MEETING OF THE BOARD OF TRUSTEES
-OF THE-
UNIVERSITY OF ILLINOIS

July 21, 1916

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Friday, July 21, 1916, pursuant to the following notice which was sent out by the Secretary on July 15, 1916:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, on Friday, July 21, 1916, at 12 o'clock noon, to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoyt, Mr. Small, Mr. Ward, Miss Watson.

President James was present; and, also, during a part of the afternoon, Professor J. M. White, Supervising Architect.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of June 13, 1916.

On motion of Mrs. Henrotin, the minutes were approved as printed on pages 813 to 841, above.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board proceeded to the consideration of the following matters submitted by President James.

REMODELING PHARMACY BUILDING

..

(1) The plans for remodeling the Pharmacy Building, and a schedule of bids, with a recommendation that contracts be awarded as follows:

General contract, R. S. Wood & Co.....	\$11,104
Heating, A. Kilander & Co.....	2,350
Plumbing, M. J. Corboy.....	1,115
Wiring, Freeman-Sweet Co.....	1,521

Total.....\$16,090

Professor White recommends also that the sum of \$15,785 be appropriated for furniture, fixtures, painting, and other reconstructions.

Professor White explained in detail the matters covered by this appropriation.

On motion of Mr. Small, the contracts were awarded and appropriations made as recommended. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Small, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Trevett.

DESIGN, HORTICULTURE BUILDING

(2) A design of a group of buildings proposed for the department of horticulture.

Professor White explained the design and plans.

No action was taken.

ELECTRICAL CONTRACT, WOMEN'S RESIDENCE HALL

(3) A communication from Professor J. M. White stating that the Haas Electric Company, to whom the contract for electric wiring for the Women's Residence Hall was awarded (see minutes, June 13, 1916, page 817), had requested to be released from their offer. The Caldwell Electric Company, the next lowest bidder, have offered to reduce the amount of their bid \$190 and either to reimburse the Haas Electric Company for the amount of their certified check (eighty dollars) in case the Board should see fit to forfeit the same, or to allow the University a further reduction of the same amount. On the latter basis their net bid is \$2,720 compared with \$2,599.10, the bid of the Haas Electric Company, an advance of \$120.90. Professor White recommends that the contract be awarded to the Caldwell Company on this basis and that the certified check of the Haas Electric Company be returned to them.

On motion of Mr. Hoit, this recommendation was concurred in. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Small, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Trevett.

INJURIES TO MR. W. C. WILDE, AN EMPLOYEE

(4) A recommendation from Professor J. M. White that Mr. W. C. Wilde, an employee in the department of buildings who was injured by falling from a ladder, be paid the sum of \$250 in lieu of all claims against the University for injuries received while in its service.

On motion of Mr. Ward, this recommendation was concurred in. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Small, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Trevett.

CONTINUATION OF WAGES FOR JANITOR IN MILITIA

(5) A recommendation from Professor J. M. White that the difference between the wages of Mr. Harry Swearingen as night janitor in the Administration Building and as a private in Company M of the Illinois National Guard be paid while he is in service with the company on the Mexican frontier; with the provision that this arrangement shall not extend beyond August 31, 1916.

On motion of Mrs. Evans, this recommendation was concurred in. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Small, Mr. Ward; noes, none; present but not voting, Miss Watson; absent, Mr. Blair, Mr. Dunne, Mr. Trevett.

EXTRA COST OF EXCAVATING FOR CERAMICS BUILDING

(6) A letter from the Supervising Architect concerning the settlement with A. W. Stoolman for the general contract for the Ceramics Building.

July 20, 1916

President Edmund J. James, 355 Administration Building

DEAR SIR:

I wish to settle with A. W. Stoolman for the general contract of the Ceramics building, and should like to have the authorization of the Board on one item of the extras, namely, that of the extended footings at the south end of the building due to quicksand encountered in the excavating.

After the building had been staked out in the location shown on the plan, it was found desirable to move the entire building about 6 feet south so as to allow a greater distance between the Ceramics building and the Locomotive Laboratory. As it later developed, most of the bad foundation material encountered occurred in this 6 foot strip. Furthermore the drawing furnished the contractors for bids showed records of borings made at various points on the site, none of which indicated that a condition like that which developed would be met. The contract provided certain unit prices for which extra excavation and concrete work was to have been executed. When the difficulty developed and soundings were made indicating that it would be necessary to go down about 8 feet below the level shown on the

plan in order to secure proper foundations, Mr. Towne advised Mr. Stoolman orally that on account of the change in the location of the building, the fact that our borings had not indicated the existence of quicksand, and the unusual character of the work, if he would proceed with the additional foundation work required he thought the University would allow him the difference between the actual cost and the cost based on the unit prices provided in his contract.

Computed on the basis of the unit prices mentioned, the extra work would have amounted to \$1,200, while the actual cost based on daily reports to our superintendent and exclusive of contractor's profit amounted to \$1,500. The work was rapidly and economically done, and I believe the difference should be allowed. Mr. Stoolman's bill, as presented to us, includes a further sum of \$200 as contractor's profit. He feels that on account of the facts stated above he should be reimbursed for the entire amount including his estimated profit. In our final list of extras we have included the item at \$1,500 and I should like to have authorization to settle on this basis.

Yours very truly,

JAMES M. WHITE, *Supervising Architect*

By L. J. Towne

On motion of Mrs. Evans, this recommendation was concurred in. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Small, Miss Watson; no, Mr. Ward; absent, Mr. Blair, Mr. Dunne, Mr. Trevett.

SCALE OF WAGES FOR EMPLOYEES UNDER CIVIL SERVICE

(7) A recommendation from the State Civil Service Commission that the University adopt the practise of the State Board of Administration in regard to fixing the schedule of monthly pay for employees in skilled labor positions. The rule of the State Board in such matters is as follows:

"Where there is a labor union having generally recognized jurisdiction for the above named stationary engineers and mechanics, the scale of wages of the union will be paid. If employed by the day actual time only will be paid for and no maintenance or automatic increase will be allowed."

After full discussion, the further consideration of this matter was postponed to a subsequent meeting.

BRANCH POST OFFICE

(8) A communication from Professor J. M. White, Supervising Architect, stating that the Urbana postmaster desires to establish a pouching and delivery branch of the Urbana postoffice on the campus to take care of mail for the University. If he should do this he would wish the University to furnish certain facilities in the way of office room, etc.

On motion of Mrs. Evans, the President of the University was authorized to set apart such necessary rooms, with light and heat, for the use of such a pouching and delivery branch of the Urbana

postoffice as in his judgment seems to be wise, when definite plans are submitted to him.

At this point, Mr. Ward withdrew.

DEAN OF THE COLLEGE OF LAW

(9) A recommendation that the President of the University be given authority to appoint Professor Henry W. Ballantine, now of the University of Wisconsin, to be Professor of Law and Dean of the College of Law beginning September 1, 1916, at a salary of \$5,000 a year; also to appoint a librarian for the Library of the College of Law, who should also be secretary of the faculty of the College of Law, at a salary of \$1,200, and to appoint a stenographer for the College of Law at a salary of \$1,000.

On motion of Mr. Small, this recommendation was concurred in.

APPOINTMENT OF PROFESSOR BARRY GILBERT

(10) A recommendation that Mr. Barry Gilbert be appointed Professor of Law for one year from September 1, 1916, at a salary of \$3,500 a year, to take the place made vacant by the leave of absence granted to Professor Frederick Green.

On motion of Mr. Carr, this appointment was made.

APPOINTMENT OF PROFESSOR OF CERAMICS

(11) A request for authority to appoint Professor Cullen W. Parmelee of Rutgers College, New Jersey, to be Professor of Ceramic Engineering at a salary of \$3,500 a year, beginning September 1, 1916.

On motion of Mr. Carr, this appointment was authorized.

At this point, Mr. Ward returned to the meeting.

APPOINTMENT OF DEAN OF WOMEN

(12) A request for authority to appoint Dr. Fanny C. Gates of Grinnell College to be Dean of Women.

On motion of Mrs. Evans, the President of the University was authorized to appoint Dr. Gates Dean of Women at a salary of \$3,000 a year, work and salary to begin as soon as possible.

At this point, Mr. Small withdrew.

RETIRING ALLOWANCE FOR PROFESSOR N. C. RICKER

(13) A request from Dr. N. C. Ricker for retirement from active service as Professor of Architecture.

Dr. Ricker is now seventy-three years of age. He entered the service of the University as instructor September 1, 1873, and is thus completing forty-three years of service. For a large part of that time he was director of the courses in architecture, and for twenty-seven years Dean of the College of Engineering. He has given practically all of his life to the development of the College of Engineering and the department of architecture and he has been unstinting in his efforts in their behalf. It seems to me that the

time is at hand when this service should be recognized and he should be relieved from further responsibility.

Dr. Ricker's salary is \$3,500 a year. The so-called Carnegie formula for computing a retiring allowance is

$$R = \frac{A}{2} + 400$$

in which R represents the retiring allowance and A the salary. This would give the sum of \$2,150 as the grant in this case. This formula may be interpreted as an allowance of \$1,000 plus \$50 for every hundred dollars of salary in excess of \$1,200, or \$2,150.

On motion of Mrs. Busey, Professor Ricker was retired from active service beginning September 1, 1916, with a retiring allowance of \$2150 a year, and the President of the University was requested to convey to Dr. Ricker an expression of the appreciation of the Board for Dr. Ricker's long and valuable service. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett.

SITE FOR CLINICAL BUILDING

(14) As may be seen from the minutes of the meetings of the Medical Committee and the Executive Committee, which will be submitted by the Secretary of the Board [See page 69], it was the opinion of those committees that the National League Baseball Park, lying immediately south of the Cook County Hospital, should be purchased for the purposes of the College of Medicine. This property was owned by Charles W. Murphy of Chicago and Mrs. Charles P. Taft of Cincinnati. Mr. Abbott made an offer of \$105,000 for Mrs. Taft's undivided half interest. For some reason which does not appear on the surface, she sold her undivided half interest to Mr. Murphy. From the formal announcement in the *Chicago Tribune* on Thursday, July 20, it appears that this property was sold on July 12, 1916, for a consideration of one dollar. The instrument carried, however, a revenue stamp of one hundred ten dollars which would seem to indicate that the price paid was one hundred ten thousand dollars.

I think that this park is the most desirable site for the medical departments of the University and would urge that it be acquired if possible.

On motion of Mrs. Henrotin, this matter was referred to the Executive Committee of the Board with power to act. The vote was as follows: Ayes, Mr. Abbott, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; no, Mrs. Busey; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett.

THE BUDGET FOR 1916-17

(15) The Budget of the University for the year beginning July 1, 1916, introduced by the following statement:

I beg leave to submit herewith the budget of the University for the fiscal year beginning July 1, 1916. I should like to call attention to two or three items.

As will be ascertained by referring to the note on the budget for last year (page 525ff., of the Minutes for August 4, 1915), the income was based on an estimate of income of the mill tax for the year.

On reexamination of the law, I am quite convinced that the University is entitled to the full amount of \$5,000,000 for the biennium 1915-17, and I have made up the present budget on the basis of this assumption. It will be noted, therefore, that the income of the University from the State appropriation of the receipts from the mill tax is estimated to be \$2,575,129.05, which, added to the \$2,424,870.95 of last year, makes an even \$5,000,000.

We have spent during the last year out of the appropriation for the present biennium the sum of \$440,000, in round numbers, for land, buildings, equipment, reconstructions and repairs. The present budget calls for \$500,751 under the same heads, which, added to the \$440,000, shows the total appropriation for these items for the biennium to be \$941,000, in round numbers. This is \$41,000 in excess of the appropriations made for this purpose by the Legislature for the biennium beginning July 1, 1915, out of the proceeds of the mill tax. The other forty-one thousand dollars have been taken from the other funds of the University.

For the Women's Residence Hall there is assigned to be spent during the present fiscal year the sum of \$100,000. The rest of the expenditure for this Hall will be met from the appropriations for the next biennium. We have carried forward as charges from this year's account on the next year's budget for buildings, etc., \$73,000, which, in addition to the appropriations already made for the department of mechanical engineering, Chemistry Laboratory and equipment, Vivarium, Pharmacy Building, etc., makes a sum total in round numbers of \$280,000.

For new projects we propose to set aside the following sums: for the Education Building, \$60,000; for the Smith Memorial Music Building, \$75,000; for the Cattle Feeding Plant, \$25,000; for the Horticulture Field Group, \$40,000. Of these the Education Building and the Smith Memorial Music Building have been approved as to plans and general cost, though there are some details in both buildings which must finally be approved before contracts can be let. The plans for the Cattle Feeding Plant and the Horticulture Field Group are herewith submitted for the consideration of the Board. The budget carries for new projects, therefore, \$200,000.

The budget balances with two thousand dollars, approximately, on the right side. There is no money, therefore, for any new projects of any kind which are not noted in this budget, unless the Trustees should delay the construction of the Education Building, the Smith Memorial Music Building, the Cattle Feeding Plant, or the Horticulture Field Group still further, or unless the Board is willing to borrow on the Smith farms a sum of money which will enable it to take care of the expenditure assigned for the Smith Memorial Music Building. In this case the sum of \$75,000 would be free for use for other purposes.

Attention is again called to the fact that if the Board approves this budget it cannot add to the sum total by later appropriations unless it is willing to borrow money or to close the fiscal year with a deficit. It should be noted again that under this scheme the major part of the expense for the Women's Residence Hall, for the Education Building, for the Smith Memorial Music Hall, and for the Horticulture Field Group will be carried over as a charge on the appropriations for the biennium beginning July 1, 1917.

PART I—EXPENSE BUDGET

On motion of Mr. Carr, the Board adjourned at 6:00 p. m., to meet at the Blackstone Hotel at 10:00 a. m. on the following day.

ADJOURNED SESSION, JULY 22, 1916

When the Board met at the Blackstone Hotel, in Chicago, at 10:00 a. m. on Saturday, July 22, 1916, pursuant to the adjournment taken on the day before, the following members were present: President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward.

President James was present.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board continued the consideration of matters submitted by the President of the University.

MEMORIAL TO MISS KATHERINE L. SHARP

(16) A statement that the Alumni Association of the Library School, according to a letter received from Mr. Adam Strohm, librarian of the Public Library of Detroit, Michigan, and president of the Alumni Association, desires to erect a basrelief portrait in bronze of Miss Katherine L. Sharp, the first director of the Library School, by the artist Guton Z. Borglum. The Association requests permission to erect this memorial in the University Library Building.

On motion of Mrs. Evans, the President of the University was authorized to permit the erection of such a memorial at a suitable place in the Library Building.

PHARMACY ADVISORY BOARD

(17) The following statement:

At the meeting of the Illinois Pharmaceutical Association held in Springfield on June 6, 7, and 8, the following pharmacists were recommended, from whom one is to be selected as a member of the Advisory Board of the School of Pharmacy, to fill the vacancy caused by the expiration of the term of Herman Fry of Chicago. The numbers attached indicate the vote received by each candidate:

Albert Zimmermann, Peoria, 219
William E. Claypool, Springfield, 170
Andrew Scherer, Chicago, 169

On motion of Mr. Hoit, Mr. Albert Zimmermann was appointed a member of the Advisory Board of the School of Pharmacy for a term of five years.

RAILWAY ADVISORY BOARD

(8) A recommendation from Mr. C. H. Markham, chairman of the Advisory Board of the College of Engineering for the Railway Industries of Illinois, that Mr. R. H. Aishton, president of the Chicago and North-western Railroad, be appointed a member of this Board to succeed Mr. William A. Gardner, deceased.

On motion of Mrs. Evans, this appointment was made.

SUPPORT OF SCHOOL DISTRICT 70

(19) A request from certain citizens of School District No. 70 that the University contribute toward the support of the school of this district on the ground that more than one-third of the land lying in the district belongs to the University and is not subject to taxation. The result is that an undue burden rests on the taxpayers of the district in their attempt to support a school.

This matter was discussed at some length. No action was taken, tho it was suggested informally that possibly the best method of handling the situation was to divide up the district among other districts.

SALTPETER INVESTIGATIONS

(20) A report from Professor H. S. Grindley that the researches in relation to the saltpeter investigations are still being prosecuted. The results of this year's work confirm the previous conclusion, namely, that the animal body may excrete in the urine more nitrate than is ingested in the food. He is of the opinion that these studies prove that the body tissues are able to produce nitrates from unoxidized nitrogenous radicals and further that

the production of nitrates by animal tissues is a fact. Professor Grindley states that the preparation of the manuscript for the fourth volume of this report is in an advanced state.

This report was received for record.

EXTRA COMPENSATION FOR MR. R. K. HURSH

(21) A recommendation from Dean W. F. M. Goss that the sum of \$250 be allowed Mr. R. K. Hursh for his extra services in the administration of the department of ceramic engineering following the withdrawal of Professor A. V. Bleininger in February.

On motion of Mr. Carr, this recommendation was approved. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett, Miss Watson.

CHANGES IN LABORATORY FEES

(22) A communication from the Council of Administration recommending the following changes in the list of laboratory fees approved by the Council at its meetings of June 27th and July 18th.

Architecture 31—\$1.00, to be omitted
 Architecture 32—\$1.00, to be omitted
 Architecture 43—\$1.00, to be omitted
 Architecture 44—\$1.00, to be omitted
 Architecture 45—\$1.50, to be omitted
 Architecture 46—\$1.50, to be omitted
 Architecture 68—\$1.50, to be omitted
 Architectural Engineering 43—\$1.00, to be omitted
 Architectural Engineering 44—\$1.00, to be omitted
 Architectural Engineering 45—\$1.50, to be omitted
 Architectural Engineering 46—\$1.50, to be omitted
 Architectural Engineering 47—\$1.50, to be omitted
 Architectural Engineering 48—\$1.50, to be omitted
 Architectural Engineering 68—\$1.50, to be omitted
 Chemistry 5c—\$10, to be changed to Chemistry 25—\$10
 Chemistry 68a and 68b—to be omitted (No longer given)
 Chemistry 70—to be \$5 instead of \$3
 Chemistry 73—\$3
 Chemistry 107—fee to be omitted (Lectures only)
 Entomology 16—\$1.50 (New)
 Entomology 17—\$1.50 (New)
 Entomology 18—\$1.50 (New)
 G. E. D. 12—\$1.00, to be omitted
 Geology 1—change from \$2.25 to \$1.00
 Geology 1a—\$1.00, to be omitted
 Geology 3—\$2.00, instead of \$2.25
 Geology 4—\$3.00, to be omitted
 Geology 5a—\$2.75, to be omitted

Geology 7—\$2.00, instead of \$1.00
 Geology 12—\$2.00, instead of \$2.25
 Geology 13b—\$1.00, instead of \$2.25
 Geology 15—\$1.00, to be omitted
 Geology 22—\$1.00 (New)
 Geology 23—\$1.00, to be omitted
 Geology 35—\$1.00 (New)
 Geology 36—\$1.00 (New)
 Geology 40—\$1.00 (New)
 M. E. 23—\$1.00, instead of \$3.00
 M. E. 25—\$1.00, to be omitted
 M. E. 26—\$1.50, to be omitted
 M. E. 54—\$1.00, to be omitted
 Physics 23—\$2.00 (New)
 Zoology 7—\$1.00, to be omitted
 Zoology 15a—\$1.00 an hour, to be omitted
 Zoology 15b—\$1.00 an hour, to be omitted

On motion of Mrs. Henrotin, these changes were approved.
 At this point, Miss Watson joined the meeting.

MERGING OF FUNDS IN TREASURER'S HANDS

(23) A recommendation from Mr. H. S. Capron, Treasurer, approved by the Comptroller, that the Board of Trustees change its requirements that the Treasurer of the University shall keep the moneys of the University in his charge in separate funds, and instead shall direct that the "Treasurer of the University shall be accountable to the University for all moneys received by him and that he shall pay out such moneys only on the properly issued warrants of the University."

On motion of Mr. Hoit, this recommendation was approved.

EMERGENCY FUND

(24) A statement that one of the University students who died recently was buried in the "Potters' Field for lack of money, and that several cases have occurred of the death of members of the faculty and students in which members of the faculty were called on to subscribe for the funeral expenses.

After full discussion, and on motion of Mr. Ward, an emergency fund of \$500 was created to be at the disposal of the President of the University for the purpose of meeting such extraordinary expenses as seem to him fairly chargeable to such a fund. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett.

ELECTRICAL STANDARDS LABORATORY

(25) A communication from Dean W. F. M. Goss of the College of Engineering transmitting a letter from Mr. J. H. Prior, Chief Engineer of

the State Public Utilities Commission of Illinois, proposing that the Public Utilities Commission and the University cooperate in establishing a laboratory equipped to calibrate electrical testing instruments on a commercial basis. If such a laboratory is established at Urbana, the State Public Utilities Commission proposes to expend a sum not to exceed \$1,000 for the equipment, and to assume one-half the expense (or salary) of the appointment of one man, not to exceed \$1,500 a year, the University to assume the other expenses. Dean Goss estimates that the initial expenditure by the University to equip a room and to supply additional important apparatus need not be in excess of \$2,000.

On motion of Mr. Hoit, the President of the University was authorized to establish such a standards laboratory under the conditions named, if he finds it to be feasible, the expenses of the same, so far as they rest on the University, to be defrayed from the funds appropriated in the budget of the coming year for the College of Engineering or the Engineering Experiment Station.

GRANT FOR MISSISSIPPI VALLEY HISTORICAL REVIEW

(26) A request from Professor C. W. Alvord for an appropriation of \$100 toward the support of the *Mississippi Valley Historical Review*. This amount was appropriated last year and the year before. The publication of this Review is a valuable element in the work which we are trying to build up in local mid-west history.

During the presentation of this matter, President Abbott was called from the room and Mr. Carr presided over the meeting. Mr. Abbott's vote in favor of this appropriation was given on his return.

On motion of Mrs. Evans, this appropriation was made. The vote was as follows: Ayes, President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett.

REGISTRATION OF GRADUATE STUDENTS

(27) A recommendation from the Executive Faculty of the Graduate School that the following regulations be established relating to registration of students in the Graduate School.

1. For newly admitted students, registration must be completed within two weeks. Otherwise it is subject to a fee of \$1.00.

2. Registration of any student who was enrolled in the preceding semester will not be permitted after two weeks from the opening of class work in the current semester except by vote of the Executive Faculty. Registration after this date is also subject to a fee of \$1.00.

3. When a change of study list seems advisable it may be permitted without fee if made within three weeks of registration day. After that date, a fee of \$1.00 shall be charged for each change, except that the total charge for a rearrangement authorized on any one change slip shall not exceed \$2.00.

On motion of Mr. Hoit, this recommendation was adopted.

USE OF UNIVERSITY SEAL BY PRIVATE PARTIES FORBIDDEN

(28) A request from D. H. Loyde & Company for permission to use the seal of the University on checks of the First University Bank.

On motion of Mr. Hoit, it was voted that such use of the Seal of the University was improper.

AUTHORITY TO DELEGATE SIGNATURE OF VOUCHERS AND WARRANTS

(29) A request from Mr. W. B. Castenholz, Comptroller, that the Board authorize the President and the Secretary to delegate Mr. Lloyd Morey to sign their names to vouchers, and that the Board authorize President Abbott to delegate Mr. Marsh E. Thompson to sign his name to University warrants.

On motion of Mrs. Evans, the following resolution was adopted:

Resolved, that Mr. W. L. Abbott, President of the Board of Trustees, and Mr. H. E. Cunningham, Secretary of the Board of Trustees, are authorized to delegate the signing of their names as President and Secretary, respectively, on vouchers drawn on the Auditor of Public Accounts of the State of Illinois, to Mr. Lloyd Morey, Auditor; furthermore, that Mr. W. L. Abbott, President of the Board of Trustees, is authorized to delegate to Mr. M. E. Thompson, Cashier, the signing of his name as President on warrants drawn on the Treasurer of the University.

On motion of Mrs. Evans, it was voted that all persons to whom the signing of the names of the President and Secretary of the Board may be delegated should be put under bond.

LEAVE OF ABSENCE FOR MISS FLORENCE E. SMITH

(30) A request from Dean Davenport that Miss Florence E. Smith, chief editorial assistant in the Agricultural Experiment Station, be granted leave of absence without pay, for three months, beginning July 1, 1916.

On motion of Mr. Carr, this request was granted.

SCHOLARSHIPS IN AGRICULTURE AND HOUSEHOLD SCIENCE

(31) A request from the Illinois State Farmers' Institute that the University adopt the following additional rule concerning the Illinois Farmers' Institute Scholarships, namely:

"17. That no person will be assigned a scholarship in agriculture or household science unless his name shall have been received by the Registrar of the University on or before the registration day of the semester with which the scholarship is to begin."

On motion of Mrs. Henrotin, this regulation was adopted.

APPOINTMENT OF DR. J. H. BEARD AS HEALTH OFFICER

(32) A recommendation that Dr. Joseph Howard Beard be appointed Health Officer of the University at a salary of \$2,000 a year from September 1, 1916, with such duties as may be assigned to him by the President of the University. Dr. Beard's duties under this appointment will be essentially those which he has performed during the past year, namely the examination of such students as may be referred to him for medical examination, the examination of applicants for Civil Service positions in the University, and of persons connected with the University service in regard to whose continuous good health the University has special interest, as the employees in the dairy department, etc. This is carried in the Budget.

This recommendation was approved.

EXHIBIT AT CIVIC EXHIBITION IN PARIS

(33) A request from Director Patrick Geddes, of the Civic Exhibition at Paris, that the University take part in this Exhibition. Professor White suggests that the most useful exhibit would be our small-scale blue-print plans of the buildings. These should be bound into a presentable volume with a sheet before each set of plans containing photographs of exterior and interior views of the building. Professor White estimates that it would cost about \$100 to prepare such a volume. I recommend that two volumes be prepared, one for the Civic Exhibition at Paris and one for our own University Library.

On motion of Mrs. Henrotin, this recommendation was approved. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunnie, Mr. Small, Mr. Trevett.

FIFTIETH ANNIVERSARY OF THE UNIVERSITY

(34) The following statement:

The Board has authorized the formal celebration in the year 1918 of the Fiftieth Anniversary of the opening of the University. The exact time of the year for this celebration has not yet been fixed. We should cooperate with the State Centennial Commission appointed to conduct a state-wide celebration of the hundredth anniversary of the admission of Illinois to the Union, which falls in the same year.

I have suggested to that Commission that they set aside a week for the celebration, perhaps the third week in October, and indicate one of these days as the celebration day of the University, so that this event can thus become a state-wide affair of importance, linked up with the general state celebration.

The Board has authorized the preparation of a history of the University and Dr. B. E. Powell is at work on this history. He will probably have one volume completed by January, 1917. This will be rather a monumental work and it is probable that Dr. Powell will not be able to complete the work entirely so as to have it printed in advance of the celebration, but in

works of this kind it is quite common to get the first volume or two out before the celebration and the others after the celebration.

Mr. Allan Nevins is at work on a one-volume history of the University which will be published by the Oxford University Press in the series of American universities. I have no doubt that Mr. Nevins will make an interesting volume. He expects to have this manuscript completed so that the book can come out in the year 1917 in preparation for the Centennial year.

We have just printed the first edition of the *University of Illinois Directory*. It has been a very troublesome task and the first edition has, of course, the errors which one would expect in such a work. The Directory has attracted considerable attention among the alumni and the general public and 1906 copies—sixty-five of these gifts and exchanges—have been disposed of up to July 21, 1916. An addition of this Directory should be issued certainly once every ten years and perhaps once every five years.

Aside from the Directory, the University has printed the *Alumni Record* which undertakes to give a brief biography of every person who has taken a degree from the Urbana departments of the University. The last edition was printed in 1913.

I recommend that the President of the University be authorized to issue in the year 1918 a new edition of the *Alumni Record* along essentially the same lines as the editions of 1906 and 1913.

On motion of Mr. Carr, this recommendation was concurred in.

APPROPRIATION FOR SEMI-CENTENNIAL COMMITTEE

(35) The following statement:

In pursuance of authority given me by the Board, and on request of the University Senate, I appointed a committee of the Senate on the Semi-Centennial Celebration, consisting of Professors H. J. Barton, J. C. Blair, C. R. Richards, and W. G. Hale. This committee requests that the sum of \$5,000 be appropriated for expense in connection with the celebration. They do not undertake to limit themselves to this amount, but they think it necessary to have this amount at their disposal if they are to accomplish any useful service. They are thinking of presenting a pageant representing the history of the University and in this case it will be necessary to get someone competent in such matters to prepare the text and organize this feature of the celebration.

On motion of Mrs. Busey, the sum of \$5,000 was appropriated to the uses of this committee. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward; no, Miss Watson; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett.

TERM AND FEES IN THE SCHOOL OF PHARMACY

(36) Certain recommendations as to the School of Pharmacy:

1. That the beginning and ending of the term be made the same as of the departments of Medicine and Dentistry of the University, from about October 1 to commencement day of the following year.

2. That the term of instruction be lengthened from thirty-two to thirty-six weeks, in accordance with the above recommendation.

3. That the tuition fee for the shorter curriculum in the School of Pharmacy be made ninety dollars a year instead of seventy-five dollars, this curriculum having been lengthened in accordance with the preceding recommendation.

4. That the quiz fee be abolished.

5. That the curriculum in Pharmaceutical Chemistry be lengthened to three years, the first two years being identical with the curriculum in Pharmacy.

On motion of Mr. Carr, these recommendations were approved.

UNEXPIRED BALANCES REAPPROPRIATED

(37) A recommendation that the unexpired balances of the appropriations for the year 1915-16 be re-appropriated for the year 1916-17 to the same uses, subject to the approval of the President of the University.

On motion of Mr. Hoit, these balances were reappropriated as recommended. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett.

AUTHORITY TO ACCEPT RESIGNATIONS AND FILL VACANCIES

(38) A request that the President of the University be authorized to accept at his discretion such resignations in the instructional, scientific, and administrative staff as may be presented during the vacation, and that he be authorized to fill within the budget allowance such vacancies as may occur during the vacation because of resignations or declinations.

On motion of Mr. Carr, this request was granted.

TEMPORARY CATALOGERS FOR LIBRARY

(39) A request from Director P. L. Windsor for authority to employ fourteen temporary catalogers and library assistants in the University Library for the summer months at a total compensation of \$1,835.

On motion of Mr. Hoit, this request was granted. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett.

APPOINTMENT OF MR. O. S. WATKINS TERMINATED

(40) A letter from Professor J. C. Blair, head of the Department of Horticulture, in the case of Mr. O. S. Watkins. Mr. Watkins was elected Associate for the term of two years beginning September 1, 1915. On Decem-

ber 14, Mr. Watkins was granted a four months' leave of absence on full pay on account of illness. At the expiration of this time, April 1, 1916, it was found that Mr. Watkins had made no substantial recovery from his illness and it was further recommended by the Dean of the College of Agriculture that he be granted leave of absence until September 1, 1916, in the hope that he would be sufficiently improved to return to his work at that time. He has received full pay from April 1, 1916, to June 30, 1916.

At the present time it does not seem likely that Mr. Watkins will be able to return, and Mr. Blair recommends that his term of service be declared by the Board of Trustees to be ended August 31, 1916.

On motion of Mr. Carr, this recommendation was approved.

MR. LLOYD MOREY APPOINTED ACTING COMPTROLLER

(41) A recommendation that Mr. Lloyd Morey be appointed Acting Comptroller until further notice, at a salary of seventy-five dollars a month until further notice, this to be in addition to his pay as Auditor.

On motion of Mr. Hoit, this appointment was made. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett.

On motion of Mr. Ward, the matter of bonding the Comptroller was referred to the Chairman of the Finance Committee to determine the amount and to make the necessary arrangements.

CLASSIFICATION OF FUNDS

(42) A recommendation that in making up future budgets all sums which properly belong in the "General Fund" be assigned to that fund.

Mr. Abbott requested Mr. Hoit to take the chair.

On motion of Mr. Abbott, this recommendation was adopted.

Mr. Abbott resumed the chair.

APPOINTMENT OF A TRAINED NURSE

On motion of Mrs. Henrotin, the President of the University was authorized to appoint a trained nurse, to be assigned either to the office of the Dean of Women or to the department of physical training for women, at a salary of not to exceed \$800 a year. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett.

EXTRA COMPENSATION FOR MISS KYLE

On motion of Mr. Ward, the sum of \$500 was appropriated for Miss Kyle in recognition of her extra work in connection with the office of Acting Dean of Women. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Henrotin, Mr. Hoit,

Mr. Ward, Miss Watson; no, Mrs. Evans; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett.

APPROVAL OF THE BUDGET

On motion of Mr. Carr, the Budget was approved and the President of the University was authorized to approve the details of the budgets of the School of Pharmacy* and the Colleges of Medicine and Dentistry, within the undistributed totals (\$27,750 for Pharmacy; \$200,000 for Medicine and Dentistry) carried in the Budget. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett.

MEETINGS OF COMMITTEE ON COLLEGE OF MEDICINE AND OF EXECUTIVE COMMITTEE

The Secretary presented for record the minutes of a meeting of the Committee on the College of Medicine held in Chicago on Wednesday, July 5, 1916, and also the minutes of the meeting of the Executive Committee held on the same day.

MEETING OF THE COMMITTEE ON THE COLLEGE OF MEDICINE, JULY 5, 1916

Pursuant to a call by the chairman, Mrs. Laura B. Evans, the Committee on the College of Medicine and the School of Pharmacy met at 2 p. m. on Wednesday, July 5, 1916, in the Faculty room of the College of Medicine.

Present: Mrs. Laura B. Evans, chairman, William L. Abbott, and Otis W. Hoit.

After a full discussion of the pressing need of a clinical building for the purposes of the College of Medicine and the necessity of procuring the site for such a building at as early an opportunity as possible, the Committee voted to recommend to the Executive Committee the purchase of a half interest in the West Side Baseball Park, which, it is stated, is for sale, and that this property be acquired as soon as possible, and that when acquired the clinical building be located on this site.

LAURA B. EVANS, *Chairman*

W. L. ABBOTT

O. W. HOIT

MEETING OF THE EXECUTIVE COMMITTEE, JULY 5, 1916

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the Faculty room of the College of Medicine, in Chicago, on the afternoon of Wednesday, July 5, 1916.

Present: William L. Abbott, chairman, Robert F. Carr, and Otis W.

*The details of the budget of the School of Pharmacy were approved by the President of the University on August 1, 1916. See page 58.

Hoit; also Mrs. Laura B. Evans, chairman of the Committee on the College of Medicine and School of Pharmacy.

The Committee considered carefully the recommendation of the Medical Committee for the purchase of a part of the West Side Baseball Park for the proposed clinical building of the College of Medicine. It was voted that William L. Abbott, President of the Board of Trustees, be authorized to acquire a half interest in the West Side Baseball Park at a price not to exceed \$105,000; and that the Committee recommend to the Board of Trustees that the proposed clinical building be erected on this site if it can be acquired.

The meeting adjourned.

W. L. ABBOTT, *Chairman*

R. F. CARR

O. W. HOIT

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented for record the following list of appointments to vacancies made by the President of the University.

Ballew, L. A., Clerk in the Purchasing Office, at a salary of forty-five dollars (\$45) a month, beginning April 17, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (June 26, 1916*).

Bower, L. E., Instructor in Pediatrics in the dispensary of the College of Medicine, until August 31, 1916, without salary. (June 28, 1916).

Frery, H. D., Assistant in Mathematics in the summer session, at a salary of two hundred dollars (\$200), this appointment superseding his former appointment at \$150. (June 30, 1916).

Lincoln, C. H., Research Assistant in the Illinois Historical Survey, beginning when he reports for duty and continuing for four months, at a salary of one hundred twenty-five dollars (\$125) a month. (June 26, 1916).

McDonald, Effie, Technician in the department of research medicine for two months beginning July 1, 1916, at a salary of seventy dollars (\$70) a month. (June 26, 1916).

Moyers, L. H., Instructor in Clinical Medicine in the dispensary of the College of Medicine, until August 31, 1916, without salary. (June 28, 1916).

Pavelczyk, Joseph, Technician in Research Medicine for two months beginning July 1, 1916, at a salary of forty-five dollars (\$45) a month. (June 26, 1916).

Pope, W. T., Mechanician in the Shop Laboratories, at a salary of ninety dollars (\$90) a month, beginning June 12, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (June 29, 1916).

Smith, Dorothy, Office Assistant in home economics demonstration, for one year beginning July 1, 1916, at a salary of seventy dollars (\$70) a month. (June 29, 1916).

Wright, Agnes, Research Assistant in the Illinois Historical Survey, for

* The date in parenthesis is the date on which the appointment was made by the President of the University.

twelve months beginning September 1, 1916, at a salary of seventy-five dollars (\$75) a month. (June 26, 1916).

COMPTROLLER'S REPORT

The Secretary presented also for record the report of the Comptroller for the twelve months ending June 30, 1916.

July 10, 1916

Honorable W. L. Abbott, President Board of Trustees, University of Illinois

DEAR SIR:

I have the honor to hand you herewith a report of the financial operations of the University of Illinois for the twelve months ended June 30, 1916.

Yours very truly,

W. B. CASTENHOLZ

Comptroller

URBANA, ILLINOIS, November 23, 1916

I certify that in the foregoing pages, numbered 1 to 93, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at its meeting held July 21-22, 1916, as approved by the Board on November 22, 1916.

 Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
—OF THE—
UNIVERSITY OF ILLINOIS

September 12, 1916

The quarterly meeting of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, in Urbana, at 10 a. m. on Tuesday, September 12, 1916.

When the Board convened, the following members were present: President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Miss Watson.

President James was present; also, during a portion of the day, Professor J. M. White, Supervising Architect, Professor O. A. Harker, Legal Counsel, and Mr. Lloyd Morey, Acting Comptroller.

In the absence of the Secretary, Mr. E. J. Filbey was appointed Secretary *pro tempore*.

As there was no quorum, a recess until 3 p. m. was taken.

E. J. FILBEY

Secretary pro tempore

W. L. ABBOTT

President

EXECUTIVE COMMITTEE MEETING, SEPTEMBER 12, 1916

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, at Urbana, on Tuesday, September 12, 1916, during the recess taken by the meeting of the Board of Trustees on the same day.

All the members of the Executive Committee were present, namely, Mr. W. L. Abbott, Chairman, Mr. R. F. Carr, and Mr. O. W. Hoit; also Mrs. Mary E. Busey, Mrs. Laura B. Evans, and Miss Florence E. Watson, members of the Board. President James was present.

INSPECTION OF SITES

The President of the University stated that it was very desir-

able that the Trustees should visit and inspect the sites recommended for the new feeding plant and the new horticulture plant; also the Kerr woods and the Brownfield woods, two tracts of land three and one-half miles northeast of Urbana, which have been offered to the University by their owners and which are recommended for purchase by the departments of botany, entomology, and zoology.

Accordingly a recess was taken until 3 p. m. and these sites were visited and inspected.

After the recess, the same persons were present as during the morning session.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Executive Committee considered the following matters submitted by President James.

RESIGNATION OF DR. CASEY A. WOOD PRESENTED

(1) The resignation of Dr. Casey A. Wood as professor of ophthalmology in the College of Medicine. As Dr. Wood's appointment was for one year only and expired on August 31, 1916, a resignation was not in order. As it was our intention to nominate Dr. Wood for the coming year, this resignation has been taken as an indication that he would not accept reappointment.

I request authority to appoint Dr. Wood as professor of ophthalmology and head of the department for the academic year beginning September 1, 1916, with leave of absence until the close of the year.

This request was granted.

EDUCATION BUILDING

(2) A statement concerning plans for the Education Building submitted by Holabird, Roche, & Co., of Chicago.

Professor White explained the details of these plans.

An extended discussion took place covering the merits of the plans and the financial ability of the University to adopt them and carry them through.

It was finally voted to ask Professor White to consult with the architects again to see whether he could not find a simpler and less expensive plan, and to report at the next meeting of the Board.

DELEGATION OF SIGNING WARRANTS

(3) A statement concerning the need for the delegation of the power to sign the names of the President and Secretary of the Board of Trustees to warrants on the Treasurer of the University and to vouchers on the Auditor of Public Accounts.

This matter was discussed at length, but no action was taken.

SETTLEMENT FOR CHEMISTRY LABORATORY

(4) A letter from the Supervising Architect concerning the settlement with Freeman and Brooks for the addition to the Chemistry Laboratory.

September 12, 1916

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

The plans agreed on as a basis of settlement with Freeman and Brooks, the contractors for the new Chemical Laboratory, have not materialized because Freeman and Brooks's lawyers insisted that a consideration in their agreeing to arbitrate the disputed differences was that the University should pay to the bonding company the amount of money which the University records showed to be due Freeman and Brooks. The total of the claims filed is about three times the amount which we consider to be due and it is, therefore, impossible for us to pay this balance to the bonding company without the State Auditor and the University Comptroller being liable for the other claims. The proposition was submitted to the State Auditor who advised that unless all liens were withdrawn and an order given by Freeman and Brooks for the distribution of the balance, he would not pay any more on Freeman and Brooks's contract.

As there did not seem to be any prospect of an agreement between the bonding company and the claimants, five of the claimants have entered suit against the bonding company.

We still hope that it may be possible for us to arbitrate our differences with Freeman and Brooks so as to determine just what our obligation to them is. After that has been accomplished the case will probably have to be settled in the courts as between the sub-contractors and the bonding company.

Very truly yours,

JAMES M. WHITE

Supervising Architect

No action was taken on this matter.

RELATIONS WITH THE STATE SUPERINTENDENT OF PRINTING

(5) A request from the State Superintendent of Printing for complete statistics covering the amount of printing, printers' supplies, office supplies, and stationery purchased by the University during the past year.

Judge Harker, who was present by request, stated his view of the application to the University of the provisions of the law passed in 1915 concerning the State Superintendent of Printing. In his opinion, this law abrogated all previous laws on the subject, and, inasmuch as it did not mention specifically the Board of Trustees of the University of Illinois among the institutions to which the law should apply, the University could not be held subject to the pro-

visions of the law ; and the Board of Trustees have full authority to handle the matter of University printing as they deem best.

The Executive Committee adjourned.

E. J. FILBEY
Clerk

W. L. ABBOTT
Chairman

AFTERNOON SESSION, SEPTEMBER 12, 1916

When the Board convened on the afternoon of September 12, 1916, after the recess, the same members were present as at the morning session.

The Board adjourned to meet in the office of the State Superintendent of Public Instruction, in the State House, at Springfield, at 9 a .m. on Thursday, September 21, 1916.

E. J. FILBEY
Secretary pro tempore

W. L. ABBOTT
President

ADJOURNED SESSION, SEPTEMBER 21, 1916

When the Board of Trustees met in the office of the State Superintendent of Public Instruction, at Springfield, at 9 a. m. on Thursday, September 21, 1916, pursuant to the adjournment taken Tuesday, September 12, 1916, the following members were present: President Abbott, Mr. Blair, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Ward, Miss Watson.

President James was present.

In the absence of the Secretary on University business, Miss Watson acted as Secretary *pro tempore*.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board proceeded to the consideration of the following matters submitted by the President of the University.

PLANS FOR EDUCATION BUILDING

(1) A number of sketches showing possible styles of building, any one of which might properly be adopted for the Education Building.

After thoro discussion, the Board voted, on motion of Mr. Blair, to approve the design last submitted by Holabird and Roche, being a stone structure with metal sashes, and to direct the Supervising Architect to proceed with working drawings according to this design ; the part of the building to be first erected to cost approximately \$210,000. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Ward, Miss Watson;

noes, none; absent, Mrs. Busey, Mr. Dunne, Mrs. Henrotin, Mr. Small, Mr. Trevett.

REQUESTED PURCHASE OF KERR TRACT

(2) A recommendation from Professor William Trelease, of the department of botany, endorsed by Professor Henry B. Ward and Professor Frank Smith, of the department of zoology, that the Kerr woodland tract, consisting of forty acres more or less, in the southwest quarter of Section 1, Township 19 N, Range 9 E of the 3d P M, be acquired by the University as a woodland reservation.

The land is covered with trees and represents a part of a virgin forest, having never been completely cut or cleared. The value of such a tract is very great for several different departments of the University, including botany, zoology, forestry, etc.

It is owned by Thomas J. Kerr of Urbana. He offers the property to the University at a price of \$350 an acre, but is willing to consider \$25 an acre as a gift to the University, so that the net cost to the University will be \$325 an acre.

After considerable discussion, in which the sentiment was freely expressed that this was an exaggerated price, the answer to this consideration being that it represented a unique piece of ground and had, therefore, a monopoly price, the President of the University was authorized, on motion of Mr. Carr, to negotiate for the purchase of this tract at a price not to exceed \$250 an acre. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mrs. Busey, Mr. Dunne, Mrs. Henrotin, Mr. Small, Mr. Trevett.

AUTHORITY TO DELEGATE SIGNING OF WARRANTS

(3) A recommendation, approved by the Chairman of the Finance Committee, that Mr. W. L. Abbott, President of the Board of Trustees, and Mr. H. E. Cunningham, Secretary, be authorized to delegate the signing of their names as President and Secretary, respectively, to warrants drawn on the Treasurer of the University and to vouchers drawn on the Auditor of Public Accounts, in accordance with the following plan:

No disbursement shall be made from any University fund in the hands of either the University Treasurer or the State Auditor, except on a voucher certified by the proper officer or head of department against an appropriation made by the Board of Trustees and approved by the Comptroller according to the Statutes of the University.

The President of the Board of Trustees is authorized to delegate to the Auditor in the Business Office authority to sign the name of the President of the Board of Trustees to vouchers against the State Auditor, and to warrants on the University Treasurer, for vouchers approved as above.

The Secretary of the Board of Trustees is authorized to delegate to the Cashier in the Business Office authority to sign the name of the Secre-

tary of the Board of Trustees to vouchers on the State Auditor and warrants on the University Treasurer, for vouchers approved as above.

The Comptroller shall be authorized to sign the name of the President, or of the Secretary, of the Board of Trustees to vouchers on the State Auditor, or warrants on the University Treasurer, in case of emergency; provided, that under no circumstances shall the Comptroller sign the names of both the President and Secretary to the same warrant or voucher.

This recommendation was adopted unanimously.

FINANCIAL NEEDS OF THE UNIVERSITY

(4) A discussion of the requests for appropriations which should be made of the next Legislature.

The President urged very strongly that the income from the mill tax is not at all adequate to provide for the increasing demands on the University for equipment, salaries of staff, and other operating expenses, and at the same time to carry out a reasonable building program. We should have at least a million dollars a year for building purposes for a decade to come. The Board of Trustees should ask the Legislature for additional funds, in the shape of either

1. An extra appropriation of three-quarters of a million dollars a year for the acquisition of sites and the erection and equipment of buildings; or
2. An addition of one-third of a mill tax for the period of ten years for the same purpose; or
3. Authority to borrow money as rapidly as it is needed for the purpose of carrying out the building program.

If the request should be made for three-quarters of a million dollars a year to be defrayed from the general funds of the state, it might be asked for in a lump sum, or an effort might be made to provide for specific portions of a reasonable building project.

This general building project covering a decade should include at least

- two million dollars for an Agricultural plant;
- two million dollars for an Engineering plant;
- two million dollars for a Medical plant;
- one million dollars for a section of a Library building;
- one million dollars for a section for a Museum building;
- five hundred thousand dollars for an Administration building.
- one million dollars for a boys' gymnasium and auxiliaries
- five hundred thousand dollars for a girls' gymnasium and auxiliaries

The other necessary buildings, such as the addition to the Natural History building, the addition to the Commerce building, the addition to Lincoln Hall, and the various additions to the present Engineering buildings, and the completion of the Armory, might be taken care of out of the mill tax, though if the attendance at the University should continue to increase in anything like the ratio at which it has been increasing during the last few years, every dollar of the mill tax will be needed in the ordinary operation of the institution, and these items would have to be provided for out of other funds.

The phenomenal increase in the number of public high schools in the state of Illinois during the last few years has made it absolutely essential for the University to provide for a large increase in the student population in the immediate future.

No action was taken in this matter.

BIDS FOR COAL FOR 1916-17

(5) A letter from the Supervising Architect concerning bids for the supply of coal to the University for the year 1916-17.

September 11, 1916

President Edmund J. James, 356 Administration Building

DEAR SIR:

I enclose a schedule of the coal bids received for our 1916-17 supply. Contracts will be made with the Sharon Coal Company for their entire output at \$1.18½ per ton and with the Danville Collieries Company, the next low bidder, for 10,000 tons at \$1.35 per ton. In order to avoid an over-supply of coal in September, shipments from the Danville Collieries Company are to be made during the eleven months beginning October 1, 1916.

Very truly yours,

JAMES M. WHITE

Supervising Architect

[ANALYSIS OF COAL BIDS, 1916-17]

<i>Firm</i>	<i>Price per ton, B. T. U. basis for 25,000 tons</i>	<i>Per cent ash in dry coal</i>	<i>B. T. U. as received</i>	<i>Equalized price</i>	<i>Price per ton as min- ed for 25,000 tons</i>	<i>Price as mined for 5,000 tons</i>
Lovington Coal Mining Company.....	1.50	18	10,728	1.38	1.50	1.50
Sharon Coal & Brick Company.....	1.22	18	9,500	1.22		1.20
Danville Collieries Coal Company*....		<i>16.15</i>	<i>10,446</i>	<i>1.38</i>		<i>1.35</i>
Peabody Coal Company	1.45	14	10,406	1.38		
Electric Coal Company.....	1.45	14.5	10,300	1.36	1.45	1.45

The equalized price is the value of the several coals as compared with the Sharon coal at \$1.22.

The Sharon Coal Company also offers its entire output (estimated at 14,000 tons), at \$1.18½ as mined.

All bids are for 14" screenings f. o. b. boiler house.

DEGREE FOR MR. W. H. MARTIN

(6) A recommendation from the Council of Administration that the President of the University be authorized to present to Mr. William H. Martin his diploma as Bachelor of Arts, as of the class of 1916.

Mr. Martin's name was not included in the list in June, owing to the fact that certain credits allowed him by transfer from other institutions had

*The figures in italics were obtained after the bids were opened, by analyzing a mine sample of the coal.

been cancelled on account of his relatively poor work in this institution, but the Council, at its meeting of July 11, voted that the rule in regard to such cancellation of credits should be suspended in this case. Mr. Martin thus becomes entitled to his degree, in accordance with the above recommendation.

This recommendation was concurred in unanimously.

MEMORIAL TABLET FOR ANNA MARGARETHE LANGE JAMES

(7) A request for authority to erect a bronze tablet in memory of his wife, Anna Margarethe Lange, on the south wall of the lobby to the Auditorium, either to the right or the left of the middle entrance to the hall. It would be a tablet five or six feet in length and three to four feet wide, either in a vertical position or a horizontal position. In the latter case the figure would be to the left of the inscription. Mr. Lorado Taft has promised to supervise the making of the tablet so that the artistic quality would be assured. The following legend would be placed on the tablet:

In Memory of
ANNA MARGARETHE LANGE
wife of
EDMUND JANES JAMES
Fourth president of the University of Illinois
this tablet has been erected
by
Her Husband

(Place here a symbolic figure depicting Ruth gleaning in the wheat fields and looking with longing eyes toward her own home.)

(Below the figure the following inscription:)

Her life was a new version of an ancient story.

She, too, like Ruth of old, left home and kindred and journeyed into a far country. She made this people her people and this country her country, and though, standing amid the alien corn, she sometimes paused to gaze with tear-filled eyes and longing heart to her old home beyond the seas, it was only to gather new strength for the tasks before her.

She, too, came to honor in the heart of her husband, in the love of her children, in the esteem of her countless friends.

A gracious spirit, she moved through life a joyous, strong, and helpful presence, a source of power and inspiration to all who knew her, giving joy to the joyful, strength to the weak, and comfort to the sorrowing; a loving and devoted daughter of her adopted country, the land in which her children and her children's children will rise up and call her blessed.

On motion of Mr. Ward, it was voted, unanimously, that the Board of Trustees approve the erection of such a tablet, and that the matter be referred to the Committee on Buildings and Grounds with power to act.

THACHER HOWLAND GUILD MEMORIAL

(8) A letter from a committee which has been collecting money for a Guild Memorial in the University of Illinois.

September 18, 1916

President E. J. James, University of Illinois

DEAR MR. PRESIDENT:

As members of the Guild Memorial Committee we wish to turn over to the University of Illinois the fund collected by subscription and otherwise, amounting to \$527.52.

It is the desire of the committee, with the endorsement of the Department of English, that this fund, and any amount later added to it, be used by the University to establish a cash prize, to be known as the Thacher Howland Guild Memorial Prize; that the prize consist of the sum of \$25 deducted from the annual interest on this fund; and that it be given to the undergraduate student submitting a poem or one-act play, which, in the opinion of a committee appointed by the Department of English, shows the greatest originality and literary merit; provided, however, that in case no poem or play is submitted, or in case no one of those submitted is deemed worthy of a prize, the interest so accumulated in any year be turned back as principal to become part of the general fund.

It is suggested that the name of the winner of this prize be printed in the commencement program.

Sincerely yours,

DANIEL KILHAM DODGE

JACOB ZETLIN

CLARENCE VALENTINE BOYER

On motion of Mr. Hoit, this sum of \$527.52 was accepted as a trust fund for the endowment of the Guild Memorial, in accordance with the above request.

SALE OF PART OF SMITH LANDS AUTHORIZED

(9) A letter from Mr. Bruce Henderson, who has been asked to act as the agent of the University in the sale of the Smith Farms, stating that in his opinion tract No. 1, namely, the St. Joseph farm, containing 240 acres, could be sold for a price of \$210 an acre.

On motion of Mr. Carr, Mr. Henderson was authorized to sell the St. Joseph farm, consisting of the southwest quarter and the west half of the southeast quarter of Section 26, Township 20 N, Range 10 E, at a price of not less than \$215 an acre.

EXECUTIVE COMMITTEE MEETING, JULY 28, 1916

(10) A report of the meeting of the Executive Committee of the Board of Trustees held July 28, 1916.

August 28, 1916

Mr. H. E. Cunningham, Secretary, University of Illinois

DEAR SIR:

On July 28, a meeting of the Executive Committee was held at 72 West Adams Street, Chicago. It was attended by Messrs. Hoit and Abbott. There were also present President James and Judge Harker. The meeting was called to consider the purchase of a site for the College of Medicine.

This matter was referred to the Executive Committee at the Board meeting of July 21.

After a lengthy discussion of various related conditions it was decided to direct the Chairman of the committee to have a valuation of the property made by the Chicago Real Estate Board.* The committee adjourned.

Very truly yours,

W. L. ABBOTT

The Secretary having called attention to the absence of a quorum, the Board adjourned.

FLORENCE E. WATSON

W. L. ABBOTT

*Secretary pro tempore**President*

MEETING OF THE EXECUTIVE COMMITTEE

SEPTEMBER 21, 1916

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the office of the State Superintendent of Public Instruction, at Springfield, on Thursday, September 21, 1916, immediately following the adjournment of the meeting of the Board of Trustees on the same day.

All the members of the Executive Committee were present, namely, Mr. Abbott, Mr. Carr, and Mr. Hoit; also, Mrs. Evans, Mr. Ward, and Miss Watson, members of the Board of Trustees.

President James was present.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Executive Committee considered the following matters submitted by President James:

TRANSFER OF FUNDS FOR COLLEGE OF MEDICINE

(1) A request for the transfer of \$15,000 from the Incidental fund in the budget to the College of Medicine fund, as it is found impossible to

*The Secretary was in receipt of the following report from President Abbott on October 2, 1916:

September 30, 1916

Mr. H. E. Cunningham, Secretary, University of Illinois, Urbana, Illinois

DEAR SIR:

Some weeks ago the Executive Committee authorized me to have an appraisal made, by the Chicago Real Estate Board, of the ground which is known as the West Side Cubs Ball Park. I accordingly sent an order to the Real Estate Board and received from it an appraisal of the land only, exclusive of the improvements, of \$209,533.20.

Will you please have this letter appear in the next issue of the Minutes of the Board.

Very truly yours,

W. L. ABBOTT

make up a satisfactory budget on the basis of the amount appropriated.

This request was granted.

LIGHT AND HEAT FOR UNIVERSITY CLUB

(2) A request from the University Club of Urbana and Champaign that the Club house on Illinois street be connected with the heating and lighting system of the University, the cost of such connection to be borne by the Club, and that the Club be supplied with heat and light at cost.

This request was granted.

APPOINTMENT OF DR. D. A. K. STEELE AS SENIOR DEAN

(3) A copy of a letter appointing Dr. D. A. K. Steele to be Senior Dean of the College of Medicine of the University of Illinois.

August 24, 1916

Dr. D. A. K. Steele, University of Illinois, College of Medicine, Chicago

MY DEAR DR. STEELE:

Referring to our conversation of the other day, I beg to inform you that I am appointing you to be Senior Dean of the College of Medicine of the University of Illinois, without salary, beginning September 1, 1916, and continuing until further notice, but not longer than August 31, 1917,—all this subject to the approval of the Board of Trustees of the University of Illinois.

As you are aware, I have been instructed by the Board of Trustees of the University of Illinois to recommend at the earliest possible date a permanent dean for the College of Medicine, but I am not ready to make such a recommendation at the present time.

I desire to thank you most sincerely for your courtesy and willingness to help in this matter of tiding over a difficult situation.

Faithfully yours,

EDMUND J. JAMES

This appointment was approved.

CARL MARTIN JAMES AND AMANDA K. CASAD COLLECTIONS

(4) A letter from P. L. Windsor, Director of the University Library, giving a report on the number of books received for the Carl Martin James and Amanda K. Casad collections from President Edmund J. James.

September 20, 1916

President Edmund J. James, 355 Administration Building

DEAR PRESIDENT JAMES:

On his return from his vacation I asked Mr. Rugg to again go over the books presented by you last year and to be called the Carl Martin James collection, and he has sent me a report to the effect that there are in the collection 1030 bound volumes, and 1145 unbound pamphlets, etc.

In the Amanda K. Casad collection there are 1732 bound volumes; and the pamphlets in this collection you told us need not be strictly counted; we

are, however, looking over these and are finding a great deal of material needed by the Library.

Yours very truly,

P. L. WINDSOR

This report was received for record.

CATTLE FEEDING PLANT

(5) A request from the Supervising Architect that the sum of \$15,000 be made available by July 1, 1917, for the construction of the Cattle Feeding Plant. Professor White states that Professor Mumford considers that the Cattle Feeding Plant which has already been approved will, with the possible extension of the feeding pens, prove adequate for the needs of the department for twenty-five years to come. If this were true, it seems that we are not justified in using frame construction except for the roof and walls above the mow floor. On the basis of fireproof construction for the stabling section and grain elevator, the total cost of the building is estimated to be \$40,000, which is \$15,000 more than the amount assigned for this purpose in the budget.

The sum of \$15,000 was appropriated for the completion of the Cattle Feeding Plant, to be charged against the budget of the year beginning July 1, 1917.

SALARY OF HARRY SWEARINGEN

(6) A request from the Supervising Architect that the salary of Mr. Harry Swearingen, a University janitor who was a member of the local infantry company ordered to the field, be paid to Mrs. Harry Swearingen at the rate of \$40 a month for the month of September, or such part thereof as Harry Swearingen may be detained in the camp.

The President of the University was authorized to direct the payment of salary in accordance with this request.

BOTANY LABORATORY FEES

(7) A recommendation that the following new laboratory fees in botany be approved and that the Registrar be authorized to collect fees at the coming registration:

Botany 21.....	\$1.00
Botany 23.....	1.00
Botany 25a.....	1.00
Botany 25b.....	1.00
Botany 27a (formerly 3b).....	2.00
Botany 27b.....	1.50
Botany 28, per hour50

This recommendation was concurred in.

SALARY OF MR. LLOYD MOREY

(8) A recommendation that the salary of Mr. Lloyd Morey as Acting Comptroller be fixed at the rate of \$2,500 a year from the time when he took charge of the office, this to be in lieu of all other salary paid to him.

This recommendation was approved.

BUDGET, COLLEGE OF MEDICINE AND DENTISTRY, 1916-17

(9) The Budgets of the Colleges of Medicine and Dentistry for the year 1916-17, approved under authority granted on July 22, 1916 (see page 69).

**BUDGET, COLLEGE OF MEDICINE, FISCAL YEAR
BEGINNING JULY 1, 1916***

SENIOR FACULTY, COLLEGE OF MEDICINE

(10) The Senior Faculty of the College of Medicine for the year 1916-17. These persons are appointed to serve in their respective capacities for the current academic year without salary.

Senior Faculty List, College of Medicine, Session 1916-17

(Appointed for one year from September 1, 1916, without salary)
 Edmund Janes James, Ph.D., LL.D., President of the University
 William Edward Quine, M.D., LL.D., Professor of Medicine, *Emeritus*

Henry Parker Newman, A.M., M.D., Professor of Gynecology, *Emeritus*
 Henry Turman Byford, A.M., M.D., Professor of Gynecology, *Emeritus*
 Oscar Augustus King, M.D., Professor of Neurology and Psychiatry, *Emeritus*
 William Allen Pusey, A.M., M.D., Professor of Dermatology, *Emeritus*
 Daniel Atkinson King Steele, M.D., LL.D., Professor of Surgery and Clinical Surgery, Head of the Department, and Senior Dean
 Adolph Gehrmann, M.D., Professor and Head of the Department of Hygiene
 Maurice Louis Goodkind, M.D., Professor of Clinical Medicine
 Lee Harrison Mettler, A.M., M.D., Professor and Head of the Division of Neurology and Clinical Neurology
 Casey A. Wood, A.M., M.D., Professor of Ophthalmology and Head of the Department (on leave)
 Daniel Nathan Eisendrath, A.M., M.D., Professor of Surgery and Clinical Surgery
 Joseph McIntyre Patton, M.D., Professor of Clinical Medicine
 John Lincoln Porter, M.D., Professor of Orthopedic Surgery and Head of the Division of Orthopedic Surgery
 Charles Davison, M.D., Professor of Surgery and Clinical Surgery
 Albert John Ochsner, B.S., M.D., Professor of Surgery and Clinical Surgery
 Charles Sumner Bacon, Ph.B., M.D., Professor of Obstetrics and Head of the Department of Obstetrics and Gynecology
 Charles Spencer Williamson, B.S., M.D., Professor and Head of the Department of Medicine
 Frederick Tice, M.D., Professor of Diseases of the Chest and Clinical Medicine
 Channing Whitney Barrett, M.D., Professor of Gynecology and Clinical Gynecology, and Head of the Division
 Norval Pierce, M.D., Professor of Surgery (Rhinology, Laryngology, and Otology) and Head of the Division
 Albert E. Halstead, M.D., Professor of Surgery and Clinical Surgery
 William Elliott Gamble, B.S., M.D., Professor of Clinical Ophthalmology
 Julius Hayes Hess, M.D., Professor of Pediatrics and Clinical Pediatrics, and Head of the Division of Pediatrics

Associate Professors

Rachelle S. Yarros, M.D., Associate Professor of Obstetrics and Clinical Obstetrics
 Charles Edward Humiston, M.D., Associate Professor of Clinical Surgery
 Joseph C. Beck, M.D., Associate Professor of Surgery (Rhinology, Laryngology, and Otology)
 French S. Cary, M.D., Associate Professor of Surgery and Clinical Surgery (Genito-Urinary) and Head of Division
 Nelson Mortimer Percy, M.D., Associate Professor of Clinical Surgery
 Charles Mayer Jacobs, M.D., Associate Professor of Clinical Surgery (Orthopedic)

Assistant Professors

Edward Louis Heintz, Ph.G., M.D., Assistant Professor of Medicine and Clinical Medicine
Frederick Gillette Harris, M.D., Assistant Professor of Dermatology and Venereal Diseases, Acting Head of the Department
Maurice Lewison, M.D., Assistant Professor of Physical Diagnosis
Haim I. Davis, M.D., Assistant Professor of Clinical Psychiatry
Frank Donald Moore, M.D., Assistant Professor of Surgery and Clinical Surgery
John Michael Lang, M.D., Assistant Professor of Clinical Gynecology
John Weathersson, C.E., M.D., Assistant Professor of Medicine; Recording Secretary of the Faculty
Mary Gilruth McEwan, M.S., M.D., Assistant Professor of Clinical Gynecology
Jonathan Brown Loring, M.D., Assistant Professor of Clinical Ophthalmology
Ephraim Kirkpatrick Findlay, M.D., Assistant Professor of Clinical Ophthalmology (on leave)
Cecil V. Bachelie, M.S., M.D., Assistant Professor of Obstetrics
Emanuel Oliver Benson, A.B., M.D., Assistant Professor of Pediatrics and Clinical Pediatrics
Frederick George Dyas, M.D., Assistant Professor of Surgery and Clinical Surgery
George Farnsworth Thompson, B.S., M.D., Assistant Professor of Surgery and Clinical Surgery
Otto Herman Rohrlack, Ph.G., M.D., Assistant Professor of Obstetrics and Clinical Obstetrics
Charles M. McKenna, M.D., Assistant Professor of Surgery (Genito-Urinary)
Edward Franklin Leonard, M.D., Assistant Professor of Neurology
Jesse E. Royer, M.D., Assistant Professor of Neurology

Associates

Victor Lupu Schrage, M.D., Associate in Surgery
Ernest Sisson Moore, Ph.B., M.D., Associate in Clinical Medicine
John Ross Harger, B.S., M.D., Associate in Surgery and Minor Surgery
Robert Mosser, M.D., Associate in Clinical Medicine
John A. Cavanaugh, M.D., Associate in Surgery (Laryngology, Rhinology, and Otolaryngology)

Lecturers

Elmer DeWitt Brothers, M.S., LL.B., Lecturer on Medical Jurisprudence
Matthew Mills, LL.B., Alternate Lecturer on Medical Jurisprudence
Bernard John Cigrand, M.S., D.D.S., Lecturer on the History of Medicine

Instructors

Robert William Morris, A.B., M.D., Instructor in Medicine
Waldemar Eberhardt, B.S., M.D., Instructor in Medicine
Charles Herbert Phifer, M.D., Head Instructor in Surgery

George J. Lorch, Ph.G., M.D., Instructor in Medicine
Henry Eugene Irish, M.D., Instructor in Pediatrics

URBANA, ILLINOIS, November 23, 1916

I certify that in the foregoing pages, numbered 95 to 120, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois and of the Executive Committee of the Board at their meetings held on September 12, 1916, and at the adjourned session of September 21, 1916, as approved by the Board on November 22, 1916.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
—OF THE—
UNIVERSITY OF ILLINOIS

October 18, 1916

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Wednesday, October 18, 1916, pursuant to the following notice which was sent out by the Secretary on October 13, 1916:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, on Wednesday, October 18, at 12 o'clock noon, to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson.

President James was present.

As there was no quorum, the Board adjourned.

H. E. CUNNINGHAM

Secretary

W. L. ABBOTT

President

EXECUTIVE COMMITTEE MEETING, OCTOBER 18, 1916

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, on Wednesday, October 18, 1916, immediately following the adjournment of the meeting of the Board of Trustees on the same day.

Mr. W. L. Abbott, Chairman, and Mr. O. W. Hoit, a member of the Committee, were present; also Mrs. Evans, Mrs. Henrotin, Mr. Ward, and Miss Watson, members of the Board.

President James was present.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Executive Committee considered the following matters submitted by the President of the University:

WAGON SCALES

(1) A request from the Illinois Traction Company for permission to install a pair of wagon scales on University property adjacent to the old right of way switch of the Illinois Traction System near Wright Street. The distance is fifty feet from the east end of the scales to the Wright Street sidewalk. In order to place these scales at the desired point, it will be necessary to encroach five feet and ten inches on University ground. The Traction System binds itself to remove the scales at the request of the Board, and also to permit the University to use these scales without charge whenever it desires to do so. Under these conditions, subject to the approval of the Board, I gave the Traction Company the right to install the scales.

On motion of Mr. Hoit, this action was approved.

LAW BULLETIN

(2) A request from the faculty of the College of Law for permission to establish an Illinois Law Bulletin to be published three or four times a year, and for an appropriation of \$750 for the first two issues of the Bulletin. It is proposed to publish one in January and one in March during the present academic year. The members of the faculty of the College of Law approve the establishment of such a bulletin and agree to give it their conscientious and continued support.

This request was granted and the appropriation was made.

LAW TUITION FEE ABOLISHED

(3) A recommendation from the faculty of the College of Law that the special tuition fees heretofore required of students registered in the College of Law be abolished, and that in the matter of fees the College of Law be put on the same footing as the colleges of Engineering, Agriculture, and Liberal Arts and Sciences.

This recommendation was approved to take effect for the year beginning September 1, 1917.

LAW SCHOLARSHIPS—RULE

(4) A request from the faculty of the College of Law that a change be made in the language of the rule relating to law scholarships, making it read as follows: "That the Board of Trustees authorizes the award from year to year to students in the College of Law of four scholarship prizes of exemption from the incidental fee of twelve dollars a semester, and four scholarship prizes of exemption from one-half of said semester fee, in accordance with rules to be prescribed from time to time by the faculty of the College of Law."

This request was granted.

MR. P. W. ALLEN'S TITLE CHANGED

(5) A request from the Dean of the College of Agriculture that the title of Mr. Paul William Allen of the department of dairy husbandry be changed from assistant to instructor.

This request was granted.

SALE OF RANTOUL FARM—SMITH LANDS

(6) An offer from Mr. Thomas F. Molloy and Jennie L. Molloy to purchase all that part of the north half of Section 23, Twp. 22 N., Range 9 E. of the 3rd P. M., which lies west of the Illinois Central Railroad right of way, 214 acres more or less, and which was presented to the University by Captain Thomas J. Smith, the proceeds of which are to be used in the erection of a Music building. This farm is known as the "Rantoul farm". It is two and one-half miles north of Rantoul and adjoins the Illinois Central right of way and the Kankakee Interurban line. Mr. Molloy offers \$175 an acre, or \$37,450. Mr. Bruce Henderson, in whose hands the sale of this property was placed, advises that, as there are no improvements on this land except a corn-crib of doubtful value, the price is, in his opinion, a fair one. Captain J. R. Trevett, in a letter to me, expresses his opinion that the price is very good and fully as much as he expected the University could get for this farm. Mr. Robert F. Carr has also given me his opinion that this sale should be made. Professor J. G. Mosier gives his opinion that \$175 an acre cash is a very fair offer. Mr. H. S. Capron, Treasurer of the University, has the same opinion. In view of the fact that the University needs this money in order to enable it to proceed with the erection of the Smith Memorial Music Hall, I have directed the Comptroller to enter into a provisional contract of sale with Thomas F. Molloy for the sum of \$37,450, the price being \$175 an acre, payable as follows: one thousand dollars in cash, which has been received and deposited with the University Treasurer; a note for \$4,000 due March 1, 1917, which has also been received; the balance, \$32,450, payable in cash on March 1, 1917, at which time the property would pass into the possession of Thomas F. Molloy and Jennie L. Molloy. The contract has been made subject to the ratification of the Board of Trustees. The contract and note are herewith submitted.

The Executive Committee voted to recommend to the Board of Trustees that this property be sold to Mr. and Mrs. Thomas F. Molloy for \$37,450. The other members of the Board present—Miss Watson, Mrs. Evans, Mrs. Henrotin, and Mr. Ward—joined in the opinion that this sale should be effected at the price indicated.

INSURANCE ON PHARMACY BUILDING

(7) A letter from Professor James M. White recommending that additional insurance be taken out on the Pharmacy building in Chicago; also that the American District Telegraph service be installed not only in the Pharmacy building but also in the Medicine and Dentistry buildings. There would be no additional cost for putting in this service, but a continuous

operating expense of \$354 a year for the number of boxes which in his opinion we should have in the several buildings.

The Board of Underwriters has made an insurance rate on buildings of seventy-five cents for five years for each hundred dollars valuation. This is a very low price. They are willing to place the estimate of the total valuation of the buildings from 701 to 711 South Wood Street, including the foundations, at \$84,427.58. Eighty per cent of this is \$67,542.07. Mr. Day estimates the equipment of the buildings to be worth about \$25,000. An insurance of \$20,000 should be carried on this value. The cost of insurance for the buildings for \$67,542.07 for five years would be \$501.50 and the insurance on the contents \$200 for the same time, or \$701.50 altogether, making \$140.30 a year.

The Comptroller of the University was authorized to take out this insurance at the price of \$140.30 a year.

Consideration of the recommendation in regard to the American District Telegraph service was postponed.

At this point Miss Watson left the meeting.

PURCHASE OF SCHAEFER PROPERTY

(8) The following statement:

Mr. Peter P. Schaefer, who owns the property at the south-west corner of Mathews and Springfield avenues in Urbana, being 198 feet more or less on Springfield Avenue and 132 feet more or less on Mathews Avenue, desires to sell this property to the University for \$12,000, if he is permitted to take off the frame structures which he has recently placed on these lots, and the old structure also which has been there for many years.

Captain J. R. Trevett and Mrs. Mary E. Busey, after careful investigation of the situation, recommend that this property be purchased at this price. Governor Dunne has expressed his willingness to purchase at this price if the other members of the Board think it wise. Mr. F. G. Blair and Mr. Robert F. Carr have authorized me to say that they are in favor of the purchase.

The Executive Committee voted to recommend to the Board of Trustees that these lots be purchased at the said price, and that the payment be made when Mr. Schaefer presents a merchantable title with full abstract of title, to be approved by the Counsel of the University, and has removed the houses from the lots and filled in the excavations which he has recently made.

The other members of the Board present—namely, Mrs. Evans, Mrs. Henrotin, and Mr. Ward—approved this recommendation.

At this point, Mr. Ward withdrew.

ADDITIONAL ALLOWANCE FOR HUDSON BAY EXPEDITION

(9) A report from Dean David Kinley that Professor Thomas E. Savage, in carrying out the Hudson Bay scientific expedition during the past

summer, exceeded the appropriation of \$2,000 by the sum of \$90.32, which was advanced by him to meet necessary expenses. He recommends that this sum be refunded to Professor Savage.

This recommendation was approved.

ANALYTICAL WORK FOR BOARD OF ADMINISTRATION

(10) A letter from Professor S. W. Parr relating to the analytical laboratory, together with a statement of receipts and expenditures for the past year.

October 7, 1916

Professor W. A. Noyes, Chemistry Building

DEAR PROFESSOR NOYES:

It seems to me there should be made out to you and possibly through you to President James a statement of receipts and expenditures on account of the work done by Mr. Lindgren and his assistants. I am therefore enclosing a statement taken from the books in the Business Office and have included a summary attached thereto.

In this connection permit me to say that a very large portion of the work done by Mr. Lindgren is on behalf of other departments in the University, and as a rule are of such character as to demand the services of an expert. Indeed, much of the work is in itself of an investigational type, as, for example, the determination of boron in steel and that constituent in small percentages; similarly, the determination of small quantities of aluminum alloyed with steel. A number of very valuable papers have resulted from his work.

We are continuing the coal inspection work from the State Board of Administration for two reasons. First, it furnishes a more certain continuity of work and income to maintain the salary of Mr. Lindgren, and second, because we are having a most excellent opportunity for testing out certain appliances, especially in the sampling of coal, which are vital to the success of the marketing of coal under specification. I shall be glad to answer any questions in connection with this work.

Yours very truly,

S. W. PARR

Professor of Applied Chemistry

This report was received for record.

LEAVE OF ABSENCE FOR MISS F. E. SMITH

(11) A request from the Dean of the College of Agriculture that further leave of absence without salary be granted to Miss Florence E. Smith, who was injured last winter in a railroad accident and whose leave of absence expires on October 24, 1916.

The President of the University was authorized to extend this leave of absence for six months.

TUITION OF PHILIPPINE STUDENT

(12) A request from the Chief of the Bureau of Insular Affairs for the remission of tuition in the College of Dentistry for Mr. Jose F. Nava, a native of the Philippine Islands, now attending the College of Dentistry.

This request was denied.

EMPLOYER'S LIABILITY DECISION—CASE OF J. W. NORTH

(13) A letter from Judge O. A. Harker submitting the opinion of Justice Barnes for the Appellate Court in the case of North against the Board of Trustees.

October 13, 1916

President Edmund J. James, University of Illinois, Urbana, Illinois

DEAR SIR:

I am pleased to hand you a copy of the opinion delivered by Mr. Justice Barnes for the Appellate Court in the case of North against the Board of Trustees.

You will see that the Court in reversing the judgment of the Circuit Court, does so upon the lines argued by us before the industrial board, and also in the Circuit and Appellate Courts. The position, which was made clear by the testimony of Mr. Abbott, is that while the University does handle dangerous elements, it does so simply as incident to carrying on the business of education.

I suppose this will end the case, but should the administrator appeal to the Supreme Court, I have confidence that the opinion of Judge Barnes will be sustained.

Sincerely yours,

O. A. HARKER

Legal Counsel

WALTER J. NORTH, *Administrator of the Estate of JAMES W. NORTH, Deceased*

vs.

BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS

OPINION OF BRANCH B, APPELLATE COURT

Judges Barnes, McGoorty, and Gridley

(OPINION BY MR. JUSTICE BARNES)

Appellees' intestate lost his life December 5, 1913, from injuries arising out of and in the course of his employment for appellant as caretaker of the medical department of the University by falling down an elevator shaft. Against appellant's protest that the Workmen's Compensation Act of 1913 did not apply to it, and that the Industrial Board was without jurisdiction in the matter, the proceedings for compensation for said intestate's death were had under said act resulting in an award against appellant for \$3360.

Claiming that said Industrial Board had no jurisdiction to apply the act to the University of Illinois, appellant brought said proceedings before the Circuit Court on common law *certiorari*, and this appeal from the court's action in dismissing the petition and quashing the writ raises the sole question whether appellant comes under the act in question.

The gist of appellee's argument for sustaining the court's order is, that appellant is an "employer" as defined by Section 4 of said act, and engaged in an "enterprise" as designated in subdivisions 6 and 7, paragraph (b), section 3 of said act, reading as follows:

6. Any enterprises in which explosive materials are manufactured, handled, or used in dangerous quantities;

7. In any enterprise wherein molten metal, or explosive or injurious gases or vapors or inflammable vapors or fluids, or corrosive acids are manufactured, used, generated, stored, or conveyed in dangerous quantities.

The record discloses that except in the course of educational instruction the University is not engaged in any of the "occupations, enterprises, or businesses" enumerated in said paragraph (b), but that in the course of instruction and for such purposes only, it uses explosive material and inflammable fluid in its chemical laboratory, and runs a foundry in which molten metal is used.

It is conceded that appellant has not elected to accept the provisions of the act and such election will not be presumed unless the employer is engaged in one of the occupations, enterprises, or businesses enumerated in section 3, paragraph (b) of said act. (*Upholl v. Industrial Board*, 271 Ill. 312). If, as we think, appellant was not so engaged, then, it not having so elected, we need not discuss whether it is an 'employer' as defined in section 4.

The question is whether by the use or handling of such explosives, inflammable fluids, and molten metal as aforesaid, appellant is engaged in an "enterprise" as designated in said quoted paragraphs 6 and 7. The record does not disclose the extent of their use. But whether "in dangerous quantities" or not, we do not construe the term "enterprise" as used in said act

to apply to such a set of facts. The University was chartered to furnish instruction to students in various branches of learning. Neither the general nature and character of the work of educational instruction, nor the methods adopted in giving it, can properly be denominated "enterprise" as that term is usually defined. (*Uphoff case supra*). Nor would they be brought within the definition of that term as employed in the statute merely by the incidental use and handling of the materials mentioned in the statute.

Were it otherwise and appellant deemed an employer as defined in section 4, then each employee of the University, no matter how remote his employment from the use or handling of such materials, would be brought within the scope of the act, a construction we cannot regard as within its meaning and intent.

The authorities cited in the argument relate to very different situations, and throw so little light on the construction of Section 3, that we shall not discuss them, nor dwell upon the many incongruities the different interpretations would produce.

Reaching the conclusion, therefore, that mere methods of instruction in an educational institution involving the use of such materials cannot be deemed as embraced within the term "enterprise" as used in said act, and that the facts disclosed in the proceedings before the Industrial Board did not give it jurisdiction to render a decision and make such award against appellant, we shall reverse the action of the court below in dismissing the petition and quashing the writ and shall enter the order here that should have been entered in the hearing before the Circuit Court and set aside proceedings and quash the record of the Industrial Board relating thereto. (*Behrens v. Commission of Highways* 169 Ill. 559).

Appellee contends that the order of the Circuit Court allowing the evidence and proceedings before the Industrial Board to be incorporated in this bill of exceptions is of no effect because the bill of exceptions was not filed within time and the court had lost jurisdiction to enter the order. But as appellee subsequently stipulated that the bill of exceptions might be incorporated into the transcript of the record for this bill, he is in no position to raise the point. (*Lilderbrand v. Pickrell*, 167 Ill. 624).

REVERSED AND RECORD OF INDUSTRIAL BOARD QUASHED.

This decision was received for record.

MILITARY INSTRUCTION—GENERAL ORDER 49

(14) General Order 49 from the War Department concerning the military organizations at colleges and universities under the provisions of the law passed on June 3, 1916. Attention is called to the fact that there are many different points involved in transferring the form of organization from that which we have had hitherto to the proposed new form described as the Reserve Officers' Training Corps. Applying for the organization of these units of the Reserve Officers' Training Corps implies on the part of the University a willingness to expend considerable money in putting its military service on a more satisfactory basis. Among other things it will have to

provide a range. It seems to be reasonable to ask this of the state, and that it shall be provided from the funds of the state devoted to national defense rather than from the funds of the University.

The President of the University was given authority to apply to the President of the United States for the equipment of certain units of the senior division of the Reserve Officers' Training Corps and to pledge the University to the carrying out of the course of military training provided by the President of the United States and the War Department under these regulations.

STABLES FOR BATTERY F

(15) A statement concerning Battery F of the Illinois National Guard, which consisted of students and professors, and was ordered to the frontier during the Mexican difficulties of last summer. The old Horticulture building had been assigned for the use of Battery F and a certain amount of equipment, with ten horses, had been received and the horses were located in the building indicated. There was considerable uncertainty as to what was to be the fate of Battery F when it returned. It was mustered out of the Federal service, however, and again became Battery F of the Illinois National Guard. A report came to me that the Battery would be mustered out of the National Guard service in Springfield but instead of that it was returned to the University with all its equipment, including thirty-three horses. We had no adequate means of caring for these animals. I directed the erection of a small stable on the site of the old Horticulture greenhouses south of the Horticulture building. The walls left standing, being concrete three feet above the ground, were used as the basis of this structure. The east wall of the structure is 18 feet west and the north wall is 141 feet south of the old Horticulture building. The walls are six feet above the old foundation and are of 2x4 construction with "Bishop Rickwall" board on the exterior to receive plaster, and the low gable roof is covered with composition roofing. The estimated cost of the building is \$1,500. I request approval of my action in ordering the erection of this structure.

The action of the President of the University in this matter was approved.

EXCAVATION FOR SMITH MUSIC BUILDING

(16) A report from the Supervising Architect that the plans for the Smith Memorial Music Building are sufficiently well developed to proceed with the erection of a portion of the structure. I asked Captain Thomas J. Smith to examine the plans again carefully and give his opinion, and I have received the following letter from him:

October 16, 1916

Hon. Edmund J. James, President University of Illinois

MY DEAR MR. PRESIDENT:

I have gone over again with the Supervising Architect and his assistants the plans of the Music Building and I can see no grounds for criticism

whatever. They are so completely satisfactory to me that I hardly need to say anything more except that I hope all possible dispatch will be made use of in getting a start and continuing until completion.

Respectfully,

THOMAS J. SMITH

The Supervising Architect wishes to proceed with the construction of the foundation of the Music building as soon as possible. The dimensions of the building in plan are 122 feet, 10½ inches, north and south, by 162 feet, 8½ inches, east and west, and the approximate distance to the adjacent buildings from the nearest wall lines will be 215 feet to the Auditorium, 56 feet to the Entomology building, and 90 feet to the Observatory.

The Supervising Architect was authorized to proceed with the excavation and the construction of the foundation of the Smith Memorial building.

EXCAVATION FOR EDUCATION BUILDING

(17) A report from the Supervising Architect that the plans for the Education building are sufficiently well developed to enable him to proceed with the construction of the foundations. The building which it is planned to erect at this time is 56 feet wide, not counting the bays. It is the intention to center the length of the building on Mathews Avenue, leaving 18 feet, 2½ inches, to the property line at the north and south. The building proper will be set back 38 feet from the property line on Mathews Avenue. The entrance motives project 12 feet on the west and 11 feet on the north and south. It is to be three stories high above grade, of fireproof construction. The exterior is to be of stone in collegiate Gothic design, already approved by the Board. The building will front Springfield Avenue on the south, Mathews Avenue on the west, and Stoughton Street on the north, and is conceived as a part of a group of buildings which will be erected to the east of the present building. The plans for the building have already been approved by the Board of Trustees.

The Supervising Architect was authorized to proceed with the construction of the foundations for the Education building.

BOHEMIAN SETTLEMENT DISPENSARY

(18) A request from the authorities of the Bohemian Settlement House, 1831 South Racine Avenue, Chicago, that the University should undertake the supervision of a free medical and surgical dispensary in the Settlement House, with a proposed form of agreement between the Trustees of the University of Illinois and the Bohemian Settlement House, concerning such a dispensary. Dr. Charles S. Bacon, professor in our College of Medicine, endorses this undertaking. It is approved also by Dr. D. A. K. Steele, Dean of the Senior College of Medicine.

*AGREEMENT
BETWEEN THE TRUSTEES OF THE UNIVERSITY OF ILLINOIS
AND THE BOHEMIAN SETTLEMENT HOUSE, CONCERNING
THE ESTABLISHMENT AND MANAGEMENT IN BOHEMIAN
SETTLEMENT HOUSE OF A FREE MEDICAL AND SURGICAL
DISPENSARY.*

The Trustees of the University of Illinois agree to undertake the management of a dispensary for service to needy residents of the settlement district, to be known as the Bohemian Settlement Free Dispensary, and to assume the responsibility for the same, under the following conditions:

1. The Bohemian Settlement House agrees to furnish and secure the necessary space, equipment, and supplies, these things to be determined by mutual agreement between the two parties; to secure the necessary dispensary license, and to make such reports to the Board of Health as shall be from time to time required.

2. The Trustees of the University of Illinois shall name the medical staff of the Dispensary, and shall keep entire supervision of the medical work and assume the legal responsibility for the same.

3. The Trustees of the University of Illinois shall approve the names of all resident students that shall assist in the Dispensary, and shall appoint all visiting students who may be allowed to participate in the work of the Dispensary.

4. The Trustees of the University of Illinois assume no financial obligations whatever in the support of this Dispensary.

This agreement may be terminated at any time, by either party, on giving six months' notice.

The Comptroller was authorized to sign this agreement.

RELATIONS WITH STATE ARCHITECT

(19) A letter from the State Architect, Mr. James B. Dibelka, to Professor James M. White, Supervising Architect, concerning the cost of preparing plans for the Education building, the Smith Memorial Music building, the Women's Residence Hall, and other buildings.

CHICAGO, October 13, 1916

Professor James M. White, Supervising Architect, University of Illinois

DEAR SIR:

Upon my return from Buffalo, New York, I find your favor of the 7th.

In view of the fact that you have almost completed the plans and specifications for the following buildings, viz., School of Education, Cattle Feeding Plant, and the Horticultural Field Group, I am willing to let you proceed along our agreement.

Regarding the Smith Memorial Music Hall, provided the State does not spend any money on same, I have no claim on it. However, any new building that may be erected in the future by the Trustees of the University of Illinois, outside the above mentioned buildings, should I be at that time State Architect, I shall insist that the plans for same be prepared in my office.

Regarding the charges for preparing plans for the Women's Residence

Hall, I beg to ask that charges for architectural rendering, amounting to \$40.00, and advertising for bids, in the amount of \$21.85, be not charged against me as that expense is not part of preparing plans and specifications. I would kindly ask to have this amount remitted to me, and also the balance due on the Administration Building.

Yours very truly,

JAMES B. DIBELKA
State Architect

This letter was received for record.

LATE APPLICATION FOR AGRICULTURAL SCHOLARSHIP

(20) A request from Mr. Frank H. VanHouten for a scholarship covering the incidental and matriculation fees. Mr. VanHouten applied to be recommended for a scholarship by the State Farmers' Institute, but owing to his own fault in applying too late, and to the slowness of persons connected with the Farmers' Institute whose signatures had to be obtained, the application did not come in until after registration day and was therefore rejected according to rule.

After full discussion, further consideration of the matter was postponed.

STATE AUDITOR TO DEMAND ALL FEES

(21) A letter from the Auditor of Public Accounts to the Comptroller of the University indicating the intention of the Auditor to recommend in his biennial report that the University be required to turn over all its fees to the State Treasurer.

October 11, 1916

Mr. Lloyd Morey, Acting Comptroller, University of Illinois

DEAR SIR:

Referring to your recent letter regarding the inventory of State property, I beg to advise that I am in no great hurry for this inventory as there is some work to be done on those that have already been received.

I note your views as to the necessity of this inventory being furnished by the University. I have already had occasion to take up with the Attorney General the status of the University, and guided by his opinion I am considering the University as a State institution.

Sooner or later this point will have to be definitely settled, and it is my intention to recommend to the Governor in my biennial report that the University be required to turn over all its fees to the State and that Federal payments be held in the State treasury subject to voucher.

If any action is taken as the result of this, the status of the University would be established very quickly.

Yours very truly,

JAMES J. BRADY
Auditor of Public Accounts

The President of the University was directed to discuss this matter with the Legal Counsel.

FIRE IN CHEMISTRY BUILDING

(22) A report from the Director of the Chemistry Laboratory that there was a fire in the new fire-proof part: "In installing the blackboard in lecture room 161, in the new building, through a careless oversight, pieces of 2 x 4 were put in the walls immediately over the flues coming from the assay furnaces. During a second day of firing the flues became sufficiently heated so that these pieces of wood caught fire and from them the fire extended out to the blackboard, causing its destruction and the blackening of the walls back of the lecture table."

I have urged again and again that the assay furnaces and similar center of fierce heat be taken out of the large Chemistry building and be placed in one story structures which would not cause a great loss if they should be burned or melted to the ground.

This report was received for record.

RECEPTION FOR ILLINOIS FEDERATION OF WOMEN'S CLUBS

(23) A request from Miss Isabel Bevier for an appropriation of \$250 for a reception to the Illinois Federation of Women's Clubs, to be held in connection with the meeting of that Federation at the University, on Tuesday evening, November 14.

The sum of \$250, or so much thereof as may be necessary, was appropriated for the expenses of entertaining the Illinois Federation of Women's Clubs.

WATER AND LIGHT FOR SCHOOL DISTRICT 70

(24) A request from School District 70 that the University extend its water main and electric wires to the school building and supply water and light at cost. About one-third of the land in this district belongs to the University and is not taxed, and the school is largely supported by employees of the University. (See page 60.)

On motion of Mr. Hoit, the sum of \$250, or so much thereof as may be required, was appropriated for this purpose.

SALARIES OF MEMBERS OF FACULTY IN MILITIA

(25) A letter from the Comptroller of the University asking what should be done in regard to the payment of salaries to certain members of the faculty who entered the service of the National Guard, who did not get back to the University until September 25.

The salaries of the members of the faculty in the National Guard who were appointed for the academic year 1916-17 were ordered to begin with September 1, 1916, unless otherwise ordered, provided the members returned before the first of October.

CORNER STONE OF WOMEN'S RESIDENCE HALL

(26) A report from Professor J. M. White and Mr. Albon Bevis, superintendent of construction on the Women's Residence Hall, that the cor-

ner stone should be laid at an early date. I have fixed the time as Saturday, October 21, and have sent a notice to each member of the Board. I think it would be well for the Board to select some member of the Board to lay the corner stone.

Mrs. Laura B. Evans was designated to lay the corner stone in the name of the Board.

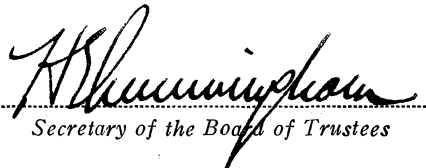

The Executive Committee adjourned.

H. E. CUNNINGHAM
Clerk

W. L. ABBOTT
Chairman

URBANA, ILLINOIS, November 23, 1916

I certify that in the foregoing pages, numbered 121 to 134, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois and of the Executive Committee of the Board at their meetings held October 18, 1916, as approved by the Board at its meeting on November 22, 1916.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
-OF THE-
UNIVERSITY OF ILLINOIS

November 18, 1916

A special meeting of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, in Urbana, at 10:30 a. m., on Saturday, November 18, 1916, pursuant to the following notice which was sent out by the Secretary on November 11, 1916:

On the call of the President, Mr. W. L. Abbott, a special meeting of the Board of Trustees of the University of Illinois will be held in the Trustees' room, at the University, in Urbana, on Saturday, November 18, 1916, beginning at 10:30 a. m., to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson.

During a part of the morning, Mr. Lloyd Morey, Acting Comptroller, and Professor J. M. White, Supervising Architect, were present.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of July 21-22, September 12-21, and October 18, 1916.

On motion of Mrs. Evans, the minutes were approved as printed above on pages 1-134, inclusive.

**MATTERS SUBMITTED FOR THE PRESIDENT
OF THE UNIVERSITY**

The Secretary submitted, on request of President James, the following matters for consideration:

SALE OF RANTOUL FARM

(1) A recommendation from the Executive Committee that the so-called Rantoul farm of the Smith lands be sold to Mr. Thomas F. Molloy and Mrs. Jennie L. Molloy for \$175 an acre or a total of \$37,450, according to the terms outlined on page 123 above.

On motion of Mr. Hoit, this recommendation was approved. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mr. Carr, Mr. Dunne, Mr. Small, Mr. Trevett.

PURCHASE OF SCHAEFER PROPERTY

(2) A recommendation from the Executive Committee that the Schaefer property at the corner of Springfield and Mathews avenues in Urbana be purchased at a price of \$12,000 according to the terms outlined on page 124 above. This property is described as Lots 1, 2, and 3 of Joseph Nelson's Addition to Urbana, as shown by plat dated May 1, 1869, and is recorded in Book 18, page 224 of the Records of Champaign County, Illinois, in the City of Urbana.

On motion of Mr. Hoit, this recommendation was approved. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mr. Carr, Mr. Dunne, Mr. Small, Mr. Trevett.

BOND FOR MILITARY SUPPLIES

(3) A request that the Comptroller be authorized to execute with the American Surety Company, which has carried the bond in the past, a bond in favor of the United States of America for \$100,000 for one year, at a cost of \$250. This bond is to cover military supplies.

On motion of Mr. Hoit, this request was granted and the appropriation was made. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson; noes, none; absent, Mr. Carr, Mr. Dunne, Mr. Small, Mr. Trevett.

INVESTMENT OF BRYAN FUND

(4) A recommendation that the Comptroller be authorized to invest the Bryan fund of \$250 in some interest-bearing security.

On motion of Mr. Blair, this recommendation was approved.

COLLEGE OF DENTISTRY—CURRICULUM AND ENTRANCE REQUIREMENTS

(5) The following recommendations from the University Senate:

October 26, 1916

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate at its meeting of October 2, 1916, voted to make the following recommendations to the Board of Trustees:

That the following entrance requirements be established for the four-year curriculum in Dentistry:

English	3 units
Mathematics	2 units
Physics	1 unit
Electives from lists B. & C. in University Register....	6 units
Free electives	3 units

Total 15

That the first year of the four-year curriculum in Dentistry (to be given at Urbana) be made up as follows:

<i>First Semester</i>		<i>Second Semester</i>	
Chem. 1a or 1	3 or 5	Chem. 2a	5
Zoology 1	5	Zool. 2	5
Rhetoric 1	3	Rhet. 2	3
Dental Anatomy 1.....	2	Dental Anat. 2	2
Mil.	1	Mil.	2
P. T.	1	P. T.	1
	<hr/>		<hr/>
	17		18

This action of the University Senate was based, of course, on recommendations of the faculty of the College of Dentistry.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mrs. Evans, these recommendations were approved, to be effective as of September 1, 1917.

OFFER OF LINDSEY FARM

(6) A letter from Little and Finrock to the effect that the Lindsey farm, consisting of 84 acres more or less, located west of the St. Mary's Cemetery and east of the Illinois Central right of way, and adjoining the University farm west of the First Street road, would be sold at auction on December 6, 1916, and could be purchased for not less than \$270 an acre. This tract is described as the southeast quarter of the northeast quarter and the northeast quarter of the southeast quarter of section 24, township 19 north, range 8 east of the third principal meridian and all that part of the southwest quarter of the northwest quarter, and all that part of the northwest quarter of the southwest quarter of section 19, township nineteen north, range nine east of the third principal meridian lying west of the public highway known as the First Street road.

This matter was referred to Mr. Hoit for investigation and report.

LEGISLATIVE ASKINGS

(7) A request from Mr. Finley F. Bell, of the Legislative Reference Bureau, for a report of the appropriations to be asked from the next General Assembly.

We made such a report two years ago. I have asked the Comptroller to prepare a similar report for the next biennium. We have asked for an increase of about twenty percent, distributed so that the items of instruction and research are a little more heavily weighted than the others. I recommend that this estimate be approved and that the Comptroller be authorized to forward it to the Legislative Reference Bureau.

At this point, Mr. Morey was introduced. He presented the detailed report and a summary of the proposed budget.

After considerable discussion, it was voted to defer action until next week.

At this point, Mr. Carr joined the meeting.

LOCATION OF MEMORIAL TABLET

Professor White submitted a sketch of the Anna Margaretha Lange James memorial tablet and indicated the location in the Auditorium, on the south wall of the north foyer, on the panel west of the main entrance. The members of the Board later visited the Auditorium to inspect the location. By unanimous consent, the design and location of the memorial tablet were approved.

REPORT OF REGISTRATION, NOVEMBER 1, 1916

The Secretary presented for record the Registrar's report of registration on November 1.

AUDITOR'S REPORT

The Secretary presented also for record the report of the Auditors for the quarter ending September 30, 1916:

CHICAGO, November 8, 1916

Honorable W. L. Abbott, President, Board of Trustees, University of Illinois
DEAR SIR:

We have audited the Cash Receipts and Disbursements of the University of Illinois for the quarter ending September 30, 1916, and certify that the Receipts and Disbursements for that quarter as embodied in the accounts of the Business Office hereto attached are in accordance with the books and are correct.

Yours faithfully,
ARTHUR YOUNG & Co.

COMPTROLLER'S REPORT

The Secretary presented also for record the report of the Business Office for the quarter ending September 30, 1916, as prepared by Mr. Lloyd Morey, Acting Comptroller.

BOARD OF TRUSTEES

[November 18,

APPOINTMENT'S TO FILL VACANCIES

The Secretary presented for record the following list of appointments made by President James:

Adams, Roger, Assistant Professor of Chemistry for the term of three years from September 1, 1916, at a salary of twenty-eight hundred dollars (\$2800) a year. (September 2, 1916.)*

Adler, Leon, Student Assistant in Chemistry, for ten months beginning September 1, 1916, at a salary of one hundred dollars (\$100). (September 14, 1916.)

d'Amato, Orlando, Assistant in Romance Languages, for ten months beginning September 1, 1916, at a salary of one thousand dollars (\$1000) for the period. (September 8, 1916.)

Anderegg, F. O., Instructor in Chemistry for the academic year beginning September 1, 1916, at a salary of twelve hundred dollars (\$1200); this appointment superseding his former appointment as research assistant. (September 2, 1916.)

Anderson, C. W., Student Clerk in the Library, on one-half time, at a salary of thirty dollars (\$30) a month, beginning October 1, 1916, and continuing until August 31, 1917. (October 7, 1916.)

Anderson, M. R., Student Assistant in Radiography for the session of 1916-17, without pay. (September 25, 1916.)

Anderson, Viola J., Instructor in Household Science, for ten months beginning September 15, 1916, at a salary of thirteen hundred dollars (\$1300) for the period. (September 8, 1916.)

Austin, M. M., Student Assistant in Chemistry for the ten months beginning September 1, 1916, at a salary of one hundred dollars (\$100) for the period. (September 20, 1916.)

Austin, M. M., Graduate Assistant in Chemistry, at a salary of thirty dollars (\$30) a month for nine months beginning October 1, 1916, this appointment superseding his former appointment as student assistant. (October 24, 1916.)

Babcock, K. C., Director of the Summer Session for 1917. (November 7, 1916.)

Bach y Rita, P., Assistant in Romance Languages, for ten months beginning September 1, 1916, at a salary of one thousand dollars (\$1000) for the period. (September 25, 1916.)

Badger, Eunice, Student Assistant in Physical Education for Women, for the academic year beginning September 1, 1916, at a salary of two hundred dollars (\$200) for the year. (August 23, 1916)

Baechtold, Elsie L., Librarian in the Engineering Library for one year beginning September 1, 1916, at a salary of one thousand dollars (\$1000) for the year. (July 26, 1916.)

Baldwin, L. S., Instructor in General Engineering Drawing, at the rate of one thousand dollars (\$1000) for ten months' service, work and salary to begin when he reports for duty and to end June 30, 1917. (September 18, 1916.)

*The date in parenthesis is the date on which the appointment was made by the President of the University.

Ballantine, H. W., Professor of Law and Dean of the College of Law, beginning September 1, 1916, at a salary of five thousand dollars (\$5000) a year. (September 6, 1916.)

Barnes, Clara M., Assistant in the Library beginning September 11, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of sixty-five dollars (\$65) a month. (September 18, 1916.)

Beach, F. H., Assistant Cashier in the Business Office, at a salary of seventy-five dollars (\$75) a month, beginning October 1, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (October 17, 1916.)

Bennett, Louise, Stenographer in the Registrar's Office, at a salary of fifty dollars (\$50) a month, beginning October 1, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (October 21, 1916.)

*Bernbaum, Ernest, Professor of English, beginning September 1, 1916, and continuing on indefinite term, at a salary of three thousand two hundred and fifty dollars (\$3250) a year. (August 14, 1916.)

Bittman, E. S., Assistant Purchasing Agent, beginning October 1, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of seventy-five dollars (\$75) a month. (September 23, 1916.)

Bracewell, R. S., Assistant in Dairy Chemistry in the College of Agriculture and the Agricultural Experiment Station, for twelve months beginning September 1, 1916, at a salary of nine hundred dollars (\$900) a year. (October 2, 1916.)

Briggs, Evelyn, Stenographer in the Information Office, beginning September 1, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of fifty dollars (\$50) a month. (September 11, 1916.)

Browne, H. S., Assistant in Pharmacology in the College of Medicine, on one-half time, for nine months beginning October 1, 1916, at a salary of one thousand dollars (\$1000) for the period. (October 9, 1916.)

Brownfield, Lelah, Secretary in the office of the Registrar, at a salary of seventy† dollars (\$70) a month, beginning October 1, 1916, and continuing until further notice, subject to the regulations of the Civil Service Commission. (August 17, 1916.)

Buckler, Helen I., Stenographer in the Business Office, on one-half time, beginning October 1, 1916, at a salary of thirty-five dollars (\$35) a month; this appointment superseding her former appointment as Secretary in the Business Office at a salary of seventy dollars (\$70) a month. (September 20, 1916.)

*Appointment made by Dean Babcock acting for the President.

†Increased to \$75 a month on October 1, 1916, according to the rules of the Civil Service Commission.

Burgess, J. E., Instructor in Free-hand Drawing in the department of architecture, for one year, beginning September 1, 1916, at a salary of thirteen hundred dollars (\$1300) a year. (September 14, 1916.)

Bussell, Nellie, Instructor in Physical Training, for the year beginning September 1, 1916, at a salary of one thousand dollars (\$1000) a year. (September 8, 1916.)

Childs, Evelyn L., Assistant in Physiology, on one-half time, for the academic year beginning September 1, 1916, at a salary of six hundred dollars (\$600). (September 1, 1916.)

*Childs, H. F., Assistant in English for ten months beginning September 1, 1916, at a salary of eleven hundred dollars (\$1100) for the period. (August 5, 1916.)

Chillman, J. H., Jr., Instructor in Architectural Design for the year beginning September 1, 1916, at a salary of thirteen hundred dollars (\$1300) for the year. (July 27, 1916.)

Christie, J. R., Graduate Assistant in Zoology for ten months, beginning September 1, 1916, at a salary of three hundred dollars (\$300) for the period. (August 23, 1916.)

Cline, E. C., Assistant in Classics, on part time, for the academic year beginning September 1, 1916, at a salary of six hundred dollars (\$600) for the period. (September 1, 1916.)

Covey, Arete C., Stenographer in the office of the Dean of the College of Engineering, at a salary of fifty dollars (\$50) a month, beginning October 2, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (October 13, 1916.)

Debel, N. H., Instructor in History, for ten months, beginning September 1, 1916, at a salary of one thousand dollars (\$1000) for the period. (July 26, 1916.)

Deist, M. W., Instructor in Dentistry, on one-half time, from October 1, 1916, to June 1, 1917, at a salary of sixty-two dollars and fifty cents (\$62.50) a month; this appointment superseding his appointment as Instructor on full time at a salary of fifteen hundred dollars (\$1500) a year. (September 29, 1916.)

*Deming, H. G., Associate in Chemistry, for one year beginning September 1, 1916, at a salary of two thousand dollars (\$2000) a year. (August 15, 1916.)

Eastlack, H. E., Instructor in Chemistry for ten months beginning September 1, 1916, at a salary of thirteen hundred dollars (\$1300) a year. (August 23, 1916.)

Entorf, Rachel, Clerk in the department of electrical engineering, at a salary at the rate of six hundred dollars (\$600) for twelve months' service, work and salary to begin when she reports for duty, and to continue until further notice, subject to the rules of the Civil Service Commission. (September 26, 1916.)

*Appointment made by Dean Babcock.

Fales, E. N., Assistant Professor of Aeronautics in the department of mechanical engineering, for three years, beginning September 1, 1916, at a salary of twenty-five hundred dollars (\$2500) a year. (August 1, 1916.)

Feldenthal, Leontine, University Stenographer, Rank III, in the College of Law, at a salary of seventy-five dollars (\$75) a month, beginning October 9, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (October 21, 1916.)

Garrison, N. L., Lecturer in Education for the first semester of the academic year 1916-17, at a salary of twelve hundred dollars (\$1200) for the semester. (September 8, 1916.)

Gates, Fanny C., Dean of Women for the term of one year from September 1, 1916, at a salary of three thousand dollars (\$3000) a year. (September 6, 1916.)

Gehring, N. J., Technician in the department of radiography and photography of the College of Medicine, from October 17, 1916, to June 15, 1917, with salary at the rate of one hundred dollars (\$100) a month. (October 21, 1916.)

Gher, Vera K., Assistant in the Library, beginning September 6, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of sixty-five dollars (\$65) a month. (September 18, 1916.)

Godlove, I. H., Graduate Assistant in Chemistry, for ten months beginning September 1, 1916, at a salary of three hundred dollars (\$300) for the period. (September 14, 1916.)

Gordon, Marie A., Stenographer and Clerk in the office of the Dean of the College of Commerce and Business Administration, beginning September 1, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of sixty dollars (\$60) a month. (August 23, 1916.)

*Graybeal, Russell, Laboratory Helper in Chemistry, beginning September 1, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of six hundred dollars (\$600) for the year. (August 3, 1916.)

Grimes, Ruby, Graduate Assistant in Mathematics, for nine months beginning October 1, 1916, at a salary of thirty dollars (\$30) a month. (September 29, 1916.)

Groot, J. T., Senior Technician in physiology in the College of Medicine, beginning as soon as he reports for duty and continuing until June 30, 1917, with salary at the rate of seventy-five dollars (\$75) a month. (October 18, 1916.)

Habermeyer, G. C., Acting Engineer in the State Water Survey, from September 1, 1916, or as soon thereafter as he may report for duty, until January 1, 1917, with a salary at the rate of twenty-five hundred dollars (\$2500) a year. (August 29, 1916.)

Harrell, C. L., Instructor in Mechanical Engineering, with salary at

*Appointment made by Dean Babcock.

the rate of twelve hundred dollars (\$1200) for ten months' service, salary and work to begin when he reports for duty and to end June 30, 1917. (September 18, 1916.)

Haw, A. B., Research Assistant in Chemistry, beginning when he reports for duty and continuing until June 30, 1917, at a salary of eighty dollars (\$80) a month. (October 18, 1916.)

Heilbrunn, L. V., Instructor in Anatomy in the College of Medicine for one year beginning October 1, 1916, at a salary of thirteen hundred dollars (\$1300) for the year. (September 30, 1916.)

*Held, Rhea L., Stenographer in the department of Chemistry, at a salary of fifty dollars (\$50) a month, beginning September 21, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (October 31, 1916.)

Hill, R. E., Clerk of the Practise Court in the College of Law for the academic year 1916-17, at a salary of one hundred dollars (\$100) for the year. (October 12, 1916.)

Hoelzel, Frederick, Technician in Gross Anatomy in the College of Medicine, beginning October 1, 1916, and continuing until further notice, at a salary of sixty dollars (\$60) a month. (October 3, 1916.)

Hollister, S. C., Instructor in Theoretical and Applied Mechanics for ten months beginning September 1, 1916, at a salary of eleven hundred dollars (\$1100) for the period. (August 30, 1916.)

†Hooper, Gertrude M., Graduate Assistant in Zoology, for ten months beginning September 1, 1916, at a salary of three hundred dollars (\$300) for the period. (August 3, 1916.)

Hormel, Olive D., Editorial Assistant in the Agricultural Experiment Station, beginning October 1, 1916, and continuing until further notice, at a salary of sixty-five dollars (\$65) a month, to be paid from Federal funds. (October 13, 1916.)

Hubbard, Marie E., University Stenographer, rank III, in the Library, beginning September 1, 1916, or as soon thereafter as she reports for duty, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of seventy-five dollars (\$75) a month. (August 31, 1916.)

Hyatt, E. G., Student assistant in the department of Pharmacology and Therapeutics of the College of Medicine, for nine months from October 1, 1916, at a salary of one hundred and fifty dollars (\$150) for the period. (October 9, 1916.)

Keitoku, S., Student Assistant in Chemistry for ten months beginning September 1, 1916, at a salary of one hundred dollars (\$100). (September 29, 1916.)

Kennedy, Josephine, Assistant in the department of Physiology for ten months beginning September 1, 1916, at a salary of one thousand dollars (\$1000) for the period. (September 25, 1916.)

*Appointment made by Vice-President Kinley.

†Appointment made by Dean Babcock.

Klank, Genevieve O., Stenographer in the office of the Dean of the College of Engineering, at a salary of fifty dollars (\$50) a month, beginning September 11, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (September 25, 1916.)

Krafft, J. C., Instructor in Pediatrics in the College of Medicine, for the academic year beginning September 1, 1916, without salary. (October 2, 1916.)

Krafka, Joseph, Jr., Research Assistant in Zoology, for ten months beginning September 1, 1916, at a salary of five hundred dollars (\$500) for the period. (August 3, 1916.)

Lamkey, E. M. R., Instructor in Floricultural Pathology in the College of Agriculture and First Assistant in Floricultural Pathology in the Agricultural Experiment Station, for twelve months beginning September 1, 1916, at a salary of fourteen hundred dollars (\$1400) a year; this appointment superseding his previous appointment as Assistant. (August 29, 1916.)

Lauterbach, E. G., Assistant in Floriculture for one year beginning September 1, 1916, at a salary of one thousand dollars (\$1000) a year. (August 29, 1916.)

Layng, T. E., Research Assistant in the Engineering Experiment Station until August 31, 1916, without salary. (November 11, 1916.)

Layton, W. K., Assistant in Education, on one-half time, for ten months beginning September 1, 1916, at a salary of five hundred dollars (\$500) for the period. (August 16, 1916.)

Leaman, Olga E., Instructor in Music for ten months beginning September 1, 1916, at a salary of ninety dollars (\$90) a month. (August 1, 1916.)

Lennon, Lillian, Nurse in the dispensary and clinical department of the College of Medicine, with salary at the rate of sixty dollars (\$60) a month, beginning October 23, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (October 25, 1916.)

Lenzer, Reuben, Instructor in Prosthetic Dentistry for eleven months beginning October 1, 1916, with salary at the rate of fifteen hundred dollars (\$1500) a year. (September 11, 1916.)

Livingston, A. E., Associate in Physiology in the College of Medicine, for two years from September 1, 1916, or as soon thereafter as he may report for duty, at a salary of two thousand dollars (\$2000) a year. (August 30, 1916.)

Loomis, R. S., Instructor in English, for ten months beginning September 1, 1916, at a salary of thirteen hundred dollars (\$1300) for the period. (September 25, 1916.)

Love, Irene, Student Stenographer in the Business Office beginning October 1, 1916, at a salary of thirty dollars (\$30) a month; this appointment superseding her previous appointment at fifty-five dollars (\$55) a month. (September 20, 1916.)

MacCreadie, W. T., Instructor in General Engineering Drawing, for ten months beginning September 1, 1916, at a salary of one thousand dollars (\$1000) for the period. (August 18, 1916.)

McKinley, J. D., Graduate and Research Assistant in Classics, on one-half time, for ten months beginning September 1, 1916, at a salary of six hundred dollars (\$600) for the period. (September 14, 1916.)

McMillan, O. C., Assistant Storekeeper in the department of chemistry, beginning September 1, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of fifty dollars (\$50) a month. (August 31, 1916.)

Manley, Verna A., Stenographer in the School of Music, beginning October 1, 1916, and continuing until further notice, subject to the regulations of the State Civil Service Commission, at a salary of fifty dollars (\$50) a month. (October 7, 1916.)

Maris, J. C., Scientific Assistant and Draftsman in the department of Mechanical Engineering, with salary at the rate of eighty dollars (\$80) a month, beginning when he reports for duty and continuing until June 30, 1917. (October 21, 1916.)

Meyer C. A., Assistant in Clinical Surgery, from September 1, 1916, to August 31, 1917, without salary. (October 4, 1916.)

Mitchell, H. H., Associate in Animal Nutrition in the College of Agriculture and the Agricultural Experiment Station, for one year beginning September 1, 1916, at a salary of twenty-one hundred dollars (\$2100) for the year; this appointment superseding his previous appointment at \$1800. (August 1, 1916.)

Morey, Lloyd, Instructor in Accountancy for the academic year beginning September 1, 1916, without salary. (August 23, 1916.)

Morey, Lloyd, Instructor in Accountancy, with salary at the rate of one thousand dollars (\$1000) a year, beginning September 1, 1916, and continuing until further notice. (October 24, 1916.)

Morkel, W. A. K., Assistant in Animal Husbandry for the academic year beginning September 15, 1916, at a salary of twelve hundred dollars (\$1200) for the year; this appointment superseding his previous appointment on one-half time. (September 29, 1916.)

Morton, Isador, Student Assistant in Chemistry, for eight months beginning November 1, 1916, at a salary of ten dollars (\$10) a month. (November 6, 1916.)

*Murray, N. F., Graduate Assistant in Chemistry, from November 16, 1916, to June 30, 1917, with salary at the rate of thirty dollars (\$30) a month. (November 14, 1916.)

Neill, Alma J., Assistant in Physiology for ten months beginning September 1, 1916, at a salary of one thousand dollars (\$1000) for the period. (August 25, 1916.)

Nilsen, P. J., Instructor in Electrical Engineering, at a salary at the rate of twelve hundred dollars (\$1200) for ten months' service, salary and work to begin when he reports for duty and to end June 30, 1917. (September 18, 1916.)

Oberdorfer, H. D., Assistant in Accountancy, on one-half time, for a period of nine months beginning October 1, 1916, at a salary of eight hundred dollars (\$800) for the period. (October 7, 1916.)

*Appointment made by Dean Babcock.

*Olewine, J. H., Assistant in Chemistry, from November 16, 1916, to June 30, 1917, with salary at the rate of fifty dollars (\$50) a month, this superseding his former appointment as Graduate Assistant. (November 14, 1916.)

Oliver, Julia A., Department Clerk, Rank II, in the Registrar's Office, at a salary of forty-five dollars (\$45) a month, beginning October 1, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (October 16, 1916.)

Parmelee, C. W., Professor of Ceramic Engineering, beginning September 1, 1916, at a salary of thirty-five hundred dollars (\$3500) a year. (September 6, 1916.)

Phelps, J. M., Assistant in English, for the academic year beginning September 1, 1916, at a salary of twelve hundred dollars (\$1200) for the year. (September 2, 1916.)

Pilot, Isadore, Student Assistant in Pathology in the department of Research Medicine of the College of Medicine, from October 1, 1916, to June 13, 1917, at a salary of one hundred and fifty dollars (\$150) for the entire period, payable monthly on the certificate of Dr. D. J. Davis that the work has been performed. (October 4, 1916.)

Powell, Park, Assistant in Romance Languages for ten months beginning September 1, 1916, at a salary of one thousand dollars (\$1000) for the period. (August 1, 1916.)

Powers, E. B., Fellow in Pharmaceutical Research under the direction of Dr. J. H. Beal for the academic year 1916-17, without stipend from the University. (October 23, 1916.)

Price, Fanny E., Reviser and Assistant in the Library School, for nine months beginning October 1, 1916, or as soon as she reports for duty, at a salary of seventy-five dollars (\$75) a month. (October 7, 1916.)

Prichard, Walter, Research Assistant in the Illinois Historical Survey, on one-half time, for nine months beginning October 1, 1916, at a salary of fifty dollars (\$50) a month. (September 18, 1916.)

Quick, Nan, University Stenographer, Rank II, in the Business Office, at a salary of fifty dollars (\$50) a month beginning September 13, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (October 21, 1916.)

Ray, A. B., Research Assistant in the department of chemistry, for ten months beginning September 1, 1916, at a salary of one thousand dollars (\$1000) for the period. (September 2, 1916.)

Rayson, E. C., Auditor in the Comptroller's Office, beginning September 15, 1916, or as soon thereafter as he may report for duty, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of fifteen hundred dollars (\$1500) a year. (September 8, 1916.)

Redenbaugh, H. E., Graduate Assistant in Chemistry, for ten months from September 1, 1916, at a salary of three hundred dollars (\$300) for the period. (September 2, 1916.)

*Appointment made by Dean Babcock.

Renich, Mary E., Assistant in Botany, on one-half time, for ten months beginning September 1, 1916, at a salary of five hundred dollars (\$500) for the period. (September 14, 1916.)

Richart, F. E., Instructor in Theoretical and Applied Mechanics, for ten months beginning September 1, 1916, at a salary of twelve hundred dollars (\$1200) for the period. (August 30, 1916.)

Robertson, Rhodes, Associate in Architectural Design, for one year beginning September 1, 1916, at a salary of seventeen hundred dollars (\$1700) a year. (September 14, 1916.)

Sabin, Ethel E., Assistant in English for the academic year 1916-17, beginning September 27, 1916, at a salary of one thousand dollars (\$1000) for the year; this appointment superseding her previous appointment on part time. (September 29, 1916.)

Santee, A. M., Graduate Assistant in Education for eight months beginning November 1, 1916, at a salary of twenty-five dollars (\$25) a month. (November 13, 1916.)

Schlomovitz, B. H., Assistant in Materia Medica and Therapeutics, in the College of Dentistry, on one-half time, for one year beginning October 15, 1916, at a salary of five hundred dollars (\$500) for the year. (October 16, 1916.)

Shreck, John, Technician in Experimental Medicine beginning November 2, 1916, and continuing until further notice but in no case later than October 1, 1917, with salary at the rate of fifty dollars (\$50) a month. (November 11, 1916.)

Senear, F. E., Instructor in Dermatology, for the academic year 1916-17, without salary. (November 4, 1916.)

Simmonds, W. E., Instructor in Physical Therapy in the College of Medicine, on one-half time, for one year beginning September 1, 1916, at a salary of six hundred and fifty dollars (\$650) for the year. (October 9, 1916.)

Singer, N. D., Associate Professor of Psychiatry in the College of Medicine, for one year from September 1, 1916, without salary. (October 3, 1916.)

Sippy, B. O., Student Assistant in Radiography, for the Academic year 1916-17, without salary. (September 25, 1916.)

Spicer, W. S., Assistant in Zoology, on one-half time, for ten months beginning September 1, 1916, at a salary of seven hundred dollars (\$700) for the period. (September 14, 1916.)

Squire, E. G., Assistant in Dairy Manufactures in the College of Agriculture and Agricultural Experiment Station, for one year beginning September 1, 1916, at a salary of nine hundred dollars (\$900) for the year. (July 26, 1916.)

Stear, J. R., Assistant in Entomology, on one-half time, for ten months beginning September 1, 1916, at a salary of five hundred dollars (\$500) for the period. (August 23, 1916.)

Steele, D. A. K., Senior Dean of the College of Medicine beginning September 1, 1916, and continuing until further notice, without salary. (August 24, 1916.)

Stephens, Mary E., Stenographer in the Business Office, beginning September 1, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of fifty dollars (\$50) a month. (September 13, 1916.)

Stolfa, Ladislaw, Assistant in Therapeutics in the College of Medicine, on one-half time, for ten months beginning October 1, 1916, at a salary of four hundred dollars (\$400) for the period. (October 9, 1916.)

Stopp, G. D., Assistant in English, for ten months beginning September 1, 1916, at a salary of one thousand dollars (\$1000) for the period. (July 25, 1916.)

Strauch, F. P., Research Fellow in Gas Engineering, beginning September 1, 1916, and running for two years, at a stipend of five hundred dollars (\$500) for each year. (September 25, 1916.)

Sutcliffe, E. G., Instructor in English, for ten months beginning September 1, 1916, at a salary of twelve hundred dollars (\$1200) for the period; this appointment superseding his previous appointment as Assistant. (October 9, 1916.)

Swinney, E. E., Instructor in Public School Music, for one year beginning September 1, 1916, at a salary of fifteen hundred dollars (\$1500) for the year. (September 8, 1916.)

Taggart, Clementine, University Secretary in the Agricultural Experiment Station, beginning October 1, 1916, and continuing until further notice, at a salary of sixty-five dollars (\$65) a month, to be paid from Federal funds. (October 13, 1916.)

Tanner, F. W., Instructor in Bacteriology, for ten months beginning September 1, 1916, at a salary of fifteen hundred dollars (\$1500) a year; this appointment superseding his previous appointment as Instructor in Dairy Husbandry. (September 20, 1916.)

Thurber, C. N., Assistant in English, for the academic year 1916-17, beginning September 27, 1916, at a salary of one thousand dollars (\$1000) for the year; this appointment superseding his previous appointment on one-half time. (September 29, 1916.)

*Tolman, R. C., Professor of Physical Chemistry, beginning September 1, 1916, at a salary of three thousand dollars (\$3000) a year. (August 10, 1916.)

Tominago, A. S., Technician in the department of Pharmacology and Therapeutics in the College of Medicine, from September 1, 1916, until further notice, at a salary of forty dollars (\$40) a month. (September 30, 1916.)

Ulich, L. H., Graduate Assistant in Chemistry, for ten months beginning September 1, 1916, at a salary of three hundred dollars (\$300) for the period. (September 20, 1916.)

Upp, R. W., Assistant in Operative and Prosthetic Technics in the College of Dentistry, from October 1, 1916, to June 1, 1917, on one-half time, at a salary of fifty dollars (\$50) a month. (October 3, 1916.)

*Appointment made by Dean Babcock.

Utterback, O. J., Laboratory Helper in the department of chemistry, beginning October 1, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of fifty-five dollars (\$55) a month. (September 20, 1916.)

VanArsdale, Helen S., Editorial Assistant in the Engineering Experiment Station, at a salary of sixty-five dollars (\$65) a month, beginning October 13, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (October 31, 1916.)

Vaught, Sallie M., Cataloger in the Library, on two-thirds time, beginning September 1, 1916, or as soon thereafter as she reports for duty, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of forty-three dollars and thirty-three cents (\$43.33) a month. (August 31, 1916.)

Vlcek, Frank, Technician in the department of experimental medicine, beginning July 21, 1916, and continuing until further notice, but not longer than July 1, 1917, at a salary of fifty dollars (\$50) a month. (August 1, 1916.)

Vorhees, F. H., Instructor in Operative and Prosthetic Dentistry in the College of Dentistry Infirmary, from October 1, 1916, to May 30, 1917, at a salary of sixty dollars (\$60) a month. (October 3, 1916.)

Wachs, L. A., Assistant in English, for ten months beginning September 1, 1916, at a salary of twelve hundred dollars (\$1200) for the year. (September 14, 1916.)

Wade, Vernon, Student Assistant in Chemistry, for ten months beginning September 1, 1916, at a salary of one hundred dollars (\$100) for the period. (September 20, 1916.)

Watson, D. R., Mailing Clerk in the Engineering Experiment Station, beginning August 1, 1916, and continuing until further notice, subject to the regulations of the Civil Service Commission, at a salary of forty dollars (\$40) a month. (August 18, 1916.)

Wells, L. S., Assistant in Chemistry, for ten months beginning September 1, 1916, at a salary of five hundred dollars (\$500) for the period. (August 23, 1916.)

Westergaard, H. M., Instructor in Theoretical and Applied Mechanics, for ten months beginning September 1, 1916, at a salary of thirteen hundred dollars (\$1300) for the period. (August 18, 1916.)

Wilson, Carna E., Student Clerk in the Library, on one-half time, for eleven months beginning October 1, 1916, and continuing until August 31, 1917, at a salary of thirty dollars (\$30) a month. (October 7, 1916.)

Winkelmann, H. A., Assistant in Chemistry, on one-half time, for ten months beginning September 1, 1916, at a salary of five hundred dollars (\$500) for the period. (September 25, 1916.)

Wintermute, Imogene, Student Clerk in the Library, for ten months beginning September 1, 1916, or as soon thereafter as she may report for duty, at a salary of thirty dollars (\$30) a month. (September 5, 1916.)

Yager, Beatrice, University Stenographer, Rank II, in the Registrar's Office, at a salary of fifty dollars (\$50) a month, beginning September 1,

1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (August 17, 1916.)

Yerger, C. F., Assistant in the Dispensary in the College of Medicine, for one year beginning October 1, 1916, without salary. (September 29, 1916.)

Youngjohann, Marie, Assistant in the Research Laboratory of the College of Dentistry for nine months, from October 1, 1916, to July 1, 1917, at a salary of forty-five dollars (\$45) a month. (September 25, 1916.)

*Yuncker, T. G., Assistant in Botany, for ten months beginning September 1, 1916, at a salary of five hundred dollars (\$500) for the period. (August 12, 1916.)

Zimmerman, Marta, Editorial Assistant in the Engineering Experiment Station, beginning September 1, 1916, or as soon thereafter as she may report for duty, and continuing until further notice, subject to the rules of the Civil Service Commission, at a salary of sixty-five dollars (\$65) a month. (August 23, 1916.)

On motion of Mr. Blair, the Board adjourned to meet at the Blackstone Hotel, in Chicago, on Wednesday, November 22, 1916, at 12 o'clock noon.

H. E. CUNNINGHAM

Secretary

W. L. ABBOTT

President

ADJOURNED SESSION, NOVEMBER 22, 1916

When the Board convened at the Blackstone Hotel, in Chicago, at noon on Wednesday, November 22, 1916, pursuant to the adjournment taken on November 18, 1916, the following members were present: President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Small, Miss Watson.

President James was present; and also, during a part of the afternoon, Mr. Lloyd Morey, Acting Comptroller.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Board proceeded immediately to the discussion of the following matters submitted by President James.

LEGISLATIVE ASKINGS

(1) The request of the Legislative Reference Bureau for a statement of the appropriations to be asked from the next General Assembly [See page 137].

Mr. Morey presented a detailed report and a summary of the proposed budget.

*Appointment made by Dean Babcock.

On motion of Mr. Small, the statement of requests was approved and the President of the University was authorized to send it to the Legislative Reference Bureau.

FIRE PROTECTION IN BUILDINGS IN CHICAGO

(2) A recommendation that the Supervising Architect be authorized to install in the Pharmacy, Dental, and Medical buildings in Chicago the American District Telegraph service, it being understood that the University will be at no initial expense for the installation, and that the expense for the number of boxes which the Supervising Architect considers necessary in the different buildings shall not exceed \$354 a year. It would be necessary to make this contract for a term of five years if the installation is to be made without cost to the University.

On motion of Miss Watson, this recommendation was concurred in. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Small, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Hoit, Mr. Trevett, Mr. Ward.

BILL FOR LEGAL SERVICES IN NORTH CASE

(3) A letter from Judge O. A. Harker, Legal Counsel, enclosing a bill from McChesney and Becker for \$350 for services in the suit against the Board of Trustees by the estate of James W. North.

November 1, 1916.

President E. J. James, Administration Building

DEAR SIR:

I herewith hand you statement of account of Colonel MacChesney in the North matter.

Shortly after this case was commenced before the Industrial Board, I found because of so many steps taken by the attorney for the administrator from day to day that it was necessary to have associated with me some local attorney. With the approval of Mr. Abbott, Colonel MacChesney was retained. He has taken part in every one of the proceedings since that date. They include trial before the Committee of Arbitration, re-hearing before the Industrial Board, hearing in the Circuit Court on *certiorari*, and hearing in the Appellate Court. I think the fee a very reasonable one and for that reason recommend its early payment.

Respectfully submitted,

O. A. HARKER

Legal Counsel

On motion of Mr. Carr, the Comptroller was instructed to pay this bill. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Small, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Hoit, Mr. Trevett, Mr. Ward.

COMMISSION ON SALE OF SMITH LANDS

(4) A bill from Mr. Bruce Henderson for \$428 covering the commission on the sale of the Smith farm at Rantoul. The bill is correct according to the contract made between the University and Mr. Henderson.

On motion of Mr. Carr, the Comptroller was instructed to pay this bill. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Small, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Hoit, Mr. Trevett, Mr. Ward.

ABROGATION OF COOPERATIVE WORK IN AGRICULTURE

(5) A communication from the Dean of the College of Agriculture concerning the abrogation of cooperative relations with the United States Department of Agriculture entered into on September 10, 1914 [See minutes, August 14, 1914, p. 125, and September 11, 1914, p. 158], relating to the expenditure of certain funds appropriated direct to the United States Department of Agriculture for demonstration service.

The Dean of the College of Agriculture and Director of the Agricultural Experiment Station thinks that this agreement has not worked well. If this were abrogated the University would lose the administration of \$18,000 which the United States Department of Agriculture now expends within the State of Illinois. The Dean thinks, however, that the immediate needs of this work would be more than covered by next year's increased income from the Smith-Lever funds, \$21,000 in amount. Continued interference by the United States Department of Agriculture with the administration of the funds seems to be the chief ground of criticism in the mind of the Dean and Director.

On motion of Mr. Carr, the President of the University was authorized to cancel the agreement referred to.

HEALTH SERVICE

(6) The following statement:

The time has come, in my opinion, when the University ought to organize on a comprehensive and solid foundation a regular health service for the benefit of the students. The massing of such a large number of young people from all parts of the state and from all states and from many foreign countries in one center creates a very difficult medical and sanitary problem. It is not fair to expect the local community to bear the burden of solving such a problem. In any case it will not do it. The health of the young people is primarily, so far as it is a social problem at all, one for the University to deal with.

Such a service would include a careful physical and medical examination when the student enters the University, with suggestions as to how the student might improve his health by exercise, diet, etc., with a repetition of this examination at least once during his course, and oftener in case of

serious difficulty. It would also include a free medical service in a clinical building, with suggestions to students to consult a physician or go to a hospital. It might also include a certain amount of medical attendance, as it does in some institutions.

It would necessitate a provision for hospital service, either by arrangement with a local hospital or by the erection of an infirmary for the special use of students. It would require the organization of a staff consisting of at least one male physician, one female physician, and the necessary assistants.

The expense of such a service might be largely provided for by a health fee collected from each student in the University.

We have been upon the verge several times of serious outbreaks of epidemic diseases in the student body which, owing to a possible panic among the students, might be spread over the state in every direction in spite of all the efforts of local or state health officers. The case is, in my opinion, serious.

On motion of Mr. Carr, the President of the University was requested to submit a detailed plan for the organization of such a health service.

WORK IN ANATOMY IN URBANA

(7) A recommendation that the President of the University be authorized to organize a department of anatomy in the College of Liberal Arts and Sciences at Urbana-Champaign. It is proposed to locate the laboratory in the top of the Natural History building in certain rooms on the north side of the south corridor, with an extension, if necessary, to the rooms on the west side of the building.

To do this work effectively it would be necessary to put an elevator in the stairway well at the center of the west side of the building, at a cost of between thirty-five hundred and four thousand dollars. It would also be necessary to carry certain plumbing into the top story, and put in some additional sky lights, and a water-proof composition floor. The total cost, including the coarser furniture but not including the apparatus, is estimated at \$7500. It would take perhaps \$6000 more to man the department adequately.

If this were done, it would be possible for students who wish to spend three years in the College of Liberal Arts and Sciences to pursue a course which would enable them to enter the sophomore year of first-class medical schools. At present it is difficult for students who pursue medical studies at Urbana-Champaign to fit them in exactly with the programs of other medical schools.

On motion of Mrs. Busey, the President of the University was authorized to proceed with the construction of the laboratory for anatomy. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Small, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Hoit, Mr. Trevett, Mr. Ward.

REGULATIONS CONCERNING DOGS

- (8) The following statement:

Like other institutions, the University of Illinois has had difficulty with the regulation and control of dogs running at large on the campus or on the farms of the University. It is a curious fact that dog law seems to be an undeveloped subject in most civilized countries and in nearly all of our American states, but it seems to be clear that an owner of property may insist that dogs shall not be allowed to trespass on it. I think the Board of Trustees should take some further action concerning this matter.

On motion of Mrs. Henrotin, the Supervising Architect was authorized and directed to post notices at convenient places on the campus and on the farms to the effect that dogs are not permitted in the buildings or on other property of the University.

STEVENS COLLECTION OF PORTO RICAN FUNGI

- (9) A letter from Dr. Frank L. Stevens, Professor of Plant Pathology, presenting to the University his entire collection of Porto Rican Fungi comprised in two lots, the first consisting of some seven thousand numbers collected during a prolonged residence in Porto Rico, and the second lot of approximately like number collected in the summer of 1915.

On motion of Mrs. Evans, this gift was accepted and the thanks of the Board extended to Professor Stevens for his generosity.

SEMI-CENTENNIAL CELEBRATION

- (10) Suggestions from Professor H. J. Barton, chairman of the committee on the Celebration of the Semi-centennial Anniversary of the University of Illinois, on behalf of the committee:

(a) That the University adopt a new seal and that its use begin in 1918.

(b) That a medal be struck in commemoration of this event.

On motion of Miss Watson, the committee was requested to submit to the Board of Trustees for its consideration possible designs for a new seal and for a medal commemorative of the Fiftieth Anniversary.

At this point, Mrs. Busey and Mr. Small withdrew.

SEMI-CENTENNIAL PAGEANT

- (11) A communication from Mr. William Chandler Langdon to the committee on the Celebration of the Fiftieth Anniversary of the opening of the University of Illinois, concerning a proposed pageant. Mr. Langdon, who was employed by the University and the State of Indiana to prepare the pageants in connection with the fiftieth anniversary of the University and the one hundredth anniversary of the admission of the state to the Union, has worked out a careful scheme. According to his plan the pageant

would cost, if done properly, upwards of fifteen or twenty thousand dollars. He thinks that this entire sum could be collected by the sale of tickets of admission to, say three performances of this pageant, which should be given out of doors and be a dramatic representation of the real life and significance of the University.

It was the sense of the Board that the committee would do well to incorporate as one of the features of the celebration of the anniversary a pageant of the general form suggested by Mr. Langdon.

SHORT COURSE IN PLANT PATHOLOGY

(12) A recommendation from Dr. Frank L. Stevens, Professor of Plant Pathology, endorsed by Dr. Kendric C. Babcock, Dean of the College of Liberal Arts and Sciences, that the University offer a short course in the diseases of plants relating to their keeping and quality during transportation and storage, similar to the short course offered last year, to extend from December 4, noon, to December 16, noon; that a fee of \$5 be charged each student entering this course; and that this money or so much thereof as may be necessary be used in supplying materials, paying assistants, and covering the other expenses connected with the course.

On motion of Mrs. Evans, this recommendation was approved.

PROPOSED SCHOOL OF ARCHITECTURE

(13) A communication from the American Institute of Architects urging that where a school of architecture is in any way under control of a college or an allied school it should be freed from such control and be made an independent professional school.

No action was taken in this matter.

EXPLOSION IN CHEMISTRY LABORATORY

(14) A statement from the office of the Supervising Architect that an accident occurred on October 26 in the research laboratory of Doctor Noyes, room 108 in the old part of the Chemistry building, the damage done being about fifteen dollars.

This statement was received for record.

LABORATORY FEE IN HOUSEHOLD SCIENCE

(15) A recommendation from the Council of Administration that the laboratory fee in Household Science be changed from two dollars to one dollar, and that the laboratory fee in Household Science 5a-5b be changed from two dollars to three dollars.

This recommendation was approved.

LEAVE OF ABSENCE FOR PROFESSOR BAGLEY

(16) A request from Professor W. C. Bagley for leave of absence for four weeks, beginning November 25, 1916, without pay, to enable him to complete his share in the study of teachers' training which has been car-

ried on under the auspices of the Carnegie Foundation for the Advancement of Teaching.

This request was granted.

EMPLOYER'S LIABILITY

(17) The following statement:

I desire to call the attention of the Board especially to the necessity of making some provision for the compensation for injuries to employees and students. The decision of the courts in the North case relieves the University from all legal responsibility, but that does not lessen the moral responsibility in view of the changing public sentiment on all such matters. It will be necessary to have legislative action on this matter if anything is done.

The President of the University was requested to present a report on this subject to the Board.

FIRE IN PHYSICS BUILDING

(18) A report from the office of the Supervising Architect that on November 14 a fire occurred in the experimental switch board at the Physics building. The rubber insulation was burned. There was no damage except to the wiring. The fire was promptly put out by the use of hand extinguishers and it will probably not be possible to determine the exact cause of the trouble.

This report was received for record.

SITE FOR CLINICAL BUILDING

(19) The following statement:

It is quite necessary that a site for the Clinical building of the College of Medicine should be obtained as soon as possible if the University is not to suffer seriously from the lack of clinical facilities. There are several possible sites, but the most desirable one, in my opinion, would be the baseball park lying immediately south of the Cook County hospital. But if this cannot be acquired active steps should be taken to acquire some other site, as the matter is very urgent.

No action was taken in this matter.

FOUNDATIONS, MUSIC AND EDUCATION BUILDINGS

(20) A letter from the Supervising Architect concerning the contracts for the foundation work on the Music building and the Education building.

November 21, 1916

President E. J. James, 355 Administration Building

DEAR SIR:

The following bids were received on November 14 for the foundation work on the Music building and the Education building:

<i>Name</i>	<i>Music Bldg.</i>	<i>Education Bldg.</i>	<i>Both Bldgs.</i>
A. W. Stoolman.....	\$10,501	\$8,604	\$16,987
English Bros.	8,900	6,700	15,500
King & Butcher.....	9,403	7,288	16,691

In accordance with instructions of the Board of Trustees I awarded the contract for both foundations to English Brothers who have the work now under way.

On October 21st I also awarded a contract to R. C. Wagner & Sons for the excavation for the Music building. This contract is on a unit price basis, the estimated total of which is \$5,000.00. The excavation for the Education building was included in the contract for foundation work referred to above.

Yours very truly,

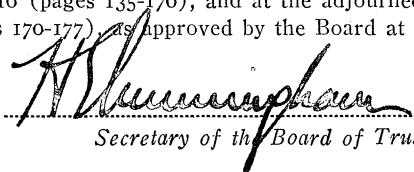

JAMES M. WHITE, *Supervising Architect*

By L. J. TOWNE

The Board adjourned.

URBANA, ILLINOIS, December 14, 1916

I certify that in the foregoing pages, numbered 135 to 177, inclusive, is contained the record of the transactions of the Board of Trustees at its meeting of November 18, 1916 (pages 135-170), and at the adjourned session of November 22, 1916 (pages 170-177), as approved by the Board at its meeting of December 14, 1916.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES

—OF THE—

UNIVERSITY OF ILLINOIS

December 12, 1916

The quarterly meeting of the Board of Trustees of the University of Illinois was held at the University, in Urbana, on Tuesday, December 12, 1916, beginning at 10 a. m.

As there was no quorum, the Board adjourned to meet at the Blackstone Hotel, in Chicago, at 12 m. on Thursday, December 14, 1916.

H. E. CUNNINGHAM

Secretary

W. L. ABBOTT

President

ADJOURNED SESSION, DECEMBER 14, 1916

Pursuant to the adjournment taken on Tuesday, December 12, 1916, the Board of Trustees of the University of Illinois met at the Blackstone Hotel, in Chicago, at 12 m. on Thursday, December 14, 1916.

The following members were present: President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Miss Watson.

President James was present.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of November 18, 1916, and of the adjourned session of November 22, 1916.

On motion of Mr. Carr, the minutes were approved as printed above on pages 135 to 177, inclusive.

MEETING OF EXECUTIVE COMMITTEE, DECEMBER 7, 1916

The Secretary presented for record a report of the meeting of the Executive Committee held on Thursday, December 7, 1916.

A meeting of the Executive Committee of the Board of Trustees of

the University of Illinois was held in the Woman's Building, at the University, in Urbana, at 1 p. m. on Thursday, December 7, 1916.

Mr. W. L. Abbott, chairman, and Mr. R. F. Carr, a member of the committee, were present; also Mrs. Mary E. Busey, Mrs. Laura B. Evans, and Miss Florence E. Watson, members of the Board of Trustees, and President James.

The Committee considered the following matters submitted by President James.

PURCHASE OF LINDSEY FARM

(1) A report that Judge Harker had purchased the Lindsey farm (see page 137) for the University for \$34,000.

On motion of Mr. Carr, the Committee voted to recommend to the Board that this purchase be approved.

FOURTH YEAR IN DENTISTRY

(2) A statement that it had not been found possible to arrange satisfactorily for the giving of the first year of work in dentistry in Urbana (see page 136), and a recommendation that this work be given in Chicago.

On motion of Mr. Carr, this recommendation was referred to the Board for approval.

SITE FOR MEDICAL LABORATORY

(3) A statement concerning possible sites for the extension of the medical laboratories now housed in the laboratory annex of the main medical building in Chicago.

This matter was discussed but no action was taken.

The Executive Committee adjourned.

H. E. CUNNINGHAM

Clerk

W. L. ABBOTT

R. F. CARR

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board proceeded to the consideration of the following matters submitted by the President of the University.

PURCHASE OF LINDSEY FARM

(1) A report of the recommendation of the Executive Committee that the action of Judge Harker in purchasing the Lindsey property for the University on December 6, 1916, for \$34,000, be approved; with the recommendation that the Comptroller be authorized to pay for the property.

On motion of Mr. Hoit, these recommendations were concurred in. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett, Mr. Ward.

APPOINTMENT OF FELLOW IN GAELIC

(2) A statement that Rev. Andrew O'Kelleher had been appointed Fellow in Gaelic with a stipendium of one thousand dollars a year, beginning

November 18, 1916. The Irish Fellowship Foundation of Chicago has guaranteed this salary for the year, and also two hundred dollars for traveling expenses. Of this sum the club has paid in three hundred dollars, and Father O'Kelleher is now at work at the University.

This report was received for record.

OFFERS OF PROPERTY IN URBANA

(3) A statement from the Supervising Architect that the Sparks property lying next east of the Botany Annex on the south side of Springfield avenue is for sale and can probably be purchased at a reasonable price. This property is 132 feet square, extending from the Interurban right of way to the property line on Springfield avenue. He also states that Mrs. Brewer wants to sell her property on the northeast corner of the intersection of Illinois street and Mathews avenue. The vacant corner lot (60 feet frontage on Mathews and 100 feet frontage on Illinois) may be bought for five thousand dollars. The next property facing Mathews avenue immediately north of this vacant lot (60 feet on Mathews, and 100 feet deep, the house containing thirteen double bed-rooms with three toilets and two bath-rooms in addition to the general rooms of the house), is priced at eight thousand dollars. The property on Illinois street, next to the vacant lot, has a frontage of 43 feet with a depth of 120 feet, the house has sixteen rooms in all, of which ten are double bed-rooms and one a single room. The price of this property is seven thousand dollars. These three lots extend 120 feet on Mathews avenue and 143 feet on Illinois street. The property is for sale at twenty thousand dollars.

No action was taken in this matter.

TITLES OF MILITARY ATTACHES

(4) A recommendation that the title of assistant professor of military science and art and assistant commandant be given to the additional officers recently assigned to the Military department of the University of Illinois by the War Department; namely, Captains Joseph H. Barnard, William J. Davis, Clement A. Trott, and Robert R. Welshimer.

On motion of Mrs. Evans, this recommendation was approved.

DEGREES TO BE CONFERRED FOUR TIMES A YEAR

(5) A communication from Mr. C. M. McConn, Clerk of the Senate, transmitting a recommendation of the Senate that degrees be conferred in August, October, and February, as well as in June.

December 6, 1916

Dr. Edmund J. James

DEAR MR. PRESIDENT:

The University Senate, at its meeting of December 4, 1916, voted to transmit to the Board of Trustees, with its endorsement, the following recommendations from the Council of Administration, proposing that degrees be conferred in August, October, and February, as well as in June.

1. That students who complete their work at the end of the first semes-

ter may, on application, be recommended for their degree at the February meeting of the Senate.

2. That students who are to complete their work for the bachelor's degree in the Summer Session, and who register in advance of the June meeting of the Senate for specified courses in that session which complete the requirements in their cases, may be recommended at the June meeting, subject to the successful completion of the specified courses in the Summer Session.

3. That students who complete their work at the end of the Summer Session may, on application, be recommended at the October meeting of the Senate.

4. That all graduates be ranked as of the class of the calendar year in which their degrees were conferred, i. e., students who receive their diplomas in August or October, with the class of the preceding June, and those who receive their diplomas in February, with the class of the following June.

A special committee of the Council which formulated the above recommendations presented the following statement in regard to the matter:

A student who completes his work in August or in February can hardly be expected to take much interest in a commencement ceremony for which he must wait ten months or four months, as the case may be. It is generally difficult and frequently impossible for such students to leave their new work out in the world to return for this ceremony. Many of them have to be excused from returning and thus receive their diplomas after all only by mail from the Registrar.

Moreover, under the rapidly spreading legislation requiring college degrees for certificates of eligibility to teach in high schools, the lack of the formally conferred degree is frequently a real handicap. Last summer one of our men actually lost an unusually good teaching position in New Jersey in spite of repeated and most explicit statements from the Registrar that he had completed all the requirements for the degree and would receive his diploma at the next Commencement without further work of any sort on his part. In one or two other cases a similar result has been averted with difficulty. The number of such cases may be expected to increase.

There is nothing in the organic act or in the University Statutes to limit the time of conferring degrees to the end of the academic year in June. It is necessary, of course, to observe the provision of law that the degrees are to be conferred "on recommendation of a majority of the faculty."

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Carr, this recommendation was approved, to take effect immediately.

HEALTH SERVICE

(6) A report from Dr. J. Howard Beard, University Health Officer, that he had received 940 visits at his office during the month of November, and a total of over two thousand since registration. About ten or twelve

per cent of these were from Civil Service employees of the University, about twenty-five were visits from various callers in regard to health matters, and the rest from students. To judge from the large number of visits which students made, there is great demand for the services of a properly constituted and adequately equipped health office.

This report was received for record.

INJURIES TO MR. H. G. FRY

(7) A statement from James M. White, Supervising Architect, that Mr. H. G. Fry, who was in the employ of the University as laborer, was injured while unloading the Vivarium fence from a box car. He recommends that while the University is not liable for damages in such cases, the University pay for the medical attendance which it was necessary for Mr. Fry to have and also to reimburse him for the time lost.

On motion of Mrs. Evans, the President of the University was authorized to make an adjustment on this basis.

REPORT OF HIGH SCHOOL CONFERENCE

(8) A report from Professor H. A. Hollister, chairman of the High School Conference, showing that about sixteen hundred persons attended the High School Conference, of whom fourteen hundred were high-school teachers. Three hundred twenty-eight public high schools were represented. The school boards paid the expenses in full of two hundred thirty high-school teachers and in part for two hundred fifty-three more. One hundred eighty-two of the high schools were represented by delegates whose expenses were paid in full or in part.

The High School Conference seems to be destined to reach an attendance of at least two thousand. In my opinion this is one of the most valuable services the University does for high-school teachers. But it will be necessary to get additional rooms off the campus, perhaps in the Y. M. C. A. building and possibly in some of the churches, to accommodate the Conference next year if the attendance continues to increase.

This report was received for record.

REPORT OF COMMITTEE ON ACCOUNTANCY

(9) The report of the University Committee on Accountancy, consisting of Dean David Kinley, Professor Edward H. Decker, and Registrar C. M. McConn, showing a balance in the treasury on July 1, 1916, of \$4,214.06. The amount received during the year from examination fees was \$1,295.00; the expenses, \$493.83. It seems probable that the income will often exceed the expenditure. It is undoubtedly necessary, however, to maintain a considerable balance against the time when the expenses may exceed the income.

This report was received for record.

COOPERATIVE TESTS IN ENGINEERING

(10) A statement from the Dean of the College of Engineering that he has arranged to carry on certain cooperative experiments between the Univer-

sity of Illinois, through its Engineering Experiment Station, and the committee on Locomotive Feed-water Heating of the International Railway Fuel Association; also between the University of Illinois and the American Arch Company.

November 24, 1916

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

Progress in perfecting locomotive design has led to the introduction of a so-called brick arch over a portion of the fire in the firebox. The effect of this arch is to increase the temperature of the fire, to elongate the flame-way, and by so doing to improve combustion and reduce the production of smoke. Other effects incidental to these have an important bearing upon the problem of locomotive maintenance and efficiency. Many locomotives are operated without arches, and it happens that reliable data concerning the precise extent of the effects produced by the introduction of an arch are extremely limited. Problems affecting the design of the arch itself are numerous.

With these facts in mind, the American Arch Company, 30 Church Street, New York City, as represented by Mr. John P. Neff, Vice President, after conference with Professor Edward C. Schmidt, has formally agreed to co-operate with the Engineering Experiment Station in the development of data concerning the behavior of certain designs of fire-box arches, all under the following conditions:

1. By an arrangement with the International Railway Fuel Association and with the Baltimore and Ohio Railroad, the proposed tests can be made upon the locomotive of the Baltimore and Ohio Railroad, which is now in our laboratory for work which is being undertaken in conjunction with that Association.
2. The extent of the tests will be determined by Professor Edward C. Schmidt in consultation with Mr. John P. Neff.
3. All results secured from such an investigation will be the property of the Engineering Experiment Station. They may be published as Station bulletins, or otherwise, as may be determined by the Director. The results also will at all times be open to the inspection and use of the representatives of the American Arch Company.
4. The University will contribute the use of its plant and such service of its expert staff as may be necessary to the supervision of the work and the summarization of data.
5. The American Arch Company will perfect arrangements involving the continued use of the locomotive for the proposed work, will supply funds which may be used for the purchase of fuel and all other supplies, will equip the locomotive with the devices to be tested, and will provide the services of such men as are necessary to operate the locomotive and laboratory, take readings, and work up the results. The American Arch Company also will protect the Station in all matters of cost by making deposits in advance of actual expenditures.

Agreement to this arrangement is confirmed by correspondence which

has passed between Professor Schmidt and Mr. Neff, copies of which I have before me.

You will note that this is not a continuing investigation, but one covering a definite series of tests. In other respects it is similar to several cooperative undertakings already reported to you and approved both by you and by the Board of Trustees. In view of this fact and in view also of the limited amount of work involved, I am authorizing Professor Schmidt to proceed in accordance therewith.

I trust that this will meet your approval.

Believe me, very truly yours,
W. F. M. Goss

November 24, 1916

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

Among the possibilities which are open to the locomotive designer for improving the efficiency of the steam locomotive is one involving the introduction of a feed-water heater. Such heaters are as yet not commonly employed in locomotive service, and there are just now various agencies which are actively at work in an endeavor to secure their introduction. Theoretical considerations show that a feed-water heater which can be installed and maintained upon a locomotive, and which can be made of sufficient capacity to perform a maximum function in heating feed-water, will very materially improve the performance of a steam locomotive.

With these facts in mind, the Committee on Locomotive Feed-Water Heating of the International Railway Fuel Association, as represented by its Chairman, Mr. Monro B. Lanier, has proposed that tests be made at the University covering a single type of heater, in which he and others, especially Mr. Walter Off, Hippodrome Building, Peoria, Illinois, are interested. It is proposed that tests be made upon the University's Locomotive No. 431 at such time as may be convenient to the laboratory, probably late in the coming winter or early in the spring, under the usual terms governing cooperative work by the Engineering Experiment Station, namely:

1. The Engineering Experiment Station will supply the facilities of the laboratory and such expert assistance as may be necessary to administer the work. It will also supply the use of its Locomotive No. 431.

2. All results secured from the investigation will be the property of the Engineering Experiment Station. They may be published as Station bulletins, or otherwise, as may be determined by the Director. The results also will at all times be open to the inspection and use of Mr. Lanier or other representatives of the Committee.

3. Mr. Lanier and his associates will supply the funds necessary to equip the locomotive for the tests and to meet the cost of fuel, supplies, and labor involved by the tests, and of the process of working up the data; a

certified check covering the estimated cost to be filed with the University prior to the beginning of the work.

Agreement as to the details of this arrangement is confirmed by correspondence which has passed between Professor Edward C. Schmidt and Mr. Monro B. Lanier, copies of which I have before me.

You will note that this is not a continuing investigation, but one covering a definite series of tests. In other respects it is similar to several co-operative undertakings already reported to you and approved both by you and by the Board of Trustees. In view of this fact and in view also of the limited amount of work involved, I am authorizing Professor Schmidt to proceed in accordance therewith.

I trust that this will meet your approval.

Believe me,

Very truly yours,

W. F. M. Goss.

On motion of Mr. Hoit, the action of the Director of the Engineering Experiment Station was approved.

MUSEUM OF EUROPEAN CULTURE

(11) A report from Professor N. C. Brooks, Curator of the Museum of European Culture, showing that the interest of students and the outside public in the Museum is growing steadily. About eight thousand persons visited the museum during the year 1915-16, but the attendance for the month of November showed a considerable proportionate increase, being one thousand six hundred eighty-two. The Museum is becoming to an increasing extent a means of instruction in the classes in history and art.

This report was received for record.

CARETAKER FOR WOMEN'S GYMNASIUM

(12) A communication from Miss Freer, Director of the Women's Gymnasium, emphasizing the inadequacy of our present facilities and urging that the University provide as soon as possible a new and larger gymnasium for the women. Miss Freer requests that a competent woman be secured as caretaker in the locker room.

On motion of Miss Watson, the President of the University was authorized to appoint such a care-taker.

RELATIONS WITH STATE SUPERINTENDENT OF PRINTING

(13) A letter from Mr. Lloyd Morey, Comptroller, concerning relations with the State Superintendent of Printing.

November 24, 1916

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

For the information of the Board of Trustees and of yourself, I beg to advise that I recently paid a visit to the present Superintendent of Printing, Mr. J. Frank Higgins. My call was a purely unofficial one and no matters of any kind were taken up in an official way.

In the course of my visit, however, Mr. Higgins, made various suggestions which, altho they can in no way be construed as official statements, I think may be of value to us. He indicated the likelihood of his leaving his present position in the near future. He also pointed out that in reality he had himself considered that the University was not covered by the printing act of 1915—in fact that, according to his understanding, the framers of this act had no intention of including the University of Illinois. He made the statement that he considered our organization here fully capable of handling its printing business without interference or direction from any State officers.

He went further, however, and made this valuable suggestion that, altho he himself had made little effort to push a strict enforcement of the law as related to the University, yet he considered that the law as it stands would give opportunity for any future incumbent of the office to insist on the University's reporting to him all of its printing activities. He therefore suggested, unofficially, of course, that, if opportunity could be found, an amendment to the present law be introduced to the coming assembly giving the University freedom in regard to its printing and publishing operations. It seems to me that this suggestion is well worth bearing in mind.

Cordially yours,

LLOYD MOREY

This letter was received for record.

LEAVE OF ABSENCE FOR PROFESSOR ALVORD

(14) A statement that Professor Clarence W. Alvord, who has at present a half-time arrangement with the University, giving the other part of his time to the work of the Illinois State Historical Library, has been seriously ill for some weeks and is now at a sanitarium at Mudlavia. It is hoped that he can return by the first of February. Professor Evarts B. Greene recommends that he be permitted to give his time during the second half of the year entirely to the work of the Illinois Historical Survey which has been under his direction, and that he be excused from giving instruction during the second half of the year.

On motion of Mr. Carr, the President of the University was authorized to make a suitable arrangement with Professor Alvord and, if necessary, to give him leave of absence on pay for the rest of the year.

FOURTH YEAR OF DENTISTRY TO BE GIVEN IN CHICAGO

(15) A recommendation from the President of the University that the action of the Board authorizing the organization of a year of work in dentistry in Urbana (page 137) be reconsidered.

On motion of Mrs. Evans, this action was reconsidered.

The President then withdrew his recommendation, and substituted for it a recommendation that he be authorized to organize an additional year of the curriculum in dentistry in Chicago.

On motion of Mrs. Evans, this recommendation was approved.

RECONSTRUCTION OF DENTISTRY LABORATORY

(16) A recommendation that the sum of \$2500 be appropriated for the construction and equipment of a biology laboratory for the work in the College of Dentistry.

On motion of Mr. Hoit, this recommendation was concurred in. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett, Mr. Ward.

FEES FOR EXTRA LABORATORY WORK

(17) A recommendation from Professor W. A. Noyes, Director of the Chemistry Laboratory, endorsed by Dean Kendric C. Babcock, that authority be given to open certain laboratories during the holidays to enable students who are behind in their work or who work more slowly than the average to catch up with the class, and that a scale of fees be adopted to cover expense for laboratory material and for properly qualified assistants who will conduct the laboratory exercises. It is proposed to pay an extra fee to the persons who are in charge of the laboratory exercises as this is an extra demand on their time and energy.

November 25, 1916

Dean K. C. Babcock, College of Liberal Arts and Sciences

DEAR DEAN BABCOCK:

As a result of a conference with Dr. Smith and Dr. Beal, and from my understanding of their discussion with you, I would recommend that we make arrangements for the Quantitative Laboratory to be open from 8-12 and from 1-5 Thursday afternoon, Friday, and Saturday, December 21-23, and Thursday afternoon, Friday, and Saturday, December 28-30, and that those students who obtain permission from Dr. Smith, head of the division, be permitted to work as much of this time as seems desirable on the payment of a fee of \$2.00 to the University. I recommend that we arrange with one of our assistants to take care of the laboratory during the days mentioned at the rate of \$0.75 per hour.

I would also recommend that we be permitted to make similar arrangements for the Easter vacation, if that should seem desirable.

I suppose it will be necessary to have permission from the University authorities to make the arrangements outlined.

Very sincerely,

WILLIAM A. NOYES

DEAR DEAN BABCOCK:

In addition to my recommendation with regard to arranging for laboratory work for Chemistry 5a and 13a during vacation, I would also recommend that we be permitted to make similar arrangements in the organic division for Thursday, Friday, and Saturday, December 21-23, and in the first year laboratory for Chemistry 1, 1a, 1b or 2a, 3a, 4, for the same dates, the fee to be \$2.00 for the organic laboratory and \$1.00 for elementary work.

Very sincerely,

WILLIAM A. NOYES

On motion of Mr. Carr these requests were granted.

DEAN BABCOCK APPOINTED DIRECTOR OF SUMMER SESSION

(18) A request for approval of the appointment of Doctor Kendrick C. Babcock, Dean of the College of Liberal Arts and Sciences, to be also Director of the Summer Session for the year 1917.

On motion of Mr. Hoit, this appointment was approved.

APPROPRIATION FOR SUMMER SESSION

(19) A recommendation that an appropriation of thirty thousand dollars be made for the expenses of the Summer Session in 1917.

On motion of Mr. Carr, this appropriation was made. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett, Mr. Ward.

ASSISTANT DEAN OF MEDICINE

(20) A recommendation that the President of the University be authorized to appoint an assistant dean in the College of Medicine for the medical course at Urbana.

On motion of Mr. Carr, this authority was given.

ASSISTANT DEAN OF DENTISTRY

(21) A recommendation that the President of the University be authorized to appoint an assistant dean for the dental course offered at Urbana.

On motion of Mrs. Evans, this authority was given.

SITE FOR CLINICAL BUILDING

(22) A statement of the necessity that the project of the clinical building be pushed along to success as rapidly as possible. The very existence, as well as welfare, of the College of Medicine depends on suitable action in this matter.

President Abbott reported progress in the work of securing a satisfactory site.

ADDITIONAL MILITARY UNITS

(23) A statement that the battery of field artillery which is now called Battery F of the Illinois National Guard would probably be disbanded, and a request for authority to apply to the War Department for units in cavalry and field artillery. There is a great desire on the part of some men on our military staff to organize a cavalry unit. My understanding is that the Federal government furnishes horses, saddles, bridles, other equipment, forage for the horses, and a certain number of men to take care of them. The University would have to furnish a stable and a paddock or pasture. If the battery of field artillery is disbanded we may supply its place by organizing a unit of field artillery under the new law relating to national defense of June last.

On motion of Miss Watson, the President of the University was authorized to request the President of the United States to organize

a unit of field artillery and a unit of cavalry in the Reserve Officers' Training Corps at the University.

APPROPRIATION FOR PRINTING MACHINERY

(24) A letter from the Committee on University Printing asking for an appropriation of eight thousand dollars for the purchase of certain printing equipment.

December 13, 1916

President Edmund J. James, University of Illinois

DEAR MR. PRESIDENT:

As a means of affording relief in the present unsatisfactory situation of University printing and also as a means of providing sorely needed facilities for the work in journalism, the committee on the Press respectfully submit the following recommendations:

1. That the University purchase immediately the following equipment, at a cost of eight thousand dollars: 1 linotype and motor; 1 cylinder press and motor; 1 cutter and motor; 1 wire stitcher with motor; 1 folder with motor; 2 imposing stones with frames; 1 proof press; 1 paper truck; 10 chases, various sizes; type, galleys, etc.

The Illini Publishing Company has expressed a willingness to add the following equipment, at a cost of four thousand dollars: 1 news press; 1 newspaper folder; 1 imposing stone; 1 proof press; chases, type, etc.

This equipment, with that already in the printograph room, will suffice to turn out the Daily Illini and a large quantity of other work such as blanks, stationery, programs, pamphlets, and circulars like the Board Minutes, the Weekly Calendar, and similar printed matter. All of this equipment would have to be included in a complete printing establishment. This is the minimum quantity and assortment which can be installed and operated with economy and satisfaction.

2. That all of the basement of the west wing of University Hall be assigned to the work in journalism and printing, and prepared immediately for the installation of this equipment. The space is large enough to accommodate the machinery mentioned above and to allow for a slight expansion. In this connection, we wish to emphasize the importance of arranging the machinery so that the part of it which is to be used by the Illini may be isolated from the rest of the plant and may be given over entirely to the work of the department of journalism. It will be necessary, of course, to provide a separate shift of labor to handle the Illini. This arrangement was contemplated in our report of last May.

We consider that the need for the purchase of this equipment is urgent.

Respectfully submitted,

H. E. CUNNINGHAM, *Chairman*

F. W. SCOTT

C. S. SALE

H. F. HARRINGTON

LLOYD MOREY

On motion of Mr. Hoit, the President of the University was authorized to direct the purchase of such equipment and the corre-

sponding appropriation was made. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Miss Watson; noes, none; absent, Mr. Blair, Mr. Dunne, Mr. Small, Mr. Trevett, Mr. Ward.

At this point, Miss Watson withdrew.

ADDITION TO MEDICAL LABORATORY

(25) An estimate from the Supervising Architect for the construction of an addition to the laboratory annex of the Medical building in Chicago, at the east end of the present laboratory annex and extending from the alley on the south of the building along the Lincoln Street front to the walk which extends up to the west entrance to the main building. This will give us three laboratories, not counting the basement, 30 ft. x 70 ft., at a cost of about forty thousand dollars. It will be necessary to add considerably to our facilities for taking care of students in the laboratory work, with the undoubted growth which the attendance at the College of Medicine will have following the completion of our clinical building.

No action was taken in this matter.

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented for record the following list of appointments made by the President of the University to fill vacancies:

Adkins, W. S., Instructor in Anatomy in the College of Medicine, from January 1, 1917, to June 30, 1917, at a salary of ninety-one dollars and sixty-six cents (\$91.66) a month. (December 9, 1916.)*

Anderson, Edith V., University Stenographer, Rank III, assigned to the President's office, at a salary of ninety dollars (\$90) a month, beginning November 22, 1916, and continuing until further notice, subject to the rules of the Civil Service Commission. (December 5, 1916).

Beatty, A. J., Graduate Assistant in Education, for seven months beginning December 1, 1916, at a salary of twenty-five dollars (\$25) a month. (December 4, 1916).

O'Kelleher, Andrew, Fellow in Gaelic, for one year beginning November 18, 1916, with a stipendium of one thousand dollars (\$1000) for the year. (December 12, 1916).

Upp, R. W., Assistant in the Infirmary of the College of Dentistry, on part time, beginning December 1, 1916, and continuing until May 31, 1917, at a salary of thirty dollars (\$30) a month; this appointment to be in addition to the previous appointment. (December 4, 1916).

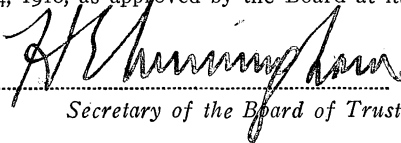

* The date in parenthesis is the date on which the appointment was made by the President of the University.

Ushiker, H. K., Laborer in the Library of the College of Medicine, beginning October 1, 1916, and continuing until December 31, 1916, at a salary of forty dollars (\$40) a month, subject to the rules of the Civil Service Commission. (October 21, 1916).

The Board adjourned.

URBANA, ILLINOIS, January 25, 1917

I certify that in the foregoing pages, numbered 179 to 192, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at its meeting of December 12, 1916, and at the adjourned session of December 14, 1916, as approved by the Board at its meeting of January 24, 1917.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
—OF THE—
UNIVERSITY OF ILLINOIS

January 24, 1917

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Wednesday, January 24, 1917, pursuant to the following notice which was sent out by the Secretary on January 19, 1917:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, at 12 o'clock noon, on Wednesday, January 24, 1917, to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Ward, Miss Watson.

Mr. James E. Taggart, President of the State Board of Agriculture, was present and took his seat as a member of the Board for the first time.

President James was present.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of December 12, 1916, and of the adjourned session of December 14, 1916.

On motion of Mrs. Henrotin, the minutes were approved as printed on pages 179 to 192, inclusive.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Board proceeded to the consideration of the following matters submitted by President James:

APPROPRIATION FOR SCHOLARSHIPS AND FELLOWSHIPS

(1) A request from Dr. David Kinley, Dean of the Graduate School, that the sum of \$25,000 be appropriated for scholarships and fellowships in the Graduate School for the academic year 1917-18; and that the President of the University be authorized to appoint to these positions such persons as may be recommended by the Executive Faculty of the Graduate School.

On motion of Mr. Hoit, these requests were granted. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett.

CHEMISTRY LABORATORY SUPPLIES

(2) A request from the Department of Chemistry for permission to place orders for laboratory supplies between January 1, 1917, and July 1, 1917, to an amount not exceeding \$26,000, for use during the academic year 1917-18, and to be paid for out of the funds of the department after July 1, 1917. The proposed distribution is as follows: glassware, \$12,000; rubber goods, porcelain-ware, woodenware, ironware, filters, balances, etc., \$8,000; chemicals, \$6,000. This is an increase of \$1,221.00 over last year.

On motion of Mr. Hoit, this request was granted. The vote was as follows: Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett.

McKINLEY HOSPITAL GIVEN

(3) A letter from the Honorable William B. McKinley, offering a gift of securities of the face value of \$120,000, the proceeds of which may be used in the erection of a student and faculty Infirmary, to be known as McKinley Hospital.

January 18, 1917

President Edmund J. James, University of Illinois

MY DEAR SIR:

I hereby make the following proposition through you to the trustees of the University of Illinois:

I am willing to give to the trustees of the University of Illinois the following securities, earning at present \$5500 per year:

100 Shares of the Illinois Central Railroad, Common Stock	
400 Shares of the Illinois Traction Co., Common Stock	
First mortgage 6% bonds, Booth-St. Louis Cold Storage Company.....	\$20,000
First mortgage 5% bonds, Omaha & Lincoln Railway and Light Company	\$20,000
First mortgage 5% bonds, Danville, Urbana, Champaign Railway Company	\$10,000
First mortgage 5% bonds, Atchison Railway and Light Company.....	\$10,000
5% bonds, Bloomington Railway and Light Company.....	\$10,000

This to be done on condition that they will proceed immediately to the erection of a building on land now owned or to be acquired by the trustees, the building to be named McKinley Hospital, and to be used as an Infirmary for the students and faculties of the University of Illinois, and for others if feasible, and as headquarters for the University Health Service, and to cost not less than Ninety Thousand Dollars (\$90,000).

They are at liberty to sell these securities at their convenience and as good opportunity may offer; but I wish to feel that they are not delaying this building until they can sell such securities at a reasonable price, but that they are proceeding immediately with the planning and erection of the building so as to put it into use as soon as possible.

I hope the trustees will employ the building in rendering health service to others than members of the University in case they find that feasible and desirable.

The securities will be turned over to the treasurer of the University upon formal notice from the trustees that the terms of this gift are accepted.

Yours very truly,

WILLIAM B. MCKINLEY

On motion of Mrs. Busey, Mr. McKinley's offer was accepted, the thanks of the Board for this generous gift to be formally extended to Mr. McKinley by the President of the University; and the Supervising Architect was instructed to proceed immediately with plans for a hospital to cost about \$100,000 and to submit suggestions for a site.

MATRICULATION AND REGISTRATION FEES

(4) A recommendation from Mr. C. M. McConn, Registrar, that students entering the College of Medicine, the College of Dentistry, and the School of Pharmacy, be required to pay, once only, on entrance, a matriculation fee of \$10.00, provided they have not previously matriculated in any department of this University. This regulation is already in force for the colleges and schools at Urbana. A further recommendation that the fee of \$5.00 a year which is now charged in the Colleges of Medicine and Dentistry under the name of a matriculation fee in the first year, and under the name of a registration fee in the remaining years of the course, be retained under the name of a registration fee, and that a similar registration fee of \$5.00 a year be established for the School of Pharmacy.

On motion of Mrs. Henrotin, this recommendation was approved, to be in force on September 1, 1917.

PROPOSED STATE ADMINISTRATIVE CODE

(5) A draft of the proposed Administrative Code of Illinois, to be introduced into the General Assembly next week. As I have just received this, and there will doubtless be numerous changes made in it before it is actually submitted to the Legislature, I can do nothing more than indicate that it affects the work of the University at many points, notably in the

scientific departments located at the University and now a part of the same, which are on a separate budget, such as the State Laboratory of Natural History, the State Geological Survey, the State Water Survey, and the State Entomologist's office. There are also general terms such as "all buildings, departments, and institutions of the State," which will doubtless include the University if it is not expressly exempted, and be a source of embarrassment to its work.

I recommend that the President of the Board be given authority to secure, if possible, a satisfactory phraseology in these various sections of the Act so that the autonomy of the University shall be interfered with as little as possible.

On motion of Mr. Hoit, this recommendation was approved.

SEMI-CENTENNIAL CELEBRATION

(6) Four recommendations from the Committee on the Semi-centennial Anniversary of the University, consisting of Professor H. J. Barton, chairman, Professor J. C. Blair, Professor H. L. Rietz, Professor C. R. Richards, Professor E. B. Greene, and Professor W. G. Hale:

a. That Thursday, Friday, and Saturday, October 17, 18, and 19, 1918, be set apart for the Semi-centennial Celebration.

b. That a pageant be given during the above days.

c. That authority be given to employ Mr. William Chauncy Langdon as lecturer on community festivals, and organizer, conductor, and writer of the Pageant, to be on the ground from October 1, 1917, to November 1, 1918, and to perform such duties as are indicated in the titles, at a salary of \$5,000 for the period.

d. That invitations be extended to some six to eight prominent scholars of this or other countries, each to deliver before the University a course of eight or ten lectures relating to some scientific, historical, or literary subject, during the calendar year 1918. Some of these lectures would be delivered in the spring of 1918, and some in the autumn. The University would reserve the right to publish the lectures in a semi-centennial series. The remuneration to be offered to each lecturer would be \$1,000 for the preparation and delivery of the lectures at the University, and also any royalty which the publisher might be willing to concede. It is believed that the lectures could be published at no expense to the University. The interests to be represented in the lecture course are: engineering; agriculture; the biological sciences; the social sciences; the physical sciences; the political sciences; language and literature; music and art. Other courses might be added.

It is believed that, aside from the remuneration to the Pageant Master, the cost of such a pageant could be brought within \$15,000. It is hoped that the receipts will equal the expenses. The committee proposes to provide ten thousand seats, the price for admission to be \$1.00. Two performances are contemplated, and it is estimated that from the two we may expect receipts amounting to \$15,000. There is always, of course, in such a case,

a possibility of a deficit arising from bad weather. In such a case, of course, the possible deficit would fall on the University treasury.

On motion of Mr. Carr, the President of the University was given authority to approve the various recommendations of the committee within the sums indicated. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett.

APPROPRIATION BILLS

(7) A suggestion that the Board approve an appropriation bill similar in form to the bill which became a law at the last session of the General Assembly, asking, however, for the sum of six million dollars instead of five million dollars, to be distributed in essentially the same manner as in the last bill, increasing somewhat, however, the relative amount appropriated for instruction in the various colleges and schools, and diminishing correspondingly the sums asked for other items; also that a second bill be introduced asking for the sum of one million dollars a year for the initiation of a comprehensive building program. This would follow the lines of the recommendation made to the Board on November 18, 1916.

On motion of Mr. Carr, it was voted unanimously that the President of the University be authorized to secure the introduction of such bills.

REVISION OF BUILDING SCHEDULE

(8) A statement from Professor J. M. White, Supervising Architect, giving revised estimates of amounts necessary to carry building and land appropriations to July 1, 1917. He estimates that it will take \$45,000 to carry the work on the Education building to July 1, 1917, if the contract can be signed on March 15; that it will take \$55,000 to carry the corresponding work on the Music building if the contract can be made by the same time; that it will take \$40,000 to carry on the reconstruction of the Mechanical Engineering laboratory, including the addition and the cooling tower; and that it will take \$110,000 to carry the Women's Residence Hall to July 1, 1917.

It appears also that the Pharmacy buildings, which are now practically completed, have cost some \$7,000 more than was estimated, owing to the fact that additional expenditures which seemed to be imperative were made.

I recommend that contracts for the Music building and the Education building be let as soon as possible, and that the Mechanical Engineering laboratory reconstruction, including the addition and the cooling tower, be completed as soon as possible.

During the presentation of this item, Miss Watson withdrew:

On motion of Mr. Ward, these recommendations were approved. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey,

Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Miss Watson.

TYPHOID IMMUNIZATION FOR STUDENTS

(9) A letter from the Registrar in the matter of the immunization of students registered in laboratory work against typhoid fever.

January 23, 1917

President Edmund J. James, University of Illinois

DEAR MR. PRESIDENT:

On May 27, 1916, the Board of Trustees adopted the following regulation:

"Employees of the University of Illinois whose duties require them to handle food products shall be required to be immunized against typhoid fever."

This regulation appears to safeguard us pretty thoroly against the development of an epidemic of typhoid which could be charged to the University, except at one point, namely, with respect to the students enrolled in the courses in dairy manufactures and in lunch-room management, who, of course, as a part of their work, handle various food products, but who are not employees, inasmuch as they receive no pay for the work done as a part of their laboratory instruction, and are not, therefore, covered by the foregoing regulation.

To safeguard this point I beg leave to recommend, at the suggestion of Dr. J. H. Beard, University Health Officer, and with the concurrence of the heads of the University departments concerned, namely, Professor H. A. Harding of the department of dairy husbandry, and Professor Isabel Bevier, of the department of household science, that the regulation be amended to read as follows:

"Employees of the University of Illinois whose duties require them to handle food products, *and students registered in courses the laboratory work of which involves the handling of food products which are later to be used for human consumption* shall be required to be immunized against typhoid fever."

Sincerely yours,

C. M. McCONN

Registrar

On motion of Mr. Hoit, this recommendation was approved.

COMPENSATION FOR INJURED EMPLOYEES

(10) A report of the committee on compensation for injuries incurred by employees of the University in the performance of their duties. This committee consisted of Mr. C. M. McConn, chairman, Judge O. A. Harker, legal counsel of the University, Mr. H. D. Oberdorfer of the Supervising Architect's office, and Professors J. A. Fairlie and R. E. Heilman. Their recommendations are:

a. That the University recognize its responsibility in this matter by coming under the State Workmen's Compensation Act rather than by attempting to establish any independent plan of its own.

b. That if the University should either be adjudged to be already under the Act or elect to come under it, it should insure its liability thereunder in a casualty company, as it may do under Section 26 of the Act.

c. That in taking out casualty insurance in accordance with recommendation 2, the University should at the same time insure its students against accidents or injuries incurred in laboratories or shops or in the course of instruction in military science. Such casualty insurance against injuries to students is carried at the present time by several American universities and colleges.

d. That the appropriation bills submitted to the next General Assembly contain, among the items for which the appropriations are made, compensation for injuries to employees or students.

The committee estimates that the cost of such insurance for the last year would have been somewhere between fifteen hundred and three thousand dollars. This estimate is based on the study of the rates actually paid by some twelve American colleges and universities which reported to the committee on the subject.

This committee was appointed October 26, 1915, and made its preliminary report on March 21, 1916. Since this preliminary report, the Courts have decided that the University does not come under the Workmen's Compensation Act at all, and it is a question whether it may choose to do so or not. This has now been put up to the Counsel of the University for his opinion, and the matter will be brought to the attention of the Board again.

No action was taken in this matter.

SITE FOR CLINICAL BUILDING

(11) I desire to call the attention of the Board again to the fact that it is necessary for the University to proceed with the erection of a clinical building as rapidly as possible.

The President of the Board made a statement of progress which he was making in the acquisition of the Ball Park site.

On motion of Mrs. Henrotin, the Executive Committee was authorized to acquire and purchase a site for a clinical building as soon as possible, and to proceed with the preparation of plans for such a building.

WAGES OF JANITORS

(12) A letter from the Supervising Architect, Professor James M. White, recommending that the hourly wage rate for janitors and men in the department of grounds in the employ of the University be increased by approximately ten per cent, making the advances one, two, or three cents an hour, taking into consideration the efficiency and length of service of the men in deciding who shall have the larger advances. He urges that

this be done on the ground of the unusual and rapid rise in the cost of living.

On motion of Mr. Ward, this recommendation was approved.

PRESIDENT JAMES'S TRAVELING EXPENSES

(13) A bill for traveling expenses incurred by the President of the University while on University business from July 1, 1915, to December 31, 1916.

On motion of Mrs. Henrotin, this bill was referred to the Executive Committee with power to audit and order payment.

PROGRESS OF FUEL TESTS

(14) A report of progress by Director W. F. M. Goss on the fuel tests which are proceeding in our locomotive laboratory in cooperation with the International Railway Fuel Association.

This report was received for record.

ADVISORY BOARD FOR RAILWAY INDUSTRIES

(15) A report of the first meeting of the Advisory Board for the Railway Industries of Illinois, held at the University, November 3, 1916.

This report was received for record.

MANUFACTURE AND SALE OF CHEMICALS

(16) A request from the Department of Chemistry for authority to undertake the manufacture of certain chemicals not obtainable from the usual American manufacturers of chemicals, with a view to furnishing limited quantities of these products to other universities. The purpose of this request is not merely to accommodate other universities, but the department desires to give students who make chemistry their profession an opportunity to engage in the production of chemicals for a definite limited market as a laboratory exercise.

On motion of Mr. Carr, this request was granted, subject to the approval of a definite plan by the President of the University.

DRAINAGE SEWER NEAR SOUTH FARM

(17) A request from the South Urbana Drainage Association that the University pay \$50.00 as its share of the total amount of \$100.00 to be raised for the care of the sewer which this Association is maintaining.

On motion of Mr. Hoit, the President of the University was authorized to direct the payment of this sum, if on examination it seems to be just.

At this point, Mrs. Busey withdrew.

DEGREE FOR MR. B. T. CURTIS

(18) A recommendation of the University Senate that the degree of Bachelor of Science be conferred on Mr. Burton Tuttle Curtis, who has

completed the requirements for graduation in the College of Agriculture; and that the President of the University be authorized to confer the degree immediately. This is the first case under the new rule of the Board authorizing the conferring of degrees at other times than in June. (See page 181.)

On motion of Mr. Carr, this recommendation was approved.

RESIGNATION OF ASSISTANT PROFESSOR WEBER

(19) Assistant Professor H. C. P. Weber of the department of chemistry presented his resignation with a request that it be accepted to enable him to take a research position in Pittsburgh. I recommend that Doctor Weber's resignation be accepted, to take effect February 28, 1917, with permission to leave the University January 31, 1917.

On motion of Mr. Hoit, this recommendation was approved.

LECTURES IN MILITARY HYGIENE

(20) A recommendation from Dr. D. A. K. Steele, Senior Dean of the College of Medicine, that a course of sixteen lectures on Military Hygiene, Military Surgery, and Medical Department Administration, be added to the curriculum of the College of Medicine for the year 1916-17; and that the War Department be requested to detail a medical officer to give the course. This course is to be given to senior students.

On motion of Mrs. Evans, this course was authorized.

INSURANCE ON PHARMACY BUILDINGS

(21) A statement from Mr. Lloyd Morey, Acting Comptroller, concerning the insurance on the Pharmacy buildings, showing that there is \$67,000 insurance on the buildings and \$20,000 on the equipment, with a total premium of \$702.50; this premium is reduced to \$514.85 by a credit on unexpired policies amounting to \$187.65.

This statement was received for record.

BILL OF W. LEWIS & CO.

(22) A recommendation from the Comptroller that a bill for \$124.34, presented by W. Lewis & Company of Champaign, Illinois, be paid. W. Lewis & Company had a fire in their shop in March, 1915, in which the entire records of the concern up to February 1, 1915, were destroyed. They are not able, therefore, to present positive evidence as to the accuracy of these claims, but it is the Comptroller's opinion that the goods covered by this bill were received by the University and have not been paid for.

On motion of Mr. Carr, the President of the University was authorized to direct the payment of this claim. The vote was as follows: Ayes, Mr. Abbott, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Lowden, Mr. Trevett, Miss Watson,

TESTIMONIAL, SHORT COURSE IN PLANT PATHOLOGY

(23) A testimonial presented by the students of the short course in Plant Pathology, given at the University from December 4-16, 1916, in which they express their appreciation of the value of the course, not only to the individuals attending the course but to the transportation companies which they represented, and through them to the public.

This testimonial was received for record.

BOILER INSURANCE

(24) A statement from the Comptroller that he has renewed with the Hartford Steam Boiler Inspection and Insurance Company an insurance policy covering the steam boilers owned and operated by the University, the amount of the policy being \$35,000 and the premium, \$288.62.

This statement was received for record.

INSURANCE ON MILITARY SUPPLIES

(25) A statement of insurance now carried on the military supplies. The grand total of insurance carried on January 13, 1917, was \$20,747.04. It will be necessary, however, to extend this insurance considerably under the new National Defense Act, owing to the increased supplies to which the University is entitled.

This statement was received for record.

SALTPETER INVESTIGATION

(26) A report from Professor H. S. Grindley that the advisory board on the saltpeter investigation met in New York on January 12 and 13, 1917, and approved for immediate publication a fourth volume of the report. Arrangements have been made by which the fifth and last volume of this report will be completed in the near future.

This statement was received for record.

LAND FOR AGRICULTURAL EXPERIMENTATION

(27) A recommendation from Dr. C. G. Hopkins, approved by the Director of the Agricultural Experiment Station, that a tract of 32.58 acres of land near Elizabethtown, Hardin county, be accepted by the University and used for the purposes of experimentation. Accompanying the records is a warranty deed from Robert A. Ledbetter, trustee, transferring the title of this land to the University so long as it uses the land for the purpose indicated. The legal description of this land is as follows:

The West part of the South East One Fourth of Section Fourteen (14) Township Twelve (12) South, Range Eight (8) East, and more particularly described by metes and bounds as follows, Beginning at the South West corner of the South East Quarter of above Section, thence running North 70' East 4.00 chains, thence North 58' East, 7.70 Chains, thence North 21.00 chains, thence West .40 chains, thence North 14.70 chains, thence West

9.93 chains, thence South 40.55 chains to the place of beginning, containing Thirty-two and Fifty-eight One Hundredths (32.58) acres more or less.

On motion of Mr. Carr, this land was accepted with thanks.

MISSISSIPPI VALLEY HISTORICAL REVIEW

(28) A request from Professor Clarence W. Alvord for the continuance of the guarantee of \$100 a year for another three years toward the support of the *Mississippi Valley Historical Review*, which is edited by Professor Alvord. It is the opinion of our department of history that the *Review* is performing a valuable public service and that it is a distinct aid to the work of instruction and investigation at the University.

On motion of Mr. Ward, this guarantee of \$100 was continued for the year 1917-18. The vote was as follows: Ayès, Mr. Abbott, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Lowden, Mr. Trevett, Miss Watson.

LOCAL RESIDENCE OF WOMEN STUDENTS

(29) A statement from Dr. Fanny C. Gates, Dean of Women, showing the distribution of the residence of the women students of the University between Urbana and Champaign. This does not include those whose homes are in either city.

	<i>Champaign</i>	<i>Urbana</i>
Sorority members	118	69
Church houses and Y. W. C. A.	112	11
<i>Total</i>	230	80
Private houses	218	620
<i>Total</i>	448	700

This statement was received for record.

SUMMER CAMP IN SURVEYING

(30) A request from Dean W. F. M. Goss of the College of Engineering that the Trustees provide as soon as possible a location for a summer surveying camp. If we had such a camp, the necessity of which is very great, the College of Engineering would propose that, as a condition of graduation in civil engineering, there should be required eight weeks of compulsory attendance at the camp, the time being taken between the sophomore and junior years.

No action was taken in this matter.

RICKER LIBRARY OF ARCHITECTURE

(31) A request from the College of Engineering, transmitted through the Dean, that the library in the department of architecture be called the Ricker Library of Architecture, in honor of Professor N. C. Ricker, who

was connected with the department for forty-five years, and who has given such long and faithful attention to the development of this feature of instruction.

On motion of Mr. Carr, this request was granted.

N. C. RICKER APPOINTED PROFESSOR EMERITUS

(32) A recommendation that Professor N. C. Ricker be appointed Professor of Architecture, *Emeritus*.

On motion of Mr. Carr, this recommendation was approved.

COOPERATIVE WORK IN AGRICULTURE

(33) A letter from the Dean of the College of Agriculture as to the inconvenience arising from the cooperative agreement between the University of Illinois and the Federal Department of Agriculture.

January 20, 1917

President Edmund J. James, University of Illinois

MY DEAR MR. PRESIDENT:

In answering your question the other night as to ways in which the influence of the U. S. Department of Agriculture was injurious to us, I forgot in my offhand answer to mention the principal point.

The States Relations Service is doing all it can to reorganize the Agricultural Colleges of all the States upon its own ideas of organization. It is desirous of introducing three directors under the dean; one director of extension, one of research, and one of teaching. This reorganization, according to service rather than subject, results in the division of the agricultural staff into three groups more or less independent of each other, regardless of departmental lines, because each is responsible to a separate administrative officer. The natural function of the head of the department, who knows something about the subject, is destroyed, and three separate administrative positions erected in its place. When, however, these three groups—in agronomy, for example—begin to teach different doctrines, the only officer who has authority to assemble the agronomy staff is the dean of the college, acting over the directors, whereas the only man who knows anything about the relative merits of differences in the subject matter is the head of the department whose position has been destroyed.

How, under these circumstances, can the institution as a whole speak through one mouth?

Very truly yours,

E. DAVENPORT

This letter was received for record.

APPOINTMENT OF MR. T. W. NICOLET

(34) A recommendation of the Dean of the College of Agriculture that Mr. Tell William Nicolet be appointed Instructor in Landscape Gardening beginning March 1, 1917, and continuing until the close of the academic

year, August 31, 1917, with salary at the rate of \$1,600 a year. Mr. Nicolet will fill the vacancy caused by the withdrawal of Mr. Venning.

On motion of Mr. Carr, this appointment was made.

PURCHASE OF BOOKS ABROAD

(35) A recommendation from Mr. P. L. Windsor, University Librarian, that the University send a man abroad during the coming spring, summer, or autumn, or sometime during the next year, to purchase books for the University Library. Mr. Windsor believes that a very substantial saving might be effected if someone were on the ground to make selections from the large offerings during the spring and during next year.

On motion of Mr. Hoit, the President of the University was authorized to send a book purchaser to Europe either during the coming spring or summer or during the following year, at the expense of the University.

REQUEST FROM SCHOOL OF ORIENTAL RESEARCH

(36) A request from Professor Charles C. Torrey that the University contribute to the work of the American School of Oriental Research in Jerusalem. This School is supported by a group of American universities and public-spirited citizens. The work is very valuable and I think the University of Illinois should do its share in all such important public undertakings. It would derive substantial benefit from the same by the increased facilities for the work of instruction in eastern archeology and history.

No action was taken on this subject.

MILITARY TRAINING

(37) A letter from Major General H. L. Scott, Chief of Staff, War Department, outlining an alternative course of training for infantry units of the senior division of the Reserve Officers' Training Corps. This is a provision made to suit the convenience of institutions in which military training is not required.

No action was taken in this matter.

APPOINTMENT OF MR. H. F. RAWLINGS

(38) Two recommendations concerning appointments:

1. A recommendation from the Dean of the College of Liberal Arts and Sciences that Mr. Harvey F. Rawlings, M.D., be appointed Instructor in Anatomy for five months, beginning February 1, 1917, at a salary of \$150 a month.

APPOINTMENT OF MR. W. S. HENDRIXSON

2. A recommendation from Professor W. A. Noyes, Director of the Chemistry laboratory, approved by the Dean of the College of Liberal Arts and Sciences, that Professor W. S. Hendrixson of Grinnell, Iowa, be appointed Lecturer in Chemistry for the second semester of the academic

year 1916-17, at a salary of \$1,000 for the semester, payable in five installments of \$200 each, beginning March 1, 1917.

On motion of Mr. Hoit, these appointments were made.

ASSISTANT IN REFRACTION WORK

(39) A request from the Senior Dean of the College of Medicine that a paid assistant be employed to do refraction work in the eye department of the Dispensary of the College of Medicine, at a salary of \$50 a month.

On motion of Mr. Carr, this recommendation was approved and the President of the University was authorized to appoint such an assistant. The vote was as follows: Ayes, Mr. Abbott, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Lowden, Mr. Trevett, Miss Watson.

LAND FOR TARGET RANGE

(40) A statement that the National Defense Act of last June, and the regulations adopted by the War department under the said act, require the students who enter the Reserve Officers' Training Corps to go into camp for a certain length of time, and to have access to a target range. With the consent of the Board, I am proposing to ask the Legislature for an appropriation to purchase land for a suitable camp field and target range, the use of which may be shared, if necessary, with the National Guard.

This plan was approved.

APPOINTMENTS TO COMMITTEES

The Secretary reported for record that the President of the Board had appointed Mr. Taggart a member of the committees on Agriculture and Finance, in place of Mr. Small, and Mr. Hoit Chairman of the Committee on Agriculture.

RESOLUTIONS, WOMEN'S CLUBS

The Secretary presented also for record the following resolutions adopted by the six federated clubs of Champaign and Urbana:

WHEREAS, the success of the annual meeting of the Illinois Federation of Women's Clubs depends largely upon local conditions, such as large and commodious quarters for the sessions and conferences, combined with the interesting and inspiring entertainment provided for the enjoyment and pleasure of the delegates while in attendance, and the provision of comfortable lodging for them in hospitable homes, with transportation to the same; and

WHEREAS, these conditions were so satisfactorily complied with, through the various courtesies of many individuals and organizations during the twenty-second annual meeting of the Illinois Federation of Women's Clubs held in the Auditorium of the University of Illinois, November 14-16; therefore be it

RESOLVED, That we, the members of the six federated clubs of Champaign and Urbana, express to the Trustees and the President of the University our appreciation of the free use of the buildings and grounds during the Federation, of the brilliant reception tendered the delegates, alternates, and hostesses, of the program given by the Department of Physical Training for Women, of the entertaining play by the Players' Club, of the interesting illustrated lecture by Professor James M. White, of the inspiring concert given by the School of Music, of the extensive art exhibit and the beautiful floral decorations by the Department of Art and Design, of the Flower Show by the Department of Horticulture, of the regimental drill by the Military Department, and Stock Show by the Department of Animal Husbandry.

REGISTRAR'S REPORT OF FEES, SUMMER SESSION, 1916

The Secretary presented also for record the Registrar's report of fees payable for the Summer Session of 1916:

	<i>Gross</i>	<i>Refunded</i>	<i>Net Total</i>
MATRICULATION FEES			
25 @ \$10.	\$ 250.00		\$ 250.00
INCIDENTAL FEES			
607 @ \$12	7,284.00		
40 @ \$6	480.00		
1 @ \$3	3.00

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented also for record the following list of appointments made by the President of the University to fill vacancies:

Blatt, M. L., Instructor in Pediatrics in the College of Medicine, for the academic year 1916-17, without salary. (January 9, 1917).*

Campbell, George, Student Assistant in Chemistry in the College of Medicine, for the first semester of the academic year 1916-17, to give six hours' service each week, at a remuneration of fifty dollars (\$50) for the semester. (January 16, 1917).

Colgrove, Vivian G., Cataloger in the Library, from February 1, 1917, to August 31, 1917, at a salary of seventy dollars (\$70) a month. (January 18, 1917).

Cooke, W. E., Technician in the Bacteriology Laboratory of the College of Medicine, from December 1, 1916, to June 13, 1917, with salary at the rate of forty-five dollars (\$45) a month. (December 19, 1916).

Dame, Louis, Student Assistant in Operative Surgery in the College of Medicine, for the second semester of the academic year 1916-17, with remuneration at the rate of fifty cents (\$.50) an hour for not to exceed sixty-four hours' service. (January 15, 1917).

Davies, R. E., Student Assistant in Histology in the College of Medicine, for the current year, with remuneration at the rate of fifty cents (\$.50) an hour. (January 9, 1917).

Ford, H. L., Student Assistant in Chemistry in the College of Medicine, for the first semester of the academic year 1916-17, to give six hours' service each week, at a remuneration of fifty dollars (\$50) for the semester. (January 16, 1917).

Galbraith, John, Laboratory storekeeper in the College of Medicine, at

* The date in parenthesis is the date on which the appointment was made by the President of the University.

a salary of sixty dollars (\$60) a month, beginning January 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (January 9, 1917).

Habermeyer, G. C., Acting Engineer of the State Water Survey, from January 1, 1917, to June 30, 1917, with salary at the rate of twenty-five hundred dollars (\$2500) a year. (December 19, 1916).

Hedrick, Marie A., Library Assistant in the Mathematics Library, on one-half time, from February 1, 1917, to June 30, 1917, at a salary of thirty-two and one-half dollars (\$32.50) a month. (January 13, 1917).

Hilbert, J. O., Student Assistant in Chemistry in the College of Medicine, for the first semester of the academic year 1916-17, to give six hours' service each week, at a remuneration of fifty dollars (\$50) for the semester. (January 16, 1917).

Huseby, R. J., Student Assistant in Chemistry in the College of Medicine, for the first semester of the academic year 1916-17, to give six hours' service each week, at a remuneration of fifty dollars (\$50) for the semester. (January 16, 1917).

Karatz, M. B., Beneficiary of the Rae Scholarship Fund for the academic year 1916-17, with a stipendium of sixty dollars (\$60) for the year. (December 19, 1916).

Keener, H. A., Student Assistant in Histology in the College of Medicine, for the current academic year, with remuneration at the rate of fifty cents (\$0.50) an hour. (January 9, 1917).

Kunkel, August, Assistant Technician in Physiology in the College of Medicine, at a salary of forty dollars (\$40) a month. (January 16, 1917).

Lamoreaux, Madge, Assistant in Household Science for the second semester of the academic year 1916-17, at a salary of eighty dollars (\$80) a month. (January 15, 1917).

Leenheer, C. A., Instructor in Ophthalmology in the College of Medicine, for the academic year 1916-17, without salary. (January 16, 1917).

Maltby, H. W., Instructor in Orthopedic Surgery in the College of Medicine, for the academic year 1916-17, without salary. (January 16, 1917).

Martin, Patrick, Janitor in the School of Pharmacy buildings, beginning December 1, 1916, and continuing until further notice, at a salary of fifty-five dollars (\$55) a month, subject to the rules of the Civil Service Commission. (December 4, 1916).

Meseck, Rudolph, Janitor in the School of Pharmacy buildings, beginning December 1, 1916, and continuing until further notice, at a salary of sixty-five dollars (\$65) a month, subject to the rules of the Civil Service Commission. (December 4, 1916).

Moulton, Gertrude E., Beneficiary of the Rae Scholarship Fund for the academic year 1916-17, with a stipendium of sixty dollars (\$60) for the year. (December 19, 1916).

Nirison, George, Janitor in the School of Pharmacy buildings, beginning December 1, 1916, and continuing until further notice, at a salary of seventy dollars (\$70) a month, subject to the rules of the Civil Service Commission. (December 4, 1916).

Novak, F. J., Assistant in the ear, nose, and throat department of the Dispensary of the College of Medicine, for the rest of the present academic year, without salary. (January 15, 1917).

Orcutt, A. H., Beneficiary of the Rae Scholarship Fund for the academic year 1916-17, with a stipendium of sixty dollars (\$60) for the year. (December 19, 1916).

Ort, R. K., Student Assistant in Histology in the College of Medicine, for the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (January 9, 1917).

Salpas, Spero, Beneficiary of the Rae Scholarship Fund for the academic year 1916-17, with a stipendium of sixty dollars (\$60) for the year. (December 19, 1916).

Turrans, John, Janitor in the School of Pharmacy buildings beginning December 1, 1916, and continuing until further notice, at a salary of sixty dollars (\$60) a month, subject to the rules of the Civil Service Commission. (December 4, 1916).

Vaupell, G. F., Assistant in Chemistry in the School of Pharmacy, from January 1, 1917, to September 1, 1917, at a salary of eighty-three dollars and thirty-three cents (\$83.33) a month. (December 19, 1916).

Weaver, G. L., Student Assistant in Chemistry in the College of Medicine, for the first semester of the academic year 1916-17, to give six hours' service each week, at a remuneration of fifty dollars (\$50) for the semester. (January 16, 1917).

Woodward, L. R., Student Assistant in Histology in the College of Medicine, for the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (January 9, 1917).

COMPTROLLER'S REPORT

The Secretary presented also for record the report of Mr. Lloyd Morey, Acting Comptroller, for the six months ending December 31, 1916:

The Board adjourned, at 7 :00 p. m.

URBANA, ILLINOIS, March 14, 1917

I certify that in the foregoing pages, numbered 193 to 230, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois, at its meeting of January 24, 1917, as approved by the Board at its meeting of March 13, 1917.

 Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES

—OF THE—

UNIVERSITY OF ILLINOIS

February 21, 1917

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 12 o'clock noon, on Wednesday, February 21, 1917, pursuant to the following notice which was sent out by the Secretary on February 16, 1917:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, at 12 o'clock noon, on Wednesday, February 21, 1917, to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Miss Watson.

President James was present.

There being no quorum, the Board adjourned.

H. E. CUNNINGHAM

W. L. ABBOTT

Secretary

President

MEETING OF THE EXECUTIVE COMMITTEE

February 21, 1917

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, on Wednesday, February 21, 1917, immediately following the meeting of the Board of Trustees on the same day.

Mr. Abbott, Chairman, and Mr. Hoit, a member of the Committee, were present; also Mrs. Evans, Mrs. Henrotin, Mr. Taggart, and Miss Watson, members of the Board.

President James was present.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Executive Committee proceeded to the consideration of the following matters submitted by the President of the University.

APPROPRIATION BILLS

(1) Two proposed bills for presentation to the General Assembly relating to the appropriations for the University for the biennium beginning July 1, 1917.

The first bill asks for six million dollars instead of five million dollars as granted by the last legislature. This will probably mean something in excess of the amount which the mill tax will yield. This bill provides for the running expenses of the institution for two years and for certain very necessary expenditures for the completion and erection of buildings now necessary in the work of the University.

This includes, for example, the money necessary to complete the Women's Residence Hall and the building for the School of Education; also the sum necessary to add to the gift of Captain T. J. Smith for the erection of a music building; also the sum necessary to add to the gift of the Honorable William B. McKinley for the erection of the student infirmary. It includes \$250,000 for a clinical building which ought to be erected immediately, and \$250,000 for agricultural buildings sorely needed. We should also complete as soon as possible the Transportation Building, the Locomotive Testing Laboratory, Natural History Hall, add a section to the Commerce Building, and complete Lincoln Hall and the Armory.

The second bill relates to a building program calling for an expenditure of ten million dollars, to be extended over a period of ten years, and is intended primarily to call the attention of the Legislature and the people of the state to what ought to be done and to secure a certain sum of money with which to begin the program.

On motion of Mr. Hoit, these recommendations were approved and the President of the University was authorized to secure the introduction of these bills.

After full discussion, it was voted to authorize the President of the Board to agree to such modifications in these bills as may be necessary in order to secure the approval of the Legislature.

ROOMS FOR SOCIAL HEAD FOR WOMEN'S RESIDENCE HALL

(2) The following statement:

The Board has not definitely decided as to the best method of administering the Women's Residence Hall. It is possible to administer this hall by one person who might be called matron, manager, stewardess, or head of the hall. The hall, however, will contain one hundred girls, and the work of looking after the material welfare of so many young women will be of itself sufficient to take up the entire time of a competent woman. The service which another woman can render to such a group on the social side of their activity is sufficient to occupy the full time of another competent

woman. To her would be assigned the general direction of the social life of the institution. Without deciding this question at the present time, the Board must decide on the placing of certain partitions in the Residence Hall, if the question is to be left open as to whether such a head of the hall is to be employed or not. In the plans submitted to the Board, ample provision was made for the stewardess, matron, or whatever the official may be called to whom the duties ordinarily included under such a head are assigned. In order to make provision for the social head of the hall, the Supervising Architect proposes a plan involving a bed-room and a parlor of considerable size on the first floor at the north-east corner of the building.

On motion of Mr. Hoit, the Supervising Architect was authorized to set apart this space as a possible assignment for a head of the hall in accordance with the blue print submitted.

PROFESSOR ALVORD'S LEAVE EXTENDED

(3) A request from Professor Charles W. Alvord that his leave of absence be extended for two weeks or possibly one month, on the ground that his health does not improve as rapidly as he had expected.

On motion of Mr. Hoit, the President of the University was authorized to extend Professor Alvord's leave of absence.

PROPOSED AGENCY FOR SALE OF SMITH FARM

(4) A request from Mr. Harry Reichman, a real estate agent in Champaign, to be made the agent of the Board for the sale of the farm in Section 26, Stanton Township, containing 240 acres, presented to the University by Captain T. J. Smith. He offers to handle that piece of land for a commission of two dollars an acre.

On motion of Mr. Hoit, this matter was referred to the President of the University, with power to act.

SCHOOL OF ORIENTAL RESEARCH

(5) A letter from Professor Charles C. Torrey of Yale College in regard to the School of Research at Jerusalem. I think it is very desirable that the University should join with other leading universities of the country in the support of these historic schools, but I am not prepared at the present time to make recommendation on this subject.

No action was taken in this matter.

LEASES ON SMITH FARMS

(6) A statement from Mr. Lloyd Morey, Acting Comptroller, that on recommendation of Professor J. G. Mosier he has renewed the leases on the three Smith farms. The particulars and terms are identical with those of the year 1916-17. The new leases are for one year from March 1, 1917, and are on file in the Secretary's office.

On motion of Mr. Hoit, these leases were approved.

RECEIPTS FROM SMITH FARMS

(7) A letter from Professor J. G. Mosier relating to the income from the Smith farms during the last year:

February 13, 1917

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

I am enclosing a statement of the receipts and expenditures of the Smith farms since July first. As you see by the report, the corn at the Fisher farm has not been sold, and I have placed upon it an estimated value of \$1100. Six bushels of clover seed produced on that farm still remain unsold, but it will be used for seed this year unless the farm is sold before seeding takes place. We still have the clover seed for the Ludlow and St. Joseph farms, but this will be sold in a short time. It is now being cleaned and put in good shape.

The farms did not produce quite as large an income as last year, but, considering the unfavorable conditions, I think they have done very well. The Fisher farm, including the estimated value of the corn and clover seed, produced a net income of \$9.78 an acre, the Champaign farm, \$10.89, Ludlow, \$7.16, and St. Joseph, \$9.81. The same tenants are to be retained, and the contracts are already in the hands of Mr. Morey for their signatures.

Clover is not a large money crop ordinarily. That fact has cut down the income to a certain extent. There were about 100 acres in clover on these farms, and the yield of seed this year was low. Of course, we expect the yield of corn next year which follows the clover to be much increased. In the case of the Ludlow farm, however, there were 55 acres of clover from which we will get no returns, and I question very much whether it will be a wise plan to leave very much clover because of the fact that the land is liable to be sold at any time. I presume that the rest of these farms will be sold during the present year, and it will probably not be well to do much in the way of soil improvement, other than the application of manure produced on the farm, and ordinary good tillage.

Very truly yours,

J. G. MOSIER

BUSINESS SUBJECTS ACCEPTED FOR ADMISSION

(8) A recommendation from the University Senate that the subjects of shorthand, typewriting, and commercial arithmetic be accepted toward admission to the University.

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate, at its meeting of February 12, 1917, voted to make the following recommendations to the Board of Trustees with reference to the acceptance of the subjects of shorthand, typewriting, and commercial arithmetic toward admission to the University:

1. That these subjects be included in List C of subjects accepted for admission to the University.

2. That no credit be given for either shorthand or typewriting if taken alone.

3. That one unit of credit be given for work in shorthand and typewriting occupying not less than two periods daily of forty minutes each for one year of thirty-six weeks, the standard of attainment at the end of the year to be 75 words per minute in dictation and 25 words per minute in transcription on the machine of such dictation, with accuracy in spelling, capitalization, punctuation, and paragraphing, and attention to the care of the machine, methods of copying, manifolding, etc.

4. That two units of credit be given for work in shorthand and typewriting occupying not less than two periods daily of forty minutes each for two years of thirty-six weeks each, the standard of attainment to be 100 words per minute in dictation and 35 words per minute in the transcription on the machine of such dictation, with accuracy in spelling, capitalization, punctuation, and paragraphing, and attention to care of machine, methods of copying, manifolding, etc.

5. That one-half unit of credit be given for work in commercial arithmetic occupying not less than five periods of forty minutes each week for one-half year of eighteen weeks, with daily preparation; the standard attainment being accuracy and speed in all kinds of ordinary business computations in accordance with a fixed time limit for both oral and written work; but with the proviso that this study must follow algebra and geometry in the high school course to entitle the student carrying it to the entrance credit proposed.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Hoit, the recommendations were approved.

DEGREES CONFERRED

(9) A recommendation from the University Senate that the President of the University be authorized to confer certain degrees.

February 13, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

At its meeting of February 12, 1917, the University senate voted to recommend to the Board of Trustees that degrees be conferred as follows:

Graduate School

Albert Washington Marker, Master of Arts

Gilbeart Hooper Collings, Master of Science

Ross Earlby Gilmore, Master of Science

College of Liberal Arts and Sciences

George Charles Blohm, Bachelor of Arts

Arthur Louis Epstein, Bachelor of Arts
Archie Leo Hegener, Bachelor of Arts
Clarence Eugene Kimmel, Bachelor of Arts
Frank Philip Rohrer, Bachelor of Arts
Louis Gustave Krug, Bachelor of Science
Frank Hulit Tendick, Bachelor of Science

College of Commerce

Wilbur Meek, Bachelor of Arts

College of Agriculture

Clement Eddy Trout, Bachelor of Science

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Hoit, this recommendation was approved.

**PRESIDENT WILSON INVITED TO DELIVER SEMI-CENTENNIAL
ADDRESS**

(10) A recommendation from the University Senate that President Woodrow Wilson be invited to attend the Semi-Centennial exercises of the University on Thursday, Friday, and Saturday, October 17, 18, and 19, 1918, and to deliver an oration at the University convocation to be held on Friday, October 18.

On motion of Mr. Hoit, this recommendation was concurred in.

RELATIONS WITH BOARD OF PRISON INDUSTRIES

(11) A letter from the Comptroller in regard to the status of our relations with the State Board of Prison Industries.

This letter was received for filing.

BOHEMIAN SETTLEMENT DISPENSARY

(12) A letter from the Comptroller, stating that in accordance with authority given by the Board at its meeting of October 18, 1916 (page 130), he had signed an agreement with the Bohemian Settlement House of Chicago for the establishment and management of a free medical and surgical dispensary at that place.

This letter was received for filing.

DEVELOPMENT OF THE COLLEGE OF ENGINEERING

(13) The following statement:

The faculty of the College of Engineering has been drawing up a scheme which would represent the needs of the College during the next twelve years, and asks for the approval of the same on the part of the Board for its presentation to the Legislature. The request of the faculty involves about five million dollars. This is more than twice as much as I have indi-

cated in the second bill proposed, though it is not more than in my opinion ought to be spent on the engineering project.

On motion of Mr. Hoit, this plan was approved for presentation to the Legislature.

LEAVE OF ABSENCE FOR PROFESSOR FULTON

(14) A request from Professor Edward Fulton of the Department of English for leave of absence for a few weeks on account of illness. This request is approved by Professor Frank W. Scott, acting head of the department, and by Dean K. C. Babcock.

On motion of Mr. Hoit, the President of the University was authorized to grant Professor Fulton leave of absence, on one-half pay, from February 1, 1917, until September 1, 1917.

LIVE STOCK ADVISORY COMMITTEE

(15) Nomination for the Livestock Breeders' Association of men to be considered for membership in the Livestock Advisory Committee of the University. The following list has been submitted: Mr. L. E. Thomas, Golden; Mr. Charles Taylor, Williamsville, Mr. Dan Augustine, Carlock; Mr. C. S. Beggs, Ashland. The Board under its regulations is to choose one from this list.

On motion of Mr. Hoit, the President of the University was authorized to make an appointment from this list.

INSURANCE ON MEDICAL AND DENTAL BUILDINGS

(16) A letter from the Comptroller relating to additional insurance for the Medical and Dental College buildings, stating that it is possible to secure a reduction of the rate for insurance on the Medical building from \$1.80 to \$1.00 a hundred, and on its contents from \$1.80 to \$1.25, and on the Dental building from \$2.25 to \$1.25, and a new rate on the contents of the Dental building of \$1.50. The insurance company appraises the value of the Medical building at \$273,716.69, and of the Dental building at \$120,393.* We are now carrying an insurance of \$215,000 on these buildings, and the premiums for five years cost us \$4,140. We can now obtain a total insurance on these buildings and their contents of \$415,000 at a total cost for five years of \$4,790. We could therefore, at the new rates, practically double the insurance at an additional cost of \$650 for a five-year period, counting the rebates which would be received on the premiums already paid if the insurance policies now in force were cancelled.

On motion of Mr. Hoit, the President of the University was authorized to direct the taking out of additional insurance on the

*The valuation of the Medical Building made by the Chicago Real Estate Board Committee at the time of its gift to the University was \$155,000.00 and of the Dental Building, \$30,000.00. The insurance valuation is nearer the real valuation for our purposes than that of the Real Estate Board.

Dental and Medical buildings and their contents to bring the total amount up to three hundred and twenty thousand dollars.

PURCHASE OF DEAN GOSS'S HOUSE RECOMMENDED

(17) A letter from Professor J. M. White recommending that the official residence now occupied by the President of the University be assigned to the use of the Military department; and that, if the President is willing, the house of Dean W. F. M. Goss, located on the south side of Nevada street between Mathews avenue and Goodwin avenue, be purchased and assigned to the President for his use. This recommendation is made with the understanding that the University should purchase the next lot west of Dean Goss's, 73 feet in width, and the second lot west, 35 feet in width, belonging to Professor Morgan Brooks, and that these be added to the Goss property as a yard or garden. This arrangement would secure for the University a frontage of 180 feet on Nevada street, and a lot which might properly be used in the future for the erection of a Women's Residence Hall.

The Executive Committee recommended to the Board that this arrangement be made if possible. The other members present concurred in the recommendation.

PURCHASE OF TRINITY CHURCH

(18) A recommendation from Professor W. C. Bagley, approved by his colleagues in the department of education and by Dean Babcock, that the department of education be moved from its quarters in University Hall and Lincoln Hall to the neighborhood of the new School of Education building at the corner of Springfield and Mathews avenues; that the Trinity Methodist Episcopal Church at the corner of Springfield and Mathews avenues be purchased and assigned, together with the frame building owned by the University and situated east of the Education Building, to the uses of the department of education. Professor Bagley thinks the changes would not be very expensive, and that the church could be purchased as it stands for thirty thousand dollars. This would release two large rooms on the first floor of University Hall, a work room and store room in the basement of University Hall, a large room on the third floor of University Hall, and the use of some additional class rooms in University Hall and Lincoln Hall at certain hours; also one conference room on the first floor of Lincoln Hall.

No action was taken in this matter.

SITE FOR MCKINLEY HOSPITAL

(19) A letter from Professor White submitting certain possible locations for the University Infirmary. His final recommendation is that the infirmary be located in the center of the north half of the present athletic field and that arrangements be made to transfer the baseball diamond and football gridiron to the new athletic field west of the University campus next to the Illinois Central Railroad. He thinks this arrangement could be

made at an expense which would not exceed that required for the purchase of an adequate site for the infirmary.

No action was taken in this matter.

LEGACY TO UNIVERSITY FROM ALFRED B. JENKINS

(20) A letter from Pharnum Yardley and Henry W. Montague, 80 White Street, New York, executors of the estate of the late Alfred B. Jenkins of West Orange, New Jersey, stating that a bequest had been made to the University, as shown in an enclosed copy of Mr. Jenkins's will. One clause of that will provides that some twelve institutions in the country shall be residuary legatees of his estate, sharing equally, the principal of each gift to be held as a part of the endowment fund of the institution and to be known as the "Alfred B. Jenkins Endowment." I do not know why Mr. Jenkins was interested in the University of Illinois except that he regarded it as a good place to invest money for the benefit of posterity.

This statement was received for record.

ADDITION TO LABORATORY ANNEX

(21) A statement that it seems to be quite necessary, in order to make provision for the medical and dental students of the next and following years, that an addition be made to the laboratory annex of the Medical building, on Lincoln street running from the alley separating the Medical building from the West-Side Hospital, north along Lincoln street to the walk which leads up to the west entrance of the Medical building. It is estimated that it will take at least fifty thousand dollars to erect and equip this annex together with the reconstruction in the Dental building which will be necessitated by the probable increase of students for the coming year.

On motion of Mr. Hoit, this matter was referred to the Committee on the College of Medicine and the President of the University, with power to act.

WAGES OF JANITORS

(22) A notification from the Janitors' Protective Union of a possible strike unless their wages were increased and adjusted to suit them.

On motion of Mr. Hoit, this matter was referred to Mr. Abbott.

FIRE PROTECTION FOR UNIVERSITY BUILDINGS

(23) A request from the mayor of Urbana and the mayor of Champaign that the University afford additional fire protection to the University buildings.

On motion of Mr. Hoit, this matter was referred to the Committee on Buildings and Grounds for consideration and report.

SITE FOR CLINICAL BUILDING

President Abbott reported that the Executive Committee was engaged in the purchase of land for a site for the clinical building

in Chicago, and that the Committee expected to complete this purchase within a short time.

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary of the Board presented for record the following list of appointments made by the President of the University.

Barnes, O. A., Graduate Assistant in Chemistry, for five months beginning February 1, 1917, at a salary of thirty dollars (\$30) a month. (February 3, 1917*).

Brooks, Ruth, University Stenographer, Rank II, in the Business Office, at a salary of fifty dollars (\$50) a month, beginning February 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (February 12, 1917).

Craig, E. E., Order Stenographer in the purchasing department of the Business Office, at a salary of sixty dollars (\$60) a month, beginning January 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (January 15, 1917).

Fazel, C. S., Assistant in Physics, on full time, for five months beginning February 1, 1917, at a salary of eighty dollars (\$80) a month, this appointment superseding his previous appointment at sixty dollars a month. (February 7, 1917).

Goodyear, H. M., Graduate Assistant in Anatomy, in the College of Medicine, without salary, for the second semester of the current academic year. (January 27, 1917).

Knight, Joseph, Technician in the department of physiology and physiological chemistry in the College of Medicine, beginning January 10, 1917, and continuing until further notice, but not longer than January 1, 1918, at a salary of forty dollars (\$40) a month. (February 6, 1917).

Little, R. F., Assistant in Business Law, on part time, for the second semester of the current academic year, at a salary of two hundred fifty dollars (\$250) for the semester. (February 12, 1917).

Nelson, M. N., Assistant in Economics, on one-half time, for the second semester of the current academic year, at a salary of two hundred fifty dollars (\$250) for the semester. (February 17, 1917).

O'Gorman, J. W., Instructor in Education, for five months beginning February 1, 1917, at a salary of two hundred dollars (\$200) a month. (January 30, 1917).

Phelps, C. E., Assistant to the Director of the Shop Laboratories in the department of mechanical engineering, beginning when he reports for duty and continuing until September 1, 1918, at a salary of eighteen hundred dollars (\$1800) a year. (February 12, 1917).

Randolph, J. R., Student Draftsman in the department of mechanical engineering, on one-half time, beginning when he reports for duty and continuing until July 1, 1917, at a salary of forty dollars (\$40) a month. (February 7, 1917).

*The date in parenthesis is the date on which the appointment was made by the President of the University.

Smith, O. M., Assistant Chemist in the State Water Survey, from February 1, 1917, to June 30, 1917, at a salary of seventy dollars (\$70) a month. (February 3, 1917).

Tohill, L. A., Assistant in Economics, on one-half time, for the second semester of the current academic year, at a salary of two hundred fifty dollars (\$250) for the semester. (February 17, 1917).

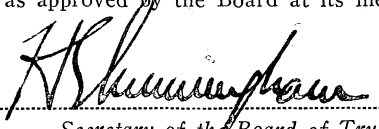

Voorhees, L. E., Assistant in Physics, on part time, for five months beginning February 1, 1917, at a salary of fifty dollars (\$50) a month. (February 7, 1917).

Yager, Beatrice, University Stenographer, Rank II, in the Registrar's Office, at a salary of fifty-five dollars (\$55) a month, beginning February 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (February 7, 1917).

The Executive Committee adjourned.

URBANA, ILLINOIS, March 14, 1917

I certify that in the foregoing pages, numbered 231 to 242, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois, and of the Executive Committee of the Board, at the meetings of February 21, 1917, as approved by the Board at its meeting of March 13, 1917.

.....

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
—OF THE—
UNIVERSITY OF ILLINOIS

March 13, 1917

The annual meeting of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, in Urbana, at 10 a. m. on Tuesday, March 13, 1917.

When the Board convened, the following members were present: President Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward.

President James was present.

As there was no quorum, the Board took a recess until 2 p. m.

H. E. CUNNINGHAM

W. L. ABBOTT

Secretary

President

EXECUTIVE COMMITTEE MEETING, MARCH 13, 1917

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, in Urbana, during the recess in the meeting of the Board on the same day.

The following were present: Mr. W. L. Abbott, Chairman, and Mr. O. W. Hoit, member of the Committee; also Mrs. Evans, Mrs. Henrotin, Mr. Taggart, and Mr. Ward, members of the Board.

President James was present; and also, during a part of the morning, Professor J. M. White, Supervising Architect.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Committee considered the following matters submitted by President James:

TIME REQUIREMENTS FOR ADMISSION

(1) A letter from the Secretary of the Council of Administration recommending certain changes in the statements in the Annual Register concerning the acceptance of certificates:

February 21, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The Council of Administration, at its meeting of February 20, 1917, on the recommendation of the Committee on Accredited Schools, voted to recommend to the Board of Trustees that the statement on page 78 of the "Annual Register" for 1915-16, to the effect that credits will be accepted on certificate "from schools accredited to the state universities which are included in the membership of the North Central Association of Colleges and Secondary Schools" be amended by the addition of the following clause: "Provided the certificate shows that the Illinois standard time requirements have been met."

It happens that there are several states, notably Indiana and Ohio, the state universities of which are members of the North Central Association, which accredit schools on a time basis lower than that in force in Illinois. In accepting students from such schools under the present form of the provision quoted above, we discriminate against the high schools of Illinois, which have in numerous cases been refused admission specifically on the ground of their failure to meet these time requirements. Hence this recommendation.

Sincerely yours,

THOMAS ARKLE CLARK

Secretary of the Council

On motion of Mr. Hoit, the recommendation of the Council of Administration was approved.

LEAVE OF ABSENCE FOR PROFESSOR OLDFATHER

(2) A request from Professor W. A. Oldfather for leave of absence, on one-half pay, for the second semester of 1917-18 for purposes of travel and research, approved by Herbert J. Barton, chairman of the department, and Kendrick C. Babcock, Dean of the College.

On motion of Mr. Hoit, the President of the University was authorized to grant this request, provided he is able to make satisfactory arrangements for Professor Oldfather's work during his absence.

WORK OF INFORMATION OFFICE

(3) A statement from Dr. B. E. Powell as to the work performed by the Information Office.

This statement was received for filing.

PURCHASE OF PAPER CUTTER

(4) A letter from the Comptroller asking for authority to purchase one paper cutter and motor at an estimated cost of \$903, and two imposing stones with frames, for the University Print Shop. These items were included in the list approved some time ago by the Board. (See Minutes for December 14, 1916, p. 190).

On motion of Mr. Hoit, this request was granted.

INSURANCE ON MILITARY SUPPLIES

(5) A statement that the Chief of Ordnance of the War Department advised us on February 9, that a new lot of ordnance and ordnance stores was being issued to the University, with a total valuation of \$49,326.03. It is necessary to have this property insured. The Comptroller recommends that he be authorized to place insurance on military supplies in the companies now carrying such insurance, for the amount of \$49,326.03 for five years, and that an appropriation of \$950, or so much thereof as may be necessary, be made for this purpose.

On motion of Mr. Hoit, this recommendation was approved and the corresponding appropriation was made.

SALARY OF MILITARY INSTRUCTORS

(6) A request from the Assistant Professors of Military Science and Tactics that the University should pay a reasonable salary to officers and non-commissioned officers detailed at this institution, in addition to their federal pay.

No action was taken on this request.

PROPOSED INCREASE IN SALARIES

(7) A letter from Dean W. F. M. Goss, suggesting that the salaries of instructors should be raised to meet the increased cost of living.

This letter was received for record.

APPOINTMENT OF DR. JOHN VAN HORN

(8) A request for authority to appoint Dr. John Van Horn Instructor in Romance Languages, for ten months beginning September 1, 1917, at a salary of \$1500.

On motion of Mr. Hoit, this appointment was authorized.

The Executive Committee adjourned.

H. E. CUNNINGHAM

Clerk

W. L. ABBOTT

Chairman

AFTERNOON SESSION, MARCH 13, 1917

When the Board convened at 2 p. m. on Tuesday, March 13, 1917, pursuant to the recess taken at the morning session, the fol-

lowing members were present: Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson.

President James was present.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of January 24 and February 21, 1917.

On motion of Mrs. Henrotin, the minutes were approved as printed above on pages 193-242, inclusive.

MR. W. L. ABBOTT ELECTED PRESIDENT OF THE BOARD

The Secretary took the chair and called for nominations for the office of President of the Board.

Mrs. Evans nominated Mr. Abbott, and Mr. Hoit seconded the nomination.

On motion of Mrs. Henrotin, the nominations were closed and the Secretary cast the unanimous vote of the meeting for Mr. Abbott, and declared him elected President of the Board for one year.

MR. H. E. CUNNINGHAM ELECTED SECRETARY OF THE BOARD

On motion of Mr. Hoit, Mr. H. E. Cunningham was elected Secretary of the Board for one year.

MR. E. D. HULBERT ELECTED TREASURER

Mrs. Henrotin nominated Mr. Edmund D. Hulbert, President of the Merchants Loan and Trust Company, of Chicago, for the office of Treasurer.

On motion of Mrs. Henrotin, the nominations were closed and the Secretary cast the unanimous vote of the meeting for Mr. Hulbert and he was declared elected Treasurer for the term of two years.

It was the understanding of the Board that this election was subject to the usual conditions of furnishing a satisfactory bond and the payment of interest at the rate of two percent on daily balances, such interest to be credited monthly.

EXECUTIVE COMMITTEE ELECTED

Mrs. Evans nominated Mr. Carr and Mr. Hoit to serve with the President of the Board (as Chairman) as members of the Executive Committee for one year.

On motion of Mrs. Evans, the nominations were closed and the Secretary cast the ballot of the Board for Mr. Carr and Mr. Hoit, and they were declared elected.

PRESIDENT JAMES REELECTED

Miss Watson nominated Dr. Edmund J. James for the position of President of the University for two years at his present salary.

On motion of Miss Watson, the Secretary cast the unanimous vote of the Board for Dr. James, and he was declared elected. Mr. Hoit was delegated to inform President James of his election and to escort him to the room.

TREASURER'S BOND

On motion of Mr. Ward, the amount of the Treasurer's bond was fixed at one million dollars.

On motion of Mrs. Evans, the Finance Committee was instructed to see that the Treasurer secure a satisfactory bond, and to report this bond to the Board for approval.

AUTHORITY TO RECEIVE MONEYS

On motion of Miss Watson, the following resolution was passed:

Resolved, That the Treasurer of the Board of Trustees of the University of Illinois is hereby authorized to receive and receipt for all moneys, and to endorse all orders, drafts, and checks due and payable to the Board of Trustees or to the University of Illinois, and especially all drafts drawn by the Treasurer of the United States payable to the Board of Trustees or the University of Illinois.

DELEGATION OF SIGNATURE OF PRESIDENT AND SECRETARY

On motion of Mr. Taggart, it was voted that Mr. W. L. Abbott, President of the Board of Trustees, and Mr. H. E. Cunningham, Secretary of the Board of Trustees, be authorized to delegate the signing of their names as President and Secretary, respectively, to warrants drawn on the Treasurer of the University and to vouchers drawn on the Auditor of Public Accounts, in accordance with the following plan:

No disbursement shall be made from any University fund in the hands of either the University Treasurer or the State Auditor, except on a voucher certified by the proper officer or head of department against an appropriation made by the Board of Trustees and approved by the Comptroller according to the Statutes of the University.

The President of the Board of Trustees is authorized to delegate to the Auditor in the Business Office authority to sign the name of the President of the Board of Trustees to vouchers against the State Auditor, and to warrants on the University Treasurer, for vouchers approved as above.

The Secretary of the Board of Trustees is authorized to delegate to the Cashier in the Business Office authority to sign the name of the Secre-

tary of the Board of Trustees to vouchers on the State Auditor and to warrants on the University Treasurer, for vouchers approved as above.

The President and the Secretary are authorized to delegate to the Comptroller authority to sign the name of the President, or of the Secretary, of the Board of Trustees to vouchers on the State Auditor, or to warrants on the University Treasurer, in case of emergency; provided, that under no circumstances shall the Comptroller sign the names of both the President and the Secretary to the same warrant or voucher.

STANDING COMMITTEES, 1917-18

The list of standing committees of the Board, appointed by President Abbott on March 15, 1917, is printed here in accordance with article IV, section 5, of the By-Laws of the Board:

Buildings and Grounds

William L. Abbott, Chairman; Mary E. Busey, Robert F. Carr, Laura B. Evans, Robert R. Ward

Finance

Robert R. Ward, Chairman; Ellen M. Henrotin, Otis W. Hoit, James E. Taggart, John R. Trevett

Engineering

Robert F. Carr, Chairman; William L. Abbott, John R. Trevett

Agriculture

Otis W. Hoit, Chairman; James E. Taggart, John R. Trevett

College of Medicine and School of Pharmacy

Laura B. Evans, Chairman; William L. Abbott, Otis W. Hoit

Students' Welfare

Ellen M. Henrotin, Chairman; Mary E. Busey, Laura B. Evans, Florence E. Watson

Instruction

Francis G. Blair, Chairman; Robert R. Ward, Florence E. Watson

Library

Mary E. Busey, Chairman; Ellen M. Henrotin, Florence E. Watson

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Board proceeded to the consideration of the following matters submitted by President James:

PLAN FOR CLINICAL BUILDING

(1) A plan for a clinical building for the College of Medicine, to be located on Wood street, in Chicago, immediately south of the property occupied by the School of Pharmacy.

No action was taken on this matter.

INSURANCE ON MEDICAL AND DENTAL BUILDINGS

(2) A letter from the Comptroller, concerning the amount of insurance on the buildings and equipment of the Colleges of Medicine and Dentistry:

March 13, 1917

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

In my letter of February twenty-seventh I recommended a schedule of insurance for the Medical and Dental Buildings totalling \$360,000. In going further into the matter, I find that under the provisions of the mortgages we must carry insurance on the Medical Building amounting to \$165,000, whereas in the schedule above referred to I suggested \$155,000 for the Medical Buildings.

At the last meeting of the Board, insurance to a total amount of \$320,000 was authorized. If this limit is held to, the amounts available for insurance on the contents of the buildings will be very low on account of the amounts necessary for the buildings according to the mortgages.

I would recommend therefore that I be authorized to place the following insurance, and that an appropriation of \$3500 more or less be made for this purpose:

	<i>Amount of Policy</i>	<i>Rate for Five Years</i>	<i>Total Amount of Premium</i>
Policies running to Trustees of mortgages			
Medical Building	\$165,000.00	\$1.00	\$1,650.00
Dental Building	75,000.00	1.25	937.50
Policies running to the Board of Trustees of the University			
Medical Building			
Contents	102,000.00	1.25	1,275.00
Dental Building			
Contents	18,000.00	1.50	270.00
<i>Totals</i>	\$360,000.00		\$4,132.50

The approximate amount standing to our credit at the present time on policies which are now in force is \$632.50, so that the actual cash outlay necessary to put into effect insurance along the above lines will be approximately \$3500.

Cordially yours,

LLOYD MOREY

Acting Comptroller

On motion of Miss Watson, the action of February 21, 1917, (page 238), was reconsidered, and the President of the University was authorized to instruct the Comptroller to place insurance on buildings and contents amounting to \$360,000. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Carr, Mr. Lowden, Mr. Trevett.

NEW FLAGSTAFF PROPOSED

(3) A recommendation from Major R. W. Mearns, Military Commandant, that a flagstaff be erected near the north side of the Armory at the junction of Fifth street and Armory avenue. In his judgment, the staff should be at least 150 feet high.

On motion of Mrs. Evans, this recommendation was referred to the President of the University for consideration and report.

APPOINTMENT OF PROFESSOR A. T. OLMSTEAD

(4) A recommendation from Professor Evarts B. Greene, endorsed by Dean K. C. Babcock, that Professor Albert TenEyck Olmstead of the University of Missouri be appointed Professor of History.

We have desired for some time to strengthen our department of history by appointing a man whose special duty should be to devote his time to the early history of the Mediterranean basin, particularly of the eastern end—what is sometimes called the “history of the Near Orient”—which would include Egypt, Palestine, Babylonia and Assyria, Phoenicia, Asia Minor, and the Islands of the Aegean Sea, possibly through the preliminary conflict between the East and the West, up to the battle of Marathon. It may be also necessary for him to give some instruction in one or more of the Semitic languages and be the Curator of our collections relating to the archeology of those countries.

On motion of Miss Watson, the President of the University was authorized to offer a position as professor of history to Dr. Olmstead, at a salary of three thousand dollars a year, beginning September 1, 1917, with the understanding that he shall be assigned to this particular period of ancient history, and that he take care for the present of such instruction in the languages of these countries as may be offered at the University, and assume such duties as to the care of our archeological collections relating to these countries as the President of the University may assign to him.

McKINLEY HOSPITAL LOCATED ON ATHLETIC FIELD

(5) A recommendation from Professor J. M. White, Supervising Architect, that the proposed student infirmary be located at the center of the north half of the present athletic field.

Professor White explained the points involved in the selection of this site.

On motion of Mr. Ward, the recommendation of the Supervising Architect was approved.

At this point, the Board took a short recess to review the University brigade.

NEW ATHLETIC FIELD

(6) A recommendation from the Supervising Architect that the ath-

letic interests now located on Illinois Field be transferred to the new field just east of the Illinois Central railroad.

The Athletic Association in a letter signed by W. A. Behel, President, and A. A. Odell, Secretary, states its willingness to transfer activities as proposed, and offers to give the University a deed to twenty acres of land for the new site, provided the Trustees are willing to add to the twenty acres the ten acres lying to the south, constituting the whole an athletic field, and provided they will carry out the improvements suggested by Professor White in the following letter:

March 10, 1917

President Edmund J. James, 355 Administration Building

DEAR SIR:

We have made the following estimates of the cost of equipping the new Illinois Field on the basis of building a baseball grand stand of reinforced concrete which will seat 2,200 people, utilizing the space under it which is of sufficient height for locker and bathrooms. The present baseball grand stand which is fitted with chairs has a capacity for 2,500 people. The present baseball stand and the west football bleachers would be moved and re-erected, but the east football bleachers would not stand moving. The Athletic Association has, taking account of depreciation, an equity of about \$2000 in that stand. It would be valuable in its present location in connection with class games and such events as the Interscholastic circus, May Pole, and other outdoor festivities.

In figuring for the grading of the field, we have set the diamond and the gridiron 9' 6" above the storm water outlet in the block to the north of the field and 2' above the general surface of the platted area immediately to the north of it. The detailed estimates are as follows:

Grading	\$ 8,500.00	
Sub drainage	1,600.00	
Water system for sprinkling	2,000.00	\$12,100.00
<hr/>		
Fencing		8,000.00
Moving bleachers		6,000.00
Equity in east bleachers		2,000.00
Baseball stand and field house, including space for both varsity and class teams		
reinforced concrete	\$17,600.00	
plumbing	3,000.00	
lighting	500.00	
heating	1,400.00	22,500.00
<hr/>		
		\$50,600.00

If the University does the work contemplated above, the Athletic Association would still have to duplicate the east bleachers on the new site and I am in hopes that they can begin a section of a permanent stadium. I have not included anything for the furniture in the field house, assuming that

lockers would be moved from the present gymnasium and armory and that whatever other furniture is required would have to be furnished by the Athletic Association. The estimate on fencing includes a cement curb below the fence at a cost of about \$2000 which I think we are not justified in putting in at the present time, but in round numbers it will take \$50,000 instead of \$40,000 to put the Athletic Association in as good shape on the new site as it is on the present site, with the exception of the cost of duplicating the east bleachers.

Yours very truly,

JAS. M. WHITE

Supervising Architect

On motion of Mr. Ward, the recommendation of the Supervising Architect was approved, the offer of the Athletic Association was accepted, and the President of the University was authorized to carry out the program proposed in Professor White's letter.

PURCHASE OF THE GOSS RESIDENCE

(7) A recommendation from the Executive Committee that the residence of Dean W. F. M. Goss be purchased by the University, that the next lot to the west, seventy-three feet in width, and the next thirty-five feet to the west of that, be also purchased—the three properties having a frontage of one hundred eighty feet on Nevada street. It is understood that Dean Goss will accept \$16,500 for his property. The lot next with a frontage of seventy-three feet can be purchased for fifty-three dollars a front foot, the rate paid for the lots on which the Women's Residence Hall is erected. Professor Morgan Brooks has offered the thirty-five feet next west at forty dollars a front foot.

On motion of Mrs. Henrotin, the Executive Committee was authorized to investigate the Goss property and to purchase it at a price not greater than \$16,500. The vote was as follows: Ayes, Mr. Abbott, Mrs. Henrotin, Mr. Hoit, Mr. Taggart; noes, Mrs. Evans, Mr. Ward, Miss Watson; absent, Mr. Blair, Mrs. Busey, Mr. Carr, Mr. Lowden, Mr. Trevett.

Mrs. Evans stated that her objection was to the proposed use of this property as the President's residence, and not to its purchase for other use.

On motion of Miss Watson, the Executive Committee was authorized to purchase the two lots immediately west of the Goss property at \$3869 and \$1400, respectively, in case the Committee should exercise its authority to purchase the Goss property.* The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; noes, none;

*The Secretary was notified, on March 19, 1917, that the Executive Committee had ordered the purchase of these three properties.

absent, Mr. Blair, Mrs. Busey, Mr. Carr, Mr. Lowden, Mr. Trevett.

At this point, at 6:30 p. m., on motion of Mrs. Henrotin, a recess until 8:00 p. m. was taken. During the recess, the Board inspected the Goss property.

EVENING SESSION, MARCH 13, 1917

When the Board convened after the recess, the same members were present as during the afternoon session.

President James was present.

PURCHASE OF THE GOSS RESIDENCE

On further discussion of the purchase of the Goss property, the members of the Board seemed to favor the purchase, and President Abbott announced that if there were no objection the Executive Committee would order the purchase of this property. No objection was expressed.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Board continued its consideration of matters submitted by President James:

APPOINTMENT OF PROFESSOR W. W. CHARTERS

(8) A recommendation that the President of the University be given authority to appoint Dr. Werrett Wallace Charters, now Professor of the Theory of Teaching and Dean of the faculty of Education in the University of Missouri, to be Professor of Education, beginning September 1, 1917, at a salary of four thousand dollars a year.

On motion of Mr. Hoit, this appointment was authorized.

RESIGNATION OF MR. C. M. DeLANY DEMANDED

(9) A recommendation from the University Committee on Accountancy that the immediate resignation of Mr. C. M. DeLany of the Board of Examiners in Accountancy be demanded on account of his repeated and prolonged neglect of the necessary business of the Board, full details of which are submitted in the following letter:

March 7, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Committee on Accountancy beg leave to recommend that the Board of Trustees be requested to ask for the immediate resignation of Mr. C. M. DeLany, of the Board of Examiners in Accountancy, on account of repeated and prolonged neglect of the necessary business of the Board, and to make formal demand upon him for the immediate delivery to the Secretary of the University Committee on Accountancy of the examination papers from the C. P. A. examination of December 5-7, and the papers relating to the application of Mr. John Franklin Forbes for a certificate under the waiver clause.

The facts in this matter are as follows:

Mr. DeLany was appointed by the Board of Trustees on March 9, 1915, to fill the unexpired term ending June 30, 1916, of Mr. Peter White, deceased, and was reappointed on March 14, 1916, for a term of three years, beginning July 1, 1916. The term of Mr. DeLany's service to date has thus covered the C. P. A. examinations of May, 1915, May, 1916, and December, 1916 (only one examination was held in 1915). During the same period there has been referred to the Board of Examiners one application for a certificate under the waiver clause—that of Mr. John Franklin Forbes, of San Francisco.

The 1915 examination was held on May 25-27. Mr. DeLany prepared his share of the questions in good season, and supervised in person his share of the examinations; but we did not get our returns from this examination until September 16. The Secretary of the University Committee on Accountancy (Mr. McConn) wrote to Mr. DeLany on June 28, 1915, and again on July 23 and August 11, asking in regard to the grades. No reply was received to any of these letters. From a letter from Mr. Hall, the Chairman of the Board of Examiners, dated August 26, 1915, it appears that he wrote to Mr. DeLany in regard to the same matter on June 12, July 23, and August 26; he had received no replies to the first two letters. It appears that Mr. Hall had also telephoned Mr. DeLany's office on several occasions, but had been "unable to get any satisfaction." Early in September the Chairman of the University Committee, Mr. Kinley, took the matter up with Mr. DeLany, who then attacked the papers and got the grades to us on September 16, as noted above. Mr. DeLany's explanation of his delay in this case was that he had been ill.

For the examination of May, 1916, we did not receive any papers from Mr. DeLany. Mr. McConn wrote him on April 17, 1916, asking for copy for the examination questions, "due May 6, 1916, at the latest." On April 26 Mr. DeLany wrote that the questions would be sent "during the course of the next week," but this was the last we heard from him. On May 9, by which time it was necessary for us to have the manuscript for the printer immediately, Mr. McConn telephoned Mr. DeLany's office, and being unable to get him telephoned Mr. Hall, with whom it was arranged that he should prepare the two papers which had been assigned to Mr. DeLany, as well as his own part of the examination. Mr. Hall did this and graded all the resulting papers. In other words, Mr. DeLany took no part in the conduct of the examination of May, 1916.

The last examination was held on December 5-7, 1916. Under date of February 10 Mr. McConn received a letter from Mr. Hall in which the latter stated that he had completed the marking of his own share of the papers before the end of December, and had written Mr. DeLany twice with reference to a conference on the returns without receiving any reply.

Meanwhile the application of Mr. John Franklin Forbes, of San Francisco, for a certificate under the waiver clause, had been pending over a year and a half. The papers in this case were sent to Mr. DeLany by Mr. McConn under date of May 12, 1915. On May 17 Mr. DeLany acknowledged

the receipt of the documents, but we have been unable to get any further word from him in regard to the matter. On October 11, 1916, by direction of the Committee on Accountancy, he was requested "to return immediately to the Committee all the correspondence and papers relating to the application of Mr. John Franklin Forbes." We received no reply to this letter, nor to a further request in the same terms which was sent him by registered mail on November 7, 1916.

In this situation, Mr. Kinley, as Chairman of the Committee, called on Mr. DeLany at his office in Chicago on Saturday, February 17, 1917, asked Mr. DeLany for the Forbes papers and the December examination papers, and expressed the opinion that Mr. DeLany should resign. Mr. DeLany asked for an opportunity to retrieve himself and promised immediate attention to the business of the Committee. In particular he promised to have the grades from the December examination in the hands of the Committee by Wednesday, February 21. These grades have not yet been received. On February 22 the Secretary of the Committee received instead a letter from Mr. Hall, expressing a desire to resign from the Board because of the fact that "the way this examination is conducted does not reflect favorably upon any of the examiners."

Mr. Kinley then wrote Mr. DeLany (on February 22, 1917) in the following terms:

"Under the circumstances, it seems to me that there are only two courses open to us. If you will get together with Mr. Hall and Mr. MacChesney tomorrow and mail us the results by Saturday, notifying Mr. McConn or me in the morning that these things have been done; and if, at the same time (on Saturday) you will mail me the papers in the Forbes case, with such judgment as the examiners can give at the present moment on the case, we will try to induce the other member of the Board to withdraw his resignation and let things alone as you requested, until after the May examination.

"If, on the other hand, you are not able to comply with these requests, we will be much obliged if you will kindly mail us all the examination books and other papers relating to accountancy matters at once, and also include your resignation from the Board."

We still have had no word whatever from Mr. DeLany and the Committee therefore sees no alternative but to ask the Board of Trustees to take action as recommended in the opening paragraph of this letter.

Respectfully submitted,

DAVID KINLEY, Chairman
C. M. McCONN, Secretary
E. H. DECKER

Committee on Accountancy

On motion of Mr. Hoit, the recommendation of the Committee was concurred in, and the Secretary of the Board was instructed to demand the resignation of Mr. DeLany and the return of all

papers pertaining to the work of the Committee; and the President of the University was authorized to declare Mr. DeLany's position vacant if his resignation were not received.

AUTHORITY TO PURCHASE BOOKS

(10) A request from Mr. P. L. Windsor, University Librarian, that he be authorized to place orders for books for the Library to the amount of \$36,050, to be charged against next year's budget.

On motion of Mrs. Evans, authority was given to the Librarian to place orders for books for the Library to the amount of \$25,000, to be charged against the item for books in next year's budget; also that similar authority be given to place book orders amounting to not more than \$1000 for the Library of the College of Medicine, to be charged against the book appropriation for next year.

LOCATION OF HOSPITAL NEAR COLLEGE OF MEDICINE

(11) A letter from the Honorable James G. Skinner, 1253 Conway Building, Chicago, stating that, at the request of the members of the Chicago Woman's Club, certain orthopedic surgeons, and others interested in a school and hospital for crippled persons in the state of Illinois, he has prepared, a draft of a bill to be introduced into the General Assembly creating the Illinois Orthopedic Institution, to be maintained, operated, and conducted by the University of Illinois, and to constitute a unit of a State hospital system to be developed under the supervision and control of the University, which bill is herewith submitted.

It was voted that the Board is willing to accept the medical direction of a state orthopedic hospital in Chicago located in immediate proximity to its College of Medicine, provided that the Trustees are not called on to expend from their funds any money in the support of this institution.

RESIGNATION OF DEAN GOSS

(12) A statement that Dr. W. F. M. Goss, Dean of the College of Engineering and Director of the Engineering Experiment Station, had resigned his position in February to take effect March 1, 1917. After going over the case carefully with him, and considering his interests and those of the University, I gave notice to the members of the Board that I intended to recommend that this resignation be accepted, and I received letters from a majority of the members of the Board saying that this would be satisfactory. I recommend that this resignation be accepted to take effect March 1, 1917.

On motion of Mr. Hoit, this recommendation was approved.

APPOINTMENT OF DEAN C. R. RICHARDS

(13) The following statement:

I appointed a Committee consisting of the heads of departments in the

College of Engineering to make recommendations as to the selection of a Dean of the College of Engineering and Director of the Engineering Experiment Station to succeed Dean Goss. This Committee enlarged itself, ultimately, by taking in the professors and associate professors in the College of Engineering, making twenty-three members in all. They have presented a list of eighteen men, any one of whom they considered a possible candidate so far as the interests of the College of Engineering and the Engineering Experiment Station are concerned. However, the overwhelming sentiment of the Committee was that the name of Professor Charles R. Richards should be placed first on the list, and in the final recommendation this was done, and, after leaving out Professor Richards from the Committee, they voted unanimously to ask the Trustees to appoint Professor Richards as Dean of the College of Engineering and Director of the Engineering Experiment Station.

I have gone over this whole case very carefully, and in fact for nearly six months, since I knew that Dean Goss was probably going away, and have studied the possibilities of securing a good successor for Dean Goss. I agree with the views of the faculty, and I recommend that the President of the University be given authority to appoint Professor Charles R. Richards Dean of the College of Engineering and Director of the Engineering Experiment Station, dating from March 1, 1917, at a salary of six thousand dollars a year.

I wish it to be distinctly understood that I shall appoint Professor Richards only in case he is willing to give up the professorship which he now holds. He is very reluctant to retire from the work of the department of mechanical engineering, and I sympathize entirely with his view. On the other hand, I do not consider that it is at all wise for him to attempt to fill the professorship, the directorship, and the deanship at the same time. The work is too onerous and too exacting.

On motion of Miss Watson, the President of the University was authorized to make this appointment.

REQUEST FROM PROFESSOR J. C. BLAIR

(14) A request from Professor J. C. Blair, head of the department of horticulture, endorsed by Dean Eugene Davenport, Director of the Experiment Station, for permission to lease three plots of land for vegetable and fruit experiments:

1. An orchard of 15 acres at Louisville, Illinois, owned by V. O. Suggett, to be rented for three consecutive years with the option of two additional years if the University wishes to use this land, at a rental of \$4 an acre for the year 1917 and \$5 an acre for succeeding years.

2. An orchard at Centralia, Illinois, owned by William Fouts, consisting of 16 acres, for the year 1917 on a half-crop basis.

3. A vegetable plot at Anna, Illinois, owned by E. B. Walton, consisting of two acres at \$10 an acre a year. The higher rental here is due to the fact that the property is near town.

On motion of Mr. Hoit, this recommendation was approved and authority was given to the Comptroller to make the leases.

RESIGNATION OF MR. L. J. TOWNE

(15) The resignation of Mr. L. J. Towne as superintendent of construction and structural engineer, to take effect April 1, 1917.

On motion of Mr. Hoit, this resignation was accepted with an expression of appreciation for faithful and fruitful services rendered to the University by Mr. Towne.

APPOINTMENT OF MR. H. D. OBERDORFER

(16) A recommendation from the Supervising Architect that Mr. H. D. Oberdorfer, now Assistant in Accountancy, on one-half time, be employed on full time for the rest of the academic year at an additional compensation of \$500, and that he be assigned to work in the office of the Supervising Architect on one-half time.

On motion of Mr. Hoit, this recommendation was approved.

SITE FOR RIFLE RANGE AND MILITARY CAMP

(17) A letter from the Supervising Architect concerning the proposed camping ground and rifle range north of the Urbana cemetery:

March 10, 1917

President E. J. James, 355 Administration Building

DEAR SIR:

I inspected the proposed camping ground and rifle range north of the Urbana cemetery and am very much pleased with the site as a camping ground, and a good rifle range can be constructed there but considerable money will have to be spent on the backstop for the range. I do not consider the banks of the drainage ditch are at all adequate to make the range safe. I do not know of any location that is close enough at hand that can be made into a good range at any less expense than this one.

Yours very truly,

JAMES M. WHITE

Supervising Architect

No action was taken on this communication.

PURCHASE AND STORAGE OF COAL

(18) A letter from the Supervising Architect concerning contracts for the purchase of coal for the coming year:

March 10, 1917

President E. J. James, 355 Administration Building

DEAR SIR:

It is time for us to begin thinking about our coal contracts for next year. I do not believe it is safe for us to wait until the first of September to contract our coal supply. A year from the first of April the present agreement between the miners and operators will expire and there is sure to be a shut down which may last for a couple of months or more. The demand for coal through next winter is likely to be such that we will have difficulty

in storing any coal after our heating seasons begins. I am, therefore, in favor of making an immediate contract for 10,000 tons of lump coal which we would put into storage during the summer. If possible I should like to keep this intact throughout the winter but have it as a reserve. I believe we can easily hold it for two or three years if we can secure our regular demand aside from it.

This raises the question of the location for storing coal. We could find space east of Goodwin Avenue along the track but it would take a very large area and would necessitate giving up the tennis courts we have there and as I should like to make it a permanent storage, I feel that it would be interfering with the possible building development of the College of Engineering. We have been handling coal into and out of storage without economical equipment for doing so. It seems to me that the time has come for us to make some permanent arrangement and I am trying to obtain an option on a site for the purpose, upon which I hope I may be able to report the first of next week.

Yours very truly,

JAMES M. WHITE
Supervising Architect

On motion of Mr. Ward, authority was given to the Executive Committee to make contracts for coal and also to purchase ground to be used as a storage place for coal. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Carr, Mr. Lowden, Mr. Trevett.

INTERCOLLEGIATE INTELLIGENCE BUREAU

(19) The following statement:

At the call of the University of Pennsylvania, the delegates of a number of universities in the United States met in Washington in February in conference with the Secretary of War to consider plans for canvassing the available resources of the country—defensive and offensive—in case of a foreign war. As a result of that conference, the Intercollegiate Intelligence Bureau was organized with the idea of persuading each university to organize a War Intelligence Bureau, the function of which would be to find out to what extent the members of the faculty, students, and alumni of such institutions would be available in case of need.

I appointed H. W. Miller, Assistant Dean of the College of Engineering, as the Adjutant of this Intercollegiate Intelligence Bureau at the University, and have asked him to submit a plan of procedure. Dean Miller proposes to send out to all the alumni of the institution, and to the students, a letter asking them to fill out a blank indicating in what kind of work they would be qualified or willing to contribute their services, in case the nation called for them. There is no obligation to volunteer, or to enlist. The classification of these reports would place the Bureau in a position to inform the War Department immediately, on request, how many among the alumni and students have indicated their ability or willingness to per-

form services of a certain kind, as, for instance, those which an electrical engineer, or a mechanical engineer, or a civil engineer, might most efficiently do. It is estimated that it will cost about \$350 to make this canvass.

I recommend that the President of the University be given authority to carry out this plan, and that an appropriation of \$350 be made to cover the necessary expense.

On motion of Miss Watson, this recommendation was approved, by the following vote: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Carr, Mr. Lowden, Mr. Trevett.

AMERICAN AMBULANCE ORGANIZATION IN FRANCE

(20) A request from Mr. C. Gross, a junior in the College of Agriculture, for permission to organize a campaign to solicit funds and services in connection with the American Ambulance Organization behind the lines of the armies of France.

The sentiment of the Board was to the effect that, owing to the threatening aspect of foreign affairs at the present time, it would not be well to undertake a propaganda of the sort indicated in which the name or resources of the University should be enlisted in any way, or in which the name of the University should be used, without a definite consent from the State and National Government, to which the University of Illinois as a state university, supported in part by federal endowments, has peculiar relations. It was also felt that it was highly probable that the American service in France will be summoned home, and that it would not be desirable to take any steps that would embarrass our own Government.

STORES SYSTEM

(21) A letter from the Comptroller in regard to the storeroom facilities of the University:

March 12, 1917

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

For several years we have been maintaining and gradually increasing and enlarging the storeroom facilities of the University. The development has been quite gradual and has extended over a considerable period of time, and I do not believe that a formal authorization for the procedure now in force has ever been fully given by the Board of Trustees. The nearest that we have come to such an authorization is the approval on June 30, 1916 (page 819), of the establishment of a Stores Fund of \$35,000.

The present method of handling stores and stores accounts is briefly as follows: We purchase through the Purchasing Department, on the basis

of needs as shown by past experience, supplies which are regularly requisitioned by the various departments, paying also pay rolls for labor as approved by the Supervising Architect. These items are accounted for in revolving accounts until requisitions are actually filed by departments and the material delivered or job accounts closed. Vouchers are then drawn against the State Auditor, payable from the proper funds according to the department to which the material was delivered or for which the work was done. These vouchers are paid by the State Auditor in line with an arrangement with him made some time ago, the warrants being issued to the Treasurer of the University of Illinois and, when received, deposited by him to reimburse expenditures made as above.

The development of storerooms and accounts along these lines has proved both expedient and economical, and the decision of the State Auditor relative to the payment of vouchers drawn as above indicates that he recognizes the advantage of such operation and is willing to consider the stores on hand as a current asset of the institution, as has likewise been done in Ohio, Wisconsin, and Minnesota.

It is important that a central development be given to our stores system. I have at hand for consideration at the present time requests from practically every department in the University using chemicals and glassware that a central storeroom for such supplies be established and that purchases and deliveries to all departments be handled under central administration from that point. The development of our print shop adds another division of the same type.

In order that the procedure as thus involved may have full sanction, I desire to recommend that the Board of Trustees authorize the Comptroller to organize and establish such storerooms and stores systems as may be necessary for the adequate and economical handling of supplies and work in general demand by the various departments of the University; to purchase supplies to be kept in stock in such storerooms; and to pay for labor in connection with jobs properly approved, from the general funds of the University in the hands of the University Treasurer on Stores Fund warrants, the Treasurer being reimbursed when materials are delivered to the various departments and the proper fund determined; that the Comptroller be authorized to organize and administer departmental storerooms in such way that they may serve the needs of all departments of the University as far as may be possible; and that the Comptroller be made responsible for the organization, the administration, and the records of all storerooms and for the custodianship of all materials kept in such storerooms.

Cordially yours,

LLOYD MOREY

Acting Comptroller

On motion of Mr. Hoyt, these recommendations were approved.

APPROPRIATION BILLS

(22) The following statement:

After going over the accounts of the Auditor and State Treasurer in connection with the Mill Tax Fund, I find that the income from the Mill Tax Fund during the past biennium from the tax years corresponding to the fiscal biennium is distinctly below what the University had anticipated. The University asked the last Legislature to appropriate five million dollars for the support of the University. This was done on condition that it should be paid out of the proceeds of the Mill Tax Fund. According to the latest statement of the Auditor that the University will get from the Mill Tax for this year only \$2,341,000, in round numbers, the total revenue from the Mill Tax for the biennium would be \$4,704,242. Adding to that the balance from the preceding biennium, the total income from the Mill Tax for the University would be \$4,796,154, or more than \$200,000 short of the amount contemplated.

The assessment for next year as equalized by the State Board at its last meeting is \$2,502,086,976. Our income for the year, therefore, if it did not cost anything to collect and if there were no shrinkage, would be \$2,502,087. Allowing four percent shrinkage and loss on collection, which is the average for the last ten years, our anticipated revenue will be \$2,402,079, or for the biennium, if the second year produces the same amount as the first, \$4,804,158.

I suggest that we ask for this amount in our first bill to be introduced into the Legislature—which we may call the Mill Tax Fund Bill. As this is \$200,000 less than was appropriated the last time, and we must make a corresponding adjustment in the classification, I recommend that the sum of \$700,000 be asked for instead of \$900,000 under the heading of "Purchase of land, erection of buildings, etc."; that otherwise the Mill Tax Fund Bill be the same as that for the last biennium. Further, that in the second Bill we ask for \$2,000,000 on a projected program of \$10,000,000, and that I be authorized to say that, if the University gets the \$2,000,000, the first \$500,000 will be spent on acquiring a site and beginning the erection of a suitable medical plant; that the second \$500,000 will be used to begin the erection of an agricultural plant; that the third \$500,000 will be used for beginning the erection of our new engineering plant, and the fourth \$500,000 will be used on the erection of a new Library building; and that, if less than this amount is given, we shall use it along essentially the same lines, distributing what we may obtain as the interests of the University require.

This recommendation was approved and the President was authorized to introduce the corresponding bills.

FUNDS FOR STUDENT AND AFFILIATED ORGANIZATIONS

(23) A letter from the Comptroller requesting permission to receive, disburse, and account, as trust funds, for the accounts of student and other organizations affiliated with the University:

March 9, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

In the recent past there has been a considerable development of the desire on the part of University organizations made up of student or faculty or both, but not classed as regular departments of the University, to have such funds as they handle administered through the Business Office. This is particularly desirable in the case of organizations and activities holding public entertainments for which tickets are sold. The office of the Cashier now is very conveniently arranged and located for taking care of such work. Within the last few days the Council of Administration drew up a plan covering the business organization of the Star Course, in which it is requested that the administration of funds be placed under the supervision of the Comptroller.

It is my opinion that the development of such a system is highly desirable inasmuch as it makes it possible for the funds handled on the campus and more or less in the name of the University to be taken care of in a central office and by properly bonded employees, and affords an opportunity for the development of a uniform business system for the various activities and enterprises, all adequately supervised.

I would recommend therefore that the Board of Trustees authorize the Comptroller to receive, disburse, and account, as trust funds, for the funds of student and other organizations affiliated with the University, and to cooperate with the Council of Administration in the development of efficient business systems for such organizations.

Cordially yours,

LLOYD MOREY,

Acting Comptroller

On motion of Mrs. Evans, the Comptroller was authorized to receive, disburse, and account, as trust funds, for the accounts of student and other organizations affiliated with the University, so far as this is recommended by the Council of Administration, and to cooperate with the Council of Administration in the development of efficient business systems for such organizations.

PETTY CASH FUNDS

(24) A letter from the Comptroller requesting authority to establish petty cash funds:

March 9, 1917

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

On July 23, 1913 (page 419), the Board of Trustees approved a recommendation from Mr. Frazer, the Comptroller, for the establishment of certain petty cash funds. The funds established at that time were as follows:

Bursar	\$5,000.00
Actuary, School of Pharmacy.....	250.00

Secretary, College of Medicine.....	300.00
Vice Director, Agricultural Experiment Station.....	600.00

It has been necessary during the past two years for us to establish certain other petty cash funds, all of them small in amount but positively necessary in the satisfactory handling of the business of the various departments. The petty cash funds at the present time stand as follows:

Cashier	\$5,000.00
Manager, University Creamery	500.00
Secretary, Colleges of Medicine and Dentistry.....	500.00
Actuary, School of Pharmacy.....	250.00
Manager, Demonstration Car.....	150.00
Assistant Superintendent, Power Plant.....	100.00

I would recommend that the Board of Trustees authorize the Comptroller to establish and administer the petty cash funds where necessary for the prompt and efficient handling of University business, provided that no single fund of more than \$1,000 may be established without specific action of the Board of Trustees, and that the total of all departmental petty cash funds, excluding the fund in the hands of the Cashier, shall not exceed \$5,000 at one time, and provided further that all persons in whose hands a petty cash fund is placed be bonded in a satisfactory amount.

Cordially yours,

LLOYD MOREY

Acting Comptroller

On motion of Mr. Hoit, this recommendation was concurred in. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Carr, Mr. Lowden, Mr. Trevett.

CASHIER'S FUND AND BOND

(25) A letter from the Comptroller concerning the petty cash fund in the hands of the Cashier in the Business Office:

March 9, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

In my letter of January 2, 1917, I recommend the increase of the petty cash fund in the hands of the Cashier in the Business Office from \$5,000 to \$10,000. The need for this increase is urgent and I hope that the recommendation can be considered in the near future and that it may be approved.

In the light of this increase, if granted, and in consideration of a very large increase in the amount of the funds handled by the Cashier, who is the successor of the former Bursar and Chief Clerk, I recommend that the bond of the Cashier which now stands at \$20,000, as directed by the Board at its meeting of March 10, 1914 (page 635), there having been no action on the matter since that date, be increased to \$50,000.

I would further recommend that the bond of \$50,000 be arranged so that it will cover funds received by the University in trust and administered

for trust purposes. Such moneys, not belonging to the University, would not ordinarily be covered by such a bond as we have been carrying and in my opinion arrangements should be made so that the liability in this respect is properly covered by a bond.

Cordially yours,

LLOYD MOREY

Acting Comptroller

On motion of Mrs. Henrotin, the Cashier's petty cash fund was increased to \$10,000 and his bond was increased to \$50,000, to cover his liability for the petty cash fund and trust funds and also his liability in signing the name of the Secretary of the Board to warrants and vouchers. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Carr, Mr. Lowden, Mr. Trevett.

BONDING THE COMPTROLLER AND AUDITOR

(26) A letter from the Comptroller asking that the Auditor and Comptroller be put in bonds in accordance with the action of the Board at its meeting of July 21, 1916 (Minutes, page 64):

March 9, 1917

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

The Board of Trustees in its meeting of July 21, 1916 (page 64), voted that all persons to whom the signing of the names of the President and the Secretary of the Board was delegated should be put under bond. On September 21, 1916 (pages 99-100), the Board passed resolutions authorizing the President and the Secretary of the Board, respectively, to delegate this authority to the Auditor, the Cashier, and the Comptroller. As yet no provision has been made for the bonds specified in the previous action.

The Cashier is now under bond of \$20,000 and in a separate communication I have recommended that his bond be increased to \$50,000. The Auditor is not now under bond.

On July 21, 1916 (page 68), reference is made to the matter of bonding the Comptroller, the matter being referred to the Chairman of the Finance Committee.

I would be glad to have this entire proposition worked out fully and the necessary bonds executed as the Board may direct.

Cordially yours,

LLOYD MOREY

Acting Comptroller

On motion of Mrs. Henrotin, this matter was referred to the Finance Committee with power to act.

PROGRESS OF WORK ON HISTORY OF THE UNIVERSITY

(27) A letter from Dr. B. E. Powell, University historian, containing a brief report of progress on the history of the University:

March 12, 1917

President Edmund J. James, 355 Administration Building

MY DEAR PROFESSOR JAMES:

In reply to your inquiry I submit a brief report of progress on the History of the University.

The first volume of this history is nearing completion. I plan to have the copy ready for the printer by May 1. It may be necessary to hold it back for a month or more, however, so that I may have opportunity to examine several boxes of letters of the late Judge Lyman Trumbull. The owners of these letters have promised to let me see them in the early spring. There is also a chance that permission will be given to examine in the early summer the papers of the late Justin Morrill. The purpose in both cases, as you know, is to find still more direct evidence of the connection of Professor Turner and other Illinois men with the introduction into Congress of the Land Grant Bill.

The first volume of the History of the University will contain an account of the origin and development of the Illinois Plan for a System of Industrial Universities, one in each of the States of the Union. It will show that an Illinois man was the originator of the idea, that he added another idea that these Universities should be supported by a Federal Grant; that Illinois men carried on a thorough campaign for years both in Illinois and outside of the State, to educate the public to the necessity of such a system.

The Illinois influence will be traced until the Federal Land Grant Bill becomes a law in 1862.

Then will follow an account of the struggle in Illinois upon the question of the disposition of the Federal funds, whether to existing Colleges or to one College to be created—and upon the question of the location of the University.

The final chapters will be on the actual establishment of the Illinois Industrial University and the serious problems it had to meet during the first two or three years.

The sources of information on this period are various. First in importance is the correspondence of Professor Turner with the men of his time. These letters have come from Springfield, from Washington, D. C., from individuals, from newspapers, from public archives, and other places.

Then the newspapers of the times, correspondence of other men, various society reports, and many legislative and other public documents have furnished large amounts of material bearing directly upon the subject discussed.

The volume will contain in an appendix many of the original documents as The Plan for An Industrial University by Professor Turner, Memorials, Design of the Illinois League, Original Contract for Champaign-Urbana Institute, certain letters never before published showing influence of Illinois men upon other states, and many others equally interesting.

Respectfully submitted,

B. E. POWELL

This report was received for record.

BUREAU OF EDUCATIONAL SERVICE

(28) A letter from Professor William C. Bagley endorsing a communication from Professor Whipple regarding the establishment at the University of a Bureau of Educational Service.

No action was taken on this recommendation.

REGISTRAR'S REPORT OF FEES, FIRST SEMESTER, 1916-17

The Secretary presented for record the Registrar's report of fees payable for the first semester of the academic year 1916-17.

	<i>Gross</i>	<i>Refunded</i>	<i>Net Total</i>
MATRICULATION FEES			
1757 @ \$10	\$ 17,570.00		
Refund 80 at \$10.....		\$ 800.00

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented also for record the following list of appointments made by the President of the University:

Ames, A. C., Assistant in Military Science, for five months beginning February 1, 1917, at a salary of twenty dollars (\$20) a month. (March 9, 1917*).

Cain, Eleanor B., Typist in the Library, at a salary of forty-seven and one-half dollars (\$47.50) a month, beginning January 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (December 21, 1916).

Campbell, W. F., Assistant in Military Science, for five months beginning February 1, 1917, at a salary of twenty dollars (\$20) a month. (March 9, 1917).

Carncross, Helen, Assistant in Ophthalmology, from March 1, 1917, to June 30, 1917, at a salary of fifty dollars (\$50) a month. (February 23, 1917).

Engle, R. H., Assistant in Military Science, for five months beginning February 1, 1917, at a salary of twenty dollars (\$20) a month. (March 9, 1917).

Grove, P. F., Assistant in Botany, for three months beginning March 1, 1917, at a salary of fifty dollars (\$50) a month. (March 2, 1917).

Hartwell, B. O., Student Assistant in Physiology in the College of Medicine, for the second semester of the current academic year, at a remuneration of fifty dollars (\$50) for the semester. (February 23, 1917).

Husson, H. L., Assistant in Military Science, for five months beginning February 1, 1917, at a salary of twenty dollars (\$20) a month. (March 9, 1917).

Jones, T. S., Artist in the department of anatomy, on part time, with salary at the rate of fifty dollars (\$50) a month for four months beginning March 1, 1917; this appointment superseding his previous appointment on full time. (March 7, 1917).

Keagy, A. R., Assistant in Military Science for five months beginning February 1, 1917, at a salary of twenty dollars (\$20) a month. (March 9, 1917).

Lewis, J. T., Assistant in Military Science for five months beginning February 1, 1917, at a salary of twenty dollars (\$20) a month. (March 9, 1917).

Lindsey, J. R., Assistant in Military Science for five months beginning February 1, 1917, at a salary of twenty dollars (\$20) a month. (March 9, 1917).

Nelson, W. O., Assistant in Military Science for five months beginning February 1, 1917, at a salary of twenty dollars (\$20) a month. (March 9, 1917).

Powers, J. H., Assistant in Military Science for five months beginning February 1, 1917, at a salary of twenty dollars (\$20) a month. (March 9, 1917).

Romig, J. A., Student Secretary in the department of history from January 15, 1917, to June 30, 1917, at a salary of forty dollars (\$40) a month. (February 23, 1917).

*The date in parenthesis is the date on which the appointment was made by the President of the University.

Shepard, W. C., Artist in the department of anatomy, on one-half time, for six months beginning March 1, 1917, at a salary of fifty dollars (\$50) a month. (March 7, 1917).

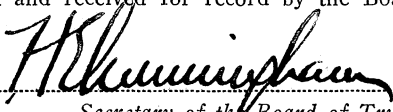

Ware, M. B., Assistant in Military Science for five months beginning February 1, 1917, at a salary of twenty dollars (\$20) a month. (March 9, 1917).

Watson, Jane C., Assistant in Romance Languages, for four months beginning March 1, 1917, at a salary of twenty-five dollars (\$25) a month. (March 2, 1917).

The Board adjourned, at 10:40 p. m.

URBANA, ILLINOIS, April 5, 1917

I certify that in the foregoing pages, numbered 243 to 270, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois, and of the Executive Committee, at the meetings of March 13, 1917, as approved and received for record by the Board at its meeting of April 4, 1917.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
—OF THE—
UNIVERSITY OF ILLINOIS

April 4, 1917

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Wednesday, April 4, 1917, pursuant to the following notice which was sent out by the Secretary on March 28, 1917:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, at 12 o'clock noon, on Wednesday, April 4, 1917, to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson.

President James was present.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of March 13, 1917.

On motion of Mrs. Henrotin, the minutes were approved as printed above on pages 243 to 270, inclusive.

TREASURER'S BOND APPROVED

Mr. Ward presented for the Finance Committee the bond of Mr. E. D. Hulbert as Treasurer of the University, with the recommendation that the bond be accepted.

[BOND]

KNOW ALL MEN BY THESE PRESENTS, that we, EDMUND D. HULBERT, as Principal, and CYRUS H. McCORMICK and CHAUNCY KEEP, as Sureties, are held and firmly bound unto THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, in the penal sum of

One million dollars (\$1,000,000), lawful money of the United States of America; for the payment of which sum well and truly to be made, we bind ourselves, our respective heirs, executors, administrators and assigns, and each of them, by these presents.

WITNESS OUR HANDS AND SEALS this twenty-third day of March, A. D. 1917.

THE CONDITION of the above obligation is such that

WHEREAS, the above bounden Edmund D. Hulbert was on the 13th day of March, A. D. 1917, duly elected to the office of Treasurer of the University of Illinois for a period ending on the 13th day of March, A. D. 1919, or until his successor shall be appointed and qualified and is about to assume the duties of said office;

NOW, THEREFORE, if the said Edmund D. Hulbert, his heirs or administrators, shall well and truly perform and faithfully discharge the duties of Treasurer of said University of Illinois during his term of office, and shall faithfully keep and truly account for all moneys, bonds, securities, or other property coming into his hands as such Treasurer during his term of office, and shall pay when properly drawn and presented to him all warrants authorized by the Board of Trustees of the University of Illinois drawn against funds in his hands belonging to the said University of Illinois, and at the expiration of his term of office, on due request to him, shall pay over and deliver to his successor in office, or to any other person duly authorized by the Board of Trustees of said University of Illinois to receive the same, all moneys, bonds, securities, or any other property received by him as such Treasurer and not otherwise lawfully paid out or disposed of, and shall deliver to his successor in office, or any other person appointed to receive the same, the property, books, papers and other things in his hands belonging to said office, and shall at the expiration of his term of office, or oftener if thereunto requested by the Board of Trustees of the said University of Illinois, render a just and true account of his doings as such Treasurer, then this obligation shall be null and void; otherwise to remain in full force and effect.

EDMUND D. HULBERT	(SEAL)
CYRUS H. McCORMICK	(SEAL)
CHAUNCEY KEEP	(SEAL)

STATE OF ILLINOIS,
COUNTY OF COOK,

I, Joseph Novotny, a notary public, in and for said county in the state aforesaid DO HEREBY CERTIFY that Mr. Edmund D. Hulbert, Cyrus H. McCormick, and Chauncy Keep, who are personally known to me to be the same persons whose names are subscribed to the foregoing instrument, appeared before me this day in person and acknowledged that they signed,

sealed, and delivered the said instrument as their free and voluntary act for the uses and purposes therein set forth.

GIVEN under my hand and notarial seal this 31st day of March, A. D. 1917.

(SEAL)

JOSEPH NOVOTNY

Notary Public

On motion of Mr. Ward, this bond was accepted and approved, and the Secretary was instructed to notify Mr. Capron that Mr. Hulbert had been elected and qualified as Treasurer, and to request Mr. Capron to turn over to Mr. Hulbert all funds, books, and securities belonging to the University and in his possession, accepting therefor Mr. Hulbert's receipt as Treasurer.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board considered the following matters submitted by President James:

SPECIAL TAXATION BILLS

(1) A statement concerning certain public policy bills introduced in the General Assembly to provide additional revenue, a portion of which should be used in carrying out the building program of the University.

On motion of Miss Watson, the policy of the Board touching this matter was referred to the Executive Committee.

ADMINISTRATION OF WOMEN'S RESIDENCE HALL

(2) A statement concerning the administration of the Women's Residence Hall.

This matter was referred to the Committee on Students' Welfare for consideration and report.

HOUSE DIRECTOR OF RESIDENCE HALL

(3) The application of Miss Mary R. Latimer for appointment as house director of the Women's Residence Hall.

This application was referred to the Committee on Students' Welfare for consideration and report.

RESIGNATION OF PROFESSOR BLONDHEIM

(4) The resignation of Dr. D. S. Blondheim from the position of Assistant Professor of Romance Languages, to take effect September 1, 1917. Dr. Blondheim has received a call to Johns Hopkins University. He has been an efficient member of our staff for some years and it is with regret that we lose him to a sister institution.

On motion of Miss Watson, Professor Blondheim's resignation was accepted with an expression of appreciation of his services to the University.

INSURANCE ON MILITARY SUPPLIES

(5) A statement from Mr. Lloyd Morey, Acting Comptroller, con-

cerning the schedule of insurance on the ordnance stores delivered to the University:

<i>Company</i>	<i>Agent</i>	<i>Policy Number</i>	<i>Expires</i>	<i>Amount</i>	<i>Premium</i>

<i>Totals.....</i>				49326.03	1065.45

This statement was received for record.

SECURITIES FOR McKINLEY HOSPITAL

(6) A letter from the Comptroller concerning the securities turned over to the University by Honorable William B. McKinley as a contribution toward the erection of the Students' Infirmary:

March 27, 1917.

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

I beg to advise you that Honorable W. B. McKinley, pursuant to his offer of January 18, as printed in the Board minutes of January 24, pages 194 and 195, has turned over to me securities as per the enclosed copy of the receipt given him by me.

You will note that, instead of the exact list of securities as shown in the Board minutes,* he has omitted the first mortgage bonds of the Omaha and Lincoln Railway and Light Company, par value \$20,000. In their place he has substituted \$5,000 par value of each of Booth-St. Louis Cold Storage bonds, Danville, Urbana and Champaign Railway Company bonds, Atchison Railway, Light and Power Company bonds, and Bloomington and Normal Railway and Light Company bonds.

In turning over the securities to the University, the interest was adjusted with Mr. McKinley as at January 24, date of the acceptance of his offer by the Board of Trustees. A schedule showing the method of adjustment is also enclosed.

I have forwarded the stock certificates of the Illinois Traction Company and the Illinois Central Railway Company to the registry officials for

*See page 194.

transfer to the Board of Trustees of the University of Illinois. The bonds are still in my possession and will be deposited with the Treasurer of the University as soon as proper record has been made of them in my office.

Cordially yours,

LLOYD MOREY

[RECEIPT]

Urbana, Illinois, March 21, 1917.

Received of Hon. W. B. McKinley securities as listed below, which are donated to the University of Illinois for the purpose of erecting an Infirmary, namely:

\$ 25,000	face value, Booth-St. Louis Cold Storage Co. 5% bonds, interest payable quarterly, Nos. 146 to 153, inclusive, with July 1, 1917, and all subsequent coupons attached; Nos. 154 to 170, inclusive, with April 1, 1917, and subsequent coupons attached.
15,000	face value, Atchinson Railway, Light & Power Company, 5% bonds, interest payable semi-annually, Nos. 396 to 410, inclusive, with May 1, 1917, and subsequent coupons attached.
15,000	face value, Bloomington & Normal Railway & Light Company, 5% bonds, interest payable semi-annually, Nos. 706 to 720 inclusive, with July 1, 1917, and subsequent coupons attached.

- 15,000 face value, Danville, Urbana & Champaign Railway Co., 5% bonds, interest payable semi-annually, Nos. 1973 to 1987 inclusive, with Sept. 1, 1917, and subsequent coupons attached.
- 10,000 face value, Illinois Central Railroad Company capital stock dividends payable quarterly, Certificates Nos. 153,446 to 153,449, inclusive, for ten shares each; Nos. 70,490 to 70,492, inclusive, for twenty shares each; dividends due July 1, 1917.
- 40,000 face value, Illinois Traction Company common stock dividends payable quarterly, Certificates Nos. 0323 to 0327, inclusive; and 0331 to 0333, inclusive, for fifty shares each; dividend due May 15, 1917.

\$120,000

UNIVERSITY OF ILLINOIS

By LLOYD MOREY

Comptroller

Witness H. E. CUNNINGHAM

Secretary

On motion of Mrs. Evans, these securities were accepted.

LINDSEY FARM ASSIGNED TO ANIMAL HUSBANDRY

(7) A letter from Professor H. W. Mumford as to the use of the eighty-five acres recently acquired by the University, known as the Lindsey Farm,* lying to the west of the sheep barn:

March 8, 1917.

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

I submit the following plan for the use, by the Animal Husbandry Department, of the Lindsey eighty-five acres, recently acquired by the University:

First, that thirty acres be set aside for quarters for the swine division of the department. The present plant occupied by the swine husbandry division comprises approximately twenty-five acres. It is, however, in such close proximity to the proposed new cattle feeding and storage plant that it will be necessary to move it as soon as practicable in order to make room for the beef cattle interests close to their buildings.

Second, that the remaining fifty-five acres be used for the growing of silage corn, for pasture, and for alfalfa meadow.

Third, that the farm, which at present is in a run-down condition, be cropped and liberally fertilized for the next two years, in order to bring it back to a high state of cultivation and fertility.

Fourth, that, because there seems to be some question concerning the south line of the Lindsey tract, the office of the Supervising Architect be asked to secure a survey of the land and take steps legally to establish the lines.

*For accurate description see minutes of the Board Meeting of December 18, 1916, page 137.

This plan has been approved by the Animal Husbandry staff and agreed to by the Heads of Departments and the Dean of the College of Agriculture.

Very truly yours,

HERBERT W. MUMFORD

Professor of Animal Husbandry

On motion of Mr. Hoit, this plan was approved and the corresponding assignments made.

LEAVE OF ABSENCE FOR MR. SCHNELLBACH

(8) A request from Dr. Edward Bartow, Director of the State Water Survey, that Mr. J. F. Schnellbach be given three months' leave of absence with pay. Mr. Schnellbach has been in the employ of the University since September 1, 1913, and has practically had no vacation during the past year. He has been taken ill and his physicians advise very strongly that he be given three months' rest. This period will begin April 1, 1917, and will include the vacation period of last year and the present year.

On motion of Mrs. Evans this request was granted.

SUMMER SESSION SALARY BUDGET

(9) The proposed budget of salaries for the Summer Session, submitted by Dr. Kendric C. Babcock, Director of the Summer Session.

March 17, 1917

President E. J. James, 355 Administration Building

MY DEAR PRESIDENT JAMES:

The salary budget for the Summer Session of 1917 is submitted herewith after its approval by the Summer Session Committee. In two or three cases there is an uncertainty as to the appointee, so I include the sum probably necessary for the appointment without naming the person. The totals for 1916 are put in parentheses on the same lines with the totals for this year.

Very truly yours,

KENDRIC C. BABCOCK

On motion of Mr. Hoit, this budget was approved.

ORCHESTRA CONCERTS

(10) A recommendation from Messrs. J. Lawrence Erb and Lloyd Morey that the price of season tickets for the Symphony course be advanced from \$2.00 to \$2.50, the price of single admission tickets remaining at \$.75 a concert. The total income of the course for the present year will be approximately \$4,000, an increase of about \$250 over the income for 1915-16. The expense of the course for the present season will be approximately \$5,000, and this will be the probable expense for the coming season. It is hoped that by this increase in the price of tickets the deficit of nearly \$1000 will be wiped out.

On motion of Miss Watson, this recommendation was approved.

COOPERATIVE MINING INVESTIGATION

(11) A letter from Dean C. R. Richards concerning an increased appropriation for the Cooperative Coal Mining Investigation, enclosing a statement of the work which has been done under this head by Professor H. H. Stoek.

No action was taken in this matter.

GRADUATION OF SENIORS WHO ENLIST

(12) A statement concerning the policy of the University as to graduating members of the present senior class who desire to enlist in the military or naval service of the Union.

On motion of Mrs. Evans, it was voted to authorize the University Senate to recommend for graduation on June 13, 1917, members of the present senior class in good standing who may enlist in the military or naval service of the Union between this date and the close of the academic year in June.

COAL CONTRACTS AND STORAGE

(13) A request from Professor J. W. White, Supervising Architect, for authority to purchase machinery for handling coal and to construct a switch, at a cost of \$8000; and to make contracts for coal for the coming year.

On motion of Mrs. Henrotin, this matter was referred to a special committee consisting of President Abbott and Mr. Ward, with power to act. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Carr, Mr. Lowden, Mr. Trevett.

AVIATION TRAINING SCHOOL

(14) A communication from Professor E. N. Fales in regard to the possibility of establishing a civilian aviation training school at the University.

On motion of Miss Watson, the President of the University was authorized to apply to the President of the United States for the establishment at the University of Illinois of an aviation unit in the Reserve Officers' Training Corps.

CENTRALIZATION OF EDITORIAL WORK

(15) A recommendation from the Comptroller that the editorial work on the various publications issued by the University be concentrated into one office and handled by one officer.

No action was taken in this matter.

USE OF CERAMICS BUILDING

(16) A report from Dean C. R. Richards as to the present use of the rooms and facilities in the Ceramics Building. The opinion of Dean Richards, endorsed by Professor White, is that the space in this Building is as well utilized as is possible in a new building. It is necessary in assigning quarters to such departments as are located in this building to give some leeway for expansion. On the whole, the building is at present well assigned.

No action was taken on this matter.

STATE ARCHITECT'S BILL FOR ADMINISTRATION BUILDING

(17) A bill from Mr. J. B. Dibelka, State Architect, for \$416.77 as the balance due him for architectural services on the Administration Building. According to Professor White, a statement of the cost of the building at the time it was completed was rendered to Mr. Dibelka but through some oversight in his office a bill was not rendered for the balance due until our appropriation for the building was closed up. The balance due is the remainder of the 2½% commission to which he is entitled under the law, and provision must be made for paying it.

On motion of Miss Watson, the Comptroller was authorized to pay this bill. The vote was as follows: Ayes, Mr. Abbott, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Carr, Mr. Lowden, Mr. Trevett.

These appointments were approved,

APPROPRIATION BILL

(19) A recommendation that the item for buildings in the appropriation bill for 1917-19 be reduced to \$500,000, and that the item for schools and colleges be increased by \$200,000.

On motion of Mr. Taggart, this recommendation was concurred in.

RESIGNATION OF MR. C. M. DeLANY

(20) A report that Mr. C. M. DeLany had resigned his position as a member of the Board of Examiners in Accountancy.*

This report was received for record.

At this point, Miss Watson withdrew.

BASE HOSPITAL UNIT

(21) A request from Dr. D. A. K. Steele, Dean of the College of Medicine, for authority to organize a base hospital unit, the personnel to be made up of the members of the faculty of the College of Medicine of the University of Illinois and other people willing to assist them.

On motion of Mr. Hoit, the President of the University was authorized to organize such a unit, provided no expenditure of money on the part of the University be involved.

VALUE OF MEDICAL AND DENTAL BUILDINGS

(22) A statement concerning the value of the Medical and Dental plants of the University. The following estimate was made of the value of the Medical and Dental property of the University in Chicago by McKey and Poague, real-estate and insurance agents: Medical building, \$273,716.69; Dental building, \$120,393.00; total, \$394,109.69; equipment, etc., of buildings, \$135,000.00. Total value of buildings and contents, exclusive of land occupied, \$529,109.69.

The valuation put on the Medical and Dental property given above was based on its valuation for insurance purposes. The University has taken out a total insurance of \$360,000 on this property. There is no doubt that it would cost considerably more than \$600,000.00 to acquire an amount of land equal to that occupied by these buildings in an equally favorable location and to erect and equip buildings as adapted to their purpose as those now occupied by the University, tho of course if we had that amount of money we could get new buildings instead of old buildings such as we have.†

This statement was received for record.

PUBLIC SCHOOL MUSIC

(23) A statement from Director J. L. Erb concerning work in public school music.

No action was taken in this matter.

*See Minutes, March 13, 1917, page 253.

†For other valuations see Report of the University of Illinois for 1914, pp. 257 and 642; also Report for 1912, pp. 469-70.

TRANSFER OF FUNDS

(24) A request from Professor J. C. Blair that the sum of \$6000 be transferred to the Experiment Station appropriation for floriculture from the College appropriation for horticulture.

On motion of Mr. Hoit, the President of the University was authorized to make this transfer.

APPOINTMENTS ACCEPTED

(25) A statement that Messrs. W. W. Charters and A. T. Olmstead had accepted the appointments tendered them in education and history, respectively (see pages 250 and 253).

This report was received for record.

BONDS OF CASHIER, AUDITOR, AND COMPTROLLER

Mr. Hoit reported for the Finance Committee that satisfactory bonds had been secured for the Cashier, Auditor, and Comptroller (see page 265).

APPOINTMENTS TO FILL VACANCIES

The Secretary presented for record the following list of appointments made by President James:

Anderson, R. S., Student Assistant, to give 8 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Blair, E. T., Student Assistant in Anatomy, to give 4 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Charters, W. W., Professor of Education, at a salary of four thousand dollars (\$4000) a year, beginning September 1, 1917. (March 26, 1917)

Gilchrist, Virgil, Student Assistant in Anatomy, to give 6 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Hottman, H. H., Student Assistant in Anatomy, to give 6 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Keener, H. A., Graduate Assistant in Anatomy, to give 8 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

McCorkle, W. E., Graduate Assistant in Anatomy, to give 10 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Mohr, George, Graduate Assistant in Anatomy, to give 9 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Olmstead, A. T., Professor of History, at a salary of three thousand dollars (\$3000) a year, beginning September 1, 1917. (March 27, 1917)

Pearlman, S. J., Graduate Assistant in Anatomy, to give 9 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Priem, H. W., Graduate Assistant in Anatomy, to give 9 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Remers, Martin, Graduate Assistant in Anatomy, to give 15 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Rubright, F. L., Student Assistant in Anatomy, to give 4 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Rumry, Florence, Technician in Pharmacology and Therapeutics, beginning April 1, 1917, and continuing until June 30, 1917, at a salary of forty dollars (\$40) a month. (March 28, 1917)

Schroeder, P. L., Student Assistant in Anatomy, to give 9 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Sexsmith, Edna K., Student Assistant in Anatomy, to give 6 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Straight, A. W., Radiographer and Photographer in the College of Medicine, at a salary of seventy-five dollars (\$75) a month, beginning April 1, 1917, and continuing until further notice, but in no case beyond June 30, 1917. (March 29, 1917)

Velitchkoff, M., Student Assistant in Anatomy, to give 6 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Vrtiak, Emil, Student Assistant in Anatomy, to give 4 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Wagoner, G. L., Student Assistant in Anatomy, to give 6 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (March 14, 1917)

Walker, Thomas, Technician in Experimental Medicine, beginning March 5, 1917, and continuing until further notice, but in no case beyond September 1, 1917, at a salary of forty dollars (\$40) a month. (March 28, 1917)

Willis, H., Voluntary Student Assistant in Pharmacology, until June 30, 1917, without salary. (March 28, 1917)

York, Bertha E., Voluntary Laboratory Helper in Physical Therapy, until June 30, 1917, without salary. (March 28, 1917)

The Board adjourned.

H. E. CUNNINGHAM

Secretary

W. L. ABBOTT

President

EXECUTIVE COMMITTEE MEETING, APRIL 4, 1917

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, on Wednesday, April 4, 1917, following the adjournment of the meeting of the Board on the same day.

Mr. W. L. Abbott, Chairman, and Mr. O. W. Hoit, a member of the Committee, and Mr. R. R. Ward, a member of the Board, were present.

President James was present.

FURNITURE FOR WOMEN'S RESIDENCE HALL

On motion of Mr. Hoit, the President of the University was authorized to appoint a special committee, consisting of Professor White, chairman, Miss Watson, and Dean Gates, to make recommendations to the Board concerning the purchase of furniture for the Women's Residence Hall.

The Executive Committee adjourned.

H. E. CUNNINGHAM

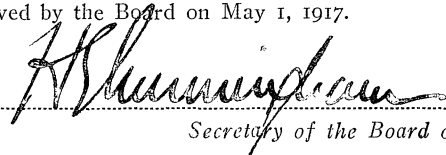

Clerk

W. L. ABBOTT

Chairman

URBANA, ILLINOIS, May 2, 1917

I certify that in the foregoing pages, numbered 271 to 289, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois and of the Executive Committee at the meetings of April 4, 1917, as approved by the Board on May 1, 1917.

.....
Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
—OF THE—
UNIVERSITY OF ILLINOIS

May 1, 1917

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Tuesday, May 1, 1917, pursuant to the following notice which was sent out by the Secretary on April 24, 1917.

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, at 12 o'clock noon, on Tuesday, May 1, 1917, to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened the following members were present: President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Miss Watson.

President James was present.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of April 4, 1917.

On motion of Mrs. Henrotin, the minutes were approved as printed on pages 271 to 289, above.

PURCHASE AND STORAGE OF COAL

The Secretary presented the following report from the special committee on the purchase and storage of coal, appointed on April 4, 1917 (Minutes, page 283).

April 30, 1917

Mr. H. E. Cunningham, Secretary, Board of Trustees

DEAR SIR:

The Special Committee reports that arrangements have been made for the purchase of the University coal supply for the ensuing year, including

[May 1,

the putting into storage before next winter of 10,000 tons of coal and arranging means for storing and reclaiming same, all as set forth in the letter of the Supervising Architect attached.

Very truly yours,

W. L. ABBOTT

Mr. W. L. Abbott, 72 W. Adams St., Chicago, Illinois

DEAR SIR:

I noticed by the Board minutes of April 4 that a special committee was authorized to purchase coal and provide the necessary storage therefor, and thinking that you may wish to make a report at the next meeting, I am enclosing the facts, which will serve as a basis.

The following contracts have been entered into:

With the Sharon Coal Co., for 10,000 tons of screened lump or nut for delivery before September 1, at a price of \$2.20 f. o. b. power plant.

One consideration in the placing of this order was the fact that as we have a contract with them for their entire output of screenings until September 1 at \$1.18½ delivered, we will be increasing their output for delivery on the old contract by about 3300 tons.

The second contract was entered into with the same company for 15,000 tons of screenings, for delivery from September 1 to April 1, at \$1.75 per ton, f. o. b. power plant, to be delivered in amounts as ordered, with a proviso that if the output of screenings does not equal that quantity, they shall make up the total tonnage by delivering some other grade of coal at the same price.

On both these orders the operators are protected against an advance in cost of mining. Since entering into the contract the miners have been allowed an advance which will probably increase the above contract prices about \$.25 a ton.

Two thousand tons mine run have been purchased at Fairmont for summer delivery at \$1.75 per ton, delivered, on the basis of the advanced wages for the miners.

In addition to this 27,000 tons, we expect to receive on our this year's contract with the Sharon mine between April 1 and September 1, 5,000 tons of screenings, making a total coal supply from April 1 to April 1, of 32,000 tons, which we estimate will leave enough in storage April 1 to carry us until the first of July.

The total estimated cost of this coal is \$63,000, and of this amount \$15,000 will have to be paid out prior to July 1.

We have arranged to store this coal in the places used during the past season, and on the ground adjacent to the street car right of way between Goodwin and Harvey streets, where we shall probably store about two-thirds of the amount.

The easiest way to unload the coal is to dump it into the coal hopper in the boiler house, and then to carry it up in the conveyor to the cinder bin, from which it can be spouted into dump wagons for hauling into storage.

The lump coal will be crushed to nut size, and the screenings screened out of it so that the nut coal can be stored separately. For this operation a screen and bin will be erected at the west end of the new boiler house, the elevating still being done by the conveyor.

To haul it into storage more economically, a 3½-ton dump-body auto truck has been purchased.

The reclaiming from storage will be done by means of some form of wagon loader which has not yet been purchased, which will elevate the coal from the pile into the truck to be hauled to the boiler house where it will be dumped into the coal hopper.

The estimated cost to put this plan in operation is as follows:

Build 50-ton loading bin for nut coal.....	\$ 300.00
Build bin for screenings	125.00
Plank roadway for truck	325.00
Clear roadway east of Goodwin.....	50.00
Remove present pipe fence on tennis courts.....	125.00
Build 600 feet of 6' board fence.....	435.00
Truck f. o. b. Urbana	3250.00
Wagon loader (Electric)	750.00
	<hr/>
	\$5360.00

Yours truly,

J. M. WHITE

Supervising Architect

This report was received for record.

ADMINISTRATION OF WOMEN'S RESIDENCE HALL

Mrs. Henrotin, as Chairman of the Committee on Students' Welfare, presented the following report.

The Committee on Students' Welfare met on April 9, 1917, in the rooms of the Trustees, at 8:00 p. m. Present from the Committee, Mesdames Busey, Evans, Watson, and Henrotin. President James, Dean Fanny C. Gates, and Professor White were also present.

The Committee recommended that the management of the Residential Hall be vested in two officials: (a) a Social Head, who shall have the oversight of the students and the social life of the Hall. (It was suggested that if a suitable member of the faculty be available, she might serve in this capacity). (b) A House Keeper, or House Director, who should serve as manager of the material equipment, diet, service, etc. It was recommended that Miss Mary R. Latimer be appointed for this position at a salary of \$1200.

The distribution of rooms should be made among all four classes in order of application and of class, beginning with the seniors. The number of rooms available for each class was left without recommendation.

The charge for living in the Hall was discussed, and it was deemed advisable that a blanket charge be made by the semester rather than a weekly

charge for room and board. The exact price was referred to Professor White for recommendation. Professor White reported accommodation for one hundred women in forty-four single rooms and twenty-eight double rooms.

It was deemed inadvisable to select a name for the Hall and it was recommended that, for the present, the building be known as "The Women's Residence Hall."

For the Committee,

LAURA B. EVANS

MARY E. BUSEY

FLORENCE E. WATSON

Respectfully submitted,

ELLEN M. HENROTTIN

Chairman

I wish also to report as Chairman of the Students' Welfare Committee that, in my opinion, Dean Gates's plan of organizing groups of students in cooperative housekeeping is wise, foreseeing, and economical. It will ultimately, if carried far enough, solve the problem of unifying the social oversight of the University students' activities and the legitimate freedom of the women students in their own homes.

ELLEN M. HENROTTIN

On motion of Mrs. Henrotin, this report was adopted.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board considered the following matters submitted by the President of the University.

APPOINTMENT OF MISS MARY R. LATIMER

(1) A request for authority to appoint Miss Mary R. Latimer House Director of the Women's Residence Hall, at a salary of \$1200 a year, work and salary to begin at a time to be determined later.

On motion of Mrs. Henrotin, this request was granted.

LEAVE OF ABSENCE FOR MEMBERS OF THE STAFF WHO ENLIST

(2) Applications from several members of the staff for leave of absence to enter the military and naval service of the United States, with the recommendation that the following regulations be adopted.

1. Members of the instructional and research staff on annual appointment (ten or twelve months) may, subject to the opinion of the University Counsel, be granted leave of absence by the President of the University with pay until the close of the academic year, June 30, or August 31, 1917, as the case may be, *provided that*:

(a) They enter immediately the military or naval service of the United States, or on definite preparation for the same, or on other approved important service for the national defense.

(b) The University salary shall cease as soon as the persons concerned go on the Federal, State, or other pay roll for such service.

Persons leaving the University under these conditions, whose services at the University have been entirely satisfactory, will be given preference in considering new appointments when they again become available for university service and the University is seeking men for positions.

2. Persons on definite appointment for two years or more may be granted the same privileges as those on annual appointment.

3. They may also be granted for the same purpose leave of absence, without pay, from September 1, 1917, until the close of their terms of appointment with the same consideration for reappointment.

4. Persons on indefinite tenure may enjoy the same privileges as those on annual appointment, and may be given leave of absence without pay from September 1, 1917, until the close of the war or until they are honorably discharged from the approved service in the national defense in which they have been engaged. Their positions will be held open for them and they may resume such positions on satisfying the President of the University of their physical and other ability to discharge the duties of the positions as satisfactorily as they did before taking leave of absence.

On motion of Mr. Carr, these regulations were adopted.

NORTHWESTERN UNIVERSITY SCHOOL OF PHARMACY

(3) A communication from the President of Northwestern University, Dr. Thomas F. Holgate, to the effect that Northwestern University is considering the closing of its School of Pharmacy and will probably take this step if the University of Illinois can take over into its School of Pharmacy such students as desire to transfer to that School, and also if the University of Illinois will take over two members of the faculty, Mr. Maurice A. Miner, Professor of Pharmacy, at a salary of \$2000, and Mr. Harry M. Gordin, Professor of Chemistry, whose salary is \$2700.

On motion of Mr. Carr, this matter was referred to the President of the University with power to act.

PHARMACY AND GOVERNMENT SERVICE

(4) A letter from Mr. W. B. Day, Acting Dean of the School of Pharmacy, in regard to the possibility of service to the Federal Government in the present war.

CHICAGO, April 24, 1917.

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

I have been giving some thought to the possibility of the School of Pharmacy serving the Government in the prosecution of the present war, and I have talked the matter over with the members of our faculty. It seems to us that the School might be of considerable service along the following lines:

The manufacture of medicinal preparations, especially such medicines as would not be needed in very large amount. By adding to our equipment

some machinery, for which we would have ample room in the basement of the laboratory building, we might even undertake the manufacture of some selected medicinal preparations on a fairly large scale.

Testing for identity and purity of pharmaceutical preparations of all kinds purchased by the Government, especially purchases that might be made in this vicinity.

The examination, both chemical and microscopical, of foods purchased for the army.

Cooperation with the local Customs House in the examination of drugs imported at the port of Chicago.

Direction and supervision of the collection of vegetable drugs growing wild in this vicinity.

Experimental cultivation of medicinal plants under the direction of the Bureau of Plant Industry of the Department of Agriculture.

Knowing your deep interest in this matter and your desire to have the University be of service to the Government in every possible way, I make these suggestions for your consideration and assure you of the earnest desire of the faculty, students, and alumni of the School of Pharmacy to help in every way that they can.

Very respectfully yours,

W. B. DAY

Acting Dean

Mr. Day estimates that the additional equipment necessary to enable the School to make some such offer as is indicated in his letter would cost about \$1500.

On motion of Mrs. Henrotin, the President of the University was authorized to provide such equipment at a cost of not more than \$1500. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Miss Watson; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Ward.

RESIGNATION OF PROFESSOR BAGLEY

(5) The resignation of Dr. W. C. Bagley as Professor of Education and Director of the School of Education, to take effect August 31, 1917.

On motion of Mrs. Busey, this resignation was accepted, with an expression of regret and of warm appreciation of the services Dr. Bagley has rendered the University during his term of service.

ADDITIONAL APPOINTMENTS TO SCHOLARSHIPS AND FELLOWSHIPS

(6) A recommendation from the Executive Faculty of the Graduate School that the following additional appointments to scholarships and fel-

lowships be made for the year 1917-18, supplementary to the list already approved (See Minutes, April 4, 1917, page 284).

ANIMAL HUSBANDRY	C. H. Ficke.....	<i>Scholarship</i>	\$250
	H. C. Burgess.....	<i>Scholarship</i>	250
BOTANY	John Monteith, Jr.....	<i>Scholarship</i>	250
ENGLISH	P. N. Landis.....	<i>Fellowship</i>	350
ENTOMOLOGY	H. G. M. Crawford.....	<i>Fellowship</i>	300
GERMAN	H. Solomon	<i>Scholarship</i>	250
PSYCHOLOGY	E. S. Nichol.....	<i>Scholarship</i>	250
ZOOLOGY	Florence S. Hague.....	<i>Fellowship</i>	350

These appointments were approved.

PHARMACY LOAN FUND FOR WOMEN

(7) An offer of the Women's Organization of the Chicago Retail Druggists Association, through Mrs. Joseph R. Forbrich, to establish a loan fund in the School of Pharmacy for the benefit of women. The amount at present is \$115. It is proposed to lend this money to some young woman in need of assistance to finish her course in pharmacy on her written promise to repay the loan within two years after she leaves the School.

On motion of Mrs. Evans, the President of the University was given authority to accept this loan fund, to be administered on the conditions imposed.

RESIGNATION OF DR. CASEY A. WOOD

(8) The resignation of Dr. Casey A. Wood as Professor of Ophthalmology and Head of the Department of Ophthalmology in the College of Medicine.

This resignation was accepted with an expression of regret and of appreciation of the services rendered by Dr. Wood to the University.

AVIATION TRAINING CAMP

(9) The following statement:

I have received notice from Washington that Illinois has been chosen as one of the six universities at which aviation schools will be organized by the Federal Government. The plan is still very inchoate. Until Congress passes its final legislation, definite action cannot be taken. At present it appears that the Government would expect the University to offer certain instruction by members of its staff to persons sent to the University to take training in the theoretical and scientific aspects of aviation. The Government will give any additional equipment which is necessary to this instruction. The students will stay from two weeks to eight weeks, according to their own state of knowledge, making an elementary study of gasoline engines, meteorology, map making, etc. The University is requested to send three men to Toronto for a certain length of time to acquaint themselves thoroly with the conditions of giving effective instruction. It is assumed that the Federal Government will pay the expenses of these men and per-

haps make a contribution toward the expense of instruction necessary to carry on the School of Aviation, but nothing definite has been decided in this matter, and if the University goes into it we shall have to go in rather blindly, depending on instructions from the Federal Government as to what to do next.

On motion of Mrs. Henrotin, the President of the University was authorized to organize such an aviation school at the University along the lines suggested by the Federal authorities, and to assign to the work of instruction such members of the staff as may be necessary.

PURCHASE OF BOOKS FOR PROFESSOR OLMSTEAD

(10) The following statement:

Dr. A. T. Olmstead has been appointed Professor of History beginning September 1, 1917. It has been our custom, when men have been appointed to a new field, to make a special appropriation for equipment or books in that department. Professor Olmstead has sent in a request for books, the cost of which totals \$2,119. I think the request is reasonable.

On motion of Miss Watson, the University Librarian was authorized to purchase the list of books submitted at a cost not to exceed \$2,119. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Miss Watson; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Ward.

ADDITIONAL EQUIPMENT IN DENTISTRY

(11) A statement from Professor James M. White indicating the estimated cost of the changes in the Dental building necessary to provide for the adequate care of the present senior class and the entering class.

These changes include special dental equipment consisting of chairs, etc., costing about \$8,000. These are necessary in order to take care of the members of the present senior class. The laboratory fixtures and equipment necessary for the additional instruction to be given incident to the increase of the course from three years to four is estimated at \$3,000. The structural changes in the building necessary in order to construct the laboratory and provide suitable space for the chairs will cost about \$10,000. Considering the rising price of materials and the increase in wages, Professor White estimates that the total minimum cost is \$21,000, with a good chance of its running nearer to \$25,000.

On motion of Mrs. Evans, the President of the University was authorized to proceed with the structural changes, and to purchase the necessary laboratory fixtures and special dental equipment. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Miss Wat-

son; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Ward.

STATUS OF APPROPRIATION BILLS

(12) A report on the status of the appropriation bills in the General Assembly, with particular reference to the building program.

No action was taken in this matter.

MEDICAL INSTRUCTION TO GO ON AS USUAL

(13) A letter from Dr. D. A. K. Steele reporting that at the conference of deans of medical colleges, some forty-six in number, held in the Munsey Building in Washington, D. C., with the committee representing the National Council on Defense, it was the unanimous opinion of the deans that the present emergency did not warrant any interruption of the regular curriculum of lectures for freshman, sophomore, and junior students in our American medical schools, and that it was inadvisable to give a continuous course of instruction extending through the summer months.

It appears from this that it is the opinion of the most competent men in the country that it would be undesirable to attempt to speed up the graduation of students of Class A medical schools any further than we have already done. We have released any members of the Senior class who desired it from further attendance on lectures, have given them an advance examination, and have issued a certificate signed by the Dean of the College of Medicine which admits them after examination to enrollment as first lieutenants in the naval medical service with the understanding that they would enter on an intensive course of three months in the Naval Medical School and Hospital at Washington, and that their diplomas would be issued at the time of our regular graduating exercises, June 13, 1917. Some eight or ten of the present seniors in the College of Medicine have been given this permission, though they have not all been admitted to the Naval School, owing to the fact that there is no room.

This would seem to imply that the most necessary thing for our colleges of medicine to do is to keep the undergraduates busily at work following their studies so as to prepare themselves as soon as possible for taking up effective work in the Army and Navy.

No action was taken in this matter.

MEDICAL GRADUATES IN STATE BOARD EXAMINATIONS

(14) A report showing that the graduates of our College of Medicine have passed with the lowest percentage of failures the State Board examinations for license to practise medicine in the various states.

This report was received for record.

REQUIREMENTS FOR DEGREES IN MEDICINE—HOSPITAL SERVICE

(15) A letter from Mr. C. M. McConn, Clerk of the Senate, concerning requirements for graduation in the College of Medicine,

May 1, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

At a special meeting held on April 30, 1917, the University Senate voted to recommend to the Board of Trustees the adoption of the following requirements for graduation in the College of Medicine. The paragraphs numbered 1 to 4 cover the present requirements of the College of Medicine. The paragraph numbered 5 embodies the new requirement of the Illinois State Board of Health, that all medical students matriculating after July 1, 1917, and graduating after June 30, 1922, shall complete a hospital year, in order to qualify for a permanent license to practise medicine in the State of Illinois.

A candidate for graduation from the College of Medicine of the University of Illinois must meet the following requirements:

1. He must be at least twenty-one years of age.
2. He must have presented acceptable evidence of good moral character.
3. He must have paid all indebtedness to the college.
4. He must have completed a prescribed curriculum of the College of Medicine, comprising four years, of thirty-six weeks each, of work in medical subjects. Students admitted to advanced standing from other medical schools will not be given full time credit for any year of less than thirty-two weeks of actual work. The candidate must obtain satisfactory credits in all required subjects and pass his final examinations in accordance with the rules laid down by the faculty. The last year of work must have been taken in the University of Illinois College of Medicine.
5. Persons matriculating as first-year medical students for the year beginning October 1, 1917, or thereafter, after completing satisfactorily the four-year curriculum referred to above (in paragraph 4) must complete satisfactorily a hospital course of not less than twelve months' duration in a hospital approved by the faculty of the College of Medicine of the University of Illinois, before receiving the diploma of Doctor of Medicine.

In order to be eligible for an internship in an approved hospital in Illinois a candidate must pass the regular examination of the Illinois State Board of Health and receive from that Board a "limited license", authorizing him "to practice medicine or surgery in a hospital approved by the Illinois State Board of Health and in no other place whatsoever in this state, said limited license to remain in force and effect for a period not exceeding eighteen months from date of issue of same." (Schedule of Minimum Requirements for Medical Colleges in good standing with the Illinois State Board of Health as amended January 27, 1917).

The diploma for the degree of Doctor of Medicine will be issued on the presentation of satisfactory evidence that the hospital year has been acceptably completed.

The rules of the Illinois State Board of Health make the following provision for the issuance of the permanent license:

"At the expiration of the limited license and surrender of same, or

upon the completion of the twelve months' hospital course and the surrender of the limited license, and upon presentation of satisfactory evidence that the hospital course has been completed within eighteen months subsequent to the date of completion of the fifth year of the medical course, and further that the candidate presents a diploma of graduation by the medical college, school, or institution in which he or she completed the fifth year of the medical course, the State Board of Health may then issue to the holder of said temporary or limited license a regular permanent certificate, without further examination or fee, provided that all other requirements prescribed by the Act regulating the practise of Medicine in the State of Illinois and by the rules of the Illinois State Board of Health relating thereto have been satisfactorily complied with."

Your suggestion that it might be desirable to confer a new degree of Bachelor of Medicine on the completion of the four-year curriculum in medical subjects was referred to the Committee on Educational Policy for consideration and report.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Carr, these recommendations were approved.

BASE HOSPITAL UNIT NOT ACCEPTED

(16) A report from Dr. D. A. K. Steele, Dean of the Senior College of the College of Medicine, that the Red Cross organization did not accept the base hospital unit which it was proposed to organize, but that, as in all probability use will be found for this unit later, he is proceeding to organize it in accordance with the authority given by the Board previously. (See Minutes, April 4, 1917, page 286.)

No action was taken in this matter.

At this point, Miss Watson withdrew.

POLICY GOVERNING APPOINTMENTS AND WORK FOR NEXT YEAR

(17) A memorandum concerning the general policy of the University to be followed in the conduct of its work during the coming year:

While a state of war will remove the University a considerable number of students now registered, it may even increase the registration of women; it is exceedingly likely to send to the institution unprecedented numbers of men under military age (now presumably at 21), seeking a combination of schooling and military training, and it is almost certain that additional and unusual demands for specialized courses will be multiplied.

When the war closes there will be suddenly thrown on the University large numbers of upperclassmen availing themselves of the first opportunity to complete their interrupted college courses. Besides, while the war lasts, the faculty will be called on not only to carry this uncertain load of instruction, but there will be laid on it for solution many difficult and peculiar

problems and questions calling for both ability and resourcefulness in research.

Considering that the war will of itself remove considerable numbers from the staff, it would seem a wise policy

1. That all important vacancies be filled as fast and as far as may be, either by permanent or by temporary appointment;

2. That whenever departmental interests indicate a falling off in work, the reduction in staff should be made so far as possible in the ranks of annual appointees; but that

3. Nothing should be done that by any possibility would tend to weaken the research power of the University; and

4. That all new appointments and reappointments be made with the distinct stipulation that, according to the nature of the demands which from time to time may be made on the institution, the University reserves the right to assign duties other than those for which the individual is primarily appointed, always with due regard to the specific qualifications of the individual.

E. DAVENPORT
KENDRIC C. BABCOCK
C. R. RICHARDS

The President of the University announced that unless objections were expressed by the Board, he should govern himself according to this memorandum. No action was taken on this subject.

JUDGE JOSEPH OSCAR CUNNINGHAM

Announcement having been made to the Board that Judge J. O. Cunningham, of Urbana, a member of the first Board of Trustees of the University, had died on April 30, 1917, a special committee consisting of President James and Mrs. Busey was appointed to prepare resolutions. This Committee later presented the following resolutions, which, on motion of Mrs. Busey, were adopted unanimously.

Whereas, the Board of Trustees of the University of Illinois has learned of the death of Judge Joseph Oscar Cunningham, the last member of the original Board of Trustees and of the Executive Committee of the Illinois Industrial University, now the University of Illinois, be it

Resolved, that the Board express its sincere regret at this great loss, and its appreciation of the large services rendered to education and to charity by Judge Cunningham, and that the Board tender its sympathy to the members of the bereaved family.

C. P. A. CERTIFICATE FOR MR. H. A. FINNEY

The Secretary presented for record the following report from the Committee on Accountancy:

April 30, 1917

Mr. H. E. Cunningham, Secretary, Board of Trustees

DEAR MR. CUNNINGHAM:

On December 5-7, Mr. Harry Anson Finney passed the examination set by our Board of Examiners in Accountancy for the certificate of certified Public Accountant, and by the authority of the President of the University, he has been awarded the University of Illinois diploma of Certified Public Accountant No. 176, in accordance with the provisions of the law and the regulations established by the Board of Trustees.

Sincerely yours,

C. M. McCONN

*Secretary, Committee on Accountancy***COMPTROLLER'S REPORT**

The Secretary presented also for record the report of Mr. Lloyd Morey, Acting Comptroller, for the three months ending March 31, 1917.

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented also for record the following list of appointments made by the President of the University to fill vacancies:

DeHaven, J. D., Radiographer and Photographer in the College of Medicine, from April 5, 1917, until further notice, but in no case beyond June 30, 1917, at a salary of one hundred dollars (\$100) a month. (April 10, 1917*).

Houser, Doris L., Clerk in the department of architecture, with salary at the rate of six hundred dollars (\$600) for twelve months' service, beginning April 2, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (April 19, 1917.)

Jenkins, Louise, Editorial Assistant in the Engineering Experiment Station, with salary at the rate of seven hundred eighty dollars (\$780) for twelve months' service, beginning April 23, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (April 20, 1917).

McDonald, Vernon, Technician in the department of research medicine, at a stipend of forty-five dollars (\$45) a month, beginning April 17, 1917, and continuing until further notice, but in no case longer than July 1, 1917. (April 21, 1917).

Ray, J. H., Student Assistant in Anatomy, to give 15 hours' service a week during the second semester of the current academic year, with remuneration at the rate of fifty cents (\$.50) an hour. (April 6, 1917).

Ryerson, L. H., Graduate Assistant in Chemistry, on part time, from April 17, 1917, to June 30, 1917, at a salary of twenty-one dollars (\$21) a month. (April 20, 1917).

Richards, C. R., Dean of the College of Engineering and Director of the Engineering Experiment Station, beginning March 1, 1917, at a salary of six thousand dollars (\$6000) a year. (April 12, 1917).

Saunders, Alta G., Assistant in English, from April 17, 1917, to June 13, 1917, at a salary of one hundred ten dollars (\$110) a month. (April 20, 1917).

Shelton, Wilma L., Reviser and Assistant in the summer session of the Library School, at a compensation of eighty-five dollars (\$85) for the six weeks beginning June 18, 1917. (April 23, 1917.)

Sherwood, F. F., Graduate Assistant in Chemistry, without stipend, for the current semester. (April 20, 1917).

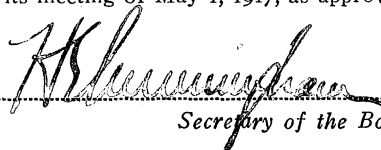

Van Horn, John, Instructor in Romance Languages, for 10 months beginning September 1, 1917, at a salary of one hundred fifty dollars (\$150) a month. (April 19, 1917).

The Board adjourned.

*The date in parenthesis is the date on which the appointment was made by the President of the University.

URBANA, ILLINOIS, June 8, 1917

I certify that in the foregoing pages, numbered 291 to 328, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at its meeting of May 1, 1917, as approved by the Board on June 7, 1917.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
—OF THE—
UNIVERSITY OF ILLINOIS

June 7, 1917

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Thursday, June 7, 1917, pursuant to the following notice which was sent out by the Secretary on May 28, 1917:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, at 12 o'clock noon, on Thursday, June 7, 1917, to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Miss Watson.

President James was present.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of May 1, 1917.

On motion of Mrs. Henrotin, the minutes were approved as printed on pages 291 to 328, above.

TRANSFER OF TREASURER'S FUND

The Secretary presented a report from Arthur Young & Company, Certified Public Accountants, concerning the amount of money to be transferred by Mr. H. S. Capron, formerly Treasurer, to Mr. E. D. Hulbert, now Treasurer.

This matter was referred to the Finance Committee, to investigate and report the closing out of Mr. Capron's accounts and the transfer of all funds due the University to Mr. Hulbert.

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented for record the following list of appointments made by the President of the University to fill vacancies:

Ashman, Richard, Assistant in Physiology, for ten months beginning September 1, 1917, at a salary of one hundred twenty dollars (\$120) a month. (May 21, 1917*).

Bacon, A. T., Member of the Board of Examiners in Accountancy to fill the unexpired term ending June 30, 1919, of Mr. C. M. DeLany. (May 29, 1917).

†Burt, H. J., Research Fellow in Ceramic Engineering in the Engineering Experiment Station, for two years beginning September 1, 1917, with a stipendium of five hundred dollars (\$500) a year. (May 23, 1917).

†Cilley, Lillie, Reference Assistant in the Library, for two months beginning June 15, 1917, at a salary of seventy-five dollars (\$75) a month. (May 16, 1917).

Doty, G. L., Fellow in Romance Languages, for ten months beginning September 1, 1917, with a stipendium of thirty dollars (\$30) a month. (May 29, 1917).

Edmonds, H. G., Scholar in Physics, for ten months beginning September 1, 1917, with a stipendium of twenty-five dollars (\$25) a month. (May 29, 1917).

Fleming, D. F., Scholar in Political Science, for ten months beginning September 1, 1917, with a stipendium of twenty-five dollars (\$25) a month. (May 29, 1917).

Gehrig, A. G., Research Fellow in Civil Engineering in the Engineering Experiment Station, for two years beginning September 1, 1917, with a stipendium of five hundred dollars (\$500) a year. (May 7, 1917).

†Griffin, G. F., Shelf Assistant in the Library, at a salary of fifty-five dollars (\$55) a month, from June 1, 1917, to August 31, 1917; this appointment superseding his previous appointment. (May 4, 1917).

Klein, Gordon, Shelf Assistant in the Library, at a salary of fifty-five dollars (\$55) a month, from June 1, 1917, to August 31, 1917; this appointment superseding his previous appointment. (May 29, 1917).

†Knaus, A. C., Research Fellow in Theoretical and Applied Mechanics in the Engineering Experiment Station, for two years beginning September 1, 1917, with a stipendium of five hundred dollars (\$500) a year. (May 8, 1917).

Lyon, W. R., Research Fellow in Electrical Engineering in the Engineering Experiment Station, for two years beginning September 1, 1917, with a stipendium of five hundred dollars (\$500) a year. (June 4, 1917).

Magnuson, P. B., Instructor in Surgery and Clinical Surgery, from May 18 to September 30, 1917, without salary. (May 18, 1917).

*The date in parenthesis is the date on which the appointment was made by the President of the University.

†Appointment made by Vice President Kinley.

Marston, L. R., Fellow in Physics, for ten months beginning September 1, 1917, with a stipendium of thirty dollars (\$30) a month. (May 29, 1917).

Moyer, W. D., Instructor in Mechanical Engineering, for ten months beginning September 1, 1917, at a salary of one hundred thirty dollars (\$130) a month. (May 12, 1917).

Nelson, Ray, Graduate Assistant in Botany for twelve months beginning June 1, 1917, without salary. (May 29, 1917).

Peters, J. H., Scholar in Economics, for ten months beginning September 1, 1917, with a stipendium of twenty-five dollars (\$25) a month. (May 29, 1917).

*Wahlen, F. G., Research Fellow in Mechanical Engineering in the Engineering Experiment Station, for two years beginning September 1, 1917, with a stipendium of five hundred dollars (\$500) a year. (May 7, 1917).

*Westhafer, T. O., Research Fellow in Chemistry in the Engineering Experiment Station, for two years beginning September 1, 1917, with a stipendium of five hundred dollars (\$500) a year. (May 7, 1917).

*Whitney, L. H., Research Fellow in Mining Engineering in the Engineering Experiment Station, for two years beginning September 1, 1917, with a stipendium of five hundred dollars (\$500) a year. (May 7, 1917).

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board proceeded to the consideration of the following matters submitted by the President of the University:

PLYM FELLOWSHIP AWARDED

(1) A recommendation from Dean C. R. Richards that the Plym Fellowship for 1917-18 be awarded to Mr. Henry Dubin; with Mr. E. O. Christensen as alternate.

It is understood that the person appointed to this fellowship does not draw the stipendium until circumstances enable him to travel in Europe and permission to undertake that travel has been granted by the University.

On motion of Mrs. Busey, this recommendation was concurred in.

PUBLICATION OF THESES

(2) A recommendation from Dean David Kinley that the regulations concerning the retention of thesis deposits by the University be changed to provide that such deposits shall be retained if the thesis is published in any publication of the University of Illinois or of its allied scientific bureaus. (See Report, 1914, page 147).

This statement should appear as paragraph 3 in the rules adopted by the Board relating to this matter on December 19, 1912, as printed on page 147 of the Minutes of that meeting, paragraph 3 of the rules being then numbered 4.

On motion of Mr. Carr, this recommendation was adopted.

*Appointment made by Vice President Kinley.

ERECTION OF FLAGSTAFF

(3) A recommendation from Major R. W. Mearns, Military Commandant, that a flagstaff be erected near the southeast corner of the Armory (instead of at the north side) at a cost of not more than \$1000.

On motion of Mr. Carr, the President of the University was authorized to erect such a flagstaff. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Miss Watson; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Ward.

TOOL HOUSE AND FARM HOUSE

(4) A recommendation from Professor C. G. Hopkins, endorsed by Dean Eugene Davenport, for the erection on the south farm east of the present agronomy barn of a tool house in which to provide storage for farm tools and machinery; also a farm house to provide a residence for the farm foreman. It is estimated that the expense of the farm house will be about \$5,000, and that the machinery and tool house will cost about \$2,500. In addition to this, there will be the expense of extending the University water system and the electric wiring.

This matter was referred to the Committee on Agriculture for consideration and report.

WORK OF THE ALUMNI ASSOCIATION

At this point, Mr. H. J. Burt, President of the Alumni Association of the University, was introduced. Mr. Burt spoke concerning the organization and work of the Association.

The Board then resumed its consideration of matters submitted by the President of the University.

UNDERGRADUATE SCHOLARSHIPS EXTENDED

(5) A request of Mr. Clyde M. Smith, a sophomore in the College of Engineering, that the term of his county scholarship be extended for such a time as he may be in the service of the United States, he having withdrawn from the University to enlist in the Navy.

On motion of Mrs. Busey, the President of the University was authorized to extend until the end of the war undergraduate scholarships held by students who engage in approved service for the national defense.

MR. A. T. BACON APPOINTED TO ACCOUNTANCY BOARD

(6) A recommendation from the Committee on Accountancy that Mr. Albert T. Bacon of Chicago be appointed a member of the Board of Examiners in Accountancy to fill the unexpired term ending July 1, 1919, of Mr. C. M. DeLany, resigned.

On motion of Miss Watson, this recommendation was approved.

AUTHORITY TO CONFER DEGREES

(7) Recommendation from the University Senate for degrees to be granted at the approaching commencement. (For list of degrees, see page 349.)

On motion of Mr. Carr, the President of the University was authorized to confer degrees on the persons recommended by the proper faculties.

ANNUAL MILITARY INSPECTION

(8) A report of Colonel Julius A. Penn on the annual inspection of the Military Department. This report is a satisfactory one, but it indicates some points in which our service may be improved.

This report was received for record.

SITE FOR UNIVERSITY PRESS

(9) A recommendation from the Committee on the University Press, consisting of Messrs. H. E. Cunningham, F. W. Scott, C. S. Sale, H. F. Harrington, and Lloyd Morey, that the lot facing Sixth Street situated immediately back of Dean Davenport's residence on Wright Street, and described as the *north one-half of the south-west one quarter of Block 13 of J. S. Wright's addition to the city of Champaign*, be purchased at the price of \$6,500, and that it be assigned as a site for a University Press building, to house, as may be deemed best, all or part of the courses in Journalism, the print shop, the office of the University publications, and the University Press. This lot is 84.5 feet wide on Sixth Street and 174.25 feet deep.

On motion of Mr. Carr, the Comptroller was authorized to purchase this lot for the purposes recommended. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Miss Watson; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Ward.

PURCHASE OF THE KERR WOODS

(10) The question of purchasing the Kerr Woods, consisting of forty acres more or less and described as the *south half of the northwest quarter of the southwest quarter and the north half of the southwest quarter of the southwest quarter of section 1, township 19 north, range 9 east of the 3rd principal meridian*, has been before the Board on two or three occasions. Mr. Thomas J. Kerr offered the property to the University sometime ago at a price of \$350 an acre, but expressed himself as willing to consider \$25 an acre as a gift to the University, so that the net cost to the University would be \$325 an acre. Authority was given to the President of the University to negotiate with Mr. Kerr for the purchase of this tract at a price not to exceed \$250 an acre (Minutes, September 21, 1916, p. 98). This price Mr. Kerr refuses to consider. He is willing, however, to sell the forty acres at \$300 an acre.

On motion of Mr. Carr, the President of the University was authorized to purchase this property at a price not to exceed \$300 an acre. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Miss Watson; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Ward.

JUNIOR MILITARY TRAINING CAMP

(11) A request from the Military Training Camps Association that the University conduct a junior military training camp at Urbana during the summer, from July 15 to September 15, or from July 1 to September 1.

On motion of Mrs. Henrotin, this matter was referred to the President of the University, with power to act.

COMMISSION FOR SALE OF SMITH FARMS

(12) A letter from Mr. Howard Nash asking whether the commission for the sale of the Smith farms would be paid by the University or whether the University will quote a net price, with the understanding that the agent will add the commission to that price.

The President of the University was authorized to pay a commission of \$2.00 an acre for the sale of these farms.

CHEMISTRY STORE ROOM

(13) A letter from the Comptroller recommending the establishment of a central chemical store room which would permit the centralization of the buying and storekeeping for chemical and laboratory supplies.

On motion of Mr. Carr, the President of the University was authorized to approve such a plan.

APPOINTMENT OF PROFESSOR M. A. MINER

(14) A letter from President Thomas F. Holgate of Northwestern University proposing that the University of Illinois should appoint Professor Maurice A. Miner of the School of Pharmacy of Northwestern University to be professor of pharmacy in the University of Illinois for a period of two years, with no expectation that the appointment should be renewed or extended, and with a further understanding that Northwestern University would at the end of the two years grant to Professor Miner a retiring allowance of \$900, more or less, from that time on, and that on these terms the Northwestern University would announce a consolidation of its School of Pharmacy with the School of Pharmacy of the University of Illinois.

On motion of Mrs. Evans, the President of the University was authorized to make such an arrangement.

SALTPETER INVESTIGATION

(15) A letter from Dr. H. S. Grindley, Professor of Animal Nutrition, concerning the progress of the Saltpeter Investigation.

June 5, 1917

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

I hereby request your permission to publish the fourth volume of "Studies in Nutrition." This volume gives "Discussion and Interpretation of the Biochemical Data of the Saltpeter Investigation." The manuscript for this volume has been approved in detail by all the members of the advisory board. I have estimated that it will form a volume of five hundred pages. R. R. Donnelley and Sons of Chicago have furnished Mr. Lloyd Morey a contract for printing this volume. It is estimated that the cost will be \$2,500.

The last detailed report of the work of the research laboratory in nutrition is given in the report of the trustees of the University of Illinois for 1914, page 245.

I also request that an appropriation of \$415 be allowed to meet the expenses of the last meeting of the advisory board of the saltpeter investigation in New York City, January 12 and 13, 1917.

Yours very truly,

H. S. GRINDLEY

On motion of Mr. Hoit, the request of Professor Grindley was granted and an appropriation of \$2915 was made to cover the cost of printing the above volume and the expenses of the last meeting of the advisory board. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Miss Watson; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Ward.

APPOINTMENT OF PROFESSOR ROBERT GRAHAM

(16) A recommendation that Dr. Robert Graham of the University of Kentucky be appointed Professor of Animal Pathology in the department of animal husbandry for three years from September 1, 1917, at a salary of \$3000 a year.

On motion of Mr. Hoit, this recommendation was approved and the appointment made.

CADET SCHOOL OF AVIATION

(17) Announcement that a Cadet School of Military Aviation had been founded at the University by the Federal Government and that work of instruction was begun May 21, 1917. The instructional work, so far as the University provides it, is in charge of Professor H. W. Miller, Assistant Dean of the College of Engineering. Captain George W. Krapf has been appointed by the Federal Government as Commandant at the School. Young men who have enlisted for this purpose are given at the University eight weeks of military and technical training before they are sent to the flying field for the practise of the art of aviation. In accordance with the authority given by the Board for the organization of this School,

I have set aside \$1,000 from the Incidental Fund for expenses connected with organizing and conducting this work.

This report was received for record.

WITHDRAWALS FOR NATIONAL DEFENSE

(18) A report from Dean T. A. Clark showing the number of students who withdrew from the University with credit for work in the national defense.

This report was received for record.

FOUR-YEAR CURRICULUM IN LAW

(19) A letter from the Clerk of the Senate concerning the establishment of a four-year curriculum in Law:

May 4, 1917

D. Edmund J. James, President

DEAR MR. PRESIDENT:

At a special meeting held on April 30, 1917, the University Senate voted to make the following recommendations to the Board of Trustees with reference to the establishment of a four-year curriculum in law:

That in addition to the present three-year curriculum in law, with the admission requirement of sixty hours of college credit, a four-year curriculum in law be established; the admission requirement of the four-year curriculum to be matriculation and thirty hours' credit in a college of this University, or the equivalent.

The degree of Bachelor of Laws will be granted to all such students as complete the eighty-four credits in law required in the three-year curriculum, and in addition thirty hours in other colleges of the University to be distributed over the four years. Approximately two-thirds of law work and one-third in subjects other than law shall be taken during the first two years of the four-year curriculum.

Students in the College of Liberal Arts and Sciences and of Commerce and Business Administration may take first-year law courses counting towards the degree of A.B. or B.S., and also towards the degree LL.B. or J.D., in their junior as well as in their senior year, under the supervision of the Dean of the College of Law as to the courses to be taken. They will not be allowed to take less than two courses, amounting to at least five hours per semester.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Hoit, this recommendation of the Senate was adopted.

SEMI-CENTENNIAL CELEBRATION

(20) A report that the committee appointed by the Senate on the Semi-centennial Celebration had considered with great care, on the outbreak of the war, whether the University should give up the idea of cele-

brating the Semi-centennial of its opening next autumn, and had voted unanimously to continue the preparations for the celebration, which will be a part of the centennial celebration of the State.

This report was received for record.

SUPPLEMENTARY SUMMER SESSION APPOINTMENTS

(21) A list of supplementary nominations for the faculty of the summer session of 1917:

June 6, 1917

President Edmund J. James, 355 Administration Building

MY DEAR PRESIDENT JAMES:

I desire to make the following supplementary nominations for the faculty of the Summer Session of 1917. Certain positions were provided for but no names inserted in the budget submitted on March 17. A few declinations and resignations have taken place and I desire to make provision for these positions.

Botany:

William E. Pickler, Assistant \$100

Chemistry:

Harry C. Kremers, Assistant
(vice instructorship left vacant) 200

Ralph E. Rindfus, Assistant
(vice Howell, resigned) 100

Education:

L. R. Geissler, Assistant
Professor, Clark College, Worcester, Mass. In place of
professorship (\$500) left vacant 300

I. M. Allen, Assistant
Principal, High School, Springfield, Ill. (vice Newlin, re-
signed) 100

Manual Training:

James M. Duncan, Assistant 175

Physics:

Sebastian Karrer, Assistant
(vice W. H. Hyslop, resigned to enter aviation service)..... 200

Taken as a whole, these nominations result in a decrease in the salary budget as proposed in March. It does not seem safe to leave any of the positions vacant, even though we may be sure that the registration in the Summer Session will fall off somewhat.

Very truly yours,

KENDRIC C. BABCOCK

Director of the Summer Session

These nominations were approved,

EQUIPMENT FOR WOMEN'S RESIDENCE HALL

(22) A statement of the estimated cost of equipment for the Women's Residence Hall, from the committee appointed to consider this subject, consisting of Professor James M. White, chairman, Mrs. Laura B. Evans, Miss Florence E. Watson, and Dean Fanny C. Gates.

Kitchen equipment complete	\$ 5,000.00
Dining rooms	
Furniture	\$1,123.00
Chinaware	500.00
Glassware	100.00
Silverware	575.00
Linen	450.00
	<hr/>
	2,748.00
First story stair halls, reception rooms, parlor, library, living room etc. (including rugs and draperies)	4,900.00
Basement, waiting room, and miscellaneous furniture.....	380.00
House Director's suite	335.00
Head Resident's suite	375.00
Single rooms, exclusive of bedding and draperies (44 @ \$80.00).....	3,520.00
Double rooms, exclusive of bedding and draperies (28 @ \$125.00)....	3,500.00
Servants' rooms, including bedding (7 double rooms @ \$110.00)....	770.00
Servants' sitting room	125.00
Servants' dressing room (basement)	45.00
Porters' room	70.00
General toilets, including guest towels	80.00
Living porches (2 @ \$145.00)	290.00
Sleeping porches, including bedding (4 @ \$680.00).....	2,720.00
Hospital wards (6 beds)	450.00
Hospital equipment	200.00
Laundry equipment	250.00
	<hr/>
	\$25,758.00

It will be seen that the total estimate is \$25,758.00. The recommendation is that the sum of \$26,000.00, or so much thereof as may be necessary, be appropriated for the purchase of these items.

On motion of Mrs. Henrotin, this recommendation was approved and the corresponding appropriation made. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Miss Watson; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Ward.

PROTECTION OF FUNDS IN CASHIER'S OFFICE

(23) A letter from the Comptroller concerning additional protection in the office of the cashier,

June 6, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to call your attention to the need of additional protection in the office of the Cashier. All local receipts of the University, including collections on account of fees, sales, etc., together with payments of petty cash vouchers, are handled at this office. The average total amount handled per day is about \$4,000, of which approximately \$1,500 is in currency.

Under the present arrangements of the office the Assistant Cashier, who handles the money at the counter, simply has a place in the main office room. It is impossible for us to rest in any reasonable security for the funds on hand, and difficult for the man handling the funds to properly take care of his work and at the same time guard his money.

To meet these circumstances, it is in my opinion essential that a cashier's cage similar to a teller's cage in a bank be arranged. Such a cage, together with the necessary changes incident to its installation, is estimated by the Supervising Architect to cost approximately \$200.

In addition it is my opinion that burglary insurance should be provided, to protect us against robbery within the office, as well as robbery of members of the staff carrying money to and from local banks. The cost of an insurance policy for \$2,000.00 covering these points for a period of three years will be \$130.98.

I would therefore recommend that I be authorized to make the office changes above outlined, subject to the approval of the Supervising Architect, and to take out burglary insurance as above proposed, and that an appropriation of \$350.00, or so much thereof as may be necessary, be made for this purpose.

Cordially yours,

LOYD MOREY

On motion of Miss Watson, the President of the University was authorized to order the construction of the proposed cage, and to issue such an insurance policy. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mrs. Henrotin, Mr. Hoit, Mr. Taggart, Miss Watson; noes, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Ward.

PURCHASE OF PROPERTY ON NEVADA STREET

(24) A letter from the Comptroller concerning the purchase of properties on West Nevada Street in the city of Urbana.

June 6, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to advise you that by direction of the Executive Committee of the Board of Trustees in accordance with the action of the Board on March 13, 1917, page 252, I have completed the purchase of the following properties on West Nevada Street in the city of Urbana, Illinois:

From W. F. M. Goss

Residence property known as Lot 2, Block 4, Nina B. Bronson's Sub-division of a part of the E. $\frac{1}{2}$ of the S. W. $\frac{1}{4}$ of the N. E. $\frac{1}{4}$ of Section 18, Township 19 North, Range 9 East of the Third Principal Meridian. Purchase price\$ 16,500.00

From Edmund J. James

Vacant lot, Seventy-three feet frontage, known as Lot 3, Block 4, Nina B. Bronson's Sub-division of a part of the E. $\frac{1}{2}$ of the S. W. $\frac{1}{4}$ of the N. E. $\frac{1}{4}$ of Section 18, Township 19 North, Range 9 East of the Third Principal Meridian, adjoining the above property on the west. Purchase price..... 3,869.00

From Morgan Brooks

Vacant lot, thirty-five feet frontage, known as the east thirty-five feet of lots 4 and 5 of Block 4, Nina B. Bronson's Sub-division, and adjoining the above properties on the west. Purchase price 1,400.00

Total\$ 21,769.00

Titles to these properties have been examined and approved by the Legal Counsel of the University, and warranty deeds have been secured from the former owners, which, together with the abstracts, have been deposited with the Secretary of the Board of Trustees or will be as soon as recorded.

Cordially yours,

LLOYD MOREY

LIST OF SECURITIES AND VALUABLE PAPERS

(25) A letter from the Comptroller as to the disposition of valuable papers belonging to the Board of Trustees.

This report was received for record, to be printed in the Minutes and also in the Comptroller's Annual Report.

MISCELLANEOUS PAPERS
IN THE POSSESSION OF THE COMPTROLLER

Contract for the sale of land to Jennie L. and Thomas F. Molloy; the Smith farm described as: all that part of the North half of Section 23, Township 22 North, Range 9 East of the Third Principal Meridian, being 214 acres; purchase price, \$37,450.00.

Abstract of title to the above described land, being held pending consummation of deal.
Deed to Jennie L. and Thomas F. Molloy for the above described Smith farm, fully executed, held in escrow pending settlement by purchasers.

Note from Jennie L. and Thomas F. Molloy, for \$4,000, dated September 27, 1916 and due March 1, 1917, 7% interest; part payment on above mentioned contract for purchase of Smith farm.

Deed and Abstract from W. F. M. Goss and Edna D. Goss conveying Lot 2, Block 4, Nina B. Bronson's Sub-division of a part of the E. $\frac{1}{2}$ of the S. W. $\frac{1}{4}$ of the N. E. $\frac{1}{4}$ of Section 18, Township 19 North, Range 9 East of the Third Principal Meridian. Purchase price, \$16,500.00 These papers are being held pending recording of deed.

Deed and Abstract from Edmund J. James conveying Lot 3, in Block 4, Nina B. Bronson's Sub-division of a part of the E. $\frac{1}{2}$ of the S. W. $\frac{1}{4}$ of the N. E. $\frac{1}{4}$ of Section 18, Township 19 North, Range 9 East of the Third Principal Meridian; papers being held pending recording of deed. Purchase price, \$3,869.00.

June 6, 1917

GIFT OF COLIN DEW JAMES COLLECTION

(26) The following statement:

I desire to offer to the University a collection of one thousand volumes more or less to be known as the Colin Dew James Collection in honor of my father.*

The Librarian of the University shall feel free to distribute these books in the Library as the nature of the same may require. It is understood that the Librarian will mark each volume in this collection by an appropriate label. He may also exchange any volume in this collection which should turn out to be a duplicate of some work already in the University Library, but in that case he should mark the volume received in exchange in the same way.

On motion of Mrs. Busey, this gift of books was accepted, and the thanks of the Board were extended to President James.

DEPARTMENT OF CHEMISTRY, SCHOOL OF PHARMACY

(27) A request from Professor A. H. Clark of the School of Pharmacy for additional help in the department of chemistry of the School of Pharmacy.

On motion of Mrs. Evans, the President of the University was authorized to include in the next budget provision for an additional position in chemistry to be filled on later nomination.

APPROPRIATION BILLS

(28) A report on the status of the appropriation bills before the General Assembly.

This report was received for record.

**SALARIES OF MEMBERS OF STAFF IN OFFICERS' RESERVE
TRAINING CAMPS**

(29) A request from Mr. John A. Dent, associate in Mechanical Engineering, for information concerning the policy of the University in regard to the question of his salary for the remainder of his term of appointment.

The action of the Board (page 294) permitted the Comptroller to pay salaries of members of the instructional and scientific staff until the end of the year for such as withdrew from the service of the University to enter the service of the Army or Navy, providing that the University salaries should stop when the persons in question go on the pay roll of the United States. It seems that the Federal Government is going to pay \$100.00 a month as a contribution toward expenses to the people who enter the Training Camps. Unless I am instructed to the contrary, I shall rule that the reception of this compensation does not constitute going on the pay

*The Reverend Colin Dew James was born in Randolph County, West Virginia, January 15, 1808, and died at Bonita, Kansas, January 30, 1888. He was one of the early pioneer preachers of Illinois, having been for fifty years a member of the Illinois Conference of the Methodist Episcopal Church.

roll of the United States in the sense in which that term is used in the action of the Board taken May 1, 1917.

No action was taken in this matter.

WITHDRAWAL OF MRS. HENROTIN

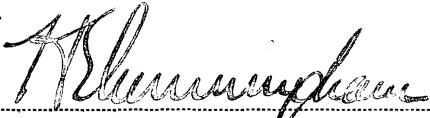

At this point, Mrs. Henrotin withdrew, after announcing that she had resigned and did not expect to attend another meeting of the Board.

On motion of Mrs. Evans, the Board unanimously extended to Mrs. Henrotin a rising vote of thanks for her distinguished services to the University while a member of the Board.

The Board adjourned.

URBANA, ILLINOIS, June 26, 1917

I certify that in the foregoing pages, numbered 329 to 347, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois, at its meeting of June 7, 1917, as approved by the Board on June 25, 1917.

.....
Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES

-OF THE-

UNIVERSITY OF ILLINOIS

June 12, 1917

The quarterly meeting of the Board of Trustees of the University of Illinois was held in the Trustees' Room, at the University, in Urbana, at 10 o'clock a. m. on Tuesday, June 12, 1917.

As there was no quorum, the Board took a recess until 4 p. m. of the same day.

AFTERNOON SESSION, JUNE 12, 1917

When the Board convened at 4 p. m., after the recess, there was no quorum, and a further recess until 4 p. m. on Wednesday, June 13, 1917, was taken.

SESSION OF JUNE 13, 1917

When the Board convened at 4 o'clock p. m. on Wednesday, June 13, 1917, there was no quorum.

LIST OF DEGREES CONFERRED

The Secretary presented for record the following list of degrees conferred at the Forty-sixth Annual Commencement:

SUMMARY OF DEGREES

(To June 30, 1917)

Degrees in the Graduate School

A.M.	78
A.M. (February 21, 1917).....	1
M.S.	54
M.S. (February 21, 1917).....	2
C.E.	8
E.E.	5
M.E.	2
Ph.D.	36

Total 186

Baccalaureate Degrees

A.B., College of Liberal Arts and Sciences.....	215	
B.S., College of Liberal Arts and Sciences.....	31	
A.B., College of Commerce and Business Admin- istration	72	
B.S., College of Commerce and Business Admin- istration	3	
B.S., College of Engineering.....	211	
B.S., College of Agriculture.....	230	
B.Mus., School of Music.....	8	
<i>Total</i>		770

Degrees in Law

LL.B.	20	
J.D.	3	
<i>Total</i>		23

Degrees in Library Science

B.L.S.	10	10
-------------	----	----

TOTAL, COLLEGES AND SCHOOLS AT URBANA.....		989
--	--	-----

Degrees in Medicine

B.S.	39	
M.D.,	49	
<i>Total</i>		88

Degrees in Dentistry

D.D.S.		38
-------------	--	----

Degrees in Pharmacy

Ph.G.	53	
Ph.C.	7	
<i>Total</i>		60

TOTAL, DEPARTMENTS IN CHICAGO.....		186
------------------------------------	--	-----

TOTAL, ALL DEPARTMENTS		1175
------------------------------	--	------

LIST OF DEGREES

(The candidates whose names are preceded by an asterisk withdrew from the University during the months of April and May, 1917, to enter on service for the national defense, the specific service having been approved in each case by the University authorities.)

COLLEGE OF LIBERAL ARTS AND SCIENCES

The Degree of Bachelor of Arts in Liberal Arts

In General Courses

(With Thesis)

Beulah Irene Agnew	William Grant Lathrop
Gerald Clifford Baker	Irene Holbrook Moore
Hubert Butler Bramlet	Harry Louis Pelzer
Viola Brooks	Mary Honora Pendergast
Julius Cohen	Mary Lucille Shay
Weastell Taylor Doe	Ethel Gertrude Stephens
Henry Wilbur Kamp	Katharine Randall Tener

(Without Thesis)

Charles Wesley Anderson	Margaret Isabelle Doherty
John Harold Armstrong	*Charles Arthur Drake
Helen Miriam Barnes	Lillian Mary Eldridge
Minnie Bartels	Eva Lillian Elliott
Sallie Catherine Battaile	Isabel Gertrude Elliott
Lillian Bertha Bean	Esther Annette Engle
Norma Elizabeth Bell	Merrill Clifford Faulk
Mabel Mae Borman	Grace Bryan Frame
Emily Maurine Bowman	Marjorie Hawkins Genson
Mabel Bowman	Maud Alberta Gibbons
Marian Cummings Boyd	Sylvia Rose Gibson
George Washington Bristow	Charlotte Deana Goldberg
Albert Willard Brown	Mabel Madellon Gooch
*Allen Brookins Brown	Birdie Wilmah Greene
Elaine Louise Buhrman	Elizabeth Pursel Hackley
Ruth Sabina Bumgarner	Chauncey Geyer Hamilton
Beulah Burrell	William Jack Hamilton
Clifford Ketchum Burton	Elizabeth Payne Harris
Josephine Kathryn Busey	Hannah Hahn Harris
Ruth Marie Caldwell	*Herbert Clarence Helm
Florence Maud Campbell	Ralph Ebner Himstedt
Natalia Margaretta Carson	*Louis Arthur Hoffman
Hung Lieh Chang	Helen Margaret Ann Hollandsworth
Thomas White Chapman	*Reid Bunn Horney
Queh King Chen	Ching Lee Hsun
Ethel Alice Collier	Edith Elizabeth Hudson
Grace Collins	Josephine Ladner Hutchison
Irvin Bliss Collins	Ralph Imes
*Edwin Linn Covey	Ruby Emma Johnson
Clare Francis Cox	Sherman Little Kelt
Mary Agnes Craigmile	*John George Estill Kipp
Mary Elizabeth Creighton	Bertha May Kirk
Opal Claree Cunningham	Nancie Klein
Maybelle May Dallenbach	Mildred Louise Klindworth

*Harry Gaylord Knox	Sampson Miles Raphaelson
Eloise Koch	Mary Rathsack
Amelia Krieg	John Corwin Reeder
Hallie Eunice Lamb	Janet Rinaker
*Howard Earl Lamb	Hedwig Elizabeth Roesner
Aloysius Francis Lenzen	Charles Morton Rundles
Madge Campbell Leslie	Florence Rutherford
Mary Sefton Linder	Gladys Deforest Saffell
Ethel Esther Little	Juanita Lorraine Sanford
Bessie Lowry	Edna Sellner
Isabelle Georgia McKinnell	Mary Beall Sheridan
Grace Erminie Madden	*Milton Gans Silver
Wing Ngui Mah	Rayna De Costa Simons
Pauline Marbold	Sebastian Solon Simpson
Cora Leone Merritt	Clara Mabel Smith
Alba Agnes Mohr	*Clarence Walter Smith
Juniata Ounita Molyneaux	Barbara Belle Smohl
Clara Adah Morey	Cynthia Eugenia Spencer
May Merboth Morgan	Raymond Arthur Sproull
Florence Louise Moss	Frank Stewart
Ruth Alice Moss	Grace Bruce Stratton
Elizabeth Adams Murduck	Faith Gretchen Swigart
Grace Mildred Murray	Robert Byron Terry
*Harold Vance Newlin	William White Thomson
Edward Sterling Nichol	Malcolm Newton Todd
Josephine Marie Nichols	William Chilton Troutman
Kura Otani	*Charles Edward Turner
*John V. Patton	Earl Charles Vedder
Harry Reed Pendarvis	Golda May Wadsworth
Nelle Perry	Harriet Edythe Wall
Lois Philbrick	Edgar Dearborn Wallace
*Leonard Sproutle Poor	Prentice Thurman Walters
J. Orin Powers	Louise Hale Waterman
Ivan Racheff	Mary Elizabeth Waterman, B.S.
Crawford John Ramsay	Ruth Carmen Weil
Grace Louise Randall	Marion Virginia Weiss
Cora Creagar Randolph	Jennie Alma Whitten
Bertha Harris Wiles	

In Household Science

(Without Thesis)

Ella Abrams	Margaret Murray Barto
Esther Mae Ackerson	Zilpha Curtis Battey
Hester Anne Allyn	Angelina Louise Brockmeier
Lalah Marie Augustus	Dorothy Sargent Brown
Margaret Helen Baldwin	Kathleen Martin Chabot
Mary Elsie Ball	Ruth Marguerite Crawford

Harriette Gabriel Dadant	Edith Anna Middleton
Helen Powers Davis	Nellie Rand Patterson
Mate Lewis Giddings	Minnie Alice Phillips
Edna Agatha Goettler	Elsie Marie Rogers
Gladys Green	Anna Ellen Sager
Marion Elsie Gregg	Dixie Howard Schumacher
Oral Vera Hess	Ruth Elma Shott
Hazel Emily Hulburd	Gladys Louise Smith
Florence Jennie Hunt	Mary Etta Teeters
Harriet Lillian James	Alpha Caroline Tornquist
Anna Zelma Elizabeth Jockisch	Lillian Ruth Weaver
Helen Bertha Keusink	Laura Elizabeth Weillepp
Ruth Moore Kincaid	Linnie Minnie West
Helen Marie Kirkpatrick	Agnes Chloe White
Helen Mynette Kiser	Vivian Justina Whiting
Ethel Lenore Ludwig	Verna Edna Wirt
Marjorie Dorothea Mann	Elizabeth Pauline Wisegarver
Helen E McCullough	Helen Ernestine Woodcock

In Medicine

(Without Thesis)

Thaddeus Lemert Montgomery	Charles Frederick Thomas
Edwin Wallace Rapp	Willard Lewis Viers
Lambertus Warmolts, Jr.	

The Degree of Bachelor of Science

(With Thesis)

In Chemistry

B Dana	George Stuart Monroe
*Earl Eugene Greenwell	Charles Shattuck Palmer
Thomas Sherman Hamilton	John A Schulz
Jin Jee Hsun	Verner Starner
George A. Huff (as of the class of 1892)	

In Chemical Engineering

Leon Adler	Adolph Walter Landstrom
Harold John Bluhm	John Frederick Lemp
Howard Marion Chiles	Harry Alexander Linendoll
Glenn Coley	Leonard Franklin Long
Leon Morton Cooper	Loyal C Maxwell
*George Henry Foster	Hubert Watson Moor
Ivar Ninus Hultman	Carl Peter Moyer
Adolph Henry Kaufmann	*John Elder Pyron
Herbert John Krase	Walter Valentine Wirth
Robert Graham Kreiling	Gan Chyo Yee

COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION

The Degree of Bachelor of Arts

(With Thesis)

Glenn Tilford Patchill

(Without Thesis)

*Hazen Lowell Albaugh	Frank Monteath Judson
Waldo Boynton Ames	*Edward Herschel King
Seiji Asai	John Louis Kohn
*Edward Springer Axline	Robert John Lascelles
Bradford Reed Battey	Szu-Kuang Li
Walter Henry Becker	Thian-Kitt Lin
*Cecil Walden Borton	Frank Allyn Logan
Paul McConley Boston	*James Forsyth McCloud
Eugene Francis Brazeau	*Scott McNulta
John Lawrence Brown	*Otis Rowe Manley
Vernon Wesley Carr	George Bernard Marx
*Francis Erle Cavette	*William Rankin Mathews
Harold Winfred Corke	Leslie Blaine Maxwell
*Irving Byron Countryman	Leo Shellabarger Mead
Carson Crofts	George William Nichol
William Stuart Cuthbertson	Chester Adam Ochs
Curtiss LaQ Day	Allen Richard Omeara
John Lester Devlin	Urban Stuart Postel
Elmer Clarence Dewey	*John Howard Powers
Louis Anthony Droste	Edwin George Roos
Donald Durfey	*Charles Henry Ruedi
Donald Allen Fay	J P Smallwood
*Casper Tyrrell Garth	Joseph Kenneth Stringer
*Raleigh Augustus Gibson	Donald Tyler Swaim
*Ralph Egley Gifford	*George S Thompson
*Henry Merritt Hager	*Russell Hopkins Thompson
Emory George Hall	Paul Keith Van Winkle
Henry Clifford Hawes	*Abner Weston Waldo
Columbus Ferrel Hayes	Margaret Magdalene Walkerly
*Lyle Wilbur Hines	Joseph Charles Walmer
Aaron Andrew Hoffman	Joseph Lafeton Whitney
Samuel Curtis Hopkins	Yin Woo
Orville Adlai Houg	*Ray James Woods
Julius Nicholai Johnson	Harold Francis Woodyatt
Walter Ortis Jones	*Arthur Tatarian Young

The Degree of Bachelor of Science

(Without Thesis)

Ju Shen Chang
 Esther Clements
 Willard Earl DeLong

COLLEGE OF ENGINEERING
The Degree of Bachelor of Science

In Architecture

Harold John Barnes	Ralph E Lawrence
*Wesley Arthur Behel	*McDonald Lovell
LeRoy Bradley	Gifford W Lutes
*James Bernard Carroll	Marion Manley
Louis Noire Crawford	*Harrison George Overend
Charles Russell Federmann	Joseph Julian Patterson
George Alonzo Ferguson	Charles Barr Rowe
John Herman Flemming	*Jasper Philip Russett
Henry L Gogerty	*Edward George Schaumberg
Frank Lyle Goldman	*Truman Jefferson Strong
Anker Sverre Graven	Ross Henry Thiele
*Dudley Emerson Jones	Karl Marshall Waggoner
Gustaf Petrus Lagergren	Chester Albert Williams

In Architectural Engineering

Dan Babcock	Roy Moore Lueder
George Charles Darrell	Curt Carl Lundeen
Ralph Ellsworth Dippell	George Willis Mahn
Warren Badger Ewer	Carl Oscar Mueller
Edmund Matthew Finn	Herbert Edward Mueller
Clarence James Gruhl	Edward Richard Mullins
Carl Albert Gustafson	William Thomas Purcell
Siegfried Irving William Hornikohl	Ralph Skancke Raaberg
*Manly Seymour Jackson	*John Gilman Ritter
Niels Alfred Knudsen	Paul Thomas Rockey
Edward Lerch	John Chauncey Sherrick
Martin Charles Levinson	*Edward Smidl
*John Taylor Lewis	George Wellington Stoddard
*Adelbert Dudley Little	Thomas Sheridan Tanner
Herman Hinman Lueder	*James Hotchkiss Ticknor
*Thomas William Tolmie	

In Ceramic Engineering

Thomas Samuel Browning	Frederick Louis Steinhoff
*Robert Mearle Chittenden	Charles Arthur Stone
James Louis Crawford	Gustave Morton Tucker
George Edward Sladek	Joseph William Wright

In Civil Engineering

Ralph Powers Brown	*Harold Leslie Derby
Duncan McEvoy Campbell	Harlan Hammond Edwards
*George Otto Consoer	Charles McKinley Ettinger
Eugene Cook	Stuart William Excell
Leonard Louis Davis	James Leslie Fox

Nicholas Gerten	Ernest Allen Olander
Arthur Edward Giertz	Victor Anthony Pecchia
Maurice Augustus Gould	*Roy Lee Peck, Jr.
Spencer Rehbock Heindel	*Benjamin Elmer Pierce
Walter August Himmelreicher	Harry Quick
Alfred Hughlyn Hunter	Ernest Ferdinand Rehnquist
George Wilson Kidd	Arthur Charles Schneider
Elmer Isidor Leander	Frederick Wood Shaw
Alfred Chang Lee	*Charles Howard Sheppard
*Lewis Harry Lehman	Thomas Elmer Stockdale
Jack Virtus Lund	James Pierce Tuthill
*Fred Christian Norlin, Jr.	*Alex Van Praag, Jr.
*Dwight Reed Norris	*Maris Hurford Vernon

Allen Center Wilson

In Electrical Engineering

Guy Baker	James Moss Ketch
Frederick Augustus Brooks	Otto Kriegl
Francis Eugene Butterfield	Alfred Nohe Lendman
Leroy Church	Sidney Joseph Lurie
Valentine Harry Dupre	Lawrence Claude MacMillan
*Vincent John Dushek	Motosaburo Murata
Donald Grover Evans	Kyoichi Nakada
*Harold Norton Felton	Moki Nakayama
Harold T Gallaher	Homer Arnold Pearson
Leslie Roy Gray	Harry Reed Pendarvis
Raymond William Gruner	Conrad Louis Pfeiffer
Myron Scott Hancock	Glenn Edward Potter
David Avery Hills	Paul Albert Raibourn
Guy Beatty Hopkins	Maurice Edwin Reagan
Hirosh Horimura	*Harvey Russell Richardson
*Lloyd Earl Hostetler	Arthur John Schoch
Zen Hsieh	Harold Henry Schroepfel
Martin Collins Hughes	Humphrey Oliver Siegmund
*Harry Lee Husson	Charn Jit Singh
*Robert Eugene Johnson	*Grover C Wilson
Paul Clifford Jones	Wei Yoh Wu

Tsao Shing Yang

In Mechanical Engineering

Guy Thomas Avery	Donald Sidney Cornell
*Edwin Franklin Barker	*Ewing Porter Daly
Edward Carl Barkstrom	*Harry Darby, Jr.
*Paul Becker	Vincent Stephen Day
Otis Edward Beers	*Herbert Buell Dutton
Drew William Castle	*Floyd Evan Evans
*Paul Stanley Conklin	William Edward Everham

Charles Abusdal Flannery	*Julien Hequembourg Needler
*Harold Greenhill	William Oscar Nelson
Julius Caesar Kerner	John Ekern Ott
Roland Hall Lawrence	*Ralph Marion Overton
*Leon Mason Lindsey	*Russell Henry Pedler
Ching Kui Lu	Rudolf Salisbury Pfeiffer
*Irwin Lytle Lummis	John Hubert Ramser
Arthur Nathaniel Lungren	James Rowe
Ralph Kenneth Mangan	*Luther Franklin Simpson
Harry Markson	*John Wesley Smith
Carl Alfred Menzel	*George Kasson Squier
William Herman Minkema	*Carl Elmer Swenson
Louis Mohr (as of the class of 1882)	Frank Macknet VanDeventer
	Andrew Chevalier Woods, Jr.

In Mining Engineering

*Charles Warren Campbell	Nelson Marvin Morris
*Thomas Fraser	Harry Hubert Porter
*Donald Charles Johns	Maurice Johnson Reed
	*Leonard Hilliard Whitney

In Municipal and Sanitary Engineering

*Edward Bringle Erickson	*Percy Wright Ott
Harry Eastman Fisher	Alfred Smart
Abraham Lincoln Golinkin	Stanley Jeremiah Thomas
George Francis Gorey	Stanton Walker

In Railway Civil Engineering

Tze-Li Chang	Robert Tollington Elliott
	José Cuba de Souza

In Railway Electrical Engineering

Earl Convis Barnes	Andrew Joseph Huber
*Leo Chrysostom Heckler	Alexander McJunkin Tower

In Railway Mechanical Engineering

*Charles M Clark	Krishna Mohan Maitra
	James Herron Westbay

THE COLLEGE OF AGRICULTURE

The Degree of Bachelor of Science*In Agriculture*

(With Thesis)

Philip Frank Davis	Carl Gooch Howard
Harry Nathan Fried	Walter Pavy James

(Without Thesis)

In Floriculture

(Without Thesis)

- | | |
|---------------------------|-----------------------|
| Eugene Sonnenberg Boerner | *Albert Harold Burger |
|---------------------------|-----------------------|

In Landscape Gardening

(Without Thesis)

Helen Dorsey Brown	Lois Greene Guild (Mrs.)
Bayard Hand Clark	Russell Leamer McKown
Milton Russell Davis	Ada Roberta Pugh, A.B.
Durbin Ralph Downey	Joe Lee Thomas, A.B.
Jan Paul Zaleski	

In Teachers' Course

(Without Thesis)

*Leo Bernard Walsh

In Household Science

(With Thesis)

Florence Thomas Stoutzenberg

(Without Thesis)

Sarah Agg	Genevieve Aron Lusk
Lucy Elizabeth Allen	Frances Pauline Mapel
Olive Matilda Anderson	Mabel Elizabeth Moore
Katherine Lois Born	Katharine Mary Moran
Flora Bernice Briggs	Harriet Leotine Postlewait
Georgia Brownfield	Coramae Quandt
Florence Helen Churton	Miriam Selina Robertson
Edna Mae Decker	Ruth Love Robinson
Viola Louise File	Mattie Alice Sense
Jessie Lucilla Fox	Nelle Lucille Simpson
Ruth Scovell Funk	Amelia Marie Sloan
Gladys Gilpatrick	Ailsie Miller Stevenson
Ruth Marie Glassco	Dorothy Stevenson
Mary Rachel Hein	Grace DeEtte Taylor
Martha Hilpert	Ruth Antoinette Weenink
Laura Clark Holmes	Elizabeth Weinberg
Frances Beulah Jones	Adelaide Cynthia Wheeler
Florence Ellen Kern	Marion Kingsley White

THE SCHOOL OF MUSIC

The Degree of Bachelor of Music

(With Thesis)

Frieda Emma Alvina Block	Sela Isabel Paisley
Kathryn Eleanor Browne	Stella Rebecca Percival
Helen Beulah Clarke, A.B.	Hedwig Elizabeth Roesner
Mary Fern Johnson, A.B.	Fay Wood Swartz

THE COLLEGE OF LAW

The Degree of Bachelor of Laws

Lloyd Bradley	Virgil Henry Duvall, A.B. (<i>University of North Dakota</i>) 1915
*William Carl Choisser	
Sterling Ross Cunningham	Michael Joseph Faletti

*Raymond Lorimer Grantz	*Donald Romain Moffett
John Leon Hanmore	William Raymond Morrison
William Rutledge Harris, A.B. (<i>Lombard College</i>), 1914	*Ernest Howard Pool, A.B., 1915
Paul Henry Heineke	*Guy Benjamin Reno, A.B., 1915
*Robert Earl Hill	*Earl Bruce Simpson
Albert Bernard Holecek	Vernon Thompson Stevens, A.B., 1915
*Russell Brooke Liedel	*Craig Van Meter
	*William Erastus Wheeler, Jr.

The Degree of Doctor of Law

*Essel Ray Dillavou, A.B., 1915	Leslie Godfrey George, A.B., 1915
	Benjamin Wham, A.B., 1915

THE LIBRARY SCHOOL

The Degree of Bachelor of Library Science

(Without Thesis)

Wintress Brennan, A.B., 1914
 Ella Seaver Campbell, A.B. (*Morningside College*), 1913
 Lillie Cilley, A.B. (*Grinnell College*), 1914
 Florence Margaret Craig, A.B. (*University of Minnesota*), 1914
 Florence Hawley Crouse, A.B. (*Tulane University*), 1910
 Ruth Edith Hammond, A.B. (*Drury College*), 1914
 Nellie Marie Signor, A.B., 1912
 Cena Lavina Sprague, A.B. (*University of North Dakota*), 1913
 Jessie Beatrice Weston, Ph.B. (*University of Chicago*), 1907
 Lois May Woods, B.L. (*University of California*), 1915

THE COLLEGE OF MEDICINE

The Degree of Bachelor of Science

(Conferred June 9, 1917, in Chicago)

Clifford Oakley Armstrong	John William Hilbert
David Solomon Beilin	Orion Chester Jones
Walter Joseph Connell	Everett Clyde Kelly
Winfred Petersen Dana	Herman Benzion Kipnis
Ida Eby, A.B.	Samuel Azor Levinson
Max Eleazer Fisch	Morris Marcus
Nathan Henry Fox	William Alexander Malcolm
John Howden Fraser, M.S.	Gertrude Evelyn Moulton, A.B.
Wayne Bernard Granger, A.B.	Robert Rowland Mustell
Jacob Rachmial Greenfield	Hugh Stanley McGuinness
Alice Kassie Hall, A.B.	Clara Marie Ochs
Harlow James Hanson, B.S.	Francis Piaseczynski
Paul Milton Hardinger	Duane Willard Propst, A.B.
Arthur Justin Godtfred Henderson, A.B.	William Turner Rogers
	Harry Louis Rosenburg

Joseph Andrew Schachter
 Elmer Jacob Schmidt
 Paul Louis Schroeder
 Herbert Milton Tharp
 Metodi Velitchkoff

Emil Vrtiak
 Louis Francis Waldmann
 George Lynn Weaver
 Clarence Leonard Whitmire
 Earl Willbre Williamson

The Degree of Doctor of Medicine

(Conferred June 9, 1917, in Chicago)

*Victor Scott Armstrong, B.S.
 Harry Webb Benjamin, B.S.
 *Maurice Aurelius Berge
 *William Armstrong Byrnes
 Herbert Chapman Carothers
 Howard E. Curl, A.B.
 Louis Paul Dame
 Shakir Elias Far
 Sixto Acosta Francisco
 Virgil Martha Gilchrist, B.S.
 *Waldo Emerson Golden, A.B.
 Samuel Golub, B.S.
 Calton Barney Grissom
 Basil Orman Hartwell
 *Gustav John Hildebrand
 Harold Hershal Hughart
 *Louis Iverson
 *James Robinson Jeffrey, Jr.
 Martin Bushnell Jelliffe
 Morris Baron Karatz
 Harvey Louis Langlois, A.B.
 Samuel Brody Leiser
 Count Rochambeau Lovellette
 Hartley Farnham Mars, Ph.C.
 Leon Wade Martin, Ph.C.

Edwin Ralph May
 Henry James McCoy
 *Edward Charles Meggers
 Lincoln Harrison Norwood
 Clarence Willard Olson
 Isadore Pilot
 Rudolph Charles Radabaugh, B.S.
 Rafael Alpuche Ramos
 James Henry Ray
 Hallace Rector Royster
 Spero M Salpas
 George Edward Sanders, B.S.
 Herbert Victor Louis Sapper, B.S.,
 A.B.
 Frank Joseph Sauer
 Harry Sered
 James Craig Small, B.S.
 James Stevenson
 Armand Kredell Sutch
 Newman Marion Sykes, B.S.
 Adam Leo Szwajakart
 *James Russell Thomas
 Edmund Amos Welden
 Mary Edith Williams, A.M.
 Frank Wojniak

THE COLLEGE OF DENTISTRY

The Degree of Doctor of Dental Surgery

(Conferred June 9, 1917, in Chicago)

Sanford Anderman
 Martin Rudolph Anderson
 William Glen Baird
 Edgar Graham Beane
 Cecil Raymond Conroy
 John Lewis Dolson
 Egner Amandus Eklund
 John Henry Felz

Harry Vier Franklin
 Charles Francis Franzwa
 Lee Carlton Hibbard
 Dean Elbert Ihde
 Joseph Edward Jaros
 Frank Alfred Jarrett
 Hiroshi Kawamura
 Kenneth Mason Kern

Wauclau Howard Kubacki	Paul James Secrest
Carl Lee	Victor James Shalek
Richard Grant Lincoln	Robert Isadore Sherman
Harral Richard Johnson	Burne Olin Sippy
James Dwight Mershimer	Barnett Quillen Smith
James Lee McClurkin	Lee Abraham Tark
Charles Anton Nemecek	Leslie George White
John Michael Oelschlager	Harry Winsberg
Theodore Charles Ostrowski	George Lester Weir
Edward Allen Rubin	William Benjamin Wynkoop
Albert Francis Schiltz	John Francis Wilson

THE SCHOOL OF PHARMACY

The Degree of Pharmaceutical Chemist

(Conferred June 9, 1917, in Chicago)

Ednah Blanche Anderson	Harry Hlia Latsis
Ernesto Vazques Benedicto	Leo Harold Shapiro
Samuel Solman Kaplan	Irvin Miles Slepicka
Ralph Rickey	Thoroman

The Degree of Graduate in Pharmacy

(Conferred June 9, 1917, in Chicago)

Oliver Toby Agdesteen	William James McDonald
Benjamin William Altstaedt	Walter Thomas McGinnis
Corydon Aephalia Babbitt	Bruce Scott Marshall
Arthur M Bakkers	James Edwin Melvin
Charles Bidwell	Vincent Robert Menella
William Bloch	Carl Theodore Miller
Irwin Bloom	Herbert Leonard Neumann
Reuben Roy Borovik	Hiram Vanderbilt Nichols
Guillermo Calderon	Bernice Antoinette Ostrowski
Carl Bernhard Christiansen	Alice Eliska Pelikan
James Joseph Chochola	Emil Paul Rauschert
Charles Percival Datz	Garnsie H Robinson
Russell Lowell Dillow	Miguel Angel Roman
John Patrick Downey	Rudolph Johannes Schobert
Hattie Adela Dyniewicz	Lyle Albert Seibert
Ferdinand John Feigl	Dayle Albert Snyder
Alphonse Ferring	Edward Diedrich Steffen
Benjamin Goldman	Perrie Clayton Still
Carl Francis Haffner	Omar Harwell Whittington
Grant Henry Heidbreder	Charles Harvey Wilson
Clement Jordan	Vincent Andrzejczyk (Class of 1916)
Richard Marshall Kaminski	James Francis Bradley (Class of 1916)
Oscar Ludvick Lundgren	

Anna Belle Brummall (Class of 1916)	Domingo Poli (Class of 1915)
Victor Elmer Erickson (Class of 1916)	Young Rey (Class of 1915)
Orazio Mazzei (Class of 1916)	Walter Alanson VanderBogart
Mark Eldon Neville (Class of 1915)	(Class of 1915)
Richard Van Kempema (Class of 1916)	

THE GRADUATE SCHOOL

The Degree of Master of Arts

In Botany

Chi Nyok Wang, A.B. (*Mount Holyoke College*), 1916

In Chemistry

Cecil Wayne Boyle, A.B. (*DePauw University*), 1910
 Ralph Hipple Dean, A.B. (*Lake Forest College*), 1916
 Herbert Ephraim French, A.B. (*Morningside College*), 1915
 Ralph William Hufferd, A.B. (*Washington University*), 1915
 Louis Jordan, A.B. (*Bates College*), 1915
 Margaret Campbell Perry, A.B., 1915
 Lloyd Hilton Reyerson, A.B. (*Carleton College*), 1915
 James Keel Reed, A.B. (*Butler College*), 1915
 Helen Updegraff, A.B. (*Cornell University*), 1915
 Lansing Sadler Wells, A.B. (*University of Montana*), 1915
 Leonard Francis Yntema, A.B. (*Hope College*), 1915

In Classics

Miriam Cynthia Akers, A.B. (*Illinois College*), 1916
 Dorothy Lucile Cuthbert, A.B., 1916
 Maud Katharine McLaughlin, A.B. (*Knox College*), 1909
 Ethel Ruth Murray, A.B. (*Morningside College*), 1909
 Adolph Frederick Pauli, A.B., 1916
 Gwladys Ellen Roberts, A.B. (*Hanover College*), 1916
 Rachel Louise Sargent, A.B. (*Bates College*), 1914

In Economics

Ethel Louise Bedient, A.B. (*Albion College*), 1916
 Pembroke Holcomb Brown, A.B., 1915
 Tso Chang Hao, A.B., 1916
 Paul Kenneth Knight, A.B., 1916
 Goro Mikami, B.C.S. (*Waseda University*), 1912
 Kenneth Dwight Ross, A.B., 1916

In Education

Harriett Josephine Berninger, A.B., 1915
 Roy Lefevre Davis, A.B., A.M. (*Illinois Wesleyan University*), 1915, 1916
 Bruce Quin Hoskinson, A.B. (*Union Christian College*), 1905, A.B., 1916
 Lester Seaman Jones, B.S. (*Northwestern University*), 1905
 Leslie Ray Marston, A.B. (*Greenville College*), 1916

Charles Dickens Lewis, B.Pd. (*University of Kentucky*), 1901
Samuel Jay McComis, B.L. (*Berea College*), 1915
Thirza May Pierce, A.B., 1911
Albert Merritt Santee, A.B., 1916

In English

Mildred Barnes, A.B. (*Vassar College*), 1912
Frank Warren Clippinger, A.B. (*Wabash College*), 1916
Beatrice Virginia Copley, A.B., 1915
Alice Mary Doane, A.B. (*Earlham College*), 1914
Lucy Ray Foster, Ph.B. (*Syracuse University*), 1908
Elizabeth Leah Fullenwider, A.B. (*James Millikin University*), 1916
Marcus Selden Goldman, A.B. (*Miami University*), 1916
Vera Elizabeth Jordan, A.B. (*Drake University*), 1909
Mac E Leach, A.B., 1916
Mary Esther Pfeil, A.B., 1908

The University Gold Medal has not been awarded.

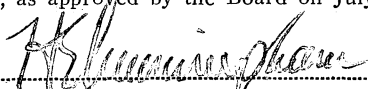

THE HAZELTON GOLD MEDAL

Arthur Nicholas Lies

The Board adjourned.

URBANA, ILLINOIS, July, 18, 1917

I certify that in the foregoing pages, numbered 349 to 373, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at its meeting of June 12, 1917, and at the adjourned session of June 13, 1917, as approved by the Board on July 17, 1917.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
—OF THE—
UNIVERSITY OF ILLINOIS

June 25, 1917

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Monday, June 25, 1917, pursuant to the following notice which was sent out by the Secretary on June 19, 1917:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, at 12 o'clock noon, on Monday, June 25, 1917, to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson.

President James was present; and also, during part of the afternoon, Professor James M. White, Supervising Architect.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of June 7, 1917.

On motion of Mr. Carr, the minutes were approved as printed on pages 329 to 347, above.

TRANSFER OF TREASURER'S FUNDS

Mr. Ward presented for the Finance Committee a report from Arthur Young & Company, Certified Public Accountants, concerning the amount of money to be transferred by Mr. H. S. Capron, formerly Treasurer, to Mr. E. D. Hulbert, now Treasurer. (See page 329.)

Hon. W. L. Abbott, President, Board of Trustees, University of Illinois

DEAR SIR:

In compliance with your request we hereby certify that the amount of Cash turned over by the late Treasurer, Hazen S. Capron, to E. D. Hulbert,

Treasurer, according to the books of the Business Office of the University, was \$405,494.10, and that, subject to our comments following, this amount is correct.

At April 14, 1917, the date at which the transfer of the funds took place, Mr. Capron still had in his hands \$6,632.76 reserved to cover Warrants issued by the University which had not been presented for payment. Between April 14 and May 1, 1917, Warrants aggregating \$5,200.12 had been presented, leaving a balance in Mr. Capron's hands of \$1,432.64.

Included in the still outstanding Warrants are several drawn between the years 1904 and 1915 which antedate Mr. Capron's term as Treasurer, and in aggregate amount to about \$400. The funds to cover these and other then outstanding Warrants should, after a reasonable interval, be turned over to Mr. Hulbert.

The 2% interest to be paid on Mr. Capron's daily balances has been computed each month and credited to the General Fund of the University. The interest computations have been based on the usual banking method of allowing 360 days to the year and the total credited to the University's account for interest is \$13,083.91.

Using the factor adopted by the bank for calculating the interest, the correct amount payable is \$12,977.02 or \$106.89 less than the amount paid over, the overpayment being due to an error in calculating the interest for September, 1916. The factor used for the bank is, however, too contracted to allow of accurate calculation in dealing with such large figures as are involved, and if the 360 days basis is the proper one to adopt, the actual interest due the University is \$13,108.10 or \$24.19 more than the amount paid over.

It is open to question, however, whether the interest payable by the Treasurer should not be based on 365 days to the year and the interest on this basis amounts to \$12,928.54 or \$155.37 less than the amount paid by him.

In our opinion, if it was specifically understood that the bank method was to be used in arriving at the interest to be paid, Mr. Capron owes the University \$24.19. If no specific understanding was arrived at, Mr. Capron has paid the University \$155.37 more than he was required to turn over. There will be a further small amount of interest on the unexpended balances due when Mr. Capron's account is finally closed out.

We attach statements of the Cash Accounts at April 14, 1917; Hazen S. Capron, Treasurer's Account at May 1, 1917; and interest calculations showing how the figures quoted above are arrived at.

Yours faithfully,

ARTHUR YOUNG & Co.

December	8,830,765	12,441,068	
	<u>\$59,256,290</u>	<u>\$132,041,712</u>	<u>\$44,647,779</u>
			<u>\$235,945,781</u>

Bank's method of calculation—

$$2 \div (360 \times 100) = .000055 \times \$235,945,781 = \$12,977.02$$

Bank's method using more extended factor—

$$2 \div (360 \times 100) = .0000555555 \times \$235,945,781 = \$13,108.10$$

365 day method—

$$2 \div (365 \times 100) = .00005479452 \times \$235,945,781 = \$12,928.54$$

The Chairman of the Finance Committee was requested to ascertain the practise of the State Treasurer in computing interest, to settle with Mr. Capron on that basis, and to report at the next meeting of the Board.

TOOL HOUSE AND FARM HOUSE

Mr. Hoit reported that the Committee on Agriculture had voted to recommend the construction of the agronomy tool house and farmhouse, and the extension of the University water system and electric wiring to these buildings (see page 332) provided there are sufficient funds to pay for the work.

Action on this matter was deferred.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board proceeded to the consideration of the following matters submitted by the President of the University.

CONTRACT FOR AVIATION SCHOOL

(1) Articles of agreement between the Signal Corps of the United States Army of the first part and the University of Illinois of the second part for the purpose of providing, equipping, and maintaining a School of Military Aeronautics.

SCHOOLS DIVISION

WAR DEPARTMENT

OFFICE OF THE CHIEF SIGNAL OFFICER

WASHINGTON

June 19, 1917

MEMORANDUM FOR SCHOOLS:

*Attention, Commandant, School of Mil. Aero.,
University of Illinois, Urbana, Ill.*

1. Enclosed is a copy of contract for tuition for fiscal year 1917. This contract merely provides for payment from the time that the first student arrives at the school until the 30th day of June. You will explain to the University authorities that this is the case and we believe it advisable to accept the contract as it is as the payment of money will be greatly expedited. You will then take up the question for the contract for the fiscal year 1918, submitting to us any changes that the University may desire in regard to the new contract.

2. This first contract is to be made up as all Army contracts are, and

as soon as signed by the University authorities it should be forwarded to the Department Signal Officer for execution.

FRANK C. PAGE

*Captain, Signal Corps, U. S. R.
Act. Dir. Sch. Mil. Aero.*

[CONTRACT]

SIGNAL CORPS, UNITED STATES ARMY

THESE ARTICLES OF AGREEMENT, entered into this 21st day of May, nineteen hundred and seventeen, between.....Signal Corps, United States Army, of the first part, and.....in the county of Champaign, State of Illinois, of the second part, WITNESSETH, that the said.....Signal Corps, United States Army, for and in behalf of the United States of America, and the said.....(hereinafter designated as the contractor) do covenant and agree, to and with each other, as follows, viz.:

ARTICLE I. The contractor shall provide, properly equip and maintain, at Urbana-Champaign, Illinois, a school of military aeronautics of sufficient size to enable the adequate ground training thereat of at least two hundred (200) students at a time.

ARTICLE II. The contractor shall provide at the school a sufficient number of competent instructors to give lectures, demonstrations, and other instruction, on the following subjects: "Aeronautical Motors," "Theory of Flight," "Cross Country and General Flying," "Aerial Observation," "Gun-nery," "Signalling and Radio," "Infantry Drill," "Calisthenics."

ARTICLE III. The contractor shall, during the period commencing May 21, 1917, and ending June 30, 1917, give ground training in the subjects mentioned in Article II to officers and enlisted men of the Aviation Section, Signal Reserve Corps, designated for such training by the Signal Corps, in accordance with such regulations relating to the schedule of training and instruction for enlisted men in schools of military aeronautics as may be issued by the Office of the Chief Signal Officer from time to time.

ARTICLE IV. That for and in consideration of the faithful performance of the stipulations of this contract, the contractor shall be paid at the office of the contracting officer for all services rendered in conformity with the requirements of this contract, compensation as follows, for each student instructed in behalf of the Signal Corps: Ten (\$10.00) Dollars per week for each of the first four weeks' instruction and Five (\$5.00) Dollars for each succeeding week of instruction, PROVIDED, That in no case shall the total compensation for each student be more than Sixty-five (\$65.00) Dollars.

For each student found unsatisfactory, or relieved for any reason before the completion of the course, payment shall be made at the rates above specified, for the number of weeks' instruction actually rendered, up to and including the day of his release.

ARTICLE V. The contractor shall at all times cooperate to the best of his ability with the officer of the Signal Corps detailed as commandant at the school, and shall endeavor to fulfill the above stipulations in a manner best calculated to coincide with the wishes of the Signal Corps.

ARTICLE VI. The contractor shall permit representatives of the United States to be present at the school at any and all times to witness instruction and work; to inspect and examine all equipment, and to pass upon its fitness; and to examine and verify all records, in connection with the services and instruction to be performed under this agreement.

ARTICLE VII. The United States reserves the right to determine the adaptability of students for instruction in ground training, and at any time may withdraw such students as in the judgment of authorized representatives of the Signal Corps do not appear to possess the necessary aptitude.

ARTICLE VIII. That the contractor frees the Government from all damage, loss, or destruction of equipment belonging to the contractor by students during the course of instruction and tests.

ARTICLE IX. That in case of the failure of the said contractor to provide the facilities, equipment, and personnel above specified, on or before June 15, this contract in the discretion of the Signal Corps may be declared null and void.

ARTICLE X. The contractor further agrees to hold and save the United States harmless from and against all and every demand, or demands, of any nature or kind for, or on account of, the use of any patented invention, article, or process included in work to be done under this contract.

ARTICLE XI. Neither this contract nor any interest herein shall be transferred to any other party or parties, and in case of such transfer the United States may refuse to carry out this contract either with the transferer or the transferee, but all rights of action for any breach of this contract by said contractor are reserved to the United States.

ARTICLE XII. No member of, or delegate to Congress, nor any person belonging to, or employed in, the military service of the United States, is or shall be admitted to any share or part of this contract, or to any benefit which may arise therefrom. However, if this contract is made with an incorporated company, this stipulation, so far as it relates to members or delegates to Congress, is not to be construed to extend to this contract.

ARTICLE XIII. That it is expressly agreed and understood that this contract shall be non-effective until an appropriation adequate to its fulfillment is made by Congress and is available.

ARTICLE XIV. That this contract shall be subject to approval of the Chief Signal Officer, United States Army.

IN WITNESS WHEREOF, the parties aforesaid have hereunto placed their hands the date first hereinbefore written.

Witness:

.....as to	 <i>Signal Corps, U. S. Army</i>
.....as to		
VERGIL V. PHELPS	as to	EDMUND J. JAMES
E. J. FILBEY	as to	<i>President of the University of Illinois, for the Board of Trustees of the University of Illinois</i>
APPROVED.....191....	 <i>Brigadier General C. S. O.</i>

On motion of Mr. Carr, this contract was accepted, and the President of the University was authorized to enter into the articles of agreement in behalf of the University.

USE OF WOMEN'S RESIDENCE HALL

(2) The following statement:

Aside from the provisions of the articles of agreement above given, it will be necessary for the University to provide some means of housing and feeding the members of the School of Aviation.

The Government desires that these students, as far as possible, should live in the same house and be fed in the same building as the one used for their quarters. The Inspector of Aviation Schools did not approve the use of either the Old or the New Armory as a place to house and feed these students. He is also opposed to the erection of barracks similar to those used at the cantonments. He was of the opinion that the Aviation School would have the two hundred described as the minimum, and that probably the Government would ask the University to accept additional students. It would be necessary, therefore, if the University is to fulfill these requirements, to have a building large enough to house from two to three hundred students, and adequately equipped for feeding such a number, and free from any hazardous fire risks. The University would be expected to furnish these quarters without charge, but the Government will allow \$1.00 a day for rations for each student during the time he is present in the School.

It will be seen that it is quite impossible to hazard a guess as to what the real expense to the University of conducting such a School will be, but it would seem that, owing to the relation of the University to the Federal Government, it could not very well avoid, even if it desired to do so, an attempt at any rate to comply with the requests of the Federal Government in this matter.

On motion of Mr. Ward, the President of the University was authorized to take such steps as may satisfy the requirements of the Federal Government, including, if in his judgment it be necessary, the assignment of the Women's Residence Hall to house the members of the School of Military Aeronautics; and he was authorized also to organize a commissary department to take care of the feeding of the men, and to make such appointments as may be necessary in order to carry out this provision.

Mr. Blair requested to be recorded as voting "No" on the assignment of the Women's Residence Hall for this purpose.

BIDS ON MUSIC AND EDUCATION BUILDINGS

(3) A schedule of bids received on the Smith Music Building and the Education Building, with estimates of the total cost of both of these buildings based on the bids submitted, and of completing the Women's Residence Hall.

Professor White explained these bids in detail.

SCHEDULE OF BIDS, GENERAL CONTRACT

<i>Contractor</i>	<i>Education Bldg.</i>	<i>Smith Bldg.</i>	<i>Combined Bid</i>
English Bros., Champaign	\$151,000	No bid

SMITH MUSIC BUILDING

On motion of Mrs. Busey, the Supervising Architect was instructed to proceed with the construction of the Smith Music Building and to award contracts to the lowest bidders to the amount of \$215,000. The vote was as follows: Aye, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; no, none; absent, Mrs. Henrotin, Mr. Lowden, Mr. Trevett.

COMPLETION OF WOMEN'S RESIDENCE HALL

On motion of Mr. Carr, the sum of \$70,000, or so much thereof as may be necessary, was appropriated for the completion of the Women's Residence Hall, and the Supervising Architect was authorized to award contracts for this work. The vote was as follows: Aye, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; no, none; absent, Mrs. Henrotin, Mr. Lowden, Mr. Trevett.

EDUCATION BUILDING

On motion of Mr. Blair, the sum of \$220,000, or so much thereof as may be necessary, was appropriated for the construction of the Education Building, and the Supervising Architect was authorized to award contracts for this work. The vote was as follows: Aye, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; no, none; absent, Mrs. Henrotin, Mr. Lowden, Mr. Trevett; present, but not voting, Mr. Abbott.

MILITARY TRAINING AND UNIFORMS

(4) A statement concerning military drill, instructors, and uniforms for the coming academic year.

As the Federal Government has indicated its intention not to appoint for service at any of the land grant colleges any active officer or any retired officer of the Federal Army who is able to do active service either on land or sea, it is necessary for the University to make some disposition of the work of the military training of its students for the coming year.

This involves finding suitable officers, making arrangements and contracts for uniforms, including hats and shoes, and providing material and stores if the Federal Government should not send us anything.

The Federal Government agreed to provide uniforms. It is now evident that it will not be able to do so. The proper course of action for the Federal Government of course would be to pay the University the actual price of the uniform which the students would have to purchase. It does not seem likely, however, that the Federal Government will do this. It will probably offer, as a commutation, a certain sum (from twelve to fifteen or sixteen dollars) which would be fully twelve or fifteen dollars less than the actual cost of the uniform, considering the present prices, if they have to be purchased from outside contractors.

I recommend that the President of the University be authorized to employ officers to conduct the military work of the coming year either from acceptable men on the retired list of the Federal Army or National Guard, or men from the retired lists of the Canadian, English, or French forces; and that the Comptroller of the University be authorized to enter into a contract for the purchase of uniforms similar to the contracts which have been in force hitherto; that students be required to deposit on registration the

full price of the uniforms called for under this contract; that a rebate of the amount which the University actually receives from the Federal Government on account of the uniforms be paid to each student; and that otherwise the military regulations be continued in force as hitherto.

On motion of Mr. Blair, these recommendations were approved.

SITE FOR MCKINLEY HOSPITAL

(5) A statement that it appears from the present outlook that it will be impossible to carry out the plan approved by the Board for the transfer of the athletic interests from the present athletic field to the new field lying along the Illinois Central Railroad, and that because of this impossibility of transfer on account of the lack of the necessary funds, the location approved by the Board for the McKinley Hospital will not be available.

No action was taken on this matter.

INCIDENTAL FEE FIXED AT \$15

(6) A statement that the income of the University for the next two years would probably be considerably diminished, and that the income from student fees would undoubtedly decline. The total amount appropriated in the bill now before the Legislature is \$4,800,000 instead of \$5,000,000. The increase in running expenses, however, will be very marked. Wages must be increased; the price of materials has advanced enormously. The cost of chemicals, for example, has in some cases risen a thousand per cent, and the prices of all kinds of materials used by the University are mounting rapidly. I think it would be entirely proper for the Trustees to advance the incidental fee from \$12 a semester to \$15 a semester.

During the presentation of this matter, Mr. Blair withdrew.

On motion of Mr. Carr, the incidental fee was fixed at fifteen dollars a semester, to be effective September 1, 1917.

HOSPITAL BILL FOR MR. JASPER DILLON

(7) A letter from Professor Herbert W. Mumford recommending that doctors' bills to the amount of \$60 be paid in favor of Jasper Dillon, a farm laborer on the south farm. This bill was occasioned by injuries resulting from an accident while Mr. Dillon was at work on the south farm. He has been paid full-time wages for two months and is now at work again.

On motion of Mr. Carr, the President of the University was authorized to order the payment of this bill if in his judgment it be justified. The vote was as follows: Aye, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; no, none; absent, Mr. Blair, Mrs. Henrotin, Mr. Lowden, Mr. Trevett,

FEE IN HOUSEHOLD SCIENCE 22

(8) A recommendation of the Council of Administration that a fee of \$5 be established for the summer session course in Home Nursing and First Aid, known as Household Science 22.

On motion of Mrs. Evans, this fee was established.

SEMI-CENTENNIAL CELEBRATION POSTPONED

(9) A report made by the Committee on Publications of the Semi-Centennial Celebration Committee, consisting of Professor H. S. V. Jones, chairman, Professors H. W. Mumford, H. H. Stoek, and E. W. Washburn, and Mr. H. E. Cunningham. This report contains a recommendation that the University enter on a somewhat elaborate scheme of publications of valuable scientific works in connection with the celebration of the Semi-Centennial Anniversary of the opening of the University. The report is a most thoro and valuable one, and under other circumstances should certainly be approved.

On motion of Mr. Ward, the celebration of the Semi-Centennial was postponed until a more favorable date, and the President of the University was authorized to make such adjustments in agreements and contracts as may be necessary to carry out this resolution.

DEGREES FOR MR. I. B. OLIN AND MR. HARRY WILEY

(10) A recommendation of the University Senate that the degree of Bachelor of Arts be conferred at the end of the summer session on Mr. Irwin Blaine Olin (College of Commerce and Business Administration); and that the degree of Bachelor of Science be conferred on Mr. Harry Wiley (College of Engineering).

On motion of Mrs. Evans, this recommendation was approved.

CHANGES IN LABORATORY FEES

(11) A recommendation from the Council of Administration for certain changes in laboratory fees necessitated by the dropping, extension, shortening, and addition of courses.

June 20, 1917

Dr. Edmund J. James, President,

DEAR MR. PRESIDENT:

At its meeting of June 19, 1917, the Council of Administration voted to recommend to the Board of Trustees the approval of the following changes in laboratory fees proposed by the heads of the several departments concerned, and recommended by the deans of the colleges to which those departments belong. All these changes are in the nature of minor adjustments to changes in the organization or method of work in the several departments; no question of new policy is involved.

Bacteriology 1, \$6 (new)

Bacteriology 5a, \$7.50, to be omitted

Bacteriology 20, \$7.50, to be substituted for Bacteriology 19, \$7.50

Chemistry 1a, \$4, instead of \$6
 Chemistry 5d, \$10, to be omitted
 Geology 17, \$1, to be omitted
 Geology 40, \$1, to be omitted
 Household Science 14, \$8, instead of \$5
 Architecture 13, \$1, to be omitted
 Architecture 14, \$1, to be omitted
 Architecture 15, \$1, to be omitted
 Architecture 16, \$1, to be omitted
 Ceramics 5, \$7.50, instead of \$5
 Ceramics 6, \$7.50, instead of \$5
 Ceramics 18, \$2 (new)
 Ceramics 19, \$5 (new)
 Ceramics 102, \$5, (new)
 Ceramics 103, \$8 (new)
 Ceramics 105, \$8 (new)
 Civil Engineering 13a, 50c, to be omitted
 Civil Engineering 13b, 50c, to be omitted
 Physics 27, \$2, in place of Physics 24, \$2

Sincerely yours,

THOMAS ARKLE CLARK

Secretary, Council of Administration

On motion of Mr. Hoit, these recommendations were approved.

DOCUMENTS IN THE BOARD FILES

(12) A list of documents in the files of the Secretary of the Board of Trustees.

The Secretary was authorized to print a list of the more important of these documents and to distribute the others among the files of the appropriate years, and was directed to continue to keep a convenient and thoro calendar of all papers in his possession.

GOLF CLUB DUES

(13) A recommendation that the dues of the University Golf Club for the summer session be fixed at two dollars.

This recommendation was approved.

SMITH SCHOLARSHIP FOR MISS HAZEL MILLER

(14) A request from Captain Thomas J. Smith that Miss Hazel Miller be granted a Smith Scholarship in Music for the coming academic year.

On motion of Mrs. Evans, this request was complied with and the scholarship was granted.

UNIVERSITY EXEMPT FROM STATE PRINTER LAW

(15) A letter from the Secretary of the Board enclosing an opinion of Attorney General Brundage to the effect that the University is not subject to the State Superintendent of Printing.

May 22, 1917

President Edmund J. James, University of Illinois

DEAR MR. PRESIDENT:

I am enclosing herewith an opinion of Attorney General Brundage. This opinion seems to dispose rather thoroly of the contention that the University of Illinois is subject to the State Superintendent of Printing.

Sincerely yours,

H. E. CUNNINGHAM

Secretary

[OPINION]

January 25, 1917

*State Matters:**Printing for University of Illinois**Hon. Andrew Russel, Auditor of Public Accounts, Springfield, Illinois*

DEAR SIR:

I am in receipt of your letter of January 22, 1917, in which you enclose voucher executed by the University of Illinois in favor of the Graham Paper Company, in the sum of \$2761.23, covering paper furnished said University. You ask for my opinion as to whether or not the University of Illinois is authorized to purchase supplies of this nature, or whether such supplies come under the requirements of an act entitled, "An act to revise the law in relation to State contracts," approved June 22, 1915.

You also make reference to the contention that the University of Illinois is not a part of the State government, and that for this reason it is exempt from the requirements of this and similar laws.

You further direct attention to the fact that there is an item of discount which will be allowed if the voucher is paid within thirty days of its date, that is to say, before February 1, 1917.

In view of the necessity for prompt action with reference to the specific matter as to which you ask my advice, I shall not undertake at this time to consider fully the broad question submitted as to the relation of the University of Illinois to the State Government.

As to this voucher, however, and as to purchases of a similar nature which may be made prior to July 1, 1917, I will say that I have considered the act of June 22, 1915, above mentioned (Sess. L. 1915, p. 672) the act making appropriations for the University of Illinois, approved June 28, 1915, (Sess. L. 1915, p. 58), and the act of June 29, 1915, providing for the ordinary and contingent expenses of the State Government (Sess. L. 1915, p. 200; particularly see pars. 9th and 10th, p. 207).

It is my opinion that the University of Illinois was authorized to purchase these supplies, and that it is proper that this voucher should be paid out of its appropriation for contingent expense.

I think it is clear from the examination of the statutes to which I have referred that it was not the intention of the legislature to place upon the University of Illinois the limitations with reference to printing and the pur-

chase of stationery and printing paper, which are provided in the act of June 22, 1915, revising the law in relation to State contracts.

Section 60 of the act provides:

"All appropriations made by the General Assembly for printing, binding, printing paper, cover paper, and other paper and stationery, respectively, shall be made to the Superintendent of Printing * * * *. Such appropriations shall specify, separately for each office, board, commission, institution, or department, the maximum amount such office, board, commission, institution, or department shall be entitled to for printing, binding, printing paper, cover paper, and other paper and stationery, respectively. No officer, board, commission, institution or department shall be entitled to any printing, binding, printing paper, cover paper, or other paper, or stationery, respectively, in excess of the amount appropriated for such respective purposes for each respective public authority."

No appropriation was made to the Superintendent of Printing for the use of the University of Illinois.

Section 1 of the act brings within the scope of the provisions of the act:

"* * * * The stationery and printing paper furnished for the use of the State, the copying, printing, binding, and distributing the laws and journals, and all other printing ordered by the General Assembly."

The legislature in the appropriation to the Superintendent of Printing for the purchase of printing paper and stationery limited the appropriation to "printing paper and stationery for the use of the General Assembly and the executive departments."

These and other considerations lead me to the conclusion that in procuring printing and printing supplies, the University of Illinois is not subject to the requirements of the act to revise the law in relation to State contracts, approved June 22, 1915.

I am returning, herewith, the voucher enclosed by you, executed by the University of Illinois in favor of the Graham Paper Company for said sum of \$2761.23.

Very respectfully,

EDWARD J. BRUNDAGE

Attorney General

This report was received for record.

DEGREES TO BE CONFERRED IN AUGUST

(16) A letter from the Clerk of the Senate concerning degrees to be conferred at the end of the summer session:

June 21, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate, at its meeting of June 4, 1917, voted to recommend to the Board of Trustees that degrees be conferred as follows at the close of the Summer Session of 1917, subject to the completion of the requirements specified in each case.

This recommendation is made under the new provision for the con-

ferring of degrees in August, October, and February, as well as in June, which was approved by the Board of Trustees on December 14, 1916.

A. B. in General Course

Alice Nona Armstrong—2 hours in mathematics needed for a major and 4 hours elective.

Josephine Dodds—Rhetoric 3—3 hours, Education 1—4 hours, Mathematics 4—2 hours.

James Martin Johnston—Withdrew April 23, at which time he was doing successful work in the following courses: Economics 2, Chemistry 9c, Chemistry 14b, Chemistry 92b, Zoology 5, Zoology 6. Mr. Johnston proposes to register in 8 hours of this work in the summer session and to take the remaining hours by special examination.

Catherine Elizabeth Parks—4 hours to complete Group IV.

Theodore Roane—German 4—4 hours. The examination in this course has actually been taken but too late to permit graduation in June.

A. B. in Medical Course

Jesse Louis Bollman—5 hours in Bacteriology to be taken at the University of Michigan.

B. S. in Chemistry

Melville Halsey Price—Special examination in History S 3c—2½ hours.

B. Mus.

Jessie Maria Gaddis—The requirement in foreign language.

A. M. in Sociology

William Samuel Hoffman—The complete requirements for the degree.

A. M. in Chemistry

Herbert Robins Bunting—The complete requirements for the degree.

Lloyd Brelsford Howell—The complete requirements for the degree.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Carr, these recommendations were approved.

ADMISSION TO THE COLLEGE OF LAW

(17) A letter from the Clerk of the Senate in regard to the requirement for admission to the College of Law:

June 15, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate, at its meeting of June 4, 1917, voted to recommend to the Board of Trustees that the following requirement be adopted for admission to the College of Law:

"For admission to the three-year course as a regular student, an applicant must be matriculated and have 60 hours' credit in a college of this University; or have completed two full years as given at another college or university of recognized standing as a matriculated student in such college or university; or have received by transfer 60 hours of university credit here. (A college or university of recognized standing shall be interpreted

to include only such institutions as come within classes A and B as defined by the rules of this University.)

"For admission to the four-year course as a regular student, an applicant must be matriculated and have 30 hours' credit in a college of this University; or its equivalent from another college or university, to be determined in the same manner as provided for admission to the three-year course.

"Students from other institutions who may fall short not to exceed five hours of credit by transfer may be admitted to the three-year curriculum as conditioned students; such conditions to be made up before the beginning of the student's second year in the college."

The requirement proposed above for admission to the three-year curriculum does not differ in any material way from the present requirement for admission to the College of Law as it has been interpreted and administered, except in permitting conditions up to five hours in the case of students from other institutions.

The requirement for admission to the four-year curriculum is, of course, new, this curriculum having been authorized by the Board of Trustees at the meeting of June 7, 1917.

At the meeting of June 4, 1917, the Senate voted also to recommend to the Board of Trustees that the following be substituted for the statement of electives in the College of Law open to students in the College of Liberal Arts and Sciences, as given in the last paragraph on page 119 and the first two paragraphs on page 120 of the "Annual Register" for 1916-17:

"A student in the College of Liberal Arts and Sciences, who earns at least 30 hours in this College, may take and count towards the A.B. degree not to exceed 30 hours of work in the College of Law, provided that not less than two courses amounting to at least five hours are taken per semester, under the advice of the Dean of the College of Law as to the courses to be taken. Courses in law may not be taken before the junior year by students enrolled in this College.

"Law 14 (Carriers), 24 (Municipal Corporations), 28 (Insurance), and 34 (Public Utilities) are open to students of this college offering political science or economics as a major subject who have had a previous course in law or political science involving the study of cases.

"Students who now have junior standing may take and count the first full year of law work for thirty hours of credit toward the A. B. degree, under the former arrangement for the combined Liberal Arts and Sciences and Law course."

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Carr, these recommendations were approved.

CURRICULUM IN INTERIOR DECORATION

(18) A letter from the Clerk of the Senate in regard to the curriculum in Interior Decoration:

June 20, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate at its meeting of June 4, 1917, voted to recommend to the Board of Trustees the approval of the following curriculum in interior decoration:

Curriculum in Interior Decoration

Required for the Degree of B.S. in Household Science

Of the 130 hours required for graduation, 96 are provided for in the curriculum. The other 34 hours of credit necessary for graduation may be taken, subject to the approval of the Dean of the College, from any courses offered in the University, for which the student may have the prerequisites.

CURRICULUM IN GENERAL ENGINEERING PHYSICS

(19) A letter from the Clerk of the Senate concerning the curriculum in General Engineering Physics:

June 14, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate, at its meeting of June 4, 1917, voted to recommend to the Board of Trustees the approval of the curriculum in General Engineering Physics, of which I enclose a copy herewith. This curriculum was proposed by the General Committee of the College of Engineering, and has been endorsed by the Council of Administration.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

CURRICULUM IN GENERAL ENGINEERING PHYSICS*First Year*

<i>First Semester</i>	Hours	<i>Second Semester</i>	Hours
Chem. 1a or 1b—Inorganic Chem.....	3-4	Chemistry a—Inorganic Chemistry	4

On motion of Mr. Carr, this curriculum was approved.

CHANGES IN ENTRANCE REQUIREMENTS

(20) A letter from the Clerk of the Senate as to changes in the entrance requirements of the University:

June 15, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate, at its meeting of June 4, 1917, voted to recommend to the Board of Trustees the adoption of the following changes in the entrance requirements of the University:

(1) That physiography be included with the other high-school laboratory sciences in List A;

(2) That the language requirement be made the same for the curriculums in chemistry and chemical engineering—German or French for both;

(3) That physics be made an entrance requirement for the curriculums in household science;

(4) That advanced algebra, 18 or 36 weeks— $\frac{1}{2}$ to 1 unit—be included in List B in place of advanced algebra, 18 weeks— $\frac{1}{2}$ unit.

The object of the changes proposed in paragraphs (1), (2), and (4) above is to make the present requirements somewhat more flexible, in view of the fact that conditions are no longer permitted.

The proposal in the third paragraph is simply to make explicit the fact that physics is required for the household science curriculums. It has actually been a requirement for a number of years, since it is a prerequisite for the course known as Household Science 1, which is a prescribed course in the first year of both the household science curriculums.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Carr, these recommendations were approved.

CREDIT IN PHYSICAL TRAINING FOR WOMEN

(21) A letter from the Clerk of the Senate concerning credit given in physical training for women in the College of Agriculture:

June 14, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate, at its meeting of June 4, 1917, voted to recom-

mend to the Board of Trustees that a maximum of seven hours of credit in physical training for women be accepted toward graduation in the College of Agriculture.

Five hours of credit in physical training for women has been the maximum accepted heretofore in that college.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Carr, this recommendation was approved.

LEAVE OF ABSENCE FOR PROFESSOR G. M. WHIPPLE

(22) A recommendation that Professor Guy M. Whipple be given leave of absence for the first semester of the next academic year without pay, to enable him to carry on certain important investigations at Pittsburgh in connection with the development of psychological tests.

On motion of Miss Watson, this recommendation was concurred in.

APPOINTMENT OF PROFESSOR D. S. HILL

(23) A recommendation from Dean K. C. Babcock that, to provide for the work of Professor Whipple, Mr. David Spence Hill be appointed Acting Professor of Education for the five months beginning September 1, 1917, at a salary of \$300 a month.

On motion of Miss Watson, this recommendation was concurred in.

APPOINTMENT OF MR. J. A. STEVENSON

(24) A recommendation from Dean K. C. Babcock that Mr. John A. Stevenson be appointed Lecturer in Education and Secretary of the Department for ten months beginning June 15, 1917, at a salary of \$2,100 for the ten months.

On motion of Miss Watson, this recommendation was concurred in.

MR. T. G. DICKINSON APPOINTED TO CERAMICS BOARD

(25) A recommendation from the Dean of the College of Engineering that Mr. Theodore G. Dickinson, President of the Marquette Cement Manufacturing Company, Chicago, be appointed a member of the Advisory Board for the Department of Ceramic Engineering.

On motion of Mr. Carr, this recommendation was approved.

PURCHASE OF MULTIGRAPH EQUIPMENT

(26) A request from the Comptroller for authority to purchase a multigraph equipment to be placed in the Information Office for the use of the various departments of the University, at a cost of \$1,000.

On motion of Mr. Carr, this request was granted, by the following vote: Aye, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans,

Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson; no, none; absent, Mr. Blair, Mrs. Henrotin, Mr. Lowden, Mr. Trevett.

OFFER OF PROPERTY NEAR KERR WOODS

(27) The following statement:

Immediately north of the Kerr woods which the University purchased recently and adjoining them is a tract of about twenty acres of land more or less, described as the N $\frac{1}{2}$ of the N W $\frac{1}{4}$ of the S W $\frac{1}{4}$ of Section 1, Twp. 19 N, R 9 E of the 3rd P. M., Champaign County, Illinois. This is also wooded in essentially the same way as the Kerr lot. This tract is owned by Mrs. Etta D. Ellrod of Urbana. She has expressed in an informal way her willingness to sell the property to the University at the same rate as the University paid for the immediately adjoining property. I think it would be desirable, if she can give a good title, about which there is some question, for the University to purchase this additional area of woodland so as to get possession of the entire bit of woodland in that neighborhood and thus protect the property it holds from the danger of fire arising from the other property.

No action was taken.

PURCHASE OF TRINITY CHURCH

(28) The following statement:

There is a very strong pressure on the part of many interests in the University to obtain as soon as possible another lecture hall of medium size. If we could finish up the Smith Music Hall immediately we might lessen this pressure by the amount that the music interests would use that hall instead of the other halls at present in use. If not, it would seem to be desirable to secure another hall if possible. The authorities of Trinity Methodist Episcopal Church at the northwest corner of the intersection of Mathews Avenue and Springfield Avenue are willing to sell this church. The audience room would be a very satisfactory one for such a purpose. I am not prepared, however, to make any recommendation in this matter at the present time.

No action was taken in this matter.

APPOINTMENT MADE BY PRESIDENT JAMES

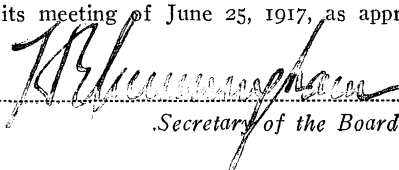

The Secretary presented for record the following appointment made by the President of the University on June 19, 1917.

MacArthur, J. W., Instructor in Anatomy, for one year beginning October 1, 1917, at a salary of thirteen hundred dollars (\$1300) for the year.

The Board adjourned.

URBANA, ILLINOIS, July 18, 1917

I certify that in the foregoing pages, numbered 375 to 395, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at its meeting of June 25, 1917, as approved by the Board on July 17, 1917.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES

-OF THE-

UNIVERSITY OF ILLINOIS

July 17, 1917

A special meeting of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, at Urbana, at 10 a. m. on Tuesday, July 17, 1917, pursuant to the following notice which was sent out by the Secretary on July 9:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois, in the Trustees' Room, at the University, at Urbana, at 10 o'clock a. m. on Tuesday, July 17, 1917, to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson.

Mr. Cairo A. Trimble, of Princeton, whom Governor Lowden had appointed to membership on the Board to serve the unexpired term of Mrs. Ellen M. Henrotin, resigned, was present for the first time.

President James was present; and also, during part of the day, Professor J. M. White, Supervising Architect.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of June 12 and June 25, 1917.

On motion of Mrs. Evans, the minutes were approved as printed on pages 349 to 395 above.

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented for record the following list of appointments made by the President of the University:

Anderson, R. E., Technician in Gross Anatomy, beginning July 1, 1917, and continuing until October 1, 1917, at a salary of sixty dollars (\$60) a month. (July 13, 1917*).

Bahe, Dorothy, Student Assistant in Physical Training for Women, in the Summer Session of 1917, at a remuneration of fifty-six and one-fourth dollars (\$56.25) for the period from July 1 to the end of the session. (July 7, 1917).

Boswell, H. C., Assistant Mechanician in the shop laboratories, at a salary of fifty-five dollars (\$55) a month, beginning April 9, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding his previous appointment. (April 10, 1917).

Bracewell, R. H., Assistant in Education, on part time, in the Summer Session of 1917, at a remuneration of one hundred dollars (\$100) from June 25 to the end of the session. (July 2, 1917).

Cook, W. E., Technician in Bacteriology in the College of Medicine, from June 14, 1917, to October 1, 1917, at a salary of fifty dollars (\$50) a month. (June 29, 1917).

Cooper, A. R., Instructor in Zoology in the department of anatomy in the College of Medicine, for the academic year beginning September 1, 1917, at a salary of fifteen hundred dollars (\$1500) a year. (July 9, 1917).

Deem, W. C., Tool-room Attendant in the machine shop, at a salary of fifty dollars (\$50) a month, beginning May 22, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (May 23, 1917).

Eycleshymer, A. C., Senior Dean of the College of Medicine, beginning July 1, 1917, and continuing until further notice. (July 7, 1917).

Griffith, C. R., Assistant in Education, on part time, for the Summer Session of 1917, at a salary of one hundred dollars (\$100) for the session. (July 11, 1917).

Hiskey, G. N., Druggist and Chief Clerk in the Dispensary of the College of Medicine, beginning June 30, 1917, and continuing until further notice, at a salary of sixty dollars (\$60) a month. (June 30, 1917).

Holley, C. E., Associate in Education in the Summer Session of 1917, at a salary of two hundred fifty dollars (\$250) for the session. (July 11, 1917).

Lincoln, C. W., Instructor in the School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning September 1, 1917, and continuing until further notice. (July 11, 1917).

Lindsey, J. R., Drill Master in the School of Military Aeronautics, at

*The date in parenthesis is the date on which the appointment was made by the President of the University.

a salary of one hundred dollars (\$100) a month, beginning July 5, 1917, and continuing until further notice. (July 7, 1917).

McDonald, Vernon, Technician in Research Medicine in the College of Medicine for a term of three months beginning July 1, 1917, at a salary of fifty dollars (\$50) a month. (June 29, 1917).

Matthews, S. A., Instructor in Chemistry in the College of Medicine, without pay, for a period of six weeks beginning June 25, 1917. (July 7, 1917).

Menser, C. M., Associate in English (in charge of Public Speaking) for the Summer Session from June 18 to August 10, 1917, at a salary of two hundred fifty dollars (\$250) for the session. (July 11, 1917).

Miller, F. H., Drill Master in the School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning July 5, 1917, and continuing until further notice. (July 7, 1917).

Miner, M. A., Professor of Pharmacy for two years from September 1, 1917, at a salary of two thousand dollars (\$2,000) a year. (June 29, 1917).

Nelson, R. A., Assistant in Physics in the Summer Session of 1917, with a stipendium of two hundred dollars (\$200) for the session; this appointment superseding his previous appointment. (July 16, 1917).

Schwartz, I. M., Assistant Technician in the Department of Physiology of the College of Medicine, at a salary of forty dollars (\$40) a month, from July 1, 1917, to October 1, 1917. (July 13, 1917).

Scrogin, Sara E., Stenographer in the State Water Survey, with a salary at the rate of fifty-eight and one-third dollars (\$58.33) a month, beginning June 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (May 19, 1917).

Severns, W. H., Instructor in Mechanical Engineering for the academic year beginning September 1, 1917, at a salary of thirteen hundred dollars (\$1300) for ten months. (July 7, 1917).

Shields, Mabelle M., Assistant in Household Science in the Summer Session of 1917, for one month, at a salary of one hundred dollars (\$100). (July 7, 1917).

Small, J. Craig, Assistant in Physiological Chemistry in the College of Medicine for the months of July and August, 1917, at a salary of one hundred dollars (\$100) a month. (June 28, 1917).

Sutcliffe, E. G., Instructor in English for the Summer Session from June 18 to August 10, 1917, at a salary of two hundred twenty-five dollars (\$225) for the session. (July 11, 1917).

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board proceeded to the consideration of the following matters submitted by the President of the University.

WAGES OF JANITORS

(1) Certain letters received by the Supervising Architect and the President of the University from Janitors' Protective Union No. 15,245.

[July 17,

Feb. 16, 1917

Prof. J. M. White

DEAR SIR:

We are enclosing a copy of our by-laws. Our scale is 27 cts. per hour for 10 hours' work time and time and one-half for over-time.

We demand this be in force after March 1st, 1917, for all men who have been here more than year—by order from our Local.

Committee

June 30, 1917

Dr. Edmund J. James

DEAR DR. JAMES:

At a regular meeting of this organization held on June 22, 1917, it was unanimously resolved to demand a scale of 28 and 30 cents per hour for ten hours' work for janitors, janitor helpers, night watchmen, janitresses and grounds men.

We also demand one head janitor at each building.

We demand an answer by July 5, 1917.

July 9, 1917

Prof. J. M. White, Supervising Architect

DEAR SIR:

At a special meeting of this organization held on July 8, 1917, it was unanimously voted to back up our demand of 28 and 30 cts. per hour for ten hours' work. We must have a settlement by 7 a. m. July 13, 1917.

L. H. SMOCK

P. O. MOORE

R. L. SHIELS

C. Y. FREEMAN

Committee

Also the wage-scale for janitors and groundsmen, worked out by the Supervising Architect and in effect as of February 1, 1917:

*WAGE SCALE AND CLASSIFICATION
JANITORS, GROUNDS DEPARTMENT, AND LABORERS*

These classifications and regulations will become effective as of February 1, 1917 for all janitors, janitors' helpers, laborers, and grounds men:

Class A. Men in charge of large buildings and assistant foremen. Required to have two years of service and are expected to give their entire time to their buildings.

Class B. Men in charge of small buildings and grounds men or chief assistants to men of Class A. One year of service required.

Class C. Janitors' helpers, laborers, grounds laborers. Six months' service required.

Class D. New men.

The rates of pay per hour established for these classes are: Class A, 26-30 cents; Class B, 24-27 cents; Class C, 22-25 cents; Class D, 20-22 cents.

Promotion from one class to another will be on a strict merit basis. Length of service will be recognized by an increase at the rate of one cent per hour up to the limit for that class for each five years of service. Promotion from Class D to Class C will be automatic and within one year.

Promotion in wages within a class may be made for special efficiency at any time. This will be decided on the basis of 1. Daily reports by the men; 2. Weekly reports by the men; 3. Reports by Chief Janitors; 4. Other reports.

Each man's record will be reviewed July 1 and January 1 to determine whether he should be promoted.

Buildings of Class A type are Gymnasium and Annex, Engineering Hall, Library, Natural History Building, University Hall, Woman's Building, Chemistry Building, Agricultural Building, Lincoln Hall, Auditorium.

To further promote a greater interest in efficient methods for cleaning and caring for buildings the University will each month give a prize of \$2.00 for the best suggestion for better methods submitted by men in this division and adopted for use by the University. No restrictions will be placed on the suggestions made. Each man may submit as many as he desires. These must be sent to the Supervising Architect on the last working day of the month, they must be neatly written, signed, sealed and marked "Suggestions for Buildings and Grounds."

It is now proposed to make a further advance in the rate of wages paid laborers in the employ of the University. Under this schedule, sixty persons with civil service standing as janitors and laborers are to be paid from 25 to 30 cents an hour for 10 hours a day, giving an average wage of \$2.70 per day and \$70.20 for a month with 26 working days and \$72.90 for a month with 27 working days. This is an average increase of 25.56% above the wage paid a year ago. Fifteen persons with civil service standing as laborers are employed in the care of the grounds and are to be paid from 25 to 30 cents an hour for 10 hours a day, giving an average wage of \$2.68 per day, which is an average increase of 28.8% above the wage paid a year ago. After one year's service these employees are given each year one week's vacation on pay and are allowed two weeks' sick leave on half pay in the case of illness which disqualifies them for work. After five years' service an additional six days' vacation with pay is allowed them each year.

This proposed wage scale will involve an increase of about \$20,000 a

year over the wages paid the same class of labor for the past year, estimated on the basis of the probable number of men to be employed for the coming year.

I submitted the wage scale and explanatory statement above to Mr. W. L. Abbott, Chairman of the Executive Committee, and to Mr. Carr, but was unable to communicate with Mr. Hoit by wire. With the consent of Messrs. Abbott and Carr, I authorized this wage-scale, subject to ratification by the Board. The scale has been approved by the Civil Service Commission.

I may add that after the receipt of the above letter (dated June 30) I received a demand from Mr. A. L. Johnson over the telephone that the foreman of the janitorial force should be dismissed by the University.

On motion of Mr. Carr, the wage scale given above was approved, as in effect from July 1, 1917.

At this point, the Secretary presented a request from the committee of janitors for a hearing before the Board.

On motion of Mrs. Busey, the hearing was granted; and Messrs. Smock, Toy, and Whittington presented their case.

On motion of Mr. Ward, the whole matter was referred to the President of the University with power to act.

At this point, at 12:30 p. m., the Board took a recess of one hour.

AFTERNOON SESSION, JULY 17, 1917

When the Board convened in the afternoon of July 17, 1917, after the recess, the same persons were present as during the morning session.

The Board continued the consideration of matters submitted by President James.

QUARTERS FOR AVIATION SCHOOL

(2) The following statement: At the last meeting of the Board, the President of the University was given authority to take such steps as might be necessary to satisfy the requirements of the Federal Government in regard to the housing and rationing of the members of the School of Military Aeronautics, including, if in his judgment it should be necessary, the assignment of the Women's Residence Hall as barracks.

The arrangement of this matter with the Federal Government was complicated and somewhat difficult. The various officers in charge of the work at Washington do not seem to have worked out a specific plan and consequently there is an amount of indefiniteness, so to speak, in the whole arrangement which is rather embarrassing.

The Federal Government inspector had rejected the plan of housing the students in the Y. M. C. A. building and had made such demands as could only be met by the assignment of the Women's Residence Hall. I

made such an assignment therefore on June 30. It finally appeared, however, that it would be possible for the authorities of the Y. M. C. A. to arrange and equip their building satisfactorily to the Commandant and to house 200 men, the number mentioned by the Government as the probable attendance at the School.

The Commandant of the School of Military Aeronautics demands the use of all the rooms and floor space in the Y. M. C. A. building from the first floor up. This will necessitate making provision for the work of the Y. M. C. A. in some other building, and it will also entail considerable expense on the Association.

I have a proposal from the Committee of the Y. M. C. A. to turn over the building to the University to be used as barracks for the School of Military Aeronautics on the following conditions:

1. That the University will appropriate the sum of \$5,000.00 for alterations, plumbing, electrical installation, steam fitting, masonry and carpentry work, painting, etc., in the building itself, to make the building suitable for the accommodation of the members of the School.

2. That during the time of housing the members of the School, the University shall make no charge for the use of heat, water, and electricity, furnished by the University, and for which the Association is now paying about \$1,100 a year.

3. That the University shall give to the Association without rent and without charge for heat, water, and electricity, the use of the President's House, which it is expected he will shortly vacate.

This means in brief that the University shall pay for the use of the building during the first year approximately \$8,000, and after that year, about \$3,000 a year, during the period of occupancy of the building by the members of the Aviation School.

The association is ready to make a contract with the Commandant of the School of Aeronautics for the rationing of the men, and it will become responsible for furnishing a satisfactory rationing for the rate which the Government allows—namely, \$1.00 a day for each man. This means in effect that, if the war should last for three years, the cost to the University of housing this School would be about \$15,000. Of course, if the war should suddenly cease, the School would probably be immediately closed, and a material loss would result to the Y. M. C. A., but this is a risk which the association is willing to take in these exceptional times.

During the presentation of this matter, Mrs. Busey withdrew.

On motion of Miss Watson, the plan for quartering the men in the School of Military Aeronautics in the Y. M. C. A. building was approved, the President's House was assigned to the Y. M. C. A., and the sum of \$7500, or so much thereof as may be necessary, was appropriated for this purpose. The vote was as follows: Ayes, Mr. Abbott, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Lowden, Mr. Trevett.

INCOME AND BUDGET ASKINGS

(3) An estimate of the income of the University for the year 1917-18, prepared by Mr. Lloyd Morey.

Estimated decrease of 25%..... 72,485.78 217,457.33

Departmental sales:

Agriculture	150,000.00	
Engineering	2,000.00	
Liberal Arts and Sciences	1,000.00	
Physical Plant	5,000.00	
Medicine, Dentistry, and Pharmacy	14,500.00	
Miscellaneous	12,700.00	185,200.00

Interest on bank balances	7,500.00
<i>Grand total</i>	\$3,091,008.61

At this point, the college and departmental needs were presented by Dean Davenport and Professors Blair and Hopkins, for the College of Agriculture and Agricultural Experiment Station; by Dean Ballantine, for the College of Law; by Dean Babcock and Professors Adams, Johnston, and Shelford, for the College of Liberal Arts and Sciences; by Dean Richards and Professors Schmidt, Stoeck, Talbot, and Washburn, for the College of Engineering and Engineering Experiment Station; by Professor C. M. Thompson, for the College of Commerce and Business Administration; and by Director P. L. Windsor for the Library and the Library School.

During the presentation of departmental needs, Mrs. Busey returned.

The Board took a recess, at 6 p. m., for one hour.

EVENING SESSION, JULY 17, 1917

When the Board convened, after the recess, at the University Club of Urbana-Champaign, the same persons were present as during the morning and afternoon sessions.

The Board continued its consideration of matters submitted by President James.

CONTRACTS FOR EDUCATION AND MUSIC BUILDINGS

(4) A letter from the Supervising Architect concerning the contracts for the Education and Music buildings.

July 17, 1917

President E. J. James, 355 Administration Building

DEAR SIR:

I beg to present a record of the contracts awarded for the Education Building and Smith Memorial Hall.

EDUCATION BUILDING

The general contract was awarded to English Brothers, of Champaign, Illinois, on the basis of their bid of \$151,000.00, subject to the advance in steel from the date the bids were open to the signing of the contract June thirtieth, English Brothers being the low bidder.

The heating contract was awarded to Callen Brothers of Indianapolis on the basis of their bid, using the alternate of the Buffalo Forge Co.'s fans and air washers for which a deduction of \$400.00 was allowed. This deduction made Callen Brothers' bid \$20,400.00. The lowest bidder on the specification was C. L. Moore of Davenport, Iowa, whose bid was \$20,588.00. Mr. Moore made an addition of \$100.00 for the use of the Buffalo Forge Co.'s equipment. The temperature regulation was omitted from this contract for a consideration of \$4,500.00, making the net contract \$15,900.

The low bidder on the plumbing contract was Hayes Brothers of Indianapolis, Indiana. Hayes' bid was \$5,995.00. The second low bidder was Callen Brothers of Indianapolis, Indiana, whose bid was \$6,300.00. While the award of the contract was being decided, Hayes Brothers requested that their bid be increased to \$6,295.00 on account of the increase in material. Callen Brothers did not request an increase in their bid. In view of the fact that Hayes Brothers increased their bid to within five dollars of their nearest competitor after such bids were published and since it would entail considerable more expense with this office to deal with two different contractors than to deal with only one, Hayes Brothers bid was rejected and the contract awarded to Callen Brothers of Indianapolis, Indiana, at their bid of \$6,300.00.

The electrical contract was awarded to the Caldwell Electrical Company of Champaign, on the basis of their bid of \$4,650.00. The low bidder was C. E. Wallace of St. Charles, Ill., whose bid of \$3,978.00 was rejected because of insufficient evidence of his financial responsibility.

The contracts awarded total as follows:

English Brothers, general	\$151,000
Callen Brothers, heating and ventilating	15,900
" " plumbing	6,300
Caldwell Electric Co., wiring	4,650
Johnson Service Co., temperature regulation	4,000
Contract for window sash	14,500
	<hr/>
	\$196,350

The additional cost to furnish the building is estimated as follows:

Fire Protection, telephones, switchboards, transformers, etc.	3,500
Lighting fixtures	3,500
Grounds	500
Superintendent and drafting	4,500
Cement (Estimated)	4,650
Extras on contracts	2,000
	<hr/>

\$215,000

SMITH MEMORIAL HALL

The only bidder on the general contract of the Smith Memorial Hall was A. W. Stoolman of Champaign, Illinois, whose bid was \$264,964.00, with an addition of \$7,500.00 for the finishing of the Memorial Room. Mr. Stoolman was the second low bidder on the Education Building, his bid being \$154,390.00, only \$3,390.00 above English Brothers. He presented his itemized estimate sheets on both buildings and it was found that the identical unit prices had been used in estimating both buildings.

Having decided to contract for the shell of the building and the structural framework only, a detailed study of the estimates of both buildings justified, it was felt, the awarding of the reduced contract to Mr. Stoolman on the basis of his estimated unit prices. The contract was therefore awarded to Mr. Stoolman on the basis of the attached sheet for the sum of \$144,140.00. No heating, ventilating, or wiring contracts were awarded. We are now asking for bids on the necessary plumbing work such as the downspouts and connections, sleeves in concrete floors, etc.

Yours truly,

JAMES M. WHITE

Supervising Architect

This report was received for record.

APPOINTMENT OF PROFESSOR McGUIGAN

(5) A recommendation that Dr. Hugh McGuigan be appointed Professor of Pharmacology, Materia Medica, and Therapeutics, in the College of Medicine, at a salary of \$5,000 a year, work and salary to begin September 1, 1917.

On motion of Mr. Hoit, this appointment was made.

REDUCTION OF ADVANCED COURSES OPPOSED

(6) A letter from Mr. C. M. McConn, Secretary of the Executive Faculty of the Graduate School:

July 6, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The Executive Faculty of the Graduate School, at a meeting on July 6, 1917, adopted the following resolution, and instructed its secretary to send a copy thereof to the President of the University with the request that he bring it to the attention, also, of the Board of Trustees:

"The suggestion having been made in certain quarters that, owing to exigencies of war, the number of advanced courses now offered in the University might very properly be reduced for the present:

"The Executive Faculty of the Graduate School desires to place upon record its deliberate judgment that in the face of the present imperative demands for a larger number of highly trained men who will be competent for leadership in all phases of scientific activity and social organization, the opportunities for such specialized training and research now offered

[July 17,

by the University of Illinois should in no particular be diminished, but rather extended and enlarged.

"This action is taken in the firm conviction that the institutions of democracy now on trial in the world can be best maintained by an educated citizenship acting intelligently upon the advice of experts of their own selection, and that to assist in the production of the largest number of men capable of such expert guidance is the highest duty which at present devolves upon the upper reaches of our national system of education."

Sincerely yours,

C. M. McCONN

Secretary of the Executive Faculty

This communication was received for record.

APPOINTMENT TO PHARMACY BOARD

(7) A statement that the term of Mr. A. G. C. Ackermann of Chicago as a member of the Advisory Board of the School of Pharmacy expired July 1, 1917, and that the state Pharmaceutical Association presents the names of three members of the Association.

Herman C. Schuh, Cairo

O. U. Sisson, Chicago

J. R. Phillips, Springfield

from whom the Trustees are to choose one, in place of Mr. Ackermann.

On motion of Mrs. Evans, Mr. O. U. Sisson was elected a member of the Advisory Board of the School of Pharmacy for five years beginning July 1, 1917.

LABORATORY FEES IN MECHANICAL ENGINEERING

(8) A recommendation from the Council of Administration that the following laboratory fees be established for the courses in shop work given in the department of mechanical engineering.

M. E. 71, Forge work for agricultural students.....	\$1.00
M. E. 73, Wood work for agricultural students.....	1.00
M. E. 75, Forge work.....	1.00
M. E. 77, Foundry work	3.00
M. E. 79, Pattern work	2.00
M. E. 81, Machine work	3.00
M. E. 82, Machine work (continuation of M. E. 81).....	2.00

On motion of Mr. Hoit, these fees were approved.

MASTERS' DEGREES TO BE CONFERRED

(9) A letter from Professor Thomas A. Clark, secretary of the Council of Administration:

July 5, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

At its meeting on July 3, 1917, the Council of Administration, acting

for the University Senate, voted to recommend to the Board of Trustees that masters' degrees be conferred at the close of the summer session upon the following students, provided they successfully complete by that time all the requirements for the degree:

Kichijiro Kumano, A. M., Education.

Orla Alamon Towns, A. M., History.

At the same meeting the Council, acting for the Senate, voted to recommend the amendment of the regulations providing for the granting of degrees at other times than in June which were approved by the Trustees on December 14, 1916, page 181, by inserting in the second paragraph the words "and master" after the word "bachelors," giving the following reading for the paragraph as amended:

"That students who are to complete their work for the bachelors' and masters' degrees in the summer session, and who register in advance of the June meeting of the Senate for specified courses in that session which complete the requirements in their cases, may be recommended at the June meeting, subject to the successful completion of the specified courses in the summer session."

Sincerely yours,

THOS. ARKLE CLARK

Secretary

On motion of Mr. Hoit, these recommendations were approved.

APPROPRIATION BILL, 1917-19

(10) A certified copy of the appropriation bill for the two years beginning July 1, 1917:

An Act making appropriations for the University of Illinois.

Section 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly: That there be and is hereby appropriated to the University of Illinois for the two years beginning July 1, 1917, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, the sum of four million, eight hundred thousand (\$4,800,000) dollars, payable only out of money paid into the State Treasury and set apart as a fund for the use and maintenance of the University of Illinois, in accordance with an Act entitled: "An Act to provide by a state tax for a fund for the support and maintenance of the University of Illinois," approved June 10, 1911, in force July 1, 1911, payable as follows:

For Salaries and Wages	\$2,950,000.00
For Departmental Office Expenses.....	100,000.00
For Traveling Expenses	50,000.00
For Operating Supplies and Expenses	125,000.00
For School Supplies	415,000.00
For Repairs on Present Buildings, Grounds and Equipment	110,000.00
For Equipment	300,000.00
For Buildings	500,000.00

For Reserve and Contingencies	250,000.00
Total	\$4,800,000.00

Section 2. The term "salaries and wages" as used in this Act, shall mean and include salaries, wages and other compensation for personal service.

The term "departmental office expense" as used in this Act, shall mean and include postage, telephone, telegraph, rent, office supplies, express, freight, drayage, printing and binding, for departments and institutions.

The term "traveling expenses" as used in this Act shall mean and include railroad fares, hotel bills, livery hire, street car fares and similar personal expenses incurred wholly in the State service.

The term "operating supplies and expenses" as used in this Act shall mean and include fuel, food, wearing apparel, household supplies, plant and departmental supplies and institutional operating expenses.

The term "school supplies" as used in this Act, shall mean and include supplies used for distinctly educational purposes and not included in other classes.

The term "repairs on present buildings, grounds and equipment" as used in this Act shall mean and include replacements but not betterments. Such repairs may be under contract in whole or in part or may be by the direct use of labor, materials and service.

The term "equipment," as used in this Act, shall mean and include equipment of permanent value, including furniture, fixtures, machinery, scientific apparatus, livestock, vehicles, maps, books, educational equipment and recreational equipment.

The term "*the completion of buildings now under construction*," as used in this Act, shall mean and include expenditures for the construction of buildings, *now partially completed*, new fences, tunnels, side walks, drainage ditches, pavements, walls and other permanent improvements, either in whole or in part and including the designing of such structures and the supervision of construction. Such construction may be under contract, in whole or in part, or may be by the direct use of labor, materials and service.

Section 3. There is hereby appropriated to the University of Illinois for the two years beginning July 1, 1917, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, for the payment of interest on the endowment funds of the said university as provided by Section 2 of the Act relating to said university, approved June 11, 1897, the sum of sixty-five thousand dollars (\$65,000) or so much thereof as may be necessary under the terms of said Act.

Section 4. The Auditor of Public Accounts is hereby authorized and directed to draw warrants on the State Treasurer under sections 1, 2 and 3 of this Act, for amounts expended or bills then due from the sums appropriated in the said sections, payable severally to the persons named, upon the presentation of itemized vouchers therefor, certified to by the President and Secretary of the Board of Trustees of the University of Illinois, with the corporate seal of the University attached thereto.

Section 5. The sum or sums of money which may have accrued or may hereafter before the first day of July 1919, accrue to the State of Illinois, under the provisions of an Act of Congress of the United States, approved August 30, 1890, entitled, "An Act to apply a portion of the proceeds of the public lands to the more perfect endowment and support of the colleges for the benefit of agriculture and the mechanic arts," established under an Act of Congress, approved July 2, 1862; and the money granted by an Act of Congress approved March 4, 1907, entitled, "An Act making appropriations for the Department of Agriculture for the fiscal year ending June 30, 1908," are hereby appropriated to the Trustees of the University of Illinois, and whenever any portion of the said money shall be received by the State Treasurer it shall immediately be due and payable into the treasury of said board of trustees.

The Auditor of Public Accounts is hereby authorized and directed to draw his warrant on the State Treasurer for the sums hereby appropriated, upon the order of the President of the Board of Trustees of said university, countersigned by its secretary and with the corporate seal of said university attached thereto.

H. B. 992

DAVID E. SHANAHAN
Speaker House of Representatives

JOHN G. OGLESBY
President of the Senate

Approved June 26, 1917

FRANK O. LOWDEN
Governor

FILED, June 27, 1917, LOUIS L. EMMERSON, *Sec'y. of State*
This bill was received for record.

DISCONTINUATION OF WORK IN ANATOMY IN URBANA

(11) A recommendation that the President of the University be authorized to drop the subject of anatomy from the curriculum offered in Urbana for the academic year 1917-18, and the one-year medical course of which that is a constituent part, in case it should prove necessary to do so.

On motion of Mr. Carr, this matter was referred to the President of the University with power to act.

RESIGNATION OF DEAN STEELE

(12) A statement that Dr. D. A. K. Steele had resigned his position as Senior Dean of the College of Medicine and Professor of Surgery, to take effect July 1, 1917.

On motion of Mrs. Evans, this resignation was accepted and Dr. Steele was appointed Professor of Surgery, *Emeritus*; and the President of the University was requested to express the appreciation of the Board for the long and faithful service rendered by Dr. Steele as dean and member of the faculty of the College of Medicine.

[July 17,

APPOINTMENT OF DEAN EYLESHYMER

(13) A recommendation that Dr. A. C. Eycleshymer, Professor of Anatomy and Junior Dean of the College of Medicine, be appointed to serve as Senior Dean also, from July 1, 1917, until further notice.

On motion of Mrs. Evans, this appointment was approved.

PURCHASE OF KERR WOODS

(14) A letter from the Comptroller reporting the completion of the purchase of the Kerr woods for \$12,000 and the receipt of the deed and abstract (see page 333); and stating that a survey made by the Supervising Architect indicates that the tract contains a fraction over forty acres.

This statement was received for record.

PURCHASE OF SITE FOR UNIVERSITY PRESS

(15) A letter from the Comptroller concerning the purchase of the property at 806 South Sixth Street as a site for the University Press:

July 16, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to report concerning the status of the property at 806 South Sixth Street, which the Board of Trustees on June 7, 1917, (page 333), directed be purchased.

An investigation of the title to this property indicated some doubt as to the ability of the present bishop of the church to make proper conveyance. An effort has been made, therefore, to secure a deed from the former bishop of the church which would make the succession adequate. Efforts in this direction to date have failed, but it is expected that the matter can be cleared up within a short time.

Cordially yours,

LLOYD MOREY

This letter was received for record.

SALE OF RANTOUL FARM

(16) A letter from the Comptroller concerning the sale of a farm located near Rantoul, donated to the University by Captain Thomas J. Smith:

July 17, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

On October 18, 1916, page 123, the Board of Trustees approved the sale of the farm located near Rantoul donated to the University by Captain Thomas J. Smith. The contract was drawn up with Thomas F. and Jennie L. Molloy, stipulating that the sale should be consummated on March 1, 1917. In the meantime the abstract of title was put in shape and placed in the hands of the attorney for Mr. and Mrs. Molloy. Certain objections were raised to the title and I made effort to meet those objections so that the sale might proceed. Finding, however, that the points could not be properly

covered without considerable expense, I secured an opinion from Judge Harker, Legal Counsel of the University, as to the advisability of further procedure. On thoro examination of the title, he rendered the same opinion that he had rendered when the University accepted the title from Captain Smith, namely: that there is no question but that the Board of Trustees has proper title to the land in fee simple and that the University should not go to further expense in adjusting it. This opinion was confirmed by you to me on June 30 and I so advised the Molloy people and their attorney.

In reply I was advised that they were very anxious to have the title adjusted before they consummated the deal and that they would on their own initiative see if the proper records could not be set up so that the abstract might show a title satisfactory to them. I have indicated to them that we would allow them a short time further to make these adjustments.

In the meantime the farm is being operated by a tenant for the University. I have no doubt but that an equitable adjustment of the rights under the lease can be made at any time that the contract can be consummated.

I regret the delay in closing up the affair, but we have expected that each week would bring matters to a close and the proposition has drifted along for a considerably longer time than I had anticipated.

If the Board of Trustees has any further instructions regarding the matter, I should be glad to receive them. Otherwise, I shall proceed and bring the matter to a head just as promptly as possible.

Cordially yours,

LLOYD MOREY

On motion of Mr. Ward, the Comptroller of the University was instructed to offer a merchantable title for this farm to Mr. and Mrs. Molloy.

LENDING OF CURTIS SEAPLANE

(17) A request from Lee Hammond, Lieutenant in the Aviation Training Corps, Great Lakes Training Station, for the use of the Curtis seaplane which was lent to the University by the U. S. Government, and which, according to the understanding of Lieutenant Hammond, is not being used by the University. As a matter of fact, this seaplane is used—or the engine of it—for instruction in our School of Military Aeronautics. We might get some other machine to take its place, and it would be a valuable service to the Aviation Training Corps if they could have the seaplane.

On motion of Mrs. Evans, the President of the University was authorized to lend the Curtis seaplane to the Aviation Training Corps of the Great Lakes Training Station, in case it should be found possible to do so.

RETIRING ALLOWANCE FOR PROFESSOR ROLFE

(18) A request from Professor Charles Wesley Rolfe for retirement from active service as Professor of Geology. Professor Rolfe was graduated

from the University of Illinois with the degree of B. S. with the class of 1872, having entered in 1868. Beginning as instructor in mathematics and botany, he has been instructor, assistant professor, and professor in the University since 1881. His continuous service has extended over a period of 36 years.

I recommend that Professor Rolfe be retired from active service as of September 1, 1917; given the title of Professor, *Emeritus*; and granted a retiring allowance of \$1,900 a year, which allowance is determined in a similar way to that granted to Professor Ricker, namely, that it should be one-half the active pay, plus four hundred dollars.

A professor with the emeritus relation is excused from regular duties in the University, tho he may be assigned, with his consent, to such work as the President of the University may consider desirable. Such a professor is an honorary member of the department of which he was an active member, and of the faculty, and of the various university bodies in general, to which he belonged. He has, however, no vote. He is also given the privilege of using the library and the museum and other facilities of the University on the usual terms.

On motion of Mr. Ward, this recommendation was approved, and the President of the University was instructed to extend to Professor Rolfe the thanks of the Board of Trustees for his long and devoted service to the institution.

CONTRACTS FOR UNIFORMS

(19) The following statement:

The President of the University was authorized by the Board at its last meeting to enter into a contract for the purchase of uniforms for the cadet brigade, similar to the contract which had been in force hitherto. Bids have been received, and Miss Madge Lamoreaux has made an examination of the various samples of cloth received from the bidding firms. She states that the sample submitted by Jacob Reed's Sons is the best of all submitted, that it is a worsted cloth, all wool, containing little or no "dressing," and that it should be durable. In her opinion the cloth is of somewhat higher grade than that used for the uniforms in 1916-17, which, altho all wool, contained 1.8% "dressing," and weighed slightly less than the sample selected for this year.

The following communication from the Comptroller explains itself:

July 16, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to submit the following report concerning contracts for uniforms for the cadet regiment.

As authorized by the Board of Trustees at its meeting on June 25, I secured bids on our requirements for the year 1917-18 from the following firms:

Jacob Reed's Sons of Philadelphia
 Marshall Field and Company of Chicago
 Maurice Rothschild of Chicago
 Hart, Schaffner, and Marx of Chicago
 J. M. Kaufman and Company of Champaign
 Roger E. Zombro of Champaign

These bids were laid before a conference consisting of the President of the University, Sergeant F. W. Post of the Military Department, the Supervising Architect, and the Comptroller. It is the opinion of this conference that contracts for the various items of uniform should be awarded as follows:

Jacob Reed's Sons

Coat and breeches made of olive drab woolen cloth No. 3213, 13 ounce, made by the Clinton Mills of Clinton, Michigan	\$18.50	
Cap of same material	1.75	
Mills Web Belt60	
Ideal canvas leggings	1.25	
Olive drab berlin gloves55	
Collar13	
Insignia of rank30	\$23.08

Roger E. Zombro of Champaign

Crest army shirt No. 1090	3.30	
Black silk four-in-hand tie25	
U. S. A. "Munson" shoes No. 50, Garrison last, Lotus blucher, made by the Joseph F. Herman Company of Boston, Mass., per pair	5.85	9.40
Total cost of uniform		\$32.48

The above price will apply in the case of all non-commissioned officers and privates, commissioned officers being required to secure pigskin puttees in place of canvas leggings, the price of the puttees being \$5.00. To the above prices must be added the cost of chevrons for the various officers of the regiment, varying from \$.25 to \$1.20.

I would respectfully recommend that I be given authority to close contracts with these two concerns for the items named at the prices set opposite each, and that I be given authority to collect from all students required to register in Military Science the coming fall and not already provided with satisfactory uniforms, a deposit of \$26.63 to cover all items of the uniform excepting shoes. It is understood that the University will require every student registered in Military Science to supply himself with all of the items included under this price. No deposit will be collected by

[July 17,

the University for shoes on account of the fact that, although the University will recommend that students supply themselves with the shoes named, other shoes may be substituted subject to the approval of the Commandant. This is the policy that has been in force in previous years.

I have not yet been able to secure quotations on satisfactory material for the members of the bands. As the number of these uniforms is very small compared with the number needed for the cadet regiment and the cloth not so difficult to secure, this matter can be adjusted at a later date. I would recommend that I be given authority to place a contract for uniforms for the bands, the material to be selected with the approval of Director A. A. Harding, the contract to be made up subject to the approval of the Board of Trustees.

Cordially yours,

LLOYD MOREY.

On motion of Mr. Carr, the recommendations of the Comptroller were approved.

COOPERATIVE HOUSES FOR WOMEN

(20) A letter from the Supervising Architect concerning the use of some of the properties now owned by the University as cooperative houses for girls:

July 11, 1917

President E. J. James, Administration Bldg.

DEAR PRESIDENT JAMES:

I have talked with Dean Gates about using as cooperative houses for girls, three of the houses which the University now rents. The houses under consideration are located at 806 South Sixth Street, 504 Goodwin Avenue, and 502½ Goodwin Avenue. Dean Gates estimates that these three houses will provide room for 31 students in addition to the chaperon in each house. Our present income from the houses is \$118.33 a month, but all rents are likely to be lower for next year and it is probable that on at least one of these houses we will have to make a material reduction in rent in order to have it occupied. If each girl pays into the University a dollar a week for 35 weeks, the income for 9 months in the year would be practically the same as it is now, but we would not be certain of receiving any rent for the three summer months. Dean Gates thinks that the girls should assume the heating of the house, but hopes that the University may be able to furnish the coal at reduced rates. This we could do, so that the coal would probably not cost them over the 25 cents per week per girl, included in her estimate. She says the girls are perfectly willing to fire the furnace themselves. Satisfactory arrangements have been made for the furnishing of the houses in case they are turned over to them. I do not believe that any more repairs will be necessary on the houses than we would normally expect to have to make.

On the whole, I am inclined to favor the plan, I enclose a copy of the

memorandum which Dean Gates left with me. As the houses are all now rented, we shall have to decide rather quickly in order to get possession of them.

Yours truly,

JAMES M. WHITE

Supervising Architect

It is proposed to house eight students and a chaperon at 806 South Sixth Street; eleven students and a chaperon at 504 Goodwin Avenue; and twelve students and a chaperon at 502½ Goodwin Avenue—a total of thirty-one students and three chaperons.

It is proposed that each student shall pay the University \$1.00 a week without heat; \$1.25 with heat, and that the rooms shall be assigned by the Dean of Women on application from the students. The house should be controlled by the Committee on Cooperative Houses, of which the Dean of Women and the President of the Woman's League are ex-officio members. The houses are to be managed on a plan similar to that used at the house at 710 Nevada Street during the last academic year. They are to be furnished by the efforts of the Woman's League and the Girls' Athletic Association and interested Woman's Clubs through gifts, loans, and low rentals of furniture. Certain repairs will have to be made to the houses. They are already being painted.

On motion of Mrs. Busey, the plan proposed in the above communication was adopted, and the President of the University was authorized to assign the houses for this purpose, under the general management and oversight of the Dean of Women.

LABORATORY DEPOSITS IN ANATOMY

(21) A letter from Dr. Victor E. Emmel of the College of Medicine; transmitted by Mr. W. H. Browne.

July 10, 1917

Mr. William H. Browne, Secretary, College of Medicine

DEAR MR. BROWNE:

I wish to bring to your attention a matter relating to anatomical material loaned to medical and dental students in gross anatomy. At the beginning of the year each medical student receives a disarticulated skeleton (value about \$10) and each dental student receives a skull and certain bones relating to the head and neck regions (value about \$5). It not infrequently happens that some of the material is either lost or broken, or a student fails to return the entire set. Since this material is of considerable value, I feel that the University ought to have some guarantee against such loss. To this end I recommend that all students taking gross anatomy be required to make a deposit of \$10 in the case of medical men or \$5 in the

case of dental men, the deposit to be refunded upon the return of the material.

Very truly yours,
VICTOR E. EMMEL

On motion of Mr. Carr, these deposits were required as recommended.

EXPERIMENT FIELD ACCEPTED

(22) A recommendation from Professor Cyril G. Hopkins that the University accept an experiment field at Alhambra, Illinois. This field contains about forty acres of land and is donated to the University by Adolph Hitz and is described as follows: *the east one-half of the south one-half of the southeast quarter of section 14, township 5 north, range 6 west of the third principal meridian.*

The deed is on file in the Secretary's office.

Appended is a letter from Professor Hopkins explaining the mode of conducting such an experiment field, with some account of the probable cost of operation.

July 11, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I have your letter of July 9 in which you ask for an estimate of the expense to the University of conducting an experiment field, such as I have recommended to be established at Alhambra on 40 acres of land donated by Adolph Hitz. While this will of course fluctuate from year to year, because under adverse weather conditions more work is usually required than under favorable conditions, I think a fair estimate for the average yearly local expense is \$600. The annual income from such an experiment field will vary from less than \$5 per acre on the untreated plots, especially in poor seasons, to more than \$40 per acre from the well-treated plots in good seasons. Sometimes the total annual income from an experiment field exceeds the total local expense, and on such land as we have under consideration at Alhambra I believe the annual income will approach very closely to the average annual local expense, after the field is well under way.

The outside experiment fields of the Department of Agronomy are operated in groups, with one of our regular departmental men in charge of five or six different fields; and for each field he employs local labor as needed, the regular plan being to arrange with a dependable experienced farmer to do most of the field work, furnishing a team when necessary. This local farmer is not retained on any yearly or monthly salary, but he is paid for the actual time devoted to the University work.

Our departmental men look after the experimental fields very closely, and they do not stand around and watch the local men do the work, but

they perform much of the field labor themselves; and of course they take all weights and measurements in connection with the treatment of the soil, the planting, harvesting, and threshing.

They also hold farmers' meetings upon the experiment fields during the season, and they give many addresses at farmers' institutes and other meetings. During the winter season, some of them serve as instructors in the College, some do extension work, and others are employed in office or laboratory work. Perhaps half of one man's time is given to six fields, as an average, or about one month to each field. This one month's salary, together with traveling expenses, will vary from \$100 to \$200. There is also an annual expense for fertilizing material which may amount to \$50 or \$75.

In some places we can employ a local farmer who allows us to use some of his farming implements, but usually we purchase these or part of them, but this purchase represents initial, not annual, expense. On most fields we erect a small storage barn, and other initial expense may be required for tile drainage.

Very truly yours,

CYRIL G. HOPKINS

On motion of Mr. Hoit, this field was accepted with thanks.

INJURIES TO EMPLOYEES

(23) A report from the Supervising Architect giving a summary and analysis of injuries to employees in our operating department in the past two years. It is quite evident that it is desirable for the University to adopt a definite plan as to compensation for injuries. The staff of employees has now become so large that the matter can not be properly managed as it has been hitherto—by handling each case specially as it comes up. The courts have held that the University is not liable to the provisions of the State Employers' Liability Act; in fact, it is a question whether the Trustees could bring the University under this Act even if they desired to do so. It is possible that some provision concerning the University and other State institutions has been incorporated in one or another of the laws passed by the last Legislature. I am looking into this matter now and shall hope to make a report on this subject before long to the Trustees.

This report was received for record.

AMERICAN UNIVERSITY UNION IN EUROPE

(24) A request from the American University Union in Europe—the object of which is to provide a social club for men connected with the military service of the United States in various European cities, beginning with Paris—that the University of Illinois shall become a member. Universities, colleges, and technical schools may become members of this organization on the payment of dues amounting to \$500 a year by institutions having an alumni list of ten thousand or over; \$250 a year for institutions

having an alumni list from five to ten thousand; and \$100 a year for institutions having an alumni list under five thousand.

No action was taken on this matter.

ESTIMATE OF ATTENDANCE FOR 1917-18

(25) An estimate of the probable attendance at the University for 1917-18. As this will be an item of interest a generation from now, as an indication of how accurately or inaccurately we could forecast events at the outbreak of the great war, I am submitting it for record.

July 16, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The following estimate as to what our enrollment is likely to be in the fall at Urbana is of course only a guess, but it takes into account everything in the way of indication that is available at this time, and we shall have little more to go on until the close of the registration days.

(1) *The Freshman Class.* In the latter part of May I sent a return-postal-card query to the superintendents and principals of all our accredited high schools as to the number of students they expected to send us in the fall and the number they thought they would have sent us if it had not been for the war. The following figures summarize the returns from 176 of these high schools:

Number expected to enter in September, 1917.....	486
Number who would have entered (in the opinion of the high-school principals) if it had not been for the war.....	643
Number who came from these schools in September, 1916.....	582

The number who might have been expected to come from these schools if the war had not occurred, as estimated by the high-school authorities, shows an increase of 61 over the 582 students who entered from these schools in 1916. This is almost exactly 10 percent, which would have been about normal. The number who will enter next fall in spite of the war, according to the same authorities, is smaller by 96 than the number who came from these schools last September. The percentage of decrease is 16.5.

It is certainly an interesting coincidence that the number of permits to new students issued by the Registrar's Office up to the middle of July is smaller than the corresponding figure for last year by 16.6 percent—the estimates that would follow from these two entirely independent indications differing by only one-tenth of one percent.

Assuming, then, that the estimate of the high-school principals and superintendents is correct and that the same percentage will hold for other schools, and allowing for about 100 students (Mr. Hollister's estimate) from schools which were accredited for the first time during the past year, we may expect a freshman class of 1836 next fall as compared with 2079 on November 1, 1916.

(2) *Upper-Class Men.* In the latter part of May I sent a return-postal-card query, also, to all the male students at Urbana, exclusive of

seniors and graduate students, as to whether they expected to return to the University next fall in case they were not drafted. The following figures summarize the 2050 replies to this inquiry (for details see the table transmitted herewith):

Number who do not expect to return in any case.....	297
Number within the draft ages who expect to return if not drafted	821
Number not within the draft ages who expect to return.....	932
	<hr/>
	2050

Number who did not reply	1244
--------------------------------	------

The draft will take one man in ten within the draft ages for the country at large, the nine-tenths not taken including all persons exempted on account of physical disability, dependents, employment in essential industries, etc. It would seem probable that comparatively few University students will be exempt on any of the proposed grounds, as compared with other men within the draft ages, and that, therefore, very likely as many as one-fifth of our students of draftable age will be taken—164 out of the 821 who plan to return but are liable, leaving 657 of this group who may be expected to re-register.

The 1244 students who did not reply to the query doubtless included a considerable number who, having decided to leave the University for good, were not sufficiently interested even to fill out and mail a return postal card, and a much larger number whose plans were unsettled when the postal reached them. I should not expect that more than one-fourth, 311, of these 1244 students will be back.

(Adding three-fourths of 1244, or 933, to 297, the number who definitely signified that they will not return, gives an anticipated loss, *aside from the draft*, of 1230 or approximately 37 percent, exclusive of the graduating class, which is about normal.)

To make up, then, the estimated number of upper-class men (sophomores, juniors, seniors) for next fall we should add—

- | | |
|--|-------|
| (1) The number not within the draft ages who have signified
an intention of returning | 932 |
| (2) Four-fifths of the number within the draft ages who expect
to return if not drafted | 657 |
| (3) One-fourth of the number not heard from..... | 311 |
| | <hr/> |
| | 1900 |

This gives us an anticipated total of 1900 upper-class men in the fall as compared with 2136 on November 1, 1916.

This estimate may seem over-sanguine in view of the enrollment of only 428 men in the current Summer Session as compared with 715 men in the Summer Session of 1916. On the other hand, it might be expected that the mere unsettling excitement of the war situation would tell more on the

relatively unimportant summer work than on that of the winter session, which holds a definite place in the life-plans of its constituency.

(3) *Upper-Class Women* }
 (4) *Graduate Students* } The only figures we have bearing on the probabilities in the case of upper-class women and graduate students are those of the current Summer Session compared with the corresponding figures for the Summer Session of 1916:

	1916	1917
Women from the winter session	215	205
Women who have attended only in the summer (chiefly teachers)	230	196
Total women	445	401
	<hr/>	<hr/>
Graduate students, men	131	118
Graduate students, women	27	23
Total graduate students	158	141
	<hr/>	<hr/>

It will be noted that both these groups show a falling off of about 10 percent as compared with last summer; but the unsettled effect thus evidenced is relatively so small that one is inclined to expect at least as large an enrollment of upper-class women and of graduate students in the fall as in 1916. The figures for November 1, 1916, were:

Upper-class women	686
Graduate students	418

The total estimated registration at Urbana, then, for the fall semester of 1917 would be 4840 as compared with 5319 for November 1, 1916:

	Nov. 1, 1916	Est., 1917
Freshmen	2079	1836
Upper-class men	2136	1900
Upper-class women	686	686
Graduate students	418	418
	<hr/>	<hr/>
	5319	4840

You will note that according to this figuring our enrollment for next fall will show a decrease of only about ten percent below that of 1916.

Sincerely yours,

C. M. McCONN,
Registrar

Summary of replies to a return-postal-card query addressed by the Registrar in May, 1917, to all male students at Urbana, exclusive of seniors and graduate students, as to whether or not they expected to return to the University in September, 1917

COMMITTEE ON STUDENT WELFARE

The Secretary reported for record the appointment, by President Abbott, of Miss Watson as Chairman of the Committee on Student Welfare, in place of Mrs. Henrotin.

COMPTROLLER'S REPORT

The Secretary presented also for record the report of the Comptroller for the period ending June 30, 1917.

URBANA, ILLINOIS, August 1, 1917

I certify that in the foregoing pages, numbered 397 to 448, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at its meeting held July 17, 1917, as approved by the Board at its meeting of July 31, 1917.

 Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES

-OF THE-

UNIVERSITY OF ILLINOIS

July 31, 1917

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, on Tuesday, July 31, 1917, pursuant to the following notice which was sent out by the Secretary on July 25, 1917:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel in Chicago, on Tuesday, July 31, 1917, at 12 o'clock noon, to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson.

President James was present; and also, during part of the day, Deans K. C. Babcock, Eugene Davenport, and C. R. Richards.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of July 17, 1917.

On motion of Mr. Carr, the minutes were approved as printed on pages 397 to 448 above.

AUDIT REPORT

Mr. Ward presented the report of Arthur Young and Company, Auditors. This report was referred to the Finance Committee,

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board proceeded to the consideration of the following matters submitted by the President of the University.

THE BUDGET FOR 1917-18

(1) The Budget of the University for the year beginning July 1, 1917, introduced by the following statement:

The most important matter I have to lay before the Board at this meeting is the budget.

I have never had so much difficulty in preparing a budget which seemed to me financially feasible and satisfactory to the different departments of the University and fairly considerate of the needs and justifiable demands.

Like many other institutions and men we have been sailing in fair weather during the past few years and have pushed on with full sails. We have been making great progress and we are now suddenly overtaken by a storm which some people feel is a mere squall but which has certainly assumed dimensions almost unbelievable and which has involved our financial future very materially, even though it should die away within a short time, of which there seems to be at present no indication whatever.

When I first considered the matter I did not see how it was possible to make up a budget which would not involve either the dismissal of many men outright, as some institutions have done, or the lopping off of some important departments, carrying with them the men employed in those departments, or a horizontal reduction of salaries in all departments of the University, or serious reductions in the ordinary appropriations for equipment and running expenses.

I have finally prepared a budget which I submit for your consideration and which I think can be repeated for the second year in the biennium, which is financially possible,—that is, which will not involve us in an actual deficit—and which does not involve the reduction of a single salary of any employee of the University, nor does it involve the dismissal of any person on the University staff on account of shrinkage in the budget.

I should have been glad if in addition to this the budget could also have provided for the ordinary and legitimate increase in the salary list of the University which we have come to look upon as a regularly recurring event. The cost of living has gone up frightfully. We are all suffering from it in more than one direction. The people who draw moderate or small incomes from the University suffer, of course, very materially, and intensely. Circumstances ordinarily would make it possible for the University to raise the level of salaries in the lower grades very considerably.

The present facts, however, do not permit this.

As there is a very decided difference of opinion between myself and my colleagues on this matter I have asked Dean Davenport, Dean Richards, and Dean Babcock to attend this meeting of the Board and present their views on the subject.

I may say that the shortage of \$133,472.83 refers to the shortage in collections during the last biennium. The Legislature appropriated \$5,000,000 which the University expended, but the mill tax for the two years of the last biennium did not produce the full amount of \$5,000,000 by \$133,472.83. This remains a charge upon the budget of the present biennium.

I have recommended, it will be seen, that for the present we plan to meet one-half of this charge during each year of the present biennium. By expending each year \$66,736.42 less than half the \$4,800,000 appropriated for the biennium,—that is, by expending \$2,333,263.58 per annum instead of \$2,400,000,—the shortage will be cancelled by the end of the present biennium.

The Budget was discussed at length. Deans Babcock, Davenport, and Richards expressed their views of the best way of meeting the situation.

On motion of Mr. Trimble, the matter of the Budget was referred to the President of the University with power to act and to make whatever adjustments* were possible without increasing the total sum. The vote was as follows: Ayes, President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Hoit, Mr. Lowden, Mr. Trevett.

*The Budget as given on pages 452 to 499 is in the final form as approved by the President of the University.

4. Bacteriology	5,200	5,500	10,700
5. Botany	21,760	6,100	27,860
6. Chemistry	70,660	54,000	124,660
7. Classics	15,100	450	15,550
8. Education	18,250	2,500	20,750
9. English	62,890	1,800	64,690
10. Entomology	10,400	2,000	12,400

**Salaries included under Expense and Equipment.

11. Geology	16,100	3,400	19,500
12. German	24,550	200	24,750
13. History	26,550	300	26,850
14. Mathematics	36,800	700	37,500
15. Philosophy	8,900	100	9,000
16. Physiology	4,800	1,600	6,400
17. Political Science	14,000	175	14,175
18. Psychology	8,800	1,100	9,900
19. Romance Languages	28,175	250	28,425
20. Sociology	6,200	300	6,500
21. Zoology	27,000	6,900	33,900
22. Museums		9,000	9,000

Total, College of Liberal Arts and Sciences. \$425,735 \$99,775 \$525,510

IX. COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION

1. Salaries		\$47,490
2. Equipment		
a. Office and class-room equipment.....	\$ 450	
b. Fixed library charges	1,200	
c. Library equipment	1,750	

Total, Equipment 3,400

3. Expense	
a. Lectures	600
b. Travelling expense (including \$350 for Community Adviser)	700
c. Printing, postage, and office supplies...	600
d. Extra clerical help	250
e. Student assistance	300
f. Stenographic help	600
g. General	90

Total, Expense \$ 3,140

*Total, College of Commerce and
Business Administration* \$54,030

X. COLLEGE OF ENGINEERING, ENGINEERING EXPERIMENT STATION, AND COAL MINING INVESTIGATIONS

	Salaries	Expense and Equipment	Total
1. College	\$240,710.00	\$65,000	\$305,710.00
2. Engineering Experiment Station	20,923.33	25,000	45,923.33
3. Coal Mining Investigations	2,400.00	2,600	5,000.00
<i>Total</i>	<i>\$264,033.33</i>	<i>\$92,600</i>	<i>\$356,633.33</i>

XI. COLLEGE OF AGRICULTURE AND AGRICULTURAL EXPERIMENT STATION

A. Income

1. State College Funds

Income \$227,115

2. State Station Funds

a. Live stock investigations \$31,000
 b. Crop investigations 18,500
 c. Soil investigations 96,000
 d. Horticulture investigations 21,000
 e. Dairy investigations 21,000
 f. Floriculture investigations 8,000

Total, State Station funds \$195,500

Total, income from State funds..... \$422,615

3. U. S. College Funds

a. Interest on endowment ($\frac{1}{2}$)\$ 16,225.32
 b. Morrill fund, 1890 ($\frac{1}{2}$) 12,500.00
 c. Nelson fund ($\frac{1}{2}$) 12,500.00

Total, U. S. College funds \$41,225.32

4. U. S. Station Funds

a. Hatch fund\$ 15,000
 b. Adams fund 15,000

Total, U. S. Station funds..... \$ 30,000.00

W. E. Edington, Assistant (one-half time; 10 mos.)	500

Total, Mathematics\$ 36,900

Philosophy

Arthur H. Daniels, Professor (Indef.)	\$ 4,000
Boyd H. Bode, Professor (Indef.)	3,500
Queen L. Shepherd, Instructor (10 mos.)	1,400
<i>Total</i>	\$ 8,900

Physiology

William E. Burge, Assistant Professor (3 yrs. from Sept. 1, 1915)....	\$ 2,600
Alma J. Neill, Assistant (10 mos.)	1,000
Richard Ashman, Assistant (10 mos.)	1,200
<i>Total</i>	\$ 4,800

Political Science

James W. Garner, Professor (Indef.)	\$ 4,500
John A. Fairlie, Professor (Indef.)	3,500
John M. Mathews, Associate Professor (Indef.)	2,700
Russell M. Story, Associate (1 yr.)	1,900
Robert E. Cushman, Instructor (10 mos.)	1,400
<i>Total</i>	\$ 13,900

Psychology

Madison Bentley, Professor (Indef.)	\$ 3,500
Christian A. Ruckmich, Assistant Professor (1 yr.)	2,000
Carl Rahin, Instructor (10 mos.)	1,600
Gerold C. Wichmann, Assistant (one-half time; 10 mos.)	600
Coleman R. Griffith, Assistant (one-half time; 10 mos.)	600
-----, Mechanician (C. S.)	500
<i>Total</i>	\$ 8,800

*Total salary \$1,400; balance (\$700) under department of Astronomy.

Romance Languages

Kenneth McKenzie, Professor (Indef.) and Head of the Department (1 yr.)	\$ 4,000
Thomas E. Oliver, Professor (Indef.)	3,000
John D. Fitz-Gerald, Professor of Spanish (Indef.)	3,000
David H. Carnahan, Professor (Indef.)	3,000
Arthur R. Seymour*, Associate, and Adviser to Foreign Students (1 yr.)	2,000
Olin H. Moore, Associate (1 yr.)	1,700
Joseph E. Gillet, Associate (1 yr.)	1,700
John Van Horn, Instructor (10 mos.)	1,500
Charles S. Carry, Assistant (10 mos.)	1,300
Rafael A. Soto, Assistant (10 mos.)	1,100
Herbert K. Stone, Assistant (10 mos.)	1,000
John R. Shulters, Assistant (one-third time; 10 mos.)	375
Park Powell, Assistant (10 mos.)	1,000
Manuel Lopez, Assistant (10 mos.)	1,000
Pedro Bach y Rita, Assistant (10 mos.)	1,000
Jane Watson, Assistant (10 mos.)	1,000
Eliza Curtis, Assistant (one-half time; 10 mos.)	500
<i>Total</i>	\$ 28,175

Sociology

Edward C. Hayes, Professor (Indef.)	\$ 3,500
James G. Stevens, Associate (2 yrs. from Sept. 1, 1916)	1,600
Herbert K. Dennis, Assistant (10 mos.)	1,100
<i>Total</i>	\$ 6,200

Zoology

Henry B. Ward, Professor (Indef.)	\$ 5,000
Frank Smith, Professor (Indef.) and Curator of the Museum of Natural History (1 yr.)	3,000
John S. Kingsley, Professor (Indef.)	3,500
Charles Zeleny, Professor (Indef.)	3,000
Victor E. Shelford, Assistant Professor (part-time; 1 yr.)	2,200
Harley J. Van Cleave, Associate (2 yrs. from Sept. 1, 1916)	1,700
E. C. Faust, Instructor (10 mos.)	1,200
—————, Assistant (one-half time; 10 mos.)	700
Joseph Krafka, Research Assistant (10 mos.)	600
Ezra C. Harrah, Research Assistant (10 mos.)	600
Florence Hague, Assistant (one-half time; 10 mos.)	500
J. R. Christie, Assistant (one-half time; 10 mos.)	500
Gertrude Hooper, Graduate Assistant (10 mos.)	350

*Total salary \$2,500; balance (\$500) under Office of Adviser to Foreign Students.

Henry E. Schradieck, Graduate Assistant (10 mos.)	350
Lloyd B. Dickey, Graduate Assistant (10 mos.)	350
Lyell J. Thomas, Graduate Assistant (10 mos.)	300
Katherine H. Paul, Scientific Artist (10 mos.)	1,200
Robert Schmidt, Technician and Storekeeper (12 mos. from July 1, 1917)	1,200
_____, Vivarium Attendant	250
Dorothy Gilman, Stenographer (C. S.)	500

Total, Zoology\$ 26,900

Grand total of salaries, College of Liberal Arts and Sciences\$ 420,435

COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION

Office of the Dean

N. A. Weston, Acting Dean (1 yr.) and Assistant Professor of Economics (Indef.)	\$ 3,250
Marie A. Gordon, Clerk and Stenographer (C. S.)	840
<i>Total</i>	\$ 4,090

Business Organization and Operation

L. E. Young, Associate Professor of Business Organization and Operation (1 yr.)	\$ 3,250
H. T. Scovill, Assistant Professor of Accountancy (3 yrs. from Sep- tember 1, 1917)	3,000
Harrison McJohnston, Associate in Business English and Salesman- ship (1 yr.)	2,250
A. C. Littleton, Instructor in Accountancy (10 mos.)	1,800
Charles Le Deuc, Instructor in Accountancy (10 mos.)	1,800
W. E. Britton, Instructor in Business Law (10 mos.)	1,800
Lloyd Morey*, Acting Comptroller and Instructor in Accountancy (1 yr.)	
G. H. Newlove, Assistant in Accountancy (10 mos.)	1,000
<i>Total</i>	\$ 14,900

Economics

David Kinley†, Vice-President and Dean of the Graduate School (1 yr.) and Professor of Economics (Indef.)	
M. H. Robinson, Professor of Industry and Transportation (Indef.)	\$ 3,500
E. L. Bogart, Professor of Economics (Indef.)	3,500
N. A. Weston‡, Acting Dean (1 yr.) and Assistant Professor of Economics (Indef.)	

*Salary, \$2,500, under Business Office.

†Salary (\$7,000) under Graduate School and Office of Vice-President.

‡Salary (\$3,250) under Office of Dean.

C. M. Thompson, Associate Professor of Economics (2 yrs. from Sept. 1, 1917)	3,000
Simon Litman, Assistant Professor of Economics (Indef.)	2,750
J. G. Thompson, Instructor in Economics (10 mos.)	2,000
H. F. Hoagland, Instructor in Economics (10 mos.)	2,250
C. L. Stewart, Instructor in Economics (10 mos.)	2,000
Gordon Watkins, Instructor in Economics (10 mos.)	1,200
M. H. Hunter, Instructor in Economics (10 mos.)	1,500
W. H. Dreesen, Assistant in Economics (10 mos.)	800
W. W. Jennings, Assistant in Economics (10 mos.)	1,000
<i>Total</i>	\$ 23,500

Transportation

E. R. Dewsnup, Professor of Railway Administration (Indef.)	\$ 3,500
---	----------

Office of the Community Adviser

R. E. Hieronymus*, Community Adviser (1 yr.)	\$ 1,500
--	----------

<i>Total salaries, College of Commerce and Business Administration</i>	\$ 47,490

COLLEGE OF ENGINEERING**Office of the Dean**

Charles R. Richards, Dean of the College of Engineering and Director of the Engineering Experiment Station (Indef.)	\$ 6,000
Harvey H. Jordan†, Assistant Dean of the College of Engineering (1 yr.) and Assistant Professor of General Engineering Drawing (1 yr.)	200
L. Mae Manspeaker, Secretary to the Dean (C. S.)	1,200
Sara M. Slater, Stenographer (C. S.)	840
Myrtle E. Heater, Record Clerk (C. S.)	840
Genevieve O. Klank, Stenographer (C. S.)	660
Arete C. Covey, Stenographer (C. S.)	660
Elsie Baechtold, Librarian in the Engineering Library (C. S.)	1,200
<i>Total</i>	\$ 11,600

Architecture

_____, Professor of Architecture and Head of the Department (Indef.)	
Loring H. Provine, Professor of Architectural Engineering (Indef.) ..	\$ 3,500
Acting Head of the Department (1 yr.)	500

*Total salary \$3,000; balance (\$1,500) under Agricultural Extension.

†In addition to salary of \$2,000 under Department of General Engineering Drawing.

James M. White*, Professor of Architectural Engineering (Indef.) and Supervising Architect (1 yr.)	
_____, Professor of Architectural Design, (Indef.)	4,000
Newton A. Wells, Professor of Architectural Decoration (Indef.)....	2,500
Percy Ash, Assistant Professor of Architectural Design (3 yrs. from Sept. 1, 1915)	2,500
William C. Titcomb, Assistant Professor of Architecture (3 yrs. from Sept. 1, 1916)	2,200
Charles R. Clark, Assistant Professor of Architectural Construction (3 yrs. from Sept. 1, 1915)	2,400
Robert T. Jones, Associate in Architecture (1 yr.)	1,900
Rhodes Robertson, Associate in Architectural Design (1 yr.).....	1,700
Ralph S. Fanning, Instructor in Architectural Design (10 mos.).....	1,500
William S. Wolfe, Instructor in Architectural Engineering (10 mos.)	1,500
William M. Stanton, Instructor in Architecture (10 mos.).....	1,500
Carl V. Burger, Instructor in Architectural Design (10 mos.).....	1,500
Lemuel C. Dillenback, Instructor in Architectural Design (10 mos.)..	1,500
Ralph E. Muehlman, Instructor in Architectural Design (10 mos.).....	1,500
Cyrus E. Palmer, Instructor in Architectural Engineering (10 mos.)..	1,600
Joseph E. Burgess, Instructor in Free-hand Drawing (10 mos.).....	1,400
Owen J. T. Southwell, Instructor in Architectural Design (10 mos.)	1,300
Winifred Fehrenkamp, Librarian in the Ricker Library of Archi- tecture (12 mos.)	1,300
Doris Houser, Clerk (C. S.)	600
<i>Total</i>	\$ 36,400

Ceramic Engineering

Edward W. Washburn, Professor of Ceramic Chemistry and Head of the Department of Ceramic Engineering (Indef.)	\$ 5,000
Cullen W. Parmelee, Professor Ceramic Engineering (Indef.)	3,500
Ralph K. Hursh, Assistant Professor (3 yrs. from Sept. 1, 1916)....	2,500
Howard C. Arnold, Instructor (10 mos.)	1,600
E. E. Libman, Assistant (10 mos.)	700
_____, Potter, (C. S.)	1,200
_____, Assistant (one-half time; 10 mos.)	400
_____, Laboratory Attendant (C. S.)	780
Bertha M. Grierson, Clerk and Librarian (C. S.)	660
<i>Total</i>	\$ 16,340

Civil Engineering

Frederick H. Newell, Professor of Civil Engineering and Head of the Department (Indef.)	\$ 5,000
Ira O. Baker, Professor (Indef.)	4,000
Charles A. Ellis, Professor of Structural Engineering (Indef.).....	3,000

*Salary (\$5,000) under Office of the Supervising Architect.

James E. Smith, Assistant Professor (3 yrs. from Sept. 1, 1916).....	2,000
C. Stanley Sale*, Assistant Professor of Civil Engineering and Assistant to the Director of the Engineering Experiment Station (1 yr.)	1,500
Neal B. Garver, Associate (1 yr.)	1,800
Carroll C. Wiley, Associate (1 yr.)	1,700
William H. Rayner, Associate (1 yr.)	1,700
Raymond E. Davis, Associate (1 yr.)	1,700
Camillo Weiss, Instructor in Structural Engineering (10 mos.).....	1,000
Benjamin L. Bowling, Assistant in Highway Laboratory (12 mos.)....	1,200
Louise A. Lietz, Clerk (C. S.)	660
<i>Total</i>	\$ 25,360

Electrical Engineering

_____, Professor of Electrical Engineering and Head of the Department (Indef.)	
Elery B. Paine, Professor of Electrical Engineering (Indef.) and Acting Head of the Department (1 yr.)	\$ 3,500
Morgan Brooks, Professor (Indef.)	3,000
Edward H. Waldo, Assistant Professor of Electrical Design (Indef.)	2,200
Philip S. Biegler, Assistant Professor (3 yrs. from Sept. 1, 1915)....	2,200
Ira W. Fisk, Assistant Professor (1 yr.)	2,100
Leonard V. James, Associate (1 yr.)	1,800
Abner R. Knight, Associate (1 yr.)	1,800
_____, Instructor in Electrical Engineering (10 mos.)	1,200
Walter S. Goodspeed, Mechanician (C. S.)	1,200
Rachel Entorf, Clerk (C. S.)	660
<i>Total</i>	\$ 19,660

General Engineering Drawing

Harvey H. Jordan†, Assistant Professor and Assistant Dean (1 yr.)\$	2,000
Francis M. Porter, Associate (1 yr.)	1,600
Rufus Crane, Instructor (10 mos.)	1,300
Clarence A. Atwell, Instructor (10 mos.)	1,300
Leo S. Baldwin, Instructor (10 mos.)	1,000
Merton F. Banks, Instructor (10 mos.)	1,100
_____, Instructor (10 mos.)	1,200
Robert E. Murphy, Assistant (one-half time; 10 mos.)	350
<i>Total</i>	\$ 9,850

*Total salary \$3,500; balance (\$2,000) under Engineering Experiment Station.

†Total salary \$2,200; balance (\$200) as Assistant Dean.

Mechanical Engineering

Charles R. Richards*, Acting Professor of Mechanical Engineering and Head of the Department	
George A. Goodenough, Professor of Thermodynamics (Indef.).....\$	4,000
Oscar A. Leutwiler, Professor of Machine Design (Indef.).....	3,200
-----, Professor of Experimental Mechanical Engineering, (Indef.)	3,500
Arthur C. Willard, Professor of Heating and Ventilation (Indef.)..	3,200
-----, Associate (1 yr.)	1,800
Robert E. Kennedy, Associate in Foundry Practise (2 yrs. from Sept. 1, 1916)	1,800
Harry F. Godeke, Associate in Steam Engineering (1 yr.).....	1,700
Gustav H. Radebaugh, Associate in Machine Shop Management and Practise, and Acting Director of the Shop Laboratories (1 yr.)	1,800
Gustave A. Gros, Associate in Pattern-making (1 yr.).....	1,700
Arthur C. Harper, Associate in Machine Design (1 yr.)	1,700
-----, Instructor in Machine Design (10 mos.)	1,700
William H. Severns, Instructor in Mechanical Engineering (10 mos.)	1,300
Cleon E. Phelps, Assistant to the Director of the Shop Laboratories and Instructor in Shop Management (March 1, 1917, to Sept 1, 1918)	1,800
Claude L. Harrell, Instructor (10 mos.)	1,400
Edgar T. Lanham, Instructor in Forge Work (10 mos.)	1,200
Jeremiah A. De Turk, Instructor in Machine Shop Practise (10 mos.)	1,500
J. Harvey Hogue, Instructor in Foundry Practise (10 mos.).....	1,300
Will D. Moyer, Instructor (10 mos.)	1,300
James M. Duncan, Assistant in Pattern-making (10 mos.)	1,100
Peter J. Rebman, Assistant in Forge Work (10 mos.)	1,100
John A. Frisk, Assistant in Mechanical Engineering and Mechanician in the Mechanical Engineering Laboratory (12 mos.).....	1,200
William E. Alley, Assistant in Mechanical Engineering and Mechanician in the Mechanical Engineering Laboratory (C. S.)	1,400
William T. Pope, Mechanician in the Shop Laboratories (14 mos.) from July 1, 1917; C. S.)	1,200
Vincent S. Day, Scientific Assistant and Draftsman (10 mos.)	800
Avon J. Nickerson, Tool-Room Attendant in the Mechanical Engineering Laboratory (C. S.)	720
Henry C. Boswell, Assistant Mechanician in the Shop Laboratories (C. S.)	660
William C. Deem, Tool-Room Attendant in the Machine Shop (C. S.)	600
Thomas C. Byland, Tool-Room Attendant in the Pattern Shop (C. S.)	720
Margaret L. Hayes, Clerk (C. S.)	720
Total	\$ 46,120

*Salary (\$6,000) under Administration.

Mining Engineering

Harry H. Stoek, Professor of Mining Engineering and Head of the Department (Indef.)	\$ 5,000
Elmer A. Holbrook, Professor of Mineral Preparation and Utilization (Indef.)	3,200
Clinton M. Young*, Assistant Professor of Mining Research (1 yr. from July 1, 1917)	
Alfred C. Callen, Associate (2 yrs. from Sept. 1, 1916)	1,800
Herman J. Vanderbeek, Mechanician (14 mos. from July 1, 1917) (C. S.)	1,020
Florence A. Nyberg, Clerk (C. S.)	720
<i>Total</i>	\$ 11,740

Municipal and Sanitary Engineering and Theoretical and Applied Mechanics

Arthur N. Talbot, Professor of Municipal and Sanitary Engineering; in Charge of Theoretical and Applied Mechanics (Indef.)....	\$ 5,000
Melvin L. Enger, Associate Professor of Mechanics and Hydraulics (1 yr.)	2,800
Virgil R. Fleming, Assistant Professor of Applied Mechanics (1 yr.)	2,000
Fred B. Seeley, Assistant Professor of Theoretical and Applied Mechanics (1 yr.)	2,200
George P. Boomsliter, Associate in Theoretical and Applied Mechanics (1 yr.)	1,900
Newton E. Ensign, Associate in Theoretical and Applied Mechanics (1 yr.)	1,800
William J. Putnam, Instructor in Theoretical and Applied Mechanics (10 mos.)	1,500
Harold M. Westergaard, Instructor in Theoretical and Applied Mechanics (10 mos.)	1,500
Solomon C. Hollister, Instructor in Theoretical and Applied Mechanics (10 mos.)	1,300
Frank E. Richart, Instructor in Theoretical and Applied Mechanics (10 mos.)	1,300
Robert Pergande, Mechanician (C. S.)	1,260
Geneva W. Hierman, Clerk (C. S.)	600
<i>Total</i>	\$ 23,160

*Salary (\$2,400) under Coal Mining Investigations.

Physics

Albert P. Carman, Professor of Physics and Head of the Department (Indef.)	\$ 5,000
Charles T. Knipp, Professor of Experimental Electricity (Indef.).....	3,200
Floyd R. Watson, Professor of Experimental Physics (Indef.).....	3,200
Jakob Kunz, Associate Professor of Mathematical Physics (Indef.).....	2,750
William F. Schulz, Assistant Professor (Indef.)	2,200
Elmer H. Williams, Associate (2 yrs. from Sept. 1, 1916)	2,000
———, Assistant (one-half time; 10 mos.)	500
Earle H. Warner, Instructor (10 mos.)	1,200
Sebastian Karrer, Instructor (10 mos.)	1,100
Bird R. Stephenson, Assistant (10 mos.)	800
Edwin C. Fritts, Assistant (one-half time; 10 mos.)	500
Roy A. Nelson, Assistant (10 mos.)	750
Carl E. Pike, Assistant (part-time; 10 mos.)	600
Charles F. Hill, Assistant (10 mos.)	1,000
E. Frances Seiler, Assistant (part-time; 10 mos.)	500
James B. Hayes, Mechanician and Instrument Maker (C. S.).....	1,500
———, Assistant Mechanician (C. S.)	1,000
Henry T. Wyninger, Storekeeper (C. S.)	840
Della M. Rogers, Clerk (C. S.)	660
<i>Total</i>	\$ 29,300

Railway Engineering

Edward C. Schmidt, Professor of Railway Engineering and Head of the Department (Indef.)	\$ 4,500
John M. Snodgrass, Assistant Professor of Railway Mechanical Engineering (1 yr.)	2,800
Alonzo M. Buck, Assistant Professor of Railway Electrical Engineering (3 yrs. from Sept. 1, 1915)	2,200
Milton Ressler, Mechanician (C. S.)	960
Bertha G. States, Clerk (C. S.)	720
<i>Total</i>	\$ 11,180

Engineering Experiment Station

Charles R. Richards*, Dean of the College of Engineering and Director of the Engineering Experiment Station (Indef.).....	
C. Stanley Sale†, Assistant to the Director and Assistant Professor of Civil Engineering (1 yr.)	\$ 2,000
Herbert F. Moore, Research Professor of Engineering Materials in the Department of Theoretical and Applied Mechanics (Indef.)	3,200

*Salary (\$6,000) under Administration.

†Total salary \$3,500; balance (\$1,500) under Department of Civil Engineering.

Samuel W. Parr*, Professor of Applied Chemistry in the Department of Chemistry (Indef.)	2,000.00
Willis A. Slater†, Research Assistant Professor of Applied Mechanics in the Department of Theoretical and Applied Mechanics (3 yrs. from Sept. 1, 1915)	1,283.33
Alonzo P. Kratz, Research Associate in the Department of Mechanical Engineering (1 yr.)	1,900.00
Harrison F. Gonnerman, Research Associate in the Department of Theoretical and Applied Mechanics (12 mos.)	2,200.00
Harold H. Dunn, Research Associate in the Department of Railway Engineering (12 mos.)	2,000.00
Walter A. Gatward, Research Assistant in the Department of Electrical Engineering (12 mos.)	1,500.00
Frank F. Footitt, Research Assistant in the Department of Ceramic Engineering (12 mos.)	1,000.00
_____, Assistant (5 mos.)	600.00
_____, Draftsman	1,200.00
Louise Jenkins, Editorial Assistant (C. S.)	780.00
Sadie A. Jones, Stenographer (C. S.)	660.00
Dewey R. Watson, Mailing Clerk (C. S.)	600.00
<i>Total</i>	\$20,923.33

Coal Mining Investigations

Clinton M. Young, Assistant Professor of Mining Research (1 yr. from July 1, 1917)	\$2,400.00
--	------------

Grand Total of salaries, College of Engineering, Engineering Experiment Station, and Coal Mining Investigations.....\$264,033.33

COLLEGE OF AGRICULTURE

Administration

Eugene Davenport, Dean of the College, Director of the Station and Director of the Agricultural Extension Service (1 yr.), and Professor of Thremmatology (Indef.)	\$ 6,000
Henry Lewis Rietz‡, Statistician in Experiment Station (Indef.)	1,200
Anna Cushman Glover, Secretary, Station (12 mos.; Federal)	1,800
_____, Chief Editorial Assistant, Station (12 mos.; Federal)	1,200
Winona C. Hyland, Secretary to Dean and Director, College and Station (12 mos.; Federal)	1,200
Gladys A. Sheldon, University Secretary (12 mos.; Federal)	840
Hiram H. Wheeler, Clerk (C. S.)	1,020
<i>Total</i>	\$13,260

*Total salary \$4,000; balance (\$2,000) under Department of Chemistry of the College of Liberal Arts and Sciences.

†Absent on leave, September 1-February 1, 1918; without salary.

‡Total salary \$3,100; balance (\$1,900) under Mathematics.

Agricultural College Extension

Fred Henry Rankin, Superintendent of Agricultural College Extension (Indef.), and Assistant to the Dean, College, (1 yr.).....	\$ 3,500
Robert Enoch Hieronymus*, Community Adviser (1 yr.)	1,500
Albert Woodward Jamison, Assistant Superintendent of Agricultural College Extension, College (3 yrs. from Sept. 1, 1915).....	2,500
Aretas Wilbur Nolan, Assistant Professor of Agricultural Extension, College (Indef.)	2,400
James H. Greene, State Leader in Junior Extension (1 yr.).....	1,800
Joseph Harvey Checkley, Associate in Agricultural College Extension and Student Adviser (12 mos.)	1,800
Alice V. Hamilton, Student Record Keeper (C. S.)	1,200
————, Stenographer	720
<i>Total</i>	\$15,420

Agronomy

Cyril G. Hopkins, Professor of Agronomy, College, Chief in Agronomy and Chemistry, Station (Indef.), and Vice-Director of the Station (1 yr.)	\$ 5,500
Jeremiah G. Mosier, Professor of Soil Physics, College, and Chief in Soil Physics, Station (Indef.)	4,000
Louie Henrie Smith, Professor of Plant Breeding, College, and Chief in Plant Breeding, Station (Indef.)	3,500
Robert Stewart, Associate Professor of Soil Fertility, College, and Associate Chief in Soil Fertility, Station (2 yrs. from Sept. 1, 1916)	\$ 3,000
William L. Burlison, Associate Professor of Crop Production, College, and Associate Chief in Crop Production, Station (3 yrs. from Sept. 1, 1915)	2,800
Ernest Van Alstine, Assistant Chief in Charge of Soils Laboratory, Station (3 yrs. from Sept. 1, 1915)	2,500
Axel Ferdinand Gustafson, Assistant Professor of Soil Physics, College, and Assistant Chief in Soil Physics, Station (1 yr.)....	2,400
Albert Lemuel Whiting, Assistant Professor of Soil Biology, College and Assistant Chief, Station (1 yr.)	2,400

*Total salary \$3,000; balance (\$1,500) under College of Commerce.

Walter Byron Gernert, Assistant Professor of Plant Breeding, College, and Assistant Chief, Station (1 yr.)	2,400
Henry Clyde Wheeler, Associate in Soil Physics, Station (1 yr.)....	2,000
Ward H. Sachs, Associate in Soil Analysis, Station (1 yr.)	1,800
Joseph Paul Aumer, Associate in Soil Analysis, Station (1 yr.).....	1,800
John Ezra Whitchurch, Associate in Soil Fertility, Station (1 yr.)....	1,800
Frank William Garrett, Associate in Soil Fertility, Station (12 mos.)	1,800
Frederick Charles Bauer, Associate in Soil Fertility, College and Station (1 yr.)	2,100
Forrest Addison Fisher, Associate in Soil Physics, College and Station (12 mos.)	1,800
Frederick Martin William Wascher, Associate in Soil Physics, Station (12 mos.)	1,800
Robert William Dickenson, First Assistant in Soil Physics, Station (12 mos.)	1,600
Frank Archibald Wyatt, Associate in Soil Fertility, College and Station (12 mos.)	1,800
Wilber Roy Leighty, First Assistant in Soil Analysis, Station (12 mos.)	1,600
Arthur Maxwell Brunson, First Assistant in Plant Breeding, Station (12 mos.)	1,400
Orland I. Ellis, First Assistant in Soil Physics, Station (12 mos.)....	1,400
Harrison F. T. Fahrnkopf, First Assistant in Soil Fertility, Station (12 mos.)	1,400
George Edward Gentle, First Assistant in Soil Physics, Station (12 mos.)	1,400
Harry Charles Gilkerson, Instructor in Soil Fertility, College, and First Assistant in Soil Fertility, Station (12 mos.).....	1,400
Warren Rippey Schoonover, Instructor in Soil Fertility, College, and First Assistant in Soil Biology, Station (12 mos.).....	1,400
Howard John Snider, Instructor in Soil Fertility, College, and First Assistant in Soil Fertility, Station ((12 mos.)	1,400
Edward Harvey Walworth, Instructor in Crop Production, College, and First Assistant in Crop Production, Station (12 mos.).....	1,400
Edward Fritchoff Torgerson, Instructor in Soil Physics, College and First Assistant, Station (12 mos.)	1,400
Henry A. deWerff, First Assistant in Soil Physics, Station (12 mos.)	1,400
Hiram Foley Tuttle, Instructor in Soil Physics, College, and First Assistant in Soil Physics, Station (12 mos.)	1,400
Roy Hansen, Instructor in Soil Biology, College, and First Assistant in Soil Biology, Station (one-half time; 12 mos.).....	700
Washington Irving Brockson, Assistant in Crop Production, College and Station (12 mos.)	1,200
Clyde Maurice Linsley, Assistant in Soil Fertility, Station (12 mos.)	1,000
Everett E. Glick, Assistant in Soil Fertility, Station (12 mos.).....	1,000
Charles Thurman Hufford, Assistant in Soil Physics, Station (12 mos.)	1,000

J. Leonard St. John, Assistant in Soil Analysis, Station (12 mos.)....	1,000
John Pieper, Assistant in Crop Production, College and Station (12 mos.)	900
George Harlan Dungan, Assistant in Crop Production, College and Station (12 mos.)	900
———, Assistant in Farm Crops, Station and Extension	1,000
Willem Rudolfs, Assistant in Soil Analysis, Station (12 mos.)	1,000
Harry Clifford Hildebolt, Assistant in Soil Fertility, Station (12 mos.)	900
Emma L. Custer, Bookkeeper and Chief Clerk (C. S.)	900
Mary B. McMillen, Stenographer (C. S.)	840

Division of Farm Mechanics

Earl Archibald White, Assistant Professor of Farm Mechanics, College (3 yrs. from Sept. 1, 1916)	\$ 2,500
Ira Wilmer Dickerson, Associate in Farm Mechanics, College (1 yr.)	1,800
Marvin Edward Jahr, Associate in Farm Mechanics, College (12 mos.)	1,800
Chester Otis Reed, Associate in Farm Mechanics, College (12 mos.)	1,800
Ray Iris Shawl, Assistant in Farm Mechanics, College (12 mos.) ...	1,000
Daniel Vaubel, University Secretary (C. S.)	960

Total, farm mechanics\$ 9,860

Total, agronomy\$89,860

Animal Husbandry

Herbert Windsor Mumford, Professor of Animal Husbandry, Col- lege, and Chief in Animal Husbandry, Station (Indef.).....	\$ 5,000
Harry Sands Grindley, Professor of Animal Nutrition, College, and Chief in Animal Nutrition, Station (Indef.)	4,000
Walter Castella Coffey, Professor of Sheep Husbandry, College, and Chief in Sheep Husbandry, Station (Indef.)	3,500
Robert Graham, Professor of Animal Pathology, College, and Chief in Animal Pathology, Station (3 yrs. from Sept. 1, 1917).....	3,000
James Lloyd Edmonds, Assistant Professor of Horse Husbandry, College, and Assistant Chief in Horse Husbandry, Station (3 yrs. from Sept. 1, 1916)	2,800
Henry Perly Rusk, Assistant Professor of Cattle Husbandry, Col- lege, and Assistant Chief in Cattle Husbandry, Station (3 yrs. from Sept. 1, 1916)	2,800
John Dettlefsen, Assistant Professor of Genetics, College, and As- sistant Chief in Genetics, Station (3 yrs. from Sept. 1, 1915)....	2,700

Harold Hanson Mitchell, Associate in Animal Nutrition, College and Station (1 yr.)	2,100
William Herschel Smith, Associate in Animal Husbandry Extension, College and Station (1 yr.) (Smith-Lever)	2,400
Daniel Otis Barto, Associate in Animal Husbandry, College (1 yr.)	2,400
Sleeter Bull, Associate in Animal Nutrition, College and Station (1 yr.)	2,000
Gilbert Gusler, Associate in Animal Husbandry, College (10 mos.) ..	2,000
Wilbur Jerome Carmichael, Associate in Animal Husbandry, College, and Station (12 mos.)	2,100
Roy Harold Wilcox, Associate in Animal Husbandry, College and Station (12 mos.)	1,800
Elmer Roberts, Instructor in Genetics, College, and First Assistant in Genetics, Station (12 mos.)	1,600
Claude Harper, Instructor in Animal Husbandry, College, and First Assistant, Station (12 mos.)	1,400
Earl Kirkwood Augustus, Instructor in Animal Husbandry, College, and First Assistant, Station (12 mos.)	1,400
James Wilbur Whisenand, Instructor in Animal Husbandry, College, and First Assistant, Station (12 mos.)	1,400
Mary Helen Keith, Assistant in Animal Nutrition, Station (12 mos.) ..	1,300
John B. Rice, Assistant in Animal Husbandry, College and Station (12 mos.)	1,200
Henry Carl Eckstein, Assistant in Animal Nutrition, College and Station (12 mos.)	1,200
Herbert Frederick Lienhardt, Assistant in Animal Pathology, College and Station (12 mos.)	1,200
James Bruce Henderson, Assistant in Animal Husbandry, College and Station (12 mos.)	1,200
Howard Marion Chiles, Assistant in Animal Nutrition, Station (12 mos.)	900
Worth Arthur Allison, Assistant in Animal Husbandry, College and Station (12 mos.)	1,000
Martha E. Taft, Secretary (C. S.)	960
Jessie R. Beadles, Department Clerk (C. S.)	900

Mabel Halliday, Stenographer (C. S.)	840
Hazel L. Rock, Stenographer (C. S.)	780

The salaries authorized are to be expended only in case the work assigned to the Office of the Supervising Architect requires the given sum.

SCHOOL OF MILITARY AERONAUTICS

(2) The following statement:

I received under date of July 26 a communication from Captain George W. Krapf, Commandant of the School of Military Aeronautics at the University of Illinois, enclosing a telegram from Major Hiram Bingham of the United States Signal Service Corps asking Captain Krapf to confer with the University authorities and ascertain whether it would be possible to enlarge the school at the University to four or five hundred students. In a communication received on the same day from Dr. David Kinley, who is now in Washington, it appears that the War Department has already ordered an immediate increase of aviation schools and expressed a desire to increase the number located at the University of Illinois to four hundred by September 8, if the Women's Residence Hall can be used for that purpose, and the suggestion was made that the Government was willing to pay \$1,000 rental a month, provided the hall could accommodate four hundred men. Major Bingham also states that no guarantee can be given to increase the school to four hundred at any definite date, but men will be sent gradually until the number has reached that figure, provided the above assurance is given and the above arrangement made. The whole matter is at present indefinite, but it is apparent that the Federal Government finds it necessary to increase the size of these aviation schools, and it would like to increase also the one at the University of Illinois.

There are three general sources of expense in connection with these aviation schools: quarterage, instruction, and rationing.

The Government has thus far expressed no willingness to provide for quarterage except in these last communications. It has made a contract with the University to provide certain sums for instruction. It looks as if we might be able to provide the instruction for the sum indicated. The Government has also expressed a willingness to pay one dollar a day for the rations. It seems possible to make a contract at that rate for the rationing of the men. If the Government makes no allowance for quarterage, the expense of this school becomes a very heavy burden on the University. We have already taken over the Y. M. C. A. building, agreeing to give the Y. M. C. A. authorities \$5,000, which, however, they are to expend in putting the building into first-class shape for the purpose intended. The University will furnish heat and light without charge, estimated at \$1,200 a year. The Board has also authorized turning over the President's house to the Y. M. C. A. authorities to be used as offices, etc., so that they can vacate the entire building. I estimate the expense to the University of providing the Y. M. C. A. building as barracks for the School will amount to \$8,000 for the first year and from three to four thousand dollars for subsequent years. The Y. M. C. A. authorities have taken over the contract of furnishing rations to the men who live in the Y. M. C. A. building at one dollar per day.

Things are thus still in a very indefinite shape. We can not even estimate what it will really cost the University to run this school.

I have protested to the Federal Government that while the University of Illinois is very anxious to do its full share in this whole matter and would go to the limit of its ability in helping to make the School of Aviation efficient, I did not think it was fair for the Federal Government to saddle the expense of quarterage on the University, which had no buildings and no funds which it could use for that purpose.

As stated above, the whole matter is very indefinite and the University is assuming a very grave risk in attempting to carry on the school at all. At the same time I do not see how, under the circumstances, we can refuse to do anything that is at all within our ability.

On motion of Mrs. Busey, the President of the University was authorized to make the necessary arrangements with the Federal Government for the increase in the number of students at the School of Military Aeronautics, assigning if necessary for this purpose the Women's Residence Hall for use as barracks to house the members of the School.

MILITARY COMMANDANT

(3) A statement that Colonel R. W. Mearns has recommended that we should ask for the detail of Major E. W. McCaskey, U. S. A. Retired, as Military Commandant at the University. Major McCaskey was born at Lancaster, Pennsylvania, in 1863; he attended Franklin and Marshall College and the United States Military Academy at West Point from 1882 to 1886. In addition to serving as lieutenant in the 21st Infantry in this country, Europe, Cuba, and the Philippines, Major McCaskey has had four years of college detail at Pennsylvania State College, three years at Newark, Delaware, and two years at St. Joseph's College in Philadelphia. He was retired in 1908, but recalled in 1916 and is now on duty at Fort Benjamin Harrison, Indiana. I am expecting to ask the War Department to detail Major McCaskey to be Military Commandant at the University.

No action was taken in this matter.

APPOINTMENT TO ACCOUNTANCY BOARD

(4) A recommendation from the Committee on Accountancy that Mr. R. O. Berger, C. P. A., of the firm of Price, Waterhouse, & Company of Chicago, be appointed a member of the Board of Examiners in Accountancy for the term of three years, beginning July 1, 1917, to succeed Mr. James Hall whose term expired on June 30, 1917.

On motion of Mrs. Evans, this appointment was made.

MANUFACTURE OF CHEMICALS

(5) A communication from Professor Roger Adams covering the manufacture of chemicals.

No action was taken in this matter.

INSTITUTE FOR RESEARCH

(6) A statement from Dean Kinley that the University Senate has discussed at considerable length the proposal to coordinate all of our research work at the University into a University of Illinois Institute for Research. The faculty has discussed the matter also in its various subdivisions, including the executive faculty of the Graduate School, the staff of the Agricultural Experiment Station, the staff of the Engineering Experiment Station, etc. I am hoping to submit to the next meeting of the Board a formal recommendation as to the constitution of such an institute for research.

No action was taken in this matter.

LEAVE OF ABSENCE FOR PROFESSOR SLATER

(7) A recommendation from Dean C. R. Richards that Assistant Professor W. A. Slater be given leave of absence without salary for five months beginning September 1, 1917, to engage in work connected with the national defense.

On motion of Mrs. Busey, this recommendation was approved.

SALARY OF DIRECTOR BENEDICT

(8) A request from Professor Bruce W. Benedict asking that his salary as Director of the Shop Laboratories be continued in full until September 1, 1917. As Professor Benedict, without any extra pay, has given instruction in Military 1 and 2 to over one hundred students during a term of three semesters, I recommend that the salary be continued for July and August.

On motion of Mr. Carr, this recommendation was approved.

At this point, Mr. Trimble withdrew.

BUILDING SCHEDULE

(9) A recommendation that the funds appropriated by the General Assembly for buildings during the present biennium be apportioned as follows:

(1) School of Education	\$215,000
(2) Smith Music Hall	160,000

(3) Women's Residence Hall	90,000
(4) Isolation Hospital	7,500
(5) Animal Husbandry Feeding Plant	25,000
<i>Total</i>	<u>\$497,500</u>

On motion of Mrs. Busey, this recommendation was concurred in. The vote was as follows: Ayes, President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Taggart, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mr. Hoit, Mr. Lowden, Mr. Trevvett, Mr. Trimble.

AUTHORITY TO ACCEPT RESIGNATIONS AND FILL VACANCIES

(10) A request for the usual authority to accept resignations and fill vacancies in the University staff.

On motion of Mr. Carr, this authority was conferred on the President of the University.

TRANSFER OF TREASURER'S FUNDS

(11) A letter from the Comptroller concerning the payment of funds to the Treasurer of the University by H. S. Capron, former Treasurer.

July 30, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to advise you that I have received a report from Mr. Edmund D. Hulbert, Treasurer of the University, showing a remittance received from Mr. H. S. Capron, former Treasurer, in the amount of \$747.42 made as follows:

Balance as reported by Arthur Young & Company in the hands of Mr. Capron May 1, 1917, page 377 of the Minutes of the Board of Trustees.....	\$1,432.64
Warrants paid by Mr. Capron to July 24th and returned to the Comptroller	<u>685.22</u>

Balance on hand July 24th remitted in full to Mr.

Hulbert, Treasurer, as indicated above.....\$ 747.42

This does not cover whatever adjustment in the payment of interest on balances may be directed by the Financial Committee in accordance with the recent action of the Board.

Very truly yours,

LLOYD MOREY

This letter was received for record.

TRANSFER OF RANTOUL FARM

(12) A report from the Comptroller that Thomas and Jennie L. Molloy, who purchased the farm near Rantoul given to the University by Captain Thomas J. Smith, have decided to waive their objection to the title to said

property and will close up the transaction as soon as they are able to secure a loan on the property. (See page 412.)

This report was received for record.

SITE FOR UNIVERSITY PRESS

(13) A letter from the Comptroller stating, in regard to the property purchased by the University from the Episcopal Church and located on Sixth Street in Champaign, that all the various points at issue between the University and the Bishop of the Diocese have now been covered, and that as soon as a quit claim deed from the former Bishop is received the matter can be consummated.

This report was received for record.

BULLETIN ON THE USE OF COAL

(14) A report from Dean C. R. Richards concerning a circular recently published by the Engineering Station on the economical use of coal in dwelling houses.

This report was received for record.

FIRE IN BOILER HOUSE

(15) A statement from Professor White that a fire occurred in the old boiler house at 1 a. m. on Sunday morning, July 29, 1917, damaging the roof to the extent of about \$5,000.

This report was received for record.

PRICE SET ON FISHER FARM

Mrs. Busey stated that she had received a request for a price on the Smith farm at Fisher.

On motion of Mr. Carr, the price of this farm was set at \$275 an acre.

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented for record the following list of appointments made by the President of the University:

Baker, G. C., Research Assistant in Sanitary Chemistry, on part time, for twelve months beginning July 1, 1917, at a salary of sixty dollars (\$60) a month. (July 26, 1917).*

Bennett, A. N., Assistant Chemist in the division of sanitary chemistry, on part time, for twelve months beginning July 1, 1917, at a salary of fifty dollars (\$50) a month. (July 27, 1917).

Buell, I. A., Scholar in Mathematics, for ten months, beginning September 1, 1917, at a stipendium of twenty-five dollars (\$25) a month. (July 28, 1917).

Cable, J. R., Fellow in Economics, for ten months, beginning September 1, 1917, at a stipendium of thirty-five dollars (\$35) a month. (July 28, 1917).

*The date in parenthesis is the date on which the appointment was made by the President of the University.

Emmerson, Edith, Scholar in German, for ten months, beginning September 1, 1917, at a stipendium of twenty-five dollars a month. (July 28, 1917).

Fazel, C. S., Instructor in the School of Military Aeronautics at a salary of one hundred ten dollars (\$110) a month, beginning September 1, 1917, and continuing until further notice. (July 23, 1917).

Greenfield, Edmon, Assistant Bacteriologist in the division of sanitary chemistry, for twelve months, beginning July 1, 1917, at a salary of fifty dollars (\$50) a month. (July 27, 1917).

Hebbert, C. M., Instructor in the School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning September 1, 1917, and continuing until further notice. (July 24, 1917).

Hodnet, Mona P., Scholar in the Classics, for ten months,, beginning September 1, 1917, at a stipendium of twenty-five dollars (\$25) a month. (July 28, 1917).

Klotz, H. J., Instructor in the School of Military Aeronautics, at a salary of one hundred seventy-five dollars (\$175) a month, beginning September 1, 1917, and continuing until further notice. (July 30, 1917).

Mason, M. S., Instructor in the School of Military Aeronautics, at a salary of one hundred seventy-five dollars (\$175) a month, beginning September 1, 1917, and continuing until further notice. (July 18, 1917).

Miles, P. K., Instructor in the School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning September 1, 1917, and continuing until further notice. (July 30, 1917).

Palm, F. C., Fellow in History, for ten months, beginning September 1, 1917, at a stipendium of thirty-five dollars (\$35) a month. (July 28, 1917).

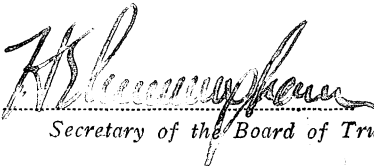

Siegmund, H. O., Instructor in the School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning July 16, 1917, and continuing until further notice. (July 19, 1917).

Young, C. M., Assistant Professor of Mining Research, for one year beginning July 1, 1917, at a salary of twenty-four hundred dollars (\$2,400) a year. (July 20, 1917).

The Board adjourned.

URBANA, ILLINOIS, August 29, 1917

I certify that in the foregoing pages, numbered 449 to 505, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at its meeting held July 31, 1917, as approved by the Board at its meeting of August 28, 1917.

Secretary of the Board of Trustees

Secretary pro tempore

MEETING OF THE BOARD OF TRUSTEES
—OF THE—
UNIVERSITY OF ILLINOIS

August 28, 1917

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, on Tuesday, August 28, 1917, pursuant to the following notice which was sent out by the Secretary on August 21, 1917.

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, on Tuesday, August 28, 1917, at 12 o'clock noon, to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Ward, Miss Watson.

President James was present.

In the absence of the Secretary, Miss Watson acted as Secretary *pro tempore*.

MINUTES APPROVED

The Secretary *pro tempore* presented the minutes of the meeting of July 31, 1917.

On motion of Mr. Taggart, the minutes were approved as printed on pages 449 to 505, above.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board proceeded to the consideration of the following matters submitted by the President of the University.

SCHOOL OF MILITARY AERONAUTICS

(1). A proposed contract between the Government of the United States, represented by Major G. W. Krapf of the Signal Corps, of the first part, and the University of Illinois, of the second part, for a School of Military Aeronautics.

[CONTRACT]

These Articles of Agreement, entered into this first day of July, nineteen hundred and seventeen, between Major George W. Krapf, Signal Corps, United States Army, of the first part, and the University of Illinois, in the county of Champaign, State of Illinois, of the second part, WITNESSETH, that the said Major George W. Krapf, Signal Corps, United States Army, for and in behalf of the United States of America, and the said University of Illinois (hereinafter designated as the contractor) do covenant and agree, to and with each other, as follows, viz:

Article I. The contractor shall provide, properly equip and maintain, at the University of Illinois, Urbana, Illinois, a school of military aeronautics of sufficient size to enable the adequate ground training thereat of at least four hundred (400) students at a time.

Article II. The contractor shall provide at the school a sufficient number of competent instructors to give lectures, demonstrations, and other instruction, on the following subjects: "Aeronautical Motors," "Theory of Flight," "Cross Country and General Flying," "Aerial Observation," "Gunnery," "Signalling and Radio," "Infantry Drill," "Calisthenics."

Article III. The contractor shall, during the period commencing July first, 1917, and ending June thirtieth, 1918, give ground training in the subjects mentioned in Article II to officers and enlisted men of the Aviation Section, Signal Reserve Corps, designated for such training by the Signal Corps, in accordance with such regulations relating to the schedule of training and instruction for enlisted men in schools of military aeronautics as may be issued by the Office of the Chief Signal Officer from time to time.

Article IV. That for and in consideration of the faithful performance of the stipulations of this contract, the contractor shall be paid at the office of the contracting officer for all services rendered in conformity with the requirements of this contract, compensation as follows, for each student instructed in behalf of the Signal Corps: Ten (\$10.00) Dollars per week for each of the first four (4) weeks' instruction and Five (\$5.00) Dollars for each succeeding week of instruction, PROVIDED, That in no case shall the total compensation for each student be more than Sixty-five (\$65.00) Dollars.

For each student found unsatisfactory, or relieved for any reason before the completion of the course; payment shall be made at the rates above specified, for the number of weeks' instruction actually rendered, up to and including the day of his release.

Article V. The contractor shall at all times cooperate to the best of his ability with the officer of the Signal Corps detailed as commandant at the school, and shall endeavor to fulfill the above stipulations in a manner best calculated to coincide with the wishes of the Signal Corps.

Article VI. The contractor shall permit representatives of the United States to be present at the school at any and all times to witness instruction and work; to inspect and examine all equipment, and to pass upon its fitness; and to examine and verify all records, in connection with the services and instruction to be performed under this agreement.

Article VII. The United States reserves the right to determine the adaptability of students for instruction in ground training, and at any time may withdraw such students as in the judgment of authorized representatives of the Signal Corps do not appear to possess the necessary aptitude.

Article VIII. That the contractor frees the Government from all damage, loss, or destruction of equipment belonging to the contractor due to fair wear and tear.

Article IX. That in case of the failure of the said contractor to provide the facilities, equipment, and personnel above specified, on or before July fifteenth, 1917, this contract in the discretion of the Signal Corps may be declared null and void.

Article X. The contractor further agrees to hold and save the United States harmless from and against all and every demand, or demands, of any nature or kind for, or on account of, the use of any patented invention, article, or process included in work to be done under this contract. It is understood that this agreement shall apply only to equipment furnished by the contractor.

Article XI. Neither this contract nor any interest herein shall be transferred to any other party or parties, and in case of such transfer the United States may refuse to carry out this contract either with the transferer or the transferee, but all rights of action for any breach of this contract by said contractor are reserved to the United States.

Article XII. No member of, or delegate to Congress, nor any person belonging to, or employed in, the military service of the United States, is or shall be admitted to any share or part of this contract, or to any benefit which may arise therefrom. However, if this contract is made with an incorporated company, this stipulation, so far as it relates to members or delegates to Congress, is not to be construed to extend to this contract.

Article XIII. That it is expressly agreed and understood that this contract shall be non-effective until an appropriation adequate to its fulfillment is made by Congress and is available.

Article XIV. That this contract shall be subject to approval of the Chief Signal Officer, United States Army.

IN WITNESS WHEREOF, the parties aforesaid have hereunto placed their hands the date first hereinbefore written.

WITNESS:

.....as to }
as to } Signal Corps, U. S. Army

.....as to }
as to } President of the University of Illinois,
 for the Board of Trustees of the Uni-
 versity of Illinois.

APPROVED191....
 Brigadier General, C. S. O.

On motion of Mr. Hoit, this contract was approved and the President of the University was authorized to sign all necessary contracts and leases with the United States Government or its agents relating to the establishment or conduct of a School of Military Aeronautics at the University of Illinois.

SITE FOR MCKINLEY HOSPITAL

(2) A statement that it is quite necessary that the University proceed with the location and erection of the University Infirmary for which Mr. William B. McKinley has made a gift of \$90,000 in securities of various kinds. The Board approved the location of the Infirmary at the north end of the present athletic field (page 250). The use of this property for this purpose, however, would require the re-location of the athletic interests and an adequate provision for their work, at a cost of at least \$50,000. This would involve the presentation to the University by the Athletic Association of the new athletic field near the Illinois Central Railroad, the addition of the ten acres lying immediately south and now owned by the University to the twenty acres in the athletic field, and the assignment of the whole property of thirty acres to athletic purposes, with the erection of some grand stands and the necessary outbuildings.

I think this would be the best solution of the difficulty. The trouble is, we have not the money to undertake such an enterprise at the present time, and I do not think we are likely to get it in the next biennium. But we must proceed with the erection of an Infirmary or Hospital. It is very much needed by the University.

If the location at the north end of the athletic field is impracticable, there are several possible locations:

1. On the block to the west of the present athletic field facing either

Wright Street, or Sixth Street, or Fifth Street, immediately west of Wright Street and somewhere north of Springfield avenue;

2. On the east side of the present athletic field where a similar site might be obtained for some ten or twelve thousand dollars;

3. In the present forestry, at the south end, which would not involve the purchase of land but the assignment of a part of the forestry for this purpose;

4. On Fourth Street immediately west of the military field facing the Armory and two or three hundred feet south of Armory Avenue;

5. On the south side of Armory Avenue between Third Street and Arbor Street, immediately facing the park which has been established on the site of the old fair grounds and which is located between Third and Second Streets, in Champaign, beginning immediately at the north side of Armory Avenue. A site suitable for present conditions could be obtained for about ten thousand dollars, although it would be desirable to enlarge such a site as soon as possible by the purchase of adjacent property at a probable cost of \$5000.

The advantage of a site on the east side of the present athletic field is close proximity to our present heating and lighting plant. The other sites would all call for very material expense in connecting the building with the heating and lighting plant. In case it should be located at the south end of the forestry or on Armory Avenue between Third Street and Arbor Street it might be wiser to construct a separate heating plant in connection with the building.

After detailed discussion of all these sites and an informal vote to reveal the preference of members of the Board, it was voted to postpone further consideration of this matter until the next meeting of the Board. The members of the Board were requested to examine the proposed sites.

SITE FOR CLINICAL BUILDING IN CHICAGO

(3) A recommendation that the Executive Committee be authorized to negotiate for the purchase of the West Side Baseball Park as a site for the location of the clinical departments of the College of Medicine. It looks very much now as if developments in the field of hospital service in Chicago may be very rapid. The Department of Public Health of the State is considering the acquisition of a new site for the Eye and Ear Infirmary of Chicago. I have some assurance from Mr. Thorne, the director of public health, and from Mr. Bowen, the assistant director of the same department, that they would consider making a recommendation that the Eye and Ear Infirmary be located near the College of Medicine of the University of Illinois if a suitable site can be found. They regard it as quite necessary in this development that the University should have an adequate site. I think that the University should acquire, either alone or in conjunction with the other State departments, all the land from Polk Street south to Twelfth Street and between Lincoln Street and Wood Street, the width corresponding

to the width of the block occupied by the Cook County Hospital, and that the various state hospitals should be located on this site with an opening toward the new Twelfth Street boulevard provided for in the new city plan of Chicago.

On motion of Mr. Ward, the Executive Committee was authorized to undertake negotiations for the purchase of the West Side Baseball Park, and to submit the results of the same to the Board. The vote was unanimous.

LEAVE OF ABSENCE FOR PROFESSOR BENTLEY

(4) A request for authority to grant leave of absence to Professor Madison Bentley to enable him to accept a commission as captain in the aviation corps.

On motion of Mr. Hoit, the President of the University was authorized to grant Professor Bentley leave of absence, without salary, beginning September 1, 1917, and continuing until further notice.

HOSPITAL FOR WOUNDED SOLDIERS

(5) A letter from Mr. Douglas C. McMurtrie, president of the Federated Association for Cripples, New York, offering his services to assist in the establishment of a reconstruction hospital for war cripples in connection with the University.

No action was taken on this matter.

LABORATORY FEES IN BOTANY

(6) A recommendation from the Council of Administration that the laboratory fees in Botany 7a and 7b be changed from \$5.00 to \$3.00 a semester.

This recommendation was approved.

PURCHASE AND SALE OF REAL ESTATE

(7) A report from the Comptroller that the purchase of the Kerr Forestry property* has been finally completed, the necessary papers exchanged, and the property paid for.

2. A further report that the purchase of property* at No. 806 South Sixth Street, Champaign, immediately west of Dean Davenport's house, as a site for the University Press, has been completed. The University has received a quit-claim deed signed by Bishop Osborne and a warranty deed signed by Bishop Sherwood, and the money has been paid.

3. A further report that the sale of the Smith farm near Rantoul to Jennie L. Molloy and Thomas F. Molloy of Rantoul, being 214 acres more or less, for a consideration of \$37,450, has been completed, the deed from the University accepted by the purchasers, and the money received by the University (See pages 412 and 504).

This report was received for record.

*See minutes, page 333.

LEAVE OF ABSENCE FOR PROFESSOR YOUNG

(8) A request from Professor L. E. Young for leave of absence to undertake certain work for the Government at Washington in the investigation of prices of material products for the Federal Trade Commission.

On motion of Mr. Hoit, the President of the University was authorized to grant Professor Young leave of absence from September 1, 1917, until further notice, without salary, to enable him to do this work.

SMITH MUSIC BUILDING

(9) A statement that in the budget already approved an item of \$160,000 was inserted for the construction of the Smith Music Hall, to be charged to the legislative appropriation for completing buildings which had already been begun. Captain Smith is eager to see this building completed as soon as possible, as he feels that the present condition of his health is very uncertain. Our plan for financing the completion of the building is to sell the farms. One of them has already been sold and the money paid in, the sum amounting to \$37,450. It will be possible to complete the building by the sale of the other farms and if they cannot be sold at good figures in the course of the coming year it will still be possible to raise money by a loan on these farms as security, which will enable the Board to complete the building.

On motion of Mrs. Busey, the Supervising Architect was authorized to proceed with the completion of the Music Building, and to enter into the necessary contracts supplementary to the general contract already let to Mr. A. J. Stoolman. The vote was unanimous.

PROPERTY OFFERED

(10) A statement that the attention of the Board has been called to the desirability of purchasing the twenty acres of woodland lying immediately north of the Kerr Woods recently acquired (page 395). The owner would, I presume, be willing to accept the same price per acre as that paid for the Kerr Woods if the University would pay the cost of clearing the title. It is desirable to secure this land because it would remove from the property the University now owns a very serious fire risk involved in an open wood lot in immediate juxtaposition to the present forest.

The attention of the Board has also been called to the possible purchase of the property at the northeast corner of the intersection of Mathews Avenue and Illinois Street, in Urbana, the frontage being 120 feet on Mathews by 200 feet on Illinois. The property contains two large houses. It is believed that this property could be obtained under mortgage, and that the interest on the mortgage could be met by the rental of the houses until such time as the Trustees should be able to acquire the property in fee simple. The houses might be used to assist in the cooperative house movement for the housing of the women students of the University. It is desirable to obtain this property for the possible extension of the departments housed at present in the Natural History building.

The same thing is true of the property lying immediately east of the Chemistry Laboratory and facing Mathews Avenue. When the war is over there will undoubtedly be an enormous quickening of the chemical industries, and it will be necessary to make further provision for the adequate teaching of chemistry at the University. It could be done at much less expense by the erection (opposite the present laboratory) of buildings which could be managed in immediate connection with it than in any other way.

No action was taken on these matters.

MANUFACTURE OF CHEMICALS

(11) Recommendations from Dean Kendric C. Babcock

(a) That the department of chemistry be authorized to continue during the coming year the manufacture of a selected, diversified number of chemicals to meet the demands of our own laboratories and to fill direct orders from other scientific and practical laboratories, it being understood that this work can be so conducted in our present laboratories as not to interfere with the regular research and instruction but rather to reinforce them;

(b) That the appointment of not more than four manufacturing assistants comparable with other half-time assistants be authorized at salaries not exceeding \$60.00 a month.

(c) That the creation of a revolving fund not to exceed \$5000 be authorized for the purchase of chemicals needed in these manufactures, in such quantities as will insure advantageous prices and economic production.

(d) That this authorization be granted with the stipulation that the enterprise be conducted with a view to returning to this revolving fund within the next twelve or eighteen months, out of the sales of products, the amounts originally drawn from it, less the value of the chemicals required by the University laboratories.

On motion of Mr. Ward, these recommendations were approved.

OFFER FOR ST. JOSEPH FARM

(12) A statement from Mr. John Wood of Gifford, Illinois, that if the St. Joseph Farm of 240 acres presented to the University by Captain T. J. Smith and valued by him at \$225 an acre were offered at the price of \$175 an acre, he would consider its purchase.

No action was taken on this matter.

BUDGET, COLLEGES OF MEDICINE AND DENTISTRY

(13) A list of appointments in the faculties of the Colleges of Medicine and Dentistry for the academic year beginning September 1, 1917, and a request for authority to approve the details of the salary and expense budgets of these colleges.

CLINICAL FACULTY, COLLEGE OF MEDICINE

I. Department of Medicine

1. Division of Medicine

Maurice Louis Goodkind, Professor of Clinical Medicine

Joseph McIntyre Patton, Professor of Clinical Medicine
Frederick Tice, Professor of Medicine and Head of the Department of
Medicine
Edward Louis Heintz, Assistant Professor of Medicine and Clinical
Medicine
Maurice Lewison, Assistant Professor of Physical Diagnosis
Robert Mosser, Associate in Clinical Medicine
Ernest Sisson Moore, Associate in Clinical Medicine
Frank Chauvet, Associate in Physical Diagnosis
George John Lorch, Instructor in Medicine
Robert Wilson Morris, Instructor in Medicine
Waldemar Eberhardt, Instructor in Medicine
Walter Bradford Metcalf, Instructor in Clinical Medicine
Fred Raymond Crooks, Instructor in Medicine
Franklin S. Wilson, Instructor in Clinical Medicine
Laurence Hampson Mayers, Instructor in Medicine
John Charles Mathew Krasa, Instructor in Medicine
Robert Ludwick Furby, Instructor in Medicine
Frank Joseph Jirka, Assistant in Physical Diagnosis

2. Division of Pediatrics

Julius Hayes Hess, Professor of Pediatrics and Clinical Pediatrics and
Head of the Division
Henry Eugene Irish, Instructor in Pediatrics
Edward Kent Armstrong, Instructor in Pediatrics
Maurice Lamm Blatt, Instructor in Pediatrics
Abraham Levinson, Instructor in Pediatrics
Lester Edward Bower, Instructor in Pediatrics
James J. Leach, Assistant in Pediatrics
C. George Appelle, Assistant in Pediatrics

3. Division of Neurology

Lee Harrison Mettler, Professor of Neurology and Clinical Neurology and
Head of the Division
Edward Franklin Leonard, Assistant Professor of Neurology
Isador Bernard Diamond, Instructor in Neurology

4. Division of Psychiatry

Haim I. Davis, Assistant Professor of Psychiatry and Head of the Division
H. Douglas Singer, Assistant Professor of Psychiatry

5. Division of Roentgenology

Adolph Hartung, Instructor in Roentgenology

6. Division of History of Medicine

Bernard John Cigrand, Lecturer in the History of Medicine

II. Department of Obstetrics and Gynecology

Charles Sumner Bacon, Professor of Obstetrics and Head of the Department

Rachelle S. Yarros, Associate Professor of Obstetrics and Clinical Obstetrics

Cecil von Bachele, Assistant Professor of Obstetrics and Clinical Obstetrics

Otto Herman Rohrlack, Assistant Professor of Obstetrics and Clinical Obstetrics

Annie Esther Barron-Harrison, Instructor in Obstetrics

Richard Charles Steffan, Instructor in Obstetrics

John William Birk, Instructor in Obstetrics

Charles Newberger, Instructor in Obstetrics

Walter Charles Hammond, Instructor in Obstetrics

Edwin Martin Heacock, Instructor in Obstetrics

Frederick Howard Falls, Instructor in Obstetrics

James Hubert Skiles, Instructor in Obstetrics

Mary Gilruth McEwen, Assistant Professor of Clinical Gynecology

John Michael Lang, Assistant Professor of Clinical Gynecology

Egan Walter Fischmann, Instructor in Clinical Gynecology

Albert John Schoenberg, Instructor in Clinical Gynecology

Frank Lee Stone, Instructor in Clinical Gynecology

Mathilda Osborne Lichner, Assistant in Clinical Gynecology

Lee A. Juhnke, Assistant in Clinical Gynecology

III. Department of Surgery

I. *Division of Surgery*

Albert John Ochsner, Professor of Surgery and Clinical Surgery

Charles Davison, Professor of Surgery and Head of the Department of Surgery

Albert Edward Halstead, Professor of Surgery and Clinical Surgery

Charles Edward Humiston, Associate Professor of Clinical Surgery

Nelson Mortimer Percy, Associate Professor of Clinical Surgery

George Farnsworth Thompson, Assistant Professor of Surgery and Clinical Surgery

Frederick George Dyas, Assistant Professor of Surgery and Clinical Surgery

Frank Donald Moore, Assistant Professor of Surgery and Clinical Surgery

John Ross Harger, Associate in Surgery and Minor Surgery

Charles Herbert Phifer, Instructor in Surgery

Henry Lester Baker, Instructor in Surgery

George Luther Davenport, Instructor in Surgery

Arrie Bamberger, Instructor in Surgery and Minor Surgery

Oscar Eugene Nadeau, Instructor in Surgery

George Washington Post, Assistant in Clinical Surgery

Robert Emmet Flannery, Assistant in Clinical Surgery

Max Meyerovitz, Assistant in Clinical Surgery

Carl Albert Meyer, Instructor in Clinical Surgery

Lyndon Harris, Assistant in Clinical Surgery

2. *Division of Orthopedic Surgery*

Edwin Warner Ryerson, Professor of Orthopedic Surgery and Head of the Division

Charles Morgan McKenna, Assistant Professor of Genito-Urinary Surgery

Harry Jerome Smejkal, Instructor in Genito-Urinary Surgery

John Patrick O'Neil, Instructor in Genito-Urinary Surgery

Marcus Solomon Oliver, Assistant in Genito-Urinary Surgery

Archie James Graham, Instructor in Operative Surgery

3. *Division of Laryngology, Rhinology, and Otology*

Norval Pierce, Professor of Laryngology, Rhinology, and Otology and Head of the Division

Joseph C. Beck, Associate Professor of Laryngology, Rhinology, and Otology

John Algernon Cavanaugh, Associate in Laryngology, Rhinology, and Otology

Eugene Birmingham, Instructor in Laryngology, Rhinology, and Otology

Edward F. Garraghan, Instructor in Laryngology, Rhinology, and Otology

Walter H. Theobald, Instructor in Laryngology, Rhinology, and Otology

IV. *Department of Ophthalmology*

Edward Vail Lapham Brown, Professor of Ophthalmology and Head of the Department

V. *Department of Dermatology*

Philip Frank Shaffner, Associate in Dermatology

Frances Eugene Senear, Instructor in Dermatology

Elmer DeWitt Brothers, Lecturer in Medical Jurisprudence

Matthew Mills, Alternate Lecturer in Medical Jurisprudence

On motion of Miss Watson, the President of the University was authorized to make the necessary appointments in the Colleges of Medicine and Dentistry.

On motion of Mrs. Evans, the President of the University was authorized to determine in detail the expenditures of these colleges within the limits provided for in the general budget already approved. The vote was unanimous.

At this point Mr. Ward withdrew, and, the absence of a quorum having been noted, the Board adjourned.

FLORENCE E. WATSON

Secretary pro tempore

W. L. ABBOTT

President

MEETING OF THE EXECUTIVE COMMITTEE, AUGUST 28, 1917

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, on Tuesday, August 28, 1917, immediately following the adjournment of the meeting of the Board on the same day.

Mr. W. L. Abbott, Chairman, and Mr. O. W. Hoit, member of the Committee, were present; also Mrs. Busey, Mrs. Evans, Mr. Taggart, and Miss Watson, members of the Board.

President James was present.

On request of Mr. Abbott, Miss Watson acted as Clerk.

BUDGET ADJUSTMENTS

The President of the University submitted the budget of the University for the fiscal year beginning July 1, 1917, as approved by the President and filed with the Secretary of the Board of Trustees, with the following statement:

This budget has been approved by the action of the Board in approving the minutes of the last meeting, as it is printed on pages 452 to 499 of the minutes for July 31, 1917.

Since the final formulation of this budget many resignations have come in from men who have left the University to enter military or industrial service. I have felt constrained to accept these resignations wherever it was at all possible for the University to get along without the men. The result, however, is a badly disorganized condition in several departments, and it will be necessary, owing to the shifting of work, to alter the salary and expense appropriations at many different points in order to make the budget a workable scheme.

On motion of Mr. Hoit, it was voted, with the concurrence of the members of the Board who were present, to authorize the President of the University to make such changes in the budget as to salaries and expense accounts as he may find necessary, provided that the total expense be kept within the total sum appropriated.

The Executive Committee adjourned.

FLORENCE E. WATSON

ADJOURNED SESSION, SEPTEMBER 13, 1917

When the Board convened in the office of the Superintendent of Public Instruction, in Springfield, at 10 o'clock a. m. on Thursday, September 13, 1917, pursuant to the adjournment taken on Tuesday, September 11, 1917, the following members were present: President Abbott, Superintendent Blair, Mrs. Evans, Mr. Hoit, Mr. Trimble.

President James was present.

In the absence of the Secretary, Mr. Hoit acted as Secretary *pro tempore*.

As there was no quorum, an adjournment until 10:30 a. m. was taken.

O. W. HOIT

Secretary pro tempore

W. L. ABBOTT

President

EXECUTIVE COMMITTEE MEETING, SEPTEMBER 13, 1917

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the office of the Superintendent of Public Instruction, in Springfield, at 10 a. m. on Thursday, September 13, 1917, during the recess in the meeting of the Board on the same day. Mr. W. L. Abbott, Chairman, and Mr. O. W. Hoit, member of the Committee, were present; also Superintendent Blair, Mrs. Laura B. Evans, and Mr. C. A. Trimble, members of the Board, and President James.

Mr. O. W. Hoit acted as Clerk.

AMERICAN UNIVERSITY UNION IN EUROPE

President James presented an invitation from Anson Phelps Stokes, secretary of Yale University and secretary of the board of trustees of the American University Union in Europe, for the University of Illinois to become a member of the Union, at a cost of \$250 a year. The object of this union is to help meet the social and other needs of American university and college men who are in Europe for military or other service in the cause of the Allies (See page 419).

On motion of Mr. Hoit, the President of the University was authorized to take out this membership for the University.

The Executive Committee adjourned.

O. W. HOIT

Clerk

W. L. ABBOTT

Chairman

SECOND SESSION, SEPTEMBER 13, 1917

When the Board convened at 10:30 a. m. on Thursday, September 13, 1917, pursuant to the adjournment taken at 10 a. m. on the same day, the following members were present: President Abbott, Superintendent Blair, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Trimble, Mr. Ward.

President James was present.

Mr. O. W. Hoit acted as Secretary *pro tempore*.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board considered the following matters submitted by the President of the University.

SITE FOR McKINLEY HOSPITAL

(1) The location of the University Infirmary for the erection of which Honorable William B. McKinley has presented securities to the par value of \$120,000, estimated to have a cash value at the present time of \$90,000,

The Board of Trustees voted to locate the Infirmary at the north end of the Athletic field* if it were feasible to relocate the athletic interests in a manner fair to all parties. A careful estimate shows, however, that to relocate the athletic interests in a proper condition and make the necessary improvements in the new athletic field would cost upwards of \$50,000. In my opinion the University has not the money at the present time to undertake this considerable enterprise. Other sites were talked about at the time of the location, and additional sites have been discussed since, the most important of which are the following:

1. Some block west of Illinois field in Champaign, within a block of Wright Street and north of Springfield Avenue;
2. A similar block in Urbana on the east side of Illinois field;
3. The property now owned by Mr. A. F. Fay at the corner of Goodwin Avenue and Green Street, Urbana;
4. A site near the forestry facing the road running immediately north of the cemetery;
5. A site in the forestry itself;
6. A site on the west side of Fourth Street, just south of Armory Avenue, facing the military field;
7. A site on the back campus fronting Burrill Avenue and south of the east and west center line of the Armory prolonged across Burrill Avenue;
8. A site on the south side of Armory Avenue between Third Street and Arbor Street, facing Washington Park.

It is possible to obtain a site in the last named location consisting of the lot at the south-east corner of the intersection of Arbor Street and Armory Avenue and the lot next east, toward Third Street. These lots are numbered respectively 71 and 72 in the College Place addition. Immediately back of these lots and facing Arbor Street is lot 70 in the College Place addition. Immediately back of lot 70 facing Third Street is lot 75, which may also be obtained.

I have an offer of these lots from Miss Fannie B. Sherfy, agent for the College Place lots, at \$9,250 in addition to taxes and assessments. In case this site is selected, it will be desirable to enlarge it as soon as possible by the purchase of adjacent property.

After considerable discussion, it was moved by Mr. Trimble that the President of the University be authorized to purchase lots 70, 71, 72, and 75 in the College Place addition in Champaign, as described above, at a price not to exceed \$9,250 aside from taxes and assessments. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Trimble; noes, Mr. Hoit, Mr. Ward; not voting, Mr. Blair. Subsequently, Mr. Blair authorized the recording of his vote in favor of the purchase.

*See page 250.

BUDGET OF THE COLLEGE OF MEDICINE

(2) - The Budget of the College of Medicine, prepared under authority given on August 28, 1917*.

**BUDGET OF THE COLLEGE OF MEDICINE, INCLUDING CERTAIN
ITEMS FOR THE COLLEGE OF DENTISTRY† AND THE
SCHOOL OF PHARMACY**

FOR THE FISCAL YEAR JULY 1, 1917 - JUNE 30, 1918

Summary

A. Administration	\$ 55,372.00
B. Anatomy	23,430.00
C. Physiology and Physical Chemistry	24,790.00
D. Pathology and Bacteriology	22,225.00
E. Pharmacology and Therapeutics	11,000.00
F. Medicine and Divisions	2,820.00
G. Surgery and Divisions	3,850.00
H. Obstetrics and Gynecology	3,750.00
I. Ophthalmology	1,850.00
J. Library	7,620.00
K. Graduate School	1,000.00
Total	\$157,707.00

A. Administration**I. Salaries and Wages**

A. C. Eycleshymer, Dean‡	
W. H. Browne, Secretary and Superintendent of Buildings (C. S.)\$	3,500

Graduate Summer Quarter, 1917-18

Expense of special lecturers, announcements, postage, etc.....\$ 1,000

PURCHASE OF ADDITIONAL FIRE-FIGHTING EQUIPMENT

(3) A letter from Professor White concerning the purchase of additional fire-fighting equipment.

August 27, 1917

President E. J. James, 355 Administration Building

DEAR SIR:

We have had under discussion the purchase of some additional fire-fighting equipment and it has been suggested that we should secure a gasoline truck which would be a combination pumper, chemical, and hose wagon. This suggestion was made by parties who felt that we should

cooperate with the local departments in the Twin Cities as they do not have adequate pressure and the pumper is necessary for large fires.

At present our equipment responds to fire alarms turned in from the west side of Champaign and the University district in Urbana, and since July 1st our department has responded to 32 calls, 16 in Champaign and 16 in Urbana, all of them being in residences and several of them being in faculty homes. During the same period our department has gone to the Champaign headquarters nine times and to Urbana headquarters seven times. In the case of our equipment going to Champaign, an Urbana truck relays to our station and vice versa in the case of our relaying to Urbana. We have in this way, therefore, assisted the Twin Cities by going to their headquarters 16 times and by helping them in fighting 32 fires in the University district. In the same time they have been called to the University but twice. The Twin Cities are therefore under obligations to us rather than we to them, and I do not see why we should buy any more equipment to help us take care of their fires. I think that our relaying to their stations in case of fire more than offsets the service which they render us, and the only justification for our helping on fires in the University district is that we are in most cases closest to them and the majority of them are student rooming houses.

I therefore believe that our new equipment should be a combination chemical and hose truck with a forty-gallon chemical tank. Such an equipment would cost us between \$4000 and \$5600, depending upon the quality of the equipment. If we are going to continue with war activities, the moral hazard in our buildings is greater than heretofore and I think we should have a better fire fighting apparatus. We have ample pressure and most of our fires can readily be put out with a forty-gallon extinguisher. I therefore request authority to purchase such an equipment, charging same to our appropriation for Physical Plant Extensions.

Yours truly,

JAMES M. WHITE
Supervising Architect

The President of the University was given authority to purchase fire-fighting equipment in accordance with the recommendation of the Supervising Architect at a price not to exceed four thousand dollars. The vote was unanimous.

FORD SERVICE TRUCK

(4) A letter from the Supervising Architect concerning the purchase of a Ford service truck.

August 27, 1917

President E. J. James, University of Illinois

DEAR SIR:

I request authority to purchase a Ford Service Truck with delivery body to be used in distributing supplies from the Business Office store room and from the building department store to the points where they may be needed. Such a truck will cost about \$450.00.

I enclose a letter from Mr. Morey with reference to the service that such a truck would be in his work. In connection with our operating work we desire to be able to have workmen and janitors telephone to the store room for their supplies instead of making trips back during working hours to obtain the materials and tools they need. In order to find out what this would mean in dollars and cents an investigation was made during the week ending July 28, 1917, to determine the amount and cost of time consumed of the men that have to return to the store room and tool room at the Power Plant during the day to secure materials with which to continue their work.

At best such an investigation can be only an approximation wherein certain assumptions must be made to permit of conclusions. To arrive at some results the actual material tickets turned in to the store room at times other than at 8:00 a. m. and 1:00 p. m. were used. The job to which this ticket referred was located and the distance of that job from the store room was approximated. Then on the basis of a travel rate of a mile in twenty minutes and the wage rate of the man who signed the material ticket, the cost of the time lost was calculated. The same procedure was followed for tools.

No consideration was given to the time lost by delays at the store room nor the time lost, occasioned by the stopping and starting of work on account of the trip.

The Business Office for the same period made a survey of their delivery situation and, estimated that by automobile delivery the time of one boy at \$2.00 per day could be saved.

The estimated savings per day expressed in dollars from the various sources due to delivery of materials by a service truck directly to the workman are

Tools	\$ 2.50
Carpenters	1.25
Concrete workmen55
Electricians	1.10
Janitors	3.20
Painters	2.00
Plumbers	3.40
Miscellaneous	1.10
Business Office supplies	2.00
	<hr/>
	\$17.10
Loss for one year of 300 days	\$5130.00
Probable cost of operating and maintaining a Ford	
Service Truck for one year	2780.00
	<hr/>
Saving	\$2350.00

This has led me to a consideration of the time lost by the men in my office traveling around to different buildings, and it has impressed me espe-

cially today because my own automobile is in the shop and I am having to tramp, and therefore accomplish materially less than otherwise. I therefore suggest for your consideration the advisability of purchasing a motor cycle for the use of myself and assistants in making trips over the campus to inspect buildings. The suggestion has come to me because of my own automobile being out of business, and I have not investigated prices, but I presume a good motor cycle can be purchased for \$250.00.

Yours very truly,

JAMES M. WHITE

Supervising Architect

August 3, 1917

Professor James M. White, Supervising Architect

MY DEAR PROFESSOR WHITE:

I beg leave to call your attention to the need of a small motor truck for campus service.

We have gone a large way in the past year or two in the development of our stores system. We are handling large amounts of material out of this building and have recently organized a central Chemical Storeroom at the Chemistry building to supply all laboratories. We are also using the Physical Plant Storeroom more and more to fill requisitions from departments for miscellaneous supplies. In addition, I understand that there is no regular plan of deliveries from the Physical Plant Storeroom or warehouse to various points on the campus where job work is being done.

A study of the work carried on in this building alone would seem to indicate that we could probably dispense with the time of one person if the supplies could be delivered to the various buildings by motor truck. To this would be added the advantage of greater promptness, more regularity, and better protection for the materials in case of storm.

A truck which could be called upon for general service would be of great value to the Purchasing Department in handling urgent orders, in delivering express shipments which are left at the Purchasing Department because of poor address, and in handling materials to and from the campus and down-town stores on various occasions. These various advantages are chiefly in addition to the advantage that, as I see it, would be gained in connection with the regular work of your department as far as handling of materials especially is concerned.

I would suggest, if funds can be found, that it would without doubt prove an economy as well as a great convenience if a small service truck could be secured, which I would recommend be placed under the supervision, so far as routing is concerned, of the storekeeper in the Physical Plant Storeroom, to be available at the call of your department or mine for general service in connection with the handling of materials. Doubtless the use of the truck could be greatly extended if it were put into commission. I trust an opportunity may be found in the near future to make this addition to our equipment.

Cordially yours,

LLOYD MOREY

The President of the University was given authority to direct the purchase of such a truck in accordance with the recommendation of the Supervising Architect.

ACCIDENTS TO EMPLOYEES

(5) A letter from the Supervising Architect concerning the treatment of accidents to employees.

August 29, 1917

President E. J. James, 355 Administration Building

DEAR SIR:

I enclose for your information a copy of a letter just received from Dr. Beard with reference to an injury to the eye of an employee and also a copy of my reply. It seems to me that it is very necessary that in such cases we see to it that the first treatment is the best that can be given. I have also advised Dr. Beard that in such cases he is to obtain a written report on the case from the person to whom the injured man is sent.

Yours truly,

JAMES M. WHITE

Supervising Architect

August 27, 1917

Professor James M. White, Supervising Architect

MY DEAR SIR:

Mr. Earl McGully, a negro laborer employed by the University, got a small piece of steel into his eye while at work. I saw him about a half an hour after getting it in his eye and with a hand-lens was able to see a small particle of steel sticking to the cornea. I deemed it advisable for me not to attempt to remove it from his eye as it best could be done by a specialist. I therefore advised him to see one at once. I cautioned him that his injury was an unimportant one if taken care of properly, but if neglected it might lead to serious complications and maybe blindness. He stated that he would go to a specialist at once.

Very truly yours,

J. HOWARD BEARD

University Health Officer

August 27, 1917

Dr. J. Howard Beard, Men's Gymnasium

DEAR SIR:

I have your letter of August 27 with reference to the injury to the eye of Earl McGully. The University has quite definitely established the policy of meeting the medical expenses in such a case, and I think it is very important that we see that proper medical services are rendered. I therefore wish you would in all cases of this sort send the employee to a specialist and have the bill rendered directly to the University.

Yours truly,

JAMES M. WHITE

Supervising Architect

The President of the University stated that in the absence of further instructions from the Board he would authorize Professor White to deal with these matters along the lines indicated in this communication.

No action was taken on this matter.

SUIT OF CIVIL SERVICE EMPLOYEE

(6) A statement from the Comptroller that Mr. Charles Redman, a former employee of the University who was laid off in December, 1916, is suing the University for the sum of \$464 for wages lost as a result of being laid off. Green and Palmer, of Urbana, are the attorneys. The University Counsel has the matter in his hands. The case involves a test of certain regulations of the State Civil Service Commission, which the University has been trying to follow.

No action was taken on this matter.

ALUMNI SECRETARY

(7) A request from Mr. Henry J. Burt, president of the Alumni Association of the University of Illinois, that the Trustees appropriate \$5,000 to pay an alumni secretary whose duties would be largely devoted to the campaign for raising funds among the alumni to erect the Gregory Memorial Building.

Mr. Trimble raised the question of the legality of such an appropriation and the matter was referred to the President of the University for further consideration.

TITLE OF RANTOUL FARM

(8) A request from Dobbins and Dobbins, attorneys, of Champaign, that the Trustees adopt the following memorandum to quiet the title of a farm recently sold by the University to Molloy and Molloy.

WHEREAS there has heretofore been sold on behalf of the Board of Trustees, and by its authority, to Jennie L. Molloy and Thomas F. Molloy, of Rantoul, Illinois, the following described real estate, formerly owned by this Board, namely: All that part of the North Half ($\frac{1}{2}$) of Section Twenty-three (23), Township Twenty-two (22) North, Range Nine (9), East of the Third Principal Meridian, which lies West of the right of way of the Illinois Central Railroad, being Two Hundred Fourteen (214) acres, more or less, for a consideration of Thirty-seven Thousand, Four Hundred Fifty Dollars (\$37,450);

AND WHEREAS, the said consideration has been paid into the hands of the treasurer of said Board of Trustees and a deed conveying the lands above described to the said purchasers has been executed in the name of the Board of Trustees of the University of Illinois, by W. L. Abbott, President, and H. E. Cunningham, Secretary of said Board, with the seal of said University of Illinois thereto affixed, which said deed was duly acknowledged on the 13th day of August, A. D. 1917, before M. E. Thompson, a

notary public, and has been recorded in the office of the recorder of deeds of Champaign County, Illinois, in volume 165 of the deed records of said county, on page 265;

NOW, THEREFORE, be it hereby resolved that the execution of said deed, in the name of this Board of Trustees, in the manner aforesaid be and the same is hereby ratified and adopted as the act and deed of the Board of Trustees of the University of Illinois.

This memorandum was adopted by a unanimous vote.

PENSION FOR MRS. CHARLES H. JOHNSTON

(9) A statement that Dr. Charles Hughes Johnston, Professor of Education and acting head of the School of Education, was killed on Tuesday, September 4, 1917, while on his way home in his automobile from a visit to his parents in North Carolina. Death resulted from a collision at the edge of the village of Elk Ridge, near Baltimore, Maryland. I should like to have instructions from the Trustees as to payments to his widow. Professor Johnston has been professor in the University since 1913.

On motion of Mr. Trimble, the President of the University was requested to obtain the opinion of the University Counsel as to the powers of the Board in the premises.

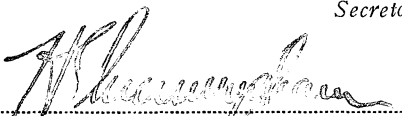

The Board adjourned.

URBANA, ILLINOIS, November 10, 1917

I certify that in the foregoing pages, numbered 519 to 533, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at the quarterly meeting of September 11, 1917 (page 519), and at the adjourned sessions of September 13, 1917 (pages 519-533), and of the Executive Committee on September 13, 1917 (page 520), as approved by the Board at its meeting of November 9, 1917.

MEETING OF THE BOARD OF TRUSTEES

—OF THE—

UNIVERSITY OF ILLINOIS

October 20, 1917

A special meeting of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, in Urbana, at 10 a. m. on Saturday, October 20, 1917, pursuant to the following notice which was sent out by the Secretary on October 13, 1917.

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at 10 a. m. on Saturday, October 20, 1917, in the Trustees' room, at the University, in Urbana, to consider such matters as the committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Taggart, Miss Watson. President James was present.

As there was no quorum, the Board took a recess until 2 p. m.

H. E. CUNNINGHAM

W. L. ABBOTT

Secretary

President

MEETING OF THE EXECUTIVE COMMITTEE, OCTOBER 20, 1917

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, in Urbana, on Saturday, October 20, 1917, during the recess in the meeting of the Board of Trustees on the same day.

Mr. W. L. Abbott, Chairman, and Mr. R. F. Carr, member of the Committee, were present; also Mrs. Mary E. Busey, Mrs. Laura

B. Evans, Mr. J. E. Taggart, and Miss Florence E. Watson, members of the Board.

President James was present.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Executive Committee considered the following matters submitted by President James:

LEAVE OF ABSENCE FOR PROFESSORS E. C. SCHMIDT, E. BARTOW, AND L. E. YOUNG

(1) A request from Professor E. C. Schmidt for indefinite leave of absence without pay from the University, beginning when he is ordered to report for service as Major in the Ordnance Department of the United States Army, he having been appointed to this office but not yet ordered to report for duty.

I have granted similar requests from Professor Edward Bartow of the Department of Sanitary Chemistry, and Professor L. E. Young of the College of Commerce.

Unless the Board takes action to the contrary, I shall extend leave of absence to Professor Schmidt in accordance with the authority given me by the Board on May 1, 1917.

No action was taken.

TRANSFER OF AGRICULTURAL FUNDS

(2) A request from the Dean of the College of Agriculture for a transfer to the Agricultural College Extension account of \$1,000 from the appropriations of the present year for Dairy Husbandry.

On motion of Mr. Carr, this transfer was approved.

SITE FOR MCKINLEY HOSPITAL

(3) A letter from the Comptroller concerning the purchase of lots in the College Place addition as a site for the McKinley Hospital.

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to advise you that in accordance with the action of the Board of Trustees at its meeting on September 13, I have purchased the following lots:

From Fannie B. Sherfy:

Lot 70 in College Place Addition, located on the east side of Arbor Street near Armory Avenue, having a frontage of 54 feet on Arbor Street and a depth of 114 feet. Subject to general taxes for 1917 (paving assessment entirely paid).

Lot 75 in College Place Addition to the city of Champaign, located on Third Street near Armory Avenue, with a frontage of 54 feet on Third Street and a depth of 114 feet. Subject to general taxes for 1917 and to a complete assessment for Third Street pavement, amounting to \$250 12 plus interest.

Purchase price of the above, \$3,550.

From Fannie B. Sherfy and Thomas Arkle Clark:

Lot 71 in College Place Addition to Champaign, located at the south-east corner of Arbor Street and Armory Avenue, having a frontage of 57 feet on Armory Avenue and 120 feet on Arbor Street. Subject to general taxes for the year 1917 and to seven instalments of assessment for Armory Avenue pavement at \$18.96 each, total \$132.72, plus interest.

Lot 72 in College Place Addition to the city of Champaign, located on Armory Avenue between Arbor Street and Third Street, having a frontage of 57 feet on Armory Avenue and a depth of 120 feet. Subject to general taxes for the year 1917 and to seven instalments of assessment for Armory Avenue pavement at \$18.96 each, total \$132.72, plus interest.

Purchase price of the above, \$5,700.

Total price of four lots, \$9,250.

Title to all of the above lots has been examined and approved by Judge O. A. Harker, Legal Counsel, and warranty deeds and abstracts secured and deposited with the Secretary of the Board.

Cordially yours,
LLOYD MOREY

This report was received for record.

COOPERATIVE HOUSES FOR GIRLS

(4) A proposed plan for the organization of cooperative rooming houses for girls. This was drawn up by the Comptroller after consultation with the Dean of Women and Professor White, and has the approval of all three. The plan involves taking over the lease of the house on 1001 West Illinois Street, Urbana, for two years beginning September 1, 1917. I recommend its adoption.

PROPOSED PLAN OF ORGANIZATION OF COOPERATIVE ROOMING HOUSES FOR GIRLS

1. *Houses to be provided by the University*

It is proposed that the University will provide on the basis of weekly rental for each girl in each house, to be fixed on the recommendation of the Dean of Women and the Supervising Architect, approved by the President of the University, certain residences now owned by it. The rental for these houses will be paid to the University as indicated below. (For the year 1917-18, it is proposed to assign houses as authorized by the Board of Trustees, located at 502½ South Goodwin Avenue, Urbana; 504 South Goodwin Avenue, Urbana; and 806 South Sixth Street, Champaign; at a rental of \$1.00 per week per girl.)

2. *University to lease houses*

It is proposed that the Comptroller will lease for the University on the recommendation of the Dean of Women and the Supervising Architect, approved by the President of the University, certain other residences to be used as cooperative rooming houses,

3. *Collection of rental charges, etc.*

It is proposed that the Business Office will collect or direct the collection of, on the basis of information furnished by the Dean of Women, a charge fixed on the recommendation of the Dean of Women approved by the President of the University, from each girl or group of girls in all of the houses thus operated. It is proposed that all such collections be credited to a trust fund known as "Cooperative Rooming House Fund", from which disbursements will be made on the order of the Dean of Women approved by the Comptroller, for the following purposes:

(a) Payment to the University of rent for houses furnished by it on the basis of rental charge fixed as per Section 1.

(b) Payment of rent to parties from whom other houses may be rented as per Section 2, in accordance with the terms of the leases.

(c) The purchase of articles of furniture for such houses, said furniture to become the property of the Woman's League of the University of Illinois for use in cooperative rooming house projects.

(d) Payment of various miscellaneous expenses connected with said houses.

Financial statements concerning the operations of the Fund will be furnished regularly by the Business Office to the Dean of Women, the President of the University, and to the Board of Trustees.

4. *Supervision*

The supervision of all such houses shall be vested in the Dean of Women, who will make assignments of rooms to applicants, will assist the Business Office as may be necessary in the collection of rentals, will approve all disbursements from the funds thus collected, and will have general supervision over the conduct of the houses.

5. *Discontinuation of project*

If for any reason the cooperative rooming house project is discontinued or abandoned, all assets connected with the project, including any cash balance in the Cooperative Rooming House Fund and such furniture as may have been purchased from said fund, will be considered available to meet any deficit arising as a result of said discontinuation, and any surplus remaining after all expenses and losses have been paid shall be turned over to the Woman's League of the University of Illinois for the use and benefit of women students of the University.

On motion of Mr. Carr, this plan was approved.

McKINLEY HOSPITAL

(5) A letter from Congressman W. B. McKinley, under date of September 9, 1917, to the effect that he is satisfied with the location of the hospital on Armory Avenue as fixed by the Board and also that he realizes the necessity of delay in construction on account of war conditions.

This report was received for record.

LEAVE OF ABSENCE FOR PROFESSOR F. W. SCOTT

(6) A request for authority to grant to Assistant Professor Frank W. Scott, who was taken very ill during the last part of last year, and is not able to resume his work at present, sick leave with one-half pay until February 1, 1918.

On motion of Mr. Carr, this authority was given.

LEAVE OF ABSENCE FOR MISS BEVIER

(7) A request from Herbert Hoover, Executive in charge of the United States Food Administration, that Miss Isabel Bevier be given leave of absence from the University for the months of November and December in order to go to Washington and serve as Acting Chairman of the Advisory Home Economics Committee of the Food Administration. I understand that Miss Bevier will draw no salary in this capacity, but will have an allowance for traveling expenses and board. Subject to the approval of the Board, I have granted this request.

On motion of Mr. Carr, the action of the President was approved.

DEGREES GRANTED IN OCTOBER

(8) A letter from Mr. C. M. McConn, Clerk of the Senate, concerning recommendations for degrees.

October 2, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate, at its meeting of October 1, 1917, voted to recommend to the Board of Trustees that degrees be conferred as follows:

THE GRADUATE SCHOOL**The Degree of Master of Arts***In Economics*

Milton Nels Nelson

In Education

Alfred William Gross

Dora Keen

Augusta May Krieger

Harry Charles McKown

Tsunekichi Mizuno (as of June 13, 1917)

The Degree of Master of Science*In Chemistry*

William Thoreau Bryant

Friend Lee Mickle

In Dairy Husbandry

William Barbour Nevens

THE COLLEGE OF LIBERAL ARTS AND SCIENCES

The Degree of Bachelor of Arts*In the General Course*

Inga Irene Arntzen	Glenn Lloyd Head
Charles Gage Brennemann	Kaywin Kennedy
Helen Marie Eninger	Max Schecht
Sylvester Stanton Fitzgerald	Constance Sutcliffe
Mary Beatrice Garvin	Teh-Chang Tong
Rollin Barnes Harrington	Bruce Van Cleave

Fremont Philip Wirth

In Medicine

Jesse Louis Bollman
William Elliott Savage

The Degree of Bachelor of Science*In the General Course*

Charles Stuart Montooth

THE COLLEGE OF ENGINEERING

The Degree of Bachelor of Science*In Architectural Engineering*

Herbert Frank Schoene

In Civil Engineering

Arthur Gustave Gehrig

In Electrical Engineering

Jack LeRoy Rowe

John Edward Walsh

In Mining Engineering

Emilio Alves Teixeira

In Railway Civil Engineering

Donald Jay Strauch

THE COLLEGE OF AGRICULTURE

The Degree of Bachelor of Science*In Agriculture*

Anthony Ready Gould	Eugene Martin Phillips, A.B.
Ehme John Joosten	En-Lin Sun

In Landscape Gardening

Elsa Caroline Wolf

THE SCHOOL OF PHARMACY

The Degree of Graduate in Pharmacy

Frank Marsicano

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Carr, the President of the University was authorized to confer degrees as recommended by the Senate.

CONTRACT, SCHOOL OF AERONAUTICS

(10) The contract between the University and the Young Men's Christian Association.

Under the authority given me by the Board of Trustees, I have made a contract with the University Y. M. C. A. in regard to the use of the Y. M. C. A. Building as Barracks for the aviators, which is hereby submitted:

CONTRACT

This Agreement made the eighteenth day of September, one thousand nine hundred and seventeen, between the Board of Directors of the Young Men's Christian Association of Champaign, Illinois, party of the first part, and the Board of Trustees of the University of Illinois, party of the second part, witnesseth:

The said party of the first part agrees to lease to the party of the second part for a period of one year, all of the rooms above the basement in the Y. M. C. A. Building, situated on the corner of John and Wright Streets in Champaign, Illinois, said quarters to be used as a barracks for the cadets of the School of Aeronautics. The party of the first part agrees to maintain insurance on the building and to pay all taxes and assessments which may be legally levied against the property and to pay to the party of the second part the sum of One Hundred Thirty (\$130.00) dollars monthly for janitor services, including supplies, in the portion of the building leased to said party of the second part.

The party of the second part in consideration of the permission to occupy the building under the said terms agrees to furnish heat, light and water for the entire building and to put the building in good repair and so maintain it, exclusive of general painting of the exterior and the interior of the building during the period of the lease. Also to place at the disposal of the party of the first part, including heat, light and water, the building known as the President's House on the campus of the University

of Illinois, on the corner of Wright and Green Streets, to be used by the party of the first part as the Y. M. C. A. headquarters in such manner as they deem best.

In the matter of repairing the building and so maintaining it the party of the second part will charge to the party of the first part **any sum** over \$5,000, which it may cost to do this work, which excess of expenditure beyond \$5,000, the party of the first part agrees to pay. This amount to be due and collectible at the expiration of this lease.

In the matter of the occupation of the building known as the President's House the party of the second part agrees to maintain this building but not to provide the janitor service.

And it is further understood and agreed, that the covenants and agreements contained in the within lease shall be binding upon the parties hereto, their legal representatives and assigns.

In witness whereof, the parties to these presents have hereunto set their hands and seals, the day and year first above written.

Signed: SAMUEL W. PARR (Seal)

*For the Young Men's Christian Association
Party of the First Part*

Signed: EDMUND J. JAMES (Seal)

*For the Board of Trustees of the University of Illinois
Party of the Second Part*

Sealed and delivered in the presence of
JAMES M. WHITE

On motion of Mr. Carr, this contract was approved and the Supervising Architect was instructed to keep the Y. M. C. A. building in proper condition.

ENLARGEMENT OF SCHOOL OF AERONAUTICS

(11) The following statement:

I have received notice from the Commandant of the School of Military Training that the Government desires in a short time to increase the number of students in the School of Aeronautics to 520. This would necessitate the use of the Women's Residence Hall as barracks for the aviators, as authorized by the Board of Trustees.

We have had many annoying incidents connected with the location of the School of Military Aeronautics here, growing out of the fact that the University had no adequate dormitory building and no adequate mess accommodations for such large numbers. The Government has been feeling its way in the establishment and development of these schools. **Its representatives** have not been authorized to speak always with definiteness; they have found it necessary sometimes to revoke their orders, often causing us serious embarrassment.

The tuition account has been settled up to September 30, 1917. The University has already expended about \$1,000 more than it is entitled to receive under its tuition contract. This payment does not meet any of the

extraordinary expense which was occasioned to the University by the establishment and development of the school. We are keeping accurate account of the expenses which this school has entailed on the University, and we hope that, in accordance with the first informal statement, the Government will reimburse the University for these extraordinary expenditures.

We are proud and glad to have the school here. We are much in earnest to meet the wishes of the Government in the most complete way, so as to make the school one of the best among similar institutions in the country.

Under the authority given me by the Board, I expect to work away at this problem until it is solved to the satisfaction of the Government and the University.

SITE FOR CLINICAL BUILDING

(12) The following statement:

On January 24, 1917, the Board authorized and directed the Executive Committee to acquire a site for a Clinical Building as soon as possible and to proceed with the preparation of plans for such a building. On February 21, 1917, President Abbott reported that the Executive Committee was engaged in the purchase of land for a site for the Clinical Building and that the Committee intended to complete this purchase within a short time. On March 13, 1917, the President of the University presented a plan for a Clinical Building for the College of Medicine to be located on Wood Street in Chicago, immediately south of the property now held by the School of Pharmacy. The Chairman of the Executive Committee reports as follows:

"I now have to report the purchase of two pieces of property in the Pharmacy School block in Chicago, described as follows:

"N. E. CORNER W. POLK AND SOUTH WOOD STS., known as 1756 and 1758 W. POLK ST., consisting of three-story and basement brick building and ground 50 feet on W. Polk St. and 115.19 feet on Wood St., described as Lots 4 and 5 in Eisenstein's Subdivision of Lots 1, 2, 3, and 4 and South 15 feet of Lot 5 in Carpenter's Resubdivision of W $\frac{1}{2}$ of Block 5 in Assessor's Division of E $\frac{1}{2}$ of S E $\frac{1}{4}$ Section 18—39—14.'

"Total cost, including commissions and incidentals, \$14,258.33.

"Lots 721-723-725 South Wood Street W front 140.19 feet N of Polk Street, consisting of three-story and basement brick building and ground 60 x 125 feet to 17 $\frac{1}{2}$ ' alley described as Lots 7 and 8 and the North 10 feet of Lot 6 in Resubdivision of W $\frac{1}{2}$ of Block 5 in Assessor's Division of E $\frac{1}{2}$ S E $\frac{1}{4}$ of Section 18—39—14.'

"Purchase price, including commissions and incidentals, \$16,992.08.

"Seven thousand dollars (\$7,000.00) has already been paid on the first mentioned piece of property, the balance being represented by a mortgage which had previously been placed on the property. It is proposed to pay off all the indebtedness on this piece of property and to make a payment of about \$10,000.00 on the other piece, the remainder of it to be carried on a

mortgage which will be placed before the property is transferred to the University. I am therefore asking for an appropriation of \$17,000.00 on account of these purchases."

This purchase secures for the University the entire west front of South Wood Street between Flournoy and Polk Streets with the exception of a single lot 25 feet wide lying between the two properties. The Executive Committee proposes to acquire this lot also either by purchase or condemnation.

On motion of Mr. Carr, the action of the Executive Committee in purchasing these properties was referred to the Board with the recommendation that it be approved.

At this point, the Executive Committee took a recess for luncheon.

AFTERNOON SESSION, OCTOBER 20, 1917

When the Executive Committee was called to order on the afternoon of Saturday, October 20, 1917, at the University Club, in Urbana, after luncheon, the same persons were present as during the morning session.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Executive Committee continued its consideration of matters submitted by the President of the University.

LEAVE OF ABSENCE FOR PROFESSOR POMEROY

(13) A request from Professor John Norton Pomeroy, of the College of Law, for leave of absence on one-half pay from the beginning of the second semester of the year 1917-1918 to the beginning of the second semester of the year 1918-1919. This is the customary leave of absence after a service of seven years, though Professor Pomeroy's service has been longer.

On motion of Mr. Carr, the President of the University was given authority to grant this leave of absence if he can arrange for Professor Pomeroy's work during his absence.

RECEIPTS FROM SMITH FARMS

(14) A report from Professor J. G. Mosier of the receipts and disbursements from the Smith Farms for the past six months. The statement that the St. Joseph Farm had been leased for the year to Mr. L. A. Coffey in place of Mr. C. J. Foltz was made.

On motion of Mr. Carr, the action of Professor Mosier in leasing the St. Joseph farm was approved.

RESEARCH GRADUATE ASSISTANTS IN ENGINEERING

(15) A letter from Dean C. R. Richards including recommendations as to the designation of the research fellows in the Engineering Experiment Station.

October 10, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

By action of the Board of Trustees on January 23, 1907, ten research fellowships were established in the Engineering Experiment Station each with an annual stipend of \$500 and with a tenure of two years. The action further provided that these fellowships be assigned only to graduates of technical schools of approved standing, and that they be accepted for two collegiate years, half of the time each year to be devoted to the work of the Station, and the other half to graduate study. The staff of the Engineering Experiment Station was authorized to recommend suitable candidates for these fellowships, and their appointment was to be made on the approval of the Faculty of the Graduate School and of the President of the University.

Upon the recommendation of the Acting Director of the Engineering Experiment Station, four additional research fellowships were authorized by the Board of Trustees under date of March 9, 1915, making a total of fourteen such fellowships now maintained.

These research fellowships are in a class distinct from the regular fellowships in the Graduate School, and it is a question whether we should continue to call the appointees to these positions, Research Fellows. In the Graduate School first-year graduate students of ability and promise are eli-

gible for appointment as Scholars, and second-year and third-year graduate students are eligible for appointment as Fellows. In view of the fact that the appointees to the research fellowships in the Engineering Experiment Station are in most cases just entering upon their graduate studies, it is clear that the name now applied to these positions is not in conformity with that employed by the Graduate School. The holders of scholarships and fellowships in the Graduate School are not required to render service to the University, while the holders of the research fellowships in the Engineering Experiment Station are expected to devote half of their time during two years to the service of the Station. In other words, these men are really Half-time Assistants rather than Fellows, as the latter term is employed by the Graduate School.

In the past the Executive Staff of the Engineering Experiment Station has considered the applications for research fellowships, and the recommendations for appointments to these fellowships have been transmitted to the Dean of the Graduate School and by him to the President of the University for approval. In a number of instances, for reasons which seem proper to the Station Staff, men have been recommended for these fellowships, who have not been approved by the Dean of the Graduate School. Under the procedure described, the Dean of the Graduate School has very properly declined to consider his action as a mere formality, and he has consequently felt it his privilege to challenge the decisions of the Station Staff in the case of appointments which seem to him improper.

In view of the fact that the men occupying these research fellowships are in reality research assistants, as well as graduate students, the Station Staff is unwilling to delegate to an intermediate authority the decision concerning the appointment of these assistants who are to be assigned to the various departments of the College of Engineering.

In view of these conditions and with the approval of the Executive Staff of the Engineering Experiment Station, I am transmitting the enclosed recommendations concerning these positions, addressed to you and the Board of Trustees.

Trusting that you will approve these recommendations, I am,

Very cordially yours,

C. R. RICHARDS

Director of the Engineering Experiment Station

October 10, 1917

TO THE PRESIDENT AND THE BOARD OF TRUSTEES:

With the approval of the Executive Staff of the Engineering Experiment Station, I recommend

1. That the Research Fellows in the Engineering Experiment Station be hereafter designated as "Research Graduate Assistants."
2. That graduates of approved American and foreign universities and technical schools, who are prepared to undertake graduate study in engineering, physics, or chemistry, be eligible for appointment as Research Graduate Assistants.

3. That appointments to these assistantships be made for a period of two consecutive collegiate years, except in special cases where the candidate is recommended by the Executive Staff of the Station for appointment for one year.

4. That the University continue to maintain fourteen Research Graduate Assistants who shall devote one-half of their time during the academic year to the work of the Engineering Experiment Station, and the other half to graduate study.

5. That the annual stipend for these Research Graduate Assistants be \$500, payable in ten monthly installments beginning September 1 and ending June 30 for each year of the appointment, and freedom from tuition, incidental, and laboratory fees.

6. That appointment to these positions be made by the President of the University on the nomination of the Executive Staff of the Engineering Experiment Station through the Director.

Respectfully submitted,

C. R. RICHARDS

On motion of Mr. Carr, the President of the University was authorized to change the title of the Research Fellows in the Engineering Experiment Station to Research Graduate Assistants in the Engineering Experiment Station, or to such other title as, after consultation with the staff of the Engineering Experiment Station and the Faculty of the Graduate School, may seem to him most appropriate.

MEMORIAL TABLET TO MRS. JAMES

(16) The following statement:

At the meeting of the Board held September 21, 1916, I offered with the consent of the Board of Trustees to erect a bronze tablet in memory of my deceased wife, Mrs. Margaret L. James, on the south wall of the lobby of the Auditorium, either to the right or to the left of the middle entrance to the hall. Authority to erect such a tablet was subsequently given by the Board at the meeting held on November 18, 1916. Professor White submitted a sketch for the memorial tablet and indicated the exact location in the Auditorium on the south wall of the north foyer on the panel immediately west of the main entrance. The members of the Board later visited the Auditorium to inspect the location. By unanimous consent the sketch and location of the memorial tablet were approved.

Professor Lorado Taft agreed to supervise the designing of the tablet in his studio.

The tablet was erected on Monday, September 17, 1917, under the supervision of Professor White. It was designed by Mrs. Kathleen Beverly Ingels in Mr. Taft's Studio. It was cast by the Florentine Brotherhood. As it was the understanding that the tablet should have the approval of Professor Taft and Professor White, I am submitting letters from them in regard to it.

I am presenting this tablet to the University of Illinois for two reasons.

First, to testify to the devoted service which Mrs. James gave to the University and its students and the members of its faculty, a service as single-eyed and whole-hearted as if she had been personally appointed to this work. In the second place, the tablet is a recognition of the fact that women who have no official connection with the University, except through the fact that their husbands are members of its staff, may form a very real source of strength and power in the accomplishment of those ends for which the University exists.

September 27, 1917

MY DEAR DR. JAMES:

I consider the tablet to Mrs. James one of the best things that have gone out from these studios. The beautiful idea was yours and Mrs. Ingels has given it worthy embodiment. Her composition is lovely and most sympathetic and the execution leaves nothing to be desired. I congratulate all concerned, including the University, for these are the things which enrich the background of college life.

May I not ask that Mrs. Ingels be given adequate recognition in all public notices of the work? It is her work and not mine.

Your friend,

LORADO TAFT

President E. J. James, 355 Administration Building

DEAR SIR:

I consider the bronze tablet which you have placed in the foyer of the Auditorium to be a work of art and of such a size that it is in scale with the interior of the room and in my opinion it is, therefore, very appropriately placed. The workmanship upon it seems to be first class and I congratulate you upon the successful completion of your conception of this memorial.

Yours very truly,

JAMES M. WHITE

Supervising Architect

On motion of Mr. Carr, the Executive Committee voted that in accepting this bronze tablet, which commemorates so beautifully the life of this noble woman, and the inspiration her mind and character were to our President, and to the thousands of students and friends of the University, who knew and loved her, the Trustees acknowledge a debt of gratitude to President James for the splendid memorial.

LEGACY FROM MR. JESSE BARKER

(17) A statement from Mr. John J. Simmons, probate clerk of Peoria, Illinois, that the University is one of the legatees of Mr. Jesse Barker, who died in the city of Peoria at 820 Moss Avenue on or about the seventh day of October, 1917. I have referred the matter to Judge Harker, the Counsel

of the University, with a request that he look after the interest of the University in the matter.

This statement was received for record.

AMOUNT OF COAL CONSUMED

(18) An estimate of the consumption of coal by the University during the fiscal year 1917-1918.

October 15, 1917

President E. J. James, 355 Administration Building

DEAR PRESIDENT JAMES:

We estimate the consumption of coal as follows:

<i>Year</i>	<i>No. of Tons</i>	<i>Price per Ton</i>	<i>Total Cost</i>
1915-16	27,000	\$1.30	\$35,100.00
1916-17	29,147	1.97	57,509.65
1917-18	30,000	2.31	69,057.00

The cost this year is increased because half our coal has been put in storage and the increased cost due to storing it is about 40 cents a ton. In the past it has been our policy to arrange to have our coal come as needed in order to save this expense, but this year conditions are such that we did not feel safe in relying upon receiving daily shipments to meet our requirements. The figure for this year takes into consideration the advances given to the miners in May, but does not anticipate another possible advance.

Yours very truly,

JAMES M. WHITE
Supervising Architect

This statement was received for record.

FEES IN CHEMISTRY 104 AND 104-A DISCONTINUED

(19) A recommendation from the Council of Administration that no fees be required for Chemistry 104 and 104a.

This recommendation was approved.

TESTS ON RUSSIAN LOCOMOTIVE

(10) A letter from Dean C. R. Richards concerning the tests of a locomotive engine for the Russian Mission of Ways Communication.

October 17, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

You will recall that last spring I had some discussion with you concerning the possibility of our undertaking a test of one of the large locomotives under construction in this country for the Russian State Railways. At that time you expressed your approval of the plan. The negotiations have now proceeded to a point where a definite agreement between the Engineering

Experiment Station and the Russian Mission of Ways of Communication should be entered into.

In consultation with Professor Schmidt I have drawn up a form of agreement, a copy of which I am enclosing. I shall be glad if you will look over this and give me your opinion of the acceptability of this agreement, so that I may transmit a copy to Count Shulenburg. The Russian Mission is anxious to have the matter settled at the earliest possible date in order that they may form plans for the changes necessary in the construction of the locomotive to adapt it for test on our testing plant.

As I understand it, the Board of Trustees approved a general scheme for cooperative investigations several years ago. I presume that you can approve the plan up to the point at least where the contract needs to be agreed to in a formal way. There is, of course a possibility that after consultation with Count Shulenburg some of the provisions incorporated in the articles of agreement may need to be modified.

Trusting that you will give this matter your early attention, I am,

Very truly yours,

C. R. RICHARDS

ARTICLES OF AGREEMENT for the use of the facilities of the Engineering Experiment Station of the University of Illinois, between the Board of Trustees of the University and the Locomotive Department of the Russian Mission of Ways of Communication through its authorized representative, Count S. I. Shulenburg:

1. The Engineering Experiment Station agrees to undertake and prosecute an investigation to determine the economic performance of a Decapod Locomotive constructed in America for the Russian State Railways, the extent and details of which are to be determined by conference between the properly authorized representatives of the Russian Mission of Ways of Communication, the Director of the Engineering Experiment Station, and the Professor of Railway Engineering of the University of Illinois.

2. For this investigation the Engineering Experiment Station agrees to furnish, without charge, the use of its Locomotive Laboratory and other necessary equipment which it now possesses, and the services of such members of the staff of its Department of Railway Engineering as would be concerned with the supervision of the tests; provided, however, that any special instruments or apparatus necessary for the successful prosecution of the investigation, not now owned by the Engineering Experiment Station, shall be purchased and paid for from the fund to be provided by the Russian Mission of Ways of Communication for the investigation.

3. In order to provide the necessary additional supporting wheels and brakes for mounting the locomotive to be tested, the Finance Committee of the Iowa State College, Ames, Iowa, has agreed to lend the Engineering Experiment Station the set of wheels, brakes, and bearings from its Locomotive Laboratory provided that the Iowa State College is freed from all ex-

penses connected with the removal, transportation, erection, return and reerection in good condition of this apparatus. It is agreed that all expense connected with the loan of this property by the officers of the Iowa State College is to be charged to the fund provided by the representative of the Russian Mission of Ways of Communication to cover the expenses of this investigation.

4. The Russian Mission of Ways of Communication agrees to furnish and to deliver at the Locomotive Laboratory, the locomotive for this investigation, so modified in design and so equipped as to permit it to be mounted in the Laboratory and to render it suitable for the tests. It further agrees to provide and deliver at the Locomotive Laboratory all coal needed for the tests.

5. The Russian Mission of Ways of Communication agrees to supply all funds required for labor and materials necessary to mount the locomotive, to complete the tests, to maintain the locomotive and the Laboratory in repair, to dismount the locomotive and restore the Laboratory to its original condition, to calculate the results of the investigation and to produce the report descriptive of the results.

6. It is understood and agreed that the Russian Mission of Ways of Communication may be represented during the investigation by such persons as it may choose to delegate for that purpose, but that the ultimate authority and responsibility for the conduct of the tests and for the laboratory procedure shall rest in the representatives of the University. It is further agreed that the results of the investigation shall at all times be open to the inspection of the authorized representatives of the Russian Mission of Ways of Communication.

7. The results secured from the investigation shall be the property of the Engineering Experiment Station of the University of Illinois to be published in English, at its convenience, without expense to the Russian Mission of Ways of Communication; provided that since the Engineering Experiment Station enters into this agreement chiefly because of its desire to advance the knowledge of locomotive performance, it will not withhold publication unless the final results obtained seem to it to be untrustworthy. It is further understood and agreed that in the event that the Engineering Experiment Station undertakes the publication of the results of this investigation, it will grant to the Russian Mission of Ways of Communication the right to publish the report of the investigation in Russian.

8. The Russian Mission of Ways of Communication, through its properly authorized representative, agrees to make an initial deposit of \$5,000 with the Comptroller of the University of Illinois on or before the date when the Engineering Experiment Station assumes financial obligations in the conduct of the tests. The Russian Mission further agrees to maintain at all times during the continuation of this investigation a balance in the fund provided for this purpose of not less than \$1,500.00. Upon the completion of the investigation and the restoration of the Laboratory to its original condition, any unexpended balance in the fund provided by the

Russian Mission of Ways of Communication will be returned to them, together with an itemized report of the charges made against this fund.

*Comptroller of the University of Illinois
For the Board of Trustees*

*Representative of the Russian Mission
Ways of Communication*

Approved:

Director of the Engineering Experiment Station

On motion of Mr. Carr, the President of the University was authorized to approve such a contract.

COST OF RECONSTRUCTION, Y. M. C. A. BUILDING

(21) A letter from Professor James M. White, Supervising Architect, as to the cost of reconstruction work in the Y. M. C. A. Building.

October 17, 1917

President E. J. James, 355 Administration Building

DEAR PRESIDENT JAMES:

I think we are getting fairly near to a stopping place on the construction work in the Y. M. C. A. The cost to date plus encumbrances amounts to \$10,400. We ought to spend another \$1600.00 to have the building in what we would call creditable condition.

Yours very truly,

JAMES M. WHITE
Supervising Architect

This statement was received for record.

EXPENDITURES, SCHOOL OF AERONAUTICS

(22) A statement from the Comptroller of expenditures on account of the School of Military Aeronautics to and including September 30, 1917. This statement does not include expenses of construction and reconstruction in the Armory, and in the Y. M. C. A. building, and some other similar items which are carried under another account. The total expense this far incurred by the University is not far from \$35,000. We have received from the Federal Government in full payment of all charges for tuition of students in the School of Military Aeronautics to and including September 30, 1917, \$16,879.80.

October 18, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to advise you that I have received from the War Department treasury warrants amounting to \$16,879.80 in full payment of all charges against the United States Government for tuition of students in the School of Military Aeronautics to and including September 30, 1917.

I am also enclosing a summary statement of the expenses of the School of Military Aeronautics actually paid to and including September 30, 1917, a total of \$17,295.26. In addition to the expenses as thus shown, there were outstanding and unpaid at September 30 purchase orders and job orders estimated to cost a total of \$9,344.37, including an estimate of \$5,000 for alterations in the Y. M. C. A. Building.

These figures do not include the following expenses related to the project:

Heat, current, and water furnished to the Y. M. C. A. Building, being used as barracks, to September 30, estimated \$541.76.

The same items to the President's old house, being used as the Y. M. C. A. Building (estimate not available today).

Cordially yours,

LLOYD MOREY

PENSION FOR PROFESSOR J. D. CRAWFORD

(23) A memorial from the Southern California Alumni Association of the University of Illinois:

WHEREAS, Professor James D. Crawford, having faithfully devoted twenty of the most productive years of his life to the University of Illinois, much of the time doing double duty as Librarian and Secretary to the Faculty, and at a time when the salaries paid would not provide for the inevitable "rainy day"; and

WHEREAS, He and his faithful wife, now living at Redlands, California, are not only in poor health, but, aside from the modest bungalow generously provided by the Alumni of the University, are entirely without means of support, therefore be it

Resolved, That the Southern California Alumni Association, who are not only in deep sympathy with Mr. and Mrs. Crawford, but who fully realize both their physical and financial needs, respectfully submit the matter to the Board of Trustees of the University of Illinois, with the hope that some action may be taken which will suitably provide for their declining years; be it further

Resolved, That a copy of these Resolutions be spread upon the minutes of this Association, and that copies be sent to the local Alumni Associations, and to the *aqfn*.

THE SOUTHERN CALIFORNIA ALUMNI ASSOCIATION
OF THE UNIVERSITY OF ILLINOIS,

By JAMES T. BARRETT, '03

President

EMMA E. SEIBERT, '91

Secretary

Professor James D. Crawford began his services on the faculty of the University as instructor in Ancient Languages in September, 1873. He left the service of the University August 31, 1893.

On motion of Mr. Carr, it was voted to pay an allowance of thirty dollars a month to Professor Crawford until further notice.

The Executive Committee adjourned.

H. E. CUNNINGHAM

Clerk

W. L. ABBOTT

Chairman

AFTERNOON SESSION, OCTOBER 20, 1917

When the Board convened at 2 p. m. on Saturday, October 20, 1917, after the recess, the same persons were present as during the morning session.

REGISTRAR'S REPORT OF FEES

The Secretary presented for record the report of the Registrar, Mr. C. M. McConn, showing the fees collectible for the second semester of the last academic year, and for the summer session of 1917:

APPOINTMENTS MADE BY THE PRESIDENT OF THE UNIVERSITY

The Secretary presented also for record the following list of appointments made by President James:

Allison, D. M., Associate in Architectural Design, at a salary of two hundred dollars (\$200) a month, beginning when he reports for duty and continuing until July 1, 1918. (October 12, 1917*).

Anders, Edwin, Assistant in Political Science for ten months beginning September 1, 1917, at a salary of five hundred dollars (\$500) for the ten months. (October 9, 1917).

Andrews, J. B., Instructor in Farm Organization and Management, College, and First Assistant in Farm Organization and Management, Station, for one year beginning September 1, 1917, at a salary of seventeen hundred dollars (\$1700) a year. (September 27, 1917).

Andros, S. O., Instructor in Charge of Bombing and Assistant Director of the School of Military Aeronautics, at a salary of two hundred dollars (\$200) a month, beginning August 1, 1917, and continuing until further notice. (August 6, 1917).

Armstrong, E. K., Associate in Pediatrics for the academic year beginning September 1, 1917, without salary; this appointment superseding his former appointment as Instructor in Pediatrics. (September 27, 1917).

Austin, J. C., Assistant in Classics, on one-fourth time, for five months beginning September 1, 1917, at a salary of thirty dollars (\$30) a month, and on full time for the five months beginning February 1, 1918, at a salary of one hundred dollars (\$100) a month. (October 10, 1917).

Badger, Eunice, Student Assistant in Physical Training for Women for ten months beginning September 1, 1917, at a salary of twenty dollars (\$20) a month. (September 8, 1917).

Barber, Irene, Radiographer and X-Ray Operator, at a salary of sixty dollars (\$60) a month, beginning October 1, 1917, and continuing until further notice, but not in any case without reappointment beyond July 1, 1918. (October 11, 1917).

Barnett, E. J., Assistant in Pediatrics, for one year beginning September 1, 1917, without salary. (October 19, 1917).

Beach, F. H., Cashier, at a salary of eleven hundred dollars (\$1100) a year, beginning September 1, 1917, and continuing until further notice, but not without reappointment beyond August 31, 1918, subject to the rules of the Civil Service Commission; this appointment superseding his former appointment at \$900. (September 4, 1917).

Beaver, Jessie M., Stenographer, grade II, in the office of the Dean of the College of Engineering, at a salary of fifty dollars (\$50) a month, beginning September 24, 1917 and continuing until further notice, subject to the rules of the Civil Service Commission. (September 24, 1917).

*The date in parenthesis is the date on which the appointment was made by the President of the University.

Beck, C. B., Assistant in English, for ten months beginning September 1, 1917, at a salary of one thousand dollars (\$1000) for the ten months. (September 19, 1917).

Benedict, M. R., Assistant in Dairy Husbandry, College and Station, with salary at the rate of twelve hundred dollars (\$1200) a year, work and salary to begin when he reports for duty and to terminate August 31, 1918. (September 27, 1917).

Beyer, O. S., Instructor in the School of Military Aeronautics at a salary of one hundred seventy-five dollars (\$175) a month, beginning September 1, 1917, and continuing until further notice. (August 3, 1917).

Bingen, W. J., Instructor in General Engineering Drawing beginning October 1, 1917, and continuing until July 1, 1918, at a salary of one hundred dollars (\$100) a month. (September 27, 1917).

Bittman, E. S., Assistant Purchasing Agent, at a salary of one thousand dollars (\$1000) a year, beginning September 1, 1917, and continuing until further notice, but not without reappointment beyond August 31, 1918, subject to the rules of the Civil Service Commission; this appointment superseding his former appointment at \$900 a year. (September 4, 1917).

Blatt, M. L., Associate in the Department of Pediatrics for the academic year beginning September 1, 1917, without salary. (September 27, 1917).

Bond, Lyda, Assistant in Household Science for nine months beginning September 13, 1917, at a salary of seventy-five dollars (\$75) a month. (September 5, 1917).

Bradley, M. J., Graduate Assistant in Chemistry for nine months beginning October 1, 1917, at a salary of thirty dollars (\$30) a month. (September 25, 1917).

Branch, Nellie U., Order Assistant in the Library at a salary of seventy-five dollars (\$75) a month, beginning September 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (September 7, 1917).

Brigham, E. R., Student Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (October 17, 1917).

Brown, H. A., Instructor in the School of Military Aeronautics at a salary of one hundred ten dollars (\$110) a month, beginning August 2, 1917, and continuing until further notice. (August 3, 1917).

Brunson, A. M., Instructor in Wireless Signaling in the School of Military Aeronautics at a salary of one hundred twenty dollars (\$120) a month, beginning when he reports for duty and continuing until further notice. (August 7, 1917).

Buch, H. C., Technician in the Department of Anatomy, at a salary of sixty dollars (\$60) a month, beginning October 5, 1917, and continuing until further notice but in no case without reappointment longer than June 30, 1918. (October 11, 1917).

Buckler, Helen, University Stenographer, rank II, in the Comptroller's office, at a salary of seventy-five dollars (\$75) a month, beginning September 1, 1917, and continuing until further notice, but not without reappointment beyond August 31, 1918, subject to the rules of the Civil Service Commission; this appointment superseding her former appointment at \$70 a month. (September 4, 1917).

Bunch, Mamie, State Leader in Home Economics Demonstration for one year beginning September 1, 1917, at a salary of twenty-eight hundred dollars (\$2800) for the year; this appointment superseding her former appointment at \$2400 a year. (September 6, 1917).

Carr, A. M., Instructor in Ophthalmology for one year beginning September 1, 1917, without salary. (October 8, 1917).

Castle, D. W., Instructor in the School of Military Aeronautics at a salary of one hundred dollars (\$100) a month, beginning September 1, 1917, and continuing until further notice. (September 7, 1917).

Coleman, G. H., Graduate Assistant in Chemistry for nine months beginning October 1, 1917, at a salary of thirty dollars (\$30) a month. (September 28, 1917).

Conroy, F. J., Instructor in Laryngology and Otology, for one year beginning September 1, 1917, without salary. (October 20, 1917).

Crawshaw, F. D., President of the Academic Board of the School of Military Aeronautics at a salary of four hundred fifty dollars (\$450) a month, beginning when he reports for duty and continuing for twelve months. (October 8, 1917).

Cremeans, J. W., Tool-room Attendant and Mechanician in the School of Military Aeronautics at a salary of eighty-five dollars (\$85) a month. (September 7, 1917).

Curl, H. E., Lecturer in Physiology in the School of Pharmacy, to give three hours of lectures and recitations each week during the first semester of the first year of the curriculum at a total compensation of two hundred dollars (\$200) for the semester, the appointment dating from October 1, 1917. (October 10, 1917).

Curtis, N. C., Associate Professor of Architectural Design for one year beginning September 1, 1917, at a salary of three thousand dollars (\$3000) for the year. (September 15, 1917).

Dawson, R. H., Student Assistant in Chemistry for ten months beginning September 1, 1917, at a salary of one hundred dollars (\$100) for the ten months. (September 25, 1917).

Deahl, N., Student Assistant in Chemistry for nine months beginning October 1, 1917, at a salary of ten dollars (\$10) a month. (September 27, 1917).

Dershem, E., Instructor in Astronomy for ten months beginning September 1, 1917, at a salary of fourteen hundred dollars (\$1400) for the ten months. (September 20, 1917).

Dietrichson, J. G., Instructor in Chemistry for ten months beginning September 1, 1917, at a salary of fifteen hundred dollars (\$1500) for the ten months. (August 18, 1917).

Dorothy, Helen A., Nurse in the College of Medicine at a salary of sixty dollars (\$60) a month, beginning October 1, 1917, and continuing until further notice, but in no case without further appointment beyond July 1, 1918. (October 11, 1917).

Dunn, M. S., Assistant in Chemistry for nine months beginning October 1, 1917, at a salary of fifty dollars (\$50) a month. (October 9, 1917).

Durfey, Franc A., University Stenographer, rank II, in the Auditor's office, at a salary of seventy-five dollars (\$75) a month, beginning September 1, 1917, and continuing until further notice but not without reappointment beyond August 31, 1918, subject to the rules of the Civil Service Commission; this appointment superseding her former appointment at \$65 a month. (September 4, 1917).

Edwards, H. M., Purchasing Agent at a salary of eighteen hundred (\$1800) a year, beginning October 1, 1917, and continuing until further notice, but not without reappointment beyond August 31, 1918, subject to the rules of the Civil Service Commission. (September 4, 1917.)

Elliott, A. R., Assistant Professor of Medicine, without pay, for one year beginning September 1, 1917. (October 8, 1917).

Ellis, C. L., Assistant in General Engineering Drawing, on one-half time, for ten months beginning September 1, 1917, at a salary of three hundred fifty dollars (\$350) for the ten months. (September 5, 1917).

Engelder, C. J., Instructor in Chemistry for ten months beginning September 1, 1917, at a salary of fifteen hundred dollars (\$1500) for the ten months. (August 3, 1917).

Fager, E. P., Graduate Assistant in Chemistry for ten months beginning September 1, 1917, at a salary of three hundred dollars (\$300) for the ten months. (September 7, 1917).

Fairman, Charles, Student Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (October 17, 1917).

Fales, E. N., Instructor in charge of the theory of flight and of airplane rigging in the School of Military Aeronautics, at a salary of two hundred twenty-five dollars (\$225) a month, beginning September 1, 1917, and continuing until further notice. (August 3, 1917).

Faulkner, L. W., Instructor in the School of Military Aeronautics at a salary of one hundred ten dollars (\$110) a month, beginning when he reports for duty and continuing until further notice. (August 18, 1917).

Fleming, J. R., Instructor in the School of Military Aeronautics at a salary of one hundred fifty dollars (\$150) a month, beginning August 15, 1917, and continuing until further notice. (August 6, 1917).

Fox, Leona M., Nurse in the College of Medicine at a salary of sixty dollars (\$60) a month, beginning October 1, 1917, and continuing until further notice, but in no case without further appointment beyond July 1, 1918. (October 11, 1917).

Funk, B., Tool-room Attendant in the Mechanical Engineering Laboratory beginning when he reports for duty and continuing until September 1, 1918, at a salary of fifty dollars (\$50) a month. (September 28, 1917).

Funk, R. R., Storekeeper of the Physical Plant storeroom at a salary of twelve hundred dollars (\$1200) a year, beginning September 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding his former appointment at ten hundred eighty dollars. (September 26, 1917).

Gjelsness, R., Student Clerk in the Library at a salary of forty-three dollars and thirty-three cents (\$43.33) a month, beginning September 1, 1917, or as soon thereafter as he reports for duty, and continuing until further notice but not beyond August 31, 1918. (August 20, 1917).

Godlove, I. H., Assistant in Chemistry, for nine months beginning October 1, 1917, at a salary of fifty dollars (\$50) a month; this appointment superseding his former appointment as graduate assistant. (September 28, 1917).

Greenbaum, C. S., Research Fellow in the Engineering Experiment Station, assigned to the department of Ceramic Engineering for two years beginning September 1, 1917, with a stipendium of five hundred dollars (500) a year. (September 26, 1917).

Greene, J. H., State Leader of Junior Extension for one year beginning September 1, 1917, at a salary of twenty-one hundred dollars (\$2100) for the year; this appointment superseding his former appointment at \$1800 a year. (September 6, 1917).

Greison, H. P., Drill Master in the School of Military Aeronautics at a salary of one hundred dollars (\$100) a month, beginning August 16, 1917, and continuing until further notice. (August 18, 1917).

Griffin, G. F., Shelf Assistant in the Library one two-thirds time for ten months beginning September 1, 1917, at a salary of five hundred dollars (\$500) for the ten months; this appointment superseding his former appointment at \$440 for twelve months. (August 17, 1917).

Grossberg, V. H., Student Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (October 17, 1917).

Hall, S. W., Assistant in Floriculture, College and Station, for one year beginning September 1, 1917, at a salary of twelve hundred dollars (\$1200) for the year. (August 17, 1917).

Hamilton, T. S., Assistant in Animal Nutrition, College and Station, for twelve months beginning September 1, 1917, at a salary of nine hundred dollars (\$900) for the year. (August 17, 1917).

Harrington, B. W., Secretary in the Department of History, on one-half time, for nine and one-half months beginning September 15, 1917, at a salary of three hundred eighty dollars (\$380) for the period. (September 19, 1917).

Hatton, Marcia, Filing Clerk in the Registrar's Office, at a salary of sixty dollars (\$60) a month, beginning October 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (October 10, 1917).

Heath, Margaret A., Refractionist in the Department of Ophthalmology, at a salary of fifty dollars (\$50) a month, beginning October 8, 1917, and continuing until further notice but in no case without reappointment beyond June 30, 1918. (October 12, 1917).

Henderson, J. L., Visiting Professor of Education for the first semester of the academic year 1917-18, at a salary of two thousand dollars (\$2000) for the semester. (September 27, 1917).

Hingston, H. R., Instructor in Machine Gunnery in the School of Military Aeronautics at a salary of one hundred fifty dollars (\$150) a month, beginning when he reports for duty and continuing until further notice. (September 15, 1917).

Hormell, Olive D., Assistant in English, on one-half time, for ten months beginning September 1, 1917, at a salary of five hundred dollars (\$500) for the ten months. (September 19, 1917).

Huber, Marie, Stenographer in the office of the President of the Academic Board of the School of Military Aeronautics, on part time, at a salary of forty dollars (\$40) a month, beginning September 1, 1917, and continuing until further notice. (September 7, 1917).

Hunsaker, A. F., Assistant in Economics, on one-half time, for ten months beginning September 1, 1917, at a salary of five hundred dollars (\$500) for the ten months. (September 26, 1917).

Hyslop, W. H., Instructor in charge of wireless signalling in the School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning September 1, 1917, and continuing until further notice. (August 3, 1917).

Irish, H. E., Associate in the Department of Pediatrics for the academic year beginning September 1, 1917, without salary; this appointment superseding his former appointment as instructor. (September 27, 1917).

Jacobs, C. M., Associate Professor of Clinical Orthopedic Surgery for one year beginning October 1, 1917, without salary. (October 1, 1917).

Johnson, J., Laboratory Assistant and Potter in Ceramic Engineering at a salary of one hundred dollars (\$100) a month, beginning October 1, 1917, and continuing until September 1, 1918. (August 30, 1917).

Jones, T. S., Artist in the department of Anatomy, on one-half time, for eight months beginning September 1, 1917, at a salary of sixty dollars (\$60) a month. (September 27, 1917).

Junken, L. H., Instructor in the School of Military Aeronautics at a salary of one hundred twenty-five dollars (\$125) a month, beginning September 1, 1917, and continuing until further notice. (September 7, 1917).

Kalthoff, F. C., Student Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (October 17, 1917).

Keagy, A. R., Drill Master in the School of Military Aeronautics at a salary of one hundred dollars (\$100) a month beginning September 1, 1917, and continuing until further notice. (August 17, 1917).

Kern, Floy, Typist in the Library, at a salary of sixty dollars (\$60) a month, beginning October 1, 1917, and continuing until further notice, sub-

ject to the rules of the Civil Service Commission; this appointment superseding her previous appointment. (September 29, 1917).

Kirner, W. R., Student Assistant in Chemistry for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (September 4, 1917).

Lacey, Audrey, Filing Clerk in the office of the Registrar at a salary of sixty dollars (\$60) a month, beginning September 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (September 3, 1917).

Lankins, L. E., Clerk in the office of the Commandant of the School of Military Aeronautics, at a salary of eighty-three dollars and thirty-three cents (\$83.33) a month, beginning September 1, 1917, and continuing until further notice. (October 10, 1917).

Latimer, Mary R., Director of the Woman's Residence Hall Commissary Department for the members of the School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month with maintenance beginning August 1, 1917, and continuing until further notice. (August 8, 1917).

Lauter, C. J., Graduate Assistant in Chemistry for ten months beginning September 1, 1917, at a salary of three hundred fifty dollars (\$350) for the ten months. (September 20, 1917).

Layng, T. E., Research Assistant in the Engineering Experiment Station, department of chemistry, for one year beginning September 1, 1917, without salary. (August 23, 1917).

Lebeson, H., Graduate Assistant in Chemistry for ten months beginning September 1, 1917, at a salary of three hundred dollars (\$300) for the year. (September 4, 1917).

Lee, E. S., Instructor in the School of Military Aeronautics at a salary of one hundred seventy-five dollars (\$175) a month, beginning when he reports for duty and continuing until further notice. (September 7, 1917).

Lewis, H. F., Clerk of the Practice Court for the academic year beginning September 1, 1917, at a salary of one hundred dollars (\$100) for the year. (October 9, 1917).

Libman, E. E., Assistant in the Department of Ceramic Engineering for ten months beginning September 1, 1917, at a salary of seven hundred dollars (\$700) for the ten months. (August 13, 1917).

Lindholm, Josephine, Student Clerk in the Library, on three-fourths time, at a salary of forty-one dollars and twenty-five cents (\$41.25) a month, beginning September 1, 1917, or as soon thereafter as she reports for duty, and continuing until further notice but not beyond August 31, 1918; this appointment superseding her former appointment on one-half time. (August 20, 1917).

Love, Irene L., University Stenographer, rank II, in the Business Office, at a salary of sixty-five dollars (\$65) a month, beginning September 1, 1917, and continuing until further notice but not without reappointment beyond August 31, 1918, subject to the rules of the Civil Service Commission; this appointment superseding her former appointment at fifty-five dollars a month. (September 4, 1917).

Lundgren, F. E., Student Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (October 17, 1917).

McArthur, J. W., Instructor in Anatomy, on one-half time, for one year beginning October 1, 1917, at a salary of five hundred dollars (\$500) a year; this appointment superseding his former appointment on full time. (October 11, 1917).

McHenry, M. J., Graduate Assistant in Chemistry for ten months beginning September 1, 1917, at a salary of three hundred dollars (\$300) for the ten months. (August 18, 1917).

MacKinnon, Jean, Instructor in Household Science for six months beginning February 1, 1918, at a salary of one hundred twenty-five dollars (\$125) a month; this appointment superseding her previous appointment for one year. (October 8, 1917).

McMillan, O. C., Assistant Storekeeper in the Chemistry Department, at a salary of sixty dollars (\$60) a month, beginning September 1, 1917, and continuing further notice, subject to the rules of the Civil Service Commission; this appointment superseding his former appointment at fifty-five dollars a month. (September 4, 1917).

McMullen, C. J., Assistant in the Department of Medicine for eleven months beginning October 1, 1917, without salary. (October 1, 1917).

McNealy, R. W., Instructor in Surgery for one year beginning September 1, 1917, without salary. (October 8, 1917).

Magath, T. B., Instructor in Anatomy, on one-half time, for one year beginning October 1, 1917, at a salary of five hundred dollars (\$500) for the year. (October 11, 1917).

Marvel, C. S., Assistant in Chemistry Manufactures, for five months beginning September 1, 1917, at a salary of one hundred dollars (\$100) a month; this appointment superseding his former appointment as Assistant in Chemistry. (September 25, 1917).

Miller, C. F., Assistant Purchasing Agent at a salary of one hundred twenty dollars a month, beginning September 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding his former appointment at \$100 a month. (September 27, 1917).

Miller, H. W., Director of Technical Instruction in the School of Military Aeronautics at a salary of two hundred fifty dollars (\$250) a month, beginning September 1, 1917, and continuing until further notice. (August 6, 1917).

Mitchell, C. W., Assistant Professor of Pharmacology for one year beginning October 1, 1917, at a salary of two thousand dollars (\$2000) for the year. (September 27, 1917).

Montfort, W. F., Acting Professor of Sanitary Chemistry, on part time, at a salary of one hundred dollars (\$100) a month, beginning October 10, 1917, and continuing until further notice, beginning October 10, 1917, and continuing until further notice, but in no case without reappointment later than June 30, 1918. (October 12, 1917).

Moor, H. W., Assistant in Chemistry Manufactures for five months beginning September 1, 1917, at a salary of eighty dollars (\$80) a month; this appointment superseding his former appointment as Assistant in Chemistry. (September 27, 1917).

Moore, Mildred, Secretary in Household Science Extension, beginning September 1, 1917, and continuing until further notice, at a salary of eighty dollars (\$80) a month; this appointment superseding her former appointment. (September 27, 1917).

Morey, Lloyd, Acting Comptroller and Instructor in Accountancy for one year beginning September 1, 1917, at a salary of twenty-seven hundred dollars (\$2700) a year; this appointment superseding his former appointment at \$2500 a year. (September 4, 1917).

Mounts, W. W., Instructor in the School of Military Aeronautics at a salary of one hundred dollars (\$100) a month, beginning September 1, 1917, and continuing until further notice. (August 16, 1917).

Mueller, Anton, Assistant in the College of Medicine, at a salary of fifty dollars (\$50) a month, beginning October 1, 1917, and continuing until further notice, but in no case without reappointment beyond June 1, 1918. (October 17, 1917).

Myers, M. A., Jr., Assistant in Psychology, on part time, for five months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (October 1, 1917).

Newcomb, E. E., Student Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (October 17, 1917).

Newton, Miss E. G., Clerk and Typist in the Dispensary at a salary of fifty dollars (\$50) a month, beginning October 2, 1917, and continuing until further appointment beyond July 1, 1918. (October 11, 1917).

Newlin, W. B., Student Shelf Assistant in the Library, on two-thirds time, for twelve months beginning September 1, 1917, or as soon as he reports for duty, and continuing until August 31, 1918, at a salary of thirty-six dollars and sixty-six cents (\$36.66) a month; this appointment superseding his former appointment on one-half time. (September 7, 1917).

Nichols, Gladys, Cataloger in the Library at a salary of seventy-five dollars (75) a month, beginning September 10, 1917, or as soon thereafter as she reports for duty, and continuing until further notice, subject to the rules of the Civil Service Commission. (September 7, 1917).

Nuttall, J. T., Assistant in Chemistry, on one-half time, for ten months beginning September 1, 1917, at a salary of six hundred dollars (\$600) for the ten months. (September 20, 1917).

O'Hara, Frank, Instructor in English in the College of Dentistry for nine months beginning October 1, 1917, at a salary of sixteen hundred dollars (\$1600) for the nine months. (October 8, 1917).

Overman, O. R., Associate in Dairy Chemistry at a salary of one hundred fifty dollars (150) a month, work and salary to begin when he reports for duty, and to continue until August 31, 1918. (August 30, 1917).

Peel, Thomas, Laboratory Helper in Chemistry, at a salary of nine hundred sixty dollars (960) a year, beginning September 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding his former appointment at \$840 a year. (September 7, 1917).

Pengilly, H. E., Instructor in the School of Military Aeronautics at a salary of one hundred and fifty dollars (\$150) a month, beginning September 20, 1917, and continuing until further notice. (August 17, 1917).

Perkins, Frances J., Student Assistant in Psychology for five months beginning September 1, 1917, at a salary of forty dollars (\$40) a month. (October 1, 1917).

Peterkin, J. T., Instructor in Free-hand Drawing at a salary of one hundred forty dollars (\$140) a month, beginning when he reports for duty and continuing until June 30, 1918. (September 20, 1917).

Phillips, A. O., Graduate Assistant in Chemistry for ten months beginning September 1, 1917, at a salary of three hundred dollars (\$300) for the ten months. (September 7, 1917).

Pickels, G. W., Instructor in the School of Military Aeronautics, in charge of meteorology, astronomy, and mapping, at a salary of one hundred sixty-five dollars (\$165) a month, beginning September 1, 1917, and continuing until further notice. (August 3, 1917).

Platt, J. H., Assistant in Machine Design for ten months, beginning September 1, 1917, at a salary of one thousand dollars (\$1000) for the ten months. (September 5, 1917).

Powell, S. G., Assistant in Chemistry, on one-half time, at a salary of fifty dollars (\$50) a month, for nine months beginning October 1, 1917; this appointment superseding his former appointment as Graduate Assistant. (October 11, 1917).

Prickett, A. L., Assistant in Economics, on one-half time, for ten months beginning September 1, 1917, at a salary of six hundred dollars (\$600) for the ten months. (September 26, 1917).

Quick, Nan, University Stenographer, rank II, in the Business Office, at a salary of sixty dollars (\$60) a month, beginning September 1, 1917, and continuing until further notice but not without reappointment beyond August 31, 1918, subject to the rules of the Civil Service Commission; this appointment superseding her former appointment at \$50 a month. (September 4, 1917).

Quiring, D. P., Assistant in Zoology, on one-half time, from September 26, 1917, to June 30, 1918, at a salary of seventy dollars (\$70) a month. (October 1, 1917).

Rayson, E. C., Auditor at a salary of eighteen hundred dollars (1800) a year beginning September 1, 1917, and continuing until further notice, but not without reappointment beyond August 31, 1918, subject to the rules of the Civil Service Commission. (September 4, 1917).

Read, O. B., Assistant in Chemistry, on one-half time, for ten months beginning September 1, 1917, at a salary of five hundred dollars (\$500) for the ten months. (September 4, 1917).

Reed, F. W., Instructor in the School of Military Aeronautics at a salary of one hundred sixty dollars (\$160) a month, beginning when he reports for duty and continuing until further notice. (August 10, 1917).

Reid, E. A., Instructor in Electrical Engineering for ten months beginning September 1, 1917, at a salary of fourteen hundred dollars (\$1400) for ten months. (September 3, 1917).

Rich, J. L., Associate in Geology for one year beginning September 1, 1917, at a salary of two thousand dollars for the year; this appointment superseding his former appointment at \$1800. (September 25, 1917).

Ripley, L. B., Assistant in Entomology for ten months beginning September 1, 1917, at a salary of five hundred dollars (\$500) for the ten months. (September 15, 1917).

Robey, O. E., Instructor in Household Engineering Extension at a salary of eighteen hundred dollars (\$1800) a year, work and salary to begin when he reports for duty. (October 8, 1917).

Robinson, Sarita, Student Clerk in the Library, on two-thirds time, for ten months, beginning September 1, 1917, or as soon as she reports for duty, at a salary of forty dollars (\$40) a month. (August 17, 1917).

Romig, J. A., Clerk in the office of the Commandant of the School of Military Aeronautics at a salary of eighty-three dollars and thirty-three cents (83.33) a month, beginning September 17, 1917, and continuing until further notice. (October 10, 1917).

Romig, L. D., Clerk in the office of the Commandant of the School of Military Aeronautics at a salary of eighty-three dollars and thirty-three cents (\$83.33) a month, beginning September 1, 1917, and continuing until further notice. (October 10, 1917).

Rowland, Jean B., Nurse in the College of Medicine at a salary of sixty dollars (\$60) a month, beginning October 1, 1917, and continuing until further notice, but in no case without further appointment beyond July 1, 1918. (October 11, 1917).

Rumry, Florence L., Technician in the Department of Pharmacology and Therapeutics for ten months beginning September 1, 1917, at a salary of forty dollars (\$40) a month. (September 7, 1917).

Sachs, W. H., Associate in Soil Analysis, College and Station, for one year beginning September 1, 1917, at a salary of two thousand dollars (\$2000); this appointment superseding his former appointment at \$1800. (September 27, 1917).

Saunders, Alta G., Assistant in English, for ten months beginning September 1, 1917, at a salary of eleven hundred dollars (\$1100) for the ten months. (September 19, 1917).

Scheele, A. G., Instructor in Free-hand Drawing at a salary of one hundred sixty dollars (\$160) a month, beginning when he reports for duty and continuing until June 30, 1918. (September 20, 1917).

Schoen, Edgar, Assistant in Romance Languages for ten months, beginning September 1, 1917, at a salary of one thousand dollars (\$1000) for the ten months. (September 15, 1917).

Schrieber, L. H., Student Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (October 17, 1917).

Schuettner, A. J., Assistant in Physical Training for men for the year 1917-1918, at a salary of fifteen hundred dollars (1500) for the year. (August 7, 1917).

Seris, Homero, Associate in Romance Languages for one year beginning September 1, 1917, at a salary of fifteen hundred dollars (1500) for the year. (September 25, 1917).

Shaffer, O. V., Graduate Assistant in Chemistry for nine months beginning October 1, 1917, at a salary of thirty dollars (\$30) a month. (September 28, 1917).

Shay, Mary L., Editorial Assistant in the Engineering Experiment Station, at a salary of sixty-five dollars (\$65) a month, beginning September 26, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (September 28, 1917).

Shelton, Wilma L., Reviser and Assistant in the Library School for nine months, beginning September 15, 1917, at a salary of seventy-five dollars (\$75) a month. (August 17, 1917).

Shepard, W. C., Artist in the department of Anatomy, on one-half time, for ten months beginning September 1, 1917, at a salary of fifty dollars (50) a month. (September 27, 1917).

Shulters, J. R., Assistant in French, on one-half time, for ten months beginning September 1, 1917, at a salary of five hundred dollars (\$500 for the ten months; this appointment superseding his former appointment on part time. (September 26, 1917).

Simonds, E. F., Instructor in Mathematics for ten months beginning September 1, 1917, at a salary of twelve hundred dollars (\$1200) for the ten months. (September 15, 1917).

Simpson, H. W., Instructor in the School of Military Aeronautics at a salary of one hundred dollars (\$100) a month, beginning when he reports for duty and continuing until further notice. (August 14, 1917).

Simpson, L. F., Instructor in Military Drill and Tactics in the School of Military Aeronautics at a salary of one hundred dollars (\$100) a month, beginning August 6, 1917, and continuing until further notice. (August 6, 1917).

Sims, C. E., Assistant in Chemistry for ten months beginning September 1, 1917, at a salary of five hundred dollars (\$500) for the ten months; this appointment superseding his former appointment as graduate assistant. (August 18, 1917).

Smith, Beulah, Technician in the Department of Pathology and Bacteriology of the College of Medicine for one year beginning September 25, 1917, at a salary of seventy-five dollars (\$75) a month. (September 7, 1917).

Smith, Clara M., Assistant in Education, on one-half time, for ten months beginning September 1, 1917, at a salary of five hundred dollars (\$500) for the ten months. (September 26, 1917).

Snell, C. E., Student Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (October 17, 1917).

Snell, H. S., Student Assistant in Chemistry for ten months beginning September 1, 1917, at a salary of one hundred dollars (\$100) for the ten months. (August 18, 1917).

Spencer, E. R., Graduate Assistant in Botany at a salary of thirty dollars (\$30) a month, beginning October 8, 1917, and continuing until June 30, 1918. (October 10, 1917).

Spencer, Robinson, Student cataloger in the Library, on one-third time, for nine months beginning September 15, 1917, or as soon thereafter as he reports for duty, and ending June 15, 1918, at a salary of twenty-three dollars and thirty-three cents (\$23.33) a month. (September 7, 1917).

Stanford, H. R., First Assistant in Plant Breeding, Station, for one year beginning September 1, 1917, at a salary of fourteen hundred dollars (\$1400) for the year; this appointment superseding his former appointment at \$1200 a year. (September 27, 1917).

Stephens, Mary E., University Stenographer, rank II, in the Business Office at a salary of sixty-five dollars (\$65) a month, beginning September 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding her former appointment at fifty dollars a month. (September 4, 1917).

Stipp, Maude, Department Bookkeeper, rank II, in the Business Office at a salary of seventy-five dollars (\$75) a month, beginning September 1, 1917, and continuing until further notice, but not without reappointment beyond August 31, 1918, subject to the rules of the Civil Service Commission; this appointment superseding her former appointment at \$65 a month. (September 4, 1917).

Stitt, R. E., Mailing Clerk in the Engineering Experiment Station at a salary of forty dollars (\$40) a month, beginning September 10, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (September 15, 1917).

Taggart, Clementine, University Secretary, rank III, in the Demonstration Service, for one year beginning September 1, 1917, at a salary of seventy-five dollars (\$75) a month. (September 4, 1917).

Taylor, N. O., Student Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (October 17, 1917).

Thompson, M. E., Bursar, at a salary of one hundred sixteen dollars and sixty-six cents (\$116.66) a month, beginning September 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding his former appointment at \$100 a month. (September 11, 1917).

Toland, Jessie, Assistant in English, on one-half time, for ten months beginning September 1, 1917, at a salary of six hundred dollars (\$600) for the ten months. (September 19, 1917).

Turner, Maude, Stenographer, rank II, in the Registrar's Office, at a salary of fifty dollars (\$50) a month, beginning October 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (October 12, 1917).

Tuthill, J. K., Instructor in the School of Military Aeronautics at a salary of one hundred fifty dollars (\$150) a month, beginning when he reports for duty and continuing until further notice. (August 18, 1917).

Ulich, L. H., Assistant in Chemistry, on one-half time, at a salary of fifty dollars (\$50) a month, beginning October 8, 1917, and continuing until June 30, 1918; this appointment superseding his former appointment as Graduate Assistant. (October 11, 1917).

Upp, R. W., Instructor in Operative and Prosthetic Dentistry for one year beginning June 1, 1917, at a salary of eighteen hundred dollars (\$1800) for the year. September 5, 1917).

Vanderbeek, H. J., Mechanician in the Department of Mining Engineering for one year beginning July 1, 1917, at a salary of eighty-five dollars (\$85) a month; this appointment superseding his former appointment. (June 4, 1917).

VerNooy, L. C., Graduate Assistant in Zoology from October 9, 1917, to June 30, 1918, at a salary of thirty-five dollars (\$35) a month. (October 12, 1917).

Vliet, E. B., Student Assistant in Chemistry for ten months beginning September 1, 1917, at a salary of one hundred dollars (\$100) for the ten months. (September 20, 1917).

Vliet, E. B., Student Assistant in Chemistry from October 15, 1917, to June 30, 1918, at a salary of twenty-two dollars (\$22) a month; this appointment superseding his former appointment at \$10 a month. (October 15, 1917).

Walser, S. A., Assistant in Bacteriology, on one-half time, for ten months beginning September 1, 1917, at a salary of five hundred dollars (\$500) for the ten months. (September 25, 1917).

Ward, J. F., Research Assistant in the Engineering Experiment Station, Department of Theoretical and Applied Mechanics, for five months, at a salary of one hundred twenty dollars (\$120) a month, work and salary to begin when he reports for duty. (October 19, 1917).

Watkins, J. R., Research Fellow in the Engineering Experiment Station, department of Theoretical and Applied Mechanics, for two years beginning September 1, 1917, with a stipendium of five hundred dollars (\$500) a year. (August 23, 1917).

Williams, L. W., Assistant in Education, on one-half time, for ten months beginning September 1, 1917, at a salary of six hundred dollars (\$600) for the ten months. (September 20, 1917).

Wilson, L. A., Instructor in charge of airplane engines in the School of Military Aeronautics at a salary of one hundred seventy-five dollars (\$175) a

month beginning September 1, 1917, and continuing until further notice. (August 3, 1917).

Wilson, W. C., Graduate Assistant in Chemistry for ten months beginning September 1, 1917, at a salary of three hundred dollars (\$300) for the ten months. (September 25, 1917).

Wintermute, Imogene, Student Clerk in the Library, at a salary of sixty-five dollars (\$65) a month, beginning September 1, 1917, or as soon thereafter as she reports for duty and continuing until further notice, but in no case beyond August 31, 1918; this appointment superseding her former appointment as Student Assistant on one-half time. (August 20, 1917).

Woodbridge, H. E., Visiting Professor of English for one year beginning September 1, 1917, at a salary of two thousand dollars (2000) for the year. (September 27, 1917).

Woolston, W. J., Instructor in Gynecology for one year beginning October 1, 1917, without salary. (October 8, 1917).

Wright, Agnes, Research Assistant in the Illinois Historical Survey for one year beginning September 1, 1917, at a salary of eighty dollars (\$80) a month. (September 13, 1917).

Wright, A. W., Laboratory Attendant in the Department of Ceramic Engineering at a salary of sixty-five dollars (\$65) a month, beginning September 17, 1917, and continuing until August 31, 1918, unless previously discharged for cause, subject to the rules of the Civil Service Commission. (September 26, 1917).

Yeager, L. E., Student Assistant in Military Science, for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (October 17, 1917).

Ziegler, Maurice, Assistant Auditor at a salary of one hundred dollars (\$100) a month, beginning September 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding his former appointment at \$83.33 a month. (September 4, 1917).

COMPTROLLER'S REPORT

The Secretary presented also for record the report of the Comptroller for the three months ending September 30, 1917.

BOARD OF TRUSTEES

[October 20,

The Board adjourned.

URBANA, ILLINOIS, December 12, 1917

I certify that in the foregoing pages, numbered 535 to 602, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois and of the Executive Committee on October 20, 1917, as approved by the Board at the meeting of December 11, 1917.

A handwritten signature in cursive script, reading "A. H. Humphreys", written over a horizontal dotted line.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
-OF THE-
UNIVERSITY OF ILLINOIS

November 9, 1917

A special meeting of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, in Urbana, at 2 p. m. on Friday, November 9, 1917, pursuant to the following notice which was sent out by the Secretary on November 3, 1917.

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois in the Trustees' room, at the University, in Urbana, on Friday, November 9, 1917, at 2 o'clock p. m., to consider such matters as the Committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Miss Watson.

President James was present.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of August 28 and September 11-13, 1917.

On motion of Mr. Carr, the minutes were approved as printed on pages 507 to 533, inclusive.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board proceeded to the consideration of the following matters submitted by the President of the University.

DEGREES CONFERRED IN AUGUST

(1) A list of persons to whom diplomas were issued by the Registrar on August 10, 1917, in accordance with the authority given by the Board of Trustees on June 25, 1917 (page 388).

INSURANCE POLICIES CANCELLED—MILITARY PROPERTY

(2) A letter from the Comptroller concerning the cancellation of insurance policies.

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

The United States War Department has compelled us to return the greater part of the ordnance and ordnance stores issued to the University during the early part of the year and which was valued at a total of \$49,326.03. The items remaining on hand at the present time as shown by the enclosed list, are valued at \$10,112.65.

I have, therefore, cancelled the insurance policies carried on the former lot of equipment, as scheduled on page 274 of the Board minutes of April

4, and have taken out new policies to cover the value of the equipment now on hand. A schedule of these policies is also enclosed.

Value of unexpired premiums on former policies at October 4, date of cancellation.....	\$866.82
Premium on new policies taken out, as per enclosed schedule.....	218.47
Balance due the University, which has been received and deposited in the general funds of the University.....	\$648.35

I have filed the new policies with the Secretary of the Board.

Cordially yours,

LLOYD MOREY

\$10,112 65

On motion of Mr. Hoit, the action of the Comptroller was approved.

**CROCKERLAND EXPEDITION—APPOINTMENT OF
MR. W. E. EKBLAW**

(3) A letter from Henry Fairfield Osborn, President of the American Museum of Natural History of New York, concerning the Crockerland Expedition.

Subject to the approval of the Board, I have appointed Mr. W. E. Ekblaw to be Staff Fellow in the University at the salary of \$1800 a year, beginning November 1, 1917, on Graduate School funds. On the recommendation of the Dean of the Graduate School, Dr. David Kinley, I have appointed a committee of supervision, consisting of Professors W. S. Bayley, Henry B. Ward, and William Trelease, under whom Mr. Ekblaw will carry on his research work in close connection with the Arctic collection which the University will receive under our arrangement with the American Museum of Natural History. It is the opinion of Professor Bayley that we shall receive in the shape of collections full value for the money appropriated for the Crockerland Expedition.

On motion of Miss Watson, this action was approved.

REGISTRATION, NOVEMBER 1

COST OF REPAIRS, Y. M. C. A. BUILDING

(5) A letter from Professor James M. White concerning the expenditures made by the Young Men's Christian Association in equipping the basement of the building for the serving of the aviators.

October 23, 1917

President E. J. James, 355 Administration Bldg.

DEAR PRESIDENT JAMES:

I enclose a statement from the Y. M. C. A. with reference to the expenditures which they have made in order to equip the basement of their building for the serving of the aviators, including also the new cafeteria. I requested this statement in order to be sure that none of these expenditures were being charged against our University appropriation.

Yours very truly,

JAMES M. WHITE

Supervising Architect

At this point, Mr. Abbott returned.

CONGRESS ON LABOR PROBLEMS

(6) A recommendation from a committee consisting of Professor H. H. Stock, chairman, and Professors F. H. Newell, J. C. Blair, E. B. Greene, Dr. H. E. Hoagland, and Dr. J. G. Stevens, that a congress on Labor Problems resulting from the War be held at the University in January or February, 1918. The expense for stenographic help, postage, printing, travelling expenses of speakers, and other incidentals, is estimated at about \$500. The publication of the proceedings, if that should be ultimately decided on, would cost about \$500 additional.

On motion of Miss Watson, the President of the University

was authorized to arrange for this congress. The vote was as follows: Aye, President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Miss Watson; no, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Trimble, Mr. Ward.

CHEMISTRY LABORATORY FEES

(7) A recommendation of the Council of Administration that the laboratory fees for Chemistry 9a and 9b (courses no longer given under those numbers) be discontinued and that a fee of \$9.00 each for the new courses known as 14c and 14d be authorized.

This recommendation was approved.

UNIVERSITY PAGEANT

(8) The following statement:

It will be remembered that at the time the Board decided to hold a celebration of the semi-centennial of the opening of the University, authority was given (page 196) to employ Mr. Langdon as lecturer on community festivals, and organizer, conductor, and writer of the University pageant, at a salary of \$5,000 for the thirteen months from October 1, 1917, to November 1, 1918. In accordance with this authority, a contract was made with Mr. Langdon on this basis. It seems impossible to carry out the celebration unless peace should come early in the spring. But as it is desirable that Mr. Langdon should prepare the Pageant, I have given him instructions to this effect, and in the meantime to do such work as shall be assigned to him in organizing and carrying out here at the University, or at other places in the state to which he may be sent, suitable celebrations of noteworthy days of this centennial year. He is now busily at work along this line. I am asking that my action in this matter be approved and that the sum of \$1,000 be appropriated as a revolving fund to provide expenses for the preparing and carrying out of these celebrations in such a way as to make them possible units of a larger presentation.

On motion of Mr. Carr, the action of the President was approved, and the appropriation made. The vote was as follows: Aye, President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Miss Watson; no, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Trimble, Mr. Ward.

EMERGENCY APPROPRIATION FOR HOUSEHOLD SCIENCE

(9) A request from the Dean of the College of Agriculture that an extra appropriation of \$5,000 be made to cover emergency needs in the department of household science.

On motion of Mrs. Evans, the sum of \$5,000 was assigned from the Incidental Fund to the College of Agriculture to be added to the budget of the department of household science for the current year. The vote was as follows: Aye, President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Miss Wat-

son; no, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Trimble, Mr. Ward.

**NATURAL HISTORY MUSEUM, APPOINTMENT OF
MR. F. C. BAKER**

(10) The nomination of Mr. Frank C. Baker to be Curator of the Natural History Museum for one year at a salary of \$2,000, beginning when he reports for duty, which will probably be about January 1, 1918.

On motion of Mr. Taggart, this appointment was made. The vote was as follows: Aye, President Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Miss Watson; no, none; absent, Mr. Blair, Mr. Lowden, Mr. Trevett, Mr. Trimble, Mr. Ward.

AMERICAN UNIVERSITY UNION IN EUROPE

(11) The following statement:

Acting in accordance with the authority given by the Board on September 11, 1917, I have indicated to the Secretary of the American University Union in Europe that the University would become a member of the Union, the object of which is to furnish social facilities to the graduates of American Universities connected with military and naval forces in Europe (See page 419). The fee for the University is \$500, as the University has more than 10,000 graduates.

This report was received for record.

LEAVE OF ABSENCE FOR MR. W. J. CARMICHAEL

(12) A recommendation from Professor H. W. Mumford of the department of animal husbandry, approved by Dean Eugene Davenport, that Mr. W. J. Carmichael, Associate in Animal Husbandry, be given leave of absence from November 1, 1917, to January 1, 1918, without salary, to assist in the work of the Federal Bureau of Animal Industry in the project of increasing pork production in this state.

On motion of Mr. Hoit, the President of the University was given authority to grant this leave of absence.

LEAVE OF ABSENCE FOR PROFESSOR BENTLEY

(13) A statement that, under the authority given by the Board (page 512) the President of the University has granted leave of absence without salary to Dr. Madison Bentley, Professor of Psychology, who has been called into the military service of the government in the department of aviation.

This report was received for record.

EXHIBIT AT ILLINOIS CENTENNIAL STATE FAIR

(14) A request from Mr. B. M. Davison, Secretary of the Illinois State Board of Agriculture, that the University make an educational exhibit at the Illinois centennial state fair to be held at Springfield, September 7-15, 1918.

On motion of Mr. Carr, the President of the University was authorized to have prepared and put in place at the state fair of 1918 an exhibit of the history and work of the University.

IRISH FELLOWSHIP FOUNDATION

(15) A letter from John P. McGoorty, Chief Justice of the Circuit Court of Chicago, in regard to the salary of Father Andrew O'Kelleher.

July 28, 1917

President Edmund James, University of Illinois

MY DEAR PRESIDENT:

I am authorized by the Irish Fellowship Foundation Committee to state to you that we will guarantee payment of \$1200 for Father Andrew O'Kelleher's salary for the ensuing year.

I will be pleased if you will write a brief letter addressed to Joseph A. O'Donnell, D. Ryan Twomey, and myself stating what has been accomplished by Father O'Kelleher and Dr. Schoepperle during the past year. I have written Dr. Schoepperle asking her to furnish you with any necessary information and suggest that this letter be written on a single sheet and sent in a mailing tube to Joseph A. O'Donnell, Metropolitan Block, Chicago.

Believe me to be with kind regards,

Sincerely yours,

JOHN P. MCGOORTY

I wrote to Justice McGoorty that Father O'Kelleher's salary had been fixed at \$1,000 last year and that \$200 had been allowed for travelling expenses and for incidental expenses connected with the department, and that I thought that Justice McGoorty would approve such an arrangement for this year, but I have not had word from him as yet.

On motion of Mrs. Evans, the President of the University was given authority to appoint Father O'Kelleher to be Staff Fellow in Gaelic Studies for one year from November 18, 1917, at a salary of one thousand dollars.

ANNUAL REGISTER

(16) A recommendation from the Council of Administration that the Annual Register be printed in two volumes.

On motion of Mr. Carr, it was voted that the form followed in printing and issuing the Annual Register of 1916-17 is satisfactory to the Board.

ADVISORY BOARD, CERAMIC ENGINEERING

(17) A recommendation from Dean C. R. Richards that Mr. Theodore G. Dickenson, President of the Marquette Cement Manufacturing Company, Chicago, be appointed as a member of the Advisory Board of the Department of Ceramic Engineering for a term of three years, beginning September 1, 1917.

On motion of Mr. Hoit, this recommendation was approved.

LOANS OF LANTERN SLIDES AND SIMILAR EQUIPMENT

(18) A request for authority to lend lantern slides and similar equipment to high schools.

President E. J. James, University of Illinois

DEAR PRESIDENT JAMES:

The classics department has requests now and then for the loan of slides and costumes to high schools for the purpose of illustrating in class some aspect of classical life, or for furnishing an evening's entertainment for a part or all of a high school.

It seems to the department that it is very desirable that the University respond to such requests, but it has never been told officially that it has any right to send out this material.

I am therefore suggesting to you that I would be glad if the University would approve such action, provided always, that the expense of transportation and possible breakage is assumed by the party applying.

Very sincerely yours,

H. J. BARTON

Chairman of Classical Department

On motion of Mrs. Evans, the President of the University was authorized to lend such material to high schools under regulations which he may approve.

TAX ON RECEIPTS FROM ATHLETIC GAMES

(19) A letter from Wallace Heckman, Esq., Counsel of the University of Chicago.

November 8, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

In order to secure exemption from income taxation for tickets to the foot-ball games, it is necessary to be able to lay before the authorities authoritatively the fact that all the profits of the games go to the respective institutions whose teams play.

Will you kindly send me a statement confirming the fact stated over the telephone, that the net proceeds of the half of the gross amount received by the University of Illinois Foot-Ball Team go to the University of Illinois?

Very truly yours,

WALLACE HECKMAN

I have drafted this reply to this letter explaining the University's method of managing athletic affairs.

November 10, 1917

Mr. Wallace Heckman, Esq., Counsel and Business Manager, University of Chicago

MY DEAR MR. HECKMAN:

In answer to your inquiry, I beg to say that the University of Illinois delegates to the Athletic Association of the University the power to manage the athletic affairs of the University under rules prescribed by the Faculty. The Athletic Association consists of certain faculty members appointed by the

Faculty, certain students elected by the students, and certain alumni elected by the alumni. All the funds taken in by the Association are administered by the Association and are under the direction of the University.

All the profits of the Athletic Association go to the University. There are no stock holders in it to receive dividends, and no profits from this Association have ever been given to any individual.

Trusting that this will answer your question satisfactorily, I am

Faithfully yours,

EDMUND J. JAMES

This report was received for record.

LEAVE OF ABSENCE FOR DIRECTOR P. L. WINDSOR

(20) A request from Mr. Phineas L. Windsor, Librarian, for leave of absence for one or two months to assist in the organization of camp libraries now being provided for cantonments and posts of the American Army in this country and in Europe.

November 9, 1917

DEAR PRESIDENT JAMES:

The American Library Association has raised over one million dollars for libraries for our soldiers and sailors and in organizing this work in the thirty-two larger cantonments and posts, they are calling upon a number of the experienced men librarians for volunteer organizing service. The men to be employed permanently in these camp libraries will probably receive seventy-five to one hundred dollars a month pay.

A few days ago I wrote to Mr. Putnam, of the Library of Congress, who has general charge of all of this work, telling him of two of the young men members of the University Library staff who have special qualifications for library work in France.

This morning I received a reply, which among other things, suggests that I volunteer my own services as a volunteer organizer to serve without pay for one or two months in one of the camp libraries. They would be able to give me subsistence and traveling expenses.

It is financially impossible for me to accept any work which means the loss of my salary, and I am writing to ask you whether the University would be willing to loan my services for one, or at most, two months for this work of organizing camp libraries. I do not know how soon I should be needed, nor where I should have to go, but I should naturally like to be in a position to answer such a call if you and the Board are willing and can give me the necessary leave with pay.

I enclose the correspondence which I have had with Mr. Putnam and Mr. Dudgeon bearing on this matter; Mr. Dudgeon would like an immediate reply from me, and if the proposal meets with your own approval, I hope that you will present it to the Board this afternoon.

Yours very truly,

P. L. WINDSOR

Librarian

On motion of Mrs. Evans, the President of the University was given authority to extend this leave of absence with pay, if it seems consistent with the interests of the University Library.

COMMITTEE TO INVESTIGATE LOYALTY OF FACULTY

(21) Certain reports have gone out over the country concerning the reported disloyalty of some members of the Faculty of the University. In some of these reports definite names were given. The following letter received today from certain members of the Faculty explains itself.

November 9, 1917

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

We, the undersigned members of the Faculty of the University of Illinois, have been cruelly and unjustly brought into nation-wide notoriety by unfounded and irresponsible charges of disloyalty to the Government of the United States.

We declare most positively that we are, and always have been loyal and law-abiding citizens of the United States and have never been guilty of disloyalty to the Government in thought, word, or deed.

If it be true, as is currently reported, that charges of disloyalty against us are to be presented to the Board of Trustees of the University of Illinois, and the Board should think it worth while to consider them, we respectfully request that a full investigation be made, and that we be permitted to appear in person to defend ourselves against this untrue and unjust accusation.

Respectfully submitted,

ARTHUR C. COLE

Q. L. SHEPHERD

W. A. OLDFATHER

RICHARD C. TOLMAN

JAMES G. STEVENS

On motion of Mr. Carr, the President of the Board was authorized to appoint a committee of the Board to consider this matter.

PURCHASE OF SITE FOR CLINICAL BUILDING

(22) A letter from the Comptroller concerning the purchase of properties in the vicinity of Polk and Wood Streets, Chicago, as authorized by the Board (See page 544).

November 9, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to advise you that I have received from Mr. W. L. Abbott, President of the Board of Trustees, a report on the purchase of properties in the vicinity of Polk and Wood Streets, Chicago, Illinois, as authorized by the Board of Trustees.

The following is a summary of the transactions in relation to these properties:

Property at 1756-58 Polk Street

Being the double three-story and basement brick store and apartment building at the northeast corner of South Wood and West Polk Streets. Size 50 feet by 115.19 feet. Described as Lots 4 and 5 in Eisenstein's Resubdivision of Lots 1, 2, 3 and 4 and south 15 feet of Lot 5 in Carpenter's Resubdivision of the W $\frac{1}{2}$ of Block 5 in Assessor's Division of E $\frac{1}{2}$ of S E $\frac{1}{4}$ of Section 18, Township 39 North, Range 14 East of the third principal meridian.

Contract purchase price	\$13,750.00
Commissions and attorney fees	498.33

<i>Total cost</i>	<u>\$14,248.33</u>
-------------------------	--------------------

Property at 721-3-5 South Wood Street

Being the three-story and basement brick, stone front, school building and ground 60 feet by 123.79 feet to 17- $\frac{1}{2}$ ' alley, described as Lots 7 and 8 and the north 10 feet of Lot 6 in the Resubdivision of the West $\frac{1}{2}$ of Block 5 in Assessor's Division of the East $\frac{1}{2}$ of the Southeast $\frac{1}{4}$ of Section 18, Township 39 North, Range 14 East of the third principal meridian.

Contract purchase price	\$16,100.00
Commission and fees	576.67

<i>Total cost</i>	<u>\$16,676.67</u>
-------------------------	--------------------

This property is subject to an encumbrance of \$7,000 in favor of the Woodlawn Trust and Savings Bank, Chicago, dated October 27, 1917, running five years at 6% interest payable semi-annually.

I have also received reports showing the operations of our agents, McKey and Poague, with respect to the income and expense of these properties from February, 1917, to date, summarized as follows:

Income from property at 1756-8 West Polk Street.....	\$1,232.87	
Income from property at 721-5 South Wood Street.....	603.00	\$ 1,835.87

Expenses of properties, including commissions.....		<u>1,975.68</u>
--	--	-----------------

Deficit from operations		<u>\$139.81</u>
-------------------------------	--	-----------------

The cash summary in connection with the purchase of the properties is as follows:

Cash advanced by me on University warrants.....	\$24,258.33	
Mortgage on South Wood Street property assumed.....	7,000.00	\$31,258.33

Purchase price of properties	\$30,925.00	
Deficit on operations	139.81	<u>31,064.81</u>

<i>Net balance to our credit with McKey and Poague.....</i>		<u>\$ 193.52</u>
---	--	------------------

Cordially yours,

LLOYD MOREY

On motion of Mr. Carr, the action of the President of the Board in purchasing this property was approved.

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented for record the following list of appointments made by the President of the University.

Arms, R. W., Instructor in Mining Engineering, at a salary of one hundred twenty dollars (\$120) a month beginning when he reports for duty and continuing until July 1, 1918. (November 5, 1917*).

Arneson, Mabel, Stenographer and clerk in the College of Medicine at a salary of eighty dollars (\$80) a month, beginning November 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding her former appointment. (October 29, 1917).

Baldwin, Edgar, Student Assistant in the School of Pharmacy, at a compensation of one hundred dollars (\$100) for the academic year beginning October 1, 1917, and continuing to June 30, 1918. (October 29, 1917).

Bard, Catharine A., University Stenographer, rank III, in the President's office, at a salary of seventy-five dollars (\$75) a month, beginning October 15, 1917, and continuing until further notice, subject to the regulations of the State Civil Service Commission. (November 2, 1917).

†Bayley, P. L., Instructor in Signalling and Radio in the School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning when he reports for duty and continuing until further notice. (November 5, 1917).

Bruner, Arthur J., Director of the employment bureau, room registration, and student information bureau of the College of Medicine, at a salary of one hundred fifty dollars (\$150) for the year, one-half to be paid at the end of each semester. (November 9, 1917).

Culver, Harry, Instructor in Genito-Urinary Surgery in the College of Medicine, for one year beginning September 1, 1917, without salary. (October 31, 1917).

Dawson, Estelle, Secretary in the College of Law, at a salary of eighty-five dollars (\$85) a month, beginning October 10, 1917, and continuing until further notice, but in no case without reappointment beyond July 1, 1918. (November 2, 1917).

Ekblaw, W. E., Research Fellow, at a salary of one hundred fifty dollars (\$150) a month, for one year, beginning November 1, 1917. (November 8, 1917).

Engel, Solton, Assistant in English, on full time, at a salary of one thousand dollars (\$1000) a year, beginning October 26, 1917; this appointment superseding his previous appointment. (November 9, 1917).

Ewald, Raymond, Assistant in the office of the Supervising Architect, at a salary of two hundred dollars (\$200) a month, beginning when he reports for duty. (October 25, 1917).

Fischer, A. H. R., Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (November 2, 1917).

*The date in parenthesis is the date on which the appointment was made by the President of the University.

†Appointment made by Vice-President Kinley.

Grosse, Arthur, Student Assistant in the School of Pharmacy, at a compensation of one hundred dollars (\$100) for the academic year beginning October 1, 1917, and continuing to June 30, 1918. (October 29, 1917).

*Hamilton, T. S., Drill Master in the School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning when he reports for duty and continuing until further notice. (November 5, 1917).

Jones, Josie, University Stenographer, rank III, in the Department of Dairy Husbandry, at a salary of seventy-five dollars (\$75) a month, beginning September 1, 1917, and continuing until further notice. (November 2, 1917).

Knappenberger, J. M., Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (November 9, 1917).

*Kunz, Jakob, Advisor to the Instructional Staff of the School of Military Aeronautics, without salary. (November 8, 1917).

McDonald, Florence, Nurse in the College of Medicine Dispensary, at a salary of sixty dollars (\$60) a month, beginning when she reports for duty, and continuing until further notice, subject to the rules of the Civil Service Commission. (October 23, 1917).

Martin, Pat, Janitor in the School of Pharmacy, at a salary of sixty dollars (\$60) a month, beginning November 1, 1917; this appointment superseding his former appointment. (October 29, 1917).

*Mason, M. S., Secretary of the Academic Board of the School of Military Aeronautics at a salary of two hundred dollars (\$200) a month, beginning October 17, 1917; this appointment superseding his former appointment. (November 7, 1917).

Mercer, C. F., Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (November 2, 1917).

Meseck, Rudolph, Janitor in the School of Pharmacy, at a salary of seventy dollars (\$70) a month, beginning November 1, 1917; this appointment superseding his former appointment. (October 29, 1917).

Morton, A. H., Assistant in Military Science for ten months beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (November 2, 1917).

*Munds, Margaret, Stenographer in the office of the Commandant of the School of Military Aeronautics, beginning November 12, 1917, and continuing until further notice, at a salary of sixty dollars (\$60) a month. (November 1, 1917).

Nirison, George, Fireman and Janitor in the School of Pharmacy, at a salary of seventy-five dollars (\$75) a month, beginning November 1, 1917; this appointment superseding his former appointment. (October 29, 1917).

Ohlson, P. A., Technician in Physiology in the College of Medicine, at a salary of sixty-five dollars (\$65) a month, beginning November 1, 1917; this appointment superseding his former appointment. (November 2, 1917).

*Appointment made by Vice-President Kinley.

Pate, Clyde, Student Assistant in the School of Pharmacy, at a compensation of one hundred dollars (\$100) for the academic year beginning October 1, 1917, and continuing to June 30, 1918. (October 29, 1917).

Pollicoff, W. W., Assistant in Animal Pathology in the Agricultural Experiment Station, at a salary of twelve hundred dollars (\$1200) a year, work and salary to begin when he reports for duty. (October 30, 1917).

*Powers, J. H., Drill Master in the School of Military Aeronautics at a salary of one hundred dollars (\$100) a month, beginning when he reports for duty and continuing until further notice. (November 5, 1917).

Roberts, Nettie M., University Stenographer, rank II, in the Registrar's Office, at a salary of fifty dollars (\$50) a month, beginning November 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (November 5, 1917).

Rowland, C. E., Assistant Mechanician in the Department of Physics, at a salary of seventy-five dollars (\$75) a month, beginning October 11, 1917, and continuing until further notice, but in no case without reappointment longer than September 1, 1918. (October 30, 1917).

Schelly, R. P., Graduate, Assistant in Chemistry, at a salary of thirty dollars (\$30) a month, from November 1, 1917, to February 1, 1918. (November 9, 1917).

Schnellbacher, J. P., Assistant in Military Science for ten months, beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (November 3, 1917).

Small, Helen D., Stenographer in the office of the Dean of the College of Engineering, at a salary of fifty dollars (\$50) a month, beginning October 16, 1917, and continuing until further notice, subject to the regulations of the Civil Service Commission. (November 9, 1917).

*Sweeney, F. D., Drill Master in the School of Military Aeronautics, at a salary of seventy-five dollars (\$75) a month, beginning when he reports for duty and, continuing until further notice. (November 6, 1917).

Trelease, S. B., Assistant in Military Science for ten months, beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (November 2, 1917).

Watts, A. H., Assistant in Military Science for ten months, beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (November 2, 1917).

Wherley, Homer, Student Assistant in the School of Pharmacy, at a compensation of one hundred dollars (\$100) for the academic year, beginning October 1, 1917, and continuing to June 30, 1918. (October 29, 1917).

Whitney, H. B., Assistant in Military Science for ten months, beginning September 1, 1917, at a salary of ten dollars (\$10) a month. (November 2, 1917).

*Wright, Mrs. Maud, Stenographer in the office of the Commandant of the School of Military Aeronautics, at a salary of sixty dollars (\$60) a month, beginning November 12, 1917, and continuing until further notice. (November 7, 1917).

*Appointment made by Vice-President Kinley.

*Yocum, F. D., Instructor in Gunnery in the School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning October 29, 1917, and continuing until further notice. (October 26, 1917).

The Board adjourned.

URBANA, ILLINOIS, February 18, 1918

I certify that in the foregoing pages, numbered 603 to 622, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at the meeting held November 9, 1917, as approved by the Board at its meeting of February 16, 1918.

Secretary of the Board of Trustees

*Appointment made by Vice-President Kinley.

MEETING OF THE BOARD OF TRUSTEES
-OF THE-
UNIVERSITY OF ILLINOIS

December 11, 1917

The quarterly meeting of the Board of Trustees of the University of Illinois was held at Hotel LaSalle, in the city of Chicago, at 12 o'clock noon on Tuesday, December 11, 1917.

The following members were present: President Abbott, Mr. Carr, Mrs. Evans, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson.

President James was present.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of October 20, 1917. The minutes were approved as printed on pages 535 to 602, above.

COMMITTEE TO INVESTIGATE RUMORS OF DISLOYALTY

Mr. Trimble presented the following report of the committee appointed to investigate rumors of disloyalty on the part of members of the faculty:

*TO THE BOARD OF TRUSTEES OF THE UNIVERSITY OF
ILLINOIS*

Your Committee appointed to investigate and report concerning rumors of disloyalty among the members of the Faculty, respectfully reports as follows:

We convened at the Board Room, Administration Building, Urbana, at 8:45 o'clock a. m. November 27, 1917, all being present. There were also present, Vice President Dean David Kinley (in the absence of President James); Mrs. Mary E. Busey, Trustee; W. H. Kerrick, Government agent at Bloomington, and Charles M. Webber, Postmaster at Urbana, and the following members of the Faculty: Prof. William Abbott Oldfather, Prof. Richard Chase Tolman, Dr. Queen Lois Shepherd, Dr. James Garfield Stevens, and Prof. Arthur Charles Cole.

The following persons were called and examined, to wit:

W. H. Kerrick, Bloomington; Mrs. John N. Pomeroy, Urbana; Professor P. L. Windsor, Urbana; Mr. C. M. Pearson, Member Local Exemption Board, Champaign; Rev. C. R. Adams, Champaign; Mr. Bert Spalding, Champaign; Dr. Cleaves Bennett, Champaign; Mr. John W. Stipes, Member District Exemption Board, Champaign; Mr. Charles M. Weber, Postmaster, Urbana; Mrs. N. A. Riley, Urbana; Miss Ruth Wheeler, Urbana; Professor Thomas E. Oliver, Urbana; Professor H. J. Barton, Champaign; Secretary H. E. Cunningham, Urbana; Professor C. S. Sale, Urbana; Mrs. Mary E. Busey, Trustee; Professor Camillo E. Weiss, Urbana; Dr. Heinrich Waldemar Nordmeyer, Urbana; Dr. Oscar Friedrich W. Fernsemer, Urbana; Dr. James Garfield Stevens, Urbana; Professor Arthur Charles Cole, Urbana; Dr. Queen Lois Shepherd, Urbana; Professor Richard Chase Tolman, Urbana; Professor William Abbott Oldfather, Urbana.

Your committee urged all persons present to assist the committee in every way to secure information on the subject matter of the investigation; and every person whose name was mentioned as one who might enlighten the committee was sent for and requested to appear. The sessions of the committee were open to the public, and opportunity was offered to every person present to examine witnesses.

There have been persistent rumors throughout the community of Champaign and Urbana that there is some disloyalty to the United States Government in the University Faculty. Diligent efforts were made to find the source thereof, without success.

After careful investigation, the committee is of the opinion that there is no disloyalty in the University Faculty. The state and nation wide publication that there was such is sufficient to be worthy of your attention. We submit first, there must be none; and second, those in whose custody is the moulding of the next generation, upon whom will fall the responsibility of reconstruction, must be even above suspicion of disloyalty. It therefore behooves the Faculty to so conduct its deeds and speech that the world may know they are affirmatively loyal. Their academic freedom of speech and idealism in government affairs is now limited by this war to such as may by no means be construed as unsympathetic, either with the fact that we are at war, or with the principles involved therein. In this State University not even neutrality should be tolerated, but in its entire administrative and faculty force active and aggressive loyalty should prevail, until it permeates the entire student body and creates a patriotic citizenship for the future of our country.

Your committee recommends that the entire Faculty be advised that the Board stands for that character of Loyalty, and no other conduct on their part will satisfy. We think this procedure will end the rumors that have prevailed, which were the subject of this investigation.

Respectfully submitted,

ROBERT F. CARR

LAURA B. EVANS

CAIRO A. TRIMBLE, *Chairman*

This report was discussed at length.

On motion of Mr. Trimble, this report was accepted and adopted.

BILL FOR SERVICES OF MR. ALEXANDER PRUSSING

Mr. Abbott, as chairman of the Executive Committee, presented a bill from Mr. Alexander Prussing, in the amount of \$500, for services rendered in connection with the purchase of land in Chicago.

On motion of Mr. Ward, the Comptroller was ordered to pay this bill. The vote was as follows: Ayes, Mr. Abbott, Mr. Carr, Mrs. Evans, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Hoit, Mr. Lowden, Mr. Trevett.

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented for record the following list of appointments made by the President of the University:

*Barnes, O. A., Assistant in Chemistry, on one-half time, from November 11, 1917, to June 30, 1918, at a salary of fifty dollars (\$50) a month; this appointment superseding his previous appointment. (November 26, 1917†).

*Bergin, C. E., Assistant in Dermatology in the College of Medicine, for the academic year ending August 31, 1918, without salary. (December 5, 1917).

*Brigham, M. H., Instructor in Gunnery in the U. S. School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning November 26, 1917, and continuing until further notice. (November 26, 1917).

*Brooks, Ruth, Stenographer and Clerk in the Business Office, at a salary of fifty-five dollars (\$55) a month, beginning December 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (November 30, 1917).

*Brown, H. A., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Brunson, A. M., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Castle, D. W., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Appointment made by Vice-President Kinley.

†The date in parenthesis is the date on which the appointment was made by the President or the Vice-President of the University.

*Clarke, G. E., Beneficiary under the Rea Scholarship fund in the College of Medicine for the academic year 1917-18, with a stipendium of sixty dollars (\$60) for the year. (December 3, 1917).

*Coleman, G. H., Assistant in Chemistry, on one-half time, at a salary of fifty dollars (\$50) a month, beginning December 1, 1917, and continuing until June 30, 1918; this appointment superseding his previous appointment. (December 5, 1917).

Cuerdon, Catherine F., Stenographer in the department of animal husbandry, at a salary of sixty-five dollars (\$65) a month, beginning November 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding her previous appointment. (November 8, 1917).

*Dimond, W. H., Student Assistant in Chemistry in the School of Pharmacy, with salary at the rate of one hundred dollars (\$100) for ten months' service, beginning when he reports for duty and continuing until June 30, 1918. (November 30, 1917).

*Fazel, C. S., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Fetherston, J. E., Beneficiary under the Rea Scholarship fund in the College of Medicine for the academic year 1917-1918, with a stipendium of sixty dollars (\$60) for the year. (December 3, 1917).

Fielding, C., Assistant Technician in the Medical Laboratory, at a salary of forty-two dollars (\$42) a month, beginning December 1, 1917, and continuing until further notice, but in no case beyond June 30, 1918, without re-appointment. (December 10, 1917).

*Fleming, J. R., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred seventy-five dollars (\$175) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Fonda, J. E., Assistant in Oral Surgery, for the academic year 1917-18, without salary. (November 19, 1917).

*Ford, E. J., Instructor in Surgery, from February 1, 1918, to August 31, 1918, without salary. (December 5, 1917).

*Geip, Mary, Warrant Clerk in the Business Office, at a salary of fifty-five dollars (\$55) a month, beginning December 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (November 30, 1917).

*Greison, H. P., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

Gudgel, Bert, Herdsman in the department of dairy husbandry, at a salary of eighty-five dollars (\$85) a month, beginning December 1, 1917,

*Appointment made by Vice-President Kinley.

and continuing until further notice, subject to the rules of the Civil Service Commission. (December 10, 1917).

*Gunning, R. E., Instructor in Pharmacology in the College of Medicine, at a salary of one thousand dollars (\$1000) for the period from December 1, 1917, to July 1, 1918. (December 5, 1917).

*Hamilton, T. S., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Hansen, H. O., Assistant in Oral Surgery, for the academic year 1917-18, without salary. (November 19, 1917).

*Hebbert, C. M., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Hyslop, W. H., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred seventy-five dollars (\$175) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Junken, L. H., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Keagy, A. R., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Klopp, Leanna, Bookkeeper in the Business Office, at a salary of sixty-five dollars (\$65) a month, beginning December 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (November 30, 1917).

*Leonard, Ruth, Beneficiary under the Rea Scholarship fund in the College of Medicine for the academic year 1917-18, with a stipendium of sixty dollars (\$60) for the year. (December 3, 1917).

*McCallister, I., Drillmaster in the U. S. School of Military Aeronautics, at a salary of seventy-five dollars (\$75) a month, beginning November 19, 1917, and continuing until further notice. (November 15, 1917).

*McCallister, I., Drillmaster in the U. S. School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning December 1, 1917, and continuing until further notice, this appointment superseding his previous appointment. (December 6, 1917).

*McCaughy, W. F., Instructor in Architectural Design, beginning when he reports for duty and continuing until June 30, 1918, at a salary of one hundred thirty dollars (\$130) a month. (December 5, 1917).

*McCrumb, F. R., Graduate Assistant in Chemistry, from November

*Appointment made by Vice-President Kinley.

11, 1917, to June 30, 1918, at a salary of thirty dollars (\$30) a month. (November 26, 1917).

*Mercey, R. J., Beneficiary under the Rea Scholarship fund in the College of Medicine for the academic year 1917-18, with a stipendium of sixty dollars (\$60) for the year. (December 3, 1917).

*Miller, F. H., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Mounts, W. W., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Neuman, Mollie, Typist in the department of anatomy, at a salary of fifty dollars (\$50) a month, beginning December 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (December 5, 1917).

O'Brien, Gertrude, Stenographer in the department of geology, at a salary of seventy-five dollars (\$75) a month, beginning November 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (November 9, 1917).

O'Kelleher, A., Staff Fellow in Gaelic Studies, for one year from November 18, 1917, at a salary of one thousand dollars (\$1000) for the year. (November 14, 1917).

*Palm, A. A., Storekeeper in the College of Medicine, at a salary of seventy dollars (\$70) a month, beginning November 9, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (November 19, 1917).

*Pickels, G. W., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred seventy-five dollars (\$175) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

Pike, C. E., Assistant in Physics, at a salary of seventy-five dollars (\$75) a month, from November 1, 1917, to June 30, 1918; this appointment superseding his previous appointment. (November 12, 1917).

*Powers, J. H., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Rogers, Della M., Clerk and Stenographer in the department of physics, at a salary of sixty-five dollars (\$65) a month, beginning November 19, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding her previous appointment. (November 19, 1917).

*Appointment made by Vice-President Kinley.

*Ruel, Barbara, Nurse in the Infirmary of the College of Dentistry, at a salary of sixty dollars (\$60) a month, beginning October 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (November 19, 1917).

*Siegmond, H. O., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Simpson, L. F., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Sinnock, Ellen F., Stenographer in the U. S. School of Military Aeronautics, at a salary of sixty-five dollars (\$65) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding her previous appointment. (December 6, 1917).

*Stopp, G. D., Drillmaster in the U. S. School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning November 9, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 3, 1917).

*Stopp, G. D., Drillmaster in the U. S. School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

*Sweeney, A. F., Instructor in the U. S. School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning December 1, 1917, and continuing until further notice; this appointment superseding his previous appointment. (December 6, 1917).

Thompson, Alice A., Cataloger in the Library, at a salary of seventy-five dollars (\$75) a month, beginning November 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding her previous appointment. (October 17, 1917).

*Walker, Marjorie L., Assistant in English, on one-half time, from November 20, 1917, to June 30, 1918, at a salary of sixty dollars (\$60) a month. (November 17, 1917).

*Wallace, F. M., Clerk in the office of the Academic Board of the U. S. School of Military Aeronautics, at a salary of sixty dollars (\$60) a month, beginning November 12, 1917, and continuing until further notice. (November 13, 1917).

*Warren, Bessie, Attendant in the Infirmary of the College of Dentistry, at a salary of fifty dollars (\$50) a month, beginning October 1, 1917, and continuing until further notice, subject to the rules of the Civil Service Commission. (November 19, 1917).

*Appointment made by Vice-President Kinley.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board considered the following matters submitted by the President of the University:

USE OF BUILDINGS ON SUNDAY

(1) Requests from members of the faculty for the use of University buildings on Sunday for other than the class of purposes authorized by the Board in their action of December 19, 1912 (Report 1914, page 147).

On motion of Mr. Trimble, the action of December 19, 1912, was reaffirmed.

ORIENTAL MUSEUM—CURATOR APPOINTED

(2) A recommendation that an Oriental Museum be established on the same general basis as the Natural History Museum, the Museum of Classical Art and Archeology, and the Museum of European Culture; that a room in Lincoln Hall be assigned for this Museum; that Professor A. T. Olmstead be appointed Curator to serve until further notice; and that \$1000 be appropriated for the purchase of cases and for other necessary expenses.

On motion of Mrs. Evans, this Museum was created and the appropriation made, by the following vote: Ayes, Mr. Abbott, Mr. Carr, Mrs. Evans, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Hoit, Mr. Lowden, Mr. Trevett.

On motion of Mr. Taggart, Professor Olmstead was appointed curator until further notice.

COOPERATIVE MINING INVESTIGATIONS

(3) A copy of the agreement for cooperative mining investigations for the year ending June 30, 1918.

AN AGREEMENT

*between the United States Bureau of Mines, the State Geological Survey
Division of the State of Illinois, and the Engineering Experiment
Station of the University of Illinois*

1. The United States Bureau of Mines, hereinafter referred to as the Bureau, the State Geological Survey Division of the State of Illinois, hereinafter referred to as the Survey, and the Engineering Experiment Station of the University of Illinois, hereinafter referred to as the University, desiring to make cooperative investigations and disseminate information with a view to improving conditions in the mining, quarrying, metallurgical, and other mineral industries, safeguarding life among employees, preventing unnecessary waste of resources, and otherwise contributing to the advancement of these industries, hereby agree as follows:

2. The Bureau will maintain in the buildings furnished by the University, on its campus at Urbana, Illinois, a mining experiment station devoted to the above purposes and to such other investigations as may be assigned to it from time to time by the Director of the Bureau, and will,

during the fiscal year ending June 30, 1918, expend in the work of this station a sum approximating \$10,570, including salaries, equipment, supplies, and expenses of such of the Bureau's employees as shall be assigned to this work.

3. The University will furnish on its campus free of charge a laboratory, if needed, and proper office rooms for the purpose of conducting the investigations herein mentioned and contemplated, authorized to be conducted by the Bureau, together with equipment contained therein; such use to be without cost to the Bureau for rent, water power, light, heat, or repairs. The University further agrees to give to the employees of the Bureau the free use of such laboratory facilities and other equipment and apparatus as may be required, and of the library, insofar as their use does not interfere with the regular work of instruction of the University. It also agrees to spend in connection with this work such a sum of money as is to be agreed upon in conference by the Director of the Bureau, the Chief of the Survey Division, and the Director of the Engineering Experiment Station or their representatives.

4. The Survey agrees to set aside a sum approximating \$5,730.56 and the University approximately \$5,000, which sums are to be spent in connection with the cooperative work and in such a manner as may hereafter be agreed upon by the Director of the Bureau, the Chief of the Survey Division, and the Director of the Engineering Experiment Station, or their representatives, which supplemental agreement is hereto attached and made a part of this agreement.

5. Those investigations which are conducted jointly by the Bureau, the Survey, and the University, and which relate solely to the State of Illinois, will be under the joint control of the Director of the Bureau, the President of the University, and the Chief of the Survey Division, or their representatives, who together will determine the problems to be undertaken, the general methods to be employed, and the manner in which results are to be published, but each party to this agreement will have sole supervision of the work of its employees, and of those investigations which are not a part of this agreement.

6. Each party will submit to the others semi-annual statements of expenditures, dated December 30 and June 30, for work relating to Illinois.

7. All records of the progress, status, or results of the cooperative work relating solely to the State of Illinois, including all reports and papers, will be freely accessible to all parties at all times.

8. Each publication issued by either party giving results of cooperative investigations relating to the State of Illinois will recognize in the text and on the cover and title pages the cooperation of the other parties, but neither party to this agreement will publish joint results without the express consent of the other parties to this agreement.

9. The Bureau will distribute to the citizens of the State of Illinois a reasonable number, to be eventually agreed upon, of copies of each published report relating to the State of Illinois resulting from the work of

this cooperation, not more than one copy of any report being given to one person.

10. The employees of the Bureau will not teach in the University nor will their names appear as members of the faculty.

11. This agreement, unless renewed, will expire June 30, 1918.

IN WITNESS WHEREOF, The said parties by their duly authorized officers have hereunto set their hands in triplicate this 3d day of November, 1917.

On motion of Mr. Carr, this agreement was approved.

SCHOOL OF RAILWAY ENGINEERING AND ADMINISTRATION SUSPENDED

(4) A recommendation from Dean C. R. Richards of the College of Engineering that the School of Railway Engineering and Administration be suspended until further notice. This recommendation is made because the two most important members of the faculty of this school, Professor E. C. Schmidt and Professor E. R. Dewsnap, have been called into the military service of the United States and of Great Britain, respectively.

On motion of Mr. Carr, the President of the University was authorized to suspend the activities of this School until further notice.

PROBATION RULE—STANDARDS OF SCHOLARSHIP

(5) A recommendation from the University Senate:

December 8, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate at its meeting of November 5, 1917, on the recommendation of the Committee on Standards of Scholarship adopted the following motion:

That the present probation rule, in its application to those colleges of the University which admit directly on certificate from the high school, be amended by the substitution of the word "eleven" for the word "nine" wherever the latter word occurs in the rules.

The probation rule as amended by this motion reads as follows:

A student who fails to make a passing grade in at least *eleven* hours of the work for which he is registered in any semester is placed upon probation for the succeeding semester, ~~and~~ in case he fails to

pass at least *eleven* hours of work in either of the two succeeding semesters he is dropped from the college.

Any student whose work falls below C in more than one-fourth of the hours for which he is registered may also be placed upon probation at the discretion of the Council of Administration, and in case he fails to pass at least *eleven* hours in either of the two succeeding semesters he is dropped from the college.

Any student dropped from another institution who may by petition be admitted to the University of Illinois shall enter on probation under the provisions of this rule.

You will perhaps recall that you said yesterday that in your judgment this action of the Senate should be submitted to the Board of Trustees for approval.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Carr, this recommendation was approved.

LABORATORY FACILITIES FOR GOVERNMENT EMPLOYEES

(5) A request from the Secretary of the United States Department of Agriculture that the University permit Dr. Felix Löhnis, Soil Biologist of the Bureau of Plant Industry of the U. S. Department of Agriculture, to carry on his technical researches in soil bacteriology at the University, with the use of its laboratory and library facilities. Dr. Löhnis's salary and the supplies used in his investigations will be provided by the Federal Government. Also a request from the same department for similar permission for Dr. Arno Viehoveer, Pharmacognosist in the Bureau of Chemistry.

On motion of Mr. Trimble, the President of the University was authorized to give such permission.

ENLISTMENT OF MEDICAL AND DENTAL STUDENTS

(7) A report that the Surgeon General has issued a statement to the effect that all medical and dental students will be permitted to enlist in the Enlisted Reserve Corps of the Medical Department. This ruling extends to first year students the privileges hitherto limited to second, third, and fourth year students in medical and dental schools.

This report was received for record.

LEAVE OF ABSENCE FOR PROFESSOR E. B. GREENE

(8) A request from Professor E. B. Greene for leave of absence from his duties as Professor of History from January 1, 1918, to the close of the academic year 1917-1918, to enable him to accept the chairmanship of the National Board for Historical Service in Washington, D. C. This Board is a private enterprise, organized by a small group of men who saw the possibility of rendering valuable service to the various departments of the Government. It works in close connection with the National Committee on Public Information under the chairmanship of Mr. Creel, the Carnegie

Institution at Washington, and the various departments of the Federal Government which may desire to avail themselves of its services.

On motion of Mr. Ward, the President of the University was authorized to extend such leave of absence on terms which he may approve.

ADDITIONAL LAND FOR MCKINLEY HOSPITAL

(9) A recommendation that lots 73 and 74 on Armory Avenue between Third Street and Arbor Street in Champaign be purchased if they can be acquired for a reasonable price. These lots are immediately adjacent to two lots on Armory Avenue, 71 and 72, already purchased as a site for the McKinley Hospital, and are necessary to complete the site.

On motion of Mr. Carr, the President of the University was authorized to purchase these lots.

PURCHASE OF FIRE-FIGHTING EQUIPMENT

(10) A recommendation from Professor James M. White, Supervising Architect, that the University contract with the White company for a motor-driven combination chemical and hose car at a cost of \$3,903.50.

On motion of Mrs. Evans, this recommendation was approved. The vote was as follows: Ayes, Mr. Abbott, Mr. Carr, Mrs. Evans, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Hoit, Mr. Lowden, Mr. Trevett.

DETAIL OF PROFESSOR W. A. OLDFATHER ON GOVERNMENT SERVICE

(11) A statement that he had received a telegram from Dr. G. S. Ford, a member of the Committee on Public Information at Washington, requesting that Professor W. A. Oldfather be given leave of absence to act as assistant to Dr. Ford in his work on the Committee. This work is of a confidential nature and calls for accurate and extensive knowledge.

On motion of Mr. Trimble, the President of the University was authorized to grant this leave of absence on terms which seem satisfactory to him.

APPROPRIATION FOR PRINTING MACHINERY

(12) A recommendation from the Comptroller, approved by the Chairman of the Committee on University Press, that \$10,000 be appropriated for the purchase of additional printing equipment. Of the appropriation made on December 14, 1916, it was possible to use only \$1000 before the end of the fiscal year. It is necessary now to add the equipment then contemplated and some additional items. The total value of the equipment in our Print Shop at the present time is approximately \$4500. We are doing an average of \$1000 worth of printing a month with an average expenditure of \$300 for labor. It is difficult to state the actual financial saving effected, but

there is no question that the saving is a very substantial one, and the convenience and satisfaction of having our own press is universal. The appropriation now recommended is to be expended for the following equipment: 1 Miehle cylinder press, capacity 25 x 38, \$2500; 1 folder, \$900; 1 wire stitcher, \$220; motors, \$500; 1 Monotype composing outfit complete, \$5000; 1 imposing stone, \$400; chases and miscellaneous, \$180; building alterations, including wiring and installation of the equipment, \$300.

On motion of Mrs. Evans, this recommendation was approved by the following vote: Ayes, Mr. Abbott, Mr. Carr, Mrs. Evans, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Hoit, Mr. Lowden, Mr. Trevett.

WORK AND SALARY OF MR. W. E. EKBLAW

(13) A recommendation from Dr. David Kinley, Dean of the Graduate School, that \$2500 be assigned from the funds of the Graduate School to cover the salary (\$1800) of Mr. Ekblaw as Staff Fellow and the expenses incidental to the preparation of his report on the Arctic expedition and its scientific results.

On motion of Mr. Ward, this recommendation was approved.

LEAVE OF ABSENCE FOR PROFESSOR E. R. DEWSNUP

(14) A request for leave of absence from February 1, 1918, for war service by Professor E. R. Dewsnup, who has been asked to report in England as soon after February 1 as possible. Professor Dewsnup raises the question whether he should not be paid the full half of his salary for the year on February 1, instead of salary for the five months under which he will have drawn his salary under the rules and practise of the Board. I cannot consent to the view that a professor's work is half done when only five months of the year have elapsed. Professor Dewsnup is employed in the University on full time and receives his pay in twelve monthly installments. I cannot concede as a matter of fact or of principle either, that his work is done at the University in less than that time. In conformity with our practise in similar cases growing out of the war, however, I am in favor of continuing Professor Dewsnup on the pay roll for one month after February 1, 1918, as during this time he will not be on the pay roll of the English Government.

On motion of Mr. Carr, the President of the University was authorized to instruct the Comptroller to pay Professor Dewsnup for February, 1918.

EXEMPTION OF DR. M. J. RUDWIN FROM DRAFT

(15) The following statement concerning the exemption of Dr. Maximilian J. Rudwin from military service: Dr. Rudwin registered under a wrong impression and at the advice of the head of his department when the registration for the first draft was called. He subsequently applied for ex-

emption from the draft. In answer to rumors concerning his undue urgency in having his claim granted, I have a letter from Judge W. G. Spurgin, who was a member of the local exemption board, to the effect that in his opinion as chairman of the Board at no time were Dr. Rudwin's means or methods unfair. I have also a certified copy of a letter from the Adjutant General of the state of Illinois to the effect that the registration of Dr. Rudwin under the provisions of the Act approved May 18, 1917, is declared to be an error and that the exemption board was instructed to cancel this registration and amend all lists accordingly.

This report was received for record.

At this point, Mr. Trimble withdrew and, the absence of a quorum having been noted, the Board adjourned.

H. E. CUNNINGHAM

Secretary

W. L. ABBOTT

President

EXECUTIVE COMMITTEE MEETING

DECEMBER 11, 1917

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at Hotel La Salle, in Chicago, on Tuesday, December 11, 1917, immediately following the adjournment of the meeting of the Board on the same day.

Mr. W. L. Abbott, Chairman, and Mr. R. F. Carr, member of the Committee, were present; also, Mrs. Laura B. Evans, Mr. J. E. Taggart, Mr. R. R. Ward, and Miss Florence E. Watson, members of the Board.

President James was present.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Executive Committee considered the following matters submitted by the President of the University:

TRAFFIC CLERK IN BUSINESS OFFICE

(1) A request from the Comptroller that a traffic clerk be employed in the Purchasing Office at a beginning salary not to exceed \$1100. This person must be a man who has had experience with freight and traffic work.

On motion of Mr. Carr, the President was authorized to appoint such a clerk.

UNIVERSITY WAR COMMITTEE

(2) A recommendation that the President of the University be given authority to appoint a University War Committee, consisting of members of the University, for the purpose of coordinating and energizing our war activities, which have taken on a wide range, involving the raising of large sums of money for various purposes; the proper placing of our students and alumni where they can do the best service for the Government; and

the proper publicity necessary to make the whole work efficient. The faculty and students of the University have raised nearly \$30,000 as their share of the Y. M. C. A. thirty-five million dollar drive. That was nearly one-fifth as much as the amount assigned to the capital city of the United States. It will be possible, owing to the dropping out of certain people holding fellowships and scholarships in the Graduate School, to make an assignment of \$6000 to provide for the work of this committee.

On motion of Mr. Carr, this recommendation was approved.

WAGES OF EMPLOYEES IN SUPERVISING ARCHITECT'S OFFICE

(3) A recommendation from the Supervising Architect that the following increases of salaries of employees in his office be made, to be in effect as of December 1, 1917:

Chas. A. Petry, Architectural Engineer	\$ 2100
Norine Fauble, Stenographer	720
T. J. Showers, Estimator and in charge of building maintenance.....	1800
C. J. Haven, Foreman of steam fitters and in charge of the maintenance and operation of the steam distribution and building heating systems	1800
M. W. Watson, tabulates all Power Plant operating data, prepares the Power Plant reports, and advises the foremen on technical questions	1320
C. E. Atkinson, Superintendent of Grounds	1800
James Casad, Foreman of Painters	1600
M. W. Murphey, Foreman of Electricians	1440

On motion of Mr. Carr, this recommendation was approved.

The Executive Committee adjourned.

H. E. CUNNINGHAM

Clerk

W. L. ABBOTT

Chairman

URBANA, ILLINOIS, February 18, 1918

I certify that in the foregoing pages, numbered 623 to 637, inclusive, is contained the record of the transactions of the Board of Trustees of the University, and of the Executive Committee, at the meetings held December 11, 1917, as approved by the Board at its meeting of February 16, 1918.

 Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
-OF THE-
UNIVERSITY OF ILLINOIS

February 16, 1918

A special meeting of the Board of Trustees of the University of Illinois was held at Hotel LaSalle, in Chicago, at 12 o'clock noon on Saturday, February 16, 1918, pursuant to the following notice which was sent out by the Secretary on February 9, 1918:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at Hotel La Salle, in Chicago, at 12 o'clock noon on Saturday, February 16, 1918, to consider such matters as the Committees of the Board and the President of the University may submit, and such other matters as may be duly presented.

When the Board convened, the following members were present: President Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Miss Watson.

President James was present.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of November 9, 1917, and December 11, 1917.

On motion of Mr. Carr, the minutes were approved as printed on pages 603 to 637, above.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board proceeded to the consideration of the following matters submitted by the President of the University.

SCHOOL OF MILITARY AERONAUTICS

(1) Reports from the United States School of Military Aeronautics by Doctor David Kinley, Vice-President of the University, who is in charge of the relations of the School to the University, covering the weeks ending January 26, February 2, and February 9, 1918. From these reports it appears that the number enrolled on January 28 was 599, on February 4, 586, on February 11, 584. Arrangements were entered into with Mr. W. R. Bradley for the lease of the upper part of this building in connection with Barracks No. 1 (Y. M. C. A. Building), subject to the approval of the Board. An earnest request is made to enlarge the present Gymnasium Annex to provide increased facilities for gunnery instruction; also for the assignment of Engineering Hall for the sole use of the School of Military Aeronautics; also to supply a garage, as the War Department is sending trucks and automobiles for the use of the School. The necessary appointments have been made to provide for the better equipment and administration of the School. The Comptroller reported on February 6 that the amount due from the Federal Government for tuition was \$9,658.48, and that the amount due from students on account of mess hall for barracks No. 1. (Y. M. C. A. Building) was \$10,097.67, and for barracks No. 2. (Woman's Residence Hall) \$6,883.67. The use (tho not exclusive) of the Armory has also been assigned to the School of Military Aeronautics. Instructions from Washington have made it necessary to change the method of instruction in gunnery so that small instead of large classes can be handled. This has necessitated an increase in the number of instructors in that subject. Permission was given to the School of Military Aeronautics to place the rifles belonging to the School in the rifle racks in the Armory. A place for trap shooting was assigned to the School on the new Athletic Grounds near the Illinois Central Railroad.

We are having some difficulty in financing the arrangements with the Y. M. C. A. for the use of the Y. M. C. A. Building as Barracks. It will be remembered that the Board authorized the closing of a contract with the Y. M. C. A. for the use of the building for one year (see page 542). This arrangement was based on the hypothesis that the building could be put into useable shape for the barracks of the School at a cost of \$5,000, and further on the supposition that the Y. M. C. A. could conduct a satisfactory mess for the School in the quarters in the basement of the building. Neither of these suppositions has turned out to be correct. It has become necessary, to satisfy the Commandant of the School, for the University to take over the management of the mess for the entire School, not only in barracks No. 2. (Woman's Residence Hall) but also in barracks No. 1. (The Y. M. C. A. Building). Incidentally it has been necessary to enlarge very much the space used for the mess in the basement of the Y. M. C. A. Building and to provide a much larger equipment than was anticipated. The original estimate was based on two hundred students as an average enrollment, but for some time past it has been about six hundred. The building moreover was not in a satisfactory condition to house so many men, and some fundamental recon-

structions were necessary. Acting under the authority you gave me to do whatever was necessary to house and feed and instruct properly the School of Military Aeronautics, we have proceeded with the necessary expenditures, leaving to a later date the financial adjustment between the University and Y. M. C. A. We can now have a better idea of what was involved in undertaking to make it possible for the Federal Government to locate the School of Military Aeronautics at the University, and we are perhaps now in a position for the first time to make a reasonable contract with the Y. M. C. A. for the use of their building. At my request the Comptroller has drafted a proposed agreement between the University and the Y. M. C. A. for the use of the Y. M. C. A. building in connection with the School of Military Aeronautics which is herewith submitted.

[PROPOSED AGREEMENT FOR THE USE OF THE Y. M. C. A. BUILDING IN CONNECTION WITH THE SCHOOL OF MILITARY AERONAUTICS—FEBRUARY 15, 1918]

I. The University will rent from the Y. M. C. A. for a period of one year beginning July 1, 1917, the entire building on a basis of six and one-half per cent. on a valuation of \$125,000, the Y. M. C. A. to pay insurance and taxes, the University to operate and maintain the building; rental \$ 8,125.00

II. The University will reimburse the Y. M. C. A. for its outlay for janitor service from July 1 to December 31 875.00

III. The University will purchase from the Y. M. C. A. the entire dining room equipment, present valuation....\$7,500.00

Less amount provided in connection with reconstruction work 900.00 6,600.00

Total consideration \$15,600.00

Credit against the above consisting of the realization of the Y. M. C. A. on the building from July 1 to December 31 5,600.00

Net amount to be paid to the Y. M. C. A. by the University in cash between July 1 and June 30 10,000.00

To be paid as follows:

In cash at once 5,000.00

In six equal monthly installments from January to June, inclusive, total 5,000.00 10,000.00

IV. The University will for the present assume the entire cost of reconstruction, remodeling, and repairing the building, total as at this date including both general and special work, about \$21,000.00. It is understood that when the building is turned back to the Y. M. C. A. the matter of

adjustment for the expense of reconstruction will then come up for discussion, the basis of the settlement being the value of the reconstruction to the University during its period of occupancy and the value of the reconstruction to the Y. M. C. A. at the date of re-occupancy by it.

V. The University will furnish to the Y. M. C. A. during the period of the operation of this contract the building on the campus known as the old President's House for quarters, together with heat, light, water, and maintenance of said building.

LLOYD MOREY

Comptroller

Professor White and Dean Kinley both made somewhat different suggestions, but they are not very far apart on the essential features.

At the request of the Comptroller of the University, Messrs. J. W. Stipes, J. N. Beers, and S. K. Hughes, of Champaign, inspected the property on February 6, 1918, and estimated its present value as follows: Building, \$105,000, grounds, \$25,000, total \$130,000, not including the value of the equipment other than heating, lighting, and plumbing.

I desire again to call the attention of the Board to the fact that this whole arrangement with the Federal Government is a precarious one, for the Government has not promised to continue the School at the University for any given period, and the presumption is that it would be immediately closed in case of a conclusion of peace, and may be closed or removed at any time by the War Department for any reason which seems to it good. It is the opinion of Dean Kinley and the Comptroller however that if the School should remain at its present size for a period of two years under the present arrangements with the Government, it would be possible for the University to make ends meet without any serious loss to the institution, but the University is running a risk under present conditions which might embarrass it financially. Our duty, it seems to me, is plain, that having once undertaken to do this work, we should do it well and trust to the Federal Government to pursue a proper course in its dealings with the University, and above all that we should do everything we can to assist in a victorious conclusion to the present war. I am adding an analysis of expense by months in the conduct of the School of Military Aeronautics (This does not include the mess halls, and includes only a small part of the items for reconstructions); also a distribution of expense by departments of the School of Military Aeronautics; also a typical statement of income and expense of No. 1. Mess Hall (Y. M. C. A. building) for the month of January, 1918, and a statement of income and expense for No. 2. Mess Hall (Woman's Residence Hall) to January 31, 1918. In none of these statements however is included any estimate for rent or overhead charges, both of which should be included in order to state properly the expense of the mess.

On motion of Mr. Carr, the President of the University was authorized to make a contract with the Y. M. C. A. for the use of its building, in lieu of the present one, based in general on the plan proposed by the Comptroller with such modifications as may seem wise after consultation with the other parties interested.

ADDITION TO GYMNASIUM ANNEX

(2) A request from the Commandant of the School of Military Aeronautics that additional space be provided for the instruction in gunnery. Professor White recommends the construction of a one story building, which may serve as an addition to the Gymnasium Annex (old Armory), immediately on the east, extending to the east about fifty feet on a line with the south front of the Gymnasium Annex, and extending north about one hundred and fifty feet. I am herewith submitting an elevation view and Professor White's statement that the roof trusses are of wood, the clear interior dimensions are fifty by one hundred forty-two feet which, with the addition of the loggia in front, makes the building one hundred and fifty feet long. This design will cost between \$18,000 and \$20,000, not counting equipment.

On motion of Mr. Trimble, the President of the University was authorized to direct the erection of this building after he has satisfied himself that the Aviation Ground School will be continued at the University for the period of the war or at least two years. If it is not possible to get this assurance, he was authorized to pro-

ceed with the building, if in his judgment it seems to be desirable. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Miss Watson; noes, none; absent, Mr. Lowden, Mr. Trevett, Mr. Ward.

VOCATIONAL EDUCATION UNDER THE SMITH-HUGHES ACT

(3) A statement that the Illinois Board of Vocational Education recently appointed by the Governor, of which the State Superintendent of Public Instruction, Honorable Francis G. Blair, is executive officer, is now ready to cooperate with the University and other institutions in carrying out in this state the provisions of the Smith-Hughes Act, providing for the organization of vocational education throughout the country.

The University is in position to cooperate in the training of teachers in Agriculture, Domestic Science, and the trades and industries. Following the suggestion of the State Superintendent of Public Instruction, the University is making an application to the State Board for Vocational Education for approval of its plans for teachers' training courses in Vocational Agriculture. We can organize this work for the present semester, and I request authority to make application for the approval of this work by the State Board for Vocational Education.

I have authorized, subject to the approval of the Board, the assignment of Professor A. W. Nolan of the College of Agriculture to service with the State Board for Vocational Education for the period from January 1, 1918, to June 30, 1918, with the understanding that while Professor Nolan follows the directions of the State Board for Vocational Education, he has not lost his official connection with the University, which pays his salary and traveling expenses. It is understood that one-half his salary will be reimbursed to the University from the funds of the Illinois State Board for Vocational Education.

APPLICATION FORM

To the Illinois Board for Vocational Education, Springfield, Illinois
GENTLEMEN:

The University of Illinois hereby makes application for approval of plans for the maintenance of teacher-training courses in agriculture under the provisions of the plan of the Illinois Board for Vocational Education, as approved by the Federal Board.

In case this application is approved by the Illinois Board for Vocational Education, the said University of Illinois agrees—

1. To follow strictly the provisions of the plan of the Illinois Board for Vocational Education, as approved by the Federal Board for Vocational Education.
2. To submit to the Illinois Board for Vocational Education, when requested, such additional information as may be necessary for the Illinois

Board for Vocational Education, in passing upon the work of the courses proposed herein.

We hereby certify that the funds to be used by the University of Illinois to match Federal money herewith applied for, will be in all respects under public control* and will be obtained from the following sources:

From general funds of the University, not including Federal funds.

On motion of Mr. Blair, this form of application was approved; and also the proposed agreement in regard to the services and salary of Professor A. W. Nolan; and the President of the University was authorized to apply to the State Board for Vocational Education for their approval of the teachers' training courses in Domestic Science and trades and industries; and to organize these branches of work in the University as soon as practicable under the rules of the State Board for Vocational Education and the Federal Board for Vocational Education.

VOCATIONAL TRAINING OF CONSCRIPTED MEN

(4) A request from the Federal Board for Vocational Education for information as to whether the University could undertake the education of conscripted men from the Army of the United States as mechanics. I telegraphed that the University would gladly cooperate in the training of conscripted men, that our dormitories and mess halls are entirely occupied by the Federal Ground School of Military Aeronautics, that the University has no additional funds which it can use for the purpose of training conscripted men, and that consequently the Government would have to provide for the entire expense of the Schools. Also that as we have few instructors qualified to give this work, the Government would have to provide for them also.

The action of the President of the University was approved, and he was given authority to cooperate with the Federal Board for Vocational Education in this matter, it being understood that the expense of the work would be met by the Federal Government.

DEGREES CONFERRED

(5) A recommendation from the University Senate that certain degrees be granted.

February 13, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

At the meeting of the Senate on February 11, 1918, the following candidates were recommended to the Board of Trustees for degrees as indicated:

*Public control means control in the hands of an officer or board, selected by the people, or appointed by another officer or board so selected.

GRADUATE SCHOOL

Candidates for the Degree of Master of Arts*In Education*

Warren Kenneth Layton, A. B., Northwestern University, 1911

In Political Science

Queh King Chen, A. B., 1917

In Romance Languages

Jane Frances Marten, A. B., Oxford College, 1916

In Zoology

Asa Orrin Weese, A. B., University of Minnesota, 1909

Candidates for the Degree of Master of Science*In Architecture*

Ralph Stanlee Fanning, B. Arch., Cornell University, 1912

In Chemistry

Lloyd Brelsford Howell, A. B., Wabash College, 1909

In Geology

Harold Fordyce Crooks, A. B., 1916

COLLEGE OF LIBERAL ARTS AND SCIENCES

Candidates for the Degree of Bachelor of Arts*In the General Course*

Mary Delight Craigmile	Newman Romero
Benjamin Samuel Harrison	Blanche Bell Swigert
Vashti McCreary	Maurice Veronda

Candidates for the Degree of Bachelor of Science*In Chemical Engineering*

Roscoe Harlow Gerke
Norman William Krase
Elmer Bennett Vliet

COLLEGE OF COMMERCE

Candidates for the Degree of Bachelor of Science

Tao Nan Lee

COLLEGE OF AGRICULTURE

Candidates for the Degree of Bachelor of Science*In the General Course*

Roy B Anderson	Juan Ortiz Chioco
Dale Clair Corzine	Elmer Theodore Rundquist
Herbert Stassen Hinrichs	Archie Harrison Hart
Arthur Ogan Crosiar	Major Cuskaden
Fred William Leggitt	Wilson Thomas McGrath
Raymond Burns Woodrow	Arthur Henry Frick
Willis Francis Slayton	

In Household Science

Helen Elizabeth Shriver

In Landscape Gardening

Annette Hoyt Flanders

COLLEGE OF LAW

Candidate for the Degree of Bachelor of Laws

Victor Hubert Grossberg

SCHOOL OF PHARMACY

Candidates for the Degree of Graduate in Pharmacy

Elias Grant Guild (Class of 1917)

Donald Fletcher Simmons (Class of 1917)

LIBRARY SCHOOL

Candidate for the Degree of Bachelor of Library Science

Vivian Beraldine Colegrove

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mrs. Evans, this recommendation was approved.

RED CROSS WORK-ROOM

(6) A statement that the University Woman's Auxiliary of the Urbana Red Cross Branch has been using certain rooms in the basement of the law Building for Red Cross work during the first semester. The Auxiliary under the presidency of Mrs. James W. Garner is now asking for the use of three rooms in the basement of the Law Building during the rest of the year, and also that certain electrical wiring be done in the rooms at a cost of about \$100 to provide for sewing machines, electric irons, and for a cutting machine; and also for the use of some additional large tables.

On motion of Mr. Hoit, the President of the University was authorized to extend permission for the use of these rooms and to direct that the electrical wiring be done at the expense of the University.

ADJUSTMENT OF INTEREST WITH FORMER TREASURER CAPRON

(7) A letter from Honorable Robert R. Ward in the matter of the amount of interest due the ex-treasurer, Mr. H. S. Capron, (See pages 375-378).

BENTON, ILLINOIS, January 17, 1918

President E. J. James, University of Illinois

DEAR PRESIDENT JAMES:

I desire to suggest that at the next meeting, you call the Board's attention to the claim of H. S. Capron, ex-treasurer, for \$106.89, the amount of interest which he claims was overpaid by him on account of daily balances. This error occurred because no precedent had been set as to the method of calculating the interest. I was asked to look into this and I find a rule adop-

ted by the Clearing House in Chicago to be the plan most used, and this plan if followed would give to Mr. Capron the \$106.89. I thought it advisable to mention this now so it would come up in the proper way at the next meeting.

Yours very truly,

ROBERT R. WARD

This matter was referred again to Mr. Ward for further information.

RELATIONS WITH THE CIVIL SERVICE COMMISSION

(8) A letter from Judge O. A. Harker, University Counsel, in regard to the relations of the University and the Civil Service Commission, and also the opinion of Judge Franklin H. Boggs to the effect that the University of Illinois is not included in the provisions of the State Civil Service Act.

January 23, 1918

President E. J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

Following your request, I had a conference with the Civil Service Commission at Springfield last Friday, relative to the decision of Circuit Judge Boggs in the Redman case.

After explaining to the Commission the position taken by the University and the Attorney General's Office in the case, and the decision of Judge Boggs, I represented that there was no disposition on the part of the University to embarrass the Commission in the administration of the Civil Service Act. I stated that we are in entire sympathy with the general principles involved in Civil Service reform, but that we do not want to be subjected to the inconvenience of observing the rules established by the Commission, unless the act applies to us. I further stated that I felt quite sure the Commission had no disposition to assume jurisdiction not given to it by the act. At this point, I was assured by the Chairman of the Commission that there was no desire on the part of the Commission to assume jurisdiction not clearly given to it by the Legislature and that it was highly important to have the question determined by the Supreme Court. I explained that we did not want to be embarrassed in any future contention that the act does not apply to us, in the event the Supreme Court should affirm Judge Boggs on some other point and leave the question of the application of the law to us undecided.

The Commission was not willing to accept the decision of Judge Boggs and allow it to stand as the law until reversed or affirmed by the Supreme Court. Thereupon I agreed that the University would continue to take employees from the classified list established by the Commission, but that it would reserve the right to discharge any employee without report to the Commission and without any right of the employee to a hearing against the University before the Commission.

The situation is this then until a decision shall be rendered by the Supreme Court:—Whenever we desire an employee that comes within the

classified list, we are to apply to the Commission, but whenever the employee becomes unsatisfactory, we will discharge him without any notice to the Commission. Some embarrassment might arise in the event the Commission should undertake to supplant an employee in service, not within the classified list by someone in the classified list, but we shall not concede the right of the Commission to take any such action.

Sincerely yours,

O. A. HARKER

[OPINION]

*People ex rel Redman vs Board of Trustees
University of Illinois*

The petition in this case was filed on the relation of Charles H. Redman, praying a peremptory writ of mandamus to compel the Board of Trustees of the University of Illinois to draw a pay roll or account in his behalf for five months salary as a carpenter, certified under the civil service act, and directing the auditor of public accounts to draw a warrant upon the State Treasurer therefor and the State Treasurer to pay said warrant for said salary.

The petition avers that on July 10, 1915, he was admitted to examination for the position of carpenter of the University of Illinois in pursuance of an act of the Legislature entitled "An Act to regulate Civil Service of the State of Illinois, approved May 11, 1905, in force November 1, 1905," as subsequently amended; that relator passed said examination and was placed by said Civil Service Commission upon the list or register containing names of those eligible to the position of carpenter for the University of Illinois, under classified Civil Service of this State.

Said petition further avers that thereafter he was duly certified by the Civil Service Commission for the position of carpenter for the University of Illinois, and not as a common laborer, at a salary of not less than \$60 per month; that on September 7, 1915, by appointment of said Civil Service he assumed his duties under the classified service, "at a salary payable monthly agreed to be paid him by said University of \$3.60 per day, to-wit, 40 cents an hour with a working day of 9 hours per day and with employment of 6 days of each week, to-wit, every day of the week except Sunday."

Said petition further avers that the relator continued in said service and received pay as stated above until December 27, 1916, at which time he was informed by the Foreman of the Carpenter Force that he was laid off; that the relator appeared the next morning and tendered his services but was informed he would not be put to work at that time but might later on.

Said petition further avers, in effect, that no attempt was made by the University of Illinois to comply with the provisions of the Civil Service regulations with reference to the discharge or laying off of persons in its employ under the Civil Service act; that from time to time he tendered his services to the University up until the latter part of June, 1917; that at that

time the University indicated its willingness to again accept the services of the relator but refused to make provision for paying the relator for the time between December 27, 1916 and June 27, 1917, and informed the relator that it was not liable therefor.

The relator concedes that the University had the right under the Civil Service statute to suspend him for a period of thirty days without pay, but insists that thereafter for the remaining five months it was liable to him for such salary at the price stated.

The petition further avers that about the month of February 1917, the University of Illinois made requisition upon said Civil Service Commission for men for the position of carpenters at said University and that said commission certified to said University, two persons for said position who thereupon assumed and entered upon the performance of their duties as such.

To this petition a demurrer was filed by the Board of Trustees of the University of Illinois, William L. Abbott, its President, and H. E. Cunningham, its secretary. A separate demurrer was filed by the State Civil Service Commission, Auditor of Public Accounts and the State Treasurer.

It is insisted by counsel representing the University of Illinois, its president and secretary, first, that the provisions of the Civil Service act of the State of Illinois do not apply to the University of Illinois; second, that if it be conceded that the University is within said civil service act, that before a writ of Mandamus could issue, the claim of relator must be reduced to judgment.

It is insisted by counsel from the Attorney General's office on behalf of the State Civil Service Commission, the State Auditor and State Treasurer, first, that the fund from which payment is sought to be enforced had lapsed; second, that the relator does not occupy a position in the classified service but is a laborer in contemplation of said statute. While we are of the opinion that there is considerable force in the argument made that the relator does not occupy a position in the classified service as contemplated by the statute, and while there is also some force in the contention that the funds from which payment is sought to be enforced has lapsed, I am of the opinion that the demurrer in this case can be disposed of on the first ground urged by the University of Illinois, namely, that the provisions of the Civil Service rules do not apply to the University of Illinois.

The act of the general assembly passed in 1867 incorporating the University of Illinois provides that it shall be incorporated as the Board of Trustees of the Illinois Industrial University and that by that name and style it shall have perpetual succession, have power to contract and be contracted with, to sue and be sued, to plead and be impleaded, to acquire, hold and convey real and personal property; to have and use a common seal, and to alter the same at pleasure, to make and establish by-laws, and to alter or repeal the same as they shall deem necessary for the management or government of all its various departments and relations.

The courts in construing the charter of the University of Illinois have uniformly held that it empowered the Board of Trustees to contract and be

contracted with, and have recognized it as a corporate body, authorized under the law to transact the business incident to its charter, and up until the passage of the amendment in 1911 to the Civil Service act the question never was raised as to the authority of the University to employ and discharge its employees without any reference to State control. It is now contended by relator that the employees of the University of Illinois are in fact the employees of the State and are subject to the provisions of the Civil Service Act, except in so far as Section 11 of the Civil Service Act excludes such employees from the provisions thereof. It is quite probable that at the time of the amendment passed to the Civil Service Act that the Legislature had the idea that those of the employees not specifically named in Section 11 would by virtue of the passage of said amendment come within the provision of said act. However, a careful reading of the Statute as it now stands will disclose that there is no provision in the statute which expressly brings the employees of the University of Illinois within the provisions of the act, unless it be held that the employees of the University are the employees of the State.

Section 3, provides among other things that "Said Commission shall within six months after this act goes into effect classify all the offices and places of employment in the State service, except as provided in section 11 of this act, with reference to the duties thereof, for the purpose of establishing grades and for the purpose of fixing and maintaining standards of examinations hereinafter provided for. Such classification shall include all offices and places of employment now in existence or which may hereafter be created in the State Service of the State of Illinois, except those expressly exempted from the operation of this act in section 11 hereof."

Section 11 undertakes to provide that certain employees of the University of Illinois shall not come within the provisions of the act. Further than this, the act does not go in bringing the employees of the University under the provision of the act.

In order, therefore, to hold that the employees of the University of Illinois shall come under the provisions of the Civil Service act such employees must be held to be employees of the State and in its service.

In the case of *People vs. McCullough*, reported in 254 Ill., 9, the Supreme Court in passing on a petition filed on relation of the assistant chief clerk, the chief incorporation clerk and the bookkeeper in the office of the Secretary of State, praying that a writ of mandamus be issued directed to the Auditor of Public Accounts to issue warrants to petitioners on the State Treasurer for the respective amounts due them upon pay rolls certified by the Secretary of State for the months of July and August 1911, without the certificate of the Civil Service Commission required by section 31 of the Civil Service law, raised the question as to whether the offices filled by these persons were under Civil Service, and it was held that they were; that the duties to be performed by them were duties created by the Legislature and were not duties imposed on the Secretary of State by the Constitution.

The Court at page 23 says: "The legislature could determine what duties each officer should perform in addition to those specifically mentioned in the constitution, and when, where, how and by what instruments he

should perform those duties. The officer, in relation to the State, is neither a contractor nor an employee. In relation to the clerks and employees in his office he is not a contractor or employer or a master. The officer does not occupy the relation of independent contractor and arguments founded upon the doctrines of contract, master and servant and *respondeat superior* have no application and little analogy. The duties which the officer is required to perform concern the State. He must perform then, not because he has contracted to, but because the law has imposed them on his office. The employees who assist him are not his employees but employees of the State. The work they are engaged in is the work of the State. They are in the public service,—not private service. The State, and not the officer, employs and pays them, and he is not liable for their negligence; "Citing, *Barker v. C. P. & St. L. RY. Co.*, 243 Ill. 482; *Bowden v. Derby*, 97 Me. 536; *McKenna v. Kimball*, 145 Mass. 555.

An examination of the cases where writ of *Mandamus* has been granted directing the State Auditor to issue a warrant and the State Treasurer to pay the same, have been cases where the office or position filled was one either fixed by statute or was recognized by the Legislature in its appropriation act and where a definite amount had been fixed by the appropriation act or by statute for the salary to be paid.

In *people vs. McCullough*, *supra*, the Legislature had appropriated the sum of \$3000. per annum for an assistant chief clerk, \$2400 per annum for a chief incorporation clerk and \$2000 per annum for a bookkeeper for the Secretary of State's office, and authorized and directed the Auditor of Public Accounts to draw warrants on the State Treasurer for such sum in monthly pay rolls, duly certified to, by the head of the department.

In *People vs. Brady*, 262 Ill., 578, it was contended by respondents that the Office claimed by relator was that of a clerk under section 11, and would therefore not come within the classified list specified in the Civil Service Act. The court at page 595 says, "The further contention is made, that even if the law is held constitutional the relator is not within its provisions, because a stenographer must be held to be a clerk under section 11, and because, it is contended, by that section all clerks in the offices of certain State officials, including the Auditor and Treasurer, are exempt. We do not think section 11 of the act can be so construed. That section mentions, specifically, stenographers in a separate sentence from clerks and only exempts one stenographer in each office. Manifestly the legislature did not intend to exempt all stenographers".

In *People v. Stevenson*, 270 Ill. 569, a petition had been filed on behalf of Estella Smith Baird as relator, praying that she be restored to the classified service of the state as an employee in the position of assistant state librarian and to certify a pay roll covering her back salary. An examination of the case discloses that there was a position recognized and provided for under the laws of the state and the salary fixed was \$75 per month.

In *People v. Stevenson*, 272 Ill. 215, cited by relator the petition filed by relator alleged that for 9 years immediately preceding August 1, 1913, he had been employed by the State of Illinois as janitor under the classified civil service and that he performed his services in a satisfactory manner.

Petitioner then alleges that he was not allowed to continue his work as such janitor and that the keys were demanded of him by Harry Woods, then Secretary of State. He was finally discharged from the classified service by the Civil Service Commission on account of his having made illegal loans. This petition was filed praying that a writ issue to compel the payment of his salary at the rate of \$800 per year for the time the Secretary of State would not allow him to perform his duties up until the time he was discharged from the Civil Service department.

It was contended by respondents that the relator did not come within the provisions of the Civil Service act for the reason that he was a laborer. The Supreme Court held that while the term "laborer" might be broad enough to cover his position, that inasmuch as certain janitors were provided for, to-wit, ten in number at a salary of \$800 per annum, that the relator filled the position of such janitor and as such was under Civil Service different from that of a laborer as that term is used in such act.

It will be observed that in all of these cases the position in question had been either fixed by statute or was recognized by the legislature in the appropriation act where a definite amount to cover the salary that the occupant of such position should receive was fixed.

In the case of the University of Illinois the amounts appropriated are largely in gross and the expenditure of the appropriation is in most part left to the discretion of the Board of Trustees. The legislature does not undertake to appropriate definite amounts for different positions, and there is no where in the appropriation passed for the University of Illinois an appropriation for the position of carpenter. In fact, that position is not mentioned in the appropriation. No definite amount is appropriated for the services or salary of a carpenter and so far as the act is concerned there is nothing to indicate that carpenters, as such, are entitled to any part of the appropriation made.

It rather seems that the employment of carpenters at the University would be of a temporary and incidental employment rather than a permanent one.

An examination of the petition filed in this case discloses that the salary claimed by the relator is not fixed by the State or the State authorities, nor is it fixed by the Civil Service Commission, except the petition alleges that they appointed the relator to that position at a salary of not less than \$60 per month.

The petition avers that the relator began his employment at an agreed salary made between him and the University of Illinois at 40 cents per hour or for a 9 hour day, or \$3.60 per day. So under the averments of the petition the position filled by him does not carry with it a definite salary but that the matter of the amount that he shall receive for his services rests on the agreement made between him and the University of Illinois.

In the case of *City of Chicago, vs. Chicago Telephone Co.* 230 Ill. 157 the Supreme Court held that mandamus is not the proper remedy to enforce

contractual relations and that this principle is well settled. The language of the court is found at page 161 where it is said: "It is conceded by appellant that mandamus is not the proper remedy to enforce contractual relations, and this principle is well settled. We are therefore brought directly to a consideration of the ordinance with a view of ascertaining whether such ordinance has, in effect, the binding force of law or whether it constitutes a contract."

If the employment of the relator rests on a contract between him and the University of Illinois before mandamus would lie the claim of the relator would have to be reduced to a judgment.

We are therefore of the opinion that in this case the relator is an employee of the University of Illinois and is not an employee of the State as such, and that the employment of such relator is not covered by the Civil Service laws of the State.

The demurrer will be sustained.

FRANKLIN H. BOGGS

These papers were received for record.

**DIVISION OF EXAMINATION FOR CERTIFIED PUBLIC
ACCOUNTANTS**

(9) A letter from Mr. C. M. McConn, Secretary of the University Committee on Accountancy, concerning the division of the examination for Certified Public Accountants.

December 18, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Committee on Accountancy has voted to recommend the adoption of the following regulation, to be added to the regulations already adopted by the Board of Trustees on the subject of the examinations for the C. P. A. certificate:

A candidate who passes in two or three of the four required subjects and who presents himself at another examination held by the University within one year may have the option at that examination of (1) writing anew on all four subjects or (2) being credited for the subjects he passed in the previous examination with the grades made in that examination and writing only on the one or two subjects in which he previously failed. A candidate who, having chosen the second of these options, fails again in any subject will be required, in case he subsequently appears for examination, to write on all four of the prescribed subjects.

This action was taken by the Committee in response to petitions from groups of students enrolled in the Y. M. C. A. School of Commerce, Chicago, the Northwestern University School of Commerce, DePaul University, and the Walton School of Commerce, to a petition signed by 49 members of the Illinois Society of Certified Public Accountants, including both the account-

ant members of the present Board of Examiners and a number of former members of the Board, and to a formal resolution adopted by the Illinois Society endorsing this petition.

Sincerely yours,

C. M. McCONN

Secretary, Committee on Accountancy

On motion of Mr. Blair, the above recommendation of the Committee on Accountancy was adopted.

PRIZES FOR WINNERS OF PRELIMINARY HONORS

(10) A recommendation from the University Senate concerning the presentation of some tangible mark of distinction to successful candidates for preliminary honors.

December 20, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate at its meeting of December 17th, 1917, voted to approve in principle the following recommendation of the Committee on Standards of Scholarship and to refer it for consideration to the proper University authority:

We recommend that the conferring of preliminary honors be accompanied by the presentation of some tangible mark of distinction. A good edition of an appropriate book, with a suitable book plate, would give honor students a permanent memento of their college life, which some at least would know how to value, and the total annual expenditure by the University need not be large.

I beg leave to note that for several years past the students upon whom preliminary honors have been conferred have been presented with a certificate of the form transmitted herewith and that similar certificates are given to the students who receive final and special honors. The giving of these certificates and the form of them was approved by the Council of Administration.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Blair, this recommendation was approved and the President of the University was authorized to determine the particular object to be presented and to present the same together with the certificate now presented.

UNDERGRADUATE SCHOLARSHIPS—PROPOSED CHANGES

(11) A recommendation from the University Senate relating to the granting of scholarships.

December 20, 1917

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate at its meeting of December 17, 1917, voted, on the recommendation of the Committee on Standards of Scholarship, to make the following recommendations to the Board of Trustees:

That the present scholarship regulations be so revised as to make the continuance of a scholarship after the freshman year conditional upon the student's attainment of a standing distinctly above the average, represented roughly by grades of B or higher on our present scale of marking.

That the method of selection in the first instance be revised so as to afford a better guarantee of ability and preparation.

That the Trustees be requested to make an annual appropriation of \$5000 for the establishment of twenty undergraduate scholarships of \$100 each, and sixty of \$50 each, making a total of eighty; provided (a) that such scholarships be awarded annually to the best students in the several colleges on the basis of work done during the preceding year, (b) that nominations be made by the several faculties in accordance with regulations to be adopted by the Council of Administration, and (c) that such nominations be approved by the Council.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

No action was taken on this subject.

ADMISSION OF HIGH-SCHOOL STUDENTS WHO ENLIST

(12) A recommendation from the University Senate as to high-school students who have entered the military or naval service of the United States, with certain concessions as to requirements of admission.

January 8, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate at a special meeting held on January 7, 1918, voted to recommend to the Board of Trustees that the University grant admission to a high school student who has completed seven semesters, i. e., fourteen units, including our prescribed subjects, with grades in the upper half of his class, and has entered the military or naval service of the United States.

The action of the Senate was an endorsement of a recommendation to the same effect adopted by the Council of Administration on December 31, 1917, in response to a query from the Principal of the Decatur High School, who submitted the case of a senior boy who desires to stop school and join the army and asked what provision the University would make for the admission of such students after their return.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Blair, this recommendation was approved.

**REGISTRATION OF URBANA-CHAMPAIGN TEACHERS IN THE
GRADUATE SCHOOL**

(13) A recommendation from the University Senate that certain provisions applying to members of the University staff be extended to teachers in the high schools of Champaign and Urbana.

January 8, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate at a special meeting held on Monday, January 7, 1918, voted to recommend to the Board of Trustees that the University extend to the teachers in the high schools of Champaign and Urbana the provision as to residence toward the master's degree now in force with reference to members of the University staff.

This action was taken on recommendation of the Executive Faculty of the Graduate School. The provision in question is to the effect that members of the staff who have spent half of their time in study for the master's degree throughout a year at some other institution may do the remainder of the work required for the degree in half time during one year in residence here.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Blair, this recommendation was approved.

PORTRAIT OF PRESIDENT JAMES

At this point, President Abbott asked the Board to consider the matter of obtaining a portrait of President James. On motion of Mr. Trimble, President Abbott and Mr. Carr were appointed a special committee on this matter, with power to act.

The Board resumed the consideration of matters submitted by the President of the University.

DEGREE FOR MR. JULIUS BROWN

(14) A recommendation from the University Senate that the degree of Bachelor of Science in Railway Civil Engineering be conferred on Mr. Julius Brown.

January 8, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate at a special meeting held on January 7, 1918, voted to recommend that the degree of Bachelor of Science in Railway Civil Engineering be conferred on Mr. Julius Brown under the regulation proposed by the Senate at its meeting of December 17 with reference to the graduation of seniors who withdraw for military service.

This regulation is as follows:

A student who has completed all the requirements for graduation except those prescribed for the final semester, or who is within 15 hours of graduation, may be granted his degree upon withdrawing from the University for military service, provided his average in all of his work is C or better and provided he has credit for three semesters in residence at this institution.

Mr. Brown lacks only fourteen hours of the number required for graduation in his curriculum, has an average grade of 81.2, which is somewhat above the value assigned to the new grade of C, and is now a sergeant in the National Army at Camp Grant.

Sincerely yours

C. M. McCONN

Clerk of the Senate

On motion of Mr. Hoit, this recommendation was approved.

PATENTS ON DISCOVERIES AND INVENTIONS

(15) A communication from Professor C. R. Richards, Dean of the College of Engineering and Director of the Engineering Experiment Station, concerning the rights of the University to discoveries or inventions of commercial value.

November 27, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

Last spring I presented to the Executive Staff of the Engineering Experiment Station my views concerning the *rights of the University to discoveries or inventions of commercial value* resulting from work done by members of the scientific and teaching staffs on University time and at University expense. The matter has been very thoroughly discussed by the Executive Staff of the Engineering Experiment Station, and we have agreed to certain principles and a procedure which seems to us to safeguard the University, the public and the members of the teaching and scientific staffs of this institution. I am enclosing a copy of our recommendations on the Procedure Governing Patents on Discoveries or Inventions made by Members of the Teaching and Scientific Staffs. If you approve these recommendations, I respectfully request that they be presented to the Board of Trustees for consideration.

We are proposing a definite procedure to be followed in connection with the work of the College of Engineering and the Engineering Experiment Station. It is our belief that the same principles apply with equal force to other colleges of the University, and that such action as the Board of Trustees may take in this matter should apply to the University as a whole. If this is not considered advisable by the other colleges, we feel that the proposed regulations should be made applicable to the College of Engineering and the Engineering Experiment Station.

Certain phases of this subject were discussed by Dean Goss in a report sent you under date of May 11, 1916. This report covers the specific case of Professor Yensen, but it contains no recommendation as to the policy which should guide the University in meeting similar problems that may arise in the future.

While it is unlikely that there will be many instances where the proposed regulations will apply, it is interesting that within the past two years we have had a number of perplexing questions which might have been solved if this procedure had been in effect. I have already mentioned the case of Professor Yensen, who, I understand, has obtained a patent on certain processes connected with the development of iron alloys for electrical purposes, which may ultimately become of great importance in the manufacture of electrical machinery. Since this problem was assigned to Professor Yensen by the Department of Electrical Engineering, and all of the expenses of the investigation were borne from the funds of the Engineering Experiment Station, it is perfectly clear to me that he has no right to the discovery which he made, for he acted merely as an employee of the Station, assigned to undertake the solution of a problem which had been outlined with reasonable completeness. However, in the absence of a definite agreement concerning the ownership of discoveries or inventions, it is doubtful whether the University could have prevented Professor Yensen from securing the patents sought by him.

The discovery of Professor Parr on the low temperature distillation of coal presents a somewhat different problem. Apparently after the publication of bulletins of the Engineering Experiment Station describing the laboratory processes devised by Professor Parr, some person not connected with the University secured a patent on a process which is almost identical with that discovered by Professor Parr. In this case the results of our scientific work have presumably been appropriated by an outsider, and through the patent granted him, the University and the public are prevented from making use of this discovery which was made in our laboratories. It is possible that a successful attack on the validity of the patent could be made, but the burden of proof and the expense connected therewith would need to be borne by us rather than by the patentee.

A third case which I shall discuss in greater detail in another communication is that of the discovery by Dr. Kunz of important improvements in photo-electric cells, whereby such devices are rendered so reliable and accurate as to assume some commercial as well as scientific importance. A firm in Chicago sees some commercial possibilities in these cells, but it is unwilling to produce or to use them, unless it can have some protection against an irresponsible outsider who may seek a patent on this device.

I consider this whole question to be of great importance. If the Board of Trustees finally approves the regulations we are proposing, I assume that they may be incorporated in the Statutes of the University, so that any one accepting employment would need to be governed by them as he is by other University rules.

In conclusion I may state that a number of Government Scientific Bureaus follow substantially the plan concerning patents which we have proposed.

Trusting that this matter may receive early consideration, I am,

Very cordially yours,

C. R. RICHARDS

PROCEDURE GOVERNING PATENTS ON DISCOVERIES OR INVENTIONS MADE BY MEMBERS OF THE TEACHING AND SCIENTIFIC STAFFS

In connection with the work of the College of Engineering and the Engineering Experiment Station, discoveries or inventions of commercial value will occasionally be made, and it is desirable in such cases that the interests of the University and of the public be safeguarded. The University is a state institution supported by public funds, and it is its duty to preserve for the use of the public all benefits accruing from investigations made by the University or under its auspices. A procedure should be followed, which will conserve the rights of the University and of the public in the utilization of the discoveries and inventions, and which will preclude the appropriation of the results of investigations by private interests through patents or other restrictions in such a way as to deprive the public of advantages and benefits properly belonging to it. It would seem that a proper way to safeguard all interests lies in taking out patents and in administering such patents in a manner which will best serve the interests of the public, the University, and the workers in the University.

To insure the protection desired, the Executive Staff of the Engineering Experiment Station recommends:

1. That the principle be recognized that the results of experimental work carried on by or under the direction of the scientific or teaching staffs of the College of Engineering and the Engineering Experiment Station, and having the expense thereof paid from the University funds or from funds under the control of the University, belong to the University and the public and should be used and controlled in ways to produce the greatest benefit to the University and the public.
2. That in case of valuable discoveries and inventions resulting from experimental work or of discoveries and inventions which may be expected to have a basic relation to other discoveries or inventions of commercial importance, the practice be established of taking out patents to be controlled by the University; and that any member of the scientific or teaching staffs of the College of Engineering, who has made a valuable discovery or invention as the direct result of his regular duties on University time and at University expense, may be required to patent his discovery or invention, the expenses connected therewith to be borne by the University.
3. That application for a patent to cover such discoveries or inventions shall be made in such cases as are recommended by the Executive Staff of the Engineering Experiment Station and approved by the President of the

University, and that upon its issue the patentee shall assign the patent to the Board of Trustees of the University of Illinois for a nominal consideration.

4. That the Board of Trustees administer the rights under the patents in ways to suit the conditions, dedicating the patent to the public or licensing its use. In case of license, the license shall be made with provisions for the use of the patent, which will safeguard the public during the life of the patent from unreasonable restrictions or exorbitant royalties for the use of later patents that may depend upon a University patent for their usefulness.

5. That in the event any sum above a nominal royalty is received by the University for the use of the patent, a proper share of it shall be paid to the patentee.

6. That in the case of cooperative investigations, special agreements for preferential licensing may be made with the cooperating interests, with a view to compensating for the assistance rendered in the investigation.

7. That the action herein proposed shall not be construed to include questions of ownership in copyrights on books, or of inventions or discoveries made by members of the teaching or scientific staffs outside of their regular duties and at their own expense.

On motion of Mr. Trimble, the recommendation of the Executive Staff of the Engineering Experiment Station was approved, with the understanding that in case the University declines to bear the expense connected with taking out a patent, the discoverer or inventor may be entitled to take out the patent and control it himself.

INVENTION BY PROFESSOR KUNZ

(16) A communication from the Dean of the College of Engineering concerning an improvement of the photo-electric cell made by Dr. Jakob Kunz, Professor of Mathematical Physics.

November 27, 1917

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

A few years ago Dr. Jakob Kunz, Professor of Mathematical Physics, perfected a type of photo-electric cell possessing remarkable qualities in comparison with similar devices which had been previously investigated. Dr. Kunz's discoveries in this connection have been described in scientific papers, and early in the summer the attention of a commercial concern in Chicago was directed to this invention. This firm seemed to see the possibility of applying cells of this type to some apparatus which they are perfecting, but they dislike to undertake the manufacture of the cell without proper authority from its inventor, and some kind of protection which would guard them against any irresponsible person who might attempt to secure control of the discovery by taking out a patent.

The matter was presented to Dr. Kunz, and he discussed it with Professor Carman and me. I called Dr. Kunz's attention to the fact that the

Executive Staff of the Engineering Experiment Station was giving consideration to a definite procedure to be followed in *taking out patents on discoveries* or inventions made by members of the teaching and scientific staffs of the College of Engineering and the Engineering Experiment Station, and that his discovery would probably come within the scope of the proposed regulations.

Anticipating that these regulations would ultimately be approved by the Executive Staff of the Engineering Experiment Station and probably by the Board of Trustees, I referred the correspondence concerning Dr. Kunz's invention to a committee of the Station Staff, consisting of Professors A. P. Carman, A. N. Talbot and E. W. Washburn. The report of this committee includes a recommendation that Dr. Kunz be directed to apply for a patent on his photo-electric cell, that the cost thereof be borne by the University, and that the patent, when secured, be assigned to the Board of Trustees of the University upon the payment of a fee sufficient to make the transaction legal. The report of this committee has been discussed and approved by the Executive Staff of the Engineering Experiment Station, and the Director was requested to present the matter to you and to the Board of Trustees for approval.

The expense connected with taking out letters patent is not large. I think that under normal circumstances not over \$200 would be required to cover patent-office fees and the services of a competent patent attorney. Whether the University could or should attempt to hold a patent of this sort, with a view to making profit in the transaction, is a question which seems to me should be determined in each case that may arise. The procedure recommended would enable us to exercise such authority over the invention as would safeguard the interests of the University and the public, which is not assured under the present practice in regard to such matters.

I am enclosing copies of the correspondence concerning this invention.

Very truly yours,

C. R. RICHARDS

On motion of Mr. Trimble, this recommendation was approved, and the President of the University was authorized to direct the taking out of such a patent. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Miss Watson; noes, none; absent, Mr. Lowden, Mr. Trevett, Mr. Ward.

At this point, Mrs. Busey withdrew.

PURCHASE OF LAND IN URBANA

(17) A recommendation from the Supervising Architect that lot 4, block 55, of the Seminary Addition to the city of Urbana be purchased by the University for the sum of \$3,250, on condition that the owner put the house in good rentable condition, pay the taxes for 1917, and furnish a merchantable title. The purchase of this lot will give the University the

west half of the block on which the new Education Building is located, and in addition one lot in the east half.

On motion of Mr. Hoit, the Comptroller of the University was authorized and directed to purchase this lot. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Miss Watson; noes, none; absent, Mrs. Busey, Mr. Lowden, Mr. Trevett, Mr. Ward.

SITE FOR McKINLEY HOSPITAL—ADDITIONAL LAND

(18) The following statement: I have not found it possible to purchase lots 73 and 74 on Armory Avenue between Third Street and Arbor Street in the city of Champaign at what seemed to me to be a reasonable price (see page 634).

On motion of Mr. Carr, the President of the University was authorized to institute proceedings for condemnation of these lots.

AMERICAN UNIVERSITY UNION IN EUROPE

(19) The Board at its meeting September 11, 1917 (page 520), authorized me to signify to the Secretary of the American University Union in Europe that the University would become a member of the Union, the object of which is to furnish social facilities to the graduates of American Universities, connected with the military and naval forces in Europe.* This Union has been organized with a considerable number of American Universities as members. It is necessary now to raise the requisite funds to purchase and equip the building.

The President of the University was authorized to ask the alumni of the University, in the name of the Board of Trustees, for subscriptions to this fund.

UNIVERSITY PAGEANT

(20) A report from Mr. William Chauncy Langdon, Director of the University Pageant. I may say that items mentioned in this report are in addition to the preparation for the pageant which the University is preparing to give in connection with the semi-centennial celebration of the University when peace returns.

February 15, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

In reply to your request for a report of the work I am doing this year, I beg to say that thus far I have produced the following:

*The executive committee of the American University Union in Europe has rented for the period of the war the Royal Palace Hotel on the Place du Théâtre Français. It is within a block of the Palais Royal station of the "Métropolitain"—the Paris Subway. Arrangements have been made for serving meals, furnishing sleeping rooms, the establishment of a reading room, etc. The Union was opened October 20, 1917. The Committee has decided that an annual budget of at least \$50,000 should be provided for it.

1. The Sword of America, a Masque of the War—November 29, 1917.
2. Illinois Day Celebration—December 3, 1917.
3. A Christmas Mystery of the War—January 12, 1918. Repeated January 18, 1918.
4. Lincoln Day Convocation—February 12, 1918.

For the rest of the academic year I have in preparation or in contemplation the following productions:

1. A Masque for the Armenian and Syrian Relief.
2. War Comedies,—two or three, written by others, one act each.
3. A Masque of the Titans of Freedom, Washington and Lincoln
4. A Fourth of July Celebration, for the Summer Session.
5. Another Convocation, if requested.
6. Lectures, Pageantry 1: The History and Technic of Pageantry, illustrated by readings, slides, and pageant music. 1 hour a week.

Very truly yours,

WILLIAM CAUNCY LANGDON

This report was received for record.

PLANS FOR CLINICAL BUILDING

(21) Outline drawings for a possible clinical building to occupy the site of the West Side Baseball Park or some equally available site. These plans have been prepared by Professor James M. White. They strike me as very practical. There has been some talk about securing the cooperation of the Federal Government in the erection of a wing of this hospital, which may be used as a reconstruction hospital of the Government for the period of the war and turned over to the University at its close. Up to the present time however nothing very definite has come out of this proposition.

No action was taken in this matter.

At this point Mr. Trimble withdrew.

PURCHASE OF LAND ON HARVEY STREET, IN URBANA

(22) A recommendation from Professor James M. White that the lot facing Harvey Street, owned by August R. Behrens and described as follows: "the south one-half of lots 1 and 2 in block 4 of the Urbana Railroad Addition to Urbana, Illinois, in Champaign County," be purchased, if it can be obtained at a reasonable price. It is very desirable to increase our holdings in that locality to provide more satisfactorily for the storage of coal, which from now on will be a permanent problem of our University administration.

On motion of Mr. Hoit, that the Comptroller was authorized to acquire this lot at a price of not to exceed \$2,400, the owner to bear all expense of furnishing a satisfactory abstract and merchantable title, with taxes paid to date. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Miss Watson; noes, none; absent, Mrs. Busey, Mr. Lowden, Mr. Trevett, Mr. Trimble, Mr. Ward.

LEAVE OF ABSENCE FOR DEAN GATES

(23) A statement that Dr. Fanny C. Gates, Dean of Women, became quite ill just before Christmas, and that it seemed wise for her to take a brief vacation from her work. I gave her leave of absence for the months of January and February, with the understanding that she should pay an assistant who should take charge of the work in her office. I appointed Miss Hazel M. Harwood as her assistant for the two months. Dean Gates expects to return to work on March 1.

This report was received for record.

LEASE OF BRADLEY HALL FOR SCHOOL OF AERONAUTICS

(24) A lease between W. R. Bradley and Company of Champaign and the Board of Trustees for the upper part of the Bradley building, lying immediately north of and adjacent to the Y. M. C. A. building. This is needed as an addition to our barracks for the U. S. School of Military Aeronautics.

On motion of Miss Watson, this lease was approved.

[LEASE]

THIS AGREEMENT made this twenty-fourth day of January, 1918, between W. R. Bradley and Company of Champaign, Illinois, party of the first part, and the Board of Trustees of the University of Illinois, party of the second part, witnesseth:

The party of the first part agrees to lease to the party of the second part from the 23rd day of January, 1918, to such a time as the lease may be terminated as hereinafter provided, the dance hall, dressing and toilet rooms, and the suite of rooms on the third floor, all located in the Bradley Building situated on Wright Street between John and Green Streets in Champaign, Illinois, for a monthly rental of \$115 per month, payable monthly in advance. It is agreed that this lease may be terminated by the party of the second part on giving thirty days notice to the party of the first part.

The party of the first part is to supply heat to the space rented, with the exception of the dance hall. The party of the first part is to supply water to all the space rented through the water meter installed by the party of the second part, and the party of the second part agrees to pay the party of the first at cost to it for all water used by the party of the second part; but the party of the second part reserves the right to furnish water supply through its own pipes from Y. M. C. A. building at any time, in which case payment for water to party of first part shall cease.

The party of the second part is to supply heat for the dance hall and light for the entire space rented; is to be given the privilege of making necessary heating connection to its own system to heat the dance hall and necessary lighting connection to its own system to light the entire space rented, and to install such other fixtures and make such other changes as may be considered by it necessary while this lease is in force, and to remove at the termination of this lease any fixtures or materials thus installed, unless otherwise mutually agreed.

The party of the second part agrees to protect the dance floor and walls in the best manner possible and to make such redecoration and refinishing as may be necessary to restore the property to its present standard as a dance hall at the termination of this lease.

It is further agreed and understood that the covenants herein shall be binding upon the parties hereto, their legal representatives and assigns.

In witness whereof we hereunto set our hands and seals the day first above written.

(SEAL) W. R. BRADLEY AND COMPANY,
By: W. R. BRADLEY

Party of the first part

(SEAL) THE BOARD OF TRUSTEES OF
THE UNIVERSITY OF ILLINOIS

By: LLOYD MOREY

Party of the second part

Witness:

H. E. CUNNINGHAM

PROPOSED FOUR-YEAR MILITARY CURRICULUM

(25) A recommendation of the University Senate concerning the establishment of a four-year curriculum in Military Science and Tactics.

No action was taken in this matter.

IRISH FELLOWSHIP SERIES OF ANCIENT IRISH TEXTS

(26) A number of gentlemen in Chicago have associated themselves into an Irish Foundation Committee to consider the organization of an Irish Text Society of America, the object of which is to publish texts in the Irish language, accompanied by such introductions, English translations, etc., as may seem desirable. This Irish Foundation Committee, of which John P. McGoorty is President and Joseph A. O'Donnell is treasurer, has asked me whether the University would cooperate with the Committee in publishing the Irish Fellowship Series of Ancient Irish texts. The first form of cooperation is a request that the University furnish the Irish Text Society a number of copies of the "Life of Columcille," about to be published under the auspices of the Graduate School of the University, at cost price for the purpose of distributing them among the members of the Irish Fellowship Society.

On motion of Mr. Blair, the President of the University was authorized to cooperate with the Irish Fellowship Foundation Committee in this work, and to furnish copies of the "Life of Columcille" to the Irish Fellowship Foundation Committee at cost price.

GRADUATES SCHOLARSHIPS AND FELLOWSHIPS

(27) A request from the Dean of the Graduate School for the usual appropriation of \$25,000 for fellowships and scholarships in the Graduate School for the year 1918-1919, and for authority for the President of the University to make these appointments.

On motion of Mrs. Evans, these requests were granted. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Miss Watson; noes, none; absent, Mrs. Busey, Mr. Lowden, Mr. Trevett, Mr. Trimble, Mr. Ward.

SALE OF NEVINS'S HISTORY OF THE UNIVERSITY

(8) A statement that the University has handled a certain number of the copies of Allan Nevins's History of the University of Illinois for the Oxford University Press. We have sold these books at retail for \$2.00 and accounted to the Oxford University Press for them at \$1.33 $\frac{1}{3}$, leaving a profit of \$.66 $\frac{2}{3}$ on each volume, less the cost of postage. I recommend that with the profits from this sale copies of this History be purchased from the Oxford University Press and sent to the high schools in this state and other states that have adequately organized and administered libraries.

On motion of Miss Watson, the President of the University was authorized to follow this policy.

GIFT OF DIRECTORY AND ALUMNI RECORD TO HIGH SCHOOLS

(29) A request for authority to send copies of the University of Illinois Directory (1916) and the Alumni Record (1913) to high schools that have adequate library facilities.

On motion of Mr. Blair, this request was granted.

PRESIDENT JAMES'S BILL FOR TRAVELING EXPENSES

(30) The bill of the President of the University for traveling expenses incurred on University business from July 1, 1915, to January 1, 1918.

On motion of Miss Watson, this bill was referred to the Executive Committee with power to audit and to order paid if found correct.

WAGES OF JANITORS AND GROUNDS' MEN

(31) A recommendation from Professor James M. White, Supervising Architect, that an additional increase in wages be granted to certain janitors and grounds' men in the employ of the University to begin March 1, 1918, and that a total increase in the pay roll of \$13 a day be authorized. The advance will apply to sixty-seven persons and will be an average increase of one and one-half cents an hour.

On motion of Mr. Carr, this recommendation was approved.

RESIGNATION OF DR. PHELPS—APPOINTMENT OF MISS WHITSON

(32) A statement that Dr. Vergil V. Phelps left the employ of the University on February 1, 1918. As he was entitled to a month's vacation, his salary will stop on February 28, 1918.

I have appointed Miss Anne V. Whitson as private secretary to the President, until further notice, at a salary of \$1,700 a year.

On motion of Mrs. Evans, the action of the President in this matter was approved.

PROFESSOR F. W. SCOTT TO SERVE ON ONE-HALF TIME

(33) A statement that Professor Franklin W Scott is, in the opinion of his physicians, not yet able to resume full work at the University, and the recommendation that he be placed on half time for the rest of the academic year, until August 31, 1918; also the recommendation that he be appointed editor of the semi-centennial edition of the Alumni Record to be issued as soon as possible in the present semi-centennial year.

On motion of Mr. Hoit, these recommendations were approved.

LIFE OF REGENT JOHN MILTON GREGORY

(34) The following statement:

I have had some negotiations with Miss Allene Gregory, instructor in English in the University, about writing a biography of her father, Doctor John M. Gregory, the first Regent of the University. I think it would be well for the University to issue this biography as one of the semi-centennial publications.

On motion of Mr. Blair, the President of the University was authorized to publish such a biography prepared by Doctor Allene Gregory, if in his judgment the biography is worthy and suitable for publication.

FEDERAL EMPLOYEES AT THE UNIVERSITY

(35) A statement that Dr. Felix Löehnis and Doctor Arno Viehoever, employees of the United States Department of Agriculture, are at work in the laboratories of the University on problems set by the Department of Agriculture in accordance with the authority given by the Board to extend the facilities of the laboratories to Government officials (see page 633).

This statement was received for record.

CURATOR OF NATURAL HISTORY MUSEUM

(36) A statement that Mr. Frank C. Baker, who was appointed Director of the Natural History Museum (page 613), began his work on January 1, 1918. He has already made a marked impression upon his colleagues by his energy and evident fitness for the work. It is to be hoped that at no distant date the University can give more space for the Natural History Museum, which is badly crowded, so that no very satisfactory work can be done until more space is provided.

This statement was received for record.

APPOINTEES ON LEAVE OF ABSENCE FOR WAR WORK

(37) A statement that the following members of the faculty of the rank of assistant professor or above have been given leave of absence for a longer or shorter time for work in the military or naval or civil service

departments of the United States Government to assist in the prosecution of the war:

Edward Bartow	F. H. Newell
B. W. Benedict	A. W. Nolan
Madison Bentley	W. A. Oldfather
Isabel Bevier	H. L. Rietz
E. R. Dewsnap	E. C. Schmidt
E. N. Fales	W. A. Slater
E. B. Greene	G. M. Whipple
A. E. Halstead	W. M. Wilson
H. W. Miller	P. L. Windsor
	L. E. Young

This report was received for record.

ACTIVITIES OF WAR COMMITTEE

(38) A report that the University War Committee, consisting of Dean David Kinley, chairman, Dean Eugene Davenport, Professor S. A. Forbes, Professor F. H. Newell, Professor S. P. Sherman, Professor C. A. Ellis, and Professor C. M. Thompson, has been working in an active and energetic way to promote at every possible point the efficiency of the various enterprises now being carried on in and about the University to assist the earnest and efficient prosecution of the war. A University service flag with 2,686 stars was erected the other day at the entrance of the University grounds on Green Street. A series of circulars containing information upon various matters relating to the war is in process of publication. The Federal authorities have expressed themselves as much gratified at these evidences of a keen interest on the part of the University and its students, professors, and trustees in the prosecution of the war.

This report was received for record.

CONGRESS ON LABOR PROBLEMS POSTPONED

(39) A statement that, owing to the congestion of the railroads, it was deemed wise to postpone indefinitely the Congress on Labor Problems authorized by the Board at its meeting of November 9, 1917 (see page 611).

This report was received for record.

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented for record the following list of appointments made by the President of the University.

URBANA, ILLINOIS, March 15, 1918

I certify that in the foregoing pages, numbered 639 to 709, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at its meeting held February 16, 1918, as approved by the Board at its meeting of March 12, 1918.

.....
Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
-OF THE-
UNIVERSITY OF ILLINOIS

March 12, 1918

The annual meeting of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, in Urbana, at 10 o'clock a. m. on Tuesday, March 12, 1918.

When the Board convened, the following members were present: Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart.

President James was present.

As there was no quorum, a recess until 2:30 o'clock p. m. was declared.

H. E. CUNNINGHAM

Secretary

W. L. ABBOTT

President

EXECUTIVE COMMITTEE MEETING, MARCH 12, 1918

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, in Urbana, on Tuesday, March 12, 1918, during the recess in the meeting of the Board on the same day.

All the members of the Executive Committee were present; namely, Mr. W. L. Abbott, Chairman, Mr. R. F. Carr, and Mr. O. W. Hoit; also, Mrs. Busey, Mrs. Evans, and Mr. Taggart, members of the Board.

President James was present.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Committee considered the following matters submitted by the President of the University.

ENTRANCE REQUIREMENTS FOR 1918-19, COLLEGE OF MEDICINE

(1) Proposed entrance requirements for the year 1918-19 to the College of Medicine.

For admission to the College of Medicine in October, 1918, candidates must present four years' work in an accredited high school plus two years' work in a recognized college, or the full equivalent, including prescribed subjects, as follows:

The High-School Requirement

1. Four years' work in an accredited high school or the equivalent, comprising not less than 15 units in acceptable subjects, including prescribed subjects as follows:

English	3 units
Algebra	1 unit
Plane geometry	1 unit
Latin, Greek, German, or French (both units in the same language)	2 units
History and civics	1 unit
Electives	7 units

Total15 units

The Collegiate Requirement

2. Two years' work in a recognized college or university, comprising not less than 60 semester hours and including prescribed subjects as follows:

Chemistry (see Note 1)	8 semester hours
Physics (see Note 2)	8 " "
Biology (see Note 3)	8 " "
English (see Note 4)	6 " "
German, French, Spanish, or Italian (see Note 5).....	6 " "
Electives outside of the chemical, physical, and biological sciences (see Note 6)	6 " "
Free electives (see Notes 1 and 6)	18 " "

Note 1: Chemistry—Four of these 8 semester hours must consist of laboratory work. Beginning January 1, 1919, the requirement in chemistry will be raised to 12 semester hours; the number of free electives will thus be reduced in 1919 to 14 hours.

Note 2: Physics—At least 2 of these 8 semester hours must consist of laboratory work. This requirement may be satisfied by 6 semester hours of college physics, of which at least 2 must be laboratory work, if preceded by a year (one unit) of high-school physics.

Note 3: Biology—Four of these 8 semester hours must consist of laboratory work. This requirement may be satisfied by a course of 8 semester hours in either general biology or zoology, or by courses of 4 semester hours each in zoology and botany, but not by botany alone.

Note 4: English—The usual introductory college course of 6 semester hours in English composition and literature is intended.

Note 5: German, French, Spanish, or Italian—German or French is preferred. The student is strongly urged to secure a reading knowledge of one of these languages. This will ordinarily require at least two years' work in the high school followed by at least 6 hours' work in the same language in college, or two years' work (at least 12 hours) in college, if the language was not begun in the high school, or the equivalent.

Note 6: Electives—As desirable electives the following subjects are suggested: Psychology; college algebra and trigonometry; additional English; economics; history, sociology, political science; logic; Latin, Greek; drawing. Among the free electives advanced chemistry, zoology, and botany may be offered.

No Conditions Permitted

No conditions are permitted. Candidates for admission who in June, 1918, will have completed the above requirements except for a few hours in collegiate subjects should plan to make up these deficiencies in full by attendance at summer sessions during the summer of 1918.

We have had some difficulty with the State Medical Boards in the matter of entrance requirements to the College of Medicine growing out of minor details, especially in the New York Medical Act. It is hoped that this formulation of our entrance requirements will meet the New York situation as well as keep the College of Medicine in respect of entrance requirements fully abreast of the best state university schools of medicine. The plan is recommended by the Faculty of the Junior College of the College of Medicine.

On motion of Mr. Carr, these requirements were adopted.

PURCHASE OF LOTS IN COLLEGE PLACE

(2) An option from Alvin L. Wagner, the representative of the alumni association of the Chi Beta fraternity at the University of Illinois, to purchase lots 73 and 74 in College Place Addition to the city of Champaign, located immediately adjacent to lots 71 and 72 purchased as a site for the McKinley Hospital, at a price of \$6,000 subject to taxes and special assessments after the year 1917. I am proposing to accept this option if the price seems reasonable to the Board. Judge O. A. Harker thinks it is improbable that the University would get any better terms by condemnation proceedings. (See page 634).

On motion of Mr. Carr, it was voted that in the opinion of the Executive Committee it would be proper to purchase at this price.

SCHOLARSHIP RULE, COLLEGE OF MEDICINE

(3) A recommendation from the Council of Administration concerning the adoption of a scholarship rule for the College of Medicine.

February 20, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The Council of Administration at its meeting of February 19, 1918, on the recommendation of the Junior Faculty of the College of Medicine, voted to recommend to the Board of Trustees the adoption of the following scholarship rule for the College of Medicine:

The passing grade in each subject is 70. A grade from 60 to 70 constitutes a "condition." A mark below 60 or the failure to remove a "condition" by re-examination constitutes a "failure," and the subject must be repeated in course. One and one-half hours of condition is counted as the equivalent of one hour failure. A student who in any semester receives failures in one-half the total number of hours of his course, or the equivalent

in conditions, or in failures and conditions combined, shall be refused further registration in the College of Medicine.

Sincerely yours,

KENDRIC C. BABCOCK

Acting Secretary

On motion of Mr. Hoit, this recommendation was approved.

PHYSICAL EXAMINATION OF STUDENTS

(4) A recommendation from the Council of Administration on the subject of physical examinations.

February 20, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The Council of Administration at its meeting of February 19, 1918, on the recommendation of a special committee consisting of Dean Babcock, Dr. Beard, and Miss Freer, voted to make the following recommendations to the Board of Trustees on the subject of physical examinations:

1. That the University Health Officer be authorized and directed to proceed with the physical examination of all male students now registered in the University who have not already been examined by him in connection with other needs of the University.

2. That all male students now registered in the University who have not already been examined be required to have this physical examination according to a schedule which may be arranged by the University Health Officer either in conference with the student or after inspection of his study-list.

3. That the matter of provision for similar examinations of all students, male and female, at the beginning of the first semester be approved on the same basis and that provision be made by the President for carrying out the usual scheme of physical examinations.

The Council voted further that if, pending action on these recommendations by the Board of Trustees, the University Health Officer can make the necessary arrangements, opportunity should be given at once for the examination of those male students who may voluntarily present themselves for such examination.

Sincerely yours,

KENDRIC C. BABCOCK

Acting Secretary

Following the suggestions in the last paragraph, I directed the Health Officer, Dr. J. Howard Beard, to examine if feasible those male students now in the University who might voluntarily present themselves for such examination. He held such examinations on February 28 and March 1 and 2 of 404 students. He had previously examined by similar authorization 261. From March 2 to 11 he examined 4, making a total of 669. Each student was examined by a dentist, oculist, ear, nose and throat specialist, and a clinician. A number of local physicians were associated with Doctor Beard in this work, and each one received a fee based on the number of hours he

spent in actual examination. The total cost of this work for the examination of 404 students was \$340, no overhead charge being made.

On motion of Mr. Carr, the President of the University was authorized to provide for a physical examination of all students, male and female, registered in the University, for the first semester of the academic year 1918-19, and to require this examination of all students.

LEAVE OF ABSENCE FOR PROFESSOR BOGART

(5) A request from Professor E. L. Bogart for leave of absence on one-half pay for the year 1918-1919, recommended by Dean David Kinley, head of the Department of Economics, and approved by Dean N. A. Weston of the College of Commerce. These leaves of absence are granted as a matter of routine, so far as it is possible to do so, to members of the staff, who have served for seven years, for the purpose of further study. Professor Bogart intends to offer his services to the Government in the National Defense, and to give the time not occupied in this work to further study and preparation for his University work.

On motion of Mr. Carr, the President of the University was authorized to grant this leave of absence, if he finds it possible to make arrangements for Professor Bogart's work.

COMMERCIAL TESTS

(6) A letter from the Comptroller concerning regulations governing commercial tests made by members of the staff of the University:

February 27, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

For some time, there has been a considerable demand for certain kinds of commercial testing work, particularly in various departments of the Engineering College. With the exception of the work in the Department of Theoretical and Applied Mechanics, where a regular experimental staff is permanently engaged for this and related work, no very well defined plan of procedure has been developed. I have found in one department or another, where requests for this kind of service have come in, that such requests were handled in a variety of ways, almost always involving some financial procedure and rarely being handled by this office. I also found that the University was not receiving proper remuneration for the use of its facilities, equipment, or materials, and that there was a very hazy method of procedure regarding the service done by individuals privately and that done by members of the University as University assignment.

I have taken the matter up with Dean Richards and with the heads of the departments of the College of Engineering, where the problem is most pronounced. We have worked out a proposed set of regulations governing such work, which make provision for the various contingencies, so far as we are able to discover them, as well as for the protection of all interests involved.

It is not to be understood that the setting up of this plan is designed to increase the amount of such work or, in fact, to imply that it will be done at all. The first paragraph indicates the general conditions under which it might be assumed.

The enclosed regulations have the endorsement of Dean Richards and myself. I trust they may meet with your approval.

Cordially yours,
LLOYD MOREY

*PROPOSED
REGULATIONS GOVERNING COMMERCIAL TESTS*

Commercial tests or investigations for individuals, firms, or corporations may be undertaken by the University of Illinois, when, in the opinion of the head of the department in which the tests would be conducted and of the Dean of the College, it is desirable that the work be done. In general, such tests are justified when the results may be of scientific value, or when the necessary facilities do not exist elsewhere or are not readily accessible. Such work will be arranged by the head of the department with the members of his staff in accordance with the nature of their employment, either as a part of their service as scientific employees or as professional work, to be done by individual members of the faculty on their own time and responsibility. Where necessary or desirable, special assistants may be employed to conduct a specific test or investigation.

A fee shall be assessed for each test sufficient to cover all service rendered or assistance employed, all materials used, the purchase of any special equipment necessary, the wear and tear or repairs of equipment already owned, and the use of any and all facilities of the University in carrying out the test. Standard fees may be fixed in advance to cover all tests or investigations of a uniform character. In general, such fees may be required to be paid in advance; where this is impossible through the nature of the investigation, the fee shall be charged at the close of the test.

All fees charged on account of the University will be reported by the head of the department to the Business Office and will be collected by the Business Office and credited as follows:

(a) To the department conducting the tests in reimbursement for any materials, assistance employed, and labor furnished by it and used on such tests, for any materials or special equipment bought solely for use on such tests, and for the repairs of any equipment owned made necessary as a result of such tests.

(b) To the general funds of the University for the service of all members of the staff when given as a part of their regular University duties, for the use of any and all facilities of the University, and for any portion of the fees then remaining.

For services rendered in connection with such tests as personal undertakings of individual members of the staff, the University assumes no responsibility. Where it is necessary that the work be done in this way, i.e., performed by the individual as a personal matter but with the use of University facilities, two distinct charges will be made:

(1) For the services of the individual, made by him and collected by him direct.

(2) For the service and use of facilities of the University as previously outlined.

Any announcement made of tests conducted in this manner will indicate clearly that the individual performing the work is to be directly reimbursed for his services, and that the University will be separately reimbursed for such facilities as it may furnish. All details of procedure will be subject to the approval of the Dean of the college in which the department is located, and the Comptroller.

In all cases where commercial testing is permitted to be undertaken by proper officials of the University, it should be clearly understood by the agency requesting such tests that the University as an institution assumes no responsibility for the results obtained.

It is proposed to apply these regulations to work done by members of the College of Engineering staff. Dean Richards and the heads of the departments of the College of Engineering joined in the recommendation that this plan be adopted so far as the College of Engineering is concerned. It may also be applied in the department of chemistry and in any other departments in which occasional requests for commercial tests may be favorably acted upon by the departments concerned.

On motion of Mr. Carr, the President of the University was authorized to adopt this plan and to provide for its application in such cases.

MANUFACTURE OF CHEMICALS

(7) A report from Dr. Roger Adams on the organic chemical manufacturing work which was started at the University in June, 1917:

TO THE BOARD OF TRUSTEES:

The organic chemical manufacturing was started June, 1917. During the summer months from six to ten students were employed in this work and were paid \$.25 to \$.35 an hour, depending on their experience. Since the University opened this fall, two graduates have spent practically all of their time at this work and other men have been hired off and on when necessary. Up to the present time about one hundred twenty-five chemicals have been made and sold outside of the University. These have been sent to twelve different distributing concerns, over thirty different colleges and universities, eighteen government laboratories, and over fifty commercial concerns in all parts of the United States and Canada. The amounts of the various compounds prepared has varied from two grams to about one hundred pounds and in general the amount sold at one time has been between one and eight ounces and has in only a few cases exceeded ten pounds. The approximate financial status of the manufacturing to February 1, 1918, is as follows:

DISBURSEMENTS

Chemicals purchased as raw materials, from June 1, 1917-Feb. 1, '18.....	\$3095.34
Labor from 6/1/17-2/1/18.....	2477.31
Apparatus broken from 6/1/17-9/12	121.55
Stamps and extras.....	55.81
Total.....	\$5750.01

Balance on hand (approximate).....	\$2814.78
	<u>\$8564.79</u>

CREDITS

Chemicals sold outside of the University, to 2/1/18.....	\$6118.68
Chemicals sold to the Chemistry and other departments of the University to 2/1/18	1146.11
Manufactured chemicals on hand (approximate)	1300.00
Total.....	\$8564.79
	<u>\$8564.79</u>

The above statement does not include among the disbursements apparatus broken since September 12 or the overhead charges for water, gas, and some janitor service since the beginning of the summer. It seems to me advisable, however, to simply allow the balance to remain intact in order to help out deficits which undoubtedly will occur from time to time in attempting to prepare difficult but badly needed substances.

If at a later date the manufacturing is stopped, the balance on hand at that time can be transferred to the general fund of the University to pay for any overhead charges such as I have mentioned above.

Very truly yours,

ROGER ADAMS

I have granted Dr. Adams leave of absence, without salary, from March 5, 1918, to September 1, 1919, to take charge of important work for the Federal Government at Washington. As he has consented to return to the University occasionally to supervise the work of manufacturing chemicals and the work of his graduate students, I have granted him an allowance of \$40 a month from March 5 to September 1, 1918.

This report was received for record.

SCHOOL OF MILITARY AERONAUTICS

(8) The following statement:

I received information recently that the Government wished to increase the number of students in attendance at the U. S. School of Military Aeronautics, and that it would be necessary to provide additional barracks. I addressed a communication to the Commandant, Lieutenant-Colonel William F. Pearson, asking whether the old University Hall would be accepted by the Government for use as barracks by the School of Military Aeronautics, the idea being to have the School give up the use of the Woman's Residence Hall and take over instead the University Hall. I presented to him certain alternatives which might be considered namely, assigning the Transportation Building and School of Education Building, or erecting a barracks like those

used in the cantonments in immediate juxtaposition to the Y. M. C. A. Building. The following letter from the Commandant states his attitude on the matter:

March 8, 1918

From: The Commandant, School Military Aeronautics, University of Illinois
To: The President of the University

SUBJECT:

1. I have carefully inspected University Hall with a view to this building being taken over for use as barracks by the School of Aeronautics. It is not at all suitable for the purpose. I do not feel that I could authorize men to live in a building where the fire risk is so great. As a matter of fact there is only one building on the campus that is entirely suitable for our purpose, both because of its interior arrangement and of its location. I refer to the Woman's Building. If this building could be turned over to the School of Military Aeronautics for use as barracks we could accomodate over one thousand men, using the Y. M. C. A. as at present.

2. May I suggest that some definite steps toward obtaining new barracks for the School of Aeronautics be taken in the very near future? No matter what building is turned over to us for our use, certain alterations would be necessary which would take some time. Also additional facilities for mess would have to be provided.

3. I request early action on this matter due to the fact that the first increased class is due to arrive today. I would deeply regret being obliged to notify the War Department that we could not accommodate the increase in number which has been ordered for this school.

WILLIAM F. PEARSON

Major, Signal Corps

The Government is very anxious that the members of the School of Aeronautics should be barracked as closely together as possible. It would much prefer it if we had a single building which could house 1,000 or 1,200 men, but as such is not the case, the Government is willing to give up the Woman's Residence Hall and accept the Woman's Building. If this change were made, it would involve moving the Department of Domestic Science, the Girls' Gymnasium, the Office of the Dean of Women and the social rooms, and certain music rooms to some other building or buildings on the campus. For this purpose the Woman's Residence Hall and the School of Education Building may be utilized. The Commandant agrees that certain rooms in the Woman's Building might be excluded from use by the School, notably the two or three laboratory rooms which are equipped with permanent and expensive furnishings, including the kitchen of the cafeteria.

According to the plan suggested by the Commandant a mess room might be located in the basement of the Woman's Building, using the room in the southwest corner of the Building as a kitchen and serving in the rooms along the east front of the building and the west front of the building. Professor White's estimate is that it would cost about \$15,000 to put the Woman's Building in a condition to be utilized by the School. This arrangement will seriously discommode University work. It will increase very greatly

the cost of conducting the work in the department of domestic science and in the department of physical culture for women. It may put certain departments of work out of commission altogether during the war. The Government, however, is very desirous of carrying through this plan, and I am not at all sure that it would be willing to carry on the School of Aeronautics here at the University unless this plan can be adopted. The Commandant, while acknowledging with regret the inconvenience occasioned to the University by such an arrangement, does not see any other possible plan for making efficient the work of the School of Aeronautics.

I received the following letter from the President of the Board of Trustees February 26, 1918, which explains itself. I understand that I already have authority to assign University Hall for barracks and to make the changes in the building, the adjustment in the location of departments, and to erect a mess hall. If I obtain authority to assign the Woman's Building I shall be in a position to act as circumstances may determine.

February 25, 1918

President Edmund J. James, University of Illinois, Urbana, Illinois

DEAR SIR:

This morning you called me on the long distance telephone, stating that the War Department is considering increasing the attendance at the Aviation School, in which case it would need additional building space for barracks and recitation rooms. To meet this prospective demand you suggested that we turn over to the School of Aviation the Old University Hall and build a mess hall, at an estimated cost of \$25,000, on the campus in the rear of that building, the understanding being that if they were given these additional facilities, the Aviation School would vacate the Woman's Residence Hall.

I put this proposition up to the other members of the Executive Committee, Mr. Carr and Mr. Hoit, and they each said in substance that if the University can be of considerable aid to the Aviation School by the means you propose, it should make the required sacrifice. You may therefore take this matter up with the Government officials with the understanding that you have the approval of the Executive Committee to enter into an agreement as outlined.

Very truly yours,

W. L. ABBOTT

At this point, the Executive Committee adjourned.

AFTERNOON SESSION, March 12, 1918

When the Board convened at 2:30 p. m. on Tuesday, March 12, 1918, pursuant to the recess taken at the morning session, the following members were present: Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Miss Watson.

President James was present.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of February 16, 1918.

On motion of Mrs. Evans, the minutes were approved as printed on pages 639 to 709, above.

MR. W. L. ABBOTT ELECTED PRESIDENT OF THE BOARD

The Secretary took the chair and called for nominations for the office of President of the Board.

Mr. Carr nominated Mr. Abbott.

Mr. Abbott nominated Mr. Carr.

Mr. Carr requested that his name be withdrawn.

On motion of Mr. Hoit, the nominations were closed and the Secretary cast the unanimous vote of the meeting for Mr. Abbott, and declared him elected President of the Board for one year.

MR. H. E. CUNNINGHAM ELECTED SECRETARY OF THE BOARD

On motion of Mr. Carr, Mr. H. E. Cunningham was elected Secretary of the Board for one year.

EXECUTIVE COMMITTEE ELECTED

Mrs. Evans nominated Mr. Hoit and Mr. Carr to serve with the President of the Board (as Chairman) as members of the Executive Committee for one year.

On motion of Mrs. Evans, the nominations were closed and the Secretary cast the ballot of the Board for Mr. Hoit and Mr. Carr, and they were declared elected.

STANDING COMMITTEES, 1918-19

The list of standing committees of the Board, appointed by President Abbott for the year 1918-19, is printed here in accordance with article IV, section 5, of the By-Laws of the Board:

Buildings and Grounds

William L. Abbott, Chairman

Robert F. Carr

Laura B. Evans

Mary E. Busey

Robert R. Ward

Finance

Robert R. Ward, Chairman

Otis W. Hoit

James E. Taggart

Cairo A. Trimble

John R. Trevett

Engineering

Robert F. Carr, Chairman

William L. Abbott

John R. Trevett

Agriculture

Otis W. Hoit, Chairman

John R. Trevett

James E. Taggart

College of Medicine and School of Pharmacy

Laura B. Evans, Chairman

Students' Welfare

Florence E. Watson, Chairman

Mary E. Busey

Instruction

Francis G. Blair, Chairman

Robert R. Ward

Library

Mary E. Busey, Chairman

Cairo A. Trimble

Florence E. Watson

AUTHORITY TO RECEIVE MONEY

On motion of Mr. Hoit, the following resolution was adopted:

Resolved, That the Treasurer of the Board of Trustees of the University of Illinois is hereby authorized to receive and receipt for all moneys, and to endorse all orders, drafts, and checks due and payable to the Board of Trustees or to the University of Illinois, and especially all drafts drawn by the Treasurer of the United States payable to the Board of Trustees or the University of Illinois.

DELEGATION OF SIGNATURE OF PRESIDENT AND SECRETARY

On motion of Mrs. Busey, it was voted that Mr. W. L. Abbott, President of the Board of Trustees, and Mr. H. E. Cunningham, Secretary of the Board of Trustees, be authorized to delegate the signing of their names as President and Secretary, respectively, to warrants drawn on the Treasurer of the University and to vouchers drawn on the Auditor of Public Accounts, in accordance with the following plan:

No disbursement shall be made from any University fund in the hands of either the University Treasurer or the State Auditor, except on a voucher certified by the proper officer or head of department against an appropriation made by the Board of Trustees and approved by the Comptroller according to the Statutes of the University.

The President of the Board of Trustees is authorized to delegate to the Auditor in the Business Office authority to sign the name of the President of the Board of Trustees to vouchers against the State Auditor, and to warrants on the University Treasurer, for vouchers approved as above.

The Secretary of the Board of Trustees is authorized to delegate to the Bursar in the Business Office authority to sign the name of the Secretary of the Board of Trustees to vouchers on the State Auditor and to warrants on the University Treasurer, for vouchers approved as above.

The President and the Secretary are authorized to delegate to the Comptroller authority to sign the name of the President, or of the Secretary, of the Board of Trustees to vouchers on the State Auditor, or to

warrants on the University Treasurer, in case of emergency; provided, that under no circumstances shall the Comptroller sign the names of both the President and the Secretary to the same warrant or voucher.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board considered the following matters submitted by the President of the University.

ADDITIONAL STACK-ROOM FOR LIBRARY

(1) A request from the University Librarian, Mr. P L. Windsor, that provision be made immediately for additional shelf room for the purpose of housing books belonging to the University and those likely to be added in the next few years. Mr. Windsor urges that a book stack to accommodate several thousand books be erected near the present Library building. Professor White suggests that a building thirty-eight feet wide and one hundred forty feet long might be erected to the west of University Hall, extending east and west practically on an axis with John Street, and centering on the present axis of the Library book stack, but about eighteen feet away from it and with a bridge across from the main floor level. Such a structure built of brick without any interior finish, with a cement floor on the ground and an open wood roof with tar and gravel surfacing would cost about \$20,000, and would house easily in three 7-foot tiers of stacks 200,000 volumes.

The book stacks in the present Library might be enlarged either by extending them to the south or by an addition across the south end of the present building. This would cost much more and might be an undesirable permanent addition to the building. Such a structure as Professor White proposes would be of temporary character and might stand until the new Library could be completed, and the expenditure would not be so great that it could not be properly scrapped.

After discussion, this matter was deferred for further consideration, no action being taken.

SCHOOL OF MILITARY AERONAUTICS

(2) The matter of providing extra space for the U. S. School of Military Aeronautics (See page 719).

On motion of Mr. Carr, the President of the University was authorized to meet the wishes of the Government in this matter.

ARRANGEMENTS FOR USE OF Y. M. C. A. BUILDING

(3) The following statement:

I regret to say that I have not been able to make any satisfactory arrangement with the Y. M. C. A. organization concerning the use of the Y. M. C. A. building for the U. S. School of Military Aeronautics. I am still laboring on the proposition, however, and hope to work out a plan which will be acceptable to the Y. M. C. A. authorities and will seem feasible and proper to us.

This statement was received for record.

CONTINUOUS WORK IN MEDICINE

(4) A recommendation from the Executive Faculty of the College of Medicine that the University should adopt, in accordance with a suggestion from the Surgeon General's Office, for the period of the war a continuous medical session running during the entire twelve months, dividing the calendar year into three terms of four months each, admitting candidates to each class approximately on June 1, October 1, and February 1 of each year.

This will involve considerable additional expense but it will enable the University to graduate the present junior class February 1, 1919, instead of June 1, 1919, the present sophomore class October 1, 1919, instead of June 1, 1920, and the present freshman class June 1, 1921, instead of June 1, 1922, thus saving an entire year in the four-year medical course for the present freshman class. If this arrangement were carried out and the semester fees charged for the quadrimester period, a student would pay in three years the same amount as he now pays in four, and it is the opinion of the Dean of the College of Medicine, Doctor A. C. Eycleshymer, that these extra fees would defray the extra cost. The advantage, of course, is that the Government would be able to recruit its medical staff more rapidly under the continuous session plan than it can under the present, which includes a college year of vacation.

There are difficulties in carrying out this scheme, as the law in Illinois stands, but the suggestion is made that the law may be amended at the request of the Surgeon General's Office. The recommendation has received the approval of the majority of the Council on Medical Education of the American Medical Association and of the Association of American Medical Colleges.

I am not sure myself that the plan can be carried out. It certainly can not in this state unless the law is changed, but I think it would be a good plan to put it into effect for the sake of those students who are now in the Medical Reserve Corps and who may be called into active service during the vacation of the medical course as it is at present constituted, a measure which would throw the scheme of medical education as at present administered into considerable confusion.

A telegram received from the Surgeon General, Major General William C. Gorgas, under date of March 11, says that while the Surgeon General does not feel justified in requesting any school to adopt the continuous session until the entire policy is fully defined, he will certainly welcome the action of any school proposing to put the continuous session in efficient operation.

On motion of Miss Watson, the President of the University was authorized to adopt the plan recommended by the Faculty of the College of Medicine if after further consideration it should prove feasible.

CONTINUOUS WORK IN PRE-MEDICAL STUDIES

(5) The following statement:

In order to insure continuous preparation for the College of Medicine

conducted on a continuous session plan, it would be necessary to speed up the work given in the pre-medical courses likewise, thus enabling the students who are in the College of Liberal Arts and Sciences preparing for the medical course to do their work in a year and one-half instead of in two years as at present. This would also involve a considerable addition to the expense of these courses, but would enable the University to help keep the supply of medical men continuous. This would lead also to a quadrimester plan instead of the semester plan, or instead of the trimester plan adopted by the University of Chicago.

The President of the University was authorized to adopt such a plan and put it in practise, beginning June 1, 1918, with such modifications as circumstances and further developments in this field may make necessary or desirable.

LAND ON HARVEY STREET PURCHASED

(6) A report from the Comptroller that in accordance with the authorization of the Board (page 667) he had purchased from August R. Behrens the property at 504 South Harvey Street, Urbana, Illinois, being south of the Interurban right-of-way, on the east side of Harvey Street, and described as the south half of lots 1 and 2 in block 4 of the Urbana Railroad Addition to Urbana, Champaign County, Illinois. The property has a total frontage of 66 feet on Harvey Street and a depth of 132 feet. The improvements consist of a one and one-half story house and a small barn. The purchase price of the property is \$2,400. A complete abstract approved by the University Legal Counsel, Judge O. A. Harker, has been furnished, and an unexpired insurance policy in the Royal Exchange Assurance Company for \$1,100, expiring September 15, 1918, has been transferred to the University. All taxes have been paid in full to date. The papers have been filed with the Secretary of the Board of Trustees.

This statement was received for record.

LAND IN URBANA PURCHASED

(7) A report from the Comptroller that in accordance with the authorization of the Board at its meeting of February 16, (page 665) he has purchased from A. H. Havard lot 4, block 55 in the Seminary Addition to Urbana, Illinois, for the price of \$3,250. The requisite papers have been approved by Judge Harker and furnished the Comptroller. The property is at present leased until August 31, 1918, at the rate of \$25 per month. An insurance policy for \$2,000, net balance due after allowing for payment, on account of recent fire, of \$1,416.50, expiring January 7, 1919, has also been furnished. Another policy for \$1,000, expiring the same date, has also been furnished. The papers have been deposited with the Secretary of the Board of Trustees.

This statement was received for record.

OFFER OF LAND IN URBANA

(8) An offer from Mr. J. M. Vinson to sell the University his residence property located at No. 1206 West Springfield Avenue, Urbana, Illinois, for the sum of \$6,750.

No action was taken on this offer.

LEASES FOR SMITH FARMS

(9) A statement from the Comptroller that, on recommendation of Professor J. G. Mosier, he has drawn up leases for the Smith farms as follows:

The Champaign Farm with Russell Arbuckle.

The Fisher Farm with George E. Jones.

These leases run the same period as the leases of a year ago, that is, for one year from March 1, 1918.

On motion of Mr. Carr, this action was approved.

CONSOLIDATION OF TELEPHONE LINES

(10) A request from an organization of women in Urbana and Champaign that the University cooperate in an effort to secure the consolidation of the telephone companies in the two cities.

On motion of Mr. Carr, this matter was referred to the President of the University with power to act.

FINANCIAL REPORT, SCHOOL OF MILITARY AERONAUTICS

(11) A financial Report of the U. S. School of Military Aeronautics as at February 28, 1918. It will be noted again that in these reports no charge has yet been made for rent or overhead or for the special expenses incurred in reconstruction, etc., in the Y. M. C. A. building for the use of the School.

March 11, 1918

President Edmund J. James, University of Illinois, Urbana, Illinois

MY DEAR PRESIDENT JAMES:

I beg to enclose for your information the following statements of the School of Military Aeronautics as of February 28:

Summary of Income and Expense.

Distribution of Expense.

Cordially yours

LLOYD MOREY

BOARD OF TRUSTEES

[March 12,

AMERICAN UNIVERSITY UNION IN EUROPE

(12) A report from Mr. J. F. Aldefer, of the American University Union in Europe, Royal Palace Hotel, Paris, containing a list of students and graduates of the University of Illinois who have registered at the American University Union to date, that is, to February 1, 1918. These were about forty in number. After the news gets about of the membership of the University in this Union, the number will certainly be largely increased.

This report was received for record.

REPRESENTATIVE IN EUROPE

(13) A request for authority to designate a member of the University staff to act as representative of the University at the headquarters of the American University Union in Europe.

On motion of Miss Watson, this request was granted.

CLINICAL BUILDING IN CHICAGO

(14) The following statement:

I desire to call the attention of the Board very urgently to the situation in the College of Medicine with reference to hospital facilities. It is really very necessary that some additional and better provision be made for hospital facilities. I have been urging this on the Board for some years. I think that unless improvement is made at an early date some of the State Boards will strike the University from the list of accredited institutions on the ground that it does not possess the hospital facilities necessary to give efficient medical instruction.

No action was taken in this matter.

APPOINTMENT OF DR. D. J. DAVIS

(15) A recommendation that Doctor David John Davis, Acting Professor of Pathology and Bacteriology, acting head of the department of pathology, and professor of Experimental Medicine, be appointed Professor of Pathology and Bacteriology and head of the Department of Pathology and Bacteriology to date from September 1, 1917.

On motion of Mrs. Evans, this recommendation was approved.

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented for record the following list of appointments made by the President of the University.

Anderson, R. E., Student Assistant in operative work in surgery, in the College of Medicine, to give six hours' service a week for sixteen weeks at a compensation of fifty cents (\$.50) an hour. (February 25, 1918*).

Appelle, C. G., Instructor in Histology in the College of Dentistry, on

*The date in parenthesis is the date on which the appointment was made by the President of the University.

one-half time, beginning February 1, 1918, and running until June 1, 1918, at a salary of seventy-five dollars (\$75) a month. (February 22, 1918).

Ashley, R. E., Student Assistant in Pathology and Bacteriology in the College of Medicine, to give nine hours' service a week for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Baskind, N. I., Instructor in Junior Medicine in the College of Medicine, from February 20, to August 31, 1918, without salary. (February 22, 1918).

Beilin, D. S., Student Assistant in Physiology and Physiological Chemistry, in the College of Medicine, to give six hours' service a week for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Bellows, M., Student Assistant in Physiology and Physiological Chemistry, in the College of Medicine, to give six hours' service a week for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Bradel, T. L., Graduate Assistant in Anatomy, in the College of Medicine, to give nine hours' service a week for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Coe, E. S., Student Assistant in Physiology and Physiological Chemistry, in the College of Medicine, to give six hours' service a week for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Dawson, G. I., Student Assistant in Anatomy, in the College of Medicine, to give six hours' service a week for eight weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Eicher, B. L., Graduate Assistant in Pharmacology, in the College of Medicine, to give four hours' service a week, and time in making preparations, at a salary of two hundred fifty dollars (\$250). This is in addition to Mr. Eicher's salary in the School of Pharmacy. (February 25, 1918).

Englis, D. T., Associate in Chemistry from February 18 to July 1, 1918. The proportion of his salary for this period is to be charged to the budget of the department of chemistry instead of the budget of the department of horticulture. (March 2, 1918).

Ferguson, Constance W., Assistant in Romance Languages, for four and one-half months beginning February 15, 1918, at a salary of forty dollars (\$40.00) a month. (February 16, 1918).

Graven, P. S., Graduate Assistant in Anatomy, in the College of Medicine, to give nine hours' service a week for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Griffith, C. R., Assistant in Psychology, on part time, for five months, beginning February 1, 1918, at a salary of eighty-five dollars (\$85) a month. (March 1, 1918).

Hall, B. R., Instructor in Pattern Shop Practise and Management in the department of mechanical engineering, at a salary of one hundred fifty dollars (\$150) a month, beginning when he reports for duty and continuing until June 30, 1918. (March 1, 1918).

Hardinger, P. M., Student Assistant in operative work in surgery, in the College of Medicine, to give six hours' service a week for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Hilbert, J. W., Student Assistant in Physiology and Physiological Chemistry in the College of Medicine, to give seven hours' service a week for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Hinrichs, H. S., Assistant in Farm Mechanics, at a salary of seventy dollars (\$70) a month, for the five months from February 1, 1918, to June 30, 1918. (February 16, 1918).

Holecck, Frank, Assistant Technician in the Chemical Laboratory of the College of Medicine from March 1, 1918, to September 1, 1918, at a salary of forty-two dollars (\$42) a month. (February 25, 1918).

Keating, Rosalind, Typist in the department of pharmacology of the College of Medicine, at a salary of fifty dollars (\$50) a month, beginning February 1, 1918, and continuing until further notice, subject to the rules of the Civil Service Commission. (February 26, 1918).

Keeton, R. W., Graduate Assistant in Pharmacology in the College of Medicine, to give ten hours' service a week at a salary of one hundred fifty dollars (\$150) for the second semester. (February 25, 1918).

Kempton, F. E., Assistant in Botany, on three-fourths time, from February 23, 1918, to June 30, 1918, at a salary of ninety dollars a month. (March 1, 1918).

Kohl, Hilda, Student Assistant in Psychology, on part time, for five months beginning February 1, 1918, at a salary of thirty-five dollars (\$35) a month. (March 1, 1918).

Krafts, A. G., Student Assistant in Anatomy in the College of Medicine, to give six hours' service a week for eight weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Kryder, G. B., Student Assistant in Anatomy in the College of Medicine, to give six hours' service a week for eight weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Loughery, H. B., Student Assistant in Anatomy in the College of Medicine, to give six hours' service a week for eight weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

McHenry, M. J., Assistant in Chemistry, on one-half time, at a salary of fifty dollars (\$50) a month for the five months beginning February 1, 1918; this appointment superseding his previous appointment. (March 2, 1918).

McMillan, F. R., Acting Research Assistant Professor of Applied Mechanics in the Engineering Experiment Station, beginning March 1, 1918; and continuing until August 31, 1918, without vacation, with salary at the rate of one hundred eighty-three dollars and thirty-three cents (\$183.33) a month. (February 18, 1918).

Malcolm, W. A., Graduate Assistant in Anatomy in the College of Medicine, to give nine hours' service a week for sixteen weeks at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Marmion, Florence, University Stenographer, Rank II, in the Registrar's Office, at a salary of fifty dollars (\$50) a month, beginning February 18, 1918, and continuing until further notice, subject to the rules of the Civil Service Commission. (February 21, 1918).

Marvel, C. S., Manufacturing Assistant in Chemistry for five months beginning February 1, 1918, at a salary of one hundred dollars (\$100) a month. (March 1, 1918).

*Mereen, D. K., Instructor in Gunnery in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning February 14, 1918, and continuing until further notice. (February 16, 1918).

Myers, M. A., Assistant in Psychology, on one-half time, for five months, beginning February 1, 1918, at a salary of fifty dollars (\$50) a month. (March 1, 1918).

Moor, H. W., Manufacturing Assistant in Chemistry for five months, beginning February 1, 1918, at a salary of eighty dollars (\$80) a month. (March 1, 1918).

More, Hermon, Student Assistant in Anatomy in the College of Medicine, to give eight hours' service a day for ten weeks, at a compensation of twenty-five cents (\$.25) an hour. (February 25, 1918).

Moulton, Gertrude E., Student Assistant in Physiology and Physiological Chemistry in the College of Medicine, to give six hours' service a week for sixteen weeks at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Nickels, A. C., Student Assistant in Anatomy in the College of Medicine, to give six hours' service a week for eight weeks at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Norviel, H. B., Student Assistant in Physiology and Physiological Chemistry in the College of Medicine, to give twenty hours' service a week for sixteen weeks at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Owens, Hubert, Student Assistant in Pharmacology, in the College of Medicine, to give four hours' service a week, and time in making preparations, at a salary of fifty dollars (\$50) for the semester. (February 25, 1918).

Pickoff, F. A., Student Assistant in Pathology and Bacteriology, in the College of Medicine, to give nine hours' service a week, for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Read, C. F., Assistant Professor of Psychiatry in the College of Medicine, from February 1, to August 31, 1918, without salary. (March 2, 1918).

Reinertson, B. R., Graduate Assistant in Anatomy in the College of Medicine, to give nine hours' service a week for eight weeks at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Rindfusz, R. E., Assistant in Chemistry, at a salary of one hundred ten

*Appointment made by Vice-President Kinley.

dollars (\$110) a month, from March 1 to June 30, 1918. This appointment supersedes his previous appointment. (March 2, 1918).

Roe, J. M., Laboratory Helper in the department of chemistry at a salary of forty dollars (\$40) a month, beginning March 1, 1918; this appointment superseding his previous appointment. (March 1, 1918).

Ruckmich, C. A., Acting Head of the Department of Psychology from February 1, 1918, to August 31, 1918. (March 1, 1918).

Rush, P. W., Student Assistant in Physiology and Physiological Chemistry, in the College of Medicine, to give twenty hours' service a week for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Ruus, C. W., Instructor in Junior Medicine, from February 20, 1918, to August 31, 1918, without salary. (February 22, 1918).

Schroeder, P. L., Student Assistant in Pathology and Bacteriology in the College of Medicine, to give nine hours' service a week for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Sill, G. W., Student Assistant in Pharmacology, in the College of Medicine, to give nine hours' service a week for sixteen weeks at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Spencer, E. R., Assistant in Botany, on one-half time, from February 23, 1918, to June 30, 1918, at a salary of fifty dollars (\$50) a month. (March 1, 1918).

Stallard, H., Graduate Assistant in Anatomy (Zoology) in the College of Medicine, at a salary of one hundred dollars (\$100) for the second semester. (February 25, 1918).

Stromberg, W. B., Student Assistant in Anatomy in the College of Medicine, to give six hours' service a week for eight weeks at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Tharp, H. M., Student Assistant in operative work in surgery, in the College of Medicine, to give six hours' service a week for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Thompson, F. R., Student Assistant in Anatomy in the College of Medicine, to give six hours' service a week for eight weeks at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

*Trelease, S. B., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning March 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (March 2, 1918).

Tullock, W. M., Traffic Clerk in the Business Office at a salary of eighty-five dollars (\$85) a month, beginning March 1, 1918, and continuing until further notice, subject to the rules of the Civil Service Commission. (February 22, 1918).

Tupper, W. E., Student Assistant in Physiology and Physiological Chemistry, in the College of Medicine, to give twenty-five hours' service a week for sixteen weeks at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

*Appointment made by Vice-President Kinley.

Velitchkoff, Metodi, Student Assistant in Pathology and Bacteriology, in the College of Medicine, to give nine hours' service a week, for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

Vrtiak, Emil, Graduate Assistant in Anatomy in the College of Medicine, to give nine hours' service a week for sixteen weeks at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

White, C. L., Student Assistant in Anatomy in the College of Medicine, to give six hours' service a week for eight weeks at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

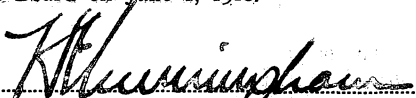

White, Ruth J., Clerk in the department of theoretical and applied mechanics, at a salary of fifty dollars (\$50) a month, beginning February 1, 1918, and continuing until further notice, subject to the rules of the Civil Service Commission. (February 28, 1918).

Willis, H. H., Student Assistant in Physiology and Physiological Chemistry, in the College of Medicine, to give seven hours' service a week for sixteen weeks, at a compensation of fifty cents (\$.50) an hour. (February 25, 1918).

The Board adjourned.

URBANA, ILLINOIS, June 1, 1918

I certify that in the foregoing pages, numbered 711 to 734 inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois and of the Executive Committee at the meetings held March 12, 1918, as approved by the Board on June 1, 1918.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES

—OF THE—

UNIVERSITY OF ILLINOIS

June 1, 1918

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Saturday, June 1, 1918, pursuant to the following notice which was sent out by the Secretary on May 24, 1918:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Saturday, June 1, 1918, to consider matters submitted by the President of the University and the Committees of the Board, and such other matters as may be duly submitted.

When the Board convened, the following members were present: Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Taggart, Mr. Trimble, Miss Watson.

President James was present, also, during a part of the afternoon, Professor J. M. White, Supervising Architect.

MINUTES APPROVED

The Secretary presented the minutes of the annual meeting held March 12, 1918.

On motion of Mrs. Evans, the minutes were approved as printed on pages 711 to 734, inclusive.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Board proceeded to the consideration of the following matters submitted by President James:

AUTHORITY TO CONFER DEGREES

(1) A request that the President of the University be given authority to confer degrees at the approaching Commencement on those young men and women who may be recommended by the various faculties, in accordance with the statutes of the University.

On motion of Miss Watson, this authority was granted.

SITE FOR MCKINLEY HOSPITAL

(2) A letter from the Comptroller concerning the purchase of lots 73 and 74 in College Place Addition to the city of Champaign, Illinois.

April 4, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to advise you that in accordance with the direction of the Board of Trustees, I have purchased from the Alumni Association of the Chi Beta Fraternity the following property: Lots 73 and 74 in College Place Addition to the City of Champaign, Illinois, located at the south-west corner of the intersection of Third Street and Armory Avenue. Lot 73 having a frontage of 57 feet on Armory Avenue and a depth of 120 feet, and lying west of Lot 74. Lot 74 having a frontage of 57 feet on Armory Avenue and 120 feet on Third Street. Purchase price of the above \$6,000.00, subject to six unpaid installments on Armory Avenue pavement at \$18.96 for each lot, total \$227.52 with 5% interest from January 1, 1918.

The abstract to the property has been fully approved by the Legal Counsel of the University. The Warranty Deed for the property is being recorded and will later be filed with the Secretary of the Board.

Cordially yours,

LLOYD MOREY

This report was received for record.

REPORT OF MESS, SCHOOL OF MILITARY AERONAUTICS

(3) A statement of the income and expense of mess hall No. 1 and mess hall No. 2 as at February 28, 1918.

March 19, 1918

Dean David Kinley, 109 Commerce Building

MY DEAR DEAN KINLEY:

I beg to enclose herewith statements of the two Mess Halls of the School of Military Aeronautics as at February twenty-eighth.

You will note from these statements the amounts of income and expense (exclusive of rent and overhead); the surplus from operation; the amounts of equipment purchased from such surplus, and the net balance of surplus in both accounts as at the above date.

Cordially yours,

LLOYD MOREY

INSURANCE AND TAXATION, PROPERTY IN CHICAGO

(4) A statement from the Comptroller concerning properties at the corner of South Wood and Polk Streets in the city of Chicago, purchased by the University in 1917.

April 17, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to advise you that the deeds to the properties at the corner of South Wood and Polk Streets, Chicago, purchased in 1917 as reported on pages 617-618 of the Board Minutes of November 9, have been properly recorded in the records of Cook County, also that these properties have been exempted from taxation as per certificates filed with the Board of

Assessors. I have also received from McKey & Poague the following insurance policies on the properties at 1756-1758 W. Polk Street:

# 276393	Germania	\$6,000	Expires March 31, 1919
1029100	Dubuque Fire		
	& Marine	2,000	" March 31, 1919
561278	Allemannia	2,000	" January 21, 1921
629523	Fidelity	Plate Glass	" January 24, 1919

The insurance policies on the properties at 721-725 S. Wood Street are in the hands of the holders of the mortgage on that property.

I have taken possession of the properties for the University and I am looking after the collection of rents and the payment of expenses on the properties.

I have deposited with the Secretary of the Board the deeds and insurance policies above mentioned, together with copies of the Certificates of Exemption.

Cordially yours,

LLOYD MOREY

Also a statement concerning the lease on the building at the north-east corner of the intersection of Wood and Polk Streets in Chicago.

Also a statement concerning the probable cost of acquiring the property on Polk Street immediately east of the one now owned by the University and extending to the alley-way between Wood Street and Hermitage Avenue.

These statements were received for record.

BOND FOR MILITARY SUPPLIES

(5) A letter from the Comptroller concerning the execution of a bond to the United States of America, covering the return of military supplies.

April 20, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

On November 18, 1917, Page 136, the Board of Trustees authorized me to execute a bond in favor of the United States of America for \$100,000.00 for one year, covering the return of military supplies. This bond would normally expire October 8, 1917, and should have been renewed or supplanted by a new bond at that time. During the fall, however, the government made frequent calls on the University for the return of various items of our military stores, until the amount on hand was reduced from \$49,326.03 to \$8,795.91.

I have made repeated efforts to secure proper direction from the War Department for the issuance of a new bond, so that the liability under the former bond might be terminated. I have just been able to secure the necessary blanks and authorization to proceed. A bond in an amount at least 25% in excess of the value of the property is required. As there is some fluctuation in value and some change in the amount of material from time to time, after conference with Major E. W. McCaskey, I recommend

that I be authorized to take out a bond in the amount of \$15,000. It is necessary that a resolution be passed by the Board of Trustees, authorizing me to do this, and that a certified copy of this resolution be attached to the bond.

I am enclosing herewith a draft of a resolution which will meet the requirements, and would request that this be presented to the Board for its ratification at the next meeting. It will be necessary for us to pay the premium on the former bond to about May 1, 1918, at a cost of approximately \$70.00. The premium on the new bond for one year will be \$15.00. I would recommend that an appropriation of \$85.00, or as much thereof as may be necessary, be made to meet this expense.

Cordially yours,

LLOYD MOREY

On motion of Mrs. Busey, Mr. Lloyd Morey, Acting Comptroller of the University of Illinois, was authorized to execute a bond to the United States of America to the amount of \$15,000, with the American Surety Company of New York as surety, covering the return to the War Department of military stores and supplies issued to the University for use in military instruction. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Taggart, Mr. Trimble, Miss Watson; noes, none; absent, Mr. Blair, Mr. Hoit, Mr. Lowden, Mr. Trevett, Mr. Ward.

MATERIAL FROM CROCKERLAND EXPEDITION

- (6) A report of the material obtained from the Crockerland Expedition.

AMERICAN MUSEUM OF NATURAL HISTORY NEW YORK

April 15, 1918

MY DEAR PRESIDENT JAMES:

We have taken up the distribution of the mammal material brought back by the Crockerland Expedition. The Crockerland Committee recommended that we present to each member of the Expedition a souvenir of his experiences in the North and I have accordingly given to each member a musk-ox skin and a caribou skin.

We have retained for the scientific series of our Museum twenty-five blue foxes for pelage series, nine Arctic hares, four adult polar bears and three cubs, eight walrus skulls, seven walrus tusks, skin of one walrus head, one narwhal skeleton, five narwhal tusks, one white seal, three dried seals, four white wolves, two adult and two young musk-ox skins.

This leaves for the University of Illinois the following specimens: twenty-five blue foxes for pelage series, one pair for mounting, and eleven fox skulls; one pair of Arctic hares; eight adult polar bears and seven cubs; twenty-six caribou skins and seven skulls; twenty-six musk-ox skins and eighteen skulls; ten walrus skulls and twelve walrus tusks; ten narwhal

tusks; sixteen seal skulls, and three dog skins. It gives me great pleasure to now turn this valuable material over to you.

The suggestion has been made that in view of the efficient service of Professor Bayley in the interest of the Crockerland Expedition he should be presented with a polar bear skin. While I heartily approve of this suggestion, I feel that the University of Illinois might prefer to make this presentation itself and I have accordingly refrained from doing so.

For your information I am enclosing herewith a complete list of the mammal specimens showing the distribution that we have made of them.

I am sure that these tangible results will do much to convince the members of your Board that the University has acted wisely in supporting this Expedition.

Believe me,

Always faithfully yours,

HENRY FAIRFIELD OSBORN

President

Professor W. S. Bayley estimates that the value of this museum material, according to current quotations, is in excess of \$35,000.

In addition to this, a very valuable part of the material obtained consists of the collections that have been sent here for study. These collections contain ethnological material, mollusks, parasites, fossils, rocks, and plants.

It is gratifying to the University to note that scientific men are already appreciating the valuable work done by our representatives on this Expedition, Mr. K. Elmer Ekblaw and Mr. Maurice C. Tanquary. I am sure that the Board of Trustees and his colleagues value highly the work which Professor Bayley has done as, practically, chairman of this committee. It has resulted in much benefit to the University.

This report was received for record.

UNIVERSITY ISOLATION HOSPITAL

(7) A report of the Health Officer of the University, Doctor J. Howard Beard, for April, showing that during the month there were thirty different patients in the Isolation Hospital with a total of 247 hospital days. 18 had the mumps, 3 smallpox, 1 measles, 1 scarlet fever, and seven had been sent to the Hospital by physicians to be observed, having shown symptoms of disease.

This report was received for record.

BARRACKS FOR SCHOOL OF MILITARY AERONAUTICS

(8) A letter from Dean Kinley, recommending that under certain conditions University Hall be put in shape for barracks for the School of Military Aeronautics, and that the Woman's Residence Hall be vacated. If the Federal Government wishes to enlarge the School beyond the present number during the coming winter, it will be necessary to provide additional barracks, and the use of University Hall for this purpose may be the best solution of the difficulty.

The following estimate of cost of remodeling University Hall for this purpose has been made by Professor White:

ESTIMATE OF COST OF REMODELING UNIVERSITY HALL

1. Building Changes		
(a) Mess Halls	\$ 4,700 00	
(b)		
1. Toilet and shower rooms, coat racks, etc.	\$ 3,900 00	
2. Screens for all doors and win- dows	1,000 00	
3. Two stair fire escapes.....	5,000 00	
4. Plumbing in toilets above base- ment	11,432 00	21,332 00
		<hr/>
		\$26,032 00
2. Kitchen Addition, exclusive of heat- ing, lighting and plumbing.....		9,000 00
(a) Plumbing in kitchen and hot water heating boilers.....	8,575 00	
(b) Heating, including 3" H. P. line	2,030 00	
(c) Electric power and light wir- ing, and lighting fixtures.....	5,065 00	
(d) New kitchen equipment.....	3,110 00	
(e) Galvanized iron sinks.....	1,628 00	
(f) Miscellaneous equipment.....	366 00	
(g) Shelving, counters, racks, etc.	880 00	
(h) Silverware, dishes, etc.....	2,300 00	
(i) Tables, chairs, etc.....	1,615 00	25,569 00
		<hr/>
		34,569 00
		<hr/>
		\$60,601 00

In my opinion, it will cost more than this, and I recommend that, if the Government asks the University to provide more barrack accommodations, I be authorized to turn over University Hall and remodel it for this purpose at a cost not to exceed \$75,000. This will necessitate, of course, the moving of the departments now in University Hall into other buildings. I do not think it would relieve the Woman's Residence Hall for its original purpose during the next year; at any rate. We should probably have to move the Department of Art and Design and the School of Music, and possibly the School of Education, into this building.

On motion of Mr. Carr, this recommendation was approved and the expense authorized, by the following vote: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Taggart, Mr. Trimble, Miss Watson; noes, none; absent, Mr. Blair, Mr. Hoit, Mr. Lowden, Mr. Trevett, Mr. Ward.

**LEASE OF ILLINOIS UNION BUILDING FOR MILITARY
AERONAUTICS**

(9) A proposed lease of the Illinois Union Building for the use of the School of Military Aeronautics.

May 16, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I am inclosing herewith a proposed lease between the University and the Illinois Union for the one building at No. 617-19 S. Wright Street, Champaign, for the use of the School of Military Aeronautics. The lease is approved by Dean Kinley as well as by Professor White, who is executing it as trustee of the Illinois Union.

I would recommend that I be authorized by the Board of Trustees to execute this lease.

Cordially yours,

LLOYD MOREY

LEASE

THIS INDENTURE, Made this thirteenth day of May, 1918, between James M. White, Trustees of the Illinois Union, as lessor, and the University of Illinois, as lessee, Witnesseth as follows:

That the said lessor hath this day leased to the said lessee the premises known as 617-619 South Wright Street, situated in the City of Champaign, in the County of Champaign and State of Illinois, to be occupied by said lessee for the uses of the School of Military Aeronautics, for and during the term of one month from the fourteenth day of May A. D. 1918 to the fourteenth day of June A. D. 1918, and for so much longer as the lessee desires to use the building for the purpose aforesaid, the termination of said term to be thirty days after written notice by the lessee to the lessor of its election to discontinue its occupancy of the building, upon the terms and conditions hereinafter set forth, and said lessee hereby accepts said lease upon said conditions, and covenants to perform the same as follows:

First. The said lessee shall pay to the said lessor as rent for said premises the sum of One Hundred Dollars (\$100.00) upon delivery hereof for rent to the fourteenth day of June, 1918, and the further sum of One Hundred Dollars (\$100.00) upon the fourteenth day of each and every month thereafter during the continuance of the term hereby created, the same being monthly rent at the rate of One Hundred Dollars (\$100.00) payable monthly in advance at the office of James M. White, Trustees, 256 Administration Building, Urbana, Illinois.

Second. Said lessee agrees to surrender the possession of said premises to said lessor upon the termination of the term above created, and further agrees to make all changes and betterments necessary to be made inside the building for the purposes for which the said building is to be used, and further agrees to maintain and keep the same in as good condition and repair as the same shall be upon taking possession thereof, natural wear, injury by fire or other inevitable accidents excepted.

Third. Said lessor hereby agrees to maintain the exterior of the building and the existing heating and plumbing installations.

In Witness Whereof, The said parties have hereunto set their hands and seals this day and year first above written.

JAMES M. WHITE (SEAL)
Trustees for the Illinois Union.

UNIVERSITY OF ILLINOIS
By..... (SEAL)
Comptroller

On motion of Mr. Carr, this recommendation was approved and authority was given to the Comptroller to execute and sign the proposed lease.

FOUR-YEAR MILITARY CURRICULUM

(10) A committee, consisting of Dean K. C. Babcock, Major E. W. McCaskey, Professor A. N. Talbot, Professor S. A. Forbes, Professor J. B. Shaw, Dean N. A. Weston, and Professor F. H. Newell, Chairman, presented to the University Senate on March 11, 1918, a report on a Four-Year Military Curriculum at the University, embodying the following recommendations:

1. That the present equipment of the University, both as regards instructors and material, be used as fully as possible but with the addition of army officers detailed for military work and other needed specialists.

2. That the proposed four-year military curriculum follow as nearly as practicable the educational standards and methods established in the various schools and colleges of this University.

3. That the first-year and second-year men who may elect to take the four-year military curriculum follow quite closely the general engineering curriculum to lay a foundation for future civil or military technical instruction.

4. That in the summer between the first and second years all students in the four-year military curriculum, whether enlisted or not, be sent into camp at the University or at one of the training camps established by the government and that while there they be given intensive military training such as will demonstrate the fitness of each student for continuation in his chosen military course. This discipline and military instruction should be equivalent to four credit hours a week throughout the college year.

5. That between the second and third years there be a decided break, at which time determination is more definitely made as to each man's ability to serve as an officer. The summer season must be spent by the successful men in some professional or military occupation to be approved by the appropriate University authority.

6. That the studies of the students in the third and fourth years

should include a considerable number of courses now given in some one of the engineering curriculums, but with technical options especially designed to prepare the students for one or another arm of the service such as infantry, artillery, quartermaster, or engineering, together with courses in military strategy, military history, or sanitation, with a view to fitting the student for a commission in the regular army of the United States either in the Corps of Engineers (as permitted by act of February 27, 1911) or under other acts or provisions.

7. That during the summer between the third and fourth years specialized work in training camp or elsewhere be required under conditions approved by the appropriate University authority.

8. It is planned that at the conclusion of the four-year¹ military curriculum here described the men will receive the degree of Bachelor of Science or the equivalent.

9. Under the operation of this scheme and during the continuance of present conditions, the students may or may not be of draft age. They may be enlisted men who for their scholarly ability are put on the inactive list to receive further instruction and kept here during the successful pursuance of their studies. Whichever way the army officers may decide with reference to college men not actually taken by the draft, or left temporarily, it will be practicable to meet many of the conditions which it is assumed may arise.

10. Under this proposed arrangement it will not be necessary to have barracks nor to prescribe unusual discipline during the college year for these students taking the four-year military curriculum, nor to segregate them from the other students in the University. They will be expected to take full military drill, presumably as non-commissioned or commissioned officers after the first year and first summer camp. They will receive the greater part of the discipline necessary for an officer in these summer camps, but during the college year they will be relatively free to pursue the engineering and related studies such as should enable them in later life, after their service with the army has been completed, to enter civilian occupations.

On motion of Mr. Trimble, it was voted that, if the University Senate approve this report, the President of the University be authorized to establish such a curriculum.

ADDITION TO LIBRARY STACK ROOM

(11) A proposed plan of a stack-room addition to the University Library immediately adjoining the present stack-room on the south. These plans have been drawn up by Professor White and his accompanying letter explains the details. The Librarian is very insistent that, if the Trustees can at all see their way clear to follow his suggestion, the proposed addition, including an elevator and an unpacking room, be erected at the same time with the stack.

May 28, 1918

President E. J. James, 355 Administration Building

DEAR SIR:

A stack room addition to the Library 34 x 67 feet, inside dimensions, will accommodate 41,000 volumes on each tier in height. We should, at the present time, build four of these tiers over the entire area, which will give us a book capacity of 164,000 volumes.

Upon these stacks we can lay a permanent floor so as to make the space above them available for the cataloging department, which at the present time requires working space for 35 persons.

Professor Windsor estimates that to take care of our normal annual increase for three or four years, and to provide shelf space for all the books which we now own, including duplicates and special libraries, will require a stack capacity of 200,000 volumes. 23,000 to 25,000 volumes stack capacity can be added in the basement rooms vacated by the working force, which still leaves us short of the estimated needs.

This building, built without any exterior finish, but permanent as far as the interior is concerned and with a low pitch fireproof roof, is estimated to cost \$25,000.

I have no bids on the book stacks, but they will undoubtedly cost twenty cents (20 cents) a volume, which, for the 164,000 volume capacity, would be 32,800.

For an additional \$10,000 we could install the elevator, build an unpacking room on the first floor of the court and extend the stack-room to the east wall of the court, which would give an additional book capacity of 35,280 volumes, with a corresponding increased cost of stacks of \$7,056.00.

Yours truly,

JAMES M. WHITE

Supervising Architect

On motion of Mr. Carr, the Supervising Architect was authorized to proceed with the construction of the stack-room addition to the Library, including the elevator and the unpacking room, at a total estimated cost of \$35,000. The vote was as follows: Ayes, Mr. Abbott, Mrs. Busey, Mr. Carr, Mr. Taggart, Mr. Trimble, Miss Watson; noes, Mrs. Evans; absent, Mr. Blair, Mr. Hoit, Mr. Lowden, Mr. Trevett, Mr. Ward. Mrs. Evans explained her negative vote by stating that she could not vote for what she believed would be an unsightly structure.

RESIGNATION OF PROFESSOR ROBERT GRAHAM

(12) A statement that, subject to the approval of the Board, he had accepted the resignation of Doctor Robert Graham as Professor of Animal Pathology to take effect June 1, 1918.

This action was approved.

CALIBRATION OR STANDARDS LABORATORY

(13) A statement that under authority given by the Board of Trustees [minutes, July 21, 1916, page 62], Dean Goss had informed the State Public Utilities Commission of the State of Illinois that the University would be willing to establish such a laboratory, under certain conditions. This letter was dated January 4, 1917, but no reply was received until November 6, 1917, when the Chief Engineer, Mr. J. H. Prior, indicated the willingness of the State Public Utilities Commission to cooperate.

Dean C. R. Richards recommends that the University inform the State Public Utilities Commission that it cannot under the present circumstances go on with this plan at the present time.

This recommendation was approved.

UNIVERSITY PRESS

(14) A request for authority to organize a University of Illinois Press as soon as circumstances make it convenient. We have been discussing for several years the organization of a University Press to take over gradually the entire work of printing and publishing which is done by the University through its various departments. I think that important savings could be effected and a much more efficient organization of the publishing work of the University be brought about. We have had two or three committees at different times reporting on this subject, and in general the project has had the approval of the Board of Trustees, as is shown by their authorization, some two years ago, of the organization of the Print Shop on a larger scale (See pages 190, 245, and 333).

On motion of Mr. Carr, the President of the University was authorized to organize the University of Illinois Press with a Director and the requisite staff.

McKINLEY HOSPITAL

(16) The following statement:

It is very necessary, in my opinion, to proceed as rapidly as possible with the erection of the McKinley Hospital. We need it very much in our ordinary routine health work of the University. It would be a considerable help if the School of Military Aeronautics should be enlarged so as to require hospital facilities beyond what we have already contemplated. It would also be of great help, if the Government should ask us to organize and conduct a reconstruction hospital. I am submitting the plan, which has been prepared by Professor White, and recommend that it be adopted and that he be authorized to proceed with the further plans and construction of the hospital.

I have been in communication with Mr. McKinley in regard to the matter. He was, at first, inclined to think that we ought to wait until the war is over, but this hospital, in my opinion, may become a very important part of the war work itself. Mr. McKinley now acquiesces in this view.

On motion of Mr. Trimble, the plans prepared by the Supervising Architect were approved and the President of the Univer-

sity was authorized to proceed with the construction of the hospital.

PLANS FOR RECONSTRUCTION HOSPITAL

(17) Plans of a University Hospital to be located on the property now owned by the University, immediately south of the School of Pharmacy buildings on South Wood Street. The full details will be presented, if possible, at the next Board meeting.

No action was taken on this matter.

REGULATIONS, ISOLATION HOSPITAL

(18) A set of regulations for the administration of the University Emergency Hospital. These regulations have been carefully prepared by a committee consisting of the University Health Officer, Doctor J. Howard Beard, and the Dean of Men, Professor Thomas A. Clark. They have been submitted to the University Council of Administration and approved by it. I recommend that they be approved by the Board.

On motion of Mr. Carr, the regulations for the administration of the Hospital were approved.

CONTRACT FOR MILITARY UNIFORMS

(19) Certain recommendations from the Comptroller of the University concerning military uniforms for the year 1918-19.

May 9, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to submit herewith recommendations concerning the contracts for Military Uniforms for the year 1918-19.

I secured bids from all concerns who would submit proposals, and had all samples of cloth tested by the textile division of the Household Science Department and have canvassed the matter with Professor White and Major McCaskey. My recommendations are concurred in by them and as shown in detail on the inclosed schedule, are scheduled as follows:

1. That contracts be executed with Jacob Reed & Sons of Philadelphia for uniforms for the Cadet Regiment, at a price of \$28.45, and for uniforms for the Military Band, \$28.25.

2. That a contract be made with J. M. Kaufman & Company of Champaign for the shirt and accessories as per inclosed schedule at a total cost of \$7.91.

3. That I be authorized to collect from all men students entering the University next fall the sum of \$36.36 to cover the cost of their Military Uniforms.

The uniform furnished during the year 1917-18 including accessories cost a total of \$26.63 per student. The uniform for the Military Band for that year cost \$16.95. It has been impossible for us to secure satisfactory bids at prices at all corresponding to these. The materials which have been selected are all wool, of fast color, made by reliable mills, and are of such

material that there will be little danger of their being required by the government. In previous years a contract has also been placed, whereby a local firm agreed to stock for us a certain kind of shoe and sell to our students at a stated price. On account of the greatly increased market for military supplies in this community numerous satisfactory shoes are regularly on sale and there seems to be no reason for placing a contract for this item for the next year. These recommendations are submitted for the approval of the Board of Trustees and I trust they may receive early and favorable action.

Cordially yours,
LLOYD MOREY

SCHEDULE OF CADET AND BAND UNIFORMS TO BE
PURCHASED FOR THE YEAR 1918-19

For the Cadet Regiment

From Jacob Reed & Sons:

Coat and Breeches made of cloth # 1615, Charlottesville Woolen Mills	\$ 25 95	
Cap, including insignia, # 1615	2 25	
R. O. T. C. sleeve ornaments.....	25	\$ 28 45

From J. M. Kaufman & Company:

Shirt, made of cloth # 903	\$ 4 25	
Web waist belt	34	
Canvas Puttees # 50, per pair	1 27	
Olive Drab gloves, per pair	48	
Linen collar	15	
Tie ..	25	
U. of I. Monograms, per pair.....	17	
R. O. T. C. metal ornaments for coat, per set....	50	
R. O. T. C. ornaments for shirt, per set.....	50	7 91

Total of equipment for Cadet Regiment..... \$ 36 36

For the Military Band

From Jacob Reed's Sons:

Coat and Breeches made from cloth 21 x 28, including all ornaments 21 x 28, is # 1382 Charlottesville Mills	\$ 25 50
Cap, cloth 21 x 28, including ornament.....	2 75

Total of equipment for Military Band \$ 28 25

The Government granted a rebate of \$14 to the students who purchased uniforms for the present year. A similar rebate will probably be made next year, in which case the uniforms with accessories will cost the students a little over \$20.

On motion of Mr. Carr, these recommendations of the Comptroller were approved.

ADDITION TO GYMNASIUM ANNEX

(20) A report on the construction of the addition to the Gymnasium Annex for use of the U. S. School of Military Aeronautics.

This report was received for record.

LEAVE OF ABSENCE FOR PROFESSOR CANTER

(21) A request from Professor H. V. Canter for the usual sabbatical year with leave of absence on one-half pay. He wishes to spend his year, however, in the service of the Y. M. C. A. abroad, instead of spending it in study as the Statutes of the University require. I recommend that leave of absence on one-half pay be granted.

On motion of Mrs. Evans, this recommendation was approved.

FIRE INSURANCE ON UNIVERSITY BUILDINGS

(22) A communication from Mr. Alexander Prussing on fire insurance on University buildings and property in Chicago.

No action was taken on this matter.

APPROPRIATIONS FOR BUILDINGS

(23) A letter from the Comptroller in re appropriation for buildings.

May 17, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

The appropriation of \$250,000 for building projects included in the budget for 1917-18 (page 454), has been exhausted. I am advised by the Supervising Architect that disbursements amounting to approximately \$100,000 will likely be necessary before July 1. This sum includes the following estimates:

Music Building	\$ 35,000
Education Building	60,000
Sundry projects	5,000
Total	\$100,000

I would therefore recommend that an additional appropriation of \$100,000 be made by the Board of Trustees to meet these estimates.

The expenditures under this appropriation to date have been made almost entirely from the State appropriation for buildings, and in addition there have been charged against that appropriation as many items included in other parts of the budget as were from their nature possible and proper. The biennial appropriation of \$500,000 for buildings shows at this time therefore a balance of approximately \$215,000. Of the above estimated disbursements approximately \$65,000 will be paid from this balance, the expenditures on account of the Music Building being made from the General Fund. There will therefore be available from the State appropriation approximately \$150,000 for next year's budget.

Cordially yours,

LLOYD MOREY

On motion of Mr. Trimble, this recommendation was approved.

LEASE OF Y. M. C. A. BUILDING

(24) A letter from the Comptroller concerning the agreement with the Y. M. C. A. for the lease of its building and fixtures for the use of the School of Military Aeronautics.

May 31, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to submit herewith an outline of a proposed agreement with the Y. M. C. A., for the lease of its building and fixtures for the use of the School of Military Aeronautics, for the lease to it of the former President's house on the campus, and for the purchase from it of certain movable equipment. This has been drawn up in line with the action of the Board on February 16, page 646, and has been fully agreed to by the representatives of the Y. M. C. A., and by Dean Kinley, Professor White, and myself for the University. A letter is inclosed from Dean Kinley containing his recommendation and making certain comments regarding the terms. I also inclose a schedule showing the comparison between the proposed agreement as presented to the Board, February 16, page 641, and the present proposed agreement. The present plan carries with it a payment of a somewhat larger amount to the Y. M. C. A. than the former but disposes fully of the matter of reconstruction which in the former plan was left for later consideration. In my opinion the interests of both parties are well taken care of in the plan now proposed.

I recommend that I be given authority to execute a lease with the Y. M. C. A. on the basis of the inclosed schedule and to purchase from the Y. M. C. A. its movable dining room and kitchen equipment for the sum of \$5,000.

Cordially yours,

LLOYD MOREY

**PROPOSED AGREEMENT WITH THE Y. M. C. A.
FOR BUILDING AND EQUIPMENT**

A. *Lease of Building and Fixtures*

1. The Y. M. C. A. will lease to the University of Illinois its entire building and fixtures, except as hereinafter provided, for one year from January 1, 1918, with an option of renewing the lease from year to year. Unless notice to the contrary is given 60 days prior to January 1st each year, it is to be assumed by the Association that the University will exercise its option. On the other hand the University may terminate its lease on June 30th of any year by giving notice to the Association 60 days prior to that date. The University is to operate and maintain the building and fixtures as to use resulting from occupancy, but not as to ordinary wear and tear. Total rental \$12,000 per year.
2. The University will turn over to the Association for its use the former President's House at a rental of \$2,500 per year, heat, light, and water furnished, and building maintenance.

3. The balance of \$9,500 represented by the net difference between the two leases will be payable in monthly installments in advance, except as hereinafter provided.

4. The Y. M. C. A. will assume expenditures made by the University for necessary repairs and reconstruction incident to putting the building into habitable condition satisfactory for the purposes of the University over and above \$5,000 to the amount of \$9,082.89. This amount is to be collected from the Association by crediting \$4,500 of the rental to the University each year until the amount is paid. Such credit is to be apportioned pro rata against the monthly installments for rent. Should any balance remain at the expiration of the lease the same will be due and collectible one year thereafter.

B. *Purchase of Equipment*

The University of Illinois will purchase from the Y. M. C. A. its movable dining-room and kitchen equipment as per list, at a net purchase price of \$5,000. This amount to be paid in cash.

Recommended for the University

LLOYD MOREY
J. M. WHITE (verbal)
DEAN KINLEY

Proposed for the Y. M. C. A.

S. W. PARR
HENRY E. WILSON
ROGER F. LITTLE

On motion of Mr. Trimble, this recommendation was approved and the Comptroller was authorized to sign a lease based on these provisions.

SYMPHONY CONCERTS

(25) A letter from the Comptroller concerning the Symphony Concert Course for 1918-19.

May 25, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I have been considering with Mr. Erb the matter of the Symphony Concert Course for next year. The course has now completed five successful seasons. When it was originally laid out it was stated that the course probably could be conducted at a net expense to the University per year of not more than \$1,500. I inclose a schedule showing the income and expense for each season. You will note that the net expense has been each year considerably less than the maximum set, and that the average for the five years is only \$1,088.69 per year. The receipts from the course of the past year were about \$150.00 less than those for the lowest of the four preceding years.

It appears that by engaging one of the newer orchestras for next year with three of the older orchestras the expense can be reduced to about \$4,500. It is our opinion that the receipts for next year can be held to the same figure as those of past years. The net expense, therefore, would not exceed the average for the past five years and would probably be less than for 1917-18.

In view of these facts I would urgently request that I be given authority to place contracts for the continuation of the course next year.

Cordially yours,

LLOYD MOREY

SUMMARY OF INCOME AND EXPENSE SYMPHONY CONCERTS

<i>Symphony Concerts</i>	<i>Disbursements</i>	<i>Receipts</i>	<i>Net Expense to University</i>
1913-14	\$5,000 00	\$3,985 00	\$1,015 00
1914-15	4,896 11	4,098 00	798 11
1915-16	4,997 40	3,751 25	1,246 15
1916-17	4,999 73	4,011 50	988 23
1917-18	5,000 00	3,604 02	1,395 98

Average yearly net expense\$1,088 69

On motion of Miss Watson, the recommendation of the Comptroller was approved and he was given authority to place contracts for the continuation of the Symphony Concert Course next year in accordance with the plan already approved.

CIVIL SERVICE SALARIES

(26) A recommendation from the University Committee on Civil Service Relations that the maximum salary for the position of University Stenographer, Rank II, be raised from \$75 a month, as it stands at present, to \$85 a month, subject to the approval of the State Civil Service Commission.

On motion of Mrs. Evans, this recommendation was approved.

LISTING OF FISHER FARM FOR SALE

(27) A recommendation from the Comptroller that he be authorized to place the Smith farm near Fisher in the hands of Mr. Howard Nash of Champaign for sale at a price of \$275 per acre, the University to pay the agent \$2.00 per acre in case of a bona fide sale. It is understood that the farm will not be put in other hands between June 1 and September 1, 1918.

On motion of Mr. Trimble, this recommendation was approved.

STEREOPTICON SLIDES FOR WAR WORK COUNCIL

(28) A request of the National War Work Council that the University present to it for use in the training camps of the National Army and in the front line sectors wherever there are American troops such stereopticon slides as the University can properly spare.

On motion of Miss Watson, the President of the University was authorized to present such slides as may be of use to the National War Work Council and can be spared from the work of the departments of the University.

AGRONOMY BARN

(29) A statement that in accordance with the action taken last year in regard to the erection of the Agronomy barn, he had authorized the Supervising Architect to proceed with the erection of this barn at a cost of \$4,000.00 to be charged to Agronomy Funds, (see page 378, Minutes of the Board of Trustees).

This statement was received for record.

PURCHASE OF BOOKS

(30) A request of the University Librarian that he be authorized to place orders for the purchase of books for the next fiscal year to an amount not exceeding \$19,000, or one-half the regular departmental assignments for books; and also, that similar authority be given to purchase books for the Library of the College of Medicine, the amount not to exceed \$1,000 and to be charged to next year's budget.

On motion of Mrs. Evans, this recommendation was approved.

REGISTRANTS AT AMERICAN UNIVERSITY UNION IN EUROPE

(31) A list of University of Illinois men who have registered at the American University Union in Paris.

This list was received for record.

CONTINUOUS WORK IN ENGINEERING

(32) A statement from Dean C. R. Richards concerning continuous work in engineering.

No action was taken in this matter.

PATENTS ON PROCESS FOR COKING COAL

(33) A letter from Dean C. R. Richards concerning the securing of certain patents, relating to the coking of coal, with proposed articles of agreement between the Board of Trustees of the University of Illinois, Urbana, Illinois, and Mr. A. T. Hert of the American Creosoting Company, Louisville, Kentucky.

May 28, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

On February 8, 1916, the Board of Trustees authorized you to approve a proposal for a cooperative investigation on the coking of coal, to be conducted by the Engineering Experiment Station in cooperation with Mr. A. T. Hert of Louisville, Kentucky.

Under this agreement Professor S. W. Parr and Dr. T. E. Layng have been engaged during the past years in research work on the coking of coal on a scale considerably larger than that of the original laboratory investigations conducted by Professor Parr. Apparently the results of this cooperative investigation seem to indicate that the process discovered by Professor Parr has great commercial possibilities and that consequently the process itself may become exceedingly valuable if properly protected.

Under this cooperative agreement Mr. Hert has spent something over \$12,000 on the investigation. He and his associates now feel that there is nothing further to be gained by continuing the investigation on a small scale, and that the next step will be the development of apparatus of commercial size, which will involve expenditures of \$200,000 or more. In a letter dated April 17, 1918, Mr. E. B. Fulks, Vice-President of the American Tar Products Company, Chicago, Illinois, who is one of Mr. Hert's associates, requests that the cooperative agreement be terminated. In this letter, a copy of which I enclose, Mr. Fulks requests that some arrangements be made whereby patents on this process will be applied for, and that Mr. Hert be given a license to use the patent under such conditions as will protect him and his associates and justify their expenditure of large sums in the commercial development of the process.

I have prepared a draft of certain Articles of Agreement between the Board of Trustees and Mr. Hert, covering the points which seem to me should be included in any final contract entered into with Mr. Hert. It is possible that Mr. Hert and his associates may desire to have some of the conditions named in these Articles modified before he will sign the contract. In the meantime, however, it seems to me that you and the Board of Trustees should be advised of the negotiations and should indicate your approval of the tentative contract herewith presented.

Very cordially yours,

C. R. RICHARDS

April 17, 1918

Professor C. R. Richards, Dean of the College of Engineering

DEAR SIR:

In the early part of 1916, there was formed a cooperative arrangement between the University and Mr. A. T. Hert, of Louisville, for the purpose of investigating the possibility of making coke of Illinois coal. This arrangement was consummated, formally, by an exchange of letters dated January 18th and 21st, 1916, between Dean Goss and myself; therefore, it should be closed in the same manner, I presume.

This investigation has extended through a period of about two years and has involved an expenditure on our part of slightly over eleven thousand dollars. The results obtained have been highly satisfactory to us, and we trust they may be equally so to the University.

In terminating this agreement, there arises a question concerning which, perhaps, there should be a definite understanding. This question relates to the possibility of securing a patent covering some discoveries which have been made during the course of the investigation.

It has been demonstrated that under the proper conditions and control, good coke can be made from Illinois coal, and it may be possible that the process for bringing about these proper conditions is subject to patent. This is being investigated by our patent attorney and should he advise favorably, we will initiate proceedings for securing such a patent. The

possession of this patent probably would be of no great intrinsic value if considered solely as a patent on a process, but it might be of considerable value as a protection against someone who subsequently might obtain a patent of similar nature and attempt to prevent us using our own process.

As yet there has been developed no apparatus for the economical operation of this process on a commercial scale. We are preparing to undertake on our own account and upon a very large scale, a new series of experiments for the purpose of developing such apparatus, and we feel so assured of success that we are prepared to expend \$200,000 or more, if necessary, for conducting the investigation.

In view of the fact that we have been the instrumentality which made possible the investigation out of which grew the discovery of the process, and to the further fact that we are willing to provide the funds necessary for the development of the process to its full possibilities, we naturally expect to derive a considerable benefit from the commercial operation of the process, and this of course would imply our control of the patents covering it. We would not desire, and do not expect, to use these patents as a means for preventing the coking of Illinois coal, but quite the contrary. It would be our purpose to make this the basis of an entirely new industry in the State and to push its development to its fullest commercial possibilities. We assume that the only interest the University has in the matter is that of seeing that the development of an industry of such great possible benefits to the State be not delayed nor restricted. We feel, however, that if the matter be placed in our hands, it will be developed more rapidly and to a greater extent than by any other agency and we have no hesitancy in assuring you that we would use our utmost endeavors toward consummating its development.

If the arrangement we have suggested meets with your approval, we shall consider our cooperative agreement as terminated, and will proceed at once with our plans for the further development of the Process.

Yours very truly,

E. B. FULKS

Proposed ARTICLES OF AGREEMENT between the Board of Trustees of the University of Illinois, Urbana, Illinois, and Mr. A. T. Hert of the American Creosoting Company, Louisville, Kentucky, to provide for the prosecution of an application for a patent on the process for the coking of coal, perfected in the laboratories of the University of Illinois by Professor S. W. Parr and Dr. T. E. Layng, under a cooperative agreement entered into with Mr. Hert and the Engineering Experiment Station of the University of Illinois on February 8, 1916; for the assignment of the patent, if granted, to the Board of Trustees; and for a license to use this patent.

1. It is mutually agreed that Professor S. W. Parr and Dr. T. E. Layng are authorized and directed to apply in the United States for a patent on the process for the coking of coal, which was perfected by them

in the laboratories of the University of Illinois in cooperation with Mr. A. T. Hert, and in such foreign countries as may hereafter be designated by the Board of Trustees, all expenses connected therewith to be borne by Mr. Hert.

2. In the event that patents on this process for the coking of coal are issued, the patentees shall immediately turn over and assign the same to the Board of Trustees of the University of Illinois for a consideration of one dollar (\$1.00) for each patent thus assigned.

3. In consideration of the contribution of funds for the prosecution of the investigation on the coking of coal and for the expenses incurred in obtaining patents on the process thus developed, amounting to a total expenditure of about twelve thousand dollars (\$12,000), the Board of Trustees agrees to execute a license to Mr. A. T. Hert for the use of the aforesaid patents under the following terms:

(a) That the license shall provide for the exclusive use of the patent during a term of eight years from the date when the application for the patent is filed, with the understanding that this patent shall not be sublet by the licensee, except on such terms as may be approved by the Board of Trustees of the University of Illinois, and that this license shall become void at any time during this period that the licensee fails to prosecute diligently the commercial development of this process for the coking of coal.

(b) That if at any time during this initial period of eight years the licensee shall have become fully reimbursed for all expenditures connected with the commercial development of this process, he shall thereafter pay to the University of Illinois the sum of ten cents (\$.10) per ton for each ton of coal used in the plant or plants which have been constructed.

(c) That the initial license shall provide for the extension of the license for the use of the patent or patents for the remainder of the life thereof, in such plants as may have been developed by the licensee during the initial term of eight years, provided, however, that the licensee shall pay to the University of Illinois a royalty such as may be agreed upon at that time, for all coal used in said plants during the period covered by the second license.

(d) That after the expiration of the initial license for the exclusive use of the patent or patents during the term of eight years from the date when the application for the patent was filed, the Board of Trustees of the University of Illinois will grant additional licenses covering the operation of new plants which the original licensee may desire to develop under such terms and royalties as may at that time be mutually agreed upon. It is further understood and agreed that the Board of Trustees shall be free to license any other corporation to use

this patent on the coking of coal, after the expiration of the initial exclusive license granted Mr. Hert under this agreement.

Signed.....

*Secretary of the Board of Trustees of the
University of Illinois
(Seal)*

On motion of Mr. Trimble, this proposed plan was approved in general and authority was given to negotiate such a contract and to present it to the Board of Trustees for approval.

COLLEGE OF EDUCATION

(34) A statement that the University Senate voted, on May 27, to recommend the establishment of a College of Education with the customary administrative organization, according to the following plan:

1. That for admission as a regular student and a candidate for a degree an applicant must have met the matriculation requirements and have completed at least 65 semester hours of a curriculum in a college of the University; or if admitted upon transfer of credit from another institution, must present the equivalent of the foregoing.

2. That the curriculum of the college of education shall provide for 65 semester hours and that the degree granted upon their completion shall be the Bachelor of Science (in education).

3. That the college of education shall have administrative responsibility for the following courses:

(a) Courses in general educational theory and practise (such as are now included in the Department of Education).

(b) Courses in special educational theory and practise (such as agricultural education and the teaching of English), which have been or shall be established with the joint approval of the college of education and the departments and colleges concerned.

4. (a) The selection of instructors in the courses mentioned in paragraph 3 (b) shall be made upon the joint recommendation of the dean of the college of education and of the heads of departments and the deans of the colleges concerned.

(b) That these instructors shall be members of both the faculty of the college of education and the other colleges concerned, and shall have such quality of scholarship and teaching ability as to permit of their offering courses in both colleges.

(c) That recommendations and criticisms concerning the work of these instructors in the college of education shall be made to them through the dean of the college of education.

On motion of Mrs. Evans, the President of the University was authorized to proceed with the organization of such a College of Education along the general lines approved by the Senate.

BUREAU OF EDUCATIONAL RESEARCH

(35) A recommendation from the Acting Director of the School of Education, Doctor W. W. Charters, approved by the Dean of the College of Liberal Arts and Sciences and the Dean of the Graduate School, that a Bureau of Educational Research be established in the School of Education for the purpose of investigating the problems of teaching and school administration, collecting information concerning the best educational practises of this and other countries, and placing the results obtained before the schools of this state. For the organization of this Bureau, it is recommended that a Director be appointed at a salary of \$4,500 a year, and that an appropriation of \$9,000 be made for the equipment and expense of the Bureau for the year ending June 30, 1919, such appropriation covering permanent equipment, clerical service, printing, and incidentals.

It was also recommended that the President of the University be given authority to appoint Doctor Burdette Ross Buckingham to be Director of the Bureau of Educational Research and Professor of Education at a salary of \$4,500 a year, beginning July 1, 1918, or at such date before September 1, 1918, as the President of the University may deem best.

On motion of Mr. Trimble, these recommendations were approved and the President of the University was given authority to proceed with the organization of the Bureau along these lines.

SUMMER SESSION SALARY BUDGET, 1918

(36) The Summer Session salary budget for the year 1918, the total amount being \$26,920 as compared with \$27,750 of last year.

			\$26,920

This budget was approved.

CONTINUOUS SESSION IN MEDICINE

(37) A statement that in accordance with the authority previously given by the Board of Trustees, he had authorized the College of Medicine to begin a continuous session on the Quadrimester system on June 3, 1918, as a war emergency measure for the benefit of those students who are entering, or who are in, the Medical Enlisted Reserve Corps.

This statement was received for record.

CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANTS

(38) The Committee on Accountancy recommends that William Epple, Harty Charles Goettsche, Florence L. Sivertson, and Clarence A. Niquette be awarded the certificate of Certified Public Accountant, they having passed in all four of the subjects prescribed by law in the examination held on December 18-20, 1917.

This recommendation was approved.

NOTE OF APPRECIATION FROM COLONEL PEARSON

(39) A note from Lieutenant Colonel William F. Pearson, Commandant of the School of Military Aeronautics, expressing to the Board of Trustees his appreciation of the treatment accorded him since he has been stationed at the University as Commanding Officer of the School of Military Aeronautics.

This statement was received for record.

GRADUATE SCHOLARS AND FELLOWS, 1918-19

The Secretary presented also for record the following lists of scholars and fellows in the Graduate School, (term ten months) and of Research Graduate Assistants in the Engineering Experiment Station (term two years) for the academic year 1918-19:

Graduate Scholars and Fellows

AGRONOMY	E. A. de Turk	<i>Fellowship</i>	\$450

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented also for record the following list of appointments made by the President of the University:

Arnold, Rossleene M., Assistant in Chemistry, from April 1, to June 30, 1918, at a salary of fifty dollars (\$50) a month; this appointment superseding her previous appointment. (April 11, 1918*).

Atwood, C., Assistant State Leader in Smith-Lever work, at a salary of twenty-one hundred dollars (\$2100) a year, beginning April 1, 1918, and continuing until August 31, 1918. (April 13, 1918).

Bard, Catherine A., Stenographer in the office of the President, at a salary of ninety dollars (\$90) a month, beginning May 1, 1918, and continuing until further notice, subject to the rules of the Civil Service Commission. This appointment supersedes her previous appointment. (May 13, 1918).

†Bayley, P. L., Instructor in Signalling in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning April 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (March 16, 1918).

†BonDurant, W. H., Instructor in the United States School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning

*The date in parenthesis is the date on which the appointment was made by the President of the University.

†Appointment made by Vice-President Kinley.

May 13, 1918, and continuing until further notice. (May 14, 1918).

Borden, R. F., Instructor in Mathematics, for ten months beginning September 1, 1918, at a salary of one hundred twenty dollars (\$120) a month. (April 30, 1918).

*Brigham, M. H., Instructor in Gunnery in the United States School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month (less government salary), beginning April 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (March 16, 1918).

Burkhart, G. J., Druggist in the College of Medicine, for two months beginning May 1, 1918, at a salary of forty-five dollars (\$45) a month. (May 7, 1918).

*Castle, D. W., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 18, 1918).

*Chisholm, W., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 18, 1918).

Comee, W. C., Assistant in Clinical Laryngology, Rhinology, and Otology, in the College of Medicine, from May 1, 1918, to August 31, 1918, without salary. (May 11, 1918).

*Corzine, H. W., Instructor in Gunnery in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning May 1, 1918, and continuing until further notice. (May 2, 1918).

Cushman, R. E., Associate in Political Science, for two years beginning September 1, 1918, at a salary of nineteen hundred dollars (\$1900) a year.

*Cuskaden, Major, Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning May 6, 1918, and continuing until further notice. (April 30, 1918).

Dalbey, Nora E., Assistant in Botany, from April 1, 1918, to June 15, 1918, at a salary of ninety dollars (\$90) a month. (March 30, 1918).

Davis, Winfield, Mailing Clerk in the Engineering Experiment Station, at a salary of forty dollars (\$40) a month, beginning March 4, 1918, and continuing until further notice, subject to the rules of the Civil Service Commission. (March 19, 1918).

*Dorr, Otto, Instructor in Gunnery in the United States School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning April 11, 1918, and continuing until further notice. (April 12, 1918).

*Dunlap, B. H., Instructor in Signalling in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125)

*Appointment made by Vice-President Kinley.

a month, beginning June 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (May 22, 1918).

*Eddy, H. T., Instructor in Engines in the United States School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month beginning April 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (March 16, 1918).

Ericson, Edna P., Technician in Chemistry, in the College of Medicine, from March 5, 1918, to June 30, 1918, at a salary of fifty dollars (\$50) a month. (March 16, 1918).

*Evans, D. G., Instructor in Airplanes in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month (less government salary), beginning April 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (March 16, 1918).

*Faulkner, L. W., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 18, 1918).

*Fazel, C. S., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 18, 1918).

Fikret, H. H., Instructor in Mechanical Engineering, for ten months beginning September 1, 1918, at a salary of one hundred sixty dollars (\$160) a month. (March 16, 1918).

French, R. L., Assistant in the Department of Medicine, from April 1, to August 31, 1918, without salary. (April 11, 1918).

Gaines, W. L., Associate Professor of Milk Production in the College of Agriculture, and Associate Chief in Milk Production in the Agricultural Experiment Station, beginning April 1, 1918 and continuing until September 1, 1918, with salary at the rate of two hundred twenty-five dollars (\$225) a month. (April 24, 1918).

*Gibbs, S. E., Instructor in Engines in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning April 22, 1918, and continuing until further notice. (April 19, 1918).

*Gill, H. L., Instructor in trapshooting in the United States School of Military Aeronautics, salary to be pro rated between the University and the S. M. A., on the basis that forty per cent of his time be given to instruction in the School of Aeronautics, beginning February 1, 1918, and ending June 1, 1918. (May 22, 1918).

*Gleason, F. E., Instructor in Airplanes in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning April 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (March 16, 1918).

*Appointment made by Vice-President Kinley.

*Greison, H. P., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred forty dollars (\$140) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 24, 1918).

Groot, J. T., Assistant in Physiology in the College of Medicine, from April 1, 1918, to July 1, 1918, at a salary of seventy-five dollars (\$75) a month. (March 26, 1918).

*Grossberg, Victor, Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred forty dollars (\$140) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 24, 1918).

*Grosstuck, F. W., Instructor in Engines in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning May 24, 1918, and continuing until further notice. (May 25, 1918).

*Hamilton, T. S., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred forty dollars (\$140) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 24, 1918).

Hatfield, W. D., Instructor in Sanitary Chemistry, from March 15, 1918, to July 1, 1918, at a salary of forty dollars (\$40) a month. (March 29, 1918).

Higgins, J. A., Technical Assistant in Physiology, in the College of Medicine, from April 1, 1918, to July 1, 1918, at a salary of seventy-five dollars (\$75) a month. (March 26, 1918).

Hobart, F. A., Instructor in Machine Shop Practise and Management, from September 1, 1918, to September 1, 1919, at a salary of eighteen hundred dollars (\$1800) a year. (May 27, 1918).

Hoelscher, R. P., Instructor in General Engineering Drawing, from September 1, 1918, to July 1, 1919, at a salary of fifteen hundred dollars (\$1500) a year. (May 10, 1918).

Hoffman, Goldye, Assistant in Gynecology in the College of Medicine, from May 20, 1918, to August 31, 1918, without salary. (May 27, 1918).

*Hopkins, E. C., Instructor in Airplanes in the United States School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month,† beginning March 18, 1918, and continuing until further notice. (March 22, 1918).

*Hurst, Straud E., Clerk in the Office of the Academic Board of the United States School of Military Aeronautics, at a salary of sixty-five dollars (\$65) a month, beginning June 1, 1918, and continuing until further notice; this appointment superseding her previous appointment. (May 22, 1918).

Jones, H. M., Instructor in Pathology and Bacteriology, on one-half

*Appointment made by Vice-President Kinley.

†Reduced by \$30 a month (government pay as enlisted man) beginning May 9, 1918.

time, from March 25, 1918, to October 1, 1918, at a salary of one hundred dollars (\$100) a month. (April 1, 1918).

* Keagy, A. R., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred forty dollars (\$140) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 24, 1918).

*Ketch, J. M., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 18, 1918).

*Knappenberger, J. M., Instructor in Signalling in the United States School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning May 15, 1918, and continuing until further notice. (May 10, 1918).

*Lee, E. S., Head of the department of gunnery in the United States School of Military Aeronautics, beginning May 17, 1918, and continuing until further notice, without change of salary. (May 17, 1918).

*Lukens, W. P., Instructor in Airplanes in the United States School of Military Aeronautics, at a salary of one hundred seventy-five dollars (\$175) a month, beginning April 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (March 16, 1918).

McDaniel, J. S., Assistant Professor of Veterinary Extension, from April 1, 1918, to September 1, 1919, at a salary of two thousand five hundred dollars (\$2500) a year. (March 18, 1918).

*McDougle, Verne, Instructor in Gunnery in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning April 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (March 16, 1918).

MacNaughton, Edgar, Associate in Mechanical Engineering, from September 1, 1918, to September 1, 1919, at a salary of one thousand eight hundred dollars (\$1800) a year. (April 19, 1918).

MacNeill, Daphne H., Secretary in Smith-Lever Extension work, from April 1, 1918, to August 31, 1918, at a salary of one hundred dollars (\$100) a month. (April 13, 1918).

Marberry, J. O., Assistant High-School Visitor, from February 1, 1918, to August 31, 1918, at a salary of two thousand two hundred fifty dollars (\$2250) a year. (March 16, 1918).

Merchant, Donna B., Stenographer in the Department of Education, at a salary of seventy-five dollars (\$75) a month, beginning June 1, 1918, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding her previous appointment. (May 13, 1918).

*Appointment made by Vice-President Kinley.

*Mereen, D. K., Instructor in Gunnery in the United States School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning June 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (May 22, 1918).

Merryman, W. W., Assistant in Physics, for ten months from September 1, 1918, at a salary of one hundred twenty dollars (\$120) a month. (April 25, 1918).

*Motsinger, N. H., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 18, 1918).

*Mounts, W. W., Instructor in Engines in the United States School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning June 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (May 22, 1918).

Omansky, Samuel, Student Assistant in General Engineering Drawing, from April 25, 1918, to June 12, 1918, at a salary of thirty dollars (\$30) a month. (April 30, 1918).

*Powers, J. H., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred forty dollars (\$140) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 24, 1918).

Quandt, Coramae, University Stenographer, Rank III, in the Editorial Division of the Registrar's Office, at a salary of seventy dollars (\$70) a month, beginning May 1, 1918, and continuing until further notice, subject to the rules of the Civil Service Commission. (May 13, 1918).

*Reagan, M. E., Instructor in Gunnery in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125)† a month, beginning April 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (March 16, 1918).

*Reinsch, D. O., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning May 15, 1918, and continuing until further notice. (May 14, 1918).

Renich, Mary, Assistant in Botany, at a salary of ninety dollars (\$90) a month, from April 1, 1918, to June 15, 1918. This appointment supersedes her previous appointment. (March 30, 1918).

Rumry, Florence, Typist in the Department of Pharmacology of the College of Medicine at a salary of forty-five dollars (\$45) a month, beginning January 1, 1918, and continuing until further notice, subject to the rules of the Civil Service Commission; this appointment superseding her previous appointment. (December 10, 1918).

Schleck, H., Technician in Pharmacology in the College of Medicine,

*Appointment made by Vice-President Kinley.

†Reduced by \$30 a month (government pay as enlisted man) beginning May 9, 1918.

at a salary of fifty dollars (\$50) a month, beginning December 1, 1917, and continuing until June 30, 1918. (December 10, 1917).

*Schweickhard, D. M., Instructor in Gunnery in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month, beginning May 1, 1918, and continuing until further notice. (May 2, 1918).

*Shoemaker, F. G., Instructor in the department of Engines in the United States School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning April 22, 1918, and continuing until further notice. (April 19, 1918).

*Siegmond, H. O., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 18, 1918).

*Smart, Howard, Caretaker of the trap-shooting grounds of the United States School of Military Aeronautics, at a salary of seventy dollars (\$70) a month,[†] beginning March 15, 1918, and continuing until further notice. (March 21, 1918).

*Stelter, Clara E., Stenographer in the office of the Commandant of the United States School of Military Aeronautics, at a salary of eighty-three and one-third dollars (\$83.33) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding her previous appointment. (April 20, 1918).

Stevenson, J. A., Lecturer and Secretary in the Department of Education, from April 15, 1918, to September 1, 1918, at a salary of two hundred ten dollars (\$210) a month. (April 25, 1918).

Stolfa, Ladislav, Clinical Assistant in the Department of Pediatrics, in the College of Medicine, from April 1, 1918, to September 1, 1918, without salary. (April 25, 1918).

*Stopp, G. D., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred forty dollars (\$140) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 24, 1918).

*Sweeney, A. F., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred forty dollars (\$140) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 24, 1918).

*Tornquist, A., Mechanic for the United States School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning May 1, 1918, and continuing until further notice. (April 30, 1918).

*Trelease, S. B., Instructor in the United States School of Military Aeronautics, at a salary of one hundred twenty-five dollars (\$125) a month,

*Appointment made by Vice-President Kinley.

[†]Reduced by \$30 a month (government pay as enlisted man) beginning May 9, 1918.

beginning May 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (April 18, 1918).

*Vial, N. S., Instructor in Military Studies in the United States School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning April 22, 1918, and continuing until further notice. (April 18, 1918).

*Wallace, F. M., Clerk in the Office of the Academic Board of the United States School of Military Aeronautics, at a salary of sixty-five dollars (\$65) a month, beginning June 1, 1918, and continuing until further notice. (May 22, 1918).

Warner, Vera, Instructor in Elementary Hospital Work, for a period of twelve weeks beginning March 18, 1918, with salary at the rate of thirty-one and one-fourth dollars (\$31.25) a week. (May 7, 1918).

*Wright, Maude H., Stenographer in the Office of the Commandant of the United States School of Military Aeronautics, at a salary of eighty-three and one-third dollars (\$83.33) a month, beginning May 1, 1918, and continuing until further notice; this appointment superseding her previous appointment. (April 20, 1918).

*Yeager, L. E., Instructor in Military Tactics in the United States School of Military Aeronautics, at a salary of one hundred dollars (\$100) a month, beginning April 29, 1918, and continuing until further notice. (April 24, 1918).

*Yocum, W. K., Instructor in Gunnery in the United States School of Military Aeronautics, at a salary of one hundred fifty dollars (\$150) a month, beginning April 1, 1918, and continuing until further notice; this appointment superseding his previous appointment. (March 16, 1918).

COMPTROLLER'S REPORT

The Secretary presented also for record the report of the Business Office for the quarter ending March 31, 1918.

*Appointment made by Vice-President Kinley.

The Board adjourned.

URBANA, ILLINOIS, July 18, 1918.

I certify that in the foregoing pages, numbered 735 to 808 inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at its meeting held June 1, 1918, as approved by the Board on July 17, 1918.

A handwritten signature in cursive script, appearing to read "H. B. Humphreys", is written over a horizontal dotted line.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
-OF THE-
UNIVERSITY OF ILLINOIS

June 11, 1918

The quarterly meeting of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, in Urbana, at 9 o'clock a. m. on Tuesday, June 11, 1918.

As there was no quorum, the Board took a recess until 2:30 p. m. of the same day.

MEETING OF THE EXECUTIVE COMMITTEE
JUNE 11, 1918

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the Trustees' room, at the University, in Urbana, on Tuesday, June 11, 1918, during the recess in the meeting of the Board on the same day.

Mr. W. L. Abbott, Chairman, and Mr. R. F. Carr, member of the Committee, were present; also Mrs. Busey, Mrs. Evans, Mr. Taggart, and Miss Watson, members of the Board.

President James was present.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Executive Committee considered the following matters submitted by the President of the University:

RETIRING ALLOWANCE FOR PROFESSOR MOSS

(1) A request from Professor Charles Melville Moss for retirement from active service as Professor of the Classics. Professor Moss is 65 years old. He has been Professor of Greek Language and Literature in the Uni-

versity of Illinois since 1891. I recommend that he be retired from active service as of September 1, 1918; given the title of Professor, Emeritus; and granted a retiring allowance of \$1900 a year, which allowance is determined according to the Carnegie formula—one-half the active pay, plus four hundred dollars.

A professor in the emeritus relation is excused from regular duties in the University, tho he may be assigned, with his consent, to do such work as the President of the University may consider desirable. Such a professor is an honorary member of the department of which he was an active member and of the faculty and of the various University bodies in general to which he belonged. He has, however, no vote. He is also given the privilege of using the University museums and other facilities of the University on the usual terms.

On motion of Mr. Carr, this recommendation was approved, and the President of the University was requested to extend to Professor Moss the thanks of the Board for his long and devoted service to the institution.

PROPOSED CONTRACT, U. S. SCHOOL OF MILITARY AERONAUTICS

(2) The proposed contract with the United States Government for the School of Military Aeronautics.

I should like to suggest one minor modification in the provision to the effect (Article IX) that the University would hold the United States free from responsibility to the patentee for the use of any patented articles employed in the work of instruction. I should change this language to "any patented article supplied by the University and employed in the work of instruction" or some similar modification.

Schools Branch

**WAR DEPARTMENT
OFFICE OF THE DIRECTOR OF MILITARY AERONAUTICS
WASHINGTON**

From: Office, Director of Military Aeronautics,
To: Commandant, School of Military Aeronautics, University of
Illinois, Urbana, Illinois.
Subject: Contract for maintenance of a School of Military Aeronautics
for the fiscal year ending June 30, 1919.

1. Attached hereto are five copies of a proposed form of agreement between the United States of America and University of Illinois for

the maintenance of a School of Military Aeronautics for the period commencing July 1, 1918, and ending June 30, 1919.

2. It is requested that you take up the matter of the execution of this contract with the University of Illinois. If the contract in its present form is satisfactory to the University, you are requested to notify this office at once so that specific authority may be given you to execute this contract in behalf of the United States of America. If the contract in its present form is not satisfactory, it is requested that this office be advised immediately of the changes desired by the University of Illinois.

3. There is also enclosed the form of affidavit of disinterestedness required by Section 563 of Army Regulations (1913) to be attached to the copy of the contract for the Returns Office of the Department of the Interior. This affidavit should be executed by you at the time the contract is executed, and should then be forwarded to this office affixed to a copy of said contract as executed.

4. It is desired that all the contracts with Universities for maintenance of ground schools be uniform. For that reason this contract should not be executed until recommendations from the various Universities have been received and acted upon by this office.

By direction of the Director of Military Aeronautics.

Attached

GEO. A. WASHINGTON,
Captain, Signal Corps

5 copies of contract
2 copies of certificate
of disinterestedness.

THESE ARTICLES OF AGREEMENT, entered into this day of June, nineteen hundred and eighteen, between Major Robert E. O'Brien, Signal Corps, United States Army, for and in behalf of the United States of America, party of the first part, and University of Illinois, in the City of Urbana, State of Illinois, party of the second part. WITNESSETH, that the said Major Robert E. O'Brien, Signal Corps, United States Army, for and in behalf of the United States of America, and the said University of Illinois (hereinafter designated as the contractor) do covenant and agree, to and with each other, as follows, viz:

ARTICLE I. The contractor shall provide, properly equip and maintain, at University of Illinois, Urbana, Illinois, a School of Military Aeronautics of sufficient size to enable the adequate ground training thereat of at least four hundred (400) students at a time.

ARTICLE II. The contractor shall provide at the School a sufficient number of competent instructors to give lectures, demonstrations and other instruction in the following subjects: "Military Subjects", "Airplanes", "Engines", "Gunnery", "Observation", "Signalling", and such other subjects as may be designated by the Office of the Director of Military Aeronautics.

ARTICLE III. The contractor shall, during the period commencing July 1, 1918, and ending June 30, 1919, give ground training in the subjects mentioned in Article II to officers and enlisted men of the United States Army,

designated for such training by the Office of the Director of Military Aeronautics, in accordance with such regulations relating to the schedule of training and instruction as may be issued by the Office of the Director of Military Aeronautics from time to time.

ARTICLE IV. That for and in consideration of the faithful performance of the stipulations of this contract, the contractor shall be paid at the office of the contracting officer for all services rendered in conformity with the requirements of this contract, compensation as follows, for each student instructed in behalf of the United States Army: Ten Dollars (\$10.00) per week for each of the first four (4) weeks instruction and Five Dollars (\$5.00) for each additional week of instruction.

For each student found unsatisfactory, or relieved from instruction for any reason before the completion of the course, payment shall be made at the rates above specified, for the number of weeks instruction actually rendered, up to and including the last day of his receiving instruction in said school.

If the expenditures reasonably incurred by the Contractor in carrying out the terms of this agreement shall exceed the compensation earned, the Contractor shall, at the discontinuance of said School, be paid in addition to the compensation earned by said School under this agreement a sum equal to the difference between that amount and any actual expenditures reasonably incurred by the Contractor on behalf of said School over and above said compensation, less the reasonable net value of the Contractor of any improvements or equipment installed for the School. The term "reasonable net value of improvements or equipment" is construed to mean the net value which such improvements or equipment will be to University of Illinois after said School has been discontinued at said University.

In the event that the parties are unable to agree upon what shall constitute expenditures reasonably incurred, or reasonable net value of said above mentioned equipment as stated above, said expenditures or said net value of improvements or equipment to University of Illinois shall be determined by the decision of an arbitration committee appointed for the purpose of so determining these matters. Each of the parties to this agreement shall appoint one member of said arbitration committee and two members so appointed shall agree upon a third member. In so far as the determination of the reasonable expenditures incurred and the net value of said equipment are concerned, the parties hereto further agree to abide by and consider as final, all decisions rendered by any two of the three members of said arbitration committee.

ARTICLE V. The Contractor shall at all times cooperate to the best of his ability with the officer of the United States Army detailed as commandant at the School, and shall endeavor to fulfill the above stipulations in a manner best calculated to coincide with the wishes of the Director of Military Aeronautics.

ARTICLE VI. The contractor shall permit representatives of the United States to be present at the School at any and all times to witness instruction and work; to inspect and examine all equipment, and to pass upon its fit-

ness; and to examine and verify all records, in connection with the services and instructions to be performed under this agreement.

ARTICLE VII. The United States reserves the right to determine the adaptability of students for instruction in ground training, and at any time may withdraw such students as in the judgment of authorized representatives of the Director of Military Aeronautics do not appear to possess the necessary aptitude.

ARTICLE VIII. The contractor assumes responsibility for all damage, loss or destruction of equipment by students during the course of instruction and tests.

ARTICLE IX. The contractor further agrees to hold and save the United States harmless from and against all and every demand, or demands, of any nature or kind for, or on account of, the use of any patented invention, article, or process included in work to be done under this contract.

ARTICLE X. Neither this contract nor any interest herein shall be transferred to any other party or parties, and in case of such transfer, the United States may refuse to carry out this contract either with the transferor or the transferee, but all rights of action for any breach of this contract by said contractor are reserved to the United States.

ARTICLE XI. No member of, or delegate of Congress, nor any person belonging to, or employed in, the military service of the United States, is or shall be admitted to any share or part of this contract, or to any benefit which may arise therefrom. However, if this contract is made with an incorporated Company, this stipulation, so far as it relates to members or delegates of Congress, is not to be construed to extend to this contract.

ARTICLE XII. This contract shall be subject to approval of the Director of Military Aeronautics.

IN WITNESS WHEREOF, the parties aforesaid have hereunto placed their hands the date first hereinbefore written.

WITNESSES:

.....	as to)
.....	as to)	Major, Signal Corps
.....	as to)
.....	as to)
APPROVED		191.....

I, Major Robert E. O'Brien, for the purpose of complying with Paragraph 560 of Army Regulations (1913) do hereby certify that I have satisfied myself of the authority of to bind University of Illinois by signing the foregoing contract, and I do hereby waive the requirement of any evidence of such authority.

.....
Major, Signal Corps

On motion of Mr. Carr, the Comptroller was authorized to sign this contract.

REPORT OF NUMBER OF UNIVERSITY MEN IN SERVICE

(3) A report compiled by Dean Clark showing the number of students and alumni of the University who have entered the service of the Government in connection with the war. It seems very significant to me of the spirit of the institution that of a total of 3992 men in the service, over 3600 are volunteers.

At this point, the Executive Committee adjourned.

H. E. CUNNINGHAM

Clerk

W. L. ABBOTT

Chairman

AFTERNOON SESSION, JUNE 11, 1918

When the Board convened at 2:30 p. m., after the recess, there was no quorum, and a further recess until 4 p. m. on Wednesday, June 12, 1918, was taken.

SESSION OF JUNE 12, 1918

When the Board convened at 4 o'clock p. m. on Wednesday, June 12, 1918, there was no quorum.

Genevieve Maud Stillwell
Adalaide May Wamsley

Pearl Weir
Marion Isabel West

SCHOOL OF MUSIC

The Degree of Bachelor of Music (With Thesis)

Clara Grace Armington
Laura Emily Dole
Velma Burdette Dumas

Adelle Elizabeth McClure
Marie Lindsey McWilliams
Florence Katherine Quinn

COLLEGE OF LAW

The Degree of Bachelor of Laws

George Albert Campbell
*Fritz Harris Fisk

Howard Dickens Kiner
*William Abner Moore, A.B., 1916

LIBRARY SCHOOL

The Degree of Bachelor of Library Science

Mary Grace Barnes, B.S. (*Purdue University*) 1894
Anne Morris Boyd, A.B. (*James Milliken University*) 1906
Edith Elizabeth Hague, A.B. (*University of Kansas*) 1910
Elizabeth Henry, Ph.B. (*University of Chicago*) 1900
Frances Grace Klank, A.B., 1916
Ethel Gyola Kratz, A.B., 1910
Angeline McNeill A.B. (*Lake Forest College*) 1916
Wilma Loy Shelton, A.B., 1914
Robinson Spencer, A.B. (*Wesleyan University*) 1903
Sallie McCormick Vaught, A.B. (*Ohio Wesleyan University*) 1908
Olga Louise Waller, A.B. (*Smith College*) 1914

COLLEGE OF MEDICINE

The Degree of Bachelor of Science (Conferred June 8, 1918, in Chicago)

George Albert Allen	Charles Marshall Davison
Andrew Samuel Arnquist	Harold Francis Diller
Rea Ernest Ashley	Lawrence Francis Draper
Edgar Theron Blair	Robert Edward Dyer
Ladislav V Capek	Edwin Roy Eisler
Paul Sterling Carley	Max Elihu Engerman
Howard William Champlin, A.B.	Walter Rathfon Fischer
Gerald Morris Cline	Hanby Lewis Ford
Carl Cohen	Carson King Gabriel
Maurice Hiam Cottle	Gerald Deland Gernon
John William Craddock	Louis Goldblatt
Woodruff Lynden Crawford	Edward Phillip Gramer

Louis Peter Groos
 Ethel Anna Gwin
 Marshal Daniel Hayes
 Henry Frederick Heller
 Emory G Hyatt
 George Burgess Irvine
 Joseph Jelinek
 John Walter Johnson
 Karl John Kaiser
 Ethel Leona Keckler, A.B.
 Everett Raymond Lambertson
 Joseph La Rocca
 Ruth Leonard, A.B.
 Charles Leo Merrill
 George Stanley Metcalf
 John Lutter
 Myron Herbert Miller
 Raymond Adam McDermott
 Oswell Euan Morin
 William James Noonan
 Albert Eric Olson
 David Elmer Ostler

Harry Arthur Paskind
 Norbert Pauker
 Joe Oliver Peterson
 Andrew Petrass
 Fred Pickoff
 Franklin Leroy Rubright
 Joseph Sponder
 Frederick Homer Starrett
 Jacob H Stillerman
 James Walter Stubbs
 Theodore Thaddeus Stone
 William Benjamin Stromberg
 Harry Arthur Teter
 Ashley Townsend Thomas
 William Earl Turner
 Robert Allyn Walker, A.B.
 Cyrus Lanyon White
 Howard Henry Willis
 Ralph A Woods
 Robert E Wilder
 Harold Alfred Wood
 William Edson Wright

The Degree of Doctor of Medicine

(Conferred June 8, 1918, in Chicago)

Richard Elseph Anderson, B.S.	Julian Barnett Marks
Lyle Leland Brown	Raymond John Mercey, B.S.
Fred Elton Carpenter, B.S.	Thomas Niles Berton Burphy, B.S., A.B.
Carter Neville Colbert	Clara M Ochs, B.S.
Albert Charles D'Vorak, B.S.	Arthur Henry Orcutt, A.B., B.S.
Benjamin Quincy Dysart, B.S.	Chester Henry Perkins, B.S.
James Edward Fetherston, B.S., A.B.	Francis Piaseczynski, B.S.
Harold Emery Hocum	Arthur George Rieke, B.S.
Paul Robert Huber, Ph.G.	George William Schelm, B.S.
Charles Edward Irwin, A.B.	Edna Kathyryne Sexsmith, B.A.
Orion Chester Jones, B.S.	Edward Frank Sladek, B.S.
Albert John Jongewaard, B.S.	Clyde Samuel Thomas, A.B., A.M.
Josephine Kennedy, A.B.	Guy Leon Wagoner, B.S.
George Koptik, B.S.	Louis Francis Waldmann, B.S.
David Lionel Liberman	
Luther Wilbur Loving	

COLLEGE OF DENTISTRY

The Degree of Doctor of Dental Surgery

(Conferred June 8, 1918, in Chicago)

Oscar Achinelly	James Harold Allgeier
Bernard Robert Allen	J Bertram Arneson

Abraham K Bashur	Norman Oscar Hewitt
Stanley Curtis Bell	Alfred John Ketterhagen
Chester Peter Bellan	Oscar R Korsbrek
Austin Telyea Breyer	Lucian Charles Koziczynski
Orville Clinton Briggs	Max Howard Krost
Clyde William Brown	Herman D Lasker
Rowland Hugh Campbell	Willard Carlyle Masters
Gerald Ralph Colline	Clayton James Moore
Burr Raymond Crockett	Chauncey Edwin Motlong
Norris Lee Cunningham	William Dumas Olson
Albert Roland Dippel	Jesse Seth Owen
Arthur Sylvester Drea	Benjamin Giles Pyle
Isaac Harry Droher	George Shannon Reed
Chester Davis Dursema	William Rosenthal
Edwin Oluf Erickson	Edmund Henry Savage
Mac Carlyle Fellows	Myron Julius Senty
Charles Boyd Freeman	Robert Cecil Shaver
Alberto Gaviria, D.D.S.	Charles Leroy Smith
Francis Loyola Gorman, Ph.G.	Paul Alfred Snoeberger

SCHOOL OF PHARMACY

The Degree of Pharmaceutical Chemist

(Conferred June 8, 1918, in Chicago)

*George Matthew Campbell	Hattie Adela Dyniewicz
Josephine Marion Dyniewicz	*Hans Wagner Vahlteich

The Degree of Graduate in Pharmacy

(Conferred June 8, 1918, in Chicago)

Neff Kuyper Bakkers	William Francis Ralph
Edgar Baldwin	Harold Allen Shindler
Christopher Barone	William Charles Spanier
Frederic Alvin Bengston	Russell Myers Stewart
Paul Bronner	Raymond Lee Thompson
Harold Ivan Early	Joseph A Unger
Julius Sylvester Fahrner	Earl Harold Unseth
Anton Harry Florian	George Washington Wood
Wallace Joseph Formhals	*Arnin Robert Wyle
Karl William Frase	Ednah Blanche Anderson (Class of 1917)
*Richard Emmanuel Grenberg	Anton Carl Friedley (Class of 1917)
Arthur Gustav Grosse	William DuBroff (Class of 1916)
Ervin John Haeberle	Cecil McCanse (Class of 1916)
*Leslie Allen House	Reuben August Rylander (Class of 1916)
Alexander Carl Mayerson	Jeanette H Sikucka (Class of 1916)
Pauline McClure	John George Vlazny (Class of 1916)
Hubert Fred Owens	Louis Wischnia (Class of 1915)
Frank Daniel Person	
Victor Humberto Perez	

GRADUATE SCHOOL

The Degree of Master of Arts

In Chemistry

- Rossleene Merle Arnold, A.B. (*Oberlin College*) 1916
 Miner Manly Austin, A.B. (*Lawrence College*) 1916

In Classics

- Grace Green, A.B. (*Illinois Wesleyan University*) 1917
 Mona Pearl Hodnett, A.B. (*Bates College*) 1916
 Henry Wilbur Kamp, A.B., 1917
 Alice Gertrude King, A.B. (*Bates College*) 1916

In Economics

- Ananias Charles Littleton, A.B., 1912 (Business Organization and
 Operation)
 Paul Harwood Millar, A.B. (*Hendrix College*) 1914, B.S. (*University of
 Arkansas*) 1917
 Alva LeRoy Prickett, A.B., 1913
 Saichiro Takashima, A.B., A.M. (*Tokyo Higher Commercial School*) 1909,
 1911

In Education

- Florence Elsie Boehmer, A.B. (*Drury College*) 1912
 Leland George Osborn, B.S. (*Shurtleff College*) 1912, A.B., 1914

In English

- Hazel Elizabeth Brown, B.S. (*Coe College*) 1915
 Dorothy Etta Bundy, A.B. (*University of Wisconsin*) 1915
 Hazel Katherine Houck, A.B. (*Illinois Woman's College*) 1917
 Adele Masten, A.B. (*University of Wisconsin*) 1915
 Martha Lucile Meloy, A.B. (*Monmouth College*) 1917
 Lena Josephine Myers, A.B., 1913
 Mary Honora Pendergast, A.B., 1917
 Ora Mary Theobald, A.B. (*Illinois Woman's College*) 1917
 William Chilton Troutman, A.B., 1917
 Thomas Carlton Upham, B.S. (*Massachusetts Agricultural College*) 1916

In German

- Amy Adaline Beach, A.B., 1914
 Edith Marie Emerson, A.B. (*Illinois College*) 1917
 Helen Irene Hanna, A.B. (*Central College*) 1916
 Jennie Alma Whitten, A.B., 1917

In History

- Viola Brooks, A.B., 1917
 Dee Dorsey, A.B. (*Hedding College*) 1917
 Margaret Scudder Haley, A.B. (*Knox College*) 1917
 Lane W. Lancaster, A.B. (*Ohio Wesleyan University*) 1915
 Jennie McElwain, B.S. (*Hedding College*) 1915
 Mary Hazel Snuff, A.B. (*Northwestern College*) 1917

Tsch Ling Tsu, A.B. (*University of Nanking*) 1914

*Fremont Philip Wirth, A.B., 1917

In Household Science

Zilpha Curtis Battey, A.B., 1917

In Physics

Ching Lee Hsun, A.B., 1917

In Political Science

Edwin Anders, A.B., 1905

Hung Lieh Chang, A.B. (*Baldwin-Wallace College*) 1916, AB., 1917

In Romance Languages

Leora Almita Fitz-Gerald, A.B., 1916

Manuel Leon Lopez, A.B. (*Ohio Wesleyan University*) 1916

In Sociology

Chester Clyde Harrison, A.B. (*University of Michigan*) 1914

J Orin Powers, A.B., 1917

In Zoology

Gertrude Mellen Hooper, A.B. (*Jackson College*) 1915

Lester Carlton VerNooy, A.B. (*Amherst College*) 1916

The Degree of Master of Science

In Agronomy

*Roy Hansen, B.S., 1914

Winfield Scott, B.S., 1916

In Animal Husbandry

Pau Sien Chung, B.S. (*Iowa State College*) 1917

Gilbert Gusler, B.S. (*Ohio State University*) 1912

Claude Ligonier Harper, B.S. (*Purdue University*) 1914

In Botany

Richard Alonzo Gantz, A.B. (*University of Michigan*) 1912

In Chemistry

Harry James Beattie, A.B., A.M. (*University of Denver*) 1914, 1915

Madeleine Bixby, B.S. (*Tufts College*) 1916

Russell Starkey Bracewell, A.B. (*University of Kansas*) 1916

*Max Shaw Dunn, A.B. (*Simpson College*) 1916

Henry Charles Eckstein, A.B., 1915

*Arthur Blaine Haw, B.S. (*Harvard University*) 1913

Jin Jee Hsun, B.S., 1917

Otto Mitchell Smith, B.S. (*Drury College*) 1907

Lynne Herman Ulich, B.S. (*Grinnell College*) 1914

In Civil Engineering

Yi Liu, Associate (*Tangshan Engineering College*) 1916

Yang Feng Tseng, B.S. (*Pei Yang University*) 1911

In Entomology

*Fenner Satterthwaite Stickney, B.S. (*University of California*) 1916

In Household Science

Mildred Gail Wright, B.S. (*Milwaukee-Downer College*) 1917

In Mathematics

Florence Long, B.S. (*Earlham College*) 1913

Clarence Hudson Richardson, B.S. (*University of Kentucky*) 1913

In Mechanical Engineering

Harry Frederick Godeke, B.S., 1905

In Pathology and Bacteriology (Medicine)

Harry Culver, B.S. (*University of Wisconsin*) 1910

In Physics

Carl Eli Pike, B.S. (*Cornell College*) 1916

In Zoology

*Jesse Roy Christie, B.S. (*Kentucky State University*) 1914

Bertha Langwill, B.S. (*Rockford College*) 1916

Henry Edward Schradieck, B.S. (*Cornell University*) 1916

The Professional Degree in Engineering*The Degree of Master of Architecture*

Rexford Newcomb, B.S., 1911, A.M. (*University of Southern California*) 1915

The Degree of Architectural Engineer

Leslie Abram Waterbury, B.S. in C. E., 1902, C.E., 1905, B.S. in A. E., 1915

The Degree of Civil Engineer

Albert Stevens Fry, B.S., 1913

Paul Kircher, A.B., B.S., 1911, 1912

The Degree of Electrical Engineer

Alban Whitford Mann, B.S., 1911

The Degree of Doctor of Philosophy*In Botany*

Walter Spurgeon Beach, B.S. (*University of Minnesota*) 1914, M.S. (*Michigan Agricultural College*) 1915

Forrest Ellwood Kempton, B.S. (*Earlham College*) 1906, M.S. (*University of Wisconsin*) 1913

William Eugene Pickler, A.B. (*Wabash College*) 1914

In Chemistry

Joseph Marvin Braham, B.S. (*University of Idaho*) 1914, M.S., 1915

Ernest Edward Charlton, A.B. (*Grinnell College*) 1913, M.S., 1915

Jay Thomas Ford, A.B. (*DePaul University*) 1914, M.S., 1916

William Durrell Hatfield, B.S. (*Illinois College*) 1914, M.S., 1916

John Frederick Gross Hicks, B.S. (*University of Pennsylvania*) 1906, M.S., 1916

Ruth Eliza Okey, B.S. (*Monmouth College*) 1914, M.S., 1915

Albert Waffle Owens, B.S. (*Bucknell University*) 1909

Alfred Richard Powell, B.S. (*University of Kansas*) 1914, A.M. (*University of Nebraska*) 1915

Edwin Arthur Rees, A.B., A.M. (*University of Denver*) 1913, 1914
 Floyd Elba Rowland, B.S. (*Oregon Agricultural College*) 1907, A.B., A.M.,
 1914, 1915

Ernest Henry Vollweiler, A.B. (*Miami University*) 1914, A.M., 1916
 Terrance Onas Westhafer, A.B. (*University of Oklahoma*) 1914, M.S., 1916

In Economics

Clare Elmer Griffin, A.B. (*Albion College*) 1914, A.M., 1915
 William Henry Dreesen, A.B. (*Greenville College*) 1907, A.M., 1916
 George Hillis Newlove, Ph.B. (*Hamline University*) 1914, A.M. (*University
 of Minnesota*) 1915

In Education

John Alford Stevenson, A.B. (*Ewing College*) 1908, A.M. (*University of
 Wisconsin*) 1912

In English

Easley Stephen Jones, A.B., A.M. (*University of Colorado*) 1907, 1909,
 A.M. (*Harvard University*) 1913
 Albert Keiser, A.B. (*Wartburg College*) 1911, A.M. (*University of Mon-
 tana*) 1915
 Emerson Grant Sutcliffe, A.B. (*Harvard University*) 1911, A.M., 1914
 Robert Calvin Whitford, A.B. (*College of the City of New York*) 1912,
 A.M. (*Columbia University*) 1913

In History

Franklin Charles Palm, A.B. (*Oberlin College*) 1914, A.M., 1915

In Mathematics

Raymond Franklin Borden, Ph.B., A.M. (*Brown University*) 1914, 1915
 Hobart Dickinson Frary, M.E., M.S. (*University of Minnesota*) 1908, 1909
 Merlin Grant Smith, A.B. (*Greenville College*) 1915, A.M., 1916

In Physics

Sebastian Karrer, A.B., A.M. (*University of Washington*) 1911, 1913
 Earle Horace Warner, A.B. (*University of Denver*) 1912, A.M., 1914

In Romance Languages

John Raymond Shulters, A.B., A.M., 1910, 1911

In Zoology

Minna Ernestine Jewell, A.B. (*Colorado College*) 1914, A.M., 1915
 James Ernest Kindred, A.B. (*Tufts College*) 1914, A.M., 1915
 Edwin Booth Powers, A.B. (*Trinity University*) 1906, M.S. (*University of
 Chicago*) 1913

CANDIDATES AS OF EARLIER CLASSES

The Degree of Bachelor of Letters

Edgar James Wiley, as of the Class of 1873

The Degree of Bachelor of Science

James Needham, as of the Class of 1893

DEGREES CONFERRED FEBRUARY 16, 1918*

*For lists of degrees conferred August 10, 1917, and October 20, 1917, see minutes, pages 539 and 603. All graduates rank as of the calendar year in which their degrees were granted. A complete list for each calendar year is published in the Annual Register.

COLLEGE OF LIBERAL ARTS AND SCIENCES**The Degree of Bachelor of Arts***In the General Course*

Mary Delight Craigmile	Newman Romero
Benjamin Samuel Harrison	Blanche Belle Swigert
Vashti McCreary	Maurice Veronda

The Degree of Bachelor of Science*In Chemical Engineering*

Roscoe Harlow Gerke	Norman William Krase
	Elmer Bennett Vliet

COLLEGE OF COMMERCE**The Degree of Bachelor of Science**

Tao Nan Lee

COLLEGE OF AGRICULTURE**The Degree of Bachelor of Science***In the General Course*

Roy B Anderson	Herbert Stassen Hinrichs
Juan Ortiz Chioco	Fred William Leggitt
Dale Clair Corzine	Wilson Thomas McGrath
Arthur Ogan Crosiar	Elmer Theodore Rundquist
Major Cuskaden	Willis Francis Slayton
Arthur Henry Frick	Raymond Burns Woodrow
Archie Harrison Hart	

In Household Science

Helen Elizabeth Shriver

In Landscape Gardening

Annette Hoyt Flanders

COLLEGE OF LAW**The Degree of Bachelor of Laws**

Victor Hubert Grossberg

LIBRARY SCHOOL**The Degree of Bachelor of Library Science**

Vivian Beraldine Colegrove, A.B., 1908

SCHOOL OF PHARMACY

The Degree of Graduate in Pharmacy

Elias Grant Guild (Class of 1917)

Donald Fletcher Simmons (Class of 1917)

GRADUATE SCHOOL

The Degree of Master of Arts*In Education*Warren Kenneth Layton, A.B. (*Northwestern University*) 1911*In Political Science*

Queh King Chen, A.B., 1917

*In Romance Languages*Jane Frances Marten, A.B. (*Oxford College*) 1916*In Zoology*Asa Orrin Weese, A.B. (*University of Minnesota*) 1909**The Degree of Master of Science***In Architecture*Ralph Stanlee Fanning, B.Arch. (*Cornell University*) 1912*In Chemistry*Lloyd Brelsford Howell, A.B. (*Wabash College*) 1909*In Geology*

Harold Fordyce Crooks, A.B., 1916

HONORS

The Secretary reported also for record that the following honors have been awarded by the University for excellence in scholarship:

THE DEGREE OF A. B. WITH HONORS**IN THE COLLEGE OF LIBERAL ARTS AND SCIENCES**

Theodore Henry Frison, Entomology Catherine Needham, in English

Helen Anastasia McGinnis, in Botany Ernest Jesse Wilkins, in Mathematics

Helen Jackson Williams, in Mathematics

SPECIAL HONORS**IN THE COLLEGE OF LIBERAL ARTS AND SCIENCES***In Chemistry*

Ernest William Guernsey

Walter Fred Straub

Harry Stirling Snell

Frank Wayne Valentine

In Chemical Engineering

Benjamin Emanuel Cohn

Norman William Krase

Karl Ludwig Dern

Albert Otto Matthews

Roscoe Harlow Gerke

Elmer Bennett Vliet

IN THE COLLEGE OF ENGINEERING

Jacob Howard Euston

IN THE COLLEGE OF AGRICULTURE

In Agriculture

George Edward Kirchner Fager Earl Jerome Grimes

FINAL HONORS

IN THE COLLEGE OF LIBERAL ARTS AND SCIENCES

Ernest William Guernsey Walter Fred Straub
 Norman William Krase Frank Wyne Valentine
 Elmer Bennett Vliet

IN THE COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION

Robert Alfred Bryant Francelia Plumly Sargent
 William Lee Klink Frank Spain Shy
 Merlyn Ruloffe Whitney

IN THE COLLEGE OF AGRICULTURE

Elmer Ellsworth Brown Donald Richards Mitchell
 George Edward Kirchner Fager Arthur Beckman Robertson
 John Zimmerly Frazier Frank Sailer
 Earl Jerome Grimes Gertrude Elizabeth Sawyer
 Herbert Stassen Hinricks Nathaniel Smith Vial
 John Lamb, Jr. Mildred Winifred Wright

AMERICAN INSTITUTE OF ARCHITECTS MEDAL

Ernest L Stouffer

THE FRANCIS JOHN PLYM PRIZE FOR ARCHITECTURAL
ENGINEERS

Donald Dana Grover

THE SCARAB COMPETITION IN ARCHITECTURE

Brent Girdler Webb

THE B'NAI B'RITH PRIZE

Abraham Shapiro

THE PHI BETA KAPPA PRIZE

Catherine Needham

THE ST. PATRICK'S DAY PRIZE

Not Awarded

THE THACHER HOWLAND GUILD MEMORIAL PRIZE

Dorothy Huntington Hill

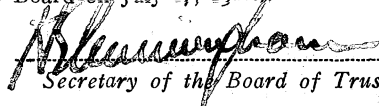

CONFERENCE MEDAL FOR EXCELLENCE IN SCHOLARSHIP
AND ATHLETICS FOR THE YEAR 1918

John Leo Klein

The Board adjourned.

URBANA, ILLINOIS, July 18, 1918.

I certify that in the foregoing pages, numbered 809 to 832 inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois and of the Executive Committee at the meetings held on June 11-12, 1918, as approved by the Board on July 17, 1918.

 Secretary of the Board of Trustees

INDEX

- Abbot, H. G.**, degree, 821
Abbott, W. L.
 authorized to delegate signature, 64
 elected President of Board, 246, 721
 warrants and vouchers, authority to sign, 722
Abrams, Ella, degree 352
Accidents to employees, 531
Accountancy Board, appointment of A. T. Bacon, 332
 appointment of R. O. Berger, 502
Accountancy, Committee on report, 183
Accountancy examinations divided, 657
Achinelly, O., degree, 824
Ackerson, Esther M., degree, 352
Ackert, Alice N., degree, 822
Adams, A. M., degree, 358
Adams, Leota V., degree, 817
Adams, Roger
 appointment, 159, 278, 473
 leave of absence, 718
 manufacture of chemicals, 502, 717-718
 salary of, 718
Adams, W. D., degree, 819
Adkins, W. S., appointment, 191, 524
Adler, Leon, appointment, 159
 degree, 353
 honors, 371
Administration, Board of, analytical work for, 125
Administration Building
 projected appropriation for, 100
 state architects' bill, 283
Administrative Code, State, 195
Administrative offices
 budget, 12
 expense, 455
Admission, requirements for
 business subjects, 235
 Dentistry, 136
 high-school students who enlist, 659
 time requirements, 244
A. D. T. fire protection, service in Chicago buildings, 123, 171
Advanced courses, reduction opposed, 407
Adviser to foreign students
 expense, 12
 salary, 25
Advisory board, Ceramic Engineering, 614
Aeronautics, School of
 addition to, 646
 barracks, 611, 741
 cadet school, 335
 contract for barracks, 542
 contract, 378, 507, 810
 expenditures, 553
 Great Lakes, seaplane tent, 413
 increased attendance, 543
 Jr. training camp, 297
 lease of Bradley Hall, 668
 report, 640, 726-728
 report of mess, 736
 request for addition to, 719
 training school, 283
 Union building, lease, 743
 Woman's building desired, 719
 Woman's residence assigned, 500
 Y. M. C. A. building, lease, 751, barracks, 641, use of, 402, 723
Agdesteen, O. T., degree, 363
Agg, Sarah, degree, 360
 final honors, 372
Agneu, Beulah I., degree, 351
 honors, 371
Agricultural Experiment Station
 expense, 17
 gift of land, 202
 salaries, 46, 458
Agricultural extension
 expense, 19, 54
 salaries, 54, 460, 489
Agricultural funds, transfer, 536
Agricultural plant, projected appropriation for, 100
Agriculture, College and Station
 expense, 17, 171
 income, 15, 458
 salaries, 46, 458, 488
Agriculture, Committee on, Mr. Hoit, appointed
 Chairman, 206
Agriculture, Cooperative work, 204
 abrogation of, 172
Agriculture, scholarships in; rule, 64, 132
Agronomy barn, 754
Agronomy, department of
 expense, 18, 460
 salaries, 46, 460, 489
Ainsworth, Madalene Z., degree, 816
Aishton, R. H., appointment, 60
Akers, Miriam C., degree, 364
Albauch, Kathryn R., degree, 817
Albaugh, H. L., degree, 354
Albee, C. L., degree, 821
Alexander, David, appointment, 119
Allen, B. R., degree, 824
Allen, G. A., degree, 823
Allen, Hazel, appointment, 57
Allen, I. M., appointment, 337
Allen, James, appointment, 672
Allen, Josephine, appointment, 114
Allen, L., appointment, 37
Allen, Lucy E., degree, 360
Allen, O. W., fellowship, 285
Allen, P. W., 493, appointment, 51, 277
 title changed, 123
Alley, W. E., 485, appointment, 43
Allgeier, J. H., degree, 824
Allhands, C. L., degree, 358
Allison, D. M., appointment, 561
