixteen votes being cast for and seventeen against the project; the Senate voted unanimously for the union.

It was voted to approve this recommendation of the Senate, and to authorize the President of the University to effect a consolidation of the Colleges of Literature and Arts and Science as soon as may be practicable.

**APPROPRIATION FOR ILLINOIS STUDENTS' HANDBOOK.**

(19) A request from Mr. W. A. McKnight, General Secretary of the Young Men's Christian Association of the University of Illinois, for an appropriation of two hundred fifty dollars toward the publication of the Illinois Students' Handbook; this book is prepared and mailed each year to the prospective students, and is sent out, for the most part during the month of August, to persons who have applied for registration blanks; the book contains information concerning the University and student life of great value to new students; thirty-five hundred books will be distributed this year at a cost of approximately five hundred dollars.

It was voted to grant this request, and to make the appropriation of two hundred fifty dollars (\$250) involved.

**POST-DOCTORATE FELLOWSHIP FOR STUDY ABROAD.**

(20) A recommendation from Dr. David Kinley, Dean of the Graduate School, that Miss Margaret L. Bailey be awarded a post-doctorate fellowship for the purpose of study abroad during the coming academic year; the stipendium to be six hundred dollars (\$600); two hundred dollars (\$200) additional, or so much thereof as may be necessary, to be allowed for expenses; these amounts to be charged to the Graduate School fund.

This recommendation was approved.

**ALUMNI RECORD.**

(21) A recommendation that an appropriation of five thousand dollars (\$5,000) be made to cover the expense of printing and publishing the new edition of the Alumni Record, authorized by the Board of Trustees on July 8, 1911 (Report, 1912, p. 436), and that the purchasing agent be authorized to make a contract for the said printing and publishing.

The work of preparing this volume has been done under the direction of Mr. J. H. Kelley, Executive Clerk in the President's Office, with the aid of the staff of that office, and the copy will now shortly be ready to transmit to the printer. The volume will be sold to the alumni and others at the price of one dollar and a half. More than fifteen hundred subscriptions at this price have already been received. The volume will run to one thousand pages more or less.

It was voted to approve this recommendation and to make the appropriation of five thousand dollars (\$5,000) requested.

**REAPPOINTMENT OF DEAN FAWCETT.**

(22) A recommendation that Mrs. Mary Fawcett be elected Acting Dean of Women for a period of one year from July 1, 1912, at a salary of two thousand dollars for the year.

This recommendation was approved.

**AUTHORITY FOR REAPPOINTMENTS AND THE FILLING OF VACANCIES.**

(23) The following recommendations with reference to the budget for 1912-13:  
 (a) That the budget of the year 1911-12 be adopted as the basis of the budget for the fiscal year beginning July 1, 1912, subject to the approval of the President of the University.

(b) That the President of the University be authorized to reappoint for the year 1912-13, at the same salaries, persons in the employ of the University whose terms have expired.

(c) That the President of the University be authorized to accept at his discretion such resignations in the instructional, scientific, and administrative staff as may be presented during the vacation, and that he be authorized to fill such vacancies in the staff of the University, within the budget allowances, as may occur during the vacation because of resignation or declination.

The foregoing recommendations were approved.

**THE BUDGET FOR 1912-1913.**

(24) The budget for 1912-13, including the following recommendations:

**ADMINISTRATIVE APPOINTMENTS.**

(a) Recommendations in regard to the appointment of administrative officers; all these appointments being for one year beginning September 1, 1912, except as otherwise noted.

David Kinley, Dean of the Graduate School, and Director of the Courses in Commerce.

Eugene Davenport, Dean of the College of Agriculture, and Director of the Agricultural Experiment Station.

Oliver Albert Harker, Dean of the College of Law.

Thomas Arkle Clark, Dean of Men.

Edgar Jerome Townsend, Dean of the College of Science (subject to the possible appointment of a dean of the combined Colleges of Literature and Arts and Science.)

Evarts Boutell Greene, Dean of the College of Literature and Arts (subject to the possible appointment of a dean of the combined Colleges of Literature and Arts and Science.)

William Freeman Myrick Goss, Dean of the College of Engineering, Director of the School of Railway Engineering and Administration, and Director of the Engineering Experiment Station.

Charles Henry Mills, Director of the School of Music.

William Chandler Bagley, Director of the School of Education.

Phineas Lawrence Windsor, Director of the Library School, and University Librarian.

Stephen Alfred Forbes, Director of the State Laboratory of Natural History.

Edward Bartow, Director of the State Water Survey.

George Henry Meyer, Assistant Dean of the College of Literature and Arts.

Fred Henry Rankin, Assistant to the Dean of the College of Agriculture.

Arthur Ray Warnock, Assistant Dean of Men.

Nathan Austin Weston, Assistant Director of the Courses in Commerce.

Cyril George Hopkins, Vice-Director of the Agricultural Experiment Station.

Horace Adelbert Hollister, High School Visitor.

Arthur Stanley Pease, Curator of the Museum of Classical Art and Archaeology.

Neil Conwell Brooks, Curator of the Museum of European Culture.

Frank Smith, Curator of the Museum of Natural History.

George A. Huff, Director of the Department of Physical Training for Men.

Gertrude Evelyn Moulton, Director of the Department of Physical Training for Women.

Benjamin Clark Morse, Military Commandant.

William Baker Day, Acting Dean, Secretary, and Actuary of the School of Pharmacy.

Isabel Bevier, Director of the Courses in Household Science.

James McLaren White, Supervising Architect.

Joseph Albert Morrow, Superintendent of Buildings.

Charles Evelyn Atkinson, Superintendent of Grounds.

**NEW APPOINTMENTS AND PROMOTIONS.**

(b) The following recommendations in regard to new appointments and promotions in the instructional and scientific staff:

Lewis F. Anderson, Assistant Professor of Education, for three years, beginning September 1, 1912, at a salary of twenty-five hundred dollars (\$2,500) per annum.

Franklin W. Scott, Assistant Professor of English and Secretary of the Department of English, for three years, beginning September 1, 1912, at a salary of twenty-two hundred dollars (\$2,200) per annum.

Harrie S. V. Jones, Assistant Professor of English, for three years, beginning September 1, 1912, at a salary of eighteen hundred dollars (\$1,800) per annum.

Otto E. Lessing, Associate Professor of German, for three years, beginning September 1, 1912, at a salary of twenty-eight hundred dollars (\$2,800) per annum.

Lawrence Marcellus Larson, Associate Professor of History, at a salary of twenty-six hundred dollars (\$2,600) per annum, beginning September 1, 1912.

Ernest Ludlow Bogart, Professor of Economics, beginning September 1, 1912, at a salary of three thousand dollars (\$3,000) per annum.

Otto Rahn, Assistant Professor of Bacteriology, for one year, beginning September 1, 1912, at a salary of two thousand dollars (\$2,000) for the year.

Clarence W. Balke, Assistant Professor of Chemistry, for three years, beginning September 1, 1912, at a salary of twenty-two hundred dollars (\$2,200) per annum.

Edward W. Washburn, Assistant Professor of Chemistry, for three years, beginning September 1, 1912, at a salary of twenty-two hundred dollars (\$2,200) per annum.

Henry C. P. Weber, Associate in Chemistry, for two years, beginning September 1, 1912, at a salary of eighteen hundred dollars (\$1,800) per annum.

James B. Shaw, Assistant Professor of Mathematics, for three years, beginning September 1, 1912, at a salary of twenty-two hundred fifty dollars (\$2,250) per annum.

J. Howard Beard, Instructor in Physiology, for one year, beginning September 1, 1912, at a salary of twelve hundred dollars (\$1,200) for the year.

Charles W. Malcolm, Assistant Professor of Structural Engineering, beginning September 1, 1912, at a salary of eighteen hundred dollars (\$1,800) per annum.

Francis C. Lincoln, Assistant Professor of Mining Engineering, for three years, beginning September 1, 1912, at a salary of two thousand dollars (\$2,000) per annum.

**MR. HATCH ELECTED PRESIDENT PRO TEM.**

The following resolution was adopted:

WHEREAS, W. L. Abbott, President of the Board of Trustees, has signified his intention to be absent from his office and the State for the period of six weeks immediately following the 16th day of July, 1912, and

WHEREAS, He is, as such official, required almost daily to sign warrants for properly audited accounts against the University, and to discharge other duties relating to the business of the University; therefore be it

*Resolved*, That Fred L. Hatch, a duly elected and qualified member of this Board of Trustees, be, and he is hereby, appointed to act as president of this board from July 16, 1912, to August 31, 1912, and during the absence of the said W. L. Abbott from the State, with full power to sign warrants, and do all other things pertaining to the business of the University which the said W. L. Abbott, as president of the board, may now lawfully do.

**BUILDING PLANS: ARMORY, LOCOMOTIVE LABORATORY, STOCK JUDGING PAVILION, AND GREENHOUSES.**

President James presented the following letter from Mr. W. Carby Zimmerman, State Architect, with respect to the plans and contracts for the Armory, the Locomotive Laboratory, the Stock Judging Pavilion, and the Horticultural Greenhouses:

1101 STEINWAY HALL, CHICAGO, July 3, 1912.

*Dr. Edmund J. James, University of Illinois, Urbana, Ill.*

DEAR SIR: In reply to yours of July 1, I beg to say that on studying the matter more fully it seemed to me that the best solution of the problem would be to devise some scheme by which all of the trusses could be erected, so that the expensive tools necessary for this purpose would not again have to be brought to the site.

I took the matter up with the lowest bidder, the Morava Construction Company, and this company finally agreed to furnish and erect all steel work excepting the ends for the sum of \$59,500. This proposal was submitted to and tentatively approved by Mr. Abbott, and the Morava Construction Company were told that if the enclosure cost of the building would not exceed the balance of the funds available, the work would be awarded to them.

The contractors' bids for this enclosure work were received and opened today, and it appears that the bid of N. H. Shields, of Danville, of \$35,417 is the lowest. Mr. Shields further agreed to allow \$800 for a change in the method of holding certain roof beams, \$450 to give the woodwork one coat of oil instead of two coats of paint, and \$300 allowance on general principles, he finding at the last moment that he can get the lumber at a lower cost than originally estimated on by him. I am satisfied that these allowances are fair and reasonable.

Morava Construction Company's option on the steel expires on the 15th, and I recommended that a contract be entered into with the Morava Construction Company and N. H. Shields, on contracts of \$59,500 and \$33,867, or a total of \$93,367.

The balance of \$6,633 is an insufficient amount to arrange for a heating system in the building, but should make it possible to install temporary lighting.

Referring again to your letter, I will say that the Locomotive Laboratory plans are well underway and will be ready for specification in a short time.

The sketch plans for the Stock Judging Pavilion have been submitted to the department, and, as I understand it, are approved in a general way. As you know the appropriation for this building is insufficient to carry out the schemes proposed, and it will be necessary to decide what portion of the building is to be erected at this time. I would recommend that an attempt be made to finish the central portion, viz, the large arena, as completely as this can be done, but shall be pleased to follow whatever you may direct me to do.

My understanding was and is that the plans for the greenhouses would be submitted by greenhouse builders, with their bids, and I, therefore, have not worked on them.

Respectfully yours,

W. CARBYS ZIMMERMAN.

P. S.—I am sending a copy of this letter to Mr. Abbott, and enclose a copy of bids received on the enclosure.

## [SCHEDULE OF BIDS.]

## ARCHITECTURAL WORK—ARMORY BUILDING—UNIVERSITY OF ILLINOIS.

Contractors.	"A" Complete building as per plans and speci- fications in 6 months' time.	"B" Complete building in 6 months, except grading and sewers.	"C" Price per cubic feet concrete.	"D" Price per cubic yard of exca- vation.
English Bros.....	\$38,500 00	\$37,100 00	.25	\$0 75
J. F. Schmitt Bros. Company.....	42,448 00	41,998 00	.25	40
N. H. Shields.....	36,939 00	35,417 00	.17½	40

It was voted that the proposition of the Morava Construction Company, which was submitted to and tentatively approved by the president of the board, be approved, and that the officers of the board be authorized to sign a contract with the Morava Construction Company to furnish and erect all the steel work for the Armory, excepting the ends, for the sum of fifty-nine thousand five hundred dollars (\$59,500); also, that they be authorized to sign a contract with N. H. Shields, of Danville, for the enclosure of the building according to the bids submitted, including the complete architectural work on the building except sewers and grading, to be completed in six months, for the sum of thirty-three thousand eight hundred sixty-seven dollars (\$33,867).

## PLANS FOR STOCK JUDGING PAVILION AND HORTICULTURAL GREENHOUSES.

President James submitted plans for the Stock Judging Pavilion and for the Horticultural Greenhouses.

Both these sets of plans referred to the Committee on Agriculture for consideration and report.

### LEGAL PROCEEDINGS WITH REFERENCE TO THE CONKLE PROPERTY.

President James presented also the following report from Dean O. A. Harker, legal counsel, with respect to the proceedings connected with the acquisition of the Conkle property, which was received to be printed in the minutes.

UNIVERSITY OF ILLINOIS, July 3, 1912.

*To the President and the Board of Trustees of the University of Illinois:*

As legal counsel for the University, I beg leave to submit the following:

#### REPORT CONCERNING THE PURCHASE OF THE CONKLE PROPERTY.

The property consists of the north 8 rods of the west 8 rods of lot 1, and the north 8 rods of lot 2, W. N. Goodwin's addition to Urbana, being bounded on the north by the Illinois Traction right-of-way and on the west by Mathews Avenue.

Before the matter was reported to me an agreement had been entered into between the owners of the property and Mr. S. K. Hughes, acting for the University, whereby it was agreed that the University should pay to the owner the sum of \$10,550 after the completion of condemnation proceedings. It was agreed that the property should be condemned, and that in the event of the jury fixing the value at more than the sum agreed upon there should be a remittitur entered which would serve to fix the value of \$10,550, and that if it should be below that sum it should be raised an amount sufficient to reach that sum. I ascertained that one of the interested parties is confined in an insane asylum in Kansas, and for that reason the agreement, at least so far as he was concerned, was not legal.

After conferring with the attorney for the owners of the property, it was agreed that a bill for partition should be filed, and that the regular proceedings required by statute for the ascertainment of the interest of the parties should be pursued. The partition suit was commenced immediately and resulted in a decree declaring the interests of the parties. Commissioners were appointed to make a partition. The commissioners reported that the premises were not susceptible of partition and fixed the value at \$12,000.

After the coming in of the report the court decreed a sale, which was advertised accordingly by master in chancery. I appeared upon the day of sale and bid on the property until I reached \$11,001. The parties complainant bid \$11,500, and it was knocked off at that price. The parties were unable to comply with the requirements of the sale, and it was readvertised for sale for the 25th of June. Under instruction from the president of your board, I bid on the property, and the same was struck off to the board for \$10,800.

I ascertained on the morning of the sale that an attachment writ had been levied upon the interest of William Conkle on a debt against him. I also ascertained that the sheriff of the county had in his possession two executions from Cook County aggregating \$422. Before making the bid, I informed the attorney for the property owners that the two executions must be satisfied and the attachment released. That was done.

On the 29th of this month the master's sale was confirmed by the court, and a deed was executed to the Board of Trustees for the property, and the deed is now of record. The Board of Trustees have right of immediate possession.

Respectfully submitted,

O. A. HARKER, *Legal Counsel.*

The Executive Committee adjourned.

#### ADJOURNED MEETING OF JULY 13, 1912.

Pursuant to the adjournment taken at the session of July 5, 1912, the Board of Trustees of the University of Illinois convened at the La Salle Hotel, in the city of Chicago, at 12:30 p.m., on Saturday, July 13, 1912.

The following members were present: Mr. Abbott, Mrs. Bahrenburg, Mr. Grout, Mr. Hatch, Mr. Hoyt. President James and Professor James M. White, supervising architect, were also in attendance.

There being no quorum, the board adjourned.

W. L. ABBOTT, *President.*

C. M. McCONN, *Secretary.*

**MEETING OF THE EXECUTIVE COMMITTEE JULY 13, 1912.**

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the La Salle Hotel, in Chicago, on Saturday, July 13, 1912, following the adjournment of the session of the board held on that date.

All the members of the Executive Committee were present, namely, Messrs. Abbott, Grout, and Hatch; also Mrs. Bahrenburg and Mr. Hoyt, members of the board, President James, and Professor James M. White, supervising architect.

**REPORT FROM THE COMMITTEE ON AGRICULTURE.**

The following report was received from the Committee on Agriculture, and the recommendations contained therein were approved in full:

CHICAGO, ILL., July 13, 1912.

*To the Board of Trustees of the University of Illinois:*

Your Committee on Agriculture held a meeting at the LaSalle Hotel in Chicago on this date. All the members of the committee were present, namely: Messrs. Hatch, Grout and Hoyt; also Mr. Abbott and Mrs. Bahrenburg, members of the board, President James, and Professor James M. White, Supervising Architect.

**PLANS FOR STOCK JUDGING PAVILION.**

The supervising architect presented plans for the Stock Judging Pavilion prepared by the State Architect; these plans providing for a large central arena, with reinforced concrete seating for two thousand people; for suitable stables, to be erected at the south; for recitation and class rooms on the east, west, and north; for a main entrance on the north; and for four smaller stock judging lecture rooms in the four corners of the building; it being proposed to erect the central arena and the stables with the appropriation of eighty thousand dollars (\$80,000) made by the Forty-seventh General Assembly; the other portions of the proposed building to be added from time to time as funds may be granted by the General Assembly.

The committee voted to recommend that this general plan for the Stock Judging Pavilion be approved as submitted, and that the State Architect be instructed to proceed with the working drawings.

**HORTICULTURAL GREENHOUSES: PLANS AND CONTRACTS.**

The supervising architect submitted, also, the following documents relating to the new horticultural greenhouses:

(a) General plans for these greenhouses, showing in particular the portion of the proposed glasshouses to be erected at this time; including, for the work in floriculture, one section of the palmhouse, a service building, and one glass range of 332 feet by 34 feet connecting the palmhouse and the service building; and, for the work in vegetables, a service building and one L-shaped range.

(b) Sketches for the service buildings, for which it is proposed that the State Architect shall prepare the plans; it being understood that plans for the glasshouses will be prepared by firms making a specialty of horticultural construction; these firms, however, to furnish the superstructure only, the remainder of the work to be contracted for by the University.

(c) A bid from the Foley Manufacturing Company of six thousand seventy-five dollars (\$6,075) for the superstructure of the vegetable ranges, exclusive of glass, but including heating.

(d) Estimates on the remaining contracts necessary for the completion of this structure, showing a probable total cost for this remaining work of two thousand eighty-one dollars and twenty-five cents (\$2,081.25).

On the recommendation of the supervising architect, approved by the President of the University, the committee voted to recommend: (1) The approval of the general plans for the horticultural greenhouses as submitted; (2) the authorization of the State Architect to prepare plans for the two service buildings; (3) the acceptance of the bid of the Foley Manufacturing Company of six thousand seventy-five dollars (\$6,075) for the superstructure of the vegetable ranges, exclusive of glass, but including heating; (4) the authorization of the supervising architect to award the remaining contracts necessary for the completion of these structures at an estimated cost of two thousand eighty-one dollars and twenty-five cents (\$2081.25).

The committee adjourned.

Respectfully submitted,

FRED L. HATCH,  
A. P. GROUT,  
O. W. HOYT,

*Committee on Agriculture.*

**MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.**

President James presented the following matters for consideration:

**COMPLETION OF PLANS FOR NEW ARMORY.**

(1) The following statement with respect to the desirability of having the plans for the new armory completed as soon as possible:

The experience of the University in the erection of new buildings has shown that it is extremely desirable to have as far as possible completed plans for a building in hand at the time the erection of the building is begun even though it be not possible to complete the building planned for at once. Accordingly it seems to me that the plans for the new armory as it will be in its final form should be completed as soon as possible.

The State Architect, moreover, has repeatedly said that he does not expect to continue in his present position for any great length of time. If he resigns before these plans are entirely completed, it might be difficult to secure new plans in thorough harmony with the project of the present State Architect.

It was voted to request the State Architect to prepare as soon as may be convenient the working drawings for the completed armory (not necessarily including detailed specifications), in accordance with the general plan which has been approved by the Board of Trustees.

**LOCOMOTIVE LABORATORY: PLANS AND AUTHORITY FOR BIDS AND CONTRACTS.**

(2) Plans and drawings for the locomotive laboratory prepared by the Department of Railway Engineering and approved by the State Architect.

It was voted to approve in general the plans submitted, subject to such modification in details as may hereafter be agreed upon by the State Architect and the Dean of the College of Engineering. It was voted, further, to authorize the State Architect to advertise for bids upon the basis of these plans at such time as the drawings shall have been completed; and to authorize the officers of the board to let the contract for the construction of the building in accordance with these plans.

**NEW TRACKAGE.**

(3) Plans prepared by the Dean of the College of Engineering for the construction of switch tracks and spurs to connect the locomotive laboratory with the tracks of the Illinois Traction Company.

It was voted to authorize the construction of two spurs (numbered "4" and "5" on the diagram submitted) connecting the locomotive laboratory across Goodwin Avenue with the interurban tracks and such a switch (numbered "3" on the diagram submitted) as may be necessary to join these spurs to the main line of the interurban railway, in accordance with the plans submitted; the cost of this new trackage and switch to be charged to the special appropriation for an engineering building and ground.

**CHANGES IN LAW BUILDING.**

(4) A communication from Professor James M. White, Supervising Architect, presenting plans for the reconstruction, remodeling, and equipment of the Law School Building, including a lowering of the portico of the west entrance to grade, in order to make a more dignified entrance to the ground story of the building, and the finishing of the ground story for use.

It was voted to authorize the supervising architect to proceed with this reconstruction, remodeling, and equipment of the Law School Building in accordance with the plans submitted, within the funds appropriated by the General Assembly for this purpose.

**NEW ENGINEERING BUILDING: POWER CONNECTIONS, WALKS, AND GRADING.**

(5) A recommendation from Professor James M. White, Supervising Architect, that the sum of six thousand six hundred dollars (\$6,600), or so much thereof as may be necessary, be appropriated for the purpose of making the heat, light, and power connections with the new engineering buildings, lying east of Mathews Avenue and between Silver Creek and the Illinois Traction System right-of-way, and for constructing walks and doing the grading in connection with these buildings; the above sum to be charged to the appropriation for an engineering building and ground.

**FURNITURE AND EQUIPMENT FOR NEW ENGINEERING BUILDING.**

(6) A recommendation that the Dean of the College of Engineering be authorized to purchase furniture and equipment for the buildings of the transportation group; the sums expended for the same to be charged to the appropriation for an engineering building and ground.

The foregoing recommendations were approved.

**OPTIONS ON LAND SOUTHEAST OF THE FORESTRY.**

(7) A communication from Professor J. C. Blair, head of the Department of Horticulture, enclosing an option for the purchase of 27.8 acres of land lying south and east of the Forestry, at a price of fifteen hundred dollars (\$1,500) per acre; accompanied by a request that the board secure an option for the purchase from the Busey heirs of 150 acres lying east of Lincoln Avenue and south of the road running south of the cemetery.

This communication was referred to the Committee on Agriculture for consideration and report.

**APPOINTMENT OF ASSISTANT TO THE SUPERVISING ARCHITECT.**

(8) A recommendation from Professor James M. White, Supervising Architect, that Mr. H. D. Oberdorfer be appointed assistant to the supervising architect for one year, beginning July 1, 1912, at a salary of two thousand dollars (\$2,000) for the year; this salary to be charged to specific building and operating appropriations as may from time to time be found to be equitable.

This recommendation was approved.

**REPAIRS.**

A request from the supervising architect for the approval of proposed repairs in the University buildings to the amount of \$10,000.

It was voted to appropriate ten thousand dollars (\$10,000) for repairs in the University buildings proposed by the supervising architect, subject to the approval of the president of the University.

**COMPLETION OF THIRD STORY OF WOMAN'S BUILDING.**

(9) A communication from Professor James M. White, Supervising Architect, presenting revised plans for the completion of the third story of the addition to the Woman's Building (see pp. 2 and 40 above).

It was voted to request the State Architect to prepare detailed plans for this work as soon as possible, basing on plans submitted by the supervising architect and approved by the president of the University; and, as soon as the plans shall be completed, to call for bids thereon.

At this point Mr. Hatch withdrew from the meeting.

**THE STATE BOARD OF PRISON INDUSTRIES AND UNIVERSITY PRINTING.**

(10) A memorandum concerning a statement of the State Board of Prison Industries that they will not continue to approve releases on printing required by the University. Also, a statement from Dr. Eugene Davenport, Dean of the College of Agriculture and Director of the Agricultural Experiment Station, that in his opinion the State Board of Prison Industries cannot satisfactorily do the work of printing the agricultural bulletins, and that it would be better to cease publishing these bulletins altogether than to send them out in such unsatisfactory form as we should have if the State Board of Prison Industries insists on printing them; for the reason that the whole value of these bulletins often turns upon absolute accuracy in figures and the like, and it seems to be impossible to secure accuracy in work done by the State Board of Prison Industries.

This memorandum was received for record.

**REPORT OF FEES.**

The secretary presented the registrar's report of fees due from the students of the University at Urbana for the second semester of the year 1911-12, as follows:

## Meeting of August 23, 1912.

---

A special meeting of the Board of Trustees of the University of Illinois was held at the La Salle Hotel, in the city of Chicago, at 12 m., on Friday, August 23, 1912, pursuant to the following notice, which was sent out by order of the president of the board on August 17, 1912:

By order of the President of the Board, a meeting of the Board of Trustees of the University of Illinois has been called to meet at the LaSalle Hotel, in Chicago, on Friday, August 23, at 12:00 m., to consider reports of committees, and such other matters as may be presented by the President of the University, and other business which may properly come before the meeting.

When the board convened the following members were present: Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit. President James was also present.

There being no quorum, the board adjourned.

W. L. ABBOTT, *President*.

C. M. McCONN, *Secretary*.

## MEETING OF THE EXECUTIVE COMMITTEE AUGUST 23, 1912.

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the La Salle Hotel, Chicago, immediately following the adjournment of the special meeting of the board on August 23, 1912.

All the members of the Executive Committee were present, namely, Messrs. Abbott, Grout, and Hatch; also Mrs. Busey, Mrs. Evans, and Mr. Hoit, members of the board, and President James.

## SETTLEMENT WITH THE COLLEGE OF PHYSICIANS AND SURGEONS.

President James presented the following communications from the comptroller and the legal counsel of the University with respect to the settlement with the College of Physicians and Surgeons (these communications being the certificates required under the action taken by the Executive Committee of the board on July 5, 1912, p. 70):

## COMPTROLLER'S STATEMENT.

August 8, 1912.

*President Edmund J. James, University of Illinois.*

DEAR SIR: I enclose herewith a statement of the receipts and expenditures of the College of Medicine from September 1, 1910, to July 1, 1912. Eight thousand seventy-eight dollars and fifty-three cents (\$8,078.53) is without question due the College of Physicians and Surgeons by the conditions of the lease for that time.

I also enclose a copy of the inventory showing the apparatus, etc., purchased in the year 1910-1911 which you directed to be stamped as belonging to the University of Illinois. The item three thousand five hundred dollars (\$3,500) is not supposed to be of this class.

Sincerely yours,

S. W. SHATTUCK, *Comptroller*.

## COUNSEL'S STATEMENT.

August 5, 1912.

*President Edmund J. James, University of Illinois.*

MY DEAR PRESIDENT JAMES:

[Two paragraphs of Mr. Harker's letter, relating to an entirely different matter, are here omitted.]

Professor Shattuck and I have agreed upon terms of settlement with the College of Physicians and Surgeons except as to the earnings under the lease of 1910-1911. I have advised him that he should pay over none of those earnings unless expressly authorized by the Board of Trustees or the Executive Committee.

I am satisfied that the Internal Revenue Department will not insist upon any claim for tax free alcohol that was used for educational and scientific purposes. What I mean is that the department will make no claim because of the technical irregularity in having the permit continued to the curator of the College of Physicians and Surgeons instead of having it transferred or issued to the curator of the Medical Department of the University of Illinois. What the department will insist upon is a claim for violation of the federal statute by the use of the alcohol by professors in the college upon paying patients. If there are such violations, the University is in no way liable, but the recovery would be against the curator and his bondsman; so I can see no reason why the College of Physicians and Surgeons should be called upon to give any indemnity bond on that score. I can conceive of no other claim that could be legally urged against the University either by the State or any individual because the officials immediately in charge of the college have violated some provision of the statute or some rule of common law.

I have fully advised Professor Shattuck as to the character of release for furniture, apparatus, etc.

Sincerely yours,

O. A. HARKER,

*Legal Counsel.*

On motion of Mr. Abbott, it was voted to approve the comptroller's account as printed above, to direct the comptroller to pay over to the College of Physicians and Surgeons the sum of eight thousand seventy-eight dollars and fifty-three cents (\$8,078.53), more or less, being the balance on account of the transactions of the Medical School for the ten months ending July 1, 1912, and to appropriate the sum of eight thousand seventy-eight dollars and fifty-three cents (\$8,078.53), or so much thereof as may be required, for this purpose; the payment of the said sum to the College of Physicians and Surgeons by the comptroller to be conditional, however, upon the receipt by him of a certificate from the proper officers of the College of Physicians and Surgeons that the property, plant, and equipment leased by the University on September 1, 1911, as described in the indenture of said date and the schedule thereto attached marked "Schedule A" (which bears the signatures of D. A. K. Steele, President of the College of Physicians and Surgeons, and S. W. Shattuck, Comptroller of the University of Illinois, for the purpose of identification), have been received by the College of Physicians and Surgeons from the University in good condition, as provided in section 2 of

the said indenture, and that the College of Physicians and Surgeons does waive all claims of every sort or description against the University of Illinois on account of the condition of the said property, plant, and equipment; and is further conditional upon the receipt by the comptroller of a satisfactory guarantee from the College of Physicians and Surgeons to pay any outstanding accounts against the Medical School and to assume any liabilities that may arise against the University as a result of its relations with the College of Physicians and Surgeons.

It was voted, also, to authorize the comptroller to turn over to the College of Physicians and Surgeons two thousand dollars (\$2,000) in bonds of the College of Physicians and Surgeons, representing an investment for the benefit of two missionary scholarships, founded by the Northwestern Branch of the Woman's Foreign Missionary Society of the Methodist Episcopal Church, which are to be continued in the College of Physicians and Surgeons in accordance with the wish of the donors of these scholarships.

It was voted, also, that two thousand dollars (\$2,000) in bonds of the College of Physicians and Surgeons be retained by the board; these bonds representing the money given to found two other missionary scholarships, one by the Woman's Presbyterian Board of Missions of the Northwest, and one by the Woman's Board of Missions of the Interior of the Congregational Church, which money has been returned to the donors thereof, upon their request, since the University closed its Medical School, on June 30, 1912.

It was voted, further, to authorize the President of the University to dispose of the property purchased for the College of Medicine during the year from September 1, 1910, to August 31, 1911, which, under the terms of the contract in force during the period named, belongs to the University, on such terms as seem to him to be advantageous to the University.

Dr. D. A. K. Steele, President of the College of Physicians and Surgeons, was present during this part of the meeting, participated in the discussion, and consented to the actions taken as recorded above; the said actions involving the understanding, made explicit in the discussion, that the cash balance of five thousand one hundred sixty-two dollars and thirteen cents (\$5,162.13) for the year ending August 31, 1911, and the two thousand dollars in bonds of the College of Physicians and Surgeons, representing the money which has been repaid by the University to the Woman's Presbyterian Board of Missions of the Northwest and the Woman's Board of Missions of the Interior of the Congregational Church, belong to the University.

#### POSSIBLE REOPENING OF THE MEDICAL SCHOOL IN CHICAGO; ALUMNI RESOLUTIONS.

Dr. Charles Davison, of Chicago, a former member of the Board of Trustees, who was present, presented the following set of resolutions unanimously adopted by the Council of the Alumni Association of the Medical School of the University of Illinois:

CHICAGO, August 27, 1912.

*To the Trustees of the University of Illinois:*

We the undersigned, representatives of the alumni of the College of Medicine of the University of Illinois and practicing physicians in the State of Illinois, desire to express our sincere regret that the University of Illinois was compelled to close its medical school in Chicago because of the lack of suitable quarters and the requisite funds for maintenance.

We regard this step as a serious blow to the interests of medical education and public health in this commonwealth and in the nation.

We respectfully request your honorable body, therefore, to reopen the Medical School of the University of Illinois in the city of Chicago.

In case you are willing to do this, we on our part undertake to do what we can to secure for the University of Illinois the donation of the stock of the College of Physicians and Surgeons, by which the University of Illinois will secure the control of one of the best sites for a medical school in any American city.

We pledge our best efforts, moreover, to assist by every legitimate means in our power the trustees of the University of Illinois in developing a medical school which will be the peer of any similar school in this country or in Europe.

It has become apparent that the interests of public health can be adequately cared for in this country only when the State is willing to assist in the support of medical science and art as it now assists in the support of agriculture, engineering, teaching, and law. The University of Illinois will in our opinion

continue to fail to do its duty by the citizens of this State so long as it does not care adequately for this great public interest.

All of which is respectfully submitted.

**COUNCIL OF ALUMNI ASSOCIATION.**

By **EDWARD L. HEINTZ, M.D., President,**  
**HOWARD O. SHAFER, M.D., Vice-President,**  
**EMERY R. HAYHURST, M.D., Secretary,**  
**A. J. GRAHAM, M.D., Treasurer,**  
**ROBERT W. MORRIS, M.D., Chairman Executive Committee,**  
**CHARLES C. O'BYRNE, Necrologist.**

**POSSIBLE REOPENING OF THE MEDICAL SCHOOL IN CHICAGO;  
 DONATION OF STOCK OF COLLEGE OF P. AND S.**

Dr. D. A. K. Steele, President of the College of Physicians and Surgeons, who was present, was asked for his opinion on these resolutions of the Alumni Association. In response, Dr. Steele feelingly presented the strong sentiment on the part of the faculty, students, and alumni of the College of Physicians and Surgeons in favor of re-opening the Medical School of the University in Chicago, and discussed the probability of its being possible to obtain a donation of the stock of the College of Physicians and Surgeons to the University, on the condition that the University will undertake to re-open the school. Dr. Steele stated that he had already secured definite promises of donations of more than one-third of the total stock, and that he knew of another third which would probably be donated or else could be purchased at a low rate.

It was voted that the members of the Board of Trustees look with great interest and favor on the proposition of the alumni of the Medical School and the efforts of the stockholders of the College of Physicians and Surgeons to turn over to the University the ownership and control of the college; and to refer the matter to the Committee on the College of Medicine for investigation and recommendation.

**COMPLAINT OF DR. MARTIN.**

President James presented a request from Dr. W. J. S. Martin, a dentist in the city of Chicago, to be heard in the matter of a complaint which he desired to present against the faculty of the College of Dentistry because of their failure to recommend his son, Carl D. Martin, for a degree at the last commencement.

Dr. Martin was heard at length.

In the discussion which followed Dr. Martin's statement, attention was called to the fact that under the terms of the statute, approved May 11, 1877, empowering the University to grant degrees, the trustees are not authorized to confer degrees except upon such persons as are recommended by the faculty; and that since Mr. Carl D. Martin has not been recommended for graduation by the faculty of the College of Dentistry, no action can be taken by the board until such a recommendation is before it.

**NEW ENGINEERING LAND EXEMPTED FROM TAXATION.**

The secretary presented the following report from Dean O. A. Harker, Legal Counsel, of the steps taken by him in securing the exemption from the assessment roll of the six pieces of real estate recently acquired by the Board of Trustees for the College of Engineering. This report was received for record.

July 24, 1912.

*Dr. Edmund J. James, President, University of Illinois.*

DEAR SIR: Some weeks ago I arranged with State's Attorney Coggeshall to have a hearing before the Tax Board of Review on an application to have stricken from the assessment roll the different pieces of property lying between Mathews Avenue on the west, Goodwin on the east, the Illinois Traction System's right-of-way on the north, and the "Boneyard" on the south, recently acquired by the Board of Trustees for the College of Engineering.

Owing to the engagements of the State's Attorney, whose duty it is to represent the county in any such applications, the earliest hearing that could be had was on yesterday. The contention advanced by me in behalf of the Board of

Trustees was that the property, having been acquired by the Board of Trustees for educational purposes, was in fact the property of the State, and under the Constitution and statute exempt from taxes. I am pleased to say that, under the statute and the decisions of our Supreme Court construing it, the Board of Trustees are exempted from the assessment rolls on all the six pieces of real estate involved, to wit:

1. The property bought of John C. Turner and Eva F. Turner, June 29, 1911.
2. The property bought of Wilbur W. Myer and Cora Myer, June 29, 1911.
3. The property bought of George H. Clark and Helen H. Clark, July 10, 1911.
4. The property bought of Bell Murray and A. W. Murray, July 10, 1911.
5. The property bought of J. E. Ferguson and L. A. Ferguson, July 17, 1911.
6. The property bought of Debbie, Ann, and Vina Rogers, November 9, 1911.
7. And the property bought at the Master's sale on partition decree, June 25, 1912, known as the Conkle property.

Sincerely yours,

O. A. HARKER,  
*Legal Counsel.*

## REPORT FROM THE COMMITTEE ON BUILDINGS AND GROUNDS.

The secretary presented the following report from the Committee on Buildings and Grounds:

CHICAGO, August 23, 1912.

*To the Board of Trustees of the University of Illinois:*

Your Committee on Buildings and Grounds held a meeting at the LaSalle Hotel in Chicago on this date. There were present: Mr. Abbott, Mrs. Bussey, Mrs. Evans, and Mr. Hatch, members of the committee, Messrs. Grout and Hoyt, members of the board, President James and Professor James M. White, Supervising Architect.

### COMPLETION OF THIRD STORY OF WOMAN'S BUILDING.

Professor James M. White, Supervising Architect, presented detailed plans for the completion of the third story of the Woman's Building, together with the following statement in regard to available funds and the following recommendation in regard to the award of the contract:

URBANA ILL., August 22, 1912.

*President E. J. James, University of Illinois.*

DEAR SIR: On December 2, 1911, the board made the following tentative assignment of the \$125,000 appropriation for the Woman's Building:

(1) General contract .....	\$85,000 00
(2) Extras on general contract .....	2,000 00
(3) Changes in the old building .....	4,000 00
(4) Furnishings for the new building .....	14,000 00
(5) Architect's fee, superintendence, etc. ....	4,000 00
(6) For heat, light and power extension .....	3,000 00
(7) For improvements in present gymnasium .....	2,500 00
(8) Swimming pool in the court .....	6,500 00
(9) Reserve fund .....	4,000 00

\$125,000 00

It is now evident that Item No. 3 is very much larger than necessary and that the changes required can be included under No. 7. This leaves us, reserving No. 6, Nos. 2, 3, 8, and 9 still to spend. These items total \$16,500.

The general contract was .....	\$83,936 00
Excavating and flooring the basement .....	1,494 20
The general extras will amount to about .....	2,250 00

Extras involved in the proposed finishing of the third story are as follows:

Plumbing extensions .....	314 33
Roof changes, including dormers, skylights, etc. ....	939 57
Interior finishing, including heat and lighting, but exclusive of plumbing fixtures .....	13,725 54
Third floor plumbing fixtures will probably cost set, about .....	400 00

This will make the total amount of English Brothers' contract... \$103,059 64 This leaves a balance of about \$22,000 for items No. 4, 5, 6, and 7, amounting to \$23,500. This requires about \$1,500 more than the above schedule leaves unassigned, but there are items included in No. 4 which can be omitted for the present, and I therefore recommend that English Brothers' proposition of \$14,979.44 (including plumbing extensions, roof changes, and interior finishing) be authorized, subject to the approval, in detail, of his estimate of costs by the State Architect and the supervising architect.

Yours truly,  
JAMES M. WHITE,  
*Supervising Architect.*

It was voted to approve the recommendation of the supervising architect that English Brothers' proposition of fourteen thousand nine hundred seventy-nine dollars and forty-four cents (\$14,979.44) (including plumbing extensions, roof changes, and interior finishing) be authorized, subject to the approval in detail

by the State Architect and the supervising architect of the contractor's estimates of costs. (This matter was referred to this committee on April 10, 1912, with power to act, Report, 1912, p. 528.)

**PROPOSED WIDENING AND PAVING OF ORCHARD LANE.**

With respect to the petition from residents and owners of property in Orchard Lane, Champaign, requesting the University to donate land for the widening of the street and to sign a petition for the paving of the same, it was voted to recommend to the Board of Trustees that the trustees do not see their way clear to donate land for this purpose; and further, that the University is not yet ready to join in a petition for the paving of Orchard Lane.

The committee adjourned.

W. L. ABBOTT,  
MARY E. BUSEY,  
LAURA B. EVANS,  
FRED L. HATCH,

*Committee on Buildings and Grounds.*

It was voted to receive the foregoing report of the Committee on Buildings and Grounds for record, and to adopt the recommendation of the committee with respect to the proposed widening and paving of Orchard Lane.

**CONTRACT FOR FLORICULTURAL GREENHOUSES.**

Prof. James M. White, Supervising Architect, submitted the following report and recommendation on the subject of the bids received on the superstructure for the floricultural greenhouses:

URBANA, ILL., August 31, 1912.

*Mr. C. M. McConn, Secretary, Board of Trustees.*

DEAR SIR: I transmit herewith a schedule of the bids received on the superstructure for the floricultural greenhouses. As each bidder bids on his own design, it does not necessarily follow that the low price is the more advantageous one. The Foley Manufacturing Company are bidding on a larger glass area than Lord & Burnham, and the computation shows that the Foley Manufacturing Company's bid of \$7,390 is a better proposition than Lord & Burnham's bid of \$7,151.19; and Foley's bid of \$9,090 is considerably lower than Lord & Burnham's bid of \$9,471.19.

I therefore recommend that we accept Foley's bid of \$9,090, deferring the construction of the east greenhouse section, which is bid upon separately in Item 3; and, further, reserving the right to cancel that portion of the construction, provided funds are not available for it.

Yours truly,  
JAMES M. WHITE,  
*Supervising Architect.*

### PROGRESS ON BUILDINGS.

Professor White made a statement also in regard to the status of the work on the Armory, and the progress being made on the plans for the Stock Judging Pavilion.

### MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

President James presented the following matters for consideration:

#### CONTRACT FOR THE PAVING OF LINCOLN AND MICHIGAN AVENUES.

(1) The following contract for execution by the Board of Trustees to secure the payment of the assessment for the construction of the local improvements on Lincoln Avenue, Michigan Avenue, and Orchard Street in the city of Urbana:

WHEREAS, On petition of various property owners and of the University of Illinois, an ordinance has been duly passed by the city council of Urbana, Ill., and proceedings had in the County Court pursuant thereto, and special and general tax levied, all for the construction of the local improvement of Lincoln Avenue, Michigan Avenue, and Orchard Street, in said city of Urbana, by paving, grading, curbing, guttering, draining, etc.; and

WHEREAS, By the judgment of the County Court of Champaign County, Ill., there has been specially taxed against the property of the University of Illinois the aggregate principal amount of six thousand six hundred forty-two dollars and seventy-three cents (\$6,642.73), divided into installments payable annually, the first installment being for the principal sum of seven hundred thirty-four dollars and forty-one cents (\$734.41), and each of the nine succeeding installments for the principal sum of six hundred fifty-six dollars and forty-eight cents (\$656.48); and

WHEREAS, Upon notice to that end, bids were received and contract for the construction of said improvement has been awarded to John W. Stipes, contractor, by the Board of Local Improvements of said city, and said contractor is about to enter upon the execution of said contract and the construction of said improvement pursuant to said ordinance; and

WHEREAS, It is desired to fully secure and validate the issue of bonds as provided by the ordinance for said improvement, the proceeds of which are to be used to defray the cost and expense of said improvement and the lawful expenses incident thereto;

Now, therefore, In consideration of the benefits to be received by the real estate and property of the University of Illinois from the construction of said improvement, the said University of Illinois, by its duly authorized officers and trustees, does hereby agreed to pay to the city collector or other proper officer of the city of Urbana, Ill., the sums shown on the assessment roll specially taxed against said University of Illinois, together with five per cent (5%) interest on the deferred installments thereof, amounting in the aggregate to the principal sum of six thousand six hundred forty-two dollars and seventy-three cents (\$6,642.73), the first installment of which is for the principal sum of seven hundred thirty-four dollars and forty-one cents (\$734.41); and each of the nine

succeeding installments due and payable annually being for the principal sum of six hundred fifty-six dollars and forty-eight cents (\$656.48), which said installments shall bear interest from the date of the first voucher issued on account of work done on said improvement, at five per cent (5%) per annum, as provided by the Statute of the State of Illinois concerning local improvements in cities, villages, and towns.

Dated and sealed with the corporate seal of said University, this..... day of August, A.D. 1912.

UNIVERSITY OF ILLINOIS,

By.....

It was voted to authorize the officers of the board to sign this contract upon the receipt of a certification of the counsel of the University, that the contract is in proper form and that the amount of the assessment against the University is reasonable and proper.

#### EXTENSION OF SANITARY SEWER IN URBANA.

(2) A copy of a petition signed by Messrs. J. R. Reasoner and C. L. Van Doren, asking for the extension of the sanitary sewer in Urbana from Busey Avenue to the east line of the University property; also the following communication from the supervising architect to Mr. Frank Boggs, Mayor of Urbana, in regard to the same matter:

URBANA, ILL., August 2, 1912.

Mayor Frank Boggs, Chairman, Local Board of Improvements, Urbana, Ill.

DEAR SIR: The extension of the sanitary sewer, in accordance with the petition shown me today, signed by C. L. Van Doren and J. R. Reasoner, providing us an 8-inch sewer connection on Lincoln Avenue on the line of Iowa Street extended, will furnish the University a satisfactory outlet to the east. If the city of Urbana will put in this extension whenever the University shall petition for it upon the University's agreeing to pay its fair assessment for said outlet, as mutually agreed upon or as fixed by the court, and with the further agreement that the 30-inch storm water sewer, now terminated on Lincoln Avenue, shall be extended southward on Lincoln Avenue to such point as the University may require for connection with the University storm water sewer through the forestry, a distance not to exceed 230 feet, then all conditions upon which the University's approval of the Lincoln Avenue pavement petition hinged will have been settled to my satisfaction.

Yours truly,

JAMES M. WHITE,

Supervising Architect.

It was voted to authorize the officers of the Board of Trustees to sign this petition for the extension of the sanitary sewer in Urbana.

#### RESIGNATION OF PROFESSOR BLEININGER.

(3) The resignation of Mr. Albert V. Bleininger as Professor of Ceramics and Director of the Department of Ceramics.

It was voted that the President of the University should be authorized to accept Professor Bleininger's resignation; and, further, that he be authorized to make an equitable arrangement with Professor Bleininger by which the latter will give the benefit of his advice and assistance in the installing of the plant of the new Ceramics Laboratory.

#### APPOINTMENT OF PROFESSOR BENTLEY.

(4) A recommendation that the President of the University be authorized to appoint Dr. Isaac Madison Bentley, now of Cornell University, to be Professor of Psychology and Director of the Psychological Laboratory, at a salary of three thousand dollars (\$3,000) per annum, beginning September 1, 1912.

This authority was given as requested.

#### APPOINTMENT OF ASSISTANT PROFESSOR McDANIEL.

(5) A recommendation from Professor I. O. Baker, of the Department of Civil Engineering, endorsed by Dr. W. F. M. Goss, Dean of the College of Engineering, that Professor A. B. McDaniel, now of the University of South Dakota, be appointed Assistant Professor of Civil Engineering, for one year beginning September 1, 1912, at a salary of twenty-five hundred dollars (\$2,500) for the year.

It was voted that this appointment be made as recommended.

**REQUEST THAT ALL STREET CARS STOP AT BURRILL AVENUE.**

(6) A recommendation that the Urbana and Champaign Railway, Gas, and Electric Company be requested to direct that all cars of the said company crossing the south campus in either direction shall come to a full stop at Burrill Avenue; this request being made on account of the noise arising from the rapid rate at which the cars now move through the campus, with the accompanying signaling necessary to warn people out of the way, and also on account of the danger to people crossing the south campus from such a rate of speed as the cars maintain at the present time.

It was voted to make such a request of the Urbana and Champaign Railway, Gas and Electric Company.

**COMPENSATION OF ACTING DEAN DANIELS.**

(7) A recommendation that a compensation of fifty dollars (\$50) a month additional to his salary as professor of philosophy be granted to Dr. A. H. Daniels, for his services as Acting Dean of the College of Literature and Arts; the said extra compensation to begin from February 1, 1912, on which date Professor Daniels began his services as acting dean, and to continue during his incumbency of the position of acting dean.

This recommendation was approved.

**REAPPOINTMENT OF PROFESSOR GOODMAN.**

(8) A communication from Mr. F. M. Goodman, former Dean of the School of Pharmacy and former Professor of Materia Medica and Botany in the School of Pharmacy, who was on leave of absence for the past year, stating that his health is now restored and that he should like to be reappointed.

It was voted that the President of the University should be authorized to appoint Mr. Goodman to the position of Professor of Materia Medica and Botany in the School of Pharmacy, for the term of one year, beginning September 1, 1912, with such duties and at such a remuneration, not to exceed twelve hundred dollars (\$1200), as the President of the University may determine after full examination of the curriculum and the needs of the school in the matter of instruction for the coming year.

**APPOINTMENTS MADE BY THE PRESIDENT OF THE UNIVERSITY.**

### VEGETABLE GREENHOUSES: BIDS AND CONTRACTS.

The secretary presented the following report from Prof. James M. White, Supervising Architect, in regard to the bids and the award of the contract for the foundations of the vegetable greenhouses:

URBANA, ILL., August 28, 1912.

*Mr. C. M. McConn, Registrar:*

According to the action of the Board of Trustees, p. 90, minutes of July 5, I was authorized to award contracts for the foundations of the vegetable ranges as part of the remaining contracts for the completion of the structures. I have received bids, copy of which I enclose, and have awarded the contract to Mr. C. J. Welch for \$1,800. We think that it is desirable that these bids should be recorded in the minutes of the board.

Yours truly,  
JAMES M. WHITE,  
*Supervising Architect.*

The foregoing report of the supervising architect in regard to the bids and the contract for the foundations of the vegetable greenhouses was received for record.

### SETTLEMENT WITH THE COLLEGE OF PHYSICIANS AND SURGEONS.

The secretary reported that under the action taken by the Executive Committee on August 23 (p. 93), the comptroller had effected a settlement with the College of Physicians and Surgeons, and presented for record the following certificate and agreement received by the comptroller from the College of Physicians and Surgeons as required by the vote of the board (p. 96):

August 29, 1912.

I hereby certify that the property, plant and equipment leased by the University of Illinois on September 1, 1911, as described in the indenture of said date and the schedule thereto attached marked "Schedule A" (which bears the signatures of D. A. K. Steele, President of the College of Physicians and Surgeons, and S. W. Shattuck, Comptroller of the University of Illinois, for the purpose of identification), have been received by the College of Physicians and Surgeons from the University in good condition, as provided in Section 2 of the said indenture, and that the College of Physicians and Surgeons does waive all claims of every sort or description against the University of Illinois on account of the condition of the said property, plant, and equipment.

The College of Physicians and Surgeons also agrees to pay any outstanding accounts against the Medical School and to assume any liabilities that may arise against the University as a result of its relations with the College of Physicians and Surgeons.

D. A. K. STEELE, *President.*

## RESOLUTIONS OF THE ILLINOIS STATE MEDICAL SOCIETY.

President James presented for record the following set of resolutions concerning the medical school of the University, adopted by the House of Delegates of the Illinois State Medical Society at its last meeting held at Springfield, Ill., on May 21, 1912:

WHEREAS, The Legislature of Illinois did at one time grant the sum of \$389,000 for the purpose of promoting the cause of medical education and research by enabling the University of Illinois to provide a suitable plant for its Medical School, which appropriation was lost by the veto of the Governor; and

WHEREAS, The Legislature did at its last session appropriate the sum of \$60,000 per annum to the University for the support of its Medical School, which sum was lost by a decision of the Supreme Court on a highly technical point; and

WHEREAS, On account of the failure of appropriation the University of Illinois has been compelled to close its Medical School, greatly to the injury of the interests of public health and medical progress in this State; therefore, be it

*Resolved*, That the Illinois State Medical Association in convention assembled, representing 5,500 practicing physicians, do hereby express our deep regret that the Legislature at its recent extra session did not reappropriate the sums already granted to the University for the purposes of medical education, thereby dealing a serious blow to the interests of the greatest educational institution of the State and setting back for an indefinite period the interests of public health in this commonwealth; and

*Resolved, Further*, That this association pledge itself to the support of the policy of adequate appropriations from the State treasury for the development by the State University of the work in public health, medical research, and medical education; and

*Resolved, Further*, That a standing committee consisting of one from each county be appointed, whose duty it shall be to urge upon public attention, upon the Legislature, and upon the University authorities, the necessity of making adequate provision for this great public need.

## [SECRETARY'S CERTIFICATE.]

OTTAWA, ILL., September 13, 1912.  
I hereby certify that the above whereases and resolutions were presented to the House of Delegates of the Illinois State Medical Society at its last meeting, and the same were upon motion unanimously adopted.

E. W. WEIS,  
*Secretary, Illinois State Medical Society.*

The foregoing set of resolutions of the Illinois State Medical Society was ordered to be printed in the minutes.

## RESOLUTIONS OF THE ILLINI CLUB OF CHICAGO.

President James presented also for record the following set of resolutions concerning the Medical School of the University, recently passed by the Illini Club of Chicago:

WHEREAS, The University of Illinois has ceased to conduct a School of Medicine as a department of the University, and

WHEREAS, The health of the people of the State can best be conserved by providing adequate facilities for instruction, study and research in medical science, and for the publication of medical knowledge under the supervision of a competent educational agency of the State, and

WHEREAS, The State through the University of Illinois aids in safeguarding and increasing the welfare of the people of the commonwealth by offering courses in agriculture, engineering, law, science and the arts, now, therefore, be it

*Resolved*, That we, the members of the Illini Club of Chicago, hereby declare it to be our sentiment that the University of Illinois should maintain a Department of Medicine, and for the purpose of establishing a School of Medicine, of the highest standard, we pledge our earnest efforts to assist the trustees of the University to secure therefor the site now occupied by the College of Physicians and Surgeons in the city of Chicago or any other location as may be deemed desirable; and, be it further

*Resolved*, That this resolution be sent to the trustees of the University of Illinois, and that a copy thereof be spread on the records of the Illini Club of Chicago.

Attested:

FRED J. POSTEL, *President.*

A. N. BENNETT, *Secretary.*  
Dated at Chicago, Ill., this 28th day of August, 1912.

The foregoing resolutions of the Illini Club of Chicago were ordered to be printed in the minutes.

## PLANS FOR STOCK JUDGING PAVILION.

Professor James M. White, supervising architect, who was present, presented a report of progress on the plans for the Stock Judging Pavilion.

The plans as outlined provide for a building elliptical in plan, with an arena 87 feet by 147 feet, surrounded by seats having a capacity for 2,000 people. This building is intended to be one of a group but does not include in itself any other functions than that of an exhibit arena. A stable would have to be built to the south, and at the east and west connecting buildings are to be constructed which will include classrooms, offices, and smaller judging rings. This structure is to be located on the campus meridian south of the present dairy barn. The exterior walls will have a height of about 30 feet, and the design will be Italian Renaissance, with an open arcade all the way around, giving somewhat the effect of a Roman coliseum. The roof is to be of slate or preferably tile, and the material, with the exception of the roof sheeting, is to be entirely of non-combustible materials. For the exterior of the building both terra cotta and concrete are under consideration. The appropriation available for building is \$80,000.

SERVICE BUILDINGS FOR HORTICULTURAL GREENHOUSES:  
APPROVAL OF PLANS; BIDS.

The supervising architect submitted also the plans for the service buildings in connection with the Horticultural Greenhouses.

The prints submitted provide for structures built of hollow tile with stuccoed exteriors two stories in height, the second story extending up into the roof in order to give the building as low an effect as possible. The east building, to be used in connection with the vegetable and plant breeding work, is 36 feet north and south by 86 feet, 6 inches east and west, and the Floricultural Service Building is 37½ feet north and south by 93½ feet east and west. These buildings will be isolated from all other structures except the glasshouses, and for this reason the designer has chosen a style of building which will give strong light and shade effects with the minimum height possible for a two-story building. The appropriation available for these two structures is \$26,000.

On motion of Mrs. Evans, it was voted to approve these plans for the service buildings in connection with the Horticultural Greenhouses as submitted, and to authorize the supervising architect to call for bids on the basis of these plans.

At this point Mr. Moore took his seat with the board.

#### REPORT OF THE COMMITTEE ON THE COLLEGE OF MEDICINE.

Mrs. Busey, as chairman of the Committee on the College of Medicine, reported to the board information received by the committee that donations and options have been secured for a majority of the stock of the College of Physicians and Surgeons.

Dr. D. A. K. Steele, president of the College of Physicians and Surgeons, who was present, confirmed this information, specifying that he had donations promised of 1,003 shares and written options on 785 shares, making 1,788 shares already available, out of a total of 2,170 shares.

#### RECOMMENDATION OF THE PRESIDENT OF THE UNIVERSITY.

In this connection, the president of the University recommended the adoption by the board of the following resolution:

*Resolved*, That the Board of Trustees of the University of Illinois will request the next Legislature to grant the sum of at least one hundred thousand dollars (\$100,000) per annum for the support of the University Medical School; and that they will reopen a Medical School in the city of Chicago, provided such an appropriation be obtained; and provided that the alumni of the College of Medicine, or other person, secure to the University the possession of an adequate plant and site in the city of Chicago, either by presenting to the trustees the stock of the College of Physicians and Surgeons of Chicago, or by the provision of an equally good site and plant elsewhere in the city.

President James presented also the following statement of his position in the matter:

The foregoing recommendation is based upon the conviction that the University of Illinois ought not to attempt to conduct a Medical School upon the basis of the fees of medical students alone; and that under no circumstances ought the University to attempt to conduct a Medical School without the consent of the Legislature and without an adequate appropriation from the Legislature for the support of the school.

Attention is called to the fact that the universities of Michigan, Wisconsin, Minnesota, Iowa, Indiana and Missouri all require for admission to their medical courses the completion of two full years of college work in addition to graduation from the standard four-year high school; and that all the institutions of the Association of American Universities, of which the University of Illinois is a member, so far as they conduct medical schools, require, with a single exception, similar conditions of admission. These conditions have been accepted by all persons interested in medical research and education as the minimum requirement which any university should accept.

Attention is called to the fact that it would be impossible to conduct a Medical School with such standards upon the basis of fees alone, and that, therefore, a legislative appropriation would be absolutely necessary to undertaking the control and management of a Medical Department.

The University of Illinois cannot afford to lend the weight of its influence in the slightest degree to debase the high standards of medical education which have been finally attained by the leading universities of America.

#### VOTE ON CONDITIONAL ACCEPTANCE OF P. AND S. PROPERTY.

After a full discussion of the subject from all points of view, it was voted, on motion of Mr. Hatch, that the Board of Trustees will accept the property of the College of Physicians and Surgeons, provided that all the stock has been secured and donated to the University on or before February 1, 1913.

The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mr. Hatch, Mr. Hoit, Mr. Moore; noes, Mr. Anthony, Mrs. Busey; absent, Mrs. Bahrenburg, Mr. Deneen, Mr. Grout, Mr. Meeker.

Mrs. Busey stated in explanation of her vote that she was in favor of accepting the property of the College of Physicians and Surgeons on the condition that an adequate appropriation for the support of a medical school shall be obtained from the Legislature, but not without this condition.

At this point Mr. Hoit withdrew from the meeting.

**MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.**

President James presented the following matters for consideration:

**CURATOR OF SCHOOL OF PHARMACY.**

(1) A recommendation that Mr. W. B. Day be appointed curator of the School of Pharmacy of the University of Illinois, for one year beginning September 1, 1912; this appointment being recommended for the purpose of enabling Mr. Day to sign the necessary bonds for the withdrawal of alcohol free of taxation for the use of the School of Pharmacy.

This recommendation was approved.

**APPROPRIATION OF RECEIPTS TO DEPARTMENTS.**

(2) A request from Mr. O. E. Staples, Chief Clerk, for the following appropriations from the estimated receipts of the departments named to the uses of the respective departments:

Agricultural College .....	\$45,000 00
Agricultural Experiment Station .....	35,000 00
Blue printing .....	2,500 00
Hospital Association .....	1,800 00
Library fines .....	400 00
Rebates to students .....	5,000 00
Snyder fund, interest .....	600 00
Water Survey .....	1,000 00

This request was accompanied with the suggestion that the funds of the Hospital Association should be carried in the future like other funds on the books of the treasurer of the University instead of merely on the chief clerk's books.

The foregoing recommendation and suggestion were approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Anthony, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hatch, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mr. Deneen, Mr. Grout, Mr. Hoyt, Mr. Meeker.

**ANNOUNCEMENT IN REGARD TO CONTEMPLATED PURCHASE OF LAND.**

(3) A recommendation from Professor James M. White, Supervising Architect, that the University publish the following announcement:

"The University of Illinois is contemplating the acquisition of considerable additional land, which may be obtained in any one of three directions from its present holdings, and the price at which the land can be obtained will very largely determine in which direction the extensions will be made. As only a part of the land needed can be purchased next year or the year after, that which can be obtained to the best advantage will be purchased first. The University cannot actually purchase any of this land before July 1, 1913, but is ready to take options at prices which it considers justifiable. The options will not be taken unless it is the present intention of the University to accept the offer providing the necessary appropriation can be obtained from the Legislature, though the University must reserve the right to decline to close the option if circumstances seem to make it undesirable.

"Persons who feel disposed to offer their property to the University under such conditions are requested to indicate such willingness, with a definite statement of the offer in writing to the Secretary of the Board of Trustees of the University of Illinois, Urbana, Ill., on or before November 1, 1912."

This recommendation was referred to the Executive Committee with power to act.

**TEMPORARY PROVISION FOR APPROVAL OF PURCHASES AND PAYMENTS.**

(4) A recommendation that Mr. Lloyd Morey, Bookkeeper in the office of the Comptroller, be authorized to approve requisitions for purchase and vouchers for payments, until further notice.

This recommendation was approved.

**APPOINTMENT OF ASSISTANT PROFESSOR OF ANIMAL HUSBANDRY.**

(5) A recommendation that Mr. Edwin Stanton Good be appointed assistant professor of animal husbandry in the College of Agriculture and assistant chief in animal husbandry in the Agricultural Experiment Station, with special reference to swine husbandry, at a salary of twenty-seven hundred dollars (\$2,700) a year, work and salary to begin as soon as he reports for service.

This recommendation was approved.

### APPOINTMENT OF FOREMEN OF STEAMFITTERS AND PLUMBERS AND ELECTRICIANS.

(6) A request from the supervising architect that Mr. C. H. Havens, now employed by the hour as foreman of steamfitters and plumbers, be placed on a salary basis at a salary of one hundred twenty dollars (\$120) a month; and that Mr. M. W. Murphy, now employed by the hour as foreman of electricians, be placed on a salary basis of one hundred ten dollars (\$110) a month; these salaries to be paid from the various appropriations from which the salaries of these men have heretofore been paid; this recommendation involving an increase of about ten dollars a month in the compensation of Mr. Havens, and of about three dollars a month in the compensation of Mr. Murphy.

This recommendation was referred to the president of the University with power to act, the vote being as follows: Ayes, Mr. Abbott, Mr. Anthony, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hatch, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mr. Deneen, Mr. Grout, Mr. Hoit, Mr. Meeker.

### APPOINTMENT OF STENOGRAPHER TO THE SUPERVISING ARCHITECT.

(7) A recommendation that Miss Elizabeth C. Peel be appointed stenographer in the office of the supervising architect, for twelve months beginning September 1, 1912, at a salary of seventy-five dollars (\$75) a month; this salary to be charged to the appropriation for sundries for the office of the supervising architect.

This recommendation was referred to the president of the University with power to act.

### SETTLEMENT FOR TRANSPORTATION BUILDING.

(8) A recommendation from the supervising architect that a final settlement be authorized with Messrs. V. Jobst & Sons on account of the contract for the Transportation Building recently completed.

It was voted to authorize the president of the board to settle this contract on the receipt of certificates from the supervising architect, the State Architect, and the dean of the College of Engineering that the contract has been satisfactorily completed. The vote was as follows: Ayes, Mr. Abbott, Mr. Anthony, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hatch, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mr. Deneen, Mr. Grout, Mr. Hoit, Mr. Meeker.

### APPROPRIATIONS FOR WALKS AND DRIVES.

(9) A request from the supervising architect that the sum of two thousand dollars (\$2,000) be appropriated from the State appropriation for pavements and walks, for the following improvements:

(a) Eight hundred dollars (\$800) for walks and drives around the Agricultural Building.

(b) Six hundred dollars (\$600) for an appropriate approach to the Auditorium.

(c) Six hundred dollars (\$600) for a pavement between Green Street and the Pumping Station, in accordance with general plans submitted.

It was voted to approve this recommendation and to appropriate the sum of two thousand dollars (\$2,000), in amounts as specified, for the improvements named. The vote was as follows: Ayes, Mr. Abbott, Mr. Anthony, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hatch, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mr. Deneen, Mr. Grout, Mr. Hoit, Mr. Meeker.

### APPROPRIATIONS FOR HEATING AND LIGHTING.

(10) A recommendation from the supervising architect that the appropriation for the Heating and Lighting Plant be reimbursed in the amount of three thousand dollars (\$3,000) from each of the appropriations for the two buildings located on the line of the tunnel to Lincoln Hall, namely, the Commerce Building and the addition to the Woman's Building; and a further recommendation that appropriations be made from the appropriation for the Heating and Lighting Plant as follows:

(a) Eighteen hundred dollars (\$1,800) for approximately one hundred eighty 100-Watt Tungsten fixtures for campus lighting.

(b) Twenty-three hundred dollars (\$2,300) for an air compressor.

(c) Five hundred dollars (\$500) for a vacuum pump.

(d) Five hundred dollars (\$500) for boiler repairs.

These recommendations were approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Anthony, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hatch, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mr. Deneen, Mr. Grout, Mr. Hoit, Mr. Meeker.

### RESOLUTION CONCERNING FIREPROOF CONSTRUCTION.

(11) A recommendation that the following resolution be adopted by the Board of Trustees on the subject of fireproof construction of University buildings:

"It is the policy of the University to erect all buildings under its direction of fireproof construction, and to use fire resisting construction as far as possible in the reconstruction of nonfireproof buildings.

"Modification of this policy must be approved by the Board of Trustees in each individual case.

"This resolution is intended to be a positive order to the State Architect, the supervising architect, and other persons entrusted with the planning and erection of repairs or buildings.

"The persons in question should call the attention of the Board specifically to any proposed departure from this policy at the time plans are submitted and secure express permission to make such deviation."

The foregoing resolution was adopted. \*

### RESIGNATIONS OF PROFESSORS BURRILL AND SHATTUCK ACCEPTED.

The attention of the board was called to the fact that the resignations of Professors Burrill and Shattuck, presented by them to take effect August 31, have not been acted upon.

It was voted to appropriate the sum of \$3,000 to be paid Dr. T. J. Burrill, in recognition of the distinguished services rendered by him to the University on numerous occasions in the capacity of vice president and acting president. The vote was as follows: Ayes, Mr. Abbott, Mr. Anthony, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hatch, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mr. Deneen, Mr. Grout, Mr. Hoit, Mr. Meeker.

It was then voted to accept the resignation of Dr. T. J. Burrill as vice president of the University, professor of botany, and botanist in the Agricultural Experiment Station, to take effect August 31, 1912; and to accept the resignation of Professor Shattuck as comptroller of the University and professor of mathematics, to take effect August 31, 1912. The vote was as follows: Ayes, Mr. Abbott, Mr. Anthony, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hatch, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mr. Deneen, Mr. Grout, Mr. Hoit, Mr. Meeker.

It was voted further that a committee of the board should be appointed to draft suitable resolutions to be printed in the minutes, expressing the appreciation of the board of the services of Dr. Burrill and Dr. Shattuck.

### MINUTES APPROVED.

The secretary presented the minutes of the meetings of June 7, June 11, July 5, July 13, and August 23, 1912, which were approved.

The secretary presented also the minutes of the meetings of the Executive Committee held on July 5, July 13, and August 23, 1912, which were received for record.

### COMPENSATION OF PROFESSOR GOODMAN.

It was voted that the salary of Mr. F. M. Goodman, as professor of the School of Pharmacy, for the year beginning September 1, 1912, should be fixed at \$1,200. The vote was as follows: Ayes, Mr. Abbott, Mr. Anthony, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hatch, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mr. Deneen, Mr. Grout, Mr. Hoit, Mr. Meeker.

The board adjourned.

W. L. ABBOTT, *President*.

C. M. McCONN, *Secretary*.

## Meeting of October 8, 1912.

## CURATORSHIP OF SCHOOL OF PHARMACY.

The secretary presented a recommendation that the appointment of Mr. W. B. Day as curator of the School of Pharmacy might be made without term, or, in other words, until further notice, instead of for one year beginning September 1, 1912, as it stands by the action of the board taken on September 19, 1912 (p. 119); this recommendation being made for the reason that the Internal Revenue officer in charge of the department in which the city of Chicago is located objects to the limited term of appointment. This recommendation was approved.

AFTERNOON SESSION OF THE BOARD OF TRUSTEES  
OCTOBER 8, 1912.

When the Board of Trustees of the University of Illinois convened at the State Fair Grounds, Springfield, Ill., on the afternoon of Tuesday, October 8, 1912, pursuant to the action taken at the morning session on the same date, the following members were present: Mr. Abbott, Mr. Anthony, Mr. Blair, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Moore. President James was present.

**MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.**

President James presented the following matters for consideration:

**PLANS FOR STOCK JUDGING PAVILION APPROVED: BIDS AUTHORIZED.**

(1) The detailed plans for the Stock Judging Pavilion, worked out in accordance with the general plans submitted at the meeting of September 19, 1912 (p. 117); accompanied by a request from the State Architect for authority to call for bids.

On motion of Mr. Blair, it was voted to approve the plans as submitted and to authorize the State Architect to call for bids on the basis of these plans.

**WILLIAM B. MCKINLEY LOAN FUND.**

(2) The following letter from Hon. William B. McKinley, of Champaign, Ill., presenting personal notes from students or former students of the University of Illinois to the amount of ten thousand four hundred eighty-one dollars (\$10,481), for the purpose of establishing a student loan fund:

CHAMPAIGN, ILL., October 3, 1912.

*To the Trustees of the University of Illinois.*

GENTLEMEN: For about fifteen years I have loaned money to students of the University of Illinois to enable them to complete their course of study in the University. I have taken notes from these students, bearing 5 per cent interest, to be repaid at their convenience. I have become so convinced of the valuable and satisfactory results of this work that I desire to make it permanent, as far as possible. I am willing, therefore, to turn over these notes to the University of Illinois, with the understanding that as they are paid off the money shall be turned into a fund and the proceeds used to extend loans to worthy and promising students. As I wish these loans to be made only to persons of character, I shall be pleased if you would be satisfied with notes given by the parties concerned, without requiring other security. I have been indebted to Dean Clark for assistance in selecting students for these loans and have been entirely satisfied with his judgment.

Without excluding particularly meritorious cases in the lower classes, I think it would be well to limit these loans chiefly to upper class men. I shall be glad to turn over these notes, amounting to ten thousand four hundred and eighty-one dollars (\$10,481), as soon as the Board of Trustees indicates its willingness to accept them for the purpose and on the terms indicated in this communication.

W. B. MCKINLEY.

On motion of Mrs. Evans, it was voted that this donation be accepted for the purpose and on the conditions indicated in the foregoing letter; that the fund thus established be called the William B. McKinley Loan Fund; and that the president of the University be requested to express to Mr. McKinley the board's hearty appreciation of this generous gift.

**AUTHORITY TO SUE FOR RECOVERY OF MONEY FROM THE SYNDER LOAN FUND.**

(3) A recommendation that the Council of the University be authorized to bring suit, whenever the Council of Administration shall by formal vote so request, against persons who have borrowed money from the Snyder loan fund and who after repeated notices have failed to pay the interest and have failed to pay the principal when the notes have become due.

On motion of Mr. Hatch, this recommendation was approved.

**SCHOLARSHIPS FROM THE HENRY STRONG EDUCATIONAL FUND.**

(4) The following communication addressed to the President of the University from the trustees of an educational fund provided for in the will of the late Henry Strong:

CHICAGO, ILL.

*President of the University of Illinois, Urbana, Ill.*

SIR: The undersigned, being the four children of Henry Strong, lately deceased, and trustees in fact of the educational fund provided in his will, have to invite your attention to a proposed allotment of a portion of this fund to the University of Illinois.

We enclose herewith a printed copy of excerpts from the will establishing such educational fund. We further enclose a printed form of application, upon the basis of which we have arranged to receive and grant requests for individual scholarships. The restrictions in the will and also the form of application will apply to all requests whether such come to us individually and direct, or through the channels of an institution, such as your own.

We have thought it desirable to make an allotment of a definite sum from the educational fund to each of the several State universities with which the testator had associations through his own education or through his later residence or property interests. Acting upon this principle, it is our wish, with your approval, to allot to the University of Illinois the sum of five hundred dollars (\$500) for the scholastic year 1912 to 1913, for the purpose of providing scholarships for meritorious students at your institution to be selected by yourself. Such students would thereupon fill out such application blanks as that enclosed, which would be forwarded by them through you to us; and, carrying your approval as to the selection of the individual and as to amount of the scholarship to be awarded, would thereupon be approved by us as a matter of course and passed to the trustee of the estate itself as a warrant for payment.

We should prefer to leave the initiative as to the distribution of this sum entirely in your hands, subject of course to the restrictions of the will, and request you to work out the details of the most efficient distribution according to your own judgment. You no doubt have a scholarship committee skilled in such matters who could bring wide experience and sound judgment to bear thereon. We would, however, in this connection make one or two suggestions:

In the first place, it would seem to us desirable to make more than one scholarship of the total annual sum proposed, five hundred dollars (\$500). We understand that cases are frequent in which \$300, \$200 or even \$100 is all that stands between an enterprising young person and a college education—in which he or she can supply the remainder by individual effort, by other scholarships, or from home sources. By making good the partial deficiency in a number of such cases more would seem to be accomplished than by paying the entire expenses of a single young man or woman.

In the second place, it would seem to us desirable in the selection of beneficiaries to be guided largely not only by the amount of learning the beneficiary will be enabled to acquire, but by the probable use he or she will make of it. Thus an earnest student but otherwise characterless young person would not probably make us as large a return to society for the education acquired as would a forceful young man who might, through partial self-support or other commendable interests, take a less high rank in his studies.

Finally, where other considerations are equal, it would seem to us desirable to give preference to a young man as compared with a woman. It is the purpose of the fund to provide that education which will in turn provide self-support. It is, of course, a fact that a considerable majority of young women receiving a college education sooner or later marry, whereby their education ceases to be a factor in their support and drops from the rank of a necessity to that of a luxury—however desirable as such—and is to just that extent wasted. It is also, of course, a fact that a considerable majority of young men receiving a college education sooner or later marry, whereby their education becomes a factor in the support not only of themselves, but of their wives and children, and tends to raise the economic and social standard of the family in their own and succeeding generations—and is to that extent multiplied.

Any allotment of the Henry Strong Educational fund must be made year after year, and the above five hundred dollars (\$500) is hereby offered for the scholarship year 1912 to 1913 only. It is our intention, however, if this allotment works out satisfactorily to you and to ourselves, to continue it from year to year.

If this plan meets your approval, we should be glad to hear from you to that effect as soon as convenient; and we will thereupon forward application blanks which you may use for the purpose of making nominations for sharing in that portion of the fund allotted to your institution. We should be pleased to receive any such nominations as soon as they can conveniently be made, as funds are now available for the ensuing scholastic year.

A number of minor details of administration will have to be worked out, both in the matter of the selection of the beneficiaries, the times and amounts of payment to them of the scholarships awarded them, and some sort of record of the work done by them while receiving such scholarships, which records the trustees of the fund desire to keep. Your suggestions upon these or any other lines are very earnestly invited.

For convenience, your correspondence in this connection should be addressed to Gordon Strong, 209 South State Street, Chicago, Ill.

Very truly yours,

ELLA STRONG DENNISON,  
MARY STRONG SHELDON,  
JANET STRONG JAMESON,  
GORDON STRONG.

*Extracts from Will of*

HENRY STRONG, Deceased,

*Constituting an Educational Fund.*

"Being impressed with the value of education, literary, scientific, or mechanical, to every young person, male or female, starting in life, I direct that..... my said trustee shall, in each year, set apart, out of what then remains of said net income, rents, and profits of the trust estate for such year, during the period from the time of my death until the time of the determination of all of the trusts hereby created, six (6) per cent of said remaining net income, rents and profits, as

a separate fund, to be known as 'educational fund,' and that said 'educational fund' shall be held in trust by my said trustee, subject to the provision in regard to the same, hereinafter contained in paragraph seventh of this, my will.....

"Paragraph Seventh: In regard to said educational fund, provided for in and by this, my will, I direct that the same shall be held by said trustee upon, and subject to, the following trusts, to-wit:

"I direct that all of said educational fund shall be held by my said trustee in trust, and applied from time to time to aid the education of worthy and meritorious persons, needing such aid, said persons to receive annually out of said educational fund not more than six hundred dollars (\$600) each, and for no longer time than until they shall respectively become twenty-five (25) years of age, and I direct that the amounts, so to be applied in aid of their education, shall, in the case of minors, be paid over by my said trustee to their legal guardians, or to such other persons, acting for them, as may be appointed by a court or courts of competent jurisdiction, to be applied by such legal guardians, or by such other persons so appointed respectively, to said purpose.

"I direct that no descendant of mine shall ever become a beneficiary under said educational fund.....

"I further direct that, at any time, and from time to time, a majority of my children then living (and after the death of all my children, then a majority of my adult grandchildren then surviving) shall have the right, subject to the provisions hereinbefore made, to designate in writing to my said trustee the persons to receive aid out of said educational fund, and to determine and state in writing to said trustee the annual sum, not exceeding six hundred dollars (\$600) in amount, to be paid to each of said persons, and for how long a time said annual sum shall be paid to each of said persons, until he or she arrives at the age of twenty-five (25) years.

"I further direct that if, for any reason, a majority of my then living children (or after the death of all my children a majority of my adult grandchildren then surviving) shall at any time fail to so designate the persons to receive aid out of said educational fund, or so to determine and state in writing to said trustee the annual sum, not exceeding six hundred dollars (\$600), in amount to be paid to each of said persons, or for how long a time said annual sum shall be so paid to him or her until he or she arrives at the age of twenty-five (25) years, then, and in that case, and also in the further case that all of my children and grandchildren are dead, my said trustee shall select the persons to receive aid from said educational fund, and shall determine the amount (not exceeding six hundred dollars per year) to be paid to each of said persons so selected, and for how long a time, until he or she arrives at the age of twenty-five years, said amount shall be so paid, and shall without unnecessary delay, pay the same, in semi-yearly or quarterly payments, to such beneficiaries.

"I further direct that at least two of the persons who shall be in receipt of aid, in each year, from said educational fund, shall be residents of Walworth County, Wisconsin.

"I further direct that the respective receipts of the legal guardians, or other persons appointed by any court or courts as mentioned in this paragraph seventh of this, my will, for any moneys paid to them respectively by my said trustee, under the provisions hereof, shall effectually and fully discharge my said trustee therefrom, and from being bound to see to the application, or being answerable for the loss or misapplication thereof.

"In case any minor be designated, under the provisions hereof, to receive any aid out of said educational fund, and have no legal guardian to whom moneys can be paid under the provisions hereof, I direct my said trustees to expend, out of said educational fund, such sum, not exceeding fifty dollars (\$50) as may be necessary to procure the appointment of such guardian by any court of competent jurisdiction.

"Said trustee shall use and apply, in carrying out the objects of this paragraph seventh of this, my will, the principal of said educational fund, as well as any interest that may accumulate thereon from any temporary investment thereof, which said trustee may have made prior to the application of the same to the objects herein provided.....

"In my original will, bearing date of June 17, 1907, I provide and create an educational fund. I now, by this codicil, will and direct that no part of said educational fund shall be used in obtaining what is called a classical education, said fund being intended to aid the beneficiaries thereof in obtaining a practical, literary, scientific, mechanical, or business education in western or southern State universities, colleges or schools, where the charge for tuition is less than in eastern colleges....."

In connection with the foregoing communication from the Trustees of the Henry Strong Educational Fund, President James presented the following statement and recommendation:

In pursuance of the above communication I laid the matter before the University Council of Administration and indicated to the trustees of the fund the willingness expressed by the council to follow the suggestions made in regard to the administration of the fund. The Committee on the Snyder Loan Fund was asked to nominate students to benefit by the above allotment.

The recommendation of the committee, approved by the Council of the University, is that the \$500 be accepted and that the following persons be recommended to the trustees of the Henry Strong educational fund, as persons suitable to receive a grant of \$100 apiece:

H. H. Cochran, Senior—College of Science.

Glenn Christy, Junior—College of Engineering.

Elijah R. Hatowski, Junior—College of Engineering.  
 Charles W. Bailey, Junior—College of Literature and Arts.  
 E. A. Williford, Sophomore—College of Engineering.

I recommend that the Trustees of the University of Illinois accept the gift from the trustees of the Henry Strong educational fund, to be administered in accordance with the wishes of the donors, and that they express their cordial appreciation of this action of said trustees.

On motion of Mr. Blair, it was voted to accept the proposed gift of the Trustees of the Henry Strong Educational Fund, to be administered in accordance with the wishes of the donors, and to ask the president of the University to send to the trustees of the fund an expression of the board's hearty appreciation of this benefaction.

#### MEMORIAL TO PRESIDENT GREGORY.

(5) The following statement in regard to a suitable memorial for the first president of the University, Dr. John Milton Gregory:

The Trustees of the University on November 12, 1898, voted to permit the interment of the body of Dr. John Milton Gregory upon the campus, and undertook in the following language to care for the grave in perpetuity:

"And the board will, as soon as practicable, give appropriate treatment to the grounds in that vicinity and will assume the perpetual care of the grave."

Many propositions of a more or less definite character have been made to the Board of Trustees and in the alumni body of the University as to an appropriate action in the premises. The alumni have on one or two occasions appointed committees to interest the former students of the University in the erection of a worthy testimonial in memory of the first president of the University, but up to the present time nothing has come of all this discussion.

I have had an interview with Mrs. Gregory, the widow of Dr. Gregory, and with Mr. Alfred Gregory, the son of Dr. Gregory. The family are very desirous that the grave should be marked in some appropriate way, and they are quite willing to do this at their own expense if the University is not willing to undertake it.

It seems to me that the grave should be marked in some appropriate and simple manner by the Trustees of the University at the expense of the University.

The great work which Dr. Gregory did for the University of Illinois and for education in this commonwealth and in the commonwealth of Michigan from which he came, to us would justify the erection of some noble memorial in the form of an appropriate building upon the campus of the University; and it ought not to be impossible to interest those people who were here as students during Dr. Gregory's administration and the men and women who may still survive who know of his great work and appreciate it.

If the memorial were of a sort to enlist the interest of subsequent generations of students, such as a students' union building, I have no doubt that great material assistance could be obtained from those who were students after Dr. Gregory's administration.

I think the same thing would be true of an art building. Dr. Gregory was a man who believed thoroughly in the vital significance of the esthetic element in the education of young people. Largely through his own initiative a sum of money was collected at the very beginning of the University from people who were interested in the same field, mostly in the cities of Urbana and Champaign, with which was purchased what for that era was a very valuable collection of art objects, such as casts of famous statues, pictures, etc. The University after forty years still has the bulk of this collection intact and in a good state of preservation. It has served as an important element in the education of the thousands of students who have attended the University since Dr. Gregory's time. An art building would, therefore, be a very appropriate form of testimonial to the memory of this great president.

Mrs. Gregory has expressed hearty sympathy with the idea of the erection of a chapel upon the University grounds, for which the alumni and former students of the University might be asked to contribute, and she has expressed a willingness to make a material subscription herself for this or any other purpose which may commend itself to her.

On motion of Mr. Hatch, it was voted that the Board of Trustees will undertake to mark the grave of Dr. Gregory in some simple and appropriate way.

On motion of Mr. Blair, it was voted, further, that the president of the University be authorized to consider with the committee of the alumni, or with others interested in the matter, the possibility of erecting a suitable building on the campus as a memorial of the first president of the University.

#### PROVISION FOR THE COMPTROLLERSHIP.

(6) The following statement outlining a plan for providing for the vacant position of comptroller:

The University needs very much at present additional assistance in the work of instruction in the field of accounting. It has seemed to me therefore that a good arrangement might possibly be made by which a professor of accounting could be obtained, to whom in addition might be assigned the duties of the

comptroller as they may be defined from time to time by the Board of Trustees. If this general idea commands the approval of the board, I would ask for authority to nominate a professor of accounting with the purpose of combining the two offices of professor of accounting and comptroller of the University in case a suitable candidate can be found.

On motion of Mr. Grout, it was voted to approve the general plan outlined above, and to authorize the president of the University to look for a suitable candidate for a professorship in accounting, to whom may be assigned the duties of the comptroller as they may be defined from time to time by the Board of Trustees.

#### STOCK OF THE COLLEGE OF P. AND S.: DONATIONS AND OPTIONS.

(7) A statement from Dr. D. A. K. Steele, President of the corporation of the College of Physicians and Surgeons of Chicago, giving a report of progress from the committee which has undertaken to secure donations of the capital stock of the said corporation for presentation to, the University of Illinois and options on those portions of the stock of which donations cannot be secured, as follows:

	Shares.

Total options, in hand and promised.....	654 2/5
Stock on which options have been requested but not yet received.....	105
Total issue of stock.....	2,170

#### VOTE OF THANKS TO MR. ANTHONY.

A vote of thanks was rendered to Mr. Anthony for the enjoyable luncheon at which the members of the board had just been entertained.

#### EXTENSION OF TIME ON SCHOOL OF COMMERCE BUILDING.

The secretary presented a request from Mr. A. W. Stoolman, contractor for the School of Commerce Building, that the time for the final completion of this building should be extended from September 1, 1912, to November 27, 1912, the latter being the date originally provided for in the contract; the reason given for this request being that as a result of the unusually cold winter and wet spring the substitution of tile arches for reinforced concrete did not expedite matters as was expected when the change was made. (See minutes of December 12, 1911, Report, 1912, p. 536).

It was voted to grant this request of Mr. Stoolman's.

#### BOND FOR ORDNANCE AND ORDNANCE STORES.

On motion of Mr. Blair, the following resolution was passed:

*Resolved*, That William L. Abbott, President of the Board of Trustees of the University of Illinois, and Charles M. McConn, Secretary of the said board, be, and they hereby are, authorized to execute, for and in the name of the University of Illinois, a bond, in the penal amount of eighty thousand dollars (\$80,000), in the form required by the War Department, to cover the safekeeping and return when required by the Secretary of War, of certain ordnance and ordnance stores already issued, about to be issued, and such as may be issued in the future; the aggregate value of all such issues not to exceed the sum of forty thousand dollars (\$40,000).

#### ASSIGNMENT OF FUNDS FOR STUDENT ASSISTANCE IN INDUSTRIAL CHEMISTRY.

President James reported that he had assigned the sum of twenty-five dollars (\$25) a month, for the period of nine months beginning October 1, 1912, for the employment of student assistance in connection with the work on industrial chemistry; this sum to be taken from the amount appropriated in the budget of July 5, 1912, for the salary of Dr. R. H. Jesse, Jr., resigned. On motion of Mr. Evans, this assignment was approved.

**AUDITOR'S REPORT.**

Mr. Grout, as chairman of the Finance Committee, presented a report from the Audit Company of Illinois of an audit of the books and records of account of the University for the quarter ended June 29, 1912, which was received for record.

**THE AUDIT COMPANY OF ILLINOIS.**

## Meeting of December 10, 1912.

---

The quarterly meeting of the Board of Trustees of the University of Illinois was held at the University in Urbana, on Tuesday, December 10, 1912, beginning at 10:00 A.M.

The following members were present: Mrs. Bahrenburg, Mrs. Busey, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Moore. President James was also present.

Mrs. Ellen M. Henrotin and Mr. John R. Trevett, newly elected members of the board, whose term of office begins next March, were present by invitation and sat with the board during the day.

In the absence of President Abbott, upon motion of Mrs. Bahrenburg, Mr. Grout was elected chairman of the meeting.

The secretary of the board being absent on other University business, Mr. H. E. Cunningham, Assistant Registrar, acted as secretary *pro tempore*.

### NEEDS OF DEPARTMENTS PRESENTED.

The regular order of business was suspended, and President James presented a number of members of the faculty, who spoke to the board of the needs of their respective departments for maintenance and extension for two years to come.

Dean Davenport spoke for the College of Agriculture and presented also Messrs. Mann, Tanner, Rowe, and Ammann, members of the College Advisory Boards, who represented respectively the sections of Soils, Horticulture, Farm Crops, and Floriculture.

Dean Goss spoke for the College of Engineering and the Engineering Experiment Station.

At this point President James presented Messrs. Burres, Williamson, and Meeker, members-elect of the Forty-eighth General Assembly, who made cordial expression of their good will toward the University.

Professor Hollister, High School Visitor, presented the needs of the work of inspection of high schools.

At 12:30 P.M. a recess was taken for luncheon.

---

### AFTERNOON SESSION.

#### FURTHER PRESENTATION OF NEEDS OF DEPARTMENTS.

When the board convened again after luncheon, the same members were present as at the morning session, and the hearing of the needs of the departments was resumed.

Dean Townsend spoke for the College of Science, and presented also Professors Noyes, Hottes, Ward, and Frank Smith, who spoke respectively of the needs of the Departments of Chemistry, Botany, and Zoölogy, and the Museum of Natural History. Professor Stoek spoke for the work in Mining Engineering and the Mine Rescue Station; Dean Daniels for the College of Literature and Arts; Professor Bagley for the School of Education; Librarian Windsor and Professors Ford, Carman, and Oldfather for the Library; and Professors Pease and Brooks for the Museums of Classical Art and Archaeology and European Culture, respectively.

At this point Messrs. Hatch and Moore withdrew.

Dean Harker presented the needs of the College of Law, and also made an informal report of the status of the suit against the estate of John R. Walsh to recover rent due on a part of the premises of the School of Pharmacy on a lease to Dr. L. Blake Baldwin for five years from May 1, 1904, which was guaranteed by Mr. Walsh.

The board adjourned at 6:15 P.M.

W. L. ABBOTT, *President*.

H. E. CUNNINGHAM, *Secretary pro tempore*.

## Meeting of December 19, 1912.

A special meeting of the Board of Trustees of the University of Illinois was held at the La Salle Hotel in the city of Chicago, beginning at 12:00 m., on Thursday, December 19, 1912, pursuant to the following notice which was sent out by the secretary on December 12, 1912:

By order of the president, Mr. W. L. Abbott, a special meeting of the Board of Trustees of the University of Illinois will be held at the LaSalle Hotel in the city of Chicago, on Thursday, December 19, 1912, beginning at 12:00 m., to consider such matters as the committees of the board and the President of the University may submit and such other matters as may be duly presented.

When the board convened the following members were present: Mr. Abbott, Mr. Anthony, Mrs. Bahrenburg, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Grout, Mr. Hoit, Mr. Meeker, Mr. Moore. President James was present.

Renz, Myrtle A., General Assistant in the Library, for ten months beginning October 9, 1912, at a salary of sixty-five dollars (\$65) a month, vice Margaret Herdman, resigned. (October 12, 1912.)

Rodgers, Della M., transferred from the position of Stenographer in the Office of the College of Science to that of Stenographer in the Department of Physics, at a salary of forty dollars (\$40) a month, for ten months beginning November 1, 1912. (November 5, 1912.)

Taylor, S. C., Student Assistant in Chemistry, at a salary of twenty-five dollars (\$25) a month, beginning November 1, 1912, and continuing until June 30, 1913; this appointment superseding a previous appointment in the same capacity at a salary of \$10 a month. (November 1, 1912.)

Thompson, H. C., Assistant in Military Science, for the academic year 1912-13, with a salary of one hundred dollars (\$100) for the year, to be paid in five monthly instalments beginning February 1, 1913. (October 21, 1912.)

Wright, Albert B., Research Assistant to the Dean of the Graduate School, at a salary of fifty dollars (\$50) a month, beginning October 1, 1912, and continuing until June 30, 1913. (November 6, 1912.)

The committee adjourned.

#### EXECUTIVE COMMITTEE MEETING OF NOVEMBER 30, 1912.

On call of President Abbott, a meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in Chicago, on Saturday, November 30, 1912, beginning at 12 m.

Messrs. Abbott and Hatch, members of the committee, were present. The third member of the committee, Mr. Grout, was absent.

#### MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY.

President James was not present, but sent the following matters for the consideration of the committee:

##### APPROPRIATION FOR FURNISHING OF ADDITION TO WOMAN'S BUILDING.

(1) A recommendation that the supervising architect be authorized to proceed with the furnishing of the addition to the Woman's Building, within the limits set by the fund previously assigned by the board for this purpose (Report, 1912, p. 534), after consultation with the parties representing the several interests to be provided for in this building; and a further recommendation that a corresponding appropriation be made.

These recommendations were approved.

##### APPROPRIATION FOR FURNISHING OF COMMERCE BUILDING.

(2) A recommendation that the supervising architect be authorized to proceed with the furnishing of the Commerce Building, within the limits set by the fund already assigned by the board for this purpose (Report, 1912, p. 534), after consultation with the parties representing all interests to be provided for in this building; and a further recommendation that a corresponding appropriation be made.

These recommendations were approved.

##### IMPORT ORDER FOR DEPARTMENT OF CHEMISTRY.

(3) A request from Professor W. A. Noyes, Director of the Chemical Laboratory, for permission to place an order for the importation of chemicals and apparatus for the University for the academic year 1913-14, to an amount not exceeding ten thousand dollars (\$10,000); this request being made at this time for the reason that the order should be placed several months in advance of the time when the material is to be used in order to have the material on hand.

It was voted to approve this request.

##### PROCEEDS OF SALE OF HOUSES APPROPRIATED.

(4) A communication from Dr. W. F. M. Goss, Dean of the College of Engineering, asking that the sum of twelve hundred dollars (\$1,200) realized from the sale of houses on the property bought for the location of the Transportation Building, be transferred to the general building fund account of the College of Engineering, to be used in connection with the development of the locomotive laboratory, and that the same amount be appropriated for such use.

It was voted to approve this request.

##### BUREAU OF INFORMATION AND GENERAL UNIVERSITY OFFICE.

(5) A recommendation that authority be given to the President of the University to organize a Bureau of Information and General University Office, and that the room in the northeast corner of the basement of the Law Building, a portion of the corridor next south, and the room next south of the corridor be assigned for this purpose.

This recommendation was approved.

**ASSIGNMENT OF ROOMS TO STUDENT ORGANIZATIONS.**

(6) A recommendation that the Council of Administration be given authority to assign rooms from time to time, as the demands of the University may permit, to student organizations for terms not longer than one year on such conditions as the council may establish.

This recommendation was approved.

The Executive Committee adjourned.

W. L. ABBOTT,  
FRED L. HATCH,  
*Executive Committee.*

**APPOINTMENTS MADE BY THE PRESIDENT OF THE UNIVERSITY.**

The secretary presented the following report of appointments made by the President of the University to fill vacancies in the budget passed on July 5, 1912:

Burton, Samuel C., Instructor in Architecture, at a salary of one hundred twenty dollars (\$120) a month, beginning November 12, 1912, and continuing until June 30, 1913. (December 2, 1912.)

Carson, H. Y., Assistant in Architectural Engineering, on half time, and Assistant in the Office of the Supervising Architect, on half time, beginning December 1, 1912, and continuing until further notice or until June 30, 1913, at a total salary for the two positions of one hundred twenty-five dollars (\$125) a month. (November 27, 1912.)

Ebersol, E. T., Graduate Assistant in Chemistry, beginning December 7, 1912, and continuing until June 30, 1913, at a salary of thirty dollars (\$30) a month. (December 9, 1912.)

Frazier, Mollie, Stenographer in the Department of Zoölogy, on two-thirds time, at a salary of thirty-three and 33-100 dollars (\$33.33) a month, beginning November 1, 1912, and continuing until further notice or until June 30, 1913. (November 30, 1912.)

Manley, Verna A., Temporary Stenographer in the Office of Professor E. W. Washburn, for one month beginning December 4, 1912, to be paid at the rate of 30 cents an hour, the total compensation for the period named not to exceed twenty dollars (\$20). (December 14, 1912.)

Munn, Margaret M., Stenographer in the Department of Mining Engineering (on the work of the Cooperative Investigation of Illinois Coal Problems), at a salary of fifty dollars (\$50) a month, beginning when she reports for duty and continuing until further notice or until August 31, 1913. (November 12, 1912.)

Radcliffe, Barney S., Assistant in Ceramics, for ten months beginning September 1, 1912, at a salary of eighty dollars (\$80) a month. (November 27, 1912.)

Ricketts, Clara Agnes, Order Assistant in the Library, at a salary of sixty dollars (\$60) a month, beginning November 9, 1912, and continuing until August 31, 1913. (November 9, 1912.)

White, Lida E., Catalog Typist in the Library, for ten months beginning November 1, 1912, at a salary of fifty dollars (\$50) a month. (November 9, 1912.)

Yensen, Trygve D. (formerly Assistant in the Engineering Experiment Station at a salary of one hundred dollars a month), Assistant in the Engineering Experiment Station and Administrative Assistant to the Director of the Engineering Experiment Station, at a salary of one hundred fifty dollars (\$150) a month, beginning November 1, 1912, and continuing until further notice or until August 31, 1913. (November 27, 1912.)

**FLORICULTURAL GREENHOUSES: CONTRACT FOR CONCRETE WORK LET.**

The secretary presented the following letter from Professor James M. White, Supervising Architect, reporting that, under the authority given by him on June 13, 1912 (pp. 101-102), he had let the contract for the foundations and other concrete work for the floricultural greenhouses to Mr. C. J. Welch, for the sum of two thousand fifty-six and fifty-three one-hundredths dollars (\$2,056.53). This letter was received for record.

URBANA, ILL., December 11, 1912.

Mr. C. M. McConn, Secretary of the Board of Trustees.

DEAR SIR: I wish you would record in the minutes of the board the fact that the contract for foundations and other concrete work for the floriculture greenhouses has been let to Mr. C. J. Welch, contractor for similar work on the vegetable and plant breeding greenhouse, for the sum of two thousand fifty-six and 53-100 dollars (\$2,056.53).

This contract was let to Mr. Welch without competition on the same unit price for which the vegetable and plant breeding work was executed, first, because

his bid on the other work was 20 per cent less than that of the next lowest bidder, and, second, because, his equipment and men being on the ground, he could push the work to better advantage.

Yours truly,  
JAMES M. WHITE,  
*Supervising Architect.*  
By L. J. TOWNE.

### BOND FOR MILITARY SUPPLIES.

The secretary reported the receipt of a letter from Captain W. F. Ramsey of the Ordnance Department, United States Army, stating that the bond for ordnance and ordnance stores to be furnished by a bonding company, authorized by the board on October 8, 1912 (p. 133; see also Report of 1912, p. 104), has been approved by the Judge Advocate General of the Army; and that the former bond guaranteed by individual sureties, which was authorized by the board on March 20, 1911 (Report, 1912, p. 104), had been marked satisfied, and the liability thereunder terminated

### REGISTRATION NOVEMBER 1, 1912.

The secretary presented the following report showing the registration in the University on November 1, 1912, with the figures for the corresponding departments on November 1, 1911, for comparison. This report was received for record.

### REPORT OF AUDITING COMPANY.

Mr. Grout, as Chairman of the Finance Committee, presented a report from the United States Audit Company of an examination of the books and accounts of the University for the quarter ended September 30, 1912; accompanied by a statement from Mr. Lloyd Morey, bookkeeper, that the difference in voucher No. 19166 referred to in the introductory letter of the report (see below), and also the difference in the amount of the School of Pharmacy fund, have been adjusted with the treasurer. On motion of Mrs. Bahrenburg, this report was received to be filed, the introductory letter to be printed in the minutes.

510, 72 W. ADAMS STREET, CHICAGO November 23, 1912.

Mr. A. P. Grout, Chairman Finance Committee, University of Illinois, Winchester, Ill.

DEAR SIR: Agreeably to your request, we have made a quarterly audit of the books and records of account of the University of Illinois for the first quarter, ended September 30, 1912, of the fiscal year, and beg to submit herewith our report thereon, showing the receipts and disbursements in detail.

We reconciled the chief clerk's cash account on the morning of October 23, 1912, proved the cash book footings from August 5, 1912, to October 23, 1912, verified the cash in the office by count, and examined and proved the footings of the approved and receipted vouchers in process of entry. The First National Bank of Champaign, Illinois, gave us a letter, certifying as to the cash on deposit at October 23, 1912, amount being \$11,067.39.

Summarized, the chief clerk's cash account is as follows:

Balance on hand August 5, 1912.....	\$ 14,537 51
Receipts from various sources.....	593,679 93
	<hr/> \$608,217 44
Deduct—Remittances to treasurer .....	594,859 85
	<hr/> Balance on hand October 23, 1912..... \$13,357 59
Made up as follows—	
Currency .....	\$ 1,240 00
Coin .....	25 94
First National Bank balance.....	11,067 39
Checks for deposit .....	234 50
	<hr/> Total cash .....
Vouchers in process of entry .....	\$12,567 83
Vouchers paid for stamps .....	141 81
Vouchers paid for labor .....	235 74
Vouchers paid for labor .....	252 34
Vouchers paid for telegrams .....	53 34
Vouchers paid for express .....	106 53
	<hr/> \$13,357 59

In the cash statement following, we present in total the general cash transactions for the first quarter, as presented by the cash book and warrant register, beginning with the general cash balance as of June 29, 1912:

Treasurer's balance .....	\$593,955 89
Chief clerk's balance .....	13,532 92
	<u>\$607,488 81</u>
Add—Cash receipts (Exhibit "A") .....	588,590 48
	<u>\$1,196,079 29</u>
Deduct—Cash disbursements (Exhibit "B") .....	557,068 57
	<u>\$639,010 72</u>

*Made up as follows—*

Treasurer's balance .....	\$623,722 17
Chief clerk's balance .....	15,288 55
	<u>\$639,010 72</u>

We compared all warrants paid during the quarter with the treasurer's record, and found that Voucher No. 19166, amount \$175.06, was paid with Warrant No. 19166, amount \$176.06.

Paid Warrant No. 1506 for \$352.75 to order of Watson-Stillman & Co. was missing, and was evidently lost, as we examined the receipted voucher.

We also obtained a certification from the State Bank of Chicago, certifying to the balance of cash on deposit to the credit of the treasurer at the close of business September 30, 1912, as being \$744,200.77.

We proved the footings of the warrant register, summer session fee book, verified all postings to the general ledger, and checked the summer session receipts with the fee book; and examined the receipted bills and compared them with all the vouchers.

The following is a reconciliation of the treasurer's account with the books of the University as at September 30, 1912:

Treasurer's balance per University books .....	\$623,722 17
Add—Unpaid warrants (Schedule "5") .....	120,479 60
	<u>\$744,201 77</u>

*Made up as follows (Schedule "6")—*

General fund .....	\$722,000 34
College of Medicine fund .....	4,882 22
United States Agricultural Experiment Station fund .....	4,714 11
School of Pharmacy fund .....	12,598 10
Difference .....	1 00
	<u>\$744,201 77</u>

We are pleased to report favorably on the accuracy of the clerical work.

Supervised by:  
W. B. FLERSHAM,  
*Certified Public Accountant.*

Yours very truly,

UNITED STATES AUDIT Co.,  
HENRY L. HERTZ, *President.*

## RESOLUTIONS IN REGARD TO DR. BURRILL AND DR. SHATTUCK.

At the request of Mr. Blair, the secretary presented the following resolutions, expressive of the board's appreciation of the services of Dr. T. J. Burrill and Dr. S. W. Shattuck; these resolutions having been drafted by the special committee authorized by an action of the board on September 19, 1912 (p. 121), and consisting of Messrs. Blair and Hatch. The resolutions were unanimously adopted.

In accepting the resignation of Dr. T. J. Burrill and Dr. Samuel W. Shattuck, the Board of Trustees desire to place on record a formal statement. Never in the history of the institution has the Board of Trustees been called upon to accept the resignation of two men whose lives have been so intermingled with the history and growth of the University.

The large intelligence and sympathy of Dr. Burrill exerted a great influence upon the University in the days of early struggle. He has contributed to its spiritual and intellectual life more than can here be set down.

Dr. Shattuck, as the comptroller of the revenues of the University, has occupied a most important place in its growth. To his sound judgment and sterling character the University owes much of its splendid record in making the funds appropriated by the State create its splendid equipment. The history of the University of Illinois could not be well written unless it contained the history of these men.

The large satisfaction which comes from a noble work nobly done must be their best reward. The Trustees of this University wish to express their appreciation of the great services and sacrifices of these two men to the University.

### PURCHASE OF CONKLE PROPERTY.

The secretary presented the following communication from President Abbott with reference to the price paid for the Conkle estate, purchased as part of the site for the new engineering buildings:

July 27, 1912.

*Board of Trustees, University of Illinois, Urbana, Ill.*

GENTLEMEN: At a master's sale held in Urbana on June 25, Judge Harker, the counsel of the Board of Trustees, acting under instruction from the President of the Board, bid off the Conkle property at \$10,800.

On August 1, 1911, the Executive Committee approved the purchase of this property at a price of \$10,550 [Report, 1912, p. 470]. Approval is now asked of the action of the counsel of the board in bidding \$10,800 for the same property.

Very truly yours,

W. L. ABBOTT.

The action of the counsel of the board reported in the foregoing communication from President Abbott was approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Anthony, Mrs. Bahrenburg, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Grout, Mr. Hoit, Mr. Meeker, Mr. Moore; noes, none; absent, Mr. Deneen, Mr. Hatch.

### RELEASE OF HELLER MORTGAGE.

The secretary presented certain correspondence between President Abbott and Mr. G. W. Charles, of Urbana, relating to a mortgage to the University of Illinois standing recorded in the books of the county clerk of Champaign County against Mr. Joshua Heller, of Urbana; the said mortgage having been given to secure certain sums of rent overdue on land rented by Mr. Heller from the Illinois Industrial University in the years 1867 to 1870. The secretary presented also a communication from Mr. O. E. Staples, Chief Clerk, stating that the business office has no record of any claim of the University against Mr. Heller, and that Professor Shattuck is of the opinion that the mortgage must have been paid in full, as claimed by Mr. Charles in Mr. Heller's behalf. Accordingly, with the approval of Dean Harker, legal counsel of the University, and President James, the following resolution was submitted for adoption, and was adopted:

*Resolved*, That Oren E. Staples, Chief Clerk of the University of Illinois, successor to the Illinois Industrial University, be authorized to execute a release of the mortgage of Sarah Heller and Joshua Heller to the Illinois Industrial University, appearing of record under date of May 17, 1870, on page 257 of Book S, in the recorder's office of Champaign County, State of Illinois.

### MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

President James presented the following matters for consideration:

#### GIFT FOR THE LOCOMOTIVE TESTING LABORATORY.

(1) The following report of a gift made to the University:

The Midvale Steel Company of Philadelphia, Pa., represented by Mr. H. M. Deemer, has presented to the University four axles and four pairs of supporting wheels for the new Locomotive Testing Laboratory. These axles and wheels are of heat-treated steel of unusually high grade. They were made by the Midvale Steel Company from the design of Professor Edward C. Schmidt. The contract price was \$2,700. The shipment of the material was accompanied by a receipted bill in duplicate and a letter saying, "We shall deem it a favor that you accept this material with our compliments and good wishes for the experiments which you are conducting. We take pleasure in enclosing under another cover a duplicate bill receipted in full in settlement of the account."

On motion of Mr. Blair, it was voted to accept this donation from the Midvale Steel Company, and to authorize the president of the University to extend the thanks of the Board of Trustees to the company.

#### APPOINTMENT OF PROFESSOR HARDING.

(2) A recommendation from Dr. Eugene Davenport, Dean of the College of Agriculture, that Dr. Harry Alexis Harding be appointed head of the Department of Dairy Husbandry, with the title of Professor of Dairy Bacteriology in the College of Agriculture and Chief in Dairy Bacteriology in the Agricultural Experi-

ment Station, at a salary of five thousand dollars (\$5,000) per annum, work and salary to date from the time when he reports for service; which it is expected will be some time during the month of April, 1913.

This recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Anthony, Mrs. Bahrenburg, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Grout, Mr. Hoit, Mr. Meeker, Mr. Moore; noes, none; absent, Mr. Deneen, Mr. Hatch.

#### DEPOSIT FOR PRINTING OF DOCTORS' THESES.

(3) A recommendation from the Executive Faculty of the Graduate School that the following new regulations be adopted with reference to the deposit of a bond or cash to guarantee the printing of doctors' theses:

1. The doctor's thesis must be printed, and one hundred copies deposited in the Library of the University, not later than the first of June preceding the conferring of the degree. If it is not printed by the first of June, the student must deposit seventy-five dollars (\$75) or a bond for that amount satisfactory to the Comptroller of the University and the Dean of the Graduate School. If a bond is accepted, it must be replaced at the end of one year with a cash deposit. At the end of two years, if the thesis has not then been printed by the student, the University will print such part of it as it deems best, using for the purpose the cash deposit made by the student.

2. The cash deposit made by a student who does not print his thesis by the end of the second year after his degree is conferred becomes the property of the University, to be used for the general purpose of printing theses, and all graduate students who receive their degrees must agree at the time when the deposit is made that the University shall become owner of this deposit for this purpose.

3. This rule shall go into effect at the opening of the University year, September 1, 1912.

On motion of Mr. Blair, the foregoing regulations were approved as recommended.

#### APPOINTMENT TO THE BOARD OF EXAMINERS IN ACCOUNTANCY.

(4) A recommendation from the University Committee on Accountancy that Mr. Marquis Eaton, of the firm of Defrees, Buckingham, Ritter and Eaton of Chicago, be appointed a member of the Board of Examiners in Accountancy for the term of three years ending July 1, 1915.

On motion of Mrs. Bahrenburg, this recommendation was approved.

#### USE OF UNIVERSITY BUILDINGS ON SUNDAYS.

(5) The following resolution adopted by the University Senate on December 2, 1912:

*Resolved*, That, in the judgment of the Senate, University buildings, libraries, laboratories and drawing-rooms should be open on Sunday for the use of instructors and students only in case of special necessity and not for ordinary everyday work.

On motion of Mr. Blair, it was voted that it is the opinion of the Board of Trustees that the University buildings should not be open to students, or members of the instructing or scientific staff, or administrative officials, for work on Sunday, except in cases of necessity, such as the necessary care and feeding of animals, necessary care and observation on continuous experiments, and necessary care of buildings and plant, and in such other cases of emergency as may seem to be of real importance, and that departures from this principle should be authorized by action of the board.

#### HORTICULTURAL AND FLORICULTURAL SERVICE BUILDINGS: BIDS AND CONTRACTS.

(6) A letter from Professor James M. White, Supervising Architect, stating that the bids on the horticultural and floricultural service buildings are to be received on December 20, 1912, and asking that authority be given to open these bids and award the contracts on the buildings.

It was voted to authorize the Executive Committee to open the bids on the horticultural and floricultural service buildings and to award the contracts, the vote being as follows: Ayes, Mr. Abbott, Mr. Anthony, Mrs. Bahrenburg, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Grout, Mr. Hoit, Mr. Meeker, Mr. Moore; noes, none; absent, Mr. Deneen, Mr. Hatch.

**STOCK PAVILION: BIDS.**

(7) A further statement from Professor James M. White, Supervising Architect, that the bids on the Stock Pavilion will be received at 3:00 P.M. on January 7, 1913, and that it would be desirable to have these bids acted upon as soon as possible.

In this connection the board discussed the feasibility of holding a special meeting early in January, but no action was taken.

**ESTIMATE COST OF BUILDING EXTENSION AND NEW BUILDINGS.**

(8) The following estimate from Professor James M. White, Supervising Architect, of the probable cost of certain building extensions and new buildings, requested by the various departments of the University at the meeting of the board held on December 10, 1912:

*Building Extensions.*

Completion of Natural History Building .....	\$ 75,000 00
Completion of Lincoln Hall .....	260,000 00
Completion of Chemical Laboratory .....	350,000 00
Addition to Commerce Building .....	150,000 00
Completion of Armory .....	155,000 00
Total for extensions .....	\$990,000 00

*New Buildings.*

It will be noted that this list shows the original cost of these buildings. One of them, University Hall, is forty years old, and several of them date from before 1900. In the case of all but the recently erected buildings, very material deductions for depreciation should be made from these figures in order to obtain an estimate of the present value of the buildings on the campus. Probably a reduction of more than half a million should be made for depreciation. The sum of two and a quarter millions would probably represent fairly the present value of the building plant.

The foregoing statement was received for record.

#### METHOD OF PAYING FOR MILK.

(10) A request from the Department of Dairy Husbandry, endorsed by the Dean of the College of Agriculture, that a more expeditious method of paying farmers for milk and cream purchased by the University for use in its experimental dairy work should be adopted.

On motion of Mr. Moore, this request from the Department of Dairy Husbandry was referred to the Chairman of the Finance Committee with a request that he report a plan for accomplishing the end in view.

It was voted, also, on motion of Mrs. Bahrenburg, that the Department of Dairy Husbandry be asked to present, at the next meeting of the board, a statement of the receipts of the University from the sale of dairy manufactures, and its expenditures for raw materials used in dairy manufactures, for the month of November, 1912.

#### INTERPRETATION OF THE RULE IN REGARD TO THE APPOINTMENT OF RELATIVES.

President James stated that a question had been raised by Professor E. C. Schmidt, of the Department of Railway Engineering, as to the interpretation of the rule\* of the Board of Trustees concerning the appointment of relatives of members of the board or relatives of members of the instructing or administrative staff of the University, to positions under the Board of Trustees, and requested that Professor Schmidt be given a hearing upon this question.

It was voted that Professor Schmidt be heard.

Professor Schmidt, being introduced, stated first that he wished it to be clearly understood that, in his opinion, and in the opinion of his colleagues throughout the University, so far as he knew, the rule adopted by the board in this matter is a wise and salutary provision for the administration of the University, and is calculated to prevent certain serious abuses which are always likely to spring up in the management of a large institution like the University of Illinois. He said that he had understood, however, that the rule applied to first appointments and not to re-appointments, and that he thought the board should make a definite ruling on this point. He added that if the board should decide that the rule should apply to re-appointments as well as to appointments, then, in his opinion, it should apply in such cases only from the time when the board gave its definite ruling upon the subject, inasmuch as otherwise we should have an instance of retroactive legislation, which is usually undesirable.

Professor Schmidt, then, at the request of President James, gave an interesting account of the development and equipment of the Locomotive Testing Laboratory which is now in process of erection upon the campus.

After an extended discussion of the interpretation of the rule relating to the appointment of relatives of members of the board or members of the instructing or administrative staff and of the points raised by Professor Schmidt in this connection, further consideration of the subject was postponed until the next meeting of the board.

\* Adopted September 30, 1898; re-enacted December 28 1908, in the revised Statutes; reaffirmed September 20, 1910 (Report 1912, pp. 11 and 12).

## ADDITIONAL MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

President James presented the following additional matters for consideration:

### B'NAI B'RITH PRIZE.

(1) The following letter from the Champaign and Urbana Lodge of the Independent Order of B'nai B'rith:

CHAMPAIGN, ILL., December 4, 1912.

*President Edmund J. James, University of Illinois, Urbana, Ill.*

DEAR SIR: The B'nai B'rith Lodge of Champaign and Urbana desires to offer the sum of fifty dollars (\$50) to the University of Illinois annually, for a period of five years, to be awarded in prizes to the students of the University for essays on Jewish subjects, under such conditions as may be fixed by the University authorities.

Fifty dollars for the current academic year are herewith enclosed.

Hoping that the University may be willing to undertake the award of the prizes, we are

Yours faithfully,

L. D. LEWIS,  
ISAAC KUHN,  
N. C. SEIDENBERG,

*Committee.*

It was voted to accept the gift described in the foregoing letter, to authorize the Council of Administration to determine the conditions on which the prizes shall be awarded, and to authorize the president of the University to extend the thanks of the board to the Champaign and Urbana Lodge of B'nai B'rith.

### FIRE IN UNIVERSITY HALL.

(2) The following statement from Professor James M. White, Supervising Architect, concerning the fire which occurred in the attic of University Hall on the night of November 15, 1912:

URBANA, ILL., December 9, 1912.

*President Edmund J. James, University of Illinois.*

DEAR SIR: The night of November 15 a fire occurred in the attic of University Hall in the compartment of the roof space just south of the east tower. The attic of this building is divided by fire walls into spaces some of which are accessible only through scuttles in the room, which is the case in the one where the fire occurred.

Permission had been given the Home Coming Committee to operate a flashlight from the east tower, and our chief electrician connected on to a direct current wire which terminated in a box in this attic space. A temporary cable was run from there to the top of the tower, and the flashlight was operated by three students until about eleven o'clock at night.

In coming down the students noticed the odor of burning insulation but could not locate any trouble. They reported their suspicions to the janitor and night watchman and went back with them to search further. They finally saw some smoke and sent word over to the fire department, and Mr. Fay responded. They all continued the search for the trouble, but did not find it until flames began to break out along the ceiling line.

An alarm was promptly turned in and responded to by the University and by both city departments. The University department had water on the flames when the city departments arrived. The University department carried a line up the east fire-escape, but the hose proved defective, and the city department connected on to the stand pipe along side of the fire-escape. The University department also carried a line of hose from the inside stand pipe in the building through Philomathean Hall.

The fire was quickly put out, but the only reason for it not having been more serious is the fact that it was confined by the fire walls. The damage to the building was about \$300 and that to the furniture and decorating in the Philomathean Hall about \$100.

A careful examination failed to reveal the exact cause for the fire, but it is certain that it started from the wiring. The trouble does not seem to have been in the circuit leading to the flashlight, because that was reconnected and the flashlight operated Saturday night. The cause for the University hose being defective is still under investigation.

The repairs to the building have been completed with the exception of the repapering of the walls in the Philomathean Society room.

Yours truly,

JAMES M. WHITE,

*Supervising Architect.*

The foregoing statement was received for record.

## LEASE OF HAINES PROPERTY.

(3) The following letter from Dr. C. G. Hopkins, Professor of Agronomy, enclosing a lease and option of purchase of the property known as the Haines property:

December 12, 1912.

Dean Eugene Davenport, College of Agriculture.

MY DEAR DEAN DAVENPORT: I enclose herewith duplicate copy of a lease and option to purchase 47.67 acres of land lying between First Street and the Illinois Central Railroad, and known as the Haines property—the documents already being signed by Frederick A. Haines and his wife, Shirley J. Haines. As you will note, the lease is for the coming season, and we desire to use the land for field experiments in agronomy, particularly those relating to plant breeding and crop production.

I have understood that it is desired to secure options under which the University may have the privilege of purchasing land situated as this is, and consequently I secured the option specified in connection with this lease—\$750 per acre.

I consider that the term of rental, \$15 per acre, are very reasonable; in fact this is less than could easily be secured from share rent of land of such high productive power, and I beg to recommend that the lease be accepted, with the understanding that the rental will be paid from appropriations made by the State for crop investigations.

I assume that this document will require the signature of the President and Secretary of the Board of Trustees, or at least the authorization of that body. The secretary has expressed the opinion that the board will probably have a meeting next week, and the parties controlling this land desire to know the action of the University as early as possible in order that they may rent or sell to other parties in case the University does not accept the lease.

Yours very truly,  
CYRIL G. HOPKINS.

Description of the land:

Beginning at the southeast corner of section 13, township 19 north, range 8 east, 3d P. M., thence west 22.01 chains to the east line of the Illinois Central Railroad right-of-way, thence north along said right-of-way (8° east) 23½ chains to the southwest corner of W. Reinhart's lot, thence east 18.93 chains to the section line; thence south 23.29 chains to the place of beginning; 47.67 acres.

## [ENCLOSURE: LEASE AND OPTION TO PURCHASE.]

This indenture, made this.....day of December, 1912, between Frederick A. Haines, and Shirley J. Haines, his wife, of Seattle, Wash., the lessors, and .....of....., Ill., the lessee,

That whereas, the lessors are the owners of the hereinafter described real property and are desirous of leasing the same to the lessee with the privilege of purchasing,

Now therefore, the lessors do lease, demise, and let unto the..... lessee, the following described real property:

Beginning at the southeast corner of section 13, township 19 north, range 8 east, 3d P. M., thence west 22.01 chains to the east line of the Illinois Central Railroad right-of-way, thence north along said right-of-way (8° east) 23½ chains to the southwest corner of W. Reinhart's lot, thence east 18.93 chains to the section line; thence south 23.29 chains to the place of beginning; 47.67 acres.

To have and to hold for the term of one year, to wit: from the 1st day of March, 1913, to the 1st day of March, 1914, paying therefor rent in the sum of \$715.44, said rent to be paid on or before the 1st day of September, 1913, providing however, that in event said lessee purchases said property on or before September, 1913, at \$750 per acre cash, then and in that event the rent heretofore set forth shall be prorated for the unexpired leasehold term. The option to purchase shall expire September 1, 1913.

It is further understood and agreed, that said premises shall be left in as good condition as the same existed at the time of commencement of this lease, and should default be made in the payment of said rent when due, the lessor, their agents, or attorneys may re-enter and take possession of said property and terminate this lease and option agreement.

Witness the hands and seals of the parties hereto, said lessee being duly authorized to enter into this agreement by and through its proper officials, whose signatures are hereto affixed.

(Signed) SHIRLEY J. HAINES,  
FREDERICK A. HAINES,  
Lessors.

.....  
.....  
.....  
Lessee.

It was voted to authorize the officers of the board to sign this lease at the rental of seven hundred fifteen and forty-four dollars (\$715.44), and for the period of one year beginning March 1, 1913, and continuing until March 1, 1914, provided the said lease shall be approved by the legal counsel of the board.

The vote was as follows: Ayes, Mr. Abbott, Mr. Anthony, Mrs. Bahrenburg, Mr. Blair, Mrs. Bussey, Mrs. Evans, Mr. Grout, Mr. Hoit, Mr. Moore; noes, none; absent, Mr. Deneen, Mr. Hatch, Mr. Meeker.

#### REQUEST FOR PERMISSION TO UNDERTAKE OUTSIDE WORK.

(4) A request from Mr. Paul Hansen, Engineer in the State Water Survey, to be permitted to accept an engagement to become an associate with Mr. R. W. Pratt, of Cleveland, Ohio, in the installation of a water filtration plant of the mechanical type at Logansport, Ind.; this work would require Mr. Hansen's presence at Logansport about one day a month during its progress, and some additional time in the office in Urbana.

President James explained that the question in this case involved (1) the value to the University of having professors keep in close contact with practical work, and (2) the possibility of attracting able men to the University for smaller salaries than would otherwise be possible if they be allowed to undertake such work. Further consideration of this matter was postponed until a later meeting.

#### ACOUSTICS OF THE AUDITORIUM: REPORT OF PROGRESS.

(5) The following report of progress on the investigation of the acoustics of the Auditorium which has been made by Professor F. R. Watson:

It will be remembered that Professor Watson took up sometime ago the question of what could be done to remedy the acoustical defects in our Auditorium. This work has been in progress nearly four years, Professor Watson giving it as much time as his other work in the University will permit.

A year ago last spring a conference was held in the Auditorium itself. President W. L. Abbott of the Board of Trustees, Professor E. J. Berg, Professor J. M. White, and other members of the faculty were present at this meeting, at which a demonstration was given showing the method by which the investigation was proceeding.

Dr. Watson was abroad on leave of absence during the year 1911-12, and thus had opportunity to inspect a number of buildings in various cities. He visited the Royal Albert Hall in London, the Crystal Palace, and the Whispering Gallery at St. Paul's. During the five months he was in Berlin he inspected a number of halls and churches, and he made a special trip to Leipzig to inspect the concert hall there. He had further opportunity to visit audience rooms at Munich and in Paris.

On his return last summer, Professor Watson had a further conference with Mr. Blackall, the architect of the Auditorium, and they agreed upon certain suggestions. On the basis of these a set of plans was drawn, a copy of which was sent to Professor J. M. White and Professor Watson for inspection. It was deemed wise, however, to make some further examination of the Auditorium, to see how the proposed plan will affect the acoustics—so far as can be determined by experimental work. When this examination has been completed, a final report will be presented to the board with a recommendation for action.

Incidentally, while this practical work has been carried on, the purely scientific work in acoustics in the Department of Physics has received a decided impetus. A course in acoustics has been added to the courses in the Physics Department, and the store of apparatus for investigations in this line has been somewhat increased. A number of scientific papers will be the natural outcome of this investigation.

The foregoing report was received to be printed in the minutes.  
At this point Mr. Hoit withdrew.

#### FORM OF BUDGET.

(6) The following statement and report with respect to the form of the University budget:

Early in the year I appointed a committee to consider the question of what improvements might be made in the budget accounting of the University, and I submit herewith a report of that committee, made on December 3, 1912.

The suggestions made by the committee are valuable and are commended to the consideration of the board. It would be a comparatively simple matter to follow the suggestions of this committee if the Legislature would turn over the income of the mill tax to the University in a lump sum. It will be very difficult to follow them in such a way as to make the policy successful as long as our present method of assigning appropriations by the Legislature is followed.

The last Legislature—and the same thing is true in a smaller degree of the preceding Legislature—made large special appropriations, but failed to make corresponding general appropriations, so that the University has suffered decidedly in its general work. We have lacked sufficient funds for repairs to buildings, for the proper care of the grounds, etc., and for additions to general equipment.

## [REPORT OF COMMITTEE.]

December 3, 1912.

*President E. J. James.*

DEAR SIR: The Committee on Budget Accounting, appointed by you on October 4 last, has considered the matter submitted to it, and begs leave to report as follows:

1. It is the opinion of the committee that a budget should be made up assigning definite sums to specific interests, departments, or groups of subjects. These interests, departments, or groups of subjects should be as large as seems advisable.

Therefore, it is the opinion of the committee that general "overhead and underfoot charges" should be met by a specific assignment for general expenses, and not by a percentage assessment made afterwards on the appropriations made to the different interests.

2. The committee is of the opinion that appropriations to interests such as departments part of the burden of whose work is serving other interests or departments, should be made large enough to enable the department to carry this burden and at the same time develop its legitimate special interests adequately. For example, when, as a result of a special appropriation to a technical or professional department or school, the number of students is increased, thereby necessitating greater provision for instruction in auxiliary or collateral departments, like English, chemistry, etc., the appropriation for these auxiliary departments should be correspondingly increased.

3. Further, it is the opinion of the committee that the budget should include an item to be called by some such name as general reserve fund, to be at the disposal of the trustees for any purpose during the biennium period. It should be large enough to provide for an emergency, of considerable consequence, such as the loss of a building.

Respectfully submitted,

DAVID KINLEY,  
E. DAVENPORT,  
JOHN C. DUNCAN,  
O. E. STAPLES,  
JAMES M. WHITE,  
W. F. M. GOSS.

The foregoing statement and report were received to be printed in the minutes.

**GRADUATE SCHOOL BALANCE APPROPRIATED.**

(7) A request from Dr. David Kinley, Dean of the Graduate School, that the balance unappropriated of the sum appropriated by the General Assembly for the maintenance of the Graduate School for the biennium 1911-13 be now appropriated for the provision of additional equipment in manuscripts, maps, apparatus, books, and other supplies, and for the expenses, including extra help, cases, etc., incidental to securing or caring for this additional equipment, for the purpose of strengthening the departments represented in the Graduate School; and that the funds shall be expended upon the recommendation of the Dean of the Graduate School approved by the President of the University.

**SCHOLARSHIPS AND FELLOWSHIPS AUTHORIZED.**

(8) A further request from the Dean of the Graduate School that he be authorized to make the same announcement in regard to scholarships and fellowships for the academic year 1913-14 as was made for the present year, as to the number, stipendiums, etc., and that the President of the University be authorized to appoint such scholars and fellows.

On motion of Mrs. Evans, the foregoing requests, two in number, from the Dean of the Graduate School, were approved, and the corresponding appropriations made; the vote being as follows: Ayes, Mr. Abbott, Mr. Anthony, Mrs. Bahrenburg, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Grout, Mr. Moore; noes, none; absent, Mr. Deneen, Mr. Hatch, Mr. Hoit, Mr. Meeker.

**LABORATORY FEES IN MINING ENGINEERING.**

(9) A recommendation from the Council of Administration that the following laboratory fees be established for the courses in mining engineering:

Mining 4 .....	\$1 00
Mining 9 .....	2 00
Mining 10 .....	3 00

On motion of Mrs. Bahrenburg, this recommendation was approved.

**CONSIDERATIONS WITH RESPECT TO THE PURCHASE OF LAND.**

(10) A communication from Professor H. A. Hollister, High School Visitor, on the subject of the abnormal cost of living at the University and its relation to the policy of the University with respect to the purchase of land.

URBANA, ILL., November 7, 1912.

*President Edmund J. James, University of Illinois.*

MY DEAR PRESIDENT JAMES: It occurs to me that you might be interested in some impressions which I have received through a rather wide contact with people from outside the Twin Cities and throughout the State generally.

There seems to be a great deal of complaint because of the abnormal cost to students of living here. This abnormally large cost is known to be caused, to a considerable extent, by the inflated values in real estate in the territory constituting the University settlement. This inflated valuation is caused, in turn, by two factors, chiefly, which are well known to those who have observed the situation with any care. First of all, the cities are not developing fast enough to support so large an outside population as the student body and instructional force without rather seriously disturbing the equilibrium of supply and demand, as this relation affects the services which this large aggregation calls for.

In the second place, the territory available for residence purposes on both sides of the campus is already greatly circumscribed.

In the face of this latter condition now comes the University with propositions which, if they materialize, will greatly reduce even the already far too limited room for expansion of these residence districts.

Now I am wondering if the University authorities, in view of the comparative youthfulness of the University and the prospective large increase in size of this student and faculty aggregation, have fully weighed the consequence of their contemplated moves in the purchase or condemnation of adjacent properties, both to the east and south and to the west and south of the campus.

Please consider this as merely coming as a suggestion from one who believes in a great future for the University of Illinois.

Very sincerely,

H. A. HOLLISTER.

The foregoing communication from Professor Hollister was received for record.

#### COMMITTEE ON FURNISHING ADDITION TO WOMAN'S BUILDING.

It was voted to appoint Mrs. Bahrenburg, Mrs. Busey, Mrs. Evans, and Professor J. M. White, Supervising Architect, a special committee to have charge of the furnishing of the addition to the Woman's Building.

#### DR. BURRILL AND DR. SHATTUCK APPOINTED PROFESSORS EMERITI.

President James presented a recommendation that Dr. Thomas Jonathan Burrill be appointed Professor of Botany *emeritus*, and that Dr. Samuel Walker Shattuck be appointed Professor of Mathematics *emeritus*, beginning September 1, 1912. On motion of Mr. Blair, this recommendation was approved.

The board adjourned.

W. L. ABBOTT, *President.*

C. M. McCONN, *Secretary.*

## Meeting of January 7, 1913.

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in the city of Chicago, at 12:30 P.M., on Tuesday, January 7, 1913, pursuant to the following notice which was sent out by the secretary on January 2, 1913:

Upon the call of the president, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois, at the Blackstone Hotel, in the city of Chicago, on Tuesday, January 7, 1913, beginning at 12:30 P.M., to consider such matters as the committees of the board and the President of the University may submit, and such other matters as may be duly presented.

When the board convened, the following members were present: Mr. Abbott, Mr. Anthony, Mrs. Bahrenburg, Mrs. Bussey, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoyt, Mr. Meeker. Dr. David Kinley, Dean of the Graduate School; Dr. Eugene Davenport, Dean of the College of Agriculture, and Professor Stephen A. Forbes, Director of the State Laboratory of Natural History and State Entomologist, were also present.

### MINUTES APPROVED.

The secretary presented the minutes of the meeting of December 19, 1912, which, on motion, were approved.

### REPORT OF EXECUTIVE COMMITTEE MEETING DECEMBER 21, 1912.

December 21, 1912.

*To the Board of Trustees of the University of Illinois:*

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held on Saturday, December 21, 1912, in the office of Mr. W. Carbys Zimmerman, State Architect, 1101 Steinway Hall, Chicago, Ill.

There were present Messrs. W. L. Abbott and Fred L. Hatch, members of the committee, Dr. Edmund J. James, President of the University, and Mr. W. Carbys Zimmerman, State Architect.

### FLORICULTURAL HOUSE AND VEGETABLE AND PLANT BREEDING HOUSE.

The bids on the Floricultural House and on the Vegetable and Plant Breeding House to be erected in connection with the new Greenhouse Plant of the Horticultural Department were opened, and were found to be as follows:

#### SCHEDULE OF BIDS—FLORICULTURAL HOUSE AND VEGETABLE AND PLANT BREEDING HOUSE.

President James called attention to the fact that in the preliminary distribution of the buildings funds of the Agricultural Department only twenty thousand dollars (\$20,000) had been set aside for these two buildings, while the low bid, that of English Brothers, calls for thirty-three thousand dollars (\$33,000). The president stated, however, that it might be possible, by restricting certain assignments already made for other purposes which might perhaps be postponed, to provide, from the building funds of the Agricultural Department, the additional sum necessary for the completion of these two buildings.

It was voted that in case the President of the University shall find it possible to re-distribute the building funds of the Agricultural College as indicated above, he should be authorized to direct the State Architect to let the contract for the two buildings to English Brothers, at the price mentioned in the bid, namely, thirty-three thousand dollars (\$33,000) for both buildings completed within six months, on the basis of the plans indicated in alternative "A" above.

#### LECTURESHIP IN PUBLIC ACCOUNTANCY AND COMPTROLLERSHIP.

President James presented the name of Mr. George E. Frazer, of Madison, Wis., for the position of lecturer on public accountancy, stating also that it is proposed to assign to Mr. Frazer the duties of the comptrollership until further notice.

It was voted to authorize the President of the University to appoint Mr. Frazer to the position named, provided the absent member of the Executive Committee, Mr. A. P. Grout, who is also the chairman of the Finance Committee, concurs.

The committee adjourned.

W. L. ABBOTT,  
FRED L. HATCH.

#### HAINES LEASE SIGNED; OPTION PRICE CONSIDERED EXCESSIVE.

The secretary presented the following report with regard to the lease and option of purchase for the Haines property. This report was received for record.

January 3, 1913.

*To the Board of Trustees of the University of Illinois:*

At a special meeting of the board held on December 19, 1912, it was voted to authorize the officers of the board to sign a lease and option of purchase for 47.67 acres lying between First Street and the Illinois Central Railroad, and known as the Haines property, provided this lease should be approved by the counsel of the board.

I beg leave to report that this lease and option has been submitted to Dean Harker, and has been pronounced by him to be in proper form, and has been signed by the officers of the board.

I beg leave to report also that at the request of Mr. Abbott, I inserted in the margin of this document the following notation:

"I am directed by the President of the Board of Trustees to note hereon the opinion of the members of the said board with reference to the price of seven hundred fifty dollars (\$750) per acre named in the option contained herein, namely, that the said price is excessive, and that in authorizing the signing of this lease they do not wish to be understood as accepting this figure as a proper price for the land in question."

C. M. McCONN, *Secretary.*

#### GROWTH AND NEEDS OF THE COLLEGE OF SCIENCE.

The secretary presented, by the request of President James, the following memorandum relating to the growth of the College of Science, with a list of the new buildings needed for that college, and the work entrusted to its charge. This memorandum was received for record.

## EXTENSION WORK: REPORT OF SENATE COMMITTEE.

The secretary presented also, by request of President James, the following preliminary report of a committee of the University Senate in favor of incorporating extension work as an integral part of the activities of the University; it being understood that the specific recommendations may be somewhat altered later, and that it is probable that a request will be made for a larger sum. The report was received for record.

## Recommended:

1. That the University recognize the various forms of extension work now being undertaken as a legitimate and commendable part of its activities; and that the Senate consider the question of granting credit for such work, when successfully completed under necessary restrictions.

2. That the University make separate provision for extension work, so that such work when undertaken shall not divert from other useful channels the present resources and energies of the University.

3. That the Senate recommend the appointment, at an early date, of a director of University extension, who shall organize, systematize, and strengthen the extramural work already being undertaken; who shall establish a central office of administration with the necessary clerical force, to the end that the routine work of extension may not fall upon existing departments; who shall investigate conditions, and shall, under proper direction, establish the necessary and desirable divisions of University extension; and who, acting jointly with the heads of the different departments concerned, may recommend the appointment of such instructors, lecturers and readers as may be needed in the development of extension work.

4. Your committee also recommends that extramural activities shall be subject to the same department supervision that is now given to the intramural activities.

5. Your committee also recommends that the Senate express its conviction that for carrying on this work the Board of Trustees should include in the budget an item of not less than \$25,000 a year for the first two years.

## EXPRESSION OF SYMPATHY FOR PRESIDENT JAMES.

It was voted to ask the secretary of the board to express to President James the regret of the members of the board at his illness, and their sincere hope for his speedy and complete recovery.

\* This estimate includes no provision for land upon which to locate these buildings. The land needed, together with the necessary experimental plots, will require the equivalent of a block.

## REPORT OF THE DIRECTOR OF THE STATE LABORATORY OF NATURAL HISTORY.

Professor Stephen A. Forbes, Director of the State Laboratory of Natural History, presented the following report of the work of the State Laboratory during the past two years. This report was received for record.

January 6, 1913.

*To the Board of Trustees, University of Illinois:*

The operations of the State Laboratory of Natural History have lately been directed to a careful, detailed study of the plant and animal life of the Illinois River, including, of course, its fishes, with special reference to the conditions produced by reclamation projects, the development of industrial operations on its banks and in its neighborhood, and the contamination of its waters by great cities now using it as an outlet for their sewage and manufacturing wastes. We have also given much attention to the economic values of the birds of the State as shown by a careful census of its different species in different situations in all parts of Illinois and in the various seasons of the year.

In our Illinois River work we have had the advantage of cooperation with the Chemical Water Survey of the State, with the Illinois State Fish Commission, and with the United States Bureau of Fisheries, the United States Bureau making to us a grant of funds towards the expenses of the work, and the Fish Commission giving us the use, for special purposes, of parts of its equipment including the steamer "Illinois" and the fish hatchery at Havana.

This river work has given us the data, obtained by many chemical analyses of waters and sediments and by systematic and long-continued collections of plants and animals from the waters, shores and bottom of the stream, from an intelligent discussion of the whole system of life on the upper part of the river under present conditions; and a preliminary report of these results is now in course of preparation. While similar work has lately been done on other rivers, particularly in Germany, there is no other which presents similar conditions to those of the Illinois, and we are certain to derive, from a study of it, some novel and important contributions to aquatic biology, and to a knowledge of the effects of various classes of contamination upon a flowing stream.

The bird census data have all been completed, tabulated, and prepared for description and discussion, and are now in the hands of one of my assistants who will share with me the responsibility for a final report.

A considerable part of the appropriations of the laboratory goes to the care and maintenance of the large collections we have accumulated during a long course of years, and likewise to the care and improvement of our library, which has become very valuable both for our own work and for the use of the biological departments of the University. Under the new arrangement the library is now well placed and well cared for; but the collections are largely out of use, for lack of room and furniture for their systematic arrangement in an accessible place where they might be resorted to for reference and special study. Whenever the proper room and suitable cases can be provided by the University, I shall be pleased to bring together a selected series of these specimens, and to arrange them in such a way that they can be as readily referred to by students and instructors as are the books in the library. This, I am sure, will be a great help particularly to the instructional staff and advanced and graduate students, and would decidedly stimulate work on the biology of the State in several directions. Indeed, I think it would bring to the University high school and college teachers of biology, who could find there materials and facilities for a study of our local fauna, and of some parts of our aquatic botany also, which are not now open to them anywhere in the country.

I should like to do substantially the same thing with the entomological collections under my control, made partly at the expense of the State Laboratory funds, but mainly from those of the State Entomologist's office. These should be completely determined, the unclassified material should be incorporated in the collections, and the whole placed in a fireproof room equipped with steel cases and pestproof drawers, where it would be accessible to all entitled to its use and be at the same time safe against destruction. The invaluable and largely irreplaceable collections of the Natural History Survey are now all in the old part of the Natural History Building, where they are subject to destruction by fire; the fireproof part of the building being mainly assigned to offices, classrooms, laboratories and the like, some of which might well be transferred to the less safe part of the building.

I am now working on an appropriation of \$10,000 per annum, of which \$8,000 is for the expenses of the Natural History Survey, and \$2,000 is for the publication of bulletins and reports. This appropriation comes at present, as you will remember, from the State treasury, and does not pass into the possession of the Treasurer of the University. It has provided during the last two years for the maintenance and improvement of our library, for the care of our large collections, and the determination of new material, for the replacement and repair of equipment, for the field and investigation work of the Illinois River Station, for the preparation of manuscript on the bird census of the State, and for salaries of supervision.

I should like, during the coming two years, to be able to prepare for publication the results of our river work to date, and to continue this work down the lower part of the stream in order that the biological system of the river may finally be treated as a unit. I should next like to undertake to bring together, to fill out, and to publish the more important product of all our survey operations in a way to present it as a finished piece of work by the centennial year, 1917. To enable me to carry the work forward on such a plan, it will be necessary to increase our present appropriations to a minimum sum of \$15 000 per annum,

instead of the present \$10,000. In making this estimate I am supposing that the University will assume the expenses involved in the safer location and permanent protection of the State Laboratory collections, since these have cost it nothing thus far and will be made as available for general university purposes of instruction and investigation as if they had been obtained for these purposes by the University itself.

Respectfully submitted,

STEPHEN A. FORBES, *Director.*

### STOCK JUDGING PAVILION: BIDS.

At 3:00 P.M., at which hour on this date the bids on the Stock Judging Pavilion were due, these bids were received from the office of the State Architect, and were opened. They were found to be as follows:

On motion of Mr. Meeker, it was voted to refer these bids to the Executive Committee and the State Architect, with instructions to accept alternative "B" minus "E," and with power to act. The vote was as follows: Ayes, Mr. Abbott, Mr. Anthony, Mrs. Bahrenburg, Mrs. Busey, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Meeker; noes, none; absent, Mr. Blair, Mr. Deneen, Mr. Moore.

At this point Mr. Anthony withdrew.

### METHOD OF PAYMENT FOR DAIRY MATERIALS.

Mr. Grout, as Chairman of the Finance Committee, presented the following letter from Mr. N. W. Hepburn, of the Department of Dairy Husbandry, with the recommendation that the method outlined therein of making payment for milk and cream used in the work in dairy manufactures be approved; this matter having been referred to the chairman of the Finance Committee for recommendation at the meeting of December 19, 1912 (p. 149):

*Dean E. Davenport, College of Agriculture, University of Illinois.*

MY DEAR DEAN DAVENPORT: The following is a brief outline of the system now used by the Dairy Department in paying farmers for milk and cream delivered to the University for making butter and cheese in connection with class and experimental work.

Payments are made twice each month through the regular channels of the business office. The method consists in issuing a voucher to each farmer, at the end of each half month, from dairy husbandry office. These vouchers, in turn, are forwarded to the business office, where checks are drawn for the amount called for on each voucher. This, and securing the signatures on checks, takes about two weeks, which means that a farmer delivering a can of cream the first of the month must wait about four weeks for payment. This delay is caused from the fact that these vouchers must pass through eight (8) offices and eleven (11) clerks before payment can be made.

This method has been satisfactory until local creameries and centralizers changed their business system and began sending personal solicitors into the more remote territories and paying for each can of cream the same day it is delivered.

With this system in use all about us, it is very difficult to keep even a part of our old patrons, and impossible to secure new ones. I believe, therefore, that if our commercial creamery is to continue we must meet this situation with some changes in our business system.

The following plan has been worked out, in advisement with the business office, and has been approved by the chief clerk and Professor Fraser.

Funds received from sales of dairy products will be deposited in a local bank; voucher checks will be drawn from the dairy husbandry office against this account to pay patrons. At the end of each month the canceled vouchers will be turned into the business office together with surplus cash equal to the amount called for by the detailed monthly report. Under this system the relations between the Dairy Husbandry Department and the business office remain practically unchanged, the dairy husbandry office still remaining responsible to the business office for its transactions; yet, by the adoption of this plan, we shall be enabled to make prompt daily payment, which seems to be necessary to preserve our present business.

The above matter is presented in order that we may ask that \* \* \* the one in charge of dairy manufactures furnish a suitable bond and be empowered to deposit the necessary receipts from that department in a local bank and draw voucher checks over his signature for the purpose of paying farmers daily for dairy products delivered to our creamery.

Very truly yours,

N. W. HEPBURN.

It was voted to approve the recommendation of the chairman of the Finance Committee that the method outlined in the foregoing letter of making payment for materials used for dairy manufactures be approved. The vote was as follows: Ayes, Mr. Abbott, Mrs. Bahrenburg, Mrs. Busey, Mrs. Evans, Mr. Grout, Mr. Hoit, Mr. Meeker; noes, Mr. Hatch; absent, Mr. Anthony, Mr. Blair, Mr. Deneen, Mr. Moore.

#### RELATIONS WITH THE STATE BOARD OF PRISON INDUSTRIES AND THE CIVIL SERVICE COMMISSION.

Dean Davenport outlined briefly the difficulties of transacting business in the University resulting from the fact that the actions of the Board of Trustees and of the University officers appointed by the Board of Trustees are now subject to review and veto in many important matters by other boards and commissions, including the State Board of Prison Industries, the State Civil Service Commission, and the State Architect.

At this point Mr. Meeker withdrew.

#### APPOINTMENT TO PROFESSORSHIP IN ACCOUNTING AND COMPTROLLERSHIP.

Dean Kinley, acting for President James, presented a recommendation that the President of the University be authorized to appoint Mr. George E. Frazer, of Madison, Wis., to be Professor of Public Accounting, for a term of three years beginning January 13, 1913, with the further assignment of the duties of Comptroller of the University until further notice, with a salary at the rate of thirty-six hundred dollars (\$3600) per annum for the first year, and at the rate of four thousand dollars (\$4,000) per annum for each of the two succeeding years of this appointment.

On motion of Mr. Hatch, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mrs. Bahrenburg, Mrs. Busey, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit; noes, none; absent, Mr. Anthony, Mr. Blair, Mr. Deneen, Mr. Meeker, Mr. Moore.

#### PLANS FOR PROPOSED NEW LIBRARY BUILDING.

Dean Kinley presented, by request of President James, the following letters from Professor James M. White, Supervising Architect, and Mr. W. Carbys Zimmerman, State Architect, with reference to the site and plans for the proposed new Library Building. These letters were received to be printed.

#### [PROFESSOR WHITE'S LETTER.]

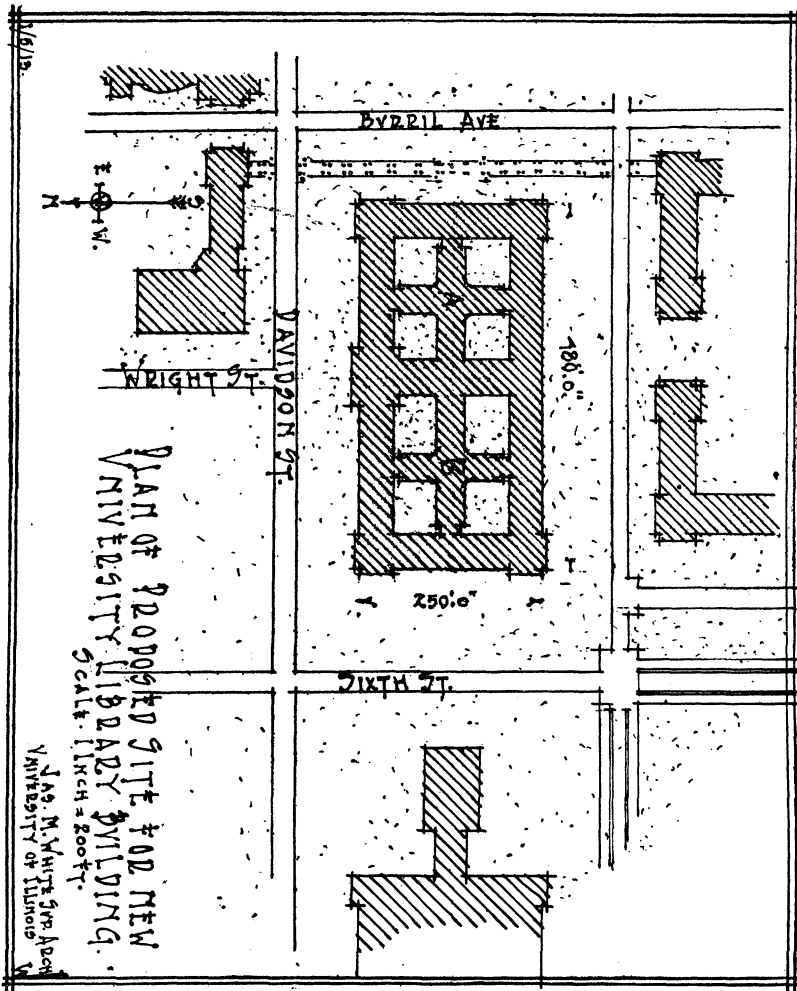

URBANA, ILL., January 6, 1913.

Mr. W. Carbys Zimmerman, Steinway Hall, Chicago, Ill.

DEAR SIR: I am enclosing a sketch showing the approximate size and shape of the proposed Library Building as we have worked it out. Am also enclosing

sketch showing the dimensions of the plot on which it is proposed to locate it. The location of the building on this plot seems to be established by the axis of Wright Street and the axis of the Armory.

We have not developed the plan to any extent on account of lack of time, but it seems to us that the axis of Wright Street should be emphasized as the important axis, and that the entrances should be located at the north and south ends of this central unit. Also, all public rooms should be kept in this unit. With the entrances at the two ends of this unit all traffic could be made to pass by a central point at the intersection of the two main axes, thus giving perfect

supervision over the building. From this central point the circulation would be east or west to stair towers at A and B at the centers of the two major courts, which in turn would act as distributing centers to the main reading and work rooms. This would keep the main corridors in the courts, and would also give small study-rooms off these corridors which would be well lighted and ventilated. By eliminating the corridors from the main working units we get plenty of light and cross ventilation into the stacks and seminar rooms.

Very truly yours,

JAMES M. WHITE,

*Supervising Architect.*

## [MR. ZIMMERMAN'S LETTER.]

January 6, 1913.

*Dr. Edmund J. James, President, University of Illinois, Urbana, Ill.*

DEAR MR. JAMES: The site suggested for the proposed new University Library Building seems to me to be a very good one and does not interfere with the general scheme of the group plan.

The building should be located so that the north front of the building centers on Wright Street, running from that point west along the north line of the present Horticultural Orchards to Sixth Street, and east along the same line projected to Burrill Avenue, and as close to the said line as the general campus plans will permit.

Sincerely yours,

W. CARBYS ZIMMERMAN.

The board adjourned.

W. L. ABBOTT, *President.*C. M. McCONN, *Secretary.*

## MEETING OF THE EXECUTIVE COMMITTEE, JANUARY 7, 1913.

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in the city of Chicago, immediately following the adjournment of the special meeting of the board on January 7, 1913.

There were present: Messrs. Abbott and Grout, members of the Executive Committee; also Mrs. Bahrenburg, Mrs. Busey, Mrs. Evans, and Mr. Hoit, members of the board, and Dean Kinley.

MEETING OF THE EXECUTIVE COMMITTEE JANUARY 7, 1913.  
AUTHORITY FOR APPOINTMENT OF ASSISTANT TO THE DIRECTOR  
OF THE ENGINEERING EXPERIMENT STATION.

Dean Kinley, acting for President James, presented a recommendation that the President of the University be authorized to appoint Mr. Alfred Knight Chittenden, at present Forester in the United States Indian Service, Department of the Interior, Washington, D. C., to be Lecturer on Timber and Timber Resources in the College of Engineering and assistant to the Director of the Engineering Experiment Station, with a salary of twenty-seven hundred fifty dollars (\$2750) a year, beginning February 1, 1913. This recommendation was approved.

The Executive Committee adjourned.

C. M. McCONN, *Clerk.*W. L. ABBOTT,  
A. P. GROUT.

## Meeting of January 25, 1913.

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in the city of Chicago, at 12:30 P.M., on Saturday, January 25, 1913, pursuant to the following notice which was sent out by the secretary on January 20, 1913:

Upon the call of the president, Mr. W. L. Abbott, a special meeting of the Board of Trustees of the University of Illinois will be held at the Blackstone Hotel, in the city of Chicago, on Saturday, January 25, 1913, beginning at 12:30 P.M., for the further consideration of the bids on the Stock Judging Pavilion, and for the consideration of such other matters as may be duly presented.

When the board convened the following members were present: Mr. Abbott, Mrs. Bahrenburg, Mr. Blair, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Meeker, Mr. Montgomery, Mr. Moore. Professor James M. White, Supervising Architect; Mr. W. Carby's Zimmerman, State Architect, and Mr. H. W. Mumford, Professor of Animal Husbandry, were also present.

### MINUTES APPROVED.

The secretary presented the minutes of the special meeting of January 7, 1913, which, on motion of Mr. Hoit, were approved.

### APPOINTMENTS MADE BY THE PRESIDENT OF THE UNIVERSITY.

The secretary presented the following report of appointments made by the President of the University to fill vacancies in positions authorized by the Board of Trustees:

Frazer, George E., Professor of Public Accounting, for a term of three years beginning January 13, 1913, with the further assignment of the duties of Comptroller of the University until further notice, with a salary at the rate of thirty-six hundred dollars (\$3,600) per annum for the first year and four thousand dollars (\$4,000) per annum for each of the two succeeding years of this appointment. (January 11, 1913.)\*

Hooker, Fred, Toolroom Attendant in the Woodshop, beginning December 7, 1912, and continuing until further notice or until August 31, 1913, with a salary at the rate of five hundred fifty dollars (\$550) for twelve months' service, vice L. C. Demlow, resigned. (December 24, 1912.)

Mathers, Jennie A., Temporary Stenographer in the Office of the College of Literature and Arts, on probation for three months under the regulations of the Illinois Civil Service Commission, beginning December 3, 1912, at a salary of fifty dollars (\$50) a month, vice Rose Ryan, resigned. (December 24, 1912.)

Oaks, Catherine S., Catalog Assistant in the Library, for eight months beginning January 1, 1913 (without vacation), at a salary of sixty-five dollars (\$65) a month, vice Ethel Bond, resigned. (December 24, 1913.)

### REPORT OF THE TREASURER.

The secretary presented the report of Mr. H. A. Haugan, Treasurer, for the quarter ended December 31, 1912. This report was received for record.

### NEW LABORATORY FEES IN ENTOMOLOGY.

The secretary presented a recommendation from the Council of Administration, passed by that body on January 14, 1913, for the approval of the following new laboratory fees in entomology:

Entomology 8.....	\$1 50
Entomology 9.....	1 50
Entomology 13.....	1 50
Entomology 14.....	1 50

On motion of Mr. Hatch, this recommendation of the council was approved.

### REPORT OF EXECUTIVE COMMITTEE MEETING, JANUARY 10, 1913.

The secretary presented for record a report of the meeting of the Executive Committee held on January 10, 1913:

January 11, 1913.

*Mr. C. M. McConnell, Secretary, University of Illinois, Urbana, Ill.*

DEAR SIR: The Executive Committee and Mr. Zimmerman held a meeting at noon of January 10 in the office of the State Architect.

Present: W. C. Zimmerman, Fred L. Hatch and W. L. Abbott.

#### CONTRACT FOR STOCK JUDGING PAVILION.

The bids for the Stock Judging Pavilion, which were opened by the board on January 7, were considered together with the instructions of the board to the Executive Committee for the awarding of the contract [p. 159], and it was unanimously decided to award the contract for the building to English Brothers, of Champaign, on their proposal to complete the building in eight months for \$89,500, including in the contract an option to omit certain parts of the work as mentioned in paragraph "E" of the architect's specifications, in which event a deduction of \$10,000 from the contract price would be made.

The State Architect was directed to prepare a contract on the above basis.

The committee adjourned.

Respectfully submitted,

W. L. ABBOTT, *Chairman.*

#### NEW PLANS FOR STOCK JUDGING PAVILION.

In this connection Professor White, Mr. Zimmerman, and Professor Mumford were heard in regard to the desirability of a re-study of the problem involved in the Stock Judging Pavilion.

On motion of Mr. Moore, it was voted to reconsider the action taken by the board at its meeting of October 8, 1912 (p. 129), approving the detailed plans for the Stock Judging Pavilion as presented at that time.

On recommendation of Professor James M. White, Supervising Architect, and on motion of Mr. Moore, it was voted that the plans for the Stock Judging Pavilion be referred back to the State Architect with instructions to re-study the problem in consultation with the representatives of the College of Agriculture, and to submit further plans.

Mr. Meeker moved that the action of the Executive Committee and the State Architect on January 10, 1913 (see above), in awarding the contract for the Stock Judging Pavilion to English Brothers, under the circumstances, be approved. This motion was passed, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoyt, Mr. Meeker, Mr. Montgomery, Mr. Moore; noes, Mrs. Bahrenburg; absent, Mrs. Busey, Mr. Deneen.

At this point Mr. Meeker withdrew.

It was voted to refer the question of the legal status of the contract with English Brothers for the Stock Judging Pavilion to the Counsel of the University for report.

#### METHOD OF PAYMENT FOR DAIRY MATERIALS.

President Abbott presented the following communication from Professor George E. Frazer, Comptroller, with reference to the method of making payment for milk and cream used in the work in dairy manufactures:

January 23, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: At the meeting of the Board of Trustees on January 7, 1913 [p. 159], a recommendation made by the chairman of the Finance Committee was approved providing that "the one in charge of dairy manufactures furnish a suitable bond and be empowered to deposit the necessary receipts from that department in a local bank and draw voucher checks over his signature for the purpose of paying farmers for dairy products delivered to our creamery."

As an administrative officer of the board, I am desirous of carrying out the will of the board in every respect. But after conferring with members of the Dairy Husbandry Department and members of the staff of the business office, it is my opinion that payments can be expeditiously made for dairy products without the creation of a separate cash fund in the hands of a member of the Dairy Husbandry Department. I have examined the bond of Mr. Oren E. Staples, Chief Clerk, and am of the opinion that there will be no objection to the drawing of checks for the purpose of paying for dairy products against the deposit made in his name at the First National Bank of Champaign. I respectfully recommend, therefore, that the chief clerk be authorized by the board to draw checks against his deposit as chief clerk, in payment of bills not exceeding \$50 certified to him for payment by the Dairy Husbandry Department, providing that the checks of the chief clerk shall be countersigned by the comptroller, and providing that the chief clerk shall be reimbursed for the amount of such checks in the same way that he is now reimbursed for petty cash payments.

My recommendation in this particular involves no departure from the present business procedure other than that of authorizing the chief clerk, under the direction of the comptroller, to pay out sums not exceeding \$50 by check as well as by cash.

I recommend, therefore, that the action taken by the board at its meeting on January 7, in regard to the method of payments on dairy materials, be reconsidered and that the plan I have herein suggested be adopted.

Very truly yours,

GEO. E. FRAZER,

*Professor of Public Accounting, University Comptroller.*

It was voted to reconsider the action on this subject taken by the board at its meeting of January 7, 1913, (p. 159), and to approve the recommendation of the Comptroller as outlined in the foregoing letter. The vote was as follows: Ayes, Mr. Abbott, Mrs. Bahrenburg, Mr. Blair, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mrs. Montgomery, Mr. Moore; noes, none; absent, Mrs. Busey, Mr. Deneen, Mr. Meeker.

The board adjourned.

W. L. ABBOTT, *President.*

C. M. McCONN, *Secretary.*

## Meeting of February 12, 1913.

---

A special meeting of the Board of Trustees of the University of Illinois was held at the University, in Urbana, at 2:30 p.m., on Wednesday, February 12, 1913, pursuant to the following notice which was sent out by the secretary on February 5, 1913:

Upon the call of the President, Mr. W. L. Abbott, a special meeting of the Board of Trustees of the University of Illinois will be held in the trustees' room at the University, in Urbana, at 2:30 p.m., on Wednesday, February 12, 1913, to consider such matters as the committees of the board and the President of the University may submit, and such other business as may be duly presented.

When the board convened, the following members were present: Mr. Abbott, Mrs. Bahrenburg, Governor Dunne, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Montgomery. There were present, also: Mrs. Ellen M. Henrotin and Mr. John R. Trevett, members-elect of the Board of Trustees; Dr. D. A. K. Steele, Dr. Charles Davison, and Dr. E. L. Heintz, of the College of Physicians and Surgeons of Chicago; Dean O. A. Harker, Legal Counsel of the University, and President James.

### ACCEPTANCE OF THE PROPERTY OF THE COLLEGE OF PHYSICIANS AND SURGEONS; AUTHORIZATION FOR RE-OPENING OF THE MEDICAL SCHOOL.

President James presented the following statement with respect to the status of the question whether the University should reopen its Medical School:

The most important and urgent matter to be presented at this meeting is the question whether the University will reopen its Medical School.

The people of Illinois owe a deep debt of gratitude to Governor John P. Altgeld for the keen interest which he took as Governor in the improvement of public education of all grades.

He was especially interested in the University of Illinois. He was the first Governor of the State to insist that this institution, which had started as a mere college of agriculture, should be developed into a comprehensive State University, serving the needs of the commonwealth in as complete and thorough a way as had been done for many years previous by such universities as Indiana, Michigan, Wisconsin, Minnesota, Iowa and Missouri. He urged upon the trustees and upon the Legislature the necessity of enlarging the scope of the University work to such an extent as to make the University of Illinois fairly comparable with other modern institutions of the same class. In pursuance of this object he urged the trustees to establish a law school, and the outcome was the present University Law School, which has become well established and is doing a useful public service. He moved, in his capacity as member of the Board of Trustees, that the Chicago College of Pharmacy should be taken over by the State and made a State school of pharmacy under the control of the Trustees of the University. The result is the School of Pharmacy of the University of Illinois, a well established and successful department of the institution.

He urged further very strongly that the University should establish and develop medical instruction, to be on a full par with the instruction in agriculture, engineering, etc., offered by the University. It was at a meeting held in Springfield during his administration and upon his initiative that the trustees approved the introduction of a bill providing for the acquisition of the College of Physicians and Surgeons in Chicago.

Owing to various circumstances which need not be described here, the school was affiliated instead of being acquired by the University.

As a result of this action, taken in the spring of 1897, the University of Illinois conducted a Medical School in affiliation with the College of Physicians and Surgeons from the 1st of October, 1897, and a Dental School in affiliation with the same institution from October, 1901, until August 31, 1910.

During this period of affiliation the University trustees requested the Legislature, at the session in January, 1907, to make an appropriation to the Trustees of the University so that they could acquire a plant by purchase or by construction for the conduct of the Medical School. By an overwhelming majority in both houses, an appropriation was made, amounting to three hundred and eighty-six

thousand dollars (\$386,000), for the purpose. This appropriation was vetoed by the Governor, along with other appropriations, on the ground that the Legislature had exceeded the sums available for appropriation.

On September 1, 1910, the University assumed full responsibility for the Medical and Dental schools, hiring the plant of the College of Physicians and Surgeons at a specified rental for the term of one year with an option for two years longer. At the session of the Legislature beginning in January, 1911, the University requested one hundred thousand dollars (\$100,000) per annum for the support of the Medical School. The Legislature granted the sum of sixty thousand dollars (\$60,000) per annum. Through a technical ruling, however, of the Supreme Court of the State that the constitutional forms had not been strictly observed in the passage of the bill by the Legislature, the University lost the appropriation and could not avail itself of the option offered for a second year's lease.

The College of Physicians and Surgeons thereupon gave notice that it would no longer lease its property to the University, and announced that it would reopen a medical school in its own plant as soon as it gained possession of it.

The University, having no money with which to purchase or construct its own plant and no money with which to lease a plant, was compelled to close the Medical and Dental schools. This was done on June 30, 1912, and the College of Physicians and Surgeons opened a Medical School on the 1st day of July following, admitting to the school the students who were enrolled at that time in the University School of Medicine.

This action caused great consternation among the alumni of the University Medical School, and was viewed with much disfavor by many people who were interested in the progress of medical education and research.

A committee waited upon the Board of Trustees to ask whether if the alumni and other friends of medical education in Chicago would secure the capital stock of the College of Physicians and Surgeons and present the same to the Trustees of the University of Illinois, the University would accept the property and reopen its Medical School.

The Executive Committee, at its session of August 23, 1912, [p. 99], expressed its deep interest in this proposition, and after it was made evident that the alumni were really in earnest with their proposed plan, the Trustees of the University, on September 19, 1912, voted as follows:

"That the Board of Trustees will accept the property of the College of Physicians and Surgeons, provided that all the stock has been secured and donated to the University on or before February 1, 1913." [P. 118.]

Relying upon this action, the alumni appointed a committee, and, associating with them others who were interested in the progress of medical education in the State, made a determined effort to secure the donation of the stock of the corporation, and, so far as the owners would not donate it, to raise money enough by private subscription to purchase said stock.

On January 31, 1913, Dr. D. A. K. Steele, acting for the Alumni Committee, informed the Board of Trustees of the University of Illinois that his committee had secured all the stock of the corporation of the College of Physicians and Surgeons, and was ready to turn it over to the Board of Trustees of the University, thereby complying in full with the only provision required by the Board of Trustees as a condition of their accepting the property.

The director of the corporation of the College of Physicians and Surgeons have been authorized by the stockholders to deed the entire property of the corporation, both real and personal, to the Trustees of the University of Illinois, subject to the mortgage and bonded indebtedness upon said property. This mortgage indebtedness at present consists of the following obligations:

I. (a) Due Chicago Board of Education, July 1, 1913.....	\$ 10,000 00
(b) Due Chicago Board of Education, July 1, 1914.....	10,000 00
(c) Due Chicago Board of Education, July 1, 1916.....	56,000 00
Interest on all these obligations at 5½ per cent per annum.	
II. Bonds secured by mortgage on the new Medical Building, due 1925, bearing 6 per cent interest.....	109,000 00
III. Bonds secured by mortgage on the old Medical College Building, due July, 1932, bearing 6 per cent interest.....	60,000 00
<b>Total</b> .....	<b>\$245,000 00</b>

The Board of Directors of the College of Physicians and Surgeons adopted, for the present academic year ending June 30, 1913, a budget with an estimated income of .....

Estimated expense of operating Medical School.....

Leaving a surplus of .....

From this surplus the interests on obligations, etc., had to be met.

From a statement submitted by the President of the College of Physicians and Surgeons, under date of February 11, 1913, it appears that up to that date the sum of.....

had been collected. There was still due on fees from students the sum of .....

If this latter sum should all be collected, the total income of the year would be .....

or an excess of \$5,535.94 above the estimated income. It is not probable, however, that all the fees due from students will be collected, and the deficit in the collection of these would represent a corresponding diminution in the total income of the year. The expenses have not thus far outrun the estimate of the budget. The floating indebtedness of the institution has been entirely paid off, and the cash balance in the treasury to be turned over to the credit of the University Medical Department is .....

10,751 11

If the Board of Trustees desire at this meeting to accept the property now tendered by the College of Physicians and Surgeons in accordance with the vote of the board of September 19, 1912, it would seem proper to adopt the following resolutions:

1. That the Board of Trustees hereby accept the gift of the real and personal property of the College of Physicians and Surgeons in the city of Chicago, subject to the mortgage and bonded indebtedness of two hundred forty-five thousand dollars (\$245,000), disclaiming, however, all responsibility for the assumption or payment of this indebtedness.

2. That the University accept from the College of Physicians and Surgeons the cash now in their possession, amounting to ten thousand seven hundred fifty-one dollars and eleven cents (\$10,751.11) more or less, and the notes and obligations, etc., which may be due the College of Physicians and Surgeons from students or others, and hereby authorize the treasurer of the University to accept such gift.

3. That the President of the University be authorized to re-open the Medical School of the University in the plant thus presented to the Trustees of the University of Illinois.

4. That the President of the University be authorized to retain the present faculty and employees as appointed by the College of Physicians and Surgeons until June 30, 1913.

5. That the President of the University be further authorized to admit the students now in the Medical School of the College of Physicians and Surgeons to the corresponding classes in the Medical School of the University of Illinois, all to be done as soon as may be convenient and practicable.

6. That the President of the University be authorized to conduct the Medical School of the University until June 30, 1913, on the basis of the budget adopted by the Board of Directors of the College of Physicians and Surgeons for the present academic year as indicated above.

On motion of Mr. Hatch, it was voted to adopt the resolutions, numbered one to six, suggested in the foregoing statement by the President of the University. The vote\* was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit; noes, none; present, but not voting, Mrs. Bahrenburg, Mr. Dunne, Mr. Montgomery; absent, Mr. Blair, Mrs. Busey, Mr. Meeker, Mr. Moore.

#### RECESS TAKEN TILL 6:30 P.M.

A recess was then taken till 6:30 p.m., at the Beardsley Hotel, in Champaign, in order that the members of the Board of Trustees might attend the exercises in connection with the dedication of Lincoln Hall.

W. L. ABBOTT, *President*.

C. M. McCONN, *Secretary*.

\* President James has received the following letter relating to this matter from Mr. Arthur Meeker, a member of the board who could not be present at this meeting:

CHICAGO, February 15, 1913.

Edmund J. James, Esq., *President University of Illinois, Urbana, Illinois:*

DEAR DOCTOR JAMES—I beg to inform you that I endorse heartily the action of the Board of Trustees of the University of Illinois on February 12, 1913, in accepting the property, real and personal, of the College of Physicians and Surgeons in the city of Chicago.

Yours very truly,

ARTHUR MEEKER.

Letters of similar purport have been received also by President James from Hon. Francis G. Blair, State Superintendent of Public Instruction, *ex-officio* a member of the board, and from Mr. Allen F. Moore, neither of whom could be present at this meeting but both of whom were present at the meeting of the board held on September 19, 1912, at which the vote in regard to the acceptance of the property of the College of Physicians and Surgeons referred to in the president's statement was taken.

#### EVENING SESSION, FEBRUARY 12, 1913.

When the board convened at the Beardsley Hotel, in Champaign, on the evening of Wednesday, February 12, 1913, the following members were present: Mr. Abbott, Mrs. Bahrenburg, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Montgomery. There were present, also: Mrs. Ellen M. Henrotin, member-elect of the Board of Trustees; Dr. David Kinley, Dean of the Graduate School; Dean O. A. Harker, Legal Counsel of the University, and, during a part of the evening, Mr. H. D. Oberdorfer, Assistant to the Supervising Architect.

**MATTERS PRESENTED FOR THE PRESIDENT OF THE UNIVERSITY.**

Dean Kinley, acting for President James, presented the following matters for consideration:

**RESIGNATION OF PROFESSOR GREENE AS DEAN OF THE COLLEGE OF LITERATURE AND ARTS.**

(1) A letter from Professor Evarts B. Greene, asking that he be permitted to resign his position as Dean of the College of Literature and Arts, this resignation to be effective February 1, 1913, owing to his desire to devote more time to his teaching and scientific work.

**APPOINTMENT OF PROFESSOR DANIELS AS ACTING DEAN CONTINUED.**

(2) A recommendation that Professor A. H. Daniels be continued as Acting Dean of the College of Literature and Arts until further notice.

On motion of Mrs. Bahrenburg, it was voted to accept the resignation of Professor Greene as Dean of the College of Literature and Arts, and to continue the appointment of Professor Daniels as Acting Dean until further notice.

**ACCEPTANCE OF TRANSPORTATION BUILDING.**

(3) The following letter from Dr. W. F. M. Goss, Dean of the College of Engineering, reporting the formal acceptance of the Transportation Building from Messrs. V. Jobst & Sons, the contractors.

This letter was received for record:

URBANA, ILL., January 2, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: I beg to report for your information that under date of December 31, 1912, I approved a recommendation from the supervising architect to the effect that the Transportation Building be formally accepted from V. Jobst & Sons, the contractors. This action on my part is in accordance with an action of the Board of Trustees taken September 19, 1912 [p. 120], providing for the settlement of this contract "on the receipt of certificates from the supervising architect, the State Architect, and the Dean of the College of Engineering that the contract has been satisfactorily completed."

Respectfully submitted,  
W. F. M. Goss.

**GIFT OF AN AUTOMATIC CONTROLLER FOR ELECTRIC MOTORS.**

(4) A letter from Dr. W. F. M. Goss, Dean of the College of Engineering, reporting a gift to the University from the Electrical Controller and Manufacturing Company of Cleveland, Ohio, through Mr. C. A. Pirtle, Vice-President and Sales Manager, of an elaborate set of apparatus designed to control automatically the rheostat action in field and armature circuits of an electric motor, in the place of manual control, which hitherto has required skillful manipulation.

It was voted to accept this gift, and to authorize the President of the University to extend the thanks of the Board of Trustees to Mr. Pirtle and to the Electric Controller and Manufacturing Company.

**LEAVE OF ABSENCE FOR PROFESSOR CARNAHAN.**

(5) A request, approved by Acting Dean Daniels of the College of Literature and Arts, from Dr. D. H. Carnahan, Associate Professor of Romance Languages, for a year's leave of absence, on half salary, beginning September 1, 1913, and ending August 31, 1914, for the purpose of study in Europe.

On motion of Mrs. Evans, it was voted that the President of the University be authorized to grant such leave of absence to Professor Carnahan, if suitable arrangements can be made for his work in his absence.

**PLAN FOR PROVIDING SWIMMING TRUNKS IN THE MEN'S GYMNASIUM.**

(6) A request from Mr. George Huff, Director of Physical Training for Men, that he be permitted to furnish swimming trunks to be used by every one using the swimming pool in the gymnasium, and to have these trunks laundered; the whole matter to be taken care of exactly as the clean towel system is now managed [p. 67], and without additional expense to the students.

On motion of Mr. Hatch, this request was granted.

#### APPOINTMENT OF AN INSTRUCTOR IN ROMANCE LANGUAGES.

(7) A recommendation that the President of the University be authorized to appoint Mr. Benjamin M. Woodbridge to be instructor in romance languages for the academic year beginning September 1, 1913, at a salary of twelve hundred dollars (\$1,200) for the year.

On motion of Mrs. Bahrenburg, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mrs. Bahrenburg, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Montgomery; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Dunne, Mr. Meeker, Mr. Moore.

#### APPOINTMENT OF AN INSTRUCTOR IN PHOTOGRAPHY.

(8) A recommendation that the President of the University be authorized to appoint Mr. Arthur G. Eldredge to be instructor in photography and head of the Photographic Laboratory, at a salary not to exceed twenty-five hundred dollars (\$2,500) per annum.

On motion of Mr. Hatch, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mrs. Bahrenburg, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Montgomery; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Dunne, Mr. Meeker, Mr. Moore.

#### REQUEST FROM THE ILLINOIS STATE PHARMACEUTICAL ASSOCIATION FOR A SCHOOL OF PHARMACY BUILDING.

(9) A request from the Illinois State Pharmaceutical Association that the Board of Trustees include in their legislative askings for the coming biennium a request for two hundred thousand dollars for the purchase of a site and the erection and equipment of buildings in the city of Chicago for the School of Pharmacy.

This communication was received to be printed in the minutes:

CHICAGO, November 21, 1912.

*President Edmund J. James, University of Illinois, Urbana, Ill.*

DEAR PRESIDENT JAMES: At the semi-annual meeting of the officers and Executive Committee of the Illinois Pharmaceutical Association held in Chicago yesterday the following resolution was adopted:

The Illinois Pharmaceutical Association respectfully petitions the Trustees of the University of Illinois to include in their legislative askings at the coming session of the Legislature the sum of \$200,000 to purchase a site in Chicago and erect and equip a building for the School of Pharmacy.

The Illinois Pharmaceutical Association at two annual conventions has adopted resolutions asking that such an appropriation be granted. The association desires to call respectful attention to the desirability of a permanent home for the school, where suitable equipment could be provided without the need of considering questions of removal, etc. We also ask that the advantage to druggists generally in housing and providing for a pharmaceutical library, based on the nucleus now offered by the library of the school, be considered.

Suitable sites for the purpose are becoming more difficult to locate and increasing in cost each year. We deem this a favorable time to ask for this appropriation, and we pledge our earnest efforts to aid in securing it.

The association appointed a committee and authorized the expenditure of a sum not to exceed \$250 by this committee in enlisting the support of the druggists throughout the State for this measure.

Very respectfully,

W. B. DAY, *Secretary.*

#### REPORT ON SUIT AGAINST WALSH ESTATE.

(10) The following report from Dean O. A. Harker, Legal Counsel of the University, in regard to the suit of the Board of Trustees against the estate of John R. Walsh.

This report was received to be printed in the minutes:

#### REPORT OF LEGAL COUNSEL.

*In re the Board of Trustees of the University of Illinois v. the Estate of John R. Walsh.*

*To President James and the Board of Trustees of the University of Illinois:*

As legal counsel I beg leave to report that suit was brought against the defendant estate in the Probate Court of Cook County at its August term, 1912.

The cause was called for trial, and trial begun on the 31st day of December. Owing to the large number of vouchers, bills, and receipts upon which the Board of Trustees based their right of action against John R. Walsh as a guarantor of the lease executed by the Board of Trustees to Dr. Baldwin, and which were offered in evidence, further hearing was deferred until an opportunity should be

given attorneys for the estate and attorneys representing creditors of the estate to make an examination of the same. The cause was continued until the 24th of January, 1913, at which time it was again taken up. The result of the trial was a judgment in favor of the claimant for \$11,372.16. The judgment covered all of our claim except a few items which were rightfully rejected. In addition to that the court allowed interest since the termination of the lease.

I have no definite information as to when the administration of the John R. Walsh estate will be concluded, and am unable to give any advice at this time as to the probable amount of the judgment that will be paid.

Respectfully submitted,

O. A. HARKER, *Legal Counsel.*

Urbana, Ill., February 6, 1913.

#### REQUEST FROM THE ALUMNI ASSOCIATION OF THE COLLEGE OF DENTISTRY FOR THE REOPENING OF THE COLLEGE OF DENTISTRY.

(11) A request from the Alumni Association of the College of Dentistry that the University reopen its College of Dentistry, which was closed on June 30, 1912.

This communication was received to be printed in the minutes:

*To the President and Board of Trustees, University of Illinois.*

GENTLEMEN: The closing of the Dental Department of the University of Illinois has been a great loss to dental education in Chicago and throughout the whole country. This is indeed deplorable at a time when both the physician and the dentist are insisting on a more comprehensive training for the practice of dentistry. The most discussed question in the medical world today is the influence of diseased conditions of the mouth upon the general physical economy.

The leaders in dental education are today agitating the question of enlarging the dental curriculum; of giving the dental student a broader and better preparation that he may meet the new demands being made by the medical world and society generally.

Dentistry is now recognized as one of the largest elements in preventive medicine. The people need the highest type of dentistry as they need the highest type of general surgery and general medicine.

The State has no greater responsibility than the education of the men who are to look after the health of her citizens. There is a definite causal relationship between health and morals. The University of Illinois can do no greater work than to prepare men to keep the people well.

We are requesting that you take steps to reorganize the Department of Dentistry. In this you will have the hearty support of the leading dental college in Chicago, and over 90 per cent of the dentists of Illinois. Any opposition will come only from those who are engaged in a type of educational work, purely commercial in purpose, which will be hurt by a high class school.

We have every reason to believe that the Legislature, now in session, will grant the request of your body for a small appropriation for the purpose.

We the undersigned, members of the Alumni Association, stand pledged to do all in our power to bring about the reopening of the Dental College, and will gladly undertake any task you may see fit to assign.

We believe our request will appear to both as a pleasure and a duty.

*[Signed by one hundred twenty-five of the alumni of the College of Dentistry.]*

#### DOCTOR'S BILL OF WALTER JONES PAID.

President Abbott presented a letter from Mr. H. D. Oberdorfer, Assistant to the Supervising Architect, reporting the case of Mr. Walter Jones, a student working for the Superintendent of Buildings, who, on December 29, 1912, had three of his fingers cut off in the cogs of one of the deep well pumps, and who is asking that the University pay his doctor's bill, amounting to thirty dollars (\$30).

On motion of Mr. Montgomery, this bill was allowed, the vote being as follows: Ayes, Mr. Abbott, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Montgomery; noes, none; present but not voting, Mrs. Bahrenburg; absent, Mr. Blair, Mrs. Busey, Mr. Dunne, Mr. Meeker, Mr. Moore.

#### RESIGNATIONS OF THE BOARD OF DIRECTORS OF THE COLLEGE OF PHYSICIANS AND SURGEONS.

President Abbott presented the resignations of all the members of the Board of Directors of the College of Physicians and Surgeons placed in his hands, to be accepted by the Board of Trustees at such time as shall seem best to the board.

These resignations were placed in the custody of Dean O. A. Harker, Legal Counsel of the University, who was present.

**REPORT OF PROGRESS ON BUILDINGS.**

Mr. H. B. Oberdorfer, Assistant to the Supervising Architect, made an informal report of progress on the new plans for the Stock Judging Pavilion, and also a report of the progress of the work on the new Armory.

**MINUTES APPROVED.**

The secretary presented the minutes of the meeting of January 25, 1913, which, on motion of Mrs. Evans, were approved.

**APPOINTMENTS MADE BY THE PRESIDENT OF THE UNIVERSITY.**

The secretary presented the following report of appointments made by President James to fill vacancies in positions authorized by the Board of Trustees:

**MINUTES OF EXECUTIVE COMMITTEE MEETING, FEBRUARY 1, 1913.**

The secretary presented the minutes of a meeting of the Executive Committee held at the University Club in Chicago, on February 1, 1913, which were received for record.

February 4, 1913.

*Mr. C. M. McConn, Secretary, University of Illinois, Urbana, Ill.*

DEAR SIR: A meeting of the Executive Committee was held in the University Club, Chicago, February 1.

Present: Messrs Grout, Hatch, and Abbott, members of the committee. There were also present Dean Harker, Comptroller Frazer, and Treasurer Haugan from the University, and Drs. Steele, Pusey, and Musgrave of the College of Physicians and Surgeons. Later Dr. Harsha, also of the College of Physicians and Surgeons, came in.

The following matters were presented by the chairman:

**APPOINTMENTS IN THE COMPTROLLER'S OFFICE AUTHORIZED.**

(1) A letter from President James, recommending that he be given authority to appoint:

(1) A man stenographer in the comptroller's office, familiar with accounting dictation, at a salary not to exceed \$85 a month.

2. An assistant in the comptroller's office, experienced in the inspection of accounting and business methods, at a salary not to exceed \$140 a month.

The recommendation was concurred in.

**AUTHORITY TO RECEIVE BIDS AND AWARD A CONTRACT FOR UNIFORMS.**

(2) A letter from Major B. C. Morse, Professor of Military Science, submitting for approval:

Form of proposal for uniforms,

Form of bids,

Form of advertisement;

and requesting that he be authorized to advertise for bids and that a committee be appointed with power to receive and open bids and award a contract for uniforms. President James, in a notation on the letter, recommended that the requests be granted.

Recommendation concurred in.

**CASE OF INJURY TO A STUDENT WORKMAN.**

(3) A letter from Mr. H. D. Oberdorfer, of the supervising architect's office, advising of an injury to a student workman whose fingers were caught in moving machinery. With the letter was enclosed a doctor's bill for treating the injured hand.

The matter was referred to the board for consideration.

**EXPERT EMPLOYED TO REPORT ON HAZARDOUS CONDITIONS.**

(4) The chairman recommended that, for the purpose of eliminating conditions hazardous to workmen and others, he be authorized to engage an expert to inspect carefully the machinery and equipment of the University and report all hazardous conditions, together with recommendations for a way to remove the hazard and an estimate of its probable cost. The chairman further recommended an appropriation of \$50 for the expenses and fee of the expert.

Recommendation approved.

**STOCK OF THE COLLEGE OF PHYSICIANS AND SURGEONS DONATED.**

(5) The chairman reported that on January 30 Dr. D. A. K. Steele, acting for the Alumni Association of the College of Medicine, brought to the office of the President of the Board of Trustees a package containing 139 certificates of stock of the College of Physicians and Surgeons, comprising 2,170 shares. These certificates, representing the entire capital stock of that corporation, and being all endorsed in blank and witnessed, were then and there given to the President of the Board and by him accepted for the board in fulfillment of the board's action taken at its meeting September 19, 1912 [page —], prescribing the terms under which the board would accept the capital stock of the College of Physicians and Surgeons. After counting and accepting the stock certificates, the President of the Board delivered them into the custody of Treasurer Haugan for safekeeping.

Treasurer Haugan produced the stock certificates at the meeting of the Executive Committee, and he and Comptroller Frazer again counted the stock represented by the certificates, and verified the previous count that it was found to comprise 2,170 shares, including one certificate for seven shares issued January 30, 1913, to the Board of Trustees of the University of Illinois.

President Steele and Secretary Harsha of the College of Physicians and Surgeons stated that 2,170 shares represented the entire issue of the capital stock of that corporation and that they would furnish a legal certificate to that effect.\*

The Executive Committee approved the action of the president in accepting the stock for the board in fulfillment of its action of September 19, 1912, and requested the officers of the Board of Directors of the College of Physicians and Surgeons to make out new certificates of stock in the names of the members of their Board of Directors and have the certificates endorsed in blank and delivered to Treasurer Haugan in exchange for the certificates which he held in custody and which should then be canceled.

President Steele was also requested to have made out a deed transferring to the Board of Trustees of the University of Illinois all the real property of the College of Physicians and Surgeons, and a bill of sale to the Board of Trustees of the University of Illinois for all the personal property of the College of Physicians and Surgeons, and to secure authority from the stockholders and Board of Directors of the College of Physicians and Surgeons to have the proper officers of the board execute this deed and bill of sale.

The committee adjourned.

Respectfully submitted,

W. L. ABBOTT, *Chairman.*

The board adjourned.

W. L. ABBOTT, *President.*

C. M. McCONN, *Secretary.*

\* A certificate to this effect, signed by Wm. M. Harsha, Secretary of the Corporation of the College of Physicians and Surgeons, and attested by the seal of the said college, was furnished to the President of the Board of Trustees of the University under date of February 6, 1913.

## **Meeting of March 5, 1913.**

---

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in the city of Chicago, at 12 M., on Wednesday, March 5, 1913, pursuant to the following notice which was sent out by the secretary on February 25, 1913:

Upon the call of the president, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in the city of Chicago, on Wednesday, March 5, 1913, at 12:00 M., for the consideration of the requests to be made of the present General Assembly for appropriations for the University, and of such other matters as may be duly presented.

When the board convened, the following members were present: Mr. Abbott, Mr. Blair, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Montgomery, Mr. Moore. President James was also present, and Mr. W. Carbys Zimmerman, State Architect, was in attendance during a part of the afternoon.

President Abbott requested Mr. Fred L. Hatch, the senior member of the board and formerly president of the board, whose term expires on March 11, to take the chair. Mr. Hatch presided throughout the afternoon.

### **MINUTES APPROVED.**

The secretary presented the minutes of the special meeting of February 12, 1913, which, on motion, were approved.

### **APPOINTMENTS MADE BY THE PRESIDENT OF THE UNIVERSITY.**

The secretary presented the following report of appointments made by President James to fill vacancies in positions authorized by the Board of Trustees:

Gentry, William S., Jr., Assistant in Architectural Construction, for five months beginning February 1, 1913, at a salary of one hundred dollars (\$100) a month. (February 14, 1913.)\*

Knorr, Lynn E., Assistant to the Comptroller, at a salary of one hundred forty dollars (\$140) a month, beginning as soon as he reports for service and continuing until further notice or until August 31, 1913. (February 17, 1913.)

Spencer, E. R. (formerly Scholar in Psychology), Assistant in Psychology, for five months beginning February 1, 1913, at a salary of fifty dollars (\$50) a month. (February 17, 1913.)

Strom, Sigurd, Stenographer in the Comptroller's Office, at a salary of eighty-five dollars (\$85) a month, beginning March 3, 1913, and continuing until further notice or until August 31, 1913. (March 4, 1913.)

### **MODIFIED PLANS FOR THE STOCK JUDGING PAVILION APPROVED.**

Mr. W. Carbys Zimmerman, State Architect, submitted a set of modified plans for the Stock Judging Pavilion.

The secretary reported that he had laid before Dean Harker, the Legal Counsel of the University, the question as to the legal status of the contract with English Brothers for this building (this point having been referred to the counsel at the meeting of January 25, 1913, page —); and that Dean Harker had given it as his opinion, first, that the vote of the Executive Committee (taken January 10, 1913; reported to the board and approved

---

\* The date in parenthesis is the date on which the appointment was made by the President of the University.

January 25, 1913, page —) awarding the contract for this building to English Brothers constitutes a legal contract with that firm irrespective of the signing of a formal document by the officers of the board; and, second, that the plans for this building may be restudied and plans considerably different from the ones on which the bids were made may finally be approved without invalidating this contract, and that in such case the board would be justified in making adjustments with English Brothers as to the terms of the contract and allowing them to erect the building under that contract without calling for new bids.

The State Architect recommended that English Brothers be authorized to proceed with the erection of the Stock Judging Pavilion in accordance with the modified plans before the board, provided that the changes in the plans are approved by the Supervising Architect of the University; provided, further, that the amounts of deductions and additions are satisfactory to the Supervising Architect of the University; and, provided, further, that the counsel of the University shall file a written opinion confirming the oral opinion given by him to the secretary of the board as reported above.\*

On motion, the foregoing recommendation of the State Architect was approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Montgomery, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mrs. Busey, Mr. Dunne, Mr. Meeker.

#### MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

President James presented the following matters for consideration:

##### DEPOSIT TO BE CHARGED FOR KEYS.

(1) A recommendation from the Council of Administration, passed at the council meeting of February 11, 1913, that a deposit of 50 cents should be charged for every key issued by the University for any building, room, or desk.

On motion of Mr. Abbott, this recommendation was approved.

##### LEASE OF SULLIVAN LAND.

(2) A communication from Dr. Eugene Davenport, Dean of the College of Agriculture, stating that Mr. H. W. Mumford, Professor of Animal Husbandry, acting as agent for the Board of Trustees, had on January 22, 1912, leased from Mr. William Sullivan, of Champaign, the following described property, namely, the southeast quarter of the southeast quarter of section nineteen (19), and the northwest quarter of the northeast quarter of section thirty (30), township nineteen (19) north, range nine (9) east of the Third (8d) Principal Meridian in the

##### \* IN RE THE CONSTRUCTION OF THE STOCK JUDGING PAVILION.

*To the Board of Trustees of the University of Illinois:*

Through your secretary I am asked to render an opinion concerning the award of the contract for the construction of the Stock Judging Pavilion to English Bros.

As I understand it, the board referred the bids, which had been opened, to the Executive Committee and the State Architect with instructions to accept Alternate "B" minus "E" and with power to act. Although the bid of Mr. Stoolman was the lowest of the four opened [i. e., on "B" minus "E," in Alternate "B" taken by itself (the building complete within eight months), English Brothers' bid, which was the bid accepted, was the lowest], such reference did not limit the Executive Committee to the authority to accept his bid and enter into a contract. The reasonable construction to place upon that action of the board was to authorize the Executive Committee to contract for the construction of the building within eight months with the deductions provided under "E." While it is true that the Executive Committee and the State Architect on January 10, 1913, exceed the authority which had been given them, their action was approved by the Board of Trustees at its session of January 25. The awarding of the contract, therefore, to English Bros., may be considered as board action, irrespective of the action taken by the Executive Committee and State Architect. Now, if the terms of the contract with English Bros. were there agreed upon and it was voted that a contract should be drawn up embodying those terms (to be signed by English Bros. and the President of the board) and if English Bros. have complied by signing the written instrument and have done all other things required of them to make the contract a complete one, it would be at law regarded as a legal contract, irrespective of the signing of the document by the president and secretary of the board. What I mean by that is that if all requirements excepting the mere attaching of the signatures of the president and the secretary to the document have been fulfilled, the board cannot insist that there was not a contract.

As to the second question, to-wit, whether the board will be justified in making changes and adjustments with English Bros. as to the terms of the present contract and allowing them to erect the building under that contract without calling for new bids, I will say that the board has such power. Even if the written document has been signed by both parties and a bond for the faithful performance of the contract has been signed and delivered, an agreement for changes of plans and specifications between the board and the contractors would be legal, unless of course the agreement should be tainted with fraud.

Respectfully submitted,

O. A. HARKER

county of Champaign, containing eighty (80) acres more or less, for the use of the University, for a term of five years beginning March 1, 1912, and ending March 1, 1917, at an annual rental of eight hundred dollars (\$800); and that at the same time Mr. Sullivan had given to Mr. Mumford, for the benefit of the University of Illinois, an option on the purchase of the above described land, if the purchase money be paid on or before the first day of March, 1914, for the sum of forty thousand dollars (\$40,000).

It was voted that the officers of the Board of Trustees be authorized to sign the lease described above, and also that due note be made of the accompanying option. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoyt, Mr. Montgomery, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mrs. Busey, Mr. Dunne, Mr. Meeker.

#### PETITION FROM THE ILLINOIS VIGILANCE ASSOCIATION.

(3) A petition from the Illinois Vigilance Association that the Board of Trustees of the University should plan for a Department of Moral Sanitation, having for its purpose the study of the nature and cause of morbid and immoral conditions and of plans for the promotion of public integrity.

This petition was received to be filed.

#### APPRAISAL OF BUILDINGS AND GROUNDS AND VALUED AND UNVALUED INVENTORY.

(4) A recommendation that the President of the University be authorized to obtain a careful and impartial appraisal of the value of the buildings, grounds, and equipment of the University, and also to have prepared an adequate valued and unvalued inventory of the property of the University.

On motion of Mr. Blair, this recommendation was approved.

#### TRANSFER OF FUNDS IN THE AGRICULTURAL EXPERIMENT STATION.

(5) A recommendation that the sum of fourteen hundred dollars (\$1,400), remaining unused, by reason of Dr. Burrill's resignation, out of the appropriation of four thousand dollars (\$4,000) made by the board in the last budget from the Hatch fund to the Department of Botany in the Agricultural Experiment Station, be transferred to the Department of Dairy Husbandry in the Agricultural Experiment Station.

On motion of Mr. Abbott, this recommendation was approved.

#### APPOINTMENT OF AN INSTRUCTOR IN THE ENGLISH DEPARTMENT.

(6) A request from Dr. A. H. Daniels, Acting Dean of the College of Literature and Arts, that Mr. George Frisbie Whicher be appointed Instructor in English, for ten months beginning September 1, 1913, at a salary of one hundred ten dollars (\$110) a month, in place of Mr. L. G. Painter.

On motion of Mr. Blair, this recommendation was approved.

#### LEAVE OF ABSENCE FOR PROFESSOR WELLS.

(7) A request from Mr. Newton A. Wells, Professor of Architectural Decoration, endorsed by Professor F. M. Mann, head of the Department of Architecture, and Dr. W. F. M. Goss, Dean of the College of Engineering, for leave of absence on half pay for the academic year beginning September 1, 1913, for the purpose of study in Europe.

On motion of Mrs. Evans, it was voted to grant this request of Professor Wells, provided the President of the University finds it possible to make arrangements for the care of Professor Wells' work during his absence.

#### COPIES OF CONTRACTS TO BE FILED IN THE COMPTROLLER'S OFFICE.

(8) A communication from Professor George E. Frazer, Comptroller, stating that he finds several contracts outstanding under which the University is obligated which are not matters of record in his office, and recommending that no contract entered into by or for the Board of Trustees of the University of Illinois shall be regarded as completed until a copy of the contract and of the correspondence or other necessary information concerning it shall be filed in the comptroller's office.

On motion of Mr. Montgomery, this recommendation was approved.

### CANCELLATION OF OLD UNPAID WARRANTS.

(9) A communication from Professor George E. Frazer, Comptroller, calling attention to the fact that various unpaid warrants issued many months ago are still outstanding, and suggesting that such unpaid warrants outstanding for more than one year shall be canceled, so that in all such cases authority shall be secured anew for the issuance of new warrants.

On motion of Mr. Moore, this suggestion of the comptroller's was referred to the Finance Committee for consideration and report.

### ADDITIONAL REMUNERATION FOR THE ACTING DIRECTOR OF THE COURSES IN CERAMICS.

(10) A recommendation that Mr. R. T. Stull, Associate in Ceramics, who, owing to the resignation of Professor A. V. Bleininger after the opening of the academic year and the impossibility of finding any one to take his place, has been performing the duties of Director of the Courses in Ceramics in addition to his other duties, be given an additional remuneration of three hundred dollars (\$300) for this extra service as Acting Director of the Courses in Ceramics for the present academic year.

On motion of Mrs. Evans, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Montgomery, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mrs. Busey, Mr. Dunne, Mr. Meeker.

### APPOINTMENT OF AN ASSISTANT PROFESSOR OF DAIRY BACTERIOLOGY.

(11) A recommendation from Dr. Eugene Davenport, Dean of the College of Agriculture, that Mr. Martin John Prucha be appointed Assistant Professor of Dairy Bacteriology in the College of Agriculture and Assistant Chief in Dairy Bacteriology in the Agricultural Experiment Station, for three years, beginning as soon as he reports for service in Urbana, at a salary of twenty-five hundred dollars (\$2,500) per annum.

On motion of Mr. Blair, the President of the University was authorized to make this appointment on the terms indicated, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Montgomery, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mrs. Busey, Mr. Dunne, Mr. Meeker.

### RATES OF TUITION IN THE COLLEGE OF MEDICINE.

(12) The following communication from Professor George E. Frazer, Comptroller, in regard to the rates of tuition in the College of Medicine for the current year:

URBANA, ILL., March 1, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: Superintendent William H. Browne of the College of Medicine reports to me that the rates of tuition in force in the College of Physicians and Surgeons for the present school year are as follows:

	Freshman Year.	Sophomore Year.	Junior Year.	Senior Year.
Matriculation .....	\$ 5 00	\$ 5 00	\$ 5 00	\$ 5 00
General ticket .....	120 00	120 00	140 00	155 00
Laboratory .....	20 00	20 00	5 00	.....
	<hr/> \$145 00	<hr/> \$145 00	<hr/> \$150 00	<hr/> \$160 00

I respectfully request that these rates of tuition be officially adopted for the College of Medicine of the University of Illinois.

Very truly yours,

GEO. E. FRAZER, *Comptroller.*

On motion of Mr. Montgomery, the foregoing recommendation of the comptroller was approved.

### APPROPRIATION FOR GYMNASIUM LOCKERS.

(13) A recommendation from Professor George E. Frazer, Comptroller, that an appropriation of six hundred five dollars and one cent (\$605.01) be made to the budget account entitled "Department of Physical Training, Men, Incidentals," to cover bills for gymnasium lockers purchased last autumn.

On motion of Mr. Moore, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mr. Grout, Mr.

Hatch, Mr. Hoit, Mr. Montgomery, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mrs. Busey, Mr. Dunne, Mr. Meeker.

#### ENTRANCE REQUIREMENTS FOR THE COLLEGE OF LAW.

(14) A recommendation from the Advisory Board of the College of Law, consisting of Messrs. George E. Drennan, of Chicago; William R. Hunter, of Kankakee; Walter C. Lindley, of Danville; George T. Page, of Peoria, and Peter P. Schaefer, of Champaign, contained in their report of their last visit to the college on December 16, 1912, that the entrance requirements of the College of Law be increased to two years of university work, except that a student twenty-one years of age or over who has completed the course of an accredited high school should be admitted and should be given the degree of Bachelor of Laws on completing the course prescribed by the College with an average grade of ten above the passing grade.

This recommendation was received for record.

#### PETTY CASH FUND AND BONDING, COLLEGE OF MEDICINE.

(15) The following communication from Professor George E. Frazer, Comptroller, concerning a petty cash fund in the College of Medicine, and the bonding of the Superintendent and the Clerk in the office of the College of Medicine.

URBANA, ILL., March 4, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: It is advisable that the Superintendent of the College of Medicine should be permitted to retain receipts to an amount not exceeding \$300 as a petty cash fund. The Superintendent of the College of Medicine should be authorized to pay in cash from the petty cash fund such extraordinary expenses and minor accounts as demand immediate payment. No payment from the petty cash fund on the account of any one bill should exceed the sum of \$30. All expenditures from the petty cash fund of the College of Medicine should be considered a personal liability of the Superintendent of the College to the University.

The Superintendent of the College of Medicine should be reimbursed for all petty expenditures at least once each month by a voucher drawn in his name covering all petty cash payments. This voucher should be accompanied by a receipted bill for each item, and should be sent to the business office of the University, where a warrant will be drawn in favor of the Superintendent of the College of Medicine for the amount.

I recommend that Mr. J. L. Tomlinson, Clerk in the office of the Medical College, be placed under a bond of \$5,000, and that Superintendent Wm. H. Browne be placed under a bond of \$1,000, in some reliable bonding company, the premiums on the these bonds to be paid by the University.

Very truly yours,

GEO. E. FRAZER, *Comptroller.*

The recommendations of the comptroller contained in the foregoing letter in regard to a petty cash fund of not to exceed three hundred dollars (\$300) in the College of Medicine, the bonding of Messrs. William H. Browne, Superintendent, and J. L. Tomlinson, Clerk, in the amounts of one thousand dollars (\$1,000) and five thousand dollars (\$5,000), respectively, and the payment of the premiums on these bonds by the University, were approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Montgomery, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mrs. Busey, Mr. Dunne, Mr. Meeker.

#### IMPORT ORDER FOR THE DEPARTMENT OF BOTANY.

(16) A request from Dr. Charles F. Hottes, Assistant Professor of Botany, endorsed by Dr. E. J. Townsend, Dean of the College of Science, that permission be given to place an import order for chemicals, glass ware, and apparatus of foreign manufacture, for the use of the Department of Botany, to the amount of fifteen hundred dollars (\$1,500).

On motion of Mr. Abbott, this request was approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Montgomery, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mrs. Busey, Mr. Dunne, Mr. Meeker.

At this point Mr. Meeker took his seat with the board.

#### INTERPRETATION OF THE RULE IN REGARD TO THE APPOINTMENT OF RELATIVES.

(17) A statement calling attention to the question of the interpretation of the rule of the Board of Trustees concerning the appointment of relatives of members of the Board of Trustees, or relatives of members of the University

instructional, scientific, administrative, or labor staff to positions under the authority of the board (this question having been raised by the President of the University, at the request of Professor E. C. Schmidt, at the meeting of December 19, 1912, p. —, at which time consideration of the subject was postponed).

It was moved that in the opinion of the Board of Trustees one member of a family at a time is sufficient representation on the instructional, scientific, administrative, or labor staff of the University, and that the rule of the board above referred to on this subject is to be interpreted to apply to reappointments as well as to original appointments.

It was moved to amend this motion by the addition of the following words: "*Provided*, that this interpretation shall not apply to persons in the employ of the University at the present time."

When, after prolonged and full discussion, the vote was taken, the amendment was lost, and the original motion was adopted as given above.

#### HEARING OF COMMITTEE OF DENTAL ALUMNI.

(18) A further statement in regard to the request from the Alumni Association of the College of Dentistry, that this college be reopened (see the petition signed by one hundred twenty-five alumni of the College of Dentistry, presented at the meeting of February 12, 1913, p. 177); this request having been supported by communications from Dr. Alfred Owre, Dean of the College of Dentistry of the University of Minnesota; Dr. Edward C. Kirk, Dean of the School of Dentistry of the University of Pennsylvania; Dr. Charles R. E. Koch, Secretary of the Dental School of Northwestern University, and Dr. Frederick B. Moorehead, Chairman of the Committee on the reorganization of the College of Dentistry; the board is urged to reopen the College of Dentistry on the ground that the interests of the community in this Department of Medicine and Surgery can never be adequately served except by privately endowed or state supported institutions.

This statement was received for record.

In this connection, a hearing was given to a committee representing the Alumni Association of the College of Dentistry, consisting of Mr. Elmer D. Brothers, formerly Professor of Dental Jurisprudence in the College of Dentistry; Dr. George W. Cook, formerly Dean of the College of Dentistry, and Dr. A. C. Kingsley, a graduate of the College of Dentistry of the class of 1909.

#### ADDRESS TO THE LEGISLATURE AND REQUEST FOR APPROPRIATIONS.

(19) The following address to the Forty-eighth General Assembly, accompanied by detailed requests for appropriations for the support of the University for the biennium 1913-15.

#### ADDRESS OF THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS TO THE FORTY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS IN THE MATTER OF APPROPRIATIONS FOR THE BIENNIUM 1913-15.

GENTLEMEN: We beg to submit herewith our requests for appropriations for the support of the University of Illinois for the biennium 1913-15.

The people of Illinois have revealed during the last twenty years an ever plainer and more definite purpose to make the University of Illinois an institution fully worthy of the commonwealth and to place it on a par with the leading institutions of similar character at home or abroad.

This sentiment was well stated in the following joint resolution passed by the Forty-sixth General Assembly in 1909:

"WHEREAS, It is the evident will of the people of this commonwealth that the University of Illinois shall be made so complete in its organization and equipment that no son or daughter of this State shall be obliged to seek in other states or other countries those advantages of higher education which are necessary to the greatest efficiency of social service either in public or private station; and,

"WHEREAS, The State of Illinois has imposed upon this institution, in its agricultural and engineering experiment stations, and in its graduate school, the duty of carrying on extensive and important investigations of vital interest to the agricultural industry and education of the State, and the conduct of these investigations calls for the very highest ability and the most thorough training on the part of those entrusted with their supervision; and,

"WHEREAS, The great progress of this institution in the last five years has attracted the attention of the whole country and made other institutions desirous of drawing away the members of the faculties in said University; and,

"WHEREAS, The present schedule of salaries is not sufficient to enable the institution to compete on equal grounds with other state and private universities in the United States; therefore, be it

*"Resolved, By the Senate, the House of Representatives concurring herein, That it is the sense of this General Assembly that the Board of Trustees of the University of Illinois should adopt such a policy as will in their judgment attract to, and retain in, the service of the University and the State, the best available ability of this and other countries."*

The Legislature further showed the interpretation which it meant should be placed upon this resolution by making at the same session by a practically unanimous vote a considerable increase in the biennial appropriations for the support of the institution. The General Assembly at its next regular session (47th) in the year 1911 indicated its emphatic approval of the underlying thought of the resolution by making the largest increase in the biennial appropriations which up to that time had been made by any Legislature.

By far the larger part of this increase, however, two-thirds of it in fact, was for the benefit of the agricultural interests represented in the University—the appropriation to the Agricultural College alone being four times the previous amount.

This appropriation, if continued and wisely administered, will put and keep the Agricultural College at the head of similar institutions in the world.

But the Forty-seventh General Assembly, recognizing that other departments also greatly needed strengthening, indicated by another act its purpose of providing for the other interests of the State represented in the University of Illinois in a similar satisfactory manner in the future. For that Assembly passed a bill, known as the Mill Tax Bill, providing that there should be levied and collected for the year 1912 and annually thereafter, at the same time and in the same manner that State taxes are collected, a one mill tax for each dollar of the assessed valuation of the taxable property of this State, to be paid into the treasury of the State and set apart as a fund for the use and maintenance of the University of Illinois.

This is a lower tax upon the full valuation than is granted in Michigan, Wisconsin, Iowa, or Minnesota.\*

The State Auditor informs us that the tax has been levied and if collected entire will yield the sum of \$2,343,673 per annum for the use and maintenance of the University. Deducting 4 per cent for loss in collection, the total amount available for the University would be \$2,249,926.08, or \$73.92 less than two and one-quarter million dollars per annum.

It is upon the basis, then, of this \$2,250,000 per annum that we have formulated our requests to the Legislature for funds for the use of the University during the biennium beginning July 1, 1913; and the sum total of these requests foots up \$4,498,980.

In round numbers this represents an increase over the appropriations granted by the Legislature at the last session of \$950,000.

We are asking in a general way—the details are shown in the bills—that this increase shall be used to enable the University to make very much needed increases in its lands and buildings—\$200,000 being asked for the purchase of land and \$775,000 for the erection of major buildings.

We are asking, further, that the sum used in the erection of major buildings during the present biennium be made available for the strengthening of those departments of the institution which were passed over in the appropriation of funds at the last Legislature.

The State of Illinois hesitated long before it adopted the policy of building up a State University. As a result its sister institutions in the Mississippi Valley ran, many of them, far ahead of the State University of Illinois, especially in buildings and equipment. It is necessary for the University of Illinois, if it is to become in our day and generation what the people of the commonwealth evidently desire it should, to make very important investments within a comparatively short time in building up the necessary plant for an institution of this sort.

The present value of the buildings now on the campus and those in process of erection is probably about two and a quarter millions of dollars; but during the last twenty-two years the University of Chicago has put into buildings in actual use in the Educational Department on June 30, 1912, more than five million dollars, and counting the new Library Building, which went into operation shortly after, nearly six millions of dollars. The building plant of Columbia University has cost considerably over eleven million dollars; while the corresponding value of the Harvard University plant is probably fifteen million dollars. And that in spite of the fact that the University of Chicago has neither a college of agriculture nor a college of engineering, nor has Harvard or Columbia, either of them, a college

\* The following table shows the sum per capita contributed to the state university in the respective states:

of agriculture, the most liberally provided for of all the departments of the State University of Illinois.

It is absolutely necessary furthermore to add considerably to our farm holdings in order to meet the demands of the various agricultural departments; and, unless the institution is to be crowded into a straight jacket which will impede its growth seriously and warp and twist it to an injurious extent, it must add to its holdings for other general University purposes. The sum asked for will provide only the absolutely essential additions which should be made during the next two years.

Among the departments of this institution which must be greatly strengthened, if we are to become a true university and be generally recognized as such, the University Library stands first. It is safe to say that there is more reluctance on the part of the best men in the academic world to accept positions on the staff of the University because of the lack of library facilities than for any other single reason.

The University of Illinois Library contains about a quarter of a million volumes. It is the twelfth in rank among the university libraries of the country, although it is very much lower than that if institutions are ranked by their access to library facilities. Thus Harvard University has in its own collection over a million volumes, more than four times as many as the University of Illinois, but it has in its immediate neighborhood additional collections containing two million volumes. Yale University has three times as many volumes in its own collections as the University of Illinois, and it is within access of the four and one-half million volumes in the city of New York. Columbia has a half million volumes, twice as many as the University of Illinois, but it has in the same city and practically next door additional collections amounting to four and one-half millions of volumes. The University of Chicago Library has 381,000 accessioned books with another 100,000 unaccessioned—in other words, more than twice as many as the University of Illinois, although it is situated in immediate proximity to collections in the neighborhood of another million and a half, and it does not need to provide library facilities for either agriculture or engineering. The people of this State, whether wisely or unwisely, located the University of Illinois 125 miles from any important collection of books. Speaking generally, therefore, the library which is to quicken and stimulate and fructify scholarship and investigation at the University of Illinois must be a library located upon the campus of the University. It is impossible to day to undertake the investigation of any important subject without running up immediately against a stone wall for lack of library facilities. We must have at Illinois a much larger collection than such institutions as Harvard, Yale, Columbia, or Chicago, if we are to have at all equal facilities.

It is plain that the University of Illinois cannot hope to take its place among the great institutions of the world until it has a far more adequate library.

We have felt, therefore, that we ought to urge upon the attention of the Legislature very strongly that an appropriation of at least \$100,000 per annum should be made for the purchase of books, but owing to the pressure of other interests we have deferred our request for the larger sum for another biennium. We have inserted in our askings for this biennium only the sum of \$50,000 per annum, and we trust this will not be diminished.

Next to the agricultural interest at the University of Illinois, the engineering interests bulk up in the public mind the largest, if not the most important. We are asking for an increase of \$50,000 in the biennial special appropriation for the College of Engineering and Engineering Experiment Station. This increase of \$25,000 per annum is very greatly needed, and we trust that it may be granted in full.

Many of the buildings on the University campus were erected in the last century, and some of them are forty years old. They were not of the best quality when erected, and they have begun to call for large expenditures for repairs and improvements. The appropriation made by the Legislature at the last session of \$50,000 per annum for painting, repairs, reconstruction and improvements to buildings and grounds was far below the absolute need of the University. We are asking for an increase of \$50,000 under this head.

The last General Assembly granted an appropriation for the erection of a building to house our courses in commerce which, although established only a few years ago, have become among the most widely esteemed and valuable courses offered in the institution. We did not urge an increase in the appropriation for these courses in the last General Assembly. We do urge it now, however, strongly, since we are in a position to use the money wisely in the improvement and enlargement of these courses. We are asking for \$25,000 per annum for this purpose.

The Graduate School, although established only a few years ago, has become one of the most important departments of the University. It is safe to say that every undergraduate department in the institution has been greatly improved in the spirit, personnel, and efficiency of its work by the existence of the Graduate School as an assistant and a stimulus to the right kind of scientific spirit and scientific work throughout the institution. No increase was granted at the last General Assembly over the previous appropriation. We are asking, and urge upon your attention most strongly, the desirability of an increase of twenty-five thousand for the biennium for this important branch of our University work.

For the first item of the first bill, that for salaries and operating expenses, we ask an increase of \$100,000 per annum.

This is the most important single item in any of the bills laid before the Legislature. Whatever is necessary for the conduct of the institution which is not included in the special appropriations must be taken from this first item, plus the income from student fees and the appropriation from the Federal Government. Any crippling of the institution at this point means a crippling in all departments, and the failure of the General Assembly at the last session to make an adequate increase in this item has embarrassed the University in every direction during the

past two years. From this item must be paid the general administrative expenses of the University, estimated for the coming biennium at \$158,000 in round numbers; miscellaneous expenses amounting to \$40,000; expenses for operating the plant, labor, heat and light, supervising architect, etc., \$200,000; summer session, for the benefit of the teachers of the State, \$30,000; various departments, including University Library, physical training for men, physical training for women, high school inspection, \$175,000; expenses of the College of Science, \$431,000; of the College of Literature and Arts, \$380,000; Library School, \$18,000; music, \$38,000, etc. We sincerely trust that you will find it advisable to grant the entire sum as asked for.

The last General Assembly granted the sum of \$60,000 per annum for the support of the Medical School. The Supreme Court threw out the appropriation on a technical ground, and the University lost the money.

We had been leasing a plant for the conduct of the Medical School from the College of Physicians and Surgeons in the city of Chicago. After the loss of the appropriation the latter corporation declined to renew the lease, and as there was no opportunity to secure a similar plant elsewhere in Chicago the University was compelled to close its Medical School, which it did upon June 30, 1912.

The graduates of the University Medical School and other friends of medical education throughout the State were greatly disturbed by this outcome of the experiment in medical education which the University had been carrying on for some fifteen years. They asked the trustees whether they would reopen the Medical School if the alumni would secure the control of the property of the College of Physicians and Surgeons and present the same to the University. The trustees replied in the affirmative, if all the stock of the corporation of the College of Physicians and Surgeons were presented in a block on or before February 1, 1913.

This condition was fulfilled, and the University accepted the property, real and personal, of the College of Physicians and Surgeons, subject to the encumbrances upon the same, but without assuming any responsibility whatever for the payment of any debts or obligations of the College of Physicians and Surgeons.

The entire plant, real and personal, was deeded to the University, subject to mortgage obligations amounting to \$245,000, the annual interest charge being \$14,320.

The trustees, in accordance with their agreement, authorized and directed the President of the University to reopen the Medical School in the plant thus acquired, which was done on Thursday, March 6, 1913.

Through this action of the alumni the University has come into the control of an extremely valuable property, very well located for the purposes of a medical school. There will naturally be some difference of opinion as to the value of the property which the alumni presented to the trustees. There is no market for medical schools, and consequently if this property and school were put up for sale tomorrow, probably it would have no bidder other than some person wishing the real estate for some other purpose. If the University, however, were to stare in *de novo* to acquire as good a site and buildings and equipment with a well established school, such as it has built up during the past fifteen years in cooperation with the College of Physicians and Surgeons, there is little doubt that it would cost the University easily more than a million dollars; for much more than that sum has been spent in the development of this Medical School.

The real estate of the property was valued in the spring of 1907 by a committee of the Chicago Real Estate Board, at seventy thousand dollars (\$70,000). The State Architect, W. Carby Zimmerman, associating with himself Minard L. Beers, another architect, estimated the value of the buildings at the same date to be two hundred and thirteen thousand dollars (\$213,000).

The real estate has undoubtedly appreciated in value, as quotations for the sale of property in that neighborhood amply show. The buildings have, of course, tended to depreciate, but a considerable sum of money has been spent in repairs to maintain them in a usable condition. With the building and grounds go also an inventoried plant, including a medical library, valued at about \$100,000. But if the inventory should be cut in two, it would still represent a plant of ground, buildings and equipment of considerably more than \$300,000, on a very modest estimate. No one would undertake to get a block of ground as conveniently located as the present block and get buildings upon it as well adapted for the purpose with equipment as good as the present for less than \$400,000, and it would probably take a full half million to do it.

The obligations consist of mortgage obligations as follows:

I. (a) Due Chicago Board of Education, July 1, 1913.....	\$ 10,000 00
(b) Due Chicago Board of Education, July 1, 1914.....	10,000 00
(c) Due Chicago Board of Education, July 1, 1916.....	56,000 00
Interest on these obligations at 5½ per cent per annum.....	
II. Bonds secured by mortgage on the new Medical Building, bearing	
6 per cent interest, due July 1, 1926.....	109,000 60
III. Bonds secured by mortgage on the old Medical College Building	
due July 1, 1932, bearing 6 per cent interest.....	60,000 00
Total .....	\$245,000 00

The total interest charge is \$14,320 per annum.

So long as the University of Illinois pays the interest on these obligations it will retain control of the property, and if the State should ever appropriate money to enable it to pay off the indebtedness it would possess the property in fee simple.

There is no obligation, however, resting upon the University or upon the State to do this, and the property may be given up at any time when the Legislature sees a more valuable property for the same or less money.

For the present, the interest may be looked upon as a permanent rental, and certainly no one can examine this property without seeing that it is very valuable and that such a sum represents an astonishing low rental.

But having the plant for the Medical College and having the students is only a small part of building up a medical school. In order to conduct a medical school worthy of the State of Illinois, it will be absolutely necessary to have at least the sum of one hundred thousand dollars per annum which we are asking for in this bill.

The University must advance its standards of admission to at least the same level as those maintained by Indiana, Michigan, Wisconsin, Minnesota, and Iowa. This will inevitably cut down the attendance, though it will secure a far better grade of material in the ranks of future practitioners.

It will be necessary to provide adequate facilities in the laboratories, libraries, etc., and to provide these facilities for a modern medical school a considerable sum will be necessary.

Twenty-five states have definitely adopted the policy of providing facilities for the education of those who desire to practice upon the community as physicians, including practically all the important state universities. Illinois lags at the tail end of the procession. We respectfully urge that this sum be granted in full.

A special plea will be presented to the Legislature upon this topic.

It will be noted that an increase has been asked for the College of Agriculture and for the various items, live stock investigations, crop investigations, soil investigations, horticultural investigations, and dairy investigations. These increases are provided, however, from the one hundred and fifty-three thousand dollars voted by the last Legislature for agricultural buildings, so that the total appropriation for the Agricultural College and Experiment Station is somewhat less than it was the last time; although we are asking for an increase in the purchase of land item and for the erection of the Chemistry Laboratory and other University buildings, which redound, of course, to the benefit of the College of Agriculture as to that of the other departments.

The other items in this bill are all simple in their nature, and the argument for the same will be presented by the officers of the University before the committees of the Legislature.

A word in regard to the Chemistry Laboratory, which is the largest item called for under buildings, will not be out of place.

While the Department of Chemistry is classified under the College of Science, it really devotes most of its work to the instruction of agricultural and engineering students. Every engineering student is now required by the University to take a course in chemistry, as is every agricultural student. The number of students in these courses has more than doubled since the present building was erected, and it is necessary to provide more ample accommodations for these students or else to exclude some of them altogether from work which the faculties think forms an essential part of the curriculum.

We are asking for an addition to the Commerce Building for administrative purposes, so that the administrative offices now in the Natural History Building may be moved out, making room for additional laboratories in botany, geology, physiology, bacteriology, etc. The University was compelled to exclude students in the College of Agriculture and College of Science from the courses in bacteriology during the present semester and from the courses in physiology, as also in zoölogy and botany, because of lack of laboratory room and laboratory facilities. The steady increase of students in the College of Agriculture makes it imperative that the facilities for the courses in bacteriology, biology, including botany and zoölogy, and physiology shall be enlarged. This will be accomplished by transferring the administrative offices to the addition to the Commerce Building and also by completing the present Natural History Building.

The building for the School of Education and the Residence Hall for Women have been urged upon the attention of the Legislature before, and by common consent it was agreed that these buildings should be provided for as soon as funds were available.

The biennial report made to the Governor showing transactions of the board and full quarterly statements of income and expenditures up to July 1, 1912, is now printed and in your hands.

All of which is respectfully submitted.

The foregoing list of requests was presented in detail and was discussed item by item at length.

During the progress of this discussion Mr. Meeker withdrew.

After a full and prolonged discussion, on motion of Mr. Grout, it was voted to approve the foregoing address to the General Assembly, and to make requests of the Forty-eighth General Assembly for appropriations for the biennium 1913-1915 as shown above. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mr. Grout, Mr. Hatch, Mr. Hoit, Mr. Montgomery, Mr. Moore; noes, none; absent, Mrs. Bahrenburg, Mrs. Busey, Mr. Dunne, Mr. Meeker.

**DESIRABILITY OF MAKING THE PRESIDENT OF THE ILLINOIS FARMERS' INSTITUTE A MEMBER OF THE BOARD EX OFFICIO.**

On motion of Mr. Blair, it was voted that it is the sense of the Board of Trustees that it would be desirable for the law prescribing the membership of the board to be changed so as to make the President of the Illinois Farmers' Institute a member of the Board of Trustees ex officio.

**RESOLUTIONS IN REGARD TO THE SERVICES OF MESSRS. HATCH AND GROUT.**

Mr. Blair moved that a committee be appointed to formulate a suitable expression of the board's appreciation of the distinguished services rendered to the University by Messrs. Hatch and Grout, whose terms expire on March 11, 1913.

This motion was passed unanimously.

At this point Mr. Blair withdrew.

**CROCKER LAND EXPEDITION.**

President James presented for consideration the following statement in regard to an invitation extended to the University to contribute to the expenses of the Crocker Land Expedition, a proposed expedition to the polar regions under the auspices of the American Museum of Natural History and the American Geographical Society.

The purposes of the Crocker Land Expedition are purely scientific. Harvard University, Yale University, several smaller colleges, various scientific societies, and the United States Government through several of its departments, intend to participate. The expedition has received the official endorsement of the Royal Geographical Society of London. Ensign Greene, of the United States Navy, has been detailed by the Federal Government to accompany the expedition. The Federal Government also is supplying the necessary instruments for geographical, meteorological, and similar work. Mr. Donald B. MacMillan has been appointed the scientific leader of the expedition. Mr. Walter Elmer Ekblaw, Assistant in Geology in the University of Illinois, has been appointed a member of the scientific staff. A contribution of \$10,000 is requested from the University. It may be made in three installments, the first \$5,000 and the second and third of \$2,500 each, payable at intervals of one year. The American Museum of Natural History in the city of New York has entire charge of the expedition, and in it will rest the complete ownership of and title to all the scientific results of the expedition. The Museum proposes, however, after the expedition returns (it may be gone for a term of three years), to make such a distribution of the material collected among the contributing institutions as a just consideration of all interests shall demand.

This matter was discussed at some length, but no action was taken.

The board adjourned.

W. L. ABBOTT, *President.*

C. M. McCONN, *Secretary.*

## **Meeting of March 11, 1913.**

---

The annual meeting of the Board of Trustees of the University of Illinois was called to meet in the Trustees' Room, at the University, in Urbana, at 10 A.M., on Tuesday, March 11, 1913.

When the board convened, all the members were present, namely, Mr. Abbott, Mr. Blair, Mrs. Busey, Governor Dunne, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Meeker, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; also Mrs. Bahrenburg and Mr. Hatch, outgoing members of the board, and President James.

### **MINUTES PRESENTED.**

The secretary presented the minutes of the special meeting of March 5, 1913, in manuscript form, the time between this special meeting and the annual meeting have been too short to permit of their presentation in printed form.

On motion of Mr. Dunne, the consideration of the minutes for approval or disapproval was deferred until all the members of the board can be furnished with printed copies.

### **INFORMAL REPORT FROM STUDENTS' WELFARE COMMITTEE.**

The question of unfinished business having been raised, Mrs. Evans presented an informal report (the full report to be presented later) from the Students' Welfare Committee, recommending the transfer of the School of Music from its present quarters in University Hall to the Woman's Building, the improvement of the ventilation in the Physics' Lecture Room, and the improvement of sanitary conditions in other rooms and buildings.

Mrs. Bahrenburg, one of the outgoing members of the board, spoke in behalf of these recommendations.

### **MR. HATCH IN BEHALF OF THE MEDICAL SCHOOL.**

Mr. Hatch, the other one of the outgoing members of the board who was present, being called upon, spoke in behalf of the College of Medicine, emphasizing the importance of the service which this department can render to the State, and bespeaking for it from the Board of Trustees the same care and attention that the other colleges and schools of the University enjoy.

### **ELECTION OF PRESIDENT OF THE BOARD.**

The election of officers being next in order, the secretary called for nominations for the position of President of the Board of Trustees for the ensuing year.

Mr. Abbott was nominated.

On motion of Mr. Dunne, it was voted that nominations be closed.

On motion of Mrs. Busey, it was voted that the secretary be instructed to cast the unanimous ballot of the board for Mr. Abbott; which being done, Mr. Abbott was declared elected, and, having expressed his appreciation of the honor conferred upon him, resumed the chair.

### ELECTION OF SECRETARY AND REGISTRAR.

Mr. C. M. McConn was re-elected Secretary of the Board of Trustees and Registrar for the period of one year.

### ELECTION OF TREASURER.

Nominations for the position of Treasurer of the University for the ensuing biennium having been called for, Mr. Hoit nominated Mr. Henry A. Haugan, of Chicago.

Mr. Trevett nominated Mr. Matthew W. Busey, of Urbana.

Mr. Dunne nominated Mr. William A. Tilden, of Chicago.

There being no further nominations, it was voted, on motion of Mr. Dunne, that nominations be closed.

At this point Mr. Blair offered a resolution that hereafter the Treasurer of the University of Illinois shall be ineligible for re-election.

Mr. Dunne presented the following substitute for Mr. Blair's motion: *Resolved*, That the Treasurer of the University of Illinois, on and after this date, be ineligible for re-election.

The president of the board having ruled that these motions were out of order, on the ground that under the by-laws of the board the business before the board was the election of officers, Mrs. Henrotin moved that the order of business provided for in the by-laws be set aside, in order that Mr. Blair's and Mr. Dunne's motions might be considered. This motion to set aside the order of business was lost.

The board then proceeded to the ballot for the office of treasurer. The president requested Mrs. Busey and Mr. Blair to serve as tellers.

On the first ballot the vote stood as follows: Mr. Busey, 5; Mr. Haugan, 5; Mr. Tilden, 2. On the second ballot the vote stood: Mr. Busey, 6; Mr. Haugan, 5; Mr. Tilden, 1. On the third ballot the vote stood: Mr. Busey, 7; Mr. Haugan, 5. Mr. Busey was accordingly declared elected.

### ELECTION OF MEMBERS OF THE EXECUTIVE COMMITTEE.

The president next called for nominations for two members of the Executive Committee, to constitute with the president of the board the Executive Committee for the ensuing year.

On motion of Mrs. Busey, it was voted that the two nominees receiving the highest number of votes on the first ballot be declared elected.

Mr. Dunne nominated Mr. Trevett.

Mrs. Busey nominated Mr. Moore.

Mr. Moore nominated Mr. Hoit.

On motion of Mrs. Busey, nominations were closed.

The president asked Mrs. Busey and Mr. Blair to serve again as tellers. The ballot being taken, the vote stood as follows: Mr. Trevett, 9; Mr. Moore, 8; Mr. Hoit, 5. Mr. Trevett and Mr. Moore were accordingly declared elected.

### ELECTION OF THE PRESIDENT OF THE UNIVERSITY.

On motion of Mr. Dunne, it was voted to instruct the secretary to cast the unanimous ballot of the board for Dr. Edmund J. James for the position of President of the University for the ensuing biennium at his present salary.

### ELECTION OF CHIEF CLERK IN THE COMPTROLLER'S OFFICE.

On motion of Mrs. Evans, it was voted that Mr. Oren E. Staples be re-elected chief clerk in the office of the comptroller for the period of one year.

### BOND AND RATE OF INTEREST.

On motion of Mrs. Busey, the bond of the treasurer was fixed at two million dollars (\$2,000,000).

On motion of Mr. Meeker, the bond of the chief clerk in the comptroller's office was fixed at twenty thousand dollars (\$20,000), and it was ordered that the cost of the same should be paid by the University. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Dunne, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Meeker, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, none.

On motion of Mrs. Busey, the Finance Committee was directed to secure satisfactory bonds as specified above and to report the same to the board for approval.

After further discussion, on motion of Mr. Dunne, it was voted to reconsider the previous motion directing the Finance Committee to secure the bonds.

Then, on motion of Mr. Dunne, the Executive Committee was directed to secure satisfactory bonds as specified above, and to report the same to the board for approval, and the question of the rate of interest to be paid by the treasurer on balances on deposit to the credit of the University was referred to the Executive Committee for consideration and report.

#### **AUTHORITY TO RECEIVE MONEYS.**

On motion of Mr. Blair, the following resolution was passed:

*Resolved*, That the Treasurer of the Board of Trustees of the University of Illinois is hereby authorized to receive and receipt for all moneys and to endorse all orders, drafts and checks, due and payable to the said Board of Trustees, or to the said University of Illinois, and especially all drafts drawn by the Treasurer of the United States payable to the said Board of Trustees, or to the said University of Illinois, on account of the Agricultural Experiment Station of the said University.

#### **TREASURER NOT ELIGIBLE FOR RE-ELECTION.**

On motion of Miss Watson, it was voted to amend the first sentence of section 1 of article V of the By-Laws of the Board of Trustees by the addition of the words "and shall not be eligible for re-election to succeed himself"; giving the following reading for the section as a whole:

SECTION 1. The officers of the board shall consist of a president, a recording secretary and a comptroller, who shall be elected for a term of one year, and a treasurer who shall be elected for a term of two years, and shall not be eligible for re-election to succeed himself.

The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Dunne, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Meeker, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, none.

At this point Mr. Meeker withdrew.

#### **AUDIT OF ACCOUNTS OF COLLEGE OF PHYSICIANS AND SURGEONS.**

President James presented a report of an audit of the accounts of the College of Physicians and Surgeons of Chicago from July 1, 1912, to March 1, 1913, made by the United States Audit Company.

From this report it appears that the cash on hand February 28, 1913, was \$10,410.85; and the fees receivable, \$15,044.85. As these fees were made up of sums due from students formerly enrolled in the college, it is probable that not more than two-thirds of the sum can be collected; so that the cash and debts due the institution turned over to the University of Illinois on March 1, 1913, amount, roughly speaking, to \$20,000.

The foregoing report of the audit of the accounts of the College of Physicians and Surgeons was received for record.

#### **NEED FOR SUMMER CAMP BY COLLEGE OF ENGINEERING.**

President James presented a request from Dr. W. F. M. Goss, Dean of the College of Engineering, and Dr. Ira O. Baker, Professor of Civil Engineering, to be heard on the subject of the need of the College of Engineering for a summer camp.

It was agreed to hear Dean Goss and Professor Baker on this subject immediately after luncheon and before the opening of the afternoon session.\*

A recess was then taken, for luncheon, until 2:30 p.m.

#### AFTERNOON SESSION, MARCH 11, 1913.

When the board convened at 2:30 p.m., the following members were present: Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; also Mrs. Bahrenburg, an outgoing member of the board. President James was present, and also, during a part of the afternoon, Prof. George E. Frazer, Comptroller.

#### MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

President James presented the following matters for consideration:

##### ENTRANCE REQUIREMENTS OF THE COLLEGE OF MEDICINE RAISED.

(1) The following statement on the subject of the entrance requirements of the College of Medicine:

It is necessary for the Board of Trustees to determine the requirements for admission to the Medical College of the University at the present time, if it wishes to make any changes in the requirements already established.

The minimum requirement thus far in force has been the presentation on the part of the candidate for matriculation of a certificate covering the completion of fifteen units of high school work. The universities of Indiana, Michigan, Wisconsin, Minnesota, Iowa and Missouri require for admission to the medical courses the completion of at least two years' work in a college of liberal arts and sciences, including in such work certain prescribed courses in chemistry, physics, biology and foreign language. The American Medical Association at its meeting in June, 1912, voted that it would not admit to the first division in its classified list any medical college which did not, after January 1, 1914, require at least one year of college credit in chemistry, biology, physics and modern language, or, in lieu of this, two or more years of work in a college of liberal arts, in addition to an accredited four-year high school course.

The Association of American Medical Colleges, at its meeting held in Chicago in February, adopted as a minimum requirement essentially the same standard as that accepted by the American Medical Association.

Dr. Montgomery moved that candidates for admission to the College of Medicine in September, 1913, be required to present, in addition to 15 units of high school work, at least one year of college work in a college or university of recognized standing; and that students entering the College of Medicine in September, 1914, and thereafter, be required to present, in addition to 15 units of high school work, at least two years of college work in a college or university of recognized standing.

After prolonged discussion, this motion of Dr. Montgomery's was adopted unanimously.

##### SUBSCRIPTION FOR CROCKER LAND EXPEDITION.

(2) A request that the Board of Trustees should hear Mr. Walter Elmer Ekblaw, Assistant in Geology, who has been chosen to go as a scientific expert with the Crocker Land Expedition to the arctic regions, upon the desirability of the University's making an appropriation in support of this expedition.

Mr. Ekblaw was heard, and gave a full account of the proposed expedition.

In this connection President James submitted the following additional statement and suggestion:

Dean David Kinley, on the occasion of a recent visit to New York City, held a conference with Mr. Edmund Otis Hovey, chairman of the committee in charge of this Crocker Land Expedition. Upon his return he received the following letter from Mr. Hovey, which explains itself:

\* Before the regular opening of the afternoon session of the board, the members listened to a presentation of this matter by Professor Baker. His recommendation is that the University purchase a plot of ground containing from fifteen hundred to two thousand acres, in some convenient place where land can be obtained cheaply, for the purpose of providing an adequate field laboratory for the department of civil engineering.

NEW YORK, 27 February, 1913.

MY DEAR DR. KINLEY: Inasmuch as you are now probably on your way out to Urbana, I wish to submit the following memoranda with reference to our conference of last Saturday.

*Firstly*—President Osborn's letter of 14 February addressed to you together with the documents which accompanied it are probably a sufficiently clear statement of the present organization and the plans of the expedition, taken into consideration with the statement in the December American Museum Journal, a copy of which was given you by me; except as to the particular ship which is to take the party northward, because we have not yet come to a satisfactory conclusion of our conferences with the owners of the "Roosevelt."

*Secondly*—The proposed cooperation of the University of Illinois in the expedition will be most highly appreciated and gratefully accepted by the organizing institutions, not only on account of the substantial pecuniary subscription proposed, but also and more on account of the fact that this cooperation emphasizes the national character of the support that the expedition is receiving.

The institutions already concerned in the enterprise are:

American Museum of Natural History.  
American Geographical Society of New York.  
Yale University.

United States Government through:

The Navy Department.

The Weather Bureau.

The Coast and Geodetic Survey.

The U. S. Geological Survey (through assistance in special training of members of the expedition.)

Carnegie Institution (Terrestrial Magnetism.)

Harvard University.

Museum of Comparative Zoölogy.

Brooklyn Institute of Arts and Sciences.

New York Academy of Sciences.

Georgetown University.

Colgate University.

Bowdoin College.

Worcester Academy.

Besides this I may say that the Royal Geographical Society of London has given its official endorsement to the expedition.

*Thirdly*—The proposed contribution of \$10,000 from the University of Illinois may be paid in three installments as follows:

Five thousand dollars this year as soon as may be convenient.

Twenty-five hundred dollars before 1 July, 1914.

Twenty-five hundred dollars before 1 May, 1915.

*Fourthly*—The organizing institutions would be very much pleased to add the name of the University of Illinois to its list of institutions mentioned on its letter-heads, and to have the University represented on the Honorary Committee. They certainly would have no objection to the addition of Professor Bayley to the committee in charge, if the University so desire, although they feel that the resident members of that committee must be left free to act in urgent matters without waiting for the vote of the non-resident member.

*Fifthly*—The subscription of the University of Illinois will provide for the employment of an additional scientific member of the expedition party—this member to be selected with a view to the needs of the expedition as determined by the committees and the scientific leader, Mr. D. B. McMillan.

*Sixthly*—In accordance with the arrangements made with all the present contributors and the members of the expedition party, all the personal diaries and scientific notes, all the original negatives and all the material collected upon the expedition are to come to the American Museum of Natural History, and the Museum will distribute the results to the contributing institutions in as equitable manner as is practicable, endeavoring to satisfy the peculiar needs of everyone as far as it lies in its power to do so. This is to say, the Museum retains primary control and conservation of the data obtained by the party.

In this connection, it should be stated that the first popular results (magazine articles, books, lectures) of the expedition are already pledged to Mr. MacMillan, and the first publication of the strictly geographical results are pledged to the American Geographical Society.

I may also note, however, that it is reasonable for the University of Illinois to expect to receive as tangible outcome specimens of walrus, seal, caribou, musk oxen, hare, polar bear, birds, and ethnological material from the northern Eskimo. It is not desirable to make any special assignment of the material collected by any one member of the party, it being considered better for the interests of all concerned to pool all the material collected and determine the distribution after the return of the party to New York.

*Seventhly*—The tourists that go with the ship will return with the ship. They are under contract to surrender to the leader of the expedition for the purposes thereof all material obtained on the northward journey and up to the time that the ship leaves on its return, as far as such material may be required by the expedition.

Very truly yours,

E. O. HOVEY, *In Charge.*

It appears from these various statements that this expedition, organized for purely scientific purposes, is going out with every prospect of success, humanly speaking, and that if the University of Illinois should join in this it might reasonably count upon such an accession to its mineralogical, geological, and natural history collection as would justify the expenditure.

All our leading universities have utilized this method of either combining with other institutions in sending out scientific expeditions or equipping scientific expeditions on their own account for the purpose of making scientific collections as the most efficient method of building-up the requisite material for instruction in the various scientific departments.

Of course one cannot tell what might happen to an Arctic expedition. Shipwreck might come to all the members of the party, and the terrible example recently furnished in the Antarctic region might well make us hesitate before relying too confidently upon the success of this new polar expedition. But the purpose of this expedition is not to get to the pole or to seek the pole or anything of the kind, but is to carry on scientific work within the Arctic circle, and it looks as if all contingencies had been as carefully provided for as human skill can make possible.

Under the circumstances, I think it would be perfectly legitimate action on the part of the trustees to make this requested subscription of ten thousand dollars (\$10,000) toward this expedition, provided we can be assured of a fair distribution of the proceeds of the expedition. Personally I should wish to have a little more certainty on this point than is given thus far in the communications we have had from the managing committee.

The sum might be charged either to the funds of the Graduate School or to the fund for cabinets and collections.

On motion of Mr. Blair, it was voted that the President of the University be authorized to subscribe on behalf of the University the sum of ten thousand dollars (\$10,000) toward the expenses of the Crocker Land Expedition, provided that the Executive Faculty of the Graduate School recommend that this subscription be made; and, provided, further, that the President of the University approve of the guarantees offered by the Crocker Land Expedition concerning the distribution of such scientific material as may be obtained. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker.

#### ENDORSEMENT REQUESTED FOR WATER SURVEY BILL.

(3) A request from Dr. Edward Bartow, Director of the State Water Survey, that the board endorse a bill to be introduced in the General Assembly, providing for appropriations for the Water Survey, additional to the appropriations included in the University bill.

At the last session of the Legislature a bill providing for appropriations to the amount of fifteen thousand dollars (\$15,000) per annum, which should be used under the direction of the Water Survey of the University for the purpose of making a study of the water supplies of the State, received the general approval of the University trustees, and the bill was passed and the appropriation made. The request here is for a general approval of the same kind of a bill, not a request to insert this amount in the askings of the University for the Water Survey.

Professor Bartow was heard on this matter, and gave a full account of the work of the Water Survey during the past biennium and a statement of what has been accomplished with its appropriations.

No action was taken in regard to this matter.

At this point Messrs. Blair and Montgomery withdrew.

#### DELEGATION OF SIGNING OF WARRANTS.

(4) The following letter from Professor George E. Frazer, Comptroller, suggesting a change in the present procedure with reference to the signing of warrants for the payment of salaries of permanent employees of the University.

URBANA, ILL., March 11, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: Your attention is respectfully called to the present procedure in the signing of warrants for the payment of salaries of permanent employees of the University. Under the present procedure, approximately 680 salary warrants are signed personally each month by the President of the Board and by the Secretary of the Board. I respectfully suggest that the President and Secretary of the Board of Trustees be authorized by the board to designate employees of the University to sign their names to regular salary warrants. I am informed by the legal counsel of the University that such a procedure will be valid legally.

Very truly yours,

GEO. E. FRAZER, *Comptroller.*

On motion of Mrs. Evans, the foregoing recommendation of the comptroller's was approved.

#### TRANSFER OF FUNDS, COLLEGE OF AGRICULTURE.

(5) A request from Dr. Eugene Davenport, Dean of the College of Agriculture, that the sum of five thousand dollars (\$5,000), from the amount appropriated

by the Board of Trustees in the budget for the current year to the Department of Agricultural Extension, be transferred to the account of the Department of Dairy Husbandry; two positions which were provided for in the budget of the Department of Agricultural Extension could not be filled because suitable men could not be found, and it is possible, therefore, to transfer the amount named to the Department of Dairy Husbandry, which needs the funds.

On motion of Mr. Hoit, the foregoing request of Dean Davenport was approved.

#### SUMMER SESSION OF THE COLLEGE OF MEDICINE.

(6) A recommendation that the Dean of the College of Medicine be authorized to conduct a summer session of the College of Medicine on the general lines of former summer sessions, and at an expense not to exceed the estimated income from the fees of the students of the summer session.

On motion of Mrs. Evans, this recommendation was approved.

#### BILL FOR ADDITIONAL PLANS FOR THE ARMORY.

(7) A bill from Mr. W. Carby's Zimmerman, State Architect, for professional services rendered in the preparation of additional plans for the new Armory (actual time and materials), three hundred ninety-one dollars and twenty cents (\$391.20); these additional plans having been ordered by vote of the Board of Trustees at the meeting of July 13, 1912 (p. —), and the plans having now been drawn and being in the possession of the supervising architect.

On motion of Mrs. Henrotin, it was voted to authorize the payment of this bill, when approved by the Supervising Architect. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

#### APPOINTMENT TO DEANSHIP OF THE COMBINED COLLEGE OF LIBERAL ARTS AND SCIENCES.

(8) A recommendation that the President of the University be authorized to appoint Dr. Kendrick Charles Babcock, Specialist in Higher Education of the Bureau of Education, Washington, D. C., as Dean of the Combined College of Liberal Arts and Sciences, at a salary of five thousand dollars (\$5,000) per annum, work and salary to begin as soon as Dr. Babcock reports for duty.

On motion of Mrs. Evans, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

#### APPOINTMENT TO PROFESSORSHIP OF BOTANY.

(9) A recommendation that the President of the University be authorized to appoint Dr. William Trelease as Professor of Botany and head of the Department of Botany, at a salary not to exceed five thousand dollars (\$5,000) per annum, work and salary to begin as soon as Dr. Trelease reports for duty.

This recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

#### STATEMENT ON THE SUBJECT OF CIVIL SERVICE.

(10) The following statement on the subject of civil service at the University: As the members of the Board of Trustees are aware, the University was put under the general provisions of the State-wide civil service law by the action of the last Legislature.

I believe that all the officers of the University have attempted to carry out in good faith the provisions of this law.

I believe, moreover, that the State Civil Service Commission has shown a willingness to meet the wishes of the University, so far as they felt they could do so in accordance with the provisions of the law.

I have no doubt myself that if we are going to secure efficiency, as well as the elimination of politics from the State service, the law will have to be amended in important particulars, but certainly no individual officer of the State and no public board of the State can afford to do anything which would justly incur the charge of being opposed to an efficient merit system.

We believe we have had such a system in the University for the past twenty years at any rate, and we believe that the present law has rather interfered with the efficiency of that system than helped it. But the same reasons which led the board to favor including the University under the provisions of the general law still hold.

Dean Davenport expressed very well in his address to the board the difficulties and annoyances which the execution of this law, with the very best intent on the part of the State Commission, has inflicted upon the University, and I presume that every administrative officer who has had to deal with the situation has had much the same feeling as Dean Davenport.

All that we desire, however, is to make our merit system of appointment as efficient as possible.

For the further discussion of this question I appointed a committee consisting of Dean O. A. Harker, Legal Counsel of the University; Mr. C. M. McConn, Secretary of the Board, who has had charge of the actual administration of the State Civil Service Law in the University; Professor George E. Frazer, Comptroller, and Professor J. A. Fairlie and Professor W. F. Dodd, members of the Department of Political Science, and asked them to give me a report, after a full investigation, as to what it is desirable for the University to do in the matter.

The foregoing statement was received for record.

The board adjourned.

W. L. ABBOTT, *President*.

C. M. McCONN, *Secretary*.

#### MEETING OF THE EXECUTIVE COMMITTEE, MARCH 11, 1913.

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the Trustees' Room, at the University, in Urbana, immediately following the adjournment of the afternoon session of the annual meeting of the board on Tuesday, March 11, 1913.

There were present: Messrs. Abbott and Trevett, members of the Executive Committee; Mr. Hoit, member of the board, and President James.

#### APPROPRIATIONS FROM CURRENT FUNDS.

President James presented a recommendation from Professor George E. Frazer, Comptroller, that the following assignments be made from the current funds of the University to the accounts indicated:

Labor .....	4,500 00
Total .....	\$10,000 00

This recommendation was approved.

The Executive Committee adjourned.

W. L. ABBOTT, *Chairman*.

C. M. McCONN, *Clerk*.

## Meeting of April 4, 1913.

A special meeting of the Board of Trustees of the University was held at the Blackstone Hotel, in the city of Chicago, on Friday, April 4, 1913, beginning at 12 m., pursuant to the following notice which was sent out by the secretary on March 28, 1913:

Upon the call of the president, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in the city of Chicago, on Friday, April 4, 1913, beginning at 12:00 m., to consider such matters as the committees of the board and the President of the University may submit and such other matters as may be duly presented.

When the board convened, the following members were present: Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Meeker, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson. President James was present.

### MINUTES APPROVED.

The secretary presented the minutes of the special meeting of March 5, 1913, and of the annual meeting of March 11, 1913, both of which, on motion of Mrs. Henrotin, were approved.

### REPORT OF AUDIT COMPANY.

The secretary presented a report from the United States Audit Company of Chicago, of an audit of the books and accounts of the University for the quarter ending December 31, 1912. This report was received to be printed, the accompanying exhibits and schedules to be filed.

February 6, 1913.

*A. P. Grout, Esq., Chairman Finance Committee, University of Illinois, Winchester, Ill.*

DEAR SIR: Agreeably to your request, we have made an audit of the books and accounts of the University of Illinois for the second quarter of the fiscal year as ended December 31, 1912.

On the several statements, as enumerated on the index prefixed hereto, we present full details of the cash receipts and disbursements.

We reconciled the chief clerk's cash account on the morning of January 20, 1913, proved the cash book footings from October 23, 1912, to January 20, 1913, verified the cash in the office by count, and examined and proved the footings of the approved and receipted vouchers in process of entry. The first National Bank of Champaign gave us a letter, certifying as to the cash on deposit at January 20, 1913, amount being \$12,050.69.

Summarized, the chief clerk's cash account is as follows:

Balance on hand October 23, 1912.....	\$13,357 59
Receipts from various sources.....	31,065 56

\$44,423 15

Deduct—Remittance to treasurer.....	29,696 04
-------------------------------------	-----------

Balance on hand January 20, 1913.....	<u>\$14,727 11</u>
---------------------------------------	--------------------

Made up as follows—

Currency .....	\$ 1,019 00
Coin .....	43 08
Checks for deposit .....	1,298 98
First National Bank balance .....	<u>12,050 69</u>

Total cash .....	\$14,411 75
------------------	-------------

Vouchers in process of entry .....	215 36
------------------------------------	--------

Loans .....	<u>100 00</u>
-------------	---------------

\$14,727 11

In the cash statement following, we present in total the general cash transactions for the second quarter, as represented by the cash book and warrant register, beginning with the general cash balance as of September 30, 1912:

Treasurer's balance .....	\$623,722 17
Chief clerk's balance .....	15,288 55
	<hr/>
<i>Add</i> —Cash receipts (Exhibit "A") .....	\$639,010 72
	38,381 70
	<hr/>
<i>Deduct</i> —Cash disbursements (Exhibit "B") .....	\$677,392 42
	603,941 79
	<hr/>
	<u>\$73,450 63</u>

*Made up as follows—*

Treasurer's balance .....	\$54,350 22
Chief clerk's balance .....	19,100 41
	<hr/>
	<u>\$73,450 63</u>

We compared all warrants paid during the quarter with the treasurer's record, and obtained a certification from the State Bank of Chicago that the balance of cash on deposit to the credit of the treasurer at the close of business December 31, 1912, was \$177,451.34.

We proved the footings of the warrant register, summer session fee book, verified all postings to the general ledger; and examined the receipted bills, and compared them with all the vouchers.

The following is a reconciliation of the treasurer's account with the books of the University as at December 31, 1912:

Treasurer's balance, per University books .....	\$ 54,350 22
<i>Add</i> —Unpaid warrants (Schedule "5") .....	123,041 13
Item of pharmacy receipt not entered on University books .....	60 00
	<hr/>
	<u>\$177,451 35</u>

*Made as follows—*(Schedule "6")—

General fund .....	\$158,980 43
College of Medicine fund .....	4,888 22
U. S. Agricultural Experiment Station fund .....	7,835 19
School of Pharmacy fund .....	5,747 50
Difference .....	1
	<hr/>
	<u>\$177,451 35</u>

We are pleased to report favorably on the accuracy of the clerical work.

Yours very truly,

UNITED STATES AUDIT CO.,

Supervised by:

WHITNEY B. FLERSHEM,  
Certified Public Accountant.

HENRY L. HERTZ, President.

DEAR SIR: The resignations of all members of the Board of Directors of the College of Physicians and Surgeons, which were tendered under date of February 1, have been accepted, as shown by the attached letter to Judge Harker.

Very truly yours,  
W. L. ABBOTT.

[ENCLOSURE.]

March 17, 1913.

*Judge O. A. Harker, Counsel, University of Illinois, Urbana, Ill.*

DEAR SIR: At my request Dr. Steele, President of the Board of Directors of the College of Physicians and Surgeons, has accepted the resignations of the other

members of the board, and I have accepted his resignation, as shown by the correspondence attached.

You, I believe, are custodian of the letters in which these resignations were tendered. Please file this letter with its attached correspondence with the resignations referred to.

Very truly yours,  
W. L. ABBOTT.

#### REPORT OF INSPECTION FOR PERSONAL HAZARDS.

(3) A report of the completion of the inspection of University property for conditions which might constitute personal hazards (authorized by the Executive Committee on February 1, 1913, page —):

March 22, 1913.

*Mr. C. M. McConn, Secretary, University of Illinois, Urbana, Ill.*

DEAR SIR: At a recent meeting of the board I was authorized to have an inspection made of the University property for the purpose of discovering any conditions which may exist which might constitute personal hazards.

This report has now been finished, and two copies of the same are being forwarded to the supervising architect.

Very truly yours,  
W. L. ABBOTT.

#### APPOINTMENTS MADE BY THE PRESIDENT OF THE UNIVERSITY.

The secretary presented also for record the following report of appointments made to fill vacancies in positions created by the Board of Trustees:

Babcock, Kendric Charles, Dean of the College of Liberal Arts and Sciences, at a salary of five thousand dollars (\$5,000) per annum, work and salary to begin as soon as he reports for service. (April 2, 1913.)\*

Clanton, Edna M., Stenographer in the Office of the Water Survey, at a salary of fifty dollars (\$50) a month, beginning March 3, 1913, and continuing until further notice or until June 30, 1913. (April 2, 1913.)

\* The date in parenthesis is the date on which the appointment was made by the President of the university.

Mathers, Jennie A., Stenographer in the Office of the College of Literature and Arts, at a salary of fifty dollars (\$50) a month, from March 1, 1913, until further notice or until August 31, 1913. (April 2, 1913.)

Scott, Edna Lyman, Lecturer in the Library School, for five weeks beginning April 7, 1913, at a remuneration for the period named of two hundred fifty dollars (\$250). (March 14, 1913.)

Sharp, Bertha, Catalog Assistant in the Library, for seven months beginning February 1, 1913, at a salary of fifty-five dollars (\$55) a month, vice Flora M. Case, resigned. (March 13, 1913.)

Yensen, Trygve D., transferred from the position of Assistant in the Engineering Experiment Station and Administrative Assistant to the Director of the Engineering Experiment Station, at a salary of one hundred fifty dollars (\$150) a month, to that of Assistant in Electrical Engineering in the Engineering Experiment Station, at a salary of one hundred dollars (\$100) a month, from April 1, 1913, until August 31, 1913. (March 18, 1913.)

### ADDRESS TO THE GENERAL ASSEMBLY CONCERNING THE MEDICAL SCHOOL.

President James presented the draft of an address to the General Assembly in the matter of the College of Medicine, entitled "Memorandum Concerning the College of Medicine of the University of Illinois."

On motion of Mr. Montgomery, it was voted unanimously to endorse this address and to authorize the President of the University to send copies of it to the members of the General Assembly.

At this point Mr. Meeker withdrew.

### MINUTES OF THE EXECUTIVE COMMITTEE MEETING, APRIL 4, 1913.

The secretary presented the following report of a meeting of the Executive Committee, held just prior to the meeting of the board:

CHICAGO, April 4, 1913.

*To the Board of Trustees of the University of Illinois.*

Your Executive Committee held a meeting on this date at the Blackstone Hotel in Chicago. All of the members were present, namely: Messrs. Abbott, Moore, and Trevett; also Mr. M. W. Busey, Treasurer, and President James.

### TREASURER'S BOND; RATE OF INTEREST.

The treasurer's bond was presented, together with the following letter from Mr. Busey:

CHICAGO, April 4, 1913.

*Chairman of the Board of Trustees, University of Illinois, Urbana, Ill.:*

If my bond is accepted and I am elected treasurer, I hereby agree to pay the University interest on daily balances at the rate of two per cent (2%) on the funds coming into my hands.

Yours truly,  
M. W. BUSEY.

[BOND.]

Know all men by these presents, that we, Matthew W. Busey, as principal, and George W. Busey, John W. Busey, James B. Busey, Ulysses G. Swearingen, John L. Black, George M. Johnson, Albert J. Kirkpatrick, John P. Hudson, John T. White, John W. Stipes, A. B. Smith, F. M. Marriott, Jacob M. Smith, John A. Edwards, Wm. I. Saffell, Frank D. Willard, as sureties, are held and firmly bound into the University of Illinois, of Urbana, in the county of Champaign, State of Illinois, in the sum of two million dollars (\$2,000,000) good and lawful money of the United States, for the payment of which, well and truly to be made, we bind ourselves and our heirs, executors and administrators, jointly, severally and firmly by these presents.

Witness our hands and seals this 14th day of March, A.D. 1913.

The consideration of this obligation is such that whereas the above bounden, Matthew W. Busey, was on the 11th day of March, A.D. 1913, duly elected to the office of treasurer of the University of Illinois, for a period ending on the 11th day of March, A.D. 1915, or until his successor shall be appointed and qualified, and is about to assume the duties of said office.

Now, if the said Matthew W. Busey shall well and truly perform and faithfully discharge the duties of treasurer of said University of Illinois, during his term of office, and shall faithfully keep and truly account for all moneys, bonds, securities or other property coming into his hands as such treasurer during his term of office, and at the expiration of his term of office shall pay over to his successor in office, or to any other person duly authorized by the Board of Trustees of said University of Illinois to receive the same, all moneys, bonds, securities or other property received by him as such treasurer and not otherwise lawfully paid out or disposed of, and shall deliver to his successor in office or

other person appointed to receive the same, the property, books, papers and other things in his hands belonging to said office, and shall, at the expiration of his term of office, or oftener, if thereunto requested by the Board of Trustees of said university of Illinois, render a just and true account of his doings as such treasurer, then this obligation to be null and void; otherwise to remain in full force, effect and virtue.

Matthew W. Busey,  
George W. Busey,  
F. M. Marriott,  
John J. White,  
George M. Johnson,  
Ulysses G. Swearingen,

John W. Stipes,  
A. B. Smith,  
John W. Busey,  
James B. Busey,  
Albert J. Kirkpatrick,  
John L. Black,

John T. Hudson,  
Jacob M. Smith,  
John A. Edwards,  
Wm. I. Saffell,  
Frank D. Willard.

STATE OF ILLINOIS,  
COUNTY OF CHAMPAIGN, } ss.

I, Garrett H. Baker, a notary public in and for said county, in the State aforesaid, do hereby certify, that Matthew W. Busey, George W. Busey, John W. Busey, James B. Busey, Ulysses G. Swearingen, John L. Black, George M. Johnson, Albert J. Kirkpatrick, John P. Hudson, John T. White, John W. Stipes, A. B. Smith, F. M. Marriott, Jacob M. Smith, John A. Edwards, Wm. I. Saffell, Frank D. Willard, are personally known to me to be the same persons whose names are subscribed to the foregoing instrument, appeared before me this day in person and acknowledged that they signed, sealed and delivered the said instrument as their free and voluntary act, for the uses and purposes therein set forth.

Given under my hand and notarial seal this 14th day of March, 1913, A.D.

(Notary's Seal.)

GARRETT H. BAKER,

Notary Public.

It was voted to recommend to the Board of Trustees the approval of Mr. Busey's bond as offered, and also the acceptance of his proposition to pay the University interest on daily balances at the rate of 2 per cent (2%).

#### WARRANTS TO BE PAYABLE IN BOTH URBANA AND CHICAGO.

The chairman presented the following letter from Mr. M. W. Busey, Treasurer:  
March 22, 1913.

*The Executive Committee of the Board of Trustees, University of Illinois.*

GENTLEMEN: If there is no objection on the part of the Board, the warrants of the University will be made payable both at Busey's Bank, Urbana, and at the Continental and Commercial National Bank of Chicago. The comptroller assures me that this will be a very great convenience to the University, because of the location of several departments in Chicago.

Yours truly,

M. W. BUSEY, Treasurer.

The arrangement proposed in the foregoing letter from Mr. Busey was approved.

#### WARRANTS ALREADY DRAWN AGAINST MR. HAUGAN TO BE TAKEN UP BY THE STATE BANK.

The chairman presented the following letter from Mr. M. W. Busey, Treasurer:  
March 22, 1913.

*The Executive Committee of the Board of Trustees, University of Illinois.*

GENTLEMEN: If there is no objection, the treasurer will arrange with the State Bank of Chicago to take up warrants already drawn against H. A. Haugan, but still outstanding.

Yours truly,

M. W. BUSEY, Treasurer.

The arrangement proposed in the foregoing communication from Mr. Busey was approved.

#### LOCAL RECEIPTS TO BE DEPOSITED WITH THE TREASURER.

The chairman presented the following letter from Mr. M. W. Busey, Treasurer:  
March 22, 1913.

*The Executive Committee of the Board of Trustees, University of Illinois.*

GENTLEMEN: As the Treasurer of the University of Illinois, permit me to make the following recommendation pertaining to this office:

In my examination of the records of your business office and the reports of your comptroller, I find that the funds of the University are now being carried in several different accounts, some of which do not go through the treasurer's office. Now that the treasurer is virtually located at the University, I would therefore respectfully recommend:

That all local receipts of the University coming from any of its departments in Urbana or Champaign be deposited directly with the University treasurer by the chief clerk, and that the comptroller and treasurer be authorized to effect such changes in procedure as may be necessary, provided that any change in the rules of the board shall be submitted to the board for approval.

The above method of procedure would facilitate the work of both the comptroller and the treasurer.

Further, as to the receipts of the departments of the University located at Chicago, the comptroller and treasurer have agreed that all receipts derived therefrom be deposited with the Continental and Commercial National Bank of Chicago, to the credit of Busey's Bank of Urbana, for the use of M. W. Busey, Treasurer, said Chicago bank to issue duplicate receipts for each deposit, one receipt to be retained by the depositor, and the other forwarded by him direct to the comptroller for his files.

Yours truly,

M. W. BUSEY, *Treasurer.*

The plan proposed in the foregoing communication from Mr. Busey was approved.

#### NOTICE OF MR. BUSEY'S ELECTION AS TREASURER.

It was voted to recommend to the board that Mr. Haugan be notified that Mr. M. W. Busey has been elected and qualified as Treasurer of the University, and that Mr. Haugan be directed to turn over to Mr. Busey all funds, books, and securities belonging to the University, accepting therefor the receipt of Mr. Busey.

#### AUDIT OF EX-TREASURER'S ACCOUNTS.

It was voted also to recommend to the board that the Finance Committee be directed to have an audit made of the accounts of the outgoing treasurer.

#### EXECUTIVE COMMITTEE AUTHORIZED TO APPROVE THE CHIEF CLERK'S BOND.

It was voted also to recommend to the board that the Executive Committee be authorized to approve the bond of the chief clerk.

The committee adjourned.

W. L. ABBOTT,  
ALLEN F. MOORE,  
J. R. TREVETT,

*Executive Committee.*

C. M. McCONN, *Clerk.*

On motion of Mrs. Busey, it was voted to approve the recommendation of the Executive Committee that the bond of Mr. Busey be approved as offered, and that his proposition to pay 2 per cent on daily balances be accepted.

It was also voted, on motion of Mr. Montgomery, to approve the further recommendations of the Executive Committee, namely:

(1) That Mr. Haugan be notified that Mr. Busey has been elected and qualified as treasurer, and be directed to turn over to Mr. Busey all funds, books, and securities belonging to the University, accepting therefor Mr. Busey's receipt;

(2) That the Finance Committee be directed to have an audit made of the accounts of the outgoing treasurer; and

(3) That the Executive Committee be authorized to approve the chief clerk's bond.

#### DOCTOR MOOREHEAD ON THE REORGANIZATION OF THE COLLEGE OF DENTISTRY.

President James presented a request from Dr. Frederick B. Moorehead, of Chicago, formerly Professor of Oral Surgery in the College of Dentistry, and Chairman of the Alumni Committee on the Reorganization of the College of Dentistry, to be heard by the trustees with reference to the reorganization of that college.

Dr. Moorehead was introduced and was heard on this matter.

On Mrs. Henrotin's motion, it was voted that the question of the advisability of re-opening the College of Dentistry be referred to the Committee on the College of Medicine and the School of Pharmacy for consideration and report.

After further discussion, Mrs. Henrotin moved the reconsideration of the motion just previously passed, referring the question of the advisability of re-opening the College of Dentistry to the Committee on the College of Medicine and the School of Pharmacy for consideration and report. A roll call was requested on this motion to reconsider. The motion to reconsider was passed, the vote being as follows: Ayes, Mrs. Evans, Mrs. Henrotin, Mr.

Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; nos, Mr. Abbott, Mrs. Busey, Mr. Hoyt; absent, Mr. Blair, Mr. Dunne, Mr. Meeker.

Mrs. Henrotin then presented the following motion: That the board record its approval of the address given by Dr. Moorehead, and express its opinion that it would be desirable to organize a scientific department of dentistry when the Medical School shall be well established. This motion was passed.

#### MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

President James presented the following matters for consideration:

##### SUBSCRIPTION TO THE CROCKER LAND EXPEDITION.

(1) The following report with reference to the proposed subscription to the Crocker Land Expedition (see pp. 193 and 197-199):

In accordance with the action taken by the Board of Trustees at the last meeting, I have subscribed the sum of ten thousand dollars (\$10,000), on behalf of the University of Illinois, toward the expenses of the Crocker Land Polar Expedition. I am appending my letter on the subject and a letter just received from Mr. Henry Fairfield Osborn, Chairman of the Honorary Committee of the American Museum of Natural History.

##### [PRESIDENT JAMES' LETTER.]

URBANA-CHAMPAIGN, ILL., March 22, 1913.

*E. O. Hovey, Esq., American Museum of Natural History, New York City.*

MY DEAR MR. HOVEY: In regard to the contribution of the University to the fund to defray the expenses of the proposed Crocker Land Expedition, I beg to say that I have been authorized by the Board of Trustees to subscribe the sum of \$10,000, payable \$5,000 during the present year and \$2,500 for each of the two succeeding years.

I was to make the subscription on condition that I received assurances which would be reasonably satisfactory concerning the recognition of this cooperation and the distribution of material.

I understand that an equal recognition will be given to the University of Illinois with the American Museum of Natural History and the American Geographic Society, and that this will appear on the letterheads of the expedition and all publications relating to it or dealing with the scientific results accomplished by it; and that one of the members of the committee in charge of the expedition will be a person nominated by the University of Illinois, and for this member I am nominating Professor W. S. Bayley.

Furthermore, that the material obtained by the expedition will be worked up by the best persons available for the purpose, and that such persons will be first sought among the organizing institutions, viz., the three mentioned above.

Further, that the material collected by the expedition will be deposited at the American Museum of Natural History for safe keeping until distributed among the contributing institutions by the American Museum of Natural History, the American Geographical Society, and the University of Illinois.

Further, that the American Museum of Natural History will give to the University of Illinois such museum material aside from that collected on this expedition as it may think proper and as we should care to have.

Further, that the name of the President of the University of Illinois will be added to the Honorary Committee. And finally, that aside from Mr. Ekblaw, who I believe has been definitely appointed, Mr. Tanquary shall be appointed as specialist in zoölogy. I understand that this has also been done.

On the basis of the above conditions, which represent the understanding I had with you, I hereby make the formal subscription, and the first payment will be available whenever you call for it.

I do not wish any announcement to be made at present of this fact, further than is necessarily involved in carrying out these conditions; of course the information on the letterheads will be in the possession of the people as soon as they are printed, and you are at liberty to give this information privately to the others contributing; but I wish no general announcement to be made as to the amount, etc., until I am ready to make it myself or authorize you to do so for us.

I congratulate the American Museum of Natural History upon the successful undertaking thus far. I trust that everything will go without a hitch and that we shall all be greatly pleased with the results of this great scientific enterprise.

Faithfully yours,

EDMUND J. JAMES.

##### [MR. OSBORN'S LETTER.]

NEW YORK, March 22, 1913.

DEAR PRESIDENT JAMES: Allow me to express the gratification felt by myself and the other members of the present Honorary Committee of the Crocker Land

Expedition over the report brought back by Dr. Hovey of his interviews with you and the members of your natural science faculty on Monday and Tuesday of this week. We welcome the addition of you yourself to this committee and of Professor Bayley to the Committee in Charge, as cementing the high practical cooperation expressed in your generous appropriation of \$10,000 toward the scientific work of the expedition, and we look forward with much pleasure to the intimate association between your institution and ours that will eventuate therefrom. We congratulate you upon having two such well-equipped graduates in science as Messrs. Ekblaw and Tanquary to supply for membership on the staff. We are sure that you will not fail to receive much scientific credit abroad as well as at home and much valuable material for your exhibition and study collections from participation in the enterprise.

Your strong cooperation in the Crocker Land Expedition makes the enterprise of national interest—a feature that is particularly pleasing to the organizing institutions and valuable to American science in general.

Very sincerely yours,

HENRY FAIRFIELD OSBORN,  
Chairman of Honorary Committee.

The foregoing statement, with the accompanying correspondence, was received to be printed in the minutes.

At this point Miss Watson withdrew.

#### \*APPROPRIATION FOR THE COLLEGE OF MEDICINE.

(2) A request from the Dean of the College of Medicine for an appropriation of four thousand dollars (\$4,000) to meet certain proposed changes in the budget of the College of Medicine for the current year as shown in the following schedule:

##### *Increases.*

On motion of Mr. Montgomery, it was voted to authorize the proposed changes in the budget of the College of Medicine as indicated above, and to make the appropriation requested. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Miss Watson.

#### LAND FOR EXPERIMENTAL FIELD.

(3) A letter from Dr. Eugene Davenport, Dean of the College of Agriculture, transmitting a letter from Dr. C. G. Hopkins, Professor of Agronomy, and a deed transferring seventeen acres of land off the south side of the northeast quarter of the southwest quarter of section thirty-one (31), township ten (10), range nine (9), east of the Third Principal Meridian, from Mary I. Grissom and John W. Grissom, her husband, to the Board of Trustees of the University of Illinois, to be used as an agricultural experiment field.

On motion of Mrs. Busey, it was voted to refer this correspondence and deed, and also the question as to the proper procedure in such cases, to the Committee on Agriculture, with instructions to report at the next meeting of the board.

#### STATUE OF JOSEPH G. CANNON.

(4) A statement that the Honorable Joseph G. Cannon has presented to the University a bronze replica of a marble bust which was presented to him by his friends in Washington.

\* See insert, meeting of June 10, 1913, page —.

On motion of Mrs. Evans, it was voted to accept this gift and to authorize the President of the University to express to Mr. Cannon the hearty appreciation of the Board of Trustees.

#### LABORATORY FEES IN CHEMISTRY AND HOUSEHOLD SCIENCE.

(5) The following recommendation from the Council of Administration:

April 2, 1913.

*Dr. Edmund J. James, President.*

DEAR MR. PRESIDENT: The Council of Administration, at its meeting of April 1, 1913, voted to recommend to the Board of Trustees the approval of the following new laboratory fees:

Chemistry 80—Glass Blowing .....	\$2 00
Household Science 14—Special Problems in Connection with the Service of Food (formerly \$3.00) .....	5 00
Household Science 17—Problems in the Study of Textiles .....	2 00
Household Science 18—Lunch Room Management .....	5 00

#### *Summer Session Courses.*

Household Science S1—Foods .....	\$2 00
Household Science S2—Dietetics .....	2 00
Household Science S3—Lunchroom Management .....	3 00

Yours very truly,

E. J. TOWNSEND,  
*Secretary, Council of Administration.*

On motion of Mrs. Busey, the foregoing recommendation was approved.

#### PROPOSAL FOR THE NEXT AUDIT OF THE UNIVERSITY'S ACCOUNTS.

(6) A letter from Mr. Henry L. Hertz, President of the United States Audit Company of Chicago, proposing to begin their next quarterly audit of the accounts of the University on April 9, 1913.

On motion of Mr. Montgomery, this communication was referred to the Finance Committee, with power to act.

#### PROPOSED EMPLOYMENT OF COLLECTING AGENCY.

(7) A request from Professor George E. Frazer, Comptroller, that he be authorized to employ a collecting agency in the collection of delinquent fees and delinquent loans from the Snyder loan fund, if in his opinion it is desirable in any individual case to do so.

On motion of Mrs. Evans, this request was referred to the Finance Committee, with power to act.

#### LEAVE OF ABSENCE FOR PRESIDENT JAMES TO ATTEND INTERNATIONAL CONFERENCE ON EDUCATION.

(8) The following statement in regard to an invitation received by the President of the University:

I have received an invitation from the Hon. P. P. Claxton, United States Commissioner of Education, to attend an International Conference on Education, to be held at The Hague in the early part of September. This conference has been called by the Netherlands Government, which has invited the countries having representation at The Hague to send delegates to the conference. The purpose of the conference will be to discuss problems of international interest in education and to prepare a plan for a permanent international council on education. I am asked to go as a representative of the State universities. I do not wish to accept this invitation unless the Trustees of the University of Illinois desire that I should do so, and unless they required my attendance at such an international conference as a legitimate part of my work as President of the University.

On motion of Mr. Montgomery, it was voted that the President of the University be given leave of absence for such period during the summer and fall of the current year as may be necessary to enable him to attend the International Conference on Education at The Hague.\*

\* See addition, meeting of June 10, 1913, page —.

**REQUEST FOR RETENTION OF LIEUTENANT COLONEL MORSE.**

On motion of Mrs. Busey, it was voted to present to the War Department a request that Lieutenant Colonel Morse be detailed to the University as Commandant for another period.

**APPROPRIATION FOR REFUND OF TUITION, SCHOOL OF PHARMACY.**

President James presented a request from Prof. George E. Frazer, Comptroller, for an additional assignment of one hundred twenty-five dollars (\$125) to the item in the School of Pharmacy budget for the refund of tuition; such an additional assignment being rendered necessary by the fact that requests for refund of tuition which ought to be granted under the established rules of the school have exceeded the assignment provided for in the budget.

This request was approved, the vote being as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Miss Watson.

The board adjourned.

W. L. ABBOTT, *President*.

C. M. McCONN, *Secretary*.

## Meeting of April 24, 1913.

---

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in the city of Chicago, at 10 A.M., on Thursday, April 24, 1913, pursuant to the following notice which was sent out by the secretary on April 18, 1913:

Upon the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, on Thursday, April 24, 1913, at 10:00 A.M., to authorize the conferring of degrees upon the graduates of the School of Pharmacy, and to consider such matters as the committees of the board and the President of the University may submit and such other matters as may be duly presented.

When the board convened, the following members were present: Mr. Abbott, Mr. Hoit, Mr. Moore. President James was present.

There being no quorum, the board adjourned.

W. L. ABBOTT, *President.*

C. M. McCONN, *Secretary.*

Lee A. Wixsom,  
Oscar F. Woltersdorf,  
Fred Bernard Balmer  
(Class of 1912),  
Joseph Francis Hrejsa  
(Class of 1911).

It was voted to authorize the President of the University to confer degrees upon the graduates of the School of Pharmacy as specified above.

#### **AUTHORITY TO CONFER DEGREES UPON GRADUATES OF THE SCHOOL OF MEDICINE.**

(2) A request for authority to confer degrees at the coming commencement of the College of Medicine upon such students as may be recommended therefor by the faculty of the College of Medicine.

It was voted to give the President of the University such authority.

#### **RESIGNATION OF PROFESSOR GOODMAN.**

(3) The resignation of Mr. Frederick Marion Goodman, Professor of Materia Medica and Botany in the School of Pharmacy, to take effect August 31, 1913.

It was voted that this resignation be accepted, and that the President of the University be authorized to express to Mr. Goodman the board's appreciation of his long and faithful service as dean and professor in the School of Pharmacy.

#### **APPOINTMENT OF A PROFESSOR OF SECONDARY EDUCATION.**

(4) A request for authority to appoint Dr. Charles Hughes Johnston, at present Dean of the School of Education in the University of Kansas, to be Professor of Secondary Education, beginning September 1, 1913, at a salary of thirty-five hundred dollars (\$3,500) per annum.

It was voted to authorize the President of the University to make this appointment.

#### **DR. BLONDHEIM APPOINTED ASSISTANT PROFESSOR.**

(5) A request for authority to appoint Dr. David Simon Blondheim, at present Associate in Romance Languages in the University, to the rank of Assistant Professor of Romance Languages, for three years beginning September 1, 1913, at a salary of two thousand dollars (\$2,000) per annum; and, also, to grant to Dr. Blondheim leave of absence from the University, without pay, for one year beginning September 1, 1913.

It was voted to authorize the President of the University to make this appointment, and also to grant the leave of absence as requested.

#### **RESIGNATION OF PROFESSOR FORD.**

(6) The resignation of Dr. Guy Stanton Ford, as Professor of Modern European History, to take effect August 31, 1913.

It was voted that this resignation be accepted, with an expression of regret on the part of the board at losing the services of this distinguished scholar.

#### **BILL OF MR. C. H. BLACKALL ALLOWED.**

(7) A bill from Mr. C. H. Blackall, Architect, one of the members of the Commission on Campus Plan, for professional services in the preparation of studies for the extension of the campus, and for the expenses of three trips from Boston to Chicago and Champaign, amounting to \$962.36, approved by Professor James M. White, Supervising Architect.

It was voted that the comptroller be authorized to pay this bill.

#### **PLAN FOR PROMPT PAYMENT FOR CURRENT SUPPLIES.**

(8) The following recommendation from Professor George E. Frazer, Comptroller:

April 23, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: To facilitate the prompt issuance of University warrants for dairy products and other current supplies, I recommend that the President and Secretary of the Board designate employees at the University to sign their names to regular University warrants for dairy products and other current supplies. I recommend that this authorization cover dairy supplies, household science lunchroom supplies, freight, express, telegrams, telephone rentals and messages, postage stamps, and University lectures, providing that no such University warrant shall exceed

\$50 in amount, and providing further, that the President and Secretary of the Board shall be furnished complete information as to the University warrants so signed and issued.

Very truly yours,

GEORGE E. FRAZER, *Comptroller*.

It was voted to approve the recommendation of the comptroller be contained in the foregoing letter.

#### PARTIAL PAYMENT OF MEMBERS OF COMMISSION ON NUTRITION INVESTIGATION.

(9) The following statement in regard to the national commission in charge of the investigation in human nutrition and suggestion with reference to the payment of its members:

In the year 1907 the Board of Trustees of the University of Illinois authorized the appointment of a national commission to supervise an experiment in human nutrition conducted by the Research Laboratory of the University in that subject. The commission as first constituted consisted of Professors A. J. Abell, of Johns Hopkins University; R. H. Chittenden, of Yale University; A. P. Mathews, of the University of Chicago, and H. S. Grindley, of the University of Illinois. The first meeting of the commission was held on Saturday, March 30, 1907. Subsequently Professor Theobald Smith, of Harvard University, was added to the commission. Later Professor Abell, of Johns Hopkins University, resigned his membership on the commission, and Professor D. L. Edsall, of the University of Pennsylvania, was appointed in his place. The arrangement made with these men was that they were to give the necessary supervision to the conduct of this experiment, and that the non-resident members of the commission were to receive a lump sum of five hundred dollars in payment for their services, aside from traveling expenses and an honorarium of fifty dollars for attendance at each meeting of the commission. It was supposed when this work was begun that the experiment would be concluded within two or three years. Owing to various circumstances, among others the growing importance of the investigation and its enlarging scope as the commission proceeded with the work, the final report of the commission has not yet been completed. In view of these facts, I think it would be a fair and proper thing for the University to pay these men at least four-fifths of the sum due them for their work as supervisors of the research work. We have already printed three volumes of the report of this investigation, and copies have been sent to each member of the Board of Trustees. Two volumes are still to be printed. Preparation for the next volume is in an advanced state, and much work has been done on the final volume.

It was voted that the comptroller be authorized to pay to each of the non-resident members of this commission as indicated above the sum of four hundred dollars (\$400), leaving a balance of one hundred dollars (\$100) to be paid to each member when the publication of the results of the investigation shall be completed.

#### TREASURER HAUGAN'S REPORTS.

### NOTICE TO EX-TREASURER HAUGAN OF TREASURER BUSEY'S ELECTION.

The secretary presented for record the following letter from President Abbott to ex-Treasurer Haugan, notifying him of the election of Treasurer Busey:

April 6, 1913.

*Mr. Henry A. Haugan, Treasurer, University of Illinois, State Bank of Chicago, Chicago, Ill.*

DEAR SIR: This is to advise you that Mr. M. W. Busey has been elected and qualified as Treasurer of the University of Illinois to succeed yourself, and you are hereby directed to turn over to him all moneys, securities, documents and other property of the University now in your possession and accept therefor Mr. Busey's receipts.

I will arrange to have an audit made of your books early next week, and to facilitate this audit I would suggest that, if agreeable to both yourself and Mr. Busey, you retain the books until after the audit is completed.

Very truly yours,

W. L. ABBOTT, *President.*

### CONTRACTS FOR UNIFORMS AWARDED.

Mr. Moore, as Chairman of the Special Committee, consisting of Mr. Moore, Prof. George E. Frazer, Comptroller, and Lieut.-Col. B. C. Morse, Commandant, authorized by the Executive Committee on February 1, 1913 (p. —), with power to open bids and award a contract for uniforms for the corps of cadets, reported that the committee had received bids from the Gulick Tailoring Company, Champaign; the Henderson-Ames Company, Kalamazoo, Mich.; Jacob Reed's Sons, Philadelphia, Pa.; the Pettibone Brothers Manufacturing Company, Cincinnati, Ohio, and Stern Brothers, Champaign, and had awarded the contract for flannel shirts and ties to Stern Brothers, and for the remaining items of the uniform, including coats, trousers, caps, shoulder straps, chevrons, U. of I. monograms, insignia of rank, collars, and gloves, to Jacob Reed's Sons.

This report was received for record.

### EMPLOYMENT OF COLLECTING AGENCY AUTHORIZED.

Mr. Moore, as Chairman of the Finance Committee, reported that the committee had authorized the comptroller to employ the collections department of R. G. Dunn & Company in the collection of delinquent fees and delinquent loans from the Snyder Loan Fund, if, in his opinion, it is desirable in any individual case to do so; this matter having been referred to the Finance Committee at the board meeting of April 4, 1913 (p. 211), with power to act.

### THE CHIEF CLERK'S BOND APPROVED.

Mr. Abbott reported that the Executive Committee, under the board's authorization of April 4, 1913 (p. 208), had approved the bond of Mr. Oren E. Staples, Chief Clerk, furnished by the Illinois Surety Company.

The committee adjourned.

C. M. McCONN, *Clerk.*

W. L. ABBOTT,  
ALLEN F. MOORE.

## MEETING OF THE EXECUTIVE COMMITTEE, MAY 9, 1913.

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the Trustees' Room, in the Natural History Building, University Campus, Urbana, immediately following the adjournment of the special meeting of the board, on Friday, May 9, 1913.

There were present: Messrs. Abbott and Trevett, members of the Executive Committee; also Mrs. Busey, Mrs. Evans, Mrs. Henrotin, and Mr. Hoit, members of the board.

It was voted to authorize the chairman to appoint a committee of three to draft resolutions concerning the late Dr. Andrew Sloan Draper, President of the University of Illinois, 1894-1904, deceased April 27, 1913.

The committee adjourned.

C. M. McCONN, *Clerk.*

W. L. ABBOTT,  
JOHN R. TREVETT.

## Meeting of May 22, 1913.

A special meeting of the Board of Trustees of the University of Illinois was held in the office of the Superintendent of Public Instruction, at Springfield, Ill., on Thursday, May 22, 1913, beginning at 3 p.m., pursuant to the following notice which was sent out by the secretary on May 16:

By order of the president, Mr. W. L. Abbott, a special meeting of the Board of Trustees of the University of Illinois will be held in the office of the Superintendent of Public Instruction, at Springfield, Ill., on Thursday, May 22, 1913, beginning at 3:00 p.m., to consider such matters as the committees of the board and the President of the University may submit, and such other matters as may be duly presented.

When the board convened, the following members were present: Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Trevett, Miss Watson. President James was present.

### PROPOSED CHANGES IN THE FINANCIAL MANAGEMENT OF THE UNIVERSITY.

President James presented a copy of a report by Messrs. Barrow, Wade, Guthrie & Company, Public Accountants, of Chicago, to Hon. James J. Brady, Auditor of Public Accounts of the State of Illinois, under date of April 12, 1913, covering an examination of the financial affairs of the University, and making certain recommendations with reference to changes in the financial management of the institution; also a communication from Prof. George E. Frazer, Comptroller, under date of May 15, 1913, commenting upon various statements and recommendations made in the above mentioned report.

President James also read in full a discussion which he had presented at a conference with the Governor and other State officers and certain members of the General Assembly at the Leland Hotel in Springfield on the evening of May 21, 1913.

After full discussion, President Abbott, asking Mr. Hoit to take the chair, offered the following resolution:

WHEREAS, Various radical propositions have been made looking to a change in the management of the finances of the University of Illinois; and,

WHEREAS, It is the sense of the Board of Trustees that some of the changes would be detrimental to the efficient management of the University; therefore, be it

*Resolved*, That the Board of Trustees of the University of Illinois hereby respectfully requests His Excellency, Hon. Edward F. Dunne, Governor of the State of Illinois, to use his influence to prevent any such changes being made until a better opportunity is offered for the careful investigation of the propositions and their effect than can be had during the closing hours of a busy session.

The foregoing resolution was adopted by the unanimous vote of the members present.

### APPROPRIATION TOWARD AN EMPLOYMENT BUREAU.

President James presented a recommendation from Prof. Thomas Arkle Clark, Dean of Men, that an appropriation of three hundred dollars (\$300) be made for the academic year beginning September 1, 1913, to assist in maintaining an employment bureau to help self-supporting students to find places to work.

On motion of Mrs. Evans, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr.

Hoit, Miss Watson; no, Mr. Trevett; absent, Mr. Dunne, Mrs. Henrotin, Mr. Meeker, Mr. Montgomery, Mr. Moore.

#### REIMBURSEMENT OF CHEMISTRY DEPARTMENT FOR EXPENDITURES FOR OTHER DEPARTMENTS.

President James presented a recommendation from Prof. W. A. Noyes, Director of the Chemical Laboratory, for an assignment to the Department of Chemistry of the sum of eight hundred forty-eight dollars and ninety-seven cents (\$848.97) to cover amounts which have been expended by the department during the current year for apparatus and chemicals furnished to other departments.

On motion of Mr. Hoit, this request was approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mrs. Henrotin, Mr. Meeker, Mr. Montgomery, Mr. Moore.

#### POWER OF ATTORNEY TO SIGN BONDS.

On motion of Mr. Blair, the following resolution was adopted, authorizing the President of the Board of Trustees to execute powers of attorney, appointing agents and attorneys in the several customs collection districts within the United States who shall have authority to receive and enter at the custom houses in such collection districts, goods, wares, and merchandise imported by the Board of Trustees:

WHEREAS, It is deemed advisable for the convenient and effectual transaction of the customs business of the Board of Trustees of the University of Illinois, a corporation organized and existing under the laws of the State of Illinois, to appoint in the several collection districts within the United States, agents and attorneys who shall have authority to receive and enter at the custom houses in such collection districts any and all goods, wares, and merchandise hereafter imported by said corporation, or which may hereafter arrive consigned to said corporation; to sign the name of said corporation to, and seal and deliver for and as the act and deed of the said corporation, any bond or bonds which may be required for or to secure the payment of duties and other charges on any and all such goods, wares, and merchandise, to sign the name of said corporation to, and seal and deliver for and as the act and deed of the said corporation any and all bonds requisite or necessary for obtaining the debenture and drawback on any and all goods, wares, and merchandise hereafter exported by the said corporation and to receive and receipt for debenture certificates and to collect the amount due thereon; to sign the name of said corporation to, and seal and deliver for and as the act and deed of the said corporation, any and all other bonds which are or may be required by the customs laws and regulations issued in pursuance thereof, and any and all bonds which may be voluntarily given and accepted in customs procedure, and to endorse any and all bills of lading covering merchandise exported with benefit of drawback, and to execute any and all necessary documents which are required for drawback purposes; and on behalf of the said corporation to make declaration of ownership of any and all goods, wares, and merchandise imported by said corporation, and generally to transact at the said custom houses any and all customs business in which said corporation is, or may be, concerned or interested, and which may be properly transacted or performed by agents or attorneys:

Now, therefore, at a special meeting of the Board of Trustees of the University of Illinois, held at the office of the Superintendent of Public Instruction of the State of Illinois (an ex officio member of said Board of Trustees), in the city of Springfield, Ill., on the 22d day of May, A.D. 1913, a quorum being present, it is hereby

*Resolved*, That the President of the said Board of Trustees be, and he hereby is authorized, on behalf of the said corporation, and as its act and deed, to execute such powers of attorney appointing agents and attorneys in the several customs collection districts within the United States, or any of them, as in his opinion are or may be necessary or proper to carry into effect the purposes and objects set forth in the foregoing preamble, said powers of attorneys to have affixed to them the corporate seal of said corporation, duly attested by the secretary of said corporation.

#### SABERS AND BELTS TO BE GIVEN TO CADET OFFICERS AT GRADUATION.

President James presented a request from Col. B. C. Morse, Commandant, that the sabers and belts worn by officers of the cadet regiment during their senior year be given to them by the University upon graduation; this would

necessitate the replacing of these articles by the University each year; the number involved this year would be 25 sabers at \$7.25 each, or \$181.25, and 25 belts at \$2.50 each, or \$62.50, making a total of \$243.75; Colonel Morse believes that this concession would tend to stimulate a desire for these positions.

On motion of Mr. Blair, this recommendation was approved, and an appropriation of two hundred forty-three dollars and seventy-five cents (\$243.75) was made for the purpose. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mrs. Henrotin, Mr. Meeker, Mr. Montgomery, Mr. Moore.

#### APPOINTMENT OF AN INSTRUCTOR IN VOICE.

President James presented a recommendation that Mr. Heber D. Nasmyth be appointed Instructor in Voice in the School of Music for the academic year beginning September 1, 1913, at a salary of seventeen hundred dollars (\$1700) for the year.

This recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hoit, Miss Watson; no, Mr. Trevett; absent, Mr. Dunne, Mrs. Henrotin, Mr. Meeker, Mr. Montgomery, Mr. Moore.

#### PERMISSION FOR THE ERECTION OF A MEMORIAL GATEWAY.

President James presented a request from the Class of 1913 for permission to erect a memorial gateway facing Wright Street at the beginning of the walk running along the south side of Lincoln Hall to the Auditorium. This request was approved.

The board adjourned.

W. L. ABBOTT, *President.*

C. M. McCONN, *Secretary.*

## Meeting of June 10, 1913.

---

The regular quarterly meeting of the Board of Trustees of the University of Illinois was held in the Trustees' Room, in the Natural History Building, University Campus, Urbana, on Tuesday, June 10, 1913, beginning at 10 A.M.

When the board convened the following members were present: Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson.

### MINUTES APPROVED.

The secretary having presented the minutes of April 4, 1913, the following corrections were noted:

(1) To be inserted on page 210 immediately above the heading "Appropriation for the College of Medicine":

(1a) A bill from Mr. C. H. Blackall, Architect, one of the members of the Commission on Campus Plans, for professional services in the preparation of studies for the extension of the campus, and for the expenses of three trips from Boston to Chicago and Champaign, amounting to \$962.36, approved by Professor James M. White, Supervising Architect.

Action on this matter was deferred.

(2) The last paragraph on page 211 to read as follows:

On motion of Mr. Montgomery, it was voted that the President of the University be given leave of absence for such period during the summer and fall of the current year as may be necessary to enable him to attend the International Conference on Education at The Hague; such attendance to be without expense to the University.

With these corrections the minutes of the meeting of April 4, 1913, were approved.

The secretary presented the minutes of the board meetings of April 24, May 9, and May 22, 1913, which were approved.

### LEGALITY OF EXECUTIVE COMMITTEE MEETING OF APRIL 24, IN QUESTION.

Mr. Trevett offered the following motion:

That the minutes of purported meeting of the Executive Committee April 24, 1913, be not approved.

For the reason that no notice of the intention of holding such a meeting was given to the members of the committee.

That any action taken at such purported meeting was illegal, void, and of no effect.

On motion of Mrs. Henrotin, the foregoing motion was laid on the table for the time being. The vote on the motion to lay on the table was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore; noes, Mrs. Busey, Mr. Trevett, Miss Watson; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

### AUTHORITY TO CONFER DEGREES.

President James requested authority to confer degrees at the Forty-second Annual Commencement to be held on Wednesday, June 11, 1913, on the persons recommended therefor by the faculties of the several colleges

and schools and the University Senate, as listed below. On motion of Mrs. Busey, such authority was granted.

#### MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

President James presented the following matters for consideration:

##### APPROPRIATION FOR MILITARY DEPARTMENT.

(1) A request from Professor George E. Frazer, Comptroller, for an appro-  
priation of two hundred dollars (\$200) to cover the expenses of the Military  
Department until June 30, 1913.

On motion of Mrs. Evans, this appropriation was made, the vote being  
as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr.  
Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair,  
Mr. Dunne, Mr. Meeker, Mr. Montgomery.

##### APPROPRIATION FOR REBATES TO STUDENTS.

(2) A request from Professor George E. Frazer, Comptroller, for an appro-  
priation of four hundred dollars (\$400) to meet rebates to students up to June  
30, 1913.

This appropriation was approved, the vote being as follows: Ayes, Mr.  
Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr.  
Trevett, Miss Watson, noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker,  
Mr. Montgomery.

\* For the list of persons receiving the Degree of Graduate in Pharmacy (conferred April 24, 1913, in  
Chicago) see page 213.

### IMPORT ORDER FOR ZOOLOGY.

(3) A request from Dr. H. B. Ward, Professor of Zoölogy, endorsed by Dr. E. J. Townsend, Dean of the College of Science, for authority to place an import order not to exceed one thousand dollars (\$1,000) for the Department of Zoölogy for the coming academic year.

On motion of Mr. Trevett, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

### LEAVE OF ABSENCE FOR PROFESSOR FAIRLIE.

(4) A request from Dr. John A. Fairlie, Professor of Political Science, for leave of absence, without salary, for the second semester of the academic year 1913-14; it being Professor Fairlie's desire to spend the time in Europe, chiefly in Great Britain and Germany, in the study of political and municipal institutions.

On motion of Mrs. Evans, it was voted that the President of the University be authorized to grant this request, provided he can make proper arrangements for the care of Professor Fairlie's work in his absence.

### STATEMENT CONCERNING EXPERIMENT FIELDS.

(5) A letter from Dr. C. G. Hopkins, Professor of Agronomy, addressed to Dean Davenport under date of May 13, 1913, containing a statement in regard to the operation of certain experiment fields.

This communication from Professor Hopkins was received to be printed in the minutes:

May 13, 1913.

*Dean Eugene Davenport, College of Agriculture.*

DEAR DEAN DAVENPORT: In reply to an inquiry from President James in regard to experiment fields held by "verbal lease," I beg to say that these are fields on which the work originated essentially as cooperative experiments, in which the farmer furnished the land, did most of the work upon the field, and took the crops produced, but we insisted upon having an exact record kept, and at the end of the season, if the value of the crops produced exceeded the rental value of the land and fair remuneration for labor, then the difference was remitted by him and turned in as receipts to the University treasury. If, on the other hand, the value of the produce was less than the cost of labor plus the rental value of the land, then a bill was presented and the difference paid to the farmer by the University.

This method of operating the experiment fields first established was approved by yourself, by the President of the University, and by the business office. I may say that the University has never had a lease of some of these old experiment fields. Subsequently legal leases have been secured in a number of cases, but in other cases it is impossible to secure such leases.

Attention may be called to the fact that when these oldest experiment fields were thus established there was almost no definite information in existence regarding the number or character or extent of the soil types in this State. The establishing of experiment fields was prescribed in connection with the first small appropriation for soil investigation, and in order that the experiment fields might be located to the greatest possible advantage it was necessary to cooperate with farmers who had wide experience and knowledge concerning the important types of soil in other sections of the State. In order to secure uniform and representative tracts of land for the experiments the fields were sometimes located in the middle of the man's farm. In all cases there was an agreement on the part of the farmer that he would continue the cooperation for at least six years if the University so desired.

The fact that single communities have subsequently raised as high as \$7,000 for the purpose of purchasing and deeding over to the University a tract of land, to be selected by us as the most suitable among a dozen or more different tracts offered, in order that field experiments may be conducted upon the land with no cost to the University, for land or rental, helps one to understand something of the benefits that have been derived from our old experiment fields, and of the difficulties under which the field experiments were begun in more than fifteen different places in the State when the total appropriation for all kinds of soil investigation was only \$10,000, and when it was impossible to buy land or even to buy implements for the cultivation of the fields and care of the crops.

Later, when it became possible to begin the establishment of permanent experiment fields, we secured perpetual leases, as stated above, on some of these old fields, and we also adopted the plan of having remitted to the University as receipts from the experiment fields the value of the total produce, whether sold to the cooperating farmer or to anyone else and of requiring him to submit his bill for labor and for use of land to be paid in full by warrant.

Perhaps the expression "verbal lease" is not the proper one to use in reference to these old experiment fields, for we have no lease of the land. There are some of these old fields whose permanent possession we still hope to secure, either by donation or by perpetual lease, but the situation is such that if we should undertake to force immediate action we should, of course, lose possession of the

field at once. On some other fields we are expecting to discontinue the cooperative work at the end of the present season, which will complete twelve years of investigation covering three full four-year crop rotations. In a few cases it will be best, however, to continue the present arrangement for a number of years more if it is possible to do so, even though there is no expectation that the University may ever secure legal control of the field. While it has abundantly served the purpose for which it was established, yet if we have no permanent experiment field in the locality it continues to render large service and exert large influence every year, and it adds of course annually valuable data bearing directly upon the problems of permanent agriculture.

In the list of experiment fields which has been furnished to the comptroller and to which President James refers, I think it would be better to change the expression "verbal lease from" to read "cooperative experiment field with," and will be glad to know the opinion of yourself and President James regarding this point.

Yours very truly,  
CYRIL G. HOPKINS.

#### RESIGNATION OF DEAN QUINE.

(6) The resignation of Dr. William E. Quine as Dean of the College of Medicine, to take effect June 30, 1913, or as soon thereafter as his successor is appointed.

It was voted to accept the resignation of Dr. Quine as Dean of the College of Medicine.

#### REPORT ON THE PRINTING OF THE ALUMNI RECORD.

(7) A statement from James H. Kelly concerning the preparation and distribution of the second edition of the Alumni Record; with a recommendation that the sum of five hundred dollars (\$500) be paid to Mr. Kelley for extra work done in the preparation of this volume.

On motion of Mrs. Evans, it was moved that this statement be printed in the minutes, and that an appropriation be made for a payment of five hundred dollars (\$500) to Mr. Kelly as recommended. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoyt, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

June 9, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: Permit me to submit herewith a statement regarding the publication of the 1913 Alumni Record.

The following appropriations were made by the Board of Trustees:

July 8, 1911, preliminary appropriation for second edition of the Alumni Record	\$ 500 00
July 5, 1912, appropriation to cover expense of printing and publishing the new edition of the Alumni Record	5,000 00
	<hr/> \$5,500 00

Data from the alumni, faculty members, and trustees were collected under twenty-four headings on a questionnaire mailed in November, 1911. About 60 per cent of those addressed responded to the first communication. The fifth communication, registered and containing a self-addressed, stamped envelope, was finally sent to 575 addresses. This brought responses from all but 102. For these the data were compiled from records in the registrar's office. Careful inquiry from every available source gave recent addresses for all but fourteen of these.

A contract with specifications for printing three thousand copies of the Alumni Record was submitted to various printers, and the following bids were received:

Pantagraph Printing & Stationery Co.	\$4,810 00
Flanigan-Pearson Co.	3,934 00
R. R. Donnelley & Sons Co.	3,825 00

On July 23, 1912, the contract was let to R. R. Donnelley & Sons for \$3,825.

By February 22, 1913, two thousand two hundred (2,200) advance orders for the Alumni Record had been received at \$1.50. Because of this number of orders, five hundred (500) additional copies of the book were ordered from Donnelley & Sons at 54 cents, the contract price for additional copies.

The first consignment of completed books was received from the printer April 24, 1913.

The 1913 Alumni Record contains biographical sketches as follows:

Baccalaureate alumni 1872-1911	4,998

## LLEWELLYN PRIZE FOR ARCHITECTURAL ENGINEERS.

(8) The following letter from Mr. Joseph C. Llewellyn, of Chicago, a graduate of the University of the Class of 1877, offering to establish, for a period of four years, a prize of fifty dollars (\$50) per annum for a problem in design, the competition to be limited to the architectural engineers:

April 29, 1913.

*Professor F. M. Mann, Champaign, Ill.*

MY DEAR PROFESSOR MANN: I have noticed with considerable interest the desire of the architectural engineers at work in the offices of architects and elsewhere to acquire some knowledge of architectural design. The advantage of such knowledge is apparent to any one who has attempted to work architectural draftsmen and architectural engineers together, and I can not help but feel that any instruction which would acquaint the architectural engineers with the principles of designing would be a distinct advantage both to themselves and those who employ them.

I realize it is practically impossible to crowd into a four years' course all that a young man should have, but it has occurred to me that a prize offered to architectural engineers for the best presentation of some simple problem in design might induce them to do a little outside thinking, reading, and work along this line, so have this proposition to make to you.

I will give you fifty dollars (\$50) annually for the next four years as a prize for a problem in design, limited to the architectural engineers. Beyond the four years I make no promise. It remains to be seen what good will come from the experiment.

Yours very truly,  
J. C. LLEWELLYN.

It was voted that this gift be accepted, and that the thanks of the Board of Trustees be sent to Mr. Llewellyn.

## [EXPERIMENT FIELDS OPERATED BY THE DEPARTMENT OF HORTICULTURE.]

April 15, 1913.

*Dean E. Davenport, Urbana, Ill.*

DEAR DEAN DAVENPORT: In response to your request for information regarding the experimental fields now in operation by the Department of Horticulture, I beg leave to submit the following:

The only experimental tracts owned by the department outside of Urbana are a 76-acre farm at Olney and the 19-acre Gunn orchard near by. The orchard has been used for spraying and renovation experiments, and the 76-acre tract has been planted with some 400 varieties of apples and peaches which have been bred for the purpose by the department. We also have considerable small fruit area on this place. The plantings of both small and orchard fruits will be greatly extended this year.

The only tract which we have leased at the present time is the 19-acre Eggington orchard  $4\frac{1}{2}$  miles west of Flora in Clay County. Adjoining this tract we have fourteen acres at what was known as the Hannon orchard, which has been under our supervision for twelve years. The 14-acre tract is used by the department for fertilizer experiments.

The balance of our experimental work has been and will continue for some time to be, conducted in cooperation with the owners of orchards, wherever we can make the most satisfactory arrangements for the pursuance of the work. During the past three years we have had twelve acres at Neoga in cooperation with Mr. H. A. Aldrich; at Anna two acres in the Anderson orchard; and at Griggsville five acres in the Turner orchard.

In addition to the orchard work, we have had experimental vegetable work at Anna, Cobden and Kimmunity, in cooperation with tomato and melon growers. These areas, however, have been small, never more than two acres in extent.

If this does not give all the information you desire for the president, I will be glad indeed to go more in detail.

Respectfully submitted,

J. C. BLAIR,

*Head of Department of Horticulture.*

## ASSIGNMENT OF BALANCES, COLLEGE OF AGRICULTURE.

(10) A recommendation from Dr. Eugene Davenport, Dean of the College of Agriculture, that the following prospective balances be assigned as indicated:

*Prospective Balances.*

Veterinary science .....	\$6,800 00
Agricultural extension .....	7,000 00
Unassigned balances .....	2,200 00
Total .....	\$16,000 00

*Assignment of Prospective Balances.*

To the College and Experiment Station .....	\$6,500 00
To the Horticultural Department .....	4,500 00
To the Dairy Department .....	4,000 00
To the Household Science Department .....	1,000 00
Total .....	\$16,000 00

On motion of Mrs. Evans, this recommendation was approved.

## REPORT OF THE WORK OF THE RESEARCH LABORATORY IN NUTRITION.

(11) A report from Dr. H. S. Grindley, Professor of Animal Chemistry, of the work of the Research Laboratory in Nutrition from its establishment in 1897 to the present time

This report was received to be printed in the minutes:

May 6, 1913.

*President Edmund J. James, University of Illinois, Urbana, Ill.*

MY DEAR PRESIDENT JAMES: I transmit herewith Exhibit A to E inclusive, which give summaries of the funds, results, publications, etc., of the Research Laboratory in Nutrition since the beginning of the work in 1897.

Exhibit A gives a list of the special research funds of the Research Laboratory in Nutrition.

Exhibit B gives a summary of some of the more important results of the Research Laboratory in Nutrition since the beginning of the work in 1897.

Exhibit C gives a list of the publications from the Research Laboratory in Nutrition from 1897 to the present date.

Exhibit D gives a list of the manuscripts ready or almost ready for publication. Exhibit E is a collection of quotations from investigators who have either quoted the results of this laboratory or have written us regarding the results of our investigations.

I shall be pleased to furnish you any additional information you may desire in this connection.

Very truly yours,  
H. S. GRINDLEY.

#### EXHIBIT A.

##### SPECIAL RESEARCH FUNDS OF THE RESEARCH LABORATORY IN NUTRITION, 1897-1901.

The research work in nutrition in this laboratory was started in 1897, with the cooperation of the Office of Experiment Stations of the United States Department of Agriculture. The first researches in nutrition of this laboratory were made to determine the food requirements of man.

From 1897 to 1907 the United States Department of Agriculture assisted this research laboratory by granting, during this period of ten years, \$7,500 to aid our researches.

During 1902 and 1904 this nutrition laboratory received two grants from the Elizabeth Thompson Science fund of Boston, amounting to \$550.

In 1906 and 1907 the laboratory received two grants, amounting to \$1,000, from the cold storage interests of Chicago.

During the years 1898 to 1907 the Illinois Agricultural Experiment Station furnished, with the approval of the Trustees of the University, this Research Laboratory of Nutrition \$8,500 for this work.

From 1907 to 1909 the American Meat Packer's Association appropriated \$50,000 for the nutrition investigations of this laboratory.

From 1908 to 1911 the Trustees of the University voted \$28,745 for our researches.

#### EXHIBIT B.

##### SUMMARY OF SOME OF THE MORE IMPORTANT RESULTS OF THE RESEARCH LABORATORY IN NUTRITION SINCE THE BEGINNING OF THE WORK IN 1897.

1. The investigations have proved conclusively that the cheaper cuts of meat are just as wholesome, just as nutritious, and in every way just as good as the more expensive cuts from the same carcass, except that the latter give greater gratification to the palate.

2. The researches of this laboratory have resulted in the perfection of a precise method of roasting meats, by which it is possible to cook meats under conditions that can be exactly controlled with scientific accuracy, thus giving products that are more palatable, more digestible, and therefore more nutritious, than such meats cooked under conditions less accurately controlled. The results of this line of investigation have been made the basis of a valuable fireless cooking device by a prominent American manufacturing company.

3. The results of extensive and elaborate digestion experiments which have been made by this Research Laboratory show that meat of all sorts is to be classed among the very digestible foods, and that differences in kind, cut, or method of preparation for the table have less effect upon the ease or the thoroughness of digestion than has been frequently claimed. These investigations have conclusively demonstrated the fact that meats have a very high nutritive value considered from the standpoint of their digestibility.

4. As a result of 150 experiments to determine the losses of nutrients occurring during the cooking of meats, it has been shown: (a) That considerable water (34 to 67 per cent) was lost no matter what the method of cooking, the greatest amount being lost in pot roasting and sauteing, a moderate amount in boiling and broiling, and the least amount in roasting; (b) that the losses in crude protein varied from 1 to 7 per cent, the greatest loss occurring in boiling and the smallest in broiling; (c) that the losses of fat varied from 5 to 44 per cent, the greatest loss occurring in roasting and pot-roasting, while in sauteing considerable fat was added to the meat; (d) that the losses of mineral matter varied from 3 to 45 per cent, the greatest loss occurred in boiling and the smallest in sauteing. In general, the various methods of cooking meats materially modify the appearance, texture, and flavor of the meat, and hence its palatability, but have comparatively little effect upon the total nutritive value.

5. The extensive dietary studies of the inmates of the State charitable institutions which have been made by the workers of this laboratory under the auspices

of the Pellagra Commission, appointed by Governor Deneen to investigate the cause of this disease and to study the food conditions of the inmates of these institutions of this State have shown that the dietaries of the inmates of these institutions of this State are chiefly vegetable in nature and that they undoubtedly could be decidedly improved by increasing the amounts of animal foods, and by giving them more variety by furnishing fresh fruits and vegetables in season to insure the proper quantities of mineral elements. Quite aside from any contribution to the pellagra question, these researches have clearly demonstrated that the broader problems of diet in public institutions are well worthy of continued investigation by methods which are accurate and by persons who are competent.

6. The nutrition investigations upon man that have been made by this laboratory have given by far the greatest amount of exact scientific data upon the normal nutrition of man that has ever been obtained up to the present date, as the result of one continuous investigation of a group of men. The detailed study that has already been given to this vast mass of experimental data shows beyond doubt that scientific and practical results of much value to the science of nutrition and of direct benefit to the people of this State will in the end be the outcome of these researches. The results of this investigation are of fundamental importance and value to the nutrition of man in disease, and are therefore of inestimable value to sanitary and public health, as also to the sciences of medicine, physiology, nutrition and biological chemistry.

7. These investigations upon the nutrition of man have shown that nitrates are widely distributed in our common foods, especially fresh vegetables and fresh fruits, and that individuals living mainly upon vegetables and fruits ingest as much or even more nitrates than individuals consuming one-half to three-fourths of a pound of cured meats per day. It is evident from the results of these investigations that nitrates are present in a number of the organs and the fluids of the animal body. Further, it seems more than probable that nitrates in minute amounts enter into many of the processes of metabolism in the animal organism just as they do in the plant organism.

8. Recent statistical methods have been successfully applied for the first time to the interpretation and study of the experimental data of metabolism experiments upon man and farm animals. The application of these statistical methods to such data is of more importance, for thereby the deductions will be logical and more nearly correct and therefore of greater significance and of more influence in securing the health of the public.

9. The investigations of this laboratory have shown that there are apparently significant seasonal variations in practically all of the nutritional processes of man. For example, the average number of red cells in the blood of twenty men in November was 5,732,000 per cubic millimeter, while in July the number averaged only 4,721,000.

10. The large amount of scientific data recorded in connection with the nutrition experiments upon men furnishes important information as to the influence of the different classes of foods, i.e., vegetable and animal foods, and also as to the influence of different kinds of individual foods, i.e., meats, milk, bread, fruits, etc., upon the nutrition and the health of man.

11. Our researches have shown that in the case of normal adult men, eating an ordinary mixed diet, the average number of fecal bacteria excreted daily is about  $33 \times 10^{12}$ ; the average daily bacterial dry substance about 5.34 grams; and the daily bacterial nitrogen 0.585 grams, making up 46.3 per cent of the total fecal nitrogen. There is considerable individual variation in the average quantity of fecal bacteria even in persons taking the same diet. The number of fecal bacteria brought to development on artificial media is a minute fraction of the total fecal bacteria microscopically visible.

12. The studies of this laboratory have shown clearly that there is marked variability in the functional activities of the same man or lower animal and of different individuals of the same species. For example, the coefficients of variability of the average quantities of the various forms of urinary nitrogen excreted in twenty-four hours by six normal men were as follows: Urea nitrogen 6.8 to 8.2; ammonia nitrogen 6.7 to 13.5; creatinin nitrogen 5.6 to 7.7; uric acid nitrogen 4.2 to 11.5.

13. About 280 individual digestion experiments with steers, 50 with swine and 18 with sheep have been made. It is impossible to summarize in any detail at this time the results of these experiments. Among the most interesting of the results are the following: (a) The apparent coefficients of digestibility of the feeds vary inversely as the amounts of feed consumed i.e., a steer on maintenance apparently digests relatively more from a given ration than a steer on full feed; (b) a ration containing a liberal supply of protein is more digestible than one containing a minimum amount of protein; (c) apparently the coefficients of digestibility of clover hay are increased when the proportion of concentrates—corn and oil meal—in the ration is increased.

14. A large number of experiments have been made to determine the influence of different kinds of feeding stuffs upon the growth, fattening, and nutrition of beef cattle, swine and lambs. Several publications giving the results of these lines of research are now either in press or being prepared for publication.

15. It has been demonstrated experimentally that a daily ration consisting of ground corn, blood meal, and an ample amount of calcium phosphate, containing only 0.27 pounds of digestible protein, and yielding 3.40 therms of metabolizable energy per 100 pounds of live weight, was not sufficient for normal nutrition of pigs.

16. It has been proven by experiments that daily rations consisting of ground corn, blood meal, and an ample amount of calcium phosphate, containing 0.68 and 8.89 pounds of digestible protein, and yielding 4.18 and 4.39 therms of metabolizable energy per 100 pounds of live weight, were sufficient for the normal nutrition of pigs.

17. We have apparently proved that steers may be fattened upon a very low protein ration. The results obtained clearly indicate that Chittenden's theory as to the desirability and economy of low protein rations for men should be closely studied both theoretically and experimentally from the standpoints of the lower animals and of the economic production of beef, mutton and pork.

18. Our experimental results show that the quantity of feed furnished fattening steers decidedly influences the proportion of the feed digested by the animals. The greater the feed eaten, the less is the coefficient of digestibility of the nutrients.

## EXHIBIT E.

## THE VALUE OF THE WORK OF THE RESEARCH LABORATORY.

The work of the Research Laboratory in Animal Nutrition has received much notice from investigators the world over, and the results obtained have been widely and frequently quoted. That this is true may be seen from the following partial list of quotations.

Professor Lafayette B. Mendel, of Yale University in Science of April 9, 1909, says: "The evidence now seems conclusive that creatinine is not present performed in the muscular tissues (Grindley and Woods; Mellandy, 1909; Mendel and Leavenworth). This same author also refers to two publications from our Research Laboratory as follows: Emmett and Grindley, Jour. Biol. Chem., 1907, Vol. 3, p. 491; Grindley and Woods, Jour. Biol. Chem., 1907, Vol. 2, p. 309.

Dr. F. C. Cook, of the Laboratory of Animal Physiology, Bureau of Chemistry, U. S. Dept. of Agriculture, Washington, D. C., in the Journal of Biol. Chem., Vol. 6, p. XXIV, refers to the method of Grindley and Woods used for the determination of creatine and creatinine in meat extracts.

W. D. Richardson and Erwin Scherubel in the Jour. Chem. Soc., Vol. 30, p. 1526, say: "In general the methods of König, of Grindley, of Winton, of Bigelow and Cook were freely used and in some instances modified in the interest of simplicity, speed, and accuracy. In particular the cold water extract of Grindley," etc., etc. These authors quote six papers published from this Research Laboratory of Animal Nutrition.

Drs. W. D. Bigelow and F. C. Cook in Bulletin 114, p. 40, Bureau of Chemistry, U. S. Department of Agriculture, quote as follows: "Grindley and Woods have determined separately the kreatin and kreatinine content of several extracts of meat and found both present in varying amounts. It is necessary, therefore, to determine these two bodies separately when a careful study of the nitrogenous bodies of meat extract is made.

John Phillip Street, Report of the Conn. Agric. Ex. Station, Food Products, 1908, quotes the work of the Research Laboratory as follows: "The characteristic salts of true meat extracts are potassium dihydrogen phosphate, and potassium monohydrogen phosphate, the former predominating, Trowbridge and Grindley Journ. Amer. Chem. Soc., 1906, 28, p. 471. "As already stated, the chief acid phosphates of meat are potassium dihydrogen and potassium monohydrogen phosphate. The former is acid to phenolphthalein, while the latter is neutral to this indicator, Trowbridge and Grindley, Jour. Amer. Chem. Soc., 1906, 28, p. 471." "Trowbridge and Grindley have shown that all the proteins thus far obtained from flesh react acid to phenolphthalein. The determination of the true acidity of a meat extract is therefore a matter of much difficulty." "Emmett and Grindley, in their extended study of the phosphorus content of flesh, found that phosphorus

acid made up the following percentage of the total ash———" "The same authors have also shown that the water-soluble phosphorus of aqueous extracts of flesh is not in combination with the coagulated protein, with the proteoses, or with the peptones, but is due to non-protein bodies. (Jour. Amer. Chem. Soc., 1906, 28, p. 56.)" "In only four brands of extracts are Emmett and Grindley's figures satisfied." "Topelius and Pommerehne, Wörner, and Grindley and Woods have shown that fresh meat gave no traces of creatinin." "Grindley and Woods also showed that by the evaporation of an aqueous extract from the flesh upon the water-bath, in the presence of its natural acidity, creatin was changed to creatinin. It may be, therefore, that the relative amounts of these bases present may give some evidence as to the freshness of the extracts, as well as to the kind of meat employed in their manufacture, Jour. Biol. Chem., 1907, Vol. 2, p. 309." "Emmett and Grindley have studied the alleged defects in Folin's method and find, while on the whole Hebner's Criticisms are not fully sustained by the facts, that in the determination of creatin, at least, certain modifications are advisable; namely, an increase in the quantities of picric acid and alkali used, Jour. Biol. Chem., 1907, Vol. 3, p. 491." "We have also made a few tests of the modification suggested by Emmett and Grindley and find the slightly higher results are in general obtained thereby." "A comparison of the results secured by our modification and that of Emmett and Grindley is shown in the following tabulation——"

Professor Harry Snyder, of the University of Minnesota and the Minn. Exp. Station, in his book on Human Nutrition, pp. 108-111, quotes from five of the publications of this Research Laboratory. The same author in his book "Chemistry of Plant and Animal Life," pp. 388-389, quotes from the research work of this laboratory.

Professor E. H. Bailey in his book Sanitary and Applied Chemistry refers to a number of the publications of this laboratory.

Dr. F. C. Benedict, of the Carnegie Nutrition Investigation Laboratory, refers to the fact that Grindley and Woods (Jour. of Biol. Chem., 1907, 11, p. 309) found that there were present in the beef extract twice as much creatin as creatinin. They also refer to the work of this Research Laboratory as follows: "Grindley and Woods have found that when meat juice, containing practically no creatinin, is allowed to stand in the presence of picric acid and sodium hydroxide, a red color develops indicating a conversion of creatin to creatinin."

Director L. H. Bailey, of the New York Agricultural Experiment Station, in the third volume of The Cyclopaedia of American Agriculture, Chapter 9, pp. 263-270, in the article on meat, "Its Nutritive Value, Selection, and Preparation," quotes extensively from the researches of this laboratory. Of the 7¼ pages, 1/6 is given to abstracts or direct quotations from the publications of this Research Laboratory, and of the list of literature at the end of the article, one-third are publications from this laboratory.

Dr. Otto Poline, of Harvard University Medical School, in his article in the Journal of American Chemical Society, entitled "The Determination of Total Sulphur in Urine," refers repeatedly to the research work of this laboratory.

Dr. H. P. Armsby, Director, Institute of Animal Nutrition, Pennsylvania State College, Expert in Animal Nutrition, Bureau of Animal Industry, in Bull. 108, Bureau of Animal Industry, U. S. Dept. of Agric., quotes as follows: "Lean cuts of meats, however, may contain much less fat than is indicated by the above statement. Thus Grindley and Emmett (U. S. Dept. of Agr., Office of Experiment Stations, Bull. 162) analyzed seven samples of beef round from which the visible fat had been removed, the average of the seven analyses being as follows——"

Dr. W. H. Jordan, Director of the New York Experiment Station, in an article upon the Effects of Phosphorus Compounds with Milch Cows in American Jour. of Physiology, Vol. 16, p. 309 (1906), quotes as follows: "Emmett and Grindley (Jour. Amer. Chem. Soc., 1906, Vol. 28, p. 5), in their researches on the chemistry of the flesh of steers, have made a study of its phosphorus content in various forms. Their results show that the total phosphorus for such flesh soluble in cold water ranged from 0.146 per cent to 0.257 per cent, averaging approximately 0.2 per cent. Of this 0.12 per cent consists of soluble inorganic phosphorus bodies, chiefly potassium phosphates, only about 0.08 per cent being in the form of organic phosphorus compounds."

Annual Reports of the Progress of Chemistry issued by the London Chemical Society have the following to say regarding the work of the Research Laboratory: "Food chemists will also read with considerable interest a paper by Grindley (Jour. Amer. Chem. Soc., 26, 1086, 1904) which contains a very considerable number of analyses made with the object of elucidating the chemistry of the proteids and other nitrogenous constituents existing in meats." Chem. Soc. (Lon.), Annual Report, Vol. 1, p. 165, 1905.

"Emmett and Grindley (Jour. Amer. Chem. Soc., 27, p. 263, 1905) have shown that the lard obtained from hogs fed on cottonseed meal responds to a number of general tests for vegetable oils, and gives the more important special reactions of cottonseed oil. They also isolated from such lards crystals resembling those of phyllosterol." Chem. Soc. (Lon.), Annual Report, Vol. 2, p. 205, (1906).

"A. D. Emmett and H. S. Grindley (Jour. Amer. Chem. Soc., Vol. 28, p. 25, 1906) have similarly examined the phosphorus-containing substances in flesh, and find that in beef 75 per cent of the total phosphorus is soluble in cold water, and that one-fourth of this consists of organic compounds." Chem. Soc. (Lon.), Annual Report, Vol. 3, p. 274 (1906).

"The results obtained by other investigators of colorimetric study of meat extracts for creatin and creatinin were subsequently extended by Grindley and Woods. (Jour. of Biol. Chem., 2, p. 309, 1907)." Chem. Soc. (Lon.), Annual Report, Vol. 4, p. 218 (1907).

"Grindley, Woods, and Emmett (Jour. Biol. Chem., Vol. 3, p. 491, 1907), using Folin's method, have made accurate estimations of creatin and creatinin in meat

and meat extracts of various kinds. Among other points they have finally disposed of the statement, made some years ago by G. S. Johnson, that creatinin is the more abundant base of the two." Chem. Soc. (Lon.), Annual Report, Vol. 4, p. 238 (1907).

The Revue de la Societe Scientifique d'Hygiene Alimentaire et de l'Alimentation Rationnelle de l'Homme, Paris, 1904, published in full a translation of Bulletin No. 141 from the Research Laboratory.

Dr. A. C. True, Director of the Office of Experiment Stations, in his different reports has the following to say regarding the researches of this laboratory:

"In Illinois, Prof. H. S. Grindley, of the University of Illinois, Urbana, has continued the investigations of the preceding year in regard to losses in cooking meat by frying and boiling. In the former method the loss of material has been found to be appreciable. In the latter, if the broth is used, all the nutritive value has been found to be retained, since nothing was lost in the vapors arising during the process of boiling. The investigations at the University of Illinois have now become well established and have thoroughly commended themselves to the authorities of that institution. It is therefore proposed to extend this work during the coming year, making this institution a center of investigations relating especially to meats. This is a subject on which comparatively little accurate work has been done aside from studies on the chemical composition of the different kinds of meat."

"Nutrition investigations have been carried on in cooperation with the Hull House, and the Lewis Institute of Chicago, and the University of Illinois. The lines of work undertaken have been dietary studies, investigations of food and milk supply of Chicago, losses in cooking meat, digestion experiments in which meat formed a considerable part of the diet, and analyses of food materials."

"Besides the cooking experiments, Professor Grindley has made up to the present time thirty-seven digestion experiments in which meat forms an important part of the diet. In some of these experiments, indeed, only sufficient other food materials were used to make the diet palatable. The meat used has been cooked in different ways and has been of different degrees of fatness. The results have not yet been published. All of these thirty-seven experiments are also nitrogen metabolism experiments, since the nitrogen of income and outgo was determined.

"These experiments were carried on with men, and may be called natural-digestion experiments. In addition to these natural digestion experiments, a large number of artificial experiments have been made, in which the digestibility of different kinds of meat, of different degrees of fatness, and cooked in different ways, has been studied by means of digestion in pepsin solution, and the time required for complete digestion noted. The results of these experiments, like those of the natural-digestion experiments, still await publication.

"The number of analyses of food materials, excretory products, and residues from artificial-digestion experiments has been very large. The results of the investigations can hardly fail to be of far-reaching value."

"Professor Grindley has continued his valuable work with meats at the University of Illinois the past year. This included the carrying out of twenty digestion and nitrogen metabolism experiments with men, in which meat (beef) formed the chief part of the diet; sixty-five artificial digestion experiments with different kinds of meat to determine the influence of cooking upon the digestibility; forty-seven cooking experiments with meats to determine the losses in cooking and its influence upon flavor, palatability, digestibility, etc. In connection with these experiments, Professor Grindley made the analyses of 174 samples of food materials and excretory products and the determination of 130 heats of combustion.

"In addition to his experimental work, Professor Grindley has prepared a bulletin on the cooking of meats, which gives the results of his investigations in this direction.

"Professor Grindley's investigations on the losses occurring in the cooking of meats appear to show that boiling causes a greater loss of water than other methods of cooking. Some nitrogen and mineral matters were found in the resulting broth. The amount of fat in the broth depended somewhat upon the amount of fat in the meat, but more especially upon the nature of the meat used for the experiment. Different cuts of meat produced a noticeable difference in the amount of fat in the broth, the amount varying according to the character of the cut. The amount of loss depended upon the time of cooking, and was inversely proportional to the size of the piece of meat. In pan boiling, the losses appeared to be unimportant. There was a considerable loss of weight, mostly caused by the loss of water. A gain of fat was noted, owing to absorption of the fat used in the process."

"The investigations with meat, carried out at the University of Illinois by Professor H. S. Grindley and his associates, have been continued the past year under most favorable conditions. In addition to the use of a new and well equipped laboratory, the University has contributed \$2,000 toward the nutrition investigations. Furthermore the Experiment Station furnished, without charge, the meat used in this investigation. The animals from which the portions of meat were taken were bred, grown and fed under known conditions, this being carried out under Professor Grindley's direction. The Department of Household Science also rendered valuable assistance."

"The investigations carried out the past year consisted of fifty-eight experiments to study the losses and chemical changes resulting from the cooking of meat and the influence of different methods of cooking upon the nutritive value of the meat (beef). These investigations included the complete analysis of eighty samples of uncooked and cooked meats, and of thirty-six samples of broths. In addition, determinations have been made of proteids of different kinds of broths from cooked meats and in water extracts from uncooked meats."

"A valuable feature of Professor Grindley's work the past year has been the very satisfactory improvement of the methods used for the nitrogen determinations."

"The investigations with meat at the University of Illinois, in charge of Professor H. S. Grindley, have been conducted under very favorable conditions. The University has furnished the use of an especially well equipped laboratory, and, in addition, contributed a considerable sum toward the nutrition investigations. The meat used in the investigations was contributed free of cost by the Illinois Experiment Station, and the animals from which the material was taken were bred, grown and fattened under known conditions. The Department of Household Science of the University also rendered valuable assistance in the investigation. Beef, veal, mutton and pork were the meats studied.

"Professor Grindley and his associates conducted forty-five cooking experiments during the past year. In these experiments the inner temperature, flavors, losses and other changes resulting in the boiling, roasting, frying, broiling, sauteing, also the influence of covered and closed pans upon the above processes, were determined, as well as the effects of these factors upon the digestibility and nutritive value of the meat. Some of the experiments also included the influence of salt in varying quantities upon the losses, changes and modification of flavors which meats undergo during the process of boiling, in addition to the toughness and tenderness of raw and uncooked meats by means of a special machine which Professor Grindley has recently perfected."

"Professor H. S. Grindley and his associates have carried on thirty-five experiments on the changes in the nutritive value and the flavor, color and texture when meat is cooked, and the possibilities of regulating conditions so that roast meat of uniform character may be obtained. This work has necessitated a study of the character of the extractives and other constituents of the cooked and raw meat and of the bodies which produce the characteristic flavor of cooked meat.

"The investigations have shown the way in which thoroughness of cooking and in large degree the quality of the cooked product depend upon the initial temperature of the oven and the length of the cooking period, factors which may be readily controlled.

"The investigations have also shown that after meat is removed from the oven the temperature of the interior of the roast continues to rise for a time, owing to the passage of heat from the outer layer to the interior of the uncut roast. In other words, cooking continues after meat is removed from the oven.

"Following the deductions from the experiments, it is possible to cook meat to any desired degree from very rare to very well done and have the results the same from time to time, and the methods outlined can readily be used in the household.

"When meat is roasted some loss in weight is sustained, owing principally to the evaporation of water and the removal of fat, which melts and runs out into the pan.

"The flavor of roast meat is largely due to the browning of the meat extractives."

"At the University of Illinois Professor H. S. Grindley and his associates have carried on forty-five artificial digestion experiments with different kinds and cuts of meat to study the effects of different methods of cooking on ease and rapidity of digestion, and have also made cooking experiments which were undertaken to secure additional information regarding the changes and losses sustained by meat when cooked in different ways. As a whole, the work at the University of Illinois has shown that it is possible to control cooking processes so that uniform results may be obtained. Meats of all kinds and cuts are to be ranked among the very digestible foods. No great differences were observed in the ease or thoroughness of digestion of different kinds and cuts of meat."

Extracts of letters of Dr. A. C. True, Director of Experiment Stations, United States Department of Agriculture, Washington, D.C., which show the intention of making the University of Illinois a center for nutrition investigation along the line of the chemistry of meat, and which also show the interest and the value which these experiments are considered by the United States Department of Agriculture to have:

"We want to make our work at the University of Illinois as strong as possible along the line of meat investigations."

"As regards your own work, we, of course, expect to continue investigations on meats for years before we have exhausted the subject, but you have made some definite progress each year and the particular lines of your work are changing as definite results are obtained. It is because you have obtained such useful results that we desire to continue and extend your work."

"As you know it is our desire to develop nutrition investigation at the University of Illinois."

Quotations from letters of Professor W. O. Atwarer, special agent in charge of nutrition investigations for the United States Department of Agriculture, which show the intention of the department to make the University of Illinois a center for nutrition investigations along the lines of the study of meats:

"The subject is important and you have the field in this country." "I think you are doing and can do an excellent thing."

"I know very well that you will do all you can as you have done in the past. I consider the work you are doing very important and am anxious to see it extended."

"I have not had time to read your manuscript through with any degree of care, but a hurried examination implies that the work is even more extended and valuable than I had anticipated."

"Dr. True and I are both anxious to do all that can be done to encourage your work."

"We are now going over your last manuscript and hope to write you about it soon. I am more and more impressed with the importance of the line of inquiry you are engaged in and wish you the best of success."

"There is no doubt, however, in my mind as to the desirability of increasing your appropriation. The amount and quality of your work justify almost any request, but the great question is where is the money to come from. Congress has just refused to increase our appropriation for next year. The demands on all sides are becoming more and more imperative. It was only by cutting down other work that the small increase was made in your appropriation for last year. I say this simply to show the difficulties in the way of the increase which you desire and which I very much wish you might have."

"Both Dr. True and I appreciate your work and we both hope for increased appropriations in the future which will make it possible for us to do more to aid you."

"I have been looking over your manuscript this morning, and I am convinced that the bulletin will be both interesting and valuable, and I hope we shall be able to get it out very soon."

"It was somewhat of a strain last year to increase your appropriation to \$1,500. This was done because we thought you so thoroughly deserved it and because your work is so useful, and we wanted to do everything possible to encourage your work, yourself in its prosecution, and the University in its support."

"Nothing but an unusual high estimate of your work would have led to the increase in your appropriation last year. To keep it even at the present level would involve sacrifice elsewhere."

"I have been so much occupied preparing for an European trip that I have had but a moment to glance over your manuscript, although I have been hoping to find the opportunity to look it over in more detail. Dr. Langworthy and Mr. Milner have been over it, however, and we are all agreed in thinking that it is an extremely good bulletin. It shows evidence of having been put together with much care and thought, and Dr. Langworthy says of it, 'It is a piece of work of which any man might be proud.'"

"I am glad that you have been able to complete your work so satisfactorily and promptly this year and am fully convinced that the bulletin I am publishing will be a valuable addition to the series describing your investigations."

"We are very much interested in the work you are doing and appreciate its value, as well as the interest you take in it and the disadvantage you have had this year. You have done a large amount of most excellent work in proportion to the funds allotted to you."

"I am glad that you are ready to conduct the investigation with such painstaking detail and to conduct it year after year, by doing this making each year's work better than the last. I believe the investigation will become one of high scientific, as well as intensely practical, value. Your University is allying itself with abstract truth. It is in advance of most others in allying itself likewise with the interest of the home and the home maker, through its Department of Domestic Science. Others are with you, many others I believe will follow, and the outcome will be education, inspiration and uplift."

Quotations from letters relating to bulletin 158, "Relative Economy, Composition and Nutritive Value of the Various Cuts of Beef":

Dr. A. L. Winton, of the United States Department of Agriculture, Bureau of Chemistry, wrote: "I thank you for the copy of bulletin 158, which I value because of its scientific as well as practical importance."

Professor M. W. Howard, Simmons College, Department of Household Science: "I am extremely interested in it. \* \* \* The illustrations are exactly what I have been looking for, and I feel that this bulletin will be invaluable."

Professor M. E. Jaffa, University of California, College of Agriculture, Department of Agricultural Chemistry: "This is to acknowledge with many thanks, copy of bulletin 158. \* \* \* I am more than pleased to have this little pamphlet. \* \* \* The bulletin represents a large amount of good work, and certainly it is a valuable contribution to our knowledge on the subject. The practical data that it contains can well be utilized in the home. Complimenting you on the bulletin, I am, \* \* \*"

Dr. J. B. Lindsey, Vice Director and Chemist of the Department of Plant and Animal Chemistry of the Massachusetts Agricultural Experiment Station: "I acknowledge with many thanks the copy of your bulletin on the chemistry of the different cuts of beef, etc. It is exceedingly interesting, and furnishes a large amount of data, which cannot help being useful both in a practical and scientific way."

Professor J. E. Morton, Head of the Department of Animal Husbandry, State Agricultural College, Colorado, wrote: "I thank you for the copy of Bulletin 158. You have done mighty valuable work in getting it out. There should be a great deal more of the same class of work done at the different stations. \* \* \* The University of Illinois is to be congratulated on the bulletins they have put out during the last two years. I believe they contain more valuable material than any coming from other institutions."

Dr. M. Dorset, Chief of the Biochemic Division of the Bureau of Animal Industry of the United States Department of Agriculture, wrote: "I have seen a copy of the recent Bulletin No. 158. I have not, however, received one myself. Inasmuch as the work contained therein is of great interest and importance to us, I would be under many obligations if you would have a copy sent to me."

Elizabeth C. Pierce, New York: "I want to thank you ever so much for the bulletin on meats. It is perfectly splendid and exactly what I wanted. Thanking you again for your kindness."

In an editorial reproduced from the Journal of the American Medication Association, in the Scientific American Supplement, dated December 28, 1912, the following was stated: "The facts cited indicate how the retail prices of beef cuts are determined chiefly by considerations other than their food value. \* \* \* It is high time that those purchasers to whom matters of justifiable economy make

an appeal should be educated to appreciate the irrational standards that characterize the demands for beef. \* \* \* This advice applied in equal measure to public institutions, including hospitals, where a misapplied sense of duty often leads to well-meant but ill-judged dietary extravagance."

In the September, 1912, number of the Illinois State Board of Health Monthly Bulletin, in which Bulletin 158 was published in full, the editor, the late J. A. Egan, Secretary of the Illinois State Board of Health, said in his comment: "As meats form so important a part of man's dietary, its relative economy, composition, and last but by no means least, the nutritive value of the different portions, must become of material consequence to all who consume it, and especially to the housewife upon whose shoulders falls the responsibility of providing food which is appetizing as well as nutritious. To her, especially, this bulletin will be of inestimable value."

The National Provisioner, in an editorial under the date of November 23, 1912, stated: "The University of Illinois has been the leader in this sort of research work for many years. Its experts have recently completed an exhaustive investigation into the economy, composition, and nutritive value of various cuts of beef. \* \* \* The meat trade is vitally interested in this matter, and it will pay every meat man, in satisfaction of mind if not in pocket, to study this report and spread the gospel contained therein to his customers and friends."

Under date of October 23, 1912, the National Provisioner, which reproduced the Bulletin 158 in full, said in an introductory number: "The University of Illinois has been a pioneer among the educational institutions of the country to take up such problems \* \* \* as research and experimental work along livestock and meat lines. \* \* \* Their work in recent years has been of enormous value to the entire country, not only to producers and to packers, but to consumers as well." "The investigators have realized that it would take something more than mere talk to achieve the desired results. Reasons must be given to support such advice, and facts and figures must be presented in a striking way. This has just been done in a way that deserves the notice of every man in the meat trade."

#### REQUEST FOR SCHOLARSHIPS FOR BULGARIAN STUDENTS.

(12) A letter from Hon. P. P. Claxton, United States Commissioner of Education, enclosing a letter from Madame Panzy Hadji Mischief, wife of the Bulgarian Minister at Athens, asking the University to establish certain scholarships for the benefit of Bulgarian students.

No action was taken with reference to this matter.

#### PAVEMENT IN FRONT OF NEW ARMORY.

(13) A recommendation from Professor J. M. White, Supervising Architect, that an appropriation of six hundred dollars (\$600) be made for the construction of a pavement at the south end of Fifth Street in Champaign, as an approach to the main entrance of the new Armory.

On motion of Mr. Trevett, this recommendation was approved. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

#### RESIGNATION OF ASSISTANT PROFESSOR DU FOUR.

(14) The resignation of Mr. F. O. Dufour, Assistant Professor of Structural Engineering, to take effect August 31, 1913.

On motion of Mr. Trevett, it was voted to accept Mr. Dufour's resignation.

#### DEED OF LAND FOR AN EXPERIMENT FIELD.

(15) A letter from Dr. C. G. Hopkins, Professor of Agronomy, addressed to Dean Davenport under date of May 29, 1913, transmitting a deed transferring from Alexander Moir and Phoebe Moir, his wife; James Moir and Edna Moir, his wife, and Leon Lemaire and R. May Lemaire, his wife, to the Board of Trustees, for use as experimental field, twenty acres of land near Oquawka, the county seat of Henderson County.

This deed was referred to the Committee on Agriculture, with a request for a report at the next meeting on this deed and on the other deeds and leases which have been referred to the same committee.

#### TITLE "CHIEF CLERK" CHANGED TO "BURSAR."

(16) A recommendation from Professor George E. Frazer, Comptroller, that the title of the position in the business office held at present by Mr. Oren E. Staples be changed from "Chief Clerk" to "Bursar."

On motion of Mr. Trevett, this recommendation was approved.

## VALUATION OF MEDICAL PROPERTY BY THE CHICAGO REAL ESTATE BOARD.

(17) A bill from the Chicago Real Estate Board for two hundred sixty-eight dollars and seventy-five cents (\$268.75) for making a valuation of the property of the College of Medicine in the city of Chicago, in accordance with a request made by the President of the Board of Trustees.

On motion of Mrs. Henrotin, it was voted that this bill be approved, and that the certificate of valuation received from the Chicago Real Estate Board be printed in the minutes. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

## [CERTIFICATE OF VALUATION.]

CHICAGO, June 2, 1913.

*William L. Abbott, President, Board of Trustees of University of Illinois:*

We, the undersigned, members of the Valuation Committee of Chicago Real Estate Board, have carefully considered the application made by you for a valuation on the following described property:

Lots 1 to 7, both inclusive, in block 23; sub-lots 1 to 7, both inclusive, of lots 19 to 25, both inclusive, in block 23, and the vacated alley running north and south through said block 23; also lots 15, 16, 17, 18, and east 7 feet of lot 14, all in block 23 of Ashland's Second Addition to Chicago, in the west half of the northeast quarter of section 18-39-14; being situated in the blocks bounded by Lincoln Street, Ogden Avenue, Congress, Honore and Harrison Streets. Size of lots, 263.9x267x176.4x133.5x83.5x107.

We hereby certify that we have personally examined said premises, and that we have no personal interest in the property valued herein, and in our opinion said land is worth, exclusive of improvements, ... \$ 60,000 00  
Value of improvements ..... 185,000 00

Total valuation ..... \$245,000 00

## OPINION OF LEGAL COUNSEL ON REQUIREMENT THAT ALL COLLECTIONS BE PAID INTO THE STATE TREASURY.

(18) An opinion from Dean O. A. Harker, Legal Counsel, on the question whether the University is required to pay all collections of money made by it into the State treasury.

This opinion was received to be printed in the minutes:

June 3, 1913.

*President Edmund J. James, University of Illinois.*

Mr. DEAR PRESIDENT JAMES: Complying with your request I submit to you the following:

Opinion as to whether the University of Illinois is required to pay all collections of money made by it into the State treasury.

If any such requirement is cast upon the University, it must be by some provision of the constitution or by some act of the Legislature.

1. There is no provision in the constitution specifically requiring the University to pay any money into the State treasury. Under a strained construction given to section 18 of article 4, by the Supreme Court of the State in the case of *The People ex rel., etc. v. Needles*, 96 Ill., 575, it may be compelled to return to the State treasury such portion of a legislative appropriation as shall not be used before the end of the first fiscal quarter after the adjournment of the next regular session of the General Assembly following the one at which the appropriation was made; but it should be observed that such a return is of money voted out of the State treasury and not of money received for tuition and otherwise, by the University, in a way entirely disconnected from the State treasury. By no possible construction of section 18, article 4, or any other section of the constitution, can it be said that the receipts of the University coming from any other source than the State should be paid into the State treasury.

2. The only act of the Legislature under which it has been claimed that an obligation rests with the University to turn its receipts of money into the State treasury is one passed by the General Assembly of 1911, entitled "An Act in relation to the payment of the public money of the State into the State treasury," approved June 9, 1911.

A careful reading of the first section clearly shows that the University was not in mind when the bill was drafted or the act passed, otherwise it would have been specifically mentioned, as were some thirty departments, boards, and officials directly connected with the State Government. It reads:

"That the Secretary of State, the Auditor of Public Accounts, the Superintendent of Public Instruction, the Adjutant General, the Insurance Department of the State of Illinois, the Board of Administration, the Charities Commission, the Board of Commissioners for the Management of the State Library, the Illinois Stallion Registration Board, the Board of Live Stock Commissioners, the Board of Veterinary Examiners, the Railroad and Warehouse Commissioners, the Chief Inspector of Grain, all Deputy Inspectors of Grain, Warehouse Registrars and their assistants, all State Weighmasters, the State Commissioners of Labor, the Chief Inspector of Private Employment Agencies, the State Board of Examiners of Architects, the Board of Examiners of Barbers, the Board of Fish Commissioners, the State Game Commissioner, the State Board of Health, the State Board of Pharmacy, the Illinois State Board of Dental Examiners, the Miners' Examining Board of the respective counties, the State Board of Examiners of Registered Nurses, the State Entomologist, the State Fire Marshall, the State Food Commissioner, and all like executive and administrative boards, commissions, commissioners, departments and institutions of the State Government herein named, are hereby declared to be officers, arms, agencies and departments of the State Government, and all moneys received by each of such officers, boards, commissions, commissioners, departments or institutions, for or on behalf of the State from fees, fines, penalties, forfeitures, rentals, the sales of property or from other like sources, shall be paid into the State treasury, and no such officer, board, commission, commissioner, department or institutions shall expend any money so received for salaries, expenses or for any other purpose, except upon the warrant of the Auditor of Public Accounts based upon appropriations from the State treasury made biennially by the General Assembly."

In construing legislative acts courts have universally declared that "the intent of the framers should be the guiding star." Another familiar canon of construction is that when an act specifically names certain persons or things affected thereby it will be presumed that all not named are to be excluded from its operation.

Furthermore, in its relation toward the State Government the University of Illinois occupies a position entirely different from the departments named. Its Board of Trustees is a corporation, invested with the power to acquire, hold, and convey title to lands, to acquire, hold, and transfer in its own name personal property, to contract and be contracted with, to sue and be sued, and to perform various other functions entirely independent of State regulation. It resembles more a municipal corporation, such as a county, city, township, or school district, than any of the departments named. Not only is the title to the lands and equipment located at Urbana vested in the Board of Trustees, but it is owner of all the other property and funds not directly received from the State. In this connection I desire to call your attention to the language employed in the title of the act. It is an act "in relation to the payment of the public money of the State into the State treasury." I deny that funds received from the federal government, student fees, and donations are moneys of the State. Indeed, I should have very serious doubts of the constitutionality of an act specifically requiring the University to turn such funds into the State treasury.

Differing, as I do, from the view taken by the Attorney General in his opinion of April 1, 1913, to Hon. Paul Matthews, Department and Institution Auditor, I beg to suggest that he was doubtless led to his conclusion in so far as the University is involved by the holding of the Supreme Court in the case of the Chicago Board of Trade v. Cowen, 252 Ill. 554. That was a suit in equity to enjoin the payment into the State treasury of \$64,560, which had been collected by the Grain Inspection Department as fees for inspection. The chief question involved was the constitutionality of the Act of 1911. The Court sustained the lower court in dismissing the bill, and in addition to holding the Act constitutional stated that grain inspection fees were moneys of the State and that they should be turned into the State treasury irrespective of the Act. The fallacy of the Attorney General's argument lies in his assuming that student fees, etc., are moneys of the State.

I am firmly of the opinion that the Act of 1911 does not apply to the University.

Very respectfully,

O. A. HARKER, *Legal Counsel.*

#### BILL FROM THE FORMER STATE ARCHITECT APPROVED.

(19) A bill from Mr. W. Carby Zimmerman, formerly State Architect, for a balance due for work on the new Armory, of two hundred ninety-seven dollars and fifty cents (\$297.50).

On motion of Mr. Trevett, it was voted that this bill be paid when it shall be approved by the supervising architect. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

**AUTHORITY FOR PURCHASE OF CLASSICAL AND PEDAGOGICAL LIBRARIES.**

(20) A request for authority to purchase, from the book firm of Gustave Fock, of Leipzig, the classical philological library of the late Johannes Vahlen, Professor of Classical Philology in the University of Berlin, and also to purchase of the same firm the pedagogical library of the late R. Aron, of Berlin, at a price not to exceed the sum of twenty thousand five hundred dollars (\$20,500) for both collections.

On motion of Mrs. Henroten, it was voted that such authority be given to the President of the University. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henroten, Mr. Holt, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

**ATTENTION CALLED TO PROPOSED SITE FOR NEW LIBRARY.**

President James called the attention of the board to the recommendations made by the supervising architect, approved by the State Architect, concerning the location of the proposed new Library Building, as printed in the minutes of January 7, 1913, pages ———, and asked that each member of the board inspect the proposed location, as further recommendations will be made on this matter at a later meeting of the board.

\*At this point President James withdrew, having an engagement to address a meeting of alumni then in progress.

**RESOLUTIONS CONCERNING THE APPROPRIATION BILL BEFORE THE GENERAL ASSEMBLY.**

On motion of Mrs. Busey, the following resolution was adopted:

WHEREAS, The Board of Trustees of the University is informed that the University appropriation bill before the General Assembly contains a clause providing as follows:

"The Auditor of Public Accounts is hereby authorized and directed to draw his warrants from time to time upon the State Treasurer, for amounts expended or bills then due, from the sums herein appropriated, payable severally to the persons named, upon the presentation of itemized vouchers therefor, certified to by the President and Secretary of the Board of Trustees of the University of Illinois, with the corporate seal of the University attached thereto."

Therefore, Be it Resolved, That the Board of Trustees respectfully protests to the Appropriations Committee against the clause above quoted and requests the substitution of the following clause:

The Auditor of Public Accounts is hereby authorized and directed to draw his warrant on the State Treasurer for the sums hereby appropriated upon the order of the Board of Trustees of said University, attested by its secretary and the corporate seal of the University; provided that no part of said sum shall be due and payable to said Board of Trustees until itemized vouchers shall be filed with the Auditor for all previous expenditures incurred by the University on account of the appropriations hitherto made; and provided further that vouchers shall be taken in duplicate and that the original duplicate vouchers be forwarded to the Auditor of Public Accounts for the expenditures of the sums appropriated in this Act.

The board adjourned.

W. L. ABBOTT, *President.*

C. M. McCONN, *Secretary.*

### REPORT OF AUDITING COMPANY.

The secretary presented a report of the United States Auditing Company of an audit of the books and accounts of the University for the third quarter of the fiscal year ended March 31, 1913, which was received to be filed, certain parts to be printed in the minutes:

May 14, 1913.

*Honorable Allen F. Moore, Chairman, Finance Committee, University of Illinois, Monticello, Ill.*

DEAR SIR: Following your instructions, we have made our regular quarterly audit of the books and accounts of the University of Illinois for the third quarter of the fiscal year as ended on March 31, 1913.

On the several statements, as enumerated on the index prefixed hereto, we present full details of the cash receipts and disbursements.

We reconciled the chief clerk's cash account on the morning of April 11, 1913; proved the cash book footings from January 20, 1913, to April 11, 1913; verified the cash in the office by actual count; and examined and proved the footings of the approved and receipted vouchers in process of entry.

Summarized, the chief clerk's cash account is as follows:

Balance on hand January 20, 1913.....	\$14,727 11
Receipts from various sources .....	82,042 11
	<hr/>
	\$96,769 22
Deduct—Remittances to treasurer .....	81,000 00
	<hr/>
	\$15,769 22

*Made up as follows—*

Currency .....	\$ 742 00	
Coin .....	33 20	
Checks for deposit .....	51 00	
First National Bank, Champaign, balance as per pass book	12,575 79	
	<u>\$13,401 99</u>	
Vouchers in process of entry .....	2,367 23	\$15,769 22
In the cash statement following, we present in total the general cash transactions for the third quarter, as represented by the cash book and warrant register, beginning with the general cash balance as of December 31, 1912:		
Treasurer's balance, December 31, 1912.....	\$54,350 22	
Chief clerk's balance .....	19,100 41	
	<u>\$ 73,450 63</u>	
Add—Cash receipts (Exhibit "A").....	1,296,798 59	\$1,370,249 22
		<u>570,049 46</u>
Deduct—Cash disbursements (Exhibit "B").....		\$800,199 76
Balance, March 31, 1913.....		<u><u>\$800,199 76</u></u>

*Made up as follows—*

Treasurer's balance .....	\$786,991 17	
Chief clerk's balance .....	13,208 59	
	<u>\$800,199 76</u>	
We compared all warrants paid during the quarter with the treasurer's list, and verified the bank balance, as per our special report, covering the transfer of the balance to Busey's Bank April 6, 1913.		
We proved the footings of the warrant register and first semester fee book; verified all postings to the fund ledger; examined the receipted bills and compared them with all vouchers.		
We verified the first semester fees, and found the following outstanding:		
Glenn Cliffe Barnum (extended to June 13).....	\$14 00	
Pearl G. Richter, billed \$19.50, paid \$12, balance.....	7 50	
	<u>\$21 50</u>	
In auditing the cash receipts, we noticed that the interest on daily bank balances was credited to the general fund at the end of two years, and not annually. Fuller reference to this question, as also to the subject of freight rates, is given on Exhibit "C".		
The following is a reconciliation of the treasurer's account with the books of the University as at March 31, 1913:		
Treasurer's balance, per University books.....	\$786,991 17	
Add—Unpaid warrants (Schedule "5").....	117,977 88	
	<u>\$904,969 05</u>	

*Made up as follows (Schedule "6")—*

General fund .....	\$875,328 80	
College of Medicine fund .....	15,945 64	
United States Agricultural Experiment Station fund..	6,137 22	
School of Pharmacy fund .....	7,526 49	
	<u>\$904,938 15</u>	
Add—College of Medicine fund (Item of \$30.90 charged by treasurer without warrant, credited in April, 1913)...	30 90	\$904,969 05

Very truly yours,  
 UNITED STATES AUDIT CO.,  
 HENRY L. HERTZ, President.

Supervised by:  
 W. B. FLERSHEM,  
 Certified Public Accountant.

## EXHIBIT "C."

## REMARKS AND RECOMMENDATION.

*Interest on Daily Balances.*

From our information, the terms are 2 per cent per annum. Our examination shows that credit has not been made annually by the treasurer, but at the end of two years, and we are informed that interest has been calculated only on balances in excess of one thousand dollars (\$1,000). The question of the interest accumulated on the balances at the end of the first of the two years and the practice of calculating interest only on balances in excess of one thousand dollars is thus brought to your notice.

*Freight Bills.*

Our audit discloses a considerable sum paid out for freight, with but scant verification as to the validity of the rates charged. We desire to impress the importance of accurate information in verifying freight rates, and suggest that the necessary assistance and means be adopted to insure certainty in this respect.

## RESOLUTION OF APPRECIATION OF SERVICES OF MESSRS. GROUT AND HATCH.

Mr. Hoit presented the following resolutions of appreciation of the services of Messrs. A. P. Grout and Fred L. Hatch, former members of the Board of Trustees, whose terms expired on March 11, 1913; this resolution having been drafted by the special committee authorized at the meeting of March 5, 1913 (1913):

### RESOLUTION.

The University of Illinois has had a remarkable growth within the last decade. That growth has resulted from many causes. One of these causes is the presence upon the Board of Trustees of persons who have faith in the future of the University and an intelligent understanding of the steps necessary to translate that faith into an enlarged physical equipment, courses of study, and teaching faculty.

It is the desire of the members of the Board of Trustees to express in this special manner their appreciation of the large services rendered to the University in this decade of growth by Messrs. A. P. Grout and Fred L. Hatch.

O. W. HOIT,  
F. G. BLAIR,  
Committee.

This resolution was adopted by a unanimous vote of the members present.

### UNIVERSITY APPROPRIATION BILL.

President James presented for record a copy of Senate Bill No. 675, entitled, "For an Act making appropriations for the University of Illinois," which was signed by Governor Dunne on June 24, 1913.

This bill was received to be printed in the minutes:

#### *For an Act making appropriations for the University of Illinois.*

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly:* That there be and is hereby appropriated to the University of Illinois for the biennium beginning July 1, 1913, the sum of four million five hundred thousand dollars (\$4,500,000) payable out of money paid into the State treasury and set apart as a fund for the use and maintenance of the University of Illinois, in accordance with an Act entitled: "An Act to provide by State tax for a fund for the support and maintenance of the University of Illinois," approved June 10, 1911, in force July 1, 1911, payable as follows:

1. For maintenance, equipment and general operating expenses, the sum of one million six hundred thousand dollars (\$1,600,000) per annum.  
2. For the purchase of land and the erection and permanent equipment of buildings, the sum of six hundred fifty thousand dollars (\$650,000) per annum.

SECTION 2. The appropriations made herein shall be paid only out of moneys paid into the State treasury and set apart for the use and maintenance of the University of Illinois in accordance with the provisions of an Act entitled "An Act to provide by State tax for a fund for the support and maintenance of the University of Illinois," approved June 10, 1911, in force July 1, 1911.

The Auditor of Public Accounts is hereby authorized and directed to draw his warrants from time to time upon the State Treasurer, for amounts expended or bills then due, from the sums herein appropriated, payable severally to the persons named, upon the presentation of itemized vouchers therefor, certified to by the President and Secretary of the Board of Trustees of the University of Illinois, with the corporate seal of the University attached thereto.

### MINUTES CORRECTED AND APPROVED.

The minutes of the meeting of June 10, 1913, being again taken under consideration, the following corrections were noted:

(1) To be inserted on page 259 immediately before the paragraph beginning, "At this point President James withdrew":

Mrs. Busey presented the matter concerning the University appropriation bill which was being considered before the Legislature, which was discussed at some length.

(2) To be inserted on page 259 immediately before the paragraph reading, "The board adjourned":

On motion of Mr. Moore, it was voted that the foregoing resolution be telegraphed to the members of the Appropriations Committees of both houses of the Forty-eighth General Assembly.

With these corrections; the minutes of June 10, 1913, were approved.

**STENOGRAPHER TO BE EMPLOYED FOR BOARD MEETINGS.**

On motion of Mrs. Busey, it was voted that the secretary be instructed to have a stenographer present at meetings of the board, until further notice.

At this point Mr. Meeker withdrew.

Mrs. Busey also withdrew.

**MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.**

President James presented the following matters for consideration:

**AUTHORITY FOR DISPOSAL OF WORN-OUT EQUIPMENT.**

(1) A recommendation from Dr. W. F. M. Goss, Dean of the College of Engineering, that the comptroller be authorized to sell or exchange certain portions of the shop equipment in the Department of Mechanical Engineering which in the opinion of the department are entirely obsolete for purposes of instruction.

On motion of Mr. Trevett, it was voted that the comptroller be authorized to dispose of worn out equipment, apparatus, or furniture upon the recommendation of the head of the department concerned, approved by the Dean of the College. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mr. Hoyt, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Dunne, Mrs. Henrotin, Mr. Meeker.

At this point Mrs. Busey resumed her seat with the board.

**SUPPORT OF ORCHESTRAL CONCERTS.**

(2) A petition from Professor C. H. Mills, Director of the School of Music, signed by a large number of the faculty and others, that the trustees authorize a series of orchestral concerts, to be held in the Auditorium during the coming year at the expense of the University; it being believed that by making arrangements immediately three or four good orchestras like the Thomas Orchestra, the Minneapolis Symphony Orchestra, the Cincinnati Orchestra, the Damrosch Orchestra, and possibly others of the same class, may be brought to the University for one or more concerts; and that it may be possible by selling a season ticket which would admit to all of these concerts at the price of two dollars or two dollars and a half (with a special higher price for single admissions) to realize an income of between three thousand and thirty-five hundred dollars, and thus to offer from four to eight concerts for the benefit of the student body at a total cost to the University of not more than fifteen hundred dollars; this petition being accompanied by a recommendation that an appropriation of not to exceed five thousand dollars (\$5,000) for the purpose named therein be made.

On motion of Mr. Trevett, this recommendation was referred to the Committee on Students' Welfare, with power to act, and with authority to expend not more than five thousand dollars (\$5,000) for this purpose. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoyt, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker.

**SITE OF PROPOSED NEW LIBRARY BUILDING.**

(3) A letter from Mr. Clarence H. Blackall, Architect, of Boston, concerning the site of the proposed building for a general library of the University; accompanied by a memorandum in regard to the recommendation made with reference to this matter by a committee of the University Senate.

This letter from Mr. Blackall, with the accompanying memorandum, was received to be printed in the minutes; and the question of the site for the proposed new building was referred to the Committee on Library for report.

[LETTER FROM MR. BLACKALL.]

June 14, 1913.

MY DEAR DR. JAMES: The site which has been tentatively selected for the proposed general library of the University, a location with the north and south axis on the axis of Wright Street, and the east and west axis on the axis of the Armory, seems to me to be on the whole the best that could be selected for

such a building. In the natural course of development the transaction lines are bound to be profoundly modified, and it has always been my conviction that the above location seems nearer being the center of what will ultimately be the University development than any other one point, and the opportunities for north and south and east and west lines of transportation are here most excellent. I should hope that if this library is located in this manner, however, the cars will be entirely taken off the campus and carried across underneath in a subway.

Yours very truly,

C. H. BLACKALL.

*President E. J. James, University of Illinois, Urbana, Ill.:*

[MEMORANDUM CONCERNING RECOMMENDATION OF SENATE COMMITTEE.]

The University Senate on June 8, 1912, authorized the appointment of a special committee to consider the question of what ought to be done in the way of permanent provision for the University Library. Many different plans were suggested. One involved enlarging the present library, but this plan was definitely discarded by the committee as undesirable and inadequate. After long consideration the committee finally agreed upon a site which should center north and south on Wright Street extended and on the axis of the Armory on the west.

This site would permit the erection of a building ultimately 500 feet long, extending 250 feet each way from the center of Wright Street extended, and running back to the south around a court four or five hundred feet deep. Such a building could be erected in sections and could house in the first instance, if a sufficiently large block were erected, not only the University Library but the University Museum. By adding sections, additional library collections and music collections could be taken care of. Ultimately the library itself might occupy the entire site.

APPROPRIATION TOWARD Y. M. C. A. HAND BOOK.

(4) A request from the Young Men's Christian Association for an appropriation toward the publication of the Students' Handbook, issued by the association at the beginning of the school year; this handbook containing information of value to students, and a copy of it being sent before the opening of the year to each student who has indicated his intention to register in the University in the autumn; with the recommendation that an appropriation of two hundred fifty dollars (\$250) be made for this purpose.

On motion of Mr. Trevett, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker.

At this point Mrs. Busey again withdrew.

APPROPRIATION FOR THE MOVING OF THE HORTICULTURAL GREEN-HOUSES.

(5) A request from Mr. J. C. Blair, Professor of Horticulture, for immediate authority to remove the greenhouses now on the old horticultural field to the new site east of Mathews Avenue at an estimated cost of nine thousand dollars (\$9,000).

On motion of Mrs. Evans, this request was approved, and an appropriation of nine thousand dollars (\$9,000) was made for this purpose. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Dunne, Mrs. Henrotin, Mr. Meeker.

Mrs. Busey here again resumed her seat with the board.

FIXED CHARGE FOR THE USE OF THE AUDITORIUM FOR ENTERTAINMENTS.

(6) A suggestion from Professor James M. White, Supervising Architect, that a charge of fifteen dollars (\$15) be made for all entertainments to be given in the Auditorium except those that are strictly University functions; this charge to cover heating, lighting, janitor service for ordinary cleaning, and police duty; an extra charge to be made where any exceptional arrangement for lighting effects, building of scenery, or arranging of platform is demanded; each organization to be advised of this charge at the time when the Council of Administration sanctions the giving of the entertainment, and to be required to present a receipt at the office of the supervising architect before the date for the use of the Auditorium is assigned; exceptions to this regulation to be permissible at the discretion of the Council of Administration.

On motion of Mr. Montgomery, this recommendation was approved.

**FIXED CHARGE FOR USE OF THE ARMORY FOR DANCES.**

(7) A further suggestion from Professor James M. White, Supervising Architect, that a charge of thirty dollars (\$30) be made for the use of the old Armory for dances and similar entertainments; this charge to cover lighting, heating, janitor service for ordinary cleaning, police duty, and the use of such palms and ferns as the supervising architect and the superintendent of grounds deem advisable; all extra work, such as wiring, decorating, special lighting effects, and the like, to be charged for in addition in proportion to the labor and material required.

On motion of Mr. Montgomery, this recommendation also was approved.

**CO-OPERATIVE INVESTIGATION WITH THE ILLINOIS CANNERS' ASSOCIATION CONTINUED.**

(8) A letter from Mr. J. W. McCall, of Gibson City, President of the Illinois Canners' Association, stating that the association will contribute one thousand dollars (\$1,000) for the coming year toward the expense of a research carried on by the University, under the supervision of the Department of Bacteriology, into certain problems of the canning industry; with the following memorandum in regard to the history of this cooperative investigation, and recommendation in regard to its continuance:

In August, 1911 (see minutes of September 12, 1911), the Illinois Canners' Association agreed to contribute one thousand dollars (\$1,000) per year for three years toward such an investigation as is referred to above. This investigation was placed at first under the direction of Dr. Burrill; after his retirement, under that of Professor Otto Rahn.

As very often happens, little seemed to come out of the research during the first year. During the second year, however, Mr. Bronson Barlow, the research assistant engaged on the work, struck an interesting and promising lead, which, it is believed, will lead to results of very great value to the canning industry of the world.

Mr. Barlow is willing to continue to give all his time to this work for another year at a salary of fifteen hundred dollars (\$1,500). The additional expense of the investigation as estimated by Dr. Rahn is four hundred dollars (\$400), including seventy-five dollars (\$75) for materials, twenty-five dollars (\$25) for labor, two hundred dollars (\$200) for traveling expenses, and one hundred dollars (\$100) for incidentals. In other words the contribution of the Canners' Association will cover about half the expenses of the investigation. It is recommended that the sum of one thousand dollars (\$1,000) offered by the Illinois Canners' Association be accepted, and that the President of the University be authorized to appoint Mr. Bronson Barlow Assistant for Canning Investigations in the University for one year beginning July 1, 1913, at a salary of fifteen hundred dollars (\$1,500) for the year.

On motion of Mrs. Evans, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mrs. Bugey, Mrs. Evans, Mr. Hoyt, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker.

**SUMMARY OF REPORT ON JOURNAL OF ENGLISH AND GERMANIC PHILOLOGY.**

(9) A statement in regard to the condition of the Journal of English and Germanic Philology, including an abstract of the report of Mr. C. M. McConn, Business Manager of the Journal, for the year ending June 30, 1913.

This statement was received to be printed in the minutes:

The Board of Trustees, on April 3, 1908, authorized the assumption and publication of the Journal of English and Germanic Philology, founded by Gustaf E. Karsten, formerly Professor of German in the University. After Professor Karsten's death, Professor Julius Goebel was made Managing Editor. In July, 1910, the business management of the Journal was placed in the hands of the registrar. For the past two years Mr. H. E. Cunningham, Assistant Registrar, has had special charge of the details of the work.

The Journal has secured wide recognition for itself in this country and in Europe as one of the most important scientific agencies in the field of the Germanic languages, including English. The paid-up subscription list is now 315. Forty-two periodicals are on the exchange list.

The following is a summary of the financial statement of the Journal for the year which ends with the current month:

Balance July 1, 1912 .....	\$ 803 85	
Appropriation from Graduate School fund .....	750 00	
Receipts from subscriptions, advertisements and reprints....	1,069 84	
	<b>\$2,623 69</b>	
Expenditures for printing and incidentals .....		\$1,326 18
Balance on hand June 30, 1913 .....		<b>1,297 51</b>
		<b>\$2,623 69</b>

# REPORT OF SUIT OF CHARLES W. SPALDING AGAINST THE UNIVERSITY OF ILLINOIS, ET AL.

(10) A report from Dean O. A. Harker, Legal Counsel, of the suit brought by Mr. Charles W. Spalding, formerly treasurer of the University, against the University of Illinois *et al.*

This report was received to be printed in the minutes:

June 18, 1913.

President E. J. James, University of Illinois.

DEAR SIR: Some time ago you requested me to make a thorough investigation of all the facts and matters involved in the case brought by Charles W. Spalding against the University of Illinois *et al.*, and report the same to you.

My time has been so occupied with other matters since receiving your request as to preclude a thorough investigation and report before this time.

I am now in possession of the data which will enable me to give you the following:

## REPORT.

Some time during the year 1896 it was ascertained that Spalding was in default to the University of Illinois in the sum of \$549,006.42, as follows:

In endowment bonds .....	\$418,110 00
In endowment fund uninvested .....	38,602 91
In general fund .....	92,293 51
Making a total of .....	\$549,006 42

In addition to being Treasurer of the University he was manager of the Globe Savings Bank of Chicago. At the time his defalcation to the University was ascertained to the Globe Savings Bank was greatly involved, and as Spalding had hypothecated some of the University's securities to secure obligations of the bank some serious and vexatious litigation followed. The Chicago Title and Trust Company, as receiver appointed in the case entitled *The People of the State of Illinois ex rel. J. S. McCullough, Auditor, v. The Globe Savings Bank et al.*, laid claim to a large amount of the securities. An adjudication resulted in favor of the University. In the litigation it was necessary for the University to employ counsel in all the cases in which title to the securities was involved. To avoid the expense to the University, and also to provide that the income of the fund derived from the Federal Government be appropriated to the use of the University, an arrangement was made at Springfield whereby the office of the Attorney General took care of the litigation, and an Act was passed protecting the interests of the State in connection with the management of those funds. That Act was passed June 11, 1897, at which time it was determined that the embezzlement of Spalding was as follows:

From the fund for operating expenses.....	\$ 48,116 13
From the fund for building purposes.....	44,803 25
From the federal endowment fund and interest thereon.....	456,712 91
Making a total of.....	\$549,632 29

Before then (14th of April, 1897), Spalding executed a deed of trust to the University to the following described personal property:

16 bonds, town of Buckley (Washington), each.....	\$ 500 00
17 bonds, Marshalltown Light, Power & Railway Co., each.....	1,000 00
50 bonds, Pocatello Power and Irrigation Co., each.....	1,000 00
60 Idaho Canal Co. bonds (new issue) numbered, each.....	1,000 00
Two notes made by J. W. Lanehart, payable on demand.....	5,000 00
(Guaranteed by John P. Altgeld).....	6,500 00

Seven notes of N. W. and G. W. Graham, being for \$1,000, \$500, \$1,500, \$2,000, \$2,000, \$2,000 and \$4,000, respectively, all secured by a trust deed to Adello D. Avril, conveying electric light plant at Carbondale, Ill.; all said notes payable on demand; also secured by stock of said Electric Light Company, par value, \$25,000.

Five hundred shares of stock in the Pocatello Power and Irrigation Co., par value \$100 per share.

Two thousand three hundred ninety shares of stock in the Idaho Canal Co., par value \$100 per share.

In the deed of trust he authorized the University, its trustees, or attorneys, to demand and receive all the said property from any person in whose hands the same might be found, to compromise and discharge any of the obligations mentioned in such way as in its discretion it might see fit, and to take any steps or proceedings to realize from the property at such prices as its trustees or attorneys might elect; the proceeds of the same to be applied to the discharge of the indebtedness to the University. The deed of trust further provided that if there should be any surplus it should be paid over to Spalding.

Spalding also executed a deed of trust or mortgage to Francis M. McKay, the President of the Board of Trustees, to certain lands situated in the state of Idaho and to some encumbered real estate situated in Cook County, Illinois.

On the passage of the Act of June 11, 1897, for the reimbursement of the University for Spalding's defalcation, and in consideration thereof, the securities which had been turned over by Spalding and the deed of trust were transferred to a State commission, composed of the Governor, the State Treasurer and the State Auditor. After that the University regarded itself as relieved of any

responsibility for the collection of the securities or the sale of the lands. In fact, the State commission assumed complete control of the sale, and the whole matter was turned over to the Attorney General of the State. From the best information that I can obtain the Attorney General at that time, Howland J. Hamlin, took charge of the matter and made some collections.

The valuations which had been placed on the securities were largely exaggerated. For instance, the notes against N. W. and G. W. Graham were not worth more than the Carbondale Electric Light Plant, the security for the notes. The Grahams were insolvent. While the electric light company's property was estimated at \$25,000, its true value did not exceed \$6,000. The bonds of the Pocatello Power and Irrigation Company and the bonds of the Idaho Canal Company and the shares of stock in these two companies were worth nothing like the values placed upon them. The irrigation company and the canal company were in hard lines financially, and the shares of stock were of but little, if any, value. There was no demand for the Idaho lands. For these reasons, doubtless, the matter was lost sight of by the State commission. In the mean time the real estate was sold for taxes. Notices were sent to the University by the purchasers at the tax sales and subsequently in suits to perfect title, and requests were made to the University to enter its appearance, disclaim or quit claim. As these notices were turned over to me from time to time by Professor Shattuck or Mr. Pillsbury, they were mailed to the office of the Attorney General at Springfield by me, with the statement that the University was not concerned in view of the legislation of 1897. Mr. Stead, the Attorney General, acted upon that assumption, and so the University has never been a served party to any litigation pending in the state of Idaho and has never authorized any attorney to enter its appearance. In fact, so far as I can ascertain, the University has never assumed an attitude of interest in the Idaho property since the creation of the State commission and the transfer of the securities and trust deed to it.

Spalding was sent to the penitentiary. Soon after his release he began suit in the Superior Court of Cook County against the University for an accounting. Other parties were made defendants. The Attorney General and I appeared for the University and presented our contention that the University, by reason of the legislation of 1897 and the creation of the State commission and what followed, was not a party in interest. For some reason, presumably because Spalding did not at that time regard the University as liable, the bill was dismissed. That was several years ago. A few months ago Spalding began another suit for an accounting, in which he made the Board of Trustees, Francis M. McKay, Governor Yates, Auditor McCullough, Governor Deneen and the acting treasurer, and all other treasurers since the creation of the commission, parties defendant. The theory of the bill was that the securities and the real property turned over by Spalding to the University in 1897 were worth far more than the amount of the defalcation; that the University and McKay had been derelict in their duty in that collections were not made when they could have been made, and in that the real estate had been allowed to sell for taxes and title mature against it in favor of the purchasers; and that the University and not the State commission was answerable to him, because he had not been a party to the transaction whereby the State commission was created and the securities turned over to it and had never consented to it. The contention made in his behalf was that the University could not shield itself by the legislation because so far as Spalding was concerned it violated two prominent provisions of the Constitution. One was that it was an act impairing the existing contract between him and the Board of Trustees. Second, that inasmuch as the property was held in trust and turned over in violation of the trust, it was taking property without due process of law.

While there is good ground for Spalding's contention from a legal point of view, I am satisfied that he could never recover a money decree. In no event could he receive a decree unless the property was worth more than his defalcation. From the best information that I have been able to obtain there has never been a day that all of the property covered by that instrument executed by Spalding would reach in value one-half of the defalcation. In fact, I am confident that the litigation was started with no other view than to secure a little "hush money."

I have had conferences from time to time with the Attorney General and his assistants concerning the matter. I have endeavored at all times to make clear the position of the University in these conferences as I have to the Governor. At a conference recently held in the Attorney General's office, at which he and three of his assistants were present, I expressed my opinion as above and opposed any character of a compromise; that is, I opposed it so far as the University is concerned. I also expressed the opinion (not in behalf of the University, however) that Mr. Spalding was entitled to nothing and that no compromise should be made with him. I did say, however, that I did not want it to be understood that the University was blocking or attempting to block any settlement. It was suggested that a conference be held with Spalding and his attorneys at Springfield on the Wednesday or Thursday of the week following that meeting, and when I left it was arranged that I should be called upon the telephone and notified when to come to Springfield and meet with them. It was not known whether their presence could be obtained on either of the two days mentioned. I remained in my office, or had some one remain in it, all of Tuesday and Wednesday of that week. I received no call. To my surprise I afterwards ascertained that his attorneys had met with representatives from the Attorney General's office, and that the terms of a compromise had been agreed upon which involved the payment of a much larger sum than had been considered or mentioned when I met the Attorney General and the three assistants on the occasion when it was discussed.

If the State commission has been overreached and there has been paid out of the State treasury to Spalding or his attorneys any money without just claim upon the same, it should be distinctly understood that neither the University, its

president, nor its legal counsel has been a party to it or has in any wise consented to it or encouraged it.

Sincerely yours,  
O. A. HARKER,

#### APPOINTMENT OF AN ASSISTANT PROFESSOR OF HISTORY.

(11) A request that authority be given to the President of the University to appoint Dr. Frederick Duncalf, now Adjunct Professor of History in the University of Texas, to be Assistant Professor of History in the University of Illinois, for a term of three years beginning September 1, 1913, at a salary of twenty-five hundred dollars (\$2,500) per annum.

On motion of Miss Watson, it was voted that such authority be given. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker.

#### APPOINTMENT OF AN ASSOCIATE PROFESSOR OF HISTORY.

(12) A request that authority be given to the President of the University to appoint Dr. Albert Howe Lybber, now Professor of History in Oberlin College, to be Associate Professor of History in the University of Illinois, at a salary of twenty-eight hundred dollars (\$2,800) per annum, beginning September 1, 1913.

On motion of Mr. Montgomery, it was voted that such authority be given. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker.

#### DR. WASHBURN MADE PROFESSOR OF PHYSICAL CHEMISTRY.

(13) A recommendation that authority be given to the President of the University to appoint Dr. Edward Wight Washburn, now Assistant Professor of Physical Chemistry in the University of Illinois, to be Professor of Physical Chemistry, at a salary of thirty-five hundred dollars (\$3,500) per annum, beginning September 1, 1913.

On motion of Mrs. Evans, it was voted that such authority be given. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker.

#### NOTE AND INTEREST DUE, COLLEGE OF MEDICINE PROPERTY.

(14) The following statements and recommendation with reference to a note and interest due, being liabilities contracted by the College of Physicians and Surgeons of Chicago.

(a) A statement from Mr. F. P. Schreiber, Cashier of the Union Trust Company, Chicago, addressed to the College of Physicians and Surgeons, that a payment of ten thousand dollars (\$10,000) and the semi-annual interest on a seventy-six thousand dollars (\$76,000) loan amounting to nineteen hundred dollars (\$1,900), will become due and payable at the office of the said Trust Company on July 1, 1913; this being a loan made to the College of Physicians and Surgeons by the School Board of the city of Chicago.

(b) A further statement from Mr. E. J. Prescott, Secretary of the Chicago Savings Bank and Trust Company, addressed to Dr. D. A. K. Steele, President of the College of Physicians and Surgeons, that coupons on the bonds of the College of Physicians and Surgeons are due and payable on July 1, 1913, and in addition a charge of one-quarter of one per cent by the Chicago Savings Bank and Trust Company for paying the same.

The sums due July 1, 1913, therefore, if the above statements are correct, are as follows:

Board of Education mortgage note .....	\$10,000 00
Semi-annual interest on the \$76,000 mortgage at 5 per cent.....	1,900 00
Semi-annual interest on the \$60,000 mortgage bonds (on the old building) at 6 per cent interest .....	1,800 00
Commission to the bank for paying this interest.....	4 50
Semi-annual interest on mortgage bonds on the old high school building, at 6 per cent .....	3,270 00
<b>Total .....</b>	<b>\$16,974 50</b>

(c) A recommendation that the counsel of the University be authorized to pay the interest due on said mortgage and bonds, including the commission to the bank for paying interest, and that he be instructed to secure, if possible, an extension of the Board of Education mortgage note for ten thousand dollars for as long a term as may be feasible.

On motion of Mrs. Evans, it was voted that this recommendation be approved. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Miss Watson; no, Mr. Trevett; present but not voting, Mr. Moore; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker.

#### NEW LABORATORY FEES.

(15) A recommendation from the Council of Administration that the following new laboratory fees be established in the courses named:

Chemistry 105a—Advanced Physiological Chemistry, per hour.....	\$2 00
Chemistry 107—Calorimetry (formerly \$10), per hour.....	2 00
Household Science 10—Household Management.....	2 00
Mechanical Engineering 32—M. E. Laboratory.....	1 50
Physics 18—Teachers' Course.....	2 00

On motion of Mr. Hoit, it was voted that new laboratory fees be established as recommended.

#### DR. BLOOMFIELD MADE ASSISTANT PROFESSOR OF COMPARATIVE PHILOLOGY AND GERMAN.

(16) A recommendation that Dr. Leonard Bloomfield, at present Instructor in German, be appointed Assistant Professor of Comparative Philology and German, for a term of three years beginning September 1, 1913, at a salary of two thousand dollars (\$2,000) per annum; and also that Dr. Bloomfield be granted leave of absence, without pay, for one year beginning September 1, 1913, for the purpose of European study.

On motion of Mr. Hoit, this recommendation was approved. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker.

#### MAYPOLE PROCEEDS TO BE HELD IN TRUST.

(17) A request from Miss Gertrude E. Moulton, Director of Physical Training for Women, that the University accept the money which is made at the annual Maypole dance, to be held in trust for the athletic interests of the women of the University, such money to be made payable to her order as Director of Physical Training for Women or to that of her successor in that office, subject to the approval of the President of the University.

On motion of Mrs. Evans, this request was approved.

#### REPORT OF PROPOSED BUDGET CLASSIFICATION.

(18) A report of a University committee on a proposed budget classification.

On motion of Mrs. Evans, this report was referred to the Finance Committee for consideration and report.

#### SALE OF A CERTIFICATE OF MICHIGAN STATE TELEPHONE COMPANY'S STOCK.

(19) A statement from Professor George E. Frazer, Comptroller, that the University owns Certificate No. 886 of the Michigan State Telephone Company, giving voting stock of the value of twenty-five dollars (\$25); and a request for authority to dispose of this certificate for cash, a reliable firm of brokers stating that it can be sold at or above par.

On motion of Mr. Montgomery, it was voted that the comptroller be authorized to sell this certificate of stock.

#### SIGNING OF VOUCHERS TO BE SENT TO THE AUDITOR OF PUBLIC ACCOUNTS.

(20) The following letter from Professor George E. Frazer, Comptroller, with reference to the method of signing the University vouchers to be sent to the Auditor of Public Accounts:

June 23, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: Your attention is respectfully called to the fact that the University Appropriation Bill recently passed by the Legislature requires the presentation of individual vouchers to the Auditor of Public Accounts before warrants are drawn.

The law specifically requires that these vouchers must be "certified to by the President and Secretary of the Board of Trustees of the University of Illinois, with the corporate seal of the University attached thereto."

While in Springfield recently, I visited several State offices working under requirements similar to those referred to above. I discovered it to be a uniform practice in these offices for clerks to sign the names of those required by law to make official certificate on vouchers.

The number of University vouchers to be sent to the Auditor of Public Accounts will approximate three thousand per month. Because of the number of such vouchers, and because of the practice in other State departments, referred to in the preceding paragraph, I respectfully recommend that authority be given me to sign the names of the President and the Secretary of the Board of Trustees, and to attach the corporate seal of the University to such itemized vouchers as are by law subject to such procedure.

Very truly yours,

GEORGE E. FRAZER, *Comptroller*.

On motion of Mr. Montgomery, this recommendation of the comptroller was referred to the Finance Committee, with power to act.

#### LETTER FROM THE COMMANDANT CONCERNING THE FLOORING OF THE ARMORY.

(21) A letter from Lieutenant Colonel B. C. Morse, Commandant, with reference to the flooring of the new Armory.

This letter was received to be printed in the minutes:

June 24, 1913.

*The President, University of Illinois.*

SIR: In view of the appropriation soon to be available for building, I have the honor to request that such an amount be appropriated at once to extend the new Armory to its full length, to build the towers, and to floor, heat, and light the building, that it can be occupied for drill purposes not later than the arrival of unsettled weather this year or about November 1.

In regard to flooring the building, I beg leave to state that for the uses of the Military Department for drilling alone, men can drill on a soft floor as well as, or better than, on a hard one; but in case it was left soft, the floor would have to be made of some material that would not get muddy when wet and could never be used unless it was damp enough to keep the dust down. This would be a never ending and an almost impossible task, but would be absolutely necessary to save the clothing of the men drilling, and, still more important, to preserve the rifles and equipment to the value of \$30,000 that are stored there at all times. I sincerely believe that the use of the Armory with a dirt floor for drilling or athletics, with the arms stored in the main room, where they will have to be stored until the company rooms are completed, would soon result in their being ruined with dampness and dust. The rifles have always been kept in very good condition in the old Armory, as reported continuously by the War Department Inspectors, and it is desired that they continue to be kept in such condition.

Drill is always out of doors when possible, but the Armory is used from 4:00 to 6:00 P.M. on Mondays, Tuesdays, Wednesdays, and Thursdays each week from about November 15 to April 1 by about 400 men each day; this in addition to several sections in drill regulations held there during the week. At all these times the Armory could not be used by anybody else for any other purpose whatever.

Aside from its uses by the Military Department, it has always been my idea that the Armory was built to be used by the University for many things beside mere drilling during bad weather; uses that would often require a seating capacity and hence a floor.

To have a floor half dirt and half wood would be simply out of question. Such a floor would have all the disadvantages of both, combined with the advantages of neither. Men drilling immediately increase the cadence of the step in marching from a soft to a hard floor, and decrease the cadence in marching from a hard to a soft floor. It would ruin the drill. Every precaution against dust would have to be taken, and the wooden floor would be as dirty as the dirt part.

After every consideration is weighed, for the uses of the Military Department, and the care of the arms and equipment, as well as for the general uses to which the building will be put, I am strongly of the opinion that the building should be floored with wood.

Furthermore, if the building is not so floored, it will take, with the greatest care and precaution, but a short time to ruin the arms and equipment, for whose safe and careful keeping the University has given a bond to double their value.

Very respectfully,

B. C. MORSE,  
*Lieut. Colonel, Infantry, Professor of Military Science.*

#### EMERGENCY APPOINTMENTS AUTHORIZED IN THE WATER SURVEY.

(22) The proposed budget of the Water Survey, drawn up by Professor Edward Bartow, Director of the Water Survey, on the supposition that the Governor will approve the item in the present omnibus bill now before him for consideration providing for additional duties for the Water Survey and for an

appropriation for that department; with the request that the President of the University be authorized to approve such items in the Water Survey Budget as must go into effect on July 1, 1913, provided the Governor signs the bill with the item for the Water Survey included.

On motion of Mr. Montgomery, this request was approved. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker.

At this point Mr. Moore withdrew.

#### DISCUSSION OF THE RULE IN REGARD TO THE EMPLOYMENT OF RELATIVES.

The question of the interpretation of the rule of the board in regard to the appointment of relatives having been raised by Mr. Trevett, Mr. Montgomery offered the following motion:

That the rule of the Board of Trustees with reference to the non-employment of relatives be applied only to the immediate family, not to nephews and nieces or other members of the relationship outside of the immediate family.

In the discussion which followed, President James presented the following suggested resolution relating to this matter:

WHEREAS, It has been strongly urged upon the attention of the Board of Trustees of the University of Illinois that the rigid enforcement of the present rule concerning the appointment of relatives of members of the University staff to positions under the board may at times work serious injury to the University by excluding from its staff men of unusual distinction and merit or men especially well qualified for some particular piece of work in teaching, investigation or administration:

*Therefore, be it voted:*

1. That the board hereby reaffirms the rules already adopted.  
2. That the President of the University, however, by way of exception, may feel free in unusual cases to make recommendations at variance with the above rules, provided:

a. That he call the attention of the Board of Trustees in the case of each individual recommendation to the proposed departure from the rules.

b. That he state definitely concerning each recommendation of the kind that in his opinion the peculiar circumstances in the case justify the making of an exception to the rules.

On motion of Mrs. Evans, it was voted that both Mr. Montgomery's motion and the resolution suggested by President James be referred to a special committee, to be appointed by the Chair, for consideration in connection with any other suggestions that might be made, and for report.

#### MATTERS PRESENTED BY THE SUPERVISING ARCHITECT.

Prof. James M. White, Supervising Architect, presented the following matters for consideration:

##### PLAN FOR EXTENSION OF HEAT, LIGHT, AND POWER PLANT.

(1) A plan for the extension of the heat, light and power plant and an extension of the system of water supply and drainage to the buildings south of the Auditorium; with a report in regard to this plan from a committee of the heads of departments of the College of Engineering, including Dean Goss, and Professors Berg, Richards, Schmidt and Talbot; also a request that an appropriation of fifty thousand dollars (\$50,000) be made at once for this purpose so that the construction work can be completed this fall.

On motion of Mr. Trevett, this plan, report, and request, were referred to the Committee on Buildings and Grounds, with power to act and to expend not to exceed fifty thousand dollars (\$50,000) for this purpose; the vote being as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker, Mr. Moore.

##### REPORT ON REPAIRS IN BUILDINGS.

(2) A report on repairs which should be made in University buildings during the current summer, and a request for an appropriation of seventeen thousand sixty dollars (\$17,060) to cover the estimated cost of these repairs.

On motion of Mr. Hoit, this report and request were referred to the Committee on Buildings and Grounds, with power to act, and to expend not to exceed seventeen thousand sixty dollars (\$17,060) for this purpose. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker, Mr. Moore.

#### REPORT ON IMPROVEMENTS OF BUILDINGS AND GROUNDS.

(3) A report with reference to a number of improvements both in buildings and on the grounds which it is deemed advisable to make, in addition to the repairs referred to in the preceding report, with a list of twenty-three such items recommended.

On motion of Mr. Montgomery, this report was referred to the Committee on Buildings and Grounds, for consideration and report.

#### APPROPRIATION FOR REPAIR OF BOILERS, COLLEGE OF MEDICINE.

(4) A request for an appropriation of two hundred dollars (\$200) for repairs on the boilers of the College of Medicine.

On motion of Mrs. Evans, this appropriation was made. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Miss Watson; noes, Mr. Trevett; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker, Mr. Moore.

#### PAVEMENTS ADJOINING COLLEGE OF MEDICINE PROPERTY.

(5) A request for an appropriation of two hundred twenty-five dollars (\$225) for the laying of a cement walk on Harrison Street, Chicago, opposite the old building of the College of Medicine, this walk having been ordered by the city of Chicago; also a request that the supervising architect be authorized to protest against an order of the city of Chicago that a pavement be laid on Ogden Avenue on one side of the property of the College of Medicine.

It was voted that this appropriation of two hundred twenty-five dollars (\$225) be made as requested for laying the sidewalk on Harrison Street; and also that the supervising architect be authorized to enter a protest as suggested against the order that a sidewalk be laid on Ogden Avenue. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mr. Hoit, Mr. Montgomery; noes, Mrs. Busey, Mr. Trevett; present but not voting, Miss Watson; absent, Mr. Blair, Mr. Dunne, Mrs. Henrotin, Mr. Meeker, Mr. Moore.

#### PLAN FOR CAMPUS LIGHTING.

(6) A plan for lighting the campus as far south as the auditorium by means of underground cables and incandescent lights, the estimated cost of the installation being five thousand dollars (\$5,000).

This plan was referred to the Committee on Buildings and Grounds, for consideration and report.

#### PLAN FOR EXTENSION OF THE LIBRARY STACKS.

(7) A plan for the extension of the Library stacks.

This plan was referred to the Committee on Buildings and Grounds, for consideration and report.

The board adjourned.

W. L. ABBOTT, *President*.

C. M. McCONN, *Secretary*.
