Abbott, a special meeting of the Board of Trustees of the University of Illinois will be held in the trustees' room, at the University, in Urbana, on Wednesday, July 2, 1913, beginning at 10:00 A.M., to act on reports of committees, recommendations of the President of the University, and such other matters as may be duly presented.

When the board convened, the following members were present: Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson. President James was present.

## **CONSIDERATION OF MINUTES DEFERRED.**

The minutes of the meeting of June 25, 1913, being presented in manuscript only and not in print (it having been impossible on account of the shortness of time between the two meetings to have them in print), consideration of these minutes was deferred until the next meeting.

## **REPORT OF THE FINANCE COMMITTEE: ARRANGEMENT FOR HANDLING VOUCHERS.**

Mr. Moore, as Chairman of the Finance Committee, reported that the committee had considered the request of the comptroller that he be authorized to sign the names of the President and Secretary of the Board of Trustees, and to attach the corporate seal of the University, to such itemized vouchers as are by law subject to such procedure (this request having been referred to the Finance Committee by the board at its meeting of June 25, 1913, page 270), and that the committee recommended that this request of the comptroller be approved.

In accordance with this recommendation of the Finance Committee, it was voted to approve the comptroller's request relating to this matter.

## **BUDGET CLASSIFICATION.**

Mr. Moore reported also that the Finance Committee had considered the proposed form of budget classification, drafted by a University committee and referred by the board, at its meeting of June 25, 1913 (page 270), to the Finance Committee for consideration, and that in a general way and as a method of procedure the committee approved this form.

On motion of Mr. Moore, it was voted that the President of the University be authorized to prepare the budget in accordance with this form, with such modifications as may be necessary.

## REPORT OF THE COMMITTEE ON BUILDINGS AND GROUNDS.

Mrs. Busey presented the following report from the Committee on Buildings and Grounds:

### EXTENSION OF THE HEAT, LIGHT AND POWER PLANT.

(1) The supervising architect presented the report upon the proposed extension of the University heat, light, and power plant, the consideration of which was referred to this committee with power [page 273], together with an appropriation of fifty thousand dollars (\$50,000), for the execution of the work.

The various points discussed by the Engineering College Faculty Committee in their report were considered, and the final action was to approve the recommendations of the Faculty Committee with reference to the tunnel extensions and to modify the recommendations with reference to the 10-inch steam line south of the tunnels, changing this line to an 8-inch. This committee, therefore, authorized the carrying of an 8-inch high pressure steam line with the necessary returns from the new boiler-house to the new law school junction; the construction of tunnels of the east-west line through the Auditorium and for a distance of 800 feet south on Mathews Avenue and 300 feet south on Wright Street, with a 10-inch steam main and the necessary returns; and the extension from the ends of these tunnels south in conduit to reach the new buildings south of the Auditorium, using 8-inch mains as far as they form a part of the main loop, and branch mains of the proper size to supply the several buildings.

The foregoing section, No. 1, of the report of the Committee on Buildings and Grounds, involving an appropriation of fifty thousand dollars (\$50,000) for an extension of the heat, light, and power plant, was received for record.

(2) The committee considered the general repair budget which was referred to it by the board with power [page 273], and authorized it as a whole, with the reservation that no single repair item should be included which exceeded \$500 in amount. This repair budget totaled seventeen thousand sixty dollars (\$17,060).

The foregoing section, No. 2, of the report of the Committee on Buildings and Grounds, involving an appropriation of seventeen thousand sixty dollars (\$17,060) for the general repair budget as recommended by the supervising architect, was received for record.

(3) The Board of Trustees referred to this committee [page 274] for recommendation the question of campus lighting, and this committee recommends that six thousand dollars (\$6,000) be appropriated, as much thereof as may be found necessary to be used for the adequate lighting of the campus as far south as the Auditorium.

On motion of Mrs. Evans, the foregoing recommendation, involving an appropriation of six thousand dollars (\$6,000) for the lighting of the campus as far south as the Auditorium, was approved. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

(4) The board referred for recommendation [page 274] the question of an addition to the library book stacks, and this committee recommends that the building be extended southward 24 feet at an estimated cost of twenty-seven thousand seven hundred dollars (\$27,700), which includes the building extension and elevator and the necessary book stacks to fill out the two top stories of the present stack and the first three stories of the new stack, which will provide space for 76,000 volumes. When it becomes necessary to provide additional book capacity, additional stacks can be placed on the upper two floors of the addition for the accommodation of 44,000 volumes.

On motion of Mrs. Busey, it was voted to concur in the foregoing recommendation, involving an appropriation of twenty-seven thousand seven hundred dollars (\$27,700) for an addition to the Library book stacks. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

#### THE GENERAL QUESTION OF ENTERTAINMENT OF GUESTS.

On motion of Mrs. Henrotin, it was voted that the general question of the form of entertainment to be provided for guests of the University be referred to a special committee, to be appointed by the Chair, which should attempt to formulate some general rules for the guidance of the administration in this matter.

#### REPORT OF THE COMMITTEE ON THE COLLEGE OF MEDICINE.

Dr. Montgomery, as Chairman of the Committee on the College of Medicine and the School of Pharmacy, reported that the committee had given thorough consideration to the recommendations submitted by the President of the University relating to the reorganization of the College of Medicine,

the re-opening of the College of Dentistry, and the appropriations necessary to be made for the support of these departments, and that the committee unanimously recommended the adoption by the board of the president's recommendations relating to these matters.

### REORGANIZATION OF COLLEGE OF MEDICINE.

President James, then, at the request of Dr. Montgomery, presented his recommendations with reference to the College of Medicine as follows:

That the school be divided into two colleges, Junior and Senior, including respectively the freshman and sophomore years and the junior and senior years, corresponding roughly to what may be called the underlying scientific or laboratory departments on the one hand and the clinical departments on the other.

That a dean of the Senior College be appointed, with authority as hitherto under the statutes of the board, subject to such limitations as may be implied by the appointment of a dean of the Junior College, and with special authority over matters relating to the clinical years.

That a dean of the Junior College be appointed, who with the persons giving instruction in the freshman and sophomore years shall constitute the faculty of the Junior College, this faculty to be responsible for the work of instruction and administration of the first two years in the College; and that the instructors of professional rank in the Junior College shall constitute the Executive Faculty of the Junior College, and shall have entire control of recommendations for the promotion of students from the freshman to the sophomore class and from the sophomore to the junior class.

That the admission of students to the College of Medicine shall be in charge of the registrar of the University in exactly the same way as the admission of students to other departments is now in charge of this officer.

That the Clinical Faculty shall consist of the dean of the Senior College and the persons who give instruction in clinical work; and that the instructors of professional rank in the clinical departments shall constitute the Executive Faculty of the Senior College, and shall be entrusted with full power in regard to the promotion of students from the junior to the senior year and the recommendation of students for graduation.

That all matters of general interest to both Junior and Senior colleges shall be discussed in meetings of the joint faculty, consisting of the faculties of both colleges; and that all recommendation in such matters shall be made by the combined executive faculties of the Junior and Senior colleges, under the chairmanship of the Dean of the Senior College.

That the following fundamental departments be organized as soon as possible in the Junior College, governing the subjects indicated in the titles, namely, anatomy, physiology, pathology.

That the other subjects in the Junior College shall be grouped for the present about these three subjects, in so far as is feasible and suitable; and that an experienced scholar and teacher shall be appointed as head of each of these departments, who shall be responsible in a general way for the organization and administration of each respective department; the other subjects falling properly within the scope of the Junior College to be organized under the charge of assistant or associate professors, though it will be desirable to create full professorships for physiological chemistry, bacteriology, hygiene and materia medica and therapeutics as soon as possible.

On motion of Dr. Montgomery, it was voted that the recommendations of President James with reference to the College of Medicine be concurred in, and that he be authorized to proceed with the reorganization of the school, and that an appropriation be made for two years of one hundred thousand dollars (\$100,000) per annum plus the fees to be collected from the medical students. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mrs. Henrotin, Mr. Hoyt, Mr. Montgomery, Miss Watson; no, Mr. Trevett; present but not voting, Mrs. Busey, Mr. Moore; absent, Mr. Dunne, Mr. Meeker.

### REOPENING OF THE COLLEGE OF DENTISTRY.

President James, at the request of Dr. Montgomery, presented his recommendation with reference to the re-opening of the College of Dentistry as follows:

That the President of the University be authorized to proceed with the reorganization of the College of Dentistry and to make a definite announcement that this college will be reopened October 1, 1913, the condition of admission being graduation from a four-year high school or the equivalent.

It is estimated that for a salary list of fifteen thousand dollars (\$15,000) per annum for the specifically dental subjects (i.e., not including chemistry, physiology, etc., which would be carried on the medical budget) a satisfactory organization

could be secured of the departments of operative dentistry, prosthetic dentistry, oral surgery and pathology, bacteriology, materia medica and therapeutics, porcelain art, orthodontia and histology, comparative anatomy and anesthesia and physical diagnosis, and that this amount would provide also for the salaries of the superintendent of the Infirmary, the dean, and the office force. In addition to this it would be necessary to put in an equipment which would cost upward of twenty thousand dollars (\$20,000), aside from the ordinary painting, repairs, etc., of the Chemical Building.

It is estimated that there will be an attendance of seventy-five students for the next year, and a probable income of between eleven and twelve thousand dollars.

On motion of Dr. Montgomery, it was voted that the recommendations of President James with reference to the College of Dentistry be adopted, and that appropriations of twenty thousand (\$20,000) for equipment and fifteen thousand dollars (\$15,000) for salaries for the coming year be made, these appropriations to be chargeable against the appropriation made for the College of Medicine. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; no, Mrs. Busey; absent, Mr. Dunne, Mr. Meeker.

#### MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

President James presented the following matters for consideration:

##### APPROPRIATION FOR SUMMER SESSION, COLLEGE OF MEDICINE.

(1) A request that an appropriation of one thousand dollars (\$1,000) be made to defray the expenses of the summer session of the College of Medicine.

On motion of Mrs. Evans, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Miss Watson; no, Mr. Trevett; absent, Mr. Dunne, Mr. Meeker.

##### STATEMENT CONCERNING OUTCOME OF LEGISLATIVE CAMPAIGN.

(2) A statement in regard to the outcome of the recent legislative campaign. This statement was received to be printed in the minutes:

I have received from the Governor's secretary an unofficial statement that the following items contained in the omnibus bill have all been approved by the Governor in his approval of the omnibus bill:

(a) An appropriation for the payment of the interest on the endowment fund of the University, sixty-four thousand dollars (\$64,000), more or less, for the biennium.

(b) A special appropriation for additional investigations to be conducted by the Water Survey, twenty-one thousand five hundred dollars (\$21,500) per annum.

(c) An appropriation for mechanics' and miners' institutes, fifteen thousand dollars (\$15,000) per annum.

(d) Appropriations for the State Laboratory of Natural History, ten thousand dollars (\$10,000) per annum.

The bill has also been passed which provides for turning over to the University the federal funds which are appropriated by the Federal Government for the support of the land grant colleges.

This is, with a single exception a very satisfactory closing of the legislative campaign made on behalf of the University during the present session. A sum of four and a half millions of dollars, supposed to be practically the entire proceeds of the mill tax, was appropriated to the University in two items. The attempt which was made to place upon the proceeds of the mill tax the payment of interest on the endowment fund, the additional appropriation for the Water Survey, and the appropriations for the Geological Survey, the State Entomologist's office, the State Laboratory of Natural History, and the mechanics' and miners' institutes, was unsuccessful, so that under these heads a considerable sum of money was appropriated for doing work either under the direction of or closely associated with the University, for the direct benefit of the State at large.

The only drawback to complete success in the plans approved by the trustees was the change in the method of doing University business involved in leaving the funds appropriated from the proceeds of the mill tax in the State treasury until used, instead of transferring these funds when they become due and payable to the University treasurer and making payments through him. This change in the method of payment involves a considerable temporary loss in the 2 per cent interest which the University treasurer has contracted to pay on daily balances in his hands, and the further loss in some instances of the 2 per cent discount usually allowed for cash, since it is probable that the delays incident to payment through the State Treasurer's office will cost the University this particular advantage.

**PAYMENT OF INTEREST, COLLEGE OF MEDICINE LIABILITIES.**

(3) A letter from Professor George E. Frazer, Comptroller, containing a report of the payment of interest falling due on July 1, 1913, on mortgages and bonds outstanding of the College of Physicians and Surgeons.

This letter was received to be printed in the minutes:

URBANA, ILL., July 1, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: On June 27, 1913, I mailed College of Medicine warrants in payments in full of the interest falling due on July 1 on the mortgages and bonds outstanding of the College of Physicians and Surgeons.

Warrant No. 316 for nineteen hundred dollars (\$1,900) was sent to Mr. Louis E. Larsen, Secretary, Chicago Board of Education, in payment of the semi-annual interest on the mortgage notes executed by the College of Physicians and Surgeons to the Board of Education. The amount (\$1,900) represents 2½ per cent on the seventy-six thousand dollars (\$76,000) outstanding.

Warrant No. 317 for thirty-two hundred and seventy dollars (\$3,270) was mailed to Dr. Frank B. Earle, as trustee for the bondholders of the 6 per cent bond issue of 1901, College of Physicians and Surgeons.

**EXTENSION OF MORTGAGE NOTE, COLLEGE OF MEDICINE.**

(4) A letter from Professor George E. Frazer, Comptroller, containing a report of the effort made, pursuant to the instructions given by the Board of Trustees at the meeting of June 25, 1913 (page 269), to obtain from the Chicago Board of Education an extension of the mortgage note for ten thousand dollars (\$10,000) executed by the College of Physicians and Surgeons, which matured July 1, 1913.

This communication was received to be printed in the minutes:

URBANA, ILL., July 1, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: On June 27, 1913, an interview was held between Mr. Louis E. Larsen, Secretary of the Chicago Board of Education and President W. L. Abbott, Dean O. A. Harker, Doctor D. A. K. Steele, and myself, at the office of Mr. Larsen. The purpose of the interview was to request from the Board of Education an extension on a mortgage note for ten thousand dollars (\$10,000) executed by the College of Physicians and Surgeons, which matures July 1, 1913.

It was stated by Secretary Larsen that the Board of Education would make no effort to foreclose the mortgage in default of payment on July 1, provided that the University would undertake to pay the ten thousand dollars before November 1, 1913. Secretary Larsen desires a formal request from the Board of Trustees for an extension of this ten thousand dollar note to November 1, 1913.

It was strongly urged upon Secretary Larsen that the University desires an extension of the mortgage notes held by the Board of Education for at least two years. Mr. Larsen agreed to transmit such a request from the Board of Trustees to the Board of Education together with any statement that the University might wish to present as to why such an extension is desired.

Very truly yours,

GEO. E. FRAZER, *Comptroller.*

On motion of Mr. Hoyt, this recommendation was approved, and the appropriation of six hundred dollars (\$600) involved was made. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs.

Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker.

### APPROPRIATION FOR SUNDAY EVENING ADDRESSES.

(14) The following request from the pastors of the churches working near the University for cooperation in the holding of all University undenominational religious services, accompanies by a letter from Rev. E. W. Blakeman descriptive of the exercises of this kind held at the University of Wisconsin:

*President E. J. James, Urbana, Ill.*

DEAR SIR: I am writing as the representative of the churches working about the University.

It has seemed to us, after discussion, that an all-University religious service at certain stated times, participated in jointly by the University and the religious forces about the campus, is greatly to be desired. It would be of value to all concerned, we feel sure. We would be glad to have the University inaugurate such a service, bringing here speakers of national reputation—Jews, Catholics, and Protestants—men whom we can be sure will rise above sectarian speech. We suggest that one Sunday night each month during the heart of the school year be set apart for this purpose. We will gladly cooperate in any way that we can to make the plan a success, should it meet the approval of the University authorities.

Kansas University has a weekly vesper service of this sort, in addition to a religious week some time during the year—corresponding in the religious field somewhat to our Short Course in Agriculture here. The University of Minnesota is just inaugurating a weekly Sunday vesper service. The University of Wisconsin has rather an individual plan—the details of which are given in the enclosed letter from Mr. Blakeman, of Wisconsin, to Mr. Baker. Indeed the movement toward something of this character among the State institutions seems quite general.

Respectfully yours,

MARTIN E. ANDERSON,  
JAMES C. BAKER.

10 March, 1913.

### [REV. MR. BLAKEMAN'S LETTER.]

MADISON, WIS., January 24, 1913.

*Rev. James C. Baker, D.D., Urbana, Ill.*

DEAR BROTHER BAKER: The "Convocation Series" concerning which you make inquiry was brought about by the University Pastors' Association at the University of Wisconsin about as follows:

The pastors of the five denominations with the Christian Association secretaries form, with us, one group known as the University Pastors' Association. We called upon the President of the University and stated the advisability of having the students in an all-University assembly, addressed occasionally by great teachers, preachers, and reformers. We proposed that from a list of ten nominated by us, the president elect five. That each of the five be invited by the University, upon a consideration of \$100, to deliver a "Convocation Address," and then be retained by the Pastors' Association for a series of religious addresses over a week end. The President and the Regents of the University approved, and the plan works successfully.

Such men as Bishop McDowell, Hugh Black, President Vincent, Henry Van Dyke, Bishop McConnell, and Chancellor Strong have been with us. During the visit we usually have a luncheon to which members of the faculty only, with the pastors, are invited. At this time certain student moral and spiritual problems are discussed. These meetings have been as fruitful of suggestion as any it has been my privilege to attend. Different members of the faculty speak, and the guest is early made acquainted with the professors. He then feels at home in our midst and much freedom results.

Hoping that during future years we may at times exchange speakers with Illinois in some way, and wishing you continued success in the work of the church at Urbana-Champaign, I am

Yours fraternally,

E. W. BLAKEMAN.

On motion of Mrs. Busey, it was voted that the President of the University be authorized to organize a series of Sunday evening addresses by representatives of various religious denominations, and that an appropriation of one thousand dollars (\$1,000) be made to defray the expense of these addresses. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker.

Busey, Treasurer, for clerk hire and office expense for the period from April 1, 1913, to July 1, 1913, amounting to one hundred fifty dollars (\$150); it appears that the Board of Trustees has never thus far made an appropriation for this purpose, although there is a precedent for the payment of such office expenses of the University treasurer.

On motion of Mrs. Henrotin, the question of the payment of this bill was referred to the Finance Committee, with power to act; the vote being as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Hoit, Mr. Meeker.

#### PROPOSED INCREASE OF ENTRANCE REQUIREMENTS OF THE SCHOOL OF PHARMACY.

(3) The following letter from Mr. W. B. Day, Acting Dean of the School of Pharmacy transmitting a recommendation of the Advisory Board of the School of Pharmacy that the entrance requirements of the school be gradually increased until the requirement of high school graduation is reached.

CHICAGO, ILL., July 3, 1913.

President Edmund J. James, University of Illinois, Urbana, Ill.

DEAR SIR: The annual meeting of the Advisory Board to the School of Pharmacy was held on Friday, June 20. There were present Messrs. Herman Fry, E. H. Ladish, and A. G. C. Ackerman, and the secretary. The affairs of the school were discussed, and the following resolution was unanimously adopted:

C. Yeomans on June 30, 1913:

George C. Lescher, Galesburg.  
 Harry W. Schuh, Cairo.  
 B. S. Cooban, Chicago.

URBANA, ILL., July 3, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: Your attention is respectfully called to the desirability of having definite sums set aside by the Board of Trustees as petty cash funds. Such action by the Board of Trustees will make possible clear-cut bookkeeping of cash receipts.

The following petty cash fund appropriations are recommended:

O. E. Staples, Bursar .....	\$5,000 00
W. B. Day, School of Pharmacy .....	250 00
W. H. Browne, College of Medicine .....	300 00
C. G. Hopkins, Department of Agronomy .....	600 00

It is recommended that the above petty cash fund appropriations be made with the understanding that they are to be administered by the comptroller.

Very truly yours,

GEO. E. FRAZER, *Comptroller.*

1. Itemized bills in the form prescribed by the comptroller shall be presented to the comptroller for payment within thirty days following the completion of the trip for which the expense was incurred. In the case of University employees whose duties require a large amount of traveling within the State, it shall be deemed sufficient if bills are presented monthly.

2. Traveling expense bills presented by members of the faculties of the several colleges, members of the Experiment Station staffs, and employees of the administration offices of the University, must be approved by the dean of the college, the director of the station, or the officer in charge of the administrative office, and endorsed by the comptroller.

3. Traveling expense bills for deans, directors and officers in charge of administrative departments must be approved by the President of the University and endorsed by the comptroller.

4. Traveling expense bills of the President of the University and of the members of the Board of Trustees must be approved by the Finance Committee of the board and endorsed by the comptroller.

On motion of Mrs. Henrotin, it was voted that the foregoing rules be adopted.

### CONTRACT FOR COMPLETION OF THE ARMORY.

(7) A communication from the supervising architect in regard to the steel work necessary for the completion of the Armory, naming bids and recommending as follows:

## BIDS.

Morava Construction Company, of Chicago.....	\$31,920 00
Kenwood Bridge Company, of Chicago.....	34,750 00
Hansell-Elcock Company, of Chicago.....	33,500 00

(These bids are all based on making the two end bays 30 feet each, and all in accordance with the original framing plans by Mr. J. M. Heuser, Engineer, with certain exceptions indicated in the bids. The State Architect is willing that this work go on under the immediate supervision of the supervising architect, owing to the fact that all plans, etc., were drawn by the preceding State Architect.

## RECOMMENDATION.

That the offer made by the Morava Construction Company for completing the steel work of the end bays of the Armory, being the low bid, be accepted, and that the officers of the board be authorized to enter into a contract with the Morava Construction Company on the basis of this bid of thirty-one thousand nine hundred twenty dollars (\$31,920).

On motion of Mrs. Evans, the foregoing recommendation was approved. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Hoit, Mr. Meeker.

## IMPROVEMENTS IN M. E. SHOPS, APPROPRIATION ASKED.

(8) A request from Professor James M. White, Supervising Architect, for an appropriation of three thousand dollars (\$3,000) for improvements in the shops of the Department of Mechanical Engineering.

No action was taken with reference to this matter.

## EXTENSION OF TIME ON THE FLORICULTURAL AND PLANT BREEDING BUILDINGS.

(9) A request from Messrs. English Brothers, Contractors, of Champaign, for an extension of time for the completion of their contract for the erection of the floriculture and plant breeding buildings from June 28, 1913, to September 1, 1913; with a recommendation from Professor J. M. White, Supervising Architect, that this request be granted.

On motion of Mr. Montgomery, it was voted to grant the request as recommended.

## SYSTEM OF FRESHMAN ADVISERS; APPROPRIATIONS.

(10) The following request from Dr. K. C. Babcock, Dean of the College of Liberal Arts and Sciences, for an appropriation of eighteen hundred dollars (\$1,800) to carry out a system of freshman advisers; accompanied by the recommendation that the plan be tried as an experiment for the coming year:

URBANA, ILL., July 9, 1913.

*President E. J. James, University of Illinois.*

MY DEAR PRESIDENT JAMES: In compliance with your request some of the details of the system of advisers which we discussed last week are set forth in the following statement. The plan has been discussed also with Dean Clark and with Assistant Dean Warnock.

*Advisers for Freshmen in the College of Liberal Arts and Sciences.*

1. The system proposed is confined to the men of the freshman class for the present.
2. It is in the nature of a supplement to the admirable work now carried on by the dean of men and to the formal relations necessarily arising from supervision of study lists, etc., which will be continued.
3. It contemplates the assignment of each male freshman to some member of the faculty, for the purpose of establishing helpful, friendly, inspiring relations between them.
4. The selection of the members of the faculty will have to be made with extreme care to secure those who are at once mature, sympathetic, scholarly men, who can understand the student point of view, and who are willing to give some time and thought to bettering the present relations between the students and the faculty of the University. Not more than ten or twelve freshmen should be assigned to each adviser.
5. The method of assignment is as important to the success of the plan as is the selection of the advisers. It is hoped to reduce the number of assignments made in a purely arbitrary, perfunctory, or merely official manner by giving large consideration wherever possible to
  - a. Suggestions of secondary school teachers who know members of the faculty as well as the freshmen, especially teachers who are alumni of the University.

b. Suggestions of members of the family and friends of the freshman, especially brothers or sisters who have attended the University.

c. Preferences of the student based on fortunate experiences of his intimates in the University.

d. Preferences of the advisers themselves for certain students whom they know or whose families they know.

e. Special assignments would probably reach 60 per cent.

6. These suggestions and preferences should be obtained through organized correspondence, which in itself would evidence the increasing interest of the University in the individual welfare of the incoming student as well as its purpose to instruct and guide him in matters academic.

7. While some of the heads of large departments have signified their desire to cooperate in this scheme, the larger number selected will naturally be from among those of the rank of assistant professor, associate, and instructor. These are men on moderate salaries; there will probably be some expense connected with cultivating the desired relationship; the service will be over and above that which has hitherto been expected of instructors. Furthermore, it is desirable to emphasize the special rather than the incidental nature of this service, and at the same time to secure a little special leverage on the advisers.

8. A payment of \$50 to each of the advisers is accordingly suggested, such payment to be made in two installments, one at the end of each semester.

9. Occasional conferences of advisers would be a means of coordinating their efforts and comparing notes on the working of the system.

The total number of men in the freshman class of the College of Liberal Arts and Sciences will probably be about 420. This would seem to require some thirty-five advisers. I request, therefore, that the sum of \$1,800 be appropriated for this experiment in "humanizing the machine" during the coming year.

Respectfully yours,

KENDRICK C. BABCOCK,  
*Dean of the College of Liberal Arts and Sciences.*

Mrs. Henrotin moved that the recommendation that the plan be tried as an experiment for the coming year be approved and that an appropriation of eighteen hundred dollars (\$1800) be made for this purpose.

Mr. Moore moved to amend this motion to provide that the recommendation and the proposed appropriation be referred to the Committee on Students' Welfare, with power to act.

The amendment was passed, and the motion as amended was passed, by the following vote: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker.

#### LETTERS FROM EDUCATORS WITH REFERENCE TO THE SCHOOL OF EDUCATION BUILDING.

(10) Letters from President John W. Cook, of the Northern Illinois State Normal School at DeKalb, President L. C. Lord, of the Eastern Illinois State Normal School at Charleston, President W. P. Morgan, of the Western Illinois State Normal School at Macomb, Principal J. Stanley Brown, of the Joliet Township High School, and Superintendent J. G. Moore, of Streator, urging that the Board of Trustees proceed at once with the erection of a special building for the School of Education.

These letters were received to be filed.

#### STATEMENT WITH REFERENCE TO THE FEASIBILITY OF HOUSING THE SCHOOL OF PHARMACY IN THE DENTAL COLLEGE BUILDING.

(12) A communication from Mr. W. B. Day, Acting Dean of the School of Pharmacy, and Dr. Frederick B. Moorehead, stating that in their opinion there is sufficient space in the old Dental College Building at the corner of Honore and Harrison streets to house the School of Pharmacy and the College of Dentistry in a satisfactory manner, provided the space can be properly distributed.

This statement was received for record.

At this point, on motion of Mrs. Henrotin, a recess was taken until 2:15 P.M.

#### AFTERNOON SESSION.

When the board convened after the recess, the following members were present: Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson. President James was present.

**RULE IN REGARD TO THE NON-EMPLOYMENT OF RELATIVES  
REPEALED.**

Reports of committees being called for, Dr. Montgomery, as chairman of the special committee authorized at the meeting of June 25, 1913 (page 272) to consider proposed revisions of the rule in regard to the non-employment of relatives, presented the following report:

CHICAGO, June 23, 1913.

*To the Board of Trustees of the University of Illinois:*

At a meeting of the special committee appointed to recommend modifications of the existing board rules on the employment of relatives of members of the board or of the faculty, the attached resolution was presented by Dr. Montgomery and on motion was adopted for recommendation to the board.

J. T. MONTGOMERY,  
ELLEN M. HENROTTIN.

**RESOLUTION.**

WHEREAS, It has been strongly urged upon the attention of the Board of Trustees of the University of Illinois that the rigid enforcement of the present rule concerning the appointment of relatives of the University staff to positions under the board may at times work serious injury to the University by excluding from its staff men of unusual distinction and merit or men especially well qualified for some particular piece of work in teaching, investigation, or administration.

The existing rule reading as follows: (a) In the opinion of the board, all University positions should be kept upon the merit basis. No officer or employee should be removed except for good cause, and whenever an appointment is made it should be made solely with regard to special fitness. (b) The board stamps with its strongest disapproval any disposition to make patronage out of University appointments. The appointment of a relative of a member of the board, or of any other person occupying an influential position in the University, is wholly disapproved. Political, social, fraternal, or church influences are to be altogether ignored, and every appointment must be made upon the merit basis. The president and other officers of the University are to feel fully assured that the trustees will heartily support them in acting upon this principle; therefore, be it

*Resolved*, That that portion of the rule referring to relatives be eliminated from the rule, as well as all constructions of this rule which have been made by the board since the rule was adopted up to the present time, and that the following rule be substituted for it and read as follows:

(a) In the opinion of the board all University positions should be kept on the merit basis. No officer or employee should be removed except for good cause, and whenever an appointment is made it should be made solely with regard to special fitness.

(b) The board stamps with its strongest disapproval any disposition to make patronage out of University appointments. Political, social, fraternal, or church influences are to be altogether ignored, and every appointment must be made upon the merit basis. The President and other officers of the University are to feel fully assured that the trustees will heartily support them in acting upon this principle.

Dr. Montgomery moved the adoption of the foregoing resolution.

President Abbott, the third member of the special committee, having asked Mr. Moore to take the chair, presented the following recommendation as a minority report and moved its adoption as a substitute for the report presented by the majority of the committee.

That the existing rules be modified so that they will not exclude members of the faculty who marry relatives of other members of the faculty.

When, after further discussion, the vote was taken, the motion to substitute the minority report for the report presented by the majority of the special committee was lost, the vote being as follows: Ayes, Mr. Abbott, Mrs. Evans; noes, Mrs. Busey, Mrs. Henrotin, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; absent, Mr. Blair, Mr. Dunne, Mr. Hoit, Mr. Meeker.

The report of the majority of the special committee as presented by Dr. Montgomery was then adopted, the vote being as follows: Ayes, Mrs. Busey, Mrs. Henrotin, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, Mr. Abbott, Mrs. Evans; absent, Mr. Blair, Mr. Dunne, Mr. Hoit, Mr. Meeker.

At this point Mr. Abbott resumed the chair.

President James asked permission to have it recorded in the minutes that the President of the University, while favoring the modification proposed in his previous recommendation, had opposed the total repeal of the rule with respect to the non-employment of relatives.

## REPORT OF THE FINANCE COMMITTEE IN REGARD TO THE PURCHASE OF LAND.

Mr. Moore, as Chairman of the Finance Committee, presented the following report and recommendation with reference to the purchase of land:

The Finance Committee begs to report that they have not had sufficient time to examine all of the options and proposed tracts of land, nor to consult with the President of the University and the heads of departments.

Your committee advises, however, that, in view of the liberal appropriation for buildings and land purchases, the board should set aside from the amount \$400,000 for the biennium exclusively for land purchase, to provide for the present and partially for the future needs of the University.

We further recommend that, in view of the expiration of the option on the 160 acres of land known as the "Busey tract" on August 1, at \$1,000 per acre,

which option cannot be renewed, and the desirability of owning the 160 acres adjoining the Busey tract on the south, the option price of same being \$600 per acre, the sum of \$256,000 be appropriated at this meeting for the purchase of these tracts, and that the officers of the board be authorized and instructed to purchase these properties for the University at once.

For the consideration of the other tracts, we ask for further time.

ALLEN F. MOORE,  
J. R. TREVETT.

Mrs. Busey moved that the report of the Finance Committee be accepted, that the officers of the board be authorized to close the purchase of the tracts of land recommended by the committee to be purchased, and that the committee be given further time for the consideration of other proposed tracts.

President James presented again a recommendation offered at a previous meeting of the board that the board should provide for a special committee, of which the Governor of the State should be a member, to pass upon the question whether the price proposed for these properties is a reasonable price which the Board of Trustees ought to pay, calling attention to the fact that the so-called "options" were nothing more than offers of the property by the owners at the stated prices, and also urging that putting so much money into land at the present time would seriously embarrass the regular budget for operating expense and the program for the building and equipment.

Mrs. Evans moved that the consideration of Mrs. Busey's motion be deferred until the President of the University shall have presented the salary and buildings budgets.

A roll call was asked for on this motion to defer consideration, which was passed by the following vote: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henriotin, Mr. Moore, Miss Watson; noes, Mrs. Busey, Mr. Montgomery, Mr. Trevett; absent, Mr. Blair, Mr. Dunne, Mr. Hoit, Mr. Meeker.

#### DR. MOOREHEAD HEARD WITH REFERENCE TO THE TIME FOR OPENING THE COLLEGE OF DENTISTRY.

At this point Dr. Frederick B. Moorehead was introduced and made a brief statement with reference to the question whether the re-opening of the College of Dentistry should take place October 1, 1913, or should be deferred until October, 1914. Dr. Moorehead stated that, all things considered, it was his opinion that the college should be re-opened October 1, 1913.

#### SALARY BUDGET.

President James then presented the salary budget of the University for the academic year 1913-1914 as follows:

NOTE.—All appointments date from September 1, 1913, unless otherwise explicitly noted; "Indef."—On indefinite tenure, "C. S."—Civil Service appointment.

## **Meeting of August 26, 1913.**

---

A special meeting of the Board of Trustees of the University of Illinois was held in the Blackstone Hotel, in the city of Chicago, at 12 m., on Tuesday, August 26, 1913, pursuant to the following notice which was sent out by the secretary on August 18, 1913:

Upon the call of the president, Mr. W. L. Abbott, a special meeting of the Board of Trustees of the University will be held in the Blackstone Hotel, in the city of Chicago, on Tuesday, August 26, 1913, beginning at 12:00 m., to consider such matters as the committees of the board and the President of the University may submit and such other matters as may be duly presented.

When the board convened, the following members were present: Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Miss Watson.

### **CONSUMMATION OF LAND PURCHASE DELAYED.**

President Abbott reported that he had been advised by Governor Dunne that protests had been made in regard to the purchase of land ordered by the board at its meeting of July 23 (pp. 606 and 625), and had been requested by the Governor to delay the consummation of this purchase until it could be further considered, and that accordingly he had requested the State Auditor to draw no warrants for this purchase until further notice.

### **SPECIAL COMMITTEE TO CONSIDER LAND PURCHASE.**

President Abbott stated that he proposed to appoint a special committee for the further consideration of this land purchase, this committee to consist of the Governor, the President of the Board of Trustees, and the Chairman of the Finance Committee of the board. An informal poll of the members present showed that all of them approved of this proposed procedure.

### **REPORT OF THE COMMITTEE ON STUDENT'S WELFARE: APPROPRIATION FOR SYSTEM OF FRESHMAN ADVISERS.**

Mrs. Evans, as Chairman of the Committee on Students' Welfare, reported that this committee had approved the request of Dr. K. C. Babcock, Dean of the College of Liberal Arts and Sciences, for an appropriation of eighteen hundred dollars (\$1800) to provide for a system of freshman advisers to be tried during the coming year; this request having been referred to the Committee on Students' Welfare at the meeting of July 23, 1913 (page 602), with power to act.

The board adjourned to meet in the office of the Governor, at Springfield, at 10 A.M., on Saturday, September 6, 1913.

W. L. ABBOTT, *President.*

C. M. McCONN, *Secretary.*

## Meeting of September 6, 1913.

Pursuant to the adjournment taken at the meeting of August 26, 1913, the Board of Trustees of the University of Illinois met in the office of the Governor, at Springfield, on Saturday, September 6, 1913, beginning at 10 A.M.

The following members were present: Mr. Abbott, Mr. Blair, Mr. Dunne, Mrs. Evans, Mr. Hoit, Mr. Trevett. President James and Dr. Eugene Davenport, Dean of the College of Agriculture, were present.

### APPROVAL OF PURCHASE OF LAND.

President Abbott stated that the first matter to come before the meeting was the question of the purchase of land, which was ordered by the Board of Trustees at its meeting of July 23, 1913 (pp. 606 and 625), but the consummation of which had been delayed at the request of the Governor until it could be further considered.

Dean Davenport was heard in regard to this matter, and showed that the piece of land in question is the only piece of land contiguous to the present campus which, in its character and in the way it lies, is suitable for the purpose for which this land is especially desired, namely, for experimentation in horticulture—all other contiguous land being corn land and not orchard land. It appeared that a special committee appointed by the Illinois State Horticultural Society, consisting of five leading horticulturists from different parts of the State had looked over the entire region about the University within a radius of five miles, and had urgently recommended the purchase of this particular tract, even stating that if it could not be had at the price which it is proposed to pay, it ought to be purchased at double that price rather than to suffer the loss to the cause of scientific investigation in horticulture in this State that would result from the failure to secure the one tract of land suitable for this purpose in the immediate neighborhood of the University.

An extended discussion followed. In the course of this discussion it appeared that by comparison with the prices which have been offered by other parties for portions of the land in question, and by comparison with the prices which have been paid for other similar tracts in the neighborhood of the University, the prices which it is proposed to pay for this land are not excessive.

### RESOLUTION.

President Abbott then offered the following resolution:

WHEREAS, The Board of Trustees of the University of Illinois on July 2, 1913, by unanimous vote referred the question of the purchase of land to the Finance Committee of the board for consideration and report; and,

WHEREAS, The said Finance Committee reported to the said Board of Trustees on July 23, 1913, recommending the purchase of one hundred sixty acres of land known as the "Busey tract," lying immediately east of property now owned by the University, at the price of one thousand dollars (\$1,000) per acre, and the purchase of an additional one hundred sixty acres lying immediately south of said "Busey tract," at the price of six hundred dollars (\$600) per acre; and,

WHEREAS, The Board of Trustees, on July 23, 1913, by unanimous vote, eight members being present, authorized the officers of the board to close the purchase of the tracts of land recommended by the Finance Committee for purchase; and,

WHEREAS, Vouchers were issued by the Comptroller of the University in payment of said purchase money, the titles for the several tracts having been

approved by Savage & Woods, examining attorneys, and the State Auditor was requested to issue his warrants for the several sums; and,

WHEREAS, Before the warrants were issued the President of the Board of Trustees requested the State Auditor not to issue the warrants until further notice, because of a request from the Governor of the State that the transaction be not completed until he had had an opportunity to acquaint himself with the details of the purchase, in order to satisfy himself that the price to be paid was not excessive; therefore, be it

*Resolved*, That the State Auditor be requested to issue his warrants immediately for the said sums, in payment of vouchers presented for the properties acquired; since the Board of Trustees is convinced that the acquisition of said properties, consisting altogether of three hundred twenty acres, is desirable and necessary for the work of the University, and that the price agreed upon is not an excessive price considering the location of the properties and the prices actually paid for similar properties in the neighborhood within the last four or five years.

On motion of Mrs. Evans, the foregoing resolution was adopted; all the members present voting "aye," with the exception of Governor Dunne, who asked to be excused from voting, for the reason that he had not been able to make a personal investigation of the character and value of the land in question and other land in the neighborhood of the University. (At the afternoon session Dr. Montgomery recorded his vote on the foregoing resolution as "aye.")

## MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

President James presented the following matters for consideration:

(2) A recommendation that the officers of the board be authorized to close the purchase of the ten acres known as the "Rhinehart tract," lying between Sixth Street and the Illinois Central Railroad immediately south of the land recently acquired by the Athletic Association, and that an appropriation of eight thousand dollars (\$8,000) or as much thereof as may be necessary be made for this purpose; and, further, that this tract, or so much thereof as may be necessary, be assigned to the use of the Department of Botany until further notice, with the provision that no plantings shall be made in this tract that would be an entire loss, or should require more than two years for their removal without loss, should the tract be used later for other purposes.

On motion of Mr. Trevett, it was voted to approve the action of the president of the board in ordering this purchase, and to make the requisite appropriation of twenty thousand dollars (\$20,000). The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mr. Dunne, Mrs. Evans, Mr. Hoit, Mr. Montgomery (recorded at the afternoon session), Mr. Trevett; noes, none; absent, Mrs. Busey, Mrs. Henrotin, Mr. Meeker, Mr. Moore, Miss Watson.

Governor Dunne suggested the following resolution on the subject of this recommendation: That the Finance Committee be authorized to negotiate for the purchase of sites for a zoölogical laboratory, a botanical laboratory, an insectary, a University storehouse, a school of education building, and a women's residence hall at reasonable prices, and in case options can not be secured at reasonable prices, to commence condemnation proceedings for the acquirement thereof.

(6) A recommendation that the salary of Mr. William A. Chase as Lecturer in Accountancy and Commercial Law, on part time, for the academic year 1913-14, be fixed at twenty-four hundred dollars (\$2,400), instead of two thousand dollars (\$2,000) as was approved by the Executive Committee on July 23, 1913, (page 628); the recommendation that this salary be fixed at two thousand dollars having been based on incomplete information.

On motion of Mr. Blair, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mr. Dunne, Mrs. Evans, Mr. Hoit, Mr. Montgomery (recorded at the afternoon session), Mr. Trevett; noes, none; absent, Mrs. Busey, Mrs. Henrotin, Mr. Meeker, Mr. Moore, Miss Watson.

On motion of Mr. Blair, this recommendation was approved, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mr. Dunne, Mrs. Evans, Mr. Hoit, Mr. Montgomery (recorded at the afternoon session), Mr. Trevett; noes, none; absent, Mrs. Busey, Mrs. Henrotin, Mr. Meeker, Mr. Moore, Miss Watson.

These letters were received to be printed in the minutes:

September 30, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: At the meeting of the Board of Trustees held on July 23, 1913, the Board of Trustees ordered the purchase of the following lands at the prices indicated:

The Busey tract of 160 acres, being the NW.  $\frac{1}{4}$  Sec. 20, Twp. 19 N., R. 9 E., 3d P.M., at \$1,000 per acre, \$160,000.

The Pell tract of 40 acres, being the NE.  $\frac{1}{4}$ , SW.  $\frac{1}{4}$  Sec. 20, Twp. 19 N., R. 9 E., 3d P.M., at \$600 per acre, \$24,000.

The McCullough tract of 80 acres, being the S.  $\frac{1}{2}$  of the SW.  $\frac{1}{4}$  Sec. 20, Twp. 19 N., R. 9 E., 3d P.M., at \$600, \$48,000.

The Douglas tract of 40 acres, being the NE.  $\frac{1}{4}$ , SW.  $\frac{1}{4}$  Sec. 20, Twp. 19 N., R. 9 E., 3d P.M., at \$600, \$24,000.

At a meeting of the Board of Trustees held in Springfield on September 6, 1913, the board ordered the purchase of the Reinhart tract at a price not to exceed \$8,000. The Reinhart tract comprises 10 acres and lies between First Street and the Illinois Central Railway, immediately south of the Athletic Association grounds in the city of Champaign. At the meeting of the board on September 6, the board approved the purchase of the Augustus tract of 13 acres at a price of \$20,000. The Augustus tract comprises the south 52 rods of the E.  $\frac{1}{2}$ , SE.  $\frac{1}{4}$ , SE.  $\frac{1}{4}$  of section 18, Twp. 19 N., R. 9 E. of the 3d P.M. In pursuance of the orders of the board, an abstract of the title of each tract was secured from the owner of the tract. In the absence of Dean O. A. Harker, Legal Counsel of the University, these abstracts of title, together with the proposed deeds, were submitted to Attorney W. F. Woods, of the firm of Savage and Woods, of Champaign, Ill., for his opinion as to the merchantable title shown by the abstract of title and the proposed deeds. Attorney Woods examined not only the abstract of title, but also the original records having to do with the titles to each of these tracts of land, and rendered an opinion addressed to the Trustees of the University of Illinois, stating that in each tract there was a merchantable title in the possession of the vendors. Upon the return of Dean O. A. Harker, Legal Counsel, these opinions of Attorney W. F. Woods were submitted to Dean Harker and were concurred in by him.

Vouchers were presented to the State Auditor for the purchase of the Busey, McCullough, Pell, and Douglas tracts at the prices indicated, and State warrants were issued therefor. In the case of the Reinhart tract, a State warrant to the amount of \$7,063.10 was issued in favor of Hazen S. Capron. Mr. Capron had previously been paid \$600 by University warrant for an option on the tract. In the case of the Augustus tract, University warrant for \$20,000 was issued in favor of Mr. Howard C. Augustus. Deeds approved by Attorney W. F. Woods were received from the proper parties in each case, and were regularly filed with the county clerk of Champaign County. The abstract of title in each case was made complete up to and including the transfer of title to the University. The abstracts of titles and deeds are now on file in the vault of the business office of the University.

Very truly yours,

GEORGE E. FRAZER, *Comptroller.*

P.S.—The Reinhart tract is as follows:

ANN ARBOR, MICH., July 23, 1913.

*The Governing Board of the University of Illinois, Urbana, Ill.*

GENTLEMEN: At the meeting of the Regents of the University of Michigan held July 18, I was directed to transmit to the Governing Board of each of the universities included in the Western Conference a copy of the resolutions adopted by the Regents of the University of Michigan at their meeting of May 29. I enclose herewith, from the printed minutes of the board, a copy of the resolution in question. I should appreciate an acknowledgment of the receipt of this communication, with a statement, if possible to furnish it, of the date at which the resolutions of the Regents of the University of Michigan will be placed before your honorable body.

Sincerely yours,

SHIRLEY W. SMITH, *Secretary.*

#### RESOLUTIONS.

(Adopted by the Board of Regents of the University of Michigan, May 29, 1913.)

*Resolved*, 1. That it is inconsistent with the dignity of any university to surrender to any other authority its rights to prescribe and maintain its own rules and regulations.

2. That a university can best meet its responsibilities by reserving full power over the activities of the students under its control except where that power is expressly delegated to others under specific limitations.

3. That this board believes that an agreement can be reached upon rules heretofore adopted by the Western Conference, and that these rules, and all subsequent rules, before enforcement and adoption respectively, should be approved unanimously by the members of the conference; that under these conditions this board would welcome a resumption by the University of Michigan of membership in the conference.

In this connection President James presented a recommendation that the resolutions in question be referred to the University Senate with power to act; such action being in accordance with the uniform policy of the Board of Trustees with reference to matters of this nature.

On motion of Mrs. Henrotin, the president's recommendation relating to this matter was approved.

#### LABORATORY FEE FOR BOTANY 12.

(9) A recommendation from the Council of Administration that the Board of Trustees establish a laboratory fee of two dollars (\$2) for a new course in botany known as Botany 12.

On motion of Mrs. Evans, this recommendation was approved.

#### DONATIONS FOR THE MUSEUM OF NATURAL HISTORY.

(10) The following statement from Professor Frank Smith, Curator of the University's Museum of Natural History, with reference to two important donations recently received by the University for this Museum:

In June last a collection of 2,000 birds' eggs in original sets, representing about 300 species all with complete data representing a catalog value of about \$1,000 was presented by the collectors and owners, Messrs. M. K. Barnum, Superintendent of Motive Power of the Illinois Central Railway, and his brother, Major Malvern Hill Barnum of the United States Army.

Last month Mrs. Thomas A. Worthen, recently of Warsaw, Ill., presented a collection of marine and fresh water shells that had belonged to the late Amos

H. Worthen, who for thirty-five years was State Geologist of Illinois. There has not yet been time to list all of the specimens, but there are presumably about 3,000, and the majority of them bear accurate labels. It is of very considerable value.

President James recommended that these donations be accepted and that the President of the University be authorized to express to the donors the appreciation of the Board of Trustees.

On motion of Mrs. Henrotin, this recommendation was approved.

#### REQUEST FROM THE UNITED CHARITIES ASSOCIATION OF THE TWIN CITIES.

(11) A request from a committee representing the United Charities Association of Champaign and Urbana for the use of the Armory for a fair to be given for the benefit of this association.

On motion of Mrs. Henrotin, it was voted that in view of the fact that the United Charities Association has put at the disposal of the University Department of Sociology information which it collects in the course of its routine work for use as laboratory material, the use of the Armory be given to this association for the purpose in question, provided this can be done without interference with the work of the Department of Military Science.

#### SPECIAL AND GRADUATE WORK IN DENTISTRY.

(12) A statement that, since the attendance in the College of Dentistry will be small by reason of the late opening of this college, it may be possible, without present increase of the staff, to organize certain special and graduate work in dentistry for the benefit of practicing dentists and other persons similarly qualified; with the recommendation that the President of the University be authorized to organize such work.

On motion of Mrs. Henrotin, this authorization was given.

On motion of Miss Watson, this recommendation was approved.

An applicant for admission to the College of Dentistry must be at least eighteen years of age. Women are admitted on the same conditions and under the same terms as men.

For admission to the College of Dentistry a candidate must present a certificate of graduation from an accredited high school, or an equivalent; which equivalent is interpreted to mean fifteen (15) units of preparatory work in an accredited high school or academy or a state normal school.

No "conditions" can be permitted; the full 15 units must be offered.

The foregoing requirement may be satisfied either (a) by certificate, or (b) by examination.

(a) Entrance credits will be accepted by certificate from the following sources:

(1) From high schools and academies in the State of Illinois which are accredited to the University of Illinois.

(2) From the State normal schools of Illinois and other normal schools having equal requirements for graduation.

(3) From schools accredited by the North Central Association of Colleges and Secondary Schools.

The College of Dentistry will receive no student who is not present within ten days after the opening day of the session in each year, or in case of necessary delay by reason of illness, properly certified by the attending physician, within thirty days after the opening day.

**RESIGNATION OF THE SECRETARY.**

The secretary presented his resignation:

October 4, 1913.

*To the Board of Trustees of the University of Illinois:*

I hereby submit my resignation as Secretary of the Board of Trustees, with the earnest request that this resignation be accepted at this meeting.

I beg leave to suggest that it be accepted to take effect at the close of the next regular meeting of the board, i.e., the quarterly meeting of December 9, 1913. This will allow for the appointment of a committee to nominate my successor and for his election on December 9. In this way there will be no interruption in the performance of the duties of the office.

My reason for asking to be relieved of the secretaryship is that the registrarship as now constituted at the University of Illinois demands the full time and strength of one man. There is no other university at all comparable in size with the University of Illinois in which the registrar is the secretary of the trustees. There is, in fact, so far as I know, but one other comparable institution in which the registrarship itself is as highly centralized or has as much work assigned to it.

In presenting my resignation I wish to express my appreciation of the pleasure which I have had in my relationship with the Board of Trustees during the past three years.

Respectfully submitted,

C. M. McCONN, *Secretary.*

On the recommendation of President James and on motion of Mrs. Evans, it was voted that a special committee be appointed, of which the President of the Board of Trustees should be a member, to consider the secretary's resignation and to nominate his successor.

#### INVITATION TO THE ILLINOIS STATE FEDERATION OF WOMEN'S CLUBS.

On motion of Mrs. Henrotin, it was voted that in case the co-operation of the Women's Clubs of Champaign and Urbana can be secured, the University unite with these clubs in an invitation to the Illinois State Federation of Women's Clubs to hold their next annual meeting at the University.

On motion of Mrs. Evans, it was voted that when the board adjourned, it should adjourn to meet in Springfield, at the office of the President of the State Board of Agriculture, on the State Fair Grounds, on Thursday, October 9, 1913, beginning at 10 A.M.

The board adjourned.

W. L. ABBOTT, *President.*

C. M. McCONN, *Secretary.*

#### MEETING OF THE EXECUTIVE COMMITTEE, OCTOBER 4, 1913.

Seymour, as Adviser of Foreign Students, be fixed at three hundred dollars (\$300) for the year beginning September 1, 1913, this amount to be additional to the amount of Dr. Seymour's salary as Associate in Romance Languages. This recommendation was approved.

#### REPORT FROM THE SUPERVISING ARCHITECT: BIDS AND CONTRACTS.

President James presented a report from Prof. James M. White, Supervising Architect, in regard to a number of bids received and contracts let for certain parts of the work on various University buildings.

This report from the supervising architect was referred to the Committee on Buildings and Grounds for consideration and report.

The committee adjourned.

W. L. ABBOTT,  
J. R. TREVETT.

C. M. McCONN, *Clerk.*

### ADJOURNED SESSION, DECEMBER 13, 1913.

Pursuant to the adjournment taken at the quarterly meeting of December 9, 1913, the Board of Trustees of the University of Illinois met in the office of the Governor, at the State House, in Springfield, Ill., on Saturday, December 13, 1913, beginning at 9 A.M.

The following members of the board were present: President Abbott, Superintendent Blair, Mrs. Busey, Governor Dunne, Mrs. Evans, Mrs. Henriotin, Mr. Hoit, Dr. Montgomery, Mr. Trevett, Miss Watson. President James was present.

### CONSIDERATION OF MINUTES DEFERRED.

On motion of Mrs. Busey, the consideration of the minutes of previous meetings was deferred.

### DEMAND OF THE STATE AUDITOR THAT THE UNIVERSITY TURN OVER ITS RECEIPTS.

President James presented the following statement in regard to a communication from Hon. James J. Brady, Auditor of Public Accounts, addressed, under date of November 6, 1913, to President Abbott:

The State Auditor has made a formal demand upon the President of the Board of Trustees that he turn over to the State Treasurer all the receipts of the University "from fees, fines, penalties, forfeitures, rentals, the sales of property, or from other like sources."

Mr. Brady fortifies himself in this demand by reference to an opinion rendered by the Attorney General to the effect that the University is bound to turn over such receipts by the terms of an Act entitled, "An Act in relation to the payment of the public money of the State into the State treasury," approved June 9, 1911, and in force July 1, 1911.

Upon receipt of this demand I asked the Chairman of the Finance Committee, Mr. Moore, to call a meeting of that committee to consider the matter.

The committee met at the University on November 22, 1913. The minutes of this meeting of the Finance Committee are presented herewith:

### MINUTES OF MEETING OF FINANCE COMMITTEE, NOVEMBER 22, 1913.

"Present: Mr. Hoit, Mr. Trevett, and Mr. Moore, members of the Finance Committee; Mr. Abbott, President of the Board of Trustees, President James, and Judge Harker.

"President Abbott presented a letter from the State Auditor, the Honorable James J. Brady, requesting that all sums of money received from fees, fines, rentals, sales of property, etc., be paid into the State treasury. Judge Harker gave the committee his opinion and advice, and, upon the motion of Mr. Hoit, it was voted that the President of the Board of Trustees be requested to request

the State Auditor to furnish a copy of the opinion of the Attorney General on this matter."

The opinion of Judge Harker referred to in the foregoing minutes of the meeting of the Finance Committee is to the effect that the University is not bound to turn over its receipts. This opinion is submitted herewith:

#### OPINION OF JUDGE HARKER.

UNIVERSITY OF ILLINOIS, December 8, 1913.

*President James and the Board of Trustees:*

Complying with your request for an opinion as to whether an Act entitled, "An Act in relation to the payment of the public money of the State into the State treasury," approved June 9, 1911, applies to the University of Illinois, I beg to submit the following:

The first section of the Act provides:

"That the Secretary of State, the Auditor of Public Accounts, the Superintendent of Public Instruction, the Adjutant General, the Insurance Department of the State of Illinois, the Board of Administration, the Charities Commission, the Board of Commissioners for the Management of the State Library, the Illinois Stallion Registration Board, the Board of Live Stock Commissioners, the Board of Veterinary Examiners, the Railroad and Warehouse Commission, the Chief Inspector of Grain, all Deputy Inspectors of Grain, Warehouse Registrars and their assistants, all State Weighmasters, the State Commissioners of Labor, the Chief Inspector of Private Employment Agencies, the State Board of Examiners of Architects, the State Board of Examiners of Barbers, the Board of Fish Commissioners, the State Game Commissioner, the State Board of Health, the State Board of Pharmacy, the Illinois State Board of Dental Examiners, the Miners' Examining Boards of the respective counties, the State Board of Examiners of Registered Nurses, the State Entomologist, the State Fire Marshal, the State Food Commissioner, and all like executive and administrative boards, commissions, commissioners, departments and institutions of the State Government herein named, are hereby declared to be officers, arms, agencies and departments of the State Government, and all moneys received by each of such officers, boards, commissions, commissioners, departments or institutions for or on behalf of the State from fees, fines, penalties, forfeitures, rentals, the sales of property or from other like sources, shall be paid into the State treasury, and no such officer, board, commission, commissioner, department or institution shall expend any money so received, for salaries, expenses or for any other purpose, except upon the warrant of the Auditor of Public Accounts based upon appropriations from the State treasury made biennially by the General Assembly."—Session Laws, 1911, p. 429.

It will be observed that while the General Assembly has seen fit to specifically enumerate several of the general departments of the State Government, State boards, commissions, inspectors, registrars, etc. (twenty-eight in all), as being subject to the provisions of the Act, the University of Illinois is not. In this section or any subsequent section of the Act mentioned. Under a well recognized canon for statutory construction, it would seem, then, that the General Assembly did not intend that the provisions should apply to the University. I do not contend that application is limited to the departments, boards, commissions, and officials named. Clearly, all other kindred executive and administrative boards, commissions, and institutions of the State Government were included within the legislative intent. That is made manifest by the words "all like executive and administrative boards, commissions, commissioners, departments and institutions of the State Government herein named, are hereby declared to be officers, arms, agencies and departments of the State Government."

I call especial attention to the language "like executive and administrative boards, commissions, commissioners, departments and institutions of the State Government herein named." Is the University of Illinois like any of the departments, boards, or commissions named? Upon the decision of that question rests the correct interpretation of the Act. I need not enumerate the many respects in which the University differs from them. Not one of them is like it, either as to purpose of creation or as to manner of discharging its functions.

The organic Act, passed before the adoption of the present State Constitution, made the Board of Trustees a body corporate and politic, having perpetual succession, and with "power to contract and be contracted with, to sue and be sued, to plead and be impleaded, to acquire, hold and convey real and personal property," etc. The vast bodies of land donated by Champaign County to secure the location of the institution at Urbana and other property donated were taken over by the corporation, and as such it became vested with title to the same. As such corporation it now holds title to the lands so donated and to lands subsequently acquired, together with improvements thereon. It holds title to all the personal property then donated and subsequently acquired which has not been disposed of. Of course, it holds it in trust (for educational purposes) and cannot dispose of it in a manner violative of the trust. Much of the property now held has come from other sources than the State; and in my opinion, as to such property at least, the State could not appropriate it to some other purpose. However, that question is not directly involved. What we are desiring to reach is the intention of the Legislature when it passed the Act of 1911. I cannot believe that it was the purpose of the Legislature to include within its intention either of the large educational institutions of the State. It is inconceivable that the General Assembly should have intended to include within the purpose of the legislation the great University of Illinois, with its millions of property and a separate and distinct corporate body, without naming it, when it found it neces-

sary to include so insignificant a body as the Board of Examiners of Barbers by naming the latter.

As you doubtless know, the Attorney General of the State entertains a view different from that expressed above and has rendered an opinion to the State Auditor to that effect. He cites in support of his view a late case decided by our Supreme Court entitled *Chicago Board of Trade v. Cowen*, 252 Ill., 554. The case cited is not an authority supporting the contention that the Act applies to the University of Illinois. In that case the Board of Trade of the city of Chicago and a number of other complainants engaged in the grain business in Chicago brought suit against Cowen to enjoin the payment into the State treasury of a fund of \$64,560.37, arising from grain inspection fees collected in Cook County and elsewhere. Cowen was the Chief Inspector of Grain of the State. The State Treasurer, the State Auditor, and the Railroad and Warehouse Commission were made defendants to the bill. The bill attacked the constitutionality of the Act, and the complainants also insisted that under a proper construction the Act did not include fees for grain inspection service. The Supreme Court decided that the Act was constitutional. It decided that the fees were payable under the Act into the State treasury. Really, I am unable to see how a court could have rendered any other decision, but the question there is not the one involved here. In the Act mentioned the Chief Inspector of Grain was specifically named. In our case the University of Illinois is not named, nor is it so like any of these boards or commissions named as to include it within the words "all like boards, departments," etc., as I have undertaken to show. It is true that the Supreme Court does say in that case that the Act, in requiring the payment of fees into the State treasury, was declarative only of a duty which devolved upon the Grain Inspector ever since the grain inspection law was enacted. That statement came largely by way of dictum, but the dictum is not applicable to our case, because, as I have undertaken to show, title to the fees and all of the personal property is the property of the Board of Trustees and not the property of the State within the sense of the Act of 1911.

Respectfully submitted,

O. A. HARKER,

*Counsel for the University of Illinois.*

It would appear from a study of the history of the Act as it passed the General Assembly that the Journals of the two houses bear out the view of the Legal Counsel of the University. The law as it passed the House in the first instance was intended to include the University of Illinois, but the expression under which the University was comprised, namely, "charitable, educational, penal, reformatory and correctional institutions founded, controlled and maintained by the State," was altered by the Senate in such a way as to make it clear that there was no intention to include the University as one of the departments subject to the provisions of this Act. This amendment was subsequently accepted by the House.

Governor Dunne moved that the Legal Adviser of the Board of Trustees be requested to confer personally with the Attorney General in regard to this matter and to report the result to the board.

In discussion of this motion the Governor expressed the opinion that if the Attorney General and the University Counsel should go over this law in personal conference, they would be able to reach an agreement in regard to its interpretation.

The Governor's motion was passed unanimously.

## PROPOSAL TO REPEAL SECTION 5, ARTICLE VI, OF THE BY-LAWS.

Mr. Trevett moved that section 5, article VI, of the By-laws of the Board of Trustees be repealed.

The chairman, having called attention to the clause of section 2, article VIII, which provides that copies of amendments proposed at any meeting "shall be submitted in writing and furnished each member at the beginning of such meeting," ruled that this motion was out of order.

## LOCATION OF WOMEN'S RESIDENCE HALL DISCUSSED.

President James called attention to the recommendation of the Finance Committee, printed in the minutes of the board meeting of October 4, 1913 (page 652), that the proposed residence hall for women be located on lots 23, 24, and 25 on the south side of Nevada Street in Urbana (about half way between Goodwin Avenue and Gregory Place), and that an offer of forty dollars (\$40) a front foot be made for these properties; and urged that a decision should be reached in this matter at as early a date as possible if there is any idea of erecting such a building during the present biennium.

After considerable discussion, it was voted, on motion of Mrs. Evans, that the further consideration of this matter be deferred until the next meeting of the board.

**OFFER FOR THE BROOKS PROPERTY WITHDRAWN.**

On motion of Mr. Trevett, it was voted that the authority for the purchase of the Brooks' site be withdrawn.

**MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.**

President James presented the following matters for consideration:

**THE GERMAN AMBASSADOR TO BE THE COMMENCEMENT SPEAKER.**

(1) An announcement that the German Ambassador at Washington, Count Johann Heinrich von Bernstorff, has accepted an invitation to give the address at the Forty-third Annual Commencement to be held on Wednesday, June 17, 1914.

**PLANS FOR A GREGORY REUNION.**

(2) A statement in regard to the plans for a reunion of alumni and former students who attended the University during the administration of Dr. John Milton Gregory, the first Regent:

I am making earnest efforts to have all former students of the University who were registered in the institution during the regency of Dr. Gregory in attendance at the exercises of the Commencement Week in 1914; at which time it is proposed to hold special services in connection with the marking of the grave of Dr. Gregory located on the campus.

In accordance with an action already taken by the board (on October 8, 1912, page 132), the supervising architect has been asked to submit at the earliest possible date a recommendation with reference to a simple and appropriate method of marking the grave.

The alumni have appointed a committee to collect funds for the purpose of erecting a worthy memorial to Dr. Gregory in the form of a University building. This committee consists of Hon. S. A. Bullard, Chairman, Mr. Peter Junkersfeld, and Mr. C. O. Fischer.

The policy of trying to get the alumni to come in larger numbers to the exercises of Commencement Week was instituted some time ago, and has met with a measurable degree of success. Two years ago the men and women who matriculated during the first four years of Dr. Gregory's administration were especially invited to return, and over one hundred of the students of the years between 1868 and 1872 put in an appearance—a very considerable percentage of the number alive at that time.

Last year a special invitation was extended to the men and women who had matriculated during the next four years of Dr. Gregory's administration, 1873-76. This meeting was also a decided success.

For the coming year the invitation has been extended to all who were in attendance during the entire period of Dr. Gregory's regency.

An invitation to send representatives has been extended to the several institutions with which Dr. Gregory was associated—to Union College, from which he was graduated; to the University of Michigan, which granted him an honorary degree; and to Kalamazoo College, of which he was president; also to the Department of Education of the state of Michigan, of which he was at one time the head. President Hutchins of the University of Michigan has kindly consented to be present and to deliver a brief address. The State Superintendent of Public Instruction of Michigan has also promised to attend the exercises. I have little doubt that the other institutions will be represented by delegates if not by their presidents.

**DEDICATION OF THE NEW ARMORY.**

(3) A proposal that the new Armory be dedicated on Decoration Day, May 30, 1914, with the following statement in regard to plans for this event:

If the board approves, a special invitation will be extended to the President of the United States, the Secretary of State, the Secretary of War, the Secretary of the Interior, and the head of the general staff, to attend these exercises and participate in them. An invitation will also be sent to members of Congress and other officials of the Federal Government, and to members of the General Assembly and other officials of the State government.

The University of Illinois is a federal as well as a State institution, and no opportunity should be lost to emphasize this relation. In the case of the Armory, which is erected pursuant to the requirements of the federal law, it is especially appropriate that we should secure the cooperation of federal officers.

I am told by the supervising architect that, while the Armory will not be completed by Decoration Day, it will, in all probability, be far enough along to be used regularly by the regiment and to give an adequate idea of its great usefulness to the University.

On motion of Governor Dunne, it was voted that the president be authorized to arrange for the dedication of the Armory on May 30, 1914, provided the Grand Army Posts of Urbana and Champaign consent to the holding of these exercises on that date.

**DEPOSIT TO BE REQUIRED FOR MILITARY OUTFITS.**

(4) The following request from Major Frank D. Webster, Professor of Military Science:

MILITARY DEPARTMENT, December 5, 1913.

*The President, University of Illinois.*

SIR: I have the honor to recommend that hereafter every student on entering the University be required to make a deposit sufficient to cover the cost of his military outfit.

The present system is bad in that it gives the student opportunity to delay the purchase of his uniform at his own discretion. A deposit will cause the uniform to be delivered at once upon arrival and not delay the equipment of the regiment as the present system does.

All students were notified a month before November 10th that the uniforms would be here on that date and cautioned to provide themselves with funds by that time. Some had no funds until after Thanksgiving, and some of them, after stating that they would have, are not so provided up to date.

The cost of the military outfit as furnished now is \$16.20.

I request that this matter be taken up by the proper authorities at once in order to forestall a repetition of such delays.

Very respectfully,

F. D. WEBSTER,

*Major 20th Infantry, Professor of Military Science.*

On motion of Governor Dunne, it was voted that hereafter every student be required to make, on a date to be named by the commandant, a deposit sufficient to cover the cost of his military outfit.

**APPROPRIATION FOR BRYAN PRIZE TRUST FUND.**

(5) The following communication from Professor George E. Frazer, Comptroller:

UNIVERSITY OF ILLINOIS, November 15, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: By reference to page 73 of the minutes of the Board of Trustees for April 19, 1899, you will note that Hon. William J. Bryan gave a sum of two hundred fifty dollars to the Board of Trustees for the establishment of the William J. Bryan prize, a prize of twenty-five dollars to be awarded every two years. The sum of money thus donated was passed into the general fund of the University, and does not appear upon our books as a trust fund. I recommend that the Board of Trustees appropriate the sum of two hundred fifty dollars from the general fund of the University as a special trust fund. It is desirable that no question should arise hereafter as to the disposition made by the University of this donation.

Very truly yours,

GEO. E. FRAZER, *Comptroller.*

On motion of Dr. Montgomery, the comptroller's recommendation was approved; i. e., the sum of two hundred fifty dollars (\$250) was set aside from the general fund of the University as a special trust fund for the support of the William J. Bryan prize. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Dunne, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Meeker, Mr. Moore.

*President Edmund J. James, University of Illinois.*

DEAR SIR: I beg to report that I have paid to Mr. L. E. Larson, Secretary of the Board of Education of Chicago, the sum of \$10,166.67, in payment of the installment of \$10,000 due on July 1, 1913, on the mortgage note of the College of Physicians and Surgeons of Chicago to the Board of Education. This payment fell due July 1st last, and the time of payment was extended to November 1. The interest from July 1 to November 1 on the installment amounted to \$166.67.

**APPOINTMENT OF DIRECTOR OF THE MINERS' AND MECHANICS' INSTITUTES.**

(7) A recommendation that Mr. R. Y. Williams be appointed Director of the Miners' and Mechanics' Institutes, at a salary of four thousand dollars (\$4,000) per annum, work and salary to begin when he reports for service in Urbana, and

to continue until June 30, 1915; together with the following statement in regard to these institutes:

The General Assembly which met in January, 1911, passed a law authorizing and requiring the University of Illinois to establish and maintain certain miners' and mechanics' institutes, for the purpose of giving instruction at suitable places in the State to people who desire it on the subject of mining. The last General Assembly made an appropriation of fifteen thousand dollars (\$15,000) per annum for the support of these institutes. It is proposed to place them under the direct supervision of the Department of Mining Engineering of the College of Engineering.

On motion of Superintendent Blair, the president's recommendation was approved and the appointment made. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Dunne, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Meeker, Mr. Moore.

#### RESOLUTIONS OF THE REGENTS OF THE UNIVERSITY OF MICHIGAN.

(8) A letter from the Secretary of the Board of Regents of the University of Michigan, transmitting certain resolutions passed by the regents on November 14, 1913, relating to the proposed return of the University of Michigan to membership in the Western Intercollegiate Conference.

These resolutions were received to be printed in the minutes:

This board deems inexpedient, under present conditions, a return of the University of Michigan to the Western Conference, and deems undesirable the continued agitation of the subject on the campus. The board wishes to express its sense of appreciation to those members of the conference that have invited Michigan's return, and its hope that there may be fostered in all educational institutions a high standard of sportsmanship and manhood.

The board believes that the present status of athletics at Michigan is in many respects satisfactory, but will welcome, and, as far as expedient, cooperative in any changes in college athletics that will further the objects for which the conference was originally founded.

#### INTEREST PAYMENTS AUTHORIZED.

(9) The following communication from Professor George E. Frazer, Comptroller, asking for authority to make interest payments on certain bonds; with the recommendation that the comptroller be authorized to make these payments from the general funds for operating expenses:

November 19, 1913.

*President Edmund J. James, University of Illinois.*

DEAR SIR: On January 1, 1914, interest payments will be due as follows, on account of the indebtedness of the College of Physicians and Surgeons of Chicago:

To Louis E. Larson, Chicago Board of Education, on account of Board of Education notes, 2½ per cent on \$66,000.....	\$1,650 00
To Frank B. Earle, Trustee, on account of 1901 bond issue, 3 per cent on \$109,000 .....	3,270 00
To the Chicago Savings Bank and Trust Company, Trustees, on account of 1912 bond issue, 3 per cent on \$60,000 .....	1,800 00

Total ..... \$6,720 00

I recommend that authority be given to me to make the interest payments listed above.

Very truly yours,

GEO. E. FRAZER, *Comptroller.*

On motion of Governor Dunne, the president's recommendation was approved; i. e., the comptroller was authorized to make the interest payments as specified from the general funds for operating expenses. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Dunne, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Meeker, Mr. Moore.

#### LEAVE OF ABSENCE FOR PROFESSOR FAIRLIE.

(10) The following request from Dr. John A. Fairlie, Professor of Political Science, for leave of absence, without salary, for the second semester of the current academic year; accompanied by the recommendation that the request be granted:

URBANA, ILL., December 2, 1913.

*President Edmund J. James, University of Illinois.*

DEAR PRESIDENT JAMES: Referring to our conversation some days ago, I write to request permission from the Board of Trustees for a leave of absence from the University, without pay, for the second semester of this academic year, for the purpose of taking charge of an investigation of the State departments, bureaus, and commissions authorized by the General Assembly of Illinois, under the general

direction of the Joint Efficiency and Economy Committee. This will take the place of the leave of absence previously granted for the purpose of travel and study in Europe.

Yours truly,  
JOHN A. FAIRLIE.

On motion of Governor Dunne, Professor Fairlie was granted leave of absence as requested.

At this point Governor Dunne withdrew.

#### SWITCH TRACK TO STORAGE YARD.

(11) A request from Professor James M. White, Supervising Architect, for authority to lay a switch track from the interurban line to a suitable location for a storage yard for coal on the property recently acquired by the University east of Goodwin Avenue, at an estimated cost of twelve hundred fifty dollars (\$1,250).

On the recommendation of President James, and on motion of Superintendent Blair, this recommendation was referred to the Committee on Buildings and Grounds, with power to act. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker, Mr. Moore.

#### MEETING OF COMMITTEE ON BUILDINGS AND GROUNDS CALLED.

President Abbott, as Chairman of the Committee on Buildings and Grounds, announced that he would like to have a meeting of the committee in the Trustees' Room at the University, in Urbana, on Saturday, December 20, 1913, beginning at 1 p.m.

At this point Governor Dunne rejoined the meeting.

#### ADVISORY COMMITTEES, COLLEGE OF AGRICULTURE.

(12) A recommendation from Dr. Eugene Davenport, Dean of the College of Agriculture and Director of the Agricultural Experiment Station, with reference to the constitution and appointment of certain advisory committees, proposing the adoption of resolutions similar to the following:

WHEREAS, The Advisory Committee relationship has proved profitable to the work and the service of the Agricultural Experiment Station; and

WHEREAS, The form in which appropriations are now received operates to terminate the legal existence of these committees; therefore, be it

*Resolved*, By the Board of Trustees of the University of Illinois that the continuance of these committees be secured by the following plan of procedure:

1. Each of the agricultural organizations of the State to be hereinafter enumerated shall be invited to submit a list of ten names chosen from among the most progressive and representative farmers of the State.

2. Upon the recommendation of the President of the University the trustees shall elect from each list a committee of five in such a way that one vacancy shall occur each year.

3. After the first year each association shall be invited to submit a list of three, from which one shall be chosen in the manner prescribed above.

4. These committees shall serve without recompense except for actual expenses.

5. The service of these committees shall be invited in an advisory capacity as heretofore with reference to the lines of work which may be most profitably undertaken by the various departments of the Agricultural Experiment Station and the best methods of making the results available to agricultural practice.

6. The following associations shall be invited to submit lists and to enter into this advisory relationship:

Illinois Farmers' Institute.

Illinois Live Stock Breeders' Association.

Illinois State Horticultural Society.

Illinois Corn Growers' Association.

Illinois State Florists' Association.

Illinois State Dairymen's Association.

7. The board may alter such rules and regulations at will.

On motion of Governor Dunne, the consideration of this matter was deferred until the next quarterly meeting of the board.

#### QUARTERS FOR THE SCHOOL OF PHARMACY.

(13) A request from Professor W. B. Day, Acting Dean of the School of Pharmacy, that the University Comptroller be authorized to renew the lease for the quarters now occupied by the School of Pharmacy for one year from May 1, 1914, and to secure, if possible, an option for a further renewal of this lease for one year from May 1, 1915.

(14) Also, a recommendation that the President of the Board of Trustees be authorized to purchase the lot at the northeast corner of Honore and West Harrison streets, Chicago, fronting 126 feet on West Harrison Street and 72 feet on Honore Street, immediately across Honore Street from the building occupied at present by the College of Dentistry, at a price not to exceed the valuation recently placed upon it by the committee of the Chicago Real Estate Board (see minutes of July 23, 1913, page 629), namely, thirty thousand six hundred dollars (\$30,600)—twenty-one thousand six hundred dollars (\$21,600) for the land and nine thousand (\$9,000) for the buildings; and that in case the President of the Board is not able to acquire this property at the price named, the legal counsel of the University be instructed to begin condemnation proceedings to acquire it; and further, that the supervising architect be instructed to submit plans for a fireproof building to be erected upon this site to house the School of Pharmacy and the Library of the Colleges of Medicine and Dentistry and the School of Pharmacy.

On motion of Governor Dunne, the first of these two recommendations, providing for the renewal of the lease for the present quarters of the School of Pharmacy, was referred to the Committee on the College of Medicine and the School of Pharmacy, for consideration and report; and the second recommendation, relating to the purchase of the lot on the corner of West Harrison and Honoré streets, was referred to the Finance Committee for consideration and report.

#### REPORT ON THE DEATH OF JAMES W. NORTH.

(15) A report from Mr. William H. Browne, Secretary of the College of Medicine, concerning the death of Mr. James W. North, Caretaker and Embalmer in the Dissecting Department of the College of Medicine, together with an opinion from the Legal Counsel of the University with reference to the liability of the Board of Trustees in this case:

#### [SECRETARY BROWNE'S LETTER.]

December 6, 1913.

*Dr. Edmund James James, President, University of Illinois, Urbana-Champaign, Ill.*

MY DEAR DOCTOR JAMES: I regret to report a distressing accident which occurred in the College of Dentistry Building, presumably on the afternoon of Friday, the 5th inst. James W. North, who has been caretaker and embalmer in the Dissecting Department, was found dead at the bottom of the freight elevator shaft by the night watchman on his rounds this morning, about five o'clock. It is supposed that he thought the freight elevator was on a level with the fourth floor dissecting room and backed into the shaft, pulling a table, on which there was a cadaver, in after him, as the cadaver and table were found on top of him.

Mr. North has been an efficient and faithful employee for the past five years, and leaves a family of a wife and four children. He is one of the employees of whom I spoke with you last Saturday relating to his raise in salary.

I do not know what the custom of the University is in such cases, but I respectfully suggest that his check in full for the month of December be sent to his widow at No. 7429 South May Street, Chicago, Ill.

Regarding the filling of his position, I am counseling with Drs. Eycleshymer and Rupert and will make you a report in a few days. Dr. Eycleshymer's plan now is to temporarily fill the position with a student assistant, who could take care of the work for the next few weeks while we are looking for a suitable man.

Yours very truly,

WILLIAM H. BROWNE, *Secretary.*

#### [JUDGE HARKER'S OPINION.]

December 9, 1913.

*President Edmund J. James, University of Illinois.*

MY DEAR PRESIDENT JAMES: I have yours containing letters from Secretary Browne of the College of Medicine.

The Board of Trustees is not liable in a tort action. It may enter into contract to the extent of an individual or a private corporation; it may acquire property and hold title to the same; it may sue and be sued; but as it acts in a trust relation for the purpose of procuring and maintaining opportunities for education in the State, and is in no sense a corporation for profit, it is not liable for negligence.

Some time ago I submitted to the Board of Trustees an opinion in which I set forth fully the reasons why the board is not liable in that kind of an action, and I think I cited authorities in support of my position. At all events, I feel quite sure that no liability attaches to the Board by reason of the manner in which James W. North came to his death in the Dentistry Building.

I return enclosures.

Sincerely yours,

O. A. HARKER, *Legal Counsel.*

President James stated that in the absence of any action by the board he would direct the comptroller to send Mr. North's salary check for the

month of December to his widow, as suggested by Secretary Browné. No action was taken by the board.

#### SMOKING PROHIBITED IN MEDICAL SCHOOL.

(16) The following statement and recommendation with reference to smoking in the buildings of the College of Medicine and Dentistry:

The Supervising Architect has reported that three times this year incipient fires have gained some headway in the buildings occupied by the Colleges of Medicine and Dentistry in Chicago which were plainly started by carelessness in the use of lighted cigars or cigarettes.

The buildings are very inflammable. There is no insurance at present upon the equipment in the buildings which belongs to the University of Illinois. The insurance on the buildings is for the benefit of the bond holders and mortgage holders, and in case of fire the loss, so far as the University is concerned, would be total.

The supervising architect recommends, therefore, that smoking be prohibited in and about the buildings of the Colleges of Medicine and Dentistry, except in certain specified places that may be named by the President of the University.

If this recommendation should be approved by the Board of Trustees, I should interpret it to apply to professors, instructors, and employees, as well as to students.

I should interpret it to mean, also, that a room where persons may smoke may be set apart if it be found feasible to secure a room where the risk from fire will be eliminated.

On motion of Dr. Montgomery, the president's recommendation relating to this matter was approved.

#### APPROPRIATION FOR PHOTOGRAPHIC LABORATORIES.

(17) A request from Mr. A. G. Eldredge, Instructor in Photography, endorsed by Professor S. W. Parr, who has been in charge of the photographic work of the University, for an appropriation of fifteen hundred dollars (\$1,500) for equipment in the photographic laboratories and for the making of changes in the laboratories which may be necessary to render the equipment available.

On motion of Dr. Montgomery, this request was approved, i. e., an appropriation of fifteen hundred dollars (\$1500) was made for the purpose named. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mrs. Henrotin, Mr. Meeker, Mr. Moore.

#### IMPORT ORDER FOR CHEMICALS.

(18) A request from Professor W. A. Noyes, Director of the Chemical Laboratory, for authority to place an order for the importation of supplies for the chemical laboratory for the coming year, to an amount not to exceed twelve thousand dollars (\$12,000).

On motion of Mrs. Evans, this authority was given as requested, the vote being as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Montgomery, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mrs. Henrotin, Mr. Meeker, Mr. Moore.

At this point Governor Dunne and Mrs. Henrotin rejoined the meeting.

UNIVERSITY OF ILLINOIS, October 14, 1913.

*Dr. Edmund J. James, President, University of Illinois.*

DEAR SIR: The University Senate at its meeting of June 2, 1913, on the recommendation of the Faculty of the College of Law and the Senate Committee on Educational Policy, voted to recommend to the Board of Trustees that the entrance requirements of the College of Law for the year 1915-1916, and thereafter, be changed to read as indicated in the following statement. This recommendation is in accordance with the recommendation from the Advisory Board of the College of Law, which has already been before the Board of Trustees (minutes of March 5, 1913).

The requirements for admission to the College of Law for the year 1915-16 and thereafter shall be as follows:

For admission as a regular student and candidate for the degree of Bachelor of Laws, an applicant must be matriculated and have 60 hours of credit in a college of this University; or have completed two full years of work as given at another college or university of recognized standing; or have received by transfer 60 hours of university credit here.

As no budget had been adopted at the time of this audit by the Board of Trustees for the period 1913-14, the disbursements as shown on Schedule "3" are as they appear on the books of the University.

We submit various exhibits and schedules, as enumerated on the index prefixed hereto, and, subject to remarks in this report, we certify that same are correct and in accordance with the books and records of the University of Illinois.

## **Meeting of January 21, 1914.**

---

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in the city of Chicago, at 12:30 P.M., on Wednesday, January 21, 1914, pursuant to the following notice which was sent out by the secretary on January 3, 1914:

Upon the call of the president, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in the city of Chicago, on Wednesday, January 21, 1914, beginning at 12:30 P.M., to consider such matters as the committees of the board and the President of the University may submit, and such other matters as may be duly presented.

When the board convened, the following members were present: President Abbott, Superintendent Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Meeker, Dr. Montgomery, Mr. Trevett. President James was present, and Prof. James M. White, Supervising Architect, was in attendance during a portion of the meeting.

### **MINUTES APPROVED.**

The secretary presented the minutes of the quarterly meeting of December 9, 1913, and the special meeting of December 13, 1913.

After discussion, these minutes were approved in amended form as printed above, pages — 687.

### **USE OF STENOGRAPHER AT BOARD MEETINGS TO BE DISCONTINUED.**

On motion of Mr. Hoit, it was voted that the use of a stenographer at meetings of the Board of Trustees be discontinued after the present meeting.

### **MR. H. E. CUNNINGHAM ELECTED SECRETARY.**

Mr. Hoit presented the recommendation of the special committee appointed under an action of the board taken on October 4, 1913 (page —), to nominate a successor to Mr. C. M. McConn as Secretary of the Board of Trustees, namely, that Mr. McConn's resignation be accepted to take effect at the close of the present meeting, and that Mr. Harrison E. Cunningham, Assistant Registrar, be elected Secretary of the Board of Trustees.

On motion of Mrs. Henrotin, the foregoing recommendation of the special committee was approved, i. e., Mr. McConn's resignation was accepted, and Mr. Cunningham was elected secretary.

### **BUDGET, 1913-1914.**

President James presented the budget of the University for the fiscal year beginning July 1, 1913, and ending June 30, 1914, with the following prefatory statement:

It has been impossible to make up a final budget for the year 1913-14 until it should be quite clear what the outcome was to be of the demand made by the State Auditor upon the Board of Trustees that they should turn over to the State Treasurer the income of the University from tuition fees and other sources.

It seems now that this matter has been settled for the present year at any rate, by leaving in the hands of the University treasurer the receipts of the University from all other sources than State appropriations.

Attention is called to the fact that, aside from current repairs, all expenses for buildings, reconstructions, alterations, etc., including heating and lighting

equipment, in the agricultural buildings, or expenses incurred in altering other buildings for the use of the College of Agriculture, will be charged to agricultural funds.

The form of the budget with reference to the agricultural funds follows the form already approved by the board and included in its main outlines in the bill laid before the last General Assembly.

It will be seen that the grand total of expense authorized for the year amounts to \$3,211,767.54. Of this amount, \$246,866.57 is on account of appropriations dating from the previous biennium; and \$100,500 is offset by estimated income from operation in the College of Agriculture and the Agricultural Experiment Station. This last item represents, of course, the "turnover" in the conduct of experimental departments which have a business side; such, for example, as the income from the dairy route, which is the sum total of money paid in to the Dairy Department from the sales of milk, cheese, butter, etc., used in the ordinary conduct of the teaching and scientific work of the department.

To balance the total expenditures authorized for the year there will be a total income, including the balance from last year, of \$3,029,657.10.

The difference, amounting to \$182,110.44, represents approximately one-half of the expenditure for the purchase of land for the biennium; the balance being charged, as it should be, against the second year of the biennium.

**SCHOOL OF EDUCATION BUILDING: PLANS APPROVED.**

Prof. J. M. White, the Supervising Architect, presented the plans for a building for the School of Education, to be erected on the property recently purchased east of Trinity Church, at an estimated cost of one hundred twenty thousand dollars (\$120,000); with the statement that these plans were approved by Dr. W. C. Bagley, Director of the School of Education, and by his colleagues in the Department of Education.

On the recommendation of President James and on motion of Mr. Meeker, it was voted to refer these plans to the Committee on Buildings and Grounds and the Superintendent of Public Instruction, with power to act, and with authority to transmit the plans when approved to the State Architect with the request that he present for the consideration of the board at as early a date as possible the working plans and specifications necessary for the letting of the contract. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Meeker, Mr. Montgomery, Mr. Trevett; noes, none; absent, Mr. Dunne, Mr. Moore, Miss Watson.

**ADDITION TO THE COMMERCE BUILDING: PLANS APPROVED.**

Professor White presented also plans for the addition to the Commerce Building, to be erected on Wright Street, in a location parallel to that of the present Commerce Building, at an estimated cost of one hundred twenty thousand dollars (\$120,000), and to be used in the beginning as an administration building.

On the recommendation of President James and on motion of Dr. Montgomery, it was voted that these plans be approved, and that the Supervising Architect be directed to transmit them to the State Architect with the request that he present for the consideration of the board, at as early a date as possible, the working plans and specifications necessary for the letting of the contract. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Meeker, Mr. Montgomery, Mr. Trevett; noes, none; absent, Mr. Dunne, Mr. Moore, Miss Watson.

**CERAMICS AND ENGINEERING BUILDING: REPORT OF PROGRESS.**

Professor White made a report of progress on the plans for a building to be erected as a part of the new engineering group to house the Department of Ceramics and also for the present certain departments of the College of Engineering, with the expectation that these engineering departments will be moved into buildings of their own as the Department of Ceramics grows and needs the remainder of the building.

**WOMEN'S RESIDENCE HALL: SITE DISCUSSED.**

President James called attention to the fact that the board had as yet taken no action on the recommendation which the Finance Committee presented at the meeting of October 4, 1913, that lots 23, 24 and 25 on the south

side of Nevada Street in Urbana be purchased as a site for the proposed Women's Residence Hall.

After discussion, it was voted, on motion of Dr. Montgomery, that the Finance Committee be requested to consider other possible sites and to present a further recommendation at the next meeting of the board.

#### SITE FOR NEW LIBRARY BUILDING: REPORT OF PROGRESS.

President James called attention also to the fact that the board had not as yet decided upon a location for the proposed new Library Building.

Mrs. Busey, as Chairman of the Committee on Library, to which this matter has been referred, made an informal report of progress in regard to it. No action was taken.

At this point Mr. Meeker and Dr. Montgomery withdrew.

#### SCHOOL OF PHARMACY LEASE RENEWED.

President James called attention to the need for immediate action upon the request from Prof. W. B. Day, Acting Dean of the School of Pharmacy, that the comptroller be authorized to renew the present lease for the quarters occupied by the School of Pharmacy on the same terms for one year from May 1, 1914, and to secure, if possible, an option for a further renewal of this lease for one year from May 1, 1915; this request having been presented at the meeting of December 13, 1913, and having been referred to the Committee on the College of Medicine and the School of Pharmacy for consideration and report.

On the recommendation of President James and on motion of Superintendent Blair, it was voted to approve this request, i. e., to authorize the comptroller to renew the lease as specified above. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Trevett; noes, none; absent, Mr. Dunne, Mr. Meeker, Mr. Montgomery, Mr. Moore, Miss Watson.

## THE SUPERVISING ARCHITECT'S RECOMMENDATION.

January 21, 1914.

*President E. J. James, University of Illinois.*

DEAR SIR: Bids were received January 10, 1914, for the completion of the permanent ends of the Armory in accordance with the design prepared by Mr. W. C. Zimmerman, former State Architect. The design was approved by the Board of Trustees of the University before Mr. Zimmerman retired from office.

The bids received were opened in the presence of the bidders, and the bids and certified checks are in the hands of the secretary of the board.

I recommend that the contract be awarded to Mr. N. H. Shields, who is the low bidder, on the basis of completion September 1, and on the basis of bid E minus G and plus H, making the contract price \$32,229, and that the option be reserved of accepting bids F and G if the trustees shall at a later date so direct.

With these added, the contract would be \$40,096.

Yours truly,

JAMES M. WHITE,

*Supervising Architect.*

EXPLANATION.—On the basis of the contract recommended Mr. Shields is \$540 lower than the next low man, though if compared on the same basis he is \$1,260 low. For completion July 1, add \$706. For completion June 1, add \$2,704. If bid F is accepted, Mr. Shields' bid will be at least \$1,525 low, as he is \$265 low on G.

J. M. W.

On the recommendation of President James and on motion of Mr. Hoit, it was voted to approve the recommendation of the supervising architect as stated above. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Trevett; noes, none; absent, Mr. Dunne, Mr. Meeker, Mr. Montgomery, Mr. Moore, Miss Watson.

## SMALL OBSERVATORY: PLANS APPROVED.

Professor White submitted plans for a small observatory to house the reflecting telescope which was purchased last year, to be erected at an estimated cost of two thousand dollars (\$2,000).

On the recommendation of President James and on motion of Mrs. Evans, it was voted that the sum of two thousand dollars (\$2,000) be appropriated for the erection of this building, that the plans submitted by the Supervising Architect be approved, and that he be authorized to proceed with its erection. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Trevett; noes, none; absent, Mr. Dunne, Mr. Meeker, Mr. Montgomery, Mr. Moore, Miss Watson.

## STATEMENT OF ENDOWMENT FUND.

President James presented a report from Prof. George E. Frazer, Comptroller, on the subject of the Endowment Fund of the University.

This report was ordered printed in the minutes:

January 15, 1914.

*President Edmund J. James, University of Illinois.*

DEAR SIR: On November 5, 1913, I addressed a letter to the State Auditor of Public Accounts, asking him for a statement of the endowment fund of the University of Illinois. In reply to my letter, the State Auditor furnished such a statement under date of November 11, 1913. This statement of the State Auditor was carefully checked by Mr. Lynn E. Knorr, Assistant Comptroller, both in the business office of the University and in the office of the State Auditor. Mr. Knorr discovered that a remittance of sixty dollars made by the business office of the University on January 2, 1913, had not been credited by the State Auditor on his books. I accordingly addressed a letter on January 13, 1914, to the State Auditor, calling his attention to the discrepancy. The State Auditor replied under date of January 14, acknowledging the error and confirming the accuracy of the statement made by the business office. I enclose copies of all of this correspondence herewith, inasmuch as it gives an accurate statement of the endowment fund of the University.

You will note from the correspondence that my office and the office of the State Auditor are closely cooperating in the statement of public accounts affecting the University.

Very truly yours,

GEORGE E. FRAZER, *Comptroller.*

*Mr. Frazer, Comptroller, to Mr. Brady, State Auditor.*

November 5, 1913.

*Honorable James J. Brady, Auditor of Public Accounts, State House, Springfield, Ill.*

DEAR SIR: I will be glad to have a statement from your office of the amount of the liability of the State of Illinois (as assumed by the Act of 1897) on account

of the endowment fund of the University. I would like to know the present amount of this endowment fund liability, and I would like also to know how this amount was arrived at. I would also be glad to know the method used by your office in figuring interest on the endowment fund. In estimating our income for the present year, it is necessary for me to know the exact amount of revenue that the University may expect under the appropriation "Interest on Endowment Fund." I will very much appreciate an early answer to this inquiry.

Very truly yours,

GEORGE E. FRAZER, *Comptroller.*

*Mr. Brady, State Auditor, to Mr. Frazer, Comptroller.*

November 11, 1913.

*Mr. George E. Frazer, Comptroller, University of Illinois, Urbana, Ill.*

DEAR SIR: Reply to your favor of the 5th has been delayed owing to our having no stenographer available during the past week. I am enclosing you a statement showing the account of the endowment fund of the University of Illinois, amounting to \$648,322.91 on January 31, 1913. There is also due interest at 5 per cent, this being the rate allowed for the semi-annual period ending June 30.

As soon as funds are available, this interest will be paid you and not added to the endowment fund.

Yours very truly,

JAMES J. BRADY,  
*Auditor of Public Accounts.*

*Mr. Frazer, Comptroller, to Mr. Brady, State Auditor.*

*Honorable James J. Brady, State Auditor of Public Accounts, Springfield, Ill.*

*Attention of Mr. John K. Seagrave.*

DEAR SIR: I note that your statement of the endowment fund of the University, contained in your letter of November 11, 1913, gives the amount of this fund as \$648,322.91, on January 31, 1913. This statement does not include a remittance of \$60 to the State Treasurer on December 31, 1912. I presume, therefore, that the statement was as of January 1, 1913, rather than as of January 31, 1913.

It would seem that a statement of the endowment fund as of January 1, 1914, may be made as follows:

Reported January 1, 1913.....	\$648,322 91
Remitted January 2, 1913.....	60 00
Remitted December 13, 1913.....	60 00

Total ..... \$648,442 91

There are at the present time two land contracts in force. Contract No. 174 is due January 1, 1916. The amount of principal to be paid before that date is \$120. Contract No. 214 is due January 1, 1915, the amount of principal to be paid being \$450. This would make the total and final amount of the endowment fund of the University \$649,012.91 on January 1, 1916.

Trusting that this statement agrees with your statement of the endowment fund, and that this letter contains the information you desire, I remain,

Very truly yours,

GEORGE E. FRAZER, *Comptroller.*

*Mr. Brady, State Auditor, to Mr. Frazer, Comptroller.*

January 14, 1914.

*Mr. George E. Frazer, Comptroller, University of Illinois, Urbana, Ill.*

DEAR SIR: Replying to your favor of the 13th, I beg to advise that investigation shows that the previous administration failed to credit the endowment fund with the sum of \$60 which was received on January 2, 1913.

This amount plus the remittance on December 13, of \$60, makes the endowment fund as you state \$648,442.91.

Thanking you very much for your information in regard to the other assets of the endowment fund, of which I have made due note in this office, I am,

Yours very truly,

JAMES J. BRADY,  
*Auditor of Public Accounts.*

# A GRANITE BOULDER TO MARK THE GRAVE OF DR. GREGORY.

President James presented a recommendation from Prof. James M. White, Supervising Architect, that a granite boulder which was taken from

the excavation made in preparing for the foundations of Lincoln Hall be used to mark the grave of Dr. John Milton Gregory, the first regent of the University, on the University campus, and that a bronze tablet with a suitable inscription be placed upon the boulder; this recommendation being submitted in response to a request for a suggestion with reference to a simple and appropriate method of marking this grave (see page 132).

On motion of Mr. Trevett, this recommendation of the supervising architect's was approved.

### STORE HOUSE TO BE ERECTED.

At the request of President James, Professor White presented plans for a University Storehouse, to consist of a one-story structure, 30 feet by 180 feet, with a concrete floor and corrugated iron sides, to be erected, at an estimated cost of two thousand dollars (\$2,000), at some convenient point east of Goodwin Avenue on the land recently acquired by the University.

On motion of Mrs. Henrotin, it was voted to appropriate the sum of two thousand dollars (\$2,000) for this purpose, and to authorize the supervising architect to erect a storehouse in accordance with the plans submitted.

The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Trevett; noes, none; absent, Mr. Dunne, Mr. Meeker, Mr. Montgomery, Mr. Moore, Miss Watson.

At this point Dr. Montgomery rejoined the meeting.

### MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

#### THE PRESIDENT AUTHORIZED TO VISIT ALUMNI ASSOCIATIONS.

(2) A statement that the President of the University is in receipt of constant requests from the various alumni associations of the University in different cities to attend the annual meetings of these organizations, that the only feasible method of responding to these requests in any systematic way would be to set apart a certain period during the academic year when such meetings are held to be given to this particular work, and that such trips covering the circuit of the alumni

associations have become a regular feature of university administration in other institutions; with a request for instructions from the board in regard to this matter.

On motion of Superintendent Blair, it was voted that the President of the University be authorized to attend such meetings of alumni associations, at the expense of the University. Mrs. Busey asked to be recorded as voting no.

#### RESOLUTIONS OF THE ILLINI CLUB OF CHICAGO IN COMMEMORATION OF PRESIDENT JAMES' TEN YEARS OF SERVICE.

At this point President Abbott presented a set of resolutions passed at the annual meeting of the Illini Club of Chicago, on Tuesday, January 20, 1914.

Windsor, Librarian, that he be given authority to order books for the University Library, on account of the budget for the year 1914-15, to the amount of fifteen thousand dollars (\$15,000); this request being made because in the case of books which are more or less rare it sometimes is several months after an order is given before they can be obtained, and unless authority is given to order such books in advance it is impossible to have them on hand for use at the time when they are needed by the various departments.

On the recommendation of President James, it was voted to approve the foregoing request from the Librarian. ### MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

On motion of Mrs. Evans, the regular order of business was set aside and the board proceeded immediately to the consideration of the following matters presented by President James:

#### REPORT ON THE SCARLET FEVER SITUATION.

(1) A report from the special committee of the faculty appointed to take charge of the scarlet fever situation:

The University has been much troubled during the past six weeks by an outbreak of scarlet fever. We handled the situation as best we could. I was compelled to authorize expenditures for which I had no authority. I have asked Dean Clark to prepare a statement covering our method of dealing with the situation which is herewith submitted:

#### [DEAN CLARK'S LETTER.]

URBANA, ILL., March 9, 1914.

*President E. J. James, Natural History Building.*

DEAR PRESIDENT JAMES: In accordance with your request I am submitting to you this report on the scarlet fever situation here. On January 28 Mr. Paul Kimberlin, living in the Y. M. C. A., was taken to the Burnham Hospital suffering with what was supposed to be tonsillitis. He was put into the general students' ward at one o'clock in the afternoon, and a swab of his throat was taken and a bacteriological culture was made. This showed a negative reaction. His symptoms, however, developed so alarmingly that he was removed that evening to the isolation ward. A later culture distinctly showed scarlet fever. His case developed rapidly into a malignant type, and he died on February 2.

On January 29, Mr. Louis A. Abbott and Mr. G. Y. Fong, who had been in the students' ward for some time previous to Mr. Kimberlin's entrance, also developed symptoms of scarlet fever and were removed to the isolation ward, and on February 4 Mr. M. C. Merrills was taken from the general students' ward to the isolation ward.

Mr. J. L. Bollman, who had been in the general ward at the time that Mr. Kimberlin came in, was discharged on February 2 and he went to his home in Springfield, where he later developed a case of scarlet fever.

On February 10 Mr. Carl Raibourne, of 104 North Romine Street, was taken to the hospital with scarlet fever. On February 14, Mr. S. F. Cater was taken from the Y. M. C. A. with the same disease, there being no indication that he had contracted the disease from Mr. Kimberlin. February 16, Mr. J. W. Wright, of 502 East John Street, was taken to the hospital. These men were all that the hospital could accommodate. Mr. Cater developed a malignant type of the fever and died on February 18. On the evening of the day of Mr. Cater's death, Mr. I. M. Cohen, from 806 South Gregory Street, Urbana, came down with the disease and was taken to the isolation ward. The ward was again full, and I knew that something would have to be done to make arrangements for taking care of other students, should there be any new cases.

With this situation in mind a conference was called in your office of the mayors and health officers of Champaign and Urbana to consider the general situation. It was quite evident from the discussion which occurred at that meeting that the cities of Champaign and Urbana had no intention of assuming any responsibility for the care of the students, should any more of them fall ill. We

decided, therefore, that the University would have to take some action immediately, and we prepared to do so. We chose as an emergency hospital a small frame and stucco building which lies at the east end of the new parade ground, and which was used by the Department of Horticulture as an office and service building.

This building was thoroughly cleaned, and electrical cooking apparatus, borrowed from the electrical kitchen of the Department of Household Science, was installed on the south side of the building east of the corridor. Arrangements were made with Champaign firms to send to the building on an hour's notice such supplies as might be needed.

At eleven o'clock on February 23, I advised the Supervising Architect's office that it would be necessary to use this building for the purpose originally planned, and that a student would be sent there by one o'clock. Through the Supervising Architect's office instructions were issued to send a squad of men to the building to do any necessary electrical, plumbing, heating or cleaning work needed to put the building in first class condition. It was impressed upon the superintendent of buildings that these operations must be carried on with the greatest dispatch. We ordered that some necessary articles for the care and comfort of the inmates be sent at once to the building, and this was accomplished by twelve o'clock.

On account of the severe snow storm it was necessary to borrow two teams and a snow plow to clean Wright Street so as to permit the delivery of goods and the passage of the ambulance. The fire truck of the University was pressed into service as a delivery truck, and through the kindness of Miss Bevier and Miss Parsons a box of food supplies was obtained from the cafeteria, and dishes, knives, forks and spoons were taken from the south side of the Woman's Building. At one o'clock, when the first patient, Mr. Sam Bass, was brought to the building, almost everything had been arranged for the use of the place as an emergency hospital.

The physicians and the nurses in attendance are unstinted in their praise of the care which has been exercised, and the completeness of the details that have been carried out. Much of the credit of this is due to Mr. H. D. Oberdorfer of the Supervising Architect's office, who has done everything possible to contribute to the success of the undertaking. Dr. J. H. Beard, also, rendered constant and valuable service.

During the last two weeks nine other students suffering from scarlet fever have been taken to the building, as shown in the accompanying table. This table also shows the attending doctors, the nurses, and the time of each person's arrival.

Arrangements were made with Mr. W. F. Murphy, John Street, Champaign, for groceries; with Mr. B. E. Spalding for drugs; with Harris and Mead for ice cream; with the University dairy for butter, cream, and milk; with Swannell's for newspapers; and with the University cafeteria for bread. Everybody concerned in the furnishing and delivering of supplies has put the needs of the hospital first. Only in this way has it been made the success that it is. Too much praise cannot be given to the superintendent of buildings and the University fire chief for their readiness to serve the people connected with this problem.

On March 2 it was found necessary to install a service pipe for hot water. Up to that time the nurses had been able to heat sufficient hot water with the electrical cooking apparatus, but the additional patients made the facilities inadequate. This service pipe and the necessary tank heater was installed on March 3. On March 5 gas connections and a gas stove were installed by Mr. G. B. Rice and Mr. J. A. Morrow. To permit this installation the Urbana and Champaign Railway, Gas and Electric Company sent a force of eight men to run the gas line from the horticultural field house to this building. This gas line and stove were installed in six hours.

On March 5, Mr. E. J. Parent, a sophomore in the University, was sent to the hospital with scarlet fever, but on account of erysipelas complications in his case, the head nurse, Miss Hayden, thought it unwise to let him enter. Burnham Hospital also, from which one of our patients had been discharged, refused to let him enter there. It became necessary, therefore, to provide other quarters outside the building. A tent from the Armory and one from a local firm were secured and erected on the south side of the emergency hospital. Floors were built and lights installed. In the meantime, however, it had been thought wisest to open the house at 1208 West Springfield Avenue, Urbana, owned by the University, as a second emergency hospital. The tents were left and are now occupied by the nurses as sleeping quarters.

On the morning of March 6, after looking over the house at 1208 West Springfield, a squad of men was set to work cleaning and scrubbing. Arrangements were made for turning on the city water, installing an electric meter, and connecting a Bell telephone. Coal, food supplies, kitchen utensils, beds and bedding were ordered and installed. A coal range was borrowed from the Department of Household Science, and was set up and connected with the hot water range that was in the house. At five o'clock Mr. Parent and his nurse were brought to the house.

Throughout the entire time it has been the endeavor to act with as great economy as possible and yet make things as pleasant and convenient for the nurses as could be. On account of certain formalities necessary for the purchase of supplies from local firms by the University, these have so far been charged to Mr. Oberdorfer, of the Supervising Architect's office.

At the meeting of the Council of Administration on February 24 a health committee, consisting of Vice-President David Kinley, Dean Eugene Davenport, and Dr. J. H. Beard, with myself as chairman, was appointed to take charge of matters. It seemed wisest to us to dismiss all general University exercises for the time being, and to ask students to omit their social functions for two weeks, and this was done. The general exercises in Military and Physical Training and all other large classes were also discontinued. Under the direction of Dr. Beard the following rooms and buildings were fumigated:

Agricultural Building—Morrow Hall, rooms 701 and 702.

Commerce Building—Rooms 100 and 208.

University Hall—The Chapel.

Mechanical Engineering Laboratory—Room 109.

Engineering Building—Four architectural drawing rooms—top floor (one done twice), room 319, library.

Physics Building—Rooms 112, 212, 312, 100, 119 (twice), and 123.

Chemistry Building—Room 100.

Natural History Building—Room 228, Dean Clark's offices, registrar's offices, and business offices.

Transportation Building—Four drawing rooms.

Gymnasium.

Woodshop—East room, west room.

Main Library—Order-room, catalog room, two large reading rooms, and rotunda.

Law Building—Library.

The total air space of these buildings aggregates about 2,000,000 cubic feet.

In addition to this general fumigation which seemed necessary because of the number of students who were taken ill in classes, the library of the University has taken extra precaution. Every book returned to the University has been treated as a suspect. All the books returned are placed one-half opened on the shelves of a small closet in the Library Building. Each afternoon this closet is closed, sealed, and the books thoroughly fumigated. This precaution will be continued as long as the health officers of the University think it wise to do so.

Because of the fact that the local business men did not keep a supply of disinfectants on hand, it was necessary for the University to order pretty largely. The sum of \$728.30 was spent on disinfectants and drugs which were bought for fumigating purposes; \$10.50 worth of doctor's thermometers were borrowed from Swannell's Drug Store for the use of Dr. Beard, and these will be returned.

There have been no new cases for several days, and I believe that the situation is well in hand. I cannot praise too highly the services which were rendered by the various offices and individuals upon whom it has been necessary to call in the carrying out of this work. Practically all of the students who went home or were called home because of the excitement have returned, and I believe the University exercises may all be resumed this week with safety.

Very truly yours,

THOMAS ARKLE CLARK,

Dean of Men.

On motion of Mr. Trevett, the action of the committee was approved and the administration of the University was commended for its prompt and efficient action in the matter.

#### EXTRA COMPENSATION FOR DR. BEARD.

(2) A recommendation that the sum of five hundred dollars (\$500) be paid to Dr. J. H. Beard, Instructor in Physiology, for extra work in connection with the care of students and the fumigation of University buildings during and after the run of scarlet fever.

On motion of Mrs. Henrotin, the recommendation was approved and the sum of five hundred dollars ordered paid to Dr. Beard. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

#### EDUCATIONAL SURVEY OF ILLINOIS.

(3) A communication from Professor W. C. Bagley, Director of the School of Education, relating to an educational survey of Illinois.

URBANA, ILL., February 18, 1914.

*President Edmund James James, Natural History Building.*

DEAR PRESIDENT JAMES: An educational survey of Illinois has been planned by a commission appointed by State Superintendent Blair at the request of the State Teachers' Association. The commission was made up of Mr. Blair, Mrs. Ella Flagg Young, Superintendent H. S. Magill, President David Felmley, President H. W. Shryock, President W. E. Morgan, Principal Hogge, President of the Principal's Club of Chicago, and representatives of Chicago, Northwestern, and Illinois Universities. The plan of the survey is comprehensive and contemplates an investigation, ultimately, of all phases of public school work in the State. It will, however, be limited at the outset to some very definite matters having reference to immediate needs; for example, vocational education, teachers' compensation, and matters of a similar type.

At a meeting of the commission held in Springfield last Saturday, an Executive Committee was appointed to take charge of the survey and the School of Education of the University of Illinois is represented on this committee by Professor L. D. Coffman, who, at the suggestion of Mrs. Young, was designated as director of the survey.

The work that this involves, while heavy, is directly in the line of Dr. Coffman's work at the University. The survey will furnish a vast amount of material which can be worked over by graduate students who are specializing in educational administration. In view of this fact I believe that Dr. Coffman can direct this work without seriously interfering with his other University duties. The problem is so closely related to the welfare of education in the State that the University would, I believe, be thoroughly justified in permitting him to undertake this responsibility.

The survey will be financed in part by funds from the treasury of the State Teachers' Association, in part by voluntary contributions from other teachers' organizations and in part by contributions from the institutions cooperating. In view of the very great value of the material that will be collected to our graduate students, I suggest the advisability of asking for an appropriation of \$1,000 to be used by members of the Department of Education in doing their share of this survey work.

Respectfully yours,

W. C. BAGLEY,  
*Director, School of Education.*

On the recommendation of President James and on motion of Superintendent Blair, Professor Coffman was authorized to accept the directorship of this survey and the sum of one thousand dollars was appropriated to the School of Education towards the support of the work during the academic year 1914-15, by the following vote: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

#### ORCHESTRAL CONCERTS.

(4) The following statement concerning the orchestral concerts:

The board authorized the President of the University to arrange for a series of orchestral concerts during the present academic year, and made an appropriation of \$5,000 for the expense of these concerts. Arrangements were made for a series of eight concerts by four orchestras. Season tickets were sold for \$2. The total receipts for the sale of these tickets and tickets at the door, up to March 1, 1914, amounted to \$3,846.50. There are still two concerts, for which a few tickets will be sold at the door, amounting probably to fifty or a hundred dollars. The total income from sale of tickets will probably exceed \$3,900, so that the net expense to the University for the eight concerts is between a thousand and eleven hundred dollars.

A desire has been expressed by the Director of the School of Music, strongly endorsed by general University sentiment, that a similar series be arranged for the coming year.

On the recommendation of President James and on motion of Mrs. Busey, the President of the University was authorized to proceed with the arrangement for the series of orchestral concerts for next year and the sum of five thousand dollars was appropriated therefor. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

**RESOLUTIONS, STATE HIGHWAY COMMISSION.**

(5) Resolutions from the State Highway Commission thanking the University for establishing the short course in highway engineering.

These resolutions were received and ordered to be placed on file.

**APPOINTMENT TO BOARD OF EXAMINERS IN ACCOUNTANCY.**

(6) A letter from Professor M. H. Robinson, Secretary of the University Committee on Accountancy, stating that Mr. Arthur Young had declined the appointment, tendered him by the board at the last meeting, as a member of the Board of Examiners of Public Accountants, and recommending that Mr. Peter White, the Chicago manager of Haskins and Sells, be appointed in Mr. Youngs' stead.

On the recommendation of President James and on motion of Mrs. Evans, this appointment was made.

**LEASE OF PHARMACY BUILDING.**

(7) A letter from Professor George E. Frazer, Comptroller, concerning the lease for the building occupied by the School of Pharmacy.

March 3, 1914.

*President Edmund J. James, University of Illinois.*

DEAR SIR: Acting under the authority granted by the Board of Trustees at their meeting on January 21, 1914 (page 698, minutes of the Board of Trustees, January 21, 1914), I have obtained a lease on the present quarters occupied by the School of Pharmacy for one year, from May 1, 1914, to May 1, 1915. The owners of the building at Twelfth Street and Michigan Avenue, Chicago, Messrs. Ruddock and Rhodes, have refused to give the University an option for a further renewal of this lease for one year from May 1, 1915. I understand that the refusal to give the option is based on the present intention of the owners to tear down the present building some time in the year 1915.

A copy of the lease has been filed with the secretary of the Board of Trustees. The form of the lease has been approved by the Legal Counsel of the University.

Very truly yours,

GEORGE E. FRAZER.

This letter was received to be printed in the minutes.

**EXTRA VACATION FOR THE BURSAR.**

(8) A request from the comptroller that Mr. O. E. Staples, Bursar, be given leave of absence for two months during the coming summer. It appears that Mr. Staples has been in the continuous employ of the University for fourteen years. He has had two weeks vacation each year.

On the recommendation of President James and on motion of Mrs. Evans, the President of the University was given authority to grant this leave of absence.

**ORDINANCE VACATING AN ALLEY ON SITE OF EDUCATION BUILDING.**

(9) A letter from the Supervising Architect and a copy of the ordinance of the city of Urbana vacating that part of the alley that runs through the land on which it is proposed to erect the School of Education Building.

URBANA, ILL., March 7, 1914.

*President Edmund J. James, University of Illinois.*

DEAR SIR: We are enclosing a copy of an ordinance that was accepted by the council of the city of Urbana at their monthly meeting on March 2. You will note that in section 3 it is stated that cast iron bell and spigot pipe should be installed whenever ordered so to do by the city engineer of the city of Urbana. It will be necessary to use this class of pipe only under the building and it may be so interpreted by the city engineer. A blue print of the plat shows that portion of the alley which is vacated and that portion for which the Board of Trustees will have to make a deed to the city.

Yours truly,

JAMES M. WHITE, *Supervising Architect.*

By H. D. OBERDORFER.

**AN ORDINANCE TO VACATE A PART OF AN ALLEY EXTENDING THROUGH BLOCK FIFTY-FIVE, SEMINARY ADDITION TO THE CITY OF URBANA, ILL., AND ALTER THE COURSE OF SAID ALLEY.**

WHEREAS, The Board of Trustees of the University of Illinois, the owner in fee of lots five, six, seven, eight, and nine, in block fifty-five, Seminary Addition to the city of Urbana, desires to construct a building for its School of Education

that will occupy a great part of said lots five, six, seven, and eight, and the alley-way adjoining lots five and six on the south and lots seven and eight on the north and proposes in consideration of the portion of the alley so desired being vacated, that it will, for public use, dedicate, grant, and convey to the city of Urbana from the west side of lot eight and the east side of lot nine a strip of ground equal in width to said alley running from the north line of lots eight and nine to the south lines of the same and to their intersection with Springfield Avenue.

SECTION 1. *Be it ordained by the city council of the city of Urbana*, That to enable the Board of Trustees of the University of Illinois to construct a building for its School of Education on lots five, six, seven, and eight, in block fifty-five, Seminary Addition to the city of Urbana, all that portion of the alley which traverses said block from east to west for the distance of one hundred and thirty-two feet immediately east from Mathews Avenue be vacated, and that the course of said alley be changed so as to turn south from the east end of the one hundred and thirty-two feet so vacated and extend south with a uniform width of sixteen and one-half feet to the north line of Springfield Avenue.

Sec. 2. The vacation of said alley for the one hundred and thirty-two feet as described in section one shall in no wise and to no extent become effective until the Board of Trustees of the University of Illinois shall by proper deed of conveyance grant and convey to the city of Urbana for the use of the public as an alley-way a strip of ground from the east side of lot eight and the west side of lot nine in said block fifty-five of the uniform width of sixteen and one-half feet and extending from the north line of said lots to Springfield Avenue and shall grade and improve such strip from its point of intersection with Springfield Avenue to the present alley with proper curve so as to put the same in condition equal to that of the present alley.

Sec. 3. The Board of Trustees of the University of Illinois is required and agrees that it will replace that portion of the sanitary sewer running through the alley-way mentioned, which is to be vacated, with a cast iron bell and spigot pipe, with joints properly caulked with lead and oakum for the whole distance of 132 feet, whenever ordered so to do by the city engineer of the city of Urbana.

On the recommendation of President James, it was voted to print this ordinance in the minutes. Mr. Trevett suggested that the matter of the title to the alley be referred to the Legal Counsel of the University for investigation.

- (10) A letter concerning the running of the Locomotive Testing Laboratory.  
URBANA, ILL., March 5, 1914.

*Mr. Edmund J. James, President University of Illinois, Urbana, Ill.*

DEAR SIR: We respectfully call your attention to the fact that the smoke, noise, vibration caused by the running of the locomotive in the Testing Laboratory are an annoyance to the citizens who live nearby. We ask you, therefore, to use your influence toward having this condition remedied in so far as is possible.

Very respectfully,

H. A. MILLER,  
C. W. YAPP,  
J. C. WHITE,  
J. B. BENNETT,  
MRS. J. M. DUNSETH.

On the recommendation of President James, it was ordered that the receipt of the petition be acknowledged and that steps be taken to make the use of the Laboratory as inoffensive as possible.

#### IMPORT ORDER, BOTANY AND BACTERIOLOGY.

- (11) A request from Professor William Trelease, Head of the Department of Botany, for permission to place an import order to the amount of \$2,100 for the purchase of glassware, chemicals, apparatus, microscopes, etc., for the Departments of Botany and Bacteriology.

On the recommendation of President James and on motion of Superintendent Blair, the desired authority was given and the appropriation involved was made. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker, Mr. Montgomery.

### REPORT OF COMMITTEE ON THE LIBRARY.

Mrs. Busey presented the following report of the Committee on the Library:

Your committee has held several meetings to consider the question of the necessity of a new library building, and the desirable location for the same. Your committee has considered the recommendation which have been made by the President of the University at various times during the past two years, by the University Senate, and by the Committee of the University Senate on the Library.

We beg to report that it is the opinion of the committee:

1. That the need for a new University Library Building is most pressing.
2. That the University should proceed as rapidly as possible with the planning and erection of a building which shall be adequate to the library needs of a great University.
3. That the only satisfactory site, giving adequate space, is the one recommended by the Supervising Architect, and endorsed by Mr. Blackall and the former State Architect, Mr. Zimmerman; namely, the land at the south end of Wright Street, with a building having its north and south axis on the center line of Wright Street prolonged, and its east and west axis on the prolongation of the east and west axis of the new Armory, and that a space be reserved here sufficient for a building five hundred feet long by four hundred feet wide, with suitable approaches for the same.
4. That a Supervising Architect be requested to prepare and submit plans for such a building for the consideration of the Board of Trustees.

MARY E. BUSEY,  
LAURA B. EVANS,  
FLORENCE WATSON,  
*Committee.*

On motion of Mrs. Henrotin, this report was accepted.

### REPORT OF COMMITTEE ON BUILDINGS AND GROUNDS.

The Committee on Buildings and Grounds presented the following report:

A meeting of the Buildings and Grounds Committee was held in the Woman's Building at the University on Wednesday, January 28, 1914.

Present: Mrs. Evans, Mrs. Busey, Mr. Moore, Mr. Hoyt, and Mr. Abbott.

The chairman called up the matter of approving the architect's plans for the School of Education Building, which had been referred to the committee with power to act.

At the last meeting of the Board of Trustees, when these plans were presented, one member inquired of the architect whether the building proposed would be a model high school building, and, as the architect was unable to answer this question, action on it was deferred. The Buildings and Grounds Committee were directed to investigate and approve the plans if they found them satisfactory.

A letter from the member of the board who raised the question was read to the committee, in which this member stated that he had received further information which convinced him that the plans were in every respect satisfactory, whereupon the committee voted to approve the plans.

The committee discussed the paving of Burrill Avenue and received some information and advice on the subject from Mr. Johnson, Engineer of the State Highway Commission, who was present. After discussion it appeared that the kind of paving best suited for Burrill Avenue would depend upon whether the avenue was to be used as a driveway or merely for pedestrians. It was, therefore, voted to request the Supervising Architect to prepare a statement showing what kind of pavement should be laid down for each kind of traffic and an estimate of the cost of each.

The committee adjourned.

W. L. ABBOTT,  
*Chairman, Buildings and Grounds Committee.*

On motion of Mrs. Evans, this report was accepted.

A recess was taken, for luncheon, until 1:30 P.M.

### AFTERNOON SESSION, MARCH 10, 1914.

When the board convened at 1:30 P.M., the following members were present: Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoyt, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson.

President James was present, and, also, during a part of the afternoon, Prof. James M. White, Supervising Architect.

The regular order of business, which had been set aside during the morning session, was taken up.

### APPROVAL OF MINUTES.

The secretary presented the minutes of the meeting of January 21, 1914. After discussion, these minutes were approved in amended form, as printed above, pages 688-718.

### ELECTION OF PRESIDENT OF THE BOARD.

The secretary took the chair and called for nomination for the office of President of the Board of Trustees for the ensuing year.

Mr. Hoit nominated Mr. W. L. Abbott.

On motion of Mr. Trevett, the secretary cast the unanimous ballot of the members present for Mr. Abbott; this being done, Mr. Abbott was declared elected and resumed the chair.

### ELECTION OF SECRETARY.

Mr. H. E. Cunningham was elected Secretary of the Board of Trustees for the period of one year.

### ELECTION OF MEMBERS OF THE EXECUTIVE COMMITTEE.

The president next called for nominations for two members of the Executive Committee, to constitute with the President of the Board the Executive Committee for the ensuing year.

On motion of Superintendent Blair, Mr. Moore and Mr. Trevett were nominated to serve on the Executive Committee for next year. The nominations were closed, and the secretary was instructed to cast the unanimous ballot of the members present for Mr. Moore and Mr. Trevett; this being done, Messrs. Moore and Trevett were declared elected.

### BOND OF THE BURSAR.

On motion of Mr. Hoit, the bond of the bursar, Mr. O. E. Staples, was fixed at \$20,000, and it was ordered that the cost of the same should be paid by the University. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker.

On motion of Mr. Hoit, the Finance Committee was instructed to secure a satisfactory bond, as specified above, and to report the same to the board for approval.

### RESOLUTIONS FROM VARIOUS ORGANIZATIONS.

Superintendent Blair presented by title various resolutions from the following organizations: The Alumni of the College of Medicine; The Ministers of Champaign and Urbana; The University Senate; The Council of Administration; The Instructors and Assistants on one-year appointments; The State Farmers' Institute; The Alumnae Association of Chicago.

During the presentation of these resolutions, President James withdrew. Superintendent Blair moved that the resolutions named above be incorporated in the minutes.

Dr. Montgomery moved as a substitute that the resolutions be laid on the table without discussion. The substitute was lost by a tie vote.

Mr. Moore moved as a substitute that the resolutions be received and placed on file. After discussion, the roll was called, and the substitute motion was declared lost by the following tie vote: Ayes, Mrs. Busey, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mrs. Henrotin, Mr. Hoit; absent, Mr. Dunne, Mr. Meeker.

The original motion was then called for, and, after discussion, the vote was taken, resulting in a tie, and the motion was declared lost. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mrs. Henrotin,

Mr. Hoyt; noes, Mrs. Busey, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; absent, Mr. Dunne, Mr. Meeker.

### LETTER FROM GOVERNOR DUNNE.

Superintendent Blair presented the following letter from Gov. E. F. Dunne to President James:

March 7, 1914.

*Dr. Edmund J. James, President, University of Illinois, Urbana, Ill.*

DEAR DR. JAMES: Yours of the 6th instant is before me. Before receiving notice of the meeting, I had promised to attend the celebration of the centenary of the creation of Belleville as the county seat of St. Clair County, and have made all arrangements to be present and deliver an address at that celebration.

It gives me much pleasure to know that the teaching faculty of the University has shown with such practical unanimity their confidence in your administration of the responsible position of President of the University of Illinois.

Every citizen of this State, including myself, as intensely interested in the continued success of this great University, and it is my earnest hope and desire that all personal considerations and ties of preference among the trustees should give way to the great object of making our University the greatest State University in the United States.

Politics must not enter into consideration in the management of the University, and whatever may be our affiliation with political parties, they should be forgotten in the execution of our business as trustees of the University.

In reference to yourself, as I have heretofore publicly stated, I believe you to be a most efficient and competent executive and educator. Under your administration, the University has developed in the most wonderful manner, and in my judgment, the State University is fortunate in possessing such an able and forceful executive at its head.

Kindly present to the Board of Trustees my regrets at being unable to be present.

Wishing you and the University continued success, I am,

Very truly yours,

E. F. DUNNE.

On motion, it was voted unanimously that this letter be received for record and printed in the minutes.

### BUILDING PLANS.

At this point President James and Prof. James M. White, Supervising Architect, joined the board, and Professor White presented the following report on the status of the plans for new buildings:

### ENDS OF ARMORY.

1. The contract for the completion of the ends of the Armory, which was let by order of the board to Mr. N. H. Shields, on the basis of completion September 1, 1914, has been properly signed.

### LIBRARY STACK ROOM.

2. Bids were received on March 7, 1914, for the completion of the addition to the Library in accordance with plans and specifications prepared by the Supervising Architect. A summary of the bids is submitted herewith.

I recommend that contracts be awarded as follows:

General contract on the basis of completion by September 1, 1914, to A. W. Stoolman, the low bidder, for \$11,172.

The contract for the book stacks to the Sned & Company Iron Works of Jersey City, New Jersey, (who are the low bidders) for the sum of \$7,208, on the basis of open design and shelf supports and 6-inch steel plate book supports. Professor Windsor concurs in recommending this award.

It is impossible to obtain any competition on the stone work for the building as there is only one quarry from which the stone can be obtained. The stone work was not put in the general contract because it seemed best for the University to assume the risk due to the uncertainty of the possibility of tearing down the present structure without damage to the stone work.

I recommend that the proposition from the Kettle River Company of \$3,888 be accepted. It is a very reasonable figure.

The total of these bids is \$22,268. The estimated cost of this addition was \$27,000, and that amount was included in the building budget for this biennium. In our estimate, however, we included, in addition to the work included in the above contracts, a new elevator, a vacuum cleaner, the heating and lighting, and the cost of plans, specifications, and the necessary walks and grading, which will bring the cost up to just about the amount of the estimate. Since these remaining contracts will all be minor ones with no questions of policy involved, I request the board to authorize me to award the remaining contracts necessary for the completion of the work, with the understanding that the original estimate of \$27,000 shall not be exceeded.

	<u>\$22,268 00</u>

On the recommendation of President James and on motion of Mrs. Henrotin, contracts were awarded, as recommended by the supervising architect, to A. W. Stoolman, for the masonry, at \$11,172; to Snead & Co. Iron Works, for the book stacks, at \$7,208; and to the Kettle River Co., for the stone work, at \$3,888; and the supervising architect was authorized to sign minor supplementary contracts within the total appropriation of \$27,000. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker.

## ADDITION TO THE POWER HOUSE.

3. Bids were received on March 7, 1914, for the completion of the addition to the Power House in accordance with plans and specifications prepared by the Supervising Architect, and a summary of the bids is submitted herewith.

I recommend that the contract be awarded to Freeman and Brooks, the low bidders, on the basis of their bid of \$10,655, and completion by September 1, 1914.

The original estimate upon this addition to the Boiler House and the equipment proposed therein was \$44,880. The award of the contracts for equipment should be made from time to time during the next three months. There may be a dozen contracts involved. The equipment includes the following: Two 500 horsepower boilers; coal and ash conveyers; stokers, pumps and piping, track scales, track work, etc.

The detailed information which we have at this time shows that the preliminary estimate was very close. The full sum of \$44,880 should be appropriated for this work. To facilitate the purchase of equipment I recommend that the Committee on Buildings and Grounds be given power to award the various contracts involved.

## BIDS ON ADDITION TO POWER PLANT.

Contractor.	Completion of work.	Extra per Cu. Yd. of Exca.	Extra per Cu. Yd. of concrete.
A. W. Stoolman.....	\$11,762 00	\$1 00	\$ 7 83
English Brothers .....	12,700 00	1 00	6 25
Freeman & Brooks.....	10,655 00	2 50	12 15

On motion of Mr. Hoit, the contract for the addition to the boiler-house was awarded to Freeman & Brooks for \$10,655. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker.

On motion of Superintendent Blair, the sum of \$33,150 was appropriated for the purchase of equipment for the boiler-house by the following vote: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Dunne, Mr. Meeker.

On motion of Mr. Trevett, the purchase of the above equipment was referred to the Committee on Buildings and Grounds, with power to act.

#### OTHER BUILDINGS.

4. *Storehouse*.—Nothing has yet been done in preparing these plans.

5. *Observatory*.—The specifications are almost ready to call for bids for the erection of the Observatory.

6. *Administration Building*.—Plans have been in the hands of the State Architect for nearly three weeks.

7. *School of Education Building*.—The plans were sent to the State Architect on Saturday, March 7.

8. *Addition to the Chemical Laboratory*.—Plans have been returned from the State Architect to the office of the Supervising Architect for final checking up, before calling for bids.

During the presentation of the statement by the supervising architect, President Abbott was absent from the room for a short time, and Superintendent Blair took the chair.

#### STORAGE OF COAL.

The supervising architect reported also that the plan for the storage of coal on the land purchased for the College of Engineering had been found infeasible, because of the impossibility of obtaining the steel-work for the switch, and that the coal had been stored on the Conkle lots.

#### CERAMICS BUILDING.

The supervising architect presented plans for a building to be located on Goodwin Avenue and to be used ultimately by the Department of Ceramics.

This building, to cost about \$120,000 furnished, would be about as large as the completed Transportation Building. For the present, it would house parts of the work in ceramics, mining, municipal and sanitary engineering, and the State Geological Survey. The building cannot be completed during the present biennium, but construction can be put under way and considerable progress made.

On the recommendation of President James and on motion of Dr. Montgomery, the plans for the Ceramics Building were approved and the State Architect was authorized to proceed with the preparation of complete detailed plans.

#### WOMEN'S RESIDENCE HALL.

President James called the attention of the board to the matter of the site for the Women's Residence Hall, and Mrs. Evans, Chairman of the Committee on Students' Welfare, made an informal report. After some discussion, the Finance Committee was instructed to bring in recommendations concerning a site at the next meeting of the board.

#### SUIT OF MISS MARIE SEEBACH.

The secretary reported that he had been served with a summons addressed to the board in the suit of Miss Marie Seebach, a former student of the University, who was dropped for poor scholarship. This suit is an action for trespass asking damages in the amount of \$10,000.

The matter was ordered referred to Judge O. A. Harker, Legal Counsel of the University, for consideration and report.

**MATTERS PRESENTED BY PRESIDENT JAMES.**

The following matters were presented by the President of the University:

**PETITION OF DR. A. G. FAIRFAX.**

(1) The petition of Dr. A. G. Fairfax, which was laid over from the morning session [page 724].

The President of the University was instructed to inform Dr. Fairfax that the matter was in the hands of the faculty of the College of Medicine.

**LEAVE OF ABSENCE FOR DR. KINLEY.**

(2) A request from Vice-President David Kinley for a leave of absence from May 1 to October 10, 1914, for a trip to South America and Europe in the interests of international peace, on the invitation of the Cargenie Foundation for the Promotion of International Peace.

On the recommendation of President James and on motion of Mrs. Busey, the President of the University was authorized to give Dr. Kinley leave of absence from May 1, 1914, to October 10, 1914, provided Dr. Kinley's work can be properly cared for during that time.

**PURCHASE OF FORBES PROPERTY AS SITE FOR BOTANY AND ZOOLOGY LABORATORIES.**

(3) The departments of botany and zoölogy have urged very insistently for some years past the necessity of erecting some additional laboratories in the form of hothouses; the one as a vivarium for the Department of Zoölogy, and the other as a Plant Laboratory for the Department of Botany. The requests for appropriations for these buildings were approved by the board and put in the bill submitted to the last General Assembly. General plans of these buildings have already been approved by the board. We have not been able to find, up to the present time, any suitable site for these laboratories. It is desirable to have them as near both the Natural History Building and the power plant of the University as possible. After careful examination, the departments concerned and the Supervising Architect join in a recommendation that the two lots immediately east of Matthews Avenue, between Springfield Avenue and the interurban right-of-way, with the house thereon, now owned by Professor Forbes, be acquired for this purpose.

I recommend that the University acquire this property for this purpose; that the question of the value of the property be referred to a special committee; that if the committee finds the value is equal to \$10,000, they be authorized to offer that price to Professor Forbes for the property, that if it be less than that and Professor Forbes will not accept less, the Counsel of the University be instructed to initiate condemnation proceedings for the acquisition of the property.

On motion of Mrs. Evans, it was voted that the board acquire the two lots and the house belonging to Dr. Forbes. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; present but not voting, Mrs. Busey; absent, Mr. Dunne, Mr. Meeker.

The matter of the price to be paid for Professor Forbes' property was referred to the Finance Committee for consideration and report.

**COMMERCIAL ACTIVITIES OF THE UNIVERSITY.**

(4) A memorandum from Dr. Eugene Davenport, Dean of the College of Agriculture, stating the reasons for commercial activity in certain departments of the University.

On the recommendation of President James and on motion of Mrs. Henrotin, the memorandum was received and ordered to be printed in the minutes;

**[MEMORANDUM.]**

This University, like other institutions of its kind, is severely criticized from time to time by local business men and women for engaging in commercial activities, the contention being that the business belongs to the regular dealer who cannot compete and should not be forced to compete with State institutions supported by taxes which he himself has helped to pay.

If the institution should give away its products or even sell them at prices distinctly below the market rate, the force of this contention would be unquestioned. The objection would be equally well sustained if the University should engage in business for the primary purpose of making money, because its funds come through

appropriations; or of serving the public, because an institutional community, like any other, should serve itself in the usual ways, though the University cannot be criticized for doing what it may to improve the living conditions of the students, which at best are none too good.

Because of the frequency and bitterness of this criticism in all localities of our kind, it seems well that I should lay before you the reasons that compel many agricultural departments to engage in commercial activity at certain points, first of all remarking that for two internal reasons these activities are always kept at the minimum consistent with serving their purpose. First, we are not and cannot afford to be organized for commercial work; and second, because at best the net result of commercial enterprises in any educational organization is a money loss to the interest involved.

What then are the conditions that force such activities upon departments? In general, commercial dealings on the part of departments of the University arise naturally and inevitably in the course of conducting their regular work either of experimentation or instruction. To show how this can be, I will mention specific instances.

### DISPOSAL OF CROPS.

Besides its home grounds, the University is operating some forty experimental fields in different parts of the State. On all these fields crops are grown. Manifestly in the interest of the taxpayers the crops should be disposed of and the income turned back into the work for which the department is organized. To destroy these crops simply because they belong to the State and might in an infinitesimal way affect the market values is too puerile to deserve attention.

The product of an experimental orchard may or may not be in the same category. If the question involved is simply one of yield, the crop should be put upon the market like corn, wheat, oats, or any other crop. If, however, the experiment involves a considerable handling of individual apples, it may very well be that it will cost more to market the damaged stock than all the income that could be realized; in this case it is clearly the best policy to leave the crop rotting on the ground. In this way some wagon loads of excellent canteloupes have been buried in pits after being cut open and sampled, the only other possible disposal being to give them away to the poor or to the children of the street. Two objections would arise to this: one, the objection of the dealer; the other, and the more serious one, the interference with our regular work.

The same principles here sketched apply to the product of gardens as well as of fields and orchards and the practice is the same; namely, to pursue the course which will achieve the purpose of the department and, when that purpose is achieved, dispose of the product the way that will result in the minimum loss.

### LIVE STOCK.

Any institution of our kind must keep flocks and herds both for instruction and for experimentation. These flocks and herds if kept under normal conditions, as they should be, will of course increase. What should be done with the increase?

It is criminally foolish to destroy it. In the early days the colleges used to pride themselves upon this produce of their herds, many times holding public sales in order to avoid the criticism of possible favoritism in the disposal to private parties. This, however, resulted in bitter complaints when one of these sales chanced to come but a few days in advance of a similar sale advertised by a private breeder. The result has been that for many years all live stock from institutions of this kind has been disposed of at private sales and upon terms identical with those of the private dealers. Long ago the colleges, forced into a corner at this point, demanded the right to dispose of their products in one way or the other. They have taken the least conspicuous way and public opinion has forced the breeders to acknowledge their rights, so that this point is no longer contended by anybody; indeed, a few institutions have re-established the public sale.

### BUTTER.

Dairy herds will produce milk which must be fed, worked up, or poured into the sewers. As a matter of practice, it is either sold as commercial milk or made into butter. The latter course is necessary wherever the institution offers instruction in butter making, as is the case in most instances, for students cannot be taught butter-making without making butter any more than they can be taught chemistry without laboratories. As the students have increased in number it has been necessary to purchase milk, for no college herd is large enough to produce the amount needed for the large classes of the present day.

When the butter is made, the question arises as to its disposal. May it be sold in the community which produces the milk, or must it be secretly disposed of in a distant market in order to avoid criticism? Clearly the college is well within its rights when it insists upon disposing of this butter in such a way as will best serve the purpose of instruction and result in the least loss to the institution, for all courses of this kind are expensive and are bound at the best to result in financial loss. In general, the practice has settled down to disposing of this product in the local markets with more or less complications due to jealousies between individual dealers. A strange trait in human nature comes to the surface at this juncture in that the college product is nearly always held to be inferior to the commercial product and yet, as experience shows, the dealers are extremely anxious to get it.

In connection with the disposition of butter there generally arises the question of the retail business. It has almost invariably resulted in the institution conducting a small retail business at the usual retail prices. However, this has been mainly in response to the demand of the public outside and in general without the desire of the department. It arises in this way: Professor Jones or Mayor Smith very much desire University butter. It is not handled by his grocer, and thereupon his family prefers to send or to go direct to the institution for the sake of getting the product, in which case it has commonly been the practice to let them have it, all of which affords a good example of the fact that within the community the dealers and the consuming public are often at opposites.

#### MILK.

Manifestly the handling of cheese and ice cream would follow the same lines as those developed in the butter business, but when the institution is conducting investigations in a city milk trade or giving courses of instruction in city milk supply, an additional element enters the field, namely, the method of sale as well as the manufacture of the product. Butter is commonly sold like any other standard commodity, passing from the manufacturers to the retailers through the wholesale trade and sold in wrappers. Milk, on the other hand, is extremely perishable, and its successful handling depends as much upon the methods of transportation and distribution as upon the way in which the initial product is manufactured. It therefore becomes necessary in conducting instruction and experiments of this kind, to actually handle the product through serving the community by a milk route. This invariably gives rise to opposition among local milk men. For example, in our own institution many years ago, we began, as a matter of experimentation, the delivery of milk in bottles, ours being the first bottled milk in Illinois. This was long before such a thing as certified milk was known. The local milk men were at that time peddling from market wagons or old buggies. The milk was kept in cans and dipped or poured into the customer's pitcher or crock. The dealers objected strenuously to our bottles and our painted wagons and undertook by every device which they could invent to prevent the University from going on with its experiment. The final result was of course, new standards of commercial milk and the imitation of our methods with more or less success on the part of the dealers. From time to time, however, there has arisen the objection that we were interfering with local business, though we have always limited the amount to the capacity of a single wagon, which is really an unprofitable minimum. The present flurry among milk men is due to the fact that Dr. Harding has undertaken to reduce our losses by making two trips with one wagon, in this way taking on a few additional names from our long waiting list, which sometimes contains fifty or more names of people who have been waiting possibly as long as five years. The whole distribution at the present time is about 450 quarts of milk a day, an amount which is certainly insignificant in a population of twenty-five thousand people. Whether it would be insignificant or not, the department clearly must reserve the right to conduct a minimum business with the least loss possible when that business is of necessity involved in its regular work of instruction, and for this purpose it is entitled to enjoy the same local privileges as any other dealer.

#### DISPOSAL OF FLOWERS.

With the development of the floricultural interests of the University there inevitably arose the question of the disposal of the flowers. In this case the opposition to the University procedure took the form of an attempt on the part of the local dealers to induce the State Florists' Association to pass resolutions condemning the University for selling stock locally. As usual, the argument was based upon the assertion that our stock was inferior, thus tending to destroy local standards. Upon this point, as in other similar instances, the opinion of the public will be found at variance with that of the dealers; indeed, the real fact was that the quality of the flowers produced by the University had tended, as in the case of milk, to set new standards in the public mind.

The Department of Horticulture has never put its flowers upon the open market, not because of this objection, but because it has never felt that it was justified in the expense of selling its stock other than wholesale. Again, speaking for the general interest, I should certainly reserve the right to dispose of the flowers of the University greenhouses, necessarily produced in the course of instruction and experimentation, in such a way as seems best to promote the floricultural interests of the University, financially as well as otherwise. It is perfectly easy to see that conditions may one day arise when the growth of numbers in the floricultural classes will make it in every way desirable, if not necessary, that the University flowers should be put on the retail market.

#### CAFETERIA.

With the expansion of the Department of Household Science, covering many lines of food and its preparation, the demand arose for instruction in lunchroom management. This was a perfectly natural demand in view of the rapid increase of cafeterias in connection with Christian Associations, high schools, et cetera. It is impossible to give valuable instruction in lunchroom management which would enable the students successfully to conduct such enterprises unless the department should actually have in operation a living cafeteria. Here again, as in the case of milk, the point of instruction was not simply the preparation of the product, but its final disposition; that is to say, there is as much in the outfitting and operation of the eating-room as in the installation and operation of the kitchen.

Here again, following the general principle, the cafeteria was organized on the smallest possible economic basis of 150 to 200 guests, serving one meal a day. Anything smaller than this would result in a financial loss and would at once swamp the enterprise. It is a very small unit when compared with commercial cafeterias, which serve from one to three meals a day to from five hundred to fifteen hundred people. This, again, as in similar cases, has given rise to severe criticism and the threatened attempt to put the University out of business at this point. It will, of course, give rise to the question whether the University is to be enabled to give instruction in lines that are demanded by the public who pay the bills for the operation of the University, and if it is to give the instruction, whether the department or the boarding-house keepers shall be the judge as to the methods of instruction to be pursued.

Such a report as this might go on indefinitely, but I have stated enough to show the reason for the commercial activities which institutions like ours engage in and also the reasons for their being held at the minimum. I will attempt to state the general principles covering the issue in the briefest possible form as follows:

#### GENERAL PRINCIPLES GOVERNING COMMERCIAL ACTIVITIES OF AGRICULTURAL DEPARTMENTS.

1. If an experiment or a course of instruction results in a product of commercial value, the department will realize upon that product or not according to the course which is cheapest.

2. If an experiment or a course of instruction involves a method of selling or of serving as well as the method of production, then the department is forced to engage in selling, in which case it will be guided by two principles.

(a) The unit of activity must be large enough to serve the purpose and to be financially possible.

(b) It will be no larger than this minimum unit, because all commercial business is distracting to the department and is of itself undesirable except for important reasons growing directly out of instruction and research.

3. Upon all these points the department must be the judge, just as the Department of Chemistry is judge of its laboratory work or the Department of Economics of what it teaches in the classroom; and within the reasonable limits herein specified, it can be dictated to by no outside body.

#### FINANCIAL REPORTS.

At this point Mr. Moore presented for the Finance Committee the reports of the United States Audit Company for the quarter ending December 31, 1913, and of Treasurer M. W. Busey for the quarters ending September 30 and December 31, 1913, which were received to be filed, certain parts to be printed in the minutes.

#### AUDIT REPORT.

February 9, 1914.

*Honorable Allen F. Moore, Chairman, Finance Committee, University of Illinois, Monticello, Ill.*

DEAR SIR: In accordance with your instruction, we have made an audit of the books and accounts of the University of Illinois for the second quarter of the fiscal year, ended December 31, 1913.

We verified the cash receipts in detail, as shown on Schedule "2."

The cash disbursements, as shown on Schedules "4a" and "4b," were verified by us in total by comparing all vouchers issued during the quarter with entries in the warrant register, proving the footings of the warrant register and disbursement ledgers, and by reconciling the balances of the University treasurer and State Auditor as of December 31, 1913.

We tested the postings to the disbursement ledgers, as summarized on the above named statements, and found all items so tested to be correct.

We obtained a letter from Busey's Bank, certifying to balances as follows:

General fund .....	\$207,928 30
United States Agricultural Experiment Station fund .....	32,188 48
College of Medicine fund .....	18,143 78
School of Pharmacy fund .....	1,530 36

**\$259,790 92**

We counted the cash fund of the bursar on the morning of January 6, 1914, and found same to be in accordance with the books.

The interest on endowment fund due July 1, 1913, had not been received by the University of Illinois at the close of the quarter under review.

We submit various schedules, as enumerated on the index prefixed hereto, and certify that the cash receipts and disbursements as shown therein are correct in total and in accordance with the books and records of the University of Illinois.

Yours very truly,

UNITED STATES AUDIT CO.

WHITNEY B. FLERSHEM,

*Certified Public Accountant.*

At this point Mr. Blair and Mr. Moore withdrew.

**MATTERS PRESENTED BY PRESIDENT JAMES.**

The President of the University continued his presentation of matters for the consideration of the board.

**GRADUATE SCHOLARSHIPS AND FELLOWSHIPS.**

(5) A request that the President of the University be given authority to appoint scholars and fellows in the Graduate School for the academic year 1914-15, and that an appropriation of \$22,400 be made for the stipendia.

On motion of Mrs. Henrotin, the desired authority was given and the appropriation of \$22,400 involved was made by the following vote: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Moore.

**CO-OPERATIVE MINES INVESTIGATION.**

(6) A statement that, through a clerical error, the item of \$5,000 for the Cooperative Mines Investigation, conducted on the basis of a contract between the Board of Trustees and certain agencies of the federal and state governments, had been omitted from the budget as passed by the board at the meeting of January 21, 1914.

On the recommendation of President James and on motion of Dr. Montgomery, the sum of \$5,000 was appropriated for the Co-operative Mines Investigation. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Moore.

**CONTRACT FOR THE PIPE ORGAN.**

(7) A statement concerning the contract for the purchase of a pipe organ for the Auditorium, authorized at the meeting of January 21, 1914.

The committee, consisting of Raymond M. Alden, George E. Frazer, El. W. Murphy, H. H. Stoek, James M. White, and Charles H. Mills, have gone over the whole matter again at my request, and desire to make certain minor changes in the contract, protecting more carefully the interests of the University. They also recommend very strongly the purchase of chimes for the organ at a cost of \$500. This would make the total contract price for the organ \$15,500. This includes the cost of all the material of the organ and setting it up in place. It does not include the preparation of the organ loft, nor of the Auditorium room itself for the installation of the organ. It will be necessary for the University to build an organ box in the organ loft, and to insert grills in the arches of the Auditorium over the stage. The members of the committee have expressed themselves as extremely well satisfied with the proposition of the Casavant firm, and feel confident that, if carried out properly, it will secure a first-class organ.

On the recommendation of President James and on motion of Dr. Montgomery, the comptroller was authorized to sign the contract with Casavant Brothers in the total amount of \$15,500, and the appropriation of the \$500 additional required to make up this amount was made, by the following vote: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Moore.

**COMMISSIONS ON RACIAL HISTORY AND CULTURE.**

(8) The following statement concerning a series of commissions on the history and culture of the various racial and national elements which have entered into the life of American society.

On July 5, 1912, the board gave the President of the University authority to appoint a commission on Jewish-American History and Culture. The object of this commission was to devise ways and means of increasing the collections of the University bearing upon the subject of Jewish-American history and culture, and to promote the general interest of the University and the public in this subject. Similar authority was given to appoint a commission on German-American history and culture.

Although I have not appointed these commissions, some interest has already been excited in the matter, resulting in a gift of money for the purchase for the University Library of books relating to the history and civilization of the Jews.

I have been over the details of the plan with the head of the History Department, and it seems as if valuable results might be achieved for the University by an enlargement of the scope of the plan. I recommend that the President of the University be authorized to announce the fact that the University will attempt to secure in its library collections of books, manuscripts, maps, specimens of art and archeology, etc., bearing on the history of the different racial and national elements which have entered into the life of our national body politic and social.

I recommend further that he be given authority to appoint a series of commissions upon the history and culture of the various racial and national elements which have entered into the life and history of the American people. This would mean that in addition to the commission on Jewish-American history and German-American history, he should appoint one on the Irish-American elements, one on the French-American elements, one on the Dutch-American elements, one on the Scandinavian-American elements, one on the Hungarian-American elements, one on the Polish-American elements, one on the Slavic-American elements, etc., all of which should work together to accomplish the result of securing in our University Library comprehensive collections bearing on the history of the constant elements of our people.

As indicated in the action previously taken, these commissions would consist partly of members of our own faculty, but chiefly of men outside the University, and, where desirable, outside of the State, whose cooperation might be enlisted in this work.

On the recommendation of President James and on motion of Dr. Montgomery, the desired authority was given.

At this point Miss Watson withdrew.

#### INTER-UNIVERSITY COMMITTEE TO PREPARE MATERIAL FOR STATE CONSTITUTIONAL CONVENTION.

(9) A statement concerning a joint university committee to prepare material for a possible State constitutional convention.

For some time certain members of the law faculties of Northwestern University, the University of Chicago, and the University of Illinois have been conferring together as to the possibility of preparing material which might be of use to the State when a convention should be called to revise the State Constitution.

At the suggestion of these gentlemen, I invited President Harris, of Northwestern University, and President Judson, of the University of Chicago, to cooperate with me in appointing a joint committee on this subject; and, with their consent, I appointed Professors Wigmore and Scofield of Northwestern University, Professors Hall and Freund of the University of Chicago, and Professors Harker and Dodd of the University of Illinois. This committee has held two sessions and planned a piece of cooperative work, which I think will prove highly valuable to the people of the State in facilitating the work preparatory to drafting a new Constitution. They proposed at their meeting held February 7, 1914, at the City Club, in Chicago, to recommend to the three universities concerned that the traveling expenses of the members of this committee, in attendance upon meetings of the same, the cost of mimeographing the work of the committee, and of collecting material for the use of the committee should be a joint charge upon the three universities.

On motion of Mrs. Henrotin, the recommendation of the committee was approved and the sum of \$100, or so much thereof as may be necessary, was made. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoyt, Mr. Montgomery, Mr. Trevett; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker, Mr. Moore, Miss Watson.

At this point Miss Watson returned to the meeting.

#### GREGORY MEMORIAL BUILDING.

(10) A letter from Mr. S. A. Bullard in the matter of the Gregory Memorial. On October 8, 1912, the board gave the President of the University authority to consider, with a committee of the alumni, or with others interested in the matter, the possibility of erecting a suitable building on the campus as a memorial to the first Regent of the University. I have discussed this matter at various times with Mr. S. A. Bullard, Chairman of the Alumni Committee. In a recent letter, he states his opinion that it is necessary, before a proposition can be formulated so as to command the support of the alumni, that the board should indicate its willingness to assign a site on the University campus for the erection of such a memorial building in honor of the first Regent of the University, and to be named after him.

On the recommendation of President James and on motion of Dr. Montgomery, it was voted that the board greets with pleasure the suggestion from members of the Alumni Association that the alumni and other friends of the University may erect a building upon the University campus, for University use, in honor of the first regent of the University, Dr. John Milton Gregory; and that in case a sufficient sum be raised for such a building, a suitable site will be assigned for its location.

#### OPENING OF SWIMMING POOL IN WOMAN'S GYMNASIUM.

(11) A recommendation from Miss Gertrude E. Moulton, Director of Physical Training for Women, that the swimming pool in the Women's Gymnasium be opened to the wives of members of the faculty at nine o'clock on Tuesday mornings, to their children at nine o'clock on Saturday morning; that a fee of \$2 for each person be assessed for the privilege; and that students appointed by Miss Moulton, at a cost not to exceed fifty cents an hour, be in charge of the pool at these hours.

On the recommendation of President James and on motion of Mrs. Henrotin, this request was referred to the Committee on Students' Welfare with power to act.

#### SENIOR MEMORIALS.

## **Meeting of April 9, 1914.**

A meeting of the Executive Committee of the Board of Trustees was held in the office of the President of the University, at Urbana, on Thursday, April 9, 1914, beginning at 4:30 P.M.

There were present: Messrs. Abbott and Trevett, members of the committee, and Vice-President Kinley.

### **MATTERS PRESENTED BY VICE-PRESIDENT KINLEY.**

Vice-President Kinley presented the following matters for the consideration of the Executive Committee:

#### **LEASE OF HAINES PROPERTY.**

(1) The renewal of the lease and option on 47.67 acres of land near the Illinois Central Railway owned by Mr. and Mrs. Frederick A. Haines, for use by the Departments of Agronomy and Dairy Husbandry. The annual rental involved is \$715.44, and the option, expiring September 1, 1914, is at the rate of \$750 an acre. In accepting the lease and option on December 1, 1912, the board expressed the opinion that the price asked for the land was excessive. Inasmuch as the amount of land involved is larger than is needed, and the work can be transferred without vital loss to some of the land recently acquired by the University, and furthermore as the option, which expires on September 1, does not seem to offer any real advantage to the University, I recommend that the lease and option be not renewed.

The committee voted to approve the recommendation.

#### **EMERGENCY HOSPITAL AND STUDENT HEALTH WORK.**

(2) A recommendation that the sum of three thousand dollars (\$3,000) or so much thereof as may be needed, be appropriated to meet the expenses of the emergency hospital and student health work to May 1, 1914. The items charged against the account to April 6 amount to \$2,358.54. It is estimated that the expense for the rest of April will be about \$500. The estimated charges against students to April 8 is \$816.

The committee voted to make the appropriation as recommended.

#### **REBATES TO STUDENTS.**

(3) A recommendation that the sum of eight thousand dollars (\$8,000) be appropriated for rebates to students for the present fiscal year. This item was omitted by clerical error from the annual budget.

The committee voted to make this appropriation.

#### **TRANSFER OF FUNDS.**

(4) A recommendation that the sum of one thousand seven hundred fifty dollars (\$1,750) of the Hatch fund be transferred from the nitrogen fixation experimental work, to which it was appropriated, to the Department of Dairy Husbandry.

(5) A recommendation that the sum of eight hundred dollars (\$800) be transferred from the appropriation made to the general office of the College of Agriculture to the Department of Agricultural Extension.

The committee voted to make these transfers.

#### **COMPTROLLER AUTHORIZED TO SIGN LEASES.**

(6) A recommendation that the comptroller be given authority to sign leases of land for agricultural experimental work: *Provided*, that no officer of the University shall enter into negotiations to secure such leases or deeds without previous specific authorization from the President of the University.

The committee voted to approve this recommendation.

## APPROVAL OF LEASES.

## Meeting of June 9, 1914.

---

The quarterly meeting of the Board of Trustees of the University of Illinois was held at the University, in Urbana, on Tuesday, June 9, 1914, beginning at 10 A.M.

The following members were present: Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Dr. Montgomery, Mr. Moore, Mr. Trevett and Miss Watson. President James was present, and, also, during the greater part of the day, Prof. J. M. White, Supervising Architect.

### APPROVAL OF MINUTES.

The secretary presented the minutes of the special meeting of April 22, 1914. On motion of Mrs. Henrotin, the minutes were approved as printed on pages 745-752.

### MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

The President of the University presented the following matters:

#### PURCHASE OF BARNES AND FORBES PROPERTIES.

(1) A statement that, in accordance with the directions of the Board of Trustees, the comptroller had purchased:

1. The property in Champaign known as the Barnes lots, bounded on the east by Wright Street, on the south by Healy, on the west by Sixth and on the north by the interurban right-of-way, described in the deed as "Block 6 of J. S. Wright's addition to the city of Champaign, except the north 14 feet of said Block 6." The sum of \$14,000 will be paid for these lots.

2. The property in Urbana known as the Forbes property, consisting of two lots and the dwelling-house thereon, lying north of the interurban right-of-way, south of Springfield Avenue, and directly east of Matthews Avenue. The sum to be paid for this property is \$10,000.

#### BOTANY AND ZOOLOGY LABORATORIES.

(2) A request for authority to proceed with the construction of the botany and zoology laboratories.

Professor White stated that the original intention of placing the greenhouse, insectary, and vivarium for the Departments of Botany and Zoölogy on the Forbes property had been found impracticable, and that it would be necessary to devote the Forbes property to the work in botany, and to give over the Barnes property, with the exception of a strip along the interurban tracks which was reserved for a storehouse, to the work in entomology and zoölogy. Professor White presented the detailed plans for both buildings. Professor Forbes, of the Department of Entomology; Professors Zeleny and Ward, of the Department of Zoölogy, and Professors Hottes and Stevens, of the Department of Botany, presented, in the order in which their names appear, the work to be done by their departments in the proposed buildings.

On the recommendation of President James and on motion of Dr. Montgomery, the plans for the Botanical Laboratory, including the reconstruction of the Forbes house, the building of the glasshouses, and the installation of equipment as recommended by the supervising architect, were approved, and the supervising architect was authorized to proceed with the construction of the laboratory at an estimated cost of twenty thousand dollars (\$20,000).

The appropriation was made by the following vote: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker.

On the recommendation of President James and on motion of Mrs. Henrotin, the plans for the Zoölogical Laboratory were approved, and the supervising architect was authorized to proceed with the construction of the laboratory and pond and insectary on the Barnes property at an estimated cost of forty-five thousand dollars (\$45,000). The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Meeker.

#### RELEASE OF MINOR BUILDINGS.

Professor White presented a letter from Mr. James B. Dibelka, State Architect, under date of November 3, 1913, and requested that the following paragraph be printed in the minutes:

"Replying to your favor of the 1st, I am not including the library nor the boiler-house, nor any other minor work."

Professor White stated that he had interpreted this to release the plans for the smaller buildings, such as the laboratories for the Departments of Botany and Zoölogy and others of about the same cost.

#### PROPOSED SALE OF LAND.

Mr. Trevett stated that he had been asked whether the University would sell the north eighty acres of the Busey quarter-section recently purchased by the University. Mr. Trevett moved that the Finance Committee be authorized to sell the eighty acres in question for one hundred twenty thousand dollars (\$120,000). The motion was rejected by the following vote: Ayes, none; noes, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Miss Watson; not voting, Mr. Abbott, Mr. Trevett; absent, Mr. Blair, Mr. Dunne, Mr. Meeker.

The board took a recess at 12:30 p.m. for luncheon.

---

#### AFTERNOON SESSION.

When the board re-convened at 1:45 p.m., the same members were present as during the morning session.

#### MATTERS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY.

The board proceeded to the consideration of the following matters presented by President James:

(1) A statement concerning the graduation of Mr. Foster North, a former student of the class of 1885 who was dismissed from the University after he had completed thirty-seven credits for refusal to attend chapel.

On motion of Mrs. Henrotin, it was voted that the board would approve a recommendation to confer the degree of B.S. on Mr. Foster North, as of the class of 1885.

#### SITE ASSIGNED FOR GREGORY MEMORIAL BUILDING.

(2) The following letter from Dr. Thomas J. Burrill:

*Edmund J. James, President, University of Illinois.*

DEAR SIR: As you know, the Memorial Committee of the Alumni Association has agreed to try to raise \$150,000 for a Gregory Memorial Building and Art Collection and has started activities upon the understanding that the trustees will furnish a site on the campus for such building.

On behalf of the committee and of the association, I hereby request that action be taken by the trustees in effect like the following:

Since the Alumni Association of the University of Illinois has undertaken through regularly constituted channels to raise \$150,000 for a Gregory Memorial Building and Art Collection and has expressed a preference for a building site, therefore be it resolved:

(1) That the action of the Association in this relation meets our hearty commendation and approval.

(2) That the site represented on the new campus plans by the east and west wing of the L-shaped building ground plan west of the Auditorium and south of Lincoln Hall be assigned for said memorial building, and that permission is hereby given for the publication of such assignment.

This definite action is asked for as an aid in conducting a campaign for subscriptions and to show the favor of the trustees. I may say that I visited last week the University of Michigan, where such a memorial building has recently been erected on the campus at the expense jointly of the Alumni Association and the Board of Regents (Trustees), the latter contributing \$50,000 of the total cost of \$206,000. It too is used in large part for art collections, of which they now have a fine display. The building, which is a notable one, and its contents are a great inspiration to the higher life of the University.

Very truly yours,

T. J. BURRILL,  
*Director of Campaign.*

On the recommendation of President James and on motion of Mr. Hoit, the board voted to approve the request of Dr. Burrill and to assign the site immediately west of the Auditorium and south of Lincoln Hall as a location for the proposed Gregory Memorial Building.

#### SITE ASSIGNED FOR SMITH MEMORIAL MUSIC BUILDING.

(3) The following communication from Mr. Thomas J. Smith, a former trustee of the University:

URBANA-CHAMPAIGN, ILL., June 8, 1914.

*To the Board of Trustees, University of Illinois:*

It has been my purpose, for a little more than ten years past, to provide means for the erection of a music building on the grounds of the University of Illinois as a memorial building to my wife. Inasmuch as she was something of a musician herself and was greatly interested in the success and welfare of the University, and an absolutely devoted friend of the University, I know of no better way to perpetuate her memory than to say to the Board of Trustees that I have provided in my will, such sum of money as may result from the closing of my estate, after the payment of expenses and minor bequests, which I am hoping shall not be less than \$200,000. While I am in no sense a musician, there is nothing dearer to my heart than the development of music. It is the greatest thing in the world and contributes more to the happiness and pleasure of people than anything within my knowledge, aside from the necessary living expenses of human beings.

I am aware that building space on the campus is becoming a matter of great concern to the Board of Trustees and to the authorities of the University, and I make this communication to the board, asking that if the board approves the enterprise which I propose, they make an assignment of space for the erection of a building which I hope may soon materialize.

I have been shown the site, by the President and Professor White, east of the Auditorium, corresponding to the site west of the Auditorium which the alumni desire for the Gregory Memorial Building, and the site is very satisfactory to me. I would therefore ask that, if the board favorably considers these suggestions, the particular space of ground be assigned for that building.

Most respectfully submitted,

THOMAS J. SMITH.

On the recommendation of President James and on motion of Dr. Montgomery, the site immediately east of the Auditorium was assigned as a location for the Tina Weedon Smith Memorial Building for the School of Music. The President of the University was instructed to convey to Mr. Smith the thanks and appreciation of the Board of Trustees.

#### LOCATION OF WOMEN'S RESIDENCE HALLS.

At this point the question of the location of the women's residence halls was introduced. Mrs. Busey offered the following resolution:

*Resolved,* That the board express its preference for the Nevada Street site for the Women's Residence Hall and direct the Finance Committee to secure options for the purchase of lots 23, 24 and 25 on the south side of Nevada Street, between Matthews and Lincoln avenues.

Mrs. Evans moved to amend by the substitution of the Armstrong site for the Nevada Street site. The amendment was lost by the following vote: Ayes, Mrs. Evans; noes, Mr. Abbott, Mrs. Busey, Mr. Hoit, Mr. Montgomery, Mr. Moore; not voting, Mrs. Henrotin, Mr. Trevett, Miss Watson; absent, Mr. Blair, Mr. Dunne, Mr. Meeker.

The original motion was then passed by the following vote: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; not voting, Mrs. Evans; absent, Mr. Blair, Mr. Dunne, Mr. Meeker.

On motion of Mrs. Evans, this request was referred to the President of the Board of Trustees for investigation and report.\*

### CHANGES IN MECHANICAL PLANT, COLLEGE OF MEDICINE.

(15) A request from the Supervising Architect for authority to change the mechanical plant in the building of the College of Medicine in Chicago so as to make it a low pressure heating system, with the expectation of buying the electricity needed in the conduct of the college. The cost is estimated at \$5,080. It is believed that a saving of approximately \$2,000 a year may result from this change.

\* Since the meeting of the Board the Secretary has received the following report for the President of the Board concerning the opening of the street thru the Pharmacy lot—

June 30, 1914.

*Mr. H. E. Cunningham, Secretary, University of Illinois, Urbana, Ill.*

DEAR SIR: Agreeable to instructions given by the Board on April 22, I, in company with Professor Day, of the School of Pharmacy, inspected the lot owned by the University between Forty-seventh and Forty-eighth Streets and between Rockwell Street and California Avenue, in the city of Chicago. This inspection was made as a result of a notice received from the Board of Public Improvement of the city of Chicago, advising it was proposed to have Fairfield Avenue cut through from Forty-seventh to Forty-eighth Street, in which case one-half of the street, or a strip 33 feet wide, would be taken off of our property, reducing its width from 8 rods to 6 rods.

I find that the lot in question is located in that part of the city generally known as Gage Park, which, because of lack of drainage, is liable to be covered with water during rainy seasons, although these conditions have been somewhat improved of late by the construction of a large main sewer on Halsted Street about one-half mile distant from our property.

The streets in that locality are, for the most part, unimproved and there is a great deal of unsubdivided and vacant property in the neighborhood, and on the whole the property is not immediately desirable and offers very little promise for the near future; and if Fairfield Avenue is cut through, as is proposed, there will, in the course of time, follow assessments for improvements amounting to \$3,000 or \$4,000. But as the only hope for the property is to have it subdivided and sold off, and as this would be impossible without Fairfield Avenue being improved, both Professor Day and I favored having the street opened, and, at my request, Professor Day appeared before the Board of Public Improvements and stated to the Board that the University would donate a strip two rods wide providing the street were opened from Forty-seventh to Forty-eighth Street, and as no objection was raised at the hearing, Fairfield Avenue will probably be cut through; and I would suggest to the Board that it consider offering the lot for sale at a price which real estate experts would consider to be reasonable.

Respectfully submitted,

W. L. ABBOTT.

On motion of Dr. Montgomery, the supervising architect was authorized to change the heating plant in the building of the College of Medicine so as to make it a low pressure heating plant and to arrange for the purchase of electricity and for the sale of the discarded parts of the present equipment, and the sum of five thousand eighty dollars (\$5,080) was made to meet the expenses of the change. The vote was as follows: Ayes, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; not voting, Mr. Abbott; absent, Mr. Blair, Mrs. Busey, Mr. Dunne, Mr. Meeker.

#### REMODELING CHEMISTRY LECTURE ROOM.

(16) A recommendation from the Supervising Architect that he be authorized to remodel the lecture-room in the present chemical laboratory so as to make the floor fireproof and provide ceiling light, which will be necessary because of the closing of some of the windows by the proposed addition to the chemical laboratory. The estimated cost is \$5,000.

On motion of Mr. Hoit, the supervising architect was authorized to let contracts for the remodeling of the chemistry lecture-room addition at a cost not to exceed five thousand dollars (\$5,000), the sum expended to be charged to the appropriation for the addition to the Chemistry Building. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Dunne, Mr. Meeker.

#### APPROPRIATION FOR CATALOGING IN LIBRARY.

(17) A request from the University Librarian for an appropriation of \$1,040 for extra service in the University library during the summer in order to expedite the work of cataloging, which is falling into arrears.

On the recommendation of President James and on motion of Mrs. Henrotin, the sum of one thousand forty dollars (\$1,040) was appropriated for extra service in the cataloging department of the University Library. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Dunne, Mr. Meeker.

#### CO-OPERATION CERAMICS INVESTIGATION.

(18) A request from Mr. R. T. Stull, Acting Director of the Courses in Ceramics, for an appropriation of \$2,000 for investigating the coal measure shales of the State, in cooperation with the State Geological Survey.

On the recommendation of President James and on motion of Mrs. Evans, the President of the University was authorized to approve bills to the amount of two thousand dollars (\$2,000), or such part thereof as may be necessary, for doing this work. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Moore, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Dunne, Mr. Meeker.

#### TRANSFER OF AGRICULTURAL FUNDS.

(19) A recommendation from the Dean of the College of Agriculture and the Director of the Agricultural Experiment Station that \$200 of the Hatch money appropriated to the nitrogen fixation experiments be transferred to the Department of Dairy Husbandry, and that \$70 of the Adams money for the administration fund be transferred to the Department of Animal Husbandry.

On motion of Mr. Hoit, this transfer of funds was ordered.

#### ADVISORY COMMITTEES, COLLEGE OF AGRICULTURE.

(20) A request from Dr. Eugene Davenport, Dean of the College of Agriculture and Director of the Agricultural Experiment Station, with reference to the constitution and appointment of certain advisory committees. This matter was presented to the board on December 13, 1913 (see page 669) and consideration was deferred at the request of Governor Dunne.

The Governor has indicated in letters to Dean Davenport and to me that he is in favor of the establishment of these advisory committees. The following letter has just been received from the Governor:

SPRINGFIELD, ILL., June 8, 1914.  
DEAR PRESIDENT JAMES: I have yours of the 6th instant, and regret to say that owing to the press of public business it will be impossible for me to be at the meeting of the Board of Trustees at Urbana, on Tuesday, June 9.

I am satisfied that the agricultural advisory committees are a valuable acquisition to the University officials, and am in favor of their continuance, provided they can be paid for out of the appropriation allowed the University.

Very truly yours,

E. F. DUNNE.

*Dr. Edmund J. James, President, University of Illinois, Urbana, Ill.*

On motion of Mr. Moore, the recommendations of the Dean of the College of Agriculture and Director of the Agricultural Experiment Station were adopted as printed above on page 669.

#### ENTRANCE REQUIREMENTS, SCHOOL OF PHARMACY.

(21) A recommendation that the requirements for admission to the School of Pharmacy of the University of Illinois be advanced to include graduation from an accredited high school with fifteen acceptable units, to be in effect for the academic year beginning September 1, 1916.

On motion of Mrs. Henrotin, this recommendation was approved.

#### ORGANIZATION OF ADDITIONAL COMPANIES IN THE CADET REGIMENT.

(22) The following letter from the Professor of Military Science:

April 1, 1914.

*The President, University of Illinois.*

SIR: I have the honor to request authority to organize four additional companies in the cadet regiment at the beginning of the next year, September, 1914. One company will be added to each battalion, necessitating twelve (12) extra officers and therefore twelve (12) military scholarships.

When 1,297 men actually drilling at the beginning of this semester in the 16 companies of infantry, we could have had 20 companies of 64 men each. General Order No. 70, War Department, Par. 22, states that companies should not ordinarily exceed 58 men which is the maximum of the National Guard companies.

These companies cannot be organized into a fifth battalion on account of scarcity of officers, but this can be done the following year and the addition of the new Armory will facilitate the handling of another battalion.

Sixteen companies as at present gives an average of 81 per company, which is too large for proper handling by inexperienced officers. Similar companies will give greater efficiency in the regiment and cause the training of more officers for service with the reserves or volunteers.

Very respectfully,

F. D. WEBSTER,

*Major of Infantry, Professor of Military Science.*

On motion of Mrs. Evans, the commandant was authorized to organize four additional companies in the cadet regiment at the beginning of the next academic year, in September, 1914, with the understanding that twelve extra officers and twelve military scholarships shall be provided for in the budget for the coming year.

#### TRANSFER OF FUNDS TO ENGINEERING EXPERIMENT STATION.

(23) A request from the Dean of the College of Engineering for the transfer of \$900 from the appropriation for theoretical and applied mechanics in the College of Engineering to the appropriation for theoretical and applied mechanics in the Engineering Experiment Station.

On motion of Dr. Montgomery, this transfer was ordered.

#### RESEARCH UPON SPECIAL COMMERCIAL PROBLEMS.

(24) A letter from the Dean of the Graduate School concerning the policy of using money to conduct research upon special commercial problems.

April 29, 1914.

*President E. J. James.*

DEAR MR. PRESIDENT: A year ago certain difficulties arose in connection with the work of a student employed in doing so-called research work for the canning industry when he attempted to count his work towards the master's degree. The executive faculty of the Graduate School has discussed from time to time the whole proposition of accepting money to conduct research upon special commercial

problems, and at its meeting on Friday, April 24, voted to make the following recommendation:

1. That no arrangements for accepting money from private sources, to be paid out as a fellowship stipend in return for the prosecution of research in any line, shall be completed without the approval of the executive faculty of the Graduate School.

2. That no donation of money shall be accepted by the University from private sources for the purpose of prosecuting research in any lines in which the donors are commercially interested, except on the agreement that the results of the research are the property of the University and must be treated like other scientific research, in so far as concerns the right of the University to publish them or not to publish them, without reference to the needs or wishes of the donor of the gift.

I submit this with the request that it be transmitted, if you approve, to the Board of Trustees for adoption as declaring the policy of the University in such matters.

Very truly yours,

DAVID KINLEY.

On motion of Dr. Montgomery, the foregoing action of the Executive Faculty of the Graduate School was approved.

#### OFFER FROM GENERAL ELECTRIC COMPANY.

(25) The following statement:

Professor Ernst Julius Berg has requested me to ask the Board of Trustees whether they would be willing for the General Electric Company, of Schenectady, N. Y., to make an arrangement with a member of the staff of the Engineering Experiment Station, by which he should take out a patent on a certain valuable discovery which he seems to have made in the course of his investigations. It is understood that if he does he will assign the patent to the General Electric Company.

They will undertake to reimburse the University for the expense involved in the work which the member of the staff has been carrying on, including his salary during the time he was making this investigation. They will also pay him a certain sum for his work and offer him a position with the company.

The discovery he has made is, of course, of problematical value. In the opinion of the company, it would have no special value if simply published as an ordinary scientific bulletin, since it would take a large sum of money to determine by actual experiment on a commercial scale whether the discovery has any practical significance, and no individual or company will undertake to make this experiment unless it could be reasonably sure that if it turned out to be valuable, it could have control of the discovery, at least for a time, which would return to the company the expenditure involved in the experimentation.

It is believed by the company that it would be well to adopt some such plan in connection with scientific investigation in the University laboratories; i. e., a scheme under which the University would receive back the money expended upon such investigation, under which the investigator should have the opportunity of a special pecuniary return for his work, and under which it would be possible to secure the practical utilization of such discoveries which would generally depend upon the possibility of having exclusive use of such discoveries or possible inventions for a limited time.

I doubt whether such an arrangement would commend itself to the people of the State of Illinois, and I shall refuse the offer unless the board otherwise directs.

No action was taken concerning this matter.

#### REQUIREMENTS FOR GRADUATION. COLLEGE OF LIBERAL ARTS AND SCIENCES.

(e) A recommendation that the following conditions for graduation in the College of Liberal Arts and Sciences be established, viz:

##### *Requirements for the A.B. Degree.*

A. *Prescribed.*—Rhetoric 1; Physical Training 1 and 1a for men; 7 and 9 for women; Military Science 1 and 2 for men.

B. *Group Requirements.*—Every candidate must offer the minimum of work specified in each of the following groups:

I. *English* (the offering in this group must include at least a one-semester course in literature).

II. *Foreign Languages and Literatures.*—(Exclusive of courses in translation.)

NOTE.—Candidates for the degree who have not offered Greek or Latin or French or German for entrance must offer one of these languages for graduation.

If a student has offered but two units of a foreign language for entrance to the University, he must pursue the study of foreign languages through two year courses or the equivalent. If he has offered for entrance three or more units of foreign language, he must continue the study of foreign language through one year of his college course.

III. *History, Political and Social Science.*—History, Economics, Political Science, Sociology; 8 hours.

IV. *Mathematics and Physical Science.*—Mathematics, Astronomy (Courses with college mathematics as prerequisites), Physics, Chemistry; 8 hours.

V. Botany, Entomology, Geology, Physiology, Zoology; 8 hours.

VI. Education, Philosophy, Psychology; 6 hours, of which 3 shall be in Philosophy or Psychology.

C. *Major Subjects.*—Each candidate must select some one subject to be designated as his major. A major consists of courses amounting to 20 hours chosen from among those designated by a department and approved by the faculty of the college. Such courses are to be exclusive of those elementary or beginning courses which are open to freshmen and inclusive of some distinctly advanced work.

The subjects at present recognized as majors in this college are: Astronomy, Bacteriology, Botany, Chemistry, Classics, Education, Economics, English, Entomology, French, Geology, German Germanic Languages, Greek, History, Household Science, Latin, Mathematics, Philosophy, Physiology, Physics, Political Science, Psychology, Romance Languages, Sociology, Zoology.

D. *Minor Subjects.*—Each candidate must offer, in addition to his major, a minor of 20 hours in one or more allied subjects designated by the major department and approved by the faculty of the college. At least 8 hours must be offered in one subject.

E. *Elective Subjects.*—

1. Not more than 40 hours in any one subject may be counted for graduation, except: (a) In special courses approved by the faculty of the college; (b) when a student is writing a thesis, he may count, in addition to the 40 hours, the hours of the course in which he does his thesis work; (c) in the Department of English a student may take 40 hours in addition to Rhetoric 1.

NOTE.—The total credit in Art and Design is limited to 20 hours.

2. No credit is granted in any subject unless the student pursues it for the full time required in the shortest course offered in that subject. For example, if the student elects a course which yields two hours for one semester, he must stay in the class during one semester in order to get any credit at all. In order to secure any credit in a beginning course in a foreign language, a full year's work must be completed.

3. A limited amount of credit towards the A.B. degree is ordinarily given for courses offered in other colleges and schools of this University as follows: Physical Training—Not to exceed 5 semester hours.

Military Science and Tactics—Military Science 1 and 2.

Law—The amount of work to be credited from this college was referred to a special committee.

Engineering—General Engineering Drawing 1 and 2 (Mechanical Drawing and Descriptive Geometry); Theoretical and Applied Mechanics 7 and 8 (Analytical Mechanics); Mechanical Engineering 7 and 15 (Thermodynamics); Civil Engineering 10 or 21 (Surveying); Architecture 31, 32 (Architectural Drawing); Architecture 13, 14, 15, 16 (History of Architecture); Electrical Engineering 1 and 28, or 16, 6, 29. The total credit allowed in these engineering courses will not ordinarily exceed 24 hours.

The total credit allowed in these agricultural courses will not ordinarily exceed 14 hours.

Library Science—Library 7 (History of Libraries); 9 (Bookmaking); 2 or 12 (General Reference); 13 (Public Documents). The course in General Reference (Lib. 12) is of special value to students in the College of Liberal Arts and Sciences.

Music—Music 1, 2, 3, 4, and 5 (Courses in the history and theory of music).

Courses not listed under paragraphs 1 to 5 above may not be counted for the degree of A.B., except by special permission of the Dean of the College.

#### *Requirements for the B.S. Degree.*

Pending further action by the College of Liberal Arts and Sciences and by the Senate, students admitted to work leading to the degree of Bachelor of Science in the General Science Course, who have completed that course including a major in groups 4 or 5, together with two year courses or their equivalent in foreign language, will be graduated with the degree of Bachelor of Science.

*F. Bachelor's Thesis.*—A bachelor's thesis is not generally required in this college. Students of high standing are, however, encouraged to write thesis in connection with their major studies. Credit toward the degree is given for thesis work only as a part of the work in some course for which the student is registered. The presentation of a thesis is specifically required of all candidates for the honor degree.

On the recommendation of President James and on motion of Dr. Montgomery, the requirements for graduation from the College of Liberal Arts and Sciences outlined above were approved.

#### RESEARCH WORK IN PHARMACY.

(32) The following statement:

Dr. J. H. Beal, of Selo, Ohio, desires to locate here at the University certain research work in the field of pharmacy, for the prosecution of which he has certain funds at his disposal.

Professor Noyes, Director of the Chemical Laboratory, thinks that this work is valuable in itself and would be of considerable direct benefit to the University of Illinois, and he proposes that the University offer to Dr. Beal, free of charge, the use of two rooms in the Chemical Laboratory, suitable for laboratory and office, which it will cost about \$400 to fit up. Dr. Beal would be expected to provide his own office furniture, cases, etc. But ordinary chemicals and apparatus in moderate amount would be furnished by the University for the researches free of charge. In return for this it is understood that it is Dr. Beal's intention to appoint and pay one or more fellows, graduates of colleges or universities, who will engage in graduate study and work along lines of pharmaceutical research, such appointments being made subject to the approval of the University. These fellows may become candidates for degrees according to the regulations laid down by the graduate faculty, and will be subject to the regulations of the University in these respects. They will be granted the same privileges, as to exemption from laboratory and tuition fees, as are granted to the fellows of the University. This entire arrangement would be for a single year in order to determine as far as possible its value.

On the recommendation of President James and on motion of Mr. Moore, the President of the University was authorized to arrange to have Dr. Beal come to the University for one year to conduct investigations in the field of pharmacy.

#### SUIT STOLEN FROM GYMNASIUM.

(33) A request from Mr. W. J. Robertson, 1204 John Avenue, Champaign, Ill., that the University refund to Miss Miriam Robertson the cost of a suit, which, according to her statement, was stolen from her dressing-room in the gymnasium.

It was the opinion of the Board of Trustees that, while the University will take every precaution to protect the property of students left in or about University buildings, it can not undertake to be responsible for any losses which may occur from fire, theft, or other reason. No action was taken concerning Mr. Robertson's request.

#### SMITH-LEVER BILL FOR AGRICULTURAL EXTENSION.

(34) A letter from the Dean of the College of Agriculture and the Director of the Agricultural Experiment Station concerning the administration of the funds which are likely to come to the University through the working of the Smith-Lever bill passed by the last Congress:

June 8, 1914.

*Dr. Edmund James James, President of the University of Illinois.*

DEAR SIR: On May 8, the president of the United States signed the Smith-Lever Bill entitled "An Act to provide for cooperative agricultural extension work between the agricultural colleges in the several states receiving the benefits of an Act of Congress approved July second, eighteen hundred and sixty-two, and of Acts supplementary thereto, and the United States Department of Agriculture." (H. R. 7951.)

Section 2 of this bill states its purpose as follows:

"That cooperative agricultural extension work shall consist of the giving of instruction and practical demonstrations in agriculture and home economics to persons not attending or resident in said colleges in the several communities, and imparting to such persons information on said subjects through field demonstrations, publications, and otherwise; and this work shall be carried on in such manner as may be mutually agreed upon by the Secretary of Agriculture and the State Agricultural College or colleges receiving the benefits of this Act."

Under the provisions of this Act following its acceptance by the Governor of the State, the University is entitled to receive \$10,000 for the fiscal year beginning July 1, next.

Further benefits are conditioned upon the states appropriating equal amounts for the general expenses set forth in the bill, but the first \$10,000 is unconditional.

Together with my associates I have given much careful thought to the provisions of this bill and its possible consequences both good and evil, and I am prepared to make the following recommendations at this time:

I. That the University urge the Governor to accept the provisions of the Act so far as the first ten thousand dollars are concerned and that he designate this institution as the beneficiary, but that future benefits be conditioned upon the State's meeting the provisions of the bill independent of the mill tax fund of the University; that is, specifically, we are better off without the additional funds than we would be with them if any portion of the offset should be taken from the University mill tax.

II. That the Dean of the College of Agriculture be designated as the immediate administrative officer, through whom the funds should be administered subject to the action of the Board of Trustees upon the recommendation of the President of the University, as in all other matters; and that his title for this purpose be Director of Agricultural Extension Service.

III. That the President of the University be empowered to complete the organization by the selection and appointment of a vice-director to have charge of the immediate details of the work.

IV. That, inasmuch as the work herein begun may extend to prodigious proportions approximating the expenditure of \$275,000 annually within ten years, it is recommended that, so far as is consistent with the purposes of the Act, the actual work shall be done by members of the various departments of the college detailed for the purpose, rather than through an entirely separate extension group organized independent of existing departments—a plan that is certain to lead speedily to conflict in teachings, if not to absolute reproach to the institution. In brief, this recommendation is intended to insure that the head of the Animal Husbandry Department, for example, shall have authority over and may be held responsible for all teachings emanating from the University within the domain of his subject, whether involving students, scientists, or farmers. Any other plan, we hold, would work confusion to departments and to University organization, which should not be subordinated to possible convenience in the administration of a minor fund.

V. That inasmuch as the various departments have already been forced to set aside men for the study of questions of farm organization in which economics rather than chemistry, physics, or biology affords the underlying principles; inasmuch as the indications are strong that all these men studying along the same lines in whatever departments should be organized into a single group with a responsible head; and inasmuch as the essential features of the work contemplated by the Lever Bill are economic rather than otherwise. I therefore recommend that the President of the University be authorized to organize in the College of Agriculture a department of farm organization and administration, and that the vice-director above mentioned shall be a member of this department, possibly its head or associate to the head. (The alternate terms are agricultural economics, which seems to belong not to agriculture but to economics, and farm management, though farm organization and administration seems rather better to describe the field. The specific title is relatively unimportant at this time, but may not be later.)

VI. The Federal Department of Agriculture has large funds with which it contemplates extension work similar to that provided for in the Lever Bill. It

therefore proposes a general plan of cooperation to cover all work of similar kind now or in the future to be undertaken. As the plan can be terminated at any time, I recommend that the President of the University be empowered to authorize the Director of the Agricultural Extension Service to enter into such cooperative plans, provided the cooperation and joint control does not extend to the outside activities necessarily arising out of the needs of research work, as in soil experiments carried on outside the University; that is to say, that extension work should not be made to cover everything undertaken off the University campus; and provided further than the cooperation should not interfere with any plans which the University may desire to develop for the general system of extension service.

I append a copy of the report of a committee consisting of the leading department heads now on the ground. Dr. Hopkins by letter strongly advocates the holding of all work within the limits of a single administrative machine as now, though when the matter was last discussed, he did not believe that there is such a thing as economics in agriculture aside from "common sense."

Respectfully submitted,

E. DAVENPORT, *Dean*.

On the recommendation of President James and on motion of Mr. Hoit, the recommendations of the Dean of the College of Agriculture and Director of the Agricultural Experiment Station in regard to the above matter were approved, and the requisite authority was given to proceed with the administration of the fund, in accordance with the plan outlined above.

#### APPROPRIATION FOR CARE OF PHYSICAL PLANT.

(35) A recommendation from the comptroller that a supplementary appropriation of \$72,000 be made to cover expenses of the physical plant certified by the office of the Supervising Architect for the year ending June 30, 1914, and that any balance in this supplementary appropriation be allowed to lapse on June 30, 1914.

On motion of Mr. Trevett, the sum of seventy-two thousand dollars (\$72,000), or so much thereof as may be required, was appropriated to cover expenses of the physical plant certified by the office of the supervising architect. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Montgomery, Mr. Trevett, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Dunne, Mr. Meeker, Mr. Moore.

#### MEETING OF THE COMMITTEE ON BUILDINGS AND GROUNDS.

President Abbott presented the following minutes of a meeting of the Committee on Buildings and Grounds, which were received for record:

A meeting of the Committee on Buildings and Grounds was held on May 2, 1914. Present: President Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, and Mr. Moore.

The Supervising Architect presented for approval matters pertaining to boiler-house equipment which were referred to the committee with power at the meeting on March 10.

Contracts were authorized with the Buffalo Scale Company for a track scale to cost \$800 and with the Babcock and Wilcox Boiler Company for 1,000 H.P. of boilers at a contract price of \$10,000.

The Illinois Traction Company's proposition to construct the new coaling track at cost was approved and \$3,500 was authorized as the maximum expenditure.

#### LEGALITY OF DELEGATING SIGNATURE OF WARRANTS.

President Abbott presented also the following communication from Judge O. A. Harker, Legal Counsel, concerning the delegation of the signing of the name of the President of the Board to University warrants:

June 9, 1914.

*Hon. W. L. Abbott, President Board of Trustees, University of Illinois.*

DEAR SIR: Your letter of June 6th concerning the authority of the comptroller and the assistant comptroller to sign your name to University warrants came to my office yesterday while I was in Chicago. This is the first opportunity I have had to comply with your request.

I have looked into the legal phase of the proposition and am pleased to give you the following:

#### OPINION.

(1) There is no law prohibiting the Board of Trustees authorizing its president to direct the comptroller and the assistant comptroller to sign his name to warrants.

(2) The authority given could not extend beyond the president's term of office. In other words, the authority was limited to the term to which you were elected as president. If your term expired on the second Tuesday in March, then neither the comptroller nor the assistant comptroller would have authority to sign your name without a new authorization.

(3) It seems from your letter that on the 22d of last April, the board granted a continuation of the authority, but there was no authority given for the period intervening the expiration of your term as president and the 22d of April. The signatures during that period are not, therefore, regular. I would suggest that a resolution ratifying the act of the comptroller and the assistant comptroller for that period of time be passed.

Respectfully,

O. A. HARKER,

*Legal Counsel.*

On motion of Dr. Montgomery, the following preamble and resolutions were adopted:

WHEREAS, The Board of Trustees on the 11th day of March, 1913 (see page 199), authorized its president, W. L. Abbott, to direct the comptroller and assistant comptroller to attach his signature to University warrants issuing from the office of the comptroller, and

WHEREAS, The comptroller and assistant comptroller acting under such directions each did from time to time between the 10th of March and the 22d of April, 1914, attach the signature of said W. L. Abbott to divers and sundry University warrants, without further authority than that contained under the order of the 11th day of March, 1913; be it

*Resolved*, That the acts of the comptroller and assistant comptroller wherein they or either of them attached to University warrants the signature of W. L. Abbott as president, between the dates of March 10 and April 22, 1914, are hereby approved and ratified.

Eight thousand dollars was appropriated for rebates to students.

One thousand seven hundred and fifty dollars was transferred from Hatch fund nitrogen fixation to Hatch fund dairy.

At a meeting of the Board of Trustees, held on April 22, 1914, an appropriation of \$150 was made to romance languages.

We are sending you herewith a copy of the report prepared by the comptroller of the University, Mr. George E. Frazer, covering the quarter under audit. We have verified the cash receipts, disbursements, and cash balances (except petty funds) at March 31, 1914; the reconciliations between the accounts of the business office and the accounts of the University treasurer and of the State Auditor of Public Accounts; and the appropriation balances of the budget of the Board of Trustees at March 31, 1914.

We have not verified the following petty cash funds:

Vice-Director, Agricultural Experiment Station .....	\$600 00
Secretary, College of Medicine .....	300 00
Actuary, School of Pharmacy .....	250 00

We were not called upon to verify the incumbrance against the appropriations, but, from our examination of these records, we believe that the accounts are accurate, with the exception of outstanding orders which have been canceled, but which cancellation was not reported to the business office.

Your attention is called to the fact that at present there is no reliable data incorporated in the books so as to show the cost of repairing any particular building. We understand that improved methods of handling repairs are now under advisement.

Subject to the foregoing, therefore, we certify that the various schedules as contained in the report of the comptroller correctly present the transactions of the quarter ended March 31, 1914, and that they are in accordance with the books.

Yours very truly,

UNITED STATES AUDIT CO.,

By WHITNEY B. FLERSHEM, *Manager*,

*Certified Public Accountant.*
