### Engineering Experiment Station Cooperative Investigations

#### Salaries and Wages

##### ENAMEL STANDARDS

1. F. A. Peterson, Special Research Assistant Professor of Ceramic Engineering (Until July 1, 1944)..... G \$ 3 600

##### CERAMIC COATINGS FOR DISPOSAL SYSTEMS

1. D. G. Bennett, Special Research Professor of Ceramic Engineering (Until further notice)..... G 6 000
2. C. M. Andrews, Special Research Assistant Professor of Ceramic Engineering (Until July 1, 1944)..... G 4 000
- Total, Ceramic Coatings for Disposal Systems*..... (10 000)

##### SOLUBILITY OF BOILER WATERS

1. F. G. Straub, Special Research Professor of Chemical Engineering (S) (Until further notice)..... G48 2 400
- (From Trust O.E.M.—102 Comings)..... G52 (2 600)
- (Total salary)..... (5 000)
2. H. A. Grabowski, Special Research Assistant in Chemical Engineering (S) (Until further notice)..... G 2 600
- Total, Solubility of Boiler Waters*..... (5 000)

##### BONDING CLAY PROPERTIES

1. F. L. Cuthbert, Special Research Associate in Petrography and Mechanical Engineering (Until further notice) G 3 000
2. ———, Special Research Associate in Mechanical Engineering and Petrography (Until further notice) G 2 500
3. G. R. Hauersperger, Assistant Laboratory Attendant (S) (C.S.) (Until further notice)..... G 1 200
- Total, Bonding Clay Properties*..... (6 700)

##### HEATING AND VENTILATION

1. ———, Special Research Assistant in Mechanical Engineering (Until further notice)..... G 1 800

##### IBR—STEAM AND HOT WATER HEATING

1. W. S. Harris, Special Research Associate in Mechanical Engineering (S) (Until further notice)..... G 3 600
2. R. J. Martin, Special Research Assistant in Mechanical Engineering (S) (On leave without pay, 1943-1944, for military service)..... G (2 000)
3. ———, Special Research Assistant in Mechanical Engineering (S)..... G 2 000
- (Vice Martin on leave without pay)
4. Helen McDonnell, Junior Clerk-Stenographer (S) (C.S.) D 440
- (See Mechanical Engineering)..... (880)
- (Total salary)..... (1 320)
- Total, IBR Steam and Hot Water Heating*..... 6 040

## WARM AIR FURNACE RESEARCH

1. Seichi Konzo, Special Research Associate Professor of Mechanical Engineering (S) (Until further notice) G 4 000
2. ———, Special Research Assistant in Mechanical Engineering (S) (Until further notice)..... G 2 000
- Total, Warm Air Furnace Research.....* (6 000)

## N.D.R.C. INVESTIGATION 241 (O.E.M. KERST)

1. J. P. Girard, Research Engineer in Physics (Until further notice)..... G 2 640
2. ———, Special Research Assistant in Physics (Until further notice)..... G 1 800
3. O. H. Marshall, Junior Laboratory Attendant (S) (C.S.) D90 1 620  
(See Physics)..... D10 (180)  
(Total salary)..... (1 800)
- Total, O.E.M. Kerst.....* (6 060)

## CONCRETE SLAB INVESTIGATION

1. V. P. Jensen, Special Research Associate Professor of Theoretical and Applied Mechanics (S) (Until further notice) (On leave without pay, 1943-1944, for approved war work)..... G (4 200)
2. C. P. Siess, Special Research Associate in Theoretical and Applied Mechanics (S) (Until further notice).... G 3 300
- Total, Concrete Slab Investigation.....* (3 300)

## LEAD SHEATH MATERIALS

1. C. W. Dollins, Special Research Assistant Professor of Engineering Materials (S) (Until further notice).. G 3 450

## N.D.R.C. INVESTIGATION 904 (O.E.M. RICHART)

1. H. C. Roberts, Special Research Associate in Theoretical and Applied Mechanics (S) (Until further notice) G 3 900
2. C. F. Shriver, Special Research Assistant in Theoretical and Applied Mechanics (S) (Until further notice) G 2 000
3. R. B. Peck, Research Assistant Professor (S)..... D13 500  
(See Civil Engineering)..... D87 (3 500)  
(Total salary)..... (4 000)
- Total, O.E.M. Richart.....* (6 400)

## RAILS INVESTIGATION

1. R. E. Cramer, Special Research Associate Professor of Engineering Materials (S) (Until further notice).. G50 2 300  
(See Wheel Loads and Joint Bars)..... G50 (2 300)  
(Total salary)..... (4 600)
2. N. J. Alleman, Special Research Associate Professor of Engineering Materials (S) (Until further notice).. G50 2 125  
(See Wheel Loads and Joint Bars)..... G50 (2 125)  
(Total salary)..... (4 250)
3. R. S. Jensen, Special Research Associate in Engineering Materials (S) (Until further notice)..... G50 1 485  
(See Wheel Loads and Joint Bars)..... G50 (1 485)  
(Total salary)..... (2 970)
- Total, Rails Investigation.....* (5 910)

## WHEEL LOADS AND JOINT BARS

1. R. E. Cramer, Special Research Associate Professor of Engineering Materials (S) (Until further notice).. G50 2 300  
(See Rails Investigation)..... G50 (2 300)  
(Total salary)..... (4 600)
2. N. J. Alleman, Special Research Associate Professor of Engineering Materials (S) (Until further notice).. G50 2 125  
(See Rails Investigation)..... G50 (2 125)  
(Total salary)..... (4 250)
3. R. S. Jensen, Special Research Associate in Engineering Materials (S) (Until further notice)..... G50 1 485  
(See Rails Investigation)..... G50 (1 485)  
(Total salary)..... (2 970)
- Total, Wheel Loads and Joint Bars.....* (5 910)

**COLLEGE OF AGRICULTURE AND AGRICULTURAL  
EXPERIMENT STATION**

**Summary**

<i>College</i>	<i>Salaries and Wages</i>	<i>Other Expense</i>	<i>Total</i>
Administration:			
General .....	\$19 540	\$4 590	\$24 130
Aids to Vocational Agriculture Teachers .....	8 300	1 700	10 000
Agricultural Economics .....	21 740	430	22 170
Agricultural Engineering .....	17 189	1 175	18 364
Agronomy .....	31 054	1 850	32 904
Animal Husbandry .....	48 767	23 965	72 732

# MEETING OF THE BOARD OF TRUSTEES

OF THE

## UNIVERSITY OF ILLINOIS

---

**October 29-30, 1943**

**With Executive Committee Meetings of  
September 10 and 30 and October 19, 1943**

The October meeting of the Board of Trustees of the University of Illinois was held at the Illini Union Building, at Urbana, at 6 p.m. on Friday, October 29, 1943.

The following members were present: President Livingston, Mr. Davis, Mr. Forno, Mrs. Grigsby, Mr. Karraker, Mr. McKelvey, Mr. Nickell.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. J. F. Wright, Director of Public Information, and, during part of the evening, Mr. Newton C. Farr, negotiator.

### MINUTES APPROVED

The Secretary presented the minutes of the meeting of August 30-31, 1943.

On motion of Mr. Davis, the minutes were approved as printed on pages 487 to 716 above.

**MEETINGS OF THE EXECUTIVE COMMITTEE**

The Secretary presented for record minutes of meetings of the Executive Committee held September 10 and 30 and October 19, 1943.

**MEETING OF THE EXECUTIVE COMMITTEE**

SEPTEMBER 10, 1943

The Executive Committee met at the University Club, Chicago, on September 10, 1943, with Mr. Park Livingston and Mr. Chester R. Davis present. Mr. Lloyd Morey, Comptroller, acted as clerk.

The Committee considered the proposal of the Northwestern Mutual Life Insurance Company for an exchange of University of Illinois Foundation Student-Faculty Union Building Trust  $3\frac{1}{2}\%$  bonds for an equal par value of bonds bearing interest at the rate of  $3\frac{3}{4}\%$  per annum, under the same conditions of call as in the original bond issue, to be issued by the University of Illinois, which matter was referred by the Board of Trustees to the Committee for consideration and action.

After discussion, the members of the Committee present voted to accept the proposal, provided that all legal matters can be cleared satisfactorily. Mr. Jensen, the member of the Committee who was not present, was contacted by telephone, and concurred in this conclusion.

The Executive Committee adjourned.

LYLOYD MOREY  
*Clerk, Pro Tempore*

PARK LIVINGSTON, *Chairman*  
CHESTER R. DAVIS  
FRANK A. JENSEN

**MEETING OF THE EXECUTIVE COMMITTEE**

SEPTEMBER 30, 1943

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the University Club, in Chicago, at 12:30 p.m. on Thursday, September 30, 1943. All the members of the Committee were present: Mr. Park Livingston, Chairman, Mr. Chester R. Davis, and Mr. Frank A. Jensen. President A. C. Willard was present, also Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and, during the first part of the afternoon, Professor James J. Doland, Supervising Engineer during the construction of the airport, Mr. Newton C. Farr, negotiator, Mr. William C. Knoepfle, Airport Engineer with the Civil Aeronautics Administration, Mr. Amos H. Watts and Mr. Spencer LeRoy, of Chapman and Cutler, and Judge John H. Armstrong, representing owners of land.

**Contracts for Purchase of Land for Airport**

Contracts, already signed by the owners of land, were presented for the purchase of 520 acres of land as part of the site for the airport at a total price of \$183,400. Mr. Watts stated that the contracts were in proper legal form; Mr. Farr recommended, and President Willard concurred, that the President and the Secretary of the Board be authorized and directed to execute the contracts as presented, and that the Comptroller be authorized and directed to make the necessary payments.

Mr. Knoepfle stated that the construction of the airfield could start with the acquisition of the central tract, but that possession must be obtained by March 1, 1944, and that the University must make a declaration of intent to secure the additional land for the runways.

On motion of Mr. Davis, this purchase was authorized as recommended, by unanimous vote. The purchase of the dwellings on the Stout, Koss, and Burt land was authorized, to be paid from funds other than the appropriation for the purchase of land.

The contracts were duly executed and earnest payments were made to Judge Armstrong as indicated below.

### Summary of Purchases and Conditions

The descriptions of the parcels of land covered by the contracts executed September 30, 1943, and other pertinent information, are given below.

John B. Burt, 160 acres—The Southwest Quarter (SW $\frac{1}{4}$ ) of Section Two (2), Township Eighteen (18) North, Range Eight (8) East of the Third Principal Meridian, situated in the County of Champaign, in the State of Illinois. Total price, \$56,800; less taxes, \$241.43; due, \$56,558.57. (House to be purchased for \$1,000).

Walter C. Fisher and Maude G. Fisher, 40 acres—The Southwest Quarter (SW $\frac{1}{4}$ ) of the Northwest Quarter (NW $\frac{1}{4}$ ) of Section Eleven (11), Township Eighteen (18) North, Range Eight (8) East of the Third Principal Meridian, situated in the County of Champaign, in the State of Illinois. Total price, \$13,000; less advance payment made September 30, 1943, \$1,300; due, \$11,700.

August F. Koss, 120 acres—The Northwest Quarter (NW $\frac{1}{4}$ ) of the Northwest Quarter (NW $\frac{1}{4}$ ), and the East half (E $\frac{1}{2}$ ) of the Northwest Quarter (NW $\frac{1}{4}$ ), of Section Eleven (11), Township Eighteen (18) North, Range Eight (8) East of the Third Principal Meridian, situated in the County of Champaign, in the State of Illinois. Total price, \$42,600; less taxes, \$230.94 and advance payment, \$4,260; due \$38,109.06. (House to be purchased for \$1,500).

Louis Roy Stout and Zelma Z. Stout, 160 acres—The Northeast Quarter (NE $\frac{1}{4}$ ) of Section Ten (10) in Township Eighteen (18) North, Range (8) East of the Third Principal Meridian, situated in the County of Champaign, in the State of Illinois.

Louis Roy Stout and Zelma Z. Stout, 40 acres—The Northwest Quarter (NW $\frac{1}{4}$ ) of the Southeast Quarter (SE $\frac{1}{4}$ ) of Section Ten (10), in Township Eighteen (18) North, Range Eight (8) East of the Third Principal Meridian, situated in the County of Champaign, in the State of Illinois. Total price, two parcels, \$71,000; less taxes, \$259.80 and advance payment, \$8,520; due, \$62,220.20. (House to be purchased for \$1,000).

### Matters Presented by President Willard

Following the action on the purchase of land for the airport, Mr. Davis, Professor Doland, Mr. Farr, Mr. Knoepfle, Mr. Watts, Mr. LeRoy, and Judge Armstrong withdrew, and the Executive Committee considered the following matters presented by the President of the University.

### Accountants Examining Board

(1) The University Committee on Accountancy presents a list of five accountants to be appointed as a special examining board under the Accountancy Act of 1943, which supersedes the Acts of 1903 and 1927.

It should be noted that these examiners are to be appointed by the University *with the approval of the Department of Registration and Education*. Consequently, any action taken by the Board of Trustees should be contingent on the approval of the Director of the Department of Registration and Education.

Action on this matter was deferred, pending a conference with Director F. G. Thompson of the Department of Registration and Education.

### Board of Examiners for Certified Public Accountants

(2) In addition to providing for the appointment of the special five-man board to determine the eligibility of Public Accountants for the certificate of Certified Public Accountant, the Accountancy Act of 1943 provides for the continuation of the regular board of three examiners to conduct the C.P.A. examinations as heretofore.

The University Committee on Accountancy recommends the following appointments to the Board of C.P.A. examiners:

For the one year term, Mr. Roy Andreae, C.P.A., Price, Waterhouse & Company, 33 North LaSalle Street, Chicago.

For the two year term, Mr. Andrew J. Dallstream, Pam, Hurd & Reichmann, 231 South LaSalle Street, Chicago.

For the three year term, Mr. Frank Ahlforth, Arthur Young & Company, 1 North LaSalle Street, Chicago. Mr. Ahlforth is a partner in the firm of Arthur Young & Company, a member of the American Institute of Accountants and the Illinois Society of Certified Public Accountants. From 1935 through 1938 he was Secretary of the Illinois Society. In 1941-1942 he was Vice-President and in 1942-1943 he was President of the Society. He is strongly endorsed as a member of the Board by all accountants whom the members of the Committee have consulted.

Mr. Ahlforth holds the C.P.A. certificates of Utah, Iowa, and California. He is entitled to receive the Illinois certificate by reciprocity under the new Accountancy Act. His application therefor has been received by the Committee and he is being recommended separately for the certificate.

Mr. Andreae and Mr. Dallstream have served one and two years respectively under the former Act. Mr. Ahlforth is a new member.

All appointments to this board should date from July 1, 1943, when the new Accountancy Act became effective.

I recommend approval of these appointments.

On motion of Mr. Jensen, these appointments were made as recommended.

### **Compensation of Accountancy Examiners**

(3) The Accountancy Act of 1943 provides that the University of Illinois shall determine the "reasonable compensation" for the members of the two boards of examiners created by this Act.

The C.P.A. Act for 1903 provided \$10 a day, which has not been adequate. The University Committee on Accountancy recommends that compensation for each member of both boards shall be \$25 per eight-hour day. This compensation is the amount received by members of special boards of the Federal Government. The income from examination fees paid by candidates for C.P.A. certificates will be adequate to cover the expenses of administering the law, including this rate of compensation for the examiners.

I recommend approval.

On motion of Mr. Jensen, this recommendation was adopted.

### **Award of C. P. A. Certificates**

(4) Under the Accountancy Act of 1943 the certificate of Certified Public Accountant may be awarded to the following members of the accounting profession without examination:

1. Holders of unrevoked C.P.A. certificates of other states or territories of the United States or the District of Columbia who are also holders of unrevoked certificates of registration as public accountants in Illinois, as provided in Section 4 (a) (1) of the Accountancy Act of 1943.

2. Holders of unrevoked certificates of registration as Public Accountants in Illinois received on the basis of regular examinations given by the Board of Examiners of the State Department of Registration and Education pursuant to an act of the General Assembly of Illinois in force July 1, 1927. (This act has subsequently been repealed and superseded by the Act of 1943).

3. Holders of unrevoked C.P.A. certificates of any other state, territory, or the District of Columbia as provided in Section 5 of the Accountancy Act of 1943.

The Committee on Accountancy presents herewith the following candidates who have qualified for the certificate of Certified Public Accountant under the Accountancy Act of 1943 and recommends the award of the certificates in these cases. I concur in this recommendation.

1. Holders of unrevoked C.P.A. certificates of other states or territories of the United States or the District of Columbia who are also holders of unrevoked certificates of registration as public accountants in Illinois (Section 4 (a) (1)):

FRANK AHLFORTH (Utah)	HERSCHEL RAYMOND McCUSKEY (Tenn.)
CYRIL MICHAEL BEDEL (Ind.)	JOSEPH WILLIAM NORTH (Wis.)
FRANKLIN DAVID BLUMENFELD (Wis.)	ARTHUR LAWRENCE PODOLAK (Ind.)
JACOB WILLIAM COHEN (Tenn.)	WAYNE E. POLLARD (Wis.)
DIX DARIUS DEWEY (Ind.)	LAWSON LESLIE PUTNAM (Ky.)
BARNETT HENRY FISCHER (Tenn.)	ORRIN ARTHUR REDMAN (Iowa)
WILLIAM ALBERT GAMBER (Ind.)	JOSEPH CLATUS SCHAFER (Ind.)
CYRUS GARFIELD (Ohio)	MARK BENJAMIN SCHREINER (Ind.)
CHARLES J. GAST (Ohio)	MILTON MARSHALL STONE (Conn.)
REGINALD HENRY ALFORD GREEN (Ind.)	HARRY EDWARD TAYLOR (La.)
ALFRED HOFFENBERG (Ky.)	LELAND EDWARD TERRY (Wis., Mich.)
JOSEPH MICHAEL KANE (Ind.)	TORBERT VICKROY (Ind.)
PORTER MARVIN LARSON (Ohio)	ARCHIBALD FREDERICK (Minn.)

2. Holders of unrevoked certificates of registration as public accountants in Illinois received on the basis of the regular semi-annual written examination given by the Board of Examiners of the Department of Registration and Education (Section 4 (a) (2)):

JOSEPH L. ADELMAN	HUGH KINKADE
BERTRAM HOLT ALLISON	JOSEPH ARTHUR KOVAC
CATHERINE COOK AGNOST	WILLIAM ENOCH KRIEGER
CRAIG ATKINSON	IRWIN KULWIN
SAMUEL SOLOMON BECKER	EDWARD PATRICK LEE
ALEX BLOOM	SPENCER DIXON LORTON
MAX BREGMAN	HOWARD FRED MACNEIL
JOHN ROBERT BURNS	ANTHONY JOSEPH MANN
VINCENT JOSEPH CAVANAUGH	JOHN WASHBURN MATHEWS
PHILIP CHARLES CORRADO	HERMAN LLOYD MILLER
WAYNE ERWIN DYMOND	ROLAND ROBERT MOORE
MITCHELL IRVING ELLIN	BEN MUCHNIK
EARLE FREDERICK ERION	JOHN J. MUSZYNSKI
BERNARD FELDMAN	EDMUND JOHN OLSAK
ROY FEY	HOBERT LUTHER PEER
WALTER HAROLD FLOERKE	Mrs. MAGDALENE MCGARRY PERSHING
BENJAMIN FRANKLIN	EARL E. RICHARDSON
SOLOMON ZAVEL FRIEDMAN	FRED EUGENE RINGHAM
SOL GARDNER	GEORGE RISH
LOUIS SAMPSON GEISMAN	DAVID ROBBINS
PHILIP ALFRED GINTZLER	ROBERT GIBSON ROCKWELL
VICTOR MORETTI GIRONI	ROBERT WALTER SENECA
DONALD LANDON GLASS	MAURICE H. SHAPIRO
JACOB GOODMAN	MAURICE SHIFRIS
WALTER CLATFELTER HALE	HERMAN STERLING SILVER
ARTHUR STEDRY HANSEN	STEPHAN TROLL
RUSSELL PAUL HUGHES	MICHAEL JOSEPH TROMAN
IRA JAY KAPLAN	PHILIP WILLIAM VINEYARD
SIDNEY GARB KARRAS	RALPH BICKNELL WASCHER
JOHN HENRY KELKER	MARY THELMA WASHINGTON
JOHN MCFARLAND KEYSER	SAMUEL H. WEBER
KARL JOSEPH KIEPURA	HARVEY YORMARK
STANLEY KIMMEL	LOUIS ZALMAN

3. Holders of unrevoked C.P.A. certificates of any other state, territory, or the District of Columbia as provided in Section 5 of the Accountancy Act of 1943:

PAUL JOSEPH FOLEY (Md.)	KOSTI WILLIAM KOHTALA (Ky.)
LYLE WILBUR HINES (Minn.)	

On motion of Mr. Jensen, these certificates were awarded as recommended.

#### Purchase of Dairy Products for Army Personnel

(5) The Comptroller and the Purchasing Agent recommend that a contract be placed with the Rantoul Sanitary Milk Company, Rantoul, Illinois, to supply milk

and dairy products for feeding army personnel in training at the University for six months beginning October 1, 1943, on the basis of the following quotations:

<i>Product</i>	<i>Size</i>	<i>Price Unit</i>	<i>Rantoul Sanitary Milk Company Bid</i>
Bottled Homogenized Milk, 3.4% fat..	½ pt.	½ pt.	\$ .03
Cream, Coffee—19% fat.....	1 gal.	5 gal.	6.00
Cream, Substandard—12% fat.....	1 gal.	5 gal.	4.50
Skimmed Milk.....	1 gal.	5 gal.	.75
Buttermilk.....	1 gal.	5 gal.	1.50
Cottage Cheese, Creamed, 4½% fat..	1 lb.	1 lb.	.10
Chocolate Drink—2% fat.....	½ pt.	½ pt.	.03

The total estimated cost of this contract is approximately \$59,472.00.

The contract provides that the Company agrees to sell and the University agrees to buy whatever quantity of milk and milk products, and of the standard specified, is required in feeding army personnel in the Ice Rink mess hall. If, during the life of the contract, the Company is unable to furnish any product the University may buy it on the open market and charge the Company the difference between the price on the open market and the contract price.

Specifications were sent to five dairies with a request for competitive quotations. The Rantoul Sanitary Milk Company is the only one which can supply the amount of products required.

I concur.

On motion of Mr. Jensen, this contract was authorized as recommended.

#### **Appointment of Professor H. T. Scovill as Acting Dean of College of Commerce and Business Administration**

(6) I recommend that Professor H. T. Scovill, Head of the Department of Business Organization and Operation, be appointed Acting Dean of the College of Commerce and Business Administration beginning September 16, 1943, and continuing until further notice, and that he be paid additional compensation for such service at the rate of \$1,000 a year.

On motion of Mr. Jensen, this appointment was made as recommended.

#### **Waiver of Thesis Deposit Requirement**

(7) A candidate for the degree of Doctor of Philosophy is required to deposit \$75 with the University to assure later publication of his thesis. This money is refunded if the student publishes his thesis, or a suitable abstract thereof, and supplies the Graduate School with 100 copies.

Several graduate students, particularly in Chemistry and Physics, are engaged in confidential research work on war problems which the University is doing for the Federal Government. There are many cases in which this confidential research involves all the elements of science and educational training which meet the thesis requirements for the degree of Doctor of Philosophy. Moreover, suitable members of the Graduate School faculty are themselves engaged in this research work and have been cleared by the Federal Government so that they have right of access to the confidential material.

It is not possible for a graduate student engaged in such research work to publish a doctor's thesis or even an abstract of it. It is therefore obviously unfair to require the deposit for the printing of a thesis or abstract, and I therefore recommend that the Board authorize waiving this deposit on approval of the Dean of the Graduate School.

On motion of Mr. Jensen, this recommendation was adopted.

#### **Appointment of Miss Marietta Stevenson as Professor of Social Administration**

(8) A report of the appointment of Miss Marietta Stevenson as Professor of Social Administration on indefinite tenure beginning September 1, 1943, at a salary of \$5,500.

On motion of Mr. Jensen, the action of the President of the University in making this appointment was approved and confirmed.

### Charles H. Booth Estate

(9) On June 19, 1943 (Minutes, page 399), the Board of Trustees authorized the sale of the Charles H. Booth farm in Knox County at not less than \$100 an acre, and the College of Agriculture was authorized to negotiate for the sale of this land.

In these negotiations the Dean of the College of Agriculture and Director of the Agricultural Experiment Station has been working with Mr. Frank H. McKelvey of the Board. The Dean reports that he has negotiated for the sale of this property to Fred W. Nichols for \$28,200 subject to a commission of \$700 to be paid Mr. A. J. Cline, Realtor, 428 Bank of Galesburg Building, Galesburg, Illinois, who has been representing the University in finding a buyer. The possession of the farm will go to Mr. Nichols on March 1, 1944. The University will receive a net cash payment of \$27,500 plus the landlord's share of the 1943 crops. The University has accepted a down payment of \$2,000 from Mr. Nichols and this has been deposited in the Bursar's Office.

When all of this money is available the Finance Committee will be advised so that it may recommend a suitable investment. Further recommendations will be made to the Board for the use of the income from this fund.

This report was received for record.

### Authority to Confer Degrees

(10) I request authority to confer degrees on October 3 on such candidates as may be certified by the University Senate as having completed the requirements for graduation during the semester just ended.

On motion of Mr. Jensen, this authority was granted.

The Executive Committee adjourned.

H. E. CUNNINGHAM  
*Clerk*

PARK LIVINGSTON, *Chairman*  
CHESTER R. DAVIS  
FRANK A. JENSEN

## MEETING OF THE EXECUTIVE COMMITTEE

OCTOBER 19, 1943

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 3 p.m. on Tuesday, October 19, 1943. All the members of the Committee were present: Mr. Park Livingston, Chairman, Mr. Chester R. Davis, and Mr. Frank A. Jensen; also Mr. Lloyd Morey, Comptroller, Mr. H. E. Cunningham, Secretary, Mr. Newton C. Farr, negotiator, Mr. William C. Knoepfle, Airport Engineer, and Mr. Amos H. Watts and Mr. Spencer LeRoy, of Chapman and Cutler.

### Purchase of Land for Airport

Mr. Farr reported on the negotiations for the purchase of land for the University airport, and presented contracts, prepared by Chapman and Cutler, covering the following purchases:

Eliza J. Hall, Dr. Clair B. Hall, Clifford R. Hall, George E. Hall, and Eulalia H. Vinson, 180 acres—The Southeast Quarter (SE $\frac{1}{4}$ ) and the East Half (E $\frac{1}{2}$ ) of the Northeast Quarter (NE $\frac{1}{4}$ ) of the Southwest Quarter (SW $\frac{1}{4}$ ) of Section Three (3) Township Eighteen (18) North, Range Eight (8) East of the Third Principal Meridian, situated in the County of Champaign, in the State of Illinois. Acre price, \$310; total, \$55,800; sellers to pay 1943 taxes; University to pay title expenses and attorneys fees up to \$250, and revenue stamps, \$61.60. Earnest payment, \$5,580; balance on approval of title and delivery of deed.

Thomas McMahon and Mary A. McMahon, 22.57 acres—The South Six Hundred Sixty (660) feet of that part of the Northwest Quarter (NW $\frac{1}{4}$ )

of Section Two (2), Township Eighteen (18) North, Range Eight (8) East of the Third Principal Meridian, lying East of the West Seventy (70) acres of said Northwest Quarter (NW $\frac{1}{4}$ ), containing twenty-two and fifty-seven hundredths (22.57) acres more or less. Acre price, \$300; total, \$6,771; sellers to pay 1943 taxes; earnest payment, \$667; balance on approval of title and delivery of deed.

Mr. Farr stated that with the approval of these contracts, the purchase of 722.57 acres will have been arranged, at a total cost of approximately \$245,280 for the land, to which is to be added approximately \$1,200 title expenses, \$542 appraisals, and the fees of the attorneys and negotiators; that there remain to be purchased 3 acres of the Ross farm and 40 acres from Troutman, making 765.57 acres in all.

On motion of Mr. Jensen, the contracts for the purchase of the Hall and McMahon land were approved, and the President and the Secretary were authorized to execute them, and the Comptroller to make the necessary payments.

On motion of Mr. Jensen, the proper officers were authorized and instructed to proceed immediately to take the necessary steps to secure the vacation of all easements for highways within the area of the airport.

It was the opinion of the Executive Committee that immediate steps should be taken to institute proceedings for condemnation of the forty acres owned by Mr. Troutman if he still refuses to sell at a reasonable price.

#### **Matters Presented for President Willard**

The Secretary presented the following matters at the request of the President of the University.

#### **Appropriation of Airport Improvements Fund**

(1) The Board of Trustees has given the Executive Committee authority to take all actions necessary in connection with the new airport (Minutes, August 30, 1943, page 489). I recommend that the Executive Committee appropriate the sum of \$500,000, appropriated by the General Assembly for permanent improvements and equipment in connection with the Airport, for the purposes specified by the General Assembly, subject to the usual rules of the Board with respect to purchases, contracts, and other expenditures.

At the request of Professor J. J. Doland, the supervising engineer, endorsed by the Director of the Physical Plant and the Comptroller, I further recommend that the sum of \$20,000 be allotted from this appropriation for engineering investigations, travel, studies, preparation of designs and specifications related to the formulation of complete and adequate building requirements, incidental office expense, construction of models, and other items necessary for the development of an adequate program, with the understanding that any unused balance of this allotment will revert to the general appropriation.

On motion of Mr. Jensen, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

#### **Appropriation for Damages to Crops on University Airport Area**

(2) The University entered into agreements with the owners and operators of the farms in the University of Illinois airport area whereby the latter granted permission to representatives of the University to go upon their lands for the purpose of making surveys and appraisals and the University agreed to reimburse them for any damages to crops. Such agreements were necessary to enable Civil Aeronautics Administration engineers to make surveys of the area, as well as for other purposes.

The agreements provide that damages shall be determined by an appraiser representing the landowners and one representing the University; in the event the two do not agree, they shall appoint a third, and the decision of the majority shall prevail.

I hereby present to the Secretary of the Board for record signed reports of appraisals of damages caused by surveys as follows:

A. F. Koss.....	\$ 31 40
T. A. Burt (E. S. Bell, tenant).....	28 50
Walter Fisher.....	13 05
Roy Stout (Lyle Fisher, tenant).....	46 50
<i>Sub-total</i> .....	<u>\$119 45</u>
Paul Butlin, Appraiser.....	10 00
<i>Total</i> .....	<u>\$129 45</u>

This does not include all the farms within the airport area, and other reports will be submitted later.

I recommend that the Board authorize: (1) payment of damages in the above cases; (2) payment of damages in other cases to be presented; (3) an appropriation of \$250, or so much thereof as may be necessary, from the General Reserve Fund for the payment of these claims and any expenses involved in determining the damages.

On motion of Mr. Davis, payments were authorized and the appropriation made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

#### Purchases Recommended

(3) The Comptroller recommends that the following purchase, submitted by the Purchasing Agent, be authorized:

One lot of Cold Spring Granite Co.'s "Pearl White" Granite Steps for north entrance to the Library Building, and one lot for north entrance on west side of Commerce Building, from the Illinois Cut Stone Company at their price of \$1,739. This purchase is requested by the Physical Plant Department. Bids were sent to four firms, this firm being the only one to send in its bid.

Funds are available in the budget for this purpose.

On motion of Mr. Jensen, these purchases were authorized as recommended.

#### Appropriation for Test Holes for New Wells

(4) The Director of the Physical Plant has reported that water consumption from the University water system is of such an amount that it reduces the reserve supply below a satisfactory minimum and that the local water system can not be depended upon satisfactorily to take care of this deficiency. He requests a special appropriation of \$1,000 for drilling test holes to determine possible locations for a new well.

The Comptroller recommends this appropriation from the General Reserve, and I concur.

On motion of Mr. Jensen, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

#### Reappropriation for Grading West of First Street

(5) On June 24, 1941 (Minutes, page 317), the Board, on recommendation of the Committee on Special Appropriations and Non-Recurring Expenditures, appropriated \$3,000 to finish grading along construction and other improvements in the area west of First Street and north of Stadium Drive. Due to various circumstances, only a small amount of work could be done on this project, and an unused balance of \$2,690 was lapsed into the General Reserve. The Physical Plant Department now finds it possible to complete this work and advises that the original area has been somewhat increased since the appropriation was first made. The Director of the Physical Plant therefore requests an appropriation of \$3,000 to complete this work, which to a considerable extent would be a reappropriation of the amount originally allotted.

I concur in this recommendation.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

**Appropriation of Funds for Prepayment of Bonds on  
Illini Hall and Arcade Building**

(6) The Board of Trustees on July 28, 1943 (Minutes, page 462), approved a plan for prepayment of first mortgage bonds on Illini Hall (Student Center) and Arcade Building for which a special appropriation of \$115,000 was made by the General Assembly. However, through an oversight, a record of the appropriation of this fund was not made.

I recommend that the Executive Committee appropriate this fund of \$115,000 for the retirement of these bonds in accordance with the action of the General Assembly and the previous action of the Board.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

**Adjustment in Budget of Athletic Association**

(7) The Board of Directors of the Athletic Association has made an appropriation of \$1,000, or so much thereof as may be necessary, for medical services for Mr. L. M. Tobin, Director of Publicity for the Association, during his recent critical illness. The Directors request approval of this appropriation in recognition of the twenty-four years of service Mr. Tobin has rendered.

The Comptroller presented this proposal for the President of the University.

On motion of Mr. Davis, this proposal was referred to the Committee on Athletic Activities for study and report to the Board of Trustees at the next meeting.

The Executive Committee adjourned.

H. E. CUNNINGHAM  
*Clerk*

PARK LIVINGSTON, *Chairman*  
CHESTER R. DAVIS  
FRANK A. JENSEN

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**CHANGE IN RESIDENCE REQUIREMENTS FOR GRADUATION  
OF FORMER STUDENTS IN MILITARY SERVICE  
AT OTHER UNIVERSITIES**

(1) The University Senate recommends that the general requirements for the bachelor's degree be amended by the addition of the following statement:

"Students whose progress has been interrupted by call to armed services, and who have subsequently (as members of the armed services) taken work which is acceptable by transfer as satisfying the requirements of their curricula, may be considered to have fulfilled the residence requirement if they have had either the junior year or the second semester of the junior year and the first semester of the senior year at the University of Illinois."

The present residence requirement is that either the first three years or the last year of work towards the bachelor's degree must be done in residence at the University. A number of University of Illinois students who have been called into military service and who have pursued a V-12 program at another university, or have taken some other work under military supervision which can be transferred to University of Illinois records and which may complete the curricular requirements of their degrees, are prevented from graduation because they are unable to fulfill the residence requirements. They have had neither the first three years in residence here, nor the last year. Their intention when transferring to the University of Illinois was to go through to their degrees, and their program has been interrupted through no fault of their own. It seems hardly fair to deny them their degrees if they have done a substantial part of their advanced work at Illinois. If the University of Illinois does not graduate them, presumably no other university or college would be able to do so.

I concur in this recommendation.

On motion of Mr. Davis, this recommendation was adopted.

**REQUIREMENTS FOR ADMISSION TO THE COLLEGE OF PHARMACY**

(2) Under the regulations now in effect, the College of Pharmacy accepts only high-school graduates who are in the upper fifty per cent of their graduating class. At the National Convention of the American Association of Colleges and Boards of Pharmacy, held early last September, the Association recommended that its member institutions accept high school students from the upper three-fifths of their class. This action accords with the recommendation of the War Manpower Commission, which has adopted a policy of allowing twenty-four months deferment from military service for qualified students in Pharmacy, and has proposed the selection of the upper three-fifths of the high-school class as a basis for assuring proper quality of students. For our own College of Pharmacy, this means lowering the entrance requirement by ten per cent; for most other colleges of pharmacy, it means raising their entrance requirements by forty per cent. At any rate, the proposed action would be uniform for all the colleges of the Association.

The College of Pharmacy requests permission to bring its entrance requirement into accord with the Association, and the University Senate recommends approval.

I concur in this recommendation.

On motion of Mr. Karraker, this recommendation was adopted.

**CERAMIC ENGINEERING SCHOLARSHIP TRUST FUND**

(3) The Department of Ceramic Engineering and the Dean of the College of Engineering recommend that there be established a "Ceramic Scholarship Trust Fund." The objectives of this fund will be to encourage worthy high-school graduates to attend the University of Illinois and to major in Ceramic Engineering, thus helping to meet the great demand for ceramic engineers in industry. The Department recommends sources of funds and the awards of scholarships as follows:

*A. Source of Funds*

1. Grants from industry.
2. Grants from organizations.
3. Grants included in funds assigned to the University for cooperative research projects in the Department of Ceramic Engineering.

*B. Administration of Funds*

1. Funds to be accepted and disbursed by the University for the payment of matriculation and tuition fees of the scholarship holder.
2. Not over fifty dollars a year to be disbursed for advertising and supervision of the scholarships.

*C. Appointment to Scholarships*

1. Appointments will be made on the basis of merit by the University Committee on Special Undergraduate Scholarships, on nomination by the Department of Ceramic Engineering.
2. Appointments will be made only when funds sufficient for a two-year term are available at the time of appointment.
3. Appointments will be made only in advance of applicant's first enrollment at the University of Illinois.
4. Appointments will be made for one year and will be extended for an additional year to appointees who have made a satisfactory record in their first year of University work. Extensions will be made by the Committee on Special Undergraduate Scholarships on recommendation of the Department of Ceramic Engineering on the basis of the student's record in the University.

I recommend approval.

On motion of Mrs. Grigsby, this fund was established as recommended.

**APPOINTMENT OF DR. HAROLD C. WIGGERS**

(4) A report of the appointment of Dr. Harold C. Wiggers of Western Reserve University Medical School as Associate Professor of Physiology in the College of Medicine, beginning October 15, 1943, at an annual salary of \$4,000.

On motion of Mr. Fornof, this appointment was made as recommended.

## LEAVES OF ABSENCE

(5) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case, which are in accordance with the regulations of the Board governing such leaves:

W. A. OLDFATHER, Professor of the Classics and Chairman of the Department, sick leave for six months from September 1, 1943, with full pay less any expense to the University resulting from his absence.

GLENN P. HASKELL, Associate in English, additional sick leave, without pay, for the first half of the academic year 1943-1944, or from September 1, 1943, to March 1, 1944. (Doctor Haskell has previously been given all of the leave on pay to which he is entitled under University rules.)

A. MARIE ANDERSON, Associate in Art, disability leave from October 1, 1943, through January 31, 1944, with full pay less any expense to the University resulting from her absence.

E. R. BERBAUM, Routing Supervisor in the Physical Plant Department, disability leave with pay from June 12 through October 18, 1943. This supersedes leave previously granted him from June 12 through November 12 (Minutes, August 31, 1943, page 507).

MRS. MILDRED W. SPENCE, Secretary to the Dean of the College of Dentistry, disability leave with pay from June 6 through June 19, 1943, and leave without pay from June 20 through October 14, 1943. During this latter leave she was paid disability benefits by the University Retirement System.

MILDRED BOWERS, Landscape Architecture Librarian, disability leave with pay from August 17 to October 1, 1943.

FRANCES L. CRITES, employee in the Division of Services for Crippled Children, leave without pay from September 20, 1943, to June 7, 1944, for the purpose of taking advanced professional training.

GERTRUDE GOATLEY, Junior Clerk-Stenographer, Comptroller's Office, Chicago, disability leave with pay from July 29 through October 20, 1943, and without pay from November 21, 1943, through August 31, 1944.

W. J. WEBER, Painter in the Physical Plant Department, disability leave with pay from August 17 through November 30, 1943, or so much thereof as may be needed.

*Leaves of Absence for War Service*

(The leave in each case is without pay.)

DONALD W. KERST, Associate Professor of Physics, beginning November 1, 1943, and continuing indefinitely, for special service to the War Department. (This leave was authorized by the Board on May 24, 1943, but at that time the effective date was not known, this being subject to arrangements between Professor Kerst and the War Department.)

GEORGE FREDERICK MILLER, Assistant Laboratory Mechanic in the Department of Mechanical Engineering, from May 18 through August 31, 1943. (Navy)

LOIS O. OLSON, Junior Laboratory Assistant in the Psychiatry Department, from May 26 through August 31, 1943. (Army Nurse Corps)

HUGO J. DAVID, Assistant in Speech, from June 17 through August 31, 1943. (Army)

C. P. VIENS, Instructor in French, from July 1 through August 31, 1943. (Navy)

FRANK J. MORRIS, Assistant Director of the Division of Services for Crippled Children, from July 1 through August 31, and for one year from September 1, 1943. (Army)

SIGURD WALTER MELSTED, Assistant in Soil Survey Analysis (Agronomy), from August 1 through August 31, 1943. (Army)

RUSSELL C. HANSELMAN, Assistant in Surgery (Rush), for one year from September 1, 1943. (Army)

OWEN G. McDONALD, Assistant in Surgery (Rush), from September 19, 1943, through August 31, 1944. (Army)

CHARLES R. FILIPPI, Assistant in Ceramic Engineering, from October 1, 1943, through August 31, 1944. (Navy)

GLENN W. HALL, Bookbinding Worker, University Print Shop, from May 15 through August 31, and for one year from September 1, 1943. (Army)

MARY ANN EVANS, Junior Clerk-Stenographer, Division of Services for Crippled Children, from August 1 through 31, and for one year from September 1, 1943, for service in the Navy. (WAVES)

JOHN VAN HORNE, Professor and Head of the Department of Spanish and Italian, beginning September 8, 1943, and continuing indefinitely, for service as Cultural Relations Attaché with the American Foreign Service Auxiliary, Madrid, Spain. (This leave was authorized by the Executive Committee of the Board on August 31, 1943, but at that time the effective date was not known.)

ENID SCHNAUBER, Instructor in charge of Individual and Remedial Gymnastics (with rank of Associate) in the Department of Physical Education for Women, from September 22, 1943, through August 31, 1944, for service in the Marine Corps.

HENRY RICEWASSER, Associate in Medicine, from October 1, 1943, through August 31, 1944. (Army)

WILLIAM G. MOTEL, Medical Officer, Division of Services for Crippled Children, from June 1 through August 31, and for one year from September 1, 1943. (Army)

STANISLAUS A. SZUREK, Assistant Professor of Psychiatry, from October 1, 1943, through August 31, 1944. (Navy)

I. R. SONENTHAL, Assistant Professor of Psychiatry, from November 1, 1943, through August 31, 1944. (Navy)

EDWIN F. SCHMIDT, Groundsman, Physical Plant Department, from April 28 through August 31, and for one year from September 1, 1943. (Army)

PAUL A. JOHNSON, Steamfitter-Welder, Physical Plant Department, from noon, May 3 through August 31, and for one year from September 1, 1943. (Navy)

JACK KESTERSON, Janitor, Physical Plant Department, from May 9 through August 31, and for one year from September 1, 1943. (Army)

DONALD N. REYNOLDS, University Policeman, Physical Plant Department, from June 6 through August 31, and for one year from September 1, 1943. (Army)

BERT LIPPINCOTT, Manager of Bowling Alley, Illini Union Building, from June 16 through August 31, and for one year from September 1, 1943. (Army)

KENNETH LESTER, Assistant Photo Technician, Photography Department, from June 17 through August 31, and for one year from September 1, 1943. (Army)

RICHARD HENSLER, Electrician, Physical Plant Department, from June 21 through August 31, and for one year from September 1, 1943. (Navy)

JOHN VECCHIO, Laborer, Chicago Physical Plant Department, from August 8 through 31, and for one year from September 1, 1943. (Army)

W. B. MCINTYRE, Janitor, Physical Plant Department, from August 18 through 31, and for one year from September 1, 1943. (Army)

EDWIN W. ROBBINS, Assistant in English, from October 11, 1943, through August 31, 1944. (Army)

ROBERT G. BROOKS, Assistant in English, from November 1, 1943, through August 31, 1944. (Army)

C. LAUD PROSSER, Assistant Professor of Zoology, for one year from September 1, 1943, for services in the Metallurgical Laboratory of the University of Chicago on a research project for the War Department.

S. G. HUBER, Assistant in Agricultural Engineering, from October 1, 1943, through August 31, 1944. (Navy)

ANNE LUDROVEC, Staff Nurse in the Research and Educational Hospitals, from October 17, 1943, through August 31, 1944. (Army Nurse Corps)

ELEANORE MILUS, Staff Nurse in the Research and Educational Hospitals, from October 16, 1943, through August 31, 1944. (Army Nurse Corps)

The following leaves of absence were presented to the Board of Trustees on April 29, 1943, but action was deferred pending adoption of a policy then under consideration of granting leaves for military service provided the individuals agree to permit the University Retirement System to carry Government

insurance in the approximate amount of the death benefit in each case. This policy being no longer in effect, these leaves should now be approved.

MAYNARD K. WEITZEL, Guard at University Armory, Physical Plant Department, from March 22 through August 31, 1943. (Army)

ARTHUR WILBUR CLEVENGER, High School Visitor, from May 1 through August 31, 1943. (Army)

EVA ANNA BEGG, Supervising Nurse in the Department of Obstetrics and Gynecology, from April 5 through August 31, 1943. (Army Nurse Corps)

ISADORE PILOT, Associate Professor of Pathology, indefinite leave from April 1, 1943. (Army)

FRANCIS H. STRAUS, Associate Professor of Surgery (Rush), from April 1 through August 31, 1943. (Army)

### *Extensions of Leaves of Absence for War Service*

(For one year from September 1, 1943)

The following list includes employees who do not have formal staff appointments. In adopting the budget for 1943-1944, the Board also approved extensions of leaves of absence for other members of the staff whose names were included in the budget as "on leave without pay."

JOHN BETTINARDI, Orderly, Research and Educational Hospitals.

CHARLES B. GRANBERG, Graduate Assistant in Hospital Pharmacy.

HELEN LONCHAR, Staff Nurse, Research and Educational Hospitals.

ROY H. ALLAN, Advanced Registry Supervisor, Department of Dairy Husbandry.

HAROLD E. BELL, Supervisor of Official Testing, Department of Dairy Husbandry.

LEE F. BURTCH, Mimeograph Operator, Agricultural Experiment Station.

ROBERT C. CHANCELLOR, Laborer, Department of Horticulture.

LEONARD COLE, Mimeograph Operator, Agricultural Experiment Station.

JOHN TED DIXON, Laborer, Department of Horticulture.

C. DALE ELLIS, Mimeograph Operator, Agricultural Experiment Station.

CARL EMPSON, Mimeograph Operator, Agricultural Experiment Station.

WAYNE HARDIN, Laborer at Dixon Springs Experiment Station.

THEODORE DUNN, Steam Distribution Operator, Physical Plant Department.

GLENN H. EASTMAN, Electrician, Physical Plant Department.

MAURICE B. EVANS, Sound Technician, Physical Plant Department.

CLEM GERHART, Laborer, Physical Plant Department.

KENNETH GLEICHMAN, Janitor, Physical Plant Department.

R. W. GOODKNIGHT, Janitor, Physical Plant Department.

DENNIS HILL, Painter, Physical Plant Department.

JACK HONN, Janitor, Physical Plant Department.

LAWRENCE W. KRUTSINGER, Machinist, Physical Plant Department.

THOMAS H. MALLOY, Illini Union Bookstore, Physical Plant Department.

A. W. McLINTOCK, Janitor, Physical Plant Department.

LEO PARNELL, Janitor, Illini Union, Physical Plant Department.

JAMES G. SHELTON, Janitor, Residence Hall, Physical Plant Department.

KENNETH W. SMITH, Mechanical Engineer, Physical Plant Department.

RALPH E. SMITH, Fire Station Attendant, Physical Plant Department.

T. R. STAYTON, Water Station Operator, Physical Plant Department.

P. R. VERKON, Architectural Draftsman, Physical Plant Department.

MAYNARD K. WEITZEL, Guard at Armory, Physical Plant Department.

LOUIS G. COONROD, Machinist, Physical Plant Department.

F. E. RICHARDS, Machinist, Physical Plant Department.

RAY L. CARROLL, Painter, Chicago Physical Plant Department.

NORBERT CZAJKOWSKI, Laborer, Chicago Physical Plant Department.

JOSEPH EHRLICHER, Laborer, Chicago Physical Plant Department.

JOHN J. FEE, Laborer, Chicago Physical Plant Department.

DEAN HILL, Janitor, Chicago Physical Plant Department.

JOE JOSEPH, Laborer, Chicago Physical Plant Department.

JAMES MORAN, Laborer, Chicago Physical Plant Department.

PETE MORECI, Laborer, Chicago Physical Plant Department.

ROBERT NIESMAN, Elevator Operator, Chicago Physical Plant Department.

LAWRENCE PAYNE, Laborer, Chicago Physical Plant Department.

On motion of Mr. Davis, these leaves were granted as recommended.

#### EXEMPTION OF STAFF MEMBERS FROM PAYMENT OF TUITION FEES

(6) By authority of the Board of Trustees, individuals on the University staff or on the staffs of allied surveys and laboratories on the University campus receiving salaries of \$1,600 a year or less, or individuals having scholarships or fellowships in the Graduate School, are exempt from the payment of tuition, laboratory, library, and supply fees if they register in courses for graduate credit.

Also, by authority of the Board, salaries of staff members receiving \$3,000 a year or less were increased ten per cent effective September 1, 1943, to meet increased living costs. In a number of cases, particularly those of full-time assistants, this has resulted in increasing their salaries beyond \$1,600, so that they are no longer entitled to exemption from the payment of tuition fees for graduate work.

The Committee on Fees and Scholarships has recommended that the regulation of the Board under which specified individuals receiving salaries of \$1,600 a year or less are exempt from the payment of fees be amended so that the salary limiting the fee exemptions be changed to \$1,760 or less (instead of \$1,600 a year or less). The Committee further recommends that this change become effective September 1, 1943, that it continue for two years from that date, and that this be subject to review in 1945.

I concur in these recommendations.

On motion of Mrs. Grigsby, these recommendations were adopted.

#### PURCHASES AUTHORIZED

(7) A report of the following purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency actions:

1. Fifty tons clover hay, for the Animal Husbandry Department, from Hudson Burr and Company, the lowest bidder, at a price of \$24 a ton, or an approximate total cost of \$1,200.

2. One car (approximately 900 cases) 2000 sheet No. 392 A.P.W. toilet paper, for use in the fraternity houses now occupied by A.S.T.P. trainees, from the Cain Paper Company, the lowest bidder, at a price of \$4.25 a case, 1% ten days, or an approximate total of \$3,786.75, the final cost to depend on quantity loaded in the car. It is desirable to buy the carload lot (1) to assure adequate supply in the face of paper shortage, (2) because the saving on this quantity by buying the carload is about \$600.

3. Laboratory apparatus and supplies (104 items) for the Chemistry Store-room from the following lowest bidders:

Central Scientific Company, Chicago.....	\$ 74 62
Chicago Apparatus Company, Chicago.....	251 08
A. Daigger and Company, Chicago.....	256 97
Fisher Scientific Company, Chicago.....	160 34
A. S. LaPine and Company, Chicago.....	771 04
E. H. Sargent and Company, Chicago.....	362 84
Schaar and Company, Chicago.....	3 495 42
Wilkins-Anderson Company, Chicago.....	1 056 97

These are to be placed in stock for future use and represent about one year's supply. Quotations were received from 8 firms listed above and also from the W. M. Welsh Scientific Company of Chicago. The quotations were tabulated to determine the lowest price on each item.

4. 656—12" x 18" x 60" lockers (in groups of two) to be placed in fraternity houses occupied by A.S.T.P. trainees, from W. B. Read and Company, the lowest bidder, at their price of \$5,805.60. The locker to be supplied by this firm

has been examined and is of satisfactory quality. It is made of steel and masonite. All steel lockers are not available.

5. The following material, for the Chemistry Department, from Merck and Company, Inc., at their price of \$3,261.45:

500 gms. dl Alpha Alanine	500 gms. l(—) Tyrosine
2000 gms. dl Valine	1000 gms. l(+) Arginine Mono-
2000 gms. dl Isoleucine	hydrochloride
200 gms. l(—) Proline	1000 gms. dl Methionine
200 gms. dl Serine	1500 gms. dl Threonine

This material is to be used in connection with Dr. Rose's research in amino acids being conducted in cooperation with the Rockefeller Foundation. These acids are available only at Merck and Company in the quantity required.

6. Five thousand bushels No. 2 oats, for the Animal Husbandry Department, from H. T. Walton, at a price of 78¢ a bushel at the elevator, or an approximate total of \$3,900. Efforts have been made for some time to locate oats and this is the only offer received to date.

7. Fifteen hundred bushels No. 2 yellow shelled corn, for use at the Dixon Springs Experiment Station, from Evans Elevator Company, at a price of \$1.12½ a bushel, f.o.b. Robbs, or an approximate total of \$1,681.88.

8. Fifteen hundred bushels No. 2 yellow shelled corn for the Animal Husbandry Department, from H. T. Walton, at a price of \$1.03 a bushel at the elevator, a total cost of approximately \$1,545.

9. Thirty tons pure wheat bran, for the Animal Husbandry Department, from Valier & Spies, the lowest bidder, at a total cost of \$1,206.30.

10. Pure wheat bran, 25 tons (minimum car), from Kahn Brothers Company, the lowest bidder, at a total cost of \$1,150 f.o.b. Chicago, for feeding Department of Animal Husbandry livestock.

Funds are available for all of these purchases.

On motion of Mr. Fornof, these purchases were authorized, subject to the verification of items 7 and 8 with respect to ceiling prices.<sup>1</sup>

#### ADMINISTRATION OF GENERAL ASSEMBLY SCHOLARSHIPS

(8) Under an act of the General Assembly of Illinois passed in 1905 and subsequently amended from time to time, each member of the General Assembly is authorized to appoint one person from his senatorial district for a scholarship at the University of Illinois covering a period of four years. Such scholarship exempts the holder from the payment of tuition, matriculation, and other fees, except fees charged for laboratory supplies and similar materials. When a scholarship becomes vacant due to the withdrawal from the University of the holder, the member of the General Assembly who made the original appointment, and provided he is still in office, may appoint some other resident of his district for the unexpired period of the scholarship. The law further provides for extensions of General Assembly scholarships in cases of (1) students withdrawing from the University to earn funds for the purpose of continuing their education, and (2) students withdrawing for service in the armed forces of the United States and who are honorably discharged.

It is necessary to have regulations governing the administration of these General Assembly scholarships, and such regulations have been adopted by the University from time to time. Recent amendments of the General Assembly scholarship law make necessary certain changes in the existing regulations which were approved by the Board of Trustees on May 22, 1934 (Minutes, page 486). The Registrar has drafted the following new regulations. They have been examined and approved by Judge Sveinbjorn Johnson, Professor of Law, who was consulted to make sure that the regulations conform in all respects with the law. There is also submitted a printed leaflet which gives the text of the law and the old administrative regulations prior to July 1, 1941. This leaflet will be revised and a new edition printed.

<sup>1</sup>The Comptroller reported later that the prices quoted included transportation and were within the legal limit.

I recommend approval of the revised regulations.

On motion of Mr. Davis, these regulations were revised as recommended.

REGULATIONS GOVERNING ADMINISTRATION OF  
GENERAL ASSEMBLY SCHOLARSHIPS

1. *Appointments to Scholarships*

The original nomination of a candidate to a new four-year scholarship must be filed with the President of the University on or before the opening day of the fall semester or term of the University year in which the candidate expects to enter the University, and the President is forbidden by the Statute to accept an original nomination after this date. (This is interpreted to mean within the first ten (10) days of the semester.)

In case the first nominee fails to accept the appointment, or, not being a graduate of an accredited school, fails to pass the required examinations for admission, the member who made the original appointment may nominate another student from his district to such scholarship.

A nomination to fill a vacant scholarship or transfer an unused portion of a scholarship shall be effective as of the opening of the semester or term of the University during which it is made, provided such nomination is filed with the University during the first half of such semester or term, but if it is filed during the second half of the semester or term it shall not become effective until the opening of the next following semester or term.

If a member desires to select his nominee on the basis of competition he may require the applicants to write the scholarship examination held in the office of each County Superintendent of Schools on the first Saturday of June as provided in Section 171. Candidates should notify the County Superintendent of their intention to write at least ten days in advance of the date of the examination. They will be subject to the University regulations with respect to the conduct of such examinations.

2. *Qualifications of Candidates*

To qualify for appointment under this Act, a candidate must be

1. At least 16 years old.

2. A graduate of a high school or other secondary school accredited by the University of Illinois and must present fifteen units of high-school work in acceptable subjects including certain prescribed subjects. A candidate who is not a graduate of an accredited high school may qualify for appointment to a scholarship by passing entrance examinations and thus qualify for admission to the University.

3. A legal resident of the State and of the district represented by the member who makes the nomination. (See interpretation of "residence" below.)

3. *Registration*

Having satisfied the entrance requirements, the new appointee to a four-year scholarship or to the unused portion of a scholarship must register in the University not later than twenty (20) days after the opening date of the semester or term when the scholarship first becomes effective. If the appointee fails to so register he forfeits the scholarship unless he is unable to register because of military or naval service.

Failure of a scholarship holder to register in the University not later than twenty (20) days after the beginning of the fall or winter semester will constitute a release (forfeiture) of the scholarship. The member who made the original appointment, if he is still a member of the General Assembly, may transfer the scholarship to some other student in his district. A scholarship held by a person who has been granted a leave of absence under the law to earn money to continue his education may be transferred only when released in writing by the present holder; and such a scholarship held by one who is absent for military or naval service is not forfeited by failure to register or by a discontinuance of his course, and may be transferred only when released in writing by

the present holder, or when proof of death is presented by affidavit of some competent person.

#### 4. *Residence*

When a nomination is made by a member of the General Assembly the statement of the nominator with reference to the residence of the nominee will be accepted by the University, unless the official records of the University indicate an address for the nominee outside the district of the member of the General Assembly who makes the nomination. Where the residence of the nominee is thus in doubt, it is the duty of the University, before permitting the scholarship to become effective, to require satisfactory proof from the nominee that he resides within the district from which he seeks the scholarship.

For the purposes of these regulations the residence of the parents, or of one parent if the other be deceased, or of the guardian of the person if both parents are deceased, will be deemed the residence of all students who have not attained their legal majority. Parental agreement that a son or a daughter reside with a named person as a guardian will not be accepted as conclusive by the University in the absence of satisfactory evidence of residence in fact with such alleged guardian.

A student who gives a false address or who offers false or wilfully misleading information relative to his residence, for the purpose of obtaining a scholarship is liable to dismissal from the University, or other disciplinary action, and forfeits the scholarship thus obtained.

#### 5. *Removal from State of Holders of Scholarships*

These scholarships are awarded only to students whose legal residence is in the State of Illinois. If the legal residence of the holder of a scholarship is changed from Illinois to some other State, his scholarship is thereby forfeited.

#### 6. *Extension of Scholarships*

The Act provides that a scholarship may be extended if an application for leave of absence is made to the President of the University before the holder leaves the University. It does not provide for an extension on application after the holder has left or is seeking to return to the University. Applications for extension should be made in advance to the President of the University in writing.

The term of any scholarship will be extended under the provision of Section 175 of the Statute, only if the holder has been in attendance at the University for at least the first year after he was awarded the scholarship, and if his average grade during the period of his attendance has been at least C, exclusive of grades in military science and physical education.

A scholarship can not be extended by University action for any other cause than that specified in the Act, namely, absence from the University for the purpose of earning money to enable the student to continue his course. The act itself automatically extends the scholarships held by persons in the military or naval forces for the period of such service, unless the scholarship be sooner terminated by death.

#### SALE AND REMOVAL OF HOUSE ON PROPERTY AT 1210 WEST ILLINOIS STREET, URBANA

(9) About a year ago the University purchased the property at 1210 West Illinois Street, Urbana, and operated it as a tenant property until October 1, 1943. The Comptroller has made efforts to rent it since that time but has been unsuccessful. He reports that it is difficult to operate a property as old as this one without putting almost all of the income from rent into repairs and maintenance. Furthermore, it is difficult to bring a property of this kind up to the standard the University insists on from rooming house operators without extensive repairs and remodeling.

The Comptroller and the Director of the Physical Plant Department recommend that the Board authorize the sale and removal of this house from the lot. I concur.

On motion of Mr. Karraker, the officers of the University were authorized to advertise this house for sale and to sell to the highest responsible bidder.

### ACCIDENT INSURANCE FOR FOOD SERVICE EMPLOYEES AT ICE RINK

(10) The Director of the Physical Plant Department has requested that the risks of accidents at the Ice Rink, now being used as a mess hall for Army trainees, be covered by insurance. Compensation insurance can not be secured for single groups of employees, so group accident insurance is proposed.

The Purchasing Agent invited proposals from numerous agencies, and only three were submitted. He recommends, and the Comptroller concurs, that the insurance be placed with the American Employers Insurance Company, the lowest bidder, through the Atwood Insurance Agency of Champaign at a cost of \$25 an employee, or an estimated total of \$3,250 a year for 130 employees. The expense is reimbursable under the government contract.

I recommend approval.

On motion of Mr. Davis, this recommendation was approved.

### ISSUANCE OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES UNDER ACCOUNTANCY ACT OF 1943

(11) The Sixty-third General Assembly passed an accountancy act which became effective July 1, 1943, repealing and superseding the act of 1903 relating to certified public accountants and the act of 1927 regulating the practice of public accounting by registration. The new law provides that the certificate of Certified Public Accountant shall be issued by the University on the basis of written examinations as heretofore. The law also provides that certificates of Certified Public Accountant shall be issued to holders of the certificates of Certified Public Accountant issued by other states or territories of the United States who also hold certificates of registration as Public Accountant in Illinois; to holders of unrevoked certificates of registration as Public Accountant in Illinois received on the basis of an examination given by the Department of Registration and Education; and to holders of unrevoked certificates of Certified Public Accountant issued under the laws of any other state or territory of the United States but who do not hold certificates of registration as Public Accountant in Illinois, provided that their certificates were issued on the basis of a written examination and that the educational qualifications at the time of such written examination were equivalent to the educational qualifications then required of applicants for admission to the Illinois C.P.A. examination.

The University Committee on Accountancy presents the following candidates for the certificate of Certified Public Accountant who have made application under the waiver clause of the Accountancy Act of 1943 and have presented evidence that they are properly qualified:

1. Holders of unrevoked C.P.A. certificates of other states or territories of the United States or the District of Columbia who are also holders of unrevoked certificates of registration as public accountants in Illinois:

WILLIAM HANSELL BELL (N.Y.)	RALPH WILLIAM HENKEL (Wis.)
JEROME ALOYSIUS BENNING (Ohio)	ROBERT WINFIELD KIERSTED (Ohio)
RAYMOND STANLEY BLUNT, Sr. (Ind.)	LEIGHTON BATES McLAUGHLIN (Mich.)
JOEL MORGAN BOWLBY (Ind.)	RAYMOND PHILIP MYER (La.)
HARRY BRICK (N.J.)	JOHN HARVEY O'CONNELL (Mo.)
JOHN EDWARD BURKE (Ind.)	HARRY LEDERER OPPENHEIMER (Mo.)
ARTHUR HAZELTON CARTER (N.Y.)	GEORGE STANLEY RIEG (Ind.)
HARRY LOUIS CAVANAGH, Jr. (Ind.)	CHARLES EDWARD SCHULTE (Wis.)
JOSEPH BARTHOLOMEW COSTELLO (N.C.)	FRANK EDWARD SEIDMAN (N.Y.)
HARRY CLARK CURTIS (Ind.)	JACOB STEWART SEIDMAN (N.Y.)
ISAAC DOVIA (Ind.)	MAXIMILIAN LEONARD SEIDMAN (N.Y.)
ARTHUR BEVINS FOYE (N.Y.)	DELL B. STAFFORD (Mo.)
GEORGE ENFIELD FRAZER (Wis.)	MAURICE HUBERT STANS (Ohio)
EDMUND CANBY GAUSE (N.Y.)	ANDREW STEWART (N.Y.)
ESTEY WILLIAM GOUWENS (Ky.)	LESTER WITTE (N.H.)
ROY HALL (Ind.)	WALTER WEBSTER ZUEHLKE (Wis.)

2. Holders of unrevoked certificates of registration as public accountants in Illinois, received on the basis of the regular semi-annual written examination

given by the Board of Examiners of the Department of Registration and Education:

JOHN HARLEY ANDREWS  
JOSEPH BERNSTEIN  
GEORGE JAMES CURZON  
ROBERT VICTOR DAMOND  
JACOB LOUIS DECKER

HERBERT IVES GORDON  
ALFRED RODRIQUEZ  
CHARLES C. SCHIFF  
JACOB JULIUS SUTER  
C. VINCENT WILLIAMS

3. Holders of unrevoked C.P.A. certificates issued by other states, territories, or the District of Columbia, but who do not hold certificates of registration as public accountants in Illinois:

HAROLD JOHN DAEHLER (Ark.)  
HUNTER ASHLIN DYKES (Md.)  
JOSEPH HINTERSEHR (D.C.)  
WILLIAM KLIER (N.Y.)

HAROLD JOHN McALPIN (Wis.)  
ROBERT EDWARD McDAVID (Tenn.)  
WILLIAM LESTER WOOD (Ky.)

I recommend the award of the certificate of Certified Public Accountant to the above individuals.

On motion of Mrs. Grigsby, these certificates were awarded as recommended.

#### **PURCHASES AUTHORIZED**

(12) A supplementary report of purchases authorized.

1. Fifty tons soybean meal for Dixon Springs Experiment Station to be picked up by the University truck in 10-ton lots a month from Swift and Company, Cairo, Illinois, at their price of \$53.10, f.o.b. Cairo, or a total of \$2,655.

2. 1425 Illuminating Engineering Society study lamps for use of Army trainees, from General Electric Supply Corporation, at a price of \$3.78 each, or a total of \$5,386.50, f.o.b. Urbana. This is the best value and the lowest quotation for this type of lamp. Requests for quotations were sent to seven possible sources, with an alternate on Gooseneck Lamps in case the I.E.S. lamps were not available.

This report was received for record.

#### **EXECUTIVE SESSION**

At this point, the Board went into executive session to consider further recommendations of the President of the University and reports of officers and committees of the Board.

#### **PURCHASE OF LAND FOR AIRPORT**

(13) A report of progress on the purchase of land for the airport, and a recommendation that the Southwest Quarter (SW $\frac{1}{4}$ ) of the East 160 acres of the Northeast Quarter (NE $\frac{1}{4}$ ) of Section Three (3), Township Eighteen (18) North, Range Eight (8), East of the Third Principal Meridian, Town of Tolono, be purchased from Mr. A. R. Troutman for \$14,200.

On motion of Mr. Davis, this purchase was authorized.

On motion of Mr. Fornof, an appropriation of \$15,000, or so much thereof as may be necessary, was made from the General Reserve for this purchase, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Green, Mr. Jensen, Dr. Luken, Dr. Meyer.

On motion of Mr. McKelvey, the Secretary was instructed to record the appreciation of the Board for the services of Mr. Newton C. Farr in negotiating the contracts for the purchase of land for the airport.

#### VACATION OF HIGHWAYS AT AIRPORT

(14) A recommendation that a resolution, prepared by Chapman and Cutler, be executed and adopted to secure the vacation of certain highways at the University airport.

*Resolution* releasing all claims for damages by reason of the vacation of portions of certain roads in the Town of Tolono, Champaign County, Illinois, abutting and adjoining lands owned and acquired by the University of Illinois for an airport.

*Whereas*, the Board of Trustees of the University of Illinois have acquired or have under contract to acquire and will acquire the fee simple title to the following described real estate located in the Town of Tolono, Champaign County, Illinois, to wit: The Southwest Quarter (SW $\frac{1}{4}$ ) of Section Two (2), the Southeast Quarter (SE $\frac{1}{4}$ ) of Section Three (3), the Northeast Quarter (NE $\frac{1}{4}$ ) of Section Ten (10), and the Northwest Quarter (NW $\frac{1}{4}$ ) of Section Eleven (11), all in Township 18 North, Range 8 East of the Third Principal Meridian; and

*Whereas*, said real estate, together with other real estate, is being acquired for the construction of an airport, appropriations having been made by the Legislature of the State of Illinois for the acquisition thereof, and also for the improvement of the same, which appropriations, together with funds to be received from the Civil Aeronautics Administration, are to be used for the construction, maintenance, and operation of an airport and landing field upon the property hereinabove described and referred to; and

*Whereas*, it is essential and necessary in the construction of said airport that the portions of certain roads bisecting the above described property be vacated, the portions of the roads to be vacated being described as follows: That portion of the public highway running north and south the center line of which lies between Sections Two (2) and Three (3) and between Sections Ten (10) and Eleven (11), beginning at the Northwest corner of the Southwest Quarter of Section Two (2) (which is also the Northeast corner of the Southeast Quarter of Section Three (3)) and extending south one mile more or less to the Southeast corner of the Northeast Quarter of Section Ten (10) (which is also the Southwest corner of the Northwest Quarter of Section Eleven (11)), also that portion of the public highway running east and west the center line of which lies between Sections Three (3) and Ten (10) and between Sections Two (2) and Eleven (11), beginning at the Southwest corner of the Southeast Quarter of Section Three (3) (which is also the Northwest corner of the Northeast Quarter of Section Ten (10)) and extending east one mile more or less to the Southeast corner of the Southwest Quarter of Section Two (2) (which is also the Northeast corner of the Northwest Quarter of Section Eleven (11)), all in Township Eighteen (18) North and Range Eight (8) East of the Third Principal Meridian, and all in Tolono Township, in Champaign County, Illinois; and

*Whereas*, a petition is now pending before the Commissioner of Highways of the Town of Tolono, Champaign County, Illinois, for the vacation of the above described portion of said roads and it is the desire of this Board of Trustees that the vacation thereof be facilitated and it is for the best interests of the University of Illinois, as the owners of the real estate abutting and adjoining the portion of said roads proposed to be vacated, to waive and release said Town of Tolono and the Commissioner of Highways of said Town from any claim for damages by reason of the vacation of said roads;

*Now, therefore, be it and it is hereby resolved*, by the Board of Trustees of the University of Illinois, as follows:

*Section 1.* That the President and Secretary of this Board of Trustees of the University of Illinois, upon the acquisition of the fee to the property first above described, be and are hereby authorized to execute a release of all damages and claims of any kind or character whatsoever by reason of the vacation of the roads in the Town of Tolono adjoining and abutting the property so acquired as aforesaid by the University of Illinois, said release to be in substantially the following form:

*This indenture* made this 29th day of October, 1943, by and between the Board of Trustees of the University of Illinois, party of the first part, and the Commissioner of Highways of the Town of Tolono, Champaign County, Illinois, party of the second part:

*Witnesseth:*

*Whereas*, the party of the first part is the owner in fee simple of the following described real estate, to wit:

The Southwest Quarter (SW $\frac{1}{4}$ ) of Section Two (2), the Southeast Quarter (SE $\frac{1}{4}$ ) of Section Three (3), the Northeast Quarter (NE $\frac{1}{4}$ ) of Section Ten (10), and the Northwest Quarter (NW $\frac{1}{4}$ ) of Section Eleven (11), all in Township 18 North, Range 8 East of the Third Principal Meridian; which said real estate adjoins and abuts portions of certain roads located within the Town of Tolono, Champaign County, Illinois, as follows:

That portion of the public highway running north and south the center line of which lies between Sections Two (2) and Three (3) and between Sections Ten (10) and Eleven (11), beginning at the Northwest corner of the Southwest Quarter of Section Two (2) (which is also the Northeast corner of the Southeast Quarter of Section Three (3)) and extending south one mile more or less to the Southeast corner of the Northeast Quarter of Section Ten (10) (which is also the Southwest corner of the Northwest Quarter of Section Eleven (11)), also that portion of the public highway running east and west the center line of which lies between Sections Three (3) and Ten (10) and between Sections Two (2) and Eleven (11), beginning at the Southwest corner of the Southeast Quarter of Section Three (3) (which is also the Northwest corner of the Northeast Quarter of Section Ten (10)) and extending east one mile more or less to the Southeast corner of the Southwest Quarter of Section Two (2) (which is also the Northeast corner of the Northwest Quarter of Section Eleven (11)), all in Township Eighteen (18) North and Range Eight (8) East of the Third Principal Meridian, and all in Tolono Township, in Champaign County, Illinois; and

*Whereas*, the Board of Trustees of the University of Illinois propose to construct an airport upon the above described premises and it is necessary for such purpose that the above described roads be vacated; and

*Whereas*, the public interest will be served in the construction of said airport and it is necessary and essential that said roads be vacated for that purpose:

*Now, therefore*, in consideration of the vacation of said above described roads by the Commissioner of Highways of the Town of Tolono, Champaign County, Illinois, and for other valuable considerations, the party of the first part hereby releases and waives any and all claims for damages by reason of the vacation of said roads so abutting and adjoining the above described real estate owned in fee by said party of the first part, and hereby discharges and releases the said Commissioner of Highways of the Town of Tolono, Champaign County, Illinois, and the Town of Tolono, Champaign County, Illinois, from any claims or demands whatsoever by reason of the vacation of said roads.

*In witness whereof*, we have hereunto set our hands and official seal of the University of Illinois, this 29th day of October, 1943.

Attest:

H. E. CUNNINGHAM  
Secretary

BOARD OF TRUSTEES  
UNIVERSITY OF ILLINOIS

STATE OF ILLINOIS }  
COUNTY OF CHAMPAIGN } SS.

By PARK LIVINGSTON  
President

On the 29th day of October, 1943, before the undersigned, a Notary Public in and for said County in said State, personally appeared Park Livingston and H. E. Cunningham, who are personally known to me and known to me to be respectively President and Secretary of the Board of Trustees of the University of Illinois, and known to me to be the identical persons whose names are affixed to the above instrument as such President and Secretary respectively, and who, being by me severally duly sworn, each for himself did say that he Park Livingston is the President and he H. E. Cunningham is the Secretary of said Board of Trustees of the University of Illinois and that the seal affixed to said instrument is the seal of said Board of Trustees of the University of Illinois and

that said instrument was signed and sealed on behalf of said Board of Trustees of the University of Illinois, and each acknowledged the execution of said instrument to be the voluntary act and deed of said Board of Trustees and their voluntary act and was by said Board of Trustees of the University of Illinois and by them voluntarily executed.

*Witness* my hand and notarial seal, this 29th day of October, 1943.

ANNA L. NEUBER

*Notary Public in and for the  
County and State aforesaid.*

My commission expires: Feb. 11, 1947.

*Section 2.* That this resolution be in full force and effect immediately upon its passage.

On motion of Mr. Davis, the resolution was adopted, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Green, Mr. Jensen, Dr. Luken, Dr. Meyer.

#### **PURCHASE OF BUILDINGS ON KIMMEL FARM**

(15) The Board of Trustees has authorized the purchase from Mrs. Alice N. Kimmel of her farm consisting of 171.82 acres in the northeast corner of Section 2, Tolono Township, in Champaign County. The agreement for the purchase provides that the purchase price will include the residence but not the other buildings on the farm.

Mrs. Kimmel has offered to sell the buildings, consisting of a barn, corn crib, machine shed, granary, milk house, and poultry house, to the University for \$4,000. The appraised value of these buildings is \$4,222, and their replacement value is estimated at \$5,390. If this farm is to be used by the University, leased, or resold as a unit, the buildings will be needed.

On motion of Mr. McKelvey, the purchase of these buildings was authorized at a price not to exceed \$3,000, and an appropriation of this amount was made from the General Reserve Fund by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Green, Mr. Jensen, Dr. Luken, Dr. Meyer.

#### **TEMPORARY APPOINTMENTS OF NON-CITIZENS TO THE STAFF**

(16) The following appointments to the staff have been approved by the President of the University:

1. Mariano Picon-Salas, Visiting Professor in the Department of Spanish and Italian, February 1 to June 30, 1944, at a salary of \$3,000 for this period. Mr. Picon-Salas is a distinguished Venezuelan scholar who has been lecturing at Smith College and Columbia University during the past year. He has been highly recommended by Columbia University and by the Department of State.

2. Hernan Muguerza, of Monterrey, N. L., Mexico, as Assistant in the Department of Spanish and Italian, from November 1, 1943, to June 30, 1944, at a salary of \$1,244.45 for this period. Mr. Muguerza was a student at the University of Illinois during 1942-1943 and will continue his studies.

3. Mehmet Nejat Tokay, Instructor in Civil Engineering on one-half time, and Special Research Assistant in Theoretical and Applied Mechanics on one-half time, in the College of Engineering and the Engineering Experiment Station, beginning October 1, 1943, and continuing until further notice, at a salary of \$200 a month. His appointment as Instructor is to assist in the release of Professor James J. Doland for services as Supervising Engineer during the construction of the University of Illinois Airport and airport buildings. His salary as Special Research Assistant will be paid from funds provided by the cooperative investigation of Reinforced Concrete Slabs. Mr. Tokay is a native of Turkey.

4. Ahmet Munci Ozelsel, Special Research Assistant, on one-half time, in the Department of Civil Engineering, in the Engineering Experiment Station, beginning October 1, 1943, and continuing until further notice, at a salary of \$112.50

a month. His salary will be paid from funds provided by the cooperative investigation of Joints in Copper Plates. Mr. Ozelsel is also a native of Turkey.

The above are temporary emergency appointments, the first two being required to provide instruction for Army trainees. None of these men is a citizen of the United States and they intend to return to their home countries. The appointments are being brought to the attention of the Board because of the regulation that no individual will be appointed to the faculty of the University of Illinois (with the exception of temporary appointments of distinguished scholars, scientists, and lecturers, or to visiting professors who are on the campus for definitely limited periods) who is not a citizen of the United States, unless he has declared his intention to become naturalized and has taken the necessary steps to acquire citizenship. Since these appointments are definitely temporary, they are within the regulations of the Board.

On motion of Mr. Davis, the action of the President of the University in making these appointments was approved and confirmed, with the stipulation that in these and similar cases where the requirement of the oath of allegiance is not suitable, the appointee be asked to sign a statement that he is not a member of any subversive organization.

#### LEAVE OF ABSENCE FOR ASSOCIATE PROFESSOR F. J. KEILHOLZ

(17) Associate Professor F. J. Keilholz, Agricultural Extension Editor, has requested a leave of absence without pay for one year from December 1, 1943, so that he may engage in activities which will give him an opportunity to meet and work with national and international leaders in agriculture and commerce and secure other experience which he believes will assist him in interpreting the work and teachings of the College of Agriculture to the public. He has recently been to England to study the food supply problem in the United Kingdom and the part United States lend-lease shipments are playing in solving that problem, and since his return has been very much in demand for lectures. In fact, one of the objectives of this visit to England was to secure information for American agriculture. Professor Keilholz has also been invited to join the Curtis Publishing Company as associate editor of *Country Gentleman*. He also wishes to have more time to continue studies of British agriculture so that he may keep abreast of far-reaching developments which will take place in domestic and foreign agriculture in the postwar period.

The Dean of the College recommends approval, and I concur.

On motion of Mr. Karraker, this leave was granted as recommended.

#### SERVICES OF PROFESSOR H. M. GRAY ON REGIONAL WAR LABOR BOARD

(18) At its meeting of January 23, 1943 (Minutes, page 238), the Board authorized Dr. H. M. Gray, Professor of Economics and Assistant Dean of the Graduate School, to serve as one of four public representatives on the Regional War Labor Board with headquarters in Chicago. This was authorized with the understanding that he would devote about one day a week to this service during the regular academic year. The Chairman of the Regional War Labor Board has requested that the University authorize Professor Gray to devote more time to this service. In fact, the Chairman would prefer full time, but he will compromise on whatever lesser time can be arranged. Because of the decreased enrollment both in Professor Gray's own classes in Economics and in the Graduate School, he could, by curtailing his research work, devote more than one day a week to service on the Regional War Labor Board. The Government would continue to pay a per diem compensation for such service.

I recommend that Professor Gray be authorized to devote not more than two days a week to this service, subject to review on July 1, 1944.

On motion of Mr. Nickell, this service was authorized as recommended.

**PROPOSED CONTRACT FOR ARMY MEDICAL UNIT**

(19) The Comptroller reports that a contract has been negotiated with the United States Army for training of 384 trainees in the College of Medicine on the following basis, in accordance with principles established by the Army and Navy for such contracts.

*Tuition*

Tuition fees are to be paid the University for all trainees enrolled on the basis of the non-resident tuition in the College of Medicine as follows:

105 first year @ \$412.....	\$ 43 260
116 second year @ \$402.....	46 632
91 third year @ \$455.....	41 405
72 fourth year @ \$470.....	33 840
<i>Total per year.....</i>	<u>\$165 137</u>

The University is also authorized to collect direct from the trainees service fees in the Chicago Union and fees for graduation, special examinations, late registration, and change of registration, the same as assessed against civilian students.

*Textbooks and Instruments*

The University will be reimbursed for textbooks and instruments required by trainees, which are to be purchased by it and turned over to the commanding officer for issuance. The estimate is as follows:

Textbooks (including handling charge of 5%).....	\$21 847 93
Instruments .....	5 755 75
<i>Total per year.....</i>	<u>\$27 603 68</u>

*Instrument Rental*

The Army will pay the University rental fees for microscopes owned by the University and rented by it to trainees at the rate of \$4 and \$5 a quarter for different types of instruments.

The Comptroller requests authority to execute with the Secretary of the Board a contract with these provisions. I recommend approval.

On motion of Mr. Davis, the execution of this contract was authorized as recommended.

**PROPOSED CONTRACT FOR ARMY DENTAL UNIT**

(20) The Comptroller reports that a contract has been negotiated with the U. S. Army for training of 146 trainees in the College of Dentistry on the following basis, in accordance with principles established by the Army and Navy for such contracts.

*Tuition*

Tuition fees are to be paid the University for all trainees enrolled on the basis of the non-resident tuition in the College of Dentistry as follows:

47 first year @ \$412.....	\$19 364
44 second year @ \$402.....	17 688
29 third year @ \$402.....	11 658
26 fourth year @ \$402.....	10 452
<i>Total per year.....</i>	<u>\$59 162</u>

The University is also authorized to collect direct from the trainees service fees in the Chicago Union and fees for graduation, special examinations, late registration, and change of registration, the same as assessed against civilian students.

*Textbooks and Instruments*

The University will be reimbursed for textbooks and instruments required by trainees, which are to be purchased by it and turned over to the commanding officer for issuance. The estimate is as follows:

Textbooks (including handling).....	\$ 6 956 77
Instruments and equipment.....	22 990 80
<i>Total per year.....</i>	<u>\$29 947 57</u>

*Instrument Rental*

The Army will pay the University rental fees for microscopes owned by the University and rented by it to trainees, at the rate of \$4 and \$5 a quarter for different types of instruments.

The Comptroller requests authority to execute with the Secretary of the Board a contract with these provisions. I recommend approval.

On motion of Mr. Davis, the execution of this contract was authorized as recommended.

**REPORT OF SPECIAL COMMITTEE ON UNIVERSITY CLUB OF URBANA**

(21) The special committee on the University Club of Urbana, to which the question of a proposed agreement with the Club was referred by the Board of Trustees on August 31, 1943 (Minutes, page 494), has prepared the following report.

**REPORT OF SPECIAL COMMITTEE ON UNIVERSITY CLUB OF URBANA**

Your special committee to consider the proposed agreement with the University Club of Urbana met September 21, 1943, at which time there were also present, President Willard, Comptroller Morey, Director Havens, and Messrs. W. S. Monroe, President, J. J. Doland, and J. G. Van Derpool of the University Club Board of Governors.

A full discussion of the proposal as submitted to the Board of Trustees at its last meeting developed two main points:

1. The desirability and feasibility of the University to proceed in its program to acquire the land in the block between Green and Illinois Streets, east of Mathews Street for future building expansion by purchase of the property of the University Club of Urbana. The University already has purchased one parcel, the second lot to the west of the Club land.

2. The value of encouraging and giving support to a University Club of faculty members as good business and institutional practice and recognition of the Club for its worth as an instrument for morale building among the faculty, and its further worth as a social institution offering opportunity for staff men to become better acquainted with each other and thus broadening the perspective of all.

The Committee believes this presents an opportunity to acquire the additional lot and recommends that the Board do proceed with its policy of land purchase in this area and that it do now purchase for the sum of \$22,500 the property of the University Club, a price in line with the appraised value of the property and in line with the \$8,500 which was paid for the parcel to the west in August, 1942, which is not quite half the size of the Club property.

The Committee further recommends that the Board of Trustees recognize the value to the University of the University Club of Urbana and enter into an agreement with the Club on the basis of the following provisions:

- I. The University will lease the property to the University Club for possession and operation by it for Club purposes, for the period ending June 30, 1945, with option to the University to continue, until such time as the University requires the property for University purposes, under the following conditions:

- (a) The University will pay the operating expenses of the building, including heat, electric current, water, taxes, and insurance, and will provide ordinary repairs to the building, in general accord with previous standards consistent with temporary use and occupancy, not including remodeling or improvement. (Estimated at \$2,500 a year).

- (b) The Club will operate the building and maintain food services and room-renting services and Club activities, for which it will assume all financial responsibility, including repair and replacement of equipment and furnishings (house and food service).

- (c) The Club will be responsible for the payment of its outstanding debentures and other indebtedness. All funds received from the University for purchase price of the property will be applied first to the redemption of debentures.

- (d) All members of the University faculty and staff not members of the Club will be given the privilege of food service at the Club at a higher rate than charged to Club members. Such persons would not have the benefit of

participation in Club social activities. Facilities of the Club will also be available for departmental meetings and other University uses without special charge.

(e) The Club will maintain as high a standard of furnishings and service as is possible within its means.

II. When the University desires possession of the present Club property, or in case it should be mutually agreed to terminate the Club's occupancy of the property prior to the realization of plans for permanent quarters, the Committee feels that the University should provide temporary quarters for the University Club upon rental terms comparable to those specified above. It is understood, however, that the nature of such temporary quarters will be such as may be found possible and suitable at the time.

III. It is mutually agreed that the present Club building is obsolete and too limited in size to provide adequately for the sort of faculty-club organization that should be developed at the University of Illinois, and the University favors the development of a building project, such as a faculty-graduate student center, within which appropriate quarters for the University Club would be provided. As a means of implementing this policy, the University proposes:

(a) The initiation of a trust fund to be devoted to the financing of a future building project and/or furnishing and equipping space to be occupied by the Club.

(b) The creation of a joint committee to bring the proposal of a faculty-graduate student center to the attention of the Building Program Committee for study and to the attention of the Gifts and Endowment Committee of the Alumni Association and the General Advisory Committee and to promote in other appropriate ways the realization of the project.

(c) The Club will undertake to induce its members to contribute toward the fund for a future faculty-graduate student center, by turning in debentures, the value of which could be applied to that fund or by making other contributions. The University agrees to match all money contributed to this fund by members of the Club during the biennium ending June 30, 1945.

Respectfully submitted,

JOHN R. FORNOF, *Chairman*

KARL A. MEYER

MARTIN G. LUKE

*Special Committee*

On motion of Mr. Fornof, this purchase was authorized under the conditions recommended, and the appropriation of \$22,500 was made from the General Reserve, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Green, Mr. Jensen, Dr. Luken, Dr. Meyer.

#### PURCHASE OF LAND IN URBANA

(22) The Building Program Committee has called attention to the urgent need of acquiring additional land on the east side of the central portion of the Urbana campus for use in future developments of the College of Liberal Arts and Sciences. The Director of the Physical Plant has transmitted an offer of the property at the southeast corner of California and Mathews, at a cash price of \$23,500. This offer must be accepted in the immediate future, as the owners have another buyer for the site.

Early consideration should be given to other acquisitions in this area and in the block north on Illinois Street in which the University now owns one property and on which the University Club property is located.

I concur in the recommendations of the Building Program Committee for the need of expansion in this area and believe serious consideration should be given to the offer now in hand.

I recommend that the matter be referred to the Committee on Buildings and Grounds for consideration and report if possible at this meeting of the Board.

This matter was referred to the Committee on Buildings and Grounds, to inspect the property and report on Saturday morning (see page 750).

### CANADIAN PATENT ON FELLOWS COAL BURNER DEVICE

(23) Associate Professor J. R. Fellows has developed a device for use in the construction of furnaces and other heaters for the smokeless combustion of coal, which has been patented and the rights thereto assigned to the University. The Board has assigned these rights to the University of Illinois Foundation for the commercial development of the discovery. Application for a patent covering an important improvement in this device has also been made, but the United States Patent Office has not acted on this application.

The Faculty Committee on Patents recommends that Professor Fellows be authorized to apply for a patent in Canada covering the improvement in his device, with the understanding that the University will pay the expenses thereof and that the rights to the patent will be assigned to the University in the usual way. If the Board of Trustees does not approve financing such an application the Committee recommends that permission be given Professor Fellows to make application at his own expense and on his own behalf.

The Committee further recommends that if application for Canadian patent protection is authorized the filing of such an application be deferred until the United States Patent Office has acted on the application now pending, for the reason that if the United States Patent Office rejects the application for the improvement it is quite likely that the University would not be interested in filing an application for a Canadian patent.

I concur in this recommendation.

On motion of Mr. Davis, the application for this patent on behalf of the University was authorized as recommended.

### TERMINATION OF FINE ARTS GALLERY ASSOCIATION

(24) On May 28, 1940 (Minutes, page 946), the Board was advised of an offer made by Mr. Percy H. Sloan of the Class of 1886 to raise funds for a Fine Arts Museum or Gallery for the University of Illinois. Mr. Sloan himself offered \$25,000 for this Museum and \$5,000 for the upkeep of paintings which he proposed to present to the University. On September 27, 1940 (Minutes, page 54), the Board authorized the organization of a Fine Arts Gallery Association, which was incorporated on January 30, 1941, for the purpose of raising funds for said project and to perform such corporate functions as were necessary in carrying out its objectives. Such funds as were received for this project were to be deposited in escrow with the Northern Trust Company Bank of Chicago.

Mr. Sloan was a party to the escrow agreement which provided that if by January 1, 1943, there were not sufficient funds on hand for the construction of the Fine Arts Gallery Building the funds shall be returned to the several donors on demand. Later the time limit was extended to January 1, 1944. Mr. Sloan had deposited \$25,000 in accordance with his original offer. Recently Mr. Sloan has indicated his desire to terminate this arrangement, since there is no likelihood that there will be sufficient funds by January 1, 1944, to cover the cost of constructing a Fine Arts Gallery Building. Under the circumstances, the Fine Arts Gallery Association has terminated its agreement with the Northern Trust Company of Chicago and the escrowship of the funds held for it and has returned the contributions to the various donors, including the restoration of funds to Mr. Sloan which he had advanced.

This report was received for record.

### CONTRACTS EXECUTED BY THE COMPTROLLER AUGUST 22 TO OCTOBER 23, 1943

(25) The Comptroller's report of contracts executed.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
A. E. Staley Manufacturing Company	Investigation of amino acids and vitamin requirements in swine nutrition	\$1 200	September 13, 1943
United Clay Mines Corporation	Investigation of properties of clays	1 000	September 20, 1943
American Dry Milk Institute	Investigation of milk in reducing mortality from pullorum disease	900	October 15, 1943
Associated Seed Growers, Inc.	Agreement for introduction to the public of a new variety of tomato developed by College of Agriculture	.....	October 1, 1943

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
Magnaflux Corporation	License agreement for use by Engineering departments of patented inventions	\$ 1	August 6, 1943
Metropolitan Life Insurance Company	Agreement for use of company motion picture films	.....	August 10, 1943
Mueller Construction Company	Work on Taylor Street property sidewalks	2 283	August 23, 1943
Teaching Films Custodians	License to exhibit motion pictures for educational purposes by the Visual Aids Service	Fixed sums for each film	August 18, 1943
Rantoul Sanitary Milk Company	Agreement for purchase of milk and milk products for Army messes in the Ice Rink	Unit prices listed in contract	September 16, 1943

Leases executed under general regulations of the Board of Trustees:

<i>With Whom</i>	<i>Property</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
Central Life Insurance Company of Illinois	Lease of premises for Chicago district office for Division of Services for Crippled Children	\$1 785	July 20, 1943

This report was received for record.

#### SETTLEMENT OF WRIGHT ESTATES

Mr. McKelvey, for the Committee on Agriculture, recommended that the Board of Trustees adopt the following resolution to carry out and effectuate the settlement of the Wright Estates:

*Whereas*, the Board of Trustees of the University of Illinois did on March 20, 1943, appoint a special committee (consisting of Mr. Davis, Dr. Luken, and Dr. Meyer) to secure all the facts and make recommendations to the Board to effect a settlement of all controversies and disputes in the matter of the wills and the estates of Dr. Harry G. Wright, deceased, and Mrs. Harriette A. Wright, deceased; and

*Whereas*, after numerous conferences and discussions the terms of a settlement were reached and approved by the Board on August 31, 1943, and pursuant thereto, on the same date, a contract was executed between the Board and Posie T. Wright, as residuary devisee and legatee under the Last Will and Testament of Harriette A. Wright, deceased; and

*Whereas*, subsequently in accordance with said contract an agreement was executed on September 20, 1943, by the duly authorized representatives of the Board and Posie T. Wright, providing for a division of the farms contained in the Estate of Harry G. Wright between the said parties, and

*Whereas*, subsequently the said Posie T. Wright, in accordance with the right reserved to him by said contracts of August 31, 1943, and September 20, 1943, elected to allocate a certain farm by him selected to the University to apply upon the cash payment required of him by said contract of August 31, 1943, and

*Whereas*, it is now desirable and necessary in order to carry out said agreement between the University of Illinois and the said Posie T. Wright, dated August 31, 1943, that there be an exchange of deeds between the said parties conveying the real estate in the Estate of Harry G. Wright to the respective parties entitled to receive the same under the terms of said agreement of August 31, 1943,

*Now, therefore, be it resolved*, that the Board of Trustees of the University of Illinois does hereby ratify and approve in all things the action taken in respect to the division of the real estate contained in the Estate of Harry G. Wright, deceased, and does hereby authorize and direct the President and Secretary to accept from Posie T. Wright and Harriette C. Wright a quitclaim deed conveying all of their right, title, and interest in and to the following described property:

The Southwest Fractional Quarter (SW $\frac{1}{4}$ ) of Section Nineteen (19) and the Southeast Quarter (SE $\frac{1}{4}$ ) of Section Nineteen (19) and so much of the Northeast Quarter (NE $\frac{1}{4}$ ) of Section Nineteen (19) as lies South of the South

Line of the right of way of the Chicago and Northwestern Railway Company, all in Township Forty (40) North, Range Three (3), East of the Third Principal Meridian, DeKalb County, Illinois;

The West Half ( $W\frac{1}{2}$ ) of all that part of the Northwest Fractional Quarter ( $NW\frac{1}{4}$ ) of Section Nineteen (19), Township Forty (40) North, Range Three (3), East of the Third Principal Meridian, lying South of the right of way of the Chicago and Northwestern Railroad, DeKalb County, Illinois;

The East Half ( $E\frac{1}{2}$ ) of all that part of the Northwest Fractional Quarter ( $NW\frac{1}{4}$ ) of Section Nineteen (19), Township Forty (40) North, Range Three (3), East of the Third Principal Meridian, lying South of the right of way of the Chicago and Northwestern Railroad, DeKalb County, Illinois;

The Northeast Quarter ( $NE\frac{1}{4}$ ) of Section Thirty-two (32), Township Forty (40) North, Range Three (3), East of the Third Principal Meridian, DeKalb County, Illinois;

The West Half ( $W\frac{1}{2}$ ) of the Southeast Quarter ( $SE\frac{1}{4}$ ) of Section Thirty-two (32), Township Forty (40) North, Range Three (3), East of the Third Principal Meridian, DeKalb County, Illinois;

The Northwest Quarter ( $NW\frac{1}{4}$ ) of Section Twenty-nine (29), Township Thirty-nine (39) North, Range Three (3), East of the Third Principal Meridian, and the Southeast Quarter ( $SE\frac{1}{4}$ ) of the Southwest Quarter ( $SW\frac{1}{4}$ ) of Section Twenty (20), Township Thirty-nine (39) North, Range Three (3), East of the Third Principal Meridian, DeKalb County, Illinois;

The North Half ( $N\frac{1}{2}$ ) of the Southwest Quarter ( $SW\frac{1}{4}$ ) and the South Half ( $S\frac{1}{2}$ ) of the Northeast Quarter ( $NE\frac{1}{4}$ ) of Section Twenty-three (23), Township Thirty-nine (39) North, Range Three (3), East of the Third Principal Meridian, DeKalb County, Illinois;

and to execute and deliver to said Posie T. Wright a quitclaim deed conveying to the said Posie T. Wright, all the right, title, and interest of the University of Illinois in and to the following described property:

The East Half ( $E\frac{1}{2}$ ) of the Southeast Quarter ( $SE\frac{1}{4}$ ) of Section Twenty (20), and the East Eighty ( $E80$ ) acres of the West One Hundred ( $W100$ ) acres of the Northwest Quarter ( $NW\frac{1}{4}$ ) of Section Twenty-eight (28), all in Township Forty (40) North, Range Four (4), East of the Third Principal Meridian, DeKalb County, Illinois;

The Northeast Fractional Quarter ( $NE\frac{1}{4}$ ) of Section Six (6), Township Thirty-nine (39) North, Range Three (3), East of the Third Principal Meridian, DeKalb County, Illinois;

That part of the North Half ( $N\frac{1}{2}$ ) of the Northeast Quarter ( $NE\frac{1}{4}$ ) of Section Twenty-eight (28), Township Forty-two (42) North, Range Three (3), East of the Third Principal Meridian lying West of the highway known as State Bond Issue Route No. 72, DeKalb County, Illinois, and the East Half ( $E\frac{1}{2}$ ) of the West Half ( $W\frac{1}{2}$ ) of Section Twenty-eight (28), Township Forty-two (42) North, Range Three (3), East of the Third Principal Meridian, DeKalb County, Illinois;

The West Half ( $W\frac{1}{2}$ ) of the Southeast Quarter ( $SE\frac{1}{4}$ ) (except the West Two ( $W2$ ) rods) and the Southeast Quarter ( $SE\frac{1}{4}$ ) of the Southeast Quarter ( $SE\frac{1}{4}$ ) of Section Twenty-eight (28), Township Forty-two (42) North, Range Three (3), East of the Third Principal Meridian, DeKalb County, Illinois;

Lot Sixty-three (63) and the North Four ( $N4$ ) feet of Lot Sixty-four (64) of Block Fourteen (14) of County Clerk's Subdivision, and the North Seventy ( $N70$ ) feet of Lot Twelve (12) of Vaughn's Subdivision of Block Fourteen (14) of the Original Village, now City of DeKalb, DeKalb County, Illinois;

The South Twenty-seven ( $S27$ ) feet of the North Sixty-nine ( $N69$ ) feet of the East One Hundred Thirty-two ( $E132$ ) feet of Block Twelve (12) of the Original Village, now City of DeKalb, DeKalb County, Illinois; and

*Be it further resolved*, that the President and the Secretary of the Board of Trustees be and they are hereby authorized and directed to execute any and all documents, deeds, transfers, releases, and stipulations which in their judgment may be necessary to carry out and effectuate fully the agreement authorized and executed on August 31, 1943, and to close finally the controversy which

arose between the Board and Posie T. Wright concerning the wills and the estates of Dr. Harry G. Wright, deceased, and Harriette A. Wright, deceased; and

*Be it further resolved*, that the Comptroller and the Secretary of the Board of Trustees be, and they are hereby, authorized to execute leases for the use of the land described above, on recommendation of the Dean of the College of Agriculture.

On motion of Mr. Davis, this resolution was adopted.

#### REPORT OF FINANCE COMMITTEE

Mr. Karraker, for the Finance Committee, reported as follows:

On advice of investment counsel, the First National Bank of Chicago, the following purchases were made as investments of surplus cash in Student Loan Funds: \$25,000  $\frac{7}{8}\%$  U. S. certificates due September 1, 1944.

The Committee has also approved the following additions to the list of authorized investments for endowment funds: Central Illinois Public Service Company 1st  $3\frac{3}{8}\%$ , due 1971, approximate market 107 $\frac{1}{4}$ , yield 3%; West Texas Utilities Company, 1st  $3\frac{1}{8}\%$ , due 1973, approximate market 102.46, yield 3%; U. S. Third War Loan Bonds, Series G, 1955,  $2\frac{1}{2}\%$ . The sum of \$10,000 of the last named item has been purchased.

On motion of Mr. Karraker, these investments were approved.

#### ADJUSTMENT IN BUDGET OF ATHLETIC ASSOCIATION

Mr. Davis, for the Committee on Athletic Activities, reported a recommendation that the adjustment in the budget of the Athletic Association, appropriating \$1,000, or so much thereof as may be necessary, for medical services for Mr. L. M. Tobin (see page 726) be approved; but that the Board of Directors of the Athletic Association be requested to take up all such matters with the Board of Trustees in advance.

After discussion, this recommendation was adopted.

The Committee on Athletic Activities was requested to study and report on the relations of the Athletic Association and the University.

The Board adjourned at 11:30 p.m., to meet at 10:30 a.m. Saturday.

H. E. CUNNINGHAM  
*Secretary*

PARK LIVINGSTON  
*President*

#### ADJOURNED SESSION, OCTOBER 30, 1943

When the Board met on Saturday morning, pursuant to adjournment the night before, the same members and officers were present as before; also, during part of the session, Judge Sveinbjorn Johnson, Professor of Law, and Mr. Charles S. Havens, Director of the Physical Plant Department. Mr. Frank S. Thompson, Director of the State Department of Registration and Education, sat with the Board during part of the session.

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

**CHANGE IN HOSPITAL AND MEDICAL SERVICE FEE**

(1) On April 29, 1943 (Minutes, page 325), the Board approved a recommendation from the Faculty Committee on Fees and Scholarships that there be established a uniform hospital and medical service fee of \$5 a semester to be assessed all students in the Urbana departments beginning with the fall term of 1943. A number of requests have been received from students asking for exemption from the payment of the fee. Such requests have come mostly from (a) students taking a very limited amount of work, (b) those who live outside the University community and come to the campus to attend a single session a week (for example, high school teachers taking graduate courses on Saturdays), and (c) those who are participants in other group insurance plans covering hospitalization and medical fees. The Committee on Fees and Scholarships has considered these various requests and recommends to the Board of Trustees that all graduate and undergraduate students registered in the Urbana departments be assessed the hospital and medical service fee beginning with the fall term of 1943-1944, excepting the following groups: (a) extramural students; (b) correspondence students; (c) persons on appointment on the University staff or on the staffs of the allied surveys or laboratories on the Urbana campus; (d) visitors, i.e., those registered as visitors in classes; (e) students taking not more than one unit of graduate work or more than five hours of undergraduate work in a semester, or students taking not more than one-half unit of graduate work or more than three hours of undergraduate work in the eight-week summer session.

The Committee recommends further that this modification be made effective beginning with the current semester.

I concur in the Committee's recommendation, and recommend further that refunds of the hospital and medical service fee be made to those students in the categories specified above and who apply for the same. Moreover, in my judgment, this exemption should be extended and refunds made to students who submit evidence of participation in any other group insurance systems providing the same benefits as those covered by the required University fee, and I so recommend.

On motion of Mr. Davis, these recommendations were adopted.

**BEQUEST OF HARRY L. HANKENSON**

(2) As reported to the Board on July 28, 1943 (Minutes, page 441), the University is a residuary legatee in the estate of Harry L. Hankenson in the amount of \$10,000. The bequest to the University becomes effective only after the death of certain survivors who will receive the income from the estate during their lifetime.

One of the principal assets of the estate consists of stock in the Chicago Towel Company. This stock does not qualify as investments of trust funds and the Northern Trust Company, Trustee, would be obliged to liquidate these investments unless otherwise authorized by beneficiaries of the will. It appears that if such liquidation were carried out the income available to present beneficiaries would be materially reduced. The Trustee is willing to continue to hold present stocks until such time as it might deem it advisable to dispose of the same providing residuary legatees offer no objection.

Judge Johnson points out that a trustee may continue to hold any investment received under a trust or any increase thereof without the necessity of liquidation and reinvestment in securities approved under the statute. He advises that the Board has the power to assent to this procedure. The Trustee will apply to the appropriate court in Cook County for authority to continue to hold the securities.

The Comptroller requests that he be authorized to notify the Northern Trust Company, Trustee of the Harry L. Hankenson estate, that it is agreeable to the Board that it continue to hold stocks of the Chicago Towel Company as a part of that estate until such time as within the sole discretion of the Trustee it might deem it advisable to dispose of the same.

Judge Johnson commented on this matter.

On motion of Mr. Davis, the recommendation of the Comptroller was adopted.

#### **AGREEMENT WITH COPPER AND BRASS RESEARCH ASSOCIATION FOR COOPERATIVE INVESTIGATION**

(3) The Director of the Engineering Experiment Station recommends authorization of an agreement with the Copper and Brass Research Association for a cooperative investigation of corrosion in brass and copper pipe for plumbing by the Engineering Experiment Station. The agreement is drawn for the period of one year, beginning November 1, 1943, with provisions for its extension upon mutual consent, and the Association agrees to pay the University \$2,000 to cover the expenses.

The agreement conforms to the policy and regulations of the Board of Trustees governing research sponsored by outside agencies with the exception of the provision relating to patents. In this case the Association has asked for a modification of the contract to provide that in case of a patentable discovery a royalty-free, non-exclusive license will be issued by the University to the members of the Association. Those in charge of the research project advise that it is highly improbable that any patentable discovery will result during the course of the research.

The Director of the Station recommends that this change in the agreement be accepted by the University. I concur in the recommendation.

On motion of Mrs. Grigsby, this agreement was authorized with the modification recommended.

#### **CORRECTION OF TITLE IN BOOTH ESTATE**

(4) The University has sold the farm bequeathed to it under the will of Mr. Charles H. Booth of Galesburg. The executor for the Booth estate has advised the University that the attorneys examining the abstract of title find a flaw which in their opinion necessitates an action to interpret the will and quiet title before they can advise the purchaser to accept a deed to the property. The flaw consists of the fact that in his will Mr. Booth designated the beneficiary as the "Agricultural College of the State of Illinois" and attorneys for the purchaser do not think that the devisee thus named can be regarded as the University of Illinois or the Board of Trustees of the University of Illinois without a decree of court.

I recommend that the executor of the estate, Mr. A. J. Boutelle of Galesburg, be authorized to handle the matter locally with whatever assistance he may need from officers of the University. It is possible that an affidavit from University officials setting forth the pertinent facts will be accepted by the counselor for the purchase of the land.

On motion of Mr. Karraker, this recommendation was adopted.

#### **QUARTERLY REPORT OF THE COMPTROLLER**

(5) In accordance with the provisions of the University Statutes, the Comptroller submits his Quarterly Report for September 30, 1943.

This report was referred to the Finance Committee for consideration and report.

#### **EXCHANGE OF CHICAGO ILLINI UNION BUILDING BONDS**

(6) The Board of Trustees on August 31, 1943 (Minutes, page 503), authorized the Executive Committee to consider and act on a proposal from Northwestern Mutual Life Insurance Company for the exchange of Chicago Illini Union Building 3½% bonds of the University of Illinois Foundation for new 3¾% bonds of the Board of Trustees. As indicated in the minutes of the Executive Committee (page 718), that Committee voted to accept this proposal.

The Comptroller submits and requests adoption of "A Resolution Authorizing and Providing for the Issue of \$100,000 Student-Faculty Union Building Revenue Bonds of the University of Illinois." This resolution was prepared by Judge Johnson and has been approved by the legal staff of Northwestern Mutual Life Insurance Company and by the First National Bank of Chicago, the depository.

On motion of Mr. Karraker, this resolution was adopted, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Kar-

raker, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Green, Mr. Jensen, Dr. Luken, Dr. Meyer.

The President of the Board designated Mr. Davis and Dr. Meyer as the members of the Board to sign the bonds as required by the resolution.

#### **LEAVE OF ABSENCE FOR PROFESSOR PAUL H. TRACY**

(7) A request from Professor Paul H. Tracy of the Department of Dairy Husbandry that he be given a leave of absence for one month, November 15 through December 14, 1943, without pay, for the purpose of assisting in marketing studies being made by Professor R. W. Bartlett of the Department of Agricultural Economics, who is also on leave without pay for the purpose of making these studies.

The Dean of the College recommends approval, and I concur.

On motion of Mr. Fornof, this leave was granted.

#### **REPORT OF FINANCE COMMITTEE ON UNIVERSITY AUDIT**

Mr. Karraker reported that the Finance Committee has received two reports from the auditors of the University, Arthur Young & Company:

1. Interim Examination and Review of Accounting Procedures and System of Internal Control at March 31, 1943.

2. Report of Examination for the Year Ended June 30, 1943.

The first report made certain suggestions with respect to changes in internal procedure on which the Comptroller has submitted comments to the Committee. Steps are being taken to carry out these suggestions as fully as practicable.

The audit report for the year sets forth the financial operations and condition which will also be included in the Comptroller's published report. No irregularities were indicated.

The Committee has also received a copy of the audit report of the University of Illinois Foundation for June 30, 1943, also prepared by Arthur Young & Company.

Signed copies of these reports have been filed with the Secretary of the Board.

This report was received for record.

#### **PURCHASE OF PROPERTY IN URBANA**

Mr. McKelvey, for the Committee on Buildings and Grounds, reported that the Committee had inspected the property at California and Mathews avenues in Urbana, and requested Mr. Havens to comment.

Mr. Havens recommended the purchase, and stated that the development of the University would require the acquisition of more land in this vicinity.

Mr. Morey recommended that the appropriation be increased to provide for the purchase of options on other land needed.

On motion of Mr. McKelvey, this purchase was authorized as recommended, and the appropriation of \$30,000 (for this property and for options) was made from the General Reserve, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Green, Mr. Jensen, Dr. Luken, Dr. Meyer.

#### **CLASSIFICATION AND COMPENSATION OF FOOD SERVICE EMPLOYEES**

Mr. Karraker, for the Committee on Civil Service and Employees, presented the following recommendations of the University Civil Service Committee:

The University Civil Service Committee has approved and transmits for your consideration and that of the Board of Trustees the enclosed Classification and Compensation Plan for Food Service Employees in Urbana and Champaign.

In the Salary and Wage Policy approved by the Board of Trustees on June 19, 1943, these employees were included under the "cost of living" wage adjustment plan. Because of the increase in the requirements of the University for this service incident to the Army and Navy training programs and the general conditions of employment in Urbana and Champaign, this arrangement has not proved to be practicable. A careful survey of the problem was made by the departments concerned (Union Building, Residence Halls, McKinley Hospital, and Home Economics Cafeteria), and the revised schedule was prepared, approved by all the departments concerned, and accepted by representatives of various employee groups. The plan is based on minimum rates of pay indicated in the schedules, with automatic increases semi-annually during the first year of service and other raises by merit within the maximum of each grade, or promotion to a higher grade or classification. A copy of the schedule previously in effect also is enclosed.

The University Civil Service Committee recommends that the revised classification and compensation plan, including the transfer of these employees from the cost-of-living group to the merit adjustment group, be approved as of September 1, 1943.

On motion of Mr. Karraker, these recommendations were adopted.

#### WAGES OF GROUNDSMEN AND AGRICULTURAL LABORERS

Mr. Karraker, also for the Committee on Civil Service and Employees, presented the following recommendations from the University Civil Service Committee:

That the wages of groundsmen in the Physical Plant Department, Urbana, be increased from 66¢ to 71¢ an hour, effective September 1, 1943, with the provision that for a probationary period of six months new employees may be paid 66¢ an hour and further provision that future adjustments up and down will be in proportion to changes in the prevailing local wage for Class B construction labor.

That the base rate of pay for agricultural laborers at Urbana be increased from 55¢ to 65¢ an hour, effective November 1, 1943, with the provision that for a probationary period of six months new employees may be paid 60¢ per hour.

It is understood that in both the Physical Plant Department and the College of Agriculture, approximately corresponding adjustments in rates for monthly employees, including foremen and supervisors, will also be necessary.

On motion of Mr. Karraker, these increases were authorized as recommended.

#### BEQUEST OF ANNETTA AYERS SAUNDERS

The Secretary presented for record the following letter from Mr. James C. Colvin, Secretary of the University of Illinois Foundation.

October 28, 1943

*Mr. H. E. Cunningham*  
*Secretary, Board of Trustees*  
*358 Administration (W)*

DEAR MR. CUNNINGHAM:

I should like to report to the Board of Trustees that through a bequest of the late Annetta Ayers Saunders of Chicago, the Foundation has acquired about \$164,000. (The valuation at June 23, 1943, was \$164,215.95.) Most of this is in high grade securities and is in addition to about \$5,500 which the Foundation received in 1938 from the same estate.

No formal action has been taken by the Foundation as to the use of these funds, but it was the sense of the meeting held October 14, 1943, that the principal sum be kept intact and that only the income be used.

It was also the sense of the meeting that in view of this income the Foundation would not need to request funds from the University for the operation of the Foundation after this fiscal year.

Sincerely yours,  
JAMES C. COLVIN  
*Secretary*

#### TREASURER'S REPORT, JUNE 30, 1943

The Secretary presented also for record the report of the Treasurer, Mr. Irvin L. Porter, for the year ending June 30, 1943.

#### STATEMENT OF RECEIPTS AND DISBURSEMENTS

Balance July 1, 1942.....		\$636 532 97
Receipts:

**APPOINTMENTS MADE BY THE PRESIDENT**

The Secretary presented also for record the following list of appointments made by the President of the University.

ALLEN, JOSEPH, JR., Music Librarian, on seven-eighths time, and Instructor in Music, on one-eighth time, for ten months beginning November 1, 1943, at a salary at the rate of two thousand three hundred dollars (\$2300) a year. (October 18, 1943)<sup>1</sup>

ALP, HERBERT HOWARD, Associate Professor of Poultry Extension, in the Department of Animal Husbandry, in the Extension Service in Agriculture and Home Economics, for two years beginning September 1, 1943, at a salary of four thousand one hundred dollars (\$4100) a year (this supersedes his previous appointment). (September 3, 1943)

ALTENBERN, ROBERT ALLEN, Assistant in Bacteriology, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (October 8, 1943)

ANDERSON, DOROTHY MARIE, Assistant Clerk-Typist in the Physical Plant Department, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand eighty dollars (\$1080). (October 5, 1943)

ANDERSON, ELMA PEACH, Assistant in Library Science, for ten months beginning September 1, 1943, at a salary of one thousand six hundred dollars (\$1600). (September 3, 1943)

ANDERSON, MRS. FRANCES, Assistant in Spanish, on three-fourths time, for four months beginning October 1, 1943, at a salary at the rate of one hundred twenty-five dollars (\$125) a month, and on one-half time, for four months

<sup>1</sup>The date in parenthesis is the date on which the appointment was made by the President.

beginning February 1, 1944, at a salary at the rate of eighty-seven dollars fifty cents (\$87.50) a month (this supersedes her previous appointment). (October 20, 1943)

ANDERSON, MARGARET, Assistant in Spanish, on three-fourths time, for eight months beginning October 1, 1943, at a salary of nine hundred dollars (\$900). (September 3, 1943)

ANDERSON, MARGARET, Assistant in Spanish, for four months beginning October 1, 1943, at a salary at the rate of one hundred fifty dollars (\$150) a month, and on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred twelve dollars fifty cents (\$112.50) a month (this supersedes her previous appointment). (October 20, 1943)

ANDERSON, MELVIN ROSS, to give instruction in Physical Education for Men, in the Summer Semester of 1943, beginning September 2, 1943, and continuing through October 2, 1943, at a salary of three hundred dollars (\$300) for the period. (September 16, 1943)

ANDERSON, ROBERT TODD, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

ARNETT, HENRY DILGARDT, Assistant in Physics, in the College of Engineering, on three-fourths time, for eight months beginning October 1, 1943, at a salary of one thousand five hundred seventy-five dollars (\$1575). (September 9, 1943)

ARNETT, HENRY DILGARDT, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050) (this supersedes his previous appointment). (September 23, 1943)

ARON, WALTER, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

ATHERTON, ELVA, Assistant in Mathematics, for ten months beginning October 1, 1943, at a salary of two thousand dollars (\$2000). (September 10, 1943)

BACKLUND, HANNAH, Assistant in Spanish, on three-fourths time, for eight months beginning October 1, 1943, at a salary of nine hundred dollars (\$900). (September 3, 1943)

BAILAR, MRS. FLORENCE C., Assistant in Mathematics, on one-half time, for eight months beginning October 1, 1943, at a salary of eight hundred twenty-five dollars (\$825). (September 10, 1943)

BARDOLPH, RICHARD, Assistant in History, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 17, 1943)

BARNFIELD, W. F., Instructor in Pathology, in the Admitting Clinic, on one-half time, and in the Division of Oral Pathology, on one-half time, in the College of Dentistry, for five months beginning April 1, 1944, at a salary at the rate of two thousand five hundred dollars (\$2500) a year. (September 13, 1943)

BASS, PAUL BRIAN, Instructor in Oral and Plastic Surgery, in the College of Dentistry, one half-day each week, for one year beginning September 1, 1943, without salary (this supersedes his previous appointment). (September 22, 1943)

BECK, GERALD PAUL, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

BECK, GERALD PAUL, Assistant in Physics, in the College of Engineering, on three-fourths time, for eight months beginning October 1, 1943, at a salary of one thousand five hundred seventy-five dollars (\$1575) (this supersedes his previous appointment). (September 23, 1943)

BEDRICK, THEODORE, Instructor in Mathematics, for ten months beginning September 1, 1943, at a salary of two thousand dollars (\$2000). (September 17, 1943)

BENNETT, MRS. JESSIE CASSIDY, Editorial Assistant in the Agricultural Experiment Station, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand six hundred dollars (\$1600) a year. (September 24, 1943)

BENTON, BARBARA ANN, Clerk in the Personnel Bureau, on three-fourths time, for one year beginning September 1, 1943, at a salary of nine hundred dollars (\$900). (September 28, 1943)

BICA, GAETANO ATTILIO, Assistant in Medicine, for one year beginning September 1, 1943, without salary. (September 20, 1943)

BIRDZELL, SAMUEL HENRY, to give instruction in Physical Education for Men, in the Summer Semester of 1943, on 6/7 time, beginning September 13, 1943, and continuing through October 2, 1943, at a salary of one hundred forty dollars (\$140) for the period. (September 16, 1943)

BIRDZELL, SAMUEL HENRY, Instructor in Physical Education for Men, for ten months beginning September 1, 1943, at a salary of two thousand two hundred fifty dollars (\$2250). (September 10, 1943)

BLANKINSHIP, WILLIAM AUBREY, Assistant in Mathematics, for ten months beginning October 1, 1943, at a salary of two thousand three hundred dollars (\$2300). (September 17, 1943)

BLOEM, HAROLD HENRY, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

BOEKELHEIDE, VIRGIL C., Instructor in Chemistry, for ten months beginning September 1, 1943, at a salary of two thousand two hundred dollars (\$2200). (September 17, 1943)

BOSTROM, JANE M., Senior Laboratory Technician in the Department of Anatomy, in the College of Medicine, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand eight hundred sixty dollars (\$1860) (this supersedes her previous appointment). (August 31, 1943)

BOYD, ALICE LOUISE, Library Assistant in the Catalog Department of the Library, beginning October 11, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand eight hundred dollars (\$1800) a year. (September 28, 1943)

BREWER, MELVIN CLAY, to give instruction in Physical Education for Men, in the Summer Semester of 1943, beginning September 2, 1943, and continuing through October 2, 1943, at a salary of one hundred forty dollars (\$140) for the period. (September 8, 1943)

BREWER, MELVIN CLAY, Assistant in Physical Education for Men, for ten months beginning September 1, 1943, at a salary of two thousand one hundred dollars (\$2100). (September 3, 1943)

BRISTOW, MRS. EVELYN McLAIN, Assistant in Spanish, for ten months beginning September 1, 1943, at a salary of one thousand three hundred dollars (\$1300). (September 8, 1943)

BROUSSARD, MARCEL NICHOLAS, Senior Accountant in the Accounting Division of the Comptroller's Office, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of two thousand four hundred dollars (\$2400) a year (this supersedes his previous appointment). (September 23, 1943)

BROWN, JOHN W., Assistant in Physical Education for Men (Chicago Departments), for one year beginning September 1, 1943, at a salary of two thousand four hundred dollars (\$2400). (September 7, 1943)

BROWN, OTIS BARTON, Assistant in Agricultural Economics, in the Agricultural Experiment Station, on one-half time, for eleven months beginning October 1, 1943, at a salary at the rate of eight hundred dollars (\$800) a year. (October 8, 1943)

BRYAN, ENOCH MORGAN, Assistant in Anaesthesia, in the Department of Surgery, in the College of Medicine, for eleven months beginning October 1, 1943, without salary (this is in addition to his services as Resident, with salary). (October 5, 1943)

BULLOCK, MRS. LOUISE, Junior Account Clerk in the Print Shop, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand two hundred dollars (\$1200). (September 20, 1943)

BURKAM, MRS. JOSEPHINE HARRIS, Assistant in English, for nine months beginning October 1, 1943, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (September 3, 1943)

BUSHMAN, JOHN CONRAD, Instructor in English, for nine months beginning November 1, 1943, at a salary at the rate of two hundred dollars (\$200) a month (this supersedes his previous appointment). (October 14, 1943)

CALDWELL, EVERETT BRIGGS, Junior Library Assistant in the Engineering Library, beginning September 15, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand six hundred fifty dollars (\$1650) a year. (September 2, 1943)

CARLSON, HILDING BROR, Assistant Professor of Psychology, on three-fourths time, and Counselor in the Personnel Bureau, on one-fourth time, for one year beginning September 1, 1943, at a salary of three thousand dollars (\$3000) (this supersedes his previous appointment). (October 1, 1943)

CARNAHAN, SALLY ELIZABETH, Assistant in French, for nine months beginning October 1, 1943, at a salary of one thousand three hundred eighty-six dollars (\$1386). (September 29, 1943)

CARTER, BOYD GEORGE, Assistant Professor of French, for three months beginning October 1, 1943, at a salary at the rate of three hundred dollars (\$300) a month. (October 18, 1943)

CHAMBERLIN, ROBERT S., Superintendent of Grounds in the Physical Plant Department, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of three thousand six hundred dollars (\$3600) (this supersedes his previous appointment). (October 6, 1943)

CHRISTIE, JOHN ALDRICH, Assistant in English, for nine months beginning October 1, 1943, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (October 5, 1943)

CLARK, KEITH STEWARD, to give instruction in Physical Education for Men, in the Summer Semester of 1943, beginning September 2, 1943, and continuing through October 2, 1943, at a salary of one hundred forty-one dollars forty cents (\$141.40) for the period. (September 8, 1943)

CLARK, KEITH STEWARD, Assistant in Physical Education for Men, for ten months beginning September 1, 1943, at a salary of one thousand nine hundred eighty dollars (\$1980). (September 3, 1943)

CLINTON, HAROLD, Research Graduate Assistant in Civil Engineering, in the Engineering Experiment Station, for eight months beginning October 1, 1943, at a salary at the rate of seventy-five dollars (\$75) a month, and for three months beginning June 1, 1944, at a salary at the rate of eighty-seven dollars fifty cents (\$87.50) a month. (October 7, 1943)

COLLINS, DEAN A., Associate Professor of Physiology, in the College of Medicine, beginning January 1, 1944, and continuing through August 31, 1945, at a salary at the rate of four thousand three hundred dollars (\$4300) a year. (September 29, 1943)

COLMAN, CHARLES WILSON, to give instruction in French, in the Summer Semester of 1943, for sixteen weeks beginning June 14, 1943, or for such portion of that time as his services may be required, with a salary at the rate of five hundred dollars (\$500) for the period (this supersedes his previous appointment). (September 16, 1943)

CONE, MRS. ELEANOR BALDWIN, Junior Clerk-Stenographer in the Physical Plant Department, beginning October 21, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand two hundred dollars (\$1200) a year. (October 15, 1943)

COON, MINOR JESSER, Special Research Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1943, at a salary of seven hundred dollars (\$700) (this supersedes his previous appointment). (October 7, 1943)

CORLETT, DOROTHY MAXINE, Instructor in History, on four-fifths time, for eight months beginning October 1, 1943, at a salary of one thousand four hundred forty dollars (\$1440). (September 4, 1943)

CRISTOL, STANLEY JEROME, Special Research Assistant in Chemistry, for one year beginning September 1, 1943, at a salary of two thousand two hundred dollars (\$2200). (September 3, 1943)

CROSSLEY, CLARENCE FRANCIS, to give instruction in Physical Education for Men, in the Summer Semester of 1943, beginning September 1, 1943, and continuing through October 2, 1943, at a salary of two hundred twenty-five dollars (\$225) for the period. (September 23, 1943)

CURTIS, CHARLES CAREY, to give instruction in Mathematics, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, or for such portion of that time as his services may be required, with a salary at the rate of seven hundred sixteen dollars (\$716) for the period (this supersedes his previous appointment). (September 1, 1943)

DEKKER, CHARLES ABRAM, Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (October 7, 1943)

DELANEY, FREDERICK HENRY, Assistant in Physical Education for Men, on one-half time, for eight months beginning October 1, 1943, at a salary of eight hundred dollars (\$800). (October 13, 1943)

DETURK, MRS. RUTH WILLARD, Assistant in Spanish, on one-half time, for eight months beginning October 1, 1943, at a salary of seven hundred fifty dollars (\$750). (September 8, 1943)

DETURK, MRS. RUTH WILLARD, Assistant in Spanish, on three-fourths time, for four months beginning October 1, 1943, at a salary at the rate of one hundred forty dollars sixty cents (\$140.60) a month, and on one-half time, for four months beginning February 1, 1944, at a salary at the rate of ninety-three dollars fifty cents (\$93.50) a month (this supersedes her previous appointment). (October 20, 1943)

DIAKIW, F. R., to give instruction in Physics, on one-sixth time, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, at a salary of seventy-seven dollars (\$77) for the period. (September 1, 1943)

DICKINSON, FRANK GREENE, to give instruction in Economics, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, or for such portion of that time as his services may be required, with a salary at the rate of nine hundred fifty dollars (\$950) for the period. (September 2, 1943)

DICKMAN, SHERMAN RUSSELL, Special Research Assistant in Chemistry, for one year beginning September 1, 1943, at a salary of two thousand seven hundred dollars (\$2700). (September 10, 1943)

DOBERMAN, MARVIN ROBERT, to give instruction in Architecture and Physics, in the Summer Session of 1943, for eight weeks beginning June 14, 1943, at a salary at the rate of six hundred dollars (\$600) for the period (this supersedes his previous appointment). (September 1, 1943)

DODD, GLENN ORLIE, Head Animal Caretaker in the Animal Hospital, in the College of Medicine, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of two thousand one hundred dollars (\$2100) a year (this supersedes his previous appointment). (September 20, 1943)

DONALD, DAVID HERBERT, Research Assistant in History, on one-half time, for ten months beginning September 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 3, 1943)

DRAWVER, PAULINE, Assistant in English, for eight months beginning November 1, 1943, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (October 26, 1943)

DUNCAN, DOROTHY IRENE, Senior Clerk-Stenographer in the Department of Anatomy, in the College of Medicine, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand eight hundred sixty dollars (\$1860) (this supersedes her previous appointment). (September 25, 1943)

DUSHKIND, SHIRLEY RUTH, Assistant in Zoology, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 17, 1943)

EILERTSEN, BETTY JANE, Assistant in French, for nine months beginning October 1, 1943, at a salary at the rate of one hundred fifty-four dollars (\$154) a month. (September 25, 1943)

EMMICK, ROBERT D., Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 25, 1943)

ESHLEMAN, ROBERT FORNEY, Assistant in Rural Sociology, in the Department of Agricultural Economics, in the Agricultural Experiment Station, on one-half time, for one year beginning September 1, 1943, at a salary of nine hundred dollars (\$900). (September 3, 1943)

FAY, MRS. CLARA D., Assistant to the Director of Student Housing, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand five hundred dollars (\$1500). (September 2, 1943)

FISCHER, ROBERT PAUL, Associate in Psychology, on one-half time, and Examining Psychologist in the Division of General Studies, on one-half time, for one year beginning September 1, 1943, at a salary of three thousand dollars (\$3000). (September 23, 1943)

FLYNN, CHARLES EVERETTE, Assistant Professor of Journalism and Assistant to the Director of the School of Journalism, on one-half time, for six months beginning September 1, 1943, at a salary at the rate of one hundred twelve dollars fifty cents (\$112.50) a month, and on full time, for six months beginning March 1, 1944, at a salary at the rate of two hundred twenty-five dollars (\$225) a month (this supersedes his previous appointment). (September 23, 1943)

FOOTE, BRUCE RUTLEDGE, Assistant Professor of Music, on four-fifths time, for eleven months beginning October 1, 1943, at a salary at the rate of three thousand ninety-three dollars thirty-three cents (\$3093.33) a year (this supersedes his previous appointment). (October 13, 1943)

FOSNAUGH, MRS. RUTH CONLEY, Assistant in Spanish, for four months beginning October 1, 1943, at a salary at the rate of one hundred seventy-five dollars (\$175) a month, and on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (October 20, 1943)

FOX, HOWARD WALTER, Project Forester in the Department of Forestry, in the Extension Service in Agriculture and Home Economics, on 17/100 time, for one year beginning September 1, 1943, at a salary of four hundred two dollars (\$402), in addition to one thousand nine hundred ninety-eight dollars (\$1998) paid by the United States Forest Service, for which the University assumes no responsibility (this supersedes his previous appointment). (September 30, 1943)

FRED, MRS. LOUISE S., Supervising Psychiatric Social Service Worker in the Department of Psychiatry, in the College of Medicine, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of two hundred ten dollars (\$210) a month (this supersedes her previous appointment). (October 10, 1943)

FREUNDLICH, MARIANNE RUTH, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

GAGEN, JEAN ELIZABETH, Assistant in English, for nine months beginning October 1, 1943, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (September 3, 1943)

GALE, JOSEPH, Instructor in Laryngology, Rhinology, and Otology, in the College of Medicine, for one year beginning September 1, 1943, without salary. (September 20, 1943)

GARLAND, JOHN HENRY, Assistant Professor of Geography, for eleven months beginning October 1, 1943, at a salary at the rate of three thousand eighty dollars (\$3080) a year. (September 23, 1943)

GIBBS, MARTIN, Assistant in Chemistry, on one-half time, for eight months beginning November 1, 1943, at a salary of six hundred sixty dollars (\$660). (October 7, 1943)

GILBERT, EDGAR N., Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

GILLAM, JULIA CAROLYN, Assistant Clerk in the Registrar's Office, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand two hundred dollars (\$1200) (this supersedes her previous appointment). (September 8, 1943)

GLEDHILL, MARTHA FRANCES, Instructor in Physical Education for Women, for ten months beginning September 1, 1943, at a salary of two thousand one hundred dollars (\$2100). (October 5, 1943)

GLENNER, ROBERT JOSEPH, Assistant in Obstetrics and Gynecology, in the College of Medicine, for eleven months beginning October 1, 1943, without salary. (October 7, 1943)

GONDEK, HELEN ISABELL, Supervising Nurse in the Research and Educational Hospitals, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand eight hundred seventy-two dollars (\$1872) a year; for her convenience she will also be provided with one meal a day, valued at ninety-six dollars (\$96) a year, while on duty (this supersedes her previous appointment). (October 4, 1943)

GOODELL, WARREN FRANKLIN, JR., to give instruction in Physics, on one-sixth time, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, at a salary of seventy-seven dollars (\$77) for the period. (September 1, 1943)

GOODELL, WARREN FRANKLIN, JR., Assistant in Physics, in the College of Engineering, on one-eighth time, beginning October 1, 1943, and continuing through January 31, 1944, at a salary at the rate of thirty-two dollars eighty-one cents (\$32.81) a month. (September 24, 1943)

GOODNIGHT, MRS. MARIE L., Technical Assistant in the Division of General Studies, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (October 21, 1943)

GOODSON, MRS. MARGARET SCHNAPP, to give instruction in Mathematics, in the Summer Semester of 1943, beginning August 23, 1943, and continuing through October 2, 1943, at a salary of four hundred twenty dollars (\$420) for the period. (September 1, 1943)

GOODSON, MRS. MARGARET SCHNAPP, Assistant in Mathematics, on two-thirds time, for ten months beginning October 1, 1943, at a salary of one thousand three hundred forty dollars (\$1340). (September 10, 1943)

GRAHAM, MRS. MARY WHITEFORD, Instructor in Speech, for four months beginning October 1, 1943, at a salary at the rate of one hundred ninety-eight dollars (\$198) a month. (October 14, 1943)

GREGORIO, JOHN T., Assistant in Medicine, beginning October 15, 1943, and continuing through August 31, 1944, without salary. (October 12, 1943)

GRIFFITH, GORDON LAMAR, Assistant in Physics, in the College of Engineering, on three-fourths time, for eight months beginning October 1, 1943, at a salary of one thousand five hundred seventy-five dollars (\$1575). (September 9, 1943)

GRIFFITH, GORDON LAMAR, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050) (this supersedes his previous appointment). (September 23, 1943)

GRIFFITHS, JANET, Assistant in Spanish, on one-half time, for eight months beginning October 1, 1943, at a salary of seven hundred dollars (\$700). (September 23, 1943)

HAMILTON, ARTHUR, to give instruction in Spanish and Italian, in the Summer Semester of 1943, beginning August 23, 1943, and continuing through October 2, 1943, or for such portion of that time as his services may be required, with a salary at the rate of four hundred fifty dollars (\$450) for the period. (September 1, 1943)

HAMMING, RICHARD WESLEY, to give instruction in Mathematics, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, at a salary of four hundred fifty dollars (\$450) for the period. (September 1, 1943)

HANSCH, C. H., Special Research Assistant in Chemistry, for one year beginning February 1, 1944, at a salary of two thousand five hundred dollars (\$2500). (October 18, 1943)

HARDING, DAVIS A., Instructor in English, for nine months beginning October 1, 1943, at a salary of one hundred ninety-eight dollars (\$198) a month. (September 3, 1943)

HARMS, GLENN RAYMOND, Senior Accountant in the Auditing Division of the Comptroller's Office, beginning October 4, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of two thousand four hundred dollars (\$2400) a year. (September 25, 1943)

HARRIS, ELLIS HAROLD, Assistant in Pediatrics, in the College of Medicine, for eleven months beginning October 1, 1943, without salary. (October 5, 1943)

HATCH, ALBERT JEROLD, Lecture-Demonstrations Instructor in Physics, for one year beginning September 1, 1943, at a salary of two thousand dollars (\$2000). (August 26, 1943)

HATTAN, CORINNE, to give instruction in Mathematics, in the Summer Semester of 1943, for sixteen weeks beginning June 14, 1943, at a salary of three hundred seventy-five dollars (\$375) for the period (this supersedes her previous appointment). (September 1, 1943)

HAUTAU, LEONA VERA, Assistant in Nutrition, in the College of Medicine, for eleven months beginning October 1, 1943, at a salary at the rate of one thousand nine hundred eight dollars (\$1908) a year; for her convenience she will also be furnished two meals daily while on duty, valued at one hundred ninety-two dollars (\$192) a year. (September 23, 1943)

HECKERT, FLOWEREE, Library Assistant in the Catalog Department of the Library, beginning September 15, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand eight hundred dollars (\$1800) a year. (August 31, 1943)

HEDSTRAND, LILLIAN ELVIRA, Assistant in Library Science, on three-fourths time, for eight months beginning October 1, 1943, at a salary of one thousand two hundred dollars (\$1200). (September 23, 1943)

HEJTMANEK, LILLIAN, to give instruction in Spanish, in the Summer Semester of 1943, for sixteen weeks beginning June 14, 1943, at a salary of two hundred fifty dollars (\$250) for the period (this supersedes her previous appointment). (September 8, 1943)

HEJTMANEK, LILLIAN, Assistant in Spanish, for ten months beginning September 1, 1943, at a salary of one thousand three hundred dollars (\$1300). (September 3, 1943)

HELTON, FLOYD FRANKLIN, to give instruction in Mathematics, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, at a salary of three hundred seventy-five dollars (\$375) for the period. (September 1, 1943)

HENSON, MRS. BETTY WADE, Assistant Clerk-Stenographer in the Registrar's Office, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand two hundred dollars (\$1200) a year. (October 8, 1943)

HINMAN, JACK WILEY, Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 17, 1943)

HINMAN, JACK WILEY, Special Research Assistant in Chemistry, for eleven months beginning October 1, 1943, at a salary at the rate of two thousand two hundred dollars (\$2200) a year (this supersedes his previous appointment). (October 25, 1943)

HOBART, CLYDE MONROE, Associate in Mathematics, for ten months beginning October 1, 1943, at a salary of two thousand three hundred dollars (\$2300). (September 10, 1943)

HOEKSTRA, JUSTIN BERNARD, Research Assistant in Physiology, on one-half time, for nine months beginning October 1, 1943, at a salary of five hundred ninety-four dollars (\$594). (October 7, 1943)

HOFFMAN, HELEN PAULINE, to give instruction in Mathematics, in the Summer Semester of 1943, beginning August 24, 1943, and continuing through October 2, 1943, at a salary of four hundred eight dollars (\$408) for the period. (September 1, 1943)

HOFFMAN, HELEN PAULINE, Assistant in Mathematics, for ten months beginning October 1, 1943, at a salary of two thousand dollars (\$2000). (September 10, 1943)

HOSTINSKY, LOIS AILEEN, Assistant in Mathematics, for ten months beginning October 1, 1943, at a salary of two thousand dollars (\$2000). (September 10, 1943)

HOUTCHENS, MRS. CAROLYN WASHBURN, Instructor in English, for four months beginning October 1, 1943, at a salary at the rate of one hundred ninety-eight dollars (\$198) a month. (October 7, 1943)

HOUTCHENS, LAWRENCE HUSTON, Instructor in English, for ten months beginning September 1, 1943, at a salary of two thousand four hundred dollars (\$2400). (September 2, 1943)

HOVORKA, JOHN, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 30, 1943)

HOWLAND, MARTHA, Assistant Clerk-Stenographer for the Appointments Committee, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand eighty dollars (\$1080) a year. (September 10, 1943)

HRUDA, LILLIAN RUTH, Assistant in Microanalysis, in the Department of Chemistry, on one-half time, for one year beginning September 1, 1943, at a salary of six hundred fifty dollars (\$650). (September 25, 1943)

HUBACH, ROBERT ROGERS, Instructor in English, for ten months beginning September 1, 1943, at a salary of one thousand nine hundred eighty dollars (\$1980) (this supersedes his previous appointment). (September 17, 1943)

HUNTER, MRS. NAOMI WINGFIELD, Instructor in Speech, for ten months beginning September 1, 1943, at a salary of one thousand eight hundred dollars (\$1800). (October 5, 1943)

HURST, DOROTHY K., Assistant Clerk-Typist in the Registrar's Office, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand one hundred forty dollars (\$1140). (September 13, 1943)

HUSSEY, MARY ADELINE, Assistant in English, for nine months beginning October 1, 1943, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (September 3, 1943)

JACKSON, JOSEPH FRANCIS, to give instruction in French, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, or for such portion of that time as his services may be required, with a salary at the rate of one thousand one hundred dollars (\$1100) for the period. (September 1, 1943)

JACOB, PAUL EMILE, to give instruction in French, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, or for such portion of that time as his services may be required, with a salary at the rate of eight hundred dollars (\$800) for the period (this supersedes his previous appointment). (September 16, 1943)

JAMES, HERMAN G., Visiting Professor in the College of Liberal Arts and Sciences, for four months beginning October 1, 1943, at a salary of two thousand five hundred dollars (\$2500) for the period. (September 28, 1943)

JANES, MRS. HELENA ANNA, First Assistant in Agricultural Economics, in the Agricultural Experiment Station, beginning October 16, 1943, and continuing through August 31, 1944, at a salary at the rate of one thousand six hundred dollars (\$1600) a year. (October 14, 1943)

JANKE, MRS. LEOTA LONG, Clinical Assistant in Psychology, on one-half time, for ten months beginning September 1, 1943, at a salary of nine hundred dollars (\$900). (September 8, 1943)

JANTZEN, ROSEMARY ELEANORE, Assistant in English, for nine months beginning October 1, 1943, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (October 5, 1943)

JOHNSON, DOROTHY BERNICE, Assistant in Geology, for ten months beginning September 1, 1943, at a salary of one thousand four hundred dollars (\$1400). (September 3, 1943)

JOHNSON, MRS. GRAHAM, Assistant Psychometrist in the Personnel Bureau, for one year beginning September 1, 1943, at a salary of one thousand dollars (\$1000). (September 29, 1943)

JOHNSON, MRS. HELEN ELIZABETH, Senior Clerk-Stenographer in the School of Physical Education, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand nine hundred twenty dollars (\$1920) a year (this supersedes her previous appointment). (October 20, 1943)

JOHNSON, MRS. MARY CADY, Teacher in the University High School, on one-half time, for ten months beginning September 1, 1943, at a salary of seven hundred dollars (\$700). (September 20, 1943)

JONES, DOROTHY NELL, Graduate Assistant in the Department of Zoology and Physiology, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 3, 1943)

JONES, MRS. FLORENCE FREEMAN, Assistant in Botany, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 8, 1943)

JORGENSEN, INGE BUDTZ, Junior Library Assistant in the Loan Department of the Library, on one-half time, beginning October 11, 1943, and continuing through August 31, 1944, at a salary at the rate of sixty-eight dollars seventy-five cents (\$68.75) a month. (September 15, 1943)

KAHANE, HENRY ROMANOS, Assistant Professor of Spanish and Italian, for two years beginning September 1, 1943, at a salary of three thousand dollars (\$3000) a year. (August 20, 1943)

KAHLERT, MERCEDES GUILLERMINA, Assistant in Spanish, for four months beginning October 1, 1943, at a salary at the rate of one hundred seventy-five dollars (\$175) a month, and on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (October 20, 1943)

KANTZ, ASHER DALE, Assistant in Physics, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 8, 1943)

KANTZ, ASHER DALE, Assistant in Physics, in the College of Engineering, on three-fourths time, for eight months beginning October 1, 1943, at a salary of one thousand five hundred seventy-five dollars (\$1575) (this supersedes his previous appointment). (September 23, 1943)

KELLY, ROSS ANTHONY, Associate in Fruit and Vegetable Marketing, in the Department of Agricultural Economics, in the Agricultural Experiment Station, for one year beginning September 1, 1943, at a salary of two thousand eight hundred dollars (\$2800) (this supersedes his previous appointment). (October 15, 1943)

KESSLER, HUBERT, to give instruction in Physics and Music, in the Summer Semester of 1943, for sixteen weeks beginning June 14, 1943, or for such portion of that time as his services may be required, with a salary at the rate of seven hundred fifty dollars (\$750) for the period (this supersedes his previous appointment). (September 1, 1943)

KISTLER, MARK OLIVER, Assistant in German, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 3, 1943)

KLEINBERG, JACOB, Assistant Professor of Chemistry, in the College of Pharmacy, for one year beginning September 1, 1943, at a salary of three thousand two hundred dollars (\$3200). (August 27, 1943)

KLITZING, MARY EMMA, Assistant Clerk-Typist in Visual Aids Service, in the Division of University Extension, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand eighty dollars (\$1080). (September 13, 1943)

KLONTZ, EVERETT EARL, Assistant in Physics, in the College of Engineering, for eight months beginning October 1, 1943, at a salary of two thousand one hundred dollars (\$2100) (this supersedes his previous appointment). (September 23, 1943)

KONZO, SEICHI, Special Research Professor of Mechanical Engineering, in the Engineering Experiment Station, beginning September 1, 1943, and continuing until further notice, at a salary at the rate of four thousand five hundred dollars (\$4500) a year (this supersedes his previous appointment). (September 25, 1943)

KRATOVIL, FRANCES F., Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand nine hundred eighty dollars (\$1980) (this supersedes her previous appointment). (September 8, 1943)

KROES, ELAINE FRANCES, Junior Clerk-Stenographer in the Office of the Dean of Students, beginning September 27, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand three hundred twenty dollars (\$1320) a year. beginning September 1, 1943,  
five hundred dollars (\$5500) a

LOCKHART, HAINES BOOTS,  
half time, for eight months  
hundred dollars (\$700). (Sep

LOCKWOOD, LOIS L., Junior Clerk-Typist in the Health Service of the Chicago Departments, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand four hundred forty dollars (\$1440) (this supersedes her previous appointment). (September 25, 1943)

LOVERDE, SALVATORE JOSEPH, Assistant in Physical Education for Men, for eight months beginning November 1, 1943, at a salary at the rate of one hundred ninety-eight dollars (\$198) a month. (October 20, 1943)

LOWELL, VIRGINIA MAUD, Assistant in English, on three-fourths time, for eight months beginning October 1, 1943, at a salary of one thousand two hundred thirty-seven dollars fifty cents (\$1237.50) (this supersedes her previous appointment). (September 20, 1943)

LOWRY, LUTHER LEO, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

LUCAS, GRAY, Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 18, 1943)

LUMMIS, FRANK MAX, Assistant in the Classics, on one-half time, for four months beginning October 1, 1943, at a salary at the rate of seven hundred seventy dollars (\$770) a year, and Fellow in the Classics, for four months beginning October 1, 1943, without salary, and for four months beginning February 1, 1944, at a stipendium at the rate of five hundred seventy-five dollars (\$575) a year (this supersedes his previous appointment). (October 18, 1943)

LUTHER, CAROLINE, to give instruction in Mathematics, in the Summer Semester of 1943, beginning August 24, 1943, and continuing through September 6, 1943, at a salary of one hundred forty-four (\$144) for the period. (September 1, 1943)

LYNCH, EUGENE DARREL, Special Research Assistant in Ceramic Engineering, in the Engineering Experiment Station, beginning October 11, 1943, and continuing through August 31, 1944, at a salary at the rate of one thousand five hundred dollars (\$1500) a year. (September 30, 1943)

MARSHALL, EDITH MAY, Library Assistant in the Catalog Department of the Library, beginning September 15, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand eight hundred dollars (\$1800) a year. (August 31, 1943)

MARTIN, DOROTHY ELAINE, Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 17, 1943)

McELHINNEY, JOHN, Assistant in Physics, in the College of Engineering, on three-fourths time, for eight months beginning October 1, 1943, at a salary of one thousand five hundred seventy-five dollars (\$1575). (September 9, 1943)

McKENDRY, RUTH, Psychiatric Social Service Worker in the Department of Psychiatry, in the College of Medicine, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of two thousand two hundred dollars (\$2200) a year (from October 1, 1943, through March 31, 1944, to be paid an additional twenty dollars (\$20) a month) (this supersedes her previous appointment). (October 14, 1943)

McSWANE, CLARENCE ISAAC, to give instruction in Mathematics, in the Summer Semester of 1943, beginning September 13, 1943, and continuing through October 2, 1943, at a salary of two hundred ten dollars (\$210) for the period. (September 16, 1943)

McSWANE, CLARENCE ISAAC, Assistant in Mathematics, for ten months beginning October 1, 1943, at a salary of two thousand dollars (\$2000). (September 23, 1943)

MOORE, FRANCES MAY, Junior Assistant Dean of Women, on two-thirds time, for one year beginning September 1, 1943, at a salary of one thousand five hundred forty dollars (\$1540). (September 2, 1943)

MOUZAKEOTIS, THEODORE CONSTANTINE, Instructor in Obstetrics and Gynecology, in the College of Medicine, on one-half time, for one year beginning September 1, 1943, at a salary of one thousand dollars (\$1000). (September 3, 1943)

MUELLER, GEORGE PETER, Special Research Assistant in Chemistry, for one year beginning September 1, 1943, at a salary of two thousand two hundred dollars (\$2200). (September 29, 1943)

MUGUERZA, HERNAN, Assistant in Spanish, for eight months beginning November 1, 1943, at a salary of one thousand two hundred forty-four dollars forty-five cents (\$1244.45). (October 1, 1943)

MUNN, MRS. BETTY GREENE, Junior Clerk-Stenographer in the Department of Physical Education for Men, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand two hundred dollars (\$1200) a year. (October 16, 1943)

MUNSE, WILLIAM HERMAN, Instructor in Civil Engineering, in the College of Engineering, on one-third time, and Special Research Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station, on two-thirds time, beginning October 1, 1943, and continuing until further notice, at a salary at the rate of two hundred fifty dollars (\$250) a month. (October 9, 1943)

MURRAY, MERRITT JOSEPH, Assistant Chief in Crop Production and Plant Genetics, in the Department of Agronomy, in the Agricultural Experiment Station, for eleven months beginning October 1, 1943, at a salary at the rate of three thousand dollars (\$3000) a year. (September 23, 1943)

MUTTI, RALPH JOSEPH, Associate in Marketing, in the Department of Agricultural Economics, in the Agricultural Experiment Station, for one year beginning September 1, 1943, at a salary of three thousand dollars (\$3000) (this supersedes his previous appointment). (October 15, 1943)

NANTKES, ELAINE VIVIAN, Assistant in Astronomy, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 3, 1943)

NARDINE, ELIZABETH GRETCHEN, Editorial Assistant in the Agricultural Experiment Station, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand six hundred dollars (\$1600) a year. (September 24, 1943)

NATHAN, MARVIN FREEMAN, Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 30, 1943)

NELSON, MRS. EVALYN REICH, Library Assistant in the Departmental Libraries, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of two thousand one hundred dollars (\$2100) a year (this supersedes her previous appointment). (September 25, 1943)

NOGGLE, GLENN RAY, Research Assistant in Botany, for one year beginning August 1, 1943, at a salary of one thousand three hundred twenty dollars (\$1320). (September 23, 1943)

NORRIS, WILLIAM PENROD, Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 25, 1943)

OGDEN, WILLIS LIMLE, Special Research Graduate Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station, on one-half time, for eight months beginning October 1, 1943, at a salary at the rate of seventy-five dollars (\$75) a month, and for three months beginning June 1, 1944, at a salary at the rate of eighty-seven dollars fifty cents (\$87.50) a month. (October 13, 1943)

OLSON, DOROTHY HILDUR, Assistant in the Division of General Studies, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 17, 1943)

OZELSEL, AHMET MUNCI, Special Research Assistant in Civil Engineering, in the Engineering Experiment Station, on one-half time, beginning October 1, 1943, and continuing until further notice, at a salary at the rate of one hundred twelve dollars fifty cents (\$112.50) a month. (October 9, 1943)

PALMER, MRS. MARIE FREEMAN, Assistant in Home Economics, in the College of Agriculture, on two-thirds time, for ten months beginning September 1, 1943, at a salary of eight hundred dollars (\$800); for her convenience she will also be furnished with luncheon at the Home Economics Cafeteria, valued at seven dollars (\$7) a month, while on duty. (September 30, 1943)

PARMER, STANLEY M., Assistant in the Division of General Studies, on one-half time, for eight months beginning October 1, 1943, at a salary of seven hundred seventy dollars (\$770). (September 23, 1943)

PATTON, HELEN G., Senior Clerk-Stenographer in the Office of the Dean of Men, beginning September 27, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand five hundred dollars (\$1500) a year (this supersedes her previous appointment). (September 21, 1943)

PAYNE, MRS. CECILE MONTGOMERY, Junior Record Clerk in the Catalog Department of the Library, beginning October 15, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand two hundred sixty dollars (\$1260) a year (this supersedes her previous appointment). (October 15, 1943)

PECK, RALPH BRAZELTON, Research Assistant Professor of Soil Mechanics, in the Department of Civil Engineering, in the College of Engineering and in the Engineering Experiment Station, beginning October 7, 1943, and continuing through August 31, 1944, at a salary at the rate of four thousand dollars (\$4000) a year (this supersedes his previous appointment). (October 9, 1943)

PECKHAM, LAWTON PARKER GREENMAN, to give instruction in French, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, or for such portion of that time as his services may be required, with a salary at the rate of one thousand seventy-five dollars (\$1075) for the period. (September 2, 1943)

PEEL, ELIZABETH WILSON, Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660) (this supersedes her previous appointment). (September 25, 1943)

PHILLIPPE, MRS. IRENE GATES, Junior Account Clerk in the Acquisition Department of the Library, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand three hundred twenty dollars (\$1320). (September 8, 1943)

PHILLIPS, CLARENCE, to give instruction in Mathematics, in the Summer Semester of 1943, beginning September 7, 1943, and continuing through October 2, 1943, at a salary of two hundred sixty-eight dollars (\$268) for the period. (September 8, 1943)

PHILLIPS, CLARENCE, Assistant in Mathematics, for ten months beginning October 1, 1943, at a salary of two thousand dollars (\$2000). (September 10, 1943)

PHILLIPS, JAMES ALFRED, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

PHILLIPS, MRS. JOY BURCHAM, Assistant in Zoology, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (October 7, 1943)

PICON-SALAS, MARIANO, Visiting Professor of Spanish, for five months beginning February 1, 1944, at a salary of three thousand dollars (\$3000). September 29, 1943)

PODMAJERSKY, PAUL, Assistant in Physiology, on one-half time, beginning October 16, 1943, and continuing through June 15, 1944, at a salary at the rate of eighty-two dollars fifty cents (\$82.50) a month. (October 20, 1943)

POWERS, LUCILLE BERNICE, Assistant in Home Economics, in the College of Agriculture and in the Agricultural Experiment Station, for nine months beginning October 1, 1943, at a salary at the rate of one hundred thirty-two dollars (\$132) a month. (October 7, 1943)

PRICE, MAURICE THOMAS, Visiting Lecturer in Geography, for nine months beginning October 1, 1943, at a salary of three thousand dollars (\$3000). (September 30, 1943)

PYENSON, HARRY, Special Research Assistant in Dairy Husbandry, in the Agricultural Experiment Station, beginning September 1, 1943, and continuing until further notice, at a salary of two thousand five hundred dollars (\$2500) a year (this supersedes his previous appointment). (September 17, 1943)

PYLE, CLAUD AUSTIN, Assistant in Physics, in the College of Engineering, for eight months beginning October 1, 1943, at a salary of two thousand one hundred dollars (\$2100). (September 23, 1943)

RADCLIFFE, LOUISE, Sewing Room Supervisor in the Chicago Division of the Comptroller's Office, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand six hundred twenty dollars (\$1620) (this supersedes her previous appointment). (September 20, 1943)

RADEK, ANTOINETTE, Assistant Director of Nursing Service in the Research and Educational Hospitals, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand seven hundred sixty-four dollars (\$1764); for her convenience she will also be furnished with room and board, valued at three hundred eighty-four dollars (\$384) a year, while on duty (this supersedes her previous appointment). (September 28, 1943)

RADMACHER, MARY, Assistant Clerk in the Catalog Department of the Library, on two-thirds time, for one year beginning September 1, 1943, at a salary of seven hundred sixty dollars (\$760). (September 1, 1943)

RANDELS, MARGARET ELIZABETH, Assistant in French, for nine months beginning October 1, 1943, at a salary at the rate of one hundred forty dollars (\$140) a month. (October 15, 1943)

RAWLINGS, MRS. DOROTHY STAHER, Teacher in the University High School, on 13/100 time, for nine months beginning October 1, 1943, at a salary at the rate of thirty dollars (\$30) a month. (October 7, 1943)

RAWLINGS, MRS. DOROTHY STAHER, Assistant in Physical Education for Women, on one-third time, for eight months beginning October 1, 1943, at a salary of six hundred dollars (\$600) (this is in addition to her appointment as Teacher in University High School). (October 20, 1943)

RAYBURN, MARY JOY, Assistant Clerk-Stenographer in the Department of Chemistry, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand eighty dollars (\$1800) a year. (September 28, 1943)

READ, DAVID HADLEY, Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 25, 1943)

REED, CORDELIA, to give instruction in French, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, at a salary of three hundred seventy-five dollars (\$375) for the period. (September 8, 1943)

REED, CORDELIA, Assistant in French, for ten months beginning September 1, 1943, at a salary of one thousand five hundred forty dollars (\$1540) (this supersedes her previous appointment). (September 25, 1943)

REED, LESTER JAMES, Assistant in Chemistry, on one-half time, for eight months beginning November 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 25, 1943)

REED, LESTER JAMES, Assistant in Chemistry, on one-half time, for seven months beginning November 1, 1943, at a salary at the rate of eighty-two dollars fifty cents (\$82.50) a month (this supersedes his previous appointment). (October 25, 1943)

RENNER, GEORGIA NEVADA, Assistant Clerk-Stenographer in the Purchasing Division of the Comptroller's Office, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand two hundred dollars (\$1200) (this supersedes her previous appointment). (September 7, 1943)

RICE, WILLIAM DAVID, Instructor in Physics, in the College of Engineering, for ten months beginning September 1, 1943, at a salary of two thousand eight hundred dollars (\$2800). (September 23, 1943)

RICHARDS, MRS. DOROTHY SANDSTEDT, Junior Record Clerk in the Registrar's Office, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand two hundred dollars (\$1200) a year. (October 15, 1943)

RIGBY, RALPH GEORGE, Assistant in Laryngology, Rhinology, and Otology, in the College of Medicine, for one year beginning September 1, 1943, without salary. (September 20, 1943)

RIMAN, FLORENCE, Junior Library Assistant in the Acquisition Department of the Library, on three-fourths time, beginning September 13, 1943, and continuing through August 31, 1944, at a salary at the rate of one thousand two hundred thirty-six dollars (\$1236) a year. (August 31, 1943)

ROBERTS, PAUL CARMEN, to give instruction in Business Law, on one-half time, in the Summer Semester of 1943, for eight weeks beginning August 9, 1943, at a salary at the rate of two hundred twenty-nine dollars seventeen cents (\$229.17) for the period. (September 1, 1943)

ROBERTS, ROYSTON M., Abbott Laboratories Fellow in Chemistry, for eight months beginning October 1, 1943, at a stipendium of seven hundred fifty dollars (\$750) (this supersedes his previous appointment). (October 18, 1943)

ROWLAND, RALPH LAWRENCE, Special Research Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 25, 1943)

SAMPSON, HERMAN JULIAN, JR., Assistant in Chemistry, on three-fourths time, for eight months beginning October 1, 1943, at a salary of nine hundred ninety dollars (\$990) (this supersedes his previous appointment). (September 25, 1943)

SANFORD, CHARLES WILSON, Associate Professor of Education, on one-half time, on indefinite tenure, and Coordinator of Teacher Education, on one-half time, for one year, beginning September 1, 1943, at a salary of four thousand eight hundred dollars (\$4800) a year (this supersedes his previous appointment). (October 11, 1943)

SARGENT, HUGH WILLIAMS, to give instruction in English, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, at a salary of five hundred dollars (\$500) for the period. (September 1, 1943)

SCAG, DANE, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

SCHILDEIN, MRS. CLARA, Junior Stores Clerk in the Chicago Division of the Comptroller's Office, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand five hundred dollars (\$1500) (this supersedes her previous appointment). (September 20, 1943)

SCHLOEMER, HOWARD FREDERICK, Graduate Assistant in Pharmacognosy and Pharmacology, in the College of Pharmacy, beginning July 1, 1943, and continuing through August 31, 1943, on one-half time, at a salary at the rate of fifty dollars (\$50) a month. (August 27, 1943)

SCHOGGINS, CARL, Assistant in Spanish, for ten months beginning September 1, 1943, at a salary of one thousand five hundred dollars (\$1500). (September 3, 1943)

SCHOOF, WILBUR WILLIS, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

SCHOOF, WILBUR WILLIS, Assistant in Physics, in the College of Engineering, on three-fourths time, for eight months beginning October 1, 1943, at a salary of one thousand five hundred seventy-five dollars (\$1575) (this supersedes his previous appointment). (September 23, 1943)

SCHROEPFER, EDWARD JAMES, Instructor in Military Bands, on one-fourth time, for ten months beginning September 1, 1943, at a salary of five hundred dollars (\$500). (September 30, 1943)

SCHROEPFER, EDWARD JAMES, Instructor in Military Bands, on one-fourth time, and Instructor in Music, on one-fourth time, for nine months beginning October 1, 1943, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes his previous appointment). (October 20, 1943)

SCHULZ, LeROY GREGOR, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

SEARS, GERALD WILLIAM, Instructor in Chemistry, for ten months beginning September 1, 1943, at a salary of two thousand four hundred dollars (\$2400). (September 18, 1943)

SHAFF, RUTH V., to give instruction in Mathematics, in the Summer Semester of 1943, beginning September 13, 1943, and continuing through October 2, 1943, at a salary of one hundred five dollars (\$105) for the period. (September 8, 1943)

SHAFF, RUTH V., Assistant in Mathematics, for ten months beginning October 1, 1943, at a salary of one thousand six hundred fifty dollars (\$1650). (September 17, 1943)

SHANOR, LELAND, Instructor in Botany, for ten months beginning September 1, 1943, at a salary of two thousand one hundred dollars (\$2100) (on leave of absence for 1943-1944, without salary, for approved war work) (this supersedes his previous appointment). (October 13, 1943)

SIDEBOTTOM, OMAR MARION, Special Research Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station, beginning October 15, 1943, and continuing through August 31, 1944, at a salary at the rate of two thousand four hundred dollars (\$2400) a year. (September 10, 1943)

SMITH, MRS. EDITH M., Junior Account Clerk in the Physical Plant Department, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand four hundred seventy dollars (\$1470) (this supersedes her previous appointment). (October 5, 1943)

SMITH, LLOYD, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

SMITH, LYLE W., Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

SPECTOR, HARRY, Special Research Assistant in Animal Husbandry, in the Agricultural Experiment Station, for eleven months beginning September 1, 1943, at a salary at the rate of two thousand six hundred dollars (\$2600) a year. (September 4, 1943)

SPEER, THOMAS LE ROY, Special Research Associate in Soil Mechanics, in the Department of Civil Engineering, in the Engineering Experiment Station, beginning October 1, 1943, and continuing until further notice, at a salary at the rate of three thousand dollars (\$3000) a year. (September 28, 1943)

SPRINGER, MELVIN DALE, to give instruction in Mathematics, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, at a salary of three hundred seventy-five dollars (\$375) for the period. (September 1, 1943)

STEIGMANN, FREDERICK, Assistant Professor of Medicine, on one-half time, for ten months beginning November 1, 1943, at a salary at the rate of eighty dollars (\$80) a month (this supersedes his previous appointment). (October 28, 1943)

STEWART, MRS. HELEN FAULKNER, Assistant in Music, on one-third time, for nine months beginning October 1, 1943, at a salary at the rate of sixty dollars (\$60) a month. (October 20, 1943)

STONEHAM, RICHARD GEORGE, to give instruction in Mathematics, in the Summer Semester of 1943, beginning September 2, 1943, and continuing through October 2, 1943, at a salary of three hundred fifteen dollars (\$315) for the period. (September 13, 1943)

STONEHAM, RICHARD GEORGE, Assistant in Mathematics, for ten months beginning October 1, 1943, at a salary of two thousand dollars (\$2000). (September 10, 1943)

STOVER, ERNEST LINCOLN, Visiting Professor of Botany, for one year beginning September 1, 1943, at a salary of four thousand two hundred dollars (\$4200). (September 2, 1943)

STRELL, JOHN, JR., Assistant in Physical Education for Men, on 8/11 time, and Assistant to the Director of the School of Physical Education, on 3/11 time, for ten months beginning September 1, 1943, at a salary of two thousand two hundred fifty dollars (\$2250) (this supersedes his previous appointment). (September 10, 1943)

SUNYAR, ANDREW WILLIAM, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

SWIFT, HOWARD RAYMOND, Special Research Associate in Ceramic Engineering, in the Engineering Experiment Station, beginning October 1, 1943, and continuing until further notice, at a salary at the rate of two thousand four hundred dollars (\$2400) a year. (October 18, 1943)

TARLOW, VIRGINIA, Instructor in Psychiatry, in the College of Medicine, for ten months beginning November 1, 1943, at a salary at the rate of two hundred dollars (\$200) a month (this supersedes her previous appointment). (October 13, 1943)

TAYLOR, MARTHA JEANNETTE, Assistant File Clerk in the Registrar's Office, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand one hundred forty dollars (\$1140). (September 10, 1943)

TEIGLER, HENRY IRVING, to give instruction in Hygiene, in the Summer Semester of 1943, beginning August 7, 1943, and continuing through October 2, 1943, or for such portion of that time as his services may be required, with a salary at the rate of ninety-four dollars forty-four cents (\$94.44) for the period. (September 16, 1943)

TEMPLETON, LAWRENCE, Associate in Pharmacy, in the College of Pharmacy, for one year beginning September 1, 1943, at a salary of three thousand three hundred dollars (\$3300) (this supersedes his previous appointment). (October 28, 1943)

TEMLIN, HERMAN AUGUST, Research Assistant in Physics, in the College of Engineering, on one-fourth time, for nine months beginning October 1, 1943, at a salary of three hundred fifteen dollars (\$315). (September 17, 1943)

THOMPSON, CATHARINE LOUISE, Junior Library Assistant in the Loan Department of the Library, on three-fourths time, beginning September 16, 1943, and continuing through August 31, 1944, at a salary at the rate of one thousand two hundred thirty-six dollars (\$1236) a year. (August 31, 1943)

THOMPSON, EARL VERN, Assistant in Physical Education for Men, for ten months beginning September 1, 1943, at a salary of one thousand nine hundred eighty dollars (\$1980). (September 3, 1943)

TOKAY, MEHMET NEJAT, Instructor in Civil Engineering, in the College of Engineering, on one-half time, and Special Research Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station, on one-half time, beginning October 1, 1943, and continuing until further notice, at a salary at the rate of two hundred dollars (\$200) a month. (October 9, 1943)

TORDELLA, JOHN P., Special Research Assistant in Chemistry, on one-half time, for ten months beginning October 1, 1943, at a salary of eight hundred sixty dollars (\$860). (September 17, 1943)

TOUSTER, OSCAR, Special Research Assistant in Chemistry, for one year beginning September 1, 1943, at a salary of two thousand two hundred dollars (\$2200). (September 17, 1943)

UNDERWOOD, DOROTHA, Junior Clerk-Stenographer in the Office of the Dean of Women, on one-half time, beginning October 1, 1943, and continuing through January 31, 1944, at a salary at the rate of fifty-five dollars (\$55) a month (this supersedes her previous appointment). (September 23, 1943)

VON FOSSEN, CLARANNE, Assistant in Psychology, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660). (September 23, 1943)

WAGGENER, ROBERT NAGLE, Glassblower in the Department of Electrical Engineering, in the Engineering Experiment Station, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of two thousand dollars (\$2000) a year (this supersedes his previous appointment). (October 2, 1943)

WALKER, CLARETA, Instructor in Rural Youth Extension, in the Department of Home Economics, in the Extension Service in Agriculture and Home Economics, beginning October 1, 1943, and continuing through February 14, 1944, at a salary at the rate of two hundred dollars (\$200) a month (this supersedes her previous appointment). (October 8, 1943)

WALKER, MRS. MARCELLA M., Senior Clerk-Typist in the College of Pharmacy, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand five hundred sixty dollars (\$1560) (this supersedes her previous appointment). (October 18, 1943)

WARFIELD, PETER FOSTER, Assistant in Chemistry, on one-half time, for eight months beginning November 1, 1943, at a salary of six hundred sixty dollars (\$660) (September 30, 1943)

WEAKLY, EILENE, Assistant in English, for eight months beginning November 1, 1943, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (October 27, 1943)

WEAVER, MRS. HELEN WILLIAMS, Assistant in English, for eight months beginning November 1, 1943, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (October 22, 1943)

WEGSTEIN, JOSEPH HENRY, to give instruction in Physics, on one-sixth time, in the Summer Semester of 1943, beginning July 1, 1943, and continuing through October 2, 1943, at a salary of seventy-seven dollars (\$77) for the period. (September 1, 1943)

WEGSTEIN, JOSEPH HENRY, Assistant in Physics, in the College of Engineering, on one-eighth time, beginning October 1, 1943, and continuing through January 31, 1944, at a salary at the rate of thirty-two dollars eighty-one cents (\$32.81) a month. (September 24, 1943)

WEIGT, CLAIRE ISABEL, Associate in Physical Education for Women, for ten months beginning September 1, 1943, at a salary of two thousand four hundred dollars (\$2400). (October 5, 1943)

WELCH, MRS. MARY E., Junior Record Clerk in the Office of the Dean of the College of Engineering, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand three hundred eighty dollars (\$1380). (September 8, 1943)

WHATLEY, FRANCES, Assistant in Spanish, on three-fourths time, for eight months beginning October 1, 1943, at a salary of one thousand dollars (\$1000). (September 10, 1943)

WHATLEY, FRANCES, Assistant in Spanish, for four months beginning October 1, 1943, at a salary at the rate of one hundred seventy-five dollars (\$175) a month, and on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (October 20, 1943)

WHITE, PHYLLIS MURIEL, Assistant in Spanish, on three-fourths time, for four months beginning October 1, 1943, at a salary at the rate of one hundred twelve dollars fifty cents (\$112.50) a month, and on one-half time, for four months beginning February 1, 1944, at a salary at the rate of eighty-seven dollars fifty cents (\$87.50) a month. (October 20, 1943)

WHITE, ROBERT STEPHEN, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

WHITNEY, ROBERT McLAUGHLIN, Instructor in Chemistry, for five months beginning September 1, 1943, at a salary at the rate of one hundred seventy-six dollars (\$176) a month. (September 17, 1943)

WICKS, ZENO WATERBURY, JR., Instructor in Chemistry, on one-half time, beginning September 1, 1943, and continuing through November 23, 1943, at a salary of two hundred fifty dollars (\$250) (this is in addition to his appointment as Eastman Kodak Company Fellow in Chemistry). (September 3, 1943)

WIELICKI, EDWARD A., Assistant in Chemistry, on one-half time, for eight months beginning November 1, 1943, at a salary of six hundred sixty dollars (\$660). (October 7, 1943)

WIGGERS, HAROLD C., Associate Professor of Physiology, in the College of Medicine, beginning October 15, 1943, and continuing through August 31, 1945, at a salary at the rate of four thousand dollars (\$4000) a year. (October 14, 1943)

WILL, SAMUEL FREDERIC, to give instruction in French, in the Summer Semester of 1943, beginning August 23, 1943, and continuing through October 2, 1943, or for such portion of that time as his services may be required, with a salary at the rate of two hundred twelve dollars fifty cents (\$212.50) for the period. (September 16, 1943)

WILLIAMS, MARY, Assistant Clerk-Stenographer in the Office of the Dean of the College of Commerce and Business Administration, for one year beginning September 1, 1943, subject to University Civil Service rules, at a salary of one thousand eighty dollars (\$1080). (September 8, 1943)

WOODS, MRS. DOROTHY BURRESS, Junior Clerk-Stenographer in the Office of the Dean of the College of Engineering, beginning October 21, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand six hundred fifty dollars (\$1650) a year (this supersedes her previous appointment). (October 9, 1943)

WOODSON, HAROLD WILLIAM, Senior Laboratory Assistant in the Department of Physiological Chemistry, in the College of Medicine, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand five hundred sixty dollars (\$1560) a year (this supersedes his previous appointment). (September 28, 1943)

WORKMAN, MARDELLE ELAINE, Assistant Clerk-Stenographer in the Department of French, on one-half time, for ten months beginning October 1, 1943, at a salary of six hundred dollars (\$600). (September 20, 1943)

WORKMAN, MRS. SALOME W., to give instruction in Mathematics, in the Summer Semester of 1943, beginning August 23, 1943, and continuing through October 2, 1943, at a salary of four hundred twenty dollars (\$420) for the period. (September 1, 1943)

WORKMAN, MRS. SALOME W., Assistant in Mathematics, for ten months beginning October 1, 1943, at a salary of two thousand dollars (\$2000). (September 10, 1943)

WORLEY, WILL JUNIOR, Instructor in Theoretical and Applied Mechanics, in the College of Engineering, for ten months beginning September 1, 1943, at a salary of two thousand two hundred dollars (\$2200). (September 3, 1943)

WRIGHT, CURTIS, JR., Assistant in English, on one-half time, for nine months beginning November 1, 1943, at a salary of eight hundred twenty-five dollars (\$825). (October 7, 1943)

WYETH, JOHN WOODFALL, Instructor in Physical Education for Men, for ten months beginning September 1, 1943, at a salary of two thousand five hundred dollars (\$2500). (September 7, 1943)

WYMAN, MARVIN EUGENE, Assistant in Physics, in the College of Engineering, on one-half time, for eight months beginning October 1, 1943, at a salary of one thousand fifty dollars (\$1050). (September 9, 1943)

YOUNG, JOHN DAVIS, Special Research Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1943, at a salary of six hundred sixty dollars (\$660) (this supersedes his previous appointment). (October 25, 1943)

YOUNG, JOSEPHINE KENNEDY, Instructor in Hygiene and Medical Adviser for Women, on one-half time, beginning October 15, 1943, and continuing through August 31, 1944, at a salary at the rate of one thousand five hundred dollars (\$1500) a year. (October 14, 1943)

ZAMECNIK, JOHN JAMES, Junior Accountant in the Accounting Division of the Comptroller's Office, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred fifty dollars (\$150) a month (this supersedes his previous appointment). (October 25, 1943)

ZIALCITA, LORENZO P., JR., Special Research Assistant in Animal Husbandry, in the Agricultural Experiment Station, on one-half time, for eleven months beginning September 1, 1943, at a salary at the rate of one thousand dollars (\$1000) a year. (September 4, 1943)

#### RESIGNATIONS, DECLINATIONS, AND CANCELLATIONS

The Secretary presented also for record the following list of resignations and declinations.

ADAMS, MRS. ALICE KIMPEL, Junior Clerk-Stenographer in the Comptroller's Office—resignation effective October 7, 1943.

ADKINS, RUTH HELEN, Junior Assistant Dean of Women—resignation effective August 31, 1943.

ANDERSON, DOROTHY IOLA, Instructor in Speech—declination effective September 1, 1943.

BAILEY, WILLIAM J., Assistant in Chemistry—resignation effective October 1, 1943.

BARNES, MELVIN WALLACE, Examining Psychologist in the Division of General Studies—declination effective September 1, 1943.

BARNES, MELVIN WALLACE, to give instruction in Physics, in the Summer Semester of 1943—resignation effective September 7, 1943.

BARRICK, CLARABEL, Senior Account Clerk in the Agricultural Experiment Station—declination effective September 1, 1943.

BERNSOHN, JOSEPH, Assistant in Animal Nutrition, in the Department of Animal Husbandry, in the Agricultural Experiment Station—cancellation effective September 1, 1943.

BLUM, LUDWIG L., Assistant in Anaesthesia, in the Department of Surgery, in the College of Medicine—declination effective September 1, 1943.

BOWEN, DOROTHY ELIZABETH, Assistant Professor of Music—resignation effective October 1, 1943.

BRAND, MRS. IRMA, Junior Clerk-Stenographer in the Office of the Dean of the College of Commerce and Business Administration, and in the Bureau of Economic and Business Research—declination effective September 1, 1943.

BRITTON, MRS. HELEN, Junior Clerk-Stenographer in the College of Commerce and Business Administration—declination effective September 1, 1943.

BROWN, WINSOR WILLIAMS, to give instruction in Physical Education for Men, in the Summer Semester of 1943—resignation effective September 6, 1943.

BURGY, J. HERBERT, Assistant Professor of Geography—declination effective September 1, 1943.

CHICKRIS, MRS. CLEO, Cashier in the Bursar's Division of the Comptroller's Office—resignation effective October 25, 1943.

CORNELL, DAVID J., Scholar in English—resignation effective October 1, 1943.

CORSON, MRS. FRED, Assistant Clerk-Stenographer in the Purchasing Division of the Comptroller's Office—declination effective September 1, 1943.

CRAWFORD, ISABELLE, Senior Office Appliance Operator in the Accounting Division of the Comptroller's Office—resignation effective October 17, 1943.

DANNER, MAURICE JUSTON, Assistant in Farm Management, in the Department of Agricultural Economics, in the Agricultural Experiment Station—resignation effective October 1, 1943.

DRIVER, BEN CARL, Junior Library Assistant in the Engineering Library—resignation effective September 1, 1943.

ELSWICK, MARJORIE, Senior Clerk-Stenographer in the Laboratory, in the Research and Educational Hospitals—resignation effective October 1, 1943.

EUBANKS, MRS. SHIRLEY MORROW, Assistant Clerk-Stenographer in the Periodical Division, in the Acquisition Department of the Library—resignation effective September 1, 1943.

FRANCIS, FRED CLOW, Associate in Animal Husbandry, in the College of Agriculture and in the Agricultural Experiment Station—resignation effective October 6, 1943.

FRIEDERICH, WILLARD JULIUS, Assistant in English—resignation effective September 20, 1943.

GARDINER, MARY RUTH, Junior Clerk-Stenographer in the Office of the Dean of the College of Engineering—resignation effective October 21, 1943.

GARNER, MRS. ROBERTA K., Assistant Clerk-Stenographer in the Department of Dairy Husbandry, in the Extension Service in Agriculture and Home Economics—resignation effective September 21, 1943.

GEHBARD, JACK WENDELL, Associate in Psychology—declination effective September 1, 1943.

GELLHORN, ERNST, Professor of Physiology, in the College of Medicine—resignation effective August 31, 1943.

GOLDIE, MRS. LEOTA, Junior Clerk-Typist in the Bursar's Division of the Comptroller's Office—declination effective September 1, 1943.

GRAHAM, K. MERLE, Assistant in Zoology—resignation effective September 1, 1943.

GRAY, HORACE MONTGOMERY, to give instruction in Economics, in the Summer Semester of 1943—declination effective August 9, 1943.

GREENE, JACK BRUCE, Instructor in Physics, in the College of Engineering—resignation effective October 1, 1943.

GRIFFITHS, JANET, Assistant in Spanish—declination effective October 1, 1943.

HADLEY, R. M., Assistant in Physics, in the College of Engineering—declination effective October 1, 1943.

HANDLON, MRS. MARTHA J., Junior Clerk-Stenographer in the College of Law—resignation effective August 1, 1943.

HANSEN, LYDIA ELVIRA, Senior Clerk-Stenographer in the Bureau of Institutional Research—declination effective September 1, 1943.

HARDING, DAVIS A., Instructor in English—declination effective October 1, 1943.

HARRIS, MADALYN G., Scholar in Education—resignation effective October 1, 1943.

HOPKINS, B. SMITH, Professor of Chemistry—declination effective September 1, 1943.

HOSMER, ELIZABETH RUTH, Assistant in English—declination effective September 1, 1943.

HOWARD, MARY MARGARET, Assistant Clerk-Typist in the Department of Home Economics, in the Extension Service in Agriculture and Home Economics—resignation effective August 17, 1943.

HUBBARD, GENEVA R., Assistant Clerk-Stenographer in the Library School—resignation effective October 16, 1943.

HUGHES, MRS. MARTHA SHANK, Assistant Clerk-Typist in the Division of University Extension—resignation effective August 1, 1943.

JACKSON, WILLIAM GORDON, Assistant in Chemistry—declination effective October 1, 1943.

JAHNKE, FRED W., Senior Accountant in the Chicago Division of the Comptroller's Office—resignation effective September 30, 1943.

JAREO, JACK W., Continuity Writer in the Public Information Office—declination effective September 1, 1943.

JONES, FLEDA A., Junior Medical Technologist in the Laboratory, in the Research and Educational Hospitals—resignation effective September 26, 1943.

JONES, MORRIS THOMPSON, Assistant in Animal Pathology and Hygiene, in the Agricultural Experiment Station—resignation effective October 1, 1943.

KARRAKER, RICHARD WILLIAM, Assistant in Obstetrics and Gynecology, in the College of Medicine—resignation effective July 11, 1943.

MATHIS, A. G., First Assistant in Agricultural Economics, in the Agricultural Experiment Station—resignation effective September 22, 1943.

MAYLAND, BERTRAND JESSE, Research Graduate Assistant in Chemical Engineering, in the Engineering Experiment Station—resignation effective October 1, 1943.

MAYNERT, EVERETT W., Fellow in Chemistry—resignation effective October 1, 1943.

McELHINNEY, MRS. GERALDINE W., Assistant Record Clerk in the Catalog Department of the Library—resignation effective October 1, 1943.

McKENZIE, RALPH BREAW, Associate in Rural Youth Extension, in the Extension Service in Agriculture and Home Economics—resignation effective August 23, 1943.

McPHEETERS, GRACE ARABELLE, Junior Account Clerk in the Acquisition Department of the Library—resignation effective September 1, 1943.

MEECE, MRS. JUNE GOOCH, Junior Clerk-Stenographer in the Department of Home Economics, in the College of Agriculture—resignation effective October 3, 1943.

MELAMED, SIDNEY, Abbott Laboratories Fellow in Chemistry—resignation effective October 1, 1943.

MOORE, FRANCES MAY, Assistant Director of Student Housing—resignation effective August 15, 1943.

MORTENSEN, BETTY LOUISE, Special Research Assistant in the Agricultural Experiment Station, in cooperation with the State Natural History Survey Division—resignation effective October 1, 1943.

MUELLER, MRS. BETTY S., Statistical Clerk in the Personnel Division of the Comptroller's Office—resignation effective October 8, 1943.

MUNSON, VIOLA ALERTA, Junior Clerk-Typist in the Chicago Division of the Registrar's Office—resignation effective August 31, 1943.

MURRAY, MERRITT JOSEPH, Assistant Chief in Crop Production and Plant Genetics, in the Department of Agronomy, in the Agricultural Experiment Station—declination effective October 1, 1943.

NEWTON, L. E., Senior Accountant in the Accounting Division of the Comptroller's Office—declination effective September 1, 1943.

NOECKER, JULIA AGNUSS, Assistant Clerk in the Catalog Department of the Library—resignation effective September 1, 1943.

- OSGOOD, MRS. ALBERTINE WALTHER, Assistant in Spanish and Counselor in the Personnel Bureau—declination effective September 1, 1943.
- OSGOOD, MRS. ALBERTINE WALTHER, to give instruction in Spanish, in the Summer Semester of 1943—resignation effective September 6, 1943.
- OSTERBERG, JORJ OSCAR, Associate in Theoretical and Applied Mechanics, in the College of Engineering—resignation effective October 1, 1943.
- PELZMANN, LOUIS, Chief Physiotherapist in the Department of Orthopaedic Surgery, in the College of Medicine—resignation effective October 1, 1943.
- POCHERT, LORRAINE R., Assistant Clerk-Stenographer in the Medical and Dental College Library—resignation effective September 1, 1943.
- REALS, WILLIAM HARRIS, Instructor in Pediatrics, in the College of Medicine—declination effective September 1, 1943.
- ROBINSON, WILLARD B., Fellow in Animal Husbandry—resignation effective August 9, 1943.
- ROGERS, RUTH ANN, Junior Library Assistant in the Education, Philosophy, and Psychology Library, and Junior Library Assistant in the University High School—resignation effective September 1, 1943.
- ROUGH, J. D., Assistant in Physics, in the College of Engineering—declination effective October 1, 1943.
- SCHWARTZ, HERMAN MEYER, to give instruction in Mathematics, in the Summer Semester of 1943—cancellation effective August 9, 1943.
- SELMAYER, MARTHA ANN, Assistant Clerk-Stenographer in the Catalog Department of the Library—resignation effective September 1, 1943.
- SHAFF, RUTH V., Assistant in Mathematics—declination effective October 1, 1943.
- SHAFF, RUTH V., Assistant Office Appliance Operator in the Catalog Department of the Library—resignation effective September 1, 1943.
- SHERWIN, LEONARD J., Assistant in Oral Surgery (Rush), in the College of Dentistry—cancellation effective September 1, 1943.
- SHRIVER, C. FORREST, Special Research Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station—termination effective September 16, 1943.
- SHUPE, THOMAS, Junior Laboratory Assistant in the Department of Pathology, in the College of Medicine—declination effective September 1, 1943.
- SIEBERT, DOROTHEA CAROLYN, Instructor in Home Economics, in the College of Agriculture—declination effective September 1, 1943.
- SIEMON, MRS. BEATRICE CURRIER, Senior Medical Technologist in the Laboratory, in the Research and Educational Hospitals—resignation effective November 1, 1943.
- SINGSEN, EDWIN PIERCE, Assistant in Poultry Husbandry, in the Department of Animal Husbandry, in the College of Agriculture, and in the Agricultural Experiment Station—resignation effective October 1, 1943.
- SIZER, PAULINE E., Assistant Clerk-Stenographer in the Department of Agricultural Economics, in the Agricultural Experiment Station—resignation effective September 21, 1943.
- SMITH, J. HAROLD, Instructor in Chemistry—declination effective September 1, 1943.
- SOPER, QUENTIN F., Fellow in Chemistry—resignation effective October 1, 1943.
- SPELBRING, MARY A., Junior Library Assistant in the Loan Department of the Library—resignation effective August 15, 1943.
- STAFFORD, W. F., Instructor in Orthopaedic Surgery, in the College of Medicine—declination effective September 1, 1943.
- STINSON, CHARLES HENRY, Special Research Assistant in Soil Fertility, in the Department of Agronomy, in the Agricultural Experiment Station—resignation effective at the close of business, October 9, 1943.
- SWANSON, ROBERT EARL, to give instruction in Physics, in the Summer Semester of 1943—cancellation effective June 1, 1943.
- SWIFT, HOWARD RAYMOND, Fellow in Ceramic Engineering—resignation effective October 1, 1943.
- THOMAS, N. B., to give instruction in Physical Education for Men, in the Summer Semester of 1943—resignation effective August 30, 1943.

THURMAN, MRS. CATHERINE, Assistant Clerk-Stenographer in the Department of Chemistry—resignation effective October 17, 1943.

TILEP, VICTORIA, Junior Laboratory Assistant in the Department of Histology, in the College of Dentistry—resignation effective October 1, 1943.

TORAN, WILLIAM B., Assistant in English—resignation effective November 1, 1943.

TROTTER, LYLE, Equipment Attendant in the Foundry Laboratory, in the Department of Mechanical Engineering, in the College of Engineering—resignation effective September 19, 1943.

VAN HORNE, JOHN, to give instruction in Spanish and Italian, in the Summer Semester of 1943—resignation effective September 6, 1943.

VEDDER, MRS. DOROTHY, Junior Record Clerk in the Loan Department of the Library—resignation effective October 10, 1943.

WANG, CHU-KIA, Fellow in Civil Engineering—resignation effective October 1, 1943.

WATTS, MRS. ROSE KIRBY, Junior Clerk-Stenographer in the Department of Home Economics, in the Agricultural Experiment Station—resignation effective October 8, 1943.

WEBB, ARTHUR HARPER, Assistant in Animal Pathology and Hygiene, in the Agricultural Experiment Station—resignation effective September 1, 1943.

WEBSTER, GLORIA MARY, Junior Library Assistant in the Chicago Libraries—resignation effective October 5, 1943.

WEGSTEIN, JOSEPH HENRY, Assistant in Physics, in the College of Engineering—declination effective October 1, 1943.

WELCH, MRS. MARY, Junior Clerk-Stenographer in the Department of Chemistry—declination effective September 1, 1943.

WILMARTH, CHARLES EARL, Special Research Assistant in Plant Genetics, in the Department of Agronomy, in the Agricultural Experiment Station—resignation effective at the close of business, October 15, 1943.

WILSON, JEAN R., Assistant Laboratory Assistant in the Department of Medicine—declination effective September 1, 1943.

WOLD, MRS. ADELINE LARSON, Junior Clerk-Stenographer in the Department of Dental Pathology and Therapeutics, in the College of Dentistry—resignation effective at the close of business, August 31, 1943.

WOODWARD, F. E., Assistant in Chemistry—resignation effective October 1, 1943.

The Board adjourned.

H. E. CUNNINGHAM

*Secretary*

PARK LIVINGSTON

*President*

**MEETING OF THE BOARD OF TRUSTEES**

**OF THE**

**UNIVERSITY OF ILLINOIS**

---

**December 18, 1943**

**With Executive Committee Meetings of  
November 19 and December 18, 1943**

The Board of Trustees of the University of Illinois met in executive session in committee of the whole at the University Club of Chicago, at 10 o'clock a.m. on Saturday, December 18, 1943. The following members were present: President Livingston, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. McKelvey, Mr. Nickell.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, and Mr. Lloyd Morey, Comptroller.

**REQUEST OF MR. MERLE J. TREES**

The President of the University introduced Mr. Merle J. Trees, a former member and President of the Board and the donor, with his wife, Mrs. Emily Nichols Trees, of the "Emily Nichols Trees (Class of 1905) and Merle Jay Trees (Class of 1907) Collection of Paintings."

Mr. Trees stated that he and Mrs. Trees were highly interested in continuing their annual gifts of paintings, but that they felt that the purpose of their gifts required that the paintings be made available at the University as soon as possible, and that they would be greatly encouraged if there were a prospect that suitable gallery space would be added to the building for Architecture and Kindred Subjects as soon as construction becomes possible. Mr. Trees called attention to the Annetta Ayers Saunders bequest to the University of Illinois Foundation, and requested that the Board give consideration to the matter of requesting the Board of Directors of the Foundation to set aside this bequest for the construction of galleries for the Trees and other collections.

Mr. Trees announced the gift of "Portrait of a Girl" by Ambrosius Holbein as the 1943 addition to the Trees collection, and withdrew.

On motion of Mrs. Grigsby, the President of the University was requested to communicate to the Directors of the University of Illinois Foundation the opinion of the Board that the Annetta Ayers Saunders bequest might properly be reserved to the extent necessary to provide for the housing of the Trees collection of paintings.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board continued in executive session and considered the following matters presented by the President of the University.

**GIFT OF MR. AND MRS. MERLE J. TREES**

(1) Pursuant to the terms of the resolution of the Executive Committee adopted December 18, 1937 (Minutes, page 587), Mr. and Mrs. Merle J. Trees offer as their gift for 1943, to be added to the "Emily Nichols Trees (Class of 1905) and Merle Jay Trees (Class of 1907) Collection," a painting "Portrait of a Girl" by Ambrosius Holbein. A photostatic copy of an appraisal by the Art Institute of Chicago, which is hereby given to the Secretary of the Board for official record, shows that this painting is valued at \$17,000.

I recommend acceptance of this offer.

On motion of Mr. Jensen, this gift was accepted, and the President of the University was requested to convey to Mr. and Mrs. Trees an expression of the appreciation of the University for their continued generosity.

**RESEARCH INVESTIGATION FOR NATIONAL ADVISORY COMMITTEE FOR AERONAUTICS**

(2) On the recommendation of the Dean of the College of Engineering and with the approval of the President, the Comptroller and the Secretary of the Board have executed an agreement with the National Advisory Committee for Aeronautics, for a special investigation. This sum is based on a budget of estimated costs, both direct and indirect, totaling \$14,865.

On motion of Mr. Nickell, this contract was approved and confirmed.

**RECOMMENDATIONS FROM FACULTY COMMITTEE ON PATENTS**

(3) The Faculty Committee on Patents submits the following report on scientific discoveries made by the University's staff:

1. A screening smoke mixture developed in research work in a contract between the University and the Office of Scientific Research and Development of the United States Government. This work was done by Professor J. C. Bailar, Jr., and Mr. R. W. Parry, of the Department of Chemistry.

The Committee recommends that this discovery be released to the United States government.

2. A method of making fluorosulfonic acid, also developed during research work under a contract with the Office of Scientific Research and Development, by members of the Department of Chemistry.

It is the opinion of the Head of the Department that the discovery can not be of any practical or commercial value. The Committee recommends that the discovery be released to the United States government.

3. Certain compounds which tests indicate may possess the property of producing some analgesic action similar to that of aspirin, developed by Professor R. L. Shriner, now on the faculty of Indiana University, while he was a member of the staff of the University of Illinois.

Members of the Department of Chemistry are of the opinion that there is little likelihood these compounds would ever prove of therapeutic value and that there is no reasonable possibility that either commercial use or protection of scientific research would justify expenditure of University funds for patent applications. The Committee recommends that this discovery be released to Professor Shriner.

I concur in the Committee's recommendations.

On motion of Mr. Fornof, these discoveries were released as recommended.

**APPOINTMENTS TO UNIVERSITY CIVIL SERVICE COMMITTEE**

(4) In accordance with the plan of organization of the University Civil Service Committee approved by the Board on July 25, 1942 (Minutes, page 32), I submit nominations to the Committee for the year 1943-1944 to serve from this date until November 1, 1944, or as soon thereafter as their successors are chosen.

*Nominations by the Urbana Employee Council:*

GEORGE J. OEHMKE, Senior Laboratory Mechanic, Department of Mechanical Engineering (reappointment).

EUNICE C. MOHR, Journalism Librarian.

*Nominations by the Chicago Employee Council:*

ARTHUR L. HESSE, Acting Supervisor, Animal Hospital, College of Medicine.

*Nominations by the President of the University:*

JOHN F. BELL, Professor of Economics; Acting Director, Bureau of Economic and Business Research.

PAUL E. JOHNSTON, Professor of Agricultural Economics; State Supervisor, Emergency Farm Labor.

FRED B. SEELY, Professor of Theoretical and Applied Mechanics and Head of Department (reappointment).

RUSSELL N. SULLIVAN, Assistant Professor of Law (reappointment).

I also nominate Professor Sullivan to continue as Chairman of the Committee for the coming year. Mr. Lloyd Morey, Comptroller, serves as Executive Secretary, ex officio.

On motion of Mrs. Grigsby, these appointments were made as recommended.

**APPROPRIATION FOR STUDIES OF EDUCATIONAL PROGRAMS**

(5) The report of the American Council on Education Commission, which made a survey of the University of Illinois, includes fourteen specific recommenda-

tions. These were studied by a special committee of the Board of Trustees which reported to the Board on February 20, 1943, and the Board approved the committee's recommendations. (See Minutes, pages 280-282.) The President of the University has reported from time to time on the progress made and the action taken on these Commission recommendations. To date the following have been disposed of as indicated. (The numbering below corresponds to the numbers of the recommendations of the American Council on Education. In each section, the recommendations of the Commission come first, in quotation marks; the recommendations of the Board come next, in italics, and the comments and recommendations of the President of the University follow.)

1. "The Commission recommends that the University of Illinois make a careful study to determine whether there is not another method of selecting members for its Board of Trustees which will remove that selection and the operation of the Board, as far as possible, from partisan influences." (Recommendation of American Council on Education)

*The committee recommends that the Board in committee of the whole make an intensive study of the manner of the nomination of candidates for membership on the Board of Trustees.* (Recommendation of special committee of the Board of Trustees, approved by the Board.)

This is a matter for the Board's consideration, and the President of the University has no recommendation to make.

3. "The Commission recommends that the College of Liberal Arts give extended study: (1) to define clearly what the purposes of its educational program are; (2) to adapt its curricula better to the needs of that group of students who drop out of the college before securing any degree; (3) to strengthen the General Division by removing its present handicaps in requirements; (4) to make the General Division an educational service unit for students in the several professional schools enrolling freshmen; (5) to set up curricula organized on the basis of the needs of the students as individuals and as members of a significantly changing environment of living." (Recommendation of American Council on Education)

*The committee believes that these objectives should be accomplished, and recommends that the President of the University study the matter and present his recommendations to the Board.* (Recommendation of special committee of the Board of Trustees, approved by the Board.)

The Board of Trustees has already approved recommendations from the College faculty and University Senate that (1) students in the General Division may graduate without being required to study any foreign languages; (2) students who have successfully completed two years of the prescribed courses in the General Division and then transfer to the general curriculum of the College may be considered as having completed all group requirements for graduation.

The Liberal Arts and Sciences College faculty has also recommended that the certificate of "Associate in Arts" be awarded students completing the prescribed courses in the General Division and having credit in 60 academic hours of work with a grade average of not less than C. This recommendation is now pending before the Senate Committee on Educational Policy.

A special committee<sup>1</sup> of the Liberal Arts and Sciences faculty has been appointed to study all the other recommendations of the American Council on Education Survey Commission applying to that College.

6. "The Commission recommends that opportunity be given to persons in the lower faculty ranks to participate in formal discussions in the formulation of the educational policies of the several colleges, and of the University as a whole. Genuine opportunity given younger men by older ones through Senate, Faculty, Department, and Committee memberships, and a real encouragement by sympathetic cooperation would undoubtedly result in marked progress within the University in a relatively short time." (Recommendation of American Council on Education)

<sup>1</sup>This committee consists of Professor A. E. Murphy, Head of the Department of Philosophy, Chairman; Professor A. B. Coble, Head of the Department of Mathematics; Professor Henning Larsen, of the Department of English; Associate Professor M. T. Herrick, of the Department of English (also Associate Dean of Liberal Arts and Sciences, in charge of the Division of General Studies); Assistant Professor C. L. Prosser, of the Department of Zoology; and Professor T. C. Pease, Head of the Department of History.

*The Committee recommends that the President study this matter in conference with a committee of the faculty, to discuss the problems involved, and to present recommendations to the Board. It is understood that this discussion will involve consideration by the staff of each department and division of the University.* (Recommendation of special committee of the Board of Trustees, approved by the Board.)

On recommendation of the University Senate the Board of Trustees has amended the University Statutes to provide that membership on standing committees of the Senate shall carry the privileges of the floor of the Senate, including voting. In other words, non-members of the Senate appointed to Senate committees thereby become members of the Senate for as long as they are on such committees.

On May 24 the Senate appointed its eleven standing committees for 1943-1944. There are seventy members of these committees, thirty of whom are members of the faculty in the lower academic ranks and not otherwise members of the Senate. This is forty-three per cent of the committee membership. These younger members of the faculty thus added to the Senate in the colleges and schools at Urbana for 1943-1944 will constitute 12.55 per cent of that body.

7. "The Commission recommends that the administration of student affairs be further coordinated by placing responsibility therefor in one person directly under the President of the University. (Recommendation of American Council on Education)

*The committee feels that this should be made effective as soon as practicable, and recommends that the President present his recommendations to the Board at an early meeting, together with his estimate of the expense involved.* (Recommendation of special committee of the Board of Trustees, approved by the Board.)

On recommendation of the President the Board of Trustees has established the office of "Dean of Students" and has approved a reorganization of student welfare services placing them under the administration of that officer.

8. "The Commission recommends that participation in the provisions for student health be made compulsory on the part of all full-time students." (Recommendation of American Council on Education)

*The committee recommends that the President present his recommendations for the consummation of this program to the Board at an early meeting.* (Recommendation of special committee of the Board of Trustees, approved by the Board.)

On recommendation of the President of the University and by vote of the Board of Trustees, effective September, 1943, all students in the Urbana departments are now required to pay a hospitalization and medical service fee.

10. "The Commission recommends that, by appropriate salary and rank, outstanding excellence in teaching be given recognition commensurate with scholarly research and productivity on the part of the faculty members." (Recommendation of American Council on Education)

*The committee believes that this should be established as a standing policy of the University, and recommends that the President present recommendations to the Board on the ways and means of accomplishing this objective.* (Recommendation of special committee of the Board of Trustees, approved by the Board.)

This policy has already been adopted by the Board and needs no further study.

14. "The Commission recommends that as one of its major institutional efforts, the University of Illinois devote itself to the extended study of what should be its long-term educational program, both for the University as a whole and also for its several colleges and schools." (Recommendation of American Council on Education)

*The committee recommends that the President advise the Board as to what should be done on a long-term basis to improve and strengthen the educational programs of the University. In the formulation of these recommendations, the President should give due consideration to such factors as the practicable development of junior colleges, publicly supported teachers colleges, and the presence in the State of a considerable number of privately controlled colleges*

and universities. (Recommendation of special committee of the Board of Trustees, approved by the Board.)

The President of the University has appointed a Special Committee on Future University Programs<sup>1</sup> to bring together such advice and information as in its judgment should receive serious consideration in carrying out the broad implication of this recommendation.

In studying the recommendations of the Commission it has been found that the faculty committees appointed to investigate items 3 and 14 will need special funds for their work. In order to make these studies effectively it will be necessary for members of the committees to be relieved of some of their teaching, which makes it necessary to employ partial replacements. The committees will also need funds for travel (to visit other colleges and universities), consultants' fees, and office expenses. The departments whose staff members are serving on these committees have been asked to release them for this general University service and to absorb as much of their teaching as possible without employing additional replacements, but some relief will be necessary.

*Special Item.* The Executive Committee of the Board of Trustees at a meeting on November 19, 1943, voted that the President of the University be requested to make a recommendation looking toward a survey of the junior college movement in Illinois to ascertain what steps the University should take to promote the proper development and guidance of the junior colleges.

In order to carry out the Committee's instructions, funds will be required to review and extend the studies already made of the junior college problem in Illinois. Some additional studies may also be necessary, in one or two other states.

As nearly as can be estimated at this time the following funds will be needed:

For studies of College of Liberal Arts and Sciences programs to implement recommendation 3 of the American Council on Education report.....	\$ 3 000
For studies of future University programs to implement recommendation 14 of the American Council on Education report..	5 000
For junior college studies as directed by Executive Committee of the Board of Trustees.....	3 000
Total.....	\$11 000

I request a special appropriation of \$11,000 from the General Reserve Fund for these studies, the fund to be allocated by the President of the University to the committees and agencies engaged in this work.

No request will be made for funds for any of the remaining items in the American Council on Education recommendations now also being studied until we are further along with recommendations 3 and 14.

On motion of Mr. Jensen, these recommendations were adopted and the appropriation was made from the General Reserve Fund, by the following vote: Aye, Mr. Forno, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

#### APPROPRIATION FOR MICROSCOPES IN CHICAGO COLLEGES

(6) The Executive Dean of the Chicago Colleges has made a request for an appropriation of \$38,000 for the purchase of 225 additional microscopes required for the next incoming classes of the Colleges of Medicine and Dentistry in April, 1944.

This is a further extension of the program inaugurated by an appropriation of \$10,000 on October 17, 1942, and \$4,000 additional on May 20, 1943. At that time it was indicated that it had become necessary to abandon the plan of former

<sup>1</sup>Assistant Dean R. R. Hudelson, of the College of Agriculture, Chairman; Dr. R. B. Allen, Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy; Assistant Dean H. M. Gray, of the Graduate School; Professor Max Black, of the Department of Philosophy; Assistant Professor N. M. Newmark, of the Department of Theoretical and Applied Mechanics; Associate Professor C. W. Sanford, of the College of Education; Assistant Professor F. T. Wall, of the Department of Chemistry.

years whereby each student acquired his own microscope, because microscopes are no longer available to civilians. Microscopes now on hand had been issued to students who will not finish with them until 1945 and afterwards. Therefore, it appears necessary to secure additional instruments for the next incoming classes, if we are to be prepared to give proper instruction to the next class of students. We are committed to the Army and the Navy to accept certain quotas from them, and we are required under our contracts with these agencies to supply this equipment.

This appropriation can be met to a considerable extent from unused balances in the present budget of the Chicago Colleges, and there will be further lapses from unused salaries in vacant positions in that budget which will more than cover the additional amount required.

Accordingly, I recommend:

1. That an appropriation of \$38,000 be made, for microscopes for the Chicago Colleges to be rented to students, from the following sources:

(a) Transfer of \$20,000 from the appropriation for the School of Nursing.

(b) Transfer of \$10,000 from the appropriation for the unused wing of the Research and Educational Hospital.

(c) An appropriation of \$8,000 from the General Reserve.

2. That the Comptroller be authorized to purchase these microscopes from A. S. Aloe Co., St. Louis, Missouri.

On motion of Mr. Nickell, these recommendations were adopted, and the transfers and appropriation of funds made, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

#### HOSPITAL AND MEDICAL SERVICE FEE

(7) On October 30, 1943 (Minutes, page 748), the Board of Trustees approved certain exemptions from the payment of the compulsory hospital and medical service fee established for students at Urbana beginning with the current academic year as follows:

(a) Exemption of certain groups of part-time and non-resident students and students who are also on the staff.

(b) Exemption of all others who present evidence that they have insurance providing the same benefits as those provided by the University plan.

The first group of exemptions was in accord with a previous recommendation of the Committee on Fees and Scholarships. The second group represented a material change in that recommendation, and a number of questions concerning this part of the action were raised by various University officers. Certain problems are also raised with respect to the University's contract with the Occidental Life Insurance Company. I am submitting detailed memoranda on both of these questions.

The questions raised about Exemption (b) include the alleged difficulty of checking the great variety of other policies against the University plan, and the further possibility that the Insurance Company may refuse to continue its contract at the present rate if Exemption (b) is allowed to stand.

If we rescind the action on Exemption (b), then students (especially married students with children) who have already taken out health (hospital) insurance have a basis for protesting the further payment of the University hospital fee. One such protest is already in the hands of the Secretary of the Board.

In spite of the arguments presented, I am convinced that the action taken by the Board at its previous meeting should stand but that it should be made effective beginning with the second semester of the current year, and I so recommend. I also recommend that the Comptroller be directed to communicate this action to Occidental Life Insurance Company to determine what action it may wish to take with respect to its contract of insurance.

Mr. Morey commented on this matter. After discussion, on motion of Mr. Fornof, the recommendations of the President of the University were adopted.

**APPOINTMENT OF HEAD OF DEPARTMENT OF PHARMACOLOGY,  
MATERIA MEDICA, AND THERAPEUTICS**

(8) The Dean of the College of Medicine recommends the appointment of Dr. Hamilton Holland Anderson as Professor and Head of the Department of Pharmacology, Materia Medica, and Therapeutics on indefinite tenure, beginning as soon as he can report for duty, at an annual salary to be determined by negotiations with Doctor Anderson.

I recommend that the President of the University be authorized to make this appointment, the effective date and salary to be determined by negotiations within the salary limit specified.

On motion of Mrs. Grigsby, this recommendation was adopted and an appropriation of \$500 was made from the General Reserve Fund to be added to this salary if necessary, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

**ENGINEERING SERVICES FOR AIRPORT**

(9) The Physical Plant Department submits the following recommendation:

"Inasmuch as we have lent our mechanical engineer to the Department of Chemistry, where he was badly needed on a critical war research project, we are not prepared at this time to handle this division of professional service within our own organization on a project as large as the airport. Accordingly, it seems desirable to arrange for this to be handled completely by a firm of consulting engineers. We have given consideration to several firms, but are recommending Neiler, Rich & Co., 431 South Dearborn Street, Chicago, one of the leading firms in this branch of engineering in the midwest. As is true for all professional services, it is not practical to take competitive bids for this phase of the work.

"We request approval to execute a contract with them on a basis of 5% of the total cost of the portion of the construction work designed and installed under their direction. This covers complete services, including supervision. If the project should not proceed beyond the point of taking bids, but 50% of the fee would be due. For your information, the contract with Samuel Lewis for similar services on the Illini Union and on Gregory Hall was on the basis of 6% for complete services.

"Neiler, Rich & Co. handles most of this type of work for both the University of Chicago and Northwestern University. They were the mechanical engineers in connection with the construction of the ordnance plant between Decatur and Springfield at Illiopolis. More importantly, however, they have recently furnished such services for Patterson and Vandalia fields, two of the largest airfields recently erected by the Army at Dayton, Ohio. Professor Doland and Professor Leutwiler have been consulted and agree on this recommendation.

"Inasmuch as the program for building construction and utilities at the airport are still in a preliminary state, it is not possible to estimate accurately the total payment that might be due Neiler, Rich & Co. under such an agreement, but it should not exceed \$4,000 to \$5,000."

The Comptroller endorses this proposal and requests authority to execute with the Secretary of the Board the necessary contract.

I concur.

On motion of Mr. Nickell, this contract was authorized as recommended, the expense to be charged to the State appropriation for the airport.

**LEGAL AND NEGOTIATION SERVICES IN CONNECTION  
WITH AIRPORT**

(10) On June 19, 1943 (Minutes, page 404), the Board engaged the services of Newton C. Farr as negotiator for the purchase of Airport land.

On July 28, 1943 (Minutes, page 450), the Board authorized the retention

of Chapman and Cutler to provide legal services in acquiring land for the Airport. (See page 492 for further report on the basis for these charges.)

Mr. Farr has submitted a bill for \$1,000 for his services as negotiator.

Chapman and Cutler have submitted the following bills for their services:

Burt, Fisher, Koss, and Stout properties.....	\$1 500
Hall property.....	100
Troutman and McMahon properties.....	150
Kimmel property.....	300

In connection with the purchase of the Hall property (Minutes, October 29, 1943, page 723) allowance was made for attorney fees up to \$250. This sum is payable to Harry B. Boyer of Champaign, Illinois.

There is a sufficient balance in the appropriation from general funds for the purchase of the Kimmel and Troutman land to pay the bill for legal services on that land. There is not a sufficient balance in the \$250,000 special State appropriation for land and other expenses connected with the Airport to pay the remaining \$2,925 of the foregoing list of fees.

Authorization for the payment of these several bills is requested, and an appropriation of \$2,925 for this purpose from the General Reserve is suggested.

On motion of Mr. Jensen, these payments were authorized and the appropriation was made, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

#### FEDERAL WITHHOLDING TAX PROCEDURE

At this point, the Comptroller explained briefly to the Board the problems arising in connection with withholding federal taxes required under the current Tax Payment Act of 1943. The State Auditor, with the approval of the Attorney General, has ruled that he must act as withholding agent on all payrolls drawn against State appropriations. Recently the State Auditor requested that the Comptroller furnish him record cards of all University employees on which a record of taxes and earnings can be compiled for 1944. The Comptroller has endeavored to get State officials to permit the University to act as the withholding agent on State funds the same as it does on University funds, but without success. The present procedure adds greatly to the burden of clerical work in both the State Auditor's Office and University offices and necessitates duplicate records in both offices and with increased cost to the State. In most other states the universities are acting as the withholding agents.

The Comptroller requested the Board to endeavor to secure such an arrangement in this state and suggested that, if necessary, the Board might give a bond to the State Auditor of Public Accounts to protect the latter as to any possible liability on University payrolls, which at the most would be slight.

On motion of Mr. Fornof, the matter was referred to the Committee on General Policy with power to act, including authority to engage legal services necessary but without authority to make an obligation in the form of a bond or otherwise without approval of the Board.

#### REPORT OF COMMITTEE ON CIVIL SERVICE AND EMPLOYEES

At this point, Mr. Jensen presented the following report:

1. On August 31, 1943, the Board approved, on recommendation of this Committee, a schedule of rates of pay for employees in the Research and Edu-

cational Hospital. This schedule was based on similar schedules which had been adopted by the State Department of Public Welfare.

In October, 1943, the Department of Public Welfare, without conference with the University, issued a new schedule of rates for its employees based on the State Standard Pay and Classification Plan approved by the last General Assembly, plus \$10 a month additional as a cost of living adjustment. The result is that the State Department is paying monthly salaries in classifications comparable to those in the Research and Educational Hospital in excess of those previously approved by the University.

Many of the employees were connected with the Hospital when it was a part of the Department of Public Welfare. Under the State Employees Retirement Plan, also approved by the General Assembly at the last session, such employees can receive credit for prior service in the Department if they return to the service of the Department by December 31, 1943. It appears certain that, unless the University can substantially meet the new scale of compensation approved by the Department, many of these employees will transfer to other state institutions, causing an exceedingly difficult problem of replacement.

The problem has been considered by the University Civil Service Committee and, on the recommendation of Executive Dean Allen and Business Manager Millizen, the University Committee has recommended approval of new monthly salary ranges as follows, effective January 1, 1944, for the duration of the war.

	<i>Present Salary</i>	<i>Proposed Salary</i>
Supervisory Nurse.....	\$152-167	\$152-190
Head Nurse.....	142-157	142-170
Staff Nurse.....	132-147	132-150
Nurses Aide.....	106-116	106-125
Orderly.....	118	118-135
Kitchen Helper.....	101-111	101-125
Seamstress.....	80-110	90-125

The Board Committee recommends approval of this proposal.

2. The Board Committee has also received a recommendation from the University Civil Service Committee that the following classifications in the Physical Plant Department (Urbana) be moved from the Cost of Living Group to the Prevailing Wage Group and that their wages be set as indicated below:

Automotive Mechanics.....from 86¢ an hr. to 91¢ an hr.  
Garage Attendants.....from 73¢ an hr. to 85¢ an hr.

The Board Committee on Civil Service and Employees recommends approval of this proposal, effective December 1, 1943.

3. The Board Committee is informed that the additional cost resulting from these adjustments will be about \$37,000 a year. We recommend that the President and the Comptroller be authorized to make adjustments in the budgets of the Research and Educational Hospital and the Physical Plant Department to cover these changes to the extent possible within existing general budget reserves, and any balance over and above such adjustments shall be met from existing budgets of the respective departments.

*Committee on Civil Service and Employees*

FRANK A. JENSEN, *Chairman*  
JOHN R. FORNOF  
O. M. KARRAKER

Mr. Morey commented on these recommendations.

On motion of Mr. Jensen, these recommendations were adopted, and the transfers of funds to permit the adjustments were authorized, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

**REPORT OF UNIVERSITY CIVIL SERVICE COMMITTEE**

Mr. Jensen presented also a report of the University Civil Service Committee requesting confirmation by the Board of changes in Civil Service classifications and salary ranges approved by the Committee during the past year.

Mr. Morey commented on these recommendations.

On motion of Mr. Jensen, these recommendations were approved and confirmed.

**CONDEMNATION OF PROPERTY IN CHICAGO**

On motion of Mr. Jensen, Mr. Amos H. Watts of the firm of Chapman and Cutler was authorized to begin condemnation proceedings to acquire the property at 1840 West Taylor Street, in Chicago.

The Board recessed, at 1 p.m., for luncheon.

**AFTERNOON SESSION, DECEMBER 18, 1943**

When the Board convened for the afternoon session on December 18, 1943, the same members and officers were present as during the morning session; also Mr. J. F. Wright, Director of Public Information. Messrs. Amos H. Watts and Spencer LeRoy of the firm of Chapman and Cutler were present during part of the afternoon.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of October 29-30, 1943.

On motion of Mr. Jensen, the minutes were approved as printed on pages 717 to 784 above.

**REPORT OF EXECUTIVE COMMITTEE MEETING  
OF NOVEMBER 19, 1943**

The Secretary presented for record minutes of a meeting of the Executive Committee held on November 19, 1943.

The Executive Committee of the Board of Trustees of the University of Illinois met at the Chicago Illini Union Building, 715 South Wood Street, Chicago, at 11 a.m. on Friday, November 19, 1943. All the members of the Committee were present: Mr. Park Livingston, Chairman, Mr. Chester R. Davis, and Mr. Frank A. Jensen. President Willard was present; also Mr. A. J. Janata, Assistant to the President, and Mr. H. E. Cunningham, Secretary.

**Matters Presented by President Willard**

The Executive Committee considered the following matters presented by the President of the University.

**Closing of Roads in Tolono Township**

(1) At the request of representatives of the University of Illinois, the Supervisor and Commissioner of Highways of Tolono Township, Champaign County, have instituted the proceedings necessary under State law to close the public roads within the University of Illinois airport area. They have been giving the University every cooperation in this matter.

The Commissioner of Highways has asked if the University will release the steel and concrete culverts in these highways to the Township when the roads are closed and construction begins, so that the Township can use these elsewhere. Since the culverts were purchased or built with public funds belonging to the Township, I recommend that they be released to the Township.

Professor James J. Doland, Supervising Engineer for the construction of the Airport, concurs in this.

On motion of Mr. Davis, these materials were released as recommended.

#### **Lease of Farm in Tolono Township**

(2) As a part of the program of land acquisition for the University of Illinois Airport, the Board of Trustees has purchased the northeast quarter of Section 2, Tolono Township, one-half mile west of Savoy, Illinois, known as the Kimmel farm. It will not be needed immediately for airport purposes. The present tenant on this farm, Mr. Ralph A. Bachert, whose lease expires March 1, 1944, desires to lease the farm for the following farm year. The Dean of the College of Agriculture recommends that the University lease this farm to Mr. Bachert for the farm year beginning March 1, 1944, on the basis of division of crops, cash rent, and other stipulations. This lease provides that the tenant agrees to pay as rent the following shares of crops grown, or sums of cash per acre: for land used for corn, oats, or soybeans, one-half the crop; for land used for wheat or alfalfa, no payment; for land used for clover or as pasture by tenant, \$8 an acre. The lease prepared is the regular form of Illinois Crop-Share Cash Farm Lease.

I recommend authorization of this lease.

On motion of Mr. Jensen, this lease was authorized as recommended.

#### **Postgraduate Course in Industrial Medicine and Hygiene**

(3) The State Department of Public Health has requested that the University, through its College of Medicine, in cooperation with the Committee on Industrial Hygiene, Illinois State Medical Society, and the Chicago Medical Society, offer a postgraduate course in industrial medicine and hygiene. The course will consist of a series of about 12 to 14 evening demonstration conferences, meeting once each week from January 4 to March 28, 1944. The estimated expenses are \$1,000, itemized as follows: guest lecturers, \$550; bus transportation, field trip, \$100; printing and postage, \$100; incidentals and contingencies, \$250.

A tuition fee of \$25 is proposed. It is expected that there will be at least 50 registrants, so that the fees will cover all costs.

The Executive Dean requests approval of the fee and an appropriation for the necessary expenses, and these recommendations are concurred in by the Provost and the Comptroller.

I recommend approval of the fee and an appropriation of \$1,000, or so much thereof as may be required, for this purpose.

On motion of Mr. Davis this fee was approved, and the appropriation was made as recommended, by unanimous vote of record.

#### **Accountants' Examining Board**

(4) The profession of public accountancy in Illinois is composed of two groups—those who hold the certificate of "Certified Public Accountant" issued by this or other States, and those who are not Certified Public Accountants but who hold the certificate of "Public Accountant" issued by the Department of Registration and Education of Illinois. C.P.A. certificates are issued by the University of Illinois under an Act of the General Assembly of 1903 and P.A. certificates are issued under an Act passed in 1927. Some accountants hold both certificates. All accountants engaged in public practice, whether or not they hold the certificate of C.P.A., must have the P.A. certificate.

This division of the accountancy profession has created a great deal of confusion in the public mind. Since 1927 discussions have been going on seeking an agreement on legislation which would merge the two groups of public accountants. The two professional groups agreed upon a bill which was enacted by the 63rd General Assembly into law as the Accountancy Act of 1943, which repeals and supersedes the Acts of 1903 and 1927.

The administration of the new Act is vested in the University of Illinois and in the State Department of Registration and Education. The law provides for

the appointment by the University of a five-man Board of Examiners, the appointments being subject to the concurrence of the Department of Registration and Education. The Board is empowered to give examinations to holders of unrevoked certificates of "Public Accountant," issued by the Department of Registration and Education, to determine their eligibility to receive the certificate of "Certified Public Accountant" under the new law. This Act provides that a holder of a Public Accountant certificate, as defined in the Act, must:

"Make application within ten (10) years following the passage of this Act, pay a fee of twenty-five dollars (\$25), and who at the time of such application must have held such certificates of registration as public accountants for at least ten years, have been engaged in the practice of public accounting in this State for at least ten (10) years, and who shall successfully pass a written or oral examination to be given by a special board of five examiners to be appointed by the University with the approval of the Department, two of whom shall have been registered public accountants of this State at the date of passage of this Act, two of whom shall have been registered public accountants and also certified public accountants of this State at the date of passage of this Act, and one of whom shall have been a registered public accountant of this State at the date of passage of this Act who has received or is entitled to receive a certificate as a certified public accountant under subsection (a) (2) of this section. Vacancies in this special board shall be filled by appointment of individuals having the same status and qualifications as specified herein for the original appointees. A majority vote of the full membership of this special board shall be required to approve or reject any applicant."

The special board provided in this law is to perform important functions. They include giving oral or written examinations to a large number of applicants now eligible for the C.P.A. certificate in this manner, rather than by passing the regular C.P.A. examination, and determining qualifications as to experience of these candidates. The board should be composed of men of sound judgment, without bias toward either of the public accountancy groups, who will administer the law equitably. It should be noted here that this special board does not replace the regular board of three Examiners which, as heretofore, will conduct the regular C.P.A. examinations.

The University Committee on Accountancy,<sup>1</sup> an administrative committee, has given long and careful consideration to the question of membership on this special board. It has investigated the qualifications of many members of the profession, both certified public accountants and public accountants. It has sought the advice of officers and directors of the Illinois Society of Certified Public Accountants and of the Public Accountants Association, and of other leading men in the two professional groups. It has reached the conclusion, in which many of the accountants with whom this matter has been discussed concur, that this special board should include one member who had previously served on the Public Accountants Examining Board of the Department of Registration and Education and one member who had been on the University's Board of C.P.A. Examiners. The Committee calls attention to the fact that the accountancy profession has lost many members to war service, with the result that those continuing in practice are exceedingly busy. No one worthy of consideration for appointment to this special board of examiners can serve on it without much sacrifice of personal and professional time.

The Committee on Accountancy renews its recommendation that the list of five accountants previously presented (see Minutes, page 719) be approved and appointed as members of the special board of examiners, selected from the groups in the accounting profession as specified in the law.

*Member who is a Registered Public Accountant*

EDGAR R. BOURKE, 20 West Jackson Boulevard, Chicago. Mr. Bourke has been in public practice on his own account in Chicago for many years. He is President of the Public Accountants Association of Illinois.

<sup>1</sup>This is a standing committee appointed by the Board of Trustees on recommendation of the President of the University. Its present personnel is Professor W. E. Britton of the College of Law, Chairman, Professor H. M. Gray of the Department of Economics and Assistant Dean of the Graduate School, and Mr. G. P. Tuttle, Registrar, who serves as Secretary.

*Member who is a Registered Public Accountant and also Certified Public Accountant*

THOMAS J. REEDY, 105 South LaSalle Street, Chicago. Mr. Reedy is a partner in the firm of Ashman, Reedy, and Currier. He holds the Illinois C.P.A. certificate. He is a member of the American Institute of Accountants and the Illinois Society of Certified Public Accountants. He has been active in the affairs of the Society. He served until a year or two ago as Chairman of its Committee on Legislation.

*Member who is a Registered Public Accountant and is entitled to receive C.P.A. certificate under Section 4, subsection (a) (2), i.e., obtained his P.A. certificate by written examination*

JOSEPH A. KOVAC, 128 North Wells Street, Chicago. Mr. Kovac is in public practice as Joseph A. Kovac and Company. He is Vice-President of the Public Accountants Association of Illinois and a member of the Board of Directors of that Association.

All of these men are willing to serve if appointed.

It should be noted again that these five examiners are to be appointed by the University *with the approval of the Department of Registration and Education*. Consequently, any action taken by the Board of Trustees should be contingent on the approval of the Director of the Department of Registration and Education.

I concur in the recommendation of the Committee.

On motion of Mr. Davis, the Secretary was instructed to notify the Committee on Accountancy that the nominations of Mr. Bourke, Mr. Reedy, and Mr. Kovac were accepted, and to request the Committee to make, through the President of the University, other nominations for the two remaining places.

#### Urbana Coke Corporation—Patents

The Secretary presented the following letter from Mr. M. D. Jackson, Secretary of the Urbana Coke Corporation (see Minutes, June 19, 1943, page 402).

November 16, 1943

*Mr. H. E. Cunningham, Secretary of  
The Board of Trustees of the  
University of Illinois,  
Urbana, Illinois*

DEAR MR. CUNNINGHAM:—

Referring to your letter of June 26, 1943 and to the request for information which I received from Mr. Lloyd Morey, Comptroller of the University of Illinois, dated July 6, 1943, I would like to know what conclusion you have reached with regard to assuming the responsibility of paying for future disbursements incident to keeping the Urbana Coke Corporation alive. I have now received the statement in the amount of \$50.00 for services of the United States Corporation Company as resident agent in Delaware for the year ending November 27, 1944.

At the Annual Stockholder's Meeting to be held on the 26th of this month I think it would be appropriate for the corporation to assign to the Board of Trustees of the University of Illinois all of the patents owned by the Corporation, to be held by the Board of Trustees of the University of Illinois as Trustee for all of the stockholders and with power to act with respect to these patents as though it were acting as the corporate officers, and the rights of all stockholders with respect to any proceeds to be the same as they would have been if the acts done pursuant to the trust agreement had been performed by officers of the corporation.

I am sending a copy of this letter to each of the Common Stockholders and I would appreciate hearing from you before the 26th as to whether the Board of Trustees of the University would be willing to follow this plan. This should make it unnecessary to continue the expenses incident to keeping the corporation alive.

Yours very truly,  
M. D. JACKSON

On motion of Mr. Davis, the Secretary was instructed to notify Mr. Jackson that the Board was not willing to undertake to become a trustee for the stock-

holders of any corporation, and to suggest that it would be appropriate for the Urbana Coke Corporation to assign its patents to the University of Illinois Foundation without restriction.

### Development of Junior Colleges

On motion of Mr. Jensen, the President of the University was requested to make a recommendation looking toward a survey of the junior college movement in Illinois, to ascertain what steps the University should take to promote the proper development and guidance of the junior colleges.

The Executive Committee adjourned, to meet at 2:30 p.m. on Friday, November 26, 1943, at the University Club in Chicago.

H. E. CUNNINGHAM  
*Clerk*

PARK LIVINGSTON, *Chairman*  
CHESTER R. DAVIS  
FRANK A. JENSEN

### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

#### CERTIFICATE OF CERTIFIED PUBLIC ACCOUNTANT

(1) Under the Accountancy Act of 1943 it is necessary to provide more than one type of C.P.A. certificate because of the various ways under which candidates may qualify. The University Committee on Accountancy has given careful consideration to the type of certificate and to the phraseology which should be employed, and recommends to the Board of Trustees the three certificates submitted herewith:

Certificate A is for candidates who receive certificates on recommendation of the regular C.P.A. Board of Examiners as the result of having passed the regular written C.P.A. examination. This certificate bears the signatures of the regular Board of Examiners, the Secretary of the Board of Trustees, and the President of the University, as in the past.

Certificate B is for candidates who are recommended by the Special Board of Examiners on the basis of ten years of experience and of passing an oral or written examination as provided in Section 4, paragraph b, of the statute. This certificate bears the signatures of the Special Board of five members, the Secretary of the Board of Trustees, and the President of the University.

Certificate C is for candidates who receive certificates under one of the following provisions of the Act: (1) A candidate who is the holder of a P.A. certificate in Illinois and the C.P.A. certificate of another state. (2) A candidate who is the holder of a P.A. certificate in Illinois obtained by passing the regular semiannual written examination given by the Department of Registration and Education. (3) A candidate who is the holder of a C.P.A. certificate of another state obtained by written examination, but who does not hold the P.A. certificate of Illinois. This certificate bears only the signatures of the Secretary of the Board of Trustees and the President of the University, since neither the regular Board of Examiners nor the Special Board is concerned with the qualifications.

I recommend approval of the forms of certificates submitted by the Committee.

On motion of Mrs. Grigsby, these forms were approved as recommended.

#### AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(2) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made application therefor under the waiver provisions of the Accountancy Act of 1943 and have presented evidence to the Committee showing that they are properly qualified.

I concur in the recommendations of the Committee.

1. Holders of unrevoked C.P.A. certificates of other states or territories of

the United States or the District of Columbia who are also holders of unrevoked certificates of registration as public accountants in Illinois (Section 4, a-1):

PERCY MURRAY ARMITAGE (N.Y.)	HIRAM BARBER KADISH (Ind.)
GEORGE DAVIS BAILEY (Ohio)	HAROLD LEONARD KLAGSTAD (Mich.)
PETER STANLEY BARTON (Ind.)	EDWARD WALTER KOEHLER (Ind.)
ISAAC I. BENDER (Pa.)	HERBERT LAPINE (Ohio)
GEORGE FREDERICK BREWER (Wis.)	LESLIE WAYNE LUTYENS (Mo.)
JAMES ALEXANDER CAMPBELL (N.Y.)	HORACE MANNING (Wis.)
JOSEPH M. CHECKERS (Ind.)	GEORGE HENRY MATTHEWS (Minn.)
ELMER FRAZIER CONNER (Pa.)	HERBERT THOMPSON MCANLY (Ind.)
DONALD EDWARD CURRIER (Ind.)	ARTHUR HENRY MESS (Ohio)
THERON LINCOLN EVANS (Ark.)	BENNETT N. NELSEN (Ind.)
JOHN DWIGHT FILSON (Ind.)	RUSSELL GOODRICH RANKIN (N.C.)
CHARLES FREEMAN (Ind.)	LAWRENCE JACK SEIDMAN (N.Y.)
ROBERT ANTHONY GALLAGHER (Ind.)	FOTI MITCHELL THUDSON (N.Y.)
JOSEPH WATSON GALLOWAY (Ind.)	FREDERICK ADOLPH THULIN (Ind.)
JOSEPH J. GOLMAN (Ind.)	WILLIAM CHARLES WAGGONER (Mo.)
JOSEPH ALLEN HAMILTON (Ohio)	EDWARD JOHN WIEDMAN (Ia.)
JAMES RICHARD HANNA (N.Y.)	GEORGE DORR WOLF (Ind.)
JACOB A. HENNIG (D.C.)	HARRY HAY WOLF (Ind.)

2. Holders of unrevoked certificates of registration as public accountants in Illinois received on the basis of the regular semiannual written examination given by the Board of Examiners of the Department of Registration and Education (Section 4, a-2):

ALF HAROLD ANDERSON	WILLIAM RAYMOND METTE
THOMAS FRANCIS BLANCHFIELD	CLIFFORD PETERSON
ROBERT BRUCE DAVIS	MATHEW FRANCIS RAFTREE
EMERY JOHN JOSEPH FISHER	JACOB SCHMITZER
THOMAS MARTIN FLYNN	BEN SKOLNIK
HARRY MORTON KADENS	CHARLES ALLEN SNYDER

3. Holders of unrevoked C.P.A. certificates of any other state, territory, or the District of Columbia as provided in Section 5 of the Accountancy Act of 1943:

MEYER ADELMAN (Md.)	LAWRENCE WILLIAM MILES (N.Y.)
JOHN WILLIAM BUXTON (Pa.)	WILLIAM JOHN MILLER (Texas)
HARVEY HALLBERG CORYDON (Ohio)	WILLIAM ALLEN PAXTON (Okla.)
EARL ELTON DUNN (Ind.)	LESLIE MILTON STONE (Okla.)
CLARENCE WALLACE EMSHOFF (Ind.)	EDWARD PAYSON TREMPER, JR. (Wash.)
STEPHEN GILMAN (Wis.)	REUBEN WEINSTEIN (Ind.)
ADOLPH CARL HEINZE (Wis.)	HAROLD MEISTER WHEELER (Wis.)
IRA THOMAS MCGLONE (Ind.)	

On motion of Mr. Fornof, these certificates were awarded as recommended.

#### ADVISORY COMMITTEES, COLLEGE OF AGRICULTURE

(3) The Dean of the College of Agriculture and Director of the Agricultural Experiment Station recommends the following appointments to Advisory Committees of the College of Agriculture for the year 1943-1944. There are ten committees, one for each department of the College, and a general committee consisting of one member from each of the departmental committees. The total number of appointments is forty-four, of whom ten are new (indicated by an asterisk) and the others are reappointments. I concur in the Dean's recommendation.

##### *Agricultural Economics*

\*ALVIN E. ECKERT, Belleville  
JOHN P. HANNA, Geneseo  
\*FRED E. HERNDON, Macomb  
ERNEST D. LAWRENCE, Normal  
HENRY H. PARKE, Genoa

##### *Agricultural Engineering*

\*FRANK W. ANDREW, Palmyra  
R. B. ENDICOTT, Villa Ridge  
R. S. MCCORMICK, Gibson City  
ROYAL OAKES, Bluffs  
CARL E. SWENSON, Rockford

*Agronomy (Farm Crops)*

EUGENE FUNK, Bloomington  
 \*LAWRENCE L. LOWE, Aroma Park  
 C. B. SHUMAN, Sullivan

*Agronomy (Soils)*

ROY BURRUS, Arenzville  
 W. W. McLAUGHLIN, Decatur  
 W. E. RIEGEL, Tolono

*Animal Husbandry*

LYMAN BUNTING, Ellery  
 J. W. FRAZIER, Charleston  
 J. R. FULKERSON, Jerseyville  
 ARLEY HOHENBOKEN, Geneseo  
 L. E. MATHERS, Mason City

*Animal Pathology and Hygiene*

C. E. DILLE, Cairo  
 L. J. DRAKE, Chicago  
 JOHN F. HARMON, Lebanon  
 E. A. JENKINS, Shelbyville  
 C. VANDERWARF, Chicago Heights

*Dairy Husbandry*

\*F. H. KULLMAN, JR., Chicago  
 ALBERT C. KOLMER, Waterloo  
 \*W. J. SAWYER, Chicago  
 CHARLES H. SNOW, Bloomington  
 HARRY M. WOOD, Delavan

*Floriculture*

\*RUDOLPH ELLSWORTH, Downers  
 Grove  
 WILLIAM G. LOVERIDGE, Peoria  
 JAMES SYKORA, Chicago  
 P. A. WASHBURN, Bloomington  
 \*WILLIAM J. WERSTLER, Champaign

*Forestry*

L. A. ABBOTT, Morrison  
 MRS. C. P. MILLER, Oregon  
 RICHMOND ROBISON, Delavan

*Horticulture*

\*LEROY FOURNIE, Collinsville  
 LEO J. HAGEMANN, Peoria  
 \*VILAS HENSEL, Princeton  
 DAVID B. PERRINE, Centralia  
 PAUL RINGHAUSEN, Hamburg

*General Committee*

E. D. LAWRENCE, Agricultural  
 Economics  
 R. S. McCORMICK, Agricultural  
 Engineering  
 W. E. RIEGEL, Agronomy  
 J. R. FULKERSON, Animal  
 Husbandry  
 L. J. DRAKE, Animal Pathology  
 and Hygiene  
 HARRY M. WOOD, Dairy Husbandry  
 JAMES SYKORA, Floriculture  
 L. A. ABBOTT, Forestry

On motion of Mr. Nickell, these committees were appointed as recommended.

**REVISED CURRICULUM IN MINING ENGINEERING**

(4) For several years the Department of Mining Engineering has offered four options in its curriculum. But the student enrollment has been small, most students have gone into coal mining, and there seems to be little justification for so wide a dispersion.

Accordingly the Department, with the approval of the College of Engineering, has proposed to reduce its four options to a single integrated curriculum, which will be aimed especially at coal mining but which will also give adequate preparation for metal mining. In support of this adjustment, the courses in Mining Engineering have been largely revised and renumbered. The proposed curriculum follows:

**First Year**

The common program of all engineering freshmen.

**Second Year**

FIRST SEMESTER	HOURS	SECOND SEMESTER	HOURS
Geol. 43—Engineering Geology . . .	3	Geol. 20—General Mineralogy . . .	3
Math. 7—Calculus . . . . .	5	Math. 9—Calculus . . . . .	3
Min. 1—Elements of Mining . . . .	4	Min. 2—Mining Methods . . . . .	4
Phys. 1a—General Physics . . . . .	4	Phys. 1b—General Physics . . . . .	4
Phys. 3a—Physics Lab. . . . .	1	Phys. 3b—Physics Lab. . . . .	1
Physical Education . . . . .	½	T.A.M. 1—Analytical Mechanics (Statics) . . . . .	2
Military Science . . . . .	1	Physical Education . . . . .	½
		Military Science . . . . .	1
<i>Total</i> . . . . .	18½	<i>Total</i> . . . . .	18½

**Third Year**

FIRST SEMESTER	HOURS	SECOND SEMESTER	HOURS
C.E. 15—General Surveying.....	3	Econ. 41—Introduction to Labor Problems; <i>or</i> Econ. 43—Personnel Admin.; <i>or</i> Advanced Military.....	3
Econ. 2—Elements of Econ.; <i>or</i> Advanced Military.....	3	Geology Elective.....	2 or 3
Min. 10—Haulage, Hoisting, and Drainage.....	4	M.E. 62—Mech. Eng. Lab.....	3
T.A.M. 2—Analytical Mechanics (Dynamics).....	3	Min. 11—Mine Ventilation.....	2
T.A.M. 4—Hydraulics.....	2	Min. 12—Mine Surveying.....	2
T.A.M. 64—Hydraulics Lab.....	1	T.A.M. 3—Resistance of Materials	3
		T.A.M. 63—Resistance of Materials Lab.....	1
<i>Total</i> .....	16	<i>Total</i> .....	16 or 17

**SUMMER***First Week*

Mining 61—First Aid and Mine Rescue..... 1 hour

*Second and Third Weeks*

Mining 62—Summer Mine Surveying..... 2 hours

**Fourth Year**

FIRST SEMESTER	HOURS	SECOND SEMESTER	HOURS
C.E. 89—Structural Engineering; <i>or</i> M.E. 87—Machine Tool Lab.	3	E.E. 12—Direct and Alternating Current Apparatus.....	3
E.E. 11—Direct and Alternating Current Circuits.....	3	E.E. 62—Direct and Alternating Current Lab.....	1
E.E. 61—Direct and Alternating Current Lab.....	1	Met. 1—Elements of Metallurgy..	3
Min. 20—Mine Administration...	3	Min. 23—Examination and Valuation.....	2
Min. 21—Mineral Dressing.....	3	Min. 24—Mine Design.....	3
Min. 22—Fuels.....	3	Min. 25—Coal Preparation.....	2
Min. 99—Inspection Trip.....	0	Approved Elective.....	3 or 4
<i>Total</i> .....	16	<i>Total</i> .....	17 or 18
<i>Total—142-145 hours (plus 4 hours junior-senior P.E.).</i>			

*Note:* Mining 2 is equivalent to old Mining 4; Mining 10 to Mining 6; Mining 11 to Mining 15 and 20; Mining 12 to Mining 62; Mining 20 to Mining 8; Mining 21 to Mining 9; Mining 23 to Mining 21; Mining 24 to Mining 42; Mining 25 to Mining 64; Mining 22 is new. Mining 61 and 62 are also new. Mining 61 (First Aid) will require 48 clock hours and will be taught by specialists employed by the State Department of Mines and Minerals at its Springfield Mine Rescue Station. Mining 62 (Surveying) will require about eight days of actual surveying under ground; the rest of the time will be spent in preparing notes and maps. It will be taught by someone on our own staff.

The University Senate recommends approval of this combined curriculum, and I concur.

On motion of Mr. Nickell, this curriculum was approved as recommended.

**OCCUPATIONAL THERAPY CURRICULUM FEES**

(5) The Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy and the Committee on Fees and Scholarships recommend that the following fees be established for that part of the curriculum in Occupational Therapy given in the College of Medicine.

	<i>Residents</i>	<i>Non-Residents</i>
Tuition.....	\$27	\$54
Laboratory and building service fee.....	18	22
<i>Total, per quarter</i> .....	<u>\$45</u>	<u>\$76</u>

I concur in this recommendation.

On motion of Mrs. Grigsby, these fees were approved as recommended.

#### LEAVES OF ABSENCE

(6) A recommendation that the following leaves of absence be granted members of the staff in accordance with the regulations of the University governing such leaves and for the reason indicated in each case:

ROBERT FRANCIS SEYBOLT, Professor of History of Education, sick leave with full pay for the period September 1, 1943, to March 1, 1944. The College of Education will provide for his instructional services without additional expense to the University.

OSCAR ADOLPH LEUTWILER, Professor of Mechanical Engineering Design and Head of the Department of Mechanical Engineering, sick leave from October 11, 1943, through January 31, 1944, with full pay. The Department will carry on his work during his absence without additional expense to the University.

WALTER JOHN RICHARD CAMP, Professor of Pharmacology, sick leave with full pay from December 1, 1943, through March 31, 1944, in accordance with the rules of the Board covering such leaves. The Department, with the help of the College of Pharmacy, will carry on his work without additional expense to the University.

MRS. BEATRICE CURRIER SIEMON, Senior Medical Technologist in the Hospital Laboratory, leave without pay for the period March 1, 1943, through May 31, 1943, in order to regain her health subsequent to several recent periods of illness. (This leave was recommended to the Comptroller's Office by the Dean of the College of Medicine prior to March 1, when it became effective, and was approved, but it has not previously been reported to the Board for record.)

MRS. MILDRED BOOTZ BATTISTE, Assistant Office Appliance Operator in the Department of Agricultural Economics, leave without pay for the period October 1 through November 30, 1943. During this period she will be employed by Dr. R. W. Bartlett (who is also on leave without pay) on the Bartlett Foundation Study.

MARY ABEGAIL MANN, Senior Library Assistant in the University Library, sick leave with pay from July 9 through November 4, 1943, and without pay from November 5 through December 31, 1943.

MARIE BIGOS, Assistant Clerk in the Chicago Physical Plant Department, sick leave without pay from October 13 through December 31, 1943, this being in addition to vacation and sick leave with pay already taken under University regulations.

J. E. BARNES, Farm Laborer in the Dairy Husbandry Department, disability leave with pay from July 31 through October 15, 1943.

MRS. ELLEN E. FINNIGAN, Supervising Nurse in the Research and Educational Hospitals, sick leave without pay from July 12 through August 31, 1943, this being in addition to vacation and sick leave with pay already taken under University regulations.

MOLLIE HALL, Staff Nurse in the Research and Educational Hospitals, disability leave without pay from July 8 through December 31, 1943, this being in addition to vacation and sick leave with pay already taken under University regulations.

EVERETT GILLHAM YOUNG, Professor of Railway Mechanical Engineering, sick leave from November 3, 1943, to February 1, 1944, with pay, less any expenses resulting from the employment of a substitute.

BESSIE EUNICE PACKARD, Senior Clerk-Stenographer in the Department of Home Economics, sick leave with pay, March 13 to September 1, 1943, and without pay from September 1, 1943, to September 1, 1944. Under the rules of the Board, Miss Packard is entitled to the leave with pay indicated because of the length of her service. (She has been employed by the University since December 1, 1906.) She will also receive disability benefits from the University Retirement System during the period of her leave of absence without pay.

In the following cases the individuals are eligible for disability benefits

payable by the University Retirement System, so that the sick leave in each case is without pay:

MRS. HELEN S. MCFARLAND, Junior Stenographer in the Library, December 1, 1942, to September 1, 1944.

LEONARD HAMMEL, Janitor in the Physical Plant Department, March 1 through April 14, 1943.

PETER HANSEN, Farm Laborer in the Department of Horticulture, March 20, 1943, through August 31, 1944.

DOROTHY ANN CROMLEY, Junior Clerk-Stenographer in the Division of Physically Handicapped Children, July 19, 1942, through September 2, 1942.

WILHELMINA MURPHY, Assistant Dietitian in the Research and Educational Dietary Department, November 11 through December 31, 1943.

EDITH G. DIENER, Assistant Cook, September 1, 1942, to April 6, 1944.

SHIRLEY AMORT, Junior Clerk-Stenographer in the Research and Educational Hospital, July 20 to August 31, 1943, for treatment for injury.

JAMES L. QUICK, Water Station Operator, June 13, 1943, to September 1, 1944.

J. E. BARNES, Laborer in the Dairy Husbandry Department, October 16 through November 21, 1943.

*Leaves of Absence for Military and Other War Service*

(The leave in each case is without pay.)

FREDERICK EMERSON SLOAN, Junior Architectural Draftsman in the Chicago Physical Plant Department, December 26, 1942, through August 31, 1943, and for one year from September 1, 1943. (Marines)

GEORGE GILBERT DAVIS, Associate Professor of Surgery (Rush), for one year from September 1, 1943. (Government Service)

FREDERICK STANLEY RODKEY, Professor of History, indefinite, from September 1, 1943. (Army)

WARREN WILLIAM JOHNSTON, Assistant Laboratory Attendant, Department of Electrical Engineering, October 15, 1943, through August 31, 1944. (Army)

WALTER EDMUND HANSON, Instructor in General Engineering Drawing, October 16, 1943, through August 31, 1944. (Navy)

CHARLES E. FREDERICKS, Groundsman in the Physical Plant Department, November 6, 1943, through August 31, 1944. (Army)

JOHN WESLEY FOSTER, Assistant in Medicine (Rush), November 20, 1943, through August 31, 1944. (Army Medical Corps)

WENDELL EARL MILLER, Instructor in Electrical Engineering, December 1, 1943, through August 31, 1944. (Naval Reserve)

HERBERT PENZL, Assistant Professor of German, December 8, 1943, through August 31, 1944. (Army)

SAMUEL IRWIN DITKOWSKY, Instructor in Medicine, December 1, 1943, through August 31, 1944. (Navy)

HERBERT JOSEPH REICH, Professor of Electrical Engineering, January 1 through August 31, 1944. (Government Service)

CASSEL G. PAYNE, Janitor in the Physical Plant Department, December 15, 1943, through August 31, 1944. (Army)

NORVAL DOUGLAS HODGES, Administrative Assistant, Bursar's Division, January 1 through August 31, 1944. (Navy)

OLIVER FREDERICK GAEBE, Associate, Extension Service, College of Agriculture, January 7 through August 31, 1944. (Army)

On motion of Mr. Jensen, these leaves were granted as recommended.

**LEAVE OF ABSENCE FOR MRS. THELMA C. BRUMWELL**

(7) At the meeting of the Board of Trustees on May 24, 1943, the acceptance of the resignation of Mrs. Thelma C. Brumwell, Dispensary Nurse, was approved. The Comptroller reports that Mrs. Brumwell is entitled to disability benefits under the University Retirement System, and should not have submitted a resignation but should have requested a leave of absence in order to receive such benefits.

He recommends that the acceptance of Mrs. Brumwell's resignation be rescinded and that she be given a leave of absence without pay for the period of April 6, 1943, through April 5, 1944, because of illness. Mrs. Brumwell was employed by the University from May 15, 1936, to September 15, 1936, and since April 26, 1937.

I concur.

On motion of Mr. Nickell, the acceptance of this resignation was rescinded and leave of absence was granted as recommended.

#### PERMANENT DISABILITY OF ELSWORTH PARIS

(8) The Committee on Accident Compensation for Employees submits a report in the case of Elsworth Paris, formerly employed as a pin setter in the Illini Union Building Bowling Alleys. The Committee recommends an award of \$1,332.99 for the complete and permanent loss of the use of an eye as provided in the Workmen's Compensation Act, in addition to expenses of temporary disability and medical service already paid amounting to \$557.18. The expenses already paid have been covered out of Union Building funds. These funds are not adequate to cover the outlay for permanent disability, and the Comptroller recommends an appropriation for this purpose from the Illini Union Building Bowling Alley Account.

I concur in these recommendations.

On motion of Mr. Fornof, the Comptroller was authorized to make payment as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

#### MEDICAL HISTORY FUND

(9) A committee of the College of Medicine staff has raised a fund, which now totals \$9,450, to endow a lectureship on Medical History in the name of Dr. D. J. Davis, Professor of Pathology and Dean of the College of Medicine, *Emeritus*. This fund is presented to the University for the following purposes and under the conditions indicated:

1. The fund shall be known as the Medical History Fund of the College of Medicine.

2. The income of this fund shall be used to endow lectures on Medical History to be given at the College of Medicine under the name of "The D. J. Davis Lectures."

3. The fund shall be kept open as the nucleus of any broader project of which the lectureship is the first expression, and may be augmented by additional gifts.

4. The fund shall be invested by the University in appropriate securities, and only the income shall be used to pay the honoraria of lecturers and other expenses incidental to the lectureship.

5. The lectureship shall be administered by a committee to be appointed by the Dean of the College of Medicine.

On behalf of the Board of Trustees I have accepted this fund for the University and have authorized the Comptroller to receive it for the purposes indicated. A letter of appreciation on behalf of the Board of Trustees and the President of the University has been sent to each member of the committee which raised this fund.

On motion of Mr. Nickell, the action of the President of the University accepting this fund was approved and confirmed.

#### APPROPRIATION FOR GRADUATE SCHOLARSHIPS AND FELLOWSHIPS

(10) The Dean of the Graduate School requests an appropriation of \$40,000 from funds of 1944-1945 for graduate scholarships and fellowships for that year. It has been customary in past years to make provision for this item in advance

of the approval of the internal budget for the year to which it relates. Appointments to graduate scholarships and fellowships in colleges and universities of the United States are made in the late winter and early spring, and it is necessary for the Graduate School to know what funds can be expended so as to make selections and recommend appointments of suitable candidates.

The amount proposed is the same as for the current year.

The Dean also recommends retention of the service requirement in appointments to scholarships and fellowships. This will mean that on recommendation of the department and approval of the Graduate School and with concurrent agreement by the scholar or fellow in question he may be called on for instructional or other service not to exceed one-quarter time in amount without any addition to his stipend.

I concur in these recommendations and request an appropriation of \$40,000 from funds of 1944-1945, provided that if the prospective graduate enrollment and the number of applications for scholarships and fellowships do not warrant this amount the appropriation will be reduced and the unused balance will lapse into the General Reserve.

On motion of Mr. Jensen, this appropriation was made as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

#### TENTATIVE DISTRIBUTION OF AIRPORT IMPROVEMENTS APPROPRIATION

(11) The Director of the Physical Plant and the Comptroller submit the following proposed tentative distribution of the special state appropriation of \$500,000 for Airport improvements:

Administration Building.....	\$165 000
Hangars .....	250 000
General field expense.....	12 000
Water system.....	10 000
Farm buildings.....	4 000
Miscellaneous expense.....	1 000
<i>Total requests.....</i>	<u>\$442 000</u>
Unassigned .....	58 000
<i>Total appropriation.....</i>	<u>\$500 000</u>

A preliminary assignment of \$20,000 for engineering and architectural expense, approved by the Board October 29, 1943, has been redistributed among the above items.

The Board has already appropriated the full appropriation subject to approval of contracts as major purchase orders, and the foregoing schedule is submitted for record and information as a working guide, and is subject to reconsideration based on conferences now in progress.

On motion of Mr. McKelvey, this assignment of funds was approved as recommended.

#### APPROPRIATION FOR ILLINI ROLL OF HONOR TABLET

(12) The Executive Director of the Alumni Association has suggested that there be installed in the Illini Union Building an "Illini Roll of Honor" board on which will be inscribed the names of the University alumni who have given their lives in the service of their country during the war. The construction and installation of such a board will cost approximately \$500. I recommend that an appropriation of \$500 or so much thereof as may be necessary be made from the General Reserve fund for this purpose.

On motion of Mr. Nickell, this appropriation was made as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

**SPECIAL APPROPRIATIONS FOR NON-RECURRING EXPENDITURES**

(13) In accordance with recommendations from the Committee on Special Appropriations and Non-Recurring Expenditures, I recommend appropriations from the General Reserve Fund for the following purposes:

Equipment for Sanitary Engineering Laboratory.....	\$2 500
Remodeling in Health Service Building.....	2 300
Shelving in Music Library in Smith Memorial Hall.....	1 500
Remodeling in New Agriculture Building to provide storage space...	1 200
<i>Total</i> .....	\$7 500

Reports from the Committee on Special Appropriations and Non-Recurring Expenditures explaining the need for each item are attached.

For the reasons indicated in the Committee's report the remodeling of the Health Service Building is an emergency item, and to save time the Comptroller has been authorized to execute a contract with Corkery & Siems in the amount of \$1,808, which was the lowest bid submitted, for the general work.

On motion of Mr. Fornof, these appropriations were made as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

**APPROPRIATION FOR DEPARTMENT OF HORTICULTURE**

(14) The Dean of the College of Agriculture requests an appropriation of \$1,300 from accumulated surplus receipts in the Department of Horticulture (present balance \$15,886) for the purchase of an additional orchard sprayer which is greatly needed by that department, to replace an old sprayer. The present sprayer has been in use since 1938 and is smaller than is needed. A sprayer of satisfactory size is offered by the John Bean Manufacturing Company at a net cost of approximately \$1,300 after allowing \$449 for the old sprayer. Only three of these machines are available for distribution in Illinois and one is being held for the University.

I recommend an appropriation as requested and approval of the purchase as described.

On motion of Mrs. Grigsby, this appropriation was made as requested, and the purchase authorized, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

**ADJUSTMENT IN URBANA COAL CONTRACT**

(15) On August 31, 1943 (Minutes, page 515), the Board authorized a contract with the Globe Coal Company for 160 cars of 2" screenings at a price of \$2.00, f.o.b. mine, to be delivered by November 1. This contract was concluded and 34 cars were delivered. It was not possible to accept delivery of the remainder because, soon after the contract was completed, heating was discovered in stored coal on hand, making it necessary to burn some of the latter. Coal purchased from the Globe Coal Company was not suitable for storage, so it was not possible to make delivery of the quantity specified in the contract within the specified time.

Since the time for delivery expired, a new miners' wage scale has been put into effect which has increased costs of production. A new price schedule has not yet been issued, but the Company was willing to proceed with the delivery of the remaining 126 cars on the contract at a price of \$2.20 a ton, f.o.b. mine (delivered price approximately \$3.00 a ton) during the period ending January 15, 1944. These deliveries would meet our plant requirements during that period. Other possible sources of coal have been contacted, but no other offers have been received to date.

In view of the emergency, the Comptroller authorized this adjustment in

the original contract, subject to the approval of the Board. Confirmation of his action is recommended.

On motion of Mr. Jensen, the action of the Comptroller in making this adjustment was approved and confirmed.

#### PURCHASES RECOMMENDED

(16) The Comptroller recommends that the following purchases, submitted by the Purchasing Agent, be authorized:

1. Dental burs, 47 items, for the Chicago Student Supply Store, from L. D. Caulk & Co., the lowest bidder, at a price of \$2,745.80. These items represent instruments required for student course outfits in the College of Dentistry. They are to be issued to A.S.T.P., N.C.T.P., and civilian students. They have been approved by staff members.

2. 200 dozen #308 Cannon, side hemmed, bath towels, size 20" x 40", name woven in orange "U of I—PE—44," from Carson, Pirie, Scott, and Co., for the Physical Education for Men (Chicago) Department, at a price of \$1,040. The Physical Education Department desires to use the same towel in Chicago as is used in Urbana. This recommendation is made at their request. Negotiations were conducted by the Purchasing Agent at Urbana. The price is based on quotations obtained and approved for purchases by the Comptroller on November 8, 1943. (See item No. 2 of report of Purchases Authorized as emergencies, page 809.)

3. A collection of 19 books belonging to the renaissance era in England, for the University Library, from Scribner Book Co., at their price of \$3,998.75. The Board is requested to approve this purchase, \$2,000 of which will be expended from Graduate Research Funds and \$1,998.75 from General Library Additions. These titles would constitute a notable addition to the important collection we already possess and would be of immediate practical value for research in progress. The principal item in the list is the remarkable copy of *England's Helicon*, a book almost unknown to the book markets. There are nine known copies and all but this copy are in great research libraries. It was once offered in a dealer's catalog at \$7,500. Scribner had priced it at \$3,750 but is now offering it to us at \$2,900. This copy is in very good condition, is one of the best in existence if not the best. Because of the widespread destruction of book stocks in Britain and Europe there is not likely to be a later opportunity to purchase these titles. Book prices have risen sharply in recent months. This lot is offered at prewar prices. Scribner Book Co. was asked to submit quotations with discounts on list of books selected from their catalogue on English books prior to 1700. Books were sent on approval, inspected and collated. A 25% discount is allowed on the 18 titles if all are kept.

4. 70— $\frac{1}{8}$  h.p. Baldor dental lathes with chucks, for the Chicago Student Supply Store, from the Central Dental Manufacturing Co., Louisville, Kentucky (dealer for Baldor Electric Co.), the lowest bidder, at a total cost of \$1,995, f.o.b. factory. These motors represent standard student equipment for student course outfits in the College of Dentistry. The units specified have been approved by the teaching staff, and the prices quoted are in line with those paid previously for the same motors. No other manufacturer can supply equipment which will fulfill the requirements.

5. 69 Ivorine Dentoforms, for the Chicago Student Supply Store, from Columbia Dentoform Corporation, at a total cost of \$1,587. This is the only firm which is able to meet our specifications. This is a noncompetitive item and available only on direct negotiation with the manufacturer. This is standard equipment and has been used continuously for the past ten years by the College of Dentistry.

I concur.

On motion of Mr. Jensen, these purchases were authorized.

## PURCHASES AUTHORIZED

(17) A report of the following purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency actions:

1. Pure dodecyl (lauryl) bromide, 50 pounds, for use in the rubber research being carried on in cooperation with the War Production Board, from Research Chemicals, at their price of \$1,250, f.o.b. Columbia, South Carolina. (The order was placed November 5, 1943; emergency action was necessary since the earliest possible delivery was required.)

2. Name woven ribbed bath towels, 300 dozen, for the Department of Physical Education for Men, from Carson, Pirie, Scott, and Company, the lowest bidder, at their price of \$1,560. (The order was placed November 8, 1943; emergency action was necessary as the quotation was subject to immediate acceptance.)

3. One electrically heated furnace, 20" x 34" x 13", complete with controls and panel board, requested by the Ceramic Engineering Department, from the Hoskins Manufacturing Company, the lowest bidder, at their price of \$1,751.40. (The order was placed November 9, 1943; emergency action was necessary since the earliest possible delivery was required.)

4. Paper supplies for Agricultural Extension Service and Home Economics Department, from Dwight Bros. Paper Company at their price of 55 cents a ream plus two per cent O.E., at a total cost of \$2,261.95, as follows:

1,502 reams 8½ x 11 20#	Blue Areal bond
87 reams 8½ x 11 20#	Buff Areal bond
1,921 reams 8½ x 11 20#	Canary Areal bond
372 reams 8½ x 11 20#	Goldenrod Areal bond
150 reams 8½ x 11 20#	Pink Areal bond

This ream price is based on the published ton lot price of 10½¢ a lb. for this grade of paper plus ½¢ a lb. for cutting and wrapping. This is a #4 grade sulphite bond, to be used for mimeographing. Samples of this paper have been submitted and found to be well adapted for mimeographing. About September 1, 1943, a W.P.B. order stopped the manufacture of this grade of paper in weights heavier than 16# substance. As the 20# paper in colors is used extensively for this work, we were requested to obtain a supply before it was entirely off the market. Several jobbers were contacted through their representatives and this is the only offer received. (Order placed November 18, 1943; emergency action necessary because the stock was placed on reserve pending early receipt of this order. There is a great demand for this type of paper since its manufacture was discontinued.)

5. 1401.78 bu. yellow ear corn as follows:

260.43 bu.—25.6% moisture @ \$0.86	.....\$223.97
227.93 bu.—23.4% moisture @ .885	..... 201.72
548.78 bu.—20.8% moisture @ .91	..... 499.39
364.64 bu.—21.4% moisture @ .905	..... 330.00

from Mr. H. H. Marshall, R.R. 2, Champaign, Illinois, at a price of \$1,255.08.

6. 1535.92 bu. yellow ear corn as follows:

260.43 bu.—25.6% moisture @ \$0.86	.....\$223.97
227.93 bu.—23.4% moisture @ .885	..... 201.72
548.78 bu.—20.8% moisture @ .91	..... 499.39
498.78 bu.—21.4% moisture @ .905	..... 451.40

from Mr. George Livingston, 105 East Delaware Place, Chicago, at a price of \$1,376.48.

This corn is for the Animal Husbandry Department Feed Storage. The orders in items 5 and 6 were divided between the tenant and owner of the farm from which the corn was purchased. It was impossible to secure competitive bids because of the shortage of corn, but the above prices are below existing ceiling prices. Emergency action was necessary as the corn was offered for immediate purchase. (These orders were placed December 7, 1943; emergency action was necessary in order to secure this corn.)

7. Acids for the Chemistry Department, from Merck and Company, Rahway, New Jersey, at their price of \$3,162, as follows: 2,500 gms. dl-isoleucine; 2,000 gms. dl-threonine; 4,000 gms. dl-valine. These acids are available only at Merck and Company in the quantities required. The cost of this purchase is to be charged as follows: Chemistry, \$1,917.60; Graduate School Research (W. C. Rose), \$1,244.40; total, \$3,162.00. Because this material is needed at once the purchase was authorized on December 16 by the Comptroller as an emergency item.

On motion of Mr. Nickell, this report was received for record and the action of the Comptroller in authorizing the purchases was approved and confirmed.

**CONTRACTS EXECUTED BY THE COMPTROLLER  
OCTOBER 24 TO DECEMBER 13, 1943**

(18) The Comptroller's report of contracts.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
Veteran's Administration	Agreement for vocational rehabilitation training for disabled veterans	Charges for each course set forth in contract	November 1, 1943
Wilson and Company	Investigation of the use of pure food gelatine in the manufacture of dairy products	\$1 000	November 5, 1943
<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
S. Allan Baird	Services as consulting engineer for the Band Building	\$ 800	November 18, 1943
E. N. De Atley	Contract for construction under confidential contract	1 658	October 5, 1943
Illinois Iowa Power Company	Contract for gas service for cooking equipment in the Ice Rink	Rates set forth in contract	October 1, 1943
R. Sanders and Lewis Mayol	Agreement for digging a pond in Trelease Woods	750	November 9, 1943
Sinnissippi Farms, Inc.	Mutual agreement for organization and operation of sustained yield forestry enterprise	Share in costs of operation	September 22, 1943

Leases executed under general regulations of the Board of Trustees:

<i>With Whom</i>	<i>Property</i>	<i>Amount to be received by the University</i>	<i>Date</i>
Delta Chapter of Phi Kappa Psi	Lease of property at 1002 S. Lincoln and certain equipment therein	\$83.33 for November, \$100 a month thereafter; \$20 a month for equipment	November 6, 1943
Ralph A. Bachert	Lease of land known as the Kimmel farm	Share in proceeds of farm	November 15, 1943
United States Navy Department	Lease of Recordak Model C reader	\$1	September 23, 1943

This report was received for record.

**ILLINOIS ORCHARD COMPANY BONDS**

(19) On November 19, 1932 (Minutes, page 146), the Board authorized, for the purpose of foreclosure, the deposit with a trustee of \$2,500, par, first 7% bonds of the Illinois Orchard Company. Mr. Newton M. Harris was named trustee. He now reports that he has disposed of all property covered by this bond issue, including oil and mineral rights, and that the proceeds are sufficient to pay expenses of the trust and to pay all bonds in full. A remittance has been received by the Comptroller to cover the University's holdings, thus closing the transaction.

This report was received for record.

**INSULATION OF ATTICS**

(20) The Physical Plant Department recently took bids to utilize the balance of the special appropriation made by the Board on March 20, 1943 (Minutes,

page 310), for insulation of attics. The Home Insulation Company was the only firm to submit a bid. However, the Department has checked the bid received and believes it acceptable.

Accordingly, the Comptroller recommends award of a contract to the Home Insulation Company for the following work:

1. Insulation of High School Gymnasium.....	\$1 198 08
2. Insulation of Ceramics Building.....	779 00
3. Insulation over the toilet and locker room of the North Garage .....	320 00
<i>Total</i> .....	\$2 297 08

All the above is attic or top story insulation for the primary purpose of reducing heat losses.

On motion of Mrs. Grigsby, this contract was awarded as recommended.

#### RESOLUTION FOR OPERATION OF AIRPORT

(21) A recommendation that the following resolution, prepared by Chapman and Cutler, relative to the operation and maintenance of the University of Illinois Airport, be adopted.

Mr. Watts commented on the provisions of the resolution.

On motion of Mr. McKelvey, the resolution as printed below was adopted,<sup>1</sup> by the following vote of record: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

#### RESOLUTION

##### CONSTITUTING AGREEMENT WITH UNITED STATES RELATIVE TO OPERATION AND MAINTENANCE OF THE UNIVERSITY OF ILLINOIS AIRPORT

*Whereas* the Administrator of Civil Aeronautics of the United States Department of Commerce (hereinafter referred to as the "Administrator"), with the approval of a Board composed of the Secretary of War, the Secretary of the Navy, and the Secretary of Commerce, has designated as necessary for national defense a project (herein called the "Project") for the development of the University of Illinois Airport (herein called the "Airport"), which project is identified as 904-11-17.

Without limiting the generality of the term "project," the term "project" as used in this resolution contemplates in addition to other improvements that may hereafter be authorized by the Administrator and the University of Illinois (herein called the "University"), the following development by the United States: Clear, grub, drain, seed and fence landing area; pave N/E, S/W, N/W, S/E and N/S runways 150' x 5300' each; construct necessary 50' taxiways and grade 1000' safety area at each end of each runway and construct apron; and

*Whereas* as a condition precedent to release and operation of the project, the Administrator requires that the University have certain property interests in the landing area of the Airport and the lands to be improved under the project and enter into an agreement with the United States (herein called the "Government") in the manner and form hereof; and

*Whereas* the University is legally, financially and otherwise able to enter into such an agreement and desires to avail itself of the benefits of prosecution of the project;

*Now, Therefore,* Be It Resolved by the Board of Trustees of the University of Illinois:

*Section 1.* That for and in consideration of the development of the Airport by the Government, as contemplated by the project, the University does hereby covenant and agree with the Government as follows, this agreement to become effective upon the award of any construction contract for any portion of the

<sup>1</sup>The action of the Board in adopting this resolution was annulled, and an amended resolution was adopted January 26, 1944 (Minutes, page 846).

project or the inauguration of any portion of the project under force account, and to continue in full force and effect during the useful life of the improvements made under the project;

(a) The Government shall have the right to determine the exact nature of the improvements to be made under the project, the manner in which the project is to be conducted, the amount of the Federal funds to be expended, and all other matters relating to the construction of the project. The University will cooperate with the Government to ensure prosecution of the project without interference or hindrance, and agrees to permit the agents and employees of the Government and all persons authorized by the Administrator to enter upon, use, and occupy the property to be developed, as the Administrator may deem necessary or desirable in connection with the conduct of the project.

(b) The University agrees to indemnify and save harmless the Government against and from any and all claims and damages which may arise from or in connection with the carrying out of the project, excepting claims for injuries or death to persons resulting from willful or negligent acts or omissions of the Government or any of its officers, employees, agents, or agencies, all other claims sounding in tort, and claims for materials furnished or work performed pursuant to authority given by officers, employees, or agents of the Government.

(c) It is understood and agreed that all improvements made under the project shall be the sole and absolute property of the University except where specifically agreed otherwise, in writing, prior to the undertaking of the improvement or installation in question.

(d) The University agrees that, continuously during the term of this agreement, the Airport will be operated as such, and for no other purpose, and that unless utilized exclusively for military purposes, it will at all times be operated for the use and benefit of the public, on reasonable terms and without unjust discrimination, and without grant or exercise of any exclusive right for use of the Airport within the meaning of Section 303 of the Civil Aeronautics Act of 1938.

Without limiting the generality of the phrase "use and benefit of the public," it shall be deemed to include whatever use the University shall make of the project in connection with the development and execution of its civil and military research and educational programs, whether at Champaign-Urbana or in collaboration with its laboratories in Chicago; and such use by the University shall, in the discretion of the Board of Trustees of the University and the Administrator, have first preference over any other use, except such as the United States may require in time of emergency or otherwise.

(e) The University agrees that it will at all times during the term of this agreement maintain in good and serviceable condition and repair the entire landing area of the Airport and all improvements, facilities and equipment which have been or may be made, constructed, or installed with Federal aid, including all improvements made under the project, other than facilities and equipment owned by the Government; provided, that during any period the said landing area or airport improvements, facilities or equipment are leased by or licensed to the Government for military purposes, the University shall be obligated to bear only that proportion of the expense of maintenance of the landing area or airport improvements, facilities, or equipment so leased or licensed, which their non-military use bears to their total use.

(f) In so far as is within its legal powers and reasonably possible, the University will prevent any use of land either within or outside the boundaries of the Airport, including the construction, erection, alteration or growth, of any structure or other object thereon, which would be a hazard to the landing, taking-off, or maneuvering of aircraft, at the Airport, or otherwise limit its usefulness as an Airport.

(g) In order to protect the rights and interests of the Government under this resolution, the University agrees that it will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction

the obligation to perform all such covenants is assumed by another public agency or unless such transaction be approved by the Administrator. The University of Illinois further agrees that it will not execute any deed, lease, operation or management agreement, or other instrument affecting the airport or any portion or facility thereof or interest therein, even though the other party to the transaction is the Government acting through the War Department or Navy Department, unless thirty days' notice of its intention so to do has been given to the Administrator, or unless the Administrator has waived the right to such notice. A copy of the proposed instrument in question shall be attached to said notice, which shall state the date upon which the same is to be executed.

(h) The University agrees that if requested to do so by the War Department or Navy Department, at any time during a national emergency declared by the President, it will lease the landing area of the Airport to the Government for military or naval use, at a nominal rental, for a term of one year, renewable annually at the option of the Government for such period as the Government may designate; provided, that the lease shall contain an express stipulation that its term shall not exceed the duration of the national emergency and six months thereafter unless an extension thereof is approved by the Administrator. Such lease shall also contain a covenant on the part of the Government to permit, by instruments in writing, use of the leased premises by commercial, private, and other non-military aircraft to the extent possible without interfering with military operations, and to bear all of the expense of maintaining and keeping in good repair the leased premises and all improvements and facilities thereon, other than that proportion of the cost of such maintenance for which the University assumes responsibility under Section 1(e) hereof. The University further agrees that during all times that the landing area of the Airport is not held by the Government under lease the Government shall have the right to use such area in common with others, without charge, to the extent possible without requiring limitation of non-military operations.

(i) The University has been requested to acquire certain parcels of land in addition to those already owned in fee simple and so certified in this resolution and the University agrees that in addition to the lands to which it has title in fee simple as described in subdivision (a) of Section 2 hereof, it will with all reasonable speed and dispatch acquire the following described lands, to wit:

The Southwest Quarter of the Northeast Quarter of Section 3;  
A rectangular tract of approximately one acre out of the Southeast Corner of the East Half of the Southeast Quarter of the Northwest Quarter of Section 10; and  
The Northwest Quarter of the Southeast Quarter of Section 10;  
All of the above being in Township 18 North, Range 8 East of the Third Principal Meridian.

The above described lands comprise a relatively small part of the total land necessary for this project and the University has been advised that the project may be started without these lands. The University is now in the process of acquiring said above described lands and said University will proceed as rapidly as possible with the acquisition thereof, to the end that they will be acquired at the earliest possible date, and that when the fee simple title to said lands has been acquired that this resolution will be modified to include the same, being all of the land necessary for the completion of the project.

*Section 2.* In order to satisfy the Government that the University is qualified to sponsor the project under the project eligibility requirements of the Civil Aeronautics Administration and to induce the Government to proceed with the project in accordance with the offer made by the University in Section 1 hereof, the University does hereby represent and warrant to the Government as follows:

(a) The University has title in fee simple to all lands comprising the landing area of the Airport and to all lands to be improved under the project, which

lands are shown on the sketch attached hereto as a part of Exhibit "A" except the following lands which the University has been requested to acquire, to wit:

The Southwest Quarter of the Northeast Quarter of Section 3;  
A rectangular tract of approximately one acre out of the Southeast Corner of the East Half of the Southeast Quarter of the Northwest Quarter of Section 10; and  
The Northwest Quarter of the Southeast Quarter of Section 10;  
all of the above being in Township 18 North, Range 8 East of the Third Principal Meridian.

and that said lands except the above described tracts are held by the University free from any lien, lease, easement, or other encumbrance, except the right of former owners and present tenants in possession to remain in possession until March 1, 1944 for removal of growing crops, fences and certain buildings or to occupy residences located thereon.

The above described lands which the University has been requested to acquire constitute a relatively small part of the total of the land necessary for the project and are now in the process of being acquired and the University has been advised that the project may be started without these lands.

(b) That the University has the power and authority to adopt this resolution through its Board of Trustees and to perform all of the covenants contained herein, subject only to such legislation as may hereafter be enacted by the General Assembly of the State of Illinois.

(c) That the University is financially and practically able to perform all of the covenants contained in this resolution.

(d) That there is no pending or threatened litigation or other legal proceeding, and no material and relevant fact, which might adversely affect the prosecution of the project, the operation of the Airport, or the performance of any of the covenants contained in Section 1 hereof, which has not been brought to the attention of the Administrator.

(e) That the Board of Trustees of the University is the proper body to adopt this resolution and has complied with all requirements of law in so doing.

(f) That such of the above representations and warranties as involve questions of law are made upon the advice of Chapman and Cutler, counsel of the University, whose certificate as to such matters has previously been delivered to the Board of Trustees and is annexed hereto and made a part hereof, as Exhibit "A."

*Section 3.* That Chapman and Cutler be and they are authorized and directed to furnish the Administrator copies of all documents representing or evidencing the encumbrances described in Section 2(a) hereof, together with such legal and factual information relative to the Airport, the project and this resolution as the Administrator may reasonably request.

*Section 4.* That five certified copies of this resolution be sent forthwith to the Administrator, through the Regional Manager of the Civil Aeronautics Administration, 608 South Dearborn Street, Chicago, Illinois.

*Section 5.* That this resolution shall be effective immediately.

I approve of the adoption of the foregoing resolution.

CHAPMAN AND CUTLER  
by AMOS H. WATTS

#### REPORT OF FINANCE COMMITTEE

Mr. McKelvey reported that on advice of the University's investment counsel, the First National Bank of Chicago, the Finance Committee approved the following securities as investments of surplus cash in student loan funds:

\$25 000 Union Pacific 1st 4's of 1947. Approximate market 108 $\frac{1}{4}$ . Yield 1.63.

\$25 000 Canadian Northern Railway Debentures, 6 $\frac{1}{2}$ 's of 1946. Approximate market 112 $\frac{1}{4}$ . Yield 1.88. (Unconditionally guaranteed as to principal and interest by the Dominion of Canada and payable in United States funds.)

On motion of Mr. McKelvey, this action was approved and confirmed.

**SALE OF ROSELAWN CEMETERY LOTS**

**SECRETARY'S REPORT OF CONTRACTS**

The Secretary presented also for record the following documents signed by the President and the Secretary of the Board and deposited with the Secretary since the last report.

1. Resolution authorizing and providing for the issue of \$109,000 Chicago Illini Union Building Revenue bonds for termination of existing trust with the University of Illinois Foundation.

2. Deposit Agreement relating to Chicago Illini Union Building 3 $\frac{3}{4}$ % Revenue bonds of 1943, with the First National Bank of Chicago, dated October 30, 1943.

3. Signed agreements to permit the University to enter and make surveys of land for the airport:

- |   |                                |
|---|--------------------------------|
| a. Walter Fisher                                    | f. George E. Hall              |
| b. Louis Roy Stout, Zelma Z. Stout, and Lyle Fisher | g. John T. Maxwell             |
| c. A. F. Koss and Willard Koss                      | h. C. E. Ross and Willard Koss |
| d. John B. Burt and E. S. Bell                      | i. Thomas McMahon              |
| e. Clifford R. Hall                                 | j. H. C. Howard                |

4. Agreements to sell land for the airport:

- Louis Roy Stout and Zelma Z. Stout
- Eliza J. Hall, Dr. Clair B. Hall, Clifford R. Hall, and Eulalia H. Vinson
- Thomas McMahon and Mary A. McMahon
- Agnes S. Troutman, A. Russell Troutman, and Mae Troutman

**DEGREES CONFERRED IN CHICAGO**

The Secretary presented also for record the following list of degrees conferred in December, 1943, in Chicago. Two Doctor of Medicine degrees conferred June 30, 1943, and not previously reported, are also included.

**Summary**

College of Dentistry:	
Bachelor of Science in Dentistry.....	8
College of Medicine:	
Bachelor of Science in Medicine.....	11
Doctor of Medicine.....	161
<i>Total, College of Medicine.....</i>	<i>172</i>
Graduate School—Chicago Departments:	
Doctor of Philosophy.....	1
Master of Science.....	2
<i>Total, Graduate School.....</i>	<i>3</i>
<i>Total, Degrees Conferred.....</i>	<i>183</i>

**COLLEGE OF DENTISTRY****Degree of Bachelor of Science in Dentistry***(Conferred December 18, 1943)*

JOHN ELMER ERICKSON  
 JAMES LOUIS FRANK, B.S., in Pharmacy,  
 1941  
 IRVING ALBERT HOKIN, B.S., Lewis In-  
 stitute, 1941

JOSEPH KOŁODZIEJCZYK  
 ABRAHAM JACOB SHAPIRO  
 HARRY ROBERT SHAPIRO  
 JOHN WILLIAM SHESLER  
 RICHARD EARLE WESSELIUS

**COLLEGE OF MEDICINE****Degree of Bachelor of Science in Medicine***(Conferred December 18, 1943)*

BERTHE ELIZABETH ARMSTRONG, A.B.,  
 1932  
 RICHARD WILLIAM EKSTRAND  
 HAROLD CARL FISCHER, A.B., 1938  
 SYDNEY TANNER GETTELMAN  
 CARL THURE REGNER HOLMER, A.B.,  
 Augustana College, 1938

RICHARD EWART KING  
 DONALD GLENN MIKOLAS, with Honors  
 EDWARD JOSEPH MILLER, B.S., Lewis  
 Institute, 1937  
 JAMES CHARLES SMITH, JR.  
 SHELDON MARVIN TUCKER  
 ALBERT S. WEILAND

**Degree of Doctor of Medicine***(Conferred June 30, 1943)*

FRANK STEVE CAPORALE, B.S., 1941

JACK JOHNSTON, A.B., 1940

*(Conferred December 17, 1943)*

JOSEPH SAMUEL ABBATE, B.S., DePaul  
 University, 1939  
 WALTER ABRAMS, B.S., 1942  
 BERTHE ELIZABETH ARMSTRONG, A.B.,  
 1932  
 WILLIAM FRANCIS ASHLEY, B.S., 1942  
 MALCOLM CARLYLE BABB, A.B., B.S.,  
 1941, 1942  
 MARY RACHEL BALDRIDGE, B.S., 1942  
 CLARENCE J. BARASCH, B.S., 1942  
 THOMAS SHERWOOD BARRON, B.Ed.,  
 Southern Illinois Normal Uni-  
 versity, 1939  
 SIDNEY BARSKY, B.S., 1941  
 HARRY WILLARD BERGMANN, B.S., 1943  
 HUGH BERNARDI, B.S., Loyola Uni-  
 versity, 1940  
 HASKELL EUGENE BERNSTEIN, A.B.,  
 B.S., 1941, 1942  
 FRED MAYOR BLIX, JR., AB., 1940  
 DOVELL NICHOLAS BONNETT, A.B., 1942;  
 with Honors  
 ROBERT JAMES BORGERSON, A.B., B.S.,  
 University of North Dakota, 1941,  
 1942  
 ROBERT DAVIDSON BOWER, B.S., 1937  
 LEROY JOHN BOWERS, Ph.C., B.S., 1930,  
 1942  
 RAYMOND ARTHUR BRANDT, B.S., 1941

DRANOFF, JENNIE, Assistant in English, for three months beginning November 1, 1943, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (November 9, 1943)

ENGLE, MRS. ORA MAY, Assistant in Mathematics, for three months beginning November 1, 1943, at a salary of five hundred fifty dollars (\$550). (November 19, 1943)

FAIRLIE, JOHN ARCHIBALD, Professor of Political Science, on one-half time, beginning September 4, 1943, and continuing through December 4, 1943, at a salary at the rate of three hundred eighty-two dollars thirty-five cents (\$382.35) a month. (November 9, 1943)

FERGUSON, WILLIAM CLYDE, Research Assistant in Entomology, for eight months beginning October 1, 1943, at a salary at the rate of two thousand six hundred twenty-five dollars (\$2625) a year. (November 2, 1943)

GASCHLER, MRS. VIOLET CLARK, Junior Clerk-Stenographer in the Accounting Division of the Comptroller's Office, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (November 29, 1943)

GIFFORD, GRACE, Junior Clerk-Typist in the Bursar's Division of the Comptroller's Office, beginning December 29, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred five dollars (\$105) a month (this supersedes her previous appointment). (December 15, 1943)

GILBERT, WILLIAM MICHAEL, Acting Director of the Personnel Bureau and Associate in Psychology, for nine months beginning December 1, 1943, at a salary at the rate of three thousand five hundred dollars (\$3500) a year (this supersedes his previous appointment). (November 30, 1943)

GINSBERG, FRANK, Assistant in Chemistry, on one-third time, beginning November 20, 1943, and continuing through May 31, 1944, at a salary at the rate of fifty-five dollars (\$55) a month. (December 11, 1943)

GRIFFITH, ESTHER M., Lecturer in the Department of Chemistry, beginning November 8, 1943, and continuing until further notice, at a salary at the rate of two hundred fifty dollars (\$250) a month. (November 15, 1943)

HAMMING, RICHARD WESLEY, Instructor in Mathematics, on one-half time, and Research Assistant in Mathematics, on one-half time, for ten months beginning September 1, 1943, at a salary of one thousand nine hundred eighty dollars (\$1980) (this supersedes his previous appointment). (December 11, 1943)

HAMMING, MRS. WANDA LITTLE, Assistant in Mathematics, on 15/16 time, for ten months beginning October 1, 1943, at a salary at the rate of one hundred fifty dollars (\$150) a month. (November 2, 1943)

HAYES, MRS. DOROTHY DUEWER, Cashier in the Bursar's Division of the Comptroller's Office, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred thirty-five dollars (\$135) a month (this supersedes her previous appointment). (November 6, 1943)

HEDRICK, F. EVELYN, Stenographer in the Department of Chemistry, on one-half time, beginning October 15, 1943, and continuing through May 31, 1944, at a salary at the rate of forty dollars (\$40) a month. (October 30, 1943)

HEJTMANEK, LILLIAN, Assistant in Spanish, for nine months beginning October 1, 1943, at a salary at the rate of one hundred forty dollars (\$140) a month (this supersedes her previous appointment). (November 5, 1943)

HIRSCH, FRANZ E., Instructor in Pathology, in the College of Medicine, for nine months beginning December 1, 1943, without salary. (November 30, 1943)

HONE, HOWARD RUSSELL, Assistant in Obstetrics and Gynecology, in the College of Medicine, beginning November 15, 1943, and continuing through August 31, 1944, without salary. (November 16, 1943)

HOSAEUS, MARGA, Assistant in German, on three-fourths time, beginning November 15, 1943, and continuing through April 30, 1944, at a salary at the rate of one hundred eight dollars (\$108) a month. (November 15, 1943)

HOUGH, LEON FREDRIC, Assistant in Plant Breeding, in the Department of Horticulture, in the Agricultural Experiment Station, for nine months beginning

December 1, 1943, at a salary at the rate of two hundred dollars (\$200) a month (this supersedes his previous appointment). (December 11, 1943)

HOWE, FLOANNA SHELLEY, Assistant in English, for three months beginning November 1, 1943, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (November 17, 1943)

KATZ, HENRIETTA, Assistant in Medicine, for ten months beginning November 1, 1943, without salary. (November 3, 1943)

KETCHUM, GERTRUDE S., Instructor in Mathematics, on two-thirds time, for three months beginning November 1, 1943, at a salary of four hundred forty dollars (\$440). (November 19, 1943)

KIRCH, ERNST RUDOLF, Assistant Professor of Chemistry, in the College of Pharmacy, for two years beginning September 1, 1943, at a salary of three thousand dollars (\$3000) a year (this supersedes his previous appointment). (November 5, 1943)

LARSON, MRS. MARGARET WEHRLY, Special Research Assistant in Dairy Husbandry, in the Agricultural Experiment Station, beginning November 1, 1943, and continuing until further notice, at a salary at the rate of one hundred thirty-five dollars (\$135) a month. (November 11, 1943)

LEIGHLY, MRS. KATHERINE, Library Assistant in the Catalog Department of the Library, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred fifty dollars (\$150) a month. (November 3, 1943)

LITMAN, SIMON, Professor of Economics, on one-half time, beginning September 4, 1943, and continuing through December 4, 1943, at a salary at the rate of three hundred fifty-two dollars ninety-four cents (\$352.94) a month. (November 9, 1943)

LITTRELL, JAE L., Research Assistant in Zoology, beginning November 15, 1943, and continuing through June 30, 1944, at a salary at the rate of one hundred thirty-two dollars (\$132) a month. (November 23, 1943)

LOFTUS, MRS. VERSA, Senior Record Clerk in the Registrar's Office, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month. (November 4, 1943)

LOVINGFOSS, MAXINE, Assistant Clerk-Typist in the Accounting Division of the Comptroller's Office, for nine months beginning December 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (November 16, 1943)

MANGNER, THEODORE NELSON, Assistant Professor of Radio Extension, in the Extension Service in Agriculture and Home Economics, beginning November 15, 1943, and continuing through August 31, 1944, at a salary at the rate of three thousand five hundred dollars (\$3500) a year (this supersedes his previous appointment). (November 15, 1943)

MANUEL, BURL ALFRED, Assistant Laboratory Mechanic in the Machine Tool Laboratory, in the Department of Mechanical Engineering, in the College of Engineering, for nine months beginning December 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes his previous appointment). (November 24, 1943)

McKIMMY, MARGARET, Assistant Clerk-Typist in the Accounting Division of the Comptroller's Office, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (November 29, 1943)

MORKOVIN, DIMITRY, Research Graduate Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station, on one-half time, beginning November 1, 1943, and continuing through March 15, 1944, at a salary at the rate of eighty-seven dollars fifty cents (\$87.50) a month (this supersedes his previous appointment). (November 2, 1943)

MURDOCK, ARLENE C., Junior Clerk-Stenographer in the Department of Home Economics, in the College of Agriculture, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month. (December 15, 1943)

MURPHY, CATHERINE J., Junior Clerk-Stenographer in the Department of Chemistry, for nine months beginning December 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (November 27, 1943)

NALBANDOV, MRS. OLGA, Assistant in Chemistry, on one-half time, beginning November 8, 1943, and continuing through May 31, 1944, at a salary at the rate of eighty-two dollars fifty cents (\$82.50) a month. (November 15, 1943)

NEDWICK, ELEANOR H., Junior Clerk-Stenographer in the Chicago Division of the Registrar's Office, for nine months beginning December 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month (this supersedes her previous appointment). (December 2, 1943)

NELSON, JOSEPH S., Assistant in Chemistry, on one-half time, beginning November 8, 1943, and continuing through May 31, 1944, at a salary at the rate of eighty-two dollars fifty cents (\$82.50) a month. (November 15, 1943)

OHLZEN, ROBERT, Supply Attendant in the Chicago General Storeroom, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand eight hundred sixty dollars (\$1860) a year (this supersedes his previous appointment). (November 2, 1943)

PARRY, MURIEL HOPE, Library Assistant in the Catalog Department of the Library, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifty dollars (\$150) a month. (December 7, 1943)

PEREL, ADA RACHEL, Laboratory Technician in the Department of Chemistry, on one-half time, beginning October 15, 1943, and continuing through May 31, 1944, at a salary at the rate of forty-five dollars (\$45) a month. (October 30, 1943)

PRICE, KATHRYN MARIE, Junior Library Assistant in the Chicago Libraries, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand seven hundred fifty dollars (\$1750) a year. (November 3, 1943)

QUAGLIANO, JAMES VINCENT, Instructor in Chemistry, on one-half time, for eight months beginning November 1, 1943, at a salary at the rate of eighty-eight dollars (\$88) a month. (November 2, 1943)

RABJOHN, NORMAN, Instructor in Chemistry, for eight months beginning November 1, 1943, at a salary at the rate of three hundred dollars (\$300) a month (this supersedes his previous appointment). (November 10, 1943)

RAWLINGS, MRS. DOROTHY STAHRMER, Instructor in Physical Education for Women, on one-fourth time, for eight months beginning October 1, 1943, at a salary of six hundred dollars (\$600) (this is in addition to her appointment as Teacher in the University High School). (November 5, 1943)

RICH, JOSEPH MCELROY, Research Assistant in the Personnel Bureau, on one-half time, for eight months beginning November 1, 1943, at a salary at the rate of sixty-six dollars (\$66) a month. (November 16, 1943)

RIVARD, RAYMOND R., Assistant in Ophthalmology, in the College of Medicine, for eight months beginning November 1, 1943, without salary (this is in addition to his services as Resident, with salary). (November 5, 1943)

ROBERTS, MRS. HELEN P., Assistant in History, on one-sixth time, beginning November 8, 1943, and continuing through January 31, 1944, at a salary of one hundred dollars (\$100) for the period. (November 15, 1943)

ROEPER, MRS. DORIS J., Assistant Clerk-Stenographer in the Department of Chemistry, beginning November 8, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (November 12, 1943)

ROSS, ROBERT COOKE, Professor of Farm Management, in the Department of Agricultural Economics, in the College of Agriculture, and Chief in Farm Management, in the Agricultural Experiment Station, on indefinite tenure, beginning September 1, 1943, at a salary of four thousand five hundred forty dollars (\$4540) a year (this supersedes his previous appointment). (November 2, 1943)

ROYALTY, AVIS, Junior Clerk-Stenographer in the Comptroller's Office, for

nine months beginning December 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred fifteen dollars (\$115) a month. (November 23, 1943)

SATTERFIELD, BILLIE MARIE, Continuity Writer in the Radio Station, for nine months beginning December 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand three hundred eighty dollars (\$1380) a year. (November 2, 1943)

SCHWERDTFEGER, VERENA H., Assistant Clerk in the Registrar's Office, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (December 9, 1943)

SEARLS, ELMER NEWTON, Assistant Professor of Agricultural Economics Extension, in the Extension Service in Agriculture and Home Economics, beginning December 16, 1943, and continuing through August 31, 1944, at a salary at the rate of three thousand four hundred dollars (\$3400) a year. (December 11, 1943)

SETINA, GENEVIEVE M., Senior Clerk-Stenographer in the Chicago Division of the Physical Plant Department, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred thirty-five dollars (\$135) a month (this supersedes her previous appointment). (November 9, 1943)

SHOEMAKER, HURST HUGH, Associate in Zoology and Counselor in the Personnel Bureau, for nine months beginning December 1, 1943, at a salary at the rate of two thousand five hundred fifty dollars (\$2550) a year (this supersedes his previous appointment). (December 11, 1943)

SISCO, MRS. JENNIE, Payroll Clerk in the Chicago Division of the Physical Plant Department, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred thirty-five dollars (\$135) a month (this supersedes her previous appointment). November 9, 1943)

SKELL, P. S., Special Research Assistant in Chemistry, beginning November 16, 1943, and continuing through August 31, 1944, at a salary at the rate of two hundred fifty dollars (\$250) a month. (November 23, 1943)

SMITH, HAROLD EDWARD, Assistant in Obstetrics and Gynecology, in the College of Medicine, beginning November 15, 1943, and continuing through August 31, 1944, without salary. (November 16, 1943)

SNELL, MRS. JUNE B., Junior Clerk-Stenographer in the Chicago Division of the Physical Plant Department, for nine months beginning December 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (November 24, 1943)

SNYDER, THELMA MAY, Senior Account Clerk in the Department of Agricultural Economics, in the Agricultural Experiment Station, for nine months beginning December 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred thirty dollars (\$130) a month (this supersedes her previous appointment). (November 24, 1943)

SOPER, QUENTIN FRANCIS, Special Research Assistant in Chemistry, for eight months beginning November 1, 1943, at a salary at the rate of two hundred twenty-five dollars (\$225) a month. (November 3, 1943)

SQUIRES, KATHLEEN, Assistant Office Appliance Operator in the Accounting Division of the Comptroller's Office, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (November 6, 1943)

STRAKOSCH, ERNEST ANTHONY, Instructor in Dermatology, in the College of Medicine, beginning November 15, 1943, and continuing through August 31, 1944, without salary. (November 9, 1943)

STRANO, HELEN VERA, Junior Clerk-Stenographer in the Chicago Division of the Comptroller's Office, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred thirty-five dollars (\$135) a month (this supersedes her previous appointment). (November 16, 1943)

SUDDUTH, MRS. MARY P., Senior Clerk-Stenographer in the Department of Animal Husbandry, in the College of Agriculture and in the Agricultural Experiment Station, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one thousand nine hundred dollars (\$1900) a year (this supersedes her previous appointment). (November 24, 1943)

SUMMERS, DOROTHY, Assistant Cashier in the Chicago Division of the Comptroller's Office, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred forty dollars (\$140) a month (this supersedes her previous appointment). (November 16, 1943)

SWANSON, GUSTAVE, Senior Laboratory Mechanic in the Dental Clinics, in the College of Dentistry, for eleven months beginning October 1, 1943, subject to University Civil Service rules, at a salary at the rate of two thousand five hundred dollars (\$2500) a year (this supersedes his previous appointment). (October 26, 1943)

TOKAY, MEHMET NEJAT, Instructor in Civil Engineering, in the College of Engineering, on one-fourth time, and Special Research Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station, on three-fourths time, beginning December 1, 1943, and continuing until further notice, at a salary at the rate of two hundred dollars (\$200) a month (this supersedes his previous appointment). (December 16, 1943)

TUCKER, HAZEL MAY, Principal Clerk in the Physical Plant Department, for nine months beginning December 1, 1943, subject to University Civil Service rules, at a salary at the rate of two thousand two hundred dollars (\$2200) a year (this supersedes her previous appointment). (December 10, 1943)

VEALE, PAUL TOWNSEND, Associate in Soil Survey, in the Department of Agronomy, in the Agricultural Experiment Station, beginning December 20, 1943, and continuing through August 31, 1944, at a salary at the rate of two hundred twenty dollars (\$220) a month. (December 16, 1943)

VOSS, MRS. FRANCES, Assistant Clerk-Stenographer in the Engineering Experiment Station, beginning December 16, 1943, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand one hundred forty dollars (\$1140) a year. (December 9, 1943)

WALLER, WILLIAM, Assistant in Physical Education for Men, beginning November 15, 1943, and continuing through June 30, 1944, at a salary at the rate of two hundred twenty-five dollars (\$225) a month. (November 17, 1943)

WANG, FU-HSIUNG, Research Assistant in Botany, on one-half time, for eight months beginning November 1, 1943, at a salary of six hundred sixty dollars (\$660). (November 5, 1943)

WATSON, EOLENE, Editorial Assistant in the Alumni Association, for ten months beginning November 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (November 15, 1943)

WELTIN, EDWARD GEORGE, Assistant in History, on full time, beginning October 13, 1943, and continuing through May 31, 1944, at a salary at the rate of one hundred sixty-five dollars (\$165) a month (this supersedes his previous appointment). (November 3, 1943)

WHEELER, ANNABEL, Senior Clerk-Stenographer in the Department of Surgery, in the College of Medicine, for nine months beginning December 1, 1943, subject to University Civil Service rules, at a salary at the rate of one hundred fifty-five dollars (\$155) a month (this supersedes her previous appointment). (December 11, 1943)

WICKS, MRS. SUSAN D., Assistant in Chemistry, on one-half time, beginning November 8, 1943, and continuing through May 31, 1944, at a salary at the rate of eighty-two dollars fifty cents (\$82.50) a month. (November 15, 1943)

WICKS, MRS. SUSAN D., Assistant in Chemistry, on two-thirds time, beginning November 22, 1943, and continuing through May 31, 1944, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (November 29, 1943)

ZUCKER, DOROTHY MARY, Assistant in German, beginning November 22, 1943, and continuing through June 30, 1944, at a salary at the rate of two hundred dollars (\$200) a month. (November 6, 1943)

**RESIGNATIONS, DECLINATIONS, AND CANCELLATIONS**

The Secretary presented also for record the following list of resignations, declinations, and cancellations.

ADAMS, GENEVA, Junior Account Clerk in the Illini Union Building and in the Illini Union Bookstore—resignation effective October 1, 1943.

BLOOM, LOUIS R., Research Assistant in Electrical Engineering, in the Engineering Experiment Station—resignation effective December 1, 1943.

BRAM, KAY, Junior Clerk in the Chicago Division of the Comptroller's Office—resignation effective December 1, 1943.

BROWN, VIRGINIA KATHERINE, Junior Clerk-Stenographer in the Extension Service in Agriculture and Home Economics—resignation effective November 22, 1943.

BULLOCK, MRS. LOUISE, Junior Account Clerk in the Print Shop—resignation effective November 1, 1943.

BURRELL, MRS. MARY, Junior Account Clerk in the Chicago Division of the Physical Plant Department—resignation effective September 19, 1943.

DAVIES, MAY A., Associate in Anaesthesia (Rush), in the Department of Surgery, in the College of Medicine—cancellation effective September 1, 1943.

DIEHL, RUTH ANN, Junior Clerk-Stenographer in the Chicago Division of the Comptroller's Office, resignation effective November 1, 1943.

EYLER, ROBERT WILSON, Assistant in Chemistry—resignation effective February 1, 1944.

GILLAM, JULIA, Assistant Clerk in the Registrar's Office—resignation effective November 1, 1943.

GLASS, MARTHA GENEVIEVE, Senior Clerk-Stenographer in the President's Office—resignation effective December 11, 1943.

HENRY, MRS. HELEN WATSON, Assistant Clerk-Stenographer in the Engineering Experiment Station—resignation effective December 16, 1943.

JACKSON, MRS. MARGARET REESER, Junior Record Clerk in the Loan Department of the Library—resignation effective December 1, 1943.

KANE, ROSALINE R., Scholar in French—cancellation effective October 1, 1943.

KRIEL, LUCILLE, Assistant Clerk in the Chicago Libraries—resignation effective November 1, 1943.

LAMBERT, EDWARD H., Associate in Medicine—cancellation effective September 1, 1943.

LOUGHERY, DOROTHY E., Junior Account Clerk in the Chicago Division of the Comptroller's Office—resignation effective December 8, 1943.

LYTLE, NANCY M., Scholar in English—resignation effective October 1, 1943.

MALKIN, MRS. GLORIA, Assistant Office Appliance Operator in the Accounting Division of the Comptroller's Office—resignation effective October 16, 1943.

MCCONNELL, GOLDEN A., Executive Secretary in the President's Office—resignation effective December 27, 1943.

MCDANIEL, MRS. CHARLOTTE, Senior Clerk-Stenographer in the Department of Medicine—resignation effective December 12, 1943.

MITCHELL, MRS. MYRTLE JEHLING, Junior Stenographer in the Department of Animal Pathology and Hygiene—resignation effective December 8, 1943.

MOORE, FRANCES MAY, Junior Assistant Dean of Women—resignation effective December 1, 1943.

NAKAMURA, FRANK ISA, Assistant in Animal Nutrition, in the Department of Animal Husbandry, in the Agricultural Experiment Station—resignation effective November 1, 1943.

NELSON, BETTY J., Occupational Therapist and Teacher of Occupational Therapy, in the Department of Psychiatry, in the College of Medicine—resignation effective December 19, 1943.

PHILLIPS, MRS. DORA DAY, Assistant Cashier in the Chicago Division of the Comptroller's Office—resignation effective December 8, 1943.

PURVIN, MRS. MARY, Assistant Clerk-Stenographer in the Illini Union Building—resignation effective September 25, 1943.

RADZINSKI, JOHN MARION, Assistant Professor of Neurology (Rush), in

the Department of Neurology and Neurological Surgery, in the College of Medicine—cancellation effective September 1, 1943.

RAWLINGS, MRS. DOROTHY STAHLER, Assistant in Physical Education for Women—declination effective October 1, 1943.

REES, FLORENCE MEADER, Associate in Pediatrics (Rush), in the College of Medicine—cancellation effective September 1, 1943.

REINHARDT, MRS. DONNA, Assistant Clerk-Typist in the Illini Union Building—resignation effective October 1, 1943.

RICHARDSON, ROY C., Assistant in Ophthalmology, in the College of Medicine—cancellation effective September 1, 1943.

SANDIFER, ELIZABETH TOWNSEND, Junior Library Assistant in the Catalog Department of the Library—resignation effective December 5, 1943.

SANFORD, MARTHA L., Library Assistant in the Catalog Department of the Library—resignation effective November 1, 1943.

SCHEIWE, EDWARD, Assistant in Physical Education for Men—resignation effective October 9, 1943.

SCOTT, MARY MARJORIE, Statistical Clerk in the Bureau of Institutional Research—resignation effective December 1, 1943.

SEIBERT, HENRI C., Assistant in Zoology—resignation effective October 16, 1943.

SHENK, WILBUR JAY, JR., Assistant in Chemistry—resignation effective February 1, 1944.

SNYDER, WALTER E., Special Research Assistant in Dairy Husbandry, in the Agricultural Experiment Station—resignation effective October 1, 1943.

WALLACE, WILLIAM ELDRED, Assistant in Chemistry—resignation effective February 1, 1944.

WEIR, JAMES ROBERT, Assistant in Physiology, in the College of Medicine—resignation effective January 1, 1944.

WILSON, JOHN ERIC, Assistant in Chemistry—resignation effective February 1, 1944.

WOOD, JANET L., Scholar in English—resignation effective November 1, 1943.

WRIGHT, WILLIAM HENRY, Instructor in Orthopaedic Surgery, in the College of Medicine—resignation effective November 15, 1943.

The Board adjourned, to meet whenever necessary on the call of the President.

H. E. CUNNINGHAM

*Secretary*

PARK LIVINGSTON

*President*

## MEETING OF THE EXECUTIVE COMMITTEE,

DECEMBER 18, 1943

The Executive Committee of the Board of Trustees of the University of Illinois met at the University Club, in Chicago, on the afternoon of December 18, 1943, immediately following the adjournment of the meeting of the Board on the same day.

Mr. Park Livingston, Chairman, and Mr. Frank A. Jensen, member of the Executive Committee, were present; also Mr. John R. Fornof, Mrs. Helen M. Grigsby, and Mr. Frank H. McKelvey, members of the Board, and President A. C. Willard, Mr. A. J. Janata, Assistant to

the President, Mr. H. E. Cunningham, Secretary, and Mr. Lloyd Morey, Comptroller.

**SPECIAL BOARD OF EXAMINERS IN ACCOUNTANCY**

President Willard recommended that the following nominations made by the University Committee on Accountancy to complete the Special (five-man) Board of Examiners in Accountancy (see page 796) be approved.

*Public Accountant Member*

TILLMAN L. LUSK, 77 West Washington Street, Chicago. Mr. Lusk has been engaged in the practice of public accounting for many years under the firm name of Tillman L. Lusk and Company. He is a graduate of Mississippi College with the B.S. degree in 1915. He is fifty-one years of age. He has been Secretary of the Public Accountants Association of Illinois since its establishment.

*Certified Public Accountant Member*

JOHN W. QUEENAN, 111 West Monroe Street, Chicago. Mr. Queenan graduated from the University of Illinois in 1927, receiving the B.S. degree in Accountancy with Honors. He is forty-three years of age. In 1931 he received the Illinois C.P.A. certificate and was awarded the Gold Medal of the Illinois Society of Certified Public Accountants, having passed the examination with the highest total markings in all subjects. He also holds the Illinois Public Accountants certificate. At present Mr. Queenan is a partner in the Chicago office of Haskins and Sells.

The Committee has ascertained that these gentlemen are willing to serve, if appointed.

On motion of Mr. Jensen, these nominations were approved, and the Secretary was instructed to notify Director Frank G. Thompson and to request the approval of the Department of Registration and Education as required by the Accountancy Act of 1943.

The Executive Committee adjourned.

# MEETING OF THE BOARD OF TRUSTEES

OF THE

## UNIVERSITY OF ILLINOIS

---

**January 26, 1944**

**With Executive Committee Meeting of  
January 5, 1944**

The January meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 10 o'clock a.m. on Wednesday, January 26, 1944.

When the Board convened, the following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. McKelvey. Dr. Luken took his place with the Board shortly after the beginning of the meeting.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and Mr. J. F. Wright, Director of Public Information.

### MINUTES APPROVED

The Secretary presented the minutes of the meeting of December 18, 1943; also, for record, the minutes of a meeting of the Executive Committee with the Committee on General Policy of January 5, 1944.

On motion of Mr. Jensen, the minutes were approved as printed on pages 785 to 828 above, and received for record as printed below.

MEETING OF THE EXECUTIVE COMMITTEE AND  
COMMITTEE ON GENERAL POLICY

JANUARY 5, 1944

A combined meeting of the Executive Committee, and the General Policy Committee of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 12:30 p.m. on Wednesday, January 5, 1944. The following members were present: Mr. Park Livingston, Mr. Chester R. Davis, and Mr. Frank A. Jensen. President Willard was present; also Mr. H. P. Rusk, Dean of the College of Agriculture, Dr. R. B. Allen, Executive Dean of the Chicago Colleges, and Dean of the College of Medicine, and Mr. Lloyd Morey, Comptroller, who acted as Clerk in the absence of Mr. H. E. Cunningham.

**Matters Presented by President Willard**

The Committees considered the following matters presented by the President of the University.

**Case of Sheppleman v. Lueder et al.**

(1) A report of the case of Sheppleman v. Lueder *et al.* in the State Supreme Court, concerning payment of salaries of Farm and Home Advisers out of State appropriation to the University.

A statement on this matter by Judge Johnson was presented.

The President recommended that the University apply to the Court for leave to become a party defendant to this suit.

On motion of Mr. Jensen, this recommendation was unanimously approved.

**Runways for Airport**

(2) A statement concerning runways for the airport.

Mr. Livingston and President Willard discussed questions concerning the specifications for this construction.

Mr. Davis, Mr. Livingston, and President Willard were requested to take up this problem with the proper authorities in Washington, D.C.

**University of Illinois Evacuation Hospital Unit**

(3) A report from Dean R. B. Allen regarding the extended delay in getting the University of Illinois Evacuation Hospital Unit into service.

Dean Allen commented on this matter.

**Deposit of Federal Funds in the State Treasury**

(4) A report on the deposit of Federal funds in the State Treasury.

Mr. Livingston reported on a conference of Mr. Nickell and himself with the State Treasurer and the Attorney General.

On motion of Mr. Davis, President Willard was instructed to arrange for a conference with the Attorney General, by Dean A. J. Harno and Mr. Lloyd Morey, Comptroller.

**Federal Withholding Tax Procedure**

(5) A report on the Federal Withholding Tax Procedure.

Mr. Davis made a statement on this matter, which had been referred to the General Policy Committee.

On motion of Mr. Davis, President Willard was instructed to arrange for a conference concerning this matter, with the Attorney General by Dean A. J. Harno and Mr. Lloyd Morey, Comptroller.

**Urbana Coke Corporation**

(6) Letters from Counsel of the Urbana Coke Corporation, asking the Board of Trustees to pay an annual fee of \$25 for registration of this Corporation.

On motion of Mr. Davis, the Secretary of the Board was instructed to renew the proposal as previously made, that the stock of the Urbana Coke Corporation be assigned to the University of Illinois Foundation.

### Development of Facilities for the Study of Art and Housing of Art Objects

(7) A report on the possibilities of providing museum space for the Trees and other collections.

Mr. Davis made a report of discussions with Mr. Merle J. Trees subsequent to the last Board meeting.

President Willard was requested to assure Mr. Trees of the keen interest of the Board in this matter.

### Research in Foods and Nutrition

(8) Reports on the present status of and plans for the development of the Research in Foods and Nutrition.

President Willard and Dean Rusk commented on this matter.

### Purchases Authorized

(9) A report of the following purchases proposed by the Purchasing Agent and authorized by the Comptroller.

1. Four Burroughs calculating machines, for use by field men representing the Department of Agricultural Economics for checking farmers' account books, from the Burroughs Adding Machine Company at their price of \$1,064.88. The Burroughs adding machine is especially adapted to this use.

2. Ninety semi-stainless contra angles and 84 straight handpieces, for the Chicago Student Supply Store, from Midwest Dental Manufacturing Company, the lowest bidder, at a price of \$1,340.

3. Ten items of precious metals, for dental student course outfits, requested by the Chicago Student Supply Store, from General Refineries in the amount of \$2,723.20 and Thomas J. Dee and Company in the amount of \$469.68, the lowest bidders on the various items, total awards being \$3,192.88.

On motion of Mr. Davis, these purchases were approved.

### Purchases Recommended

(10) The Comptroller recommends that the following purchases submitted by the Purchasing Agent be authorized.

1. 5,900 bushels of No. 2 Oats, for Animal Husbandry Feed Storage, from the following:

	<i>Unit Price</i>	<i>Bushels</i>	<i>Total</i>
Federal North Iowa Grain Company...	\$.82	1,000	\$ 820
H. M. Corray, Sr.....	.81	1,200	972
Lawrence Collins and A. P. Summers..	.81	700	567
Harry Collins and Walker O'Bryan....	.81	3,000	2,430

2. 104 items of various supplies and equipment essential to dental student course outfits, awards to be made to the lowest bidders on the various items, in the following amounts: L. D. Caulk Company, \$3,473.88, S. S. White Dental Manufacturing Company, \$5,178.16—total, \$8,652.04.

On motion of Mr. Jensen, these purchases were authorized.

### Gift of Loan Fund

(11) A report of a gift by Edward C. Heidrich, Jr., of notes totaling \$7,529.32, to the Student Loan Fund, on the following conditions:

1. I propose to turn over to the University of Illinois notes, or partially paid notes, in the amount of \$7,529.32. Funds collected by the University on these accounts are to be held by the University in trust for the uses and purposes hereinafter described. This is to be known as the Edward C. Heidrich, Jr. Loan Fund.

2. Loans shall be made from this fund for emergency purposes to students enrolled in the University of Illinois and especially to those students who can not qualify as borrowers from the regular University loan funds, but with no restrictions based on the credit standing of the borrower and without requirements as to security, sureties, co-signers or the like.

3. The fund is to be deposited in the treasury of the University and to be kept on deposit in a special fund under the title of the Edward C. Heidrich, Jr. Loan Fund.

4. The loans shall be made by the Dean of Students (Dean of Men) who shall be the sole judge of the merits in each case and of the emergency alleged to justify or necessitate the application for a loan. The time of payment shall be at the discretion of the Dean of Students (Dean of Men). Vouchers in payment of such loans shall be approved by the Dean of Students (Dean of Men) and checks against the fund in paragraph 3 shall be issued by the University in payment thereof to the borrower; an advance from the fund shall be made to the Dean of Students (Dean of Men) from which he may make emergency cash advances to students and for which he shall be reimbursed upon presentation of vouchers showing the names of persons receiving such advances.

5. The University shall take promissory notes from the borrowers at current rates of interest, which notes shall be collected by the University in the same manner as loans made from other loan funds of the University and the proceeds deposited in the special fund described in paragraph 3 hereof.

6. The Dean of Men in making loans from this fund will be expected to use his best and honest judgment and discretion, whereupon he shall not be held responsible personally for any losses which may occur through non-payment of loans made by him in good faith.

As an additional condition, Mr. Heidrich states that he does not object to an investment of a part of the fund in liquid securities if officials of the University can approximately foresee the demands upon the fund from year to year, but the funds should not be invested in such a way as to interfere with the execution of the essential purpose of this gift, which is to assist students of the class described in emergencies as they arise.

On motion of Mr. Jensen, the acceptance of this gift was approved.

The meeting adjourned.

LYDD MOREY  
*Clerk, Pro Tempore*

PARK LIVINGSTON, *Chairman*  
CHESTER R. DAVIS  
FRANK A. JENSEN

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

##### AUTHORITY TO CONFER DEGREES

(1) I request authority to confer degrees as of February, 1944, on those candidates who will complete the requirements for graduation at the end of the current semester and who will be recommended for their respective degrees by faculties of the several colleges and schools and the University Senate.

The Commencement exercises for those students will be held in the University Auditorium at 3:00 o'clock Sunday afternoon, February 6, 1944. The diplomas will not be awarded on that date as the semester ends on February 5 and it will not be possible to have the diplomas ready in time for the exercises. On the other hand, to defer the exercises until a later date would make it impossible for many students whose induction into the Army is imminent to participate. Approximately 385 will receive degrees as of February, 1944.

The Commencement address will be given by Dr. Robert B. Browne, Director of University Extension, Director of the Summer Semester, and Associate Professor of Education.

On motion of Mrs. Grigsby, these degrees were authorized.

##### AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(2) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made application therefor under the waiver provisions of the Accountancy Act of 1943, and have presented evidence to the Committee showing that they are properly qualified:

1. Holders of unrevoked C.P.A. certificates of other states or territories of

the United States or the District of Columbia who are also holders of unrevoked certificates of registration as public accountants in Illinois (Section 4, a-1):

ARCHIBALD BOWMAN (Ohio)	JOHN JIRGAL (Wis.)
ERIK CHRISTENSEN BOYE (Mo.)	CHRISTIAN ALVIN KOCH (N.Y.)
JOSEPH WILLIAM BOYLE (Ind.)	CHARLES JOSEPH MAMMEL (Ind.)
JOHN EVERETT BROWN (D.C.)	CLIFFORD ANDREW MICHEL (D.C.)
JAMES BERTIE CAMPBELL (Minn.)	LEE J. MUREN (Mo.)
WALTER ALBERT MOYSE COOPER (N.Y.)	ROBERT JOHN PAULSEN (Ky.)
JAMES ALLAN COUNCILOR (Va.)	GEORGE W. SCHWARTZ (Ind.)
CHARLES ROBERT ENGLISH (Mo.)	EARLE RAYMOND SEELY (Utah)
JOSEPH FROGGATT, JR. (N.Y.)	LOUIS RALPH SHAW (Ohio)
HENRY CASPER HELM (Mo.)	CARROLL COOPER SHELTON (Mo.)
WILLIAM ARTHUR HELM (Mo.)	MICHAEL J. SPORRER (Ind.)
MELVIN LEONARD HENRY (Ark.)	GEORGE GARDINER YULE (Ind.)

2. Holders of unrevoked certificates of registration as public accountants in Illinois received on the basis of the regular semiannual written examination given by the Board of Examiners of the Department of Registration and Education (Section 4, a-2):

ARTHUR WILLIAM ANDERSON	EDWIN CHARLES SILVER
GILBERT STEVENS MARCHMAN	HENRY STUTSMAN THOMAS
WILLIAM GORDON REEDER	

3. Holders of unrevoked C.P.A. certificates of any other state, territory, or the District of Columbia as provided in Section 5 of the Accountancy Act of 1943:

STANLEY ELLIOTT BEATTY (N.C.)	JOHN WOOD MCKIEVER (D.C.)
HARRY FREDERICK BOWSHER (Ohio)	ROBERT ALLAN PARKER (Ohio)
OTIS JAMES CHAMBERLAIN (La.)	WILLIAM CARL SALMON (Mo.)
GEORGE ANDREW EINBECKER (Wis.)	GERSHOM ARTHUR SAVAGE (Calif.)
GEORGE ROWLAND HILL (Ind.)	LOUIS WILLIAM SHILLADEY (Ohio)
PAUL VALENTINE KATZMARK (Ohio)	EDWARD KAY STRACHAN (Ind.)
EDWARD WOODY KUHLMAN (Wis.)	VICTOR WILLIAM WALLIN (Wis.)
GEORGE JOSEPH LeBLANC (Mo.)	ROBERT LEE WALSH (Ohio)
WAYNE ELIJAH MAYHEW (Utah)	WILLIAM AUGUST WULF (N.Y.)

The following persons are recommended for the Illinois C.P.A. certificate on the basis of having fulfilled all of the requirements and having passed the C.P.A. examination which was given November 17, 18, and 19, 1943:

EDWARD ISAAC ASTROF	RUTH DOROTHEA HOERICH
WILLIAM KENDALL AVERY	RICHARD EVERETT ISAACSON
SAMUEL SOLOMON BECKER	WILLIS ALFRED LEONHARDI
ROBERT GEORGE BOHNEN	BENNETT DAVID LEVY
WILLIAM MILLAN BUTTERS	JOHN PHILIP LINDGREN
ROBERT JOSEPH CARLSON	WARREN LARRISON MARSHALL
THEODORE CHARLES CONRAD	LYMAN MOORE
ROGER JULIAN CRISE	DONALD POWELL MURRAY
HELEN BLAIR CUNNINGHAM	MYRON ALBERT PARDIECK
EDITH COLTER DYSON	IRVING RICHARDSON
JOSEPH WALTER ESSMAN	EDWARD WALKER RODGERS
SHERMAN WILLIAM FINGER	ERVIN LEWIS ROSE
ALEXANDER JAMES FOX	MANUEL ROSNER
WILLIAM ADOLPH FROELICH	BERNARD JAY SELTZER
SIDNEY NORMAN FULLER	GARNET SHANNON SHARP
WILLIAM ADAM FULLER	SAM SORCE
MILTON HYMAN GOLDMAN	STEPHEN S. STEEL
RICHARD GLENN GORDLEY	EMIL STENBERG
CHESTER LAWRENCE GRIMES	JOHN KARP TERBORGH
REINHOLD GROH	JOSEPH LAWRENCE TRISCHAN
ERVEN MILLER GUY	CRAWFORD JACKSON WILSON
ARTHUR JOHN HAMER	KENNETH GEORGE YOUNG

I concur in the recommendations of the Committee.

On motion of Mr. Fornof, these certificates were awarded as recommended.

#### CHANGE IN ALUMNI ASSOCIATION AND GENERAL ADVISORY COMMITTEE PERSONNEL

(3) Mr. Deneen Watson has resigned as President of the University of Illinois Alumni Association and Mr. C. C. Larson, First Vice President, has succeeded him as President.

The officers of the Alumni Association are *ex officio* members of the University of Illinois General Advisory Committee; the Association's past president is also on its Board of Directors until there is another past president. Therefore, Dean C. M. Thompson is no longer a member of the General Advisory Committee since Mr. Watson is now a past president.

This report was received for record.

#### LEAVES OF ABSENCE

(4) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case, which are in accordance with the regulations of the Board governing such leaves:

VIRGIL R. FLEMING, Assistant Professor of Theoretical and Applied Mechanics, leave during the first half of the academic year 1943-1944 on full pay on account of ill health. His work is being carried on without additional expense to the University.

ALICE S. MICHALAK, Assistant Clerk-Stenographer in the Research and Educational Hospitals, Dietary Department, sick leave without pay from October 14 to December 9, 1943. (Miss Michalak has been employed by the University since December 19, 1942, but since the period of disability was less than sixty days, she is not eligible for benefits from the Retirement System.)

W. J. WEBER, Painter in the Physical Plant Department, sick leave with pay for the period December 1 through 31, 1943.

MRS. ANNA L. BERGSCHNEIDER, Assistant in Bacteriology and Public Health, leave without pay from December 1, 1943, through March 31, 1944, in order that she may visit her husband who is in the Army.

E. GRETCHEN NARDINE, Editorial Assistant in the Agricultural Experiment Station, leave without pay from December 10 to 18, 1943, and from January 3 to 15, 1944, on account of a death in her immediate family.

MRS. RUTH IMOGENE MATLOCK, Secretary in the Office of the Dean of the College of Commerce, leave without pay from January 15 through April 15, 1944, so that she may work for Dean Emeritus Charles M. Thompson during his campaign for Congress.

GARNET BELLE RENAKER, Senior Clerk-Typist in the Physical Plant Department, leave with pay from December 8, 1943, through January 13, 1944, and without pay from January 14 through August 31, 1944, because of illness.

MRS. CLARA D. FAY, Assistant to the Director of Student Housing, leave without pay from December 1 through 31, 1943. (Mrs. Fay has previously had all the leave with pay to which she is entitled.)

MRS. OLIVE GEORGE, Senior X-ray Technician in the Department of Radiology, leave with pay from October 20 through November 30, 1943, because of illness.

E. TODD WHEELER, Associate Architect in the Chicago Physical Plant Department, leave without pay from July 1 through August 31, 1943, so that he might accept a professional assignment (as architect) on a contractual basis.

In the following cases the individuals are eligible for disability benefits payable by the University Retirement System, so that the sick leave in each case is without pay:

MRS. MARY C. WALLEN, Domestic in the Woman's Residence Hall, November 3, 1942, to September 1, 1944.

MRS. ANNA O'CONNOR, Seamstress in the Sewing and Mending Service Department, May 1, 1943, to September 1, 1944.

MRS. MABEL P. SMITH, University Social Director at Busey and Evans Halls, July 1, 1943, to September 1, 1944.

MRS. MOLLIE HALL, Staff Nurse in the Research and Educational Hospitals, January 1 through June 30, 1944.

FREDERICK SNELL, Janitor in the Department of Horticulture, June 14 through November 18, 1943.

*Leaves of Absence for Military and Other War Service*

(The leave in each case is without pay.)

CARL T. FOSTER, Janitor in the Physical Plant Department, December 28, 1943, through August 31, 1944.

HUGH LESLIE DAVIS, Associate Professor of Chemistry, College of Pharmacy, January 10 through August 31, 1944.

C. R. WRIGHT, Janitor in the Physical Plant Service Building, January 11 through August 31, 1944.

JEAN ANN KOLCZAK, Orthopaedic Nursing Consultant, Division of Services for Crippled Children, January 15 through August 31, 1944.

SAM SACHS, Research Assistant, Department of Mechanical Engineering, January 16 through August 31, 1944. Previously on leave of absence for civilian war service. Returned to the University's service September 24, 1942, and is now being given a leave of absence for military service.

WILLIAM E. ELAM, Janitor, Physical Plant Department, January 15 through August 31, 1944.

*Extensions of Leaves for Military Service (Without Pay)*

ROBERT ARMINE CONOVER, Assistant in Botany, for one year from September 1, 1943.

JOSEPH PATTON FULTON, Assistant in Botany, for one year from September 1, 1943.

MAYNARD FOWLE MOSELEY, JR., Assistant in Botany, for one year from September 1, 1943.

DON MACLEISH MURRAY, Assistant in English, for one year from September 1, 1943.

On motion of Mr. Karraker, these leaves were granted as recommended.

**APPOINTMENT OF RALPH VICTOR HUSSONG AS PROFESSOR  
AND CHIEF OF DAIRY BACTERIOLOGY**

(5) A report of the appointment of Dr. Ralph Victor Hussong as Professor and Chief of Dairy Bacteriology on indefinite tenure at a salary of \$4,800 a year, effective beginning January 1, 1944.

On motion of Mr. Jensen, the action of the President of the University in making this appointment was approved and confirmed.

**DIVISION OF SPECIAL SERVICES FOR WAR VETERANS**

(6) Following demobilization of the armed forces, many men and women will return to universities and colleges. A large number will be assisted by Federal or State scholarships. It is evident from legislation already introduced and from what has been said by national leaders, that all veterans who wish to get or to complete their college education will be given every reasonable facility to do so.

These students at the University of Illinois will fall into the following classes: (1) students whose work has been interrupted, or who return for special purpose; (2) students who have attended other institutions for varying amounts of credit; (3) students who have finished high school but who have not yet been able to begin their college work; (4) students with or without civilian attendance at college who have been sent to Army Specialized Training or Navy College Training units. All these classes will have acquired training in one or more branches of armed service which they will wish to translate into college credit.

In addition to this post-war group the University may expect, and in fact is beginning to get, war casualties sent at government expense.

At the same time, the University may expect an influx of civilian students, even greater than that which followed the first World War. The armed forces are much larger in this war, the age limit of induction is lower, and there is a much greater dislocation of national routine—all of which will mean that through the period of readjustment to peace a heavy responsibility will fall on all educational institutions.

The University must be prepared, then, to receive and to deal with a very large increment of students, many of whom will bring with them problems of considerable complexity. The war veterans will be several years older than students usually are, they will be matured in experience and judgment, they will be motivated in their selection of university work by definiteness of purpose and the consciousness of time lost, and they will probably be limited in the time they can spend in the University by the terms of their scholarships or by their own desire to get into occupations.

A year ago the Provost appointed a Committee on Rehabilitation to draw up plans for the reception of returning veterans. Its report, made to the Provost and the University War Committee was then submitted for implementation to the University Senate.<sup>1</sup> Committees on Educational Policy and Admissions from Higher Institutions. These Committees reported to the Provost in September, 1943. Certain differences of opinion developed between the three committees as to the handling of various details. But all three were agreed on the importance of creating at once a University committee or instrument for the purpose of centralizing, in an authoritative agency, the business of gathering the necessary information and preparing the most effective organization for dealing with returning veterans.

The War Committee therefore asked the Educational Policy Committee to consider the advisability of recommending such an instrument or agency to the Senate, with whatever definition of scope and authority might be deemed suitable.

The Educational Policy Committee recognized from the beginning that no one can foretell the number of veterans who will require special services of a kind not supplied by the various colleges and schools. Therefore if a veterans' agency is to be created, it should have an organization sufficiently flexible to meet any eventuality.

In view of the inevitable variations and complexities of training and purpose of returning veterans, and in view of the predictable influx of civilian students, the Educational Policy Committee decided that a special agency for veterans will be imperative. Certainly most veterans will, sooner or later, adjust themselves to one or another curriculum; but many will be new to the University and will need guidance from an over-all view, and some of them will have reasonable objectives that can not be fulfilled by any existing curriculum. They will want to reach their objectives as quickly as possible; they will want to graduate, so as to have the guarantee of a university degree; but not all will necessarily want a degree in a specified curriculum. All these desires should be satisfied if they can be satisfied within reason and in accordance with the standards of a reputable university.

In proposing an agency which will be empowered, in certain instances, to plan courses of study and to recommend degrees, none of the Committees involved in this study has intended to make the University a charitable institution engaged in finding the easiest way for a group of men to whom it is agreed the country owes a debt of gratitude. It is to be assumed in the first place that the veteran's objective shall in the judgment of his advisers be practicable and reasonable, and in the second place that the course of study decided on shall be planned as carefully and as intelligently as any curriculum we offer. To take an example, a man who might wish to prepare himself for a specific job in South

<sup>1</sup>The University Senate is the general faculty of the University and consists of the Deans of the Colleges, Directors of the Schools, certain general educational and administrative officers, the Heads of all Departments (of instruction), and all members of the faculty of full professional rank. Under University Statutes it considers and makes recommendations to the Board of Trustees on matters relating to the educational policies and procedures of the University.

America might be allowed to combine certain courses in agriculture with other courses in business management and language.

The foregoing statement is based on the report and recommendations made by the Committee on Educational Policy and considered by the University Senate at a special meeting held for this purpose on January 17, 1944. The University Senate has approved for transmission to the Board of Trustees the following plan:

I. The University Senate believes that the problems, desires, and needs of returning veterans will be sufficiently complex to necessitate the creation of a University agency to serve them. It suggests that the agency be known as the Division of Special Services. It therefore recommends that a Division of Special Services be authorized, and that the facilities of the Division be restricted to men and women who have come from the Armed Services.

II. The purpose and function of this Division shall be:

1. To study the needs of the returning veteran.
2. To inform him of all the various services of the University, and to advise him in matters of educational aim and adjustment.
3. To help him to find among existing curricula the one which will best satisfy his purpose, and to assist in making such adjustments therein as may be desired by the student and accepted by the college or department in question.
4. To administer the educational programs of those veterans whose special needs are not satisfied by existing curricula.

III. It shall be understood that all veterans, on entering the University, shall have the privilege of applying for admission to any college or curriculum. They shall at all times have free access to the counselling services of the Division of Special Services, and may come under its direct supervision under these conditions:

1. If they so elect at the time of their first registration, and if they are accepted by the Division.
2. When they are referred to the Division by any school or college.
3. When they voluntarily transfer to the Division from any school or college, according to the usual University procedure.

IV. The Division of Special Services shall comprise:

1. A Director, who shall be chosen by the President from our own teaching faculty. Pending the arrival of veterans and the beginning of operations, he shall be appointed on a part-time basis; the amount of time he shall give thereafter shall be determined by the President.
2. An Executive Council of not fewer than five members, in addition to the Director as member *ex officio*. Its duties shall be to share with the Director the responsibilities of planning and administering the program of the Division. It shall be elected by the Senate, from a panel submitted by the Committee on Committees after consultation with the Director of the Division and the President of the University.
3. Such offices and clerical assistance as may be necessary.
4. An adequate budget.

V. The Director and the Council should be appointed as soon as possible, so that they may begin studying the needs of veterans and the best means of receiving, counselling, and providing for such students.

VI. For all students enrolled under its administration the Division shall be empowered to arrange programs of study leading to undergraduate degrees, and to certify those degrees to the Senate. Such degrees, however, shall be so phrased that they can not be subject to confusion with any other degrees offered by the University.

VII. Before the system is scheduled to begin operation, the Director shall present to the Senate for its information the general regulations under which the Division proposes to act.

VIII. The above recommendations are intended to apply only to the undergraduate colleges and schools on the Urbana campus, and we recommend that the Division of Special Services endure only until the needs of veterans have been satisfied.

One other matter should be explained in connection with these recommendations. The Rehabilitation Committee defined "veteran" in a broad sense, to include all students who have engaged in war industry. The Educational Policy Committee was of the opinion, and the Senate agreed, that no satisfactory distinction can be made between civilian students who have gone into war industry and those who may have been kept at home or away from college for other reasons. Nor did it seem likely to the Committee on Educational Policy that civilian "veterans" will present problems of the complexity to be expected from armed service veterans. Accordingly, the Committee was of the opinion that the Division of Special Services should either be open to all qualified students, or should be restricted to those returning from the armed services. To follow the first plan would be equivalent to establishing a kind of University College. Such a proposal lies outside the scope of the problem as presented to the Educational Policy Committee, and would require long and detailed study, and it therefore proposed restricting the operation of the Division to men and women of the armed services.

I concur in the recommendations of the Senate. In my judgment it has presented a plan and organization for an educational program of University grade designed to meet the needs and desires of returning war veterans. It has the necessary flexibility to deal effectively and, what is equally important, promptly with a variety of complex individual problems. While it may require amendment from time to time in the light of experience, in principle, and in fundamental ground work, it is sound, progressive educational legislation. In my judgment it will place the University of Illinois in a leading position in providing a service for men and women who deserve the best that can be given them in the field of higher education, not only as a matter of simple justice but in the interest of national welfare.

On motion of Mrs. Grigsby, these recommendations were approved and adopted.

#### **CHANGES IN HOSPITAL AND MEDICAL SERVICE INSURANCE**

(7) The Board of Trustees on December 18, 1943 (Minutes, page 791), approved a recommendation providing for exemption from the Hospital and Medical Service fee "for students who submit evidence of participation in any other group insurance systems providing the same benefits as those covered by the University fee," effective the second semester of 1943-1944. It also directed the Comptroller to communicate this action to the Occidental Life Insurance Company and to determine what, if any, changes in its policy of insurance would be necessary as a result of this action.

The Comptroller reports that the company has submitted an endorsement to its policy granting that exemption for the second semester of the current school year without change in rates, with the understanding that the question of continuation of that exemption for the third semester beginning June, 1944, will be a subject of later consideration and endorsement. This endorsement has been accepted on behalf of the Board.

This report was received for record.

#### **APPROPRIATION OF WOMEN'S RESIDENCE HALLS BALANCE**

(8) On May 28, 1940 (Minutes, page 941), the Board of Trustees directed that beginning with the year ended June 30, 1940, the surplus from operation of the Women's Residence Halls be carried to a special residence halls reserve, to be applied toward equipment in the new Men's Residence Hall, or for underwriting the loan on that building. The total thus set aside was \$60,806.93, from which on July 17, 1940 (Minutes, page 11), the sum of \$50,000 was appropriated toward equipment of the Men's Hall.

Two additional items of expenditure are proposed by the Physical Plant Department: (1) Installation of a zone system of temperature control, including purchase of equipment and installation by Physical Plant Department. (2) Name plates (wooden) for the halls to provide for temporary markings for these buildings as approved by the Board of Trustees until such time as more permanent markings are possible.

The Physical Plant Department requests that the temperature control equipment be purchased from C. A. Dunham Company, at its quoted prices, for reasons given in the memorandum submitted with this recommendation.

The Comptroller recommends and I concur: (1) That an appropriation of \$3,000 be made for equipment and construction in the Men's Residence Hall, from the Residence Hall Reserve. (2) That the purchase of one Dunham Three Zone Temperature Control System, from the Mid-State Engineering Company, C. A. Dunham Company representatives, at its quoted price of \$1,738.86 delivered, be approved.

On motion of Mr. Karraker, these recommendations were approved and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### IMPROVEMENTS IN GREGORY HALL AND CIVIL ENGINEERING SURVEYING BUILDING

(9) The following is a schedule of bids received on Wednesday, January 12, 1944, for (1) installation of a sewer line, ejector pump, and a sink in the basement of the Civil Engineering Surveying Building, and (2) installation of a new partition and related work in Room 309, Gregory Hall:

<i>Bidder</i>	<i>C.E.S.B.</i>	<i>Gregory Hall</i>
Corkery & Siems.....	\$665	\$1,804
E. N. DeAtley.....	625	1,464

The first item was requested by Dean Newcomb as essential to the work in the new Curriculum in Occupational Therapy, the first five semesters of which are given in the College of Fine and Applied Arts. The second item was considered by the Committee on Special Appropriations and Non-Recurring Expenditures, and was approved by that Committee subject to check as to cost. The alteration has been requested by the College of Education to provide a laboratory observation room for work in educational psychology.

The Physical Plant Department recommends and the Comptroller concurs in the award of a contract to the lowest bidder, E. N. DeAtley. An additional \$50 will be needed to cover architectural supervision and expense for the Engineering Surveying Building project, and \$161 will be required for similar services in connection with the work in Room 309, Gregory Hall, both sums in addition to the total bid of E. N. DeAtley (\$2,089), making a total of \$2,300. Funds are available in an unexpended balance from State capital appropriations for 1941-1943, refunded by the United States Navy.

Priorities have been received on both these projects, so that the work can proceed if and when a contract is awarded.

I recommend approval.

On motion of Mrs. Grigsby, this contract was authorized.

At this point, Dr. Luken took his place with the Board.

#### WORKING FUND FOR WRIGHT FARMS

(10) Professor J. B. Andrews, who has been placed in charge of the operation of the Wright Farms, reports through Dean Rusk that certain funds will be needed for necessary expenditures before income can be realized. If any cash is received from the estate such money could be used for a working fund. In the meantime, an assignment from the General Reserve is requested.

It is estimated that in the near future, before any income can be secured, the University's share of the purchase of feeding animals, feed, seed, necessary repairs, taxes, and incidental operating expenses, will equal or exceed \$12,000. This figure does not include an estimated amount of \$8,250 for purchase, from the estate, of landlord share of feed and equipment now on certain of these farms. If money is available to the University from the estate an allowance for this item can be made in final settlement, otherwise payment for it will have to be made at a later date.

Estimated cash income from the farms for the season 1944 is about \$16,000, but a portion of this income again would be required for working capital for the succeeding season.

The Comptroller recommends, and I concur, that an appropriation of \$13,000, to be used as long as needed, be made from the General Reserve as an operating fund for the Wright Farms, to be recouped as rapidly as practicable from cash received from the estate or from earnings of the farms.

On motion of Mr. Fornof, this appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Luken, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Meyer, Mr. Nickell.

#### INVESTMENT OF D. J. DAVIS LECTURESHIP FUND

(11) In presenting to the Board the D. J. Davis Lectureship Fund on December 18, 1943, the Committee made no stipulations as to investments. Under these circumstances, the fund would be subject to the trust investment statute of the State of Illinois.

The Committee now desires to modify the conditions of its gift to provide that the Board of Trustees shall exercise full freedom and discretion in the investment of this fund.

The Comptroller recommends approval and I concur.

On motion of Mr. McKelvey, this recommendation was adopted.

#### EWING COLLECTION TRUST AGREEMENT

(12) Mr. and Mrs. Spencer Ewing, of Bloomington, Illinois, and other members of the Ewing family have presented to the University of Illinois for the College of Fine and Applied Arts a collection of Balinese and East Indian art objects. A part of this collection will be retained by Mr. Ewing during his lifetime and on his death will come to the University; and part of it is being given to the University at once. Mr. Ewing is also giving the University \$500 for the purchase of permanent boxes or other containers for storing the collection until the University has an art gallery for the permanent display of these objects.

Mr. Ewing has also requested the University to enter into a trust agreement with him which has been prepared by his attorneys and is submitted herewith to the Board of Trustees. The agreement has been signed by all members of the Ewing family who have an interest in this collection.

The trust agreement has been examined by Judge Sveinbjorn Johnson who finds it in satisfactory form, but calls attention to the following provisions:

Paragraph (9) obligates the University to store and display the collection "only in fireproof vaults or buildings" and stipulates that the same "shall at all times be adequately protected from loss or damage by fire, theft or other casualty." The maintenance of insurance on this collection is a matter of discretion for the Board of Trustees.

In accepting this responsibility, the University agrees that it will hold the collection perpetually "in trust for the use of the College of Fine and Applied Arts of the University," and for the purposes stated in the trust instrument. In point of fact the University will hold the collection in trust "for the people of Illinois and the public" for whose "information and enjoyment," as well as for that of students at the University, the collection is to be held. The University therefore becomes the trustee, the students and the public the beneficiaries, and the settlors are the Ewings and Louise Ewing Dexter. The settlors, according to the trust instrument and Mr. Spencer Ewing's letter of December 10, have parted with "control of this collection," which has passed to the Board.

I recommend that the Board of Trustees accept this collection which in my judgment is a fine addition to the College of Fine and Applied Arts and that the Board authorize execution of the trust agreement.

On motion of Mr. Jensen, this gift was accepted and the officers of the Board were authorized to execute the trust agreement, and the President of the University was requested to send to Mr. and Mrs. Ewing an expression of the appreciation of the Board.

### PURCHASES RECOMMENDED AND AUTHORIZED

(13) The Comptroller recommends that the following purchases, submitted by the Purchasing Agent, be authorized:

1. Four items (8 oz. and 950 dwt.) of assorted precious metals, Williams gold alloys, for the Chicago Student Supply Store, from H. M. Dugan, the lowest bidder, at a total quoted price of \$1,519.29.

2. Otoscope and ophthalmoscope diagnostic sets (170), combination complete in cases with large battery handles, required for issuance to upper class students in the College of Medicine, from V. Mueller & Co., the lowest bidder, at a total quoted price of \$4,421.70 delivered. The sets are to be issued to A.S.T.P. and N.C.T.P. students through the Student Supply Store and represent required equipment for all upper class medical students.

A report of the following purchase proposed by the Purchasing Agent and authorized by the Comptroller as an emergency action: 2200 bushels No. 2 yellow shelled corn, for the Animal Husbandry Feed Storage, from the Fithian Grain Company at a base price of \$1.08 a bushel delivered.

I concur.

On motion of Mr. McKelvey, these purchases were authorized as recommended.

### REPORT OF FINANCE COMMITTEE ON ENGAGEMENT OF AUDITORS

At this point, Mr. Karraker presented the following report.

The Finance Committee has considered the matter of the engagement of auditors for the University and affiliated organizations for the fiscal year ending June 30, 1944, and recommends that the firm of Arthur Young & Company of Chicago be again engaged for these audits, their services to be charged on a per diem basis plus expenses, with the understanding that these will not exceed the following amounts, including traveling expenses, which are the same as for the year 1942-1943: General University Audit—\$3,500; University of Illinois Foundation—\$500; Athletic Association—\$300.

It is understood that if the audit discloses extraordinary matters which should be investigated beyond the scope of the usual examination, the auditors will be compensated for such additional work as may be necessary after arriving at an understanding with the Finance Committee.

O. M. KARRAKER, *Chairman*

F. H. MCKELVEY

C. R. DAVIS

On motion of Mr. Karraker, these recommendations were adopted.

### COMMITTEE ON FACULTY-GRADUATE STUDENT CENTER

(14) In the agreement with the University Club of Urbana it was stipulated that a joint committee would be created to bring the proposal of a Faculty-Graduate Student Center to the attention of various groups who might be concerned and to promote in other appropriate ways the realization of the project.

It is desirable that such a committee be appointed in the near future, and the following representation is suggested: University Club of Urbana—4 persons to be appointed by the Club; University of Illinois Women's Club—3 persons to be appointed by the Club; Alumni Association—1 person to be appointed by the Association; University—3 persons to be appointed by the President; Board of Trustees—1 or more members as the Board may decide, to be appointed by the President of the Board.

I request authority to set up a committee composed substantially in accordance with this outline and to appoint the chairman thereof. I also request the Board to determine the number of representatives it wishes on the committee, and to authorize appointment by the President of the Board.

On motion of Mr. Davis, this committee was authorized, and the President of the Board was designated to serve *ex officio* as the representative of the Board on this committee.

**CONTRIBUTIONS TO FACULTY-GRADUATE STUDENT  
CENTER TRUST FUND**

(15) In approving the purchase of the property of the University Club of Urbana (October 29, 1943, page 743) the Board agreed to establish a trust fund to be devoted to financing of a Faculty-Graduate Student Center Trust Fund. The Club agreed to try to secure contributions toward this fund and the Board agreed to match all money thus contributed during the biennium ending June 30, 1945.

The Club has now remitted to the University for credit to this fund the sum of \$4,451.92, representing the value of debentures of the Club contributed to the trust fund by holders.

An appropriation of an equal amount to the fund by the Board from the General Reserve should be made in accordance with the agreement.

On motion of Mr. Fornof, this remittance was accepted for the Faculty-Graduate Student Center Trust Fund; and the appropriation of \$4,451.92 was made to the fund in accordance with the agreement, subject to an approving legal opinion on the right of the Board to appropriate moneys to a trust fund to be used for expenditures deferred beyond the current biennium, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Luken, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Meyer, Mr. Nickell.

During the presentation of the following item, President Livingston, being called from the room, asked Mr. Davis to take the chair.

**QUIT CLAIM DEED OF REAL ESTATE IN TEXAS IN  
SETTLEMENT OF BOOTH ESTATE**

(16) As previously reported to the Board, the late Mr. Charles H. Booth of Galesburg bequeathed to the University certain farm lands in Knox County and other property, including real estate in Texas. The Board has previously authorized the Dean of the College of Agriculture to approve the sale of these properties, and the farm land in Knox County has already been sold. The Dean has also approved the sale of a parcel of property in Taylor, Texas, consisting of about 56 acres, for \$1,500. Counsel for the executor of the Charles H. Booth Estate has requested that the Board of Trustees execute a quit claim deed of this real estate and adopt a resolution authorizing the same so that a certified copy of the resolution may be sent to the purchaser of the real estate along with the executed quit claim deed. The following resolution is offered:

*Whereas*, the Board of Trustees of the University has authorized the sale of real estate bequeathed to the University by the late Charles H. Booth of Galesburg; and

*Whereas*, the executor of the estate has completed negotiations for the sale of a parcel of land consisting of about 56 acres, lying partly within the town of Taylor, Williamson County, Texas, belonging to the Booth Estate, to Elizabeth Nelson of Williamson County;

*Now, therefore, be it resolved*, that the Board of Trustees hereby confirms this sale and authorizes its President and Secretary to execute the following deed of quit claim unto the said Elizabeth Nelson.

THE STATE OF ILLINOIS, }  
COUNTY OF KNOX }

*Know all men by these presents*: That We, Addison J. Boutelle, as Executor of the Estate of Charles H. Booth, deceased, and the Board of Trustees of the University of Illinois, for and in consideration of Fifteen Hundred Dollars to us cash in hand paid by Elizabeth Nelson, a widow, of Williamson County, Texas, the receipt of which is hereby acknowledged, have *Quitclaimed*, and by these presents do *Quitclaim* unto the said Elizabeth Nelson all our and each of our right, title, interest, claim and demand in and to the hereinafter described tract of land, with all and singular, our and each of our right, title, interest, estate, claim and demand in and to the hereditaments and appurtenances thereto

belonging or in anywise pertaining unto that certain tract or parcel of land lying and being situated partly within the corporate limits of the town of Taylor, Williamson County, Texas, and described as follows, to-wit: Being about 56 acres of land out of the W. J. Baker Survey, and more particularly described as follows, to-wit:

Beginning at the southeast corner of a tract of 57 acres of land which was conveyed to Joseph Stasny by M. R. Kennedy, by deed dated January 1st, 1907, and recorded in Book 120, Page 122 of the Deed Records of Williamson County, Texas, said beginning corner being a stake in the south line of said W. J. Baker Survey, distant south  $71^{\circ}$  West 1336.9 varas from the original southeast corner of said survey, said stake being also the southwest corner of a tract of 151.88 acres of land conveyed by Curran Mendel and wife to George W. Burkitt, and also being the southeast corner of a tract of  $136\frac{2}{3}$  acres of land conveyed by J. S. Hildreth, et al, to said Curran Mendel and wife, by deed dated July 30th, 1889, and recorded in volume 50, Page 80, of the Deed Records of Williamson County, Texas; Thence North  $19^{\circ}$  West, with the east line of said  $136\frac{2}{3}$  acre tract, 784.8 varas to the southeast corner of the tract heretofore sold to Mark Jones; Thence south  $71^{\circ}$  West, with the south line of said Mark Jones Tract, 492 varas to the east line of the Charles Hague place; Thence south  $19^{\circ}$  west, with the east line of said Hague place, 552.98 varas to the northwest corner on the J. L. Woodward 10 acre tract; Thence north  $71^{\circ}$  east with the north line of said 10 acre tract, 225 varas to the northeast corner of same; Thence south  $19^{\circ}$  east with the east line of said 10 acre tract, 156.8 varas to a stake for corner; Thence north  $71^{\circ}$  east 54 varas to stake for corner; Thence south  $19^{\circ}$  east 97.2 varas to corner; Thence north  $71^{\circ}$  east 213 varas to the place of beginning, and containing 56 acres of land, more or less, and including that certain tract of one (1) acre out of the southeast corner of said above described tract of land conveyed by Jerome J. Stasny, et ux, to H. C. Ratcliff by deed dated January 8, 1931 and recorded in volume 263, page 430 of the Deed Records of Williamson County, Texas.

*To have and to hold* the above released rights, titles, interests, claims and demands in and to said above described land unto the said Elizabeth Nelson, her heirs and assigns, forever.

*In testimony whereof*, we have hereunto set our hands this the 18th day of January, A. D. 1944.

ADDISON J. BOUTELLE  
*As Executor of the Estate of*  
*Charles H. Booth, Deceased*

THE BOARD OF TRUSTEES OF  
THE UNIVERSITY OF ILLINOIS

By PARK LIVINGSTON  
*President*

Attest:

H. E. CUNNINGHAM  
*Secretary*

THE STATE OF ILLINOIS, }  
COUNTY OF CHAMPAIGN }

*Before me*, the undersigned authority, on this day personally appeared Park Livingston and H. E. Cunningham, known to me to be the persons and officers whose names are subscribed to the foregoing instrument, and acknowledged to me that the same was the act of the said *Board of Trustees of the University of Illinois*, a corporation, and that they executed the same as the act of such corporation for the purposes and consideration therein expressed, and in the capacity therein stated, and said Secretary, H. E. Cunningham, affixed the seal of the said corporation thereto.

*Given under my hand and seal of office* this the 4th day of February, A. D. 1944.

ANNA L. NEUBER  
*Notary Public in and for Champaign*  
*County, Illinois.*

THE STATE OF ILLINOIS, }  
COUNTY OF KNOX }

*Before me*, the undersigned authority, on this day personally appeared Addison J. Boutelle, Executor of the Estate of Charles H. Booth, Deceased,

known to me to be the person whose name is subscribed to the foregoing instrument, and acknowledged to me that he executed the same for the purposes and consideration therein expressed, and in the capacity therein stated.

*Given under my hand and seal of office this the 18th day of January, A. D.*

1944.

My Commission expires:  
March 11, 1947.

EDNA WEAVER

*Notary Public in and for Knox  
County, Illinois.*

The Comptroller commented on this matter.

On motion of Mr. McKelvey, the above resolution was adopted, subject to an approving legal opinion on the right of the Board to execute an instrument transferring real property outside the State of Illinois, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Luken, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Meyer, Mr. Nickell.

#### APPOINTMENT OF ALIENS TO THE FACULTY

(17) The following appointments to the faculty of non-citizens have been approved as an exception to the University policy because of their special qualifications and the difficulty of securing instructional personnel.

ROBERT MOSSÉ (Special Research Professor of Economics, University of Washington), as Visiting Professor of Political Science beginning February 1, 1944, at a salary of \$450 per month. This appointment is for service in the Army Specialized Training Program in Foreign Area and Language Study. Dr. Mossé, a native of France, has been appointed to this position because of his knowledge of languages and foreign affairs. He has applied for citizenship.

KURT EICHELBAUM, Assistant in Orthopaedic Surgery, beginning January 1, 1944, without salary. Dr. Eichelbaum is a native of Germany. He has applied for citizenship.

These appointments are for definitely limited periods, although they are subject to renewal if the services of these individuals are still required when the initial appointments terminate. Their future status as members of the University staff will also depend on their progress toward becoming naturalized citizens.

On motion of Mr. Davis, the action of the President in making these appointments was approved and confirmed.

#### CONTRACTS EXECUTED BY THE COMPTROLLER DECEMBER 14, 1943, TO JANUARY 21, 1944

(18) The Comptroller's report of contracts.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
Barium Reduction Corporation	Cooperative investigation of strontium carbonate	\$8,000	September 24, 1943
<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
Mid-State Engineering Company	Refrigeration work at the Ice Skating Rink	Estimated amount, \$540	October 1, 1943

Leases executed under general regulations of the Board of Trustees:

<i>With Whom</i>	<i>Property</i>	<i>Amount to be received by the University</i>	<i>Date</i>
California Packing Corporation, Midwest Division	Lease of farm number 3 of Wright estate	\$5,033.75	December 2, 1943
Owen A. Johnson and Irene K. Johnson	Lease of farm number 4 of Wright estate	Share in proceeds of farm operation	December 8, 1943
Francis P. Hart and F. Catherine Hart	Lease of farms numbers 6 and 7 of Wright estate	Share in proceeds of farm operation	December 8, 1943

This report was received for record.

**QUARTERLY REPORT OF THE COMPTROLLER**

(20) The quarterly report of the Comptroller to the Board of Trustees as at December 31, 1943.

The Comptroller commented on the report, which was received for record.

**EXECUTIVE SESSION**

At this point, the Board went into executive session, and considered the following matter presented by the President of the University.

**GIFT FOR MEDICAL SCIENCE VISUAL EDUCATION**

A practicing physician who has long been interested in the University of Illinois College of Medicine and has made other gifts to it has presented the University with \$14,000 for the support of studies in the general field of medical science visual education. The only other condition attached to the gift is that so long as Professor Thomas S. Jones, Head of the Department of Illustration Studios, is on the faculty of the University the fund shall be used at his discretion and with the approval of the Dean of the College of Medicine for studies which Professor Jones is directing in the general field of medical science visual education.

It is Professor Jones's desire to use part of the fund for the purpose of financing a comprehensive study of medical museum and display techniques and the theory and methods of visual education generally, but particularly with reference to medical science education, as soon as it is possible for him to be granted a sabbatical leave of absence from the University for perhaps six months or longer. The results of the study would be published in monograph form. At present and for a few months to come Professor Jones is concentrating on a project of the Office of the Surgeon General of the Army preparing material for the publication of a surgical anatomy for medical officers, and this will be completed before Professor Jones undertakes the new project.

I have authorized acceptance of this gift for the purpose and under the conditions indicated and request confirmation of my action.

Since expenditures from this fund will be spread over a period of several years, Professor Jones and the Dean of the College recommend that \$10,000 be invested in appropriate securities and the income added to the principal account. This would leave \$4,000 available in cash for immediate use. I concur.

On motion of Mr. Jensen, the action of the President of the University in accepting this gift was approved and confirmed, and the Finance Committee was authorized to invest part of the fund as recommended.

**SALE OF BANK STOCK**

At this point, Mr. Karraker, for the Finance Committee, presented a recommendation that three shares of stock in the First National Bank in Champaign be sold.

On motion of Mr. Karraker, the Comptroller was authorized to sell this stock at the best price obtainable.

**UNIVERSITY OF ILLINOIS FOUNDATION**

After a discussion of the proper functions of the University of Illinois Foundation, the President of the Board was authorized, on motion of Mr. Karraker, to appoint a special committee of four members, in conference with the President of the University and the Directors of the Foundation, to formulate the functions of the Foundation and its relationship to the Board, and to report to the Board as soon as possible. This committee was empowered to employ such special counsel as it may deem advisable.

President Livingston appointed the following special committee: Mr. Fornof, Chairman, Mr. McKelvey, Mr. Jensen, Mr. Davis.

### UNIVERSITY AIRPORT

President Livingston introduced Mr. Amos H. Watts who reported on correspondence with the Civil Aeronautics Administration with respect to the resolution adopted by the Board on December 18, 1943 (Minutes, page 811). Mr. Watts stated that the Administration had taken exception to certain statements incorporated in the resolution, and had requested that the resolution be reconsidered and revised so that it should conform to the rules of the Administration and to similar arrangements in the case of other airports.

Mr. Watts recommended that the changes be approved by the Board as requested by the Civil Aeronautics Administration, and that the Secretary be authorized to supply such certified copies as the Administration may require.

After full discussion, the Board voted, on motion of Mr. McKelvey, to reconsider its action of December 18, 1943, as contained in pages 811 to 814 inclusive, under the heading "Resolution for Operation of Airport."

On motion of Mr. McKelvey, the action of the Board in adopting the above resolution was annulled, and the resolution was rescinded.

On motion of Mr. Davis, the resolution as amended, and as given below, was adopted, and the Secretary was instructed to supply properly certified copies, including the certification of the attorney and the sketch attached, to the Civil Aeronautics Administration. This action was taken by the following vote of record: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Luken, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Meyer, Mr. Nickell.

### RESOLUTION

#### CONSTITUTING AGREEMENT WITH UNITED STATES RELATIVE TO OPERATION AND MAINTENANCE OF THE UNIVERSITY OF ILLINOIS AIRPORT

*Whereas* the Administrator of Civil Aeronautics of the United States Department of Commerce (hereinafter referred to as the "Administrator"), with the approval of a Board composed of the Secretary of War, the Secretary of the Navy, and the Secretary of Commerce, has designated as necessary for national defense a project (herein called the "Project") for the development of the University of Illinois Airport (herein called the "Airport"), which project is identified as 904-11-17.

*Whereas* as a condition precedent to release and operation of the project, the Administrator requires that the University have certain property interests in the landing area of the Airport and the lands to be improved under the project and enter into an agreement with the United States (herein called the "Government") in the manner and form hereof; and

*Whereas* the University is legally, financially and otherwise able to enter into such an agreement and desires to avail itself of the benefits of prosecution of the project:

*Now, Therefore*, Be It Resolved by the Board of Trustees of the University of Illinois:

*Section 1.* That for and in consideration of the development of the Airport by the Government, as contemplated by the project, the University does hereby covenant and agree with the Government as follows, this agreement to become effective upon the award of any construction contract for any portion of the project or the inauguration of any portion of the project under force account, and to continue in full force and effect during the useful life of any improvements made under the project:

(a) The Government shall have the right to determine what improvements are to be made under the project, and the manner in which the project is to be

conducted, the amount of the Federal funds to be expended, and all other matters relating to the project. The University will cooperate with the Government to ensure prosecution of the project without interference or hindrance, and agrees to permit the agents and employees of the Government and all persons authorized by the Administrator to enter upon, use, and occupy the property to be developed, as the Administrator may deem necessary or desirable in connection with the conduct of the project.

(b) The University agrees to indemnify and save harmless the Government against and from any and all claims and damages which may arise from or in connection with the carrying out of the project, excepting claims for injuries or death to persons resulting from willful or negligent acts or omissions of the Government or any of its officers, employees, agents, or agencies, all other claims sounding in tort, and claims for materials furnished or work performed pursuant to authority given by officers, employees, or agents of the Government.

(c) It is understood and agreed that all improvements made under the project shall be the sole and absolute property of the University except where specifically agreed otherwise, in writing, prior to the undertaking of the improvement or installation in question.

(d) The University agrees that, continuously during the term of this agreement, the Airport will be operated as such, and for no other purpose, and that unless utilized exclusively for military purposes, it will at all times be operated for the use and benefit of the public, on reasonable terms and without unjust discrimination, and without grant or exercise of any exclusive right for use of the Airport within the meaning of Section 303 of the Civil Aeronautics Act of 1938.

Without limiting the generality of the phrase "use and benefit of the public," it shall be deemed to include whatever use the University shall make of the project in connection with the development and execution of its civil and military research and educational programs, whether at Champaign-Urbana or in collaboration with its laboratories in Chicago; and such use by the University shall, in the discretion of the Board of Trustees of the University and the Administrator, have first preference over any other use, except such as the United States may require in time of emergency or otherwise.

(e) The University agrees that it will at all times during the term of this agreement maintain in good and serviceable condition and repair the entire landing area of the Airport and all improvements, facilities and equipment which have been or may be made, constructed, or installed with Federal aid, including all improvements made under the project, other than facilities and equipment owned by the Government; provided, that during any period the said landing area or airport improvements, facilities or equipment are leased by or licensed to the Government for military purposes, the University shall be obligated to bear only that proportion of the expense of maintenance of the landing area or airport improvements, facilities, or equipment so leased or licensed, which their non-military use bears to their total use.

(f) In so far as is within its legal powers and reasonably possible, the University will prevent any use of land either within or outside the boundaries of the Airport, including the construction, erection, alteration or growth, of any structure or other object thereon, which would be a hazard to the landing, taking-off, or maneuvering of aircraft, at the Airport, or otherwise limit its usefulness as an Airport.

(g) In order to protect the rights and interests of the Government under this resolution, the University agrees that it will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency or unless such transaction be approved by the Administrator. The University of Illinois further agrees that it will not execute any deed, lease, operation or management agreement, or other instrument affecting the Airport or any portion or facility thereof or interest therein, even though the other party to the transaction is the Government acting through the War Department or Navy Department, unless thirty days' notice of its intention so to do has been given to the Administrator, or unless the Administrator has waived the right to such notice. A copy of the proposed instrument in question shall be attached to said notice, which shall state the date upon which the same is to be executed.

(h) The University agrees that if requested to do so by the War Department or Navy Department, at any time during a national emergency declared by the President, it will lease the landing area of the Airport to the Government for military or naval use, at a nominal rental, for a term of one year, renewable annually at the option of the Government for such period as the Government may designate; provided, that the lease shall contain an express stipulation that its term shall not exceed the duration of the national emergency and six months thereafter unless an extension thereof is approved by the Administrator. Such lease shall also contain a covenant on the part of the Government to permit, by instruments in writing, use of the leased premises by commercial, private, and other non-military aircraft to the extent possible without interfering with military operations, and to bear all of the expense of maintaining and keeping in good repair the leased premises and all improvements and facilities thereon, other than that proportion of the cost of such maintenance for which the University assumes responsibility under Section 1(e) hereof. The University further agrees that during all times that the landing area of the Airport is not held by the Government under lease the Government shall have the right to use such area in common with others, without charge, to the extent possible without requiring limitation of non-military operations.

(i) The University has been requested to acquire certain parcels of land in addition to those already owned in fee simple and so certified in this resolution and the University agrees that in addition to the lands to which it has title in fee simple as described in subdivision (a) of Section 2 hereof, it will with all reasonable speed and dispatch acquire the following described lands, to wit:

The Southwest Quarter of the Northeast Quarter of Section 3;  
A rectangular tract of approximately one acre out of the Southeast Corner of the East Half of the Southeast Quarter of the Northwest Quarter of Section 10; and  
The Northwest Quarter of the Southeast Quarter of Section 10;  
All of the above being in Township 18 North, Range 8 East of the Third Principal Meridian.

The above described lands comprise a relatively small part of the total land necessary for this project and the University has been advised that the project may be started without these lands. The University is now in the process of acquiring said above described lands and said University will proceed as rapidly as possible with the acquisition thereof, to the end that they will be acquired at the earliest possible date, and that when the fee simple title to said lands has been acquired that this resolution will be modified to include the same, being all of the land necessary for the completion of the project.

Section 2. In order to satisfy the Government that the University is qualified to sponsor the project under the project eligibility requirements of the Civil Aeronautics Administration and to induce the Government to proceed with the project in accordance with the offer made by the University in Section 1 hereof, the University does hereby represent and warrant to the Government as follows:

(a) The University has title in fee simple to all lands comprising the landing area of the Airport and to all lands to be improved under the project, which lands are shown on the sketch attached hereto as a part of Exhibit "A" except the following lands which the University has been requested to acquire, to wit:

The Southwest Quarter of the Northeast Quarter of Section 3;  
A rectangular tract of approximately one acre out of the Southeast Corner of the East Half of the Southeast Quarter of the Northwest Quarter of Section 10; and  
The Northwest Quarter of the Southeast Quarter of Section 10;  
All of the above being in Township 18 North, Range 8 East of the Third Principal Meridian.

and that said lands except the above described tracts are held by the University free from any lien, lease, easement, or other encumbrance, except the right of former owners and present tenants in possession to remain in possession until March 1, 1944 for removal of growing crops, fences and certain buildings or to occupy residences located thereon.

The above described lands which the University has been requested to acquire constitute a relatively small part of the total of the land necessary for the project and are now in the process of being acquired and the University has been advised that the project may be started without these lands.

(b) That the University has the power and authority to adopt this resolution through its Board of Trustees and to perform all of the covenants contained herein, subject only to such legislation as may hereafter be enacted by the General Assembly of the State of Illinois.

(c) That the University is financially and practically able to perform all of the covenants contained in this resolution.

(d) That there is no pending or threatened litigation or other legal proceeding, and no material and relevant fact, which might adversely affect the prosecution of the project, the operation of the Airport, or the performance of any of the covenants contained in Section 1 hereof, which has not been brought to the attention of the Administrator.

(e) That the Board of Trustees of the University is the proper body to adopt this resolution and has complied with all requirements of law in so doing.

(f) That such of the above representations and warranties as involve questions of law are made upon the advice of Chapman and Cutler, counsel of the University, whose certificate as to such matters has previously been delivered to the Board of Trustees and is annexed hereto and made a part hereof, as Exhibit "A."

*Section 3.* That Chapman and Cutler be and they are authorized and directed to furnish the Administrator copies of all documents representing or evidencing the encumbrances described in Section 2(a) hereof, together with such legal and factual information relative to the Airport, the project and this resolution as the Administrator may reasonably request.

*Section 4.* That five certified copies of this resolution be sent forthwith to the Administrator, through the Regional Manager of the Civil Aeronautics Administration, 608 South Dearborn Street, Chicago, Illinois.

*Section 5.* That this resolution shall be effective immediately.

I approve of the adoption of the foregoing resolution.

Approved as to Form:

AMOS H. WATTS, Atty.

PARK LIVINGSTON

*President of the Board of Trustees  
of the University of Illinois*

We, *Chapman and Cutler*, the duly appointed and qualified counsel of the University of Illinois, having read the proposed resolution heretofore submitted to the Board of Trustees of the University of Illinois by the Administrator of Civil Aeronautics, the adoption of which is required as a condition precedent to the prosecution of a Civil Aeronautics Administration national defense project for the development of the University of Illinois Airport, CAA Docket Number 904-11-17, do hereby certify:

1. That the University of Illinois has title in fee simple to all of the lands comprising the landing area of said Airport, which lands are shown on the attached sketch, and that said lands are held free from any lien, lease, easement or other encumbrances other than the taxes for the year 1943, payable in the year 1944 and the right of the former owners and present tenants in possession to occupy the residences located thereon and to remove therefrom growing crops, fences and certain buildings on or prior to March 1, 1944, all as evidenced by guarantee policies covering said properties issued by the Chicago Title and Trust Company, which we have examined and believe to be reliable and upon which we have relied in making this certificate.

2. That the University of Illinois with respect to all other lands to be improved under the above project, which lands are also shown on the attached sketch, is now in the process of acquiring the following described tracts of land:

(a) The Southwest Quarter of the Northeast Quarter of Section 3;

(b) A rectangular tract of approximately one acre out of the Southeast Corner of the East Half of the Southeast Quarter of the Northwest Quarter of Section 10; and

(c) The Northwest Quarter of the Southeast Quarter of Section 10;  
All of the above being in Township 18 North, Range 8 East of the Third Principal Meridian.

With the exception of parcel (b) above, all of said tracts are now under contract for purchase. With respect to the property in parcel (c) above, earnest money has been paid awaiting the clearing up of objections to the title to said property.

It is estimated that the above described tracts can be acquired on or before March 1, 1944.

3. That the University of Illinois has the power to adopt said resolution through its Board of Trustees and to perform all of the covenants and conditions contained therein, subject only to the limitations that may hereafter be imposed by the General Assembly of the State of Illinois in respect to appropriations or other regulations.

4. That there is no pending or threatened litigation or other legal proceedings which might adversely affect the prosecution of said project, the operation of said Airport, or the performance of any of the covenants contained in said resolution.

Dated this 26th day of January, 1944.

CHAPMAN AND CUTLER

CERTIFICATE OF SECRETARY OF THE BOARD OF TRUSTEES  
OF THE UNIVERSITY OF ILLINOIS

I, H. E. Cunningham, the duly elected, qualified and acting Secretary of the University of Illinois do hereby certify that the foregoing resolution was legally adopted at a meeting of the Board of Trustees of the University of Illinois, duly held on the 26th day of January, 1944, and that said resolution has been compared by me with the original thereof on file in my office and is a true copy of the whole of said original.

I further certify that there was attached to said resolution at the time of its adoption an attorney's certificate and sketch of which the certificate and sketch annexed hereto are true copies.

*In witness whereof*, I have hereunto set my hand and the seal of the University of Illinois, this 26th day of January, 1944.

H. E. CUNNINGHAM  
Secretary

**SALE OF ROSELAWN CEMETERY LOTS**

MCCLURE, GORDON W., Assistant in Physics, in the College of Engineering, on one-half time, for four months beginning February 1, 1944, at a salary at the rate of one hundred thirty-one dollars twenty-five cents (\$131.25) a month. (December 30, 1943)

McFALL, LOANNA, Assistant Clerk-Typist in the Department of Home Economics, in the Extension Service in Agriculture and Home Economics, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (January 14, 1944)

MCGANN, KATHRYN L., Head Nurse in the Research and Educational Hospitals, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand nine hundred forty-four dollars (\$1944) a year; for her convenience she will also be furnished one meal daily, valued at ninety-six dollars (\$96) a year, while on duty (this supersedes her previous appointment). (January 7, 1944)

MCLAUGHLIN, JANE ROSE, Supervising Nurse in the Research and Educational Hospitals, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of two thousand one hundred eighty-four dollars (\$2184) a year; for her convenience she will also be furnished one meal daily, valued at ninety-six dollars (\$96) a year, while on duty (this supersedes her previous appointment). (January 7, 1944)

MERRITT, EUNICE, Head Nurse in the Research and Educational Hospitals, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand six hundred fifty-six dollars (\$1656) a year; for her convenience she will also be furnished room and board, valued at three hundred eighty-four dollars (\$384) a year, while on duty (this supersedes her previous appointment). (January 7, 1944)

MOSELEY, MAYNARD F., Assistant in Botany, on one-half time, for ten months beginning September 1, 1943, at a salary of six hundred dollars (\$600) (on leave of absence for 1943-1944, without salary, for military service). (December 30, 1943)

MOSSE, ROBERT, Visiting Professor of Political Science, beginning February 1, 1944, and continuing through April 30, 1944, at a salary at the rate of four hundred fifty dollars (\$450) a month. (January 19, 1944)

MOYER, DOROTHEA EILEEN, Assistant Clerk-Stenographer in the Extension Service in Agriculture and Home Economics, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of ninety dollars (\$90) a month. (December 29, 1943)

MURPHY, MRS. DOROTHY A., Senior Office Appliance Operator in the Accounting Division of the Comptroller's Office, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifty dollars (\$150) a month (this supersedes her previous appointment). (January 17, 1944)

MURPHY, WILLIAM DELMER, Assistant State Supervisor of Emergency Farm Labor, in the Extension Service in Agriculture and Home Economics, for one month beginning January 1, 1944, at a salary of three hundred dollars (\$300). (January 5, 1944)

MURRAY, DON M., Assistant in English, for ten months beginning September 1, 1943, at a salary of one thousand five hundred dollars (\$1500) (on leave of absence for 1943-1944, without salary, for military service). (December 30, 1943)

NEAL, CHARLES D., Cooperating Teacher in the College of Education, for the first semester of the academic year 1943-1944, without salary. (January 12, 1944)

NEWMAN, SADELL, Senior Clerk-Stenographer in the Department of Psychiatry, in the College of Medicine, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty dollars (\$140) a month (this supersedes her previous appointment). (December 29, 1943)

NICHOLS, GRACE V., Assistant File Clerk in the Outpatient Department, in the Research and Educational Hospitals, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month (this supersedes her previous appointment). (January 14, 1944)

OHLER, EDWIN ALLEN, Assistant in Physiology, in the College of Medicine, for seven months beginning February 1, 1944, at a salary at the rate of two thousand dollars (\$2000) a year. (December 21, 1943)

OZSEL, A. MUNCI, Special Research Assistant in Civil Engineering, in the Engineering Experiment Station, beginning January 1, 1944, and continuing until further notice, at a salary at the rate of two hundred twenty-five dollars (\$225) a month (this supersedes his previous appointment). (January 5, 1944)

PAGERS, FLORENCE I., Junior File Clerk in the Admitting Clinic, in the College of Dentistry, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month (this supersedes her previous appointment). (January 17, 1944)

PICKERING, ROXY, Senior X-ray Technician in the Department of Radiology, in the College of Medicine, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred eighty-six dollars (\$186) a month (this supersedes her previous appointment). (January 21, 1944)

PING, LELA MAE, Cooperating Teacher in the College of Education, for the first semester of the academic year 1943-1944, at a compensation to be paid at the rate of five dollars (\$5) for each semester hour of practice teacher registration but not to exceed a total compensation of fifty dollars (\$50). (January 12, 1944)

POWERS, LUCILLE BERNICE, Assistant in Home Economics, in the College of Agriculture, on one-half time, for five months beginning February 1, 1944, at a salary at the rate of sixty-six dollars (\$66) a month (this supersedes her previous appointment). (January 20, 1944)

RADEK, ANTOINETTE, Assistant Director of Nursing Service in the Research and Educational Hospitals, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand nine hundred eighty dollars (\$1980) a year; for her convenience she will also be furnished room and board, valued at three hundred eighty-four dollars (\$384) a year, while on duty (this supersedes her previous appointment). (January 7, 1944)

RAMSEY, EVA, Head Nurse in the Research and Educational Hospitals, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand nine hundred forty-four dollars (\$1944) a year; for her convenience she will also be furnished one meal daily, valued at ninety-six dollars (\$96) a year, while on duty (this supersedes her previous appointment). (January 7, 1944)

RAPOPORT, ANITA E., Instructor in Anaesthesia, in the Department of Surgery, in the College of Medicine, for eight months beginning January 1, 1944, at a salary at the rate of two hundred fifty dollars (\$250) a month; for her convenience she will also be provided with room and board valued at three hundred eighty-four dollars (\$384) a year, while on duty (this supersedes her previous appointment). (December 16, 1943)

RAWLINGS, MRS. DOROTHY STAHLER, Instructor in Physical Education for Women, on seven-eighths time, for five months beginning February 1, 1944, at a salary at the rate of two hundred twenty dollars (\$220) a month (this supersedes her previous appointment). (January 18, 1944)

REED, SARAH REBECCA, Junior Library Assistant in the Loan Department of the Library, beginning January 15, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred

forty-five dollars (\$145) a month (this supersedes her previous appointment). (January 19, 1944)

REIBSTEIN, BEVERLY, Junior Clerk-Typist in the Chicago Division of the Comptroller's Office, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (January 21, 1944)

SCHAAP, WARD B., Assistant in Chemistry, on one-half time, for four months beginning February 1, 1944, at a salary at the rate of eighty-two dollars fifty cents (\$82.50) a month. (December 21, 1943)

SCHAEFFER, EVERETT WILLIAM, Assistant in Anaesthesia, in the Department of Surgery, in the College of Medicine, for six months beginning January 1, 1944, without salary. (December 24, 1943)

SHELL, RUTH IRENE, Junior Clerk-Typist in the Office of the University Press, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month (this supersedes her previous appointment). (January 19, 1944)

SCHILDEIN, MRS. CLARA W., Junior Stores Clerk in the Chicago Division of the Comptroller's Office, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred thirty dollars (\$130) a month (this supersedes her previous appointment). (January 21, 1944)

SCOTT, EMMA KATHRYN, Supervising Nurse in the Research and Educational Hospitals, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of two thousand one hundred eighty-four dollars (\$2184) a year; for her convenience she will also be furnished one meal daily, valued at ninety-six dollars (\$96) a year, while on duty (this supersedes her previous appointment). (January 7, 1944)

SMITH, DOLORES, Assistant Clerk in the Outpatient Department, in the Research and Educational Hospitals, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). January 14, 1944)

STICKLEN, RALPH WILLIAM, Junior Clerk-Typist in the Military Department, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month (this supersedes his previous appointment). (December 30, 1943)

STRANO, HELEN VERA, Junior Clerk-Stenographer in the Chicago Division of the Comptroller's Office, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred thirty-seven dollars fifty cents (\$137.50) a month (this supersedes her previous appointment). (January 21, 1944)

TAYLOR, LESLIE, Head Cashier in the Chicago Division of the Comptroller's Office, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of two hundred dollars (\$200) a month (this supersedes his previous appointment). (January 17, 1944)

THOMAS, MARGARET K., Head Nurse in the Research and Educational Hospitals, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand nine hundred forty-four dollars (\$1944) a year; for her convenience she will also be furnished one meal daily, valued at ninety-six dollars (\$96) a year, while on duty (this supersedes her previous appointment). (January 7, 1944)

TYSTAD, MARGARET, Supervising Nurse in the Research and Educational Hospitals, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of two thousand one hundred eighty-four dollars (\$2184) a year; for her convenience she will also be furnished one meal daily, valued at ninety-six dollars (\$96) a year, while on duty (this supersedes her previous appointment). (January 7, 1944)

WACHOWSKI, THEODORE JOHN, Assistant Professor of Radiology, in the College of Medicine, and Assistant Director and Chief of X-ray Therapy, in the Outpatient Tumor Clinic, in the Research and Educational Hospitals, on one-half time, for seven months beginning February 1, 1944, at a salary at the rate

of three thousand dollars (\$3000) a year (this supersedes his previous appointment). (January 15, 1944)

WEIBEL, ROLAND OSCAR, Associate in Crop Production and Plant Genetics, in the Department of Agronomy, in the Agricultural Experiment Station, beginning January 15, 1944, and continuing through August 31, 1944, at a salary at the rate of two thousand seven hundred fifty dollars (\$2750) a year. (December 30, 1943)

WEINMAN, CARL JOHN, Special Research Assistant in Entomology, in the Agricultural Experiment Station, for eight months beginning January 1, 1944, at a salary at the rate of three hundred dollars (\$300) a month (this supersedes his previous appointment). (January 5, 1944)

WELLS, LORNA G., Junior Clerk-Stenographer in the Office of the Dean of Women, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (January 15, 1944)

WHITING, GERALDINE, Senior Office Appliance Operator in the Accounting Division of the Comptroller's Office, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifty dollars (\$150) a month (this supersedes her previous appointment). (January 3, 1944)

WORTHINGTON, MAJOR HENRY, Superintendent of the Research and Educational Hospitals, subject to University Civil Service rules, and Superintendent of the Outpatient Department, for one year beginning September 1, 1943, at a salary of five thousand nine hundred dollars (\$5900); for his convenience he will also be provided with an apartment valued at three hundred sixty dollars (\$360) a year (this supersedes his previous appointment). (January 4, 1944)

ZAHORSKY, MRS. METTA V., Assistant in Home Economics, in the College of Agriculture, for five months beginning February 1, 1944, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (January 5, 1944)

#### RESIGNATIONS, DECLINATIONS, AND CANCELLATIONS

The Secretary presented also for record the following list of resignations, declinations, and cancellations.

ANDERSON, ALICE E., Cooperating Teacher in the College of Education—cancellation effective at the beginning of the first semester of the academic year 1943-1944.

ATTEBERRY, MRS. EULALIE M., Junior Clerk-Stenographer in the Department of Forestry, in the Extension Service in Agriculture and Home Economics—resignation effective December 15, 1943.

BLOEM, HAROLD HARRY, Assistant in Physics, in the College of Engineering—resignation effective February 1, 1944.

BRYAN, ENOCH M., Assistant in Anaesthesia, in the Department of Surgery, in the College of Medicine—resignation effective December 1, 1943.

CRAFT, IRENE LOUISE, Junior Library Assistant in the Departmental Libraries—resignation effective January 1, 1944.

CRAMER, MRS. ROSE FULTON, Junior Library Assistant in the Binding Department of the Library—resignation effective February 6, 1944.

GENTER, CLARENCE FREDERICK, Associate in Vegetable Crops, in the Department of Horticulture, in the Agricultural Experiment Station—resignation effective at the close of business, January 31, 1944.

GERGEN, MRS. EUNICE LANCE, Head Nurse in the Research and Educational Hospitals—resignation effective February 1, 1944.

GLEDHILL, MARTHA FRANCES, Instructor in Physical Education for Women—resignation effective December 29, 1943.

HART, MRS. VIRGINIA, Head Nurse in the Research and Educational Hospitals—resignation effective January 4, 1944.

HESSELSCHWERDT, MRS. FRANCES H., Assistant Clerk-Stenographer in the Department of Operative Dentistry, in the College of Dentistry—resignation effective at the close of business, January 9, 1944.

HUGHES, EARL MULFORD, Assistant Professor of Agricultural Economics Extension, in the Extension Service in Agriculture and Home Economics—resignation effective January 16, 1944.

JEWELL, VICTOR G., Cooperating Teacher in the College of Education—cancellation effective at the beginning of the first semester of the academic year 1943-1944.

KEIRANS, MARYHELEN, Junior Clerk-Stenographer in the Department of Surgery, in the College of Medicine—resignation effective January 9, 1944.

KIRK, MRS. MAE MALONEY, Junior Clerk-Stenographer in the College of Liberal Arts and Sciences—resignation effective January 10, 1944.

KREMERS, HOWARD E., Fellow in Chemistry—resignation effective January 1, 1944.

LAMB, VIRGINIA, Senior Clerk-Stenographer in the Department of Psychiatry, in the College of Medicine—resignation effective January 1, 1944.

MARKLEY, MARGARET, Junior Library Assistant in the Loan Department of the Library—resignation effective January 7, 1944.

McKINNEY, DORIS J., Assistant Clerk-Typist in the Department of Animal Husbandry, in the Extension Service in Agriculture and Home Economics—resignation effective December 25, 1943.

MERRILL, MRS. WINIFRED WEBER, Junior Clerk-Stenographer in the Superintendent's Office of the Research and Educational Hospitals—resignation effective January 11, 1944.

PARRISH, BARNARD DACK, Associate in Agricultural Economics, in the Agricultural Experiment Station—resignation effective January 29, 1944.

PICON-SALAS, MARIANO, Visiting Professor of Spanish—resignation effective February 1, 1944.

RABJOHN, NORMAN, Instructor in Chemistry—resignation effective February 1, 1944.

RICH, JOSEPH MCELROY, Research Assistant in the Personnel Bureau—resignation effective January 11, 1944.

RINDER, CARL O., Assistant Professor of Medicine (Rush)—declination effective September 1, 1943.

RIZZO, MARY, Assistant Clerk in the Health Service of the Chicago Departments—resignation effective December 5, 1943.

SATTERTHWAITE, BARBARA, Assistant Laboratory Assistant in the Department of Radiology, in the College of Medicine—resignation effective September 30, 1943.

SCHROEPEL, MRS. BERTHA L., Junior Library Assistant in the Catalog Department of the Library—resignation effective January 17, 1944.

THOMAS, MRS. MARTHA VAUGHT, Instructor in Physical Education for Women—resignation effective February 1, 1944.

UNDERWOOD, DOROTHA, Junior Clerk-Stenographer in the Office of the Dean of Women—resignation effective January 31, 1944.

WELTON, MRS. JEAN M., Library Assistant in the Departmental Libraries—resignation effective February 6, 1944.

WILKINS, CHARLES THOMPSON, Assistant in English—resignation effective December 15, 1943.

The Board adjourned, to meet on call of the President.

H. E. CUNNINGHAM  
*Secretary*

PARK LIVINGSTON  
*President*

**MEETING OF THE BOARD OF TRUSTEES**

**OF THE**

**UNIVERSITY OF ILLINOIS**

---

**February 24, 1944**

The February meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 11 a.m. on Thursday, February 24, 1944.

The following members were present: President Livingston, Mr. Davis, Mr. Forno, Mr. Jensen, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. I. L. Porter, Treasurer, and Mr. J. F. Wright, Director of Public Information.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of January 26, 1944.

On motion of Mr. Jensen, the minutes were approved as printed on pages 829 to 860 above.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**SABBATICAL LEAVES OF ABSENCE DURING 1944-1945**

(1) A recommendation that the following members of the faculty be given sabbatical leaves of absence during the academic year 1944-1945 in accordance with the provisions of the University Statutes, for one-half year, the first semester, on full pay: Assistant Professor Stanley Fletcher, School of Music; Professor J. W. Albig, Department of Sociology; Professor V. E. Shelford, Department of Zoology.

In each case the head of the department and the Dean have stated that provision will be made by the department for carrying on the work of the absentee without additional expense to the University.

On motion of Mr. Davis, these leaves were granted as recommended.

**LEAVES OF ABSENCE**

(2) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case, which are in accordance with the regulations of the Board governing such leaves:

A. MARIE ANDERSON, Associate in Art, leave of absence without pay from February 1, 1944, and continuing indefinitely on account of illness. Miss Anderson has previously received the full amount of leave with pay or without pay to which she is entitled under University regulations. She is now eligible to receive disability benefits from the University Retirement System.

HERMAN BERNARD DORNER, Professor of Floriculture in the Department of Horticulture, sick leave with full pay from November 9, 1943, through February 29, 1944, or as much thereof as may be necessary. His work is being carried on by the Department of Horticulture without additional expense to the University.

NATHAN M. NEWMARK, Professor of Civil Engineering, sick leave with full pay from February 5 through February 29, 1944, or as much thereof as may be necessary. His work is being carried on by the members of the Department of Civil Engineering without additional expense to the University.

WILHELMINA MURPHY, Assistant Dietitian in the Research and Educational Hospitals Dietary Department, sick leave without pay from January 1 through April 30, 1944.

BERT YOUNG, Sub-Foreman in the Physical Plant Department, sick leave with pay from December 28, 1943, through February 29, 1944.

VERGIEALENA COOK, Maid at the Illini Union, sick leave without pay from December 17, 1943, through January 31, 1944.

RUSSELL HOWSER, Driver in the Physical Plant Department, leave without pay from January 12, 1944, through January 12, 1945, to permit him to accompany his wife out of town on account of her health.

EDWARD J. KREJCI, Examiner in the Admitting Clinic, College of Dentistry, sick leave with full pay from February 20 through March 20, 1944. Provision will be made for his work without additional expense to the University.

MRS. IDA SKINNER, Occupational Therapist and Teacher of Occupational Therapy, leave without pay from November 3, 1943, through August 31, 1944.

*Leaves of Absence for Military and Other War Service*

(The leave in each case is without pay.)

WALTER EMERSON GAMBLE, Meat Cutter, Department of Animal Husbandry, February 1 through August 31, 1944. (Navy)

ROBERT E. MADDOCK, Farm Laborer, Department of Dairy Husbandry, December 16, 1942, through August 31, 1944. (Navy)

PAUL L. SCHROEDER, Professor of Criminology, Social Hygiene, and Medical Jurisprudence and Head of the Department, and Director of the Institute for Juvenile Research; also Professor of Psychiatry; indefinite leave from January 20, 1944. (Army)

THOMAS ERWIN PHIPPS, Professor of Physical Chemistry, for eleven months beginning March 1, 1944. (Research at the Metallurgical Laboratory of the University of Chicago, directly contributing to the war effort.)

JOHN B. WINGERT, Assistant Professor and Assistant Chief in Floriculture, February 13 through August 31, 1944. (Navy)

E. KENNETH MUSSON, Instructor in Bacteriology and Public Health, College of Medicine, February 1 through August 31, 1944. (Army)

MRS. ELLEN L. FABERT, Senior Clerk-Stenographer, Forestry Department, March 12 through August 31, 1944. (Red Cross)

On motion of Mr. Davis, these leaves were granted as recommended.

#### SERVICES OF PROFESSOR JOHN A. FAIRLIE

(3) Dr. John A. Fairlie, Professor of Political Science, *Emeritus*, who retired September 1, 1941 (under the old Retirement System), has been asked to make a study for the American Council of Learned Societies of the administration of the Cultural Projects of the Works Progress Administration in Washington. The materials for this are in government offices in Washington. The service will involve half-time work for a period of from three to six months for which he will receive a salary of \$250 a month.

Since Professor Fairlie's services are not needed by the University of Illinois, I have authorized him to accept this commission in Washington on the salary indicated and to continue receiving his retirement allowance subject to final approval by the Board of Trustees. This advance authorization was given first because Professor Fairlie had to give an answer before the next meeting of the Board, and second, because the Board on two previous occasions authorized him to accept a limited teaching position at Ohio State University and to receive his retiring allowance from the University of Illinois.

On motion of Mr. Fornof, the action of the President in authorizing this employment was approved and confirmed.

#### SCHOLARSHIPS FOR FOREIGN STUDENTS

(4) On February 21, 1941 (Minutes, page 195), the Board established ten scholarships to be awarded annually to students from Central and South American countries. On April 22, 1942 (Minutes, page 841), the Board modified this plan by authorizing the award of these scholarships to students from any countries friendly to the United States. They entitle the holders to exemption from matriculation and tuition fees for a period of four years.

The plan was authorized on a two-year trial basis, and the time limit on awarding these scholarships will expire at the end of the current academic year.

During 1942-1943 six of these scholarships were awarded, of which four are still in use. For the current academic year the limit of ten scholarships was awarded, so that there are now fourteen in use—ten are held by South American students and four by Chinese.

The University Committee on Special Undergraduate Scholarships recommends that these scholarships for foreign students be continued for an indefinite period under the present conditions, namely, that up to ten four-year scholarships may be awarded annually to students from countries friendly to the United States.

I concur.

On motion of Dr. Meyer, this recommendation was adopted.

#### CERAMIC ENGINEERING ADVISORY COMMITTEE

(5) Mr. E. F. Plumb, President of the Streator Brick Company, Streator, Illinois, has been recommended for appointment on the Advisory Committee for the Department of Ceramic Engineering to succeed the late Mr. F. W. Butterworth of Danville. I concur, and I recommend that the entire committee, as listed below, be appointed for one year from January 1, 1944:

E. H. HÆGER, Haeger Potteries, Inc., Dundee.

FRANK HODEK, JR., General Porcelain Enameling and Manufacturing Company, 2700 North Karlov Avenue, Chicago.

O. L. JONES, Illinois Clay Products Company, 214 Barber Building, Joliet.

FRED L. STEINHOFF, Brick and Clay Record, 59 East Van Buren Street, Chicago.  
FRITZ WAGNER, JR., American Terra Cotta Corporation, Builders Building, Chicago.

J. W. WRIGHT, Owens-Illinois Glass Company, Alton.

On motion of Mr. Fornof, this committee was appointed as recommended.

#### APPROPRIATION FOR INSTRUCTIONAL PROGRAM IN PHYSICS

(6) A recommendation that (1) an appropriation of \$2,500 be made from the General Reserve Fund to the Department of Physics to supplement its operating budget for the current academic year to provide special tutoring classes for army trainees; (2) supplementary compensation to members of the staff be authorized for services rendered in addition to those required of them under their regular staff appointments; such compensation will be paid on recommendation of the Head of the Department and approved by the Coordinator of Specialized Training Programs and the Comptroller.

On motion of Mr. Jensen, these recommendations were adopted, and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker.

#### APPROPRIATION TO THE SCHOOL OF PHYSICAL EDUCATION

(7) The Director of the School of Physical Education has requested authority to inaugurate a program of research in physical fitness. The experiences of Army and Navy surgeons in examining men for the armed services, and other studies, have revealed alarming numbers of fundamental deficiencies in physical fitness, and particularly among young men, a large number of whom are entering adult life unconditioned and unmotivated to maintain physical fitness. Statistics indicate that about fifty per cent of the young men have been rejected from the armed services; some ninety-five per cent have failed to meet aviation requirements, and only about four out of twenty men of forty years of age have passed army health standards. A large proportion of those accepted for service have been found deficient in swimming ability, energy capacity, and athletic ability according to reasonable standards.

The following statement in support of their proposal has been submitted by the Director and Professor T. K. Cureton, who will conduct the research program:

"Expanding programs of physical fitness have created many new problems in the area of health, physical education, and recreation. Many of these problems need to be studied and analyzed under the controls and with the methods used in a laboratory equipped to study exercises and their relationships to organic efficiency, physique, and health in general.

"A great variety of dynamic programs have recently come into existence, largely based on the supposition that the exercise programs will make a profound contribution to present wartime efficiency and long-time health of the participants. The nature of the effects of the program should be studied, the amounts of improvement should be measured, and the wise limitation of the exercises should be established. It hardly seems reasonable that such studies should be made by groups having only a secondary interest to the dynamic work but should be made by the keenest research workers in the physical education field. Now is the time to develop the facilities for this work, because the spear-head of advance for the physical education of the future will be in this physical fitness area. The need for immediate action is apparent if the School of Physical Education is to take advantage of the situation.

"Preliminary studies at the University of Illinois School of Physical Education indicate that research in the dynamic phases of physical fitness has tremendous importance. Some worth-while results have been obtained already, but

more extended research with better laboratory controls is needed to further this work. Hence, the proposal for a Physical Fitness Research Laboratory is made as one of the most strategic moves to advance the professional work in physical education."

The program contemplates four phases or units of physical fitness research, viz: (1) research unit on cardiac involvement of various type exercises; (2) research unit on physique and body type related to physical fitness; (3) research unit on respiratory fitness; (4) research unit on ultraviolet radiation related to aspects of physical fitness.

The program has been endorsed by the Dean of the Graduate School, and the Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy, from the standpoint of sound research and professional standards.

Following is a summary of the costs of equipment and building changes required to provide the facilities necessary. No new operating funds will be required:

Cardiac involvement of various type exercises.....	\$2 950
Physique and body type related to physical fitness.....	1 000
Respiratory fitness tests.....	720
Ultraviolet radiation.....	700
Miscellaneous fund.....	300
Permanent laboratory fittings (cabinets, shelving).....	1 000
Building changes (based on estimates of Physical Plant).....	1 000
<i>Total</i> .....	<u>\$7 670</u>

I recommend that this program be authorized and that an appropriation of \$7,670 be made from the General Reserve Fund for this purpose.

On motion of Dr. Meyer, this program was authorized, and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker.

#### APPROPRIATION FOR INVENTORY RECORD SYSTEM

(8) At the meeting of the Board on May 24, 1943 (Minutes, page 361), an appropriation of \$2,850 was made to the Comptroller's Office for modernizing and improving the inventory record of movable equipment. The Comptroller is required, under University Statutes, to maintain a suitable record of all such property. In the operating budget for 1943-1944 the organization for this work was also expanded to provide for an inventory supervisor and additional clerical personnel. The Comptroller's Office was able to secure a member of the staff of the Department of Business Organization and Operation as a supervisor because his services were not needed for the current year. The system has been worked out and tested. There remains an unencumbered balance of approximately \$1,000 in the original appropriation, but it is evident that this will not be sufficient to complete the entire conversion which has taken more time and more mechanical cost than was originally anticipated. It is estimated that an additional \$2,000 will be necessary to complete the conversion, after which the system should operate continuously within the provisions made for it in the operating budget. The Comptroller, therefore, requests an addition of \$2,000 to the original appropriation of \$2,850 for a revision of the inventory record system of movable equipment.

I recommend that this appropriation be made from the General Reserve Fund.

The Comptroller explained this request.

On motion of Mr. Nickell, this appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker.

**TRUST FUND FOR FACULTY-GRADUATE STUDENT CENTER**

(9) At its meeting on January 26, 1944 (Minutes, page 842), the Board made an appropriation, matching a contribution by the University Club of Urbana to a trust fund to finance a new faculty-graduate student center at the University. This appropriation was made subject to the legal right of the Board to appropriate moneys to a trust fund to be used for expenditures beyond the current biennium. The appropriation was in pursuance of an agreement between the University Club and the Board of Trustees as part of a plan which included the acquisition of the Club's property by the University. Since Judge Sveinbjorn Johnson examined and advised University officials in the negotiations and proceedings which resulted in the acquisition of the University Club property and approval by the Board of Trustees of the plan for financing a faculty-graduate student center, he has been consulted about the question raised and has advised as follows:

"While no question was raised by anyone at the time the negotiations were in progress or when the arrangements were perfected and the agreement reached, when the matter was referred to me I gave consideration on my own initiative to this important aspect of the situation. I came to the conclusion, and I am of the opinion now that the Board may legally and properly make the appropriation described in your memorandum and such others as may be necessary in order to conform with the contract made with the University Club.

"In Sec. 7 of the original charter of the University, as approved February 28, 1867, and still in force, the governing board is given the power to provide necessary buildings for the University. That the Board may use any accepted business methods not forbidden by the legislature in executing this legislative power I believe is a sound legal proposition. From this premise I think it follows, without elaborating the argument, that if the Board in its discretion concludes that in order to provide a necessary building for the University the method and procedure outlined in the agreement with the University Club should be followed, it may do so under its charter.

"I suggest, however, that consideration might be given, sometime before the end of the current biennium, to the keeping of the fund thus created through a joint contribution from the University Club and the University. The arrangement created and intended has the characteristics of a trust, and it would seem, therefore, wise, in order to guard against any questions arising under constitutional provisions for the lapsing of appropriations to the University, or through changes in the form of our appropriation bill at some later date, to put the joint contributions into a trust fund in the custody of a trustee, possibly the University of Illinois Foundation. Under suitable safeguards and a proper agreement, the trust fund could be returned to the contributors in case the contract should be modified, rescinded, or cease to be operative for lapse of time."

On motion of Mr. Davis, this matter was referred to the special committee on the Foundation for consideration and recommendation.

**QUIT CLAIM DEED TO TEXAS PROPERTY IN BOOTH ESTATE**

(10) At its meeting on January 26, 1944 (Minutes, page 842), the Board adopted a resolution authorizing a deed of quit claim to Elizabeth Nelson for the property in Texas bequeathed to the University by the late Mr. Charles H. Booth of Galesburg. The question was raised about the legal right of the University to do business involving real estate transactions outside of the State of Illinois.

Judge Sveinbjorn Johnson, who was authorized and directed by the Board of Trustees to handle all legal matters relating to the Booth Estate and the negotiations with the Executor of said Estate, has advised as follows on the question raised:

"There can be no question about the propriety of the request or the power of the Board to comply with it and execute the quit claim deed. First, the University is not doing business in any sense of the word; second, it really has no interest in this property, and the request for the quit claim deed is a precautionary measure suggested by Texas counsel; and third, were the title in fee in the University, there would be no question about the propriety of making the

conveyance or of the power of the Board to do so. There is nothing, as far as I know, in the law of Texas which denies a corporation like the University the right to hold real estate; but were it beyond the power of the Board to hold real estate in Texas, it has been held by the Supreme Court of the United States and other courts that title to property taken by a corporation *ultra vires* may nevertheless be transferred by it.

"Many years ago the University owned real property in Minnesota and in Nebraska, received by gift in both instances. In both instances the University in due course conveyed title to purchasers for a consideration. No lawyer then or, as far as I know, since questioned the propriety of the transfer."

This report was received for record.

#### AGREEMENTS FOR COOPERATIVE INVESTIGATIONS

(11) A report that agreements for the following cooperative investigations which have been carried on by the Engineering Experiment Station for several years have been extended.

1. Investigation of steam and hot water heating, sponsored by the Institute of Boiler and Radiator Manufacturers, extended for six months from January 1, 1944. Contribution by sponsor during this period, \$4,250. The Institute has agreed to a deduction of ten per cent for overhead expenses, but requests that the new regulations of the Board of Trustees relating to patents and ownership of equipment purchased from funds provided for this investigation be not applicable.

2. Investigation of wheel loads, joint bars, and shelly rails (plus web stresses in rails, an addition to this project), sponsored by the Association of American Railroads, for one year from January 1, 1944. Contribution by sponsor during this period, \$15,200, as compared with \$13,000 last year, the additional \$2,200 being for adding to this investigation a study of web stresses in rails. The Association has agreed to a deduction of ten per cent for overhead expenses, but requests that the new regulations of the Board of Trustees relating to patents and ownership of equipment purchased from funds provided for this investigation be not applicable.

3. Investigation of heating and ventilating, sponsored by the American Society of Heating and Ventilating Engineers, extended for one year from January 1, 1944. No additional contributions from the sponsor are required as there is a sufficient balance (\$1,875 as of January 1, 1944) in funds previously contributed to carry on the work for an additional year. Because of the character of the organization sponsoring the research, the provision for deduction for overhead is not applicable. The Society is being asked to agree to the new provision relating to patents. The provision relating to ownership of equipment purchased with funds provided by the Society has been waived.

4. Investigation of the fatigue strength of structural welds, sponsored by the Association of American Railroads and the United States Bureau of Public Roads, extended for one year from January 1, 1944. Contributions to be made by the sponsors: the Association of American Railroads, \$5,000 for one year; the United States Bureau of Public Roads, \$5,000 until June 30, 1944. Because of participation by the United States Government in the sponsorship of this investigation and the fact that there is no possible interest in patents, the agreement is extended in accordance with the terms and conditions of the original agreement.

These are being reported to the Board because there is some departure in each case from the present regulations governing cooperative research sponsored by outside agencies. These investigations have been going on for several years, and because of the character of the organizations financing them it has been deemed inadvisable to insist on complete conversion to the present form of contract. The Institute of Boiler and Radiator Manufacturers and the Association of American Railroads are made up of many members, and it would be difficult to secure the approval of all of them to the changes. Moreover, in the first two cases, the essential requirement, i.e., the ten per cent deduction for overhead, has been agreed to, and the only provisions that have been waived are those relating to ownership of equipment purchased with funds provided by the sponsors and the present regulation relating to patentable discoveries. The

original agreements include the provisions relating to patents in accordance with the previous policy of the Board governing the same. Since it is not anticipated that much if any additional equipment will be purchased and no patentable discoveries are in prospect, these exceptions are of no great significance.

I request confirmation of my action.

On motion of Mr. Davis, the action of the President of the University in extending these agreements was approved and confirmed.

#### **PURCHASES RECOMMENDED**

(12) The Comptroller recommends that the following purchases, submitted by the Purchasing Agent, be authorized:

1. Seven thousand copies of lithographed soil maps of Kendall County, for the Agronomy Soil Survey, from A. Hoen and Company, the lowest bidder, at their price of \$1,955. This company has printed many of the soil maps in the past, and they have proved highly satisfactory.

2. Pyrex laboratory glassware, 140 cases, for the General Chemical Stores, from W. M. Welch Manufacturing Company, Chicago, at an approximate cost of \$2,100. This firm is selected because of the service it can render. This item is non-competitive. Pyrex glassware is sold through jobbers at prices fixed by the manufacturer. The lowest price applies to orders for lots of 100 or more cases.

3. Forty thousand pounds all-purpose soft paste white lead, for Physical Plant Stock, from Sherwin Williams Company, the lowest bidder, at their price of \$3,760.

4. One thousand gallons lead mixing oil, for Physical Plant Stock, from Eagle-Picher Sales Company, at their price of \$1,220.

5. A collection of 37 Early English books selected from a large collection brought to the Library by C. A. Stonehill, of New York and London, at a total price of \$6,500. An itemized list of the books selected, giving the value of each, is hereby given to the Secretary of the Board for record. The total of the individual prices of the 37 books selected is \$7,875.50, but Mr. Stonehill has made a special price to the University of \$6,500 for this lot. The selection made by the Library is based entirely on the value of the books to current or projected research, and every item selected has been carefully examined by scholars on the faculty. The old and rare book market is rapidly diminishing; fewer and fewer items are becoming available at any price. As the actual books in this collection were submitted for inspection, the Library has been able to examine them and discover their real condition, which is a most important advantage when buying early printed books.

Funds are available for these purchases.

I concur.

On motion of Dr. Meyer, these purchases were authorized as recommended.

#### **PURCHASES AUTHORIZED**

(13) A report of the following purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency actions:

1. Seventy-four steers for the Wright farm in DeKalb County. The purchase was made from the Chicago Producers Commission Association at a price of \$7,246.33 (one-half of which, or \$3,623.17, was paid by the University, and the other half by Mr. Francis Hart, tenant). Professor J. B. Andrews, who is in charge of the operation of this farm, and Mr. Hart went to Denver, Colorado, with a representative of the Chicago Producers Commission Association to select suitable stock. The transaction has been completed and the stock delivered.

2. Thirty tons pure wheat bran, for Feed Storage, from the Valier & Spies Milling Company, the lowest bidder, at their price of \$40.21 a ton, or a total of \$1,206.30, f.o.b. Urbana.

3. Coal purchased:

(a) Twenty-eight cars (approximately 1400 tons) washed screening coal to be shipped during the balance of February, 1944, and placed in storage, requested by the Physical Plant Department, from the Peabody Coal Company, Chicago,

at a total cost of approximately \$4,480. A request to quote on our March requirements was sent to the Peabody Coal Company, and they replied that they had no coal to offer for March, but had some surplus they could ship this month. They have been granted authorization to sell this surplus coal to industrial users. This coal will store, and it is advisable to maintain our stock at as high a level as possible. Coal from this mine will not be available after March, as the entire output will then be taken by the Big Four Railroad. Order placed February 22, 1944, as an emergency purchase so that deliveries could begin at once.

(b) Two thousand tons screenings coal, requested by the Physical Plant Department, to be delivered during March, 1944, from the following firms: 1,500 tons, Globe Coal Company, Chicago (Danville mine), \$4,477.50; 500 tons, Nokomis Coal Company, Nokomis (Nokomis mine), \$1,450. Invitations to quote were sent to twenty-four sources, but quotations were received from only these two firms. Federal regulations limit our purchases to 50% of our approximate month's requirements, as we have in storage more than 70 days' supply. As of March 1st, we will have on hand approximately 9,500 tons, or about three months' supply. The Nokomis coal is bid on the basis of 10,091 b.t.u., or 67,989 b.t.u. for one cent, and the Danville coal 10,818 b.t.u., or 72,052 b.t.u. for one cent. We have used and tested the Danville coal and, in view of the lower initial cost on the Nokomis coal, wish to purchase a sufficient quantity to obtain boiler tests. Order placed February 22, 1944, as an emergency purchase because federal regulations require that orders for March delivery be placed by February 24.

On motion of Dr. Meyer, the action of the Comptroller and the Purchasing Agent in making these purchases was approved and confirmed.

#### CONTRACTS EXECUTED BY THE COMPTROLLER JANUARY 22 TO FEBRUARY 16, 1944

##### (14) The Comptroller's report of contracts.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
Army Air Forces (Materiel Command)	Investigation of stresses in hollow propeller blades	\$10,000	January 29, 1944
<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
King and Petry	Work on Sanitary Engineering Laboratory in connection with research on corrosion in brass and copper pipe	\$245	January 14, 1944
Reliable Plumbing and Heating Company	Work on Sanitary Engineering Laboratory in connection with research on corrosion in brass and copper pipe	\$1,287	January 14, 1944

##### Leases executed under general regulations of the Board of Trustees:

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
C. Hartzell Bloomstrand	Lease to north Carter-Pennell farm	Share in proceeds of farm operation	January 14, 1944

This report was received for record.

#### GIFTS AND GRANTS FOR RESEARCH AND OTHER PURPOSES

(15) A report of the following gifts and grants of funds for research and other purposes received by the University since the last report:

##### *Gifts*

1. William E. Levis, Class of 1913, \$2,500 (consisting of \$2,300 in demand notes bearing interest at five per cent and \$200 in cash) as an addition to "The William E. Levis Loan Fund" at the University of Illinois which Mr. Levis established several years ago. These notes represent loans made by Mr.

Levis himself to finance the medical education of a man he was helping. This man is now completing his internship.

2. Mr. Felix Gehrmann, of Chicago, \$1,000 for the purchase of rare old medical books, this contribution to be added to the Gehrmann Historical Book Fund which was established in 1939.

3. Brown University, \$500 to be used for the partial replacement of Professor P. W. Ketchum's teaching in the Department of Mathematics, so that he may have more time to devote to a research problem in aeronautics which he began at Brown University and in which the latter is interested.

4. Illini Union Board, one Baldwin Grand piano and one piano chair, to be available for the use of all the students of the University. The piano is in the Union Building.

5. Class of 1943, \$350 to be turned over to the University of Illinois Scholarship Committee for the benefit, in the form of scholarships, of worthy and needy students.

6. Mrs. J. Selligman, \$150 to be used for the purchase of equipment by the Department of Psychiatry for the psycho-drama project which Doctor Solomon has been supervising.

7. Illinois Congress of Parents and Teachers, \$100 for the establishment of the "Student Loan of the Illinois Congress of Parents and Teachers in Memory of Irene Symonds."

8. Journalism Alumni Association, \$50 annually, beginning in June, 1944, for a scholarship in the School of Journalism as a memorial to alumni of the School who have given their lives to our country during World War II.

9. United Spanish War Veterans Auxiliary, \$50 for a scholarship in the Department of Home Economics.

10. A set of airplane instruments for transmitting and giving remote readings of instruments. The donor requests that this gift be kept confidential.

#### *Grants for Research*

1. Libby, McNeill, and Libby, Chicago, \$7,600 for a cooperative investigation of metabolism of plants, particularly as applied to tomato plants, by the Agricultural Experiment Station, covering a period of two years beginning January 20, 1942.

2. Swift and Company, \$5,000 for research on staphylococcus enterotoxin by the Department of Bacteriology.

3. Aeration Processes, Inc., \$3,050 for the continuation of research work under Professor P. H. Tracy, Department of Dairy Husbandry, for a period of one year from July 1, 1943.

4. E. Fougera and Company, Incorporated, \$2,500 in support of research work on the therapeutic value of Lipiodol in infections of the paranasal sinuses by the Department of Laryngology, Rhinology, and Otology, College of Medicine.

5. Parke, Davis, and Company, \$4,000 for the continuation of Professor Wakerlin's research program in renal hypertension in the Department of Physiology, College of Medicine. This consists of two grants of \$2,000 each, one made in July, 1943, and another made in February, 1944. This is to cover research work for the period July 1, 1943, to September 1, 1944.

6. Abbott Laboratories, \$800 for the support of research by Professor F. R. Steggerda, Department of Physiology, on the effects of reduced pressure on the stomach and intestines, and in connection therewith the effect of certain anti-spasmodics to be supplied by Abbott Laboratories.

7. Eli Lilly and Company, \$750 for continuation of a fellowship during 1943-1944, in the Department of Chemistry under the direction of Dr. C. C. Price.

8. Continental Oil Company, \$750 for continuation of a fellowship in Chemistry for research work on lubricating oil films, for a period of eight months beginning October 1, 1943.

9. Mr. Clinton O. Dicken, \$500 in support of the Allergy Antigens Research work of Dr. B. Z. Rappaport, Department of Medicine, College of Medicine.

10. Mr. W. S. Meyer, \$300 in support of the Allergy Antigens Research work of Dr. B. Z. Rappaport.

11. Cerophyl Laboratories, Kansas City, Missouri, \$120 for addition to salary of employee in a research program directed by Professor F. L. Wynd of the Department of Botany. This will increase the grant from Cerophyl Laboratories to \$1,320, for a period of twelve months from August 1, 1943.

12. American Medical Association, \$300 for a study of the response of the animal body to drugs under different environmental conditions, by Dr. A. J. Nedzel, Department of Pathology, College of Medicine.

13. American Medical Association, \$300 for continuation of research studies on appetites and food preferences of the rat, by Professor P. T. Young, Department of Psychology.

This report was received for record.

#### APPROPRIATION FOR LECTURES

(16) There is a demand for a University-sponsored program of lectures, more or less popular in character, by nationally known lecturers and personalities, particularly for the benefit of students. The proposal has been studied by several University officers. I recommend that it be authorized by the Board, for the balance of the current academic year, on a trial basis, and that an appropriation of \$2,000 be made from the General Reserve Fund for the payment of honoraria, travel expenses, printing, postage, and other office expenses. A Committee on Convocation Lectures has been appointed to administer this program. The Committee has been asked to submit a report at the end of the year on lectures to be given and its recommendations concerning the future of the program.

This new series will be separate and distinct from the General University Lectures, which have been a part of the University's educational program for a great many years. The latter are lectures by distinguished scholars and scientists which are chiefly of interest to members of the faculty and graduate students, whereas the lectures in the new series will be planned especially for the benefit of undergraduate students. It is desirable not to place this new series under the present General University Lectures Committee because of this difference in character and, what is more important, because the new convocation series will require a considerable amount of time and energy from the Chairman of the Committee in developing the program and in promoting it.

On motion of Mr. Jensen, this program was authorized, and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker.

#### REMODELING RESEARCH AND EDUCATIONAL HOSPITALS

(17) On the basis of bids opened January 20, 1944, the Physical Plant Department recommends, and the Comptroller concurs, that a contract for remodeling of the dining room unit of the Research and Educational Hospitals, Chicago, be awarded to Lloyds Builders, Inc., the lowest bidder, at a total cost of \$5,475. The Board made an appropriation on August 31, 1943, in the amount of \$6,000 for this work.

I recommend approval.

On motion of Dr. Meyer, this contract was awarded as recommended.

#### ACCIDENT COMPENSATION FOR DAVID F. LANGE

(18) Mr. David F. Lange, Senior Laboratory Mechanic in the Department of Civil Engineering, suffered an accident on November 24, 1943, in which three fingers were crushed as a result of the fall of a steel beam on which research was being carried on, so that it was necessary to amputate the distal phalanges of the first, second, and third fingers of the right hand.

The case has been reviewed by the University Committee on Accident Compensation for Employees, which found that the accident arose out of and in the course of employment. Medical and hospital bills totaling \$109.65 have been paid out of the regular appropriation for such purposes. The amount payable as compensation for permanent injury under the provisions of the Workmen's Compensation Act is \$1,046.89.

The Committee recommends approval of this award and a special appropriation of \$1,046.89 to cover the payment.

I concur.

On motion of Mr. Jensen, this award was authorized, and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker.

#### EASEMENT OF WAY ACROSS FARM LAND ON WHICH UNIVERSITY HOLDS MORTGAGE

(10) On March 20, 1943 (Minutes, page 304), the Board approved an easement of way across certain land owned by Frank, Beatrice, and Minerva C. Shively, on which the University has a mortgage. The easement was given for the purpose of enabling Homer H. and Mamie A. Keller to secure a mortgage on adjoining land through which access across the Shively land is necessary. A change in that mortgage is now desired, and the Board is asked to approve a new resolution which is presented herewith.

On motion of Mr. McKelvey, the following resolution was adopted, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker.

#### ASSENT TO EASEMENT

*Whereas*, HOMER H. KELLER and MAMIE A. KELLER, his wife, are the owners of the Southwest Quarter of the Northeast Quarter of Section 29, and also the Northeast Quarter of the Northeast Quarter of Section 29, all in Township 20 North, Range 7 East of the Third Principal Meridian in Champaign County, Illinois, which is subject to a mortgage to The Equitable Life Assurance Society of the United States, dated February 8, 1943, filed for record in the Recorder's office of said County, March 1, 1943, and is there recorded in Book 368 of Mortgages, at page 481, which said mortgage secures the sum of Six Thousand Dollars (\$6,000.00); and

*Whereas*, the said owners of said premises have applied to The Equitable Life Assurance Society of the United States, a corporation, for an increased loan upon said premises and other real estate, increasing said loan to the sum of Nine Thousand Six Hundred Dollars (\$9,600.00), which application has been granted and approved; and

*Whereas*, included in the mortgage above mentioned, now held by the said mortgagee, there is the following: The right of ingress, egress and regress over, upon and across a certain strip of ground described as follows: Commencing at the Southeast corner of the Northwest Quarter of the Northeast Quarter of said Section 29, thence North 20 feet, thence diagonally Southwesterly to a point 20 feet West of the point of beginning, thence East to the place of beginning, in Champaign County, Illinois; and

*Whereas*, Lloyd Morey, as Trustee for the Board of Trustees of the University of Illinois, is the holder of a certain trust deed executed by Frank Shively and Beatrice Shively, his wife, and Minerva C. Shively, a widow, conveying, together with other property, the Northwest Quarter of the Northeast Quarter of Section 29, Township 20 North, Range 7 East of the Third Principal Meridian in Champaign County, Illinois, which said trust deed was dated March 15, 1941, and is recorded in Book 357, at page 65, of the records of the Recorder's office of Champaign County, Illinois; and

*Whereas*, the said Frank Shively and Beatrice Shively, his wife, and Minerva C. Shively, a widow, have heretofore granted to Homer H. Keller and Mamie A. Keller, his wife, an easement over the said premises, described as commencing at the Southeast corner of the Northwest Quarter of the Northeast Quarter of said Section 29, thence North 20 feet, thence diagonally Southwesterly to a point 20 feet West of the point of beginning, thence East to the point of beginning, in Champaign County, Illinois;

*Now, therefore*, in consideration of the premises and of the sum of One Dollar (\$1.00) and other good and valuable considerations, receipt whereof is hereby acknowledged, the Board of Trustees of the University of Illinois, does hereby consent to the execution and recording of the mortgage above described

to The Equitable Life Assurance Society of the United States, which mortgage shall include the easement last above described; and the undersigned agrees that when said mortgage is made and recorded, the same shall become a valid first lien upon the premises so described in said mortgage, including said described easement, for the security of the indebtedness mentioned therein, namely: The sum of Nine Thousand Six Hundred Dollars (\$9,600.00), and that the rights and interests of the undersigned in the above described premises so contained within said easement above described shall be inferior and subject to the rights and interests of the said The Equitable Life Assurance Society of the United States under and by virtue of the said mortgage so proposed to be made to the said The Equitable Life Assurance Society of the United States, a corporation.

*In witness whereof*, the undersigned has hereunto set his hand and seal this 24th day of February, A.D. 1944.

THE BOARD OF TRUSTEES OF  
THE UNIVERSITY OF ILLINOIS  
PARK LIVINGSTON, *President*  
H. E. CUNNINGHAM, *Secretary*

STATE OF ILLINOIS }  
CHAMPAIGN COUNTY } SS

I, Anna L. Neuber, a Notary Public in and for said County in the State aforesaid, do hereby certify that Park Livingston, President, and H. E. Cunningham, Secretary, for the Board of Trustees of the University of Illinois, personally known to me to be the same persons whose names are subscribed to the foregoing instrument as having executed the same, appeared before me this day in person and acknowledged that they signed, sealed and delivered the said instrument as the free and voluntary act of the said Board of Trustees, for the uses and purposes therein set forth.

Given under my hand and Notarial seal this 24th day of February, A.D. 1944.

ANNA L. NEUBER  
*Notary Public*

#### APPROPRIATION FOR MINOR BUILDING REMODELING AND IMPROVEMENTS

(20) On July 28, 1943 (Minutes, page 457), the Board appropriated \$5,000 for minor building remodeling improvements individually amounting to not more than \$1,000. The Comptroller was asked to report as to the use of this fund. His report is submitted herewith.

The fund is exhausted and there is need for a further allotment. Small projects are continually arising which are urgent in character and minor in amount. The plan of having a lump sum appropriation to take care of these items in lieu of submitting each item to the Board has proved advantageous and practicable.

The Comptroller recommends, and I concur, that an additional appropriation of \$5,000 or so much thereof as may be required be made for minor building remodeling and improvements.

On motion of Mr. Davis, this appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker.

#### BARN ON WRIGHT FARM

(21) Farm No. 4 of the Wright Estate is without adequate buildings, due to losses by fire and windstorm during the past year. A fund of approximately \$5,500 is available from insurance settlements to apply toward replacements. The farm has been leased with the understanding that a barn will be constructed as soon as possible. Plans and specifications have been prepared by Professor J. B. Andrews, who is in charge of these farms, and Professor D. G. Carter of the Agricultural Engineering Department. Inquiry has also been made as to available contractors to handle this job. Only one contractor, Mr. B. J. Nelson of Sycamore, Illinois, was found who was in a position to consider it. He is willing to take a contract on a cost-plus-fixed-fee-basis. Professor Andrews recommends that a contract be made on this basis at an estimated cost of \$6,000

and a fixed fee of \$600. The Comptroller has reviewed this matter in detail with Professor Andrews, Judge Johnson, and Mr. E. L. Stouffer, University Architect. Although the usual practice of the University is to place such work through competitive bids, the following arguments are offered in support of a departure from this policy in this instance:

1. A careful canvass of the situation indicates that only one contractor in the community would be interested in taking on this project with a view to finishing it within the time needed.

2. It is extremely unlikely that any contractors in other communities would be interested, under present conditions, in making a bid in a locality outside their own community.

3. A contract of this kind would give the University the opportunity to get the benefit of any savings that could be effected through substitution of materials as construction progresses, whereas a fixed contract bid basis would require any bidder to make a price high enough to take care of those uncertainties.

4. The type of contract proposed (cost-plus-fixed-fee) has been used by the federal government in emergency situations as a satisfactory method of procedure.

5. This construction would be made out of funds arising from a trust estate and not out of the University's own funds. Therefore, the University really is acting as a conventional trustee. While the policy of the Board may well be to use its own funds only after competitive bidding, those rules need not necessarily be followed when it is acting as a conventional trustee.

6. It is important that this work be started as soon as possible so that it can be finished before the coming summer.

In view of these facts and circumstances, the Comptroller recommends, and I concur, that this contract be awarded to B. J. Nelson on a cost basis plus a fixed fee of \$600.

On motion of Dr. Meyer, this contract was awarded as recommended.

#### EXECUTIVE SESSION

At this point, the Board went into executive session, to consider further recommendations from the President of the University.

#### DIRECTOR OF SERVICES FOR WAR VETERANS

(22) A recommendation for the appointment of a Director of Services for War Veterans.

On motion of Mr. Davis, this matter was referred to a special committee to study and make recommendation to the Board at the next meeting. President Livingston designated Dr. Meyer, Dr. Luken, and Mr. Davis to serve on this committee.

#### DRAINAGE OF AIRPORT LAND

(23) The University is required, under its agreement with the Civil Aeronautics Administration, to acquire all lands and rights-of-way needed for the development of the University of Illinois Airport. This obligation includes, in addition to the area needed for landing facilities and buildings, a right-of-way for an open drainage ditch extending from the east boundary of the Airport to a culvert under U. S. Highway 45, a distance of about 3,650 feet. The present natural drainage follows a winding channel about 4,000 feet long into which numerous farm drainage lines discharge.

Chapman and Cutler and Mr. Newton C. Farr have been consulted. The former have expressed concern not only about immediate right-of-way problems, but also about the increased discharge which will occur below the Illinois Central Railroad and the eventual outlet at the Embarrass River about two and one-half miles east.

Professor James J. Doland, Supervising Engineer in charge of Airport Construction, has been studying this problem and has made estimates of the cost of various solutions. The cost of channel improvements will be paid by the C.A.A., but the University must pay for any additional land required, easement

costs, and drainages to adjoining properties. On the basis of his studies and inspections, in which he had advice of other engineers he consulted, Professor Doland has expressed the opinion that the increased flow would cause very little flooding in the lower reaches of the channel (i.e., near the confluence with the Embarrass River) but that there may be considerable flooding in the middle areas unless adequate provision is made for handling the water.

Three solutions of this problem are submitted for consideration:

1. Purchase of the south portions of the farms of H. C. Howard (about 70 acres) and of C. E. Ross (about 40 acres) which are between the Airport and U. S. Highway 45; the construction of a detention basin controlled by a restricted orifice, and an overflow spillway just east of the highway. The cost of this to the University would be about \$42,000. This plan would give the University control over the approach road from U. S. Highway 45 to the Airport, which will eventually have to be acquired, and would provide an area for a future railroad spur right-of-way. If the contractor for the Airport decides to install a spur for his construction operations, his track could probably be secured at a low cost.

An alternate to this plan would be the purchase of the entire Howard farm of 160 acres to meet not only the immediate need but to provide additional land for future expansion of the Airport. This would probably cost \$80,000, including the detention basin.

2. Purchase of a right-of-way 100 feet wide across the Howard farm, and an easement across the Ross farm which would include compensation for the actual permanent use of this land for a drainage ditch right-of-way and for occasional flowage drainage which might result from the operation of the detention basin. The cost of this plan to the University is estimated at \$15,000.

3. Procurement of an easement, free of cost but with compensating land improvements (this would benefit the adjoining land by replacing a winding ditch with a straight one, thus decreasing soil erosion and by restoring some land to cultivation), plus the detention basin. The estimated cost of this plan would be about \$13,000. However, it may be difficult to negotiate such an easement over the Howard farm.

Whether land is purchased for a right-of-way or is secured through an easement, Chapman and Cutler recommend, and I concur, negotiations with the grantors for releases of the University from all damage to their remaining property due to floodage. Chapman and Cutler also advise that present revetments or those constructed for the new channel be sufficient to prevent flooding of lands lying north of the Howard and Ross farms.

With respect to possible flooding of land east of the highway and the Illinois Central Railroad, if releases can be procured from all landowners east of these lines and for two and one-half miles to the Embarrass River, the liability for damages to such lands will be eliminated. Chapman and Cutler doubt the practicability of negotiating such releases because there may not be damage except in certain tracts, and the cost of such a program would not justify the result unless the owners are willing to grant releases for nominal considerations. In other words, the University will have to assume the risk of liability for possible future damages. In the meantime, the owners of land east of the railroad have no legal right to interfere with whatever the University may do to improve the drainage facilities west of the tracks. By constructing a dam and detention basin at the end of the drainage ditch, west of the highway and railroad, the Supervising Engineer expects so to control extra heavy run-off that there will be no flooding of land east of the railroad and thereby avoid damage suits.

I recommend that the Board:

- (a) Adopt Plan 2, and authorize the purchase of sufficient land for a drainage ditch right-of-way across the Howard farm, and the purchase of an easement across the Ross farm, provided that in each case the grantor shall execute an instrument approved by counsel releasing the University from damages to the adjoining land.

- (b) Authorize the services of Mr. Newton C. Farr as negotiator.

- (c) Authorize the Executive Committee to perform any and all acts that may be necessary to consummate the negotiations and proceedings in this matter.

- (d) Appropriate \$15,000 from the General Reserve Fund for the purchase of the land and rights and for such construction work as the University may be

required to do. It should be noted this figure is based on the best estimates that can be made at this time, and that additional funds may be required to complete this project.

On motion of Dr. Meyer, these recommendations were adopted, and the appropriation was made, by the following vote: Aye, Mr. Fornof, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mrs. Grigsby, Mr. Karraker, Dr. Luken.

#### **REPORT OF PROGRESS ON AIRPORT CONSTRUCTION**

(24) At the meeting of the Board on January 26, Mr. Davis suggested that there be presented at each subsequent meeting reports of progress on construction of the airport. Professor J. J. Doland, Supervising Engineer in charge of airport construction, has been asked to prepare such reports periodically, and his first report is submitted herewith.

This report was received for record.

#### **ADMISSION OF AMERICAN BORN JAPANESE STUDENTS**

(25) A statement concerning the practice of the University in dealing with applications for admission from American-born Japanese students since the beginning of World War II.

No action was taken on this matter.

#### **TEMPORARY APPOINTMENTS OF NON-CITIZENS**

(26) The following temporary appointments to the staff, as Research Assistants in the Engineering Experiment Station, from February 1 to August 31, 1944, at a salary of \$75 a month in each case, have been approved by the President of the University: Bedros Kayayan, Sakip Altay, Nikifor Yanin Yakovljevitch.

These men are also graduate students. They are not citizens of the United States and expect to return to their home countries (Turkey and Yugoslavia) on completion of their studies. Because of military and other war service demands for engineers, the Station is unable to secure candidates qualified to fill these positions who are citizens of the United States.

All of these students have executed the customary affidavits required of staff members, as modified to fit their particular cases.

On motion of Dr. Meyer, the appointment of these students was approved.

#### **REPORT OF COMMITTEE ON PATENTS**

Dr. Meyer, for the Committee on Patents, presented the following report.

The Executive Committee of the Board of Trustees on July 28, 1943, referred to the Committee on Patents two recommendations from the President of the University that the regulations of the Board of Trustees governing cooperative research investigations sponsored by outside agencies, and the form of contract used to set up such investigations, be amended as follows:

1. The addition of a provision that an application for an extension of such an agreement must be made not less than thirty days before the original contract expires, and that the University reserve the right to decline to extend a contract if the scientific or scholarly results realized or reasonably anticipated do not warrant continuation of the program.

2. Elimination of the provision in the present regulations of the Board of Trustees that any equipment purchased from funds provided by the sponsor for use in an investigation shall become the property of the University. This involves reconsideration of a previous action of the Board.

The first change is recommended as an administrative protection. Experience has shown that sponsors of cooperative research investigations are likely to assume that once a research project has been started it may be renewed automatically as long as they supply funds. All such projects should be reviewed periodically to determine whether the type of work being done and the results received justify the University in continuing any given program even though

the outside agency is willing to continue supporting it. The requirement of thirty days notice for renewal will enable the University to deal more effectively in terminating or changing the character of a research project when such steps are deemed advisable.

The Board of Trustees is also asked to reconsider the provision in the present regulations that "any special equipment necessary for conducting a co-operative investigation sponsored by an outside agency not available in the University shall be purchased from and charged against the funds provided by the sponsor and furthermore that all such equipment and materials shall be the exclusive property of the University." Sponsors of research projects consider the provision "that all such equipment and materials shall be the exclusive property of the University" unreasonable. It has been pointed out that legal departments and counsel of sponsors will object to this provision on the ground that it is inequitable and would make it possible for the University to purchase any kind of equipment, even to the extent of supplying needs unrelated to but at the expense of the research project in question, since the University would not be under contractual obligation to turn it over to the sponsor. The fact that the University is a reputable institution and would not indulge in such practices would not relieve a legal adviser of the responsibility of calling his client's attention to such a potential hazard. It has been the experience of the University that in no case has the sponsor of a research requested that the equipment paid for from funds supplied for a project be turned over to him when it has been completed. The University has little to gain from this requirement, but its inclusion in contracts makes it difficult to secure desirable cooperation for research.

The Committee recommends that these amendments be adopted.

M. G. LUKEN, *Chairman*

KARL A. MEYER

CHESTER R. DAVIS

On motion of Dr. Meyer, these recommendations were adopted.

#### REPORT OF CIVIL SERVICE COMMITTEE ON DISABILITY LEAVES FOR NON-ACADEMIC EMPLOYEES

Mr. Jensen, for the Committee on Civil Service and Employees, presented the following report of the University Committee to President Willard.

The University Committee on Civil Service and Wages recommends the adoption of the following provisions for disability leaves for civil service employees of the University of Illinois.

(1) Except as provided in Section 8 of this report, all employees shall be entitled to an annual sick leave of fifteen working days.

(2) In addition to the leave provided in paragraph (1) above, each employee shall be entitled to an extended disability leave which shall consist of one week for each full year of service, cumulative to a total of ten weeks, and shall be allowed to reaccumulate to this maximum through additional service after being used in part or in full. No reduction shall be made in accumulations for prior service earned before March 1, 1944.

(3) Disability benefits available to employees shall be used in the following order: (a) the fifteen days sick leave, (b) vacation to which entitled, when requested by the employee, (c) extended disability leave, as provided in paragraph (2). In the case of disability compensable under the Workmen's Compensation Act, the employee may use the foregoing benefits to supplement payments made under the Workmen's Compensation Act, but in no case during a period of disability shall payments exceed the full salary being paid in any individual case at the time the disability occurred.

(4) Employees when disabled shall continue to receive their full pay until the fifteen days sick leave and extended disability leave available are exhausted. If an employee elects to receive disability benefits under the University Retirement System of Illinois before he has exhausted his extended disability leave, he shall receive no payments from the University of Illinois during the period that disability benefits are received from said Retirement System.

(5) Any employee who is disabled during his first year of service shall be allowed only the proportionate amount of the fifteen days sick leave according to

the proportion of the year completed, and the extended disability leave of one week for each full year of service shall be available only after one full year of service has been completed.

(6) In computing the annual salary of persons in those classifications whose compensation is fixed by reference to local prevailing wages, a deduction of an amount equal to five days salary a year shall be made. Any unused portion of the first five days for which a deduction has been made shall be cumulative and in addition to the allowance of one week a year made in paragraph (2), but the combined accumulation shall not exceed ten weeks.

(7) No portion of the fifteen days annual sick leave shall be cumulative for those employees who are outside the prevailing rate group.

(8) All employees receiving the full prevailing wage rate, no deductions being made, shall be entitled to only those vacation and disability benefits which are granted by those local employers paying the prevailing wage rate.

(9) The University reserves the right to require acceptable evidence of disability before allowing any sick leave or disability leave of any kind whatsoever.

*The University Civil Service Committee*

R. N. SULLIVAN, *Chairman*

LLOYD MOREY, *Executive Secretary*

On motion of Mr. Jensen, these recommendations were adopted.

On motion of Mr. Jensen, the President of the University was requested to give study to the coordination of the present rules governing disability leaves for the academic staff with the provisions of the Retirement System.

#### **RESOLUTION REGARDING DISPOSITION OF STOCK RIGHTS RECEIVED ON ABBOTT LABORATORIES, INC., COMMON STOCK**

Mr. McKelvey, for the Finance Committee, reported a recommendation that the following resolution be adopted.

*Whereas*, the Board of Trustees of the University of Illinois is the owner of fifty (50) shares of Abbott Laboratories, Inc., stock and has received as a stockholder of record, February 17, 1944, the right to subscribe to additional common stock of Abbott Laboratories, Inc.; and

*Whereas*, it is recommended by the Finance Committee of the Board of Trustees that this right of subscription be not exercised but that such rights be sold at the prevailing market price;

*Now, therefore, be it resolved* by the Board of Trustees of the University of Illinois:

(1) That the sale of such rights be made;

(2) That Lloyd Morey, Comptroller, and H. E. Cunningham, Secretary, be authorized to execute any and all documents necessary to complete such sale.

On motion of Mr. McKelvey, this resolution was adopted.

#### **CHANGES IN INVESTMENTS**

Mr. McKelvey, for the Finance Committee, reported also a recommendation that investments and changes in investments be approved as follows:

*Increase the following items to \$20,000 each:*

Chicago Union Station 1st 3¾%, 1963 (\$5,000 now held).

Central Illinois Public Service 1st 3¾% (\$10,000 now held).

West Texas Utilities 1st 3¾% (\$10,000 now held).

*Add the following item:*

\$20,000 Chicago, Burlington & Quincy 1st 4%, 1949, Illinois Division.

*Make the following exchanges:*

Sell 10 shares Consolidated Natural Gas Co. stock, at market about 25½.

Buy 4 shares Standard Oil of New Jersey stock, at about 53½.

Sell \$2,500 U. S. Treasury 2¼, 1956/54.

Buy \$2,500 U. S. Treasury 2½, 1956.

On motion of Mr. McKelvey, these recommendations were adopted, and Lloyd Morey, Comptroller, and H. E. Cunningham, Secretary, were authorized to execute any and all documents necessary to complete these transactions.

#### SPECIAL COMMITTEE ON FOUNDATION

On inquiry from Mr. Fornof whether or not the authorization of the special committee appointed January 26 to consider the scope and functions of the University of Illinois Foundation included a study of the relation of the Alumni Association to the Foundation and to the University, the Board voted, on motion of Mr. Jensen, to request the special committee to expand the scope of its inquiry to include the Alumni Association.

#### SECRETARY'S REPORT OF CONTRACTS

The Secretary presented for record the following document signed by the President and the Secretary of the Board, and deposited with the Secretary since the last report.

1. Spencer Ewing *et al.*, Trust agreement—conveyance of art collection to be held in trust, dated December 6, 1943.

#### SALE OF ROSELAWN CEMETERY LOTS

The Secretary presented the following report of the sale of lots in Roselawn Cemetery since the last report of such sales:

Spaces 3, 4, 5, 6, 7, 8, and 9 in Lot 7, Section H, to Robert and Susie Ewing, at \$140 (January 17, 1944).

#### DEGREES CONFERRED FEBRUARY 6, 1944, AT URBANA

The Secretary presented also for record the following list of degrees conferred February 6, 1944, at Urbana.

#### Summary

##### Degrees in the Graduate School:

Doctor of Philosophy.....	17
Master of Education.....	1
Master of Arts.....	13
Master of Science.....	25
<i>Total, Graduate School.....</i>	<i>56</i>

##### Degrees in Law:

Bachelor of Science.....	1
Bachelor of Laws.....	5
Doctor of Law.....	1
<i>Total, College of Law.....</i>	<i>7</i>

##### Baccalaureate Degrees:

Bachelor of Arts, College of Liberal Arts and Sciences.....	65
Bachelor of Science, College of Liberal Arts and Sciences.....	59
Bachelor of Science, College of Commerce.....	32
Bachelor of Science, College of Engineering.....	82
Bachelor of Science, College of Agriculture.....	30
Bachelor of Science, College of Education.....	25
Bachelor of Science, College of Fine and Applied Arts.....	15
Bachelor of Fine Arts, College of Fine and Applied Arts.....	5
Bachelor of Music, College of Fine and Applied Arts.....	2
Bachelor of Science, School of Journalism.....	7
Bachelor of Science, School of Physical Education.....	1
<i>Total, Baccalaureate Degrees.....</i>	<i>323</i>

*Total, Degrees Conferred February 6, 1944, at Urbana.....386*

**APPOINTMENTS MADE BY THE PRESIDENT**

The Secretary presented also for record the following list of appointments made by the President of the University.

ALEXANDER, MRS. LEONA, Junior Clerk-Stenographer in the School of Physical Education for Men, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month. (February 2, 1944)<sup>1</sup>

ALTAY, MEHMET SAKIP, Research Graduate Assistant in the Department of Civil Engineering, in the Engineering Experiment Station, on one-half time, for seven months beginning February 1, 1944, at a salary at the rate of seventy-five dollars a month. (February 12, 1944)

<sup>1</sup>The date in parenthesis is the date on which the appointment was made by the President.

ANDERSON, MRS. FRANCES ARNOLD, Assistant in Spanish, on three-fourths time, for five months beginning February 1, 1944, at a salary at the rate of one hundred five dollars (\$105) a month (this supersedes her previous appointment). (February 23, 1944)

ANDERSON, ROBERT TODD, Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (February 19, 1944)

ARNETT, HENRY D., Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (February 19, 1944)

ARPER, MRS. BETTY PEARCE, Library Assistant in the Departmental Libraries, beginning February 16, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand eight hundred seventy dollars (\$1870) a year. (February 18, 1944)

ATZENHOFFER, PHYLLIS JANE, Personnel Technician in the Personnel Bureau, on one-half time, for seven months beginning February 1, 1944, at a salary at the rate of one thousand dollars (\$1000) a year. (February 22, 1944)

AYCOCK, BEN F., JR., Assistant in Chemistry, for four months beginning February 1, 1944, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (February 2, 1944)

AYER, MRS. PHYLLIS, Junior Clerk-Stenographer in the Department of Home Economics, in the Agricultural Experiment Station, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (February 22, 1944)

BECKER, GRACE MARY, Senior Clerk-Stenographer in the Department of Surgery, in the College of Medicine, beginning January 13, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred thirty-five dollars (\$135) a month (this supersedes her previous appointment). (February 2, 1944)

BEDRICK, THEODORE, Instructor in Mathematics, on one-half time, and in the Classics, on one-half time, for five months beginning February 1, 1944, at a salary at the rate of two hundred dollars (\$200) a month (this supersedes his previous appointment). (February 19, 1944)

BENENSOHN, SOL J., Assistant in Obstetrics and Gynecology, in the College of Medicine, beginning February 15, 1944, and continuing through August 31, 1944, without salary (this supersedes his previous appointment). (February 14, 1944)

BRADLEY, CHARLES E., JR., Research Assistant in the Bureau of Economic and Business Research, on one-half time, for seven months beginning February 1, 1944, at a salary at the rate of seventy dollars (\$70) a month. (February 22, 1944)

BRUCK, HELEN, Clinical Instructor of Nursing in the Research and Educational Hospitals, beginning February 14, 1944, and continuing through August 31, 1944, at a salary at the rate of one hundred seventy-five dollars (\$175) a month; for her convenience she will also be furnished one meal daily, valued at eight dollars (\$8) a month, while on duty. (February 16, 1944)

BYNUM, LUCY SCOTT, Assistant in English, for five months beginning February 1, 1944, at a salary at the rate of one hundred sixty-five dollars (\$165) a month. (February 2, 1944)

CLARK, ROBERT K., JR., Special Research Assistant in Chemistry, for six months beginning March 1, 1944, at a salary of nine hundred dollars (\$900). (February 16, 1944)

CONFORTI, VIOLET, Head Nurse in the Research and Educational Hospitals, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty-seven dollars (\$147) a month; for her convenience she will also be furnished one meal daily, valued at ninety-six dollars (\$96) a year, while on duty. (January 26, 1944)

COOK, M. CAROL, Associate in Music, for six months beginning March 1, 1944, at a salary at the rate of two thousand three hundred dollars (\$2300) a year (this supersedes her previous appointment). (February 7, 1944)

DECKER, GEORGE CLEMENS, Entomologist in the Agricultural Experiment Station, on one-fifth time, for six months beginning March 1, 1944, at a salary at the rate of one thousand dollars (\$1000) a year, in addition to four thousand dollars (\$4000) a year, paid by the State Natural History Survey, for which the University assumes no responsibility. (February 17, 1944)

DE LONG, MARGARET WARDALL, Junior Clerk-Stenographer in the Department of Entomology, beginning February 9, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (February 12, 1944)

DERROUGH, ELIZABETH DELORES, Junior Laboratory Attendant in the Department of Botany, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (February 8, 1944)

DRILLING, DORIS JUNE, Assistant Clerk-Stenographer in the Department of Agricultural Economics, in the Agricultural Experiment Station, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of ninety dollars (\$90) a month. (January 29, 1944)

EINHORN, MRS. RUTH MANN, Senior Clerk-Stenographer in the Office of the High School Visitor, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month. (February 21, 1944)

FITZSIMMONS, CLEO, Associate in Home Economics, in the College of Agriculture, on 43/100 time, for six months beginning March 1, 1944, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (January 26, 1944)

FLYNN, CHARLES EVERETTE, Assistant Professor of Journalism and Assistant to the Director of the School of Journalism, on one-half time, for six months beginning March 1, 1944, at a salary at the rate of one hundred twelve dollars fifty cents (\$112.50) a month (this supersedes his previous appointment). (February 2, 1944)

FRANTZ, ROYENE D., Assistant in Home Economics, in the College of Agriculture and in the Agricultural Experiment Station, on one-half time, for five months beginning February 1, 1944, at a salary at the rate of sixty-six dollars (\$66) a month. (February 12, 1944)

GARNER, MRS. ROBERTA KUSTER, Assistant Clerk-Stenographer in the Office of the Dean of Women, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of ninety dollars (\$90) a month. (February 14, 1944)

GODFREY, FRANCES MARTHA, Senior Clerk-Stenographer in the President's Office, for eight months beginning January 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred seventy-five dollars (\$175) a month (this supersedes her previous appointment). (January 26, 1944)

GRIFFITH, GORDON LAMAR, Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (February 19, 1944)

HARDENBROOK, HARRY J., JR., Assistant in Animal Pathology and Hygiene, in the Agricultural Experiment Station and in the Extension Service in Agriculture and Home Economics, beginning February 15, 1944, and continuing through August 31, 1944, at a salary at the rate of two hundred twenty-five dollars (\$225) a month (this supersedes his previous appointment). (February 19, 1944)

HARGRAYS, WILLIAM, Orderly in the Department of Radiology, in the College of Medicine, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred eighteen dollars (\$118) a month (this supersedes his previous appointment). (February 4, 1944)

HEATHMAN, JESSIE ELLEN, Assistant Extension Editor and Associate in Agricultural Extension, in the Extension Service in Agriculture and Home Economics, for seven months beginning February 1, 1944, at a salary at the rate of two thousand eight hundred dollars (\$2800) a year (this supersedes her previous appointment). (February 2, 1944)

HENDERSON, FLORENCE MARGARET, Assistant in English, for five months beginning February 1, 1944, at a salary at the rate of one hundred fifty dollars (\$150) a month. (February 16, 1944)

HOVORKA, JOHN, Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (February 19, 1944)

JENKINS, RICHARD L., Assistant Professor of Criminology, Social Hygiene, and Medical Jurisprudence, and Acting Head of the Department, on one-fifth time, for seven months beginning February 1, 1944, at a salary at the rate of fifty dollars a month, in addition to four thousand eight hundred dollars (\$4800) paid by the Department of Public Welfare, for which the University assumes no responsibility (this supersedes his previous appointment). (January 29, 1944)

KATZ, ARTHUR, Assistant in Mathematics, on three-eighths time, for three months beginning February 1, 1944, at a salary at the rate of seventy-five dollars (\$75) a month. (February 2, 1944)

KAYAYAN, BEDROS, Research Graduate Assistant in the Department of Civil Engineering, in the Engineering Experiment Station, on one-half time, for seven months beginning February 1, 1944, at a salary at the rate of seventy-five dollars (\$75) a month. (February 12, 1944)

KRAFT, ROBERT EUGENE, Special Research Assistant in the Department of Theoretical and Applied Mechanics, in the Engineering Experiment Station, beginning February 15, 1944, and continuing until further notice, at a salary at the rate of one hundred seventy-five dollars (\$175) a month. (February 12, 1944)

KRONE, RALPH WERNER, Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (February 12, 1944)

LITMAN, SIMON, Professor of Economics, on one-half time, beginning December 4, 1943, and continuing through March 4, 1944, at a salary at the rate of three hundred fifty-two dollars ninety-four cents (\$352.94) a month. (January 26, 1944)

LITMAN, SIMON, Professor of Economics, on one-half time, beginning March 5, 1944, and continuing through April 29, 1944, at a salary at the rate of three hundred fifty-two dollars ninety-four cents (\$352.94) a month. (February 19, 1944)

LONG, WINFIELD H., Senior Laboratory Mechanic in the Department of Botany, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of two thousand dollars (\$2000) a year (this supersedes his previous appointment). (February 8, 1944)

LOWRY, LUTHER LEO, Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (February 12, 1944)

MADI, RISLEY JOHN, Assistant in Ophthalmology (Rush), in the College of Medicine, for six months beginning February 1, 1944, without salary. (January 26, 1944)

MECORNEY, JOHN WALTER, Assistant in Chemistry, on one-half time, for four months beginning February 1, 1944, at a salary at the rate of eighty-two dollars fifty cents (\$82.50) a month. (February 16, 1944)

MEIERS, MRS. GERTRUDE, Senior Clerk-Stenographer in the Chicago Division of the Physical Plant Department, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred sixty-seven dollars fifty cents (\$167.50) a month (this supersedes her previous appointment). (February 4, 1944)

MOORE, VAIL HALL, Associate in Sanitary Engineering, in the Department of Civil Engineering, in the College of Engineering, beginning February 7, 1944, and continuing until further notice, at a salary at the rate of three hundred dollars (\$300) a month. (January 29, 1944)

MUELLER, HELEN MARIE, Special Research Assistant in Dairy Husbandry, in the Agricultural Experiment Station, beginning February 15, 1944, and continuing until further notice, at a salary at the rate of one hundred thirty-five dollars (\$135) a month. (February 22, 1944)

PHILLIPS, JAMES ALFRED, Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (February 12, 1944)

POWELL, CHESTER BADOLLET, Assistant in Neurology and Neurological Surgery, in the College of Medicine, for five months beginning April 1, 1944, without salary. (January 31, 1944)

RADCLIFFE, MRS. LOUISE, Sewing Room Supervisor in the Chicago Division of the Comptroller's Office, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty-five dollars (\$145) a month (this supersedes her previous appointment). (February 14, 1944)

REESE, DOROTHY ELIZABETH, Junior Clerk-Stenographer in the Physical Plant Department, beginning February 11, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (February 15, 1944)

ROBERTS, MALCOLM HOWARD, Research Graduate Assistant in the Department of Chemical Engineering, in the Engineering Experiment Station, on one-half time, for seven months beginning February 1, 1944, at a salary at the rate of eighty-seven dollars fifty cents (\$87.50) a month (this supersedes his previous appointment). (February 12, 1944)

RODRÍGUEZ FABREGAT, ENRIQUE, Visiting Professor of Spanish, for five months beginning February 1, 1944, at a salary of two thousand five hundred dollars (\$2500). (February 2, 1944)

SCHAD, MARY JANE, Junior Clerk-Stenographer in the Department of Agricultural Economics, in the Agricultural Experiment Station, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of sixty-two dollars fifty cents (\$62.50) a month, in addition to six hundred thirty dollars (\$630) a year paid by the State Soil Conservation District Board, for which the University assumes no responsibility (this supersedes her previous appointment). (January 29, 1944)

SCHERBARTH, LYDIA CHRISTINE, Senior X-ray Technician in the Department of Radiology, in the College of Medicine, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred sixty dollars (\$160) a month (this supersedes her previous appointment). (February 14, 1944)

SCHULZ, LeROY GREGOR, Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (February 12, 1944)

SCHWAB, FRANCES B., Junior Clerk in the Department of Operative Dentistry, in the College of Dentistry, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month (this supersedes her previous appointment). (February 7, 1944)

SETINA, GENEVIEVE M., Senior Clerk-Stenographer in the Chicago Division of the Physical Plant Department, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty dollars (\$140) a month (this supersedes her previous appointment). (February 4, 1944)

SHINKER, BETTY ESTELL, Assistant Clerk-Stenographer in the Department of Agricultural Economics, in the Agricultural Experiment Station, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes her previous appointment). (February 2, 1944)

SIEVERT, CARL FRANK AUGUST, Special Research Assistant in Chemistry, for seven months beginning February 1, 1944, at a salary at the rate of one hundred fifty dollars (\$150) a month (this supersedes his previous appointment). (February 19, 1944)

SIMRALL, DOROTHY VAN WINKLE, Assistant in Psychology, on one-half time, for four months beginning February 1, 1944, and Assistant Clerk-Stenographer

in the Department of Psychology, on one-half time, for seven months beginning February 1, 1944, at a salary at the rate of one hundred thirty-two dollars fifty cents (\$132.50) a month beginning February 1 and continuing through May 31, 1944, and at the rate of fifty dollars (\$50) a month, beginning June 1 and continuing through August 31, 1944 (this supersedes her previous appointment). (February 14, 1944)

SISCO, MRS. JENNIE, Payroll Clerk in the Chicago Division of the Physical Plant Department, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty-five dollars (\$145) a month (this supersedes her previous appointment). (February 4, 1944)

SMITH, LLOYD, Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (February 12, 1944)

SNELL, MRS. JUNE B., Junior Clerk-Stenographer in the Chicago Division of the Physical Plant Department, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred thirty-five dollars (\$135) a month (this supersedes her previous appointment). (February 4, 1944)

SUNYAR, ANDREW WILLIAM, Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (February 12, 1944)

VAN WINKLE, MRS. FLORENCE, Junior Clerk-Stenographer in the Bureau of Institutional Research, for three months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (February 14, 1944)

WALKER, CLARETA, Instructor in Rural Youth Extension, in the Department of Home Economics, in the Extension Service in Agriculture and Home Economics, beginning February 15, 1944, and continuing through August 31, 1944, at a salary at the rate of two hundred dollars (\$200) a month. (February 16, 1944)

WHITE, R. STEPHEN, Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (February 12, 1944)

WHITNEY, ROBERT McLAUGHLIN, Instructor in Chemistry, for five months beginning February 1, 1944, at a salary at the rate of one hundred seventy-six dollars (\$176) a month. (February 14, 1944)

WISELY, WILLIAM HOMER, Lecturer in Sanitary Engineering, in the Department of Civil Engineering, in the College of Engineering, on one-fourth time, for seven months beginning February 1, 1944, at a salary at the rate of one hundred dollars (\$100) a month. (January 29, 1944)

WYMAN, MARVIN EUGENE, Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (February 12, 1944)

YAKOVLEVITCH, NIKIFOR YANIN, Special Research Graduate Assistant in the Department of Theoretical and Applied Mechanics, in the Engineering Experiment Station, on one-half time, for four months beginning February 1, 1944, at a salary at the rate of seventy-five dollars (\$75) a month. (February 12, 1944)

#### RESIGNATIONS, DECLINATIONS, AND CANCELLATIONS

The Secretary presented also for record the following list of resignations, declinations, and cancellations.

ADDISON, MRS. ELLEN DALE, Assistant File Clerk in the Superintendent's Office of the Research and Educational Hospitals—resignation effective January 29, 1944.

ARON, WALTER, Assistant in Physics, in the College of Engineering—resignation effective February 1, 1944.

AYCOCK, BEN F., JR., Fellow in Chemistry—resignation effective February 1, 1944.

BAUMAN, ROBERT ANDREW, Assistant in Chemistry—resignation effective February 1, 1944.

BECK, KARL MAURICE, Assistant in Chemistry—resignation effective February 1, 1944.

BLAHA, GEORGE CHARLES, Assistant in Medicine—cancellation effective September 1, 1944.

CANALE, ALFRED JOHN, Assistant in Chemistry—resignation effective February 1, 1944.

CARTIER, CHARLES ERNEST, JR., Mechanical Engineer in the Chicago Division of the Physical Plant Department—resignation effective February 16, 1944.

DICKMAN, SHERMAN RUSSELL, Special Research Assistant in Chemistry—resignation effective February 1, 1944.

GILBERT, EDGAR NELSON, Assistant in Physics, in the College of Engineering—resignation effective February 1, 1944.

GRIFFITH, ESTHER M., Lecturer in the Department of Chemistry—resignation effective February 8, 1944.

HILDERBRAND, FLORENCE EVELYN, Assistant Clerk-Typist in the Department of Agronomy, in the College of Agriculture and in the Agricultural Experiment Station—resignation effective at the close of business, February 15, 1944.

HINMAN, JACK WILEY, Special Research Assistant in Chemistry—resignation effective February 1, 1944.

HOMANN, WANDA LEE, Assistant Clerk-Stenographer in the Department of Psychology—resignation effective February 1, 1944.

HOSAEUS, MARGA, Assistant in German—resignation effective January 30, 1944.

HOWARD, EDGAR, JR., Assistant in Chemistry—resignation effective February 1, 1944.

ICENOGLUE, GROVER D., Assistant in Medicine—resignation effective February 1, 1944.

JEPSON, HAROLD LEE, Assistant State Farm Labor Supervisor of Victory Farm Volunteers, in the Extension Service in Agriculture and Home Economics—resignation effective January 26, 1944.

JOHNSTON, HUGH WILLIAM, Assistant in Chemistry—resignation effective February 1, 1944.

KATZ, ARTHUR, Assistant in Mathematics—declination effective February 1, 1944.

KLITZING, MARY EMMA, Assistant Clerk-Typist in Visual Aids Service, in the Division of University Extension—resignation effective January 10, 1944.

KLONTZ, EVERETT EARL, Assistant in Physics, in the College of Engineering—resignation effective February 1, 1944.

LARSON, MRS. MARGARET WEHRLY, Special Research Assistant in Dairy Husbandry, in the Agricultural Experiment Station—resignation effective February 1, 1944.

LEVINE, MILTON, Associate in Bacteriology and Public Health, in the College of Medicine—resignation effective February 1, 1944.

MARVELL, ELLIOT NELSON, Assistant in Chemistry—resignation effective February 1, 1944.

MATLOCK, BETTY MAE, Assistant Clerk-Stenographer in the Department of Agricultural Economics, in the College of Agriculture and in the Agricultural Experiment Station—resignation effective February 1, 1944.

MCCLURE, GORDON W., Assistant in Physics, in the College of Engineering—resignation effective February 1, 1944.

MCCUMBER, DEAN RICE, Assistant Extension Editor and Associate in Agricultural Extension, in the Extension Service in Agriculture and Home Economics—resignation effective February 25, 1944.

MUNN, MRS. BETTY GREENE, Junior Clerk-Stenographer in the Department of Physical Education for Men—resignation effective January 29, 1944.

NELSON, JOSEPH S., Assistant in Chemistry—resignation effective February 1, 1944.

PARHAM, WILLIAM EUGENE, Assistant in Chemistry—resignation effective February 1, 1944.

POWERS, ROBERT WILLIAM, Assistant in Chemistry—resignation effective February 1, 1944.

PYLE, CLAUD AUSTIN, Assistant in Physics, in the College of Engineering—resignation effective March 1, 1944.

REED, LESTER JAMES, Assistant in Chemistry—resignation effective February 1, 1944.

REITSEMA, ROBERT H., Fellow in Chemistry—resignation effective February 1, 1944.

ROBINSON, ALEXANDER JACOB, Assistant Psychometrist and Research Assistant in the Personnel Bureau—resignation effective March 1, 1944.

SCAG, DANE, Assistant in Physics, in the College of Engineering—resignation effective February 1, 1944.

SEARS, GERALD WILLIAM, Instructor in Chemistry—resignation effective February 1, 1944.

SOPER, QUENTIN FRANCIS, Special Research Assistant in Chemistry—resignation effective February 1, 1944.

SPEZIALE, A. JOHN, Assistant in Chemistry—resignation effective February 1, 1944.

SPRAY, MRS. BARBARA O., Junior Medical Technologist in the Department of Bacteriology and Public Health, in the College of Medicine—cancellation effective September 1, 1943.

TOUSTER, OSCAR, Special Research Assistant in Chemistry—resignation effective February 1, 1944.

WALKER, RUTH, Assistant Clerk-Typist in the Extension Service in Agriculture and Home Economics—resignation effective January 25, 1944.

WILLIAMS, MRS. MARJORIE M., Junior Clerk-Stenographer in the Department of Entomology—resignation effective February 16, 1944.

WINKLER, PAUL WALTER, Junior Library Assistant in the Catalog Department of the Library—resignation effective March 1, 1944.

WYMAN, FLAVIUS WEBB, Assistant in Chemistry—resignation effective February 1, 1944.

The Board adjourned.

# MEETING OF THE BOARD OF TRUSTEES

OF THE

# UNIVERSITY OF ILLINOIS

---

**March 14, 1944**

The annual meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 10 o'clock a.m. on Tuesday, March 14, 1944.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell. President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and Mr. J. F. Wright, Director of Public Information.

**ELECTION OF OFFICERS**

On motion of Mr. Nickell, Dr. Luken was made chairman of the meeting for the election of the President of the Board. Dr. Luken took the chair and called for nominations.

**MR. PARK LIVINGSTON ELECTED PRESIDENT OF THE BOARD**

Mr. Davis nominated Mr. Livingston for the office of President of the Board of Trustees for one year. Mr. Fornof seconded the nomination.

On motion of Dr. Meyer, the nominations were closed and the Secretary cast the unanimous ballot of the meeting for Mr. Livingston to succeed himself as President of the Board for the ensuing year; Mr. Livingston was declared elected and he took the chair and thanked the Board.

**MR. HARRISON E. CUNNINGHAM ELECTED SECRETARY**

On motion of Dr. Meyer, Mr. Harrison E. Cunningham was elected Secretary of the Board for one year.

**MR. LLOYD MOREY ELECTED COMPTROLLER**

On motion of Mrs. Grigsby, Mr. Lloyd Morey was elected Comptroller for one year.

**EXECUTIVE COMMITTEE ELECTED**

Dr. Meyer nominated Mr. Davis and Mr. Davis nominated Mr. Jensen to serve as members of the Executive Committee for one year.

On motion of Mr. Nickell, the nominations were closed and the Secretary cast the unanimous ballot of the Board for Mr. Davis and Mr. Jensen, to serve as members, with the President of the Board as Chairman, of the Executive Committee for one year, and they were declared elected.

**AUTHORITY TO RECEIVE MONEY**

On motion of Mr. Fornof, the following resolution was adopted.

*Resolved*, that the Treasurer of the Board of Trustees of the University of Illinois be, and he hereby is, authorized to receive and receipt for all moneys, and to endorse all orders, drafts, and checks due and payable to the Board of Trustees or to the University of Illinois, or any department thereof, and especially all drafts drawn by the Treasurer of the United States payable to the Board of Trustees or the University of Illinois.

**DELEGATION OF SIGNATURES**

On motion of Mr. Jensen, the following resolution was adopted.

*Resolved*, that the President and the Secretary of the Board of Trustees of the University of Illinois are authorized to delegate the signing of their names as President and Secretary, respectively, to vouchers to be presented to the State Auditor, and to warrants drawn on the Treasurer of the University, under the following conditions.

The President of the Board of Trustees is authorized to delegate to C. H. Pratt, to L. M. Dahlenburg, and to C. C. DeLong in Urbana, and to J. E. Millizen, to J. F. Knight, to W. H. Miller, and to W. R. Williams in Chicago, authority to sign his name as President of the Board of Trustees to vouchers against the State Auditor; and to C. A. Webber and to H. F. Thornes in Urbana, and to J. E. Millizen, J. F. Knight, W. H. Miller, and W. R. Williams in Chicago, authority to sign his name to warrants on the University Treasurer covering vouchers approved in accordance with regulations approved by the Board.

The Secretary of the Board of Trustees is authorized to delegate to Anna L. Neuber, to Maude Archdeacon, and to Helen L. Smith, all in Urbana, and to G. R. Moon, to Ethel Englejohn, to Helen Wyle, and to Velma M. Davis, in Chicago, authority to sign his name as Secretary of the Board of Trustees to vouchers against the State Auditor and to warrants on the University Treasurer,

covering vouchers approved in accordance with regulations of the Board. And be it further

*Resolved*, that the First National Bank of Chicago as a designated depository of Irvin L. Porter, Treasurer of this Corporation, be and it (including its correspondent banks) is hereby requested, authorized, and directed to honor checks, drafts, or other orders for the payment of money drawn in this corporation's name, including those drawn to the individual order of any person or persons whose name or names appear thereon as signer or signers thereof, when bearing or purporting to bear the facsimile signatures of any two of the following: Park Livingston, President, and H. E. Cunningham, Secretary; and the First National Bank of Chicago (including its correspondent banks) shall be entitled to honor and to charge this corporation for all such checks, drafts, or other orders, regardless of by whom or by what means the facsimile signature or signatures thereon may have been affixed thereto, if such facsimile signature or signatures resemble the facsimile specimens duly certified to or filed with the First National Bank of Chicago by the Secretary or other officer of this corporation. And be it further

*Resolved*, that the Auditor of Public Accounts is hereby authorized and directed to honor vouchers bearing facsimile signatures of the President and Secretary of the Board of Trustees of the University of Illinois if such facsimile signatures resemble the facsimile specimens duly certified to or filed with the Auditor of Public Accounts by the Secretary.

#### STANDING COMMITTEES

President Livingston notified the Secretary on March 21, 1944, of his action in reappointing the Standing Committees of the Board for 1944-1945 exactly as they were in 1943-1944. For list, see Minutes of March 20, 1943, page 301.

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

##### AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

1. Candidates who hold the certificate of Public Accountant in Illinois and who also hold unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia. (Section 4, a-1, of the Accountancy Act of 1943):

JOHN GARNER BELLAMY (Ind.)	JAMES ARTHUR MARVIN (Va.)
CLYDE HOBART BURRIS (Ky.)	KENNETH MILLS MONTGOMERY (N.Y.)
WILLIAM ROY CAMPBELL (N.Y.)	DUNCAN E. PEDIGO (Conn.)
FRANCIS VERNON COLLINGE (Wis.)	HARRY MILNER RICE (Ga.)
ROSWELL HENRY EATON (N.D.)	BENJAMIN ROBIN (N.C.)
GEORGE PRICE ELLIS (Wis.)	WILLIAM FRANCIS GINGELL ROSS
ARTHUR FRED FRANK (D.C.)	(Mich.)
GILBERT BOOTZ GEIGER (Ind.)	JOHN ALOYSIUS SMITH (Ohio)
LEE JAMES HOWARD (Okla.)	CYRIL TALBOT (Mass.)
JOSEPH BRENTON JANVRIN (Mo.)	JOSEPH GUILFORD TERRY (Ind.)
FREDERICK JUCHHOFF (Mich.)	STANLEY DECAUX TILNEY (Ind.)
DONALD McLEAN KIMBALL (Mich.)	NORMAN HARDING TRACY (Pa.)
ARTHUR FERDINAND LAFRENTZ (N.Y.)	GEORGE WAGNER (Mich.)
FERDINAND WILLIAM LAFRENTZ (N.Y.)	WALTER YOUNG (Ind.)
JOSEPH ALOYSIUS MALONEY (Ind.)	

2. Candidates who hold the certificate of Public Accountant in Illinois received on the basis of the regular semi-annual routine examination given by the Board of Examiners of the Department of Registration and Education (Section 4, a-2, of the Accountancy Act of 1943):

WILLIAM VICTOR APPUHN, JR.

JOHN MICHAEL STOLZ

3. Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 5 of the Accountancy Act of 1943):

JOHN HOTCHKINS BICKLEY (Md.)  
JAMES M. DELANEY (Ind.)  
PAUL WINFIELD FITZKEE (Okla.)  
SYDNEY PERHAM GRAHAM (D.C.)  
LAURIE LEONARD LEHTIN (Wis.)

MANUEL RICH (N.Y.)  
LOUIS CAVANO SCHULTE (Md.)  
HENRY GERSHON SHELLOW (Wis.)  
RALPH JUDSON WHITINGER (Ind.)

I concur.

On motion of Mr. Nickell, these certificates were awarded as recommended.

#### LEAVES OF ABSENCE

(2) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case, which are in accordance with the regulations of the Board governing such leaves:

O. H. SEARS, Professor of Soil Biology, sick leave with full pay from January 19 through March 31, 1944.

J. O. DRAFFIN, Professor of Theoretical and Applied Mechanics, sick leave with full pay from February 9 through March 31, 1944.

STANLEY H. WHITE, Professor of Landscape Architecture, sick leave with full pay for the second semester of the current academic year.

GERALD W. PECK, Assistant Dean of Men and Director of Student Employment, sick leave with full pay from January 21 through March 2, 1944.

IRVIN WARREN, Electrician in the Physical Plant Department, sick leave with full pay from February 19 through April 30, 1944.

W. J. WEBER, Painter in the Physical Plant Department, sick leave with full pay from January 1 through January 26, 1944.

In the following cases the individuals are eligible for disability benefits payable by the University Retirement System, so that the sick leave in each case is without pay:

V. R. FLEMING, Assistant Professor of Theoretical and Applied Mechanics, disability leave for the second semester of the current academic year.

EOLENE BARRON, Jo Daviess County Home Adviser, from September 1, 1943, through August 31, 1944.

MARY MANN, Senior Library Assistant, from January 1 through April 30, 1944.

ELLEN LESLIE, Staff Nurse, Research and Educational Hospitals, from December 17, 1943, through June 30, 1944.

LILLIAN HAMMORTREE, Nurse's Aide, Research and Educational Hospitals, from February 1 through June 30, 1944.

BLANCHE MORRIS, Supply Attendant, Research and Educational Hospitals, from November 3, 1943, through June 30, 1944.

WILMER A. HULVEY, Janitor in the Physical Plant Department, from October 27, 1943, through August 31, 1944.

MOSES COLEMAN, Janitor in the Chicago Physical Plant Department, from October 13, 1943, through June 30, 1944.

WILLIAM HAMPE, Laborer, Chicago Physical Plant Department, from June 29, 1943, through June 30, 1944.

#### *Leaves of Absence for Military and Other War Service*

(The leave in each case is without pay.)

FRANCIS W. HETREED, Associate in Dermatology (Rush), February 20 through August 31, 1944. (U. S. Public Health Service)

H. W. GAROL, Assistant in Neurology and Neurological Surgery, January 1 through August 31, 1944. (U. S. Army, M. C.)

JUDDIE BUTLER, Janitor in the Physical Plant Department, February 12 through August 31, 1944. (Army)

GRACE CALMER, Staff Nurse, Research and Educational Hospitals, February 1 through August 31, 1944. (Navy—Nurse)

GERTRUDE SAUNDERS, Staff Nurse, Research and Educational Hospitals, March 1, 1942, through August 31, 1944. (Army—Nurse)

SOL ROY ROSENTHAL, Assistant Professor of Bacteriology and Public Health, March 6 through August 31, 1944. (Army)

NORMAN E. LENTZ, Junior Account Clerk, Division of Services for Crippled Children, March 1 through August 31, 1944. (Army)

On motion of Mr. Fornof, these leaves were granted as recommended.

#### **SABBATICAL LEAVE OF ABSENCE FOR PROFESSOR LOUISE DUNBAR**

(3) Assistant Professor Louise Dunbar of the Department of History requests a sabbatical leave of absence for the first semester of 1944-1945 (September 1, 1944, to March 1, 1945) on one-half pay. For several years she has spent her summers in various libraries in the United States and abroad assembling materials for the preparation of a book on the "British Royal Governors in North America during the French and Indian War." She now wishes to have time to put this material into final written form for publication and proposes to spend the sabbatical one-half year working at Urbana.

I recommend approval.

On motion of Mr. Jensen, this leave was granted as recommended.

#### **BOARD OF DIRECTORS OF THE ATHLETIC ASSOCIATION**

(4) The By-Laws of the University of Illinois Athletic Association provide that its Board of Directors shall be appointed by the Board of Trustees of the University, on recommendation of the President of the University at the annual meeting of the Board in March. There are seven members of this Board of Directors, four appointed from the faculty, and three from the membership of the Alumni Association. For the past three or four years the Board of Trustees has followed a policy of making periodical changes in the membership of this board by replacing the faculty and alumni members who have served the longest. While in normal times this policy is sound in the interest of securing new points of view and giving various classes and communities of alumni representation, the problems, financial and otherwise, of the Athletic Association which have been created by war conditions and the uncertainty of the future make it desirable in my judgment to keep the present Board of Directors intact. I am, therefore, recommending reappointment of the following as members of the Board of Directors of the University of Illinois Athletic Association:

##### *Faculty*

ROBERT B. BROWNE, Director of University Extension and Director of the Summer Semester.

LESLIE E. CARD, Professor of Poultry Husbandry.

GEORGE B. WEISIGER, Professor of Law.

DONALD L. KEMMERER, Assistant Professor of Economics.

##### *Alumni*

WALDO B. AMES, Class of 1917, Insurance Broker, 175 West Jackson Boulevard, Chicago.

CHARLES WHAM, Class of 1912, Attorney, Centralia.

LOWELL A. SPURGEON, Class of 1938, Personnel Director, Mechanics Universal Joint Division, Borg-Warner Corporation, Rockford.

On motion of Mrs. Grigsby, these directors were appointed as recommended.

#### **STUDENTS' USE OF ENGLISH**

(5) For the past three years the University Senate (faculty) has been considering reports and recommendations, based on studies by its Committee on Educational Policy, for improving the standard of English used by undergraduate students. Recommendations on this have been submitted to and approved by the Board of Trustees on June 24, 1941, June 19, 1943, and July 28, 1943.

There has been in operation a special Committee on Student English appointed by the University Senate. As a result of its experiences and different studies on which the Committee has made a report to the Senate, the Senate

recommends the adoption of the following requirement for graduation and the establishment of a qualifying examination in English:

1. A satisfactory proficiency in the use of written English shall be made a requirement for all undergraduate degrees awarded by the Urbana divisions of the University, and, in order to assure such proficiency, all upperclassmen who pass the Rhetoric 2 course or its equivalent with a grade of "C" or "D" shall be required to take an English qualifying examination before graduating.

2. Students who fail on the qualifying examination shall be required to pass an extra one-semester course in rhetoric, specifically Rhetoric 5; Rhetoric 5 shall be offered every semester and summer session, and the individual colleges and schools shall decide at what point in his University career the student who fails the qualifying examination shall take the course. In general, Rhetoric 5 should be required as soon as possible after the qualifying examination, but each college and school should adopt a general policy relative to the placement of this course.

3. The present regulation which requires students who receive a grade of "D" in Rhetoric 2 to take Rhetoric 5, and which requires transfer students having the same deficiency either to take this course or to pass a "proficiency examination" in rhetoric, shall be cancelled for students matriculating in the University after September 1, 1944, providing the other recommendations here proposed are put into effect; the new requirements here proposed shall apply to all undergraduate students who matriculate in the University after September 1, 1944, and the qualifying examination shall be given for the first time at the beginning of the first (fall) semester, 1944-1945.

In accordance with the experience of the Committee on Student English, the University Senate has approved and recommends the adoption of the following provisions relative to the organization of the Committee and faculty cooperation:

4. The Committee on Student English shall be expanded next year (1944-1945) so that it shall include a representative from each of the undergraduate colleges and schools in the Urbana divisions of the University, and the Director of the required rhetoric courses shall be made an ex-officio adviser to the Committee.

5. The Committee shall be authorized to plan, and to initiate in the first semester of 1944-1945, a program of faculty participation designed to effect further improvement of students' use of English; the Committee shall be authorized to have each of its individual members solicit the assistance of the dean or director, department heads, and any pertinent committee of his college or school in interesting and informing faculty members with respect to the Committee's program of cooperative activities.

I concur in these recommendations.

On motion of Dr. Meyer, these recommendations were approved and adopted.

#### **APPROPRIATION TO PHYSICAL PLANT DEPARTMENT**

(6) The Committee on Special Appropriations and Non-Recurring Expenditures recommends that an appropriation of \$4,000 be made to the Physical Plant Department for the following improvements in the Abbott Power Plant:

- (1) installation of ventilating equipment in the coal conveyor room, \$1,500;
- (2) completion of installation of desuperheating equipment, \$2,500.

I concur in this recommendation, the appropriation to be made from the General Reserve Fund as a non-recurring item.

On motion of Mr. Nickell, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker.

#### **ADJUSTMENT IN BUDGET OF COMPTROLLER'S OFFICE**

(7) The Comptroller requests an addition of \$8,700 to the budget of his office for operating expenses for the current fiscal year. This may eventually become

a permanent addition to the budget of his office, subject to the usual reconsideration in the preparation of future operating budgets. The increase is requested because the cost of preparing payroll records has been greater than originally anticipated. Additional clerical staff, materials, and services are required in computing federal tax deductions which is now a necessary part of the payroll procedure. Principal reasons for the increased cost have been (1) unusually large turnover and change of status of staff members; (2) unusually large number of changes in wage rates; (3) difficulties in securing all necessary information from staff members; (4) delays in completion of payrolls, requiring extra procedure to accomplish payment on time; (5) changes in forms to meet requirements of State Auditor's Office.

Further details concerning the need for these additional funds are given in the letter of March 3, 1944, from the Comptroller.

I recommend that an assignment of \$8,700 be made from the General Reserve Fund for this purpose for the balance of the current fiscal and academic year as a non-recurring item for the present. Further consideration will be given to this matter in the preparation of the budget for 1944-1945.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker.

#### PURCHASE OF YEARLINGS

(8) The Comptroller recommends that the Purchasing Agent be authorized to purchase 150-175 yearling wethers or ewes for the Animal Husbandry Department at an approximate cost of from \$1,500 to \$1,750.

I recommend approval.

On motion of Mr. Jensen, this purchase was authorized as recommended.

#### PURCHASES AUTHORIZED

(9) A report of the following purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency actions:

1. Book shelving to be installed in Music Library in Smith Memorial Hall, from Moline Furniture Works, Moline, Illinois, the lowest bidder, at their price of \$1,031 delivered and installed.

2. Three thousand grams—1 (plus)—lysine monohydrochloride, for the Chemistry Department, from Merck and Company, Inc., at their price of \$1,836 f.o.b. Rahway, New Jersey.

3. Twenty-eight cars (approximately 1100 tons) washed screening coal, for the Physical Plant coal storage, from the Peabody Coal Company, at a total cost of approximately \$3,520. (Price f.o.b. mine, \$2.60; freight, 60¢ a ton; total cost, \$3.20 a ton.)

This report was received for record.

#### FEDERAL EMERGENCY FARM LABOR BUDGET

(10) Federal funds again have been made available for the Emergency Farm Labor Program for the calendar year 1944 to be expended through the University Division of Agricultural Extension. The minimum amount which will be available for the year is \$320,000, and the following budget is submitted covering estimated expenditures from January 1 to August 31, 1944:

Salaries (including Supervisors, Assistant Supervisors, and clerical help in the central office; appointments to be approved by the President).....	\$ 21 200
Wages (assistants and clerical help for County Farm Advisers and miscellaneous services).....	141 225
Travel .....	23 520
Housing and transportation of workers.....	13 440
Other expense.....	41 440
<i>Total</i> .....	<u>\$240 825</u>

While this represents more than two-thirds of the estimated total available for the calendar year, the bulk of the expense comes during the crop season, May to August inclusive.

The foregoing budget has been submitted by Dean and Director H. P. Rusk and has been reviewed by the Comptroller. I recommend its approval subject to adjustment within the total and with the provision that any unexpended balance at August 31, 1944, will be carried forward and included in the budget for the period September 1 to December 31 to be later submitted.

On motion of Mr. Davis, this budget was adopted as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker.

#### EMERGENCY WAR FOOD ADMINISTRATION BUDGET

(11) The Extension Service of the U. S. Department of Agriculture has allotted to the University Agricultural Extension Service the sum of \$45,000 for use during the period ending June 30, 1944, in statewide work relating to food production and preservation. Dean and Director H. P. Rusk has submitted the following budget for this work:

Salaries (two general assistants and 34 assistants in the various counties and Urbana area; appointments to be approved by the President).....	\$24 050
Wages (clerical workers).....	14 000
General departmental expense.....	3 000
Travel .....	3 950
<i>Total</i> .....	<u>\$45 000</u>

This budget has been reviewed by the Comptroller. I recommend approval subject to adjustment within the total.

On motion of Mr. Nickell, this budget was adopted as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker.

#### CONTRACTS EXECUTED BY THE COMPTROLLER FEBRUARY 16 TO MARCH 8, 1944

(12) The Comptroller's report of contracts.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
United States War Department—Picatinny Arsenal	Confidential contract	\$1,800	December 23, 1943
Vermiculite Research Institute	Study of uses of vermiculite in farm building construction	\$600	February 26, 1944
<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid by the University</i>	<i>Date</i>

W. A. Jackson	Contract for miscellaneous plaster patching and repairs, as ordered, at unit prices	No amount specified	February 8, 1944

Leases executed under general regulations of the Board of Trustees:

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
Rockford Consolidated Newspapers, Inc.	Lease of premises for branch office for Division of Services for Crippled Children	\$300	January 26, 1944

This report was received for record.

#### DIRECTOR OF SERVICES FOR WAR VETERANS

Mr. Davis, for the special committee to consider the appointment of a Director of Services for War Veterans, reported that the committee had met; that it regarded this division as of great importance; that the director should be a war veteran sympathetic to students with combat experience; and that a canvass be made of present available members of the faculty and an appointment effected as rapidly as possible.

On motion of Mr. Davis, this report was approved.

#### EMPLOYMENT OF CONSCIENTIOUS OBJECTORS

Mr. Davis reported also the receipt of resolutions from the Champaign Post of the American Legion objecting to the employment of conscientious objectors; that he had canvassed the situation and reported to the officers of the Post that the University's requirement of an oath of allegiance militated against such employment, and that the matter was closed.

#### EXECUTIVE SESSION

The Board continued its consideration of matters presented by the President of the University in executive session.

#### APPROPRIATION TO THE PRESIDENT'S OFFICE

(13) The operating budget for the current fiscal year includes an appropriation of \$1,500 to the President's Office for incidental and emergency expenses. This fund is used for a variety of items which are not ordinarily departmental expenditures. As examples, this year the University invited a number of high-school men to come here for conferences concerning the educational program of the Division of General Studies and its correlation with high-school programs. Another group of high-school men was invited here to confer on the development of a program of aeronautical education in the secondary schools. From this fund have also been paid the traveling expenses of University officials and staff members to Washington and on other out-of-town trips in connection with the airport project and other University interests. Because the demands on this fund during the current year have been so heavy, it is exhausted. I request that a supplementary appropriation of \$2,500 be made from the General Reserve to the Incidentals and Emergencies fund of the President's Office for the balance of the current fiscal year.

On motion of Mrs. Grigsby, this appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker.

#### ADMISSION OF AMERICAN-BORN JAPANESE STUDENTS

(14) At the meeting of the Board on February 24, I presented a statement on the previous practice of the University in dealing with applications for admission from American-born Japanese students and raised questions as to what should be the University's future policy. No official action was taken by the Board.

It appears necessary that the University adopt an official policy with respect to the admission of these students so that it can give definite and authoritative replies to inquiries from the War Relocation Authority and the National Japanese American Student Relocation Council. These agencies and particularly the Council have been pressing the University for a decision. The Provost Marshal General's Office has approved a plan for relocating certain American-born Japanese students at various educational institutions.

The Registrar has been studying this matter and he recommends that the University agree to admit through the National Japanese American Student

Relocation Council, for a trial period of one semester, Japanese American students under the following conditions:

1. The student must present evidence of United States citizenship.
2. The student must present evidence that he or she has sufficient funds to pay all expenses without the need for employment while in attendance.
3. The student must be recommended by the last institution attended.
4. If a student is entering from secondary school, he must rank in the upper twenty-five per cent of his graduating class; if a college transfer, he must have a scholastic average of not less than 3.5.
5. The student must present a certificate of clearance from the Provost Marshal General's Office. The responsibility for requesting and securing such clearance will be on the individual applying for admission. The University will not initiate any such requests to the Provost Marshal General's Office.
6. The student's attendance at the University of Illinois must be approved by the War Relocation Authority.
7. Any such students admitted shall be placed under the special supervision of the Dean of Students and must comply with such requirements as he may deem advisable to impose.

On motion of Mr. Jensen, these recommendations were adopted.

#### **LEAVE OF ABSENCE FOR PROFESSOR CLARENCE A. BERDAHL**

(15) Professor Clarence A. Berdahl, Chairman of the Department of Political Science, has been requested by the United States Office of Strategic Services to become a member of its London staff for service directly related to the war. He has requested leave of absence without pay for the balance of the current academic year, with the understanding that his leave will be extended beyond September 1, 1944, if his services are required by the Government after that date. The policy of the Board governing leaves of absence provides for such extensions. Professor Berdahl's leave of absence will become effective whenever it is necessary for him to leave the University to report for duty abroad. Arrangements are being worked out by the Department of Political Science to take over Professor Berdahl's teaching duties.

I recommend that this leave be granted.

On motion of Mr. Davis, this leave was granted as recommended.

#### **REPORT OF PROGRESS ON AIRPORT CONSTRUCTION**

(16) The Supervising Engineer in charge of Airport Construction submits the following report of progress since the last report on this was made to the Board on February 24, 1944:

March 10, 1944

PRESIDENT A. C. WILLARD:

In compliance with your request dated January 27, 1944, I submit below the second progress report on the Airport. The following report is a continuation of the first report dated February 24, 1944.

1. Comments by the Civil Aeronautics Administration on the zoning ordinance prepared by the Illinois Aeronautics Commission were sent to you with a request that you have Chapman and Cutler look into the entire matter of zoning. Chapman and Cutler forwarded a draft of a new ordinance which is much more comprehensive and suitable than the original prepared by the Illinois Aeronautics Commission. The new draft has been sent to the Zoning Committee of the Champaign County Board of Supervisors and to the Illinois Aeronautics Commission. It will be necessary to have the latter formally adopt the approach plan prepared by them. Colonel George C. Roberts, Secretary of the Illinois Aeronautics Commission, is arranging to have this done. The new ordinance will be received by the Board of Supervisors at its next meeting on April 11, 1944, and, after the hearings required by law, will probably pass the ordinance at the next following meeting.

2. Consultation with officials of the State Division of Highways reveals that the detention basin for controlling storm drainage from the Airport as described in my Report No. 1 will not be a practical solution of the problem

for two reasons: (a) it would interfere with the future widening of Route 45, and (b) there is considerable doubt as to its adequacy for preventing future damage claims.

New studies are under way to develop a better solution of the problem. In the meantime, negotiations with landowners have been suspended. This matter is more fully explained in my confidential letter dated March 8, 1944.

3. No new word has been received from Civil Aeronautics Administration officials regarding the present status of the contract except that it was given Washington approval and had been sent to the lowest bidder contractors for their signatures.

4. I quote from a letter dated March 6, 1944, which was received from Colonel Hyde, A. C., Liaison Officer of the Army Air Forces.

"In order that we may properly inform the Eastern Flying Training Command at Maxwell Field, Montgomery, Alabama, what in your opinion, will be the earliest date upon which one runway and servicing taxiway will be ready for use by Chanute Field? By what date do you believe all runways and taxiways and apron will be ready for use?"

I was informed by Mr. Horner of the Civil Aeronautics Administration that he had received a similar letter. He requested that we withhold our reply until he could gather complete information, and promised to have the data in my hands on the morning of March 8, 1944. Since no reply was received by March 10, 1944, I wrote Colonel Hyde as follows:

"The best guess that I can make in regard to the earliest date on which one runway and servicing taxiway will be ready for use by Chanute Field is 1 September 1944, with completion of all taxiways and runways by 1 October 1944. This, of course, is contingent upon completion of contractual arrangements and starting of construction by 15 April 1944."

5. Studies related to the development of the building area are continuing. Additional valuable information has been received from American Airlines, Inc. and Northwest Airlines, Inc. A visit was made by University representatives to the Indianapolis Airport to inspect the municipal buildings and runways and the facilities of the Roscoe Turner Aeronautics Corporation.

J. J. DOLAND

*Supervising Engineer*

This report was received for record.

#### APPOINTMENT OF DR. BALDWIN M. WOODS AS CONSULTANT ON AERONAUTICS

(17) In the development of the University's program of education and research in air transportation and to make the most effective use of the airport and other facilities to be provided for this program, the University needs the advice of men of long experience in air transportation industries, including aircraft manufacturers, operators of transportation lines, and research agencies. I therefore recommend that the Board authorize the appointment of an "Advisory Board on Aeronautics" to assist in the organization and development of this program. Negotiations are now under way with a number of authorities seeking their service in this capacity.

I further recommend the appointment of Dr. Baldwin M. Woods, Professor of Mechanical Engineering at the University of California, as Consultant on Aeronautics and Chairman of the Advisory Board on Aeronautics for the period beginning January 1 and continuing through December 31, 1944, and that he be paid an honorarium of \$2,000 for this service plus a travel allowance of \$500, a total of \$2,500 to be paid in four quarterly installments. The service will require a maximum of four conferences a year at Urbana (which will involve four or five days per trip with a certain amount of interim consideration between trips) and occasional conferences with individuals outside the University.

Doctor Woods is a graduate of the University of Texas, E.E. 1908, University of California, M.S. 1909, Ph.D. 1912. He has been on the faculty of the University of California since 1908, and in addition to his teaching and research has served in several administrative capacities. He is one of the world's outstanding authorities in Aeronautical Engineering, in which field he has been working

for over thirty years. During World War I he served as President of the Academic Board and Director of the United States School of Military Aeronautics at the University of California. His prominence in Aeronautical Engineering is further illustrated by his services in the following capacities, in addition to his teaching and research:

Member, Advisory Council, Hancock Foundation School of Aeronautics, Santa Maria, California.

Member, Daniel Guggenheim Medal Fund, 1934-1937.

Chairman, National Committee for the Award of W. E. Boeing Scholarships, 1930-1938, and National Committee for the Award of United Air Lines Scholarships, since 1939.

Member, Advisory Committee on Engineering Defense Training since 1940.

Consultant in Survey of Federal Research for the National Resources Committee, 1937-1938.

Founder Member, Institute of Aeronautical Sciences.

Member, United States Naval Institute.

Doctor Woods has expressed his willingness to serve in this capacity and on the terms indicated. The University is fortunate in being able to secure his services.

On motion of Dr. Meyer, this appointment was authorized, and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker.

#### **SCHOLARSHIP AND LOAN FUND FROM W. K. KELLOGG FOUNDATION**

(18) The W. K. Kellogg Foundation of Battle Creek, Michigan, has made a grant to the University of \$4,000 to be used for scholarships (\$3,000) and loans (\$1,000) to students in occupational therapy in accordance with the terms agreed upon by the Foundation and the President of the University. The scholarships will be awarded by the University Standing Committee on Special Undergraduate Scholarships. The Committee will act on recommendations from the Dean of the College of Medicine in the selection of candidates. The number of scholarships to be awarded will depend on the number of students who qualify for such aid. The loan fund will be administered in the same way as other University loan funds, but the interest rate will be 2½ per cent (a stipulation made by the Kellogg Foundation) instead of the 4 per cent requirement of other University loan funds.

On motion of Mr. Fornof, these arrangements were approved and confirmed.

#### **AUTOMOBILE INSURANCE**

(19) Insurance on University automotive equipment expires April 5, 1944. On the basis of bids received, the Purchasing Agent, the Director of the Physical Plant Department, and the Comptroller recommend that insurance for comprehensive public liability, property damage, and damage to equipment, for 70 passenger cars, 60 trucks, and six federal-owned trucks, be placed with the C. A. Atwood Insurance Agency. It is desirable, for convenience, to have a local agent handle the claims.

C. A. Atwood, Champaign, representing the American Employer's Insurance Company and the Employer's Fire Insurance Company, and Howard B. Hare, Chicago, representing the Springfield Fire and Marine Insurance Company, and the Employers Liability Assurance Corp., Ltd., quoted the same price of \$1,479.94, covering 136 units.

I recommend approval.

The Comptroller presented this item.

On motion of Dr. Meyer, this insurance was placed as recommended.

#### **APPOINTMENT OF ACTING SUPERINTENDENT OF RESEARCH AND EDUCATIONAL HOSPITALS**

(20) Dr. Major H. Worthington, Superintendent of the Research and Educational Hospitals died suddenly on February 27, 1944.

On recommendation of the Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy, and with the concurrence of the Comptroller, I have appointed Mr. John E. Millizen, Business Manager of the Chicago Colleges and of the Research and Educational Hospitals, as Acting Superintendent of the Hospitals, in addition to his present position as Business Manager, beginning March 1 and continuing until September 1, 1944, at an additional compensation of \$500 for this period. This is a temporary arrangement pending the appointment of a permanent Superintendent.

I request confirmation of this action.

On motion of Dr. Meyer, this action was approved and confirmed.

#### **APPOINTMENT OF DR. AND MRS. FRED GIBBS**

(21) The Head of the Department of Psychiatry and the Dean of the College of Medicine recommend the appointment of Dr. Fred Gibbs and his wife, Mrs. Erna Gibbs, to fill the position of electroencephalographer in the Division of Psychiatry of the Neuropsychiatric Institute. The introduction of electro-physiological techniques in the field of study of normal and abnormal function of the brain is one of the newer and more promising approaches to research and clinical problems in this area.

Dr. and Mrs. Gibbs are now associated with Harvard University and Boston Psychopathic Hospital. They are the outstanding workers in clinical and experimental encephalography, and the University of Illinois is extremely fortunate in having the opportunity of securing their services. Each one has a professional reputation, but they have always worked as a team and neither one would be interested in coming to the University of Illinois without the other. It has long been the University's policy not to appoint to its staff individuals who are related by blood or marriage to others on the staff, but in emergencies such as during World War I and World War II when there has been a shortage of personnel, exceptions have been made to this policy. It is my judgment that an exception to the policy is fully justified in the present instance in the best interests of the University's educational, scientific, and research program, regardless of other considerations. I therefore recommend that the Board authorize the appointments of Dr. Fred Gibbs as Associate Professor at a salary of \$4,500 a year and Mrs. Erna Gibbs as Instructor at a salary of \$2,400 a year in the Department of Psychiatry, of the College of Medicine.

Dean Allen made a statement on this matter.

On motion of Mr. Jensen, these appointments were made as recommended.

#### **APPOINTMENT OF SPECIAL ACCOUNTANCY BOARD**

Mr. Davis reported that the Executive Committee had approved the appointment (with the concurrence of the Director of the Department of Registration and Education) of Mr. Fred N. Setterdahl to complete the Special Board of five examiners under the Accountancy Act of 1943 (see Minutes of December 18, 1943, pages 796-798). The complete Special Board is now constituted as follows:

EDGAR R. BOURKE, Registered Public Accountant, 20 West Jackson Boulevard, Chicago.

FRED N. SETTERDAHL, Registered Public Accountant, Rock Island.

THOMAS J. REEDY, Registered Public Accountant and Certified Public Accountant, 105 South LaSalle Street, Chicago.

JOHN W. QUEENAN, Registered Public Accountant and Certified Public Accountant, 111 West Monroe Street, Chicago.

JOSEPH A. KOVAC, Registered Public Accountant entitled to receive C.P.A. certificate under Section 4, subsection (a) (2), 128 North Wells Street, Chicago.

**APPOINTMENTS MADE BY THE PRESIDENT**

The Secretary presented for record the following list of appointments made by the President of the University.

BECKERS, MARY C., Assistant Dietitian in Special Diets, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one thousand six hundred twenty dollars (\$1620) a year; for her convenience she will also be furnished room and board, valued at three hundred eighty-four dollars (\$384) a year, while on duty (this supersedes her previous appointment). (February 25, 1944)<sup>1</sup>

BINKLEY, MRS. BETTIE HUBER, Assistant Clerk-Stenographer in the Extension Service in Agriculture and Home Economics, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (March 1, 1944)

BRUNINGA, MRS. VIRGINIA R., Junior Clerk-Stenographer in the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifteen dollars (\$115) a month. (March 10, 1944)

BURGESS, M. EDNA, Supervising Nurse in the Department of Obstetrics and Gynecology, in the College of Medicine, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred eighty-two dollars (\$182) a month; for her convenience she will also be furnished one meal daily, valued at ninety-six dollars (\$96) a year, while on duty (this supersedes her previous appointment). (March 2, 1944)

CARRIGAN, HONORA T., Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

CONDON, MARGARET, Assistant Office Appliance Operator in the Bursar's Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred five dollars (\$105) a month (this supersedes her previous appointment). (March 2, 1944)

COX, DOROTHY, Assistant Clerk-Stenographer in the Department of Animal Husbandry, in the Agricultural Experiment Station, on one-half time, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of fifty dollars (\$50) a month, in addition to forty-five dollars (\$45) a month paid by the United States Department of Agriculture, for which the University assumes no responsibility. (March 1, 1944)

CRAIG, FRANCES VIRGINIA, Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

CULP, MRS. CORINNE T., Statistical Clerk in the Personnel Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (February 25, 1944)

DAVIS, DOROTHY I., Assistant Clerk-Typist in the Extension Service in Agriculture and Home Economics, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (March 1, 1944)

DAVIS, THEODORE LINK, District Supervisor of Emergency Farm Labor, in the Extension Service in Agriculture and Home Economics, for seven months beginning February 1, 1944, at a salary at the rate of three thousand four hundred dollars (\$3400) a year. (February 29, 1944)

<sup>1</sup>The date in parenthesis is the date on which the appointment was made by the President.

DENHART, MRS. BONNIE RUTH, Assistant Clerk-Stenographer in the Department of Agronomy, in the College of Agriculture and in the Agricultural Experiment Station, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes her previous appointment). (February 22, 1944)

DIXON, MARGARET, Assistant Clerk-Stenographer in the Purchasing Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of ninety dollars (\$90) a month. (March 2, 1944)

EASTERMAN, EDYTHE V., Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

FAHEY, JOHN JAMES, Instructor in Orthopaedic Surgery, in the College of Medicine, for six months beginning March 1, 1944, without salary. (February 25, 1944)

FLEMING, GENEVA, Draftsman in the Physical Plant Department, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred seventy-five dollars (\$175) a month (this supersedes her previous appointment). (March 2, 1944)

GEPNER, MARGARET ELIZABETH, Assistant Clerk-Stenographer in the Purchasing Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of ninety-five dollars (\$95) a month (this supersedes her previous appointment). (March 2, 1944)

GERDES, CAROLYN LUCILLE, Assistant Clerk-Stenographer in the Extension Service in Agriculture and Home Economics, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (March 1, 1944)

GILBERT, HENRY WILBUR, District Supervisor of Emergency Farm Labor, in the Extension Service in Agriculture and Home Economics, for seven months beginning February 1, 1944, at a salary at the rate of three hundred dollars (\$300) a month (this supersedes his previous appointment). (February 29, 1944)

GINGRICH, FRANKLIN FORREST, Assistant State Farm Labor Supervisor of Victory Farm Volunteers, in the Extension Service in Agriculture and Home Economics, for seven months beginning February 1, 1944, at a salary at the rate of three thousand eight hundred dollars (\$3800) a year. (February 29, 1944)

GOODNIGHT, MRS. MARIE L., Assistant, in the Division of General Studies, on one-half time, and in Botany, on one-fourth time, beginning February 16, 1944, and continuing through May 31, 1944, at a salary at the rate of one hundred twenty-two dollars seventy-five cents (\$122.75) a month (this supersedes her previous appointment). (February 25, 1944)

GRAHAM, MRS. MARY WHITEFORD, Instructor in Speech, on one-half time, for four months beginning February 1, 1944, at a salary at the rate of ninety-nine dollars (\$99) a month. (February 25, 1944)

HANKE, DOROTHY EVELYN, Junior Clerk-Stenographer in the Extension Service in Agriculture and Home Economics, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty-seven dollars fifty cents (\$147.50) a month (this supersedes her previous appointment). (March 1, 1944)

HARDIN, LOIS, Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

HASKELL, GLENN PERCIVAL, Associate in English, on one-half time, for seven months beginning February 1, 1944, at a salary at the rate of one hundred ten dollars (\$110) a month. (February 25, 1944)

HAUSSER, LUCILLE ROSETTA, Assistant Clerk-Typist in the Department of Agronomy, in the Extension Service in Agriculture and Home Economics, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred five dollars (\$105) a month (this supersedes her previous appointment). (February 22, 1944)

HERRMANN, MARY KATHERN, Junior Accountant in the Auditing Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty-five dollars (\$145) a month (this supersedes her previous appointment). (March 2, 1944)

HESSE, ARTHUR LEO, Acting Supervisor of the Animal Hospital, in the College of Medicine, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of two hundred fifty dollars (\$250) a month (this supersedes his previous appointment). (March 1, 1944)

HOLL, ZELMA CHRISTINE, Senior Clerk-Stenographer in the Extension Service in Agriculture and Home Economics, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty-five dollars (\$145) a month. (March 1, 1944)

HOSTETTLER, FRANK EDWIN, Supervising Engineer in the Chicago Division of the Physical Plant Department, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of three hundred fifty dollars (\$350) a month (this supersedes his previous appointment). (March 1, 1944)

HOUSENGA, MRS. JOSEPHINE, Cashier in the Bursar's Division of the Comptroller's Office, beginning March 6, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month. (February 25, 1944)

HRUBECKY, HENRY FRANCIS, Assistant in Mechanical Engineering, in the College of Engineering, beginning February 14, 1944, and continuing until further notice, at a salary at the rate of one hundred eighty dollars (\$180) a month. (March 2, 1944)

JAGLOWSKI, VICTORIA, Supervising Nurse in the Orthopaedic Division of the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

JOHNSTON, PAUL EVANS, Professor of Agricultural Economics, in the College of Agriculture and Chief in Agricultural Economics, in the Agricultural Experiment Station, on indefinite tenure, without salary, and State Supervisor of Emergency Farm Labor, in the Extension Service in Agriculture and Home Economics, for seven months beginning February 1, 1944, at a salary at the rate of four hundred fifty dollars (\$450) a month. (February 29, 1944)

KERCHENFAUT, LOIS C., Assistant Psychometrist in the Personnel Bureau, on one-half time, for six months beginning March 1, 1944, at a salary at the rate of one thousand dollars (\$1000) a year. (March 2, 1944)

KRATOVIL, FRANCES, Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

KRONER, OPAL ALINE, Assistant Office Appliance Operator in the Accounting Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month (this supersedes her previous appointment). (March 2, 1944)

LAMS, LOUIS, Assistant in Neurology, in the Department of Neurology and Neurological Surgery, in the College of Medicine, for six months beginning March 1, 1944, without salary. (February 23, 1944)

LARSON, HATTIE C., Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one

hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

LAUGHLIN, JOHN SETH, Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (March 2, 1944)

LITTLE, MRS. MADGE LINKE, Home Adviser at Large and Instructor in Home Economics Extension, in the Extension Service in Agriculture and Home Economics, on one-half time, and Assistant State Farm Labor Supervisor of the Women's Land Army, on one-half time, for seven months beginning February 1, 1944, at a salary at the rate of two thousand five hundred dollars (\$2500) a year. (February 29, 1944)

LOWE, CLARA M., Assistant Director of Nursing Service, in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of two hundred dollars (\$200) a month (this supersedes her previous appointment). (March 2, 1944)

LOWE, DORIS JEAN, Junior Clerk-Stenographer in the Personnel Bureau, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred five dollars (\$105) a month (this supersedes her previous appointment). (February 24, 1944)

MARCH, ISABEL, Instructor in Occupational Therapy, in the College of Medicine, for seven months beginning February 1, 1944, at a salary at the rate of one hundred seventy-five dollars (\$175) a month. (February 29, 1944)

MARIS, MRS. OPAL SPICER, Assistant Clerk-Typist in the Extension Service in Agriculture and Home Economics, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifteen dollars (\$115) a month (this supersedes her previous appointment). (March 1, 1944)

MARRIOTT, CLARICE, Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

MAXFIELD, BETTY JANE, Assistant File Clerk in the Department of Agricultural Economics, in the Agricultural Experiment Station, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month (this supersedes her previous appointment). (March 10, 1944)

McHARRY, MRS. MARY STEVENS, Assistant File Clerk in the Accounting Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes her previous appointment). (March 2, 1944)

McREYNOLDS, M. LUCILLE, Assistant Office Appliance Operator in the Accounting Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifteen dollars (\$115) a month (this supersedes her previous appointment). (March 2, 1944)

MICHALAK, ALICE S., Assistant Clerk-Stenographer in the Dietary Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month (this supersedes her previous appointment). (February 25, 1944)

MITCHELL, WARREN IRVIN, Instructor in Theoretical and Applied Mechanics, in the College of Engineering, on one-fourth time, for four months beginning March 1, 1944, at a salary at the rate of fifty-five dollars (\$55) a month. (February 23, 1944)

MORKOVIN, DIMITRY, Research Associate in Theoretical and Applied Mechanics, in the Engineering Experiment Station, for one month beginning

March 1, 1944, at a salary of two hundred twenty-five dollars (\$225) (this supersedes his previous appointment). (March 10, 1944)

MURPHY, WILLIAM DELMER, Assistant State Supervisor of Emergency Farm Labor, in the Extension Service in Agriculture and Home Economics, for seven months beginning February 1, 1944, at a salary at the rate of four thousand dollars (\$4000) a year. (February 29, 1944)

NELSON, HAZEL M., Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

NEWLIN, MRS. MARY LOUISE, Assistant Clerk-Stenographer in the Department of Dairy Husbandry, in the Extension Service in Agriculture and Home Economics, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of ninety dollars (\$90) a month. (March 1, 1944)

PRAHL, EVELYN LUCILLE, Senior Clerk-Stenographer in the Bursar's Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred thirty dollars (\$130) a month (this supersedes her previous appointment). (March 2, 1944)

REEVES, HARRY PAYNE, Assistant in Spanish, beginning February 16, 1944, and continuing through June 30, 1944, at a salary at the rate of one hundred sixty dollars (\$160) a month. (February 25, 1944)

REGNIER, EARL HUBERT, District Supervisor of Emergency Farm Labor, in the Extension Service in Agriculture and Home Economics, for seven months beginning February 1, 1944, at a salary at the rate of three thousand four hundred dollars (\$3400) a year (this supersedes his previous appointment). (February 29, 1944)

RILEY, ALYCE K., Supervising Nurse in the Orthopaedic Division of the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

ROBERTSON, TERESA J., Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

ROSS, MRS. JEAN ALEXANDER, Research Assistant in Zoology, on one-half time, for four months beginning March 1, 1944, at a salary at the rate of eighty-two dollars fifty cents (\$82.50) a month. (March 10, 1944)

RUDOLF, FRANCES COLLINS, Junior Library Assistant in the Departmental Libraries, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred thirty-seven dollars fifty cents (\$137.50) a month. (March 2, 1944)

SANDERS, MRS. MARTHA J., Senior Clerk-Stenographer in the College of Education, beginning February 21, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty dollars (\$140) a month (this supersedes her previous appointment). (February 25, 1944)

SCHROCK, MRS. KATHRYN M., Junior Clerk-Stenographer in the Department of Animal Pathology and Hygiene, in the Agricultural Experiment Station, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred thirty-five dollars (\$135) a month (this supersedes her previous appointment). (March 1, 1944)

SMITH, IDA MARIE, Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

SMITH, LYLE W., Assistant in Physics, in the College of Engineering, on three-fourths time, for four months beginning February 1, 1944, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (March 2, 1944)

SMITH, MRS. THELMA CAMP, Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

SMITH, WARREN HARDING, Research Physicist in the Department of Physics, in the College of Engineering, for seven months beginning February 1, 1944, at a salary at the rate of two hundred twenty dollars (\$220) a month (this supersedes his previous appointment). (February 23, 1944)

SNOW, WILLIS EVERETT, Assistant in Botany, on one-half time, beginning February 16, 1944, and continuing through May 31, 1944, at a salary at the rate of eighty-two dollars fifty cents (\$82.50) a month. (February 25, 1944)

SNOWDEN, PAUL W., Assistant in Radiology (Rush), in the College of Medicine, for six months beginning March 1, 1944, without salary. (February 25, 1944)

SORENSEN, MARIE M., Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ninety dollars (\$190) a month (this supersedes her previous appointment). (March 2, 1944)

STINE, ALPHA Q., Assistant Dietitian in the Main Kitchen, in the Research and Educational Hospitals, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred seventy dollars (\$170) a month; for her convenience she will also be furnished two meals daily, valued at one hundred ninety-two dollars (\$192) a year, while on duty (this supersedes her previous appointment). (February 28, 1944)

SULLIVAN, MRS. DOROTHY MISKELL, Junior Clerk-Stenographer in the Purchasing Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred thirty-five dollars (\$135) a month (this supersedes her previous appointment). (March 2, 1944)

VAN GERPEN, VIRGINIA, Junior Clerk-Typist in the Bursar's Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred thirty dollars (\$130) a month (this supersedes her previous appointment). (March 2, 1944)

WARNER, L. WINIFRED, Junior Clerk-Stenographer in the Tabulating Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (March 2, 1944)

WENDT, VIRGINIA, Assistant Office Appliance Operator in the Accounting Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (March 2, 1944)

WHITE, MRS. LOUISE DALY, Assistant Office Appliance Operator in the Accounting Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifteen dollars (\$115) a month (this supersedes her previous appointment). (March 2, 1944)

WILLIAMS, RUSSELL BIGELOW, Assistant in Surgery (Rush), in the College of Medicine, for six months beginning March 1, 1944, without salary. (February 25, 1944)

WOOD, BETTY F., Assistant Clerk-Typist in the Bursar's Division of the Comptroller's Office, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (March 2, 1944)

## RESIGNATIONS

The Secretary presented also for record the following list of resignations.

AMES, ALFRED CAMPBELL, Instructor in English, in the Department of English, and in the Personnel Bureau—resignation effective March 1, 1944.

BALL, WILMA RUTH, Assistant Clerk-Typist in the Registrar's Office—resignation effective April 9, 1944.

BERGSCHNEIDER, MRS. ANNA LACY, Assistant in Bacteriology and Public Health, in the College of Medicine—resignation effective March 1, 1944.

BRACKETT, PRISCILLA, Senior Physiotherapist in the Department of Orthopaedic Surgery, in the College of Medicine—resignation effective February 1, 1944.

CUTHBERT, F. LEICESTER, Special Research Associate in Petrography and Mechanical Engineering, in the Engineering Experiment Station—resignation effective March 16, 1944.

DETURK, MRS. RUTH WILLARD, Assistant in Spanish—resignation effective February 22, 1944.

FRED, MRS. LOUISE S., Supervising Psychiatric Social Service Worker in the Department of Psychiatry, in the College of Medicine—resignation effective April 1, 1944.

GINSBERG, FRANK, Assistant in Chemistry—resignation effective February 1, 1944.

HAMMING, RICHARD WESLEY, Instructor and Research Assistant in Mathematics—resignation effective March 1, 1944.

HAMMING, MRS. WANDA LITTLE, Assistant in Mathematics—resignation effective March 1, 1944.

HAUTAU, LEONA VERA, Assistant in Nutrition, in the College of Medicine—resignation effective March 26, 1944.

HAYES, MRS. DOROTHY DUEWER, Cashier in the Bursar's Division of the Comptroller's Office—resignation effective March 6, 1944.

HUGHES, MRS. MAY B., Junior Clerk-Stenographer in the Office of the Executive Dean of the Chicago Colleges—resignation effective March 25, 1944.

LANG, MRS. BLANCHE ELAINE, Assistant Clerk-Stenographer in the Department of Physics, in the College of Engineering—resignation effective March 1, 1944.

LIVESAY, NAOMI MARY, Assistant in Mathematics—resignation effective March 1, 1944.

MUGUERZA, HERNAN, Assistant in Spanish—resignation effective March 1, 1944.

MUSGROVE, HARLEY TELL, Senior Laboratory Mechanic in the Department of Theoretical and Applied Mechanics, in the Engineering Experiment Station—resignation effective March 8, 1944.

NEDWICK, ELEANOR H., Junior Clerk-Stenographer in the Chicago Division of the Registrar's Office—resignation effective January 12, 1944.

ROBINSON, JANET AUGUSTA, Assistant Clerk-Stenographer in the Department of Physics, in the College of Engineering—resignation effective February 13, 1944.

The Board adjourned.

*President*

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**April 8, 1944**

The April meeting of the Board of Trustees of the University of Illinois was held at the Illini Union Building, Urbana, at 12:30 p.m. on Saturday, April 8, 1944.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Karraker, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. Lloyd Morey, Comptroller, and Mr. H. E. Cunningham, Secretary.

**MINUTES APPROVED**

The Secretary presented the minutes of the meetings of February 24 and March 14, 1944.

On motion of Mr. Jensen, the minutes were approved as printed on pages 861 to 914 above.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**DRAINAGE OF UNIVERSITY AIRPORT**

(1) A statement concerning the responsibility of the University for damages caused by water draining from the area included in the University of Illinois Airport, and a request that Mr. Amos H. Watts and Professor J. J. Doland be heard on this matter.

Mr. Watts and Professor Doland were introduced and made statements. Mr. Watts recommended that the following agreement be executed.

*This Agreement* made and entered into as of the 8th day of April, 1944, by and between the University of Illinois, herein designated party of the first part, and Two Mile Slough Drainage District in the County of Champaign and State of Illinois, by George Reifsteck, Frank W. Nofftz and Charles Gady, Commissioners thereof, as party of the second part, *Witnesseth:*

*Whereas*, the University of Illinois has acquired ownership of certain lands located within the boundaries of a drainage district known as Two Mile Slough Drainage District, in the County of Champaign and State of Illinois, and desires, at its own expense, to make permanent improvements and install equipment thereon, in connection with the airport authorized to be acquired and developed by the University from appropriations already made for said purposes and with the aid of the Federal Government; and thereafter to maintain the same; and

*Whereas*, such improvement and equipment require adequate drainage of said lands within said airport to properly accomplish said objects and purposes; and

*Whereas*, party of the first part desires to drain the water from its said lands within said drainage district, to be used in connection with said airport, into said main channel or ditch and to make adequate compensation for the benefits to be so derived, and to indemnify party of the second part, and the undersigned Commissioners, individually, and all owners of land within said drainage district for all of whose direct benefit this agreement is likewise made, against any expense or damage caused by the flow of water from said airport into, or the connection of said drainage system from said airport with, the said main ditch of said drainage district; and

*Whereas*, said improvement will result in an increased flow of water into the main channel of said drainage district which was constructed for the drainage of farm lands:

*Now, therefore*, in consideration of the premises, it is promised and agreed between the parties hereto as follows, viz.:

1. That the party of the first part will, at its own cost and expense, construct and maintain the drainage system within said airport and the inlet therefrom into said main ditch for the discharge of all waters to be drained from said lands within said airport lying within said drainage district discharged through said inlet;

2. Said construction and maintenance shall be according to a plan, and constructed in such manner, as shall prevent inundation of the lands within said drainage district beyond that which would result under conditions existing without the connection being made under the terms of this agreement;

3. In the event said main ditch or channel proves to have insufficient capacity to so carry said waters so to be drained therein from said airport, the cost of increasing the capacity of said main ditch or channel sufficiently to so carry said waters shall be paid by party of the first part;

4. The party of the first part shall be under the obligation of removing any and all sand bars or other obstructions that may be caused in the main ditch or main channel of said drainage district by reason of any increased flow of water discharged therein from the lands within said airport;

5. No sewage or polluted water shall be drained or diverted from said airport into the main channel, or any of the tributaries of said drainage district;

6. Irrespective of any liability or obligation on the part of the party of the first part to make payment of assessments for benefits levied pursuant to the drainage laws of the State of Illinois, the party of the first part hereby agrees to contractually assume said obligation and to make payment of its proportionate share of the cost of any work and improvement for drainage purposes of said drainage district represented by assessments against its lands in said drainage district, all according to benefits derived by the lands of the party of the first part whose waters drain into any of the ditches of said drainage district;

7. The parties hereto, each promise and agree to do and perform all acts necessary or proper for the performance of their respective obligations, as set forth in the premises and the preambles of this agreement to carry out the objects, purposes and intentions of this agreement as therein expressed.

*In witness whereof*, the said party of the first part has caused this instrument to be executed by the duly authorized President and Secretary of its Board of Trustees; and the party of the second part has executed the same by its duly authorized and acting Commissioners upon the day and date hereinabove first set forth.

Attest:

.....  
Secretary

UNIVERSITY OF ILLINOIS

By .....  
President of Board of Trustees  
of University of Illinois

PARTY OF THE FIRST PART

TWO MILE SLOUGH DRAINAGE DISTRICT,  
IN THE COUNTY OF CHAMPAIGN AND  
STATE OF ILLINOIS

By .....

.....

.....  
Commissioners

PARTY OF THE SECOND PART

On motion of Mr. Davis, the President and the Secretary of the Board were authorized to execute the above agreement.

#### CHANGE IN STATUS OF GEORGE P. TUTTLE, REGISTRAR

(2) Mr. George P. Tuttle, Registrar, has been asked by the American Council on Education to direct the preparation of a handbook for evaluating training received in the armed forces for secondary school and college credits. He has requested permission to undertake this work and to do it at the University of Illinois so that he can continue performing some of his duties as Registrar. He also asks that his status be changed to Registrar on one-quarter time and salary from April 1 through August 31, 1944. The American Council on Education will pay the balance of his salary and also all expenses of the work he will direct.

The release of Mr. Tuttle for three-quarters of his time will require adding materially to the duties and responsibilities of Messrs. D. A. Grossman, Examiner, and E. C. Seyler, Recorder, in the Registrar's Office. Mr. Tuttle recommends that their salaries be increased, Mr. Grossman's by \$75 a month and Mr. Seyler's by \$50 a month for five months, from April 1 through August 31, 1944. The unused portion of Mr. Tuttle's salary will be more than sufficient to cover these additional payments.

I recommend approval.

On motion of Mr. Davis, these recommendations were adopted.

#### APPOINTMENT OF PROFESSOR FRANCIS G. WILSON AS ACTING CHAIRMAN OF THE DEPARTMENT OF POLITICAL SCIENCE

(3) On March 14, 1944 (Minutes, page 904), the Board of Trustees authorized a leave of absence, without pay, for Professor Clarence A. Berdahl, Chairman of the Department of Political Science, so that he could serve on the London staff of the Office of Strategic Services. The Dean of the College of Liberal Arts and Sciences recommends that Professor Francis G. Wilson be appointed Acting Chairman during Professor Berdahl's absence. I concur.

On motion of Mr. Fornof, this appointment was made as recommended.

**SERVICES OF PROFESSOR C. R. GRIFFITH TO  
WAR MANPOWER COMMISSION**

(4) The War Manpower Commission has requested the services of Professor C. R. Griffith, Director of the Bureau of Institutional Research, for a period of about three weeks on a special project. I have authorized him to accept this assignment. It will involve his absence from the University for about three or four weeks beginning March 21, but he will return to Urbana at any time at no expense to the University if his services are required here. In fact he has already been back on one trip since this arrangement was authorized. I request confirmation of my action.

On motion of Mr. McKelvey, the action of the President of the University in authorizing Professor Griffith to accept this assignment was approved and confirmed.

**LEAVES OF ABSENCE**

(5) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case, which are in accordance with the regulations of the Board governing such leaves:

JOHN ALEXANDER, Assistant in French, sick leave with full pay from March 2 through June 30, 1944, with the understanding that the Department will make provisions for his work without additional expense to the University, or if there is expense it will be deducted from Mr. Alexander's salary in accordance with the rules of the Board governing sick leaves.

MRS. GERTRUDE SMYTHE, Locker Room Attendant, Department of Physical Education for Women, sick leave with pay from March 3 through May 14, 1944, and without pay from May 15 through August 31, 1944.

BERT YOUNG, Sub-Foreman in the Physical Plant Department, sick leave with pay from March 1 through 31, 1944.

MRS. EVA WALDRON, Cook in McKinley Hospital, sick leave with pay from January 20 through April 7, 1944.

MRS. MILDRED G. WARD, Assistant in Home Economics, leave without pay for three months beginning March 1, 1944.

In the following cases the individuals are eligible for disability benefits payable by the University Retirement System, so that the sick leave in each case is without pay:

W. J. WEBER, Painter in the Physical Plant Department, January 27 through August 31, 1944.

EMMA PALMER, Kitchen Helper, Research and Educational Hospitals Dietary Department, September 7, 1943, through June 30, 1944.

MOLLIE GOOTAR, Kitchen Helper, Research and Educational Hospitals Dietary Department, September 20, 1943, through June 30, 1944.

FRED TARMAN, Painter in the Physical Plant Department, January 27 through August 31, 1944.

LAURA McLILLY, Janitress in the Chicago Physical Plant Department, February 10 through June 30, 1944.

*Leaves of Absence for Military and Other War Service*

(The leave in each case is without pay.)

P. W. KETCHUM, Associate Professor of Mathematics, April 20 through August 31, 1944. (Research work at Columbia University on a project of the Office of Scientific Research and Development for the Army Air Forces)

A. H. SUTTON, Associate Professor of Geology, extension of his leave for the academic year 1944-1945. (Industrial service related to the war)

CARLO S. SCUDERI, Assistant Professor of Surgery, April 1 through August 31, 1944. (Army)

HUGH W. SARGENT, Instructor in English, March 21 through August 31, 1944. (Navy)

CARL F. REDMON, Senior Laboratory Assistant in the Department of Bacteriology, April 16 through August 31, 1944. (Navy)

HARVEY CHENAULT, Assistant in Neurology and Neurological Surgery, April 1 through August 31, 1944. (Army)

EDWARD T. DRISCOLL, Assistant in Orthopaedic Surgery, April 1 through August 31, 1944. (Army)

DONNELL H. STOLTZFUS, University Fire Station Attendant, Physical Plant Department, March 19 through August 31, 1944. (Army)

BLANCHE LOUISE HAYS, Junior Clerk-Stenographer, April 8 through August 31, 1944. (WAVES)

On motion of Mr. Jensen, these leaves were granted as recommended.

#### APPOINTMENT OF DIRECTOR OF DIVISION OF SPECIAL SERVICES FOR WAR VETERANS

(6) In accordance with the authorization of the Board of Trustees on March 14, I have approved the appointment of Dr. Sidney E. Glenn, Associate Professor of English, as Director of the "Division of Special Services for War Veterans" under the following terms:

1. The appointment will be effective April 1, 1944, and will continue until August 31, 1944, with the understanding that this appointment will be renewed for the academic year beginning September 1, 1944. Thereafter the appointment will be on a biennial basis in accordance with the provisions in the University Statutes relating to tenure of Directors. It is customary to appoint them biennially, the terms coinciding with the fiscal biennium. The academic year 1944-1945 will be the second half of the current biennium.

2. The appointment as Director will be in addition to Doctor Glenn's position as Associate Professor of English on indefinite tenure.

3. The total annual salary rate for the two positions will be \$5,000 in recognition of the additional responsibility which will go with the Directorship.

I request confirmation of my action.

On motion of Mr. Davis, the action of the President of the University in making this appointment was approved and confirmed.

#### APPROPRIATION FOR DIVISION OF SPECIAL SERVICES FOR WAR VETERANS

(7) The Director of the Division of Special Services for War Veterans has submitted the following estimates of the cost of operating the Division on an annual basis:

##### Salaries:

Director (and Associate Professor).....	\$5 000	
Senior Clerk-Stenographer.....	<u>1 800</u>	\$6 800
Wages.....		200
General Departmental Expense.....		1 000
Travel.....		300
Contingent.....	<u>1 000</u>	
<i>Total</i> .....		<u>\$9 300</u>

The Director will continue as Associate Professor on half time in the Department of English, with a salary of \$2,000 for the academic year, which amount will be provided in that Department, thus making a net budget of \$7,300 a year for the Division of Special Services for the current biennium.

As the administrative work increases it will be necessary to relieve the Director of his teaching load and charge more of his time and salary to the Division—hence, the total salary shown here. At present a salary of \$4,000 is carried in the budget of the Department of English so that during the first year there will be a saving of \$2,000 in that budget.

I recommend approval of this budget for the current year and for the fiscal year beginning July 1 and the academic year beginning September 1, 1944. The net addition to the University budget on an annual basis will be \$5,300.

On motion of Mr. Karraker, this budget was approved and the appropriation made as recommended, by the following vote: Aye, Mr.

Davis, Mr. Fornof, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Luken, Mr. McKelvey; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Meyer, Mr. Nickell.

**TEMPORARY SALARY INCREASES FOR TEACHING STAFF  
IN MEDICINE AND DENTISTRY**

(8) Executive Dean Allen has recommended the following temporary salary increases for the teaching staff of the Colleges of Medicine and Dentistry, including members of the Pharmacy faculty teaching in the College of Medicine, for the summer quarter of 1944, to be distributed over the salaries payable for the months of June, July, and August, 1944: 10% of annual salary in pre-clinical departments in Medicine and in all departments in Dentistry; 5% of annual salary in clinical departments in Medicine.

In the pre-clinical departments 64 persons are involved, with a total of \$16,405, and in the clinical departments 116 persons are involved, with a total of \$18,535.

The reason for this increase is that, as a result of the accelerated plan, members of the staff are required to teach continuously through four quarters covering the entire year instead of only in the two semesters as formerly. This added service was rendered without additional compensation in 1942 and 1943. On the Urbana campus those who teach in the summer semester receive additional compensation and such an arrangement should also be applied to the Chicago Colleges. The proposal is for the year 1944 only, without any commitment as to a permanent arrangement.

In the Chicago divisions a substantial sum from the regular salary budget has lapsed unused into the General Reserve. The University is also receiving added income from student fees due to the addition of one quarter to the calendar and because tuition for all Army and Navy trainees is paid on a non-resident basis even though they may be residents of Illinois.

I recommend that this temporary increase in salaries be authorized and that a non-recurring appropriation of \$35,000, or so much thereof as may be required, be made for this purpose from the General Reserve.

On motion of Mr. Fornof, these increases were authorized as recommended, and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Karraker, Mr. Livingston, Dr. Luken, Mr. McKelvey; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Meyer, Mr. Nickell.

**BEQUEST OF CORA M. BRUNNER**

(9) The University has been notified by Knapp, Cushing, Hershberger, and Stevenson, Attorneys for the estate of the late Mrs. Cora M. Brunner of Evanston, Illinois, that in her will which will soon be presented for probate the University is named as a beneficiary. It is estimated that Mrs. Brunner's entire estate will amount to approximately \$50,000. Her will provides that the net proceeds of her estate shall be divided into 100 equal parts and that "Forty (40) parts thereof (shall be given) to the COLLEGE OF ENGINEERING, UNIVERSITY OF ILLINOIS, Urbana, Illinois, in memory of my husband, John Brunner, for the purposes of research and advancement in engineering education."

It is impossible to determine what the value of the bequest to the University will ultimately be. The will provides that "any and all estate, inheritance or succession taxes which may be levied against my estate or against any legacy or bequest under this Will, shall be paid by my Executor out of the Forty (40) parts bequeathed above to the College of Engineering, University of Illinois, and said legacy shall abate to the extent of such taxes. . . ." No bequests can be paid until after the lapse of nine months as provided by Illinois law.

A copy of the complete will as received by the University has been given to the Secretary of the Board for record.

This report was received for record.

**CHICAGO ILLINAE CLUB LOAN FUND**

(10) On June 26, 1931 (Minutes, page 372), the Board accepted a gift from the Chicago Illinae Club to establish a loan fund for women students. As of January 1, 1944, the principal of this fund amounted to \$1,011.50, of which \$150 was on loan.

The Chicago Illinae Club requests the release of \$200 from this fund for use in refinishing and redecorating the recreation room in the Orthopaedic Department of the Research and Educational Hospitals. I am glad to submit this request with my approval, provided it is not contrary to legal restrictions under which our trust funds are handled. There is practically no need at this time for the loan fund, as there is a great deal of money in other student loan funds which is not now being used.

Judge Johnson stated that the use of funds as requested could be authorized by application to the proper court. No action was taken on the matter.

**TAX SETTLEMENTS ON LAND PURCHASES (CHICAGO)**

(11) Recent purchases of properties adjoining the Chicago campus have been made in several instances subject to unpaid delinquent taxes and penalties thereon. The total amount outstanding is about \$10,000 on five properties.

Farr & Company, who have acted as agents of the University in the purchase of these properties, recommend that the details of foreclosure and settlement of these liens be handled through Chapman and Cutler, although the actual work probably would be placed by them with firms which specialize in this type of work.

The Director of the Physical Plant Department and the Comptroller recommend that the employment of Chapman and Cutler to take charge of this work be authorized, the expense of this service as well as the settlements necessary to be paid out of appropriations already made for the purchase of these properties.

I concur and recommend approval.

On motion of Mr. Karraker, these recommendations were adopted.

**STUDIES OF POWER PLANT REHABILITATION AND EXPANSION**

(12) The Director of the Physical Plant Department and the Chairman of the Building Program Committee call attention to the need for studies incident to rehabilitation and expansion of power plant and distribution systems in both Urbana and Chicago. The problems consist of: (1) Present lack of "firm capacity." (2) Necessity of increasing capacity to provide for additional load resulting from building modernization, such as increasing the intensity of illumination, additions of departmental equipment, etc. (3) Necessity of increasing capacity to provide for new buildings contemplated in the future.

The engineering firm of Sargent & Lundy of Chicago served very satisfactorily in studies relating to the new power plant at Urbana-Champaign. The Director of the Physical Plant recommends that they be engaged for the studies now required. The following proposals have been submitted: (1) A survey and recommendations concerning the Urbana campus—\$2,500. (2) A survey and complete study of problems at the Chicago campus, with recommendation—\$3,000. In each case the sum of \$500 is payable when the proposal is accepted, the balance on delivery of the report.

Funds are available in the budget appropriation for Building Studies amounting to \$25,000 a year for each year of the current biennium.

I recommend approval of this proposal and that authority be granted to the Comptroller and the Secretary of the Board to execute the necessary contracts.

On motion of Mr. Karraker, the execution of these contracts was authorized as recommended.

**PURCHASES RECOMMENDED**

(13) The Comptroller recommends that the following purchases submitted by the Purchasing Agent be authorized:

1. Supplies and equipment, 1,475 items, essential to dental student course outfits, for the Student Supply Store (Chicago), at a total cost of \$2,250.94, divided as follows on the basis of the lowest or equal bids: L. D. Caulk Company, \$1,237.50; S. S. White Dental Manufacturing Company, \$1,013.44.

2. Textbooks for courses in the Colleges of Medicine and Dentistry for A.S.T.P., N.C.T.P., and civilian enrollees totaling approximately 880 students. Those supplied to government trainees will be subject to reimbursement to the University by the Government, and the remainder will be sold to civilian students, handling costs being added in both cases. It is recommended that the award be made to the following vendors at the prices indicated (all recommendations are to the lowest bidder):

<i>Vendor</i>	<i>Discount (per cent)</i>	<i>Award Recommended</i>
American Dental Association (publisher).....	30-40	\$ 352 10
Blakiston Co. (publisher).....	20	2 894 40
Chicago Medical Book Co. (supplier).....	20	25 426 40
F. A. Davis Co. (publisher).....	20	792 00
Paul Hoeber (publisher).....	20	858 00
Mack Print Co. (publisher).....	16 $\frac{2}{3}$	891 40
Macmillan Co. (publisher).....	20	1 480 00
Medico-Dental Publishing Co. (publisher).....	20	545 60
Wiley & Sons, Inc. (publisher).....	20	227 25
S. S. White Dental Manufacturing Co. (supplier).....	25	131 25
<i>Total</i> .....		<u>\$33 598 40</u>

3. 225 No. 1483 Brightline haemocytometers, complete with leatherette cases, for the Student Supply Store (Chicago), from the Spencer Lens Company, the lowest bidder, at a total cost of \$1,755.

On motion of Mr. McKelvey, these purchases were authorized as recommended.

#### PURCHASES AUTHORIZED

(14) A report of the following purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency actions:

1. One treadmill for use in Physical Education Research in the Department of Physical Education for Men, from A. R. Young of Indianapolis, Indiana, at a price of \$1,785.

2. One hydraulic press, 100 ton capacity; one Worthington motor driven pump; one five-horsepower motor;—for the Chemistry Department, for use in National Defense Research, from Stein Equipment Company of New York at their price of \$1,865.

3. One million  $4\frac{1}{8} \times 9\frac{1}{2}$ " penalty envelopes (postage free) for the Extension Service in Agriculture and Home Economics, from the Union Envelope Company of Richmond, Virginia, at a price of \$1.55 a thousand, or a total cost of \$1,550.

On motion of Mr. McKelvey, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### REPORT OF EMERGENCY PURCHASES OF COAL

(15) The Comptroller reports that he has approved as emergency transactions the following purchases of coal recommended by the Purchasing Agent and endorsed by the Director of the Physical Plant:

1. Purchases for test purposes at quoted prices:

<i>Company</i>	<i>Tons</i>	<i>Price per Ton</i>			<i>Total Cost</i>
		<i>Mine</i>	<i>Freight</i>	<i>Total</i>	
Lafayette Coal Co., Livingston, Illinois, mine.....	1,000	\$1.60	\$1.30	\$2.90	\$2,900
Consolidated Coal Co., Mt. Olive, Illinois, mine.....	500	1.60	1.30	2.90	1,450

2. Bids received March 24 for April delivery. Orders divided equally between the three lowest bidders on the basis of the highest B.T.U. for one cent as follows:

Company	Tons	Price per Ton			Total Cost
		Mine	Freight	Total	
Globe Coal Company, Bunsenville, Illinois, mine .....	1,000	\$2.10	\$ .79*	\$2.89	\$2,890
Lafayette Coal Corp., Livingston, Illinois, mine .....	1,000	1.60	1.30	2.90	2,900
Consolidated Coal Co., Mt. Olive, Illinois, mine .....	1,000	1.60	1.30	2.90	2,900

On motion of Mr. Karraker, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### FEDERAL WITHHOLDING TAX PROCEDURE

(16) At the Board meeting on December 18, 1943 (Minutes, page 793), Mr. Lloyd Morey, Comptroller, reported on the difficulties experienced by the State Auditor of Public Accounts in acting as withholding agent for Federal taxes on University of Illinois payrolls. The matter was referred to the Committee on General Policy with power to act. On January 5 this Committee reviewed the matter jointly with the Executive Committee of the Board and referred it back to the President of the University for discussion with State officers.

The Comptroller, with the advice and assistance of Judge Sveinbjorn Johnson, submitted the matter to the Commissioner of Internal Revenue for a ruling. The Commissioner has ruled that "the University of Illinois is considered an agency of the State and as such is required to withhold the tax on the employees as provided in section 1624 of Regulations 115."

The Comptroller reports that as a result of this ruling and of these discussions the State Auditor of Public Accounts has stated that beginning April 1, 1944, the University is to act as withholding agent on all of its payrolls, including those paid through State funds. All reports to the government and to University employees for the entire calendar year 1944 will be made by the University. Detailed procedures have been agreed on between the State Auditor and the Comptroller which are mutually satisfactory.

This report was received for record.

#### SCHEDULE OF INSURANCE CARRIED BY THE UNIVERSITY

(17) At the meeting of the Board on March 14, the Comptroller was requested to submit information concerning insurance carried by the University which would show the distribution among agencies. The enclosed report has been prepared by Mr. C. P. Slater, Assistant Purchasing Agent, and is submitted by the Comptroller in response to that request. It shows the name and address of each agency carrying insurance for the University, the kind and amount of insurance carried, and the estimated total annual premium. On the last page is a summary of premiums by class of insurance and by type of company.

If any other information is desired, the Comptroller will be glad to furnish it.

The Comptroller commented on this report.

#### SELECTION OF PRESIDENT OF THE UNIVERSITY OF ILLINOIS

(18) The following statement on the procedure for selecting a President of the University.

1. *Appointment of special committee of the Board of Trustees.* In the selection of a President of the University, it has been the practice to have a special committee of the Board of Trustees to direct the work and to submit a report on candidates who have been recommended to and by the committee.

2. *Faculty committee.* It has been customary for the Board, through its President or the Special Committee on the Selection of a President, to invite the University faculty to appoint a committee to cooperate with the Committee of the Board. This gives the faculty an opportunity to recommend candidates and to express judgments on candidates under consideration.

\*Estimated. Actual amount of freight will depend on size of cars, as rate includes a switching charge on a per car basis.

The faculty committee is elected by the University Senate, the general faculty of the University, which includes the deans of the colleges, directors of the schools, certain general administrative officers, heads of all departments of instruction, and all other members of the faculty of full professorial rank.

3. *Alumni committee.* The Board of Trustees, through its President or the Special Committee on the Selection of a President, also has invited the Alumni Association to participate in the deliberations preceding the selection of a President. The Alumni Committee is appointed by the President of the Alumni Association, with the advice of the Directors of the Association.

President Livingston appointed the following Special Committee on the Selection of a President of the University: Mr. Davis, Chairman, Mr. Fornof, Mr. Jensen, Dr. Luken, Dr. Meyer.

#### REPORT OF FINANCE COMMITTEE

Mr. Karraker, for the Finance Committee, requested authorization to purchase the following securities for investment of surplus cash in Student Loan Funds: \$25,000 United States 1½% of 1948.

On motion of Mr. Karraker, this investment was authorized as requested.

#### EXECUTIVE SESSION

The Board went into executive session to continue its consideration of matters presented by the President of the University.

#### AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATE

(19) The Committee on Accountancy recommends that Mr. Clarence Lee Cozad, 718 Echo Lane, Glenview, Illinois, who took the November, 1943, examination be awarded the certificate of Certified Public Accountant as of January 26, 1944. This is the date of all certificates issued to successful candidates in the November, 1943, examination. Mr. Cozad was not included in the list of candidates previously presented to the Board for certificates, but a review of his examination paper by the Board of Examiners has resulted in the revision of the grade in one phase of the examination which now makes him eligible for this certificate.

On motion of Mr. Jensen, this certificate was awarded as recommended.

#### ADJUSTMENT IN FREIGHT RATES PAID BY THE UNIVERSITY

(20) Last year the Board authorized proceedings before the Illinois Commerce Commission to obtain a reduction of freight rates paid by the University on coal purchased in the Danville area. Judge Sveinbjorn Johnson has been handling the matter for the University. He has submitted a report on the present status of these proceedings, in which he recommends that the Board retain the services of special counsel experienced in the technical aspects of freight rate litigation and that he be relieved of directing the proceedings from now on. Judge Johnson will, of course, cooperate in every possible way with such special counsel.

On motion of Mr. Davis, the use of the services of Mr. Nuel D. Belnap in this matter was authorized.

#### TITLE TO 1840 TAYLOR STREET, CHICAGO, AND VACATION OF ALLEY

(21) The Comptroller submits on behalf of Director Havens and himself a review of steps taken and suggestions offered with respect to securing title to 1840 Taylor Street, Chicago, and vacation of the alley adjoining that property and crossing the Chicago campus. (See Minutes of July 28, 1943, page 450; August 30, 1943, page 492; and December 18, 1943, page 795.)

Instructions of the Board are requested on this matter.

The Comptroller presented this matter.

On motion of Mr. Fornof, the actions of July 28, 1943 (page 450), and December 18, 1943 (page 795), were reconsidered and rescinded,

and the acquisition of this property through tax foreclosure was authorized; and the employment of Mr. Farr in securing title to the alley was authorized.

#### REPORT OF PROGRESS ON AIRPORT CONSTRUCTION

(22) The Supervising Engineer in charge of Airport construction submits the following report of progress, this being the third in the series of such reports:

April 6, 1944

To: PRESIDENT A. C. WILLARD

From: J. J. DOLAND

Subject: Report No. 3 University of Illinois Airport

In accordance with the instructions contained in your letter dated January 27, 1944, I submit herewith Report No. 3 on the University of Illinois Airport.

Since my last report, I have continued my investigation of the drainage plan which had been developed by the Civil Aeronautics Administration. At the time of the last report, I had already realized the possibility of potential recurrent damage claims which the University might be forced to defend and pay throughout the entire life of the Airport. I, therefore, at that time recommended the construction of a detention basin which might reduce the magnitude of the claims. The practicability of the proposed detention basin was contingent upon the future plans of the Illinois Division of Highways. Since time was an essential element and it had not been possible to arrange a conference with State Highway officials prior to the date of Report No. 2, the recommendation was made in the hope that both plans would be compatible.

Shortly after the last meeting of the Board of Trustees, Mr. Surman of the Division of Highways sent Mr. Knight, Design Engineer, and two representatives of the Highway District office at Paris to the campus for a conference.

These gentlemen pointed out that the detention basin would not be consistent with plans for widening the present U. S. Route 45. The latter, they said, had been designated by the U. S. Public Roads Administration as an inter-regional highway in the United States, and as such, if built on the present location, would require a 300 feet wide right of way. The present eastern boundary of Route 45 coincides with the west right of way line of the Illinois Central Railroad right of way, and all widening would have to go to the west. This would eliminate the major part of the storage available for the proposed detention basin. The Highway representatives also stated that the detention basin, if constructed, would not solve the problem of eliminating future potential flood damage claims against the University.

An Illinois drainage law, nearly as old as the state itself, sets forth that water may not be diverted from one watershed into another. About 600 of the 762 acres of the airport site are included within the Two-Mile Slough Drainage District which finds an outlet into the Kaskaskia River drainage system. This fact is prima facie evidence that the Civil Aeronautics Administration drainage plan is in direct violation of Illinois statutes. Furthermore, from previous conferences I had with land owners on the Embarrass River, I was convinced that certain citizens were aware of the contemplated violations, but I had no direct evidence that actual legal action was contemplated.

I prepared a letter to Mr. H. E. Horner of the Civil Aeronautics Administration pointing out the potential dangers involved, and after consultation with you and your approval, I delivered this letter to Mr. Horner in person in Chicago on March 18, 1944. After reading the letter Mr. Horner remarked, "I knew that all the time, but I approved the drawing, thinking that we could get by with it."

I was unable to agree inasmuch as it is my feeling that since the University of Illinois is a servant of the people of the State, it, therefore, can afford neither to trample on the rights of its citizens nor flaunt its laws.

Mr. Horner agreed to investigate the situation and have further surveys made. Mr. Schofield appeared during the following week, and in a conference in my office, stated that he felt that the original Civil Aeronautics Administration plan of drainage should be followed. I then took Mr. Schofield to the office of Forest Fisher, County Superintendent of Highways. Mr. Fisher expressed to Mr. Schofield in other words the same views as I had expressed in the letter I delivered to Mr. Horner on March 18, 1944. I had not previously discussed the matter with Mr. Fisher.

On March 27, 1944, I received a letter from Mr. I. H. Polk, Chief, Airways Engineering Branch of the Civil Aeronautics Administration, implying that the University of Illinois had been dilatory in providing the right of way for the drainage ditch to the east. My reply to Mr. Polk indicated that the University had been carrying on negotiations for the necessary right of way with Mr. Hartwell Howard and Mr. C. E. Ross, but that the Ross negotiations had been held in abeyance awaiting a reply to the letter delivered in person to Mr. Horner on March 18, 1944.

In the meantime, I continued to explore the proper approach which would simplify the approach to the procurement of a legal separation of the drainage into the proper watersheds. After a very careful analysis, I suggested to you on Saturday, April 1, 1944, that you contact Mr. H. I. Green, attorney for the Two-Mile Slough Drainage, by long distance telephone at Ft. Lauderdale, Florida. After you completed the call, your statement of Mr. Green's reactions indicated that our fears were confirmed, and also that Mr. Green had suggested that I meet with Mr. Enos Phillips, an associate of Mr. Green's, to discuss the matter further.

I met Mr. Phillips and Mr. Barth at 2:00 p.m. on April 1, 1944. During the course of the conversation, Mr. Phillips informed me that Mr. Green's firm had already been approached by land owners along the Embarrass River with the idea of retaining the attorneys to institute injunction proceedings to prevent the illegal diversion of storm water. He also stated that Mr. Green had advised his prospective clients that perhaps a better way to handle the situation would be to permit the plan to be carried out in order that the University might be used as an agent to assist in the formation of a Drainage District on the Embarrass, which land owners along the stream itself had so long desired. This indicated to me that in order for the University to condone its alleged violation of Illinois law by subscribing to the original Civil Aeronautics Administration plan, the University would be forced to organize, underwrite, and subsidize a Drainage District in order to avoid the tearing up of taxiways and runways so that the drainage system might be revamped in accordance with Illinois statutes. My awareness of the drainage problems on the Embarrass leads me to believe that the ultimate cost of such a solution would exceed the cost of a sensible, original plan at least ten times.

Mr. Phillips also told me that there is to be a meeting of the Commissioners of the Two-Mile Slough Drainage District on Wednesday, April 5, 1944. He suggested that I get in touch with Godfrey Sperling and go over the engineering problems related to the drainage problems. I did this, but in the meantime I contacted Mr. Havens who agreed to my request that Mr. James Elmo Smith be assigned to collect the necessary engineering data for the University.

Mr. Sperling and I surveyed the problems on April 3, 1944. Mr. Sperling agreed that my proposals were sound and in general coincided with recommendations he had previously made to the Commissioners of the Two-Mile Slough Drainage District.

After leaving Mr. Sperling, I returned to my office and found a letter from Mr. Mc Cluer of the Civil Aeronautics Administration. Mr. Mc Cluer advised that they had decided to proceed on their original plan.

I then called Mr. Amos Watts of Chapman and Cutler and requested that he get in touch with Mr. Horner. Mr. Watts called me by telephone at 3:00 p.m. on April 3, 1944, and advised that Mr. Horner had told him that the decision to proceed on the original Civil Aeronautics Administration plan was not final, and that Mr. Schofield was arriving here in Champaign that night. The final decision, Mr. Watts said, would be determined only after a further complete rediscussion of the entire situation between Mr. Schofield and myself.

At 1 p.m. on April 5, 1944, I met with Commissioners Nofftz, Reifsteck, and Gady of the Two-Mile Slough Drainage District in the offices of Mr. Enos Phillips of the firm of H. I. Green. Present also were Mr. Barth and Mr. Hatch of the same firm and Mr. Fisher and Mr. Freeman as engineers for the Two-Mile Slough Drainage District. I explained the reasons for the University's desire to connect to the Two-Mile Slough outlet, and answered questions in regard to the engineering phases of the proposal, in the event it became necessary to put it into effect. The Commissioners as well as their attorneys showed a very cooperative attitude, and it was decided that Chapman and Cutler and the H. I. Green firm were to prepare an agreement covering the legal phases of the project.

I called Mr. Amos Watts of Chapman and Cutler from Mr. Barth's office. I could not reach him so I talked to Mr. Le Roy. Mr. Le Roy informed me that Mr. Watts would be down on Saturday, April 8th, for the meeting of the Board of Trustees, but that he would have Mr. Watts telephone to Mr. Barth to make arrangements for a meeting of the attorneys. I made no attempt to enter into the legal phases.

Mr. Watts called at 2:40 p.m. on April 5, 1944, and I suggested to him that he proceed along lines which presumed that the western drainage would be established. I stated to Mr. Watts that there were two other alternatives: (1) complete abandonment of the Airport project, or (2) for the University to accept the original plan of the Civil Aeronautics Administration and take the risk of financial hazards and the hazards of adverse public relations.

In order to determine specifically what use the U. S. Army intends to make of the Airport for the duration, I called Colonel Musgrave Hyde of the Army Air Force, Columbus, Ohio, on March 11, 1944. Colonel Hyde suggested that he come to Urbana for a conference on April 4, 1944. This conference was held and the results are as follows:

Colonel Hyde stated that the Army Air Forces training program had changed considerably in the past few weeks and that since the request had been made for the use of the University of Illinois Airport, George Field at Vincennes, a two-engine training school, had been closed and that the Bomber Training Command at Chanute Field had filed a request for the use of George Field as a Bomber Training sub-base. If this request is granted, Chanute Field would not need the University of Illinois Airport.

This information was confirmed by General O'Neill and he said that he could not at this time justify a certification of military necessity for the University of Illinois Airport insofar as his operations at Chanute were concerned.

It was suggested, however, that a direct approach be made through Army Air Force Headquarters in Washington. General O'Neill would be friendly to such a request. Colonel Hyde stated that lighting equipment was available in Army warehouses, but that the Buildings and Grounds section was not now authorized to spend any funds or to certify the expenditure of funds by the Civil Aeronautics Administration. He suggested that an attempt be made to secure from the Civil Aeronautics Administration, a letter stating that they desired to install lighting facilities at the University of Illinois Airport, provided the Army would make the equipment available to them. Colonel Hyde suggested that such a request be delayed until after construction work was well underway.

Mr. Schofield, resident engineer of the Civil Aeronautics Administration, came to my office at 1:45 p.m. on April 4, 1944, to discuss the drainage problem. Mr. Schofield agreed to take the matter up with Mr. Horner and Mr. Mc Cluer of the regional office in Chicago in an attempt to secure a settlement of the controversy to the satisfaction of the Civil Aeronautics Administration and the University.

This report was received for record.

#### RELEASE OF PATENTABLE DISCOVERIES

(23) The Faculty Committee on Patents has submitted a report with recommendations on patentable discoveries resulting from research work on war problems which is being done at the University of Illinois for the United States Government:

1. Conversion of acetylene into aromatic hydrocarbons, by Dr. Sherlock Swann, Research Professor of Chemical Engineering, and Mr. Philip C. Johnson, a graduate student. It is the opinion of the Committee that the discovery possesses scientific and academic interest but has no possibilities of practical commercial use and that therefore the University would not be justified in expending money in applying for a patent. The Committee recommends that the rights of this discovery be released to the discoverers.

2. Methods for the preparation of heavy metal fluorides, phosphoryl dichlorofluoride, highly toxic derivatives of phosphoric acid, plasticized white phosphorus, by Mark Woyski, a graduate student, working under the supervision of Professor J. C. Bailar of the Department of Chemistry. These discoveries were made during research work under NDRC Contract No. 299 with the United States Government, which gives the Government prior rights of patent application. The Committee recommends that whatever patentable possi-

bilities these discoveries have be released to the Government. In the event the Government does not apply the University may elect to do so.

3. Process for preparing DBT reagent in pellet form for the detection of certain chemical warfare agents in water, and for preparing a new compound of  $\beta$ -chloroethylsulfenyl chloride, an intermediate in the preparation of mustard gas, by Dr. Charles C. Price, Associate Professor of Chemistry, during research under contract OEMsr-593 with the United States Government. These discoveries have important military value but have little or no possible application to civilian peacetime use. The Committee is of the opinion that the University would not be justified in expending funds for patent applications and recommends release of the discoveries to the Government.

4. Process for the purification of water by the use of powdered activated carbon in beds by admixture with a filter aid, such as diatomaceous earth, also by Professor Price. This discovery may have interesting and important significance but much scientific research and experimentation will be required to determine this point. The Committee recommends that this patent be released to the Government, and that if the Government does not choose to exercise its prior right to apply, consideration be given to the acquisition of a patent by the University.

5. Discoveries by Professor Roger Adams and others (under Contract NDCrc-48) on 4-ketostearic acid purification, 12-ketostearic acid processes, dodecane-1-sulfonic acid processes and pentadecane-8-sulfonic acid and process. The Committee is of the opinion these discoveries are of such nature that the University would not be justified in expending funds for patent applications and recommends that the Board of Trustees release all rights the University has in these discoveries either to the Government or to the discoverers, subject to any rights the United States Government may retain under its contract with the University.

6. Process for the purification of Levinstein mustard by water-washing by Mr. Orville H. Bullitt, Jr., a graduate student, while engaged in research under NDRC Contract OEMsr-493. The purification of mustard gas is of interest only in chemical warfare and the discovery has no commercial use in peacetime. The Committee is of the opinion that the University would not be justified in expending funds for a patent application and recommends that the University waive its rights.

I concur in the recommendations of the committee.

On motion of Mr. Jensen, these recommendations were approved and adopted.

#### **SUPPLEMENTAL EMERGENCY WAR FOOD ADMINISTRATION BUDGET**

(24) The Extension Service of the United States Department of Agriculture has made an allotment to the University Agricultural Extension Service in the sum of \$20,000 for an Increased Milk Production project. This allotment is supplemental to the War Food Administration budget in the amount of \$45,000 approved by the Board on March 14, 1944 (page 902), and makes a total budget for this work of \$65,000 for use during the period ended June 30, 1944.

Dean and Director H. P. Rusk has submitted the following budget for this supplemental project:

Salaries (partial payment to four Emergency War Food	
Assistants also to be transferred from the State Department of Agriculture; appointments to be approved by the President) . . . . .	\$ 3 125
Wages (clerical workers) . . . . .	5 000
General departmental expense . . . . .	5 875
Travel . . . . .	6 000
<i>Total</i> . . . . .	<u>\$20 000</u>

This supplemental budget has been reviewed by the Comptroller. I recommend approval subject to adjustment within the total.

The Comptroller presented this matter.

On motion of Mr. McKelvey, this budget was approved, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Karkaker, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Nickell.

#### EXEMPTION OF CHICAGO PROPERTIES FROM TAXATION

(25) The Comptroller reports that his office has received a bill for taxes on lot 18 of Potter Palmer's subdivision, corner of Damon Avenue and Polk Street in Chicago, for real estate taxes for the years 1940, 1941, and 1942. The property was acquired by the University in November, 1939, so the general taxes should not have been levied against it since that time. At that time the University also acquired lots 19 and 20 in the same subdivision, and it is probable that taxes have also been levied against these lots.

In April, 1940, the Comptroller's Office received notice which it understood to indicate that the properties had been exempted from taxation, but this now appears not to have been the case.

It is apparent that legal services will be required to secure exemption of lot 18 from taxation. I submit the matter to the Board for its instructions.

The Comptroller presented this matter.

On motion of Dr. Meyer, Judge Johnson was authorized to take proper steps to clear up this matter, and to employ the services of Chapman and Cutler if necessary.

#### UNIVERSITY PLACEMENT BUREAU IN CHICAGO

(26) The Illini Club of Chicago has requested the University to establish a Personnel Placement Bureau in Chicago to serve alumni and students as well as prospective employers.

This proposal is being studied by University officials and a report and recommendations will be made later.

This report was received for record.

#### THE FUTURE BUILDING PROGRAM

(27) Professor W. C. Huntington of the Department of Civil Engineering and Chairman of the Faculty Building Program Committee is here to present a report on the studies which have been made by that Committee of the University's needs for buildings and other capital improvements. His presentation will include two important exhibits:

1. Inventory of Building and Related Needs as Requested by Colleges, Schools, and Departments of the University, Urbana and Chicago.

2. Summary Report on the Proposed Post-War Building Program.

It should be noted that the inventory is a compilation of *all* building and other capital improvements which have been requested, and is *not* in any sense to be regarded as the recommendations of the Committee. The Committee's recommendations are included in the summary report. Copies of these documents are hereby given to the Secretary of the Board for record.

In preparing its statements of needs for use in formulating a post-war building program, each department has considered its present program of teaching and research and the developments which are expected in the near future. It would be desirable if a major portion of these needs could be provided for by funds which the State could make available for its Post-War Building Program. However, the total is so large that this can not be expected.

In order to insure that future building construction on the University's campuses may proceed in an orderly and economical way, it is necessary to make preliminary small-scale plans for the ultimate development of each building which is proposed. The plan for each building would make proper provision for each functional activity which is to be carried on in the building. It would consider the relationships between the various activities and make certain that they are properly located with reference to each other.

After the preliminary plans for one entire building are completed, it will be possible to reach a decision concerning the portions of the building which should be constructed to provide for the activities which are most urgently in need of relief and which can be provided for within the limits of the funds which can be reasonably expected. By following such a procedure, there will be assurance that the units which are constructed from time to time will be properly coordinated.

The proposed plans would be prepared by the Physical Plant Department with the cooperation of the departments concerned. The decisions concerning

the units which are to be recommended by the Building Program Committee for construction in the present program would be made by that Committee in cooperation with those departments.

The Physical Plant Department has prepared an estimate of the cost of preparing the preliminary plans for the buildings which should be studied in connection with the post-war building program.

It is realized that the University does not have funds which can be appropriated for this purpose. The Building Program Committee understands that the State Post-War Planning Commission intends to request the Legislature to make appropriations for use in the preparation of plans for proposed buildings.

The Building Program Committee, therefore, recommends that the University ask the State Post-War Planning Commission to provide the sum of \$260,000 to prepare preliminary plans for buildings proposed for construction on the Urbana and Chicago campuses.

The Director of the Physical Plant Department has reported that in preparing estimates for building modernization the Department needs the services of mechanical and electrical engineers to assist in analyzing needs, preparing statements for justification of the improvements, and making estimates of the costs. The University does not now have available the personnel to do this kind of work, and the Building Program Committee recommends that the Physical Plant Department be authorized to employ architectural firms which have on their staffs mechanical and electrical engineers competent to perform the services required. Funds are available in the budget of the Department to cover the cost of these services.

I concur in the recommendations of the Building Program Committee that:

1. The State Post-War Planning Commission be requested to provide \$260,000 for plans for buildings proposed for construction at Urbana-Champaign and in Chicago.

2. Representatives of the University be authorized to present building and other capital improvement requirements to the State Post-War Planning Commission.

3. The services of architectural firms be authorized; specific proposals, including terms, will be presented to the Board for approval.

Professor Huntington discussed this program. The President of the University was authorized to request an assignment of \$260,000 for preliminary studies of the buildings included in this program, and to proceed as recommended.

#### SCHOLARLY BOOKS PUBLISHED

(28) The Director of the University Press reports the completion of the work of publishing, in cooperation with the Graduate School, of seven scholarly books (in eight volumes) in the Seventy-fifth Anniversary Series, for which appropriations were made by the Board. At my request, copies of the books are displayed in this room for inspection by the Board.

The Director of the Press commented briefly on the value of the program of publishing scholarly books and on the special typographical features of the books.

#### SALE OF ROSELAWN CEMETERY LOTS

The Secretary presented for record the following report of the sale of lots in Roselawn Cemetery since the last report of such sales:

<i>Date</i>	<i>Description</i>	<i>Purchaser</i>	<i>Sale Price</i>
February 11, 1944	SW¼ Lot 27 Section C	H. Kenneth and Mary E. Leming	\$105
March 18, 1944	NE¼ Lot 114 Section G	E. K. and Florence E. Vandermark	105
March 15, 1944	SE¼ Lot 114 Section G	Mrs. Mabel Vandermark	105

## GRADUATE SCHOLARS AND FELLOWS

The Secretary presented also for record the following list of graduate scholars and fellows appointed by the President of the University on March 27, 1944.

*In Surgery*

LAWRENCE WILLIAM PETERSON, B.S., M.D., 1936, 1939

## APPOINTMENTS MADE BY THE PRESIDENT

The Secretary presented also for record the following list of appointments made by the President of the University.

ALEXANDER, MRS. LEONA, Junior Clerk-Stenographer in the Department of Physical Education for Men, beginning April 15, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (March 24, 1944)<sup>1</sup>

BIGOS, MARIE, Assistant Clerk in the Chicago Division of the Physical Plant Department, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month (this supersedes her previous appointment). (March 29, 1944)

BITTING, BARBARA, Junior Library Assistant in the Catalog Department of the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifty dollars (\$150) a month (this supersedes her previous appointment). (March 21, 1944)

BREAKSTONE, EDGAR OSGOOD, Assistant in Ophthalmology, in the College of Medicine, for five months beginning April 1, 1944, without salary. (April 7, 1944)

BURSON, MRS. HELEN V., Junior Record Clerk in the Catalog Department of the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifteen dollars (\$115) a month. (March 25, 1944)

DEITCHMAN, MRS. JANE L., Junior Clerk-Stenographer in the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifteen dollars (\$115) a month. (March 25, 1944)

DICKMAN, MRS. MARION, Coca-Cola Company Fellow in Chemistry, for eight months beginning February 1, 1944, at a stipendium of six hundred eighty dollars (\$680). (December 15, 1943)

GARA, MRS. LILY, Assistant Record Clerk in the Catalog Department of the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of ninety dollars (\$90) a month. (March 20, 1944)

GLENN, SIDNEY E., Associate Professor of English, on indefinite tenure, and Director of the Division of Special Services for War Veterans, beginning April

<sup>1</sup>The date in parenthesis is the date on which the appointment was made by the President.

1, 1944, and continuing through August 31, 1944, at a salary at the rate of five thousand dollars (\$5000) a year (this supersedes his previous appointment) (March 28, 1944)

GUNNING, MRS. CLARABELLE, Assistant Clerk-Stenographer in the Library, on one-half time, and in the Library School, on one-half time, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifteen dollars (\$115) a month (this supersedes her previous appointment). (March 25, 1944)

HAYS, BLANCHE LOUISE, Junior Clerk-Stenographer in the Department of Animal Pathology and Hygiene, in the Agricultural Experiment Station, beginning April 8, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred thirty-seven dollars fifty cents (\$137.50) a month (on leave of absence, for military service, beginning April 8, 1944, and continuing through August 31, 1944, without salary) (this supersedes her previous appointment). (March 21, 1944)

HOLL, ZELMA CHRISTINE, Senior Clerk-Stenographer in the President's Office, beginning March 8, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty-five dollars (\$145) a month (this supersedes her previous appointment). (March 13, 1944)

HOWLAND, MARTHA, Assistant Clerk-Stenographer for the Appointments Committee, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes her previous appointment). (March 20, 1944)

IRENEUS, CARL, JR., Associate in Surgery, in the College of Medicine, on 7/10 time, for five months beginning April 1, 1944, at a salary at the rate of one hundred fifty-eight dollars thirty-three cents (\$158.33) a month (this is in addition to his appointment as Associate in Surgery, assigned to Anatomy part time, without salary) (this supersedes his previous appointment). (March 28, 1944)

JANKE, MRS. LEOTA LONG, Clinical Assistant in Psychology, on full time, for two months beginning April 1, 1944, at a salary at the rate of one hundred eighty dollars (\$180) a month, and on one-half time, for one month beginning June 1, 1944, at a salary at the rate of ninety dollars (\$90) a month (this supersedes her previous appointment). (March 24, 1944)

JOHNSON, HARRIETTE, Junior X-ray Technician in the Department of Radiology, in the College of Medicine, for seven months beginning February 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty-seven dollars fifty cents (\$147.50) a month (this supersedes her previous appointment). (March 20, 1944)

KIRKWOOD, MRS. MARIETTA DeVON, Junior Clerk-Stenographer in the Library School, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (March 27, 1944)

KNUDSON, MRS. JUNE L., Junior Record Clerk in the Loan Department of the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred five dollars (\$105) a month. (March 25, 1944)

KOCH, MRS. DOROTHY DILLMAN, Junior Clerk-Stenographer in the Department of Horticulture, in the College of Agriculture and in the Agricultural Experiment Station, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month (this supersedes her previous appointment). (March 16, 1944)

LARDNER, JOHN, Senior Laboratory Assistant in the Outpatient Department, in the Research and Educational Hospitals, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred seventy-five dollars (\$175) a month (this supersedes his previous appointment). (April 6, 1944)

LINN, MANSON BRUCE, Assistant Professor of Vegetable Crops Extension, in the Department of Horticulture, in the Extension Service in Agriculture and Home Economics, and Assistant Chief in Plant Pathology, in the Agricultural Experiment Station, for five months beginning April 1, 1944, at a salary at the rate of two hundred fifty dollars (\$250) a month (this supersedes his previous appointment). (March 31, 1944)

LYONS, MARGARET EILEEN, Assistant Clerk-Stenographer in the Acquisition Department of the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of ninety-five dollars (\$95) a month. (March 25, 1944)

MARR, LILLIAN, Senior Clerk-Stenographer in the School of Music, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty-five dollars (\$145) a month (this supersedes her previous appointment). (March 15, 1944)

MATTINGLY, RITA JANE, Junior Clerk-Stenographer in the College of Liberal Arts and Sciences, beginning March 16, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (March 20, 1944)

MCBRIDE, MILLARD THEODORE, Senior Laboratory Assistant in the Department of Bacteriology, beginning April 16, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty dollars (\$140) a month. (April 6, 1944)

MCKENDRY, RUTH, Supervising Psychiatric Social Service Worker in the Department of Psychiatry, in the College of Medicine, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of two hundred ten dollars (\$210) a month (this supersedes her previous appointment). (March 29, 1944)

MONAHAN, GERTRUDE IRENE, Junior Clerk-Stenographer in the Department of Horticulture, in the College of Agriculture and in the Agricultural Experiment Station, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (March 16, 1944)

MUSSON, DELORES, Assistant Clerk-Stenographer in the Loan Department of the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of ninety-five dollars (\$95) a month. (March 25, 1944)

PAYNE, MRS. CECILE MONTGOMERY, Junior Record Clerk in the Catalog Department of the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (March 25, 1944)

PHILLIPPE, MRS. IRENE GATES, Junior Account Clerk in the Acquisition Department of the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred sixteen dollars sixty-seven cents (\$116.67) a month (this supersedes her previous appointment). (March 25, 1944)

PYLE, MRS. BETTY HOFF, Assistant Record Clerk in the Catalog Department of the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (March 25, 1944)

RADWELL, THELMA I., Junior Record Clerk in the Catalog Department of the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month. (March 25, 1944)

RAYBURN, MARY JOY, Assistant Clerk-Stenographer in the Department of Chemistry, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes her previous appointment). (April 1, 1944)

RICHBARK, MRS. ETHEL G., Junior Record Clerk in the Binding Department of the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (March 25, 1944)

SANCKEN, CAROL JOSEPHINE, Assistant Clerk-Stenographer in the Department of Horticulture, in the Extension Service in Agriculture and Home Economics, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes her previous appointment). (March 16, 1944)

SCHROCK, MRS. KATHRYN MCCLURE, Senior Clerk-Stenographer in the Department of Animal Pathology and Hygiene, in the College of Agriculture and

in the Agricultural Experiment Station, beginning April 8, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred thirty-five dollars (\$135) a month (this supersedes her previous appointment). (March 20, 1944)

SMALL, HELEN D., Junior Clerk-Stenographer in the Loan Department of the Library, beginning March 15, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month (this supersedes her previous appointment). (April 1, 1944)

SMITH, MRS. ELLEN, Junior Record Clerk in the Acquisition Department of the Library, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (March 25, 1944)

STEWART, FORREST AUGUSTUS, Assistant Chief in Agricultural Economics, in the Agricultural Experiment Station, for five months beginning April 1, 1944, at a salary at the rate of three thousand two hundred dollars (\$3200) a year. (March 28, 1944)

WALL, MRS. CLARA VIVIAN, Assistant in Political Science, on one-fourth time, beginning March 13, 1944, and continuing through May 31, 1944, at a salary at the rate of forty-one dollars twenty-five cents (\$41.25) a month. (March 22, 1944)

WELCKER, PAUL H., Assistant in Ophthalmology, in the College of Medicine, for five months beginning April 1, 1944, without salary. (April 7, 1944)

WILSON, FRANCES JEAN, Assistant Food Production Manager in the Illini Union Building, for six months beginning March 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifty dollars (\$150) a month; for her convenience she will also receive two meals daily, valued at one hundred sixty-eight dollars (\$168) a year, while on duty (this supersedes her previous appointment). (March 18, 1944)

WOOD, RAYMOND F., Senior Account Clerk in the Bursar's Division of the Comptroller's Office, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred seventy-five dollars (\$175) a month (this supersedes his previous appointment). (March 30, 1944)

#### RESIGNATIONS AND DECLINATIONS

The Secretary presented also for record the following list of resignations and declinations.

ALBERTY, ROBERT A., Fellow in Chemistry—declination effective October 1, 1944.

AYER, MRS. PHYLLIS, Junior Clerk-Stenographer in the Department of Home Economics, in the Agricultural Experiment Station—resignation effective April 1, 1944.

BALDWIN, GEORGE CURRIDEN, Instructor in Physics, in the College of Engineering—resignation effective June 1, 1944.

BELL, J. CLARENCE, Instructor in Mathematics—resignation effective April 1, 1944.

BLANKINSHIP, WILLIAM AUBREY, Assistant in Mathematics—resignation effective April 8, 1944.

BRICK, EDYTHE JUANITA, Assistant Clerk-Typist in the Physical Plant Department—resignation effective February 6, 1944.

BROUSSARD, MARCEL NICHOLAS, Senior Accountant in the Accounting Division of the Comptroller's Office—resignation effective April 11, 1944.

BURR, MRS. DOROTHY ROBBINS, Assistant Clerk-Stenographer in the Division of University Extension and in the Summer Session—resignation effective March 31, 1944.

BUTTS, MARY LUCILLE, Assistant Clerk-Typist in the Catalog Department of the Library—resignation effective April 16, 1944.

CARNES, MRS. CORNELIA SCHLORFF, Junior Clerk-Stenographer in the Department of Physical Education for Men—resignation effective April 4, 1944.

CATRON, DAMON VON, Associate in Animal Husbandry, in the College of Agriculture and in the Agricultural Experiment Station—resignation effective May 5, 1944.

- CHESS, STEPHEN J., Fellow in Surgery—resignation effective April 1, 1944.
- DOYLE, MRS. RUTH SCHUMM, Junior Clerk-Stenographer in the Department of Horticulture, in the College of Agriculture and in the Agricultural Experiment Station—resignation effective at the close of business, March 31, 1944.
- FOX, H. HERBERT, Assistant in Mathematics—resignation effective April 1, 1944.
- HOPKINS, MRS. MAY WHITSITT, Lecturer in the Department of Chemistry—termination effective May 1, 1944.
- HOVORKA, JOHN, Assistant in Physics, in the College of Engineering—resignation effective April 1, 1944.
- INGRAM, HELEN F., Scholar in History—declination effective October 1, 1944.
- KNELL, MRS. DOROTHY DENNE, Assistant Clerk-Stenographer in the College of Agriculture—resignation effective March 21, 1944.
- KONASH, MRS. EILEEN WAGNER, Assistant Clerk-Typist in the Department of Agricultural Economics, in the Extension Service in Agriculture and Home Economics—resignation effective April 1, 1944.
- LAPSLEY, JANIE CAMPBELL, Instructor in Mathematics—resignation effective April 1, 1944.
- LAWRENCE, MARIE KATHRYN, Library Assistant in the Acquisition Department of the Library—resignation effective March 1, 1944.
- LEACH, BYRON ELWOOD, Special Research Assistant in Chemistry—resignation effective April 1, 1944.
- LERRET, PAUL EDWARD, Assistant in Mathematics—resignation effective April 1, 1944.
- MOSS, W. GLEN, Assistant in Physiology, in the College of Medicine—resignation effective April 1, 1944.
- MUSSON, DELORES, Assistant Clerk-Stenographer in the Loan Department of the Library—declination effective April 1, 1944.
- NORRIS, WILLIAM PENROD, Assistant in Chemistry—resignation effective April 6, 1944.
- NOYCE, DONALD S., Scholar in Chemistry—declination effective October 1, 1944.
- PERKINS, MRS. JEAN GARDNER, Assistant Clerk-Stenographer in the Illini Union Building—resignation effective March 23, 1944.
- RAPPARLIE, JOHN HENRY, Associate in Psychology and Counselor in the Personnel Bureau—resignation effective March 11, 1944.
- SHORT, CONSTANCE RUTH, Assistant Clerk-Stenographer in the Department of Horticulture, in the Agricultural Experiment Station—resignation effective at the close of business, March 31, 1944.
- WERNICKE, HENRY OSCAR, Assistant Professor of Surgery, in the College of Medicine—resignation effective March 6, 1944.

The Board adjourned.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**June 1, 1944**

**With Executive Committee Meeting of  
May 9, 1944  
And Adjourned Session of  
June 22, 1944**

The June meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 10 o'clock a.m. on Thursday, June 1, 1944.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. McKelvey, Dr. Meyer, Mr. Nickell.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and Mr. J. F. Wright, Director of Public Information.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of April 8, 1944.

On motion of Mr. Jensen, the minutes were approved as printed on pages 915 to 940 above.

### REPORT OF EXECUTIVE COMMITTEE MEETING OF MAY 9, 1944

The Secretary presented also for record the minutes of a meeting of the Executive Committee.

The Executive Committee of the Board of Trustees of the University of Illinois met at the University Club, Chicago, at 12:30 p.m. on Tuesday, May 9, 1944. All the members were present: Mr. Park Livingston, Chairman, and Mr. Chester R. Davis and Mr. Frank A. Jensen, members of the Committee; also Mr. C. S. Havens, Director of the Physical Plant Department, and Mr. H. E. Cunningham, Secretary of the Board.

#### Matters Presented for President Willard

In the absence of the President of the University, and at his request, Director Havens presented the following matter.

#### Architectural and Engineering Services for Building Studies

In its studies of building needs and future construction programs, the University Building Program Committee has considered the modernization of existing buildings as important as construction of new ones. If the University could bring its existing buildings up to modern standards, the cost of such improvements would be a good investment, because it would reduce future requests for new buildings and would protect the State's investment in the present plant.

There is a need for general studies and estimates of programs for the modernization of mechanical services in various buildings, both at Champaign-Urbana and in Chicago. Such studies will be very helpful in planning post-war construction and also in future budgeting of operating and maintenance expenditures. Due to the lack of available staff and the demands for other work at this time, the Director of the Physical Plant Department proposes retaining outside engineering services for such surveys. Neither funds nor time are available to make a survey of the entire plant at Champaign-Urbana and in Chicago and he, therefore, proposes to limit such studies to buildings which can be modernized prior to 1950. The Illinois State Post-War Planning Commission is basing its studies of a public works program on the same period.

The Director, therefore, recommends that the Board authorize acceptance of proposals from architectural and engineering firms to make studies as follows:

Proposal of April 8 from Graham, Anderson, Probst, and White, Architects, Chicago, for the survey of mechanical and electrical services of ten buildings on the Urbana campus.....	\$14 500
Proposal of April 24 from Alvord, Burdick, and Howson, Engineers, Chicago, for investigation and report on the University's water supply and sewerage at Urbana.....	2 000
Proposal of April 17 from Holabird and Root, Architects, Chicago, but as reduced in their letter of April 27, for survey and report of mechanical services in buildings on the Chicago campus.....	10 000

The Director further recommends that this expense be charged against the current operation and maintenance funds of the Physical Plant Department. This financial proposal is not wholly desirable, and a special appropriation is preferable. It may be possible to provide special funds for this at the end of the fiscal year when the lapsing of unexpended funds will increase the balance in the General Reserve Fund.

I recommend that these services be authorized with the understanding that a special fund will be set up in connection with the budget for 1944-1945 for this purpose.

Expenditures during the balance of the current fiscal year probably would not be very large, and any payments necessary can be met by a transfer of operating and maintenance funds of the Physical Plant Department.

On motion of Mr. Jensen, the Director of the Physical Plant Department was authorized to negotiate for these services on a cost-plus basis, the totals not to exceed the amounts quoted.

The Secretary of the Board presented the following matters on behalf of the President.

#### Authority to Confer Degrees

(1) A recommendation that the President of the University be authorized to confer degrees at the Commencement Exercises for the colleges and schools at Urbana on June 4, 1944, and in August on candidates who are recommended by the University Senate for such degrees. A list of the candidates will be submitted to the Board of Trustees for official record in June.

On motion of Mr. Davis, these degrees were authorized as recommended.

#### Award of Certificates of Certified Public Accountant

(2) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

1. Candidates who hold the certificate of Public Accountant in Illinois and who also hold unrevoked C.P.A. certificates issued by other states or territories of the United States (Section 4, a-1):

JOSEPH DAVID BEASLEY (N.Y.)  
WILLIAM BOBY BOULTER (Minn.)  
WILLIAM HENRY BRAKMAN (N.Y.)  
CHARLES BENNINGTON COUCHMAN (Mo.)  
THOMAS JOHN GREEN (N.Y.)  
ARTHUR MATHESON HOLLAMAN (Mass.)

HENRY HUFNAGEL (Utah)  
HENRY THOMAS KIRKEBYE (N.Y.)  
GEORGE WASHINGTON ROSSETTER (Mo.)  
VICTOR H. STEMPPF (Mo.)  
MARSHALL MOORE THOMAS (N.Y.)  
ARNOLD JOSEPH VESS (Ind.)  
GEORGE FRANCIS WINTERS (Okla.)  
FREDERICK WILLIAM WULFING (N.Y.)

2. Candidates who hold the certificate of Public Accountant in Illinois received on the basis of the regular semiannual routine examination given by the Board of Examiners of the Department of Registration and Education (Section 4, a-2):

GEORGE STANLEY DANIELS  
JOHN RAYMOND DOLAND  
ANESS SAIKLEY

MITCHELL F. SAIKLEY  
JOHN SEYBOLD

3. Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States (Section 5):

JAMES JOSEPH ANDERS (Mo.)  
EMANUEL BERMAN (N.Y.)  
BENTON HOWELL (Tex.)  
DAVID ROSWELL JONES (Wis.)  
DOUGLAS WILSON KENDRICK (Ind.)  
WILLIAM LLOYD LOWE (Ind.)

GEORGE EDWARD OEFINGER (Calif.)  
JOHN THOMAS PLUNKERT (Mo.)  
ALEXANDER FREDERICK WEBER (Ind.)  
JOHN ROBERT WHITE (Calif.)  
LOUIS ARIE WYNHOFF (N.Y.)

On motion of Mr. Jensen, the award of these certificates was authorized as recommended.

The Executive Committee adjourned.

H. E. CUNNINGHAM, *Clerk*

PARK LIVINGSTON, *Chairman*  
CHESTER R. DAVIS  
FRANK A. JENSEN

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

#### AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

1. Candidates who hold the certificate of Public Accountant in Illinois and who also hold unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 4, a-1):

EDWARD TUBAL ALEXANDER (Ky.)	GEORGE CARLE LIEB (Pa.)
JACOB AUER (Iowa)	WILLIAM MITCHELL LYBRAND (Pa.)
MAX BECKER (N.Y.)	HAROLD KIRK MCKAY (N.Y.)
JAMES HIGHLEY CAVE (Mass.)	THOMAS A. MACKENZIE (Mich.)
ISAAC CHESSICK (Ohio)	FERNANDER LESTER MAY (Ky.)
WILLIAM THOMAS CLARKE (Ind.)	HENRY EUGENE MENDES (N.Y.)
FRANCIS JOHN CLOWES (N.Y.)	ROBERT HIESTER MONTGOMERY (Pa.)
THOMAS BARBOUR CRAWFORD (N.Y.)	EDWARD JAMES MURNANE (Utah)
HARRY HILTON DUMBRILLE (Conn.)	JAMES MYLES (N.Y.)
CLARENCE L. DYSON (Ind.)	JOHN BALLANTINE NIVEN (N.Y.)
BERNARD W. FLINN (Mich.)	JOSEPH MERIDITH PUGH (Pa.)
JACOB PHILIP FRIEDMAN (N.Y.)	THOMAS EDWARD ROSS (Pa.)
JAMES WALLACE GENTLES (N.Y.)	IRA W. RUBEL (Ind.)
PATRICK W. R. GLOVER (N.Y.)	SAMUEL SALAM (Ind.)
LEONARD HALL (Ind.)	FRANCIS SMALL (N.Y.)
THOMAS B. G. HENDERSON (N.Y.)	WALTER ADOLPH STAUB (Pa.)
PERCY MATTHEW HENDRIE (Mass.)	HOMER NEWTON SWEET (Mass.)
JOHN HOOD, JR. (Pa.)	ALBERT W. TORBET (Minn.)
EDWIN JAGGERS (Ind.)	EDWIN HARRIS WAGNER (Mo.)
IVER ROBERT JOHNSON (Ind.)	JAMES THOMAS WILKES (Ind.)
GEORGE ROSCOE KEAST (Pa.)	

2. Candidates who hold the certificate of Public Accountant in Illinois received on the basis of the regular semiannual routine examination given by the Board of Examiners of the Department of Registration and Education (Section 4, a-2):

HARRY MAX FINK	EUGENE W. STRAIT
EUGENE SIMON MICHALIK	HAROLD SUSSMAN
SAMUEL HARRIS MOSS	

3. Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 5):

WILLIAM BLACKIE (Wis.)	HOMER EARL JEFFRESS (Ark.)
HILTON ROWLEY CAMPBELL (N.Y.)	ALVIN RANDOLPH JENNINGS (N.Y.)
EDWARD GEORGE CARSON (N.Y.)	CHRISTOPHER HENRY KNOLL (N.Y.)
FRED CONDON DENNIS (Pa.)	LOUIS DEWEY KORK (Calif.)
JOHN JAY DOUGLAS (Wis.)	EDWARD P. LAUTEN (Ind.)
GEORGE REAM DRABENSTADT (Pa.)	LORNE VAN LOCKER (Ind.)
HENRY A. ENGEL (Ind.)	CLIFTON LEO LUX (Ohio)
WILLIAM JAMES FERGUSON (Ky.)	GEORGE WILCOX MCIVER, JR. (Pa.)
GUY BORTHWICK FINLAY (Ind.)	WILLIAM FRANKLIN MARSH (Pa.)
ADOLPH KARL FISCHER (Pa.)	PAUL FERDINAND MEMHARDT (Mo.)
WALTER BURNAP GIBSON (Mass.)	DONALD PUTNAM PERRY (Mass.)
MARION LEATH GRAY (Ind.)	DONALD MAY RUSSELL (Pa.)
CLARENCE REMBRANDT HAAS (Pa.)	ELMER LEON SACKRIDER (Ind.)
JOEL DEMETRIUS HARVEY (Mass.)	HARRY HERBERT STEINMEYER (Pa.)
GEORGE AYRES HEWITT (Pa.)	CORNELIUS FRANCIS SULLIVAN (Ind.)
WELBURN CHARLIE HOOPER (Tex.)	HAROLD CAMPBELL UTLEY (Mich.)
ALBERT EDWARD HUNTER (Mass.)	CARL HENRY ZIFF (Pa.)

I concur.

On motion of Mrs. Grigsby, these certificates were awarded as recommended.

#### LEAVES OF ABSENCE

(2) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case, which are in accordance with the regulations of the Board governing such leaves. The cases of those individuals who are being given sick

leave without pay have been presented to the University Retirement System for disability benefits where they are eligible to receive such benefits.

O. H. SEARS, Professor of Soil Biology, sick leave with pay from April 1 through June 30, 1944.

HERMAN L. WASCHER, Assistant Chief in Soil Survey, sick leave with pay from March 22 through April 25, 1944.

SHERMAN G. MENEFFEE, Associate in Dairy Chemistry, sick leave with pay from March 6 through May 14, 1944.

M. R. DOBBERMAN, Associate in Architecture, leave without pay so that he may accept a temporary position in the State Architect's Office at Springfield, from May 27 through August 31, 1944. This leave is for the convenience of the University, as the Department will have no further duties for him. He had previously been lent to the Physics Department for teaching in the A.S.T. Program.

TRUDIE MCLAUGHLIN, Assistant Clerk-Stenographer in the Bureau of Economic and Business Research, sick leave with pay from April 4 through April 11, 1944, and without pay from April 12 through May 31, 1944.

MRS. RUTH MATLOCK, Secretary to the Dean of the College of Commerce, extension of leave without pay from April 16 through May 31, 1944, on account of health.

MRS. THERESE SUKASH, Staff Nurse in the Research and Educational Hospitals, leave without pay from December 1, 1943, through May 31, 1944, so that she may be with her husband who is in the Army.

C. E. MILLER, Construction Foreman in the Physical Plant Department, sick leave with pay from April 13 through May 21, 1944.

J. E. JOHNSON, Painter in the Physical Plant Department, sick leave with pay from March 25 through April 28, 1944.

MARY A. MANN, Senior Library Assistant, sick leave without pay from May 1 through August 31, 1944.

W. D. RICE, Instructor in Physics, sick leave with pay from April 1 through May 31, 1944.

BRUCE R. FOOTE, Assistant Professor of Music, leave without pay for one year from September 1, 1944, so that he may devote that time to other professional work.

WALTER WECK, Janitor in the Chicago Physical Plant Department, sick leave without pay from September 1, 1943, through June 30, 1944.

C. A. STANLEY, Janitor in the Physical Plant Department, sick leave with pay from January 26 through May 31, 1944.

MAY E. CRAW, Cook at the Residence Halls, leave without pay from February 14 through July 13, 1944, because of illness in the family.

CHARLES WELLS, Laborer at the Dixon Springs Experiment Station, sick leave without pay from January 24 through May 31, 1944.

MRS. EVA WALDRON, Cook at McKinley Hospital, sick leave without pay from April 8, 1944, to April 8, 1945.

#### *Leaves of Absence for Military or Other War Service*

(The leave in each case is without pay.)

JOHN R. GREEN, Assistant and Resident in the Department of Neurology and Neurological Surgery, February 1 through August 31, 1944. (Navy)

MRS. CAROLINE C. BENDIKSEN, Junior Clerk-Stenographer in the Registrar's Office, March 1 through August 31, 1944. (WAC)

MATTHEW LEWISON, Associate in Pediatrics (Rush), April 1 through August 31, 1944. (Navy)

DOROTHY M. POMPONIO, Staff Nurse in the Research and Educational Hospitals, April 1 through August 31, 1944. (Army)

LOWELL POTTS, Farm Laborer in the Department of Horticulture, April 10 through August 31, 1944. (Army)

GUY HART, Junior Laboratory Attendant in Agricultural Engineering, April 12 through August 31, 1944. (Army)

HOLLIE C. WACKER, Janitor Foreman, Illini Union Building, April 20 through August 31, 1944. (Army)

R. M. SHEETS, Water Station Operator in the Physical Plant Department, April 30 through August 31, 1944. (Navy)

ELLIS H. HARRIS, Assistant in Pediatrics, May 1 through August 31, 1944. (Navy)

LOUIS A. HOLUB, Instructor in Surgery, May 1 through August 31, 1944. (Army)

ARTHUR BERNSTEIN, Associate in Medicine, May 1 through August 31, 1944. (Navy)

RUTH L. SCHWEICKART, Junior Library Assistant in the Catalog Department of the Library, May 1 through August 31, 1944. (Navy)

MARGARET ROTHEUS, Senior Clerk-Stenographer in the Department of Animal Pathology and Hygiene, May 1 through August 31, 1944. (Navy)

MARIE SHAFFER, Junior Clerk-Stenographer in the Department of Agricultural Engineering, May 4 through August 31, 1944. (Navy)

HAROLD SPRINKLE, Fire Station Attendant in the Physical Plant Department, May 11 through August 31, 1944. (Navy)

MILDRED ANNE WENDT, Junior Clerk-Stenographer in the Division of University Extension and Summer Session, May 12 through August 31, 1944. (Navy)

W. R. WILLIAMS, Senior Purchasing Assistant in the Comptroller's Office in Chicago, May 25 through August 31, 1944. (Navy)

SEYMOUR W. WEISBERG, Instructor in Medicine, June 1 through August 31, 1944. (Army)

JOSEPH H. FILIP, Assistant Health Officer, Chicago Departments, June 10 through August 31, 1944. (Army)

R. E. HULT, Instructor in Art, July 1 through August 31, 1944. (Navy)

CLIFFORD W. MILLER, Brickmason in the Physical Plant Department, May 6 through August 31, 1944. (Navy)

FREDERICK STEIGMANN, Assistant Professor of Medicine, June 7 through August 31, 1944. (Navy)

MAHLON M. DAY, Associate in Mathematics, May 25, 1944, through January 31, 1945. (N.D.R.C.)

VERA CLAUSSEN, Assistant Dietitian, McKinley Hospital, May 18 through August 31, 1944. (Army)

On motion of Mr. Davis, these leaves were granted as recommended.

#### **RETIREMENT OF ASSOCIATE PROFESSOR YNGVE JORANSON**

(3) Dr. Yngve Joranson, Associate Professor of Anatomy on one-third time, requests that he be retired from active service effective May 1, 1944, because of his health. He is 65 years of age and has been in the service of the University since November, 1922. The law creating the Retirement System of Illinois permits retirement after age 60.

I recommend approval.

On motion of Mr. McKelvey, this retirement was authorized as recommended.

#### **ADMINISTRATION OF CURRICULUM IN OCCUPATIONAL THERAPY**

(4) A statement and recommendation of a change in the administration of the Curriculum in Occupational Therapy (Minutes, August 31, 1943, page 506).

This matter was referred to the President of the University for further study and report.

#### **DEDICATION OF LAND FOR HIGHWAY PURPOSES IN CRAWFORD COUNTY**

(5) The Crawford County Superintendent of Highways requests the University to dedicate a strip of land along the east side of the University's Soil Experiment Field at Oblong, Illinois, for highway purposes (Federal secondary road). The total area of land required from the University's Experiment Field for this dedication is 12/100 acres. The County agrees to move the present fence and replace it upon a new right-of-way line without any cost to the University. The

release of this land will not interfere with the experimental work of the Department of Agronomy which uses the field, and will, in fact, be an improvement. Since the field was given to the University on a condition subsequent (namely, that it be used for experimental purposes) which may divest the University of the title, there has been written into the dedication instrument a statement that this land is being dedicated "subject and without prejudice to the terms and condition of the deed of warranty, Document 11090, recorded in Book 76 of Deeds at page 285, in the office of the Recorder of Deeds of Crawford County, Illinois."

The Dean of the College of Agriculture and Director of the Agricultural Experiment Station recommends the dedication of this right-of-way. I concur and recommend that the President and Secretary of the Board be authorized to execute the dedication instrument.

On motion of Dr. Meyer, the execution of this dedication was authorized as recommended.

#### **EASEMENT FOR RIGHT-OF-WAY FOR ELECTRICAL SERVICE ON SOUTH CARTER-PENNEL FARM AT RANKIN**

(6) Professor J. B. Andrews, who is in charge of the Carter-Pennell farms, requests approval of an easement for right-of-way for electrical service on the South Farm at Rankin, Illinois, to the Eastern Illinois Power Cooperative. This would involve the cutting of four trees. Professor Andrews states that these trees are on the highway outside the fence and would interfere with any line built along the highway for servicing the farm.

The Comptroller requests authority to execute this easement with the Secretary of the Board. I recommend approval.

On motion of Mr. Davis, the execution of this easement was authorized as recommended.

At this point, Mr. Livingston, being called from the room, asked Mr. Davis to take the chair.

#### **HOWARD BEQUEST**

(7) As reported to the Board on August 31, 1943 (Minutes, page 511), the University shared equally with the Young Men's Christian Association of Champaign, Illinois, the residuary estate of the late Dr. Charles P. Howard. Included in this estate is a note in the amount of \$4,000 of the Holy Cross Episcopal Church, Inc. of Miami, Florida, secured by an unrecorded mortgage.

Officers of the Church have presented evidence in the form of a written statement by Dr. Howard dated a few weeks before his death, indicating that, on his death, the principal of this note was to be cancelled if interest had been fully paid. The Church has requested that, in view of these facts, the residuary legatees agree to the cancellation of this note. The Board of Directors of the Y.M.C.A. has taken action indicating that it would join with the University of Illinois Board of Trustees in acceding to this request.

The Comptroller recommends approval of this request, and I concur.

On motion of Dr. Meyer, the Comptroller and the Secretary were authorized to execute an instrument indicating consent to the cancellation of this note.

#### **BARN ON WRIGHT FARM**

(8) On February 24, 1944 (Minutes, page 873), the Board authorized a contract with B. J. Nelson for a barn on Wright Farm No. 4 on a cost basis estimated at \$6,000 plus a fixed fee of \$600. When the specifications were reviewed with Mr. Nelson, however, the latter placed an estimate of \$9,000 on the work and asked for a fee of \$900 plus \$250 for transportation of materials. Since this cost was materially higher than was felt justified, no contract was concluded and further investigations were made.

Another contractor, L. B. Hanna of Walnut, Illinois, was found, who offered to undertake the construction work for the flat sum of \$2,000 provided

the University would furnish the material. His bill of material was prepared and submitted to all dealers in the vicinity of the farm. The Gonigam-Bass-Hill Company, Walnut, Illinois, agreed to supply the material at a cost of \$3,972.33, subject to debits and credits for additional material at the same uniform prices as the original bill.

Because the priority secured from the War Production Board expired May 1, 1944, and since the proposed program corresponded in principle to the action of the Board and was within the estimated cost as reported to the Board, the Comptroller approved an emergency order for the purchase of material as above stated and with the Secretary of the Board executed a contract for the construction.

Approval of this action is requested.

On motion of Mrs. Grigsby, the action of the Comptroller and the Secretary in executing these instruments was approved and confirmed.

#### **SPECIAL APPROPRIATIONS FOR NON-RECURRING EXPENDITURES**

(9) A recommendation that an appropriation be made from the General Reserve Fund for the following purposes:

1. Minor improvements in various buildings:
    - (a) Construction of tile wall in Ceramics Building.....\$ 350
    - (b) Floor covering in Physical Education Research rooms in Huff Gymnasium..... 600
    - (c) Concrete walk at University Dairy Barns..... 300
    - (d) Various changes in University High School..... 750 \$ 2 000
  2. Construction of volatile storage room in the W. A. Noyes Laboratory of Chemistry..... 3 900
- It is further recommended that a contract for the construction of this room be awarded to King and Petry of Champaign, the lowest bidder, in the amount of \$3,695. The balance of \$205 is for architectural expense and janitor work incidental to its construction.
3. To complete furnishings in new Music Library in Smith Memorial Hall..... 900
  4. Administration Building changes:
    - (a) Tabulating Division—remodeling of space to provide increased natural light, ventilation, acoustical treatment and to convert waste area into usable space.....\$10 000
    - (b) Personnel Office and Purchasing Division—interchanging of these offices to bring the Personnel Office to the first floor adjacent to the Bursar's Division to which it is attached..... 4 000 14 000
- Total.....\$20 800

These proposed improvements have been carefully studied by the Committee on Special Appropriations and Non-Recurring Expenditures. Its reports giving details of the reasons for these improvements are submitted herewith.

On motion of Mr. Jensen, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken.

#### **APPROPRIATION TO FACULTY-GRADUATE STUDENT CENTER TRUST FUND**

(10) The agreement with the University Club of Urbana for the purchase of the Club property provides for a trust fund to be applied toward a faculty-graduate student center. The Board agreed to match all money contributed by the Club to this fund during the biennium ending June 30, 1945.

The Club has now remitted to the University for credit to this fund the

total sum of \$5,851.92, and the Board on January 26, 1944, appropriated \$4,451.92. The sum indicated includes contributions from 43 persons ranging from \$10 to \$520.

An additional appropriation of \$1,400 from the General Reserve should now be made in accordance with the agreement.

On motion of Mr. Fornof, the University of Illinois Foundation was designated trustee of this fund, and the appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken.

#### PURCHASES AUTHORIZED

(11) A report of the following purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency actions:

1. The following chemicals for the Chemistry Department for use in connection with the research in amino acids being conducted through cooperation with the Rockefeller Foundation, from Merck and Company, Inc., at a price of \$1,586.10, f.o.b. Rahway, New Jersey:

- 2,000 gms. dl-valine
- 2,000 gms. dl-isoleucine
- 1,000 gms. dl-phenylalanine
- 500 gms. dl-threonine
- 1 lb. 1(-) histidine monohydrochloride

2. One Farmall M tractor for the Animal Husbandry Department Farm, from the Power Farm Implement Company, Champaign, Illinois, at a price of \$1,006.98.

3. 1,349 bushels No. 3 yellow shelled corn for the Animal Husbandry Department feed storage, from the Federal North Iowa Grain Co., Champaign, Illinois, at a price of \$1.08 a bushel (ceiling price), or a total cost of \$1,457.02.

4. 2,500 tons of screenings coal to be delivered during the month of May, for the Physical Plant Department coal storage, from the following firms: Globe Coal Company, 1500 tons, \$4,335 delivered; Lafayette Coal Company, 1000 tons, \$2,900 delivered.

5. One lot of laminated tubing made of special bonded Kraft paper, requested by the Chemistry Department for use in an investigation under a contract with the National Defense Research Council, from The Formica Insulation Company, at a price of \$1,279.40, f.o.b. Cincinnati.

6. One lot of electrical instruments for use in connection with the betatron in the Department of Physics, from the Weston Electrical Instrument Corporation, Chicago, at their price of \$1,235.02, f.o.b. Newark, New Jersey. This price is based on list prices less an educational discount of 40 per cent plus two per cent state sales tax.

7. Two thousand grams 1(+)-lysine monohydrochloride for the Chemistry Department, for use in connection with the research in amino acids being conducted through cooperation with the Rockefeller Foundation, from Merck and Company, Inc., at a price of \$1,224, f.o.b. Rahway, New Jersey.

8. Thirty tons of linseed oil meal for animal feeding, for the Animal Husbandry Department, from Archer-Daniels-Midland Company, Minneapolis, Minnesota, at a price of \$1,529.68 delivered.

This report was received for record.

#### PURCHASES RECOMMENDED

(12) The Comptroller recommends that the following purchases submitted by the Purchasing Agent be authorized:

1. 125 reams 22 x 34—40 lb. 100% rag bond, watermarked with the University seal, for the Office Supply Storeroom, from the Graham Paper Company, at a price of \$30.09 c.w.t., or a total of \$1,504.50.

2. Paper supplies for Agricultural Extension and Office Supply Storeroom as follows:

*For Agricultural Extension:*

10,000 reams  $8\frac{3}{8}$  x  $10\frac{7}{8}$ —16 lb. substance No. 4 sulphite mimeo bond

*For Office Supply:*

9,000 reams  $8\frac{3}{8}$  x  $10\frac{7}{8}$ —16 lb. substance No. 4 sulphite mimeo bond

500 reams  $8\frac{1}{2}$  x 11—16 lb. substance No. 4 sulphite mimeo bond

125 reams 22 x 34—32 lb. No. 4 sulphite mimeo bond

The orders to be placed as follows:

Blunden-Lyon Co. ....	10,000 reams $8\frac{3}{8}$ x $10\frac{7}{8}$ .....	\$3,427.20
Dwight Bros. ....	9,000 reams $8\frac{3}{8}$ x $10\frac{7}{8}$ }	..... 3,583.48
	500 reams $8\frac{1}{2}$ x 11 }	
	125 reams 22 x 34 }	

On motion of Mr. Jensen, these purchases were authorized.

#### UNIVERSITY PERSONNEL PLACEMENT BUREAU IN CHICAGO

(13) As reported to the Board on April 8 (Minutes, page 929), the Illini Club of Chicago has requested that the University establish a personnel placement bureau in Chicago to serve alumni and students. This proposal was discussed with officers of the Illini Club of Chicago on April 27 following the regular luncheon meeting of the Club. Present at this conference were Messrs. Livingston and Davis of the Board of Trustees and the President of the University. It was suggested by Mr. Davis that this matter be referred to the special committee of the Board appointed January 26, 1944, to consider the scope and functions of the University of Illinois Foundation and its relationship to the Board of Trustees, which Committee was subsequently authorized to include in its study the relationship of the Alumni Association to the Foundation and to the University.

On motion of Mr. Jensen, this matter was referred to the special committee as recommended.

#### QUARTERLY REPORT OF THE COMPTROLLER

(14) The Quarterly Report of the Comptroller to the Board of Trustees as at March 31, 1944.

Mr. Morey commented on this report.

This report was received for record.

#### RELEASE OF PATENTABLE DISCOVERIES

(15) The University, through its Engineering Experiment Station and the State Geological Survey Division, is conducting a research investigation of bonding clay properties which is sponsored by the Illinois Clay Products Company of Joliet, Illinois. On June 19, 1943 (Minutes, page 394), the Board approved a recommendation from the Faculty Committee on Patents that "the Illinois Clay Products Company, on payment of the entire cost of applying for and securing a patent, be given free use of the patent as a non-exclusive licensee, the sponsor agreeing that in case other persons, firms, or corporations are licensed, such licensee shall pay the University a royalty which in the opinion of the University is fair to the sponsor and to the public; it is understood that the sponsor will keep the University informed as to when an application for a patent is filed and of any action thereon in the United States Patent Office."

The Committee now recommends that the discovery be released entirely to the discoverers (Messrs. R. E. Grim and F. L. Cuthbert of the State Geological Survey, and W. H. Allaway of the Department of Mechanical Engineering), and to permit the Illinois Clay Products Company to finance such applications as the discoverers wish to file. This recommendation is based on information received from the Company that the discovery, if put into actual use would infringe the Ralston Patent No. 2320009, recently issued to Armour & Company of Chicago. Inasmuch as the discovery does not appear to have gone

far enough to demonstrate its value, and since it is questionable whether it is not already covered by a patent, it is the judgment of the Committee that it should be released unconditionally.

During the course of research work by Associate Professor Charles C. Price of the Department of Chemistry, under contract OEMsr-593 with the United States Government, E. H. Sargent and Company have developed an alcohol lamp for one of the water kits used by Professor Price. The Company has informed the Government (through Mr. Fred J. Williams, Associate Patent Adviser of the National Defense Research Committee) that it is willing to finance an application for a patent on the lamp. The Government has indicated that it will approve the application by the Company provided the latter will finance the application and secure permission from the University. Under the contract covering the research the Government has first claim to a non-exclusive license under any discoveries made. The contract also requires that the University must decide whether or not it will apply for a patent. Professor Price informed the Faculty Committee on Patents that in his opinion the discovery would not have enough commercial possibilities to justify expenditure of public funds in securing a patent. The Committee therefore recommends that the discovery be released to Professor Price with complete authorization to E. H. Sargent and Company to finance such patent application as it may desire, subject to any right the Government may have therein under its contract with the University.

I concur in these recommendations.

On motion of Dr. Meyer, this matter was referred to the Committee on Patents for consideration and report.

#### REPORTS OF THE FINANCE COMMITTEE

At this point, Mr. Davis, for the Finance Committee, presented the following reports.

##### STUDENT LOAN FUNDS

The Finance Committee reports that, in accordance with the general authorization of the Board, it has approved the cancellation of loans on which collection seems impossible, on recommendation of the Comptroller, in the amount of \$712.10. This makes a total of \$2,625.34 of loans written off since the time the first loan was established in 1899. The present total of our loan funds is \$392,607.56 and the total of loans outstanding is \$139,890.90.

The Finance Committee has also approved a recommendation of the Comptroller that certain delinquent loans, long overdue and on which the Business Office has been unable to make collection, be turned over to the First National Bank of Chicago. The Bank will make a final effort to collect such loans and, if unsuccessful, will place them in the hands of an attorney who serves the Bank in its collections, Mr. Sidney D. Komie of Chicago.

On motion of Mr. Davis, this action was approved and confirmed.

##### INVESTMENT OF ENDOWMENT FUNDS

On advice of the University's investment counsel, the First National Bank of Chicago, the Finance Committee has approved the following securities as investments of surplus cash in endowment funds: \$25,000, Cudahy Packing Co. 1st 3's Series B, due 5-1-64, at 100.

On motion of Mr. Davis, this action was approved and confirmed.

##### REFINANCING OF ILLINI UNION AND MEN'S RESIDENCE HALL LOANS

The following loans are outstanding against buildings on the campus of the University, title to which is in the University of Illinois Foundation, with lease agreements to the University covering charges on the loans.

*Illini Union Building*—\$563,100, interest  $4\frac{1}{2}\%$ , callable at 1% premium, April 1, 1945.

*Men's Residence Hall*—\$599,100, interest  $4\frac{3}{4}\%$ , prepayments limited to \$90,000 in any one year.

After discussions covering a period of several months, the Connecticut Mutual Life Insurance Company, holder of these loans, has offered to rearrange them at  $3\frac{3}{4}\%$  interest, callable after three years, with a premium of 2% after three years and through the sixth year, and 1% thereafter. Cooper, Kanaley & Company, the Company's representative, would receive a commission of one-half of 1% of the new loan, a total of \$5,811.

While it is entirely possible that the Union Building loan could be refinanced at a lower interest rate in 1945, advantages of the proposal are as follows:

1. Because of reduced income in the building, refinancing of the Union Building would be quite difficult and an immediate saving of interest would be of real benefit.

2. The proposed rearrangement would get the Men's Residence Hall loan on a callable basis which is not possible under the present provisions.

3. The proposed rearrangement would make possible the reconveyance of the properties to the University by the Foundation, subject to the outstanding obligations, so that they would again become University property.

The question has been discussed with the Director of Finance and the State Budgetary Commission, and it seems undesirable to request the General Assembly for appropriations to pay off these loans.

After considering all these facts, the Finance Committee recommends that the proposal of the Connecticut Mutual Life Insurance Company as above described be accepted and the appropriate officers of the Board and administrative officers be authorized to complete and execute all necessary documents. It is proposed that the change be made as of June 1, 1944, subject to the concurrence of the University of Illinois Foundation.

On motion of Mr. Davis, this recommendation was adopted and authority was granted as recommended.

#### CHARLES H. BOOTH ESTATE

The Secretary, on request of Judge Johnson, presented the following.

At its meeting on June 19, 1943 (Minutes, page 399), the Board of Trustees authorized the sale of the Charles H. Booth farm in Knox County at not less than \$100 an acre. The Dean of the College of Agriculture reported October 29, 1943 (Minutes, page 723), that negotiations for the sale to Mr. Fred Nichols of Galesburg had been completed. However, in order to satisfy the purchaser it was necessary through legal proceedings, which were authorized, to clear a flaw in the title (Minutes, page 749). Counsel for the executor reports that a decree finding the conveyance by will to be to the Board of Trustees of the University of Illinois has been entered by the Circuit Court of Knox County and therefore the sale may now be completed.

Mr. Fornof offered the following resolution:

*Be it resolved* that the President and the Secretary of the Board of Trustees of the University of Illinois are authorized and directed to execute a warranty deed to Fred W. Nichols and Floy E. Nichols, husband and wife, of the City of Galesburg, County of Knox and the State of Illinois, as joint tenants, conveying the following described real estate:

The Southwest Quarter (SW $\frac{1}{4}$ ) of Section 25 and the South Half (S $\frac{1}{2}$ ) of the Northeast Quarter (NE $\frac{1}{4}$ ) of Section 26, all in Township 11 North, Range One East of the Fourth Principal Meridian, being Galesburg Township, in County of Knox, State of Illinois, containing 240 acres, more or less.

This resolution was adopted by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken.

#### COLLEGE OF VETERINARY MEDICINE AND SURGERY

At this point, the President of the University presented the following statement.

The President of the Board of Trustees and the President of the University have received the following letter from the Governor of Illinois urging the

University to establish a College of Veterinary Medicine and Surgery at Champaign-Urbana as soon as possible. I also submit for record a copy of my reply thereto.

*Dr. Arthur Cutts Willard, President,  
The University of Illinois,  
and,  
Honorable Park Livingston, President,  
Board of Trustees,  
The University of Illinois.*

May 24, 1944

GENTLEMEN:

For some time I have been giving careful consideration to the proposals from within the university and from leaders in practically every phase of agricultural activity in the state for the establishment in Illinois of a college of veterinary medicine and surgery, meeting the highest standards of facilities and personnel.

The need for such an institution in Illinois is thoroughly demonstrated by the fact that there is a serious shortage of veterinarians in the state and that seventy-five per cent of the veterinarians now practicing in Illinois are past the age of fifty years. Adequate training in veterinary science is not now offered in Illinois and the existing first rank schools of the country cannot accommodate the young men and women of our state who desire that training and whose services are needed now and will be more sorely needed in the future. A national survey conducted by experts in this field has recommended that an additional first class veterinary college should be established in the middle west, preferably in Illinois.

Furthermore, the work that has been accomplished by the Division of Animal Pathology and Hygiene at the University of Illinois has proved the values which accrue to agriculture and to the public generally from research in the fields of animal diseases, animal pathology, improvement of the food supply, and the protection of the public health. The enlargement of this program which would be made possible by a college of veterinary medicine and surgery would be of untold value to Illinois' tremendous livestock, dairy and poultry industries. The livestock industry of Illinois alone is valued in excess of \$500,000,000, and sales of livestock and livestock products amount to more than \$625,000,000 per year, this being approximately sixty-five percent of the total sales of agricultural products produced in the state. For the protection of this industry there are in Illinois only 709 veterinarians in general practice and available for the protection of our livestock industry.

The demands of war have emphasized the necessity of the protection of our farm animals, and the great loss not only to the farmers, but also to the nation through impairment of animals by disease or improper care.

The General Assembly of Illinois in 1919 adopted an Act authorizing the establishment of a College of Veterinary Medicine and Surgery at the University of Illinois, but appropriations for the establishment of such a college have not been made. Today there is urgent need and insistent demand that the project be now carried to completion.

Therefore, I urge the university, through the President and the Board of Trustees, to take immediate action for the establishment of a College of Veterinary Medicine and Surgery on the Champaign-Urbana campus of the university at the earliest feasible date. I believe that construction and equipment of this college in the most modern manner and the staffing of it with the finest personnel obtainable should be first on the post-war program for the University and for Illinois agriculture.

I feel that in our post-war planning too little attention is being given to the needs of the farms and the farmers. Agriculture is always the backbone of the general prosperity of our state and in war or peace the farms and farm products of Illinois are a very important source of our national strength.

I am sure that the establishment of this veterinary college in our state university will contribute to the permanent welfare of all the people of Illinois.

Yours very sincerely,

DWIGHT H. GREEN  
Governor

*Honorable Dwight H. Green*  
*Governor of Illinois*  
*Springfield, Illinois*

May 27, 1944

DEAR GOVERNOR GREEN:

Your letter of May 24 addressed to President Park Livingston of the Board of Trustees and me urging the University to establish a College of Veterinary Medicine and Surgery on the Champaign-Urbana campus at the earliest feasible date is received. President Livingston and I will present your letter to the Board of Trustees at its next meeting which is scheduled for June 1, and you may be sure that it will receive every consideration. In the meantime I am sending copies of your letter to all members of the Board.

We appreciate your analysis of the situation confronting the livestock industry in Illinois. The Board of Trustees has had the proposal to establish a College of Veterinary Medicine and Surgery under discussion in connection with the future development of the University. We have already had conferences with various representatives of livestock and agricultural interests, including members of the veterinary profession, concerning the need for and advisability of establishing a College of Veterinary Medicine and Surgery at the University.

You may be interested in some background information. Proposals to establish a college or school of veterinary medicine at the University have been under consideration from time to time for many years. The Forty-Fifth General Assembly in 1907 made an appropriation of \$30,000 for maintenance of a veterinary college or research laboratory in the City of Chicago on condition that a suitable site, buildings, and equipment were furnished free of charge. There was a proposal at that time to establish a veterinary college at the Union Stock Yards. Meat packers and other private interests had offered to provide a site and contribute funds for the erection and equipment of buildings but this did not materialize. The University's budget for the following biennium (1909-11) as presented at the Forty-Sixth General Assembly included a provision for the operation of a veterinary college, but the appropriation bill as passed did not include this item so that the project was not consummated.

You have referred to the act of the Fifty-First General Assembly authorizing the Board of Trustees to establish a College of Veterinary Medicine and Surgery and directing the Trustees to prepare and submit to the next General Assembly a plan for such a college based on study of similar colleges elsewhere in consultation with livestock and veterinary interests together with budget estimates. Pursuant to this legislation the Board of Trustees appointed a commission (on which were representatives of the University, livestock and meat packing interests, and state officials) to make such a study.

The commission submitted its report to the Board of Trustees in February, 1921. It discussed four possible plans: (1) a teaching school of veterinary medicine and surgery; (2) a graduate department or school of veterinary medicine and surgery; (3) a department of animal pathology; and (4) an institute of pathology.

The commission definitely recommended against (1) and (2) but recommended the adoption of either Plan (3) or (4) as the proposal of the Board of Trustees to the General Assembly. The report of the commission was adopted by the Board of Trustees as its recommendation to the General Assembly. The Board expressed preference for Plan 4. The report with this expression of preference was made to the Governor of Illinois on March 3, 1921, and was presented by him on March 22 to the General Assembly. It was referred to the Committee on Agriculture in the Senate but nothing apparently came of it.

In November, 1937, the Board of Trustees received from the Executive Board of the Illinois State Veterinary Medical Association a request that there be established a veterinary college in connection with the College of Medicine in Chicago. A special committee representative of the sciences in veterinary medicine was appointed to make a thorough study of this proposal, including a survey of existing facilities for training in this profession, and its report was presented to the Board of Trustees on September 27, 1940. The committee made

the following recommendations which were adopted by the Board of Trustees:

"1. That a college of Veterinary Medicine in connection with the College of Medicine in Chicago not be established at the present time.

"2. The initiation, as soon as feasible, of studies in cooperation with the Association of Land Grant Colleges and Universities or other suitable agency or agencies, looking toward a rational regionalization of veterinary education in the United States.

"3. That, in view of the responsibilities of the University to the livestock industry of the state, consideration be given to expanding undergraduate and graduate teaching and research programs of the Division of Animal Pathology and Hygiene. (This was done by organizing the work in Animal Pathology and Hygiene as a separate department.) Consideration should also be given to the need for change in administrative status of this field of work in the University.

"4. The committee urges recognition of the growing importance of the relation of veterinary science to public health and the desirability of correlating overlapping phases of research in these two fields. To this end the committee recommends exchange between the Animal Pathology Laboratory and the College of Medicine, of outlines of proposed experimental projects."

The committee concluded also "(1) that there is a need for better distribution of veterinary colleges, (2) that the existing colleges need more adequate financial support, and (3) that the maximum need for veterinary colleges would be met by two additional colleges properly placed, California and Illinois being the most logical places for new schools." Since this report was made the California legislature has appropriated \$1,000,000 for the building of a veterinary college after the war. This takes care of one need mentioned in the report but leaves the situation in the Middle West unchanged.

In the meantime the University has been trying during the past four years to secure for students in Illinois who desire to study veterinary medicine and surgery opportunities for such training in the universities of two or three sister states in the Middle West. The theory was that it would be more economical for the State of Illinois to pay the tuition fees of such students at those institutions than to establish another veterinary school. This was a sound theory because for many years after World War I most of the veterinary schools in the country had very small enrollments. However, the situation has changed very materially in the last three or four years. All of the veterinary schools, at least those in the Middle West, have many more applicants for admission than they can admit. They cannot take care of students from their own states so naturally they will not consider admitting students from other states.

Illinois has been one of the leading states in the provision of facilities for education and scientific research in agriculture. As an illustration I cite what the State is doing for agriculture through the University of Illinois. The grand total income of the University for the current academic year (September 1, 1943, to September 1, 1944) from all sources (i.e., state appropriations, federal funds, student fees, endowment income, gifts, sales, and services) is \$13,114,038. Of this grand total the sum of \$2,319,773 was allocated to the College of Agriculture, the Agricultural Experiment Station, and the Extension Service in Agriculture and Home Economics. Only two other colleges of the University received an allocation of more than one million dollars. They were the College of Medicine in Chicago, \$1,790,702, and the College of Liberal Arts and Sciences at Urbana-Champaign, \$1,357,023. I am sure, therefore, that the State will do whatever is needed to provide the livestock and other agricultural interests with trained veterinarians to protect the industry and public health. Your support of the project is significant and is deeply appreciated.

This letter is I am afraid much too long but I wanted you to have this historical and other background material for whatever use you may wish to make of it.

Sincerely yours,

A. C. WILLARD  
*President*

At this point, the following gentlemen were introduced.

Mr. M. G. Van Buskirk, Executive Secretary, Illinois Dairy Products Association.

Mr. Paul E. Mathias, Corporate Secretary, Illinois Agricultural Association.

Mr. John Strohm, Managing Editor, *Prairie Farmer*.

Dr. A. C. Merrick, Illinois State Veterinary Medical Association.

Mr. Theodore T. Cowgill, Attorney and Stockman.

Dr. Merrick presented the following petition.

PETITION FOR THE ESTABLISHMENT OF A COLLEGE OF VETERINARY  
MEDICINE AND SURGERY AT THE UNIVERSITY OF ILLINOIS

*To the President and Board of Trustees  
of the University of Illinois:*

*Whereas*, the livestock industry of the State of Illinois is valued in excess of \$500,000,000 and sales of livestock and livestock products amount to more than \$625,000,000 per year, this being approximately 65% of the total annual sales of agricultural products produced in the State; and

*Whereas*, an adequate number of highly trained veterinarians is necessary for the protection of this livestock industry and the poultry industry and for safeguarding the public food supply and the public health; and

*Whereas*, there are only 700 veterinarians in general practice in the State including those engaged in small animal practice, the number engaged in large animal practice and available for the protection of the livestock and poultry industry being less than 600; and

*Whereas*, animal diseases, parasites, and pests, many of which could be controlled or eliminated and the damage therefrom greatly mitigated, cause great economic loss and human suffering in Illinois, the direct loss from these sources being estimated at \$59,200,000 annually and amounting, in the case of cattle to \$32,000,000, in the case of hogs to \$21,000,000, in the case of sheep to \$500,000, in the case of chickens to \$5,600,000 and in the case of horses to \$100,000 annually; and

*Whereas*, between 30% and 40% of the American pig crop dies before it is ready for market, the annual loss in Illinois because of mastitis is equivalent to the production of 50,000 cows, the annual loss in Illinois on account of Bang's disease is equivalent to the production of 30,000 cows, hog cholera, cattle grubs, poultry parasites and diseases, and other similar causes are responsible for large animal losses, and during the year ending June 30, 1943, vaccine was issued to physicians throughout the state for the treatment of 3,905 persons who had been bitten or exposed to rabid animals; and

*Whereas*, 75% of the veterinarians in Illinois are more than 50 years of age, 25% are more than 60 years of age, and 18% are more than 65 years of age and it is imperative that immediate steps be taken to provide training of the highest type for veterinarians who will locate in this state and be available for the protection of the livestock and poultry industry and for safeguarding the public health of the state; and

*Whereas*, veterinarian colleges are maintained in this area, in Michigan, Ohio, Iowa, and Kansas but the veterinarian colleges in these states have applicants for admission far in excess of their capacity and can not receive and train an adequate number of Illinois students; and

*Whereas*, those who have studied the situation, including Dr. J. R. Mohler of the Bureau of Animal Industry of the U. S. Department of Agriculture, have generally agreed that there is need for the establishment of two additional veterinarian colleges, one to be located in the West, preferably in California, and the other to be located in the Midwest, preferably in Illinois, and the legislature of the State of California has acted and has appropriated \$1,000,000 for the establishment of a veterinarian college in that state in the post-war period; and

*Whereas*, the work which has been carried on by the Department of Animal Pathology and Hygiene of the University of Illinois has shown the need for an enlarged program and has proven the values which accrue to agriculture and to the public generally from a program of this nature and the work in the control of bovine tuberculosis, mastitis, Bang's disease, and other similar programs has demonstrated the need for additional highly trained men and the need for further research concerning these and other animal diseases, their transmissibility to man, and the means for their control and eradication; and

*Whereas*, the establishment of a veterinary college to carry on and conduct research and research activities in, and provide men trained in, animal diseases and animal pathology, improvement of the food supply and the protection of the public health would be of great benefit to agriculture and to the public health and welfare of the State; and

*Whereas*, the General Assembly of Illinois in 1919 adopted an Act authorizing the establishment of a College of Veterinary Medicine and Surgery, at the University of Illinois, but appropriations for the establishment of such a college have not been made; and

*Whereas*, it appears that a College of Veterinary Medicine and Surgery of the highest type and standing should be established immediately on the campus of the University of Illinois at Urbana, *Now, therefore:*

The undersigned, representing and acting on behalf of, the Illinois State Veterinary Medical Association, Agriculture and agricultural and food processing industries, petition and urge the President and Board of Trustees of the University of Illinois to establish a College of Veterinary Medicine and Surgery on the campus of the University of Illinois at Urbana at the earliest feasible date, such college to be of the highest standard with outstanding facilities and personnel to carry on and conduct research and research activities and provide instruction and training of the highest order.

The undersigned further pledge their support and the support of the organizations and industries for which they speak in the establishment of such a college and in sponsoring such college and urging support therefor before legislative and other governmental bodies. The undersigned are ready to meet with any duly authorized committee of the University for considering any matters relating to the establishment of such college and determining upon the method in which the undersigned can be of most service.

Respectfully submitted,

DR. A. E. BOTT, *Illinois State Veterinary Medical Association*

M. G. VAN BUSKIRK, *Executive Secretary, Illinois Dairy Products Association*

PAUL E. MATHIAS, *Corporate Secretary, Illinois Agricultural Association*

HOWARD LEONARD, *Director of Agriculture, State of Illinois*

JOHN STROHM, *Managing Editor, Prairie Farmer*

EUGENE ECKERT, *Master, Illinois State Grange*

DR. A. C. MERRICK, *Illinois State Veterinary Medical Association*

President Willard commented on this request, stating that in his opinion the time had come for action on this matter, but calling attention that the University was engaged in an extensive program of teaching, experimentation, and research, with insufficient funds to implement its program.

President Livingston stated that the Board would expect the agricultural interests to support actively not only the proposed veterinary college, but the entire program of the University.

After discussion, and on motion of Dr. Meyer, the Board voted unanimously to establish a College of Veterinary Medicine and Surgery, and requested the President of the University to take immediate steps to the intent that the College of Agriculture shall study the organization and the curriculum and make a detailed report through the University Senate to the Board as soon as possible.

#### PORTRAIT OF DR. ARTHUR HILL DANIELS

(16) The University has no portrait of the late Dr. Arthur Hill Daniels, a member of the faculty from 1893 until his retirement in 1934 and Acting President of the University during 1933-1934. If a portrait of him is painted now, it will have to be done from a photograph and by an artist who knew him personally.

I recommend that the Board authorize the painting of a portrait of Doctor Daniels by Professor C. E. Bradbury of the Department of Art, the portrait to be half-length on canvas, size 32" x 40", cost of materials and suitable frame to be approximately \$100 to \$125, and that an honorarium of \$250 be paid to the artist. This will require an appropriation of \$375 from the General Reserve Fund.

The portrait would be painted during the first semester of 1944-1945. The Department of Art would relieve Professor Bradbury of three hours of teaching and his work would be carried on by other members of the staff without additional expense to the University.

On motion of Mr. McKelvey, this painting was authorized, and the appropriation of \$375 was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken.

#### RETIREMENT OF PROFESSOR SVEINBJORN JOHNSON

(17) Professor Sveinbjorn Johnson of the College of Law has notified the President of the University that he does not expect and can not accept a renewal of his present contract of service with the University of Illinois which expires August 31, 1944, and that he is retiring from the service of the University effective September 1, 1944, pursuant to the provisions of an Act "To provide for the creation, maintenance, and administration of a Retirement System for the benefit of staff members and employees of the University of Illinois and of certain other state educational and scientific agencies," passed by the Sixty-second General Assembly, approved July 21, 1941.

This law permits retirement at any time after a participant in the University Retirement System of Illinois has reached the age of 60. The consent of the employer is not required. The questions relating to the amount of the annuity and when it shall become effective are for the Board of Trustees of the University Retirement System of Illinois to determine, on formal application by the participant.

Professor Johnson has also requested that he be given the status or title of Professor of Law, *Emeritus*; effective September 1, 1944. I recommend approval.

On motion of Mr. Jensen, this recommendation was approved and adopted.

#### UNIVERSITY BUILDING PROGRAM

(18) A report to the Board that conferences with representatives of the Illinois Post-War Planning Commission were held at Urbana May 17, 1944, and at Chicago May 24, 1944.

A formal request embodying the University's askings should be made to the Commission on or before July 1, 1944, so that there should be a meeting of the Board the latter part of June, or the Board should authorize an appropriate committee to act.

This report was received for record, and June 22, 1944, was selected as the date for an adjourned session of the June meeting of the Board.

**TRANSCONTINENTAL AIRLINE STOP AT CHAMPAIGN-URBANA**

(19) A recommendation that the Board of Trustees authorize the President and other University officials to file with the Civil Aeronautics Board a brief in support of an application for a certificate of convenience designating Champaign-Urbana as a stop in transcontinental air traffic.

On motion of Mrs. Grigsby, this authority was granted.

**AIRPORT DRAINAGE RIGHT-OF-WAY AND IMPROVEMENTS**

(20) At its meeting on February 24, 1944 (Minutes, pages 874-876), the Board of Trustees authorized the purchase of certain areas of land adjacent to the University of Illinois airport and the procurement of an easement to provide a drainage right-of-way to an outlet east of the airport. An appropriation of \$15,000 was also made for a drainage right-of-way and such construction work as will be required.

On March 14, 1944 (Minutes, page 904), there was submitted a report of progress on airport construction by the Supervising Engineer in which it was indicated that the drainage plans were being restudied with a view to developing a better solution of the problem.

At the meeting of the Board on April 8, 1944 (Minutes, page 925), in the report of progress on airport construction by the Supervising Engineer, the changes in the drainage plans were indicated. The Board also authorized the execution of an agreement for the two-mile slough drainage district in the County of Champaign to carry out the revised plans which provide for a part of the drainage from the western part to the eastern.

The Supervising Engineer submits the following report on the present status of the airport drainage right-of-way improvements to which the University is committed:

1. The Howard purchase has been completed, and in accordance with the terms of the deed, I have requested Johnson-Greene Company to lay a line of 10-inch tile in the existing open ditch and to provide a crossing for access between the two parts into which the farm will be divided. For this purpose I have ordered 30 feet of 60-inch tile and have arranged with the Johnson-Greene Company to place the tile and the necessary headwalls and the back-filling. The cost of this improvement has not been determined, but it will probably run in the neighborhood of \$2,500.

2. I have negotiated with Mr. C. E. Ross for a strip of land containing about 2 acres across his farm. The purchase price will be \$300 per acre. In addition, however, I have agreed that the University will provide a fence along the north side of the proposed ditch, and also provide a farm crossing for access purposes. The cost of these improvements will probably be in the neighborhood of \$1,000.

3. The right of way requirements for the drainage to the west have not yet been determined exactly. I have, therefore, made no approach to the affected land owners, and will be unable to do anything but mere preliminaries until the final plan is issued by the Civil Aeronautics Administration. In connection with the western drainage, it will probably be necessary for the University to provide one or more structures for road crossings at a cost of about \$2,000 each. The land purchases, if required, will probably run about \$7,200. We have available under Board of Trustees appropriation, \$15,000 for drainage right-of-way and improvements. If the drainage plan permits the use of a township road, one item of \$4,200 will be eliminated.

This involves a departure from the plans approved by the Board on February 24, but no additional money is required; in fact, there is a considerable saving in prospect. I recommend approval of these changes.

On motion of Mr. Davis, these changes were approved as recommended.

**OFFICIAL ORDER FOR BEGINNING OF CONSTRUCTION OF  
UNIVERSITY OF ILLINOIS AIRPORT**

(21) The following is a report from Professor James J. Doland, Supervising Engineer in charge of airport construction:

May 30, 1944

PRESIDENT A. C. WILLARD:

I thought you might like to report to the Board of Trustees at their Thursday meeting that the official order to proceed with construction of the Airport has been issued by the Civil Aeronautics Administration to the contractors. The effective date is Wednesday morning, May 31, 1944.

In anticipation of the issuance of the order, the contractors have completed about 50% of the excavation of the eastern drainage ditch, and have progressed rapidly in making preparations for actual grading of the NW-SE runway.

Construction of the railroad spur by the contractors is already started and considerable grading has been completed.

J. J. DOLAND  
Supervising Engineer

This report was received for record, and the matter of selecting a time for appropriate dedicatory ceremonies was referred to the Committee on General Policy and the President of the University.

**CONTRACTS EXECUTED BY THE COMPTROLLER  
MARCH 9 TO MAY 26, 1944**

(22) The Comptroller's report of contracts executed.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
American Iron and Steel Institute	Investigation of reinforced concrete footings	\$20 000 00	April 17, 1944
Chicago Bridge and Iron Company	Investigation of thermal stresses due to welding	5 400 00	April 26, 1944
Insulite Division of Minnesota and Ontario Paper Company	Investigation of insulation board for hog housing	{ 900 00 325 00 (in products)	March 6, 1944
Lederle Laboratories	Holocaine investigation	1 200 00	February 19, 1944
National Advisory Committee for Aeronautics	Restricted research	8 000 00	March 29, 1944
National Dairy Council	Research in calcium metabolism of adolescent children	8 200 00	April 25, 1944
Office of Scientific Research and Development	OEM-426—studies of penicillin in treatment of compound fractures	5 500 00	February 23, 1944
Office of Scientific Research and Development	OEM-439—secret contract	2 500 00	May 4, 1944
Ruhm Phosphate and Chemical Company	Studies of rock phosphate in crop production	3 000 00	May 23, 1944
U. S. Navy	Training for navy men in medicine and dentistry	Various amounts stated in contract	July 1, 1943
U. S. Coast Guard	Tests on crack arrestors	6 006 88	February 28, 1944

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
Cardox Corporation	Subcontract to OEM-102	\$3 000 00	April 11, 1944
Cornell Seed Company	Introduction to the public of a new variety of popcorn (Illinois Hull-less)	None	April 1, 1944
E. N. DeAtley	Remodeling of room 103 and 208a in Administration Building	1 706 50	February 16, 1944
E. N. DeAtley	Added partitions around stairs and rooms in Sanitary Engineering Laboratory	408 75	February 17, 1944
E. N. DeAtley	Alterations to rooms 50 and 70 in New Agriculture Building	852 00	May 11, 1944
L. B. Hanna	Erection of storage and feeding barn on Wright farm No. 4	2 000 00	April 20, 1944
Illinois Bell Telephone Company	Additional exchange equipment in Chicago departments	Established rates	April 1, 1944
King and Petry	Minor alterations in rooms 113a, 125a, and 167 of Noyes Laboratory	2 360 40	March 9, 1944
Niles Steel Products Division of Republic Steel Corporation	Purchase agreement in connection with OEM-102	21 000 00	February 22, 1944

Leases executed under general regulations of the Board of Trustees:

<i>With Whom</i>	<i>Property</i>	<i>Amount to be received by the University</i>	<i>Date</i>
Illini Publishing Company	Lease to basement of Illini Hall	\$125 00 a month, plus extras for steam, water, and light	April 12, 1944
Mrs. Edward Rogers	Lease to property at 602 South Mathews	525 00	March 24, 1944
<i>With Whom</i>	<i>Property</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
Etta L. Percival	Lease of land for use by the Dairy Husbandry Department	\$850 00	March 1, 1944

This report was received for record.

#### DEMOLITION OF BUILDINGS ON PROPERTIES LOCATED IN CHICAGO

(23) On June 30, 1943, the Board authorized the purchase of the properties at 1749, 1751, and 1753 West Polk Street, Chicago. It is expected that deed and title policy will be received in the near future. The properties are occupied by three old buildings, the first floors being storerooms and the other floors being apartments. The buildings are in very bad state of repair and would require a major outlay for improvement to make them suitable for continued rental.

The Physical Plant Department, after careful consideration, recommends that the buildings be razed. This recommendation is concurred in by Dean Allen and Business Manager Millizen.

A question may arise as to the removal of present tenants. It is proposed that no further leases be made and no present leases be continued for definite periods and that vacation of the properties be secured as rapidly as possible. Authority is requested to consult Chapman and Cutler in case assistance is needed with respect to any doubtful situation.

Subject to the foregoing comments, I recommend that authority be given to arrange for razing the buildings on these premises on the best terms that can be obtained.

On motion of Mr. Davis, authority was given as recommended.

#### RATE PROCEEDINGS BEFORE ILLINOIS COMMERCE COMMISSION

(24) A report of Judge Johnson on rate proceedings before the Illinois Commerce Commission.

The University of Illinois filed complaints before the Illinois Commerce Commission last year in order (1) to obtain a reduction of switching charges and (2) a reduction in freight rates on coal from the Danville group of mines.

The Chicago and Eastern Illinois Railroad filed on July 3, 1943, with the Illinois Commerce Commission Supplement No. 40 to its Tariff No. 2, proposing to increase its rates on coal from the Danville group from 70 to 80 cents a ton. This railroad took the position that an order of the Interstate Commerce Commission made some years ago was not applicable to it, although it applied to other carriers from the area, and that it was justified in raising this rate as indicated.

The University protested this attempted increase, and I filed a brief in support of the contention that the order of the Interstate Commerce Commission above referred to did not exclude the jurisdiction of the Illinois Commerce Commission in the proceeding and that the argument of the railroad against jurisdiction in the Illinois body was untenable. On April 18, 1944, the Commission made an order disapproving the increase and sustaining my position that it had jurisdiction.

In pursuance of authority given me by the Board, I have made arrangements with Mr. N. D. Belnap of Chicago, a lawyer who specializes in rate cases, to help in the preparation and supervise the presentation of the matter of the switching rates and a request for reduction of freight rates from the Danville group, still before the Commission. We have had conferences, and Mr. Tullock and I are

giving Mr. Belnap all the help and cooperation possible. The proceeding is set for hearing and the taking of further testimony for June 6, 1944.

We feel that the position of the University against the switching charges should prevail, but the attack on the freight rate from the Danville group to Champaign will be much more difficult to maintain. If we can force a reduction in the switching charge, it will result in a material saving when and if normal deliveries of coal from the Danville group are resumed.

This report was received for record.

#### SETTLEMENT OF WRIGHT ESTATE

President Livingston brought up the matter of the Wright estate, and Judge Johnson was requested to prepare a report on the status of the Wright estate before the next meeting of the Board.

#### TERMINATION OF LEAVES OF ABSENCE FOR WAR SERVICE

A report that the following members of the staff who have been granted leaves of absence have been released from war service and have returned to active status on the University staff:

HERBERT HOWARD ALP, Associate Professor of Poultry Extension, effective September 1, 1943.

SOL J. BENENSOHN, Assistant in Obstetrics and Gynecology, effective February 15, 1944.

ARTHUR DIMSCHULTZ, Assistant Clerk, Superintendent's Office, Research and Educational Hospitals, effective August 1, 1943.

MAURICE B. EVANS, Sound Technician, Physical Plant Department, effective October 28, 1943.

JOSEPH S. FLORES, Instructor in Spanish, effective September 1, 1943.

JOHN ELDON GIESEKING, Assistant Professor of Soil Physics and Assistant Chief in Soil Physics and Soil Survey, effective October 1, 1943.

DENNIS HILL, Certified Painter in the Physical Plant Department, effective April 3, 1944.

ROBERT P. LARSEN, Clinical Counselor in the Personnel Bureau and Associate in Psychology, effective September 1, 1943.

D. PHILIP LOCKLIN, Professor of Economics, effective September 1, 1943.

LYNN H. PACE, employee in the Chicago Physical Plant Department, effective September 1, 1943.

RENATO ROSALDO, Instructor in Spanish, effective September 1, 1943.

SAM SACHS, Research Assistant in Mechanical Engineering, effective September 24, 1942. (Mr. Sachs subsequently went into military service on January 16, 1944.)

LEON S. SHALLA, Assistant in Anatomy, effective September 1, 1943.

ANNABEL WHEELER, Senior Clerk-Stenographer in the Department of Surgery, effective December 1, 1943.

#### GRADUATE SCHOLARS AND FELLOWS

The Secretary presented for record the following list of graduate scholars and fellows appointed by the President of the University on May 12, 1944.

	<i>Terms of 1944-1945*</i>	<i>Scholarship Stipend</i>	<i>Fellowship Stipend</i>
<i>Chemistry</i>			
KATHERYNE C. LEVIS.....	F.W.	\$350 00	.....

#### SALE OF ROSELAWN CEMETERY LOTS

The Secretary presented also for record the following report of the sale of lots in Roselawn Cemetery since the last report of such sales:

<i>Date</i>	<i>Description</i>	<i>Purchaser</i>	<i>Sale Price</i>
April 6, 1944	SW $\frac{1}{4}$ Lot 103 Section G	Russel O. Derby	\$105
April 25, 1944	W $\frac{1}{2}$ Lot 72 Section G	Mrs. Zella M. Chick	210
May 5, 1944	SW $\frac{1}{4}$ Lot 151 Section G	Mrs. Edna Bitner	105

#### APPOINTMENTS MADE BY THE PRESIDENT

The Secretary presented also for record the following list of appointments made by the President of the University.

BEAMER, PAUL DONALD, Emergency District War Food Assistant in the Department of Animal Pathology and Hygiene, in the Agricultural Experiment Station and in the Extension Service in Agriculture and Home Economics, for three months beginning April 1, 1944, at a salary at the rate of three thousand two hundred dollars (\$3200) a year (this supersedes his previous appointment). (April 11, 1944)<sup>1</sup>

BLACKSTONE, MRS. FLORA HORTENSE, Research Assistant in the Bureau of Institutional Research, beginning April 14, 1944, and continuing through September 13, 1944, at a salary at the rate of one hundred twenty dollars (\$120) a month. (April 13, 1944)

CALCAGNO, HELEN, Junior Clerk-Stenographer in the Department of Agricultural Engineering, in the Extension Service in Agriculture and Home Economics, beginning May 4, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (May 4, 1944)

CLINTON, HAROLD, Special Research Assistant in Civil Engineering, in the Engineering Experiment Station, beginning April 15, 1944, and continuing until further notice, at a salary at the rate of one hundred seventy-five dollars (\$175) a month (this supersedes his previous appointment). (April 24, 1944)

DEAN, MRS. MARY MELCHER, Junior Clerk-Stenographer in the High School Testing Bureau, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month (this supersedes her previous appointment). (May 5, 1944)

DUSHKIND, SHIRLEY, Special Research Assistant in Chemistry, on one-half time, beginning June 12, 1944, and continuing through September 30, 1944, at a salary at the rate of eighty-two dollars fifty cents (\$82.50) a month. (May 24, 1944)

EACRET, IVA JEAN, Assistant Clerk-Stenographer in the Extension Service in Agriculture and Home Economics, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred five dollars (\$105) a month. (May 5, 1944)

ELLISON, MRS. ESTELLE COLLIER, Senior Clerk-Stenographer in the Extension Service in Agriculture and Home Economics, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month. (May 5, 1944)

FABER, MRS. JOYCE ZIMMERMAN, Junior Assistant Dean of Women, beginning June 1, 1944, and continuing through August 31, 1944, at a salary at the rate of two thousand dollars (\$2000) a year. (May 13, 1944)

FISCH, THEODORE, Scholar in History, for one year beginning June 1, 1944, at a stipendium of five hundred twenty-five dollars (\$525) (this supersedes his previous appointment). (May 24, 1944)

<sup>1</sup>The date in parenthesis is the date on which the appointment was made by the President.

FISHER, LEAH, Assistant in Medicine, for four months beginning May 1, 1944, without salary. (April 13, 1944)

FOURNIER, HARRY J., Instructor in Anatomy, in the College of Medicine, on 45/100 time, for four months beginning May 1, 1944, at a salary at the rate of one hundred thirty-seven dollars fifty cents (\$137.50) a month (this supersedes his previous appointment). (May 13, 1944)

FRANTZ, ROYENE D., Assistant in Home Economics, in the Agricultural Experiment Station, on one-half time, beginning July 1, 1944, and continuing through August 31, 1944, at a salary at the rate of sixty-six dollars (\$66) a month. (April 29, 1944)

GARLAND, MRS. VIRGINIA BROWN, Junior Clerk-Stenographer in the Extension Service in Agriculture and Home Economics, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty dollars (\$120) a month. (May 5, 1944)

GOOD, MRS. JANICE WILLS, Senior Record Clerk in the Registrar's Office, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (May 3, 1944)

HASTINGS, J. THOMAS, Technical Director of the High School Testing Service, and Associate in Education and in Personnel, on one-fourth time, for four months beginning May 1, 1944, at a salary at the rate of eight hundred dollars (\$800) a year (this supersedes his previous appointment). (April 25, 1944)

HAWK, HELEN MARGARET, Senior Clerk-Stenographer in the Department of Dairy Husbandry, in the College of Agriculture and in the Agricultural Experiment Station, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty dollars (\$140) a month (this supersedes her previous appointment). (April 28, 1944)

HAY, RALPH CARROLL, Associate Professor of Agricultural Engineering, in the Extension Service in Agriculture and Home Economics, for four months beginning May 1, 1944, at a salary at the rate of three hundred fifty dollars (\$350) a month (this supersedes his previous appointment). (May 13, 1944)

HINCHCLIFF, KEITH HARRY, Assistant Professor of Agricultural Engineering, in the Extension Service in Agriculture and Home Economics, for three months beginning June 1, 1944, at a salary at the rate of three hundred dollars (\$300) a month. (May 13, 1944)

JENSEN, GALE EDWARD, Research Assistant in the Bureau of Educational Research, on two-thirds time, beginning April 24, 1944, and continuing through August 31, 1944, at a salary at the rate of one hundred dollars (\$100) a month. (April 24, 1944)

JOHNSON, WILLIAM EVERETT, Special Research Associate in Civil Engineering, in the Department of Theoretical and Applied Mechanics, in the Engineering Experiment Station, beginning April 17, 1944, and continuing until further notice, at a salary at the rate of two hundred fifty dollars (\$250) a month. (April 17, 1944)

KAELL, HARRY, Assistant in Anatomy, in the College of Medicine, for four months beginning May 1, 1944, without salary. (April 21, 1944)

KAMP, JAMES R., Assistant in Floriculture, in the Department of Horticulture, in the Agricultural Experiment Station, beginning June 1, 1944, and continuing through August 31, 1944, at a salary at the rate of two hundred dollars (\$200) a month. (May 5, 1944)

KRUGER, GORDON JAMES, Emergency District War Food Assistant in the Department of Animal Pathology and Hygiene, in the Agricultural Experiment Station and in the Extension Service in Agriculture and home economics, for three months beginning April 1, 1944, at a salary at the rate of two thousand nine hundred dollars (\$2900) a year (this supersedes his previous appointment). (April 11, 1944)

LASK, SALVADORE A., Assistant in Surgery, in the College of Medicine, for four months beginning May 1, 1944, without salary. (April 29, 1944)

LEERKAMP, MILDRED, Assistant Clerk-Typist in the Department of Home Economics, in the Extension Service in Agriculture and Home Economics, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (April 10, 1944)

MAYHEW, MRS. DOROTHY C., Junior Clerk-Stenographer in the Department of Home Economics, in the Agricultural Experiment Station, for three months beginning June 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (May 5, 1944)

MAYNE, WALTER, Assistant in Oral and Plastic Surgery, in the College of Dentistry, on one-fifth time, beginning April 15, 1944, and continuing through August 31, 1944, without salary. (April 13, 1944)

McELHINNEY, JOHN, Special Research Associate in Physics, in the Engineering Experiment Station, beginning April 1, 1944, and continuing until further notice, at a salary at the rate of two hundred twenty dollars (\$220) a month (this supersedes his previous appointment). (April 20, 1944)

MECORNEY, JOHN W., Assistant in Chemistry, on three-fourths time, beginning April 13, 1944, and continuing through May 31, 1944, at a salary at the rate of one hundred twenty-three dollars seventy-five cents (\$123.75) a month (this supersedes his previous appointment). (April 28, 1944)

MUNSE, WILLIAM HERMAN, Special Research Assistant, in Civil Engineering, on one-third time, and in Theoretical and Applied Mechanics, on two-thirds time, in the Engineering Experiment Station, beginning April 1, 1944, and continuing until further notice, at a salary at the rate of two hundred fifty dollars (\$250) a month (this supersedes his previous appointment). (April 17, 1944)

OHLZEN, ROBERT, Storekeeper in the Chicago General Stores, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred seventy-five dollars (\$175) a month (this supersedes his previous appointment). (May 13, 1944)

OLIVER, EARL L., Fellow in English, for four months beginning October 1, 1944, at a stipendium of three hundred fifty dollars (\$350) (this supersedes his previous appointment). (April 21, 1944)

ORLAND, MRS. PHYLLIS MRAZEK, Assistant in Pediatrics, in the College of Medicine, for one year beginning July 1, 1944, without salary. (April 28, 1944)

RADCLIFFE, MRS. LOUISE, Sewing Room Supervisor in the Chicago Division of the Comptroller's Office, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifty-five dollars (\$155) a month (this supersedes her previous appointment). (April 28, 1944)

RAMSEY, EDITH, Supervising Nurse in the Outpatient Department, in the Research and Educational Hospitals, on three-fourths time, for five months beginning April 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty-two dollars fifty cents (\$142.50) a month (this supersedes her previous appointment). (April 10, 1944)

ROBERTS, MRS. LORRAINE J., Scholar in English, for eight months beginning October 1, 1944, at a stipendium of three hundred fifty dollars (\$350). (April 25, 1944)

SCHROEDER, MRS. MARGARET J., Junior Clerk-Stenographer in the Division of University Extension and in the Summer Semester, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (May 6, 1944)

SCHROEDER, MILDRED, Junior Office Appliance Operator in the Department of Agricultural Economics, in the Agricultural Experiment Station, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month. (April 28, 1944)

SETINA, GENEVIEVE M., Junior Clerk-Stenographer in the Animal Hospital, in the College of Medicine, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred twenty-five dollars (\$125) a month (this supersedes her previous appointment). (April 28, 1944)

SMITH, LLOYD, Special Research Associate in Physics, in the Engineering Experiment Station, beginning April 1, 1944, and continuing until further notice, at a salary at the rate of two hundred twenty dollars (\$220) a month (this supersedes his previous appointment). (April 20, 1944)

STANLEY, MRS. LOLA S., Assistant to the Technical Director of the High School Testing Service, on three-fourths time, for four months beginning May 1, 1944, at a salary at the rate of one hundred fifty dollars (\$150) a month. (May 2, 1944)

STRECKFUS, MRS. MARGARET, Junior Clerk-Stenographer in the Division of University Extension and in the Summer Semester, beginning April 13, 1944, and continuing through August 31, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred dollars (\$100) a month. (April 24, 1944)

SUMMERS, DOROTHY, Assistant Cashier in the Chicago Division of the Comptroller's Office, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred fifty dollars (\$150) a month (this supersedes her previous appointment). (April 21, 1944)

TAYLOR, WILLIS REED, Storekeeper in the Department of Physiology, in the College of Medicine, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty-five dollars (\$145) a month (this supersedes his previous appointment). (May 4, 1944)

VAN WINKLE, MRS. FLORENCE, Junior Clerk-Stenographer in the Bureau of Institutional Research, for six months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred ten dollars (\$110) a month. (April 10, 1944)

VESSEY, ROBERT E., Senior Laboratory Assistant in the Department of Physiology, in the College of Medicine, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred forty-five dollars (\$145) a month (this supersedes his previous appointment). (May 4, 1944)

WEINGARTNER, WILLIAM, Graduate Assistant in Hospital Pharmacy, in the College of Pharmacy, on one-half time, beginning May 1, 1944, and continuing through June 30, 1944, at a salary at the rate of fifty-five dollars (\$55) a month. (April 25, 1944)

WHITCOMB, MRS. FRANCES C., Assistant in Pathology, in the College of Medicine, on one-half time, for three months beginning June 1, 1944, at a salary at the rate of eighty-two dollars fifty cents (\$82.50) a month (this supersedes her previous appointment). (May 13, 1944)

WHITMORE, GEORGE EMMETT, Emergency District War Food Assistant in the Department of Animal Pathology and Hygiene, in the Agricultural Experiment Station and in the Extension Service in Agriculture and Home Economics, for three months beginning April 1, 1944, at a salary at the rate of three thousand two hundred dollars (\$3200) a year (this supersedes his previous appointment). (April 11, 1944)

WINSLOW, MRS. REVA P., Junior Account Clerk in the Chicago Division of the Comptroller's Office, for four months beginning May 1, 1944, subject to University Civil Service rules, at a salary at the rate of one hundred thirty dollars (\$130) a month (this supersedes her previous appointment). (May 6, 1944)

#### RESIGNATIONS, DECLINATIONS, AND CANCELLATIONS

The Secretary presented also for record the following list of resignations, declinations, and cancellations.

ADNEY, JOE E., JR., Scholar in Chemistry—cancellation effective October 1, 1944.

ANDERSON, MABEL RENETTA, Assistant File Clerk in the Department of Agronomy, in the Agricultural Experiment Station—resignation effective at the close of business, May 22, 1944.

ANDERSON, ROBERT TODD, Assistant in Physics, in the College of Engineering—resignation effective May 1, 1944.

AUST, CORNELIA B., Junior Clerk-Stenographer in the Physical Plant Department—resignation effective May 4, 1944.

AYCOCK, BENJAMIN F., JR., Assistant in Chemistry—resignation effective May 20, 1944.

BARONE, JOHN A., Scholar in Chemistry—declination effective October 1, 1944.

BAYLY, BARTON A., Scholar in Economics—declination effective October 1, 1944.

BOYD, SAMUEL N., JR., Fellow in Chemistry—resignation effective October 1, 1944.

BOYD, SAMUEL N., JR., Assistant in Chemistry—resignation effective May 10, 1944.

BURTON, MRS. MARGARET E., Assistant Clerk-Stenographer in the Department of Home Economics, in the Extension Service in Agriculture and Home Economics—resignation effective April 2, 1944.

BYERRUM, RICHARD U., Assistant in Chemistry—resignation effective April 17, 1944.

CARPENTER, MRS. RUTH NORTH, Junior Clerk-Stenographer in the College of Education—resignation effective April 14, 1944.

CHADWICK, DAVID HENRY, Assistant in Chemistry—resignation effective May 10, 1944.

CRISTOL, STANLEY JEROME, Special Research Assistant in Chemistry—resignation effective June 16, 1944.

CRITTENDEN, ALDEN LARUE, Assistant in Chemistry—resignation effective May 8, 1944.

CURET, JUAN D., Scholar in Chemistry—declination effective October 1, 1944.

CURTIN, DAVID Y., Allied Chemical and Dye Corporation Fellow in Chemistry—resignation effective October 1, 1944.

DAVIS, MARY G., Scholar in Economics—declination effective October 1, 1944.

DEN HERDER, MARVIN, JR., Fellow in Chemistry—resignation effective May 1, 1944.

DE SANTIS, MRS. MARTHA DE ROSA, Junior Clerk-Stenographer in the Physical Plant Department—resignation effective April 13, 1944.

DRILLING, DORIS JUNE, Assistant Clerk-Stenographer in the Department of Agricultural Economics, in the Agricultural Experiment Station—resignation effective May 1, 1944.

EDWARDS, JOSEPH D., JR., Scholar in Chemistry—declination effective October 1, 1944.

EMMICK, ROBERT D., Assistant in Chemistry—resignation effective May 1, 1944.

ENGLISH, WILLIAM S., Scholar in Music Education—declination effective October 1, 1944.

FOHRELL, ELMER HENRY, Assistant in Chemistry—resignation effective April 13, 1944.

FREIER, HERBERT EDWARD, Assistant in Chemistry—resignation effective May 1, 1944.

GAGEN, JEAN E., Fellow in English—declination effective October 1, 1944.

GENSTER, MRS. BARBARA B., Supervisor of the Illini Center—resignation effective February 16, 1944.

GUTHRIE, DAVID B., Fellow in Chemistry—resignation effective June 1, 1944.

HALL, SARAH A., Scholar in English—declination effective October 1, 1944.

HANSCH, C. H., Special Research Assistant in Chemistry—resignation effective May 12, 1944.

HARGRAYS, WILLIAM, Orderly in the Department of Radiology, in the College of Medicine—resignation effective April 23, 1944.

HARPER, JOSEPHINE L., Fellow in History—declination effective October 1, 1944.

HAUERSPERGER, GEORGE RUSSELL, Assistant Laboratory Attendant in the Engineering Experiment Station—resignation effective April 1, 1944.

HIGGS, LOUIS WILSON, Assistant Principal of the University High School—resignation effective May 1, 1944.

HOLTZCLAW, HENRY FULLER, JR., Assistant in Chemistry—resignation effective April 20, 1944.

HOOPER, IRVING R., DuPont Company Fellow in Chemistry—resignation effective April 24, 1944.

HOWSMON, JOHN A., Assistant in Chemistry—resignation effective May 12, 1944.

JAMES, LORENA, Senior Physiotherapist in the Department of Psychiatry, in the College of Medicine—resignation effective May 21, 1944.

JONES, MRS. MARJORIE HOYT, Assistant Clerk-Stenographer in the Purchasing Division of the Comptroller's Office—resignation effective June 1, 1944.

JONES, ROBERT ELLERY, Assistant in Chemistry—resignation effective May 1, 1944.

JORGENSEN, INGE BUDTZ, Junior Library Assistant in the Loan Department of the Library—resignation effective May 1, 1944.

KANTZ, ASHER DALE, Assistant in Physics, in the College of Engineering—resignation effective April 16, 1944.

KELLOGG, GERTRUDE E., Scholar in Botany—resignation effective October 1, 1944.

KLOUDA, MRS. MARIE, Junior Office Appliance Operator in the Chicago Division of the Comptroller's Office—resignation effective June 1, 1944.

KRUGER, GORDON JAMES, Emergency District War Food Assistant in the Department of Animal Pathology and Hygiene, in the Agricultural Experiment Station and in the Extension Service in Agriculture and Home Economics—resignation effective May 1, 1944.

LAUGHLIN, JOHN SETH, Assistant in Physics, in the College of Engineering—resignation effective April 16, 1944.

LEVIS, KATHERYNE C., Scholar in Chemistry—declination effective October 1, 1944.

LILL, DOROTHY M., Scholar in Physiology—declination effective October 1, 1944.

LOFTUS, MRS. VERSA, Senior Record Clerk in the Registrar's Office—resignation effective May 1, 1944.

LOVINGFOSS, MAXINE, Assistant Clerk-Typist in the Accounting Division of the Comptroller's Office—resignation effective May 2, 1944.

LUX, VIRGINIA JEAN, Assistant Clerk-Stenographer in the Department of Dairy Husbandry, in the College of Agriculture and in the Agricultural Experiment Station—resignation effective April 6, 1944.

MARIS, MRS. OPAL SPICER, Assistant Clerk-Typist in the Extension Service in Agriculture and Home Economics—resignation effective May 26, 1944.

MCBRIDE, MRS. ELIZABETH VOGEL, Assistant in Animal Pathology and Hygiene—resignation effective May 4, 1944.

MCINNES, JEAN M., Scholar in Speech—declination effective October 1, 1944.

MELTZER, BERNARD N., Fellow in Sociology—declination effective October 1, 1944.

MICHEL, NORMA CORDELIA, Junior Office Appliance Operator in the Department of Agricultural Economics, in the Agricultural Experiment Station—resignation effective April 20, 1944.

MILES, MRS. NELLIE MORRIS, Assistant in Mathematics—resignation effective April 16, 1944.

MILLON, ESTHER, Fellow in Political Science—declination effective October 1, 1944.

MILLS, JACK, Carr Fellow in Chemistry—resignation effective April 30, 1944, and Fellow in Chemistry—resignation effective June 1, 1944.

MUEHLHAUSE, CARL OLIVER, Instructor in Physics, in the College of Engineering—resignation effective June 1, 1944.

MUELLER, GEORGE PETER, Special Research Assistant in Chemistry—resignation effective April 17, 1944.

NARDINE, ELIZABETH GRETCHEN, Editorial Assistant in the Agricultural Experiment Station—resignation effective April 12, 1944.

NATHAN, MARVIN FREEMAN, Assistant in Chemistry—resignation effective April 20, 1944.

NELSON, MARTIN EMMANUEL, Instructor in Physics, in the College of Engineering—resignation effective June 1, 1944.

NEWELL, M. SUE, Scholar in Economics—declination effective October 1, 1944.

PHILLIPS, LYLE WINSTON, Associate in Physics, in the College of Engineering—resignation effective July 1, 1944.

PRENTICE, MRS. ROBERTA J., Senior Clerk-Stenographer in the Department of Dairy Husbandry, in the College of Agriculture and in the Agricultural Experiment Station—resignation effective April 11, 1944.

PRIEBRAM, KARL H., Assistant in Neurological Surgery, in the Department of Neurology and Neurological Surgery, in the College of Medicine—resignation effective November 1, 1943.

REIFFEL, PEARL I., Scholar in Zoology—declination effective October 1, 1944.

REITSEMA, ROBERT H., Fellow in Chemistry—resignation effective June 1, 1944.

ROBERTS, MALCOLM HOWARD, Research Graduate Assistant in the Department of Chemical Engineering, in the Engineering Experiment Station—resignation effective April 24, 1944.

ROYALTY, AVIS, Junior Clerk-Stenographer in the Comptroller's Office—resignation effective at the close of business, May 11, 1944.

RUDOLF, MRS. FRANCES COLLINS, Junior Library Assistant in the Departmental Library—declination effective April 1, 1944.

SAKAI, GALE ETSUKO, Junior Library Assistant in the Acquisition Department of the Library—resignation effective May 1, 1944.

SAMPSON, HERMAN JULIAN, JR., Assistant in Chemistry—resignation effective May 1, 1944.

SANCKEN, CAROL JOSEPHINE, Assistant Clerk-Stenographer in the Department of Horticulture, in the Extension Service in Agriculture and Home Economics—resignation effective at the close of business, June 6, 1944.

SCHAAP, WARD B., Assistant in Chemistry—resignation effective April 19, 1944.

SCHLOEMER, HOWARD FREDERICK, Graduate Assistant in the Department of Pharmacognosy and Pharmacology, in the College of Pharmacy—resignation effective at the close of business, April 30, 1944.

SHANEDLING, PHILIP D., Associate in Ophthalmology (Rush), in the College of Medicine—cancellation effective September 1, 1943.

SHANNON, CHARLES EDWARD, Instructor in Orthopaedic Surgery, in the College of Medicine—cancellation effective September 1, 1943.

SMITH, LEONARD CHARLES, JR., Assistant in Chemistry—resignation effective April 15, 1944.

SMITH, LYLE W., Assistant in Physics, in the College of Engineering—resignation effective May 1, 1944.

SPRINGER, MELVIN DALE, Assistant in Mathematics—resignation effective April 21, 1944.

STAFFORD, MARJORIE, Library Assistant in the Reference Department of the Library—resignation effective May 4, 1944.

STONEHAM, RICHARD GEORGE, Assistant in Mathematics—resignation effective April 8, 1944.

THOMPSON, JEROME BRADFORD, Assistant in Chemistry—resignation effective May 1, 1944.

VANHEYNINGEN, EARLE MARVIN, Assistant in Chemistry—resignation effective May 1, 1944.

WANIATA, GEORGE N., Assistant in Ophthalmology, in the College of Medicine—resignation effective September 1, 1943.

WELCKER, PAUL H., Assistant in Ophthalmology, in the College of Medicine—declination effective April 1, 1944.

WELTON, THEODORE ALLEN, Instructor in Physics, in the College of Engineering—resignation effective June 1, 1944.

WHITE, MRS. FRED A., Junior Clerk-Stenographer in the Provost's Office—resignation effective May 3, 1944.

WHITE, R. STEPHEN, Assistant in Physics, in the College of Engineering—resignation effective May 1, 1944.

WORKMAN, MARDELLE ELAINE, Assistant Clerk-Stenographer in the Department of French—resignation effective July 1, 1944.

YOUNG, JOSEPHINE KENNEDY, Instructor in Hygiene and Medical Adviser for Women—resignation effective May 18, 1944.

ZAISER, ETHEL M., Scholar in Chemistry—declination effective October 1, 1944.

The Board adjourned to meet June 22, 1944, in Chicago.

H. E. CUNNINGHAM  
*Secretary*

PARK LIVINGSTON  
*President*

### ADJOURNED SESSION, JUNE 22, 1944

An adjourned session of the June meeting of the Board of Trustees of the University of Illinois was held at the University Club, Chicago, at 11 a.m. on Thursday, June 22, 1944.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. McKelvey.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. C. S. Havens, Director of the Physical Plant Department, Judge Sveinbjorn Johnson, Professor of Law, Mr. J. F. Wright, Director of Public Information, and, during part of the day, Dean Raymond B. Allen and Professor W. C. Huntington, Chairman of the University Building Committee, and Mr. E. Todd Wheeler, Architect for the Chicago Departments.

#### MEETING OF EXECUTIVE COMMITTEE JUNE 22, 1944

The Secretary presented for record the minutes of a meeting of the Executive Committee held on June 22, 1944.

The Executive Committee of the Board of Trustees of the University of Illinois met at the University Club, Chicago, at 10:30 a.m. on Thursday, June 22, 1944. Mr. Livingston and Mr. Davis were present; also Mr. Fornof, Mrs. Grigsby, and Mr. Karraker, Members of the Board, President Willard, Mr. Janata, Mr. Cunningham, Mr. Morey, and Judge Johnson.

#### Matters Presented by President Willard

The Executive Committee considered the following matters presented by the President of the University.

#### Appointments to Summer Semester Teaching Staff

(1) There is submitted for approval a list of proposed appointments to the teaching staff for instructional service in the summer semester of 1944 as recommended by the Director of the Summer Session. The total of proposed appointments is \$237,836. The preliminary tentative budget for this period was \$270,000.

The list of appointments covers the service needed for the estimated civilian student enrollment and also for the government instructional training programs based on present information and number of trainees. It provides for appointments to full- and part-time positions of 450 individuals. These appointments are for eight weeks, excepting those cases where for special reasons it is necessary to retain the services of the same individual for a longer period.

The budget is based on the following methods of calculation:

1. For eight weeks,  $\frac{1}{2}$  of the annual salary, with only such exceptions as are noted below.

2. For 16 weeks,  $\frac{1}{3}$  of the annual salary, with only such exceptions as are noted below.

3. In the case of assistants and others holding special types of appointments (such as for 4 months or for 8 months), the salary proposed is on the same monthly basis as during the academic year, to cover the period of time for which such services are required.

4. For such periods of time other than 8 or 16 weeks, the salary proposed is on the basis of  $\frac{1}{16}$  of  $\frac{1}{3}$  of the annual salary for each week of teaching during the period of June 5 to September 30.

5. The maximum rate for University of Illinois staff members is \$900 for 8 weeks, and \$1800 for 16 weeks (for full time). The minimum salary rate (for full time) will be \$250 for 8 weeks and \$500 for 16 weeks, with the following exceptions: (a) Assistants in Physics receive \$750 for  $\frac{3}{4}$  time for 16 weeks and \$525 for  $\frac{1}{2}$  time for 16 weeks. (b) Minimums for persons in

charge of courses are set at \$550 and \$275. (c) Laboratory assistants in Zoology are set at \$165 for  $\frac{1}{2}$  time.

I recommend:

1. That the instructional budget for the summer semester of 1944 as herein submitted be approved.

2. That all appointments or contracts for service during the summer semester include a provision permitting reduction in time and salary or cancellation of the contract in the event enrollments in certain courses or sections thereof do not warrant continuation of the appointment on the basis originally recommended.

3. That the President of the University be authorized to make such changes and adjustments, including additional appointments and acceptance of resignations, as are necessary in accordance with the needs of the University.

Mr. Morey presented this item.

On motion of Mr. Davis, this budget was approved and authority was granted as recommended.

### SUMMER SEMESTER SALARIES BUDGET

#### Agricultural Economics *Salary*

- |   |           |           |
|---|-----------|-----------|
| 1. C. L. Stewart, Professor ( $\frac{1}{3}$ time, first 8 weeks)..... | \$ 283 33 |           |
| 2. F. J. Reiss, Associate ( $\frac{1}{3}$ time, 16 weeks).....        | 266 66    | \$ 549 99 |

#### Agricultural Engineering

- |   |        |        |
|---|--------|--------|
| 1. E. W. Lehmann, Professor and Head of Department<br>( $\frac{1}{4}$ time, first 8 weeks)..... | 225 00 |        |
| 2. D. G. Carter, Professor ( $\frac{1}{4}$ time, first 8 weeks).....                            | 208 33 |        |
| 3. R. I. Shawl, Professor ( $\frac{1}{4}$ time, first 8 weeks).....                             | 179 16 |        |
| 4. A. L. Young, Associate Professor ( $\frac{1}{4}$ time, first 8 weeks)                        | 156 25 | 768 74 |

#### Agronomy

- |   |        |        |
|---|--------|--------|
| 1. F. C. Bauer, Professor of Soil Fertility ( $\frac{2}{3}$ time, first<br>4 weeks).....                  | 300 00 |        |
| 2. G. H. Dungan, Professor of Crop Production ( $\frac{1}{2}$ time,<br>second 8 weeks).....               | 236 11 |        |
| 3. R. F. Fuelleman, Assistant Professor of Crop Produc-<br>tion ( $\frac{2}{3}$ time, first 4 weeks)..... | 175 00 | 711 11 |

#### Animal Husbandry

- |   |        |        |
|---|--------|--------|

#### ADVISORY BOARD ON AERONAUTICS

(2) On March 14, 1944 (Minutes, page 905), the Board of Trustees authorized the appointment of Dr. Baldwin M. Woods, Professor of Mechanical Engineering at the University of California, as consultant on aeronautics and Chairman of the Advisory Board on Aeronautics for the period January 1 through December 31, 1944. Doctor Woods has accepted and has been serving in that capacity.

With his assistance the University has been able to secure the services of the following men on the Advisory Board on Aeronautics: Dr. Baldwin M. Woods, Professor of Mechanical Engineering, University of California, Berkeley 4, California (Chairman); Commander Allan F. Bonnalie, Bureau of Aeronautics, Navy Department, Washington 25, D.C. (formerly Assistant Executive Vice-President of Operations, United Air Lines Transport Corporation); Dr. Bruce Uthus, Director, Aviation Education Service, Civil Aeronautics Administration, Washington 25, D.C.; Mr. W. J. Blanchard, General Manager, Aero-products Division, General Motors Corporation, Municipal Airport, Dayton, Ohio; Colonel A. D. Tuttle, Medical Director, United Air Lines Transport Corporation, United Air Lines Building, Municipal Airport, Chicago, Illinois; Mr. L. R. Inwood, Executive Assistant, Transcontinental and Western Air, Incorporated, Kansas City, Missouri; Mr. A. E. Smith, Chief Engineer, Pratt-Whitney Corporation of Missouri, Kansas City, Missouri; and Mr. William K. Ebel, Vice-President of Engineering, The Glenn L. Martin Company, Baltimore, Maryland.

In my opinion the University is extremely fortunate in having the services of these men of long experience in aviation. They are representative of various aeronautical interests—manufacturers of aircraft, manufacturers of aircraft engines and accessories, executives of air transportation lines, and research and education in aeronautics.

The first meeting of this Board will be held on Friday, June 30, beginning at 10 a.m., at the University Club in Chicago. At least six of the eight members of the Advisory Board have indicated they will attend, and it is possible that one other will come. Several University officials will meet with the Advisory Board to discuss the development of plans for the University's program for education and research in aeronautics.

On motion of Mr. Davis, this Advisory Board was approved and the President of the University was authorized to request the Chicago Association of Commerce to nominate an additional member.

The Executive Committee adjourned.

H. E. CUNNINGHAM  
*Clerk*

PARK LIVINGSTON, *Chairman*  
CHESTER R. DAVIS

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

#### APPOINTMENT OF DR. GRANVILLE ALLISON BENNETT AS PROFESSOR OF PATHOLOGY AND HEAD OF DEPARTMENT

(1) A recommendation from the Dean of the College of Medicine that Dr. Granville Allison Bennett be appointed Professor of Pathology and Head of the Department in the College of Medicine on indefinite tenure at a salary of \$10,000 a year beginning July 1, 1944. This appointment has been recommended

by a Special Advisory Committee consisting of Doctors Percival Bailey, Professor of Neurology and Neurological Surgery, Chairman; Otto F. Kampmeier, Professor of Anatomy and Head of the Department; Warren H. Cole, Professor of Surgery and Head of the Department; and Isaac Schour, Professor of Histology and Head of the Department in the College of Dentistry, which Committee has been working on this appointment for over a year and has considered the names of approximately 24 individuals.

I recommend approval.

On motion of Mr. Davis, this appointment was made as recommended.

#### **SERVICES OF PROFESSOR H. C. M. CASE TO UNITED NATIONS RELIEF AND REHABILITATION ADMINISTRATION**

(2) The United Nations Relief and Rehabilitation Administration has asked Professor H. C. M. Case, Head of the Department of Agricultural Economics, to serve as Consultant in the Bureau of Supply on a per diem basis. In fact, this agency has been trying to secure Professor Case for full-time service, but he has been unwilling to accept such a position because of his University responsibilities.

The first assignment will require about two weeks in Washington which will be on his vacation time. Aside from that and an occasional trip to Washington he does not anticipate spending a great deal of time on the work. If later developments indicate that he can render a greater service to the country in this work than in his University position, the matter will be reviewed to determine whether a leave of absence for full-time service will be recommended or an adjustment made in his salary and University duties to permit him to devote more time to the work.

I recommend that Professor Case be authorized to accept this position on a per diem for actual service rendered.

On motion of Mr. Jensen, this permission was granted as recommended.

#### **LEAVES OF ABSENCE**

(3) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case, which are in accordance with the regulations of the Board governing such leaves:

ALICE T. WALL, Secretary to the Dean of the College of Fine and Applied Arts, sick leave with pay, for two months beginning June 19, or so much thereof as may be necessary.

H. B. DORNER, Professor of Floriculture, extension of sick leave with pay from March 1 through May 9, 1944.

FANNY DUNLAP, Reference Librarian and Lecturer in the Library School, sick leave with pay for three months from May 24.

MRS. MARTHA SANDERS, Senior Clerk-Stenographer in the College of Education, leave without pay from May 20 through June 19, 1944, in order to visit her husband before he goes overseas.

MRS. LEONA ALEXANDER, Junior Clerk-Stenographer in the Department of Physical Education for Men, leave without pay from June 5 through August 31, 1944, because her presence is required in her home.

A. J. CORSON, Garage Attendant in the Physical Plant Department, sick leave with pay from June 1 through July 31, 1944.

C. E. MILLER, Construction Foreman in the Physical Plant Department, extension of sick leave with pay from May 22 through June 30, 1944.

MARY PRAHL, Janitress in the Chicago Physical Plant Department, sick leave without pay from May 14 through June 30, 1944.

MRS. RUTH MATLOCK, Secretary to the Dean of the College of Commerce, extension of leave without pay from June 7 through August 31, 1944, in order that she may join her husband who is returning from overseas.

MRS. DOROTHY H. TIPPS, Senior Clerk-Stenographer in the Division of Services for Crippled Children, leave without pay from June 8 through December 8, 1944, in order to visit with her husband who is returning from overseas.

*Leaves of Absence for Military or Other War Service*

(The leave in each case is without pay.)

HANS P. POPPER, Instructor in Pathology, May 19 through August 31, 1944. (Army)

ROBERT DINOLT, Associate in Laryngology, Rhinology, and Otology, June 1 through August 31, 1944. (Army)

NATHAN M. NEWMARK, Research Professor of Civil Engineering, for six months from July 19, 1944, for special confidential assignment with the Army under the Office of Field Service, Office of Scientific Research and Development. This work is of extreme urgency and military importance.

LUCY JANE COE, Junior Clerk-Typist in Agricultural Administration, July 1 through August 31, 1944, staff director of Army and Navy Branch of the National Council of the Y.M.C.A. (USO) war program.

On motion of Mrs. Grigsby, these leaves were granted as recommended.

**ADMINISTRATION OF ILLINOIS ACCOUNTANCY ACT OF 1943**

(4) In order to carry out the University's responsibilities in the administration of the Accountancy Act passed by the General Assembly of Illinois and approved July 22, 1943, the Committee on Accountancy recommends adoption of the following regulations.

These include the regulations for the administration of the previous act relating to Certified Public Accountants which have been modified to correlate them with the administration of the new provisions of the present law. It is proposed to publish these regulations in a bulletin along with the complete text of the Accountancy Act.

I present these to the Board of Trustees for approval.

On motion of Mr. Fornof, these regulations were adopted as recommended.

**THE UNIVERSITY REGULATIONS****THE UNIVERSITY COMMITTEE ON ACCOUNTANCY**

1. The supervision of all matters under the law shall be in the hands of a committee under the immediate supervision of the President of the University, consisting of the Registrar and two other members of the University staff, to be appointed by the President.

2. This Committee shall receive all applications for examinations under Section 2 of the Act and shall issue to approved applicants cards of admission to the examination, and no candidate shall be examined who does not present to the Board of Examiners, at the time and place of examination as advertised, such card of admission, signed by the Registrar.

3. This Committee shall appoint the times and places of examination under Section 2 and shall advertise the same according to the provisions of the law.

4. This Committee shall receive from the Board of Examiners the questions to be used at the examinations under Section 2, and shall print and distribute these examination questions to the examining board in time for conducting the examinations as advertised.

5. This Committee shall receive the reports of the examinations under Section 2, from the Board of Examiners, and shall certify to the President the successful candidates.

6. This Committee shall receive all applications for the C.P.A. certificate filed under Sections 4 and 5 of the Act, and shall examine all evidence submitted by such applicants in support of their applications.

7. This Committee shall certify to the Special Board of Five Examiners for oral or written examination all applicants who are found to be properly qualified under Section 4, paragraph b, of the Act.

8. This Committee shall receive from the Special Board of Five Examiners the reports of the standing of the candidates who have taken the oral or written examinations prescribed in Section 4, paragraph b, of the Act and shall certify the successful candidates to the President for the C.P.A. certificate.

9. This Committee shall receive and certify all statements of expenses and fees of the Boards of Examiners.

## THE BOARD OF EXAMINERS

(Established under Section 2 of the Act)

10. The Board of Examiners for the examination of candidates for the certificate of Certified Public Accountant shall consist, according to law, of three members. (The qualifications of the members of the Board are stated in Section 2 of the Act.)

11. The members of this Board of Examiners shall be nominated by the President of the University and approved by the Board of Trustees.

12. Vacancies on the Board, due to any cause, shall be filled for the remainder of the term of office, at the first meeting of the Board of Trustees after the occurrence of such vacancy. Appointments to expiring terms shall also be on nomination of the President for approval by the Board of Trustees.

13. The term of office of these examiners shall be three years, except for the members first appointed. Of these, one shall be appointed for three years, one for two years, and the third for one year. At the annual meeting of the Board of Trustees of the University in June, the place of the retiring members shall be filled by action of the Board of Trustees.

14. Each member of the Board of Examiners appointed under Section 2 of the Act who shall be engaged in the duty of conducting examinations at the time and place appointed by the University authorities, as provided herein, shall send to the University Committee in charge a statement of the time actually spent in the discharge of his duties as a member of this Board in conducting said examinations, together with a statement of actual traveling expenses incurred in performing said duty. This statement shall be certified by the Committee on Accountancy. Each member of the Board shall be entitled to compensation at the rate of \$25 a day for such services.

## SPECIAL BOARD OF FIVE EXAMINERS

(Established under Section 4, paragraph b, of the Act)

15. The Board of Trustees on recommendation of the President of the University, and with the approval of the Director of the Department of Registration and Education, shall appoint to the Special Board of Five Examiners members who possess the qualifications stated in Section 4, paragraph b, of the Act.

16. The term of office of the members of the Special Board of Five Examiners shall be ten (10) years. When a vacancy occurs on the membership of this Board the successor appointed shall possess the same qualifications as the member whom he succeeds. Such appointments to fill vacancies on this Board shall be made in the same manner as the original appointments are made.

17. Each member of the Special Board of Five Examiners who shall be engaged in conducting examinations as provided in Section 4, paragraph b, of the Act shall send to the University Committee a statement of the time actually spent in the discharge of his duties as a member of this Board in conducting said examinations, together with a statement of actual travel expenses incurred in performing said duty. These statements shall be certified by the Committee on Accountancy for payment. Each member of the Board shall be entitled to compensation at the rate of \$25 a day for such services.

## APPLICATIONS AND FEES

18. Applicants for the C.P.A. certificate under the Act shall file their applications with the Committee on Accountancy at Urbana, Illinois, together with the necessary proofs to establish their eligibility. The proper fee must accompany the application.

19. Five dollars of the fee prescribed by the law shall be retained in the case of applicants who are duly admitted to the written examinations, under Section 2 of the Act, but notify the University Committee before the examinations that they are unable to be present thereat, and are not present.

The fee shall not be returned to an applicant who has been duly admitted to the written examinations under Section 2 of the Act and presents himself thereat, but withdraws after the opening of the first examination.

20. The fee may be returned at the discretion of the University Committee to an applicant for admission to the written examinations, under Section 2 of the Act, if he is not admitted by the Committee.

Applications for the Certificate of Certified Public Accountant and the necessary forms on which to submit proof of qualifications will be sent on request. The applicant is asked to identify by paragraph number the section of the law under which he wishes to apply for the certificate.

#### PRELIMINARY EDUCATION REQUIREMENT

21. The Act requires that applicants for the C.P.A. by written examination under Section 2 of the Act must show graduation from a high school or secondary school approved by the University or the completion of an equivalent course of study acceptable to the University. As evidence of such education the Committee will accept:

(a) A certificate of graduation from a four-year accredited high school in Illinois, or a certificate of graduation from a four-year high school in another state whose graduates are admitted to the University of Illinois by certificate.

(b) Credentials from principals or superintendents of four-year accredited high schools or accredited secondary schools showing the completion of fifteen units of high school work.

(c) A certificate of admission without condition to any college that is accredited by the University or by one of the regional accrediting agencies.

(d) A certificate of graduation from any state normal school in the United States.

(e) A certificate showing that the applicant has passed examinations on the subject matter of a four-year high school course under the supervision and direction of educational bodies whose certificate would be accepted for admission to the University of Illinois.

(f) The passing of examinations set for admission to the accountancy examination by the University itself.

22. The Registrar of the University is authorized to conduct four sets of examinations in high school subjects per year in Chicago (in March, June, August, and December) to which applicants for the C.P.A. examination may be admitted upon the payment of a fee of \$1.50 for each examination giving one unit<sup>1</sup> of credit, or \$.75 for each examination giving one-half unit of credit.

#### EXAMINATIONS

23. Examinations as prescribed in Section 2 of the Act shall be held by the Board of Examiners at the times and places determined by the University Committee in charge.

The time and place of holding the C.P.A. examinations shall be advertised, according to law, for not less than three consecutive days in one daily paper published in each of the places where the examinations are to be held, not less than thirty days prior to the date of each examination.

24. The examination shall take place as often as may be deemed necessary in the judgment of the University Committee, but not less frequently than once each year. The annual examination shall be held in May.

25. The examinations shall be in accounting theory and practice, auditing, commercial law, and such other subjects, if any, as the University may deem advisable.

26. Each applicant for examination must present to the Board of Examiners, before the examination begins, a card of admission to the examination, issued by the University Committee on Accountancy. These cards shall be returned by the Board of Examiners to the chairman of the University Committee.

27. The period allotted to the examination in each subject shall be determined beforehand by the University Committee, on the advice of the Board of Examiners, and shall be printed on the examination papers.

28. Examinations shall be written on paper supplied by the University.

29. The examination papers shall be marked in plain figures, on the scale of 100, by the Board of Examiners, and together with the certified statement of the Board of Examiners of the grades of each candidate in each subject in which he is examined, shall be forwarded to the chairman of the University

<sup>1</sup>By the word "unit" is meant the amount of ground ordinarily covered in any single subject in one year of work in a standard high school.

Committee. This certified statement must be signed by at least two of the Board of Examiners.

30. The list of successful applicants, as certified by the Board of Examiners, shall be certified to the President of the University by the University Committee in charge, unless, in the opinion of that Committee, there exists some question concerning the eligibility or the honesty of the examination on the part of the candidate. In that case, the matter shall be referred back to the Board of Examiners, if it is a question of honesty in examination. If they certify to the honesty of the examination, the name of the candidate shall be certified by the Committee to the President.

31. In order to entitle any applicant to a recommendation for the certificate, he must secure a grade of at least 75 per cent in each subject on which he is examined.

32. The applications and credentials of applicants for the certificate of C.P.A. on the basis of the applicants' having the Illinois P.A. certificate or a C.P.A. in another state or both, under Section 4, paragraph a-1 or a-2, or under Section 5 of the Act, shall be examined by the Committee on Accountancy. If the credentials furnished by such an applicant are sufficient, in the judgment of the Committee, they shall certify him to the President of the University for the certificate of C.P.A. as in the case of applicants who qualify for the certificate by written examination.

33. A candidate who passes in Theory of Accounts and Practical Accounting<sup>1</sup> and fails in one or both of the other examination subjects (Auditing and Law), *with a grade not lower than 60 in either subject*, or a candidate who passes in Auditing and Law and fails in Theory of Accounts and Practical Accounting,<sup>1</sup> *with a grade not lower than 60*, who presents himself for re-examination at either one of the next two examinations may be credited with the subject or subjects in which he has received passing grades in the previous examination and will be required to write only on the subject or subjects in which he previously failed, such re-examination to be without fee. Such a candidate who does not appear at either of the next two examinations, or who, having appeared fails in the subject or subjects he is required to write, must, if he subsequently appears for examination, write on all of the prescribed subjects and pay the usual examination fee (\$25.00). (Note: A candidate who is unable to appear for such re-examination within the time specified because of service in the armed forces during the war period will be granted an extension of time.)

A candidate for re-examination who fails to meet the provisions of the above paragraph must repeat the entire examination and pay the usual examination fee.

34. A candidate who fails in the examination so that he is not eligible for re-examination under Rule 33, may not present himself for re-examination until at least one examination shall have intervened, and then only upon his presentation of satisfactory evidence that he has made further preparation in the subjects in which he failed. (Note: For the war period the candidate may write in the next examination upon proof of further preparation.)

35. Each candidate who meets all the requirements for eligibility and is duly certified as above required, shall receive a certificate designating him as a Certified Public Accountant (C.P.A.). This certificate shall be issued in the name of the University, and shall be signed by the President of the University and the Secretary of the Board of Trustees. The certificate shall also be signed by members of the Board of Examiners where the candidate has qualified by examination.

#### RECORDS

36. The Registrar shall open a set of books in which he shall keep the records of all successful candidates for the certificate, which shall set forth the time and place of the examination at which each candidate met the requirements for the certificate, the grades obtained on the examination, the number of the diploma issued, and the date of its issue.

37. The fees from applicants shall be turned over to the Comptroller of

<sup>1</sup>The examination in Theory of Accounts and the two sessions of the examination in Practical Accounting are considered as one subject in administering this rule.

the University, who shall keep a separate account of all receipts and expenditures under the law.

38. The University Committee shall keep examination papers of candidates on file for a period of three years.

#### REVOCATION AND RESTORATION OF THE CERTIFICATE OF CERTIFIED PUBLIC ACCOUNTANT

39. The University, on receipt of notice from the Department of Registration and Education of the cancellation of the Public Accountant registration of a person, shall revoke, without further proceedings, the C.P.A. certificate of said person as described in Section 22 of the Act.

40. On receipt of notice from the Department of Registration and Education that the registration of a Public Accountant has been restored the University may, without examination, restore the certificate of Certified Public Accountant of any person whose certificate has been revoked.

#### FUNDS FOR PATENT EXPENSES

(5) The budget for 1943-1944 includes a provision of \$1,000 for expenses involved in securing patents on discoveries by members of the staff. This is a more or less arbitrary allocation, as the actual expenses can not be predicted in advance. Formerly the annual appropriation for this purpose was \$2,000, but in recent years it was reduced to \$1,000.

At present there are outstanding obligations for patent counsel services totaling \$351.97, and the unencumbered balance in the assignment of funds is \$126.23. The Faculty Committee on Patents estimates that an additional assignment of \$500 will be sufficient to take care of current obligations for the balance of the fiscal year ending June 30, 1944.

On motion of Mr. Davis, this appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

On motion of Mr. Davis, the employment of Mr. Charles J. Merriam as patent attorney was authorized.

#### RELEASE OF PATENT FOR ALCOHOL LAMP

On motion of Mr. Davis, the rights of the University to a discovery of an alcohol heated hot-water bath by Professor Charles C. Price (Minutes, page 951) were released to the discoverer.

#### APPROPRIATION OF EXCESS RECEIPTS OF DAIRY HUSBANDRY

(6) The budget of the Department of Dairy Husbandry for the current year 1943-1944, totaling \$145,835, allows for receipts from sales estimated at \$64,215, which includes \$10,015 estimated *net* income from the Creamery. Actual receipts to May 31 were \$59,990 and estimated total receipts for the year \$69,500, or approximately \$5,300 more than estimated. The net balance of the Creamery on May 31, after allowing for estimated net earnings above mentioned, was \$19,920.

The expenses of the department (as of May 31, 1944) are approximately \$11,000 more than estimated because of higher prices of grain and hay above the prices anticipated when the budget was prepared.

The Department requests, and the Dean and the Comptroller concur, that the following changes be made:

1. That excess receipts (estimated to be approximately \$5,300) be appropriated to the department for use during the remainder of the present fiscal year.

2. That permission be granted to transfer \$6,500 from Dairy Creamery to the budget of the Dairy Department.

I recommend approval.

On motion of Mr. Karraker, this appropriation and transfer of funds were authorized, by the following vote: Aye, Mr. Davis, Mr.

Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### REMODELING ROOM IN LIBRARY

(7) The Committee on Special Appropriations and Non-Recurring Expenditures recommends an appropriation of \$1,750 for remodeling and equipping a rest room for faculty women in the University Library.

I concur in this recommendation.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### CLAIM OF AMERICAN WRECKING COMPANY

(8) On February 6, 1943, a contract was concluded with the American Wrecking Company for wrecking buildings on property acquired on West Taylor Street, Chicago, the University to receive \$400 (Minutes, March 20, 1943, page 306).

In several instances there have been delays due in some cases to lack of title and in some cases to the impossibility of securing prompt removal of occupants because of illness, OPA restrictions, or unavailability of other locations for occupancy.

The American Wrecking Company has submitted a claim for damage under its contract in the amount of \$5,025. This claim has been submitted to Chapman and Cutler who advise that in their opinion the American Wrecking Company is not entitled to any damage and, on the contrary, the company "stands in default under the agreement and the Trustees are in a position to assert the remedies existing in their favor as a result thereof."

The Director of the Physical Plant also believes that the contractor is in default and requests authority to follow the procedure recommended by Chapman and Cutler as follows: (1) to give the contractor seven days' notice terminating his employment, sending a notice at the same time to the surety; (2) the surety within 15 days of termination has the opportunity to take over and assume completion of the work; or (3) if the surety does not do this, the University will take bids from three contractors, one chosen each by the owner, architect, and surety. The surety under the bond will make payment representing the cost of completion within 15 days after the cost of completion has been determined.

I concur in this recommendation and request approval.

On motion of Mr. Jensen, this procedure was approved and authorized as recommended.

#### COMPENSATION FOR THE DEATH OF JOYCE BOAZ

(9) On June 25, 1943, Joyce Boaz was killed by lightning while working for the University at Dixon Springs Experiment Station. At the time of the accident the deceased was 29 years old; he left surviving him the widow, Mrs. Mildred Boaz, and one child, two years old.

He was first employed on April 20, 1943, and worked without interruption until the moment when he was killed. He was paid 35 cents an hour and worked approximately 10 hours a day, making an annual rate of about \$700. If there be liability in this case under the Workmen's Compensation Act on the ground that the death arose out of and in the course of the employment, the widow is entitled to \$3,465.

The Committee on Accident Compensation has been in doubt as to whether a liability exists. The sole question is whether the decedent met his death as the result of an accident which bore such a causal relation to his employment as to bring him within the requirement that death must have arisen out of and in the course of the employment.

Mrs. Boaz, through her attorney, has presented a claim for compensation and has indicated that, if allowance is not made by the University, suit will be

brought. Whether the court would allow a death benefit or would deny it is entirely problematical. Decisions in Illinois and in other states vary, but cases are found in which compensation has been allowed in situations closely analogous to the Boaz case.

The Accident Committee discussed this case with the Board Committee on Civil Service and Employees. The latter committee felt that an effort should be made to reach a settlement which would eliminate the possibility of a law suit. It also felt that the circumstances in the case justified an allowance to the widow. The Accident Committee conferred with the representative of Mrs. Boaz who has indicated that Mrs. Boaz will accept the sum of \$2,750 as representing full settlement in the case and release the University and the State of any further liability.

The University Committee on Accident Compensation for Employees recommends that this settlement be approved and that a special appropriation of \$2,750 be made for the purpose.

I concur and recommend approval.

On motion of Mr. Davis, this settlement was authorized as recommended. The appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### PURCHASES RECOMMENDED AND PURCHASES AUTHORIZED

(10) A recommendation that the following purchase be authorized:

1. 16" x 54" lathe for use in experiments in metal cutting in the Mechanical Engineering Department, from the E. L. Essley Machinery Company, at a cost of \$4,883 f.o.b. Cincinnati, Ohio, plus 2 per cent O.E. tax. Quotations were received as follows:

	<i>Quoted price</i>	<i>Estimated freight and tax</i>	<i>Total cost</i>
The Monarch Machine Tool Company.....	\$4 430 00	\$140 00	\$4 570 00
The R. K. LeBlond Machine Tool Company...	4 658 00	140 00	4 798 00
The E. L. Essley Machinery Company (American Tool Works).....	4 883 00	140 00	5 023 00
The Hendey Machine Company.....	5 446 76	140 00	5 586 76

The lowest bid, by Monarch, is on a 14" x 54" lathe with but 16 speeds. The next, LeBlond, has only 12 speeds and a 7½ h.p. motor as compared with 27 speeds and a 10 h.p. motor on the American. A maximum of speed variations and a high power motor are essential to the work to be done. The University has a priority rating for this purchase.

The following purchases recommended by the Purchasing Agent have been authorized by the Comptroller as emergency actions for the reason indicated in each case:

1. Twenty cars (approximately 1,000 tons) 2" Bunsenville screenings coal, requested by the Physical Plant Department, from Globe Coal Company at a cost of \$2,100 f.o.b. mine, \$2,900 including freight. Quotations received:

	<i>F.o.b. mine</i>	<i>Freight</i>	<i>Delivered</i>
Globe Coal Company.....	\$2.10	\$ .80	\$2.90
Consolidated Coal Company.....	1.60	1.30	2.90
Lafayette Coal Company.....	1.60	1.30	2.90

Tests have proved this coal to be of greater value than that of the other firms submitting quotations. Emergency action necessary because this offer was to be withdrawn May 15.

2. 2,000 tons screenings coal requested by the Physical Plant Department from the following firms:

	<i>Tons</i>	<i>F.o.b. mine</i>	<i>Delivered</i>
Peabody Coal Company.....	500	\$ 800	\$1 425
Globe Coal Company.....	1 000	2 100	2 880
Lafayette Coal Company.....	500	800	1 450

This coal is to be delivered in June for current consumption. The Peabody coal has not yet been tested, and this order will provide a sufficient quantity for trial and comparison. The remainder is divided to insure deliveries. Quotations received:

	<i>F.o.b. mine</i>	<i>Freight</i>	<i>Delivered</i>
Peabody Coal Company.....	\$1.60	\$1.25	\$2.85
Globe Coal Company.....	2.10	.78	2.88
Lafayette Coal Company.....	1.60	1.30	2.90
Consolidated Coal Company.....	1.60	1.30	2.90

Emergency action necessary because orders for June delivery had to be placed by May 24 to comply with regulations.

3. Chemicals for the Chemistry Department, from Merck and Company, Inc., at a cost of \$1,020 f.o.b. Rahway, New Jersey, as follows: 2,000 grams dl-phenylalanine, 2,000 grams dl-isoleucine, 2,000 grams dl-valine. This is a non-competitive item, as the material is available only at Merck and Company, Inc., in the quantities required. Emergency action necessary because the material was available for immediate purchase only.

4. Thirty tons pure wheat bran, for the Department of Animal Husbandry for feed storage, from Valier and Spies Milling Corporation, St. Louis, Missouri, the only bidder, at a price of \$40.17 a ton, representing a total cost of \$1,205.10. Emergency action necessary because the bid was submitted subject to acceptancy by wire.

Mr. Morey commented on these items.

On motion of Mr. Fornof, these purchases were authorized and approved as recommended.

#### CONTRACTS EXECUTED BY THE COMPTROLLER MAY 27 TO JUNE 15, 1944

(11) The Comptroller's report of contracts executed.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
War Production Board	Extension of research contract	\$75 000	May 24, 1944
War Production Board	Amendment of research contract	7 500	May 20, 1944
War Production Board	Research contract	8 700	April 17, 1944

  

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
Corkery and Siems	Work on research project at South Farms	\$1 200	May 23, 1944

This report was received for record.

#### CHANGES IN UNIVERSITY OF ILLINOIS STATUTES DEFINING ACADEMIC STAFF

(12) The Director of the University Library has requested that librarians be included in the academic staff, which would result in removing their positions from the classified University Civil Service. The University Civil Service Committee has approved the proposal in principle. This will require certain revisions in the University of Illinois Statutes.

I concur and recommend further that the Statutes be amended to read as follows:

##### LIBRARY

19. (d) Members of the Library staff shall be appointed by the Board of Trustees on the recommendation of the Director of the Library as approved by the President, and may be given appropriate rank.

##### APPOINTMENTS, RANKS, AND PROMOTIONS

24. (a) All appointments, reappointments, and promotions of members of the staff shall be made by the Board of Trustees, on recommendation presented by the President.

(b) Appointments shall be made on the merit basis, solely with respect to the special fitness of the individual for the work demanded in the position.

(c) The academic staff which conducts the educational program shall consist of the teaching staff, the research staff, the extension staff, deans, directors of educational departments, high school visitors, librarians, and such other members of the staff as are designated by the President.

The following ranks in the teaching, research, and extension staffs shall be recognized: professor, associate professor, assistant professor, associate, instructor, lecturer, and assistant. Other members of the academic staff and the principal officers of the administrative staff may be accorded appropriate ranks, with the rights and privileges pertaining thereto.

(d) Recommendation to positions in the academic staff shall ordinarily originate with the department, or, in cases of groups not organized as departments, with the officers in charge of the work concerned, and shall be presented to the dean of the college for transmission with his recommendation to the President. In case the appointment or promotion of members of the rank of professor or associate professor is involved, the dean shall consult the chairman and the executive committee, or the head of the department concerned, or, if the college has no departments, the executive committee of the college, before making his recommendation. If the appointment involves a person who may be expected to offer courses open to graduate students, the dean of the college concerned shall consult also the dean of the Graduate School.

(e) In determining appointments to, and salaries and promotions in the academic staff, special consideration shall be given to those of the following criteria which are applicable: (a) teaching ability, (b) research ability and achievement, and (c) general usefulness or promise thereof to the University.

On motion of Mr. McKelvey, these changes were authorized as recommended.

#### **LEAVES OF ABSENCE FOR MEMBERS OF ACADEMIC OR ADMINISTRATIVE STAFF ON ACCOUNT OF DISABILITY**

(13) At its meeting on February 24, 1944 (Minutes, page 877), the Board of Trustees, on recommendation of the University Civil Service Committee, changed the statutory provisions relating to leaves of absence on account of disability with pay for members of the non-academic staff. The President of the University was directed to have a study made of existing provisions relating to leaves of absence on account of disability with pay for members of the teaching staff and to submit recommendations for adjustments therein. Such a study has been made by the Advisory Committee to the Bureau of Institutional Research, in consultation with the Chairman of the University's Committee on the Retirement System and the Chairman of the University Civil Service Committee.

On the basis of this report I recommend that the present statutory provisions for leaves of absence on account of disability for members of the teaching faculty be amended to read as follows:

A member of the academic or administrative staff of the University, who is not under Civil Service, is entitled to a non-cumulative leave with full pay for disability or illness in each year of his service, including his first, of 15 calendar days, and is entitled to further disability benefits as follows:

(1) In addition to the annual leave specified above, a member is entitled to an extended disability leave of 10 calendar days with full pay during each year of service, the unused portion of which in any year is cumulative to a maximum of 60 days.

(2) Subject to the approval of the President, a member who has completed at least three full years of service, and whose work can be suspended or assimilated by his colleagues may be granted a disability leave with full pay for a period (including the annual and extended leaves described above) not to exceed one-half of his appointment year.

(3) No deduction of time from the annual leave or the extended leave is made if the member is ill or disabled at a time when he is not expected to furnish regular service to the University.

(4) After the disability benefits described above have been exhausted, a member may be granted a disability leave without pay from the University.

If such a member is a participant in the University Retirement System of Illinois, he may apply for the benefits to which he is entitled under that System.

The University reserves the right to require acceptable evidence of illness or disability during the period that a member is receiving compensation from the University.

This plan will become effective on September 1, 1944. In initiating the plan, the member will be given credit for extended disability leave based on his preceding service, and it will be assumed that he has not used any portion of his accumulations.

On motion of Mr. Davis, these changes were authorized as recommended.

#### REAPPROPRIATION OF BALANCES

(14) There is presented herewith a list of balances in appropriations made by the Board of Trustees from general University funds, for activities and projects not completed at June 30, 1944. Under the rules of the Board these balances lapse as of that date unless they are reappropriated. The amount represented by them is in the University Income Fund. The Comptroller requests and I recommend the reappropriation of these balances.

#### UNEXPENDED BALANCES REAPPROPRIATED AS OF JULY 1, 1944

Administration building changes and improvements.....	\$ 15 700
Airport drainage, special appropriation.....	13 921
Airport operation.....	10 300
Architectural studies.....	21 676
Atmospheric control pressure chambers.....	14 876
Betatron research.....	20 211
Coal conveyor.....	1 500
Daniels portrait.....	375
Educational program studies.....	8 905
Faculty-graduate-student-center matching fund.....	5 852
Graduate research—colloid chemistry.....	1 190
Illinois Eye and Ear Infirmary.....	21 400
Inventory records.....	1 400
Land—Urbana and Chicago.....	24 867
Microscopes—Chicago.....	2 328
Minor improvements.....	2 900
Post-war engineering studies.....	26 500
Summer semester salaries.....	52 800
University history.....	1 000
Uranium purchase.....	4 100
Volatile storage room.....	3 900
<i>Total</i> .....	<u>\$255 761</u>

On motion of Mr. Davis, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### BOILER AND MACHINERY INSURANCE

(15) On August 31, 1943, the Board approved cancelling the University's boiler and machinery insurance and rewriting it for three years at a cost of \$6,982.62, less return premium and policy holders dividends of \$5,133.72, making a net cost of \$1,848.90, the cost being about one-half the previous premium.

The National Bureau of Casualty and Surety Underwriters in a recent letter announced that the rates on boiler insurance will be increased about 25% and on machinery about 10% as of July 1, 1944.

The Lumbermen's Mutual Casualty Company, the present carrier, is willing to extend the three-year policy, which expires August 1, 1946, a fourth year for the same rate, at an additional estimated cost of \$2,327, less estimated 20%

dividend. It is estimated that continuing the policy the fourth year in the above manner will save approximately \$250 in the cost of this insurance for the fourth year.

The Purchasing Agent, the Director of the Physical Plant Department, and the Comptroller recommend acceptance of the Lumbermen's Mutual Casualty Company's offer to extend this insurance for the fourth year ending July 31, 1947, and that an order be placed with them at an estimated net of \$2,300, chargeable to the Physical Plant Operation and Maintenance appropriation.

I concur and recommend approval.

On motion of Mr. Davis, this offer was accepted as recommended.

The Board considered the following matters in executive session.

#### POST-WAR UNIVERSITY BUILDING PROGRAM

(16) The University Building Committee has been working on a post-war University building program for several months. A preliminary report of its work was made by the Chairman to the Board of Trustees on April 8, 1944. Subsequently, pursuant to authorization of the Board of Trustees, the Committee had two formal conferences with representatives of the Illinois State Post-War Planning Commission—one at Urbana and one in Chicago—as well as informal consultations.

As reported to the Board of Trustees on June 1, a formal request presenting the University's building and other capital improvement needs should be submitted to the Commission on or before July 1, 1944. The University Building Committee recommends the following projects:

#### SUMMARY OF ESTIMATES

URBANA-CHAMPAIGN		<i>Estimate of cost</i>
1. New buildings for present teaching and research programs (See Schedule A).....	\$ 9 718 000	
2. Residence halls.....	3 000 000	
3. Remodeling and modernization of present buildings (See Schedule B).....	3 129 000	
4. Utilities and grounds improvements (See Schedule C).....	1 457 000	
5. Equipment:		
(a) For new building projects in Item 1.....	\$1 026 000	
(b) For remodeling projects in Items 3 and 6.....	125 000	
(c) For betatron and power generator.....	1 500 000	
6. Faculty-Graduate Student Center.....	500 000	
7. Betatron Laboratory Building.....	200 000	
8. Land for new buildings in Items 1 and 2 (See Schedule D).....	230 000	
9. New buildings for Veterinary College (tentative).....	1 500 000	
<i>Total</i> .....	\$22 385 000	

*Note:* Provision for a Sports (or Physical and Health Education) Building is not included in the above estimates because it has not been studied by the Committee and because the Committee understood that the application for an allotment of funds for this building may be presented to the Illinois State Post-War Planning Commission and to the General Assembly separately from the University's building program. The parties interested in promoting this project desire to present the proposal directly to the Board of Trustees at some meeting in the near future.

#### CHICAGO

1. Additions to the General Hospital.....	\$ 3 650 000
2. Atmospheric Research.....	250 000
3. Land Acquisition.....	750 000
4. Power Plant and Utilities.....	1 865 000
5. Visual Education Building.....	1 100 000
<i>Total</i> .....	\$ 7 615 000
<i>Grand Total, Urbana-Champaign and Chicago</i> .....	\$30 000 000

## SCHEDULE A

NEW BUILDINGS AND EQUIPMENT FOR PRESENT TEACHING AND  
RESEARCH PROGRAMS (ITEMS 1 AND 5a OF SUMMARY)

	<i>Building</i>	<i>Equipment</i>	<i>Total</i>
1. Chemistry Laboratory.....	\$1 000 000	\$ 100 000	\$ 1 100 000
2. Chemical Engineering Building.....	500 000	115 000	615 000
3. Home Economics Building.....	700 000	75 000	775 000
4. Animal Husbandry Laboratories:			
(a) Animal Nutrition Lab... \$210 000	.....	40 000	.....
(b) Meats Laboratory..... 100 000	.....	15 000	.....
(c) Machinery Shed..... 20 000	.....	.....	.....
(d) Holding Barn..... 50 000	380 000	.....	435 000
5. Dairy Husbandry Laboratories:			
(a) Chemistry and Bacteri-			
ology Laboratory.... \$210 000	.....	25 000	.....
(b) Dairy Barn Addition... 40 000	250 000	.....	275 000
6. Electrical Engineering Building.....	750 000	125 000	875 000
7. Mechanical Engineering Building.....	1 000 000	175 000	1 175 000
8. Fine Arts Building.....	700 000	40 000	740 000
9. Laboratory Schools Building.....	700 000	75 000	775 000
10. Woman's Gymnasium Additions.....	165 000	10 000	175 000
11. Band Building.....	200 000	20 000	220 000
12. Library Addition.....	685 000	10 000	695 000
13. University Press Building.....	600 000	75 000	675 000
14. Administration Building Addition.....	430 000	15 000	445 000
15. Hospital Addition.....	228 000	50 000	278 000
16. Power Plant Addition, with equipment	650 000	.....	650 000
17. Physical Plant Service Building.....	650 000	40 000	690 000
18. Volatile Storage Plant.....	75 000	.....	75 000
19. Fire Station.....	55 000	21 000	76 000
<i>Total</i> .....	<u>\$9 718 000</u>	<u>\$1 026 000</u>	<u>\$10 744 000</u>

*Equipment for remodeled buildings (Item 5b of Summary):*

1. Health Service.....	\$ 20 000	
2. Faculty-Graduate Center.....	30 000	
3. Aeronautical Engineering.....	75 000	\$ 125 000

*Betatron and generator (Item 5c of Summary):*

1. Betatron.....	\$1 300 000	
2. Generator in Power Plant.....	200 000	1 500 000
<i>Total, Equipment</i> .....		<u>\$2 651 000</u>

## SCHEDULE B

REMODELING AND MODERNIZATION OF PRESENT BUILDINGS  
(ITEM 3 OF SUMMARY)

## A. Committee recommendations from Physical Plant Report,

1945-1950:

1. Modernization of 10 buildings.....	\$1 500 000
2. Stock Pavilion.....	75 000
3. Elevators.....	15 000
4. National Board of Fire Underwriters recommendations:	
(a) Transformer vaults.....	\$58 000
(b) Reserve electric circuit.....	14 000
5. State Department of Public Health recommendations.....	60 000
6. Emergency lighting in auditoriums and hospital.....	10 000
7. Stair enclosures.....	89 000
8. Panic hardware.....	12 000
9. Change exit doors to swing out.....	7 000
10. Window washing safety equipment.....	28 000
11. Acoustical treatment.....	70 000

*Total, Section A*..... \$1 938 000

SCHEDULE B (*continued*)

## B. Remodeling existing buildings (not including stairways, firedoors, elevators, or acoustical treatment):

1. Noyes Laboratory:		
West section, 72,000 sq. ft. @ \$4.00.....	\$	288 000
East section, 87,000 sq. ft. @ \$3.00.....		261 000
2. Old Agriculture Building:		
West section, 52,000 sq. ft. @ \$3.00.....		156 000
East section, 43,000 sq. ft. @ \$3.00.....		129 000
3. Mechanical Engineering Laboratories for Aeronautical Engineering: 45,000 sq. ft. @ \$3.00.....		135 000
4. Illini Hall: 37,000 sq. ft. @ \$6.00.....		222 000
<i>Total, Section B.....</i>	<i>\$1</i>	<i>191 000</i>
<i>Total, Item 3.....</i>	<i>\$3</i>	<i>129 000</i>

## SCHEDULE C

UTILITIES AND GROUNDS IMPROVEMENTS  
(ITEM 4 OF SUMMARY)

## Committee recommendations from Physical Plant Report, 1945-1950:

1. Power Plant Addition, included in Item 1		
2. New water wells and additional storage.....	\$	120 000
3. Extension of distribution systems and sewers.....	1	128 000
4. Telephone exchange and distribution system.....		63 000
5. Streets, sidewalks, and landscaping:		
(a) Green Street improvement.....	\$45	000
(b) Springfield Avenue paving.....	15	000
(c) Locust Street paving.....	6	000
(d) Broadwalk.....	7	000
(e) Miscellaneous walks.....	5	000
(f) Landscaping.....	26	000
6. National Board of Fire Underwriters recommendations:		
(a) Water main extension.....	\$38	000
(b) Additional fire hydrants.....	4	000
<i>Total, Item 4.....</i>	<i>\$1</i>	<i>457 000</i>

## SCHEDULE D

## LAND ACQUISITION (ITEM 7 OF SUMMARY)

1. Home Economics Building.....	\$69	000
2. Mechanical Engineering Building.....	58	000
3. Residence Halls.....	72	000
4. Laboratory Schools Building.....	16	000
5. Press Building.....	15	000
<i>Total, Item 7.....</i>	<i>\$</i>	<i>230 000</i>

## OPERATION AND MAINTENANCE COSTS

The estimated cost of operating and maintaining new buildings is four per cent of their construction costs. For residence halls, and other income-producing buildings, this cost is charged against the income.

This applies only to the plant at Urbana-Champaign. In the Chicago departments this cost would be considerably higher because of the character of the services supplied (for example, hospital and medical services).

## CONSTRUCTION SCHEDULE

According to instructions from the Post-War Planning Commission, the various projects proposed are to be arranged for construction in the three bienniums following the close of the war. The following construction schedule is proposed by the Committee. It is based chiefly on the comparative urgency of the needs, but any relation which each project bears to the other projects must be considered. The arrangement within a biennium has no priority significance. Where no amount is included for equipment, the equipment is included in the building cost. Where no amount is included for land, the University now owns the land.

<i>Project</i>	<i>Building</i>	<i>Equipment</i>	<i>Land</i>	<i>Total</i>
<b>A. First Biennium</b>				
1. Chemical Engineering Laboratories.....	\$ 500 000	\$ 115 000	.....	\$ 615 000
2. Home Economics Building.....	700 000	75 000	\$69 000	844 000
3. Electrical Engineering Building.....	750 000	125 000	.....	875 000
4. Mechanical Engineering Laboratories.....	1 000 000	175 000	\$8 000	1 233 000
5. Chemical Laboratories.....	1 000 000	100 000	.....	1 100 000
6. Fine Arts Building.....	700 000	40 000	.....	740 000
7. Animal Husbandry Laboratories.....	380 000	55 000	.....	435 000
8. Dairy Husbandry Laboratories.....	250 000	25 000	.....	275 000
9. Woman's Gymnasium Additions.....	165 000	10 000	.....	175 000
10. Band Building.....	200 000	20 000	.....	220 000
11. Library Addition.....	685 000	10 000	.....	695 000
12. Betatron Laboratory.....	200 000	1 500 000	.....	1 700 000
13. Power Plant Addition.....	650 000	.....	.....	650 000
14. Volatile Storage Plant.....	75 000	.....	.....	75 000
15. Remodel Illini Hall.....	222 000	20 000	.....	242 000
16. Building Modernization, First Stage.....	500 000	.....	.....	500 000
17. Utilities and Grounds Improvements, First Stage.....	1 000 000	.....	.....	1 000 000
18. Residence Halls, First Stage.....	1 500 000	.....	.....	1 500 000
19. Fire Station.....	55 000	21 000	.....	76 000
<i>Total for First Biennium.....</i>	<i>\$10 532 000</i>	<i>\$2 291 000</i>	<i>\$127 000</i>	<i>\$12 950 000</i>
<b>B. Second Biennium</b>				
1. Physical Plant Service Building.....	\$ 650 000	\$ 40 000	.....	\$ 690 000
2. Noyes Laboratory Remodeling.....	549 000	.....	.....	549 000
3. Remodel Present Mechanical Engineering Laboratory for Aeronautical Eng.....	135 000	75 000	.....	210 000
4. Hospital Addition.....	228 000	50 000	.....	278 000
5. Faculty-Graduate Student Center.....	500 000	30 000	.....	530 000
6. Building Modernization, Second Stage.....	1 000 000	.....	.....	1 000 000

8. Residence Halls, Final Stage.....	1 500 000	.....	\$ 72 000	1 572 000
9. Veterinary Buildings, First Stage.....	750 000	.....	.....	750 000
<i>Total for Second Biennium.....</i>	<i>\$ 5 769 000</i>	<i>\$ 195 000</i>	<i>\$ 72 000</i>	<i>\$ 6 036 000</i>
<b>C. Third Biennium</b>				
1. Remodel Old Agriculture Building.....	\$ 285 000	.....	.....	\$ 285 000
2. Laboratory Schools Building.....	700 000	\$ 75 000	\$ 16 000	791 000
3. University Press Building.....	600 000	75 000	15 000	690 000
4. Administration Building Addition.....	430 000	15 000	.....	445 000
5. Building Modernization, Final Stage.....	438 000	.....	.....	438 000
6. Veterinary Buildings, Final Stage.....	750 000	.....	.....	750 000
<i>Total for Third Biennium.....</i>	<i>\$ 3 203 000</i>	<i>\$ 165 000</i>	<i>\$ 31 000</i>	<i>\$ 3 399 000</i>
<i>Grand Total for Three Bienniums..</i>	<i>\$19 504 000</i>	<i>\$2 651 000</i>	<i>\$230 000</i>	<i>\$22 385 000</i>

Professor Huntington, who was introduced at this point, presented the building program in detail. The program was fully discussed.

On motion of Mr. Jensen, the Committee was instructed to include, as a University project, a building for Physical and Health Education, at an estimated cost of \$2,300,000.

On motion of Mr. Karraker, the Committee was requested to formulate and draw up the schedule of buildings, in the light of the discussion that had taken place, for approval by the Executive Committee.

### TRAINING IN OCCUPATIONAL THERAPY

(17) The Office of the Surgeon General of the War Department has requested the University to provide for the training of not to exceed twenty-five civilian employees of the War Department in an emergency course of instruction in Occupational Therapy. Two months of instruction will be given at Urbana, starting on July 5, 1944, and two months in Chicago, starting on September 5, 1944. The courses will be under the direction of Dean R. B. Allen, and Assistant Dean G. E. Moore of the College of Liberal Arts and Sciences will act as his deputy in this respect on the Urbana campus. Applicants will be chosen by the Director and must be graduates of Schools of Fine, Applied, or Industrial Arts, or with majors in these fields. The proposed curriculum follows:

URBANA	<i>Credit hours (in quarters)</i>	CHICAGO	<i>Credit hours (in quarters)</i>
Anatomy.....	2	Neurology.....	1
Physiology.....	2	Orthopaedics.....	1
Woodwork.....	2	General medicine.....	1
Miscellaneous crafts.....	2	Pathology.....	1
Kinesiology.....	1	Tuberculosis and bacteriology..	1
Theory of application.....	1	Theory of application.....	3
		Rehabilitation.....	1
		Psychiatry.....	1

The four-month curriculum will be followed by eight months of clinical practice as student apprentices in Army General Hospitals. The University will have no responsibilities in the clinical practice. It has been indicated that this course, if successful, may be repeated until sufficient trainees are available for the United States Hospital Services.

The War Department will pay the University \$250 tuition for each student completing the four-month course, with an estimated total to be received of \$5,000. The University will furnish the necessary books, equipment, and supplies, and will collect from the student the actual cost of such materials, which shall not exceed \$50 for each student. The trainee will also be paid directly by the Government a stipend of \$120 a month during the four-month period. Costs of the course to the University in excess of present budgetary provisions are estimated to be as follows:

	<i>Urbana</i>	<i>Chicago</i>	<i>Total</i>
Salaries of temporary additional employees.....	\$1 025	\$1 300	\$2 325
Wages, travel, and office expense.....	175	100	275
Contingencies.....	400	...	400
<i>Total</i> .....	<i>\$1 600</i>	<i>\$1 400</i>	<i>\$3 000</i>

It is recommended that the Comptroller and Secretary be authorized to execute a contract providing for this course, and that the curriculum and budget and other provisions of the project be approved. An appropriation of \$3,000 from the General Reserve is requested for this purpose.

On motion of Mr. Jensen, these recommendations were approved and adopted, authority was granted as recommended, and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

### ADMINISTRATION OF CURRICULUM IN OCCUPATIONAL THERAPY

(18) Last year the Board (by action of its Executive Committee, Minutes, July 28, 1943, page 446) approved a Curriculum in Occupational Therapy as recommended by the University Senate. This curriculum provides for five semesters of instruction at Urbana followed by three semesters at the College of Medicine

and one semester of clinical instruction in certain hospitals. In the original recommendation it was proposed that the instructional program at Urbana be administered by the Department of Art because (1) this work is more closely related to art than to any other subject and (2) on the advice of several authorities. The Executive Committee did not concur in this phase of the recommendation, the question being referred to a special committee with power to act. The Committee on August 7 voted that the administration of the Curriculum in Occupational Therapy shall be in the College of Medicine (Minutes, August 31, 1943, page 506).

On the basis of the past year's experience the following changes are being made in the administration of this program:

1. The Curriculum in Occupational Therapy shall be administered by the College of Medicine as in the past.

2. The first five semesters of this curriculum will be given in the College of Liberal Arts and Sciences at Urbana to be followed by five quarters of clinical practice in the College of Medicine.

3. On completion of the curriculum and the requirements for graduation the candidate shall receive the degree of Bachelor of Science in Occupational Therapy in the College of Medicine.

4. There shall be a Committee on Admissions consisting of the Dean of the College of Medicine, the Dean of the College of Liberal Arts and Sciences, the Registrar, the Director of the University Health Service, the Director of the Personnel Bureau, and the Director of the Curriculum in Occupational Therapy. This Committee will determine admission to the curriculum and the transfer of students from the College of Liberal Arts and Sciences to the College of Medicine.

5. There shall be established an Advisory Committee in Occupational Therapy, including representatives of the College of Medicine and of the Urbana departments concerned, appointed by the Dean of the College of Medicine and the Dean of the College of Liberal Arts and Sciences. This committee will appraise the curriculum and the content of its courses and will determine policies in regard to the administration of the curriculum. The Dean of the College of Medicine will have ultimate authority in all decisions.

6. The requirements for admission to and transfer from the curriculum shall be as follows:

#### I. REQUIREMENTS FOR ADMISSION TO THE PRE-PROFESSIONAL CURRICULUM:

*Age.*—The maximum age for admission is thirty-five years.

*Educational Requirements.*—A student entering the occupational therapy pre-professional curriculum as a freshman must have a scholarship rank in the upper half of his high school graduating class. A student transferring to this curriculum from another college or university must have a scholastic average in his collegiate work not less than 3.0 in terms of the grading system of the University of Illinois.

*Selection of Applicants.*—In selecting applicants the Committee on Admissions will take into consideration the candidate's personal qualifications, including an interest in medical studies, art, the welfare of the handicapped, possession of tact, adaptability, and initiative. A personal interview is desired whenever possible. Other factors to be considered include scholarship, letters of recommendation, the physical and mental health of the applicant, aptitude tests, and such special examinations as may be determined by the Committee.

#### II. ENTRANCE INTO THE PROFESSIONAL CURRICULUM:

Prior to the beginning of the fifth semester of registration students are advised of acceptance into the professional curriculum by the Committee on Admissions. Essential requirements to be met are: (1) at least a 3.0 academic standing; (2) approval by the Committee on Admissions.

#### III. TRANSFER FROM THE CURRICULUM:

Students transferring from the curriculum in occupational therapy to the general curriculum must fulfill all requirements for graduation in the general curriculum.

CURRICULUM IN OCCUPATIONAL THERAPY  
(First Five Semesters)

Required and Cultural Subjects:	<i>Hours</i>
Rhet. 1 and 2—Rhetoric and Composition.....	6
Hygiene 2 or 5—Hygiene and Sanitation.....	2
Art 11 and 12—Introduction to History of Fine Arts.....	6

P.E.W. 80—Recreational Leadership.....	2
<i>Total</i> .....	35

On motion of Mr. Jensen, this report was received for record, and the action of the President in authorizing the changes was approved and confirmed.

**ASSESSMENT OF UNIVERSITY PROPERTIES FOR  
REAL ESTATE TAXES**

(19) As reported to the Board of Trustees on May 16, 1942, the assessors of Cunningham Township and Champaign Township assessed the Illini Union Building, the Men's Residence Halls, Illini Hall (the former Student Center Building), and the Arcade Building, for 1942 real estate taxes. The title to these buildings was, at that time, in the University of Illinois Foundation. By authority of the Board of Trustees, the University Counsel was instructed to take any and all steps necessary to assist the Foundation in having the properties removed from the assessment rolls.

Judge Sveinbjorn Johnson, who has served as Counsel for the Board of Trustees and the University of Illinois Foundation in this litigation, submits the following report, which I recommend be incorporated in the records of the Board. The judicial precedent thus established, if not appealed from, or if appealed from, not reversed, is of the greatest importance to the University and should be preserved and fully indexed in the records of the Board.

These properties were also assessed for 1943 and 1944 taxes, so that the decision, if it stands, means that the University will not be required to pay approximately \$80,000 in taxes for these three years.

\*This group may be replaced by prescribed courses in physical education, music, and library work.

The local authorities have also assessed the furnishings in all these buildings. The total assessment for 1942 and 1943 amounted to \$2,337.31. The 1944 assessment would be at least as large as that of 1942, and the assessors have indicated their intention to assess this property again. The attempt to tax the furnishings will necessarily fall with the attempt to tax the real property.

Judge Johnson presented this report.

*The People ex rel. Willard G. Goodman, County Treasurer and ex officio County Collector vs. University of Illinois Foundation, a Corporation Not for Profit, and the Board of Trustees of the University of Illinois, a Public Corporation*

The assessors in the Champaign-Urbana community assessed the Union Building, the Men's Residence Halls and the Student Center and Arcade Properties for the year 1942 and taxes were extended against these properties accordingly. The total amount of the tax payable in 1943 was \$26,379.33. On September 27, 1943, the Board of Trustees of the University and the University of Illinois Foundation filed joint objections against the application of the County Treasurer for leave to sell these properties at public sale on account of delinquent taxes.

The University and the Foundation introduced evidence giving the story of the construction and acquisition of these properties and their use by the Board in the operation of the University. The construction and acquisition of these properties was financed without legislative appropriations, in part by a grant from the Federal Government for the construction of the Union Building and part by loans from an insurance company. Since the Board had no power to borrow money, it conveyed the legal title to the Foundation, which borrowed the money and executed the necessary mortgages securing the loans. The University then operated the properties under a lease from the Foundation, pursuant to certain enabling statutes enacted upon the initiative of the University.

When the plan for the construction and acquisition of these properties was prepared, it was kept in mind constantly that the community might seek to tax them, thereby burdening the students and the people of the State from whom such tax payments would necessarily come. The plan, therefore, and the documents necessarily prepared and executed in connection with it were all conceived upon the theory, expressly stated therein, that the properties were to be used exclusively for public educational purposes and not with a view to profit. It was also expressly agreed between the Foundation and the Board of Trustees that the Foundation would convey the legal title to the Board either upon demand or when the debts had been paid, which were secured by mortgages of record.

Council for the University and the Foundation presented the case to the County Court upon the following theory:

1. That all the properties belong to the State within the statute exempting property belonging to the State from local taxation, inasmuch as the entire equitable interest is in the University and therefore in the State of Illinois;

2. That if it be held that because the Foundation held the naked legal title in trust for the University the properties must be regarded as belonging to the Foundation, the properties were nevertheless exempt because they were used for public educational purposes and without a view to profit within the terms of the statutes exempting properties so used from taxation;

3. That if it be held that since a part of the Arcade Properties was leased for a rental, therefore the properties are in part subject to taxation, the assessment and taxation in this instance were illegal and void because the entire property, including the valuable equity of the University, was assessed without any attempt to segregate the leasehold interest from the property interests of the University, that is, the State of Illinois.

County Judge Charles M. Webber in his opinion accepted these contentions and held that the objections to the assessment and to the application of the County Treasurer for the sale of the properties should be sustained.

On motion of Mr. Davis, Judge Johnson was authorized to notify the local authorities that the University would not consent to a compromise in this matter.

**REPORT OF FINANCE COMMITTEE**

Mr. Karraker presented the following report.

On recommendation of investment counsel, the Trust Department of the First National Bank of Chicago, the Finance Committee recommends approval of the following investments:

<i>For funds not requiring compliance with the trust investment statute:</i>	<i>Recent market</i>
100 shares General Electric common stock (250 shares held).....	38½
170 shares Proctor & Gamble common stock (30 shares held).....	57
100 shares Houston Lighting & Power Co. common stock.....	66¾
75 shares International Harvester Co. common stock.....	75½

*For funds to be invested in accordance with the trust investment statute:*

\$80,000 U. S. Government 2½%, Series G, due in 1956 (\$170,000 now held)

O. M. KARRAKER, *Chairman*  
CHESTER R. DAVIS  
FRANK H. MCKELVEY

On motion of Mr. Karraker, these investments were authorized as recommended.

**PURCHASE OF GALLIVAN TRACT**

Mr. McKelvey, for the Committee on Buildings and Grounds and the Finance Committee, presented the following report.

A tract of land known as the Gallivan Tract is located south of the Forestry and east of Mount Hope Cemetery. It is bounded on the south by the University Farm, and on the east by University land facing Lincoln Avenue, and represents about ten acres. About 1928 this property was acquired by private parties and sub-divided. There were originally 14 lots, two of which were sold to the Sigma Nu and Alpha Tau Omega fraternities who built new houses on them. Pavements, draining, and lighting systems were installed at a total cost of \$69,451. These improvements were financed to a large extent through assessment bonds, of which \$49,500 are outstanding and unpaid together with interest. General taxes also have accumulated against the property and there are mortgage obligations outstanding.

A summary of the obligations as of about January 1, 1944 is as follows:

Special assessment bonds:	
Principal.....	\$49 500 00
Accrued interest.....	45 526 75
General taxes.....	17 080 06
First mortgage.....	15 000 00
Second mortgage.....	50 000 00
Trust deed on Lot 6 only.....	6 000 00

Under an amendment of the Revenue Act approved July 22, 1943, the County Collector must offer for sale at public auction all lands on which general taxes for ten or more years are delinquent. The proceeds of the sale are applied proportionately to general taxes and special assessments. Under this act this property must be offered some time between September 1, 1944, and August 1, 1945.

This property is needed in the future development of the University. Holders of about 60% of the outstanding special assessment bonds have approached the University and offered to sell their bonds at 80% of their face value.

This matter has been under discussion for several years. Although tentative costs have been suggested on previous occasions they have not been based on any specific offer of bondholders. In the meantime, land values in this area have considerably increased and the status of special assessment bonds likewise has improved. Holders of the majority of the bonds have indicated that, unless a sale can be effected at this time, they will proceed with some plan of development or sale of the property to others. It is also known that other parties are interested in the possibility of a commercial development. There is also the possibility that the adjacent cemetery might acquire the land for its expansion. It would be distinctly unfortunate to have either of these changes take place.

It is proposed that these and other bonds which can be secured be purchased; that the University ask the County Collector to carry out foreclosure proceedings on this property; that the University then make a bid on the entire property at a price which would represent a total cost to it of not to exceed \$50,000.

#### PROPOSED PROCEDURE FOR ACQUISITION OF GALLIVAN TRACT

1. The University will purchase at an agreed rate bonds from some of the principal holders representing at least 50% of the total outstanding (amount now available 60% June 16). Other bondholders will then be informed that the University stands ready to make additional purchases on the same basis.

2. Foreclosure proceedings will be initiated by the County Treasurer as Collector under the general equity powers of the local circuit court. Liens and taxes against the property now exceed its fair value.

3. The tract will be offered in single lots and as a unit; the University will enter a bid for the entire tract, which bid will be that proportion of the total of principal and interest of bonds outstanding plus unpaid taxes and penalties thereon as represented by the proportionate value of bonds paid by the University in its purchases.

4. The County Collector under the act must distribute the money received proportionately between (a) bonds, including interest, and (b) taxes, including penalties. The University will then submit the bonds which it holds and secure redemption on this proportion which will be the amount paid by it for its bonds. Other bondholders will submit their bonds and receive similar pro-rata payment. The county will collect from the sale a similar proportion of its taxes.

5. When all bonds and taxes have been redeemed, the University will receive a tax deed which is subject to redemption within a two-year period, after which a fee title goes to the University.

6. If any bid is offered that is higher than the bid offered by the University and which the University does not wish to meet, the University will stand to receive for the bonds which it has purchased an amount greater than their original cost. Thus, there is no possibility of the University losing by the transaction.

7. The following liens of record against the property will be cleared by attorneys representing the bondholders: (a) first mortgage, \$15,000; (b) second mortgage, \$50,000; (c) trust deed on Lot 6, \$6,000. (It is understood that none of these liens is considered as having any value.)

8. In the foreclosure proceedings all parties, both known and unknown, who have or may have interest in these properties will be made parties. This will include five fraternities who are shown as the owners of record of five of the 11 lots.

On motion of Mr. McKelvey, the procedure recommended by the Committee and the Comptroller was authorized.

On motion of Mr. Davis, the appropriation of \$50,000 was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### DEGREES CONFERRED

The Secretary presented for record the list of degrees conferred at Urbana, June 4, 1944, and in Chicago on June 4 and 24. (See pages 1006-1017.)

The Board adjourned.

H. E. CUNNINGHAM  
*Secretary*

PARK LIVINGSTON  
*President*

**SUMMARY OF DEGREES**

*(Conferred at Urbana, June 4, 1944, and in  
Chicago on June 4 and 24.)*

Degrees in the Graduate School, conferred at Urbana:	
Doctor of Philosophy.....	45
Ceramic Engineer.....	1
Civil Engineer.....	1
Engineer of Mines.....	1
Master of Arts.....	29
Master of Science.....	<u>45</u>
<i>Total, Graduate School, Urbana.....</i>	<i>122</i>
Degrees in Law, conferred at Urbana:	
Bachelor of Laws.....	1
Doctor of Law.....	<u>1</u>
<i>Total, Law.....</i>	<i>2</i>
Baccalaureate Degrees, conferred at Urbana:	
Bachelor of Science, Library School.....	22
Bachelor of Arts, College of Liberal Arts and Sciences.....	164
Bachelor of Science, College of Liberal Arts and Sciences.....	52
Bachelor of Science, College of Commerce.....	25
Bachelor of Science, College of Engineering.....	51
Bachelor of Science, College of Agriculture.....	66
Bachelor of Science, College of Education.....	49
Bachelor of Science, College of Fine and Applied Arts.....	13
Bachelor of Music, College of Fine and Applied Arts.....	5
Bachelor of Fine Arts, College of Fine and Applied Arts.....	12
Bachelor of Science, School of Journalism.....	20
Bachelor of Science, School of Physical Education.....	<u>10</u>
<i>Total, Baccalaureate Degrees, Urbana.....</i>	<i>489</i>
<i>Total, Degrees Conferred at Urbana.....</i>	<i>613</i>
Degrees in Pharmacy, conferred at Chicago:	
Bachelor of Science in Pharmacy.....	2
Degrees in Dentistry, conferred at Chicago:	
Doctor of Dental Surgery.....	5
Degrees in Medicine, conferred at Chicago:	
Bachelor of Science in Medicine.....	1
Degrees in the Graduate School, conferred at Chicago:	
Doctor of Philosophy.....	2
<i>Total, Degrees Conferred at Chicago.....</i>	<i>10</i>
<i>Total, Urbana and Chicago.....</i>	<i>623</i>

JOHN WILKINSON TAYLOR, Secretary  
Director of the Bureau of Educational Research  
Louisiana State University

AMERICAN COUNCIL ON EDUCATION  
744 JACKSON PLACE  
WASHINGTON, D. C.

March 20, 1943

PRESIDENT A. C. WILLARD  
University of Illinois  
Urbana, Illinois

DEAR PRESIDENT WILLARD:

On behalf of the American Council on Education, I have the honor to transmit to you this report on a survey of the University of Illinois, made at your request by a Commission of the Council.

The Commission represents in its membership quite diversified and rich experience, not only in university administration and teaching but in the conduct of educational surveys of various kinds. Speaking for the Council, I wish here to record appreciation of the work and the report of the Commission.

A state university plays an important part in the life of a state. The administration and achievements of the University of Illinois are therefore matters of interest to the people of Illinois. This survey report will, I trust, enable the University to serve its constituency even more effectively than it has done in its fine past.

Yours very sincerely,

GEORGE F. ZOOK  
*President*

COMMISSION ON THE SURVEY  
OF THE  
UNIVERSITY OF ILLINOIS

January 21, 1943

Dr. GEORGE F. ZOOK, President  
American Council on Education  
744 Jackson Place  
Washington, D. C.

DEAR Dr. ZOOK:

I have the honor to transmit to you herewith the report on the survey of the University of Illinois.

The Commission members met in Urbana September 1 and 2, 1942, and adopted an outline for the study which was to follow. They subsequently held two other meetings in Urbana, and two in Chicago.

The Commission was fortunate in securing the full-time services of Dr. John W. Taylor to work as its executive secretary. Between August 23 and December 28 he spent thirteen weeks at the University of Illinois collecting and organizing information on items as directed by the Commission.

While the resolution passed by the Board of Trustees authorizing the Commission to set October 20, 1942, as the date by which the report should be completed, appointments by the members of the Commission were accepted with the definite understanding that no date of completion could be set in advance, and that the survey would probably not be finished by October 20th.

The method pursued in preparation of the report has been that of interviewing administrative and teaching officers and alumni and of examining records and printed materials.

Throughout its work the Commission has been extended the fullest cooperation and every courtesy on the part of all individuals from whom it sought information, with the exception of Attorney General Barrett whose statement in full in response to the Commission's invitation is included in the first chapter of the report.

Respectfully submitted,

R. A. KENT

*Chairman*

## I

## INTRODUCTION

In order to understand the purpose of this report and the factors which determine its scope, it is necessary to know something of the conditions under which the Commission worked.

On July 25, 1942, the Board of Trustees of the University of Illinois by formal vote authorized the survey of the University by the American Council on Education. The Board motion stipulated that this survey:

shall be to investigate the charges made against the Board of Trustees and the administration of the University of Illinois by the Attorney General of Illinois in the following press statements issued by him, and any other charges he may make, to determine their truth or falsity:

"I intend to prove that since 1934 a group of hand-picked political puppets have virtually built a political empire in Champaign and Urbana and have cloaked their operations and defended their illegal activities behind the shield of education.

"The University has been on the downgrade since 1934 when control was taken over by a board of trustees who were not the choice of the people but were hand-picked by the downstate democratic machine and the Kelly-Nash machine in Cook County. . . ."

In order to clarify the situation it should perhaps be stated here that the two charges stated above arose out of the controversy between the Board of Trustees of the University of Illinois and George F. Barrett, Attorney General of Illinois. This controversy revolved around two principal issues. The first of these was concerned with the legal right of the University to pay the salary of Sveinbjorn Johnson as legal counsel of the institution. The second point at issue was concerned with the right of the selection and appointment of the legal counsel of the University. The Board of Trustees of the University and the Attorney General of Illinois each claimed this right. In the letter of July 27, 1942 from President Willard to President Zook of the American Council on Education, requesting the survey, the following statement was made:

The American Council on Education is not expected to include in this survey a study of (a) the right of the Board of Trustees to appoint a University Counsel and an Assistant to the University Counsel, as

that question can now be settled only by the courts; (b) the services of the present University Counsel as State Director for Illinois of the Federal Office of Government Reports; provided, however, that this does not preclude consideration of these or other questions that may be deemed appropriate subjects for inclusion in the survey. The American Council on Education is requested to complete its survey on or before October 20, 1942.

Very early in its deliberations the Commission was officially informed that three other studies of the University were already under way. The Commission immediately interested itself in learning the scope and limitations of these studies in order that there should be no overlapping of its undertaking with what had been otherwise provided for.

The study which most directly bore on the planning and work of the Commission was one undertaken by the Council on Medical Education and Hospitals of the American Medical Association. The Commission was told that this study, requested by the Board of Trustees of the University and made by the American Medical Association, was to do for the Medical Center in Chicago what the study by the American Council on Education was designed to accomplish in the Urbana divisions of the University. The Commission therefore has left the study of the programs of the Chicago colleges to such specialized agencies as the American Medical Association, and itself has studied the Chicago colleges only in their relation to the institution as a whole.

At the beginning of its work, President Willard informed the Commission that at the request of the Board of Trustees the firm of Booz, Fry, Allen, and Hamilton was at work on "a survey of the business operations, business departments, activities and methods of the University."<sup>1</sup> Hence, the Commission purposely avoided examining any of the business methods and practices used at the University except in so far as the organization and administration of business relationships in a university are themselves involved in educational evaluation.

A third study, requested by Governor Green and George B. McKibbin, director of finance, includes a survey of the administrative relationships and financial branches of the various agencies of the state government. This study, under

---

<sup>1</sup>See President Willard's letter of December 24, 1941, to Booz, Fry, Allen, and Hamilton.

the direction of Professor S. E. Leland of the University of Chicago, includes a survey of the field of education and educational administration made by Professor George A. Works, also of the University of Chicago. Assured by Mr. Leland that this study would embrace an evaluation of the administrative and the budgetary relationships of the state institutions of higher education, including the University of Illinois, the Commission has not dealt with this phase of the institution in its report.

Having been informed of the work of these other agencies, the Commission limited its activity to the collection of information bearing on these two questions: (1) Since 1934 has a group of hand-picked political puppets virtually built a political empire at the University of Illinois? (2) Has the University of Illinois been on the downgrade since 1934?

The Commission has understood its duty to be to examine critically and impartially the data it has collected and to give considered answers to these two questions.

Immediately following the first meeting of the Commission on September 1, 1942, the following letter was sent to the Honorable George F. Barrett, Attorney General of the State of Illinois:

Under date of July 25, 1942, the Board of Trustees of the University of Illinois authorized a survey of that institution by the American Council on Education, the general scope of the survey to be the charges made by you against the University.

In this action the Board made clear to the American Council on Education that the survey was not to include the matter under dispute concerning the University's legal counsel, but rather to investigate your charges that the University has been on the downgrade since 1934.

The American Council on Education appointed a Commission of five educators to make the study. This Commission has just had its first meeting, and I have the honor to extend to you an urgent invitation to appear before the Commission so that it may have directly from you such statements as you wish to make which bear upon the investigation it has been asked to make. The Commission will be glad to meet you at such time and place as you will indicate, provided only that the date be not earlier than September 6.

Under date of September 26, 1942, the following reply was received from Attorney General Barrett:

I am in receipt of your letter dated September 2, 1942, advising me that you are Chairman of a Commission named by the University

of Illinois to conduct a survey of that institution and inviting me to appear before such Commission.

This is the second attempt by the Kelly-Nash Democratic Trustees of the University of Illinois and Arthur Cutts Willard, puppet President thereof, to conduct a white-washing investigation by a group appointed and selected by the President of the University and the Kelly-Nash Democratic Trustees.

Under date of July 16, 1942, Arthur Cutts Willard addressed a letter to members of the Board of Trustees of the University of Illinois in which he stated in part, and I quote, "The American Council on Education will select all members of survey commissions and a director for each survey *subject to the approval* of the body requesting the survey." (emphasis mine)

It is apparent from this provision that any and all members of your so-called survey commission must have first obtained the approval of the Kelly-Nash tools before any of them could undertake their so-called investigation.

It is obvious therefore that the alleged survey commission is in no position to conduct an impartial investigation when membership upon such commission is dependent upon the approval of the Kelly-Nash Democratic Trustees.

At the time that the Board of Trustees of the University authorized the American Council on Education to conduct its alleged survey it also attempted to authorize the expenditure of a sum of \$4,000 to pay the salary and expenses of the members of the so-called survey commission.

The appropriation made by the Legislature to the University of Illinois does not contain any appropriation in any amount for such a purpose. Under the Constitution and Statutes of the State of Illinois neither the University of Illinois or any other State officer or agency can expend any sum of money whatsoever except upon the specific appropriation therefor by the Legislature of the State of Illinois.

The Kelly-Nash Democratic Trustees and Arthur Cutts Willard, their puppet President of the University, want nothing but a biased and prejudiced investigation and are even willing to make an illegal expenditure of public funds in order to obtain the whitewash that they desire.

The charges which I have made and which I again make are not against the academic features of the University but against the administration of the University by the Kelly-Nash Trustees and their puppet President, Arthur Cutts Willard.

For the professors and instructors of the University who carry on the actual work of education, I have the highest regard. Their functions have been admirably performed, and to date, in spite of the inefficient and incompetent administration by Arthur Cutts Willard and the Kelly-Nash Democratic Trustees, they have kept the scho-

lastic standing of the University above reproach. They cannot, however, continue to keep the educational features of the University intact if they are forced to carry on their shoulders the load of a boss controlled and mismanaged business administration.

The Kelly-Nash Democratic Trustees of the University of Illinois and their puppet President, Arthur Cutts Willard, have at all times attempted, by misleading statements, to give the false impression that my charges were directed against the educational features of the University of Illinois.

They know that this is untrue as will be shown by the following excerpts from the minutes of a meeting of the Board of Trustees of the University of Illinois, on June 20, 1942, in which Arthur Cutts Willard stated to the Board of Trustees in part as follows:

I recommend that the Board of Trustees authorize:

1. A survey of the University of Illinois by the American Council on Education. The general scope of this survey shall be to investigate the charges made against the Board of Trustees and the administration of the University of Illinois by the Attorney General of Illinois in the following press statements issued by him, and any other charges he may make, to determine their truth or falsity:

"I intend to prove that since 1934, a group of hand-picked political puppets have virtually built a political empire in Champaign and Urbana and have cloaked their operations and defended their illegal activities behind the shield of education.

"The University has been on the downgrade since 1934 when control was taken over by a board of trustees who were not the choice of the people but were hand-picked by the downstate democratic machine and the Kelly-Nash machine in Cook County.

"Myself and other alumni of the University have watched our school's decline since the political termites crept into the administration.

"The Johnson exposure in itself is enough to warrant an investigation of the entire administrative branch of the University, if such irregularities have been committed in one department, they may have been committed in others."

I am compelled to direct your attention to the fact that on December 16, 1941, which was prior to the time I made my charges against the Kelly-Nash Democratic Trustees and their tool, Arthur Cutts Willard, the Board of Trustees of the University authorized a survey of the University by the firm of Booz, Fry, Allen, and Hamilton, Business Analysts, located at 135 S. LaSalle Street, Chicago, Illinois. On December 24, 1941, Arthur Cutts Willard directed a letter to that firm employing it to make a survey. On January 29, 1942, Booz, Fry, Allen, and Hamilton commenced work on that survey. The survey was completed and copies of the written report were delivered to Arthur Cutts Willard at the University Club in Chicago over a month ago. At the meeting of the Board of Trustees on August 25, 1942, the Trustees authorized payment to Booz, Fry, Allen, and Hamilton of a sum of approximately \$20,000 for services rendered in conducting their survey and making their report.

Great publicity has been given by the Kelly-Nash Trustees and their tool, Arthur Cutts Willard, to their authorization to the American Council on Education to make a survey but no mention whatever has been made of the survey and report of Business Analysts, Booz, Fry, Allen, and Hamilton.

It is obvious that this report, which has been in the hands of Arthur Cutts Willard for over 30 days, confirms and substantiates the charges which I have made against the Kelly-Nash Trustees and their puppet, Arthur Cutts Willard.

I now charge that this report has been suppressed not only from the Public but from the Republican Trustees by the Kelly-Nash Democratic Trustees and their puppet President, Arthur Cutts Willard, and I shall demand that it be released for publication forthwith.

The anxiety with which the Kelly-Nash Trustees and their tool, Arthur Cutts Willard, direct that your Commission shall make its report by October 20, 1942, which is two weeks before an election at which the Bosses, Kelly and Nash, are attempting to foist three more controlled trustees upon the people of Illinois, the method of selection and approval of the investigators by the Kelly-Nash Democratic Trustees, their direction of silence with reference to the matter of Sveinbjorn Johnson's double salary for two full-time jobs, and suppression of the report of Business Analysts, Booz, Fry, Allen, and Hamilton, are proof positive that your Commission is also slated to become a tool of Kelly-Nash and their "Boss" dominated trustees for a whitewash for political purposes.

I will not become a party to such an obvious Kelly-Nash Democratic whitewash and therefore I must decline the invitation contained in your recent letter.

\* \* \* \*

In carrying out its study the Commission with the help of its full-time executive secretary secured extensive statistical and other data from numerous offices and administrative officers of the University. It personally interviewed the President of the University and most of the other administrative officers, members of the faculty representing all academic ranks, members of the Board of Trustees, alumni, officials of the Alumni Association and of the University General Advisory Committee.

Finally, the Commission wishes to make it perfectly clear that this study is not in any sense a comprehensive educational survey of the University. As already stated, it concerns two main issues. It is only to be expected that in dealing with these issues, corollary matters would claim attention which might prove worthy of final inclusion in the report.

Indeed this was anticipated in the interview which the Commission had with President Willard when its first meeting was held. At that time he requested that, in addition to carrying out the mandate set forth in the Board's resolution authorizing the appointment of this Commission, the Commission include recommendations on other aspects of the program of the University as these might logically arise in connection with the main issues.

## II SUMMARY AND CONCLUSIONS

### THE UNIVERSITY A "POLITICAL EMPIRE"

This study began with the main purpose of finding objective, reliable answers to two questions, the first of which was: Since 1934 has a group of hand-picked political puppets virtually built a political empire at the University of Illinois?

The evidence examined which bore upon this included:

1. The composition of the Board of Trustees
2. The manner by which persons become members of the Board of Trustees of the University
3. Powers exercised by the Governor as *ex officio* member of the Board of Trustees of the University: (a) as head of his party; (b) as chief executive of the state
4. Relations of the Board of Trustees to the internal administration of the University
5. Influence from outside sources on university educational policy and personnel
6. Use of noneducational university personnel for patronage purposes.

Concerning the charge that "since 1934 a group of hand-picked political puppets have virtually built a political empire in Champaign and Urbana and have cloaked their operation and defended their illegal activities behind the shield of education," the Commission unanimously and unequivocally states that it has not been able to find any evidence to substantiate such a charge.

### THE UNIVERSITY SINCE 1934

The second question to be answered was: Has the University of Illinois been on the downgrade since 1934?

The evidence pertinent to this question was much more extensive and varied in character than that concerning the first one, and perforce includes several features.

1. The first one of these features examined was the quality of the student body. Was there a drop in the quality of students admitted? What were the comparative records of student scholastic achievement? What was the relative student mortality?

In each of the foregoing respects present conditions show an improvement over 1934.

2. The second feature examined was the curriculum. What curricular provisions have been made for the expanding educational needs resulting from greatly increased undergraduate enrollment? What provisions have been made toward the individualization of curricula? What is the attitude of the faculty toward these needs, and how does it express its attitude?

There has been a genuine attempt to fructify the undergraduate curricula through an all-University General Division launched by the President and supported, where it has been supported, mainly by younger members of the faculty. This attempt was successfully frustrated by the University Senate, and the Division finally emerged in greatly modified form within the College of Liberal Arts and Sciences. Even this new educational venture is ill-supported by the college faculty as a whole, and therefore is not a success. There are also catalog descriptions of plans for "individual curricula," and for "independent study" under the tutorial plan for juniors and seniors. The number of students enrolled in both of these programs is, however, an inconsequential part of the total college registration. That part of the faculty which determines policies and programs does not welcome change, and hence proper provisions have not been made for adapting programs to new needs. This is a situation which is apparently no worse now than it was in 1934, except that the needs are greater.

3. The third feature concerns the quality of teaching. Does the University recognize the evaluation and improvement of instruction as functions of major importance? What does it do to find out how good this teaching is? How does it try to make the teaching better? How sensitive is the faculty to the problems of undergraduate instruction, and how fruitful is it in developing satisfactory practices of instruction to solve these problems? Finally how does the University of Illinois compare in these matters with other similar universities?

The University as a whole has not overtly committed itself to evaluating the quality of undergraduate teaching as a major institutional function. It has done almost nothing to find out how good that instruction is, although it has carried on a few

individually isolated activities to try to improve instruction. There is, of course, throughout the faculty the belief that teaching ought to be well done. But with altogether too few exceptions, members of the faculty have, as far as the Commission could find out, either done nothing about it formally or systematically, or have given no constructive encouragement to those who have tried to do something.

Again it should be said that the condition is much the same now as it was in 1934. The slight changes that have been made are in the direction of improvement.

4. The fourth feature has to do with the material conditions in instructional efficiency. In this connection the library facilities rate high and on this point the University has more than held its own since 1934. In building facilities, expenditures have been less for instructional than for other purposes, but probably conditions are at least as good now as in 1934 in this, as well as in laboratories and other material instructional equipment.

5. The fifth feature concerns the nonformal, noncurricular aspects of student welfare. This is an area in which the University has made marked strides since 1934. Witness the Union buildings both at Chicago and at Urbana, the men's dormitories, and the reorganized Union Board of 1942 and its relation to other student activities. The administration has shown a genuine awareness of the responsibility of the University for the welfare of the student outside his curricular activities, and has been intelligently aggressive in striving to meet these needs. Probably outside the building program, the progress made in this area since 1934 is the greatest of any made in the University for that period.

6. The sixth feature examined was the quality of the faculty. Is it as good, not so good, or about the same as it was in 1934? Answers were sought through examining in detail the degrees held by the faculty and where these degrees were obtained, the scholarly productivity of the faculty, the distribution of the faculty by ranks, salaries paid, conditions of tenure, conditions of retirement, ratings of faculty members according to national standards, and reasons why certain individuals left the University of Illinois teaching staff and why others did not accept appointments to it during the period under discussion.

Comparisons were favorable to the University on the points of degrees, of scholarly productivity, of distribution of faculty ranks, and of conditions of tenure and retirement. On the other hand, there was apparently a slight drop in national ratings and salaries paid, although the last condition is one reflected in other comparable institutions for the same period by reason of the depression. Statements were secured from persons who left the University and from others who were invited to come but did not accept. Although the number of persons so consulted was limited the evidence thus secured apparently reflected a rather critical attitude toward certain aspects of the University.

On the whole it would seem that certain major conditions determining faculty quality have changed somewhat during the period under consideration. In some respects these conditions have definitely improved, in others there has been no perceptible change, and in still others there has been some retrogression. When all these items are considered as a whole, however, it can be said that a general improvement has occurred with regard to the general quality of the faculty.

There are several matters, however, which should be given consideration if the faculty is to be continuously replenished with new members of high quality. Salaries must be maintained at a high level if the University is to meet the competition of other similar institutions for superior personnel. Another fact that must be considered is that faculty members do not find at the University of Illinois the progressive educational point of view and alertness toward problems of curricula and teaching that they can find elsewhere. It should be said that this condition is one that does not seem to be different from what it was in 1934, except that greater progress has been made along these lines during this period at some other institutions than at the University of Illinois.

7. The seventh feature examined to determine whether "the University of Illinois has been on the downgrade since 1934," was the general character and direction of its educational program. During this period a greatly increased burden has been placed on the educational program by reason of the much larger number of students than before. To meet this the University seems, with some exceptions, to have concerned

itself more with organization forms and administration procedures than with the conduct and character *per se* of the education given the undergraduate. The exceptions have occurred in the main outside of the College of Liberal Arts and Sciences, though it has been in that college that the most pressing educational needs have appeared.

Both the character of the educational program and its direction have markedly felt the effect of the traditional forms of organization within the University, by which the men of longer tenure and higher rank have determined these features to the near exclusion of the influence of the members of lower rank and more recent appointment. This has unquestionably resulted in undue perpetuation of vested educational interests and of traditional educational programs, and in failure of the educational program of the University to take proper direction at some very crucial turns in the road.

But as has been already stated here with reference to more than one point above, although this condition reveals a major weakness in the institution it is consonant with and not different from that of 1934. Again the University has been running true to form.

8. The eighth and last feature examined to determine the relative educational status of the University since 1934 was the character of educational leadership. This was explored particularly by locating the centers of educational initiative and control, and by tracing the relationships between these centers and the President of the University.

It is assumed as a fundamental thesis that the President of the University should be its educational leader. This does not mean that he should attempt to administer directly all educational programs. It does mean, however, that he should never delegate to any person, office, or group of persons those final decisions whose exercise determines the locus of highest educational leadership in the University.

Strongly potential, if not actual, sources of such control have been developed in the office of the Provost, in the Bureau of Institutional Research, and especially in the Advisory Committee of that Bureau. It would seem that the power of these agencies as centers of educational control is not something that has resulted from the agencies' deliberate efforts to ac-

quire power, nor has it probably been the conscious intention of the President. The whole situation is rather the result of a combination of causes, conspicuous among which have been the rapid growth of the University, the desire of the President for statistical information and educational advice from the most reliable sources (aids to which he is certainly entitled), and the excellent work done by each of these agencies. Nevertheless, the outcome has been that these agencies have assumed administrative functions which properly center in the President.

Viewed from one angle this situation represents a distinct advance over 1934. From another point of view, however, it is genuinely potential of dissipating the educational leadership which should be exercised directly by the President, through the establishment of too many centers almost coordinate in rank but uncoordinated in the actual discharge of that leadership.

To summarize the evidence examined under the eight subdivisions explored to determine the educational trend of the University since 1934, the Commission finds no ground for the sweeping assertion that the "University has been on the downgrade" during that period. Not only has no actual deterioration been disclosed but the facts indicate that the University has made in some features noteworthy gains, that it has kept the status quo in many others. This is in general what a similar examination of any comparable university would probably disclose, although it should again be cited that the most significant weakness of the University is not absolute but relative. It has failed to advance during this period at points where other similar institutions have pressed forward significantly toward improvement.

## RECOMMENDATIONS

This concluding section gathers together and states briefly the recommendations which have been made directly or by implication in the body of the report:

1. The Commission recommends that the University of Illinois make a careful study to determine whether there is not another method of selecting members for its Board of Trustees which will remove that selection and the operation of the Board, as far as possible, from partisan influences.

2. The Commission recommends that the selection of graduate students be placed upon a basis which will distribute appointments more equitably among the several departments of the graduate school, and that the means of selection be such as to give more nearly reliable indexes of proper performance of the persons selected as graduate students. An example of such an instrumentality is the recently developed Graduate Record Examinations.

3. The Commission recommends that the College of Liberal Arts and Sciences:

- a. Define clearly what the purposes of its educational program are
- b. Adapt its curricula better to the needs of that group of students who drop out of the college before securing any degree
- c. Strengthen the General Division by removing its present handicaps in requirements
- d. Make the General Division an educational service unit for students in the several professional schools enrolling freshmen
- e. Set up curricula organized on the basis of the needs of the students as individuals and as members of a significantly changing environment.

4. The Commission recommends that the undergraduate schools, other than the College of Liberal Arts and Sciences, review their respective curricula in order to insure for each school:

- a. Those studies most pertinently important in that field at the present time
- b. A broad inclusive base extending beyond the specialized field, on which the curricula of special studies should be built.

5. The Commission recommends that the University as a whole and each of its colleges, especially on the undergraduate level, make quality of teaching a major objective of attention; that faculties become acquainted with the literature now available reporting studies and experiments on teaching in other universities; that they examine with care their own practices in the light of these reports, and institute studies and experiments of their own; and that these and similar measures be taken for the purpose of finding out how effective the teaching is which they are giving in their respective colleges and fields, and how to improve that teaching. The University already has personnel and organization facilities which will make it possible to go far in this matter if these are used properly, as some accomplishments already achieved in this field show that they can be.

6. The Commission recommends that opportunity be given to persons in the lower faculty ranks to participate in formal discus-

sions in the formulation of the educational policies of the several colleges, and of the University as a whole. Genuine opportunity given younger men by older ones through Senate, faculty, department, and committee memberships and a real encouragement by sympathetic cooperation would undoubtedly result in marked progress within the University in a relatively short time.

7. The Commission recommends that the administration of student affairs be further coordinated by placing responsibility therefor in one person directly under the President of the University.

8. The Commission recommends that participation in the provisions for student health be made compulsory on the part of all full-time students.

9. The Commission recommends that the number of graduate assistants doing regular undergraduate teaching be materially reduced.

10. The Commission recommends that by appropriate salary and rank outstanding excellence in teaching be given recognition commensurate with scholarly research and productivity on the part of the faculty members.

11. The Commission recommends that as soon as moneys are available there be established a limited number of professorships paying salaries significantly in excess of the regular maxima, in order that the University may draw to its faculty some men of highest standing in their respective fields.

12. The Commission recommends that the University exercise constant care to see that a proper proportion of the persons appointed to positions on its faculty have training and experience outside of the University of Illinois.

13. The Commission recommends that the Board of Trustees, the President, and representatives of the administration and teaching staff of the University, working together, study the problem of proper organization for the University with particular reference to the delegation and assignment of administrative responsibilities in order to insure the highest and most effective type of educational leadership throughout the University.

14. The Commission recommends that, as one of its major institutional efforts, the University of Illinois devote itself to the extended studying of what should be its long-term educational program, both for the University as a whole and also for its several colleges and schools.

Finally, the Commission wishes to record an observation, the implication of which it believes to be potentially highly significant

for the future of the University. The appraisal which the Commission has made of the functioning and the quality of the educational program of the University of Illinois clearly leads to the conclusion that there is no basis for the indictments made by Attorney General Barrett against the University. But because of what the Commission has observed, it is strongly of the opinion that the present situation is fraught with grave dangers for the future of the University. Educational issues may become confused with political or partisan considerations—if indeed this has not already occurred. The repetition and amplification of the charges made, or the statements of other charges for reasons not definitely connected with the general welfare of the University as an educational institution, will tend to intensify the political hue which has already been cast upon the scene.

This report has without fear or favor pointed to some features where the University not only might but assuredly ought to make changes in order to strengthen itself. The Commission would urge that these matters be given prompt and decisive attention not only by the President and his assistants in the general administration but also by the deans of the several colleges. At the same time the Commission expresses the hope that the administrative officers of the University and the Board of Trustees will continue to exercise in the future, as they have exercised in the past, that high-minded, nonpartisan interest in the educational welfare of the University which the citizens of Illinois have placed in their sacred charge.

### III

## HAS A POLITICAL EMPIRE BEEN VIRTUALLY BUILT AT THE UNIVERSITY?

The question at issue revolves primarily around the administrative organization and control of the University. This is centered in a board of trustees. This Board is composed of two *ex officio* members, the Governor of the State and the Superintendent of Public Instruction, together with nine other members, three of whom are selected by the state electorate every two years at the time of the general state elections. Candidates for these elections appear on the tickets of the regular political parties of the State. It is thus apparent that all of the members of the Board are elected at large by the voters of the State since the two *ex officio* members, the Governor and the Superintendent of Public Instruction, are also thus elected. The same political influences and control effective in the election at large may therefore operate in the selection of the members of the Board of Trustees.

### METHOD OF SELECTION OF THE BOARD OF TRUSTEES

It is conceivable that political manipulation could be exercised to create a political empire in the University through the manner in which persons whose names appear as candidates on the ballots of political parties are nominated for election. Careful investigation reveals that more than one-third of a century ago it became the custom for a nominating committee of the Alumni Association of the University of Illinois to submit three names to the Republican State Convention and three names to the Democratic State Convention. The state party conventions were under no obligation to accept the nominations of the Illinois alumni committee. What did they actually do? From 1906 to the present, 143 individuals have been either originally nominated or approved by the state party conventions as candidates for members of the Board of Trustees of the University of Illinois. Eighty-two of these individuals were nominated by the Alumni Association whereas the

nomination of the remaining 61 originated in the state conventions themselves. That is to say, in approximately 57 percent of the cases, the state nominating conventions accepted the recommendations of the Alumni Association.

It is the opinion of the Commission that the nomination and election of the members of the Board of Trustees of the University do not result in the setting up of "a group of hand-picked political puppets" who exercise administrative control over the University.

It seems pertinent, however, to raise the question here whether the present method of selecting members of the Board of Trustees is the most desirable one. It makes possible the nomination for political reasons of persons who are to be voted upon and makes Board members when elected potentially amenable to those political influences which may be brought to bear upon any person elected upon a partisan ballot. Also it is to be observed that this method is employed in very few other states.

### RELATION OF THE GOVERNOR TO THE UNIVERSITY

Under the American system of political party control it is but natural that the governor of a state should be not only the chief administrator of the state but also the titular head of the party in control. Since in the case of the University of Illinois he is also *ex officio* a member of the Board of Trustees, it is very pertinent to inquire whether or not political control or at least direct political influence has been employed through the office of the Governor to bear directly upon the administration of the University.

The Commission has diligently searched but has been unable to find any instance during this period in which the Governor has even attempted to take advantage of his dual relation as state party leader and member of the Board of Trustees, to bring any kind of pressure to bear upon the University.

As chief executive of the State, the Governor has another relationship with the University. It is his prerogative to veto specific items in appropriation bills which provide support for the University. There are instances of record when the Gov-

error has exercised this right—more often, however, the Governor will request legislators to amend the appropriation bill of the University so as to delete specific items. As further evidence of the inability of the Governor to exercise final control over the University there have been instances during the last decade when, after such amendments have been initiated, the General Assembly has refused to pass them.

In connection with budgetary legislation there exists the Illinois Budgetary Commission which is a joint committee of both houses of the legislature and which acts as an advisory body to the Governor in the preparation of the state biennial budget. The Governor has the right, with the advice of this Commission, to present to the General Assembly a budget for all biennial state expenditures including those for the University. At the same time the University also has the right, which it regularly exercises, to originate through some member of the General Assembly its own appropriation bill regardless of whether the Governor is in agreement with the sums requested in it.

So far, the discussion has concerned itself with two possible types of political control or manipulation of the University. The first had to do with the selection of the members of the Board of Trustees, and the second with the relation of the Board to the Governor as head of the ruling political party.

From the evidence considered, the Commission is of the opinion that in such matters as the determination of the amounts requested for the University, the amounts appropriated to it, and what these amounts should be, there has been no undue exercise of political control.

### THE BOARD, THE PRESIDENT, AND THE FACULTY

There is a third important potential source of what at least is frequently called political control over an institution of higher education. It has to do with the administrative relationships existing between the Board of Trustees, the President of the University, and the teaching faculty of the institution. The questions of importance are: What are the educational controls that are exercised and how are they carried out?

A brief answer to this is that the present administrative controls represent an historical development and as they now exist are of a character quite consistent with their origins.

To be more explicit, under the law providing for the organization and maintenance of the Illinois Industrial University: The trustees shall have power to provide the requisite buildings, apparatus, and conveniences; to fix the rates for tuition; to appoint such professors and instructors, and establish and provide for the management of such model farms, model art, and other departments and professorships, as may be required to teach, in the most thorough manner, such branches of learning as are related to agriculture and the mechanic arts, and military tactics, without excluding other scientific and classical studies. They may accept the endowments of voluntary professorships or departments in the University, from any person or persons or corporations who may proffer the same, and, at any regular meeting of the board, may prescribe rules and regulations in relation to such endowments and declare on what general principles they may be admitted: *Provided*, that such special voluntary endowments or professorships shall not be incompatible with the true design and scope of the act of congress, or of this act; and they shall, as far as practicable, arrange all the regular and more important courses of study and lectures in the University, so that the students may pass through and attend upon them during the six autumn and winter months, and be left free to return to their several practical arts and industries at home during the six spring and summer months of the year, or to remain in the University and pursue such optional studies or industrial avocations as they may elect: *Provided*, that no student shall at any time be allowed to remain in or about the University in idleness, or without full mental or industrial occupation: *And provided further*, that the trustees, in the exercise of any of the powers conferred by this act, shall not create any liability or indebtedness in excess of the funds in the hands of the treasurer of the University at the time of creating such liability or indebtedness, and which may be specially and properly applied to the payment of the same.<sup>1</sup>

Until 1901 the educational administration of the University was centralized chiefly in the hands of the Council of Administration. This Council was composed of the President, the Vice-President, the Dean of the Graduate School, the Dean of Undergraduates, the deans of the separate colleges, and the Dean of Women. The Council held frequent meetings and concerned itself with matters of internal administration as well

---

<sup>1</sup>*Laws of the United States and State of Illinois concerning the University of Illinois*, Section 7, pp. 31-32, Urbana, 1908.

as educational policy. Some of these matters might now be thought of as more properly falling under the jurisdiction of the faculties of the several colleges or of the University Senate.

In 1901 the University Senate was organized. It was composed of the President, the deans, the High School Visitor, and the full professors of the University. With the organization of the Senate the Statutes of the University were modified so that the Council of Administration was to function as an advisory body and the Senate was to formulate educational policies.

The establishment of the Senate and its wise leadership under President James, a scholar and educational statesman, account in large measure for the educational policies that enabled the institution to acquire the earmarks of a real university with a reputation for scholarship and research. Under President Kinley the institution grew at an ever more rapid pace. Still greater material demands were placed upon the University to meet the physical needs of its increasing student body. Under these conditions, the President seemed to assume more personal responsibility for the leadership of the University through strengthening the position of the Council of Administration, with the result that the Council, meeting weekly, tended to assume powers assigned by university statute to the University Senate, which usually met for a scant hour only five times a year.

With the coming of President Chase there was a distinct effort made to rehabilitate the University Senate. This was done by setting up a Committee of Nine to make a "comprehensive study of the general educational organization and administration of the University."<sup>2</sup> This act on the part of President Chase began a movement to return to the Senate powers which had been originally granted to it but which in the interim had been exercised by the advisory Council of Administration. This move clearly meant more active participation by the Senate in the formulation of educational policies of the University.

It is entirely possible, in fact it is common knowledge in the world of higher education, that influences emanating from persons or groups outside the President and the members of the University faculty may attempt in some way to determine

---

<sup>2</sup>See letter of President Chase of November 18, 1930 to the University Senate.

educational policies, curricula, and appointment of the personnel of a university.

For example, some legislatures have passed laws requiring faculty members of state universities to take the oath of allegiance. In some states attempts have been made to secure through legislation the teaching of natural science so as to be acceptable to certain groups professing forms of religious belief. In the cases of some institutions organized groups on the outside have been able to secure the dismissal of faculty members whose beliefs were obnoxious to the group.

Fortunately the University of Illinois has been free from such outside interferences with the administration of the University.

Bearing in mind the nature of the accusation made against the University of Illinois that there has been built in it since 1934 "a political empire," the Commission made an extended and diligent search to discover whether any influence of this kind had successfully registered itself in the University since 1934. As a result of these inquiries the Commission can say without reservation that it has been unable to find a single instance in this period. It is the consistent, independently given testimony, on the part of the President of the University, of members of the Board of Trustees, and of teaching and administrative members of the faculty that the determination of what the educational policies should be and how they should be carried out within the University and the determination of the curricula have all been decided within the University and in accordance with procedures of administrative control as officially set up.

According to the Statutes of the University of Illinois it is the responsibility of the Board of Trustees to pass upon all educational policies, appointment of personnel, and establishment of curricula. The regular procedure is that any policy or curriculum shall be presented by the President to the Board for its approval, after having passed through certain steps which are clearly specified. The Commission has been unable to discover any transgression of this procedure. It is, of course, within the rights and duties of the Board to refuse to approve recommendations, if, in the judgment of the Board, they should not be approved. The Board has exercised this

prerogative at its discretion although very infrequently. But when it has occurred, the Board has not substituted an appointee of its own choice, but has most appropriately merely declined to approve and requested the President to make another recommendation.

It is to be especially noted that there seems to have been a meticulous observance of proper procedure in cases where members of the Board of Trustees and the President of the University have been approached, as it is inevitable that they would be, to use their influence to secure the appointment of persons not already on its staff to positions in the University. In such cases the uniform procedure seems to have been to refer such applications to the same officers who would have originally considered the appointment had the applications been initiated within the University, and to inform the parties presenting the names that such references had been made and that the individuals would be considered solely on their merits, and by the appropriate officials.

The present procedures in the respects above narrated are thoroughly consistent with historical precedent obtaining at the University of Illinois. This summary indicates that the University has gone through a major struggle, resulting in the establishment of the idea that the appropriate officers within the University should determine what its educational policy should be.

It is the opinion of the Commission that if attempts political in character have been made to determine or modify educational policies or staff appointments at the University of Illinois since 1934, such attempts have made no headway whatever and, further, that they have not met with any support from the Board of Trustees or from the university administration.

## RELATIONSHIP OF THE UNIVERSITY TO THE STATE CIVIL SERVICE

Faculty members are not the only personnel in a university in whom politicians may be interested. The large number of nonacademic employees on the payroll of a university may be a source of political patronage. Under "An Act to regulate the civil service of the State of Illinois" approved May 11,

1905, and put into effect in 1911, the nonacademic employees of the University of Illinois came under the authority of the State Civil Service Commission. Under a working agreement with the Civil Service Commission, the University was allowed approximately 150 positions which were prefixed by the title "University." To illustrate, a *University Junior Clerk-Stenographer* and a *University Senior Accountant* existed as special position classifications to fill the needs of the University in recognition of the difference between a secretary in the University and one at a noneducational institution.

In 1940 the State Civil Service Commission announced to the University that these 150 special classifications had been abolished and that henceforth university vacancies would be treated no differently from those in other parts of the state government. Following this change the University had difficulty: (1) in getting applicants certified to positions within a reasonable time, and (2) in obtaining individuals whose qualifications met its needs. This caused the University to sponsor a bill to amend the State Civil Service Act so as to exclude employees of the University of Illinois from the state civil service system and to direct and authorize the Board of Trustees of the University to establish its own classified civil service, covering nonacademic positions. This bill was passed by the General Assembly and signed by the Governor on July 22, 1941. The University then set up its own system of classification, which went into effect in mid-1942. The conclusion seems justified therefore that the University, in setting up its own classified service, took a step which will not only improve the efficiency of its nonacademic staff, but which will also distinctly strengthen the institution against possible political patronage.

In this section the Commission has examined the manner in which members of the Board of Trustees have been selected, the relations which the governors of the State have sustained toward the University, the operation of civil service among the employees of the University, and the exercise of administrative powers by the Board of Trustees and by the President of the University in relation to the University as a whole and to the faculty of the University. In none of these connections has the Commission found evidence to substantiate the accusation that a political empire has virtually been built at the University.

## IV

HAS THE UNIVERSITY "BEEN ON THE  
DOWNGRADE SINCE 1934"?

The statement of the Attorney General, an alumnus of the University, "that the University has been on the downgrade since 1934" is not explicit.

Since the University was established and is conducted as an educational institution, and since the statement quoted above was made by an alumnus, no other meaning can reasonably be attached to it than that the University, *as an educational institution*, has been on the downgrade since 1934. It is, therefore, the more distinctly educational aspects of the problem that the Commission has considered.

Education being a matter of general public concern and being an experience in which so many of us have participated, it is an activity about which most people have definite opinions and on which many consider themselves competent judges. This is very natural and on the whole reflects an interest that is commendable and that is wholly necessary to the proper maintenance of a system of free public education.

It should be noted, however, that within the last two or three decades criteria or standards of measurement have been developed in the field of education by means of which the quality as well as the quantity of educational production can be determined. It is no longer necessary as it once was to depend on individual opinion as to whether programs of education and the institutions administering them are producing the results expected of them.

The quality of an institution of higher education depends mainly upon certain characteristics of that institution. Briefly stated and without any reference to relative importance these features are:

1. The quality of the student body
2. The character and quality of the curricula
3. The quality of teaching
4. The quality of instructional materials and facilities
5. The attention given to nonformal, noncurricular aspects of student welfare

6. The quality of the faculty
7. The general character and direction of the educational program
8. The quality of educational leadership
9. Educational goals.

During the period beginning with the year 1934, the enrollment of the University of Illinois increased at a rate that reached totals beyond anything experienced in the entire previous history of the institution. The magnitude of this growth can best be appreciated by citing some enrollment figures. For twenty-nine years (from the founding of the institution to 1895-96) enrollment remained under 1,000 students. The year 1896-97 saw the beginning of a twenty-year period during which the figures mounted steadily, with the exception of the years 1912-13 and 1917-18, to 7,000. In the session 1919-20 a steeper climb began which reached a climax of almost 15,000 in 1930-31, or more than 100 percent increase in thirteen years. In the three succeeding sessions (during the depression) losses of 1,000 students a year occurred. Beginning with 1934-35, however, there was an average yearly gain of 1,000 students; the climax was reached in 1938-39 with almost 18,000 students. A highly significant fact is that of the enormous increase in students on all campuses of the University of Illinois, almost 80 percent was in undergraduate divisions on the Urbana campus.

Increases such as those occurring since 1934 are likely to cause certain problems to arise in educational institutions. The first of these relates to the maintenance of standards of admission under the pressure of great numbers of additional students. The second grows out of the greater diversity of interests and abilities appearing among these new students. These differences in turn require that the institution give consideration to their recognition and classification, and to the modification of the educational program to meet the new educational requirements of students. The third is concerned with the modification and expansion of the physical facilities and the administrative organization of the University to care for the greatly increased enrollment. The necessity for providing for so many more students than during any previous period brings enormous stresses and strains upon the physical facilities of

the institution on the one hand, and on the other upon the mechanism of educational organization and administration.

The strain on facilities demanded a building program and a greatly increased budget. The over-all budget has increased from \$11,594,902 in 1933-35 to \$19,339,127 in 1941-43. Building and major capital outlays from the first figure were \$140,900. The appropriations for 1941-43 included capital items of \$1,019,000 not all of which will be expended because it will not be possible to secure materials and federal approval for construction. The total amount spent for new buildings and equipment from July 1, 1933, to June 30, 1942, was \$7,958,974.

### THE QUALITY OF THE STUDENT BODY

Let us consider first the students, and ask whether the increase in numbers has caused a deterioration in the general quality of the students admitted.

#### *Rank of Freshmen in High-school Graduating Classes*

One of the best single measures of academic ability of freshmen is rank in the high-school graduating class. Data are available concerning students admitted to the freshman class of the University of Illinois for each session beginning with 1935-36. A study of these data reveals that since 1935 there has been a slight increase in the percentage of the students admitted from the higher levels of their high-school graduating classes. For example, the increase on the Urbana campus in students ranking in the top tenth of their high-school graduating classes has been from 20 percent in 1935 to 22 percent in 1941-42.

Freshmen are admitted to six schools or colleges<sup>1</sup> at the University of Illinois: Liberal Arts and Sciences, Commerce, Engineering, Agriculture, Fine and Applied Arts, and Physical Education. When these data are analyzed for each college it is noted that in the Colleges of Liberal Arts and Sciences, Commerce, and Engineering, the trend is very similar to the institutional trend, whereas in the College of Agriculture

<sup>1</sup>In addition a small group of freshmen are admitted to the Industrial Education curriculum of the College of Education.

there is a noticeable increase in the percentage of students drawn from the upper half of the high-school graduating classes as indicated by 73 percent in 1935 and 80 percent in 1941. In two of the smaller colleges, Fine and Applied Arts and Physical Education, the trend is found to be in the other direction. Here there was a somewhat smaller percentage of students admitted from the upper half of the high-school graduating class in 1941 than in 1935, the figures being 68 percent and 74 percent in Fine Arts, and 34 percent and 41 percent in Physical Education.

Additional information on the quality of students admitted was secured from data which the Commission obtained from four other selected midwestern state universities. This information shows that the experiences of these universities during the same period very closely parallel that of the University of Illinois.

It is the judgment of the Commission that since 1935 at the University of Illinois: (1) the quality of students admitted, based upon the criterion of rank in high-school graduating class, has been similar to freshmen admitted to certain other comparable midwestern state universities, and that (2) the quality on the whole has not deteriorated but actually has shown slight improvement.

#### *Scholastic Records of Freshmen*

Another index of the quality of students admitted is the scholastic record which these students made while they remained in the institution. Data are available on the scholastic averages made by freshmen who entered the University of Illinois in the years 1935 to 1940 inclusive. Since the rank in high-school graduating class of students admitted to the University of Illinois from 1935 to 1941 has improved slightly, as might be expected, the grade point average of freshmen in their first year of university work from 1935 to 1940 has also shown a slight improvement. Weights are assigned to grades as follows: A = 5; B = 4; C = 3; D = 2; and E (failure) = 1. The grade point averages of all freshmen for their first year of university work beginning with the class which entered in September 1935 and ending with the September 1940 class were 3.17, 3.18, 3.19, 3.21, 3.19, and 3.20 respectively.

Therefore to the extent to which grade point averages in the first year of work of collegiate level can be considered as an index, the quality of students admitted to the University of Illinois since 1934 has not deteriorated but actually has shown a slight improvement.

### *Selection of Graduate Scholars and Fellows*

Since the selection of students for graduate fellowships and scholarships may be considered as bearing on the quality of the student body, the following discussion is pertinent here. There are two committees of the Executive Faculty of the Graduate School. The work of the Committee on Staff and Courses is discussed below.<sup>2</sup> The Committee on Scholarships and Fellowships receives from the Dean of the Graduate School the application of individuals seeking to be chosen as graduate scholars and fellows, whether they have been recommended by a particular department or not. This Committee of five is charged with the responsibility of studying all the applications and especially those of students recommended by the departments, with the understanding that it will recommend to the Executive Faculty of the Graduate School a list of students with a list of alternates to fill vacancies. The Committee attempts to select students of greatest promise without regard to departmental distribution, except that in cases of doubt concerning relative excellence of candidates some consideration may be given to the question of the most desirable distribution of students by departments. Such policy tends to bear out the old adage, "For unto everyone that hath shall be given, and he shall have abundance; but from him that hath not shall be taken away even that which he hath."<sup>3</sup>

It is obvious that, in general, departments with distinguished and long-recognized reputations in national university circles will receive the greater number of better student applications, and hence usually the greater number of appointees. For example, the Department of Chemistry is much more likely to receive a correspondingly greater percentage of superior applicants than is a department in which the graduate faculty is less well known. It would seem that some more equitable basis for selection of graduate fellows and scholars

<sup>2</sup>See page 77.

<sup>3</sup>Matthew 25: 29.

should be used since the one now in use at the University results in the continual building up of graduate work in the already well-known departments, and at the same time makes it difficult for less well-known departments to gain graduate students.

The Graduate School has not participated in any of the cooperative studies carried on nationally for the purpose of improving methods of selection of graduate students and candidates for higher degrees. In the judgment of the Dean of the Graduate School as expressed to the Commission, the only really important factors in the selection of a student to specialize in a given field is the student's ability in that field as indicated by (1) his collegiate record and (2) the judgments of individuals qualified to recommend him.

It is the judgment of the Commission that the present method of selecting graduate students at the University falls short of what it ought to be when one considers present practices among outstanding graduate schools in the United States as well as the distribution of students among departments in the University qualified to do graduate work.

### *Student Mortality*

A third though minor index of the quality of a student body is reflected in student mortality or the failure of students to remain in school long enough to complete a course of instruction.

The University of Illinois participated in a study sponsored by the United States Office of Education in which mortality of students entering as freshmen in the fall of 1931 was investigated in 25 institutions. Of the group of institutions studied, 14 were publicly controlled. The percentage of students leaving the University of Illinois during or at the end of a four-year period without obtaining a degree was 63.6 percent, whereas the corresponding figure for the whole group (including the University of Illinois), was 64.3 percent. The percentage of freshmen at the University of Illinois who entered in 1931 and who obtained a degree was 27.1 as compared to 28.3 in the group of 14 publicly controlled institutions. The percentage of students transferring to some other institution upon leaving the University, as well as those re-

turning at a later date to continue work after having left, was practically the same as the average for the 14 publicly controlled institutions.

The most recent mortality figures available at the University of Illinois are on the freshman class of September 1935. The proportion of those failing to graduate within eight semesters was 61.3 percent and the proportion of them obtaining degrees was 31.5 percent.

Although mortality figures are available only for the entering classes in 1931 and 1935 and comparative data are available only on the class of 1931, it is the judgment of the Commission that there has been no significant change as regards student mortality at the University during the past ten years.

#### *Admission Requirements*

Obviously a factor which operates conspicuously in determining who is admitted to a university is what the university requires on the part of those who apply.

Previous to 1932-33 the University of Illinois admitted as a freshman any graduate of an accredited high school who could present three units in English, one in algebra, one in plane geometry, and another ten units from lists of general and special electives. In 1932 the requirements were changed so as to demand three units of English, three units as a major and two units as a minor chosen from the fields of foreign language, mathematics, science, or social studies. In addition, the Registrar was empowered to admit a student who ranked in the upper 10 percent of his high-school graduating class without regard to the distribution of his high-school credits.

Effective in the fall of 1934, students who graduated in the upper 25 percent of their high-school classes were admitted without regard to the distribution of their credits. Then in 1939-40 requirements were changed so as to permit students in the upper 50 percent of their high-school graduating classes to enter the University without specific requirements in the distribution of their high-school credits. In this same year, a restrictive provision, placed upon students graduated in the lowest 25 percent of their high-school classes, required that they be admitted to the University on probation and be re-

quired to take whatever tests were prescribed by the Personnel Bureau and, at the same time, be placed under the special charge of the dean of the college concerned.

The changes made in the admission requirements at the University of Illinois during the past ten years have tended to minimize the importance of specific subjects taken in high school and at the same time to emphasize the general ability of a student as measured by his rank in his graduating class without regard to the subjects which he had pursued.

With few and minor exceptions, these trends in general admission requirements at the University of Illinois are similar to those requirements set up by other midwestern state universities and are in conformity with good modern educational practice.

On the basis of facts concerning rank in high-school graduating class, scholastic average of freshmen, student mortality, and general admission requirements, there is no justification to assert that the quality of students admitted as freshmen at the University of Illinois has deteriorated between 1934 and 1942.

## THE CHARACTER AND QUALITY OF THE CURRICULA

Once the University has selected the persons to be admitted, the considerations of importance are: What are these persons to be taught? And how are they to be taught? It is not going too far to say that these two features constitute the heart of the undergraduate educational program of any university. This statement assumes still greater importance in the light of the fact that 80 percent of the great increase in the total enrollment of the University of Illinois since 1934 has been in the undergraduate divisions on the Urbana campus.<sup>4</sup> Furthermore, the real importance of this fact can be fully appreciated only when it is recalled that most of the increase has been in the undergraduate body of the College of Liberal Arts and Sciences. Because of this fact, and also because of the fact that so many of the professional schools of the University require preprofessional study in the College of Liberal Arts and Sciences, the curricula and the teaching in liberal arts assume positions of great importance.

<sup>4</sup>See page 32.

Turning our attention now to these curricula alone, we find that certain changes have been made in liberal arts during the period under consideration. The general curriculum (as distinguished from the curriculum of the General Division of the College of Liberal Arts and Sciences) has remained practically unchanged since 1913. The premedical curriculum which is administered by a special faculty committee was extensively revised in 1937 and the curriculum in chemical engineering in 1938. There have been three or four revisions in the curriculum in chemistry in the College of Liberal Arts and Sciences over the past fifteen years. In 1939 a social administration curriculum was established and finally in 1940 the General Division with its own special curriculum was opened to students.

One of the fundamental difficulties encountered in American universities today is also found at the University of Illinois. Over 60 percent of the students who enter a large state university fail, for one reason or another, to obtain a bachelor's degree. At the same time it must be remembered that our higher institutions are young, and that many have been and many still are attempting to attain the status of a true university. The University of Illinois has been successful in its evolution from an industrial college to a state agricultural and mechanical college, then to a liberal arts college, and finally to an institution of university character. But the institution has failed to provide for the changing social and educational needs of its undergraduate students, and one of the outstanding reasons is that the University has concentrated on the development of research, scholarly production, and graduate instruction. Had the institution not such a large number of undergraduate students, so large a percentage of whom do not go on to graduate work, it could base its reputation solely on its graduate and professional programs both of which have achieved distinction.

It may be that the trend toward a separation of what is now considered the first two years in college in our higher institutions should be hastened administratively. In planning for a postwar America consideration should be given to the diversion of that group of poor risks (from the point of view of graduation from established courses of study) to schools

and curricula more nearly suited to the abilities and needs of these students. Doubtless there will be a long transition period. One cannot expect that overnight the freshmen and sophomores from all the universities in the country can be kept in the high schools and provision made for their education there. It can be expected, however, that planning be carried out in this connection, and it can be expected that the universities do something toward the solution of this problem within the present structure of their organizations, such as, for example, providing terminal curricula looking toward the granting of an associate in arts degree.

The most pronounced attempt to make curricular adjustments to meet the newly recognized needs of the increased undergraduate body in the College of Liberal Arts and Sciences was the setting up of the General Division. The present development and status of this curriculum shed significant information on what the College of Liberal Arts and Sciences does for its undergraduate students and how it does it.

The present requirements of the General Division curriculum are

based on seven general courses, one in each of the following fields: (1) verbal expression, (2) history of civilization, (3) biological science, (4) physical science, (5) social science, (6) literature and the fine arts, and (7) philosophy and psychology. These courses consist of subject matter from related groups of departments of the University, and are organized according to the nature of each field and the educational needs of students. Each course extends through the two semesters of the school year and gives eight semester hours of credit toward graduation.<sup>5</sup>

The student in the freshman year is required to carry twelve hours a week of the courses in verbal expression, history of civilization, and biological science; four hours of a foreign language; one hour of hygiene; plus military science (for men) and physical education. The sophomore is required to carry four hours of physical science, two four-hour courses chosen from among social science, literature and fine arts, and philosophy and psychology together with four hours of foreign language, military science (for men) and physical education. The freshman year of this program exceeded by

---

<sup>5</sup>See University of Illinois Annual Register, 1941-42, p. 118.

two hours a week the courses carried by students in the regular curriculum.

It is important to note, however, that as originally conceived the General Division encompassed more than the curricular offerings within the College of Liberal Arts and Sciences. The General Division was, in fact, to have been a University-wide organization, with an independent administration, in which all freshmen would have been required to take certain prescribed courses regardless of the college or school in which they initially enrolled. Why was the original concept not carried out?

The initiative for the establishment of a General Division for the University came from President Willard while presiding at a meeting of the University Senate. On February 11, 1935 he appointed a presidential committee and addressed them as follows:

I have, as you may know, been giving consideration to various ways and means for improving the effectiveness of the University in accomplishing our educational objectives. Several possibilities invite attention, but none seems more likely to affect all colleges, schools, and departments than a study of certain problems relating to our freshmen, including their preparation, orientation, and instruction, considered as a group coming from the high schools of the State into the University. Such a study should include (1) methods or devices for a closer and better correlation between the high schools and the University designed to attract and guide those students who expect to pursue their education beyond the high school level, (2) a careful review and possible subsequent revision of our freshman instruction, including attention to the orientation and transition of freshmen into the University environment, as well as teaching methods and subject matter or courses of instruction, and (3) special consideration of the desirability of requiring all freshmen to take certain prescribed courses regardless of the college or school in which they may be initially enrolled.

It is my idea that such a study should be broad in scope and include many items, ranging from such matters as advice and information which we should furnish to high school teachers and pupils preferably in group conferences, followed by a thorough study looking toward the best curriculum for a better and broader foundation for later work either in the University or in private life for those who may not continue beyond the first or second year in the University. It seems to me that we should frankly recognize the fact that many of our students, averaging as much as twenty-five percent, or two thousand to twenty-five hundred, during the past decade, do not pursue their University education beyond the sophomore year. (These

figures include, of course, a few who transfer to other institutions.) Such a large number—the equivalent of a fair sized university—demand and deserve special consideration in making up our freshman and sophomore curricula.

Undoubtedly, we could and should arrange for certain general courses of great value to all students, whether they continue on to a degree or not, and regardless of the later field of specialization. These courses should serve to develop a better knowledge of the responsibilities of citizenship, as well as of modern life and society. In addition, consideration should be given to prescribed courses in general science (with no or little laboratory work), rhetoric, and other subjects.

I am, therefore, asking you as a group to make a study or investigation of this matter along the lines herein indicated and report your conclusions and recommendations directly to me. I believe you should invite representatives of all colleges and schools to confer with your group before you arrive at any final conclusions, but probably not before you have made a preliminary survey and set up a tentative program. I assure you that I consider this matter a major problem in the future development of the University, and I shall place the greatest confidence in and attach the greatest importance to your advice, whatever it may be.<sup>6</sup>

This statement from the President was one which showed educational vision and should have received greater consideration from the faculty than it did receive.

Stimulation also came from a group of faculty members, for the most part those low in rank and young in age, through informal discussions. Through the original incentive of the President of the University, the special Senate Committee on Educational Program for Freshman and Sophomore Students organized subcommittees in each of the colleges concerned. The informal group mentioned above was named the Liberal Arts College subcommittee. Subcommittee reports were then made to the special Senate Committee on Educational Program for Freshman and Sophomore Students, which in turn considered the proposals and decided to recommend to the Senate that a two-year General Division with certain requirements be set up on a university-wide basis for all undergraduate schools. On April 4, 1938, the University Senate approved a recommendation from its Committee on Educational Policy, to which the President had referred the report of the Special Committee on Educational Program for

---

<sup>6</sup>Report of the Committee on Educational Program for Freshman and Sophomore Students, June 1, 1936.

Freshman and Sophomore Students "that steps be taken toward establishing a General Division within the University or in the College of Liberal Arts and Sciences." The Senate, influenced by the interest of the various colleges and schools on the campus in the University-wide two-year requirement, refused to adopt the Policy Committee's recommendation. However, on October 3, 1938, the Senate approved another recommendation "that the further development of plans for a general division or curriculum . . . be attempted by the College of Liberal Arts and Sciences." The Dean of the College then appointed a committee which drew up a proposal for a completely new unit within the College, having a separate faculty and a separate administrative head. These recommendations were reported to the Executive Committee of the College. The Executive Committee, in turn, modified the proposal and reduced it in scope so as to provide for a General Division corresponding to a department within the structure of the already existing college organization. This is the plan which was finally adopted in the spring of 1940.

How has the General Division fared?

It is to be admitted that a two-year period is not long enough to serve as a basis for drawing final conclusions concerning an experiment of this character. Nevertheless, some very important facts concerning it can already be cited.

First there is the enrollment. Since the establishment of the General Division first semester enrollments have been as follows: 97 in 1940; 109 in 1941; and 92 in 1942. Obviously, the enrollment in the General Division of the College of Liberal Arts and Sciences forms an insignificant part of its almost 4,000 undergraduate students, and it shows no tendency to increase.

Second, according to all the reports which the Commission has received, the plan is popular neither with the students nor with the faculty members. New students coming to the campus are advised by the upperclassmen not to take it, because, so they are told, it is harder than the regular curriculum. This may be true because it requires the study of a foreign language and a total of two hours of work more per week than do the other freshman and sophomore curricula.

In the third place, as far as the faculty is concerned, though the evidence is not definitive, circumstantial evidence is sufficiently strong to warrant the statement that even the plan that was finally adopted lacks the constructive support of many of those who have formal positions of educational leadership in the University, or who otherwise exercise such leadership. Some of the faculty members expressed the opinion that the General Division, both as originally conceived and as finally adopted, was bound to meet organized and determined opposition because it cuts across departmental lines and thus tends to disrupt a portion of the organization that already exists, and perchance to weaken present and traditional controls over the curriculum. It is of the highest significance that younger members of the faculty of the lower professorial ranks, who were zealous to see the establishment of such a curriculum and who would still be glad to support it on the basis of its educational merits, now state that they have ceased to promote it aggressively lest they jeopardize their own professional advancement within their respective departments.

The Commission is unanimous and unequivocal in its opinion that a program of general education should be provided in the University and that the facilities of the program should be made available to students pursuing any undergraduate curriculum in the University. The problems created by the tremendous increase in the size of the undergraduate body at the University of Illinois and the ever-increasing complexity of educational needs which this student body presents can be met much more effectively for many students by a curriculum of this character even than by modifications of existing traditional curricula.

All undergraduate schools of the University had very conventional programs in 1934. There is no evidence of any unusual development since then unless the General Division be excepted, nor has there been any consistent serious consideration of desirable modifications of these programs.

It may be argued by some that the point of view expressed above does not make proper allowance for two provisions in the College of Liberal Arts and Sciences. The first one is that a limited number of sufficiently gifted and mature students, under the direction of the college committee on individual curricula, may make arrangements for individual curricula, the satisfactory completion of

which will lead to the degree of Bachelor of Arts or Bachelor of Science. The main purpose of such individual curricula is to serve to the best possible advantage the needs of the superior student who can demonstrate his capacity to profit more from individual programs of studies than from any of the conventional programs.<sup>7</sup>

It is not necessary to labor the theoretical value of the above provisions. Suffice it to say that the accumulated total number of students actually taking advantage of this provision since it was set up in 1936 has been only 39, inclusive of the session 1941-42. There were 18 students enrolled under this plan in its beginning year. By 1941-42 this number had dwindled to 3.

The second provision concerns the tutorial plan, established in 1935, under which juniors and seniors in the College of Liberal Arts and Sciences with at least a "B" average have opportunities for independent study and investigation. In 1937 there were 18 enrolled under this plan; 4 in 1938; 8 in 1939; 3 in 1940; 2 in 1941; and 4 in 1942.

These provisions fall into insignificance as optional programs when we remember that almost 4,000 undergraduate students are enrolled in the College of Liberal Arts and Sciences.

There have been other modifications made in the curricula of the Colleges of Agriculture, Commerce, Engineering, Fine and Applied Arts, and the Schools of Journalism and Physical Education; also a Social Administration curriculum has been set up in the College of Liberal Arts and Sciences. While these are commendable, none of them has proved to be of major educational significance.

The Commission concludes, therefore, that although there has been no absolute deterioration in the educational program for undergraduate students, there has been neither foresighted planning nor constructive curricular program-making to meet the changing educational needs of the undergraduate student body.

## THE QUALITY OF TEACHING

As already stated, what the undergraduate students are taught and how they are taught constitute the two crucial considerations in the program of a university for such students. The first of these matters has been discussed under the general

---

<sup>7</sup>See University of Illinois Annual Register, 1941-42, p. 115.

consideration of curricula. Let us now turn to the second, under the discussion of teaching.

What constitutes good teaching? Who are the good teachers? Is it possible to determine with any considerable degree of objectivity whether undergraduate instruction is efficient? These and other kindred questions have been moot points for many years in the realm of undergraduate higher education. Wide differences of opinion still exist concerning them. Nevertheless, in recent years objective methods have been developed to determine whether instruction at this level is effective or not. These devices though not infallible are far more reliable than personal opinion. In spite of the fact, however, that such measures exist and that they have been applied with highly useful results, the idea is still prevalent in many quarters, especially among the members of faculties who themselves do the teaching, that the really important results of teaching cannot be measured.

Evidence in support of the point of view that quality of teaching can be objectively measured is to be found in the growing body of reports of experimentation in fields of instruction. These reports show that the results of learning differ when different teaching procedures are used.

Since what the student learns is the real end measure of the effectiveness of what he is taught, it is only reasonable that faculties both as individual members and as groups should inform themselves as to the best ways of measuring the results of their instruction, and for their own benefit as well as for the benefit of students make the best possible use of such information.

Throughout practically all the Commission's interviews with teaching, as well as with administrative, members of faculties the question was repeatedly asked: What is being done toward the evaluation of instruction? The replies given were almost wholly in the negative. A few exceptions occurred in a limited number of departments where it was reported that the teaching of graduate assistants had received special attention through periodic departmental staff conferences, to which assistants had been invited and where educational policies had been discussed. Furthermore, members of

the administrative staff indicated an awareness of this problem and the desirability of doing something about it.

It should be stated furthermore that the staff in the office of the Provost has in recent years made an approach to this problem by helping individual instructors when requested in the construction of examinations. But only a little of this work has been done thus far. Nothing precise or comprehensive has been achieved in evaluating instruction by the faculty as a whole, or in checking the results of instruction through student achievement tests which might be used as a basis of comparison with similar reports from other institutions of higher education.

This last fact is of peculiar significance since tests of student achievement with nationally established norms have been available and widely used among leading institutions of higher education since about 1925.

It is true that in 1939 the Senate Committee on Educational Policy completed a survey of all courses and curricula given at Urbana for the professed purpose of improving teaching effectiveness. This report resulted in a reduction of the number of courses offered and in the number of overlapping courses, but it did not result to any considerable extent in changing the content of the remaining courses. It is misleading, however, to consider this study and report as contributing directly to problems of teaching effectiveness. Of course, it is true that proper teaching depends upon a selection of proper materials to be taught, but it is a *non sequitur* to conclude that once the proper materials have been chosen, good teaching is thereby insured.

Finally, some credit must be given to the following activities of limited scope which have been carried on:

1. In the fall of 1938, the Provost's office of the University of Illinois was expanded to provide for consultation and assistance to faculty members in studying educational problems. The added staff included a consultant in higher education and several research assistants. Bibliographical materials as well as lists of syllabi were assembled, printed in mimeographed form, and made available to the staff members charged with developing the new courses in the General Division. They covered the general areas of the biological sciences, the physical sci-

ences, the social sciences, the humanities, general education, English, and philosophy and psychology. Two printed studies in higher education have already been published in the fields of English composition and examinations in law.<sup>8</sup>

2. The faculty of the University has for some years been interested in the problems of teaching rhetoric at the undergraduate level. One of the printed studies referred to above is a result of the cooperation of the office of the Provost with the English Department. The office of the Provost has been working on the preparation of objective type examinations and has been making studies of the testing of results of the instructional program, particularly in the Department of Chemistry.

3. Recently the staff of the office of the Provost has been working very intensively with the College of Agriculture, particularly in the Departments of Horticulture and Agronomy. Faculty meetings have been held in the College of Agriculture at which teachers have demonstrated or discussed teaching in agricultural engineering, dairy production, home economics, and agronomy. Experiments and studies which have to do with: (1) the mental level of the students, (2) the relation of subject matter to objectives, (3) methods of presentation, (4) methods of measuring results, and (5) physical equipment required for laboratory presentation<sup>9</sup> are being carried on by the office of the Provost in cooperation with the College of Agriculture.

4. In the College of Engineering two professors<sup>10</sup> have been attempting to devise a method of instruction that would result in a greater degree of creative effort on the part of a selected portion of students in a course than would normally be true, without increasing cost or decreasing effectiveness of instruction given to the general group of students. Normally, lecture groups run to 20 or 25 students. Experimental sections of

<sup>9</sup>"Examinations in Contract Law Courses," Studies in Higher Education No. 2, Office of the Provost, University of Illinois, Urbana. April 21, 1942.

<sup>10</sup>See Report of the Survey of Courses and Curricula of the University of Illinois by the Senate Committee on Educational Policy, 1939, p. 51.

<sup>11</sup>Jasper O. Draffin and Fred B. Seely, "Preliminary Results from Experiments in Teaching Mechanics," *Journal of Engineering Education*, XXXII (March, 1942), pp. 573-82.

about 40 students are being operated in Strength of Materials; at the same time there are sections of five or six selected students in this course and in Kinetics. Professors Draffin and Seely reported recently that "these sections have been in operation for three semesters and while the results have been most encouraging we do not feel that sufficient work has been done to warrant other than general conclusions; it is planned to continue these experimental sections."

In the Department of Theoretical and Applied Mechanics so-called discussion-demonstration sections were set up containing about 20 students and running parallel to the regular small-squad laboratory sections. The results of the discussion-demonstration work, when compared with the results of the regular lecture and laboratory sections on the basis of the examination papers of each group, have led Professors Draffin and Seely to conclude that their experiments show "that laboratory instruction can be carried out as effectively in large sections by the discussion-demonstration method as in small-squad sections only one-half as large."<sup>11</sup>

5. In 1942 the General Division of the College of Liberal Arts and Sciences employed a full-time examining technician. He is engaged in evaluating the work of the students of the General Division and in comparing their work with control groups in the regular curriculum of the College of Liberal Arts and Sciences. He is also engaged in the preparation of objective type examinations to be used in the survey courses of the General Division curriculum. Several preliminary reports have been published in educational journals and several mimeographed reports issued to the faculty.

6. Although it lies outside the scope of this study the Commission feels it pertinent to mention that the Executive Dean of the Chicago colleges reported to the Commission that definite progress is being made in physiology, anatomy, and bacteriology in setting up courses for groups of students from the Colleges of Medicine, Dentistry, and Pharmacy.

It will be said by some that one measure of the quality of teaching is the proportion of students who go on to do graduate work and the quality of their achievement as graduate students. There is some degree of truth in this assertion. The

---

<sup>11</sup>*Ibid.*

fallacies in it, however, lie first in the fact that many students who graduate do not go on to graduate work and should not do so, and second that over 60 percent of the students who are taught in the undergraduate courses do not even receive the baccalaureate degree. The measure of the quality of the instruction given both these groups must therefore be in terms other than their preparation to do graduate work.

It is the judgment of the Commission that the University of Illinois during the last decade has done far less than it should have done to provide means for adequate evaluation of its undergraduate instruction. As far as the Commission is aware, this does not represent a change in policy and from that point of view, therefore, does not constitute a deterioration on the part of the institution. Nevertheless, the means for such evaluation were greater in the last decade than they have ever been before in the history of higher education.

### QUALITY OF INSTRUCTIONAL MATERIALS AND FACILITIES

An institution of higher education may have well-organized curricula and may be intelligently sensitive to the proper instructional administration of these curricula, and still not be able to carry on its program as it should. Among the factors which directly bear on this situation are the kind and quality of the materials and facilities provided for instruction.

#### *The University Library*

In a modern university there is no instructional facility of any greater importance to the undergraduate as well as to the graduate student than the library. Any discussion of a university library naturally falls into two categories: library facilities and library service. Statistically it is a relatively simple matter to compare a university library with itself or with other libraries in the country provided figures are at hand. In size, as measured by the number of volumes, the library of the University of Illinois in 1930-31 ranked fifth with about 900,000 volumes (after Harvard, Yale, Columbia, and Chicago). In 1940-41, with about 1,265,000 volumes, the Illinois library ranked in the same order as far as size is concerned. The size

of library staff is another index. During this ten-year period the University of Illinois was able exactly to double its staff (from 69 employees to 138). The appropriation for salaries at the University library in ten years has increased from approximately \$165,000 to \$245,000. Appropriations for books, periodicals, and bindings have remained practically the same, around \$125,000 annually throughout the period.

Although the library does not keep its circulation statistics in such a way as to separate faculty use from student use, the average circulation per person has followed the same trends as those in a group of university libraries studied<sup>12</sup> over the ten-year period, 1927 to 1937. There is evidence to indicate that normally freshmen and sophomores use the library less than upperclassmen. With this in mind, the increased circulation per person in the University of Illinois library during the years in which the enrollment was rapidly expanding is a significant fact, since during that period the relative numbers of freshmen and sophomores in the institution were higher than previously. It might have been expected that the library circulation per person would decline. However, such was not the case.

A recent report<sup>13</sup> shows the locations of the leading collections for advanced study and research in American libraries. The American Library Association Board on Resources of American Libraries drew up a list of 75 subjects and asked approximately 500 authorities where, in their opinion, the best library collections are to be found. The following list contains the names of university libraries each of which was judged to have ten or more such collections: Harvard, California, Columbia, Michigan, Pennsylvania, Chicago, Yale, Cornell, Minnesota, Princeton, *Illinois*, Stanford, Duke, Texas, New York University, Wisconsin, North Carolina, Johns Hopkins, Washington, Iowa State College, Ohio State University, and Massachusetts Institute of Technology. In relation to other libraries in this group, Illinois stands eleventh. It must be noted, however, that this type of ranking on the basis of *number* of collections tends to give the advantage to large li-

<sup>12</sup>American Library Association: *College and University Library Service*, Chicago, 1938.

<sup>13</sup>Robert C. Downs: "Leading American Collections," *Library Quarterly*, XII (July 1942).

braries, simply because they have a better chance to have more mention by virtue of their size.

As far as service to students is concerned, it is of interest to note that the University of Illinois was the first institution in the country to establish a course for undergraduate students in the use of the library. This was done in 1897. It is still a flourishing course and many institutions have followed this lead. During the past ten years the University library has improved its services along lines of library films, service to visually handicapped students, the opening of browsing rooms in the two Union buildings, the compilation of a handbook for the use of undergraduates, and the setting up of traveling collections for the university community in Urbana. It is the judgment of the Commission that during the past decade the University library has held its own in the matter of size of collections and that services to students have increased in quantity and improved in quality.

### *The Building Program*

Perhaps the outstanding achievement of the present administration of the University of Illinois has been its building program which from July 1, 1933, to June 30, 1942, involved a total cost for new buildings and equipment of \$7,858,974. Of this total amount \$2,178,567 was spent for the Union Building at Urbana and men's residence halls. These buildings unquestionably contribute to the morale and general welfare of the student body. A further analysis shows that instructional activities benefited through the following items: first, through the addition to the library and the erection of Gregory Hall in Urbana at a cost of \$1,110,929; second, through the erection of the Natural Resources building at a cost of \$582,335 which released much valuable space for class and laboratory use at Urbana, which was formerly occupied by the two state surveys; third, through the erection of the Education and Research Laboratory building for the three colleges in Chicago at a cost of \$1,818,136; fourth, through the erection of the power, heat, and light plant in Urbana at a cost of \$1,685,934 which made possible the expansion of the physical plant for educational purposes to an extent which would have been otherwise impossible.

Although the Commission did not have the time to examine in detail the innumerable minutiae of material instructional facilities such as laboratory equipment, maps, and the like, nevertheless, on the basis of the information which it has, the Commission is of the opinion that the material instructional facilities are at least as well provided now as they were a decade ago.

## THE ATTENTION GIVEN TO NONFORMAL, NON-CURRICULAR ASPECTS OF STUDENT WELFARE

### *Student Housing*

Authentic history relates that the original dormitory of the Illinois Industrial University, the predecessor of the University of Illinois, was made uninhabitable in 1880 as a result of a storm. Since no money was forthcoming from the State at that time for its reconstruction, the University was compelled to open an agency for rooms in the Urbana-Champaign district. This, so the narrative states, proved a source of great concern both to those responsible for the administration of the University and to the parents of the students. Thus from the earliest days of the institution, student welfare has been a matter of administrative concern at the University of Illinois and student housing has been a major item in this concern.

Since the destruction of this first dormitory, the University never has been able to house all of its students in its own dormitories. The business brought to the university community by reason of the fact that so many hundreds of students must rent rooms in private residences has built up over the years an income of no mean proportions in the community and one which in more recent times has seemed to have its repercussions registered in the administrative policies of the institution itself.

Busey Hall was built in 1917. In the middle twenties Evans Hall was built and Davenport House acquired to house women students. With the exceptions of those who lived in these residences, however, the students of the University resided in private homes and ate in restaurants distributed over the entire Urbana-Champaign residence and business districts. The administration of the University was conscious of the problem of improving living conditions of students and in 1937 re-

requested an item in its legislative budget to enable the University to build men's residence halls on the campus. Suffice it to say that money requested for the dormitories was not appropriated by the General Assembly.

In 1935 the Board of Trustees established the University of Illinois Foundation.

. . . objectives may be summarized as follows: (1) to assist in developing the facilities of the University by encouraging gifts . . . , (2) to receive, hold and administer such gifts with the primary object of serving purposes other than those for which the State of Illinois ordinarily makes sufficient appropriations, (3) to act as the business agent of the Board of Trustees of the University in the performing of other services specified by them, and (4) to undertake such other enterprises as tend to promote the interests and welfare of the University."

By using this Foundation as a holding corporation, the University negotiated loans from life insurance companies, secured federal grants-in-aid, and gifts from the alumni and without appropriations from the General Assembly; in spite of opposition, it successfully financed men's residence halls, the student-faculty-alumni Union building at Urbana, and the student-faculty-alumni Union building in Chicago.

The erection of these buildings was far more significant than the mere additional accommodations they provided might imply. Previous to the opening of the men's dormitories, the University found it exceedingly difficult to set up and maintain minimum standards to be met by rooming houses in order for them to be placed on the approved list of the University. The opening of the dormitories provided these standards and gave a leverage for their enforcement. Thus the provision of University residences for men resulted in a general improvement of living conditions in the entire community. The Commission feels that the administration of the University has accomplished much in the direction of solving the student housing problem and recommends that the University work toward the establishment of a dormitory system which will more nearly take care of the housing needs of all its men and women students.

The opening of the Illini Union Building also had a broad

---

"See University of Illinois Annual Register, 1941-42, p. 425.

influence on student life by providing recreational and dining facilities which were previously available to students only under commercial management and frequently under disreputable conditions. The pleasures of the students were made sources of profit to the community. It is easy to see why the profit-seeking interests so vigorously opposed the erection of this center. It is quite as easy to see also why their chief interest, as long as the center did not exist, lay in the profits they could make rather than in the excellence of the services they could give.

The opportunities provided in this center, with its library browsing room, its center of art, its amusement rooms, its dining rooms, and its cafeteria, are a far cry from the conditions existing previously, and have inevitably led to an improvement in the morals as well as the morale of the student body.

Except for the establishment of rules and regulations governing conduct, institutions of higher education have not until recent years been willing to acknowledge and shoulder responsibility for their students' lives outside the classroom, laboratory, or library. Even today some institutions are unwilling to assume these obligations. But increasingly colleges and universities are recognizing that students are something more than minds to be trained. In making new facilities available to students, the University of Illinois publicly testifies that it recognizes the broad responsibility for the entire life of each student while he is living in the academic community.

### *Personnel Bureau*

In its report of June 1, 1936, the President's special Committee on Educational Program for Freshman and Sophomore Students recommended the establishment of a personnel bureau as part of the General Division of the College of Liberal Arts and Sciences. The Committee reported that it believed such a bureau would make possible:

1. The earlier adaptation of students to the University environment
2. The solution of a great variety of social, economic, and personality problems and maladjustments

3. Proper advice to, and if properly staffed, adequate treatment for, students who are so seriously maladjusted as to require psychiatric service
4. The promotion of more direct and personal contacts between students and the institution
5. An increase in confidence among parents that the University has a vital interest in their children as individual persons
6. A marked contribution to the program of extracurricular activities in so far as these are related to the *in loco parentis* functions of the University.<sup>15</sup>

In the spring of 1937-38, the Personnel Bureau of the College of Liberal Arts and Sciences was established

to provide students with educational and vocational guidance. . . . By means of scientific tests, conducted by staff members who are trained in psychological methods, an analysis is made of each student applying to the Bureau for assistance. The results of this analysis are interpreted to the student in private interviews with counselors, who are faculty members selected for service in the Bureau because of their understanding of student life. All students eligible to enter any college or school of the University may avail themselves of the services of this Bureau.<sup>16</sup>

This statement expressed the potential field of activity of the Personnel Bureau. It was not until July 1, 1942, that the Bureau was placed under the general administration of the office of the Provost and became a university-wide agency. During the fall of 1942 the Bureau began officially to extend its services to the other colleges of the Urbana campus and to select members of the teaching staff as part-time counselors. In the autumn of 1942 for the first time the Personnel Bureau's battery of freshman guidance tests was given to all incoming freshmen. Thus the original plan for the scope of the work of the Bureau was realized. In the judgment of the Commission, this was a definitely forward looking step.

### *The Reorganization of Student Affairs*

During the last decade the University has shown concern for student welfare in still another direction. In 1936 a recommendation, originating in the student body and coming from

<sup>15</sup>See Report of the Committee on Educational Program for Freshman and Sophomore Students, June 1, 1936, pp. 78-79.

<sup>16</sup>See University of Illinois Annual Register, 1941-42, p. 115.

the Senate Committee on Student Affairs, was made to the President of the University to set up an associated student body. The recommendation also carried a proposal for the appointment of a vice-president in charge of student affairs. The execution of this plan as recommended could not have been accomplished without considerable additional expense and major reorganization which at the time seemed neither feasible nor advisable to the administration. In spite of this, however, sentiment for an associated student body continued. Efforts on the part of the administration to secure a better organization of student affairs continued. For example, the number of individual student organizations has been reduced from about 300 to approximately 175.

During the summer of 1942 a report of the Senate Committee on Student Affairs for the reorganization of the Illini Union Board and the definition of its relation to other student activities was made. This report<sup>17</sup> included recommendations that: (1) "all activities of the Illini Union Board shall be subject to the approval of the (Senate) Committee on Student Affairs" (upon which sit members of the Student Senate, and, as *ex officio* members, the Dean of Men and Dean of Women); (2) "all financial and building management and operation policies shall be the responsibility of the Business Office and the Physical Plant Department"; (3) purpose of the Illini Union Board shall include (a) the "responsibility for administering all student activities of an all-University nature, for either men or women or both . . . plus other activities delegated to it by the Student Affairs Committee," (b) the "responsibility for organizing and directing a program of social activities for the faculty and alumni"; and (4) the personnel of the Illini Union Board consist of nine students (three men and two women selected by the Illini Union Board and two each selected by the Dean of Men's Council and the Woman's League respectively), three faculty members selected by the President, one representative of the alumni appointed by the President on nomination of the Association, the manager of the Illini Union, and the Social Director of the Illini Union.

<sup>17</sup>See Minutes of the Board of Trustees' Meeting, August 29, 1942, pp. 80-82.

After study by a committee of the Board of Trustees the proposed plan of reorganization was adopted by the entire Board at a meeting held on August 29, 1942. Thus, the Illini Union Board comes into the same relationship with the Committee on Student Affairs that the publication board, the concert and entertainment board, the Theatre Guild and all other major student activities bear to it.

This serves as an illustration of how interested groups have been able to effect a change in university policies and a reorganization in activities connected with the noncurricular aspects of the administration of student affairs.

Why was it possible to bring this to such a successful conclusion when, during at least a part of the period while this was going on, the attempt to set up a General Division in the educational organization of the University did not succeed?

Obviously one reason is that the plan which succeeded emanated in part from the student body and received continuing support from it. Another reason rests upon the following action taken by the University Senate on February 10, 1936:

Subject to such statements of policy as have been or may be adopted by the University Senate, the functions and duties of the Committee on Student Affairs shall be limited to those approved by the President, and in all its administrative actions the Committee shall be responsible to him.<sup>19</sup>

Thus this plan of reorganization was merely received for record by the Senate as a committee report and went directly to the President of the University. Finally, it seems not at all improbable that the real reason why the reorganization of student affairs was consummated with such dispatch was that it was a matter which could be handled administratively by the President of the University without the necessity for Senate action.

The Commission recognizes the difficulty under which the administration of the University has labored in recent years to provide for noncurricular aspects of its students' welfare. The Commission commends the administration of the University for its efforts in this direction and is of the opinion that substantial progress has been made toward the solution of the important problem of organization and administration of student

<sup>19</sup>See Minutes of the Senate of the University of Illinois, February 10, 1936.

affairs. As a further step in this program, the Commission recommends that the student administration setup be coordinated further and that the responsibility be centered in one administrator. This action would bring the University in line with a trend in many institutions to unify under a dean or director of student affairs the principal noninstructional activities that affect student welfare, such as those concerned with housing, social life, health, financial aid, and all-university counseling services.

The University of Illinois is in accord with the very widespread practice in institutions of higher education in making proper provision for the health of its students through University hospitalization service. As a matter of fact its service was the first of the kind in the country, having been founded in 1899. This service is available on a volunteer basis to students, nonteaching staff, and faculty members. The Commission commends the University in making these facilities available, but it strongly recommends that participation therein be made compulsory for the entire body of full-time students.

It is apparent to the Commission that important progress has been made at the University of Illinois since 1934 in student housing, the administration of student personnel work, the organization of student affairs, and the administration of general student welfare. The University can make still further progress in handling these matters by further coordination under a more centralized administration.

### THE QUALITY OF THE FACULTY

There is nothing more important to any institution of higher education than the persons who constitute its faculty. Their qualifications as scholars, as teachers, as students determine very largely the educational heights which the institution can reach or the depths to which it may sink.

Obviously the size of the teaching staff of a university is no index of the quality of the teaching carried on or of the qualifications of that staff for teaching. In order to compare the quality of the present faculty with that of 1934, it is necessary to choose some measures or indices. Further, these indices must be limited to those items upon which data are available for 1934 and for the present period. With these limiting factors in mind the Commission has chosen as indices of

faculty quality: (1) the degrees held, (2) the institutions at which the degrees were obtained, (3) the distribution of the faculty among the several possible ranks, (4) the scholarly productivity of the faculty, (5) their ratings on a national basis, (6) their salaries, (7) the relative importance of scholarship and teaching ability, (8) faculty morale, and (9) the ability of the University to hold and attract outstanding talent.

### *Degrees Held by Faculty Members*

In 1934-35 faculty members of all ranks held degrees as follows: doctor's 37.7 percent, professional 9.5 percent, master's 40.5 percent, bachelor's 11.7 percent, and none .6 percent. In 1941-42 the relative number of those holding the doctor's as the highest degree was 41 percent; the professional degree, 4 percent; the master's degree, 35 percent; the bachelor's degree, 19 percent; and those holding no degree, .6 percent. A study of these figures year by year indicates a consistent increase in the percentage of individuals holding doctor's degrees with the exception of the year 1936-37 when the percentage dropped. This drop is probably to be explained by the facts that the staff had increased in absolute numbers from 778 members in 1934-35 to 936 in 1936-37, and that, of the 158 teaching staff members added between 1934-35 and 1936-37, 109 were assistants, 19 were instructors, 3 were associates, 7 were assistant professors, 7 were associate professors, and 13 were professors. Obviously, when the number of graduate assistants is increased by 109, this means a decrease in the percentage of individuals holding doctor's degrees since the assistants do not possess such degrees.

As far as the holding of a doctor's degree or its equivalent is a measure of the quality of a faculty, it may be stated that the quality of the teaching staff of the University of Illinois has not deteriorated since 1934 but, on the contrary, its quality has improved.

### *Institutions at Which Degrees Held by Faculty Members Were Obtained*

The appointment of a high percentage of individuals to permanent positions in the same institution where they have had their higher education does not make for a cosmopolitan

faculty. This inbreeding may easily lead to institutional provincialism. Any institution of higher education needs new blood constantly added to its faculty in order to obtain that stimulation which comes from the thinking of other academic groups.

A study of degrees held by individuals of the rank of associate and above in 1934-35 on the Urbana campus of the University of Illinois reveals that 38.5 percent of them had at least one degree from the mother institution. The corresponding figure for 1941-42 is 39.6 percent. When the particular academic ranks are scrutinized we find that in 1934-35, 26.9 percent of the professors hold some degree from the University of Illinois and in 1941-42 this figure is 36.8 percent. In 1934-35, 51.2 percent of the associate professors held some degree from the University of Illinois while by 1941-42 the figure had decreased to 36.8 percent. In 1934-35, 39.0 percent of the assistant professors held Illinois degrees and by 1941-42 the percentage had increased to 47.3 percent. In 1934-35, 56.4 percent of the associates held degrees from the University but by 1941-42 the figure had decreased to 37.5 percent. When the rank of instructor is examined as a group a very striking contrast between 1934 and 1942 is found. In 1934-35 there were 64.3 percent of the individuals of this rank who held some degree from the University of Illinois while in 1941-42 only 36.2 percent of the instructors were graduates of the mother institution.

An examination of the sources of degrees held by persons on the Urbana campus of the rank of associate and above by *colleges* reveals that the College of Liberal Arts and Sciences has by far the most cosmopolitan faculty and that the 1941-42 figure in that college on individuals holding all degrees from institutions other than the University of Illinois was 72.9 percent while in 1934-35 it was 72.4 percent. Next in order is the College of Engineering with 52.9 percent in 1934-35 and 60.9 percent in 1941-42. Agriculture has the largest relative number of teachers with degrees from Illinois: 65.8 percent in 1934-35 and 64.9 percent in 1941-42. Trends in the Colleges of Education and Commerce are in opposite directions in the two schools. In Education in 1934-35 there were 53.3 percent of the individuals in the ranks under discussion who

held degrees from Illinois whereas in 1941-42 the figure had decreased to 46.2 percent. In Commerce in 1934-35 the corresponding figure was 50 percent and in 1941-42 it was almost 60 percent.

It is significant that, although the amount of inbreeding for the whole group has changed very little since 1934-35, the relative number of Illinois-trained individuals occupying senior positions in the faculty has greatly increased. In view of the fact that under the present organization at the University of Illinois the senior faculty members have such a large part in the determination of educational policy, it seems to the Commission that in the appointment of individuals to permanent faculty rank there should be a wider selection on the basis of the sources of the degrees obtained.

#### *Distribution of the Faculty Among the Several Possible Ranks*

One index of the quality of a faculty is generally acknowledged to be the distribution of its personnel among the several possible ranks within it. That is to say, there should not be too many persons in any one rank.

Save for the inevitable reduction in both student body and teaching staff during the depression years, the staff grew steadily from 1923 up to 1941-42. In comparison with certain selected state universities, the ratio of teaching staff to students is somewhat higher at the University of Illinois. It was reported that an effort is being made at the University to reduce the ratio of students to teaching staff members. This is borne out by the fact that although 1938-39 was the peak enrollment year, 1941-42 was the peak staff year. Obviously significant changes in the size of the student body have resulted in correspondingly significant changes in the size of the teaching staff, a fact which is to be interpreted as good university management.

To avoid the cost of adding full-time instructors, and at the same time to provide enrollment for the Graduate School, the University has engaged graduate assistants to whom were assigned many of the duties normally performed only by full-time members of the teaching staff. In some departments these assistants have responsibility for a large percentage of ele-

mentary instruction. In others they act as quiz masters and laboratory assistants. During the decade from 1923 to 1933 the percentage of assistants in relation to full-time members of the instructional staff varied from 28.5 percent in 1923 up to 34.5 percent in 1929. During the depression years this figure dropped to 24.3 percent. During the peak enrollment years of the past decade this figure reached a high of 29 percent but since that time has steadily decreased to 24.5 percent in 1941-42. The relative number of assistants on the teaching staff in 1941-42 was lower than at any time since 1923-24 with the single exception of 1933-34, at which time the figure was only .1 percent lower than the 1941-42 figure. The University administration is fully conscious of the dangers of assigning teaching responsibility to inexperienced personnel whose primary interests, for the time being at least, are directed toward the securing of advanced degrees. The figures make it fully evident that there is a studied administrative policy at the University of Illinois directed toward the reduction of the number of graduate assistants used in teaching. The Commission commends the administration on this policy.

#### *Scholarly Productivity of the Faculty*

Another index of the quality of a faculty is its scholarly productivity. With the exception of a single year, there has been a steady increase in the volume of books, articles, and reviews published. This exception was the year 1938-39, which may be explained by the fact that the rapidly accelerating university enrollment reached its peak that year.

The total volume of these publications increased from 991 in 1933-34 to 1,584 in 1940-41. Since the staff also has increased during this period a better measure is the ratio of publications to staff. The number of articles, books, and reviews published by members of the faculty of professorial rank has increased from an average in 1932-33 of 2.8 to an average of 3.8 per staff member in 1940-41.

Obviously, a question could be raised regarding the quality of the publications just reported in quantity only. The Commission is fully aware that no consideration has been given to this factor, nor was it possible within reasonable limits of time available to make such a study. Hence, the conclusion can take

into account volume only and say that in so far as this is a criterion of the quality of a faculty, the faculty of the University of Illinois has not deteriorated but, on the contrary, has improved since 1934.

### *Faculty Ratings on a National Basis*

It will be recalled that the Hughes Report<sup>19</sup> on graduate instruction, made in April 1934, contained the judgments of well-known scholars in various fields concerning the rating of departments in various universities with respect to the adequacy of the staff and equipment to prepare candidates for the doctorate. This report rated departments as approved or not approved. The 20 percent of the institutions rated highest for any given department were starred for this department. Out of 29 departments passed upon at the University of Illinois, 28 were given a rating of "approved," four among the 28 approved were starred. These four departments named in order as rated by the report were chemistry, civil engineering, political science, and mathematics.

In order to obtain a comparison between 1934 and the present the Commission felt it wise to take a sampling of the departments at the University of Illinois and request contemporary opinions of eminent scholars in the fields concerned as to whether these departments at the University of Illinois are today: (1) about the same as, (2) better than, (3) not so good as, they were about ten years ago. Twelve departments were chosen and from nine to twenty-three judges were asked to rate the departments. An excellent response was received from this inquiry. To 138 letters written, 120 replies were received and only nine individuals who replied declined to rate the departments as requested. The Commission does not for one moment assume this gives results comparable in reliability with the Hughes Report. Nevertheless, the results are at least indicative of what would likely be found by a more comprehensive study.

Of the four departments rated as outstanding in the Hughes Report, three were rated as being currently about the same as

---

<sup>19</sup>"Report of the Committee on Graduate Instruction," *Educational Record*, XV (April 1934), pp. 192-234.

they were then, and the fourth one, that of chemistry, was rated as being better. Of the remaining eight departments selected by the Commission, two (agronomy and psychology) were judged better than they were ten years ago, while the other six (bacteriology, economics and business, education, history, mechanical engineering, and zoology) were rated as about the same.

The above ratings really constitute indices of the graduate standing of the departments named as judged by a limited number of persons.

There are two well-established and highly regarded publications of biographical sketches of individuals who for one reason or another are considered to be of national reputation: *Who's Who in America* and *American Men of Science*. In so far as listing in these volumes can be regarded as an index of reputation on a national scale, listing in them of the members of the faculty of the University of Illinois may be used as one criterion by which to compare the faculty of 1934 with the faculty of today.

In 1934-35, out of 323 persons of professorial rank on the Urbana campus, 118 or 36.5 percent were listed in *Who's Who in America*. In the current edition, of 437 persons of professorial rank, 134 or 30.7 percent were listed.

There have been six editions of *American Men of Science* published between 1906 and 1938. In this publication names of especially prominent persons are starred. Of the 25 University of Illinois faculty members on the Urbana campus starred in the 1933 edition: 5 were listed in 1906; 4 in 1910; 5 in 1921; 4 in 1927; and in 1933 there were 25; in addition, there were 175 simple listings in 1933 making a total of 200 listings in that year. In the last edition (1938) there were 174 simple, unstarred listings from the staff of the University and 32 starred, making a total of 206 listings.

The size of the faculty, however, has increased approximately one-third since 1934. Therefore, the relative number of faculty members listed from that date to 1942 in *Who's Who in America* has decreased appreciably. And, although the absolute number listed in *American Men of Science* from 1933 to 1938, the latest edition of that volume, has increased

slightly, the percentage listed has decreased. The net relative standing, therefore, of the faculty in terms of these limited criteria is slightly lower now than it was in 1934.

### *Salaries Paid Faculty Members*

Another index of faculty quality is the salary scale which an institution maintains. This is true for two reasons: It determines: (1) the power of an institution to hold its younger and developing men, and (2) the ability of an institution to attract scholars who have already attained eminence elsewhere. Exclusive of administrative officers, the average salary paid full professors at the University was \$5,716 in 1932-33. By 1934 this average had fallen to \$4,869. This decrease is a direct result of a series of salary cuts put into effect during the depression years and reflects a condition almost universal in the universities of America. There has been a steady increase in the average salaries paid professors, from \$4,967 in 1935-36 to \$5,389 in 1941-42.

The United States Office of Education has recently issued figures on the median salaries of the five largest land-grant institutions for 1935-36 and for 1939-40. Since Illinois is one of this group, its median salaries may easily be compared with those of its sister institutions. For its regular teaching staff, salaries at the University of Illinois in 1935-36 at every rank level were consistently slightly above the median of the five institutions taken as a group. The same was true in 1939-40, with the exception of instructors' salaries which were about \$25 under the median of the instructors' of the five institutions taken together.

To be sure, the salaries at the University of Illinois are not up to the predepression level (in 1932-33), but it is also evident that other state universities of similar rank have also been unable fully to restore the cuts made during the depression. The present salaries of the instructional and administrative staffs at the University of Illinois compare favorably with salaries paid similar personnel at other state universities.

A careful examination of salaries at the University reveals that there are two and sometimes three typical salaries within a given rank. There is also a tendency to establish maxima for the various ranks. The Commission is of the opinion that

it is good institutional policy not to set up a rigid salary scale, and believes that it would be well to maintain a flexible salary scale in order to hold promising individuals of less than full professorial rank and to attract and hold distinguished persons.

### *The Relative Importance of Scholarship and Teaching Ability*

The relative importance of scholarship and teaching ability among faculty members has been much discussed by educators. On the whole there has been a tendency to emphasize scholarly productivity to the detriment of undergraduate instruction. Younger men who early learn that their promotion lies only along the road of scholarly productivity, tend to bury themselves in these pursuits instead of interesting themselves in the improvement of instruction, or of providing for the changing educational and social needs of the undergraduate students. This condition, coupled with the fact that such matters of educational policy lie almost wholly in the hands of the full professors, is another factor in the younger man's dissociating himself from anything but a life devoted to scholarship and research in which his teaching, particularly at the undergraduate level, becomes simply a means to earn a living.

The time has come when the University ought to find a place for the man who is interested primarily in teaching, and should make it possible for good teachers to achieve careers which are recognized by the administration and by faculty colleagues to be of as high professional standing as careers of teaching plus research.

The Commission has no evidence which would justify the conclusion that the undergraduate teaching in the University is inferior today to what it was in 1934. At the same time it would be a dereliction not to call attention to the facts that teaching which was good in 1934 will not meet the instructional needs of today as well as it did at the previous date, and that one of the present pressing needs of the University is improvement in its undergraduate instruction.

### *Factors Affecting Faculty Morale*

Three factors of great importance in determining the morale of a faculty are: first, that members shall be able to carry on their normal work of instruction, research, and production

without undue restrictions; second, that they may carry on their work in the full realization that their tenure will be continued under proper safeguards; and, third, when the period of their effective activities draws to a close they will be assured adequate income for the remainder of their lives.

The first of these factors was investigated in interviews with members of the staff. In these inquiries an attempt was made to learn whether there had been any infringement upon the academic freedom of faculty members. The Commission failed to find any instance of interference with the teaching duties and privileges of a member of the faculty. It did discover one case where a member of the faculty had been advised to modify his outspoken statements to public audiences upon certain phases of the present world situation. Since this incident took place before the United States was officially engaged in the war, it seems to the Commission that this constituted at least a near infringement upon academic rights. This was the only instance the Commission found where it would appear that there were restrictions to academic freedom.

Tenure is provided for in a statute of the University adopted in 1932 wherein provision is made for the appointment of professors and associate professors for indefinite terms. First appointments at the University to professorships and associate professorships may be for limited terms, but re-appointments following shall be considered as for indefinite terms.

Appointments below the rank of associate professor are made for definite terms. Tenure may be terminated by: (1) honorable retirement, (2) acceptance of resignation, or (3) discharge for cause. Cause for discharge will consist of conduct seriously prejudicial to the University through deliberate infraction of law or commonly accepted standards of morality, through neglect of duty, or inefficiency, or incompetency. No appointee shall be removed before the expiration of his term of service without first having been presented with a written statement containing the charges against him together with a summary of the evidence in support of the same. After the presentation of charges he shall have the opportunity of a hearing before the Board of Trustees.

The provisions with respect to tenure were inaugurated just prior to the period which this study has under immediate consideration. Their operation, however, has fallen almost entirely within this period and has contributed directly to the faculty morale existing within the same time.

With respect to retirement of its faculty members the University of Illinois did not have the best plan prior to September 1, 1941. Up to that time it was operating upon the so-called Kentucky plan under which retirement allowances were paid wholly out of current revenues. Under this plan any member of the teaching, administrative, or mechanical staff, who had been in the service of the University for fifteen or more years (at least the last seven of which was continuous service), was eligible for retirement at age 68 with a retirement allowance equal to 25 percent of the average annual cash portion of the compensation paid him during each of the last five years prior to his retirement, together with 1 percent of such average amount additional for each year of his service at the University. The maximum payment, however, could not exceed 30 percent of such average amounts and could not be greater than \$3,000 a year, except that deans or other general administrative officers could receive a maximum of \$4,000 and a president, \$6,000.

In addition, cash death benefits were to be paid upon a sliding scale of 10 percent of the cash portion of the individual's annual compensation if death occurred during his second year of service up to a maximum of 50 percent of the cash portion of his annual compensation if death occurred during the tenth or any succeeding year of his service.

In 1941 the University sponsored an act to provide for the creation, maintenance, and administration of a retirement system for the benefit of staff members and employees of the University and of certain other state educational and scientific agencies. This act was passed by the Sixty-second General Assembly on July 21, 1941, and made effective as of September 1, 1941. The purpose of the act was to provide retirement annuities and disability and death benefits for staff members and employees of the University, of the state teachers colleges, and of the state scientific surveys at the University. This is a funded, contributory, compulsory system for all employees

of age 30 or over, certified by their employers as being under permanent and continuous employment. Other employees may elect to participate in the system.

The retirement system is administered by a board of trustees consisting of five persons, three of whom must be members of the Board of Trustees of the University of Illinois and chosen by that Board, one of whom must be a member of the Normal School Board and chosen by that Board, and one of whom is *ex officio* the State Director of Registration and Education.

It is the judgment of the Commission that in the provisions which the University has set up concerning academic freedom, tenure, and retirement, the University of Illinois has made decided progress in the last decade and should be distinctly commended.

#### *Ability to Hold and Attract Talent*

The Commission has fortunately been able to secure some additional light on the quality of the faculty through finding out, first, why some persons left positions on the faculty of the University of Illinois and, second, why some persons who were offered positions there did not accept them.

Although information was secured from only a limited number of persons, it was consistent in nature and therefore seemed sufficiently significant to include here.

Individuals who have left the University of Illinois, when consulted by the Commission, stated that they felt that younger men have very poor chances for advancement in rank and salary until they have been on the faculty for a long time; that advancement comes only as a result of productive scholarship no matter what kind of teaching is done; and that the institution is run by the senior professors in such a way as to exclude younger men of the lower ranks from participation in policy making.

The reasons given to the Commission by persons who had refused offers of positions at the University of Illinois were that there is a lack of dynamic educational leadership in the institution; that the conservative and sometimes reactionary senior professors and administrators, although few in numbers, have such strong influence on policy making that the University is not a desirable place at which to work; that the ad-

ministration lacks the ability to obtain wholehearted support for new programs; and finally that the inertia of the educational policy-making setup is such that simple reforms can be effected only over a period of years.

The quality of the faculty has been reviewed with regard to (1) degrees held, (2) institutions where degrees were obtained, (3) distribution of the faculty as to ranks, (4) scholarly productivity, (5) ratings of individual members, (6) salaries paid, (7) relative importance of scholarship and teaching ability, (8) faculty morale, and (9) the ability of the University to hold and attract outstanding talent. A careful appraisal of these factors reveals that the University has improved significantly in some respects, that it has maintained the status of 1934 in others, and that it has fallen slightly below the standard of 1934 in still others. Considering the total situation with regard to faculty quality, however, it is the opinion of the Commission that that situation in the University is no worse than it was in 1934.

## THE GENERAL CHARACTER AND DIRECTION OF THE EDUCATIONAL PROGRAM

The University of Illinois started in 1867 as a small institution with about fifty young men students, three teachers, and a "herd farmer." One of the teachers was its Regent, Gregory. During its early struggles for existence, there was little need for faculty organization when food, shelter, and clothing were uppermost problems. Early law defined the faculty as "the chief instructors of the departments." As the University passed through the administrations of Gregory and Peabody, and came to that of Draper, who was an administrator more than a scholar, it began to find itself and take its place in the life of the State. Draper had trouble with his Board of Trustees who interfered with the internal administration of the University. At his instigation, the Board in 1898 passed resolutions clarifying its relations to the President and the University.

At the opening of the century the enrollment had almost reached 3,000 and the faculty about 250. As an administrator, Draper saw the need for getting an all-university body of faculty members to work on educational policy. As a result a University Senate of full professors was organized in the fall

of 1901; thereby the principle of democratic control of educational policies was openly recognized and adopted.

Unfortunately the principle of democratic control which was adopted in 1901 has since become in practice control by the full professors of the faculty. The manner in which this practice has developed will be best understood by discussing in some detail the steps which have taken place in the organization of the University since 1901 and by pointing out in this discussion some of the changes that might now be made in order to revivify the democratic principle. This discussion will deal explicitly with the organization of the department, the college faculty, the graduate faculty, and the University Senate.

### *The Department*

The University statute covering the organization of a department was first adopted in December 1908 and remained unchanged in the revision of December 1926. It provides that the ranking professor of the department shall, unless otherwise directed, be head thereof, "and, subject to superior authority as to policy and course of procedure, he shall be responsible for the quality and efficient work of the department, and all subordinates in the department shall conform to his views touching departmental policy, while they may exercise their own originality and genius in carrying such policy out."<sup>20</sup> The Statutes further specifically state that subordinates in a department and particularly *associate professors* are entitled to offer to the head professor thereof such suggestions as they may see fit concerning the general policy of the department. But the final determination of that policy "shall rest with the head thereof and with the authorities superior to him." It provides that the department head shall "make all departmental reports, prepare estimates for the expenses of his department and be responsible for the distribution and expenditure of funds assigned to it."

The Statutes approved in March 1936, however, make a radical departure from the earlier ones. First, they provide that a department may be organized with a chairman or with a head. The latter form of organization provides that "the head

---

<sup>20</sup>See University of Illinois Statutes, December 1926, p. 4.

of a department shall be appointed on indefinite tenure by the Board of Trustees on nomination presented by the President after consultation with the dean of the college and all the members of the department of professorial rank."<sup>21</sup> Further it is provided that

In each department organized with a head, that officer shall have general direction of the work of the department. He shall consult with the other members of the departmental staff on indefinite tenure, or with the heads of the several divisions, organized as an advisory committee, in regard to the departmental policies, and with each member of the department regarding the nature and scope of the work in his charge. He shall call meetings of the departmental staff for explanation and discussion of policies, educational procedure, and research. The head shall be held responsible, however, for the organization of the work of the department, for the quality and efficient progress of that work, and for the formulation and execution of departmental policies, and the execution of university and college policies in so far as they affect the department. He shall report on the teaching and research of the department, have general oversight of the work of students in the department, prepare departmental budgets, and be responsible for the distribution and expenditure of departmental funds, and for the care of departmental property.

In the administration of his office the head shall recognize the individual responsibility of other members of the department for the discharge of the duties committed to them by their appointments, and shall allow proper scope to the ability and initiative of all members of the department."<sup>21</sup>

[The chairman of a department is] appointed biennially by the Board of Trustees on nomination presented by the President after consultation with the dean of the college and the executive committee of the department concerned.

In each department organized with a chairman, the voting faculty shall consist of the instructors, associates, assistant professors, associate professors, and professors. In consultation with the executive committee the chairman may invite other persons to attend departmental meetings.

In each department organized with a chairman, there shall be an executive committee composed of men of the rank of assistant professor or above elected annually by the voting members of the department. The chairman of the department shall be *ex officio* a member and the chairman of this committee. The chairman and the executive committee shall be responsible for the preparation of the budget and for such matters as may be delegated to them by the voting faculty of the department. . . .

<sup>21</sup>See University of Illinois Statutes, March 10, 1936, p. 5.

In each department organized with a chairman that officer is responsible for the formulation and execution of the departmental policies and the execution of university and college policies in so far as they affect the department; he shall have the power to act independently in such matters as are delegated to him by the executive committee; . . . The chairman together with the executive committee is responsible for the work of the department and for the quality and efficient progress of that work.

In the administration of his office the chairman shall recognize the individual responsibility of other members of the department for the discharge of the duties committed to them by their appointments, and allow proper scope to the ability and initiative of all members of the department."

The Statutes of 1936 provide further:

On the written request of at least one-fourth of the members of the department of the rank of assistant professor and above . . . to change the form of organization of the department, it shall be the duty of the dean to call a meeting to poll by ballot the members of the department of the rank of assistant professor and above, and transmit the result of the vote to these members of the department and to the President together with his recommendation, and if a change of organization is advised, the President shall thereupon make a recommendation to the Board of Trustees."

In no college of the University have any departments been organized on the basis of chairmanship, other than in the College of Liberal Arts and Sciences. At present the Departments of Classical Languages, Political Science, Social Administration, and Sociology are organized with chairmen. The Department of History has just changed from chairmanship to headship after having had a chairman for something more than one year. The Department of Zoology was organized under a chairman for about a year and a half and now has returned to the headship plan. Similar changes have occurred in some other departments.

#### *The College Faculty*

In the University Statutes as adopted in December, 1908, it was provided:

The faculty of each college or school may exercise legislative functions touching any matter appertaining exclusively to the internal work of that college and the progress of students therein. It shall not, however, have authority to take away from any student any University privilege, nor shall it do anything trenching upon the executive

<sup>22</sup>*Ibid.*, pp. 4-5.

<sup>23</sup>*Ibid.*, pp. 5-6.

duties of the dean. It must be understood that the college organization is only for convenience within University circles, and that no college shall take action not well supported by rule or usage for which the general officers of the University may be called upon to answer. All matters of general policy, or matters involving the interests of outside parties, must be determined by general University authority."

No change was made in the revised statutes issued in December 1926, with reference to the college faculty other than the insertion of the statement "nor shall it take action rendering nugatory any action of the University Senate."<sup>25</sup>

About ten years later, in the Statutes approved March 10, 1936, it is provided:

The [college] faculty shall consist of the President, the dean and the assistant dean of the college, and all professors, associate professors, assistant professors, associates and instructors within the group it comprises, together with a representative of each such other department or group as may be entitled to representation by virtue of participation in the program of instruction in the college, and finally such other officers of the University as the President may assign thereto."<sup>26</sup>

No change has been made in the jurisdiction of the college over its own educational affairs. The current Statutes also state that "the college shall have the fullest measure of autonomy consistent with the maintenance of general University educational policy and correct academic and administrative relations with other divisions of the University."

The Statutes of 1936 further provide:

There shall be an executive committee of two or more members, composed of or selected from the professors and associate professors in the college, elected annually by the faculty, to advise the dean in the administration of the college and to transact such business as may be delegated to it by the faculty. The dean shall be *ex officio* member and chairman of this committee."<sup>27</sup>

The executive committee is the only committee prescribed by the University Statutes for the college. In actual practice, however, most of the colleges of the University have, in addition to their executive committees, certain other standing committees, chief among which is the college policy committee. There are other standing committees found in the

<sup>25</sup>"Revision of University Statutes," December 28, 1908. *Transactions of the Board of Trustees, University of Illinois*. Vol. 8, p. 62.

<sup>26</sup>See University of Illinois Statutes, December 1926, p. 5.

<sup>27</sup>See University of Illinois Statutes, March 10, 1936, p. 3.

<sup>28</sup>*Ibid.*

colleges such as scholarship, freshman week, exhibits, lectures, admissions, library, employment and placement, honors, graduate studies, programs, curriculum, and the like. Of course, numerous special committees have been appointed as needs arose.

Regular faculty meetings are held, the times varying among the colleges from annual to weekly. Statements made by several heads of the colleges in November 1935,<sup>28</sup> relative to the percentage of faculty time devoted to various matters show the following ranges: routine administration from no time to 70 percent of the time, the average amount being about 23 percent; legislation regarding educational policies from 25 percent to 90 percent of the time or an average of about 65 percent. No time is devoted to student discipline in the college meetings since that is a University Senate affair. About 10 percent was the average remaining time and was devoted to the discussion of matters related to faculty welfare. Statements from the relatively few faculty members recently heard by the Commission indicate that much less than 50 percent of the time in college faculty meetings is devoted to discussion of educational policy. It also appears that, as reported by some assistant professors, the really important discussions of educational policy are held in the college policy committees rather than in general college faculty meetings.

Since these committees seldom include junior members of the faculty, it is obvious that such members do not have adequate opportunity even to discuss in formal session educational policies affecting the schools where they teach. Furthermore, as has already been pointed out, since some of the recommendations most significant for educational progress in the University have emanated from these junior members, the institution could well profit by placing such members on their college executive committees.

### *The Graduate School Faculty*

The current Statutes provide:

The teaching faculty of the Graduate School shall consist of the President, the Dean and all those who, on recommendation of the de-

---

<sup>28</sup>See Schedules of Information prepared for the North Central Association of Colleges on file in Chicago office.

partment, have been approved by the executive faculty of the Graduate School to be in independent charge of courses designed for graduate students or of theses to be submitted for higher degrees.

The executive faculty shall consist of ten or more members chosen annually from the teaching faculty and the Dean who shall be *ex officio* a member and chairman of the executive faculty. Of this number, the teaching faculty shall elect three, and the remainder shall be appointed by the President in consultation with the Dean and the three members elected by the teaching faculty. The executive faculty shall advise the Dean in the administration of the school.<sup>29</sup>

There are usually two committees of the executive faculty of the Graduate School: one on graduate scholarships and fellowships,<sup>30</sup> and another on staff and courses.

The Committee on Staff and Courses recognizes three types of appointees to the graduate faculty. *First*, there are extraordinary appointees, usually a few of the younger staff members authorized to give specific courses. In such cases it is the problem of the Committee to determine whether the staff member in question is competent to take full responsibility for a particular course. Persons elected to this class of membership are not considered regular members of the Graduate School teaching faculty. There is a *second* group of appointees composed of those who are considered regular members of the teaching faculty and are elected to what is called master's degree standing. Such persons are authorized to take responsibility for any part of a student's work in candidacy for a master's degree including the direction of the work on the master's thesis. They may also teach other suitable courses assigned to them by the departments and receive into those courses persons who are working toward the doctor's degree. They may not, however, guide the program or direct the investigation of candidates for the doctor's degree. Here it is the Committee's responsibility to determine whether an individual offered for such appointment has the intellectual and scientific or scholarly achievement which would justify putting such responsibility into his hands.

*Third*, there are those who are elected to full standing on the Graduate School teaching faculty. Such persons are authorized to teach courses at any level and to be responsible for any aspect of the graduate training of a particular student.

---

<sup>29</sup>See University of Illinois Statutes, March 10, 1936, p. 6.

<sup>30</sup>See page 35.

In electing anyone to this standing it is the responsibility of the Committee to make a careful scrutiny of his intellectual achievements and of his demonstrated ability not only to do research and investigation of an excellent character, but also to train and direct other persons who are acquiring the ability and skill to carry out scientific research or scholarly investigation.

The recommendations of the Committee on Staff and Courses, regarding admission to the teaching of the Graduate School, are subject to the approval of the executive faculty of the Graduate School.

### *The University Senate*

In 1901 the University enrollment stood at about 3,000. In that same year the Board of Trustees passed a resolution amending the University Statutes and setting up a University Senate composed of full professors, ranking department heads, deans, and the President. Previously the general faculty of the University, defined as all persons who gave instruction in any department of the University together with administrative officers, had exercised general legislative functions touching the educational policy of the University. Thus, in the thirty-fifth year of its existence, the University of Illinois formally handed over the formulation of its educational policy to the senior members of its faculty.

Throughout the history of the University there has been consistent emphasis upon rule by the senior professors. Under the earlier Statutes the ranking member of a department was automatically its head. As the University grew, and its colleges, schools, and departments increased, the development of the Statutes show a continued adherence to this rule of seniority. The trends disclosed by the history of the organization of the University naturally resulted in the organization of a Senate composed of full professors. This organization still obtains.

The college executive committees must be selected from the full and associate professors. In departments organized with chairmen, the departmental executive committee must be composed of men of the ranks of assistant professor, associate professor, or professor. In the case of a department organized

with a head, he shall consult with the other members of the departmental staff who are on *indefinite tenure*; that is to say the associate and full professors.

During the first year of the administration of President Chase he wrote a letter to the University Senate asking that it devote its attention to the making of a "comprehensive study of the general educational organization and administration of the University." The Senate went to work on its task at its meeting on December 1, 1930, by appointing a Committee of Nine to make the study and present it for the Senate's consideration. The Committee of Nine set up fifteen subcommittees to work on various aspects of the problem and itself set to work on the revision and amplification of the University Statutes.

The Committee worked throughout the remainder of the academic year 1930-31. The proposed Statutes were submitted to the Senate during the spring of 1931 as the Committee of Nine completed sections of its work. Subsequently, at meetings of the Board of Trustees in September and November of 1931 and May of 1932 these Statutes were approved.

From time to time there have been efforts to permit a larger opportunity to members of the faculty of less than full professorial rank in the formulation of educational policies. For example, one of the original recommendations of the Senate Committee of Nine (charged among other things with the redrafting of the University Statutes) was that the University Senate membership be expanded to include assistant and associate professors. For this proposal, however, to get before the President and hence to the Board of Trustees, it was necessary for the Senate (composed of full professors) to approve the recommendation. This approval was not forthcoming.

The Commission has interviewed a number of individuals of less than full professorial rank and has conferred with persons formerly on the faculty of the University of Illinois and with administrative officers at the University. It has heard opinions on both sides of the issue. Some administrators have expressed themselves as being in favor of representation on the University Senate for assistant and associate professors. Most of the persons of less than full professorial rank interviewed by the Commission have been of the same opinion.

From its study the Commission has received the impression that in general the younger men feel themselves left without the opportunity to make themselves heard or to participate in discussion or legislation regarding educational policy, both in the college and in the Senate. The Commission is of the opinion that the government of the faculty may be characterized as an Athenian democracy, a rule of the elders. It is further of the opinion that the present organization actually weakens the operation of the University by excluding representation of such a large portion of its teaching body from deliberations and legislation concerning educational policy.

As already stated, the pattern of organization and administration of the educational program of the University was set some decades ago and has been consistently followed in its main outlines for a considerable time preceding the present administration. There has, therefore, been no important change in this respect during the present administration. However, as already pointed out, the Commission is strongly of the opinion that this pattern needs modification in the direction of those of full professorial rank sharing organizational and administrative responsibilities with faculty members of lower rank. This comment holds true with reference to graduate as well as to undergraduate levels.

### THE QUALITY OF EDUCATIONAL LEADERSHIP

There is a fundamental difference between the delegation of administrative powers to assistants and the exercise of central educational leadership. The president of a university is responsible to the board of control for the conduct of the university. In this relation he should see that the measures adopted by the board are carried out wherever they apply. In the discharge of this responsibility he comes into official relation with all phases of the university—educational, financial, and physical—as well as in its relation to the public.

But he also has a responsibility to the faculties of the institution in addition to seeing that the policies as adopted by the board are adhered to. He should be the educational leader of the university. In this capacity, he should stimulate faculty members and initiate sound educational policies as well as encourage those originating from other sources. His duty as head of an educational institution is not discharged merely

by maintaining the operation of the institution, educational and otherwise, at its highest continuing efficiency. He should be the central figure in constant leadership toward educational improvement.

In a university the size of the University of Illinois, it is inconceivable and humanly impossible for the president to give personal attention to all the numerous details which are involved in the discharge of his responsibilities, both as the executive agent of the board of trustees on the one hand and as educational leader on the other. In order that these duties be properly taken care of, it is necessary for him to delegate many of them. The crucial issue lies in the nature of what he delegates and what he himself does. The danger lies in the operation of the delegated powers; because of the constantly growing heavy demands upon his time, he may more and more come to depend upon the recommendations of those who are his immediate advisers and assistants and become himself an educational figurehead. This danger is particularly real in connection with the educational program of the institution, which at best is highly complex. The avenues through which the president delegates authority and the methods by which these delegations are exercised finally come to determine the centers of educational leadership and control over the institution.

### *The Provost*

According to the Statutes of the University of Illinois, "the Provost, or such university officer as may be designated by the Board of Trustees, shall exercise the functions of the President in his absence and shall at all times be of such assistance as he can to the President by the exercise of such functions as the latter may delegate to him." It is very clear from the foregoing quotation that it was not the intention of the framers of the Statutes that responsibility for the educational program of the University should be delegated to a general administrative officer subordinate to the President of the institution. From an analysis of the actual duties performed by the Provost, as submitted to the Commission by the President of the University, it is found that he is concerned with: (1) advisory matters, (2) administrative matters, and (3) re-

search in connection with improving the instructional program of the University.

Under the first category he (a) advises the President on questions of educational policy, (b) advises the deans and directors of the schools on educational problems and determines lines of jurisdiction in questions of educational policy which cut across college or departmental lines, (c) advises other university officials and members of the faculty on administrative, professional, and personnel problems, (d) functions as the chairman of certain general committees such as the Committee on Fees and Scholarships, Advisory Committee on University Extension, Advisory Committee of the Bureau of Institutional Research, and the University War Committee.

Under the second category, the Provost acts (a) as chief executive officer of the University in the absence of the President, (b) for the President concerning additions of new courses and changes in existing courses or curricula, (c) as administrative head of the University-wide Personnel Bureau, and (d) for the President in conferences with other institutions of higher education in the State.

Under the third category he (a) directs a staff attached to his own office which is concerned with tests and problems in various university course offerings with a view toward improving the efficiency of the instructional program, and (b) advises the instructional staff on teaching problems such as experiments in teaching methods and in the development of improved examination techniques.

The Statute quoted above which authorizes the office of the Provost, gives wide latitude to the President as to the use he may make of this officer. Whether the duties now under the jurisdiction of the Provost were those contemplated when the Statute was enacted is not for the Commission to say. It is quite apparent, however, that the office of the Provost has developed into one of the very few centers of major educational control of the University.

#### *The Bureau of Institutional Research*

Although the establishment of the Bureau of Institutional Research was initiated in 1933 in connection with problems concerning the biennial budget, it was not until the fall of

1934 that the Bureau was organized on its present basis. The Director of the Bureau is immediately responsible to the President of the University. With the support of its advisory committee, "the Bureau studies the teaching, research, budgetary, and other aspects of University operation in their relation to one another, to educational policies and objectives, and to the social needs of the State. The results of a continuous internal appraisal of the operations of the University are made available to the President in special memoranda."<sup>31</sup>

In actual practice, however, it appears that the Bureau has exerted a determining influence on educational policies and administration. For example, it has submitted almost three hundred memoranda on problems of integration between the administrative, educational, and budgetary practices of the University. This influence is probably due in the main to the fact that the membership of the Advisory Committee includes such officers as the Provost who is its chairman, the Dean of the Graduate School, the Dean of the College of Liberal Arts and Sciences, the Comptroller, and the Registrar. A recommendation coming from the Director of the Bureau of Institutional Research, with the sanction of such a committee of administrators, tends strongly to stand as an administrative judgment rather than to be merely advisory in character.

#### *Frustration of Attempted Educational Developments*

The President, certain other higher administrative officers of the University, and some faculty members are conscious, even to the point of being self-conscious, of the need at the University for the development of an adequate undergraduate educational program. In the attempt to make the faculty conscious of this need and to take proper steps to meet it, the administration has used several devices. It has developed a staff of educational consultants in the office of the Provost. It has greatly strengthened the Bureau of Institutional Research with its influential Advisory Committee. After some years of effort it has set up under the administrative control of the Provost, a Personnel Bureau exercising a University-wide function. Despite these attempts on the part of the adminis-

<sup>31</sup>See University of Illinois Annual Register, 1941-42, p. 424.

tration to initiate educational developments, many have met with frustration.

The Bureau of Institutional Research has probably the most comprehensive tabulation of institutional data that can be found in any university. It has brought these data to bear on administrative problems through its memoranda to the President, in a highly effective manner. Further, it has done research on internal educational problems. It has made comprehensive studies and reports on such matters of educational policy as the establishment of the General Division, the improvement of research facilities, the freshman guidance program, effect of changing admission requirements, and effect of changing fees. The Provost's staff has conducted experiments in teaching methods and in examination techniques, and has aided departments in the solution of their educational problems where help has been requested. The Personnel Bureau was made an all-University organization in July 1942.

In spite of these efforts, however, there appears to be a failure to deal effectively with educational problems. There appears to be a lack of coordination of effort and an absence of interest on the part of a large proportion of the faculty. Instead of ultimate solutions there have been repeated frustrations.

The Commission highly commends the administration for the goals which it has sought to attain through these administrative devices, and deeply appreciates the constructive plans covered by them. It believes that these efforts represent good illustrations of what desirable educational leadership in a university should be. It is of the opinion, however, that greater progress in such matters can be achieved by making it possible for a more active and wider participation on the part of the faculty as a whole, especially by lending encouragement to full participation on the part of those members of the faculty who by time and tradition are not so fully committed to the continuation of those traditional administrative and educational policies now prevailing.

### EDUCATIONAL GOALS

Much of the preceding discussion has dealt with formal considerations especially such as department, faculty and senate organization, and sources and direction of educational leadership and control. Little has been said of educational goals.

For a university to say that it is providing opportunities for higher education gives no indication of its real purposes. For a college of liberal arts to say that it offers a college education really says nothing definite. Any educational institution should be clearly conscious of just what it is trying to do for its students, and should have reliable information as to how well it is succeeding.

But it is not enough to know these matters merely with reference to the present. A university should have a constructive educational program as it faces the future. An institution that looks mainly to maintaining its own internal organization and its own administrative checks and balances cannot do this. It must be keenly alert to the needs which mean educational services in terms of its clientele's needs; it must be constantly studying those needs and projecting its thinking into formulating programs for future educational development.

The Commission has been impressed by the serious, conscientious attitude of all the interviewed administrators and faculty members toward the duties which they believe to be theirs. Nowhere has there been observed any indication of taking duties lightly. At the same time the Commission records with deep concern the over-emphasis on the "mint and annis and cummin"<sup>32</sup> to the neglect of the weightier matters of educational goals and programs. There is a marked lack of clearly defined educational goals in general education and of progressive construction of educational programs to give definite direction to the University's future educational development.

Again in justice it should be said that as far as the Commission has been able to observe there has been no further dereliction in this respect since 1934, although by force of necessity perhaps first attention has been given to providing for urgently pressing physical needs. At the same time it has been during this period that the needs of a well-formulated, well-administered educational program have been thrust to the front because of the unprecedented increase in the number of students enrolling in the University.

It is the judgment of the Commission that there is a lack of coordination and over-all educational planning for the institution.

---

<sup>32</sup>Matthew 23: 23.

One of the immediate and urgent tasks to which the administration and faculties of the University should address themselves is the question of what should be the long-term educational program of the University, both as a whole and also in its several departments, and what is the best plan of administrative organization to achieve these programs most effectively.
